22d November

Read Return of Petitions for the Month of September and October 1847 received from the Collector of Masulipatam -

(1)

Proceedings thereon. The Collector is requested to state in his Register of Petitions for November at what period the Board may be led to expect that the Petitions marginally noted will be disposed of -

2 Petitions of 1841
1 Do. of 1844
2 Do. of 1845
6 Do. of 1846

Read the following Petitions received from the Collector of Nellore for the Quarter ending the 30th September 1847 -

Return of Fines and Stoppages from the pay of public Servants -

Return of alterations in the list of Fines -

Return of Public servants suspended and dismissed -

(2)

Proceedings thereon. The entire fines in this quarter amounting to Rupees 87 - - appear to have been carried to account without any alteration. A note at the foot of the Return of fines stating that the entire sum had been carried to account would render it unnecessary to transmit the list of alterations in which that information is given. This course should be adopted whenever it may be practicable in regard to this or other periodical Returns -

Adverting to Case No. 2 recorded in the

Para 1. The Most Noble the Governor in Council observes from the Statements of Yeomiahdars furnished by Mr. Davis, then Sub Collector in charge of South Arcot, on the 1st December 1828, and recorded in Consultation of the 16th January 1829, that

that all the yeomiahs in the Jaghire of Suncrampoorum were granted by the Jaghiredar Sied Mahomed Ajsain Khan and his son Sied Gully Moollak Khan, subsequently a pensioner of the British Government on the resumption of the Jaghire, and that most of the Grants are of recent date. Under these Circumstances and referring to the orders passed on similar grants and alienations of the revenue, it is presumed that the Government could not have contemplated when sanctioning the payment of the yeomiahs of the Jaghire, more than a life enjoyment by the parties then in existence.-

2. When the Government directed the resumption of the Grants of the Poligars of Woodiarpalliem and Pitchavarum in the same District, they authorized the payment of a money allowance for life to the individuals who were dispossessed by that measure; and in like manner the alienations for the support of Religious* Establishments were resumed, and a money allowance equivalent to their value granted in compensation for a period of 5 years. These arrangements were approved and confirmed by the Honorable Court in Para 3 and 4 of their Despatch dated 1st February 1843 No. 2 wherein they remarked that their instructions to deal liberally with the parties were sufficiently

complied

complied with.-

3. As these Grants of the Poligars for the support of Pagodas &c. were not treated as permanent Religious service Grants, and a fixed amount of compensation was granted once for all on their resumption, His Lordship in Council considers it will be sufficient in the present case to continue the lapsed yeomiah of the late Sied Ebrahim, which has already been enjoyed for a period of nearly 19 years since the resumption of the Jaghire, during the life of the present claimant Sied Basavooddeen the Eldest son of the Deceased. The allowance of Rupees 77-7 per annum will accordingly be paid to that individual in arrear from the 1st January 1847 the date of Sied Ebrahim's death.-

Para 1 The Most Noble the Governor in Council sanctions

Fort St. George 25th November 1847

Sanctions the charges incurred in fusly 1255 on account of Government Plantations in Bellary amounting to Rupees /3584-12-2/ Three thousand, five hundred and eighty four annas twelve and pice two.-

Dy. 12th April 1842 No. 3-1-17th Decr. 1843 -do- 6.

2. These charges were incurred under the authority of Government dated 11th April 1842 No. 443 Sanctioning a disbursement for the following 10 years of Rupees /6000/ Six thousand per Annum in maintaining existing Topes and in planting new ones; of this period four years have already elapsed while the charges for Fusly 1256 are below both the sanctioned amount and the expenditure of the preceding year.

Dy. 28th June 1846 No. 30-31.-

3. The plantations were commenced in 1825 and amount after more than 20 years to 686 containing 183391 Trees, of these 604 Topes of 150288 Trees did not require further care or expense.

