Diary

13th Octr in Cons:
1st Novr 1847.

Read Register of Endorsements passed by the Collector of Tanjore on Petitions referred to him by the Board for disposal during the Month of April 1847.—

(Here enter 13th October 1847)

1
Proceedings thereon.

The Board observe from the foregoing Return that Petition Nr 1907 of 1841 still remains undisposed of. and they trust that the Collector will make early enquiry into the case.—

30th Septr in Cons.
1st Novr 1847

Read Register of Petitions for the Month of September 1847 submitted by the Collector of Madura.—

(Here enter Nr 1)

2
Proceedings thereon.

By the foregoing Register the Board observe that 12 Petetions were disposed of in September and that 30 were remaining at the close of the month. It does not appear whether the latter consists of Petetions of the Current or former years. This information should be afforded in the Note at the foot of the Register of Petitions for October 1847

From the Collr of Tanjore - - - -

Received letter submitting an

Fort St George 4th November 1847

an application from his Assistant Mr R S Ellis for leave of absence for Six Months under Section XI of the amended Absentee Rules to visit Cuddalore and the Sea Coasts on Sick Certificates.

3-4

Order thereon — Ordered to be submitted through the Channel of the Civil Auditor for the favorable consideration of Government.

At a Meeting Present

Thursday 4th Novr 1847.

Walter Elliot Esqr Acting Senior Member

A. Maclean Esqr Acting Second Member

and

J. Goldingham Esqr Acting Third Member

Minutes of the last Meeting read and approved.

Read again Extract from the Minutes of Consultation dated 8th April and entered in Consultation 15th June 1846.

Ordered that the following letter be sent in reply together with the several communications therein referred to.

To, The Chief Secretary to Government

Sir,

5

To the Chief Secy to Government — Para 1: I am directed by the Board of Revenue to acknowledge the receipt of Extract from Minutes of Consultation dated 8th April 1846 No 414, furnishing Copy of a letter from

Ex Cons 15th June 1846

Fort St George 4th November 1847

from the Secretary to the Government of India dated 20th September 1845, on the subject of the transfer to the Managers or Trustees of the several religious institutions under this Presidency, of the Landed Devastanum Endowments at present under the management of the Officers of Government and upon other points connected with those institutions

2. After communicating general instructions for the guidance of the Board in carrying out the orders of the Honorable the Court of Directors and the Government of India, His Lordship in Council desires to be furnished at an early date, with the opinion of the Board on the question of the relinquishment of the Large Devastanum Estates, to their Trustees, and the measures called for if any are required, for effecting such transfer — they are also required to submit any propositions for additional means beyond those now recognized and enforced which may be found necessary for maintaining in repair the sources of irrigation for Pagoda lands, and to make such arrangements as may secure the due payment of their quota of charge on this account from the Pagoda Estates, and they are further instructed to furnish, should the cases arise, a statement of the lands belonging to religious &c

Institutions

Institutions, which it may be found impracticable to transfer to the Trustees, shewing their extent, the institutions to which they belong and the causes which prevent their transfer.-

3 On receipt of the Extract from Minutes of Consultation now under acknowledgment a Circular was issued to all Collectors in pursuance of the instructions therein contained, and were required to furnish a Statement according to a prescribed Form, shewing the particulars of the Lands composing the Devastanum Endowments of their respective Districts. Replies have been received from all the Collectors and a further correspondence has ensued, in which the Board have directed the transfer of lands in certain cases, and have pointed out in others what appear to be the intentions of Government in regard to them. but they deem it advisable in the present stage of their proceedings to lay before His Lordship in Council a Summary of the instructions which they have already issued for the purpose of ascertaining whether they are in accordance with the views of Government.

4 Exclusive of the Great Devastanums of the District of Trichinopoly which are supported entirely by ready money allowances paid from the Treasury and the voluntary contributions of Devotees, the lands which once belonged to them having been incorporated with the Revenue lands under the Mohammedan Government, the Devastanum landed property under management of the Officers of Government consists of

19 entire

19 Entire Sarva Manium Villages with a Berij at present of Rupees 15369-8-1-

19 Villages paying a Quit Rent to the Circar. The Berij of these in Fusly 1254 was Rupees 11,823-13-5 of which Rupees 4291-11-3½ were deducted for Quit rent, and the remainder Rupees 7,532-2-1½ was paid to the Pagodas.-

1431 Cawnies and 87 Goontahs of Sarva Manium land assessed at Rupees 4,263-14-11-

C 9 a 107-63-6 of land paying Quit rent - the full assessment being Rupees 1008-2-5 and the Quit rent Rupees 169-11-3-

Fees pr. 1422-12-9-

5 The Collector was of opinion that the whole might be made over to the Trustees that the Ryot had sufficient safe guards against oppression and was in fact in a position to obtain fair terms from the Trustees from their dependance on him for their incomes. He thought however that a provision was necessary to insure to the Devastanum Ryots any advantages that may accrue to the great mass of the Ryots from a Survey hereafter or other general measure affecting their interests.

6 As the Quit rent in some instances was large it appeared to the Board desirable that the rights of the Government, and of the Institutions should be separated, by assigning to the

the latter an equivalent in land either in the same Village or in any other in which they already enjoyed land - rather than that the entire Villages should be made over to the Management of the Trustees. They were also desirous to ascertain the opinion of the local authority as to how the fees &c should be treated under the orders received. This led to further correspondence and the acting Collector has finally suggested for adoption, the following arrangement.

19 Surva Maniem Villages to be transferred from the Management of the Government officials to that of the Devastanum Managers.-

2 Villages paying full assessment to Government but being the Meerassy property of the Pagoda the Management to be transferred to the Trustees, who will receive their Puttahs annually like other Ryots.-

17 Shrotriem Villages to be retained by Government, and land situated in the same Villages of equal value to the emoluments hitherto derived by the Pagodas to be granted in lieu thereof.-

The

The fees &c consists of

1. Tax on Topes	1312 - - - 9
2. Covil Tank Fees	23 - - -
3. Covil Durbar Grass rent	52 - - -
4. Swamy Bogum for Meerassy lands	26 - 4 - -
5. Payable by Cotton Merchants at Cotalour	9 - 8 - -
	1422 - 12 - 9

7. The three first items merge in the arrangement of the acting Collector above mentioned. The 4th will be paid by the parties direct to the Pagoda Trustees. The 5th being Motturpha has been already discontinued.-

8 By following the arrangement of the acting Collector the orders of the Government of India will be fully carried out. The Quit Rent payable on the 17 Shrotriem Villages is either fixed or varies with the cultivation. In the former case all increase from improvement should flow to the Pagodas interested and the orders

of

principle the Share allotted to several Pagodas was originally fixed and whether an equivalent in Land could not be given to the Pagoda either in the same Village or in any other in which it already had a vested interest. thus bringing together the property of both parties into a more compact form, and rendering the Management of it more easy. An arrangement of this kind they thought would probably be acceptable to the Trustees, and be equally concurred in by the Mocrassedars and others interested.

14 In regard to the commutes fees &c the acting Collector was requested to state whether with reference to the origin of this source of income an assignment in Land could not be given with the concurrence of all parties interested. In his reply Mr Maltby states that the Trustees are unwilling to resign their Shrotriem Villages for an equivalent in Enam Land where the Devastanams possess only a single Village as is the case in 15 instances. Of the remaining 30 Villages he states that 13 may be at once incorporated with the Government Villages

Villages and 17 made over to the Trustees on a reduced Quit Rent of Rupees 2,482-1-3. the difference being remitted as compensation for the resumed Villages. By this arrangement 32 Villages will be still held on Shrotriem tenure.

Mr Maltby anticipates great

15 difficulties in substituting an equivalent of Land for the Money payments on account of commuted Fees Meraks &c which makes it appear impossible to adopt such a measure.

Similar difficulties also occur to him in making arrangements for granting Land in lieu of the Salt and Sayer Russoums amounting to Rupees 2,622-4-9 but in regard to the payment of Rupees 720 on account of these resumed Shrotriem Villages he sees no objection to the restoration of these Villages to the present Trustees of the Pagodas to which they belonged if it be deemed proper to make such an arrangement.

Madura. 16 The landed endowments in

From Collector 11th Oct. in Cons 16th Nov. 1846.
To Coll. - - - - - - - - - - 15th March 1847.

Madura are very considerable and the Principal Collector saw no objection to their

11. The instructions of the Board were based on the view that where the Tenure is Sarva Manium the transfer followed as a matter of course but that where Villages were jointly held by the Government and the Institutions especially as in Nos 3 and 6 it was better to separate the interested of the respective parties by assigning to the latter whose share is comparatively small an equivalent in land and retaining the Management of the Villages in the hands of Government.

12. It appears upon a recent letter received from Mr Bishop that he has made over to the parties concerned all the lands held on Sarva Manium tenure, consisting of 136 entire Villages yielding Rupees 36055-3-0 and detached Maniems enjoyed under the same tenure to the extent of V. 3725-5 M. S. yielding Rupees 83,916-3. It seems not improbable that the Villages which have been transferred by Mr Bishop belonging to the classes of large Devastanams If so the important questions as to the practicability of transferring the large Devastanams has it may be said been solved.

The

Chingleput 13. The Devastanam endowments in land in the Chingleput District consist of 45 Villages with a Peiz in Fusly 1254 of Rupees 1844-45

From Acting Collr 9th Inst Cons 16th Nov 1846
To do do 15th March 1847
From do 1st July in Cont 16th September -"-

23814-1-4 of (which Rupees 9859-6-4 were paid to Government as Quit rent) and of 11-11-0 of Sarva Enam land. The commuted Fees amount to Rupees 36585-15-1. The Acting Collector was of opinion that the whole land might be made over to the several Trustees at the end of the Fusly - but the Board observed that the amount payable to the Government was in some instances greatly in excess of the sum enjoyed by the Institutions and it appeared to them questionable how far it would be proper to transfer to others the Management of the entire Villages in cases where, though nominally a Quit rent is assessed the distinct interests of Government and of the Ryots are so large they were therefore of opinion that another arrangement should be sought for as far as circumstances would admit and they desired to be informed on what principle

See From Colls 1st July 1847 No 6.

principle the Share allotted to several Pagodas was originally fixed and whether an equivalent in Land could not be given to the Pagoda either in the same Village or in any other in which it already had a vested interest. thus bringing together the property of both parties into a more compact form, and rendering the Management of it more easy. An arrangement of this kind they thought would probably be acceptable to the Trustees, and be equally concurred in by the Macrajedars and others interested.

14 In regard to the commutes fees &c the acting Collector was requested to State whether with reference to the origin of this Source of income an assignment in Land could not be given with the concurrence of all parties interested. In his reply Mr Maltby States that the Trustees are unwilling to resign their Shrotriem Villages for an equivalent in Enam Land where the Devastanams possess only a single Village as is the case in 15 instances. Of the remaining 30 Villages he States that 13 may be at once incorporated with the Government

Villages and 17 made over to the Trustees on a reduced Quit Rent of Rupees 2482-4-3. the difference being remitted as compensation for the resumed Villages. By this arrangement 32 Villages will be still held on Shrotriem tenure.

15 Mr Maltby anticipates great difficulties in substituting an equivalent of Land for the Money payments on account of commuted Fees Meriahs &c which makes it appear inadvisable to adopt such a measure. Similar difficulties also occur to him in making arrangements for granting Land in lieu of the Salt and Sayer Russooms amounting to Rupees 2622-4-9 but in regard to the payment of Rupees 720 on account of these resumed Shrotriem Villages he sees no objection to the restoration of these Villages to the present Trustees of the Pagodas to which they belonged if it be deemed proper to make such an arrangement.

Madura. 16 The Landed endowments in

From Collector 11th Oct. in Cons 16th Nov. 1846.

Madura are very considerable and the Principal Collector saw no objection to their

their being transferred. He was of opinion that the Pgt enjoys sufficient protection and that the repairs of irrigation may be easily provided for by taking an agreement from the Trustees to that effect. The instructions issued to the Principal Collector were based on the same principles as those given to other Collectors. It seems not improbable that the Statements furnished by the Principal Collector included the entire Endowments large and small. The questions regarding the large Devastanums has thus fallen under consideration and may be disposed of at once.

17 The Principal Collector has furnished a Statement of 99 Villages on the public books for which money payments were substituted at remote periods. The Settlement of these in Fusly $\frac{1254}{1844\text{-}45}$ was Rupees 84177-11-8 and the commuted payments is Rupees 49155 -1-. Mr Blackburne was of opinion that the Lands must remain with Government and that in lieu of them the annual money payment must be continued. The Board have

have however asked him with reference to Para 21 of the orders of Government of India and to Para 12 of the instructions of the Local Government, whether it was practicable to revert to the former arrangement of a grant in Land. No reply has as yet been received.

Malabar 18. In Malabar arrangements have been made with the Coya of the Zuiliandy Mosque to make over to that Establishment such number of the Government escheated farms in Ernaad and elsewhere as will produce a net revenue of 1800 Rupees per annum being equivalent to the Money payment hitherto granted by Government.

From Coll^{r} 30th July in Cont 10th Augt 1846
To Collector 22d March ------ 1847

Canara 19. In Canara there are no lands of the nature contemplated in the orders of Government which it would be possible to make over to the management of the Pagoda Officers: the whole of the Emoluments which were formerly derived from the land having been resumed at different remote periods and money allowances granted in their stead. the difficulty of

From Collr 18th Septr in Cont 28th Septr 1846
To Collr 22d March ------ 1847
From Collr 2d July in Cont 16th Septr -"-

of reverting to the former state of affairs seemed to Mr Blane to be insuperable. The only means which occurred to him if necessary to carry out the disconnection would be by assigning the Revenue of particular Estates equivalent to the present allowance to the Pagodas, but this would, he states, be merely a nominal - not a real difference - The Board informed Mr Blane in reply that they thought it desirable that an assignment in land should be substituted for the present payments as far as would be convenient to all parties interested - they pointed out to him that in Malabar the Collector had acted on this principle in respect to the Mosque at Zuli-landy, and wished to be informed how far it would be practicable to make a similar arrangement in Canara, and if impracticable what peculiar obstacles presented themselves.

