I have the honor to submit for the consideration of the Major General Commanding the Division that in consequence of the late Assessment of lands on which houses stand and other portion of Ground for which grants have been allowed within this Contonment, the proprietors have in some instances commenced cultivating their Compounds, and I am led to believe they will on the tax being demanded by the Civil authority object to pay the same unless they are permitted to cultivate as they think proper.

I however consider it would be highly injurious to the health of the station if house proprietors were allowed to grow various kinds of grain and probably Cholum

Resolving to request the sanction of the Government of India to the abolition of the Petty taxes amounting to Rs. 14777 entered in the two Statements Nos. 1 and 2 submitted by the Board, upon their being satisfied that the proposed measure will not interfere with the rights of Government to Forest or Wasteland. also desiring that the consideration of Similar items under heads of Revenue other than small Farms may be taken up -

Extract from the Minutes of Consultation under date the 8th October 1847.

Read the following letter from the Secretary to the Board of Revenue -

(Here enter 1st March 1847 No. 1251)

Para 1. The Most Noble the Governor in Council has had under his consideration the several reports of the local Officers in the Provinces submitted by the Board of Revenue in their letter of the 1st March 1847 upon the subject of those items of Revenue the Collection of which is deemed vexatious or objectionable from their peculiar character, or inexpedient on account of the small amount derived from them -

2. The local Officers the Board of Revenue, and the Government have frequently commented on the impolicy of making these collections and have advocated their being given up, which, in some instances has been sanctioned - In 1832 the Collector of Salem in recommending that the rents of Pipe (1) clay and of wild (6,7,8) Castor Oil nuts should be abolished, observed that the Revenue derived from them is so very trifling they should not be rented in future, but that the inhabitants should have the benefit of

deriving what they can from them unburthened by any Government Tax - The Board supported the proposition and the Government sanctioned it accordingly -

5th April 1836. Nos 9-10.

3. Again in 1836 the Government sanctioned on the recommendation of the Board, the abolition of the Tax levied in the Salem District on Gumboo grass used by the lower orders for thatching their Huts and on Balapum stone, also of the Tax levied from certain Ryots under the denomination of sunkum Puttada the amount being trifling, and by no means counterbalancing the annoyance caused to the people, who it was explained were cultivators of land paying Revenue to Government and who were usually exempted from taxes under the head of Mohturpha -

Dy 2nd May 1837. Nos 29-30.

4. In 1837 the Board called upon the Principal Collector of Salem for an explanation of the small sum of Rupees 4-4-9 derived from the Ferries in that District, and on the suggestion of that Officer recommended that a variety of petty Taxes under the head of Mohturpha consisting of 11 items from which a revenue of Rupees 4-7-8-8 was derived in the aggregate, should be struck out from the demand, urging that those

those Taxes were collected only in certain Talooks and consequently partial and oppressive in their application that the revenue from many of these items was extremely insignificant in amount and fell on the lowest and poorest classes of the community - The Government acceded to the proposition.

Cons 11th May 1839 Nos 19-20

5. In 1838 the Principal Collector of South Arcot intimated his intention of discontinuing the Collection of duty on Honey and wasc under a Government order of 1805 and recommended that the articles of Washerman's Earth, Jungle rattans and a dying bark called sembooraputty should be excempted from taxation; as vexatious in Collection and yielding a trifling Amount of Revenue - But the Board for stated reasons, the principal of which was the discontinuance of a large source of revenue being then under discussion, suggested that the items in question should be continued until it was thought proper to revise the petty taxes generally throughout the Provinces and the Government were also of opinion that it was not a fit time to take into consideration the expediency of excempting these items from taxation.

In

26th Novr 1846 No 59-60

6. In Para 6 of their Proceedings of the 31st October 1846 No 517 reporting on the extra revenues of Trichinopoly for 1253, the Board of Revenue stated that the reports of the small Farms generally throughout the Madras Presidency was engaging their attention.-

Cons 24th Decr 1846 Nos 97-98

7. In reviewing the settlement of the Extra revenues of Salem for Fasly 1253 the Government remarked that under the Head of small Farms several items from which so trifling an amount of revenue appeared to be annually derived as to render it doubtful, if they were worth the trouble and expence of collection at the risk of subjecting the people to unnecessary annoyance, and the opinion of the Board was desired on this point not only in reference to this but to all other Districts.-

Revd D 22nd Septr 1846 No 13 Pr 11

8. The Honorable Court of Directors in noticing the subject recorded the following observations "we entirely approve of this Proceeding and we desire that the Board may be called on to supply a general report on the subject after communicating with the local Officers with a view to the abolition of all those petty items of Revenue to which the preceding remarks may be applicable".

Dy to Cons 13th Janry 1847 Nos 31-32

In the review of the extra

9. revenues

revenues of Salem for the following year July 1254 it was observed by Government that two of the above items were not rented out and that the Bamboo rent produced only 110 Rupees and that both the Board and the Collector concur in the propriety of discontinuing them.-

Dft dated Dec 1845 No 35 and 36- 1st 1846 No 1231-

10. In the review of the cocha renewes of Trichinopoly for fusles 1254 and 1255 the Government suggested for the consideration of the Board whether the small amount obtained from the Fisheries might not be left free to the Villages, observing that when the subject of small Farms in general shall have been submitted they would be able to determine whether the principle then applied to Trichinopoly might not be extended to other Districts.

11 With the communication recorded at the head of these proceedings the Board forwarded the replies from the Collectors to three different requisitions founded upon the orders of Government before recapitulated- The first called for information regarding the tax on Honey and wax and Jungle produce- The

The 2d respecting other items coming under the head of small Farms that might be deemed objectionable as a Government Case- The 3d regarding any other Taxes not included under the above head which were yet of an annoying and oppressive Character.-

12. From the remarks of the Board it would appear that items of the character under consideration are brought to account under various heads in different Districts in some under the head of "Small Farms" in others as "Land Revenue" Soornadayam or Mohturpha, but their report is at present confined to those items of Revenue realized by means of petty contract and Monopoly included under the head of small farms-

13 These are divided into two classes of which separate statements have been furnished Nos 1 and 2.

Firstly those which are stated by the Board of Revenue to be palpably objectionable recommended to be at once abandoned.

Secondly those which the Board say tho' less objectionable are yet both from their nature and the amount they yield scarcely

scarcely worthy to form sources of Public Revenue—

12. Looking to these statements and to the various items they contain, His Lordship in Council is of opinion that it would be in accordance with the views of the Honorable Court to sanction the abolition of the petty taxes entered in both Statements 1 and 2, as recommended by the Board of Revenue; those in the first as altogether objectionable those in the second as not being worthy of collection as well from their amount as from their general character. Indeed one particular item Viz.t the weighing and measuring Sase of Rajahmundry would appear to have been retained from oversight for by the orders of Government of the 11th August 1817. this Sase as similarly existing in part of the Government Estates of the Rajahmundry District was abolished, and on the same principle should also have ceased in the few Villages in the Pittapore Zemindary where up to the present time it has obtained.

Rs a ∞
No. 1 - 9650 - 7 - 3
2 - 5126 - 9 - 2½
14777 - " - 5½

13. But as the amount to be remitted is considerable, amounting to nearly

nearly 15,000 Rupees, and it is not improbable that remissions will be called for with respect to similar items under the heads of Revenue other than "small Farms" which have not been reported upon which may yet enhance the annual sacrifice of Revenue, His Lordship in Council resolves to forward the Correspondence submitted by the Board with the foregoing observations, to the Government of India for their sanction to the proposed measure.—

16. It will be explained to that Government that, before the abolition of these items of revenue is carried out, the Board of Revenue will be instructed with particular reference to those items classed as Jungle-wood Farms, Junglerents, Jungle produce &c.a to satisfy themselves in communication with the several Collectors, that the abolition of these petty taxes will in no way interfere with the rights or claims the Government may have to Forest or waste land, or lead to the injury or devastation of the Jungle or Forest land, and if it shall be found that the object of the existing taxe is

is not so much the production of revenue as the conservation of the Forests and the maintenance of the rights of Government over waste lands, the Board will in that case, suspend the abolition of any such taxes, until they have reported on them to the Government.-

17. The Board will be pleased to take up the consideration of similar items brought to account under heads of Revenue, other than small Farms.-

Informing that the balance outstanding on the Mootah of Yeedoolapaukaw Bonumghy for Fusly 1256 was recovered in full subsequently.

