To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

From the Actg Collr of Ganjam } Sir,

In the Indent forwarded from this Department for Stationery required in this Collectorate for 1845 under date the 3rd January last, fifty quires of Foolscap Paper were applied for, but forty only have been supplied by the Superintendent of Stationery being, he states, the entire quantity passed by the Board of Revenue.

This deficit in the supply has greatly embarrassed the Office, and much inconvenience arises therefrom. The quantity sent being only equal to eight months Consumption, and no Paper of this description now remaining on hand.

I do myself the honor to request therefore, that as soon as practicable you will take the necessary steps to obtain the supply of ten additional quires of Foolscap Paper. I beg also that orders be given to forward the same to this Office by Banghy in convenient lots.

Proceedings thereon-1.

Stating that the Board are opposed to any deduction being made in certain items of Revenue complained of by the Ryots of the Ellore & Cavally Mootahs in the District of Masulipatam, & directing that the payment be made as heretofore & that if necessary measures be taken to enforce its realization.

Fort St. George 27th October 1845.

Read again letter from the Collector of Masulipatam reporting on Petitions presented by certain Ryots attached to the Mootahs of Ellore and Cavally in that District complaining of the unauthorized assessment of certain specified items of Revenue.—

The Petitioners in their address to the Board have raised objections to the payment of certain Village Charges which they assert have been levied without due authority since Fusly 1237- On referring to Mr. Porter's Report it will be seen that the items in question which are enumerated in para 4 of his letter have been assessed for a series of years past tho' not under the precise denominations as they now appear in the accounts of these Mootahs and that on the Estates becoming the property by purchase of the late Zemindar in Fusly 1214 / 1804-5 arrangements were entered into by him with the Ryots for adjusting the charges to their present standard which is shewn in many instances to have been fixed considerably below the old amount which they had previously paid either directly or indirectly, thus assimilating throughout the whole of the Mootahs under

Fort St.e George 27th October 1845

under his controul a uniform system and scale of Collections.—

2— In Fusly 1237 the Estates falling in arrear of Revenue were taken under attachment when the majority of the items objected to underwent an investigation by the then Collector and it appears that the several charges were entered from that date in the annual settlement accounts and the amount realized up to Fusly 1251 was carried to the Credit of the Estate since which period it is stated that the Ryots have strenuously resisted the Demand against them for payment of these several items.—

3— The Board however concur in the opinion expressed by the Collector that the Ryots have no just grounds for representing the items in question to be either unusual or excessive—it being evident from the old accounts quoted by Mr. Porter that from a remote period corresponding charges have been assessed upon the Villages tho' since their transfer to the late Proprietor great reductions have been made by him when the Demand was deemed unduly heavy. The reduced scale thus fixed would appear to have been unhesitatingly

paid

Fort St.e George 27th October 1845.

paid during his administration by the Ryots who have, since the Estates fell under Govt. management demurred to the demand altho' in many instances it would seem to have been placed on the same footing as obtains in adjoining Mootahs, where it is collected by the proprietor without hesitation on the part of the people.—

Under these circumstances the Board are opposed to any deductions being made in the items of Revenue referred to by the Petitioners and they direct that the payment heretofore, and that if necessary be made as measures be taken to enforce its realization.

4— Adverting to the proposition advanced in para 22 of the report by Mr. Porter relative to a more even and regular apportionment of the sum of Rupees 639-4-0 among the several Villages of the Ellore and Cavully Mootahs, the Board would observe that it does not appear to them desirable to modify in the manner proposed the system introduced by the Zemindar which it may be presumed was found to work well when the Estates were in his possession, and they therefore deem it more expedient to continue the hitherto prevailing system, rather than at

present

Fort St. George 27th October 1845.

present to sanction the introduction of the proposition now suggested.

5.— Under the above view of the subject brought under consideration the Board resolve to record the following Endorsement on the several Petitions which accompanied the foregoing correspondence.

Endorsement.

The Petitioners are referred to the Collector of Masulipatam to whom the orders of the Board of Revenue have been communicated on the subjects of their Petitions.

Read again letter from the Acting Collector of Guntoor dated 10th Inst. entered in Consultation 16 Instant.

Ordered that the following letter be sent in reply.—

7

To The Head Asst. Collector in Charge of Guntoor

To the Hd. Asst. Coll.r in charge of Guntoor Sir,

I am directed by the Board of Revenue to acknowledge the receipt of the letter of the late Acting Collector of the 10th instant requesting authority to pay to the Acting Head Sheristadar Darwan Strenevasa Row the salary

in Con.n 16th Octr. 1845

salary of that officer in arrears from the day of his appointment, and in reply to convey to you their sanction for the proposed disbursement.

2. In their proceedings of this days date the Board have directed the dismissal of the suspended Sheristadar N. Shashagherry Row, from the receipt of those Proceedings at Guntoor. In the present state of the District it is obviously of importance that this appointment be permanently filled as soon as possible and adverting to the opinion which appears to have been entertained of Strenevasa Row both by Mr. White and Mr. Stokes, the Board think it desirable that unless you are aware of any objection he should be considered as having been confirmed as Head Sheristadar from the date of the final removal of Shashagerry Row.

Proceedings thereon, Para 1.

