Sir,

I am directed by the President in Council to transmit to you to be laid before the Most Noble the Governor in Council the accompanying Copy of a Dispatch from the Honorable the Court of Directors in the Financial Department No. 21 dated 7th July last and to request that under His Lordship's orders you will obtain and communicate to the Government of India the information required by the Honorable Court respecting the effect of Trees on the climate and productiveness of a country or district and the results of extensive clearances of Timber.

Our Governor General of India in Council

In the Course of the researches

Fort St. George 15th November 1847

researches instituted in this Department the effect of Trees upon the climate and productiveness of a country and the results of extensive clearances of Timber have been brought under notice.

2. That an abundance of wood increases moisture and that a deficiency promotes aridity are conclusions which seem clearly deducible from the researches and observations which have been made on the subject. The decrease of moisture, which has taken* place in various parts of America has usually been attributed to the clearing of the forests and where the Country as has sometimes happened from Political causes has returned partially to its original forest state the contrary effect has been observed. As the removal of Trees had been followed by great diminution of the volume of water in the Rivers and Lakes the restoration of wood was succeeded by a corresponding increase in the quantity of water.

3. The modes in which the presence & absence of Trees influences the climate of a country are by no means so clear as the fact itself. It is generally believed that the

* This has taken place in Venezuela. South America

Fort St. George 15th November 1847

clearance of Trees is followed by a diminution in the quantity of rain falling in the Country subjected to the process. Further it is considered that a part at least of the change effected by clearance may be attributed to increased evaporation and it has also been suggested that the effect may be ascribed to the diversion of water to the purposes of Cultivation. It seems not unlikely that each of these causes may operate to a greater or less extent under different combinations of Circumstances and that two or three may frequently act together. The subject is one bearing a strong practical bearing on the welfare of mankind and we are anxious to obtain extensive and accurate information in regard to it. We desire therefore that you will furnish us with any that you may possess and that you will institute enquiries in such quarters as may be likely to lead to the acquisition of particular facts bearing upon the question. It has been suggested that the circumstances of the district of Arcot afford some illustration of the subject and we shall be glad to receive a correct report of any facts relating either

to that district or others which may be calculated to throw light on the object of our enquiry

Para 1. The Most Noble the Governor in Council resolves to transmit a copy of the foregoing letter and its enclosure to the Board of Revenue in the Revenue Department and in the Department of Public Works with a request that they will obtain from the Revenue and Engineer officers subordinate to their authority the information desired by the Honorable the Court of Directors respecting the effect of Trees on the climate and productiveness of a Country or District and the result of extensive clearances of Timber

2, The Board of Revenue will be pleased to address the Agricultural Society Surgeon Wight at Coimbatore, and any other officers who from their scientific knowledge and acquirements may have the means of imparting valuable information on the subject. It is not improbable that there are parties on the Malabar Coast who from their occupation in Timber Forests or in the purchase or trade of Timber may from observation be able to afford information and these His Lordship in Council is of opinion should be readily consulted by the local Officers.

Communicating observations and orders on the Boards Proceedings relative to the settlement of the Land Revenue in the District of Guntoor for Fasly 1255.

Read the following Extracts.

Extract from the Minutes of Consultation
Under date the 9th October 1847.

Read the following

Extract from the Proceedings of the Board of Revenue

/Here enter 16th June 1847 No 287/

Extract from the Proceedings of the Board of Revenue

/Here enter 28th Do - " - " 309/

Para 1. From the description given by the Collector of Guntoor in para 8 of his settlement Report the season of Fasly 1255 appears on the whole to have been in that District tolerably favorable

some important changes and measures connected with the arrangements preliminary to the settlement have been introduced and received

the

the approbation of the Board; amongst those no is the Book furnished to the Ryot at his expense for the entry of the demand and payments of the revenue this in some measure corresponds with the Puttah in use in other Districts but it does not appear that Cowles have been taken in exchange in Guntoor Mr. Stokes improved plan in this respect, as well as in the mode of keeping the Taloob accounts might, His Lordship in Council thinks, with the benefit be extended to other Districts where the Villages and Taloob accounts are kept on paper and where similar improvements may not already have been made.

2. The Government hope that under the new distribution of the District the inconvenience noticed by the Collector in the 5th para of his report will be remedied and the settlement of the year in future completed before its termination; The main object of the Collectors labours is frustrated if the demand against the Ryot is fixed after his payments have been made.

3. Prices which reached a standard higher

higher than was known for some years, together with fair crops proved of advantage to the Ryots and brought an increase of Revenue to the Government.

Paras 6 & 8. 4. In the five Zemmindaries comprized in Guntoor proper which have reverted to Government by purchase, there are 882 Villages of which 749 pay full revenue, the remainder being Agraharums &c. The renting and Mucklà systems were adopted in most of the Villages viz. 672. The renting system is designated "Village rents" but it does not appear what was the nature of the rents introduced, or who were the Renters, whether Ryots or speculators unconnected with the Village. In the different systems in force as detailed by the Board in para 7 the greatest benefit to Government appears to have been derived from the 77 Villages under the sharing system which is attributed wholly to prices. The fact that in those Villages alone, producing as they did in July 1855 a revenue of only Rupees 260785 the increase from prices amounted to Rupees 135841 or more than 50 per Cent, would lead to the conclusion

conclusion that in the rented and Muchilla Villages whose Berij for the year exceeded by Lacs the benefit to the Ryots from prices must have been correspondeng, and it is to be hoped that with the return of prosperity to the Country its resources and the condition of the Inhabitants have greatly recovered from the effects of former seasons of depression.—

5. The practice of having more than one mode of settlement in the same Village which has been properly noticed by the Board of Revenue is certainly open to inconvenience and Section and shall be discontinued as far as practicable.—

6. The settlement of the Revenue from the lands in the five Zemendaries amounted to Rupees 1,12,942 and fell short of the Peishcush formerly assessed on them in Rupees 1,12,516.— In Rajahmundry alone did the settlement exceed the Permanent demand in the sum of Rupees 3839.— in the Ellore there was a decrease considerably so in the Vysereddy and Mulrauze Estates.—

Para 11. 7. In Palnaud under amany the settlement of Fasly 1255 Viz. Rupees 16,139 exceeded the previous year in Rupees 23,155.—

Paras 12–15 8. The entire Settlement of both Guntoor and

and Palnaud amounted to Rupees 1,27,081 of which Rupees 116,403 were collected within the Fasly leaving a balance of Rupees 10,677 outstanding at its close, or a little more than 8 per Cent. subsequent Collections have reduced the above balance to Rupees 4,288.—

9 It is gratifying to observe from para 13 of the Collectors report that there was a large amount of arrears collected in the year under review.— The Gross Collections in the Fasly both Current and arrears amounted for the whole district to Rupees 13,66,031 and contrasted with the Collections of Fasly 1254 exhibited an increase of nearly four lacs of Rupees.— By the Statement furnished by the Collector with his letter to the Board received with Extract from the Proceedings of 28th June the Settlement of 1255 has exceeded that of any of the 10 preceding Fasles, while the balance at its termination is observed on a like comparison to be less. The more favorable season, an improved system of administration and the substitution of an able and honest native agency for that of an

opposite

opposite character as previously existing have had their effects in promoting this result, but His Lordship in Council is satisfied that much credit is due to the management and exertions of the Officers who successively had charge of the District during the period embraced by the Report-

Messrs White Newill and Hodies

10. There continues in the accounts of the Guntoor District a large balance outstanding against the Enam lands of Palnaud left waste the subject appears to be under discussion, probably with reference to the remarks of Government recorded in Extract Minutes of Consultation 26th June 1846 No. 675 but it is desirable that it should be finally disposed of at an early period.-

Vide 10

11. Agreeably to the recommendation of the Board conveyed in para 11 of their Proceedings of 11th June, His Lordship in Council grants authority for writing off in the accounts of Guntoor District the balances due by the Ryots of Palnaud on account of Fusles 1249 to 1252 inclusive, the recovery of which is considered hopeless amounting to Rupees 15289 — 0 — 0 Fifteen thousand two hundred

and

and eighty nine annas Soc and Pice Sex-

12 The Government concur and approve generally of the observations and instructions recorded in the

Para 17 & 21 of the Board of Revenue, recorded in the paras of their Proceedings noted in the margin

on grounds of Revenue detail having reference to the Palnaud Country.

13. With reference to the recommend-

Paras 25 - 26 ation of the Board regarding certain items of Revenue now under rent and included under the head of land revenue which the Collector wishes

Nos 1, 2 and 13 Head of "Small Farms" His Lordship in Council is of opinion that the Rent of the Jungles near Nizampatam and of the Condaveed Hill and Jungle, as well as the Choyroot should be collected on account of Government under the reservations specified by the Board, and continued under the present head of Land Revenue, and that all the other items which have been enumerated, should be given up without reserve for the benefit of the Ryots and proclamation

Sir,

I am directed by the Most Noble the Governor in Council to submit for the orders of the Government of India the accompanying communication from the Board of Revenue dated 23d Ultimo No. 389 with a report and its enclosures from the Collector of Chingleput on the Shrotriem Village of Pondoor which was held by the late Zemindar of the Pandy

Pandy Mootah..

2. It will be seen that the original Sunnud for the grant of the Village is not forthcoming nor is there on the records of the Collectors Cutcherry any accurate information of the terms of the grant - that the shrotriem should have lapsed to Government on the death without issue of Ramakrishtna Moodelly the only son of the original Grantee Audeappah Moodelly - and that it was continued by the Collector in 1791 and subsequently in 1813, without authority in the names of Mooda Moodelly and Vadachella Moodelly members of a collateral branch of the family who were under the circumstances of the case not entitled to succeed to the possession of the Village..

3. The Board of Revenue recommend that in the absence of any legitimate title on the part of the present claimants the shrotriem should be resumed on account of Government and that the surplus proceeds of the Village should be paid in equal portions to Annasawmy Moodelly and the sons of the late Vadachella Moodelly

Modelly deducting in the latter case the amount due by the deceased on account of the Pandy & Mootah..

4. His Lordship in Council is however of opinion that as 17 years have elapsed since the death of the last incumbent and no steps were taken during this period to investigate the case, the Shotriem ought not to be suddenly resumed, and that it would be more in accordance with the usual practice to allow the Village to be held in equal shares by the brother and two sons of the deceased during their lives, and to divide the surplus proceeds between them, and he accordingly requests the sanction of Government of India for the continuance of the Shotriems in the manner proposed..

Extract from the Minutes of Consultation Military Department 28th October 1847.

Read the following letter.

To J. F. Thomas Esqre
Chief Secretary to
Government
Fort St. George.

Sir,

I have received from the Officer Commanding this Department at Masulipatam Copy of a Petition forwarded by the Military Storekeeper contractors of that Station direct to the Most Noble the Governor-

2. I think it right to state for the information of His Lordship in Council that I did not authorize such a proceeding on the part of the Petitioner, on the contrary I directed him to observe a more regular course as will appear from the annexed copy of a letter to Major Nicolay.

17th Sept. 1847.

3. At the same time I also think it right to observe respectfully that the Revenue Board might without any impropriety have authorized the Acting Collector of Masulipatam to furnish Major Nicolay with a copy of their orders upon that Functionary's communication.

Fort St. George 15th. November 1847.

communication as requested by Major Nicolay such a procedure might have saved time and further correspondence, and would at any rate have been regular in my humble opinion.-

Deputy Assistant
Commissary General
Masulipatam.

Sir,

I have the honor by desire of the Commissary General to acknowledge your letter forwarding a Petition from the Military Abkarry Contractors at Masulipatam com-
13th. Sept. 1847. -plaining of the confiscation by the Collector of some arrack and Cadjo brought by him from Rajahmundry, and stating that the Revenue Board had confirmed the decision of the Collector in this case.-

2. The Commissary General observes that on ascertaining positively the real nature of the Board's reply to Mr. Mathison the Abkarree Contractors if he still feels aggrieved may represent his views fully to you and that

Fort St. George 15th. November 1847.

should you on mature reflection and enquiry consider the decision of the Collectors affirmed by the Board to be too severe under the circumstances of the case you can state the same while forwarding the Contractor's representation.-

3. The Commissary General wishes should the matter proceed so far that you would forward with the Contractor's Statement the Collectors Report to the Revenue Board and the Boards' orders thereon; if Mr. Mathison has no objection to furnish you with Copies of such documents.-

4. The Commissary General will then consider whether or not the whole case requires the final orders of Government.

The humble representation
of Guddem Jaggapatty my do
Military Cabbarry Contractor
of Masulipatam.

Humbly Sheweth.-

With the highest sentiment of respect and humility I beg leave to lay the following brief statement before your Lordship hoping that the same may be taken into candid consideration, and trusting that I shall stand excused for the presumption I take to intrude on your Excellency's valuable time.-

That one named Gawla=patty Unnmah was Contractor for the above Farm for a period of 6 years. He however paid very little sum for 5 years and in the sixth on account of my competition it was raised to about 31,000 Rupees. In the Seventh or the present year he again wanted to get the Contract for only 24000 Rupees this having come to my notice I again attended in the Military Police Office at this station & having over bid, I obtained it

it for 27,500 Rupees.- This caused the said Un=nah to bear enmity towards me but I took very little notice of it as I thought he could do nothing to me.-

That while it is thus circum=stanced it happened that I should buy in a stock of Country Arrack obtaining it from the District of Rajahmundry in the same manner as my several predeces=sors had done. I sent my people there and purchased accordingly a certain Quantity with the same Measures with which the late Contractors had procured and on its transit from that District into this Town accompanied by a Permit from the Collector of Rajahmundry, the said Unnmah caused one of his relations who contracted now the Civil arrack Farm for him to report to the Collector of Masu=lipatam that there is an excess of the quantity laid down in the Permit thereupon the Acting Collector Mr. Mathison sent Peons and made it to be taken to his Cutcherry on account of the perswasion of the Serish=tadar of His Cutcherry. I therefore repre=sented the case to Lieutenant J.F.J. Stevenson of the 26th. Regiment Natives Infantry late in

To the Most Noble the Governor in Council

The humble representation
of Guddam Jaggapatty roy do
Military Abkarry Contractor
of Masulipatam.

