Extract from the Minutes of Consultation dated 31st January 1845.

To J. F. Thomas Esqre
Acting Chief Secretary to
Government.

Fort St George.

Sir,

In reply to your Despatch No 39 dated the 28th Ultimo. I am directed to state that the Governor General in Council is of opinion that the lands in Umur Soobiah which were resumed from Luchmee Narain, the late Dewan of Coorg, should be released from attachment in accordance with the instructions received from the Honorable the Court of Directors on the subject, and he would suggest to the Most Noble the

Governor

1826

Fort St George 10th February 1825.

Governor in Council to direct the necessary orders to be issued for making over the lands with such reservation of existing engagements with under tenants as may be found just to Luchmee Narain.

Fort William
the 11th January 1825.

(Signed) F. Currie.
Secretary to the Government of India.

Resolved with reference to the Extract from the Proceedings of the Board of Revenue No. 617 dated 12th December last, that Board be requested to adopt measures for giving effect to the orders contained in the foregoing letter.

(Signed) T. V. Stonhouse
Secretary to Government.

Order thereon.

Ordered that a Copy of the foregoing Resolution of Government and of the letter from the Government of India to which it refers be transmitted for the information and guidance of the Acting Principal Collector of Canara, with reference to his letter dated 27th November 1824 No. 101.

Mr. Thompson will be pleased to carry into execution the orders of Government and report the result to the Board.

From the Secy. to Govt. communicating observations of orders on the Board's Proceedings relative to the settlement of the Extra Sources of Revenue in the districts of Rajahmundry for Fusly 1253.

Fort St George 10th February 1845.

Extract from the Minutes of Consultation under date the 1st February 1845.

Read the following Extract from the Proceedings of the Board of Revenue Relative to Settlement of Extra Revenue in Rajahmundry for Fusly 1253. A.D. 1843/44.

(Here Enter 12th Dec. 1844 No. 623)

Para 1.

The settlement exhibits a net increase when compared with the preceding Fusly of Rupees 4,1864—2—11.

Fy. 1252-45,98,12-10-1
1253-49,26,76-13-4
Increase 4,1864-2-11

2.

The increase appears to have arisen chiefly under the heads of "Salt" and "Sea Customs." There was a very considerable one in the inland sales of Salt in Fusly 1253, arising, it would appear, from an unusual number of Brinjaries arriving for Salt before the end of March the cause of which is not explained but adverting to the fact of its having occurred immediately prior to the date on which Act VI 1844 came into operation, and which raised so considerably the price of the article — His Lordship in Council considers it desirable that the cause should be explained.

Increase
Salt ..... 5,1667—1—5
Sea Customs-1,5026-14-10

Fusly 1252 Rs. 2169-
" 1253 " 30,990-
Increase in Fusly 1253 28,821-

3.

From the Marginal Statement given in para 3 of the Collectors' Report it appears that

that the value of Salt received into store in Fusly 1252 was Rupees 2,3889 while in 1253 Fusly it was 6,132. This is explained to arise partly from a portion of the Salt manufactured in Fusly 1251 having been stored in Fusly 1252, and partly from a very large quantity of the Salt manufactured in Fusly 1253, not having been stored within the Fusly. The Cause of this short storing in Fusly 1253 should have been explained, as it bears a very small proportion to the quantity manufactured.

+ Remark in Statement No. 1.

His Lordship in Council desires that this information may now be furnished and that the Collector will further explain the circumstance of the advances for the manufacture in Fusly 1253 having considerably exceeded those of the previous year while the manufacture was less. The Collector's explanations of it in his remark in Statement No. 1 is the small quantity of Salt manufactured in Fusly 1252. but Statement No. 4 shews that it exceeded very considerably the Manufacture of Fusly 1253. This apparent inconsistency

+ Statement No. 8. Value of Salt Manufactured in Fusly 1253 ..... Rs. 2,80,228.
Value of Salt stored in Do. 6,132.

* Statement No. 1
Fusly 1252 - 812.
" 1253. 6025.

Statement No. 4.
Manufactured in Fusly 1252. Maunds. 5,15,936.
" " 1253. 1,29,968.

inconsistency requires explanation. Nor is the large manufacture in Fusly 1252, exhibited in Statement 4, consistent with the observation of the then Collector in the Statement of proposed advances for the Manufacture of Salt for Fusly 1253 dated 5th June 1843 in which, in explanation of the advance applied for being so much in excess of the actual disbursement of the previous year it is remarked that no Salt was Manufactured at the Pettapore pans in Fusly 1252 the orders of the exportation to Calcutta having arrived too late to admit of it.

4. The increase under the head of Customs is said to be mainly attributable to the duty on "Imports" and "Exports" of Grain the trade presents in this respect an apparent anomaly which the Government would be glad to have explained.

5. The only decrease which calls for notice is that under the head of Sayer (Rupees 26,921 - 5 - 6) which resulted from the abolition of the Inland duties.

6. The charges were less by 16,473-13-6. than those of the preceding year Chiefly in

in consequence of a diminished quantity of Salt having been received into store - and the expences on this score being Rupees 11926-13-8 - below those of Fusly 1252-7.

Of the Current Demand Rs 527-8-12 only remains outstanding for the Collection of which measures are reported as in progress &c.

The total arrears on account of the three previous Fuslies amount to Rupees 7298-6-2 of which sum 1101-4-4 are due by the Akkarry Renter of the Coringa Division for Fusly 1251 whose A.D. 1841/42 property as well as that of his Security is stated to have been sold and himself imprisoned, the Board of Revenue support in this case the recommendation of the Acting Collector that the amount be remitted and the Renter released, and the Government therefore

therefore sanction the above sum being written off to Profit and Loss Viz.t Rupees One thousand one hundred and one, Annas four, and pice four / Rupees 1101-4-4/ and also direct that the Renter be released from confinement. In regard to the remaining portion of the arrears the Government will await the further report and recommendation of the Board of Revenue.

9 The Net Revenue derived from the various sources during the year under review exceeded that of the preceding Fusly by Rupees 54,492-5-6 a result which the Most Noble the Governor in Council concurs with the Board of Revenue in deeming creditable to the Officers entrusted with

From the Actg agent to the Governor in Ganjam— Para 1

The unprecedented accumulation of Revenue Balances, greater I believe than has ever before been known since the introduction of the permanent settlement in most of the ancient Zemindaries in Ganjam has been noticed by the Board of Revenue and an opinion expressed that this result could not have happened if the powers possessed by the Government Officers in these tracts were adequately enforced.-

Submits for the orders of Government a proposal to adjust the accounts of the Chegutty Zemindary from Fasly 1249 omitting interest agreeably with sanction formerly accorded but never acted upon shewing that under this arrangement the Government Demand will be liquidated in three years

2 In these sentiments I fully concur for as all these parts are by Enactment removed from the operation of the Ordinary Regulations, the Agent has power, no where else conferred, to carry out, under sanction, any system or measures that may be necessary for good Government.—

3 But the question is not now how matters have been brought to the present pass, the real point at issue is what steps are to be taken to extricate these ancient Zemindaries from the state into which they have fallen and from their present difficulties.-

4 The three largest Estates with the

the greatest load of arrears are Hautghur, Mohery and Chegutty. The two former have been taken under management, and their condition will be noted at the close of the year. The aggregate balance of Principal and interest on these three Estates exceeds three lacs of Rupees.

5 It is to the Chigutty Estate, however that I would now exclusively refer. The Permanent settlement demand thereon is Rupees 34,000 per annum. On the 30th November the arrears were principal 68,000 and interest Rupees 10,216-18-7 in all Rupees 78,216-8-7 excluding the present Fusly.

10 It might be thought from this that for the two last years no part of the Peishcush had been paid, and no collections made. It is not so, as will be presently explained, a considerable sum has been collected in each year but always carried to the account of old arrears and swallowed up in charges of interest at 12 per cent pr annum thereupon.

15 The accompanying figured Statement will shew to the Board the exact amount of Collections received into the Treasury from Chegutty since Fusly 1249 up to Fusly 1253 inclusive, bringing up the account as it would stand to the close of November last.—

Deduct Aumeen charges in Fusly 1253 — 356-2-1
* 10,426-14-9

The balance therefore or actual deficit was Rupees 6,7,590-11-10 or with interest Rupees 88,241-1-7 The balance of Rupees 78,216-8-7 shewn in Para 5 is the balance with interest on the 30th November, the Collections of Fusly 1254 up to that date exceeding ten thousand Rupees having been carried to account of interest on the old arrears.

9 If to the above the Peishcush of the current Fusly be added Rupees 34,000-0-0 the demand against Chegutty on the 12th July 1845 would be Rupees 10,1,590-11-10 without interest or Rupees 12,2,241-1-7 including interest, and how this demand is to be paid is the main consideration.

10 It will be seen that the defalcation of the Zemindar had its origin in Fusly 1249 a year of absolute famine. Chegutty is situated close to Ittahapore a part of the District that was reported by Mr Bannerman to have suffered more severely than any other portion. It has been Officially stated by him that some Estates in that locality produced absolutely nothing, and Chegutty in that season only contributed to the Treasury Rupees 1,996-8-0.

To the Secretary to the Board of Revenue 22nd July 1840 —

Para 4 Board's letter to Government 5th November 1840

11 It is to that cause principally, to the heavy charge of Interest on that balance, and in some measure to the want of vigour during the last two seasons in enforcing the rights of Government, that the present crisis of the affairs of the Chegutty Zemindary is attributable and requires a remedy.

12 I propose first that, in accordance with the permission granted in the Contract from the Minutes of Consultation of the 2nd January 1841, the demand of interest on those balances be as a measure of grace foregone, and that authority be granted for readjusting the accounts of the Zemindary during the last five years as shewn in figured statement Para 7. This will reduce the actual demand on Chegutty up to the close of the present year to Rupees 10,1,590-11-10.

Para 3

13. To liquidate this the Zemindar offers to pay a sum of Rupees 25,000 down, within the Fusly, and he has given security for the current Peishcush of the present year Viz. Rupees 34,000 getting credit of course for Rupees 10,024-9 already collected in all Rupees 59,000-0-0. He guarantees hereafter to pay with the Current Kists a further

further sum of Rupees 12,000=per annum till the balance is liquidated, which would be in little more than three years - a Peshcar is also proposed to be kept on behalf of Government in Chegutty at the expense of the Zemindar, as a check on any abuse that the Zemindar might make of the indulgence given to him.—

14 Chegutty has again suffered partially from drought this season, and under Amanie it could not possibly yield the sum proposed to be paid by the Zemindar.

15 So many Zemindars are also at present under Amany and good establishments are so difficult of organization for their management in Ganjam, that I am unwilling to take on my hands more than is absolutely necessary in the present position of the District

16 I feel assured that with — care and vigour on the part of the executive authorities, and with merely ordinary seasons the engagement I have made will be adhered to, and can be reforced as therefore the demands of Government will have then been liquidated in full tho' without Interest, I trust that the proposition I have made will be forwarded to Government with — your approval and recommendation.—

St

17 It has always been the desire of the authorities to treat these ancient Zemindars — with liberality - They are for the most part not wilful defaulters, but generally men of weak — intellect, easily imposed upon by those around them, and of careless perhaps improvident habits — It will be borne in mind also, that in speaking of their condition, and the difficulties in collecting the revenues in Ganjam, in comparison with — Cuttack, Mr. Russell, in his report of date the 11th May 1837, Para 58, has observed of these Hill Chiefs — "the assessment fixed originally on the "principle of allowing them one third of the gross "Revenue to meet the contingencies of seasons "and the expense of maintaining their station in "society owing to the fall on the value of Produce "has left them, for many years past, a smaller — "available surplus than formerly - In Cuttack "on the other hand the Tribute paid by the Ben= "=gal Zemindars is a mere peppercorn compared "with that paid by ours; default from want of "means is impossible, and distraint with all — "its attendant evils, of consequence unknown" — Now to the pressure of this assessment, then the heavy charge of interest has been added — amounting as I have shown above to more

than

Fort St. George 10th February 1845

than twenty thousand Rupees on this small Estate alone in the last five years. I trust the Board of Revenue will support my views generally to remit interest in this, and in other cases where the parties exhibit a desire to extricate themselves from their present Embarrassments and endeavours to fulfil with punctuality their engagements to Government.-

18 Pending this reference the Registration has been withdrawn under security for payment of the Peshcush with a portion of the arrears. This will in no respect prejudice the Interests of Government, even though unfortunately my suggestions should not meet with that approval which I trust they will.—

Reporting on the State of the Season in Ganjam.-

Para 1 I beg to acknowledge the receipt this day of your letter of the 20th January desiring a further report on the State of the Season, the same having been called for by Government.-

2 In reply I beg to observe that in the first place the letter of the 19th November last was Mr. Anstruther's and not mine.-

3 I have reason to believe that Mr. Anstruther took a more unfavorable and alarming view of the District and its prospects than its actual position then warranted.-

4 It is undoubtedly true that the Rains in this season have been partial, that a portion of the District more especially in Mohery and Chegatty Zemindaries and in the Itchapore Talook, has suffered from drought. In other Estates again the harvest has been tolerably abundant, the demand for grain is good and the prices remunerating.-

5. Goomsur on the other hand has

has suffered partially from floods, and losses have been sustained therefrom.-

6. Altogether if I should remain here long enough to permit me to report on my stewardship, I have no reason to think I shall have any great deficiency of collections to account for.-

7 I need hardly add that after the 19th November the season for rains is past in Ganjam, the Crops are being cut at that time, and any heavy after fall would prove injurious not beneficial to the Revenues.-

Sir,

I have the honor to acknowledge the receipt of Mr. Bourdillon's letter dated the 20th Instant, and it is with regret that I have to report in reply that there has

the Vizagapatam District since the despatch of his letter on the subject dated 4th December 1844.-

has been no improvement in the prospects of the district since the despatch of my communication of the 4th December.-

2 On the 27th ultimo there was a drizzling rain throughout the district, which was of some service to the Tyra or late dry Crops such as Gram &c[a] which were in a sufficient State of forwardness to benefit by it. The Ryots were likewise induced to prepare much land for cultivation of this description, but their hopes were unhappily doomed to disappointment, as the fall was not sufficient to enable them to sow the lands which they had prepared.-

The

3. The Tanks are almost all dry, and even at Palcondah, from whence I now write, where the supply of water is usually so abundant, the greatest apprehension is entertained that there will be a scarcity of drinking water for men and Cattle.-

4 Large supplies of Grain have been imported into the District both by Sea and Land, from the Districts situated to the northward of this, and as the season was more favorable in the districts to the southward, I do not anticipate that any large portion of it will be carried beyond it.-

5 Notwithstanding this however, the price of every description of produce is at this moment one third higher than it was at the same period of last year, and I fear that it will rise yet higher.-

From the Pl. Collr of Madura . . . } Para 1.

