

DESCRIPTIVE MEMOIR OF MANJANIKKAYAL OF THE TENKARAI TALUQ

ITION. This village, the thirteenth under the irrigation of the North Main canal of the Srivaiguntam amicut, is situated fifteen miles east of Srivaiguntam.

A portion of the old village of Sirutondanallur now forms this new village.

The area prior to Settlement was, omitting fractions, 669 acres; by Settlement it is 735 acres; net increase by Settlement 64 acres.

It must be distinctly borne in mind that a deduction of 10 per cent has been made in calculating the rates of assessment, on all fields, wet or dry, the account of roads, channels, paths, banks &c., that may have been measured in with the rated area. The fact of the inclusion, therefore, of any such Government lands in any survey field does not confer on the cultivator of that field the right of entering on such paramboke or in any way interfering with it, and any unauthorized encroachment on it will be severely punished.

ARACATION. This village, as now formed by Settlement, contains 4 Khandams sub-divisions, and 261 survey fields. The demarcation marks erected and standing are :-

Boundary stones.	Offsets.	Stones at corners of fields.
25	60	597

These have all been inspected, and the field stones have been sunk to the level of the ground. The village officers have given receipts for them, and are now responsible for their up-keep.

SUBS STATISTICS. The Statistics of the village, as ascertained by the Census of 1871, are as under :-

Houses.	Razas.	Population.	Land Ponds as per Settlement.		Wells.		Cattle.	Sheep.
			Single.	Joint.	O.L.	New.		
179	1	548	51	4	4	---	500	196

IRRIGATION. This village is irrigated by the surplus channel of the Arumugamandalankulam tank supplemented by a channel newly excavated from the Poku-lam tank of Iravappuram. Kunnapuram for supplying the Palayakulam tank. The situation is good and the irrigation rather indifferent. This village has accordingly been placed in the second group.

The revised area and assessment under each source of irrigation are as follows:—

Name.	Area.		Assessment.	
	Acre.	Cents.	Rs.	A.
Arumugamangalam, surplus channel	171	60	946	9

CROPS

The acreage of the crops cultivated in Fasli 1283, as per Curnam's accounts, is as under:—

Name of crop.	Irrigated or dry.	Area in Acres.
Wet, 1st crop	Irrigated	9
Wet, 2nd crop	Irrigated	1
	Total	3
Cotton	Dry	31
Pulses	Dry	5
Rugby	Dry	1
	Total	37
	Grand Total	40

SETTLEMENT. The whole of the irrigated area in the village is assessed in class VI. The lands supplied by Government wells are assessed in class III dry. The dry lands are assessed in class VII.

The following table exhibits the revised assessment of the village. The whole of the irrigated area has been compounded for as permanent double crop at 1 additional to the single crop assessment in class VI.

Description of land.	Irrigated.					Dry.				
	Class.	Acre.	Amount.		Rate per acre.	Class.	Acre.	Amount.		Rate per acre.
			Rs.	A.				Rs.	A.	
Worst black loam	VI	164	87	927	...	III	362	5	251	1
Badly	...	6	93	10	...	III	5	31	13	5
Garden	...	...	...	...	...	...	...	...	...	...
Total	...	171	90	936	9	...	367	39	264	6

Deducting fixed remissions, the net average of the land assessment for the past five years is Rs. 698. By Settlement it is Rs. 1,211. Total increase Rs. 513. The former wet land assessment was calculated on the village average (Mottasaram) which was Rs. 3-7-2 an acre for a single crop (Peshnam), and R. 1-11-6 an acre for a second crop (Kar). The former computation rate was Rs. 3-1-11 per grain sath of five bushels for both Peshnam and Kar paddy. The dry lands were held at six annas and three pies an acre.

PALMYRAS. 3,398 trees paid an assessment of Rs. 178 in Fasli 1283. These were classed as under:—

Class.	Number.	Rate.		Amount in Rupees.
		Annas.	Pies.	
Paruvan	760	1	8	77
Kattu	650	1	3	28
Kai	455	0	10	25
Oleivetta	1,523	0	3	18
Total	3,398			178

Besides these, there are 1,675 growing seedlings that have hitherto paid no assessment. The charge for palmyras growing on pattah lands and owned by the land-holders, has now been fixed at Rs. 11-3-0 per annum. The remaining trees on pattah lands owned by others than the land-holders, as well as all trees on Government waste, &c., are now chargeable at one anna each for Paruvan, six pies each for Kattu and Kai, and three pies each for Oleivetta. The seedlings on such lands will be charged for as they come to maturity. Such fields as are now free from tree-tax, will be free from all charge for trees grown during the term of the present Settlement.

Palmyras are not to be planted on, or within the bank of any irrigation work belonging to Government without the Collector's permission, and should the Collector think fit to cut the trees now growing on tank or channel banks, or on any other description of Government waste land, no claim for compensation, on the part of the persons at present using such trees on payment of an annual tree-tax will be attended to, but the assessment of all trees so cut will be deducted from the tree pattahs.

FISHERY. The fishery of Valaivettinaikal is fixed at R. 1 and entered in the names of 1, Kumarasami Nadan, 2, Sankaramurti Nadan, 3, Rama Nadan, and 4, T. Ramaiya Nadan.

PASTURAGE. No lands have been specially set aside for this purpose; the cattle are fed on the pattah lands and Government waste.

BUILDING SITE. Is sufficient for present requirements. No pattah will be granted for cultivation within the limits of the building site, and no new enclosure is to be made or new building erected without permission in future.

URAM. The Kudivaram deduction amounting to Rs. 22-3-0 has been resumed.

T. VENKATA CHARIAR,

*Special Assistant
to Collector.*