Furnishing explanations regarding the balances outstanding on Culdindy and Kytapully Villages.

Sir

Para 1.

With reference to your letter of the 21st Instant received this day requesting to know why the Demand on Culdindy and the Government Village of Kytapully for Fusly 1256 has been allowed to accrue as a balance in Fusly 1257 / 1847/48. I have the honor to explain that the sums entered in the Statement referred to against Kytapully is the balance due on the 11th July last, and not the settlement for Fusly 1256 as the Board seem to suppose. The actual settlement of the two Estates now under Circar Management amounted to Rupees 9,363-5-2- as shewn in the Margin, of which the sum of Rupees 2669-10-6- was collected within

Estates	Collection within the Fusly	Collection subsequently	Total Collection	Balance
	Rs a p	Rs a p	Rs a p	Rs a p
Culdindy	847 5 2	799 12 7	1647 2 9	7715 2 3
Kytapully	857 0 6	1812 13 11	2669 14 5	6693 11 10
Total	1704 5 8	2612 10 6	4316 15 2	14409 1 1

within the Fusly and Rupees 78-9-11 since.-

2. The cause of the balance on Kytapully not having been collected within the year as in the preceding one has arisen from the circumstance of the abundant wet produce of the Village not being thrashed and kyled by the Villagers in time for the revenue to be realized within that period. It would have been immediately afterwards collected had it not been for the transfer in the mean time of the Village to the Guntoor District.-

3. The sum entered against Culdindy is the demands of Peishcush, and the sum of Rupees 799-12-7 collected within the year instead of being applied to the payment of Peishcush was absorbed in the advance of 4000 Rupees made for extensive repairs to the sources of irrigation in that Estate.-

From the Collr of Guntoor ..... 3 Para

Report on the Settlement of Land Revenue for Fusly 1256.

To Bd 21st April 47
From Dr 20th May "
To Dr 28th June "
From Dr 29th July "

I have the honor to submit in English and Telugoo the customary Statements 9 in number explanatory of the Settlement of the District for Fusly 1256/1846/47 with three others exhibiting in the forms received with the Boards Proceedings dated 29th July last the Demand, Collection and Balance, Account Current and balance of Pershcush of each of the purchased zemindaries.

New Sub division of Districts

2. I mentioned in my last Report that by the providential coincidence of high prices and good crops, and the measures of the Commissioner great obstacles to the pros=perous Management of the District had been removed in Fusly 1255-1845/46 In the Year under review, I have to record the no less signal help which has been afforded in another way.

The new subdivision of the Zemindary Villages into twelve compact Talooks according to the Mcap approved by the Board having with the Boards

Fort St. George 22d. November 1847

Boards concurrence been carried into effect from the 1st. September (although the new Moyen Jabitah did not come into operation until the 1st. February) has in every way immensely facilitated the management of the District, but especially the Jumnabundy. The Villages are mostly within two or three hours walk of their Talook Cutcherry, and the vexatious delays that hitherto always occurred in assembling Kurnums and Ryots have entirely disappeared. There is now no difficulty in making an early and thorough individual Settlement the benefits of which are felt in every Department of the Collectors duties. I consider that my own work has been lightened by at least a fourth, and that of the Tahsildars much more. I have heard it hinted moreover, that this measure coming upon the purchase of the Estates has extinguished what remained of the secret influence of the Zemmindars in resisting reform. Certain it is that there is a striking difference in the Kurnums and Head ryots as regards their willingness to listen to reason and consent to beneficial changes, & many Villages were indeed so far removed by distance

Fort St. George 22d. November 1847

distance from the controlling office that these parties had almost their own way. The majority of the Villages composing the present Ponnur Talook were in this predicament, and in all such cases much of the public Revenue has been saved from misappropriation.

3, It may be convenient here to mention the localities of the new Talooks, Innacondo Narsarowpet and Coorapad contain the western part of the District lying along the hills which skirt the Pahaud. The population is thin and a large proportion of the soil gravelly about one fifth of the Revenue is derived from Poolliary and about an equal share from wet lands under small tanks, when the season permits. The Jonna and Sungza crops are early like those of the Pahaud. Part of Coorapad Mangalagherry and Tenaly lie along the course of the Krishna and contain the best Jonna lands. Guntoor, Condaveed and Wartoor come next and form the centre of the District. Jonna is the principal crop. Repully part of Ponnoor and Bapetlah include the sandy tract along the coast and the low marshy lands which lie next inland to it. White and Red Paddy are the chief productions. The rest of Ponnoor and

and Prathapad contain a low level of the
black plain, and are cultivated partly with
Jonna, partly with tobacco chillies, red pady
korega and pulse

4 . Under the Boards instruction
dated 23d July 1846 in Statement No. I are
tered the particulars for the fourteen Taluks
instead of as heretofore for the five Estates
Palnaud. The details of the relinquishme
and occupation of lands as they are shown
Palnaud could not be conveniently furnis
on this occasion for Guntoor.

Season 5 The early part of the season was
much promise. Rain fell when wanted for
ploughing and sowing for all the various
crops. There was however from the middle
August to the end of September a long inter
without any, the result of which was that the
nasa Crops generally and the early Jonna
Palnaud and Western Taluks, suffered muc
October was very wet, and in the third week
District was deluged by an unusually heavy fa
of rain accompanied on the night of the 22d
with a gale of wind, which though less devastating
in its effects, than many former gales breach
many Tanks and generally laid the
crops

crops. The important tanks however communicating
with the Krishna were providentially saved though
in great jeopardy for some days. The banks of the new
channels were extensively swept away. The dry crops
appeared to recover from the effects of the storm, but
eventually proved from this cause or from insects
and blight, to have been nearly destroyed. Fever
was general west of Guntoor in November and De.
-cember and small pox prevailed so extensively
as to call for an additional number of vaccinators,
the employment of whom was sanctioned by Govern.
-ment. Many cattle also died.

Crops.

6. As the result of the season was
described with a few exceptions, chiefly in the Coora
-pad and Mangalagherry Taluks, the staple crops
of Jonna, whether in Guntoor or Palnaud though
of luxuriant growth, yielded little or no grain. The
abundance of straw has seldom been exceeded so that
near Guntoor and other large Towns the Ryots have
paid their rents by its sale. The third or pyra crop suc.
-ceeded better, especially Horsa which was excellent.
Bengal gram was for the most part destroyed by grubs
other pulse yielded well, Vellavadum or red paddy
succeeded perfectly and cotton crops were in some places
good, especially in the Palnaud.

Wet Crops

7. The heavy freshes of the Krishna filled
the Tanks depending on it in July and the floods in

Parah 2

of the grain was necessary - From the great
time secured for the Jamabundy as alre
explained it was found practicable to secure
more closely the village accounts and as a gen
rule they were compared with those filed
in the Hazoor for Fusly 1214 the last acco
=nt in which the Estates were all under the
1844-45
Collectors immediate management, and unde
unnecessary and unauthorized deductions
had been subsequently made by the Zemind
or renters, the difference was wholly or in
part according to circumstances again
to account - In the annual examina
=tion preparatory to the Jamabundy al
the fields waste or cultivated of each vil
were ordered to be included, instead of, as
heretofore such fields only as had been new
=ly occupied or relinquished - For this
purpose a register of the fields numbering
them regularly in the order of their situ
was ordered to be made out - In the Talu
it was completed - In Guntoor it was not
attempted in the renter villages, but in
cases though very great difficulty was
experienced the Register was with more
or less imperfection made out and the fiel
examin

