Proceedings thereon. Para 1. In the Extract minutes of Consultation 3d February 1844 the Government on re- viewing a Communication from the Commissioner of Kurnool on the Religious Establishments in the District requested that the Board would "obtain "and submit a statement in a given Form shewing "in each village the number and nature of the re- "ligious Institutions, Festivals &c. for which grants "of land or of money are made, and the amount "of such grants in each case, together with an "explanation whether the sums now annually "assigned from the gross settlement for the "use of the institutions are fixed or variable "and upon what principles the remissions "are regulated."— The Board were further direct- -ed "to ascertain whether the amount of "Sunderward or Enam or other sums collected "and paid by the officers of Government "cannot be definitively fixed and its Col- "lection and appropriation then left to the "recognized heads of the Institutions in "conjunction with the principal worshippers under

"under arrangements similar to those adopted in other parts
"of the Presidency the Government being thus sepa-
"rated from all connection with these institu-
"tions, the administration of which must be
"left solely to the people themselves"- The letter
from Mr. Scott now under review is in re-
ply to a requisition from this office calling
upon him for information on the several
points adverted to by Government.-

2. Enclosure No. 1 in the letter of the
Commissioner exhibits detailed explanations
in form required by Government, in regard
to the allowances or endowments of whatever
kind enjoyed during the native rule by
the several religious Institutions through-
out the Province of Kurnool.- These endow-
ments, it will be seen, were of three clas-
ses. 1st Grants of Enam land. 2d deductions
or remissions from the annual Settlement
under the term Sunderward. 3d allowances
in money paid direct from the treasury.

General Abstract 3. The total extent of Enam lands
attached to the various Institutions is
acres
58,261-38-11 yielding an Estimated revenue
of Rupees 19,606-2-5. The extent here as
given

given of these so called Dawstanum Enams
is that actually ascertained in the course
of the survey. the title under which
much of this land is held would how-
ever seem questionable at least
the Commissioner expresses himself fully
assured that more than a third will be
found to be quite unauthorized whenever
investigation is made.- The estimate of
their annual revenue has been procured
from the Village authorities and is pro-
bably much below the truth - but the
Commissioner proposed to determine the true
value together with the extent usually
under cultivation (now roughly calculated
at little more than half) simultaneously
with the progress of the survey agreement.-
To the same period should be referred the
enquiry as to the tenure by which these,
as indeed by which all Enam lands
throughout the District are held. In the
interim the Dawstanum lands should be left
in the occupation of the present holders.-

4 The total amount of
Sunderward is stated at Rs. 1983-10-7

by Mr. Bayley in his report 29th August 1842 Para 120. - The principle on which this remission was regulated cannot, it appears, be ascertained, it is however said to have been "variable in its amount, dependent probably on the collection of the year, but how the amount now submitted has been ascertained, whether from the accounts of one year or framed on an average of several Fasslies is not mentioned Mr. Scott is requested to explain this, and at the same time to furnish a statement shewing the average Sanderward of the several religious institutions as determined in each case on the remissions of the last 10 years. -

+ Mr. Scott's letter Para 4.

5 7983-10-7 Of this Sanderward Rupees the Commissioner in his letter of 30th October 1843 proposed to discontinue Rupees 2877-14-1 being the total amount paid to those Institutions whose receipts from this source were respectively below Rupees 10. - He now however expresses himself of opinion that the Sanderward might be abolished altogether except in the case of those few establishments which have no other means of support. - These and the sums to be assigned to them are exhibited in the appendix to his

his letter the total amount is Rupees 729-11-9 or less than 10 per cent of the original Sanderward

Rs. 7983 for the Sanctanum of the whole province. The Board are not prepared to acquiesce in this proposal. - Mr. Scott urges that these allowances are extensively misappropriated by the Village and Pagoda officers, but this is no more than may be said in a greater or less degree of all Sanctanum Funds. - The item of Sanderward appears to have been very general under the native Governments its discontinuance in many instances has occasioned much discontent and in the opinion of Messrs. Blane and Bayley a like measure in Kurnool would be regarded with feelings of dissatisfaction. These remissions have indeed, pending a decision on the question, been suspended in Kurnool for the last two years and Mr. Bayley writing shortly after their stoppage (February 20th 1843) stated "every Village is clamouring for its Sanderward allowance for "the petty feasts which occur at this season". Experience has shown that the discontinuance of allowances of the nature now referred to has frequently had the effect of engendering more discontent, than the imposition of direct taxes, and in the present case independently of the policy, the equity of withholding

Mr. Bayley's Do 29th Aug. 1842 in Con. 24 Nov. Page 120

with holding them is at least open to question.- Mr. Blane in his Report of 12th October 1841 Para 21 states.- "It is impossible now to trace whether the sums so remitted have originally formed a portion of the just demands of Government or have been an Extra Assessment on the land made by the consent of the village Communities to provide for their several municipal charges and sanctioned by the Government. the latter is the most probable supposition as it is seldom that a Native Government[2] would be so liberally inclined as to allow deduction of this kind from its own revenue". If this latter view be correct the Sunderward is of the nature of a cess or rate levied by the people themselves for their own local purposes, and as such not properly forming an item of public revenue.- It should be here noticed that besides that part of the Kurnool Sunderward devoted to the Durmastanum under consideration, there

[2] Note Especially he might have added a Mahometan Dynasty in favor of Hindoo subjects and their worship Mr. Bayley's Report 29th August 1842 P35 considers that it existed in the old Hindoo rule and was continued by the Mahometan.

there is also a further portion destined for municipal and charitable purposes amounting as shewn in the margin to Rupees 4,268.- The Board's Proceedings 20th February 1843 have called for a detailed report on the entire Sunderward of whatever kind, but in regard to that now before them the Durmastanum Sunderward they are of opinion that the amount on account of each institution should be determined on an average of the remissions for the last ten years, as already stated they are not informed how the results given in Col. 5 Statement in Mr. Scott's letter have been arrived at, and that the several allowances so fixed should be continued either in the present or as will be subsequently discussed in some other form.-

6.

The allowances paid direct from the Treasury amount to Rupees 3779-13-9 nearly the whole amount is disbursed in the Town of Kurnool and chiefly for the support of the Mosque and for ceremonies connected with Mahomedan worship which derive little assistance

assistance from other sources - Mr. Scott repeats the opinion expressed in his former letter in favor of continuing these allowances and the Board fully agree with him: - If these payments fluctuate in any case from year to year, which the Commissioner will be so good as to explain, an average of the last 10 Fusilies should be taken -

7. In regard to the enquiry Extract Minutes of Consultation 3d February 1844. whether the amount of Dawstanum allowances cannot be definitively fixed and its collection and appropriation then left to the recognized heads of the institution, the Board may remark that it will be necessary in the first place that the pleasure of Government be known regarding the general question of Dawstanum Sunderward and whether these as well as the ready money allowances are to be continued in whole or in part to their several institutions. When this shall have been determined, the actual amount in each case may readily be fixed on an average of any number of past years - As regard the collection of these allowances they might indeed be deducted or remitted annually from the gross village

village demand and their realization thereafter suggested by Government be left to the recognized heads of the several institutions. The Board however could not recommend such a course, as its most probable effect would, they fear, be to give cover and license, under the name of Sunderward collections, for those undefined and illicit exactions which are but too frequent in all village communities, and which it is most desireable to repress. - It would in their opinion be far preferable that the whole Jummah should be collected and brought to account in full without deduction on the score of Sunderward and that the fixed allowances to be granted in commutation of this latter source of Dawstanum revenue be made a direct charge upon the Treasury, and disbursed to the several Trustees in such times in the year as would be most acceptable to them. The ready money allowances mentioned in Para 6 of should also as heretofore be disbursed from the Treasury direct. - In petty cases

Note The same plan should, the Board think, be pursued in respect to such portion of the village Sunderward mentioned in Para. 5 as contradistinguished from the Pagoda, as it may eventually be deemed advisable to retain. -

cases indeed, these, as well as the Sea-ward allowances, may be commuted into grants of Enam land but the Board would be averse to any extensive alienations of land being made for that purpose. The appropriation of the General Endowments in whatever shape continues will of course rest solely with the Heads and Trustees of the various Establishments.

8. After these Proceedings had been drafted, the Board were favored with the Extract minutes of Consultation of the 16th November 1844 which are herein anticipated.

In Cons. 2 Dec. 1844

2. His Lordship in Council does not see the necessity of submitting for sanction Statements of disbursements on account of advances already authorized by Government which being recoverable charges may be adjusted and passed by the Office of Audit to the extent of the recoveries credited in the Collectors Accounts- These disbursements, which are not actual charges, are in the ordinary course, blended with them and considerably swell the amount periodically sanctioned by Government under that head, which on a recent occasion attracted the notice of the Government of India, but the course suggested would remove them at once from the Lists at present furnished by the Board of Revenue. Fort St. George

My Lord.

We the President and Committee for the management of Patcheappah Moodelies Charities beg leave most respectfully to approach your Lordship with a request which has for its object a measure of public utility, and which we trust will meet with the favorable consideration of your Lordship in Council. These Charities have been placed under the exclusive control and management of Hindoo Natives (subject to an annual report to be rendered to the Board of Revenue and another to the Advocate General of Madras for the time being) by a Decree of the Supreme Court, under a confident expectation that the funds will be faithfully administered according to their objects. The greater portion of these funds are dedicated

Fort St. George 2nd. December 1844.

to education as well at Madras as in various places in the Provinces. We the President and Committee are accordingly engaged in forming and establishing educational Institutions, and among them one has been founded at Madras for instruction in the English and Vernacular languages and in some elemental departments of literature. This Institution has now proceeded prosperously for more than two years, and 500 Hindoo Youths receive their education therein under systematic rules of discipline, and under an adequate Establishment of competent Masters.

It is now proposed by the Committee to construct from the surplus funds at their disposal an Edifice in Black Town sufficiently large to be occupied by the Seminary established and maintained by the said Committee, and to serve as a Meeting Hall for all public purposes connected with the conduct of the Charities under their management and we having with this view sought for a central and convenient situation, have selected the angle of vacant ground opposite to the General Hospital, which appears to be the best and most appropriate site that can be found. But this piece of land being the property of Government we are induced to solicit the grant of it from Government, and in so doing we will feel confident that your Lordship in Council will be well disposed to cause every

every available assistance to be afforded to so useful an object. We need hardly mention that the contemplated building, if allowed to be constructed on the spot above mentioned, will be of such discription as to add greatly to the improvement of the Town and we beg to assure your Lordship in the name of the Native Community of Madras, whom we on this occasion do but represent, that the grant of the ground in question for such purposes as a Seminary and Public Hall will be most highly and gratefully appreciated by them.

Should it perhaps be deemed fit to fix any value upon the ground, we the Committee of Patchaiyappah Moodeliar's Charities will be ready to pay the same, and we venture to assure your Lordship that a compliance with this our humble and earnest request on any terms will prove a monument of your Lordship's beneficial administration.

the condition of the weavers in the District of Ganjam, as well as for statement exhibiting the amount of Revenue &c realized from the loom tax for fusslies &c 1250, 51 and 52 I beg to state for the information of the Board, that the Villages specified in the margin are the only places where there are any looms for the manufacture of cloths in a large scale, there are others elsewhere but they are very inconsiderable and the cloths manufactured are the coarser sorts used by the poorer classes of Natives.

