3 Extract from the Minutes of Consultation under Date the 8th August 1845.

Read the following papers.

From the Secy to Government stating that it is of the greatest importance that a comprehensive view should be taken of Messrs Arbuthnot & Co's application to rent the Talook of Palcondah with Honjaram in the Vizagapatam District to cultivate the Cane and Manufacture Sugar and desiring the Board to call upon those Gentlemen to state more fully the nature of the agreement they may be prepared to enter into with the Ryots of the talook and to submit it accompanied with the Boards sentiments upon it.

From the Secy to the Board of Revenue

Here enter 26th June 1845 No. 409

× × ×

Para 1 Considering the great pecuniary advantages which must ultimately accrue to the state, by a judicious encouragement to Europeans possessed of Capital and skill to engage largely in the culture of the cane and the manufacture of Sugar in this Country it appears to the Most Noble the Governor in Council of the greatest importance that a comprehensive view of Messrs Arbuthnot & Co's proposition to rent the Talook of Palcondah with Honjaram in the Vizagapatam District for

10089 Fort St. George 1st September 1845

for that purpose should be taken before a final decision is passed upon their application.-

2 The Collector of Vizagapatam states his reasons for his recommendation in favor of Messrs Arbuthnot & Co's proposition and estimates the diminutions of Revenue by the acceptance of their offer at Rupees 9,000 per annum Viz. Rupees 6,000 being the difference between the rent offered and the average collections for eleven years and Rupees 3,000 the expences of the Police Establishments of the Talook to be maintained by the Government.

3 These charges refer solely to the Native Officers employed in the Talook but to admit of a fair comparison it appears reasonable that a proportion of the expense of the Collectors Establishment, and of the Salary of the European Officers should be charged to Palcondah in the proportion that the Revenue of that Talook bears to the Land Revenue, of the Collectorate, and that some allowance should be made to Messrs Arbuthnot & Co. for the loss of interest sustained by Government by the irregular payments of the ryots in comparison with the certain payment of the rents as they fall due by Messrs Arbuthnot & Co.

and to these items must be added the contingent escpenses of the Talook. If these charges be taken into consideration and the opinion escpressed by the Collector in the 6th and latter part of the 9th para of his letter were adverted to, it would seem that the Government would be gainers in accepting the offer.

4. The Board of Revenue direct attention to a point deeply affecting the welfare of the Ryots over whose interests it is the duty of Government most carefully to watch. It is quite clear that Messrs. Arbuthnot & Co. have no intention of cultivating the lands themselves nor of interfering with the Ryots, further than to secure the extension of the growth of a superior species of cane, their plan of management must therefore be to sublet the land a system which is open to great and serious objections.

5 There is however no reason to believe that Messrs. Arbuthnot & Co would not give the Government ample security and satisfaction on this point, which would at once overcome the principal difficulty advanced by the Board, for if the Government can be assured that the Ryots will

have a just portion of the produce secured to them by the renters, that they shall pay annually only a defined and fixed rent during the currency of the renters leases that the land cultivated is not overassessed and that easy redress shall be afforded against exactions there can be no doubt that they must profit by the introduction of a more valuable species of produce, as well as by the certain demand which the Sugar manufactory in the District would create. The outlay also of the renters capital for the improvement of the land during the lease and the subsequent advantages would eventually be their own. Under these circumstances and as the Honorable Court of Directors and the Supreme Government have escpressed themselves in favor of long leases the propriety of granting one of considerable duration to parties of the affluence and Character of Messrs. Arbuthnot & Co. would seem, under the conditions above proposed for the protection of the Ryots to be unquestionable.

6. The Board are adverse to the proposal on the further ground that Messrs. Arbuthnot & Co's object could be met without a rent. But His Lordship in Council understands

understands that they expect machinery on an extensive scale from England, with the view of employing it where Sugar Cane is in abundance and of good quality and as the expense of erecting the works will be great and there must be loss without they are kept in constant employment. His Lordship in Council doubts whether the mere "expectation" of a supply from Native cultivators would justify the speculation and lead to the permanent Establishment of a large Manufactory.

7 His Lordship in Council is of opinion that the project contemplated if successful would give a stimulus to the neighbouring Districts so much depress-ed, and lead to an improved cultivation of Sugar throughout Vizagapatam, Ganjam and Rajahmundry. The Establishment of a manufactory on a large scale in the District giving rise to a demand for labor in erecting buildings and in carrying on the works, with the large expenditure of money which would follow, will essentially benefit the whole community, and may lay the foundation of the permanent prosperity of that portion of the country.

He

He considers it also of

8 the first importance that every encouragement should be given at this time to the growth of Sugar under this Presidency on an extensive scale, so that the best species of cane may be largely introduced and immediate advantage taken of the favorable demand which now exists in the English market for East Indian Sugar. It is represented that if the Anicut, for which plans have been sent into Government, is carried into effect on the Godavary a hundred thousand Acres of alluvial soil well watered and protected from the risk of being overflown during the sudden freshes of the river, will be available for growing Sugar so that the example set by Messrs. Arbuthnot & Co. would prove invaluable to Government.

For the foregoing reasons

9 His Lordship in Council is disposed to give the contemplated project every encouragement and assistance and with this view he requests the Board of Revenue will call upon Messrs. Arbuthnot & Co. to state more fully and in detail the nature of the agreement they may be prepared to enter into with the ryots of Palcondah Talook and submit the same

same for the consideration of Government accompanied by their own sentiments upon it.

26-27

From the Asst. Collr of Ganjam — Sir, Para. 1. I have the honor to acknowledge the receipt of your letter of the 28th July desiring that however objectionable may be the mode in which the settlement of the Ammanee Talooks of Ganjam District has been conducted, no alterations of any moment may be made hitherto without being first reported to the Board and without receiving their sanction.

Stating that the alterations made in the mode of Settlement of the Ammany Talooks are only what have been repeatedly suggested by the Board.

2. In reply I beg to state that the alterations alluded to have all been made in December last but the Board need not labour under any apprehension or alarm at the Reforms introduced. What I did do to check the malversation and confusion previously rife was what has been over and over again suggested by the Board themselves. Instead of fixing the settlement on the amount of Darkhasts or Cabooleats caused a partial examination to be made of the land under crop in the month of December. Investigated every claim to remission and defined its amount, and fixed the Summa not leaving this as heretofore discretionary, and fluctuating with the laxity or energy of the Ameens. The settlement thus made was collected punctually.

28

3. The Board of Revenue have repeatedly enjoined a departure from the existing practice but until carried out the system noted above, no change ever was made. In the Proceedings of the 17th October last on Purla Kennedy the contemplated manner of the practice of making a settlement on Dukhasts of the Province of Ganjam to be corrected. In Para 4 of Mr Lowell's letter only was ordered to be corrected. In Para 4 of Mr Lowell's letter of date the 15th August 1844 the Board as best of means were not taken to ascertain the deficiency of produce at the time it occurred remarking that such claims ought to form a Principal part of the business of the annual settlement. Nothing could be more true, but it was never done heretofore the accounts sufficiently attest; at the proper time, until I reformed the Settlement.

4. I trust this short explanation will be sufficient to dissipate any unnecessary alarm about my proceedings and I request that this letter may be laid before Government and that my report with your observations has been laid before the same high authority.

Resolution thereon.

(32-33)

The Board authorize the publication in their Office of the advertisement which accompanies the foregoing letter, Wednesday the 15th October 1845 being fixed for the day of sale.

The Board observe that the Collector has omitted to mention in the advertisement the place of sale. The Board have inserted Vizagapatam in the advertisement published in this Office, and the Collector will be pleased to make corresponding entries in the advertisement published in this District. The date of sale has also been altered by the Board to the 15th October.

Sir,

From the Collector of Masulipatam. Submitting explanation relative to the discrepancies occurred between the amount entered in the Statement of Demand, Collection and Balance and the Statement A which accompanied the Extra Sources Report for Fusly 1253.

Para 1.

With reference to Para 7 of the Board's Proceedings dated 22d May last on my report on the Extra sources of Revenue for Fusly 1253 and to Para 10 of the Minutes of Consultation of the 21st of the following month containing the observations of Government relative to the discrepancies entered in the Statement of Demand, Collection, and Balance, and the Statement A which accompanied the report, I have the honor to state for the information of the Board and Government that the difference noticed by them arises from the item of Extra Revenues Comprising the fines levied

Fort St. George 1st September 1845

levied from servants in the Salt Department being included in the former and the omission of the same in the Collections entered in Column 7 of the latter Statement, in which it is exhibited separately, inclusive of Charges Collection refunded as particularized in the margin.

	Statement A for Fusly 1253. Col 4 Fusly 1252	Col 9 Fusly 1253
	Rs A P	Rs A P
Fines	53 5 3	49 5 2
Charges Collection refunded	34 3 6	69 1 1
Total	87 8 9	118 6 3

2. Till Fusly 1248 / 1838/39 the fines levied in this Department were entered in both of those Statements under the Head of Extra Revenue, when in consequence of instructions received from the Accountant General on the review of the accounts of this Collectorate from 1st May to 31st July 1838, directing that the receipts on that account should be credited to "Salt," they were accordingly blended with the Salt Collections as exhibited in the two above mentioned Statements for Fusly 1249 / 1839/40.

3. The Board however in their Proceedings

Para 1. dated 15th March 1841 remarked that the amount of fines collected during the year should have been entered separately under the Head of Extra Collections and not included in the Current Collections from the Sale of Salt, their instructions have been acted upon by exhibiting the fines separately in Statement A as reported to the Board in my Predecessor's

Para 4. letter of the 25th April 1842 while in the Statement of Demand, Collection, and Balance the total Collections

of

Fort St. George 1st September 1845

of Salt, including fines continued to be exhibited to make them correspond with those entered in the Monthly Journal and other accounts forwarded to the Accountant General.

4. Should the Board on a consideration of the foregoing circumstances direct that these accounts should be made to agree with each other I shall, with the Board's permission, make a reference to the Accountant General and report the result for their information.

Proceedings thereon.

(34-35)

In order to make the several entries in the accounts referred to in the foregoing letter accurately correspond, and to carry out the general practice obtaining in other Salt Districts, the Collector will be pleased in future to enter the amount of any fines levied in the Salt Department under the Head of "Extraordinary" in the printed Statement of Demand, Collection, and Balance, omitting that amount from the total current demand and current Collections inserted as "ordinary" Revenue in the same Statement.

2. By observing this course in the preparation of future Accounts furnished to this office the discrepancies pointed out in the Board's Proceedings of date the 22d of May last will be hereafter obviated.

the information of the Board of Revenue that on the 22d May I received from the Secretary to the Agri Horticultural Society at Madras a supply of 250 cuttings of Mauritius Sugar Cane which (the ryots being unwilling to take any of them) I immediately forwarded to Tanaly and Sundole, where water was more easily procurable than in other parts of the District, with strict orders to the Ameen to take every care of them; but I regret to state that they have all perished. The season this year has been unusually hot and water very scarce, and at the time the Canes arrived at Guntoor, there was not sufficient water for the use of the inhabitants.

Submitting an Estimate for making 6 sets of Weights and Measures as directed by the Board.—

Sir,

I had the honor to receive an Extract from the Board's Proceedings under date the 23d June 1845, desiring me, if the Weights now at the Chowkies on the Hydrabad and Soondoor Frontiers cannot be adjusted to the standard of 3,200 Tolas the Maund, to submit an Estimate for making new Weights.—

2. With reference to this, I beg to acquaint you for the information of the Board, that except at Important Chowkies / I mean those the Imports and Exports of which were extensive / no Weights of any kind have been supplied at all other Chowkies where business used to be carried on by equalizing the Weights used by the Merchants with the rates of the Cutcha, I do not see any reason why the same should not still be followed.—

3. The number of Chowkies at present maintained in the Hydrabad and Soondoor Frontiers is 23 Viz. 20 on the former, and 3 on the latter, and as the transactions of these Chowkies, are very limited, I am of opinion, that there is

is no necessity for placing in them sets of Weights and Measures corresponding with the standard Maund as fixed by Act VII of 1844 and have issued orders to the Chowkedars to calculate the Weights in use, in computing the Indian Maund, and write their accounts in future - but as questions may eventually arise at some future period and render a comparison in proof necessary, it will be sufficient in order to meet such contingencies and to obviate discussions; if each of the 5 Talooks in which the above number of Chowkies are established is furnished with one Set of Weights and Measures and a Set at my Hoozoor Cutchery, in all 6 sets, for making which I beg to enclose an Estimate amounting to Rupees 196—2—0—It is proposed to make these in Iron each set consisting of 20 Pieces and costing Rupees 32-11—0—

by one Goorooviah also giving reason why so large a portion of assessment was remitted. submits a detailed account in which he states that the village Curnums have been punished.

Proceedings of the Board dated 13th February 1825 with reference to my Predecessors letter of the 11th ult. January I have the honor to state that the Individual named Goorooviah is a Volunteer and not in public employment.——

He was enabled to discover the concealed cultivated lands when acting for the Karkoon of Barroor in the Kistnagherry Talook in Fusly 1257 and it would appear he reported the circumstances to Mr Gleig verbally when he was sent with orders to the Tahsildar to assist him in the investigation and obtain the accounts from the Village officers and Karkoons, and on measuring the lands the concealments were proved before the Tahsildar.——

From his [the Tahsildar's] report the assessment of the lands which were actually brought under cultivation from Fusly 1230 to 57 both on entire and portions of fields amounted to Rupees 970- 8—4 and Pr. 1504—9—1. being the assessment leviable on Khatetund or portion of fields left uncultivated exclusive of the portion which were added to the fields of the adjoining ryots during the above periods making a total of Rupees 2475- 1— 1. The reason why so large a portion of the assessment

10,733 Fort St. George 1st. September 1845.

assessment Viz. Rupees 2031 — 12 - was remitted was on consideration of the indigent circumstances of the Ryots not admitting the enforcement of the whole amount the payment of which would have seriously injured their means of future cultivation. —

From the remaining amount of Rupees 393 — 5 - a which was ordered to be collected the greater portion has been realized and the Tahsildar has been directed to recover the balance. —

A detailed Mahratta account is herewith submitted giving the information required by the Board. In respect to the village Curnums not having entered the lands cultivated in their accounts, they have been punished agreeably to Regulation IX of 1822.

The Karkoons were not punished, but it is impossible if they did their duty that so extensive a fraud could have been so long undiscovered without a collusion between them and the Village Officers to defraud the Circar and no plea of ignorance or too much duty should I conceive be admitted. —

From the Coll.r of Salem — Forwarding a detailed account of concealed lands shewing in how many fields it occurred, and the extent and assessment of each field called for in Boards Extract dated 1st May 1845.

Sir

With reference to Extract from the Board of Revenue dated 1st May last I have the honor to forward a detailed account of the concealed cultivation shewing in how many fields it has occurred and the extent and assessment of each field, as given in by the Tahsildar. The Ameen in his Statement does not give the extent and assessment, but merely states that the Teerwah of the land was not fully collected.

The extent of land held by the Monegar, Poonjah and Kunjah in Fusly 1253, is Acres 36-32-8, bearing assessment Rupees 119-12-3 and in the present fusly Acres 25-26-15, assessment Rupees 91-1-5. The difference of land in last and present fusly is accounted for, as being left waste. Ramalinga Woodien the late Monegar died in fusly 1253 and the lands are kept in cultivation by his heirs. I beg to inform you that no lands of any other parties have been erroneously entered in the Curnum's Accounts.