Humbly Sheweth.-

With the highest sentiment of respect and humility I beg leave to lay the following brief statement before your Lordship hoping that the same may be taken into candid consideration, and trusting that I shall stand excused for the presumption I take to intrude on your Excellency's valuable time.-

That one named Gowla=pantty Unnmah was Contractor for the above Farm for a period of 6 years. He however paid very little sum for 5 years and in the sixth on account of my competition it was raised to about 31,000 Rupees. For the Seventh or the present year he again wanted to get the Contract for only 24000 Rupees this having come to my notice I again attended in the Military Office at this Station & having over bid, I obtained it

14633- Fort St. George 15th. November 1847.

it for 27,000 Rupees.- This caused the said Un=nah to bear enmity towards me but I took very little notice of it as I thought he could do nothing to me.-

That while it is thus circum=stanced it happened that I should lay in a stock of Country Arrack obtaining it from the District of Rajahmundry in the same manner as my several predeces=sors had done. I sent my people there and purchased accordingly a certain Quantity with the same Measures with which the late Contractors had procured and on its transit from that District into this Town accompanied by a Permit from the Collector of Rajahmundry, the said Unnmah caused one of his relations who contracted now the Civil arrack Farm for him to report to the Collector of Masu=lipatam that there is an excess of the quantity laid down in the Permit thereupon the acting Collector Mr. Mathison sent Peons and made it to be taken to his Cutcherry on account of the persuasion of the Servi=tadar of his Cutcherry. I therefore repre=sented the case to Lieutenant J.F.J. Stevenson of the 26th. Regiment Native Infantry Collr

in charge of the Commissariat Departt. here who sent a Doloyet and Peons to bring it to him mentioning at the same time that it was brought by me as Military abkarry Con=tractor for consumption in the Military Limits of Bunder- The Collector allowed it to be taken but the Seristadar prevented his doing so intimating to him that if the ar=rack is detained he can compell me to buy the Civil arrack Farm which was not sold at the time. In consequence of which the Acting Collector Mr. Mathison has written a private Note to the said Lieute=nant Stevenson that he will do nothing with the arrack but that he will return it only detaining until I purchase the Civil Farm also- altho it is contrary to the Regulations enacted by your Lordship, the latter Officer there=fore allowed the same being done as the former asked- if not it is evident to your Excellency that Lieutenant Stevenson will not admit his request- The following day Mr. Mathison sent for & asked me to purchase the Civil Arrack Farm for 13000 Rupees and I said I will not. Then this Farm was given to Ummiah in the name of his relation &

inquisition for more less amount than the above.

That in short finding that I will not buy the Farm the Seristadar told me in=private in an ambiguous way to take the arrack away- I then said unfortunately I will not do so: but that I will bring a complaint for Damage in the Civil Court for detaining it unjustly so long as thereby I met with loss both on account of wastage & of not getting it in time for sale the Seristadar then considering that I will positively one accord=ingly ordered the quantity of arrack to be measured with the Measure used at this place which only weighs about 2½ Sunkums while that used in the present & former occasions in the District of Rajahmundry contains a weight from 30 to 37 Sunkums- when an excess appeared on account of the difference of Measures upon this the Acting Collector questioned me on the subject I explained to him as to the difference of Measures the Acting Collector has then writ=ten a letter to the Collectors of Rajahmundry to let him know fully concerning the Mea=sures and the latter officer called upon the 2 Tahsildars of Nugulatoor & Pulpoche the arrack was purchased by me for the

the necessary explanation and they sent reports with all the particulars. Copies of which ware immediately sent to the former Officer. The Tahsildars plainly stated in their reports that I got the arrack with the same measures with which the late Contractors Gaurlapanty Ummiah had measured and obtained Permits. But I cannot say whether the Acting Collector had paid no attention to those reports or the Sirestadar had maliciously explained the contents thereof to him in an erroneous way since they were written in Gentoo.-

That at this period a considerable quantity wasted and 2 Casks with arrack broken to my great loss. besides the loss of my not getting it in time for sale in the beginning of my contract. I brought the whole Quantity of arrack in 55 Casks both small and large which I rented, the Amount of Rent on Casks also increased by this detention, and which became another loss on me. all these events combining together has so much impressed upon the Minds of the Sirestadar &c. That I will & positively sue in the Civil Courts for damage in

in case of the arrack being returned to me and upon this determination the Acting Collector who not inclined to injure me made a report by the pressure of the Sirestadar to the Board of Revenue in such a shape that they ordered the confiscation & disposal of the arrack by Public Auction.-

Before this time I was once put myself under the painful necessity of representing the matter to Major Nicolay the Commissariat Officer at this station who without the least partiality intimated to the Acting Collector that I as Military Arrack Contractor brought the arrack in question for sale in the Military limits that I did not buy it clandestinely that I can bring any quantity of arrack since I am a Public contractor, that if there is any excess in the Quantity it must be on account of the difference of Measure & that I have no need to bring arrack clandestinely since I can get a permit for any Quantity without any expence whatever. The said Commissariat Officer has even given an instance about a similar occurrence in the year 1843 when the late Contractor Ummiah

Unnaiah brought arrack without a Permit and the Collector of Rajahmundry referred the same to the Commissariat Officer here who on affording the necessary information a Permit was granted and the arrack allowed to pass free. But all these reasons proved useless at present.

That after this I had presented a Petition to the Commissary General on the subject who referred it to Major Nicolay requesting that Gentleman to obtain the necessary information from the Acting Collector and to send it to him. Major Nicolay has accordingly written but the Acting Collector delayed in replying the letter until the decision of the Board of Revenue is received, for he knows that by his early reply measures will be adopted for the arrack being delivered over to me since the detention of the arrack is groundless when considered. Even when he has written he only stated that he referred the case to the Board of Revenue on mitigating points; and that he found no proof of my having intentionally brought

brought it.

That agreeably to the wish of the Acting Collector since tempted by the Sirstadar and to my great loss the Board of Revenue ordered as aforesaid the confiscation and disposal of the arrack in question, altho I had in fact taken no more advantage, as it plainly appears from the Reports of the Tahsildars, than the late Contractor Unnaiah or adhered to the prevailed usage and custom.

That this circumstance having come to my notice since the sale was advertised by beat of tom tom near my cutcherry or House to my great disgrace - I set forth the same to Major Nicolay Deputy Assistant Commissary General Northern Division who referred the case again to the Commissary General stating that I will sustain a loss of 4000 Rupees in case of the arrack being confiscated that the Value of that Arrack at this station is so much as the above sum & that I should therefore be excused by the Board of Revenue by a favorable communication from him to that authority. at the same time Major Nicolay has also addressed a letter to the Acting Collector that he

he has written on the subject to the Commissary General for reference to the Board of Revenue for an excuse, and that the Acting Collector should therefore if he feels no objection postpone the disposal of Arrack by Public Auction until the Commissary General's reply is received

That in fine the Commissary General in reply to Major Nicolay's letter requested the latter Officer to procure a copy of the acting Collector's letter to the Board of Revenue & their decision thereon, that he may refer the matter for your Lordships consideration if the Acting Collector has no objection to give them. Major Nicolay accordingly requested the Acting Collector to grant him the above Copies. But the Acting Collector instead of complying with his request made a reference to the Board of Revenue whether he can furnish with copies of the said documents still postponing the sale of the said Arrack as requested by Major Nicolay. The Board I was given to understand have passed their orders that the Arrack must be sold immediately as per their first order to him [the Acting Collector] and that the Copies are not to be granted to Major Nicolay. The present Collector is therefore going to sell it within 21st Instant.

That from the foregoing your Lordship can easily perceive that I met with severe loss on account of the apparent injustice done

DESTROYED

to me by the Acting Collector thro the persua-
sion of the Sirstadar.

I had contracted several Bil-
lages from the Collector in this Billah
and punctually paid the Amount thereof.
Besides altho I had not had Country Arrack
for sale from these 3 months past by the
detention of the above Arrack and altho
the Amount of Receipts from the limitted
sales is but trifling, yet for the sake of
punctuality I have been paying the Rists
regularly from my Pocket Money with
a view that I will get the Arrack in que-
stion, but it is not likely that I shall get it.
unless your Lordship move compassion
towards my helpless state as well as
towards the illegal loss of my character
consequent upon unjustly imputing a
blame when I had acted with Reference
to the existing Mamool or Custom as
aforesaid.

That as I am now plainly to
sustain loss and as I have now no one to
complain to after the case is so far
advanced excepting your Excellency.
I set forth all these particulars directly at
once to your Lordship to prevent delay

of forwarding Copies of this for the information of the Commissary General and of Majors Nicolay Deputy Assistant Commissary General Northern Division and most humbly and with a distressed state of mind request your Lordship who is remarkable for Justice and who has relieved several others involved in the Ocean of injustice like myself will be graciously pleased, first to order the detention of the sale and then to direct the delivery of the arrack in question to me calling for and perusing the correspondence passed on the subject particularly the reports of Tahsildars of Nogalatoors &c. attached to the Collectorate of Rajahmundry. For which act of Justice I will as in duty bound.-

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of Extract from Minutes of Consultation dated 4th Instant referring for their report a letter from the Commissary General and Petition from the Military Abkary Contractor of Masulipatam on the subject of certain Country Arrack, belonging to the latter which was seized on its transit from Rajahmundry to Masulipatam and confiscated under their orders.

In reply the Board instruct me to forward for the information of Government the correspondence which has passed between this office and the Acting Collector of Masulipatam on the subject of the seizure in question. It will they think appear evident from a perusal of these papers that a clear case of fraud has been proved against the Military Abkary Contractor and the transaction having been devoid of any extenuating circumstances it became the duty of the Board to exact the full penalty of the Laws.-

Reviewing the circumstances under which the balance outstanding against the Pandy Mootah in the District of Chingleput accrued considering the acceptance of the resignation of the Estate a measure of doubtful expediency if the arrears accrued during the Management of the Court of Wards desiring that the Collector be instructed to receive the Estate upon an indemnity Bond executed by the proprietor & directing that if the latter prefer retaining the Estate freed from Arrears that they be placed in possession & that Govt. will be prepared to sanction the balance to the date of their resuming it.

Read the following Extracts

Extract from the Minutes of Consultation under date the 29th. October 1847.

Read the following Letter from the Acting Secretary to the Board of Revenue

Dated Fort St. George 14th. October 1847. No. 4791

Para 1.- The Mootah of Pandy in the District of Chingleput bearing an annual Permanent Assessment of Rupees 2076-1-10 was originally attached in fusly 1239 for an arrear of Rupees 125-1-4 and subsequently taken under the management of the Court of Wards under which it continued until the middle of the Current year. The original balance of Rupees 125-1-4 was recovered from the surplus profits of the Shrotriem Village of Pondoor in part belonging to the same party but from the system of applying the Collections of one year to the Balances due for previous years instead only of the surplus as contemplated in Clause 4 Section 14 Regulation V of 1804 it is uncertain whether of the total sum of Rupees 21721-10-7 now represented as being due on that Estate any portion can be claimed by Government

Fort St. George 15th. November 1847.

accrued previously to the accession of the Mineurs.

2. The unproductive state of this Mootah was brought under the notice of the Board so far back as 1838. and was attributed by the then Collector to the High Beriz and the neglect of the Zemindar to repair the works of irrigation, but it does not appear that during the 16 years the Management of this Estate was entrusted to the local Officer as the agent to the Court of Wards, any successful measures were adopted for improving the irrigation with it the revenues of the Estate.

3. Presuming that the whole of the arrears Viz.t Rupees 21.721-10-7 have accrued under the management of the Court of Wards and that under the opinion of the Sudr Udalut quoted by them in para 3 of the above letter those arrears are not demandable His Lordship in Council would observe that their remission should not have been made contingent on the resignation of the Pandy Mootah as would appear from para 3 of Mr. Maltbys letter as well as from Mr. Freeses communication. and that the acceptance of the resignation of that Estate under these circumstances is a measure of doubtful expediency, inasmuch as on any future improvement of its resources by Government the parties may advance claims which it would be difficult to resist.

4. His Lordship in Council is of opinion that the strict letter of the Law as construed by

by the Court of Sudr Udalut should be adhered to in the first instance, and that should the parties afterwards with a full knowledge of the actual circumstances of the case, desire to resign the Estate on the ground of its being charged with a permanent assessment beyond its resources, that the Collector should be instructed then to receive the Estates upon a Bond duly executed by the Proprietors assigning over the Estates to Government and relinquishing all claims for arrears against the ryots on that property.

5. In the event of the Proprietors desiring to retain the Estates freed from arrears, His Lordship in Council directs that they be placed in possession and he will be prepared to sanction the writing off from the accounts the balances outstanding to the date of their assuming charge.—

from Goondelpett - as there is excellent encamping ground in the vicinity of the new Bungalow at Bandy poorah. this would require at least 3 days notice - as the distance is greater, being 33 Miles 7 Furlongs -

3. Private Carriage of all descriptions such as Bullock Bandies Carriage Bullocks and Coolies can be easily procured in the Coimbatore and Salem Districts. as also in Mysore. and could, it is concluded be / by giving due notice / collected and prepared for the use of the Troops at the foot of either of the said Passes - Coonoor on the Segoor in a few days - Coolies and Carriage Bullocks of course would be required to convey the Baggage to the foot of the Passes -

4. In conclusion I am directed to add that Grain and Forage are procurable to any extent in either the Coimbatore District or Mysore - and at

at a very reasonable rate so that no difficulty would arise on this point as to feeding the public Cattle, if Depôts were formed at either of the places above mentioned.

