With reference to the Board's Endorsement on the accompanying Petition dd. 9th of 1847 dated 6th July last, I have the honor to state that the former Petition therein referred to (No. 645 of 1846) and not 1846) was reported on by me agreeably to the Board's orders - Copy of my Endorsement on the Petition in question I beg to forward -

Endorsement on Petition No. 645 of 1845 -

Petitioners Gron Reddy and Narahare Sungeeva Reddy inhabitants of Reddy Tippanapaud in Gunnamulnadgoo Talook in the Zillah of Cuddapah Complain of the great inconvenience and loss suffered by them in the Cultivation of the Village lands forced upon them, without granting them certain Cuttoobady Inaums promised at the time and pray that certain additional Inaums may

The total amount of Reddy Inaums attached to this Village is Rupees 34-4-11 of which the Petitioners as Mirasdar Reddies enjoy Rupees 27-14-6 and the Ghyr Mirasdar the remainder - and Petitioners complain that the whole of their Reddy Enam land Viz. 13 acres and 26 3/4 Goontahs is unfit for Cultivation and beg that other lands out of the Ayan Bunjer in No. 86 may be substituted acre for acre - The land they are in treaty for is assessed at Rupees 4-8-8 while that which they wish to surrender as unprofitable is assessed at Rupees 2-4-8 - The number of acres of the former required according to the assessment to bring their Emoluments to what they are at present or rather to the amount of assessment on their Enam lands would be 6-7 1/2 - and as this amount is rather in excess of the proportion laid down in the scale of remuneration framed by Colonel Munro according to the Beriz of the Village, I see no reason why more than the above number of acres &c. should be given in exchange for the 13 acres and 16 Goontahs in their possession - The assessment on the land they have applied for Corresponding in extent

Requesting the

the instructions of the Board regarding the proposed removal of the present trustees of the Yacambreeswara Swamy Pagoda at Conjeveram.

portion of the Native community connected with the Pagoda of Yacambreeswarasaw= =my at Conjeveram having several times applied for permission to remove the present Trustees of that Pagoda, and to nominate another person in their stead, I think it necessary to submit the case for the consideration and orders of the Board.

2. In the arrangement made in 1842 for the transfer of the Manage= =ment of religious institutions to Native Trustees, one Tumbeyeppa Moodelly son of Audeppoory Moodelly a former Dhurmakhurtah of that Pagoda, and 8 of the Shalluttars or Goorookuls were selected as Trustees for the Institution by general consent, since which one of the Goorookulls having died no person was nominated in his room.

To Board 8th Feby 1842

3. The remaining eight Trustees have it appears, failed through Mismanage= =ment to give satisfaction to the Com= =munity interested in the Institution, and the Goorookuls in particular have been accused of misappropriating its funds. Another cause of dissatisfaction has also arisen

13140

Fort St. George 14th October 1847

arisen in a Robbery committed in the Pagoda on the night of the 19th April last, in which property consisting of Jewels and ornaments to the value of about 22000 Rupees has been lost, and which loss is attributed to the culpable negligence of the Trustees, who allowed the property to be kept in an insecure and unusual place for some time, prior to the Robbery being committed. In consequence of this mismanagement on the part of Tumbeyeppa Moodelly and the other Trustees, and of the misconduct of the latter, in the alleged misappropriation of the funds, the Shalluttars and respectable Inha= =bitants of Conjeveram, have forwarded repeated Mahazurnamahs numerously signed and similar to the enclosed Petition to Government, declaratory of their wish to remove the present Trustees of the Pagoda and to nominate in their room Ragoonada Row Sahib, a member of the family of the Jaghirdar of Arnee in North Arcot and who is willing to undertake the Trust.

† No. 718 of 1847

4. The present Trustees have generally addressed this office protesting against

against their removal, whilst Tumbey Appah Chundelly
[illegible] who is employed as a Clerk in the Accountant Generals
Office, on his part attributing to the Misconduct
of the Goorookuls, who have been associated
with him, the loss of the property that has
lately occurred, has requested that he may
be retained as sole Trustee.

+ 8th December 1845

5. In referring to the instructions
of the Board conveyed in a letter to
the Collector of Trichinopoly and com-
=municated to this office in their Proceed-
=ings of the 10th August 1846, I find that
Succession to deceased Trustees is to be regu-
=lated by recognizing the nearest of Kin or
other representatives of such Trustees
unless generally objected to by the Commu-
=nity interested in the Pagoda, in which
case, the person recommended by the general
body of the worshippers should be appointed,
it being distinctly understood that the
Collector has no concern in objecting to one
Candidate or preferring another, his duty
being confined to ascertaining, as far as
possible the prevailing wish of the Com-
=munity and to giving it effect. But if
this rule is, as I believe, applicable only to the

the filling up of vacancies arising from casual-
=ties the present case would seem to require
the Special orders of the Board and more
particularly as it involves a question of the
right to remove the Trustees for misconduct-

6. I should have declined interfering in this case had not the Stallutharas or ministerial officers of the Pagoda expressly requested that the usual allowances payable from my Treasury may not be hereafter paid to the present Trustees, but to the one who has been proposed to supersede them-

7. Under these circumstances I request the instructions of the Board as to my giving effect to the wishes of the Native Community by allowing their Honorable Pagoda-
=mada Row Sahib who is known to be a respectable Saghirdar to take charge of the Pagoda, and to draw its funds, or to my referring the parties who have applied to me on the subject to the Civil Court to obtain an order for the removal of the present Trustees.

Mr. Freese further states that the present Trustees have in the meantime protested against their removal whilst Tumbeyappa Moodelly on his part attributes to the misconduct of the Goorookuls who have been associated with him, the loss of the property that has lately occurred and has requested that he may be retained as sole Trustee -

Affording further explanation on the subject of Pandy Mottah and recommending that the case be submitted for the consideration of Government with reference to the report of Mr. Maltby on the subject.

With reference to the Extract from the Proceedings of the Board of Revenue dated the 23rd August relative to the arrears due by the proprietors of the Pandy Mottah, I have the honor to inform you that on having sent for the brothers, one of them (Sic Rnes) preventing the other attending) waited upon me and again expressed their joint desire to be permitted to resign the Estate on condition of the arrears being remitted since the receipt of the Board's Proceedings I have endeavoured to trace some other tangible cause than over assessment for the apparent falling off in the revenues of their Mottah, but without success. The Mottah never as appears from the Collections shewn in the Sub Division accounts, from its legitimate proceeds repaid the Proprietors who I believe were induced to hold it solely from the desire of securing local influence and the facilities of obtaining from the Villages straw and other supplies

Sir

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Chingleput reporting that the Minor proprietors of the Pandy Mootah have attained their Majority, and recommending that the arrears against that Estate amounting to Rupees 2,17,21-0 may be written off and the resignation of the Mootah accepted.

Submitting letter from the Acting Collector of Chingleput reporting that the Minor Proprietors of the Pandy Mootah have obtained their Majority and under circumstances stated recommending that the arrears against that Estate amounting to Rupees 2,17,21-0 may be written off in the accounts of the District and the resignation of the Mootah be accepted.

29th July in Cons
23rd August 1847

Fort St George 14th October 1847.

It will be seen that Vadachella Moodelly Zemindar of Pandy died on the 10th December 1830 leaving two Sons Moodoo Soobramania Moodelly and Poonambala Moodelly aged 4 and 3 years respectively, the balance of Kist due up to the end of Fasly 1239 amounting to Rupees 135-1-4. The Estate was in consequence placed under attachment and subsequently with the Sanction of Government taken under the Management of the Court of Wards on behalf of the Minors. The deteriorated condition of the property owing to the neglect of the Zemindar to repair the works of irrigation, and the high Berij &c levied on it induced the Collector under date the 2nd March 1838 to request the Sanction of the Board for striking off the arrears which had amounted at the end of Fasly 1246 to Rupees 12,153-1-1, but the Board decided that the Balance should be Kept in account until the expiration of the Minority when the affairs of the Mootah would be finally adjusted.

From the Chief Secy 20th inst 2nd Sept.r 1831.

In Cons 12th March 1838

To Coll.r 29th March 1838

3. In accordance with these instructions the further consideration of the subject was postponed. The Acting Collector now reports that he has called on the Sons of the late Vadachella

Vadachella Moodelly on their attaining their majority to discharge the arrears and assume the Management of the Mootah, and that they have represented their inability to pay the balance, and expressed a hope that they may be permitted to resign the Mootah to Government; and be exempted from the Demand for arrears which have accrued during their Minority. In Para 10 of the letter now submitted the Acting Collector states that he has in deposit in his Treasury a sum of 1 Rupees

Half of the Surplus profit of the Shrotrieem Village of Pondoor } Rs. a. p. 837-14-3 + 712-12-11 being the Surplus profits after deducting the amount applied to liquidating balance due on the Mootah of Pandy before Vadachella Moodelly's death } 125-1-4

to the notice of Government the Collector was requested to ascertain and report whether the heirs were still willing to relinquish the Mootah in the event of the arrears being remitted, and further to explain the causes which had led to so large a falling off in the revenue. In reply Mr Freese states that the Proprietors have again expressed their desire to be permitted to resign the Estate on condition that the arrears be remitted and that he has failed in discovering any other cause than over assessment for the falling off in the Revenues of the Mootah. The proceeds of the Mootah had, he observes, never repaid the former Proprietors who merely held it from the desire of securing local influence and the facility of obtaining straw and other Supplies of a nature difficult or expensive to procure at the Presidency. — Under these circumstances the Court beg to recommend that the resignation of the Mootah of Pondy be accepted and that the arrears amounting to Rupees + 21,721-10-7 which have accumulated against it under Sirkar Management be struck off the accounts of the Collector of Chingleput.