4. It is presumed that the older plantations have already become productive and are assessed to the revenue, if so it would be desirable to know in the annual reports, the amount realized to Government as a return for the outlay incurred on them.-

Acting Secretary to the
Board of Revenue
Fort St. George

Sir, With reference to the Extract from the Proceedings of the Board of Revenue dated the 1st March last forwarding Copy of one from the Minutes of Consultation of Government of the 23d February 1847 authorizing me to forego the Collection of the advances made to the Ryots of the Cauza and Moggollah Estates to enable them to proceed in their appeal from the decisions of the subordinate Court in the suits preferred by the exproprietors of those Estates for the recovery of the balances outstanding against the Ryots prior to the date of the sale of the Estates and directing me to watch the progress of the appeal and afford the Ryots every aid on the occasion and if necessary to bring the question for definite settlement before the highest tribunal. I have the honor to inform you that prior to the receipt of these orders all the Ryots filed their appeal suits and the Civil Court reversed the sub Courts Decrees

Decrees and decided in favor of the Ryots as reported by me under date the 2d. February last with Copy of one of the Decrees in appeal Suit No. 175 of 1846. The proprietors of Moogydallah have since then presented appeal Petitions to the Court of Sudder Udalut who have accepted their Petition for the admission of special appeals from
D the 25th. Ultimo the Decrees of the Civil Judge. Copy of the Extract from that Proceedings received from the Civil Judge at Rajahmundry is herewith forwarded for the information of the Board.

Rajahmundry District
Rajahmundry
5th November 1847. } (Signed) I. Prendergast
Collector.

No. 1.

Extract from the Proceedings of the Sudder Udalut Under date the 25th October 1847.

Read special appeal Petitions presented on the 19th April 1847 by I. Appiah Vakeel on behalf of C. Ramakistnamah and another of Zillah Rajahmundry.

1. These are applications for the admission of special Appeals from the decrees of the Civil Judge of Rajahmundry in appeal Suits Nos. 191, 192, and 193 of 1846 on the file of that Court.

2. The Original Suits Nos. 40, 41 and

17

17 of 1845 on the file of the Subordinate Court were severally instituted to recover arrears of rent and decrees were passed by the Subordinate Judge in favor of the Petitioners (Plaintiffs) awarding in each case such sums as the documentary evidence shewed to be due. The Subordinate Judge was of opinion that Petitioners were entitled to recover these arrears of rent as their Estate had been sold to satisfy the circar demand upon the land.

The Civil Judge reversed the Decrees of the Subordinate Judge on the ground that from the very fact of the Estate having been sold because petitioners had failed to pay the revenue on the land, it was clear that all arrears if collected would become the property of Government, in short that the right to levy those arrears no longer rested with Petitioners but with Government.

3. The Court of Sudder Udalut observe that the question arising from these suits is one of General importance, and ought in their opinion to be decided by the Higher Court, which it appears has not hitherto been done. On this ground the Court resolve to admit special appeals from the Decrees passed by the Civil Judge in appeal Suits Nos. 191-192, and 193 of 1846 on his file provided that

that the Petitioners do deposit on or before the 6th day of December next in the Civil Court of Rajahmundry security for the eventual costs of the appeal.-

Ordered that Extract from these Proceedings be forwarded to the Civil Judge of Rajahmundry directing him to call on Petitioners to deposit security as abovementioned by Precept returnable on or before the 13th December next.-

Ordered also that Extract from these Proceedings be furnished to Petitioner's Vakeel on application.

From the Coll. of Masulipatam

Sir

Para 1 I have the honor to request that you will submit for the orders of the Board of Revenue the accompanying Copy of a letter addressed to the late Acting Collector by Captain C. Taylor 47th Regiment N.I. tendering a Sum of Rupees 300 for a piece of ground, and the remains of a house and out building situated in the rear of the Regimental hospital at Ellore.-

2. I have made particular enquiries regarding the property which forms the subject of the present application, but I can find nothing on record to shew by whom the ground was first appropriated, and the premises, by whatever title they may have been originally held, must now be considered as having lapsed to Government.-

3. Captain Taylor since the arrival of the 47th Regiment at Ellore has, in consequence of the very great paucity of houses in that Cantonment, been induced to make the offer contained in his letter to purchase the ground, and the remains of the buildings upon it for Rupees 300.-

4. The ground measures 147 yards × 140 ÷ 2, and

and the buildings are in the most dilapidated Con-
dition. so much so that 2 years ago I had it in
Contemplation to recommend that the materials
should be used for repairing the roads in the town. I
consider therefore that Captain Saylor's offer is a fair one
and beg to recommend that it may be accepted.

Sir.

Having been informed that a piece of ground
situated on the North bank of a Nullah immediately in
rear of the Regimental Hospital at this Station formerly
granted to some person now unknown for the purpose
of building a house, and which for many years has been
without a Claimant has lately been considered as having
reverted to Government, and placed under the charge of the
Tahsildar I have the honor to request that you will have the
kindness to procure me a grant of the said ground and
permission to purchase the remains of the buildings thereon
situated for the sum of Rupees (300) three hundred.