From the Collr. of Guntoor

Sir,

I have the honor to acknowledge the receipt of your letter of the 7th. instant forwarding for a more particular report petition No. 1650 of 1847 from certain Cummum Merasadars in this District, and in reply to state that a more particular report has already been submitted to the Board by endorsement on petition No. 1185 of 1847 on the 25th. August and the Board's final orders endorsed thereon under date 9th. September last.

The petition is herewith returned.

the receipt of your letter of the 21st Instant requesting me to explain the cause of the difference between the balance of Salt as represented in the Account Current of Salt transactions for the quarter ending 30th June and as exhibited in the enclosure to the account Current No. 2.

2. The accounts referred to are closed not to the 30th June, but to the 11th July. In the Account Current and its first enclosure the quantity of Salt stored, deducting the quantity Sold, is entered as the balance on hand, the wastage, for which sanction has not been received, being included. In the 2d enclosure of the Account Current are entered only those heaps which have been completely sold off and the quantity of wastage found thereon. The balances entered in this Account as on hand includes the full amount stored in heaps which are partially Sold. Therefore the two accounts quoted in the Margin of your letter cannot and are not intended to agree.

From the Collector of Nellore ... I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date 11th Instant forwarding a correspondence received by the Government of Fort St. George from the Government of Bengal regarding the supply of Salt for export to Chittagong on Contract for 1847/48 and requesting me to state whether I am prepared to supply from the Nellore District the quantity of Salt required viz. 4,50,000 Maunds.

2 In reply I beg leave to state that I have in Store white Salt of the Manufacture of July 1256 to the extent of 3724 Garces or 446,931 Maunds available for export If the whole of this is immediately appropriated for Chittagong there will remain no Salt available for private Trade to Calcutta if required - The new Salt of July 1257 will however be available after the month of April - I therefore beg leave to recommend that 4,00,000 be immediately appropriated for Chittagong

Sir

I have the honor to acknowledge the receipt of the Extract from the Proceedings of the Board dated 20th September with its enclosures calling for certain information regarding the quantity quality and varieties of wheat Cultivated in this District its price and Cost of Conveyance

Submitting information regarding the Quantity quality and varieties of Wheat Cultivated in this District its price and Cost of Conveyance Vide

Parah of 23 3/8 lbs

Wde In reply I beg to state for the information of the Board that only a very small quantity of wheat is grown in the Villages of the Talook of Ongole one of the Northernmost of this District under the Sub Collector Its quantity varies from about 56 to 20 Parrahs per annum A small quantity was also grown in two Villages lately transferred to Guntoor This Consists of one variety called Jaad Godhoomaloo in Telugoo of which I beg leave to forward a Specimen The small quantity thus grown is Consumed entirely in the Town of Ongole and its price

price varies according to the demand and supply from Rs. 192 as. 2 3 to 339. 4 7 per 80 Parahs equivalent to a Madras Garce. The general charge of conveyance is about Rs. 1 as. 4 per every 20 Parrahs per 120 Miles The general supply of wheat for the Consumption of this District is derived from the Cuddapah and Bellary Districts and is generally brought by Bringaries who come for Salt and as what is imported is scarcely Sufficient for the Consumption of the District there is very little for export indeed in the last five years 1841-2 Parahs 194 or M G 2. 172 were only exported in the year 1843 and 28 Parahs 6 or M G 1. 120 6 in 1844-6

2 The Ports of this District are very small and the trade is a complete petty and Coasting one carried on only in native Vessels so that it hardly can be Considered as coming within the Scope of the orders of the Honorable Court of Directors of the 7th July 1847.

Sir

From the Agent to the Govr. of Fort St. George at Kurnool.

1 I have the honor to transmit the usual accounts of the Immunabundy for Fusly 1256. together with the additional statement called for in the Board's recent proceedings.

Transmitting Immunabundy Report of the Kurnool District for Fusly 1256

2 As the Kurnool province was resumed only in Fusly 1249, it has been found impracticable to prepare to the present date from an earlier period than Fusly 1250 a Book exhibiting the annual Beery of each Village in every Talook" as required by the Board in para 3 of the Proceedings above quoted.

3 The Board are aware that the Settlement for Fusly 1256 was conducted by the late Agent Mr. Septimus Scott as Assistant Collector of the District prior to the 1st August

last.

4 Owing to the favorable prospects afforded to the Cultivating Classes during the Fusly reported on by seasonable and abundant falls of rain no difficulty was experienced in bringing to a close the engagements to Cultivate.

5 The result is sufficiently satisfactory for it will be observed that the Village Dittams of Fusly 1256, exceeds by 17336 and odd acres the extent agreed to be cultivated in the preceding Fusly.

acres gromdaha Fusly 1255 - 396174-7-

6 The total demand on this Cabooliaty was Rupees 604938-4-10 or Rupees 234-39-11 beyond that of the previous year; and as the amount of the Settlement made Rupees 604327-8-4 as appears to have been realized with moderate facility the sum total of Land Revenue balances outstanding on the 30th ultimo being only Rupees 4689-11-10, I trust the Board will deem it a justifiable inference that the Ryots have not been pressed to Cultivate beyond their means and also that these means are improving.

Fr. 1255 - 581512-4-8
Fr. 1256 - 604938-4-10

7 The aggregate Gross Demand for Fusly 1256. under the head of ready money Pattahs is also favorable in contrast with that for Fusly 1255. which it exceeded by Rupees 4253-12-1.

10 From the above, the Board will perceive that, deducting certain payments which with one exception, have been annually made, amounting in

Fu 1255 Rs 27563. 2. 6.

Fu 1256 Rs 3940. 11. 4

the present Fusly to Rupees 5491. 11. 2, or Rupees 436. 6. 8. above the amount paid in Fusly 1255, the net Beriz for Fusly 1256, was Rupees 3940-11-4 or Rupees 1637-11-10 in excess of the Beriz of the preceding year.

11 The Enamity has yielded Rupees 3480-2-10 more than it did in Fusly 1255, owing to the favorable and ample supply of rain having led to a wider extent of Enam Land being brought under the plough.

Vide Summabundy Report for Fusly 1256 dated 21st December 1846 para 5.

12 Referring to the arangement made by the late Agent for the exclusion from the accounts of a Nominal decrease, under the denomination Enamity imposed on Enam lands protected by Sunnads as being Deshagee or Canzees' Enams, and to the implied sanction under the circumstances stated of its permanent withdrawal

Proceedings 2nd augt 1847 para 13.

from

14672

Fort St. George 15th November 1847.

from the demand, I beg to add that in a similar manner the sum of Rupees 634-5-7-2. has been omitted from the demand for Fusly 1256. This item in the present year is in excess of what it was in the past owing to the greater quantity of the Enams cultivated, on which were it not usual to remit it a corresponding higher Enamity would have been collected.

13 Under the head of Jodee there has been an augmentation of Revenue to the extent of Rupees 912-11-6, but deducting a decrease of Rupees 139-2-3. the net increase is only Rupees 773-9-3.

14 The items composing the decrease may be thus explained.

Rs 23-4-9. 15 In three Villages there was a voluntary relinquishment of their Enams by the Enamdars, on the ground that the Jodee imposed on them was excessive. The land was accordingly assessed to a rate that of the Circar.

Rs 18-12-" 16 The Curnums of Beejapoor having represented that the Nundeeroteon Jaloke having represented that the Jodee realized from their Enams was insupportably high, because since Fusly 1251 a source of profit had been closed to them by their being deprived of the right of collecting Rusoom on articles of Merchandize transported across the Toongbodra River into the Nizams Territory, and inquiry having shown that their assertions were founded on truth, a reduction of Jodee was allowed to the extent shown marginally.

Certain

17. Certain Enamdars having died intestate and heirless, the tax due by them Rupees 96-1-6 has been lost to the State, but their Enams have been resumed.

Rs. 96-1-6.

Rupees 1---

18. The small sum of one Rupee is a decrease resulting from the disappearance up to the present time, of an individual who is said to have joined the rebel force of the Poligar Nunsimmareddy.

19. The increase of the collection under the item Sadee is mainly attributable to the quantity of Enam land on which Crops raised by the said of irrigation from the Government reservoirs in Nundial and other Villages have been greater in the present than in the last fusly the practice being not to demand Sadee when those lands are left uncultivated.

20 The amount of remission on account of Cabooliaty Bunjer did not exceed Rupees 189. 4 - of which Rupees 227 - 4 were allowed on wet, and Rupees 165 - 13 - 4 on dry lands.

21 A sum of Rupees 13-8 - was remitted as "Pawnyborty" on some land Cultivated in the bed of a Tank which was destroyed by an overflow of water.

22 In the Chagultmurry Talook owing to the natural and unexpected formation of a mountain Nullah, some Cultivable land was rendered useless which called for an indulgence to the extent of Rupees 29-3-11.

23 Of the aggregate amount of remission allowed for Seerwah Cummee Viz. Rupees 297. 13 4 the

sum of Rupees 188-11-4 was granted, with reference to the Board's letter dated 26 January 1846. for land whereon Sugar Cane had been grown.

The balance Rupees 109-2 - was

24 remitted to Ryots in the Villages Chinna Vengalee, Chinna Bhojanum and Cumbalcoin the Chagultmurry Talook in consequence of the Seerwah imposed on their dry lands being in the opinion of the late Agent unduly high and also because the Cultivators themselves had fallen into impoverished circumstances.

The amount of difference between the

25 Seerwah which the lands in question originally bore and that to which they were thus reduced, is entered in the Beriz for the present Fusly conformably with the Board's instructions, but as the Mahratta Jummabundy accounts had been prepared previous to the receipt of the Board's orders on the point, the Statements do not exhibit the details called for. On future occasions of the kind, however due attention shall be paid to the Board's wishes.

Proceedings dated 2d August 1847 - para 22

26 A further remission of Rupees 80-15-2 was made for land taken up in the Villages of Nundial and Moodgonoor valued by crops of Mauritius Sugar Cane.

The more favorable outturn of the 14-

27 Jagheer Villages during this Fusly. Compared with that of

Fort St. George 15th November 1847.

of fusly 1255 has created an increase of Rupees 427-6-8 in the proceeds payable to the Jaghiredars.

28 I am enabled to state that nothing remains for realization on account of advances made for Fuccavy in the Fusly reported on.

29 The aggregate collections brought to account up to the 30th Ultimo amount to Rupees 6,89,251.2.5 leaving unrealized a sum of Rupees 4689-11-10 or 13 as per cent of the net Beriz of the year in respect of which I shall carefully make such examination and enquiries as may be feasible during the progress of the approaching Summabundy.—

30. In conclusion I beg to annex a Statement of the prices of grain prevailing during the Fuslies 1255 and 1256.

From the Collr of Salem

Sir,

I have the honor to submit for the consideration and approval of the Board of Revenue the Draft of an answer I propose to file in O.S. No. 74 of 1847 instituted by Tirumalayen in the Subordinate Court of Salem.

A translation of the Plaint accompanies, and I request the necessary sanction for defending the suit at the Government expense.

A

Answer proposed to be filed in the subordinate Court of Salem by W. E. Lockhart Esqr. 1st Defendant in the O.S. No. 74 of 1847 instituted by the Plaintiff Tirumalayen residing at Salem.

The Plaintiff instituted this plaint for obtaining a decree relieving him

him from the payment of Rupees 20-4-4 which is half of the amount of Candayem due for 2 Fusslies Viz.t 1255 and 1256 on land No.n 112 called Aryamanum Poonjah held by him in the Village of Totilputty in the Woomalor Talook. The plaint is incorrect. The Plaintiff in Fusly 1255 left the land in question uncultivated, after his brother having fixed his signature to the Sagooladdy Dittum Accounts without even tendering his Jody Razeenamah to the Circar; but at the time of settlement the Plaintiff was proved to be a Ryot in good circumstances consequently the Teerwah of the land in question was entered in the Jamabundy, but however clemency was shewn him by ordering to collect from him only half of the Candayem Rupees 10-2-2- The Plaintiff without paying even this portion of Candayem left the land waste again in the following year 1256 by his own negligence instead of relinquishing it by Jody Razeenamah at the proper season if he was unable to cultivate it. Half of the 1255 year's Candayem was also deducted and he was directed to pay half Rupees 10-2-2 which being added to the balance of the former year makes Rupees 20-4-4 due to the Circar. The Plaintiff's arguments that no P

the land in question for cultivation owing to the severity of drought in Fuslies 1255 and 1256, and that a remission of the whole Candayem on lands left waste by all other Ryots was granted to them, is frivolous, as he never tendered his Razeenamah, nor was the drought such as to cause an utter failure of Nunjah and Poonjah Crops; all cases in which lands were left waste either from calamities of the Ryots or from other causes were enquired into at the time of settlement, and remission granted according to their circumstances and the same indulgence was granted to the Plaintiff also, who after agreeing to cultivate his land, by signing the Dittum accounts for Fusly 1255 left it waste for 2 years through his own negligence without relinquishing it by tendering Jody Razeenamah. The land not being brought under cultivation in proper season rests with the Plaintiff who was alone responsible, therefore the 1st Defendant begs the Court will under these circumstances non suit the Plaint with Costs.

Translation of a suit instituted in the subordinate Court of Salem by Veroomalayen residing at Salem against W.m E.n Lockhart Esq.re Collector in the zillah of Salem 1 Ramachendra Row Acting Tahsildar of Woomalor 2 Ramayen Cavanum of Nullagoundenpatty attached

attached to the Amany Mootah of Pottany in the said Talook.

