Sir

I am directed by the Board of Revenue to observe that no portion of the demands for July 1256 on the Cuddalore Estate and on the Government Villages of Pytapully appears to have been collected within the July. On referring to former Accounts the Board perceive that the total demand of the latter Village in July 1255 amounting to Rs. 6096-10-6 was collected within the month.

You will be pleased therefore to explain why the Demands of the above named Mootah and Village has been allowed to account as a balance on July 1257.

As both the Acting Collector of North Arcot and the Board of Revenue do not consider it expedient at present to disturb the arrangements under which the Management of the Chuttrum at Sholungur is conducted the Most Noble the Governor in Council sanctions the continuance of the disbursements on account of a Cook and Waterman Amounting in both to Rupees 84 per annum - subject however to any modification of the Establishment which it may be necessary to effect hereafter in remodelling the Institution as contemplated by the Board.

The Acting Collector, it is observed, has recorded his opinion in the Statement submitted by him on the 4th November 1846, "that it is necessary to continue the Chaultry on the present footing" and the Board also are of opinion that the Institution may be converted into the more useful Establishment of a Hospital and Asylum for the Sick and destitute - His Lordship in Council would only add the expression of

his hope that the measures for effecting so desirable an arrangement will be considered and submitted for the orders of Government on the first favorable opportunity.-

From the Collector of Ganjam Relative to the cultivation of Wheat in India.

Sir

I have had the honor to receive the Extract from the Proceedings of the Board of Revenue dated the 20th Ultimo together with the accompanying papers relating to the cultivation of Wheat in India, and on the possibility of its being made a staple Article of Export to the united Kingdom and I beg to state for the Board's information, that with the exception of very small quantity raised in the upper parts of Goomsoor no wheat is grown in the Ganjam District and its cultivation could not I conceive be introduced any where in the low country, with a prospect of success. There may be localities among the Hills where this grain perhaps might thrive, but the insalubrity of the Climate and circumstances connected with the state of our relations with the rude tribes inhabiting those ranges, form, I fear, insuperable obstacles to

13626 Fort St George, 25th October 1847

lodged as security for the remainder of the purchase Money.

2. There was only one Competitor (the Original creditor) with the Government at the sale, but I did not consider it advisable to bid beyond the above amount with reference to the receipts from the Village for many years as well as its probable resources.

3. There was no balance on the date of sale on account of the Bilmuncta Sist but an arrear of Rupees 151-12-9 on account of certain items comprizing Dasara Nazar Nazar Cutay Lutchmeday Putta &c assessed on the Village and due for

Rupees 120 per annum

past

13626 Fort St George 25th October 184

past years as shewn in the accounts received from the Zemindar and in those prepared in the Office.

4. Just after the sale was closed I received a letter from the Principal Sudr Ameen, Copy of which is herewith forwarded, enclosing a Petition presented in his Court, wherein the original holder of the Aggraharum complains of a demand being made on account of the above items which, though reimposed by the Zemindar have never been paid by him.

5. The items alluded to are similar to those which with the Boards permission were abolished by Mr Pycroft in Fusly 1230 A.D. 1820/21 in the Estates then under Circar Management.

6. On the Zemindar assuming possession of the Conocotta Mootah forming a portion of the Bezwarah Zemindary, he reimposed those items on the Ryots which had not been collected during the Circar attachment of the Estates as stated in Mr Porters letter dated 22nd December 1845.

Para 12.

7. The Estate the Board are aware has reverted to Government and it was

13027 Fort St. George, 25th October 1847.

Para 101 Minutes of Consultation 3. June 1847.

was intimated in Mr Porter's Finance Study No 1 dated 9th December 1846 that it was his intention to recommend the abolition of those items which are similar to those in Pedapandoo Estate, the discontinuance of which was fully approved of by Government. In the mean while these items are included in the Public demands and were therefore entered as a balance against the Shrotreyem in the sale advertisement as was mentioned in the 5th Para of my letter of the 29th May last.

8. Until these points are settled and the question settled the Board may think it advisable that the realization of this sum Rupees 151-12-9 from the sale proceeds may be suspended and the amount kept in deposit.

9. The Agraharamdar also complains that by including the sum of Rupees 17-10-0 on this account in the yearly demand in addition to the Shrotreyem Peruz, the sale of the Village was injuriously affected and parties thereby prevented from coming forward as purchasers. Nothing occurred at the time of sale to authorize such an assertion and the point seems started merely for the sake of vexatious opposition. The Village was sold

13028 Fort St. George, 25th October 1847.

sold under the Courts Process with all its encumbrances and the Purdy purchasing would have reckoned upon the probabilities of the continuance or otherwise of the demand of this sum and bid accordingly. To meet this argument however the purchaser has offered to pay two hundred Rupees additional for the Village in the event of the demand of Rupees 17-10-0 for these items being discontinued.

10. I have therefore to request the orders of the Board regarding the confirmation of the sale as also on the subject of the proposition made by the purchaser and on the point of retaining in deposit the amount of arrears due for former years on account of the items objected to by the Agraharamdar.

Sir,

From the Collr of Cuddapah affording information on the subject of contested claims of Parties to the possession of Reddy Merasee Enam referred to in Petition No 347 of 1847 returned with his letter dated 16th Ultimo

Para 1 With reference to your letter of the 6th Current on the subject of contested claims of parties to the possession of Reddy Merasee Enam referred to in Petition No 347 of 1847 returned with my letter reporting thereon dated 16th Ultimo I have the honor to inform you that the amount of the disputed Enam is Pagodas 10-1-9 and that Veerunnah has had possession of it for two years since the demise of the late Incumbent Govindunnah his Grand Mother.

The services of the Grand son (who is not installed in the Office as Mirasi Reddy) are not required for the performance of the duties for which the grant was made there being already Six Merasseedars who are officiating.

3 The Merasee annexed to this Village is exceptive being Pagodas 113-6-- whereas according to the Scale of remuneration framed by Colonel Munro 21 Pagodas would be adequate for the due performance of the duties of the Office. The Petitioners being in the enjoyment of separate shares of the Merasee Viz. Pagodas 13-3-8 and Pagodas 10-1-0 respectively.

the

13633 Fort St. George 25th October 1847.

the transfer of the lapsed share of the Meenapsee now disputed might certainly I think with all justice have been withheld as liable to resumption, had the late Govind Nunnah left no Heirs or near relative and having left a Grandson it might with all propriety have been transferred to the Office as "Cumberty" had the Emoluments annexed to it been inadequately remunerative—

4. Adverting to my letter of the 17th June the present Case is one in point as regards the degree of relationship on which claimants should be allowed to succeed to a lapsed share of a Meenapsee of a Village the Emoluments annexed to which are exclusive of such share, sufficiently remunerative or in excess of the standard required—

5. The claims of the Grandson of the late Incumbent I consider stronger than those of the Petitioners (Nephews of the said Govindunnah late Husband) who have separate shares of the Meenapsee, but I am not disposed to think that the countenance of a lapsed Meenapsee should be strictly adhered to in similar cases, as however the Meenapsee in question was not resumed at the time it hitherto not having been customary to resume or transfer to the Office as Cumberty lapsed shares except in default of Heirs or relatives to succeed, or when the Emoluments are insufficient and as the Grandson Yerrunnah has been in possession for two years his case might perhaps be deserving of favorable consideration—

The

Tank Fishery.

The decrease under the head of Tank fishery arises from the Mannargudy * Rupees 1610 — and Cavery ⊛ Rupees 800 — and Cavery tanks and other large tanks 2410 — having been less generally filled after the drought of the former year to be fished with advantage.

Rent of the Tolls on Boats and right of collecting shell for Chunam

There was a decrease in the rent of the right of Collecting shell for Chunam of 450 Rupees. The three years lease having expired with the former year. The Collector reported that the renters refused to hold the farm on any terms under a very considerable reduction of the rent and it was not till the Cutcherry proceeded to the Talook on Jamabundy that any better offer could be obtained when it was again let for three years at the rate of 520 Rupees per Annum.

The revenue from the sale of Stamps was Rupees 13465 9 6 as shewn

shewn below.—

The increase of Rupees 517 13 6 is understood to have arisen chiefly from Suits under 1000 Rupees filed in the Subordinate Court which were before filed only in the superior Courts where Stamps were not required.—

The

13645

For 6th St. George 25th October 1847

19 The Net decrease in the Malegha Revenue amounting to Rupees 796 13 9 appears to be attributable to the high prices of Grain occasioned by the drought of the former season and the falling off in the value of Cloths the finer descriptions being gradually superseded by the Manufactures imported from Europe.—

Sea Customs Duty

13 The decrease under the head of Sea Custom duty amounted to Rupees 2 7 10 The total sum of Levied having amounted to Rupees 84 9 11 only.

14 The particulars of the Collections from the several sources of Revenue are as follows.—

Items

13647

Fort St George 25th October 1847

15- The Net decrease from all sources of Revenue amounted to Rupees 78,640-12-8 and the gross decrease to Rupees 79,158-10-2- as above explained. The net Collection of fusly 1255 was Rupees 22,1677-7-6- Of the fusly under report Rupees 17,321-14-11 The Centage of charges for the former Rupees 1-10-5- and in the latter Rupees 1-9-9-

16. The total demand was Rupees 155,136-6-11 of which Rupees 152,047-4-8 were collected within the fusly leaving a balance at its close of Rupees 3,089-2-3- Of this Rupees 833-11-9 were realized up to the 5th of October 1847. Of the remainder (Rupees 2,256-1-6) an abatement of Rupees 2,205-7-8 is due to the Abkarry Renters as particularized in the Margin according to the terms entered into with them for which I request sanction may be obtained The remainder Rupees 50-9-10 on account of Sundry Small farms and Moturpha is in Course of Collection.-

Remission for 161 Days which intervened between the removal of the 6th Regiment Light Cavalry from Arcot on the 15th December 1846 and the arrival of the 1st Regiment Light Cavalry at the same place on the 25th May 1847 at the rate of 5,000 Rupees per annum Rupees 2,205-7-8-

Statement of Salt received into the Collectorate of Coimbatore from the Talaurs during the

13659 Fort St. George 25th October 1847.

Order thereon

35-36

Ordered to be sent again in circulation

Read the following letters—

To

D. White Esquire

Secretary to the

Board of Revenue

Fort St. George

37

Sir,

From the Collr of Salem——

With reference to the Board's Proceedings dated 23d August 1847 directing me to report whether the spots Nos 167 and 169 should agreeably to the mamool of the Village be held by one individual, and whether there is any distinct boundaries to the shares of the land purchased by Gopaula Chetty I have the honor to state that the lands Nos 167 and 169 were held by 2 Individuals / Cultiagers and Chowrymoottoo who divided them among themselves, and continued enjoying each 2 halves in the 2 spots— The two half shares belonging to Cultiagers were subsequently sold by Public auction in satisfaction of the Decree of the Honble Moonsiffs Court defining their boundaries and extent to Gopaul Chetty—