In their Proceedings of 25th September 1845 the Board after reviewing the

Directing the

the dismissal of Shashagherry Row Head Sheristadar in Guntoor

In Cons 14 Augt 1825 Para 10

the conduct of Shashagherry Row as laid before them in the report of the Acting Collector of the 10th of the preceding July, gave it as their opinion that before final orders were passed upon the case, the misconduct of that individual and more particularly his participation in the extensive corruption brought to notice in Para 26 of the report should be fully investigated, with a view to charges being preferred against him under Regulation IX 1822. They therefore directed that the Acting Collector should select those instances in which the evidence was complete, and after closing his proceedings either pass sentence himself, or if the delinquency of the accused appeared of such a nature as to require his punishment by that tribunal commit him for trial before the Criminal Court. In the same Proceedings adverting to the fourth head of charge against the Head Sheristadar that of his having received bribes to a large amount from the Vaspareddy Zemindar Ramanadah Baboo, the Board also expressed their opinion that altho' the case as then presented to them was incomplete, and the prosecution of the charge was not without its difficulties, yet that these might perhaps be overcome on further enquiry which might elicit circumstances corroborative of

14019 Fort St. George 27th October 1825.

of the zemindar's statement, and give to the whole case such internal probability and consistency as would be sufficient to establish the guilt of the accused.

2. In his letter now under consideration the Acting Collector represents that tho' fully impressed that it is highly desirable both for the ends of public justice and for the sake of example that Shashagherry Row should be severely punished he yet regrets that the Board should have ordered the prosecution of further enquiry both because he anticipates failure, and because the immediate dismissal of the Head Sheristadar would in his opinion have a much better public effect than the adoption of a similar measure after his acquittal upon charges under Regulation IX 1822. Mr. White proceeds to explain that the particulars of the corruption given in Para 26 of his previous Report were cited by him as specimens of the extent to which extra Collections had been made by the Village servants and tho' these are such

as

Fort St. George 27th October 1845.

as could scarcely have had place without the connivance of the Head Sheristadar yet they do not, except in two instances, directly implicate him. In the two cases alluded to being those wherein the Curnams of two Villages deposed before the Commissioner to their having paid bribes direct to the Sheristadar, those parties have subsequently addressed petitions to Government retracting the whole of their former assertions. No proceedings are therefore, the Acting Collector states, practicable against the Sheristadar as regards his connection with the frauds above referred to.

3. In respect to the receipt of bribes from Ramanada Baboo the Acting Collector had in a previous letter stated that he thought there was sufficient evidence for conviction upon that charge and that should the Board desire it he would be prepared to pass sentence in the case, altho' it was not one which should in his judgment be selected for punishment. In his present communication Mr. White repeats the opinion he had before given, and expresses his hope that the Board do

19th Augt 1845
in Con. 25 Sept. 1845

do not intend to press a Conviction in this instance.

4. On receipt of the letter now recorded the Board have carefully reconsidered the Report of the Acting Collector of 10th July last.

inbont 11th augt 1845.

From the general tenor of Paras 11 to 26 of that communication they had been led to suppose that adverting to the extensive Corruption therein developed other instances of malversation besides those of Puttipaud and Cherkoor might have been elicited in the Course of the enquiry on which Charges might be instituted against the Head Sheristadar under Regulation IX 1822.

From the letter of the Acting Collector now before them such would seem not to be the Case. The only instances of such direct participation on the part of Shashagherry Row in the Corruption already noticed as would be punishable under the provisions of that Regulation appear to be those which have since failed from the fears or duplicity of the former accusers, and the sole remaining charge susceptible of prosecution is the alleged receipt of bribes from Ramanadaha Baboo.

5. Under these circumstances the Board feel constrained to acquiesce in the opinion of Mr. White that further proceedings against the Head

Fort St. George 27th October 1845.

Head Sheristadar would not be expedient From the unworthy character of the Zemindar himself and from the nature of the proofs by which his accusation against Shashagherry Row is supported the result of a prosecution upon this charge must be admitted to be at least doubtful, whether Conducted by the Officer in charge of the District with appeal to the Board, or as so serious an accusation would almost seem to demand before the Criminal Court were the Sheristadar to be tried upon this and other charges some of which were susceptible of being established, the failure on this particular head would be of the less moment but it is otherwise when this is the only charge and the Board feel that it would not be advisable to risk the chance of impairing the effect to be expected from the dismissal of Shashagherry Row by Causing him to be arraigned in any single charge of such uncertain issue other considerations combine to strengthen them in the view which they have taken the offence of receiving bribes from the Zemindar great as it is, has no immediate connexion with the main grounds on which the dismissal of Shashagherry Row from public employment must

rest

Fort St. George 27th October 1845.

rest upon his systematic attempts to undermine the European authority in Guntoor and to depreciate the resources of the District and the case therefore is as Mr. White has justly remarked not one which should be selected for punishment or prosecuted with the risk of failure in the absence of all other Charges. The present Condition of Guntoor renders it most desirable to eradicate as soon as possible the baneful influence which must Continue to exert itself until the final removal of the Head Sheristadar. The Acting Collector by whom the Proceedings have hitherto been conducted has been compelled by sickness to quit the District and the Head Assistant now invested with the sole management of it can have but little leisure for other than Current duties. Under all these circumstances the Board will not urge the prosecution of further proceedings against the Head Sheristadar but direct that he be dismissed from office on receipt of these proceedings at Guntoor.

