No 17

N 463 Fort St. George 20th May 1842.

To

The Secretary to the

Board of Revenue

at Fort St. George

Sir

I have the honor to

acknowledge the receipt of Extract from

the Board's Proceedings dated the 8th April 1841

and 24th February last transmitting Copies

of further letters from Mssrs Ouchterlony

& Co on the subject of their Saltpetre

Districts.

2 Mssrs Ouchterlony & Co point out in

these communications that the reduction in

the Tariff valuation of Crude Saltpetre to 20

Rupees sanctioned by the Board in their

20th August 1840 is insufficient and that it

should be reduced to

not exceed what they originally proposed viz 15

Rupees also that the rate of produce of refined

from Crude Saltpetre, viz 100 of the former

to 150 of the latter, or a proportion of 2/3rds is

insufficient as exhibited by actual results

taken from their Factory Books and that

as they originally proposed it should be

fixed

(22)

From the Collr of Salem relative to the application from Mssrs Ouchterlony & Co for reduction in the Tariff Valuation of Crude Saltpetre.

fixed at half or 100 of refined for 200 of Crude.

3 I may observe that in a matter of this kind Government cannot legislate for individual interests. The Tariff valuation of an article of trade cannot be made to subserve the views of particular individuals or particular bodies. It must be framed to suit all classes of the mercantile community. When I suggested the fixing 20 Rupees per Candy as the future Tariff valuation of Crude Saltpetre, it was upon the results exhibited in official reports of the Collectors for the whole District of Rupees 15-13-6 as the manufacturers prime cost of a Candy of Crude saltpetre and Rupees 19-14-2 as the average price paid to him for it by a contractor. They also gave an average produce of 13¾ Maunds of refined to 20 maunds of the Crude article or 65¾ per %. The rates of course varied in different Talooks. The manufacturer's prime Cost for instance in the Talook of Buddapoody, is Rupees 19-15- while in that of Wodiagherry it is Rupees 9-0- but for the Tariff valuation for a whole District we are obliged to adopt the average of the several rates. The contract price for Crude saltpetre as also the rate of produce of

of refined from Crude varies in different Talooks. The former ranges from 12 Rupees to 35 Rupees per Candy and the latter from 12 and 15 maunds to 20, or from 60 to 75 per %. I am justified therefore in saying that these returns are not as Mr. Cuchterlony and I suppose independent and theoretical they are the actual results obtaining in the several Talooks. It is self evident from Mr. Cuchterlony's own statement of the outturns as exhibited in their letter to the Board of the 17th March, that the rate of produce of refined from Crude saltpetre fluctuates to a very great degree. From the original Statement the latter ranged from 36 to 63 per %.

Crude Candies	Refined Candies	Percentage in round numbers
331	179	54
17	7	41
21	12	57
26	9	34
126	86	52
101	64	63
18	9	50
32	13	40
676	362	average 53

4 The prices mentioned in my former communication could not be retail prices as Mr. Cuchterlony & I conjecture for in the one case it was the sum which cost the manufacturer to produce the article, and as did not embrace a sale of it and in the other case it was expressly stated to be the price at which the contractor bought from the manufacturer and must therefore be a wholesale and not a retail price. The rates

retail prices are shown separately in the Tahsildars returns. Crude saltpetre at 4½ Rupees per Candy the price at which Messrs Cockburn & Co have made their contracts must be an exceedingly impure description of saltpetre and this circumstance, coupled with the much greater purity of the saltpetre which they refine, will account for the very large wastage which is said to take place in bringing it from the one state into the other.

5 The general rate of produce of refined saltpetre among the native saltpetre Manufacturers which I forget is between 70 and 75 per Ct. while that stated and the Board have been pleased to adopt as a fraction above 66 per Ct.

6 Although Messrs Cockburn & Co seem impressed with the importance of a further reduction in the valuation of Crude saltpetre, it is in its effects on their operations of little or no consequence for upon whatever valuation of the Crude they pay they receive credit for in the settlement of the Sea Customs duty on its Export. The latter must always regard the former as the

the rate of Duty is higher and the valuation of the article one third higher, the difference between the refined and Crude Article. If therefore they pay more inland duty on the Crude, they will have to pay less Sea Custom duty on its export, and vice versâ. For instance the Sea Custom duty of 8 per Ct. on 100 Candies of refined Saltpetre at the Tariff valuation of 30 Rupees per Candy would be ---------- 240 - 0 - 0

Inland duty at 6 per Ct. on 200 Candies of Crude, taking Messrs Cockburn & Co's rate of conversion, and at the Tariff valuation of 20 Rupees per Candy would be --- 200 - 0 - 0

Difference payable on export by Sea -- 40 - 0 - 0

7 The inland duty as above on a valuation of 15 Rupees per Candy, would be 150 Rupees, which if deducted from Rupees 240 the Amount of the Custom duty would leave a sum of 90 Rupees payable on Export by Sea instead of 40 Rupees which they would have had to pay if the inland duty had been settled upon the higher valuation of 20 Rupees per Candy.

8 As regards the second point Viz. the rate of produce of refined from Crude I may remark that I adhere to my

Fort St. George 26th May 1842.

my former opinion that at a general measure affecting the whole District, the rate of conversion as last authorized by the Board Nov.r 9 a produce of 100 of refined to 150 Candies of Crude is proper, and any modification of it unnecessary. The native merchants do not require a larger rate of produce and have hitherto actually received much less, and were Messrs. Cockerlony & Co's proposition generally adopted the public revenue might not only suffer considerably, but it would be giving the native merchants the same advantages as they would have, while their process of refining is not by a great deal so expensive, and their saltpetre of a much inferior quality. It would lead to the anomaly of giving an equivalent rate of conversion for a dear and bad, and a cheap and a bad article. While however I consider it as a general measure objectionable to alter the rate of produce as now constituted I think Messrs. Cockerlony & Co entitled to the special consideration and protection of Government on several accounts 1st the expensive character of their saltpetre works, secondly the very

Fort St. George 26th May 1842.

very superior quality of their Saltpetre which renders it marketable in Europe where the native Saltpetre is not, and thirdly the praiseworthy efforts they are making to develope, and turn to good account the resources of the Country. If the rate of conversion they propose were allowed only for Saltpetre of a certain degree of purity say 94 per Co of pure Nitre, it would exclude the Saltpetre of the native Merchants as they cannot bring it to such a state of purity while Messrs Cockerlony & Co who can effect this would reap the advantage of their more expensive and scientific process of refining. This measure however is not practicable, as we have no means here of testing the exact quality of Saltpetre. The rule of taking a certain rate of produce of refined from Crude Saltpetre is necessary to prevent imposition, to prevent undue quantities of the latter being passed off in satisfaction of the duties on the refined Article. For instance a Native Merchant might produce inland duty Rowannahs upon

upon 600 Candies of Crude Saltpetre in
satisfaction of the duty upon 300 Candies
of refined, whereas probably the last
316 Candies were actually the produce
of only 600 Candies of Crude. The Merchant
would thus be able to dispose of the
remaining two hundred Candies of the
crude article in its crude state without in fact the payment
of a fraction of the inland duty. The case
I think may be considered altogether different
with British Saltpetre, for Saltpetre
under of a certain degree of purity
which will fit it for the Home
Markets is to them nearly valueless
and though the abolition of the rule
as regards them would be attended
with some loss of Revenue it would
be inconsiderable: in Messrs Cockburn
& Co's letter of the 15th July 1840, a quantity
of 334 Candies is given of the Crude Saltpetre
they

they received within a given period from
which they produced 318 Candies of refined
Saltpetre. The inland duty upon 634 Candies
of Crude at a Valuation of 20 Rupees per
Candy would be Rupees 634 but under
the present rule though they had actu-
ally consumed the 634 Candies in the
production of the 318 refined they
would only be entitled to receive a
credit in the Settlement of the 2nd duty
of the inland duty on 477 Candies of the
Crude, at the authorized rate of conversion
of 100 of refined to 150 of Crude. The inland
duty on the 477 Candies, valued at 20 Rupees
per Candy would be 477 Rupees which if
deducted from 634 would leave 157 Rupees
the loss of Duty to Government if the
rule were abolished, but this would
be a loss upon the large quantity of
upwards of 600 Candies of the value according
to the Tariff Valuation of something under
13000 Rupees. It would therefore appear that Messrs
Cockburn

6472 Fort St. George 20th May 1842.

Ouchterlony Hs be exempted from the
rate of a particular rate of produce
of refined from Crude Saltpetre shall be
allowed in the settlement of the Sea
Customs duty on their Saltpetre a credit
to the Amount of Inland duty actually
paid on the Crude, as exhibited in the
Rowannahs, and in like proportion to
the quantity of the Crude Article, from
which the refined had been reduced
This will leave Messrs Ouchterlony & Co
nothing further to desire in this
point and the Observations I have
already made regarding the valua-
tion of Crude Saltpetre ought to
satisfy them that it is the time
to them whether it be fixed at 15 or 20
Rupees per Candy. A reasonable en-
couragement and assistance will then
be given to those Gentlemen to persevere
in their laudable undertaking.

9 The Boards orders regarding a
modification in the form of the Rowannahs for
Messrs

6473 Fort St. George 20th May 1842.

Messrs Ouchterlony & Co Saltpetre have
never been communicated to me.
If the Board have approved of the
change proposed, the necessary Orders
will be issued, on my being informed
of it and as soon as Messrs Ouchterlony
& Co furnish the information adverted
to in the concluding Para of my
letter of 10th October 1840.

Sellore — Signed J. O. Stonhouse
Principal Collector
Principal Collr Collectorate
19th May 1842.

Order thereon. Ordered to be brought
Read again in Cons. of 3d June. forward at a future Meeting.
22. 23

To The Secretary to the
Board of Revenue
Fort St. George

From the Pl Collr
of Nellore

Sir

On the subject
of the substituting
the Indian Measures
for Garces in
the Salt De-
partment.

24

I have the honor
to acknowledge the receipt of
the Board's Proceedings dated the
Instant from

Fort St. George 26th May 1862.

the 17th June last transmitting
Copy of an Extract from a general
letter of the Honorable the Court of
Directors suggesting the expediency
of substituting at this Presidency
the Indian Maund for the Gan-
vith the view of simplifying the
transactions of the Salt Department
with the Government of Bengal -

2 If the proposed change be confined
as I imagine is intended to the Salt received
from, or sent to the other presidencies there
can be no objection to its adoption but as a
general measure extended to the inland
trade it would be inadvisable. Salt would
in India case have to be sold both to the
wholesale and retail purchasers by weight
instead of measurement, and received in
the same way from the manufacturers
thus substituting for a quick and correct
mode of receiving and selling it one which
would prove exceedingly tedious and confusion
with the other inaccurate. It would be
necessary

Fort St. George 26th May 1862

necessary to have at least three or
four sets of scales and weights at
each Cutcherry and this occasioned
additional expence to set the plan in
foot. Salt can be measured in half
the time that it will occupy to
weigh it. No inconsiderable portion
of the Bengal profits in the
Coast Salt trade they
carry on with Hyderabad Nagpore
and other parts of Central India,
consists in the difference between
receiving Salt by measurement and
selling it by weights and for this
reason they prefer purchasing the
Bengal not the purest Salt. Should
such a plan be adopted by
weight they would for ease by
weight prefer drawing to it by necessity
and the change would at least be
viewed

Fort St. George 26th May 1842

received by them as most conducive
to their interests.

3. The salt accounts in the
Districts as regards salt exported
to Bengal and Chittagong have
been for some years kept in
Bengal Maunds as well as Garces
The weekly reports of salt exported
as also the Monthly Register of
Vessels exporting salt transmitted
to the Board are made out
in Bengal Maunds. There are
only two others salt accounts
furnished to the Board the
Salt quarterly Accounts and the
annual wastage Accounts. I see
no objection to these being also
for the sake of uniformity in
the Presidency Accounts prepared in
Bengal

Fort St. George 26th May 1842.

Bengal Maunds instead of Garces if it be
considered desirable, a similar change would
require to be made in my journal entries
forwarded to the Accountant General - As
regards the District accounts, all salt not
exported to the other Presidencies should
still be kept in Garces.

/Signed/ F. V. Stonhouse

32

From the Collr of Chingleput } Sir

Para 1 With reference to the Boards requisition contained in the 3rd Para of their letter to Government dated 17th February relative to the reservoirs appertaining to the Shrotrium Village of Paukum, I have the honor to state that the Tank Merah or Fee is usually deducted out of the gross produce prior to the division between the Cultivator and Shrotriumdar and that the Village having from 1226 / the Commencement of the Grant / to the end of 1246 been in the hands of the Shrotriumdar, and from 1247 to 1250 in the enjoyment of the Mortgagee, the proportion of the Merah Collected by and remaining unexpended in the possession of the respective parties is as shewn in the Margin.

Subsequent

Submitting the information called for relative to the Collection of Tank or Merah on account of the Shrotrium Village of Paukum.

Amount of Merah Collected	Amount Collected in the 1st year of the Mortgage	Balance or Excess of Merah Collected over the Expenses	
Rs. p.	Rs. p.	Rs. p.	
4695 10 2	2360 8 6	2335 1 8	Shrotrium Enjoyment from 1226 to 1246 inclusive
1015 4 4	235 3 4	780 1 0	Mortgagee from 1247 to 1250 inclusive
5711 3 6	2595 11 10	3115 2 8	

6498 Fort St George 26th May 1842

2 Subsequent to the receipt of the Board's Proceedings ordering reply I communicated their instructions to the Shotriumdar and Mortgagee, when the former stated he would, when the period for commencing the repairs arrived, furnish the required Amount, and the latter also stated his willingness to advance any sum that might be requisite on my granting him receipts that he might enter it in his accounts with the Shotriumdar.

3 Under these circumstances, it will not, I conceive, be necessary that any advance of Public Money shall be made for putting these reservoirs into a state of repair, for there is no doubt of the Mortgagee coming forward with the requisite sums, should the Shotriumdar who has been called on fail to fulfil his engagement.

Chinglepute District, ---
Collector's Cutcherry ---
Pullecarnay 7th May 1842 } Signed J. Freese
Coll.r

6499 Fort St George 26th May 1842

Proceedings thereon — From the Statements entered in the Margin of Para 1 of the foregoing letter it appears that of the sum of Rupees 3015-9-4 noticed in Para 2 of the Board's letter to Government dated the 17th February last, as the unexpended portion of Tank Cheruvakal collected in the Village of Panchum Rupees 2,335-1-8 were collected by the Shotriumdar from Fusly 1226 to 1246 and Rupees 680-7-4 by the Mortgagee from Fusly 1247 to Fusly 1250. —

32-33

Mr Freese anticipates no difficulty in obtaining the amount stated in his letter of the 16th December last to be required for the repair of the Tanks and reservoirs, from one or other of the parties above mentioned, any further interference on the part of Government would therefore seem unnecessary. —

Inform.n 3.d Jan.y 1842

Ordered that a copy of these proceedings be furnished to the Collector of Chinglepute for his information, and that a transcript of the same

Fort St. George 26th May 1842

In Con.y 7th March 1842

same with the Collector's letter therein recorded be submitted to Government with reference to the order passed under date the 5th March last, on the Board's letter dated the 17th of the preceding month.—

Ordered also that the following endorsement be passed on Petition No. 763 of 1842.—

"Petitioner is referred to the Collector of Chingleput who will make such arrangements as may be considered expedient with reference to the Correspondence which has passed between himself and the Board of Revenue on the subject of the Petitioner's Shotrium Village.—

To

The Secretary to the
Board of Revenue

From the Coll.r of Chingleput.