Sir,

From the Collector of Salem Reporting the practice hitherto observed when concealed cultivation was detected stating that the Board's instructions on the subject are now adhered to and returning Petitions Nos 1745 and 1747 of 1845 forwarded by the Board.

With reference to Mr Acting Secretary C. Io. Lovell's letter dated 6th May 1844, on the subject of the two †Petitions from Mamapen, and Naidoo Gounden, I have the honor to state for the information of the Board, that when it is proved, that ryots cultivate lands in excess of their Pullahs, and have enjoyed the produce thereof for a series of years without notice being taken by the Curnums and Monegars, and who in many instances appropriate keervah of such cultivation to their benefit, the practice hitherto observed in this District has been to cause the assessment of such excess lands to be collected from the Ryots, for the period they enjoyed them, and to punish the Curnums with a fine agreeably to Regulation IX of 1822, for not having every year examined and checked such frauds.

2.

When certain Ryots of Courambary Village in the Tripatoor Talook, were in the habit of encroaching upon the Circar waste lands and cultivating them as belonging to their Patent, one of the Goomastahs in the Hoozoor named Soobrow, was deputed in Fusly 1252 to enquire into all

all such fraudulent practices when 27 Ryots were discovered to have carried on concealed cultivation, as noted in the Margin from Fusly 1230 to 1251 and the assessment of which, for that period amounted to Rupees 853—9—2.

3.

As the circumstances of the Ryots did not admit of collecting from them the full amount, which if enforced would be injurious to the interest of Government leniency was shown by ordering only three years assessment to be collected Rupees 269—9—9 which was below one third of the amount. The remainder Rupees 583—15—5 was remitted. It being clear that the want of attention on the part of the Curnum, to his duties afforded opportunities to the Ryots to carry on such Malpractice, he was fined in 100 Rupees agreeably to clause IV Section V Regulation IX of 1822. and the case entered in the Calendar transmitted to the Board for the Month of August 1843.

4

The Balance of assessment of the concealed cultivation against Naidoo Gounden amounted to Rupees 24—9—10 of which a remission of Rupees 10—3—4 was granted and the difference Rupees 13—13—9 was ordered to be collected from him, he paid only

only a part Viz.t Rupees 4–5–8 and for the remainder pleaded poverty. The balance against Kauráyen amounted to Rupees 96–14–1 of which Rupees 66–4–7 was remitted, and the remainder Rupees 30–9–6 was collected from him. Of the 27 Ryots, with the exception of the Petitioners, 22 paid up their balances after deducting the remission granted them, the other three individuals against whom a balance as noted in the Margin is still due, are in indigent circumstances.

In the communication alluded to the Board are of opinion that "no Ryot can be held responsible for arrears on lands cultivated in excess of his Puttah beyond the year in which the discovery is made a different course would lead to endless oppression and difficulty the Curnum and Monigar can alone be held answerable for arrears. if it can be proved that the excess cultivation was made with their knowledge and concurrence, and as is to be inferred that they benefited by the same, and the arrears should in part, or entirely be collected from them" the instructions have been observed from the date of its receipts

receipts in all cases of excess cultivation. Still I am of opinion that the practice previously observed of holding the Ryot and Curnum both responsible should not be entirely abandoned, as a Ryot could not enjoy lands in excess of his puttá without collusion with the Curnum.

6. The two Petitions which accompanied the letter under reply are herewith returned. I regret that so much delay should have occurred but they were received in May 1844 just at the time I gave over charge of the District and I was not informed till now that it remained unanswered.

Submitting Statements of the trade between Arracan, Pegue, Burmah &ca and Madras, particularly as respects the importation of Grain both into the Presidency and into the Ports Subordinate for last ten years thereon.

Sir,

1. With reference to your letter of the 17th July I have now the honor to forward the Statements therein called for, illustrative of the State of the trade between Arracan, Pegue, Burmah, &ca and Madras particularly as respects the importation of Grain both into the Residency and into the Ports subordinate to it. I regret to state that I have not been able to furnish a perfect account for the past year 1844/45 as the Statements for the subordinate ports have either not been received or have only arrived so lately as not to have afforded time to prepare the necessary Abstracts of them.

2 The accounts now forwarded embrace the period for Ten years from the year 1834/35 to the year 1843/44 both inclusive, and exhibit a complete view of the Export and Import trade with the Ports in Burmah, Arracan and Pegue not only in Grain but in the other principal articles of trade. It is necessary however to bring to the Board's notice that I have observed in preparing these accounts, that no alteration in the forms of the Statement furnished by the Reporter of External Commerce which were adopted in 1825 under the

Boards sanction having taken place since the termination of the Burmese War when Arracan came into the possession of the British Govern=ment that Province is included in one General Head with Pegue and Burmah and thus appears as a Foreign country, although it has long since become a British possession. It is therefore im=possible now to state which it would have been most desirable to do how much of the grain imported into the Madras Provinces has been brought from Arracan, or how much from the Foreign ports in the Burmese do=minions - a revision of the Forms of Statements therefore appears to be requisite for the purpose of obviating this defect -

3d From the Abstract marked C which I have also had prepared the Board will observe that the entire importation of Rice and Paddy into the Madras territories for the ten years included in the accounts now forwarded amounted to Rupees 10,814,248 of which Rupees 4,57,0,708 was imported into Madras itself, and Rupees 62,43,540 into the Subordinate Ports. The amount of Import of all other articles during that period was Rupees 27,53,356 making the total of the Import trade with those Countries Rupees 1,35,67,604 - The import of Grain, it will be seen fluctuates to a great extent and is influenced no doubt in a great measure by the state of the

Fort St. George 1st September 1845.

the seasons in this part of India, and the conse=quent rise or fall in the price of Grain in the Madras provinces. The import into all the Madras Ports in 1840/41 was Rupees 20,32,682 whereas in both the years immediately preceding and subsequent to that year it amounted to little more than 1,20,000. It appears however to have been on the whole gradually diminishing for the last four years, and in 1843/44 it amounted only to Rupees 64,837. Of this last sum the amount imported into Madras itself was Rupees 37,854 being nearly the same as the Import of Grain in the past year which though not shewn in the accompanying accounts I am enabled to state with sufficient accuracy to have amounted to about Rupees 3,97,000. -

4 So far as can be judged from accounts of those districts from which returns have been received, and from the result of only one years experience the Provisions of Act XI of 1844 do not appear to have diminished the importation of Grain into the Madras ports. The following is a Compa=rative Statement of the Import of Grain from the Ports referred to into Madras and the seve=ral districts from which the accounts have been received shewing an increase during the past year in the importation of Grain to the amount of nearly a lac and a half of Rupees. -

5 With respect to the question as to whether any restrictions which might be placed upon the importation of Rice and Paddy from Burmah and other Foreign countries, would affect the Export of articles of native and European Product to those countries, I am inclined to think from such information as I have been enabled to gather respecting the course of trade between the two countries, that it would not exercise any prejudical influence or at all events to a very partial extent, for it appears that the Export and Import trade is not carried on by the same Vessels, ie. that the Vessels which bring over Grain from Burmah and Arracan do not look for or depend upon a return cargo from Madras, and vice versa the vessels which export articles of Indian or European growth or Manufacture, as they do not usually bring over Grain would not be affected by a diminution in the demand for it in India

The

Fort St. George 1st September 1845

The Native vessels in which Grain is usually imported from the opposite Coast, for the most part take in a Cargo of Salt from some of our Northern Districts and proceed with it to Calcutta from whence they return by a Coasting voyage to the ports in Burmah or Arracan from whence they originally proceeded and they have hitherto looked to the conveyance of Salt from this Coast to Calcutta as one of the principal objects of the voyage. It is probable that the course of this trade will be materially affected by the new Regulations for the Import of Salt into Bengal because the payment of the import duty on it there will require a greater amount of ready Capital than many of the Merchants who have been hitherto engaged in its transport can command but I do not apprehend that the Exports from Madras which are very small in comparison with the Imports from those countries, and are carried by a different class of vessels would be materially affected by any reasonable degree of restriction placed upon the importation of Foreign Grain. The following Abstract account of the trade between the two Countries will serve to illustrate the subject.

The Board will observe by the above Statement that whilst the amount of Imports during the last ten years has been little short of a crore and a half of Rupees, the Export trade during the same period was only twenty nine lacs and that entirely setting aside the Import of Grain, the import in all other articles very

Fort St.ⁿ George 1.ˢᵗ.ⁿ September 1845

very nearly equals the total amount of Export It will moreover be observed on comparing the Imports and Exports in the several years, that the Exports do not appear to have depended on, or much influenced in their amount by the increase or diminution in the Imports, they have remained remarkably steady, seldom varying so much as a lac of Rupees, while the Imports in consecutive years have risen or fallen by as much as ten lacs- On referring to the list of the articles which comprise the greater part of the Exports from hence it will be seen that they principally consist of Goods for the consumption of Europeans such as wines and Liqueurs Military Accoutrements, Wearing apparel, Oilmans Stores &c.ᵃ &c.ᵃ and are not such as would be taken in exchange or consumed by the producers of Grain. The demand for them therefore, it is reasonable to suppose would not be affected by a decrease in the supply of Grain- The only exception to this worthy of notice is in the case of Cotton Piece Goods, but the Export of these has it will be observed been gradually decreasing for the last ten years- It is not to be attributed to any circumstances connected with the trade in Grain, but has been occasioned by the same causes as have effected the Export of this branch of Indian Manufacture in almost every other quarter.-

To The Collector in the Zillah of Vizagapatam

Sir,

I am directed by the Board of Revenue to inform you that your letter of the 12th June last, submitting a proposal from Messrs Arbuthnot & Co. to rent in conjunction with Mr. J. Mackenzie of Bimlipatam the Talook of Palcondah with Hooneyram has been submitted to Government. Accompanying are copies of the letter addressed by the Board to Government on the subject and of the Extract Minutes of Consultation communicated to this office in reply.

From this latter paper you will perceive that

2

with Hoonjram and calling for further information on the subject

that the Government are disposed to view the applicn of Messrs Arbuthnot & Co. favorably if due assurance can be given that the Ryots of the Estates proposed to be leased will have a just portion of the produce secured to them by the renters that they will have to pay annually only a defined and fixed rent during the currency of the renters lease that the land cultivated is not overassessed and that easy redress shall be afforded against exactions. With a view to ascertain how far these essential points can be secured the Board have been directed to call upon Messrs Arbuthnot & Co to state more fully and in detail, the nature of the agreement they may be prepared to enter into with the Ryots of the Paleondah Taloog.

3. Under these circumstances you will apply to the parties proposing to rent Paleondah some of whom it is understood are now in your District, for specific information upon the following points submitting the explanation which you may receive with your own opinion upon it and any further observations which may suggest themselves. The points on which the Board are anxious to obtain satisfactory assurance are.

1st As to the plan of management to be adopted by Messrs Arbuthnot & Co. and the nature of the engagements into which they propose to enter with the Ryots so that their demand be a defined and fixed rent and not in excess of the rates of assessment which have hitherto obtained in the Taloog.

2d That in those descriptions of lands, or cultivation which have usually been subject to a money rent payment in money and not in kind nor by division of the produce be still continued. This is peculiarly important as regards land cultivated with

as in consequence of the demand for it which may be expected the value of this sort of produce is likely to rise in the market and it is essential that the Ryot shall have the full benefit of the enhanced price and that no part of it shall be intercepted by a renter. You will be pleased to state particularly on what mode of Settlement Sugar cane land has hitherto been usually held in Paleondah your attention is also drawn to the Circular dated 13th November 1837. regulating the assessment of lands cultivated with this description of Produce.

3d That the market to the Ryot for all his produce and for sugar cane and Jaggery more especially be perfectly open that the cultivator be left at full liberty to dispose of it to any other parties European or Native and that the speculations of others in the sugar trade be subject to no obstructions.

4th That Messrs Arbuthnot & Co will use all due precautions that the Ryots be not exposed to annoyance or exaction on the part of their subordinate agents that in cases wherein the Kists due to them may not be paid they will proceed only in conformity with Regulation XXVIII, 1802, and Regulation V 1822, that they will exchange Puttahs with their Ryots and in all cases of disputes respecting rates of assessment &c. will act according to the provisions of the last named Regulation.

That

Fort St. George 4th. September 1845.

5th That they will respect all the present rates and usages of the Ryots in general and of all Village Servants in particular will continue all Mocasadar Enamdar and holders of rent free or easily assessed land according to their present rates - and that in granting waste lands for cultivation they will give them on the terms hitherto in force for such lands and with the same indulgence as to cowle which has hitherto been customary.

6th That they will pay due regard to irrigation improving all such works and keeping them in repair those intended for the irrigation of Nunjah lands generally as well as those for the supply of Sugar Cane plantations only - That all Disputes regarding irrigation which may arise between them and their undertenants be decided at the requisition of the ryots by a Punchayet under Regulation XII 1816, otherwise by the Collector of the District whose award shall be final until set aside by a Civil Court

7th That they will keep detailed accounts as has hitherto been done by the Native renter submitting copies periodically to the Collector's Office

4 Stipulations on the various points above particularized should be inserted in the Lease to be executed by Messrs.

Fort St. George 4th. September 1845

Messrs. Arbuthnot & Co. which should also contain a provision that in the event of its being hereafter discovered that any of the above conditions have not been adhered to the lease shall be resumable at the pleasure of Government at the expiration of the then current Fusly year. The Board request that you will in communication with those Gentlemen, draw up and submit a form of lease for approval.

5 Independently of the conditions to which Messrs. Arbuthnot & Co. should be required to conform in the event of the lease being granted to them there are other considerations connected with the question on which the Board are anxious to be favored with your sentiments - Of these the first and one of great importance is the light in which Messrs. Arbuthnot & Co. in their capacity of renters should be viewed under the Regulation - The Board wish for your opinion whether they would appear to you to fall under the designation of farmers of revenue mentioned in Regulation XXVII 1802 and whether Regulation XXVIII 1802, and V 1822, would apply to the transactions between them and their under Tenants -

The

Fort St. George 4th. September 1845.

6

The Board further request your opinion what in the event of a rent being given is likely to be its effect upon the condition of the Ryots in what manner they can be adequately protected from interference and exactions on the part of the renters and their agents whether the Market can remain practically open and the Ryot can be assured of realizing the same price for his produce as he would have obtained had no rent existed.

