From the Secretary to Government- Requesting the Board to exhort the Collector to cooperate with the local Superintendents and use their utmost efforts to further the great object of the Vaccine Institutions and to prevent abuses-

Read the following Extract.-

Extract from the Minutes of Consultation under date the 15th June 1847.-

Read the following letter from the Collector of Rajahmundry.- Submitting for the consideration of the Government copies of a correspondence between the Sub Collector and the Collector regarding the important subject of Vaccination Dated 12th March 1847.-

Para 1.- The Most Noble the Governor in Council has reason to believe that the abuses which

which Mr. Forbes has pointed out in the Vaccination Establishments are not confined to the Rajahmundry District and that the same System of deceit is practised in every Zillah. He is satisfied that these abuses arise from the absence of effective control over the Vaccinators- a control which it is vain to expect can be exercised by the local Superintendents and Civil authorities as required by the Rules of the Vaccination Department, so long as they are not vested with the power of appointing and removing the Vaccinators for "misconduct in their public capacity or any offence affecting their eligibility to hold office." Indeed such power is indispensable to the exercise of an efficient control, and the trial of many years of the present system shews that the want of it in the immediate controlling authorities has led to great abuse, and that instead of the practice of Vaccine inoculation being attended with great public good and general benefit, the operations of the Vaccinators are restricted to a few Villages in the vicinity of the Stations at which they are located, and thus the benevolent intentions of Government are frustrated in a great measure by the very agents employed to promote the diffusion

Fort St. George 15th July 1847.-

diffusion of Vaccination amongst the native population.-

2 As this state of things in a Department of so much importance to the welfare of Millions calls for an early remedy, His Lordship in Council resolves to modify Section 5 of the Rules of the Vaccination Department so as to enable the local Superintendents and Collectors of Districts to fulfil the obligation+ imposed on them "of a strict and vigilant superintendence," and he accordingly directs that the appointment and removal of Vaccinators shall hereafter rest with the local Superintendents subject to the confirmation of the Collectors; and in cases of dismissal the circumstances shall be merely reported by the Zillah Surgeon for the information of the Superintending Surgeon and the Medical Board.-

3.- His Lordship in Council also resolves to furnish a copy of Mr. Forbes's letter to the Board of Revenue for communication to the Collectors, and to request the Board will exhort them to cooperate with the local Superintendents and use their utmost efforts to further the great object of the Vaccine Institutions, and to prevent as far as lies in their power such abuses as have been

+ By section 3. 7-8 and 15.-

pointed out.-

4.- The Government observe with much satisfaction the interest which Mr. Forbes has taken in the practice of Vaccination in the Rajahmundry District and the useful enquiries which he has made into the defects of the present system and the abuses prevailing under it.-

5. Ordered that the correspondence above recorded with the foregoing Resolution be communicated to the Medical Board with a request that they will furnish a copy of Mr. Forbes's letter to each local Superintendent and call the attention of those Officers to the Subject.-

To The President & Members of the Board of Revenue.-

(True Extract)
(Signed) H. C. Montgomery
Secy. to Government.-

To. Thomas Prendergast Esqre.
Collector in the District of Rajahmundry.-

Sir.

Para 1. When I assumed charge of this Division I requested the Zillah Surgeon to furnish me with Copies of the Monthly Returns of Vaccination to enable me to check the reports of the several vaccinators and ascertain the correctness of their returns.-

2. These returns shewing a gradually decreasing

decreasing number of vaccinations my attention was attracted to the subject and the enquiries instituted elicited facts which formed subject of a correspondence with the Zillah Surgeons.-

3 The question is one of great importance to the people and the means of attaining the desired end are liberally supplied by Government, while at the same time the enquiries I have made shew that the well being of the people in this respect utterly neglected, and the liberality of Government shamefully wasted and abused. and although the late enquiries may cause a more zealous attention to their duties on the part of the Vaccinators in this Division the matter appears to be one of such general public importance as to warrant my bringing it to your notice in order that you may consider the propriety of affording to Government an opportunity of instituting similar enquiries in other parts of the Country.-

4. The Vaccinating Establishment allotted to this Division is as follows.-

Class	Vaccinator Talooks	amount of monthly pay.- Rs. A. P.
1st Class	Vaccinator Mogulloor and Woody	14 0 0
2d Class	Vaccinator Nursapoor and Raley	10 8 0
2d Do.	Do. ... Gootala & Pandemalle	10 8 0

and in order to shew how the system has hitherto worked,

worked, I will briefly review the proceedings of these three public servants for the past 12 Months

5. First Class Vaccinator Permallo resides at Nursapoor, and his returns shew that he has seldom extended his sphere of action beyond that place and its immediate vicinity and that since the Month of June with the exception of a few days when he was by order of the Zillah Surgeon at Rajah-mundry he has never been more than four Miles from the town and never once slept out of it.-

6- His Charge embraces 177 Villages out of which he has vaccinated in only 14 and a return of the population of the two adjoining towns of Nursapoor and Naddapol-lem where as above stated he constantly resides shews that out of 4591 persons, 160 only or 3½ per Cent have received vaccination.-

7- The total population of the two talooks of Mogulloor and Woody amounts to 70,770 persons and a similar percentage would give 46,709 as still liable to disease but this is too favorable a return as the vaccinator's constant residence at Nursapoor would cause the vaccinations there to be above the general average

averages, and many parts of his District are never visited at all.-

8. The Total number of persons vaccinated in the past year is returned at 485, which is at the rate of 7 in 5 days and comparing this total number with the pay drawn by the Vaccinator, it appears that in these two talooks Government have paid for vaccination at the rate of 5½ annas a head.-

9. Second Class Vaccinator Nayanie Parintaloo resides at Penoyonda and his returns shew that he has hardly ever left that place even for a day- and that when he has left it, it has been in a direct line to Rajahmundry- and back for the purpose of seeing his family who live at the latter place.-

10. His charge embraces the two talookes of Tanoskoo and Raley, the latter of which he has not visited once during the whole year and he has vaccinated in 10 Villages only out of 135, which are dependent on him.-

11.- The population of his place of constant residence is 2304 persons of whom 77 only or 3½ per Cent have hitherto received vaccination.-

12. The total population of his charge is

is 65803 and supposing the state of vaccination to be the same in all other Villages as it is at the Vaccinators place of residence it would appear that 63499 persons are still subject to small pox but as the Rallee taloke has never once been visited during the whole year- it is highly improbable that the state of vaccination in its villages should reach even this low standard.-

13. The total number of persons vaccinated in the Tanoskoo Taloke during the past year was 345 at the rate of 16 in 17 days and Comparing this Number with the pay of the Vaccinator it appears that the cost per head is nearly 6 annas.-

14. Second Class Vaccinator Veerasawmy resides at Pallapoody and has hardly ever left it- Of the two talooks of Gootala and Tademulla of which he has charge, the latter has never been once visited during the whole year and he has vaccinated in only 7 Villages out of 156 which are allotted to him.-

15. Of 2791 persons residing at his place of residence 351 only, or not 14 per Cent have been vaccinated, and a similar per Centage on 41591 persons the total population of the two talooks would give 5823 persons vaccinated and 35788 persons

persons unvaccinated- but the reason given for supposing this too favorable a mode of estimating the State of vaccination in Rallee is equally applicable here.-

16- The total number of vaccinations for the year was 239 or at the rate of 2 in 3 days and costing to Government at the rate of 8½ annas each.-

17. A general view of the State of Vaccination in this Division would therefore give the following Results.-

Total Villages Visited 468- 31.-

1st That 14/15 of the country is never visited by a vaccinator at all.-

2nd That at least 87 per cent of the people are at present unvaccinated.-

3d That the average amount of labour performed by the Vaccinators is one person vaccinated in a day.-