Sir,

I have the honor to requiest your attention
to the proceedings held by the Moonsiff of Yedapandeina
Plaintiff Sittagoody Soobien &c &c Defendant Summary
in which the persons noted in the margin are Plaintiff
and Defendant.—

2 The circumstances have come to my notice
in consequence of a Police investigation held by the
Tahsildar of Shenkerry droog on a Charge made by one
Cadasien Son in law of Soobien against the persons noted
in the margin of impeding him in the execution of
a writ of attachment issued from the Moonsiff's Court
1 Aurooniya Chetty
2 Vencatachella Chetty
3 Vencatasooba Chetty
4 Poneacoty Moodelly
for the Defendant's have been fined by the Tahsildar
each in the sum of 3 Rupees, and have appealed to me
against the decision.—

3 The whole of the proceedings seem to
me to be so irregular and illegal, that I have had no
hesitation in Cancelling the Sentence of the
Tahsildar, and I think it right to bring
the case particularly to your notice.—

4 It would appear that the
Moonsiff issued a precept in general terms for
the attachment of such of the defendant's property
as the Plaintiff should point out, and this was
made a pretext for entering the houses of
several persons and seizing the property pointed
out not by the Plaintiff Soobien, but by Cadasien
to whom no power whatever was conveyed by the
Moonsiff's precept, even supposing the precept
to have been legal.—

But I beg to submit to your
5 whether the Moonsiff has power to issue a
precept in these general terms and give to a
party the power of searching any houses he
may chuse and removing from them any pro-
perty he may think proper.

I

13153

Fort St George 14th October 1847.

I also consider that the Tahsildar ought not to have interfered unless called upon by the Moonsiff to do so I believe that if the parties were interrupted in executing a Warrant of the Court they should have complained to that authority which I believe has power to punish any resistance of orders - The Tahsildar should be prepared to keep peace, but not I think to take notice of charges such as the present unless called upon by the Moonsiff (not by the parties) to support his authority -

I conceive that on the present case his order upon the complaint of Calasseu should have been that he was himself the wrong doer in trespassing upon the property of the defendant -

Zemindar's family- postponing to recommend the case to the Govt of India for sanction on the condition that Soorialharam Sagapaty pay Timma Sagapaty (Lawyer) hitherto by him 180 Rs per mensem and desires the Bd will direct the Collr to restore the Port of Peddapore and entire to the family for their use to be held free during the pleasure of Government.-

Extract from the Minutes of Consultations under date the 21st September 1847.-

Read the following Letters from the Acting Secretary to the Board of Revenue-

Dated Outer 29th July and 2d September 1847. No. 3504/1100.

The Most Noble the Governor in Council

Para 1

confirms the purchase on account of Government of the Estates composing the Peddapore Zemmindary for the sum of Rupees one lac sixty nine thousand four hundred and thirty five 1/169435/-

2.

The late Zemmindar having as reported by the Collector of Rajahmundry formally relinquished all demands for balance against his former Rycots

Her Lordship in Council sanctions the writing off from the accounts of Rajahmundry the balances against the Peddahare Estate amounting to Rupees Six Lacs forty six thousand eight hundred

and

and ninety three Annas twelve and Fies six 64,893-12-6/-

3. Until the date of sale of the Estate the Zemindar of Peddapore enjoyed an allowance from Government of 500 Rupees per Mensem and held under his own hands certain Sairy lands- The latter have now been resumed- The former was bestowed on the Zemindar in the plea of his giving aid to the Collector in the management of the Zemindary under Zuft, a service which has neither been required nor rendered-

4 The Collector and the Board of Revenue now propose that double this allowance be granted to the Ex. Zemindar for maintenance. The Most Noble the Governor in Council cannot consent to recommend that so large an allowance be conferred on the Zemindar. It must be remembered that he still holds a portion of the Ancient Zemindary the Column Estate, which was estimated by the Commissioner in 1844 as yielding him an annual income of 10,000 Rupees. It must also be remembered that the character and conduct of Sooria Narrain Jagapaty Rauzu have not been such as to entitle him to any large degree of favor from the Government. The late Collector Mr Smiths and the Commissioner have concurred in denouncing his

his conduct as "worthless" and "dishonest" while he held possession of the Peddapore Estate. and the Board of Revenue in their Proceedings under date the 3d August 1846 Para 15 say - "The past History of this property conclusively shews that failure has been owing to extravagance and mismanagement and not to over assessment."-

5 On a full consideration of the circumstances of Sooria Narrain Jagapaty Rauzu and of the claims of the family on the liberality of Government as noticed by the Board in the 6th Para of their Proceedings above named His Lordship in Council is of opinion that an allowance during life of Rupees six hundred* for Mensem will be a sufficient and liberal provision for the Ex Zemindar's family and he accordingly resolves to recommend to the Government of India that this amount be conferred on its present Head for life, commencing from the 5 July last on the condition of the punctual payment Monthly of Rupees one hundred* there from to his only brother Timmah Jagapaty Rauzu-

6. In the event of the Fort-

of

of Peddapore wherein is the residence of the Ancient Zemindars forming a part of the resumed lands the Board will direct the Collector to restore the entire to the family for their use to be held free during the pleasure of Government.

From the Collr of Rajahmundry

Affording information with respect to the system of taking Security from public servants, in reply to the Board's letter of the 26th August last.

With reference to your Circular letter of the 26th August last directing me to explain the course followed in this District in regard to the System of taking security from public servants, to specify the various description of Officers in the Service of Government from whom it is customary to require Security for the faithful discharge of the duties confided to them, the nature and amount of Security demanded whether for personal appearance only or otherwise, and also whether such amount is regulated with reference merely to the Salary of the Officer or to the duties and responsibilities of his Office and if to the former in what manner the relative proportion is fixed, to furnish if in my power the information on what terms Security is generally procurable, and to submit a list of all servants (and their situations) on whom it is customary to call for Security and from whom it is possible in my opinion to dispense with so heavy a demand on their Salaries

Salaries, I have the honor to state that it has been the practice to take Security from the Servants, undermentioned, in this District Viz.

Huzzoor Servants	Amount of Security to Rupees
Cash Keeper	for 10,000
Head Shroff	" 10000
Second Dº	" 5000

JL

The bond though tendered for money Security contains also a provision for the personal appearance of the party when required- The form of Security bond sent with the Boards Proceedings of the 27th May last appears to be unexceptionable- The amount of Security is regulated not with reference to the Salary of the Officer but to the responsibilities of his office- In most cases persons standing Security for public Servants receive occasional presents from them the amount of which is not uniform but is said to average from fifteen to thirty days Salary in the course of the year- About ten per Cent of the Servants find Security without giving such presents if they happen to be connected with Men of rank and wealth-

2 I think it would be imprudent to reduce the amount of Security now taken from the Huzzoor Cash Keeper and Shroffs from the District Shroffs and from the Stamp Darogahs- The Security taken from other Servants might with safety be reduced to a sum equivalent to that of their respective Salaries for two and a half or three years-

3d Do 37½ lbs.

Coimbatore 61½ lbs.

Burmool 28 lbs

2 The above Statements shew that the returns received exhibit results both with regard to production and price that are quite irreconcileable with each other. The cost of Cultivation varies from a 2 p 91 cts to a 1 p 8 cts and the price from R 5 C 63 to a 1 R 7 C 62 The quantity that an acre is said to be Capable of producing also varies from 45 to 273 lbs, but this may arise from the entry referring in some Cases to the cleaned, in others to the uncleaned Cotton, which should have been particularly specified—

3 From the degree of discrepancy between the same item in different Districts it

it is probable that the quantities entered on the Collectors' Statements are the result of estimated data, or of general enquiry only and not of a Comparison of Actual facts—Instead of this it is desirable that a certain number of facts should be collected from different parts of each District, and definite conclusions drawn from a comparison of the whole—For example the produce of a field of the best land compared with that of medium and inferior soils—the quantity that remains after cleaning—whether there is any difference between the first, second and third pickings, and whether they are kept distinct or mixed together—with such other particulars as appear to affect the value of the Cotton—In the same manner the facts regarding the Cost and charges actually incurred on a quantity of Cotton in different localities should be ascertained and stated, from which a calculation per lb can be easily deduced—In every instance the actual Cost of transit whether by Cart or Bullock to the nearest port or place of export should be stated, and also the Assessment on the different descriptions of Cotton land, with the probable extent of land of each description under

under Cultivation—

6. The object of Government in calling for these returns is to obtain the most accurate information procurable regarding the present condition of the Cotton Trade, and this can only be satisfactorily deduced from a comparison of a number of well ascertained facts from all parts of the Country—

Resolved that Copy of these proceedings be furnished to the Collectors of the districts named therein, with a request that they will be pleased to submit fresh returns together with the data on which they are founded, in conformity with the foregoing observations—