Reporting that the over abundance of water the last 10 days in Decr did not affect the Punjah grain as reported upon the 2nd December- Fear that Punjah remission would be necessary.-

In reference to your letter of the 20th Instant just received, I have the honor to inform you that shortly after despatch of my letter of the 2nd December terror reigned in many parts of the Collectorate and in Poodoocotayny the Shops were shut. the price of grain was more than doubled and steps were being taken to meet a threatened famine.-

2. Over heavy rain and over heavy freshes in various rivers changed the appearance of the Season from about the 20th December to the end of the year- They were too late to save the Punjah crops, and I anticipate necessity to give remission on these lands in various localities; They will no doubt have saved very much Punjah land from utter destruction but much was at the time irrecoverable.- There will be water in sufficiency for second crop cultivation and I have been anxious to hasten to the examination of the withered crops to afford early opportunity for the second crop cultivation

cultivation but have not yet been able to effect it because the crops are not yet sufficiently advanced for the Village Officers even to say how far they will be productive or deficient.-

3 The above rains and freshes have done much mischief, tho' not to be worthy of regret when taken in conjunction with the attendant blessing in destruction or injury of river dams Bridges, and Tank banks, whilst portions of nearly perfect roads and magnificient avenues of trees have been washed up by the roots to an extent not yet sufficiently care-fully reported.-

4 The price of grain is now much as it was in the Month of November and tho' there was no want of grain in store the threatening appearance of the season had before suddenly raised its value to scarcity prices.-

16-19 Order on the 3 foregoing letters. Ordered to be brought forward at a future meeting.-
(Vide Pro: 13th Feby)

Read again letter from the Acting Collector of Rajahmundry dated 21st ultimo and entered In Consultation 6th Instant.-

20 Proceedings thereon. The foregoing letter is accompanied by

by a Petition from Dunnem rauze Vencapah late Revenue Zufty Auncen of Takey and Vencatappah Estates in appeal against a decision passed upon him by the Acting Collector under Regulation IX of 1822 the particulars of which are setforth in the return furnished to the Board for the Month of October dated 27th November 1844.-

In Cons: 5th Dec: 1844.

2 The charges against Dunnem Rauze Vencapah entered in the Statement above alluded to appear to have been brought for embezzling and fraudulently appropriating to his own use various sums of public Money amounting in the aggregate to Rupees 170-14-- collected in the Villages of Takey and Vencatesspah under attachment in the district of Rajahmundry.-

3. After attentive consideration of the particulars connected with the charge as stated in the return as well as the defence set up by the Petitioner in his appeal the Board of Revenue are of opinion that the charge of Malversation and embezzlement of the Collections of Public Revenue in the above named Villages has been fully Established against Dunnemrauze Vencappah and they

they accordingly resolve to confirm the sentence of fine & dismissal passed upon him by the acting Collector under the provisions of Regulation IX of 1822.

Under the conviction of the guilt of the accused above stated the following Endorsement is ordered to be passed on the original appeal Petition which accompanies the letter recorded at the head of these Proceedings.-

Endorsement.

"The Board of Revenue having duly considered the circumstances stated in the Petitioners appeal against decision of the acting Collector of Rajahmundry recorded in his returns of offences under Regulation IX of 1822 for the Month of October 1844, as also the acting Collectors proceedings in the case, are of opinion that the sentence of fine and dismissal as recorded in the original decision should be confirmed and they accordingly reject the prayer of this Petition

Calling for a report on the general state and means of the Weavers within this District, shewing the extent and profit of their present trade as compared with that of former years, I beg to state that notwithstanding the most minute enquiry that has been made the extent of their profit and the state of their means in former years cannot be ascertained with any approximation to truth in consequence of the accounts shewing the number of Looms prior to Fusly 1231 A.D. 1821/22 not being forthcoming among the records of the Cutcherry. This account could not be obtained even from the Curnums as it has been ascertained that they have not any since Fusly A.D.

Statement it will be seen that the Number of Looms employed in Fusly 1231 A.D. 1821/22 was 7,575 the Moturpha tax Collected thereon being Rupees 7826 5 0 a gradual increase is observable from that period till Fusly 1242 A.D. 1832/33 when in consequence of the famine which then prevailed and the Mortality among weavers, both the Number of Looms and the Amount of Tax fell off to a considerable degree. From Fusly 1245 A.D. 1835/36 the Number of Looms as well as the Amount of Revenue has been on the increase; still the former Standard

Standard has not been attained. The accounts given in by the Currumms of the profits derived by weavers cannot at all be depended upon as they do not appear to have been prepared on proper data.—

3. It may however be generally stated that the Annual profits derived by the weavers and the amount of trade in which they are engaged are far below of what they were in former years of the Company's investment in Chay and Painted goods, at which period there was also an extensive trade Carried on in Painted Goods by Mogul Merchants to Persia and Europe. The result can only be attributed to the large importation of Europe Chintz into Persia as well as India which affected the value of Cloth and consequently its manufacture.—

5. In former years valuable Cloths were manufactured for the use of men in opulent circumstances in the Town of Masulipatam and elsewhere, as well as for the purpose of trade, and the weavers

weavers were moreover in the habit of manufacturing cloth with the Country Cotton thread which they disposed of to profit.—

6. The reduced circumstances of the people and the large importation of Europe Cotton thread into this Country have proved destructive to their profits. It cannot therefore be expected that the condition of the weavers will be improved during such time as the importation of cloth from Europe into this Country continues.—

To the Chief Secty. to Govt.

Sir,

Para 1. I am directed by the Board of Revenue to forward for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Chingleput submitting an application from his Special Assistant and Acting Head Assistant Mr. B. Rr. Cotton to be permitted to draw fixed Tent allowance.

(31)

From Mr. Cotton's letter it

2. appears that he is not permitted to draw Tent allowance, House Rent or deputation allowance in which case he will receive no remuneration for the additional labor and responsibility thrown upon him by his recent appointment to act as Head Assistant. Under these circumstances and adverting to the fact that the fixed Tent allowance which Mr. Cotton now solicits is granted for a

special and particular purpose Viz.t for the purchase and keeping up of Tents, and that the Mr. Cotton will in the discharge of his new duties be required to reside in Tents more frequently than he has hitherto done the Board beg to recommend his Applica- tion for the favorable consideration of Government.

From J. Goldingham Esq.re Collr. of North Arcot

Sir,

I have the honor to submit Reporting on the balances of the land and Extra Sources of Revenue outstanding from Fusly 1240 to 1262.

Statement shewing the Balances of Land and Extra Sources of Revenue outstand- ing in this District from Fusly 1240 to Fusly 1252 both inclusive. The aggre- gate Balance is Rupees 184,221. 11. 4 of which Rupees 102523 - 8 - 5 are recover- able and Rupees 81698 - 5 - 11 doubtful and irrecoverable.

2. Of the recoverable portion Rupees 95000 is the Balance of Arrears due from the Cavetnuggur Zemindary, which is under attachment. This Zemindary was attached towards the close of Fusly 1251 a.D. 1841-42 whom the Arrears amounted to Rupees 226171 - " - " Of this Rupees 131171 " - " have been discharged and the remain- der Rupees 95000 will be speedily realiz- ed. The portion recoverable, Ryotwary and Extra Sources, is Rupees 7523 - 8 - 5 which will

be

Fort St. George 10th February 1815.

be realized in due Course.

3. The irrecoverable portion of the Balances is arranged under the following heads.

	Rs. A. P.
Doubtful	29317. 6. -
Death	2730. 4. 8.
Deserted	5384. 5. 9
Poverty	25350. 5. -
Objection	33,464. 15. 5.
Shavy or Crops perished	9524. 1. 1.
Land left waste	6,945. 10. 8
Loss in Remittance	2330. 13. 4
Due by Ryots transferred to the Chingleput District	111. 7. 5.
	81,698. 5. 11.

Doubtful. 4. Of the doubtful portion a sum of Rupees 15,628. 3. 6 is on account of the Abkarry Farm, which is kept in deposit till the claims of the Abkarry Renter to Remission are settled. The question in regard to the Military Abkarry Limits of Vellore has been recently decided by Government and the claim of the Abkarry Renter to Remission will now be speedily settled. This Amount being deducted there remains a sum of Rs. 13,689. 2. 5 due

† Extract from the Minutes of Consultation dated 9th Decr. 1814. No. 1280.

Fort St. George 10th February 1815.

by Ryots, which is recoverable only by sale of moveable Property and land. To enforce this demand now would be very inexpedient as it would reduce the parties to Poverty. This portion though entered as doubtful is in fact irrecoverable.

5. The amount entered as death, Deserted and Poverty is quite irrecoverable and does not call for remark.

6. The sum entered as "objection" is composed of a variety of items, the principal of which are Rupees 2962. 6. 2. claims under the head of Fazul jasty or additional assessment fixed for Produce grown under private wells; of this Rupees 1251. 9. 4 ought not to have been included in the Summabundy. The remainder also appears to be well founded as far as can be known at this distant period. Rupees 789. 12. 9 for Trees fallen down or unproductive which were included in the Ryots Put-cut but would have been deducted at the time of the Summabundy had the claims been set forth, the demand was postponed and now appears as a Balance Rupees 822. 6. 7. for Fasly 1218 being Chiefly Land in the occupation of

† Boards Proceedings 24th March 1836.

Fort St. George 10th February 1845.

of the Ryots of Avaloor in Cavery Paunk less than the extent as per Account. This appears as an arrear but the claim was admitted by the † Board at the time, Rupees 862-11-7 Jodee on Inam almost entirely on the Burnums' Mauniems in Codiangee whose claim to Remission of Jodee is now before the * Board and Government. Rupees 578-13-4, on account of deficient Produce, and for this reason abandoned by the Ryots. The demand was postponed at the time and cannot be enforced now. Rupees 53-7-11, of this Rupees 43-1-4 is a sum advanced in Fusly 1242 by a Monigar out of the Collections for the Manufacture of a Gharee for the Sirkar, which appears now as an arrear against the Village. Also Rupees 10-6-11 advanced in Fusly 1249 by the Monegar of the Village as Bata to Bearers. No Settlement of this appears to have taken place and the sum appears as an arrear. The other items Composing the Head of "Objection" are "Stulla Kummy" or land left uncultivated, land Cultivated in the beds of Tanks but destroyed, sites of Houses Cultivated, Claims to Seargary Backyards

† To Board 10th May 1843 on Petition No. 222 of 1843.

* To Board 18th January 1845 No. 13.

Fort St. George 10th February 1845.

Backyards Cultivated Land Since included within Military Limits, land taken for the Great Western Road, with Some Minor items. Many items as the above are entered in the Accounts at the time of the Jummabundy, the demand on account of which it becomes necessary to postpone afterwards when the parties bring forward their claims. The above Items though Classed under the Head of "Objection" are not such as can be enforced.

7. The Amount entered as Shavy is Rupees 6,945-10-8. This appears to have been bonâ fide Shavy and though entered in the Jummabundy it would not be just or practicable to enforce the demand.

8. The sum which appears as an arrear under the Head of Land left uncultivated is Rupees 2,330-13-4. This is chiefly on account of Land assessed with a Jodee. The full amount of Jodee is entered in the Jummabundy but the Holder having been absent the land was not fully Cultivated and the Collections were made on the extent actually Cultivated.

Rupees

Fort St. George 10th. February 1845

9. Rupees 4 were lost in the Remittance from Wundiwash in Fusly 1241- Rupees 25 had been taken by the Peon, of which Rupees 21 were recovered from his Pay, leaving 4 Rupees as a Balance-

10- The sum due by Ryots transferred to the Chingleput District is Rupees 111- 7- 5- This the Collector of that District states, is altogether irrecoverable from the poverty of the parties. One Rupee of this demand cannot be traced, he observes, in the Accounts-

11. The amount entered as "Doubtful and "Irrecoverable" Amounts as

Fort St. George 10th. February 1845-

as already stated to Rupees 81,698- 5- 11- From this the Balance of Rupees 15,628- 3- 6 being deducted, there remains a remainder of Rupees 66,070- 2- 5 which I beg to recommend may be struck off the Books, under the explanation which has been afforded above-

Sir,

I have the honor to state for the information of the Board, that I have discovered that my head writer has in the habit of intercepting public correspondence for some time past. he asserts, as did the last who was guilty of the same crime, that he has not been instigated to do this by any one but the cases are so similar, the conduct of both so alike, when their crime was discovered, and from other circumstances I am convinced that other parties have instigated, and the great object ought to be, to discover and bring them to punishment. I leave this district tomorrow and on my arrival at Madras will state to the Board more fully my impressions on this subject.

To

Acting Secretary to the
Board of Revenue
Fort Saint George

Sir,

With reference to Extract* from the Proceedings of the Board of Revenue transmitting copy of Extract from the Minutes of

*18th July 1844

of Consultation of the 25th June last with its enclosure, and requesting to take into further consideration the means of effecting an arrangement for the payment of the Military Pensioners in this District by the aid of my general Establishment, and report the result for the information of Government, I have the honor to state that as the duty in question occupies fully the time of one person for the whole Month, having the preparation of, and keeping the accounts of upwards of 220 Pensioners, I find it impracticable to have them performed by the aid of my general Establishment. From April last the two Writers who were put out of Employ on the abolition of the Sayer, continue to attend my Cutcherry and are performing duty upon the expectation of being provided for, on vacancies occurring, and one of them has been actually employed in the duty in question from April last.— Under these circumstances I request the Board will obtain the sanction of Government for my drawing the allowance specified in the Pay and Audit Regulation.—

Resolved

Resolution thereon. Resolved that a copy of the letter from the Principal Collector of Salem dated 1st August 1844 be transmitted for submission to the Most Noble the Governor in Council with reference to the orders of Government

(42-43)

In Con. 18th July 1844. dated 11th July 1844. No. 701.—

As it appears from the foregoing letter that the Principal Collector is unable to make any satisfactory arrangement for the payment of the Military Pensioners in his District by means of his general Establishment, the Board beg to recommend that he may be permitted to draw the established allowance for a writer for that purpose from April last.—

Read again letter from the Collector of the Southern Division of Arcot dated 25th and entered in Consultation 31st October 1844.—

Ordered that the following letter be sent in reply.—

for the collection of the Sea Custom and frontier duties in your District, and to communicate to you the following observations.—

2. The necessity of Maintaining 6 Peons at the Huzzoor for Sayer duties is not apparent, and without further and satisfactory explanation the Board cannot recommend their employment.—

Proposed Establishment at the Huzzoor Cutcherry.
2 Gomastahs.
1 Sumpaty
6 Peons.

3. The number of Chouky Peons proposed to be entertained is 113, while 38 only were before employed. The necessity of so great an addition in the number of these Peons should be particularly explained, and it should be shown how they were distributed before, and how you propose to employ them now.—

4. The Board are unable to recommend the employment of two Additional Writers at 14 Rupees each at the Ports of Cuddalore and Porto Novo. it appears to them that one English Writer at each of these Ports will be sufficient.—

5. Under the circumstances stated in Para 4 of your letter, the Board will be prepared to recommend the employment of an additional Moptchee in the land Revenue

Department

Department of the Huzzoor Cutcherry, but ap=
=plication must be made for him separately and
not in connection with Sea and Land Custom State=
=ments. They regret they cannot support your recom=
=mendation for the employment of an additional
English Writer to keep the Sea Custom accounts,
the Number of these Servants in your office
is considered sufficient for the several Depart=
=ments, and is much in excess of the establish=
=ment in other Districts.—

1 Head accountant
6 Assistants.
7 letter writers
1 English Rec=
=ord Keeper.

6.