4th That every person vaccinated costs the Government nearly 7 annas and if as there seems no reason to doubt, this Division may be taken as a sample of the whole country- a pursuance of the present System will make it hopeless to look forward to the time when the mass of the people shall be free from the ravages of small pox and to be unvaccinated

shall

shall be the exception as it is now unquestionably the rule.-

18.- That this desirable end might by this time have been attained by more active energy in the vaccinating department is most certain and that it should have been attained or at all events approached, the annual expense incurred by the State has given Government a right to expect.-

19.- The people make no objection whatever to submit themselves and their children to the operation, the authorities at all times ready to give every facility to the Vaccinator in the performance of his duty and the little success which has hitherto attended the benevolent intentions of Government must be ascribed to the supineness of the Vaccinators and the little check which their present Superior the Zillah Surgeon is able to exert over their proceedings.-

20 That Officer is unacquainted with the position or population of the Villages stated in the returns to have been visited and the Vaccinator is able totally to neglect one half of his charge and to enter as distinct Villages

Fort St. George 15th July 1847.-

Villages two or three which though bearing different names are in fact one and united thus giving a false idea of his activity without the Zillah Surgeon having any cause to suspect that any fraud is practiced.-

21. Such has been the constant practice in these talooks.-

22. The pay of the Vaccinators when compared with that drawn by other public Servants contrasting also the amount of labor by which they severally earn it, is very high, and there is many an able intelligent and educated Account= =ant in every revenue Catcherry who works hard for ten hours a day on three quarters of the salary paid to a Vaccinator for ope= =rating on one person a day.-

23. During the past year the Small pox was rife in many parts of the Country and carried off a number of persons lives which Government afforded the means of saving- and which were sacrificed to the neglect of the Vaccinator.-

24. The Government cannot intend that this state of things should last and the ill succes's that has attended

the

Fort St. George 15th July 1847.-

the system hitherto followed forcibly points to the necessity for a more energetic superintendence in future.-

25. For the present I have request= =ed the Zillah Surgeon to furnish me on the 20th of every Month, with a list of the Villages which the several Vaccinators propose to visit in the ensuing month, in order that I may warn the Village Authorities of his approach and enable them to collect, and present to him all unvaccinated persons- but little good can be expected unless more power is placed in the hands of the Local Medical Authorities and the Vaccinators are taught that those who have the best means of judging of their efficiency, have also in their hands the power of reward and punish= =ment.-

26. If the Zillah Surgeon were authorized at once to remove from employ= =ment subject, if considered necessary to the approval of the Medical Board any vaccinator whose duties were neglected, his reproofs would come backed with a power that would give them full effect, and with the cooperation and assistance of the revenue

authorities

Fort St. George 15th July 1847.-

authorities the benefit to the people from the vaccinating Establishment would certainly be vastly increased

27. But the whole system appears to have become so lax in operation that some public expression of the interest felt by Government in the success of the endeavours to mitigate the virulence of small pox, appears to be necessary to rouse the dormant energies of the vaccinating Establishment.-

28. I have therefore the honor to request that you will take into consideration the propriety of submitting a Copy of this letter to the notice of the Most Noble the Governor in Council.-

In reply to the Extract from the Proceedings of the Board of Revenue dated the 13th May annexing copy of one from the Minutes of Consultation of the 30th April 1847, directing me to report whether any bad effects are produced in this District by the inducements to emigrate held out to the Ryots, I have the honor to state that hitherto none of the Ryots have been tempted to leave their homes. The emigrants from this District are generally fishermen, washermen, Barbers, &ca who finding themselves in difficulties from want of

of employment and whose absence is not felt. The late increase of the Export trade at Cocanada has tended to check emigration because a great demand for labour has arisen at this port and parties who contemplated emigration have been able to earn a subsistence without going abroad. The anicut moreover has latterly given employment to 10000 men and on the whole I think that the inducements to emigrate are not sufficient to induce the inhabitants of this District to leave their homes in great numbers.

From the Collr of Guntoor

Sir,

I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated 10th Instant with accompaniments, requesting me to furnish the further information respecting the Choultry constructed by L. Leslie Chellum desired by Government.

2. The Choultry in question was not built with the previous approval and concurrence of the Collector and Board of Revenue, but the proprietor states that he communicated his intentions of building in Fusly 1250 to the then Collector Mr. Goldingham, and that the Rayputly Zemindar gave him permission to build on land belonging to that Estate. It is consists of two buildings constructed of mud walls with tiled roof at a cost of about 600 Rupees, and is open to all travelling Brahmins, Sudras and Mahomedans who choose to make use of it. A separate building is also commenced for the accomodation of European Soldiers or East Indians.

Resolved that the foregoing letter be submitted for the orders of the Most Noble the Governor in Council with reference to the

Inbd 10 June 1847. Extract from the Minutes of Consultation dated 7th June last.

It will be seen that the Choult in question consists of two buildings constructed at a cost of about 600 Rupees and is open for the re ception of all travelling Brahmans Soodras and Mosulmen, and that a separate building is in the course of erection for the accommodation of European Soldiers and East Indians. The work, however, was undertaken without the previous approval and concurrence of the Collector and the Board; but the Proprietor states that he communicated his intention of building it in July 1250 to the then Collector of the District.

With reference to the correspondence noted in the Margin, I have the honor to the repeated earnest solicitations of Malrauze Lutchmiah thro her Vakeel to submit the accompanying Copy and translation of a communication from her, beggeing that the Government will be pleased to comply with her wish to see before her death Rajah Malrauze Veneata Condal Row acknowledged as her successor. 1. I have received your Cowgetmah dated 21st April 1846 conveying the observations of the Board of Revenue as expressed in their letter of the 16th Idem, that the Board do not see reason at present for bringing under the notice of Government the arrangements contained in my address of the 6th December 1842 regarding Rajah Mahranze Venceta Condul Row, and that in the event of my death, they will take into consideration the claims of all the parties concerned.

2. When I resolved on transferring my titles to Venceta Soobya and her son Venceta Condul Row my duly constituted representatives according to the power vested in me under Section VIII Regulation XXV of 1802 and para 7 of the stipulations of the permanent deed, they at the same time became the heirs apparent to the Estate after my demise. In conformity to the above provisions you are empowered to recognize them as such and transfer all my privileges.

3. In submitting my Arzee of the 6th December 1842 to the Board, you may have

have perused the recommendation of Mr Collector Bruce and the Boards reply thereto with the subsequent proceedings &ca, I therefore abstain from recapitulating the circumstances here.

4. The Board having stated that they would take into consideration the claims of all parties, I am led to imagine that they are apprehensive lest other competitors arise, from the circumstance of Narsiah, the widow of the late Rajah Mahranze Pedda Goondarow having before and since the 6th December 1842 put forth illegally, her claims to my estate and eventually to the whole of my property. But the said Narsiah died since, on Friday the fourth decreasing Moon of Pooshem year Visvavasu corresponding with 16th January 1846. This circumstance will appear from the report of the then Head of Police of Bellumcondah to the Magistrate. Besides Venceta Condul Row and his mother Venceta Soobya I have no other representatives. Venceta Soobya my daughter in law being the grand daughter of the deceased Pedda Goondarao, whose widow Narsiah having died, the said Venceta Soobya and her son Venceta Condul Row are now become my lawful heirs but no others. Therefore

This being my particular desire I earnestly hope you will forward this Arzee with your kind recommendation to the Board of Revenue, and secure to me their consent to my requisitions. 11th December 1846.

Reporting on the outstanding balance of the amount advanced for the repairs of Guntoor Mosque and stating that he sees no course preferable to re- verting to the arrangement in force before Govern- ment interfered and allowing the Peish Enam to manage the lands.

