From the Collector of Tinnevelly — Forwarding Statement shewing the present and proposed Establishment for the Collection of Land Frontier Duty and Sea Customs —

Sir

Para 1 With reference to your letter of the 30th Ultimo, I have the honor to forward prepared according to the form which accompanied it, 2 Statements one for the Establishment retained for the Collection of Frontier duty and the other for that employed in the Sea Custom Department. —

2. A list of the Establishment requiring Sanction was sent with my letter of 23rd April 1844 prepared in the form prescribed by the order of Government dated 4th March last but as it again called for I beg to forward a Copy of it for submission to the Government of India as required. —.

3. I have also the honor to submit for Sanction as required, a Statement shewing the Amount of pay due to the Sibbendy employed at the Huzzoor from the 11th of April (the date of abolition of Sayer) to the 11th July 1844. It must be remarked that a portion of the Establishment proposed as has been actually continuing their usual duty without

remuneration, although under the hope of being permanently reappointed on the receipt of the Sanction applied for. Had it not been for these, who are the oldest and most useful Servants, great inconvenience and obstruction to public business would have been the result. —.

4. Of the 5 Frontier Stations noted in the Margin, the 3 first were, as before sanctioned, full Chowkies on the date on which the order for the abolition of Sayer Inland duty was received, and the remaining two were, are still, "Mettos" I therefore request that these 12 Mettos may be raised to full Chowkies (as recommended in my letter of 23rd April last) and Sanction granted for the increase of Establishment amounting to Rupees 124-11-4 per Mensem now recommended in addition to the former Establishment Sanctioned by Government under date 6th July 1838, and retained agreeably to the 2nd para of your letter of 28th March last.

5. The additional Establishment proposed for the Alwarcoorchey and Davadanum Chowkies has not yet been entertained, because I was unwilling to do so without previous Sanction unless the temporary arrangements I have made had proved ineffectual, these arrangements however cripple the other Chowkies and are not efficient. —.

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Rajahmundry forwarding copy and translation of the separate pleading filed by Rajah Narrayah Apparow Appellant in Case No 27. 1843 on the file of the late Northern Provincial Court. and the draft of an Answer which he proposes to put in as supplemental Respondent in the suit together with the previous correspondence connected with the subject

Provl Court respecting the right to a Zumka or Seland in the Godavery district & between the Zemindar of Pawley in that district & the Ellore Zemindar in Masulipatam together with draft of answer which he proposes to put in as a supplemental respondent in the suit the Pawley Estate having been lately purchased by Govt on acct of arrears Recommending that he may be empowered to conduct the defence at the public expence.

2. From this it will be seen that in the year 1838, on a dispute arising between the Zemindar of Rawly in Rajahmundry and the Ellore Zemindar in the Masulipatam District, respecting the right to a Lunka or Island in the Godavery the matter was referred to the then Collector of Rajahmundry Mr. Smith who on an inspection of the localities passed a summary order adjudging the Lunka in question to belong to the Ellore Zemindar. It should here be remarked that although both from regards to the protection of the Public revenue and preservation of the Public Peace it might be necessary that some settlement of the dispute should be made temporarily, at least by the local revenue authorities, yet that Mr. Smith's decision had in point of fact no legal validity, and could at best be acted upon only till set aside by some competent judicial tribunal. The proprietors of Rawley being dissatisfied with the judgment this

thus given by the Collector had recourse to the Masulipatam Zillah Court, where she brought an action against the Zemindar of Ellore for the possession of the Lunka, and obtained a verdict in her favor. The Ellore Zemindar has since appealed to the late Provincial Court Northern Division and the Estate of Rawly having been lately purchased by Govern-ment on account of arrears, the defence of the appealed suit has devolved in the ordinary course upon the Collector of the District. It might indeed at first sight appear to be scarcely consistent that the present Collector should advocate the claim of Government to the disputed Lunka as part of the Rawley Estate, whereas this said Lunka has already been determined by his predecessor to belong to Ellore. The Board were however of opinion that the summary decision of Mr. Smith, being, as already stated, a temporary measure, and of no legal force, could not be held as a bar to prevent the Government from asserting their claim if on mature enquiry it should appear

indefinite claim on the part of one of their number the amount of specific claims advanced by the Renters in the first instance was Rupees 55:39-2-11. This demand being evidently exorbitant and inadmissible, the Acting Principal Collector was directed to communicate further with the Renters with a view to bring them to more reasonable terms - and Mr. Inglis has in consequence succeeded in effecting an arrangement, whereby they have consented to accept 10 per Cent on the amount of the Kists which would have been payable from the 31st March to the end of the Fusly, in full satisfaction of their claims. The Amount thus to be disbursed to them as shewn in Para 5 of the Acting Principal Collectors letter is only Rupees 997-10-4 and as this Composition appears to the Board to be moderate and equitable, they beg to recommend that it may receive the sanction of Government -

3. In Para 6 of his letter Mr Inglis remarks "The Island Sayer duties having been abolished by an Act passed by the Government of India in which no provision

provision is made for any Compensation such as is now asked, the Renters have evidently no legal claims nor does it appear to me that they have very much right even on the score of Equity, when it is considered what a loss Government have sustained in abolishing the Inland and Transit duties" The Board feel themselves constrained to dissent altogether from these conclusions. The inland Customs having been abolished by the Act above referred to, the Renters have clearly no legal right to continue the levy of such duties, but like all other parties to a contract they have assuredly a valid and legal claim to compensation, if their contract be terminated preonaturely, without their concurrence. For the present sacrifice caused by giving up the Sayer the Government can it is obvious expect to be recompensed only by the improvement in the other branches of Revenue and in the general condition of the people. there can be no reason why any portion of the loss should fall upon the Renters rather than upon any other Members of the Community - Mr Inglis adds that "the Renters have sustained no actual loss" which as regards their transactions

transactions prior to the closing of the Rents may perhaps be correct, but they have it is evident foregone the profit which they would have realized during the remaining portion of their Lease and this would of itself, in the opinion of the Board, form an equitable ground for compensation to the extent now submitted for sanction.—

From the Commissr. of Kurnool, Furnishing Statements and other information regarding the allowance to religious institutions in the Kurnool territory.

Sir,

Para 1. I have now the honor to furnish the information called for by the Board in their Proceedings dated 21st of March 1824.

2. The voluminious nature of the Accounts, embracing the sources of Revenue for the support of no less than 2439 Institutions of different sorts, from which the Statement now forwarded has been compiled, and coming at a busy time of the year when the Cutcherry is employed in the preparation of the annual Jummabundy accounts, will, I hope, be considered a sufficient excuse for the delay which has unavoidably occurred. The estimated amount of Inam in land exhibited in the Statements which accompanied my letter to the Chief Secretary to Government dated 25th of October 1823 was founded on the Accounts of the Reddies and Curnums, while the old Mogaly land measure was still the Standard, since then the Survey has been completed, and the acre is substituted in

the

Fort St. George 28th October 1844.

the Statement now submitted.

3. It appears according to the Survey accounts that the Enams land enjoyed by the different religious Institutions &c amounts to rather more than 58,000 Acres, but of this I have no doubt that more than a third will be found to be quite unauthorized whenever an investigation is made into these Enams, and at any rate it remains with the Government to confirm or annul eventually what they please. The Estimated Revenue of these lands exhibited in Column 8 is merely nominal and must remain so till they are regularly assessed. The estimate is obtained from the Statement of the Village authorities, and is doubtless much below the real value, but it is natural that they should endeavour to make it appears so, with a view of obtaining more, or at least of preserving what they have. I estimate that a little more than half of these Enams may be actually under cultivation, the Survey assessment on which will probably amount to about 25,000 Rs, but this is merely conjectural. No satisfactory report can be made upon them until their real value

Fort St. George 28th October 1844.

is ascertained and I therefore propose to make the necessary investigation, simultaneously with the Survey Assessment.