Sir

Para.1. I have the honor to forward for the consideration of the Board the accompanying Copy of a letter from Mr. Turner one of the present Abkarry Renters of this District.—

Should

Submitting for the orders of the Board a letter from Mr. Turner one of the present Abkarry Renters of this District, and requesting permission to put up the Farm for one year first, and then for 3 years.—

Fort St. George 26th May 1842

Should the Board see no objection to the arrangement I would propose to put up the Farm to sale for one year first, and then for three years, and to submit the result for the Board's final orders, receiving deposits from the two highest bidders.—

3. The 20th of next Month being fixed for the sale, I request an early reply to this communication.—

Chingleput District,—
Collector's Cutcherry,—

A

To A. Freese Esq.re
Collector of Chingleput

Sir,

I have been informed that you intend to put up the Abkarry Farm of your Taluk only for one year, if this report is true, I hope you will be pleased to reconsider your determination and put the Farm up for 3 years if you think the system of putting up the Farm for 3 years would not be so beneficial to Government as putting it up for 1 year. I would not advise you to adopt

my

my plan, but I think it is nothing but fair after the Government has given their sanction for the Farm to be put up for 3 years not to give it a trial.——

If you will be pleased to adopt the following plan on the day of sale, you will then see what I have suggested will prove beneficial to Government, first put the farm up for 1 year and after you have got the highest bid for it, put it up again for 3 years, you will then see the difference between 1 year and 3 years sale.——

If you will have the goodness to give my plan a trial you will bestow an everlasting blessing on the renters, for you will be the means of saving them from great losses to which they are always subject to by the present system, for before they can well get their establishment formed, and the farm in good working order, it is put up by auction again and some other person who thinks himself more competent takes it and

and at the end of the year he finds that he cannot hold the farm with credit or properly speaking he cannot afford to run the chance of losing on another year wherein if he had the Farm for 3 years, he the renter never could be a loser without a Famine took place, and then his loss would be but trifling perhaps you will say how this can be, but I flatter myself that the following will clearly bear me out in this Statement. First it will take the renter 6 or 8 Months before he can find out the fidelity of his servants on whom you are aware are many.——

Secondly, the renter can purchase his year's supply of Jaggery and Firewood in the months of March, April and May one third cheaper than he can at any other time of the year.——

Thirdly the under Renters and Toddy shop keepers would pay their Rent regularly or else they would be deprived of their shop, and the renter could give them to others but the present system I am sorry to say prevents the renter from making

making any fresh arrangement with the under renters or Toddy shop keepers, for they will pay their kist regular enough for about 9 Months, and after that period, it is very hard for the renter to collect any kist from them, for they are never to be found in their own Villages and it is too late in the year to get other renters and Toddy shop keepers. If you ask other people to take the shops for 2 or 3 months, they will say no we will not, for we cannot get any profit by taking a shop for 2 or 3 months.

In concluding Sir, I hope you will pardon my presumption for trespassing so long on your time, but sincerely solicit you will comply with my request.

Poonamalee, 22d May 1842

I Signed I T. Turner
Abkarry renter of Chingleput and North Arcot.

Resolution thereon -

(34-35)

The Board see no objection to the course recommended in the foregoing letter in regard to the disposal of the Abkarry Rent of the Chingleput District, viz. that the Collector should in the first instance invite tenders for the rent for 1 year and for a term of 3 years, afterwards putting up the Rent for 1 and for 3 years to auction and report the result with his own opinion as to which should be accepted, for the consideration of the Board.

From the Coll.r of South Arcot -

Reporting on the Subject of the withdrawal of all interference by the Collector in the Management of the religious Institutions in South Arcot -

The Secretary to the Board of Revenue

Sir, Fort St. George -

Pcd. 1. With reference to their Proceedings of 10th and 24th June 1841, I have the honor to address the Board on the Subject of the withdrawal of all interference by the Collector in the Management of the Religious Institutions in this District, and the placing them entirely under the control of those professing the same faith. -

2d There are in South arcot three descriptions of Pagoda Revenues -

1st Chillara or Maniem lands within the Village for the Support of Small Pagodas belonging to the Community. -

2d Muddaysta, or Maniem lands Situated any where, of somewhat greater extent for the Support of Pagodas of a larger Size and more general resort. -

3d Tusdick or great Pagoda lands

Fort St. George 26th May 1842.-

lands and Fees, which have been as-
sumed on a fixed money allowance
in lieu.-

3d The First Chillara, are
completely under the Management
of the Monigars and Village Communi-
-ty. They consist of Enam lands &c.
yielding, if fully cultivated Rupees cr.
37,911-10-5. per annum. and it may
be estimated that they actually produce
about 20,000 Rupees.-

4th The Second, Muddayastu,
are nominally subject to a Supervision
by the Tahsildar to ascertain if the
expenditure has generally been made
for the purposes intended, but in reality
they have been almost equally with
the Chillara, independent of all
Circar interference. They consist of
Enam lands &c. yielding Rupees cr.
27,432-10-0 per Annum if fully cultivat-
-ed, and may be actually estimated
to produce about 19,000 Rupees.-

5th With a Strict order that
both

Fort St. George 26th May 1842.-

both these classes of property be
interfered with in no way by any Circar
Officer, they may be left as they are, and
the result will be exactly what is
desired, without giving Offence or
injury to any one by change.-

6th There remains then to be
considered only the Third, or Great
Pagoda lands, revenues and Fees, for
which a fixed money allowance has
been given, and it is in respect to this
class that difficulties in effecting the
proposed measure Spring up in every direction.-

7th In the year 1806 to 1808 these
Revenues were estimated by the then

To Board 24th Jan.y 1806
From Do 24th July 1806.
To Do 20th Aug.t 1808.
From Do 8th Sep.r 1808.

Principal Collector Mr. Ravenshaw,
who appears to have gone most carefully
and fully into the Subject, thus.-

	Cawt	as.	Pag.s	F.	C.
Poonjea land resumed	4,033-	9-	5654-	14-	53½
Nunjah land. Ditto	1203-	14-	3914-	39-	44-
Totacal Do	28-	0	185-	6-	2-
Totab	5265-	7-	9754-	15-	19

Fort St. George 26th May 1842.-

	Cow.l al.	Pag.s f.s	b.
	5,265- 7	9,754- 15-	19-
So sum trum of Fees resumed. - - -		13,508- 35-	41
Soornahdayem Ditto - - - - - - -		793- 21-	39-
Fees Vea receivable from Shrotriums and Dehant Enam Villages - - -		1,272- 32-	9-
		25,329- 14-	28-
Sayer Moganay resumed - - - - -		2,502- 10-	9-
Total - Ps.		27,831- 24-	31-

and Sanction was given for Pagodas 27,857- u- u as annual compensation. This amount was declared by Mr. Ravenshaw to be most liberal, and he evidently then contemplated either to lessen it, or to make it embrace a greater number of Pagodas. Under this acknowledgement I conclude it was, that it afterwards became reduced in 1809. & 1810 to Pagodas 18,648- 38- 5- & Rupees 65,270- 15- 5- as explained in the Statement noticed in the Margin.-

See Statement Mr. Line A sent to Board 6th October 1834.-

8th. There is a vast deal of correspondence connected with the discussion of this Subject during these years, but a reference to it can scarcely be of any service to

Fort St. George 26th May 1842.-

to the Board. It is sufficient to state as that the amount was then defined, and has so remained, and been annually paid ever since.-

9th. There has also been additional Sanction for three Sums amounting to 3,349- 8- u- making a total of 68,620- 7- 8.- Out of this Sum I disburse to parties in charge of Chuttrums and Musjeds 1458- 6- u- this will leave an annual balance of 67,162- 1- 5, to relieve which from all control by Government Officers is to be considered.-

10th. This Sum of Rupees 67,162- 1- 5 is disbursed to 107 Institutions. I have been able to induce persons to come forward as Trustees for 52 which will receive 31,087- 7- 6. There remain 55 the Share of which is 36,074- 9- 11- of these I can at present persuade no parties at all to undertake the Management.-

Vide Statement A

11th. The property professed by these 107 Pagodas may be roughly estimated as follows.-

In

	Rupees
In Gold - - - - - - - -	58978
" Silver - - - - - - -	62569
Other Metals - - - - - -	33499
Clothes - - - - - - - -	17867
Cars &c. - - - - - - -	40887
Total - - - -	213800

which of course should remain untouched.

Savings from difference in price of Grain. Occasional non performance of ceremonies &c. &c.

12th The accumulation of Rufeer Funds in deposit on account of them is co- 24,163. 7. 3. of this amount 7,206. 3. 3. exclusively belongs to three; and should be reserved in their favor. There is no record of the extent in amount received from each Institution, neither has the expenditure from these Funds been apportioned to the Several institutions. I would suggest that as each is made over to the appointed Trustees, a Share of the accumulation Fund be paid according to the Jusdieck of the Pagoda.-

13th It is not to be disguised that the determination of the Government to withdraw their control over these Institutions has been felt by the people to be a most

Severe

Severe blow. Mamool or Custom, the lex non Scripta, especially respected by Natives guarantees them, they assert, in the protection which they now learn they are to lose, to be replaced by separate administrations of people, who, they well know, will not, in the performance of their duty, be actuated by pure and disinterested motives.- Still therefore hoping that the present System will Stand, and, more immediately in connection with their individual interests, unable to Spare time from their agricultural pursuits, uncertain of their abilities to act co- Satisfactorily, dreading the constant disputes which they foresee must arise both among themselves, and in the Courts of Law, and superstitiously fearful that any, even accidental, mismanagement might visit themselves or posterity with misfortune, the majority of the respectable natives, I find, have very decided objections to undertaking the charge.-

14th The Law of England without thought

thought whether their professed creed be Christian or Infidel, never refuses protection to the weak and incompetent in the management of their property with the enlightened view of preventing present injury and future injustice to heirs. I therefore conceive that in each instance power over any part of these Funds should be bestowed only if well deserved; and where this is not attainable, the Control must remain with the Collector, pending his endeavours to induce others to come forward to relieve him. To throw down large property and accumulated Funds to be taken up by no appointed Officers cannot be defensible on any Religious principle, while it would be surely prove Subversive of quiet and productive of confusion and discord.

15th It much moreover will depend on the result of the management of those first undertaken by Trustees. if favorable, the difficulties will vanish; on this account I intend to be very careful in transferring, and may possibly reject some

Some of the names now submitted, but under all circumstances I am of opinion that it must be a work of time.

16th It has been suggested, on that when given up once completely to the Trustees, any disputes arising in connection with the Pagoda will be referred to the Civil Courts, as if they were not Interference. I am quite at a loss to understand how religious Zeal can possibly define, that, when a dispute between two Dancing Girls as to the right of Succession, or any other question, after much expence, tedious delay, and exasperation, encouraged by the Vakeels, is decided in its constituted Court by its appointed Judge, the Government interferes less than when the Collector, Summarily, during his circuit, and upon the evidence produced upon the Spot, settles the same point. Under this impression I am most decided in recommending that, where the Institution with its revenues is transferred, an appeal as against

against any act of the Trustees or against the Succession to a vacancy amongst them, if preferred within a reasonable Stated period, shall be made to the Collector rather than to the Civil Court, to be Summarily and finally disposed of by him. I think this important, as regards the interest of the people, and likely to create satisfaction for the injury which they generally feel the change occasions, as well as to encourage many to come forward, who are at present unwilling to execute the Office.

17th It will be remarked that the Sanctioned annual payment was in lieu of lands and various fees; the latter cannot be re-established. the former could only be traced by a careful Scruting of the Several Pymash Accounts, but I need not point out, to experienced Revenue Officers, the difficulties and uncertain result of such a proceeding and will therefore only add, that restoration of the identical lands and fees, enjoyed previous to 1805, is impossible.

I.t.

18. It should be observed that in this communication I have purposely confined myself to the general question. There are many matters of detail, and trifling difference, which can best be left to my discretion in carrying out the proposed measure. I will repeat here in conclusion, that, consistently with the object in view, I am of opinion the Lands &c. at present enjoyed by the small Pagodas may remain untouched. that the money allowance in preference to a restoration of their old rights must be continued to the large Pagodas: that whenever the Management of any Pagoda is transfered to Trustees, appeal against any act should lie to the Collector, for summary and final disposal, rather than to the Judge for decision in the Court. and that a total abrupt withdrawal of control by the Circar Officers is impracticable, without offending justice and good Government, while all that is wished for may be attained gradually and in the course of time.

Ordered

Fort St. George 26th May 1842.

Order thereon.
(Read again in Cons. 2nd June.)

Ordered to be brought for-
=ward at a future meeting.

36 37

To the Secretary to the
Board of Revenue
Fort St. George.

From the Coll.r of South Arcot.

Returning Petition B.d's No. 200 of 1842, & explaining the mode which he has adopted in receiving & disposing of Petitions in South Arcot.

+ Rec.d 12th & Ans.d 20th of June.

Sir,

Para 1. I have the honor to acknowledge your letter of 9th Instant enclosing an origi-
=nal Petition herewith returned.

2. I have made no recent modifica-
=tions whatever in the orders issued by me regarding the receipt of Petitions.

3. When I first joined South Arcot I posted up notice that Petitions would be heard on Wednesdays and Satur-
=days- which I have punctually adhered to when in Cuddalore. On Circuit they receive almost daily attention. This practice has been found convenient for the arrangement of business and most acceptable to the People, as they know exactly when to appear and are sure of being heard.

38

4. All petitions are received by tappal,

Fort St. George 26th May 1842.

tappal, opened and read, but unless containing Charges against public Officers, or information or complaint of importance, are retained by me till the party appear. Verasamy writes from 50 Miles off by tappal that Ramiah has beaten him, cut his Crops and turned him out of his house, as can be proved by 28 Witnesses all named. Now this he can bring to the notice of the local Officer, but if I do what he wishes, I put to much inconvenience, by summoning them, a great number of persons, and then find that the whole affair ought to have been settled by the Village Moonsiff. If I do what strictly is right, summon the com-
=plainant, I probably find that he denies being the author, or that he sent it in a moment of anger, on some trifling quarel. Therefore only take up such petitions when the parties attend to support them, which is not very difficult, as I never reside at the extreme limit of the district.

H.

Fort St. George 26th May 1842

5. It is as injurious to serve out too much, as too little justice, to natives, and with all deference to the Board, I beg to assure them that I believe my practice in respect to Petitions is reasonable; and also agreeable to the People- which opinion is not weakened by the single complaint now preferred.—

South Arcot, Annapettah, Coll.r's Cut.r Cutchy 13th May 1842.

/Signed/ C. H. Hallett
Collector.

Resolution thereon.

38. 39

The Board of Revenue consider the explanation offered in the foregoing letter to be perfectly satisfactory.-

Ordered that the following endorsement be passed on Petition No. of 1842.

Under the explanation furnished by the Collector of South Arcot, in regard to the course pursued by him in receiving and disposing of Petitions, the Board do not consider the complaint preferred in this Petition to be deserving of Notice.—

Read

Fort St. George 26th May 1842

Read the following Letter.—

40

From the P.C. Collr of Salem.

To.
The Secretary to the
Board of Revenue
Fort St. George.

Sir,

With reference to the correspondence as per Margin, I have the honor to inform you, for the information of the Board, that the young Poligar of Shooligherry, accompanied by his Uncle, has been with me today, requesting that the management of the affairs of the Pollam may be made over to his charge- he has now entered his 18th year, having been born in April 1825, and is as capable, with the assistance of his Mother, of managing his lands, as he will be a few Months hence when he comes of Age; and his Uncle Soudenhully Gowdoo offers no opposition. I should not have thought it necessary to bring this subject so early to the notice of the Board, had not an Enmity sprung up between the Mother of the Poligar & his Uncle, but as this has existed for some

Letter to the Board dated 22nd September 1834.
From Dr. 6th October —
To — Dr. 21st April 1835.
From Dr. 4th May —

time;

Fort St. George 26th May 1842

time; and as she accuses him of mismanagement & misappropriation, I think it would be better to allow the young man to take charge at the commencement of a Fusly, as he will, before its end, be entitled, from his age, to assume the management of his Estate. Should the Poligar's request meet with the Board's approval, I shall lose no time in communicating the same to him, after the receipt of their orders.