examined - Considerable progress was made as
To 13th to 10th June 1846 proposed and allowed by the Board in reducing
From do 23d July
the various arbitrary village standards of land
measure to the English acre - In all the villages
surveyed under the orders of the Commissioner
those measurements were adopted in the Kurnums
accounts - In other cases the cutcheries were reduced
to acres according to the recorded lengths of the
village line in the accounts in Standard Cubits.
In the Zemindary villages situated in the
Palnaud the lands were measured and classed
and the rates revised by the Talook establish
=ments in accordance with the rates prevailing
in the neighbouring villages - a detailed report of
these was submitted to the Board on the
30th September last - The wet lands in the
Palnaud were assessed and the new tarums
brought into operation as has also been
17th September 1847 separately reported to the Board - The wet
lands in Guntoor were as usual settled by
actual measurement of the produce, but
owing to the advantages secured by the new
Talooks and the activity of the Talsildar of Bannoor
and Bapetla and from there being so little
dry grain to be shared the Ryling was completed
with unescampled expedition and to this cause also

it

Fort St. George 22d. November 1847

it is computed is in some measure to be ascribed to
large out-turn, as compared with previous years and
with the Estimates made before measurement.
The Poollary or grass rents were settled by competition
as in the year before. The further information
Pro Mr. June 47 Para 8 desired by the Board on this Branch of the
land revenue will be given in a separate letter.
The new method of keeping the Talook and
village accounts and of furnishing receipts to
rayets referred to in Para 7 of my last Jamma
=bundy Report have come into general operation
and are much appreciated. They form an
important addition to the checks against
fraud, and have led to the detection of several
cases of malversation chiefly in the Palmaid
which have been disposed of under Regulation
IX of 1822.

11 The vacancies in the village Establish
=ments as regards Heads of villages and village
Mokhtands were filled up as far as practicable.
A great number of these offices had continued
vacant since the famine and from the want of
regular or sufficient emoluments few persons
were desirous or even willing to be nominated to
them. It was found advisable to substitute
monthly

Fort St. George 22d. November 1847

monthly pay for Enams to Mokhtands and the usual
rate fixed for the latter was two Rupees as proposed
in my letter to the Board dated 31st July 1846.
Pending the decision of the Board and
12 Government on the question of remunerating Heads
of villages I ordered the Tahsildars to allow to
the exctent of 12 Rupees of the assessment on
their lands in that year to lie over till further
orders as reported in my letter to the Board dated
9th February 1847. The amount so suspended is
Rupees 6952-3-8 to 640 Heads of villages. I am
happy to say that there has already been evidence
of increased attention to their duties by
village Establishments.

in the recollection of the Board that Govern=
B.d Pro. 3d Dec. 1846 =ment under date the 17th November 1846 specially
sanctioned the extension of the Head Assistants'
charge to three Talooks at the same time requiring
that the result of this arrangement should be reported
I am happy to state that under it the Circuit of
twelve Talooks was completed by the middle of
March when the two remaining Talooks of
Repalle and Bapetla were commenced and with

a few exceptions the Cowls for each distributed at the Pushka or some principal village. I could not however the accounts of the settlement closed for some weeks after the Fusly expired, for want of those of the sharing villages in the Repalle Taluk.

14 On the whole I consider that Fusly 1256 (1846-47) is the first year in which a comparison ought to be made between the results of the Zemindary and Raytwary systems in this District, and even now the comparison ought to be made with reserve in as much as more time is required to perfect what has been begun and to extend the same principles of settlement to the villages still remaining under renting or sharing tenure.

15 The general results of the year as regards the Revenue were more favorable than could might have been anticipated from the harvest & the profits of the year preceding the development of the true resources in villages where they had been concealed, and it is hoped also the progress toward a better system told effectively upon them. The settlement exceeded that of the previous year in the sum of Rupees 14,830-2-8

16 The following Statement shews the Revenue from all sources current and arrear in the two last Fuslies. There is an increase in the Land Revenue of 14,840-8-6 much of which however is only apparent as the net collections in 1255 (1845/46) for nine months are entered against the gross collections in 1256 (1846-47). Besides in the receipts for 1256 (1846-47) are included Rupees 3225-1-11 the interest received from the deposited Bonds of the Vasseredy Estate. A net decrease on the Extra Sources in

18. Of 266 Villages under rent in Fusly 1255 / 1845/46 which lapsed with that year, 76 were rented again, 166 were settled Ryotwar including 12 in which the then prevailing sharing tenure was displaced by Muota rates, and 24 being Villages along the Coast were retained under amanny, and settled as will be more particularly explained below. Of the Villages previously under "Muota", 11 were given in rent. Of Villages under Share 40 were settled

settled for Muota and 5 were given for Village rents.

19. The following statement shews the settlement of each Talook in comparison with the preceding year. It Amounts to 1234873-10-8 being about 10,000 Rupees above the permanent Peishcush. An increase appears in 10 Talooks averaging from 25/4 per Cent in Bapetlah to 6 3/4 per Cent in Martoor. In Tenally there is a decrease of 15 1/2 per Cent arising from the substitution of the Muota for sharing tenure, and in Innaconda of 3. per Cent from the deficiency in wet Cultivation as shewn in the margin. The population as returned in the present year, and it is hoped more accurately than heretofore, is also shewn in the Statement.

I shall now shew the Comparative results of the Settlement under each head &c. The particulars of the Villages under rent in $\frac{1256}{1846.47}$ are as follows.

	Villages	1255	1256	Increase	Decrease
Rent for more than 1 year Continued	134	12,5,449 " "	1,35,641 3 5	10,192 3 6	" " "

Total	226	18,9861 13 11	2,18,650 3 5	29,602 12 10	1114 7 4

It will be observed that there is an increase of 10,192 - 3 - 6 on Villages on the same lease in both years. This is the progressive addition according to the terms of the rent. These are for the most part rents given during Mr. Lockhart's charge of the District in $\frac{1254}{1844.45}$ and expire with $\frac{1256}{1846.47}$. The increase is much larger on the Villages in which the rents were renewed, being upwards of one third on the preceding settlement. Most of these Villages were in the late Coorapaud & Tunah and had been under successive rents since $\frac{1244}{1834.135}$. The engagements now concluded are

are except in eight instances where they are for one, or two years, with the Villagers themselves. The great increase may be ascribed to the stimulus given by the profits obtained in $\frac{1255}{1846-46}$ and to the extension of Cultivation during the previous Leases. The 11 Villages under Mucta in the previous year were rented under special reasons represented by the Tahsildar. In two Cases the engagements are for one year, and the rest for two. The decrease of about 1/6th on the 5 Villages which in $\frac{1255}{1846-46}$ were under share is accounted for by the very high outturn of sharing Villages in $\frac{1255}{1846-45}$. one Village is rented for one the rest for two years. A detailed statement of the Villages rented for more than one year was submitted for the Sanction of the Board on the 28th April 1847.

Mucta Lands 21. The particulars of the Land settled under mucta tenure are shewn in the subjoined statements. First as regards lands which were under mucta from the preceding year.

There appears in the first item an increase of near 6000 Rupees but as the items of quit rent Poollary, and Fruit Trees, included in $\frac{1255}{1846-46}$ under the rents, are now separately exhibited under those heads respectively, the comparison should be between the total settlement for the two years in those Villages, which will shew an increase in favor of $\frac{1256}{1846-47}$ of Rupees 31759-1-2.

28.

