To The Chief Secretary to

To the Chief Secy to Government Sir, Government.

Reporting on the character and extent of Mr. Goldingham's duties since his appointment to a seat at the Board in May 1846.

I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes Consultation of the 22nd Instant in which they are requested to lay before Government information as to the extent of business performed by Mr. Goldingham in pursuance of the object contemplated by Government in his appointment to a seat at the Board as communicated in the letter to their address dated 12th May 1846. and to require that Gentleman to submit the fullest explanation and report on the character and extent of his duties since his appointment, and the causes which have prevented the Government receiving the Reports on the important questions before the Board which were expected to be the result of that appointment.-

2. In reply the Board direct me to submit for the information of His Lordship in Council the accompanying Memorandum furnished by Mr. Goldingham in which that Gentleman has afforded full explanation in

respect to the nature and extent of his labors since his reappointment to the Board in the Month of May last. It will be seen that besides taking part in the ordinary and current business of the Office and writing Minutes or drafts on various other subjects, the Officiating Member has prepared papers upon two of the important questions which the Board conceive to be more particularly alluded to in the Extract Minutes Consultations under acknowledgment Viz.t upon the Veesabuddy and Motunpilla Taxes and upon the Tobacco Monopoly. His drafts upon both these subjects have received the most careful attention of the Board and have been discussed at much length at their meetings, but they regret to state that for reasons which have been given in detail in the Minutes recorded by the several Members, they have found themselves unable fully to assent to the views set forth in these papers and they have therefore been precluded from laying them before Government as expressive of the sentiments of the Majority of their body, at the same time at the the Board have been unable to concur in the conclusions at which

which Mr. Goldingham has arrived — they feel it but due to him to add that the information which he has collected regarding both these subjects but — more especially the Veesabaddy and Motursha Sasees is of much value and will be found highly useful in the — final disposal of these very comprehensive and difficult questions.

3. The Board further desire me to state that the Minute on the Nellore Revenue System which has been adverted to by the Officiating Member as having been reserved for separate discussion is at present under their consideration.

Memorandum.

The officiating Member having
2nd Cons: 12th Feby. 1847. been called upon in Extract from Minutes Consultation dated 22nd Instant to afford the fullest explanation and report on the character and extent of his duties since his appointment to the Office and the causes which have prevented the Government — receiving

receiving the reports on the important questions before the Board which was expected to be the result of that — appointment begs to submit a list showing the Reports on Settlements and the general questions disposed of by him since his appointment as Officiating Member of the Board of Revenue on the 12th May 1846 with the exception of the Draft on the question relative to the assessment to be fixed on lands irrigated by wells. The List embraces such Papers only as have been disposed of since the 12th May 1846 to the date of Minutes Consultation referred to above. The Draft on the Well question was sent into circulation some time previous to the re-appointment of the Officiating Member to the Board.

The Minute on the Motursha and Veesabady Sasees and that on the Tobacco Monopoly were circulated in the Months of July and August 1846 in the form of Drafts as however a considerable difference of opinion appeared to exist on the subjects discussed and as much delay was taking place in the disposal of these two questions it appeared desirable under the circumstances of the case to record the papers respectively

respectively as Minutes. The present Acting 3d. Member concurring in the views set forth in the Papers on both questions is also a party to these Minutes.—

The Officiating Member was desirous that the Minute on the Nellore System should be laid before Government as it discussed points in immediate connexion with the revision of the Assessment desired by the Collector of Bellary and with the introduction of a better System of Revenue management generally now under the consideration of Government, but as an opinion was entertained in the Board that the subject set forth in the Minute ought to be separately discussed, he deferred to that opinion.—

In addition to the Papers enumerated in the accompanying List the Officiating Member begs to state that he has been engaged at all times in the current and ordinary business of the Office, both in the Revenue Department and in that of Public Works except during the period when the Papers on the Tobacco and Motunpilla and Veesabady questions and on the Revenue System of Nellore were under preparation when

when his attention was directed to the more important Papers only in both Departments.—

The Officiating Member trusts that the results as above explained will meet with the approbation of His Lordship in Council and that from the experience gained in regard to the business of the Office, which requires a close acquaintance with what has passed for a series of years the Government are satisfied that their object in the appointment of the Officiating Member is being realized.—

Sir,

With reference to the Extract from the Minutes of Consultation in the Revenue Department under date the 1st December 1846 No. 1241, referring a question in Hindoo Law for the opinion of the Pundits. I am directed by the Court of Sudr. Adawlut to submit the accompanying answer of their Pundits to the said Question and a translation of the same.

Answer of the Pundits of the Court of Sudr Adalut.

1. The adoption of a son in law is not valid according to the Hindoo law.

2. As the people of Khetty caste are those who generally act upon the provisions of the Hindoo law; the

one

proper course for them to pursue ac-
-cording to that law, is to perform the
ceremony of adoption in the manner
prescribed by Dhurmasastra.

3. But there are, in opposition
to the Hindoo law, certain usages pre-
-vailing among certain Castes of the
Hindoos, with the concurrence of all
the people of those Castes respectively.
Such usages are recognized by all
as valid only so far as they concern
the particular Castes (among which
they obtain).

4. If, among the Chetty Caste
referred to in the question, the
adoption of a Son-in-law be usual,
and the usage be received and acknow-
-ledge by all the people of that
Caste, then such usage can hold good
only as it regards the Chetty Caste.

Sir,

Para 1. Before I proceed to carry out your instructions of the 8th August, in reference to Minutes of Consultation of the 11th July 1846, directing transfer in my accounts of the sum of Rupees 60,15, to the Credit of "Native Education" and to dispose of other Rupees 20,000 now also under the head of "Pagodas, or Native Religious institutions" under instructions of the Board of Public Works, I have the honor to submit a doubt, either for your removal, or for reiteration of your instructions.—

2. In the 19th para of their letter of the 20th September 1845 from Fort William to Fort Saint George the Supreme Government shew their belief that the deposit of Rupees 80,195 in question, had accrued from an excess in the endowments above what was needed for keeping the temples &c. in repair and for the due performance of the services or duties intended by the founder.— Now such opinion is directly contrary to fact, a much larger sum than that in deposit being requisite to restore to their pristine state, or to

to preserve from rapid decay, the buildings in existence, and I am of opinion the sums were accumulated for that express purpose, and for celebration, when insufficiency of the more expensive ceremonies of Nitia Bundanum, Jadee Bundanum &c. and I am fearful that if this objection be not carefully considered the Government will be exposed to numerous petitions, as soon as your instructions shall have been given effect to, and they are watched with much uneasiness and jealousy by the people and those connected with the Endowments.—

3. I take the liberty to forward for your consideration, Copy of a letter of the 31st August, with its Enclosure to the Board of Revenue, reporting the surrender of 19 Pagoda Villages to the Zemindar of Muroonga poory, and asking permission to surrender to him also the 7,379—11—5 Rupees in deposit on account of those endowments, as also, a letter of this date, to the Board, on the general subject of the Davastanum lands, but without the enclosures, as they may put you in more full possession of the subject.

To which must be added an asset of Rupees 617-15-6, being the Net Revenue, in the year in question, on from 367 9/10 Cawnies of land in parts of 6 Villages, assessed at Rupees 913-7-0 after deducting its Quit rent of Rupees 6-7-10 from its Settlement of Rupees 624-7-4. Thus leaving for the endowments, from the land under Government care, a sum of Rupees 27,676-4-10.

Board's letter Para 2. 2. I am of opinion, nothing is required, in transfer of the above 73 Villages, to the Curators of the several endowments, but to publish the circumstance, so as to make the

the tax payer aware to whom he is authorized to pay his dues, and I am of opinion, his interest is sufficiently guarded by the existing laws. and Rupees 57135—10—2 was appropriated to the endowments. It seems to me the question as regards these 99 Villages has been finally disposed of that the lands must remain with Government and that in lieu of them, they must continue the annual Money payment of Rupees 49155—11—1.—

7. It will be proper here to mention that 19 Pagoda Villages were surrendered at the commencement of the current Fusly, with the rest of his estate, to the Zemindar of Mooroonga poor'y, and to remind the Board that the propriety of abandoning to him their surplus assets in deposit, to Amount of Rupees 7379—11—5. as advocated by me, our the 31st. August, is still under their consideration. Statement No. 3 shews the settlement of these 19 Villages in Fusly 1254.—

8. No. 4 is Copy of the instructions of the Accountant General, of the 8th August, and my reference to him, of this date on the subject of transfer of a book balance of Pagoda Deposits to "Public Education" and to "Repair of Roads" for the Boards information.—

Sir,

With reference to your letter of the 11th Ultimo, No. 795, remarking that the sum of Company's Rupees 80195 was as not, as supposed by the Supreme Government, an Excess in the Endowments above what was needed for keeping the temples &ca in repair, and for the due performance of the services, and that a much larger sum than that in deposit was requisite for the purpose,- I have the honor to request that you will have the goodness to favor me with explanation as to the circumstances under which it has happened that with funds available in your Treasury to the extent above stated as the temples &ca have not been kept in repair from time to time.-

It appearing from your letter under reference that the surplus funds of Zemindary Devastanums are included in the above mentioned sum of Company's Rupees 80195, I request to be furnished with a Statement shewing how much of that sum consists of Zemindary Devastanums, and for which Zemindaries.- stating

stating whether the Zemindaries are still under the management of the Officers of Government or not.- I also request that you will explain more fully the grounds upon which you consider the surplus funds of the Zemindary Devastanums to be at the disposal of the Zemindars, and not of the Government, and more particularly as there is no reason to doubt but that they have been excluded from the Assets on which the Permanent Peishcush of the Estate was fixed.-

Sir,

1. In reply to your letter of the 3d. received on the 8th Instant, I have the honor to inform you various Pagodas were not kept in repair from insufficiency of funds, for you are wrong in assuming there was a sufficiency, the funds of one not being appropriable to another, and partial repairs would have been wasteful in many cases.-

2. I accompany with is Statement shewing the Devastum funds in deposit appropriable to their respective Zemindaries and as my reason for believing they appertain rather to the trustees of the respective Endowments than to the Government, is that the Government have never had any interference with them except at such times as having sequestrated the Zemindaries themselves, the Endowments naturally fell in to sequestration with them.-

Sir,

With reference to your letter of 13th instant No 890, I have the honor to request that you will have the goodness to furnish me, with a Statement shewing what portion of the sum of Company's Rupees (80,195—6—10) Eighty thousand, one hundred and ninety five, Annas Six and pice ten, consists of Surplus belonging to the particular Devastanums, which have hitherto had a sufficiency of funds to keep them in repair, and been kept in repair, as contra distinguished from that portion of the Amount belonging to Endowments, where the funds have been insufficient for the purpose and repairs have accordingly not been executed.

The proposition contained in your letter to the Board of Revenue, Copy of which formed one of the enclosures of your letter to my address of the 11th October last was to pay the amount in deposit or belonging to the Zemindary Devastanums, to the Zemindars, but I observe from your present letter, that your intention is, that they should be paid to the

Sir,

From the Fort Collr. of Madura

Renewed explanation of apparent contradiction in Devastanums as made to the Office of the Accountant General and Board of Revenue, with a Statement which it is hoped may be clear enough for comprehension.

It was not till past dark of the 20th, that I had the honor to receive your letter of the 16th Instant, requiring Comparison of Statements, forwarded to the Board and to the Accountant General, and detailed information respecting Devastanum deposits in this Collectorate, to be submitted by the day after that on which I should have received your communication, and trusting I should find no difficulty in so doing.

2. My Sheristadar died on the 20th Instant. my Naib Sheristadar, has proceeded to inspection of the Salt pans with my only Assistant, who has never before been employed on such duty, and my Head Accountant is absent on a necessary leave for 8 days, which circumstances, will, I hope explain any imperfections or deficiencies in the information required.

3. In specific answer to the queries contained in the 4th Para of your letter

letter under reply, I beg to inform you.-

1st Rupees 5,216-4-3, in deposit on account of Peramanoor pca Villages, does not form part of the deposit in favor of the Shevagunga and Tramalay Devastanums to amount of Rupees 34,004-5-5, as shewn in Inclosure N: 1 of my letter of the 31st August 1846, to the Board

2nd The above are accumulations from Fusly 1247 to 1251, both inclusive, from 4 tair Villages in the Shevagunga Zemindary, made over for support of the Meenatchey pca Devas-tanums in Madura, sequestrated soon after and restored with the rest of the Estate, although the accumulations were still kept in deposit, and should be given up to the hereditary trustee of that institution. Before the sequestration of the Villages their proceeds were always supposed to have been made over to the Pagoda by the Shevagunga Zemindar, who administered the lands, like the rest of his Estate, thro' his own servants.-

3. This same sum of Rupees 5,216-4-3 shewn in the 3rd Para of my letter to the Board of the 17th November, as accumulated surplus from the Peramanoor pca Villages is the same entered in the Memo inclosed in my letter of 13th November to the

Accountant General as "Shevagunga Zemindary "Devastanums, exclusive of Tramalay under Manage-"ment of the Proprietor" the difference exists only in the inability of the Board to verify the Item, under a some what different denomination, and I am sor-ry I did not detect and correct the non conformity-ty. There are no other surplus funds of 4. chettrums than the Rupees 149-1-4 entered in the in-closure N: 1 of my letter of the 25th April, to the Accountant General and in the Memo inclosed in my letter of the 13th November, to the same Officer, and was so introduced because the chettrums of Samainelloor in Madacolum Talook, and Calpatty, in Comera-vady Pollicm of Ramagherry Talook, were built and extended from the funds of the nominal-ly Chettrums of Valiapatty Pollicm; in Madacolum, and the Chettrum funds of Comaravady Pollicm, whilst the Chettrum of Oomamputty in Theroomunga-lum, is supported from the endowment of Thanapa-Moodelliar to the Meenatchee Pagoda of Madura Town.-

The administration of the Devas-5. -tanum Lands of the Pollicms of Comaravady, Veeramaly, Ramagherry and Thogamalay is in the hands of the Collector, who pays over the net proceeds, according to a fixed rate of disbursements, to the respective Polygers who were constituted Trustees in 1842, retaining any-surplus for future repairs of the edifices.- pca

Statement N: 1 herewith submit-6. -ted, shews, at one view, the amount in deposit in the Madura treasury on the 31st March 1846 on account of Devastanums in each Zemindary, distin-guishing the portions included in the Return of the 25th April, to the Accountant General from that not included in it.-

To The Chief Secretary to
Government

Sir

To the Chief Secy to Government

Reporting in the correspondence between the Accountant General and the Principal Collector of Madura on the subject of the Surplus Devastanum Funds of that District

In Con. 1st Feby 1847

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of the order of Government of the 22nd December 1846 referring to them for their early consideration and report copies of a correspondence which has passed between the Accountant General, and the Principal Collector of Madura on the subject of the Surplus Devastanum Funds of that District.

2 The questions embraced in this correspondence seem to be two. first, the larger questions respecting the appropriations of the Madura Devastanum accumulations generally. Secondly, the question regarding the disposal of such part of those funds, as has accrued from the endowments of the religious institutions in the Zemindaries under management, or sequestration.-

3 As respects the first and more general of these two questions, Mr Blackburne, in his letter to the Accountant

(Enc. 4 to 8th Apl Jr Con: 15th June 1846)

Accountant General of 11th October 1846 observes that the recent orders of the Supreme Government under date 20th September 1845, which direct that the sums in deposit on account of the native religious institutions in the provinces under the Madras Presidency, be applied to educational purposes, and to objects of public utility, would seem to have been issued under the belief that such deposits had accrued from an excess in the endowments above what was needed for keeping the temples &c in repair, and for the due performance of the services or duties intended by the founder. This impression he proceeds to state, is directly contrary to fact, a much larger sum than that in deposit being requisite to restore to their pristine state, or to preserve from rapid decay the buildings in existence. He is of opinion that the sums were accumulated for that express purpose, and for the celebration, when sufficient, of the more expensive ceremonies of Ashta Bundanum, Jada Bundanum &c. and he is apprehensive that a different application of the funds would be productive of much discontent among

the Native community.

