DESCRIPTIVE MEMOIR OF KALIYAVUR OF THE TENKARAI TALUQ.

**SITUATION.** This village, the first under the irrigation of the Marudir Kilakal channel, is situated thirteen miles north-west of Srivaiguntam on road No. X, Tinnevely to Srivaiguntam.

**AREA.** The areas given below have been merged in this village by settlement.

| No.   | Name of Village. | Portion merged. | Area.  |        | Remarks.                                                       |
|-------|------------------|-----------------|--------|--------|----------------------------------------------------------------|
|       |                  |                 | Acres. | Cents. |                                                                |
| 1     | Kaliyugrammallar | All             | 2,560  | 91     | Fragments of villages interspersed in the fields of Kaliyavur. |
| 2     | Vallankula       | Part            | 1      | 71     |                                                                |
| 3     | Sivalapuri       | Do              | 3      | 7      |                                                                |
| Total |                  | ...             | 2,563  | 99     |                                                                |

The area prior to settlement was, omitting fractions, 2,566 acres; by settlement it is 2,204 acres; net decrease by settlement 362 acres.

It must be distinctly borne in mind that a deduction of 10 per cent has been made in calculating the rates of assessment on all fields, wet or dry, on account of any roads, charnels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such poramboke, or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

**DEMARCATION.** This village, as now formed by settlement, contains 7 khandams or subdivisions and 492 survey fields. The demarcation marks erected and standing are:

| Boundary Stones. | Offset. | Stones at corners of fields. |
|------------------|---------|------------------------------|
| 65               | 87      | 625                          |

These have all been inspected and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

**CENSUS STATISTICS.** The statistics of the village, as ascertained by the Census of 1871, are as under:

| Houses. | Bazars. | Population. | Land Patials as per Settlement. |        | Wells. |      | Cattle. | Sheep. |
|---------|---------|-------------|---------------------------------|--------|--------|------|---------|--------|
|         |         |             | Single.                         | Joint. | Old.   | New. |         |        |
| 403     | 10      | 1,949       | 21                              | 8      | ...    | 3    | 1,110   | 1,800  |

This village is irrigated by the Marudur Kilalad channel from the nearest outlet on the Tamiraparani river, and by three rain-fed tanks. The situation and irrigation are both indifferent. This village has accordingly been placed in the third group.

The revised area and assessment under each source of irrigation are as follows:

| Name.                      | Area.  |       | Assessment. |    |
|----------------------------|--------|-------|-------------|----|
|                            | Acrea. | Cents | Ra.         | A. |
| Marudur Kilalad channel    | 17     | 55    | 221         | 3  |
| Periyakulam Rain-fed tanks | 137    | 29    | 617         | 9  |
| Indrakulam "               | 12     | 69    | 34          | 6  |
| Total...                   | 167    | 47    | 883         | 9  |

**REMARKS.** The ryots have undertaken to keep the sluices clear of silt, to erect ring bunds in front of breaches, and to clear the distributing channels and the drainage channels, when needed, at their own cost, as per separate statement.

**NOTES.** The acreage of the crops cultivated in Fasli 1282, as per Curnani's accounts, is as under:

| Name of Crop.     | Irrigated or Dry. | Area in acres. |

**SETTLEMENT.** Commencing from the west, block A, skirting the Marudur Kilalad channel, including the whole of the channel-fed area in the village, ordinarily irrigated, comprising Nos. 119 to 124, 377, 378, 380 to 383, 385 to 389, 394 to 396, is assessed in class III. The area under the Periyakulam and Alukulam rain-fed tanks is assess-

ed in class VI; and that under Erukulankulam, also a rain-fed tank, is assessed in class VII. The lands supplied by baling are assessed at half the rate assigned to the block in which they are situated. The dry lands intermixed with the irrigation are assessed in the class and sort assigned to the block in which they are situated. The ordinary dry lands are assessed in classes VIII and IX.

