Diary.

9th Dec.r. Sent the following letter

To the Acting Collector of Ganjam.

(1)

To the Actg. Coll.r of Ganjam ..... Sir

Sm. for 21st Rec.r

I am directed by the Board of Revenue to acknowledge the receipt of Mr. Andrulliers letter dated 11th November last submitting a revised Indent in Duplicate for Stationery for the use of your Collectorate.

The above Indent being for the ensuing year 1845 the entries in the Col.n headed "supply of last year" should correspond with the quantity of articles received in your Office in 1844, whereas on comparison it is found that the entries under that head correspond with the articles received in 1843. This is incorrect and the Board request that a revised Indent in Duplicate may be sent.

Rd. Ink Glasses
Ink Glasses
Do. 1 year
Glasses for Pewter
Round Inkstands
Pounce Boxes.

The articles noted in the Margin are erroneously entered under the head of annual supply they can only be supplied once in five years and ought therefore to be included under the head "Quinquennial supplies".

At a Meeting Present:-

Thursday 12th December 1844 -

G. D. Drury Esqre Acting First Member
A. Robertson Esqre Second Member
and
Walter Elliot Esqre Third Member

Minutes of the last meeting read and approved.

Read again Extract from the Minutes of Consultation dated 29th Ultimo and entered in Consultation 9th Instant.

Ordered that the following letter be submitted in reply.

To the Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation dated 12th Nov. 1844 referring to this Office for early consideration and report a letter from Major Genl. Hill Commanding the Mysore Division on the subject of the levy of duty at the Salem Frontier Chowkies on Regimental supplies and private baggage on their passing into the Mysore territories -

2

To the Chief Secy to Government

Stating with reference to the Extract from the Minutes of Consn. dated 12th Ulto that Purchases of Rice for the use of Regimental Depts will be exempted from the levy of Frontier Duty on entering into Mysore when accompanied by a Certificate of the payment of sea Import duty & that by Sec XVII act V of 1844 Collrs

Transmitted to Board of Rev. 13th Dec. 1844

Fort St. George 12th December 1844.

Collectors of Customs are allowed to pass at their discretion free of duty any baggage in actual use.

2. As regards the Europe supplies for the use of Regimental Messes it will only be necessary for the Officers to instruct their Mess Agent at Madras when forwarding such articles to accompany them with Certificates of the payment of Sea Import duty which may be obtained from the Collector of Sea Customs, the production of such vouchers at the frontier Chowkies will at once bar the levy of any second duty on entry into Mysore.

3. In respect to private baggage the Board observe that Section XVII act V 1844 provides that it "shall and may be lawful for the Collector of Customs or other Officer in Charge of a Custom House to pass "free of duty any baggage in actual use at his discretion" and "that on any person applying to have goods passed "as baggage the Collector acting under the orders of "Government shall determine whether they be "baggage in actual use or goods subject to duty." It is evident from the above that duty is not intended to be levied on bonafide baggage and that the Collector should exercise a reasonable and liberal discretion But the Board apprehend it would hardly be possible for them to lay down such rules as will meet all cases. It would however seem advisable to call the attention of officers in Charge of Frontier Districts to the Section above quoted, and to direct them

to

to make such arrangements, as may seem best calculated to prevent inconvenience and annoyance to the Public.

3
From the Chief Secy. to Govt. - communicating observations and orders on the Bd's Proceedings relative to the Settlement of the Land Rent. in Inamevelly for Fusly 1258 and 1252.

Extract from the Minutes of Consultation
Under date the 12th November 1844.

Read the following Extract from the Proceedings of the Board of Revenue
Relative to Settlement of Land Revenue in the District of Tinnevelly for Fusly 1257 and A.D. 1847-48
(Here enter 17th October 1844. No. 481).

Para 1. It is remarked that notwithstanding a season generally favorable and as regards the wet cultivation unusually so, the settlement of Land Revenue in Fusly 1251 fell short of that in 1250 by 97369-10-8 which is chiefly attributed to the immense fall in prices which amounted to less than 28½ per Cent had the prices of the former year been sustained the settlement instead of being lower would have exhibited an increase of 65756 Rupees.

1250-2,46,926-6-...
1251-1,97,957-11-7-
97369-10-8.

2- The same cause produced a delay in the realization of the demand Rupees 109576 - more outstanding

outstanding at the close of the Fusly, which had however been reduced to Rupees 18534 at the date of the Collectors Report - the remainder being in course of Collection or under proper enquiry - a result which taking into consideration the very great fall of price must be looked upon as satisfactory -

3- The season of Fusly 1252 is described as "favorable almost beyond all precedent" yet this very circumstance, causing abundant harvests both in this and the neighbouring districts occasioned grain to fall even still lower than in the preceding year so as to counterwail all the advantages of the season & to lead to a settlement lower by 47971 than that of the preceding Fusly -

1251: 1,97,955-
1252: 1,49,984-
47,971.

4- The Government concur with the Board of Revenue in thinking that such steps, as the transference of Villages from one Taluk to another, and the alteration of any forms in which information is ordinarily submitted, should never be taken without previous reference to the Board of Revenue with whatever advantages they may appear to be attended -

5- In respect to the usual advance for cultivation: there would appear no danger of its abuse if the obvious rules, and precautions

Recorded

pointed out by the Board in the 18 Para of their proceedings be strictly adhered to.

6. The Rules with regard to the assessment of the Kunjah Wail Ponjah and Garden cultivation so distinctly laid down in the Board's proceedings of the 15th September 1842 on the settlement for Fusly 1251 appear well calculated to ensure the great objects in view, namely the due encouragement of Agricultural enterprize a just attention to the rights of the Government and an uniformity of System. His Lordship in Council can easily understand that they might in some cases create a diminution of cultivation under the heads alluded to but when he perceives that the regular Kunjah and Ponjah cultivation is even more than proportionally increased he is led to the same conclusions as the Board of Revenue viz. that the outlay of capital has not been checked but has merely received a new & perhaps better direction.

7. The Most Noble the Governor in Council will be glad to receive with as little delay as possible the recommendation of the Board on the subject of the Tax referred to in the 2nd Para of their proceedings as being in fact remitted and remaining on the accounts merely as a matter of form, it is highly desirable

desirable that it should be finally adjusted.

8. His Lordship in Council remarks with satisfaction that of the Demand Amounting to Rupees 1,23,985 all has been realised save 8,428 of which 4478 are reported to be irreconcilable. In this is included Rupees 4158 which appear as due on "certain disputed lands" on which account a further demand stands among the old Balances to the extent of 44,594 Rupees having accrued from Fusly 1234 to 1251 and the Board therefore propose to defer any observation on this item as connected with the Fusly under review, leaving the balance which has thus accumulated, to be treated in the aggregate when the question shall be finally disposed of. To this arrangement His Lordship in Council would offer no objection. but he would desire to be informed of the causes which have so long prevented the settlement of the question, as well as of the time when it may be expected to be disposed of and the Public accounts relieved from such accumulations of arrears which are for many reasons most objectionable.

9. The Government grant sanction to write off the remaining sums reported as irreconcilable as particularised in the 30th Para of the Board's proceedings and amounting together to Rupees 319-4-10

three

three hundred and Nineteen, 4annas four 4/piece ten-

10. His Lordship in Council must remark in conclusion that in the papers before him are contained the proceedings of the Board of Revenue on two several Fasliers - the Report of the Collector on Fasly 1251 having been before them since 1st September 1842 and that for 1252 since last January. It is scarcely necessary to point out that any advantages which might be derived from the early communication of instructions is entirely frustrated by such delays - His Lordship is aware that in cases where enquiry is needed or when novel circumstances have to be considered delay will unavoidably take place but in the disposal of matters not absolutely requiring to be postponed it would be satisfactory to the Government if the Board could make arrangements to submit their proceedings upon the settlement of one Fasly before the period arrives for reviewing the report upon the settlement of a succeeding one.

To the President and Members of the Board of Revenue.

Resolution thereon.

Resolved that Copy of Paras 1 to 9 of the foregoing Extract from the Minutes of Consultation be transmitted for the information and guidance of the Collector of Tinnevelly, with reference to the Board's Proceedings dated 17th October last.