7

In para 7 of your letter of 12th June you state that "the cultivation of the proper description of lands is falling off owing to the difficulty now experienced in procuring a Market for the produce at remunerating prices and that you have no expectations that the average revenue of the Talook in future years, if it remain in the hands of Government, will be equal to that of the past" and on these grounds you have recommended that the offer of Messrs. Arbuthnot & Co. which is considerably below the average of past years be accepted. In the same letter however you state that the Talook is particularly well adapted for Sugar cane the cultivation of which might be greatly extended while from the communication of Messrs. Arbuthnot & Co. which you have

Fort St. George 4th. September 1845.

have transmitted it appears that a factory for the conversion of Jaggery into sugar of a suitable description for export to England has been lately established that arrangements have been made to provide such an addition to the Machinery now in use as will require from 40, to 45,000 Candies of Jaggery to keep the works fully employed. It is clear then, first that the demand for Sugar Cane in Palcondah now exists and will continue, and next that as far as natural advantages are concerned, the country is in a condition to meet that demand. The Board would therefore be glad to be informed of the reasons which induce you to suppose that with such prospects of its resources being extensively developed the Revenue of Palcondah is likely to decrease rather than increase if it remain in the hands of Government and that consequently it would be proper to lease out such an Estate highly improvable and which under any circumstances may be expected highly to improve at a rent below the average of preceding years. You will also be so good as to explain in what manner the main objects which Messrs. Arbuthnot & Co. propose to themselves the extension

esebension and improvement of Cane cultiva
tion are likely to be obstructed if the Estate
remain in the hands of Government, and as
in their capacity of renters Messrs. Arbuthnot
& Co. will have no right except to the assess-
ment of the land which either now is or may
hereafter be brought under cultivation, the
Board would wish to be favored with your
opinion as to what facilities are open to
them under a rent which might not be
secured without a rent by the simple expedient
of making advances if required to the
Cultivators and paying them a remunerat-
ing price for their produce as is done
exclusively in other parts of India.

8. In para 3 of the Extract
Minutes of Consultation now forwarded
it is stated that in taking into consider
ation the offer made by Messrs. Arbuthnot
& Co. and the revenue of the Talook for late
years some allowance should be made to
the former for the loss of interest sustained
by Government by the irregular payment
of the Ryots in comparison with the
certain payment of the rents as they fall
due by Messrs Arbuthnot & Co. That they may
be enabled to estimate the extent of the
advantage which will accrue to
Government

Government from this cause, the Board
beg that you will inform them what portion
of the several collections entered in the
statement given in Para 4 of your letter
was realized within the year for which
it has been carried to account, the amount
of the remainder outstanding at the close of
each Fusly and the period within which
it was recovered.

9. In the same Para of the
Extract Minutes of Consultation it is remarked
that to admit of a fair comparison it appears
reasonable that a proportion of the expense
of the Collector's Establishment and of the
Salary of the European Officers should be
charged to Palcondah in the proportion
that the revenue of that Talook bears to
the Land Revenue of the Collectorate. It is
evident that this remark will hold good
only on the supposition that the renting of
Palcondah will admit of a reduction
being made in these expenses including
the Salary of the Collector and that of his
European Subordinates otherwise those
charges will remain as before. The Board
request that you will be so good as to
state whether such reduction can be
effected and in what manner and
to what extent.

The

From Coll.r of Viz.g Nov.r 1840

Extl. Mins. Cons. 31st May 1841.

10.

The Board observe that in the year 1839, a survey and Assessment was ordered to be introduced into the Government Estates at Vizagapatam and that it was proposed to commence with Palcondah as being "considerably the largest of the Government Estates." The sum of Rupees 29,000 was sanctioned in 1841 by the Government of India for this survey. Nothing appears as yet to have been done but it is hoped that when the Guntoor Survey shall be somewhat more advanced, detailed instructions may be sent to Vizagapatam and other Districts explanatory of the System pursued in Guntoor and that the Vizagapatam and other Surveys may be at once proceeded with upon the same principles. It is remarked that the Estates of Palcondah and Hoonjeram comprise nearly half the Government lands in the Vizagapatam District and the Board would wish to be informed how the Survey could be carried out if these Estates are rented and whether supposing the Survey to be delayed until after the expiration of the rent the tendency of the lease would not be to alter the existing rates and modes of Assessment, and to deprive the Government officers of those returns of produce, cultivation, Collection &c. which form such valuable data for the information of an

an Assessment.

11

The late Zemindar of Palcondah was one of the Hill Chiefs implicated in the insurrection of 1833 and the Estate itself was forfeited to Government for the share taken by its proprietor in that rebellion. It seems particularly desirable that the people in that part of the Country should be brought into as close intercourse as possible with the European Officers of Government, and no measure appears so well adapted to promote this and as an individual Settlement with the Ryots which ensures the occasional visits of the Collector, enables and in fact obliges him to inform himself minutely of the resources of the Country and the condition of its inhabitants. Indeed in your report on the Settlement of Fusly 1252, you remark in allusion to these Estates that "the individual mode of Settlement throws the mass of the population into constant communication with the executive Officers of Government and this has an undoubted effect in preserving public tranquility." These advantages must of course be foregone under a rent, and the Board would wish to know whether referring to the passage above quoted and others of a similar purport which are to be found in the reports on the Vizagapatam Government Estates and to the general

10788 Fort St. George 4th September 1845.

general opinions therein expressed regarding the objectionable tendency of the renting System, the want of that intercourse between the Government and the people to which so much value has been attached could in your judgment be compensated by the connection likely to be maintained between Messrs. Arbuthnot & Co. as renters and their Subtenants

12, The Board will hope to be made acquainted with the result of your communication to Messrs. Arbuthnot & Co. and with your sentiments upon the other points adverted to, in the preceding Paragraph at your early convenience.

Board of Revenue
Fort St. George.

Sir,

I have the honor to forward, for the consideration and orders of the Board of Revenue, the accompanying Copy and translation of an Arzee presented to me by the Noozeed Zemindar, praying that the attachment on his Estates may be withdrawn upon his paying down 20,000 Rupees on account of the balance at present outstanding, and engaging to pay the remainder by instalments in the course of three years, commencing with the current fusly in addition to the current kists of each year—

(14)

From the Coll.r of Masulipatam } Para 1.

Submitting the application of the Zemindar of Noozeed praying this withdrawal of the attachment on his Estates on certain conditions and recommending a compliance thereto.

2.

The Estates composing the Noozeed Zemindary were attached in fusly 1254 A.D. 1844/45 on the dates, and for the balances, noted in the Margin.—

Date of attachment—

Total — 115654-11-3

3.

The Zemindar submitted two separate applications to me, of the same nature as the present, and the commencement of this year - one in February and the other in April last - but as the balance outstanding at the latter date amounted current and arrears to no less than 115654-11-3

and

Fort St. George 4th September 1845.

and as moreover I considered that it would be more becoming that he should make the proposed payment of 20000 Rupees in the first instance, and then trust to the liberality of the higher authorities for the release of his Estates, I declined for=warding his petitions, thinking it better to await the result of the years Manage=ment at the close of the fusly—

the balance of last fusly will be recovered immediately, there being available assets in deposit to the amount of about 2000 Rupees: and a balance of upwards of 15064-3-3 Rupees

4. The annexed Memorandum will shew that the balance which was outstanding on the date of the Zemindars last application has been since materially di=minished— The total amount due being Rupees 62,904-11-3: of this Rupees 6375—— will be recovered

Fort St. George 4th September 1845.

Rupees due by the Ryots of Weyoor, Madoor &c. a considerable portion of which is immediately recoverable— The amount therefore embraced in the arrangement now proposed is Rupees 56,529—11—3. exclusive of interest, deducting from which the proffered pay=ment of Rupees 20000 there will remain Rupees 36,529—11—3 to be made good by three years' instalments at the rate of about 12,200 per Annum—

5. There can be no doubt of the practicability of the Zemindars making good his agreement, from the resources of the Estates of Weyoor, Madoor and Noonnastalum alone, and at all events he will be given to understand that the payment of the 20000 Rupees must be made before the attachment is withdrawn, and that the first failure to pay up the pro=mised instalment will entail its reimposition— Under these circum=stances the Board may perhaps be induced to listen to the request of the Zemindar, who undoubtedly must be, as he represents, subjected to much personal embarrassment and inconvenience by the attachment of so many of his Estates at once—

Translation

Fort St. George 4th September 1845.

No. 1.

Translation of an Arzee addressed to R. J. Porter Esqr. Collector in the Zillah of Masulipatam by Rajah Sobhanadry Apparaw Zemindar of Noozeed &c.

Dated 11th August 1845.

It is well known to your honor that the revenue and Collections of the Zemindary Estates appertaining both to this as well as the Guntoor District have from the dreadful famine which prevailed some years ago, as well as the subsequent failure of Crops combined with a depression in the prices of grain, as also from other causes become deteriorated, by which an arrear of several Lacs of Rupees is now due to Circar on account of Peishcush, the moreover several Estates situated in this Zillah to which my Estates appertain have likewise fallen in arrear to a large amount. and that the sist and Collections of my Zemindary have from the foregoing causes fallen off considerably, I have, in order to merit the favor of the Circar, discharged the whole Peishcush upto the close of fusly 1251 both from my own property as well as from loans contracted with some individuals - In fusly 1252 even the small amount of Revenue

Fort St. George 4th September 1845.

consequent on the scanty produce in my Zemindary as well as the depression of prices was not collected in full. I was therefore obliged to contract loans from individuals to a considerable extent and discharged the Peishcush with the exception of only Rupees 19,000 and odd which was due at the end of that fusly, when I addressed an Arzee to your honor promising that I will discharge the balance by instalments &c from the Months of January 1844 together with the Current Peishcush of fusly 1253, and requesting that the Estate of Noonnastalum which was then under Zuft should be released, and you were pleased to submit my Arzee to the Board with your favorable recommendation, and with their sanction removed the attachment of the said Noonnastalum Purganah -

The Ryots of Weyore and Madoor Purganahs who had with their own consent entered into Veesabady Settlement and undertaken the rents subsequently by ill persuasions of certain persons, and with the view of benefiting themselves by illgotten gain conspired together and declined to cultivate the lands in the proper season of fusly 1253. and on

several

Fort St. George 4th September 1845

several pleas objected to the payment of revenue which caused loss to a considerable extent and the Estate consequently fell in arrear to a large amount and the 6 Purganahs of Weyore Zemindary were accordingly attached.—

Afterwards your honor in the Month of November 1844 proceeded to Madoor and on my account took a greatdeal of trouble by reconciling the ryots and making a Settlement with them after a stay of some days so as to prevent future disputes: consequently I have much confidence as your honor also must have that the current Peishcush together with the arrears according to the undermentioned instalments will be regularly discharged without failure. The arrear on account of fusly 1253 now due amounts to Rupees 55,529-"—" From the circumstance of the whole of my Zemindary Estate of Weyore being under circar Management, I am incurring much expence on account of Sibbendy charges &c and moreover am put to great inconvenience for defraying the usual expences of my Samustanum. The arrear now due to circar remains undischarged from the unavoidable causes above adverted to but

Fort St. George 4th September 1845

but not from any intentional neglect on my part. It is also well known to your honor that from adverse seasons the revenues of the Estate have not improved, and it cannot be expected that the Zufty servants will have the same interest as myself in the improvement of my Estate. If the Estate remains in my hands, it would enable me to take measures for extending cultivation and effecting a reduction in the charges of Sibbendy as far as possible. I have exerted to the utmost of my power to obtain a loan for the discharge of the whole or portion of the arrear, whereby to merit the favor of the Circar intending then to address your honor for the removal of the attachment on my Estate: but I regret that all my endeavours have been unsuccessfull as the Soucars who offered to give me a loan of 20000 Rupees now hesitate to do so under the doubt whether in consequence of there still remaining an arrear the attachment of the Estate would be removed or not. therefore if sanction is received for the removal of attachment I have no doubt of obtaining a loan of 20000 Rupees which will then be immediately paid

paid With respect to the Peishcush of fusly 1254 there is only a balance of about 3000 Rupees. and for the payment of which there is means by which the same may be realized. By the Seesabdy Settlement which has been effected, the current Peishcush as well as the remaining arrears according to the undermentioned instalments will be discharged without failure - If I should fail to do so I am well aware that it will not be for my good. as the Honorable Government, the Board of Revenue as well as your honor, entertain indulgent consideration towards the support of the ancient Zemindars such as myself without injury to our respectability and rank you all have acquired a high fame -

I therefore most respectfully beg to represent that, of the arrears now due on Weyoor Zemindary. I will pay 20,000 Rupees in ready Cash so soon as sanad for the removal of attachment is received. and the remainder within 3 years from fusly 1255 up to 1257 in equal portions together with the Current Peishcush of those fuslies respectively - I ever depend upon your honors favor and humbly represent that you will be pleased to accept my proposal and submit this arzee with your favorable recommendation to the Honorable the Board of Revenue and obtain speedily their orders for the removal of the attachment and the restoration of my Zemindary -

By granting this indulgence not only my dignity and respectability will be supported. but it will also enable me to maintain the dependants on my samud anum as well as to preserve my Estate and to ameliorate its condition -

This favor will ever be remembered and I will continue to offer up my fervent prayers to almighty to prolong your happiness prosperity and long life -

	+ 62,904-11-3	

for Fusly 1254 which the Collector expects to realize immediately -

The remainder exclusive of interest will then be Rupees 56.529-11-3. The Zemindar has offered to pay Rupees 20,000 at once being Rupees 36.529-11-3- to be made good by three annual instalments at the rate of Rupees 12200 per annum commencing from

from the Current Fusly 1255 in addition to the current Kists of each year and he has requested that on these conditions the attachment now upon his property may be withdrawn and he may be allowed to enter upon the management of it - This proposal is supported by the Collector.—

The Board consider three years too long a period for the payment of so small a balance as Rupees 36,529-11-3 but if the Zemindar will agree to the immediate payment of Rupees 20,000/- will engage to discharge the remainder in two equal annual instalments of Rupees 18,264-13-7½ each - and if the Collector is of opinion that such an engagement will be adhered to the Board will be prepared to recommend the arrangement for the sanction of Government.—

From the Collr of Masulipatam.

Submitting an application from Said Brije Mohundass for leasing out the Moturpha taxes in his Estates of Mulkacherla &c and requesting the Boards instructions on the subject.—

Para 1. I have the honor to submit for the Boards orders an application received from Said Brije Mohundass Sowcar at Masulipatam and Proprietor of the Estates of Mulkacherlah, Narrainpooram, and Doodapoody, requesting that the Moturpha Collections in the said Estates may be leased out to him at an annual sum of 60 Rupees for a term of Ten years commencing with Fusly 1255/1845/46.—

2- The Board will observe from the accompanying Statement that the average Collections from the years in the said Estates during the last 20 years Viz. from Fusly 1234/1824/25 to 1253/1843/44 amounted to Rupees 39-5-8, and for two periods of 10 years comprehended in the said period to Rupees 31-3-1 and 47-8-4 respectively.— The amount now offered exceeds the latter sum by Rupees 12-7-8.—

3. The Proprietor urges as the ground for this offer that it will relieve the payers of this tax from the annoyance which an annual enquiry of the profits derived from this class of people and the alteration of the amount of demand against them with reference to the said profits involves: but as the Moturpha Revenue has never been rented out, I am induced to submit the question for the Boards orders in order that, if the principle of renting this branch of Revenue be sanctioned, tenders, may be invited for extending it throughout the District.—

Submitting copy and translation of an arzee from certain Lumbadies engaged in carrying Salt from this District into the Nizam's territories requesting that the duty leviable upon the grain which they take with them for their own consumption may be collected as heretofore at the Ghauties thro' which they have always been accustomed to pass and not thro' Pondigal as fixed by Mr Stokes in his letter of the 21st May 1844 No 40.

Sir

Para 1 I have the honor to submit and translation of an arzee, from the Lumbadies engaged in conveying Salt from this district into the Nizam's territories, requesting that the duties leviable upon the grain which they take with them for their own consumption, may be collected as heretofore, at the Ghauties through which they have always been accustomed to pass; and that they may not be obliged to go for that purpose through Pondigal as fixed by Mr Stokes, in his letter of the 21st May 1844 No 40 as the only Ghaty through which goods liable to duty are to pass.