4. The observations of Mr. Blackburn must, it is to be presumed, be intended to apply to the Pagodas and Native religious institutions in his District only. On this the Board would remark, that they find from their records, that for many years past, estimates have been sent in to them, every quarter, for the repair of the Pagodas of the Madura District, and that considerable sums as shewn in the Margin, have been annually sanctioned for that purpose. If the sums applied for were insufficient, the Board are not aware why larger estimates were not submitted. Again, the tenor of the Principal Collector's communications at the time when the transfer of the religious institutions of the District, to Native Trustees, was under discussion, was not such as to induce the supposition that the repairs of the Pagodas had been neglected, whilst the

had been under Circar management - As circumstances now stand, the surplus funds of the Madura Dawastanums have been incorporated with deposits of a similar nature from other Districts in the return furnished by the Accountant General, in reference to which the orders of the Supreme Government, 20th September 1845, were issued - It will be for the consideration of Government whether, as regards the Province of Madura, any deviation should be permitted from the course prescribed in those orders - and whether the large sums in deposit in that District, should be made over to the several Trustees, with intent to their being applied to the objects referred to by Mr. Blackburne, but without any power on the part of the Officers of Government to ensure their being so appropriated, or whether they should be devoted to the purposes contemplated by the Supreme Government, purposes of general utility and advantage, and in which the whole Community are interested. It should further be observed that if any departure from the orders of the Government of India be allowed in the case of the Madura Dawastanum Funds, applications of a similar nature

nature may be expected from other Districts, the whole question of the disposal of the surplus Davastanums Funds will be reopened, and the Government subjected to much embarrassment.-

5. On the second of the questions mooted by the Principal Collector, Vizt. as to the disposal of the funds which have accrued from the Davastanums in those Zemindaries which have been under Sequestration Management, the Board had been in Communication with Mr. Blackburne prior to the receipt of the order of Government, now under acknowledgment, and they direct me to submit the correspondence which has passed upon the subject. The Zemindaries in which these funds have Accumulated and the Amount in deposit on account of each, are as under:-

6. The religious institutions in the Shevagunga Zemindary, except the Pramalic Davastanums, are stated to have been under the sole charge and Control of the Zemindars of that Estate, until its sequestration in Fusly 1247, when the Davastanums were attached at the same time. They Continued under the management of the Officers of Government until the commencement of Fusly 1251, when they were Consigned to the care of Trustees. On the Estate being surrendered by order of Court to the Zemindar in Fusly 1254, the Trustees made over to him the Davastanums also, and these are now under his charge. The sums in deposit, (Rupees 23,936-14-8) are the excess of the income of these institutions, above their expenditure, during the period of Circar administration, or for the four Years from Fusly 1247. 1251.

7. The Peramanoor Deposits are those which have accrued on 44½ Villages in the Shevagunga Estate, which constitute the Endowments of certain Pagodas at the Town of Madura. These Lands, and the institution to which they are annexed have always

always been managed by the Zemindar save during the Sequestration of his Estate from Fusly 1247 to 1251. The deposits have accumulated during this interval.

8. The Pramalic Davastanums were managed by the Sunnady Pundarum, or by his servant, the Sumberan, until Fusly 1248, when they were sequestered in Consequence of the malversations practised by the latter individual. They were replaced under charge of the Pundarum at the end of Fusly 1251. The surplus (Rs. 10067-6-9) is that accumulated during the intermediate term of Government Management.

9. The religious institutions in the Maroongapoory and other Estates in the Taloote of the same Name seem to have been under the control of the Several Zemindars, until their Estates were attached for arrears of revenue, in Fuslies 1225-6-& 28. The Maroongapoory Zemindary, with its Davastanums, has recently been restored to the Zemindar, the other properties are still under amanie management. The

Surplus

Surplus Funds in these cases have been accumulating from Fusly 1226, in the case of Maroongapoory to the release of the Estate in Fusly 1256, in the remaining Estates from Fuslies 1225, 1226, and 1228 to the present time.

10. Of the Sums mentioned in the last Paras, amounting to Rupees 52,124-7-8 the Peramanoor Deposits, Rupees 5,216-4-3, and those which have accumulated on the Davastanums in the five Estates in the Maroongapoory Taloote, up to 1st April 1846, are included in the return of the Mandura Deposits (Rupees 80,195-6-10) furnished by the Principal Collector to the Accountant General 25th of that Month. The subsequent accumulations from the Maroongapoory Davastanums, Rs. 3,239-0-2, and the entire deposits for the Shevagunga and Paramanoor Davastanums (Rs. 34,004-5-5) in all Rs. 37,243-5-7, have not been entered in that return.

11. The Principal Collector has recommended that the Pramalee surplus, and that which accrued on account of the Davastanums in the Shevagunga and

Fort St. George 1st February 1847

and Maroongapoory Zemindaries, and from the Paramanoor Villages be made over to the Pundarum and to the Proprietors of the two Estates respectively, as he does not think that it can, by any means, be considered part of the property entering into the Resolution of Government of the 14th July last. He suggests that the surplus endowments in the four Zemindaries still under attachment, be retained in deposit until the the course to be taken in respect to those Estates be determined on.

In Con.s 3d August 1846 - 12.

It does not occur to the Board, and Mr. Blackburne has not assigned any reason, why a different Course should be pursued in regard to the surplus funds of the Native religious institutions in the Sheviagunga and other Zemindaries, from that to be followed in respect to the accumulations on account of the Daroostanums in the Ain Talooks. That the former class of establishments were, prior to their Sequestration, administered by the

several Zemindars and Pundaram respectively and have recently been again placed under the management of those individuals, rather than under that of bodies of Trustees, or that the endowments of those institutions, or which the Sums in deposit have accumulated, may have been in great part originally conferred by the Ancestors of the present Zemindars, does not, it appears to the Board, affect the question. The Endowments are now the property of the several institutions, and the Sums at present in deposit have accrued, after payment of all usual charges, whilst those institutions, and their endowments were under the Superintendence of the Officers of Government. The same principle which has induced the Supreme Government to direct the appropriation of the Daroostanum deposits generally to objects of public utility and benefit, would seem equally applicable to those in Sheyagunga and Maroongapoory, as to those in the Amanie

portion

Fort St. George 1st February 1847.

portion of the District. Under these circumstances the Board cannot support Mr. Blackburne's recommendation, but they would suggest that these sums be made available to public purposes, and applied to the construction of works of general utility, Bridges, Choultries &c., preference being given to the localities in which the Davastanums on which they have accrued are situated.-

In Cons. 22nd Oct. 1846.

13. It will be seen from the Principal Collector's letter of 31st August last No. 193, that besides the sums in deposit in this Treasury on account of the Shevagunga Davastanums, there is also a Surplus to the Amount of Rs. 4193-2-10 to the credit of the Chuttrums in that Zemindary. The Principal Collector states that the Zemindar has expressed his willingness to leave the administration of these Charitable funds in his hands, and suggests that till that power be recalled, they should be allowed to remain in deposit. The Board do not admit that the retention of these funds in charge of the Collector, is a matter dependent on the pleasure of the Zemindar. As however the Chuttrums on which the funds have accumulated, have been made over to the Zemindar, and are now under his management, the Board see no objection to these funds continuing in the Treasury and being disbursed to the Zemindar from time to time for any purposes connected with the institutions, the Principal Collector being of course careful, that they are duly applied to the objects intended.-

the limits of the Vellore Abkarry Farm. This sanction was communicated by the Board to the Collector on the 3d August 1846. and he was directed to collect from Mr. Turner the balance of his rent. The Board perceive from the Statement now furnished by the Acting Collector, that this has not been done, altho' the whole amount was stated by Mr. Goldingham, in his letter of 5th February 1845, to be in deposit. The Acting Collector will be pleased to make the necessary adjustment with Mr. Turner, without further delay.—

In Cons 10th Feby 1845.

Of the balance, Rupees 7523–8–5, stated in the Collector's letter of 5th February 1846 to be recoverable, Rupees 6469–14–11 have been collected, and Rupees 179–7–3 are in course of realization. The remainder Rupees 874–2–3 has, it appears, proved to be irrecoverable.—

Of the balance (Rupees 3251–3–10) in regard to which further information was considered by the Board to be necessary, Rupees 57–7–11 have since been adjusted in the accounts. Rupees 112–12–8 have been collected, or are in course of collection, and the remainder, Rupees 3080–15–3, as shown in the statement which accompanied the Acting Collectors' letter of the 8th Ultimo,—

From Principal Collector of Salem 15th in Cons 22 Jan'y 1829.

In the years 1823 and 24 Mr. Cockburn then Principal Collector of Salem, inclosed 54 Cawnies of land on the Sherwaroy Hills, near Salem, and built a house upon it. He applied to Government in 1825 for a grant of 95 Cawnies of land on those Hills which extent seems to have included the land he had already occupied. The Government, 11th March 1825, declined to accede to his application on the ground that the grant of land for which he had applied was too great. Mr. Cockburn repeated his application several times restricting it to a smaller quantity of land, but did not succeed in obtaining a grant.

From the Sec'y to Govt. 18th April 1826. in Cons. 24th April 2 On the 18th April 1826 Mr. Fisher applied for grants of two pieces of land on the Sherwaroys- The grants were issued in his name in June 1827- The particulars are as under-

Mr. Fischer transferred the grants some time in the same year (1827) to Mr. Cockburn, who shortly afterwards re-made them over to Mr. Arpswood. The latter died not long afterwards, and the documents have not since been seen or heard of -

3. In September 1827, Mr. Fischer applied for another piece of land on the Hills, in lieu of, but adjacent to, that given him under grant No. 1757. which he represented to be rocky and sterile ground, and of no use to him. The Board declined to forward his application, because the ground he wishes to take was already, with the exception of about 8 Acres, in the occupation of Mr. Cockburn. It seems in fact to have been part of the 54 Cawnies mentioned in Para 1 of these proceedings -

From Mr. Fischer 22nd December 1828. In Cons 29th December. From Coll.r 21st Feb.y 1829 In Cons 5th March.

4 - On the 11th December 1828 Mr. Cockburn was required by the Board to submit a plan exhibiting, among other particulars, the exact relative position of the land in occupation, and that entered in Mr. Fischer's Grants No. 1756 and 1757. He accordingly, 15th January 1829 - forwarded such a plan, drawn up by his Head Assistant Mr. Macdonald, after a personal inspection of the locality. From this plan it appears that one of the pieces of land granted to Mr. Fischer, was adjacent to the 54 Cawnies then held by Mr. Cockburn the land comprised in Fischer's other grant being at a distance from such holding -

In Cons 22nd Jan.y 1829

5. In 1829 occurred the Commission of enquiry into the conduct of Mr. A. D. Cockburn held by Mr.

Mr. A. R. McDonnell. One of the charges against Mr. Cockburn on that occasion was, that he had attempted to obtain this, and by means of Mr. Fischer, grants of land which he was unable to procure for himself directly - From the remarks of the Commissioner on this subject, in Para 8 of his report of 18th Dec.r 1829. it appears that the extent of land enclosed at that time by Mr. Cockburn, was 118 Acres, and that in this, the smaller grant (acres 28 — 17 — 2) made to Mr. Fischer in 1827 was comprehended, but not the other. The same appears also from the correspondence which then passed between the Commissioner and Mr. Fischer - as also from Mr. Cockburn's letter to the Commissioner 24th November 1829 - 9th and following Paras -

See also Boards Proceedings 21st April 1831 Para 13 -

6 - In March 1833, the Principal Collector of Salem, Mr. Orr, brought to the notice of the Board that, no Quit rent had been paid upon the grants 1756 and 1757, from the date of their issue - that on demanding the arrears up to the 1st July 1831 amounting to Rupees 579 - 9 - 4 from Mr. Fischer as the original grantee, he had demurred to the payment, on the ground, that he had transferred the grants to Mr. Cockburn - that, on a similar application being made to this Gentleman, he had also objected, alleging that he had made over the grants to Mr. Arpswood, who had since died, and with whose

Mr. Fischer admitted that the land held under grant 1757 was included in these 136 Acres. and offered to pay quit rent on it but stated that the land for which grant 1756 had been taken out, formed no part of them and had never been enclosed, or taken possession of

From Mr. Coll. 21st Dec. 1833 In Cons. 2nd Jany 1834 Mr. Cockburn on the other hand averred that a portion of the land (136 acres) mortgaged by him to Mr. Fischer, was comprised in either of the grants 1756 or 1757, nor had any grants been ever issued for that land at all. The question was submitted by the Board, 26th June 1834 for the decision of Government, who, Extract Minutes Consultations 18th June 1835, ordered

In Cons. 26th June 1835 further enquiry to be made in respect to the actual

actual site and condition of the lands specified in the two grants, and of those in possession of Mr. Fischer. The Principal Collector Mr. Ow therefore made a further investigation of the

In Cons: 11th Dec. 1837 matter, and, 25th November 1837, reported that from his own observation of the grounds, he was perfectly satisfied that "the land held under grant "No. 1757 was included in the extent enclosed "within a stone Wall by Mr. Cockburn, and at "that time in the actual occupation of Mr. Fischer "and that the land for which grant No. 1756 was in- "tended, was situated at some distance, but had "never been occupied and defined, and was covered "with Jungle". Under these circumstances, the Government, at the recommendation of the Board, directed that the claim to quit rent, on account of the land pertaining to grant No. 1756, should be foregone, until measures should be taken by the parties in possession of the grant, or others, towards its occupation, and that quit rent should be at once levied on the land in Mr. Fischer's enjoyment, on that held under grant 1757, or Acres 28-17-2, from the issue of that document on the remainder (108 acres) 9-1½- from the date of actual occupation. Eventually however the quit rent upon the whole, 136 Acres, was paid in arrear from July 1836 or the year in which the two grants were issued. The arrears from July 1836

to

From Coll.r 12th Dec.r 1846 - In Cons.s 1st Feb.y 1847 -

to Fusly 1251 were paid by Mr. J. Cockburn - the last rent from that time has been discharged by the Messrs. Ashton, Richardson and Co.

J. Mr. Fischer seems subsequently to have retransferred the land now under consideration to Mr. Cockburn - That Gentleman sold it on 30th September 1844 by public Auction, when it was purchased by one Sippiah Brauny, who conveyed the property, shortly afterwards, by deed of assignment to Messrs. Ashton Richardson and Co. of Madras, in whose possession it now is - Messrs. Ashton, Richardson and Co. have lately applied to the Board with a request that a grant of Puttah, or lease of the land may be issued in their name, in recognition of their title to it -

21st July in Cons.s 4th Aug.t 1846 -

8 - The Board referred to the Collector of Salem upon the subject, by whom, they were at first informed that the lands were those entered in the two grants Nos. 1756 & 1757 - as those documents were not forthcoming, and had moreover confessedly been transferred many years since by Mr. Fischer to Mr. Cockburn, and then by Mr. Cockburn to another party. the Board felt a difficulty of meeting the wishes of Messrs. Ashton Richardson and Co. on the subject - On reference however, to the previous correspondence in connection with the property, on the records of the Office and of

of which a Summary has been given in the foregoing paras they saw reason to doubt the correctness of the Collectors Statement, and they therefore again referred to that Officer, and desired him to explain whether this land was that referred to by Mr. Principal Collector Orr, in his letter of 25th November 1837 -, and if so, for what reasons he Mr. Lockhart, considered it to be held under the two grants already noticed, as also why a similar view had been

In Cons.s 11th Dec.r 1837 -

taken by his predecessor Mr. Greig in his letter of 29th October 1842. The answer of the Collector to this reference is not clear or explicit - He states indeed that the land is that mentioned in Mr. Orr's Communication, but he repeats his assertion that it is the same as that entered in the two grants 1756 and 1757 - Again he states that of the extent included in the two grants found on actual measurement to be Acres 139 - 13 - 6, Acres 136 - 27, the extent enclosed, is only in the possession of Messrs. Ashton Richardson & Co., the remainder Acres 2 - 26 - 6 stated by Mr. Orr in his

* Note.

This also seems to be inaccurate - the measurement here alluded to appears to be that made in 1833 under orders of Mr. Principal Collector Orr - Mr. Greig, who also seems to have taken for granted that the land held by Mr. Cockburn was the same as that entered in grants 1756 and 1757 - stated (29th October 1842) that the lands entered in the grants when measured in 1833 were found to contain 136 - 11. Acres - Mr. Lockhart repeated this assertion in his letter of 28th February 46 - In his last letter he says the total extent entered in the 2 grants was found on actual measurement to be Acres 139 - 13 - 6. It will be seen on reference to Mr. Orr's letter of 28th September 1833, that the 136 - 27 measured under his orders in that year was the space enclosed by Mr. Cockburn and that Mr. Orr intimated an opinion, which he afterwards expressed more decidedly, that no part of this land belonged to grant 1756 at all.

his letter of 25th November 1837 as being situated at some distance and covered with Jungle, and still lying waste" whereas Mr. Orr represented that the entire quantity comprised in grant No. 1767 viz Acres 112—29—3 was at a distance from Mr. Cockburn's enclosure— Again, from the plans given in Collector's letters of 11th July 1826, and 28th September 1833, if the ground belonging to that grant, it is evident that the whole is one continuous plot of ground, and that if the greater portion were comprehended in Mr. Cockburn's enclosure the remainder could not be at some distance from, but must be immediately adjacent to it—

In Cons: 17th July 1826 — In Cons: 7th Oct. 1833.

9. It is to be wished that Mr. Lockhart had furnished more clear and satisfactory explanation in reply to the Board's call upon him of 2d April 1846, as it appears from his last letter that the land now under consideration is that alluded to in the correspondence with Mr. Orr in 1833, they think it unnecessary to make a further reference to him upon the subject— They see no reason to doubt that the opinion which was given by Mr. Orr in respect to this land and which Government ordered to be acted upon is correct, that it ought to be considered as comprised in part of the land held under grant 1757 and in part of land not held under any grant, and that

that the land pertaining to the grant 1756 forms no portion of it. That such is the case seems to the Board to be shewn by the tenor of all the previous correspondence connected with the question, as given in abstract in the preceding Paras by the fact that 54 Cawnies of the land were enclosed and occupied by Mr. Cockburn before the Grants 1756 and 1757 were taken out by Mr. Fischer by the plan drawn out by Mr. Head Assistant Collector Macdonald in 1829 by the enquiry made by Mr. Commissioner Mr. Donell

reasons for differing from those entertained
by one of his predecessors.

