into the particular circumstances of each case in which the Collector acted on his own responsibility and considering the length of time the present incumbent to have been in the enjoyment of their stipends the Most Noble the Governor in Council resolves under the general explanation afforded by the Board, in their letter above recorded to grant the formal sanction required to enable the Audit Office to remove the retrenchments from the Collectors Accounts and to admit the payments in future according to the List furnished in the Margin of these Proceedings Amounting in the aggregate to Rupees (3684-15-2)

Three

Three Thousand Six hundred and eighty four Annas fifteen, and Pice two per Annum.

2. His Lordship in Council observes from the List of Yeomiahdars in existence on the 1st January 1837, forwarded from the Boards Office with the Acting Secretarys Memorandum of the 17th Ultimo, that the Yeomiahs of Abdul Cauder No. 6 and of Mahomed Jaffer and others No. 35 were suspended "in consequence of their "not agreeing with the Descriptive Roll", and those of Sied Shumshaddeen No. 29 and Syed Golam Zainoolabdeen, No. 6 were suspended on "account of security given by them for certain female "Yeomiahdars of whose existence sufficient proof "was not furnished". The Government conclude that the doubts which induced the Collector to adopt this measure were removed by a full enquiry into each case before the payments were renewed by him in favor of the parties concerned, and desire that the Board will satisfy themselves on this point.

3. The Collector is requested to report for the information of Government and for communication to the Audit Office the nature of the service grants included in his Statement A describing the Institutions and the service

for

for which they provide. These particulars should be obtained from the Purwanahs held by the incumbents.

Resolution thereon. Resolved that a Copy of the foregoing Extract from the Minutes of Consultation and of the Board's letter to which it is a reply be transmitted for the information and guidance of the Collector of Madras, who will be pleased to furnish the information called for in Paras 2 and 3.

5

From the Secy. to Government. Communicating observations and orders on the Board's Proceedings relative to the Settlement of the Land Revenue in the District of South Arcot for Fusly 1256.

Extract from the Minutes of Consultation
Under date the 12th June 1847.

Read the following Extract from the Proceedings of the Board of Revenue
Relative to the
Settlement of the Land Revenue in the District of South Arcot (Here enter 20th May 1847. No 262)
for Fusly 1253 / A.D. 1843/44.

Para 1. The Most Noble the Governor in Council observes little calling for remark in the Report of the Collector of South Arcot on the Land Revenue Settlement of that District for Fusly 1255 & in the review thereof by the Board of Revenue. The season appeared on the whole to have been unfavorable, and

and to have affected the harvest of both Dry and Wet lands, no remission however was needed on this account as prices of the principal products ranged 16 per Cent higher than the previous year, and compensated the Cultivators for their losses.

2. There was an increase in the extent of land taken up for Dry and Garden Cultivation of 20,000 Cawnies, and a diminution of nearly 2,000 in the Wet, the total Cultivation Amounted to Cawnies 396,237. Assessed at Rupees 20,72,361. Shewing a Net increase in land Cawnies 18,331, and in Assessment Rupees 80,627. Including Rupees Rents, Peshcash &c., and deducting Cowle remissions and Village Establishments, the Demand as settled for the year amounted to Rupees 20,29,404-11-11. exceeding that of the preceding fusly by Rupees 79,367-1-3.

3. Of this demand Rupees 19,43,187-12-8. were collected within the fusly and the balance of Rupees 85,956-13-3 outstanding at its close was reduced by subsequent Collections to the end of March 1847 to Rupees 2360-6-8. His Lordship in Council considers the punctuality with which the Collections have been made and the recovery of the entire Amount of Tuccavy advanced to the Ryots, to be creditable to Mr. Davis's Management. He has also not failed to notice the very trifling balances

balances outstanding in the Division of the Sub Collector. Mr. White a result which is favorable to that Officers exertions.

4. The Government are glad to observe the improvement in the Cultivation of the Wet lands of the Chellumbrum and Mayaragoody Talooks under the influence of the Coleroon Works and hope it will soon attain the standard of former years.

5. The subject of Kuffer or additional tax imposed on Wet Crops raised on dry lands from Circar resources on which account a sum of Rupees 54308-13- has been credited to the Revenue is, as the Board justly observe, one of importance, and the Government desire to be made acquainted with the result of their deliberations upon it.

6. His Lordship in Council concurs in the remarks of the Board on lands held on Cowle recorded in para 12 of the above proceedings and will be glad to receive the explanation which has been called for from the Local Officer on this and other points connected with the Settlement.

To The President & Members (a true Extract)
of the (Signed) W. C. Montgomery
Board of Revenue. Secretary to Government

(5-6) Resolution thereon. Resolved that a copy of the foregoing Extract from the Minutes of Consultation be transmitted for the information and guidance of the Collector

Collector of South Arcot, with reference to the Board's Proceedings dated 20th May last.

Mr. Davis attention is called to the observations of Government on Para 6.

(7) From the Sec. to Government communicating observations and orders on the Board's Proceedings relative to the Settlement of Malabar for Fusly 1255.

Extract from the Minutes of Consultation
Under date the 15th June 1847.

Read the following Extract from the Proceedings of the Board of Revenue (Were enter 18th May 1847 No. 226)

Para 1. The clear and explanatory report of the Collector of Malabar and the Proceedings of the Board of Revenue on the Settlement of that District for Fusly 1255 have left little for remark on the part of Government.

2. The adversity of the season from failure of rain materially affected the produce of the year, which is estimated by the Collector to have been deficient to the extent of 35 Per Cent. This deficiency combined with an external demand for rice enhanced prices of grain from 25 to 30 and at the latter end of the Fusly to 100 Per Cent above the ordinary rates.

3. The Settlement for the year 1255 amounted to Rupees 1,63,187-12-0 being Rupees 3318-0-3 less than that for the year preceding

Remissions

4- Remissions for failure of Crops and other causes on Wet lands to the Amount of Rupees 8,007-9-2 and on Garden lands principally for decayed and unproductive Trees to the amount of Rupees 1,914-0-3 were allowed and from the particulars given in the 6th 7th and 11th Paras of the Collectors report the Government are satisfied they were granted judiciously and after full and careful enquiry-

5- It is gratifying to the Government to learn from the 18th Para of the Collectors report that the spirit of agricultural improvement continues and that a considerable extent of waste land has been taken for rice cultivation during the year-

6 Of the Settlement amounting to Rupees 1,63,187-12, Rupees 1,20,637-2-8 were realized within the Fusly, and Rupees 11,281-0-1 subsequently up to the end of October at which date the outstanding arrears for the year under review stood at the small sum of Rupees 3269-9-3-

7- The Most Noble the Governor in Council observes with satisfaction that excepting in two trifling instances the Collections were made without having recourse to the sale of property- This punctual realization of the revenue is highly creditable

to Mr. Conolly, and His Lordship in Council has pleasure in recording his approbation of that Gentleman's management of the important District entrusted to his charge-

8- His Lordship in Council grants authority for writing off in the Accounts of Malabar the balances for Fusly 1252-53/54 outstanding against poor Ryots and classed as irrecoverable, amounting to Rupees four hundred and seventy five Pice five-

Proceedings thereon;

The Board consider it desirable that, before submitting this application for the sanction of Government a strict enquiry should be instituted with a view to ascertain whether there are no representatives of the late Zemindar competent to execute an agreement relinquishing claim to arrears outstanding as against the Ryots previous to the day of sale of the Estate. It appears that this object might be furthered by publishing a Notice calling on the Legal Heirs, if any to appear before the Collector within a given period.

From the Collr of North Arcot — Sir, Para 1. I have the honor to submit a Copy of a Decree passed by the Civil Court of Chittoor on an Appeal of the Zemindar of Calastry against Coopoo Chitty, and afterwards his heirs on his decease, while the Suit was pending. The object of the Appeal was to obtain possession of the revenues of the Village of Poolambaid.

Submitting Copy of a Decree of the Civil Court of Chittoor on an Appeal of the Zemindar of Calastry to obtain a possession of the Revenues of the Village of Poolambaid.

2. The Zemindar had taken possession of the Village on the grounds that it was situated in his Zemindary and that the purposes for which it had been granted, namely of Keeping up certain Charities in a Choultry and certain Offerings in a Pagoda at Calastry had not been fulfilled. The Acting Collector had decided against his claim and ordered it to be delivered up to the Respondent under Regulation VI of 1822.

3. The Complainant Coopoo Chitty, the Respondent in the Suit, stated that the Village had been granted as Surva Enam and not for charitable purposes and it seems to be admitted that the revenues had not been so appropriated

for

for many years. The Court therefore decided in favor of the Zemindar.-

4- Whatever may have been the object of the grant there seems no doubt of the Village having escheated by the death of the last incumbent Coopoo Chitty if not before since it does not appear that the grant was hereditary- But the Village was held as a separate and independent Estate as will be seen by an Extract from the Register herewith forwarded- Any right of the Zemindar must be founded on its being part of the Estate included in his Sunnud, whereas it appears to be distinctly reserved and excepted and could not have been included in the assets on the consideration of which his Peishcush was determined.-

5- It seems therefore clear that he could have no more right to the revenues than any other individual Regulation XXV of 1802 prescribes that it shall not be competent to a proprietor to resume such lands unless with the consent of Government and where the consent of Government shall have been obtained that he shall be liable to such assessment of revenue as may be fixed on the said lands by the Collector of the Zillah.-

6- This was of course not noticed in the Decree because the interests of the Public revenue in the Village were not represented and therefore were unnoticed by the Court.-

7- The value of the Village it will be seen is entered in the Register as Pagodas 399-1 4/10. On two former occasions of Villages somewhat.

somewhat similarly situated lapsing Government were pleased to bestow them on the Zemindar- If that course should be determined on in the present case it will be for consideration whether any and what Assessment should be charged and whether the revenue so levied should be carried to the public Account or appropriated to other purposes.-

1- This is an Appeal, according to Section XVI Regulation V of 1822, against the decision of the Acting Collector of North Arcot, who adjudged that the land and Crops.

crops in the Village Pollembaidoo in the Zemindary of Calastry should be delivered over by the Appel= =lant (the Zemindar, 3d Defendant) to the Respon= =dent, and that the former should pay damages and costs to the Amount of 100 Rupees.

2. In the Appeal Petition bearing date the 10th July 1846 it is stated that the Appellant's Grand father Raja Damarla Venkatappa Naidu gave the said Village, yielding annually 300 ½ Var= =oo Pagodas to Chocappa Chitty the Grand father of the Respondent, upon condition that the latter should manage the expences of Offerings to be made before the Idols of the Calastry Pago= =da and also establish a Choultry where pilgrims might be fed; and he granted the usual Summud on the 3d Jeysta Bahoola of the year Croody or the 1784 last cycle, and on the 12th of the same Month Cho= =cappah Chitty executed a Mamool nammah de= =scribing the way in which the Offerings were to be made and the food distributed, according to the conditions of the Summud. It is thereon stated that neither he nor his heirs would misappropri= =ate to their own use any of the proceeds of the said Village but to devote them all to charitable purposes. He also executed a Kanaurnamah engaging on the part of himself

himself and his heirs to make the offerings and keep up the charity and in the event of their failing to do so the Zemindar would be the proper person to resume the Village and carry out the purposes of the grant. The Respondent misappropriated the usufruct of the Village and neglected to fulfil the terms of the grant, notwithstanding that he had been warned by the Appellant that he would resume the Village, which was accordingly done, but when the Appel= =lant intended to prefer a suit for the recovery of a considerable sum of Money misappropri= =ated by the Respondent the latter presented a Petition No. 1 of 1846 to the Acting Collector of North Arcot representing that the Village which had been granted on Inam tenure 80 years be= =fore had been unjustly resumed. The Acting Collector without examining the Appellant's documentary and parole evidence decided that the Village Pollambadoo should be re= =stored to the Respondent together with damages to the Amount of 100 Rupees; and to this decision the appellant offers the following objections. The Village in question was allotted for the expenses of making the daily offerings in the abovementioned Pagoda and for feeding 12 pilgrims but it was not granted daily

to

to chocappa Chitty or his heirs for their own use or benefit. This can be proved by the under= mentioned documents. It was decreed by the late Centre Provincial Court in Original Suit No. 80 of 1813 in favor of the Appellants Grand father on the grounds of the Reply presented on behalf of the Respondents under Moottoo Maurry Chitty, and of the depositions deliver= =ed by the Respondents elder brother Namasi= =vay Chitty and Mr Kypaddy Vencatachellum, who was entrusted with the management of distributing rice to the pilgrims. That suit was instituted by Moottoosawmy Chitty, who stated that the Village Cherloo fully had been given to Chocappah Chitty in addition to the Village Pollumbaidoo, in order that he might perform some additional Charities, but on his failing to do so, it was resumed by the Appellants aforementioned Ancestor; and that Plaintiff having obtained a deed of di= =vision making the Village over to him sued him for the loss he had sustained by the resumption, but as no mention was made in that deed regarding these Villages, the late Provincial Court considered that they had been assigned for charitable purposes and dismissed the Suit.

The

The record in that suit shews that Village Pollum= =baidoo was resumed in the year Doormaiee 1801-2 in consequence of the failure in fulfilling the purposes of the Charity but it was again restored on the Res= =pondents father Aroonachella Chetty promising to keep up the Charity, but in the years Pra= =bauah 1807-8 and Vebauah 1808-9 the same neglect having occurred it was again resumed and the Charity carried on under the direction of the Appellants Ancestor and it was again given up at the instance of the Respondents Ancestor and a Sunnud granted to that effect on the 12th Arpissy of the year Vibavah 1808 This do= =cument will show the right of the Appellant to resume the Village in question in case the charity was not properly conducted, but the acting Collector without hearing or considering these circumstances passed his decision on the mere representation of the Respondent that the Village Pollumbaidoo was entered as Inam in Mr Stratton's Accounts. In a letter dated the 8th June 1844, it was stated that the award of 100 Rupees for damages need not be paid till after the expiration of the time for Appeal; but contrary thereto and before any Petition had been presented by the Respondent complaining

that

that he had sustained any loss when he was again put in possession of the Village, another letter, a under date the 18th June 1816, was addressed to him to the following effect: "that information has been "received that articles to the value of 41 Rupees "were damaged by the Tahsildar of Sellyaveid "and that therefore the said sum should be paid "within 10 days, and in default thereof it would "be recovered by attaching so much property as may "be sufficient to cover that amount." The Appel- lant therefore did not meet with proper jus- tice, as the Courts do not award a double loss, as is thus ordered, and the lands in ques- are not like those regarding which Regulation

V of 1822 was enacted. Mr. Stratton's Register in which the Village Pollumbaidoo is said to be entered, was framed from the Village Accounts of the year Nalah 1796-97 which that Gentleman had taken from the Curnums 5 years afterwards in the year Doormatee 1801-2 without consulting the grants, or heirs of the grantees, and it was not then necessary for the Appellant to object to any entry which might have been made by the Village Curnums, who were under the charge of the Respondent's Ancestor, as the chari- ty was then carried on agreeably to the terms of

of the Maunoalnamah - That Accounts cannot however be valid as it is contrary to the tenure of the Original grant as well as the manner in which the conditions of it were to be fulfilled. Mr. Stratton prepared a separate Statement shewing the Inam Villages which were entered with some doubt as to the nature of them, as may be seen by Para 9th of his general Report sub- mitted to the Board of Revenue in which the Vil- lage Carapaukum Similar to the Villages in question was said to be held on Inam tenure both by Dundoo Venkatramiah and after him his Wife, but it was set aside and agreeably to the original summud the annual proceeds of the said Village were made available under the superintendence of the Appellant, for the payment of the expences attending the distribution of rice to the pilgrims - In suit No 73 of 1818, on the file of the late Provincial Court in the Northern Division, in which the Collector (of Nellore) was Plaintiff and the Zemindar of Venkatagherry who holds a permanant Sun- nud like the Appellant, was Defendant, the 2 Villages Poody and Pareyanattam, entered as No 23 in the said Statements, were claimed by the Collector, and the Court passed a decree, which was final, establishing the Zemindar's right

right to such Lackrauze lands, and the perusal of the 3d para of that decree will convince the Court that the Accounts framed by Mr. Stratton are contradictory and unworthy of credit in the absence of the Original Grants.- Mr. Stratton himself stated in Para 9th that the alienation entered as No. 3 was not valid, it having been obtained by deceit through the weakness of the Zemindar by the idle and empty promises of the Grantees Mr. Grome in his report to the Board of Revenue under date the 11th February 1814, assigned several as reasons why the alienation of the Villages entered in the Statement No. 23 to the Grantees therein named, should not stand good and the Board of Revenue in their proceedings of the 8th July 1816, stated that as the Government had granted the right to the Lackrazee lands entered in that Statement by a permanent Summud to the Zemindar the Appellant alone had a right to them. Hence it is clear that the Account No. 16, in which the Village Pollumbaidoo is entered, as stated in the Collector's Decree, had been cancelled, it having been entered in the aforsaid Statement No. 23. Neither Chocappa Chetty nor his descendants, who belonging to the Bary Caste, were competent to receive the Village in gift, according to the Hindoo Law nor to hold it rent free and independent of the Appellants