20 In a letter recently received Mr Blane states that he did not at present feel prepared to offer any decided opinion respecting the feasibility of carrying out the plan suggested by the Board and he

he requests permission to defer replying to this subject until he is enabled to institute some more particular enquiries both with respect to the plan generally as well as the manner in which it will be received by the parties interested.-

Kurnool 21 In Kurnool the extent of land enjoyed by the several institutions is

From Commissioner 22nd in Cons 31st Augt 1846.
To .. Do .. 22nd .. March 1847
From .. Do .. .. 3rd in Cons 12th April -

Acres 58,261-38-11 with the estimated Revenue of Rupees 19,606-2-5. The whole is under native Management. It is probable that a portion of this may be found to be held under invalid Titles, if so it will be resumed. In addition to this land Rupees 3,779-13-9 are paid from the public Treasury, and Rupees 21-12-9 from the Village Collections under the head of Saderwarad. Small grants of land, the Commissioner thinks, may be substituted for the last mentioned sum and a similar arrangement may be made in lieu of the ready Money payments of Rupees 3,779-13-9 which is composed of small sums

Fort St George 4th November 1847

sums - The final orders of the Board have not as yet been furnished to the Commissioner.

22. The Board deem it unnecessary to enter into the detail of other districts, as the features are the same and the same principles are applicable to all - From what has been already stated it will be observed that in order to carry out fully the intentions of the Supreme and Local Governments, the Board have been guided in their instructions by the following Rules.

1- That all entire Villages and detached Enams held on Sirva Manium tenure and Managed by the Officers of Government should be at once transferred.

2- That in all Villages in which the Government and the Pagodas have a joint interest, the portion belonging to the latter should be separated and made over to the Trustees.

3 That no fresh money payment should be granted in lieu of land.

4 That the commutations of Money payment for land should be effected

Fort St George 4th November 1847

effected in all cases where such an arrangement is attainable and would be agreeable to the parties concerned.

23. In conclusion the Board would beg to be favored with the sentiments of His Lordship in Council on the several points noticed in this communication with a view to their guidance in the further prosecution of this important question, pending the receipt of which they will postpone all further correspondence with the Collectors on the Subject.

The

Fort St George 4th November 1847

24 The Acting first Member having been absent from the Board when measures above explained were discussed and seeing reasons to differ in some respects from the views then adopted has record-ed his sentiments in a separate Minute.

J.E.B.

Fort Saint George 4th November 1847

5-6

Minute of the Acting First Member

I have passed the Draft reporting our proceedings in the transfer of the Devastanum lands, because it is a relation of what has been actually done and asks for the opinion of Government regarding the correctness of the course pursued. But as I differ considerably from the views taken by the Board of some of the principles prescribed for our guidance, I have thought it necessary to record the manner in which according to my opinion I think they should be understood.

The Board were desired with reference to former correspondence on the subject to state their opinion whether the great Devastanum Estates might not be transferred in like manner as those in Bengal and Bombay wherever the revenue demand has been clearly defined, due care being taken for securing the rights of the cultivators, the repair of works of irrigation &c. In the meantime the transfer of the Estates themselves and of all lands not borne on the public books as religious property was specially excluded from the order directing the immediate relinquishment of lands

to

to the delivery of which no objection existed - What these Devastanum Estates are is sufficiently apparent from the Board's Proceedings of the 24th March 1842 on which the above orders are founded and which particularly refer to Endowments of land comprising an entire Village or a number of Villages. The Board's instructions however to the several Districts have construed the orders as requiring the transfer of all Surva Monyam or rent-free Villages without further reference - But this I think is not only contrary to the intention of the order, but is premature in other respects - It is true that the early part of the despatch from the Supreme Government and more particularly the 16 and 17 paras declare that the proposition submitted by the Board for assuming these great Estates and granting communications on Money for the revenue derived from them, is distinctly and finally rejected - In the end therefore their transfer to the Trustees is inevitable but we must first shew that the objects to which our attention is particularly drawn, Viz.t, the protection of the Ryots and the preservation of public works are provided for - This has been attempted to be done by the execution of Trust Deeds, drafts of which have been received from every District.

Para 13

The

The same expedient was proposed when the affairs of the religious institutions were first transferred to the Trustees and was advocated in the Board's Proceedings of 24th March 1842 and their letter to the Chief Secretary of the 14th July following - The proposition was submitted for the opinion of the Court of Sudr Udalut and elicited the following remarks -

From the Ag Sec.y to Govt 2nd in Cons. 16th June 1842 Para 7-

"With respect to the Trust Deed "the Court of Sudr Udalut are of opinion that it is "not necessary that any instrument of this "nature should form a part of the Law, and any "such Deed so enacted might lead to great "difficulties" - And on a review of the whole, the Government declared that they considered the plan by which the Revenue authorities became parties to an instrument of the nature of the proposed Trust Deed to be liable to objections and that the ends in view would be sufficiently attained by a simple legislative enactment -

From Govt 2nd Sec.y August 1842.

If however this measure is now considered advisable (and it is not easy to imagine how otherwise the Trustees invested with any definite responsibilities) it is obvious that it should receive the sanction of Superior

authority

authority before any final steps are taken with reference to it. It would perhaps be desirable that the several drafts of Trust Deed proposed by the different Collectors should be compared and a general form adopted for the whole, the provisions of which should be recognised by the Legislative act now under preparation, or should at least be first submitted for the consideration of Government.

Until this point has been decided I consider that the transfer of the large Estates should not be completed.

But the point on which I chiefly differ with the Board is in their reading of the 21st para of Mr. Bushby's letter and the concluding one of the Extract Minutes Consultation of the 28th April 1846 regarding the commutation of Money endowments for equivalents in land. The passages above referred to appear to be exceedingly explicit and to state, with reference to a particular case, that while no objection exists to such an exchange, provided it is the most convenient to all parties, still that no importance is attached to such arrangements nor are they considered preferable to the existing practice.

The

The Board however from this lay down a principal that "the commutation of Money payments for land should be effected in all cases where such an arrangement is attainable" and this is extended and applied to those endowments which have long ago been incorporated with the Government lands either under the former Governments or during the earlier periods of our own - and which lands seem to me to be specifically and altogether excluded from the scope of the present orders by the 14th para of Mr. Secretary Bushby's letter. The instructions of the Board however invariably contemplate the restoration, if practicable, of such assumed lands to the Pagodas as in Madura where the Principal Collector is desired to report whether 99 Villages long ago incorporated with the Ayyan lands in lieu of a tusdeek of 4915 Rupees can be again given up "as the Principle" it is observed of the measure which has been ordered to be carried out, requires that Money payments shall be discontinued as far as circumstances will admit." In like manner the Board press upon the Collector of Canara the desirableness of substituting an assignment of land for the

the present payments as far as such an arrangement is attainable, and order him to report what obstacles present themselves to the transfer of Government escheated wurgrs in the same way as the Collector of Malabar had settled the case of the Tulandry Mosque-and this after Mr. Blane had declared the difficulty of reverting to the former state of affairs to be almost insuperable.-

The Board have adopted a simi-lar train of reasoning in dealing with Shrotriem Villages and with those held jointly by the Sirkar and the Temples- They propose to grant such a definite extent of rent free land in the same Village or elsewhere as may be considered equivalent to the joint interest possessed by the Pagoda- But this mode of dealing with the case is no-where laid down as imperative and many argue-ments may be adduced to show that it is not free from objections- The Board observe justly that it is desirable to separate the rights of the two parties entirely; rather than make over the management of whole Villages to the Trustees, particularly in cases where the Quit Rent is large and where the extent of

of Government in the Village exceeds that of the Institution- But that this object should be effected in the mode proposed, Viz. by conferring an equivalent of rent-free land elsewhere is by no means so apparent nor are the objections to the substitution of a commutation in money so weighty or imperative as the Board have assumed them to be- The Supreme Government have objected to the proposal of the Board for the absolute resumption of the large Estates and the grant of a money-Jusdeek instead, and the objection is declared to rest on the ground of legal difficulties alone, tho' "doubtless" it is observed, the arrangement would be attended with some convenience- And they remark-farther that it could not be carried out without the consent of all parties- But these observations apply only to cases where the title of the Institution to the whole endowment is clear and indefeasible- not to those in which the right is enjoyed conjointly with other parties- In such cases the separate interest must be distinguished and have a definite value assigned to them and when they have thus been estimated-at a given amount, there seems to be no reason why that amount should not be given in Money as easily, (or more so) than in land, if agreeable

to

to those most nearly concerned - My own enquiries had me to believe that in the majority of cases such a proposition would not only meet with acquiescence but would be gladly received - If this is correct the chief difficulty is removed and in all other respects the plan would be by far the most favorable for every party - whether the Government, the institution or the ryots - The first would be relieved from all cause of future interference on any complaint of oppression, Mismanagement, the protection of public rights, or the enforcement of general measures of improvement; the institution would receive a certain income which being paid annually the Trustees would have less opportunity of misappropriating; and the ryots would hold their lands directly from the state without the intervention of a third party - The land has justly been considered to be the main source of the public revenue, and its permanent alienation from its legitimate purposes has of late years been carefully guarded against - Its value is now at the very lowest ebb - Every change must necessarily raise it - The improvement of the internal means of communication (and as a natural consequence)

consequence) the increase of improved and more varied articles of produce, with the extension of the foreign Market - and the removal of restrictions on trade - must tend, and that at no very distant period, to give it a value far above the present scale - It appears to me that Government should not lose sight of these very obvious considerations in carrying out such an extensive measure as the present - Mr. Maltby states that in Chingleput, the Trustees are altogether averse to accept the restoration of the old lands in lieu of their commuted payments, and the Meerasidars and ryots are equally unwilling to be again placed under such landlords - And the same reasons that induce the former to repudiate the proposal viz. the fixed amount and ready payment of their present income compared with the uncertain produce of the land and the difficulty of controlling their ryots - would induce them to accede not only willingly but to prefer such an arrangement - I took the opportunity of ascertaining the opinion of the intelligent Head Serishtadar of Tanjore when lately here on this point and he assured me that the offer of payments in Money instead of portions of land, would be generally preferred

in

in that province- I think therefore that Govern=
=ment should be put in possession of these facts
and that we should ask them whether there is
any objection to our effecting the separation of
the joint rights of the Government and the Insti=
=tutions by conferring an equivalent in Money
and by carrying out the same principle in all other
cases, except where the right of the Institution
to the undivided possession of the land is clear
and undoubted.-

4th November 1847.- (Signed) Walter Elliot
Acting First Member-

Read the following Extracts.

From the Secy to Government- } Extract from the Minutes of Consultation
Under date the 19th October 1847.-

Read the following letter from
the Acting Secretary to the Board of
Revenue.-

(Here enter 4th October 1847 No 468)

Para 1. The Most Noble the
Governor in Council will not object
to the announcement to the Enamdars
referred to in the foregoing letter,
of the intention of Government
to resume the Enams on their
failing to pay the Quit rent justly
due

due to Government on their lands within
the period specified- But with reference
to the different rates at which this quit
rent has been apparently arbitrarily
fixed by different Collectors, as reported
fully by Mr. Orr in his letter to the
Board of 24th September 1828. His
Lordship in Council will expect to
receive from the Collector in his report
of the defaulting Enamdars
which the Board propose he should
submit, a clear account shewing in each
case when and on what grounds the
Badega fixed at the period the Enams
were restored to the owners on the resump=
=tion of the District, has if at all,
been enhanced.-

2. The Board will instruct
the Collector to adopt the same course of
proceeding in respect of the Quitrent
lands in the recently reverted Zemindaries
on which arrears are due-

Mr. Stokes attention is called to Para 2 of the Minutes of Consultation now under transmission.-

(9)

From the Sec.y to Government- Forwarding for the report of the Board a Petition from Shaudee and Sheriffa Khauthoo praying that the Shrotriem Village of Vipury in South arcot bestowed on their Father Bodi Khan Subidar may be continued to them as the legal heirs.-

Extract from the Minutes of Consultation

Under date the 23d October 1847.-

Read the following letter from Shaudee Khauthoo and Sheriffa Khauthoo.-

(Here enter 14th October 1847)

Para 1.- The Most Noble the Governor in Council resolves to forward the Petitions received with the foregoing address to the Board of Revenue and to request they will state whether any report has been received from the Collector of South arcot of the death of Abdoolah Khan, the party to whom the grant of the Shrotriem Village of Vipery was continued under the order of Govern=ment dated 16th March 1846. No. 305-

The

The Board will at the same time submit, with their own opinion on the case, a concise report of the circumstances under which the Shrotriem was registered by their Orders in the same Ally Khan, the Nephew of the Subahdar Burrah Khan the original Grantee, to the prejudice of the right of succession of the two Surviving daughters of the Subah=dar who in default of male issue, became his legal heirs.- Their claims have apparently been set aside in favor of an adopted Son, although the adoption is not recognized by the Mahomedan Law.-

+ In July 1835.