Salem Zillah, Ofs. Dt. Coll. Cutchy. 14th May 1842.

/Signed/ J. D. Grieg
Princ. Collector.

Proceedings thereon.

40-41

The Sholighurry Pollium, it appears, has never been taken under charge of the Court of Wards; and the Board see no objection, under the circumstances mentioned in the foregoing letter to allowing the young Poligar, Verienna Gouda, to assume charge of it at the commencement of the ensuing Fusly.

2. The Board observe that the age of the young Poligar of Sholighurry was reported by the late Principal Collector to be "about 11 years," at the time of his father's death, which took place on the 2nd September 1833. accordingly, if this be the correct state of the case, he must have been of age upwards of two years.

29th Sept. in Cons. 6th October 1834.

The.

Fort St. George 26th May 1842

42

Proceedings Relative to the settlement of the Land Revenue of the Madura District for Fusly 1250.

Gross decrease Rs. 66,57-3-2.
Gross increase 27,29-14-4
Net Decrease 39,28-4-10

1. The Board proceed to take into Consideration the report of the Principal Collector of Madura upon the settlement of the Land Revenue of that District for Fusly 1250.

2. The season was generally favorable for Poonjah Cultivation, for the the early rains were scanty and occasioned a decrease in the extent of Poonjah Land brought under Cultivation - the abundant supply in October and November secured the Cultivators a rich harvest, particularly in the two Talooks of Tyempully and Maroongapoory.

3. The season was not so favorable for Nunjah, the late period at which the rains fell occasioned a decrease in this description of Cultivation, in all the Talooks except Tyemputty and Maroongapoory whilst from the entire cessation of rain after November the Crops were indifferent rendering extensive remission necessary and the Net settlement of the year Compared with Fusly 1249, exhibited a decrease of Rupees 39,228-4-10.

Fifth

4th- With the exception of a small portion of Dindigal, Athoor and neighbouring Villages, which was visited by fever, as detailed in para 3 of the Principal Collector's report, the District was particularly healthy - Mr. Blackburne observes "this fever Continues in a much "less violent degree, but the loss of ex "Revenue consequent is considerable "tho' not so much as was to be an te "cipated" The Board are not aware what particular Villages in the neighbourhood of Athoor may have been afflicted with this disorder, but on referring to the Collections from the Village of Athoor itself, it is seen that they only fall short by 15 Rupees of the Revenue of the preceding Fusly -

5. The cultivation of Rice "Lands" Mr. Blackburne remarks "was less, and the produce of what "was cultivated less than in the pre "ceding year, yet from the fine Crops "of Poonjah Grain and the abundant produce

"produce of the Rice Lands in all the "surrounding Collectorates the price is so "much less than it was in the preceding "Fusly and this double loss both by pro "duce and price is severely felt by the "Cultivator" the price of Grain in fusly 1250 as shown by Mr. Blackburne is lower than in fusly 1249, but it is seen that the price

	Price per Cullum 1245	1250.
Paddy	1-6-5	1-7-1
Cumboo	1-5-6	1-5-10
Cholum	1-3-11	1-4-4
Raggy	1-6-1	1-7-5

in fusly 1250 is higher than it was in fusly 1245 when the Revenue exceeded that of 1250 - In fusly 1244 prices exceeded all bounds, in the following year they fell on an average 47 per Cent in each de "scription of Grain. It is always to be regretted when the Current selling price of Grain falls so low as to trench on the legitimate profits of the Cultivator, but all Districts are alike subject to these variations, and after a succession of good seasons and particularly so one such as 1249. which has no parallel since 1234. low prices were to be expected

expected, there is no District however, which is likely to suffer so little as in Madura, where the leerwah upon the land is so low.

6. The Gross amount of the Jamanie settlement in the fusly under review amounted to 1131126 - or after deducting remission for perished Crops Vca. and other usual deductions the Net settlement of the Land Revenue under Jumanie was reduced to Rs 1019619 falling short of the Net Revenue of the preceding year by Rupees 39228-

Net Revenue
Fusly 1249 - 1058947 5.9
" 1250 - 1019619 - 0.10
Decrease 39328 - 10

7. The total sum allowed on account of remission for perished Crops in the fusly under review amounted to 26086, exceeding the amount allowed on this account in the preceding year by Rupees 16557- In para 6 of this Report Mr. Blackburne explains the principle on which remission has been allowed, but repeats in earnest terms his advocacy of the great advantage which he

Conceives

Minutes of Cons 11th November 1841.

conceives, would result from granting remission on all unproductive Wet Land Cultivated, without reference to the rest of the Ryots rent, Government having so recently declined to sanction any modification of the existing rules on this subject, the Board refrain from further remark except to observe that, in most cases, the relief granted under the present system will be found sufficient, and in cases where Mr. Blackburne may be of opinion that it is not, the Board will be happy to attend to any recommendation for an extension of the principle.

8. The only other item in the list of deductions which calls for any remark is Remission allowed to Brahmin Cultivation This Amount is small, being only Rupees 2190 or 195 less than the preceding year, but it would seem that the indulgence is not granted in the manner that was originally intended in the original Jummabundy

Chittah

Chittah account for the Village of Mungalum, transmitted by Mr. Blackburne, the first Ryot mentioned is a Brahmin Devakarien, he has only 2 Ploughs, but with these two Ploughs it appears that he Cultivated 29 Cawnies of Poonjah land and 5 Cawnies of Nunjah total 34 Cawnies, upon the Nunjah Cultivation no Minaha or remission is allowed, but upon the 29 Cawnies of Poonjah he has been allowed 23 per Cent remission or 20 Rupees. It seems quite impossible that this individual could have brought under Cultivation by means of the agricultural Stock mentioned at the Head of the Account Viz.t 2 Ploughs so large an extent of land as 34 Cawnies and as this 23 per Cent remission to Brahmens is declaredly given only for Cultivation carried on with their own means and not the other Ryots, seems enquiry

enquiry would seem called for with a view of restricting the remission to the terms upon which it was originally allowed. Five Cawnies it is observed, are deducted on account of "Ryots Cultivation" leaving the amount as above stated 34, on account of "Pahajunum Cultivation", but the Board cannot but think that a much larger deduction ought to have been made on account of "Ryots Cultivation" and they are the more confirmed in this opinion from Devakarien being one of the Monegars of the Village.

9. The total settlement of the Land Revenue of the year, Ryotwar, settled Zemmindaries, unsettled Zemmindaries and Hill rents Amounts to Rupees 1,74,312 - to which being added the Amount of Extra Sources Rupees 63,660 raised the total Settlement of all branches of Revenue for the year to Rupees 2,38,072, the whole of which, with the exception of Rupees 331 on Account

of

of the Restrench of the Calamnutty Estate under management was collected within the fusly, a result reflecting the highest credit on the Officers who have had the management of the District.-

10. In Para 8 of his Report Mr Blackburne has drawn a Comparison between the outturn of Fusly 1250 in the 3 Taloks composing the Madura Division and the Collections from the same Taloks in the 5 years of the Nabobs' Management immediately preceding the Assumption by the British Government, and this result, shewing that the Revenue has been more than doubled, is a very gratifying instance of the benefits of British Rule. There can be no doubt that the causes which Mr Blackburne has detailed in the conclusion of the above Para operated with full force to keep the District in the depressed state in which it has been described, and that as soon as the effect of the British

British influence was experienced it began gradually but steadily to emerge from its state of depression. For the first five years after the assumption the District was necessarily unsettled, the first year, Fusly 1211, it was rented, in the second a Permanent Settlement was attempted to be introduced and failed, and in the same year and two following years the survey was going on and completed. It was not till Fusly 1215, it may be said, that the Circar demand on the Land was fixed and limited, and from that date the District began to prosper in that and the five following years, we find the Revenue as shown in the Margin nearly averaging, if the Devastanum Revenue be deducted the amount of Collections in the last five years, from Fusly 1245 to 1250, both inclusive.-

Fusly 1215	10,59,754
" 1216	10,48,970

observations to more clear the Board will select the details of Field No. 53 as entered in the Margin. This field, it is observed, is cultivated by 10 Individuals, and tho' the proportion cultivated by each is exhibited, it

It is no where shewn what the total extent of the field is, it is essential that this should be specified in order that it may be seen what portion, if any, is left waste. It is observed further, that three descriptions of Cultivation are carried on in the same field, Nunjah, Nunjahmel-Poonjah, and Poonjah- that the first description is classed as 3d term paying 3 C F per Cawny, the second description also classed as 3d term but paying 1 - 8¾ C F per Cawny, and the third description classed as second term paying 5 Parahs 5 per Goontah- It is difficult to believe that in the survey accounts any one Field will be found to contain two distinct descriptions of Land so totally different, and so variously assessed. if such a variety of soil existed at or near the same spot it would have been doubtless classed as such and each class entered as a separate Field, and the Board will be glad to learn under what authority this deviation has been permitted, and how it has happened that in the same Field three rates of Jeerwah are paid, & whether these

these rates are permanent or temporary.
The great portion of the Field would appear
to be Nunjah, and applying the principle
Para 13. laid down in the Boards' Proceedings upon
the settlement of Fusly 1243 in reply to cer-
Para 7. tain questions put by Mr. Blackburne
in his report upon that Fusly, Nunjah
Seerwah would seem to have been fairly
leviable upon the whole Field. The Board
would be glad to learn whether any provis-
ion of the Hookumnamah authorizes a
deviation from this principle in the Dis-
tricts where, as in Madura no Meerassy exists; it is not
usual for so many as ten persons to cultivate a wet
field measuring apparently, little
more than 2 Cawnies, and they will
be glad also to be informed of the system
under which this practice is allowed.

13. Statement 12. referred to in
Para 14th of Mr. Blackburne's report, exhibits
the settlement of the Culamunthay Estate
for Fusly 1250 under management, in a
comparision with Fusly 1249. shewing
a decrease of Rupees 773 consequent on
demanding

demanding the full survey assessment
instead of continuing the Management
by light rent as followed by the late
Proprietor before his abandonment of the
Estate. "It is under the Sub Collectors Care"
Mr. Blackburne adds, "and I shall not
"be prepared to give an opinion upon its
"capabilities and the causes of its great in-
"deficiency below the survey Estimate, for a
"couple of years to come." The object of taking
the Estate temporarily under Circar manage
with a view if necessary to reduce the Amount
of Peishcash and the Board have no desire
to hurry Mr. Blackburne towards an expres-
sion prematurely of his opinion, but when a
statement of the settlement of this Estate is
submitted to the Board which shews a
falling off of no less than 6,651 Cawnies in
the Dry Cultivation it seems to the Board that
some further explanation was needed than a
more general one that such was occasioned by a
return to the full assessment. If 6/8ths of the
Cultivation in the Zemindars time has been left
waste by the Ryots who usually cultivated it
because

Fort St. George 26th May 1842.

because the Taxes were raised. It would be satisfactory to know what has become of them and how they are supported, whether there was any suspicion that such was the result of a combination of the principal Ryots and whether any efforts were made to get other Ryots to undertake the cultivation. The Board will be glad now to receive this information and at the same time they request that accounts of actual cultivation/escheating also the Ayacut of each description of Land/and produce may be obtained for the last 10 or 12 years and the result of this series compared with the Bereize upon which the Peishcush was fixed.

14. No particular remark seems to be called for upon the state of the Rammad Zemindary the Principal Collectors Report upon the Settlement of Shevagungah has been separately considered.

15. The Board notice with much satisfaction and have much pleasure in bringing the same prominently to the notice of the Right Honorable the Governor in Council the very favorable terms in which Mr. Blackburne writes of the Sub Collector Mr. Davidson and the Head Shoristadar Shashageray Row.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Principal Collector of Madura for his information and guidance.

J.G.

Read

Read again letter from the Principal Collector of Madura dated 4th and entered in Consultation 13th September 1841.

Ordered that the following address be submitted in consequence.

To The Chief Secretary to Government

Sir

43

To the Chief Secy to Government. Submitting a letter from the Principal Collector of Madura affording explanation upon certain points referred to in the Board's Proceedings upon the Settlement of that District for Fasly 1249 and offering explanation in reference to certain pencil Remarks which had been made on the face of that paper in its progress in Circulation and accordingly left unobliterated when that document was returned to Mr. Blackburne. Dated 13th Sept. 1841.

I am directed by the Board of Revenue to request you will lay before the Right Honorable the Governor in Council the accompanying original communication dated 4th September last, affording explanation upon certain points referred to in the Board's Proceedings upon the settlement of Madura for Fasly 1249.

This explanation was originally appended to Mr. Blackburne's Report upon the settlement of Fasly 1250 forming Paras 22 to 28 of that Document, but the Board considering it desirable that it should be submitted in a separate form, returned the Report which had been in circulation among the Members for the purpose of having these Paras taken out and forming the subject of a separate letter. Mr. Blackburne accordingly returned

returned the identical Paras with 4 additional ones in the manner proposed

3. It was the wish of the Board to have submitted this communication to Government by itself, immediately on its receipt distinct from the Report upon the settlement of Fasly 1250, but certain pencil remarks which had been made on the face of that Document on its progress in Circulation and accidentally left unobliterated having attracted Mr Blackburnes notice rendered it necessary that the two communications should be laid before Government at the same time.

4 The Board's Proceedings on the settlement of Fasly 1250 which have been unavoidably delayed are forwarded to Government this day and the two it is hoped may be taken into consideration together.

5 The Board regret that any hasty remarks written upon a Document in the course of circulation, which were never intended for record and ought to have been effaced before it was sent out of their

their Office, should have ever met Mr Blackburne's eye and given him occasion for the smallest annoyance. they readily assure him that none such was intended.

6 The enquiry made at the conclusion of Para 9 of the Board's Proceedings on the settlement of Fasly 1249 was suggested by the following passage in Mr Blackburne's report. "The increased remission of 50 Rupees for Runjah Para 10 Clause 7. "Cowle is for a new one granted in "Jyempilly for conversion of Runjah "into Garden Land" the Board were led from this passage to the belief that Runjah land assessed at a high Teerwa had been given on Cowle and converted into Garden. it would seem from Mr Blackburne's explanation now furnished that such is not the case.

7. The Board refrain from any observation upon the explanation offered

offered in Para 24.-

Revenue Board Office,
Fort St George
26th May 1842.

