No. 21.

DESCRIPTIVE MEMOIR OF NARUPPUR OF THE SATTUR TALUK

SITUATION This village is situated 9 miles south-east of Sattur.

AREA The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 1,387 acres; by Settlement it is, 1,487 acres; increase by Settlement, 100 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government *poramboke* in any survey field, does not confer on the cultivator of that field, the right of entering on such poramboke or of in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARCATION This village, as now formed by Settlement, contains 5 Kandams or sub-divisions and 395 survey fields. The demarcation marks erected and standing are :—

Boundary stones.	Offsets.	Stones at corners of fields.
30	96	1,312

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

Such fields as are now free from tree tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within the bank of any irrigation work belonging to Government, without the Collector's permission, and should the Collector think fit to cut the trees now growing on bank of channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.