They urge as reasons for this

2 indulgence the distance out of their way which they will in many instances be put to, the certainty of various affrays between the different castes of Lumbadies who will thus be brought into collision

The

The reasons set forth by them appearing reasonable it is requested that the acting Collector be permitted to issue instructions that they may be permitted to pass as hereto fore thro' the usual passes and that the articles of food they convey during their journey be allowed to pass free of duty, and that pending the Board's order's the ameen of Datchapilly has been ordered to collect the usual duty at the various Pandy stations

collusion, but who now upon an understanding amongst themselves, avoid meeting by travelling by different roads, and they state that if they are required to pass through Pondigul, they will be under the necessity of relinquishing their traffic in salt and resorting to other employment in their own Country

3. As their request appear to me to be reasonable and the revenue which would be collected in the shape of duty on grain carried for their own support, would necessarily be of trifling amount, and such as would not in all probability defray the expenses of collection; I beg to recommend that I may be authorized to issue instructions that they may be permitted to pass as heretofore through the usual passes and that articles of food intended for consumption during their journey be allowed to pass free of duty.

4. I beg to inform the Board that pending their final orders on this subject, I have instructed the ameen of Datchapilly, to collect the usual duty upon the provisions at the different passes, by means of the Peons there stationed, and to allow the Lumbadies to use the customary passes.

We purchased a certain quantity of salt at the salt pans of Chinna Ganjam for exportation into the Nizam's territories near the above Ghaut, and knowing proceeded on our way to the latter place the Frontier as well as Police peons, detained us (together with four Candies of Sunnaloo which was brought as our provision) saying at the same time you had issued an order to the effect, that all articles intended for exportation or importation, should be carried on thro' the route via Datchapilly and Pondigul; but not thro' the Ghaut before-mentioned - We therefore beg to represent that we (all the Lumbadies) have hitherto been accustomed on our way from this side (Company's District) to the other side (Nizam's territories) or vice versa, to pass with our provisions Viz. Ghauts namely Cavoolah, Pottiapully, N Runambadah Mullavarum, and Gotteemookalah Ghaut. That were we to proceed now from this to Datchapilly and Pondigul for clearing the duties there, and thence to proceed to Devaracondah, Amanaty Gudduval, Seenah, Chundoor, Senkabadah, — one, being a distance of 50 or 20 Gows whereas if we proceed by the usual route our Journey then becomes facilitated being only 8 or 10 Gows. Independent of this, there is another and stronger reason namely that there is much enmity between the different sects of our religion namely Bookya, Banlanoot, Vanetiya Moothee &c. which precludes us from proceeding all together by the same route, on which account we formed a resolution formerly to take our routes as follows. Certain Podahs and Moothes by Cavoolah Ghaut, Bookya by Pottiapully N Runambadah, and Mullavarum Ghauties Banlanoot and Vanetiya by Gotteemookalah Pondigul Ramagoodam Regulagudda and Valempully Ghauties, and

and Baramut and Nunderah by Cateravaram Gamapully Odoor Mandapaud, and Chintapully Ghauties. We have always adhered to the resolution thus formed. Instances having also occurred of deviation from the above resolution and consequent affrays attended with murder among the different sects of our religion, and which were prevented by both the Company's and Nizam's Governments, whenever they took place within their respective Jurisdictions. If all the Lumbadies are to be compelled, contrary to the prevailing usage, to proceed through Pondigul merely for having brought articles liable to duty, quarrels attended with murder will be the result. We therefore beg your Honor to take the foregoing circumstances into consideration, and issue orders to the effect, either to pass thro' the several Ghauties as formerly established, or to discharge the duty in Datchapilly, and then to take our journey thro' our respective routes. If we are to proceed to different districts, namely Nunarawady and Gudduval Seenah &c. thro Pondigul Ghaut we will be subject to great expence in each Purganah on account of duty under several denominations Viz.th Sayer, Punchaitha, Addaoly, Grauah, Mettah. If on the other hand we were to take our journey thro' the usual routes, the expense will not amount to the

Fort St. George 4th September 1845

the above extent. If we are to undergo all these troubles it will occasion us to give up our Salt trade - We therefore address you all these inconveniences, trusting your honor will, after due consideration, relieve us from the inconvinience, and help by passing orders to the effect that we should discharge our duties in our usual Ghauties, and pass thro' them without any interruption whatever. If the orders solicited be refused, it will be necessary that we should relinquish our Salt trade, and earn our livelihood by being employed in some other traffic in the Nizam's territory - We therefore entreat your honor to continue the former usage, which was in force before the commencement of the Honorable Company's Government. The causes under which we are now induced to represent so far, are, that 1st proceeding by one and the same route most agreeable 2nd Enmity among the different chiefs of our journey by another. We beg your honor to take the foregoing circumstances into your serious consideration, and thus relieve us from the troubles above complained of - above are now prevented with the Sonna grain from resorting to the other side, by crossing over the river we are undergoing great hardship for want of forage for our bullocks 1200 in number. Taking these circumstances into your consideration, be pleased to pass orders for crossing the river Pekka Nagaya and others belonging to our gang submitted a petition on the 5th July 1845 by Pondigul Postoffices the contents of which might have been

To The Chief Secretary to Government -

Sir,

To the Chief Secy to Government - } 1.

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Guntoor forwarding a Petition presented to him by certain Lumbadies complaining of the inconvenience to which they will be subjected if compelled to pass from and into the District by the Pondigal route instead of by the various other ferries across the Kistna as formerly. -

(18-19)

1st P. in Cons. 30th May 1844

It should be mentioned that as the principal and indeed almost the only route by which Merchandize and articles for traffic pass from Guntoor in the Hydrabad Country and vice Versa is by Pondigal - Mr. Stokes in his revision of the Frontier Duty Establishment of his District restricted the stations for the levy of Sayer duty to that route only - At the numerous ferries or fords across the Kistna which are usually frequented by travellers only and not by Merchants, Peons were stationed to prevent the transit of goods as any arrangement for the collection of duties on these Ghauts would have entailed a heavy expense. No inconvenience appears hitherto to have resulted from the plan except in the instance of the Lumbadies whose case is now brought to notice by Mr. White and under the circumstances which he has stated the Board beg to support his recommendation that they may be permitted to proceed as heretofore thro' the usual passes and that articles of food intended for their consumption during their journey be allowed to pass free of duty. -

Collector of Vellore—

Sir,

1. A service yeomiah No 47 in Statement No 2 of 1812 of 30 Rupees per Mensem for teaching the Koran to Mussulman Boys, was continued to one Hafeez Goolam Kabee Cary eldest son of Hafeez Abdool Mahomed Caudry whose death was reported to the Board in a letter of the 20th May 1843. The maintenance of a large family depended mainly on the allowance attached.

Recommending that the yeomiah continued to one Hafiz Goolam Kabee Cary, may be transferred to the name of his son Abdool Cauder—

attached to the service performed by the holder of the yeomiah and its continuance was principally recommended on that score. complaints however have been frequently made that Hafiz Goolam Kabee Cary appropriated the whole allowance for his own use, and an arrangement was entered into by which his brother Hafeez Mahomed Fukkeroodeen was to receive 10 Rs per Mensem this was paid for a few Months and then stopped, the holder of the yeomiah declaring that the family had no claim on the allowance.—

2. Hafeez Goolam Kabee Cary is a man of most disreputable character and has twice during the last 12 Months been before the Magistrate on serious charges, and only a few days since released by the Criminal Court on security for future good conduct— strong suspicion was attached to him in many cases of attempted robbery but his swiftness of foot always left his pursuers behind.—

3. This individual is an instructor of Mussalman youths for which his bad character unfits and the bounty of Government is misapplied on so undeserving a person. I would beg therefore to recommend that the yeomiah may be transferred to the name of his son Abdool Cauder who is

10819 Fort St. George 4th September 1845.—

is reported a steady person and able to perform the service required, the Collector having the power to interfere if the family are not allowed a portion of the yeomiah allowance.—

3.

In the previous month Mr. Hallett stated to the Judges of the Foujdaree Adalut the great dissatisfaction this officer had given

given him in the performance of his duties, and that fining him would only serve as a protection to him. The little attention paid by this officer to the above warning has already been shewn in the manner he has performed his duties for the past two years.

4. It being impossible to conduct the duties of the Police of the Talook satisfactorily or to the interests of Government and the people with a person of this description as Head of Police, and who has proved himself unfit for the appointment I consider it my duty to remove him from that situation from this date.

South Arcot Collr's Cutcherry, Cuddalore, 12th August, 1845. } (Signed) W. D. Davies Collector

Ordered that the following letter be sent in reply.

To The Collector in the Southern Division of Arcot.

42-43

Sir,

To the Collector in the Southern Division of Arcot } Para 1.

Requesting him to furnish further information regarding the dismissal of Soobyah Tahsildar of Tricullore and stating that the Board regret that after having so recently drawn his attention

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 12th ultimo reporting your having dismissed Soobyah Tahsildar of Tricullore from that date.

In your letter of 31st May last you stated that you "had been compelled to

attention to the orders of Government dated 19th May 1835 it should again become necessary to remind him that it is not competent to him to dismiss a Tahseldar without their sanction also directing that Soobiah be still considered as under suspension and that his situation be not filled up nor his pay appropriated until he has received their final orders upon his case=

Letter to Sy dated 10th July 1845

to "suspend Sooby ak for neglect of duty in not
"having apprehended a single offender in any
"of the 34 cases of Robbery &c which had
"occurred in the Talook under his charge
"during the period of two years" In your letter
of 27th June you intimated it to be your intention
"to continue Sooby ak under suspension until
"the result of the measures which you had
"adopted to apprehend the offenders at large
"in his Talook be known when in the event
"of your being satisfied that the Shelter
"hitherto afforded the Robbers in that Talook
"was owing to mismanagement and want of
"energy in the performance of his Police duties
"he would be dismissed from his situation"
In your letter now under Acknowledgment
you state that you find "in reference to the
"records of your Office that Sooby ak was on
"the 14th June 1843, fined by the Joint Magistrate
"in charge in the sum of fifty Rupees and
"warned that the very next occasion his
"proceedings in the Discharge of his Police
"functions might call for similar censure
"would subject him to removal from his
"situation" that" in the previous month
"Mr Hallett had stated to the Judges
"of the Fouzdaree Adalut the great
"dissatisfaction this officer had given
"him in the performance of his duties
"and that fining him would only serve
"as a protection to him" in reference to
those

those opinions and to the manner in which
Sooby ak has performed his duties for the
last two years you state that you have
considered it your duty to remove him from
his situation from the date of your letter.

3. In reply I am directed by
the Board to state that they would be most
reluctant to interfere with any measures
which you may feel yourself called upon to
adopt for securing the tranquillity and good
order of the Province under your Management,
but they regret that the causes which you have
assigned for the removal of Sooby ak from
Office are so very general that they would
not hold themselves justified in consenting
to his dismissal without more definite
information on the subject. They observe that
more than two years have elapsed since
the Tahsildar was fined by the Joint
Magistrate in charge and since the censure
passed upon him by Mr Hallett. The
fact of Sooby ak having failed to appre=
hend any parties concerned in depreda=
tions in his Talook during the last two
years requires certainly to be explained
but it may have proceeded from causes
beyond his control. In place therefore
of resting the proposed dismissal of
Sooby ak on such general grounds as these
the Board would wish you to particularize
any

any cases, two or three will be sufficient, in which the Tahsildar has shewn himself deficient in energy and Actively explaining the circumstances attendant on such cases in detail and specifying the particular points on which that officer has exhibited any want of rigor or has omitted to adopt such precautions or take such measures as the emergency required. The Board also wish to be informed what is the proportion of serious offences committed to the number of those discovered in other Talooks of South Arcot the local features of which resemble those of Trecullore, and adverting more particularly to the course which you proposed to yourself in your letter of 24th June last whether during the three months that Soobyah has been under suspension any parties concerned in outrages committed whilst the Talook was under his charge have been apprehended and whether any thing has been elicited in respect to them tending to impeach his character or proceedings. The Board also request to be furnished with a copy of Mr. Hallett's letter to the Judges of the Sowdaree Adalut referred to in your last letter.

4. Adverting to the concluding Para of your letter to the effect that Soobyah had

had been dismissed from that date the Board direct me to express their regret that after having so recently drawn your attention to the orders of Government of 19th May 1835, it should be again necessary to remind you that it is not competent to you to dismiss a Tahsildar without the sanction of this office. The Board direct that Soobyah be still considered as under suspension and that his situation be not filled up nor his pay appropriated until you have received their final orders upon his case.

male issue, it appears he adopted on the 27th June last, as his son a lad 8 years old named Balala Ackul Naick the son of his own Brother Sashachella Ackul Naick who also died some time previously. The fact of the adoption having been fully admitted by the several members of the family and other persons as well as by the widows there is no doubt as to the sons right of succession.

3 A reference to the correspondence connected with this family noted in Mr Hallett's letter to the Board will afford them all the information on the subject they may require. Although the Board have expressed their opinion that the land income in question is liable to be resumed or determined, reference to the condition of the family or the occurrence of lapses among the incumbents yet it having been since recognized by Government, as an hereditary grant, I have only to request the authority of Government for its renewal in the name of the adopted son Balala Ackul Naick for one third share of the land &c which the deceased enjoyed out of the net income of Rupees 2,977—12—9— as exhibited

Mr. Ashton that the whole should be resumed and 15 per Cent of the value of the lands given to the Cailgars but the Board expressed themselves averse to the measure on the grounds that the tenure on which the lands were held was of the nature of a Inocadpa and that the Villages had been in possession of the family from time immemorial In 1838. the Collector on the death of one of the Sharers Venkatagawmy Ackle Naick proposed that that share should be resumed and a pension granted to the widow in lieu of it, but the Government on the recommendation of the Board were pleased to direct the continuance of the full share to the widow during her life and the refusal to resume the Cail Villages on that occasion was approved by the Court of Directors in their Despatch of 2d July 1841. To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

(46)

From the Collr. of South Arcot, Submitting a Report on the Motarpha Revenue of their District together with General Statements connected therewith as directed in the Board's letter dated 10th April 1845

Sir,

Para 1- In conformity with the directions of the Board contained in your letter of 23d Feby. 1839 Miscellaneous Records, I have the honor to forward Statements of the Motarpha Revenue prepared as directed according to the Forms furnished therewith.-

2. I beg to observe that in consequence of the Survey Establishment formerly employed having without a fair enquiry into the condition and traffic of the people, entered in the Pymash accounts the rates of Peerwah which each Motarpha Ryot paid previously in their respective Villages, and also from the local Officers having arbitrarily introduced new rates at their own will upon the new comers, it is now found that one class of people continue to pay unequal rates in the District which is clearly exhibited in the Statement.-

Nos. 1.

3. There are in a very few Villages Monegars exclusively appointed to collect the Motarpha Revenue, but in all the other Villages in this Soobah the collection of this branch of Revenue is made by the Monegars appointed

Fort St. George 4th September 1845.

appointed to collect the Land Revenue.-

4. I further beg to add, that the charge of Collection borne by Government for recovering the gross Moturpha Revenue of Rupees 12549-4-2 amount to Rupees 3034-13-4 or 7 1/2 per Cent.-

5. The proportion of Moturpha Revenue to that of Land Revenue, appears to be Rupees 1-13-7 3/10 per Cent as is more fully shewn in the enclosed Memo.- +No. 4

6. The items of Tax on Washerman, Barber, Thookey &c. noted in the Margin, appears to me to be objectionable both from the smallness of their number and from their poverty as well as the exclusion of the majority of that class from the payment of tax from a long time on this District.