2. Previous to 1815 Government laid out very large sums of money in the investment of Piece goods for transmission to Europe, which gave full occupation to all concerned in the manufacture, who would only manufacture cloths for ordinary consumption on terms more advantageous than those of the company. The comparative opulence of the zemindars and of private individuals at that time, and their love of buying valuable cloths were sources of profit to the weavers, but since the commercial Establishments have been abolished and the zemindars and their families have become reduced in circumstances these sources have failed, added to which the payment of

16484 Fort St. George 2d. December 1844.

of Moturpah to the zemindars and of the Inamdar Duties to the Sircar prefsed heavily upon them- They now manufacture chiefly the ordinary kinds of cloths, but the cloth trade of Berhampore and Masanapetta viz Wadadah Talooks is in a fair condition- Cholera has at various times thinned their numbers and others emigrated during years of death-

3. The amount realized on account of the Loom tax during the last three years in the Gumany Talooks is exhibited in the Margin but what has been levied in the Zemindary Talooks I am not able to ascertain-

From A. Mellor Esqre

Collector of Bellary — &c &c

Requesting with reference to the orders of Government dated 2d October 1844 the specific instructions and decision of the Board on the points noted in his letters of the 12th June & 17th August 1844 regards any portions of an Europe Goods coming from Madras by the Bangalore route unaccompanied by any certificate as well as the Trade of the Native states paying exorbitantly brought the Bombay Territories, also quoting a recent instance in which the article is detained pending the Board's decision.

The Board have with reference to my letter of the 17th August last No. 80 furnished me under date the 7th Ultimo with transcript of an Extract from the Minutes of Consultation dated 2d October 1844 in which the Government only observe "that on the Company's Customs having been paid in full, the "proof by the production of certificates of Customs having been so paid will exempt "Goods from further demand on the same "accounts."

2 I am aware of the general Rule that the production of certificates of customs having been paid exempts Goods from further demand, but this General principle does not relieve me from the difficulties which I have severally brought to the Board's notice in my letters of the 12th June & 17th August 1844. The order is not explicit enough on the questions raised, to enable me to issue instructions to my Subordinates. They are 1st Bona portions of a lot of Europe Goods once taxed at the

do

Fort St. George 2d. December 1844.-

Sea Custom House at Madras under one General certificate of payment should be treated when imported into this District through the Mysore or Bangalore route unaccompanied by any separate certificates, and whether so in the event of its being deemed impossible for the owner to produce the Collectors' certificate for every such portion a declaration in writing asserting that the portion so conveyed formed part of that which had originally paid duty would be sufficient to pass it free 2dly whether the advertisement dated 12th August is intended to embrace also articles imported by Sea on which import duty has been paid at any port of the Bombay Presidency and conveyed circuitously from Belgaum Darwar Hurryhur &c. to Hydrabad and Mysore through the Bellary District, the words "this Presidency" in the advertisement not appearing to embrace the point.-

3 The Government alludes to the production of certificates- it is not clear with reference to the nature of the questions above mooted by whom such certificate should be granted in cases of portions of Invoice, while the issue of separate certificates for the same by the Custom Collectors

Fort St. George 2d. December 1844.-

who first taxed the entire Invoice would be a matter of considerable inconvenience and difficulty, the detention unpacking &c. on the other hand of such Goods at our Frontier Chowkies for want of such Documents must prove vexatious and inconvenient.-

4.- To simplify this reference we will suppose that certain Europe Goods from Messrs. Griffiths and Co. destined for one of the Messes at this place proceed via Bangalore and though I am aware that the same must have paid duty at the Sea Custom House at Madras yet the question in this instance is whether a certificate from Messrs. Griffiths and Co. declaring that the Goods Imported from Madras form part of a lot which paid duty at the Sea Customs House, would be sufficient, for the Bandy man would be in possession of no other Documents than this; If this is considered sufficient, the Merchants and firms at the Presidency should be informed by a Public Notice in the Gazette to the above effect. Secondly if this certificate be considered inadmissable, whether it is not imperative on me to require a formal certificate from the Collector of Sea Customs

5.- Regarding the trade passing circuitously

Fort St. George 2d December 1844-

circuitously from Belgaum, Darwar &c. into the territories of Native Powers, such as Hydrabad and Mysore, through this District whether I am to understand that that part of the question has been solved by the words "Company's Customs" expressed in the order of Goverment dated 2d October 1844 now under acknowledgement, and that it is immaterial whether the import duty is paid originally at Madras or Bombay. If so, I should have the benefit of the Board's advice with specific instructions for my guidance regarding the issue of Separate certificates and by whom such certificates should be issued or whose certificate would be admissable for portions of Europe Goods as requested in the preceding Para- as connected with this subject, I must also bring to the notice of the Board, that preventive measures are necessary in the matter. I before wrote to them regarding the Bombay Frontier, as otherwise an amount of Revenue will be lost to Government so considerable as to

Fort St. George 2d December 1844-

render the Provisions of act VI of 1844 nugatory-

6- The Board on my urging the difficulty once before, observed that the present state of the Law did not admit of any remedy in the matter- The result is, that all Goods, that usually came through the long line of River Frontier from the Nizam's Country now enter through the Bombay Frontier, and vice versa, the Merchants of this District find it worth while to send Goods out by Humpasagur intended for the North to escape the duty they would have to pay at any of the Northern Fords where I have Chowkies, as this becomes an understood thing, and the Merchants have time to compare Notes in the matter, The Board may depend upon it that <u>all important traffic will disappear through that Frontier both coming and going</u>

of

of course if there is no remedy the loss must be sustained; but as its magnitude is increasing I have thought it right again to point it out.-

7.- My opinion was that under Section XII* Goods passing by any other than the proper route were liable to confiscation; a case in point has occurred which I shall detain till I get the decision of the Board.- a Merchant with Cotton for Canara attempts to leave my District at the Ankaly Ford, which leads into Bombay Frontier and is Free. His proper road is by Coonahoor Taligee &c. through Mysore; am I to confiscate his Property valued about 600 Rupees.-

Sir,

With reference to the orders of Government dated 3rd September 1839 I am directed by the Board of Revenue to submit the accompanying letter* from the Collector of Chingleput reporting that C. Tevovanny Naick has disposed of one of the Gardens on which he was allowed an exemption from Quit rent, so long as certain charitable institutions were kept up to Mr. C. McLeod.

The Garden in question which is situated at Perovalore has been held by various parties for a period of nearly 60 years without being subject to assessment, until the circumstances were brought to light by the Survey as reported in the Collector's letter of the 9th April 1838. The Board in submitting the case to Government recommended that the assessment fixed by the Survey and which in this case amounts to Rupees 60—2—1 should be remitted on the grounds of the proprietor having built and maintained a Charity Choultry

Choultry in the land. The matter was referred to the Supreme Government, under whose authority the conditions specified in the preceding Para were sanctioned on becoming acquainted with its transfer to Mr. Reed, the Collector called on him to state if he objected to the payment of the quit rent. Mr. Reed replied that as the tax had never been paid he had thereby been led to believe when purchasing the Garden that it was exempt from the demand, that the Ground was of little value and that he had been at some expence in repairing the roads, and maintaining a Water pundal.

The Collector states that the Choultry is still maintained by Government Native but as the Garden has been thus disconnected from the institution, the Board beg to submit for the consideration and orders of the Most Noble the Governor in Council whether the exemption from assessment should be still continued.

Submitting a letter from the Collector of North Arcot proposing an exchange of Circar land for certain Maniem land at Palmanair required for building and recommending the arrangement for sanction

31st Dec. in Cons. 21st Feb. 1845

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of North Arcot proposing an exchange of Circar land for certain Maniem land at Palmanair required for building.

2 The land which the Collector proposes should be appropriated to the above purpose is a Maniem belonging to a Charity Choultry measuring Cawnies 6.9¾ and assessed at Rupees 14-5-3- the Collector proposes to give a spot of Nunjah measuring Cawnies 1.2¾ and of the same value in lieu of it- the two pieces of land being in the occupation of the same person who has consented to the exchange

3 The Collector states that the Maniem is the only ground available fit for building, that the situation is high and healthy, at the end of the street which forms the Madras and Bangalore road through the Town- He describes the Town as being much crowded and states that many applications have been made for ground to build on- He proposes to grant the land

in allotments of not less than

3 Grounds of 40 by 60 feet each,

as it is thought the health of

the inhabitants would be greatly

promoted by allowing to each house

a sufficiently large backyard or

open space, in which vegetables or

other produce may moreover be cultivated-

Mr Goldingham proposes to fix a

To the Chief Secy to Government

Submitting a letter from the Collector of South Arcot reporting the death of the Minor Polygar of Woodiarpolliem on the 10th July 1842 and the several claims made to the amount derived from certain Cavel rents Vs resumed in the Manargoody & Chellumbrum Talooks & stating that the allowance in question being a payment in Commutation of Police duties seems clearly to belong to the Zemindar for the time being.

Rd 2d Dec. 1844
Ans 17th Oct. 1844

With reference to the Extract from the Minutes of Consultation under date 22d July 1842, I am directed by the Board of Revenue to submit the accompanying letter from the Collector of South Arcot reporting the death of the Minor Polygar of Woodiarpolliem on the 10th July 1842.

2. In the above Extract and that dated 31st January 1842 the Net Collections for Fusles $\frac{1245}{1835/36}$ to $\frac{1248}{38/39}$ inclusive, from certain Cavelly Enams Vs resumed in the Manargoody and Chellumbrum Talooks, were ordered to be accounted for, to the Zemindars estates under Management of the Court of Wards, and from Fusly $\frac{1249}{1839/40}$ the above Enams Vs were ordered to be commuted

Fort St. George 2d. December 1844.

commuted for a pension for life calculated at the rate of 15 per cent of the income derived therefrom. The Collector states that the Net Collections for the above Fusles amounted to Rupees 21,857-9-10. and the pension from Fusly 1249 inclusive to the date of the Minors death amounted to the further sum of Rupees 8,624-3-8.

17th Oct. & 11th Nov. 1844

Zemindar Minor

These sums are now claimed by the Mother of the Minor and also by the present Zemindar of Woodiarpollium as Head of the family and heir of the deceased, a Moiety of the sums is also claimed by the younger brother of the present Zemindar.

4. The allowance in question being a payment in commutation of police duties seems clearly to belong to the Zemindar or Head of the family for the time being and not to any Member of it claiming on personal grounds. It would appear moreover that the Minor died before the issue of the orders of Government finally settling the amount of the emoluments to be granted

Sir,

I am directed by the Board of Revenue to submit the accompanying letter from the Collector of South Arcot requesting authority for the employment of an English translator on a Salary of Rupees 70 per Mensem.

To the Chief Secy. to Government.

Submitting a letter from the Collector of South Arcot requesting authority for the employment of an English translator on a Monthly salary of 70 Rs.

12th August 1844 to 2d. Dec. 1844

5th July 1827.

The Board informed Mr. Davis that in reporting to Government on this subject on a former occasion they had observed that "the services of a Translator are only required occasionally and in the opinion of the Board the Principal Collector's establishment

Fort St. George 2d. December 1844.

establishment of English writers was sufficiently large to enable him to provide for the performance of any duty of this kind without the institution of a new appointment for the purpose."

The Collector however states that there is now always employment for an English Translator in his Office that the inconvenience arising from the want of a capable person to fill that situation is very great, the duties of his English writers having been greatly increased within the last ten years, so that all of them are kept fully employed

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 29th October 1844. forwarding for sanction an advertisement for the sale of the puttah lands of 13 Inhabitants of Nelyoor one of the villages in which the full rates of assessment have been reimposed under the Board's Proceedings dated 23rd January 1843.

Before authorizing the sale the Board would wish to be assured that the above persons were fully informed from the commencement of the season of cultivation, that they would be held liable for the payment of the full rates of assessment. It appears possible that there may have existed some doubt on this point, on the demand as being first enforced, and that the ryots may therefore have been unprepared to meet it on the past Fusly. In that case the Board would be averse to bringing their lands to sale, but would consider it proper that some indulgence should be allowed them in regard to the present balances.

