

## DESCRIPTIVE MEMOIR OF MANGALAKURICHI OF THE TENKARAI TALUQ.

**SITUATION.** This village, the fifth under the irrigation of the North Main channel of the Srivaiguntam anient, is situated five miles east of Srivaiguntam on Mangalakurichi and Eral branch of road No. XXIII, Srivaiguntam to Arunnamangalam.

**AREA.** The boundary of this village remains unchanged by Settlement.

The area prior to Settlement was, omitting fractions, 1,165 acres ; by Settlement it is 1,043 acres ; net decrease by Settlement 122 acres.

It must be distinctly borne in mind that a deduction of 10 per cent. has been made in calculating the rates of assessment, on all fields, wet or dry, on account of any roads, channels, paths, banks, &c., that may have been measured in with the cultivated area. The fact of the inclusion, therefore, of any such Government poramboke in any survey field, does not confer on the cultivator of that field the right of entering on such poramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

**DEMARICATION.** This village, as now formed by Settlement, contains 6 Khandaus or sub-divisions, and 525 survey fields. The demarcation marks erected and standing are :—

| Boundary Stones. | Offsets. | Stones at corners of fields. |
|------------------|----------|------------------------------|
| 43               | 255      | 1,250                        |

These have all been inspected, and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

**CENSUS STATISTICS.** The Statistics of the village, as ascertained by the Census of 1871, are as under :—

Deducting fixed remissions, the net average of the land assessment for the past five years is Rs. 3,879. By Settlement it is Rs. 5,593. Total increase Rs. 1,714. The former wet land assessments were calculated on the village average (Mottasarsari) which was Rs. 9-15-6 an acre for a single crop (Kar) and Rs. 10-3-5 an acre for a second crop (Peshanam). The former commutation rate was Rs. 3-1-5 per grain cottah of five bushels for both Peshanam and Kar paddy. The dry lands were held at seven annas and eight pice an acre.

Besides these, there are 1,232 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rs. 100-11-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvam, six pice each for Kattu and Kai, and three pice each for Oleivettu. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

**PASTURAGE.** No lands have been specially set aside for this purpose, the cattle are fed on the pattah lands and Government waste.

**BUILDING SITE.** Is sufficient for present requirements. No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

**INAMS.** The Kuduvaram deduction amounting to Rupees 29-3-1 has been resumed.