No 1 The increase is from Rupees 188 7 11 on account of Fusly 1255 being charged during the period of actual charges —

In the charges bonafide for 1256 there was a decrease owing to the renting of a number of Villages and Settlement of others under a fixed assessment instead of a division of the produce —

143	10	3	"	"	"

No 2. This increase was caused by the necessity of employing more Thaledars than estimated in consequence of the heavy wet crops and by the change of Rupees 30 — 10 — 2 on account of Fusly 1255 during the period of actual charge —

"	"	2	2565	11	7

No 3. This decrease was effected by dispensing with Mahasooldars in the case of many Kharej Villages settled under Mucta or estimate of produce as well as Mukta Villages — generally. —

The

13113 Fort St. George 11th October 1847

The Nett decrease of Rupees 1277 is explained by a Gross increase (Rs 385) and a Gross decrease (Rs 1662) There are but two items which are of any considerable amount demanding observations out of the said Gross decrease. The 1st Rupees 1351 arising on Cotton and Cotton thread, the Collection of duty on the import of these articles as made under the Schedules appended to Act No. IX of 1845 having since been excluded in the Nirook Puttee framed by the Board and sanctioned by Government under date the 2d August 1845, and the 2d Rupees 1971 the nominal Amount of Toll for the Ferries of the Toombadra River - The privilege of the collection being rented out, the amount of the rent has been transferred from Sayer to Extra Revenue under the instructions of the Accountant General dated 3d August 1846 These two items make a total of Rupees 3322 the remainder Rupees 1340 is I think caused by the want of Check in the present system rendering it almost impossible to detect Frauds the charges bearing so large a proportion to the Collections, the Board will probably take into consideration the propriety of extending the abolition of Transit duties to those Collections also.

Nett decrease 1384

The reason of the decreased Collection has been stated in the foregoing para. The decrease in the charges is owing both to the reduction of a coolear on the Nizams line and to the abolition of those Chowkees which were for some time in last year on the Soondoor frontier.

Adkarry

5 There is a trifling decrease of Rupees 1384 in the Beriz of Adkarry for the present year - The full Amount

The net decrease in the rent of Trees is Rupees 379- Tamarind Trees yielded no produce owing to the want of rain- Out of the increase in the Small farms (Rupees 127) Rupees 64 is on Gida cavely and Conda covaley (meaning forest and Hill watches) and Rupees 63 is on Jally poolavary or tax on thorn shrubs grazed by Goats- The Collection made within the year on account of its Current Beriz is Rupees 18707 and the subsequent Collection

Fort St. George 14th October 1847

Collection up to the end of September 1847 amounts to Rupees 182 making a total of Rupees 18809 thereby leaving a balance of Rupees 25-0-0 The Gross Collection of this branch is hereunder compared with the last year.

From

Fort St. George 14th October 1847

From the above it will be observed that the decrease in Veesabady is small whilst the increase of Rupees 913 in the Moturpha and Baghur Veesabady more than counterbalanced it.

The Gross Collections of the above 8 branches for which no charge is incurred stand thus.

ORIGINAL RECORD DESTROYED

The large balance for last year is the increase in the Collection of Arrears this year (Rupees 1590) and the increase of Rupees 235 in the Collections for the Current Revenue is explained by the increased Beriz of the present year. There is a small increase (Rupees 20) in the Sevoy Summah or Exctra Revenue. The Collection made within the Fusly is Rupees 265397 and the subsequent Collection up

Fort St. George 14th October 1847

up to the end of September is Rupees 3093 making a total of Rupees 208490 leaving a balance of Rupees 606 of which a portion appears recoverable.

Stamp Revenue.

9— The sale of Stamp Paper for the Fusly under Report amounts to Rupees 2997 being Rupees 425 more than last year as is shewn below.

ORIGINAL DESTROYED

The increase of Rupees 692 in law Papers is owing to the limitation that Civil Suits for Amounts Cognizable to the Moonsiffs Courts should not be filed in the Zillah Court having since been abolished, and the decrease of Rupees 240 in Sayer Rowannahs is the introduction of the use of unstamped Moffes Papers. The Penalty on unstamped deeds carried to a separate head "Sewoy Jummah" under the Accountant Generals remarks amounts

ORIGINAL DESTROYED

The increase in the actual sale Rupees 452 is noticed above and that in sewoy Jummah being Rupees 1284. Of this Rupees 938 is attributed to the sums on Pauper suits accumulated in the Zillah Court having been remitted to the Hoozoor Treasury by the Court this year, and the remainder is the nominal increase in the Collection of Penalties on unstamped deeds.—

The Gross Collections (including arrears) Charges and Net revenue of all the five Extra branches for three fusslies namely 1254 1255 and 1256 is as follows.—

Items

13122 | Fort St. George 14th October 1847

The balance of Moturpha Revenue of Fusly 1255 outstanding at the end of that Fusly as noticed in Col. 7 of Statement marked B is Rupees 3026-15-6, of which the Amount recovered in the present year is Rupees 2850-9-9 leaving a balance of Rupees 176-5-9 of which the recoverable portion is ascertained to be Rupees 10-11-7- and the remaining is Rupees 135-10-2- of this deduct Rupees 1-8-0 being the sum stolen from the House of a Potail of Kallaghutta the rest Rupees 134-2-2- is the irrecoverable balance which should be written off for the following reasons.

Communicating observations and Orders on the Boards Proceedings relative to the Settlement of the Land Revenue in the District of Tanjore for Fasly 1255.

Read the following Extract from the Proceedings of the Board of Revenue Reporting on the settlement of the Land Revenue in the District of Tanjore for Fasly 1255. A.D. 1845/46

Here enter 19th August 1847. No. 386.

Para 1. The general outturn of the year under review 1845/46 has been highly satisfactory. The season is reported to have been upon the whole favorable, the freshes, though "not so plentiful, being timely," and there was no deficiency of produce except in the Talooks nearest the sea, which are at a distance from the

the main channels of irrigation, and on the dry lands dependent on the failing rains when were scanty. The revenue from all sources has exceeded that obtained in any previous year since the assumption of the Provinces with the exception of 1842/43 and 1843/44.

2. The amount of revenue realized the year including all items was Rupees 54[illegible] upon a demand of Rupees 55,6907 leaving a balance of Rupees 9,634 or [illegible] per Cent at the close of the year. The total balance of Land Revenue due was only Rupees 35,879 from a demand of Rupees 4,25,327 or 8/16 per Cent. This result affords sufficient evidence that the demand was not beyond the means of the payers easily to meet more especially as the arrears that are arrears of Rupees 5,809 was collected within the same period.

Pros. para 13

3. Of the balance due for Fasly 1254 or 1845/46, a sum of Rupees 3,716 was stated to be contumaciously withheld by Meerasidars well able to pay their rents but who had combined and refused to pay them with the view of extorting better terms from the Government. His Lordship in Council approves of the orders issued by

Comp.

the Board of Revenue for the sale of the lands of these defaulters, upon the understanding, that the Board and the Collector have fully satisfied themselves by ample enquiry, that these parties have no just ground for withholding their dues, and that the example is necessary to prevent improper and unjustifiable combinations to defraud the Government.

4. The increase in the revenues in Fasly 1255 over the Collections of the past Fasly was Rupees 4,38665 and nearly the whole of this increase, or Rupees 4,22,907 was in the Land Revenue. This addition to the Revenue is attributable entirely to the higher prices obtained for produce of not less than 45 5/16 per cent above the standard prices and 33 7/8 per Cent above the average price of the past season and the outturn of the year manifests as Sir Henry Montgomery has justly observed in a very marked manner the advantages of the assessment and it may be added of such works generally

generally when planned and executed judiciously. Tanjore has by this work been enabled to raise in a season by no means of abundant freshes and when the falls from the North East Monsoon were scanty a full average crop affording in consequence large supplies to foreign markets and a large additional revenue to Government whilst the Meerasidar has profited generally, and in the settled Talooks very largely.

5. The increase of revenue, it is right at the same time to remark, was drawn almost entirely from the lands held under the Wadgam system, and the Government are not prepared therefore to adopt without limitation, the Board's view, as stated in para 13 of their proceedings. His Lordship in Council would be disposed on general principles to question the opinion, that the Government share of rent should not rise proportionately with the increased value given to the produce of the land from extended markets and their consequent enhanced price, when, as in the case of Tanjore, the increased gains of the Ryot or Meerasidar do not arise out of improvements, from greater skill or exertion on his part or from an outlay of

"The advantages of the Market fell as should universally be the case to the Meerasidars."

of his own capital.

Para 13. 6. The Board have themselves noticed that of the Collections which have raised the Revenue in Tanjore to a sum which has only twice before been equalled, Rupees 33,469 or but 1/10 of it was from extended cultivation, and when it is borne in mind that the produce reaped in the year under review, was not owing to a peculiarly favorable season, but to the anicut and works constructed at the cost of Government; it is not obvious to His Lordship in Council that the whole of the increase should universally go to the Meerassidars as the Board would seem to advocate, and that no advantage should accrue thereby to the state by an increase of its own rental But this subject will come more fully and properly under the notice of Government when the report on the Colungoo and Fields survey system is submitted.