An early reply is requested,
as the submission to Government of a General
Statement exhibiting the Frontier and Sea
Custom Establishments in the Districts under
this Presidency is delayed for want of the ex=
=planation called for.—

Read again letter from the
Collector of the Southern Division of Arcot dated
12th December last and entered in Consultation
6th Instant.—

Proceedings thereon.

45

The Village of Muva=
=dagaput was sold separately, though the
notice of sale declared that the entire Moottah

would be sold and the sale took place before the Peish=
=cush of the subdivisions had been fixed. In both
points Regulation XXVI of 1802 was infringed
and the Board are thus precluded from confirming
the sale against the Consent of the Purchaser. The
transaction is annulled, and the deposit of 15 per
Cent is to be returned to Streenavausa Ragavachary.

2.

The Board desire to point=
out to the Collector that his letter is inaccurate in
stating that the purchaser objected to complete the
bargain in consequence of the failure of rain, his
Petition referred to by Mr. Davis and Copy of which
was forwarded with the letter under notice states
only the ground of objection which he has adhered
to throughout. Viz. dissatisfaction with the amount
of Peishcush fixed after the Sale.—

3.

Ordered that the following en=
=dorsement be made on Petition 1469 of 1844.—

The sale having been irregular,
has not been confirmed and the Collector has been
directed to return the deposit Money to the Petitioners.—

4.

So much delay and difficulty
having taken place in the preparation of the
Subdivision accounts, the Board resolve to recall
the conditional approval formerly given to the
Sale of a part of the Moottah only, and to direct
that the whole / being no more than two Villages /
shall

shall be put to Sale as originally recommended by the Collector and ordered by the Board unless the arrear due shall be previously liquidated. Mr. Davis will immediately publish the usual notification, and a corresponding one will be posted at the Boards office. the date of sale is fixed for the 24th March 1845.—

5. The annulment of the sale makes it unnecessary to make any lengthened remarks on the subdivision accounts received from the Collector and it is sufficient to observe that they contain inaccuracies, which would under any circumstances prevent their receiving the confirmation of the Board.—

Sir

In returning Petitions of Boards Nos. 31 and 35 Government Nos. 1592 and 1869 from Moneyan chetty, I have the honor to inform you a Sagha dam a vaulted building supported on lofty pillars, encumbering a great space of Ground, and very dangerous from the dilapidated state of its vaulted roof, close to the approach of the Palace where the Courts of the Subordinate Judge and Native Judicial Officers are held, was sold by me for removal, at public outcry. On a portion of its facing the narrow street of approach stands the small tiled building of Moneyan chetty, in danger from the taking down of the Laghadam and subsequently greatly in the way of the approach to the Courts. From my careful inquiries he seems to have raised the building without

2. To his insinuations against the Surveyor &c. I trouble the Board with no other answer than denial, but I am prepared to shew the high improbability of such, if they require it.

3. In reference to the second matter which is a dispute between parties and which I have no other concern in than as a Judge of differences Venkatarayaloo Chetty and the son Moneyan Chetty, and a third person Moottoosawmy Chetty united together in purchasing from the Government, 2 Grounds, and filled up the ditch but as Venkatarayaloo kept possession of the whole Moottoosawmy Chetty claimed a Moiety.

above, Mooneyan Chetty purchased, also in the same street / ground; and Moottoosawmy Chetty 1/2 grounds; Moottoosawmy Chetty transferred one out of this 1/2 grounds to another party, for profit; and the remaining 1/2 ground being insufficient for a house, he and Mooneyan Chetty quarrelled, and coming to me I adjudged to each 3/4 grounds, being a division of the 1/2 ground remaining to Moottoosawmy Chetty and of the one ground purchased by Mooneyan Chetty and left Venkatarayalos Chetty in possession of the 2 grounds first alluded to. and these two were also transferred to others, on profit, whilst the parties Venkatarayalos Chetty and his son Mooneyan Chetty filled up an adjoining portion of the ditch without formal sale, or entry in the accounts, and a difference arising about that also was finally amicably adjusted by certain money being paid, and the spot retained by the Missionary who had there laid the foundation of a school.

Sir,

In reply to the Board's proceedings of the 9th received on the 18th Instant, I have the honor to submit a want of clearness in my letter of the 6th December and its abstract, has led the Board to conclude the article on which duty was levied was "Cajeid," whereas in fact the article was "Chayroot," but that from mistranslation of the Tariff duty had been collected upon it as tho' it had been Cajeid.—

I have not retained copy of the Rowanah No. 26 forwarded with my letter above alluded to but

To the Chief Secy to Government

To The Chief Secretary to Government.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of an Extract from the Minutes of Consultation under date 11th July 1844 in which the Board are instructed to call for and submit the four letters sent on the 22nd and 23d January 1803 alluded to at the commencement of enclosure 5 to No. 676 of 1844 as also to submit transcript of the Decree in Suit No. 148 of 1840 should any have yet been passed and to state the authority under which the payment of 30 Pons per Annum is made for the repair of the walls of the Streevy goontum Vellaler Fort. The Board are further requested in the same Extract to require the Collector of Tinnevelly to state whether the allegations in paras 3 and 4 of the Petition enclosure 1 of No. 676 are true.-

To Chief Secy to Government Submitting with reference to the extract from the Minutes of Consultation dated 11th July 1844 a letter from the Collector of Tinnevelly furnishing certain information called for regarding the Streevy goontum Vellaler Fort and the ground of dispute between its inhabitants with the Board's opinion on the subject

I am also directed by the Board to acknowledge the receipt of an Extract from the Minutes

Minutes of consultation bearing date 10th Sept.
† intd 19th Sept. 1844. Received with returned
= tember last transmitting the decree alluded
= ed to in the previous Minutes of Consultation
= tion for consideration and report.

2nd. In regard to the various points on which information is called for in the first of the Extracts now under acknowledgment I am directed by the Board to submit for the consideration of the Most Noble the Governor in Council the accompanying letter from the Collector of Tinnevelly under date 4th December 1844. It will be seen that as respects the first point Viz. "the four letters sent on the 22nd and 23rd January 1803" Mr. Thomas states that it is ascertained from an old Persian List of Records in the Salook Kutcherry that these "letters were four Urzees from the Sahsildar of the Salook to the Mahometan Officer of the time. these Urzees are not to be found. but they are not material to either party as on the Persian record appears an answer to all four Urzees giving a general direction for the Kottamars to succumb to the "Pillemars" if it appear that they ought to do so

Subd. 6th Jany. 1845.

3rd. In regard to the 2nd and 3rd points adverted to by Government the Collector has

submitted a copy of the decree in No. 148 of 1840 which the Board will consider. in a subsequent Para he also states that the authority for the yearly payment of 30 Pons 63 Rupees to keep up the Fort walls cannot now be discovered nor can the origin of the allowance be traced. It seems to have begun under the Mahometan Government and to have been continued as "Mamool" being deducted from the yearly Beriz of the Village.

4th. as relates to the 4th or last point on which explanation has been required the Collector states that the allegations in Paras 3 and 4 of the Petition (Enclosure 1 of No. 676) are true to this extent. that some of the Kottamars did at one time resort voluntarily to the Missionaries for instruction; but that the latter have in no way interfered between them and the Vellalers and at present the Kottamars have ceased to attend their teaching. Mr. Thomas further adds that he had directed that the fort walls should remain in their present state pending the receipt of further orders from the Board or Government. but that on receiving the Extract Minutes of Consultation 11th July last he withdrew from all interference and the Vellalers have in consequence added to their

gates and walls at their pleasure.-

5. It now remains only to consi
the Decree No. 118 of 1840. From the transla
which has been furnished by the Collector i
will be perceived that it is an action brou
by one party residing in the Fort Div.n the Vel
=lalers, against the other party the Cottamar
In the Plaint the Vellalers state that they
are the sole proprietors of the Fort, and tha
the Cottamars are their slaves and have
been permitted to reside in a certain quar
=ter of the Fort on condition of working for
them, the Vellalers - but that on these Cottamar
have in defiance of all former usage built
tiled houses, and as they will no longer obey
their orders and work for them they the Plaintiff
therefore pray to recover the land of the Cottamar
worth Rupees 852-4-10 and beg that the Defend
=ants may be compelled to remove their tiled
houses to live in Cadjan houses in the place a
assigned them by the Plaintiffs without the
Fort, and to serve the Plaintiffs for the future
on payment of the due amount of hire.

In their Answer the Defendants
assert that they have never been the slaves of the
Vellalers but on the contrary are of a higher caste
that the Fort was built by their Ancestors on ac
=count of the troubled times under the old

Poligars and that the Vellalers came to reside
in it long afterwards. that they have tiled their
houses as a security against fire as they had
a right to do and that all the documents brought
forward by the Plaintiffs are forgeries.-

In his Decree the Principal
Sudr Ameen seems to consider that the De
=fendants are the slaves of the Plaintiffs he
does not however decide that the former shall
be compelled to serve the latter, but Decrees
that if the Defendants be unwilling to obey
the Plaintiffs and work for them the Defendants
are in such case to break up their houses
and remove the materials out of the Fort and
to give over the land formerly occupied by
them to the Plaintiffs. The Defendants are
further adjudged to pay all costs of Suit.-

6. The Board have in the foregoing
Para given a concise abstract of the Decree
It is evident that as remarked by the Collector, the
Cottamars if at any time the slaves of the
Vellalers must have ceased to be so under
the operation of act V. 1843 before the De
=cree of the Principal Sudr Ameen was pas
=sed, whether however, tho' no longer Slaves, they
hold their houses within the Fort on tenure

of

of service, and on failure to render it are liable to be ejected are questions of fact on which the very brief outline of the evidence given in the Decree does not enable the Board to form an opinion and of law into which it does not fall within their Province to enter. They may however observe that it does not appear to them that these points have any very immediate bearing on the questions which have already engaged the attention of Government in regard to the Streevy Jaontum Sort.

To
J. Pycroft Esq.
Acting Secretary to the
Board of Revenue

From the Supert. of Stamps

(Dated)

Sir

I have the honor to acknowledge the receipt of Mr. Bundillon's letter of the 20th Instant and in compliance with the request therein contained beg to forward herewith a Statement particularizing the several heads under which there has been a decrease in the Stamp revenues during the past year, from which it will be observed that of the gross decrease of Company's Rupees 44246.11. the Sum of Company's Rupees 37106-9-. is attributable to the abolition of the Inland Custom duties under the provisions of Act VI of 1844.

2. I have also thought it right to forward four Statements showing the increase and decrease under the several heads in the different districts.

not having properly conducted the defence of a suit in which he was a supplemental defendant relative to a right of water and directing that he be held personally responsible for the Cost awarded by the Court and desiring the Board to ascertain from the present Act. Coll. whether he is of opinion that the case can be established against the Plaintiffs if an appeal be preferred.

forwarding copy of a decree passed by the Sudr Ameen of Vizagapatam in favor of the Plaintiffs in a certain Suit in which the Collector was a supplemental defendant relating to the Plaintiffs claim to a right of water from a Government Channel for the irrigation of their Mocasah Lands and soliciting sanction for the disbursement of the Amount of Costs awarded against the Collector.—

(Have entered 2nd January 1845 No 2)

Para 1. Adverting to the Statement made in para 3 of the Boards' letter to Government of the 5th October 1843, there is reason to believe that if the defence of the Suit referred to in the foregoing Proceedings had been properly conducted by the late Acting Collector Mr Anstruther, the issue as regards the right of the Plaintiffs to water from the channel would have been different. Mr Bannerman was prepared to establish by the evidence of disinterested persons that the Plaintiffs had no right whatever to the water from the channel in dispute. the late Acting Collector Mr Anstruther made no defence beyond indulging in general remarks which unsupported by evidence could be of no avail. He declined to call Witnesses because he considered it useless to go through the trouble of examining them when opposed to the wealth and influence of the Proprietor of the Village

Para 7 of his Rejoinder

K

2. It appears to His Lordship in Council that the interests of Government have been compromised by such a course of proceeding, parties having been admitted to a right to water from a Government channel which, except in seasons of a sufficiency for the irrigation of all the lands under it, must diminish the supply to the Government lands and affect the public revenue.—

3. Mr Anstruthers' conduct in this instance calls for the disapprobation of Government and His Lordship in Council resolves to direct that he be held personally responsible for the costs adjudged by the Auxiliary Court amounting to Rupees 49-4-0.—

4. His Lordship in Council concurs with the Board of Revenue in the opinion that the suit should not be further contested unless the present Acting Government Agent concides in the opinion of Mr Bannerman that the case can be established against the Plaintiffs if an appeal be preferred. The Board of Revenue will be pleased to call for his report on this point and submit it to Government as early as practicable.—

Sir,

From the Civil Auditor — Requainting them in reply to Mr Lovell's letter of the 2d Ultimo with reference to Para 2 of the Extract Minutes of Consultation dated 19 November last forwarded therewith that it is not necessary that Government should sanction the actual sums advanced on account of Cultivation &c. explaining why such sanction was deemed necessary hitherto - stating that it will be sufficient to enable him to pass the debits in the Coll.rs Journals on this account if the usual Statements of advances be forwarded to him after having been passed by the Board of Revenue.

1. In reply to Mr Lovell's letter dated the 2d Ultimo transmitting Copy of an Extract from the Minutes of Consultation in the Revenue Department No. 1195 dated the 19th November last, requesting with reference to Para 2 thereof, my opinion "as to the necessity of submitting for the sanction of Government Statements of Disbursements on account of advances already authorized," and "whether such recoverable charges may be adjusted and passed by the Office of Audit to the extent of the recoveries credited in the Collectors accounts," I have the honor to acquaint you, that having given the subject my best consideration, it appears to me to be a work of Supererogation to require Government to sanction the actual sums laid out as advances when the extent has been already sanctioned to which such advances may be made, and the sums themselves which are so laid out are recoverable —

2. It was however deemed necessary hitherto that the sanction of Government should

should be obtained through the Board of Revenue for the specific sums advanced, because when these were thus brought under the notice of Government, this Office was satisfied that the definite sanction of Government was granted for the sums actually charged and it therefore admitted and passed them without any reference whatever to their future recovery, the duty of effecting and watching which it became then satisfied was being exercised by the Board of Revenue, to whom properly such duty appertained —

3. The objection which appears to the mode of passing the charges for advances on account of cultivation &c. to the extent of the recoveries credited in the Collectors accounts, is, that it would in a great measure place the responsibility on me of watching the gradual and eventual recovery of the sums advanced, and as I find that I have not the means to discharge that duty satisfactorily I am anxious that there should be no misapprehension respecting it —

4. As however there is no real necessity for submitting the Statements of the actual sums advanced for cultivation &c. for the sanction of Government, it will be sufficient to enable me to pass the debits in the Collectors Journals on this account, if the usual Statements of advances be forwarded to me for this purpose after having been passed by the Board of Revenue, whose

supervision to check the actual amount of the advances and to watch their gradual and timely recovery as heretofore, is I would beg to observe indispensable.—

Proceedings thereon.

Read Statements of Estimated and actual charges on account of Extra Establishment submitted by the Acting Collector of Ganjam under date 4th January 1845.—

In the Statement recorded above the Acting Collector has included the charge on account of Sadeerwared and for making dresses to the men of the Sibbendy Establishment. This is contrary to the orders circulated under date 17th July 1843. He will therefore be pleased to adopt measures to obtain sanction separately for the sum of Rupees 508. 9 — 4 - entered in the Statement of actual charges above referred to, and to include similar disbursements in future in his annual Statements of charges incurred without Estimate as was the practice heretofore.—

Ordered that a copy of the foregoing Proceedings be transmitted to the Acting Collector of Ganjam.

