The endorsement on the letter now given to you from the Zemindar of Mylaveram is in your hand writing. Tell me who is the writer of the letter itself.

I do not know who is the writer of the letter itself.

At whose request did you write the Endorsement?

Two Brahmens named Ramanah and Soobanah asked me to Copy certain Papers. on after copying some of them, the endorsement on this letter and two others was written of my own accord.

Did they not tell you by whom this letter was written?

They did not.

Did I did

Did you not ask them by whom it was written?

I did ask, but they told me that it was written by some body or without naming the individual.

Do you know these people, and where they reside?

I am not personally acquainted with them. They told me that they resided at St. Thome. The last time I met them was when they came to my House on the 15th May last.

If you are not personally acquainted with them, how is it that they should have called upon you and asked you to copy any papers for them?

In the course of my conversation I did ask them how it was they should have come to me when they told me that they heard I could write well and having therefore made enquiry for my place of residence, they came here when I was walking about the entrance door of my House.

From Mr. J. C. Burghall.

Sir,

Circumstances has rendered it expedient that I should now come forward with an exposition which the Board peremptorily demands Peculiar in my situation and I throw myself as I stand in the Magnanimitable Board under the protection of your Honorable Board for

for grievances for which I am now prepared openly to vindicate, under that vindication if honestly proved my salvation must certainly claim their sympathy and protection -

2. The letter from the Board dated the 17th Instant together with an enclosed Petition from the Zemindar of Mylaveram was kept an entire secret by Mr D'Vaz the Head Writer and Depositions taken down to certain extent to which I was entirely omitted as being a subscriber ground upon some previous suspicions that I was the Author of an anonymous letter touching the present case, that Mr Demonte was the person who was at the bottom of preparing the Petition to the Honorable the Court of Directors together with its numerous Enclosures -

3. Permit me most respectfully to inform you that this very subject formed a discussion between myself and Mr D'Vaz and I satisfactorily convinced him that not only the Stationery of the Department were expended by Mr D'Vaz for copying the various Enclosures together with the Petition itself and pointed out to him individually the names of the several persons who were so employed in transacting the said Petition on the Catchery and its various Enclosures. I was immediately selected as

a person directly opposed against the views and wishes of the said Head Writer Mr Jno D'Vaz and threatened with a summary dismissal to this very day, the duties that I ought to perform having been transferred into other hands, and I am kept in the Office pending the reference to your Honorable Board, and a strict order issued that no person even to the very Poor should have any communication with me under pain of dismissal from Office -

4. These very depositions which was transmitted to your Honorable Board contained many signatures I believe, and which was conducted in such a private way direct in the Room of Mr Huddleston, and these Depositions were kept in so profound a secret because it was dictated and framed by Mr D'Vaz and his Nephew J. A. D'Vaz brought into the Office last Month upon 100 Rupees per Mensem as Head Accountant. If your Honorable Board will but only call me up I am prepared immediately to prove that these Depositions were got up at the requisition of Mr D'Vaz because every one of them owed their advancement in Office to Mr D'Vaz's influence

and

and in order to screen his cousin Mr. P. D'Monte from being visited with a dismissal from his situation the whole of these persons have actually subscribed to a document knowingly and wilfully perjured - If they did not place their signatures there was no alternative of an escape between dismissal and the frowns of Mr. Jno. D'Vaz, who virtually is the Collector of Madras -

Deposition of Mr. J.C. Burghall

28.th June -

Deposition of John Colebrooke Burghall Writer in the Office of the Collector of Madras.

2. State any particulars you may have to represent regarding the preparation by Mr. D'Monte or others of the Memorial of the Zemindar of Mylaveram?

A. For about a Month I have seen Mr. D'Monte copying the papers relating to this Memorial in the Office and distributing papers to be copied by others in the Office and about 3 or 4 guires of Government paper were used in copying them - These papers were also copied by Mr. DeMonte by G. W. Ireland Pass Writer and

out by others - About a Week ago Mr. De Vaz the Head Writer asked me whether I know any thing about the papers copied by Mr. De Monte I told him yes, and that he had employed several others in the Office - I called up Ireland, Jagh.savamy Acting Writer in the Accountants Department and Chinna Sawmy the Cash Keepers son and they acknowledged they had copied some of the papers and Chinnasawmy said his elder Brother Panna sawmy had copied more than he had at his House. Mr. De Vaz threatened me in the presence of the Sheristadar for telling this and sent me away, and since that he has not given me the business which he gave me before -

The Zemindars Memorial and Enclosures (Original Duplicate and Triplicate) are shewn to Deponent -

Q. Can you identify the hand writing of any of these papers?

A. I can identify about two Thirds of the whole with the names of the Writers - The writing of the rest is by Volunteers in the Office whose names I do not know - Of the Enclosures in the Original No. 6 is copied by Chinna Sawmy the Cash Keepers Son and Nos. 15 and 16 by Balakistna a Volunteer who sits in the Correspondence Department Room - Of the Enclosures in the

Fort St. George 2nd July 1847

the Duplicate which is in Mr. De Monte's own hand writing No. 1 is written by G. W. Ireland the Pass Writer Nos. 8 and 13 are written by Iyasawmy of the Accountants Department and Nos. 14 and 15 are written by Volunteer Balakistna. Of the enclosures in the Triplicate No. 1 is partly written by Iyasawmy and partly by Chinnasawmy No. 2 by Iyasawmy part of No. 3 by C. Mootoosawmy the Brother of the Mootehee Nos. 4 and 5 by Volunteer Balakistna. No. 6 by Chinnasawmy Nos. 8 and 13 also by Iyasawmy Nos. 9 - 11 and 15 also by Balakistna and No. 10 Ireland the Pass Writer -

2 Can you prove that the papers were written by the parties as stated by you?

A The hand writing itself is a proof and I have seen them writing them in the Office -

2 Can you prove that Government paper was used in copying the above papers?

A. The great quantity of paper for which Mr. De Monte has signed if compared with the few number of letters he writes in his daily business will prove it -

Proceedings Reporting on the enquiry made to ascertain who were the Writers of the Memorial and its Enclosures from the Zemindar of Mylaveram addressed to the Honorable the Court of Directors -

thereon - Para 1 - Having ascertained that the Endorsement on the Memorial above referred to was in the handwriting of Jno De Monte a Writer in the Office of the Collector of Madras the Board requested that Officer to cause his attendance to answer such questions as might be put to him on the subject. Mr. De Monte in a deposition which was taken from him has, it will be observed, denied all Knowledge as to the manner in which the dates and subjects of public correspondence referred to in the Memorial were obtained, while in explanation

explanation of the circumstances under which he, as a public servant undertook the preparation of the papers for submission to Government he states that he merely copied them upon an understanding that he would be remunerated for his trouble. With a view to ascertain whether any other Servants on the Collector's Establishment had been concerned either in compiling or copying this Memorial the Board requested Mr. Budleston to identify if practicable, the handwriting in which it had been copied. In reply they have been informed that he has been unable to discover the writers of the letter in support of which he transmits copies of the examination of the Heads of Several of the Departments under him, all of whom profess ignorance of the writers.

2d. Under the above circumstances the Board were about to submit the foregoing explanation for the information of Government but in consequence of the receipt of a letter from Mr. J. C. Burghall a Writer in the Collector's Office they were induced to prosecute the enquiry. Mr. Burghall upon examination states that this very matter had formed the subject of conversation between himself and Mr. De Vaz the Head of the Office to whom he had pointed out several of the parties who had under Mr. De Monte's directions been engaged in copying the enclosures of the Memorial. It appears by

by his evidence that many of them have been copied by parties employed in the Cutcherry and that their preparation was conducted not only in the Collector's Office but that Government paper was made use of and this is partly corroborated by the fact of much of the paper bearing the same water mark both in date and in name as that on the paper on which the Collectors letters are usually written as it occurs to the Board that the further enquiry into this matter particularly as it now involves a charge of a criminal nature would be prosecuted with best success by an authority competent to take depositions upon oath, the Board beg to submit the result of their enquiries and to suggest that the case be placed in the hands of the Chief Magistrate for final disposal.

Proposed.

Fort St. George — July 1847.

Proposed Answer in Suit No. of 1847 on the file of the Subordinate Court at Madura.

1. The spot of ground in dispute is situated on the North side of North Parmal Maistry Vidhi and to the South of building lots purchased by the Plaintiff and the 4th 5th and 6th Defendants, forming the whole space between them and North Parmal Vidhi Street, so that there can be no egress to the Parmal Vidhi Street except through it.

2. It is true, that, as stated by the Plaintiff, the 1st Defendant did in the first instance under a misapprehension of the precise situation of the ground in question, grant Plaintiff an endorsement selling it to him, but when on enquiry consequent on the Plaintiffs applying for possession in March 1846 it was brought to the 1st Defendants Notice by the 2d Defendant, that it was not a fit situation for building he cancelled the sale and ordered the refund of the purchase Money.

3. The annexed Sketch will shew the injury that would accrue to the 4th 5th and 6th Defendants from the Plaintiffs occupation of the whole grounds in litigation, thereby blocking up their passage to the Parmal Vidhi.

4. It is submitted that the Principal Collector acted properly in cancelling an endorsement affecting others so injuriously and the Court is therefore prayed to dismiss his suit, leaving him, if he thinks fit, to accept the proffered refund of the purchase Money.

To the Chief Secy. to Government

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Principal Collector of Madura reporting the institution of a Suit (No. 4 of 1847) in the Subordinate Court at that Station against the late Principal Collector and five other parties and sending also translated copies of the Plaint and Draft of the answer which he proposes to file.

In the Plaint the Suit is stated to be brought to restrain the Defendants from interfering with the Plaintiff building a house on certain spots of Ground situated in the town of Madura purchased by him from Government under the Official Seal and Signature of the 1st Defendant and for which the sum of Rupees 42 was paid by him into the Madura Treasury as per receipt furnished by the Government Authorities.

In his proposed answer the Acting Collector represents that the sale of the lands in question did take place in the manner stated.

Forwards papers connected with the institution of a Suit (No. 4 of 1847) in the Subordinate Court of Madura against the late Principal Collector and recommending a defence of that Suit at the public charge.

stated and that the amount was paid by the Plaintiff, but he also shews that on application being made for possession of the land it was found necessary to cancel the transaction as the occupancy interfered with the necessary access to other houses which circumstance was not known when the purchase was originally sanctioned by the Defendant, who however ordered the immediate refund of the amount paid by the Plaintiff when the locality was brought to notice and the sale annulled.

The answer of which the above abstract has been given appears to the Board to be good and sufficient and they therefore beg to recommend that the necessary sanction may be granted for defending the Suit at the Government expense.

With reference to the period for filing the Answer expiring on the 1st proximo, the Board observe that as sufficient time has not been afforded for communicating the order of Government to the Acting Principal Collector they have instructed him to move the Court for a short postponement of the time now fixed for putting in his answer.

Read the following Letter

To The Chief Secretary to the Government of Fort St. George

Sir,

I am directed to acknowledge the receipt of your letter No. 26 dated the 10th Instant and in reply to inform you, that the Memorial from the Uncovenanted service at Fort St. George to which it gave cover, will be transmitted for the orders of the Honorable the Court of Directors.

Para 1. The Right Honble the Governor in Council proceeds to take into Consideration the letter in this Department from the Honorable the Court of Directors Dated 10th March 1847 No 14

2 Resolved that a Copy of Paragraphs 1 to 6 be furnished for the information of the Board of Revenue.

Extract from a General Letter from the Honorable the Court of Directors dated 10th March 1847 No 4.

Para 1 With your letter of the 9th March No 10, 1846, you have transmitted Copies of your further Proceedings relative to the Zemindaries in the Circar of Guntoor observing that the delay which has taken place in the disposal of the several questions relating to them has arisen from the difficulties which have been experienced in the endeavour to carry out to the letter the views Communicated in our Despatch of the 21st June No 14 1842.