Para 1. A favorable season in Fasly 1251 in the District of Salem caused an extension of Cultivation to the amount of 22009 Acres rated at Rs 47857 but a decrease in the Will rents and Unt rent lands and to a trifling degree in other items produced a net increase of Rs 39827-5-3 above the Settlement of Fasly 1250 A.D. 1840/41 Viz. —

have before them the sentements of the Principal Collector on the proposition of the Board of Revenue to allow a deduction on the two Cosa Lands in the Ahtoor Taluk as an inducement to the Cultivators not to relenguish them for inferior soils.—

3 The Collector attributes the decrease in the Kist rents more to the want of exertion on the part of the public servants than the causes noted by the Sub Collector. The rent offered Viz. Rupees 3563. having been higher than for the last four years combined with the self interest of the people concerned in it would shew that the latter Officers opinion regarding the loss of the renters in Fusly 1250 was not founded on the most correct data.—

4 Of the Settlement amounting to Rupees 1805444-9-11, the Collections within the Fusly amounted to Rupees 1774068-3-8 and subsequently Rupees 26914-3-6 leaving a balance of Rupees 4462-3-9 which was reduced in December to Rupees 3673-10, a result which the Government consider creditable to the management of Mr Gleig.—

5. Agreeably to the recommendation of the Board of Revenue conveyed in Paras 13-14 and 16 of their Proceedings No 1169 the Most Noble the Governor in Council grants

Fort St George 12th December 1844.

grants sanction for writing off in the accounts of the Salem District the undermentioned current and old balances which are represented to be irrecoverable.—

		Rupees 6731-5-11-

Rupees six thousand seven hundred and thirty one, annas five and pice eleven.—

6. Under the circumstances brought to notice in the letter dated 22d June 1843 of the inexpediency of repairing the ruined Tank of Serkalay the Most Noble the Governor in Council grants authority for reducing the Dodghee of the Serkalay Agraharum to the extent of the present remission Viz. Rupees (354-9-) three hundred and fifty four Annas nine,

leaving

leaving the remainder to be collected as the fixed Sudighee payable to Government.—

7. The Government will now proceed to the consideration of the important subject discussed by the Board in their separate Proceedings No 150 Viz: the gradual occupation by the ryots of the lower in preference to the higher assessed lands which has been observed of late years in the Salem District.—

8. The Government were disposed to ascribe the cause of this preference to the concurrent effects of an unequal assessment in the Southern portion of the district and of a favorable Cowle. The explanation however which has been furnished by the Board enables the Government to reconsider the question and with the satisfaction of believing that in the present state of the District there is no ground to suppose that a reduction of the assessment is required to secure the payment of the Revenue.—

P. 6 @ 10 Exa. Mins. Cons. 22 July 1842 No 893.

9. The Board have shown that the land retained of that originally assessed is of larger and the Cultivation of waste of lesser amount in Mackodi division than elsewhere, and from these facts naturally assumes that the assessment from the favorable site and productive powers of the soil is not felt to be excessive. The Cowles are granted for

first

secondly

for the most part on the higher classed lands. This fact also is admitted by the Principal Collector himself and the Statement submitted exhibits the average rate of Cowle engaged for in Fusly 1251 to be higher than in the preceding year. and.—

Thirdly. The Board also bring again to notice the bad effects arising from the imprudent extent to which freedom of Cultivation is carried and inculcate as they have often done before the limit within which they propose to restrain it.—

10. Adverting to the Statement No 9 of Lands on Cowle which accompanied the Proceedings No 149 it appears that in Fusly 1250 there were acres 14,846-15-9 assessed under Cowles granted by Mr M-D. Cockburn at rates fixed chiefly at three fourths of the survey standard, and partly discretionary at Rupees 18973-8-9. At the close of Fusly 1251, the extent of land held under the same description of Cowle was acres 10240-3-3. charged with a reduced assessment of Rupees 13500-13-3.—

11. His Lordship in Council desires to have before him some account of the origin of these Cowles, and if as it would appear Mr Cockburn entertained the opinion that the survey assessment of the Salem District was easy and that partial reductions to remedy inequalities were

Para 4 Bd's Pro. 23 March 1843 No 150.

Fort St George 12th December 1814.

were inexpedient it should be explained why new rates involving for the most part a reduction of 25 per Cent of the survey Standard were introduced: —

With this explanation it would be convenient to receive a Statement shewing the extent of land in each Talook originally granted by Mr Cockburn on such Cowles compared with that now in force, specifying the various rates comprized under the term "Moonasib" or "Discretionary" and shewing whether in any instance the term "Fixed Teerwah at three quarters" implies a permanent reduction not revertible to the survey standard on such lands being thrown up and again taken for cultivation by other than the original Cowle. Ldrs 12.

Statement No 9.

5th March 1824.

Sir Thomas Munro in his Minutes on the tour of the Southern Districts, did not seem to regard the Assessment of the lands of the Salem District as heavy as to need a reduction to induce their occupation. He observes "I am convinced that none is necessary if we have no other view than to enable the Country in a few years to pay the Revenues of the permanent Settlement. But that some reduction will be necessary if we wish the Country to rise beyond its former states." Referring to this opinion His Lordship in Council will be glad to have before him a statement shewing the number and permanent Assessment (less the

the Moturpha included in their Assessment of the Estates in each Talook of the Salem District compared with the revenue they now yield with a Column shewing the per Centage of difference in each Talook with any explanation of the cause which the present Collector may be able to afford. —

13. As regards the latitude of the Cowle System and its mischievous tendency the Government fully agree with the Board. a Comparison though perhaps not strictly correct, from the number of Mootahs that have lapsed to Government in the interim, was made by the Board in their Proceedings

† Para 13.

on July 1248 which proved, that in that year the Cultivation was 35 per Cent above that of July 1207 while the Revenue was only 20 per Cent in excess. In extending this comparison the rates will be found, in July 1257, 39 and 13 respectively, thus confirming the argument that the old cultivation has been relinquished while the holdings of the Ryots have been transferred to lands bearing lighter Assessment. —

14. Cowles have greatly decreased (and such is matter of satisfaction to the Government) but the bad effects arising from their easy terms will probably

probably long outlive their total abolition - In the adjoining district of South Arcot in which the dry land is stated to be assessed 140 per Cent above Salem, the amount of Cowle is so trifling as to place the System comparatively in abeyance - It has been declared that Cowles should be granted only to those whose stock and Capital would justify an esteneion of their farms - They are intended to become in the Lands of the substantial farmer the means of employing his augmented resources not the incentive to temporary speculation, the poor one

15. The rule laid down by the Board of retaining or throwing up "the good and bad land" together has been recognized as a just principle in the Ryotwar system and the Government are led to believe that when considered it is as equitable as politic. —

16. The Board have devised no check to the mode of evasion to this rule mentioned by the Collector in Para 96 which, if allowed to continue, would appear to strike at the root of the System, it is their desire to perpetuate. —

17. The Board have called for further information regarding the Custom at former periods and under the Native Governments which it is trusted the Collector will

will be enabled to afford together with his own sentiments on the best mode of remedying an evil which it has been shewn is gaining ground. —

I beg to enclose a proposal to rent the old Fort at Ganjam for the purpose of storing sugar thereon.-

2. On receiving the proposal my first thought was how I could get a higher bid and I proposed putting the rent up to auction subject of course to the confirmation of the Board.

3. On consideration however I am convinced that it is for the interest of Government to accede to the present proposal, and my grounds for acceding thereto, and for renting the Fort at all are herewith submitted.-

4. The Fort is in its present state useless as a Military post, and being deserted and uncared for it is gradually falling to decay, and one upper Room of the old Commanding Officer's house (for many years totally uninhabitable) has fallen in within the last few months.

5. The Bomb proof rooms are in good order.

The

17332 Fort St. George 12th December 1844—

The prisoners used to be kept here as in gaol but for reasons stated in my letter to the Secretary to the Board of Revenue S. P. W. dated 19th June last I removed the prisoners and the rooms are vacant.—

6. To rent them to a party strongly interested in their preservation would be a clear gain to government so far as the walls of the buildings is concerned.—

7. If wanted at any time for a jail or for any other purpose by Government the Fort can be resumed by giving reasonable notice.—

8 The Fort is in every point of view useless now and it could not be limited to a purpose more useful to itself and to the whole District than a Sugar Godown—

9. If the rent of the Fort were put up to auction those who are already in the field on the Trade in Sugar would naturally bid higher than the new comers for the purpose of keeping them out of the Field, but it is for the interest of government and the District that competition and a multitude of Speculators should be encouraged in the trade in Sugar which has as I have stated in my letter dated

17333 Fort St. George 12th December 1844—

dated 5th October last attracted attention to such an extent as will eventually greatly advance the prosperity of the District.—

10. At the expiration of the rent it can be put up to auction and then the present proprietors having planted themselves will have such an interest to maintain their position and they will have shewn so clearly (in all probability) the profits arising from renting the Fort as a Sugar Godown that its value will then be generally known and there will probably be brisk competition to get it.—

11 Mr. Duncan the other party has already another Godown close to the Fort and if he, to keep the present proprietors out of the field outbid them for the rent of the Fort it would be almost superfluous to him and its profits if taken in rent would not be developed—

12. I am not at liberty to mention their names but from private information I will be unobjectionable that it will conduce greatly to

17334 Fort St. George 12th December 1844.

to the interests of Government and of this District generally of the influential and wealthy parties with whom the present proposers are connected are allowed the facility denied at the outset of their speculation.—

13. In anticipation of sanction I have permitted the Messrs Hawkins to enter the Fort paying rent from the date of entry, and on condition of vacating it if their proposal be not accorded and as this will be a certain gain and can be in no way lost or hindrance to the disposal of the Fort, I hope the Board will approve of my proceedings.—

Salt 2. The sales of Salt during the fusly under report have exceeded those of the preceding by Rupees 57667- 1- 5.