Rec'd 21st July 1847
Ans. 30 July

Sir,
Para 1. With reference to the correspondence noted in the Margin and the petition to the Board of Meer Mohomed Khaja Bahoodeen No. 1394 of 1846 and one to myself dated 16th February 1847 herewith returned I have the honor to state, that tho' the petitioner was repeated- ly informed by Endorsement of the amount due to Govern- ment of the advance to the Guntoor Mosque, he never attended for the purpose of liquidating the amount and receiving charge of the land. The balance due by Dawood Beg the Peish Enam of the Mosque to whom the lands were rented, having amounted to Rs. 452-13-2 at the close of the last fusly and the Aumeen of Guntoor having reported that the renter had no means of liquidating the same and that no property belonging to him was forthcoming the lands were resumed and engagements for

for cultivating them on account of Government were made with the ryots by the Tahsildar of Puttiepad. The result has been that to the end of May the sum of Rupees 403-8-6 has been realized in the current year reducing the debt to Government for the advance to — Rupees 49-4-8.—

2. The question now arises what is to be done with the Enam lands. I expressed an opinion in my letter of the 10th May 1844 Para 2, that Meer Mahomed Khaja Bahoodeen might be recognized as the Trustee of the Mosque and as such placed in possession of the lands. I find however that the Musselmans at Guntoor are highly averse to allowing Meer Mahomed Khaja Bahoodeen to have any thing to do with the Mosque and on looking through the former correspondence on this subject it does appear that his pretensions are altogether unsupported and his past conduct open to suspicion.—

3. On the score of character there seems reason to doubt how far the Peish Enam Davood Beg would honestly discharge his trust if the lands are again placed under his management but as this is a question rather for the Mahomedan population of Guntoor, who resort to the Mosque and as they have appeared before me and earnestly solicited that the lands may be again placed in charge of the Peish Enam I see no course preferable to the arrangement in force before the Government interfered and —

Submitting a letter from the Collector of Bellary reporting his having temporarily assumed certain lands the property of a Bramin deceased and recommending the continuance of some of them to his adopted son Soobramanian for life for the support of the family.

By the genealogical table which accompanies the foregoing letter it appears that the last Incumbent Anundasonayajee (No. 22) had three wives. The first died Childless. During the life time of the second he adopted Soobramania (No. 25) the offspring of Hurunneyajiah (No. 8) a Collateral member of the family after the death of his second wife he married a third who survives him and who is only 11 years of age. The eldest Brother of the late Incumbent Soobramania Sonayajee (No. 20) left by his wife who survives one only daughter Bajarah (No. 23) whose son Bhamana (No. 24) was with the permission of her deceased Husband adopted by Shashamah the Grand Mother, this adoption being celebrated with the full consent of the Incumbent Anunta Sanayajee. a second Brother Yoganunda-Sonayajee (No. 21) died without issue leaving a widow who is still alive. In 1844 Anunta Sanayajee died and his funeral rites were performed by his adopted son Soobramania according to the Hindoo Law. Proceedings thereon.

Submitting a letter from the Collector of Bellary reporting his having temporarily assumed certain lands the property of a Bramin deceased and recommending the continuance of some of them to his adopted son Soobramaniam for life for the support of the family.

By the genealogical table which accompanies the foregoing letter it appears that the last Incumbent Anuntasomayajee (No. 22) had three wives. The first died Childless. During the life time of the second he adopted Soobramania (No. 25) the offspring of Herunneyapah (No. 8) & a Collateral member of the family after the death of his second wife he married a third who survives him and who is only 14 years of age. The eldest Brother of the late Incumbent Soobramania Somayajee (No. 20) left by his wife who survives one only daughter Bajarah (No. 23) whose son Bhamana (No. 24) was with the permission of her deceased Husband adopted by Shashamah the Grand Mother, this adoption being celebrated with the full consent of the Incumbent Anunta Samayajee. a second Brother Yoganundan Somayajee (No. 21) died without issue leaving a widow who is still alive. In 1844 Anunta Samayajee died and his funeral rites were performed by his adopted son Soobramania according to the Hindoo Law. The three surviving widows above referred to under Nos. 20. 21. and 22 and also the widow of Shashapah (No. 19 in the direct line have it appears unanimously made the usual Acknowledgment to the Government that the above named two adopted Sons possess all rights to their enam lands and that they are willing to remain under their protection. The Collector

States

states that he has ascertained by the accounts given in by respectable inhabitants that the parties alluded to were bonafide adopted and every necessary rite performed according to Law and that no doubt exists as to their identity, and under these circumstances the Board are of opinion that the adoption should be recognized and that Soobramania should be considered the legal heir of the deceased Incumbent.-

2. The Collector in forwarding the original Grants of Gift (Nine number) produced by the parties as what are forthcoming in support of their title to the lands which have been assumed observes that "a practice has hitherto prevailed universally in these Districts that when names are stated in the survey accounts the claim is considered established if otherwise sufficiently corroborated, and that hence, in the present instance for those lands for which no sunnud is forthcoming, the names either of Khaymana Sonayajee or of Soobramania Sonayajee being inserted in the survey and assessment account, and they having long enjoyed them without question, the same would be presumed to belong to this Family." There are however in the Statement No. 2 forwarded by the

the Collector two instances in which no document is forthcoming and the Survey Accounts do not exhibit the name of any one of the Family. These are in Amaravaty No. 130 acres 5.24 assessed at Rupees 7-3-7 Revenue Rupees 6 and in Alagapooram No. 116 acres 2-26-11 assessed at Rupees 4-10-8 and Revenue 1-8-1 total Rupees 6-8-1. In regard to the first case it appears that the land is entered in the survey accounts in the name of one Sringany Sonnavadkany, and in the assessment Accounts in the joint names of the same and of Narsimma Bhut. It is now alleged that these are collateral Members of the family who made over the lands to them many years ago.- In respect to the second the land is entered in the name of Ananta Nariana Sonayajee and the present claimants are unable to assign any good reason for their possessing it. In the absence of all evidence in support of the claim the Board consider that these two lands should be resumed.-

Proceedings to Bellary 14th June 1847
From Collector Dt. 28th June
in Con. 15th July.

3. Having been called upon to explain more fully the circumstances of the family the Collector has reported that the main land which they enjoyed as reported in his letter of the 30th April last is all their enam of any description forthcoming in his District and that since their assumption the Family have been maintained as far as he can learn by Charity and Loans from friends.-

under

4. Under the foregoing circumstances therefore the Board beg to recommend the continuance of the lands (with exception of those referred to in para 2 of these proceedings) to the adopted Son Soobramany -an for life for support of the Family -

I have the honor to acknowledge the receipt of your Circular letter dated 28th Ultimo on the subject of substituting Invalids for the Regular troops wherever Revenue guards are required -

2. The only Civil guards held by Regular troops in this District are in the Cuddah Town of Kurnool viz those at the Treasury, Jail and Police Choultry and they consist altogether of 2 Havildars, 2 Naigues and 21 Privates. The two latter may be dispensed with altogether if considered necessary, and I can supply their place from the Civil Establishment; with regard to the former I am of opinion that a Guard of Regular troops over the Treasury

Treasury is preferable in every District and more particularly in those that are situated on the Frontiers of a Foreign territory; at the same time as the Kurnool Treasury is inside the Fort and only a short distance from the Barracks, I conceive it is not of much importance whether the Guard consists of Invalids or troops of the line so long as a complete Regiment is stationed here; it may be observed however that I have the authority of the Officer commanding for stating that the present guards are furnished without any inconvenience to the Regiment.

Affording Certain Explanation of the causes for offences under Regulation IX of 1822 which have not occurred in the District of Kurnool during the past 5 years.

Sir.