Appellants' Estate which is responsible to the Government for the Peishcush- The Acting Collector's objection that the Appellant is not authorized under Regulation VII of 1817 which vests the Board of Revenue with that authority to resume the Village and perform the purposes of the charity from its produce, when the respondent had misappropriated it is incorrect; for the Appellants' Ancestors have been from generation to generation the acknowledged Superintendants of the temples and of the charity therein distributed even while the Government retained the management of the Pagoda which have now been abandoned the Pagoda in question was left under the Superintendence of the Appellant, his right thereto being acknowledged by the permanent Summud and thereby the Appellant possessor according to Section III. Regulation XXV of 1802 the authority stated by the Acting Collector to be vested in the Board of Revenue by Regulation VII of 1817. The following reasons will shew that the "Permanent Summud" here and elsewhere erroneously called by the Appellant "Cowle" has greater weight than the Regulations as regards the Zemindary of the Appellant- The Board of Revenue under date the 4th December 1802, issued an order prohibiting the collection of the Mutturpha Tax as

because

decease according to the Permanent Summud that authority was vested in the Appellant and they on the 8th March 1839 directed the restoration of the Village Pedda-
-lorlaor containing Lakeraze land and the Honorable Government under date the 9th April 1839 had concurred therewith and directed that the said Village should be put into the Appellants posession. Moreover the Ap-
-pellants Ancestors alienated the Village Goodymut-
-lum to Kanoguoy Kistna Row for charitable purposes which that individual not having per-
-formed, the Village was attached by the Appellants ancestors and the charity was continued by them; thereupon Venkatarow the elder brother of Kistna Row instituted the Suit No. 7116 of 1820 which the Court dismissed on the ground that the Zemin-
-dar was the proper person to perform the Charity and this decree which was passed subsequent to the promulgation of Regulation VII of 1817 was not objected to by former Collectors which was a tacit admission of the Appellants right to the temples and to the lands allotted for charitable purposes. For these reasons it is requested that the Court, after receiving all the documents above alluded to, examining the Appellants witnesses and ordering the Res-
-pondent to produce the Summud mentioned in

the

the first part of this Appeal Petition will pass a decision establishing the right of the Appellant to be Superintendant and reversing the order of the Acting Collector and directing that the Ap-
-pellant should be put into possession of the Vil-
-lage in question and that he should be paid Rupees 815-8-0 the value of the produce and repaid 141 Rupees which were collected from him in ready Money.

3. In the Answer dated the 14th April 1845 it is stated that the Village in question was granted 80 years ago to Chocappa Chitty by Pedda Venkatappa Naidoo as Sarvamanyam and not for charitable pur-
-poses as set forth in the Appeal Petition which neither the Appellant nor his Ancestors have ever performed, and although the Original grant has been lost, yet it was entered as Surrauk a-
-mam both in Mr. Stratton's Accounts and in the Register of Enam lands, and it has al-
-ways been enjoyed as such since the Grant was made but there was neither Mamoolumeach nor Kanarumamah binding Chocappah Chitty to continue the Charity, and in failure thereof allow-
-ing the Appellants Ancestors to resume the Village and any document of that kind must have been fabricated for the purpose of usurping the Village. As it will be clear from the perusal of the

Respondents

8581 Fort St. George 21st June 1847.—

Respondents documents that this Village was granted as Surva Enam, it well becomes the Court to consider whether they have any authority to take cognizance of this matter, according to the provision of Regulation VI of 1831 and Acts Nos. XXXI of 1836 and XXII of 1838. The Original Suit No. 80 of 1813 mentioned by the Appellant, had nothing to do with the Village Pillambaidoo nor was the Respondent or his Ancestor a party in it, and any mention of this Village, when the cause of action was an entirely distinct and separate Village named Cheerloopully, from whatever motives proceeding could not assist the Appellants attempt to usurp the Village in question, and the Respondents Brother Ramasawmy Chitty did not admit the execution of the Maumoolnamah and Karaarnamah, or state that the Village was granted for charitable purposes, but he on the contrary answered the question put to him to that effect in the negative, but even if he did admit that the produce of the Village was distributed in Charity, that would not show that it was held on that condition and liable to be resumed in the event of any failure thereof. The evidence of the other Witness alluded to by the Appellant cannot affect the Respondent, although he deposed at the instigation of

8582 Fort St. George 21st June 1847.—

of the Appellants Ancestor that he had heard that the Village had been granted in order to keep up a Charity Choultry. The Respondents Grand father Chocka Appah Chitty established Charity Choultries at Benares, Ramaswarum and other sacred places as well as at Calastry which were however given up for 30 years in the life time of Arnachella Chetty, but five years ago the Respondent reopened them all. If the Village in question had been granted for the support of a Charity and the Appellant had the power to resume it, on the failure of the Respondent to keep up the Charity, there is no reason assigned for the Appellant or his Ancestors not resuming it during the thirty years when the charity was discontinued. It will also appear by the Will of Chocappa Chitty that this Village was granted to him as Surva Enam and not for charitable purposes. The Appellants Ancestors having resumed the Village Cherloopully prior to the deed of division between the Respondents father Arnachella Chitty and others, it was agreed that it should be recovered and divided together with the one now in dispute, which was the cause of the Village having been omitted in that deed, but it was not in consequence of the Village having been previously resumed and because it had been granted for charitable purposes, as set forth in the decree in Suit No. 80 of 1813, Although the Village in dispute was resumed in Purbaiah and Vebavah by the Appellants Ancestors yet they restored it soon afterwards considering that the resumption was irregular but it was not restored in order to carry on the Charity as is falsely stated in the Appeal

Petn of

8583 Fort St. George 21st June 1847.

Petition. The Appellant has no authority to resume the Village and it was held under Surva Inam tenure prior to Mr. Stratton's settlement and was excluded from the Summud. The acting Collector having taken into consideration the long enjoyment of this Village by the respondent and his Ancestors as well as the entries in Mr. Stratton's Settlement, the Registry of Enams and the Village Accounts ordered the Village to be given up to the Respondent with 100 Rupees damages and Costs agreeably to Regulation V of 1822 he being thereby Competent to decide regarding the possession and produce of the Village. The Appellant admits that this Village was entered as Surva Inam in the Inam Registry framed by Mr. Stratton who soon after the Honorable Company assumed possession of the Country entered into an enquiry under the provisions of Section XV Regulation XXXI of 1802 as to the purposes and terms for and on which lands both in the Company's District and the Zemindaries were granted and held, but he objects that Mr. Stratton only received the Village Accounts without ascertaining the nature of the grants or the purposes for which they were made and that Chocappa Chitty got this Village entered as Surva Inam by means of the Village Curnum and therefore the entry in Mr. Stratton's accounts is inadmissable. But this argument is incorrect in as much as the said Account has been received both by the Civil Courts and Revenue Authorities as established proof in cases of litigation regarding lands and Villages. If the Account was incorrect in any respect as the Appellant alleges it ought to have been reported to the Sirkar either at

8584. Fort St. George 21st June 1847

at the time it was framed, or subsequently in the interval up to this period, and the omission to do so shews that the appellant has fabricated documents with the view to usurp this Village, and his assertion that the spurious entry had previously escaped the notice of himself and his Ancestors as the Respondent and his Ancestors had continued to keep up the Charity is inadmissible. The appellants father having resumed the Village Courapaukum the heir of the Grantee by name Gyanamendrum Venkataramiah instituted Suit No. 74 of 1813 before the late Provincial Court and obtained a decree in his favor, and a Razeenamah was filed by both parties in Appeal Suit No. 12 of 1816 on the file of the Court of Sudr Adalut, and by the final orders of that Court, under date the 11th July 1842 it was directed that the Village Courapaukum should be held by the heirs of the aforesaid G. Venkataramiah notwithstanding which the appellant deceived the Collector by certain letters replete with false inferences and by inducing that Gentleman to write in his favor to the Government, obtained possession

of

of that Village. Nevertheless any Judge on an impartial view of the abovementioned proceedings would take steps to restore that Village to the heirs of Q Venkatarammiah nor could those proceedings confer on the appellant a right to resume the Village in dispute. The Appellant cannot benefit by the Statement No 23 as the Village is not stated therein to have been granted for the support of a charity and he has admitted that it was entered as Surva Enam so that the objection he offers, that the Villages entered in Para 9th of the General Report were alienated thro' the meerasis of the Zemindar and by the vain and futile promises of the Grantees, can be of no avail, neither can his assumptions that those Villages were declared to be resumable by Mr. Grame in his report to the Board of Revenue who recognized the Right of the Zemindars to resume the Lakhiraje land entered in Statement No 23 be in any way admitted, since neither the Government nor the Board of Revenue nor any other authority was competent to transfer to the appellant the Right to the Village in dispute, which had been granted to the Respondents ancestors on Surva Enam tenure

long

long before the appellants ancestors obtained his Summud i Inilkeeyut Istimarar and indeed before any Regulation was enacted and has been since held by them without molestation or dispute. The decree in Suit Nº 13 of 1818 on the file of the late Provincial Court in the Northern Division cannot be received as applicable to this Village which is registered as Surva Enam and has always been enjoyed under that tenure by the Respondent and his ancestors - the appellant stated that the Respondent misappropriated the produce of the Village in question and therefore it devolved to the appellant who is not subject to the provisions of Regulation VII of 1817 but this is an error, as that Regulation was enacted by the Government for the guidance of all its subjects and there is nothing in it or in any other Regulation to exclude the appellant as Zemindar of Calastry from its operations and the permanent Summud which fixed the Peishcush or assessment cannot authorize the appellant to resume this Village - It is therefore requested that the Court will receive the Respondents documentary and parole evidence and dismiss the appellants claim with Costs.

4 The appellants Vakeel presented Miscellaneous Petition Nº 364 of 1845 on the 13th August

August, requesting permission to file the documents and a list of witnesses in support of the appeal Petition this being in the light of an original Suit according to the Circular order under date the 29th November 1814. but at first his request was refused, as the Court consi-dered that all questions of Charitable Grants should be decided by the Board of Revenue agreeably to Regulation VIII of 1817 and that therefore it possessed no jurisdiction or authority to decide the matter in dispute, but a careful perusal of Section XIV of that Regulation led the Court to come to a conclusion and convinced it that there was an express provision for its receiving and disposing of all disputed claims and consequently on the 19th August 1815 the appellant's Vakeel was directed to produce his evidence to prove that the Village Pallamkaidoo was granted for Charitable purposes, and under the condition that it should be resumed if they were not fulfilled, and on the other hand the Respondent's Vakeel was ordered to prove that the said Village was granted as Surva Enam unconditionally.

7. The appellant's Vakeel named in the first instance 17 witnesses, of whom twelve were examined, one was reported to be dead and 4 were dispensed with, and the appellant's Vakeel named in lieu of them two other Witnesses who were summoned and examined. The Respondent's Vakeel named Eight Witnesses all of whom were examined, two of them on interrogatories sent to Madras where the Witnesses were examined. The names of the Witnesses who were examined are as follows. For the appellant Nullabuttoo No. 59. 8. After the pleadings were closed the Respondent Coopoo Chetty died and the suit was carried on against his heirs, the supplemental Respondents.

9. After a careful consideration of all the foregoing proceedings the Court decrees as follows. The appeal from the decision of the Acting Collector regarding the act of trespass charged against the Appellant does not require any particular notice that is to say as far as that act is concerned, being altogether merged in the more important question of the right of the Appellant to resume the Village Pallumbaidoo on the ground that it was originally granted by his ancestor Damara Comara Venkatappah naidoo to Chocuppah chetty the ancestor of the supplemental Respondents for the purpose of keeping up certain Charities in a choultry and certain offerings in a Pagoda situated at Calastry the Chief residence

residence of the appellant, which condition the deceased Respondent Cooppoo Chetty had neglected to perform. At first it appeared that the appellant had no right or power to resume the Village, and that he was prevented from so doing by section XII Regulation XXV of 1802 but the documents M.N.O.P.2. but especially the two last, show that the Zemindar of Calastry was not subjected to this prohibition, and in the first mentioned document M the Sunnud i Milkuit Istimrar, that clause and also the right intended to be reserved to Government by section IV of that Regulation were omitted, and consequently although the Court was not aware of that important circumstance till thus clearly brought under its notice, it would appear that the acting Collector (and the Court also in the first instance took the same view of the case, but it) was wrong in supposing that the power to resume the grant was vested solely in

in the Board of Revenue and the Government, and it also appears by the decisions in the late Centre and Northern Provincial Courts, and in the late Zillah Courts, see exhibits G. Q. and R. that this power had already been exercised and sanctioned by those authorities. There can therefore be no question that the appellant did possess the power to resume the Village Pallumbaidoo when the descendants of the grantee failed to fulfil the conditions on which the grant was made, and the only point to be ascertained is, what were those conditions. The Witnesses for the Appellant who reside at Calastry and are well acquainted with the Choultry and Pagoda, clearly and distinctly deposed that the Charitable distribution of rice was daily made at the Choultry and certain offerings were daily and at other stated periods made in the Pagoda out of the proceeds of the Village Pallumbaidoo, which had been specially granted for those purposes. and that it was

thus

thus continued for a long series of years. It might be objected to the evidence of these witnesses that they are under the influence of the appel=lant, but the Court cannot admit such an objection to invalidate their testimony because at the utmost it could only throw sus=picion on their statements, which are otherwise open to nothing of the kind, and every doubt as to their veracity and the correctness of their depositions is effectually removed by the decree in original Suit No. 80 of 1813, on the file of the late Provin=cial Court in the Centre Division, in which it is stated, according to the tenure of the pleadings and evidence in that suit, preferred by Mosttoomany chetty the son of the aforesaid Cho=kuppah Chetty that "Twenty "five years or thirty years ago a Merchant "named Chokuppah Chetty was agent "thereto Dannalla Camara Vencatappa "Naidoo, Zemindar of Calastry and

obtained

"obtained from him the Village Pillumbaidoo "(written above Pillumbaidoo) as Enam, on "condition that its net Revenue should "be applied to the constructions and "maintenance of a Choultry for the enter=tainment of Travellers, and to the daily "presentment of certain offerings at the "Church (Pagoda) in the Chief Town of the "District" and after reciting the particulars of the further grant of the Village Cherlopully in aid of the same Charity and offerings and also describing the death of Chokup=pa Chetty the quarrel among his sons, and their division of property and separation from each other the decree goes on to state "For the support "of the Choultry and offerings in the Church "the Village Pillumbaidoo was held by "Chokuppa Chitty and Aroonachella=Chitty and is now held by Ramasawmy "Chitty. But the Village Cherlopully "was resumed by Tumma Naidoo, son of "the Zemindar who granted it and Father "of the Defendant." It was in consequence of this resumption that the abovemen=tioned Suit (No. 80 of 1813) was instituted

and

and at that early period no doubt the descendants of the Grantee would have been able to establish their right to the village cheerfully; had not the power to resume it been vested in the Zemindar; but this decree is chiefly useful as shewing the conditions on which the village Pollumbaidoo was granted. It is further stated therein "that Ramasawoya Chetty one of the witnesses of the Plaintiff is the son beforementioned of Aroona-chella Chitty. He deposes that he holds the village Pollumbaidoo and performs the duty for which it was granted". The Reply in that suit exhibit H and the deposition delivered by Ramaseevoya Chetty exhibit I. fully bear out the statements set forth in the decree and have no reason to doubt that the Village was granted for the purposes stated in the appeal Petition and in the depositions of the appellants witnesses, and that the plea set up by the deceased Respondent Coopoo Chetty that it was granted as Surva Enam and that he was entitled to enjoy the Revenue

Revenues without any reserve or drawback is quite untenable. The documents and the evidence of the witnesses produced on his behalf, and after his demise on behalf of the supplemental Respondents, entirely failed to establish that plea, or in any way to shake the clear proof adduced by the documentary and parole evidence of the appellant. It matters not that the Village was entered in the Public accounts under the name of Enam, without stating that any conditions were attached to the grant. There are many descriptions of Enams, which are not defined in the accounts, but simply entered as such, although the Grants, if forthcoming, or long established usage, will often be found to prove, for what purpose they are made. The witnesses, who are residents of the Village Pollumbaidoo, stated that the profits of the village were conveyed to the deceased Respondent or his ancestors at Madras, but this may have been done without altering the conditions of the Grant, or enabling the descendants of the original Grantee

Grantee to evade them - accordingly it is decreed that the fine of 41 Rupees levied from the appellant by order of the Acting Collector be recovered and repaid to him, and that the deceased Respondent having failed to fulfil the conditions of the Grant that the appellant be authorized and is hereby empowered to resume and henceforth to possess the village Pllumbaidoy, and that the supplemental Respondents shall pay all the costs of this suit - The Court cannot decree any thing for previous losses said to have been sustained by the appellant. -

Ordered that the foregoing letter be submitted with the following address.-

To the Chief Secy to Government

Submitting a letter from the Acting Collr of North Arcot forwarding copy of a decree of the Civil Court of Chittoor empowering the Zemindar of Calastry to resume the Village of Polambaid and recommending that it may be made over unconditionally to the Zemindar.