7. There are but few other points in the Board's proceedings which call for the consideration of Government. The Salt and other sources of revenue remain much the same as in the former year amounting to Rupees 8,57,813 the Sea Customs being the only item in which a variation of any importance is observable, and the increase in this item is the consequence of the increased export of grain.

8. His Lordship in Council agrees with the Board in the expediency of such modifications being made, as may be necessary to place the Villages now under survey, and which are to be retained in consequence of the high station at which the Colongoo Dittam was fixed on the waste, upon a par with other Colongoo assessed Villages, and the Board will accordingly direct their views on this point as stated in Parah 6 and 7 of their proceedings to be carried out without delay.

9. It is satisfactory to the Government to observe the care exercised in the investigations, and his Lordship in Council concurs in the just encomiums bestowed on the Collector Lieut. H. Montgomery's administration and the commendation due to the indefatigable and intelligent interest he has taken in the improvement of the Revenues & the well being of the people. His Lordship in Council observes also with pleasure the favorable notice of the exertions of the subordinate Officers in the Province.

From the Sect. to Government Directing that as Abdul Cawder has after the expiration of 16 years failed to establish his claim to the Jeomiah of Rupees 97-3 per annum his name be struck out of the List of Jeomiahs of the Madras Collectorate and the allowance be considered as lapsed to Government from the 12th Oct. 1831 and desiring the Board to instruct the Collector to make a certain Note in his List of Jeomiahs.

Extract from the Minutes of Consultation under date the 4th October 1847.

Read the following Extract from the Proceedings of the Board of Revenue (Here enter 20th September 1847 No. 87)

Para 1. As nearly 16 years have elapsed and Abdul Cawder has failed during this period to establish his claim to the Jeomiah of Rupees 97-3 per annum, the Most Noble the Governor in Council can have little doubt with reference to what has been already reported in the Board's Proceedings of the 20th November 1837 No. 648, that the claim was an attempt at fraud and he therefore directs that the name of the above individual entered as No. 6 in the Minutes of Consultation dated 8th June 1847 No. 677 be struck out of the List of Jeomiahs of the Madras Collectorate

Collectorate, and that the allowance of Rupees 97-3 per annum be considered as lapsed to Government from the 12th October 1831 the date on which payment was suspended.

2. His Lordship in Council has not failed to notice the omission of the Collector to furnish any information respecting the above case in his application for the continuance of the allowances retrenched by the Civil Auditor an omission which has now rendered it necessary to cancel the sanction granted under date the 8th June last. He also considers the entry in the annual Statements of "Pensions and Charitable allowances" furnished to the Audit Office of a Jeomiah so long withheld and the arrears due thereupon without any explanation in the Column of remarks to show that the payment was suspended since 1831, to be irregular and calculated to mislead the Civil Auditor.

3. The Board of Revenue will instruct the Collector of Madras to note in the List of Jeomiahs for the Audit Office under the head of "Service Grants" the particulars contained in paras 6 to 10 of his letter of the 20th August 1847. No. 87.

2. The Civil Auditor is referred to the orders of Government of the date quoted in the Board's Proceedings for the requisite sanction to the other items Nos 68 69 and 95.

3. His Lordship in Council observes from the remarks of the Civil Auditor on item No 69 that the Collector has been required to furnish two detailed Statements of the payments made on account of Pagoda and Mosque allowances for Fasslies 1252 and 1253. The necessity of this requisition is

is not obvious to His Lordship in Council, and as a Statement of the kind was laid before Government with the Board's Proceedings of the 9th August 1847 No 371, he is enabled to say that such voluminous accounts encumbered with apparently useless details tend rather to retard than expedite the process of audit and moreover prove harassing to the Collectors' Establishment besides burthening the records of the Audit and Collectors' Office. It appears to His Lordship in Council that where no change has taken place in the annual disbursement of the Pagoda and Mosque allowances according to the sanctioned Sudreck, it will be sufficient for the Collector to report the fact for the information of the Civil Auditor who will pass the amount if it corresponds with the same total of the Sudreck, but where changes have occurred in the payments of the year it will be sufficient for the purpose of audit if such changes alone were specified in a separate Statement shewing the amount in aggregate paid according to Sudreck and the changes in detail for each Institution, which will also serve as a check on the payments of the following year.

3	In the house as above valued at			

Rupees

Rupees 720-8-" there are five Sharers according to the Genea- -logical Table included in an Turzee presented to this office by Singumgoon tah Sectamah, one of the claimants and which the others here say is Correct-

4 According to this Table this house formerly belonged to one Ramanapah who left two sons, Chena Authemmah and Rungapah who inherited the property in six Shares each- Chinna Authemmah dying left a son named Vencatarayadoo who having had no issue adopted Sashiah, a Younger brother of Lu Rungaraw late Cuddapah Stamps Vender and this Sashiah now claims as his right 6 Shares out of the twelve but renounces ac- -cording to Hindoo Law all right in his natural father's property- The other Brother Rungapah left two sons named Audenarraidoo and Sashachellum each of whom inherited equally 3 Shares of his Sire- The first of them named Audinaraido had a son named appiah who having died without any issue, his widow Sectamah now claims the 3 Shares inherited by her husband- The Second son of Rungapah named Sashachellum left 3 sons each of whom was entitled to one Share- The 1st of these named Pedda Sosharayadoo left eight sons the eldest of whom is

is L. Rungaroo late Stamps Vendor and who consequently is entitled to a seventh share in the share of his father, the eighth Brother having been otherwise provided for as above explained. The second Condulroo has two surviving sons Authenarainapah and Soondra-ramoodoo who claim the share of their father besides two Daughters named Sunnamah and Ammayemmah. The 3d. Chinna Seshaiyadoo left two sons Seshaiyadoo and Condiah who claim the share held by their father.

5 With respect to the property attached in the house the following are the claimants to all with the exception of Rupees 127-5-10 stated to be joined property.

6 Under the above circumstances as L. Rungaroo is now at Cuddapah it appears to me best to submit for your inspection the whole of the Documents and Depositions connected with the case as per List. In the Vizzees of L. Authenarainapah addressed to the Board and this Office and his depositions before the Tahsildar of Nellore, there are some differences but as this individual was formerly Moonshee in the Cuddapah Cutcherry some information may be elicited there as to the habits of the two brothers.

7 As the different papers relative to the lands are included in Mr. Rose's Report, information can be obtained from L. Rungaroo about them and with your reply to this I beg leave to request that the original papers may be returned.

Sir,

I have the honor to reply to your letter dated 12th. april last forwarding for my perusal the whole of the documents and depositions connected with the case of L. Rungaroo=row late Stamp Vender in this District and relative to the claims advanced by his relations to share in the Property which has been attached by you at my request with reference to my letter dated 5th. December last.

2 From these Proceedings it would appear that L. Audenarainapah who is the principal claimant has asserted that he and his 1st. Cousin L. Rungarow the late Stamp Vender are the divided Members of their Family, that they lived separately at Cuddalapah & while the the former was employed in this District as Magisterial

however induce me to arrive at a different conclusion. They clearly prove that the Cousins are members of an undivided Family, and that they occupied the same House while at Cuddapah, and this point is supported by the circumstance of L. Audenarainapah having in a letter, this original document accompanies, addressed to the persons who stood as Sureties for the Vender guaranteed his responsibility in the matter as regards the required security, the inference would appear obvious from this act.

3 Under existing circumstances no weight ought, I think, to be attached to the Statements of L. Sashiah, Seetam=mah, and Soobarow, alleging that the move=able Property does not in part belong to L. Rungarow the defaulter, but to L. Audenarainapah, and his Sisters, and to one Pandlon Venkatarayadoo the relationship of which latter person appears too distant on which claims could be advanced, as

Cochrane

Cosharers of the family property, and proof in support of their Statements as to the division of property having been actually made, appears to me wanting, failing this proof adducible on the testimony of respectable and disinterested parties, all who claim shares in the House, moueable and landed property are I imagine equally responsible according to the Customs and usages of the Country for the debts and defaults of the late Stamp Vender L. Rungarow in the present instance, as they would all equally be in regard to the acts of any other Members individually in any other case.

4 It will remain for you to decide whether the claims of the several parties are advanced on valid and just grounds, and such property as is clearly proved as not appertaining to Audy Narainapah and his branch of the family descendants from Sashachellum, can alone in my opinion be relieved from attachment.

5 From the Statements of Sheyshiah, Seetummah, and Soobarow, as already noticed there appears to be little difficulty in arriving at a decision as to the rights of parties, for they all acknowledge the claims of Audenarainapah and, as was naturally to be expected, to the exclusion of that of the defaulter L. Rungarow, while

while Soobarow foregoes all claims himself apparently at the instigation of Audenarainapah. The landed property according to Audenarainapahs statement is, exclusively of that portion allotted for charity and granted to his Sister as Dowry enjoyed conjointly by himself L. Rungarow the late Stamp Vender and the said Soobarow all three being 1st Cousins to each other, under the above circumstances and taking into consideration that the father of the above persons are Brothers / Sons of Sheshachellum / there can be no question I think that the three cousins are equally entitled to share in the moueable Property.

6 The moueable property it appears by the proceedings has been claimed by the different parties as hereunder mentioned, Audenarainapahs claim as his share being omitted which amounts to 2128-6-6.