10. If the view taken by Mr. Orr is to be held to be correct, it is evident that for such portion of Messrs. Ashton Richardson and Co's lands as is included in the grant 1757, Viz. a 28 — g 17 — a 2, no document can be granted to those parties beyond a mere acquittance for the Assessment, until the original grant, which is admitted to have been transferred by Mr. Cockburn to another individual long before the sale of the premises in 1844, be produced. As the remainder /acres 108 — 9 — 14/ is not held under any grant, as it is at present in the occupation of Messrs. Ashton Richardson and Co. who have for some years paid the Peishcush upon it, there would seem to be no objection to this portion of the land being entered in their name in the public accounts, and pottah being issued to them for it, provided that Mr. Cockburn, in whose name it is stated to be now borne in the public books, assent to the measure. The Collector will therefore, supposing that on review of the question he sees no cause to object

to the view adopted by Mr. Orr as set forth in the last Para, be pleased to furnish Messrs. Ashton Richardson and Co. with a Form of Muchilka for the 108 9 14 acres drawn up in the manner usual in transfer of land in this District, and on their producing this Muchilka, duly executed by Mr. Cockburn he will at once transfer the 108 Acres 9 a 14 to the name of Messrs. Ashton Richardson and Co. in his account, and grant the puttah for it accordingly. He will however at the same time distinctly inform those Gentlemen that this puttah is to be understood as merely a recognition on the part of the revenue Authorities of their occupancy of the land and that neither the Board nor the Collector can guarantee them against any consequence which might result from an Appeal to a Court of Law in the event of grant 756 being at any future time produced and it to be in a condition to prove that the land granted under it is actually that now occupied by Messrs. Ashton Richardson and Co.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 8th December 1845, respecting the land on the Shevaroy Hills, formerly the property of Mr. Cockburn, and now in your occupation; and in reply to inform you that, they have been in further communication upon the subject with the Collector of Salem, and they now beg to refer you to that Officer whom they have instructed to advise with you as to the Course which you should adopt, with a view to obtain the registration of the land in your names in the public Accounts, and to meet your wishes in this respect as far as possible. continues to act as effectually as it did when
first introduced. I have the honor to state
that the general result of the system of em-
ploying Pensioned Sepoys in guarding the
Salook Treasuries, and escorting the month-

and in taking charge of the Salary &c. of

remarkably well. A great extent of this
District being surrounded with Hills and
Jungle, infested with robbers through
they have to pass on their way to Salem
several of the Talooks, the services of Sepoys
fire Arms are found much more useful
a treasure guard than of peons: their employ
has also been found beneficial from the peons
relieved from that duty, are more generally
ployed on Police duties.

The Villages belonging to the Mootu, were purchased by Circar, when sold in auction on account of the balance due to Government, and the Amount of the sale viz.s Rupees 7500 was paid for the balance, and the interest due thereon, but there remained yet a balance of 16H Rs 6as 10P for Fusslies 1253 and 1254. For this balance we were required to become answerable, and informed that were we to give up the balance amounting to Rs 14954-15-11, standing against the Ryots in favor of the late Mootadar for fusslies from 1250 and 1254, the said Circar balance would be remitted, in consequence of our being unable to pay the balance and our lands &c.a premises being mortgaged to others from whom the late Mootadar borrowed money and paid the Government revenue, we were obliged to resign the balance Rs.s 14954-15-11 which was standing against the ryots as the Circar witheld.— The Ryots not having paid the heavy balance accumulated

accumulated from Fasly 1250 to 54 — all our pro-
=prietors are not only under nonage, but the
Mootah Villages were also sold. Had the mon
been paid by the late Mootadar, and the sale
proceeds been Credited for the Ayen Baiz, there
would not have been any balance — but owing the
sum of 3000 Rupees having been paid for the
interest due on the arrears of revenue which
occurred entirely by the Ryots having failed
to pay their kist money regularly, a balance
amounting to Rupees 611-6-10 is still due to
Government — It would appear unjust
to you to take resignation from us for the
amount due to us by the Ryots, were you
take into consideration the frivolous balance
standing against us, and the extensive arrears
to us by the Ryots — If the Circar be
to order the lands &c.a property of the Ryots
to be sold, the balance will be recovered
but should it occur to Government that the Ryots
be ruined by doing so we beg that in consid-
tion of the loss we have sustained by the Ryots
Circar balance amounting to Rupees 168-6-10
be ordered to be remitted, and the resignation
taken from us for the balance against the
Ryots be returned to us —

To the Collector in the Southern Division of Arcot } Sir

Requesting him to intimate to the heirs of the late Mootahdar of Vanamadavy that their request to be absolved from their liabilities to the Circar without their being at the same time required to make a similar concession in favor of their former Sub tenants, cannot be admitted.—

I am directed by Board of Revenue to acknowledge the receipt of your letter of the 28th December last, reporting that the Zillah Judge has appointed one Sawmy Iyengar Guardian to the Minor son of the late Mootahdar of Vanamadavy and that that party, and the two Nephews of the Mootahdar, have tendered an agreement, relinquishing their right to all demands against their former Sub-tenants, subject to the favorable consideration by the Board of the prayer contained in an Urzee presented by them to you; of which you have forwarded copy and translation.—

2. The purport of the Urzee presented by the representatives of the late Mootahdar seems to be to request that they may be absolved from their own liabilities to the Circar, without their being at the same time required to make a similar concession in favor of their former Sub tenants. This request is urged on two grounds, first that the sum realized by the sale of the Mootah being more than sufficient to cover the principal of the arrear outstanding against it, the present balance may be regarded

Fort St. George 1st February 1847.-

regarded as due for interest only, and that the
on the part of the Proprietor to make good his
payments to Government in consequence of
this interest has accrued, has proceeded from
the refusal of his ryots to satisfy his just demands
upon them.- Secondly, that the sum which is
proposed to remit in their favor, is disproportion-
-ate to the amount of the balances which
they are themselves called upon to relinquish.-

3. In reply the Board direct
me to state that they cannot entertain the pre-
sent application. It does not appear to them
that the Government are called upon to sur-
render their claims to interest on arrears, be-
those arrears have accrued in consequence of
dissensions between a Proprietor and his tenants.
In respect also to the excess of the balances
to the late Mootadar of Vanamadavy's
Ryots, above those due by him to the Sir-
it is to be remarked that the former, of

ed, either at once to resign all demands upon
their former Ryots, or to make good the balance

4.- From your letter the Board con-
clude that the arrears of Peishcush due by the

3. In reply the Board desire me to state that they cannot entertain the present application. It does not appear that the Government are called upon to surrender their claims to interest on arrears, because those arrears have accrued in consequence of dissensions between a Proprietor and his tenants. From the Pr. Collr. of Madura

Sir,

In returning a appeal Petition No. 3 of 1846, from Casy Josiah Naik, I have the honor to forward the original Proceedings as directed by your letter of the 29th Octr. received on the 8th Instant, with a translation also of my decree, of the 22nd September, in which will be found, I hope, notice of all the points adverted to in the petition.—

Madura
1st Decr. 1846

Signed J. F. Blackburne
Principal Collr.

Translation of a decision passed by the Principal Collector of Madura in Case No. 3 of 1846, under date 22nd September 1846.

Plaintiff.—

Versus

Defendant.

Case Sooparnaik, son of Case Alagherry Naik, Coody Umbalagan of Letchmeepooram, hamlet of Meendapoor, in Cannatchie in Ramnad.

Ramasawmy Naik son of Sooparnaik of the same

Fort St. George 1st. February 1847.

In his complaint of the 26th May 1846, Plaintiff states that the Office of Ambalom of the said Letchmeepooram Village was entered in the Accounts of fusly 1212, in the name of his father, Case Alagherry Naik, who held the same till his death, about 15 years ago; that in fusly 1249 he (the Plaintiff) entered upon the duty, and having to go to Ramnadpooram, hamlet of Theroomanickom in Theroomungalom, for his livelihood, he left the Office in charge of Sooparnaik, father of the Defendant, as his Goomastah in fusly 1250, under verbal agreement to let him enjoy the Coody emolument, reserving to himself the benefit of the Manium; that the Pottah was then surreptitiously transferred, from the name of his father, to that of the Defendants: and that, meantime, the latter having died, his son, the Defendant, attempted to usurp the Ambalom in question, by laying false claim to it, which Plaintiff claims to be placed in possession of, as also to have Rupees 11—2, loss of emolument from fusly 1250 to 1255, recovered to him from Defendant.

In his answer of the 23rd July Defendant states that Case Alagherry Naik, in whose name the Ambalom in question is entered, in the Cutcherry and Doftors, so as

one

one of his ancestors;- that his (the Defendants) father performed the duty, for 10 years, and his and that he has ever since, now 2 years, continued to perform them (not on behalf of the Plaintiff that the Complaint is totally false, in as much as the name of the Plaintiff's father has been fraudulently stated to be "Case Alagherry Naik" instead of Case Naik; whereas the Umbalam in question has always been entered in the Accounts in the name of Case Alagherry Naik that, pursuant to an order of the Principal Collector forbidding entry in the Accounts of the names of the deceased incumbents, there has been no fraud in entering the name of the (Defendants) father in the Pullah, for Fasly 1249 and denying any liability to the Plaintiff.

Plaintiff's Witnesses,

Defendant's Witnesses

Examination of the plaintiff and evidence of the Witnesses, and report of the Ameen of the Talook

7th Nov. 1845

Manager of Ramnad, an examination of the plaintiff being necessary to understanding of his statement, he deposed that, Case Alagherry Naik, called, in the Complaint, his father, was his grand father, in whose name only the Umbalam in question had been entered; that he had died long ago, as was the case, also with his father, Case Naik, now 30 years ago;- that during a portion of the last 20 years, whilst Plaintiff was absent at Thiruvanaickrem, the Defendant did the duty;- that in Fasly 1250, he returned to Pitchmeepooram and has been living there ever since;- that the writer of his Complaint drew it up mistakenly and that Defendant is his Cousin.

On consideration of the above documents, and a report of the Ameen of the Talook, together with all other Proceedings held in the matter, it appears that the the Umbalam in question was entered in the name of Case Alagherry Naick, the change of entry to the name of Defendants father was consequent on the Plaintiffs absence at Ramnad pooram in Thiruvanaickrem, for a period of 20 years, since which time the Defendant, and his father, have been in charge of the Office with enjoyment of the Varuam: and that both parties are cousins; and that the right of Office had long ago passed away

away from the Plaintiff's hands, wherefrom the Principal Collector rejects the Complaint, confirming Defendant in possession of the Office on ground of long enjoyment.—

/signed/ J. Blackburne
Principal Collector.

Proceedings thereon.— The Board of Revenue having given their consideration to the matter contained in the several documents recorded above, see no sufficient cause to disturb the sentence passed by the Principal Collector in favour of the Defendant in the case— The appellant appears from the evidence adduced to have voluntarily relinquished the Umbalum Inerafsee in favour to another branch of his family, on the occasion of the death of his father upwards of 20 years since which period the duties of the Office and the whole of the Emoluments accruing thereof have devolved upon the Defendants father and subsequently on the Defendant himself and as there is nothing to shew that the Appellant objected to this arrangement during the long period that has elapsed or preferred any claim to the Inerafsee from time to time or otherwise produced any satisfactory evidence to prove that the Appellant

35-36

possessor of the Inerafsee who held the Umbalum since his departure from the Village on the death of his father, were merely acting as his Gomashtahs, the Board consider that he has allowed whatever claim he might originally have had to lapse and they therefore resolve to confirm the decision recorded by the Principal Collector confirming the Defendant in possession of the Office.

Ordered that the following Endorsement be recorded on the appeal Petition entered above.

"The Board of Revenue having given due consideration to the matters contained in this appeal Petition presented under the provisions of Regulation VII of 1831 have seen no sufficient grounds for disturbing the decision passed by the Principal Collector of Madura in the case— under date the 22nd of September 1846."—

From the Pr. Collr. of Tinnevelly— Stating the circumstances under which

Sir,

With reference to the Extract from the Boards Proceedings dated 3d September last

Single crop raised in two crop land referred to in Petition No. 1328 of 1845 was subjected to Teerwah calculated on the Carr or Peshanum average which ever might be the highest as regarded the particular land and forming the Hookumnamah now in use in the District of Tinnevelly.-

last, I have the honor to state that the Rule Section XI is contained in a Hookoomnamah issued by Mr. Thomas in Fasly 1255 without, it would appear, previously submitting it to the Board.-

2. As I am led by the questions of the Board to doubt whether they quite understand the nature of the Rule, I beg to explain it.

3. The average produce on which the Teerwah of Nunjah land is calculated is generally highest for Carr Cultivation, sometimes for Peshanum. The Carr average on one piece of land may be as 4 and the Peshanum as 3; while, in regard to another piece of land the Carr average may be as 3 and the Peshanum as 4.- Supposing both these pieces of two crop land cultivated with one crop only, the Teerwah of the former would be fixed on the Carr average Viz- 4 and the Teerwah of the latter on the Peshanum average Viz- 4 because that Amount is the highest of the 2 averages in each case. It is supposed that the Rule will prove fair because a single crop on a good piece of land will generally be more productive than each of the crops on the Land

or, at all events, the advantage of the half year following will be felt in the ensuing if not in the same year.- It would seem just, therefore, that the Government should receive its Teerwah on the highest of the two averages.- The rule is also calculated to prevent fraud. If cultivation is made before the 1st October it is denominated Carr, if after, Peshanum, and the Newmums, but for this rule, would have an inducement to pre-date or ante-date the cultivation, as the case might be, to obtain the lower Assessment. I beg that it may be understood, that a single Teerwah only not both are levied.-

4. The rule was first introduced in 1838 by Mr. Thompson; but with a proviso, that the water should have been insufficient for 2 crops. In this state it was contained by Sir H. Montgomery- Mr. Thomas it was who applied it whether there was water for 2 crops or not.

5. No enquiry is made whether the whole Putcut of the Pyah is calculated or otherwise; and with reference to the reasons on which the rule is founded I do not perceive that this point is of consequence.-

6. Neither was it ascertained whether or not there was sufficient water for

Fort St. George 1st. February 1847.

for a second Crop in the case of the Petitioners — I have already explained that they were assessed for one Crop only.

When only one Crop is raised on a two Crop land, it is usually a Peshanum Crop, and the Peshanum average is generally lower than the two Crop average. The Ryots may therefore sometimes find it their interest to raise but this one Crop instead of two, and thus injure the Government — By raising but one Crop, the Ryot will obtain a greater produce in proportion, and it will appear very inexpedient that he should have the additional inducement of the lowest of two rates of Seerwah.

8. I trust that the explanation will induce the Board to consider the rule as extended by Mr. Thomas fair to the Ryot and necessary for the interests of Government.

9. The accompanying Ko-kummah contains the Rule of Settlement now in use in the District corresponds with a Ferkummah drawn up by

+ in English and Canarese.

Ordered that the following Endorsement be passed on Petition No. 1328 of 1845.—

"From the explanation received from the Acting Collector on the subject of this petition, it appears that the rates of assessment charged upon the petitioners two Crop and upon their Nunjah and Punjah lands, are regular, and in accordance with the Kookoomanah of the District and with the Board's orders. The Serrick on Petitioners Village seems also to have been fixed in the usual manner. The Board see no reason to pass any orders upon this petition."

From the Collr. of Canara.

Sir

In returning the accompanying Petitions on which I am directed by endorsement to report the grounds upon which the

Reports the grounds upon which the Petr. Keshava Row was dismissed from his Office of Shirastadar of Goomtah.

Original Decision

the Petitioner was dismissed from his Office of Assistant Gomastah. I have the honor to state that it was in consequence of an interpolation discovered in a document of considerable importance in a case relating to the right of felling Teak timber in the Buntwal Talook the records of which had been given over to him to abstract when he was acting as a Volunteer in the Cutcherry. The interlineation was discovered upon his delivering over the record preparatory to his going away into the Sub Collector's division to seek employment there. An enquiry was instituted by the Tasildar and submitted to Mr. Blair the Principal Collector and subsequently referred to Mr. Parker the Sub Collector who having carefully gone through the proceedings, and held further enquiry into such points as appeared to him necessary recorded his opinion, that a strong ground of suspicion existed against the Petitioner of having made the interlineation, although the evidence

was not sufficient to warrant his conviction and punishment on a charge of forgery. The Petitioner had in the mean time been appointed as an Assistant Gomastah in the Sub Collector's Office and as Mr. Blair concurred in the opinion expressed by Mr. Parker he considered it improper to proceed with him to retain the appointment to which he had been recently nominated, and accordingly directed his dismissal - as the Petitioner had held the Office for only three Months it would perhaps be more correct to state that his appointment had been cancelled - It was upon a review of this case that the endorsement was made upon his Petition No. 271 of 1846. The Petitioner now states that his object in petitioning the Board was not to procure his restoration to Office, he only wishes a new and further enquiry to be held in the case. The case had been disposed of by competent authority before Same into the district, and both Mr. Blair and Mr. Parker had concurred in the propriety of his being dismissed

To

Civil and Sessions Judge
of Chicacole

Sir,

I beg respectfully to represent that your Court sent for the Acting Sheristadar and the Sheroff of this Court together with the Chittas Vols to examine them regarding the subject mentioned in the middle of the 3rd Para of your letter dated 28th June 1845 that I appropriated Mr Vanderputt the Apothecary's pay for my own purposes to lengthened periods; but as the Memorandum which was sent by the Cash Keeper of the Ganjam Collector's Cutcherry regarding 43 Rs 4 as the Amount in discussion was not received in your Court and the facts of the custom which obtains in this Court was not detailed I beg to explain the usage of this Court as well as about that Memorandum which is herewith submitted

mitted) as I think it necessary to do so-

2. It will clearly appear by that Memorandum of the Cashkeeper that the Money paid on the 19th December, and it being received here on the 19th of that Month, that sum together with the Amount I paid for the retrenchment made on the 23rd & 24th was entered in the Chitta on the same date, which fact will be proved by the attested Copy of the Chitta to be presented in your Court by the Acting Sheristadar and Shroff by your Orders-

3. As there is no Collector's Treasury at this Station, the Money which should be remitted thither is always returned here writing only in the letter as the Money has been sent for fear of injury in consequence of evil being Hill Country and that Money being deducted by the Collector, the balance is ordered to be discharged- This custom is observed from the institution of this Court- As mentioned for the I beg to submit herewith the Original Memorandums of the Cashkeeper for three different Months of three successive years from 1841 to 1844 showing such deductions as also two letters dated 5th December 1844 and 5th January 1845 sent

sent by the Collector regarding similar deductions, by which it will appear that the money which should be remitted to the Treasury was not sent up, but that it was deducted from the Amount sent from thence- It appears also by the Records of this Court that District Moonsiffs, instead of sending to the Court the Amount of Fees Rs. collected by them, deduct from the same their pay Rs. and send the balance, if their be any-

4. I beg also to enclose herein an Extract of this Courts Chitta dated 20th and 23rd March 1841- and a Memorandum of the Cashkeeper on that occasion respecting the deductions by which it will appear that the late Acting Principal Sudder Ameen & Sandaroy Moodeliar, having had occasion in that Month to his own purpose for 2 Account Current Generals Bills to the Amount of 1300 Rs. applied to the Collector for the same, and that Officer deducted that sum from the amount of the Sunderts sent the balance, which was received and entered in the Chitta on the 20th and two days after the receipt paid on the 23rd of that Month 800 Rupees after deducting his pay 500 Rupees.