Here

there has been an improvement in all classes of sales in those for home consumption in consequence of the enhancement of price caused by Act VI 1844 in the inland an account of the unusually large resort of Brinjaries to the Cotaurs before the end of March and in the sales for Sea Exportowing to the greater demand in Calcutta.-

Sayer 3. The Sayer Collections shew a Net decrease of Rupees 26.921- 5- 6 resulting from the demunution in the outturn of the inland Customs Rupees 27.969- 1- 3- produced by their abolition on the first of April last which has been compensated in part only by the increase Rupees 1047- 11- 9 in the Frontier Duties.-

Sea Customs 4 The Revenue derived from this source exhibits a marked improvement not only upon that of the preceeding year but as compared with the outturn of any of the last ten Julies The greater portion of this increase above the receipts of July 1252 has occurred subsequent to the A. D. 1843/43- date.

date on which Act VI 1844 came into operation and has been caused by the new rates imposed by that Enactment on the Import and Export of Grain. "This commodity has" it is stated, "for the last two years been imported at Coringa in great quantities from Arracan for home Consumption, while the produce of the District is exported to the Mauritius and other places". The Board would wish to be informed of the circumstances under which Rajahmundry thus at the same time imports Grain for its home supply and exports that of home growth for consumption in other places - whether it be owing to the Rajahmundry rice being preferred in the Mauritius and elsewhere to that of Arracan, or to other articles being exported from the District to the places alluded to and grain being taken to complete the Cargo; or to the fact of Coringa being conveniently situated as an intermediate port at which Vessels bound from Calcutta to the Isle of France &c. may touch and fill up - or to whatever other causes it is to be ascribed.-

Abkary 5. The improvement in the Abkary

Abkarry Rupees 1,057-2- has almost wholly had place in the Rented portion of it, and is in consequence of the higher offers made for the several Farms.

Small Farms. 6. The increase in this source of Extra Revenue (Rupees 1062-11-) attributed to some fishermen having now commenced the exercise of their craft in the Division of Conjiva and its neighbourhood.

Stamps. 7. The abolition of the Sayer three months before the close of the Fasly will account for the diminution Rupees 1917-13-6 in the sales of Land Custom Rowanahs. There is however a further falling off to the extent of Rupees 2300-8- in the sales of Stamps for judicial purposes for which the Acting Collector finds it difficult to assign a reason. It may perhaps be in a measure owing to the reduced circumstances of the Zemindars generally which prevent their resorting to the Courts as readily as formerly. There has been an increase in the Sea Custom Rowanahs resulting from the improvement in that branch of Revenue which has been already noticed.

Moturpha 8. The increase in the Demand on account of Moturpha Rupees 425-15-2 is

Fort St. George 12th December 1844.

is the Board are gratified in remarking to be attributed chiefly to a careful investigation at the time of making the settlement in respect to the parties liable to be assessed to the Tax.

Charges. 9. The Charges show a decrease below those of Fasly 1252 / A.D. 1842/43 of Rupees 16473-13-6 the particulars of which are given in the Margin the diminution in the Salt charges arises from the smaller quantity of Salt received into store that in the Sayer from the abolition of the inland and Town Duties on the 1st April last; the decrease in the Stamp charges proceeds from the diminished sales and smaller refunds in pauper suits. That under the remaining heads is trifling and does not demand remark.

Of the Alkarry balance for 1250 1840/41 Rupees 8-12 are on account of the Rajahmundry Division, and are expected to be recovered, the remainder 174-8 4 is due on account of Pettapore. Measures are being taken to realize all the recoverable portion of this arrear, & when there remains no room the Board referring on this subject to the previous correspondence as noted in the margin unite with the Acting Collector in recommending that whatever part of the balances still remains outstanding may be remitted. The arrears of the same branch of Revenue for 1251 1841/42 1589-4-5/ are Rupees 1101-4 4 for the Coringa Division and Rupees 488-1/ for that-

of Pettapore. The property of the Coringa Renter and security has been sold and the Renter sent to Jail but as his further detention there would answer no purpose the Board beg to support Mr. Bird's recommendation that the balance may be written off as irrecovarable, and the Renter released. of the Pettapore balance some portion will be recovered from the security the Renter having absconded - but on this arrear as on those for the Alkarry of Fusly 1252 A.D. 1842/43 and on the Small Farms and Moturpha Balances for Fasli 1251 1841/42 1252 1842/43 for the realization of which measures are in progress / further information will be given in a subsequent report.

12- The Gross Collections during the year under review, Current, Extra and arrears amounted to Rupees 492,603-8-4 deducting charges Rupees 59,854-13 the result is a net revenue of Rupees 432,747-11- 4 exceeding that of the preceding Fusly by Rupees 54,492-5-8 which the Board consider to be very creditable to the Gentlemen by whom the affairs of the District were administered during the period reported on-

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections Charges & Net Revenue be submitted to Government & a transcript of the same be forwarded to the A.C. Coll.r of Rajahmundry for his information and guidance. Fusly

In the following year his Grandfather the Lemindar Somapah died and was succeeded by his second son Vadrawo Woomapatty, the existence of a son of the Elder brother not having been brought to the notice of the Collector. The name of Vadrawo Woomapatty was therefore entered in the Register of the District as the proprietor of the Estate and he remained in undisputed possession until the petitioner came forward in the year 1832 and asserted his right to the succession.

From Govt. 11th inst. 17th Dec. 1832.

3. As his Uncle had therefore been in possession of the Estate for above twenty years the petitioner was referred to the Court of Adawlut for the establishment of his claim. Vadrawo Woomapatty died in the year 1837 and since then the suit instituted by the Petitioner has been defended on behalf of Woomapatty's

4. The above arrears have accrued since Fasly 1241 (31/2) the balance up to that year having been adjusted by the concession granted on account of Moturpha in the year 1838. The Collector observes that for the last twelve years during which Somapah's cause has been under litigation the Lemindary has been falling uniformly more and more into debt and that it is evident therefore that unless some such indulgence as he solicits is granted him the decree in his favor will be now unavailing and the Collector therefore suggests for favorable consideration whether Somapah's position for the last twelve years during which the Estate has been under litigation and constantly

commendation of the same indulgence
in regard to the arrears, that it has
always been the practice to grant a

5. The Collector observes that Government would not lose any thing by such an act of favor in this case, that the Zemindar with good Manage-
ment might be able to pay the peishcash but that under aumanie the charges consume so large portion of the revenue that it is not likely that the arrears would cease to increase. The Gross settlement for the Current Fasly amounts to Rupees 9,479-1-9: The Peish-

Read again letter from the Collector of Masulipatam dated 30th September and entered in Consultation 4th ult.

Ordered that the abovementioned letter and the previous correspondence on the subject be submitted with the following address.

To

17352 | Fort St. George 12th December 1844.

To The Chief Secretary to Government.

Sir

22

To the Chief Secretary to Government — Submitting for favorable consideration a correspondence with the Collector of Masulipatam on the Subject of the revision of his Moyen Jabitah which provides for the Division of that District into 14 Talooks and constitutes a monthly charge against Government of Rs. 6468 8 " and against the Estates under management of Rupees 1774 " "

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying correspondence as noted in the margin with the Collector of Masulipatam on the subject of the revision of the Moyen Jabitah of his District.

From the Collector of Masulipatam
26th December 1843 inclosing
25th January 1844.
Boards Proceedings
18th April 1844.
From the Collector 30th September inclosing 4th November.