On

7- On a careful perusal of the Proceedings furnished, it does not appear that any division as to the shares of the House claimed by the Members of the family individually as detailed in your letter under reply has been effected, and the Statement of Audemanaemapah shows such has not taken place, under reasons abovementioned there does not appear to me any obstacles or objection to the property belonging to Audemanaemapah valued at Rupees 2125-5-6 and the House estimated at Rupees 720-8- being sold by public Auction in satisfaction of the Judgment against the defaulter L. Rungaroo for the embezzlement he has committed.

8- Adverting to Para 4th of this letter unless on a further enquiry proof is elicited which at present is wanting, in support of the claims advanced by the persons entered in the above Statement which only as remarked by Audemanaemapah ought to have been made in the list of property attached, I am of opinion that this Property is equally liable to confiscation

* Amounting to Rupees 1219-9-0

9- In respect to the landed property it appears from the record that the Shrotriem of Iyaravepully has been given

as charity for the support of a Choultry - on the condition that the same be continued as long as the Choultry was kept up for charitable purposes - The family also possess Cavalee Enam in the Village of Cadavatoor which is stated to have been granted by Chittatee= varoo also in support of a Choultry and other Enam lands of the same description in the Village Poodavurtee granted by - Posthawaru which has been enjoyed by - L. Rungaroo and others -

10- Of the Enam appertaining to 1 - 1½ Gorloo is said to have been given to the Braman residing in the Choultry, and to other Bramins as charity - In the event of this portion being proved to have been in possession of the abovementioned granted for any length of period this would of course render the same free from all liability to attachment but the remaining portion of land yielding an annual produce of Rupees 54 should in my opinion be sold and I can see no objection to the Enam specified in the preceding Para being made equally liable to confiscation, but this will depend upon the practice of your District - The assertion

a portion of Audenarainapah to the effect that 1/4 Candy of land given in gift to Condulerow out of the Enam land possessed by Vervotavarow in the Village of Yerravor had been transferred to his Sisters has not been established any evidence on record-

I have the honor to return the Proceedings which accompanied your letter together with the Boards endorsed Petition No. 194 of 1847 and to request you will intimate to me the result of any further enquiries you make if you think it necessary so to do-

From the Agent to the Governor in Nurnool

Extract from Minutes of Consultation dated 7th October 1847 No. 1090.

Sir.

I learn with regret from a communication which has just reached me, that I have irregularly submitted to the Government direct, instead of through the medium of your Board, an application for authority to avail myself of the services of Moongamoor Suchmenarsoo Puntoloo, as Acting Head Serishtadar in this District.

In thus addressing the Government I followed the course pursued by the late Agent Mr. Bayley when soliciting permission to appoint Bagapatty Row to the Head Serishtadarship and, adverting to the mixed character of the duties devolving on the Agent in this Province, it occurred to me that it would be proper at once to communicate with the highest authority.

I beg, however, to disclaim any intention or desire to place the matter of the selection of a Serishtadar beyond

13204 Fort St. George 18th October 1847

beyond control by the authority to which I am now informed it legitimately belongs and accordingly on the grounds urged in my letter to Government, I have the honor to request the Board, if they approve the nomination of Moongamoor Lutchmenarsoo Puntoloo, will favor me by the adoption of such steps as may be necessary to procure sanction for the appointment of that person to the office in question.

at an expense of 12500 Rupees and is kept in good
Condition by the Proprietor. It is numerously re

conveniently situated and affording suitable
accommodation.

2 The Chaultry in question was
particularly noticed in the Fort St. George Gaz

other Buildings of a similar description
which a large sum has been expended in
Completion. They therefore to suggest that
sanction be granted for the appropriation of

the grant of an endowment for
the support of a Chaultry and Tank
situated at Conattoor in his
District and which formed the
subject of the correspondence noted
in the Margin.

2 From these papers it will be seen
that the Chaultry in question was erected so far
back as 1832 by one Vediacumm Lalah on the Road
leading from Madras to Bangalore. That in 1840 the
son of the individual Juggernath Prasad applied for
an endowment and that the Collector, to whom a
Reference was made on the subject, recommended
in consideration of the usefulness of the Institution
and the magnitude of the outlay incurred in its
construction the exemption from demand of certain
land in the possession of the Proprietor assessed at
Rupees 19-6-1 besides the grant of an additional
extent measuring 9-6½ and bearing a Peishcush of
Rupees 79-6-9 The Board in their Secretary's letter of
the 8th February 1841 supported the Collectors proposition
but as certain works connected with the Chaultry
were then in progress the Government were pleased
to postpone the Consideration of the subject until
the Completion of the Building observing at the
same time that under any circumstances they did
not see sufficient cause for exempting from
taxation

taxation of 6½ p.c. of land then paying assessment as proposed by the Collector.

3 The entire waste land now applied for amounts at a total cost of Rupees 12800 Pay. Finance in reference to the foregoing Resolution of Government, has received his application for an endowment in behalf of Singanna the Peon, and states that he considers that an assignment under the ordinary Choultry Rules of waste land valued at 60 Rs. per annum would be a suitable grant. The Choultry is stated to be kept in good condition and to be numerously resorted to by all Classes of Natives Travellers on account of its situation in a convenient town and the suitable accommodation it affords.

4 Under these circumstances the Board beg to recommend that authority be given for the grant as proposed by the Finance of waste land of the annual value of 60 Rupees for the support of the Choultry at Conjeveram on the understanding the grant be continued only so long as the Choultry is properly maintained.

Sir,

From the Collr.
of Chingleput.

With reference to the Proceedings of the Board of Revenue dated 27th Septr. ultimo I have the honor to state for their information that the wastage exhibited in the Account Current upto the end of last year is that which occurred in Fasly 1255 and which was written off in the Account Current of the 3d Quarter for Fasly 1256 under the authority of Government dated 20th February 1847 conveyed in a letter from the Board bearing date the 1st March 1847 and that it is not usual to enter in each Quarterly account Current the wastage which occurred during that period unless the sanction of Government is obtained for the whole wastage of the current fasly.

2 With regard to the wastage entered in the enclosure No 1 and which the Board consider to be excessive, I beg to inform them that it arose from the effects of the gale in the Months of October and November 1846 which occasioned great loss and particularly at the Vellore farm.

3 The omission in Statement No 2 of all heaps containing less than 10 Garce but the quantity in store and in the quantity sold has caused the difference between it and Statement

The explanations regarding the entry of the wastage of Salt in the Account Current for the above Quarter is satisfactory

Whenever an excessive Waste of Salt occurs under circumstances similar to that referred to in Para 2 of the Collectors letter it is desirable that the cause to which it is attributed be noticed in a Note at the foot of Enclosure No 1 of the Account Current for the Quarter in which the Wastage is exhibited

The Board observe in reference to para 3 of the foregoing letter that the place of having heaps of Salt containing less than 10 Garce when that is the standard quantity for which in the District is opposed to para 9 of the Rules dated the 31st Jany 1819 which requires that every heap of Salt in Store shall contain the same quantity

Sir

Reporting on the Settlement of Land Revenue of the Chinglepat District for Fusly 1256 A.D. 1846/47 and submitting the usual Statements connected with it -

English Statements from No 1 to 25 -
Maharatta do from No 1 to 34 -

I have the honor to forward the usual Summah Bundy Statements of the Land Revenue of this District for the past Fusly 1256 A.D. 1846/47 together with an additional Statement prepared on the form forwarded with the Boards Proceedings under date 22d January 1845 -

2 -

The transmission of a similar Statement for Fusly 1255, as promised on the report of that year, was found impracticable, as it would have involved the necessity of preparing fresh accounts with all the various details for no less than 1573 Villages, whilst it would have been necessary also to frame a separate Statement for the Villages composing the two Mootahs of Madarantacum and Conjeveram assessed by Mr Hepburn, in consequence of the whole of the Punja lands in those Villages not being assessed as in the other parts of the District, and the Punja lands being assessed according to the description of produce raised

one

on them. It has now been found advisable with a view to prevent obstruction and unnecessary labour to alter the contents of Statement No 18 so as to correspond with the arrangement in the descriptions of irrigation works which were before unnecessarily multiplied to the number of three, whilst they are therein reduced to four by the incorporation of renewed works of irrigation.

3. The Taloks of Cavanoody and Chingleput were visited by the Head Assistant Collector Mr Phillips and the remaining Taloks by the late Acting Collector Mr Smith.

4. I now proceed to submit the following remarks on the different parts of the nature of the season.

5 The season of fasli commenced favorably, rain falling in all Taloks in the months of July, and the first part of August, when their sudden appearance checked to a certain extent the progress of cultivation. The state of things continued till the 21st of October when a strong gale accompanied the effects of which were felt throughout the greater part of the District and by which numerous tanks in the Northern Taloks were rendered empty

the 25th of November, the District was again visited by a severe storm, which likewise destroyed and injured the bunds of a large number of tanks. Happily, however, the large and fine Tanks of Chembrumbaukum, Tamary, Madarantacum, Oolrannaloor, Damal Cowl &c withstood its effect, and received a full supply of Water. The Taloks of Cavangoody and Oolrannaloor, situated South of the Paular River were less seriously affected by those Storms than the Northern Taloks, and the cultivators therein had also been more fortunate in their Agricultural returns than their Neighbours on the preceding year.