Communicating observations ordered in the Boards Proceedings relative to the settlement of the extra Sources of Revenue in the District of Tanjore for Fasly 1255.

Extract from the Minutes of Consultation under date the 25th January 1847.

Read the following Extract from the Proceedings of the Board of Revenue

Para 1. Notwithstanding the abolition of the land Custom duties on the frontier of Irangueebar and the disuse of Monopoly the Sayer and Sea Customs Department Ceasing a decrease of Rs. 15,052-10-6 in comparison with the revenue derived from these two items in the Fasly preceding. The extra Sources of Revenue in the District of Tanjore for Fasly 1255 exhibit an increase above those of Fasly 1254 of Rupees 15,758 and rose to Rs. 8,57,812-12-9.

2. The Salt sales during the year have maintained a high standard, and in quantity have exceeded the corresponding period

period of Fasly 1254 by 195 Garces, 157 Measures.

| | | Rs. | A. | P. |
|---|---|---|---|---|
| Fasly | 1254 | 4,62,502 | 8 | 8 |
| " | 1255 | 4,60,083 | 1 | 8 |
| Decrease | | 1619 | 7 | " |

The money results are slightly less than them in the year preceding in consequence of the higher rate of price prevailing in the early part of Fasly 1254. It is satisfactory to observe that the illicit manufacture of Salt in Irangueebar has been suppressed since the transfer of the territory.

3. The advance of the Sea Customs revenue is partly caused by the addition of the Port of Irangueebar. The increase is both Import and Export, but is mainly attributable to the extended exports of Rice to Columbo. The Most Noble the Governor in Council has the satisfaction of observing the progressive increase of this branch of Revenue during the last ten years.

4. The Most Noble the Governor in Council sanctions the abolition of the duty on import from Karikal on the 36 different petty items enumerated in the Collectors report. The revenue derived thereby during the past year is inconsiderable; the exaction of duty is vexatious and oppressive on the poorest classes, and under former orders the ten years export

had

has been discontinued.

5. Under the explanation given by the Co

of the Board, the Most Noble the Governor
Council authorizes the writing off in the Acco

Rupees 1,047-4-7 less than the permanent berize and Rupees 1,551-9-9 less than the Settlement of Fasly 1254- The great deficiency causing this result occurred in the Nunjah produce- Only half of the extent of land cultivated in 1254 was under cultivation in 1255 and the crop of a large proportion of this entirely failed-

Sir,

From the Collr of Rajahmundry

Affording explanations to the Board of Revenue with respect to the Sub Division Accounts of Collaproloo Estate as required in the Board's Proceedings of the 26th Ultimo

2 Para 1.

With reference to the instructions of Revenue contained in the Extract of their Proceedings dated 26th November last, I have the honor to afford the following explanations regarding the several points to which they have called my attention.

2. According to the established practice when Accounts for the Sub division of Estates are prepared, the Cummums of Collaproloo were sent for to the Manzoor and detailed Accounts of Settlement, Collection &c. were taken from them for all the Villages composing the Estate. In the rented Villages the Settlement made by the Renters with their Sub tenants or ryots was inserted, but in conjectured by the Board in Column 49 of the Statement No 2 which accompanied my letter of the

3d

Fort St. George 4th February 1847

3d September last now under reference. This accounts for the increase in the Settlement of these Accounts as compared with the Annual Accounts of the Zemindary formerly submitted to the Board. The Accounts of the rented Villages have undergone examination at the Huzzoor. Mootchelkahs were taken from all Cumums by which they declared themselves liable to punishment besides dismissal from Office if any frauds or irregularities were detected in the Accounts furnished by them; and Abstracts of the Accounts were also prepared for the inspection of the Zemindar Rajah Row Venkatadreyaroo and his young Brother, who after having examined the Accounts returned them with their Signatures certifying to their correctness.

3. The 3 Villages of Cookapilly, Bogapooram and Columka, having been under Amany for Fusly 1249 (A.D. 1839/40) a remission of Rupees 543 on account of usual deductions and Village charges as well as of Rupees 5,631 15 6 on account of loss sustained

Fort St. George 4th February 1847.

sustained by the Storm was allowed for that year as inserted in the Annual Accounts formerly rendered to the Board. The former sum was included in the amount of Rupees 1,710-8-11 exhibited in the Statement No. 2 as noted in the Margin and the latter sum Viz. Rupees 5,631-15-6 was included both in the Settlement in Column 49 and in the Balance in Column 54 of the above Statement, there being no separate Column for the same.

4. The Column 50 in Statement No. 2 and the corresponding Columns in Statements Nos. 3 and 4 Headed "Collections paid to Circar" exhibit the amount actually collected on behalf of Government from the Amany Villages and that bonafide paid by the ryots to the renters on account of the rented Villages; consequently the fresh calculation suggested by the Board of Revenue in Para 3 of their proceedings appears to be unnecessary.

Confirming the sub divisions of the Collapoloo Estate in the district of Rajahmundry and directing the registry of the Pittapore Zemindary in the name of three Rajah Row Venecatadasrea Bahadur & that of Columbah in the name of his brother Rajah Comara Vencat Row—

Jud. Cons. 26th Feb. 1847.

12-13

In their Proceedings of the 26th of November last the Board requested to be informed whether the Collections entered in Column 50 of the Statement No. 2 and in the corresponding Columns of Statement No. 3 and 4 accompanying the Collectors letter of 3d September 1846, and forming the date on which the proposed Sub Division was to be framed, were those actually made from the ryots, in the Veesabuddy Villages by the Sircar in the rented by the Renters—or whether as respected the rented Villages they showed only the sums paid by the Renters—In the event of the first of these alternatives being the real state of the case, they desired to know in what manner the Accounts of the Settlement of the rented Villages had been obtained and what means had been taken to test their correctness—The Board further enquired under what head a remission to the extent of Rupees 5561—15—6 which had been granted in Collapoolo in Fusly 1247 in Consequence of the loss then sustained by the storm had been accounted for in statement No. 2 of the Collectors letter—

In

Fort St. George 4th February 1847.

In his reply above recorded Mr. Prendergast explains that the collections referred to were those made from the ryots in the rented no less than in the Veesabuddy Villages. The accounts of these rented Villages, he adds were examined at the Hoozoor, Moochilkas were taken from the Curnums whereby they declared themselves liable to punishment besides dismissal from Office if any frauds or irregularities were detected in the Accounts furnished by them, and abstracts of the Accounts were then prepared for the inspection of the Zemindar Rajah Row Venecata Soorya Row, and his younger brother, who after having examined the Accounts returned them with their Signatures certifying their correctness—The remission in Fusly 1249 is explained to have been included in the amount of Rupees 41,323—10—1 shewn in Column 49 Statement 2] as the total demand, and in that Rupees 10,304—15—5 given in Column 54 as the balance of the Estate for that Fusly—

2.

This explanation is satisfactory, and as it appears from the letter above recorded and that previously received from the Collector on

3.

the

Fort St. George 4th February 1847.

the same subject, that the proposed Sub Division of the Gillapolo Estate has been made with reference to its actual outturn for the ten years Fusly 1244 – 1253 that all due means have been taken for ascertaining the correctness of the accounts which exhibit this outturn that the accuracy of these Accounts and the equity of the manner in which the Peishcush of the whole property has been apportioned upon its subdivided parts have been fully admitted by the parties interested, the Gumdar and his brother. The Board of Revenue resolve to confirm the same and therefore direct that the Sub Division of Gollapolloo be registered in the name of Sree Rajah Row Venkata Soorya Bahadur the Zemindar on a Peishcush of Rupees 11,697-2, and that of Columkah be registered in the name of his brother Rajah Comara Venkat Row on a Peishcush of Rupees 14,352-8-10-

(16)

I have the honor to report for the information of the Board the building of a Choultry for travellers at Allcastles at the Sungum Talook on the high road to Cuddapah and distant from Nellore about 30 Miles. Sungum is a very small Town, and with the exception of a small shed, there was no place of Public accommodation tho' from the numerous travellers passing that, a Choultry was much required. The present Shahsildar Ringriah Sting set on foot a subscription which was liberally supported by servants of the Honorable Company the Inhabitants of Sungum and the neighbouring Villages and with some assistance from myself a building in Brick and Chunam had been erected at a Cost of 1600 there is no Choultry or Mosafirkhanah within many miles on either side Sungum the nearest halting place on the road being at Bootcherdypollum about 10 Miles on the Nellore side and on the Cuddapah side there is no accommodation for a much greater distance. The Choultry is the property of the Circar and to support a sweeper, supply Lamp Oil &c an allowance is required lest the building fall into decay I therefore

therefore the honor to recommend for the sanction of the Board that a grant of waste land yielding a rent of 60 Rupees per annum may be made for the support of the Choultry x under the control of the Circar Authorities.

7th Orginal Cons. 26 February 1847

Sir,

I am directed by the Board of Revenue to submit for the information and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Nellore, reporting the construction of a Choultry at the Cutbal Town of the Sungum Talook in his district, designed to afford accommodation to travellers of all classes, and soliciting that an assignment of waste land of the estimated annual

annual rent of 60 Rupees might be granted for its support.

2. The Choultry in question is represented as situated on the high road to Cuddapah on a part of the Country much frequented by travellers, and for whose accommodation no building of the kind previously existed either in the Village where it has been erected or within many Miles on either side, the nearest halting place being situated at a distance of 16 Miles. the sum expended in its construction, the Collector estimates at 1,500 Rupees, and which he states, was Collected by a Public subscription among the adjacent Villages and from others desirous of contributing to a work of such utility.

3. The Board are not aware of any objection to a compliance with the application for an assignment of land for the support of the requisite establishment and expences of the Choultry, and altho' the sum expended in the formation of the building which he would appear to be

5. It appears proper to state to the Board in this place that of the 447 individuals whose emoluments do not exceed Rupees 100 per annum, those of 212 individuals do not amount to Rupees 6 each. Adverting however to the principle upon which Government

would seem to proceed in giving compensation I presume that they are not to be rejected on this account - nor the amount of compensation to them reduced.

6. The number of Coody Cavilgars to whom it was proposed in my letter of the 19th June 1843, to give pay, amounted to 2,198 individuals, and the charges to Rupees 52,782 per annum, deducting 4 individuals and their proposed allowances on account of two Villages transferred to the Districts of Tanjore and Salem. The statement then submitted was based on the information already collected by my predecessors but a strict scrutiny has enabled me to reduce the number of individuals to 1652, whose pay at the rate of 24 Rupees each per annum amounts to Rupees 39,648. This reduction has been made upon a careful enquiry into the wants of each Village and the number of Cavilgars who are already in the receipt of allowances.

7. From the above, it will be seen that the total amount of compensation to Men Cavilgars and pay to Coody Cavilgars which Government will be called upon to disburse annually, is Rupees 42,501 9-3. The offset against this expenditure consists of the following items. Revenue of resumed lands

hands Rupees 70 84 - 14 - 5½ - from items of Moturpha Rupees 2,304 - 9 - 4½ hitherto appropriated to defray the expenses of the Cavil Establishment in the Talooks of Arreadore and Codiarpollium.

8. From the Statement at ° it will be perceived that there is a considerable difference in the amount of Revenue from resumed Enams 4th as entered in the former and the present Accounts. In the Mow Cavil Enams there is an increase of Rupees 2,692 - 14 - 5½ - and the Moturpha amount to Rupees 2,314 - 9 - 4½ appears altogether an increase. The lands in Moo-oor and Mootturn alluded to in the Board's Proceedings of the 3d September 1846 - are included in both Statements with the exception of Cawrices 16 - 37 - 8 - bearing an assessment of Rupees 122 - 14 - 9 - which it has been recently discovered were granted by the Zemindar to Brahmins and which only appear in the present account. They have been attached as the grant was obviously unauthorized and improper. In the present Statement it has been thought proper to include the Elungachary Enam also which forms the subject

the correspondence noted in the * Margin, ex individual Enam, it seems from the Travers's remarks and all the information I can collect on the subject to have been granted on account of Services performed by the grantee as Cavilgar. There are no documents in support of the grant further than the Village Accounts and the Register in the Collectors' Cutcherry and I have under these circumstances anticipated its enertaral assumption. As regards the lands in Moo-oor and Mootturn they were avowedly granted for Cavil purposes, and are so entered in the Accounts. There can be little doubt that the omission to assume them when the Codiarpollam Zemindary was created was an oversight. They form part of the possessions of the family to whom the Zemindary of Codiarpollam was granted in lieu of privileges and emoluments enjoyed by them in the capacity of Zemindars, these lands therefore should be assumed unconditionally. To the Enamdar of Elungachary it will be necessary to allow compensation upon the terms it is to be given to other persons in similar situations.

and

and I have provided for this in the proposals now submitted as will be perceived from para 4 of this Report.

9. The foregoing are the principal items composing the discrepancies between the present and the former Statements. There other discrepancies arise from the correction of errors and the minute investigation which the subject has undergone.

10. In the 2nd para of the Extract from the Minutes of consultation received with the Extract from the Boards' Proceedings under reply, it is directed that the compensation to be given to the Inam Cavilgars should be computed from the date of the resumption of the fees. This took place under my order from the commencement of Fusly 1249 on the 13th July 1839- so that the amount of compensation calculated from that date to the end of Fusly 1255 being 7 years amounts to Rupees 19,446-9-11 to which is to be added the amount due to the Ellungacharry Enamdar from the date of the resumption of that Enam Virtt from Fusly 1248 A.D. 1838/39 to the end of Fusly 1255 A.D. 1845/46 Rupees 274-14-4 total compensation to Inam Cavilgars Rupees 19,721-8-3- A fund is already provided to meet

† Statement No. 1

meet this disbursement in part from the Collections on account of resumed Inam Cavil fees which amount to Rupees 12,258-1-9- and are now held in deposite.

11. I now come to the question of remunerating Village Moonsiffs. In obedience to the Boards instructions, I have carefully revised the appointments of these Officers- and I have remedied the defect which was formerly complained of by invariably combining the Office of Moonsiffs and Monegar or Head of the Village in one person- It will be perceived that the number of Village Moonsiffs who have no emoluments is considerably in excess of that entered in the Statements which accompanied my letter of the 30th December 1845- which is accounted for by the omission of Enam Villages in the former Statements- This omission has been supplied- and the greatest pains have been taken to ensure accuracy.

12. The result of my enquiries shews that there are 238 Villages in which there are no emoluments attached to

the

the Office of Head of the Village in which case only are allowances according to the Boards' orders to be granted - and as the claims of all to remuneration differ only in degree I have rejected none.

+ Nos 8 to 25. The accompanying Statements+ exhibit the extent of population the amount of Revenue and the amount of Compensation proposed to be granted in each of the Villages in question - the latter amounting to Rupees 2388-8- which will be exactly met by appropriating the allowances paid from the Grand Kurch or usual collections from the cultivators for Village expenses at present received by a Class of petty revenue Officers termed Surg Mauniums who have hitherto been charged with the revenue duties usually appertaining to Heads of Villages and whose Office I propose to abolish - Their pay it is clear may most properly be appropriated to defray the allowances of the Heads of Villages - and this arrangement prevents the necessity of any further disbursement on this account from the Treasury.