Para 1. I have the honor to acknowledge the receipt of your letter of the 11th Instant with a Memorandum of the number of persons charged with offences in Cuddapah and Bellary during the past five years, under Regulation IX of 1822; and requesting to be informed to what circumstances it may be attributed that no cases of a similar nature have occurred in Kurnool during that period.—

2. The Regulations were not introduced into Kurnool till the end of 1843 and can hardly be said to have come into operation till the beginning of 1844; from that time to the present one person, the Amildar of Bungamapully has been convicted of bribery under clause 1. Section V of the above Regulation as reported to the Board in my letter dated 26th July 1845 and four persons have been punished for embezzlement of the public money under clause 1 Section XVII.—

3. The most common kind of malversation is embezzlement, and if I had acted strictly upto the letter of the Law in every case of this nature that I have investigated, I should have had to punish and to dismiss at least one third of the Village Officers in the District, but to have done so would have been impolitic and I think unjust.—

Embezzlement

1. Embezzlement under the denomination of "Dasilbaky" seems to have been common under the late Government, but was seldom visited with any severer punishment than restitution, unless that was delayed, and indeed does not seem to have been regarded in the light that we look upon it, but literally as the term implies, "balance in hand" to be repaid when convenient, or when found out which was generally very soon the case so that eventual embezzlement was difficult. This evil was also very general during the early years of our administration, and the really impoverished state of the country no doubt assisted the frauds, for with the undeniable evidence of poverty constantly apparent, a reason for balances was always ready and its truth could hardly be disputed. In the years 1806 and 15 a great number of instances were brought to my notice while enquiring into the causes of the old balances during Summabundy, but the only punishment Inflicted was enforcing restitution, and in three or four of the most flagrant cases dismissal from Office. The influence of the Village officers in this part of the country is very great, and to have taken them by surprise as it were, by subjecting them indiscriminately to severe punishment for an offence which they were accustomed to regard almost as a venial one would probably have caused extensive dissatisfaction, which by diverting their influence from the legitimate channel, would have shewn itself, not in any active opposition, but in contriving obstacles to the full occupation and cultivation of the Circar lands, and indifference to the general welfare and tranquillity of the

Fort St. George 15th July 1847.

the Village which must have produced most injurious results. I have endeavoured by exercising a continual scrutiny to put a stop to this evil without having recourse to severe measures, and I have good reason to believe that "Dastbaky" is now of rare occurrence, a fact which is borne out by the present punctual realization of the Revenue compared to what it was in former years.

5. The consideration which has influenced me hitherto, no longer exists, as the penal provisions of the Regulation in question are now well known for I have been at great pains to impress them upon the Village Officers, and every Amildar but one has a complete Copy of the Regulations, and I know of several other Copies in the District. If it should be thought that I have exercised too much discretion in departing for a time from the strict letter of the Law, I would observe, as has often been remarked before, that new laws cannot be introduced with advantage till the people are in some measure prepared to receive and understand them, and that the most beneficial reform may be rendered almost inoperative by a too hasty adoption, which view of the subject the Court of Directors appear to have had in their consideration when they expressed a hope that the introduction into Kurnool of our own modes of Revenue and Judicial administration would be accomplished "in such a manner as to leave undisturbed the existing usages of the country so far as they are "compatible with good Government."

6. Complaints of corruption and bribery

bribery are uncommon, and I do not think the offence very general. There is however a custom which did obtain in most Villages and still I fear exists to some extent, which partakes of this character. It consists in a general contribution paid by the Village at a certain per centage, usually small on each Puttah, it is subscribed ostensibly for any Village expenses that may occur during feasts, presents to Bramins, batta to the Reddies and Curnums when required to attend at the Talook Cutcherry &c. but there is no doubt much of it is expended as "Durbar" or "Cutcherry expences", not for doing any particular act but to procure the general good will and favor of the Talook Servants. It is however always difficult to prove this, because the disposal of this fund is left entirely with the Village Officers and the Ryots never know what becomes of it. I have been continually endeavouring to destroy this practice by threats of punishment and by pointing out to the Ryots the inutility of taxing themselves in this manner, the custom is certainly becoming less common, and I have no doubt that when they find no evil follows their refusal to comply with it in the course of a few years it will have become almost obsolete.

of the 30th Ultimo explaining the circumstances under which Regulation IX of 1822 has not been generally introduced into Kurnool I am directed by the Board of Revenue to inform you that they consider it desirable to restrict its application as far as practicable to cases of malversation which call for severe examples and not to extend its provisions to every petty charge which may be brought forward.-

In regard to the payment of Grama Khurch alluded to in the concluding para of your letter the Board are of opinion that the illegality of the practice should be publicly notified - after which it might be well checked by a few examples under the Regulation.-

Proceedings thereon relative to the Settlement of the District of North Arcot for Fusly 1255.- (Para 2 and 3)

Read again Letter from the Acting Collector of North Arcot dated 19th March 1847 reporting on the Settlement of that District for Fusly 1255- 1845/46.

The season of Fusly 1255 1845/46 was marked like the preceding year but in a greater degree by a deficiency of rain. Though promising at first the rain totally failed in July and August, was partial and insufficient in September and October and was still more scanty during the Months of November December and January after which there was no rain. The Cultivation of both Dry and Wet lands was in consequence extensively affected. The crops also in some instances perished and the general outturn of such as came to maturity fell short. The District was more or less unhealthy. Enhanced prices afforded some compensation to the Ryot for the loss arising from adversity of season. These were higher than has been known for some years past and were about 39 per Cent above the Commutation Rates in the Collectors

Collector states to "want of rain and other Causes" - The reason assigned is not satisfactory but the omission it is observed has been supplied for fusly 1250/1845/47- The actual Cultivation of the year following, the details exhibited in Statement A shews a Net increase of Rupees 9341-1-11 above that of the preceding composed of a gross Increase of Rupees 10029-13-11 and a gross Decrease of Rupees 9708-12-11. The increase occurs in the Dry lands and in Rice lands which are irrigated from sources possessing comparatively a certainty of supply as lands under Wells, River Channels and Nullahs- The following Abstract will exhibit these particulars at one view-

A large decrease of Rupees 72709-13-3 thus appears against Tank irrigation and an increase of Rupees 40039-10-1 in favor of the more certain sources, as wells and Nullahs- The large Revenue upwards of 40,000 Rupees drawn from the lands watered by the Cauvery Pauk Tanks are carried to account under the head of Tank irrigation - but as this reservoir is in fact fed by an a Channel from the Palaur, the Revenue may be said to be derived from a superior source of supply-

5- The decrease of Rupees 59992-3-3 on account of the Lands assessed with a consolidated Teerwa occurs entirely in the Talooks South of the Palaur Composing the Sub Division and is owing to the deficiency of rain; the season the Sub Collector observes was more unfavorable than any since fusly 1243/1833/34 But for the Copious supplies of water obtained in the Months of December and January of the preceding fusly which enabled the Ryots to carry on the Dar Cultivation under large Tanks to a considerable extent the decrease would have been much

cancelled. As the Parties were unable to proceed with their engagement the Board donot object to this course but the Acting Collector should explain what final arrangement has been made in regard to the portion of land held under this Cowle which has been actually reclaimed. In Para 16 of his Report the Sub Collector solicits the instructions of the Acting Collector in respect to similar case of Cowle in which the party was bound to bring under Cultivation a certain extent of Land in each year from fusly 1252 to fusly 1258 1842/43 1848/49 but is unable to fulfil hereafter the Conditions of the Cowle. The Acting Collector has left the reference from the Sub Collector altogether unnoticed. The Board desire that the omission may be supplied at an early date in a separate communication. The terms of the Cowle with the extent actually cultivated and the final arrangement to be made should be fully explained. This appears to be a further instance of granting lands on Cowle to persons with insufficient means to bring them under cultivation, the impolicy of which the Board have repeatedly pointed out.

regard to the principal item composing

for the last fusly, and the Acting Sub Collector in para 12 of his Report on the settlement for the fusly under consideration states that "with reference to the Remissions to be allowed to lands cultivated by means of wells I wait the Board's final orders on the subject." The Board would point out that the subject has not been reported on as required and they request that the Acting Collector will supply the omission without further delay. The orders of the Board dated 1st December 1845 quoted by Mr Lovell in the margin of Para 4th of his report under consideration consist merely of an Endorsement on the Petition of the parties concerned informing them that "from the report of the Acting Collector it appeared that their claims had been investigated and the Remissions had been granted." Explanation as to the general practice with instances in illustration was called for at a subsequent date viz. 3rd August 1846 as already noticed, and is required for submission to Government for the final adjustment of this Balance.

remarks of the Acting Sub Collector on the conduct of his Subordinates are out of place in a Report on the settlement of the year.

