

DESCRIPTIVE MEMOIR OF MALAIYANKULAM OF THE NANGUNERI TALUQ.

Situation. This village, is situated seven miles north-east of Nanguneri.

Area. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 160 acres; by Settlement it is 257 acres; not increase by Settlement 97 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

Demarcation. This village, as now formed by Settlement, contains one Kandam or sub-division and 50 survey fields. The demarcation marks erected and standing are:—

Boundary stones.	Offsets.	Stones at corners of fields.
19	22	159

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

Census. The Statistics of the village, as ascertained by the Census of 1871, Statistics are as under:—

Houses.	Bazaars.	Population.	Land Pattahs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
53	...	227	...	1	3	2	82	1,209

irrigation. This village is irrigated by a rain fed tank. The situation and irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

Name.	Area.		Assessment.			
	Acres.	Cents.	Rs.	As.		
Malaiyankulam rain-fed tank...	20	93	94	4		

Kadi Maranai. The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of broaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

Crops. The acreage of the crops cultivated in Fasil 1285, as per Curran's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in acres.
Rice, 1st crop...	Irrigated.	10
Cotton ...	Dry.	2
Palms ...		10
Sami ...		45
Varagu ...		5
Cholam ...		3
Raggy ...		7
Chillies ...		2
Total...		72
Grand Total...		83

Settlement. The area under Malaiyankulam rain-fed tank is assessed in Class VI. The lands supplied by Government wells are assessed in Class III dry. The other dry lands are all assessed in Class IX.

The following table exhibits the revised assessment of the village. No lands have been compounded as permanent double crop.

Description of land.	Block.	Irrigated.						Dry.					
		Area.		Amount.		Rate per acre.		Area.		Amount.		Rate per acre.	
		Acres.	Cents.	Rs.	As.	Ba.	As.	Acres.	Cents.	Ba.	As.	Rs.	As.
		...	...	...	...	...	...	...	...	...	...	...	...
Ordinary red loam ...	VI.	20	93	94	4	4	8	...	...	...	...	...	...
Garden ...	...	...	...	...	...	...	...	III	2	32	15	14	2 8
Worst red sand ...	...	...	...	...	...	...	...	IX	114	30	23	12	0 4
Total...	...	20	93	94	4	...	...	122	32	47	10	...	...

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 188. By Settlement it is Rs. 142; total reduction Rupees 41. The former wet land assessment was calculated on the village average (Mottasarsari) which was Rupees 8-6-10 an acre for a single crop (Peshanam) and Rupees 4-10-0 an acre for a second crop (Kar.) The former commutation rate was Rupees 2-14-8 per grain cottah of five bushels for both Peshanam and Kar paddy.

The dry lands were held at three annas and three pies an acre.

Palayras. 1,642 trees paid an assessment of Rupees 25 in Fasil 1285. These were classed as under:—

Class.	Number.	Rate.		Amount in Rupees.
		Annas.	Pies.	
Paruvani ...	215	...	10	11
Katta ...	275	...	5	7
Oleivetti ...	1,152	...	1	8
Total...	1,642	...	...	25

Besides these, there are 527 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rupees 18-12-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for

Paruvaru, six pice each for Kattu and Kai, and three pice each for Oleivetin. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattabis.

Pasturage. No lands have been specially set aside for this purpose; the cattle are fed on the pattah lands and Government waste.

Building Site. Is sufficient for present requirements.

No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.