I instituted this suit for obtaining a Decree relieving me from the Payment of Rupees 20-4-4 unjustly demanded by the Defendants. I continued up to Fusly 1254 paying Candayam of Rupees 20-4-4 per annum on a spot of land No. 112 called Anyamanum Poonjah entered in my name in the Mugra Tolellputty attached to the village of Mulla Goundenputty but in consequence of the scarcity and bad seasons in Fusslies 1255 and 1256 in which the Ryots were unwilling to engage in cultivation the land in question was left uncultivated. In all cases in which the lands were left uncultivated by Ryots the 1st Defendant and the Sist Collector remitted the full amount of Candayam: but on account of some false accounts rendered by the 3d Defendant, the 1st Defendant ordered the 2d Defendant to remit only half the Candayam on the land in question for 2 Fuslies, and collect the remainder. The 2d Defendant accordingly remitted half of the Candayam, but, with the intention of seeing me disgraced, gave notice on the 2d August, that in the event of the other half of the Candayam for

to Rupees 20-4-4 not being paid by me within 5 days, my property will be subjected to attachment. The intention of the Defendants to collect from me the balance being quite illegal, I humbly pray the Court to pass a decree exonerating me from the demand in question.

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Salem forwarding translation of the Plaint in a Suit No. 74 of 1847 on the file of the subordinate Court preferred against himself and two others by one Tavonnadayen and draft of the answer which he proposes to file.

Submitting a letter from the Collector of Salem forwarding translation of a Plaint in a Suit No. 74 of 1847 in the Subordinate Court against himself and others and draft of the answer he proposes to file and recommending that he be authorized to file the answer and conduct the defence at the public expence.

The Plaint sets forth that up to Fusly 1256 / 1846/47 Plaintiff cultivated a piece of Poonjah land in the Nonnadoor Talook, but left it

it waste in consequence of bad seasons in Fusly 1255 and 1256 - That in all similar cases re-
= missions to the full amount of Cundayem (assessment) were allowed but that 3d Defendant having given false accounts the 2d Defendant was ordered by 1st Defendant to remit one half of the assessment on the land in question for the two Fusleis and to collect the remainder amounting to Rs. 20-4-4 which demand the Plaintiff considering illegal brings this action seeking to be relieved from the same -

3.

The Collector in his proposed answer states that the Plaintiff in Fusly 1255 left his land uncultivated and neglected to file the necessary razeenamah relinquishing it - Having favored at the time of the settlement that he was entered in the Jummabundy accounts but the Tahsildar was ordered to collect only half or Rupees 11-2-2 The Plaintiff without paying this sum again by his own negligence left the land waste in the following year when a similar remission was granted to him leaving a total balance of Rupees 20-4-4 due to Government - It is further stated that Plaintiff's argument, that in vain he wished to engage his land owing to the severity of the drought in Fusleis 1255 & 1256 and that full remissions were made on other lands which were also left waste

Fort St. George 15th November 1847

is frivolous as he (Plaintiff) never tendered his razeenamah, nor was the drought so severe as to cause an entire failure of the crops - That in common with other instances of this nature Plaintiffs case was investigated and remission allowed according to his circumstances and that the non-cultivation of the land at the proper season is to be attributed to Plaintiffs own negligence -

4. The Board consider the proposed answer to be a good and sufficient defence and they beg to recommend that the Collector be directed to file it and conduct the suit at the public cost -

14. The abolation of one of the Frontier Choukies on the annexation of Tranquebar to the Tanjore District and the imposition of a high Foreign duty upon grain exported to Karrikal causing a greater resort to the British Ports for the Export of grain &c. accounts for the decrease in the amount realized on the Frontier.

From the Collector of Madura

Reporting upon Petition No 1362 of 1847 -

Sir

I have the honor to return with Para 1 the accompanying Petition with a request for further

further instructions as to the mode in which the Board wish to dispose of it.

2 By the endorsement it at present bears I am directed to report on it by endorsement with reference to the orders passed on Petition No. 59 of 1836.

3 On reference to those orders I find that they reject the Petition entirely in the following terms. "It appears to the Board that this is a case in which they cannot interfere."

4 I am inclined therefore to think that the present Endorsement may have been passed from a mistake occasioned by a misrepresentation in the Petition that the former orders had directed the Collector to make enquiry.

5 The object of the Petition it will be observed, is to recover two Villages which the Petitioner states to have been taken by force from his Zemindary by the Poligar of Veeramalay before the District came under the Company's Government, and he states that the Poligar gave a Mouchilka in the early period of that rule to restore them. The Veeramalay Zemundary has been included among the six lands for 30 years

years past.

copy of his own address to me on the subject, and also one from the Tahsildar of Pulachy herewith submitted, the whole undertaking has been accomplished solely by his own means and Appliances, and I regret that we have not more land holders of his Stamp in the District. He is well affected and strongly attached to Government, and in a word he is as good a sample of an up Country subject as the Government have in any portion of their Territories. His acts of Charity are as numerous as liberal commensurate with his means, and he is universally respected and beloved by his own people.

No. 1.

Translated Copy of Urzee from Herojee pram Tahsildar of Pulachy dated 20th October 1847.

The Inhabitants of Animalli Colour and other Villages bordering on the Jungles in this Talook frequently complained to me that their Kunjah and Poonja Crops were destroyed by Elephants and that the safety of Travellers is also endangered thereby. In the mean time

Fort St. George 15th November 1847

Moodeliar of Chittore a Substantial Ryot of Animalli, Colour &c. and who has under his command thousands of labourers and Shikarries having been informed of this circumstance proceeded to the Forests and stationing himself there, closed the passages on the Hills through which the Elephants used to pass on the 3rd Instant. He commenced the formation of an Enclosure on the said date, and digging of the pit on the following day. He collected about 1500 men whom he employed to prevent the escape of the Elephants, and likewise expended a thousand and odd Rupees for this purpose. After much difficulty the Elephants about 30 in number were driven to the "Cuttap" on the 4th idem, where they are now enclosed.

Vencatachela Modelly is a respectable and Substantial Puttadar paying an annual revenue of 10,000 Rupees to Government in this Talook. He excavated new watercourses in the several tracts known as Colloor, Carapully, Athoor, Arapooram, and Pullavalungal, and brought lands under Kunjah cultivation. He has also constructed a new Village west of Animalli which is designated

Poodoor

Poodoor where he cleared jungle lands and cultivat-
-ed them through the means of several people who
have settled in that Village without the grant of
Cowles or other indulgence; the requisite advances
to enable them to do this having been made by
Vencatachela Moodely from his own funds which
has greatly added to the Bareez of this Talook-
Now in order to do good to the Ryots he undertook
the hunt at his own risk and expense, and
through his good intentions and fortune a large
number of Elephants have been caught - this has been
productive of much advantage to the people whose
are now prevented from molestation.-

The exertions of Vencata-
-chella Moodely, and the annual augmentation
of revenue effected through his means and the
difficulties and deprivation he has suffered in the
present hunt are facts too well known to your
honor to need any comment from me.-

In order to guard against
the loss of crops on the part of the Ryots
by the Ravages of wild animals a separate
Establishment known as the "Shikar
Cutcherry" is kept up in this District for

consisting of Darogahs and other descriptions of
servants through whose means the Elephant Hunt
is conducted when required at a very heavy expence
to Government - the Elephants which are caught
are sold, and altho the sale proceeds are small, yet
with a view to prevent injury to the crops this Establish-
-ment is continued - When a hunt is undertaken
by Government a large sum is expended and the
requisite assistance is also afforded to the Sibbendy-
Even then the Elephants are Captured with much
difficulty - On the present occasion Vencatachela
Moodely has completed this grand object within
a period of 15 days through his
good conduct and popularity - He says that
he does not require the Elephants that he will
deliver them to the Circar and that they
should be taken care of by Government - To
this effect, he has also addressed to me a Memo-
-randum which I beg leave to enclose herein.-

It does not appear,
in this District, that there are any other Ryots
circumstanced like Vencatachela Moodely
either in point of respectability or in the

payment

Fort St. George 15th November 1847.

payment of a large amount of revenue to Govern-
ment - He caught the Elephants at his own
expense, and begs to make a present of them to
Government without claiming any thing in the
shape of indemnification, and in consideration
of his respectability and reputation his request
should be complied with - If a common Shikar
kills an Elephant, and produces its teeth and
tail, he generally receives from Government the
prescribed reward - but Vencatachela Moodely as
above stated, has with much difficulty and
a great expense caught the Elephants which he
now begs to deliver to the Circar - He previously
supplied Timber to the Commissariat Department
for the construction of Barracks at Trichinopoly
according to orders, and the Government having
appreciated the value of his Services, presented him
with a pair of Shawls - He has now com-
pleted this hunt to the great Security and
comfort of the Cultivators, and to the ad-
vantage of Government - and any mark
of distinction which may be conferred on
him with reference to his respectabelity &

Fort St. George 15th November 1847.

will no doubt be merited on his part and
I therefore beg leave to submit this report for
your Honors favorable consideration -

Translated Copy of an Urzee from Vencatachellum
Manigar of Animalle dated the 17th October 1847.

A herd of wild Elephants
having come down the Hills and damaged
the Nunjah and Poonjah crops in the Villages
of Animalle and Colar I caused a number of
people to be collected and having myself
proceeded to the spot with them, drove the
Elephants away - a few days after the Ele-
phants again appeared and did not only
injure the Crops, but also proved a great
annoyance to the people proceeding to the
Jungles - In order therefore to alienate this evil,
I collected my own people and Shekarries amounting
to about 1500 in number, and closed the passages
through

14773 Fort St. George 15th November 1847

through which the Elephants used to escape, and formed an Enclosure on the 3d Instant - on the 4th the formation of the other enclosure and the digging of pits [nine feet deep by eight broad] were commenced which I completed on the 11th on which date about 30 Elephants were taken - There are now in the Enclosure - I employed my own men and Puddors in driving the Elephants and digging the pits &c. to whom I have paid Batta from my own funds - and this hunt was undertaken by me to prevent the great loss sustained by the Ryots and myself by the ravages of the said Elephants - The expenses incurred on this account Amount to about 1170 Rupees -

Being a subject to the Honorable Company, I propose making a present to them of these Elephants which have been captured by me with so much difficulty, and Respectfully solicit that they may be accepted -

A few days previously a plan was shewn to me by your honor according to which I am now preparing ploughs to be worked by Elephants which I propose

14774 Fort St. George 15th November 1847

cultivation of the Mauritius Sugar Cane and I therefore solicit that the Government will be kindly pleased to permit me to take five of the new Elephants referred to for the said purpose -

On a previous occasion I laid out an immense sum in excavating a channel and in clearing jungle land by which a large extent of land was brought under Punjah and Poonjah cultivation to the advantage of the boundary dispute and other places are also clearly known to your goodness - Again for the construction of Barracks at Trichinopoly I supplied a very large quantity of Teak Timber by which the Government derived great advantage and in acknowledgment of which they have been pleased through your goodness to honor me with a pair of Shawls - My sole object being to do good service to the state and to acquire respectability I undertook the present hunt in which I have been subjected to very great and expense I have now delivered the

the Elephants to the Circar and respectfully solicit that the Government will be favourably disposed towards me and protect me.-

Proceedings thereon.- By the foregoing letter it appears that the hunt at which the Elephants above alluded to were captured was undertaken by Vencatachella Moodely at his own risk and outlay and that he requests to be allowed to retain 5 Elephants for his own use, leaving the others at the disposal of Government.-

The Board observe that Vencatachella Moodelly renounces his claim to the usual reward authorized by Government for the destruction of wild Elephants but in reference to the important service he has rendered in the present instance they are of opinion that he should receive a handsome present in some measure commensurate with the sum he is entitled to claim as the sanctioned reward.- They beg therefore to suggest that they be authorized to call upon the Principal Collector to ascertain and report in what manner the proposed acknowledgment may be made most convenant with the feelings of Vencatachella Moodelly.-

From the Collector of Malabar.-

Sir,

With reference to the Minutes of Consultation of Government dated 24th August 1847 reports on the subject of the Establishment of Salt Depots in the interior of the Southern Talooks of Malabar & requests [illegible] for the [illegible] of temporary [illegible] for this purpose.-

START 14766

It is observed in the Minutes of Consultation of Government dated 24th August last, that the Establishment of Salt Depots (in the interior of the Southern Talooks of Malabar) with the view of competing in some measure with the salt that is brought in from the Cochin Country, is an important experiment, which His Lordship in Council is of opinion should be fully tried and at as early a period as practicable.-

The places at which the Depots must be established with the greatest chance of success, are Ottapollum, in the Nedinganad, Allatoor in the Temelpooram, and Palghaut in the Palghaut Talook.-

Ottapollum is situated on the Ponany river 36 Miles above that town. It is on the great high road to Palghaut at a point where the Ponany river is joined by an important stream from the East, and is the natural Depot for the greater portion of the grain which is exported from the Southern Districts to the Coast.

There

There cannot be a more favorable site for a Sal
Gollah - Acting on the emergent spirit of the
Government Orders, I have at once erected a rou
building there at a Cost of Rupees - 10 —
and ordered 100 Garee of Salt to be stored in
Even if the spirit of the Government Orde
had not seemed to warrant my taking the
immediate steps, I should have thought it
my duty to take their responsibility on
myself, in as much as any delay would ha
risqued the loss of the cheap water carriage
that is obtainable at this time of the year
and but little later, all the way from
Ponany.-

I have to request sanction for the
entertainment of a Peshcar and 3 peons to
conduct the duties of this Gollah, at the
rate noted in the margin.-

1 - Peshcar Rs. 30 per Mensem -
3 Peons — 3½ each Dc.
but I only propose to
give the Peshcar 17½ at
present increasing it as
the stores of Salt & his
responsibility & duties
increase.

The charge will perhaps be
sanctioned as a temporary one, to be applied
for permanently in case the experiment of
having a Gollah here is found to succeed.