30th Augt 1847 in Cons. 21st June 1847

Sir,

Para 1. I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council, the accompanying letter from the Acting Collector of North Arcot, forwarding copy of a decree of the Civil Court of Chittoor empowering the Zemindar of Calastry to resume the Village of Polambaid, and requesting instructions whether any and what assessment should be charged against the Village, and whether the Revenue so levied should be carried to the public account, or appropriated to other purposes.

2. From the papers now submitted it will be observed that the Village of Polambaid was conferred by a former Zemindar of Calastry on one Chocappa Chetty, on condition that the grantee should bear the expenses of certain offerings at the Calastry Pagoda and establish a Choultry where pelgrims should be fed. The Village appears to have continued in possession of the original grantee and his descendants until 1816 when the present Zemindar resumed it

on

Fort St. George 21st June 1847.

on the plea that Coopoo Chetty, grand son of the original Grantee, who was then in possession of the Village misappropriated its proceeds, and failed to carry out the terms of the Grant Coopoo Chetty immediately applied to the Acting Collector for recovery of the Village, representing that it had been originally granted as Surva Enam, and obtained its restoration on that plea. Against the decision the Zemindar appealed to the Civil Court of Chittoor, and obtained judgment in his favor, the Court having authorized and empowered him "to resume and henceforth to possess the Village of Pollumbaidos."

3. Mr Lovell is of opinion that the original Grant was not hereditary and that the Village should be considered as an escheat, in consequence of the death of Coopoo Chetty, who died while the appeal suit was pending and further that as it is a separate and distinct Estate, and could not have been included in the assets upon which the permanent settlement of the Calastry Zemindary was fixed, the Zemindar can have no right to the Revenues. He also refers to Section XII and XIII of Regulation XXV of 1802, which prescribe that it shall not be competent to a proprietor to resume Lukhiraj lands unless with the consent of Government, and where the consent of that authority shall have been obtained, he shall

be

be liable to such assessment of Revenue as may be fixed on the said lands by the Collector of the Zillah.-

4.- In the decree of the Civil Judge it is distinctly laid down, that in the present case the Zemindar was not subject to the prohibition referred to, and that he did possess the power to resume the Village - and it moreover authorizes him "henceforth to possess" the same.- The endowment was originally granted for charitable and religious purposes, but the Court do not appear to view the Grant as coming under the provisions of Regulation VII of 1817.-

To Govt 4th March 1839

To Dp 1st September 1842

5.- From the correspondence noted in the Margin it will be observed that the resumed Village of Bedda Bloor and Carapauk, which were originally alienated from the Calastry Zemindary in a manner somewhat similar to the one now under notice were made over to the Zemindar, the former in 1839 and the latter in 1842.- Bedda Bloor was a personal Grant, and Carapauk a service Endowment.- Both were given up to the Zemindar Bedda Bloor unconditionally and Carapauk subject to the terms on which it had been alienated. On those occasions it was argued that as the Polleash of the Calastry, Bomrauze and Venkatagherry Zemindaries was not fixed with reference to peishcush assets, as was done in the Northern Circars, the Zemindars could not claim Remission on account of Villages taken from them by Decrees of Court, but were entitled to benefit by resumptions.- The circumstances of Bedda Bloor appear to furnish a precedent for the disposal of the Village of Bolombaud and the Board accordingly beg to recommend that this Village may be made over unconditionally to the Zemindar.-

From the Collector of Tanjore....

Furnishing information required by letter of 15th April regarding the Estate of the late Appow Moopen.-

Sir

In reply to your letter of the 15th inst. forwarding Copy of opinion of the Law Officers of the Sudder Adawlat as to the claim of the adopted Son on the Estate of his adoptive Father, a regular child having been born after the adoption I have the honor to state for the information of the Board that I have found the younger widow of the late Appow Moopen so obstinately determined not to cooperate in any way with the Elder widow or the adopted Son Iyah Moopen that it is hopeless to expect the Estate will be managed by them jointly and to give the management over to the younger widow

Fort St. George 21st June 1847.-

widow the Mother and Guardian of the infant would in my opinion be tantamount to permitting a general pillage by the parties who are her interested advisers. Iyah Moopen the adopted Son is a man of respectability and well capable of managing the Estate, and it is to be regretted that the widow will not be friends with him so as to dispense with the interference of Government, Circar Management being a most thankless Office and frequently attended with loss to the Estate. Nevertheless under the present circum=stances unless the Board sanction the Manage=ment by Iyah Moopen, I see no alternative but placing it under the Court of Wards for the protection of the Infant heir allowing the widows maintenance.-

In case the management comes under the Collector I would suggest that Iyah Moopen be allowed to have free access and communication with the Manager on the spot, and as regards his share, I beg to be informed whether the opinion of the Law Officers is to be acted on or merely the subsistence decreed by

Fort St. George 21st June 1847.-

by the Lower Court allowed him.-

35-36

Proceedings thereon.- 1.- In the foregoing letter the Collector States that he has found the Younger widow of the late Appoo Moopen so obstinatly determined not to Cooperate in any way with the elder widow or the adopted Son Iyah Moopen that it is hopeless to expect the Estate will be managed by them jointly and that to give the manage=ment over to the Yonger widow the Mother and Guardian of the Infant, would, in his opinion, be tantamount to permitting a general pillage by the parties who are her interested advisers, and under these circumstances unless the Board Sanction the management by Iyah Moopen he sees no alterna=tive but placing the property under the Court of Wards for the protection of the Infant Heir allowing the widows maintenance.- In the event of this arrange=ment being carried out the Collector suggests.

Submitting a letter from the Collector of Tanjore furnishing further information regarding the Estate of the late Appoo Moopen and stating that the Board are of opinion that it should be placed under the management of the Court of Wards during the Minority of the heir.-

Fort St. George 21st June 1847.

Suggests that Iyah Moopen be allowed to have free access and communication with the Manager on the Spot and as regards his share requests information whether the opinion of the Law Officers is to be acted on, or merely the sub:=sistence decreed by the Lower Court allowed him.-

2.- Under the foregoing circum=stances and in reference to the correspond=ence on this subject which has already been laid before Government the Board are of opinion that the Estate of the late Appoo Moopen should be placed under the Management of the Court of Wards during the minority of the Heir, due provision being made for the mainte=nance of the Widows.- They consider that any direct

direct interference with the Management on the part of Iyah Moopen would be objectionable but that he may be allowed free access and communication with the Manager so long as the Collector may be satisfied that the same are for the benefit of the Estate. In regard to the sum to be allowed for the support of Iyah Moopen & they do not feel warranted in recommending a larger amount than that awarded to him by the decree of the Civil Court.—

D. White Esqre

Ordered that the following be sent in reply.

To The Collector of Tanjore.

37-38.

To the Collector of Tanjore — Calling for further information regarding the disbursement on account of Charitable and Pagoda & Mosque allowances paid in his district for Fusly 1252 and retrenched by the Civil Auditor — From Govt Trichinopoly 21st Jany 1847.

Charitable Allowances.

Sir,

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 2d Instant forwarding statements in detail, of Charitable and Pagoda and Mosque allowances paid in your district for Fusly 1252, and retrenched by the Civil Auditor.

2. The sums now payable on account of Charitable allowances is shewn to be Rupees 1,620 — 3 — 11 whilst the amount sanctioned on this account for Fusly 1228, the Moyen Zabitah of which year, under the orders of Government, is considered as the standard of fixed payments was Rupees 16,732 — 9 — 11 being Rupees 5,112 — 6 — , in Excess of the present payments. this difference the Board presume arises from lapses in the yeomiah department since Fusly 1228.

Pagoda and Mosque allowances.

3. The amount sanctioned in the Fusly named above on account of Pagoda & Mosque allowances, was Rupees 145,893 — 15 — 8 and the sum now payable under this head appears to be Rs 145,866 — 2 — 2 being Rupees 27 — 13 — 6 below the fixed amount, arising, the Board conclude, from the subsequent discontinuance of certain allowances.

4. It is therefore to be understood that you now

From the Jg. Pl. Coll. of Madura

Forwarding a communication from the Zemindar of Ramnad reporting her adoption of a son together with other papers connected therewith.

Sir,

1. I have the honor to submit, for the information of the Board a Translation of an address to me by Ranee Saithoopathy Pirvatha Vardhaney Nauchear Zemindar of Ramnad, notifying her adoption as her son of the younger son of her younger Sister Mootooverayee Naucheyar under the name of Moodoo Ramalinga Tavar.

2. She cites as her authority for making an adoption the consent of her mother in law and other relations and the order of her husband while living.

3. I have received addresses from Ramasawmy Tavar husband of the deceased Minor Zemindar and Mootoo chella Tavar elder brother of the late Zemindar objecting to the adoption, and I enclose a petition to the same effect addressed to the Board by the former and a translation of the latter.

No 2

No 3.

4. With respect to the alleged order of her late husband, the Board will find no allusion to the circumstance either in his address to Mr Vineash just before his death or in that of Mootooverayee Nauchey ar and Mootoochella Tavar notifying the event and as he left.

To the Board 21st April 1830.

left 2 daughters whom he named his successors, they will probably be inclined to doubt that such an order was given.-

5. The Zemindar invited me to attend the ceremony but I declined, on the ground that short notice did not afford me time to satisfy myself of her right to adopt as well of urgent public business. In reply I received the address of which the accompanying is a translation containing arguments and forwarding documents in support of her right to adopt. On reference to the Decree of Suder Adalut of the 10th October 1816 in S.S. No. 18 of 1814 which formed one of the letters I find that in answer to the questions by the Court the Pundit stated that "a widow may adopt a son with the consent of her husband or with the consent of her relations, and that if the adoption be made with the consent of the husband the consent will be sufficient if it is verbal, But the consent must be proved for the satisfaction of the relations."-

6. I am not aware that the Board will wish me to take any further steps in reference to the event reported at the present time, but I have deemed it my duty to communicate the above circumstances for their information.-

7. As a contrary opinion seems to have been entertained here I beg in conclusion to mention,

in order that I may be corrected if wrong that I do not consider the order of Government applicable to Zemindaries which are not mentioned in it but to such Inams as are excluded from the jurisdiction of the Courts of Adalut.-

To,

The President and Members of the

Fort St. George

The humble Petition of Ramasamy Thaver the husband of Mungalaswary Nauchyar late Principal Minor of the Zemindary of Ramnad.—

Most Humbly Sheweth.—

That I had married the said Mungalaswary Nauchyar who was the Principal heiress to the said Zemindary upon the consent of her father Ramasawmy saithoopathy the late Zemindar, of the Heads of the families and of the late Guardians Rauny Moo Mooneroy Nauchyar and Perradavurdany Nauchyar, who were now reconciled

reconciled themselves from their pending suit, with hope of removing my right from the said Zemindary, and upon the order of late Principal Collector, in pursuant to the Sanction of the Noble Government and your Honorable Board, and by whom I had (after sometime) a male issue, who shortly died and after his Mother (my wife the said Mungalaswary Nauchyar) having departed with the life, I am not only allowed to perform the funeral rights of her, but also continued to give her sake the annual ceremonies ever since of her death— so that I am a sole successor to the Zemindary and to the whole properties of her own, as described in the Hindoo law and other sciences of Sunkalegetha manoo Sastrems and in Logic Composed by Geenootanaganar and of those are translated into English of that gave its name, as Gooly Book &c Hindoo Law, that if the wife (after issued a Male Child) had demised, the husband should be entitled to succeed her whole properties, and also I have another right to the said Zemindary thro' the means of my father Vizeah Ragoonathah Mootoochella

Mottochellah Iaver the Elder Brother of said Ramasawmy Saithoopathy in having performed him the said Ramasawmy saithoopathy the funeral rights and continuing still to give annual ceremonies for him so that your Board, I beg, may easily judge my sole succession to the said Zemmindary, in both to what I am related, by examining the said sciences.-

Such being the Case, Mr. Fischer of Salem, who was the mutineer to the said Zemmindary from long since the late Principal Collector, who had a check from your indulgent Board, for having paid to Mr. Fischer the sum of 29000 Rupees and odds from the fund of this Zemmindary, Innasawmy Iyen, from Government Vakeel and Samadien, from Semi Paishcar duty, were dismissed by the sanction of your Board and Noble Government and Venkatasoobien Vakeel of this Zemindary Connected together, and agreed themselves upon the measure they were to take, that after reconciling the both parties the Rance Mottooveerayee Nancheyar, and Punnadanurdany Nancheyar from

their suit, they would effect their guileful resolution Viz. Mr. Fischer of Salem, to appropriate the sum of 50000 Rupees from the fund of this Zemindary for his alleviation to that of reconciliation, except the said Amount of 29000 Rupees and odds; Mr. Blackburne, to evade his risk from the Boards sanction for the said Amount, Innasawmy Iyen, to escape himself from the publishment of letters dispatched by him by Post seal as if he having defrayed the Amount of 18000 Rupees for Public Servants, on account of surrendering the Zemindary to Rany Purvadanurdany Nancheyar, when he was at Madras, and to receive the said Amount from the Zemindary's fund; Samanien, to the sum of 30000 Rupees from the same fund, for his service, and Venkatah Soobien, and to credit the sum of 30000 Rupees and odds due by him in Paddy proposal, being under the Court decree on favor of the Zemindary and to effect their design, they overwhelmed the both parties, to give their Rageenamah to the Court, from

Translate of an address dated 22nd May 1847 from V. R. Mootto Chella Taver late Manager of Ramnad to the Acting Principal Collector of Madura

1. My younger brother Ramasawmy Saithoopathy having had no male issue bequeath= ed the Zemindary at his last moments to his two Daughters appointing me as a Manager for the Estate and for their and dependents protection with every respect and honor due to the dignity of a Zemindar at his request, I performed his funeral rites according to Hindoo Law and the Custom of our caste and was in charge of the estate for a period of 13 years conducting the Revenue and Police duties with Judgement, which met the approbation of higher authorities and secured me credit and good character. Meanwhile Mr. Fischer of Salem unjustly demanded of me 50,000 Rupees from the Moturpha funds of the estate which I refused, he misrepresent= ed my actions to Mr. Blackburne and subject= ed me to some injurious restraint but the charge of which I was accused not having been proved, the Commissioner and the Court who had tried the case released me; all which particulars were made known to you by my address of the 18th Instant.-

2. The above named Ramasaw= =my-

= ny Sathoo Patty had not bequeathed the estate to his wife Parvatha Vurdhany Nachyar as a woman confined to private apartment and not allowed to come out of it.

3. On her application to the Zillah Court for Copy of a Decree in the matter of a disputed boundary between the Zemindars of Ramnad and Ettiapooram they refused it on the ground of her not being the proper heir to the estate.

4. But on what grounds I know not the Zemindary has since been surrender= =ed to her. On the death of her second Daugh= =ter (a Minor) Urgees were addressed to the late Principal Collector Mr. Blackburne in the name of the deceased, her mother and husband respectively, as tho' the Minor had adopted a son whilst alive, and tho' every exertion was made to get the same confirmed, yet it was rejected as invalid and as dis= allowed by the Regulations even if it had taken place when the Minor was alive.

5. I am now given to understand that a request of Parvatha Vurdhany Nachyar for authority to adopt a son was refused by the Circar.

6. The above named Sathoopathy at his last moments reported to the Collector &c. of his having confided to me charge of

the

the estate and its management of every kind if in reality he had a mind to let his wife adopt a son he ought to have given her the necessary order or left his will in writing duly reported to the ruling power. The absence of any such things shews that he had not bequeathed the right of inheritance to her.

7. I am in every respect bound to protect the above named Nachyar. On the Contrary Anna= =sawmy Iyen and Cottasawmy Taver went to the Village of Poodoomadom with intent to bring a child named Sathoo Ramoo and aged about 6 or 7 years the son of one Sivagnana Taven and brought him to Ramnad on the 17th. Instant, and as I am informed, preparatory to adoption by the said Par= =vatha Vurdhany Nachyar as her son.