(Signed) R. J. Porter
Sec.y

Read again two letters from the Principal Collector of Madura dated 15th and 19th February and entered in Consultation 10th March last.-

(44)

Pro-ceedings Submitting with reference to Paras 2 and 3 of an Extract from the Minutes of Cons.n dated 3rd Dec.r last, a letter from the Pr. Collector of Madura offering suggestions in regard to certain measures proposed to be adopted for the withdrawal of all interference on the part of the Govt. Servants in the management of the Religious Institutions in his District with the Board's sentiments on the subject.-

Resolved that the foregoing letter be submitted for the information and orders of the Right Honorable the Governor in Council with reference to Paras 2 and 3 of an Extract from the Minutes of Consultation dated 3rd December last.-

2. Adverting to the suggestions offered in the Board's letter to Government dated the 21st October last in regard to the arrangements which might be made for the future management of religious establishments supported by endowments of land, the Principal Collector observes that he is "aware of no objection to an average of "Revenue being taken for these lands, and an "equivalent in Money given," and he anticipates that such a proposition would be acceptable

to

to the proposed superintendants.-

3. The Board entirely agree with the Principal Collector as to the preference which should be given to an arrangement of the above description over that of handing over the lands themselves to the parties to whom the management of the different institutions may be committed, but pending the reference which has been made upon the subject generally to the home authorities, they would recommend that the Principal Collector may be authorized to proceed in the manner suggested at the conclusion of Para 3 of his letter above recorded - Viz.t by retaining the lands as at present under Government superintendance and making over the proceeds to the selected Superintendants.-

Para 4.-

4. In regard to the Sheva-gunga Pagodas, the Principal Collector it appears still advocates their retention in his charge until the successful claimant to the Zemindary is named but as this might cause the execution of the Courts orders to

be

in Cons. 21st Octr 1841.

From Govt 31st Jany in Cons 14th Feby 1842. Para 2.

be deferred to an indefinite period, and as moreover the proposition to this effect, contained in Mr Blackburnes letter of the 6th October last has been overruled by Government, the Board think that he cannot do better than adopt the alternative proposed in his present report, and make over these Pagodas to the Management of the individuals mentioned in Statement No 1. by name Kistna Row and Soobramoney Pillay whose selection to fill the Office of stipendiary Trustees, appears to be unobjectionable.

5 The Board would also suggest, with the view of making the withdrawal of all interference in the Management of Pagodas on the part of the Circar Servants as complete as present circumstances will admit of, that the Management of the Peramalay Devastanums or Shevagunga, should be restored to the head of the Tiruvanamalay college or

pt 2099 of 1841. In Cons. 14th Feby 1842.

or Audeenum from whose agent they were resumed. The title of the abovementioned Superior to the Office of Superintendant, as set forth in the Petition which accompanied Mr Chamiers letter of the 31st January last, does not appear to be questioned; the attachment of the lands having been ordered in consequence of the Principal Collector being dissatisfied with the Management of

of his deputy the Pundarum in charge.

Resolved that the Petition alluded to in the — 1st and 2nd Para be returned to Government for disposal together with Mr Blackburne's letter upon the subject dated the 19th February 1842.

In Cons. 10th March 1842

Read the following letter.—

To

To The Secretary to the
Board of Revenue
Fort St George.

(45)

Sir,

From the Coll. of Tinnevelly — Reporting the death of the Zemindar of Attengary in the Tinnevelly District — and the arrangement made in — Consequence for the management of the Estate. To the Board 20th Feby 1838 From Do. 5th March 1838.

Para 1. I have the honor to report the death of Coomarah Pethanah Naicken, the Zemindar of Attengaray in this — Province. This event took place on the 20th December 1841. The deceased Ze- =mindar was a young man who succeeded his father only in 1838, under the — sanction of the Board noted in the Margin. The annual Peishcush of this Zemindary is Rupees 3500 and there is no arrear against it. The mother, in reporting her son's death, stated that Coomarah Pethanah Naicken died leaving two young widows and without issue, that the widows were well provided for (according to the custom of her caste) by the alienation of 3 Cottahs of wet and 25 Chauns of dry land for their support, and she prayed her youngest son Choellinga Pethanah

of his deputy the Tundarum in charge..

Resolved that the Petition alluded to in the foregoing Para be returned to Government for disposal together with Mr Blackburnes letter upon the subject dated the 19th February 1842..

Mem. 10th March 1842

Read the following letter..

To

L.G.B.

To The Secretary to the
Board of Revenue
Fort St George.

(45)

Sir,

From the Coll.r of Tinnevelly
Para 1.
Reporting the death of the Zemindar of Attengary in the Tinnevelly District and the arrangement made in consequence for the management of the Estate.
To the Board 20th Feby 1838
From Do 5th March 1838.

I have the honor to report the death of Coomarah Pethanah Naicken, the Zemindar of Attengaray in this Province. This event took place on the 20th December 1841. The deceased Zemindar was a young man who succeeded his father only in 1838, under the sanction of the Board noted in the Margin. The annual Peshcush of this Zemindary is Rupees 3500 and there is no arrear against it. The mother, in reporting her son's death, stated that Coomarah Pethanah Naicken died leaving two young widows and without issue, that the widows were well provided for (according to the custom of her caste) by the alienation of 3 Cottahs of wet and 25 Chauns of dry land for their support, and she prayed her youngest son Chocklinga Pethanah

Pethanah Naicken, who is 13 years old and of the family, might be recognized the Zemindar of Attengary. I have ascertained through the Tahsildar, that the statement of the mother is correct, and that the 2 widows are content with the allotment made for their subsistence, and they agree to the succession of their Brother-in-law to the Estate; to this effect the widows have also addressed me an Urzee. Under these circumstances I beg to recommend that Chockalingah Pethanah Naicken the younger Brother of the deceased Zemindar may be acknowledged the Zemindar of Attengaray and in consequence of his being only 13 years of age that he and the Estate be taken under the protection of the Court of wards, and continued under the Circar management during his minority, which will expire in November 1847.-

2 Having ascertained from enquiry, and satisfied myself by personal examination of them, that the relations of the Zemindar were not qualified either by education

education or character, to manage the Estate during his minority, and that it would be beneficial to his interests that it should be assumed, I deemed it expedient to take the Estate under my control in February last.-

3 The property, consisting of Gold and Silver, Jewels, Brass Utensils &c. of the Minor, was carefully examined and an inventory of the same taken by the Tahsildar and lodged in his Cutcherry: the Jewels amounting to Rupees 2,311 are deposited in the Huzzoor Treasury as also the sunned Istemrar.-

4 According to a rough Estimate sent in by the Ameen, the Revenue of Attengaray for the current Fusly 1251, may be expected to be Rupees 9384. and after deduction on account of alienation of land to the Zemindar's relations and Maniems, the net Revenue Rupees 8,246. I have, consistent with this prospect, made out Estimates of the expenses for the subsistence of the Minor and family, and for the management of the Estate

Estate and private farm, the former amounting to Rupees 705, and the latter to 67½ Pagodas per annum. Statements Nos. 1 to 4, explanatory of the same are submitted, and I request the sanction of the Court for the disbursement of these sums from the annual Revenue of the Estate.

5.

With reference to the Boards Circular letter dated 20th December 1841, conveying the wishes of Government respecting the proper education of the Courts Wards either by providing them instructions in the Provinces, or by sending them to the University at Madras. I purpose shortly to remove Chockalingah Pethanah Naiken, the minor, from the Zemindary to the Town of Tinnevelly, for the purpose of placing him at the English and Tamil school supported by Poolochenum Mondaliar, and under the immediate superintendence of an English School Master. The Minor is at present more backward in education

education than other boys of his age, and if longer left to the sole care of his prejudiced and illiterate relations, will, when he becomes of age, be no better able to manage the affairs of his Estate than, as I have above remarked, I consider his relations now to be.

Tinnevelly Trichendoor 5th May 1842 } Signed H. C. Montgomery Collector.

Statement.

28th May 1842.

Collector

Ordered

Fort St. George 25th May 1842.

Ordered that the following address be submitted in consequence to the Chief Secretary to Government

(45-46)

To the Chief Sect. to Government

Submitting a letter from the Collector of Tinnevelly reporting the death of Coomara Pettanna Naiken Zemindar of Attengherry in that District stating that the deceased having left no issue the Estate descends by inheritance to his younger brother Chockalinga Pettanna Naiken a minor & requesting authority for the Zemindary under the Board's charge & their exemption of Court of Wards.

Rec'd 2nd Sect. to Govt. 31st May 1842.

Sir

I am directed by the Board of Revenue to request that you will submit for the information and orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Tinnevelly reporting the death of Coomara Pettanna Naiken Zemindar of Attengaray in that District which took place on the 20th December last.

2. The deceased having left no issue, the estate descends by inheritance to his younger brother Chockalingah Pettanna Naiken a Lad of 13 years of age whose title to succeed to the property appears to be undisputed.

3. The Collector reports that having ascertained to his own satisfaction that the relatives of the minor are not qualified to manage the Zemindary he had assumed charge

of it pending the present reference and the Board, agreeably to his recommendation request, with reference to Section II Regulation V of 1804 that the sanction of Government may be granted for taking the Zemindary under their charge in their capacity of Court of Wards.

Fort St. George 25th May 1842.

The annual Peishcush payable on the Attengaray Zemindary is Rupees 3,600 & the gross amount expected to be realized from the property for the current Fusly Rupees 9384.

Read again letter from the Principal Collector of Coimbatore dated 16th February and entered in Consultation 10th March last.

Ordered that the following address be submitted in consequence to the Chief Secretary to Government

(47)

To the Chief Sect. to Govt.

Submitting a letter from the Principal Collector of Coimbatore detailing the measures proposed by him for

Rec'd 2nd Sect. to Govt. 31st May 1842.

Sir

I am directed by the Board of Revenue to transmit the accompanying letter of the Principal Collector of Coimbatore detailing the measures proposed by him with

Fort St. George 26th May 1842.

for the with-drawal of the interferences of the officers of Government with the Native religious Institutions in that District, with the Boards sentiments on the subject.-

with reference to the Native Religious Institutions of his District.-

2 These, it will be observed Mr. Wroughton passes under three heads- 1st, the petty Village temples six in number 30 ½ supported by small Enams of land enjoyed by the Poojaree as a hereditary right, the aggregate of which yields a Revenue of 3583 Rupees and which having never been subjected to interference will remain undisturbed.-

3- The second class comprehends

Collections of 1750 Fasly 63029-2-4 113 Establishments in

Deduct Charges ——— 25876-1-9 the Southern division of the

Net Revenue ——— 36153-.-7 province deriving an income

of Rupees 36153-.-7 landed endowments managed entirely by the Officers of Government- In the 3d description are included about 19 Pagodas distributed among 60 Villages of the Northern Talooks, each Village receiving a consolidated allowance in money /hundeeks/ for the number of shrines it contains, the aggregate of which amounts to Rupees 53053-3-.

4th The temples included under the two latter heads are generally of a superior description to those of the first class, but except that their Revenue is derived from different sources, there is no other

Fort St. George 26th May 1842.-

other difference between them- Mr. Wroughton therefore has adopted similar arrangements for the whole, the details of which are shewn in the Statement No 3 that accompanies his report- These appear to be judicious and satisfactory- The parties selected for trustees are the hereditary Pagoda servants, the Village Officers or respectable Inhabitants- By referring to the 4th Column of Statement 3 it will be seen that in a large proportion of instances, single individuals only have been selected to serve as trustees, and it may be questioned whether a larger number would not have been better adapted to ensure the objects in view- But as the parties named seem to have been chosen with much care it appears unadvisable to propose an additional num- Of the two plans proposed for supplying vacancies in those num, appointed, the Board consider that the second that of leaving the election "to the community to profiting- "the tenets of the particular in- "struction" to be decidedly preferable particularly where, as in the instance of a single trustee, the minority or incapacity of a hereditary

manager

Fort St. George 25th May 1842.

manager would expose the property to certain damage.

5th The functions and responsibilities with which it is proposed to invest the Trustees in Para 7 and to be regulated by the provisions of the General Trust Deed to be incorporated with the proposed future Enactment already submitted to Government.

5 Mr Wroughton in the 2nd Para of his letter noticed several instances of lands granted to Village temples which from the decay of the Shrine or other cause are no longer required for the purpose of their original endowment. These the Board are of opinion should be considered as escheat and be incorporated with the Government lands.

6 The case of the Surplus revenue of the larger Pagodas is somewhat similar. That arising from the Landed property amounted in 1839-40 — 15 — 10 and that from Tinnevelly in 1839-40 — 13 — 10 and in both instances it has accrued from the circumstance of the total annual allowances having been considered as a General fund for the support of the whole number of temples according to their several occasional assignments and not as due in any specified proportions to particular Pagodas Mr Wroughton notes the share to which each would be entitled should it be determined to distribute the whole at a rate per centum on the actual expenditure in each case which the conventional and arbitrary one appears to be the only feasible plan. This point however has been reserved for future decision.

Sir

Recommending for sanction an addition to the present Establishment of the Salt Tannah at Mahkokal in Barcoor

I have the honor to report on the Extra Sources of Revenue for 1250, I stated that an application would be separately submitted for an addition to the Establishment of the Salt Tannah at Mahkokal in the Barcoor Talook.

2 The Sales at this Tannah on its first establishment were estimated at 60 Garce per annum but experience has shewn that the annual sales will not be less than 150 Garce. This increase is to be attributed to the complete state of repair in which the Agumbe Pass has been placed and the easy passage in consequence afforded to Laden Cattle. The proposed repair of the road from the foot of the Ghaut to the Coast at Coolipy, which will admit of Goods being transported

Fort St. George 26th May 1842

transported in Carts along the whole line, will no doubt lead to a still greater increase in the sales of Salt at this Tannah.

3 The increased sale of Salt has occasioned a Corresponding increase in the duties required of the Silledndy, which as at first sanctioned, is found utterly inadequate for the preparation of accounts and for conducting the sales, as well as for the protection of the Salt in store at the station I have, therefore, the honor to request that Sanction may be obtained for an addition to the present Establishment at the rates proposed in the margin, which have been fixed on the lowest scale, consistent with an efficient discharge of

	Present Establishment		Proposed addition		Total	
	No.	Rs. a. p.	No.	Rs. a. p.	No.	Rs. a. p.

	4	19 "	4	23 "	8	42 "

Fort St. George 26th May 1842

of the duties required to be performed. —

4 I beg leave here to observe that this Tannah was recommended in lieu of one abolished at Malapoor as in which where the Sales did not equal 50 Garce per annum, while the Silledndy was 28 Rupees per mensem. Out of that sum 19 Rupees only were recommended for the new Tannah at Malhokal; so that the actuale addition now requiring Sanction in excess of the Charge for the Malapoor Katie is only 9 14 Rupees per mensem, which will not I should hope be considered as excessive when the amount of Revenue from the increasing sales is taken into consideration. —

5 The estimate for the erection of a second Katey at Mahbakal was forwarded for the Board's sanction through the Civil Engineer of the division on the 11th February last. —

Revd Collre Cutcherry

Proceedings thereon. Para 1 Ordered that the foregoing letter be submitted for the consideration and order of the Right Honorable the Governor in Council with reference to Para 4 of an Extract from the Minutes of Consultation dated the 21st February last.

2 The Board recommend that sanction may be granted for the increased establishment proposed to be employed at the Salt Tanah of Mabbakul in the Barcoor Talook the total amount being Rupees 42 per mensem or Rupees 23 in excess of the amount hereto fore expended.

3 The Principal Collector observes that it has been found that the sales of Salt at this Tanah which at its first Establishment were estimated at 60 Garce only, will not be less than 150 Garce, and that they may be expected still further to increase when the repairs of the road from the foot of the Ajumba Ghaut to the coast at Codipy shall have been completed.

4 It is observed that the amount of the establishment now proposed, is only 14 Rupees in excess of that which was sanctioned for the Tanah lately abolished at Mutupoor in Arkola where the sales did not exceed 80 Garce per annum.