Washerman 4-3-5
Barbers - 4-0-9
Thookey - 1-13-4
Basket Makers 3-15-4

7. At the same time that the Collection of this branch of revenue does not appear to fall generally on any class of the people in this District the existing rates on the principal items of Loom and Shop tax as shewn in the enclosed Memo is both unequal and heavy on some ryots and light on others.- However desirous the Collector may be to discontinue the system, yet any attempt to place it on an equal footing would be productive of general discontent, for those persons whose rates will be lowered will of course, be glad at the change, while those who will experience an addition to the rates hitherto

+Nos. 5-6-7

Fort St. George 4th September 1845.

hitherto paid by them, will protest against it, as being inconsistent with long established custom, and who it will be a matter of difficulty to convince of the equity of the revision.

8. For these reasons it appears preferable that the present System should remain undisturbed until the Board sanction the introduction of a general revision of the rates in all the Districts.-

To,

Secretary to the

Board of Revenue

Fort St. George

Sir,

From the Coll.r of Tanjore — I have the honor, in returning the enclosures of your letter of the 11th ultimo, to state for the information of the Board that it having come to the knowledge of Mr. Bishop that frauds to some esetent were being carried on in the Salt Department thro' the instrumentality of Ramalingapilly the late Salt Amildar, he thought it escpedient to examine in person some of the Salt heaps in the Negapatam Division. In the first heap of 10 garce he measured he found an esecss of 156 Mercals. in another 1 Garce and 65 Mercals. whereas in the 26 heaps sold immediately preceding and stored at the same time an average loss of 22 Mercals had been reported. Since Mr. Bishop's examination every heap of the same storing has been found to contain nearly 1/2 a Garce in esecss.

Reporting in the subject of the Petitions presented by Ramalingam pillay.

48

The account of 77 heaps sold is thus. In 26 heaps sold previous to Mr. Bishop's examination a decrease was reported of 1 Garce 22 Mercals. In the

9

S. C. B.

Fort St. George 4th September 1845.

26 following sold after Mr. Bishop's examination an excess was actually found of 12 Garce 91 Mercals. In 25 more an excess of 9-24 Mercals. These irregularities can only be attributed to connivance on the part of the Native Establishment or gross negligence, and a perusal of a rough Memo: in Mr. Bishop's hand writing which I have found among other papers connected with the enquiry which was made into the cause of decrease in the Home consumption of Salt will shew the Board the grounds on which Mr. Bishop founded his judgement of the part Ramalingum pilly took in them.

The Board require to be informed briefly of the grounds which have led me to form so unfavorable an opinion of this Servants character, and remark on the estimation he appears to have been held in by Mr. Kindersley. In reply I have to observe that Ramalingum pilly seems to have presumed upon the good opinion of Mr. Kindersley and to have fancied that it would shelter him from all impropriety, but before leaving this District in August 1841. I had reason to change the good opinion I had also held of Ramalingum pilly and Mentioned to Mr. Kindersley on his resuming charge of the District my belief in his dishonest acquisition

acquisition of wealth. The enquiries I have made since my last return to the District have satisfied me that he has long been a dishonest Servant, that contributions were levied by him from all the inferior servants in the Departments he superintended, and that thereby a license was given to them for corruption to the prejudice of the Government interests. The Board must be aware how difficult it is to obtain legal proof of corruption in such cases and how little time the Collector of this District can devote to such investigations as would elicit such proof without neglecting his other avocations. The nature of the duties of the Salt Amildar is such as to render it imperative that a man of integrity in whom confidence could be reposed should fill that situation, and I will only add the expression of my conviction that Ramalingum Pilly was not possessed of those qualifications which entitled him to the confidence required.

Memorandum by Mr. Bishop Acting Coll.r of Tanjore.

A.

A large decrease in the home consumption of Salt, and no sufficient reason assigned for the expenditure, or does there appear to have been any enquiry to ascertain the cause of loss.

In the immediate vicinity of the Negapatam pan there is a heavy decrease of upwards 20 garce. the villages in which this decrease has taken place adjoin the limits of the proposaldar, who it is generally asserted supplies the Salt, which otherwise would be brought from the circar pans. a proposal made by certain sellers confirms this supposition as they agree to take from the pans for the neighbouring Villages 39 garce more than was sold for them in 1843. In Adiahanagarum a decrease of 6 garce below the consumption of last year. This should have attracted notice and enquiry, on sending for the Salesmen in their Village he was found but all his accounts had been removed, doubtless having heard of my intention to make enquiry. the step was adopted, after much hesitation and prevarication he allowed that the Proposaldar furnished him with Salt & that when sold the prime cost of the Salt was paid him with half the amount of profit. Salt purchased for two Villages in 1843 Adiahamungalem

and

and Savady Torravasul within a mile and half of the Proposaldar's limits, amounted to 11¼ garce, no enquiry was made to ascertain why so small a demand, and an agreement is offered for 1846 to take 30 garce for these two Villages, if the proposaldar's Salt is kept out" shows pretly plainly that he has furnished the same- the amount agreed to be taken by the Proposaldar in 1842 was 11¾ garce per Month.-
in 1843 ——— 15. garce per Month.-
in 1844 ——— 12. Do ——— Do.-
In 1843 the Village of Cootoor was added to the limits of the proposaldar / Cootoor consumed from ¼ to ½ garce per month or 18 garce per annum / and he agreed to take 15 garce per months; In 1844 the same amount is agreed to be taken as was given in 1842, how can the renter supply Cootoor? he must sell the usual quantity consumed within his old limits, and where is he to get the extra 18 garce for Cootoor here is a clear loss to Government of the Cootor Sales; which the proposaldar gains, by obtaining some way or other Salt for the consumption of this Village. Had the head of the Salt department not connived at this loss to Government and gain to the renter, he is guilty of unpardonable carelessness in allowing the rent to be given at no higher rate than usual, when so large a means of consumption had been added to

renters limits, and it was his duty to make some enquiry as to how the renter could supply the demand in the new Village out of the quantity which his old limits alone would consume 12 garce and that they would consume this quantity is pretty clear from the amount of former years which varied as far as 18 garce exclusive of Cootoor - been in the habit of selling Salt there to the loss of Government which only a little enquiry would have prevented, but no enquiry was made; In the limits of the renter no sort of question is asked or any kind of enquiry made whither Salt is illicitly come by or manufactured, the renter may get together by any means in his power as much Salt as he can and he may and does send out quantities for esaternal sale which is proved beyond a doubt by the falling off in the quantity purchased at the pan for the consumption of the neighbouring villages. The main object in renting the Sales of Salt within a certain limit round the pans, appears to have been to relieve the circar from watching the illicit use of Salt stolen from the beds or made in their vicinity, leaving this duty to the renter for the protection of his own Sales, this would have been well enough if the renter had been bound not to trade in Salt (beyond his limits) which it was supposed by

by me he was, and which he acknowledges should be so, and declares to be so, tho' there is proof to the contrary, and it is acknowledged by the Amildar that the renter would be allowed to purchase as much as he pleased for export beyond his limits, still a question was never asked and no step was ever taken to ascertain whether the renter in making use of this privilege, ever abused it by sending other Salt not purchased from the pans to supply the neighbouring shops which should have been done and would have been, had not his tricks been connived at by the Amildar and others connected with the pans or if not connived at allowed to proceed without enquiry. The Villages must have been so supplied and by no other means, and this known to many, tho' now denied - I have shown that the renter is free within his limits to get as much Salt as ever he can without a question asked by any one, he lives on the spot, and I am assured that the excess in all the heaps which averages half a garce together with a quantity which is entered in the accounts of Sales as a deficiency these both go to the renter for a consideration - In all the heaps sold there is a deficiency and in measuring from among these some in a store a considerable encrease is found, but not sufficient to give all the purchasers good measure consequently there must be an irregularity in the way

of measuring to different parties by measuring it according to the circar order, and a reference to the condition of the heaps now under sale, there would be in the average 1/2 or 3/4 garce in excess to each heap, this quantity the renter gets, sends out with his salt purchased for outside trade and thence the supply of shops in the neighbourhood to the loss of the Circar; That this goes on there is proof by a Statement given by a Shop keeper in whose Village 6 garce less had been bought from the pans than in last year, who states that he was supplied regularly by the renter, and as there is no corresponding sale from the pans the fraud is clear -

In my endeavours to trace out the cause of the decreased sales I have met with not the slightest assistance from the Amildar, but on the contrary he has tried to mislead, he has never made a single suggestion of any kind either as regards the past or for bundobust in future, every account produced has been on my demanding it and to every question which related to what was obviously his duty to have done the only answer is "that it never came to his ear." I conceive that he has been negligent in the extreme

in

in the discharge of his duty shutting his eyes to the fraud which is going on within a mile of his Cutcherry, or if not, shutting his eyes; he must have been cognoscient of it & participating in the profits. It is reported that the grant of this year's rent was made to the renter who has had it 5 years running, for some consideration, others who were willing to bid having been kept back or reported not proper men; and certainly the result seems to confirm the supposition, giving him largely increased profit with a corresponding loss to Government. The Amildar for reasons best known to himself contrived to procure an order for the repayment of money to a merchant who had actually purchased salt but finding that the profits he expected would not be realized he got off his bargain, the question of repayment or not should have come to me, as was the case in another instance and declined, tho' no mention was made of a payment of a similar claim having been made already. This was irregular to say the least of it, and open to the supposition that something might have been given to the Amildar to effect the object in view - in answer to why this was done, nothing is said;

Sir,

I have the honor to acknowledge the receipt of your letter of the 5th Instant requiring to be informed of my reasons for requiring inspection of the Istimrar Puttahs of Cunnewady, Ayacoody, and Palany, and to state that I was anxious to inspect the two last named to ascertain the true boundary line of the Iyacoody estate- The zemindar claims more than the map of 1815 in my possession appears to allow him, and much more than the people consider belonged to his Zemindary

I

I believe I have discovered the true line, but cannot determine it till some such undeniable document as the Istimrar Puttah is before me- And the settlement appears to me very material to the interests of the Government and the people in that neighbourhood- I desired to have the Istimrar Puttah of Palany to act as a Check on the other, and thus have substantial evidence one way or the other- I am not so anxious to possess that for Cunniwady but should you be pleased to consider my motives for requesting the above said documents I beg to state I should prefer attested Copies to the Originals lest any loss or damage happen to the latter-

Para 1. I have the honor to acknowledge the receipt of your letter under date the 31st Ultimo transmitting a Petition from the Durmakurtahs of Parthasarady swamy Pagoda at Triplicane No. 915 of 1845, and to report, for the information of the Board of Revenue, that I have ascertained that the portion of the Pagoda wall, the Petitioners allude to, is different from that which was rebuilt under the sanction of Government of date the 25th December 1838, and that the wall in question is at present in such a state as to render its reconstruction indispensible.

From Board's Proceedings January 1839

2. Having directed the Masitries of this Office to furnish me with an Estimate of the expense required for the execution of the work, I find that it is considerably in excess of the sum applied for by the Petitioners.

3. The amount of the surplus Funds of the Institution now in deposit is Rupees 5978-10-0. In the concluding part of Para 11 of the Board's Proceedings dated 17th October 1842

To the Collector of Madras.

To the Collector of Madras—

Sir,

In Cont. 6th Sept. 1815

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 23d Ultimo, reporting on a Petition from the Dhurmakurtahs of the Triplicane Pagoda soliciting sanction for the payment of Rupees 5.000 to rebuild a part of the Compound wall of that Institution. From your letter, it appears that the sum required for the execution of the work requested by the Petitioners is considerably in excess of that for which they have applied - that is of nearly the whole of the Pagoda Funds now in deposit. The application cannot therefore be complied with, but adverting to the account which you have given, the Board request that you will inform them whether the wall in question is in such a ruinous state as to prove dangerous to the Public, and if so, what amount of outlay is required for such extent of repairs only as are necessary for Public Security.—

Para 4— You have acted properly in referring this question for our decision, but we see no objection to and to the adopting the practice of Bengal, that is permitting the notes of the Bank to be received at Provincial Treasuries, except in cases where Special reasons exist for limitting the receipt. Such notes may also be paid away from the Provincial Treasuries provided parties are willing to receive them, but not otherwise. When they are tendered in payment of Revenue the Collector will accept the Amount they should be required to remit to the Presidency in the manner proposed, and a Register should be kept as suggested. We do not deem it necessary to require persons paying in Notes to endorse them except in the case of Post Bills drawn in their favor. But with respect to Post Bills, we are of opinion that they should be received at the Provincial Treasuries only when it may suit the convenience of the Collector, and when he may require to make Remittances to the Presidency. The Register should in all instances contain the name of the party from whom the note or Bill may have been received, and also the manner in which it may be disposed of whether paid away, and if so, to whom, or remitted to the Presidency.

In acknowledging the receipt of the

the letter from the Secretary to the Board of Revenue to your address under date the 7th Instant, and transmitted for my report thereon, I have the honor to state for the information of the Most Noble the Governor in Council that in the year 1807 as a matter of indulgence the Stables alluded to by the Secretary to the Board of Revenue not being then required for other purposes were given over for the use of the Board of Revenue. In consequence however of various late arrangements in Garrison Connected with the better quartering of the European Troops &c. it has been found necessary to withdraw the indulgence formerly granted to the Board of Revenue as well as to other Departments, and individuals Residents of the Fort not entitled to this accommodation by the Regulations of the Garrison; and I regret to state that with every disposition to afford the Gentlemen of the Board of Revenue accommodation for the Cattle and conveyances, the want of sufficient Stabling in the Fort renders the measure impracticable.

(11-12)

1. I am directed by the Board of Revenue to acknowledge the receipt of a resolution of Government of 12th August last referring for the consideration and report a letter from the Military Board bearing date 15th July 1845 in which the Board request instructions whether in the preparation of grants of ground in Military Cantonments all mention of Quit rent or Assessment to be levied upon such ground might not be omitted, and the adjustment of fees be left to the Collectors of Districts and requesting that in the event of its being deemed proper that such grants should exhibit the Amount of the fees chargeable on the ground held under them, that the Military Board may be apprized of the source from which they are to derive the required information.—

2. In reply the Board instruct me to state that it appears to them to be of importance that a condition of so much consequence as the Amount of Quit rent or Assessment to be charged

Fort St. George 8th September 1845

charged on the ground for which a grant may be required should not be omitted in such grant nor be left for future adjustment. In regard to the source whence information respecting the precise amount to be charged in such case is to be produced the Board do not apprehend that there will be any difficulty in obtaining the requisite particulars from the Collector of the District in which the ground may be situated.

(Here enter 28th July 1845 No. 465)

The Most Noble the Governor in Council is of opinion that the Collector of Sea Customs at Madras ought to have collected the duty on the Cotton exported

from

from Madura, and his not doing so was not authorized by Law.

His Lordship in Council approves of the proposition of the Board of Revenue conveyed in the concluding para of their Proceedings dated 27th May 1845 and desires that instructions may accordingly be issued to the Principal Collector of Madura.

Resolution thereon.