Of the increase some also is to be ascribed to the discontinuance of unauthorized remissions

remissions allowed by the renters or Zemindars under the names of "Nagud reyayet" Remission in money "Tagada" or Extra land given in without shist and "kutch" or land deducted as unproductive. There seems reason to think that to a large extent such remissions have taken place without any other cause than the short sighted and venal management of the Zemindars, and the amount diverted from the revenue had formed a fund for corruption, and been shared among the Shanmoo Head Ryots, Public Servants, and Zemindars without benefiting the ryots generally

24. In the next item of Villages which continued under Ryotwar from the preceding Fusly the increase is about 11½ per Cent, and is made up of extended Cultivation progressive increase on lands taken up on cowle and the discontinuance of remission the last however in a smaller proportion than in Villages which lapsed from rent.-

25 The next item of lands for special reasons not included in Village rents, require

no particular remark. The mucta lands in sharing Villages consist for the most part of Gardening Villages and the increase as will be more particularly explained under the next head, is chiefly caused by the transfer to this head of a large amount from Villages which were before under rent. No remark is called for respecting the small amount in Agraharums -

A detailed statement of 49 of
27. these Villages shewing the annual revenue was sent to the Board on the 28th April 1847- Three Villages were subsequently settled. With respect to the Villages settled on average Collections it may be observed that the revenue of Fusly 1255 is one of the highest in the 1845-46 series

series, and consequently, the decrease in the terms now accepted below that year, is very considerable but with reference to the average, to the saving Extra establishments. and especially to the advantage of the ryots in the long run, the terms appear very advantageous. The settlements made of the Villages in the Tenally Talook, are of the same Kind as were made by Mr. Goldingham in certain Villages of the Rochoor Tannah. The Ryots have agreed to bring the whole lands of the Village under cultivation, to measure and classify the lands, and attain the maximum settlement in 3 years according to the following scale.

	Villages	Average Collections from 1238 to 1242 Before famine	Average Collections from 1243 to 1251 Since Do.	Settlement now Accepted 1256	1257	125

At the end of the three years the rate will be open to revision. In the mean time unquestionably a higher revenue will be secured to Government than under share, and great relief be afforded to the ryots. The reasons probably

probably why most of these Villages have been always under share is that though the lands are very rich and in a favorable season highly productive, they are many of them on a low level, and very susceptible of damage from floods and too much rain.

28. The terms are apparently more favorable in these Villages where old rates have been restored, as also in detached fields for obvious reasons. These rates are high in the Mangalagherry Talook, and could not be paid under a recurrence of low prices.

Dry Lands on Share.

29. The dry lands under share are next to be noticed under the following Classification.

	Villages	1255 Land	1255 Shist	1256 Land	1256 Shist	Increase	Decrease
Villages under share in both years	32	9891	22,253 " 5	10,226	20,341 10 4	" " "	1911 6 1

	56	33,476	58,376	17,950	34,696 13 1	" " "	23,679 6 5

Most of these Villages which continued under share are in the Coast Talooks, and were not settled under

under Inukta partly because the present Tahsildars were not in charge of those Villages in time, and partly from the poor prospect of the Sonnah Crops, after the heavy rains at the close of the season. There would have been a still larger Net decrease but for the good returns from some Villages where "Vellavadum" was chiefly grown.

30. With respect to the Shareing Villages which lapsed from rent. It is to be explained that they nearly all belong to the [illegible] Circar, and of the total revenue realized in 1256 a large proportion is transferred to the heads as follows.-

Dry lands on Share	10,866--
Jareeb Do. under Inucta	13,936-9--
Villages of Boodam, Murrapoody and white paddy in Marsh lands transferred to Magany	8935--
Quit rent on Enams	26-12
Poollary	3954--
Fruit trees	512-10
Total	38,281-11
1255 under rent 30454-1-1	30,663-7
1255 Viet included in Do. 209-6-10	
Increase in 1256	7,618-4

In all these Villages it has been usual to assess the garden productions cultivated by hand labor

labor, such as Tobacco, Chillies, Cheyroot, Raggy, Vegetables at rates varying both with the Crop and with the person Cultivating and except in the case of favored Classes such as Kurnums, vexatiously high. Gram and dry grains Cultivated by the plough, and red paddy were settled under share.

31. The detached fields which continued under share exhibit a heavy loss owing to the failure of the Sonna Crop. They were not settled on inucta from delay on the part of the Tahsildar, till the result of the season was foreseen when the ryots would not consent to the change.

32. The item of Guttoo toom is an addition of one Toom per Poolly or 6 per Cent on the produce of lands which have benefited by the new Channels except in the case of Enams, its propriety seems questionable.

Wet Lands

33. The following Statement exhibits the settlement of the wet lands Talookwar. It will be observed that there is a great increase in produce in the Coast Talooks and tho' in a less proportion from the loss of about 5 Rupees per Candy in the settlement price, also in the revenue. It will be remembered that this item in $\frac{1255}{1845/46}$ was more than double the Amount in $\frac{1254}{1844/45}$. The annual Amount from $\frac{1251}{1841/42}$ is noted in the Margin.

1253	24288--

1256	182576--

The increase Contains Rupees 11132-1-7, the Revenue from rice lands last year included under Village rents Vega.

The remainder is ascribable to increased produce and Cultivation in Consequence of Krishna irrigation the Copious rains in October, and to more effective superintendence during the process of threshing and measuring.

34. The increase in Quit rent on Enams as shewn in the Margin is simply owing to the transfer to this head of the Quit rents in Villages of which the rents terminated in 1255 and which were last year included under rents. There was a small decrease from a similar transfer to Villages rented in 1256 and from resuming some service Enams relinquished by the Enamdars.

37 Of the increase of Rupees 3113-11-9 in the rent of Sopes Rs. 1638-6-3 is the Amount transferred from rented Villages, the rest is from the season having been favorable for tamarinds, but perhaps still more from greater Care and promptness in Concluding the rents. The increase would have been larger but for a great fall in the price of Tamarinds.

Gundoor Current Collections.

38 Of the Settlement there was collected within the Fusly Rupees 115324-7-7, leaving a balance of 6½ per Cent of which there has been subsequently collected to the 15th October Rs. 46379-14-2. The following are the particulars.

Of the remainder it is hoped the greater part will be soon realized. With reference to the very heavy arrears which have always hitherto lain over at the end of the Fusly this balance will not I trust be considered large the it may appear so in comparison with the

Districts

Districts where a good system has been long established. The Board will also perceive that as I have always anticipated the relief of the ryots by relaxing the restrictions on their disposal of their Crop, and fixing the Rists at a later period in the year, has facilitated rather than otherwise the Collections which have been made more punctually as regards Guntoor, than in any former year on record.-

40. The arrears outstanding at the beginning of the Fusly amounted to the enormous Sum of 2316743-15-9½ of which Rupees 102690-5-2- were Collected within the Fusly- Respecting the remainder I consider that the recovery of the items of rent, share, Quit rent, and Pollary only ought to be pressed and the rest up to 1253 (1843-44) inclusive remitted at once, but the subject requires a separate report.-

For the future however, I propose to include such sums in the demand, as, if considered proper they may be kept separate, from the net revenue of the Estates.-

The

Palnaud Settlement.

44. The principal features in the settlement of Palnaud are the revision of the existing survey accounts with a view to the preparation of a complete Register of Fields, numbered in the order of their situation and the extension of the Field assessment to the Wet lands, for which object the Naib Serishtadar was with the permission of the Board continued in charge of both the Talooks to the end of the Fusly. He accomplished his task much to my satisfaction, and the result has already been separately reported to the Board. He was also employed by me to survey and assess three Villages belonging to the Guntoor Circar which have been incorporated in the Datchapully Talook. A detailed Report on these villages was submitted in my letter of the 30th September 1847.

45. The settlement gives a Net increase on the preceding Fusly of Rupees 19,748-12-9 as shewn in the subjoined Statement. It will be observed that the amount settled on the wet

wet lands falls short of the preceding Fusly in the sum of Rupees 2957-2-2 so that the increase on other items amounted to Rupees 22,705-14-11. The increase is generally ascribable to the profitable return of Fusly $\frac{1255}{1845/46}$ causing extended Cultivation, to the efficient management of the Tahsildar, and to the detection of cultivation heretofore concealed by examining all the fields and Measuring the Enams.

Notes.

1 In this account for the Land Revenue of the Guntoor Circar the demand entered is up to Fasly 1254 the full permanent Peshcush. For 1255 the Demand is the Rists of permanent Peshcush for 9 Months and actual collections for 3 Months. For 1256 the Demand is the actual Settlement of the Villages. The sum of Rupees 163766 10 5 Collected on account of arrears from Purchased Zemindary Villages from 1st May 1255 to the close of 1256 are not entered in this account.