6576

Fort St. George 26th May 1842

Read the following letter —

To The Secretary to the Board of Revenue Fort St. George

58

From the Collr. of Malabar

Sir, It has been the custom since Polygar round was a Military Bazar Station to levy a tax from the shop keepers in the Bazar for the purpose of keeping up an Establishment of Sweepers. The tax has been levied in that much discrimination or impression, and is one that, as on other accounts objectionable. I propose with the sanction of the Board to abolish this practice, and in its place impose a Monthly Assessment on all the Bazars and Shops that can fairly bear it a deduction may be made from the amount thus realized to pay the establishment as necessary to sweep the Bazar and the surplus debited to the Government account. I propose that the tax be levied on the same principles that obtain in similar cases in the low Country, but I think it very desirable with reference to the peculiarities of the Hills that it be fixed at a considerably lower rate — that it be fixed at a considerably lower rate — Perhaps one half of that levied in the Coimbatore District may, for the present at least, be considered sufficient at this as shewn by the enclosed comparative statement there will be a surplus for Government after paying the expense of the sweeping establishment of Rupees 537 – 15 – 4

To The Collector of Malabar

To the Coll.r of Malabar --- Sir,

In Cons.n 26th May 1842

With reference to your letter of the 6th Instant, I am directed by the Board of Revenue to request that you will inform them what is the amount of tax at present levied from the shop-keepers in the Bazaar at Cotacamund, and whether the whole or any portion is expended for the purpose of keeping up the establishment of Sweepers for which it is stated to have been originally intended.

The Board would also wish to learn how long the tax has been collected and under what authority it was first imposed.

Revenue Board Office, Fort St. George, 26th May 1842 ---

I have &c.

Proceedings Relative to the Settlement of the Land Revenue in the Collectorate of Madras for Fusly 1250 -

22nd Oct.r 28th October 1841 -

52

Fort St. George 26th May 1842 -

Read the following letter from the Acting Collector of Madras, containing his report upon the result of the Land Revenue Settlement of that Collectorate for Fusly 1250 -

The Demand, Collection and Balance on account of each item included in the Land Revenue Settlement are exhibited in the subjoined abstract Statement -

	Demand	Collection	Balance
Choultrium	210 " "	104 10 2	105 5 10
Houses and Gardens occupied	40,598 6 6	38,093 " 2	2,505 6 4

		Total Remissions	92 15 11

Rs

Demand	Rs	A	P
Fusly 1249	62572	15	5
1250	62255	10	8
Decrease	317	4	9

Paras 2.

2. In the total current demand shewn above, there is a decrease of Rupees 317- 4-9- as compared with the Settlement of Fusly 1249, which appears to be owing to the relinquishment, in Fusly 1250, of certain lands which had been under cultivation in the preceding year, but had not turned out so productive as was expected. The

Collections	Rs	A	P
Fusly 1249	57831	1	4
1250	57573	10	8
Decrease	257	6	8

Current Collections in Fusly 1250 exhibit a decrease below those of the preceding year, of Rupees 257- 6- 8-

3- Of the demand on account of Houses and Gardens occupied and Paddy fields under cultivation, which amounted in the aggregate to Rupees 52534- 7- 9- Rupees 47381- 1- 8 were recovered within the year, leaving a balance of Rupees 5153- 6- 1. outstanding - Of this, it appears from Statement E that remissions have been sanctioned, amounting to Rupees 92- 15- 11- leaving still due, a sum of Rupees 5060- 6- 2- as shewn in the Margin - a portion of which is attributed to accidents of season, and a portion to the reduced circumstances of

Houses & occupied 2502- 12- 4
Fields of Cultivated 2557- 9- 10
5060- 6- 2.
Para 5.

some

some of the Defaulters, in whose case a warrant of Distraint could not have been successful.-

Para 6.

4- The Current demand on account of Assessment on Houses unoccupied, and Paddy fields in a state of only partial productiveness amounted to Rupees 2357- 5- 8 - On account of the first of these items, which amounted to Rupees 1777- 3- 2. Rupees 23- 4- 7- only were realized within the year - and the demand on account of Lands partially cultivated which amounted to Rupees 579- 13- 6. remained still uncollected at the close of the Fusly, the balance standing in the Accounts under these heads being thus Rupees 2334- 1- 1-

Demand - 2357- 5- 8
Collection - 23- 4- 7-
Balance 2334- 1- 1-

5.- With reference to the papers noted in the Margin, it is observed that no Bills for waste Lands have been issued in the Fusly under review, but the Acting Collector reports that 52 applications had been made for the reduction of Quit Rent on similar Lands which are under enquiry and will be noticed in the report for the current year.-

From the Coll.r 3d Inst.t 12th Oct.r 1840 Para 7
Proceedings 22d July 1841 Paras 11 & 13.
From Govt 9th Inst.t 23d Augt 1841 Paras 5 & 7.

The

6

Para 8.

The demand on account of ground rent, for Fusly 1250, was Rupees 7153 13- 3. of which Rupees 4064 - 10 - 3 were brought to account within the year, the balance then outstanding under this head being Rupees. 3089- 3—4.-

7-

Para. 11.

The collections within the year on account of arrears of former Fuslies amounted to Rupees 3891 - 12 - 6 being Rupees 403 - 7 - 4 in excess of the amount realized on the same account in the previous year, and raising the gross Collections of the Fusly under review to Rupees 55,465 - 7 - 2 being Rupees 146 - 4 - 4 above the gross Collections of Fusly 1249.-

8

Para 14.-

Inclusive of the arrears outstanding at the close of Fusly 1249, the gross demand for the year under review amounted to Rupees 1,47,394 - 6 - 8 from which after deducting the gross collections of the year noticed in the foregoing Para and authorized remissions amounting to Rupees 513 - 13 - 3, there will remain as a balance Rupees 91,415 - 2 - 3 the remission of the sum of Rupees 62,785 - 2 - 11 alluded to in Para 14 of the present report, which was sanctioned by Government under date the 29th November last, reduces this balance to the sum of Rupees 28,629 - 15 - 4.-

	147394-6-8.	
Collections -	55465- 7-2	
	91928-15-6	
Remission -	513-13-3.	
Balance	91415-2-3.	

In Cons. 13th Dec 1841		
Balance	91415- 2-3	
Remitted by Govt 29 Nov 1841	62785- 2-11	
	28,629-15-4.	

The

9-

Para 15

The gross amount inclusive of "extraordinary collections" shewn by the Summabundy Statement to have been realized in Fusly 1250 was Rupees 60,025- 15- 2. and the charges amounting to Rupees 17,745 — 1 — 11. being therefrom deducted, there remains a net revenue derived from Land, of Rupees 42,280 - 13 - 3 which excluded the net revenues so realized in Fusly 1249 by Rupees 424- — — 5.-

10-

From the annexed abstract Statement which shews the collections of the extra sources, as well as the ordinary Land Revenue collections for Fusly 1250. it appears that there was a net decrease of Rupees 15,223 - 7 - 4 - under all heads collectively.-

Extract from the Minutes of Consultation,

Under date the 21st March 1842 -

Read the following Extract from the Proceedings of the Court of Foujdaree Adalut,

From Sec'y to Govt &c. - Transmitting an Extract from the Proceedings of the Court of Foujdaree Adalut on the half yearly Criminal Reports for the resolutions of Government thereon -

Forwarding the half yearly Criminal Reports for the 2d half of 1840. (Here enter 20th Dec. 1841. No 2084.)

Para 7 ... Adverting to the great number of cases of Housebreaking by night which are shewn to have occurred in the District of Masulipatam during 1840, of which the greater portion were committed in the Town of Bunder, and to the very few instances in which detection ensued during it

T 21 Para 29

T 7

is stated, to the peons intended to assist in the supression of these Acts, being constantly employed in escorting Treasure to Ellore and Condapelly for the payment of the Troops at those Stations. His Lordship in Council resolves to draw the attention of the Board of Revenue to the same, with a view to their suggesting some mode by which the system in question, so injurious to the community may be amended. X

9. His Lordship in Council is of opinion, with the Court of Foujdaree Udalut, that the observations of the Magistrate and Joint Magistrate of South Arcot, in respect to the improvement of the Village police, in that district, are deserving of serious consideration, and accordingly resolves to transmit a copy of Para 12 of the Magistrates and of Paras 12 and 13 of the Joint Magistrates report to the Board of Revenue, with a request that they will call for such further information, as may appear to be requisite, and submit the same, with their sentiments, at as early a date as possible. The subject of the Cuttaudy Enams noticed by the Joint Magistrate, appears to require the strictest scrutiny.

scrutiny.

13. A Copy of Para 8 of the report of the Magistrate of Trichinopoly giving an account of the refusal of the Main Cavilgars to accept compensation from Government in lieu of their fees, which have been resumed; the discontent which the latter measure has occasioned, and the universal dread in which these people are held by the inhabitants, who accordingly still continue to purchase their forbearance, will be forwarded to the Board of Revenue, who will be pleased with reference to the former orders of Government, to submit without further delay the measures they propose to adopt for the improvement of the Main Cavil system and the Village police generally.

+ See Mins-Cons 9th March 1841

19 His Lordship in Council notes the observations of the Foujdaree Udalut relative to the magnitude of the evils arising from the present system of the monopoly by Government of the sale of Tobacco, which appears to be still more objectionable from the bad quality of the article supplied, when far better is to be procured at hand, and being of opinion that no time should be lost in putting an end to this hardship, he desires that the Board of

56-57

Revenue

Extract

Fort St. George 30th May 1842.

No. 208. A

Extract from the Proceedings of the Foujdaree Adalut under date the 20th December 1841.—

Northern Division
Masulipatam.

29 The Magistrate of Masulipatam in alluding to the number of Cases of House-breaking by night which occurred during the year under review, Viz. 121 and to the fact of "the parties concerned in only 7 of those cases having been apprehended" states, that no exertions on his own part, or on that of his Head Assistant, have been wanting in improving the means of detecting, as well as preventing crimes, but that he is sorry to say that the Peons in the Town of Bunder, where the greatest number of Burglaries occur, are often liable to be taken away from their proper duties, by the necessity under which he has been placed of employing them as Guards, escorting Treasure to Ellore and Condapully for the payment of Troops at those stations, and it appears to him, that either the present system of forwarding money should be altered by the substitution of Military Guards, or the number of Peons attached to the Bunder Division should be increased.—

The

35 The observations of the Magis-trate and Joint Magistrate of South Arcot in respect to the improvement of the Village Police of that District are deserving of attention, — but the subject has been so frequently brought to the notice of Government, and by that authority to the notice of the Board of Revenue that the Court of Foujdaree Adalut do not deem it proper to make further allusion to the subject on the present occasion

45 The subject noticed in para 8 of the Magistrates Report (the Mencavil-system) is matter for the consideration of the Board of Revenue and of the Government —

Western Division Malabar —

56 The Report of the Magistrate of Malabar does not appear to call for — remark from the Court of Foujdaree Adalut, but the Joint Magistrate of the District, in the 12th para of his Report, has again called attention to the prevalence of Tobacco — smuggling he states that "the Tobacco sold by Government continues to be of the same wretched quality, and infi-nitely inferior to that which can be procured at — Mohe" and that he is firmly persuaded that "the vile quality of our Tobacco both diminishes the revenue, and causes great and General dis content. —

57 The sentiments of the Court —

of

of Foujdaree Adalut on this subject are already before Government, and will be found detailed in para 70 and 71 of their — Proceedings of the 31st December 1840 and notwithstanding the remarks of the Govern-ment in para 24 of the Minutes of con-sultation of the 9th March 1841, the Court of Foujdaree Adalut respectfully, but earnestly press upon the notice of Govern-ment the hardship thus entailed upon the community, and the effect this importation of inferior Tobacco must have on the smug-gling of a better kind into the District, for which the French settlement of Mahé affords such facilities. —

59 The remarks of the Magistrate, relative to an increase in the number of Village Peons to assist the Heads of Villages, and the remarks of the same Officer in support of the measure proposed by the Acting Additional Joint Magistrate of increasing the Police Establishment of the Town of Mangalore, are subjects for the consideration of the Board of Revenue, — and referring to para 16 of the Magistrates Report the Court of Foujdaree Adalut, con-clude that the matter is already under

the

the consideration of that Board, as the Court of Foujdaree Udalut have not been addressed separately by the Magistrate on the subject.—

Extract from a Report of the Magistrate of the Southern Division of Arcot to the Judges of the Provincial Court Centre Division Dated 20th March 1841

Salaries

12 I have brought to notice in former reports the distressed and ill remunerated state of the Salaries in this district, convinced as I am that the majority of crimes and misdemeanours which swell our yearly Reports, are to be attributed to the inefficiency, I had almost said, non-existence of the Village Police. I much regret that measures have not been taken to place this useful class of Village Officers on a better footing, and one more compatible with their deserts; until such improvement is made, I entertain no hope of any decided amelioration in the Police system. I cannot dismiss this subject without referring to the Village Moonsiffs. These appointments it is true are sought after with some degree of eagerness - yet are in many instances from the difficulty of selection, filled by men totally unsuited to, and incapacitated by ignorance, from a due discharge of their duties. Considerable pains have been taken for some time in the

the Choice of persons to fill these offices; they have been invariably examined and approved of at the Hoozoor before appointed, and furnished with a Copy of the Regulation more particularly applicable to them, and also made acquainted with its contents before dismissal to their Villages; and I am in hope that a slight improvement both in wealth and intelligence is now to be found among this body. I need scarcely inform the Court that Clause 2 Section X Regulation XI of 1816 directing Moonsiffs to make reports to the Head of Police of all cases in which they have exercised the power of punishment is but seldom attended to in this district, as the subjoined Memo well exhibit. At the expense of much increased labour in the Magisterial department, some petty cases have been referred to the Village Moonsiffs, who were ordered to transmit the result of the examination direct to the Magistrates Cutcherry. By this means, more exertion, and a better attention to the above Regulation, has been obtained, as a comparison of the cases decided in the 1st and 2d portion of the year detailed in the Memorandum will shew, and it is hoped soon that a more general improvement will take place.

There are above 4000 Moonsiffs

	1st portion	2d portion
Thefts	26	61
Assault	28	59

The

The Moonsiffs themselves complain that the more oral examination sanctioned to them, is not duly regarded by the inhabitants, and that its effects are nearly negatory, and experience certainly confirms their statement. I see no objection to granting the power to these Officers of receiving depositions, to be transmitted with the report to the Head of Police in all cases where they may consider the measure advisable. It would certainly be more satisfactory to the Magistrate, who, in cases of Appeal, would be enabled to judge on what grounds the decision had been passed; but which he is now unable to do from the judgment resting on verbal testimony alone. Any measure that would increase the efficiency of the Village Moonsiffs is highly desirable, the examination now proposed would, from its imposing nature, have that tendency which is congenial to the feelings of the Natives, and from what I can gather from casual intercourse would be highly satisfactory to them.

Extract from a Report from the Joint Magistrate of South Arcot, to the Magistrate of that District dated 30th January 1841.

12. The cutting down of the jungles at the

the side of the road would certainly be of use; and in several places I have ordered it to be done; but as a greater prevention to theft and robberry, I propose to have Taunahs stationed at a distance of seven or ten miles at those places, where the jungle is thickest and comes nearest the road, and that a party of those stationed at each Taunah should alternately patrol between the different Taunahs, to effect this a considerable increase of Peons and Talliaries would be required and for this purpose, not to put Government to any increase of Expence, I would propose that the Cuttapaddy Enams be resumed; the present holders at the time of the Fymash received a moiety of these Enam lands as a pension during their lives alone, the other half was resumed by Government through the negligence of the local authorities. The deaths of the incumbents have not been reported to the Hoozoor, and the son, without a title of right, has succeeded to the Cuttbuddy Enam of his father, the resumption was approved of on a recommendation by the Revenue Board to that effect to the Governor in Council in Malabar the year 1809.