2. From this it will be seen that in consequence of a requisition from the Finance Committee the Collector under date 26th December 1843 submitted to that body a revised Moyen Jabitah of his District exhibiting an annual reduction of Rs. 3891 — — copy of this document being at the same time forwarded to this Office with a view to its being laid before Government for their Sanction — The Board however deemed it advisable to defer its transmission until apprized of the results of the measures then understood to be in progress regarding the abolition of the inland Sayer — and on the promulgation

on

on 1st April last of Act II. 1844. they returned the Moqen Jabitah to the Collector in order that it might undergo such further reduction as the discontinuance of the Inland and Sea Customs duties had rendered practicable— The Collector Mr. Porter of 30th September last gives cover to his Moqen Jabitah revised in accordance with those instructions and explains the several points connected with it which appear to require notice—

3. The present Moqen Jabitah in common with that forwarded on the 26th December 1843 presumes the introduction of certain arrangements in regard to the Size and number of the Talooks in the District, and to the distribution of District Servants which have been explained by the Collector in his letter herewith forwarded to this Office and to the Finance committee both of the date above mentioned— It will be sufficient here to state that the extent of several of the 18 Talooks into which the Province was formerly divided being greater than could be efficiently superintended by one

Tahsildar

Tahsildar— and the appointment of Deputy Tahsildar which was thereby rendered necessary proving to be very inconvenient, and objectionable in practice, the Collector has proposed to abolish this latter Office, and in lieu of the former arrangement to divide the District into 14 Talooks each of such Size as will admit of its administration being satisfactorily conducted by one Tahsildar— The measure recommended by Mr. Porter seems judicious and calculated to augment the efficiency of the District Establishment, and with the permission of Government and in the event of the Moqen Jabitah now under submission being sanctioned, the Board will direct its immediate adoption—

4. The total amount of the Salaries proposed in this Moqen Jabitah is Rupees 8 24 2 ÷ 8— 0 per mensem of which Rupees 6 4 68— 8— are on account of Government and will constitute a fixed charge and 1774— is the amount to be debited to estates under management— and will be subject to be increased or reduced hereafter according to the number and value of the

Estates

Estates which may be under the charge of the Officers of Government.— as compared with the Amount last sanctioned on the former head Viz. 7,404–4– there has been a decrease of Rupees 935–12– resulting from the reduction in the Sayer establishment in consequence of the abolition of the inland and Town duties being Rupees 1259 as also of Rupees 3–4– in sundry items in all Rupees 1262–4– counterbalanced however in some measure by the expenditure (Rupees 323–8–) required for the management of the Vinnacottah and Goodewadah estates and Padapandoo Mootah lately purchased by Government and 3 Rupees increase in the Maramut department— the net saving being therefore already stated Rupees 935–12– —The diminution Rupees 1102–8– in the charge against the estates under management is (with trifling exception of 18 Rupees) attributable to the transfer to Government by purchase of the Estates (Vinnacottah, Goodewadah, and Padapand) already mentioned, and to the restoration of a portion of the Nedoodavole Zemindary to Narrah and Cobanadry Apparow— The total reduction on both heads is Rupees 2,038–4–

5. The Moyen Jabetah now under Submission constituting, as above explained a

a Monthly charge against Government of Rupees 6468–8– and against the Estates under management of Rupees 1774– total Rupees 8,242–8– appears to the Board to have been framed with due regard to economy and to the efficiency of the public Service and they therefore beg to recommend that it may receive the Sanction of Government.—

71	Gholam Hossain..	38 9 -	3d January 1823.	From March 1813 to October 1814 inclusive, being 1 year and 8 months..	64 - -	This individual an inhabitant of Mahomedanporeem in Zangum Talook in this Zillah presented an arzee on the 3d Ultimo stating that as he had received information that his younger brother who was at Chantarauco sully in Siddapah Zillah was very sick, he proceeded to that place to see him, and that as his brother died he remained there to perform the funeral rites &c. and that in the meantime he was himself attacked with Fever and Ague, which detained him to this time.— The assertion of the individual has been proved to be true, and he has been identified as the true yeomeadar; it is recommended therefore that the arrears of Yeomeah which are due may be paid to him.—	Under the explanation of the Acting Principal Collector the Board recommend that Sanction may be granted for the payment of the arrears due to Gholam Hossain amounting to Rupees 64-0-0, and for the continuance of the Yeomeah.— Revenue Bd. From the Actg Collector of Cuddapah - - - 7 Ultimo, stating that Mr. Arbuthnot's letter of the 21st June 1843 having had reference only to the allowance granted in lieu of resumed Pollems the allowance granted to the Shrotriemdar of Chowcallavaru was not mentioned in it & affording certain other explanation also on the subject. —

In reply to your letter of the 14th ult. I have the honor to state that Mr. Arbuthnot's letter of the 21st June 1843 having had reference only to the allowance granted in lieu of resumed Pollems the allowance granted to the Shrotriemdar of Chowcallavaru was not mentioned in it.

2 There are a variety of casual Stipends paid in a similar way by deductions either from the Puttahs of individuals in the Peiz of Villages and they appear in the Summabundy State-ment No. 1 under the following heads, Viz.t

No. 71 Enam waya or payments by deduction from Puttah to certain Reddies, Shroffs, village Peons and Cuttoobaddies amounting to Rs. 640-11-2.

No. 90 Cundacharum or Do. to certain Jungum or Poligar

Poligar, Cuttoobaddies, Amounting to Rs. 43-4-8 and No. 114 Nugud Moayra or ready money payments - certain Reddies and Cuttoobaddies deducted from Peiz of Villages amounting to Rupees 195-11-8.

3 Further particulars regarding these items will be supplied if the Board wish for it. The Board are aware that the Anna Shrotriums also 92 in Number, all consist of deductions made in a similar way according to the number of annas of each Shrotriumdar.

4 In my letter of the 21st August in noticing the difference between the original grant - I made use of the term "Shrotrium grants of this discription" erroneously, instead of merely "such grants", as writing from previous recollections I thought there were a few other Shrotriums of the sort, called Inaklah whereas, on reference to the Cutcherry - I find Chowkillavarapilly as the only one under that head in this District

5 I think there can be no doubt of the right of the widow of the late - Shrotriumdar of Chowkillavarapilly to posses the Shrotrium during her life time, and I think it ought to be restored to her at any rate immediately. The question as to her right to

17358 Fort St. George 12th December 1844

to bequeath it by adoption or alienate it by sale or gift is connected with the general

22d May 1844 + question mooted by Mr. Ashton as to how far the tenures of all enams and the rights of alienations

hitherto exercised in regard to certain descriptions of these, are effected by the Provisions of Regulations

IV of 1831 and act XXIII of 1838. It is only necessary for me to state here, that according to the previous

general practice of the District the Collector would not have thought it necessary to interfere in the case of an Enam being alienated bonâfide by the family of the original grantee whether by sale, gift or adoption.

Sir,

Para 1. I have the honor to lay before the Court of Wards a Statement of the Cultivation and Revenue of the Mootah of Vullacottah, comprizing 5 Villages placed under my Management under the correspondence noted in the Margin on account of the Minor Proprietor for Fuslies 125 and 1253 as compared with the preceding one-

2. Considering it advisable to rent, if practicable, the Villages to their respective Merasdars

Merassidars. I called upon them to state whether they would consent to take them upon leases for 1 or 3 years according to the average actual produce of former seasons, but which probably from the low price of produce, they declined to do. I then according to the arrangement adopted by the late Mootahdars caused the produce of the whole of the wet lands and of a portion of the Dry lands to be cut and thrashed and the Mailwaram grain sold at the current rates of the Market thro' the Manager appointed to the Mootah; whilst for the remaining portion of the Dry lands a Money rent has been collected.-

3.- It will be observed on reference to the Statement that almost the whole of the Nunjah Sheigal lands were brought under cultivation in Fusslies 1252 and 1253, the average produce and price being more favorable than in Fusly 1251; there has however been a small decrease as was the case in other parts of the District in the cultivation, produce and Revenue of the Poonjah lands consequent on the failure of rain during the season for its cultivation.

As

F. 1252 & F. 1253

as a general result the Revenue actually derived during these two years has not been sufficient to cover the Peishcush.-

In the correspondence above enumerated in the Margin, I stated that except in favorable years, there would I conceived, be difficulty in realizing from this Estate even the full amount of Peishcush an opinion which the very low rate at which all produce has for the last three years been selling has mainly tended to confirm. Every attention will however be paid to the proceedings of the Manager, in order that the superintendence of the Estate may be exercised in the most judicious way for all parties concerned.-

Vide Enclosure B. 5. I beg to submit another Statement shewing the Collections, Balance, the Sibbendy Charges, maintenance of the Minor and Peishcush with its arrears.