13660 Fort St. George 25th October 1847.

Chetty— As the other Shareholder Chourymoottoo deserted the Village, leaveing his share in the 2 spots in question waste, Gopaul Chetty was held responsible for the payment of the Circar Revenue on the share left waste, agreeably to the rules of the revised Hookumnamah and Mamool, but in consequence of his having refused payment, his share was recommended for sale—

Collector

Proceedings thereon

37-38

Under the further explanation furnished by the Collector it appears that two registered fields or Nos were held conjointly by two individuals and that the two half shares of one of these persons were purchased by Gopal Chetty at the Court sale— The Board therefore sanction the sale of the lands Nos 167 and 169 on the ground that the Subdivision of fields is opposed to the rules of the Survey and to the provisions of the Hookummanah of the District and they accordingly authorize the Collr to cause the advertisement which

In Cons 25th Augt 1847

which accompanied the Collector's letter of the 31st July last, Monday the 29th November being fixed for the day of sale—

To

D. White Esquire

Secretary to the
Board of Revenue
Fort St George—

Sir

From the Collr of Salem Submits a further report respecting the proprietary right of the Samoodrum and Morrapuna Mootahs at present under attachment—

Para 1. With reference to the 2d Para of my letter No 87 dated 13th Ultimo, stating that on the completion of certain enquiries then being instituted relative to the two Mootahs of Samoodrum and Morrapuna a further report would be made to the Board on the subject, I have the honor to state that there were three Proprietors to the Samoodrum Mootah Viz, Lenga Ragien, Siddien and Yadapady Gopalla Chetty— The last mentioned Proprietor Yadapadayen Gopala Chetty died in 1846, leaving a Wife, four Sons and other heirs mentioned in the Margin. All the Sons are Minors, and the Mother wishes to appoint her

2. The amount of arrears of Revenue including Delkendy Charges and Interest due to Government as inserted in my Advertisement dated 13th September, is Rupees 7162—6—4— but as the legal heir is a Minor, and as the revenue balance accrued previous to the property descending to him, and as in such cases Section II, Regulation X of 1831 is against the property being sold, I beg to bring the circumstances to the notice of the Board for their consideration and orders—

3. Coorarasawmy Pillay and Coukoulalagondah were the Mootahdars of Monapuna, the former died leaving two female Heirs (Wives of his father) named Parvathy Ummal (his Mother) and Aonay Ummal— The deceased had also two cousins named Soobrayah Pillay and Ittiberuna Pillay, who preferred their claims, but were, according to their depositions, nonsuited in the Court

Court at Salem. The surviving Moota-dar Cankandalagondah has filed a Suit in Court against the deceased Comara-saumy Pillay (during his life time for having sold to him his share of the Mootah, and which case is now pending in Court; the above named females have each adopted a child after the deaths of both the late Mootahdars (Father and son), and there is a division among them, each claiming the property for her adopted child. In regard to the adoption of the Children the Civil Court should take cognizance of it according to Hindoo Law, but I would beg to suggest that the property be continued to be registered in the name of the deceased, till the females come to a Settlement among themselves, or till the case be decided in Court.

The two females are respectively 45 and 40 years of age, they do not therefore come under the provisions of Section II Regulation X of 1831, which refers only to Minor, neither does it appear necessary to refer the case to the Civil Court under Section XX Regulation V of 1804, I am therefore of opinion that the

the Mootah in question should be sold.

The arrears against the Samvodrum Mootah, entered in the Advertisement having accrued before the death of Yadapady Gopalla Chetty, Section II Regulation X of 1831, quoted by the Collector, does not prohibit the sale of the Estate, neither is there in the opinion of the Board any objection to the sale of the Mootah of Morrapanna for the arrears against it unless therefore the amount for which these two Estates have been advertised be paid before the 10th proximo, the Collector is authorized to proceed with the sale on that date, agreeably to the Advertisement Sanctioned by the Board on the 27th ultimo.

From the Collr. of Madura

Sir,

In reply to your letter of the 26th August last, I have the honor to transmit a Statement exhibiting the classes of Public Servants in this District from whom it has been customary to require Security with the amount of such Security and the annual Salary of each class.

2. The rate of Security appears to have been regulated chiefly with reference to the nearness of the connexion with the custody of Public Money and to have been fixed in round numbers at about 10 times the yearly salaries of Cash Keepers and Sheriffs and twice the yearly Salary of other discriptions of Servants

It

Fort St. George 25th October 1847.

3. It will be observed that in Madura Security has been dispensed with in respect to many servants from whom it is required in other Districts, and I do not think that any who are now liable can be excused with safety, as they all more or less have access to Public Money. I would propose however a more regular and uniform Scale.

4. It seems necessary to require the highest rate from Servants employed in the Hoozoor and Talook Treasuries who being often persons of property and having easy work will not feel the requisition as a hardship I would fix the rate at the amount of 10 years Salary for the Hoozoor servants and at 5 years Salary for those of the Talook except as regards the Golla Peons

from

13667 Fort St. George 25th October 1847.

from whom it will be sufficient to take Security to the amount of 2 years salary. A deposit in Company's Paper to the amount of 2/3rds of the rate might be accepted in lieu of security.

5 I would fix the amount to be required from Tahsildars and other Taluk Servants concerned in the Collection of Money as well as the Servants in Salt Sea Custom and Sayer Departments the Stamp Agent and the Post office Writers, and Peons, and from Gattamigars and Curnams, at the amount of 2 years Salary. The low Salaries in proportion to their labor received by Gattamigars & Curnams would render their exemption desirable if consistent with safety but their opportunities of embezzlement are so great and so frequently taken advantage of, that I am reluctantly induced to include them.

6 It is represented to me that in this District the Public Servants rarely pay for the security found for them.

Forwards translated Copy of a Plaint preferred against the Principal Collector and others in the Principal Sudr Ameens Court together with draft number 2 proposed to be filed and requesting Sanction to defend the Suit at the Government expense

2 In explanation of the proposed defence which being intended for translation in the language of the district may perhaps be somewhat obscure in its wording I would add that this Suit is based upon an asserted right to certain Nunjah lands in the Village of Singanellore the circumstance of which are as follows

3 The Plaintiff made a proposal to cultivate 1499 1/2 Goontahs of waste lands which was conditionally accepted, but in the absence of the fulfilment of these conditions, the performance of which was evaded after repeated applications had been made to him, and moreover as it seemed from

from circumstances which will appear in evidence that the Plaintiff had recourse to various subterfuges and to gross acts of indecency in order that he might not be made to appear before the Sabsubdar for the settlement of his engagements under these circumstances being hopeless that this man would eventually act up to his original proposal it became necessary for the security of the Revenue that the unexecuted agreement should be reversed, and the land made over to other parties with equally good claims for cultivation and as however this person had been put in possession of the land by the Sheristadar most improperly and contrary to my orders he is since paid upon the basis of which he had made some outlay — with the view not to put hards upon him so as to add discouragement to interpreize, the parties agreed to make good the amount expended by the plaintiff and have in fact paid it which however he declines receiving.

4 The Board will therefore persevere that the Plaintiff fairly forfeited his claim to the land by his own folly and contumacious refusal to act up to his agreement. He is moreover not an ignorant Ryot but has been twice desirous from the Public

Public Service and his Character has always been notoriously litigious

Draft of Answer proposed to be filed in the matter of the Complaint of Vadamalay Soobborow in the Principal Sudder Ameens Court at Coimbatore.

The 1st Defendant submits for the consideration of the Court that the claim of the Plaintiff for the land sued for is untenable

He bases his claim upon

2 the following grounds Viz.t

1st That the land alluded to was made over to him under orders from the 1st Defendant pursuant to a Durkhast preferred by him for the same

2nd That he excavated a new Channel at an expense of about 100 Rupees and partially cultivated the land on account of Fasly 1256 and not for Fasly 1257 and not for Fasly 1256 in which year he was unable to do so in consequence of his having become possessed of it at the termination of the Cultivating Season

3rd That the demand made on him

him in the part of that year was unwarranted inasmuch as it was permitted to him but was subsequently charged in full by the 2nd Defendant in consequence of a misunderstanding between him and the Plaintiff and therefore the Proceeding of the 1st Defendant in ordering the said Rent to be given to the 3d and 4th Defendants on the plea of the Plaintiff's maladjustment of the demand objected to, was unjust.

3

On the first point the 1st Defendant submits that the Durkhast tendered by Plaintiff for the land was not the only one received at the time. Two other Parties subsequently came forward proposing to pay full rent for the same from fasly 1256. which as the Plaintiff only offered to hold it on Cowle tenure in consequence of its having been waste for more than 20 & 30 years and on communicating this to the Plaintiff he agreed to take up the entire extent upon the same terms - that is on payment of full rent from the said years 1256 and also entered into an agreement to that effect with a proviso added that he will do so whether the land is cultivated or otherwise; and

that

that he will produce a competent security for the same. this being considered ordinary in a revenue point of view a conditional Tabeed was issued to the Tahsildar of Coimbatore directing him to make over the land to the Plaintiff on the production of competent security for the payment of the Government demand but in consequence of some oversight on the part of the Talook Serishtadar (since dead) this preliminary had not been gone through, and he inadvertently permitted the Plaintiff to occupy the ground previous to executing the conditions referred to above. And the Plaintiff made good the amount of demand according to his proposed engagement the transfer of the land to another party would have been unjust on the part of the first Defendant but the Plaintiff failed doing so. On this coming to notice he was warned in two or different Tabeeds through the Tahsildar of Coimbatore, that in case of his refusing to conform to his original agreement - that his claim to the land will be forfeited but these were utterly disregarded by him. He neither produced the requisite security nor paid any portion of the amount.

On

On the contrary, he directly submitted and Urged to the Fuzzoor expressing his unwillingness to do so and having thus violated the conditions which he had deliberately entered into, and upon which any claim could be based, he forfeited, lost every right to the land. On the consideration the first Defendant ordered it to be given to the 3rd and 4th Defendants who applied for the same, and have since paid off the demand. In fact the first Defendant for the same cause did not recognize the claim of the Plaintiff, as will be apparent from the circumstance of a Puttah not having been issued to him DEMURRED OVERRULED on examination with the other Ryots at the time of distribution.

4. With reference to the 2nd point it is to be remarked that the assertion of the Plaintiff that the land was made over to him on the termination of the cultivating season in July 1250 is untrue. Such was not the case. In an Urzee addressed to the first Defendant, Plaintiff has stated his intention of cultivating the ground in that year, and requested permission to be furnished with two Palmira Trees which was complied with.

The

5. The 3d point hardly requires a reply. The settlement made by a subordinate Native servants is not valid unless confirmed by the 1st Defendant, the Principal Collector or other competent authority, and therefore the remission alleged to have been made by the Naib Sheristadar in the absence of a ratification by the 1st Defendant was no remission at all, and will not exempt the Plaintiff from the liability to make good the demand which he previously agreed to pay and the sanction of the Board of Revenue to which he so often adverts, is entirely inapplicable to the case of the Plaintiff which from the circumstances above set forth is of a distinct character, he having no claim upon the land either on the score of previous occupancy or Puttah.