Para 1. I am directed by the Board of Revenue to request that you will submit for the orders of the Most Noble the the Governor in Council the accompanying correspondence with the Acting Collector of Cuddapah respecting the rate of Conversion to be observed in Calculating the Peishcush of the Vencatagherry Zemindary in his District

From this it will be seen that

2 the Peishcush of the Vencatagherry Estate was originally fixed in Mitta Pagodas at the time that the country was first ceded to Government and was payable in any Coins at the rate of exchange of 1-3-3 Cant.a Pagoda for the Mittoo Pagoda In Fusly 1214 or 1805 this rate was raised by order of Colonel Munro to Cant.a Pagodas 1-3-4, the Peishcush 3932 3/4 Mitta Pagodas thus became equivalent to Cant.a Pagodas 5210-8-15, or at Rs. 2-15-3 to the Cant.a Pagoda, to Rupees 15439-11-0 at which amount it has been paid by the Zemindar to the present time

From Bellary 2d inclosure 25th Novr 1843.
To Government 16th January 1844.
From Dc 10th inclosure 22d February 1844.

3. From the Correspondence noted in the Margin it will be perceived that until very

Fort St. George 27th October 1845

very recently the revenue throughout the ceded Districts was collected at the rate 3 6 of the Cant: Pagoda for the Rupee or 2 15 3 to the Cant: Pagoda, of which Rupees 2 14 8 being the true value of the Cant: Pagoda was credited as Land Revenue and the remaining 7 pice per Cant: Pagoda carried to account as Batta or gain by exchange— Under the orders of Government in Extract Minutes of Consultation 10th February 1844 this practice has been discontinued and the Cant: Pagoda is now calculated as equivalent to Rupees 2 14 8 The Peishcush on the Venkatagherry Estate having however originally been fixed in Mitta Pagodas no alteration has been made in the rate at which the Cant: Pagodas representing them have hitherto been converted into Rupees Of the total amount paid by the Zemindar being Rupees 15,439 11 Rupees 15198 7 1 have been Credited as Peishcush and remaining 241 3 11 Carried to account as gain by exchange Mr. Cochrane now requests instructions whether—

in Cons. 22nd July 1844.

1st The Peishcush shall be calculated at the present actual value of the Mitta Pagoda as shewn in the Statement furnished by the Accountant General, Viz: 100 Mitta Pagodas=

Fort St. George 27th October 1845.

Pagodas= Rupees 398 13 5, at which rate the amount payable by the Zemindar would be Rupees 15686 5 3, or Rupees 245 10 3 beyond that which he now pays—

2nd Whether it shall continue to be converted from Mitta into Cant: Pagodas, at the rate which now obtains and this again as hitherto into Rupees at 2 15 3 per Cant: Pagoda the Peishcush then remaining as it present Viz: Rupees 15,439 11 —

× 1 Mitta P. 1 3 4 Cant: P.

3dly Whether the same number of canteroy Pagodas 5210 8 15 shall be converted into Rupees at their present actual value Viz: Rs 2 14 8 per Cant: Pagoda the Peishcush being thus reduced to Rupees 15198 7 1 or Rupees 241 3 11 below that now paid—

4. From the Statements of uncurrent Coins lately furnished from the ceded Districts it appears that in Bellary Mitta Pagodas to the value of Rupees 730 only were paid into the Treasury during a period of 5 Years and that in Cuddapah only one single Coin of that description was paid during the same time The Mitta Pagoda being now therefore little more than a nominal Coin, the Value at present assigned to it in the late Statement of the Accountant General can obviously be no Standard whereby to

Fort St. George 27th October 1845

to estimate the prospective value in Rupees of the Vencatagherry Peishcush. The rate of Conversion established between the Canteroy and Mitta Pagoda in 1804 or shortly after the assumption of the Country, and since unaltered should in the opinion of the Board be regarded as Correct, and as in all other parts of the Ceded Districts the value of the Cant: Pagoda is now recognized at Rupees 2-14-8 it appears to the Board that there can be no reason why the Vencatagherry Zemindary should be made an exception.

They therefore beg to recommend that its Peishcush Viz.t 3922 3/4 Mitta or Cant: Pagodas 5,210-8-15 be Converted into Rupees at the rate of Rupees 2-14-8 to the Cant: Pagoda and be thus fixed at Rupees 15,198-7-1 and that the sum Rupees 241-3-11 now carried to account as batta or gain by exchange be remitted to the Proprietor.

8. The Board beg to add that there is no other Estate in Cuddapah of which the Peishcush is fixed in Mitta Pagodas.

Board of Revenue
Fort St. George

Sir,

I have the honor to acknowledge the receipt of your letter dated 12th June last, regarding the claim of Vencut Row the brother of the Jaghiredar of Arnee to a share of the revenue of the Jaghire. The Board deem it desirable that some arrangement should be made to enable Vencut Row Saib to live independently, in a manner consistent with his station in life, so as to render all further reference on the subject unnecessary.

Vencut Row's claim extends to a moiety of the Net revenues of the Jaghire which he says would be Rupees 2,000 per Mensem. It appears from his letter to my address that he has refused a separate allowance of 250 Rupees per Mensem and considers that 1000 Rupees per Mensem is the least that should be allowed him under these circumstances and not being of opinion that the terms of the grant to the Jaghiredar reserved to Vencut Row an absolute right, to an independent

independent, and separate allowance, I could only advise him, as ordered by Government, "to submit "himself to the Head of the family and accept "whatever his brother upon a just consideration "of his wants and reasonable expenses may see "allot to him."

