No. 177

DESCRIPTIVE MEMOIR OF SADAIYANERI OF THE
NANGUNERI TALUQ.

SITUATION. This village, is situated ten miles east of Nanguneri.

AREA. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 876 acres; by Settlement it is, 859 acres; net decrease by Settlement 17 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or of in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARICATION. This village, as now formed by Settlement, contains 3 Kandams or sub-divisions and 177 survey fields.

The demarcation marks erected are :—

Boundary stones.	Offsets.	Stones at corners of fields.
21	55	254

The village officers are now responsible for their up-keep.

CENSUS STATISTICS. The Statistics of the village, as ascertained by the Census of 1871, are as under :—

THE RYOTS have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

CR 078. The acreage of the crops cultivated in Fash 1235, as per Curnam's accounts, is as under:—

Deducting fire remissions only, the net average of the land assessment for the past five years is Rupees 841; by Settlement it is Rupees 298; total reduction Rupees 543. The former wet land assessment was calculated on the village average (Muttasassari) which was Rupees 7-4-0 an acre for a single crop (Peshnam) and Rupees 3-10-0 an acre for a double crop (Kar). The former commutation rate was Rupees 2-14-7 per grain outath of five bushels for both Peshnam and Kar paddy.

The dry lands were held at three - as three acres or more.

2,000 trees paid an assessment of Rupees 70 in Fasli 1285.

These were classed as under:—

Class.	Number.	Rate.		Amount Rupees
		Annas.	Pes.	
Paruvam 	654	...	10	33
Kattu 	962	...	5	26
Olavottu 	1,109	...	1	5
Total	3,023	...	...	70

Besides these, there are 4,226 growing seedlings that have hitherto paid no assessment. The charge for palayags growing on patash lands and owned by assessment, has now been fixed at Pupos 88-7-0 per annum. The remainder land-holders, who now have fixed at Patash lands and owned by all other trees on patash lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for trees in Kaitan and Kail, and three pice each for Olavivon. Palayags, six pice each will be charged for as they come to maturity. Seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattaiah.

SAMUDAYAM OR SUB DIVISION. 556 acres of land and 555 palmyras are still held in common, the parties concerned being unable to agree to division.

PASTURAGE. No lands have been specially set aside for this purpose; the cattle are fed on the pattaiah lands and Government waste.

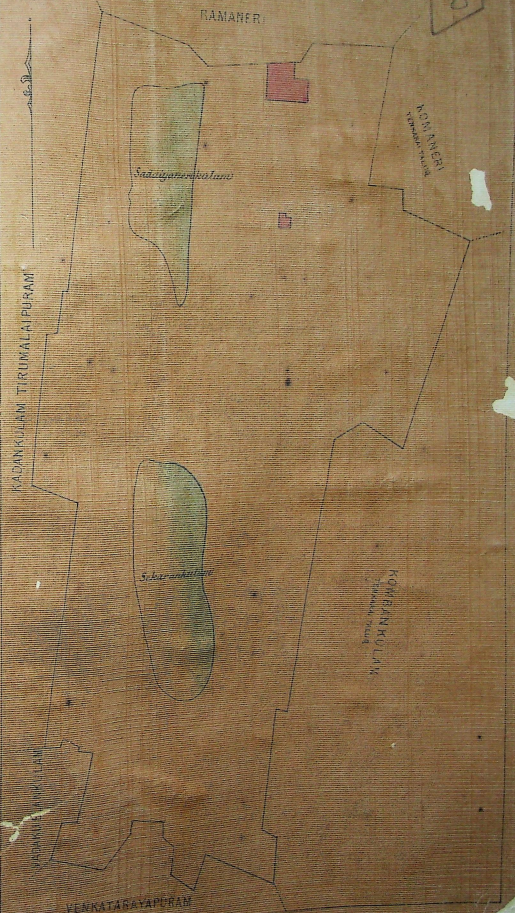

BUILDING SITE. Is sufficient for present requirements.

No pattaiah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.