17. A clerical error it appears occurs in Col. 9 & 8 of Statement A. the Number of Coloody Ryots is there mentioned at ——— 3993. and the No. of Puttahs 3993.

With future reports it is desired that a Statement be forwarded showing the extent of land in each Taluck Cultivated with Sugar Cane, the Assessment thereon by what means irrigated and the number of Crops of whatever kind raised on the same land. of your letter dated 25th February last requiring me to furnish a Statement Comprising all the Claims to the Gaddagaval and Bamboo lands which may likely be brought forward with full explanation of each Item. I have honor to submit Copies of the Sub Collector's letter and its enclosures (Statements from Number one to 16) and to state that the lands of the above description (excepting those above quoted up to the Mootahdars of Sudamungalum and Valacoorchy in the Nammel Taloo are situated in 8 Mootahs in the Taloo of Sankerry Droog only as shewn in Statement No. 1. Four of these Estates* which comprise 6 Villages are now under the management of the proprietors. The Gaddagaval has entered in the Ayacut of the Village of Ch in the Sankerry droog Moottah as also under the 3rd head of the Tooloochittoo or sale schedule granted to the Mootahdars, consists of acres 218-26-14. The Gaddagaval lands attached to the other 5 Villages have excluded from the 3rd head of the Tooloochittoo and entered as Porumboke in the Ayacut accounts of Fasly 1211 the Mootahdars have no right or claim to them. No lands of this description exist in any other Estates but in those mentioned above.—

2. The Plaintiffs in O.S. No. 15 of 1846 instituted in the Subordinate Court of Salem claim the recovery of Gaddagaval attached to the Ivaily Village in the Sankerry droog Moottah consisting of Coolies 280 7/16 which on actual measurement is found to consist of Acres 218-26-14. As the Plaintiffs have undeniable right to this land it should be given up to them.

The Giddagavull lands attached to the Moottah of Conganapooram were entered as Acres 5,155-30-3 as shewn in Column 8 of the Statement No. 1 which on subsequent measurement were found to consist of only Acres 3,449-39-7 as entered in Column 9. These lands are not entered under the 3rd head of the Tooloochittoo granted to the Moottahdars. It appears from the records that an order was given in the year 1836 by endorsement to one Nauchey Gounden and others the Proprietors of this Estate on a petition presented by them to the Board claiming the restoration of the Giddagaveul lands in question, that they were not entitled to them.-

acknowledgment I beg. to state that on the Plaintiffs in O.S. No. 15 of 1846 being informed that they will be put in possession of the Ghidda-gavul land / Acres 218-26-14 / which is the sub-ject of the Suit, they will have no objection I trust to withdraw the Suit in question from the file of the Subordinate Court of Salem without any expense to Government but in the event of their claiming the past Collection on the land in question they will only be entitled to the amount of Rupees 1,901-10-2 as shewn in Para 3-

8. An extension of 7 Months time has been obtained by 3 different applications from the Court for filing an answer which expires on the 3rd August. The Government Vakeel has submitted an Urzee enclosing Copy of the Diary of the Court directing that no extension of time will hereafter be granted in this case. As the Suit in question should either be withdrawn by the Plaintiffs or an answer filed within the 3rd August I request that the sanction of the Board may be obtained as early as possible to put the land in dispute in possession of the Plaintiffs who have a legal right to it, as stated in para 2 the Circar having no substantial

No. 1

To W. E. Lockhart Esqr.
Collector of Salem

Sir, With reference to your letters of the 13th and 23rd March last requesting me to furnish you with a Statement of the Ghidagavul and Bamboo lands in the Talooks of the Sub Division either in the possession of Government or belonging to Jaury Mootahs I have the honor to submit the following Statements.-

Trichingode & Paramatty } 2. There are no Ghiddagavul or Bamboo lands attached to Jaury Moottahs of the Trichingode and Paramutty Talooks. They are confined to those of Namcul and Shenkerry droog.

Namcul 3. In the Namcul Talook Ghiddagavul lands are attached to three Moottahs Viz.

I. Pareyapullumpauray
II. Thandamungalum
III. Vellacoorchy

These Ghiddagavul lands were in the possession of the Government but at several periods the claims of the Moottahdars have been preferred and with the following results.-

The

3. /II & III/ The lands of Shendamungalum and Vellacoorchey Moottahs were found to have been entered in the 3rd head of the Toolichit granted to the Moottahdars, that is to say proved to be a portion of the Anaudy banjer land of the respective Moottahs. These Lands were accordingly resigned to the Moottahdars as per sanction of Government under date the 11th March 1843 and the 2nd November 1846 the revenue previously collected by Government was also directed to be refunded that of the Vellacoorchy Moottah amounting inclusive of the sum awarded by the Court, to Rupees 5,221-8-9 has been already paid with the exception of Rupees 126-6-9 still due that of Shendamungalum /Rupees 2,596-9-10/ is yet to be paid when claimed by the Moottahdars.

4. /I/ The lands of Parenjapullumpauram differed from those abovementioned in being entered in the Anjacut as "Porumboke" land and being excluded from the Toolichit. The attachment made by Mr. Hargrave was on the ground maintained by the Board in their proceedings of the 20th July 1835 and by the Government in Extract from the Minutes of Consultation under date the 7th August of the same year.—

Shenkerry droog. 5. In the Shenkerry droog Taluk Ghiddagaval

Ghiddagaval lands are attached to 8 Moottahs—

I. Shenkerry droog
II. Collavurdampully
III. Sroogauloor
IV. Conganapoorum
V. Yadapaudy
VI. Aycoondum
VII. Padavaidoo
VIII. Comarapolleum or Tullangoollay.

6. The accompanying Statement No. I will exhibit the extent of these lands which are attached to 11 different Villages I beg you to refer to—Column No. 3 which exhibits the total extent of land to which the Moottahdars are entitled according to the decision of Government as being entered under the 3rd head of their Schedule, and to No. 4 as shewing the portion of this land still held by Government and to which the Moottahdars have laid claim or are likely to do so Column No. 7 exhibits the extent of Porumboke land held by Government, but included within the boundaries of the Moottahs tho' excluded from the 3rd head of the Schedule. It is regarding the lands entered in Column No. 4 that I have now to report Viz. those of

1. Iwaley in the Moottah of Shenkerry droog
2. Padavadoo — " — Padavadoo
3. Alattoor — " — Comarapolleum or Tullangoollay

Fort St. George 15th July 1847

Shenkerry droog Moottah Ivaly Village—

7. You are already in possession of the facts connected with the Ghidagaval land of Ivaly. The claim of the Moottahdar preferred in the Subordinate Court has given rise to the present enquiry. The account N: 2 exhibits the amount of Collections made since Fusly 1217 being Rupees 2868-7-5 the account N: 3 shews the Ayacut of the land.—

Padavadoo & Alattoor—

8 Similar accounts Marked A 5 & 6 & 7 afford the same information regarding the Villages of Padavadoo and Alattoor shewing that the sum of Rupees 15,237-11-10 has been collected on the Ghidagaval lands of the former, and 6,156-4— on those of the latter Moottah. These lands stood in exactly the same position as those of Ivaly, but both of the Moottahs lapsed to Government in 1831, and the original proprietors have not as yet prefered any claim to the revenue of the Ghidagaval land, but it is possible they may still do so. Their claims however must be limitted to the Collections made previous to the lapse of the Moottahs Viz: to Rupees 3,494 on the Padavadoo, and Rupees 1,719-12-4 on the Alattoor lands.—

9. I consider therefore that the claims of the Moottahdars likely to arise from the attachment of these lands may be stated as follows.