3. I do not understand Vencut Row to be entirely without resources, and adverting to the means understood to have been resorted to by him to make himself independent of the Jaghire=dar as noticed in former correspondence, I do not think that the Jaghiredar would be acting "in disregard of the Conditions on which his Estate was Conferred on him" in refusing to allow Vencut Row a larger stipend. If however the latter thinks otherwise the Civil Courts are open to him and I would suggest that he be referred to them in order to its being decided what rights he really has reserved to him by the terms of the grant, as I do not consider that his case is such as to Require further interference at present in his favor.

Honored Sir,

Agreeable to your instructions given when I visited you at Chittoor, I have presented my Petition to the Board of Revenue who were kind enough to forward to you to make an amicable settlement between me and my brother the Jaggeerdar of Arnee in granting a suitable Provision for my maintenance as was directed by Government on the 13th of January last who is still unsettled and puts me into great misery life without any consider=ation of my father's will or his agreement, made thro' the means of my Mother, in which he stated that he will allow me half the Income of the Jaghire after defraying all expenses for Peishcush, Servants wages &c which will amount to Rupees 2000 pr Mensem for my share as Mr Shubrick the late Sub=Collector having Called upon all the accounts of the Jaggeer and Calculated minutely my daily and Monthly expences and recommended by that accounts to receive an allowance of

Rupees

Rupees 800 per mensem, which amounts to Rupees 9600 ... per annum, while my expences incurred to that extent by the fair trial of Mr. Shubrick how could be possible of my accepting the 250 Rupees offered by my Brother who is determined to see me in misery life and to disgrace my character.

Under the above circumstances the Government, Board of Revenue and the collector will not put me into such embarrasment without consideration of my Birth, rank and life merely to possess himself the whole Income of the Jaggeer to the extent of Rupees 100,000 and the other Brother to disturb for his maintenance during a period of 3 Years without any Justice for his Complaint.

I therefore request you will have the goodness to do me Justice in allowing me at least 1000 Rupees per mensem, when my Brother will have the whole Income and Engagement of the Jaggeer without any destrub, by doing this act of benevolence I will not for ever cease to pray for your honor's long life and happiness.

Para 1. With reference to the order of Government endorsed on the Petitions noted in the Margin, I am directed by the Board of Revenue to Submit the accompanying report from the Sub Collector in charge of South Arcot stating that the Petitioner Narraina Auchary would appear to be a Collateral descendant of the Original Grantees of the Shrotriem Village of Kennamore and that he is not aware of any valid objection to his claim to a share if the grant being referred for the decision of the Civil Courts.

2. Adverting to the Register of Enams quoted in Mr. Wood's letter it appears that the Village in question of the annual estimated value of Rupees 550 paying a yearly Shrotriem rent of Rs. 123-8-7. was conferred for Maintenance by the Nabob Wallajah and that although the original Purvanah has been lost it was continued to the parties in consequence of the documents subsequently given

given by the authorities of Government which were in their possession. The Board therefore consider that the case of the Petitioner falls within the provisions of Regulation IV of 1831.-

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of the letter of the Sub Collector in charge under date the 3d Instant furnishing further information in regard to the conduct of Soobiah Tahsildar of the Pricullore Talook in your District.-

2. From this it appears that in several instances Crimes Committed in the Talook under Soobiah's management, and reported to him were not communicated by him to the Huzzoor, and that offenders whom he had failed to apprehend, have since been discovered by

by his successor and forwarded with such evidence as to lead to their conviction, to the Criminal Court, stolen property in several cases having also been recovered. 3. In reference to the concluding Para. of Mr. Wood's letter the Board direct me to draw your attention to their letter to South Arcot of the 24th September 1838, in which it was distinctly explained that whether the fault found with a Tahsildar relate to the Department of Police or of Revenue the Collector should not omit to report the case for the order of the Board before inflicting the punishment of dismissal.-

Proceedings thereon.

Relative to the Management of the Extra Sources of Revenue in the District of Trichinopoly for Fusly 1254 1844/45.

Owing to the abolition of the Town and transit duties by the operation of Act VI of 1844. and the decline in the Revenue derived from Ab Karry Sundry Small Farms and licences and Stamps, the settlement of the Extra Sources of Revenue in the district of Trichinopoly for the period under report fell below that of the preceding by by Rupees 1,04,426-11-6- as will be seen from the Annexed Statement.-

2. The demand on account of the Ab Karry farm Amounted in the year under report to Rupees 18355- - - which was less than that obtained in fusly 1253 by Rupees 1720- - - This decrease is attributed by the Collector to the removal of five Shops established in the vicinity of the Cantonment of Trichinopoly which were found to operate prejudicially to the discipline of the European soldiery Stationed at that place.-

3. The Gross Collections under this head including Current and arrears amounted to Rupees 18903-13-11, which sum in the absence of any Charges, constituted the Net Revenue from this source and fell below the Net Revenue of the prior fusly by Rupees 1650-6-8.