(15-16)

Resolved that a Copy of the foregoing Extract from the Minutes of Consultation be communicated to the Principal Collector of Madura with reference to his letter dated 25th April 1845 No. 96.

The Board direct that the value of the Cotton be entered in the Principal Collector's accounts at the Tariff price of the Article, with a remark that the non Collection of duty at the Port of Danepatam where it should proper ly have been levied is owing to a misconception of Act VI of 1844 on the part of the Chokeydar of that Port.

Resolved also that a copy of Para 1 of the foregoing Extract be transmitted for

for the information of the Acting Collector of Sea Customs with reference to his letter dated 17th July last No. 196.

Para 1. Under the peculiar circumstances of the case of Cooty Ahmed brought to notice by the Acting Principal Collector of Canara in his letter of the 29th May and adverting also to the fact that the individual in question who has been reduced to the greatest distress by the loss of his Pattimar is a land holder in the Ameendevie Islands, paying revenue to Government, the Most Noble the Governor in Council is pleased to Sanction an advance of Rupees / 250 / Two hundred and Fifty to assist him in procuring another Vessel; but desires that the indulgence now granted may not be drawn into a precedent.

2. His Lordship in Council considers the period of eight years an unnecessarily long one for the repayment of the money and is of opinion that it

To the Chief Secretary to Government.

To the Chief Secry to Govt. Reporting on the Gross Collections Charges and Net Revenue for the Provinces under this Presidency for Fusly 1253.

Sir,

Para 1. I am directed by the Board of Revenue to forward for the information of the Most Noble the Governor in Council and for transmission to the Honorable the Court of Directors, the accompanying letter from the accountant General enclosing a General Statement of the Gross Collections Charges and Net Revenue of the Provinces under this Government for Fusly 1253. / 1843-44 /

2. It will be observed from the note appended to the above Statement that it includes the Collections and Charges of Punnool from the date of its assumption in Fusly 1249 to Fusly 1253. They were not brought to account in the years to which they properly belong in consequence of the accounts from Punnool not having been then received.-

3. The Grand total of Receipts for Fusly 1253 is shewn to be Rupees 5,07,80,252-9-11 and of Disbursements of every description Rupees 120,14,678-1-5. leaving a net Revenue of Rupees 382,68,574-7-7.

4. Compared with Fusly 1252 there has been an increase in the Gross Collections amounting to Rupees 23,24,582-3-2. but owing to an increase in the charges to the amount of Rupees 20,16,653-9-9. the increase in the Net Revenue has been reduced to Rupees 3,07,928-9-5 as shewn in the following Statement.-

10. In Ganjam the decrease is attributed to the low prices of grain and the consequent irregularity in the payments made by the Zemindar. In Rajahmundry to the destruction of the Crops by the excessive floods of the Godavery and the low price of Grain, which rendered insolvent a large number of Ryots and in the

the remaining Districts to the arrears at the commencement of the Fusly under review being less than that of the preceding Fusly 1252

Current.

11. The demand of Current Revenue in Fusly 1253 exceeded that of the previous Fusly by Rupees 9,22,534-9-2 and in the Collections there was an increase of Rupees 5,16,917-6-10. The Balance outstanding at the close of Fusly 1253 amounting to Rupees 37,74,419-4-1 was reduced by subsequent Collections up to the end of April 1845 to Rupees 19,87,286-4-10.

13. The increase in the Collections of Current Land Revenue occurred in the Districts noted in the Margin-

14. In Tanjore, Tinnevelly and Trichinopoly the increase arose from a rise in price, and in the Districts of Chingleput South Arcot, Nellore, Cuddapah, and Coimbatore, from an increase in the Settlement occasioned by the favorableness of the season- In Masulipatam from the Current Peishcush of certain Estates having been realized to a greater extent than in the preceding Fusly, and in Rumnad from the collection under this head of Fusly 1253 having for the first time been brought to account-

15. The decrease occurred in the Districts noted in the Margin-

16. In Rajahmundry it arose from the sum of Rupees 98691-7-10 out of the

the Collections of Pittapoor Zemindary received in Fusly 1253 having been credited on account of advances made by Government in payment of Decrees of Court, and from the destruction of Crops by the excessive floods of the Godavery, and also from the low prices of Grain- In Guntoor from the injury to the Jonna Crops by excessive falls of rain in December 1844, from low prices and from the relinquishment of lands in certain cases in consequence of the reduced circumstances of the Ryots- In Vizagapatam from the inability of certain Proprietors to discharge their Rents with punctuality- In Bellary from a decrease in the Settlement- In Ganjam from a fall in the prices of Grain- In Madura from a decrease of Cultivation in Dindigul and the restoration of the Cummewady Zemindary- In North Arcot from the Collections in the Offerings to the Tripatty Pagoda credited under this head in the preceding Fusly having for the Current Fusly ceased to be made on account of Government- In Malabar from the transfer of the Neilgherry Hills to the Collectorate of Coimbatore and in Salem from the Rents

Rists not having been punctually paid.

from the sale proceeds of Elephants taken in the Jungles.

20. The decrease occurred in the Districts noted in the margin.

21. In Malabar the decrease is chiefly attributable to the Collection of Fasly 1252 being inclusive of the revenue realized from the sale of Sandalwood produced on the Neilgherries since transferred to Coimbatore. In Bellary it arose from no Collection having been credited as in the preceding Fasly on account of Quit Rent on Bungalows, and of the resumed Saghire Villages of the servants to the Harpunhully Polygar. In Madura from less fines levied from Public Servants and less recoveries of advances for repairs of Tanks. In Nellore from diminished Collection on account of Nuzzuls and Reyroons, and from lands Cultivated but not included in the Summabundy being less than in the preceding Fasly 1253. In Ganjam from less fines levied under Regulation IX of 1822, and in Vizagapatam from less collection under this head.

Recoveries of Charges Collection of sequestered Zemindaries - 23. The decrease in the item of Recoveries of charges Collection of Sequestered Zemindaries chiefly occurred in the District of Rajahmundry, where the charges for Establishment &c. of Estates under management &c. have been defrayed from the Collections of those Estates respectively instead of being disbursed in the first instance from Government Funds as in the preceding Fasly -

Receipts on account of Company's Plantations, Sales of Land - Batta or gain by exchange - 24. The decrease under this head occurred chiefly in Masulipatam in consequence of certain Inaams belonging to the Pedadavole Zemindar having been purchased and the cost charged to Government in last year which was not the case in the year under review -

Profit and Loss - 25. Required no remark -

Recoveries of advances for Cultivation - 26. The increase is in consequence of the Collection under this head from Fasly 1249 to Fasly 1253 in Inamnoh having been credited in the latter year -

Interest on account of arrears unpaid - 27. The increase under this head arose chiefly in Madura Ganjam and Rajahmundry from the Collection of Interest on balances due by certain Zemindars -

Refund of Revenue Charges 28 - The increase under this head is in consequence of sums credited being larger than in the previous Fasly -

" 1253	13,8209-5-3-3	
Increase		1,4722-7-3.

30. In the total amount of Ordinary charges there was an increase of Rupees 258,643-10-1, but deducting the disbursements for compensation in lieu of resumed Offices Pensions and charitable allowances, Pagoda and Mosque allowances, the Net Increase was Rupees 7,0543-11-0.

31. The Net Increase of Rupees 147,822-7-3 under the head of Salary and Commission is the result of a gross increase of Rupees 1,8412-1-9 and a gross decrease of Rupees 21,589-9-6.

32. The increase under this head in Turnool is owing to the charges for five years Viz.ª from Fusly 1249 to 1253 having been debited at once in the latter year. In Tinnevelly the increase arose from the appointments of Special and Extra assistant Collectors in the year under review which was not the case in the preceding year. In Salem from deputation allowances having been drawn by the acting Principal

Principal Collector. In Cuddapah from arrears of the Principal Collector Mr. Ashton's Salary for May and June 1843 having been paid in this Fusly and from the increased rate of Salary paid to the Head assistant Collector Mr. Mayne. In Canara owing chiefly to the appointment of an Extra assistant Collector. In Bellary from the appointments of an Extra assistant and assistant Collectors. In North Arcot from the salary of the assistant Collector from 16th September 1843 to 30th June 1844 having been adjusted during the year. In South Arcot from deputation allowance having been paid to Mr. Davis while acting for the Collector Mr. Hallett. In Trichinopoly from arrears of Salary for Six months having been drawn by the Extra assistant Mr. Beauchamp. In Madura from the portion of Extra Commission to the Principal Collector charged under the Head of Layer having been transferred to that of Land Revenue and from the Salary of an Extra assistant Collector having been charged from September 1843 to 30th June 1844. In Vizagapatam from the amount paid to the Principal assistant Mr. Conway in Fusly 1253 exceeding that paid in Fusly 1252. In Chingleput from the Salary of the assistant Collectors

Collectors having been charged for a longer period in this than in the preceding year. In Madras from the salary of the Collector having been disbursed for the whole year, whereas in the preceding Fusly the Office was vacant for a Month and odd days, and in Coimbatore from the increased rate of salary paid to the Head Assistant Collector.

Decrease. 33. The Decrease in Nellore arose from a portion of Mr Stonhouse's Salary for Fusly 1253 as Principal Collector drawn at the Presidency having been adjusted in the accounts of the District within that Fusly and from the charge for the Salaries of Assistant Collectors having been less in Fusly 1253 with reference to the date of their appointment to the District than in the preceding year. In Ganjam it arose from the Salary of the Collector Mr Bannerman not having been drawn from April 1844. In Tanjore from the reduction of the Collectors Salary. In Guntoor from the Head Assistant Collectors Salary having been charged for 11 months in this year, whereas it was charged for 10 Months in the preceding year and in

in Rajahmundry from the deduction made in the Salary of Mr Smith on account of absence, and from the Salary of the Assistant Collector for two months not having been charged in this year.

Hoozoor and Districts Establishments. Increase Rupees 7,32,916-10-3.

34. The increase was chiefly in Tinnevelly, five years charges under this head having been at once debited in the accounts of the Fusly under review. In Chingleput the increase arose from the increased rate of pay to the Head Sheristadar from 1st July 1842 to 30th June 1844 having been paid in Fusly 1253. In Masulipatam from the charges incurred on account of Establishment for the Nedadavole Estate which was purchased on account of Government in May 1843 and in Trichinopoly from the Salary of the Hoozoor Sheristadar having been charged for nine months in this year, whereas the situation was vacant in the preceding year.

Sadarwared. Increase Rupees 9,713-12-11 and Extra Charges. Increase Rupees 1,888-15-1. Repairs of Tanks and Water Courses. Increase Rupees 1,26,990-14-8.

35. The increase under these heads were chiefly in Tinnevelly.

36. The increase occurred chiefly in Tinnevelly from 5 years charges

charges being debited in the year under review In Rajahmundry, Trichinopoly, Tinnevelly, Tanjore, and Chingleput, it arose from repairs to a greater extent having been made, than in the preceding year, and in Masulipatam from repairs made to the sources of irrigation in the Nedadavole Estate purchased on account of Government.

Extra charges connected with Revenue but not chargeable to any particular branch of Revenue-
Increase Rupees 44,200-- 11-

37. The increase was chiefly in Tinnevelly and Rajahmundry. In the latter District it arose from the allowances and Establishment of the Commissioner for the Northern Circars for 11 months in July 1253 having been charged under this head.

Tent Allowances-
Increase Rupees 10081-2-2-

38. The increase occurred chiefly in Tinnevelly. In Bellary it arose from the Collector not having been absent from the District as in last year, and having consequently drawn the fixed Tent allowances for the whole year, and also from having been longer on Circuit than in the preceding year. In Tanjore from the Tent allowances of Sub Collectors Messrs Daniel and Cotton for July 1252 having been debited in the accounts of this year.

The

Surgeons allowances
Increase Rupees 2629-1-9-

Compensation in lieu of resumed lands Offices and Privileges-
Increase Rupees 89,458-13-
Pensions and charitable allowances chargeable on the Revenues-
Increase Rupees 38,423-5-7-

Pagoda and Mosque allowances
Increase Rupees 2102-15-8.

39. The increase occurred under these heads has reference chiefly to Tinnevelly from the circumstance of five years charges being debited at once in the July under review.

40. The increase occurred chiefly in Tinnevelly and South Arcot. In the latter District it arose from an adjustment of certain allowances granted to several Pagodas by the Zemindar of Wodiarpollium debited under the head of deposits in the accounts up to June 1844 but since transferred to this head-

Pagoda and Mosque allowances in lieu of resumed Lands and Privileges.
Decrease Rupees 12,475-4-2.

41- The decrease occurred in North Arcot, Salem and Tinnevelly. In the first named District it arose from the allowance to the Triputty Pagoda having ceased from the commencement of July 1253, and in Salem and Tinnevelly from the disbursements of the year not comprising payments on account of arrears as was the

the case in the preceding year.

Extraordinary -

Advances for charges collection of sequestered Zemindaries - Decrease Rupees 1,458 - 1 - 8. -

42. The decrease occurred chiefly in Rajahmundry from the expenses on account of Establishment and Tuccavy for certain Estates under attachment having been defrayed from the Collections of the respective Estates, instead of being disbursed in the first instance from the Government Treasury as was the case in the preceding Fasly -

Charges on Company's Plantations purchases of lands and Profit or loss by exchange. -

Decrease Rupees 4,59,003 - 11 - 2. -

43. The decrease occurred chiefly in Masulipatam, in which District lands of the value of Rupees 30,000 were purchased on account of Government in the year under review whereas the disbursement under this head in the preceding Fasly amounted to Rupees 80,000.

Expenses on account of the Improvements in the Culture of Cotton -

Decrease Rupees 5,093 - 2 - 9 -

44. The decrease under this head arose from less expense incurred on account of the Cotton Farm established in the District of Coimbatore -

Advances for cultivation -

Increase Rupees 39,909 - 3 - 11.

45. The increase occurred in Kurnool and North Arcot. In the former previous

years charges. Viz. from Fasly 1249 to 1253 - having been debited at once in the accounts of the year under review, and in the latter from more advances having been made than in the preceding year -

In the margin.

In Kurnool the revenue of 5 years having been brought to account in the latter year is the cause of this apparently great increase. In Madras it arose from a greater number of Toddy shops having been established in the year under review. In Chingleput and Tanjore from the collection of arrears due for the previous year. In North Arcot from an increase in the rent, and realization of the demands, whereas a portion of the rent of Fusly 1252 was left uncollected pending the adjustment of claims to remission preferred by the Renter Mr. Turner. In Coimbatore chiefly from the annexation of the Nulgharies to that District and in the remaining Districts from an increase in the rent.

The Decrease occurred in the Districts noted in the Margin.

