

DESCRIPTIVE MEMOIR OF PALANKULAM OF THE
NANGUNERI TALUQ.

Situation. THIS village, the second under, the irrigation of the Sivalaperian channel, is situated nine miles north-west of Nanguneri.

Area. The areas given below have been merged in this village by Settlement.

No.	Name of Village.	Portion merged.	AREA.		Remarks.
			Acres.	Cents.	
1	Palankulam	All.	156	31	Fragments of villages interspersed in the fields of Palankulam.
2	Sivalaperi	Part.	19	43	
3	Tamraikulam	Part.	1	19	
	Total...	...	176	93	

The area prior to Settlement was, omitting fractions 177 acres; by Settlement it is, 297 acres; net increase by Settlement 30 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke, or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

Demarcation. This village, as now formed by Settlement, contains one Kandam or sub-division and 78 survey fields. The demarcation marks erected and standing are:—

Boundary stones.	Offsets.	Stones at corners of fields.
27	68	188

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

Census. The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazaars.	Population.	Land Pattahs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
202	3	911	3	6	10	5	200	130

Irrigation. The small extent of Government wet land in this village is irrigated by baling from the Sivalaperian channel, the rest of the wet lands being inam irrigated by a tank supplied by the Retaiyariyikal a jungle stream. The situation and irrigation are both fair. This village has accordingly been placed in the second group.

The revised area and assessment under each source of irrigation are as follows:—

Name.	Area.		Assessment.	
	Acrea.	Cents.	Rs.	As.
Sivalaperian channel	...	12	...	13

Crops. The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in acres.
Gingely oil seed	Dry.	3
Vegetables	...	1
Total...	...	4

Settlement. This village is mostly inam. The Government land consists of a small extent supplied by baling and is assessed at half the rate assigned to Class III. The lands supplied by Government wells are assessed in Class III dry. The dry lands are assessed in Class IX.

The following table exhibits the revised assessment of the village. No lands have been compounded for as permanent double crop.

Description of land.	Block.	IRRIGATED.				Dry.			
		Area.	Amount.	Rate per acre.	Rs. A. Rs. A.	Area.	Amount.	Rate per acre.	Rs. A. Rs. A.
Baling	...	12	...	...	...	...	...	...	...
Garden	...	...	...	...	...	III	2 67	6 11	2 8
Worst red sand	...	...	...	...	...	IX	21 6	5 5	0 4
Total	...	12	...	...	...	23 73	12	...	...

Deducting fixed remissions only, the net average of the land assessment for the five past years is Rupees 7; by Settlement it is Rupees 13; total increase Rupees 6.

The former dry lands were held at five annas two pice an acre.

Palmyras. 65 trees paid an assessment of Rupees 3 in Fasli 1285.

These were classed as under:—

Ches.	Number.	Rate.		Amount in Rupees.
		Anna.	Pice.	
Paruvam	57	0	10	2
Kattu	22	0	5	1
Oleivettu	6	0	1	...
Total...	65	...	...	3

Besides these, there are 325 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands owned by the land-holders has now been fixed at Rupees 2-8-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvam, six pice each for Kattu and Kai, and three pice each for Oleivettu. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.