I must further ask for a tempo
Establishment of 2 Gomastahs on Rupees
10 each, and 2 Peons on Rupees 3 each per
month, for the two small Gollahs whic

I propose to have at Allatoor and Palghaut -
The first, as I have said before, in the Temelpooram,
and the second in the Palghaut Talooks -
Both these sites are eligible with reference to
their Contiguity to the Cochin Frontier - I do not
however propose to proceed with their Establishment
prior to being furnished with further Orders from
Madras -

It remains now to be determined at
what price the Salt stored in these 3 new Depots
is to be sold. It seems to me, that the cost
of carriage which is noted in the Margin,
as well as the Cost of
the Establishment must
be borne by Government
in order to give us the faintest chance of Competing
with the smuggled Salt of Cochin -

From Ponany to Ottapollum Rs. 14 per Garee -
Ditto .. Palghaut .. 26 Dc.
Ditto .. Temelpooram .. 32 Dc.

The latter will still be far cheaper
than ours, but there will be somewhat more
of an approximation of price than there is at
present - But the Government must decide
whether this benefit of price should be allowed
only for the domestic Consumption or extended
to the party who purchases it for exportation to
another District - In my opinion the benefit should
be confined to the domestic Consumer - at all events at
the small depots of Palghaut & Allatoor - otherwise the

Government

Fort St. George 15th November 1847

Government loss considering the heavy expense of Carriage will be very considerable, far more I think than could be made up by enhanced sale.

With regard to Ottapollum where the charge for carriage is not so heavy it is more an open question. The saving of 72 Miles of land /36 in going to, 36 in returning from, Ponany/ might lead the foreign Salt Merchants to increase their visits & purchases to even more than a remunerating degree. But on the other hand many of these merchants are forced by the nature of their import loads, Tobacco & Cotton, to go direct to Ponany and they would derive no great advantage from not purchasing their Salt at that place. — though no doubt they would have some. It is a point which can only be duly ascertained by esperiment.

Ottapollumit must be remembered has only Water Carriage to Ponany for a portion of the year.

To the Chief Secy. to Government - } Sir, Para 1.

With reference to para 4 of Extract from Minutes of Consultation dated 24th August last

Submitting letter from the Collector of Malabar on the subject of establishing Salt Depots in the interior of the Southern Talooks of Malabar to compete in some measure with the Salt brought from the Cochin Country; and proposing to entertain a temporary Establishment on that account, recommending that Sanction be granted for the proposed Establishment and that the Salt sold as an experiment to Home consumers be exclusive of transport and Establishment charges.- In Cons. 15th Nov. 1847

Fort St. George 15th November 1847

Board of Revenue to submit, for the consideration and orders of the Most Noble the Governor in Council the accompanying letter from the Collector of Malabar, dated 16th Ultimo, on the subject of the Establishment of Salt depots in the interior of the Southern Talooks of Malabar, with the view of competing, in some measure with the Salt that is brought in from the Cochin Country.—

2. It will be observed that Mr. Conolly proposes to Establish depots at Ottapollum in the Nedinganad; Allotoor in the Temelpoorum, and Palghaut in the Palghaut Talooks; which are in his opinion the most eligible sites with reference to their contiguity to the Cochin Frontier.- He states that Acting on the emergent spirit of the orders of Government he has erected a temporary building at the first of the above named places at a Cost of Rupees 129—10— and that taking advantage of the Cheap Water- Carriage which will not be available much longer, he has ordered 100 Garce of Salt to be forwarded to that place - The depots at the other stations will not, he says, be formed until after receipt of the orders of Government.—

3. The Establishments which Mr. Conolly proposes

proposes to entertain for these depots are as follows.

1. Ottapollum - 1 Peishcar at 30 Rupees and 3 Peons at 3½ Rs. each per mensem. the Peishcar receiving 17½ Rupees at first to be increased to the full amount, as the stores of Salt, and his responsibility and duties increase.—

2. Allatoor - 1 - Goomastah at 10 Rupees and 1 peon at 3 Rupees per Month.—

3. Palghat — Ditto — Ditto —

The Board are disposed to give Mr. Conolly's proposition a fair trial and they therefore recommend that Sanction be at once granted for the Employment of the temporary Establishments applied for by him, and, should it be necessary, they will instruct him to submit an application for the same in the prescribed form.—

4. With respect to the price at which the Salt should be sold at each of these depots, the Board consider that for the present the prices proposed to be charged should be exclusive of cost of transport and Establishment which should therefore be borne separately by Government, this benefit should however in their opinion be restricted as an experiment to the home consumers, and the purchasers

for export to inland Stations be required to pay the full monopoly price and Charges.

5. Mr. Conolly will be requested to report from time to time on the extent of the traffic at the new Gollahs; and whether it affects the sales at the general Salt depots of the district.—

Sir,

With reference to the order of the Board of Revenue under date the 16th. Instant on the enclosed petition from Durmaliga Moodelly No. 1749 of 1847. I have the honor to report that he and his brother, Putcheapah, are the sons and

and personal representatives of one Tolasinga Moodelly, who was the brother of Sawmy Moodelly Rausapah Moodelly and Teagaroy Moodelly.—

2. Rausapah purchased, from the Merasidars of Tondiarpett, the land referred to by the petitioner fy. Ds. 20-2,000, and he, in 1802, took out a Certificate for it in his name, No. 613.—

In 1807, his son Nullatomby Moodelly, obtained a Certificate in his name, No. 9319 Nullatomby having died, his son, Rausapah, sold part of the land, fy. Ds. 8, to Shunmoogavaloyda Moodelly who has recently applied to me for a fresh Certificate in his name.—

3. The petitioner objected to the issue of the Certificate requested by Shunmoogavaloyda Moodelly on the ground of his considering himself entitled to claim an interest in the property, from its being part of his Ancestors Estate, whilst he admitted that he and the late Rausapah's family did not live together, as Members of an undivided Hindoo family, for the last 30 years at least.—

4. As the land has passed through several hands since the purchase of it prior to 1802, and as the petitioner did not prevent the issue of the Certificate of 1807 to Nullatomby and has never participated in the benefits arising

Fort St. George 15th. November 1847

arising from the property, he was informed, a few months ago, that his objection was inadmissible. He then, wished to be allowed to establish his claim in the Supreme Court. By an Endorsement dated 13th. July, he was told that I gave him, as requested by himself 2 Month's time for that purpose; but as he has not afforded me any proof of his alleged right of interference, a Certificate has been prepared in the name of Shunmoogavalayda Moodely. This, however, I shall now detain here until the Board's decision is passed as to whether the petitioner's objection should be attended to or not.—

5. As regards the petitioner's charge of corruption against "some Officers of (this) Cutcherry," it is, perhaps, sufficient to submit, for the Board's information, the accompanying translation of his examination as taken before me this day.—

Sir,

1. I have the honor to transmit herewith in triplicate, for submission to the Board of Revenue, the printed Statement of the Gross Collections, Charges and Net Revenue of the Extra sources of Revenue in the Collectorate of Madras, together with its accompaniments A, B, C and D for Fusly 1256 / 1846/47.

2. The Gross revenue from the sales of Salt for Home Consumption in Fusly 1256 / 1846/47 was Rupees 102,622-12-6, which falls short of the revenue of the previous years by Rupees 1305-9-6. Formerly the owners of a considerable number of Up Country Carts purchased small quantities of Salt when returning to the Villages from whence

whence they brought Articles of Merchandize. In Para 2 of my report dated 11th May last No. 49 I stated that the quantity thus removed from Madras unaccompanied by Rowannahs was in 1254 G. 173-390-", and in 1255 G 108-316-5 1/4, the value of the former being Rupees 20877 and that of the latter Rupees 13058 Since January last, the sales for Inland Consumption under rowannahs has been permitted without restriction, Cart-Drivers, availing themselves of the indulgence have purchased larger quantities of Sall to be conveyed to the Provinces as an article of trade, and there is in consequence a nominal Decrease in the entry under the head of Sales for "Home Consumption," the whole supply being now removed under Rowannahs and the amount credited to Inland Consumption.

3. The sales brought to account as those for Inland Consumption amount accordingly to G 1320-213-2 3/4 including the 20 Garce of the British sall supplied under the orders of the Board dated 30th April last at Rupees 60 per

supply has been conveyed to the interior on Carts which have imported Goods required for local Consumption and for export by Sea a fact which clearly shews that the system in operation since the beginning of 1847 has proved beneficial to the inland trade carried on with Madras. from Cudewarum having been paid in $\frac{1256}{1845/46}$ on G. 3043-261-3 including G 155-354-3 of the British Salt purchased by order of Government — whereas in $\frac{1256}{1845/47}$ payment was made on G. 1320. 227-" only.-

The Increase in No. 3 is equal to

The Increase in No. 5 is the additional

12.

expense incurred in $\frac{1256}{1846/47}$ in the removal of 1450 Garce of Salt from Cumore to Madras to meet the demand for Inland Consumption. It is proper to observe here that instead of the said expense being Rupees 3896-14-" according to the Estimate submitted to the Board on the 7th December 1846, the Amount actually disbursed was only Rupees 3415-4-8; the difference being Rupees 481-9-4.-

The

13. The Increase in No. 6 does not require any remark.—

14. After deducting the charges, the Net Salt Revenue of Fusly $\frac{1256}{1845/47}$ is Rupees 220578-3-4, being in excess of the like revenue of Fusly $\frac{1255}{1845/46}$ by Rupees 168161-1-4.— The per centage of Charges was, for Fusly $\frac{1255}{1845/46}$ 46 $\frac{57}{64}$ and for $\frac{1256}{1845/47}$ 15 $\frac{4}{64}$.

Revenue of $\frac{1256}{1845/47}$ is raised to Rupees 458990-7-11 falling short of the Collections of $\frac{1255}{1845/46}$ by Rupees 111698-8-4.—

17. The particulars of the Outturn of the two Fusles which are exhibited in the Margin, will shew that the decrease in the revenue on Putta arrack has been Rupees 7779-1-10, on Batavia arrack Rs. 20899-2-10 and on Toddy Rupees 82988-12-3.—

The decrease on Arrack Rupees 28678-4-8, is attributable in no small degree, to the effects of the Storms in October and November 1846, which have been productive of much distress to the great bulk of the people. They have generally suffered so seriously that it is a well known fact that after the repair of their dwelling Houses

Houses or the reconstruction of their Huts, many families have found it difficult for a considerable period, to reserve from their own scanty incomes, a sufficient sum every Month to provide themselves with the common necessaries of life. They have, in consequence felt enabled upon to forego the use of liquor altogether or to purchase it only to a very limited extent from the licensed dealers, if some places of clandestine Sale, to obtain it at cheaper rates, were not readily available. The decrease, under the circumstances just adverted to, should have been nearly alike on both the Pettah and Batavia Arrack Shops; but the large difference on the latter, Rupees 13120—1—11, is obviously traceable to the bad quality of the spirits delivered by the commissariat in 1846; it having interfered materially with the arrangements for retailing the Batavia Arrack Shops for Fusly $\frac{1256}{1846\text{-}47}$, as will be seen by P. 7 and 8 of my letter dated 11th July 1846 No. 54.—

19. As it appears to me that I have not been able, by the Correspondence of 1846 to convince the Commissary General of the absolute necessity of continuing the supply of the usual

description of Colombo Arrack. I beg leave to submit herewith Copy of a recent Correspondence on the subject, and in drawing the attention of the Board particularly to P. 4 & 5 of my letter 9th August and to the Commissary Generals reply of 18th and my Communication of 23d of the same month, respectfully to recommend that Government be solicited to instruct that Officer to take such prompt and effectual steps as may be requisite to ensure a sufficient supply of the Ordinary quality and description of Colombo arrack in time every year, for the security of the abkarry revenue.

As regards the decrease in the Toddy revenue, Rupees 82988—12—3, the Correspondence noted in the margin will shew that, in consequence of the Storms alluded to above Toddy was allowed to be drawn, without restriction or the payment of the Government use, for supply to Bakers to prevent any interruption in their business from the 25th November to the 25th December last. Afterwards the revenue was collected with a remission of 44½ per cent. and since the first July last the Collections are made at 75 per cent of the whole Double. The Board having called for certain Statements explanatory of the cause and extent of the remission ×ed I shall when transmitting them enter more fully on the different points which will

will require to be noticed with minuteness, but at present, it is of importance that I should lay before the Board the accompanying Copy of a Correspondence with the Military authorities at St. Thomas Mount, for it clearly shews that part of the decrease is owing to the removal by them of several shops which have continued within their respective localities for years past. The revenue on the Toddy shops in the Cantonment has sustained thereby in the past Fusly a diminution exceeding Rupees 6,000 as the parties are prepared to take out the Licenses prescribed by Law. I would take the liberty to suggest, for the consideration of the Board that Government be applied to on this subject also, in order that the Commanding Officer may allow the usual number of Toddy shops to be established within the area of 4 Miles from the main Guard; for it will be seen that my own applications to that Officer have been unsuccessful, although I observed in my letter to him dated 24th February last that it was in my opinion, more advantageous to the interest of Government, as well as to the Native residents of the Mount Cantonment

that there should be a sufficient number of duly authorized shops - the venders being subjected to well defined rules - than that sanction should be with held from them, as it might have the effect of inducing a contraband trade to be carried on to the detriment of the public revenue and the well being of the people."

4 Proportion of General Extra charges	9-2-11	12-5-1
	78591-11-2	76263-3-10

24. The explanation in Para 8 applies equally to the decrease in No. 1.-

25. The Increase in No. 2 and 4 does not call for any particular remark.-

26. The Decrease in No. 3 is chiefly owing to a smaller quantity of Colombo Arrack having been received from the Commissariat for supply to the retail dealers in Fusly $\frac{1256}{1846/47}$ than in the previous year.-

27. After deducting the charges, the Nett Abkarry revenue is Rupees 382727-4-1 falling short of the like revenue of 1255 by Rupees 109370-1-1

Fusly 1255 Rs. 492097-5-1.