6. The land applied for by Plaintiff was the property of Government and waste for many years. He proposed to hold it upon certain conditions, and having failed to perform them, of course the matter must be considered to have terminated at this stage, and the adoption of other arrangement in maintenance of the revenue became necessary. All these arguments are susceptible of proof by official documents.

The

7. The fact of the Plaintiff having ~~not~~ excavating Channel on a land to which he was aware he has established no legal right, was considered by ~~trespass~~ the 1st Defendant to prevent him ~~against~~ unnecessary loss the first Defendant deputed the Seristadar of the Coimbatore Talook to ascertain the actual amount which had been expended by the Plaintiff for the above work. It appeared from his enquiries that it amounted to Rupees 36—11—. which sum was paid by the 3rd and 4th Defendant. Of this, Rupees 8—4— were received by the Parties who ploughed the land and the residue Rupees 28—7— due to Plaintiff has not been received by him which is therefore held in deposit.

8. In the Seristadar's enquiry, it was established that 1/8th of a Bullah of land was covered with Raghee plants, and that the expenses incurred by the Plaintiff were merely Rupees 36—11—. As a portion that more land was bearing Raghee crops and that he disbursed about 100 Rupees ex in consequence unsupported.—

9. The other points noticed by Plaintiff. do not seem to require any reply being irrelevant to the matter at issue;

issue, which merely hinges on the unexecuted agreement entered into by him- Whether does the first Defendant consider it necessary to enter into any particulars with reference to his conduct, which together with the attempts he made, to evade appearing in the Talook Cutcherry when called upon to make good the Government demand are highly disgraceful—

10 The 2d Defendant asserts that he neither desired the Plaintiff to guide any portion of the land sued for to Runga- whatever with him on the subject of the remission alleged to have been made by the Mail Seristadar- He is a Public Servant acting under the orders of the first Defendant, and the act of the Plaintiff in associating his name as 2d Defendant in this matter must appear to the Court highly irregular and to have been dictated by improper feelings— For this reason the first Defendant requests that he may be relieved from the necessity of defending the suit— The Plaintiff states that

Fort St George 25th October 1847.

that the land in question is capable of yielding 225 Salgoys of Paddy valued at Rupees 562-8-- but the first Defendant is at a loss to understand how this calculation was arrived at, Plaintiff having never occupied the ground at any time previously.

12. Upon the foregoing grounds the first Defendant hopes the Court will see grounds for dismissing the suit and impose upon the Plaintiff an adequate amount of fine for preferring this groundless complaint in order that the time of the first Defendant may not be unnecessarily occupied hereafter in defending suits of this unsatisfactory and vexatious character.

Translation of a plaint preferred in the Principal Sudr Ameens' Court at Coimbatore by Vadamalay Soobbarow son of Ramalinghiah, by Caste Bramin by profession a Cultivator and residing at Coimbatore against J. On the 4th of March 1846, I tendered a Durkhast to Cooppana Moodley the late Tahsildar of the Coimbatore Taluk proposing to Cultivate for Fusly 1256 or the year Parabhava, 4 Calays or Parcels of land measuring in the aggregate 1499 2½/18 Goontahs lying waste from a period of about 25 years in the Village of Singanellore

The Tahsildar communicated these Circumstances to the 1st Defendant who issued an Order under date the 1st October 1816 directing the said lands to be made over to me for Manjah Cultivation according to my proposal in obedience to this Order Ragonada Row, the late Serishtadar of the said Talook sent a Takeed on the 17th of the same month to the Monigar and Curnum of the Village who put me in possession of the lands accordingly Upon this, I caused a new Channel to be dug at a cost of about 100 Rupees, and also requested the 1st Defendant by means of an Urzee to grant me to Cut Palmira Trees grown on the Government waste land in the Village of Coovea Mottoo to be converted into a Dhonjy or Machine for

for taking water from the said Channel— The 1st Defendant Complied with this Request and issued a Takeed on the 4th November 1816 to that effect— With reference to this Takeed, the Tahsildar on the 13th of that Month, sent Orders to the Curnum and Monigar of Coovidmoottoo, and under this permission, I cut down the Palmira Trees adverted to and appropriated them to the above purpose— The lands having been given into my possession after the expiration of the Cultivating season in the year Parabhava and the rain having subsequently failed it became a matter of necessity that the lands which I applied for and obtained possession of should be left uncultivated.—

2 The 1st and 2nd Defendants conducted the Summabundy Settlement and issued Puttahs remitting the Assessment on all Pirtent waste lands and also on lands which were applied for by Ryots and left uncultivated like those of mine under instructions which emanated from the Honorable the Board of Revenue on the 21st December directing that, in view to prevent the Ryots from sustaining a loss, the rent on lands which were laid waste from the failure of rain should not be levied, and in like manner the demand on my land was remitted during the settlement made

made by Sreenevasa Row the Said Tersildar of this District which was communicated to me by the 2nd Defendant.

3. With a view of cultivating the produce of Raghee for Fasly 1257 or the year Palavangal I ploughed about 600 Goontahs of the said land and also manured it keeping the rest to be appropriated to the Culture of Paddy in the season known as the "Andeercalavady" in the meantime the 2nd Defendant desired me to give away as Enam 800 Goontahs of land to a person named Ringachary of Coimbatore who is not only a friend of mine but also the mate[illegible] Moonshee in the Huzoor Office who is likewise a friend of the 2nd Defendant and the Brother in law of Anunturamiah the Curnum of Singanellore. I did not accede to this and therefore having become enraged at this refusal and with a view to subject me to a loss. the 2nd Defendant did not grant me a Puttah remitting the demand under the sanction of the Board as previously settled. The Tahsildar of Coimbatore asked me to pay full rent on the waste lands now used for urging & that the demand is made in Consequence

of an Order from the 1st Defendant this being in opposition to the sanction of Board of Revenue and to the procedure observed in the case of other Ryots I of course represented to the Tahsildar that for the above Reason there were no grounds for making the payment. I also requested the Neraney Monigar of the said Village to allow me to take water for Raghee Cultivation on the land which I had previously tilled and manured for the year Palavangal He refused to do this without instructions from the Tahsildar whom I petitioned on the 11th June 1847 by post to send me the requisite instructions, and likewise submitted a detailed Petition to the 1st Defendant on the same date This request ought to have been complied with, but no orders were given and time was allowed to elapse In the interim as the season was fast passing away I caused water to be brought from the river by means of Coolies and Cultivated the land with the produce of Raghee The plants are now a Span high I have a second time submitted a Petition by post to the 1st Defendant to allow me to irrigate my land for which also no order has been given but the 2nd Defendant obtained a Purchase from the 1st

4th Defendant who is the husband of the said Rungacharry's younger Sister, and also from his dependent or friend, the 3rd Defendant to the effect that they will pay full rent for the Land used for the year Parabhava. The Tahsildar Sreenivasa Shamroon came to the Village and made over to the 3rd and 4th Defendants the land in dispute which was partly Cultivated and partly ploughed and prepared for the said purpose by me stating that an Order has been received from the 1st Defendant to that effect. The 4th land applied for by me having been given over into my possession after the expiration of the Cultivating season, and in consequence of the failure of Rain and water I was obliged to keep the land uncultivated & not from any other Cause. On all Lands which were kept waste whether recently applied for and taken like those of mine, or in the ordinary occupancy of the Ryots, the demand was remitted under the sanction of the Board of Revenue by the 1st and 2nd Defendants. Sy. P. whom Puttahs to that effect were likewise distributed. In like manner the demands on my land was remitted in the first instance, but subsequently the arrangement was

was cancelled, and it was ordered that the rent should be paid by me - and in consequence of my not adjusting this unwarranted demand the lands were through the power & authority made over to the 3rd and 4th Defendants, with the Channel recently dug by me at a great expense, and with the standing Crops on a portion thereof, whilst the other portion was ploughed manure, and prepared for Cultivation. That this proceeding was unjust will be apparent on a reference to the sanction of the Board of Revenue and to the settlement made by the 1st and 2nd Defendants in the year Parabhava which will be proved during the examination of the Case.-

5. Upon the foregoing grounds I request the Court will be pleased to award to me the Malgujary land measuring Joontahs 1 4 99 2½/16 which is situated in the Village of Singane Alore north of the grass land in the enjoyment of Anantaramien South of the Channel known by the name of Rajah Vankal. West of the grass land and Nanjah in the enjoyment of Anantaramien and east of a waste garden, the Property of Government paying an annual rent of Rupees 146 - 13 - 4 to Government and yielding 225 Salagays of Paddy valued at 562½ Rupees.

Sir,

To the Chief Sec.y to Govt. submitting a letter from the Principal Collector of Coimbatore forwarding translation of a Plaint preferred against him and others by one Verbarow and draft of the answer proposed to be filed and recommending that the Principal Collector be authorized to file the Answer and defend it at the public Cost.

I am directed by the Board of Revenue to request you will lay before the Governor in Council the accompanying letter from the Principal Collector of Coimbatore submitting Translation of a Plaint preferred against him and certain others before the Sooba Row in the Principal Sudr Ameen's Court at that Station, as also draft of the answer which he proposes to put in in the Case.

2. The Plaint sets forth that on the 4th July 1256 the Plaintiff applied for and obtained possession under the orders of the 1st Defendant of 1499 2/16 Goontahs of Waste land situated in the Village of Singanellore that the land having been made over to him at the close of the cultivating season of that Fusly and the same having subsequently

subsequently failed, he was obliged to leave it uncultivated; that at the Jummabundy the Native Sheristadar remitted under the orders of the Board of Revenue dated 21st December 1846 the demands on his land as well as that on the holdings of other Ryots left waste under similar circumstances; that at the beginning of 1257 Fusly, Plaintiff ploughed and cultivated about 600 G. with Raghee reserving the rest for Paddy Cultivation during the same season; that in the mean time in consequence of a misunderstanding between himself and the 2nd Defendant the latter withheld from him the Pattah for Fusly 1256 with the view of compelling payment of the Assessment which had been remitted that accordingly the Talookdar demanded the full rent under the orders of the 1st Defendant and that on his 1st Plaintiff refusing to meet the demand the 2nd Defendant caused the 3rd and 4th Defendants to tender a Durkhast for the lands offering to pay the full Teerwah for Fusly 1256, upon which the whole of the land in dispute together with certain works of irrigation which he had constructed at an outlay of about 100 Rupees was unjustly made over to the Applicants. Under these circumstances Plaintiff seeks to recover possession of the 1499 2/16 Goontahs in question assessed at Rs. 146-13 per Annum Produce at Rs. 572-8-

Sa.