4. Since addressing the Government as above mentioned I have found reason to change my opinion regarding the continuance of the allowance designated as Saderwaed, and on which subject further information is required by the Government in the Minutes of Consultation now under reply. I was at first disposed to regard it as for the most part a strictly religious and charitable fund under the management of the heads of Villages, and to view its resumption in the same light that Mr. Bayley did in the latter part of para 120 of his Report on the Settlement of Kurnool dated August 29th 1842, where he observes that if the Saderwaed were resumed, some equivalent must be allowed to the Pagodas, which would entail much interference, would save little, and would give no Satisfaction to the people. He subsequently however modified this view of the matter and directed the Customary remission of Revenue on that Account to be suspended intending I believe to bring the subject to the notice of Government, but in the mean time was summoned to Madras. The consequence

is

Fort St. George 28th October 1844.

is that for the last two fusles, Viz. 1252 and 1253, this remission has not been allowed, and the amount formerly remitted as "Sadarwaree" has for the past two years been carried to the credit of Government. Complaints on the subject were occasionably made to me, and I was certainly inclined to consider them as well founded and therefore recommended that a portion of this allowance should be continued. A further knowledge of the question however and an increased acquaintance with the practice and customs of the Country, lead me to the conclusion that a very small portion of this money was in reality expended for religious purposes and the real gainers by it were the Reddies and Varuvans the more influential Ryots and the persons who professedly to have charge of the Pagodah. I cannot ascertain on what principle this remission was regulated under the late Government, it seems to have been allowed as an old established Mamool and as it was variable in its amount that probably depended on the Collections of the year being raised or lowered as the Collections were large or small.

5. For the above mentioned reasons I consider it to my duty to state that I do not see any urgent necessity for continuing or as it would now be renewing this

K Letter to Govt dated 25th Octr. 1843.

Fort St. George 28th October 1844.

this Sadarwaree remission except in the cases exhibited in the appended list where the Sadarwaree allowance is the only support of the Institutions except what may be collected from voluntary contributions, and where it may be inferred that the allowance was in many cases really expended for their maintenance.

6. The above list exhibits the amount of Sadarwaree formerly allowed to Pagodahs which have no other source of Revenue but a reference to the Statement will show that in the Villages in which these Pagodahs are situated there are other Pagodahs which have Inam lands, though with the exception of the Kusbah Paniem they are small in extent. With respect to the 39Rs. 10as. shewn as the allowance to the Bhadrachellaswamy Pagodah in the Village of Komarol Paniem talook, it is to be observed that only 8Rs. 6as. is its own Sadarwaree in that Village the rest is made up from the Sadarwaree of other Villages in different parts of the District and transferred to this Pagodah on account of a certain degree of sanctity it is supposed to possess. I have stated in the Column of Remarks what I consider might be granted in lieu of these allowances.

7. Having then found reason to view this question in a different light, I

Fort St. George 28th. October 1846.

Sam induced to solicit the consideration of the Board not to press me to a too hasty report on a subject requiring extensive investigation and some leisure. In a new Country one is necessitated for a certain time and to a certain extent, to hear with the ears and see with the eyes of others, and much is palmed off as information which with a year or two more acquaintance with the Country would not even be attempted.

8 The Board in their Proceedings

30th October 1843. under date require me to furnish with the least possible delay a Report upon the Appanage lands and Gowd and Dawasthanum Enams.

9. I shall of course do so if they still desire it, at as early a period as my other duties will permit but at the same time I am bound to state that for the present I consider it will be labour thrown away for it is impossible to obtain any thing like a correct Knowledge of the value of these Enams until the Survey & assessment is concluded and it is also necessary that before commencing these enquiries I should have the Board's instructions in answer to Mr. Bayley's letter dated Madras June 19th 1843. on the general question of Enams in the Kurnool Serrestory in order that I may have some guide to the intentions

Fort St. George 28th October 1846.

intentions of the Board as to the nature of the tenure which they are prepared to consider as a sufficient claim. The Reddies and Curnums Enams will also come under investigation at the same time, and I propose to fix them eventually not with reference to what they may lay claim to, but with reference to the Revenue of the Village on a scale something similar to that prepared by Sir T. Munro for the Ceded Districts.

10. I now come to the allowances paid out of the Treasury, and it will be seen by

Fort St. George 28th. October 1844.

by a reference to the Statement that nearly the whole amount is disbursed in the town of Kurnool and chiefly for ceremonies connected with the Mahomedan worship, and which are performed with very little assistance other sources. My reasons for recommending the continuance of these allowances have already been given† and I see no cause for altering the opinions I then expressed.

In conclusion I have only to observe that when once the grants either of money or land have been definitely fixed

† In my letter to Govt. dated 26th October 1843

Fort St. George 28th October 1844.

fixed by the Government there will not be the smallest difficulty in making the arrangement contemplated by the Board in the latter part of the last para of their Proceedings of the 21st March.

From S. Scott Esqre. Commissioner in Kurnool

Sir,

With reference to your letter of the 19th instant, requiring me to state what course I would recommend to be adopted towards the Chagulmurry Abkarry Renter I beg leave to recommend that the balance+ against him be written off and that he may be released because from the short period that the abkarry has been rented in Kurnool the real value of the rent cannot be previously ascertained with any great degree of certainty and because there is no doubt that the Renter sustained an actual loss.—

To The Chief Secretary to Government ---

Sir,

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council

the Abkarry Renter of the Chagalmurry talook of that district for Fusly 1253 and supporting his recommendation that it may be ordered to be written off and the Renter released from all further demand on that account—

From the Commissioner 16th August 1844. Rupees 133-15-4 from Rupees 30th Sept 1844.

Council the accompanying letters from the Commissioner of Kurnool regarding a balance of Rupees 133-15-4 outstanding against the Abkarry Renter of the Chagalmurry Talook of that District for Fusly 1253.—

2. The Commissioner states that from the short period that the Abkarry revenue had been rented the real value of the farm could not be ascertained with any great degree of certainty that the Renter took it for the above Fusly at a considerably higher rent than that of either Fusslies 1252 or 1254, and must have sustained a considerable loss that his property has been sold and the proceeds carried to account and he is at present under restraint in the kutcherry of the Aumen of Kurnool.— Under these circumstances the Board beg to support the Commissioner's recommendation that the above sum (Rupees 133-15-4) still outstanding against the Renter be ordered to be written off and that he may be released from all further demand on account of the above Abkarry Farm—

The gross Revenue exceeds that of the preceding Fusly by Rupees 83198-2-7. or 15 per cent as shewn in the subjoined abstract, in which the increase and decrease under each head are also exhibited

2. Of the increase of Rupees 8,900 14-11- under the head of Salt, the sum of Rupees 4,903-14-11- is in the Sales of Salt for Home and Inland consumption, and the remainder Rupees 3,996-3- in the exportation to Calcutta. The sales on the former account are not however above the average quantity of late years.

3. It is probable the revenue derived from the sales of Salt for Home and Inland consumption would have been still greater had the season for manufacture in Fasly 1252 been more favorable, but in consequence of the rains that fell from time to time during the period when the pans were in greatest activity, the quantity of Salt stored was very much under the quantity ordered, and in several of the fac- the whole of the Salt stored was disposed of by the end of February, and on the 30th. March when the order for enhancing the price of Salt and abolition of the Transit duties was received, a few garce remained in store in the whole of the District. On the new Salt being ready for sale the demand was not briskly resumed owing it is believed, chiefly to the enhanced price and in some small degree to the facilities afforded to the clandestine transport of Salt by the absence of

of the Sayer Chaukies, the non return of Rowanahs also from the Districts to which Salt is imported from the Coast precludes the possibility of satisfactorily checking the accounts of sales furnished by the Salt Servants. A Circular order issued to the Collectors of the different Districts to receive and return all Salt Rowanahs to the Collector of the District from which they were issued would be a great check, even though the Rowanahs for Salt conveyed into Mysore and Hydrabad and other foreign territories were not received.

4. The decrease of Rupees 15936-14-7- under the head of Sayer is accounted for by the abolition of Land Customs from the 1st of April, and the non Collection of Sea Customs which were in the preceding year levied on the stores of certain wrecked Vessels.