In Malabar the decrease arose

arose from the annexation of the Neilgherries to Coimbatore and in the remaining Districts from the Collection on account of arrears in the current Fusly being less than in the preceding year.

thereon. The season is represented as having commenced favorably in this Estate during the fusly under report for the Poonasa and early crops but the hopes of an abundant harvest were ultimately frustrated by the unusually excessive overflow of the River Godavery which caused considerable damage in this and the adjacent Estates. A fair return was however obtained from certain description of late sown Paddy tho' the Collector remarks that the heavy falls of rain during the N. E. Monsoon prevented the Ryots from sowing the Pyra or 3 crop and consequently the produce of the Estate was upon the whole very limited—

2. This Estate comprehends 37 Villages and the mode in which they were settled in Fusly 1253 is shewn in the annexed Statement the principle and system adopted being in all respects the same as obtained in the Government Estates and need not therefore be recapitulated on this occasion. increase in the demand of the Vepsabady Villages of Rupees 3572-1-9 compared with the result of the year preceding which is attributed by the Acting Collector partly to a reduction in the usual remissions to Village Moonsiffs and Pallanedars who had contracted their Cultivation and partly also to a considerable decrease in the Village charges amounting in the aggregate to Rupees 538-3 besides which a further sum was entered under the head of remissions of Cist for land left uncultivated

53-35
Decrease 452

4. It is stated in para 3 that the aggregate of the usual remissions and Village charges amounted to Rupees 538-3- but refering to the entries under these heads in the Statement annexed to that para it would appear that the collective amount was 621-0-9

Usual remissions 587-8-9.
Village charges 53-8-0
621-0-9

5. In the Asparah Village of Baulaistram little alteration took place as regards the general outturn of Fusslies 1253 compared with Fusly 1252 the extent of land brought under cultivation being nearly equal in both years- some injury was

was however experienced from the effects of the flood above alluded to, and there was a slight decrease in the Government share of the produce in consequence

Settlement
1252-28677-15-11
53-28153-12-0
Decrease 524-3-11

6. The Settlement of the rented Villages during the year under report exhibits a falling off of Rupees 524-3-11 the greater portion of which arose from the Village of Tautapoody held on the preceding year under Vepsabady having been rented in Fusly 1253 on a beriz amounting to Rupees 484 less than what it yielded under Vepsabady from the circumstance of a part of its cultivable land having been washed away by the river the remaining decrease was the result of the falling off in the aggregate rents of the other Villages

7. In the absence of any account particular of the several rented Villages the Board have no information regarding the period for which the rents were made on the system adopted in forming the rents but having in their review of the Settlement of his Estate for Fusslies 1251 and 1252 recorded their views as to the course which should be followed and laid down certain general rules for the guidance of the local authorities they consider it unnecessary to dilate upon the subject further in the present instance than to direct the attention of the Collector to their Proceedings adverted to

7 Augt. 1845

above

above and to direct that he will carry them into effect as far as circumstances admit in the ensuing year—

8. The total demand on all items of Revenue for Fusly 1253 exhibit an increase of Rupees 3,043–10–3 over the settlement of the year preceding. The Collections within the Fusly and subsequently to the end of October amounted in the gross to Rupees 44,613–7–1. at which date the balance was Rupees 18357–6–10 or 29–2–4 per Cent which was almost entirely due on account of Vespabady and rent—

1252–5,927–3–8
53–6,297–13–11
3,043–10–3

1–8,433–10–9.
2–8,189–4–8
16,632–15–5

9. The non realization of the Current demand is attributed by the Acting Collector to the failure of produce consequent upon the obstruction caused by the excessive and unusual floods of the Godavery and adds that the generally low rate at which the grain was selling at the time the Kists became due, also contributed to swell the amount of arrears which being chiefly due by indigent Ryots would appear to be almost wholly irrecoverable—

10 The Acting Collector observes "that in consequence of the damage caused by the flood not having been ascertained at the time it could not be satisfactorily discovered afterwards and in consequence the full Cist was obliged to be entered at the time of the Settlement without making any remission for the said loss" It would have been satisfactory to the Board to have been informed of

Fort St. George 8th September 1845

of the cause of this omission on the part of the local authorities to ascertain the extent of the injury sustained and the value of the produce destroyed as without detailed information obtained on the spot, and immediately on the event occurring it would subsequently be impracticable to estimate with any degree of accuracy the claims for remission which such a calamity would naturally give rise to at the time of settlement—

11. Exclusive of the balance of Current demand the old arrears which have accumulated since Fusly 1219 up to the close of Fusly 1252 in the Zemindary amounted at that date to the large sum of Rs. 118970–2–3 most of which is represented as totally irrecoverable from the poverty or death of the parties by whom it is due—

12. The account Current which accompanies the report exhibits the receipts of the year as amounting to Rupees 69862–6–6 and the disbursements as equalling that sum, the amount credited on account of Peishcush was Rupees 34954–7–2 the remainder being appropriated for the expenses of management and other customary charges—

13. The Statement annexed to para 13 exhibits the condition of this Estate as regards the demands of Government of the fixed Peishcush the Current Collections of Fusly 1253 only amounted to

Rs. as

to Rupees 33,789-1-3, thus adding the further sum of Rupees 20,431-7-9 to the amount of former arrears which were thus swelled to the large sum of Rupees 163,346-1-11 exclusive of the loan formerly advanced to the Zemindar by Government—

15. Since the date of the report now under review the Estate has been restored to its legal proprietor Vendevoo Soomapah pursuant to the orders of Government noted in the correspondence entered in the Margin in consequence of this individual having legally established his claim to the property—

15. The history of this Zemindary having so recently formed the subject of the correspondence above referred to renders unnecessary any recapitulation on the present occasion and it will be sufficient to observe that Government when giving effect to the decree in his favor were pleased under the peculiar circumstances of the case to view with indulgence the Zemindar's application to be relieved from the liabilities with which the Estate was encumbered and to remit the arrears of Peishcush outstanding to the close of Fusly 1253 which with interest amounted to Rupees 51,335-3-

Penapullah Para 25.

16. With respect to the Estate or Village of Penapullah it will also be sufficient to remark that the Minority of the Proprietor

Extract Cons. of Mins 22d January 1845 From Govt 15th Cons. 27th Feb. 1845 From Coll. 25th April in Cons. 15th May From D. 16th in Cons. 16th June

was held to have expired at the close of Fusly 1252 but in consequence of the Zemindar declining to assume charge or enter upon the Management of his property and being also unable to discharge the balance due the Mootah was continued under Superintendence pending the orders of Government on the proposition submitted by the Commissioner that such arrears as had accumulated during the Minority of the proprietor should be written off and the property brought to sale for the amount which had become due subsequent to his attaining his Majority, including also the amount for which the Estate was originally taken under the management of the Officers of Government

17. It will be seen from the correspondence noted in the Margin having reference to this subject generally that the course proposed met with the concurrence of Government and that the Estate was in the absence of any bidders bought in for the full amount of arrears outstanding for the periods above specified Viz Rupees 2057-6-3.

18. As regards the financial results of the Collector's Management of this property during the fusly reported upon, it may be sufficient to observe that the Vesabady Settlement amounted to Rupees 1002-3 which exceeded that of the prior year by Rupees 239-14. as shewn in para 23 and the abstract Statement annexed

annexed thereto— The total demand was Rupees 1229—8 of which only 730—8 were realized within the fusly but measures had been taken to bring to account as much of the balance then due as the circumstances of the Defaulter would allow— The Gross receipts of land Revenue inclusive of re= =covery of Tuccavie and refunds of charges were Rupees 783—4—5 and the charges of management amounted in the aggregate to Rupees 60—7—7 the remainder Viz^t Rupees 722—12—10 being credited to Government—

Peddapoor Para 28

19. The ancient Zemmindary of Pedda= =poor originally consisted of fifteen Estates or Mootahs comprehending 397 Villages and as= =sessed with an annual Peishcush of Rupees 66,817—8— at various subsequent periods however considerable dismemberments and reductions in the extent of the property have taken place by= private transfers and public sales until Fusly 1228 when it was reduced to 112 Villages bearing a permanent assessment of Rupees 196311—8— In consequence of an arrear of Peishcush having accrued the Zemmindary was in the year 1841 exposed for sale when a portion of it comprising six= Mootahs of 106 Villages paying an annual Peish= =cush Rupees 169455 was bought in by the= Collector on account of Government for Rupees 19,000 the remaining portion having been purchased by

by Row Bhawah the Mother of the Pettapoor= =Zemmindar she was allowed to enter upon the pro= =perty the terms of the sale having been legally completed.

20. In consideration however of all the circum= =stances connected with this ancient property it was eventually resolved by Government that the six= Estates bought in should be restored to the= Zemmindar but that they should be continued under attachment until the arrears then due amounting to Rupees 2,56,997—10—3 should be liquidated—

Settlement
1252—1930-12-3-10
53 1472-6-4-11-4
5,774-8-6

21. The result of the settlement of the Depar= =tady Villages is detailed in the Abstract Statement in para 32 and which exhibits a decrease of Rupees 5,774-8—6 in the Net Revenue under this head for fusly 1253 caused it would appear principally from a diminished Extent of Cultivation in consequence of the inability of the Ryots to continue their former holdings—

Rents
52 - 23369-12-11
53 - 24515-8-6
Excess 1145-11-7.

22. The Statement in the following para of the Acting Collectors letter shews the result of the rented Villages in which there was an increase of Rupees 1145-11-7. It appears however that six of the 28 Villages thus held in the year reported on were rented by the Zemindar one having been disposed of on a permanent lease for Rupees 400 per annum and the remainder were rented for various periods extending up to Fusly 1258— The account furnished with the= present report afford specific information= relative to the rents made by the Zemindar the

Board

Fort St. George 8th September 1815

Board would therefore wish to be informed of the gross amount of the Beriz of those Villages and who the parties are to whom they have been leased whether relatives of the Proprietor or otherwise of the former whether the terms are favorable as in that case considering the embarrassed position of the property they see no grounds for confirming the conditions made on their account

52-47642--9
C3-177833-3-10
4628-12-11

23 Including all items of Revenue the settlement of Fuslies 1252 and 1253 are shewn in the Margin the decrease against the latter being Rupees 4628--12--11.

24 The Permanent Peishcush to which the Estate is liable amounts to Rupees 169135 which was originally fixed as the average of 7/8ths of the assets but it would appear that a series of adverse seasons neglect of the sources of irrigation and low prices for all agricultural products combined with the disastrous effects of the storm of 1839 have contributed to reduce the present demand nearly to that sum upon the total settlement of the entire Zemindary. The Acting Collector indeed states that "the Cist of some of the Mootahs has been "reduced to the total of the Permanent Beriz and "of the others to below that of the assets"

25 The Collections realized within the fusly and subsequently as detailed in the State ment in para 35 amounted to only about 70 per

3. Although it may not become me to offer an opinion after the very decided one recorded by the Commissioner, I will presume to say that I most fully concur with him as to the inexpediency of Dusapah's re-employment in this District.

4. Without going into any tedious examination of minute particulars connected with his conduct, for which I have but little leisure, I submit that the facts alone of neglected Collections, and rents improperly given, as shewn in Mr. Elliot's Statements Nos. 1 and 2, form ample grounds for at once removing him from the Service, as incapable, in reference to the first Statement, of realizing the revenue of his Tannah, and unworthy in reference to the second, of being entrusted with any new arrangements.

5. I solicit therefore the authority of the Board to dismiss Dusapah

Guntoor
Collectors' Cutcherry
18th August 1845

[Signed] D. White.
Acting Collector.

To

Fort St. George 8th September 1845.-

No. 4 to 6 Telegoo-
No. 7-

To, D. White Esqre.
Acting Collector of
Guntoor.

Sir,

I have the honor to forward a Statement of my examination of the balances of the Chilkaloorpaud Tanah, as per Statement enclosed No. 1-

The balance from fusly 1242 to 15th March last amounted to 3,92,763—11—3 of which the following sums were stated to be recoverable.-

	Rs	a	P
Amani	44119	15	1
Rents	9621	8	4
Agrahars	702	6	5
	54443	13	10

Amani— 22848-13-11.
Rents— 16390-3-6.
Agrahars- 1224-9-3.
3,92,763—11—3.

Of this however only the small proportion noted in the Margin is due for the time of the Zemindars management- But tho' the Jew inhabitants who were present admitted the above sums to be justly due, I donot think it will be possible to recover so large an amount now that the opportunity has passed- They thought that a portion might be collected from last years produce then under charge of the Tanah authorities, and probably this has to some extent been effected- but for what remains they must not be prest too severely.-

Amani— 2022-14-
Rents— 1342-13-8
Agrahars 216—5—10
3,582—1—6

Of all the Tanahs I have examined, the

the Collections seem to have been most neglected in this one- It is unnecessary to refer to the causes in this place which are connected with the systematic attempt to discredit Mr. Stokes' management, on which I have already furnished you with most of the information that had reached me.-

I was unable to obtain the attendance of the Renters of Palapurroo, the same parties have held it on successive leases for many years, and have incurred arrears amounting to Rs. 16400—11—2- one of them is represented as being in good circumstances his name Sampanee Vencoo- The balance due on the last rent from fusly 1247 to 1250 amounting to Rs. 3,296—11—11 seems fairly demandable- The same holds good with regard to Pooloor, the renters of which for a series of years owe Rupees 10,550-10- and one of them Appanamie Bodana is said to be a man of substance.

Unfavorable as the rents given in this District have been, those in Chilkaloorpaud seem to have been settled with a more than usual disregard of the interests of Government- The enclosed List No. 2 shews those given since fusly 1253 from which you will observe the depreciated conditions that were accepted in many cases, such as Palapurroo- I pallapaud, Lawellapaud

Fort St. George 8th September 1845.

Lawellapad, Numboor, Vanegaudla, Poosteloor, & Cherkoor, Carlapollem and others - The same documents likewise bear out the allatements of the Curnums formerly sent to you of the neglect of the Collections and Systematic depreciation of the resources of many Villages, which is particularly the case in the two last enumerated Chercoor and Curlapollem - When the latter was rented anew in fusly 1253, there was still a year of the old rent to run - This was a sort of Saint arrangement among a Number of the ryots, 32 in Number, who are great Cattle breeders, and who therefore were able to turn the relinquished cultivation to account, yet no Demand was made for poollary on the lands thus employed for pasture -

Among the rented Villages is Moonepully which was nominally let to Ramchendra Curnam of Alloor in Baupatta Tanah but in reality to Baniah and Sudarshanum Curnums of Condamudy, men of so notoriously bad Characters, that Mr. Stokes is said to have forbidden their participation in any renting transactions in future - I have not seen the order in question, but if it was given it proves how much attention is paid to the Collectors' authority

Note - It is true however that Mr. Goldingham by an Order dated 5th June 1841 No. 110 directed the Ameen to place this Village in Amanie but the difference between the Dowle & the Collections was still entered as an arrear of rent & the renters Acknowledge their liability tho it would not be right to hold them to the full Conditions -

Fort St. George 8th September 1845.

authority - The Extra Collections on account of the Village shews that considerable sums were paid to secure these arrangements some of the entries being debited to "expended at Guntoor", which the Curnam states were for payments to the Sheristadar -

In my letter of 25th April I requested you to suspend the Ameen until I had completed my inquiries on account of his endeavours to thwart my proceedings - This however did not altogether produce the desired effect, for such is the Community of interest pervading the whole Native service in this District, that it is almost impossible to find an independent individual unfettered by the ties of relationship or party - Thus in the present instance, I discovered some time after the arrangement had been made, that the Peshcar ordered by you from Palnaud to take charge of the Tanah was the

suspended Ameen in law and that both he and the Head of Police at Pruttee-pand played jealously into the Ameens hands, an influence which I have reason to know is still exerted in getting up petitions from the Village Officers, Contradicting the disclosures made before me. After the state of things I have described I cannot recommend that this person should be restored. The Corruption of his administration and that of his predecessor Akiraj Boochia is manifested not only by evidence but by the ruinous condition of the Talook. His re-employment would be a certain sacrifice of the public interests.

