

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) tend to zero as $t \rightarrow \infty$ if and only if the matrix A is Hurwitz. This result is proved by the method of the variation of constants.

AREA. The areas given below have been merged in this village by Settlement :—

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke, in any Survey field, does not confer on the cultivator of that field, the right of entering on such poramboke, or of, in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

Deducting fixed remissions only, the land assessment for the past year is Rupees 3,985; by Settlement it is Rupees 2,560; decrease Rupees 1,425. The former wet land assessment was calculated on the village average (Mottasrarari) varying from Rupees 3-9-10 to 7-14-8 an acre for a single crop (Peshanam.) The former commutation rate was Rupees 2-10-6 per grain cottah of five bushels for Peshanam paddy.

The dry lands were held at rates varying from Rupees 0-12-3 to Rupees 2-6-6.

PALMYRAS— 22,372 trees paid an assessment of Rupees 332 in Fasil 1,236.

These were classed as under:—

The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within, the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

PASTURAGE No lands have been specially set aside for this purpose; the cattle are fed on the pattah lands and Government waste.