3 In the proposed answer it is urged that the Plaintiff took up the land which forms the subject of the present action in condition of paying the full rent upon it from Fusly 1256 whether Cultivated or not, and agreed to produce compleat security for the fulfilment of his engagement that the offer being deemed advantageous a conditional Sunnud was issued to the Tahsildar directing him to make over the land to the Plaintiff on the production of the promised security, but that this some oversight the Talook Sheristadar (since dead) put him in possession of the land previous to his executing the conditions referred to. It is stated that subsequently the Plaintiff neither produced the security nor paid any portion of the demand for Fusly 1256 and that having thus violated the engagement he had deliberately entered into, he was considered to have forfeited his title to the land and was not therefore furnished with a Puttah in common with the other Ryots. It is further alleged that the Plaintiff's assertion that the land was made over to him at the termination of the Cultivating season in Fusly 1256 is untrue, that the remission alleged to have been granted to him by the Naib Sheristadar was no remission as long as the authority of the 1st Defendant was wanting &c &c

to confirm it, and that the Board's sanction on which he lays much stress as authorizing the remission is inapplicable to his case. It is added that to prevent unnecessary loss to Plaintiff the actual amount expended by him in excavating a channel was ascertained by inquiry on the spot to have been Rupees 36 — 11 — , and the same was made good by the 3rd and 4th Defendants. Under these considerations the 1st Defendant requests that the suit may be rejected.

4 The Board consider the Principal Collector has shown grounds for defending the suit, and they beg accordingly to recommend that he be authorized to file the answer and defend the suit at the public expense.

Sir,

Para 1. I have the honor to acknowledge Your Canarese Communication, accompanied by an appeal Petition addressed to the Board of Revenue by "Balapa" the late Shanbogue of the Custa Mogany of the Sondsi Talook dated the 26th June last.

2. The object of the Petitioner is to seek restoration to Office, on the ground that his dismissal was unjust and he endeavours to show that he has been [illegible] a victim by others.

3. The particulars of the case which gave rise to the dismissal of the Shanbogue are somewhat long and intricate, embracing no less than 79 Documents of enquiry. The facts are as follows. A complaint of forcible attempt to carry away produce was made by a Ryot against the Mootalick of the Proprietor under whom, with other Sharers he held certain Garden and land on Inoolgeeny tenure. The Defendant admitted the Original Inoolgeeny right but stated

stated that it had been since resigned owing to inability on the part of Complainant to carry on the cultivation of his share, and that the Inoolgeeny Document had in consequence been returned by the Complainant, and which Defendant produced; this Document was declared by the Complainant to be false as well as the Defendants plea, and he produced a counter Document as alleged to be the one originally granted to him by the former Mootalick of his Landlord. enquiry ensued as to which of these 2 Documents was true - for not only did they both purport to be the Originals on which the right of Complainant was grounded, but the terms of the tenure which they both represented differed widely the one from the other - the Mootalick supported that of the Complainant, denying the one produced by the Defendant, the latter which was in the hand writing of the Shanbogue [the present Petitioner] was supported by him and by 2 others as Witnesses, while 3 of the remaining Witnesses whose signatures the said Document contained [there were 5 attestators in all] declared that it had been signed by

them

them only a Month previous at the instance of the Defendant, and that they were ignorant of its contents; the cause of Defendant was further supported by complainant's Cosharer, who stated that he had relinquished possession of his own share at the same period with the Complainant. The Statement of this individual being doubted, his House was searched, as it was alleged that he still had possession of his Share and still retained the Document setting forth the tenure on which he held it and which it was urged would throw light on the question of the validity of the 2 disputed Documents. This Document was duly discovered and was in the handwriting of the former Moodaliack and bore the signature of this Shanbogue as an attesting Witness, this was confirmed the truth of the Document produced by Complainant, and the falsity of that produced by the Defendant as well as on the Statement of the Cosharer in support of it, and in consequence hands the said Document was found the suspicion against the Shanbogue was also strengthened, leaving the undoubted conclusion that he had aided and abetted the Defendant in his fraudulent attempt to eject

eject the Complainant and repossess himself of the land by having written for him (the Defendant) a false Moolgenny Document as though it had been returned by Complainant, without his (Complainants) knowledge, and while he had been a Party to the true original deed of quite a different tenor 8 years before. The Shanbogue was minutely questioned as to his signature on the Document, and this part

on the 27th September 1813 it was disposed of on the 21st January of the following year and the Petitioners place was subsequently conferred on another, and from that period now 4 Years ago, up to the date of his present Petition, he does not seem to have sought reinstatement to Office.

6. In his Petition "Ballapa" makes reference to this case as the cause of his dismissal and so far he is correct but it appears from the Records that he was concerned in aiding the late Tahsildar of Sonda "Balkrishna Row" now in Jail in his illegal schemes for raising money from the Ryots through the instrumentality of the Village servants, and from the annexed Extract from an order passed by Mr Lushington in

in connection with his labours on that subject the result of which has been laid before the Board, it will be seen that had not "Ballapa" already forfeited his situation in the former case it was Mr Lushingtons intention to have dismissed him from Office for his part in those transactions.

7. I do not consider it necessary to go into further detail, while the nature of the case has precluded greater brevity.

It has cost me some time to peruse the Papers and place the particulars in the form I have, — and I can truly say that I never met with the Proceedings which in the absence of actual conviction, presented a greater amount of presumptive and circumstantial evidence of guilt, and therefore I have no hesitation in expressing my opinion that the Petitioner as regards that case alone, is unworthy of further employ as a Public Servant while the fact of his having been an Agent of "Balasista Row" would fill up any gap that might be wanting, and thus satisfactorily place the question of his reemployment beyond a doubt. —

The Original Petition of Ballapa is returned. —

The Superintendent of Stamps
Fort St. George

Sir,

In reply to your letter of the 18th Inst

I regret to inform you, that I am able to furnish very little more information regarding the discrepancy apparent between the balance of Stampt Paper and Cadjans at the close of the last quarter of Fusly 1226 and the quantity Credited in the Statement for the 1st Quarter of the following year, and that returned to the Presidency beyond what is given in Mr Clementson's first letter on the Subject Viz the 19th August 1836- The further enquiry promised by Mr Clementson in his 5th Para would appear to have been attended with no Satisfactory result, a fresh search made since Mr Clementson's departure,- into the records of the Office has been equally fruitless and there is no one now alive in the place who has the faintest recollection of what occurred now 25 years ago.-

2.- Mr Clementson in the 3d para of his letter observes that from the Note appended "to the Statement for the last Quarter of 1226 it "appears that 5340 Decree papers of the value "of one Rupee each was inclusive of the "quantity issued to the Courts under clause fifth "Section IV Regulation IV of 1808 of this discription "of Paper 518 rolls only appear to have been "returned to Madras leaving 4822 to be accounted "for by the Court, if the number returned to Madras "be the correct balance"- Under date the 18th March 1841 this subject was brought to the notice of

the

Fort St. George 25th October 1847

the Zillah Judge with a request that he would cause the records of the Courts of North and South Malabar to be carefully searched and furnish such information as might be traced therefrom, in reply that Officer on the 31st May following represented that after repeated search made among the records of that Court, only 64 Rolls of Stamps had been found and that the confused state of the records rendered it extremely difficult to find the documents required; in a subsequent communication dated 11th February last, he adds that "after a further search among "the records of that Court no more Stamps have "been found, nor is there much probability of "any more being discovered as the greater part "of the records have been of late assorted and arranged".

3. Of the item of Rupees 1,994-15-2 shewn by the Quarterly Statements of Stamps from July 1827 to 1834 to have been recovered by the sale of old Stamps and Decree Papers it has been ascertained that the sum of Rupees 995 appertain to collections on account of the latter description of Papers of the Value of 1 Rupee each, but as regards the number, Rolls or particular description of Stamps to which the difference of Rs. 999-15-2 relates no information whatever can be traced from the former

Fort St. George 25th October 1847

former accounts of this Office, which I regret to say have been found very incomplete.-

4. The actual extent of the deficiency of Rupees 5,093-13-10 exhibited in the Statement which accompanied Mr. Garrow's letter of the 13th February 1836 after deducting the collection of Rs. 995 above alluded to and Rupees 64, the value of the 64 Rolls of Stamps herewith returned would therefore appear to be Rupees 3,763 the value of a like number of Decree Papers against the Court and Rupees 1266-13-10 against this Department this has to be added an unadjusted sum of Rupees 153-13-0 particularly brought to your Notice in Mr. Underwood's letter dated 15th October 1839 being the value of the Stamps noted in the Margin which by several reports furnished to the authorities by the Stamp Darogahs at different times appears to have formed a deficiency since the year 1823, but respecting which no satisfactory information has up to this time been obtained thus making in the aggregate a difference of Rupees 5,183-10-10 which cannot be accounted for either by the Court or this Department The following sums which appear credited in the accounts as arising from excesses formed at different examinations under the head of Stamps, may however be said to bear partially against this deficiency.-

your letter under acknowledgement, I beg to annex a
copy of Extract from the Minutes of Consultation of
Government dated 10th Communicated with Extract
from the Proceedings of the Board of Revenue dated
20th April 1843 from which you will observe that

Ordered that the foregoing letter be submitted with the following address.—

To

The Chief Secretary to
Government.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar with copy of correspondence which has passed between that Officer and the Superintendent of Stamps relative to an old balance of Rupees 155—6—0 remaining unadjusted.—

From these papers it will be seen that independent of a sum of Rupees 5079-13-10 written off the accounts of the Malabar Collectorate under the authority of Government dated 10th April 1843 there still remains unadjusted on the Collector's Books a sum of Rupees 155—6 arising from discrepancies between the Returns furnished to the Superintendent of Stamps from the Collector's Office and the actual stock of Stamps on hand in the District since the year 1823

In

To The Chief Secretary to Government

Submitting letter from the Collr of Malabar with Copy of Correspondence between him and the Supt of Stamps relative to an old balance of Rs 155-6 remaining unadjusted and recommending under circumstances stated that the Collr be authorized to write off that sum from his Stamp Accounts.—

25th October 1847

In Secy's 20th April 1843.

In explanation the Collector states that a sum of Rupees 162-9 the value of 240 Rolls of Stamps has at various periods since January 1839 been credited under the head of "Excesses" and which exceeding the deficiency only by Rupees 7-3 leads Mr. Conolly to believe that the difference arises from Stamps of a different value from those actually sold having been brought to account by the Stamp Venders.—

Under these circumstances the Board beg to recommend that the sanction of Government be granted to the Collector of Malabar for writing off to "Profit and Loss" Rupees 155—6 from the Stamp Accounts of his District.—

I propose therefore to meet this exigency, that the Stamping Department should, as before, be provided with two Pressmen, the first Pressman to be paid at the rate of Company's Rupees 10-8 a month

Month and the Second at Company's Rupees 8. The reaugmentation of hands will lessen the Amount of Saving to the state which the abovementioned reduction of Company's Rupees 52. 8. - effected, but it is owing mainly to paper required for Judicial purposes to a greater extent than was foreseen and a corresponding increased demand for Stamps. The increase in the Number of Papers and Cadjans stamped last July being 160528. Sugar in the districts under the Madras Presidency the probable quantity of Sugar and Saggery produced and the Estimated quantity of both of these Articles consumed in each district with an Abstract of the same prepared in this Office.