2. It now becomes a question for consideration whether under the cir=cumstances of the case the daughters of the Subahdar should still be deprived of their legal rights, and the Govern=ment of the reversion of the property on the death of these parties without issue, and on this point the opinion of the Board is especially requested.-

To The Resident & Members of the Board of Revenue.-

(10)

From the Collector of South Arcot-

Sir,

I have the honor to forward a Tabular Report shewing the claim set up by Nunnimah for the renewal of the Grant of Tepery shotriem Village in the name of her 2d Son Ghose Mahomed Khan, the Younger brother of Abdoolla Khan the last Incumbent, the Grant having died on the 24th June 1847, and request the Sanction of Government may be obtained for the continuance of the same in his name from 25th June 1847, it having been granted in perpetuity by Government-

Resolution thereon. Resolved that a copy of the foregoing Extract from Minutes of Consultation and the Petition which accompanied it be forwarded to the Collector of South Arcot.-

(9-11)

The late Subadar Burrah Khan appears to have died in 1809 and the Village was registered in the name of his Nephew Ally Khan in 1835 at which time no mention seems to have been made by the Principal Collector of the existence of the Petitioners- Mr. Davis will be pleased to ascertain and report why they did not put in their claims to succession after their father's death, or whether it was by mutual arrangement that Ally Khan was placed at head of the family in possession.-

To D. White, Esqre.

Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

(12)

From the Agent to the Governor Vizagapatam

Forwarding a Moochilka and an explanation called for in the Board's Proceedings of the 20th October 1845 and 10th September 1846.

Para 1.- With reference to the observations in Para 11 of the Board's Proceedings on the Settlement of Vezeanagrum Zemindary for Fusly 1255 dated 23d Ultimo, I beg to submit the following explanation called for in the Proceedings

Proceedings of the 20th October 1845 and 10th September 1846.-

2.- In my communication of the 7th May 1847, I had already forwarded copy of a Cowle given to a Renter, I did not then forward the Moochilka, because it is nothing more than the counterpart of the Cowle, but as copy is still called for, I have the honor to transmit one with translate.- Mutatis Mutandis every other Cowle and Moochilka was similar.-

3.- As regards the decrease in the Settlement of Goodevadah Talooke in Fusly 1252 below 1251 of 28 per Cent, I beg to State that the Settlement demand of Fusly 1251 was most clumsily and improperly made in that year, on fabricated Estimates of Produce, by Mr. T. Conway. The Ryots deserted in a body, and it was found quite impossible to make the Collections- Out of the demand of Rupees 52,013 only Rupees 40892 were brought to account within the year, the balance being Rupees 11121- In Fusly 1252 I find that 36 Villages were rented in Goodevadah Tanah and 8 Villages settled Villagewar for Rupees 37,200 in the whole- But then this Settlement was almost

all

all brought to account, many of the Aumanu Villages were in a very bad condition.-

4. None of the Villages Rented in Fusly 1252 were given for more than 3 yea In subsequent years some few Villages were given for five years to encourage the growth of Sugar and Indigo and with much succe These rents were given in great measure by Mr. Arbuthnot who pursued the renting system with ardour tho' he wrote against it and finally succeeded in renting out the large Taloke of Palcondah in a lump.-

5. I trust this explanation will be deemed sufficient.- It really seems useless discussing matters that have passed now nearly six years.-

Vizagapatam. - - -

16-17

To The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Collector of Bellary dated 7th July 1847 reporting on the Government plantations of his district for Fusly 1255.

2. From this letter and the Statement which accompanies it, it will be observed that 12 Topes consisting of 2892 Trees were planted in Fusly 1255 and that since the commencement of operations in 1825, 686 Topes or 18339 Trees have been planted in the District. Of these 604 Topes or 15,288 Trees require no further care or are preserved by Cranders or Village Servants. the remaining 82 Topes or 3,103 Trees were maintained in Fusly 1255 at the expense of Government.

3. On comparing the reports furnished by the Collector for Fuslies 1254 and 1255, the Board observed that the total number of trees

Submitting letter from the Collector of Bellary reporting on the Government plantations in his district during Fusly 1255 and recommending that the expenses on that account for the Fusly amounting to Rs 3581-12-2 receive the sanction of Government.

Sir,

I have the honor to forward for the consideration of the Board papers as per

(20)

From the Collr of Salem — Forwards for the consideration of the Board papers relative to the conduct of Immanjiah at present Tahsildar of Kistnagherry

1. Memo. of misconduct in the Revenue Department
2. Memo. of misconduct in the Magisterial Department
3. Translation of a Yadast dated 1st September 1845.
4. Translation of a Yadast dated 18th October 1845
5. Copy of a letter from Mr. Lyne dated 12th December 46
6. Translation of a Yadast from the Acting Head Assistant Magistrate dated 2nd June 1847.
7. Translation of a decision passed under Regulation 9 of 1822.
8. List of the lands held by Immanjiah &c.
9. Memo. of the works performed by Immanjiah to his Bulwarthy Tank.—

margin relative to the conduct of Immaniah at present Tahsildar of

Fort St. George 2nd November 1847.

of Kistnagherry.

I may call to the recollection of the Board the correspondence regarding him when Tahsildar of Salem and his restoration to Office by the Board in 1843. Since that time I have been under the impression that his influence in the Board is paramount. He has evinced a reckless disregard to his immediate Superior authorities in the neglect of his public duties, notwithstanding numerous reproofs and admonitions of mine. Having lands in several Talooks in the District a lot of which accompanies that he appears to occupy himself more time in looking after his own private interests to the disregard of his public duties when in Dharumpoory Talook his conduct in that respect was so glaring that I found it necessary under the Boards letter 12th January 1843. provisions of Section XI Regulation XI of 1816 and Section XXX of 1827 to appoint an Ameen to carry on his Police duties and he was besides convicted of borrowing money 400 Rupees from a Kurradar of a Village in that Talook.

Afterwards removed June

3.

to Tengracottah where his misconduct was as still more considerable he appears to have taken up his residence at Bullaverilly and engaged himself in carrying on.

on improvements on Enam lands originally granted to
his elder brother and now notoriously possessed by himself.

† 12th December 1846 The enclosures from my Assistant Mr. Dykes enter into
the particulars of his investigation into this matter as
also of his neglect in his Police duties and since his
†† 1st June 1847 removal to Kistnagherry - I have had occasion to impose
under the provisions of Regulation IX of 1822 a fine of
Rupees 200 for having recommended a remission of
about 148 Rupees to be granted to certain Individuals
of Tengaracottah Talook representing them as Ryots
and the balances irrecourable whereas by the Talookdar
who succeeded him the greater portions of such balances
was easily collected and the circumstances of the parties
was discovered to have been misrepresented. A copy of
my decree in this case is among the enclosures as also a
memorandum of his most serious acts of neglect of
duty and corrupt conduct, and I feel confident that
on their perusal the Board will agree with me
that Timmapieen is undeserving of further public

No. 1.

Misconduct of Timmapeah in his
Revenue Capacity. -

At the time of his delivering over
charge of the Treasury in the Talook
to his successor in October 1845 it was found that a
sum of 249 Rupees was less in the Treasury and
this was brought to my notice when I dismissed the
Shroff and Gollah after the deficiency was made good
by the Shroff, whose fraud aided by the Gollah gave
rise to the above deficiency. If Timmapeah had
made a regular and careful examination of his
Talook Treasury once every ten days according to
orders, instead of doing so superficially which appears
to have been the case, there would have been no
room at all for the Shroff to commit the fraud
long before it was discovered. For this I fined

my

my order on this subject is herewith forwarded.—

2. Timmapiah when at Tengaracottah was directed to make an enquiry into the circumstances of the Revenue defaulters of that Talook for Fusly 1255 and to make a report as to the cases of recoverable and irrecoverable balance— he did so, and submitted a Statement on the 9th November 1846 shewing a Sum of Rupees 148-8-10 as irrecoverable on the ground that the Revenue Defaulters of that sum are Indigent Ryots possess no means and live upon their daily exertions— Two of those Defaulters named Vencatacoopiah and Soobiah against whom there was a balance of Rupees 51-2-8 being found in the Kuzzoor to be the brothers of the Curnum of Ganapatypully, and as Timmapiah made no mention in the Statement of their being the brothers of the Curnum, suspicion was entertained and an order was sent to the Tahsildar of Tengaracottah named Sashagherry Row who succeeded Timmapiah on the 18th November 1846, to make a proper and strict enquiry into the cases of the above two persons and that of the other Defaulters and at the same time to collect what he finds recoverable and then report the same to the Kuzzoor— He made enquiry and having found a balance of 109-13-9 recoverable from

30

30 of the Defaulters reported by Timmapiah as Indigent collected and remitted the same to the Kuzzoor Treasury and submitted a detailed Statement of the same to the Kuzzoor— upon this Timmapiah was examined before the Acting Head Assistant Collector regarding this case, and he stated in his defence that he reported so many cases as irrecoverable according to what appeared to him from enquiry; this reason is very unsatisfactory and there is no doubt a wilful misrepresentation on his part to commit fraud as if his Statement had been credited the Government would have sustained the loss of the Sum above referred to— under these circumstances, I imposed on him a fine of 200 Rupees under clause 4 Section 5 Regulation IX of 1822 on the 1st July 1847 an English Translation of my decision under that Regulation is herewith submitted.—

3. Timmapiah when at Tengaracottah had also taken an opportunity of cutting a new Channel without permission from the River Vaniaur to the length of 72 yards and 1 yard in breadth and 2 yards in height, for conveying water to a former Channel from which his tank receives supply— He in his defence states that he only repaired the old Channel— It is reported that the cutting of the new Channel is prejudicial to the Government revenue and cuts across the public road and causes material damage and stoppage in the

the public thoroughfare.—

Magisterial Department.

Memorandum shewing the different cases in which Timmapiah the Tahsildar of Kistnagherry was frequent punished as well as the cases which were since brought to notice and which required a due consideration of his conduct.—

Timmapiah when a Tahsildar of Darumpoory in 1845 neglected the due performance of his Police Duties by disposing of only seven complaints, of those /58/ referred to him for investigation, in five months time from 5th April to the 30th August 1845 and leaving the rest in arrears together with 15 Complaints of the years 1843, 1844 and 1845- and also neglecting to answer several Takeeds sent to the Talook in those 3 years and not making any exertions for the apprehension of persons accused and at large in different cases of Gang Robbery &c.

From the above it appeared to me, that unless some arrangements were made for the efficient discharge of the Police duties of that Talook it would not be beneficial to the interests of the Public as well as those who look for redress in the Talook and

Vide Copy of my letter to Sessions Court.

and therefore I thought it absolutely necessary to make my disapproval to appoint an Ameen solely for the discharge of the Police duties and paid him 50 Rupees from the Salary of Timmapiah from 4th September to 10th October 1845. after which I allowed him /Timmapiah/ to resume charge of the Police Department.-

2- Afterwards certain charges of bribery were brought against him and before any enquiry into them was commenced it was necessary to transfer him to another Talook, as his presence at Darumpoory would tend to baffle the disclosure of facts and consequently I transferred him to the Talook of Tengaracottah on the 11th October 1845 those complaints of bribery were subsequently dismissed

3. In the Tengaracottah Talook also he neglected the efficient discharge of the Police duties by employing most of his time in Superintending his own agricultural affairs making halts at places convenient to him and omitting to mention in his Arzees according to orders the names of the places from which they were written, and taking no steps whatever for the detection of parties in 180 Cases of Gang Robbery &c. For this neglect or abuse of authority I fined him 50 Rupees under clause 2 Section 3 Regulation III of 1819. A Statement shewing

the

the lands which are in the names of Timmapiah and his relations in the Talook of Tengaracottah Darumpoory and Salem is herewith forwarded.-

He came over charge of the Tengaracottah Talook on the 18th November and received charge of Kistnagherry on the 22d.