To the Chief Secy to Government.—

Sir,

Para 1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Ganjam, reporting the sale on the 30th December last, for arrears of public Revenue of the Polaveky, Duntah, Lutchmeepooram and Bourwah Mootahs in his District.—

Submitting a letter from the Acting Collector of Ganjam reporting the sale of the Polaveky, Duntah Lutchmeepooram and Bourwah Mootahs for arrears of revenue and recommending that the Acting Collectors proposal that in adjusting accounts with the Exproprietor the interest due upon his arrears of Peisheush should be remitted may be acceded to and that the balance of the purchase Money may as suggested be paid to him.—

In Cons. 6th February 1845

2. The two first of the above Mootahs Polavky and Duntah were left to the present zemindar Mosulacunta Ramiah Puntooloo by his father Balaram Dofs Puntooloo and have formed the subject of the correspondence with Government, noted in the Margin it is only necessary here to state that the Government, 5th September 1844, were pleased to allow the present zemindar to succeed to his fathers' Estates, on condition of his paying up immediately 30,000 Rupees

of the arrears against them, which at the end of May last amounted to Rupees 48,887-6-5—. or nearly two years Peishcush and undertaking to liquidate the remainder with the Kists of the year in the course of the Current Fusly $\frac{1254}{1844/45}$ The Lutchmeepooram and Bourwah Mootahs were the property of Coreevy Sogunnah Sister of the late and Aunt of the present zemindar and on her death 6th. July 1844, devolved upon her Nephew—tho' burdened like those of ex Polanky and Duntah with heavy balance—

3. Ramiah Puntoolo did not act up to the engagement which he made: he paid no part of the Rupees 30,000 agreed upon for Polanky and Duntah nor did he reduce the arrears outstanding upon Lutchmeepooram and Baurwah, and as there appeared no prospect that the balance against any of these Estates would be discharged, the whole four Mootahs were in October last ordered to be sold by Public auction on the sale advertisement being published, the Zemindar addressed a petition to the Acting Collector Mr. Anstruther, which

Fort St.e George 13th. February 1845—.

which Ramiah Puntoolo proposed, that his estates should be taken under Government Management until the arrears should be cleared off, which it was calculated by Mr. Anstruther would be in about 8 years—

This petition was referred by the Board for the consideration of the present Acting Collector who in his reply gave it as his decided opinion that the proposals of the Zemindar were altogether impracticable that there was no chance of the heavy arrears against the property being ever redeemed under Sircar Management—that much of the arrears was perfectly inexcusable—the Crop of the preceding year having been abundant and nearly the whole of the proceeds wasted on private purposes—and that further, in the present state of the Ganjam District, it was highly necessary—that the just rights of Government should be vindicated and their dues enforced—Under such circumstances Mr. Smollett stated, that he had thought it incumbent on him to proceed with the sale of the Polanky &c.a Mootahs on the 11th. December, according to the original Advertisement, but that as the Proprietor had on that date offered to pay the whole arrear exclusive of Interest within 15 days he

* 13th. Decr. 1844. in Cons.s 9th. Janry 1845.

he had been induced to allow him that time and to postpone concluding the sale until the 30th of that Month.—

4 In the letter now under submission, the Acting Collector reports, that, as he had anticipated, the Proprietor failed to make the smallest payment in discharge of his debt to Government—and that the sale was consequently proceeded with—Palanky

	Principal. Rs	a	p	Interest Rs	a	p	Total Rs	a	p
Polanky	36,416	1	6	4,962	4	5	41,378	5	11

being sold for Rupees 42,000— Duntah for Rupees 7,500— and Luchmeepoorum for Rupees 9,120— in all 58,620 Rs the sum realized— being in the case of each Mootah greater than the entire arrear, principal and interest outstanding against it. The highest offer for Baurwah was 14,000 Rupees, which exceeded the principal of the arrear against that Mootah as it stood 14th November last but fell short of the entire demand upon it principal and interest. The Acting Collector however states that it appeared to him most advisable to allow the Estate to be knocked down at that sum—the purchaser having given good security for the present years Peishcush.

5. The proceedings of the Acting Collector as above reported will, the Board trust

trust meet the approval of Government. It would not however have been necessary for them to have troubled Government upon the subject, as the sales do not require Government confirmation but for the measure recommended by Mr. Smollett in Para 4 of his letter, Viz. that in adjusting accounts with the Exproprietor,—the interest due upon his arrears of Peishcash should be remitted, which would leave a considerable balance of the purchase Money on the Mootahs payable to him.

2nd in Cons
28th Jany 1841.

The Extract Minutes of Consultation to which the Acting Collector refers in support of his suggestion, is it appears to the Board, not quite in point, the cases in which the Government therein express themselves prepared to grant indulgence being those in which balances have accrued thro' adversity of season and when the conduct of the proprietors has rendered them worthy of consideration—which can hardly apply to the present instance. Adverting however to the peculiar circumstances of the case—that the Ex Zemindar is a mere boy—that he has at no time had any share in the Management of his property and that the loss of his estate cannot but have left him in straightened

and

and embarassed circumstances- the Board beg to recommend that the request of Mr. Smollett in his behalf may be acceded to and that the balance of the purchase Money may, as suggested, be paid him.-

6. In the last Para of his letter the Acting Collector reports the sale of the estate of Comaury at the instance of a Creditor and under precept of the Sudr Court for Rupees 12,228-7-11- of which Rupees 8,892-8-6, are payable to Government in discharge of the Peishcush due on the estate- This transaction does not require remark.-

Fort St. George 13th February 1845-

the Most Noble the Governor in Council the accompanying letter from the Acting Agent to Government in Ganjam, reporting on the present condition of the Chegutty Zemindary in that District, and submitting for approval certain arrangements respecting it.-

2. From Mr. Smolletts letter it will be perceived that the arrears of public revenue outstanding against this estate at the close of the last Fusly amounted principal and interest, to Rupees 88,241-1-7 of which sum upwards of 20,000 Rupees were on account of Interest- The embarrassments of the Zemindary date, it will be seen from Fusly 1249 / A.D. 1839/40 a year of absolute famine the effects of which were felt more severely in that part of the District in which Chegutty is situated than in any other portion- Some estates in that locality, it was officially stated by the Collector at the time, produced absolutely nothing- while the amount contributed to the Treasury by Chegutty was only Rs 1,996-8-. It is to the balance which occurred in a season so deeply disastrous, and to the heavy charge of interest upon that balance- that the present embarrassed condition of the

the Estate would appear to be mainly attributable. —

3. With a view to afford the required relief to the proprietor Mr. Inollett in the first place suggests that in accordance with the liberal views expressed by Government in the Extract Minutes of Consultation 2nd January 1841 the demand on account of interest be as a measure of grace foregone — by which means the arrear due to conclusion of the past fasly will be reduced to Rupees 67,590-11-10- In liquidation of this balance the Zemindar offers to pay Rupees 25,000 within the present Fasly in addition to his current Peishcush receiving credet on account of this latter for 10,000 Rupees already paid since the commencement of the year but which has been improperly credited in satisfaction of the interest due on the old arrears- The payment of the 25,000 Rupees agreed on will reduce the balance against the Estate at the close of the present year to Rupees 42,590-11-10- of which the Proprietor undertakes to pay off annually Rs 12,000 together with his current Kists- thus freeing his property from all arrear in little more than three years or early in Fasly 1258 A.D. 1848/49 - In the interim it is proposed that a Peishcar be kept on behalf of

Salem 28th January 1841.

Government at Chegutty at the expense of the zemindar to check any abuse on the part of this latter of the indulgence granted to him —

4. Mr. Inollett it will be seen — expresses his decided opinion that with care on the part of the executive authorities and with merely average seasons the arrangement above explained will be adhered to and can be enforced - and he advises that it be adopted — both for the sake of the Government and that of the Zemindar — He states that Chegutty has again suffered partially from drought and could not by possibility yield the sum proposed to be paid by the proprietor were it to continue under aumanie and that even to provide an Establishment for its aumanie management would under existing circumstances be a matter of much difficulty- While on behalf of the zemindar he urges that it has always been the desire of the authorities to treat these ancient Zemindars with liberality- that they are for the most part not wilful defaulters but men of weak intellect easily imposed upon by those around them and who have of late years suffered considerably from the depreciation in the prices of agricultural produce - In the case of Chegutty these advantages have as already shewn been further enhanced by adversity of season. — —

To I. D. Bourdillon Esqre
Secretary to the Board of Revenue
Fort St. George.

From the Collr of Masulipatam — Submitting the explanation called for by the Board regarding the security taken from S. Veeranah for an annuity limited period.—

15

Sir,

1. I have the honor to acknowledge the receipt of your letter dated the 6th Instant, Communicating observations of the Board, on my endorsement on a Petition presented to them by S. Veeranah Security to the Mokasadars of Gotaroo, Comaravarum and Soorumpoody Villages belonging to the Nedadavole Zemindary.—

2. In the 1st Paraist is stated that the Board learn that the petitioner became Security for the liquidation of the demands, Arrear, Current, and future, on the Villages in question "at a time not specified." "My endorsement was intended to Convey the idea that the petitioner entered into his engagement with the Government in Fusly 1251 / 1841/42 — it being stated at the Commencement that arrears having fallen due on the Villages the petitioner "engaged to pay the said arrear as also to continue to pay in every year from Fusly 1251 / 1841/42 the Bilmucta Bariz with punctuality" Vide D.o with reference to the peculiar nature of the arrangement

Para 2.

arrangement made by the petitioner, regarding which the Board observe that it is not desirable to take Security for payment of revenue for an unlimitted period, or without precise Stipulations as to the time at which the responsibility of the security is liable to cease." I beg to observe that a precisely Similar arrangement was made under Sanction from the Board and Government with the Noozeed Zemindar, by which he engaged to pay up the arrears due on the Bezora Estate by instalments, and to be answerable, without any limitation as to peeriod, for the punctual discharge of the Current Kists in each Succeeding year.-

To the Board 11th Oct. 1837. Board's Proceedings 30th Nov. - - - Minutes of Cnt. 15th Dec. 1837.

3.- In the present instance the State of the case is as follows. The profits of the Mokafsa Villages in question are shared by Several Members of the Mokafsadar's family but the Villages have been usually held in the name of one or two only, who are answerable for payment of the Bilmuctа Bareez. The Grandfather of the present Minor Mokafsadar fell in arrear, when the Zemindar of Nedadavole put the Villages in

in possession of some of the other sharers, who paid the balance, together with the Bareez of each year. These latter however, after a time appropriated part of the collections to themselves, and fell in arrear, which led to the attachment of the Villages, when the Grand father & father of the Minor came forward and offered to pay up the arrears, on condition of regaining possession of the Villages. but they died before any further arrangements could be made with them. On this the Guardians of the Minor renewed the application on his behalf, but as it was clear that the collections have been misappropriated in years of plenty, and the deficiency caused by a Years of Scarcity not made good, the Guardians, with a view to remove any hesitation which the Collector might have, in Complying with their request, tendered Security thro' the petitioner S. Ca Veeranah for the payment of the arrears then due, and the Current revenue for the time to come. This transaction was Notified by the late Collector in his Endorsement on Petition No. 620 of 1840 and ratified by the Board's final

endorsement

Endorsement on the same petition dated 1st November 1841. It has since come to Notice that the petitioner who voluntarily agreed to the arrangement, did so in the hope of recovering thereby a debt due to him by the Minor Mokafsadar, and that tho ostensibly the security only, he has had the entire Management of the Mokafsadar's Concerns.-

4.- An arrear of Rupees 1291-2-- having accumulated up to Fusly 1253 (A.D. 1843-44) at the close of which year the Estate was made over to the Zemindar, and Consequently the responsibility of the Petitioner as regards the Government was at an end/ the Mokafsadar's representatives and the Security Veeranah were called upon to make arrangements for its discharge, and upon their failing to do so Measures were taken for Making good the balance from the proceeds of their property as laid down in the Regulations. The result has been already noticed in the endorsement regarding which explanation is now submitted to the Board. The petitioners Veeranah, whose Conviction under Regulation IX of 1822, for misappropriating the

the proceeds of the Village of Relanghy must be fresh in the recollection of the Board is notoriously and by his own shewing possessed of ample means to make good any engagement he may have chosen to contract- It is never my wish to proceed to the extreme Measure of personal process except under peculiar circumstances, and with a view to avoide any thing of the kind I had the Mokafsadars and the petitioner to Bunder to endeavour to make some terms with them, but after beguiling me with false promises from day to day, the petitioner at last promised that he would pay up 600 Rupees the Next day and the remainder in the Course of a Couple of Months, and the same night decamped without leaving any Clue to discover in what direction he had gone. Such conduct, coupled with the evident attempt at concealing his real circumstances, as shewn by the fact of only 94 Rupees worth of his property being forthcoming convinced me that if ever there was a case in which the law should be allowed

allowed to take its course, this was one, and I accordingly after proceeding to confine the principals in the first instance, applied to the Court for a warrant for the apprehension of the Security whom I ascertained after much enquiry to have betaken himself to Madras as I have no doubt whatever that the petitioner upon his being taken will discharge the balance with as much ease as he has found means to discharge the fine lately imposed upon him under Regulation ~~IX~~ of 1822, I trust that the Board will not consider it necessary to interpose to save him from the consequences of his own misconduct.-

With reference to Mr. Bourdillon's letter + relative to the exchange of the Curnums Maniem land occupied by Mr. Bilderbeck I have the honor to state that the field was a Nuisance from the Village people resorting to it in the Morning and was included in Mr. Bilderbeck's Compound some time ago. Mr. Bilderbeck mentioned the Circumstance to me about two years ago, but the land had been in his possession before this. It does not appear that the Maniem was sold to Mr. Bilderbeck. The Curnum probably received a present for giving it up in exchange for other land, but could not sell it as it was service Maniem, had it been sold application could not be made for land in exchange.-

Proceedings thereon:-

Requesting the Sub Collr. in charge of Salem to submit further information regarding the detection of some concealed cultivation by one Goorooyah of the Vellinaghery Talook.-

Before passing orders on the letter above recorded, the Board request further information. They wish to know who the individual Goorooyah, who is said to have detected the concealed cultivation, is, whether he is in the public employment, and what were the circumstances under which he was enabled to discover the concealment of cultivated land, in no less than seventeen Villages. The statement which accompanied the letter of the Principal Collector also requires explanation. It is observed that the total teerwah due on the concealed lands amounted to Rupees 2475-1-1: but that the sum which the Ryots were adjudged to pay was only Rupees 393-5-1 the reason why so large a proportion was remitted does not clearly appear. It would seem however that the teerwah was not enforced on portions

of fields now for more than three years. The Board request that the Collector will furnish them with a detailed statement in Maratta showing in each Village the several fields or portions of fields, the total extent of which has been entered in the abstract now submitted, the size of each field or portion, and the years during which it has been cultivated, &c. without being brought to account. They also wish to be informed what notice has been taken of the conduct of the Village Officers and of the Karkoons within whose jurisdiction these frauds &c. occurred, and whose especial duty it was to have prevented them.-