The information furnished in this statement is as anticipated by the Government of India only an approximation. It will be observed that the quantity of Saggery which an acre of Land planted with cane is calculated to yield varies generally from 80 to 120 Maunds. In Coimbatore it is less than 30 Maunds, and in Malabar and Coimbatore about 15 Maunds, The consumption per head also varies to a considerable extent. These discrepancies are probably attributable to local peculiarities which have not been explained in the several reports.

the remission of Duty on any shipments of this article that may be made to the United Kingdom.

2. Wheat is cultivated in the District only on a very limited scale in four Villages in the Pedlapad Talook. The ordinary annual produce is computed to be within 50 Candies or 2000 Bushels and is mostly consumed in the District. It is now selling in the Bazaar for 15 Pucka Seers the Rupee. I purchased a Seer and found it to weigh exactly Two Pounds and half an ounce Avoirdupoise. The Poolly consists of 1200 such Seers. The Wheat of last years growth in Vungapoorum of which I send a small sample, seems inferior and injured by weevils or some insect. The Baker who supplies the European residents at the station uses this Wheat and his Bread when not spoiled by other causes is very good. Taking the Bushel at 60 lbs the present price would be a trifle less than 2 Rupees per bushel, but the same wheat is sold at Guntoor, when the Ryots are disposing of their produce at 24 Seers per Rupee, which would be per bushel 1. 3. 0 or 2 — 5¼ at the exchange of 2 per Rupee. The Surf of a bandy from this to Madras, according to the rates prevailing with the Native dealers may be stated

stated at Rupees 14— and it would convey a half a Candy or 20 Bushels. The cost of conveyance by Sea would be less. The Ryots at Vingesooram say the the present price in their Village is per Bottly 60 Rupees and that to the port of Epoorpalyam 4 Rupees. Both prices and here however appear to be overstated. As Wheat is a hazardous crop compared with other products, the Ryots are not at present inclined to extend its cultivation.

In conformity to the Provisions of Section XIII Regulation XI of 1832 I have the honor to state for the Board's information that a report having been received that 392 Pieces of silver weighing about 100 Rupees were found by the individuals noted in the Margin hidden under ground on the South Northern road between Gunnavarum and Kasarapally in the Nowmastalum Purgunah Attr. Porter the Magistrate sent for the said Pieces and forwarded them to the Principal Sudr Ameens Court at the Station together with the record and that Court held Proceedings on the 22d July last translation whereof is hereunto forwarded

Petitioners Corla Manmekayem Pullayarny & Poobiah state that 392 Silver pieces which have been discovered by them on the road between Gunnavaram and Kovvaravapully should be ordered to be given up to them

This Petition and the Record as on well as to the Tahsildars Arzee having been forwarded

13734 Fort St. George 28th October 1847

forwarded by the Magistrate with his letter dated 29th June 1847 were taken into consideration

As from the Tahsildars reports it appears that the Petitioners after having discovered under ground the 392 Silver pieces which they claim with the intention of usurping the property in question concealed the pieces with some individuals without immediately reporting it to the Authorities and after the expiration of a Month the Police Officers understanding the same from themselves obtained possession of the said property from these Petitioners and forwarded the same to the Court through the Magistrate — the pretensions stated by the Petitioners are not worthy of credit. As the Petitioners have not acted as provided for in Section VIII Regulation XI of 1832 and as no claim has been brought forward by any other parties the Court direct that the property in question should be carried to the Government credit.

Ordered that the Government Vakeel should inform this to the Magistrate and take the necessary measures for carrying the provisions of the said Regulation into effect in this respect.

Sir,

1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Guntoor requesting sanction for the refund of the sum of Rupees 91-2-- improperly levied from certain Shepherds on account of Poollary.--

2. On a complaint having been made to the Board by certain Shepherds in the village attached to the Choultry of Innacondah in Guntoor that a demand was made on them in the present fasly on account of Poollary in addition to the Moturpha assessment to which they were subjected, the Collector was requested to report on the case, and from his explanation it will be seen that certain Menahu lands such as Hills Jungles &c. were included in the Poollary rents for fasly 1250. Under this plea a pasturage tax was demanded by the renters for such flocks as grazed thereon, but which the Collector states was never intended to be imposed.

3. Under these circumstances the Stokes had submitted in his letter above recorded in

in accordance with the instructions of the Board a Statement shewing the sums improperly collected from the ryots in question amounting in the aggregate to Rupees 91 annas 2 for the refund of which to the individuals who had been subjected to the tax the sanction of Government is now solicited.--

From the Collr of Nellore... submitting a list of all descriptions of public servants from whom security is taken and the amount of security and also another shewing the reductions which can be made in the amount of security demanded from certain servants and the situations of those servants from whom it can be dispensed with—

Sir,

1. I have the honor to acknowledge the receipt of your letter of the 26th August last calling for certain information in regard to the system of taking security from Public Servants in this District and in reply to submit herewith a list of all descriptions of Public Officers from whom security is taken and the amount of the security—

2. The parties standing as sureties are held answerable for frauds or embezzlements &c on the part of the Officer called upon to produce security to the extent not exceeding the sum for which they stand security. The amount of the security is not so much regulated with reference to the salary of the Officers or the extent of the Revenue or Size of the Talook or Pergunnah in his charge as with reference to the office and

Fort St. George 28th October 1847

and the nature of the duties and responsibility with regard to the charge of Money attached to it—

3. With respect to the terms on which security is attainable, though there is nothing on the records to the terms on which security is generally procurable, yet it appears upon enquiry that in some cases servants called upon to give security are obliged to lend the Parties who become their sureties a certain sum free of interest, while on other cases some kind of remuneration is required in order to induce the parties to undertake the responsibility though there are cases where Parties become sureties in consideration of the ties of friendship or relationship—

4. With respect to dispensing with the demand of security I beg to observe that although it may be troublesome at times to Parties to procure security. I certainly am of opinion that the protection of the interests of Government in many cases indispensably requires it—

At the same time I beg to forward a list shewing the reduction which can I think be made in the amount of security demanded from certain servants, and the situations of those servants from securities can in my opinion be dispensed with as called for

Security is demanded from the above classes not for personal appearance, but to hold them responsible for the money &c.a under their charge, and convents of real property, which since the receipt of the Board's Proceedings of 27th May last, is to be entered in Security bonds drawn up in the form furnished therewith, and duly registered in the Court.

3. The Security demanded is not regulated

regulated with reference to the Salaries of the Public Servants, but to the responsibilities of their Office.-

4. In the Peroomboor or Circar Villages where there are no Incorporations, it is usual to collect Circar dues through the Nattamigars who are therefore called upon to furnish Security from Rupees 30 to 500 each, in proportion to the Rank of their respective Villages.-

5. I do not see that any of the above persons can with perfect safety be relieved from furnishing Security.-

6. I understand that some of the Public Servants in this District are in the habit of paying their Sureties every Month from 1 to 3 Rupees for standing Security for them, while others deposit Money with the persons who become their Securities.-

7. Besides the above the Number enumerated though excused from furnishing regular Security and having it registered in the Court, on the Board's letter of the 24th December 1846, are still required to give a Surety, who is answerable for their good conduct and appearance.-

8. The recent orders for Registering Security Bonds in the Court being a serious inconvenience to parties residing in distant Villages

Villages, I take this opportunity of recommending that it may be dispensed with, at the discretion of the Collector, in all cases such as Fish or Topes Rents which are of a temporary nature, and not included in the Ahkarry or other large Farms of the District, rented under the orders of the Board.-

Sir

I have the honor to transmit to the Board of Revenue two further appeal Petitions connected with the appeal case submitted with my letter of the 30th ultimo -

2. The first of these Petitions is from Arnachella Modelly the Village Inoonsiff of Eroocum, appealing against the decision of Mr. Maltby adjudging him to pay a fine of Rupees 150 under Regulation IX of 1822 for having fraudulently concealed the value of the Shell Farm of Erookum, and by false reports obtained it at a lower rate - The charge appears to me clearly established against the Village Inoonsiff; and I am of opinion that the award against the Petitioner is a correct one -

3 The 2d Petition is from the same person conjointly with one Poonumbala Reddy complaining of Mr. Maltby having cancelled the lease of the Shell Farms of Erookum on the grounds of its having been fraudulently obtained Entertaining the opinion I do of Arnachella

No. 2

Translation of an appeal Petition presented to the Board of Revenue by Conda Arnachella Moodely one of the Meerasdars and late Moonsiff of the Village of Erookum in the Nayer Talook, in the District of Chinglepat, and Punnambala Reddy of the Village of Panangaudoo, in the Poroor Talook in the District of Nellore under date the 4th September 1847 -

I. One Choonaimmeolum Iyasammy
Moodelly

Fort St. George 28th October 1847.

Moodelly having made a tender in July 1846 to rent the Chunam Shells produced in the Village of Crokum for 5 Fusslies for Rupees 125 at the rate of 25 Rupees per year, the Zillador of Streeharicottah the Cherupoo Moodely by name, under the instructions of Ramalingiah the Peishcar of that place, invited tenders by beat of tom tom, in order to ascertain if there were others who would offer a larger Amount than that already stated, but as no one in the Village came forward to undertake the rent for a larger sum than the above, we both publicly submitted tenders on the 1st September to the Peishcar for 5 Fusslies for Rupees 130, at the rate of 26 Rupees per each Fusly. — The Peishcar on making

Fort St. George 28th October 1847.

making the necessary enquiries on the subject, found that there were no proposals for a larger sum than that offered by us, and considering that there never had been so large a Beriz before, made a report to the Hoozoor, recommending the acceptance of our tenders. After which, the Peishcar sent for us and stated that the Acting Collector had accepted our tenders, and had directed him to rent the Shells to us in the usual manner. We then having received the proper Security from us, and the usual Moochelkah, gave us a Coule on the 1st October in conformity with the instructions contained in the Acting Collectors Tahsil No. 27 as the place on which the Chunam Shells were produced was situated on high ground at a distance of nearly half mile from the Lake, we and the Sub renters, relying on the fact of the Coule having been granted to us by the Circar for 5 years, dug a large Channel with branch Channels from the Lake to the Village, at a considerable expense, in order to render it practicable to bring up Boats to the place. We besides paid the first Kist of Rupees 8 for January as regulated by the Circar, and obtained a receipt for the same thereby proving that we had entered on the enjoyment of our farms. After the lapse of 8 months, the

the Acting Collector sent for us, as well as the Peishcar and others, and told us he had received higher proposals for the Chunam Shells, and informed us it was his intention to enquire into the whole affair. After this the Acting Collector placed the farm rented by us under confiscation, and carrying us from Taluk to Taluk, put us to the greatest inconvenience. He then sent for some of the Inhabitants of the Village of Errokaud, as well as the Toty and Talaries, and proceeded to examine them as witnesses. The Acting Collector then placed us under the surveillance of his peons, forbidding us to speak to each other and afforded us no opportunity of cross questioning the above mentioned individuals. Mr. Matthys objecting the acceptance of the tenders of our opponent and the upsetting of ours, he caused the Peishcar and the Zilladar to be examined as 1st and 2d defendants, and Arroonachella Moodely (one of us) as the 3d defendant. He then charged us with the offences specified in Clause 4 and 6 Section 2 Regulation 9 of 1802 and finally not only unjustly discharged the 1st and 2d defendants from their situations but in addition inflicted a fine on them, which was duly paid. He also fined the 3d defendant 100 Rupees and

cancelled

cancelled his Cazarah.