4. For the reasons above stated he was transferred on the 29th October 1846 from Tengaracottah to Kistnagherry after which it was brought to the notice of my Assistant Mr. Dykes that Timmapiah whose at Tengaracottah released certain parties who were brought before him in a case of Cattle stealing without a regular examination but merely on the grounds that they denied the Commission of the Crime- Copy of Mr. Dykes letter dated 17th December 1846 on the above subject &c. is herewith forwarded-

5. It was also brought to the notice of Mr. Dykes by Complainants Coaroombalingen and another of the Village of Pollicm in the Tengaracottah Talook that in a case in which their sheep were stolen they complained to the Village Moonsiff and thro' the means of the latter the offenders were produced before Timmapiah with the skins &c. of the stolen sheep as identified by the prosecutors, and that Timmapiah made no proper investigation on the subject, but released them- Mr. Dykes sent for all the parties, and personally investigated the case, but from the lapse of time it was difficult to procure evidence for conviction tho' there existed

strong suspicion against the parties who were required to give security- Mr. Dykes observes that Timmapiah omitted to forward to the Auzzoor according to orders a report of the occurrence of the above case immediately after he was made acquainted with it and that he made no exertions at all to see the offenders punished and that this shows a wilful neglect on his part in not doing what he ought to have done as a Police officer- For these and other reasons he recommends his dismissal from office in his yaddast dated 1st June 1847- Translation of which is herewith submitted.-

6. Even in the Kistnagherry Talook he gave room for complaints- Two complaints were made; one by Permangounden of Pyenapully in that Talook stating that his Nephew was seized and placed in Custody by Timmapiah accusing him of a theft, and was liberated after his paying a bribe of 50 Rupees and the other by Timmaroya Gounden of Teenoor in the Coondarpully Moottah stating that he was seized and placed in Custody and was afterwards released on his paying a bribe to Timmapiah's son in law these Complaints were examined by the Acting Head Assistant Magistrate and altho' the evidence adduced in those cases is insufficient to convict,

yet

yet it increases suspicion more and more on the conduct of Timmapiah.-

No 3

Translation of a Tarkeed to Timmapiah Tahsildar of Darumpoory dated 1st September 1845.-

Of the cases referred to you from the Auzzoor for enquiry and report those from the 5th

5th April last amount to 38 of which only 7 cases together with a ranjeenamah case were in 5 months or up to 30th August investigated and reported, and the remaining Cases as also 15 old cases of those of 3 years Vizt 1843. 44 and 45 referred to you up to 5th April last are yet left without any investigation whatever, it is apparent from such remissness on your part, that you intentionally wish to put the Parties to inconvenience and annoyance by throwing their cases aside without enquiring into them for so long a period; and that you do not attend to your duties, these cases require speedy investigation all consider that there you have further kept in arrears many Police Bookroomes of 1843 44 and 45 without making any reply to them for a long time- Besides these of the number of cases of Robberies, Highway Robberies &c committed from the 1st January to 30th June in the present year, the following are the cases which have not yet been discovered in your Talook-

Cases	Number of persons
2.	16. Robbery
1-	9. Highway Robbery
3.	13. Robbery to a large Amount
2.	8. Theft committed after breaking Locks-

From these undetected Robberies and thefts, and other neglect on your part in the Police duties it is evident

Fort St. George 4th November 1847

evident that you have not the least inclination to conduct the duties efficiently without allowing any arrears to accumulate agreeably to the orders of the Circar, or of rendering justice to the parties immediately. As you are not able to carry on the Police duties efficiently and some other arrangement for the better conduct of these duties being consequently required it is thought proper that the Mugoor Zanabnivies Streenivassa Iyengar should be sent as a Police Aumeen, and to relieve you from your Police duties until further order, and he will conduct the duties with reference to the powers vested in Police Tahsildars and commit cases to the Magistrate and Subordinate Court: and send in his reports &c. regularly - you will therefore deliver over to him all the Magisterial records and also send over to him the Police Roysagar with an Assistant Roysagar one Duffadar and 12 Peons, and you will only be employed in your Revenue duties such as carrying on Cultivation making collections &c. you will not interfere in Police matters until further order - you will be prompt to afford any assistance required from you by the Police Aumeen Streenivassa Iyengar to whom half of your Salary Rupees 50 will be paid Monthly from the 4th Instant and the remainder Rupees 50 will be paid to you. A Takeed to this effect has been sent to the Treasurer - you will

Fort St. George 4th November 1847

will furnish the Police Aumeen with the required Sundaruwad.

(Signed) W. E. Lockhart
Magistrate.

No. 4.

Translation of a Takeed No. 103 dated 18th October 1845 sent to Timmapiah Tahsildar of Tingarettah.

When Soobrow the Tahsildar of Durumpory found a deficiency in the Talook Treasury of Rupees 249 he took depositions from the Shroff and Gollah and forwarded them to the Mugoor when an order was issued to attach the property of the Shroff accordingly his property was attached; but an Aryee was subsequently received reporting that the above amount was paid up by him at 6 P. M. on the 15th Instant: thereupon order was issued for carrying the same to account.

From the depositions of the Shroff Telanchetty it appears that when the Situation of his father was entered on his name in the Month of June last a deficiency on examining the Treasury was found, which the Gollah Narayana Chetty was aware of, and which was never brought to the notice of either yourself or the Seristadar, that you and the Seristadar took

took the words of the Shroff to be correct when he reported that the balance in the Treasury was quite correct, and that in consequence of your not having examined it such difference occurred. For the negligence on your part and that of your Seristadar, you are fined Rupees 20, and the Seristadar Rupees 10, but the Shroff and the Gollah are dismissed: your fine should be deducted from the list of pay. In the event of your being again found charged with a similar act of negligence you will be dismissed.

Signed W. E. Lockhart

No. 5.

To

W. E. Lockhart Esqre
Magistrate of Salem.

Sir,

I have the honor to inform you that having accidentally heard of an esclensive robbery of goats attended with personal violence in the Tengracottah Talook I called on the Tahsildar of Tengracottah to state why it had not been duly reported to the Magistrate, and he replied that he had not forwarded the Moorasill report because the suspected parties having reached him

him at the same time had after due examination been released by him.

On reading over the records of the case, I found that there was every reason to suspect the parties arrested and that the Tahsildar had not even sent for the watchmen who were in charge of the goats and who had been ill treated by the robbers, nor made any effort to whatever to bring the charge home to them, but had released the men on a simple denial of having been concerned in the robbery.

On proceeding to the Talook of Tengracottah I learnt that extensive works had been carried on at Buttavarty an Inam originally granted to Vidyanada row an elder brother of Timmapiens, under his superintendence. On personal inspection I found that the fact of the works having been lately carried on was perfectly true and from the evidence given by the present occupant and his Security Pudapillay, it would appear that Rupees 500 have already been laid out and that a further sum of Rupees 300 will be required to complete the water course which at present completely obstructs the passage of Bandies on the high road

read to Tengerottah and further that from these improvements an increase of about Rupees 70 per Annum might be expected.

The puttah was granted for ten years on the 7th September 1844 and on the 7th September 47 before which the said repairs cannot come into play will have only 7 years to run &c during which period the mere money laid out could not be recovered and it is evident that they are not the parties who have been engaged on these works. The puttah was granted by Timmapien, his elder brother having died some years ago, and it is clear that he is the present proprietor, and that he has been carrying on these improvements to the gross neglect of his duties as a Tahsildar and doubtless aided in various ways by his influence as Tahsildar of the Talook.

In the puttah there is a reservation of right to what water he might require for lands in his own occupation though I was unable to ascertain whether he had actually any lands in his own hands.

When the enquiry into the above mentioned robbery was made the Tahsildar was at Butthavarty but it cannot be ascertained how much

of his time was spent there from his having systematically omitted to date his Vrgees.

Several charges have been subsequently brought against Timmapien which I have investigated and dismissed as not proved, but it would appear that he allowed two prisoners to work in his garden at Wootengherry when under examination, and further that he borrowed when Tahsildar of Daramapoory Rupees 100 without any interest being charged from Papen Karadar of Coonchetty putty in the Talook of Darumpoory.

Timmapien has therefore been guilty of gross neglect in the examination of an important police case has engaged actively in the improvements of lands belonging to himself in the Talook of which he was Tahsildar, has allowed prisoners to work in his private garden, and borrowed money from the Kurradar of a Village in the Talook of which he was then Tahsildar.

These explanations, which with the other papers connected with this enquiry I herewith beg to forward according to the subjoined list, are any thing but satisfactory. I am however perfectly at a loss what notice to

Fort St. George 4th November 1847

to recommend should be taken of his conduct, for it is only last year that it was found necessary to appoint an Amen to carry on his Police duties, and but the other day that he was fined Rupees 50 for the amount of crime perpetrated in his Talook during the last half year with impunity.

DESTROYED

Fort St. George 4th November 1847.-

Translation of a yadaust sent from the Office of the acting Head Assistant Magistrate J. W. Dykes Esqre. to that of the Magistrate of the Zillah of Salem dated 1st June 1847.-

The Prosecutors Cooroomba Lingum and Chennen of the Village of Pandyem in the Tengercottah Talook preferred a complaint in the Kuzzoor stating that when the prisoners who stole their Sheep were apprehended and their houses searched by the Village Moonsiffs &c. the skins and flesh of the stolen sheep were found that the Prisoners together with the Skins

skins &c. were sent to the then Tah-
=sildar of the Talook named Tim-
=mapiah / now transferred to the
Talook of Kistnagherry / by the Village
Moonsiffs &c. and that the Tahsildar
without making any inquiry into the
case acted in a very indifferent manner
The complaint was referred to the
present Talook Tahsildar V. Shashagherry
Row who enquired into it and submitted
the proceedings held by him and those
held by the former Tahsildar and the copy
the Diary with his Urzee No. 157 dated 23d
March 1847. On examining these proceedings it was
found that if Timmapiah had in first instance
enquired

ORIGINAL DESTROYED

enquired into the case as he ought to have done
sufficient evidence would have been adduc-
=ed to convict the prisoners and to warrant
their committal to Court and sentence;
and he according to his own pleasure re-
released the case for want of proof. This act of
Timmapiah having given room for strong
suspicion the acting Head assistant Magistrate
was induced to make a personal enquiry by
summoning all the parties concerned Viz.t
Prosecutors witnesses Prisoners &c.a and
at the same time a Yakeed No. 59 was sent
to Timmapiah on the 27th April requiring
him to state his reasons for so doing; but
he instead of answering it immediately
forwarded his Urzee No. 121 on the 24th May after
a delay of 25 days. consequently the whole of
the proceedings 122 in number connected
with the case are herewith submitted
as per accompanying list for the infor-
=mation of the Magistrate. On enquiry it appears
that a flock of sheep belonging to the Prose-
=cutions / 84 in number valued at Rs. 43-8-/
was stolen and carried away on the night
of the 22nd October 1846 by the prisoners who also
beat the prosecutors people and took
away

Fort St. George 4th November 1847.

away their cloths but when the Prosecutors the following Morning in Company with one Toty Caudy proceeded in search of their sheep they saw 2 of the prisoners Vizt Caudy and Paro maun standing on the bank of the Goon= dulputty Pool and being suspected by the Prosecutors who approached them they / the Prisoners / got down the bank and went away. The Prosecutors &ca thereupon searched the spot and found a sheep with its legs tied and thrown in a cave and another with its neck broken and killed. they then reported this to the Village Moonsiffs &ca the Villages Moonsiffs &ca proceeded to the spot and found heads legs and fresh meat filled in Pots and left near a well in Goondulputty; but when the houses &ca of the Prisoners in the Goondulputty &ca Villages were searched the bones skins wool &ca were found in the Prisoners it appears had also Confessed their crime before the Moonsiffs. The Prisoners with the stolen sheep skins &ca found were sent to the Tahsildar by the Moonsiffs with their usual report on the 26th October, and they appeared before the Tahsildar on

11258

Fort St. George 4th November 1847.

on the 27th the Tahsildar did not forward Copy of the first report received by him to the Magistrate agreeably to the Circular order he / Sinnapiah / says that the Police Roysundar might have as usual forwarded a Copy to the Magistrate this is a frivolous excuse. altho the Prisoners denied the charge in his presence yet there were sufficient proofs before him for his guidance. On the receipt of the report he ought to have proceeded to the spot where the crime was committed and exerted himself to find out evidences. If he had so done so, he would have got sufficient proofs to convict the Prisoners and warrant their Com= mittal to Court. He neither did so, nor did he report the case to the Magistrate but Caused the skins, legs &ca brought as proofs before him to be thrown away and dismissed the case on the 3d November 1846 for as he States want of proof. Under these circumstances it must be concluded that he wilfully suppressed it without making a proper investigation and thereby caused the injured party to suffer a loss, altho the enquiry of the case before the acting Head Assistant magistrate did

did not afford sufficient grounds to commit the Prisoners to Court in consequence of the length of time that had elapsed since the Crime was committed yet it threw great suspicion on them so much so as to require security from them. There is not sufficient proof to warrant the delivery of the sheep which the Prosecutors point out as belonging to them owing to the length of time elapsed.—

Timmapiah states in his Urzee that having been informed on the 29th of October of his having been transferred to the Talook of Kistnagherry he remained at the Cusbah Village to deliver over charge of the Treasury to his successor Shashagherry Row, and at the same time he was conducting the enquiry in question when he received orders from the acting Head Assistant Magistrate directing him to proceed to the Mootah of Cummanelloor to enquire into a case of Paddy stolen and carried away from the place of a Ryot whose name and Village were unknown, by one Toty Tungamoo[illegible] &ca and others of the Village of Navalay & that he was therefore unable to proceed to the spot where

where the theft of the sheep was committed. The Takeed No 93 was sent on the 9th November directing him to proceed to the Village of Navaley and enquire into the theft of the Paddy &c belonging to Eachambandy Palany gounden whose name and Village he stated were unknown committed by the Pariars of Navalay.

Prior to this he closed the enquiry regarding the stolen sheep and entered it in his diary on the 3rd of the above Month and consequently no credit can be attached to his Statement, that the Takeed in question was received by him just at the time of his conducting the enquiry regarding the theft of the sheep. The Takeed in question reached him 6 or 7 days after the conclusion of his investigation and 8 days after the receipt of the Takeed on the 18th and on the 20th Timmapiah left the Talook for Kistnagherry. When cases of heinous crimes are dismissed for want of evidence they should be reported to the Magistrate. He states that he delayed in answering the Takeed sent to him in this case in consequence of his having been employed in aiding the Tahsildar of Tripatore, in detecting the robbery committed in the house of Cundasamy Chetty

Chetty To detect the robbery in question he proceeded on the night of the 4th May but the Takeed directing him to report on the subject above alluded to reached him on the 28th April 6 or 7 days prior to his proceeding upon that duty: he returned to his Cutcha on the 9th He should have sent his answer prior to his going on that duty. He did not assign any proper reason for such delay. On examining all these circumstances the contents of his Urzee appear to be nothing but falsehood. Regarding the theft of the sheep all that is stated as above had actually taken place; besides this when the individuals mentioned in the Acting Head Assistant Magistrates' letter of the 12th December 1846. as being suspected to have stolen sheep valued at Rupees 23 were brought before the Tahsildar Timmapiah he did not send for those who were beaten while watching the Fold when the theft was committed, nor did he endeavour to find proof to substantiate the charge against them but dismissed the case for want of proof without even reporting the

† 29th September 1846

the subject to the Huzzoor. The Acting Head Assistant Magistrate then thought that the Tahsildar Timmapiah was much engaged in his private affairs such as cultivating his lands &c. which was the cause of the delay and negligence on his part in the above case. But the subject which was subsequently brought to light and the fine of 50 Rupees imposed on him owing to the numerous robberies that have been committed previous to his being transferred to that Talook after it is stated in the Judgment from the office of the Acting Head Assistant Magistrate to that of the Magistrate which induced the Acting Head Assistant Magistrate strongly to suspect that he / the Tahsildar / aids the Robbers on account of obtaining some remuneration from them Moreover when he was Tahsildar of Dareempoory in the Month of September 1845 it was necessary that an Ameen should be appointed to transact the duties of Police which belonged to him. When the other irregularities of this individual mentioned in the letter written on the subject, the irregularities committed in the

† 30th October 1846.