6. The injurious effects of the two Storms are detailed in the reports of Mr Maltby and Mr Phillips to the Board of Revenue in the Department of Public Works, and I have now to add that some parts of the Cory, the Car, and Cumba Crops also, are stated to have sustained considerable injury; and that the loss of Cattle was great. Great efforts having been made to repair as far as was

was practicable under any and estimate the breaches in the bunds of the more important Tanks. A portion of the water usually stored was by these means retained in them, and from the large Tanks that withstood the injurious effects of the flood having received a full supply, the extent of Sunjah land under cultivation, in the Northern Talooks considerably exceeded that of the preceding year.

7. The prices of grain were generally by 20 per cent. but the prevailing prices being at the same time higher than the conversion rate on which the money fixed assessment was based, the ryots in some degree, compensated for the loss of produce occasioned by the storms by the prices received.

8. The number of Ryotwar Villages for Fusly 1255 or 1873 Company's Rs. was the preceding year. This increase from the Villages of Pothanaingatam and Conjeveram Talooks having been granted on a permanent lease to the support of Veeraswamy Pillays Choultry and those

high Western Road. In the Cultivation of those Ryotwar Villages, there was an increase of 15221 Cawnies of Nunja and 13230 Cawnies of Punja and 40 Cawnies of Totacal lands. The increase in the Revenue amounted to Rupees 22,810-12-2½ as per Beruz or 3¼ per Cent arising partly from the extent of increased Cultivation, and partly from a reduction in the amount of remissions granted, as shewn in the subjoined Statement.

Zemindary Villages, there is a decrease of

4 Villages in consequence of the Mootah

Soonnapagoontah, comprising those Villag

having been purchased on account of

Government when sold for arrears of

revenue, and on satisfaction of a dem

of the Civil Court against the Proprie

12. The number of Villages

under the head of Mootahs, or Perma

nently rented Villages, has been incre

-ased by the addition of the

-lage of Sheivalasungalum and

circumstances stated in Para 8.

13. The increase of Rupees 8

on the Item of Rent Free Lands is

its having been newly found under

recent orders of Government on a

Garden in the Cantonment of St

Thomas' Mount, which was omitted

-ought in the preceding Year.

In the Number of

Villages under Zemindary Manage

-ment, there is also an increase

of 8 Villages arising from the reversion to Govern:

-ment of the 4 Villages comprising the Mootah of

Soonnapagoontah as already mentioned, and from

4 of the Villages belonging to the Ayacottah Mootah

having ceased to be rented in the Jusly under review.

The aggregate settlement of the 18 Villages under Ma:

-nagy, none of which could have been rented in conse:

-quence of the loss of crops caused by the storms

amounted to Rupees 15399-9-3 as 8 being an increase of

Rupees 1807-13-10 as 8 or 14 per Cent above the Beriz of the

preceding year, but looking into the details of these

Villages as shewn in the following Statement, it will

be observed that the Beriz of 3 of the Villages com:

-prising the Mootahs of Anwoor and Coponeroy,

has fallen short of the result of the preceding

year, which is attributable partly to the loss of

produce occasioned by the storms, the effects of

which were more seriously felt in that neigh:

January Remarks on the Abstract of last year

January Remarks on the Abstract of last year

15 From the same causes the settlement of the two Mootahs above mentioned as well as of Soonnapagoontah is below the Permanent Beriz. The Settlement of the three Estates of Syaculluttoor, Yechoor and Meenpoor, it will be observed, exceeds the Permanent Beriz and would have been even more satisfactory, but for the loss of produce occasioned by the gales.

16 I now beg to submit a comparative statement of remissions granted in the Ryotwar Villages, from which it will be observed that the amount remitted is on the whole less than that of the preceding year by Rupees 69730- 7- 1.

The

17 The only items of increased remission calling for an explanation, are those of a Sameboodee and Syrnaly under which two heads there is an increase of Rupees 847 - 5 - 10 and Rupees 979 - 5 - 10 respectively. It is attributable in the former case to the inundation of crops standing in the beds of Tanks overflown, and in the latter to the destruction of the crops by the rush of water, when the bunds of the Tanks were breached.

18 The increase under the other heads, such as Shamelet Burraper, Teazgarry, and 12½ per Cent remission to the ryots of the Conveyrpaute Taluck &c. are the natural consequence of the increased extent of Cultivation in the year under review.

19 The remission of Rupees 1487 - 3 - 8 on account of Shavi is much less than that of the preceding year and has been found unavoidable in consequence of some of the Cumbu crops having been injured

by the drought which prevailed before the storm of October and of the Navary crops under a few of the breached tanks having been dried up by want of water. The Ryots in some other Talleges have likewise met with the same fate but as remission on that account has been strictly prohibited none was granted.

20 A comparative Demand Collection and Balance of the different sources of Revenue is also annexed from which the Board will observe that the Collections of the Fusly under report were more forward than in the year preceding it except under the head of Rents owing to which items of increase unrealized chiefly in consequence of some of the Northern Talleges being reserved to the Cowlay of Shavi particulars for the latter

21. Subjoined is a Tabular Statement of the Demand Collection and Balance of Land Revenue and I doubt not the Board will be well pleased with the continuance of the Tahsildars of Conjeveram, Chingleput &c. The Collections in the Talooks of Pettahpatam were much impeded by the losses the Ryots had sustained from the effects of the gale and the same cause to a certain extent may be stated regarding the Sayer Talook, but much blame is also due to the Tahsildar for his supineness, and as I have often had occasion to notice this conduct in him I have mainly to hope that a continuance of it will

will compel me to recommend his removal. In the Talook of Sydapet the balances at the end of the year will always be large as it is generally understood that Quit Rents are not due till the 12th July, and on the great number of Gardens so held render the speedy adjustment difficult. The sums due by the members of the family of His Highness the Nabob also form a large item of the balances but I have addressed the Chief Agent on the subject, and hope to have the matter settled at an early period.

I Read the following letters

To

The Secretary to the

Board of Revenue

36

From the Collector of Tanjore

Sir, Fort St. George

With reference to my letter of the 4th Instant and the proclamation which accompanied it, I have the honor to state that the Subordinate Judge has remitted to the Treasury agreeably to the orders of Government under date the 13th February last, the sum of Rupees 6134—1—1 on account of the arrears of Revenue due by Succana Pillay whose lands are advertised for sale. I have now prepared the accompanying proclamation for the sale only of a portion of the defaulters' lands as after giving credit for the amount received from the Sub Judge, a balance of Rupees 1078 A P 2 " is still outstanding against Succana Pillay.

Proceedings thereon Before passing final orders

36-37 on the above communication, the Board desire to have explanation on the following points.

The Collector states that the Subordinate Judge of Combaconum has remitted to his Treasury the sum of Rupees 6134-1-1 on account of the arrears of Revenue due by Succana Pillay a Revenue defaulter agreeably to the orders of Government dated 13th February last. On referring however, to this and the papers connected with it, the Board perceive that certain lands belonging to that individual were sold under the orders of the Sub Judge, and that arrears of public Revenue due by the Proprietor to the amount of Rupees 6184-1-1 were paid by the Judge to the Revenue authorities out of the sale proceeds. But that the Court of Sudr Udaulut having subsequently cancelled the Sales, Government simply authorized the Collector to refund the sum previously paid from the Court and to take steps for its recovery from the defaulter.

The Board desire therefore to be informed on under what circumstances the Sub Judge has now remitted to the Collector the sum thus repaid to him.

Board of Revenue

40

Sir,

From the Collr. of Tanjore.— } 1. I have the honor to acknowledge the receipt of your letter of the 5th Ultimo, directing the investigation of certain charges against Streenevasarow Sub Collector's Sheristadar— In compliance with those orders the Complainant Annavyengar was called upon by me to state particularly what charges he had to prefer against the Sheristadar and the instance of misconduct were embodied in a deposition taken before me on Solemn affirmation— They are as follows.—

Reporting on Petition No. 1192 of 1847.—

First— in having purchased for 800 Rupees certain Survamaniem land an endowment made to the Kistna Koil at Combaconum—

Second— in having received a bribe of 150 Rupees from a Meerasdar of the Village of Artoor that remission should be allowed on damaged Crops.—

Third— in having obtained subscription from different public Servants and others to enable him to build a house at Pariagamesuarum—

Fourth

13356 Fort St. George 18th October 1847.—

Fourth— in having pulled down a Chuttram against the consent of the owners and using the materials for the new house he was building by subscription.—

Fifth— in having received a bribe of 70 Rupees from the Meerasdar of Aggaratoor in order that the Crops which were damaged should be cut under the Circar Management and the Ryots relieved from the payment of the full amount of rent.—

Sixth— in having taken a Poney from the Deputy Tahsildar of Combaconum without payment tho' the owner did not wish to part with the same.—

2. The first Charge having been the subject of Complaint from another quarter also, has been examined separately but forming one of the number mentioned by Annavyengar in his deposition before me I have included it in the present report.