2. The Regulation under which we have been punished, is not only inapplicable to the subject at issue, but the decision of the Acting Collector founded as it was on the operation of that Regulation, is neither legal, or worthy of the approval of the Board.

3. Besides which, we beg to state that after the grant of Cowls by the Circar, in the case of Renters of Villages or Adharry farms, no notice has ever been taken of tenders made by others after the Cowls have once been granted, nor has the Cazarah once granted ever been upset on any account whatever.

4. During the Summahbundy in Fusly 1252 a Beriz of 50 Rupees was fixed on the Chunam Shells, and the same was entered in the accounts in the name of Arnachella Moodely one of us, As there was great quantity of water in the Lake in that Fusly and it appearing impossible to dig and remove the Shells, we presented an Urzee to the Collector on the 12th December 1843 bringing the Circumstance to his notice, and praying in consequence for the remission of the Beriz but an Endorsement having been given declining a Compliance with our request, Arnachella Moodely discharged the

Fort St. George 28th October 1847

the amount, though we did not enjoy any profits from the farm that year- We beg to solicit the attention of the Board to the various inconveniences to which we have been put and especially to the fact of our Ezarah having been cancelled, in consequence of our opponents tendering a larger sum than we did- The latter we beg to suggest, have been induced to pursue the course they have from motives of jealousy at our good fortune in having discovered a large quantity of Shells on our farm, after our tender had been accepted the Cowle granted and the first Kist paid-

5. With regards to the deposition of Goodaloor Ramasaumy Moodely one of the Chunam Merchants, who is stated to have had pecuniary transactions with us, and who said that we owed him 1500 Rupees at the time we rented the Shells, that after the termination of the Ezarah, he advanced us 1500 Rupees, and that it was his belief that 600 Garces of Chunam Shells would be produced on the spot, we beg to state that the whole of the above is an invention of his own, without any foundation whatever- As this deposition was in accordance with the erroneous opinion formed by the Acting Collector, the latter

Fort St. George 28th October 1847

latter compelled us to give in deposition to the same effect, although it is a fact that we do not and did not owe any money to Ramasaumy Moodly Moreover when this individual was examined, we were not allowed to be present- As regards his statement that he expected that there were 600 Garces of Shells within the limits of our farm, we beg to state that the assertion is both groundless and false-

6 Immediately after the Pahaid was sent to the Tahsildar, desiring him to grant a Cowle for 3 years at the rate of 1000 Rupees per annum on account of the Chunam Shells deposited in the Village of Soonapagoontah near Cochrum and prior to the grant of the same the Tahsildar received another tender from Co. Soobroya Moodly for 1150 Rupees for 3 years, and submitted the same (to the Acting Collector) after which Soonapagountah Nynah Reddy and others submitted tenders for Rupees 1800 for 3 years but the Acting Collector, instead of accepting the latter advantageous offer confirmed the 1st tender for 1000 Rs. Mr. Maltby we beg to suggest, is in the habit of deciding by the impression he receives in any case whether those impressions are right or wrong and passes his judgments accordingly in defiance of all justice- as a proof of this we beg to state

that

Fort St. George 28th October 1847.

that, before the first tender for the Shells in the Soonapagoonta in question was accepted, other tenders for higher amounts were received but the Acting Collector, instead of accepting the latter confirmed the tender for the less amount of 1000 Rupees because it was offered first-

7. We would beg to represent, that we are the Inamdars of the Villages of Crooshum Calamhadoo, Poongalum, Eenjoor and Pandyandoo, and pay on an average, an annual Peiz of 700 Rupees to the Circar besides which we have dealings in colored Cloths with the Merchants at Pulicat to the amount of 2000 Rupees per annum, and are otherwise honest and respectable men-

8. As we were placed under the Surveillance of peons for a period of 4 Months (to the injury of our Characters) and were not allowed to attend to our Cultivation and other business (and thereby have been great sufferers) we request that your Board will favor us with your instructions as to the party against whom we should proceed in the Civil Court for the recovery of the losses which have been sustained by us. Relying on the Cowle granted to us by the Circar for 5 years

Fort St. George, 28th October 1847.

years, we have gone to the expense of digging Channels, and commenced the excavation of the Shells, and lastly paid the first Kist of Government. Mr. Maltby had omitted to mention these facts in his decision, we therefore request that your Board will, in consideration of our poverty, and the injuries we have sustained, send for and inspect the documents connected with this case, and after annulling the decision of Mr. Maltby continue to us the Cowle granted by the Circar for 5 years for Rupees 130, at the rate of 26 Rupees a year. We have herein enclosed the decision of Mr. Maltby, and the Endorsement given to us under date 15th December 1843, and we trust that you will take the same into your consideration, and grant us redress.

No. 4.

Translation of an Appeal Petition presented to the Board of Revenue by Arnachella Moodely late Moonsiff of the Village of Crochum in Sheichancotah in Tayer Saloor in the District of Chingleput under date the 4th September 1847.

1. One Chennacanvarayen Jyasawmy Moodely

13759. Fort St George 28th October 1847.

Moodely having made a tender in the Month of July 1840 to rent the Chumam Shells in the Village of Erookum for 5 years for Rupees 125 - - at the rate of 25 Rupees per annum the Collector of that place Chelappa Moodely by name under the instructions of the Peishcar of Chittoor-cotah invited tenders by beat of tom tom for any willing to offer a sum higher than that already offered, but as no one in the Village came forward to make any offers of the kind, Sanda Coimumbala Moodely jointly with the Peishcar on the 1st September last, for 5 Fasslies for Rupees 130 at 26 Rupees per annum. That Officer having upon due enquiry found that there were no higher proposals than the amount offered by us, and considering that such a large Canjy had never previously been offered, submitted a report to the Kuzzoor recommending the acceptance of the same. Subsequently the Peishcar sent for us, with an intimation that he had received a Sakeed from the Kuzzoor directing him to accept our tenders and to grant us the Ezarah (or rent) in the usual manner. After receiving security and Mochilkas from

13760. Fort St George, 28th October 1847.

from us, the Peishcar gave us a Cowle on the 1st October, in accordance with the instructions contained in the Sakeed.

2. We then entered on the enjoyment of our Farms, paid the first instalment of Rent, according to the Rent-bundy and obtained a receipt for the same. The Acting Collector, however, after the lapse of 5 Months, sent for us, the Peishcar, and others, and on the grounds that higher proposals had been received, caused our Chumam Shells to be confiscated, and carried us from Sabook, thereby putting us to great inconvenience. He then instituted an enquiry into the matter and sent for some of the Inhabitants of our Village, who were unfriendly to us amongst others. He summoned the Sotier and Sahars and examined them on the subject of the charge against us.

3. All this it was proved by these witnesses that tom toms had been beaten inviting tenders for a higher Canjy and that we had obtained a Cowle, under the orders of the Kuzzoor, on our tender regularly submitted Mr Maltby with a view to the acceptance of the tenders made by

Fort St. George, 28th October 1847.

by our opponents, charged us most unjustly with the offence specified in Clause 4 and 5, Section 2, Regulation 2, of 1802, and not only removed me from my situation of Moonsiff, but also imposed on me a fine of 100 Rupees, and finally cancelled the Ezarah.

4. The Regulation under which the offence was charged against us, is not only inapplicable to the subject at issue, but the decision of the Acting Collector, founded as it was, under the operation of that Regulation, is neither legal nor worthy of the approval of the Board.

5. Under these circumstances, and as we have on the strength of the Cowle granted to us by the Corvan, dug channels of half a mile in length, at a considerable personal expence, in order to render it practicable to bring up our boats to the spot, and finally have laid claim to the enjoyment of our farm by the payment of the first kist, I request that you will be pleased to send for the proceedings

Fort St. George, 28th October 1847.

proceedings connected with this case, and after cancelling the decision passed by the Acting Collector, will be good enough to issue orders for the remission of the fine of Rupees 100 imposed on me, as well as to give directions that I should be reinstated in my former appointment.

Resolution thereon.

The Board of Revenue having taken into consideration the appeal Petition from Annamalla Mordely together with the proceedings in the case of the appellant held under the provisions of Regulation IX of 1822 resolve to record the following Endorsement thereon.

27-28

The

13763. Fort St George 28th October 1847.

The Board of Revenue having had before them the proceedings connected with the case of the appellant Arnachella Moodely Village Moonsiff of Croocum approve and confirm the sentence passed upon him by the Acting Collector of Chinglepat under Regulation IX of 1822 awarding the infliction of a fine of Rupees 100 commutable to one Months imprisonment.

The following Endorsement is at the same time passed on the Petition presented by Pommanbala Reddy.

The Petitioner is informed the proceeding of the Acting Collector in respect to cancelling the lease of the Shell Farm of Croocum for Fusly 1258 as having been obtained on fraudulent and grossly inadequate terms has received the Board's sanction.

Collector of Chinglepat

Affording explanation regarding the discrepancies between the Collections brought to account in the Demand Collection and Balance Sheets for the Abkarry Farm for Fusly 1255, and as noted in his letter of the 8th Instant.—

Revenue Letters Received.

I have the honor to acknowledge the receipt of the Extract from Board's Proceedings under date 23rd Instant regarding the Apparent discrepancies between the Collections brought to account in the Demand Collection and Balance Sheets for the Abkarry Farm for Fusly 1255, and as noted in my letter of the 8th Idem, and to explain that the sum of Rupees 66964-15-3 stated to have been paid by the Renter is inclusive of the amount of the Security deposited by him and which he had purchased partly from the deposits received by him from the Sub Renters and partly from his private funds. In adjusting the accounts of the Sub Renters credit was given for the amount of their advances and therefore in comparing the payments of the renter with those payments credit was also given him for the amount in deposit.

