No. 28.

DESCRIPTIVE MEMOIR OF PANAIYANKULAM OF THE NANGUNERI TALUQ.

Situation. This village, the fourteenth under the irrigation of the Nambirattikal channel is situated nine miles north-east of Nanguneri.

Area. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 479 acres; by Settlement it is 475 acres; net decrease by Settlement 4 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

Demarcation. This village, as now formed by Settlement, contains two Kandams or sub-divisions and 100 Survey fields. The demarcation marks erected and standing are:—

Boundary stones.	Offsets.	Stones at corners of fields.
18	37	289

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

Census. The Statistics of the village as ascertained by the Census of 1871, Statistics are as under:—

Houses.	Bazaars.	Population.	Land Pattabs as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
76	1	388	1	1	1	...	109	1,488

Irrigation. This village is irrigated by a tank supplied by the Nambirattikal channel from the seventh anicut on the Pachiyar river. The situation and irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

Name.	Area.		Assessment.	
	Acres.	Cents.	Rs.	As.
Panaiyankulam channel-fed tank	51	13	306	15

Kudi Meramat. The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

Crops. The acreage of the crops cultivated in Fasil 1285, as per Curnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in acres.
Rice, 1st crop	Irrigated.	44
Cotton	Dry.	32
Pulses	...	3
Sami	...	55
Total	...	91
Grand Total	...	135

Settlement. The entire irrigated area under Panaiyankulam is assessed in Class V. The dry lands are all assessed in Class IX.

The following table exhibits the revised assessment of the village. No lands have been compounded for as permanent double crop.

Description of land.	Block.	Irrigated.						Dry.					
		Area.		Amount.		Rate per acre.		Area.		Amount.		Rate per acre.	
		Class.	Acres.	Cents.	Rs.	As.	Rs.	As.	Class.	Acres.	Cents.	Rs.	As.
Good red loam	V	51	13	306	15	6	...	...	...	...	...	...	...
Worst black sand	...	...	...	...	...	...	...	...	IX	142	31	35	7
Worst red sand	...	...	...	...	...	...	...	...	IX	38	12	9	8
Total	...	51	13	306	15	...	...	...	IX	180	33	44	15

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 372; by Settlement it is Rupees 352; Total reduction Rupees 20. The former wet land assessment was calculated on the village average (Mottasarasari) which was Rupees 7-8-0 an acre for a single crop (Peshanam), and Rupees 3-11-5 an acre for a second crop (Kar.) The former commutation rate was Rupees 2-14-3 per grain cottah of five bushels for both Peshanam and Kar paddy.

The dry lands were held at rates varying from three annas three pice to five annas four pice an acre subject to a remission of rates varying from one anna four pice to two annas two pice an acre as Varaiyayant.

Palmyras. 1,772 trees paid an assessment of Rupees 42 in Fasil 1285.

These were classed as under:—

Class.	Number.	Rate.		Amount in Rupees.
		Annas.	Pice.	
Paruvam	345	0	10	21
Kattu	576	0	5	12
Oleivetta	798	0	1	6
Total	1,772	...	...	42

Besides these, there are 1,883 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders has now been fixed at Rupees 14-15-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvam, six pice each for Kattu and Kai, and three pice each for Oleivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

Samedayam Sub-Division. 182 acres of land and 1,790 palmyras held in common, have been divided.

Pasturage. No. 6, 91 E, 95 B, 97 A C and 98 B have been set aside for this purpose.

Building site. Is sufficient for present requirements.

No patta will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

IRAMS. The Varariayat deduction amounting to Rupees 19-14-9 has been resumed.

The following lands are held tax free :—

No.	Name of Inamdar.	Wet or dry.	Single or double crop.	Acre.	Amount of Quit-rent.	Second crop assessment compounded for a Settlement.		Total.		Remarks.
						Rs. A. P.		Rs. A. P.