5. Under the head of Abkarry there is no increase or decrease, in consequence of that branch of Revenue having been rented out for the same amount for three years, or from Fasly 1252 to 1254-

6. The increase of Rupees 1000-14- in Sundry small farms and licenses has arisen chiefly from augmented sales of firewood in

Sreeharecotah

Fort St. George 28th October 1844.

Streharicotah and from the rent of Jungles.

7. There is under the head of Moturpha a large increase of Rupees 5,953-3-4 arising from tax on Looms which has been levied in full for the fusly under review, while in the preceding year it was collected for 6 Months only under the order of the Board. There has been no material alteration in the rate of the tax, but in the number of Looms paying taxes a reduction of 487 has occured chiefly from those persons who had more Looms in their possession than they had full employment for, shutting up such as were not remunerating. There has not however been any emigration amongst the body in consequence of the introduction of the tax.-

8. In Stamps also there is an increase of Rupees 2,229-13-5- which has been occasioned by the transfer to the Chingleput Court of a portion of the jurisdiction of the abolished Provincial Court.

9. The subjoined Statement will shew the Demand Collection and Balance

From H.D. Davis Esqre Coll.r of South Arcot 3

Sir,—

I have the honor to report, that the late Nabob Ameerool Oomerah, confirmed on the 17th Ruzeb of Hezirce 1201 on one Mahomed Hussein alias Hussinmiah Subadar, 32. cs 6½ ds of Nunjah Land, yielding an annual Teerwah of Rupees + 403- — 3- as Enam in the Village

Reporting the death of Mahomed Hussein the Grand Son of the original grantee Chandan in the Village of Yadum of the Nuanarpedy Talook for instruction.—

+ 1/8 payable to Government.—

14167 Fort St. George 28th October 1844.

Village of Yadiar of the Talook of Manargoody.—

The said Land is entered in the Enam Summahbundy in the name of Mahummud Hussein the grand son of the Original grantee, who it appears died upwards of 10 Years ago without issue leaving two females Viz.t his Aunt Berbee Ammal, and half Sister Mureemsaibah, as particularized in the enclosed Genealogical Tree.—

A 3 The last incumbent Mahomed Hussein left the management of this land to one Mahomed Banah, a relation of his, who has held possession of the entire land up to this time.—

4 On an enquiry made on this subject, it does not appear that either of these females were ever put in possession of any portion of this Cuttubady Enam.—

*B Mureem Saibah claims a greater portion of this Enam as nearest heir to the deceased incumbent.—

5 This being a Cuttubady Enam formerly given for service and declared by Government liable to be resumed,

or

to bear full assessment on the demise of the incumbent which is mentioned in the list of the year 1807. I beg to be informed if it be the wish of the Board that this Enam be entirely resumed as originally intended.

C. 6. Beebee ummal has not preferred as yet any claim, she is perhaps waiting for the result of Maureem Saibas application. In the event of the Board feeling disposed to grant a maintenance for each of the females during their lives, by allowing them 3 or 4 Cawnies of Manium land. I can refer the right of Maureem Saibah's claim to the Cazee to ascertain whether her loss of Character, as stated by the other parties, be true, and interferes with her title to any support from Government.

Balance against his under renters, his actual losses would, as per his own accounts seem to Amount to Rupees 12,000.

3. But before giving credit to this his Statement it is necessary to remark that on referring to the accounts of Monthly Collections usually furnished by Renters to the Duftar Office, the Collections themselves appear in the aggregate to have fallen short of the Amount of rent through each year, a circumstance which affords a strong proof of their being untrue. On what ground, then can it be supposed that this Statement of the Renter in question, is not as fallacious and as little deserving of credit.

4. The Statement accompanying exhibits the Collections by Renters of Betel and Tobacco, and those by Government on other articles under Aumany from fusly 1248 to fusly 1253 and the proportion which the Collections within the 3 first quarters of each year have borne to the 4th and to the aggregate annual Collections. Owing to the abolition of the Sayer from the 1st April and the Renter for

Fort St. George 28th October 1814

fusly 1253 not having produced the Account of his Collections from the 1st November the Renters Collections on Betel and Tobacco, and the Government Collections under Aumany on all other articles for fusly 1253, as far as such periods are concerned, have been assumed on an Estimate arrived at by the respective accounts of the respective periods of the last year. The Statement thus prepared gives the Cuntages of the Collections realized upto March on the Total annual Collections which may all serve as standards for decision.

5. Although the Cuntages thus obtained vary from 67 5/8 to 73 7/16, and the cuntage of the average Collections of the first five years has been, under not and Aumany 71 29/32 and 71 2/8 respectively yet considering that the Renter has entered into contract to pay 5400 Rupees for fusly 1253 more than the rent for the preceding year, and that this rent was cancelled before the expiration of the term of contract, it seems just to adopt the Standard of 70 per Cent some what more favorable to him.

him.

6 Under this Arrangement Vizt. at 70 per Cent the amount realizable by him would be 81,138 Rupees and deducting this from his actual payment of 83858 a sum of Rupees 2378—1—0 remains which last I beg to recommend as the Amount to be given this Renter in compensation.

7. It has been usual to furnish the Renters with as many Rowannahs as they required on payment of their value, and whenever a Renter was succeeded by another at the expiration of the term of contract, and had any number of Rowannahs undisposed of remaining with himself, to make them over to his successor who was to pay their value to his predecessor. The Renter for. fusly 1253 has on the cessation of his rent from the 1st. April delivered the remaining Rowannahs in his possession worth Rupees 226—10—0 and which amount in Number to 2992. But as the abolition of the Sayer precludes the

the possibility of observing now a process similar to that above noticed, I beg to request that I may have sanction to refund to the late Renter Rupees 226—10—0 the value of the Inland Rowannahs he has returned. This amount together with the sum recommended as compensation will make the total payment proposed to be made to the Renter Rupees 2,604—11—0.

From the Collr of Malabar

Sir,

I have the honor to acknowledge the receipt of the Board's communication dated 3d Instant giving cover to the Extract from the Minutes of Consultation of the 24th Ultimo in which I am directed to furnish further information regarding a tract of forest land in Wynaad applied for by Mr Cowley.

Submitting the further information required by Government regarding a tract of forest land in Wynaad applied for by Mr Cowley Viz. the means taken to ascertain the natural products of the dense jungle the description in record respecting it and the nature of the inspection that was made of the Forest

2. His Lordship in Council desires to be informed with reference to the concluding paragraphs of my letter dated 17th May last what means were taken to ascertain that "this "dense Jungle" contains no valuable timber trees, ores, and other natural product. The Board are further requested to ascertain whether any statistical memoirs of this part of the Country are to be found in the Records of the Collectorate and whether

any

any inspection or survey of the tract co was recently ordered and if so, with what result.

The question as to the existence of a Teak Tree, yes Sir.

3. With regard to the first point, I have the honor to observe, co that the only tree in this District co which is of much value is the Teak, and that it is a well known fact that this Tree does not grow to any extent, in Malabar to the Northward of Tamberkeri a point considerably to the South of Terryaterrah, where the Government forest is situated. co But even if it or any other usefull tree did exist in this locality its value as an article of commerce co would be altogether neutralized by its position. I mentioned this fact in my letter of the 17th. May, but not apparently in sufficient detail.

Even were the high road reached at 7 or 8 to 15 miles distance there remains a journey of 20 miles and a bad [illegible] the

The Country between the forest tract and the nearest high road is so distant and co alternately so swampy and so hilly that it could not possibly be worth time to convey timber co across

it in sufficient bulk to make it a marketable article. The difficulty of carrying away any sort of produce is indeed one of the great obstacles Mr. Mr. Cowley would have to contend with in settling at Terryaterrah, but the transport of Coffee an article which can be packed in panniers and placed on the back of a bullock accustomed to steep and difficult paths, is of course a very different thing from the transport of Timber, which even if reduced into plank is a cumbrous and co difficult load for which some co sort of wheeled Carriage is co absolutely necessary.