4. The Demand of the Sundry Small farms and licences exclusive of Pank fisheries exhibits a decrease of Rupees 893-3-4. The deficiency was in a great degree nominal, being the result of the adjustment of the accounts of the year in accordance with the instructions of the Board in their Proceedings dated 31st October 1844. The demand on account of this item of Revenue exhibits an actual increase above the past years Amounting to Rupees 504-13-1- as shewn in the Margin.-

6. The Moturpha settlement for the period under consideration yielded a Revenue amounting to Rupees 6370-14-11 which was above that of the antecedent year by Rupees 373-3-9. This excess was the result of an actual increase in the loom tax and a transfer to this head of certain taxes entered previously in the account of Small farms and of a decrease caused by the emigration of certain Weavers and transfer of certain Moturpha items to the head of Sundry Small farms and licences as shewn in the marginal entry.-

8. In consequence of the discontinuance of the sale of Sayer Rowannahs the revenue under this head exhibited a decrease of Rupees 4835-15-a This falling off however was in some degree counterbalanced by the increase of Rupees 1082-11-9 in the Value of Law Papers disposed of in

9.

The charges incurred on account of Stamps amounted to Rupees 2893-4-11 being above the disbursements of the past year by Rupees 2318-7-6. The cause for this increase in the charges has not been stated and the Board request the Collector will explain at his early convenience the necessity for so large an addition.-

Tank Fisheries

During the year under review the Collector remarks that the item Tank fesheries has been entered as a distinct head of Extra Revenue. In fusly 1253 the amount derived from this item was credited jointly to the Moturpha & Small farms and was inconsiderable in Amount, but in consequence of more care and attention having been bestowed on this branch during fusly 1254 the Collections were in excess of the past year by Rupees 218-9-5.-

12

The Board would remark that in disposing of the rents of the trifling amount usually obtained from Tank fesheries it is desirable that as far as possible the preference should be given to the Merasidars themselves rather than that strangers should be encouraged to take them and they request that the Collector will bear this rule in mind in the future disposal of these Minor rents.-

13.

The whole demand on account of

of Extra Sources of Revenue for fusly 1254 amounting to Rupees 38851-2-6. was realized in full and while the settlement of the year under report fell below that of the past year by Rupees 104426-11-6 the actual decline exclusive of the decrease occasioned by the operation of Act VI of 44 is calculated only at Rupees 842-8-10. This deficiency is more than made up by the diminution in the disbursements of the year under report whereby the Net Revenue of fusly 1254 exceeds that of the antecedent fusly by Rupees 513-3-11. as exhibited in the Margin.-

Cons. 23d Oct. 1845

1- I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Trichinopoly forwarding a Statement of the Dasturum balances of 25 years Standing amounting to Rupees 5,213-13-" due by the Ryots who cultivated the Dasturum lands and Rented Topes &c belonging to the Several religious Institutions in his District from fusly 1231-1250 and recommending that they may be written off in the public Accounts.

2- Of the total Amount of Balance Rupees 4,008-6-2 are ranked as "irrecoverable" and the remainder (Rs. 1205-6-10) as "recoverable by distraint of property."

3- Of the irrecoverable portion, Rupees 2,187-14-2½ is due by parties who are for the Most part dead or have absconded and profess no property. Of the remaining sum (Rs. 1,820-7-11½) under that

that head, ranked "as disputed," a portion is said to be due upon lands which were held at different tenures by several ryots, and Mr. Onslow States, it is a matter of impossibility to discover by whom the sums are due. Another portion, headed, is a demand on lands on which the crops are said to have pereished, and that a third is a claim preferred against certain basket boatmen for exercising the craft of ferrymen which they resist and which cannot be legally enforced.

4. The remaining portion Rupees 6705-6-10) of the balance is that classed under the head of "recoverable by distraint of property." but adverting to the length of time which has elapsed and the distress which any compulsory measure is likely to occasion, the Board concur in opinion with the Collector that the demand should not be enforced, and they accordingly beg to recommend that sanction may be granted for writing off the whole amount of Rupees 5,213 — 13 — " in the accounts.

information therein called for in regard to the Panavaly Zemindary.

2. In respect to the first point adverted to by Government Viz.t as to the Will said to have been left by the late Zemindar and the circumstances under which it was executed Mr. Thomas states that the document may possibly be genuine, but he then proceeds to assign reasons which induce him to doubt whether it is so such as that the Testator quite a young man was always under the Strict surveillance of his uncle that he was deficient in natural ability and seemed unlikely to take such a step that he was taken ill suddenly and died unexpectedly and tho' the Will bears his signature it was signed on his death bed and when he was scarcely conscious. It is evident that the point at issue is whether under all the circumstances attendant upon the execution of the Will taken conjointly, that instrument can or cannot be considered to have been executed by the Zemindar voluntarily and with clear Knowledge of its purport and whether it can or cannot therefore be held valid and on this point the Collector has certainly not given a decisive opinion.

3. In regard to the second point Viz.t whether there be any precedent in the succession of

of the Southern Polygars applicable to the present question and whether there be any law or ancient usage regarding inheritance peculiar to that class, Mr. Thomas states that he is not aware of any. He however repeats his opinion in favor of the claim of the Widow in preference to that of the half brother of the last incumbent, and in support of his views refers to two decrees one of the Sudr and one of the Southern Provincial Court. As also to the practice which has obtained in several of the Zemindaries both in Tinnevelly and Madura.