2 The Total Demand for Guntoor Circar for 1255 in Column 222 differs from that entered in Column 94 because the latter exhibits the Settlement according to the Village accounts.- The former the permanent Peishcush of 9 Months and Collections of 3 Months as mentioned in preceding note-

3. The average is struck for Guntoor Circar from 1227 inclusive prior to which the Mokturfa accounts are defective and for Palnaud from Fasly 1211. The totals to shew average are made out for those series of years respectively.

From the Collector of Bellary

Submitting an explanation with reference to the Extract from the Proceedings of the Board of Revenue dated 5th Instant on the Extra Tent allowance drawn by himself and his Subordinates in Fusly 1256 also forwarding Copy of a letter from the Sub Collector having reference to the subject and requesting Sanction for the Tent allowance already drawn under the reasons specified.

Sir,

With reference to the Extract from the Proceedings of the Board of Revenue under date the 5th Instant I have the honor to enclose Copy of a letter from my Sub Collector regarding the Extra Tent allowance drawn by him in Fusly 1256.

As regards my Head Assistant

2.

Mr Arbuthnot I beg to state that it was on no Public grounds alone that I directed him to proceed to the Western Talooks giving him charge of the Police of those Talooks for the same reason no I have now deputed him to the Eastern Talooks as I am myself in this neighbourhood - In a District so extensive as Bellary, the distance for instance between Mr Arbuthnot's present location and mine being nearly 100 Miles involving a journey of 200 Miles to any Ryot who is compelled to come from thence

ORIGINAL DESTROYED

thence to me, it is an advantage to detach the Head Assistant from the Weazoor and as he is not permanently fixed but obliged to proceed upon any duty I consider him entitled to Tent allowance

3. As regards the Tent allowance drawn by myself I beg to explain that though I made Ramandroog chiefly my Head Quarters yet that my Cutcherry and Tents were at those places where the Settlement was proceeding and where Settlement when the business required finding some convenience from letters being dated by different departments from different places I made the Droog my Head Quarters for the Writers even though I might have been elsewhere myself

4. It has always been usual for me to spend a part of the year in the Western Talooks and there is no spot more centrical than that from which I now write. I do not wish however to draw for any unlimited period and would beg to observe that as the 4 Western Talooks are collected here at Hospett Nagalapoor &c. / the Collectors Division comprising 12 Talooks / that it is not objectionable that I should reside in these Talooks for the time I have drawn for.

5. I have only in conclusion to observe that whereas in other Districts Tent allowance is a matter of profit, in this, it is not. There are neither Roads, Houses nor means of conveyance for Tents I keep up an immense Establishment of carriage for this purpose alone all the year round and my Tour of Settlement is many 100 Miles I therefore consider myself and my Subordinates fully entitled to the Tent allowance drawn and trust it will obtain the sanction of the Board.—

To
A. Mellor Esq.re
Collector of Bellary.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 4.th October 1847 and to submit the following explanation.—

2. I only arrived in the District on the 16.th January of July 1255 in consequence of which Jummabundy was not completed until late and I did not therefore arrive with my Cutcherry at Bellary until the 24.th of July or at the commencement of

of the ensuing Fusly. When draw 3rd allowance for the period allowed by the Board to my Predecessors to enable the Sub Collectors Cutcherry to be with the Hoozoor Cutcherry for the purpose of comparing accounts 8th.

3. The Summumabundy for Fusly 1256 commenced at an earlier period and I was therefore enabled to complete the Summumabundy and to arrive at Bellary and my Cutcherry before the conclusion of the Fusly and this will account for 87 days 3rd allowance having been drawn at the Sudr station in one Fusly but you will observe that 3rd allowance has only been drawn after the conclusion of each Summumabundy and does not exceed the period hitherto sanctioned.

Proceedings thereon.-1.

(33-34)

Under the circumstances explained in the foregoing letter and its enclosure the Board sanction the extra 3rd allowance drawn by Mr. Daniel while residing at Bellary for 82 days as well as the amount drawn by Mr. Arbuthnot while at Hospett for 166 days.

2. Before sanctioning the amount drawn by Mr. Mellor for the period of his stay at Ramandroog the Board request to be informed whether the Settlement of any Taloobs was made by himself or by the Ryots while he resided on the Hill.

3. In the event of this not having settled any during his residence there he will be pleased to state how many days he was employed in the low Country where the Settlement was in progress at the time that Ramandroog was considered to be his Head Quarters.

Ordered

Ordered also that a copy of the foregoing Proceedings be furnished to the Civil Auditor.-

From the Collr. of Bellary

To D. White Esqre
Acting Secretary to the Board of Revenue
Fort St. George.-

Sir,

1. With reference to the Boards Circular letter under date the 8th August 1850 I have the honor to acquaint you for the information of the Board that one Narsinga Patel the Village Curnom of Antapoor in the Kumpily Taloob of this District proposes to construct a Choultry on that Village at his own expense, for the use of Native Travellers and requests permission so to do submitting at the same time an Estimate and Plan for the Building which are herein enclosed.-

2. The Village in which the Choultry is now proposed to be constructed, is situated on the high road from Bellary to Hurryhur 8m. 8m. and on this line there is no Choultry available for the accommodation of the Public. This route is at present much frequented by Travellers 8m. 8m. and the Village has of late become a halting place, but being small great inconvenience is experienced by travellers for want of accommodation there. The Establishment of a Choultry

3. in the Village above named is highly desirable and necessary and would prove of much public utility. I have therefore the honor to suggest that the permission solicited by Narsinga Patel may be granted on the usual condition. On the completion of the building a report will be made thereon with a view to the grant of Enam for its support as provided for in the rules now in force.-

Submitting correspondence with the Agent to the Governor of Fort St. George in Kurnool relative to the lapse of a yeamiah in the district by the death of Goolam Nubee and soliciting favorable consideration to the Agent's recommendation that Rupees 12½ being a third above half the allowance of deceased be continued in the name of the Widow under certain conditions and that the arrears undrawn be paid to her unconditionally.

I am directed by the Board of Revenue to submit for the consideration and orders of the Most Noble the Governor in Council the accompanying correspondence which has passed between this Office and the Agent to the Governor at Kurnool relative to the lapse of a yeamiah in his district.

From Agent 19th July with Encls. 23d Augt 1847
Board's Proceedings 23d Dec.
From Agent 18th Septr with Encls. 21st Octr
Bd's Proceedings 21st October
From Agent 28th October with Encls. 22d Novr

From the Sahed of the Nabob Goolam Rusool Khan dated 13th Mohurrum A.D. 1830 / A.H. 1246. which accompanies Mr. Phillips's letter of 28th Ultimo, it will be observed that Ghoolam Nubee, the party whose death is now reported, was allowed daily half a doody from each bazar and half a doody per Ghunny Bag on all articles sold in the Buzaar. It appears however that a ready money allowance of Rupees 24-6- per Mensem was afterwards substituted for this Rusoom and that it has been continued at the same rate since

Vide Kurnool Yeamiah List 30th Dec. 1843 inclosed 15th June 1844 No. 7.

1547

Fort St. George 22d November 1847

since the Country came into the possession of the British.

In July 1845, Ghoolam Nubbee proceeded, with the permission of the late agent, on a pilgrimage to Mecca and is reported to have died on the 20th May last at Bombay, while on his return to his native place. During his absence his yearly allowance remained undrawn, and amounted at his death to Rupees 552-3-8.

The family left by deceased consists of his widow three daughters one of whom is married and two Aged Aunts. The Agent recommends that Rupees 12-8, being a little more than half the allowance enjoyed by Ghoolam Nubbee be continued in the name of the widow, for the maintenance of herself her two unmarried daughters, and the two Aunts being at the rate of Rupees 2-8 each with the understanding that it be reduced by that Amount on the death or Marriage of either and each of those for whose support it is granted.

The Board are aware that the allowance of the late Ghoolam Nubbee was regarded by Government as a life grant, yet as the family left by him consists entirely of females who have no means of livelihood, they beg to submit the Agent's recommendation for the favorable consideration of Government with respect however to the arrears due to the deceased the Board are of opinion that they should be paid unconditionally to his widow.

Sir.