Sir,

1. Obeying the instructions contained in Mr. Bourdillon's letter of the 16th January, I have the honor to report that, I have directed the restoration of the fine imposed under Regulation IX of 1822 by Mr. Cotton Sub Collector late in charge, on Ram Row Tahsildar of Sheally, and availing myself of the permission given in the 6th para. of this letter, I have transferred Ram Raw to another Talook.-

Reporting having carried into execution the orders of the Board regarding Ram Row Tahsildar of Sheally suspended by Mr. Cotton Sub Collector late in charge, stating his opinion of Ram Raw's want of qualification for the office of Tahsildar, & requesting the Board's acquiescence to his transfer to another situation.-

2. After the remarks of the Board on the proceedings of Mr. Cotton, in this case, shewing the view the Board take of the evidence already adduced in support of the charges, and after the many months that have elapsed since they were brought forward, it appears to me inexpedient that proceedings should be commenced de novo. and I therefore

therefore do not propose to institute any.-

3 Mr. Cotton, in his letters, as the Board observe pronounces a decided opinion as to Ram row's corruption generally, and his inefficiency as a Tahsildar, and he has since recorded the following observations regarding him in the settlement report of his Division for the past Fasly, when explaining in detail the reasons of the balances outstanding.-

subsequent to the date of his proceedings on those, the subject of the Board's letter under reply, pronounced a decision against Ram Row under Regulation IX of 1822 now in Appeal before me.-

4. Seeing the extremely bad opinion entertained by the Sub Collector of Ram Row, both as to Character and incompetency, formed after close observation of his conduct during 16 months, it would have been desirable to have removed him from Mr. Cotton's control, as without some degree of confidence on the part of the European Officer in the Native Head of a Talook it is almost impossible that the business of Government can go on, and I regret that I have not, on that account, been able to arrange for his transfer to a Talook under my immediate management. But however desirable such transfer might be, I confess from my knowledge of Ram Row I should with great reluctance entrust him with a Talook under myself, for, I consider him quite unqualified

for such a charge. It is true, as he states, he is an old servant, and this circumstance added to the great difficulty found in procuring men qualified to fill the arduous duties of Tahsildar in the District, can alone account for his advancement to the Head of a Talook. In chronological the particular Talook to which he was first appointed in December 1842, two Tahsildars have died within 5 Months, and other Casualties during the same and the preceding year had so embarrassed the acting Collector that the room for selection was inconveniently limited, and at this period Ram Row, who tho' a Peishcar & Deputy Tahsildar for several years under myself when Sub Collector, and my successors, but who had been invariably passed over on opportunities for his promotion occurring, on the grounds of unfitness, succeeded to the vacant Talook.-

5. At the date of his suspension he

he had held the office of Tahsildar for only 20 Months, and tho' the Board have acquitted him of the charges against him of Corruption, the state of his Talook confirms Mr. Cotton's opinion of his inefficiency. Referring therefore to Ramrawi's short period of service as a Tahsildar which may almost be regarded as a trial, and to his failure to give satisfaction in the superior situation, on trial, I beg to solicit the Board's acquiescence to my proposition that he revert to his proper position in the Government service viz. Deputy Tahsildar or Police ameen, above which situation neither his talents nor character entitle him to rise.

Sir,

I have the honor to report the demise, on the 20th November, of Streenivasa Aachary, yomiahdar and grandson of Original incumbent of No. 39- and, at the same time, to forward Copy Extract of the Register, together with Copy original grant and translates of it into Tamil and English, and request your opinion if it should be renewed in favor of Soobah Achary, only son of the deceased.

The wording of the grant would seem to be hereditary but such is contrary to the usual habits of Mussulman Dynasties and the object of the grant, viz. prayers for the welfare of the Mussulman state, seems passed away and at variance with the character of a Bramin.

Sir

In elucidation of the settlement of the Ramnad Estate, under Wardship, for fusly 1253, I have the honor to submit the following Statements—

Reporting on the Settlement of Ramnad for fusly 1253 A.D. 1843/44 shewing a decrease below the preceding year of — Rupees 49,000—0—0

- No 1 Exhibiting the settlement of this revenue
- No 2 " Sevothaittoo
- No 3 " Dherma Maghamay
- No 4 " Sarve Maghamay
- No 5 " is the account Current
- No 6 to 9 are abstracts of Demand Collection and Balance of the first four items for the fusly under report.
- No 10 to 13 Abstracts of Balance of old arrears under the same four heads up to the end of A—D- 1844

2 A small increase is exhibited under the very limited item of money taxed garden cultivation, dependent on Wells; but the dry cultivation greatly suffered from drought at the proper season for rain in July and August; whilst the small quantity that

that fell during the middle of September - in October and December was of little support to the reduced cultivation under tanks dependent on rain; and for the lands under the riverfed tanks the insufficient supply not being made up for by falling rain the produce was as deficient, in proportion, as under the rain-fed tanks; and thus the loss was great as well in extent cultivated as in return of produce, as well in Money as in share paying lands -

3 The Cattle were free from disease but the Estate generally suffered severely from Cholera during the year.

4 The Curnums Magans and Talook Sumpradies and Gomastas were assembled at Ramnad on the 11th August, and after preparation of the individual Stalmary and other manual accounts in Tamil and Hindivee, were permitted to return to their homes at the end of November. The settlement was made by the Manager himself guided by my previous general instructions.

5 The Revenue of the fusly under report falls short of the last by Rupees 49,998-2-3 and is Rupees 40,573-7-9 below the average revenue

of the last three years Viz.t fusslies 1250, 1251 and 1252 -

6 The proprietors share of paddy was less by 47,036 Cullums than in the preceding fusly - The average price per Cullum in the preceding year was Rupees 1-1-5, whilst in the year under report it rose to Rupees 1-7-8 - The gain by price thus reduces the loss by produce on this head to a decrease of Rupees 17,067-"-" below that of the preceding year -

The following Abstract shews the Cultivation Cattle &c.a in the Estate in comparison with fusly 1253,

Particulars	Fusly 1252	Fusly 1253	Increase	Decrease
Ploughs	18,642	18,735	93	.
Resident Ryots	26,798	26,947	149	.
Non resident Ryots	14,276	12,884	.	1,392

Cows & Calves	52,126	52,237	111	.
Bullocks	44,097	44,193	96	.
Buffaloes and Calves	14,529	14,625	96	.
He Buffaloes	4,135	4,158	23	.
Sheep	2,27,049	2,27,549	500	.

The following is an abstract, Comparative with Fusly 1252, of the Settlement of the fusly under report -

Items

Fort St. George 13th February 1845

1 The remission on withered Crops in the money paying lands during the fusly under report exceeds that in last year by Rs. 1927-11-8.

cand was granted by the Manager after careful examination of the Crops through the Talook Servants.

Proprietor's share ---	3	3	3 1/2/16	2	8	3 7/10

The cultivation in Nunjah lands paying in kind was less by 5-10 Callms Seed land than in the preceding year, whilst the average produce was less by 1-10-4 Cwt-Mds-Ms per each Callum of seed land.

The decrease in the money taxed Poonjah in the Talooks of Pullymadom, Talgramom and Goothagaynad amounts to 10,683 thousand Rupees respectively, in the Capancolum, Camosthi and Arnoosmunthagaudy to 2,000 Rupees each, with 100 in Arnoosthimmungalom, whilst the small decrease in the remaining Talooks does not require notice all suffering equally, but in proportion to the extent of land occupied with such cultivation.

The Rayhayet exhibits a decrease of

Rupees

Rupees 6123—"—11 and comprises the different items of Saithsamary, Vaikalmary &c which after deducting an increase under the heads of Tank Sish, rent, and Godyee, exhibits a net decrease of Rupees 5,402-15-2

The disbursements &c including investment of 1 Lac in Bengal Loan - - - 649,973 11 2
Balance - - - 13,150 12 5

10 Statements Nos 6 to 9 shew the outstanding balance on account of the fasly under review on the 31st December 1844 as follows

Aim	64,256	7	1
Tiruvathaittoo	3,743	7	2
Dharmamaghamay	3,639	15	2
Jarseemaghamay			

The state of the aim collections, will, I trust, be deemed sufficiently creditable, when it is kept in mind how great a portion of the estate is under the share system, and compared with other years it seems to me particularly creditable

The excessive balance under the other three heads is from the vicious system, now about to be corrected, which helps to afford me the satisfaction I had just expressed for the aim collection - It is that the grain shares produce under all four heads are sold in common -

and

and that on realization of the price, the liquidation of the ain demand is first credited instead of in relative pro-portions to the 4 heads, which will henceforth be attempted to be done-

11 Statements Nos 10 to 13 shew the balance of old arrears under the same four heads, at the end of December 1844 as follows

Ain Arrears	2,27,603-5-10
Tirovithaittoo	9,815-15-5
Dharmamaghamay	19,855-10-"
Jaraemaghamay	14,847-9-3
	2,71,922-8-5

The

The excessive outstanding balances under the head of "old arrears" require much care and prudence as well in urging recovery, as before recommending any to be written off, and tho' instructions on this head have been given to the Managers they are not of a nature to lead me to expect any very strenuous exertions on his part, but if leisure serve, I will either undertake the preparation and scrutiny of these accounts in person, or, I will depute servants from my own office to put them in train of preparation and examination. It will be seen that they embrace a period as well during as subsequent to the last sequestration.-

12. The hesitation of Government to adopt my recommendation for making over the extensive Devastanom establishments of the Hereditary to the husband and guardian of the Minor Heiress, leaves them under my direct control thro' the Mussalman manager of the Estate.-

13. The state of the ordinary and occasional tank marammat and the occasional road marammat, in the two last of which nothing has been permitted to be done during the year under report, is greatly to be deplored.-

Sir

From E. B. Thomas Esqre Collector of Tinnevelly — Para 1.

Reporting the completion of the Bridge built at the sole expense of Soolochenum Moodelliar over the Tambraporney River and annexing a Statement exhibiting the Traffic over the Bridge for 6 months.

I have now the honor to report for the information of the Board and of Government the completion of the noble and useful Bridge built at the sole expense of Soolochenum Moodeliar, Naib Sheristadar of this District over the "Tambraporney" River between the Towns of Tinnevelly and Palamcottah it has been open to the public and practically useful from November 1843 since which time the Balastrades, Buttresses, approaches and other supplemental parts have been completed. Nothing now remains but to put up some handsome Bridge lamps to make the Bridge as useful by night as by day, which the spirited projector has ordered at an expense of 9 guineas each from England. Copper with cast Iron pillars, similar to those used on the large Bridges in Europe.

2 On the first opening of the Bridge in 1843 a public meeting took place in my Compound in Tinnevelly of all the Europeans and respectable

respectable native Society of the place, to testify their sense of the liberality and public spirit exhibited by Soolochenum Moodelliar in this noble and useful undertaking. A large Elephant was the first to cross the Bridge followed by the 15th Regiment N. I. in marching order under Colonel Derville. a Detachment of European Artillery, followed by Soolochenum supported by Mr. Douglas the Sessions Judge and myself with Mr. Horsley the Civil Engineer and the whole Society of the Station. This was just before the monsoon and the River freshes and occurred most opportunely to obviate the numerous accidents, great inconvenience, and unavoidable delay hitherto experienced at the River, which was formerly for days wholly impassable.

3. Of the dimensions and other particulars of Arches of 60 feet span each, the Board are fully aware from the reports and Official Communications of the Officer who has so ably and happily carried out this great undertaking, Lieutenant Horsley. a solid and substantial memorial of the founder's public spirit, and the Engineer's skill.

4. The total cost of the Bridge to Soolochenum Moodelliar has not been less than

than 56,898 Rupees, of which sum Rupees 4,912 were lost in the sale of 4 per cent Government paper (besides the loss of Interest) leaving Rupees 51,986 as the actual cost of the Bridge and its approaches. The aid contributed by Government has been in the services of the Civil Engineer and his Assistants, Lieut. Selby of the Artillery and subsequently Captain Cantley 15th Regiment N. I. and the labour of 100 Convicts assisting at earth work in the Road approaches. I beg to request that the Bridge may be entered in the annual public statement of Public Buildings by private individuals, of which this forms at present perhaps the grandest, most extensively useful, and most lasting in this Presidency.

5 I beg to annex a Statement which has been made from correct daily observation, exhibiting the traffic over the Bridge for 6 Months from which a fair Estimate may be drawn of its usefulness.

6. Before the erection of the Bridge there was a yearly expense to Government of Rupees 465-9-7 for keeping up 2 Ferry Boats, and of Rupees 318 3-0 for a

a Tappal Boat and 5 men at Tinnevelly, this is now saved. Reference to the subjoined and other Records will shew the great need and usefulness of the undertaking. From the Prin.l Coll.r of Coimbatore

Sir,

Adverting to Para 2 of Extract from the Proceedings of the Board of Revenue dated 28th November 1844, I have the honor to forward translated Copy of Takeed issued to the Tahsildar of Pulachey on the subject of the disputed tract in the western limits of Annamalli and Marchenaicken-polliem Villages in the Pulachey Talook as therein directed.

2. It will appear that this order is based upon the instructions of the Board of Revenue conveyed in the Extract from their Proceedings under date 11th May 1843, and the occupancy of the Kumbidi has not been interfered with.-

START 2014

Fort St. George 13th February 1845

Villages and esetending from the Mingaray River to Davanoor Curd Hill which belonged to the said Villages from time immemorial, and was recently claimed by the Rumbidy of Collungode, the Board of Revenue under instructions from Government dated 15th October 1844, having, in a letter bear:ing date the 28th of that Month, directed that the above tract should be annexed to Coimbatore and that any claim regarding it should be prosecuted in the Civil Court, at that station, you will immediately on receipt of this Takeed, proceed to the place in dispute and make arrangements so that the Rumbidi or his people may not come within the Coimbatore limits - In the award given by the Commissioners appointed at the express request of the Collector of Malabar it is stated that the Rumbidi is in the occupancy of 40 Bullahs of land at a place called Athiampadhy from certain causes which are not explained - It is impossible to ascertain how the Rumbidi became possessed of this extent - you will therefore measure out the same and submit a correct Cheekbandy account to the Huzoor, taking care that you do

Fort St. George 13th February 1845

do not interfere with his present possession of the above said quality in a revenue point - you will however adopt the necessary measures to prevent the Rumbidi from esetending his cultivation, gathering the Hill products, and constructing more huts than are now in esistence - all cases of a Police nature which may occur in the aforesaid extent of 40 Bullahs of land, and in other places east of Mingaray are amenable to your Jurisdiction, and ought to be disposed of by you under the existing regulations - You will give due publi:city to these orders, by means of a Takeed for the information of all parties residing at Annimala and Marchenaikenpollaeim and in its vicinity. -

The

Salt 4. The collections from this branch of Revenue exceed those of the preceding year as well as the average of former years by Rupees 461-3-1 and Rupees 12,185-11-6 respectively. The decrease in the quantity of Salt sold in 1253 / 1843/44 below 1252 / 1842/43 was the consequence of the increased rate of sale price brought into operation under the provision of Act No. 6 of 1844 in April and until the rate again lowered in August to Rupees 120 per Garce; very little was disposed of. Up to the enforcement of the act in question the sales for the then current Fusly exceeded those of the preceding one by Rupees 14,961-10-10- and this excess would have gone on increasing until the end of the year under report, but for the above circumstance.