4. The Decrees submitted by the Collector do not appear to the Board to be altogether in point and in the only suit which was carried before the Sudr Adawlut the question whether the right of the Widow or brother were preferable, was not brought to issue at all. In the instances cited from his own and the adjoining District tho' the Zemindaries referred to are undoubtedly held by females it is not shown whether they have succeeded in preference to the brothers or other male relatives of the former incumbents nor whether in those cases there had been any division of patrimony and these are of course material points. The circumstances of one of the Estates quoted, Singumpatty, have indeed recently been

brought before the Board, and make altogether against Mr. Thomas's position as in that case Periya Sawmy Taver a cousin only of the former Zemindar Seevagoo Bramaneya Taver succeeded by a decree in the Southern Provincial Court confirmed by Sudr Adawlut in ousting the Widow of this latter party and held the Estate until he was executed for murder in 1834. when it again fell into the possession of a female proprietor.

5. The information furnished by the Collector on both the points referred to him appears to be incomplete but the Board have not thought fit to delay the transmission of this report by a further reference to him upon the subject because since they had last the honor of communicating with Government on the question their attention has been drawn to an order of Government / No. 246 / of the 6th March 1835 by which on the occasion of doubts being entertained in regard to the succession to a Zemindary in Tinnevelly the Government expressed their opinion "that the proper course under all the circumstances of the case would seem to be for the Collector who is actually in charge of the Zemindary to retain it until some one produces the Authority of a competent Court to receive possession, keeping the surplus Collections in deposit." From Mr. Thomas's letter / Para 4 / now under submission it appears that the Panaly Zemindary has been taken by him under Management pending the receipt of final orders in the Case and under such circumstances it seems to the Board that the course indicated in the order of Government above quoted may properly be adopted and the Estate remain under charge of the Collector until the right of one of the

From the Collr of Malabar

Sir,

I have the honor to transmit herewith the usual Statements explanatory of the settlement of the Land Revenue of this District for Fusly 1254 A.D. 1844/45.

Reporting on the settlement of the Land Revenue for Fusly 1254 A.D. 1844/45

Season Vide effect upon Cultivation and Produce.

2. The S.W. Monsoon set in on the 22nd May 1844, and though the total fall of Rain was much below the average quantity, the season may nevertheless be said to have been favorable for every Species of Cultivation. Both the first and second Crops of Rice were plentiful, though in some parts of the District, especially in the Talooks of Chowghaut and Ponnaad, partial failures occurred.

Average of 3 years 129 Inches. Fall of rain in 1254 105 " Difference 24".

Prices the Cause of the fluctuation and its effect upon the resources of the District. Para 2

3. I noticed in my Report for Fusly 1253/1843/44 that the Price of Grain was about 5 per Cent above the Market value of the antecedent year. For Fusly 1254 it had risen still higher, and from the best information obtained on this head, the wholesale Price which prevailed throughout the year may fairly be taken at 6½ per Cent in excess of that of the previous Fusly. The prices of Garden Products also rose to the same extent. These results are consequent upon an improvement in the external

In Fusly 1253 they were about 5 per Cent below those of 1252.

national Demand, and the abstract inserted in the Margin shews the extent to which Rice and the Garden Products assessed to revenue have been exported in Fusly 1254 over and above the quantity taken away in 1253. The Statement No. 22 further exhibits a large increase in the exportation of Rice and other staples of Malabar, in short the whole gives a Net increase of Six lacs of Rs. over the result of the preceding Fusly. The return thus obtained by the Ryots for the fruits of their labour has enabled them to discharge the Government demand with punctuality; for at the close of the Fusly the Balance outstanding was no more than Rupees 18,828 out of a Demand of Rupees 1638605.

* Inclusive of Rs. 5000 the last Instl. payable by the Bank of Commerce not due till the 15th Sept. 45.

Settlement 4. The subjoined Abstract will convey a more perspicuous idea of the actual result of the land revenue settlement for the year under review Fusly

Fort St. George 27th October 1845.

It will be seen that the foregoing net decrease of Rupees 1598-13- arises chiefly from a falling off in the Poonjah or upland cultivation I shall however enter into a few explanatory remarks upon each of the items specified in the above abstract.

1 Nunjah or Rice lands ---
Net Increase Rs. 1198-13-3 } 5.

Although the increase exhibited in the Margin is small, it is satisfactory to observe that the improvement in this important branch of Revenue has been progressing since Fusly 1249. a reference to the accounts of the past five years shews that the excess annually accounts to Rupees 11,678-2-5, and this too after deducting unavoidable remissions.

The foregoing account exceeds the aggregate of the Remissions allowed in Fusly 1253 / 1843/4 by Rupees 742. 12. 5, and I regret with reference to the observations of the Board on my last report, to add that a large portion thereof, falls, this year, as it did last, to the Talooks of Kootnaad

7 Para 6.

Kootnaad and Chowghaut. The Board would appear somewhat to except to the term poor as used by me to designate the condition of the Ryots to whom remissions were given, and observe that in a district like Malabar where the Rice assessment is light and Paddy fields of small dimensions remissions given for the causes assigned and without reference to profits in ordinary or favorable years in which no complaints are made, are obviously at a variance with the principle of a fixed assessment.

