

# DESCRIPTIVE MEMOIR OF LAKSHMIPURAM OF THE SATTUR TALUK

**SITUATION** This village is situated 32 miles north-west of Sattur.

**AREA** The area given below has been merged in this village by Settlement. —

| No. | Name of Village. | Portion merged. | Area.  |         | Remarks.                                                          |

| 1   | Karakketti       | Part.           | 1,821  | 69      | A Portion of the village forming the new village of Lakshmi puram |

The area prior to Settlement was, omitting fractions, 1,822 acres; by Settlement it is 1,796 acres; decrease by Settlement 26 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

**DEMARICATION.** This village as now formed by Settlement, contains 6 Kandams or sub-divisions and 672 survey fields. The demarcation marks erected and standing are :—

| Boundary stones. | Offsets. | Stones at corners of fields. |
|------------------|----------|------------------------------|
| 38               | 127      | 1,822                        |

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

**CENSUS STATISTICS.** The statistics of the village, as ascertained by the Census of 1871, are as under :—

**IRRIGATION.** This village is irrigated by a rain-fed tank. The situation and irrigation are both very indifferent. This village has accordingly been placed in the fourth group.

The revised area and assessment under the source of irrigation are as follows:—

| Name                             | Area.  |        | Assessment. |    |