2 In that Despatch we directed that the Zemindars should be required on Condition

of

of receiving a sufficient maintenance from Government to surrender the whole of their proprietary rights into its hands whereby you would be enabled to administer the affairs of the Zemindaries as effectually as if you had acquired them at public sale, while the Zemindars would be saved from the discredit of a forcible dispossession as Revenue defaulters.

3 This course was accordingly adopted, the Zemindars with some reluctance having consented to surrender their rights into your hands and a suitable allowance has since been assigned for their maintenance.

4 It appears however that there are legal difficulties in this course which were not at the time foreseen, and that the title acquired by the Government under this arrangement would be liable to be questioned in a Court of Law. You have accordingly resolved that with the view of making the path clear for introducing an improved system of Revenue administration into the District, the Estates shall be brought to sale for arrears and purchased on account of Government, the Ex. Zemindars being at the same time informed that in having recourse to this proceeding the Government entertain no intention of departing from the Condition of the Surrender, Viz. that the ex Zemindars

Zemindars shall continue to become sufficient maintenance without excluding the hope of having their Estates ultimately restored to them -

5 Under the circumstances stated we approve of this proceeding which indeed appears to be the only mode by which you could obtain such an absolute title to the Estates as would enable you to proceed satisfactorily in the measures of amelioration directed in our before cited Despatch.

6 We suggest for your consideration whether a notice could not be given to the Zemindars to exert their local influence in the improvement of the Estates by making their allowances partly fixed and partly contingent on such improvement -

To the President and Members of the Board of Revenue.

Extent - Cawnies - 119-15 goolies
Annual Rent - Rs. 1205-10-5
Government Loss - Rs. 233-5-4

Extract of Pattay Sing Sawalay shews that the first Grantee who appears to have been one Tadamoorty Gopanda Krishna Anchariar was deprived of the enjoyment of the Village on the assumption of the District by the Mahomedan Government and that on his representation of the Village having been restored on him on Sirna Inamdar tenure and also "in consideration of his respectability it was continued to him and his heirs to be enjoyed from generation to generation"

2 In the present case it is evident from the Purwanahs Nos. 2-3 and 4 of the Nawab Mahomed Maufoos Cawn Anawardy Khan and Wallajah that the grant was not regarded by them as hereditary that it was successively renewed by them for the devout office "of praying for the long Continuance of their Government" a condition usually attached to charitable grants and that from Sirna Inamdar it was continued on Shrotriem tenure - first on payment of 250 Rupees - then on 400 Rupees and afterwards on 470 Rupees per

for ammum and during the Government of the last Manad. it was reduced to the amount at first fixed in consideration of the Revenue derived from the Village not being sufficient "for the subsistence" of the Grantee.

3 Altho' the Grant bears the stamp of antiquity, having been enjoyed by the family for a period of 172 years, his Lordship in Council sees nothing in the circumstances connected with it that would warrant its being recognized by the British Government as hereditary and renewed as such, he accordingly resolves under the measure taken and agreeably to the recommendation of the Acting Collector and the Board of Revenue to direct that the one half Share of the Village held by the late Narnacharry be continued for the support of the family of the deceased during the lives of the present Members.

Sir

I have the honor to acknowledge the receipt of your letter of the 7th Instant intimating that the Board of Revenue considered it highly desirable that the subject of the affairs of the Vellaty Estate should receive my earliest attention with a view to the final disposal of the case, and requesting to know when a report on those affairs will be furnished.

Beg to assure the Board that I have not failed to bestow a good deal of attention in these complicated affairs which I had hoped before this to have brought under their consideration but the accounts of their Collections during the period of their possession rendered by the Greendars have been of so unsatisfactory character, as in reference to the litigious disposition of the contending parties, to render a personal and local investigation into the Village accounts and other Vouchers in order to arriving at a right decision in the case. I have not yet been able to accomplish this from circumstances over which I had no control but the Board may be satisfied that no time shall be lost in bringing the matter at issue before them in such a shape as to admit of their final disposal.

Sir

From the Agent to the Governor in Vizagapatam — Para 1.

Reports upon the management of the Minor Estates of Sungumvulsah and Coorpanum in Fusly 1255.

I have the honor to submit the usual report of the result of the management of the Estates of Sungumvulsah and Coorpanum which are managed by the Governor's Agent on behalf of the minor Zemindars. The usual accounts in illustration are likewise forwarded for the information of the Board of Revenue.

2. I need not repeat that the season under review Fusly 1255, was about the worst on record in this District and had followed a year of unusual adversity. These Estates could not fail therefore to exhibit a falling revenue and increasing balances. The settlement was effected, I beg the Board to observe, under the management of my predecessor.

Sungumvulsah. 3. In Sungumvulsah Zemindary there are eighteen Villages of which twelve were rented, and six Settled Ryotwar. The Atkinsonly or detailed list of all the cultivable lands in these six Villages was

was Rupees 2963-11-10 and the rented demand on the other twelve was Rupees 8690-3-11 making a total demand in the Serogettee Villages of Rupees 11653-15-9.

4. Out of the Villages settled individually a remission was made of Rupees 1067-"-11 Fyl Rupees 1018-8-11 for lands unwatered and Rupees 48-8-" for loss of produce. Thus the settlement of the Ryotwar Villages was reduced to Rupees 1896-10-11 and adding the rent demand, the total Serogtee settlement was Rupees 10586-14-10.

5. It is not usual to grant remissions in the rented Villages. In my Judgement, to define these remissions in years of Scarcity, and to collect the remainder rigorously, would be a just and salutary measure of fiscal policy. But the controlling authorities have frequently denounced the system, preferring the accumulation and exhibition of balances in the accounts.

6. Of the current settlement effected as above shewn, Rupees 1688-14-1 were collected during the year in the Ryotwar Villages, and Rupees 7330-15-10 of the rented demand were brought to account, in all Rupees 9003-10-11. The balance in the former Villages was Rupees 229-15-10 the rented deficiency was Rupees 1353-4-1. Total Rupees 1583-3-11.

7. Adding Enam Cuttoobadie Instruction Inscription

Tuccavy &c the Total current demand for the year was Rupees 12316-3-10 The collections were Rupees 10467 7-1- and the recovery of a small portion of the arrears swelled the total receipts to Rupees 10698-4-7 8-

If a comparison be made of this in the preceding year it will be seen that in the former season the demand was Rupees 13003-1-" and in the latter Rupees 12316-3-10- Decrease in the Fusly under review 786 13-2- The collections of the past year, current and arrears, were Rupees 12093-4-11- and in the last Rupees 10698 4-7 shewing a decrease in Fusly 1255 of Rupees 1395-"-4

9- The arrears outstanding from Fusly 1246 are mostly a balance of Armanie and Enam Cuttoobadies, amounting upto Fusly 1255, to Rupees 2974-8-5- As may be surmised these are mostly desperate balances, and they will be separately reported upon hereafter-

10 The account current of the Estate exhibits a balance on hand at the close of the year of Rupees 1402-15-4 The Zemindar attained his Majority; as the Board are already aware, on the 4th May last-

Coorpaum 11 Proceeding to the consideration of Coorpaum it will be seen that the Seroytee Villages of that Zemindary are in number forty one they were all rented in the year under review the rented demand being Rupees 1090-"-1- No remissions

remissions were allowed, agreeably with a Custom which would be more honored in the breach than the observance-

12 In the Boards proceedings bearing date the 8th June 1846 it was observed that a Remission of Rupees 831 had been given in the year preceding that under report, and assuming that the Armanie Ryotwar Beriz was only Rupees 435 it was inferred that a portion of the remission must have been allotted to Villages disposed of on rent- This was a mistake the Ryotwar demand of Rupees 435 was the net settled demand after deducting remissions-

13 In that Fusly there were 39 Villages rented and two settled individually, the assessment demandable on the lands assigned to the Ryots for cultivation was Rupees 1268 from which Rupees 831 were deducted under the Ruchenal System, followed by Mr Arbuthnot, and the Net settlement was Rupees 435-

14 Returning to the year under consideration it will be observed that of the current Seroytee demand Rupees 1090-1-" Rupees 11988-13-1 only were collected leaving a balance of Rupees 4101-3-11 unliquidated- A portion of this is now under collection from the most solvent renters and will be brought to account in the

The collections were current and arrear, Rupees 19408. 4-6- exhibiting a decrease on the year of Rupees 961-10-11. The balances outstanding on this Estate, since it has come under Management up to Fusly 1255, are Rupees 10046-14-11 as shewn in Statement No. 6 one half of which is a Ryotwar balance and nearly all is recoverable. Sir,

Forwarding Copies of certain

With reference to para 11 of my Letter dated

8917

Fort St. George 1st July 1817.

Letter relative to the expediency of transferring the Village of Keytapully from Masulipatam to the Guntoor District.—

Recd. 6th August 1817.
Read 14th May 1817.

dated 26th January last, I have the honor to forward Copy of the correspondence noted in the Margin and translation of a report from the Acting Tahsildar of Repalle relative to the transfer suggested by me of the Village Keytapilly from Masulipatam to Guntoor.—

2 The Village in question is situated on the right or Western bank of the Kristna near its mouth and is thereby cut off from the rest of the Masulipatam District, while it is surrounded by Guntoor Villages. On the same principle on which the interchange of certain Villages between the Nellore District has been proposed, the transfer of Keytapilly appears desirable Viz.t to attain greater compactness in the limits of the respective Collectorates. Mr. Mathison is opposed to the change and states that Keytapully was in 1812 transferred from Nellore to Masulipatam in preference to Guntoor as being nearer to the former station, and that the inhabitants are averse to the change.

2 In a direct line Keytapully is 37 miles from Guntoor and 26 from Masulipatam, the difference not being in my opinion such as to counterbalance the advantage of having an unbroken boundary

boundary line. The preference of the inhabitants for the present arrangement may be partly owing to certain undue advantages which they may derive therefrom as suggested by the Repalle Tahsildar.—

Sir,

As the question is now pending of annexing to this District those Villages of the Nellore District which lie within the limits of the former, it seems desirable to take this opportunity of adopting a similar course with respect to the Village of Keytapully and its dependencies, which forms part of your charge tho' situated on the western bank of the Kistna within the Repalle Taluk. I have the honor therefore to request that you will have the goodness to inform me as speedily as you can whether you concur with me as to the expediency of the transfer and if so whether any and what obstacle may exist thereto. I should also be glad to know the area revenue and population

Zillah of Guntoor

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter regarding your proposal of transferring to the Guntoor jurisdiction the Village of Kyteapully belonging to this District, and in reply to state that I cannot perceive that any advantage can accrue from making a change in the present arrangement. The Village was originally transferred in 1812 from the Nellore Collectorate to this jurisdiction in preference to that of Guntoor in consequence of its much greater proximity to this station and the same reasoning equally applies to at the present time. It is also close to the head station of the Tahsildar in whose division it is included and the Village is now considered an integral portion of this District.—

2 It does not appear therefore that the Government can benefit by a change while the Villagers themselves, who are certainly the

party most interested have protested strongly against the measure both in writing and personal. ly before me at the time of Settlement. They have long been connected with this District in the way of business in pecuniary transactions and in matters before the Courts and would be inconvenienced by a change of jurisdiction. I consider also that such alterations should as a general rule be avoided as much as possible.—

3 The Revenue Area and population of the Village are noted in the Margin as request. ed by you.—

Acting Tahsildar of Poyputty Talook

In reply to your order No. 381 desiring me to state if there was any objection to the transfer of Keytapully from the Zillah of Masulipatam into the jurisdiction of the above mentioned Tanna in this Zillah and having ascertained the opinion of the ryots of that Village on this subject to report their sentiments and at the same time give my own observations, I beg to state as follows.—

The Village Keytapully being situated in the centre of the Villages attached to this Talook, would facilitate the annexation of that Village to this Tannah. I send a plan shewing the situation of this Village which on inspection will explain my meaning.—

The Tamuldar of Commarauze Gedda Mootta close to this Village informs me that when the ryots were spoken to, they replied that they gave a Kerfeyat before the Tahsildar of the Devey Talook to the effect that they were not anxious to have their Village attached to this Zillah, and that thus it appears that they are not willing to have their Village transferred to this Zillah, it appears that situated as their Village is in the centre of others belonging to this

Fort St. George 1st July 1817

this Zillah, the Ryots fraudulently graze their Cattle in the pasture lands of Potoonerka and other surrounding Villages and are thus able on any attempt being made to discover their irregularities to drive off into their own fields and then deny having allowed their Cattle to stray into those pasture lands and as the Villagers act in this irregular manner they are afraid, that if their Village is attached to this Zillah, all this would be put a stop to, and on this account (but from no other cause) the ryots say they donot agree to the abovementioned transfer. On making enquiry myself, I understand that such is the case, therefore, I write to inform you of the same. Moreover, I am informed that the ryots of Keytapully Cultivate underhandedly, fields belonging to the surrounding Villages appertaining to the abovementioned Tanna, consequently I inform you of this particular also please to peruse this.—

Case No 4 was referred to the Sirishtadar Department from whence it was not received back.