8. Under the foregoing objections it will be evident to your heart that she is not competent to adopt a son.

9. The reason of the above Nachyar being kept in possession of the Estate (tho' ignorant of the world and otherwise disallowed to come out of the private apartment) gave cause for the interference of Mr. Fischer and to the ultimate misappropriation and waste of every property and revenue of the Estate under the Co-operation of Annasawmy Iyen dismissed Government Vakeel and Cottasawmy Taver who had aided Mr. Fischer in all his rebellious Conduct.

In

Fort St. George 21st June 1847.

10. In consequence of the death of the said two Minors I did as well by virtue of my having performed the funeral rites of the deceased Saithoo Pathy as by my still continued habit of performing his annual Ceremonies prefer my claim to the Board of Revenue and Government for the Zemindary.-

11. I humbly therefore request you will after mature consideration of the subject of this address order the intended adoption of Son by Purvatha Vurdhany Natchyar to be cancelled as contrary to the orders of the higher authorities the Hindoo Law and the Custom of our caste and void of her husbands Consent.-

12. Thinking myself called upon as a rightful claimant under the Rules and Regulations to disclose any forbidden acts of this nature which may be committed either by Zemindars or Polligars, without the authority of the Ruling Power, I represent the above for your information and will be guided by any instructions that may be issued

Purvatha Vurdhany Nachyar Ummadar of Ramnad to the Acting Principal Collector of Madura.

1. I was this day favored with your Enoyetnamah of the 21st Instant No. 115 acknowledging the receipt of my private letter of the 19th inviting you to honor me with your presence in celebration of the ceremony of adoption of a son which I propose making on the 21st and informing me that from pressure of Government business you are unable to comply with my request, and further calling upon me to shew to your satisfaction my right to adopt a son, with reference to Hindoo Law and usages of the Courts, as from what you were informed of the case, you have a doubt as to my right to do so. Further that the lateness of my communication left no time to satisfy yourself of those particulars, and again that I should state the name of the boy I propose to adopt with the grounds I may act upon, for submission to the Board of Revenue, and adding that it would be better for me to celebrate the ceremony at a more convenient time.—

2. In reply I beg to state that my proposition for the adoption is legalized by the order of my late husband and consent of my

receipt of your note of the 19th Instant intimating your intention to adopt your Sisters son younger Son on the 21st Instant and inviting me to be present.

I regret to say, that under any circumstances the pressure of business at Madura would prevent my attending the Ceremony, and were it otherwise I could not consistently with my duty accept your invitation without being satisfied of your right to adopt according to the Hindoo law and Custom of the Court, which my present information leads me to doubt, and which the very short notice you have given allows me no time to ascertain.—

I would beg to suggest the propriety of your informing me of the name of the boy you intend to adopt with the grounds on which you found your right to adopt, to enable me to report the same to the Board of Revenue, and that you should not take so important a step precipitately.—

my relations. Further it is conformable to Hindoo Law and the decree of Sudr Udalut in S. S. No 18 of 1814 finally confirmed by his Majesty the King of England which particulars were set forth by me in a Petition to the Board of Revenue dated 31st August of 1846 in refutation of the grounds on which my mother in law Moottoo Veeroyee Nachyar in an address to the Board of Revenue pretended that she had adopted the son of her sister to be her son and heir in competition with my design of adopting a son. The Board returned my said Petition with an endorsement dated 16th November of that year declining interference in the matter, which document, I beg to submit herewith marked No 1 and to observe that reference to which will satisfy you of there being no necessity for submission of the event to the Board of Revenue and of my right to adopt a son after my own choice.

3- Further it was admitted and declared free from question by my mother in law in the Razeenamah filed in consequence of her claim for the Zemindary and its wealth in O. S. No 3 of 1843 on the file of the Civil Court at Madura, and the terms of the compromise are, that I should enjoy the Zemindary and its wealth exclusively, that with reference to my assertion

Fort St. George 21st June 1847

in the supplemental rejoinder to the effect "that I was ordered by my husband to adopt a son in the absence of issue to my daughters" I am competent to adopt a son after my own choice to succeed to the inheritance of the Estate and its wealth, to be descended to posterities: whilst effect to the Razeenamah (Copy of which the Board of Revenue, the Government, and the Court of Sudr Udalut had an opportunity of perusing, as furnished by the late Principal Collector) was directed to be given in an order issued to your office, by making over to both parties in equal portion, the Company's security amounting to 6 and odd lacs of Rupees held in deposit pending the litigation. A reference to the above order compared with the attested copy of the Razeenamah herewith submitted marked No 2 will satisfy you that the Zemindary is free from question and destitute of rival since the date of the Razeenamah and that my adoption of a son in virtue thereof is consistent with the principles of justice.

4. I beg to submit herewith an attested copy of the above Decree of the Sudr Udalut No 18 in the 6th sheet whereof it is propounded that a woman who lost her husband and destitute of offspring is competent to adopt a son with the previous consent of her

Fort St. George 21st June 1847

her deceased husband, or in the absence of it, with the concurrence at least of her relations and brothers, which it is asserted is conformable to the shasters.

It would be proper to remark here that my proposed adoption is not confined to the assent of my relations, I got the consent of my husband at his last moments as admitted by my mother in law in her Razeenamah referred to, — In consideration of this point and reference to the Decree I trust, will remove your doubt in this particular. —

5 In a notification lately published by the Government to be in force from January of the current year (which far from having — reference to Zemindaries paying Peishcush to them, is only applicable to persons living upon the bounty of Government, in lands of Shotriems and Mokhasah tenure, as well as in Zemindaris 9ra and which they have adopted in view to prevent frauds, committed against reversion to Government of such property, in event of there being no issue to inherit the same (they allow adoption with the only restriction that such act should have taken place 6 months previous to the death of the incumbent, but there does not appear to exist any regulations or orders declaring adoption of a son either by persons coming within the restriction of the notification or by Zemindars and other individual

individual Ryots exempts from it illegal, unless it has received the previous sanction of Government, similar to the Rajah of Tanjore, Mysore and Travancore who are under the immediate control of Political Agents and British Residents respectively. The adoption by the late Moottoo Vijia Ragoonatha Sathoo Pathy (my father in law) of my late husband as his son, and by Ranee Mungamaliasawary Natchyar of the former, without the previous sanction either of the former Collectors or their superior, established a precedent in support of my above assertions. Reported to the higher authorities after they had actually taken place, their adoptions were confirmed and continued to the present day. Consideration of the above fact in contrast with the indorsement of the Board of Revenue referred above on the petitions of myself and of my mother in law will satisfy you that no other Communication was necessary regarding my proposed adoption further than my private letter to your address.

6. I beg to submit attested copies of the resolutions of the Sudr Udalut of the 20th April 1846 and of the Civil Court at Madura of the 18th January 1847 marked respectively No. 4 and 5 and trust that a perusal of them will shew that besides all other titles my exclusive right to the Zemindary has been fully recognized by the Sudr Court and Government respectively as free from question according to Hindoo Law removing your doubt on the occasion, and rendering the report of any one that had created such a doubt in your mind unfit for confidence. —

7 — The purport of your order under acknowledgement is that my proposed adoption should be

Conformable

Fort St. George 21st June 1847

conformable to the Sasters and the usages of the Court - and that your object in sending it was to satisfy yourself of my right for submission to the Board of Revenue - In explanation I beg to submit the documents Nos 1 to 5, the first as the sanction of the Board of Revenue, the 2nd and 3d in proof of my competency to adopt a son, and the 4th and 5th (the 3d inclusive) in support of my right to the Zemindary.

8 Whatever be the strength of the above documents I beg to assure you of my determination to be guided by your instructions both in this and other respects - but what renders me unable to attend to your wishes are the unnecessary preparations collected many things necessary for the consummation of the Ceremony at the expense of vast sums of money in positive expectation of its celebrations on Monday the 24 Current - have written letters of invitation to all my relations and friends all of whom have made their appearance about Yesterday - have also written letters to several Gentlemen on the occasion - have caused the child to be brought on the 17th Instant from his Village of Podoomadom with great Solemnity and respect attended by the mother and father that gave the child his birth, my relations the Public Servants of the Estate and Prohitahs and received him into the palace after procession throughout the town of Ramnad, and showing above all commenced upon the usual previous Ceremonies from the above date I am for these reasons unable to postpone the same. The name which I propose to give the child will be published before the assembly tomorrow and will be made known to you immediately - The accompanying documents I request may be returned after perusal -

3. The Aikarry Farms of the Neelgherry and Danaickencottah Talooks will be continued to the present Renter Mr. J. Joachim as sanctioned in the Board's Proceedings dated 8th October 1846 and consequently they are not included in the accompanying Statement.

4. It seems hardly necessary to offer any explanation as to the causes of the deficiency in the rental of Fusly 1257. 1847-'48 The effects of the adversity of the past season have so severely been felt by the people that the decrease alluded to might naturally be looked for.

5 The Renters will be called upon as usual either to deposit the amount of two instalments or to give competent security in the event of their being willing to deposit the amount of one instalment only and I request the ratification of this arrangement by the Board, to enable the Renters to enter upon their respective Farms from the 12th of July next.

6. With reference to the most material deficiency which is in the rent of the Collegal Talook Viz. Rupees 1870 it appears necessary to remark that the renter of that Farm up to the end

of the previous year had unrestrictedly the power of renting Date Topes in the Mysore Country for drawing Toddy but since the introduction of the Monopoly system in that Province last year he has been deprived of that privilege and is now obliged to purchase toddy at enhanced prices which has thus prejudiced the previous value of the Collegal Farm. I hope the Board, all things considered, will see reason to be satisfied with the proposed arrangement the more especially as the present results are still above the average.

Requesting observations as to the mode of disposing of an application from Messrs. Ashton Richardson & Co. for a refund of

of the amount of duty levied on certain articles received by Bangly to their address from Pondicherry.

of certain articles received to their address from Pondicherry and sent to this Office by the Post Master General.

2 It will be seen that this is a case similar to that which I brought to the notice of the Board in my letter dated 21st May 1845. The woollens &c. therein alluded to were allowed to pass duty free in consequence of the Chowkees on the Mysore Frontier having been withdrawn as stated in the orders of Government which the Board communicated to me on the 17th July following.

30th June 1845.

3 As regards the articles now in question. Messrs. Ashton Richardson & Co. have produced an original Note from a Lady at Pondicherry to satisfy me that they were actually sent from Madras. It is therefore fair to presume that the import duty thereon has already been paid at the Sea Custom House here, although for the reasons assigned by them it is not in their power to adduce any documentary evidence in proof of the alleged fact but as I am not empowered to forego the demand without a Certificate such as Section VIII Act No. VI of 1844 provides

Having produced to you the original letter from Pondicherry relative to a Black Silk Mantilla and a China Feather Fan which have been returned from thence by Mrs West, we regret to find that you should consider the articles liable to duty only from the circumstance of there being no Certificate of the payment of duty although you are aware that the Mantilla has been made up at Messrs McBain's from Materials imported by sea from England and passed in the usual manner thro the Sea Custom House We now beg to say that the duty demanded by you is herewith remitted, and we request you will do us the favor of making

a representation of the circumstance of the case to Government and procure for us a refund of the payment that is made which we have every reason to believe that Authority will consider us entitled to, as it is impossible that in our line of business we should have it in our power to produce a Certificate of the payment of duty on each individual article when it can form but one of several others forming a whole Invoice.—

By the foregoing letter it appears that Messrs Ashton Richardson & Co have produced an original note from a Lady at Pondicherry to satisfy the Collector that the Articles in question were actually sent from Madras and that Officer observes that it is therefore fair to presume that the import duty thereon has already been paid at the Sea Custom House here, altho for the reasons assigned by

Messrs Ashton Richardson & Co explain that it is impossible that in their line of business they should have it in their power to produce a Certificate of the payment of duty on each individual article when it can form but one of several others forming a whole invoice. Reporting what arrangements have been made to obtain tenders for the remaining quantity of the British Salt for Export by Sea & stating that the 20 G Pur. chased in May last at 60 Rs per Garce and sent for Inland Consumption remain unsold the Natives in the Provinces being opposed to the use of the article—

To Bd 13th March 1847. Para 4.

I have the honor to acknowledge the receipt of your letter under date the 3rd Instant, and to report, for the information of the Board of Revenue that on applying to the Collector of Sea Customs for his assistance in procuring tenders for the remaining quantity of the British Salt for export by Sea, at such a rate per Garce as would cover the original outlay and all incidental Charges, he requested me to inform him of the amount which I should wish to propose. Adverting to the recent correspondence on this question I considered it proper to name the sum of Rupees 22 exclusive of shipping Charges which I suggested should be borne by the purchaser.—

2. One of the principal Merchants who in May last bought 20 G. of the Salt at Rupees 60 waited upon me on the 15th Instant, and presented a petition stating that it having been sent to his Constituents at Bangalore, Vaniambandy and Mysore they

they expressed their entire disapprobation of his purchase, as they did not entertain the most distant hope of being able to dispose of any portion of the article from its being known to the people there that the Natives at Madras were wholly opposed to the use of it, adding that, on this account, their Customers refused to take from them even any supply of Salt the Manufacture of this Country, of which they had always a large quantity on hand, and that they might, in consequence be induced ultimately to destroy the whole of the British Salt in their possession.

3. Three original letters on the subject, which the Petitioner received by post, have been produced to me, in confirmation of his statement, &c, &c, therefore, solicited that at least a moiety of the cost price of the salt might be refunded to him as a small compensation for the serious loss which he has sustained in this new undertaking, but I, of Course told him, at once, that the prayer of his petition was inadmissible. I now bring to the circumstances of the case to the notice of the Board, only with reference to the observation in the concluding part of the letter under acknowledgment, as I shall still use my best endeavours to effect the Complete disposal of the Salt.

From the Sect.y to Government

Transmitting for disposal a letter from the Board requesting that the amount of Quit rent due on her Gardens in Perumbore for the last year may be remitted in consequence of the total failure of produce from the effects of the late Storm and inundation.

Read the following Extract from the Minutes of Consultation under date the 16th June 1847.

Read the following

To The Secretary to Government
Revenue Department.

Sir. With reference to the enclosed correspondence with the Collector of Chingleput I beg most respectfully that in consequence of the total failure of the produce of my Gardens in Perumbore consequent on the last inundation and Storm which proved so great a calamity at Madras and my consequent inability to pay the Government dues the most Noble the Governor in Council will be pleased to remit the Quit rent on my Garden for the past year so long as my Garden produced it usual supplies. I have paid the Government dues with pleasure but now the only year in which my

my means have failed from the General Calamity alluded to, the inundation and Storms before mentioned, and that my state of destitution put it altogether out of my power to do so, I most earnestly hope His Lordship in Council will be graciously pleased to remit the amount of Quit rent due by me for the passed year.

Sir.

I beg with great humbleness to submit the enclosed copy of Correspondence with the Collector of Chingleput and to intreat the favor of your laying the same before the most noble the Governor, with my prayer — that as the Garden for which I have been charged Quit Rent, for the present year, has totally failed to yield any produce whatever, owing to the late Storms, His Lordship in Council will be pleased to remit the Quit Rent of the present year, the produce of the Estate being my only means of defraying the Quit Rent, and that having become, through the will of Providence,

an entire failure. I beg to state that had I an income from any other Source or the means of meeting the Government demand I would not hesitate to meet them, but a widow, as I am without income of any description, and deprived by the storms the means of meeting the demands for Quit Rent. I humbly throw myself at the feet — of the most noble the Governor — praying for a remission of the Government dues, which my distressed, and impoverished condition puts it out of my power in the present year to pay.

C. Maltby Esqre
Collector of Chingleput

Sir.