Copy of a communication from Captain C.
Saylor of the 47th Regiment N. I. tendering an
offer for the purchase of a Building together
with the lands attached thereto being the pro-
perty of Government.

2. It will be seen that the property
in question is situated in the rear of the Regiment
al Hospital at Ellore, and consists of a piece of
ground measuring 147 yards by 140½ and the
remains of a house and out buildings in a
very dilapidated Condition. Mr. Porter states
that he has made inquiries regarding the property but that
he can find nothing on record to show by whom the ground
was first appropriated and he adds that the premises by
whatever title they may have been originally held must
now be considered as having lapsed to Govern-

Para 1.

Reporting that Vurdaspah the 1st Dresser attached to a Collectors Cutchery is certainly in a very unwholesome State of body and that the Zillah Surgeon has considered him unfit to attend on the Collr and Cutchery and requesting the Govt will allow him T. Vencatachellum 2nd Dresser Rs 139 in the place of Vurdaspah

I. Vencatachellum the first Dresser who has been attached to this Cutcherry for the last 24 years having been pensioned a Dresser lately attached to the poor Hospital at Nellore named Mavoor Vurdaspah has been appointed to succeed him. The accompanying Copy of a letter addressed to me by the Zillah Surgeon shows how unfit he considered this person to attend on me and my Cutcherry in the first instance, but as I was on a tour of inspection through the Salt pans when he joined me I thought that the journey would fairly try him and enable me to judge whether I should be warranted in requesting for a Change. He has now been with me for about 2 Months and though I have no fault to find with his willingness to do his duty and am hardly a competant Judge of his abilities he certainly is in a very unwholesome State of body and coupling this with the want of confidence of the Zillah Surgeon under whom he has been for 3 years I think it right to ask Government to allow me another Dresser in his place.

Total period of his service at Nellore is 5 years of which 3 years under Mr Jackson the present Zillah Surgeon.

2. It is of no consequence to me whether I get a first or second Dresser what I wish for is a person in whom I can repose confidence, and one capable of stating a case intelligibly to the Gillah Surgeon in the event of illness when I am on Circuit

3 There is a second Dresser named L. Venkataroydoo No. 139 lately returned from Foreign Service in Aden and now employed in the Ganjam District who is closely related to my late Dresser, is a native of Ongole in this District and is well known and of whom the Gillah Surgeon has a very good opinion. If Government will kindly allow me this person I shall be satisfied and do trust the Board of Revenue will be pleased to support my request.

honor to inform you, that he is physically incompetent to perform the arduous duties required of him as he suffers from leprosy in both feet. On Jamaklundy he would be totally useless for if required to walk much his feet crack become painful and break out into sores, and he would necessarily be laid up. A person appointed to your department should be young, active, and enabled to endure great fatigue. I have the honor to transmit a statement of the Salt sold and the wastage which was found on the quantity stored for faslies 1256 prepared according to the form transmitted with the Deputy Secretary's letter of the 21st November 1836.

2. It will be observed that the outturn of 4 Garce 6557 — 16 — 0 of Salt on being disposed of came to Madras Garce 6321 — 263 — 6¾ and the wastage to Madras Garce 235 — 300 — 1¼ or Madras Garce 3 — 238 — 1¾₁₀₀ Cent which exceeds the percentage of the wastage in the faslies noted in the Margin in a small amount

I request you will obtain me the Sanction of Government for writing off the above wastage as also Sanction for C.Rs 212 — being the hire paid for conveying to the Flat forms on the Beach a part of the Salt lost by wastage shewn in the Statement.

From the Collector of Bellary — } Sir

Para 1 I have the honor to acquaint you for the information of the Board, that one Hazonbee (Sister of the late Camalapoor Shaik Hoosain Sucksheum on the Establishment of the Magistrate of this District who was killed while in the execution of his Public duties) to whom a Monthly Pension of Rs 1-5-4 is continued in this District under Sanction of Government of India dated 9th August 1841 Recorded in the Minutes of Consultation of the 6th September of that year represents to me her wish to Reside at Camalapoor in the Cuddapah District and draw her Pension in that Collectorate.

2. Hazonbees Pension is debited under the Head of "Pensions and Charitable allowances of a general nature" in my accounts, and as I am not aware of any objection to the payment of the same being transferred to Cuddapah as solicited, I request that the Board will be pleased to grant authority for the transfer and that the Collector of that District may receive the necessary instruction.