13. The financial result of the foregoing proposals be approved will be as follows.

14. The proposed annual compensation to Men Cavilgars is Rupees 2,806-9-3. The pay of Coody Cavilgars including the two Cavilgar of Mannigandaun whose Sunnud authorized to entertain in lieu of

of the Extract Minutes of consultation dated 24th Statement No 3 1846 / Rupees 39,696 Total annual disbursement for which sanction is necessary Rupees 42,501-9-3 The Revenues which will appear as an offset against this being the assessment Statement No 1 & 2. of resumed Inam Cannel and Cavil lands Rupees 7084-14-5½ and Moturpha formerly appropriated Statement No 3. to Cavil purposes Rupees 2304-9-4½ total Rupees 9389-7-10-

15. In addition to the above the compensation to Men Cavilgars in arrear has to be provided for. The Total amount at the rates specified in para 4 Statement No 4. for 7 years is Rupees 19721-8-3- The amount realized by the Collection of Men Cavil fees now in deposite in the Trichinopoly Treasury is Rupees 12,258-1-9- leaving a difference of Rupees 7463-6-6. Sanction is requisite for the disbursement of the entire Amount -

16. In conclusion, I beg leave to suggest that the Men Cavilgars should be required to attend the Collector's Office within 6 months of their receiving notice to that effect under penalty of forfeiting their claim to receive compensation in arrears.

From the Sub Collector in charge of Tinnevelly

Requesting instructions as to whether articles, the produce of certain Mannams, and intended for the use of the Mahomedan & other Chuttrums can or cannot be exempted from the payment of duty on their transit into Travancore.

Sir,

I have the honor to forward, 1. copy of a letter from the Resident of Travancore, dated 18th December 1846, transmitting a communication from the Head Dewan Peishcar relative to the passage of supplies for the use of certain Chuttrums without payment of duty, and to state that it appears by a letter from the Head Assistant Collector in charge of the Frontier Customs, that the Chowkeydar of Pumpatam has reported that on the 7th of December he stopt 10 persons carrying Rice across the Frontier into Travancore; but that when he discovered that it was for the use of the Mahomedan Chuttrums he released it, and that he did not give any orders to detain supplies intended for the use of the said Chuttrums; and that the Chowkeydar has further reported that the Chowkeydar has hitherto duty had not been levied on any supplies passing the Frontier for the use of this Chuttrums; but Mr. Levingh adds that the conduct of the Chowkeydar

Fort St. George 8th February 1846.

Chowkeydar in passing supplies intended for the use of the Atchencoil Chattrum although the produce of Shencottah Samum Lands, without collecting duty, is directly at variance with the instructions contained in Section 17 Act VI of 1844, and that he has sent instructions to the Chowkey directing him to collect duty on all Articles subject to it under Act VI of 1844 on their passing the Frontier until further orders.

2.—

It appears to me that under Sections 8 and 17 of the said Act, the supplies for the use of the Chattrums of Atchencovil, and others similarly situated within the limits of the Travancore Territory are liable to duty, though the produce of Samums belonging to Travancore, when they pass through the Company's Territory unless specially exempted by Government I beg therefor that I may be furnished with instructions either to carry out the provisions of the Act, or that if thought fit, special Sanction may be applied for from Government for the exemption of the Articles in question.—

3.—

The Samums of Sheradanillay and Poolliary referred to in the Dewan's letter form part of the tract of Country belonging

Sir,

I have the honor to transmit to you the annexed copy of a letter from the Head Dewan Peishcar of Travancore No. 1093 of the 11th Instant, and to express a hope that the obstacles therein alluded to regarding the transit of the supplies for the use of the Chattrums at Atchencovil and Aringaul may not be continued—

Sir,

I have the honor to bring to your

notice

Fort St. George 4th February 1847.—

Notice that the Tahsildar of Shencottah reports to me under date the 23rd Cartigay /17th Instant/ that he has been informed that the Honorable Company's Chowkeys at Pumpliputtanu has given orders to the Shettys Peons under that Officer to detain in future all supplies of Paddy, rice and other Provisions which are taken through the Company's territory for the use of the Atchencovil Chuttrums, till duty is paid on such supplies.—

2.— They to state that these Articles are always furnished from the Shevalacottor Maneyems belonging to Shencottah and are obliged to pass through the Company's territory as you are aware, and it would be attended with very great inconvenience were they to be detained for the purpose of duty being levied thereon, as it would interfere with the due celebration of the festivals and performance of the poojahs. Although two years have now elapsed since the establishment of the Honorable Company's frontier Chowkies, no duty was demanded on such supplies till presently, nor were they ever taxed before the frontier Chowkies were established

established.

3 In submitting the matter for your consideration, I beg you will have the goodness to take such steps as will secure to the Sircar the continuance of the privilege of exemption from the payment of Customs on Articles coming from Shevacottor for the use of the Atchencovil Chuttrums, in like manner as on Articles taken from the Poolagerrah Maneyems to the Trivengal Chetrums, and if it be required, I shall order the Tahsildar of Shencottah to furnish certificates to accompany all such supplies passing on to those Chuttrums from the abovementioned Maneyems, shewing that they are bonâfide for the use of the said Chuttrums.—

Ordered that the foregoing letter be forwarded for the information and orders of the Most Noble the Governor in Council. The Board beg to submit it as their opinion that the articles referred to are liable to duty under Act XI 1844 on proving the Company's Frontier, altho' the Manners in which they are produced and the Country for which they are intended may belong to Travancore. At the same time as it would seem that these Articles have still recently been exempted from such charge, as they are intended for the use of charitable institutions and the revenue which would be derived from them is probably trifling it will be for the consideration of his Lordship in Council whether the former exemption may not be again allowed, the revenue authorities being required to adopt such precautions as shall prevent the indulgence being abused, and on the understanding that it is to be recalled in the event of an undue advantage being taken of it.—

Reporting more in detail upon the four Petitions received with the Board's letter dated 19th November last.—

Sir

I have the honor to acknowledge the receipt of your letter dated 19th November last, conveying four Petitions + No. 1245 —"— 1290 —"— 1322 —"— 1362 of 1846 Seventh returned upon which the Board desire me to report more in detail the information contained in my endorsements not being sufficient to enable them to dispose of the said Petitions.—

The Petitioners complain as that their Houses which until Fasly 1255 / 1845/46 paid no Tax whatever, have been assessed to the Metarpha Revenue from which they claim exemption on the score of the immunity they have hitherto enjoyed by reason of their Caste.— Pending an answer to the suggestions made in the 3rd Para of my letter dated July 10th 1845, I have abstained from assessing the Metarpha the Houses belonging to the Namboories or Native Brahmins of Malabar, and the Petitioners, had their statement been correct would

would have enjoyed this exemption in, common with their brethern. But whatever name they may choose to call themselves they are not considered by those who are qualified to judge in these matters, to belong to that peculiar class, the Namboori. There are several Individuals of the Petitioner's cast and rank in life who pay the House Tax in various parts of the district, and the Sub Collector in charge of North Malabar in ordering the Tax to be levied on the Petitioner's House appeared to me to have only acted in unison with the provisions contained in Clause 2nd Section III Regulation V of 1832.—

To The Chief Secretary to Government.

Sir,

Referring to Paras 10 & 11 of an Extract from a General Letter from the Honorable the Court of Directors under date 23d July 1846, evincing the importance attached by the Honble Court to the employment of Village Moonsiffs in the adjustment of Petty Civil Suits, I am directed by the Board of Revenue to solicit the attention of Government to the opinion expressed by the Collector of Vizagapatam as quoted in the Court's Despatch of that the benefits of the institution of Village Moonsiffs would be greatly extended, if in Ryotwar Districts Moonsiffs were prohibited from receiving suits for sums under 10 Rupees and all actions in which the amount in litigation fell below that limit, were reserved for the sole Cognizance of the Village Moonsiffs. It appears to the Board that this observation is entitled to weight, and they would therefore respectfully beg to suggest that Communication be made upon the subject to the Court of Sudder Adalut, with a view to their sentiments being obtained upon Mr. Arbuthnot's proposal, and in the event of it being approved, in respect to the measures to be taken for giving it effect.

Sir,

I have the honor to submit a claim of the Government that has been transferred to me by Chenna Kestna Chetty and Venkatasawmy Chetty in the absence of any other means to enforce a claim of mine against them, and to solicit for it the favorable consideration and early Orders of Government.

I am aware that the late Principal Collector of Madura had under the opinion of the Board of Revenue rejected that claim and declared it irrecoverable on account of the length of time which had elapsed since the occurrence of the transaction referred to, and from the particulars stated of the claim and in respect to the Bond bearing date 1st December 1836 on which I humbly request the attention of the Government to the claim, I am willing to give such security as may be required for the amount and which I believe will be the most effectual mode of

not the fault of the claimant, but of the Government and the second incorrect and invalid is, I would further submit, shown and explained in the agreement to me, a copy and translation of which I have the honor herein to enclose. The documents alluded to in it, I have been put in possession of, and should be ready to lay them before Government whenever called upon to do so.

on the 9th day of December 1846 corresponding with the 26th day of Karthika of Parabhava.

When our father was alive he took a Contract from the then Collector Mr. Peter of the Circar share of the Cardamoms from the Gella Malla formerly belonging to this District from Fasly 1320 to Fasly 1322 inclusive being 3 years at 7100 Cully Coonis or Rupees 15,060 - 9 - 8 a year. of Rupees 13,222–9–6 and had the 3rd years province in store when the Circar sequestered it. Subsequently he applied for and obtained the order of the Collector to receive and sell the said produce and to delivered the chief portion of it to Mr. Christie the then Doctor of Madura for the purpose, and he sold it and paid into the General Treasury at Madras, and remitted by two Accountant General Bills on the Madura Treasury to the Collector thereof the sum of Rupees 2,700–10–. on account of and to be paid to our father. from this sum the balance due to the Circar by our father deducted left a balance of Rupees 1,038–– in their hands in his favor, Conducive the cost of the Cowdamums sold to the Collector himself being added made the sum due to him Rupees 10,135–––6. For the payment of this sum he constantly applied to the said Gentleman both personally and in writing, but it was as constantly evaded under one pretence or another. Mr Christie died in 1828 and our father in 1829 after we were not having in our possession all the Accounts and the documents belonging to him, we applied repeatedly to the Collector and the Board of Revenue to examine the accounts with the Circar and to grant us relief and pay us the balance due to us with Interest but they would neither give us Copies of the Accounts nor pay us the balance and now the

Being poor and wanting the means to prosecute in the Courts and recover what is justly due to us from Government and to settle our accounts with you. We hereby transfer the claim amounting to Rupees 32,270–10 being Rupees 16,138–6 principal, and Rupees 16,138–6 interest to you, to apply for and recover in satisfaction of the said account between us and we deliver to you all the documents in our possession in support thereof to enable you to prosecute the same on your own account before the proper revenue and judicial authorities and we disclaim all right to it whatever in your favor. a Para 4. To enable the Governor in Council to determine on the propriety of continuing the lapsed share of the Enam referred to in the foregoing correspondence, as a service grant, he requests that the Board of Revenue will forward the Original Purwannah which is stated to have been produced by Mr Wallace with other Purwannahs to their Office, and that it was never returned to the Collector, and that they will also submit such documents in the Native language as may be forthcoming in the case.

Vide Remarks in the 1st Col. Column of the Cowle dated 1st August 1846

2. It does not appear from the Collector's letter from Mr Wallace Register of 1802 and also

Fort St. George 8th February 1847.

Registers of 1814, that the terms of the grant whether for life or hereditary or for any particular service were at all specified in the Original Purwanah, and no mention of a Mosque endowed by the Grant is made in either of those Registers

3. It is moreover observed that the Village of Ammadipettah was at first conferred on one individual, Shah Dervish Ally, and that it is now enjoyed by a fraternity of Fakeers in six shares. The Mosque is represented by Mr Orstow to be a "small Establishment" but not being mentioned in the former Registers of Enams, it may be a nominal Establishment since set up to give it the character of a service grant.

4. It must also be remarked that the Enayetnamah produced in 1814 and not before that period continuing the grant in the terms marginally noted, was supposed by Mr Travers to be a forgery and the Enam considered to be "very suspicious".

a As Enams to the Mootalikhan of the deceased family always pass to a relation to some extent

5. The Governor in Council is inclined to the opinion that the grant partook more of the nature of a Mootalikhan Enam, and this view is supported by the concluding terms of the Enayetnamah etc

etc, etc

itself as above given. The Board in a recent communication declare that similar terms do not convey hereditary right, and state that by being coupled with the mention of Mootalikhan there seems to be no doubt that the alienation was not intended to be perpetual. As in the case of Mootalikhan grants of Dehat Enams, the proceeds of the Village are now distributed among the Members of the family, and under the Rules established on the 22d September 1839. the Shares held under such grants were declared liable to reversion to Government on the demise of the parties.

5th. The attention of the Board is requested to the opinion expressed in Para 3 of their letter of the 29th August 1839 No 3094 that even where Grants of this nature include a condition of Service, it is not deemed absolutely necessary, with reference to the practice observed during the Mahomedan Government, that the Enams should be continued in perpetuity and that in such cases on the death of the last of the regular Mootalegars the continuance of the Enam in whole or in part should be determined on consideration of the circumstances

Requesting that further information be furnished regarding certain Manium land in the district of Madura.

Read the following Extracts

Extract from the Minutes of Consultation under date the 23rd January 1847

Read the following letter from the Board of Revenue

Dated 4 June 1847 No 28

Para 1. The Most Noble the Governor in Council inclines to the view which Mr Blackburne has taken of the Manium in para 3 of his letter dated 10th June 1846, and one of the parties interested seems to regard it in the same light from his disposing of a portion of his share, as if it were granted for his own benefit. Adverting however to the great antiquity of the grant, alleged to have been 600 years ago, the Government is disposed to deal with it with greater consideration than the character of the service performed and the apparently defective title under which the Manium is held, claim if it. The information furnished on the subject is not complete, and there are a few discrepancies in the Statements submitted, which call for explanation. These, the Most Noble the Governor in Council proceeds to notice.

2. The Principal Collector states in his letter of the 10th June 1846 that the Manium conditts of 19¾ Goolies of Nunjah and of Punjah lands, taxed at Rupees 42-7-8 in the Village of Coroongalgoody as entered in the Survey Accounts of Fusly 1212. In the Register of Enams of Fusly 1217, the total extent of the Manium is given at Goolies 16-15¾ and that of Fusly 1223 at 5/8 Goontahs. From the latter Register it appears that the lands were held rent free prior to the assumption of the Circar, but subsequently a Peishcush was levied on the portion cultivated. The Principal Collector should be requested to specify the exact extent of the Manium in the several kinds of land measured, including the portion sold, and the amount of assessment paid to Government, whether fixed, or variable, according to the cultivation of the year.

3. It is moreover observed, and the impression appears somewhat stronger in that register, that no distinct allusion is made in either

Para 1. The Settlement of the Extra Sources of Revenue in the District of South Arcot for Fasly 1255 amounted to Rs. 5,42,302 — 3 — 8, and it is satisfactory to observe that with the exception of Rs. 43 — 3 — 4 balance of Motursha

In the items of Small Farms and Licences and in Stamps the Comparison of the two Faslies is unfavorable to Fasly 1255, but the decrease of decrease are sufficiently accounted for. In all other items considerable increase is exhibited.

3. The quantity of Salt sold during the year is in excess of the sales of 1254 to the extent of

| Fasly 1254. | Fasly 1255. |
|---|---|
| Export by Sea — | 93 — 200 |

Rs. 141 — 187 — 4 but this excess is derived from export by Sea and by considerably augmented sales for Mysore. A decrease took place in the Inland Consumption which it is remarked is nearly three fold by

lower than the same item in Fasly 1252, when Mr. Davis stated in his report for that year that the quantity sold with reference to the population of the District is far below what ought to be consumed as a necessary of life. The continued deficient Amount of the sales under this particular head demands the attention of the Collector.

4. The increased exports at Pondicherry of blue cloth and of Piece goods and Indigo from Cuddalore for the European Markets, have largely augmented the Frontier and Sea Custom Revenue, and have had a beneficial effect upon the Motursha by affording employment for an increased number of looms.

5. The charges Amounting to Rs. 66,226 — 15 — 6 and requiring no particular notice being deducted from the gross receipts, the net outturn of the year is Rs. 4,74,084 — 12 — 2, which the Most Noble the Governor in Council is pleased at perceiving exceeds that of Fasly 1254 by Rupees 55,904 — 9 — 8.

The Governor in Council is

of opinion that it is inexpedient and would

lead to inconvenience to recognize the claim of

the French Government now for the first time

put forth to any share in the appointment of

the Servants by whom the measurement of Salt

sold to them is conducted, and cannot admit

that the present claim is supported by justice

or precedent.

It is the duty of the Collr

of South Arcot in disposing of Salt to ensure

fair Measurement, and it is always in the power

of the Parties purchasing to object to the

measuring and to refuse receiving a less

quantity than they are justly entitled to.

The Governor in Council

sees no objection to the adoption of the pro-

position of the Collector that Salt to be

supplied to the French Government

be hence forth weighed instead of measured

in the same manner as Salt sold

for Export by Sea, and resolves to

suggest that course to the authorities of

Pondicherry, and if approved of by them, au-

thorizes its being carried into effect.