But

but which, up to this time, has never been carried into effect through, I believe, the connivance of the Talook authorities, who did not report the demise of the then incumbents. Should these Enams be resumed a fund will be raised amounting to Rupees 4005-0-2 annually in the Sub Division alone, and suppose each Talliary were to receive one Pagoda per mensem, this would allow of the employment of 95 additional Peons for the duties of the Police, a number sufficiently ample to patrol the forest and protect travellers: thereby the public would be greatly benefited, and Government no losers: at present Government are paying the abovementioned sum of Rupees 4005-0-2 to individuals who have no right, title, or claim to a pension, and who are stiled by a former Collector, and the Revenue Board, a useless establishment, the resumption of which could not be called injustice. It is to the want of a greater number of persons to patrol the Jungles, I attribute the number of cases of theft and the few persons apprehended: to obviate this evil the only method I can recommend is the above.

13 I would also beg to bring to your notice

notice the miserable pittance of the Village Potiers and Talliaries, whose duty it is to watch the Village at night, on looking at the accounts the appearance would lead to a belief they are amply remunerated for their services, but on looking more particularly into it, a very dark picture presents itself. It is stated, one or two Cawnies of Nunjah land, and 4 or 5 of Poonjah is allotted, instead of a ready money payment, as a remuneration for the guardians of the Village. This land, on being examined, the greater part is pronounced utterly useless: to the Nunjah land the water of the Village tank never reaches; and the Poonjah land is so covered with stones, it will not repay the cultivator his labor for less a sustenance: this I am sorry to say is too frequently the case and is an evil which could be easily remedied at no expense to Government, at least without their feeling it, by appropriating a portion of the land now waste, and which have been so from time immemorial, to the value of Rupees 36 per annum, to the maintenance of the Village Potiers and Taliaries. The whole uncultivated land in the four Talooks attached to the Sub Division is considerably more than

Fort St. George 30th. May 1842

than double the Cultivated: 2/p from this should portion be deducted say that in large Village the Sotics and Talaries receive land which would yield them a remuneration of Rupees 36 per annum, there is little doubt their duties would be more efficiently performed: they would be compelled to perform their duties more efficiently under the fear of losing their Enam, while at present they having little or nothing to lose except the necessity of devouring the Cattle which happen to die, the duty is carelessly performed. In small Villages where the duty is not so heavy, the Sotics and Talliaries might receive such a small remuneration, say lands that would yield them two Rupees per mensem, by this humane method the condition of these unfortunate people would be ameliorated at no loss or expense to Government. Indeed their case calls loudly for redress, and I trust the time is not far distant when these unfortunate persons shall have a proper remuneration for their labour. By so doing I have little doubt that crime would greatly be reduced, and when crime was committed the apprehensions of Offenders would be much more frequent than they are at present. I have been informed that

Village

Fort St. George 30th. May 1842

Village Watchers could formerly trace out thieves with wonderful precision at that time (under the Nawab Government) they were obliged to do so through fear, now as those days have passed it is to be hoped they may be induced to do so from the opposite motives should the views I have taken of the subject meet your approval, I hope you will not allow the matter to drop until a reformation has been made. I would not have introduced the subject did I not consider it strictly belonging to the police of the District.

Extract from a Report from the Magistrate of Trichinopoly to the Provincial Court Southern Division dated 8th February 1841.

Para 8. "One part of this subject demands immediate consideration. I allude to the New Civil System with which the Courts are well acquainted. Under the orders of Government the new Civil fees have been framed, but the New Cavelgars boldly state that they will not take compensation from Government; and the inhabitants, I have every reason to believe continue to purchase their

Fort St. George 30th May 1842

their protection or rather I should say their forbearance for it is they who organize and conduct almost all the extensive robberies that take place. To put down these people will be an exceedingly difficult matter the greater number of them do not reside in this district and the inhabitants have been so long accustomed to consider them with dread that all my endeavours to persuade them to shake off the yoke which they have imposed upon them have as yet utterly failed and I am assailed almost daily with vehement expressions of discontent at the measure of arming the Men Canil fees. It is, however, of course my duty to use my utmost endeavours to put down a System so utterly subversive of all attempts to establish a good Police."

Extract from a Report from the Magistrate of Canara to the Provincial Court Western Division dated 23rd February 1841.

14. "I would beg to draw attention to the observation of the Acting additional Joint Magistrate (in which I entirely concur) respecting the great inadequacy of the present police

Fort St. George 30th May 1842

police force of the town of Mangalore to the various duties that are now thrown upon them.

I have long been aware of the utter inefficiency of the existing Police Establishment 15 of the Taluk of Mangalore for any thing like a preventive police, which ought to be an object of the first importance at a Military station and large Commercial town like Mangalore considering the extent of the population and the number of profligate Characters residing in and about the Cantonment and Town. The number of depredations and other offences are not much more numerous, than they are represented. It is to be feared however that many more actually do occur than are brought to light, for aware of the inefficiency of the Police to detect offenders, and the little chance there is of recovering stolen property it is well known that people who have been robbed will often submit to loss rather than bear the trouble of bringing forward their complaints.

16 I shall not however further enlarge upon this subject at present as it is my intention to bring it forward in a separate form with the

Fort St. George 30th May 1842

of great resort being the chief point of em-
-barkation or disembarkation for almost all
the travellers to or from Europe by the over-
-land route, whether either quitting or en-
-tering the Madras Presidency it may be
expected that the number of such visitors
will increase yearly, and no honours have
to be collected at Mangalore must des-
-patched to all the stages lying between
the Coast and Mercara, a distance of 87
miles the task is no inconsiderable addition
to the former duties of the Police. At the
time also that the Number of Peons was thus
fixed at 50, there was only a portion of one
Regiment in Mangalore and it will not I
believe be denied that when the population of a
Station is greatly augmented by the advent
of an additional Regiment of Sepoys and
the large body of Camp followers which accom-
-panies it there will be a corresponding in-
-crease in the labours which fall within the
usual routine of Police duties, other circum-
-stances might be mentioned which have
tended to increase the duties required from
the Police, but as the Police authorities at
Mangalore have often represented the

inadequacy

Fort St. George 30th May 1842

inadequacy of the existing Establishment,
and you must have had ample opportunity
of judging of the justice of this statement but
as from its detail from the fact that during
the past year the small body of Peons who
can be spared from other duties to patrol
the streets at night have at different times
apprehended 3 persons with implements
for house breaking on their persons, it may
I think be inferred that a larger Police
would materially tend to the detec-
-tion of this class of Offenders and when it is
considered that the town of Mangalore
and its suburbs contain about 30,000 In-
-habitants that it extends between the 2 Rivers
for nearly 3 Miles and is distributed in
detached buildings enclosed by Gardens
over several square Miles of thickly wooded
Country, I think this circumstance alone
would justify the belief that the increased
difficulty in the detection of this Class of Offen-
-ders has not arisen from any negligence
on the part of the Police. Should you
concur in the propriety of the recommendation
I would suggest that it would be desirable

to

Fort St. George 30th May 1842

to add 15 more Peons to the Police of Mangalore Talook and will conclude these observations with the expression of my opinion that unless some such augmentation is made it is almost useless to hope that the Police will in many instances be able to detect these offenders and to with the impunity which will thus attend the commission of the crime it may be expected that it will annually increase

To F. J. Halliday, Esqre
Officiating Secretary to the Government of India

From the Actg. Secy. to Government } Sir

9

I am directed by the Right Honorable the Governor in Council to transmit for the consideration and orders of the Government of India a Copy of a letter from the Board of Revenue dated the 14th April 1842 No. 163 representing the defalcation which has taken place since the management of the Sayer duties has been under Amany and requesting that they may be authorized to invite tenders for the rent of this branch of revenue for the ensuing Fasly. —

His Lordship in Council has been unwilling to furnish the Board of Revenue with any instructions on the subject until informed of the intentions of the Government of India in respect of the

6618 Fort St. George 30th May 1842.

To the Govt. of India dated the 5th January 1841 No. 31

the transit duties the general abolition of which was urged in the correspondence which accompanied the letter noted in the margin. To that communication the attention of the Honorable the President in Council is again solicited, and as the Presidencies of Bombay and Bengal have now for some years enjoyed relief by the complete abolition of the Land Customs, His Lordship in Council entertains the hope that the extension of the boon to Madras will receive early and favorable consideration.

From the Collr. of Rajahmundry Submitting the explanation regarding the Subject of the Petitions of Pau-lacodairoo Villages as called for in Board's Proceedings of

Sir,

Para 1. I have the honor to acknow-ledge the receipt of the Boards Proceedings of 11th. ultimo, in reply to my letter of 27th. March last, stating that I have not met the Complaint of the Inhabitants of the Village of Palacodairoo referred to in their Petitions of 2211 of 1841 and 369 of 1842.

2. In reply, I beg leave to state, that the Peramnent Assessment of the Village of Paulacodairoo is Rupees 3472, but from fusly 1240 to 1249, inclusive, it only yielded an aver-age collection of Rupees 1144-7-5. In the latter fusly 1249, it was under Aumanie, when Considerable difficulty was experienced in making the settlement, in consequence of the fraudulent occupancy by the Inhabitants of a considerable portion of the land, entered in the account as waste. This led to an offer on the part of the Inhabitants to hold the Village on Rayany tenure for

Fusly

Fort St. George 30th. March 1842

Fusly 1250 for Rupees two thousand, which was acceded to. In the mean time, the survey of this Village was completed, and the true value of the Village was ascertained, consequently in fusly 1251 instead of sacrificing the rights of Government by a low rent, or reverting to the old rates of Assessment which had been so ruinous to the Village, I allowed the lands to be occupied on the terms of the proposed Assessment as a temporary measure, and the accompanying Copy of the Cowle and Amaraeum Statement will shew, how the whole lands were occupied. If the Inhabitants had not wished to occupy any portion, they would not have been required to pay the Assessment of that portion. The person, who has principally opposed this is named Coottapilly Venkatapattyrauze, who does not hold any land separately in his own name, but is merely a joint Cultivator with Coottapilly Chinnaterpattyrauze who has up to this time paid Rupees 110-13- out of Rupees 222-12-2 of his Cist and the Settlement of the Village has been made at Rupees 2164-3-, after allowing the reductions necessary on the

(Signed) G. A. Smith
Collector

Ordered that the following letter be sent in reply—

(33-34)

To the Collector of Rajahmundry.

To
The Collector of
Rajahmundry

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your Para 1. letter of the 18th Instant furnishing explanation in reference to a Petition from certain parties who had complained of the increased Amount of the Assessment levied on their Village, Paulacoodairoo, in the current Fusly—

2. From Statement A received with your letter under acknowledgement, it would appear that the amount of the Amaraeum Cist therein shewn is made up not only of the Assessment newly fixed upon the Sheikal or Cultivable and Cultivated land but that it includes also the Assessment on the Sheikal and Anady Waste—

3. Until the whole extent of the Ayacut

Ayacut is brought into cultivation, it cannot be expected that the Ryots should pay for it — whatever its capabilities may be - Until the Survey rates have been sanctioned therefore and, on this subject you will receive instructions at an early date, the Board are of opinion that — all Villages under Aumanie should be — assessed according to the division of the produce - Villages under rent will of Course pay the — amount of Rent - On this principle, the Board desire that you will adjust the settlement of the Current year —

Endorsements on Petitions. Nos 2311 of 1841. 369 and 747 of 1842. Board. No 72 of 1842.

Sir,

40

From the P[r] Coll[r] of Nellore Reporting that the Village of Somavarapaud has been made over to Dodla Puttabeeramereddy as a Shrotriem on an annual Beriz of Rs. 600 and recommending that the Village of Rawoolacolloo may be made over to Syed Sooltaun for Services rendered by them to Government.

Para 1. I have the honor to acknowledge the receipt of Extract from the Board's Proceedings dated 20[th] January last transmitting Copies of a further Correspondence of this Government with the Government of India on the subject of the Compensation to Syed Sooltaun and Dodla Puttabheramereddy on account of the services rendered by them to Government during Mr Casamajor's investigation at Woodiagherry.—

2. In pursuance of the decision Conveyed in these papers I have to report for the information of Government that the Village of Somavarapaud has been made over to Dodla Puttabheramereddy as a Shrotriem on an annual Beriz of 600 Rupees.

3. In regard to Syed Sooltaun there has been some difficulty in the Selection

selection of a Village which would yield him about the annual profit authorized by the Supreme Government Vizt. 500 or 600 Rupees - It was his wish, and naturally so, that it should be proximate to Autmacoor where he resides and has always resided, but these Villages were large, their Beriz considerably exceeding the amount specified, and I did not consider it advisable to depend upon his management and punctuality for the realization of the surplus revenue which he would have had to pay to Government - I thought it indispensable therefore that a Village should be selected which would only yield him on an average the annual profit which the Government intended him to receive, without the risk of relying upon his management for the realization of a surplus, or entail, the inconvenience of a divided authority and management in the same Village, which would be the case if a portion of the lands yielding 500 or 600 Rupees revenue per

per annum were made over to him and the other lands kept under the management of the Officers of Government - The Village of Rawellacollo is situated about 15 miles from Autmacoor. The average Collections of 10 years under the late Jagheerdar amounted to Rupees 567 2. 7. The Settlement of fusly 1249 was Rupees 490 - - 5 and of fusly 1250 Rs. 337 0 - 5. I think it may with safety be computed that his annual receipts from this Village will average from 450 Rupees to 500 Rupees - Under these circumstances, I beg respectfully to recommend that this Village may be made over to him -

Nellore .....
Principal Collector's Cutcherry

Principal Collector.

Order thereon,

Ordered that the foregoing letter be submitted for the information

40 - 41

information of the Right Honorable the Governor in Council with reference to the Resolution of Government passed under date the 31st December last upon the subject of the remuneration to be awarded to Syed Sultan and Dodala Puttaberam Reddy for services rendered to Government during the investigation held at Wodiagherry.—

To

To,

The Secretary to the
Board of Revenue
Fort St. George

Sir,

42

From the Collr of Nellore—

Reporting on the settlement of the Zemindary of Choondy which is under the Collector's management for fusly 1250—

Para 1. I have the honor to forward herewith the Jummabundy and Kistbundy Statement of the Minor Estate of Choondy for fusly 1250 with a Comparative Statement between fuslies 1249 and 1250 both in English and Mahratta.

2. The number of Coroo Villages of the Zemindary was 44- and that of Shroutriums 3- the same as in fusly 1249. The hamlets dependent on the Coroo Villages were 34 as in fusly 1249. The Season may be said to have been very unfavorable the rains having been far more scanty than in most other parts of this District although the Cultivation of the dry lands exceeded that of the preceding year there was generally a large decrease in the wet Cultivation. The large Tank of Choondy received not more than 1/10 of a full supply.

3. The following is a Comparison of the Cultivation between fuslies 1249 and 1250.

Description

6649. Fort St. George 30th May 1842

4 I have the honor to transmit herewith a Statement shewing the average prices of the different sorts of grain in the Zemindary during the three principal Months of the Season in Fusly 1250- From this it will be observed that there was an increase in the average prices of Wet grain above those of Fusly 1249, of Rupees 3 and the average of the prices of the dry grain is the same as in the preceding Fusly - The increase is accounted by the limited extent of the Wet Cultivation

5. Of the 44 Coroo Villages composing the Zemindary 42 were as usual settled in Fusly 1250 for an annual Village rent but no offers were made for renting the two Villages of Rallapaud and Brahmanapully in Consequence of which they have been Retained under Cumany management in Fusly 1250.