1st. The restoration of Anaudy bunger lands of Ivaly consisting of Acres 218-26-14, as

Fort St. George 15th July 1847

as already preferred in the Subordinate Court and 2d. I think it probable that the following arrears may be claimed.—

Ivaly	Rupees	2868-7-5
Padavadoo	Do.	3494-8-6
Alattoor	Do.	1719-12-4

10 I have stated that I think these claims are likely to be preferred, but I do not consider that the whole demand can be so with justice. I have already reported to you my opinion that the lands ought to be resigned under the just decision of the Government, but there are other considerations which effect the claim to arrears of Revenue.—

11. I had occasion under date the 9th Febuary last to detail the circumstances connected with the Moottah of Shenkerry droog, shewing that the Government had sustained a very heavy loss in order to hand over the Moottah to the proprietor on his coming of age free of any arrear, for facility of reference I repeat the circumstances here.—

12. "Sameenanda Pillay the late father of the 2nd Plaintiff Ramasawmy Pillay, "was the Moottahdar of the whole of the estate "of Shenkerry droog and was in the enjoyment of

expended on public works.—

The total amount thus debited
against the Mootah when delivered to the 2nd
Plaintiff was Rupees 20,905—5—7.

Of this amount the sum of Rupees
1,407—4—10 due from his father was collected
from the 2nd Plaintiff, and the remaining
19,498—"—9 was written off with the sanction of
the Board of Revenue and the Mootah was
given over to the heir free of any debt accumu-
lated during the Government management
or even that of his own grandfather.—

After the Mootah was thus made
over to the 2nd Plaintiff in fusly 1242 he failed
to pay Kist and in 1243 the Estate was sold by
public auction but as the sale was not approved by
the Board of Revenue the estate was again
placed under Circar management and remained
so till 1245, when it was attached by the Govern-
ment. But in 1246 a fresh arrangement was made
the sum of Rupees 3,901—9—3 being the arrears of
Fusly 1242 [when the Petitioner had the Mootah]
interest upon the amount and charges for the
establishment for conducting the Mootah
affairs, was collected from the 2nd Plaintiff
the Mootah was by an arrangement to which
the

of that Mootah up to February of Fusly 1229
and died in March of that Fusly. On the 16th
of January 1820 or Fusly 1230 the Mootah was
registered in the name of the 2nd Plaintiff who
was a minor but was managed by his grandfather
till the 15th January 1231 when it was made
over to the management of the Tahsildar
and remained under Government till Fusly
1242 when it was delivered over to the said
Ramasawmy Pillay who had then attained
his majority.—

At the time when the Mootah
was thus made over to the proprietor a heavy arrear
had accumulated upon it.

The sum of Rupees 5,069—8—4
was due for Fusles 1229 and 30 while the Moot-
tah was under the management of the 2nd
Plaintiff's father and grandfather before
the management was assumed by the Govern-
ment during his minority.—

The sum of 13,690 accumulated during
the 11 years the estate was managed by the Tah-
sildar inclusive of the sum of Rupees 3,213—6—11
paid for the 2nd Plaintiff's subsistence.—

The sum of Rupees 2,145—1—" was
expended

the 2nd Plaintiff was a party divided into three shares, and the sum of Rupees 10,809 – 8 – 1 the amount of arrears of Fuslies 1248 and 49 when the estate was again managed by the Circar was again remitted with the sanction of the Board of Revenue"

13.– From these facts it will be for you to decide whether the remission of such heavy arrears bars all claim to previous Collections or whether in equity the Collections on the Cheddagaval lands the years during which full assessment was collected from the Original Moottahdar ought to be repaid to his heirs. In the first instance the Government will only have to refund the sum of Rupees 727–14–4 for the last 10 years in the other sum of Rupees 1,901–10–2 for the years 1217 to 1229, year 1242 and the years 1246 to 55.–

14. I consider that any claim on the part of the heirs of the Padavadoo and Alattoor Moottahdars must rest on a similar consideration of the circumstances under which the Moottahs lapsed to Government. 1230. I find that the Moottah of Padavadoo was sold for an arrear of Rupees 1294–3 and purchased by Government for Rupees 1151 – – – – leaving thus a balance of Rupees

Rupees 143–9–3 It appears from the records that an order was passed for collecting this balance from the defaulting ryots but I have not ascertained whether it was ultimately collected or remitted.

The Alattoor Village was included in the Moottah of Comarapolliem on which a balance accrued of Rupees 2,810–– and the Moottah was purchased by Government for this sum.

15. I believe therefore that if the heirs of these Moottahdars should appear and if the Moottahdar of Shenkeryproog should appear his claim for arrears the Government may be found liable to pay the following sums which I think would be the full extent of their liabilities.

Ivaley–Rupees 1,901–10–2
Padavadoo– Do 3,494–8–6
Alattoor– Do – 1,719–12–4
Total 7,115–15–6

16.– The preparation of the accompanying accounts has occupied a considerable time and delayed the present report longer than I hoped would have been necessary. In the observations now submitted I have referred only to the Anaudy Punjer lands. I have not thought it necessary to offer any remarks regarding those entered under the head of Porumboke and excluded from the 3rd head of the Poolichits.

Proceedings

43.44 Proceedings communicating to the Collr of Salem the observations and orders of the Board in regard to the Claims brought forward by the Plaintiffs in Suit No 15 of 1846 on the file of the Subordinate Court of Salem for recovery of acres 2-8-26-4 of Gudegavel Lands situated in the Villages of Avalyand Pastoor Pully in the Shenkery Hydroog Taluk now in possession of Government.

Fort St. George 15th July 1847.

thereon. 1. In the foregoing letter the Collector states that as the Plaintiffs in the above suit have an undeniable right to the lands which they claim, they should be given up to them, It is shewn that the Dasy Collected on these lands from Fusly 1217 to 1255 or 39 years, amounts to Rupees 2868-7-5 Mr. Lockhart is however of opinion that the Plaintiffs are not entitled to the whole of this amount in the event of their laying Claim to it, but only to the collections amounting to Rupees 1901-10-2 made in 24 years, during which the 2d Plaintiffs father and himself were in possession of the Mootah, to the remainder Viz. Rupees 966-13-3, Mr. Lockhart thinks they can have no legal claim, it being the amount of collections made during the period in which the Mootah was under the management of the Court of Wards during the Minority of the second Plaintiff, to whom Rupees 30,307-8-10, the balance due by the Mootah, including the Maraumut expenditure, and the subsistence granted to him, were remitted under the orders of Government.-

2.- In reply to the Boards question whether a Compromise could be effected, and whether it would involve any expense to Government Mr. Lockhart states that on the Plaintiffs being informed that he will be put in

Fort St. George 15th July 1847.

in possession of the Gudegavel lands in question he trusts they will have no objection to withdraw their suit without any expense to Government.-

3.- Under these circumstances it appears to the Board that the best course will be to Compromise the suit, the Collector will therefore be pleased to intimate to the Plaintiffs that authority will be obtained to restore the lands which they claim if the suit be withdrawn.-