From the Collector of Salem — Returns Boorandeen Saibs Petition praying for a refund of a moiety of amount paid by him for British Salt and is of opinion that he could not fail in meeting with a ready Market for it at Bangalore —

I have the honor to acknowledge the receipt of your letter of the 5th August last forwarding a Petition No. 1209 of 1847 presented to the Board by one Boorandeen Saib of Vaniembaudy for enquiry and report, I have the honor to state that the Petitioner appears to have purchased 20 Garce of British Salt at Madras and sent it to his partner Chinnachetty at Vaniembaudy for Sale who retained 10 or 12 Garce and sent the rest to Ofoor Bangalore Vde but meeting with no demand for it he wrote to the Petitioner stating that the salt was rejected by Merchants, who supposed that it was clarified with something prejudicial to their estate, such as bones Vde On enquiry before the Sheristadar of the Tripatoor talook the said Chinnachetty deposed that one Hyder Saib Vde Merchants rejected the Salt stating that it was mixed with something unwholesome and that he could therefore get no sale for it

Hyder Saib

15156 Fort Saint George 22d. November 1847.

Hyder Saib Vde Merchants of Vaniembaudy also appeared before the Tahsil-dar and deposed that they never entertained any bad opinion of the Salt in question, but was only prevented from purchasing it by people who are in the habit of using country coarse Salt.

As the Petitioner met with no demand for this article among the Natives I am led to suppose that he is endeavouring to make up any loss he may have sustained by getting a moiety of the sum he paid for it refunded, but I should suppose that he could not fail in meeting with a ready Market for it at Bangalore.

From the Collr of Madura

Sir,

With reference to the concluding para of your letter of the 15th March I have the honor to transmit a Form of an agreement to be entered into by the Trustees of Devastanums previous to the transfer to them of Villages and Lands attached to those Institutions now under charge of Government. On the Board's approval of the same the 11 entire Villages mentioned in para 2 of your letter will be made over, and the further information called for regarding the other Villages and Lands will be furnished as soon as possible. I trust that the delay which has occurred may be excused on account of an unusually heavy Jammabundy and the want of a Head Sheristadar.

Translation

No. 1.

Translate of proposed obligation to the executed by Teekaram Doobajee Manager of the Meenatchee Pagoda as well as by Ganapathy Tumberan Superintendent of the Oodia Taver Cuttay institution

The Ceremonies of the institution abovementioned have hitherto since the resumption of its endowment Viz.t the Village of Ganapathy Yaindel been performed by means of a Tusdeek fixed by Government. The said Village being now restored and made over to us in pursuance of the orders of the Board of Revenue dated 15.th March 1847 we bind ourselves to make the Settlement &.ca from Fusly 1257 to grant Puttahs to the Ryots and collect assessment accordingly, and to continue to perform the Ceremonies of the institution regularly from the proceeds of the Village.-

Moreover we agree to improve the sources of irrigation and to maintain the usual privileges and rights of the Ryots in regard to the lands

We further bind ourselves to abstain from collecting exctra cess above the regulated and usual demand. For any infringement of this rule, we shall be liable to

to the penalty prescribed by Section XI Regulation XXX of 1822.-

Furthermore we will not fail to continue the Maniem allotted to temples and Bramins, as well as the Service and other Sundry Maniems, according to the Customs and practice observed hitherto.-

We will report to the Collector the deaths or continued absence of all Maniemdars with all particulars required for a decision in regard to succession thereto.-

The sources of irrigation of the Village in question being blended with that of the Ain, we consent to pay to the Government a proportionate share of the Expense of repairs.-

Whenever repairs are made to the Tanks, Channels &.ca common to the Circar and the Devastanom we will furnish the requisite number of workmen for that purpose in proportion to our share.-

We will not grant Cowles of lands in the Village aforesaid at lower rates as an indecement to the Ryots of the Ain Villages to neglect the Cultivation of their lands to the loss of Government.-

N. B. Where just rent alone is liable

by

by Government, provision should be made to the following effect. We bind ourselves to pay the Government quit rent according to the Risthundy and to continue to perform the Ceremonies of the institution with the surplus proceeds, and for arrears of Quit rent our property will be liable to be attached and sold in satisfaction of it.

From the Collr. of Madura, Reporting upon the claim of Mr. G. F. Fischer against Government for refund of Rs. 16138-2-0. on behalf of the son of Nunjapah Chitty Cardamom renter.- 8th January 1847.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue calling for a full report upon the claim preferred to Government by Mr. G. F. Fischer for a sum of money, alleged to be due to the Heirs of Nunjapah Chitty, on account of the rent of the Cardamom Hills, formerly included in this District, but since transferred to Travancore from fusly 1220 to 1222.-

2.- The right of Collecting spontaneous Cardamoms and other wild produce was let to Nunjapah Chitty, for the period already stated, at the yearly sum of 7100 Chuckrums or Rupees 15060-9-6- The Rent for fusly 1220 and 21, together with 2121-3-0 on account of that for fusly 1222, appears to have been paid by him in Cash; and so far the Cutcherry accounts and those of the Renter Agree. In the course of fusly 1222 the Produce was attached for arrears and a portion disposed of to the Collector of Trichinopoly;

a

a portion at Madras through Mr. Christie the Doctor at Madura; and a farther portion the Petitioner states to the Principal Collector of Madura, on account of Government for Rupees 2102-

3- The Collector of Trichinopoly and Mr. Christie remitted the purchase money by Accountant General's Bills the amount of which were retained in the District Treasury; and there is an entry of another receipt of Rupees 2723-10-. which nearly corresponds with the alleged price of Cardamoms taken by the Collector of Madura. Several disbursements were made for Charges of Carriage and Subsidy as also it would appear from the Collectors Accounts to Kistnanah Chetty, the Shroff of the Treasury, who was generally reputed to be a Partner of the renter; leaving a balance due to Nunjapah Chitty of Rupees 3566-13-. which was entered in the Accounts submitted to the Board of Revenue under dates 27th. August 1830 and 10th. December 1834, as a part of the sums embezzled by the late Cash Keeper Bickajee Rowjee and the Shroff Kistnama Chitty.

4- Mr. Fischer in his letter to the Chief

Chief Secretary to Government claims on account of Nunjapah Chitty's Heirs the sum of Rupees 16,138-6-. as the Balance on account with a like sum as Interest.

5- To facilitate discussion of the Items I beg to annex a comparison of the Receipts and Disbursements appearing in the two accounts.

6. The only substantial difference in receipts, as shewn in the Account of the Renter and the District respectively, is the Item of 3566. 13. 6 appearing in the former and not in the latter; and this it will be seen from the letter noted in the Margin, Mr. Fischer has now abandoned.—

From G. Fischer Esqr. 28th. August 1847.

7. In the Disbursements the amounts carried to the Government credit on account of the Rent are the same in both the accounts, with the exception of 6 pice. In the Statements of Advances to the Renter the sum of 3850 admitted by the Claimant corresponds with the aggregate of the sums of 1750 and 700, advanced for Cart hire, and 1400 to the Renter himself; the charge of 916. 5. — for Sibbendy in the Government Accounts is now admitted by Mr. Fischer and Rupees 3566. 13. 6 is an acknowledged Balance in the Treasury, leaving as the real object of dispute the sums noted in the Margin which are entered in the Treasury accounts as having been paid to Kistnama Chitty, the Treasury shroff.