4. With regard to ores, I am unable to speak with any co certainty. Should any mines exist, the difficulty of working them, and carrying away the produce would (as in the case of wood) prevent their co being of much value. But should the Government think fit a clause might be inserted in Mr. Cowley's

lease

Fort St. George 28th October 1814

lease) as is indeed general in all Govt. Government leases) reserving the right to all ores that may be found. I am not certain that I exactly understand what is meant by "other natural products" Cardamoms as I mentioned in my first letter are found in the Forest and a little honey with a few tree gums are now and then collected by the wandering Hill men, but in such trifling quantities as to be altogether unworthy of attention. The only Statistical Memoir on this part of the Country I am aware of, is to be found in the "Description of Malabar" which was compiled by Messrs. Ward and Connor at the time they made their excellent Map of Malabar but nothing will be found in that concerning "Description" (which is no doubt in the Surveyor Generals' Office) which throws much light on this wild and mountainous part of My road.—

In

Fort St. George 28th October 1814

In fact I think it extremely probable that no European ever visited the Government jungle tract contiguous to myself.

The Surveyors no doubt were acquainted with the high Peaks in the vicinity which they must have ascended to take their observations, but there was no sufficient inducement to lead them to penetrate a jungle which could not be thoroughly explored without extreme labor and fatigue. And this leads me to the last query of Government "whether any inspection or survey has been recently ordered," to which I beg to reply that no further inspection has been made than was reported in my letter of the 17th May last "Viz." a personal view from one or two positions the last of which was a very commanding one — The computation of the probable area embraced, was formed on more inspection tested by a critical examination of my large Map.× There are various enormous Mountains in

Ward and Connor's It is very minute and accurate

the Vicinity which confine the forests at their base and make a superficial examination of this nature sufficiently accurate.

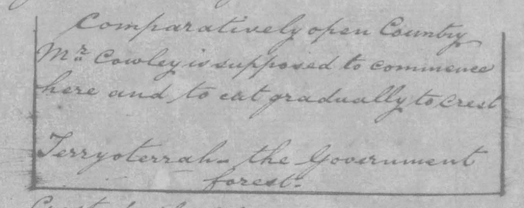

I feel very confident that 1500 Acres of usable ground will not be found in the tract but as a matter of precaution there can be no harm in stipulating that if more are obtained a proportionate price be paid for the increase.

6 A regular Survey could not be made of a tract of this description without considerable expenditure of time and money and a great risque of fever. The Surveyor would have to hew the greater part of his way through a matted Jungle, one half of which is in the midst of deep and stony precipices. A Survey must be made under the immediate direction of a European for no reliance could be placed on the assertions of Natives, unless so superintended. Tracts like

Fort St. George 28th October 1844.—

like this are held in the greatest horror by the Natives in general. The only parties who ever venture into their recesses are the Mulliers or Hill men above adverted to, a miserable race para 4 of people who are born and bred in the jungles and who alone can breathe their air with impunity. These poor creatures collect the Cardamoms &c. of the whole range of hills, and bring them to the verge of the open Country for the different proprietors from whom they receive a trifling wage.—

7. The only way in which Mr. Cowley could succeed in becoming thoroughly acquainted with the property and this no doubt is the course he would adopt, would be to commence clearing from the side nearest the open Country, and proceed gradually onwards and inwards till he reached the crest of the Ghat. The following rough plan will elucidate my meaning.—

Ordered to be received.

Read again Letter from Lieutenant Quetherley Revenue Surveyor Neilgherry dated 25th Ultimo, and Neilgherry Hills dated 28th Ultimo, and Extract enclosed in Communication the Accountant.

Ordered that the following Letter be sent in reply.

To Lieutenant Quetherley
In charge of Survey
Neilgherry Hills

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 25th Ultimo, with its enclosures, and in reply to request you will furnish the information called for in the annexed extract of the proceedings of the Board of Revenue dated 18th Instant, and to inform you that the Board have no objection to your return to the queries as adopted by the Deputy Surveyor General of Canara, and the Deputy Surveyor General of Coimbatore, on the subject of the Neilgherry Survey.

42

Fort St George 28th October 1844

Instructions 11th Octr 1844.

In your Reply to the first query you are to state whether the Revenue Survey of the Neilgherries, the Board observe that your Lease referred to the instructions of the Honorable the Court of Directors given in their Despatch to the Madras Government of 21st March 1843, and to the Government of Bombay

2. In these queries, Sir, you are to state whether the Revenue Survey of the Neilgherries, the Board observe that your Lease referred to the instructions of the Honorable the Court of Directors given in their Despatch to the Madras Government of 21st March 1843, and to the Government of Bombay

14193 Fort St. George 28th October 1844

accompaniment, copy of a Despatch to the Governor General in Council 23d February 1842, as containing the only information with which you have been furnished on the subject - In these orders, altho the Court adverted to the necessity of a detailed survey map of the Hills, yet, it does not appear, whether it was their intention that the Survey should be carried farther than to mark out the several lands belonging respectively to Government, to the Todas to the Burgars, and to the European Settlers. the waste lands being like those of the Deyra Dhoon and Goruckpore divided into sections of suitable size for future occupation the instructions of the Court are at least very general - In consequence however, of the increasing resort of European Colonists to the Hills, it will ere long become requisite to revise the very imperfect assessment which now obtains there, and it is therefore necessary / as you will be pleased to inform the Deputy Surveyor General / that the Survey with which you are charged should be so conducted that it may be made available as the basis of such revised

14194 Fort St. George 28th October 1844

revised assessment, for which purpose it should embrace all the details which usually enter into a Ryotwar Survey - being indeed assimilated as far as practicable with that now in force in the low Country of Coimbatore.

3 The Board have not observed any points in the rest of your proposed answers - or in the information communicated to you by the Principal Collector of Coimbatore, on which it will be necessary to offer remarks - Since the Despatch of your letter now under acknowledgement you will however have been apprized by mine of the 26th Ultimo that the Neilgherry Survey has been placed generally under the control of the Surveyor General of India, the Revenue Details being under the more immediate Supervision of his Deputy - It will therefore be proper that your Answer to Captain Wroughton's queries should be forwarded by you direct to that Officer -

Inform 10th Octr. 1844.

With reference to your letter dated 20th September last, I am directed by the Board of Revenue to inform you that the claims on the Zemindar of Cavetnuggur are still under enquiry before the Collector of North Arcot, to whom therefore the Board beg to refer you. The object of the enquiry is to ascertain the extent of the Zemindar's responsibilities and the terms on which they may be adjusted. It must be understood that the course to be ultimately pursued in regard to the claims will depend on the nature of the terms to which the creditors may agree, and the prospect of relief that may thereby be held out to the Estate.

From the Agent to the Governor of Fort St. George Kurnool — Sir,

Reporting a claim preferred by the Nawab of Bungampilly for certain sums of Money collected from the Jaghire & carried to the Accounts of Government & soliciting orders on the subject.—

The Nawab of Bungampilly preferred a claim to me some time ago for certain sums of Money which are detailed in the accompanying Statement, on the ground that the Establishment for conducting the Affairs of the Jaghire was paid out of its revenues and not maintained at the expense of Government. Before bringing the subject to the notice of the Board, I thought it best to ascertain from the Principal Collector of Cuddapah whether the Money in question had been collected and carried to the credit of Government or whether it was still kept in deposit. A copy of my letter and of the Acting Principal Collector's answer is herewith transmitted. The difference between Rs. 898. A. 9. P. 7 and Rs. 918. A. 13. P. 1 was collected subsequent to the transfer of the Jaghire to the Superintendence of the Commissioner of Kurnool; and from this Rs. 918. A. 13. P. 1, I have struck

14224.