*Rs. 504. 10. 11.- *The Balance in Col. 14 is in due course of collection, and will be shortly credited on account of the arrears of Government Peishcush.-

2- The survey field assessment having been introduced into this Village during the period it was attached to North Arcot the demand for Fasly 1253 has been framed according to that assessment-

3- The Village has a large Tank capable of holding when full 5 months supply of water and 6 Tongles and a Spring: these reservoirs

Reservoirs having received more abundant supplies during the past, than in the preceding year, the cultivation and revenue were proportionately augmented.

Enclosure B. 4. Another Statement shewing the collection, charges and surplus profits &c of the Shrotriem is also submitted, from &c whence it will be seen, that the entire revenue was realized. The portion collected by the Shrotriemdar's relations previous to its attachment in January last was Rupees 966-15-6, and the balance realized by the circar Servants amounted to Rupees 3,603-5-1. From this latter sum the charges on account of the Government Kists, Sibbundy and maintenance to the &c Shrotriemdar's family for May and June being deducted, there remained a net profits of Rupees 1,745-13-5.

From the Amount Rupees 216. have since been disbursed on account of maintenance and sibbundy charges from July to October last, so that the actual balance now in deposit in my Treasury is Rupees 1529-13-5. The maintenance &c of the future months &c till the profit of the current fusly are realized will

July 1254

will have to be disbursed from the above sum, but at the end of the current year I propose, as directed by the Court of Wards, investing the whole of the surplus funds of the Estate in Government Securities on account of the Minor.

Para 1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in

20th Nov.r in Cons.n 12th December 1844.

in Council the accompanying letter from the Principal Collector of Salem recommending the grant of a Dusswundum Enam to an individual named Sungroondiah who has erected an Anicut across the Southa Coomara River near the Village of Chinnapetty in the Dunkencottah Talook at an expence of Rupees 2458—3—

2. As it appears that the work in question was undertaken with the approval of the Principal Collector and was completed before the date of the orders of Government directing that the Dusswundum rules should not be applied to new works the Board beg to recommend that the Dusswundum remission may be allowed in this case.—

From Government 13 instn 23d Janry 1845.

3. It will be seen that the extent of land cultivated in Fusly 1252 / A.D. 1842-43 from the channel of the said Anicut and converted from Pooyah to Sunjah is acres 37—5—11 bearing an assessment of Rupees 170—12—3 and that this (¼) proportion of that amount payable to the individuals above named is Rupees 42—11—1.

To the Coll.r in the S.th Div.n of Arcot.

Requesting to be furnished with further information regarding a proposal made by D. Pugh Esq.re in behalf of the Firm of Mess.rs Parry & Co. for 2000 Cawnies of waste land in the Pitchenaran Villages of the Chellumbrum Talook in his district to be taken on Cowle for the Cultivation of Sugar Cane and desiring him to submit for the Board's consideration the draft of the Instrument he would propose to adopt—

Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 9th September last, forwarding Copy of a proposal made by D. Pugh Esq.re on behalf of the Firm of Mess.rs Parry and Co. for two thousand Cawnies of waste land in the Pitchenaran Villages of the Chellumbrum Talook in your District to be taken on Cowle for the purpose of introducing and carrying on the manufacture of Sugar and Cultivation of the Cane on an extensive and extensive Scale.—

2 The undertaking which Mess.rs Parry and Co. have in view is deserving of encouragement but before submitting their application for the favorable consideration

Fort St George 12th December 1846

consideration of Government the Board are under the necessity of requesting some further information on the subject. I am therefore directed to request that you will at your earliest convenience furnish a Statement of the Villages in which the land applied for is situated, showing its exact description as divided into waste. Sheical Runjah Manaveree Poonjah &c.a the extent of each with the assessment chargeable upon it according to the talook rates and the amount payable annually by Mess.rs Parry &Co. for each year of their Cowle. To determine the above particulars it is desirable that the Tahsildar of the Talook should in person visit the spot and he should at the same time ascertain whether the occupation by Mess.rs Parry &Co. of any and what part of the land would be likely to be objected to by the Ryots on reasonable grounds— any Coloonies disposed to undertake the cultivation of any part of it might be at once allowed to do so.—

3. By the expression used by Mr. Pugh that he is desirous of taking the land "on the usual Cowlenamah of the District" the Board infer that the Gentleman on behalf of his Firm is prepared

to

"and it would by "following that "plan, bring the "whole soapeen in- "to cultivation "and entitle the "Government to "the kist according "to the Cowle pa- "-mash "on the "whole papaga-

to pay for the whole quantity of 2000 acres at the Cowle rates whether cultivated or not but as the papage quoted in the margin leaves this in some degree in doubt it is important that there should be no misunderstanding on the point- you will be pleased to inform him distinctly that this invariable condition of all Cowles granted in your District will of course be insisted on- You will further intimate to him that should he continue to hold the land after it has arrived at full Tarwa he will be liable to such revised assessment as may hereafter be fixed upon it in the course of the survey which has been ordered to be introduced into the Manargoody and Chellumbrum Talooks.

4 Messrs Parry and Co. it is observed express their intention to subvert as much of the land as they can to the neighbouring Ryots till required for their own uses- Care must be of course taken that this land be not given on such favorable rates as would draw off the ryots from their usual holdings- You will be pleased to state what precautions you would adopt with this view-

5 You should also explain to Mr. Pugh that if the Poonjah or Manawara rate of

of the land be hereafter brought under channel irrigation however will be charged although the supplying channels should have been cut at his own expense and he should further be apprized that to prevent interference with the general scheme of Talook irrigation he will not be at liberty to cut channels even at his own cost unless after communicating with the Revenue authorities of the District and obtaining their sanction.-

6 The conditions specified in the preceding para with any other which under the circumstance may be necessary to provide for the interests of Government should of course be inserted in the Cowle and Moorchilka to be hereafter executed between Mr Pugh and the Government and you will be so good as to submit for the consideration of the Board the Drafts of the Instruments which you would propose to adopt.-

7. It is desirable that no delay should occur in furnishing the information above particularized, the Board will therefore hope for a reply to this letter within a fortnight after its receipt.-

Reporting on the Extra sources of Revenue for Fusly 1253. and forwarding the usual Statements.

Sir,

Para 1. In submitting the usual report upon the Extra Sources of Revenue for the past Fusly 1253. A.D. 1843/44 together with the Statements enumerated in the accompanying list, I have the honor to annex a Memorandum exhibiting at one view, the amount derived respectively from each Branch of Revenue during the year as compared with the result of the preceding Fusly 1252 - A.D. 1842/43

By this Statement, there appears a Net decrease of Rupees 47,636 — 3 — 7 — against the year under review, the causes of which I shall endeavour to explain in the observations which I shall hereunder offer upon each separate head -

2. The revenue derived from the sales of Salt in Fusly 1253 amounted to Rupees 187103-1-7- while in the preceding Fusly it amounted to Rupees 205434-11-9- A.D. 1843/44. exhibiting a decrease of Rupees 18331-10-2- This decrease as far as the sum of Rupees 3361-7-11- has arisen from the falling off in the Sales for Export by Sea to the Eastern Ports, as well as to Pondicherry / this Government having taken 77 G. 153½ M. less in this than in the preceding Fusly/- The remaining sum of Rupees 14970-2-3- occurred in the Sales for inland and home consumption.

3. I have already mentioned in my letter to the Board, that the Sales in this District were considerably increased by the failure of Salt in the Chinamput Pans in the Chingleput District, in consequence of which the Stock in hand at the Murkanum, Teagavelly & Killay Pans was all sold and if a failure in the production of new Salt had not occurred by the unseasonable fall of rain in May last- a proportionate increase might have been reasonably expected in the subsequent Months, which by the Marginal Statement will be observed to have

have been Garces 510—101— or about Rupees 50,000 co= above the amount actually realized.

4- Of the total Sales in the year under Report 107 G. — 226 M. only were sold at the in= =creased price, and as the price has subsequently undergone a revision, it is unnecessary for me now to enter upon the discontent and dissatisfaction which very generally prevailed in consequence of the new enactment.

5- The decrease in sales for inland and home consumption calls for no particular remark having chiefly arisen from the failure of stock in hand as above explained.