6. The collections of the newly established Rotty at Mohbocol in Barcoor exceed those of the preceding year by Rupees 514-3-3- while the quantity sold fell short of that of year in Garces 2-362 which is owing to the cause before explained.

8. The Import decrease is in the Goa Salt and the Sum has been caused by the cessation of that VI of 1844 which reduced the duty on the article from 70 Rupees to Rupees 360 per Garce which is Contamant to a Prohibition to the use in the District.

Brought to the notice of the Board on a former occasion the injurious effect that this provision of the Act would have upon our Revenues and the injury and hardship inflicted thereby upon our Ports, while their neighbours and Relations with Native States and Territories, and who could purchase the Bombay Customs, and who could purchase Goa Salt at a low rate, were exempted. Still not keeping it under that which said duty for the interest of both the Bombay and Madras Presidencies it is very desirable that the same import should be levied on all foreign Salt.

12. The increase is chiefly formed of Betelnut the produce of which was abundant and for which there was a good demand in Bombay.-

13. The increase in Rice was not affected by the Canara produce, but occasioned by the increased exports from Mysore and Coorg. The extended sales of sandalwood in Mysore account for the increase in the export of that article. The Cotton trade has, as it was expected it would do when the facilities of transport became greater and the Ghauts and Roads leading from the interior to the Coast became to be opened and repaired, very much increased during the last few years as will be seen from the Marginal Statement, and it is to be hoped that when the Davamany Ghaut is opened to Compta. estimates for which have been forwarded, the influx of trade will be very large.-

The decrease in the revenues from this source during the fusly under report resulted from low offers received for the Honey farm. The privilege of gathering honey and wax was confined to Government forests but it formerly extended to private Estates, and a great door for oppression was thereby opened to the farmers. In order to put a stop to this practice and to maintain the rights of the people, it was thought expedient to limit the rents to the Government lands and forests.-

The decrease in the Collections under this head during the past year, both below the preceding and the average of former years arose from the temporary suspension of the Assistant Judge's Court, the absence of one of the Sudr Ameens, and also from the change in the constitution of the Courts, which for a time stopt all proceedings. The Sales of Stamps in the several departments are shewn in the following Statement.-

There is an increase under this item of Extra Sources in the year under report above the preceding fusly as well as the average of the previous years to the extent shewn in the margin. This increase was the consequence of an Extended sale of Coir in the course of the year. The annexed Statement shews the quantity of coir sold in the district and the consignment to the Bengal Government during the last three years.-

receipts of Coir, consist in fines paid in Coir and the difference in weights & c^a when it is taken and disposed of. as detailed in the tabular statement marked No 7. The cause of the decrease in the quantity supplied, originates in the occasional threatening appearance of the weather, which prevents some Vessels c^a bringing it over within the Season.-

25. Of the arrars on account of former years Rupees 4-- -- for 1252 are considered irrecoverable. The farmer of one of the ferries in the Mangalore Talook sustained loss in consequence of the Villagers having raised a bank across the river the ferry of which had been farmed and the farmer was therefore a loser. Under these circumstances I request that the necessary sanction may be obtained for writing this amount off the account.-

26. The Board in Para 10 of their Proceedings on the settlement of the Extra Source for fusly 1252 call for explanation of the cause that led to an increase in the charges for the purchase of Tobacco. I beg to refer the Board to the Statement in the margin. The charge for purchase and advances for Tobacco depends on the quantity of the article required in each year, which is more or less according to the extent of the stock on hand. The quantity of Tobacco purchased in each of the last four years as specified in the margin will shew that the limited purchases of 1251 rendered a large quantity

quantity necessary for 1252. There is also another reason why the charge for the purchase should be swelled in any particular year. The early rains or the inability of the Contractor for some unforeseen causes, to fulfil his engagement, occasions a delay in the delivery of the Tobacco until the opening of the ensuing season and such quantity cannot be brought to account but in the following fusly. This has been the case with respect to the Fusly (1252) on the increased charge of which the Board had observed. The increase in the amount of advances is accounted for by the greater quantity of the Tobacco purchased in 1252.

The difference between the amount entered in Col: 16 of this Statement and that shewn in the Printed Statement arises from the charges of Commission on the total receipts of the year being entered in the former, while in the latter the actual amount drawn within the Fusly, only is inserted.

The Extra Revenue in Col: 7. is the amount of Fractions collected.

The Refunds of charges in Col: 8. is the Commission drawn by Daroga and Vender on the Value of Stamp Paper repaid to the Purchaser.

From the Asst. Collr. of Canara

Forwards copies of letters addressed to and reply received from Messrs. Forbes & Co. as Agents to Lloyd's regarding the property saved from the Wreck of the Ceylon and requests that the opinion and directions of the Advocate General be obtained for the course to be adopted in the case.

Fort St. George, 13th February 1845.

Ordered to be sent again in Circulation

To

The Secretary to the Board of Revenue

Sir,

Fort St. George.

Parat- Adverting to my letter of the 17th January last reporting the discovery of the wreck of the Ship Ceylon by my Assistant Mr. Robinson. I have the honor to forward for the information of the Board copy of a letter addressed to Messrs. Forbes & Co. as agents to Lloyds and their reply thereto.

2- Messrs. Forbes & Co. decline to act in the case as Lloyds agents but are good enough "to offer their advice and assistance" as agents to the concerned and for this purpose they forward a Manifest of the Cargo for my guidance and information."

3- As these Gentlemen refuse to act for Lloyds and as an immense quantity of Cargo has been saved not less than 5,000 Rupees, I would suggest that the opinion and directions of the Advocate General be obtained for the course that ought now to be adopted.-

4- The amount of Salvage will be determined hereafter, and I hope that if there is no rule preventing a Public Servant from receiving it, a fair proportion will be granted to Mr. William Robinson to whose Zeal, excellent management, and personal exertions, the whole credit of saving the Cargo is entirely due. There are several peons and others in Government pay who are also fully entitled to some remuneration from the Salvage amount, and I anticipate that the Board will readily consent to this.-

5- There are of course some expenses attending the saving the cargo and sending it to Mangalore amounting to about 2,000 Rupees which will fall upon the Underwriters or be paid from the sale of goods.-

No. 1.

To

Messrs. Forbes & Co.
Agents to Lloyds
Bombay.

Gentlemen,

I have the honor to inform you that my Assistant Mr. Robinson who was lately deputed to the Laccadive Islands on duty received information when there

Fort St. George 13th February 1845.

there of a wrecked Ship, and on proceeding to the Spot found her to be the "Ceylon". The inhabitants of the neighbouring Island had already visited her, and carried away what articles they could most easily remove, but she was in tolerable condition and the Sea had not greatly injured her.—

Mr. Robinson immediately made arrangements to save as much of the Cargo as possible and by his energy and excellent management as well as personal exertions every thing in the Ship worth saving has been secured and dispatched to Mangalore.

Many of the Boats have not yet arrived, and, therefore, a correct list has not been made out, but of the things already received there are from 800 to one thousand boxes of Wine and Oilman Stores, about 100 barrels of Tar, Paint, anchors and Chain Cables.—

As the agent to Lloyds I should be glad if you would inform whether you intend to claim the said property after paying the expenses and usual Salvage, and in that case what you would wish to be done with it.- In the mean time

every

every care will be taken of the goods which are being placed under cover.—

The Hull of the Ship still holds together, and this it will do perhaps for some time to come, as the reef where the Vessel lies is shelving.—

There are seven or eight feet of water in her hold when the tide is high, and this decreases as the tide falls.—

No. 2.

To E. P. Thompson Esqre.
Acting Pl. Collector of Canara
Mangalore.—

Sir,

We have the honor to acknowledge the receipt of your letter of the 17th instant, to our address as Agents to Lloyd's communicating that your Assistant Mr. Robenson being lately at the Laccadavi Islands, had been informed of a wrecked Ship and on proceeding to the Spot, found her to be the Ceylon.—

Your letter before us likewise advises us that Mr. Robenson immediately made arrangements for the saving of as much of the Cargo

Cargo as possible and that every thing worth saving had been secured, and despatched to Mangalore.—

The Ship Ceylon was consigned to us, and for your guidance and information, regarding the Cargo, we beg to enclose copy of the Manifest.—

The property now saved must be realized on account of the underwriters, all Policies on the Cargo payable in India, having been adjusted, and others elsewhere must now be in course of payment.—

We consider that it would be most advantageous to the concerned to send all the Property saved to Bombay, especially as there was much private baggage in the Vessel belonging to parties here.—

The General Cargo saved would sell better here than at Mangalore. Mr. Robenson will be of course entitled to Salvage, upon the net proceeds of the property realized, the rate being regulated by the risk and trouble attending the saving of the Cargo, and it will be therefore desirable for Mr. Robenson to state all this to establish his right to a just rate.—

We may here mention

for

for your information, that some of the duties required to be performed as Agents to Lloyds being such as would be inconvenient to us as Merchants We requested the Committee to appoint other Persons to fill that appointment. We decline therefore to interfere as Agents to Lloyds on this occasion but we shall be glad to afford you any assistance or advice in our power as Agents for the concerned.

We shall forward to the Secretary at Lloyds, copy of your letter, for the information of the Committee, and we request any further information from time to time, in order that the Underwriters in Europe may be advised regarding the Property saved, we also request any information regarding the Hull of the Ceylon, and the prospect of any sale of it.

Requesting that the Board will recommend to Government the early

Sir,

The Gazette of the 31st Ultimo received to-day, contains the removal of my Head Assistant Mr.

appointment of a successor to Mr. J. Forbes the acting Head Asst. Collector who stands removed to the Judicial branch of the Service.

Mr. G. S. Forbes to the Judicial branch of the service, and I have therefore the honor to request that the Board of Revenue will be pleased to apply to Government for a successor to be appointed with as little delay as possible. The district, at all times and particularly at present when the Settlement is going on and the neighbouring provinces in rebellion, requires the full complement of European Officers, and without it the greatest inconvenience must be the consequence.

2. Mr. Forbes whose experience and steadiness are of the greatest use to me, is now on the confines of the district bordering Goa and the disturbed provinces, and his sudden removal with no one in whom I can place the same confidence, having only two young Assistants Messrs. Garratt and Robinson, will be of the most serious public moment, and I trust, therefore, that the Board will be good enough to recommend to Government the early employment in Mr. Forbes' place of a Gentleman of some standing and in whose judgment and discretion some dependance can be placed.

3. I ought to add that Mr. Garratt, who has only lately joined, is suffering so much from

from his eyes that he will be of very little use, and if he does not soon recover, it is his intention to apply for leave to return to Europe.

Requesting that the Sanction of Govt. may be obtained for the Continuance of the present rates of allowance for a water Pundal and certain artificers at Rs. 11-12-0 for the former and Rs. 7-6-0 for the latter per annum instead of the lighter rates originally sanctioned & for Rs. 12,428-11-1 disbursed under the Land & Pagoda and Inaque Allowances in Fasly 1252 in order that the accounts for that year may be passed by the Civil

13 Feb 45

Sir

I have the honor to bring to the notice of the Board of Revenue that in the Re-audit of the accounts of this Collectorate for Fasly 1252, the Civil Auditor has called upon me to obtain the sanction of Government for the continuance of the present rates of allowance for the Goodal water Poundall and for certain artificers, Viz^t, at Annas 15-8 for the former and Annas 9-10 for the latter per mensem or at Rupees 11-12-0 and Rupees 7-6-0 respectively per annum.

2 The allowances in question are entered at Rupees 2-7-4½ and Rupee 1-8-7½ per

auditor and that he may be allowed to admit Items after the authorized Charges of Rupees 8326-4-- per annum under the same head.

mensem, or at Rupees 29-8-6 and Rupees 18-7-2 per annum, in the Register from this Office transmitted to the General agent for the Salt monopoly on the 11th September 1805, and submitted by him to the Board on the 20th March following which having been forwarded by them to Government on the 19th May that Authority on the 18th June 1806, sanctioned the continuance of the Enams &c. therein enumerated.

3 On searching the records, I have discovered that since the year 1814 the allowances for the Goodul Water Pandall and the artificers have been paid at the reduced rates of Rupees 11-12-- and Rupees 7-6 per annum instead of Rupees 29-8-6 and Rupees 18-7-2 but under what circumstances or under what authority the reduction was made I have been unable to ascertain, as, however a payment at the present rates has been made for the last 33 years, I request that the necessary sanction for their continuance may be procured, in order that the accounts of this Office may be passed by the Civil auditor

4 The Civil auditor, further requires the sanction of Government for part of the "Pagoda and Mosque allowances in lieu of resumed lands and privileges" paid in Fasly 1252. The total amount disbursed under this head was Rs. 13,478-11-1 Of this he admits Rupees 1,050 payable annually for the use of the Triplicane Pagoda as per sanction of Government dated

(Read again in Cont.n 17th February)

Fort St. George 13th February 1845

Ordered to be brought forward at a future meeting

Read again two letters from the Superintendent of Stamps dated 10th December last and one 31st ultimo and entered in Cont.n 19th December and 10th Instant together with a report from the Sub Treasurer dated 10th and entered in Cont.n 19th December last

Ordered that the abovementioned letter be submitted with the following address

To

To the Chief Secretary to Government -- } Para. 1

The Chief Secretary to Government

Sir

I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the Governor in Council the accompanying letters from the Superintendent of Stamps enclosing Statements shewing the Amount of Revenue realized from the sale of Stamped paper and Cadjans in Fusly 1253 / A.D. 1843/44

2

It will be observed that the Gross revenue amounts to Rupees 4,23,650-0-7 deducting

Charges	48,477-14-6	therefrom the charges and refunds amounting to Rupees 49,260-13-6 the net revenue is Rupees
Refunds	782-15-0	
	49,260-13-6	

3,74,389-3-1 being a decrease below the net

Submitting letters from the Superintendent of stamps enclosing Statements shewing the amount of Revenue realized from the sale of Stamped Paper and Cadjans in Fusly 1253 / A.D. 1843/44 and recommending that Credit may be given to the Superintendent for 50 Rolls of the value of Rupees 10-15-0 reported deficient by Collectors and for writing off to profit and loss the value of certain damaged and unsaleable

net revenue of the proceeding Fusly 1252 / A.D. 1842-43 of Rupees 37,971-5-5 which it will be observed from the Superintendent's letter dated 31st January last is owing to the diminished sale of Sayer Ramanahs in consequence of the abolition of the transit and town duties under the provisions of act VII of 1844

3

The Board recommend that credit may be given to the Superintendent for 50 Rolls of the value of Rupees 10-15-0 reported deficient by Collectors and for writing off to profit and loss the value of damaged and unsaleable paper and Cadjans as noted in the margin and that he may be authorized to cause the said paper and Cadjans to be destroyed in his presence

4

Adverting to the subject referred to in Para 5 regarding the deficiency or excess of paper and Cadjans found in consignments furnished to the Collectors, it is evident that this must arise from these documents being incorrectly counted either on dispatch from the Office of the Superintendent or on receipt in the

the Collectors Offices in the Provinces. The explanation submitted by the Superintendent would lead to the supposition that the latter is more commonly the case and the Board request the Superintendent will take such measures in communication with the local Officers as will prevent the recurrence of these mistakes in future.