2. In the latter part of my letter however relative to the balance still due by the Renter the actual payments into the Treasury as entered in the Demand Collection Balance

is

is alone entered, and which shews the Revenue Collections for the Fusly to be Rupees 65,076-5-2. and the balance Rupees 20,233-10-10. The Subjoined Statement will shew more clearly the actual state of the matter.-

On attaching the Farm the Late Acting Collector sent for the Sub Renters and it was after a careful investigation and Comparison of their Statements with the accounts of the Renter that the amount realized from them was

Fort St. George 28th October 1847.-

was determined nor do I see the slightest grounds for doubting the correctness of the result come to.-

My reasons for recommending the remission of one Months Kist were that that sum approximated to the aggregate of the probable loss from discount on the Tanjore Bonds for 21,000 Rupees with the charges of the Renter allowed at about 3000 Rupees. The remission of this sum I conceived might be allowed to the Renter inconsequence of the failure of the rains and the famine and which had before been considered as sufficient grounds for Remission, but I did not conceive it necessary to recommend a remission equal to the Renters entire loss as all Farms are to a certain extent of a speculative nature and may entail loss as well as profit.-

the correspondence noted in the Margin with the Collector of Chingleput on the subject of the Abkarry farm of his District for Fusly 1255.-

2

By the foregoing correspondence it appears that the Abkarry farm of the District of Chingleput was rented for 3 years Commencing from Fusly 1255/1845/46. at the rate of Rupees 85310 per annum to Jeldouki Veeraswamy Chetty who arranged to Sub rent the same Taalookwar.- In his letter to the Board dated 6th September 1847 the Collector reported that owing to an unfavorable season and the high price of grain the Sub Renters were unable to meet their engagements and had consequently fallen into arrears and that the balances of Kists outstanding against the Renters having exceeded the amount of security deposited by him the farm had been placed under attachment on the 1st May or within 10 Months after the rent was taken.-

3

After deducting the several payments made by the Renter himself and the subsequent collections up to the close of the Fusly there

Fort St. George 28th October 1847.

remained a balance of Rupees 20233-10-10 which Mr. Freese suggested might be recovered by the sale of the security Bond on deposit; but at the same time observed that in the present state of the money market, this paper would only realize Rupees 16,800, still leaving a balance of Rupees 3433-10-10 against the Renter which must be considered irrecoverable.-

4

Mr. Freese further submitted that the Berij at which the farm was taken being higher that could be realized in a season like that of Fusly 1255 and the renter having paid the gross revenue he had collected without deductions on account of his Establishment and other charges of collection which are stated to amount to a large sum, he considered him entitled to some consideration, and under these circumstances recommended that he be allowed a remission of one months Kist or Rs. 7109-2-8. on his making arrangement for the immediate payment of the remaining balance of Rs. 13124-8-2 either by the sale or redemption of his security Bond.-

5

The Board beg to support the Collectors recommendation to the extent and on the terms specified.- They observe that the final adjustment of the rent as proposed will reduce the Abkarry revenue of Fusly 1255 to Rupees 78200-13-4-

Sir,

Para.1 I have the honor to acknowledge the receipt of your letter dated 5.th July last requiring a more full and comprehensive report on the Circumstances connected with the claim preferred to certain Enam land in Petition No.a 1042 of 1847.

Petitions Nos. 1338 1042 of 1847 and reports more fully on the Circumstances connected to certain Enam lands therein claimed

Lands of the 480 are returned as assessed

2. The Petitioner states that he is the son of Buchoomeyah and that he quitted his Village about 60 years ago when his father was in possession of three Cawnies of Enam land he returned only ten or twelve years since, in the mean time his father had died and the Enam had been resumed But he does not know at what time - In support of his claim the Petitioner has produced a summud in favor of Buchoomeyah but the name of the grantee is partially obliterated and is not known supposing the petitioners statement to be true the Enam would appear to have been resumed before the Country came under the Management of the British Government, as there is no mention of it in the accounts of the Village then prepared. The above summud in favor of Buchoomeyah dated

in

in Fizree 1207 A.D. 1792 appears inconsistent with the two Kyleeannies produced by the Petitioner dated in Fizree 1209 A.D. 1794 and 1210 A.D. 1795 which certify that Peershah the Father according to the summud of Buchoomeyah was then living and in the enjoyment of the Enam.—

3 Copies of the above summud, Kyleeannies and two other documents produced by the Petitioner are enclosed with translations.—

No.

Draft of an Answer proposed to be filed in O.S. No. 89 of 1847 of the file of the subordinate Court by 1st Defendant J. N. Maltby Esqre. Sub Collector of Salem.

The 1st Defendant in answer to the claim of the Plaintiff, begs to state that for

the

the reasons stated below, the Plaintiff does not appear to him to have any title to prefer the present action nor has he any claim either against him (the 1st Defendant) or against the Government.

2. The land in question consists of

Acres
64-19-8 of pasture land paying to Government an assessment of Rupees 32-11- held in the names of Colundaya, Seerunga Gounden, Valamala Gounden, Carpen, Calie Seroman and Ranga Pa Gounden, and has been held by these persons or their predecessors since the year Doormody (Fusly 1211) On several occasions offers had been made for the cultivation of these lands as Poonjah but the offers were declined as it did not then appear expedient to supply the water of the Channel for this purpose. Another offer was made by the present Plaintiff, and the 1st Defendant visited the spot, and for reasons which he need not here detail he considered that the land was adapted for cultivation and that the general rules of the Goo Rummah should be applied to these lands, that is, that if offers were made for their cultivation the occupants must abandon the lands, unless they consented to occupy them as cultivate lands. The occupants signified their willingness to cultivate either as Poonjah or

Bagayt

Bagayt but as water was not available at present for this purpose, it could not be granted. The parties declined to cultivate as Poonjah, and they were warned by an order dated June 1st 1847 that in the event of other offers being made, their right to the land would be annulled. But as no offer was then made they remained in possession of the land as pasture. Subsequently the Plaintiff in the present action preferred a durkast for the land, on Poonjah terms and an order was passed to the Tahsildar, directing him to apportion the land and to take adequate security from the applicant and report.

3. Reports were subsequently received from the Tahsildar to the effect that the present Proprietors were not prepared to resign their claims, and that half the land was the purchased property of another party who was prepared to pay the Poonjah assessment.

4. The first Defendant believes that it is sufficient for him to state, that Acting on the authority vested in him he considered that it was not advisable to disturb the possession of those who had held the land for a long series of years, if they were willing to cultivate it. It is true that they had declined doing so, but the land was still in their possession when they altered their resolution and declined to resign it, no act

of

of resignation had taken place. The first
Defendant considers therefore that it would
have been harsh to enforce this verbal resignation
even if it amounted to a legal abandonment
of their rights, which may be doubtful.

5. However this may be, the 1st Defendant
pleads that the present Plaintiff has no grounds of
action whatever. If the land was taken from the
other parties it still belonged to the Government
to give or to withhold as appeared fit. The
withholding the land from the prosecutor is no
wrong, as he had no right whatever to receive it except
from the pleasure of the Government. The 1st Defendant submits that the Prosecutor might possibly
have ground for requesting the Collector or the
Board of Revenue to view the case differently;
but he has no title whatever by which he can
claim the land in a Court of Law.

6th The 1st Defendant adds that so far
from referring the Plaintiff to the Court, he expressly told him that he had no ground of action
whatever.

Translation of a Plaint preferred by Soobien son
of Kistnien of Vengarey in the Talook of Para-
mutty, by profession a Cultivator against the
Defendants F. J. Mabbey Esqr. sub Collector of
Salem, Vencatasia[2] Tahsildar of Paramutty, Co-
lundasamien[3], a Curnum residing at Vengarey
and Eswarien[4], son of Chokalingien a Goomas-
tah to the Curnum of Nunjayadiar and residing
at Vellore.

The Suit is brought to put in pos-
session of the Plaintiff a piece of Malgoojaury
land called "Catacolum," consisting of acres 64.
annually paying (under the provisions of Boo Rum-
-mamah and agreeably to the entries shewn in
the Durkast or proposal) a pasture Seerwah
Rupees 33-6-7 and producing Rupees 60; and
to pass a Puttah for the same in his name.

The Plaintiff states that the said
land is situated at Poodooputty attached to
the Village of Pondamungalum in the Talook of
Paromutty, and bounded on the east by a hedge
of one Vencatoo[5]ien's land, north by a spot called
Rajavoiteal Eravanunjah, West by a distance of
20 Yards from the high road leading to Para-
-mutty; and South by a hedge of Poodooputty.

The

Fort St. George 28th October 1847.

The general Bookummaul sanctioned by the Board of Revenue now in force orders that if any ryot offers to cultivate any pasture land belonging to another ryot, it may be given provided the other ryot does not wish to engage it for himself.

The above land was originally held by the 3rd Defendant as well as one Carroogally and others on pasture teerwah, the Plaintiff in under provisions of the foregoing Bookummaul gave a Durkast to the 1st Defendant, on the 23d April 1846, offering to bring the land into Wet Cultivation. Hereupon he sent directions to the late Tahsildar to report whether there was any objection to cultivate the said land in reply to which the latter Officer made a false report in concert with the 3d and 4th Defendants on the receipt of this report the first Defendant asked the former Puttahdars, whether they wished to engage the said land for dry Cultivation to which they gave a deposition stating that they had no wish to do so, upon which a Sa Reed was sent to the 2d Defendant informing him that the said land would

would be given to any Ryot that might wish to cultivate it with Poonjah Crops and that the right of the former Puttahdars to the land in question was invalidated, upon which the Plaintiff again presented a Durkast first to the 1st Defendant for Poonjah Cultivation. an order was issued by him to the 2d Defendant directing him to grant him (Plaintiff) a Soolichit for the Cultivation of the land in question obtaining at the same time the required Security. the 2d Defendant continued for a Month to state that he would take Security from him, but at last granted a Soolichit to the 3rd and 4th Defendants / as requested by them / for dry cultivation and obtained from them the required Security without allowing even the original Puttadars to engage the said land for Cultivation. A report on this subject was made to the 1st Defendant by the 2d which was approved of by the former without considering it an illegal one. and overlooking altogether the Durkast presented by the Plaintiff in the 1st Instance for the land now in dispute under the

provisions of Dooraumanah.

PS The Plaintiff further states that the 1st Defendant had approved of a report submitted to him by the 2d stating that he had granted a Poolicht to the 3rd and 4th for the land in question for dry cultivation and cancelled the Original Puttah passed in the name of the 3rd for pasturage and that on his pointing out to the 1st Defendant that his order on the subject was illegal he consequently he was obliged to include the 1st Defendant also in the Plaint.

filed in the Subordinate Court in Original Suit No 89 of 1847 against the Sub Collector and three others / claiming to be put in possession of a piece of Malgoozary land consisting of 64 acres and paying a Pasture teerwah of Rupees 35 - 6 - 7 / together with draft of a proposed answer, and soliciting authority for the defence of the suit at the public expense.

2. The plaint sets forth that the land in dispute was originally held by 3rd Defendant on pastures teerwah. that Plaintiff under the provisions of the Dooraumanah of the District gave a Durkast to 1st Defendant (the Sub Collector) offering to bring it into under wet cultivation when the late Sahsildar was required to report whether there were any objections thereto, but that the Sahsildar 2d Defendant / in concert with 3rd and 4th Defendants made a false report that on receipt of this report the 1st Defendant called upon the former Puttahdars who stated that they had no wish to hold the land under dry cultivation. subsequently Plaintiff presented a second Durkast and 1st Defendant directed 2d Defendant to grant him (Plaintiff) a Poolicht / permission / for the cultivation

of

of the land in question after a delay however of a month 2d Defendant granted a Toolight in favor of 3 & 4th Defendants, which proceeding having been approved of by 1st Defendant the present action is brought.