6- In regard however to the continued falling off in the Sales for home consumption (amounting in this fusly to 59 G. — 154 M. or Rupees 4,174—14—3) I avail myself of this opportunity, in reference to para 3 of the Board's letter, to co= express my conviction that, although in the year under review, the decrease may be partly attributed to the failure of produce, the general and gra= =dual diminution in the sales is mainly to be ascribed as mentioned by my Predecessor to the price of the salt as fixed by Government, which

which the inhabitants are some unable and others unwilling to pay for it. In support of this con= =clusion I beg to forward a Statement† of the co= quantity of Salt sold for home consumption from fusly 1230 A.D. 1820/21 to 1252 1842/43 by which it will be perceived that as the prices have increased co= the sales have decreased.

It may be proper here to mention that during Fusly 1253 / A.D. 1843/44 Sugar and Molasses were exported to London in considerable quantities as will be perceived by the Marginal comparative Statement, and that from the recent Establishment of several new Factories at Cuddalore there is every prospect of a rapid increase in this branch of Trade.

10. An increase in the Abkarry Revenue in Fusly 1253 / A.D. 1843/44 of Rupees 12,390 is solely attributable to increased competition when the farms were sold by public Auction.

12. The decrease of Revenue from the Sale of Stamps for fusly 1253, amounting to Rs. 1,650—4—6. has arisen from the

13. The Settlement of the Moturpha Revenue for the last Fusly amounted to Rupees 38303—15—— being less by Rupees 1133—1—2. than that in the preceding Fusly owing chiefly to a falling off in the Loom tax occasioned by the small demand for Piece Goods on the Eastern Coast.

Rent of duty on the Betel Tobacco and Ganjah Vcs of 17 Sayers as per account Particular No. 1	24560	"	"	19480	"	3				A 5079	15	9	A. This Decrease is Chiefly owing to the rent on Betel and Tobacco Vcs Articles being taken to the 31st March, consequent on the abolition of the inland and Town duty since 1st April last.
Revenue of 17 Sayers under Amanie management including the duty of Stamping Weights and Measures as per Account Particular No. 1	12469	1	1	9799	"	7				B 31560	"	6	B. of this decrease Rupees 26,170-4-11 is nominally having been occasioned by the abolition of the Sayer as stated above the remainder has arisen Chiefly by the diminution in the demand for Piece Goods in this District for export to the Eastern Markets
Frontier Duty as per Do. No. 2	34169	6	3	34123	11	1				6 45	11	2	C. The remarks shewn in the accompanying Account Particular No. 2 explains the principal causes of variation in the Collection of these Chowkies.

Order thereon

Ordered to be brought forward at a future meeting.-

To the Actg Chief Secy to Government - Submitting letters from the Collector of Tanjore reporting on the claim preferred by the Betel and Tobacco Renter in that District to compensation in consequence of the discontinuance of his farm before the expiration of the Fusly and recommending that the Collector may be authorized to pay Rs 2,604-11-0 on that account.-

Sir,

Para 1 I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council, the accompanying letters from the Collector of Tanjore, reporting on the claim to compensation in consequence of the discontinuance of his Farm before the expiration of the Fusly, preferred by Rajah Mahomed Rowten late renter of the Betel and Tobacco duties in that District.-

2. From these it will be seen that the principle adopted by Sir H. C. Montgomery in calculating the amount of compensation to be awarded to the Renter, has been, to ascertain the proportion which the collections both of the rented and annaunia Sayer during the three first Quarters of each of the Fuslies 1248-9-50-1-2 have borne to the total Sayer Collections for those several years- and to apply the average of the per Centages thus obtained as a standard whereby to compute the collections made by the renter of 1253 during the continuance of

of his lease. The percentages of the above Fusles vary from
to 73 7/16 the average being 71 29/32 Considering however that the
for Fusly 1253 exceeds by 5400 Rupees that of the preced-
-ing year, and that this rent has been cancelled before
the expiration of the term of contract, it appears to
the Collector but equitable to adopt the somewhat
lower standard of 70 per Cent. Assuming then the amount
already realized by the renter at 70 per Cent on his full rent
for the whole year his collections will have amounted
to Rupees 81,480. and as his actual payments up to the
1st April were 83,858-1 the difference or sum paid by
him over and above his receipts will be Rupees 2,378-1
which together with Rupees 226-10 value of Layer
Rowannahs undisposed of, and rendered useless by
the late abolition of the Inland and Town duties
in all Rupees 2,604-11. it is recommended may be
refunded to him.-

3. The compromise as above explained
appears to the Board to have been effected with
due regard to the public interests, and it has
given satisfaction to the renter, I am there-
-fore directed to request that it may be con-
-confirmed and that the Collector may receive
sanction of Government for disbursing to
Rajah Mahomed Rowten the sum of Rs 2,604-11.

Sir,

With reference to the orders of
Government dated the 8th Ultimo on Petition &c
No 1565 of 1844 I am directed by the Board of Revenue
to forward the accompanying letter from the
Collector of Trichinopoly dated the 19th November

Reporting the Collectors partial success in ascertaining the condition of each of the Persons assuming the right to collect Mem Cavil fees in the District of Trichinopoly-

Sir,

Para 1. I have the honor to report that in obedience to the orders contained in the communications noted in the margin

Extract from the proceedings of the Board of Revenue dated 16th November 1843.
Extract from Do Dated 29th April 1844
Extract from the Minutes of Consultation dated 12th April 1844.-

I have endeavoured to ascertain the condition of each of the persons assuming the right to collect Mem Cavil fees in the District of Trichinopoly and I trust that I shall not incur the displeasure of Government when they learn that my endeavours have hitherto been attended with very partial success. The reason of this is that a great proportion of these people do not reside within the limits of the District subject to my authority and that when I imagine I have discovered their place of abode it very frequently happens that on sending to make enquiries I find that my information was incorrect or that the parties sought have betaken themselves elsewhere in quest

quest perhaps of employment, perhaps to collect their illicit exactions to assist in some marauding expedition or not improbably to escape the consequences of a Magistrate's warrant. How difficult it must be under such circumstances to obtain a correct account of these people's means of subsistence will be obvious to the Board and Government. I trust therefore that it will be sufficient for me to say that with the exception of six individuals none of them are above the rank of common cultivators and that they belong to the lowest caste. many of them have, it is not to be doubted died since I commenced my enquiries and many more must in the course of things die before I could bring them to a conclusion.-

2. From an inspection of the statement No. 1 enclosed in my letter of the 23d August 1843 it will be perceived that the value of the emoluments of each individual is exceedingly trifling and I most respectfully venture to urge again on the attention of the Board the propriety of awarding a remuneration of 15 per

Cent

Fort St. George 12th December 1844.

Cent in all cases in which they amount to 100 Rupees per annum, according to the accompanying statement the product of which at this rate is Rupees 1772-2-2, to 10 individuals. To all the rest, I would suggest that the monthly sum of ½ Rupee should be given, the allowance in each case to cease with life and to be renewed only in particular cases. I would then suggest that I should be empowered to make the necessary arrangements for paying the allowances which should be liable to resumption if the grantees fail to appear in person to receive payment at the Treasury (which may be either the District Koozoor or a Talook Treasury which with reference to the particular place of residence of the party I may fix upon). This is the only method which appears to me calculated to ensure the appearance of these people before me.

See Statement No. 1

3 The total charge to the state will thus be Rupees 4,454-2-2 half a rupee a Month seems to be the least which can be offered to effect the objects of Government and I submit the proposition as in

Fort St. George 12th December 1844.

in deference to the orders I have received which to enjoin that a compensation shall be offered which shall be worth the acceptance of the Men Cavilgar rather than a mere equivalent for the amount of the emolument of the right to collect, which he has been deprived, I have already stated my own opinion that such a charge to the state is uncalled for and unlikely to be attended with any beneficial results particularly as many of the Men Cavilgars will not in all probability, receive any compensation and it would be unbecoming in me to press my own views of the case further. It is however my duty to bring to the recollection of the Board that there will be very great difficulty in collecting the fees in question on behalf of Government and unless the opinion of the Foujdary Adalut has been given after a due consideration of all the peculiar circumstances of the case I would venture to doubt the legality of such a measure. The collections which have been made are noted below.

4 If the above proposal meet with the concurrence of Government it will of course be proper to incorporate the Men Cavil enams with the Syen Lands.

5 Make this opportunity with reference to para 83 of the Boards proceedings of the 16th November 1843 to send a statement exhibiting in detail the sources from which the revenues appropriated to defray the charge of the Cavilgars in the Talooks of arrealore and Podiarpolliem are collected. I should much like to see the greater number of the several items struck out of the list - they belong properly to the head of Moturpha and are complained of as giving rise to exactions and much annoyance in the collection.