1st. Charge— 3. Streenevasarow is charged with purchasing some Survamaniem land belonging to the Kistna Koil at Combaconum for 800 Rs. tho' it was worth 1500, and Pagoda land.—

Six parties have been examined on this Charge and the purchase of the land is fully proved to have been made by the Agent of Streenevasarow, Sashachella Iyen tho' in the

the name of a third party Kistnyen, who gave up the deed of sale to the Sheristadar about 2 Months after the purchase had been made, he having no right to the property.—

In his defence the Sheristadar admits the purchase of the land but denies that it was for himself or bought with his Money, alleging that it was for his Brother, in whose name he intended putting it when the Brother should come to Combaconum with such an intention the land might as well have been purchased in his Brothers' name at once.— As a further excuse for the purchase he mentions that offers had been made by others for the same land, and attempts to show, that he was ignorant of its being enam land belonging to a Pagoda.— "such an excuse cannot for a moment stand good as the entry in the accounts plainly shows it to be Sarvamaniem Enam of Kistna Koil," and while under the Circar Management the proceeds went to the Institution to which it belonged, and the Sheristadar could not have been ignorant of this, as the land is in the Sub Division.—

4. In support of the second charge seven Witnesses are produced and their evidence on the whole bears the impress of truth, some trifling

trifling discrepancies may be picked out but only such as might be naturally expected.—

In the charge it is stated that 150 Rupees were paid by Annacoody Pillay to obtain remission on his damaged Crops But Annacoody Pillay himself states he paid it as a Compliment on account of the Marriage of the Sheristadars' Son tho' he went to enquire about the settlement of his claim to remission, then pending before the Cutcherry, when the Sheristadar reminded him that Betel &c.a had been sent on the occasion of the marriage and no return compliment made by the Pillay.— Probably in giving so large a sum Annacoody Pillay had in view the speedy and favorable settlement of the grain question tho' this is denied, it was however soon after settled but no remission granted, the Crops having been cut under Circar superintendance, the ryot being answerable for the amount of rent.—

In his defence the Sheristadar dwells on the enmity existing between himself and Annacoody Pillay charging all the witnesses with conspiracy nursed and brought forward by the Sahsildar of Combaconum and others in the Buzzar, he denies the receipt of the Money in toto.— Adducing the fact of no remission having

Fort St. George 18th October 1847.

having been granted in support of the improbability of its having been received for that purpose, and the length of time which had elapsed since the Marriage had taken place (6 Months) is adduced in refutation of Annacoody Pillay's declaration that it was paid on account of it.—

By the Sheristadars own Statement the order for cutting the Crops without remission emanated from the Tahsildars application to the Sub Collector and not thro' his (Streenevasa Rows) intervention, so that he was thus prevented favoring Annacoody Pillay in return for the consideration received, should he have entertained the intention of so doing.—

Viewing all the circumstances of the case there are strong grounds for supposing that the Money was really paid. The witnesses are many of them large land holders and men of importance, and enmity existing between Annacoody Pillay and the Sheristadar would be a cause why he should endeavour to gain his favor, quite as strong as that adduced by the Sheristadar to account for the complaint being falsely made gainst him.—

The Sheristadar alludes to the evidence of the 6th and 7th witnesses who state the Money was counted, whereas all the others state it was not so, but taken on trust, the amount being mentioned

ORIGINAL DESTROYED

Fort St. George 18th October 1847.

In answer to this objection it is to be remarked that by the Money being counted, it does not follow that they meant to say it was counted in their presence, as one distinctly says the Money was taken away counted and reported all right, the counting having been made by Sashachella Iyen, the Sheristadars Man into whose charge the money had been given.—

In support of the 3d Charge seven Witnesses have been examined, six of whom swear to their Signatures on the subscription list, stating that it was set about at the suggestion of the Sheristadar, the avowed object being the building of a Choultry, tho' the real intention was the erection of an accommodation for himself.—

The first Witness is put down for 25 Rupees of which he states he has paid 15.—

The second for 50 none of which has yet been paid.—

The third for 50, 5 of which have been paid in ready Money, 15 in grain for Coolies and the remainder due.—

The fourth for 5 Rupees which were paid.—

The fifth for 10 Rupees paid.—

The Sixth for 50 Rupees not paid.—

The name of the seventh was put down for

ORIGINAL DESTROYED

Fort St. George 18th October 1847.

for 35 Rupees by another party of which amount he has paid 15.—

Most of these payments were made to one Sashachella Iyen who appears to be the Sheristadar's managing man and implicated in most of the transactions under enquiry.—This man stood appointed as a Goomastah but generally kept a substitute to perform his duty, while he looked after the Sheristadar's affairs.—

The Sheristadar gives a direct denial to the charge stating that both the list and the evidence are false.—

The fourth charge is connected with the third, Streenevasa row being charged with pulling down a Chuttrum and applying the materials for the construction of his house.—The owner of the Chuttrum states that Streenevasa row asked him for the same, and he not consenting, it was pulled down by the people of the Sheristadar; and materials amounting to about one lac of bricks removed, with which the walls of the new Chuttrum or house have been built.—

Three other Witnesses prove the pulling down and removal of the materials by the Sheristadar's Men and on a personal inspection by

Fort St. George 18th October 1847.

by myself the nearly total destruction of the Choultry has been seen.—

In answer to this Charge the Sheristadar totally denies having pulled down the old Choultry and adds that he never built or contemplated the erection of the new building which would be useless to him while he had a house at Combaconam 3 or 4 Miles distant. The new building has been visited by me and as it has gone no further than the erection of the four walls it would be impossible to say whether it was intended for a Choultry, quantities of old bricks similar to those lying about the ruins of the destroyed Choultry, were present near the new building and there can be no doubt that others of the same sort had been used in its erection.—

In support of the 5th Charge that of the Sheristadar having received a bribe of 70 Rupees from the Meerassdar of Aygartoor that his Crops might be cut under Circar Management, seven Witnesses are named and the evidence of six goes to show that 35 Rs (not 70 as stated in the Complaint) were paid to the Sheristadars' Man Sashachella Iyen.—

The fourth Witness Renganad Iyen states

13363 Fort St. George 18th October 1847

states that in consequence of a falling off in the produce of his Village he applied for remission but an order was issued directing that the full amount of rent should be collected from him — on a second application a similar order was issued, and then he had recourse to the Sheristadar's Man — Sashachella Iyen who received from him 35 Rupees and gave him a letter to Sheristadar which was delivered, and shortly afterwards an order issued for remission on the damaged Crops.

The evidence in support of the Statement is very strong and connected — The fourth Witness swears he borrowed 35 Rs from the 7th Witness who also swears he lent the same and understood it was for the Sheristadar and the other parties speak to the payment into the hands of Sashachella Iyen, the giving of the letter for Streenevassa row, and the subsequent allowance of remission —

In answer to this the Sheristadar states that he never received the letter in question and that the Meerasdars were refused remission on account of constant inattention to their cultivation, which caused the forfeiture of their Crops, but that remission was at last allowed not on his representation but on that of the Sahsildar and

13364 Fort St. George 18th October 1847

and on the Collectors order that the complainant and the Meerasdars are of the same caste and the charge false.

The Sheristadar has stated that by my order the remission was made. On referring to the Diary I find that a reference regarding this Village and part of the lands of 2 or 3 others was made to me by Yaddast stating that remission had been asked but refused as the Ryots were in fault for not properly cultivating their land and not entitled to remission and that consequently their property would be forfeited if they failed to pay the full demand. I perfectly remember my surprise at the receipt of the communication which was unusual and uncalled for, no reference on the subject having been made from my Office to that of the Division.

An answer was however given merely remarking that "it seemed strange the "Ryots of Aggaratoor should have neglected the cultivation of the whole Village" This the Sheristadar in his defence has construed into an order from the Collector for remission an obvious falsity, tho' it shows the object sought by means of the Yaddast above alluded to was an excuse to grant remission without which it would have been difficult for him to rescind the strong

orders

orders which had been issued refusing all indulgence - My remark showed a leaning in favor of the Ryots and I doubt not was taken advantage of for the Sheristadars own benefit as deposed to by the complainant and Witnesses of the transaction -

8. In the sixth charge the Sheristadar is accused of taking a Coney from the Deputy Tahsildar of Combaconum against his consent the Coney being worth 70 Rupees - The Deputy Tahsildar on being questioned states that while paying his respects to the Sheristadar a child of the latter cried for the Coney of the former, valued at 35 Rupees and tho' he did not wish to part with it, he considered a refusal would be impolitic on his part, so he left the Coney and walked home - Some hours after a white tattoo mare of the Sheristadar's old and thin was sent to the Deputy in exchange and this mare has been since sold for 25 Rupees - he declares that no word of exchange ever passed between himself and the Sheristadar -

In answer the Sheristadar declares that the Deputy proposed the exchange, that he might breed young tattoos, and that tho' his mare was worth double the price of

of the Deputys Tattoo, he out of kindness agreed to the exchange and has got a bad horse instead of a good Mare -