6. The particulars of the Settlement of the Zemindary for Fusly 1250 are hereunder detailed.

Amount

6648 Fort St. George 30th May 1842.

From

7. From this Statement it will be observed that the net Beriz of fusly 1250, including Shrotriums and Maturpha fell below that of the preceding fusly by Rupees 1,888-5-8 occasioned chiefly by the large deduction necessarily made on account of Magani Bunjer which amounted to Rupees 1,665-15-11. The other items of decrease do not seem to call for particular remark.—

8. No Maturpha Sase is brought to account to the credit of the Estate in fusly 1250, the Collections under this head which have formerly been Credited to the Zemindary having been carried to the Credit of Government as noticed in my Report on the estate for last fusly.—

9. The following Statement exchibits the Beyriz of the Villages retained under Amany for fusly 1250.—

The

14 In the amount of allowances there is an increase of Rupees 5,743-14-6 above the preceding fusly occasioned by a larger amount of arrears of allowances due to certain members of the late Zemindar's family: Viz.t. Minor Zemindar Bungaroo Mootaravze, Chenchamah, wife of the late Zemindar Conara Mootaravze, and some others, having been paid, as sanctioned in fusly 1250 in addition to the fixed monthly allowances. It will be seen that there was an increase of Rupees 161 under the Head of Peishcush which is owing to the permanent Peishcush fixed for the Zemindary having been brought into operation from the beginning of the current fusly while it was the case only from the month of November, in the year preceding it.

15 The Amount Charged for Tank repairs and entered in the accompanying Statement No.5 is Rupees 323-9-11 which was disbursed, on emergency, on account of repairs to a Channel which supplies the large Tank of Choondy, and to the tank of Bungaruk Rapallem from 16th. June 1841 to

to 15th. April last and I request the Board will be pleased to obtain sanction for this Charge of Rupees 323-9-11

16 The surplus funds of the Zemindary in deposit up to 15th. June 1841, as stated in my report for fusly 1249, were Rupees 40458-1-7 which added to the subsequent Collections from that date up to the date of this report amounting to Rupees 26663-8-4 forms a total of Rupees 67121-9-7; from which the disbursements to the same period amounting to Rupees 19567-8-3 being deducted, leaves in deposite a net sum of Rupees 47554-1-4 as will be seen from the accompanying Statement No.6.

17 The minority of the Zemindar escpired on the 25th. March last, and it only remains for me to request authority to place him in possession of the Estate, and to pay the amount of surplus funds in deposite, the precise amount of which cannot be known, till the Estate is made over to him. It is desirable that the Sunnud Istimrar and Cabooleat should be exchanged previously to making over to him the Zemindary and Cash in deposite.

Read the following letter.

From the Collr. of Bellary

44

To

The Secretary to the
Board of Revenue
Fort St. George

Sir

Para 1. With reference to your letter of the 23d Ultimo, containing observations on the Statements of Smuggled Goods recommended for confiscation and released on payment of Extra Duty for November and December last, I have the honor to state the circumstance which led to the seizure of the 4,250 Betel Leaves at the Merchant named Velegara Basuppah in Kurpoohully Talook was reported to be in the habit of bringing clandestinely Betel Leaves and selling them without paying the duty thereon. The renter of that Talook took measures to watch and detect this illicit introduction of the Article. The 4250 Leaves were brought concealed in a Grass Bundle by a woman in the habit of selling Grass, which she attempted to secure in the house of the above Merchant. The Servants of the Renter heard of it and

and seized the Leaves. During the enquiry it was proved that the Merchant was constantly in the habit of defrauding the Customs, which circumstance will, I considered, be sufficient to warrant the confiscation I have recommended.

2. The 330 of Ghee appear to have been imported clandestinely by two Merchants of Goollem Talook to Bellary, a distance of 35 Miles from the place of their residence without paying duty either at the Chowky to which it belonged, or at the Bellary Chowky, and while attempting to effect an illicit sale thereof, a Peon of the Bellary Chowky seized it and the Merchants confessed.-

3 As regards the Cloths released on payment of Extra Duty, I beg to state that they were not seized from the dwelling House of the Individuals to whose possession they were traced. They had these Cloths manufactured by the weavers in the adjoining Villages of the Chowky at Nademedody in Anuntapoor Talook and knowing, as they admitted, that it was imperative on them to have carried the Cloths at once from the place of manufacture to the Chowky.

P.G.B.

Chowky to get them Chopped on payment of the Established Duty before conveying them to their homes, they did not do so on the excuse of having been prevented from domestic affairs, which excuse they stated while producing the unstamped Cloths to the Watmootsuddy of the Talook when at this Village upon inspection.- It was thought proper to release the Cloths on payment of Extra Duty.-

4. I beg to add, that on every occasion requiring seizures to be effected with the assistance of the Officers of Police the circular orders of the Board dated 17th April 1834 are attended to.-

Bellary, Collectors Office, 12th May 1842.

(Signed) J. Mellor
Collector

Resolution thereon.- Under the explanation given in Paras 1 and 2 of the foregoing letter, the Board sanction the Confiscation of the articles noted in the Margin. They also approve of the levy of double duty on the Cloths referred to in Para 3.-

(44. 45)

4250 Butta leaves.
268 lbs 4 Ghee.
68 do. 5

The Board request that in future the circumstance which renders the articles liable to confiscation be particularly explained in the Column of remarks.-

Read

Read again letter from the Sub Collector in charge of Cuddapah dated 23d February and entered in Consultation 10th March last.

46

Proceedings thereon.

On the subject of the measures in progress for divesting the Government of all concern in the management of the native Religious Institutions in the District of Cuddapah.

Para 1. From the Statement annexed to Para 2 of the foregoing letter, it appears that the number of religious Establishments in the Cuddapah District which may be considered to be, either directly or indirectly, under the management of the servants of Government, is 285, which are supported, partly by money allowances granted in lieu of resumed Enams, and Amounting to Rupees 32067-9-8, and partly by the proceeds of certain Enam lands which have been allowed to remain in the hands, either of the Pagoda servants themselves, or of royots cultivating on their account. These amount to Rupees 25472-9-2 and it is stated that with those

Para 3. lands no public servants interfere in any way. This observation must be meant to apply to such Enam lands as are appropriated for the support of Pagodas - for it appears that the above mentioned sum of Rupees 25472-9-2

includes

*5398-6-9 includes the value of certain Surva Enam Villages granted by Government at the assumption of the country for the maintenance of an establishment kept up at the Tomb of Meer Rajah Ali Khan, brotherinlaw of Hyder Ali at Gorumcondah - which are represented as being wholly under the management of the Circar servants by whom the revenues of

Para 12. the Villages, the Board think, should be disposed of in the manner they have suggested for similar esclensive landed endowments elsewhere - viz. by making over the proceeds to the uncontrolled management of the parties holding the grant, the lands being retained under charge of the Collectors Establishment, pending the decision on a general plan for their ultimate commutation for a fixed average money payment, which has been already submitted to Government.

2. Exclusive of the Tomb above noticed the Number of Religious Institutions is 284 - and in the management of these the interference of the Government servants appears to have been in general of a very superficial description. The disbursements on

account

account of most of them having been heretofore conducted by the Poojaries, and Village Authorities, either severally or in conjunction. There being only 11 in which the expenses are entirely defrayed by means of Sirkar Servants and by which they regulate the disbursements on extraordinary occasions. the daily charges in these as in the other cases just alluded to being managed by the Poojaries.-

Statement Para 4th

3. The Statement annexed to Para 8 shews that arrangements have been made for withdrawal of interference on the part of the Government in the management of all but 69 Pagodas, and it appears that in sixty three of these, the superintendence has hitherto been vested either wholly or principally with the Village authorities or Poojaries, or both conjointly - leaving only 6 which are still under the immediate and sole management of the Sirkar - The former, the Board think, might without difficulty be made over entirely to the Village authorities who might be constituted managers. and it is hoped that the present Acting Principal Collector will take measures for doing this with as little further loss of time as

practicable - as also for the disposal of the remaining 6 for which in all probability a similar arrangement might be effected.-

4. The parties to whom the management of these institutions may eventually be entrusted, will be required to subscribe to an instrument of the same description as that set forth in Para 4, a form of which for general adoption is at present before Govt. & will be furnished to the Collector hereafter, if approved of.-

5 The suggestion contained in Para 17 as to the mode of filling up vacancies in the body of Trustees is considered objectionable - In the event of the party by whose death or resignation the vacancy may occur, having held his situation by virtue of an office, his successor in that office, should of course fill up the vacancy - in other cases the election should be left to the Village community.-

6. With reference to the casual collections alluded to in Paras 14 and 15, the Board observe that these will for the future be entirely at the disposal of the superintendants for the benefit of the institutions over which they may preside - It will be the duty of the Collector in investing these parties with the management, to make this publicly known, and to give general intimation that all contributions of the kind here alluded to are to be considered entirely voluntary on the part of the worshippers by whom they may be made - and that the Government has no

no concern whatever in them.

7. Any sums which may be in deposit with the Collector at the time of giving over management of any religious institution must be so retained until orders shall be issued by Government in regard to their final disposal.

8. The Board trust that they may receive at an early period a further report from the present Acting Principal Collector of Cuddapah apprizing them of the completion of the measures in progress for divesting the Government of all concern in the management of the religious institutions in his district, agreeably with the wishes of the Honorable Court of Directors.

Ordered that a Copy of the foregoing proceedings be forwarded to the Acting Principal Collector of Cuddapah for his information and guidance, with reference to Mr. Cotton's letter therein recorded.

Ordered also that a Copy of these proceedings with the original letter therein considered be submitted for the information of Government, with reference to the Extract from the Minutes of Consultation noted in the Margin.

55

From the Asst. Collr. of North Arcot

Reporting that the Cavetnuggur Zemindary has attached on the 15th May 1842 and submitting a Moyenzalitah for Defalcation.—

Sir,

Para 1.

With reference to Extract from the Proceedings of the Board of Revenue dated 17th August 1840, directing the attachment of the Zemindary of Cavetnuggur "without reference for orders" in the event of any future defalcation, I have the honor to report that the Estate in question was attached on the 16th Instant. The sums due by the Zemindar on account of Peishcush Current and arrears is as follows.—

	Rs.	a.	P.
For the 2nd Kist of fusly 1251 due on the 12th March 1842.....	62,550	8	"
To be paid with Do. on account of the arrears due for fusly 1249—	7,220	0	"
	69,770	8	"
To be paid hereafter on account of the arrears due for Do.	93,863	8	"
Rupees	1,63,619	1	"

On

Fort St. George 30th May 1842.

On the 7th April 1842 I addressed an Enayetnamah to the Zemindar, calling upon him to pay the sum due, and again on the 27th of that Month I addressed a second Enayetnamah on this subject, but to neither of these was a reply given. Adverting to this circumstance and to the heavy Arrears, it was deemed expedient that the Estate should be attached, and as the necessary arrangements were being made with this view, I received an Arzee from the Zemindar stating that he would remit such Collections as might be realized within the end of the Current Month, and complaining that great difficulty was experienced in making the Collections from the Ryots, in consequence of certain intrigues in his Estate. Adverting to the disorganized state of the management of this Estate, which was further apparent from the Zemindar's own shewing, and to the consideration that the Collections within the Current Month would bear a very small proportion to the balance due, even supposing a remittance, as promised, would be made, it was considered inexpedient to suspend the arrangements for attachment.

2. A detailed Moyenzabitah for the management of this Estate, shewing the establishment formerly entertained during the Minority of the Zemindar

Fort St. George 30th May 1842.

Zemindar, and that now proposed is herewith submitted. It will be seen that the aggregate charge for management now proposed is Rupees 16,050 per Annum or Rupees 1,335 less than on the former occasion, when the Estate was managed by the Officers of Government. The Office of Manager has been dispensed with and in lieu an Assistant to the Sheristadar is proposed. With a Manager the management is too far removed from the inspection of the Collector. In the present state of the Zemindary the Collector's personal attention is required and under the arrangement proposed, the affairs of the Estate will receive the same attention as the other portions of the District. The Revenue is kept distinct from the Police, as it is not considered expedient to disturb the present Police arrangements, and this arrangement is farther advantageous, as it enables the Tahsildar to give undivided attention to his Revenue charge. It will be easy to unite the two hereafter should the union be deemed desirable.

3. Velloor Sreenavasarow, the Tahsildar of Arcot, has been selected from his length of service, to fill situation of Assistant to the Sheristadar.

North Arcot, Palmanair, 17th May 1842.

Proceedings thereon.

55 - 56

Under the circumstances explained in the foregoing letter, the Board observe of the proceedings of the Acting Principal Collector in having attached the Zemindary of Covelmuggur.

The Board sanction the establishments proposed to be entertained for the management of this estate amounting to Rs. 16,950 per annum being Rupees 3135 less than the amount of the Establishment entertained when the Zemindary was under former occasion managed by the Officers of Government.

Ordered that the letter recorded above together with a Copy of these proceedings be submitted for the information of Government with reference to Para 5 of an Extract from the Minutes of Consultation dated the 15th November last and the Papers therein alluded to.

Read letter from the Collector of South Arcot dated 1st May 1842 No 29 forwarding a letter from the Sub Collector Mr. Murray containing explanation regarding the extravagant allowance drawn by him while residing at Cuddalore, the Burgoor station in Fasly 1250.

From the Collr of Tanjore.

Sir,

With reference to the Circulars from the Board of Revenue dated 20th December 1841, regarding the education of Minors I have the honor to inform you that there is only one estate (Pudaramcottah) under Management by reason of the Minority of the owner a Lad of 10 years old whom a few days since I sent for to ascertain what progress he was making under the teacher appointed to instruct him. I found on examination that the Boy had advanced as much as could reasonably be expected considering his tender age and the disadvantage under which his education had been conducted, having no fellow scholars to read with and thus excite that emulation to excel without which instructions cannot be better pursued and wearisome tasks, steps have been taken to remedy this in future and to ensure the orders of Government being carried into effect.

A personal examination as to the

Fort St. George 30th May 1842.-

the progress in the studies of the ward will periodically be made and if necessary reported on. In the meantime I am of opinion that the instructions which can be locally afforded will be sufficient and render a removal to Madras unnecessary.-

Tanjore
Chittabaval
13th May 1842

(Signed) J. F. Bishop
Actg Pt Collr.-

Order thereon.-

Ordered to be recorded.-

(58-59)

Read the following letter from the Collector of Tinnevelly forwarding with reference to an Extract from the Board's proceedings dated the 10th June 1841 upon the Devastanam establishment in that district with the view to arrangements for the withdrawal of all interference in their management on the part of the servants of Government.-

(60)

(Entered 22 Aprl in Cons 19th May 1842)

Proceedings thereon. The number of Pagodas in the Tinnevelly District which have been heretofore under the immediate superintendence of the Ruling authorities is stated in the foregoing letter to be 350 which are supported from an income of Rupees 2,23,709- derived from the following sources.-

Para 2

Trustees

Fort St. George 30th May 1842.-

Trustees	181,359
Enam	26,059
Tripany	16,281
	2,23,709

2.- The Trustees or ready money allowance consist of a commuted allowance of Rupees 179,691-15-4 granted by the Mohamedan Government 50 years previous to Fusly 1211 in lieu of resumed lands to which an addition of Rupees 1,676-12-4 was made in Fusly 1236 the total being, as above entered (in round numbers) Rupees 181,359.-

3.- The amount under the head of Enam requires no explanation.-

4 The "Tripany fund" is stated to be composed partly of lands expressly appropriated for the repairs of Pagodas but mainly from a tax on straw regulated by custom and collected in certain Villages these were resumed by Government in Fusly 1216 previously to which the collections had been made by the Manager of the Pagoda dependent on this fund for support.-

Para 5

5 With the view to facilitate his arrangements for withdrawing from the immediate management of these Pagodas

Fort St. George 30th May 1843.