+ Ret 2

6 The only items which I would retain are noted in the Margin and these I would propose to assume on behalf of Government giving an equivalent of Rs 3670-0-0 per annum from the public treasury to defray the salaries of the Cavilgars which under all the circumstances I must make sufficient.

From the Coll.r of Trichinopoly—

Sir,

I have the honor to report that I proceeded to Moosery on the 5th Instant, for the purpose of superintending the sale of lands described in the advertisement which accompanied my letter of the 23rd and was sanctioned by the Board on the 29th October last and that Soobaramien one of the Defaulters having paid up his arrears—his lands were not exposed to sale, and that for the other lands—there were no bidders. I am in hopes that the proprietors will be able to effect a sale by private bargain. should they fail to do so I shall submit a fresh advertisement for their sale at a future opportunity.—

Sir,

With reference to your letter of the 8th Instant on the subject of the cases against Sham Rows and requesting to be informed of the progress made in the said examination, I beg to state that in the three first cases which had been already examined and the witnesses again summoned to be cross questioned by the said Sham Rowjee has,

2. The remaining cases against Sham Row will be finished with all possible dispatch and most probably within the 15th days mentioned in my letter upon the subject & supplementary Immanabundy Report dated 28th October 1844 last Division of the 18th Para.

Reporting on the Settlement of Shevagunga restored to the proprietor on the 11th September 1844 for fusly 1253.- A.D. 1843/44.-

Sir,

I have the honor to submit in explanation of the Settlement of the sequestered Zemindary of Shevagunga for fusly 1253 the A.D. 1843/44. following Statements.-

1. Abstract of Settlement.
2. Detail of Settlement.-

6. Settlement of Chettrum lands.-

State of Season.

2. Rain that fell in the Middle of September permitted the sowing of Poonjah and Nunjah Mail Poonjah which was carried to greater extent than in the preceding fusly yet the

the returns from the nature of the season were not above three fourths of an average Crop. When on the former report on the din lands of Madura I had occasion to make a similar remark in shewing the condition of the Ryots I was rebuked by the Board as tho' I might have lightly credited such assertion on the interested shewing of the people themselves and my subordinate native officers. In this place I speak from the returns of land paying in kind.—

It was the beginning of October before any of the rain dependent tanks received a supply and they were refilled by the heavy rain of the beginning of December, by which also the Vigney rever. fed tanks were all filled, but the supply was unseasonably late and in the rain. fed tanks far from sufficient, and hence the poor return of produce in proportion to the extent of cultivation.

Agricultural Statistics.

3. Absence of disease amongst the Cattle was followed by an increase amongst the former of 2345 and amongst the latter of 1815. The returns also shew an increase of 557 in the population.

Places of scrutiny of Settlement.

4. The Curnums were assembled for scrutiny of the settlement in six principal and most central parts of the estate, and I completed the labor only on the 3d. of September.—

Comparison of settlement with previous year and years.

The productive decrease is no less than 54523 Cullums yet the rivalry of purchasers, which I fear cannot fail to leave entailed loss on them, enables me to shew a pecuniary increase of Rs 42743 in the settlement under report over that of the preceding year; and it also exceeds the average of the three years from 1250 @ 1252, both inclusive by Rupees 45771.—

The average sale price of paddy in the year under report was per Cullum ——— 1. 1. 4¼

In the preceding fusly (1252) ——— " 11 7

Increase per Cullum " 5. 9¼

5. The total demand for the year was ——— 4,05,785. 7. 10.

Collections up to the end of fusly ——— 2,33,082. 12. 9

Subsequently upto 30th. September ——— 11,818. 2. 10

Receipt of Talook Collection ——— 2,47,907. 7

Restoration of the Estate on 11th September 1844.

With which outstanding balance the Estate was given up to the Zemindar Mootoo vizeya Ragoonatha Gauro Vullaba Peria odia Thaver, on the 11th. September in obedience to a Precept from the Sudr Udalut of the 2d. September, Communicated by the civil Judge on the 7th. and 9th. Idem. In a grain paying district the above balance outstanding is an usual annual occurrance and need not be considered large.—

6. The outstanding balance for fusly 1252 were reduced by the end of August last to Rupees 4,148-14-9 after deducting a Nominal balance of Rupees 1097-15-4 which never was intended to be demanded and only carried to account agreably to long standing custom.—

Order thereon,

(61. 62)

Ordered to lie on the table

Read the following letter.

To E.C. Lovell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

(63)

From the Collr of Tinnevelly — Forwarding an application from his Head Sheristadar & Butcha Row for an increase of salary and stating that he is fully entitled to the indulgence.

Sir,

Paral- In forwarding the accompanying application from the Head Sheristadar Bucha Row for an increase of Salary which appears under the Rules and recommendations of the Board fairly due I should be doing him less than jeustice did I not support his request by stating that I consider him fully and desirably entitled to the indulgence. I consider Bucha Row's claim to be as strong on his own merits as a public Servant, as on the Rules to which he refers. My predecessor, on leaving, gave me a favorable opinion of Bucha Row, which 2 years experience has tended to confirm and improve. The sheristadar's activity and habits of business contribute materially to the Interests of Government the welfare of the District and the efficiency of all the Native Establishment under him.

It will not be out of place

Sir

I have the honor to solicit the favorable consideration of Government to the following statement of my services, and to the circumstances under which I am desirous of being promoted to the Office of Head Sheristadar of the Court of Sessions.

I was appointed Tahsildar of Coimbatore on the 22nd July 1836, and continued in that office till the 25th April 1844, when I was appointed Naib Sheristadar of Cuddapah, which I held till the 17th October following, when I was appointed Head Sheristadar of the Court of Sessions.

To C. B. Thomas Esqre

Collector of Tennevelly.

The humble Petition of

Bucha Row Head Sheristadar of the Tinnevelly Collectorate.

Honored Sir,

Para 1. I beg leave to inform your honor that I have served the Honorable Company from 1815 down to the Current year 1844 (about 29 years) in the capacity of Talook Gumastah Inoozoomdar Tahsildar Naib Sheristadar and Head Sheristadar in the Billahs of Coimbatore Malabar Cuddapah and now in Tinnevelly and have conducted myself in the discharge of my Official duties to the entire satisfaction of my superiors, of which I trust your Honor is fully aware.

2. I was appointed as Head Sheristadar on the 26th November 1839 and from that to the 25th of the Current month my period of service in my present post amounts to 5 years and under the existing Rules I am entitled to an increase of pay the

3. In the 5th Para of the Circular above quoted it is said that if the service as Tahsildar exceeds 10 years 1/10 of the time would be reckoned as service actually performed in the Office of Head Sheristadar and that of the period of service as Naib Sheristadar though held for a period less than 10 years 1/10 of that period whatever it may be, may be reckoned as service actually performed in the Office of Head Sheristadar. In any case although the period of any service as Tahsildar amounts to some what

left than 10 years yet when the period of my service as Nails Sheristadar is added, the total exceeds the term of 10 years, so that instead of my service as Tahsildar amounting to 10 years as my service as Tahsildar and Nail sheristadar both added together comes to more than 10 years, and the situation of Nails Sheristadar is not in importance left than that of a Tahsildar 1/4 of the period of my service as Tahsildar and Nail Sheristadar together should be reckoned as time actually employed in the service of Head Sheristadar and when I complete an additional period of 2 — 4 — 26 I humbly hope that I shall agreeably to the Rules be entitled to a monthly salary of 125 Pagodas —

4. Now as my service as Nails Sheristadar amounts to 5 years and as I am entitled to 100 Pagodas salary according to the Rules I beg your honor would be graciously pleased to recommend me for the increase of pay solicited A Statement of my service herein enclosed —

(73.)