I humbly hope you will be pleased to remit the quit rent due on my Garden, as per enclosed Certificate for the past year on the grounds of a total failure of its produce occasioned by the Storms and inundation. The Paddy Crop and fruit of the trees has been totally lost and I am in most distressed circumstances without income or support of any kind. so long as the Garden produced the means of payment I cheerfully paid it but for the past year as every thing has failed I humbly hope

From A. S. Mathieson Esqre
Actg Collr of Masulipatam

Cated 1

I have the honor to forward the accompanying Copy of a letter from the Principal Sudr Ameen of Masulipatam dated 23rd July last forwarding Extracts from the Proceedings of that Court dated 26th December 1845 and 2nd May 1846 requesting that the Agraharum Village of Seetanapilly in the Corroocolla Mootah may be sold in Satisfaction of the debt due by Dawsoo Gungaraunze &c to Pillaroodetty Vencatachellam Naidoo Plaintiff in Cause No. 6 of 1842 of the late Auxiliary Court's file.-

Submitting a requisition from the Principal Sudr Ameen's Court of Masulipatam for the sale of Seetanapilly Agraharum and referring the Matter for the Board's Consideration and Orders.-

2. It appears from a Statement given by the said Gungaraunze that the Village in question was alienated to his forefathers by the former Zemindars of Charmahal in Fusly 1170 A.D. 1760/61 subject to an Annual Bilmucta Peiree of Rupees 120 and that it is entered in the Register of Enams prepared in Fusly 1222 A.D. 1812-13. by the then Collector Mr Russell, and that the original Sunnud on

which the Village is held was consumed by fire with his House &c.-

3. The entry in the Register sets forth that the Village is to be enjoyed by the family in perpetuity In the same Register are also entered the Village of Alloor in the Vinnacottah Purganah as well as the four Cuttes of Enam in the Tamarcoda Village in Goodewadah Purganah as having been

Sir,

Para 1. With reference to your letter of the 31st Ultimo, I have the honor to inform you for the information of the Board that the Returns therein alluded to would appear to have been sent without endorsement inadvertently. The fine of 15 Rupees imposed on Kristna Row was carried to the account of Government according to the practice which has hitherto obtained in this District both during the late Mr. Robertson's time and subsequently. As the Board are of opinion that the proceeding is at variance with the views of Government conveyed in the Board's letter of the 26th July 1847 I shall take care that the rule is conformed agreeably to that view.

2. The principle of fining only in very small sums is almost invariably adhered to. There are however cases in which there appears no other alternative than to make the fine felt by its Amount.

Reporting on the relative advantages of renting the Abkarry by tender instead of by public auction and recommending the adoption of that System.

Sir

Para 1. I have the honor to acknowledge your Circular letter of the 15th April, in which you request me to express my opinion on the relative advantages of renting the Abkarry by tender instead of by public auction and also to state whether the Abkarry has been leased in this district for a term of years and whether failures have occured on the part of the renters in fulfilling their contracts.

2. It has been usual in this district to put the Abkarry farm up to public auction and the System appears to me open to strong objection, as the excitement of personal contention induces parties to make higher offers than would be made in moments of coolness and prudence. The result is apparent in the failures of the contractors to fulfil their engagements on several occasions and the

the

the consequences are not injurious to them alone - In proportion as their liabilities are heavy, they are obliged to use exertions to entice the people to their drum shops, and the public health and morals thus suffer.

3. I must acknowledge that I see no effectual remedy to these evils, since even if contracts were accepted in reference to the supposed character of the party offering them as well as to their amount, deception might be practiced, and as the contractor has the power of subrenting the farm it would be liable to fall into unscrupulous hands. But it may be presumed that if the farm was leased on fair and moderate terms less active exertions would be made to encourage a taste for drinking among people, and to attain this end it seems to me advisable to alter the present system and invite sealed tenders for the farm to be opened on a specified day - the highest offer to be accepted if not of unsuitable amount -

4. It does not appear to me that any danger would thus be ricked of unduly

unduly sacrificing the Government revenue, since a date could be fixed for opening the tenders which would allow time for inviting others or for putting the farm up to public auction if the tenders were found to be all unsuitably low. The terms offered would doubtless be less than those received by public competition, but it is not the object of Government to obtain a revenue from this source at the expense of the health and Character of the people - Their object is to ensure the wholesomeness of the spirits sold and to check their consumption by a moderate tax, and I should hope that if sealed tenders were invited for the farm respectable parties would be induced to offer for it on a moderate calculation of its fair profits, and that fewer temptations to drink would then be thrown in the way of the people. —

5. In reference to the second point on which you request information I beg to state that the Abkarry has been occasionally rented in this district for a term of three years. The accompanying statement which shows the manner in which the farm has been

rented

rented for the last 24 years, details these instances and it will be observed that on three out of four occasions the contractors failed in their engagements - But I am still of opinion that to prevent gambling in the farm and to keep it in respectable hands it is advisable to encourage offers for a short term of years instead of renting it annually, and I do not consider that such a course would endanger the Government revenue -

6.

Perhaps I may be permitted on this occasion to remark that the proper control of this Department is rendered difficult by the power to punish most breaches of the Abkarry rules being vested in the Criminal Courts† instead of in the Magistracy I allude more particularly to the offence of selling liquor to the European Soldiery or retailing it at rates below the minimum prices which would be more effectually checked if the District Magistracy had the power

† See Regulation I. of 1820.

power of prompt punishment - The localities of the shops and their number in proportion to the people form also an important consideration in regulating the Department but on this point it is not necessary for me to dwell -

Furnishing information regarding the Tanks and Seafisheries in the Collectorate of Chingleput.

Agreeably to the requisition contained in your Circular letter of the 25th February last, I have the honor to forward a Statement shewing the revenue derived from the fisheries of the Tanks and river channels in this District during the last 10 years.

2 The average collections from this source amount only to Rupees 1099-1-2, they are realized from the parties renting the fisheries who are generally the Villagers and are carried to account under the heads of Bajeeabad or Sundry small farms and Licenses. Collections on this account were not usual before the introduction of the survey field Assessment, and they appear to have originated either in quarrels among the Villagers or in offers made by parties not connected with the Villages, when the inhabitants preferred taking the rent themselves to allowing the interference of strangers. At present the fisheries are rented only in 295 out of 1575 Villages.

3 The repairs of the Tanks being made at the Government expense their right to

to rent the fisheries does not seem questionable, but the system is looked on as a hardship by the people, and deprives the lower classes of a wholesome article of food, besides rendering them unwilling to furnish the village labour required for keeping the bunds and channels in good order. I am therefore of opinion that advantages would follow if the fishery was allowed to the classes from whom this service is required, as long as they continued to furnish promptly the requisite aid.

4 The above remarks apply only to the Tanks not of first rate size in which the fish are taken annually. In the largest Tanks of which the District contains about five, the water is seldom so low as to permit the fish to be caught by nets and then the fishery is rented at sums varying from Rupees 50 to 220. Perhaps on these occasions it might be advisable still to rent the fishery, but

but instead of carrying the amount to the public revenue to apply it to the remuneration of the villagers on their thoroughly clearing out the supplying channels and making such slight repairs in the bunds as might be requisite in that particular year.—

5 The fisheries in the sea rivers and estuaries are not rented but the fishermen pay a tax at so much per head or per house. The collections on this account amount on an average to Rupees 985 per annum and are carried under the head of Motursha.

6 In the swamp of Pulliecas ney which though its water find an outlet into the sea cannot be termed an estuary, the right of fishing and cutting the long reeds which are used for thatching is rented and yields from Rupees 150 to 175 per annum. It seems advisable

advisable to continue this course as the villagers to whom the privilege would otherwise fall are not called upon to render any public service.—

Head Asst. Coll. in charge of Trichinopoly

Sir,

I have the honor to acknowledge the receipt of your letter of the 4th Instant, forwarding an appeal Petition No. 227 of 1847 from Curnoon Codundarama Pillay and requesting the transmission of the original Proceedings with an Abstract of the case together with a report on any points adduced in appeal Petition as may seem to call for further explanation. In compliance to these instructions I beg to forward the original Proceedings of the case held before the Tahsildar under Regulation VII of 1828 together with an abstract of the decision in English. The Petitioner was dismissed 1st. For making two false entries in the accounts. 2ndly with falsifying the

the classification of certain lands. The two charges he has admitted before the Tahsildar in his defence and also in his appeal petition. The Petitioner on a former occasion was fined Rupees 7 for a similar offence in the preceding year. His dismissed from office was thereforе considered a necessary and just punishment for his delinquencies and at the same time would be a warning to others holding similar situations.—

A

Abstract of Decision

1st. The Petitioner is charged with making false entries in the Circar accounts and with giving Kasarnamahs to the Ryots for their alteration in the ensuing fusly thus tampering with the Circar accounts. On this Point it is proved that he entered lands cultivated by Vuliroodath Padiachy in the names of arnachellom Pillay and Tandava Pillay Both in his defence before the Tahsildar and in his appeal Petition to the Board he acknowledges having given Kasarnamahs to rectify the false entry.—

With

2. With having entered waste land in the puttah of Ally Padiachy as if it had been cultivated thus trying to trouble the said Ally Padiachy. This is proved by a document produced by which he agrees to pay the Seemah himself and strike it out of the account in the ensuing fusly.—

3. With falsifying the classification of certain land intending to defraud the Circar of Rupees 10—3. This is proved by the accounts.—

This Curnum was fined 7 Rupees in fusly 1254. for a similar offence. It therefore appears that he is not trust worthy and is ordered to be dismissed from his Office.

Proceedings thereon.

Referring the Curnum of Annandapooram to the Asst. Collr. of Trichinopoly to whom the Board have referred in the matter of his appeal.—

The Petitioner was charged with making False Entries in the Public accounts and with falsifying the classification of certain lands with a view to defraud Government in the sum of Rupees 10—3. The preliminary enquiry is stated to have been conducted by the Sahukdar of Arialore under the provisions of Regulation VII of 1828 and upon the Evidence furnished by him the Collector recorded a sentence of dismissal

dismissal from office.—

2. The Board observe that the accused having been put upon his trial under Regulation VII of 1828 and found Guilty of an offence specified in Clause IV Section II Regulation IX of 1822 it was incumbent upon the Collector to have decreed such Extent of the punishment provided by Clause IV Section V of the same Regulation as the circumstances of the case might seem to call for. It appears however from the original Takeed issued on a perusal of the evidence by Mr. Onslow that the punishment awarded was dismissal from office and finally, they would remark, that the Regulation to the provisions of which the accused was amenable by the course pursued. Under this view the Board must consider the proceedings irregular and they have no alternative but to direct the restoration of the appellant to Coondarama Pillay to the office of Curnum from which he has been removed since the Month of November last the date of the Collector's decision.—

It.

Fort St. George 24th June 1847.

3. It will remain with the present Acting Collector decide whether he considers it necessary to institute further Proceedings against the appellant but the deprivation of office to which Codundarama Pillay has been subjected for some Months will probably prove a sufficient warning to ensure rectitude of conduct hereafter.

4 The Board desire to call attention to the omission of this case in the periodical returns of persons charged under Regulation IX. of 1822 furnished to this office.

Endorsement on appeal Petition.

"The Petitioner is informed that the Board have issued instructions to the Acting Collector in the matter of his appeal to whom he is accordingly referred."—

From the Asst. Collr. of Tinnevelly — Proposing certain arrangements for the entire transfer of the Devastanum lands to the Pagoda Trustees and submitting a form of engagement to be taken from them and affording information in the subject.

Sir,

I have the honor to acknowledge the receipt of the Boards letter of 18th March last, conveying their observations on Mr Parkers letter of 21st December 1846, forwarding Statements shewing the extent and Revenue of the Devastanum lands under Circar Management in this District, and suggesting such arrangements regarding the transfer thereof as appeared to be expedient and to state that in those cases in which no difficulty was anticipated either by the late Acting Collector or the Board, I propose to deliver over the Villages to the Trustees of the several Pagodas at the commencement of the ensuing fasly, so near at hand and beg to submit as required a form of Bond to be taken from them for the approval of the Board and as it is highly desirable that it should be executed previous to the transfer, I request it may be returned with the Boards remarks thereon as early as practicable. I have delivered

over

Fort St. George, 24th June 1847.

over these lands at any time subsequent to the receipt of the Board's orders and before the close of the fusly would have been an inconvenient and unsatisfactory arrangement as the kists were then in the midst of collection and any relaxation in the realizing of the same by the Government Officers would have probably led to balances outstanding whereas the Trustees will now have time to make the necessary arrangements some months before the kists are payable. The settlement of the Zumma-bundy Accounts would also have been attended with difficulty in case of a transfer during the midst of it.

2. As regards those Villages where separate interests are involved referred to in the 3rd 4th 5th and 6th Paras of the Board's letter under reply, there appears no difficulty in carrying out the Principle laid down by the Board of allotting portions of land to represent the income hitherto enjoyed by the Institutions concerned, but as the Revenue in those Villages is derived from several sources Viz. Nunjah Poonjah Topes &c. and as the Villages have no correct Pymash fieldwar accounts, some little time will be required to complete the Decisions, especially

Fort St. George, 24th June 1847.

especially as the Tahsildars cannot be spared till the conclusion of the Jummabundy and Collections now going on, without endangering the punctual Collection of the Revenue within the fusly, some small establishment will also be temporarily required either to be drafted from the existing Establishments or specially employed for the purpose.

3. No objection appears to existing to carrying out the instructions conveyed in the 7th Para of the Board's letter regarding Quit Rent, and it will accordingly be settled in the manner therein laid down.

4. In Para 9 of the Board's letter it is stated that it should be considered whether the Item Rupees 2300-7-9 Sawmy Togume may not be commuted into an assignment in land on enam tenure, or into a fixed ready money payment from the Public Treasury. To which I would beg to remark that in Tinnevelly where the value of land does not greatly exceed the wants of the Cultivator, after payment of the Government Revenue Sawmy togum or landlords rent is a very small Item in comparison with the extent

extent and produce of the land and increase or decreases with the produce in Nunjah and in cases of drought or short produce cannot be levied at all while even in ordinary seasons the Serajodars themselves do not succeed in levying the whole, and yet it is not usual either to attempt to levy it by suit or by a suit in Court. By commuting this Item uncertain as it is into an assignment in land or fixed ready money payment the Government might sustain a great loss, and it seems to be the most equitable, as well as the most simple way, to leave the Trustees to collect this sum themselves. It already is an assignment on land, though not of land, and to leave them to collect it will involve no deviation of principle whatever, nor will it require to pass through the hands of Government at all.

5. In Para 8 of the Board's letter explanation is requested as regards the difference between the amount of Inpany Fund entered in my Predecessor's letter of 21st December last amounting to Rupees 10,205-3-10 and that entered in the Statement A forwarded from this Office with a letter dated 8th March 1832 from the Acting Sub Collector

Collector in charge of Tonnendy amounting to Rupees 14,728-3-8 further full information on this subject is also required by the Board.

A Statement is herewith sent showing the differences between the Amount of Inpany Fund in Fusly 1240 and that in Fusly 1254 with the requisite explanation regarding the difference.

The amount credited to the Head of Inpany Fund in Fusly 1240 was Rupees 15,324-9-6. In that Fusly the Panjy of some Villages being two low to the admit of the established deduction of the Fusdeek Money payable to the Pagoda from that source, Rupees 590-5-10 was deducted from the Inpany Fund, and taken to the credit of the Pagoda Fusdeek and Rupees 14728-3-8 remained which was entered in the Statement forwarded in 1832. Besides this some of the Items comprizing the Inpany Fund of Fusly 1240 have not been entered under their proper heads, and though this does not make any difference in the Total, still a correct and revised account is herewith submitted. The amount of Inpany Fund during Fusly

Early 25th year Rupees 10803-7-= The particulars of which will be found in the Statement accompanying.

8- Of the Items mentioned in the said Statement Nos 1-2-3 and 4 are involved in the

Sawar Enams Villages-

and

Sawing-bogum or Pagoda lands-

described in Paras 4-5-7 and 9 of Mr Parker's Report of 21st December last which accounts for the difference between Rupees 10,200-3-10 mentioned by him as the amount of the Inspany Fund and the sum of Rupees 10,802-7-= mentioned above. Item No 5 comprises collections under the Head of Por Pechay. This is a deduction from the Odavarum or gross produce of Sunjah lands at so much from each heap of grain, and is made previous to dividing the Coden-arum, and Mattavarum or Cowcar Share. The quantity thus deducted on account of Inspany is added to the Mattavarum and a Collection made in money from the Ryots

Ryots in lieu of the grain. It is therefore apparent that the deduction on account of Inspany is from the Coodevarum and Mattavarum (or equal shares) and not from the Coodevarum alone as supposed by the Board. This practice has existed before the assumption of the District and afterwards both during the Aumany management, and since the introduction of the Ryotwar System. Collections on account of this Item are made in a great many Villages and from a great number of Ryots in all the Talooks of the Zillah.