Para 7. Beg to assure the Board that I am fully alive to the impropriety of giving unnecessary remissions and that it is my wish "to restrict them as much as possible to cases in which to exact the full demand would impair the means of the Ryot to carry on his cultivation in subsequent years". But the great part of the remissions now in question are of this nature. However light the rice land assessment may be as a general rule in Malabar, it is unquestionable that there are some places where it is not so, and these places are more especially to be found in the Talooks of Kootnaad, Chowghaut and part of Nedingranaad. The principle of the Malabar assessment is that Government should take a

a certain proportion of the landlord's or rent rent; but in many instances, from original irregularities, not only a part but the whole of the rent is absorbed and the owner has to trust for subsistence to his share as a Cultivator. In such a case the Malabar Man is no better off than the poor Ryot in the Carnatic who holds direct from Government and lives from hand to mouth, and like him has no property to fall back on, on the contingency of a failure of Crop. Here remissions or (a worse evil) irrecoverable balances are unavoidable. Much of the district, I am now adverting to it, from its low and exposed situation, particularly (for Malabar) obnoxious to partial failures. It suffers from either a redundancy or a want of rain. In the first instance the Crops are injured by inundations. In the latter by the dryness of the soil which is very sandy and poor.

To visitations of this nature those of disease have been added for some time past in a remarkable degree. During the last two years Cholera and small Pox have, each in its turn and especially the latter, committed dreadful ravages. Numerous families have been reduced to the greatest misery and their Lands left more or less waste.

I trust that what I have said will

will sufficiently shew the necessity which exists for indulgence on the part of Government, I beg to add that the remissions allowed (and which are comprised in the Items Nos. 2, 3, 4) were only given after a scrutiny into the case of each individual Ryot, and after inspection of the fields, the crops of which had failed - after all, the Remissions thus granted are no more

Vide Col. 23 & 26 of Statt. No. 24.

Summa	Remission	P.r Centage

than Rupees 2-8-6 per Cent. for Hoolnaad and 2-1-1 per Cent for Chowghaul, proportions which can hardly be deemed excessive.

I have entered into the fullest explanation on this matter, that I can, because it will be necessary to prepare the Board and Government for much greater remissions in the ensuing Jannemabundy. The rains failed us long before the usual season, and the loss that has occurred especially to the young Rice, which is sown in the higher Grounds for transplantation to the lower, was very great. I shall give more correct and minute details when the proper time arrives.

6. With respect to Item No. 5, I have only to observe that the unfavorable result anticipated, or at least feared, last year can be said to pass, the Crop raised by the Cheermars in 1253 having been even worse than that obtained in the previous year. I have now taken the same

Para 7 Report for Fasly 1253.

from out of the Cheermars hands, and, as suggested by me and approved of by the Board, leased it for three years to five Individuals for the sum of Rupees 352-3-9. This is Rupees 80-5-1 below the fixed Beriz - but it is probable that better terms will be obtained hereafter as the lands recover from the neglect of the last two years.

Passing over the items which are precisely of the same tenor as those entered in my Report for last Fasly, I proceed to explain Nos. 10 & 11. the former, the Board will perceive, applies to the petty Escheated lands situated in the Talooks of Calicut and Koormenaad. The inequality of the original Assessment of these lands has long been the subject of complaint on the part of those who held the over assessed portions, which they would only consent to retain on the grant of continual remissions. Those who held the under assessed portions enjoyed of course an undue advantage.

See Statement No. 21.

It was clearly desirable to put matters on an equitable footing without delay, and as the number of these lands, and the amount derivable from them was comparatively trifling I thought I should be pardoned for doing what seemed requisite without the previous sanction of the Board. The result of a careful Survey of the rice lands was a decrease of Rupees 112-10-8 but this was more

than

than Counter balanced by an increase in the Gardens leaving a Net surplus of Rupees 32-6-7.

x Increase in the Gardens } 1851-3
Decrease in Ria Lands } 112-10-8
Net Increase } 32-6-7

The parties who have taken the lands and gardens on the terms of the new survey are the same who formerly held them - A fair proof that the present arrangements are considered fair -

8. Item No. 11 refers to seven farms in the Ernaad Taluck which were surveyed in Fusly 1248 / 1838/39 and leased out in Fusly 1249 / 1839/40 for Rupees 476-3-7, after a year or two's trial the Lessees represented their unwillingness to retain them on the grounds that the produce was insufficient to pay the revenue determined by the Survey of 1248. The Lessees were not bound for any term of years and I had no other choice therefore but to set up the farms to the highest bidders for one year. A close survey will be made this year to test the correctness of the assertion - that the one of 1248 was too high in its demand.

9. Items No. 13 & 14, though new, seem to call for no particular remark - they speak for themselves -

Panjah ordry Land Cultivation Decrease Rs. 2281-10

10. The Board are aware that the dry land cultivation of this District consists of Mutlan Coddy, Hill Paddy and Oil seed provincially termed Moddom, Ponom and Elloo respectively; there was a deficiency in the cultivation of the first; the Moddom, to the extent of 1807 Cawnies and the

the general outturn was also far from being favorable; these two causes produced a decrease of Rupees 2870-7-3 which was however reduced to Rupees 2349-13-11 by a slight increase which the state of the market induced me to make to the commutation price. The same remarks apply to ellos as regards deficiency in the extent of its cultivation and produce both which gave rise to a decrease of Rupees 962-11-11 - The Ponom however yielding an increase of Rupees 1030-15-10. The subjoined Abstract will afford a clearer view of the settlement of this branch of revenue -