8. As I have already stated, it has been supposed that this person was a Partner of Ninjapah Chitty if not himself the Substantive Renter, but his name is not mentioned in the Lease of Moochalka, and I have no proof of the fact

fact beyond a traditional connection in the Cutcherry that such was the case and the mention in the receipts for the Item of 2861. 12. 5, given by Kistnapah Chitty, that he had received the money for the Renter, neither of which evidences, obviously, are of legal value — For the other payments to Kristnama Chetty there are no receipts.—

9. If however Kistnama Chitty had no authority, to receive money on account of the Rent it would seem extraordinary that the Renter who was alive till the year after the defalcations in the Madura Treasury came to light should not have claimed the Balance due to him according to the Accounts. It is true, that in his Petition to the Board, dated the 18th. June 1834, his son asserts that he Ninjapah died prior Mr. Peter for payment; but my Cutcherry records have been searched in vain for a trace of such an application; neither can I find the Petitions which the son states he himself presented to Mr. Viveash.—

10. The last receipts on account of the Cardamoms were in 1815. Mr. Peter did not die till 1828, and Ninjapah Chitty survived his son states about a year — In so long a period it might be supposed, that although Mr. Peter might have purposely put off the payment

†16th. June 1834 No. 633.

payment by excuses as asserted in the Petition† to the Board, the Renter would have had ample opportunity of enforcing his claim by an appeal to higher Authority - The absence of proof of his having attempted to do so leads strongly to the conclusion, that Kristnapah Chetty was a partner. On the other hand the circumstance of 3566-13-6 remaining a Balance in the Treasury favors the allegation that demands were made without success; for why it may be asked, did not Kristnamah Chetty draw out that sum also.—

11- To give an opinion on a claim founded on transactions enveloped in so much obscurity is necessarily a matter of great hesitation, but as it is incumbent on me to express one. I beg to state that it appears to me, that Government should offer payment of the sum of 3566-13-6 shewn to be due to the Renter by the Accounts with a like sum as Interest, making a Total of 7133-11-. Mr. Fischer's claim on account of the sum reduced as above stated, being 16138-.-6 with a like sum as Interest 16138—6—. For any further Amount he may consider due, I would leave the claimant to sue in the Civil Court.

23d. March 1847.

12- After the above was written the wazir† noted in the Margin from an alleged son of Kristnamah

Kristnamah Chetty was brought to my notice - I therefore deferred the despatch of this report in the hope of obtaining further light on the subject and sent a summons to him thro' the Collector of Tinnevelly. In answer however I was informed that he has gone to Trichinopoly whither I also sent a summons but as he cannot be found there and I do not know where else to seek for him, I now submit the letter.

13. I deem it necessary to state, that I have not had an opportunity of inspecting the receipts of Kristnama Chetty for the advance of 2861-12-5 referred to in the 8th para; nor the entries in the original Accounts for the other sums paid to Kristnama Chetty, amounting in the aggregate to 8111-12-5. These documents are said by the Head Writer to have been returned by him to the Cash Keeper after being inspected by my Predecessor, while the Cash Keeper denies having received them. Search has several times been made for them by my orders without success. The Statement I now submit, can I have no doubt be depended upon, as it is copied from Statements prepared long ago which in several places contained corrections not

To, The Collector of Madura.—

Sir,

With reference to our interview on Tuesday last regarding my claim on Government on Cardamom a/c. I beg to state that having examined my papers I am constrained to admit that the item of Rupees 3506-13- on the Dr. side in the Statement that I gave in must be an error, and I acknowledge that I am bound to bear the item of Rupees 916-5- in your account for Establishment Charges for Fasly. 1222 the admission of which two items will reduce my demand by so much, but with respect to the items charged in your said account as paid to Srinivasa Chetty, it is very likely he did receive them or rather that he did take them, for I suspect no Authority will be found for his doing so notwithstanding the take of the Collector as I am informed he did many other items but that would not I respectfully submit justify the Government in deducting them, the one more than the other from monies due and belonging to Nunjapah Chetty.—

The sons of Sunjapah Chetty assert the fact in their petition to the Board nor would they have gone to the Board had they not tried and failed with the local authorities and I doubt not the Native public Servants of that time could speak to it if they dared at all events the sons of Sunjapha Chetty are prepared to make affidavit that their Father & themselves did repeatedly apply to that effect to the aforesaid two Collectors personally as well as in writing.-

From the Collr. of Madura. 31. Sir, In reply to the Board's Proceedings of the 20th. September last I have the honor to state that the only part of the Madura District in which wheat is cultivated is the Palany Hills.

Reporting on the Cultivation of wheat in the Madura District.-

Fort St. George 22d. November 1847.

Hills and there only to such an insignificant extent that the supply of this grain required for the consumption of the European Inhabitants of Madura is furnished by the Salem District; I have requested the Sub Collector to ascertain and inform me of the extent of land cultivated with wheat but as it is certainly too small to afford useful data I think it unnecessary to await his reply.-

2. The wheat originally grown on the Palaney Hills was of an inferior description, but I understand that my Predecessor endeavoured to improve it by procuring seed from Salem.-

3. It is probable that these Hills might be made to produce a considerable quantity of wheat but there are two great obstacles at present to extensive cultivation there of an Article of export in the thinness of the population and the extreme difficulty of the Passes. Produce must be brought down to the low Country by Coolies at the rate of 8 Annas each or 6 Rupees for a quantity equivalent to a Bandy load. The distance from the foot of the Hills to the Sea Coast is 50 Miles the transit of which would cost 17½ Rupees the bandy load. It must also be borne

borne in mind that the Ports of this District are not visited by Vessels of any size.-

4. Were the passes improved the inhabitants of the low Country would still require great inducements to brave the coldness of the climate, and I do not perceive how those inducements are to be furnished at present. The Nelagherry and Shevaroy Hills have been brought into their present state of improvement by the resort thither of Europeans followed by the supplies of their wants but the Palaney Hills are not so conveniently situated for a Sanitarium.

5. The same obstacles do not seem to oppose the cultivation of wheat on the Sheeramally Hills but they are of small extent.-

From the Agt. Collr. of Tinnevelly. } Paras. Submitting further detailed information on certain points connected with the Enam of Gopaulsamoodrum and Kodaganellore.

Sir,

With reference to your letter and instructions under date the 19th. April last regarding the ready Money Enam of Rupees 848-7-9- deducted from the Jummabundy Cuzy of the Villages of Gopaulsamoodrum and Codaganellore in this District, I have the honor to forward the following Statement showing the little on which each person claims a share of the Maniums in question how long he has enjoyed it, and upon what principles the shares have been distributed among the claimants themselves as also a genealogical table corresponding with the Statement and showing in one view the descent of the parties lately enjoying the Enam from the original Grantee.-

2. The Enam was originally granted to Seetaramiah in Anndoo 921 and was enjoyed by him and his Brothers Ragooputy Iyah and Naranjah jointly till a division took place between them in Anndoo 951 when it reverted to Seetaraiyah alone.- A.D. 1715/16.

By Vencataramyah up to Aundoo 979.-

By Samoovyah up to Aundoo 979.-

4. In Aundoo 980 a division of property took place among the heirs of the Original Grantee and the Enam was divided as follows.-

To the Heirs of Rungoopully Iyah the brother of Original Grantee Poons 55 which was enjoyed jointly by his Grandsons Vencataswaryah and Sittuppawiah up to Aundoo 1010 and separately in equal shares by Vencataswaryah up to Aundoo 1020 by Sittuppawiah up to Aundoo 1018 when he died and by his son Gopaliah up to Aundoo 1020 when the Enam was attached A.D. 1841 A share and 5/8 the

By his Son Seetaramyah up to Aundoo 1020

Amiety of the Enam enjoyed by the 2 Females
above referred to being 15 Poons also reverted to
them after the said 2 Women's demise.

8. I have confined myself above in
accordance with the primary meaning of the
instructions received to the title &c. of those
Claimants who have actually been enjoying a share
of the Enam in question but before concluding
I beg to mention that there are 2 other Claimants
to a share in it Viz. Annaviah & Vencoovyah.
Annaviah appears to be the
adopted

9.

adopted son of Sellamiah above mentioned who died in Aundoo 1020 and claims his adoptive father's share but as the Enam has been under attachment ever since Sellamiah's death, it is uncertain whether the family who are at variance with one another would admit his right to it.

10. The Enam appears to have been divided as above on the principle of allowing to the direct heirs in the male line of Sectaramien the Original Grantee 100 Poons more than would have otherwise fallen to their share.- Thus to the Grandson of Vencataswarein by the daughters side 50 Poons.-

To the heirs of Sectaramien's brothers 125 Poons

To Sectaramiens sons surviving or leaving Male issue 225 Poons.