Fort St. George 31st. October 1844.-

struck out Rs. 5-14-8, two small items to which the Nawab can have no claim, leaving a balance of Rs. 912-14-5 collected from the first sequestration of the Jaghire up to the end of Fusly 1252.-

2- It is for the Board to determine whether the Nawab has any just claim to this Money already carried to the credit of Government, under the impression, probably, that the Jaghire would be eventually resumed but with reference to the late orders of the Court of Directors disclaiming all demands upon the Jaghire, I have the honor to request I may be favored with the instructions of the Board as to whether the sums now in deposit, or that may be in future collected on similar grounds, are to be considered the property of the Jaghiredar or are to be carried to the account of Government.-

Sir,

Submitting correspondence with the Collector of North Arcot regarding an application from the Puttadars of a Palmyra tope in the Vellore Taluk for compensation on account of palmyra trees leaves and boughs taken in the year 1841-1842 & 1843 for the construction of hutting for the convicts employed on the great western road and recommending that the Collector may be authorized to pay the parties on that account Rs. 36-2-0.
From the Collr. of North Arcot 14th. instant. 24th. October 1844.

I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Collector of North Arcot regarding an application from Mootoosawmy Moodelly of Vittoosamun and Cunda Moopen of Branammungalum the Puttadars of a Palmyra tope in the Vellore Taluk, for compensation on account of Palmyra trees leaves and boughs part taken in the year 1841-42 and 43 for the construction of hutting for the convicts employed on the great Western road.

2. The petitioners pay an assessment on the tope of Pags. 36 per Annum

Fort St. George 31st. October 1844.

Annum and strict orders were given to make use of unproductive trees only in the exigencies of the public service without trenching on their interests but it appears that these orders were not fully attended to by the persons in charge of the convicts and that some of the trees taken were yielding toddy although the exact number of them cannot be now ascertained. The Collector states that it is therefore impossible to fix with accuracy the amount of loss actually sustained by the petitioners but he is informed that the annual produce of a tree yielding toddy may be estimated at 4 Annas and he proposes that compensation be allowed for the whole number 155 trees, at the rate of one half of the above sum for each tree and also for the leaves and nar in the same proportion according to their value respectively, as shewn in the Margin, the total amount of compensation as thus calculated being Rupees 36-2-0 which the Board therefore beg to recommend that

From the Collr of South Arcot. 1.

Returning Petitions Nos 906 & 907 of 1844 from Munlers [illegible] Abdool Cassim late Renter of Toll and Tobacco in Rentumpatty report.

In returning the two Petitions received with your letter, I have the honor to state for the information of the Board, that the Renter of Belle and Tobacco in the Coleyaur appeared before me on the 8th Ultimo, and settled his accounts on the same principle as those of the other Renters as reported in my letter, and received back on following day the amount deposited by him as security for the rent.

2. The same individual requested me on behalf of the other Petitioner to refund the balance of the deposit made by him after deducting whatever amount might be owing on account of

Fort St. George 31st. October 1844-

of the Kists due up to the end of March last, the latter part of the request has been complied with, but as regards the delivering to him the balance remaining in deposit, he was directed to produce a Vakalutnamah from Abdul Khader who was then stated to be at Madras authorizing him to receive the same-

3- I therefore consider the two Petitions to be fictitious as that in the name of Madarsaw* bears the same date on which he received the money from my Treasury and passed his receipt for it and the other in the name of Abdul Cawder* having been despatched from this place whilst he is said to be at Madras but supposing they were actually forwarded by the Petitioners themselves, I think Madarsaw must have been urged to do so by the individual on whose Petition I fully reported upon, on the 5th Instant-

Affording for explanation regard the Tobacco & Betel Renters Petition requesting their admission to bail and to reach the Rentery months Feb.

12 Sept 1844

Agreeably to the directions contained in the Board's Proceedings, I have the honor to submit an explanation on the several points therein noticed, as follows-

Para 1

2- With regard to the sum of Rupees 1,208-9-8- shewn in the Renter's Petition, below the amount of collection entered in his accounts I beg leave to state, that on my calling upon him for an explanation of this difference, he admits that the amount of Rupees 13,534-3-6 is the Gross Collection actually made, both by him and the Sub-renters but that the amount shewn in the Petition includes only his own gross collections and the Kists paid to him by the Sub-renters which I pointed out to him was very irregular, and might interfere with his claim for compensation-

The

3 The allusion made in my letter of some of the Renters having conducted the management of their respective rents "contrary to the provisions of the Regulations" has no reference to the Petitioner's case, but to those of the Renters in the Western and central parts of this District, who have no accounts to show the actual duty levied by them on Betel and Tobacco in consequence of their having substituted the customs to the petty Village shop keepers for a trifling sum monthly and of their having passed articles on credit without reference to the quantity actually sold by these shop Keepers which has caused great difficulty in ascertaining the exact extent of actual collections to enable me to effect a settlement with them agreeably to a mode of management considered to have been entirely at variance with the orders of the Board.*

+ From Board 11th April 1844

* 18th May 1835

4 On calling upon the Renters of those parts of the District for an explanation on these points they all

state, that the limits of their Chowkies being extensive they could not afford to employ servants sufficient to superintend the collections, and that they were therefore obliged to adopt the course of renting out to the Village shopkeepers and passing articles on credit in favor of individuals whose faith they had no reason to doubt.

5 Regarding the observations contained in the 2d Para of the Board's Proceedings under reference, I beg to remark that on an examination of the accounts I found that the Town duty on a small quantity of Betel entered in Seven Rowanmahs to be about Rupees 12-11-11- which had paid duty at the Chowkies in the interior and Exported for consumption to the Petitioner's Chowkey had not been brought to account and moreover that the Registers tendered by the Petitioner proves of itself to have been very carelessly prepared without the regular number, and Dates being entered in the Rowanmahs - As the amount of duty thus omitted in the Renter's account does

does not, on further enquiry, appear to be so considerable, as to render the comparing the whole of the entries with the accounts of the adjacent Cowkies necessary, and as it will be of no material benefit to him in the settlement of his accounts ultimately, I have thought it advisable, in the absence of more ample means to ascertain the actual result of each Renter's accounts, to adjust with them on one uniform
+ 5th Septr 1844 principle as reported in my letter.

6- Agreeably to the Board's wish, I now beg to forward a statement shewing the actual collections and charges Vcca up to the 31st March last, and the probable collections made as well as the charges to be borne by the Petitioner from 1st April to 11th July last had not the Sayer been abolished with explanatory remarks appended thereto by which the Board will perceive that the Petitioners gross collections up to the 31st March last, is less than the amount of charges Collections incurred and Kists paid by him in the sum of Rupees 1,640-13-1- he
having rented four of the Jaie Fawi
Cowkies

Cowkies in the District, the charges of Superintendence became necessarily high. If the rent had been continued to the close of the Fusly the estimated profit would not be more than Rupees 466-6-2.

7. Taking into consideration the interests of all the Renters and the necessity of settling their accounts on one equitable principles, I had an interview with the Petitioner Vythenatha Iyen, who ultimately agreed to receive the amount of one Months Kist, Vizt. Rupees 1478-12-4 in final adjustment of his accounts, and in the event of this arrangement meeting with the approval of the Board, I beg to forward another
+ Ree2 statement shewing the amount of one Kist to be refunded to the several Renters amounting in all to Rupees 1,912-9-5- and to request that the sanction of Government may be obtained for the same, to enable me to come to a final settlement with the Petitioner as well as other Renters, who have been assured that one uniform principle will be observed in their several claims to a remission.

Relative to the Management of the Extra Sources of Revenue in the District of Trichinopoly for fusly 1163. A.D. 1843-44-

Sayer Decrease From 12th July to 11th April Fusly 1252-65726-0-1 - 1253-60455-15-6. Decrease 5270-0-7.

the result being a net decrease of Rupees 38140—6—3—

2. Of this decrease nearly the whole has accrued in the Sayer and is in consequence of the Town and Transit duties having been abolished under

Fort St George 31st October 1844-

under act VI 1844- Three months before the close of the fusly- if the collections for the corresponding periods of the two years be compared there for $\frac{1253}{1843\text{-}44}$ will be found to have fallen below those of $\frac{1252}{1842/43}$ by Rupees 4670 - 5 - which is ascribed to the prevalence of cholera during the former year. The Rent of the Betel for $\frac{1253}{1843\text{-}44}$ was however higher than that of the previous fusly-

Para 6-10.