(44)

To the Chief Sect.y to Government.

Submitting a letter from the Principal Collector of Madura reporting the institution of a Suit in the late Sr. Provincial Court against himself and the late Head Seristadar of his Cutcherry to recover possession of a Village in the Shevagunga Zemindary assumed as one when that Estate came under sequestration & recommending that the Principal Collector be authorized to file the answer he proposes to put in and to conduct the defence of the

Sir,

Para 1. I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter with Enclosures from the Principal Collector of Madura reporting the institution of a Suit in the late Southern Provincial Court against himself and the late Head Seristadar of his Cutcherry Shashaghery Pow transmitting also Translation of the Plaint and of the answer which he proposes to file in the case.

2- The object of this Suit is to recover possession of a Village with mesne profits for five years from Fusly 1247 (A.D. 1837/38) to 1251 (1841/42) such Village having as it is asserted been conferred in the year Sathasona or A.D. 1790/91 by the then Zemindar of Shevagunga on the ancestors of the Plaintiffs on Surva Inameem or entire fee.

the action at the public expence-

free gift tenure and enjoyed by them on these terms until Fusly 1247 / A.D. 1837/38 when it was unjustly assumed under the authority of the 1st. Defendant (the Principal Collector) and by the means of the 2d. the Head Sheristadar of his Cutcherry-

3. In his answer the Principal Collector states that the Village in question was granted on service tenure by a former Zemindar of Shevagunga to the ancestors of the Plaintiff who enjoyed it as a free gift until the year Routhree / 1800. but in the ensuing Fusly 1211 / 1801-2 or another Zemindar succeeding to the Estate he assumed the Village and it consequently was inserted as aiming the permanent Settlement Accounts prepared during that year Afterwards, the Principal Collector continues in Fusly 1212 / 1802/3. the parties were again placed by the Zemindar in possession of the Village which they held on Quit rent until Fusly 1233 / 1823-4 when it was assumed by the Proprietor in consequence of the Quit rent not being duly paid and on the Plaintiffs forcibly removing part of the produce they were prosecuted in the Registrar's Court by the Zemindar who obtained a

decree in his favor on the ground of the Village being ain. no appeal having been made against such decision. The Plaintiffs came afterwards to an arrangement with the Zemindar and on agreeing to pay him a certain rate of Quit rent they were in Fusly 1236 / 1826-7 reinstated in the Village. They continued to hold it till Fusly 1240 / 1830/1. when the whole Zemindary being sequestrated for arrears this Village also was assumed and its proceeds carried to Account in the Settlement of Fusly 1242 / A.D. 1832/33. The Zemindary was subsequently released and with it the Village which the Plaintiffs once more obtained from the Proprietors and held till Fusly 1246 / 1836-7. when the Zemindary came a second time under sequestration for that Fusly the Village according to the usual practice was suffered to remain in possession of the Plaintiffs - in the beginning of the next it was assumed as ain by proclamation (23d. August 1837) and the offer made by the Plaintiffs in writing (16th. November 1839) to hold it on Quit rent being refused under the orders of the Board of Revenue it was kept under amaunee until the recent restoration of the whole Estate to the Zemindar at which time the Village in dispute

Fort St. George 2d December 1844-

dispute was also given up to him- Under the Circumstances as above detailed the Principal Collector contends that the Village having been entered as ours in the Settlement Accounts of Fasly 1211 / A.D. 1801-2 having been constantly treated as such by the Zemindars since that time & the Plaintiffs having virtually admitted it to be of that class by their offer 16th November 1839 to hold it on Quit rent he was fully justified in assuming it as part of the Assets of the Sheva-ganga Estate, he further urges that the 2d Defendant (the Head Sheristadar) should be relieved of all responsibility on account of the proceeding in as much as that individual merely acted under his orders and authority.-

4 The Answer which the Principal Collector proposes to put in appears to the Board fully to meet all the points alleged by the Plaintiff and to be a good and valid defence- they therefore beg to recommend that the Pr. Coll.r may receive authority to file it and to conduct the defence of the Action at the public Charge.-

From Board 5th Sept. 1842.

2. The original extent of Mr. Rounds's property was Ots. 7-11-1375, of which he transferred to Mr. F. Fletcher O. 1-2-335, to Lieut. Colonel Dun Qds. 14-140, and to Mr. Atkins Ots. 5-19-900; but the last mentioned Spot was found on measurement by Lieut. Ouchterlony, Revenue Surveyor, to be less by Qds. 4-530. The Principal Collector of the District wishes, in

in consequence, to be informed whether he is authorized to permit Mr. Atkins to enclose the triangular piece of Ground marked A. B. C. on the plan now sent, in satisfaction of the deficiency adverted to by Lieut. Cruickterlony: the appropriation of it not being likely to be productive of any inconvenience.

3.

As the property has been duly assigned over to Mr. Atkins, who has purchased it for C. Rupees 2270, I beg leave to recommended that the necessary sanction may be procured for my issuing in his favor a separate Deed for Qr. 5-19-900, including the Qds. 4-530, referred to above, by way of consent and ratification of the transfer in the form submitted to the Board on the 19th March 1832, at the same rates of Assessment and subject to the same conditions as those originally authorized by Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an extract Minutes Consultation of the 12th Ultimo desiring the Court of Wards to state their sentiments on the opinion expressed by the Principal Collector of Madura that the husband of the Minor Heiress of Ramnad might be placed in charge of the Devastanum property within the Zemindary

Stating with reference to the Extract from the Minutes of Consultation dated 12th Ultimo that the Courts of Wards understand the objection of the Princl Collr of Madura to the husband of the Minor Heiress of Ramnad being placed in charge of the Devastanum property

property within the Zemindary to be rather of a general than a particular nature and submitting a letter from that Officer recommending the release of the Estate from the custody of the Court of Wards.

"though he would not for a moment accept him as a controlling officer under himself."

The Court have no reason to suppose

that the husband of the Minor is in any way disqualified by mental or other defects from undertaking such a duty. In fact Mr. Blackburne has expressly declared that "he is not deficient in natural abilities in comparison with others of his age". They understand Mr. Blackburne's objection to be rather of a general than a particular nature and to express his unwillingness to superintend the administration of a person in the position and of the class of the young Zemindar.

This view is borne out by a subse-

quent letter from the Principal Collector since received and herewith submitted, in which he recommends the release of the estate from the custody of the Court of Wards, on the ground of the little benefit expected to be secured to the estate under present circumstances and of the husband who is her natural guardian being as fit now to take charge of her affairs as he will be two years hence when the Minority legally expires. To this proposition against which the late Manager has protested in a petition lately received, the Court deem it sufficient to observe that the Section of the Regulation referred to by the Principal Collector does not seem to leave room for the exercise of any discretion in the matter.

On intimating to Government in

answer of the 6th February last year to the above-mentioned proposals that the instructions under which I acted did not permit me to accede to the offer of 20 years purchase but that for the amount of 25 years purchase money I considered myself authorized to agree to a transfer including the Fort of Tranquebar and all the public Buildings and entailing the charge of pensioning their servants on the Danish Government I was informed by letter of the 3d of May 1843, that the question would be referred to the Home authorities for orders and for adjustment.

Presuming from having had no later communication on the subject that the question is still under consideration I trust your Excellency in Council will forgive me for making the request that a renewed application may be made to the authorities in England with a view of obtaining their final orders on the subject.

I need not represent to your Excellency in Council that the suspicion of the negotiations in question for an indefinite period necessarily must give great inconvenience to the Danish Government as well as to many private individuals interested in the ultimate result. The

Should these considerations be sufficient to induce your Excellency in Council to attend to the request I have made above, I hope that an answer from England will be attained during a voyage on which I am ordered to the Eastern Ports and China and I shall be happy to be informed on my return that the difficulties which at present stand in the way of a final settlement of the question relative to an eventual transfer of the Danish Settlements have been removed.

Article 3. —

The Church of Zion and the Mission Churches of Jerusalem and Bethlehem in Tranquebar, the Roman Catholic Church and Chapels at the same place, the Danish Lutheran Church and the Roman Catholic Church in Serampore, the Serampore College and the Serampore or Native Hospital having been built or established by private means, these Churches and institutions with all their goods effects and property, moveable as well as immoveable are belonging to the respective congregations, communities and Societies and are not therefore included in the present transfer. +

+ Provided there is no control over these Institutions nor any right or property in them vested in the Danish Government. I thought there was a church at Serampore belonging wholly or in part to the Government, and if so, it might be as well to have it included in the purchase. There are not, I believe, any Danes residing there. —

Article 4.

All the inhabitants of the aforesaid Settlements Europeans, as well as Natives, who continue to reside within the Settlements shall be protected in and continue to enjoy the free exercise of their respective religions, and be afforded security to their persons and property and all and every right duly possessed by them. — No decision, award or order finally passed by the local Courts or the public functionaries in the due exercise of their respective functions, shall be questioned or set aside by any British Court or functionary when duly proved to have been made and passed. +

Article 5.

All subjects of His Danish Majesty shall be at liberty freely to enter the British sea ports and harbours

+ This article might as well be omitted altogether, the rights of persons and property will of course be respected as they are throughout British India. —

The Company's Regulations will of course be the law in future, and indeed the present Law in the Serampore Courts is almost precisely the same as prevails in the Mofussil. If any thing is necessary to be stipulated, it is simply that all suits commenced or pending in the Serampore Courts at the time the Treaty comes into force, shall be carried on and decided by the same law, and that all cases of appeal subsequent to the Treaty shall be decided by the same law as the original suits. —

The present treaty shall be ratified and the ratifications exchanged in within Months from the date hereof, or sooner if possible. —

Done at Calcutta on the in the year of our Lord one thousand Eight hundred and Forty four. —

We Frederick the Sixth by the grace of God King of Denmark, the Venders and Gothers, Duke of Slevig, Holstein, Stormarn

Stormarn, Dilmarsken, Lauenberg, and Oldenburg, by these writings make known and publicly declare, that Whereas William Carey and Joshua Marshman, Doctors of Divinity, and John Clark Marshman Esqre. inhabitant of our Town of Fredericksnagore (or Serampore) in Bengal, being desirous of founding a College to promote piety and learning particularly among the Native Christian population of India have, to secure this object, erected suitable buildings, and purchased and collected suitable books, Maps &c. and have humbly besought us to grant unto them, and such persons as shall be elected by them and their successors, to form the Council of this College in the manner to be hereafter named, Our Royal Charter of Incorporation, that they may the more effectually carry into execution the purposes abovementioned. We being desirous to encourage so laudable an undertaking, have of our special grace and free motion ordained, constituted, granted, and declared, and by these presents. We do for ourselves our heirs and successors ordain, constitute, grant, and declare. —

That the said William Carey, Joshua Marshman and John Clark Marshman

Marshman and such other person or persons as shall successively be elected and appointed the Council of the said College in the manner hereafter mentioned, shall, by virtue of these presents, be for ever hereafter one body politic and incorporate by the name of the Serampore College, for the purposes aforesaid, to have perpetual succession and to have a common Seal, and by the said name to sue and be sued to implead and be impleaded and to answer and be answered, unto, in every Court and place belonging to us, our heirs, and successors. -

2. And we do hereby ordain, constitute, and declare, that the persons hereby incorporated and their successors shall for ever be competent in law to purchase, hold, and enjoy, for them and their successors any goods and chattels whatsoever, and to receive, purchase, hold, and enjoy, they or and their successors, any lands, tenements, or hereditaments whatsoever, and that they shall have full power and authority to sell, exchange, or otherwise dispose of any real or personal property to be by them acquired as aforesaid, unless the sale or alienation of such property be

be specially prohibited by the donor or donors thereof, and to do all things relating to the said College or Corporation in as ample a manner or form as any of our liege subjects, or any other body politic or Corporate in our said Kingdom or its dependencies, may or can do. -