The following table exhibits the revised assessment of the village. Block A has been compounded for as permanent double crop, at  $\frac{1}{2}$  additional to the single crop assessment in Class III:

| Description of land. | Block. | Class. | Irrigated. |        |         |     | Dry.           |     |        |        |         |     |

Deducting fixed remissions, the net average of the land assessment for the past five years is Rs. 1,211; by settlement it is Rs. 1,208. Total reduction Rs. 3. The former wet land assessment was calculated on the irrigation average (paravasarasari). This varied from Rs. 4-9-8 to Rs. 9-5-6 an acre for a single crop (peshanam), and from Rs. 2-4-10 to Rs. 6-1-11, an acre for a second crop (kar). The former commutation rate was Rs. 2-13-10 per grain cottah of five bushels for both peshanam and kar paddy.

The dry lands were held at rates varying from three annas and three pie to eight annas and five pie an acre.

**PALMYRAS.** 10,828 trees paid an assessment of Rs. 289 in Fasli 1282. These were classed as under:

| Class.          | Number. | Rate. |     | Amount in Rupees. |
|-----------------|---------|-------|-----|-------------------|
|                 |         | A.    | P.  |                   |
| Paravasa        | 1,372   | 4     | 1   | 97                |
| Kattana and Kai | 3,415   | 0     | 7   | 124               |
| Oliveria        | 6,041   | 0     | 5   | 71                |
| Total...        | 10,828  | ...   | ... | 289               |

Besides these, there are 7,151 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on patch lands and owned by the landholders, has now been fixed at Rs. 17-15-0 per annum. The remaining trees on patch

lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paravam, six pice each for Kattu and Kai, and three pice each for Olivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present settlement.

Palmyras are not to be planted on, or within the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel tanks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree patta.

**FISHERY.** The fishery of the Erukankulam tank is fixed at R. 1-0-0 in the name of the Sivalaperi Chattram, and that of the Periyakulam and Alankulam tanks at Rs. 3-0-0 in the name of Kaliyugavarada Amman.

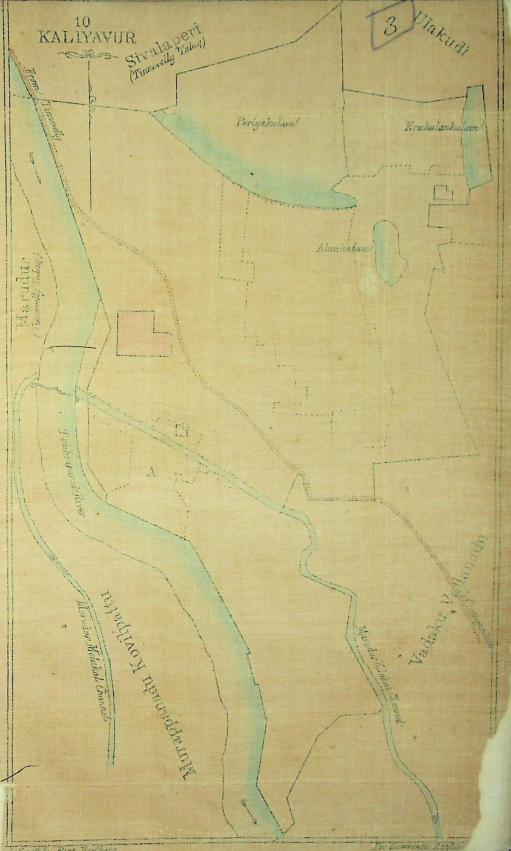

**PASTURAGE.** No lands have been specially set aside for this purpose; the cattle are fed on the patta lands and Government waste.

**BUILDING SITE.** Nos. 393, 394, 396 and a part of 397 have been added to the building site. No patta will be granted for cultivation within the limits of the building site, and no new enclosure is to be made, or new building erected without permission in future.

**INAMS.** The dopati mariyam and varariyatt deductions amounting to Rs. 14-11-0 and Rs. 11-2-11 respectively have been resumed.

*Special Assistant  
to Collector.*
