

DESCRIPTIVE MEMOIR OF TERKU FULIYANKULAM OF THE
NANGUNEMI TALUQ

Situation. This village, the eleventh under the irrigation of the Nanguneriyan channel is situated four miles west of Nanguneri.

Area. The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions 400 acres; by Settlement it is 405 acres; net increase, by Settlement 55 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any Survey field does not confer on the cultivator of

right of entering on such poramboke or in any way interfering with authorized encroachment on it will be severely punished.

This village, as now formed by Settlement, contains two Kandams and 81 Survey fields. The demarcation marks erected and stan-

Irrigation. This village is irrigated by a tank supplied by the Puliyankulam channel, a branch of the Naugunerian channel from the first or Talai anicut on the Kaumandiyammankal. The situation and irrigation are both good. This village has accordingly been placed in the second group.

The revised area and assessment under each source of irrigation are as follows:—

Kadi Warrent. The Ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of braches, and to clear the distributing channels, when needed, at their own cost, as per separate statement.

Deducting fixed remissions only, the net average of the land assessment for the past five years is Rupees 997; by Settlement it is Rupees 1,008; total increase Rupees 101. The former wet land assessment was calculated on the village average (Mottasarasari) which was Rupees 7-7-4 an acre for a single crop (Peshanam), and Rupees 9-8-2 an acre for a second crop (Kar). The former commutation rate was Rupees 2-14-8 per grain cottah of five bushels for both Peshanam and Kar paddy.