In the margin is an abstract of the cases filed and disposed of since January 1815 from which it appears that there has been a great increase in the number of cases filed, and that the number disposed of in the first five Months of the present year is nearly equal to the number disposed of in 1816 which exceeded those of 1815. The Board will thus see that there has been no falling off in attention to this Department and when they consider the time required to go thoroughly into a case of this kind and to embody the result of the whole in an English decision, and at the same time the difficulty of stopping the Gummahbundy when once begun, I hope they will make some allowance for the delay that has occurred. —

Proceedings thereon

40-41

In the foregoing letter the Collector states that as the Board consider the delays in disposing of cases under Regulation IX of 1822 to be highly objectionable and such as no pressure of other business can be held to justify, he will endeavour in future to give them preference over other business at whatever sacrifice of other interests. The Board never intended nor do they expect that these cases should take precedence of all other business but merely that they should not be deferred from one year to another as they appear to have been with reference to the increase of cases, the Board observe that it does not appear imperative on the Collector to try the whole of them under the Regulations but only such as require the adjudication of penalties for the sake of example. Simple cases of dismissal refund &c need not be brought under Regulation IX of 1822 and might therefore be disposed of Summarily.

2. It will be observed, that out of very large balances on account of Fusles 1250 to 1253 the Commissioner in his investigation elapsed only, a small portion as recoverable allowing all that seemed capable of being disputed with any show of reason to lie over. The collection of the recoverable balances in the Chilkaloorpad Estate was owing to the remissness of the Talook servants not attended to

to

to as it ought to have been in fusly 1255. after these new division of Talooks, this village was included in the limits of Bapetla, and the Tahsildar who is an excellent Servant insisted on payment when they filed these suits.

3 This Village of Cherkoor has been notorious for attempts by the Cunnums and ryots to reduce the assessment and evade payment of these balances. These suits appear to have been got up solely inconsequence of the notion which has been industriously circulated in the Distruct in consequence of the Principal Sudder Ameens proceedings referred to in my letter of the 19th May 1846, that arrears of longer standing than the last fusly are not to be recovered but by a regular Suit.

4 I regret the delay which has occurred in preparing the answers in the Sherista department first in consequence of being fully occupied with the Summabundy of the western part of the Distruct and afterwards from the difficulty of procuring the Village accounts.

Beg to state that I paid in full on each year, the Sist which I owed the Circar for the laird I cultivated in the abovementioned Village from Fusly 1250 to 1253. There was a trifling balance outstanding in Fusly 1252 for which

a

a demand was made and the amount recovered, consequently, I have no arrears of revenue to pay for the said 4 Fuslies. although this is the state of the case, I find that the Curnums the 4th 5th and 6th Defendants stated in the accounts filed by them to the Commissioner that I owed Rupees 49-6-6 as arrears of Revenue for the said 4 years, that the 1st Defendant issued orders for the recovery of that amount from me, and in carrying out his instructions the 2nd and 3d Defendants caused my Cattle to be detained in the yard, placed me in confinement without allowing me to go eat and drink, and thus placed me under great restraint. If I had to pay Rs 49-6-6 as arrears of Revenue from Fusly 1250 to Fusly 1253, why did they not in each year make a demand for such balance and recover it in the same manner as they did for the trifling balance due in Fusly 1252, had the balance been due they would undoubtedly have made a demand as prescribed in Regulation 28 of 1802 and recovered the amount and not have waited so long. Had the Commissioner or Collector ascertained any thing from the ryot as to the legality of the debt or otherwise such injustice would never have been

been done to me. I was not aware at the time that such false and fradulent accounts had been presented and it is owing to this circumstance alone that I have not longer this represented any thing about it to the Circar, while the alleged arrears of Revenue is said to be that from Fusly 1250 to 1253, the act of placing me under restraint for such an illegal demand without first instituting a regular suit for its recovery is contrary to the order of the Court of Sudr Udalut dated 7th March 1862, consequently I solicit that my witnesses and documents may be examined, and that a decree be passed freeing me from any further demand for the said sum of Rs 49-6-6 as arrears of List due to the Circar the Cost to be made payable by the Defendants.-

Commissioner that I owed Rupees 11-4-9 as arrears of Revenue to the Circar for the said 4 fasles and which has induced the 4th Defendant to give orders on the subject to the 2nd and 3d Defendants who caused my cattle to be detained in the yard, and are putting me under great restraint without allowing me to eat and drink. If I owed the aforesaid amount for those 4 fasles they would have made a demand under Regulation 28 of 1802 for the sum due each year without delaying so long. The Commissioner and the Collector having omitted to send for and to enquire of us about it at the time the 3d 5th and 6th Defendants presented their account of arrears of Revenue due has caused such injustice to be made to me for I was totally ignorant of any such false account having been presented against me. Neither the Commissioner nor the Collector sent for me to ascertain the truth or otherwise of that fraudulent account relative to arrears of Revenue, and I was totally unaware of such a paper having been filed at the time or I would have taken steps at once to prove it to be false, and besides it is in consequence of their neglect to follow such a course that I am now put to so much annoyance. I have to represent that I cultivated 11 Vissums of Circar sherry land in the abovementioned Village from Fusly 1250 to Fusly 1253 at an annual rent of Rupees 40 and paid in full into the

the profession of the Circar servants, the amount of which in each year. While this was the case, I find that the 4th 5th 6th Defendants, stated in the accounts, which they made over to the Commissioner that there was an outstanding balance of Rupees 29 6 2. against me for the aforesaid 4 fusties, that the 2d and 3d Defendants had been directed by the Defendant to collect that amount from me, and that the 2d and 3d Defendants at the instigue of the 7th 8th 9th and 10th Defendants, made a demands against me to pay the amount, and have not only caused my Cattle to be detained in the yard, but have placed me in the guard, thereby putting me under great restraint. If I owed any arrears of Revenue for those fusties, a demand would have been made for the alleged amount due in each year, and realized from me according to the Provisions of Regulation XXVIII of 1802, they would never have deferred realizing it so long. Had the Commissioner or the Collector examined us about it, we would have had an opportunity of representing and proving to them at the time, that we did not owe the sum said to be due, and that the accounts

accounts alluded to was false but as this course was not pursued it has given cause for this injustice to be done to me. This is said to be an outstanding balance of 4 years lease. It is now 3 years ago, and the course pursued by the 1st Defendant for the recovery of the same Viz: of placing my Cattle under restraint, and myself to much annoyance, without first instituting a regular complaint against me is contrary to the Sudr Adalut Courts proceedings of the 7th March 1842, consequently I request that my documents and Witnesses may be examined, and a decree passed directing that the 1st Defendant should not cause the said sum of Rupees 29 6 2 to be realized from me, and that the costs of suit which I have sustained may be made payable by the Defendants.

The Plaintiff sets forth in his complaint that in consequence of the unjust order of the Collector, the Tahsildar of Bapetla caused his Cattle to be detained in the yard and himself to be placed under restraint to enforce payment of a sum of Rupees 49 6 6 said to be the amount elapsed as recoverable by the Commissioner on account of the demand of Fusly 1250 to 1253 that a trifling balance outstanding in Fusly 1252 was recovered by serving him with a demand that he owes

owes no balance on account of these years that if he did, the enforcement of its recovery without previously instituting a regular suit is contrary to the order of the Sudder Adalut dated 7th March 1842.

The following is a Statement of the Plaintiffs account for the years in question as established by the Kannums books and the enquiry made by the Commissioner into the balances of the Cheika Coorpaud Estate.

| Fusly | Land | | | Other Items | | | Zemindars remission | | | Payments | | | balance | | | Amount elapsed as recoverable | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| 1250 | 1 | 11 | 13/2 | 126 | 7 | 1 | 11 | 5 | - | 115 | 2 | - | - | - | - | - | - | - |
| 1251 | 1 | 11 | 13/4 | 129 | 6 | 10 | 11 | 5 | - | 93 | 14 | 7 | 24 | 3 | 5 | 24 | 3 | 5 |
| 1252 | 1 | 8 | 13/2 | 114 | 13 | 6 | 8 | 11 | - | 81 | 7 | 1 | 24 | 11 | 5 | - | - | - |
| 1253 | 1 | 4 | 13/2 | 103 | 8 | 9 | 3 | 3 | 9 | 4 | 12 | - | 96 | 9 | - | 25 | 3 | 1 |

Of the demand on account of Fusly 1250 the Plaintiff paid all with the exception of Rupees 11 5 - being the amount of remission said to have been allowed by the Zemindar when managing his Estate in Fusly 1249 but which was not sanctioned and confirmed in the accounts by the Collector in the Settlement of Fusly 1250 and this has not been included in the amount the

the Plaintiff was called on to pay—

Of the demand for Fusly 1251 the amount of Zemindar's remission was in like manner allowed to lie over and only Rupees 24–3–5 including 2 annas and 7 pice the value of sharing grain was elapsed as recoverable—

For Fusly 1252 Plaintiff occupied land liable to an assessment of Rupees 114–13–6 for which he paid only Rupees 81–7–1. Of the balance Rupees 8–11– Zemindar's remission Rupees 24–11–5 alleged to be for land not cultivated was allowed to lie over and no part of this balance was demanded—

In the next Fusly 1253 the Kurnums in rendering the annual accounts entered without due authority Rupees 70–3–11– as land relinquished, and this was accordingly again included in the accounts, but neither this sum nor the amount of remission was elapsed as recoverable but only 28–3–1 being the balance on the land admitted to be cultivated—

It thus appears that of a balance of Rupees 179–7–7 due by the Plaintiff on account of the four Fuslies 1250 to

to 1253, he was only called upon to pay Rupees 69–6–6. The correctness of this statement will be established by the Kurnums accounts and the records of the Hoozoor Cutcherry. The Court will clearly perceive that his objections are groundless and that his reason for including the Village Kurnums among the Defendants was to prevent their evidence in the case in question—

With respect to the Plaintiffs arguments that had the sum been really due by him, a demand would have been served as in Fusly 1252 it is to be observed that as the Plaintiff and certain others in Fusly 1252 refused to pay even the amount of the years Settlement they had agreed to by Karaaniamah a demand was served for that amount accordingly, and some property having been attached was released in payment of the demand. Owing to the peculiar circumstances of the season whereby much of the produce of Fusly 1252 was injured by floods, and to the low prices, the process of distraint was not resorted to for the recovery of arrears but this can never be held to invalidate the claim of Government—

That

That he was not personally examined as to his balance in the enquiries made by the Commissioner cannot alter the state of the case as shewn in the public accounts especially as the Surnams engaged to make good any balance which they might be proved to have wrongly entered as recoverable.—

