

No. 173

DESCRIPTIVE MEMOIR OF RETTAKULAM OF THE  
NANGUNERI TALUK

SITUATION. This village is situated ten miles east of Nanguneri.

AREA. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 907 acres; by Settlement it is 882 acres; net decrease by Settlement 25 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARCATION. This village, as now formed by Settlement, contains 8 Kandams or sub-divisions and 123 Survey fields.

The demarcation marks erected are:—

| Boundary signs. | Of sets. | Scenes at corners of fields. |
|-----------------|----------|------------------------------|
| 21              | 51       | 246                          |

The village officers are now responsible for their up-keep.

CENSUS STATISTICS.

The Statistics of the village, as ascertained by the Census of 1871, are as under:—

| Houses. | Bazar. | Population. | Land Parabs as per Settlement. |        | Wells. |      | Cattle. | Sheep. |
|---------|--------|-------------|--------------------------------|--------|--------|------|---------|--------|
|         |        |             | Single.                        | Joint. | Old.   | New. |         |        |
| 55      | 1      | 260         | 3                              | 1      | ...    | ...  | 55      | ...    |

**REMARKS.** This village is irrigated by two rain-fed tanks. The situation of the tanks and the mode of irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

| Name.                          | AREA.  |        | ASSESSMENT. |     |
|--------------------------------|--------|--------|-------------|-----|
|                                | Acrea. | Cents. | Rs.         | As. |
| Relakulam rain-fed tank ... .. | 28     | 7      | 160         | 9   |
| Somanadiperalam do ... ..      | 12     | 55     | 56          | 7   |
| Total ... ..                   | 40     | 62     | 217         | ... |

**REMARKS.** The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

**REMARKS.** The acreage of the crops cultivated in Fasli 1285, as per Curnam's accounts, is as under:—

| Name of crop.         | Irrigated or dry. | Area in acres. |
|-----------------------|-------------------|----------------|
| Rice, 1st crop ... .. | Irrigated.        | 80             |
| 2nd do ... ..         |                   | 6              |
| Raggy ... ..          |                   | 2              |
| Total ... ..          |                   | 32             |
| Cotton ... ..         | Dry.              | 26             |
| Pulses ... ..         |                   | 59             |
| Sahi ... ..           |                   | 54             |
| Varagu ... ..         |                   | 1              |
| Total ... ..          |                   | 140            |
| Grand Total ... ..    |                   | 172            |

**REMARKS.** The area under Sankanankulam, a rain-fed tank, is assessed in Class VI. The dry lands are all assessed in Class IX.

The following table exhibits the revised assessment of the village:—

| Description of land.        | Block. | Class. | Irrigated. |        |         |     | Dry.   |        |         |     |
|-----------------------------|--------|--------|------------|--------|---------|-----|--------|--------|---------|-----|
|                             |        |        | Area.      |        | Amount. |     | Area.  |        | Amount. |     |
|                             |        |        | Acrea.     | Cents. | Rs.     | As. | Acrea. | Cents. | Rs.     | As. |
| Rain-fed single crop ... .. | VI     | 41     | 59         | 187    | 11      | 4   | 3      | ...    | ...     | ... |
| Worst red sand ... ..       | ...    | ...    | ...        | ...    | ...     | ... | IX     | 272    | 19      | 63  |
| Total ... ..                | ...    | 41     | 69         | 187    | 11      | ... | 272    | 19     | 63      | ... |

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 399; by Settlement it is Rupees 355; total reduction Rupees 44. The former wet land assessment was calculated on the village average (Mottasarasari) which was Rupees 7-3-0 an acre for a second crop (Kari). The former (Peshanani) and Rupees 3-10-0 an acre for a second crop (Kari). The former commutation rate was Rupees 2-11-7 per grain, cotton of five bushels for both Peshanani and Kari paddy. The dry lands were held at three annas three pie an acre.

**PALMTREES.** 3,198 trees paid an assessment of Rupees 67 in Fasli 1285.

These were classed as under:—

| Class.          | Number. | Rate.  |       | Amount in Rupees. |
|-----------------|---------|--------|-------|-------------------|
|                 |         | Annas. | Pies. |                   |
| Parvathi ... .. | 637     | 0      | 15    | 31                |
| Katti ... ..    | 810     | 0      | 5     | 22                |
| Chavetta ... .. | 1,651   | 0      | 1     | 11                |
| Total ... ..    | 3,198   | ...    | ...   | 67                |

Besides these, there are 4,177 growing seedlings that have hitherto paid no assessment. The charge for palmtrees growing on patch lands and owned by the land-holders, has now been fixed at Rupees 75-5-0 per annum. The remaining trees on patch lands owned by others than the land-holders, as well as all trees on Government waste, &c., are no chargeable at one anna each for

Paruvam, six pice each for Kattu and Kai, and three pice each for Oliva. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree patahs.

**PALMYRAM SUBDIVISION.** 498 acres of land and 821 palmyras are still held in common, the parties concerned being unable to agree to division.

**PASTURAGE.** No lands have been specially set aside for this purpose; the cattle are fed on the patah lands and Government waste.

**BUILDING SITE.** Is sufficient for present requirements.

No patah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

The following lands are held tax-free or on favorable terms:—

| No.   | Name of Inamdar.                             | Wet or dry | Single or double crop. | Area. |        | Amount of quit-rent. |       | Total. |       | Remarks.                                           |