14263 Fort St. George 4th November 1847.

the Revenue affairs the malpractices & when making collections in the Taluk of Tengercottah and the circumstances mentioned in the yadaust of the 23rd May are taken into consideration he should be visited with dismissal.—

Chinnakistnaien An individual who was dismissed from the Office of Curnum Goomastah of the Village of Sanparaty as per Revenue Takeed No. 498 dated 13th July 1846 from the Collector, is conducting the duties of his own Curnumship in another Curnah but the above Tahsildar made no report whatever on the subject to the Huzzoorul which having come to the notice of the acting Head Assistant Collector at the time of the Settlement the Tahsildar was personally questioned regarding it but as he gave no satisfactory answer a Takeed No. 272 dated 21st May has been sent to him in order that he may furnish his answer in an Urzee, the subject of which together with 2 or 3 more charges against him will be submitted hereafter on the receipt of his answer

14264 Fort St. George 4th November 1847.

W. E. Lockhart Esqre
Collector in the Zillah of Salem

Defendant

Prosecutor.
Circar.

Timmapiah the late
Tahsildar of Tingaracottah
now Tahsildar of Kistnagherry.

When the Defendant was Tahsildar of Tingaracottah an order was sent directing him to make a scrutinous enquiry into the circumstances and conditions of the Ryots of the said Taluk regarding the Revenue balances of Fusly 1255 and to submit a detailed Statement shewing the balances that were considered both recoverable & irrecoverable; agreeably to which he/ the Defendant/ forwarded a Statement, after making an enquiry on the 11th November 1846. on examining which it was found that a few Ryots whose balance amounted to Rs. 148—8—10 were entered under the head of Naudawee with a remark that that amount of balance was considered irrecoverable in consequence of their having been reduced in circumstance so as to induce them to have recourse to daily labour

labourer and begging for their subsistence but when the cases of these people were taken into consideration Venkattacoopien and Soobien brothers of the Curnum of Ganapoddy putty in the above Talook and others entered under the Head of Naudars who had to labour daily and beg, were found to have been included in the number of Ryots whose cases were personally examined into by myself at the time of Settlement for Fusly 1255 and apart of whose balances was ordered / as the cases required / to be kept in Tauk'kof and the remainder to be paid. This created a Suspicion that no credit could be attached to the Statement of the Tahsildar Defendant. / A List was thereupon made out shewing some of the above individuals and some others who were entered as Naudars in his Statement and forwarded with a Tahseel dated 9th December 1846 to Hoopulloddy Shasagherry Row Tahsildar of Singaracottah, who was transferred from the Talook of Darumpoory to that of Singaracottah on the removal of the Defendant to the Talook of Kistnagherry / directing

directing him to make proper enquiry into the state of those Ryots that were entered in the list and in the event of their being found in good circumstances to collect the Circar balance from them. According to the above order the Tahsildar made an enquiry into the circumstances of each individual mentioned in the list and Collected out of the amount of Rupees 148 and odd entered under the head of Naudaur Rupees 51-2-8 from the brothers of the Curnum of Ganapuddy putty & Rupees 58-11-1 from Ramachendra Jayen & Co.a 28 Ryots of the Villages of Nuttum & Co.a in all Rupees 109-13-9 and carried it to account forwarding a list of the Ryots from whom the collections were made with his report to the Huzzoor. Upon this a yadasht was sent to the Acting Head Assistant Collector Mr. Dykes on the 19th April last requesting him to make at the time of the Settlement of the Kistna-gherry Talook for Fusly 1256 an enquiry into the case as to the Defendant having Caused a loss to Government by entering the Ryots as Naudaur as shewn above Mr.

14267

Fort St. George 4th November 1847.

Mr. Dykes sent for the Defendant on the 22nd May and enquired into the case in question and took deposition from him and forwarded it to the Huzzoor with the Yadasht of the 23rd May.

The Defendant in his deposition states that when he was conducting the duties of the Tahsildar in the above Taluk all those, who were entered in the Statement as Naudaun were found on his enquiry to be in indigent circumstances and unable to discharge the Circar balance and therefore he was induced to enter them as Naudaun. No credit can be attached to this Statement, because a large sum of Rupees 51-2-8/ out of the amount represented as irrecoverable/ were collected only from two Individuals Viz. Venkatampien and Soobien whose names are entered in 6 puttahs in the 5 Villages attached to the Division of Ganapuddy putty and who are brothers of the Curnum of the Division, and would thus have caused a loss to Government it does not at all appear/ or could not be concluded/ that the Defendant entered

ORIGINAL DESTROYED

14268

Fort St. George 4th November 1847.

entered them as Naudaun Ryots after every enquiry into the fact or on proof during the enquiry instituted by him—

As he/ the Defendant/ intentionally acted as above stated to cause a loss to Government by representing the balance Rupees 109-13-9 which was easily realized as irrecoverable, he is awarded to pay a fine of Rupees 200 and in default to be imprisoned for 2 Months, agreeably to Clause IV, Section V Regulation IX of 1822.

He/ the Defendant/ is allowed to appeal to the Board of Revenue under Section VI Regulation VIII of 1828 within the space of 3 Months, in the event of his being dissatisfied with this award—

1869

State of Illinois } ss.

I, Alfonso Young Auditor of Public Accounts and Ex Officio Keeper of the Great Seal of the State of Illinois, do hereby certify that the foregoing is a full, true and complete statement of the Gross Receipts and Disbursements of the Treasury of the State of Illinois, from the 1st day of November 1867 to the 1st day of November 1869 inclusive, as appears from the books of this office.

In Testimony Whereof, I have hereunto set my hand and affixed the Great Seal of State, at Springfield, this 4th day of November A.D. 1869.

Alfonso Young
Auditor of Public Accounts

Fort St. George 4th November 1847

Ordered that the following letter be sent in reply -

To The Collector of Salem -

Sir,

(20-21)

To the Coll[r] of Salem — Requesting him to forward the original proceedings connected with the charges brought against the Tasildar of Shistnagherry

I am directed by the Board of Revenue to request you will forward to this office the original Proceedings connected with the charges brought against Summapiah Tahsildar of Shistnagherry referred to in your letter under date the 30th of August last -

2. As much of the correspondence quoted in your letter has reference to matters and subjects relating to the Magisterial Department, I have to request that you will omit such documents as do not immediately concern the Tahsildar in his Revenue Capacity, and that in submitting the evidence and proceedings called for you will select those particular cases in which you consider the charges to have been substantiated against Summapiah.

3. Adverting to the nomination of an Ameen of Police to relieve the Tahsildar of his Police Duties mentioned in your letter as having been found necessary during the period that he held that Office in the Talook of

Fort St. George 4th November 1847

of Dharumpoory and to the Statement contained in the Enclosure Marked Number 2 which accompanied the letter that such Police Annuer was paid 50 Rupees from the Salary of Tuhsildar of Mapilah from 4th September to 10th October 1845. The Board request that you will inform them whether any and what authority was obtained for thus Remunerating the Annuer, and in what manner the item was entered in your Inspection Kabitah for the Months in question.

Rev. & Bd. Office — Fort St. George 4th November 1847

Signed D. White
Acting Secretary

Read the following letter.

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

(22)

Sir,

From the Collector of South Arcot — Para 1 With reference to the Boards Proceedings of the 17th ultimo calling for further information respecting the land held by Messrs Parry & Co under Government Grants, I have the honor to forward a Memorandum shewing the quantity under cultivation, and that occupied by buildings &c as required by the Board. It

Reporting on the subject of the lands held by Messrs Parry & Co under Govt Grants and forwarding Memo of the quantity under Cultivation

Fort St. George 4th November 1847

2. It appears on reference to the records that the present occupants have held possession of this land from the period the grant was renewed in their names in January 1825 by the Executors to the Will of the late Thomas Parry Esqre.—

8th October 1847. 3. By a letter received from J. Pugh Esqre it appears that it is not the intention of Messrs Parry & Co to relinquish for the present any portion of the land, but he only solicits permission to hold the same on the same tenure as the Ryots.—

4. As regards the concluding part of the Board's Proceedings I beg to state that their instruction dated 27th August 1842 was received during the time of Mr Hallett who did not issue any order on the subject intending, as I now learn to extend the indulgence therein mentioned to such persons only as would apply for the same, and which has not hitherto been brought to my notice.

5 I take this opportunity to bring to the Boards notice that 38 Government Grants have been formerly obtained by several Europeans, 14 of which have since been transferred to Natives and held by them on the payment of Grant Peiwash, and request to be informed whether the indulgence granted to Europeans may not also be extended to the Natives holding lands under such Government Grants.

South Arcot Collectors Cutcherry Cuddalore 15th October 1847

Signed W. D. Davis
Collector

15th October 1847 —

E. E. F.

[Signed] W.m D. Davis
Collector.

The

Proceedings thereon - The Board observe that the orders of the Honorable Court of Directors contained in Extract from a General Letter dated 27th April 1842 which were communicated to the Board in Extract Minutes of Consultation under date 10th Augt 1842 and circulated to all Collectors under date 29th Idem, do not appear to have been carried out in South Arcot -

(22-23)

In Cons. 29th Augt 1842

Mr. Davis will be pleased to accede to the request of Messrs Parry and Co. as conveyed in Mr. Pugh's letter dated 8th October 1847 and he will make known to other Europeans holding lands in his District for cultivation under Government Grants the purport of the foregoing Orders and in cases in which application may be made he will adopt measures to ensure that the Government demand shall not exceed the ordinary rate of assessment of the district - The same rule should be made applicable to the 38 Government Grants alluded to in para 4 of the Collector's letter dated 15th October 1847 which were formerly obtained by Europeans and have since been transferred to natives provided they refer to usual Theical lands held for purposes of cultivation -

Read

Read again letter from the Principal Collector of Madura reporting on the Settlement of his district for Fasly 1255 -

9th in Cons. 21st Dec. 1846

(24)

Proceedings thereon.

Relative to the Settlement of Land Revenue in the District of Madura for Fasly 1255.

/ Here enter No. 271 /

The Board regret to observe that the seasons in this District still continue unfavorable. In 1255 the rain was too scanty to admit of the successful cultivation of the Dry Crops - From April to October the Showers were so light and partial that difficulty was often experienced in procuring water to drink, from which the cattle suffered severely - Amore Copious fall in October enabled the Ryots to sow some of the inferior dry grains which however again felt the influence of the drought of the subsequent months before attaining maturity -

2

The wet cultivation also suffered from the same cause in the early part of the season - The preparation of the young paddy plants - required for transplanting was retarded and tho' the freshes in streams and rivers during October and November filled most of the tanks more or less the Nunjah Crops were not so plentiful as they probably would have been had the preliminary farming operations been more advanced

Fort St. George 4th November 1847.

advanced. Under some of the tanks likewise which were not so fortunate in receiving a full supply, the produce proved light from the water failing at the most critical period just as the grain was coming into ear. The general deficiency of produce which resulted from so unfavorable a monsoon was in some degree compensated by the enhancement of prices which were even higher than those of the preceding Fusilee in which they were likewise high. In the Sub division the circumstances of the season were in every respect more favorable than in the Principal division. The year was not more unhealthy as respects the population. Cholera it is true prevailed in Ramnad Shenagunga, Dindigul &c. but there is an increase in the number of inhabitants to compared with the preceding year accompanied singularly enough by a large decrease in the number of houses. The Sub Collector attributes the excess in females to the emigration of the other sex in search of temporary employment to buy bullocks. But the cattle suffered from an epidemic disease from which the sub division would seem to have been exempt, the increase of bullocks there having been considerable.

numbers have been diminished by 1852 and those of Cows, Buffaloes, and Sheep in a similar proportion.

The rise in prices had a favorable influence on the Settlement so that the results exhibited by the revenue afford no indication of the true nature of the season. The Settlement of 1255 exceeded that of 1254 by Rupees 32,958-6-7. But as has been already observed that year was also very unfavorable so that both fall considerably short of the average revenue. The average of the latter period as given in para. 22 of the Principal Collector's report is incorrect inasmuch as it includes the Maroonga proody Estate, now restored to the proprietor and which should therefore have been excluded.

Land Revenue of 1255	1,746,597-6-11	
" " 1254	1,713,639-6-4	
	32,958-6-7	
Average of 5 years before 1254	1,763,360	
Do Do 1255	1,734,896	

There is an increase of 16 hamlets above the number entered in the Returns of the preceding year and of these 12 are stated by the Sub Collectors to have been formed by 59 families. It is observed that the number of hamlets to heads on an unusually large proportion in Madura, and in Dindigul the difference is even more remarkable. The Board are desirous of being informed of the reason of this peculiarity if Mr Purvis is requested to state whether

	Sub Collector's report paras	Do 26 in Principal Collector's letter	Madura	Dindigul	Total
Mongas	544	1064	263	807	2750
Morgavas	1606	1327	2230		3557

whether the creation of such new communities involves the preparation of separate accounts, or whether the details of cultivation &c. are included by the Mouza Currums in the general Village Statements. The Board do not wish to be understood as wishing to interfere in any degree with the Ryots liberty of locating themselves in the vicinity of their Lands, but they are of opinion that new heads of account should not be opened under such circumstances without the sanctum of Superior authority.