The Governor in Council con-

siders the tone and style of the letter ad-

dressed by the Collector on the 7th November to

His Excellency Mr. Pujol, to be very improper,

and in recording his disapprobation of that

communication desires that Mr. Davies guard

Sir,

With reference to the Boards Proceedings of the 7th September and 24th December 1846 conveying sanction for the removal of Degavelly Timmaranze from the Office of Naib Sheristadar to that of Jahsildar in the Cotah Ramachendrapooram Taluk, I have the honor to request that the decision of Government regarding the Salary to be disbursed to the Naib Sheristadar of this District hereafter may be communicated to me. I have selected a person to succeed to the vacant Office, but I find that he is now in receipt of a salary as Jasildar higher by Rupees 10 than that which I propose to him. It is probable that he would not leave his present situation unless a considerable increase of pay were promised him, and as it seems to be an object of importance that the services of able men trained in the best School should be secured for this District, I trust that the salary of the future Naib Sheristadar will be

be fixed on a scale suitable to the expectations of men of talent and experience.

58-59

2. In their letter above quoted the Board in reference to Para 17 Extract Minutes of Consultation 14th April 1846 state that they entertained some doubt whether it were the intention of Government that the Duty no less than the Head Sheristadar of Rajahmundry should be placed in point of pay on the same footing as an officer of like grade in a War District - but it seemed to them to be very desirable that

that such should be the case. The circumstances which have led to the present reference from the Collector appear to the Board to make strongly in favor of the opinion which they then expressed, as it will be seen that Mr. Prendergast has experienced a difficulty in procuring the services of a person well qualified to fill the appointment of Naib Sheristadar which has lately been vacant in consequence of the inadequacy of the salary attached to it being lower by 40 Rupees per mensem than that now drawn by that individual as Tahsildar.

From the Collector of Guntoor.- Reporting the suspension of Yelamarty Sheshagerry Row Ameen and Head of the Village Choultry Cutchery as Tahsildar of Repelly.-

Para 1.

I have the honor to report the suspension on the 8th instant of Yelamarty Sheshagerry Row Ameen and Head of Police of Choultry Cutchery as Tahsildar of Repelly for the two following cases.-

1.-

On the 4th September 1846

Fort St. George 8th February 847.-

an order was issued to him to dispose without any delay of the Circar share of the wet produce of the Village of Nullore in that Taluk at the price, then Rupees 28 per Pootty, was likely to decrease- Further correspondence passed resulting in his reporting on the 28th December that he could get no higher offer than Rupees 23 per Pootty, which should be accepted as prices were daily declining. The intermediate delay seems to have been without any just cause, as the Paddy of all the neighbouring Villages was disposed of with difficulty at the settlement price.-

The second instance was

3.-

in the rent of the Chayroot in certain Village now included in the Repelly Taluk- Tahsildar was ordered on the 4th September to take proposals for this Rent- On the 3rd November a proposal was received by Tappal at the Huzoor for Rupees 805-0-0, in which it was stated that the season for digging the root was fast passing away and that a speedy reply should be received- This was immediately referred to the Tahsildar- No final report or Letter made by him till the 7th December, when he recommended that this proposal should be accepted- He was told in reply to accept

accept it for one year; but in the mean-time the proposer stated that as the season was now too late he withdrew his Durkast.—

4.— There was another very suspicious procedure in the Police Department, which happened to shake my confidence in Shesthagery Row, tho' it was not the immediate cause of his suspension. I directed my Head Assistant to proceed to investigate it on the spot at Ryepetta but owing to the [illegible] and practised falsehood of the parties concerned, he could not elicit the truth, and was much dissatisfied with the Tahsildar, a charge against him of serious misconduct in this case is still pending.—

5.— After receiving Shesthagery Row's reply to the various charges under which he is, I will submit the same to the Board with my recommendation as to his final disposal.—

From the Coll'r of Guntoor — Reporting the suspension of Mungapetty Row Ameen and Head of Police of Bellumcondah acting under the new arrangement as Tahsildar of Kondaveed.

1.— I have the honor to report the suspension on the 25th Instant of Mungapetty Row Ameen, and Head of Police of Bellumcondah acting under the new arrangement as Tahsildar of Kondaveed, under the following circumstances.

2.— In making the Settlement for the current Fusly the Ryots of five large Villages in which large reductions of assessment made under the corrupt influence which has prevailed had been brought to account, refused to take as their Cowles, and I was privately informed that at least some of them were depending upon secret encouragement from the Tahsildar, and that if another Tahsildar were deputed to enquire, the truth would come out. Accordingly I directed the neighbouring Tahsildar of Narsarowpet, whose activity has given much satisfaction and to whose charge these Villages are contiguous, to make the enquiry. The first of the Villages in which he commenced his enquiries was Nadendla, a large Village belonging

belonging to the Suttanapully Zemindary, the Curnums and Head Rayets of which seem to have been notorious for intrigue some of the extensive peculations in this Village were discovered by the Commissioner and have been noticed by him in his correspondence.

| Fasly | Settlement | Collections |
|---|---|---|
| 1250 | 7793 | 8355 15 3 |
| 1251 | 8097 | 3 7658 4 8 |
| 1252 | 8785 | 6597 7 6 |
| 1253 | 9074 | 4 4765 12 - |
| 1254 | 4890 | 4872 6 9 |
| 1255 | 6992 | 2 6 7270 11 2 |
| 1256 | 8891 | 7 8 - - |

The Settlement and collections of some years past are noted in the Margin - In examining the Accounts in the last year's Settlement a sum of Rupees 677-12-4 in which the rates of assessment had been reduced by the Renters was brought to account - In addition to this the grazing lands were settled last year at 975 Rupees while in the present year Co. 7-7 were let on a par with cultivated land for Rs. 775 - 7 - 7

35 Cutchells for ——— 532 - 3 - 7

2 ½ —— Do. —— for ——— 16 - 8 - -

and 36 —— Do. —— for ——— 36 - - - -

The Sahsildar deputed to enquire into the Village reports that a Sakkisperu contribution had been agreed upon to the extent of 400 Rupees of which 200 has been paid and taken to Kondaveed while the servants to effect the reduction of the last year restored, also that of the 36 Cutchells of pasture land which Mungapatty Row reports not to be rented for more than 36 Rupees & were sold for Rupees 66-12-a while additional reductions of 1/3rd to the amount of more than 400 Rupees have been affirmed to exist by one of the Curnum's family - these are under enquiry.

Although in the present state of the enquiry no proof appears of Mungapatty Row's corruption in this particular case, though he supported the claim of the Rayets, both by an Arzee and in person, yet it appears evident that he took no pains to prevent the village intrigues, and I cannot divest myself of the suspicion that he was concerned in them. —

4. The whole of Mungapatty Row's Management has been characterized by extreme dilatoriness, partly, I think arising from sloth, partly from corruption - This is the third occasion on which I have had to report his suspension since I returned from leave of absence, and I am now satisfied that his removal from his present situation is necessary - I will report respecting the final disposal of his case after the present enquiries are sufficiently complete, and he has recorded what he has to say in explanation.

Sir,

From the Coll.r of Bellary.— Para 1.— I had the honor to receive an Extract from the Proceedings of the Board dated the 12th November 1846 annexed to the Extract from the Minutes of Consultation dated 25th September on a letter from the Secretary to the Government of India regarding an Enam in the Raydroog Talook of this District.—

Stating in reply to the Board's Proceedings of the 12th November 1846 that he caused his records to be searched but did not discover bearing for any instructions issued in respect to the grant of Enams of the description of that conferred upon Ramapah Naid & quoting certain passages from the Chief Secretary's Letter which gave Coll.r Munro discretionary powers.—

Agreeably to the orders of the Board I have caused the Records of my Office to be carefully examined for the purpose of ascertaining whether they contain any instructions issued or communications made to Colonel Munro whilst Principal Collector of the Ceded Districts, which would serve to show the nature and extent of authority delegated to that Officer, in respect to the grant of Enams of the description of that conferred upon Gowra Ramapah Naid.— I have not succeeded in the search for information bearing distinctly upon the point.— In a communication from the

Fort St. George 8th February 1847.

Secretary to the Board to Collector Munro dated 8th April 1801 in the 3rd Para it is stated that, as the Board, "are sensible "the situation of the Country & the variety "of objects you have to attend to will not "admit of a precise attention to Regulations "they desire you will consider yourself and "with a similar discretion to that on taking "on your taking possession of Canara"

3— Furthermore it appears from Mr Chief Secretary Webb's letter to Major Munro dated the 20th February 1801 that he had been furnished with certain general instructions of which I can find no copy in the Records of my Office - If these were similar to the instructions furnished him when taking possession of Canara, they ought to be on the records of the Collector of that District -

4— On the cession of the Country to the Government Major Munro was authorized to communicate direct with Government on Political & Foreign Matters, it is never the less evident that he possessed a degree of latitude and used great discretionary powers in settling matters expedient to the proper Establishment of the Company's authority in the Ceded Territories - Whether it was

this discretionary authority or under other and special instructions that he did so, I cannot say, but would refer the Board to the tenor of his report on Poligars Vera dated 20th March 1802 in the 15th Para of which he mentions also the family of the Koyroog Poligar to whom Gowra Ramapah Koyroog Poligar to whom Gowra Ramapah (now referred to) was a dependant and said (now referred to) was a dependant and relative.-

To The Chief Secretary to Government.-

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government of the 25th September 1846 communicating to them copy of a letter bearing date the 29th August 1846 from the Supreme Government and request of them to refer to the records of their Office, and to furnish the information required by that Government in respect to the nature and extent of the authority given to Colonel Munro to confer grants of the nature of the Enam enjoyed by the late Gowra Ramapah Naid of Koyroog.-

In reply I am instructed to

To the Chief Secy to Government.-

Stating in reply to the order of Government dated 25th September 1846 that the Board have not found on their Records any communication in respect to the nature & extent of the authority given to Colonel Munro to confer grants of the nature of the Enam enjoyed by the late Gowra Ramapah Naid of Koyroog.

to state that having caused their records to be
searched for the required information but without
success the Board have made a reference upon
the subject to the Collector of Bellary, whose
4th January in Ore 8th Feby. 1847. answer is herewith submitted.— It will be
seen that Mr. Mellor has also been unable
to supply any information bearing directly
upon the point.— He has however brought
to notice that in a communication from
this Office to Major Munro, dated 8th Sept.
1801 Para 3, the Board desired that Office
"to consider kindly vested with a similar
discretion to that authorized on his taking
possession of Canara" as also that from a letter
from Mr. Chief Secretary Webb bearing date
the 20th February 1801, it appears that Major Munro
had been furnished with certain general instructions of which no copy
is now forthcoming in the records of the Bellary
Cutcherry.—

3.— No copy either of Mr. Webb's
or of the instructions which seem to have
accompanied it, is to be found in this Office
Of the powers vested in Major then Colonel
Munro on his original appointment to the Collectorship
of Canara, the Board are also not informed.— Orders on this subject
having been communicated to that Office
direct from Government.— The instructions
addressed

Fort St. George 8th February 1847.

addressed to the Board when Captain Munro
was placed under their orders, as Collector
of Canara in the early part of 1800, will
be seen on reference to a letter from
Government to this Office, of the 1st
February of that year.

4. On the cession of the Bellary
and Cuddapah Districts by the Nizam
Major Munro was ordered to communicate
direct with Government on all questions
of a Political Character.— Any information
which may now be attainable on the
present subject will therefore probably
be found on the records of Government.— It
however will be seen from the report of 20th
March 1802, that the suppression of the Polygar
system was an object of prominent importance
in connection with the settlement of the Ceded
Provinces.— For the Polygars themselves Major
Munro recommended that Pensions should
be granted or assignments made of a certain
proportion of the Revenue of their respective
Villages as shewn in Paras 14 and 15 of his
Report, and independently of those allowances
to the Polygars, he appears at various times
to have made sundry grants of lands to their
dependents and relatives, of which that

made

made to Gour Rammapal Naick former incumbent, but whether his proceedings in this last particular were in virtue of any special or general power given him by Government or under the discretion which he is considered to be vested in him as necessary for the due discharge of his important and arduous duties in the peculiar circumstances of the Ceded District the Board are unable to determine.

Sir

With reference to the Extract of the Proceedings of the Board under date the 11th Instant calling for further information relative to the Land Gondekee Enam at Kutchelie in the Adoni Talook of this District. I have the honor to state that Rungummah stands daughterinlaw in relationship with the Family, that she is the widow of one Govindapah Nephew of Nungummah sister of the late Lingummah. The reason why a portion

*Refers to 11th Jan. 47.

of this Rungummah's Enam is said to be liable to Sequestration more than the whole of the Enam in her possession, is because it was held only during the last 34 years and to which I consider she is not entitled. The rest of the Enam having been possessed long before our administration in this Country, I proposed that the same be continued to Rungummah only for her life as it appeared to have been originally conferred by the Land Govts on her predecessor she being now 50 years old.

*Rs 196-7-- *Rs 58---- assessment on Acres 2024-8

N.B Regarding its being Hereditary or only for life I have already referred to a similar case (Para 6 Proceedings of Govt. 28th August 1837) it will remain for the Board to Recommend what they think proper.

3. The Beriz of the Village of Kutchelie (Land Revenue including Assessment) averaged on the last 20 years Collections amounts to Rs 2263. To which being added the Enam (Rs 732) of Lingummah Sequestrated on her demise and included in the Circar Assessment, will make the Talook Beriz Rs 3095-

4 The Board enquire whether the extent of land attached to the Potails Office

to

be not needlessly large, and in the event of the present appearing a fair opportunity for reducing it desire me to state what reduction I would suggest. With reference to this I beg to explain that the Enam in question consists of 195 Acres 2 Cawnies 17 Cawnies 8 Tooms of dry land assessed at Pr. 398-11-8- at the average rate of 2--8- per Acre - It having remained waste at the time of the survey the measurement was not made correctly. The deficiency ascertained to exist in this respect amounting to Acres 45-2-17-8- Cawnies 92-7-8 being deducted the actual extent of land attached to the Potails Office is only 150 Acres assessed at Pr. 306. 4--. If the established remission of one fourth be allowed (as in the case of all other Enam lands) there will only remain Pr. 229-11-- This land if taken up by Ryots for Cultivation will scarcely yield to the Enamdar more than 12 annas per acre as much quantity of Enams can be procured by Ryots on still lower terms. However at the rate above given, the income from the above land will be Pr. 112-8-- per Annum and no more. The Colour of this Enam being saddled with the

the burden of taking up an Appanam (Circar land) bearing a Net assessment of Rupees 133. to cultivate and pay for by a Puttah in his name. I recommend that the actual extent of land attached to the Office of Potail amounting at above stated to Acres 150 Cawnies Pr. 306-4-- be continued to Siddanna Gowd without reduction. Unless this is granted, the Putail of this Village yielding so large a Revenue as 3000 Rupees can hardly be performed efficiently. Siddanah Gowd (as an adopted Son) always received support from the Estate now resumed and as such he is entitled to consideration by the Government, tho' the legality of his adoption is not admitted. I request therefore what I have proposed may be sanctioned.

Population Census 1789

5 This case should have been reported on long ago. A variety of difficulties interfered, many references to the Talooks and to Records being necessary. I have however taken the necessary steps to prevent in future any similar delay by reporting the death in the first place, leaving the settlement of the Enam or Claim to be settled

settled afterwards.

6. In the Case under reference, as Claim was originally made to the whole Enam, on the plea of adoption and I deferred the examination till the settlement (when I always visit the Talook) because the enquiry demanded the presence of almost all the Village the Amildar &c when in Adoni that year the Cholera broke out in my Camp (as already reported) and as many persons died around me I was compelled to depart. Gutchelie itself suffered severely and for a long time the People refused to leave the Village from fear of cholera. The Board will observe that though great delay occurred from many untoward circumstances. yet no neglect took place. The Enam was confiscated. All the allegations denied and no loss or difficulty is the result. The Board would seem to imagine that what I have proposed is unreasonably large but in confiscating a large Enam enjoyed for Centuries by a Family of Destinction, that has ever been respected by the Ruling Power

ment of the Nabob of Adoni, I thought it right in my recommendation not purely to extinguish so great a name or leave destitute the Members and dependents of a Family respected for ages. After all let the Board consider without involving the Government in legal proceedings I have succeeded in satisfying the Family that any Claim to the Enam is untenable. I have incorporated with the Syer land of the Government the large amount of Rupees 3787-8-9 and all I propose to alienate is Cash 210-12-10. The Potail Enam is a matter of Course and if not given to the person I have pointed out must be made over to some others.

7- The Naud Gowds ruled the Villages of these Talooks with little less than regal sway and in Gutchelie the last was Lingumnah. The People held them in great respect, and what I have proposed is what I considered right with a view of maintaining the Character of the Government for justice and benevolence. It is true that there is no legal Claim. There are however

the

the Dependants of the family very numerous They have been accustomed to look to the Income now confiscated. what I have suggested is a mere subsistence with a view to prevent their being suddenly plunged in utter destitution.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 4th ultimo furnishing further explanation relative to the Naud Gowd Exams at Kuteholie in the Honnie Talook of your District.

Inl no 28 Dec 1846

On referring to your letter of 7th December last, the Board observe that you have stated that there had been only two families of Naud Gowds in the Honnie Talook who presided over 204 Villages that the remainder of those Villages were managed by Dasayees that of the two Naud Gowd families the privileges of one family had been forfeited at the commencement of the Company's Government by the rebellion of its head and that the other had become extinct by the death of its last representative Nagannah in Fusly 1245. Your letters of 28th October and 4th January last mention only the third Naud Gowd who died on the 28th December last. The Board request you will furnish explanation on this point.