9- There are various objections to the Trustees making the Collections of such a number of small sums from so many Ryots, and it may give opportunities for vexation and complaints against the latter, even in the Courts, but as some settlement must be come to, in order to carry out the principle under which these transfers are to be made, I would suggest that, if it is considered by competent authority that long-

custom

custom has vested these dms with the nature of a freeright tax right a portion of land equivalent to the sum total of Pagos 9908-4-11 be allotted in lieu of the same and the Collections carried to the credit of Government. Or if, as I am disposed to think both the Government and the Pyots share may be treated as a Voluntary contribution, then I would suggest that while it is for the consideration of the former whether they will continue the grant or not, it be left to the latter to contribute or otherwise as they please-

Item No 8. This is a part of the proceeds of Rice sold from a Pagoda in the Talook of Streevygoontum and credited to the Head of Tripany Fund, it can be transferred to the Trustees without inconvenience-

Item No 9. This is a collection made from the Pyots under the denomination of Kyattoovary from Ponjah fields 1 so much per chain over and above the Revenue paid to Government. It appears of the same nature as Por Pickay and should be disposed of in the same way excepting that no part of it

is being contributed by Government there is no Government share to be taken into consideration-

Item No 8- This was a Collection from the Musicianes of certain Pagodas at a fixed rate, on the occasion of their attending for Marriage and Funeral Ceremonies, taking place in the houses of the inhabitants of a Village in Tinnevelly and was formerly paid by them to the Circar, but since collected by the Pyots of the Villages and appropriated for the performance of certain Cuttay separate Ceremonies in the Tinnevelly Pagoda, in lieu of which the Pyots pay the Circar a certain fixed amount, divided over the extent of Ninjah Cultivation, which is transferred to the Tripany Fund- This system exists ever since the assumption of the District, and it may be made over to the Trustees for collection by them-

Item No 9- In certain Cutgoottah Villages the Cutgoottadar besides paying the Circar Revenue pays a fixed amount to the Tripany Fund and such being the case, this latter can be ordered to be collected by the Trustees themselves-

This

Fort St George. 24th June 1847.

Item No 10. This compages deduction from the Malurpha Poonie of certain Villages and credited under the Head of Company Fund. This amount collected on account of this Item in July 1240 amounted to Rupees 100—5—0 but out of this Rupees 61—11—0 erroneously collected and credited under that Head instead of under that of Ready Money Mamoon. and Rupees 10—13—2 collected from a Village in the Streeny goontum Talook. and credited to Jyen in July 1245. the alienation not being considered to be supported by sufficient authority. having been deducted. the remainder Rupees 21—12—10 stands as the Baraj under this Head since July. 1245. and this amount is collected from two Villages only in the Talook of Brummadasom. by deduction from the Loom and Shop tax. This trifling amount being supported by no better authority than long custom from previous to the time of the assumption of the Country. might perhaps be resumed as the above sum of Rupees 10—13—2 was or if considered to have become a prescription

petition No. 331 of 1847.-

Proceedings thereon.

(47)

In referring the foregoing petition to the Board the Government have observed that they will be glad to learn that petitioner has been provided with suitable employment. Petitioner states that although no fitting opportunity on his part has been lost to bring himself to the notice of those Officers with whom rested the selection of persons to fill vacant Situations he has been disappointed in his expectation of an early appointment as Head Sheristadar in the Provinces as well as in respect of the Situation of Deputy Sheristadar which was in the immediate gift of the Board of Revenue, and he brings to the notice of Government that the Head Sheristadarships in the Chingleput and Madura districts have recently become vacant.-

2. The Board observe that the Situation of Deputy Sheristadar in their Office has been filled up and in reference-

reference to vacancies in the Provinces that Petitioner should apply to the local authorities with whom the nomination to such appointments rests.-

Resolved that the petition be Endorsed as follows

"Petitioner is informed that the situation of Deputy Sheristadar in the Office of the Board of Revenue has been filled up."

"In regard to vacancies in the Provinces Petitioner should address the local Authorities with whom the nomination to such appointments rests."-

Resolved that Copy of these Proceedings be submitted for the information of the Most Noble the Governor in Council.-

Read also the following letter from the Register of the Sudr Udalut.-

Submitting with reference to Extract Minutes of Consultation Revenue Department dated 20th May 1847 No 608 the opinion of the Sudr Udalut that under the circumstances the transfer of the Village of Swerna will in no way be opposed to the terms of the Sunnud under which the Vencatagherry Zemindar holds his Estate and that there are no legal objections to the transfer.-

Para 1. Under the opinion expressed by the Court of Sudr Udalut that there exist no legal objections to the transfer of the Village of Swerna to the Guntoor District, the Most Noble the Governor in Council directs that the Villages of Sookavarapaud Purchoor, Adeepoody, Venkanyalapaud, Chinnabattlapolliem Cherala, Pondanapelly and Swerna with their dependant hamlets appertaining to the Nellore District and the Village of Kylapully situated on the right bank of the Kistna and attached to the Masulipatam

Collectorate

Collectorate, be included in the District of Guntoor and that the Village of Timmavaram with its dependent hamlets be transferred from Guntoor and incorporated in the Nellore District. This arrangement to take effect from the commencement of Fusly 1257.–

2.– Resolved that a Notification to this effect be prepared and submitted by the Board of Revenue for publication in the Gazette, and that Copy of this Resolution be forwarded to the Court of Sudr Udalut for the guidance of the Judicial Authorities.–

/Here Enter 26th April 1847 No. 217/

Para 1.– The Most Noble the Governor in Council fully concurs in the expediency of the proposed transfer of the Villages comprised in the Board's recommendation, as their detached and isolated position within the limits of the Districts to which they are now attached must at all times be productive of much inconvenience and embarrassment in the administration of Justice and of the Police Regulations.–

2.– His Lordship in Council is however of

of opinion that the Village of Swerna, to the transfer of which no weighty or conclusive objections have been urged, may well be included in that arrangement and thus render the Districts on either side of the boundary line as compact as local circumstances will admit.– Before however, determining this point, His Lordship in Council desires to have the opinion of the Sudr Court whether the transfer of this Village will in any way be opposed to the terms of the Sunnud under which the Vencatagherry Zemindar holds his Estate, and whether any legal objections occur to the Judges that would render the transfer unadvisable.–

From the Secy to Govt stating that Govt cannot comply with the Board's recommendation in behalf of Bucha Row Head Sheristadar of Tinnevelly to include his services as Tahsildar and Naib Sheristadar in determining on his claim to higher rate of Salary and desiring the Board to consider & report on the provisions of the Rules of 1828.

Extract from the Minutes of Consultation under date the 15th June 1847.-

Read the following letter from the Acting Secretary to the Board of Revenue

[Here Enter 27th May 1847 No. 258]

It is observed that the Board in para 3 of their letter of the 21st January last No. 56 declared a similar proposal in favor of Annajee Row the Head Sheristadar of Salem, to be inadmissible under the Rules of 1828; and as the objections urged against that application apply equally to the case of Bucha Row the Head Sheristadar of Tinnevelly, the Most Noble the Governor in Council regrets in reference to the high testimony borne to that Officer's merits that he cannot comply with the Board's recommendation in his behalf.

As however the Rule bears peculiarly hard on parties similarly situated with Bucha Row, who, had he continued in the Office of Tahsildar for the short period he had served as Naib Sheristadar, would have been entitled to the full benefit of such

such service, His Lordship in Council is of opinion that the provisions of the Rule should be relaxed and so far modified as to include service both of Tahsildar and Naib or Sub Division Sheristadar when the aggregate period is not below 10 years. The Board will be pleased to consider and report on this subject.—

To The President and Members
of the Board of Revenue

Ordered that the following Letter be sent in reply.—

4-5

To the Chief Secy to Government.—

Proposing certain amendment in the Rule regulating the pay of Head Sheristadars and stating that if its adoption should be sanctioned the Board hope that Bucha Row Head Sheristadar of Tinnevelly and Annajee Row Head Sheristadar of Salem may be permitted to benefit thereby.—

To The Chief Secretary to
Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract from Minutes of Consultation dated 15th Instant in Para 2 of which it is stated that His Lordship in Council is of opinion that the provisions of the Rule regulating the pay of Head Sheristadars should be relaxed, and so far modified as to include the service both of Tahsildar and Naib or Sub Division Sheristadar when the aggregate period is not above 10 years; and the Board are desired to consider and report on the subject.—

In reply the Board instruct me to state that they concur in the expediency of the proposed amendment

amendment; and they therefore beg to submit for the consideration of the Most Nolle the Governor in Council, the following Rule in extension of those sanctioned under dates the 12th October 1827 and 6th March 1828. Viz:—

In Cons: 18th Oct. 1827
6th March 1828

"A Head Sheristadar of 5 years standing who has previously to his appointment as such, served as Tahsildar for a period less than 10 years but has completed that term in the situation of Naib or Sub Division Sheristadar shall be permitted to calculate the aggregate of his former service in both those Offices, to entitle him to the increased rate of Salary payable to Head Sheristadars, under the limitations prescribed in the following scale.— For aggregate service as Tahsildar and Naib or Sub division Sheristadar exceeding 10 and under 12 years 1/4 of the time to be reckoned.—

From 12 to 15 years 1/3 ——— Ditto ——— Ditto.—

Above 15 years —— 1/2 ——— Ditto ——— Ditto."—

From the Secy to Government

Communicating observations on a Correspondence regarding a difference between Mr Lowell the Actg Collr of North Arcot & Mr R.R. Cotton the Actg Sub Collector.-

Extract from the Minutes of Consultation under date the 15th June 1847.-

Read the following letter from the Register of the Foujdary Udalut.

To Sir H.C. Montgomery Bart
Secretary to Government
in the Judicial Department

Sir,

Para 1. I am directed by the Judges of the Foujdary Udalut to submit for the consideration of the Most Noble the Governor in Council the accompanying Original Papers noted in the Margin received at different times from Mr Lowell the Acting Magistrate and Mr Robert Cotton the Acting Joint Magistrate of North Arcot.-

Letter from the Actg Magte of North Arcot to the Register of the Court of Foujdary Udalut dated 3d August 1846 with enclosures.-
Ditto - from the Actg Joint Magte of North Arcot to the Regr to the Court of Foujdary Udalut dated 29th December 1846 with its enclosures.-
Ditto - from the Actg Magte of North Arcot to the Regr to the Court of Foujdary Udalut dated 10th February 1847 with its enclosures.-
Ditto - Ditto - Ditto - dated 10th April 1847 with its enclosures.-

2.- It appears to the Judges to be as unnecessary as it would be unprofitable to enter upon an analysis of the various matters referred to in this correspondence. It seems sufficient to observe that in the opinion of the Judges Mr Lowells proceedings have been characterized by a want of due courtesy, which would naturally irritate any one whose temper was not always under control; while at the same time the Judges are equally satisfied that Mr Cotton has justly

justly laid himself open to censure by the tone and tenor of his letter to my address under date the 3rd April 1847 and especially by the observations in Para 3 of that letter.

3. The Judges beg leave to submit their opinion that the entire correspondence proves that there can be no cordiality between these two Officers but that on the contrary the feeling existing between them appears to be of such a nature as to render it probable that the Public Interests will suffer from their remaining together in the same District.

Para 1. The Most Noble the Governor in Council views with disapprobation the insubordinate conduct of Mr R. R. Cotton in the cases brought to notice by the Court of Foujdary Udalut in the correspondence accompanying the above letter and remarks that this is not the first instance in which that

that Gentleman has laid himself open to the censure of Government. His Lordship in Council would at once have thought it necessary to remove Mr Cotton from employment in North Arcot, had not the return of Mr Binning, Mr Cotton's Senior, obviated that course. Mr Cotton will now revert to his permanent appointment at Chingle-put where the Government trust he will understand better than he now appears to do the proper position of a Subordinate Officer.

2. His Lordship in Council is at the same time by no means satisfied with the conduct of Mr Lovell, who has not manifested that degree of courtesy to his Sub Collector which the Government require from the Superior Officer. Mr Lovell it is observed has omitted on several occasions to reply to the Joint Magistrates' letters and applications for opinions on subjects connected with his duties on which it was clearly Mr Lovell's place to instruct him and the Government particularly remark that on one occasion he directed a native Officer of his Establishment to report on a subject connected with the proceedings of the Joint Magestrate under the Acting Magistrate's review.

The Government trust that in future Mr Lovell will

will act with cordiality and greater consideration towards his Subordinates, and that he and they will always bear in mind that absence of Cooperation in the conduct of public duties must prove injurious to the Public Services.-

The Board observe a continued depression

depression of the Revenue arising from the unfavorable character of the season. The Rains were partial throughout the early part of the year. On the 14th & 15th and 5th October (not mentioned in the Report) heavy rain fell especially in the Southern part of the District after that period there appears to have been a general failure. In their Proceedings on the settlement for Fusly 1254/1844/45 the Board noticed a falling off in the Revenue during that and the 2 preceding years from the same cause. They regret that the year under review does not exhibit a more cheering result. Prices rose very high and tended the Collector observes to enhance the Revenue of the year "as the Settlement has been formed in this District for some years past not upon the money rents of the Fields undertaken for Cultivation but in great measure upon estimates of produce framed in the Talooks."

Para 10.

3. Including the 5 Villages which reverted to Government in Fusly 1254/1844/45 the Assessment of the land taken up was Rupees 28,196-15-10 being Rupees 955-12-8 above that of the preceding year, but omitting these Villages the Assessment was Rupees 1,92,546-8-2 or a net decrease of Rupees 3927-5-9 below Fusly 1254/1844/45. The principal decrease Viz Rupees 3818-4-5 occurs in Palconda which though situated among the Hills suffered from a deficiency of Rain equally with the Villages in the open Country.

The

Fort St. George 26 June 1847.

The decrease in the Assessment of the Land taken up in each year below the preceding during the last 4 years the 5 reverted Villages being omitted is shewn Marginally.-

4 The Collector has not made any allusion to the items of Increase and Decrease as detailed in Statement C. some of these require explanation as lands transferred from Amany to Rent Rupees 5,303-7-11 and vice versâ lands restored as Enam Rupees 126, change of sist Rupees 109-12-4 lands transferred from Enam to Amany Rupees 93-4-4 sist enhanced Rupees 179 lands occupied under Tanks for the use of the Villages Rupee 4. The omission should be supplied in future Reports on the Settlement.-

Cols 26-28-32-48-76-88-94.-

5 The remissions including the 5 reverted Estates allowed on the land taken up amounted to Rupees 9,7021-12-4 being Rupees 8,925-4-4 less than the amount granted on the same account in the preceding year. The particulars for the two years in comparison are as follows.-

As already observed the settlement is regulated in great measure by estimates of Produce and not by the money exists of the Fields, and hence with the favorable prices of the year the sum allowed for loss of Produce is greatly less than in the preceding Fusly. The deduction for land uncultivated is large arising in part from the nature of the season and partly from the slovenly way in which the Dittum is stated to have been prepared.-

On the subject of Remissions Mr. Smollett very properly draws a distinction between a year of great adversity and season not characterized by any peculiar pressure. In the former case as justly observed Remission is necessary but not in the latter. In Vizagapatam the Dittum has recently become merely nominal as the estimates of the outturn in fact indicate what the settlement is to be and Remissions are granted on the presumed over assessment of the land a System "highly prejudicial" the Collector observes "both to Government and to the People and I think it should be abandoned without delay." In these observations

Fort St. George 28th June 1847.

observations the Board entirely concur and they will be found to be in unison with the orders issued by them on different occasions and repeated in their Proceeding on the Settlement dated 5th March 1846 Paras 5 & 6- of Fusly 1254/1844-45 "The assessment on each field" Para 16- to use the words of the Report "is already determined with sufficient accuracy for all purposes of an annual settlement it is capable of being realized in full in ordinary years and any changes that may have been introduced by the chicanery of the wealthier Ryots could be easily and expeditiously obviated-" such being the case the Board cannot hesitate with reference to their observations in their Proceedings of last year to desire that the Dittum and settlement may be made in future on Ryotwar Principles and that Remission for loss of Produce be restricted as a general Rule to years of more than ordinary adversity.-

Golcondah	3846-12-1
Other Estates	2391-15-"
	7338-11-9

10 The Balance in Calcondah is due by Enamdars. The poverty of these persons and the circumstance of this Estate having been rented to Messrs. Arbuthnot & Co. are in the opinion of the Collector a bar to the realization of what is outstanding. The former plea the Board are of opinion is inadmissible considering the tenure on which the land is held. The latter they think does not present any obstacle that might not be got over by Communication with the local agents of the renters.—

11 The Balance in the Golcondah Taluk arises from the late insurrectionary movements in that Quarter. The Collector is unable at present to state what portion of the arrear may be Recoverable. The outstanding Balances of Surwasiddy and other Estates consist principally of balances due by Enamdars whose lands were left uncultivated in Consequence of the drought. The Cuttoobady in many instances it appears is

Fort St. George 28th June 1847.

is almost as high as the ordinary land assessment and the Collector thinks (Para 26) that it would be better in these cases to settle with the Enamdars as in each year and grant remissions as with the Government Ryots. The alternative of resumption would it is thought be harsh and unpopular without any corresponding benefit to the Exchequer. The proposition of the Collector involves as departure from the Custom of the District and the practice observed generally and is therefore open to objection. The proper course is the incorporation of the lands as at present with those paying full assessment when the parties assessed desirous to retain them in their possession will obtain Remission in seasons of pressure in common with Ryots holding Enamy lands.

see also Statt E. 12 In Para 26 the net Collections in the several Government Estates including arrears and after deducting Charges are exhibited in comparison with the Peishcush.