4.- With respect to the demand which may be made for a refund of the Collections from Fusly 1217 there are so many circumstances in bar of such further claim that the Plaintiff will probably be satisfied on receiving the land for the recovery of which alone the suit has been brought, and will forego all other demands and the Board have no wish to bring any counter claim against them unless they reject the offer now made to them.-

5.- According to Mr. Lockhart's own shewing the Plaintiffs have no right to the Collections made whilst the Estate was under Management from Fusly 1230 to 1241 and from Fusly 1243 to 1245- The parties themselves also admit in their plaint that

Fort St. George 15th July 1847.

that the Giddagavel land belonging to the Estate were in the enjoyment of the late Mootadar until the year 1809, when by some unaccountable means a portion of them passed into the possession of the Circar.- They further do not appear to be entitled to the Collections of Fusly 1220, as the Estate was in that year in other hands- And lastly of the 218-26/14 Guddigavel lands which it is now proposed to restore to them 45-4-7 are entered as Porumboke, to which according to the decree passed by Mr. Ashfrere in 1807 they can have no title.-

6.- In examining the original sub division accounts of the Shenkerrydroog Mootah an error has been discovered, which if the Plaintiffs persist in maintaining any further demands will in a great measure counterbalance them- It now appears that when the entire Mootah of Shenkerrydroog was in Fusly 1246 subdivided into three Estates and the Rishcush fixed upon the collections of the preceding seven years the Beriz upon the Guddegavel lands which form the subject of the present suit was not taken into consideration the Rishcush of Rupees 3,481-6-10 was consequently fixed

Fort St. George 15th July 1847.

fixed upon the Shenkerrydroog division instead of Rupees 3534- and the Plaintiffs have thus paid Rupees 52-9-2 per annum less than the amount to which this division if the Estate was justly liable.-

7.- From the letter recorded at the head of these Proceedings, the Board learn that no other claims to Guddagavel lands can be brought forward beyond the one under notice; and with respect to the refunds which Government will probably have to make to the late proprietors of the Padaveedos and Coma-pollium Mootahs they deem it premature at the present time to enter into any consideration of the subject.-

From the Asst Collr of Tinnevelly — forwarding 5 Statements containing the information required by the Board regarding the allowances paid by deduction from the Kistbundy Bariz of the Revenue derived from Land and Extra Sources in this District.

Sir,

With reference to the Board's Circular of the 3d March 1846, I have the honor to forward 5 Statements containing the information required by the Board regarding the allowances paid by deduction from the Kistbundy Bariz of the Revenue derived from land and Extra sources in this District framed on the principle proposed in my letter of the 12th ultimo as they stood in Fasly 1254, the amount when the Enam consists of grain being subject to fluctuation with the annual Neruck. These Statements consequently include the following descriptions of Enams Viz.

1 Service Enams

2 Brammadayem or Grants to Brahmins for their subsistence.

3 Do Do for subsistence to other Classes.

4 Life Grants

5 Yemiahs to Individuals

and do not include Grants to Pagodas &ca

Dawadayem or Grants to Pagodas

Grants for the support of Chattrums

Do for Do of Watums

Do for keeping up Flower Gardens

Do for repairing Condy or common reservoirs of water.

Do for keeping up water Pundals

Do to Village servants such as Nr Curnom, Tottys, Tandulgars &ca

Grants or Remission to Mera Pidary Chaturbagum &ca

Do for keeping up Duvadays Cutlay

Do for the support of Mosques

Do for repairing the walls of a Mud Fort occupied by Otto Pallaiers

Mora Colevoo or Exemption from the payment of Curnum and Tank Nurah Contribution

Wara reyayet or Remission on lands favorably assessed —

annually deducted from the Curnom of the Villages where such Enams exist. Before disbursing these from the Cutcherry Treasury it should be settled whether the grain is to be valued at the Colungoo or at the commutation price of the year or in any other manner. In cases when loss of Crops in the whole Village occur from Drought, Government would sustain a

The amount of each Maniem in the Statements when the Enam consists of grain is the value at the Jumabundy price taken for Fasly 1254, of a fixed quantity of grain from the gross Nail

circumstances the Chandars would

The practice which now obta
is that the holders of the above manie

the Maniemdars to dispose of the grain
first, and after remitting the sale proce
through the Talook remittances to the
Treasury at Tinnevelly to receive the amount
of their Maniems again from them in
Money and have to buy grain for their
Subsistence - It will be less inconvenien
for those who receive their maniems in
ready money but they as well as the others
above referred to would have to travel in
many instances long distances for very
small sums, and I fear this alone would
entail considerable hardship the more

To obviate this in some degree I would
beg to suggest that if the amount of

Forwards for publication a notice advertising the sale of 5 lands in satisfaction of arrears of Assessment thereon

I have the honor to forward for publication in the Board's Office a Notice advertising the sale of 5 lands in satisfaction of the arrears of Land revenue from 1251 to 1255 (1841/42 — 1845/46)

2. The causes which occasioned the arrears and which render the proposed sales necessary are stated below.

N:1 Rs 25-13-7
2 " 70-6-10
96-4-5

3. The arrears on the two first Nos. are due from one and the same man. The defaulter has been reduced to distress and possesses no personal property the sale of which might liquidate the demand. He is unwilling to give up the land, while he is unable to redeem it from the state of decay into which it has fallen by his neglect. The property is susceptible of improvement and there are others who are ready to pay up the arrears and hold possession of the land in question but as the land of the Defaulter is freely property and the Government Officers cannot bring

bring about such a transfer without resort to the lawful measure of selling the land, it is recommended that it be put up to Auction

4. The Durgon which this arrear is due is very large, though the Durgdar or proprietor is in possession of only a portion of it, having mortgaged or sold the rest to others. The portion thus transferred, consist of Superior land, and what the defaulter retained possession of, of inferior description, a large extent of the latter being entirely waste. The produce of the Defaulters portion has been found to be very short of the Assessment on it, and the result has been the accumulation of a large arrears on it. The holders or purchasers of the remaining portions refuse to cultivate the Defaulter's land and pay the assessment on it, nor are they disposed to give up what they hold, in order that both the Superior and inferior portions of the estate might be made over to any individual and the future collection of revenue rendered more certain. This is one of those cases of fraudulent subdivision which were lately so particularly referred to by the Board in its Secretary's letter

letter of the 9th November last, and in accordance with the instructions therein contained I recommend that the entire Estate be put up to auction and have accordingly included it in the Advertisement.

5. The Statement exhibits no arrears on this Durg for 1255 in consequence of the high prices obtained for its produce having been sufficient to pay the demand for that year.

6. The explanation furnished regarding the foregoing No. equally applies to the case in No 4. The land retained is very inferior to what has been transferred and the purchasers are indisposed to cultivate the portion of the Defaulter.

7. The Defaulter in this case owes Rupees 18. 9. 0 on account of Fusly 1253. There was a larger arrear for that and other years, a portion of which has been collected by apportioning the assessment of the entire on the several transfers, leaving the arrears in question irrecoverable except by the sale of the portion on which it remains due. The defaulter has no other property and is a troublesome character with whom it is impossible to enter into any equitable arrangement for the discharge of his arrears. The sale of the land is therefore recommended.

From the Collector of Canara } Sir, Para.