Lastly, in reply to the Plaintiff's assertion that the demand of these arrears is contrary to the orders of the Sudder Adalut dated 7th. March 1842 it is submitted that the document referred to, is not an authoritative Judicial decision, but simply an opinion given on reference in a case altogether differing from the present and as it is not supported by the citation of any single provision of the Law, and no provision establishing this position can be found, it does not appear that it can have any weight in this case.—

The Plaintiff has accused the Tahsildar and others of illegal restraint of himself and detention of his Cattle. He should have preferred any charge of this kind to the Magistrate, and failing there to obtain redress to the Session Court.—

Proceedings thereon

Submitting a letter from the Collector of Guntoor forwarding translations of five plaints filed in the Principal Sudder Ameen's Court against himself and others by Peons & Ryots of the Village of Pedda Cherkoor belonging to the Chirkoor Jaghire estate objecting to the payment of certain arrears demanded from them and recommending that authority be granted to file the Answers prepared by the Collector and to conduct the Proceedings in the five suits at the Public expense.—

Para 1 The Plaintiffs in the 5 Suits alluded to in the foregoing communication allege that from Fusly 1250 to 1253 they Cultivated certain lands discharging the full amount of Sheist due upon them respectively notwithstanding which they have now been called upon by the Defendants to pay severally other additional sums entered in the accounts as arrears against them. They urge that if the amounts now claimed had been really due by them they ought to have been demanded at the time, but that having remained unrealized for a long period they can now only be recovered by a regular suit the present procedure being contrary to the orders of the Sadr Adalut dated 7th March 1842.—

2 The Collector in his proposed answer to suit No 19 states that the sum demanded from Plaintiff is the amount of arrears against him elapsed by the late Commissioner as recoverable the correctness of which will be established by the Cumcums accounts and the records of the Huzzoor Cutcherry. He argues that the delay to enforce the demand cannot invalidate the claim of Government and submits in regard to the

the orders of the Sudr Udalat above quoted that the document referred to is not an authoritative judicial decision but simply an opinion given on reference in a case altogether differing from the present and as it is not supported by the citation of any single provision of the Law and no provision establishing this position can be found, it does not appear that it can have any weight in this case. The collector states that this answer if approved, will Mutatis Mutandis, serve for the other suits and as it appears to the Board to constitute a good and sufficient defence, they beg to recommend that authority be granted to file it and to conduct the proceedings in the five suits at the public expence. It may be further observed that the Collector states that these suits appear to have been got up solely in consequence of the notion which has been industriously circulated in the district in consequence of the Principal Sudr Ameen's proceedings referred to in his letter of 19th May 1846 that arrears of longer standing than the last Fasly are not to be recovered but by a regular suit which was brought to the notice of Government in para 5 of their Board's Proceedings dated 25th January last.

From the Collector of Nellore.

Sir,

I have the honor to submit my Report on the accompanying Petition No. 1510 of 1846.-

2. The case of Petitioner Cateyah Bee was investigated by the late Collector Mr. Bishop who on the 19th of August 1846 recorded his decision as follows.-

"No one denies the land being a
"Manium attached to the appointment of Cauzee
"and as such it must fall into the possession of
"the Cauzee for the time being- the fact of a
"former temporary holder having planted on it
"could not give him the right of felling away the
"trees as they stood on the land and even had this right
"existed there is room to doubt the Plaintiffs claim
"as relation of the Cauzy but such right of appropriating the
"produce is untenable and the fact of the late Cauzy Bazly
"Ally Sahib having protected the Plaintiff tho very
"creditable to him as an act of Charity does not
"in any way prove her right now set up, a-

which

"which is consequently set aside and any interup-
"tion made to the quiete posesion of the present c
"Cauzy will be punished."-

3. On the receipt of the present Petition I issued a notice to Cateejah Bee calling on her to produce any Documents she might have to prove that the land claimed by her was originally granted independently of the Office of Cauzy but she has stated her inability to do this, and as there does not appear to be a doubt but that this land was originally granted in connection with the Office of Cauzy and as such has been enjoyed by each succeeding Cauzy and is now in the posesion of the present one, I cannot but consider the claim set up by Cateejah Bee totally untenable.

Sir,

From the Coll.r of Cuddapah---

Para 1. Adverting to Para 6th of my letter dated 10th February 1846 and to the Board's instructions with reference thereto conveyed in Para 2d of the Extract from their Proceedings dated 16th April 1846 I have the honor to state that on the occurrence of Lapses among the Merasseedars officiating and non officiating who may not have left Heirs their shares have agreeably to the Board's instructions been attached in whole or in part according to the necessity or otherwise of annexing the same to the office as Cumberty to bring the Emoluments to the proper standard and that the required Report will shortly be submitted for the Consideration and sanction of the Board accompanied with a Statement exhibiting the amount of each lapsed Merasee Enam and shewing whether the same has

Requesting to be favoured with the sentiments of the Board in regard to lapses of shares of Merasee which may occur in Villages the emoluments of which are inadequate in instances in which there are heirs to the deceased.-

has been recommended in part or in whole to be continued in Endowment of the Merasee of each village or to be resumed and brought under Assessment.-

2. Adverting however to the subject generally of restoring to village Offices the aggregate Emoluments proportionate to their Berizes I beg to solicit the opinion of the Board as to the expediency of continuing to the nearest relatives and Heirs of deceased Merasseedars the shares that have lapsed in Villages where the Emoluments of Office may be sufficient or of Resuming the same for the purpose of being made available in compensation of the expense hereafter to be incurred in granting additional remuneration to such Offices the Emoluments of which may be inadequate.-

3. In cases where the Emoluments of Office are adequately remunerative exclusive of a lapsed share it appears to me under particular circumstances a matter of consideration whether near Relatives even of deceased Merasseedars should succeed to the shares of Merasee on the occurrence

Fort St. George 1st July 1847.

occarrence of Lapses and although under other circumstances it might be consider=ed reasonable and just to continue a lapsed share of a Merasdee to a near rela=tive some limit or Restriction should I think be placed in regard to the degree of relationship beyond which it should not revert to claimants on the plea of Consanguinity.-

4 In cases where claimants have a separate share of the Merasdee (the deceased having left no Son or widow or descendants in his branch of the family) the continuance of the share of the Merasdee ought in my opinion to be restricted to Brothers if continued at all, and in cases in which a claimant may not be in the enjoyment of any share of the Me=rasdee annexed to a village its Contin=uance appears to me less objectionable even to parties more distantly related. It seems desirable that some Rule should be laid down for our guidance defining the near=est of kin to a deceased Merasdeedar, lapsed shares of the Merasdee should revert to in cases of the nature above referred to.-

5. I beg to be favored with the

Fort St. George 1st July 1847.

the Board's Sentiment also in regard to lapsed shares of Merasdee which may occur in Villages the emoluments of which are inadequate — in instances in which there are Heirs to the deceased Merasdeedars.-

From the Asst. Coll'r of Chingleput.

Sir,

Para 1. In acknowledging your letter of the 15th February I have the honor to annex a Statement of the extent of land under Indigo Cultivation in this District in the current year. This Statement which has been delayed from the District servants omitting in their first reports the Manium and Totacaul lands shewing the extent of Cultivation in February last when the young plant was on the ground, but it is proper to add that much of the Cultivation failed from the want of timely rain.-

As

Fort St. George 1st July 1847.

2. As information deemed requisite for the entire District I have included the Shrotriem and Zemindaree Villages in the Statement now sent by Assuming that the same proportion of land was cultivated with Indigo in them as in the Government Villages. More accurate information was not within my reach but I believe that the present calculation is sufficiently near the truth to be useful for practical purposes.-

3. Indigo is generally sown in the District during the Months of December and January and the periodical Statement called for will therefore be prepared in future in February.-

Proceedings thereon-

(63-64)

Before submitting the foregoing report for the orders of Government the Board are desirous of being informed of the nature of the Medical service for which the Enam in question was originally granted and whether the last Incumbent Panathoola Kistnia performed the duties appertaining to the office- Should any service be required of the holder of the grant the Collector will have the goodness to state how it is to be performed if, as he suggests the Enam be continued to the widow of the deceased.

Mr. Lovell will further report whether Venkia adopted son of Panathoola Kistniah is capable of undertaking the duties required should the Government be pleased to recognize him as the successor of his adoptive father.-

From the Coll. of Salem

Sir,

Reports on the Kyrata lands entered in the Pymash accounts in the name of Kungaulshaw consisting of acres 226. 17. situated in Chitty gherry & 4 Villages in the Talook of Dharmpoory.

With reference to Mr. Secretary Bycroft's letter under date the 11th June 1846 requiring me to report to whom the Kyrata lands (acres 226—19—4) entered in the Pymash accounts in the name of Kungaulshaw were originally granted, by what authority for what purpose, and in what manner, they came into possession of Kungaulshaw; I have the honor to state for the information of the Board that the lands in question consisting of acres 226—17—4 bearing Peishcush Rupees 220—2—3. are situated in Chettygherry & 4 Villages in the Talook of Dharmpoory and entered in the Circar accounts as Enam granted for the support of Kungaul shaw's Durgah, for which there is no Sunnud among my Records, Boodan Baig the son of Jamaul shaw produced an order issued by Hyderally Khan dated on Austomy of Jeyshoo month of the year Surrajeloo in the name of one Venkatta Row directing him to release from attachment the Enam lands belonging to Kungaul shaws Durgah bearing Peishwah

teerwah, Tercovaddy Pagodas 40. This document is written in Canarees and bears the Seal of Hyderally Khan; but the Authority of Venkatta Row in whose name it was issued is omitted; copy of which is also lodged among my Records.

2. The Enam lands in question were in the enjoyment of Kungaul Shaw originally, and on his death they were put into the possession of his son in law Jungaulshaw, in consequence of his having had no male issue. On the death of Jungaulshaw the lands descended to his son Jammaulshaw who mortgaged and sold a great portion of them to different individuals. Jammaulshaw died on the 28th. October 1843 when his eldest son Booden Baig took possession of the Enam. The 2d. Son Noodeen Baig enlisted in the 3d. Regiment, under whose protection it appears the 3d. Son Nadar Baig remains.

3. Booden Baig the present incumbent had also mortgaged and sold some of the Enam lands. There are in his enjoyment Acres 73—11—5 bearing teerwah Rupees 33—4—6; and Acres 153—7—15 bearing teerwah Rupees 186—13—9 were in the enjoyment of the

the individuals to whom they had been sold or mortgaged. A Statement shewing the extent of lands sold and mortgaged, and the names of the purchasers and mortgagees together with copies of the documents they possess, are herewith forwarded. Copy of the document mentioned in the 1st. Para is also forwarded for the Boards inspection.

4. The Buttawurty Inaumiem lands granted as Kyratie to Brahmins were also in many cases mortgaged or sold; the purchasers by virtue of the deeds of sale caused their names to be registered in the Huzzoor Cutcherry. The mortgagees were in the enjoyment of the lands agreeably to the tenor of the documents executed to them by mortgagers. This practice being contrary to Regulation VII of 1831 which was duly promulgated throughout the District, all the sales and mortgages of this nature which have been brought to notice have been cancelled.

5. The lands mentioned in the 1st. Para are not Kyratie Enams but granted for the support of Kungaul Shaws Tomb which is kept in good order. Six Sevenths of these lands were in the enjoyment of the purchasers and mortgagees but orders were issued to the Tahsildar of Dharampoory agreeably to the above Regulations and instructions from the Board dated 10th August 1846 to attach them, and to keep the collections from them in deposit.

Stating that the Board are of opinion that the late Yeomiah allowance should be considered to have lapsed from the date of the last recipients death in 1813 & recommending that the present Head of the family Boodan beg may be permitted to return the enjoyment of the originally unalienated extent of land bearing a teerwah of 33 4 6.