5 The letters from the Superintendent of Stamps and the Sub Treasurer forwarding Statements prepared in their respective offices of the quantity and value of paper and Cadjans stamped in Fusly 1253 (A.D. 1843/44) are also transmitted. The Statements have been compared in this office and found to correspond, the total amount being Rupees 562/104-10-.

(65) From the Chairman of the Chamber of Commerce } Sir

I have the honor to acknowledge the receipt of your letter of the 27th ultimo.

The samples of Cotton therewith transmitted

Fort St. George 13th February 1845

transmitted have been inspected by the Members of the Chamber of Commerce, and I am instructed to say that in their opinion the sample marked as being received from the Superintendent of the Cotton Farms is markedly inferior in Colour and in firmness of staple to that stated to be from the Principal Collector of Coimbatore and in value they should estimate it at a reduction of 10 to 15 pr. Cent. under the circumstances however, which are set forth in the letter of Dr. Wight (as embodied in the Minutes of Consultation) the Chamber of Commerce considers that it would be impossible to draw correct conclusions as to the relative merit of cultivations from the crops matured under such opposite influences of weather.

1
From the Actg Secretary to Government } Extract from the Minutes of Consultation under date the 22d January 1845.-

Commenting on the frauds committed in the Maramut accounts by the Tahsildar & Maramut Servants of the Nellacotay Talook in the Madura District stating that the system of Maramut Management in Madura requires reform & directing the Board will require all to Blackburne to adhere strictly to their instructions & the standing rules for the Tank Department.-

Read the following letter from the Acting Secretary to the Board of Revenue.-

Submitting with reference to the orders of Government dated 9th July last letters from the Civil Engineer in the 8th Division and the Sub Collector of Madura in explanation of their Proceedings in the case of the Tahsildar of Nellacottay in the District of Madura.

(Here enter 10th Oct.r 1844 - No. 467)

Para 1.- These papers refer to the frauds committed on the earth work of certain Tanks and Channels in the Nellacota Talook in the District of Madura.-

Tamarapollem & Pulliacollom Tanks and Channels
Thettopatty Channel.

2. The Most Noble the Governor in Council observes that the main point noticed by

Fort St.e George 17.th Feburary 1845.-

by the Civil Engineer and the Sub Collector. which exhibits the fraud practiced in the Talook is not referred to by the Board of Revenue. The lapse of time between the execution of the work and its inspection by the Civil Engineer could not affect the length and width of a Channel and is of itself sufficient to establish fraud and false entries in the accounts.-

3. The Assistant Surveyor who examined the repairs to the Bank and Channel of the Tamarapollem tank could not make the Talook measurements agree in any way with his own, he found the breadth of the Channel was found 1 to 2 yards less than that given in the talook measurements the depth he also found incorrect, no excavated earth was any where visible and both sides of the Channel were in parts filled with bushes. 872 yards of the bank for which repair had been provided in the estimate had not been touched, although the talook accounts shewed that it had been raised in that part 1/2 a yard.-

4. The Poolliemcollem tank and Channel and the Thettoopully Channel were examined by the Engineer. He was unable to trace any similarity between

Fort St.e George 17.th Feburary 1845.-

between the Estimate and the work performed, the state of the Bund fully countenanced the opinion that there had been fraud; portions of it for the repair of which the Estimate had provided, had not been touched, nor could he discover that deficiency of work in one part had been made up by additional work in another, and as regards the Channel to this tank his examination was attended with results similar to those of the Assistant Surveyor's examination of the Tamaracollum Channel, the length, breadth and depth differed considerably from the Talook measurements, and for which no satisfactory explanation could be given to him by the Tahsildar and Maramut Servants. In his examination of the Thettoopully Channel he found the breadth vary considerably from the Talook accounts in parts where they gave 4 and 5 yards, his measurements gave only 3 yards.-

Referred to in Civil Engineer's Report 17.th aug.te 1844-

5. The Principal Collector had, it would appear, in a letter to the Board of Revenue dated 7.th December 1842 (para 7) expressed an opinion that the Civil Engineer's suspicions against the Maramut Servants of the Nellacota Talook might be well grounded. He had, on a former occasion, suspended the same Tahsildar for six Months on strong suspicion of fraud in his Maramut expenditure, and on proof of irregularity in his mode of conducting the Maramut

Maramut duties. Under such circumstances it was particularly incumbent upon Mr. Blackburne to have seen the works in person, which the State of the Channels admitted of his doing in the Month of June before he set aside the judgement of the Sub Collector supported as it was by the professional opinion of the Civil Engineer and His Lordship in Council considers the Principal Collector's Proceedings in this case to have been characterized by a want of due consideration, and to evidence a defective control over this Department. From the Sub Collector's report Para 22 His Lordship in Council observes that these are not the only cases of imputed fraud in the Maramut in which his decisions have been reversed by the Principal Collector.

Sub Coll.r's Report 21st Sept.r 1844.-

6. The papers now recorded are sufficient to prove that the System of Maramut management in Madura requires reform. The general subject will be reviewed in connection with the Board's report of the 4th April last, so soon as the further explanation called for in Minutes of Consultation 7th September last has been supplied. In the mean while the Board will require Mr. Blackburne to adhere strictly to their instructions and the Standing Rules for the Tank Department.

His

7 His Lordship in Council considers that the proceedings of the Civil Engineer and Sub Collector have been characterized by a judgment and Zeal for the public interests which call for the commendation of Government.-

Communicating observations and orders on the Board's Proceedings relative to the settlement of the Extra Sources of Revenue in Guntoor for Fusly 1253.-

Extract from the Minutes of Consultation under date the 11th February 1845.-

Read the following Extract from the Proceedings of the Board of Revenue.-

Relative to the settlement of the Extra Sources of Revenue in the District of Guntoor for Fusly 1253 A.D. 1843/44.-

[Here Enter 27th Jan.y 1845 No. 58]

Para. 1. The Net revenue realized from

Fusly 1252 Rs. 3,31,678-
" 1253 " 4,28,757-13-4
Increase Rs. 89,586-5-8

from the Extra Sources in the District of Guntoor during Fusly 1253 amounted to Rupees 4,28,757-13-4- and exhibited on a comparison with the amount brought to account in the previous Fusly an increase of Rupees 89,586-5-8.-

2. This result was obtained almost wholly in the revenue from Salt in which there was a large increase both from the sales and from a reduction in the charges, amounting together to Rupees 97,908-4-10.- In each of the items of Sea Customs, Abkarry, Stamps and Motarpha there was a small increase not calling for particular notice. In Sayer there was a large decrease to the extent of Rupees 10,575-6-11. and in small farms Rupees 2091-1-4.-

3. Of the Current Demand amounting to Rupees 4,60,477-1-10 the whole had been collected up to the date of the Collector's report excepting Rupees 486-12-4.-

Requesting to be informed of the precise nature of certain Enam in the District of Salem recommended to be continued to Bassavamah.-

Extract from the Minutes of Consultation under date the 11th. February 1845.-

Read the following Extract from the Proceedings of the Board of Revenue.-

Submitting a letter from the Principal Collector of Salem and recommending that sanction may be granted for registering the name of Bassavamah as a Reysumdar in the Tripatore Talook and for paying to her the undisbursed allowance accumulated since the death of her husband.-

(Here Enter 20th. Jan.y 1845 No. 44)

Para.s 1. The allowance which the Board of Revenue have recommended in the foregoing letter to be continued appears originally to have been a fee collected upon every bullock load of grain brought for sale at Waniembady, which was commuted by Colonel Read, when Collector of the District, into a Money payment. The fee is stated to have been collected for the purpose of taking care of a Muttum or Choultry belonging to the Linga Bulja caste at that place.-

2. Before passing orders on this claim the Most Noble the Governor in Council requests to be informed of the precise nature of it, whether the allowance is paid for any services performed at the Muttum, or merely for the

From the Secy to Government— Granting authority for writing off from the accounts of the Collector of Tinnevelly certain irrecoverable balances.

Extract from the Minutes of Consultation under date the 11th February 1845.—

Read the following Extract from the Proceedings of the Board of Revenue—

Relative to Balances outstanding in the District of Tinnevelly at the end of Fusly A.D. 1252 on account of Fusles prior to Fusly A.D. 1251 inclusive.— (Here Enter 6th Jany. 1845 No. 37)

The total amount of the balances at the end of Fusly 1252 up to Fusly 1251 inclusive was Rupees 451923—15—11 Viz.—

On account of Zemindaries	234794—5—4
On account of Lands under rent and Aumanee	189606—5—3
On account of Revenue from Extra Sources	27523—5—4

Of the zemindary balances the Board have recommended the writing off those due on the Wootomalay and Chokumputty Estates, the last of which is now incorporated with the Government lands, and the Most Noble the Governor in Council is pleased to authorize the amount Viz.

†Wootomalay—	170179—6
Chokumputty—	44652—2—11
	214831—3—5

Rupees (2,14,831—3—5) Two Lacs fourteen thousand Eight Hundred and thirty one, annas three and pice five to be written off.—

Of

Fort St George 17th February 1825.

Of the rented and Kumanee balances the Board of Revenue have recommended that Rupees 120017—1—a should be written off. This sum appears to consist of Balances due by Ryots who have died, absconded or have not the ability to pay - - - - - - - - - - - - - - - - 64279—3—3.

Due by the Chittoor Chuttrum Culgoottahoar - - - 7416—3—5.

Difference between the rent of the late Mr. Hughes land and the full assessment - - 3612—3—2

Other items - - - - - - - - - - - 44709—7—2

Total Rupees 120017—1—a

These balances appear to be irrecoverable and the Most Noble the Governor in Council is pleased to sanction their being written off.

The sum of 44594—7—9 due on account of lands the right to which has for a long time been matter of question between the Government and the Zemindars will lie over for future consideration, when the Collector, who is now engaged in the settlement of these disputes, has submitted his report thereon, and in doing so it is desirable that he should furnish a distinct account of what has been hitherto collected by the Government and the Zemindars in past years on account of these lands, that the liabilities of each to the

Fort St George 17th February 1825.

the other upon the final settlement made by him may be distinctly exhibited. —

The Collector has recommended the remission of the whole balance outstanding on account of the revenue from Exstra sources amounting to Rupees 27523-5-4, but the Board have deducted the sum of Rupees 1209—15—10 apparently because it is classed as "recoverable" by the Collector - It appears to be due partly on account of small Farms and Licenses and partly on account of Moturpha-

Para 7. His Lordship in Council observes that the Collector explains that though he has classed this balance as recoverable it is only so in name, and is due by paupers and has recommended its being written off. His Lordship in Council under these circumstances is of opinion that this sum should be given up and accordingly grants authority for writing off the whole balance on account of the Revenue from Extra sources amounting to Rupees (27,523—5-4) Twenty seven thousand five Hundred and twenty three Annas five and pice four. —

Read the following Letter.

To

E. C. Lovell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George.

From the Asst. Coll. of Ganjam — Sir,

Reporting on the Survey of his District

1. In reply to your Letter of the 31st Ultimo, I beg to state briefly what I can about the survey.

2. The number of persons employed on the survey was at the close of 1836 three

Fort St. George 17th February 1845

in 1837 five were added, and afterwards one more making a total of nine of whom one is permanently paid and the rest during work.

3. The expenditure incurred up to the present time is Rupees 14187 — 13 - 1.

4 The work done is this the Itchapoor and Poobsaconda Talooks have been entirely surveyed and of the Waddada Talook all the Government Villages have been surveyed &c. but the Ammania Mokhasa Agraharums &c. have not.

5 I beg to state that I have had 2 measurements made before me, and the percentage of difference was in one case upwards of 12 and in the other upwards of 20 per cent and both in excess of the correct measurement.

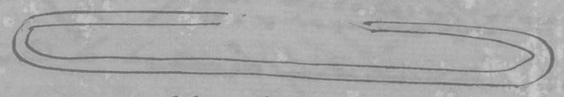

6. On examining the chains they are pretty nearly correct as to length varying as before stated 6 or 8 inches. But in the Calculations of parts of chains there must be varied error because the chains consist of a various number of links as follows.

Two chains — 32 links
Three ——— 33 ——
one ——— 34 ——
Two ——— 36 ——
one ——— 44 ——

The

7- The cause of this great irregularity is that when a link is broken it is replaced by another of any length the local blacksmith may fancy, and if it is found at any time to be very much too short another little link is added and soon.

8- To meet this I would recommend that links of the prescribed length should be kept ready to replace breakage - They should be open not at the end since the careless soldering at the end adds to the thickness of the ring thereby making it shorter, but at the side thus -

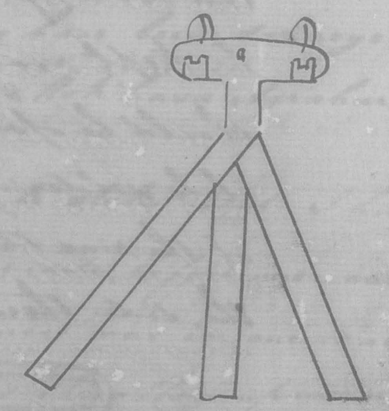

the opening will allow of the link being hooked on - and the soldering cannot alter the length which is kept by the whole side -

9- This and the chains themselves I would suggest should be made at Vizagapatam -

10 The inevitable inaccuracies that must attend all measurements even with the most perfect chains which if laid on the ground will be shortened by the unevenness of surface; and if held up by their own curvature render attention to the

the minutiæ of lengths the more necessary - Such minuteness is thought frivolous but the constant repetition of error is important in the aggregate and when avoidable should be avoided -

11- Captain Halpin made for me a simple instrument for measuring right angles, of which the annexed is a sketch I have ordered 8 to be made, one for each Surveyor, together with a very simple tripod on which to fix it, The Surveyors are all reported by Captain Halpin to be qualified to use this instrument but the great difficulty is to make it - The sight must be exactly at right angles to each other, and the smallest incorrectness makes the instrument useless - Captain Halpin's model is correct but the first made after it is a failure -

12- When these instruments and stands are made the Surveyors can commence the measurement of two Villages any where but as the retention or abandonment of the

the whole survey yet done depends on the accuracy of the measurement of these two Villages it is my belief that the trial ought to be made under very complete European Superintendence, without which the trial will not be fair or satisfactory-

13- The reasons for thinking so are it can scarcely be expected that there will not be an endeavour to lessen any difference that may be found to exist between the former and second measurements which indeed I know there will be the credit of the Head Surveyor and of the Cutcherry generally is supposed to be concerned in the establishment of the correctness of the former measurements it is not even yet admitted that the former system of measuring is wrong and that the new is right it is positively asserted that both are right, and that if the results differ slightly the error is as likely on one side as the other; the mortification of having to admit that all the trouble and expence hitherto occurred have been useless and that the extensive survey of various other Districts conducted as that of Ganjam and adduced as

a triumphant, that this must be correct and as they have not been proved incorrect are to great extent wrong which if conducted as this has been, I have little hesitation in saying they must all be, these are the reasons, besides the evident determination unmistakenly shewn to uphold the good old system for thinking the trial will not be fair.