3. And we do hereby ordain, grant, and declare, that the number of the Professors, Fellows or Student Tutors and Students, shall be indefinite, and that they, the said William Carey, Joshua Marshman and John Clark Marshman, shall be the first Council of the said College, and that in the event of its appearing to them necessary during their life time or in the case of the death of any one of the three members of the said first Council, the survivors, or survivor shall and may, under their respective hands and seals, appoint such other person or persons to be members of the Council of the College, and to succeed each other so as to become Members of the said Council in the order in which they shall be appointed to

to the intent that the Council of the said College shall for ever Consist of at least three persons. —

4. And we do hereby further ordain, grant, and declare, that for the better Government of the said College and the better management of its concerns the said William Carey, Joshua Marshman, and John Clark Marshman, the members of the first Council shall have full power and authority for the space of Ten years from the date of these presents to make and establish such Statutes as shall appear to them useful and necessary for the Government of the said College, in which Statutes they shall define the powers to be entrusted to their successors, to the professors, the fellows, or Student Tutors and the other officers thereof, and the duties to be performed by these respectively for the management of the Estates, lands, revenues, and goods, and of the business of the said College, and the manner of proposing, electing, admitting, and removing all and every one of the Council the professors, the Fellows pr Tutors the

the officers, the Students and the servants thereof, and shall make and establish generally all such other Statutes as may appear to them necessary for the future good Government and prosperity of the said College provided that these Statutes be not contrary to the laws and Statutes of our realm. —

5. And we do hereby further ordain grant and declare, that the Statutes thus made and established by the said three Members of the first Council, and given or left, in writing under their respective hands, shall be valid and in full force at the expiration of ten years from the date of these presents, so that no future Council of the College shall have power to alter, change, or vary them in any manner whatever, and that these Statutes shall for ever be considered the Constitution of the said College. — And we do hereby appoint and declare that the Statutes shall be made and established by the said William Carey, Joshua Marshman and John Clark Marshman alone, so that in case either of them should die before the expiration of ten years, the power of completing or perfecting these Statutes shall devolve wholly on the survivors or survivor, and that in case all three of them should die before the expiration of

of the said ten years, then the Statutes which they may have left in writing under their hands or under the hands of the last survivor among them, shall be considered the Fundamental Statutes and constitution of "Serampore College" incapable of receiving either addition or alteration and shall and may be registered in our Royal Court of Chancery as the Statutes and Constitution of Serampore College.

6. And we do hereby further appoint, grant, and declare, that from and after the completion of the Statutes of the said College in the above said time of ten years, the said Council of the College shall be deemed to consist of a Master or President and two or four Members who may be professors or otherwise as the Statutes may direct or that the said Council shall not contain less than three nor more than five persons or shall be defined in the Statutes. — The Council shall ever be elected as the Statutes of the College may direct, yet the said Master or President shall always be previously have been a Member of the College, and upon the decease of the Master or President the Council of the said College shall be unable to do any act or deed until the appointment of a new Master or President have and except the appointment of such Master. —

7. And we further appoint, grant, and declare,

declare that the said William Carey, Joshua Marshman, and John Clark Marshman the Members of the first Council and their successors for ever shall have the power of conferring upon the Students of the said College, Native Christians as well as others degrees of rank and honor according to their proficiency in as ample a manner as any other such College, yet the said Serampore College shall only have the power of conferring such degrees on the Students that testify their proficiency in science and no rank or other special right shall be connected therewith in our dominions. And we do hereby further appoint grant and declare, that after the expiration of the said ten years, the said Council of the College, and their successors for ever shall have power to make and establish such orders and by-Laws as shall appear to them useful and necessary for the Government of the said College, and to alter, suspend or repeal those already made, and from time to time to make such new ones in their room as shall appear to them most proper and expedient provided the same be not repugnant to the statutes of the College, or to the Laws of our realm, and that after the expiration of these ten years any Member of the Council shall have

Answer to the remarks made by the Advocate General in the margin of the Draft of a Treaty for the Transfer of the Danish Settlements on the Continent of India, submitted to the Governor General in Council with letter of the 23d September 1844.—

Ad. Article 3.

The Church at Seramporе alluded to by the Advocate General is founded by private means and destined for a future Danish Lutheran Congregation, which in point of fact never has been formed, no Clergyman having been appointed. The funds of the Church being exhausted, it has for some years been kept in repairs at the expense of the Danish Government, and as the Danes residing at the Settlement

Fort St. George 5th December 1844.

Settlement have neither objected thereto nor been numerous enough to form a seperate congregation, I should consider the proprietary right to have been transferred, silently at least, to Government, and shall therefore not object to the suggestion of the Advocate General to include the said Church in the purchase. An amendment to that effect may be made in Article 2nd by adding Under Letr J. The Settlement Church at Seramporе commonly called the Danish Church—

In all the other Institutions, religious or otherwise, mentioned in the Article under consideration, the Danish Government has no proprietary rights. It has a general supervision of some of them, but no control which would authorise the Crown to appropriate, alienate, sell or give away the property in question without the consent of all the individuals therein interested.—

Ad. Article 4.

I am convinced personally that there is no necessity for securing by the present Treaty the rights of private Individuals, but I am acting under instructions made out in Europe where I believe it is customary and very often necessary on the cession of territorial rights and obligations to stipulate for liberty of religion

religion, and for the inviolable preservation of the rights of persons and property- I hope therefore the objections made by the Advocate General to the first part of Article 4 will be waived, but I shall try to amend the Article and I am perfectly willing to have the expressions made use of altered in any way that may be found proper or expedient.-

The latter part of the Article objected to, I have considered necessary to prevent litigation and chicanery- It has only reference to Suits finally decided and not appealed in due time- I do not find it improbable that individuals may be found who will take advantage of the Establishment of new Courts by bringing forward a second time Suits already finally settled under the former administration and I have therefore thought it expedient to insert, that complaints or Suits that were not appealable, at the time the treaty comes in force, cannot be appealed, nor brought forward again subsequent to the Treaty- But it is very probable my meaning has not been expressed clearly enough in the Paragraph under consideration.-

With regard to the System of Laws which prevails in the Danish Settlements, it will not be superfluous, here to observe, that

that although the Company's Regulations are Law in the Serampore Courts they are not Law at Tranquebar where the Danish Laws are in force. There are also in the Danish Settlements other rules for appeal than in the Mofussil. No regular Court of appeal being established either at Tranquebar or at Serampore, the remedy is in some cases to appeal by Petition for retrial to the Governor of the Settlements in other cases of a certain importance or pecuniary value to appeal direct to the Supreme Court at Copenhagen.-

With reference to the above remarks I propose to retain part of the Article and to alter the rest as follows.-

Article 4.

The inhabitants of the aforesaid Settlements Europeans as well as Natives who continue to reside within the Settlements, will be placed under the protection of the General Law of British India, and their religious personal or acquired rights as formerly enjoyed under the Danish Government, will be respected as all rights of person or property are throughout British India.-

All

Fort St. George 5th December 1844.—

All Suits commenced and pend-
ing in the Danish Courts at the time
the Treaty comes into Force, shall
be carried on and decided by the
same Law, as far as altered cir-
circumstances will allow. The
same will be observed in all
cases of appeal subsequent to the
Treaty but no complaint or Suit
which has been finally settled
and decided under the Danish
Administration and not appealed
in due time under observance
of the rules for appeal then in
force, shall be deemed appealable;
nor shall it be lawful to bring
forward again such cases by
Petition, complaint or otherwise
subsequent to the Treaty.—

Ad. Article 5.

The first part of the present Article contains nothing but what is conceded by Regulation II of 1830 Section I to all European States in amity with Great Britain; and the latter part has reference only to the distinction with regard to Trade which previous to the publication of the abovementioned Regulation was made between European Nations who had Settlement of their own, and those who had not in the East Indies. It is not very

Fort St. George 5th December 1844.—

very likely that such distinctions will be renewed, but the Home Government without having any intention to interfere with future legislation, consider it necessary to have it expressly mentioned in the present Treaty, that their position with regard to Trade in the East Indies will not be worse by parting with their Settlements than it would have been if they had retained them. The above is what I wished to express in the Article under Consideration, but the terms made use of may be altered in any way which shall be found expedient.—

I beg to propose the following amendment.—

Article 5.

Nothing in the present Treaty shall affect the Trade now carried on or about to be carried on by the subjects of His Danish Majesty in the East Indies nor shall the Trade be more restricted than it would have been in case His Danish Majesty had continued to possess the Settlements now transferred.—

Ad. Article 6.

To the addition made by the Advocate General to the present Article I can have no objection.—

of Revenue to forward for the information of the Most Noble the Governor in Council and for transmission to the Honorable the Court of Directors the accompanying letter from the Accountant General enclosing a General Statement of the Gross Collections Charges and Net Revenue of the Provinces under this Government for Fusly 1252. A.D. 1842/43.

2- It will be seen that the alteration alluded to in Para 2 of the Board's letter of the 31st July 1843. has been observed in the preparation of the accounts of the year under review by entering all refunds of Charges under their respective head of receipts.

3. The Grand total of receipts for Fusly 1252 A.D. 1842/43 is shewn to be Rupees 479,55,670. 5-10 and of disbursements of every description Rs 99,95,024-7-8 leaving a Net Revenue of Rupees 379,60,645. 14-2.

4. Compared with Fusly 1251 A.D. 1841/42 there has been an increase in the Gross Collections amounting to Rupees 844,970. 4-4. but owing to an increase

16,605. Fort St George 5th December 1844.

increase in the Charges to the Amount of Rupees 722,637-11-2, the increase in the Net Revenue has been reduced to Rupees 122,332-9-2. as shewn in the following Statement-

Collections

Fort St. George 5th December 1841.

5

In the Land Revenue there was a Net Increase in the Collections of Rupees 7,18,276—5—11 as shown in the following Abstract Statement of the Collections in the several Districts under the distinct heads of Arrears Current, Extra and Extraordinary—

8.

The increase in the Collection of Arrears occurred in the Districts noted in the Margin and is attributed to the Collections being in proportion to the larger amount of Arrears outstanding at the commencement of Fusly 1252 as compared with the preceding Fusly 1251 and to the Amount of the sale proceeds of the Nedadavole Zemindary in Masulipatam having been adjusted in Fusly 1252 A.D. 1842/43.

The decrease in the Collection of arrears occurred in the Districts noted in the Margin. In Rajahmundry the decrease arose in consequence of time having been allowed to Zemindars to Pay the arrears due by him, In Vizagapatam from the failure of rain and low prices of grain and in the remaining Districts from the arrears at the commencement of the Fusly under review being less than that of the preceding Fusly 1251 A.D. 1841/42.

it arose from the latter cause also and from the effects of the Hurricane which occurred in May 1843 and in Madura and Malabar from a decrease in the Cultivation of dry land.

15.

The increase occurred in the Districts noted in the margin. In Tanjore where there was also a slight rise in price, in Chingleput, Rajahmundry, Coimbatore and South Arcot, it was caused by the favorable nature of the Season - In Masulipatam and North Arcot by the realizations in full of the Peishcush of certain Zemindaries.

Recoveries of Advances for Cultivation

22 The increase in the item of recoveries of advances chiefly occurred in the Districts of Trichenopoly and Bellary from the Collection of arrears under this Head.—

Recoveries of charges collection of Sequestered Zemindaries

23 The increase under this Head occurred chiefly in Rajahmundry the Collections being proportionate to the large amount advanced on account of Estates under attachment in that District.—

Receipts on account of Company's Plantations Sales of Land Batta or gain by Exchange

24 The increase under this head occurred in Masulipatam being the value of certain Mootahs belonging to the Nedadavole Zemindary sold for Arrears of Revenue and purchased by Government and transferred to the Zemindar of Noozeed.—

Profit and Loss.