Palconda	Net Collections	87046—"—1

	Difference	32046—"—1
Golconda	Net Collections	10501—7—2
	Peishcush	10000—"—"
	Difference	501—7—2

In Palconda the difference in favor of the Government is considerable. In Golconda it is too trifling to be noticed. In the other Estates the Collections fall in different degrees below the Peishcush. Some individual Estates the Collector seems to think may be found unprofitable but generally it

Fort St. George 28th June 1847.

"it only requires" he observes "tolerably prudent management with an alteration of System in granting remissions upon Estimates of Produce and somewhat more active superintendence to raise the Government revenue upon their acquired Estates greatly above the permanent Settlement after payment of all expenses of Collection." The Board have considered it right to quote the words of the Collector in this place in the hope that as the permanent charge of the District has now been placed in his hands no efforts will be wanting for the realization of the expectations entertained.

Paras 30 @ 35 Estates permanently assessed. 13— The Zemindary Estates held by private individuals are assessed with a Peishcush amounting to Rupees 97,845. Full explanation is afforded in the Paras noted in the margin regarding the collections. The sum of Rupees 360261—14—5 was realized within the Fusly or shortly afterwards on account of 30 Estates which have paid up their Peishcush in full. The balance outstanding against the remaining 12 Estates up to the 31st of January was Rupees 208963—8—3 of which a large proportion Viz Rupees 185,000 to be separately noticed in the Review of the Settlement of that Estate is

The periodical returns received from the Collector do not shew that the above Balance has been materially reduced but the Board are assured in Paras 32 & 33 of the Report under review that the whole will be collected within the Current Fusly. The only Estate under attachment for arrears is Peddagoomboor the Balance on which was at the close of Fusly 1255/ or 1845/46 Rupees 3797-6-9. An Arzee from Daumaraw Cunneraw Guardian of Polaveram Talook.—

As it is necessary that Daunungapilly Venkiah the husband of the Minors Sister Stree Venkata Chellum=mah should be conducted here for the performance of the Marriage Ceremony I beg leave to submit an Estimate for the escpenses there of as well as for the clothes required for sending the said Venkata Chellum=mah to the house of her Mother in law Amounting to Rupees 395 and request sanction for the dis=bursement of the same.—

Had the late Proprietor been alive he would have spent about 1000 Rupees in Celebrating this Ceremony in a Splendid Manner. But as the support of the Minor is under your care nothing will be wanting for the Ceremony in question. As the Estimate is framed in as economical a manner as the present circumstances of the Estate would admit. I beg you will submit it to the Board with your recommendation, and order the payment of the amount without loss of time dated 9th May 1847.—

From the Collr of Masulipatam

Sir,

With reference to an Extract from the Board's Proceedings dated 18th January last, I have the honor to state that the orders therein conveyed have been duly communicated to the Manager and Guardian of the Minor Zemindar of Moonegal as well as to the Villagers, and that they still decline proceeding with the survey of the lands of the Villages composing that Estate and there appears to be no prospect of receiving a different answer from them on the subject.-

Proceedings thereon

Signed/ A. S. Mathieson

Acting Collector.

Submitting a letter from the Collector of Masulipatam requesting that the

The Most Noble the Governor in Council was pleased under date 12th November 1844 to direct — that if the Court of Wards considered

the Manager and Guardian of the Minor Zemindar of Moonegal declined proceeding with the Survey of the lands of the Villages composing that Estate and recommending that the claim for remission of Rishcush on that Zemindary be at once rejected as undeserving of further notice.-

In Con. 21st May 1844.

Venkata Krishtna Row the Father of the Minor Zemindar of Moonegal qualified to Manage the affairs of the Estate he might upon executing the usual obligation be put in possession the Collector taking care at the same time to exercise such efficient means as would secure the interest of the Minor. The Government at the same time observed that the Collector had not explained the data on which he had calculated the proportionate reduction of the Rishcush to which he thought the Estate was entitled, and the Court of Wards were instructed therefore to call upon him to supply the information which was required in their Proceedings under date 2nd September 1839 Viz. to enable them to judge whether the amount of remission recommended bears the same proportion the total rent as the value of the lands made over to the Nizam bears to that of the entire Estate previous to the transfer. "The Collector in explanation represented that the information in question appeared to have been supplied as far as was practicable in his Predecessor's letter to the Board dated 4th September 1840 adverting to which the

the Court of Wards in their Proceedings of the 9th November 1840 had confirmed the remission of Rupees 701 proposed to be made to the renters observing that it was calculated "on the best attainable data to bear the same proportion to the total rent "as the yearly Value to the renters of the "cultivated lands transferred, does to the "whole extent of the cultivated lands of "the Estate". It was further stated that the plea upon which the remission of Rupees 233–10–8 was recommended to be made to the Zemindar from his Peishcush was simply this, that as he had by the decisions of Captain Gresley been deprived of a portion of his Estate which had been admitted to be worth Rupees 701 per annum he should be allowed an abatement of one third of that sum which was the proportion of the gross assets settled on the whole of his Estate as when the permanent Peishcush was first fixed. Before submitting the question of abatement of Peishcush for the consideration of Government the Board called upon the Collector to

inform them whether the extent of land which had by the decisions of Captain Gresley been declared to belong to the Rajah was included in the Gross assets of the Estate when the permanent Peishcush was adjusted, or was held to be an encroachment subsequent to that settlement. In reply to this requisition the Collector stated that in consequence of the lands of the Estate not having at any time been surveyed it appeared impracticable to furnish the desired information but that as the probable extent of land was entered in an account produced by the Zemindar which he designated the Committee Form of Fasly 1204 / 1794/95 to which no corresponding account is forthcoming in the Collector's Office and to which considerable suspicion is attached he (the Collector) had issued orders to the Tahsildar of Juggiapett requiring him to survey the whole extent of the lands in the disputed Villages with a view to ascertain the difference between the result of such survey and the former Register (or Goodecutto) lands (estimated) and had at the same time sent instructions (Enoyetnamahs) to the Guardian and Manager on behalf of the Minor directing them to afford every assistance the Ryots as well as the Guardian and Manager offered strong opposition to the proposed survey the former having

having threatened, in the event of its prosecution to desert the Estate and emigrate to the Nizam's Country and the latter having protested against it and "moreover prevented the survey of the lands from being completed" such being the state of the case the Collector reported that it was impracticable to trace whether or not the disputed lands were included in the gross assets of the Estate when the permanent Peishcush was fixed thereon and suggested that as the Zemindar and his people had by their own act precluded the Government authorities from taking the only measures which would enable them to form a proper estimate of the reasonableness of their claims to remission those claims should now receive no further consideration. The Board concurred in opinion with the Collector but requested him once more to call upon the Guardian and Manager to assent to the continuation of the Survey. In the letter at the head of these Proceedings the acting Collector represents that these parties still decline proceeding with it and that there appears to be no prospect of receiving a different answer from them on the subject. Under the foregoing circumstances the Board beg to recommend that the claim for remission of Peishcush on the Moonegal Estate be at once rejected as undeserving of further notice

From the Coll.r of Guntoor — } 1.

Sir,

I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated 3d Instant, observing with reference to my letter of the 25th Ultimo, that the outstanding balance of Fusly 1255 is still large, and calling on me to explain why so large a sum remains uncollected, particularly in the sharing villages. —

Submitting the explanation called for in the Board's proceedings dated 3d June 1847. in Regard to the outstanding Balances of Fusly 1255.

2. The balance reported by me to be outstanding on the 30th April was Rupees 55,275-9-5. of this sum Rupees 9,990 is on account of uncultivated Enam lands of the Palnaud, the measures to be adopted for the recovery of which have to be finally decided on by the Board. Leaving this sum out of the account there remains a balance of Rupees 45,285-9-5. or 3 10/16 per Cent of the settlement. Though Compared with some other Districts, this amount may appear to the Board large, I believe it to be the smallest balance, leaving remissions out of the account outstanding in this District on

Fort St. George 28th June 1847.—

on account of any year of which ac=
=counts are forthcoming For reference
I enclose a Statement shewing the set=
=tlement, Balance at the close of the
Fusly and Balance at the close of
Fusly 1255 of each year from 1244. in=
=clusive. The Board will see that
the smallest balance in the series
even at the close of 1255 is nearly
double the balance of 1255. The accounts
for Fuslies 1240 to 1243 are not forthcoming
for the Suttanapully and Chilkaloor
=pand Estates, but on the other three
Estates the Balances still amount
to a much larger sum than that now
commented upon by the Board.—

3. The Board will remember that
the Collections made within Fusly 1255
Current and arrears, amounted to upwards
of a lac in excess of the settlement of
the year. In the present year a most
promising prospect of a fine harvest was
completely blasted after the excessive rains
in October and Blight, smut and
finally Grubs destroyed a great part both
of Jonna and Pyra Crops I am only
astonished

astonished how the Tahsildars have been
able to collect with as much punctuality
as they have done, the Current demand
with nearly 9,000 Rupees on account
of arrears.—

4. At the same time I fully
admit the justice of the Board's observa=
=tions regarding the demand on grain
actually shared. A portion of this balance
has arisen in Consequence of certain
reductions allowed by the Zemindars
in the rates of share since the famine
having been disallowed, and additions
having been made to the demand on
account of Pyanadi or loss in the
grain when measured, compared
with the dimensions taken of the
heap when thrashed, strict orders
have however been issued for the
collection of the whole of the grain
balances which cannot be satis=
=factiarily accounted for.—

Proceedings thereon.—1. Resolved that the foregoing
(19-20) letter be submitted to Government with reference to Para 15 of their Proceedings dated 14th Instant.—

2. The explanation of the Collector is Satisfactory so far as relates to the Collections of Fusly 1255 considered in comparison with those of former years, but the Board observe that of the balance of Fusly 1255 outstanding at the close of that year Rupees 55402 were collected in the Current Fusly 1256 and that there is still a balance outstanding of Rupees 45285.—

3. The practice of Collecting the revenue of one year from the resources of the next it is hoped will be shortly discontinued on this subject the Board would call the attention of the Collector to the orders of Government dated 31st July 1835 Circulated for the guidance of the several Collectors under date 12th November 1835.—

From the Acting Collr of North Arcot states that under the circumstances set forth he stipend of 30 Rs per mensem will be a sufficient provision for the present claimant Nunyamah daughter of a Capt and ½ share of the Cavelly Enam of Maurimundoor of the Tripetty Talook.

Para 1. I have the honor to acknow= =ledge the receipt of the Proceedings of the Board dated the 30th November last, regarding a lapsed ½ share of the Cavelly Enam of Maur= =mundoor in the Tripetty Talook of this Dis= =trict. The Board require to be informed 1st what is the net value or profit of the firewood Contract of the Tripetty Pagoda held by the Enamdar, who Ramah Naid, the husband of Munganah the present Claimant of the Enam 2d what are his means of support and 3d whether in my opinion any provision should be made for Munganah and to what amount.

2. After every enquiry I have been unable to ascertain what is the net profit derived by the Cavilgars from the Firewood Contract of the Pagoda. They assert that they derive no benefit from it whatever, but that the whole amount is expended in the payment

payment of laborers employed in furnishing the supply. It appears that wood is supplied in considerable quantities for the use of the Pagoda. it is probable therefore that the present is not large. Ramah Naid has no means of subsistence having been supported for some years by the late Enamdar his wife's Mother.—

3. As regards the provision which should now be made for the present claimants Mungamah, It is stated that the collection of the Villages have fallen off to the extent of above one half since the date of the register. It will be observed that the Enam has been held during the late incumbency relieved from the duties, Charges and responsibilities before connected with it. Under all the circumstances, I am of opinion that an allowance of 25 or 30 Rupees per Mensem will be a sufficient provision for the present Claimant Mungamah and to beg to recommend accordingly that a stipend of 30 Rupees per Mensem be granted her for life.—

Ordered that the foregoing letter be submitted with the following address.

To

To the Chief Secretary to Government

To the Chief Secy to Government

Submitting a correspondence with the Acting Collector of North Arcot on the subject of a lapsed 1/2 Share of the Cavelly Enam of Maurmundoor in the Tripetty Talook in that District and recommending that authority be given for the resumption of the entire Enam and the grant of an allowance of 30. Rupees per mensem for life to Mungammah the prevaint claimant also for the payment in each year to the two remaining incumbents of the proceeds of their respective Shares after the Settlement of the Village has been made.

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying correspondence with the Acting Collector of North Arcot on the subject of a lapsed 1/2 Share of the Cavelly Enam of Maurmundoor in the Tripetty Talook of his District.

From Coll.r 27th October
Inconn 30th Novr 1846
Proceedings 30th Novr 1846
From Coll.r 8th May
Inconn 28th June 1847

By the enclosure in the accompanying Collectors letter of the 27th October last, it will be seen that the entire Enam is of the annual value of Rupees 1082-2-8 ½ but does not appear when by what authority and to whom it was originally granted, nor are any documents forthcoming in support of the Grant. It is, however, stated to have been conferred generally for Cavil duties and for the preservation of the peace at Trimalay and Tripetty. In addition to the Enam, a ready money payment of Rupees 1260 is stated to be made to the Cavilgars on account of Tanah &c.a Sibbendies. Moottiallummah, who was

ward in the enjoyment of a half share of this Enam, the other moiety being entered in the names of two others in equal proportions. It is reported to have died on the 5th February 1846, leaving a daughter aged 15 years and married to one Ramah Naid. In a subsequent communication noted in the margin the Acting Collector states that, after every inquiry he has been unable to ascertain what is the net profit derived by the Vanilgars from the firewood contract of the Tripulty Pagoda of which mention is made in Column 11 of the Statement above referred to. But he gives it as his opinion that as wood is supplied in considerable quantities for the use of the Pagoda it is probable that the profit is not large. It will also be observed that Ramah Naid, the husband of Mungummah, the present claimant, is represented to be without any ostensible means of subsistence, having been for some years supported by the late Enamdar his wife's Mother.

3. Under all the circumstances of the case, Mr Lovell is of opinion that the Village should be taken under Circar Management, provision being made for Mungummah the only child of the deceased. He accordingly recommends

recommends that an allowance of 30 Rupees per Mensem be granted to her for life. He also suggests that in the event of its being determined to resume the Villages, the two 7/8th Shares may be paid in cash and the police Establishment maintained at the charge of Government be paid thro' the Tahsildar.

The Board approve of this arrangement and beg to recommend that authority be given for the resumption of the entire Enam and for the grant of the proposed Stipend (30 Rupees) for the support of Mungummah with the distinct understanding that it shall cease on her death, sanction for the same time granted for the payment in each year to the two remaining incumbents of the Proceeds of their respective Shares after the Settlement of the Village has been made.

I have the honor to submit Statement

Fort St George 28th June 1847.

Statement shewing the result of the sale of the Abkarry Contract of this District for the ensuing Fusly 1257 which took place by Public Auction in my Cutcherry on the 21st Instant—

2. The highest bidding it will be seen was Rupees 124508 being an increase of Rupees 34,300 above the rent of the current Fusly and Rupees 15,470—15—9 above the average of the last twenty years—

3. Poonneeyacoty Narrayana Moodely Seetaram Moodely Ganasalaulah and Baulagoriswapah Naick are the highest bidders, the first two Individuals are Renters of the Current year and the two latter Brothers of former Renters. They agree to make the usual deposit of one Kist and have named Govinda Moodely of Vellore and Appiah Naick of Oyalum who are the Sureties in the current Fusly, as their Sureties to the extent of Rupees 41500 being the amount of four Kists—

4. Considering the high price of Grain, the above seems quite as high a rent as was to be expected for the farm and I beg to recommend that the bidding may be accepted—

The

From the Ag. Collector of Trichinopoly Replying to Extract from the Board's Proceedings dated 18th Ultimo and furnishing further information on the Annapollah Inam.

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date the 15th Ultimo favoring me with Extracts from the Minutes of Consultation dated 19th of January and 25th of March last and beg in reply to the 2nd Para- to state that all I have been enabled to glean respecting the Annapollah Inam was laid before you by my letter of the 8th Ultimo- Inconsequence of the Inayatnamah purporting to have been executed by Mahomed Ally to Hissamul Mulk and which alone made the grant hereditary in the family of Durvesh Ally although dated 4th of Rabulawel Bijre 1207 having been first produced in 1814- Mr Frazer observed- "The Enam is very suspicious as this last voucher may be a forgery" There appears to have been nothing to prevent the hereditary nature of the Enam being shewn in the Original pursuant if such had been the intention of the ruling authorities- The word Mulk* Signifies

* Title

signifies simply dependant upon, connected attached, and used substantively a dependent a Kinsman. The plural Mutaliker can ex therefore signify no more than dependents or relatives. There is no necessary connection whatever between such inams and hereditary grants. It was doubtless on this view that the Board issued instructions to the Collector Mr Travers on the 21st January 1813 which produced his Register in 1814 and led to the Circular order of the 31st of July 1815. No 65 which was prefsed upon the attention of the then Collector of Trichinopoly on the 18th of April 1833 in which letter recommendation for the continuance of a Mutaliker inam to Shah Syed Ibrahim son of the inamdar Shah Jalal /Kadry/ was declined.