11. The Amount of this Enam paid to the parties in fusly 1253 having been again collected from them in fusly 1254 and held in deposit their enjoyment of the same up to Aundoo 1020 corresponding with the latter year is not complete but they have reckoned their enjoyment up to 1020 the period when it was last attached. The proceeds of the Enam from Fusly 1248 to 1256 amounting to Pd. 6776-1-10 are

are in deposit.-

12 In concluding my report regarding the mode in which this Enam has been divided among the peaons abovementioned I beg to add that their claim and title rests solely on their descent from or other connection with the Original Grantee Sectaramien as above detailed.-

13. Vencoviah alias Vencataswariah whose claim is referred to in the Translation of a Yakeed which accompanied a letter from this Office to the Board dated September 19th 1845. is descended from another branch of the family viz. from one Veeraraga-viah Father's brother of the Original Grantee; he gives a different account of the origin of the Enam stating that half or 200 Poons only was granted to Sectaramiah whom I have considered the Original Grantee of the whole & half to one Vencataramiah Grandson of the above Veeraragaviah but neither he nor those he claims through, appear ever to have regularly enjoyed for any time any part of the enam.-

14. Vengooviah asserts that his Ancestors have enjoyed it for 2 years viz. in 1806 & 1826 and it is probable this was the case or at least the latter of these 2 occasions. The cause may be briefly explained as follows in the year 1805 a Punchayet awarded to Vencooviens Grand father Colunda

Appaviens

Fort St. George 22d. November 1847.

Appavien &c. 1/5. share of this Enam with other property- this Award was at first confirmed by the Collector & ordered to be carried into effect under date 6th. April 1805 but within a few months on 21st. September of the same year was cancelled by the same authority. In 1825 the Madura Zillah Court ordered the execution of this award in favor of Vengooviens Grand Father Colunda Appavien which order was cancelled by the Provincial Court Southern Division under date 3rd. June 1826 and the latter was subsequently confirmed by the Sudr Adawlut on the 5th April 1827 attested copies of which decisions are in this Office.

15. Neither Vengooviend nor his Ancestors' Names are entered in the Government Accounts and had his Claim been a just one I cannot conceive that those who were defrauded would have been silent in Mr. Huskingtons and Mr. Cottons time if one branch of the family had been wholly excluded improperly in their respective lists.

16. On a reference to the Canoogoos list it appears that the Enam was not always carried up to 1209 Fusly at the same time in opposition to its being a mere life Grant in the strict sense of the word it is worthy of consideration that the personsin whose name it stands in the said list previous to our Assumption of the Country is Vencataswarien the Son of the Original Grantee as per Extract from this Account forwarded to the Board under date the 24th. October 1806.

17. Although strict orders have been issued for the production of the Purwanah and the 3 months allowed have elapsed some time back it has not been brought forward and is stated to have been lost.-

Sir,

With reference to the correspondence noted in the margin, I am directed by the Board of Revenue to request you will submit to the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Tinnevelly, dated 29th September last affording the further information called for by Government on the subject of the ready money Enam deducted from the annual Beriz of the two Villages of Gopalasamoodrum and Codaganullor in his District.-

2. From this letter it appears that the Enam in question has been distributed among the descendants of the original grantee by a mutual arrangement and apparently without any authority from the Officers of Government. Mr. Elton has entered into a full explanation of the manner in which the division has been made and the proportions enjoyed by each branch of the family and he says that the only claim and title which any of the sharers have, rest solely or

on their descent from, and connexion with the original Grantee.-

3. The Purwanah it will be observed is not forthcoming.- The prescribed notice was issued by the Collector for its production within three months, but to no purpose. The reason assigned for its non production is that it has been lost.-

The proceeds of this Enam from Fasly 1248 to 1256 are in deposit, pending the final decision of Government in the case and amount the Collector states to Rupees 6776-1-10 The sentiments of the Board on the subject of this Enam have already been laid before Government in their letter of 8th February last.-

Most humbly Sheweth,

I most respectfully beg to inform your honor that in obedience to the order of Mr. Thomas, I converted a piece of Ground measuring one beed Cottah from an immemorial waste land, which was used for cutting bricks near the bank of the River at Tencausey into a garden at a considerable expense about 2 years ago and planted about 400 trees of different kinds in it Viz.t Manyoe, Cocoanut, Eloopi, Tamarind, Maryosa,

Margosa, Jack, Gooseberry and Poomy trees &c.a which are now in a thriving state. As Tencausy is a place which is frequented by Travellers and others of other Districts who pass through it to Travancore via Paupavenasum and Terukanungoody, and as a great multitude of people resort thither during Sammabundy and are subject to great inconvenience and trouble for want of a halting place during the North Western Monsoon. I intend to construct a Choultry with cut stone and with tiled roof for Charity at a Cost of Rupees 700 or 800 adjacent to the above Garden. To accomplish my object in view, I have already prepared cut stones, Bricks and Chunam and other Materials required, and the work is now commenced which I hope your honor might have seen. In conclusion I beg to inform that as grants of waste lands are sanctioned by Government to many Chuttrums lately constructed I most humbly beseech your honor goodness will be graciously pleased to recommend for a grant to this Chuttrum also.

Resolution thereon.

(73-74)

Before passing final orders on the subject of the foregoing letter, the Board are desirous of being informed of the nature of the

accommodation which the Choultry proposed to be built will afford, and whether it will be open for the reception of all classes of travellers. A Plan of the Building should be submitted.

From the Asst. Collr. of Tinnevelly } Paral-

With reference to the Endorse-

=ment on Board Petition No. 1028 of 1847, in which Petitioners complain that they have been unjustly fined 7 Rupees for each Palmira tree, on a charge of having cut down 24 Palmiras in 1840, and pray for the refunding of the same, I have the honor to report that an enquiry was held on a charge brought against the Petitioners by one Garoodappengar of Munnarcoil, when it having appeared that Alagappa Nadan and Nadacumoo Nadan had cut down 24 Palmira Trees, (the former 10, and the latter 14.) capable of yielding Revenue to Govern=ment, an order No. 445 dated 27th August 1840 was issued to the Talook fining the Petitioners in the sum of Rupees 108, or Rupees 7 per tree, according to a Circular order and Proclamation

Proclamation of the year 1838, which penalty was levied and carried to the credit of Government.

2- I consider that this order cannot be altogether justified, as the fine seems excessive, and should not as pointed out by the Board on a former occasion have exceeded 50 Rupees each, but the Petitioners should not have allowed so long a time as nearly 7 years to elapse before preferring an appeal.-

Sir,

Instant by which I am directed to submit to the Board

Referring to your letter of the 21st

Board in Department of Public Works on the same day, as my Report on Extra sources of Revenue is transmitted the report on the Roads and communications of this District called for by the Board's Circular letter of the 19th February 1846, I regret to be obliged to state that I have been so entirely engrossed with the other business of my Office, and particularly with the preparation of the Summabundy Statements and reports that it has been wholly out of my power to prepare the report referred to, and as the time limited for the transmission of the report on the Extra Sources has already elapsed, I have not thought it desirable to delay its transmission- The report on the roads and communications shall not be delayed further than can possibly be avoided-

Sir,

From the Superintendent of Stamps

The Principal Collector of Coimbatore continued to draw the fixed Establishment as sanctioned by Government on the 13th March 1827 on account of the Stamp Department. I have the honor in consequence to request that you will be good enough to inform me whether it is still intended by the Board that the Collector should continue to draw the same amount now that the Stamp Revenue has considerably fallen in consequence of the abolition of the Sayer duties - The fixed Establishment as now drawn is found to exceed the total of 5 per Cent by Company's Rupees 321 - - - on the gross Collections during the past Fasly.

It will be observed on a reference to Para 14 of Mr. Sullivan's letter to the Board, dated 15th July 1826, that in recommending an increase to the Stamp Establishment he stated that the business in the Stamp Department had considerably increased and now that the business has decreased - I would beg leave to suggest that should the Board think it

it necessary they will issue early instructions to the Collector to suspend the Establishment pending the final orders of Government on this reference and so authorizing in the meantime the Collector to disburse to the Venders a commission of 5 per Cent on the actual Sales.-