Forwards Copy of a Correspondence which has taken place between his Head Assist Mr Forbes and the Officers Commanding at Sedashegur relative to a question which has arisen between them as to Mr Forbes' right to call upon the Assistant Apothecary at Sedashegur

At the request of Mr G. S. Forbes my Acting Head Assistant, I have the honor to forward Copy of a Correspondence which has taken place between himself and the Officers Commanding the detachment of the 34th Light Infantry at Sedashegur relative to a question which has arisen between

Sedashegur to afford him or Members of his family Medical aid at Bellikerry

between them as to Mr Forbes' right to call upon the Assistant Apothecary at Sedashegur to afford him or Members of his family Medical aid at Bellikerry the station at which Mr Forbes permanently resides. This question he is desirous of having submitted for the decision of Government. Mr Forbes has since explained that his applications have not hitherto been made through the Commanding Officer, but have been addressed direct to the Apothecary, who (as he has informed Mr Forbes) reported the application to the Commanding Officer, and that the apothecary has not in any case been detained from his duties at Sedashegur for a period longer than four days.

2. Assuming what appears to be the case, that the Apothecary at Sedashegur is

Fort St. George 15th July 1847.

is attached to the Military Department and that his Chief duty is to afford Medical aid to the detachment of troops there stationed. I regret that it is not in my power to support Mr. Forbes' claim to summon the Apothecary as a matter of right, his requisition should I consider have been made to the Commanding Officer under whose orders I take the Apothecary to be - and although the Commanding Officer would not be acting in an accommodating spirit or in accordance with what I imagine to be the wishes of Government in refusing to allow him to proceed to Bellikerry if his services could be conveniently dispensed with, yet as he is the person who is entitled to judge whether "any still more emergent duty precluded him from attending" at Bellikerry, he should both in reason and courtesy have the opportunity of expressing an opinion on this subject. On this account I think that Mr. Forbes' reply to the remonstrance of Captain Singleton against the detention of the Apothecary as it appears in a marginal note, Viz. "that he claimed to be the best judge of the

reasonableness

Fort St. George 15th July 1847.

reasonableness or otherwise of the Apothecary's stay" is one which should have been avoided. He is undoubtedly the best judge as far as relates to his own health or that of his family whether the Apothecary's stay were desirable or otherwise, but he is not the best judge as to the wants of the detachment or whether these are comparatively greater or less than his own. The principle indeed of making the same person liable to receive orders from Officers in different branches of the Service and these separated by a distance of 17 or 18 Miles seems one which is very liable to lead to misunderstanding and I am not therefore disposed to claim more on behalf of Mr. Forbes than that the Commanding Officer should be authorised and required to comply with his requisition for Medical aid when the Apothecary's services are not required with the detachment.-

3 Mr. Forbes' position at Bellikerry is, as he observes, one which debars him from easily obtaining Medical assistance from the Civil Surgeon at Honore, and he is on that account entitled to every reasonable consideration. If however it should really be the case that the attendance of the Apothecary at

Fort St. George 15th July 1847.-

at Bellikerry is incompatible with the performance of his necessary duties at Sedashigur, and the state of Mr. Forbes's health or that of his family renders it probable that he may be under the necessity of making more frequent applications for aid than can be conveniently complied with, I should be most willing to enter into any plan by which he might be enabled to make his principal place of residence at some station more accessible to such aid and by which all occasion for misunderstanding on this point would be avoided.-

Sir,

I have the honor to forward herewith copies of a letter addressed by me to Captain Singleton the Officer Commanding the detachment at Sedashigur and his reply.-

+ No. 1.

* No. 2.

2 The question at issue as you will observe, is whether I am entitled in the event of serious illness occurring to myself or my family to medical attendance from the

Fort St. George 15th July 1847.

the Apothecary stationed at Sedashigur.- My position as you are aware debars me from obtaining Assistance on such occasions from the Zillah Surgeon at Honore which is distant about 36 Miles from the place without considerable time intervening. I have therefore under the impression that a public Officer situated as I am is entitled in emergencies to the nearest available Medical aid, hitherto applied to the Assistant Apothecary at Sedashigur which is 17 Miles from my Station, mentioning the nature of the occasion and making my application Conditional on the circumstance of no still more emergent duty precluding him from attending me.- I believe that since my return to this Station in November last I have had occasion to apply to him four times. I have always provided for his travelling expenses and unless, as was lately the case, the occasion has been sufficiently serious to require a longer stay he has returned to Sedashigur the next day. As the Officer now in Command at Sedashigur Conceider himself entitled from the tenor of the Extract contained in his letter to prohibit the Apothecary from quitting the Station in

Compliance

Compliance with my requisition for Medical aid I have the honor to request that you will be so good as to submit the question for the decision of Government.-

P.S.

With reference to Captain Singleton's observation that some dangerous malady might during the absence of the Apothecary carry off half his men it is obvious that the dangers which he apprehends on behalf of his men during these brief absences, myself my family and Cutcherry are as equally exposed to them throughout the year, although I conclude every Servant of the Government is equally entitled to the Medical aid they provide, if it is available.-

No. 1

My dear Sir,

I heard accidentally from Mangalore that you had addressed a letter to the Superintending Surgeon complaining of the Apothecary at Sedasheigur having absented himself on various occasions from that Station to attend myself or Members of my family during illness.

I

9544 Fort St. George 15th July 1847.

I shall feel much obliged to you to be so good as to inform me whether this report is correct, and if so, whether you have received any Communication from the Superintending Surgeon which will authorize yourself or any other Officer who may hereafter Command the detachment at Sedasheigur (in the absence of emergent sickness in the station) to forbid the Apothecary from attending to an application from me for Medical Assistance.-

No. 2.

My Dear Sir,

I received yours of the 15th and in reply beg leave to state that the report you mention as having heard is perfectly correct.- Mr. Watson ought to have been perfectly aware that it was not part of his duty to attend you or any one out of the station and Remain away four or five days at a time it was not only an injustice to the sick of my detachment who were left without any one to give them a dose of physic, but Cholera or any other disease might have broken out and carried off half the men before he could be back to render any assistance, also according to your last

Fort St. George 15th July 1847.

++ I said in reply to a remark that the Apothecary's stay at Bellikerry was very unreasonable that I claimed to be the best judge of the reasonableness or otherwise of this stay. /Signed/ G. S. Forbes.

last note to me you ++ say that you claim the right to keep him away as long as you think necessary. It was by the merest chance that the Apothecary happened to be present when I lost a man of the Company who was seized with sickness (shortly after the Apothecary's return from Bellikerry the last time) and died of hydrophobia within two days.

I send you an Extract of the superintending Surgeons' letter written by order of the Major General Commanding the provinces in reply to my reference on the subject viz.t.

"that the Assistant Apothecary's duty at Sedashigur is to afford Medical aid to the Military Detachment stationed there and to any other Public servant at the place who may stand in need of it and I know of no right that any Civil Officer or other person has to call him away from that duty, particularly if by attending such calls, it would be to the neglect of his own proper work."

Collector of Canara

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 21st instant enquiring whether my applications for Medical aid have been addressed to the Apothecary or to the Commanding Officer at Sedashigur.

and 2nd whether the Apothecary has been detained from his duty as many as four or five days at a time.

2 In reply I have the honor to state that my applications have hitherto been all addressed to the Apothecary who (as he has informed me) reports the application to the Commanding Officer.

3. In my letter of the 17th I mentioned that except on one or two late occasions which occurred at short intervals, and required a longer attendance and when he remained I believe 4 days, the Apothecary has returned sometimes on the evening of the day that he arrived, sometimes the next day and sometimes the day after that.

4 I have always desired that he would remain at Bellikerry

Fort St. George 15th July 1847

Bellikerry only so long as he considered the occasion to require and as the state of his duties at Sedasheigur permitted.-

5 During the two years and 6 months that have elapsed since I first came to Bellikerry I may safely say that the total amount of time spent by the Apothecary in attendance on me or my family does not exceed the proportion of a single day in each month and I believe that it cannot be shown that any case of serious sickness has been neglected on my account should such occur during the absence of the Apothecary a Messenger would reach him from Sedasheigur in 4 hours-