25. The increase under the head of profit and loss occurred in Madura from the amount due to Bickajee Row late Cashkeeper for subscription to the Native Pension Fund having been Credited to Government on account of the amount embezzled by him.—

Interest on account of Arrears unpaid.

26. The decrease under this head occurred chiefly in Madura in consequence of the interest on arrear of Peishcush against the Shevagungah Zemindary having been adjusted and Credited in Fusly 1251 whereas there was no corresponding credit in the

Fusly under review and also from the amount of interest paid in arrears by Zemindars in the Districts of Rajahmundry and Masulipatam having been less than in the preceding Fusly—

Refund of Revenue Charges

27 The decrease under this head is in consequence of the sums credited being smaller than in the previous Fusly—

Decrease	1,15,290-12-9

29 In the total amount of ordinary charges there was a decrease of Rupees 1,15,290-12-9 but deducting the disbursements for compensation in lieu of resumed offices, Pensions and Charitable allowances Pagoda and Masque allowances the net decrease was Rupees 1,77,143-14-9 resulting from a gross decrease of Rupees 1,77,734-14-8 and a gross increase of Rupees 690-15-8.

Salary and Commission

Fusly 1251	12,55,493-4-1
" 1252	12,34,873-6-"
Decrease	20,619-14-1

30 The net decrease of Rupees 20,619-14-1 under the head of Salary and Commission is the result of a gross decrease of Rupees 56,290-12-3 and a gross increase of Rupees 35,674-14-2.

31. In South Arcot the decrease arose from the rate of the Collectors Salary having been reduced and from the period for which the Salary of the Sub Collector was charged being less than in the preceding year. In Tanjore it was occasioned

occasioned by the difference of salary between a Principal Collector and a Collector In Coimbatore from the circumstance of one Assistant Collector only having been employed instead of two as in last year and also from the present head Assistant drawing Rupees 558-5-4 a month instead of Rupees 733-5-4 the rate drawn by his predecessor. In Tinnevelly from there having been no charge for arrear of Sub Collector's salary as in the preceding year. In Ganjam for a portion only of the allowances of the Principal Assistant Major Campbell, and the Junior Assistant Mr. Sutherland having been charged in Fusly 1252. in consequence of their absence from the District and the appointment of Captain McPherson to act for the former. In Vizagapatam owing to the salary of Mr. Conway the principal Assistant not having been charged for two months in the current year and also owing to the situation of Junior Assistant being vacant by the death of Mr. Mason. In Rajahmundry from the salary of Mr. F. I. Knox Assistant Collector having been charged only for a portion of the year. In Trichinopoly and Canara from the situation of Assistant Collector having been vacant. In Guntoor from the reduced rate of salary to the Collector and from the allowances to Messrs. A. Hathaway and

and Mr. Newill Acting Head Assistant Collector having been charged for a shorter period in this year than in last and in Madras from the situation of Collector having been vacant for some time after the appointment of Mr. Robertson to the Board of Revenue.

Increase

32. The increase was owing partly to the salary of the 3d Member of the Board from 1st to 14th June 1841 of Fusly 1251. having been charged in Fusly 1252. and partly to Deputation allowance having been paid to Mr. Mellor, Acting Temporary Member of the Board. In Cuddapah it was owing to Deputation allowance having been paid to the Acting Principal Collector Mr. Arbuthnot, and to the salary of the Assistant Collector, having been charged for a longer period in Fusly 1252. than in the preceding year. In Bellary it arose from the salary of the Collector for June 1842, in Fusly 1251, and of the subsequent 12 Months of Fusly 1252. having been charged in full in the accounts of the latter year and from Deputation allowance having been paid to the Sub Collector, while in charge of the District. In Malabar from the full annual amount having been disbursed in Fusly 1252. which was not the case in the previous Fusly

In Salem from Deputation allowance having been drawn by the Acting Principal Collector, and in Nellore, from the Sub Collectors salary for a part of the past year having been charged in the current year, also, from the appointment of an Assistant Collector and from the Acting Sub Collector and Acting Head Assistant having drawn Deputation allowance during a part of the Current Fusly.

Huzzoor and District Establishments
Decrease Rupees 3130-10-6.

33. The decrease in this item occurred chiefly in Canara from the payment in the previous Fusly 1251. of a large sum on account of arrears of the Head Sheristadar's salary whereas there was no corresponding disbursement in the Current Fusly.

Extra charges
Decrease Rupees 4923.12-4

34 The decrease under this head was occasioned by the Gundracottah Pollam in Tanjore not being under Circar management this year as was the case in last year and by the Establishments employed for the Management of the Estates in Rajahmundry which have newly reverted to Government having been charged under this head in Fusly 1251. whereas they were included in the Fixed Establishment in the year under review.

Repairs of Tanks and Water courses
Decrease Rupees 153926-2-10.

35. The decrease occurred chiefly in the Districts of South Arcot, and North Arcot, Chingleput & Nellore owing to its not having been found necessary to make repairs to the same extent as in last Fusly and in Madura in consequence of both advances and actual charges having been debited under this head in Fusly 1251. whereas in the year under review the advances only were debited.

Pagoda and Mosque allowances

39. The increase under this head chiefly occurred in North Arcot from the payment of arrears due to certain Female yeomiahdars whose pensions had been suspended pending an enquiry regarding their existence.

Pagoda and Mosque allowances in lieu of resumed Lands and Privileges &c.
Increase Rupees 65308-9-4

40 The increase under this head occurred chiefly in North Arcot, and was occasioned by the circumstances of a portion of the allowances for Fusties 1250 and 1251. having been paid in the Fusly under review.

Extraordinary advances for charges collection of Sequestered Zemindaries
Increase Rupees 4901-1-8-

41. The increase in this item occurred chiefly in Rajahmundry from the expenses on account of Establishments and Tuccavy for certain Estates which were under attachment during the whole year having been disbursed in the first instance from the Government Treasury

The

Charges on Company's Plantations Purchase of Lands and Batta or Loss by exchange

Increase Rupees 7,41,826-9-3.

42 This increase occurred chiefly in Masulipatam by the purchase of the Nedadavole Zemindary on account of Government in the Fusly under review.

Refunds of Revenue

Increase Rupees 27,489 8-3.

43. The increase under this head arose from the amount paid in the Fusly under review on account of compensation for losses sustained by the Renter of the Nellore District in consequence of the assumption of the country by the British Government in Fusly 1211. A.D. 1801 1/2.

Expenses on account of the improvement in the Culture of Cotton

Increase Rupees 20562-3-8

44 This charge was incurred on account of the Cotton Farm established in the District of Coimbatore.

Advances for Cultivation

Decrease Rupees 10,659 — —

45 The decrease in this item arose from less advances having been made in the Fusly under review to the Ryots in the Districts of South Arcot Chingleput and Ganjam.

Law Charges

Decrease Rupees 1,455-15-9

46. The decrease under this head occurred chiefly in the District of Trichinopoly from the amount remitted to the Zillah Court of Salem in Fusly 1251- in satisfaction of a Decree of that

Court whilst a similar disbursement did not occur in the Fusly under review.

+ Note

It has hitherto been usual to include for resumed Offices, the price of Estates purchased on account of Government under the head of Charges. This is clearly not a true charge but merely an appropriation of Capital. In the year under review the purchase of the Nedadavole Estate amounted to Rupees 8,00,000 alone so large a sum introduced on account of one item materially affected the comparison with the preceding Fusly and the item of purchase money of Estates has therefore been deducted from the head of charges in the comparison with Fusly 1251- in which year a corresponding deduction has likewise been made.

amount of real charges of administration in Fusly 1252 will amount to Rupees 4441,110-1-9 being in the proportion of 12-15-1 per Cent to the collections. The proportion of charges to the collections in Fusly 1251 after similar Deductions was Rupees 13-10-3.

Sir,

28

From the Collector of Vizagapatam.-

Submits the annual Report on the Extra Sources of Revenue in the Vizagapatam District for Fusly 1253.-

Para 1. I have the honor to Submit my annual Report on the Extra Sources of Revenue in this District for the past year accompanied by the following Accounts:-

I. Statement shewing the Demand, Collection, and Balance under each head of Extra Revenue in the District of Vizagapatam for Fuslies 1252. and 53.-

II Statement shewing the do. do. of Arrears of Extra Revenue in the District of Vizagapatam on account of former Fuslies for Fusly 1253.-

III Statement shewing the Gross Collection, Charges and Net Revenue on all branches of Extra Revenue for Fuslies 1251-52 and 53.-

IV. Statement shewing the quantity of Salt manufactured, Sold and the amount thereby derived, together with

a

a comparison of the quantity manufactured in different Cotars in the Zillah of Vizagapatam for Fuslies 1252 and 53.-

V. Statement Shewing the Inland districts or places for the supply of which Rowannahs have been issued for the transport of salt from the Cotars of Vizagapatam for Fusly 1253.-

2. The annexed figured Statement Shews the Current Demand under each head on all Sources of Extra Revenue for the past in comparison with the preceding Fusly. From this it will be observed that notwithstanding the large deficiency in the Revenue derived from Sayer and Stamps in consequence of the abolition of the transit duties from the 1st of April last there was still an increased demand amounting in the aggregate to Rupees 2813-u-1.-

4. There was a net increase on the Sales of Salt amounting to Rupees 17433-u-5.- From the following Statement which exhibits a comparison of the Sales at each pan in the past and preceding Fuslies, it will be observed that the increased Revenue has been realized at the Curraisah and Nellimookoo pans.-

5. This increase at the Curraisah and Nellimookoo Pans amounting to Rupees 30353-14-u is to be attributed partly to the Sales having

having proceeded without interruption, and partly to the increase in the price of salt which for some time prevailed. The additional quantity of salt disposed of in the past over that sold in the preceding Fusly was 191 - 244 - 2 - As that if there had been no rise in the price the increase from this source of Revenue in these two Pans would only have been Rupees 20,118. 4.-

6. In Canada and Coopilly on the other hand there was a decrease in the Sales to the extent of Rupees 12,894. 7. the Board have frequently been informed that the extent of Sales at these Pans depends entirely on the quantity of salt which we are able to manufacture, for it is always Consumed long before the close of the Fusly. In last year the manufacture was prematurely brought to a close by the early setting in of the Monsoon, and Consequently a much smaller quantity than had been estimated was received into store. The whole of the Salt in store at these Pans was disposed of before the 1st of April, so that no benefit was there derived

derived from the increase of Price.-

7. The annexed figured Statement exhibits the Gross Collections from this source of Revenue, the charges, including the cost of the Salt, and the Net Revenue realized in the past compared with the preceding Fusly. From this it will be observed that there has been a net increase of Revenue to the extent of Rupees 22,882 - 14 - 6.-

14. Since the close of the Fusly Rupees 3,120-10-4- have been paid as Drawback on Piece Goods Shipped before the 1st of april This charge could not be brought into the Accounts of the past year but the Sanction of Government will be necessary for the charges which will otherwise be objected to by the Office of Audit.-

Sea Customs.— 15. Under this head there was an increase of Collections amounting to Rupees 4,655-8-8- as exhibited in the Marginal Statement in the past Compared with the preceding Fusly- This is to be attributed to an increased trade, espe:cially in the Sea port of Bimlipatam (where a party of Negapatam Cholias have established themselves and carry on a brisk trade) and partly to the alteration in the System consequent on the abolition of the transit duties.-