9 When it was made known to Streenevasarow that enquiry was about to take place into the charges against him he urgently pressed me to accept his resignation rather than stand the trial - He also a second time when the Proceedings had nearly closed begged permission to retire from his situation and during the investigation of the several charges with the exception of one or two instances, he never cross questioned a Witness, satisfying himself with declaring every thing stated against him to be false - In charges of Bribery tho' one may be morally certain of the truth of the charge the improbability of the witnesses real knowledge of facts as stated by them but too often leads to the acquittal of the accused who very properly is allowed the benefit of all doubts, tho frequently to the great detriment of the Public service, in as much as others are emboldened at the escape of one they perfectly well know to have been guilty and witnesses are deterred from giving evidence against a high public servant lest the result of the enquiry should be

be acquittal, and subsequent retaliation a sure consequence to themselves. Streenevasa=
=row bears a very suspicious character and narrowly escaped conviction on a former oc=
=casion as reported by Sir H. Montgomery in his letter of the 6th July 1846 to which the Board's Proceedings of the 10th August are in reply.—

10 Tho' not employed immediately under myself the official conduct of Streenevasarow constantly comes under observation and on many occasions has given much dissatisfaction lately a desire to interfere in the Pa[illegible] affairs has manifested itself much I think with a view to his own profit and directly in opposition to the orders from my Office on the subject of non interference.—

No 1192 of 1847. 11.— The Petition received with your letter under reply is herewith returned.—

From the Collr of Tanjore — Sir, Para 1. I have the honor to submit to

submitting

a Second Report on a complaint made against Streenevasa Row the Division Sheristadar

second report on a complaint made against Streenevasarow the Sub-Division Sheristadar for the consideration of the Board others have been received but their investigation will occupy much valuable time and pending in=
=struction I have deferred entering into them fully.—

2. In the present instance Streeneva=
=vasarow is charged with having taken a piece of Turruff land without paying for it, under a promise that he would get a dam erected for the benefit of the Villagers from whom he purchased the land—also with having cut off the course of a broad irri=
=gating and surplus channel in order to include his newly purchased land with other Survanamem land his property adjoining—also with having erected a dam in the surplus channel of 6 Villages for the benefit of his own lands and the great part of the lower lands which are flooded in consequence.—

3. The party who sold the land to the Sheristadar 5 or 6 years ago declare they were never paid for it, and the Ryots of the Villages whose surplus water way has been interfered with all depose to loss sustained in consequence of the Sheristadar's

proceeding

proceedings, and to a question asked by him state that fear of consequences alone prevented their complaining before - Streenevasarow acknowledges the purchase of the land, and declares that he paid for the same, and that the Statement of the Villagers regarding the damage done to their lands by the interruption of the surplus discharge is all false and spitefully represented, and that the dam was erected with the consent of some of the party whose lands are now said to be damaged. -

4. With regard to the cutting off the new channel and stopping up of the old course he states that it was done with the cognizance of the Murramut Ministry, and the then Tahsildar of the Talook and that being connected with Survamanium land he considered himself authorized to make the alteration the lands damaged by the cut and dam are Tarruff as well as Survamanium and there is nothing to shew that the Talook authorities were aware of the alterations -

5. A reference to the accompanying plan will show pretty clearly how matters have been arranged, and tho' the charge of not paying for the lands may be doubtful, the other facts are clear, and show what the

influence

influence of Streenevasarow has been first in carrying out his plans to the detriment of others, and secondly in preventing complaints being made against himself for so doing, until some one more courageous than themselves had set the example -

6. To attempt the over throw of any servant who has become obnoxious by his conduct when once enquiry has commenced, is a common practice, and as in the present instance, old grievances have been raked up, and other numerous charges made against the Sheristadar, which but for the investigation instituted by order of the Board would probably never have come to light - all these combined however but add strength to the conviction I entertain of Streenevasarow's unfitness to remain at the head of a Department under Government. -

(45) Sir,

From the Collr of Trichinopoly
Reports with reference endorsement on Petition No 1588 of 1846 presented by one Pyahvien

With reference to the Board's
endorsement on Petition No 1588 of 1846 presented
by one Pyahvien I have the honor to state that
the charge against Varanien the Peshkar of
Poovalour in Lalgoody for purchasing the land
sold in Outcry (ORIGINAL DESTROYED) on account of arrears of Re-
venue) for his own use has been examined.
It appears by the Cutcherry Accounts that the land
in question was purchased by one Thaslyen of
Sicteevenmangalam in the Talook of Lalgoody and
it is now in his possession. The sale took place at
the Huzzoor Cutcherry on the 28th September 1846
The Peshkar denies that he purchased the land
and the Ostensible purchaser supports that
assertion. The only injury supposed to have been
sustained by the Petitioner is the purchase of
the land under its true value but the Talookdar

13375

Fort Fe George 18th October 1847

has reported that the land sold above its proper
or marketable value. Out of 20 Witnesses exa-
=mined 7 stated the Peshkar did not purchase
the land in outcry. 2 Witnesses state they heard
from himself that he was going to purchase
the said land in the Auction. I was told by the
Peshkar that he had effected the Purchase
and that the land was short in Measurement.
seven heard of the purchase by the Peshkar,
Two of whom deposed to the Peshkar having
given them remuneration in kind (Varuny)
for tilling those very lands, and one, Nare Chetty
deposed to paying the Peshkar tax for the same.
The suspicion against him is therefore so strong
that, if the land were proved to have been
Knocked down at a lower Value than similar
land in the same Village could command,
I should not hesitate to recommend his
punishment and removal, in the present case
there is very little short of direct evidence of
the Peshkar being particularly interested in
the purchase and the profession, and I beg to
recommend his dismissal.

(45-46) explanation furnished by the acting Collector
regarding the charges preferred against the

enable them to pass final orders on the subject They resolve therefore to instruct Mr Elliot, who has also the evidence before him to dispose of the case upon its merits after which the parties if dissatisfied will be at liberty to appeal to the Board in the usual course

With reference to the endorsement on the enclosed Petition No 917 of 1847 I have the honor to state, that the incumbent of the Office of Natamgar in Fusly 1212 was Vellapillay who was dismissed in the same Fusly and succeeded by Nullamootah Pillay from whom Petitioner appears to claim as a sharer with his son annavee Pennal Pillay the present incumbent Nulla Mootah Pillay however had only held the Office 2 years when he was dismissed for embezzlement, and between him and Annavee Pillay who was appointed in 1824 there were no less than 6 Incumbents Annavee Pillays appointment therefore could not be held to have taken place in right of inheritance, so as to give the Co partner of his property in general a right to share, altho not mentioned in the Sunnud of appointment, and whether or no Annavee Pillay admitted

admitted him to participate for some time encouraged without the sanction of the Collector, Mr Blackburne seems to have been correct in refusing to recognize his claim to a share, when on annavee Pillays refusal it was publicly brought forward

From the Coll[r] of Madura — Reporting on Petition No 1268 of 1847 —

I have the honor to return Petition No 1268 of 1847 purporting to come from Ryots of the Rannad Zemindary and referred to me for report

The Petition is anonymous and so wanting in specification, that I feel great difficulty in founding an investigation on it The assessment of some of the Articles which are stated to be exempt by custome appears to have been recognized, if not originally imposed, while the Zemindary was under Government Management

Immediately after the rains I propose to visit the principal towns in the Shevagungah and Rannad Zemindaries, when any individuals who are aggrieved will have an opportunity of preferring complaints without

without leaving the neighbourhood of their Villages. If I knew whom to summon for an investigation the parties could not attend at Madura at present, in the height of the Cultivating season without great loss to themselves and the Zemindar. I beg therefore to recommend that the Board should pass an endorsement on the Petition to the effect, that any one subjected to a tax which he deems illegal should address specific complaint to the Collector either now or on his tour thro' the Zemindary after the Monsoon.

2. The Petitioner was dismissed by Mr. Blackburne, on the 10th March 1846 from the situation of Devastanam Peshcar of Ramnad on the grounds that he had been previously dismissed from the service of the Court, had neglected the repairs of a Choultry, had kept the pay of certain servants in arrears, and had committed

Fort St. George 18th October 1847

committed other irregularities. The Manager dyed Ismal subsequently wrote an Arzee to the Principal Collector stating that the Peshcar had not been dismissed by the Court, and was not responsible for the neglects and irregularities nevertheless the Principal Collector declined to revoke the order of dismissal. I find no explanation on record of my Predecessor's decision in this case, but learn from the best authority that it was occasioned by his having good reason to believe that the conduct of the Petitioner was indifferent and that he had been put in by the Manager from interested Motives.

3. As the Management of the Devastanams is not now under the Collector it would not be possible to reinstate the Petitioner even should the Board deem this course proper under the circumstances.

Sir,

Reporting on Petition No. 1016 of 1847

With reference to the endorsement on the accompanying Petition requiring me to report thereon, I have the honor to submit Copy of a Memorandum by Mr. Blackburne dated 24th September 1836 in which the Petitioner's claim to the Curnumship of Punnumpully is fully considered and rejected. The right of the present incumbent Mootoosawmy now possessor the additional strength of 11 years of subsequent enjoyment, and if Petitioner was dissatisfied with Mr. Blackburne's decision he should not have delayed his appeal for so long a period. It appears to me that the possession of Mootoosawmy Pillay should not be disturbed but that in the event of his death or dismissal for improper conduct the Petitioner's claim may be taken into consideration. Soobramaneya Pillay who was dismissed for embezzlement in 1834 was not his paternal Uncle but related to him only from having married the Sister of his Mother. Consequently it does not seem right that the Petitioner should be held to have forfeited his hereditary claim through his father and Grand father