3.

Owing to brisker competition the Abkarry rents have advanced Rupees 4115- above those of $\frac{1252}{1842\text{-}43}$ - In the Stamp revenue there has been the very considerable falling off of Rupees 8743- 9- 9- under this head there has been a decrease of Rupees 7020- in the stamps on Law paper in consequence of the abolition of the Provincial Court of appeal for the Southern Division and of Rupees 2019- 9- 11 from the cessation of the sale of Rowannahs subsequent to the abolition of the Sayer- while in partial compensation there has been an increase to the amount of Rupees 296- 6- 9- in Judicial penalties-

4.

The revenue derived from Sundry

Fort St George 31st October 1844-

Sundry small Farms and Licences has fallen Rupees 472- 7- 1- below that of the preceding year. the decrease having occurred in the Padoogay + produce and amount of fines levied on Cattle grazing there- The Board remark that there was an increase in the revenue derived from the Padoogay in fusly $\frac{1252}{A.D./1842/43}$ above that of $\frac{1251}{1841/42}$ of 883- 13- 2- ascribed by the Collector to the maintenance of the establishment for its protection sanctioned by Government at his recommendation in November 1842- They trust the decrease now noticed is not owing to any remissness on the part of that establishment- The trifling decrease in the Moturpha does not calls for remark-

+ Space between the natural Margin of river & their artificial embankment-

5.

From Paras 7- 8- 9- 11 and 13 of the Report before them the Board learn that some items are included in the extra Revenue settlement of the Trichinopoly District which do not belong to it while others are entered under inappropreate heads- Thus the Neercooly or tax for the use of water from Circar Channels-

Para

14277- Fort St George 31st October 1844-

(Para 11) and Cawil Fees are evidently items of Land Revenue the fines either on Cattle grazing in the Padoogay (Para 7) or on those Meerasdars who neglect to keep the irrigation works in order (Para 13) would properly be included in the Sewai Jummah or Extraordinary Collections of land Revenue - The Bazar and House Taxes (Para 7) which now appear in the small Farms should be transferred to the Motorpha. The Honey Tax (Para 9) now falling under the Motorpha belongs to the small Farms - The Board approve of the intention of the Collector to adjust those items under their proper heads in future -

6. The reform of the small Farms generally throughout the Madras Presidency is now engaging the attention of the Board who propose to address Government on the whole subject at as early a period as the present heavy pressure of business in the Office will permit -

The

14278- Fort St George 31st October 1844-

7. The whole of the current demand Rupees 143277-11-11 had been realized at the date of the report - except the trifling sum of Rupees 36-10-8; of this balance Rupees 28½ is the charge for Neercody or water tax on lands which prove not to have been cultivated: this demand should therefore be remitted - the remaining Rupees 8-2-8 is the loom tax for the whole year on certain Weavers in Arealore who only came to the Talook when nearly half the fusly had expired - Before recommending this sum for remission the Board would however wish to be informed whether it be the practice in the Trichinopoly District to charge loom tax only for such portion of the year as the loom may be worked. In some Districts the tax is charged for the entire year whether the loom be worked for the whole or only for a part of it -

8. The arrears on account of former fusleis are given at Rupees 1103-11- Viz. Rupees 306-8-4 on the stayer, and Rupees 797-2-8- on the small farms - Of the amount of Rupees 306-8-4

due

Fort St. George 31st October 1844.

due on the Sayer Rupees 50 are due by an individual who gave security for the Betel Renter of fasly 1243 A.D. 1833-34 and whose service Enam, his chief source of support, has been sequestered since that date. Arrears to the amount of Rupees 89 59—6-9 have been recovered, and the Collector has now benevolently interceded in his behalf that the remaining Rupees 50 may be remitted in which the Board beg to concur.

The rest of the Sayer Arrear Rupees 256-8-4 is due by the Tobacco Farm defaulters of fasly 1249 A.D. 1839-40 and as this is stated to be wholly irrecoverable the Board recommend that this also be struck out of the accounts. The same course they would also advise should be pursued under the explanation given by the Collector (Para 13) in regard to the arrears on small Farms amounting to Rupees 797—2—8. The total amount now submitted for remission including that for the year under report is

Fort St. George 31st October 1844.

is therefore as shewn in the Margin—

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative statement of the Collections, Charges, and Net revenue be submitted to Government, and a transcript of the same be forwarded to the Collector of Trichinopoly for his information and guidance.

From the Collr of Trichinopoly Reporting on Petition No 1105 of 1844- herewith returned-

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 26th Ultimo enclosing a petition No. 1105 of 1844 from Moottoo Samy submitting claims to certain arrears of pay amounting in all to Rupees 15½ alleged to be due for service performed as a "Padroogay peon."—

2 The Padroogay peons were formerly employed on the understanding that they were to be paid at a certain rate per Mensem out of the proceeds which might be yielded from the several kinds of revenue attained from the Padroogay one of the Principal of which arises from the fines collected from the owners of cattle turned out to graze. If the proceeds were not sufficient to defray the salaries as there were no other funds which could be appropriated to the purpose, they remained unpaid

14284- Fort St George 31st October 1844-

unpaid, and the peons looked for remuneration by being appointed to a situation on the regular establishment, and so forth. Under this system the petitioner received no pay for a certain time: and there are other claimants on the same score to the amount of Rupees 733— in the Taluk of Laulgoody alone.—

The System was certainly an exceedingly bad one, and was productive of evil either by acting oppressively on the persons employed, or by driving them to reimburse themselves for their services by making unauthorized exactions- and was abolished under the orders of the Board dated 20th February 1843 but I can hardly recommend under the circumstances above stated payment of the arrears.—

The Petitioner was dismissed because instead of attending to his duties he lived in the Fort of Trichinopoly—

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letters from the Collector of Tinnevelly proposing that a few English sheep should be supplied to him if available for the purpose of improving the breed of sheep in that District.—

The Board delayed forwarding Mr. Thomas first letter on the subject from a doubt whether the climate of Tinnevelly would be likely to prove favorable to the experiment, but as he has now repeated his application the Board beg leave to submit it for the consideration and orders of Government, and to express at the same time their confidence from the attention which Mr Thomas has uniformly evinced in the improvement of his district that the experiment will meet every care at his hands.—

2- It is satisfactory to observe that the Collections realized from the Sales of Salt during Fusly 1253 / A. D. 1843/44 are more than the amount brought to account in the previous year by Rupees 19,108-5-4- or more by Rupees 17,348 than the highest year's revenue on record, Viz.t Rupees 2,53,464-5-3- in Fusly 1250 / A. D. 1839/40.

3. The Sales of Salt in Fusly 1253 / A. D. 1843/44 at Munjumcolum, Arasady, Tutacorin, Paliacoil Coilpatam, and Vezianputhy, have exceeded by Rupees 42,498-6-11- the amount of Sales of last year- The Sale accounts of the other

2 Depots of Coolasagarapatam and Vypaur exhibit a decrease of Rupees 2,390-1-7 which being deducted from the increase in the other Chowkies abovementioned amounting to Rupees 42,498-6-11, the net Increase is left at Rupees 19,108-5-4. This increase has arisen from the price of Salt per Garce having been raised from 105 to 180 Rupees under the provisions of Act No. VI of 1844. From the commencement of the Fusly or from 12th July to 13th October the Sales at the Pans of Coolasagarapatam were at a Stand because there was no old, but only new Salt in Store, which latter it has been usual not to sell at the Manufacturing Season. The same reason must also be assigned for the decrease at the Pans of Vypaur.

4.

From the Marginal Statement it will be seen that the quantity of Salt manufactured during Fusly 1253 amounts to Garces 3,905-180. being in excess of the quantity stored last year by Garce 3,335-252-4. The

favorable for the manufacture of Salt in Fusly 1253, A. D. 1843/44 whilst the case was different in the previous year: Rain or dry weather respectively affecting the Salt.