Total Remission Rupees 2406.10.2

Of the foregoing Items the only one which seems to call for some explanation is No. 3 amounting to Rupees 1598-11-5. Out of the total sum it will be observed by a reference to the Statement No. 21 Rupees 807-4-3 stands against Chowghaut. It is nearly 12 years since the Gardens situated in the Chetwye and Manapooram Division of that Talook were surveyed, and there is no part of the District where poverty exists to a greater extent than in the said Division. Repeated & strong remonstrances were of late years made by the poorer Classes of their inability to pay the tax fixed in 1245/1835 and the enquiries made having confirmed the justness of their complaint, 1914 Gardens were re-inspected under the personal superintendence of my Head Sheristadar, the result was a decrease of Rupees 661-3-3 below the Assessment fixed in 1245 the residue Rupees 266-14-0 are remissions on the general grounds

grounds already mentioned, but the Amount has been rather enhanced by the causes set forth in Para 5 of this Report.

15 As intimately connected with the subject of Collection I beg to annex a comparative Memorandum of the Revenue derived from all the sources by which the Board will observe the result is a Net Decrease

Decrease of Rupees 77,098-11-11 below the Gross Collection of Fusly 1253 - to account for which I trust I need only mention that the abolition of the transit Duties produced a decrease of Rupees 94,489-15-2 under the Head of Sayer, and that the reduction of the Export Duty leviable on Pepper and other Staples of Malabar, has been attended with a deficit of Rupees 66,951 in the Sea Customs. These two principal items of decrease have however been partially counter-balanced by the increase of Rupees 82,992-13-4 in the revenue derived from the Salt Monopoly consequent upon the enhancement of the selling price.

No. 23.

16. Adverting to the Comparative Statement of the Gross Collection herewith submitted I beg to state that the charges of each source bear the following proportions.-

Exclusive of Malikanna & Pensions Inclusive of them it is Rupees 34-11-3

Land Revenue	17-2-11	7/10 cent.
Sayer	51-11-8	"
Abkarry	-"-"-"	"
Farms & Licences	1-6-4	"
Salt Monopoly	28-5-1	"
Sea Customs	26-14-4	"
Moturpha	-"-"-"	"
Tobacco Monopoly	25-"-11	"
Stamp Revenue	6-4-4	"

The per centage of the total charges, exclusive of Malikanna and Pensions upon the total Revenue is Rupees 20-14-9 and inclusive of them Rupees 29-13-11.

At

Outstanding Balance.

17. At the commencement of the year now reported upon the arrears of Land Revenue outstanding on account of the previous years amounted to Rupees 23713-5-9 of which Rupees 20,403-15-3 were realized within the year & 1316-7-9 were written off to Profit and Loss under the sanction of Government leaving still a Balance of Rupees 1992-14-9 at the close of 1254. From the enquiry made into the different items composing this sum, Rupees 413-2-6 appeared recoverable, and has been ordered to be collected immediately Rupees 698-6 must for the present stand under the Head of doubtful and the remainder, Rupees 886-7-10 being irrecoverable I request the Board will be good enough to obtain the sanction of Government for striking it out of the Balance Sheet.

By order of Govt. dated 8th October 1845-288-8.

18. It may be satisfactory to the Board to learn that the current Kists and the Balance abovementioned were collected without the necessity of placing a single Ryot in confinement, or selling any real property. The contumacious conduct of two Ryots of Belatmaad & Koormanaad induced me to sell their personal property to be attached and sold: but the amount thus realized was trifling - not more than Rupees 62-3-5, of which Rupees 23-6-2 was credited to the Balance of Fusly 1253, and the residue Rupees 38-13-3 to current Revenue. Waste Lands.

19. During the late Fusly 102 Cowles were issued for 605¾ Cawnies of Waste land taken up for Rice Cultivation being 488- Cawnies in excess of the quantity reclaimed in the antecedent year. The terms upon which the Cowles in question were issued being detailed in the accompanying State-
No. 25. ment, I have only to add that the period of total exemption therein entered was allowed after a due consideration of the locality of the Lands and the outlay and labour required for rendering them productive.

20. Independent of the above 605¾ Cawnies of immemorial waste reclaimed for Rice Cultivation 365 Cawnies have been taken up on Cowles by various individuals to be converted into 69 separate

holding about 28800 Cocoanut besides other
species of fruit Trees. This is in addition
to 102,560 Cocoanut 98,580 Betel Nut and
11,130 Jack trees which the returns received
from the different Talooks shew as having
been planted both in Gardens newly form-
-ed, and in old ones in lieu of Trees
which had gone to decay or become
unfruitful.-

21. With my next report I shall
forward an account of all Gardens-
whether new or old planted or replanted
under Cowle or otherwise agreeably to
the form alluded to in the 22d Para
of the Board's Proceedings under date

Board of Revenue

Fort St. George

Sir,

32

From the Coll.r of Madras ---

I have the honor to bring to the notice of the Board of Revenue that much difficulty is experienced by the Abkarry Department under this Office from the want of a sufficient number of empty casks for the conveyance of Arrack distilled at the Circar distillery at Tondiarpett to the usual place of store within the compound of the Cutcherry premises, in consequence of there being none procurable in the Market, where it has always been customary to purchase the number required from time to time, some of the Houses of Agency having made arrangements with the Merchants and others here to supply them with such as are