Decrease 109370-1-1

The per centage of Charges in 1255 was $13\frac{49}{64}$ and in 1256, $16\frac{39}{64}$.-

28. In the Ordinary receipts under this head there is a decrease of Rupees 2-5-1 the revenue having been collected and regulating the weights and Measures in use at the different Bazars. The addition of certain Extra revenue raises the collections of 1256 to Rupees 12094-15-7 exceeding those of 1255 by Rupees 8-1-8.

The Decrease in No. 1 is owing

31. to the facts alluded to in Para 8.

The Increase in No. 2 and 3 needs

32. no remark.-

After deducting Charges the Nett Revenue is Rupees 9,512-14-5 falling short of the like revenue of 1255 by Rupees 10-11-11

37. The reasons assigned in Para 8 for the decrease therein alluded to apply in part also to the decrease in No. 1 It is in part owing to the Canal Superintendents pay having been reduced in April 1846, from Rupees 105 to Rupees 70 per Mensem.

38. The decrease in No. 2 and Increase in No. 4 do not require any remark.

39. In No. 3 no charges, such as was incurred in former years on account of the lessee of Cochranes Canal was paid in 1256. The actual disbursement was chiefly for repairs, which alone amounted to Rupees 541-15-6, whereas in 1255 the expence was only Rupees 280-8-"--

40. After deducting charges the Net Revenue was Rupees 22581-10-2 and the Increase was equal tot there being no Net Revenue in Fusly 1255. The per Centage of charges was in 1255 1711/52 and in 1256 28 40/64.

Sir,

I have the honor to bring to your notice that, a few days ago, the licenced dealers in Colombo arrack waited upon me personally, and complained of the bad quality of the liquor* supplied to them of late. I observed that it did not appear to me that there was any difference excepting in the colour of the spirits and that I was led to believe Colombo arrack would not have been mixed with Batavia arrack, (which they assured me to have been the case) without some notice being given to me by your Department, in consequence of the serious loss of revenue which was sustained about a year ago. They were by no means satisfied, and have, therefore, presented the enclosed petition just now, soliciting that the Contract formed for the current Fasly ending on the 11th July 1818 may be cancelled Under the pressing circumstances of the case. I am induced to request that you will forward to me the necessary orders, at your earliest convenience, to supply this Office with pale and unmixed Colombo arrack for the future, to enable me to afford security to the Abkary revenues

with Batavia: no such thing is ever done and the arrack supplied to you is pure unmixed Columbo having however ascertained that the Columbo arrack of a subsequently received Consignment is a shade paler in Color, I am desired to add that future supplies to you will be made from this latter Consignment.

2 With respect to the serious loss of Revenue which is alleged to have been sustained about a year ago by the issue to you of Batavia instead of Columbo arrack. I have the honor by order of the Commissary General to observe that although a small portion of Batavia arrack was supplied to you about the period referred to still the Consumption having continued the same as when Columbo arrack only was supplied, the severe loss referred to can scarcely be attributed to the issue of so trifling a quantity of Batavia arrack.

4 On the 1st June 1846 that is 3 days before the issue of the liquor in question the revenue arising from Colombo arrack was Rupees 139. 14. 8 per diem, but for the reasons stated in my letter to you dated 22d June 1846 the amount of the Settlement for the year commencing on the 12th July following was reduced to Rs. 388. 13. 7 at the former rate the annual revenue amounts to Rs. 156. 9 19. 9 4 whereas the latter gives only Rupees 141. 9 30: 4 the loss being Rupees

Rupees 14. 9 89: 5. 4

5 The amount of the settlement for the year commencing on the 12th July 1847 is Rupees 165. 351. 14 being an excess of the Settlement for the 12th July 1846 by Rupees 23 4 20: 13: 4.

6 The foregoing explanation will I trust satisfy you that any difference in the quality of the Spirits supplied to the licensed dealers must necessarily occasion a serious loss of Revenue such as was actually sustained in the past year.

Dated 3d augt 1847 2 With the above exception the G 667 9- 33 Dc. mentioned in the 3d Paragraph of your letter was Columbo arrack, this Spirit when kept in wood for a couple of years becomes darker and much resembles Brandy in Colour & quantity supplied to your Department in June and July

July 1846 Vizt. Gn. 4979: Dr. 8 was very old Columbo arrack, and had been specially reserved in the Depot for may years to Comply with Indents of parties wishing to send well seasoned Arrack in presents to Europe.

3 The present Stock of Columbo Arrack, at the Sufficient to meet the requisition from the Revenue Department is very limited and is issued to your Department without being seasoned and is Consequently Pale in Colour; but when kept in wood for a year or two as usual and as desirable, it becomes darker. a Pint Bottle of the former and another of the latter are sent for your inspection. Had this Department continued the issue of Columbo arrack after being in the Vats for a year or two as usual instead of the latest supply of Columbo. I am inclined to believe that the licensed dealers would not have Complained of it as is now the case under a mistaken notion.

Sir

I have the honor to acknowledge the receipt of your Deputy's letter under date the 18th Instant and to observe that from the important nature

nature of the question I considered it proper to require the attendance before me of some of the principal Shop keepers and to afford them further explanation in the hope of inducing them to accept Columbo Arrack of a dark Colour Corresponding with the Minister which accompanied the letter under acknowledgment but they one and all declared to me in the most positive terms that they were wholly opposed to the introduction of any description of arrack other than that which they have customarily received since the arrangement for its supply by the Commissariat Commenced, adding that the objection did not originate with them. but with the great body of the Consumers.

From Comm.y Gen.l 1st June 1846

2 It is observable that the Spirit received in 1846, which resembled the present sample was from "a Vat of pure genuine Columbo arrack of superior quality the greater part of its contents having been in store since 1818" and that as regards this liquor, I stated that some of the retail dealers, who obtained it brought it back to the Office, on the plea of their inability to sell any portion thereof; that these "who resorted to their Shops paid money and after tasting the Spirit refused to drink it and insisted upon the Cost price being returned to them" and that "the unfavorable opinion already entertained of its quality was such

such that several of the Shop keepers deposited here "the value of the quantity they were under engagement to take every day but declined to Receive the liquor".

I the Acting Superintendent of Police at St Thomas Mount having informed me that you are of opinion that it would be desirable that any more Shops for the sale of Arrack should at present be established within the limits of the Cantonment. number of Shops actually opened there in the Months of February in each of the last three years and the amount of revenue leviable thereon every day were as follows.

1844	71	30	7	3
1845	75	37	15	"
1846	77	35	5	8

2. The number of Shops now opened at the Mount is only 7 and the daily tax Rupees 9: 8 4. If the applications which have been already made to me for re-establishing the former number of Shops are not complied with, the loss of revenue will thus be very Considerable.

3. It was never intended that the sites for the establishment of these Shops shall be other than those which have been customarily occupied for that purpose and some of them, besides, will continue open only for a few Months, or until the Palmeira Trees should yield Toddy, according to the practice which obtained in former years. and the Venders will all, of course, be required to get their names registered at the Police Office under the rule laid down in Section XLVII Regulation VII A. D. 1832.

4. It is, in my opinion, more advantageous to the interests of Government, as well as to the Native residents of the Mount Cantonment, that there should be a sufficient number of duly authorized Shops, the Venders being subjected to well defined rules, than that sanction should be with held from them, as it may have the effect of inducing a contraband trade to be carried on to the detriment of the

the public revenue and the well being of the people

2.

In reply I beg to state that, in the conscientious performance of my duty towards those under my Command, I have been led to consider, that to reduce the liquor Shops to a number as small as possible, without holding out any undue encouragement to smuggling, is a matter of much importance to the well being of the Troops.

3.

I continue to receive encouraging reports of improvement under the present system from the Officers in Command of the several Districts, and though I regret that my sense of public duty seems to place me in opposition to your wishes, yet the circumstances I conceive it incumbent on me to adhere to the opinion, before expressed, that any

To The Collector of

Madras

Sir,

I have the honor to report for your information that two of the Cantonment Boundary Stones have been removed from their places just beyond the village of Pulyour on the Poonamallee road. One from the bridge, which appears to have been destroyed by design, the other about 150 paces off the road, which it is possible may have been carried away by the rush of water during the gales of last year.

2.

Advantage has been taken of this, to establish Toddy Shops at the Village, to the number of 21 and within the Cantonment Boundary, the owners of which Shops have no license from the Cantonment Authorities.

3.

It is not probable that they are ignorant of the Orders of Government on this subject; nevertheless I am very unwilling to bring them summarily to trial under Regulation IX of 1833, because they are so many in number, because from the removal of the Boundary Stones it is possible they may have acted in ignorance, and because on examining the locality, it is apparent that the entire removal of the

Shops

Shops would be inconvenient to the people, as the road on one side, runs for nearly 6 Miles through the Cantonment, and on the other, the establishment of shops of any kind is rendered difficult from the nature of the Country.

4. Under these circumstances, I have to request that you will be kind enough to direct the removal of the Boundary Stones, as speedily as possible and to inform you that, under the authority of the Officer Commanding, the Vendors will be sent for and licenses duly issued to them.

5 That the Orders of Government should thus be disobeyed, and the Offence passed over without notice cannot be correct or longer permitted without a neglect of duty on my part; and I shall consider it my duty to bring all future Offenders of this sort to trial, and therefore request you will be so kind as to direct that all future applicants to your Office be distinctly informed, that a license from the Cantonment is absolutely necessary before they establish shops within its limits, in order that punishment may fall only on those who knowingly are wilfully disobedient.

6. I have received reports also that in other quarters, near Nanumbacum in particular Shops are established within the limits, to the owners of which it is proposed to send a warning to remove, after which they will be indicted for any infraction of

rules.

1. I have the honor to acknowledge the receipt of your letter under yesterdays' date, and to observe that this Office has invariably made it a point to prevent the establishment of any Toddy shops within the limits of the Mount Cantonment; by ascertaining in reference to the plans &c. that the Site selected for each does not interfere with those limits. I have, therefore, every reason to believe that the Shops alluded to in Paras 2 and 6 of your letter are beyond the limits subject to the control of the Authorities in the Cantonment; particularly as my Surveyor assures me that the Boundary Stones advert-ed to in Para 1 are now placed where they should be according to his own measurement. At all events, I would strongly recommend that the Shops in question may be allowed to continue undisturbed, until I can make further enquiry, the result of which I hope to be able to communicate to you in a few days.

2. Should it, however, be discovered that the reports received by you are correct as regards any of the

Shops

Shops, I shall, of course, direct the holder to have his name registered in your Office without delay.

3. I feel called upon to offer these above suggestions in consequence of the Government having recently taken serious notice of a deficiency in the Toddy revenue and directed immediate measures being adopted to afford it due security. To account for the dificiency, I am now collecting information founded on facts as being traceable from the public records. In the mean time, I am most anxious to guard against any further loss which may be occasioned by proceeding to deal with any of the Shopkeepers referred to by you without correct data.

Sir,

1. I have the honor to acknowledge the receipt of your letter of yesterday's date, and observe that when reporting the removal of the boundary stones, I alluded to the spots on which they were originally placed by persons from your Office in conjunction with others belonging to the Mount.

2. The Extract from your Communication annexed in the margin, seems however to infer, that a subsequent change of position, / with or without your concurrence / has been made by persons under your authority, but no communication of such change has ever been received by the Cantonment authorities.

"particularly as my Surveyor assures me that the boundary stones adverted to in Para 1 are now placed where they should be according to his own measurement."

3. This is a view of the question I did not contemplate in making my report to you.

4. Certainly I shall await, as request-ed a further communication from you before taking measures regarding any of the Toddy Shops referred to in my last letter. my chief motive indeed for writing which was that I might be favored with any reasons you might be pleased to offer in objection to the Course I contemplated, and which appeared to be necessary for the due maintenance of the powers vested by Government in the Cantonment authorities.

2.

It is my intention to furnish you with a survey plan of the whole of the Cantonment limits, shewing the position of each of the Boundary Stones, as soon as one can be got ready. In the mean time I enclose an Extract from the Office plan from which it will be observed that, whilst Pillaur, the village referred to in Paras 1 and 2 of your letter of 8th instant, is within the Cantonment limits, the several Toddy Shops to which you allude, are at a considerable distance from them, the intermediate space being no less than 500 yards. These shops are not, in Consequence, subject to the control of the Military Authorities at the Mount.

3.

Moottoo Grammy and C. Arna-chellum.

Tharumbaucum is at the distance of 3½ Miles from the Main Gaard, and is therefore, within the Cantonment limits also, as are likewise the three Toddy Shops which have been established there. The site of these Shops, however, have for many years past been occupied for the like purpose, from their not interfering with the Troops at the Mount. The names of the present Shopkeepers are entered in the margin, and I request that you will be good enough to cause the same to be registered in your Office, as suggested in Para 2 of my communication of the 9th instant.

4.

If you are not aware of any objection, it is proper to add here that the parties were not required to observe this rule before, because, by the entry in the old plans, the village appeared to be within the Military limits of Poonamalee

14828

Fort St. George 15th November 1847.

Poonamalee but now that the Boundary Stone for the Mount has been carried to a greater distance than that to which alone the line was understood to extend at first, I am induced as a matter of course to make an arrangement different from that which has obtained up to the present date.

I would beg leave, on this occasion to suggest, in advertence to Para 6 of your letter of the 8th that, whenever any Shop is found to have been placed in any part of the Country supposed to be within the area of 4 Miles, intimation may be given to me, to enable me to institute an enquiry, for it would be a hardship to proceed summarily against the Shopkeeper, who is perhaps the error, if it be one, may have originated with my own Establishment.

A statement of the facts will I believe remove this impression, and I therefore trouble you with them

In letter dated 24th February you stated your desire to the Officer Commanding the Cantonment to increase the number of Toddy shops within the Cantonment; in his reply that Officer

Officer stated that he considered it his duty to withhold his sanction from the measure.

No. 103. 8th April 1847.