Pagodas the Collector has divided them into 2 Classes, the first consisting of those which strictly belong to Villages & which are in number 341, & the 2d Class comprizing the remaining 9 Pagodas which are considered the most important both from their sanctity and the amount of funds set apart for their support & which may be looked upon as the property of the District or of the Heathen community at large.

6 The Collector has already made great progress in divesting himself of all concern in the management of the establishments comprized in the 1st Class in the manner described in Para 6 of the letter above recorded Viz. by handing over the control of the disbursements to Committees formed of the head inhabitants of the Villages in which they are situated. The Board entirely approve of this arrangement and they conclude from the intentions expressed in the Paras above mentioned that the Collector has in this manner already disposed of 267 out of the 341 Pagodas contained in the 1st Class.

Para 16 130 + 51 + 86 = 267

7 The arrangements proposed for the future managements of the 9 Establishments entered in

Paras 11 to 14

Fort St. George 30th May 1842.

in the 2d Class are also approved and the Board resolve to request the Collector to take immediate steps for carrying them into effect.

8 The constitution of the body of Trustees in cases where that mode of management is recommended appears well adapted to the purpose in view, with the exception of the clause empowering the remaining trustees to fill up vacancies. In those cases in which a Trustee may be appointed in virtue of any office the vacancy would of course be supplied by his successor ex-officio. In other cases the Board think that the choice should rest with the Village community.

9 It will be necessary that a trust deed or forms of agreement should be executed by the party or Committee as the case may be, to whom the management of any of these religious institutions may be made over & forms of such instrument to be used generally has been submitted by Government and if approved of will be hereafter forwarded to the Collector for adoption.

10 Reference having been made by Government to the home authorities upon the subject of the general assumption of Enam Lands allotted for the support of Pagodas

and

and the disposal of surplus funds remaining in deposit, no orders upon these points can be furnished to the Collector at present further than that in every case where the management of an establishment supported by alienations of land may have been entrusted to a manager or committee, the proceeds of such land must be made over until further instructions to the parties authorized to receive them and all surplus funds must be retained for the present in the custody of the Collector.-

Ordered that a copy of the foregoing Extract from the Board's proceedings be submitted to Government together with the Collector's letter therein recorded.-

Ordered also that a copy of the foregoing extract be forwarded to Sir H. Montgomery for his information and guidance with reference to his letter of the 22nd Ultimo.-

In Cons 19th May 1840

Read the following letter from the Principal Collector of Coimbatore forwarding a Memorandum of charges, defence and remarks, on the conduct of Ramiah Tahsildar of the

61
Proceedings thereon

Talook of Pattedunna in that District and under the circumstances stated soliciting the sanction of the Board for his dismissal from office.-

(Here enter 31st Decr in Cons 21st Feby 1842)

The first five charges in the foregoing Memorandum preferred against the Tahsildar are either for falsifying or concealing the public accounts or in other words either for forwarding accounts in which were not true or for knowingly keeping back the true ones.-

These charges are of so grave and serious a nature that the Board regret that the Principal Collector had not in the first instance brought the Tahsildar to trial under the provisions of Regulation IX of 1822.- This course is due to the Tahsildar who ought to have the fullest opportunity given him of justifying his conduct if he can and accordingly resolve to direct the Principal Collector to bring this officer to trial for either the 4th or 5th Class of Offences specified in the provisions of the above regulation as may be deemed advisable.-

Ordered

Fort St. George 30th May 1842.-

Ordered that a Copy of the foregoing proceedings be transmitted to the Principal Collector of Coimbatore for his information and guidance.-

Read again letter from the Principal Collector of Coimbatore dated 22d February and entered in Consultation 5th Instant.-

(62)

Proceedings thereon.- The foregoing letter is accompanied by the original proceedings held in the case of Palaniappa Moodelly Curnum of the Village of Vettervadayoor in the Coimbatore District who addressed the Board in appeal against the decision passed upon him on the 21st of October last by the Assistant Collector Mr. Galdie under Regulation 9 of 1822.-

Petition 8 Oct 1842
25 Nov 1841

2.- The appellant is charged with having received a bribe of Rupees 60 in order to get the assessment on Lands which were classed under "Full Seerva" reduced to one half of the amount.-

3.- In answer to the above the appellant states that none of the three complainants had any waste land in the said Village

Fort St. George 30th May 1842

Village that was assessed with Full Seerva and denies having received a bribe of Rs 50 promising to reduce the Seerva to one half and further that he was confined to his bed from illness at Coimbatore at the very time that he is accused of having received this bribe, the truth of which statement he offered to prove before the Assistant Magistrate by three witnesses it does not appear however that any examination on this subject was gone into.-

4 The attention of the Principal Collector is called to the points noticed in the foregoing Para with a view that he may submit further information explanatory of the Statements advanced by the appellant for the satisfaction of the Board.-

The

Fort St. George 30th May 1842.

6

The appellant moreover states that one of the complainants Venkatachellum Chetty lodged a complaint sometime ago before the Magistrate against the appellants for having detained him in custody and received a bribe of 2 Rupees for this offence although not proved the Appellants states that he was fined by the Magistrate 10 Rupees if the case stated is certain. It is not probable that the appellants would again have received a bribe from the same individual. The Principal Collector will however be pleased to ascertain whether this be the fact or not, and also report whether he concurs in the decision passed by the Assistant Collector in this case.

To

The Secretary to the

Board of Revenue

Fort St. George.

63

From the Coll.r of Malabar — Dated

Sir,

With a view of furnishing the information called for in the Board's letter of the 13th January last, regarding lands taken up for cultivation on the Malabar Neilgherries, two statements are herewith forwarded. No. 1 and 2.

Submitting the information called for by the Board under date 13th January last, regarding lands taken up for Cultivation on the Neilgherries.

From No. 1 it will appear that 82 3/16 Bullahs of land equal to 93 Cawnees have been taken up for cultivation during the last four years or since the orders of Government dated 7th January 1837. within 3 Miles from the centre of Potacamund. —

2. All the lands (with the exception of Cawnees 4-18-2006 G. 49 2. which being

6698

Fort St George 30th May 1842.

being waste have been given for grazing at one quarter rent / were classed as 1st sort, and assessed at 24 Canteroy fanams per Bulla, or Rupees 2-7-4 per Cawney. The Government ordered that first class lands within the 3 Miles abovementioned, should be assessed at double the assessment of the Neighbouring Burghers which are invariably assessed at 12 Canteroy fanams per Bulla for the first class. this being doubled gives Rupees 7-0-9 $\frac{87}{100}$ per Bulla or Rupees 2-7-4 per Cawney.

3.

The Statement No 2 shews that 103 $\frac{7}{16}$ Bullahs, equal to 299 Cawnies, have been taken up for cultivation beyond the limits of the 3 Miles abovementioned at Todanaad, Naiknaad and Legoor since January 1837. It will be observed by this Statement that there are eleven classes

Vide letter dated 7th January 1837.

It is said in the orders of Government that Rupees 2-5-4 should be the assessment for 1st class land- this is incorrect & the error seems to have originated from calculating at 3 Cawnies per Bulla instead of 2 $\frac{14}{16}$ and Rs. 7. for 24 Canteroy fanams instead of Rs. 7-0-9 $\frac{87}{100}$.

6699

Fort St George 30th May 1842.

Leases of lands. In Mr Clementsons letter to the Board, dated 20th July 1833, it was stated that all the Lands on the Neilgherry Hills were divided into eight classes I am not aware how this mistake originated but it is

Ordered to be sent again in circulation.

To

The Secretary to the

Board of Revenue

Fort St. George.

(65)

From the Collector of Malabar.

Sir,

With reference to the Esctract from the Proceedings of the Board of Revenue under date the 13th. January last, I have the honor to transmit herewith a Statement, containing the information therein called for, regarding the Roman Catholic Churches

6708 Fort St. George 30th. May 1842.

Churches and population in Malabar.

Malabar Collector's Office

Calicut 23d. May 1842.

(Signed) H. V. Conolly.

Collector.

Statement.

6709. Fort St. George 30th May 1842

A. Statement of Roman Catholic Churches and Population in the Province of Malabar.

The Number of, and the Towns in which Roman Catholic Churches are situated.	The supposed number of Roman Catholics.	At whose Expense, and at what time such Churches have been built.	By what Priests they are now served.	Under what Ecclesiastical jurisdiction such Priests are, or are supposed to be.	What number of such Priests are, or are supposed to be, Jesuits.	How many of such Priests of British origin, to what nations such as are not of British origin belong, and whether such Priests speak the language of the people.	What portion of the Roman Catholic population in the several Districts adhere to the.. Vicar Apostolic	.. Portuguese Priests.	Whether the Priests acting under the Vicar Apostolic have claimed and obtained possession, by Law or otherwise, of any Churches or other property, previously in possession of the Portuguese Priests whether in any case the disputes as to the possession of Churches or other property between the two Classes of Priests, have led to a breach of the Peace.
1. Cannanore	2611.	By a Priest from Goa in 1810 and enlarged by the present Vicar.	Native of Goa.	The Right Reverend Francis Xavier archbishop of Amata and Vicar apostolic of Malabar.	No Jesuits at this Station.	No Priests of British origin at this Station. the present Vicar speaks the language of the people.	The whole.		No case appears to have been submitted for the decision of the Court, as regards the Ecclesiastical Jurisdiction of this Church.
1. Tellicherry	964	Mr. Domingos Rodrigues about 150 years ago.	Ditto.	Ditto	Ditto.	Ditto.	Ditto.	Ditto.	Some years ago the jurisdiction of this Church was the subject of a suit in the Civil Court. The matter was however settled by the Right Revd. Dr. O'Connor when he visited this Coast two years ago.
1. Calicut	737.	By the Portuguese on their first Establishment in this Coast.	Ditto.	Ditto.	Ditto.	Ditto.	Ditto.	Ditto.	See No. 1.

The number of and the Towns in which Roman Catholic Churches are Situated.	The supposed number of Roman Catholics.	At whose Expense, and at what time, such Churches have been built.	By what Priests they are now served.	under what Ecclesiastical Jurisdiction such Priests are, or are supposed to be.	What number of such Priests are, or are supposed to be, Jesuits.	How many of such Priests are of British origin, to what nations such as are not of British origin belong, and whether such Priests speak the language of the people.	What portion of the Roman Catholic population in the several Districts adhere to the Vicar Apostolic.	What portion of the Roman Catholic population in the several Districts adhere to the Portuguese Priests.	Whether the Priests acting under the Vicar Apostolic have Claimed and obtained possession, by Law or otherwise, of any Churches or other property, previously in possession of the Portuguese Priests, whether in any case the disputes as to the possession of Churches or other property, between the two Classes of Priests, have led to a breach of the Peace.
2. Churches and 4 Chapels in Chowghaut.	About 1,200	By the Parishioners. the precise period not ascertainable, they are however almost all ancient Edifices.	Natives of Malabar, i.e. Syrians of the Roman Catholic persuasion.	The Right Revd Francis Xavier Archbishop of Amata, and Vicar apostolic of Malabar.	No Jesuits at this Station.	No Priests of British origin at this station. the present Vicar speaks the language of the people	The whole.	"	See No. 1
1. Church at Vypin and 2 Chapels.	1830.	The Church, at the expense of the people, after the expulsion of the Portuguese by the Dutch in 1666. One of the Chapels by the Vicar apostolic in 1819, and the other by the Sepoys of the Garrison in 1825.	Natives of Cochin.	Ditto.	Ditto	Ditto. Ditto.	1300	30.	Ditto.

Fort St. George

30th May 1842.

The number of, and the Towns, in which Roman Catholic Churches are — situated. —	The supposed number of Roman catholics	At whose Expense, and at what time, such Churches have been built.	By what Priests they are now served.	Under what Ecclesiastical Jurisdiction such Priests are, or are supposed to be.	What number of such Priests are, or are supposed to be Jesuits.	How many of such Priests are of British origin, to what nations such as are not of British origin belong, and whether such Priests speak the language of the people —	What portion of the Roman Catholic population in the several Districts adhere to the		Whether the Priests acting under the Vicar Apostolic have claimed and obtained possession, by Law or otherwise, of any churches or other property, previously in possession of the Portuguese Priests, & whether in any case the disputes, as to the possession of Churches or other property, between the two Classes of Priests, have led to a breach of the Peace. —
							Vicar Apostolic	Portuguese Priests	
1 Amaravathy (a Chapel)	1380.	By the Community in 1834.	Natives of Cochin.	The Portuguese Bishop residing at Dvilon.	No Jesuits at this station.	No Priests of the British origin at this station the present Vicar speaks the language of the people.	1800	1380.	This Chapel is a dependency of the Church at Mattancherry — which town being within the Cochin Rajahs territory is not entered in this Statement. Since the Vicar apostolic of Malabar took possession of the said Church the adherents to the Portuguese Bishops have resorted to this Chapel. An attempt was made in June 1840 by the adherents to the Vicar apostolic to take forcible possession of this Chapel also which would have been followed by a breach of the Peace but for the timely interference of the Police. —
2 Tangasherry. near Dvilon.	1,700.	The first Chapel by the Inhabitants in 1790. the 2nd by the Portuguese acting Bishop of Cochin in 1841. —	Natives of Goa and Malabar.	The first under the Vicar apostolic of Malabar; the 2nd under the acting Bishop of Cochin.	Ditto.	Ditto	Ditto.	700.	1000 The Ecclesiastical Jurisdiction of the first church appears to have been the subject of dispute and litigation, between the Parishioners for the last 35 years. It has alternately been under the respective Jurisdictions of the Vicar apostolic and the Bishop of Cochin. Since 1829 (when there was a breach of the peace and on which occasion the Magistrate was obliged to interfere) the Church has continued under the Vicar apostolic though — most part of the Church property continues still in the possession of the Portuguese Bishop. —

The Number of, and the Townsin which Roman Catholic Churches are situated.	The supposed number of Roman Catholics.	At whose Expense, and at what time, such Churches have been built.	By what Priests they are now served.	Under what Ecclesiastical Jurisdiction such Priests are, or are supposed to be.	What number of such Priests are, or are supposed to be — Jesuits.	How many of such Priests are of British origin, to what nations such as are not of British origin belong, and whether such Priests speak the language of the people.	What portion of the Roman catholic population in the several Districts adhere to the		Whether the Priests acting under the Vicar Apostolic, have Claimed and obtained possession, by Law or otherwise, of any Churches or other property previously in possession of the Portuguese Priests — whether in any case the disputes as to the possession of Churches or other property, between the two Classes of Priests, have led to a breach of the Peace. —
							Vicar Apostolic.	Portuguese Priests	
2 Anjengo.	1000.	The first Church was built by Dom: Francisco Fernandes about 80 years ago; the second in — September 1839, by the Vicar Apostolic of Malabar.	The Vicar of the Old Church is a native of Anjengo. The new — Church is served by an under — Italian Miss. the Visionary, and a Curate, native of Anjengo. —	The first under the Portuguese Bishop. the second Vicar apostolic.	No Jesuits at this Station.	No Priests of British origin at this station. the present Vicar speaks the language of the people. Except the Italian — missionary. —	About 700.	About 300	The Old church at this — Station has also been the subject of constant dispute and breach of the Peace. One of a — serious nature occurred in august 1839 on the occasion of the Portuguese Bishop — taking forcible possession of the church under whom — it has since continued, and in consequence of which, the Vicar apostolic to meet — the wishes of the majority of the population built a Church at his own expense.

N. B. Independent of the foregoing Churches and Chapels — Tremal Pooram Talooks but no resident Clergymen. to the Bishop of Pondicherry. the Roman Catholic —

(65-66) Order thereon.

there are four or five Chapels in Wynaad Palghaut and they are now under the care of a French Missionary, subject Papulation in these Talooks amount to about 1500. —
