It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, tanks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of the field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARICATION. This village, as now formed by Settlement, contains 6 Kandams or sub-divisions and 562 Survey fields.

Deducting fixed remissions only, the land assessment for the past year is Rupees 1,192; by Settlement it is Rupees 1,534; increase Rupees 342. The former wet land assessment was calculated on the village average (Mottasarnai) varying from Rupees 2-6-2 to Rupees 6-11-7 an acre for a single crop (Peshanani). The former commutation rate was Rupees 2-10-6 per gain cottah of five bushels for Peshanani paddy.

The dry lands were held at rates varying from Rupees 0-12-3 to Rupees 1-6-1 an acre.

PALMYRAS There are only 113 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rupees 1-0-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one ann each for Paruvam, six pies each for Kattu and Kai, and three pies each for Olavattu. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

PASTURAGE. No lands have been specially set aside for this purpose: the cattle are fed on the pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements. No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.