Some short time after I forwarded a report to you, stating among other Matters that Shops had been established at Karumbaneum, which was contrary to the express desire of the Officer commanding - and whether these Shops were established before or after the Commanding Officers' letter above referred to will be apparent to yourself on enquiry - these Shops I proposed to you to withdraw, that I might carry out the express orders of my immediate Superior. In reply you desired that these Shops should receive license - and the holders appeared at the Office, by your orders they said to obtain their licenses -

20th April 1847.

As directed in the regulations I applied to the Officer Commanding for his instructions, and according to his sentiments already made known to you, that Officer declined to increase the number of Shops - This decision was on the next day made known to the Venders.

I do not understand how I could have acted otherwise - and I would suggest that it would be perhaps advisable to address the Controlling authority yourself on these subjects.

No. 21 of 1847.

Our Governor in Council at Fort St. George.

Report on Salt Revenue required

Read the we are occasionally in want of information relating to the administration of the Salt Revenue under your Presidency, which from the absence of any general or annual Report on the subject we find it difficult, and sometimes impossible, to obtain from the detailed Reports of the several Collectors on the management of the Extra sources of Revenue under their charge.

2. We therefore desire that you will call on the Board of Revenue to prepare and submit to you annually for transmission to us a Report on the administration of the Salt Revenue during the preceding year, accompanied by Statements exhibiting the balance of Salt at the beginning of the year the quantity manufactured during the year and the balance in store at its close, the quantity sold during the year, distinguishing that sold for consumption within

Fort. St. George 18th November 1847.-

within the Madras Territories from that transported acrss the frontier for the supply of the Native states in the interior, and shewing also the quantity exported by Sea, whether under requisitions from the Bengal Government or on private account. The Board will also comprise in their Report any observations which may occur to them with respect to the financial results of this source of revenue, and to the operation of the tax on the population generally-

3- If it can be accomplished without material inconvenience or delay we shall be glad to be furnished with Statements comprising the same particulars for the last five or Six years.

From the Coll. of Guntoor

Sir

Stating in reply to Cir. dt. from the Proceedings dated 1st Instant that Extra Tent allowance has been drawn at Dindigul in conformity with the rules and practice hitherto in training.

Para 1. I have the honor to acknowledge the receipt of the Board's Proceedings dated 11th instant sanctioning a part only of the Extra Tent allowance drawn by myself and my Assistants in the last Easly, and observing that the necessity for a protracted residence of myself and Mr Harrison at Dindigul and of Mr Nevill at Bampetla should be explained to enable the Board to grant sanction for what has been drawn for the periods passed at those places.

DESTROYED

2. In reply I beg to state as respects Dindigul, that no necessity existed for a protracted residence at that place, nay reason for residing there longer than was necessary to settle the Reyputty Talook in which I was engaged till the 25th of April, was to avoid the intense heat at Guntoor at a time when I have found it impossible to

14855 Fort St George 18th November 1847

to transact business in the Public Cutcherry without loss of health, Mr Harrison having no separate charge remained with me. Tent allowance was drawn in conformity with the practice which has obtained here up to this time, which is as I understand it strictly within the letter of the limitation prescribed by the Government in their orders dated 13th May 1828 and which as far as I know has never, since that order, been questioned.—

4 Mr Neville was employed at Baupetta in the Jamakhundy and other matters connected with his charge, and the Board on a reference approved of his drawing Tent allowance there last year—tho' it was not strictly complying with the conditions of the order which I have quoted.—

S.

14856 Fort St George 18th November 1847

5— I beg to assure the Board that I should not have drawn Tent allowance at Dindy had I not believed it to be strictly in accordance with the rules and the practice of the service to do so and what it is in my recollection was uniformly done under similar circumstances in the only two other Districts in which I have served, Tinnevelly and Canara.— I indeed I think the order of Government I have quoted was elicited in consequence of a reference from the Collector of Tinnevelly, as to whether he was entitled to draw Tent allowance while residing at his Bungalows on the Sea Coast and Coutallum

Reporting on Petition of the 1283 of 1847

Petition No. 1283/1847

Sir,

I have the honor to report on the subject of the accompanying Petition agreeably to the Boards endorsement thereon.

2 Petitioner claims 1/2 share of certain Pullecutloo enam in the Village of Summalpully enjoyed by his late Uncle Hussain Khan and which the Defendant Ramanah Khan (as the alleged son of the said Hussain Khan) has obtained possession of but without as the Petitioner maintains, any right or title to succeed to the same averring that he is not the son of his (Petitioners) late uncle. The amount of this disputed Enam is

P	F	A
"	9	12½

3 Petitioner on the same grounds lays claim also to the Reddy Meerassee and Puttah lands

lands held by his late Uncle and to which also the Defendant succeeded in Fusly 1254 on the demise of Hussain Khan. The assessment of the former is 6-15-0 1/4 that of the latter 1-6-7 as

4 The Petitioner cited several witnesses to shew that the Defendant was not the son of his late Uncle and consequently not entitled to succeed to the disputed lands, and he produced a deed of agreement said to have been executed by the Defendant to Hussain Khan, the purport of which was that the Defendant agreed to live separately from the family and forego all claims &c. in consideration of his having received 40 Rupees and some clothes. The document appears to have been executed in consequence of some disagreements in the family and contains an acknowledgment on the part of the Defendant of his Mother having been a servant in the family of Hussain Khan and of his having been brought up in his House after his Mother had left the place.

5 Of the several Witnesses examined in behalf of the Petitioner, some stated that the Defendant was a natural son of Hussain Khan, others that the said Hussain Khan had fostered and brought him up, while from the evidence of the remaining witnesses little elucidation was thrown on the matter, only one witness

forthcoming to give evidence in regard to the execution of the Document above alluded to, and he has deposed to its authenticity.

6 The Witnesses on the part of the Defendant clearly spoke to Hussain Khan having married Defendants Mother by Nicka, and to the legitimacy of Defendants. The Defendant denies the execution of the deed of agreement which if genuine would invalidate his claims as it contains also an acknowledgment of his being 6 years of age when his mother entered into the Service of the Petitioners uncle.

7 The Reddy Meerassee being bumbarty and the Defendant having been in Office for so long a period since Fusly 1255, Petitioners claims to succeed to the same are, under any circumstances inadmissible. In regard to the claims advanced to the Puttah land there did not appear to me sufficient grounds for interfering and disturbing the present occupancy as under existing circumstances the matter appeared to be of a civil Nature while in respect to the Pullicutta Enam as the claims to the same, falling as it does under Regulation IX of 1831 can only be adjudicated by Government, the Petitioner was directed to apply to the Governor in Council and an endorsement to the above effect on the several points connected with his Petition was made therein, and delivered to him.

Cuddapah Collectors Office 25th October 1847. } /Signed/ J. H. Cochrane Collector

Resolved

from the period of the land being taxed to the present
29th Augt 1839 time - in 1839 it was in contemplation to attach it
for arrears, but the Board intimated to the
Collector, that they were unwilling to proceed to
sale, until the survey rates of assessment of the
District which were then under their consideration
had received their sanction. The assessment was
in consequence allowed to accumulate. On the 9th
September 1846, however, the Board, in reviewing the
outstanding balances of the district, directed the
Collector to sell the property, who accordingly with
the concurrence of the Board advertised the sale to
take place on the 11th Instant

4. It will be noticed that although
+ Rupees 359-7-7 the demand against this Garden, remaining unad-
justed is for 13 years Vizt from fusly 1244 to 1256 in-
clusive the assessment of the first five years only Vizt Rupees
215-2-11, appears as an arrear on the public books,
that for the subsequent period or Rupees 344-4-8,
not having been carried to account.

5. The Board having received, previous to the
day of sale, two petitions from Meenatchy Ummal
daughter and heiress of the late Y. Veerasawmy Iyer
praying that the property might not be disposed of
and consenting to pay the arrears outstanding against
it on the public books, amounting, as above stated, to
Rupees 215-2-11 they have instructed the Collector to
postpone the sale until he receives further instructions from
their Office.

6. Under the peculiar circumstances
of the case as above detailed, the Board beg to
recommend that the indulgence solicited by the
Petitioner may be extended to her on condition that she
engages to pay the full Peerwah hereafter, at the
present Survey rate, which Mr. Freese states does not
appear to him to be too high.

In accordance with the orders conveyed
in Extract from the Proceedings of the Board
of Revenue under date the 6th September a notification
was issued to the several Shrotriemdars in
arrears informing them that unless their balances
were paid up within one Month from the date
thereof steps would be taken for the resumption of
their respective grants. Since than all with the
exception of the Shrotriemdars of Kolady in Sydapet
have paid the balances due by them, but not one Rupee
of the balance due on that Village has been realized.

The

Fort St George 18th November 1847.

The Shrotriemdars also enjoy another Village on Shrotriem tenure granted to them as was of Kolady by the Mahomedan Government but the Peishcush on it has been discharged.

It is understood that the Shrotriemdars have purposely withheld the entire Peishcush for the past year with the intention of giving up the grant in consequence of its not proving very profitable to them thro' their disputes and quarrels with the Meeras-dars. Under these circumstances, I beg to suggest that the resumption of the Shrotriem and the writing off of the Balance amounting to Rupees 574-13-8 be recommended to Government.

Proceedings thereon.

28-29

In the foregoing letter the Acting Collector reports the death, on the 30th July 1846 of Sooba Vandayar the holder of a small Service Enam in the Village of Chittatoor in the Satghur Talook of his District. The Enam is stated to have been conferred "for teaching the Vedum called Udeyanum to the Brahmin Children" and Mr. Lovell recommends that it be continued to Kylasa Vandyar alias Ajjapasamy Vadyar Eldest son of the deceased, who has performed the required Service, since the death of his father.

There are no Summuds or other documents in support of the grant but as particular duties are required of the holder, the Board are disposed to view it as a Service Enam; they accordingly beg to submit the Acting Collector's recommendation for the favorable consideration of Government.

From the Collector of Salem..... Sir,

I have the honor to forward for the consideration of the Board the record of the Proceedings on which Sunnapian the Tahsildar of Kistnagherry fined by me 200 Rupees under Regulation IX of 1822 together with his appeal Petition

DESPATCHED

Mr

Proceedings thereon

Annulling the proceedings held by the Collector of Salem under Regulation IX of 1822 against Timmapah the Tahsildar of Kistnagherry and directing the refund to him of Rupees 200 levied as a fine.

Fort St. George 18th November 1874.

1. In the return of persons charged under Regulation IX of 1822 which was submitted from the District of Salem for the month of July last the case under report was thus entered "Timmapah charged with having reported while Tahsildar of Tengaracottah, when ordered to enquire into the circumstances &c. of the Ryots in Fusly 1253 that the sum of Rupees 148 and odd was irrecoverable in consequence of the indigent circumstances of some of the Ryots - while his successor the present Tahsildar recovered on account of the above sum 109-13-9 without difficulty"

2. From the Documents furnished in the above letter it appears that in submitting as directed an account particular respecting the balance due by the poorer classes of Ryots in the Tengaracottah Talook for Fusly 1253 the Tahsildar Timmapiah entered as irrecoverable the sum of Rupees 148-8-10 representing it as due by certain individuals who from being reduced to poverty and dependent on daily labour for their support, were totally unable to liquidate the demands against them.

3- Some suspicion having arisen as to the correctness of this statement the Tahsildar of Dacamporey was deputed to take charge of the Talook and to investigate the cases of the parties

1875

Fort St. George 18th November 1874.

borne on the account furnished by Timmapiah as "Nadar" the result of which appears to have been that the deputed Tahsildar effected the realization of Rupees 109-13-9 out of the entire sum of Rupees 148-8-10 represented by his predecessor as being irrecoverable. Of the collections so made the sum of Rupees 51-2-8 was due by two individuals who it appeared on subsequent enquiry (the fact not being noticed in the original list) were the brothers of a Curnum and the remainder Rupees 58-11-1. by other parties also represented as possessing no resources.

4. On these facts being brought to notice a preliminary enquiry into the conduct of Timmapiah was held before the Assistant Collector under the provisions of Regulation IX of 1822 and the Collector having satisfied himself from the evidence then obtained that the Defendant in his representation of the circumstances of the defaulter had made a fraudulent entry in the accounts with a view to occasion loss to Government sentenced him to pay a fine of 200 Rupees commutable to two months imprisonment under C. IV Section V of that Law.

5. In the sentence recorded by the Collector stress is laid on the case of the 2 individuals who

who were subsequently to the receipt of the original account discovered to be the brothers of the Surf Curnum and who had been therein represented in common with others as unable from poverty to pay the balance outstanding against them. The Collector remarks that the contrary is well known to be the case as was apparent from the facility with which the balance due by them was eventually collected and he was led from this circumstance to consider that the Tahsildar had purposely conceal-ed the facts of the case of these individuals and had thereby made a fraudulent entry in the Accounts with a view to occasion loss to Government, the other cases in which balances were in part collected tending also in his opinion to prove that the defendants conduct in the transaction was of such a character as to render him liable to the penalties provided by the Regulation in ques-

6.

The Board having attentively consider-ed the whole of the Documentary Evidence which has been laid before them connected with the charges upon which Simmapiah has been tried and convicted have not discovered in any of the instances specified proof of the existence of a fraudulent act or intention on the part of the accused. It is no where shown either by direct or collateral evidence that the Defendant was improperly influenced in entering in his account

defaulters in the terms he did, or that he had at any stage of the transaction derived personal or other advant-ages by so representing the condition of the defaulter.

In the absence of any testimony to implic-ate the Tahsildar in an act of fraud the Board do not consider that the circumstances of the case as detailed in the Documents before them warranted a recourse being had to the penal provisions of Regulation IX of 1822 they accordingly annul the proceedings held under that Law, and direct that the fine of Rupees 200 be refunded to the accused.