The ryotwar remmie of the year under review as determined at the Jummabundy was Rupees 963781-10-7 exceeding that of 1254 Fusly in the sum of Rupees 12381-11-9 and the Estates under the Collectors management were fixed at Rupees 149347-10-4, being Rupees 20576-10-10 in advance of the preceding Fusly.

Rupees 12381-11-9
Rupees 20576-10-10
Rupees 32958-6-7

The decrease arising in the Poonjah Cultivation from the causes above described was Rupees 3246-10-4 but this was more than compensated by an increase of 2513-15-1 in the Garden lands, of Rupees 30706-15-7 in the wet Cultivation of Rupees 11137-12-7 in wet crops raised on dry lands, and of Rupees 779-6 on irrigated Gardens, amounting altogether to Rupees 35493-1-3.

Gross Increase 35493-1-3
Gross Decrease 3246-10-4
Nett Increase 32246-4-11

The remissions on withered crops in Lieh

which formed a considerable item of decrease in 1254 were small in 1255 not exceeding 2420-5-8. The amount disallowed was 984-1-6, but this sum it is observed does not correspond with that entered in Col. 18 of Statement II where it is 981-1-1. None of the other particulars of decrease call for particular observation.

Report para 7 3- Mr. Blackburne observes that the land of some of the 65 Villages in which the assessment Stat. 4 Col. 455 lowered by Mr. Peter had been brought again to the standard was in the year under review entered "as land cultivated without previous engagements in writing." But as the Statement referred to, exhibits the aggregate cultivation of the whole Talook only the particulars noticed by Mr. Blackburne are not distinguishable. The Board would remark that such Columns of account as occur in Statements 3 and 4 headed "Lands cultivated without engagement" are irregular and should not be continued. The Principal Collector cannot mean it to be understood that such lands are not occupied voluntarily and if so they should be entered in the usual manner in the Dittum accounts which it is presumed are transmitted to his Cutcherry regularly every 15 days during the whole period of Cultivation, and any such extra cultivation not so brought to notice can be added to the extent first undertaken at any time previous to the Settlement without

without a distinct entry.

9 The Board observe on reference to Statement B in Enclosure No. 21 containing the particulars of the Settlement of the above mentioned 55 Villages that the decrease of Cultivation since 1252 Fusly is much more apparent in the Poonjah than in the wet or Garden lands. In the latter there is an improvement as compared with the preceding Fusles, but not so in the dry Cultivation. At the same time they have not overlooked that the total actual receipts in 1255 Fusly under these heads actually exceed the Collections of 1252 Fusly when the remissions were allowed. These anomalies demand the particular attention of the Collector and the Board trust Mr. Parker will be able to satisfy himself how far they are attributable to the discontent of the privileged classes hitherto enjoying more favorable terms or to more substantial reasons.

Coll.rs of 1252	121984	2 2
" 1255	129229	2 7
Increase	7245	" 5

10 Again on looking into Statement B of the same Enclosure it is seen that tho' there is a decrease in most of the Villages as compared with the full demands of 1252, it is out of all proportion larger in some Villages than in others. Thus in the following four Villages it exceeds 18,000 Rupees or nearly one half of the sum of all Peter's remissions

Col 13
Col 7

Col.s R. 34,724 remissions brought to account in the former year.

Names of the Talooks	No.	Names of the Villages	Full Beriz of Fusly 1252			Beriz of Fusly 1255			Decrease			Per Centage		
			Rs	a	p	Rs	a	p	Rs	a	p	Rs	a	p

Annaiyoor	45	Valandoor	5401	3	4	2114	11	6	3286	7	10	60	18½	"

Such a marked defalcation demands particular notice and the Collector is requested to state hereafter whether any unusual circumstances such as a defect in the means of irrigation or other extraordinary causes have contributed to this result. The Board trust that this subject will receive Mr. Parker's earnest and careful attention and in this belief they refrain from further comment on the observations made by his predecessor in the 13th para. of the report.

Encl. No. 4

11 The Board observe that in the Talook wise Statement of the particulars of the Settlement all the Columns relating to the Sub Division have been left blanks from 5 to 16. This defect which also appears in Statement Nos. 3 and 6 appears to have been occasioned by a misconception on the part of Mr. Elliot of the

From the Acting Collr Sitt

Puttt

of Tinnevelly

Submitting a report upon the merits of the case of the so called Cultivation referred to in the Return of Persons charged under Regulation IX of 1822 for May last Petition of Kylasum Pillay late Tahsildar of Tallyoor Talook.

+ herewith returned

In reply to your letters of the 12th July and 30th August last the former referring to the Returns from this Office of Persons charged with Offences under Regulation IX of 1822 for the Month of May previous and requesting me to reconsider the Proceedings, and to record my Sentence with reference to the Board's remarks thereon referred to submitting my report upon the merits of the case of concealed Cultivation therein referred to for their final decision, and the latter calling for a full report on the subject of the Petition of Kylasum Pillay late Tahsildar of Tallyoor Talook, who was discharged for his conduct in this matter; with my opinion on his case, I have the honor to state that on a review of the Proceedings of the case, it appears that under the Squadabar or Tank in the Village of Yennady in the Vellivoi Talook the land usually Cultivated and brought to account amounted to Seed Cottahs 8-13-1/2 that in Fusly 1253 Seed Cottahs

Fort St. George 4th November 1847.

Cottahs 5-1 were taken up on Zabitah Cowle in Fusly 1256 Seed Cottahs 10 in addition were granted on the same tenure (Zabitah Cowle) forming a total of Seed Cottahs 23-14-4½ which was entered as Cultivated in the Tarany account by the Curnoms for October of the latter year complaints having been received that there was fraud in the said Village an enquiry was ordered, and the Tamul Gomastah Thyladum Pillay Petitioner in the Board's Petition abovementioned was sent to make an examination, nothing however was elicited by him beyond some slight increase on the measurement of the several pieces of land. The Tahsildar then proceeded to the Village and made an Examination when it turned out that in lieu of the 10 Zabitah Cowl land of Fusly 1256, which had been entered by the Curnoms in the Monthly Cultivation Account only 2-4-2 were Cultivated at all, and that was only Cultivated subsequent to the Curnoms Account, and the Tamil Gomastah's examination, but on the other hand there was found to be seed Cottahs 9-4-7½ Cultivated in another place these are undoubted facts the motives are

Fort St. George 4th November 1847.

only points on which an opinion has to be formed the 2 Merasidars Sooryanarayna Pillay and Vyacotty Iyen who are also Managers of the temple to which this Ardanareem land is endowed admit Cultivating the one land for the other the Curnoms admit entering the Zabitah Cowle land then waste in the Tarany account, and they have omitted the above 9-4-7½ altogether. It is contended this land was only Cultivated that one year: but the evidence give to show that this was by no means the case, though it cannot be made out exactly in what year the Encroachments took place. The true state of the case seems to be, that additional land to the above extent of seed Cottahs 9-4-7½ had been of late years cultivated, and not brought to account, consequently it would not only not have been entitled to the favorable terms of Zabitah Cowl, but whenever found out, would be liable to be treated as concealed Cultivation, the Zabitah Cowl of Fusly 1256. for 10 years the Zabitah Cowl of Fusly 1256. for 10 Cottahs would by being substituted for this additional Cultivation, if not detected cover this fraud and at the same time secure favorable terms for some years.

Under these circumstances I would adjudge the 2 Curnoms Vyoondaperumal Pillay and

and Seobrammeya Pillay to pay a fine of 50 Rupees each for making a false entry in the accounts under Circumstances which imply a premeditated fraud, and the 2 Meerasdars and Managers Iyaroothy Iyen and Sooreyanarana Pillay who signed the said false Account, and are as the holders of the land the chief parties interested in concealing the said Cultivation amounting to 5cd Kottahs 9 4/5 and the revenue of which is for Fusly 1250 — Rupees 11-8-5, which has been brought to account, to pay also a fine of Rupees 50 each. The fines originally imposed by the Head Assistant Collector having been realized in full, no imprisonment will be necessary, but 50 Rupees will have to be refunded to each of the 4 Defendants if the Board should concur in the above.

4th With reference to the Proceedings ordered by the Board to be inserted in the Head Sheristadar's Recommendation on your letter under date 23d Ultimo I beg to recommend that the sum of 50 Rupees being nearly 1/2 the Amount of the concealed Cultivation brought to light before the conclusion of the Jummabundy of Fusly 1250 should be given to the informants on this case, if the Board think fit.

5th The Tamul Goomastah Kylasum Pillay appears by his own letter to the Tahsildar reporting on the

the measurement for which he was sent to the place in question to have given in a false account stating that 56 cls 1m 8-3-7½ of the Zabitah Cowl land of Fusly 1256 had been cultivated, whereas it was undeniably waste at the time, and he did this notwithstanding that he was warned that an attempt was being made to substitute this Zabitah Cowl land for that which was enjoyed fraudulently and notwithstanding that in consequence of his mode of conducting the measurement the Prosecutor declined signing the account thereof, he is therefore in my opinion unexcusable and his restoration to office liable to be attended with a very bad effect.

Tinnevelly Collectors Office 5th October 1847 } Proceedings thereon.

Signed/ F. B. Elton
Acting Collector.

From the explanation contained in the above letter it is apparent that the parties implicated in the charge, which was in the first instance investigated by the Head Assistant Collector were guilty of fraud in concealing a certain Extent of Cultivation, and in making false entries in the Public Accounts connected with it. This fact on a review of the former Proceedings by the Acting Collector has been clearly established in the opinion of the Board, and they do not consider that there are any extenuating circumstances connected

Confirming the decision passed by the Head Assistt Collr of Tinnevelly under Regulation IX of 1827 against petitioners in Nos 1357-1388 and 1804 of 1847.

28-29

connected with the transaction to call for the rescindication of the sentence originally passed. as proposed for the Board's consideration in the 3d para of Mr. Ellons letter. Under this view therefore the Board confirm the decision recorded in the Return above alluded to and passed by Mr. Lewrence awarding a fine of Rupees One hundred /100/ upon each of the four defendants in the case - and on reference to the rule laid down in their Circular letter dated 23d September last, they further direct that out of such fine the sum of Rupees /50/ fifty be paid to the informers thro whose instrumentality the concealment fraudulent of the land in question was brought to notice.

2d With respect to the particular case of Kylasum Pillay who was deputed to measure the suspected land the Board are satisfied from the information furnished by Mr Elton that the conduct of this Public Servant was such as shewn in great degree by his own Statements as to involve him in the imputation of having given in a false account they therefore see no ground to interfere with the order already passed for his dismissal by the local Authorities and they accordingly record the following Endorsement on his Petition No 1357 of 1847

"The Board of Revenue having enquired into the circumstances which led to the Petitioners dismissal see no cause to interfere on his behalf."

(On

On Petition No 1801 of 1847 from the same party.

"The Petitioner is referred to the Collector who "will grant him in the usual course, copies of the orders "regarding his dismissal which has been passed in her case."

On Petition No 1388 of 1847 from Soorenne Pillay and others.

The Petitioners are informed that the Proceedings of the local authorities have been confirmed.

To

31

From the Secretary to the Agri Hort. Society—

Intimating that as the climate is unfavorable to the successful production of Wheat the attention of the society has not been directed towards it and they are unable to offer any practical remarks on the subject stating the nearest limit of Wheat cultivation in the Shevaroy Hills and that wheat is one of the crops on the valleys of the Krishna and Toongabadra and suggesting that experiments be made on Cumbaucum Droog.

To The Secretary to the Board of Revenue

Sir,

With reference to the resolution of the Board of Revenue dated 2d of October 1847 forwarding copy of Dr Royles Pamphlet on the cultivation and export of wheat and requesting any information the Committee of the Agri Horticultural Society might be afford I am directed by them in reply to state that this climate being unfavorable to its successful production, their attention has not been directed towards it they are consequently unable to offer any practical remarks on the subject.

They are aware however that it grows luxuriantly, and has produced seed in their gardens when attended to horticulturally but in general a mere empty ear is formed, owing to a too raped developement of stem and in this state is only fit for fodder for cattle.

The nearest limit of wheat cultivation, the committee believe to be the Shevaroy Hills at an altitude of 5000 feet above the level of the Sea, having a temperature during the Months of cultivation, varying from 52° to 58, large quantities are there grown but for domestic consumption only. It is probable however that a much nearer

near land offers itself under due encouragement in the range of Hills 88 Miles N.E.N. from Madras of which Cumbaucum Droog is the highest, about 3250 feet above the Sea- wheat is one of the regular rubba or late crops in the valleys of the Krishna and Tungabadra at an elevation of probably not more than 1800 feet- the temperature varyeng from 45° to 80 in the cold weather. In the Carraccas lat: 10-3 wheat is succesfully cultivated at an altitude of 1800 feet and in the Isle of France lat 20 where the temperature rises to 78-80° wheat ripens on the coast- if therefore no local causes act unfavorably the Committee conclude that experiments might be made with advantage on Cumbaucum Droog: the soil it is said being favorable- A register of the temperature of these hills during the cold season if it can be procured from the observations of surveyeng officers or others, would be sufficient to decide the question, as wheat can only be successfully cultivated under a mean temperature of 63-67-

The information the committee have been enabled to obtain, regarding the cultivation of wheat on the Shevaroys proves that large supplies could be furnished, but owing to the cost of inland transport- especially from the hills to the plains, the cultivators are precluded from exporting it: this could be obviated if a road could be made via Trippatoor to

to be declared as the shipping port by which the passage down the steep ghauts on the coast would be avoided and probably the produce of the Mysore country would fall in this more accessible channel of communication.