From the President & Trustees for the Management of the late Patchiappah Moodeliars Charities

Submitting the 2nd Annual report of their Proceedings in the Management of the late Patchiappah Moodeliars Charities

Gentlemen. We beg leave to submit the following annual report of our Proceedings in the Management of the late Patchiappah Moodeliars Charities. but before entering into its details, we consider it proper to Notice the Changes which have taken place since our last report among the Members of our Committee. It is with feelings of deep regret that we mention the demise of our late President Vembakum Ragavah Charriar, which occurred in the commencement of this year, and which event has deprived us of the Co-operation of a Most valuable, Zealous and efficient Member. The Vacancy thus occasioned was filled up by our Colleague L. Streenevasa Pillay, and in his room we have elected D. I. Ramanjaloo Naidoo We have also previously elected Coopoo Chettiar as successor to his Brother the late Chocapah Chettiar, and these nominations have

have received the Confirmation of your Board.—

2. During the past year 1843, we succeeded in bringing into operation the few charities of a religious nature, which remained unperformed, but with the single exception of the worship in the Pagoda of Avadiar, which could not as yet be commenced, in consequence of the difficulty of procuring a trustworthy person to conduct the ceremonies in that isolated part of the Country.—

3 The Charities that have been commenced are the evening worship in the Pagodah of Ramaswarum, and the Ceremonies in the Matum of Teroovian The Management of the former was entrusted to Ramanada Pundarum, the Church Warden of Ramaswarum, and the annual endowment for the performance of the latter has been delivered to Annamalay Daseca Pundarum, the Successor of Sawmynada Moorthee whose claim was noticed in our last report, and proved to our satisfaction by subsequent enquiries.—

We

4. We regret however to state that the interruption to the performance of the Charities at the Pagoda of Chedumbarum has not as yet been removed in consequence of the continued opposition of the Dieshedars, notwithstanding the several communications we have had with them on the subject—we are however endeavouring to reconcile the parties through the means of certain respectable individuals, residing in the neighbourhood, and are not without hopes of being able to have the Charities renewed in the course of the Current year.—

5. We now beg to lay before your Board a General Account Current of the receipts and disbursements for the year 1843, and trust it may meet with the approval of your Board. The Total receipts amounted to Rupees 58.439-1-9, and the disbursement to Rupees 21,771-11-11 leaving a balance on hand on the 1st January 1844 of Rupees 36,667-5-10. Out of this balance the sum of Rupees 27,626-1-9 has been invested in Company's Securities, considering it

it advantageous to the Interests of the Charities, and the remainder reserved for current expenses.

6. We beg to bring to the Notice of your Board that the Deputy Accountant general in charge has raised an objection, in consequence of the death of our late President, to an order being passed for the payment of Interest due on the Government Promissary Notes standing to the credit of "Putchaipahs' Triplicane charity" and which according to the wording of the Decree was payable to V. Rangava Charriar and another Member of the Committee, and required the Production of an order of the Supreme Court for the Amount being paid to our newly elected President. A Copy of that Officer's letter on this subject is herewith submitted for the information of your Board, and we requested the Advocate General to take the necessary steps to obtain such an order from Her Majesty's Supreme Court as would render the Interest payable to the President and Members for the time being, in the same manner as

as is provided in regard to the interest in the funds of "Chedumbarum Vea" Charities. In the mean time however we have taken care to ensure the continued performance of the charity at that Pagoda by advancing Money for its expence from the surplus funds of that charity, accumulated on account of the contemplated Educational Establishment of that place

7. With regard to the rendering of an account of the performance of the Charities out of the Jurisdiction of the Supreme Court to the Collectors of the respective Districts, we have, in accordance with the instructions contained in the Decree forwarded the Accounts to the Collectors of the Districts noted in the Margin.

8 The Shrotrium Village Tinnevelly continued under the Management of our Nuncen during the last year, and the result was a profit of Rupees 470-4-3; after deducting all charges and the payment of the Government kist, which sum has been credited to the Account, with a view to its being hereafter appropriated either in bounty to the poor

or

poor or for other beneficial purposes. This result however not being as favorable as can be expected we have, as anticipated in our last report rented out the Village for a period of 3 years for the sum of Rupees 1200 per Annum, which after the payment of kists &c. would leave a Net profit much exceeding that of last year.

9. According to the arrangement concluded with the Governors of the Madras University as detailed in our last report, an Endowment of Rupees 2,500 was made on account of the Scholarships &c. established under that Institution, but in consequence of the Preparatory School having been subsequently abolished, the 30 pupilships attached to that school were with our concurrence converted into 15 Scholarships in the high School, the 3 Studentships have also been divided into 6 Endowed Scholarships at the rates shewn in the Margin, until such time as the Collegiate Department shall

1 Scholarship	Rupees	20

shall be created so that on the whole there are now in the High School 30 Pupils styled as "Patcheappah's Scholars" and 6 "Patcheappah's Endowed Scholars". The advantages of the Arrangements thus made are so well known to a few of the Members of your Board, who are the Governors of the Madras University, that we need not say more on the subject.

10 The Progress of Patcheappah Moodeliar's School in Black Town has been as satisfactory as can be wished, we have procured the services of a competent Head Master, organized the Institution, and framed a set of rules for its management. A copy of which is herewith forwarded for the approval of your Board. The number of Pupils limited by these Rules, is 300 and there were at the end of 1843 Two hundred and Eighty Scholars actually in the School. There has since been a great accession to the number, and there are now no less than 500 pupils on the list; for the Education of so many Boys, it became necessary to employ an additional Number of Teachers, and the

expence

expense of the Establishment excluding Stationery &c. amounted to Rupees 607 4 per Mensem, as hereunder specified—

11 The erection of Tablets has not failed to engage our attention, and though it could not have been effected as speedily as we wished, the necessary information has been collected to begin with the work, and early measures will be adopted to have the different Tablets appropriately executed and placed in conspicuous situations—

12 We have not as yet been able to direct our attention to the repair and improvement of religious edifices and Choultries, but having been informed that Patcheapah Moodeliars Choultry at Tevoovaloor was much decayed, and that there was no suitable room for the distribution of rice to the poor which is carried on at that place, we have ordered the Choultry to be thoroughly repaired, the expense of which incurred within the last year amounted to Rupees 100, which has been charged in the account—

13 The Establishment of a Minor educational institution at Triplicane will be set on foot so soon as the state of the funds may enable us to do so, but owing

owing to the great difficulty of procuring competent persons to be employed as Professors and School Masters at the rates of allowance fixed by the Decree, we have hitherto been precluded from taking any steps to establish the Schools at Chedumbrum, Conjeveram, and other parts of the interior, and if we do not succeed in obtaining the Services of such persons at an early period, we shall be under the necessity of applying for an alteration of the scheme sanctioned for this purpose in order to render it practicable to give effect to that part of the Decree.

12 We have great pleasure in reporting the first communication of the "Founders day" which took place at Waddels Buildings in Popham's Broad way on the 30th March last, which was the new Moonday of the Month of Pungoony and on which the demise of the late Patcheapah Moodeliar was ascertained to have occurred. The course of Ceremonial observed on this occasion was, after mature consideration,

adopted

adopted so as to suit the native taste and fashion. The large attendance on the occasion and the interest taken in the celebration of every influential Member of the Native Community, manifested the attention, which the scene has attracted from them, and warranted the confidence of its having made a grateful and encouraging impression on the minds of the Community in general. As to ourselves it was a highly gratifying task to commemorate the day of an Individual, whose beneficence and good intentions have given rise to pursuits of such worthy and important object. The expense incurred in the distribution of rice and money to the poor and of prizes and presents to the Scholars and Pundits, who distinguished themselves on the occasion amounted to Rupees 1119-11-4, which will be charged in the account of the present year.

13 We cannot conclude this

report

report without expressing our regret at the slow progress of the intended measures for the advancement of educational establishments in the interior and the institutions of a beneficial and durable nature. The protracted illness of our late President, and the Casualities which have occurred among the Members of our Committee, have in a considerable degree, tended to retard the arrangements of the details of this great undertaking, and to impede success of our efforts. Under these disadvantages however we have, we believe done as

much

much as we possibly could in such an extensive and important concern, and we cherish the hope that at no distant period we shall be able to complete the several branches of the Charities, and to give full effect to the beneficial objects entrusted to our management.

La. Vencatapurty Naidoo
Trustee -

Gentlemen,

With reference to your letter of the 1st Instant, I have the honor to observe that by the Decree of Court dated 6th August 1841 - made in the aforesaid Cause, the sub Treasurer with the privity of the Accountant General is ordered to pay the Interest on the Government Securities standing to the credit of Putchaipahs Triplicane Charity unto "Vemba Rum Ragava Charriar, Shanmugasa Pillay, Arnoogum Moodely, Yacaimbaram Moodely, Chocapah Chitty, Vencatasawmy Naidoo, Dasecan Chariar, Vencata Ragava Chariar, and La. Vencatapurty Naidoo or any two or more of them of which the said Vembahum Ragava Charriar shall be one."

The

17494 Fort St. George 12th December 1844

The said Vembahum Ragava Charriar being now dead, I do not consider that any payment of Interest can be made to you under the said Decree. It will therefore be necessary for you to obtain another Order of Court for the amount to be paid to you on account of the said Triplicane Charity.

I have further to state that an order for the amount of Interest due on the Government Securities standing to the credit of "Putchaipahs Charities at Chedumbaram" Shealy &c. will be furnished to you as soon as possible.