3 Para 1

Sir

With reference to the 5th Para of my letter of the 4th Instant No 1. I have the honor to report the demise on the 8th May last of Chota Chennanaid one of the two sons of the late Chennanaid Polygar of Doodecondah to both of whom a Pension of 25 Star Pagodas or Rs 87-8- per Annum was granted by Government under date the 19th August 1817 as communicated in Mr Secretary A. D. Campbell's letter to the address of the Head Assistant Collector in charge of Bellary dated 1st October 1818.

2 A claim has been preferred on behalf of the son of the deceased Chota Chennanaid for the continuance of the Pension. The matter involves the necessity of investigation and reference to former correspondence which is in progress I shall take an early opportunity of reporting upon the claim for the consideration of the Board.

From the Collector of Bellary 3 Para.

From the Secretary to the Government of India dated 8th September 1846. No. 562. To the Secretary to the Government of Fort St. George. Extract from the Minutes of Consultation of Government thereon dated 29th Sept. 1846. No. 994.

With reference to the Correspondence noted in the margin and to the Extract from the Proceedings of the Board dated 12th Novr. 1846 calling upon me to ascertain and report whether the family of Cawderameendaw is able and willing to provide from their own funds for the maintenance of the Durgha referred to, I have the honor to state that I have already informed the Board of there being no lineal heir to the original grantee on whom the Kadetotum Jaghire had been originally bestowed and of Caderameendaw having been adopted as a disciple by the last holder "Tyeul Ally Shaw" who left the Jaghire on similar pretensions.

2. The said Cawder Ameendaw having relinquished the sect of his natural father and joined that of "Tyeul Ally Shaw" the Board will be aware that excepting him, there is no other member of the family. As a portion of the income for the Shotrium has for a long series of years commencing from before our acquisition of the County been assigned for the support of the Durgha, Cawder Ameendaw is unwilling (and states that he is unable) to contribute in any way to the maintenance of the Durgha.

I have the honor to acknowledge the receipt of your circular letter dated the 10th December 1846. with its enclosure and to forward the statement therein called for in the prescribed form.

2. There are only 7 Talooks of this District in which sugar cane is cultivated. In the Codecondah Talook sugar is manufactured to a limited extent. In this and in the others Jaggery is chiefly produced. The People of the District being unaccustomed to the process the manufacture of sugar is very inconsiderable.

by the late Mootadar under Section XV Regu: lation XXX of 1802; Copies and translations of these Documents are herewith enclosed for the Board's inspection they being admitted by the late Mootadar as genuine deeds.—

2nd On looking into the Accounts, it appears that 9 annas of the said land, was the Village Carpenter's and Smith's maniems,— and 2-6/7a. Teervaput land. At the period when the first Cowle was given, Inamdars ex: changed it with the Mootadar for an equal quantity of Teervaput land and made over their Enam to the holder of the Cowle— The whole of these three cawnies for the last 30 years has remained on the possession and enjoy: ment of Comarapa Naick and his ancestors, it being contiguously to his house and garden, which was built at a considerable outlay.—

3rd In fusly 1254 when the said Village was purchased by Government and annexed to the other Circar Villages, the Curnum Nunjah Pillay who made out on his own hand writing the second Cowle, having stated that the said land was Sheigah antee: dent to the granting of the first Cowle, I directed the full Teerah to be entered in the Jummabundy Accounts, pending further

further enquiry and the decision of the Board on the subject.—

4th Comarapah Naick has since proved by several Witnesses that the said land was waste in the years previous to the grant of the first Cowle— the Curnum and the late Moottahdar now absent, that it was Sheigah, in opposition to their former statement, that it was waste— From the imperfect manner in which the Curnums of the Moottah Villages keep their Accounts, I cannot place much confidence in the accuracy of their Statement.—

5th Moreover the late Moottah: dar Sudasiva Reddy stated that at same period after the issue of the second Cowle, he had levied rent upon the said land at the rate of 10 Pagodas per annum— The Claimant Comarapa Naick refutes this by declaring it was received without his know: ledge for a few years, pending a quarrel between several Members of his family regarding the division of the property by the Moottahdah, who was then employed by the family as Manager of all their affairs.—

6th Comarapa Naick earnestly requesting his case might be referred for the decision of the Board, I have submitted

Fort St. George 8th February 1847

Submitted the foregoing circumstances for their favorable consideration - From the fact of this individual having enjoyed this land for a period of upwards of Thirty years on a favorable rent of Rupees 11 per annum I trust the Board will be disposed to comply with his claim, or at least during his life time, as was done in the case referred to in the Board's letter to Government noted in the Margin.-

on 3 Cawnies of land situated in his District, and requesting to be favored with the reasons and evidence on which it has been formed

the land referred to in his letter should, ++ or should not, in his judgment be ++ considered to fall within the provisions of Section XV Regulation XXX 1802, as having been waste at the time when it was granted or as having been ++ granted for a garden. We will be so good as to explain in what state the land now is, whether, subsequently ++ to the date of the first Cowle it has been ++ inclosed and used as a garden, and when the house which it seems to adjoin was built. As the Original Grant was only made 30 ++ years ago it is probable that there may be persons in Vadacummal or the neighbouring Villages who were alive at the date of the first Cowle and who can recollect the condition of the land at that time. The evidence of such parties should be taken and the Collector should state what degree of credit he conceives to be due to it.

2 It is observed that the first Cowle contains no specification of the state of the ground at the time when it was granted, or of the purpose for ++ which

Fort St. George 8th February 1847.

which the grant was made, whereas in the second Cowle, the land is expressly stated to have been waste and to have been cleared and enclosed in his garden by the grantee Venatachella Naick. It should be stated whether at the time when this second Cowle was issued, the parties concerned had any reason to apprehend that the Moottah might fall into the possession of the Sircar and whether from this or any other cause the fact of the second Cowle having been drawn up in more full and particular terms than the first, seems attributable to any collusive purpose or whether it appears to have been a bona fide proceeding

3- The Curnum and the Mootadar should also be called upon to account for the discrepancy between their present assertion that the land was Sheical at the date of the grant and that contained in the second Cowle, which was written by the one and signed by the other of those parties in which it is asserted, in express terms, that the ground was waste.—

4 The land is stated in both Cowles to be Poonjah originally classed as Nunjah Mr. Davis will explain whether the ground be capable of being irrigated, and if not what will be the fair assessment upon it as Poonjah land

From J. Blackburne Esqre
Principal Collector of
Madura

Sir,

1. When the Zemindary of Cunnewady was sequestered by order of Court, the portion of Revenue and police Establishments, to Monthly amount of Rupees 365 was sanctioned by the Board of Revenue, under date the 11th December 1845 chargeable against the Estate, but was reduced from Rupees 365 to 302 as per Statement No 1 and paid from its collections from 13th January to 4th August 1846 the date of its restoration to the proprietor.-

Recommending refund to the Cunnewady Zemindar of Rs. 1017 6-3, being police disbursements charged to the Estate during its sequestration on behalf of a Civil Court from the 13th January to 4th August 1846 the Zemindar claiming that it could not be fairly saddled with Police Charges of that year.

2. I have now the honor to recommend compliance with the Zemindars claim to refund of Rupees 1017-6-3, being the portion of Police Sibbendy and Sadewarde defrayed from collections of the Estate, as per Statement No 2 on the grounds that it cannot be fairly saddled with any other than charges of collection, independent of police; and should the Board concur with me

The accounts of these Villages are kept by the Court of Wards with those of other Zemindaries

me in the justice of the claim. I trust an early compliance may prevent any necessity for interference of unofficial Europeans, an interference which in 1842 and 1843 in the Ramnad case, gave occasion to the great anger of the Board and Government, and to which I trust they are now aware was unwilled for as far as I was concerned, but which had the effect of blasting all my prospects of rising in the service in the country and prevented me prosecuting my hopes of obtaining a seat in the Council from the Honorable Court of Directors. It is true the Copy now safed me of the Commissioner's report has at length put it into my power to endeavor to set myself right with the Court of Directors but as far as this country is concerned it was not given me till too late to take any steps here, — it was not received by me till after my acceptance of the annuity —

Proceedings thereon-

Submitting a letter from the Principal Collector of Madura & recommending that he may receive authority to refund to the Cunnewady Zemindar Rs. 1017-6-3. being Police disbursements charged to the Estate during its sequestration from Jany. to Augt. 1846-

Fort St. George 8th February 1847-

The Cunnewadi Zemindary was attached for arrears of Revenue in Fusly 1226 and remained under sequestration for 27 years- It was annexed to the Nellacottay Talook and the revenue and Police Establishment for the Management of the Talook, including the Zemindary, was Rupees 565 per Mensem- The Zemindary was released and given back to its proprietor in November 1843 and the Establishment, Revenue and Police for the Nellacottay Talook was then reduced to Rupees 199-8-0

2 On the 13th January 1846, the Cunnewadi Estate was again sequestered by order of the Court and remained under Management, until surrendered to the Zemindar, on the 1st August of the same year- During this interval, the Establishment for the administration of the Nellacottay Talook to which Cunnewadi was again annexed was raised to Rupees 502 per Mensem-

3 The Principal Collector now brings to notice that Police charges and disbursements to the amount of Rupees 1017, 6-3, have been debited to the Zemindary during its second term of Management- and that the Zemindar has lately applied for a refund

refund of this sum, on the ground that he cannot properly be held liable for any other than revenue charges. The Principal Collector supports this application, which the Board also consider to be well founded, in as much as by Section 5 Regulation XXV of 1802 it is prescribed that all Police charges in permanently settled Estates shall be borne by Government. They therefore beg to recommend that the Principal Collector may receive authority to refund to the Zemindar the amount in question or Rupees 1017 — 6 — 3 —

4. It may perhaps occur to Government that, as the Revenue and Police Establishment for the Kellacottay Talook prior to the second attachment of the Kunnewadi Estate, was only Rupees 199 — 8 — 4 that maintained for the Talook after the Zemindary had been again annexed to it, was Rupees 502, the Estate may fairly be debited with the difference or Rupees 302 — — per Annum. On this however the Board would remark that, of the Monthly charge (502) for the Kellacottah Talook during the last period — Rupees 200 were for Police and 302 for Revenue expenses of which latter sum

sum Rupees — 150 — 4 — per Annum have been debited to the Zemindar. It should also be observed that the Establishment entertained for the administration of the Talook, between the first and second sequestrations of the Zemindary, was on trial found to be too low and that it has recently been raised to 318 Rupees. The difference between this charge, and that incured while the Estate was last under sequestration,

From J. Blackburne Esqr. Principal Collector of Madura. Reporting the disastrous state of the season & anticipating necessity for extensive remissions also suggesting the grant of some discretionary authority from Government in

Sir

1 — Retaining the impression that all reports of unfavorable season are not only unpalatable to the Board but also that in my individual person they raise suspicions of my judgment or honesty, yet in duty towards the Cultivators and towards the believed interests of the Company, and

encouraging renewed Cultivation next year-

in fair dealing to my successor I have the honor to submit the following brief belief of the prospects of the Harvest-

2. In July August and September the light and partial rains were taken full advantage of for the Poonjah Cultivation- and by the copious falls of October the rain fed tanks were generally pretty well supplied, and freshes in the Vigay Gosadar, and many of the jungle streams flowed from one to four days- In the Months of November and December (in which much Mazarnut masonry work might have been executed if any discretion were left with a Collector, instead of an imperative prohibition against commencing works resting with the Civil Engineer) the Months in which dry grains ought to attain maturity- no rain fell, and most of the widely extended Punjah cultivation failed, and the earlier sown gave but from 1/4 to 1/3 of an average Crop- Lamp Oil and other dry Crops of which the Harvest has yet to come, exhibit a very Languishing appearance-

3. Diligent advantage was taken of the October rains and freshes for the rice lands, all the cultivation under

Fort St George 8th Febuary 1827-

small and rain fed tanks has perished in all the different stages of maturity after transplantation of the seedlings- The supply in the river fed tanks has been generally insufficient to bring the Crops to maturity- the Kavel (or basket) process has been in earnest use wherever there was water to give hopes of keeping the plant alive till rain should fall- a hope almost invariably disappointed; and little Crop has come to anything like perfection except where, with unnecessary labour, there was means to obtain water by Channels cut in the bed of the Vigay- In a District like this where a supply of water is required from November to March for the principal kind of rice it is easy to anticipate loss where little or no rain has fallen since October-

glance, I know not how I shall find means of inspection. I have returned this morning from Meyloor and the Tahsildar Computes from his own observation, not having yet obtained the returns from the Villages, that remission ought to be given on more than one fourth of the whole cultivation, and I fear it will be still greater in the other 3. of my division. No time shall be lost in entering on these duty as necessary as disheartening, as soon as I can obtain data; and I beg to suggest to the Board the probable desirableness of finding extensive road and tank repairs from motives of Charity to the people, and of care for the Company's interests in preventing emigration; and that they should be on the most liberal scale of payment, as from hardness of soil more labour will be required; and as from highness of price of grain the usual price of labour will be little remunerative - and under the consideration that the remedy must be timely to be of any avail. I take the liberty to recommend what I would never have dared to ask for myself, that

that some discretionary authority should be afforded for my successor under what ever restrictions the Board think desirable. I would suggest the early issue of a proclamation that all Crop raised on a Punjah land, in which the first has been lost, shall be taxed at only half tax, instead of at 1½ or full tax as the present interpretation of the Board's Proceedings of 6th March 1845 directs, or as has hitherto been the practice, and that all garden produce raised on Punjah on which the first Crop has been lost shall bear only the one and half of the Punjah tax. —

5. It is to be feared the anticipated plentiful harvests of Tanjore and Trichinopoly will not arrest even a further increase of price here so disastrous has the season been also in Coimbatore, Salem and Tinnevelly. ——

Ordered that the following letter be sent in consequence. ——

(91-92)

To

The Principal Collector of

Madura.

To the Principal Collector of Madura ——

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 19th ultimo, bringing to their notice the unfavorable state of the season in your District. —

From your letter it appears that on account of the want of rain in the Months of November and December, the Pomjah Cultivation has extensively failed, or yielded but from 1/4 to 1/8 of an average Crop, and that the prospect of the Nunjah Cultivation is not more encouraging. In the Talook of Maylore it is calculated that remission will be required on more than one fourth of the whole cultivation, and that a still larger measure of relief will be necessary in the three other Talooks of the Principal Division. You have also represented to the Board that in consequence of the severity of the season it is very desirable that the people should be extensively employed on road and tank repairs, and

Requesting them to lose no time in reporting the works he would propose to afford relief to the poorer classes during the present unfavorable season in his District & Communicating instructions for his guidance in granting remission during this season.

Ltr from Govt 8 Feby 1847.

Fort St George 8th February 1847.

and have further suggested the early issue of a proclamation notifying that all Crops raised on Nunjah Land, on which the first has been lost, shall be taxed at only half instead of 1½ or full tax, and that all garden produce raised on Poonjah on which the first Crop has perished shall bear only the one and a half of the Poonjah Tax. —

In reply the Board instruct me to state that they have received with much concern the unfavorable account of the present season in Madura, given in your letter. They agree with you that under the circumstances stated it is expedient that measures should be taken to procure employment for the poorer classes, and they request that you will lose no time in reporting the works which you propose should be undertaken, and sending in the required estimates to this Office in the Department of Public Works. You have observed that these works should be "on the most liberal scale of payment, as from hardness of soil, more labor will be required, and as from lightness of price of grain

Fort St George 8th February 1847 -

grain, the usual price of labor will be little remuneration." If these remarks are intended to apply to the rates of wages proposed to be given to those employed upon the works in question, the Board would remark that although these rates must of course be in some measure regulated by the present price of food, it is important that they should not exceed those obtaining in the District generally. It is further desirable that employment should not be provided for any but those who are actually unable to find work for themselves and that due precautions be taken to require from such persons as may be employed, a fair proportion of labour, in return for the remuneration afforded to them. ——

The measures which you have proposed of allowing a second Crop of Kunjah at 1½ Seerwah, when the first may have failed, and garden cultivation or Poonjah at one and a half of the Poorgah rate, when the previous dry Crop may have perished, are, it is presumed intended to stimulate cultivation under the very discouraging circumstances of the present year. Viewed in this light they seem to the Board to

Fort St George 8th February 1847 -

be proper and are approved, but it should be distinctly intimated that the indulgence is granted only in reference to the state of the Current season, and will not constitute a precedent for ordinary Fasles. It is of course also to be understood that remission will not of necessity be granted for the preceding Crop which may have failed, but that the remissions to be made upon these, as upon any other lands in the Ryotwar occupancy will be regulated by the general principle laid down in the correspondence communicated to you from this Office in the Board's Circular of 13th June 1831.

