

DESCRIPTIVE MEMOIR OF DEVACHEYALPURAM OF THE TENKARAI TALUQ.

SITUATION. This village is situated seven miles north of Srivaiguntam on Road No. III, Palamcottah to Tuticorin.

AREA. The areas given below have been merged in this village by settlement.

No.	Name of Village.	Portion merged.	Area.		Remarks.
			Acres.	Cents.	
1	Devacheyalpuram	All.	1,144	36	
2	Vadaku Karachery	Part.	1	14	A fragment of a village interspersed in the fields of Devacheyalpuram.
	Total...		1,145	50	

The area prior to settlement was, omitting fractions, 1,145 acres; by settlement, it is 1,145 acres: net decrease by settlement, 1 acre.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

DEMARICATION This village, as now formed by settlement, contains six Khandams or sub-divisions, and 105 survey fields. The demarcation marks erected and standing are:—

Boundary stones.	Offsets.	Stones at corners of fields.
54	131	309

These have all been inspected. The village officers have given receipts for them, and are now responsible for their up-keep.

CENSUS
STATISTICS.

The Statistics of the village, as ascertained by the Census of 1871, are as under:—

183	6	614	1	1	1	...	171	742

IRRIGATION. This village is irrigated by a rain-fed tank. The situation and irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:—

Name.	Area.		Assessment.	
	Acres.	Cents.	Rs.	As.

KUDIMARAMAT. The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels, when needed at their own cost, as per separate Statement.

CROPS. The acreage of the crops cultivated in Faali 1233, as per Curcum's accounts, is as under:—

Name of Crop.	Irrigated or Dry.	Area in acres.

SETTLEMENT. The entire area under Araudaiyakulam rain-fed tank is assessed in class VI. The lands supplied by Government wells are assessed in class III and class IV. The dry lands are assessed in classes IV, V, VI, VIII and IX.

The following table exhibits the revised assessment of the village.

Deducting fixed remissions, the net average of the land assessment for the past five years is Rs. 1,036. By settlement it is Rs. 983. Total decrease Rs. 73. The former wet land assessment was calculated on the village average (Mottasaram) which was Rs. 7-0-4 an acre for a single crop (Peshanam) and Rs. 2-8-2 an acre for a second crop (Karl). The former commutation rate was Rs. 2-12-4 per grain cotta of five bushels for both Peshanam and Karl paddy. The dry lands were held at three annas and three pice and one Rupee and two annas an acre.

PALMYRAS. 2 trees paid an assessment of Annas 2 in Faali 1233. These were classed as under:—

Class.	Number.	Rate.		Amount.
		As.	P.	
Kattu	2	1	0	2

Besides these, there are 32 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rupees 0-13-0 per annam. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvana, six pice each for Kattu and Kai, and three pice each for Olavetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present settlement.

Palmyras are not to be planted on, or within the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree-pattals.

FISHERY. The fishery of Arasudaiyarkulam is fixed at Rs. 4-0-0 in the name of the Chattram.

PASTURAGE. No lands have been specially set aside for this purpose; the cattle are fed on the pattah lands and Government waste.

BUILDING SITE. Nos. 75 B and 76 have been added to the building site. No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

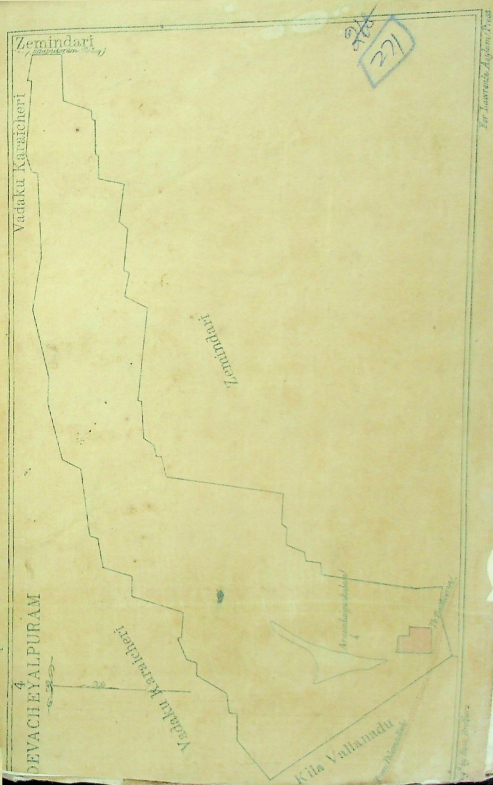

INAMS. The Stalankaval deduction amounting to Rupees 20-14-8 has been resumed.