Para 1

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying correspondence which has passed between the Collector of Salem and this Office relative to the succession of a Yeomiah of the Annual value of Rupees 12 and the disposal of certain Enam lands held by the family of the late Yeomiahdar consisting of acres 226 17 4 bearing a teerwah of Rupees 220 2 3.

The money allowance in question appears from Mr Gleig's Certificate to have been granted during the reign of Tippoo to one Cheraghab Shah by the Amildar of Darapooram "for charitable purposes" and to have been continued under the authority of Captain Read to his son Jungaub Shah in the year 1796. and at a subsequent date

letter to the Board under date the 15th January 1815, it is stated that the allowance was paid to Jungaub Shah the second recipient for performing ceremonies at the Tomb of Rungub Shah the original grantee but that there were no means of knowing whether the grant was hereditary or otherwise, and its continuance was then recommended not upon the ground of its being a permanent allowance but in consideration of the smallness of the amount and the length of time it had been enjoyed by the family.

In addition to the Yeomiah

it is shewn that Enam lands to the extent of Acres 226 17 4 were also held by the family but without Sunnud, the lands however are entered in the Circar Accounts as

With the exception of the entries in the Accounts there is no further evidence forthcoming to show by whom, or for what purpose, and in what condition this alienation in the first instance took place.

5. On the death of the last incumbent these lands together with the Yeomiah allowance as above observed, came into the possession of his son Gaumaub Shah who sold and mortgaged to several individuals great portion of the Enam, and on his death taking place in October 1843 his son Booden Beg in whose favor the Collector suggested the continuance of the Yeomiah on acquiring possession of the land also alienated portions by sale and mortgage, thus reducing the total extent in his enjoyment to Acr. 73-11.

6. With respect to the Yeomiah allowance which was proposed to be continued to the son of the last incumbent, the Board observed that there appears no sufficient grounds for considering it in any way an hereditary grant or in any manner connected with the support of the Durgah for which a large extent of Enam land is shown in the old accounts to have been set apart, they therefore are of opinion that it should be considered to have lapsed from the date of the last recipients death in 1843. In regard to the alienation of the Enam land which were altogether improper, the Board consider that such portions as have been thus diverted by the Enamdars, and since attached by the Collector should be permanently resumed, portions being given the parties who have

From the Collr. of Tanjore containing his opinion on the encouragment of the Emigration

Sir,

I have the honor to acknowledge the receipt of Extract from the Minutes of Consultation and in Board of Revenue dated the 30th April and 13th May respectively regarding the emigration of laborers from the coast to other countries and requiring information as to the bad effects attending the practice—

In

2. In Tanjore a very large portion of the land is cultivated by Ryots or Coolies, the Meerasdars being Brahmins or Men who do not employ either themselves or their families in the actual culture of the ground, any encouragement therefore given to the emigration of field laborers on whom they entirely depend and to whom advances for Cultivation in many instances will have been made, cannot but tend to injure the Meerasdars and through them the Revenues of the District— many complaints have been made of the inconvenience and losses sustained by Landlords in consequence of the desertion of their Coolies, at a time when every hour almost was of value in getting in the seed grain, tho' the numbers who have hitherto emigrated cannot be said to have caused any very serious loss to Government as many have hesitated to quit their own for a distant country of which they knew nothing, but should a free opening be given for the laborers of Tanjore to migrate to Ceylon, the nearness of the place and the facility of getting there will induce numbers to embark

Fort St. George 1st July 1847.

embark from the coast. Talooks and the bad effects arising from the withdrawal of workmen from the lands will be speedily evident, as laborers cannot be easily got to supply the places of the emigrants and a falling off in the extent of Cultivation & productiveness of the land, will necessarily ensue.

3. The population of Tanjore compared with other districts is large, the land Revenue and Cultivation is also in proportion and the Marraimut works to keep this up will continue to demand Coolly labor to a very great extent Annually. So that in every way a drain on the district to supply Ceylon with laborers must be looked upon with apprehension, as there is no superfluous working population or any who cannot find employment either on the public works or under the Meerasdars for every Month in the year.

4. Emigration to the West Indies took away a few laborers from most of the Talooks and the lands they held as Porracoodies were in some instances left waste in consequence & and in others cultivated under the Puttia Monigaro

Fort St. George 1st July 1847.

Monigaro at much inconvenience Emigration to Ceylon if permitted will be fifty fold compared with that to the more distant Countries and in my opinion allowing the free resort thereto of field laborers will be very detrimental to the interests of Government and hurtful to the people of the district.

From the Coll. of Tanjore

With reference to the endorsement on Petition No. 3400 of 1847 now returned, I have the honor to state that on enquiry it appears one of the Missionaries of the District while passing thro a Village in the Trivady Talook was hooted at by a number of Boys and idle people, who on hearing a Complaint had

had been made against them, absconded when called for. The late Magistrate then sent for the Fathers and other relations of the Boys, remonstrated with them on the impropriety of the conduct pursued towards the Missionary, cautioning them of the consequences they would render themselves and their Children liable to, if they encouraged such improper proceedings.

The statement of Petitioners that they were detained 3 Months, is incorrect and put in as usual to make their grievance appear the more important.

The Defendant was personally examined at the Porzor Cutcherry on the 10th 11th and 12th December 1846.-

Upon an attentive consideration of the case the following charges seem fully proved by the admission contained in the Curnom's own Statement and by the accounts.

1st That Pomjah field No 654 liable to assessment in the 2d class has for the last 7 years been entered in the accounts as belonging to the 3d class by which a loss of Rupees 1-3-3- per annum or in the aggregate Rupees 8-6-9 has been occasioned to Government and that the same land being cultivated by the Defendant on his own account during the above period has been entered in the Summabundy account in the fictitious name of Aghlenda Pillay -

2nd That an extent of land comprising

presented by the abovenamed Cunnum in
appeal against the decision passed upon
him by the Collector-

71-72
Proceedings thereon-

The Appellant was
charged with having made false and
fraudulent entries in the Public accounts
both in respect to the assessment and
classification of lands by which the
Government were defrauded of Rupees 25-
14-9- and also for entering land cultivated
by himself in fictitious names in the
accounts-

These charges were in
the first instance referred for examina-
tion before the Tahsildar of the Talook
but the case was subsequently investigated
by the Collector whose decision in
detail accompanies the Proceedings sub-
mitted with the foregoing report from

which

Fort St. George 1st July 184

which it appears that on the conviction
the accused a pecuniary fine of Rupees
was awarded under clause 4 Section 5 wh
has been collected and carried to account
the Appellant being at the same time
removed from his office for general mis
conduct.

3. The Board have given
their attention to the evidence adduced
and taken into consideration the defence
put on by Nagaswamy Pillay and are
fully satisfied of the correctness of the
Collector's decision which they accordingly
confirm.

Ordered accordingly.

That the following Endorsement be passed
on appeal Petition No. 411 of 1847.

"The Board of Revenue
having had before them the Proceedings
of the local authorities connected with
the case of the appellant are fully satis
fied of the correctness of the Collector's
decision awarding the imposition of a
fine of 30 Rupees and confirm the re
moval of the Appellant from the Office

Fusly 1257-

I have the honor to submit herein the Statement of the Offers made for the Abkarry for the ensuing Fusly 1257 of which the following is the Abstract.

A.D. 1847/48

| | Fusly 1256 | Fusly 1257 | Increase | Decrease |
|---|---|---|---|---|
| | C Rs. A. P. | C Rs. A. P. | C Rs. A. P. | C Rs. A. P. |

| Moosery | 2,150 " " | 2,430 " " | 280 " " | " " " |
| Laalgoody | 4,750 " " | 4,250 " " | " " " | 500 " " |
| Torriore | 3,260 " " | 3,020 " " | " " " | 240 " " |
| Woodiarpolliam | 1,750 " " | 1,600 " " | " " " | 150 " " |

| | 21,390 " " | 20,570 " " | 810 " " | 1,630 " " |
| | | | Net Decrease | 820 " " |

2. The average of the last five years

years is Rupees 19393 the present offers exceed it by Rupees 1177.-

3. The large decrease in the Talooks of Conaud and Caulgoody is occasioned by the removal of 4 arrack Shops situated close to the Military Abkarry limits. 2 were finally abolished and 2 removed half a Mile further than their present position, on a representation made by the Deputy Assistant Commissary General of this Station in consequence of the facility considered to be afforded to the European soldiery of procuring liquor from these shops, as well as to prevent any Smuggling into the Military limits With a similar view some of the more distant Shops belonging to the Commissariat Contractor have also been abolished. On a communication, with reference to this subject being sent to the Collector / Mr. Onslow / he promised to accede to his request at the conclusion of the present Fusly I have therefore thought it proper on the wishes of the Assistant Commissary General being repeated to make the arrangement abovementioned.-

4. There is a small decrease of

of Rupees 240 in Vitticulty 240 Rupees in Porriore, and 150 Rupees in Woodiarpolliam the amount of rent for the last year of the 2 former Talooks considerably exceeded those of the previous 5 years. but the Renter is supposed not to have found the speculation answer and this has tended to deter bidders from offering a higher sum than the amount shewn in the Statement. The decrease in the Talook of Woodiarpolliam is probably in some measure attributable to the removal to Pondicherry of a large party of Kyetullers from the Villages of that Talook in quest of work and they state them to be their best customers. No one desired to have the rent except the individual who held the same last year.-

5. The Renters have promised to make deposits to the amount of 2 instalments on the 5th and 10th of next Month I therefore request the Board will be pleased to confirm the offers for the Abkarry for the Fusly 1257.-

From the Collr of Tinnevelly

Sir,

With reference to the Board's Endorsement on Petition No. 1094 of 1846 dated 24th August 1846 I have the honor to report that in order to ensure greater punctuality in the Collection of the Revenue an order was issued in 1845 by the Collector to the several Zemindars in the District to the effect that their Kist Money should be remitted punctually within the 15th of every Month for the 11th of which it falls due) and that on failure interest would be charged for the delay. As the Petitioner persisted in delaying the payment of the Monthly Kists beyond the 1st of the following Month he was made to pay the Interest thereon from the 16th with reference to the order above quoted and it is strongly recommended that the said Interest be not refunded on a/c of the Zemindar but if the amount has been

16th and the end of the Month, as perhaps not to be warranted by Clause 2 Section 2 Regulation XXVII of 1802) as it will have a bad effect on the punctual Collection of the Peishcush Revenue.

2. The Petitioner prays for the return of Rupees 2715-1-9 which he voluntarily paid in part of the Interest on the Peishcush balance of the Panjam Zemindary Amounting to Rupees 5901-3-3 as reported to the Board on the 2d August 1836. The remainder or Rupees 3186-1-6 was subsequently recovered by Government under date 20th August 1836. Under these circumstances Petitioner's bringing forward at so late a period a matter long since settled, is out of place, and his request is recommended not to be complied with.

Proceedings thereon

79-80

The Board approve of the Proceedings of the district authorities as reported in the first para of the foregoing letter. The interest charged on the arrears from the date they became due to the end of the Month not being warranted by the Regulations, should be refunded to the Zemindar but if the amount has been

carried

carried to account, Mr. Elton will be pleased to obtain sanction for its repayment in the usual course. The claim of the Zemindar for a refund of Interest paid by him in the year 1836 is inadmissible.-

Tanks & Vizagapatam requesting that no further delay be allowed to occur in reporting on the lands held rent free or invalid tenure in Rajahmundry and desiring that the deputy Sheristadar in that district be placed in the same footing in point of this class in unsettled districts.

Read the following letters.

From the Secretary to the Board of Revenue. (Here enter 8th October 1846 - No. 1475)

From the Acting Secretary to Do. (Here enter 8th February 1847 No. 93)

Para 1 The Most Noble the Governor in Council proceeds to the Consideration of the papers recorded above having reference to the Orders issued by Government in Extract Minutes of Consultation dated 14th April 1846 No. 432 for improving the condition and resources of the Rajahmundry District.