18. Of the above Demand amount-ing to Rupees 54,237-8- Rupees 48,742-10-"- were collected within the Fusly and Rupees 3,616-6-"- Since its close, leaving a Still outstanding balance of Rupees 1878-8- This balance with the exception

exception of Rupees 48-13-4: is on account of the Vizeanagrum Toddy Rent, and is due by the same individual who farmed the Betel duties for the last Fusly on which account there is, as I have before stated, a balance of Rupees 525-11-2.-

19. A considerable loss was sustained in both these Rents from the hurricane of October 1843 which blew down a great number of Palmira and date trees and utterly destroyed many of the Betel gardens.-

20. In consideration of this and also of the sudden and unexpected abolition of the Betel or Rent, I recommended that the Balances outstanding on the 1st of April should be remitted. the Government have however been pleased to resolve that the Renter shall be held responsible for the amount due by him.-

21. From the losses which they have sustained both he and his Security have become greatly reduced in their circumstances, and I fear there will be considerable difficulty in realizing the full amount of the

the balances due. I shall however collect as much as I can during the present year and submit the results in my next Report.-

22. It appears to me however to be good policy to deal liberally with these annual Renters when they meet with reverses from unfavorable seasons. They have no opportunity of recovering in one year the losses sustained in another, and harsh treatment towards them would probably have the effect of diminishing the competition and reducing the offers for these sources of Revenue.-

Mr. Smollett while officiating for me expressed his opinion in last year's Report on the Extra sources of Revenue- that this Rule has given rise to "a practice which obtains to a great extent by a certain class of litigants of obtaining the Court's decree on acknowledged debts, a process which, while it enables the Plaintiff to demand a refund of the Stamps purchased, at the same time places him in a much more favorable position for enforcing his demand at a future period against his Creditor" He adds he thinks "it is of little service to bonafide litigants, and is resorted to by wealthy individuals who benefit themselves thereby at the expense of Government.-

27. Mr. Smollett while officiating for me expressed his opinion in last year's Report on the Extra Sources of Revenue that this Rule has given rise to "a practice which obtains to a "great extent by a certain class of litigants of obtaining the Court's decree on "acknowledged debts, a process which, "while it enables the Plaintiff to demand a refund of the Stamps purchased, at the same time places him "in a much more favorable position "for enforcing his demand at a "future period against his Creditor" He adds he thinks "it is of little "service to bonafide litigants, and "is resorted to by wealthy individuals "who benefit themselves thereby at "the expense of Government."

28. I am by no means satisfied that the abrogation of this Rule is desirable and therefore I have not considered it necessary to address Government on the Subject. But as it undoubtedly does to a certain extent affect the Revenue derived from

Fort St. George 5th December 1844.

from Stamps, a few remarks on the Subject may without impropriety be here introduced.-

29- The total amount of Institution Stamp Duty refunded since the establishment of the Agency, that is from the 1st December 1839 to the 31st December 1843, is Rupees 6,028.-

30. I allow that the Rule in question has occasionally been taken advantage of by parties to obtain Decrees which they have no intention of immediately enforcing- Nay more- Believe instances have occurred of Decrees being thus obtained before the loan has been made for the recovery of which the suit is avowedly brought-

31.- But I think it is questionable if the borrower (provided he is an honest man, and means to repay his debt) does not gain as much by this arrangement as the lender.-

32- Persons of property have the utmost objection to lend out their

Fort St. George 5th December 1844.

their money because they feel that whatever document they may take, they have no Security that they will ever be able to recover it- for natives have no great opinion of each others honesty- The consequence is that money is hoarded up or only lent out on terms that are perfectly ruinous to the borrower.-

33- It must also be borne in mind that if the Rule under discussion were abrogated, many of the Stamps purchased for the institution of Suits such as those above referred to, would not be sold at all, and thus though there would be a reduction in the charges there would also be a corresponding decrease in the Sales.-

34- But I apprehend that in the greater number of cases where Razeenamahs are filed the Suits are bonafide ones- The Defendants knowing that they are well founded and that they have no valid objection to offer, prefer coming to a Settlement to avoid the Expenses of a Suit and by the operation of this very Rule they are the persons who really escape-

escape - having to pay the institution-
Stamp Duty - Now the Defendants have
some inducement to settle with their
Plaintiffs whereas they would otherwise
set up a false defence, in the hope
that in the course of the trial some
chance or other might turn up in
their favor - The Courts are also saved
some very unnecessary labor by the
early Settlement of these Suits.-

35. Another advantage of the
Rule under consideration is that the
practice introduced by it corresponds
with that which obtains in all the
District Moonsiffs' Courts throughout
the Country under Section V Regulation II
of 1834 - so that there is an uniformity
of practice in all the Courts within
the Agency - whereas in other districts
one System prevails in the lower and
another in the higher Courts.-

36. These are my views of
the Case, but if the Board of Revenue
and Government are of opinion that
the advantages which I have pointed
out are not Sufficient to compensate
for

for the Sacrifice of Revenue, I shall be happy to
Submit to Government a proposition for
the abrogation of the Rule referred to.-

Under this head of Revenue
Moturpha.- 37.- there was an increase of Rupees 79-14-10 on
in the demand, but a decrease of Rupees 130
in the Collections. This arises from the Collection
of arrears in the past having fallen short
of that in the preceding year - Of the Current
Demand 6,175.12.5 Demand there is a Balance of Rupees 131-

Balance 131-11-5 possible of this balance will be recovered

be recommended for remission in
the next Report.-

From the Collector of Masulipatam } Sir, Para 1.

Requesting the Orders of the Board relative to a quantity of opium import=ed from Chittoor into Suggiapett on which a duty of 5 per Cent was levied instead of 24 Rs. per seer.-

I have the honor to forward Copy of a correspondence with the Collector of North Arcot relative to a Quantity of opium and Silk on which a duty of 5 per Cent was levied in the Puttrapilly Chowky in that District on the 6.th 13.th & 30.th June last instead of at 24 Rupees per seer on the first mentioned article agreeably to the provi=sions of act No. VI of 1844 on its impor=tation from the Mysore Territory and which consequently led to the detention of the ar=ticle by the Tahsildar of Suggiahpettah.-

2. It will be observed from Mr. Goldingham's letter that the only cause he assigns for the above, is that the said act was not brought into operation in that District till the end of August last.-

3 I have received a Petition from the Merchants at Suggiahpettah on whose account the article was imported, copy of which with trans=lation is herewith submitted, representing among other

other things, the hardship which is entailed in them by the detention of the article on which a duty was already levied in the Chittoor District that this proceeding would materially affect the trade, and that the article in question was imported into Juggiahpett in August last subsequent to the Notification of Government declaring the Mysore Territory a British possession, which would entitle it to an entire exemption from duty.—

27th June 1844

4 I have hitherto delayed in bringing the subject to the Board's notice in the hope of receiving their orders upon the reference pending before them relative to the large quantity of Opium referred to in Colonel Cubbon's letter dated 5th August last, Copy of which was forwarded with my letter of the 17th of the same Month, which would at once dispose the question, but as the Merchants have complained to me that the Opium will be damaged, if not early released, I request to be favored with the early Orders of the Board.—

5 The case under notice is similar to the one now under reference with the exception

exception that in the latter no duty was levied at all, and under act VII. of 1844 while in the former a duty of 5 per cent instead of 24 Rupees on a seer of Opium has been collected subsequent to the passing of the act but prior to the date of the Government notification abovementioned.—

Sir,

The Tahsildar of Juggiahpettah in this District has reported to me that 28 Boxes of Opium and 2 Boxes of Silk exported from Chintamany and Chilla Cuttas in the Mysore Country, have been imported into Juggiahpettah, covered by receipts instead of Rowanahs issued on the 6th 13th & 30th June last in the Vutrepilly Chawky in your District which shew that a duty of 5 per Cent on the Tariff valuation of these articles was levied in June last, instead of

of the frontier duty of 24 Rupees per seer of 80 Tolas on the first mentioned article, and 3½ per cent on the latter as defined by act No. VII of 1844. I have therefore the honor to request that you will ascertain and inform me whether duty was actually levied at the rates stated, and if under any special order of Government, that you will forward to me a copy thereof in order that I may dispose of the question referred for my decision.-

Sir,

With reference to your letter I have the honor to state, it appears that the duty of 5 per cent on the Tariff valuation of the articles was levied in June last at Puttrapully Chouky of this District on the Opium and silk therein adverted to in consequence of act No. VI of 1844. Translation of an arzee addressed to R. T. Porter Esqre. Collector in the Zillah of Masulipatam by the Merchants Maurovadies Jaggannadhas, Dasiah son of Streeram Venkanah, and others, Merchants of Juggiahpettah Dated 22nd October 1844.-

Our agents at the several places subject to the Mysore Territary have in the Month of July 1844 exported raw Silk and Opium for disposal in the Villages appertaining to Juggiahpett Vsa. a portion of which was brought to Juggiahpett while the other was conveyed to Guntoor covered with the Ramanahs granted with the seal and signatures of the sayer servants at the Frontier Chowkies in the Zillah of Chittoor under the Madras Government to the effect that the sayer duty at 5 per cent has been paid on the same.-

The servants at the Sayer Chowkies in the Zillah of Guntoor having detained the

the said articles, which were exported from Chittoor after payment of the duty at 5 per Cent, and having reported to the Collector of that place regarding the detention, an order was issued by that authority stating that — altho the article in question has been export= =ed from Mysore, yet as it was covered with a Public Rowanah granted after pay = =ment of duty at one place in a Zillah under the Company's Government, the same should be allowed to pass without any — Molestation, consequently the said article has been sent into the Zillahs of Guntoor, Rajahmundry, Vizagapatam Vca and dis = =posed of at those places.—

The case being thus, your honor, under what reason we know not, has — issued a Hookoom to the late Tahsildar of Inggiahpettah to hold the article in question, which came with the very one above referred to in deposit notwithstanding that the — duty thereon was paid in Chittoor who ac = =cordingly detained it.—

Even during the time when the sayer system was in force in the — Company's Districts, we as well as our forefathers from

from time immemorial continued to trans= =act our commercial dealings without ever experiencing any Molestation by reason of no obstacle having been thrown in regard to articles on which duty had once been paid on their importation in another place — Covered with Rowanahs.—

Whilst the Collector of Chittoor, who instead of allowing the article of Opium Vca to pass without detention on receiving duty thereon it being exported by our agents — from Mysore after the abolition of the sayer system and with the knowledge that instruc= =tions have been issued that Mysore was — ordered to be incorporated with the Territories subject to the Company's Government, had actually received the duty upon the said articles at Rupees 5 per Cent and granted Rowanahs to that effect your Hookoom direct= =ing to keep in deposit the article which had come to Inggiahpettah, while a portion of it was allowed to be passed by the Collector of Guntoor without detention, has subjected us to many troubles and injustice - Further= - more the article in question will by reason of its detention without being disposed of forthwith

when

Fort St. George 5th. December 1844

when an opportunity may offer for it not only be damaged and a loss of profit which we expect therefrom will be consequently incurred, but also it will become unfit for a commercial purpose in future.—

It cannot be expected that we who were inhabiting the Company's Dominions from the time of our forefathers carrying on trade in a respectable manner and paying ourselves as well as our factors or agents at the several places a large amount of duty, keeping in our view the interests of the Company, shall live any longer at Juggiahpettah and uninterruptedly transact our commercial dealings, and support our respective families if we experience the variety of troubles to which we, especially the Merchants of Juggiahpett, are exposed.—

We therefore most humbly solicit your honor that as the object of the ruling authorities is to contribute towards Maintaining every possible comfort, and tranquility of the trading Merchants, and as it is highly unjust and unreasonable to expose us to serious troubles as in the present instance,

Fort St. George 5th. December 1844

instance, you will, out of favor, issue a Hookoom to the Tahsildar of Juggiahpett to put us forthwith in possession of the article of raw silk and Opium which has been up to this time held in deposit.—

of the Provincial Court of

Appeal for the Northern Division

Masulipatam.