5.

The large increase in the charges of Fusly 1253, A. D. 1843/44 in comparison with the previous Fusly is caused chiefly by the increased Quantity of Salt received in store in Fusly 1253, A. D. 1843/44 and the consequent increase in the payment of Coodeemarum, as also by certain situations which were vacant for broken periods during last year having been filled up in the year under report.

The Collections under this Head have produced an Increase of Rupees 29990 - 8 - over and above the amount of the previous Fusly- to account for this excess it is sufficient to remark that it has arisen chiefly from duty having been levied on Cotton exported to Madras (which enjoyed exemption from duty before the new Act came into operation) according to the new rates in Act VI of 1844, as also from an Increase in the exports of the same Article to China above last year- The duty from this Article alone amounts to Rupees 30,387- 3- 2 which together with the increase in the exportation of Sundries to different places as well as in the importation of Betel nut, Cocoanuts

Cocoanuts &c. amounts in the aggregate to Rupees 33,473-1-2. From this sum the decrease arising from a diminution in the Exports of Chanks and Piece goods to Madras and Malabar, and in the Imports of Opium and Sundries amounting in both to Rupees 3,482-9-2 being deducted the net Increase comes to Rupees 29,990-8-" as shewn in the Margin. There having been no collections this Year on account of Extra Revenue the sum of Rupees 59,599-14-1 noted in the Margin stands as the gross collections under this Head.

12. The charges in this Department for the year in question have been less than in last year by Rupees 121-15-3. The cause of this decrease is that the disbursements of the past year comprized payments under the authority of Government of a sum of Rupees 100, disbursed as reward to persons who assisted in bringing to light certain smuggled Opium; and of Rupees 44-9-" on account of the repairs of the Sea Custom Chowkey of Tutacorin as well as Rupees 5-11-4 incurred

for making Seales and tin boxes for preserving samples of Sugar received from Madras, or in all Rupees 150-4-4. Such as there have been no similar charges in Fusly 1253 / A.D. 1843/44. the said sum of Rupees 150-4-4 stands as the decrease in the charges of the year under Review. From this decrease the sum of Rupees 27-10-1 disbursed on account of the pay of the Sea Custom Chowkeydar of Tutacorin to whom an increase of pay was sanctioned by Government, and Annas 11 paid on account of Batta, or both together Rupees 29-5-1 expended in excess of last year being deducted the net decrease stands at Rupees 121-15-3 as shewn in the Margin.

13. The above charges being deducted from the gross collections the Net Revenue comes to Rupees 57,472-15-8, which, in contrast with the preceding Fusly, shows an increase of Rupees 30089-9-11 in favor of the year under report.

Decrease — 5391 — 4 — 4

The Revenue under this head has fallen off this year to the extent of Rupees 5391-4-4 which may be explained as follows. A great number of Looms have not been employed in Fusly 1253 / 1843/44 partly owing to the death by Cholera of many of the Weavers, and partly to many others having emigrated to Colombo with a hope of gaining a better livelihood there — The consequence of this was a Decrease of Rupees 5,627 — 5 — 6. adding thereto the decrease in the amount of Tax on Shops, Houses, and professions &c. amounting to Rupees 9137 — 1 — 2 — and Rupees 1721 — 9 — 1. lost to Government in consequence of the practice of appropriating the contents of the Pagoda Hundies for the benefit of the Government having been discontinued agreeably to the Board's Proceedings 2nd. February 1843. the total decrease comes to Rupees 16,485 — 15 — 9 &c.

from

from which the increase in cases caused by certain Number of Looms, Shops and Houses &c having been newly brought to account amounting to Rupees 11,094-11-5- being deducted, the net decrease remains at Rupees 5,391-4-4, as above shown.

22. The Collections realized on account of the above demand amount to Rupees 96156-11-8 leaving a balance of Rupees 2257-1-7 at the end of Fusly which has however been reduced by subsequent collections to Rupees 133-9-2. Including the Collections on account of arrears of former years and Extra Revenue the aggregate comes to Rupees 98,883-5-4 which in the absence of any charges Collections under this Head must be considered as the Net Gross Revenue

Revenue for the year under Report but in contrast with the preceding Fusly this amount is less by Rupees 7,708-2-4, which is to be attributed to the causes mentioned in the preceding para as also to the amount collected on account of arrears having been less in the last than in the previous year.

From

Fort St. George 31st October 1844.

From the above statement it will be observed that the demand on account of Coctra sources of Revenue for Fusly 1253 / 1843/44 A.D. is Rupees 16,321—13—7—over and above the amount of the preceding year and that the collections realized within the Fusly amounting to Rupees 6,66,252—13—11. are more by Rupees 16,187—14—10. than those of the last year and that the increase in the charges for the year under report has been occasioned by an excess in the payment of Coodewarum consequent on a greater quantity of Salt having been manufactured in the last than in the previous year. The balance of Rupees 4,112—4—4. at the end of this year though more than that of the preceding Fusly by Rupees 133—14—9. has been reduced by subsequent collections to Rupees 539—2—6. the net Revenue exhibits a decrease of Rupees 22,144—13—3.

Rupees 46-3-10 are due by persons ascertained to have died, deserted, or become totally insolvent by poverty, and the remainder Rupees 76-0-1- are due chiefly by Weavers whose houses Looms &c have been consumed by Fire, as reported in my letter of 27th July last, and by certain others who have been errone= ously charged with Maturpha, but subsequently on examination found not liable to taxation. To the Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letters from the Collector of Madras, reporting on an application from Ghulam Mahomed Saffee Dollah Khan to be relieved from a demand for Quit rent in arrear on certain houses & c^a in his possession -

Ghulam Mahomed Saffee Dollah Khan, commonly called Sheriful Umra, the representative of a collateral branch of the family of the H. H. the Nabob of Arcot being desirous of obtaining certificates for certain spots of land which appear to have come into his possession by inheritance and by his own Statement -

Submitting a letter from the Collr of Madras reporting on an application from Ghulam Mahomed Saffee Dollah Khan to be relieved from a demand of Quit rent in arrear on certain houses &c^a in his possession and suggesting modification of the existing rule that the demand should commence at the earliest only from the period of his succeeding to the property and that in all cases of claim hitherto assessed with Quit rent no demands should be made for any period previous than that in which the party commences actual possession and that in consequence should a demand for a Quit rent or land tax be made

unassessed be made for any period in arrear beyond 5 years.

to have been the property of his family before the Honorable Company resumed the sovereignity of the Carnatic, was informed by the Collector that it was necessary for him before obtaining certificates to pay Quitrent on his lands in arrear from 1800. against this demand the applicant has appealed to the Board, but it appears to have been made in conformity with the practice of the Office and the rule laid down by Government in 1832. the Collector having ascertained that the buildings on the several pieces of land had been in the possession of the family of Gholam Mahomed Saffee Ollah Khan even before 1800, the farthest period to which a demand for arrears of Quit Rent at Madras has extended.

approving of the Coll.rs proposition that no Quit Rent due on land held without a Grant or certificate should upon the issue of a certificate be recovered from the period of cultivation, or from the date of the erection of a building thereon.

3. When the practice in first obtained of demanding arrears of Quit rent from 1800, in cases similar to the present there would have been less hardship in requiring payment to be made as the total amount would

would not have been very large, but at this distant date the case is different; and it may be considered scarcely equitable to require a party to pay up a large arrear which has not accrued from any fraudulent omission on the part of himself or those from whom he inherits to meet the Government demand, but merely from no demand ever having been made on the property.

In the present instance the property seems to have been allowed originally to be held free of Quit Rent in consequence of the holder having been a member of the family of His Highness the Nabob. In submitting the case the Board would suggest in modification of the existing rule that the demand

demand should commence at the earliest only from the period of Gholam Mahomed Suffee Oollah Khan succeeding to the property as head of the family and that in all cases of lands hitherto unassessed with Quit Rent, whether built upon or cultivated, no demand should be made for any period earlier than that in which the party came into actual possession whether by purchase or inheritance, and that in no instance should a demand for Quit Rent on land hitherto unassessed be made for any period in arrear beyond five years.-

} Sir,

Submitting copy of a letter from Mr Maltby reporting in reference to the order of Government under date the 12th Instant, the result of his enquiry relative to the Heads of the Cutcherry as regards the late Suit against Capt. Ricketts & offering certain observations thereon.-

Dated 26th October 1844.