2. In their Secretary's letter of the

7th September 1846 the Board of Revenue in acknowledging the receipt of those orders report having communicated the views of Government to the local officers of Rajahmundry and the dispasal of some of the important points therein discussed relating to the Zemindaries of the District, to the Survey the issue of Tuccany Abolition of the Grama Rurels, Allowances to Pagodas Remuneration to Village Officers and the allowance to the Head Sheristadar.

Paras 2, 3 and 7 & 11

3 The points which remain to be further considered and now again brought forward are.

1st The introduction of a System of Joint Village rents in respect to the Government lands.

2 The resumption of rent free lands held on invalid titles.

3 The Salary to be assigned to the Deputy Sheristadar of Rajahmundry.

4 In respect to the first of these subjects the Government in para 6 of the Extract Minutes of Consultation of the 14th April 1846 acceded to the proposition of the Commissioner of the Northern Circars that as a temporary measure and until the introduction of a Survey and assessment the system of Renting Villages to the inhabitant Villagers

"Joint Village rents"

Fort St. George 5th July 1847

Villagers denominated joint rents should be encouraged and required the Board of Revenue to submit a full explanation of that system.

5 From their letter of the 7th September last it would appear that the Board of Revenue differed as to the manner in which these rents should be concluded, but recommend the following as the system which they have heretofore advocated and which they state to have been adopted on many previous occasions in the Rajahmundry District Viz. That the Demand on a Village should be fixed from a General view of its present cultivation and past Collections, that the whole body of the ryots be assembled and required to arrange amongst themselves the distributions of the Amount that the Villagers are to assign each individual his quota of land and assessment and enter into an engagement to be jointly and severally responsible for the whole sum, and that these arrangements should be subjected to the scrutiny of the Collectors Establishment in the presence of the parties, and the consent of each person to the terms ascertained, Pattahs are then to be given to every ryot who is entitled to a receipt for his individual payments, all Extra Collections under whatever

Fort St. George 5th July 1847

whatever denomination heretofore paid being prohibited, and Balances of Public Revenue being made up by an Extra cess carefully and cautiously levied."

In the concluding paragraph of the same letter however it is explained that "these are not the unanimous views of the Members of the Board who had separately recorded Minutes which were laid before Government with the Boards letter of the 8th October 1846. It appears from these papers that the Acting Second and Officiating Members object on various grounds to the System suggested by the present Majority of the Board and think that as that System is intended only as a temporary expedient pending the introduction of a Survey and Assessment, the arrangements to be introduced for the settlement of the Revenue of the Rajahmundry District should at once be based on the leading features of the Ryotwar system and for which they would seem to anticipate no difficulty, on the assumption that the resources of the Villages are to be found in the Village accounts. From the manual originally prepared these Officers appear to advocate the measurement by

by the Curnums of all the lands comprised in their respective Villages and Mapping of the Villages of their subdivisions and of the limits of the fields, the preparation by the Village Servants of the Component parts of the Village Area, its number description and particulars of the Soil and the regulation of the assessment.

7 The Government see much objection to the partial carrying out of this measure. The Curnums generally of Rajahmundry and Guntoor to be falisified. the Corruptions to which they have been parties extensive, and their encroachments of Enam to have attained a height as materially to affect the Revenues. It could never be expected that from them alone any accounts on which Reliance could be placed could emanate. their Survey and Mapping would not be conducted on one principle. They are ignorant of the modes of measuring and utterly unable to delineate Maps so as to be intelligible, and this being the case, neither the

the one nor the other could be depended upon as a guide for assuming a present assessment and would mislead and could not further, but rather encumber the operations of a further measurement on proper and recognized principles. His Lordship in Council for these reasons is unable to adopt the views of the Acting 2d and officiating Member.

8 The 1st and 3d Members propose an annual Collective Village rent, the Amount to be distributed by the Villagers the extent of land and the sum each Ryot is to pay being defined as a putteh to be given by the Collector, and the deficiency if any to be made good by an equal percentage extra levy on every individual Ryot. In the event of the Collections of one year failing the produce of the next is to be held answerable.

9 To the principle of a collective rent for the due payment of which the Villagers are jointly and severally responsible the Government have on several occasions recorded their assent. But to the entire plan proposed by the 3d Member as appearing in his Minute of the 11th July 1846 there occur to his Lordship in Council some objections. The objects of a joint Village rent are to relieve the Ryots from the

constant

constant interference of the Government servants to encourage them to extend and improve their cultivation by giving them all the benefits that might thereby arise, and to make it the aim and interest of the wealthier Ryots to protect, foster and help the poorer. These objects the Government believe would be defeated rather than advanced by the issue of puttahs which would serve rather to fix the minimum of what the poorer Ryot should pay than, as intended the maximum, and by defining the quantity of land would be a bar to the extension of his cultivation, should his means embrove as the season advances. The imposition of a fixed rate of Extra levy is also objection-able and would afford more the means of oppression than a restriction of demand. The Most Noble the Governor in Council is of opinion that in the formation of joint Village rents these details may with safety be left entirely to the Villagers themselves. They should be unfettered in their arrange-ments which it is clearly their interest should be beneficial and not injurious to individu-duals, and though it must be expected there will be occasional instances of oppression and hardship yet he thinks they will be of

less

frequent occurrence than when the apportionment of the Village settlement is stamped by the authority of the Government Officer and can in either case be as easily redressed by the cooperation and influence of an efficient and active Tahsildar.

With these views the Most Noble the Governor in Council directs that pending the intro-duction of the proposed Survey Assessment joint Village Money rents be encouraged in the Districts of Rajahmundry Guntoor Masulipatam and Viza-gapatam. That they be concluded with the Ryots that every Ryot forms a party to them, that all be jointly and severally answerable for the Rent by a written document that the further internal ar-rangements be left to the Villagers themselves ex-cept when from any particular Circumstances all the Ryots of a Village may themselves desire to have their several liabilities duly defined in Puttahs when the Collector may be left at liberty to grant them and that these Rents shall be for 1. 2. or 3 years as the Parties may desire. The Government do not think it necessary that any rules should be laid down for the Collection of arrears of one year by a rate on the produce of the next. It is the Collector's province to provide for the due realization of the Revenue and he must adopt such measures as circumstances dictate as the circumstances of each case require and this being as the Board of Revenue in Council is of opinion if the Amount of rent be carefully justly and moderately fixed with reference to former Collections produce, state of the Village the prospect of season prices and condition of the Ryots by a due degree of vigilance on the part of the Revenue local authorities it should be generally realized with punctuality.

II. As a general rule ordinary season Remissions are incompatible with the system of Village rents but in cases of extreme

Lyt

loss, whereby the inability of the Ryots to meet their engage-
=ments is clear and not the result of causes within their
Control, His Lordship in Council is of opinion that the
remission of balances is preferable to their being allowed
to stand over for Collection from the proceeds of a future
year, a system destructive of the resources of the Ryots and
he will therefore be prepared to give favorable Consideration
to the recommendations of the local authorities for reasona-
=ble remission when fully supported by the Board of Revenue,
but it should be clearly understood that such cases
will form the exception not the rule.

12 The Most Noble the Governor in Council believes
that the Collectors will find no difficulty in planning rents
on this plan. Occasionally there will doubtless be found
Persons who from contumacy will not consent to engage
in them and where such contumacy is clearly established the
local officers may be authorized to give the rents and terms
offered to the Villagers to strangers, but this power must be
cautiously and discreetly exercised and such rents must
not exceed beyond one year. The Reversion to a division of the
Crop or to Peepsabady Settlement being the usual alternative to
a new Compliance with terms for rent will it is believed
generally be sufficient to induce the Ryots to consent to a
mode of Settlement advantageous to themselves as well as to Government.

Rent Free lands.

13. In respect to the orders issued for the resumption of lands
held rent free on invalid tenures, regarding which the Board appre-
=hend there are some legal difficulties and upon which subject
they proposed to address the Government, His Lordship in Council
observes that more than five months have since elapsed and he is
anxious that no further delay should be allowed to occur on so important
=tant a subject.

Salary of the Deputy Sheris-
=tadar.

14. In regards to the question raised in para 13 of the Board's letter
of the 7th September and adverted to again in their Communication
of the 8th February last the Most Noble the Governor in Council observes that
by the orders of the 11th April 1846 [para 17] the Head Sheristadar of Ra-
=jahmundry has been placed on the same footing in points of allow-
=ances as Officers of this class in unsettled Districts and he is willing
under the circumstances represented by the Board that the Rules should
be extended to the Deputy Sheristadar provided he is fully qualified
for his Office. The Board will instruct the Collector accordingly but
as in the case of the Head Sheristadar they will satisfy themselves
that Competent parties are appointed by the local authority to the subordi-
=nate Office.

From the Agent to the Governor in Ganjam. Sir

I am pursuance of the intention to make a grant of Jungle land to Kuldar Naik the Sundar of the Samastan Peons of the Boygadah Mootah in Goonsoor, in consideration of the active assistance rendered by him in apprehending a party of Dacoits as brought to the notice of the Government of India by the Commissioner in Cuttack, I have the honor with reference to the correspondence noted in the Margin, hereunto to submit for the consideration of the Board of Revenue and the orders of the Government a Copy of a letter from my Principal Assistant dated 5th Instant with its enclosures, and to state that I concur in Mr. Shubrick's recommendation that the 20 Burnums (about 4 Acres) of wet and 80 Burnums of Dry land entered in the Statement as fit for Cultivation together with 100 Burnums of waste land over grown with Jungle in the Small Village of Gochabady in the Juggernath pergunnah

Sir, I have the honor to inform you — with reference to your letter No. 31 of the 2d April 1847 regarding the grant of land to be conferred on Hulder Naik under the orders of the Supreme Government dated the 30th May 1846, that I have personally communicated with him when lately in Goomsur, and ascertained that he hopes extended to receiving the Village of

of Gochabady in Juggannaut prasaud Mootah in Emam for his services in apprehending the Cuttack Dacoits —

2- Enclosed are Statements shewing the particulars of the lands under the Village and the demand and Collection for the last twelve years —

3- You will perceive that 20 Burrumo of Wet and 80 of dry land are described as being fit for Cultivation —

4- As Hulder Naik already holds 450 Burrumo of land on service Tenure, I am inclined to think that a grant of the land mentioned in the preceding Para together with 100 Burrumo of Jungle to be enjoyed as Emam, and which might eventually be expected to yield about Rupees 100 per Annum would sufficiently carry out the intention of Government in his behalf and would therefore suggest its being made —

5- The grant of the entire Village would in my opinion be excessive —

The result exhibits an increase of Rupees 1738 above the Beriz of Fusly 1256 and Rupees 53963 above the average Beriz of the last 10 years. This first mentioned increase is in favor of the Fusly under remark, a decrease of Rupees 1501 appears however on looking over the details of certain Talooks of which the greater portion is in the first 5 Talooks (Rupees 3991) the remainder (Rupees 5107) is a trifling decrease in Adoni and Yadoke. The Contractor who has rented these 5 Talooks is Mr. Francis Abraham, the Shopkeeper and the Ahlvarry Contractor in the limits of the Military Cantonment at Bellary

Resolution thereon.