The Board desire me to add that they are prepared to sanction remission on Poonjah land, should such a measure seem to be urgently called for, in which case your attention is called to the instructions contained in the paper noted in the margin, furnished to you in the letter from this Office of 6th October 1845, to which you will be pleased carefully to conform. ——

From the Acting Collr of Tinnevelly
Reporting on Petitions Nos 417 & 1324 of 1846-

Sir

Paras 1. I have the honor to acknowledge the receipt of your letter of the 1st June last requiring further information relative to a Manium which is the subject of Petitions No 417 & 1324 of 1846 herewith returned-

2. In reply I beg in the first place to transmit Extracts from the Registers in this Office which contain entries of this Manium Viz. The Canongoe lists of ready money Maniums prepared in Fusly 1209 Mr Lushington's Statements of Maniums for Fusly 1211 and Mr Cotton's Register in Fusly 1226-

3. The 2 former contain no mention of the object of the Grant or the mode in which it was enjoyed. The last states the Manium to have been given for subsistence but it will be observed that the list includes 2 Maniums only or 200 Chuckrums paid in the Village of Gopalsamoodrum and I must further remark that the entry is not signed by Mr Cotton as is the case with the entry before and after it and the greater number of those contained in the Register. It also states

† No 182 (Alabamatta)

† 1384 to be returned-

† No 5.

Fort St George 8th February 1827.

states that the Manium was conferred by a Purwanah from the Nabob in 921 Amdoo which was lost by fire. A.D. 1745.

4. The representatives of the original Grantees perform no service. It is stated from tradition that during the Nabob's Government the Holder of this Enam used his influence and acted as a negotiator with the Ryots to procure a quiet submission to the acts and requisitions of the Officers of Government throughout the District. ——

5 The Canongoi list terms it a Nato Mahajanum Maneum which means a Grant to a Chief Brahmin Inhabitants. There is no other Manieum exactly similar to it — Doopaty Enams are ready money allowances held generally by the Head Inhabitants who perform the Revenue functions of the Head of the Village. The amount is deducted from the Gross settlement of the Village and is either retained by the Incumbent from his own Ryots or collected from other Ryots. Hoodee Sarendy Manieums are either in land or in money and are held by the lower Servants of the Village such as the Dhobee Canilgar &c. when they are in money the amount is received in the same manner as

Fort St George 8th February 1827.

as the Doopaty. The amount of the Manieum in question is entered in the Account of the yearly Settlement of the Villages of Gopalsamoodrum and Hoodaganelloor as a deduction in the same manner as I have stated above in regard to the Doopaty Enams and after an order issued by the Tahsildar each year was retained by the Incumbents from their own Ryots or received from other Ryots in the same manner. ——

6. In the absence of the Purwanah I am unable to give any further information in regard to the Manieum in question. An opinion has been expressed in former letters that the Purwanah is still in existence, but concealed from a knowledge that its contents would prove fatal to the continuance of the Manieum but it is out of my power to obtain any further information on this point.

Tinnevelly 24th October 1826.

I Signed R. D. Parker
Acting Collector.

Nos 1 and 2. Maharatta.

Order

3058 Fort St. George 8th February 1847

Ordered that the foregoing letter and the previous communication on the subject be transmitted with the following address—

To

The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying correspondence between this Office and the Collector and Acting Collector of Tinnevelly on the subject of a Maniem in that District.

The Mauniem in question is a ready Money Enam, of the yearly value of 400 Pons, or Rupees 84-8-7-9. paid by deduction from the Jammabundy Beriz of two Villages - half from that of Gopaulasamoodrum, and the other moiety from the Beriz of Cadaganulloor. It is entered in full in the Canongo's lists

2.

To the Chief Secretary to Government ... 5

Submitting a correspondence with the Coll.r and Act.g Coll.r of Tinnevelly on the subject of a Maniam in that District and recommending that it be released from attachment and be continued to the present sharers for their lives each share to lapse at the death of the respective incumbents.

of ready Money Mauniems prepared in Fusly 1209 a.D. 1799-1800 and in the Statement of Mauniems drawn up by Mr. Lushington in Fusly 1211 A.D. 1801-2 or the year in which the province of Tinnevelly came into the possession of the Company. In neither of these Lists however are the terms or objects of the grant specified. In the register of Enams prepared by Mr. Cotton in Fusly 1226 a.D. 1816-17 half the Mauniem only, or the 200 Pons payable from the revenues of the Gopaulasamoodrum Village is entered. the grant is also stated to have been conferred in Arndoo 921 or A.D. 1745, for subsistence and the Purwanah, under which it was bestowed, to have "been lost by fire". It should however be pointed out that the entry of this Mauniem is not signed by Mr. Cotton, as is the case with the entry which precedes and follows it, and with the greater number of those contained in the Register. The proceeds of the Mauniem have, of late years, and until its sequestration been enjoyed by fourteen sharers, who seem to be the descendants of the original Grantee.—

3. In the year 1838. an enquiry was instituted

instituted in respect to this Mauniem, by the then Collector Mr. Thompson. and in the course of that investigation different accounts were given before the Collector and his head servants by Soondramyer, the Chief sharer in the Enam, in respect to the Purwanah under which the Grant had been made. At one time that document was stated to have been burnt - at another to have been mislaid - and again to have been pledged with a Soucar. In consequence of the contradictory Statements, Mr. Thompson, on the 11th. June 1838, ordered that the Mauniem should be sequestered, until the Summud should be produced. It continued under attachment, with the exception of a short time in 1840 that the Gift was removed by the Sub Collector in Charge of the District, until 1844, when it was released by the Collector Mr. Thomas, and the proceeds / Rupees 3216-14-8/ which had accumulated under sequestration, were made over to the sharers. A complaint was however subsequently made to the Collector by an individual claiming to share in the Mauniem, who asserted

that

that the Purwanah was still in existence, but concealed in the house of the principal Enamdar, the Soonderamyer already mentioned. Search was accordingly made for it in Soondaramyer's house, but the document was not discovered. The Collector however received information which led him to suspect that the Purwanah had been in the house, and had been clandestinely removed prior to the search, and that it had been so kept back because it was merely a life Grant, and its production would have been fatal to the claims of the present Mauniendars. Acting under this impression, the Collector reattached the Mauniem, on 14th. May 1845, and it has remained under sequestration since that time.

4. The circumstances connected with this Mauniem are certainly suspicious. Moreover, in the non existence & non production of the original Purwanah, the only information to be obtained as to the purpose for which the Grant was made, is that derived from the Collr's Register, and in that list the Mauniem is expressly stated to have been

conferr

conferred "for subsistence," in which case, it should have lapsed on the demise of the Original Grantee, who must have died many years ago. Under all considerations however, and adverting to the hardship which might possibly be caused by the immediate resumption of the Enam, the Board would beg to recommend that it may be released from attachment, and be continued to the present sharers, for their lives, each share to lapse at the death of the respective incumbents. It does not however appear to the Board to be proper, that the payment should be made as hitherto by deduction from the Summahbundy Beiz, but that the several shares should be disbursed direct from the Treasury, and be duly entered in the accounts furnished to the Accountant General and Civil Auditor.

5. I am directed to add that the Senior Member does not concur in the recommendation contained in this letter, and has recorded a Minute of dissent.

Minute.

As there is a suspicion of fraud in this case, we should, I think, pause before we recommend the continuance of the Maunium to Government. It is no where explained how the Maunium which is stated to have been granted "for subsistence" has been divided among the parties now claiming to share it, and whether, supposing the Maunium could be enjoyed by different parties, the present claimants would be justly entitled to share it. Still think it is advisable that the production of Sirwarnials should be required within a specific period, and in the mean while the Collector might be directed to investigate the title on which each person claims a share of the Maunium - how long he has enjoyed it - upon what principle the shares have been distributed among the claimants themselves - and in what proportion to each. It is scarcely possible to suppose that in a case, in which the interests of so many persons [94] are involved, no one can be found to throw such light upon the circumstances connected with the Maunium in question as might enable the Board to bring the subject clearly to the notice of Government.

Stating that further information should be obtained regarding certain Mauniam before recommending its continuance.

Principal Collector of

Sir,

I have the honor to acknowledge the receipt of your letters dated 11th May, 20th July, and 26th November 1846 Enclosing the Original Petitions Nos. 688. 886 and 1457 from certain Inhabitants of the Nuddiputtee Pollam in this District and respectfully requesting my opinion in regard to the subject of which the Petitioners complain.

Returning certain Petitions with the required explanation thereon.

2. The Petitioners state that a reduction was made in 1808/9 in the amount of Peishcash demand on the Pollam in question under the orders of the Board, and that a corresponding reduction was not allowed in the assessment of the lands in their occupancy. On the contrary the Original Peishcash is still demanded by the Sirkar [illegible] 1212 / 1802-3 when

3. Peishcash demand was determined the revenue of the lands under cultivation comprising the Estate was assessed at Canteroy Pagoda 3104

3106 — 6 — 9½ Of this sum deducting the emoluments of the Village Potheardy and the Rasul to the Poligar the residue was fixed as the annual demand due to Government viz^t 2011 — 5 — 9 or Star Pagodas 1888 28 — 62. The Poligar having complained that this demand was oppressively heavy and that the remission allowed in the assessment of Punjah lands in Circar Villages in the Southern Division of this District was not extended to his Polliput, a reduction of Star Pagodas 488 — 28 — 62 was made in 1809 with reference to the correspondence noted in the Margin, and the net demand was fixed at Star Pagodas 1200 or Rupees 4200 which has continued to be paid ever since.

From Mr Garrow to the Board dated 25 Oct^r 1809 Para 19 and 20

From the Board to Government 10 January 1810 Para 19 and 20

4 — It appears from an enquiry instituted in 1810, that a similar reduction was made by the Poligar in the assessment of the lands in the Polliput to the extent of Rupees 2827 — 12 — 3 the Rasul 919 — 12 the amount granted by the Poligar

not upon any fixed principle, but on his own discretion.

5 — A complaint was made to me in 1842, and in order to remove the misunderstanding existing between the Poligar and the Ryots, I attempted to settle the matter amicably; but without success and I was therefore under the necessity of declaring the preliminary agreement entered into by the Parties for the remission null and void, and they were referred to the established Courts of Adalut.

6 — This suggestion was acted upon and the decision in the Principal Sudr Ameens Court was in favor of the Poligar which subsequently received the Confirmation of the Civil Court.

7 — A reference to the Decree of the Appellate Court shews that it refers merely to the claims of the Poligar for the rent due to him by the Ryots, leaving the question of the remission "to be arranged by the Revenue Officers."

8 — There can be no doubt, that the Poligar allowed a remission to the Ryots far beyond the amount of

From Fort St George 8th February 1817.

of reduction made in the Peishcush demand; but upon what principle or on the point at issue, inasmuch as it must naturally be supposed that he is as much interested in the well doing of the Ryots as they are in the occupancy of their lands, and under this impression I have deemed it inexpedient now to interrupt or interfere with an arrangement which has been allowed to remain undisturbed for so many years.

J. Under the above explanation the Petitions N° 987 of 1815 and 568–886 and 1457 of 1816, are herewith returned.

Proceedings thereon.

Calling for further information from the Principal Collector of Coimbatore, regarding a reduction in the assessment of the lands which the Ryots hold from the Polygar.

In Para 3 of the above report the Principal Collector states that the Peishcush of the Amanut Sperumpetty Pollipat was fixed in Fusly 1211 at Pagodas 1688 25 32; but that in consequence of the Polygar having complained that the demand was disproportioned and that the remission above alluded to in the assessment of the Paungul land

From Fort St George 8th February 1817.

Circar Villages in the Southern Division of the District was not extended to his Pollipat, a reduction of P. Ps 488 25–32 was made in 1809, in reference to the Correspondence noted in the Margin, and the net demand was fixed at Star Pagodas 1200 or Rupees 4200 which has continued to be paid ever since.

It would seem that the gist of the complaints preferred by the Ryots is, that a corresponding reduction has not been allowed by the Polygar to them in the assessments of the lands which they hold from him.

2. The Board do not find either from the Correspondence quoted by the Principal Collector or from any other on their records, that the reduction of the Annat Sperumpetty Peishcush in the Annat Sperumpetty Fusly 1218, was granted under the considerations referred to by Mr Straughan.

The Peishcush on the Coimbatore Pollipat, seven in the Talook of Palachee, and 5 in the Talooks of Dhuchraghurry and Maruccorchee, seemed to have been fixed by Mr Hurdis in

in Fasly 1212 - In his report, 26 October 1809 on the settlement formed for Coimbatore for Fasly 1218-19-20, Mr Garrow Para 16 stated that the Poligars had varied much in the payment of their Peishcush since Mr Hudis' Settlement Under every circumstance of their Case, he added, the Peishcush of some of them was fixed very high, and it was understood to have been the intention of Mr Hurdis to reduce it and he concluded by stating that he had made a regular investigation into the means of the Poligars and had fixed the Peishcush according to the Statement appended to his letter, beyond which he did not think they could or ought to pay. The remarks of Mr Garrow would however seem to have been chiefly confined to the Chuckraghurry and Tirucoorchy Pollams. No reduction of the Peishcush of Fasly 1212 was made in any of the Palachee Polepats except Annaloppenpatty and there is nothing to show on what principle the reduction in that Pollam was made whether in reference to

the average Collections of previous years to any Contemplated revision of the rates of assessment then imposed on the lands of the Pollams, or to any other circumstances in the Pollams, or to any

3. Under these circumstances before passing final orders upon the Petitions reported on by the Principal Collector, the Board request some further information on the subject. They wish to know,

in

in the Pattickuds or other Palachee Pattums to the At what time the permanent Summuds or Cowles were issued to the Palachee Polygars, and whether these instruments and that for Amalapoompuddy more particularly, contain any stipulation for the reduction of the rates of land assessment which obtained prior to Fusly 1218 and lastly whether since Fusly 1218 the other Palachee Polygars, besides Amalapoompuddy, have reduced the rates of land assessment fixed by their Pyts and if so on what principle, and to what extent

Forwarding Statements connected with the Dawnstaunum Enamlands &c for Fusly 1255

With reference to the Standing Orders of the Board of Revenue dated the 13th July 1836, I have the honor to forward the Statements connected with the Settlement of Dawnstaunum and other Enam lands in this District for Fusly 1255.

2. The increase in the Settlement of this year above that of the preceding amounts to Rupees 268 7 6 as exhibited in the following Statement.

| Names | Settlement of Fusly 1254 | Settlement of Fusly 1255 | Increase | Decrease |
|---|---|---|---|---|

3. I would take this opportunity of informing the Board that inconsequence of the inadequacy of the amount of Tusdeck fixed for the Dawastannums at Modaesorchy and Calamungalum in the Erode Talook as exhibited in a statement submitted by the late Collector Mr Garran under date 1st November 1808, lands assessed at Rupees 86—13—11 were further allotted by that Gentleman for the above said Dawastannums the proceeds of these lands are appropriated invariably to the maintenance of the same, but from Causes which I have been unable to discover, they have been annually included in the statement of Dawastannum lands as this entry appeared fictitious, it has been expunged accordingly from the accounts this year

The Chultrum at Coulatadoo having been rebuilt on an extended and durable scale the Dwan lands allotted for the same, and which were under temporary attachment

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

(101)

From J. A. Hudleston Esqr. Sir,

Collector of Madras. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 3d Ultimo, with the orders of Government thereon preferred to, relative to Cochrane's Canal, and to submit herewith a Statement shewing the Number of Boats which have arrived, and of those which have landed Cargoes, at the Basin, on each day in December 1846. It shews also the nature of the Cargoes with the other particulars for the same Month in each of the two years immediately preceding, Viz. 1845 and 1844 and I presume may prove useful, in as much as the Board may thereby be enabled to ascertain whether the reduction in the rates of toll sanctioned by

124 From the Sub Coll[r] in Charge of Sanore — Abstract of Demand Collection and Balance from 12th July to 31st December last.

From

of the 24th Ultimo, requiring compliance with its demands, as quickly as possible, I have the honor, after premising that earlier answer has been impracticable, from the accumulation of English accounts and reports due from an insufficient establishment, on the close of a fusly to forward the Statement, required by the 2d para, as shewing the Settlement in fusly 1254 of 73 Villages, entirely, and of 2, partly, alienated to religious institutions at Rupees 35,482–1–9, or after deducting Quit rent to Government, of Rupees 8,423–12–5, yielding a Net provision for the endowments of Rupees 27,058–5–4. To which must be added an asset of Rupees 617–15–6, being the Net Revenue, in the year in question, on from 367 12/16 Cawnies of land in parts of 2 Villages, assessed at Rupees 913–7–11 after deducting its Quit rent of Rupees 6–7–10 from its Settlement of Rupees 624–7–4 Thus leaving for the endowments, from the land under Government care, a sum of Rupees 27,675–4–10.

Board's letter, Para 2nd

2. I am of opinion, nothing is required, in transfer, of the above 73 Villages, to the Curators of the several endowments, but to publish the circumstance, so as to make the

the tax payer aware to whom he is authorized to pay his dues, and I am of opinion, his interest is sufficiently guarded by the existing laws. The three partly alienated Villages should remain under the Collector's Control, and the Share appropriable to the Pagodas be given in Money as heretofore.—

Board's letter, Para 3.

3. The general rules for enforcing contributions by holders of alienated lands of their quota to general support of sources of irrigation, seem to me sufficient, if extended to Pagoda lands; and I cannot think any special enactment requisite to enforce preservation of Bunds &c., on which the income of the Pagoda depends, and which concerns only themselves and the Cultivators; but provision might easily be made by requiring the Curator to bind himself to preserve them, as ever before usual, on the arbitrament of the revenue authorities; for it would be too tedious and expensive to throw them on the will of the Court, for such summary decisions.—

Board's letter, Para 4.

4. Statement, No 2 shews the Settlement in fusly 1254 of 1st Villages Entered on the Books as Devastan property.