I have the Honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 17th Instant, together with Copy of an Extract from the Minutes of Consultation under date the 12th of this Month, No. 660 and to report that the two servants named in the first paragraph of the order of Government having been dismissed I requested Mr Maltby's attention to Para 2. I now submit Copy of his report stating that having communicated with the Honorable Company's solicitor, that Officer informed him that he was not aware what other servants of the Madras Collector's Cutcherry were alluded to in the observations contained in the advocate General's letter to Government "excepting that in conversations with Mr. Advocate General he was informed that from circumstances which had come under his observation in the Course of his

Fort St George 31st October 1844.

his official transactions he had reason to believe that Mr Deroz (Head Writer and Record Keeper) in many instances was implicated in fomenting litigation against the Honorable Company."

2. It is due in common justice to Mr Deroz that I should not allow so serious a charge as that referred to above to pass through my hands unaccompanied by a few remarks founded on the records of this Office, to shew that he is far from being capable of such conduct as has been imputed to him.—

3. The Advocate General is no doubt unacquainted with the peculiar constitution of this Office. He is not aware that there are several Departments attached to it with as many Heads and other supervising Officers, and that Mr Deroz is the Head of the Correspondence Department only. It is not, therefore, fair to assume that he foments litigation, if there be any party who may feel disposed to complain of the acts. However justifiable in themselves of one or another, if

Fort St George 31st October 1844.

those Departments.—

4. In 1841 the Advocate General preferred a more serious Charge against the Officers of this Department; and the Collector having had a personal interview with him, the result was reported to the Board on the 31st May of that year, on which occasion it was observed, for the reasons assigned in the letter, that "this Establishment might well have been spared the imputation cast upon it."—

5. Whenever there was a suit against Government, the defence of which required the assistance of this Office, Mr Deroz invariably used his utmost exertions in searching far and in placing before the Collector all such

such records as were likely to insure it success; and only a few months ago, when a suit was instituted against me by a Soddy Shopkeeper, Mr Deaz was unceasing in his endeavours not only to prepare for its defence at first, but ultimately to quash it on the part of Government being received for that purpose.—

Besides the numerous letters and testimonials to the value of Mr De vaz's services, which are now on the records of both the Board and Government, my immediate Predecessor, who has had ample means of forming a correct opinion of his merits from his having been under him for so long a period as 10 years, observed in a document bearing date the 9th August 1843 as follows:— an

"On several occasions, whilst holding the Office of Collector of Madras, I had the satisfaction of bringing to the notice of the Board of Revenue the favorable opinion I entertained of the services of Mr De-vaz. In the discharge of his very laborious duties, I ever found him anxious to promote the good of the Office, and the interests of Government, and I, at all times, received from him the most active and efficient assistance, which I have now much pleasure in acknowledging."

7. Having myself been in this Office for the last seventeen years, I feel called upon to state that I have ever found Mr De vaz upright and conscientious in the performance of his duties, and a most zealous and faithful public servant in all things.

8. The foregoing facts are, I presume, sufficient to shew that Mr De Vaz could never have been guilty of the charge of "fomenting litigation against the Honorable Company."

9. The other charge against

Mr

14339. Fort St George 31st October 1844.

Mr Devaz preferred by the Honorable Company's Solicitor and referred to in Paras 5 to 6 of Mr Maltby's report that an endorsement of date the 22nd December 1842 could not have been obtained without the knowledge or intervention of Mr Devaz does not require any comments from me, Mr Robertson having informed Mr Maltby that it had been prepared under his instructions and orders in consequence of an application being made to him for a memorandum of the position of Kandiah and that no blame consequently attached to Mr Devaz on this point—

10. I shall now close these brief observations, in the confident hope that the Board and Government will be satisfied that there is not any ground whatever for impugning Mr Devaz's character, which has always been irreproachable. ——

Madras — 28th October 1844 } [Signed] J. A. Hudleston. Collector &c

14340. Fort St George 31st October 1844.

No 1

To J. A. Hudleston Esqr
Collector of Madras —

Sir,

1. I have the honor to inform you that in conformity with the recent orders of Government I again addressed the Honorable Company's Solicitor on the subject of the servants of this Office who are suspected by the Advocate General of having assisted in the suits lately preferred against Captain Ricketts Superintendent of Police at St Thomas' Mount.

2. In his reply Mr Dale observes — "I am not aware what other servants of the Madras Collector's Cutcherry (other than Moottoo Moodelly and Ponniah Maistry) were alluded to in the observations contained in the letter addressed by Mr Advocate General under date 26th April 1844 excepting that in conversation with Mr Advocate General on the subject he informed me that from circumstances which had come under his observation in the course of his official transactions he had reason to believe that Mr Devaz (Head Writer and Record Keeper) in many instances was implicated in fomenting litigation against the Honorable Company

14341. Fort St George 31st October 1844.

Company. "—

3. Mr Dale adds I have the honor to state that during the late trials against Captain Ricketts no facts came to my knowledge as shewing that any servants of the Collector's Cutcherry, other than Mootoo Moodelly and Ponniah Maestry, did afford aid to the Plaintiffs in those suits; but the wording of the endorsement made on the petition and signed by Mr Robertson on 22nd December 1842 struck me as very peculiar, and the impression forcibly made on my mind has been, that the party who penned or dictated that endorsement, must have been fully alive to the fraud that was practised on Mr Robertson. I am not aware of the routine of the Collector's Cutchery, but I should suppose that the party who did this, must hold a high subordinate situation, although possibly he might not be the person who presented the Endorsement for signature, or who personally induced Mr Robertson by fraudulent representation to sign it. in fact the impression which I have received is that the fraud could not have been successfully practiced without the knowledge or intervention of Mr De vaz, although as before stated, I have no legal proof to support this impression." The

14342. Fort St George 31st October 1844.

4. I beg to observe that the Endorsement alluded to in these observations occupied my attention during my late enquiry. The original draft is in Mr De Vaz's writing but bears Mr Robertson's corrections and that Gentleman informed me that it had been prepared under his instructions and orders, in consequence of an application being made to him for a Memorandum of the position of Randeg, and that no blame consequently attached to Mr De vaz on this point.—

5. But after the allusions which have been made to that Servant by the Advocate General and the Honorable Company's Solicitor, it appears to me proper to mention the impression which the enquiry left on me, this was not favorable to Mr D. Vaz and accordingly at its close, I pointed out to him the discredit which the late proceedings had brought on the subordinate Department of the Office and the same marks of the displeasure of Government which would doubtless be shewn, and to which from his position he would be particularly exposed, if it should be necessary hereafter to resort to measures for protecting the interests of Government from its again appearing that information had been clandestinely obtained from

the

14343. Fort St George 31st October 1844.

the Office for the purpose of being used against the Government.—

6- But as this unfavorable impression was founded on general circumstances which were not incompatible with Mr D Vaz's innocence; and as the only acts of proved misconduct in the office were distinctly brought home to other parties, there did not appear to me to be sufficient grounds for putting Mr D Vaz formally on his defence. The principal circumstance which appeared to weigh against him was a presumption arising from his position and long employment in the Office, that he was acquainted with the purpose for which the endorsement regarding Kandegy was applied for, in which case it would have been his duty to have explained the real circumstances to Mr Robertson. On this point Mr D Vaz asserts that he was not aware of the Petitioners' motives, and in the absence of Proof of his being interested on their behalf, the point did not seem sufficient to support a positive accusation.

7- In conclusion I beg to report that my enquiry has been necessarily limited to what passed within the Office, and before the Supreme Court, as I have not the power of summoning parties who could give additional information, if on examination they were found to be willing to do so.