(16-17)

The Board of Revenue sanction the acceptance of the offers for the Abkary Contracts for Fusly 1257 in the Bellary District being in excess of the Current years Rent by Rupees 1738- and authorize the renters being put in possession of their respective rents at the Commencement of the ensuing Fusly. on their making the deposit and giving the security mentioned in para 3 of the above letter.-

With respect to the proposition of Vydeling Pillay renter of the adonie Talook to nominate Mr. Abraham as his security for his aggregate liabilities the Board observe that this course is unusual and on general grounds objectionable, but as it is supported by the Collector who the Board presume has fully satisfied himself of the security being unexceptionable they do not object to the arrangement on this occasion.-

From J. H. Cochrane Esqre
Collr. of Cuddapah--

Sir,

I have the honor to forward Statements shewing the Offers that have been made for renting the Abkarry of this District for the ensuing Fusly 1257/1847/48 and the average rents for the 10 preceding years.-

There is a net Increase of Rupees 11797- after deducting from the total Increase the decrease in the Offers made for the Talooks of Doovoor and Camalapoor Amounting to Rs. 585.-

This net Increase appears excessive when it is Considered that the proposals made in the last two years for Fusslies 1255 and 1256 in the total exceeded also those of any previous years and by Rupees 2540 and Rupees 3085 in Comparison with the rents of the year preceding them respectively.-

In taking the average of the Offers for the last 10 years the proposals now made for Fusly 1257 shew an increase in all the Talooks, Amounting in the total to Rupees 22801.-

The renters being Persons of substance and their Sureties being Competent, I beg to recommend that their Offers may receive the sanction of the Board of Revenue.-

To, T. Pycroft Esqre
Secretary to the
Board of Revenue.
Fort St. George.

(22)

Sir,

From the Agent to ----- the Govt. of Fort St. George - at Kurnool ----------

Para 1. I have the honor to trans=
=mit the accounts of the annual Settlement
of the land Revenue for fusly 1255.-

Transmitting Report on the annual Settlement of Land Revenue for fusly 1255 with Statements Nos. 1-2-3-4-6-7-8 and two others.-

2 - The disturbance occasioned by

Fort St. George 5th July 1847.-

by the dis-affected Poligar Narsima Reddy in Cuddapah kept me so long engaged on the Frontier of the District and the subsequent proceedings against the adherents of the Poligar threw so much additional work on my hands, that I have not been able to comply with the Board's requisition to furnish the annual report within three Months after the expiration of the fusly.-

3 The season of fusly 1255 has al=
=ready been described in my letter to the
Board dated 18th February last as very
unfavorable and I found it in consequence
absolutely necessary to relax in some measure
the strictness of the Rules regarding Remis=
=sions. Prices, as was to be expected were
very high and but for that circumstance the
realization of the Revenue would have
been impossible as it was much distress
was felt, for even the most productive
land yielded but a small outturn. In one taluk
which received the benefit of some partial
rain hardly any remission was given

The

The Southern Talooks suffered most par=
=ticularly Chagulmurry and Caniem, and in
these the remissions were
largest. The Board may
rest assured that as far
as it lay with myself
individually every pre=
=caution was taken to ascertain where
remission was really necessary, and
with this view as long as there were any
crops on the ground, I made the settle=
=ment not in each talook only but
in each Maty, so that there were very
few Villages I could not reach in a
morning ride and I believe I may say, that
I inspected at some time or other in the
season the greater part of the Villages in
which remission to any exctent was granted.-

Notwithstanding the unpro=
=pitious season the Caboolaty
was much higher than the
year

1 Note
+ The remissions actually largest
in Nundial but of the 6014 Pds
allowed there on account of
Shamlat Bunjer Rupees 4133

year before and even after all the remissions were
granted the actual settlement of the Iyen
Beriz also was still considerally in
excess of that for Fusly 1254.-

" 1255 — 28,780-
Decrease — 5,469-

5 Apart from the Iyen Beriz under
the denomination of Enamity there is an apparent
decrease of 5,469 Rupees but it is only nominal the
difference being the amount imposed at the usual
rate, on certain Enam lands which are protected either
by Sunnuds, or as being Dashays or Cazees Enams.
The demand has never been enforced and as retaining
it in the accounts every year only tended to swell the
amount of the balances, and as my investigation of
the Sunnuds was completed I thought it better not to
include that amount in the demand for Fusly 1255.-

Decrease 1287
Increase 36
Net decrease 1251

6 In the Jodee there is a decrease
of 1287 Rupees of this 44 Pds is on the Enam lands of the
Dhers in the Village of Chakarayaneimla, and
which I took off because their land was not culti=
=vated and they in consequence had no means of pay=
=ing it; 221 Rupees on the second Crop (Nunjah) in
three Villages left uncultivated for want of water,
929½ Pds on lands in various Villages altogether given up by
the holders the Jodee upon them being so high as to make
them not worth Cultivating- 59½ Rupees in the Village
of Rajole which ought to have been included last
year in the Iyen Beriz but which was erroneously
brought to account under the head of Jodee- In
the Village of Vempenta there is a nominal decrease
of

Fort St George 5th July 1847

of 32½ Rupees - It is upon the Curnums Enam and re-
=mains as a balance every year at the time Kurnool
was assumed this Village was held in Jaghire the total
amount of Jodee on the Curnums Enam according to the
Jemindars accounts of the late Government is 81-4-"but as
more than two thirds of their land is Anady Bunjer they
have never paid more than 48-12- as the difference is never
enforced it was not included this year in the demand.-

9 The total amount of remission
made at the time of the Settlement for waste and
short produce was 19254 or about 3½ per Cent on the
Revenue. Considering the Season and that the Assessment
in Kurnool is much higher than in the neighbouring
Districts this cannot be called much particularly as
when it is remembered that nearly half of it is on
lands left uncultivated.-

8 On the lands which were actually sown
I made the remissions with as much care and scrutiny
as was in my power and the Marginal
Statement will explain the different Classes
into which it was divided and the Amount
allowed in each - As the clamour for re-
=mission was very general I first thought
of remitting a certain percentage to all alike
on Crops in a particular state whenever some
indulgence was found necessary but when
I came to apply the Rule I found that
the difference in the circumstances of the
Ryots

Ryots and the inequality of the Assessment made it
impracticable to any good purpose, it was therefore re-
gulated for the most part with reference to the Circum-
=stances of each individual and the general Autturn
of his whole farm. An Estimate account of two
Villages in which remission was allowed is submitted
for the Boards information as specimens of the plan
I adopted. The total remission for deficient Crops
on dry lands was 7,607 Rs and on wet and garden lands
entirely unproductive 2,660 Rupees.-

9 In the Village of Suntajeetoor a re-
=mission of 7-5-0 was allowed on land in the bed of
a tank which was flooded and in Palliagarum 12-4-8.
was remitted on some land washed away by a
Jungle Stream.-

10 Under the head of "Teerva Comme"
there is a deduction of 448-10-1- it occurs in several Villages
The Principal item is 201 Rs on account of land planted
with Sugar Cane which under the late Government paid
a high additional tax. Had these lands assessed
according to the Boards instructions conveyed in the
letter of the 26th January last and the above Amount
is in excess of that assessment. In the Village of
Bramanpully some Bagoyet land assessed at 31-4-"
was held by a Ryot who absconded at the Commence-
=ment of the season as it was included in the Cowboolaty

but not early enough for a second Crop and as it was two Crop land I took off half the rent Viz 15-8-

In Muddoor Rs 4-13- a of "teeruvu jastee" was added to some land unnecessarily: it ought not to have been brought to account and was taken off at Summabundy.

In Pefserpaud by a fraud of the Curnums an additional 4 Rupees was put upon a field in a Ryots putta which I accordingly took off. In Gorkul Rs 29-8 a of teeruvujastee which had been put on some land which received a little water was remitted be cause the crop was dried up.

In Condajootoor 10-2-8- of teeruvujastee was added to some land by the Curnums merely because it was added the year before but as the land remained uncultivated that year for want of water, I took it off. In four Villages I took off 24-13-a of Bagoyet teeruvu on lands which for want of water were cultivated with dry grain.

In four other Villages in which the Bogoyet teeruvu is very high and about which Complaints have been made to me every year I reduced 134-5-3. I had hitherto put off the Ryots by saying it would be rectified when the Jaram assessment was introduced - but as there does not appear any immediate prospect of that, and as this was a bad year, I considered it proper to make some allowance.

11. Q: 1. was remitted on some land planted with the Mauritius sugar Cane on the Condition of reserving the produce for seed.

12. The difference of 444-14-4- in the allowances paid to the Jaghiredars of Villages is partly owing to the death of one of

of the Jaghiredars by which his Villages have reverted to Government, and partly to decrease in the Berij.

13. The increase of 64-3-3 under the head of Quit rent is on my garden as sanctioned by Government.

14. There is no balance of Tuccavee advanced for the cultivation of Fusly 1255.

15. The total collections up to the end of last month are 622280 leaving a balance of 5282 Rupees which will be enquired into at Summakbundy. Of the old balances a report will be submitted in the course of a few days.

Size on Paste.

On the back of the Purwanah according to the sawal Dustaty fund the following is written.

Five Cawnies of Nunjah land were continued according to the Purwanah of the late Nabob for the subsistence of the family of Shaha Voopa Ully Durvaish in the Village of Aberamchery of the Dehaut Condapoorum in the Cauvary paulk Purgunah of the Conjeverum Circar subject to the Carnatic in the Peyenghaut of the Hydrabad Soobah and the same is now to be continued as formerly.

The Contents of the sawal Sheristah was affixed on the signature of the Nabob was affixed on the sawal Pottee purporting. That the Enamdar Yeomiah Durmah Zemin, or Salemader if tendered original or Copy of the Purwanah of the late or present Nabobs or Hyoolcary with the seal of the Sudder, Copies of the Purwanahs are to be taken and to receive the Hyoolcary and then to grant Sakeed, this was continued hitherto but owing to the Changes in the Amildars the Enamdars demanded

New

new Purwanahs in the names of the successive Amildars.-

The Sudden also presented a Sawaul Puttee on the subject it was attested by the Nabob stating that new Purwanahs are to be granted inconformity to the former ones.-

What are the instructions on the subject? The signature was affixed on the Sawaal Puttee stating that according to the attested Saval Puttee of the Sudden permitting him to grant new Purwanahs in conformity to the former one, the Moolsuddies of the Devan Dufter also should act accordingly.-

The attested Sawaul Puttee of the Sudden is recorded in the Sudden Dufter and a Copy with the seal of the Sudden is lodged in the Dufter. The attested Sawaul Puttee of the Sudden authorizes to grant new Purwanahs in conformity to the former ones.-

Proceedings Submitting a letter from the Acting Collr of Northarcot reporting the Decease of an Enam in the Village of Abeerampharry in the Cauvery-pauk Talook held by the late Syed Ruthud and recommending that one half of the Enam Land enjoyed by him be continued to his widow for life without entailing any Jodee.-

thereon. 1. The Board observe that Syed Ruthud, the Enamdar whose death is reported in the foregoing letter, was in the enjoyment of a Charity Enam of the value of Rupees 30-8-6 per annum, subject to a Jodee of Rupees 1-9. The family left by him is reported to consist of his widow, and a brother, a Sepoy in the 8th Regiment Native Infantry, the latter appears to be independent of the Enam as he lives separately with his own family, but the widow it is stated has no other Means of support, the Collector therefore recommends that the Enam be continued to her for life, with an increased Jodee of Rupees 25-4-3. being half the assessment on the land.-

2. The Enam above Mentioned having been granted in A. H. 1166 or A.D. 1750- for the subsistence of Shah Voospah Ally Durvesh and his Mootaliquan should have long since lapsed

lapsed to Government - it appears however to have been continued to the fourth generation, the last incumbent being great Grandson to the original Grantee.