As the report from the different Collectors will probably enter on the subject more fully the Committee refrain from offering further remarks.

=ferred to the Civil Court

The Application

16- Application of the Agent in Kurnool for the removal from the Dis:
=trict of Abdul Ali late Head Moonshee and Murli Dhur not complied with.

17- Repayment of Rs. 15-12-10 recovered from the Stamp Da:
=rogah of Sri:
=chinapolly on account of Com:
=mission on Stamp Papers, the value of which had been refunded, and instructions issued that com:
=mission should in future be allowed on all Stamp paper actually sold.

9- The practice of considering a Stamp Darogah's title to commission contin:
=gent on a subsequent decree of Court must be clearly subject him to great inconveni:
=ence if not injustice. Under such a system five years may pass appears by the Collector

Collector's Letter) elapse between the sale of the paper and the determination of the validity of his claim, during which period he may have retired from Office. The Commission is paid when the paper is actually sold and a diminution of income consequent on retirement from Office or a contemporaneous passing of a number of decrees for the return of the value of the Stamp might render a refund an impossibility. We approve your decision that Darogahs shall hence forth be considered entitled to Commission on all Stamp Paper actually sold, irrespective of any subsequent decree of Court.-

B. The Military limits of St. Thomas's Mount ordered to be clearly defined and the employment of Peons at the expense of the Renters of Arrack and Toddy Shops ordered to be discontinued.

10. It is of importance that the limits of a Military Station should be clearly and accurately defined, and we approve of your having ordered the erection of boundary stones, where natural landmarks are wanting with the view to effect this object at St. Thomas's Mount.

11. With regard to the practice of employing Peons at the expense of the Renters of Arrack and Toddy Shops, we concur in the opinion expressed by the Board of Revenue that "the measure "would be practically inoperative as an efficient check "on irregularities committed "by the renters and fiscally "inexpedient as materially affecting the Revenue derived "from

3. The observations of the Honorable Court contained in these paras will be communicated to the Board of Revenue and Military Department for information and guidance with reference to the Extract from the Minutes of Consultation in the Judicial Department dated 3rd February 1847 No 80.

"from the Abkarry, by de-
"prefsing the rents to the ex-
"extent of the charge incurred
"by the venders for defraying
"the expenses of this establish-
"ment." We approve your hav-
-ing abolished the practice
and doubt not that a vigi-
-lant supervision on the part
of the established Police au-
Authorities will be found a
far more efficacious method
of checking and correcting mal-
malpractices -

2- The an-
-nual al-
-lowance hitherto paid to the Vella-
-lars of the Streey govern-
-tum Fort in Tinnevel-
-ly continued

14- Your determination to refrain from unnecessary interference with the peo-
-ple inhabiting this Fort, is in accordance with the opinions expressed in paras 10 & 13 of our Despatch dated the 3rd June /47 No 6/ 1846 -

5- Will be communi-
-cated to the Board of Revenue -

The

14- Proceed-
-ings relative to the nuisance occasion-
-ed by an Arrack Shop in Masulipa-
-tam, re-
-ported -

22- The Board of Revenue submitted to you a letter from the Collector of Masulipatam with one from the Officer Commanding the Station, complaining of the nuisance and annoyance occasioned by an arrack Shop situ-
-ated in that part of the Town called the French "Pettah," and recommended that arrangements should be entered into with the French Authorities for the retransfer of the "Pettah" to the Company's jurisdiction - You in-
-form us that you were of opinion "that "the subject was not "of sufficient import-
-ance to be made "matter

10- In com-
-municating these paras to the Board of Revenue they will be request-
-ed to furnish the Collector of South Arcot in charge of the Special Agents De-
-partment with all the infor-
-mation con-
-nected with the small tract of ground in the Masu-
-lipatam Dis-
-trict designated the French Pettah, and con-
-struct him to negociate with the French Government for its transfer and report the result -

"matter of negociation with the
"the French Government and
"that with proper vigilance
"on the part of the Civil
"and Military authorities
"and punishment as occasion
"offers of breaches of the
"peace, the nuisance com-
"plained of might be re-
-medied"

23- It appears to us that you have underrated the importance of this subject. The Pettah is more than a quarter of a mile square, and is situated in the very middle of the Cantonment. The Officer in Command states in his letter, that it is a "safe place
"of resort for all the most
"dissolute people of the place
"where they can go without
"the fear of our authorities
"either Civil or Military"

He adds that "deleterious spirits
"are sold there to the injury
"of the Revenue and the dis-
-cipline of the troops in
"garrison. The dissolute portion
"of the latter can frequent
"that place for the purpose
"of drinking, gaming and
"other debauchery without a
"chance of being disturbed in
"their orgies by any measures
"that can be adopted by the
"authorities on the spot"-

24- The Collector fully corroborates the existence of these evils and states his decided opinion that they can only be remedied by the retransfer of the Pettah to our jurisdiction. This he thinks might be effected at a comparatively small cost; as a very insignificant revenue is derived from it by the French Government.

This

25. This suggestion was recommended by the Board of Revenue to your consideration and we learn from their letter that on two previous occasions, it was found necessary to call the attention of Government to the evils resulting from the existence of the arrack shop. As the first of these complaints was made in 1822 the evil has been in existence at least 25 years, and it is obvious that whatever measures have been taken for its repression have been ineffectual. The present complaint, while it developes the inefficiency of former measures, demonstrates the necessity of taking some new steps by which the order and tranquility

* Mr Lane in 1822

Mr Dent in 1829

of the Town may be ensured, and the discipline of the soldiers maintained. It appears to us that the desired end can be best effected by the adoption of the suggestion contained in the Collectors letter, and we desire that the subject may be again taken into your consideration

From the Acting Secretary to the Board of Revenue.— (Here enter 6th September 1847)

Extract from the Minutes of Consultation in the Revenue Department.

Transmitting correspondence on the subject of the proposed improvement of the Forest Tracts in the Coimbatore District.— (" 14th October 1847)

13

From the Chief Secy to Govt. containing observations on the unsatisfactory result of the working of the Wallia Forests in the District of Coimbatore on the wasteful manner of squaring and forming the planks and the neglect of the precaution of seasoning the wood and directing that Captain Cotton place himself in Communication with Captain Williams in respect to his providing means for the transport of the Timber to the Coast and that the working of the Forests be put a stop to until further orders.

The Most Noble the Governor in Council regrets to learn the unsatisfactory results of the working of the Wallia Forests now reported, as manifested both in the inferior character of a large portion of the Timber sent to Pooany (The agent for the Dock yard rejecting 414 planks out of 963) and in the fact that

Fort St. George 8th November 1847.

that the cost of felling and transport is in excess of the returns by the sale of the Timber by one Seventh. The total amount receiv=ed being Rupees (15795) Fifteen thousand seven hundred and ninety five, and the sum paid for working the Forest Rupees (18036) Eighteen thousand and Thirty five.—

2. Captain Cotton's observations also upon the improper manner in which the Forests have been worked and the Timber prepared for the market call for the early attention of the Revenue Board They should ascertain whether in lieu of the waste=ful system now in use for squaring the Timber and forming the planks, a contract might not be made, which should render the use of the saw obligatory; thereby saving much valuable wood, now wasted, and loss of time and labour on the part of the Contractors.—

3 It is also evident that some rule is required to regulate the period during which the Timber should remain in the Forest after felling, in order to its being properly seasoned before it is sent down to the Ports.— It is not easy to say how much of the timber rejected by Captain Williams, may have suffered by the neglect of this precaution.—

Fort St George 8th November 1847.

4 Under the proposed arrangement for remodelling the Division of the Civil Engineer these forests will come within Captain Cotton's range. His Lordship in Council deems it therefore highly expedient that an Officer should be attached to him for the special duty propos=ed by the Revenue Board, and that Captain Cotton should place himself in communication with Captain Williams as to the best means of providing for the transport of Timber to the Coast.—

5 The Government concur in the view of the Revenue Board that an immediate stop should be put to the working of the Forests until further orders, and that Board will accord=ingly issue the necessary instructions.—

To the President and Members of the Board of Revenue.

(Signed) A. S. Mathison
Acting Collector.

14378 Fort St. George 8th November 1847.

Resolution thereon.

23-24

In the consideration of the general question of the system of Settlement by rents has been recently submitted to Government in the Board's review of the policy that has hitherto been pursued in the administration of the Northern Districts, the Board do not consider it necessary at present to issue any particular instructions on the subject of the rents referred to in the above letter.

To

D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

25

From the Collector of Masulipatam

Sir,

Para 1. Adverting to the Board's proceedings dated 20th Ultimo requesting, with reference to an Endorsement on Petition No. 2032 of 1843, an explanation of the circumstances which justify an exemption from Moturfa in favor of the Petitioner, I have the honor to state that the Petitioner is a Gold Smith and Carrying on his livelihood thereby. He as well as another named Vedamurty Guntiah were assessed with Moturfa tax from fusly 1231 (1821-22) to 1234 (1824-25) at 8 Annas per Annum; and in like manner some other individuals were assessed from 2 to 8 Annas each per annum,

Annum, when the Petitioner and others petitioned: Mr. Roberts a former Collector, that the tax may be remitted on the ground of it's being unusual, on which he held an enquiry into the subject, and finding it to be so issued an order on the 20th September 1825 to the then Police Accomeen of Bunder Division directing him to remit the tax which the nomically imposed has not been paid. Accordingly the balance outstanding against them has been struck off the Amount. In fusly 1247 / 1837-38 the Petitioner was again assessed at two Annas, and the sum Collected from him in that and the following year.

2 In his urzee to the Board the Petitioner stated that his forefathers having served formerly in the Mint Department at Masulipatam they were ever exempt from Motursha tho' in one year it was collected by compulsion, and in the following year entered in the account as paid by him, which is not really the case, and that Mr. Roberts once relieved him from the impost, and prayed an exemption accordingly. As it did not

not appear from the enquiry already made that the Petitioner has been regularly assessed with the tax and as Mr. Roberts order showed that the Petitioner was once relieved from the demand, and as the exemption then extended in favor of some of the other individuals has never been remined, it appears to have been considered right by Mr. Mathison that this practice should not be altered and that no payment should be demanded from him under this head in future, and orders were accordingly issued to that effect.

Masulipatam Collectors Cutcherry 20th October 1847. } Signed R. T. Porter Collector

Proceedings thereon.

(25-26)

From the paper above recorded it appears that the individuals referred to were subjected to a Motursha tax of 8 a.p per annum from fusly 1231 to Fusly 1234, and that subsequently they were relieved from the payment of the assessment on the ground of their not having been regularly assessed with the tax. The Board of Revenues are of opinion that there are no special circumstances in the present case to justify his exemption from the payment of the tax, and they therefore authorize the Collector to adopt the necessary measures for the realization of the assessment in future.

14384

Fort St. George 8th November 1847

From W. Oliver Esqr

Collector of Guntoor

Transmitting a Statement of Charges incurred by the Collector of Guntoor in the Fusly 1256 under the several heads mentioned in the margin, amounting to Pagodas 1664 for which he solicits the sanction of Government.

Ordered that the Collector of Guntoor be informed that the Charges of Establishment are allowed, but that the Charges for Batta to Curnums who attended for preparing the Summabundy Accounts, must be disbursed from the Fusly Funds.

Ordered also that the Collector of Guntoor be informed that the Charges for Flire to the Coolies employed for gathering Soap Nu

1438 B

Fort St George 8th November 1847.

2 Of the Enams, which &c have all been granted by the Zemindars of the Calavavady were granted usually to persons of the Zemindars family or caste for Military or personal service such as attending the Zemindar on Public occasions. The Cuttorbady Enams were given to peons for service as armed followers of the Zemindar, or for Revenue and Police duties such as watching the Crops, escorting Collections, and assisting the Revenue Officers. All these Enamdars received Batta when absent from their homes on actual service. At present scarcely any of them perform any service at all their place being supplied by the Regular or Temporary Establishment in the Revenue or public Departments. The large arrears outstanding of Quit-Rent amounting to near 40000 Rupees is ascribed to the land not having been Cultivated.

3 On the general grounds of the objections to Service Enams which I have more than once brought under the notice of the Board, and that in the present case the right to the Enams has been doubly forfeited by the non performance of Service and the non payment of the Quit Rent I think they should as a general

general rule to be presumed and incorporated with the several Leases of that Village and the arrears of Quit-Rent remitted.

4 Should the Board not think fit, an exception might be made in special cases, and the parties allowed to retain a life interest in their privilege. Perhaps also the Board may approve of retaining the Cuttoobaddy System in the Frontier Village of Sinnacondah, Poorapand and Nurdarow - both as shewn in a separate Statement - as cases may occur tho very rarely in which they might be called out to advantage to pursue or pursue robbers from the Neighbouring Country. It will be observed that the full estimated assessment is 3659 Pagodas but it is computed that about one half of the land only is under cultivation. Whatever additions may be made to the Resources of the District by restoring these Lands will concern principally the payment of the Village Establishments.

5 It is to be explained that the Land on the name of 21 persons to the extent of 183 Cuchells has already been resumed as shewn at the foot of the Statement. This was done in cases brought to notice

during the last year where the Inamdars tendered the surrender of their land rather than discharge their arrears or perform service or where they were not forthcoming or in the case of Cowlatoor grants had been recently made by the Inamdars without due authority.