This Taluk is I believe the only one in which a revenue Ameen, and a Head of Police have been retained with their separate Offices at the same Cutcheri. Of the necessity for the Continuance of this arrangement now that the whole Country is under the Collectors' Management, I am not aware. The retention of such an Office in addition to that of Revenue Ameen seems to be a needless expense.

Fort St. George 8th September 1845.

Under the circumstances represented in the foregoing letter, and in the Enclosures which accompany it the Board are satisfied of the general misconduct of Velledundla Dasapah Ameen of Chilkaloorpand, and accordingly approve and sanction his dismissal from his situation as solicited by the Acting Collector.

Gardens for the propogation of the Mauritius Sugar cane, I have the honor to state that I do not consider it necessary for the Government to incur the expense of such Establishments. From what I have seen, I have no doubt whatever, that it will be quite sufficient encouragement to any grower of the cane, to remit the usual Circar demand on the quantity of land that may be appropriated for the rearing of cane for cuttings, provided he is also allowed the profit arising from the sale of them.

2. The Mauritius cane, is in appearance much finer than the Common cane of the Country but we have not yet compared their saccharine qualities. all the produce that survived, having been

Fort St. George 8th September 1845.

been reserved for future planting. Even now the demand for it is great, and if, on trial, its quality is found to be superiar to their own, there is no doubt that the growers will speedily adopt it, but if it is inferior no extent of Nursery Gardens will accomplish its introduction.

3. I would propose them to allot a small portion of land in each Talook where Sugar Cane is grown (the quantity of land must depend on the extent of the average cultivation of the cane) and to remit the Circar demand upon it, on the understanding that it was to be reserved expressly for Cuttings; to enter into an engagement with the grower to sell the cuttings at a fixed price to any one who applied for them, and then to notify throughout the District, where and at what price cuttings might be procured.

Sir,

From the Pl. Collector of Coimbatore ..... } Para 1.

Submits information regarding the Foreign Currency and uncurrent Coins as requested in the Secretary's letter of the 25th Instant.

I have the honor to acknowledge the receipt of your letter of the 25th Instant desiring information as to the practicability or otherwise of refusing the reception of Foreign Currency at the Provincial Treasuries &c. and also regarding the uncurrent Coins in this District.

2. As requested I beg leave to forward a statement of the amount of the same received into this Treasury annually during the last 5 years descriptive of each Coin and by whom and from whence it was brought, as well as the causes of payment.

3. It will be observed that the amount of Foreign Coinage tendered in payment of Public revenue does not exceed Rs. 447-10-11 Pgs annum, and therefore with reference to the smallness of the sum, I am of opinion that the introduction of the proposed prohibitory measure as regards this District will be unattended with any perceptible inconvenience.

at any thing like an approximation of the amount of the Foreign and uncurrent Coins now in circulation and any estimate must therefore, of necessity, be assumed upon vague and insufficient data, but judging from the receipts of previous years it is shewn to be very trifling.-

5. Since 1840 it has not been the practice in this Office to reissue uncurrent Coins when once admitted into the Treasury - they accumulate and are periodically forwarded to the General Treasury at the Presidency with the Remittances from this District under instructions from the Accountant General.-

6. I venture the belief that the unreception or rather the rejection of any uncurrent Coin tendered in payment of the Public revenue Vide accordingly to the scale of Conversion for many years past would be deemed a positive hardship, and sensibly felt as I have reason to suppose that this species of Currency is only brought into Circulation in seasons of adversity, and that the standard value would become affected in proportion to the urgency which might dictate the necessity for its negotiation. The average annual receipts of the uncurrent Coins amount to Rupees 3,442-7-8.-

+ in Payment of Public Revenue.-

7. As a curious exemplification of the total disappearance of Gold Coins, I beg to submit the accompanying Statement which shews that the receipts of the District for the last 5 years have amounted to Rupees 12,172,886-7-9- and the proportion of Gold to this sum is 1-.12-4- for every (10,000) Ten thousand Rupees the selling price of the Gold Mohur is about 14 per cent above its standard value.-

Proceedings thereon.

Recording observations and orders on a correspondence from the Collector of Salem relative to certain Cases in which land is stated to have been cultivated without having been duly entered in the Public Accounts.

(54)

The correspondence above recorded relates to certain cases occurring in the Salem District in which land is stated to have been cultivated without having been duly entered in the Public Accounts. The first case was brought to notice by the late Principal Collector Mr. Ayleig in his letter of 11th January 1845. in which he represented that an individual by name Goorooryah had in Fusly 1253 discovered some spots of concealed cultivation in the Kistnagherry Talook, that the teerwah on these lands for 3 Years, which had been collected and carried to Account, Amounted to Rupees 337—6—3 and the Principal Collector therefore requested permission to pay to the informer one fourth of the above sum or Rupees 84—5—7 under Para 47 of the new Hookumnamah On further information being called for by the Board

it

it appeared that the Informer Goorooviah had Acted as Carcoon in Kistnagherry Talook in Fusly 1251 when he seems to have made the discovery of the concealed cultivation. He does not however Appear to have brought the Alleged fraud to notice until Fusly 1253, not being at that time in the Public employ, when he made a verbal report to Mr. Gley and on the lands in question being then measured the concealments were proved. It further appears that the asserted frauds took place in 17 Villages, and that the enquiry extended over 21 Years, or from fusly 1230 to 1251. The Jeremaish on the whole extent of land discovered including fields and portions of fields for the whole period Amounted to Rupees 2,475 1 1 of which all but that for the last 3 Fuslies was remitted, leaving a balance of Rupees 393 5 1, of which Rupees 337 6 5 have been collected and brought to Account. The investigation seems to have been conducted with great minuteness descending in some instances to a few Goomastahs of an Acre assessed at a few Annas, the cultivation of small plots like these having being traced back, it is pretended, in some cases for twenty years.

2. The Second case was brought forward by the present Collector 11th. April last, who stated that one Ramasoondy ah had given information that one Ramalingah Woodyar Inmigar of

of Rajahpollium in the Attoor Talook had concealed some of his cultivation that on enquiry the extent concealed proved to be of an Annual Assessment of Rupees 4 2 10 which from Fusly 1246 to 1253 or 6 Years Amounted to Rupees 25 1. This had been collected from the Curnum and carried to account and it was requested that one fourth of it might be given as a reward to the informer. On further reference to the Collector it appeared that the total Assessment payable by the Inmigar for 1253 (which would seem not to be in excess of his usual Bariz) was Rupees 120. the total extent of concealed cultivation for the 6 Years was Rupees 55. (tho' 25 only was ordered to be collected) Or on an average 9 Rupees per Annum which would be only from 7 to 8 per Cent upon the Inmigars usual holding a proportion too small to allow the supposition of any fraud being intended. No other lands in the same Village were incorrectly brought to account.

Col: No. 12 Colls Statement

3 The third case came to the notice of this Office in consequence of some of the parties concerned having preferred complaints in regard to the Amount of arrears in concealed cultivation demanded of them. In his letter of 29th. July Mr. Lockhart states that in the Village of Coorumbay of the Tripatoor Talook 27 Ryots were discovered to have carried on concealed cultivation for 21 Years, or from fusly 1230 to 1251. the Assessment due for that

period

period. Amounting to Rupees 853. 9 2. Of this sum Rupees 583. 15 5. has been remitted and the remainder Rupees 269 9 9. being for the last three Years of the series has been ordered to be collected.

4 On complaint being preferred by two ryots of the Village referred to in the last Para regarding the Amount of arrear for the alleged cultivation demanded from them, the Board in their letter of 6th. May 1824. informed the Collector that no Ryot should be held responsible for arrears on lands cultivated in excess of his Puttah beyond the Year in which the discovery was made. and the Petitions were sent to the Collector in order that the demand upon the Petitioners might restricted to that for Fusly 1252. From the letter from Mr. Lockhart of 29th. July last this does not appear to have been done. the Board therefore direct that unless such surplus above the demand of Fusly 1252. has been already carried to Account it be at once returned to the Petitioners and the same course be pursued in regard to all the other Ryots of the Villages from whom similar Sums may have been collected.

5. In reference to the orders of this Office (15th. May 1824) directing that the Ryot should not be held answerable for the Teerwah of concealed cultivation on any but the year in which the fraud may be discovered, the Collector (29th. July 1825) explains that "where

Fort St. George 8th. September 1825.

"when it is proved that Ryots cultivate lands in excess "of their Puttahs and have enjoyed the produce thereof "for a series of years without notice being taken "by the Curnums and Manegars, and who in many "instances appropriate the Teerwah of such cultivation "to their benefit the practice hitherto observed in his "District has been to cause the Assessment of such "excess lands to be collected from the ryots for the period "they enjoyed them, and to punish the Curnums "with a fine agreeably to Regulation IX of 1822," and he further observes that he is of opinion that the practice previously in force for holding the ryot as well as the Curnum responsible that is for the arrears of preceding years, should not be entirely abandoned. On more mature consideration however and referring more particularly to the cases reviewed in the preceding Paras, the Board feel themselves called upon altogether to prohibit the prosecution of enquiries into concealed cultivation beyond that occurring in the Fusly in which the information is given as they are convinced that the trifling Amount of revenue which might be secured to Government by carrying back the investigation into previous years cannot compensate for the annoyance which must be thereby occasioned to the Village community. In extension therefore of their

their orders of the 6th May 1844 the Board direct that enquiries instituted for the purpose of discovering cultivation omitted from the Public Accounts be restricted to the Cultivation of the Current Fusly. The fact of the alleged cultivation may then generally be ascertained by the best of all evidence, the Appearance of the land itself and the uncertainty which must attend investigation into the state of the Village in past years will be avoided. If concealed cultivation be discovered the Assessment for the year will be collected from the holder of the land, and the Village Officers may be punished under Regulation IX 1822. This course with the maintenance of a due degree of Surveillance over the Carcoons and Subordinate Talook Officers, will sufficiently protect the interests of Government, and at the same time will not be productive of annoyance to the people.

6.

In regard to the claim to reward preferred by the informants in the two first of the instances already considered, under clause 4th of the Hookummanah, it is to be remarked that as respects the first case, that of Goorooyah, the cultivation which was discovered was not that of the Year in which the information was given. This is sufficient to take the case from out of the provisions of the Hookoommanah, Clause 4th applying only to the cultivation of the Current Year. This indeed

indeed is evident from the terms of the Clause itself in which a distinction is taken between the information given at the Summahbundy, and that after the Summahbundy has been concluded, a distinction which could obviously have no meaning if the Clause be understood to refer to the concealed Cultivation of previous years. Moreover, under any circumstances, Goorooyan could have no claim, as at the time when the alleged concealment appears to have come to his Knowledge, he was temporarily in Government employ as Acting Carcoon, and it was his duty to have brought the matter forward without hope of reward as soon as it came to his notice.

The case of the informant in the second instance

Ramah

11009 Fort St. George 8th September 1845

Ramah Woodyar, so far differs from that of Yeerooniah, that as the date on which the information was given is not specified it possibly may have been some time in Fusly 1253 being the last of the years in which the alleged cultivation was carried on - the Amount however awarded on that Year is only about 4 Rupees, a fourth of which would be insignificant a Sum, that, as the Money would Appear to have been carried to account, it would not justify an application to Government for a refund of it.—

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to the Principal Collector of Salem for his information and guidance.—

Sir,

Para 1. With reference to your letter, I have the honor to report that the purchaser of the Alliginuttam Estate therein mentioned, having paid the arrear for Fusly 1253. due to Government, amounting to Rupees 3,747-8-2., the estate has, in the usual manner, been placed in his professsion.

Surplus 1152-7-10

2. The surplus sum of Rupees 1152-7-10, payable by the purchaser and due to the late Proprietor has, with the consent of both parties, been settled amongst themselves without its being paid into my Treasury, on the late Proprietor having tendered a document, stating that in consequence of his having taken Credit in his account Current with the purchaser for the said Sum, he has no claim for it against Government. I consented to this

this mode of adjustment, the whole dues of Government having been liquidated.

3. In answer to the 3d. Para, I beg to state, it does not appear, that any Estate was sold in former years at such an advanced period of the season as in the present case, but on consulting with the parties as to the arrangement most acceptable to them, the late Proprietor tendered an agreement stating that, according to the custom, which hitherto prevailed in the District, he was willing to relieve himself from all further concerns and liability for the Estate for Fusly 1254, to which the purchaser assented by giving a counter agreement, any further instruction on the subject is unnecessary, as the whole of the Government dues for Fusly 1254 have accordingly been fully liquidated.

In conclusion, I have the honor to state, as required, for the information of the Board, that of the Beriz for Fusly 1254 Amounting to Rupees 5,325-5-2, a sum of Rs. 339-2-5 is only due by the Ryots.

Sir,

(62)

In reply to your letter of the 25th. Ultimo, I have the honor to state for the information of the Board that there are no petty taxes levied in this District other than those mentioned by Mr. Bishop in his letter of the 11th. December 1843.—

The Fish rents are divided into the fisheries of rivers, and the Channels and Tanks of Villages. the latter have yielded on an average of the last 5 Years Pr. 15,347 3 11. They are certainly a burden on the people, which it would be desirable they should be relieved of. They are invariably taken by the Meerasdars to prevent the Annoyances that the introduction of strange renters would Cause, and are a loss to them by being higher than the profits obtained in return, when any return, which is rare, is obtained, for it is generally the practice for the Land holders to allow their Poracoodies and other dependants to enjoy the benefit they pray for.

Sir,

Adverting to my letter dated 24th. June last, No. 63, I have the honor to forward copy of a further address from Mr. Cowley soliciting for the reasons therein mentioned, an early settlement of the proposed transfer of the Government Forest land at Terryoot in the Wynaad Talook. I sincerely trust the Government will see fit to comply with Mr. Cowley's request. Time is of the greatest importance to him.

Calicut 1st. September 1845.

To, The Collector of Malabar.

Sir,

I take the liberty of referring you to my communication of June 16th. relating to the Government Forest land at Terryoot, wherein I begged to lay before you some slight modifications of the Terms on which The Most Noble the Governor in Council was pleased to sanction the grant, at the same time, though expressing a hope that such

such might be allowed, Agreeing to accept it upon the Terms specified by his Excell:
= lency.

To this I have not yet been favoured with a reply. The dry season is fast approaching which is the only time we can push operations, and my Co Trustees & self are most anxious to obtain possession that we may immediately commence felling the Forests.

May I therefore respectfully bring to your notice that if you can kindly represent these circumstances to His Excellency in such a manner that the Settlement of the transfer from Government may be speedily arranged, it will not only afford us the advantages of not loosing a day of the dry season so necessary to our favorable progress, but will confer on us great obligations.

Sir,

I have the honor to report that the individuals named in the margin applied to me for the purchase of certain portions of Ground belonging to Government situated in Black Town and Triplicane respectively and described in the accompanying Sketch Plans No 1 to 3. The Military Board to whom the usual reference was made on the subject, state that the ground does not encroach on any public road. The estimated value of each Spot according to the selling price in the neighbourhood is entered in the margin.

2. I request that the sanction of Government may be procured for putting up the three Spots in question at the valuation assigned to each in pursuance of the orders of Government communicated in Mr. Stephenson's letter of the 17th November 1834.

3. The usual Notification respecting the Sale will