3. Under the circumstances stated by the Acting Collector, Viz.t that the widow's Jaramboe depends solely on the Enam for support, and that she has no other Means of subsistence, the Board beg to recommend that half the Enam land enjoyed by her late husband be continued to her for life, or without any Sodee. This course would in their opinion be preferable to continuing the whole land with a Sodee of half its value, as proposed by Mr. Lovell, and would relieve the widow of all further interference with her Enam, during her life.

of the Board of Revenue under date 5th March 1846

X 27th February 1846 accompanied by an Extract from the Minutes

of Consultation of Government ordering the

renewal of several lapsed shares of Mootaliguan

Hoosaina Beebee Wife of Goolam Mahomed. Dehat Enams, I have the honor to report that one of the Enamdars has applied for the payment of her share in arrears from the decease of the last incumbent, 18th January 1842, the aggregate amount being Rupees 75-9-9. If her request be conceded it will be necessary to grant the same indulgence to the other Enamdars. I have therefore the honor to submit a Statement of the arrears amounting to Rupees 1115 - 11 - 7 and to request that the Board will be pleased to obtain sanction for the payment of that sum to the Enamdars.

the information of the Board that one of the defaulters No. 1. mentioned in Para 2 of their proceedings dated 29th April last, paid up the arrears due on his lands, but the lands of the other named Hiristniah of Mudeinmaradally marked No. 2. will be sold with all the other lands entered in the advertisements forwarded with my letter of the 21st May last; in consequence of his obstinately refusing payment. (30-31)

Read again letter from the Collector of South Arcot dated 10th April and entered in Consultation 3rd May last.-

Ordered that the following letter be sent in reply.-

(32)

To The Collector of South Arcot.-

To The Coll.r of South Arcot.

Sir,

With reference to your letter of the 10th April last forwarding an Extract from

Fort St. George 5th July 18

from the records of the accounts of your District for July 1753, I am directed by the Board of Revenue to observe that the Villages forming the items 55 and 58 in Statements Nos. 1 and 2 which accompanied your letter are entered in Mr. Hyde's Register of 1815 as having been granted for life only so far back as the years 1759 and 1767 respectively. The parties who are represented to be the present holders of these Enams would appear to be the original grantees themselves from the circumstance of their names being the same as those shewn in Mr. Hyde's Register of 1815, but the length of time that has elapsed since the date of the original grant, as also the difference in the entries as regards the name of one of the sharers in the case of Enam No. 55 who is entered as "Shaik Hoosein" in the Extract from the records of the accounts and as "Syed Cossim Shah" in Statements Nos. 2 and 3 lead to a different conclusion. You are therefore requested to ascertain whether any lapse has occurred in these two cases since the date of the grant, if not, how the difference noted above has arisen, and whether the Nature and tenure of these Enams have at any time, like the others come under enquiry. You will be pleased to supply the explanation.

explanation are three points for communication to Government.-

The Board further remark that entry No. 13 in Statement 3 does not appear in the other two Statements shewing the disbursements on account of Fusilies 1252 and 1253 and you will be pleased to explain the cause of this omission.-

As regards your observations in the second para of your letter respecting the mode of adjusting the accounts of the Enamdars of your District under Management the Collections from which are carried to the Jyen account thus forming an item of direct disbursement when repaid to the Enamdars, the Board desire me to inform you that they deem it inexpedient to introduce any alteration in the system hitherto observed in that respect.-

Sir,

From W. D. Davis Esqre. Collr. of South Arcot - - Para 1- Forwarding Statement of

Having invited by the usual Notification all bidders for renting out the abkarry

Abkarry farms in this District for the ensuing fusly 1257 to present themselves, On the 7th Instant (the day appointed for the sale) I put the rents up to Public auction the whole farms in one lot in the first instance for which the highest bidg amounting to Rupees 97100 or Rupees 3950 - in excess of the current year) was made by one Davasekamany Pillay a person concerned in this years rent.-

2. I afterwards as usual put up the Talookwar farms separately and from the circumstance of three other parties from Pondicherry attending as competitors, the rents rose up to and extended for beyond what I had anticipated.-

3. The same total of the bids amounted to Rupees 87780 - or Rupees 10,180 in excess of the Current years rents and Rupees 6630 above the amount tendered for the Entire lot. The Board will observe that the total of the Talookwar biddings is higher than in any other year since Fusly 1241 - owing to the unprecedented competition and rivalry especially of Cuddalore which is supposed to have much exceeded its real value.-

4- The particulars of the Talookwar terms being shown in the Enclosed Statement I have nothing further to add thereon.-

5. Some of the proposers having made deposits in ready money Gold and Silver Jewels equal to the amount of three Kists of their rents and others having made similar deposits equal to the amount of two Kists, and offered additional Security by respectable Merchants for two kists more for the due fulfilment of their Engagements, I have the honor to recommend the Talookwan Offer of Rupees 87780 for the approval and Confirmation of the Board of Revenue.

Read again Extract from the Consultation dated 26th November 1845 calling for detailed explanation regarding the several items comprized in the arrears of Quit Rent and Ground Rent outstanding in the Madras Collectorate from Fusly 1245 to Fusly 1254, amounting in the aggregate to Rupees 8183-13-3 and recommended for remission and requesting explanation as to the cause of these balances having been allowed to run on for a series of years instead of being adjusted at proper intervals, as also to ascertain and report whether the lands are considered saleable and if so, whether the proper course would not be to expose them for sale for the realization of the Government demand.

Proceedings thereon.

Submitting for sanction correspondence with the Govt. of Madras relative to the arrears of Quit Rent & Ground rent outstanding from Fusly 1245 to 1254 and recommending that authority may be granted for writing off the amount Rupees 8183-13-9-

Govt. Pro. 1st July 1846-
From Coll. 28th Aug. to Con. 19th October 1846 2660-

The Board now beg to submit for the information and orders of the Most Noble the Governor in Council, the further correspondence with the Collector noted in the Margin, which will be found to contain such additional information as is procurable respecting the occupation and assessment of lands within the precincts of the Supreme Court, and the expediency of Government enforcing the payment of Quit Rent by resorting to the sale of the defaulters lands.

Detailed

2. Detailed Lists exhibiting the several items which are deemed to be recoverable with explanatory remarks appended accompanying the Collectors' letter of the 25th April 1846 Statement No 1 shows the portion of the arrears on account of Quit Rent due on houses in ruins Viz. to be Rupees 1703-10-2 while Nos 2 and 3 exhibit the outstanding balances on account of Gardens partially cultivated, and lands out of cultivation amounting respectively to Rupees 1917 — 1 and Rupees 3048-15-10, Statement No 4 comprizing the arrears of Ground Rent for the two Fusilies 1251 & 1052.

In Cons 25th June 1846.

3. On examining these accounts the Board were induced to call for further information in explanation of some of the entries and certain apparent discrepancies to which Mr Hodgkinson replied in his letter of the 28th August last.

Vide Rec. 2 July 1846

4. The Board deem it unnecessary to enter at any length into the details of these and the papers which accompany the present Proceedings affords the requisite explanation and they will therefore confine themselves with noticing a few only of the more prominent items.

In Cons 19th October 1846.

5. In all cases such as that of the Merapoidars of Poreravankum referred to in para 4 of the

the Collectors last letter (Vide also entry No 206 Statements) in which personal property available for distraint is not forthcoming on the premises it is obvious that the local Officer is without power to ensure the realization of the assessment under the existing state of the law obtaining within the limits of the Supreme Court. In the particular instance of the lands in Paraiavankum it occurs to the Board that arrangements might possibly be made with the Merapoidars (if indeed such parties are now to be found) by which in future the annual Bills for Quit Rent might be made out in the names of the Tank Diggers who are represented as having been in possession of the land for the last 48 years. These parties the Merapoidars state have refused to pay the amount which they are entitled to receive and hence arises their own inability to meet the demands of Government should such actually be the fact; the Board would suggest for the Collectors consideration that measures be adopted with the concurrence of the Merapoidars to render the occupants directly liable to Government in future and advantage might be taken of the proposed present remission of old arrears to effect this object.

6. The preparation of the Bills adverted to

to in Para 5 would seem to have been superfluous, and ought to be discontinued so long as exemption is allowed to occupants of other houses similarly circumstanced.

7. Mr. Hudleston states that under instructions from this Office no Bills have been prepared in the case of the Triplicane Brahmins whose houses are enumerated in the list which accompanied Mr. Murray's letter of the 5th May 1847. On a review however of the correspondence which then passed on the subject it does not appear that any definitive authority was ever accorded for exempting the Brahmins from the demands of Dwb Memb, the their right to such indulgence would seem to have always been recognized.

8. The cases alluded to in the 6th Para calls for no remark. It will be seen that the result of the inquiry instituted in the case of No. 290, 293 &c. consisting of pieces of land not to be found, entered at the close of Statement No. 1 has not brought to light any of the spots excepting No. 364. It is stated that the demand upon this from 1845 has been realized in full, and the Collector expresses his readiness if directed to recover the whole amount due upon it from 1843 Viz. 4-10-8 the Board are not aware of any

any reason for the Collector making the reference regarding the immediate realization of this arrear which they direct him to collect without delay. With respect moreover to the other spots entered in the accounts under the head of "not to be found" the Board see no grounds for a remission of a demand which full and complete enquiry may hereafter discover, and from which the dues of Government may then without difficulty be realized as in the present instance.

9. The statement of the arrears of Ground Rent on Bazars and Boutiques Dues due for July 1251 and 52 amounting to Rupees 15 1/4 3 2 calls for no particular remark.

Paras 2, 3 & 10. 10. It is observed that full explanation is afforded in the Collector's Report respecting the anomalies noticed by the Board in Para 2 of their Proceedings of the 2d July 1846 as regards the system of assessment pursued in his Collectorate, and the mode in which the Dwb Memb Demand is regulated upon the premises both within and without the Black Town Wall.

11. Under all the circumstances of the case the Board are clearly of opinion that the total balance Rupees 8183-13-3 minus 1/4-8-10 referred

referred to in Para 8. is irrecoverable, and they therefore recommend that authority may be granted for writing it off the Books of the Collectorate.

Para 9. 17. Mr. Hudleston remarks that it is always the practice in his Office to take the earliest opportunity of recommending for remission any portion of the outstanding Balances the realization of which may appear on good grounds impracticable, but he is of opinion that in all other cases all outstanding arrears should be permitted to remain unadjusted for 5 years at least; in order that, as opportunities offer in the interim, such portions of the arrears as become recoverable consequent on a change in the condition and circumstances of the occupants of houses and the holders of land, may be brought to account. This proposal tho' open to objection in principle and liable to abuse, appears to be based on the experience derived from a long acquaintance with the subject, and the peculiar circumstances of this Collectorate and the Board will only remark that, so long as the Collector is invested with legal power to command the enforcement of the Government assessment when due the suggestion of Mr. Hudleston would seem to hold out the only prospect of eventual recovery of what must in great measure, under existing circumstances, be

be considered irrecoverable demands.

13. The question of the right of Government to enforce the payment of Duib Kerbij by the sale of land has been mooted at different intervals, for a series of years past, and legal opinions have been taken from the Law Officers of Government, but it does not seem ever to have been brought to a determinate issue, from the many difficulties and obstacles arising out of peculiar local circumstances to which the greater portion of the Collectorate is exposed. The annexed correspondence having reference to the renewed agitation of the question in 1843, shows that a reference was then made to the Bengal Government with the view to passing a Legislative Enactment having for its object the recovery of Duib Kerbij, but the measure appears to have been considered premature. Moreover Mr. Hudleston states that since 1829 with the view of legalizing the demand for Duib Kerbij Deeds in a particular form founded on principle on long established usage are prepared in two parts, one of which remains with the Government and the other with the holders of land and that under these instruments the Collectors officers are empowered to distrain the personal property only of a defaulter. He adds that each

each Deed being issued under the Company's seal for an indefinite period, it might be taken in the light of a permanent grant declaratory of the relative rights of the Government and the holder - and under these circumstances he deprecates the exercise of any measures unauthorized by the conditions of the Deeds in question. The Board have only to express their concurrence in these remarks and to state their opinion that it would be inexpedient to disturb the existing state of things, until some general legislative enactment should have been provided to remove anomalies arising out of the circumstance of the undefined power of the present law in respect to the jurisdiction of the Supreme Court and the demands of Govt for Land Revenue. It may however be observed that the same difficulty appears to exist at Calcutta as obtains at Madras and that had it been found expedient a legal remedy would probably ere this have been provided to remove the difficulties in question.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Madras for his information and guidance.