Guntoor

Guntoor, Collector's Office
2d October 1847.- -

(Signed) A. Stokes
Collector.-

Ordered that the following letter be submitted with the following address.-

To

The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to forward for the consideration and orders of the Most Noble the Governor in Council, the accompanying letter from the Collector of Guntoor, dated 2d Ultimo, relative to the Cuttoobuddy and Colowoobuddy Enams in the purchased Zemindaries of his district.-

2- From the Statement accompanying the Collector's letter it will be observed, that the value of the lands of this description, held in the Guntoor Zemindaries, after deducting the assessment of those resumed in consequence of the grantees surrendering them in preference to discharging their arrears, or performing the service &c. amounts to Rupees 31427- 1- 3 per annum, liable to a quit rent of Rupees 5490-4-9, and that the arrears now outstanding against them are Rupees 28570-6-2.-

3. Mr. Stokes explains that these enams were

30-31

To the Chief Sec.y to Government

Submitting letter from the Coll.r of Guntoor on the subject of the Cuttoobady & Colowoobuddy Enams in the purchased Zemindaries of his District which appears to him to have been forfeited by the non payment of quit rent and non performance of Service. Stating that the Board are not prepared to recommend any general Rule regarding them at present, but suggest that the same course be adopted respecting them, as proposed in their letter of the 4th Ultimo.-

In Cons 8th November 1847.-

were all granted by the Zemindars, the Colowoobuddy principally to persons of their own family or Caste, for Military or personal Service, such as attending the Zemindar on public occasions &c., and the Cuttoobuddy to peons for Service as armed followers, or for Revenue and Police duties, such as watching the Crops, escorting collections and assisting the Revenue Officers.- The Enamdars it appears received Batta when absent from their homes on actual service, but Mr. Stokes states that at present scarcely any of them perform any service at all, their place being supplied by the regular or temporary Establishment in the Revenue or Police departments.-

4- Mr. Stokes considers that the right to the Enams in question has been doubly forfeited by the non performance of service, and the non payment of the quit rent, and that they should, as a general rule, be resumed, and incorporated with the Sere lands of their villages, and the arrears of quit rent be remitted, except in

in special cases where the parties might be allowed to retain a life interest in the previlege; or on the Frontier where the service of the Cuttabuddies might at times be advantageously employed in resisting or pursuing robbers from the Nizam's Country.-

5. The Board however desire me to state that they are not prepared at present to recommend any general measure in regard to the Enams under notice, but they would suggest that the same course be followed with respect to them as is that proposed in my letter of 4th Ultimo regarding the Palnad Enams viz. that the Collector be instructed to call upon all defaulters to pay up their arrears of quit rent, intimating to them that their enams will be liable to resumption if the balances are not discharged by the end of the Fusly - Mr. Stokes will be requested to submit, after the lapse of that period, a list of defaulters, and of the amount due by them with his opinion on each case for the final orders of Government - In cases in which the arrears may be paid up the present incumbents may, in the opinion of the Board, be allowed to retain a life interest and as occur, the continuance or otherwise of each grant may be taken into consideration and decided upon its merits.

(32)

From the Collr of Sanore --- } Sir,

I have the honor to return Petition No 1751 of 1847 bearing the Board's endorsement.-

Reporting on Petition No 1751 of 1847.

+ A true Copy is forwarded - the original being kept for further enquiry from the writer.

Shreenevassarow denies having written or directed the writings of the Petition in question and pleads ignorance of its transmission to the Board - The signature is that of his Gomastah in Shreenevassarow's name, and would hardly have been written without orders.-

During the investigation into the Conduct of Shreenevassarow directed by the Board 2 Delays were disputed to prevent any personal intercourse between the witnesses and the accused and if possible to guard against their being tampered with by others tho' I saw fully convinced the surveillance complained of was not sufficiently strict -

for

for the purpose intended.-

Every consideration has been shown by me to Streenevasarow while carrying on the unpleasant enquiry against him, and the latter portion of the complaint to the Board charging me with beating and ill treating a party for not giving evidence against him is false, as malicious, the party alluded to was questioned on the Monday afternoon and allowed to go about his business on the Tuesday following.

The Peons have been now relieved from the duty imposed on them and maintained up to this time, as enquiries were still going on and sundry Charges in abeyance against Streenevasarow.-

Tanjore Vellum, 28th October 1847. } Signed J. F. Bishop Collector

Resolution thereon.-

(32-33)

Resolved that the following Endorsement be recorded on Petition 1751 of 1847.-

"Under the explanation furnished by the Collector this Petition is rejected"

To

D. White Esqre
Secretary to the
Board of Revenue
Fort St. George

Sir,

(3/4)

From the Collr. of Tanjore

With reference to the Extract from the Proceedings of the Board of Revenue under date the 18th Instant, I have the honor to report that Streenivasa Row sub Dubash or Sheristadar has tendered his resignation which under the Authority conveyed in the Extract above alluded to has been accepted.

Tanjore Vellum, 28th October 1847. } Signed J. F. Bishop Collector

(34-35)

Order thereon.- Ordered to be recorded.-

To the Secretary to the
Board of Revenue
Fort St. George

(36)

From the Collr. of Tanjore

Sir,

In reply to the Extract from the Proceedings of the Board of Revenue under date the 16th September relative to the excessive Amount of fine imposed on the Police Ameen of Tadaraniem, I have the honor to state that the Officer in question had

Explaining the reason under which the Police Ameen Tadaraniem was fined 35 Rupees.

had shewn very great carelessness and repeated inattention to orders fined him and a small fine having failed to rouse him to a more energetic discharge of his duties, the heavier one objected to by the Board, was imposed.—

The total amount of 35 Rupees in which he was fined should have been entered as imposed at two different periods, — first by a fine of 2 and subsequently for continued delay in the discharge of his duty in 33 Rupees making a total of a full Months pay.— On a consideration of the circumstances and the general want of energy and attention on the part of the Police Ameen to his public duties, I think that a fine of 10 Rupees would not be sufficient and I beg therefore to request sanction for the imposition of 15 Rupees in addition to the first fine of 2 Rupees, the delay in obeying important orders subsequent to the first fine, having exceeded three weeks.—

Sanjore Vellum,
1st November 1847.

/ Signed / J. L. Bishop
Collector.

Resolution thereon.— Under the circumstances stated in the foregoing letter the Board authorize the imposition of a fine of Rupees 15 on the Police Ameen of Vadaraniem.—

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

38

From the Collr of Tuticorin — Sir,

Report on Petition No 1075 of 1847 presented by Syed Ryamatullah Sahib for the recovery of a certain share of the Inam granted in the Village of Middle Pandam in the Taloock of Conaud.

With reference to the Board's indorsement on Petition No 1075 of 1847 presented by Syed Ryamatullah Sahib for the recovery of a certain share of the Inam granted in the Village of Muddigandam in the Taloock of Conaud I have the honor to state that the original grant was in favor of Sied Mahommed Aminuddeen Sahibee and that the entry in the Register drawn out by Mr. Wallace in 1803 is in the name of his grandson Shah Sadlins Hussainy — This name duly appears in the Mr. Travers' Register of 1814 — In which it is particularly remarked that the Original Parwanah granted by the Nawab Hallajah and dated 9th of Jamadilawel Hijri 1189 made the grant for life but that Shah Sadline Hussainy had kept it back and only produced to Mr. Wallace the Suayalinamah as given by Amir Ulomrah (meaning I suppose Nawab Madar ul Mulk) which made it hereditary.—

DIRECTOR OF ARCHIVES RECORDED

36-37

Fort St. George 8th November 1847

hereditary. I do not however recognize the said Inayatunnah as such, for it only refers to the Mutalikan, dependant relatives or existing blood relations of the deceased original grantee, Syed Mahomed Amanuddeen Hussainie Chistee, according to which it is optional with the Government to continue or attach the whole or any portion of the said Inam but I would recommend that half of the Inam be continued in three equal shares to the present surviving Mutalikan Viz.

A. Syed Yasaf Hussainie.

B. Syed Ibrahim Hussainie.

C. Petitioner Syed Neyamutullah Sahib.

and that on the decease of either party, his respective share lapse to the Circar. the objection of the present holder of the Inam Syed Yusaf Hussainie lies in the fact of his name being alone in the present Register, and that the Petitioner's Grand Mother having died before the original Grantee, her father, she was, and consequently, her descendants were debarred all right and title to share in the Inam, but the evidence taken before the Tahsildar of Conaud goes to prove that

Fort St. George 8th November 1847.—

that the Father of the Petitioner enjoyed more than 1/5 of the whole Inam. The matter of supposed right to share in the family Revenue might have been left to the jurisdiction of the Courts, but I consider the above arrangement far preferable. Although no lapse of an Inamdar has occurred but merely that of a Shaadar, I beg to submit a Statement in the usual form and also a Family tree which will shew at once the manner in which the several parties are related to each other. I do not propose any thing for said Aminuddin Hussainie because he is said to be amply provided for in Salem, and his younger brothers name was entered in Mr. Travers' and Wallace's Registers to his exclusion.—

[redacted]inopoly ---
[redacted]uteherry, ---
[redacted]tember 1847.

} Signed W. Elliot
Acting Collector

Tahsildar

No. 1.

Tabular Form of an Inam in the Talook of Conaud in the District of Trichinopoly according to the Board's Circular dated 27th [illegible]

Fort St. George 9th November 1847.

1	2	3	4	5	6	7	8	9	10	11	12
Name of the Village	Talook and Village	Extent and value of the entire Inam or Jeemiah	When and by whom granted	Summuds or other documents in support of the Grant	Nature of the Grant charity or service if service Nature of the duty prescribed by the grant	Name of the original Grantee	Name of the last holder and the relation in which he stood to the Grantee and date of the decease	Share enjoyed by the deceased and that held by the other Members	Family left by the deceased and name and age of the Parties	Their circumstances and the means of the subsistence possessed by the family	Recommendation and Grounds thereof
Conaud Muddegoudam		Entire Inam C. Q. Nunjah 30-25- Punjah 270-67-10 300-92-5/8 The annual Tirwa on which Rs. A. P. 372-3-	By Nawab Wallajah 9th Jamadulawal Hijri 1169	Sunnuk by Nawab Wallajah dated 9th Jamadulawal Hijri 1169 Inoyetunnah by Nawab Aminul Omrah dated 13th Saffar Hijri 1181.-	Charity	Syed Mahamid Ameenoodeen Chisti	Meeran Sahab Saib son of the Daughter of the Original Grantee died in January 1846.-	The land of the Village does not appear to have been regularly divided but is held in common by a most of the relatives of the deceased the revenue derived from the land has been divided amongst them in 5 equal shares every year. The Amount of the fifth share enjoyed by the deceased was Rupees 71-7- besides this sum he received annually Rupees 17½ out of the share of Said Mahomed Ameenoodeen Chisti one of the five sharers deceased	1 Meeran Sied Neyamuttullah Saib son 30 years old- His wife Kattiyah Beebee 19 years- 1 Zorah Beebee Daughter 12 years- 1 Meerah Beebee Daughter 20 years- 4	They are not known to possess any other means of subsistence beyond the Inam.-	In consequence of the comparative poverty of the deceased's family the Acting Collector recommends the continuance to Meeran Syed Neyamuttullah Saib son of the deceased during his life time only in consideration of his father holding a share of the Inam 1/5 of that portion of Illemrah not belonging to the Inam which the Government may be pleased to revenue to the Collectorate to continue to the family and that a similar share be continued to each of the other surviving Mutaleeks holders of 1/5 and Kazy of the original Grantee.-

* of the fifth share not of the whole Inam.-

Trichinopoly 29th September 1847.-

N.B. Extract of this document to be prepared by the former Reporters and herewith forwarded to the Board. The Particulars of the Statement is said to be correct but it is not in the power of the Collector to say positively whether the Inam was originally granted in the same manner as stated in the Sunnuk; the Inam having been granted upwards of 70 years ago. The Sunnuk now produced is a copy drawn up but only recently discovered. The Inam has been permitted to be enjoyed by the family as his father held it.

Inam Commissioner's Office Madras 15th October 1847.

Forwarded to the Board of Revenue with the Collector's letter dated 29th September 1847 and the Sunnuk accompanying.

Signed W. Elliot
Acting Collector

November 1847.

ard's Circular dated 22d May 1845.-

Recommendation and Grounds thereof	Further Remarks.
12	13.
n consequence of the comparative poverty of the deceased's family the Acting Collector recommends the continuance to Meeran Syed Nizamut Tullab the son of the deceased during his life time only, in consideration of his father holding a share of the Enam which the Government may be pleased to continue to the family and that a similar share be continued to each of the other surviving Mutaleekan of the original Grantee.-	The Extracts from the Registers of Enam prepared by the former Collectors Messrs Wallace and Travers are herewith submitted for the information of the Board. The Purwanah alluded to in Columns 6 of this Statement is said by Mr. Travers to be only for life. it is not in the records of this Cutcherry, or in the possession of the Enamdars. The Huzoor almanah mentioned in para 3 of a letter from the Secretary to the Board of Revenue to the Collector of Trichinopoly dated 21st January 1813 this document is not to be considered as valid.- The name of the deceased given in the 8th Column was not the holder of the whole Enam but merely the holder of 1/5th and a trifle more. It is not on account of the lapse of the Enam that this Statement is drawn up but on account of Petitioner's request to be permitted to hold at least the same share thereof as his father held before him.- Translate and the Original Inoyetnamah accompany this.-