3. In the proposed answer it is stated that the land in question has been in possession of the present holders or their predecessors since Fusly 1211 that several offers (of which Plaintiffs was one) had been made for its cultivation as Punjah but that they had been rejected as water was not available for the purpose. The occupants, having declined bringing the land under cultivation, were warned that in the event of other offers being made, their right would be annulled and Plaintiff having subsequently offered to cultivate on Poonjah terms the Tahsildar was directed to make over the land over. Reports from the Officers of Revenue however, shewing that the actual occupiers not prepared to resign their claim and that half of the land was the purchased property of another party who was willing to pay the Poonjah assessment the 1st Defendant did not consider it advisable

advisable to disturb the possession of those who had held the land for a long series of years. No act of relinquishment having taken place and it being optional with the Government as regards Plaintiffs claim to give or to withhold the land as appeared most fit.—

4. The Board consider the proposed answer to constitute a good and sufficient defence and they beg to recommend that the Sub Collector be instructed to file it and be authorized to conduct the proceedings at the public expense.—

Charges for fusly 1256 Sanctioned by Government on the 25th March 1847.

Employed for the protection of the Salt manufactured in the District for the Government Monopoly and the quantity transported from one Talook to another as also the foreign Salt procured for the Monopoly use. The hurricane in April last rendered the full employment of the Estimated Establishment unnecessary and consequently reduced the charges below the estimate. The two items of Increase viz the employment of the Shanboque at 35 Rupees and of a Shroff at 24 Rupees not provided for in the Estimate were incurred on account of the Depot newly established at Guensapah during the year.

To Board 18th February 1839 From Ditto 7th March " To Ditto 1st June 1840 From Ditto 3rd August " Annual Estimates submitted to Board for Fusly 1248 and sanctioned by Government.-	The usual Extra Establishment is not sufficient to furnish the detailed accounts of the assessment and other particulars which have been called for in the Board's Proceedings on the settlement for Fusly 1255 under date the 31st May 1847 and to enable the Collector to frame some new statements which will be necessary to throw light upon several of the questions which have lately been discussed by the Board.- It is therefore necessary that four Gomastahs should be entertained in addition to the nine employed last year, for a period of five Months at 10 Rupees each per Month.-
Annually proposed in the Estimates submitted to Board and sanctioned by Government.	The fixed Establishment of peons attached to the Talook Cutcherries proving insufficient for the prompt realization of the Land Revenue; an Extra number has always been kept up for the purpose and the charge now recommended is considered indispensably necessary.-

No. 1.

Extract from a letter from the additional Sub Collector Mr. Reade to the Collector of Canara dated the 21st August 1847.-

Para 1 In July 1254 and 1256, sanction was applied for and obtained for the entertainment in these parts of a Party of Shikarries for the destruction of Wild Elephants the party on both occasions consisted of one Mooccuddum or Duffadar on Rupees 10 and 5 Peons at 7 Rupees each and was retained for the period of 4 Months at a total expense of Rupees 180.-

2 I have now received Reports from the Tahsildar of Sonda and the Rishcar of Bunwasy that wild Elephants have already made their appearance in their former haunts, and are doing considerable damage to the young crops- under these circumstances, I have the honor to recommend that permission may be granted to me to entertain the same number of Shikarries this year from the 16th September but for the period of 6 in place of 4 Months, thus increasing the total expense in the present over the past year by the sum of Rupees 90.-

Total recommended for sanction Rupees 270.-

3 It appears to me that if the Shikarries are not at once entertained the Elephants will only be emboldened to commit their wanton devastation and that their number is likely to increase; whereas if they are frightened or some of them destroyed at the outset of their career it is probable they may speedily quit their present haunts and retire into the Jungles.-

4. The reason of my soliciting an additional two Months, is that the Elephants, even so late as March frequently

13800

Fort St. George 28th October 1847.-

frequently attack the stacked crops and the granaries of the ryots and to meet such a contingency the Shikarries would be available at the same time after the expiration of 4 Months from the date of their being entertained, should the Elephants have disappeared the Shikarries can be discontinued it is therefore only a discretionary sanction which I solicit to enable me without a second application if necessary to retain their services for the additional period recommended.-

Sir

With reference to the Board's endorsement on Petition No. 1080 presented by Mahomed Sheriff regarding his claim to 1 Cawny and 40 Kulies of Inam Nunjah lands situated in the Manakal Village of the Talook of Lalgoody I beg to state that on reference of the Original Purwanah granted by Nawab Anaverdikan to bid Shah Darvash it does not appear to authorize perpetual enjoyment of the land in question. Neither the present petitioner nor the party who possess the Inam, appear to be the relatives or legal heirs of the original grantee and I would therefore propose the assumption of the inam but in consideration of the stated poverty of the parties and the period they

Proceedings thereon.

47-48

The Acting Collector states that the grant for the land claimed by Petitioner does not appear to authorize perpetual Enjoyment, and that neither he nor the party in possession of the Enam are relative or legal heirs of the Original grantee. Under these circumstances the Board of Revenue are of opinion that the claim of Petitioners should be rejected, and each share declared to be resumable on the death of the present incumbent.

Sir.

From the Coll.r of Madura Affording further explanation on the point of the Keekody Village in Kaylwar to the Frondevy Pillay's Granddaughter in Meenakshee Pagoda in Madura.

In reply to your letter of the 10th July last requiring further information relative to the grant of the Village of Cheekody in the Maylwar Talook for the support of the Institution (Avia Kuttay) of Tandavaroya Pillay in the Meenakshee Pagoda at Madura, I have the honor to state that I cannot obtain no trust worthy account of the circumstances under which this Village was granted nor of the period of the grant and name of the grantor beyond what is contained in Para 72 of Mr. Hurdis' report of the 28th January 1802 quoted in my letter of the 12th May last Viz.t that "Tandevoy Pillay "was the Predecessor of Woodia Taiaar and carried "a golden cradle to Yusuf Khan on the birth of his "son and obtained a Village in Enam this Village "he gave to his son" I enclose the Translation of a paper which the Vakeel of the claimant has presented to me as the Copy of deed of gift (the original having been filed in a Suit in the Civil Court) executed by a Zemindar of Shenagunda to Mr. Thangaya Butler an Ancestor of the claimants husband, but as the claimant cannot name the Suit in which the original was filed, I have no means of ascertaining whether such a document really existed

existed, nor can I learn what right was professed by the Shevagunga Zemindar at that time to alienate a Village in the Meylore Talook. Moreover the document seems to be at variance with the entry in Mr. Wredis' Report. In short I attach no credit to it.

Under the above stated circumstances it is out of my power to answer your question what are liabilities attached to the Enam by the tenors of the grant.

Sheekvody was taken under the charge of the Government Officers in common with other Devastanum Villages in Fasly 1212 and like the rest which were granted for the support of Religion, has remained so ever since, the income therefrom as stated in Mr. Blackburne's letter of the 8th February last, being appropriated for the purposes of the Kuttay till Fasly 1246 when the issue thereof was entirely discontinued owing to its insufficiency without the aid of contributions from the funds of other Institutions.

The Title to the Enam appears to me invalid but it rests with the Board to consider whether the recognition of the appropriation at the time the Country came under British rule, and a long period of subsequent enjoyments should constitute a sufficient reason for its continuance. The purposes to which the income used to be applied were explained in my former letter.

No. 1.

The matters treated of in this petition is involved and difficult, chiefly from the multiplicity of writing which has taken place regarding it. There is always confusion in the written description of a disputed boundary.

Anno Domini 1770 the Petitioners Ancestor had a piece of ground granted to him by the Dutch Government for the purpose of erecting a Warehouse. From the deed produced by the Petitioner it appears that this ground was at that time a mere swamp "under water" Its boundaries are given both by description and measurement. The description is as follows -

Bounded on the South East by the piece of Ground belonging to the Wanien Paulu chetty on the North East by the great River, on the North West by the Canel and the Bridge of Culluetty, and on the South West by the Honorable Company's Garden.

This description so far as it relates to the N.E. the only point under dispute is of little value from the fact that a boundary like that of the

Fort St. George 28th October 1847.

Cochin River is one always liable to change. The river whether from natural or artificial causes at one time advances at another recedes as may be seen along the whole line of the river in the British Cochin limits at the present time.

But there can be no change with regard to measurement and it is to this therefore I thought it best to refer when down at Cochin in May last (1846). The measurement appears to have been executed with much minuteness to this specification of even half a Dutch foot. By this measurement which must commence from the S.E. from the site mentioned in the deed or the Petitioner would lose a great part of the valuable old ware house built by his Ancestor, it is clear that the Petitioner's boundary on the N.E. side should extend not to the river as it is at present but to a spot some 98 feet from it. The inference seems reasonable that the river in 1770 when the ground was granted to the Petitioners ancestor came up to this spot but that it had since receded and the ground now found extra has been gained either from natural or artificial causes. That ground is to be so gained - that some ground has been artificially gained in this direction tho' in later years the Petitioner himself allows.

It follows that it was a want

of

of this enquiry in 1825 which led the authorities to believe that this extra ground belonged to the Petitioner and to pay him rent for the Custom House erected on it.

The Collector must adhere to the opinion expressed in his order of the 24th Ultimo. He will merely remark with reference to the Petitioners present Statement that the measurement of his ground was made under his, the Collectors', immediate superintendence in May 1846 with great care and with every desire to do full justice to the Petitioner who it may be added was present all the time.

2. Petitioner states that the boundary of the ground in question on the South side was improperly tested the Board would be glad to know the number of square feet

to which Petitioner is entitled and the quantity of land he is in possession of. It is also observed that a decision was formerly passed in favor of Petitioner - and the Collector will be so good as to state the grounds on which that decision was based.

The foregoing are some of the points to which Petitioner has presented themselves to the Board as requiring further elucidation, but the Collector is requested when making his report not to confine himself to those, but also to reply generally to the several arguments made use of by Petitioner in support of his claims.

of Tanjore shall be permitted to continue to draw the fixed establishment entertained for the sale of Stamps in addition to a Commission of three per Cent to the Venders now that the Stamp Revenue has considerably fallen in consequence of the abolition of the Sayar and Sea Custom duties as the expense of the fixed Establishment as now drawn together with the Commission of three per Cent it is found exceeds the total of five per Cent on the Gross Collections.

2 It will also be observed by Mr. Secretary Onslow's letter of the 15th October 1836 to Government that in recommending that a sanction of Government may be granted for the arrangement proposed in Mr. Hinderslyt's letter of 5th May 1828 of a Commission of three per Cent to the Venders upon the actual sales in addition to the salary of the fixed Establishment that the charges would still be less than the amount of five per Cent allowed by the Regulations on the Gross collections.

3 Under these circumstances I would beg leave to suggest that should the Board think it necessary they will issue early instructions to the Collector of Tanjore to suspend the Establishment and the Commission of 3 per Cent pending the final orders of Government in this reference; and authorizing in the meantime the Collector to dispense to the Venders

Venders a Commission of 5 per Cent on the actual sales as allowed by the Regulations.