2. With respect to the English version of the Original Purvanah and the remarks thereupon by the Translator I would beg to observe that the omission of any figure between the 2 and 7 in the entered Hijye 127 is a grave mistake. Had the first figure been omitted it might have been construed into a familiar mode

mode of writing the year as we might write cut improperly write for the present time A.D. 147 Fasly 56 but as no such ex excuse can be given for the Hijye 127 the Document is liable to great suspicion. The Hijre mentioned in the Travers English Register is given clearly A.H. 1207 which corresponds to the Fasly 1202 as entered in the Inayatnamah there being five years Difference between those years.

3. The word "Kolis" appears to be considered suspicious but it is the common word of the Dravedas Country and all grants in whatever language is written were in Kolies, Kanies or Choyies all of which are common in the accounts of the present day although none of them are Persian Hindustany or English I am not able to speak

4. to the interpolations as I have not seen the original Document; Wadacheri should probably be called a village instead of hamlet.

Ordered,

Ordered that the foregoing letter be submitted with the following address.

Sir,

(29-30)

To the Chief Secy to Government

Submitting with reference to Extracts from Minutes of Consultation dated 19th January and 25th March last two letters from the Collector of Trichinopoly on the subject of the Enam lands of Annapettah and Tennoor in the Vittoocully talook in that district and repeating the Board's recommendation that the share of the late Dunnish Ally Shah be continued in the name of his daughter Hoorbeebee.

1. I am directed by the Board of Revenue to acknowledge the receipt of Extracts from Minutes of Consultation dated 19th January and 25th March last and to forward for the consideration and orders of the Most Noble the Governor in Council the accompanying two letters from the Collector of Trichinopoly on the subject of the Enam lands of Annapettah and Tennoor in the Talook of Vittoocully in his district.

1- Copper deed dated 18th audee year Pramadeechah probably A.D. 1884.
2. Purwannah dated A.H. 1156 or A.D. 1743.
3 Crayatnamah dated 4th Rabee A.H. 1207 - about Novr 1792.
4 Purwannah dated A.H. 1157
5. Crayatnamah dated A.H. 1156.

2. The several documents entered in the margin, which have been produced in support of this grant, are herewith forwarded,

forwarded with translation for the information of Government. It will be observed that in each of these instruments it is distinctly stated that the Enam in question was originally granted for the expenses of a Mosque and the maintenance of the grantee It would appear therefore to be of the nature of a service grant, the tenure of which is hereditary, but doubts having been expressed of the authenticity of some of the surnuds, the question turns on their being considered to be genuine or otherwise.

3. The Copper deed No. 1 appears to have been presented for the first time to Mr. Travers in 1814. The Purwannah No. 2 was given to Mr. Wallace, and by him forwarded to the Board with his Register of 1802, and no doubts seem to have been entertained by either of those Gentlemen as to the genuineness with reference to the observations of the Persian Translator to Government in regard to the latter document, the Collector has explained that the word "Kolee" is a land measure well known in Trichinopoly and that although the figured "three" may

may appear to be an interpolation tho' on an inspection of the document this is by no means clear/ it corresponds with the figure entered in all the other papers. The Enayat-
ennamah No. 3 is referred to by Mr. Travers in his Register of 1814, wherein he states that "the Enam is very suspicious, as this voucher may be a forgery," and Mr. Brown has remarked that this paper is dated A. H. 127 which he states "is evidently a gross mistake, for this is a date of the remote period of Eleven centuries before the present day". It will be noticed however that in the body of the Enayatnamah the words "this Fusly year 1202" is clearly written and as that Fusly corresponds with A.H. 1207, it may be inferred that the former is a clerical error which is further support-
-ed by Mr. Travers' Register in which the date of the Enayatnamah is given distinctly as A. H. 1207. It may further be observed, that this document being simply an order for the release of the land cannot be looked upon in the same light as a summud or other formal

document

document. The Purwannah No. 4 and the Enayatnamah No. 5 were forwarded to the Board with the Collector's letter of 8th April last. Mr. Elliot states that it is not easy to form an opinion on the genuineness of these two documents they not having been known to the former collectors, nor duly entered in the Register of Enams prepared in the years 1802.-

The Board have duly considered the various doubts which have been suggested in regard to these several documents, and are of opinion that they are not of such a nature as to justify the resumption of the grant, they would therefore, under all the circumstances of the case, repeat the recommendation contained in their letter of 14th December last, that the share of the late Durveish Ally Shah may be continued in the name of his daughter Noorbeebee.-

5. The Board are not aware under what authority the Enam was divided in equal portions among the descendants of the original grantee, but

Fort St. George 28th June 1847.

but as Mr. Onslow states that the affairs of the Mosque are conducted to the satisfaction of those concerned, they deem it inexpedient now to interfere with the arrangements which have taken place.

6. In reference to para 5 & 6 of Extract from Minutes of Consultation dated 19th January last, the Board direct me to state that the opinion expressed in para 3 of their letter dated 14th January 1847 referred to charity and not service grants and that the observations contained in para 3 of their letter of 29th August 1839 related to grants for keeping a light in a Tope &c. The Board consider that the remarks which they ventured to offer on those occasions cannot be applied to the Enam under notice, which appears to have been granted for the support of a Mosque, and should be strictly recognized as a service grant, so long as it is appropriated to that purpose.

Submitting a letter from the Acting Collector of Tinnevelly reporting upon the Lapse of certain Pensions in his District and stating the Board's opinion in each case.

4th May & Cons: 28th June 1847

To the Chief Sect. to Government } Sir,

Para 1 I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Tinnevelly reporting upon the lapse of certain pensions in his District.

2. On referring to the Statement in the prescribed form which accompanies the Acting Collector's letter it will be seen that case No. 1 has reference to a monthly stipend of Rupees 23 5 4, enjoyed by the late Satoshapa Nayk the son by the 2d Wife of the deposed Proprietor of Nagalapooram who is reported to have died on the 24th November last and of which allowance the Acting Collector recommends that 20 Rupees may be continued in the name of the deceased's eldest Son Bungaroo Soundrapandia Nayk for the support of himself and other Members of the family.

3. On reference to the letter quoted in Column 4 of the Statement under notice as also to Mr. Thomas' letter of the 28th December 1845 it appears that the Hegulapoo[illegible] in Zemindary

In Cons: 29th Jan. 1846.

Zemindary was sequestrated in the year 1799 for rebellious proceedings on the part of the then Zemindar and subsequently disposed of by public Sale. The deposed Zemindar was transported to Bencoolen and his family received for their maintenance (the date of the grant is unknown) an allowance of Cully fanams 15 3/4 per diem or Rupees 110 3 8 a month. It further appears that so far back as 1818 an arrangement was effected by Mr. Cotton then Collector of Tinnevelly with the mutual consent of the deceased incumbent and his step brother the late Peria Zemindar (the son by the 1st Wife of the Ex Proprietor) by which the former was secured in the receipt from the general revenues of the family of a monthly stipend of Rupees 23 5 1, whilst the remainder Rupees 76 11 3 was paid to the latter. This disposition of the allowance continued until 1833 when in consequence of family disputes it became necessary to pay the deceased's portion direct from the Treasury an arrangement which received the sanction of Government on the 31st August 1836.

Res: 31st Aug. 1836.

4. The family left by the deceased, consisting of 13 individuals, is represented to be without any means of livelihood apart from that derived from the Pension and under these circumstances and upon the principle of providing for the gradual extinction of Pensions not strictly hereditary, laid down in para 8 of General Letter from the Honble

Honorable Court of Directors dated 18th May 1842

ence continuing to the Brother of the last incum-
bent and Grand Son of the deposed Zemindar

name of Basvapa Swamidhapandia during the eldest
son of Satoorapa Nay for the support of himself
and family.

5. The 2d case is an annual allowance
Rupees [illegible] held by one Syed Ahmed in
Pursuant Enclosed From Coll.r 28th May inborn 28th June 1847 virtue of Purwanah bearing the signature of
Nabob Mohomed Alikhan dated Hejeree 1161 granting
a Yeomiah of the above amount for the purpose
of lighting two Mosques. The incumbent is
reported to have died on the 11th April 1845 and
Mr. Elton recommends that the amount may be
continued to the deceased's son who has offered
to render the service to the Mosques in question
since the death of his father. The Board observe
that the present Yeomiah is one of those of

letter of the 21st November 1812, and which
received the authority of Government for its

6. Under these circumstances the Board beg to support the Acting Collectors proposal that it may be continued to the son of the deceased Yeomiahdar.

7. As regards the third case reported, the Board deem it unnecessary to notice it further than to recommend under the circumstances set forth the resumption of the allowance of Rupees 35 per Mensem on behalf of Government.

Forwards an Appeal Petition from Anantayah Sabsildar of Odipy presented since the despatch of letter dated 12th June.

Sir,

With reference to my letter of the 12th Instant forwarding the Original proceedings in the case of the Oodepee Sabsildar as directed in your letter of the 3rd Instant, I have the honor to state that I was under the impression, in which the Board appears also to have shared that the Document which the Sabsildar had forwarded to the Board was intended as his appeal. It was so endorsed in the Boards Office. It appears however that he intended this only as a defence for he has this day forwarded to me the accompanying paper which he designates as his Appeal, and which he desires may be transmitted to the Board. Having already offered all the remarks which it appeared to me necessary to make it

it will not be necessary to occupy the Boards time, and my own in following the Tahsildar through this further voluminous defence and indeed it would be difficult for me to do so as it is drawn up in Tellegoo, a language which is not understood or spoken in this District.

2.— With reference to this fact I will observe that the Tahsildar himself does not understand a word of Telloogoo and that the only man in Mangalore who is capable of drawing up such a document in that language is Sutchmee Nursoo Puntaloo the Extra Sudder Ameen who has been under suspension for the last eight months, during an investigation into a series of the most extensive and barefaced corruption which probably ever took place in any office in the Country, and whose case is now under the consideration of the Sudr Adalut.—

From the Collr. of Madras
Reporting on 2 Petitions from Nauttoo Comara-sawmy Moodelly one relative to certain Houses and Lands represented to be held without the payment of Quit Rent and the other on the subject of a Certificate applied for by one Sooliah.—

Sir,

With reference to the Endorsement under date the 11th March last on a Petition presented to the Board of Revenue by Nauttoo Comarasawmy Moodelly, Merasidar of Noongumbauk, No. 322 of 1847, I have the honor to report that the Petitioner was examined in my presence on the 27th April. On my requiring him to name the inhabitants and public Servants who were represented to be holding Houses and Lands without the payment of Quit rent, he stated that he would do so on being invested with the powers of Head Man, such as are indicated in Sections II/III & IV. Regulation IV. A.D. 1816, under an Offical Sunnad, and on the Circar Servants being authorized to afford him all necessary assistance.

On my observing that it was evident that he was to procure his information hereafter only; the Petitioner stated that the charges he

Could

could now bring forward were the following.

1st Noor Sashachellum Iyah, a public Servant, has been in possession of certain Grama Samoodayem land near Carackattah Coil, for 20 years without paying any Quit rent.

2nd Noor Sashachellum Iyah is, also, in pos-=session of about 1/2 Cawny of Manium Land belonging to Augusteeswara Sawmy Pagoda in Koongumbauk, and

3rd Iya Cannoo Moodelly and others are in the enjoyment of 17 or 18 Grounds of land in the same village, on which they do not pay Quit rent.

3.— Having made further enquiry on the points adverted to by the Petitioner, I have ascertained that the

1st alleged Grama Samoodayem land Gds 20 is not Cul-=tivated; but there are some huts erected thereon. The right of property in it has been in dispute for up-=wards of three years that is from 1844, the year in which a Certificate was applied for, by one C.— Soobiah, who is Noor Sashachellum Iyah's father-=in-law and there is not at present any demand for Quit rent on the Spot.— Should I find that it is productive of an income to the Owner, I shall cause it to be assessed, whether a Certificate is taken out or not.

2nd 4.— The Maunieum land enjoyed by Noor

Noor Sashachellum Iyah, who is a Merasidar, is of the same extent with certain Granam Maunieum land of his own, which he gave up 40 years ago, in exchange for it, to the Dhurmacurtha of Au-=gusteeswara Sawmy Pagoda.—

3rd 5.— The 17 or 18 Grounds in the occupa-=tion of Iya Cannoo Moodelly and others comprise their Back yards or part of the Nuttum land of Koongumbaukum, which they and their Ancestors, as the Merasidars of the Village, have enjoyed free of Quit rent from time immemorial.

6.— The Maunieum and Nuttum lands referred to in Paras 4 and 5 above are entered as such in the Jurpuddy Accounts.—

7. Adverting to the Endorsement under date the 11th March on Comarasawmy Moodelly's Petition No 356 of 1847.— I beg leave to subjoin Copy of my Endorsement of date the 26th February last on C. Soobiah's application, as it explains the cause of the non-issue of the Certificate which he has requested from this Office.

8 Petitions No 322 & 356 of 1847 are returned herewith.—

Madras 11th June 1847 } (Signed) J. A. Hudleston Collector

Copy of an Endorsement given on Petition presented by C. Soobiah dated 24th September 1846.—

It

It appears from the records of this Office, as well as from the result of an enquiry that several of the Merasidars of Nungumbaukum objected in October 1845 to the issue of a Certificate to the Petitioner on the ground of the Spot herein referred to, being Greinum Samoodayem, but that in the Month following, they gave a Razeenamah, on a dispute between themselves and Noor Sashachellum, the seller to the Petitioner being settled.— As however N. Comarasawmy Moodelly who also is a Merasidar of the same Village has not in like manner withdrawn his objections, the Collector is under the necessity of refusing the issue of the Certificate requested by the Petitioner, without entering further into the question of right and title, which, it is observed, is founded solely on a conveyance from the said Noor Sashachellah.—

/Signed/ J. A. Hudleston.
Collector

Proceedings thereon.

38-39

The Board observe from the foregoing report that the Petitioner was examined in the presence of the Collector on the 27th April last on the subject of his Petitions and that he has thus been afforded an opportunity of making good his allegations.— The two instances named by him in the course of the enquiry regarding the occupation of land by individuals without the payment of Quit Rent, the one in which Noor Sashachellum a public Servant, was represented to be in the possession of certain Grama Samoodayem land in Nunguimbaukum, and also of about ½ Cawny

of Manium land belonging to a Pagoda, and the other in which one Ayah Cunnoo Moodelly and two others were stated to be in the enjoyment of an extent of land measuring 17 or 18 Grounds have been enquired into by the Collector, and it does not appear that Quit Rent is properly demandable in any of these cases for the reasons assigned by him. It appears moreover that the Certificate applied for by Soobiah for certain Samoodayem land alluded to in Petition No. 356 has not been issued in consequence of the Petitioner, being a Merasidar of the Village withholding his consent to make over the land in question to that individual. The Board consider the Collector's explanation is satisfactory and resolved therefore that the following Endorsement be passed on the Petitions.

Endorsement on Petitions Nos 322 & 356 of 1847.

"As it appears by the Report received from the Collector of Madras that full opportunity has been afforded to the Petitioner for making known the instances of fraud on the part of public servants and other individuals, in withholding payment of Quit Rent on the premises and lands occupied by them of which he stated himself to be cognizant and having failed to do so the petition is rejected.— The Certificate applied for by Soobiah will not be granted to him as long as the ownership of the land is in dispute."—

Sir,

Government having in reference to an Extract from a General letter from the Honorable the Court of Directors called upon the Board to ascertain to what extent Invalids could be substituted as Guards for Revenue purposes instead of the regular Sepoys now generally employed throughout the Provinces. I am directed to request that you will state whether the circumstances of your district are such as in your opinion to admit of the arrangement proposed by the Honorable Court, and which they desire should be universally adopted as far as may be found practicable, being given effect to consistently with adequate protection being secured by the substitution of the noneffective force.

The Board observe that in some districts the regular troops have been withdrawn and replaced by Invalids without any public inconvenience resulting from the change and they therefore hope that measures may be taken in your District also in view to relieve the former from the Revenue duties hitherto required of them. They request that you will give this subject your immediate attention and report the result at your earliest convenience.