14. A sort of laxness in measurement is moreover considered very commendable as tending to favor the Cultivators, and it is thought that such is the wish of Government- For brevity's sake I refrain from pointing out the various ways in which incorrectness of measurement must result in injuring both the Government and the Cultivators- but so deep rooted an idea is not to be easily got rid of, and positive orders and a complete check are required to prevent its operation and even these may fail-

15- I obtained from Mr. Mills the Commissioner of Cuttack a Treatse on Land surveying circulated by the Sudr Board of Revenue of Fort William as stated in the circular Order No. 615 dated 8th December 1841- it is in the Bengalee language and Character, and is now being translated by the

the Missionaries of Berhampoor Mr. Wilkinson, into Ooreya from which I purposed to have it rendered into Teloogoo, and I would then have submitted it to the Board as being worthy of adoption and circulation-

16. I beg to refer the Board to that circular order in order that should any new and improved edition of the work be published they may call for it, should they think fit.

17. As Captain Halpin had left Berhampore on his annual surveying tour before the receipt of the Board's letter he cannot superintend the measuring of the Villages as wished by the Board and as he would be most ready to do if present- He was so good as to give me clear in- -structions which I have been able to commu- -nicate to Lieutenant Frye and in the absence of better qualified person I hope these instructions will render Lieutenant Frye's superintendence of some service-

18- In conclusion I beg to state that I do not censure or wish to injure the reputa- -tion of the Head Surveyor - He has with Credit served many years &c and has conducted many Surveys &c after the mode prescribed in &c

Sir

Sir Thomas Munro's rules, copies of which were obtained here - I have compared those Rules as given in the Revenue Selections Volume 1- Para 115 with those of Mr. Chaplin in Volume III of the same, Para 861- the latter coincide precisely as far as they go with Captain Halpin's, but I do not see in the former any Statement of the simple secret of measurement which &c Mr. Chaplin gives so clearly-

you that the question as to the propriety of in: creasing the price of intoxicating liquors has already engaged the attention of the Local Government, and very recently of the Honorable the Court of Directors who in a late despatch have expressed themselves averse to any very ma: terial enhancement of the existing rates as likely to induce the illicit manufacture and sale of such liquors and seriously to endanger the Abkarry Revenue. Under these circumstances the Board feel themselves precluded from acceding to the proposal contained in the letter now under acknowledgment.

From the Pl. Coll. of Salem ...

Submitting for the consideration and approval of the Bd. of Revenue draft of an answer pro: posed to be filed in O.S. No. 150 of 1844 and forwards Trans: lation of the Plaint, and requests the neces: sary sanction may be obtained for defending the above Suit at the Govt. Expence.

Sir, I have the honor to submit for the consideration and approval of the Board of Revenue a draft of an answer proposed to be filed in O. S. No. 150 of 1844 instituted against me in the Subordinate Court of Salem - A Translation of the plaint accompanies, and I request the necessary sanc: tion may be obtained for defending the above Suit at the Government Expence.

No. 1.

Draft of an answer proposed to be filed in O. S. No. 150 of 1844, instituted in the Subordinate Court of Salem by Arrylala and Vasudavalala Mootadars of Amboorpettah against the Principal Collector of Salem.

This is a Suit entered by Plaintiff for the restoration of 550 Goontas of land bearing a teerwah Rupees 19-4- situated within the Fort of Amboorpet and the repayment of the interest of Rupees 221-12- being

being the Amount collected by Government and asserted by the Plaintiff to belong to him as ground rent of houses situated thereon.—

2. In reply to this claim the Principal Collector has to state that in the time of pymash 635½ goontas were entered as Fort bunjer on which no teervah was fixed, it is also entered in the Ayacut accounts of Fusly 1211 and 1212 as specified.

3. In the Jummahbundy accounts of Fusly 1213, of the above extent of land it appears that goontas 550 were cultivated by a person named Coopoosalingum who paid a teervah of Pagodas 5–53 40, and as the Fusly 1213 was one of the years on which the Average was struck for fixing the permanent Assessment, the Principal Collector has never made any demand of Land Revenue on the ground in question nor has he at any time placed any restraint on the Mootadar to prevent him collecting any Land Revenue, to which he is entitled. If the Mootadar cannot collect his just demands the Regulations empower him to distrain

distrain: this power however the Mootadar has not thought proper in the present instance to avail himself of, but instead, has thought proper to bring this Suit before the Court.—

4. The sum collected by Government is not a collection on account of Land, but on account of Moturpha; it is so entered in account in the puttahs given.

5. In former times the Moturpha collections belonged to the Mootahdars, and were by them made; on looking at the Mootah accounts from Fusly 1217 to Fusly 1229 it will be found, that the collections on the property in question were made, not as Land Revenue but as Soornadayen or Moturpha, by the Mootahdar, then in possession—Government considering that the collection of these taxes which were undefined, and might, in the hands of private individuals, be made the source of great oppression, resolved to take the power again into its own hand and accordingly, in Fusly 1230, did so, granting the Mootadars an annual payment as compensation, this payment the Plaintiff received and therefore has no claim on any Moturpha Collections that may be made within his Mootah and

Fort St. George 17th. February 1815.

And in consequence has no claim to the Amount now sued for, the Principal Collector therefore requests that the Court will dismiss it with Costs.

No. 2.

Translation of a Plaint presented by the Amboor Moottahdars Vunsoodavalaulah and Haryhaula residents of Valayampatty, attached to the Moottah of Amboorpett, of Mauraasady caste, against J. D. Gleig Esqr. Principal Collector of Salem.

We trust the Court will cause the defendant to restore to us the Balance of Condawyens due, amounting to Rupees 221 12 2, including principal and Interest, and also the Amount of interest that will accrue until the Suit shall be decided; and restore to us the Nagery poonjah land bearing an annual Teerwah of Rupees 19-4- cancelling the puttahs issued by the Defendants by ordering the ryots to obtain puttahs from us and pay us teerwah - the said Nagery Poonjah

Fort St. George 17th. February 1815.

Poonjah measuring 550 Goontahs bearing a teerwah of Rupees 19-4- and situated in the Cusbah Village of Amboor Moottah, bounded on the east by Caunder said poonjah, on the South by the burying ground and potmakers houses on the west by the road and Bazar and on the north by the Poonjah land of the said Caunder Saib belongs to us. It is included in the permanent Beriz of Amboorpettah Moottah, and the Assessment thereof is collected from us by the Circar - On the formation of Moottahs, the said land was joined on to the Moottah, and the revenue was calculated upon the Beriz of three years Viz. Dasshmuty 1801, Doondooly 1802 and Roodrooth 1803 carry, and the Settlement demand accordingly fixed. The said land was held by Coolipoo Naigyen, and cultivated in the years Roodrooth 1803 carry and Puttachy 1804. it was included in the Summa Accounts and the teerwah was collected by the Circar and subsequently by the Moottahdars. in the year Utchiah 1811, the then Moottahdars gave the Individuals Pummoo and Moottoo Chetty permission to build houses, and the rent thereof was collected from them up to the year Vikkerama 1820. when Mr. Cockburn attached the ready money Collections, the said rent was collected from

Fort St. George 17th February 1825

from Sundah the son of the said Ruminoo by the Cirkar and included under the Head of House Tax and as it is included in the permanent settlement, the late Moatadars claimed it, and since we purchased the Mootah in the year Doormooky 1836 we presented urzees to the former Collectors, as well as to the Defendant but received no redress - the vouchers among the circar records will prove the fact that the land and its teerwah are attached to the Mootah, as there is reason that we should receive with Interest the Amount collected by the Cirkar from the year Doormooky 1836 up to Soobakroo 1813: We beg the Court will pass a decision directing the Defendant to pay the Arrears due from the year Doormooky 1836 up to Soobakroo 1813 being 8 Years, amounting to Rupees 154 and the Interest amounting to Rupees 97 12 — up to Aranay, total 227 12 2, as well as the Interest that will accrue until the day the balance is paid, and also to restore the said balance to us, cancelling the puttahs issued by the Defendant.

In the letter above recorded as in two others written on similar occasions on the 4th September 1823 and 17th February 1825 respectively, the Village of Davanumdal is stated to have been granted in Manniem for the support of a Mattum - On referring however to the documents forwarded by Mr. Davis, the Board find it stated that the Enam was bestowed for subsistence. The Collector states that "from the translation of an Enoyetnamah and Jyulcammy Sunnud submitted by him it appears that the Village has been enjoyed by the family since the year 1761" - but in these papers no allusion is made to a date earlier than 1204 of the Hejrah or A. D. 1788 - The Collector will be pleased to explain this and also, as the documents which were enclosed in his letter of the 25th Ultimo seem to be merely copies of Sakeeds given by

effect to the orders of this office of the
16th Idem in respect to Ram Row late
Thasildar of the Sheally Talook, that
for certain stated reasons it does not ap=
=pear to you expedient that proceedings
should be entered upon de novo against
him, and that in consequence, you do not
propose to institute any — In the follow=
=ing Paras of your letter you enter into
details calculated to shew the extremely
bad opinion entertained of the Thasildar
by his late immediate Superior Mr. Cotton,
and the consequent impossibility that that
gentleman can repose any confidence
in him in future — and adverting to your
full conviction, founded on personal ac=
=quaintance with Ram Row, whilst
for some years under your orders, that
he does not possess those qualifications
which are indispensible to fit him
for so responsible and arduous an office
as that of a Thasildar, considering also
that he was selected for that situation
merely because at the time there were
no other persons available, that he has
been in Charge of a Talook for
only 20 months, during which period
he

he may perhaps be considered to have been upon trial, and that in such trial he has not proved himself equal to the duties expected of him— On these grounds you propose, that he be transferred to the appointment of Deputy Shasildar or Police Ameen, beyond which neither his talents nor character, in your opinion, entitle him to rise.—

2. In reply I am directed to inform you that although the Board felt it incumbent upon them to object to the dismissal of Ram Row from public employment on grounds which appeared to them insufficient or on charges not substantiated by the evi= =dence adduced in support of them, they at the same time stated, that general in= =capacity was a ground for removal, on which the Board would not refuse to act, in the case of Ram Row or any other Shasildar, provided only that such disqualification were fully and clearly established to their satisfaction, after carefully weighing the several rea= =sons given in your letter - and consider= =ing that your estimate of Ram Row derived

derived from personal acquaintance with him fully corroborates the low opinion of his abilities entertained by Mr. Cotton, the Board are now satisfied that Ram Row does not posses those qualities which are required for the due discharge of so important a situation as that of Shasildar, and they therefore authorize his being transferred to a lower office as you have recommended.—

Sir,

Para 1.

Adverting to your letter of the
20th Instant I beg to inform you that I have
had

had the honor to receive the Proceedings of
the Board of Revenue therein alluded to.-

2. These Proceedings virtually can-
celling the Orders of Government dated 15th
October 1844 at the same time placing
matters on precisely the same Condi-
tion they were in previous to their trans-
mission to Government will require
further reference before I consider
myself empowered to act upon them.
In fact my Tahseed sent to the Pulachey
Tahsildar with reference to the Orders of
Government Copy of which is now before
the Board can only be with drawn upon
their direct and specific orders.-

3— Every well informed Nair
will bear testimony to the fact and I believe
you yourself are not ignorant of it
that the Mungaray as far as it goes forms
the boundary between this District and
Malabar and their prejudice will not
permit a female of their Caste to pass
that River without detriment to their respecta-
bility. It therefore appears to me that your
present point is based upon the Conflicting

Orders

orders of the Board and not on the rights of the boundary or even of occupancy.-

4 Again I would take leave to add one further remark viz. that this District on its four sides is bounded by rivers, and why the Mungaray should be made the only exception to cover a collusive and fraudulent trespass vide my letter to the Board 23d February 1844 para 8 is as singular, as it is incumbent on my part to resist to the utmost of my ability.-

5 I hope this explanation will reconcile matters and excuse the tenacity with which I consider myself under the necessity of still prosecuting this most fatiguing subject.-

Sir,

1 I have the honor to acknowledge the receipt of your letter of the 27th ultimo in

in reply to mine of the 20th idem on the subject of the Board's orders regarding the dispute between Coimbatore and the Colungode Numbidi.-

2 Any further argument seems to me out of place now that the definite orders of our Superiors have been received but I cannot refrain from observing that you are wrong in your assumption that "I am not ignorant of the fact as "that the Mungary as far as it goes forms "the boundary between this District and "Malabar and that the prejudices of the Nair "will not permit a female of their Caste "to pass that river without detriment to "their respectability."-

The result of my enquiry on the latter point in especial leads me to believe that you have been misinformed I doubt not that but few Nair women of respectability do cross the Mungary- There are four inducements for people of this Class to venture into a wild and desolate jungle tract such as that which the Mangaray runs through, a tract which

Can

can only be traversed under the protection of a guard.--

The only inducement in fact I can hear of is a pilgrimage to Ra-=maseram and for that purpose Nair Women do sometimes submit to the inconveniences of the passage without any fear of their respectability suffering.--

3. Whether the Mungary is or is not, the boundary between Coimbatore and Malabar is a point on which we entertain different opinions. The point will I suppose be decided some day by a Civil Court and our discussion of it can tend to no benefit.--

66-67 Order thereon.- Ordered to be lodged in the Office.-

Resolved.

Fort St. George 17th February 1845.

Resolved that the following letter be dispatched.—

To the Chief Secretary to Government.

(68)

To the Chief Secy. to Government.

Submitting for sanction Statements of actual Charges incurred in the districts under this Presidency in Fasly 1253 on account of Extra Establishments & Disbursements for the estimated disbursements on the same account for the Current Fasly 1254.—

Sir,

Para 1. With reference to the 3d Para of the Extract from the Minutes of Consultation dated 6th June 1843. I am directed by the Board of Revenue to request you will lay before the Most Noble the Governor in Council the accompanying abstract Statements of Actual charges incurred in the Districts under this Presidency on Fasly 1253 on account of Extra Establishments and of the estimated disbursements on the same account for the current Fasly 1254.—

2. The actual charges incurred in the past Fasly. exceeds the amount sanctioned on that account for the preceding Fasly by Rupees 11,244-9-4. This increase is merely nominal and consists of several items on account of wages to additional Servants included in the present Statement which were last year irregularly charged by the Collectors in their Statements of Extra charges which received the sanction of Government separately.—

Fasly 1253 — 57,046-1-7.
" 1252 — 45,801-8-3.
Increase — 11,244-9-4.

Fort St. George 17th February 1845.

Fasly 1254 Rs 66,806-8-5.
" 1253 — 40,493-13-—
Increase — 26,312-11-5.

3. For the same reason the Estimate for Fasly 1254 exceeds that for Fasly 1253 by Rupees 26,312—11—5. It also exceeds the actual charge incurred during the past Fasly chiefly on account of the additional establishment required for the management of several Estates in Rajahmundry which have reverted to Government in the current Fasly.—

Estimate for Fasly 1254 — 66,806—8—5.
Actual Charge for Fasly 1253 — 57,046—1—7.
Increase — 9,760—6—10.

4. The purchase of these Estates having been recently sanctioned by Government the Acting Collector will be requested to bring these Servants on his fixed Establishment.—

Estimate for Fasly 1254 — 1800—0—0
Actual Charges for Fasly 1253 — 546-15-10
Increase — 1255—2.

5. There is also an increase of Rupees 1253—2—on account of the Establishment for the Survey in Ganjam.— The other items of increase are trifling and do not seem to call for particular remarks.—
