

DESCRIPTIVE MEMOIR OF SRIGOVINDAPERI OF THE NANGUNERI TALUQ.

Situation. This village is situated seven miles north-west of Nanguneri.

Area. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 111 acres; by Settlement it is 124 acres; net increase by Settlement 13 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

Demarcation. This village, as now formed by Settlement, contains one Kandam or sub-division, and 26 Survey fields.

The demarcation marks erected are :—

Boundary stones.	Off-sets.	Stones at corners of fields.
13	23	35

The village officers are now responsible for their up-keep.

The Statistics of the village, as ascertained by the Census of 1871, are as under:—

Houses.	Bazar.	Population.	Land Patches as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	Old.	New.		
15	...	67	1	...	1	...	39	...

Irrigation. This village is irrigated by a rain-fed tank. The situation and irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under the tank are as follows:—

Name.	Area.		Assessment.	
	Acres.	Cents.	Rs.	As.
Srigovindaperikulam rain-fed tank	...	13	91	55 1

Kodi Marasat. The ryots have undertaken to keep the sluices clear of silt, to erect ring bands in front of breaches, and to clear the distributing channels when needed, at their own cost, as per separate statement.

Crops. The acreage of the crops cultivated in Fash 1285, as per Curran's accounts, is as under:—

Name of crop.				Irrigated or dry.	Area in acres.
Rice, 1st crop	...	...	...	Irrigated.	14
Pulses	...	...	...	Dry	5
Sami	...	...	...		13
Total...				...	13
Grand Total...				...	32

Settlement. The entire area under Srigovindaperikulam, a rain-fed tank, is assessed in Class VI. The dry lands are assessed in Class IX.

The following table exhibits the revised assessment of the village:—

Description of land.	Block.	Class.	Irrigated.					Dry.				
			Area.	Amount.		Rate per acre.	Class.	Area.	Amount.		Rate per acre.	Class.
				Cents.	Rs. A.				Cents.	Rs. A.		
Rain-fed single crop	...	VI	19	91	55	1	4	8	...	...	...	...
Worst red sand	...	IX	54	13	13	8	...	...	...	...	...	...

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 79; by Settlement it is Rupees 99; total increase Rupees 20.

The former wet land assessment was calculated on the village average (Mottasarsari) which was Rupees 6-11-4 an acre for a single crop (Peshanam) and Rupees 3-5-8 an acre for a second crop (Kar.) The former commutation rate was Rupees 2-14-7 per grain cottah of five bushels for both Peshanam and Kar paddy.

The dry lands were held at three annas four pice an acre; subject to a remission of one anna four pice an acre as Varariyavat and of six pice an acre as Chaturlagam.

Palyras. 1,014 trees paid an assessment of Rupees 21 in Fash 1285.

These were classed as under:—

Class.	Number.	Rate.		Amount in Rupees.
		Annas.	Pice.	
Panayan	722	9	10	12
Katha	212	9	5	3
Chavetta	80	9	1	4
Total	1,014	9	16	21

Besides these, there are 204 growing seedlings that have hitherto paid no assessment. The charge for palyras growing on pattah lands and owned by the land-holders, has now been fixed at Rupees 5-0-0 per annum. The

remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvam, six pice each for Kattu and Kai, and three pice each for Olaivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

Pastorage. No lands have been specially set aside for this purpose, the cattle are fed on the pattah lands and Government waste.

Building site. Is sufficient for present requirements.

No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

Income. The Chaturbagam, Varariyayat and Kolladavagai deductions amounting to Rupees 24-3-3, Rupees 3-15-10, and Rupees 1-11-3 respectively have been resumed.

T. VENKATACHARIYAR,
Special Assistant to Collector.