The Board will await the result of the further enquiry into certain allegations against the present Tahsildar of Tengeracottai referred to in the foregoing communication from the Collector.

In reply we beg to refer you to our report of the 3rd Ultimo which we trust, would have informed you of the removal of the late Manager, while alive, for embezzlement of about 10,000 Rupees from the above Davastanum and neglect of the usual ceremonies to the God, and the nomination of Cotty Sooyer the Samookum Peishcar of Shevagunga Zemindar in his stead by the Native Community.

Although the Petitioner is the younger brother of the deceased Manager yet we were informed that he is disqualified to fill the office as well from his want of influence, as wealth.

We are not therefore inclined to declare him eligible to the Management of so high a Davastanum as the above, and to the issue of the Paditharum funds to him.

We are informed also, that involved into debts, the late Manager mortgaged his Zemindary to one Madramoothoo Pillay at Madura and obtained debts from him. We therefore beg to return the above Petition.

Sir,

From the Asst Collector of Tinnevelly — Bringing to notice the very improper and oppressive conduct as land holder of a Public Servant on the Establishment of this District and recommending that he be required for reasons stated to give up either his lands or his situation in the Talook.

Para 1. I have the honor to bring to the notice of Board the very improper and oppressive conduct of a Public Servant on the Establishment of this District Veencata Row Head Goomastah in Kelliankalum Talook. He is a considerable land holder in the Talook of Vangenchery and some of his tenants have of late years become Christians, whom he appears determined on that account to eject from the lands they have cultivated for many years. The matter was brought before me in a public letter from the Reverend Mr Newman in which he states "The said Veencata Row refuses to allow the Christians in the Village of Maruthakullam to cultivate the lands which they have held for many years, unless they rub ashes on their foreheads as a mark of returning to heathenism although in February last I withdrew a complaint then pending against him on the conditions that he would —

"I

Restore to the Christians the lands and

Fort St George 18th November 1847

"and trees of which he had unjustly deprived them

"II That he would allow us to rebuild the

"Church which he had caused to be destroyed and

"III That he would never again trouble the

"people on account of their Christianity. To

"these conditions he agreed but has since departed

"from them, and as I believe the people are

"suffering entirely on account of Christianity,

"I feel it my duty thus to bring the matter to

"your notice"

2. I sent for Veencata Row and the illegality of his conduct with reference to Section VIII Regulation V of 1822 has been pointed out to him, but he will come to no amicable arrangement to restore the lands this year although it is now the Cultivating Season, and he has only lately restored them the lands, and received rent from them on the last Crop.

3. The Village Moonsiff's translation of whose Deposition is herewith sent, and the private Accountant were examined, and though both Hindoos, they bore strong evidence against him, and I have accordingly given the necessary orders to prevent the illegal ejectment of his tenants, and now beg to recommend that as the holding of lands by Public Servants is deprecated I believe by the Board,

and

and the conduct of Vencata Row is so totally opposed to the principles of toleration, he be required either to give up his lands or that he shall cease to be Employed in the Public Service

Translation of a Deposition given on the 23d October 1847 by Ramalingum Pillay Son of Devisungaperumal Pillay residing in the Village of Mardacolumn allached to Kaugoonary Talook of the Vellalah Caste, Shiva Sect, a cultivator and aged 39 years—

2. State what you know concerning the land dispute between the Christian Shanars residing in the said Village, and Vencata Row the Merasidar of that Village—

A. Those Christian Shanars prepared in Fusly 1256 some Kunjah lands, belonging to Vencata Row for Cultivation as well as some Chairs out of the Samoodayem Poonjah land, while so they were prevented from carrying on the cultivation on account of their having embraced Christianity and the cultivation was proceeded with by other Ryots subsequent to this the Shanars and the said Row entered into a compromise with this condition, that the former should in compliance with the request of the latter, execute an agreement to the said Row on Stampt paper binding themselves to pay teerwah and Swamybogum according

according to custom, whereupon the said Row told the Shanars to give a moiety of the cultivating charges, and enjoy half of the produce, which they accordingly did and also paid the assessment and Swamybogum thereon. Afterwards some Kunjah lands were given for Nunj modungum cultivation to the Shanars, who cultivated them, enjoyed the harvest and paid the assessment and Swamybogum thereon. The Shanars have Land Lords rent for fusly 1257, cultivated a portion of the Poonjah land usually cultivated by them and prepared the other portion for Cultivation, but the said Vencata Row obstructed their carrying on the Cultivation by means of Manavers and has also caused the cultivated Poonjah to be resown by the Manavers. The Shanars prepared Kunjah land for Cultivation, and sowed a field thereof with paddy seeds, but I am given to understand by Palaney a Shanar that Manavers snatched away the basket containing the seeds. I inspected the land being myself the Village Moonsiff and found it to have been sown. I then reported to the Talook that Vencata Row assembled the Manavers, and makes trouble, which not being attended to, I informed the Shanars to go and inform the Gentleman—

2. Do you know of Vencata Rows telling the Shanars not to embrace Christianity?

Palaney

11901

Fort St. George 18th November 1847

Palaney a Shanar informed me that Vencata Row tells the Shanars to live in the Village and cultivate land provided they rul on Ashes and if otherwise they can neither live nor cultivate the land. Besides this Guanayuda Coppadasy (Catechist) reported that the abovementioned Vencata Row molests the Christian Ryots. I have made a report to the Talook stating that the Manaveers should not molest the Christians this is all I know and I do not know what Vencata Row said.

2 You have heard this read over to you, is it correct.

A. Yes, it is correct.

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St George

Sir,

(46)

From Collector of Canara

With reference to the Endorsements upon Petitions Nos 1217 & 1218 of 1847, I have

Fort St. George 18th November 1817

have the honor to report upon the circum-
stances connected with the disputes to which
they refer—

2. The first petition N° 1157 is from
the Parpatgars or Subordinate Managers of
the Bellikerry Pagoda in the Bikul Talook
Complaining of an order lately issued by me
directing the property belonging to that insti-
tution to be made over to the Keelshwar Raja
who had been appointed trustee of the Pago
by Mr Blair—

3. The appointment of the Rajah a
trustee was from the first opposed by the
petitioners who were anxious to be themselv
invested with it but after much enquiry the
Rajah was considered by Mr Blair the fitte
person, both in consequence of his rank an
station, and because the Pagoda was
situated within the Keelshwar Mugan
which was a part of the territory originall
belonging to the Rajah's family, and ha
as alleged been endowed by his ancestors
The Regular Sunnud Conferring the appoi
-ment on him was accordingly made out
in which he was authorized to take pos
-session of the property of the Pagoda an
directed to give his receipt for the same

Receipt

Fort St. George 18th November 1817

Receipt was signed and delivered by the
Rajah but no measures were taken to make
over the property to him— The petitioners
who opposed the Rajah had, as the Managers
under the Collector when the control of
this institution rested with that Officer,
possession of the property, they refused to
deliver it over to the Rajah, collected the rents
of the lands & declined to give any account
of them to the Rajah— In short their
opposition rendered his appointment as
trustee entirely nugatory—

4. On the Rajah representing the
circumstance to the Assistant Collector he
was of opinion that the Revenue Authorities
had no power to make over the property to
him, and refused to give orders to that effect
and referred the Rajah to the Civil Court
for its recovery— The Rajah appealed to me
and I was induced on a full consideration
of the Case to come to a different Conclusion
from that of Mr Robinson—

5. The question of the Rajah's
appointment was no longer open that had
been decided by Mr Blair, as I think
judiciously, and I could only treat the case
as referring to a duly constituted trustee— It
was,

Fort St George 18th November 1867

was I considered the object and intention of the Board and Government to supply by the appointment of these trustees so far as circumstances would allow the controlling authority before vested in the Collector, and that he should exercise the same power over the executive Servants of the institution as had before been exercised by the Collector. The most important of these was the receipt and control of the Revenues, and the due preservation of the property—all these having been under the control of the Collector I considered that the Rajah was entitled to them on succeeding to him. It appeared to me also that when Mr Blair demanded of the Trustee for the property receipt from the Trustee for the property he was bound to take measures for placing him in possession of that property and that his omission to do so was an error which required to be remedied. The Parpatagars could not, as long as the Management rested with the Collector, have Continued to hold the property in opposition to his orders or refuse to account for it to him. Had they done so he would at once have removed them and proceeded against them under the provisions of Regulation VII of 1817, but the

Fort St George 18th November 1867.

the Rajah had no such authority to punish them, he could only dismiss them but they would have refused to obey this order as well as the others he had given them, and having influence over the tenants could Continue in spite of him to collect the rents from the tenants who were under their influence—

Such a State of things was quite incompatible with the welfare of the institution or the authority of the Trustee, which in fact has been set aside. The only alternative therefore was to Cancel the appointment of the Rajah as trustee and appoint the petitioners, or support the Rajah as trustee. The first measure I had no authority to adopt, even if I had considered his appointment an improper one which I was very far from doing, and I therefore adopted the second, and having overruled the order given by my Assistant, I issued the order translation of which the petitioners have enclosed in their petition. In this order I directed the Tasyldar to make over the Pagoda property to the trustee according to the receipt he had already given for it, & to inform the tenants that they were to pay the rents to him. The order does not interfere with the

rights

Fort St. George 18th November 1847.

rights or claims of the petitioner but leaves them under the Rajah's trusteeship in exactly the same position which they held under the Collector, and places the Rajah as far as may be in the position of the Collector as the Controlling authority—

7 The case is one of those numerous ones in which however decided there are sure to be some parties dissatisfied, but I am still of opinion that the order given by me was a proper one, and the arrangement the best which could be made under the circumstances of the case—

8. The other case, Petition No. 1418, is so similar in its nature that it is not necessary to explain it at equal length—In this also the Patalis or local Managers had opposed the orders of the trustee who was appointed, and refused to obey his instructions or to render to him an account of the expenditure, and he had attempted in vain to dismiss one of them—They were certainly the local Managers of the Pagoda under the Collector, but they admit that they had no rights beyond this, and it appears from the record in the case that one of them had given in a formal Consent in writing to the appointment of the

Fort St. George 18th November 1847

the Rajah of Neelshwar as trustee.— There are in this case some difficulties referring to the actual rights of local Managers and how far they are hereditary or not which it is very difficult to determine correctly, but it is clear that if the trustee has no power over the Pagodah servants, either to call upon them to account for the expenditure or to dismiss them if they refuse to furnish it or mis appropriate the funds, his appointment would be of no avail, and under the circumstances of the case I consider that the order given by the Sub Collector Mr. Hall, of which a fair translation is appended to the petition, was a correct and proper one.— It would under any circumstances be very impolitic to reverse it, because it would reopen the question of the appointment of trustees in many other institutions where there are parties who have submitted to the arrangements which were made but who

Fort St. George 18th November 1847

who are nevertheless dissatisfied at not having themselves been constituted trustees.—

From these Reports it will be seen that in five Districts only the manufacture of Sugar is at present conducted on an extensive scale and in many respects according to the European process

Ganjam
Vizagapatam
Cuddapah
North Arcot
South Arcot

3

In Ganjam the only establishment for the Manufacture of Sugar according to the approved European process is at Aska and belongs to Messrs Binny and Co who have erected Steam Machinery for the purpose. The works from various Causes have only lately been completed and the Manufacture of Sugar commenced, but a limited supply of the exportation of the Article to England is expected in proportion of Raw Sugar shipped from the Ganjam

Aska is manufactured according to the simple but effectual native process - At the Aska Works the whole of the Molasses yielded in the production of Sugar is used for distilling Rum The quantity of Sugar and Rum exported to England during the past Year by the proprietors of this manufactory is noted in the margin - In Vizagapatam there is but one Sugar manufactory under the Superintendence of Mr. J. Mackenzie The marginal entry shews the quantity of Sugar exported for the Home Market in each of the years during which it has been in operation No Molasses have been exported. A much larger quantity will probably be exported in the course of a few years as the Estate of Pal-condah is planted by Messrs Arbuthnot and Co for the express purpose of extending the Cane Cultivation In Cuddapah the number of Manufactories is stated to be 237 and the quantity of Sugar intended for Shipment for exportation for the supply of the English Market appears from the Certificates taken out for that purpose to be Maunds 588,484 The Molasses have been sent chiefly to the Presidency The number of Talagas or Places at which Sugar is manufactured in the District of North Arcot is about 224 but many of them are mere temporary sheds The quantity of Sugar for which Certificates were granted in July 1256 for export from Madras is

4

The Collector of Rajahmundry States that no Sugar is at present manufactured in his District for Export to England but that about 500 Tons will be produced before the end of the year under the auspices of Messrs Arbuthnot and Co who have already laid out a large sum in the erection of Sugar works and have recently imported Steam Machinery from England

5.

In Salem the Manufacture of Sugar was totally unknown till the introduction of the Mauritius Sugar Cane at different periods from Fusly 1249 to Fusly 1252 since which it's cultivation has been carried on to a Considerable extent but the juice is only Converted into Jaggery and a very inferior description of brown Sugar none of which has been Exported to England

The Planters are, it is stated, apprehensive that they will not get a ready market for the Sugar manufactured after the European methods and they prefer therefore the manufacture of Jaggery

Fort St. George 18th November 1847

which is eaten made and Consumed in the District

In Coimbatore Sugar is manufactured by a single individual to the extent of a few Candies which is consumed within the District — In Tanjore a small quantity has been made by one Mr Roklopp by way of experiment but not sufficient for exportation to England

Mr Bishop however anticipates a Considerable increase in the extent of Cane Cultivation under the Superintendence of this enterprising individual In Bellary there are about 8 or 10 Manufactories but their production being of an inferior quality is never exported — In Tinnevelly there is one Establishment only producing annually about 20 Maunds of Sugar which is manufactured from Cane raised on one bed Co Tah of Land but none of it has been hitherto Exported to England — There are at present no Sugar manufactories in the District of Trichinopoly and Madura —