Gentlemen,

Para. 1 With reference to an extract from the Proceedings of your Court dated 20th May 1842 forwarding an Extract from the Proceedings of the Court of Sudr Udalut held on the second of that Month, calling for a report upon a Petition presented to them by Rajah Vaseereddy Atchamah representing, that Rajah Vaseereddy Ramanada Baboo to whom the management of the Vaseereddy Estates in this Zillah was delivered over in conformity with the Court's orders dated 27th July 1836, has in direct opposition to those orders been mismanaging the said Estates and appropriating for himself the Collections thereof, and requesting that a Commissioner may be appointed for the purpose of instituting an inquiry into the same and that she may be put in possession of the Estates in question, I have the honor to submit the result of the inquiries which I have made upon the subject.

Dated 6th June 1842

2 Immediately after the receipt of the proceedings above alluded to, an Enoyetnamah

was issued to the said Atchamah calling upon her to send within the space of 15 days, a Vakeel on her behalf with authority to adduce proof of the charges advanced in her Petition to the Sudr Udalut against Ramanada Baboo. In reply, she stated that the Charges brought

15th June 1842 forward by her should be proved, provided the Vaseereddy Estates in this District were previously placed under the circar management, but that she could not depute her Vakeel for the present unless the inquiry into certain Cases there pending before the Collector of Guntoor regarding the said Ramanada Baboo should be brought to a conclusion. Upon this

20th June 1842. another Enoyetnamah was issued to her, in which it was observed that it could not be expected that the Estates placed under the management of Ramanada Baboo should be attached before any of the irregularities alleged to have been committed by him had been proved, and that it was therefore necessary for her to depute her Vakeel to establish the Charges brought before the Court of Sudr Udalut, to this

5th January 1843. she replied that, unless the said Estates are placed under the Circar's attachment, she could not prove the irregularities committed by Ramanada Baboo, but that she would send her Vakeel, after the result of her Petition to the Court of Sudr Udalut on the subject had been made

known

known. Thereupon she was informed that the pleas which she had set forth in excuse for her non-compliance with the several orders already issued requiring her to establish the irregularities said to have been committed by Ramanada Baboo, could not be admitted. Notwithstanding this, she has neither constituted a Vakeel on her behalf to prove the charges advanced in her Motion to the Court of Sudr Udalut, nor taken any other steps to comply with the Collector's requisitions.

The foregoing substance of the Enquetnamah issued, and of her Arzees in reply, was communicated to your Court on the dates noted in the Margin, to which a reference is requested.

In conformity with an Extract from the proceedings of the Court of Sudr Udalut dated 27th July 1836, the Vasereddy Estates in this District noted in the Margin were delivered over to Rajah Vasereddy Ramanada Bauboo on the 3rd September following, from which period, or fusly 1246, the management of those Estates has remained in his hands.

Rajah Bhavany Mooktaswara Prasada naidoo a

dependant Zemindar was, in accordance with orders from the Board of Revenue dated 19th July 1838 put in possession of the 23 Villages appertaining to Nundegamah, forming the Chintalapauty Vuntoo on the 8th September 1838 on the same terms as Ramanada Baboo held the other Estates from that date or fusly 1248, the management of the said Vuntoo has been in his Bhavany Mooktaswara Prasada Naidoo's hands.

5.

In conformity with the instructions of the Sudr Udalut, a Statement shewing the Demand, Collection and Balance of Peishcush of the Vasereddy Estates has, at the close of each year, been transmitted to them thro' your Court from fusly 1246 up to fusly 1251 in which the Collections of the said Chintalapauty Vuntoo are included as part of the Nundegamah Purganah.

6.

Your Court having, with reference to the proceedings of the Sudr Udalut dated 6th August 1838, issued a precept to the late Collector under date 13th of the same Month, calling upon him for a full report of the causes why the Collections on account of Peishcush of the Estates placed under the management of Ramanada Bauboo

Fort St. George 5th December 1844.

Baboo had fallen off so far below the demand, the Collector in his return under date the 23d August 1838, submitted the explanation furnished by Ramanada Bauboo relative to his administration of Revenue, which occasion the Collector observed "that he had to contend "with some difficulties in obtaining correct accounts "as to the actual returns which could only be secured "by the application of greater control and the insti- "tution of proper checks" Whereupon your Court issued another precept forwarding an Extract from the Proceedings of the Sudr Court dated 11th September 1838, calling upon the Collector to state his opinion adverting to the unfavorable result noticed by that Court, as to the propriety of continuing Ramanadabauboo in the Management of Vasereddy Estates. the Collector in his return dated 10th October, stated that the resources of the Estates placed in the hands of Ramanada Bauboo, so far from having improved as was anticipated, having exhibited a considerable deterioration as therein stated, he was of opinion, that the Estates should be again restored to the Collector's "Manage- ment" Mr. Grant laid a copy of this return before the Board of Revenue, who in their proceedings dated 1st November 1838, directed

That

Fort St. George 5th December 1844.

that he should visit the Nundegamah Estates and after personally inspecting them, furnish a full report on the subject. a report was accordingly fur- nished under date 11th April 1839, which contains a full review of Ramanada Bauboo's Management, and an exposition of the Misappropriations alleged to have been made by him on which occasion the Collector recommended the employment of an Esta- blishment of servants to supervise the Zemindar's Management. The Board of Revenue, in their proceedings dated 29th August following, directed that Ramanada Bauboo should be warned, that in the event of his Management not proving satisfactory, the Estates would be placed under Circar Management.

A General abstract is subjoined, which will exhibit the total settlement and Collections as well as payments on account of Peishcush of the Vasereddy Estates for two periods of 6 years each Viz. from Fusly 1240 to 1245 during which the Estates were under Circar Management, and from Fusly 1246 to 1251 during which the management has been in the Zemindar's hands from which, if the annual Peishcush charge- able to Chintalapauty Vuntoo Rupees 19,868-4 be deducted, the Peishcush of the Estates under the Management of Ramanadabauboo amounts to Rupees 122,333 4

From the foregoing abstract it will be observed, that the average Payments on account of Peishcush during the Six last years of Ramanada Bauboo's Management commencing with fusly 1246, have fallen below those of the former period to Rupees 34,487-6-8 or Rupees 44-2-" per cent. It must be borne in mind however that Fusly 1242 was a year of famine, from the effects of which the Estates were still suffering, when in fusly 1246 they were given over to Ramanada Bauboo's Management a comparison of the payments from fusly 1243 to 1245, the last three years under circar management with those of the 6 years since Ramanada Bauboo has had control, shews a decrease in the latter of not more than Rupees 6,592-6-11 on the average and the last three year's average under the Uzemindar's Management, exceeds that of the abovementioned period for fusly 1243 to 1245 by Rupees 451-"-10 Independently of this, the condapully Purganah was under an annual rent of Rupees 20,000-"-" till fusly 1245 when it reverted to

The increase in the Number of Ploughs and Ryots in the latter period does not exhibit a corresponding increase in the Collections owing to the falling off in the prices of grain since the Estates came into the hands of Ramanada Bauboo as shewn in the following Abstract.

Fort St. George 5th December 1844.

To

The Secretary to the Board of Revenue.

Sir,

With reference to the Price Current of Fusly 1244 I am directed to state that the prices of dry grain in the Kundegamah Purganah which is chiefly composed of dry lands and those of the wet Islands which consists of both the dry and wet lands have fallen off to 21-11-4 per Cent and the Collector has reported to Government that the latter would have been the case in the whole of the Purganah which is principally composed of wet lands exhibit an increase. The increase of Fusly 1245 would have been expected with reference to the increase of Fusly 1244 in the Number of Ploughs and Pyots but has been in a great degree neutralized by the falling off in the Prices. The increase in the Number of Ploughs has generally occurred in the Kundegamah Estate since it came into the hands of Ramanada Buchoo. The Jury Villages in the 3 Purganahs containing 47½ Pagodas are Mr. Barry of them have been leased out for a Number of Years and the amount of Rent is paid by Renters and it cannot be expected that the Rent will be increased gradually every year till such time as the Lease shall expire when an increase might perhaps be effected by the Renters of the Rents at a Jummabundy succeeding Date.

I am Sir

Your most obedient Servant

(Signed) Geo. Dickinson

Fort St George 5th December 1844

13. Altho a comparison of the above Statements will shew that some difference exists between the result of each Estate, yet it is not improbable that variety of season may have had different effects on the out turn of Estates tho lying Contiguous to each other— The State= =ment may however assist in forming a judgment of the relative receipts in each Estate—

14. The Board of Revenue were pleased to direct the Collector to call upon Ramanada Bauboo for prospective estimates of the Estates on the commencement of each year with the view of fixing a demand and to insist on his making payments accordingly; but the late Collector in his letter of the 11th April 1839 ex= =pressed his opinion that the prospective State= =ment prepared at the Commencement of the year would be of no great use, as it could be enforced should there be much fluctuation in the season during the same year— The Subjoined Statement shews the Demand and Collection of the Estates in Comparison with those inserted in the prospective Statements furn= =nished by Ramanada Bauboo in the beginning of each year from fusly 1248—

17. For the purpose of instituting enquiries into these charges, summonses were issued for the attendance of the Curnums of the different Villages with the Village accounts, during the inquiry one Vamaraauze Narainapah Curnum of Dachoopolem in the Panoogunchee-prole Purganah produced accounts of that Village which shew that the Collections on account of arrears and Current from fusly 1246 to 1251 remitted by Ramanada Bauboo as per account therewith submitted amounted to Rupees 1163—0—10 Viz. Rupees 1142—5—0 on account of Current, and Rupees 20—11—10 on account of arrears, while the sums actually Collected in the Village amounted to Rupees 1562—7—7 Viz. Rupees 1515—6—9 on account of Current and Rupees 47—10—0 on account of arrears. The amount has been appropriated as follows.—

Panoogunchieprole Purganah gave declarations stating, that from fusly 1246 to 1251 Ramanada Bauboo received from the Villages and appropriated to himself the sums entered in the margin, under the heads of "Doombalah Nazer" and Cotakatoy Nazur without Crediting the same to the Circar, that these receipts were, during the time the Estates were formerly under the Zemindar's Management, appropriated by the Zemindar and never brought to account, except when the Estates was under Circar attachment, that Ramanada Bauboo Collected nothing beyond the sums stated, and that since the Management of the Estates came into the hands of Ramanada Bauboo the Villages have greatly improved.—

19. The first mentioned Complainant P. Venkataramiah as regards his own Village called Moochintala, declares that of the gross Collections from his Village from fusly 1246 to 1251 amounting to Rupees 3,018–4–7, Ramanada Bauboo gave Credit to the Circar for a sum of Rupees 2,228–12–3 and that the remainder Rupees 789–8–4 was appro=priated to himself which is composed of the following items

20. Of these, the items of Nazar presents collected when the Estate was under Circar Management, that is to say, from fusly 1243 to 1245, were entered in the Dowles as shewn in the margin while the items collected under these heads from fusly 1246, were not included in the Circar Dowles. On this coming to the notice of the late Collector Mr. Grant, he, on the 26th December 1838, issued an Enquiry to Ramanada Bauboo to state

state why these Collections have not been included in the Dowle Accounts and in his reply dated 2d. and 29th. January 1839. he stated that it has been customary for the Ryots of the Villages to pay him certain sums in Money on account of Nuzzer, when they ask for permission to cut crops, and receive Doombalahs for removing the produce, on which occasion he (Ramanada Bauboo) allowed those Ryots to take their Meals in his house, and afterwards presented them with Cloths; and that consequently the sums in question were not entered in the Circar Dowles, but that in the Talooks noted in the Margin the payments made under these heads by the Ryots to the Tahsildars are entered in Circar Dowles. This circumstance was also brought by the late Collector to the notice of the Board of Revenue under date 11th. April 1839. It is my opinion that all receipts from the Estates of whatever description they may be ought to have been regularly brought to Circar Accounts, and should on no account be appropriated by Ramanada Bauboo, as a monthly allowance of Rupees 250 is sanctioned for his subsistence, admitting it to be an irregular act on his part the not

not bringing the whole Collections to the Circar Account, yet as it does not appear that Ramanada Bauboo appropriated to himself the above sums privately and as he acknowledges to have received the same, it seems unnecessary to institute any further inquiry into the charges brought against him on this Account. The complainant P. Venkataramiah, in a further declaration given by him stated that the misappropriations complained of by him, are what he heard from some other party, but that he could not prove them, and that the Zemindar's servants will not allow the Curnums to state the truth. The Complainant having thus failed to prove the charges fully the inquiry was closed at his own request.

21. C. Mootiah Curnum of the Village of Conacunchee in the Pundegamah Purganah, L. Venkatareddy and two other individuals presented a Petition on the 8th. December 1842 stating that they obtained the said Village from Ramanada Bauboo on a triennial rent from fusly 1247 to 1249 and punctually discharged the annual Peiz thereof, that after the conclusion of lease they offered to rent the same for another term of Years from fusly 1250 up to 1252 at an increased rent Viz.

The Petitioner attended according to summons, and Mootiah (Petitioner) gave a Kyfeyet, that the aforesaid circumstance is true, and that they had not, during their rent, paid any money on any account whatever either to Ramanada Bauboo or to his officers; that they did not hear that any other had paid them any money, that the Roosoom alluded to by V. Achanah as paid on account of Bawajee is enjoyed by Bawajee himself; that they (Petitioners) did not complain to the Zemindar or to the Collector of the rejection of their rent; that the Nazer or presents on

on account of Doombalahs and Kotacatoyes were appropriated by the Zemindar to himself, without crediting them in the Circar Dowles, and that Ramanada Bauboo had collected the said sums for himself- L. Vencatareddy Canpo (Petitioner) gave declarations that Cheroomaumellah Vencataramiah after taking the Village on a rent for five Years from fusly 1250 up to 1254 desired him (the Petitioner Venkatareddy) to make a Veesabady settlement for an increased sist, that he would in return for that trouble grant a remission of 20 Rupees in the sist payable by him, relieving him at the same time from the charges of Bawjah Khurch; that he accordingly effected a settlement, which was in force during fusly 1250, that afterwards one Cheeroomaumella Sooriah Subrented the Villages from fusly 1251, and has since transferred it to him Petitioner L. Venkatareddy (and to another individual Chinnum Saggiah, at an increased Bariz of Rupees 6480 being 1286/ of which a sum of Rupees 886 is to be paid to C. Venkatramiah and Rupees 400 to C Sooriah as their profit (above that of Rupees 5,200 on account of the rent fixed by the Zemindar for the said Village from fusly 1251 to 1254 that afterwards in consequence of dissensions between Sooriah and Venkataramiah the former gave

fusly 1247 this Village was both under management and rent, and that from fusly 1247 it was rented out. The rented Pariz and the aumany exist from wet lands in the Village, as well as from certain items of ready money Collections not in:
:cluded in the rent, are shewn in the margin.

22. Although the rented exist during the former Aumany Management is larger than that of

of the present period, yet it is to be observed that after the management has fallen into the hands of Ramanada Bauboo, the leases appear to have been granted at a gradually increased rate, therefore that part of the Charge preferred by Mootiah &c. Petitioners, that the rent was given by him to C Venkataramiah at a diminished rate of Pariz is not established by any other proof, except the assertion of the two Petitioners that they had offered to pay a higher amount from fusly 1250. If such was the case there appears no reason why this has not been brought to notice.

The Petitioners themselves acknowledge that they never complained of it either to the Collector or to the Zemindar Ramanada Bauboo, who has however been called upon for an expla:
:nation on the subject.

23. Veeseredy Atchamah presented a Petition together with a Statement to the late Collector under date 14th December 1838, complaining that Ramanada Bauboo had committed many irregularities, and mis:

Thereupon the late Collector issued four Enoyetnamahs
to Ramanada Bauboo under dates 9th. and 10th. Febru-

reply dated 2d. March 1839, he gave explanation, stating
at the same time that the Charges, as well as the
Statement given by the Curnums were invented thro'
the ill advice of Vasereddy Atchamah, but not at all
founded on fact. These Charges were distinctly brought
to the notice of the Board by the late Collector in his
report dated 11th. April 1839 and it was also observed that
he appeared to have misappropriated a sum of Rupees
222 6 9 in six Islands; the Board in Answer
thereto (without making any direct allusion to the

the subject) instructed the Collector in their pro-
ceedings of 29th. August 1839 that Ramanada
Bauboo should be strictly warned that unless his at-
tention should be directed to an efficient Manage-
ment, thereafter the Estate would be taken under
Circar attachment, as stated in Para 6 of this Report.

24. By the return made to your Courts' precept under date the 29th. November 1842, Your Court were informed that the Tahsildars in whose range the Vasereddy Estates are situated, were strictly enjoined to inquire into and report upon the nature of Ramanada Bauboo's Management, as well as to ascertain the amount of Gross Collections in the Villages, and how much was actually brought by him to account, and likewise to state whether any and what sums had been misappropriated by him. From the reports received it appears that there was no material dif-
ference between the Collections actually made by Ramanada Bauboo on account of the resources of the Villages and the sums brought to account, and there does not appear to be any strong ground for suspicion that misappropri-
ations were made by him.

25. In April last, when on my way to Inoonegal for the Settlement of disputes on the frontier, I made personal enquiries at the Capital Stations of the Zemindary

Fort St. George 5th. December 1844.

Juggiahpettah, and with the view of inquiring into or checking any mismanagement in the Estates under the Management of Ramanada Bauboo, no Complaints of the nature alluded to or of any misappropriations on his part were brought before me. Charges of illegal exactions were brought against his servants at Juggiahpettah, into which enquiry was made and orders passed for preventing the recurrence of the same.

26. With regard to the several accusations and charges brought against Ramanada Bauboo in the Arzee presented by V. Atchamiah to the Court of Sudr Udalut, I have to observe that she has repeatedly been called upon to depute proper persons on her behalf to substantiate the Charges which it was necessary for her to do but which she has not done, consequently it has been found impracticable to ascertain the truth thereof, the transmission of this report has been necessarily postponed to the present time, it being desirable to inquire into, and if possible, ascertain the truth of the Charges preferred against Ramanada Bauboo, the result of which is now submitted. I beg to observe that there appears no other way by which irregularities in

in Ramanada Bauboo's Management can be detected except from the Accounts submitted by him to the Hoozoor since he had the Management of the Estates in his hands, or from charges which may be preferred against him by parties who could prove them. The Accounts referred to have not been furnished by him in the due time, and this circumstance was brought to the notice of the Board by the late Collector, and unless the establishment proposed by the late Collector in his letter to the Board dated 11th. August 1838. the information connected with his Management in the different Purgunahs composing the Estate could not be obtained in time to apply any efficient check to Mismanagement.

27. It cannot be expected that the Management of these Estates however well and judiciously conducted, whether by Ramanada Bauboo or any other person should be approved by all parties, and those who desire a change in the administration will

of course be prepared to prefer charges. Altho' irregularities may exist it is extremely difficult to exact the true state of the Case from the Curnums &c. Villagers who are easily influenced to withhold or extort information, hence it is only possible to form surmises as to the truth or otherwise of the charges which may be brought by instituting comparisons between the result of Management during the period the Estate was under Circar attachment and that under Ramanada Bauboo's Management, or between the latter and some of the neighbouring Estates under Circar Management.

28. With regard to the question whether Ramanada Bauboo had misappropriated the Collections of the Villages under his Management or not, It is to be observed that it appears from the foregoing that Ramanada Bauboo collected in some Purganahs certain sums under the head of "Nazer" &c. It will be seen from Para 56 of the late Collectors letter to the Board dated 11th. April 1839 that Ramanada Bauboo acknowledges to have collected these sums from the Villagers according to custom and that in return he showed them some consideration together with the late

late Collectors opinion on this point, and there is no conclusive proof of other items having been collected and misappropriated by Ramanada Bauboo beyond that already stated. A great portion of the Estate in the hands of this Zemindars is situated in the Collectorate of Guntoor, and if any gross acts of misappropriation of the Collections &c. have been proved against him in that district, such conviction might perhaps be considered a fair plea for depriving him of the Management of Estates generally tho' such a proceeding might not be considered to be called for by any thing which has been proved in this District.

29. In the event of the Charges brought against Ramanada Bauboo in Goontoor being disproved and the Estate in this District being continued to him,

I would suggest that an Establishment of — servants to the extent of About 100 Rupees per mensem should be sanctioned to enable the Collector to exercise an efficient supervision of the mismanagement of those Estates by obtaining information of the Cultivation, as well as the demand and Collection in due time, and ensure to the adoption of a proper system of management - Upon this point, I trust that your Court will furnish with such instructions as the Sudr Udalut may deem desirous.-

having proceeded without interruption, and partly to the increase in the price of salt which for some time prevailed. The additional quantity of salt disposed of in the past over that sold in the preceding Fusly was 191 – 244 - 2 - Candies Mds. Mds. As that if there had been no rise in the price the increase from this source of Revenue in these two Pans would only have been Rupees 20,118. 4.-

6. In Conada and Coopilly on the other hand there was a decrease in the sales to the extent of Rupees 12,894. 7. the Board have frequently been informed that the extent of sales at these Pans depends entirely on the quantity of salt which we are able to manufacture, for it is always consumed long before the close of the Fusly. In last year the manufacture was prematurely brought to a close by the early setting in of the Monsoon, and consequently a much smaller quantity than had been estimated was received into store. The whole of the Salt in store at these puns was disposed of before the 1st of April, so that no benefit was there derived

derived from the increase of Price.-

7. The annexed figured Statement exhibits the Gross Collections from this source of Revenue, the charges, including the cost of the Salt, and the Net Revenue realized in the past compared with the preceding Fusly. From this it will be observed that there has been a net increase of Revenue to the extent of Rupees 22,882 - 14 - 6.-

demand. The extensive sales and the consequent distruction

destruction occasioned by the hurricane of October last greatly reduced the stock at these pans, so that I was compelled to manufacture to a larger extent than usual in the present season. This will account for the advances considerably exceeding those of the previous year

10. Under this head are included the duties on Betel which were rented out. The current demand in the year under review amounted to Rupees 57,843-15-2 falling short of the Demand of the previous year by Rupees 26,948-0-2. The gross Collections were Rupees 58,283-4-0 being less than the Collections of the preceding year in the Sum of Rupees 25,543-11-4. and leaving a balance of 525-11- due by the Betel Renter.-

11. The large decrease both in the Demand and the Collections from this Source of Revenue is to be attributed to the abolition of the transit duties from the 1st of April.-

12. In regard to the Balance due by the Betel Renter I shall enter more at large hereafter.-

13. The following are the details of the decrease in the charges in the past compared with the preceding Fusly.-

Decrease in wages to the Servants consequent on the abolition of the transit duties	2,654-1-9
Last year Rs. 34,968-5-4 were disbursed on account of Drawback this Sum included a large amount that was properly chargeable to the previous year.- The total amount disbursed on account of Drawback in the past year was only Rupees 12,396-13-4-