3 On the receipt of the Sanction the Pensioner will be furnished with the requisite Certificate and the Collector of Cuddapah with a duplicate of the same accompanied by a descriptive Roll of the Pensioner as directed in the 2d Para of the Board's Circular dated 15th February 1847

From the Collector of Bellary —

Forwarding with Particulars Copy of an application (with 3 Enclosures) from Mr J C Blake of Bellary soliciting the Grant of Enam for the support of a Choultry for Travellers constructed by him at his own expense in the neighbourhood of Bellary on the high Road to Kurnool Hydrabad &c.

Rec'd 15th February 1847

I have the honor to forward Copy of application (with 3 Enclosures) from Mr J C Blake of Bellary, soliciting a Grant of Enam for the support of a Choultry for

#. 8th February 1847
1 Plan
1 Statements of Valuation
1 Estimate for the Cooking shed.

Travellers constructed by him with a Plantation and two Wells, the whole at his own expense on the neighbourhood of Bellary on the high road to Kurnool Hydrabad &c.

2. It does not appear that Mr Blake obtained permission previous to erecting the Choultry, &c. He states as will be perceived by the accompanying Copy of his further letter to my address, that he was not aware of the Rule on this point and I am inclined to think that such is the Case, as People generally do not appear to be acquainted with the terms and particulars of the Rules. I have in consequence adopted the necessary measures to publish the same more generally throughout the District.

3. The Choultry &c. is established at a distance of a mile from Cusbah Bellary and though building within 10 Miles is opposed to

to the Rules, yet the utility of it admits of no question, as the Board will see by the Enclosed Mahazernamah (with Translation) from the inhabitants of Bellary. The institution is most useful to Travellers &c. for whom there is no sufficient accommodation at Bellary, the only Choultry there, being that of Pavada Maistry a respectable Inhabitant of Brucepett (long since dead and his relatives in a destitute condition) which is used by Travellers arriving, though enjoying no Enam does not operate against the present claim. The Town of Bellary being large and a great deficiency of accommodation for Travellers all such should I think be encouraged.

4. I have inspected the Choultry, Wells & Plantations of Mr. Blake, and I am of opinion, that they are useful to the Public. It would appear from the enclosures, that Mr. Blake has already undergone an Expense of Rupees 2720-1-4 exclusive of Rupees 89 for a Cooking shed which he proposes to erect making a total expenditure of Rupees 2809-1-4.

5. The full of extent Enam of the value of Rs. 60 has not been solicited for the support of the institution according

The extent of land which has been occupied by the Plantation is — acres 8 - 34 Goontahs

according to the Rules only the lands which are actually in his occupancy for which Mr. Blake continues at present to pay the Established assessment Viz.

Deduct 1/4th Remission	8-5-1
Net increase to Circar	24-15-3

This last mentioned sum Mr. Blake has applied for to be granted for the support of the Choultry & Plantation.

I think it however right to remark that the whole expense which Mr. Blake mentions is not incurred for the use of the Public entirely or for the construction of the Choultry (which is of very small size) but in beautifying the compound &c. &c. It is however well known to the Board, that sinking Wells and procuring good water to which the Public have access is of more importance in this arid climate than elsewhere. The old Wells almost invariably get bad and on two or three indifferent seasons succeeding each other water is very scarce, it may fairly be pronounced a work of public utility to sink a Well any where near Bellary and the crowds of People who eagerly frequent the newly opened springs give the

the best proof of the value of good fresh water in this Town- should Government comply with Mr. Blakes request I should obtain from him a written agreement that the Wells though also available for his Garden &c. should never be closed against the Public.-

7.- Considering the small number of institutions of this description established in this District for the Comfort and convenience of Travellers, and as Mr. Blake has incurred the expense from the best motives bestowing his personal attention I trust that any want of formality on his part in not obtaining previous permission according to the Rule will not prevent the grant of the support solicited.-

No. 1.

To A. Mellor Esqre.
Collector of the Zillah of
Bellary.

Sir,

The humble Address of Mr Blake an old inhabitant of Bellary.

1. Having constructed a Chultrum and 2 Wells with a Plantation for the

accommodation & use of the Travellers on the high and much frequented Road from & to Hydrabad and Bellary at a mile- distance from this station, I submitted an application for the grant of some Enam land for the preservation and support thereof, and you were pleased to order the Tahsildar of this Talook to inspect the Chultrum &c. and report upon them and this Officer accordingly inspected them and submitted his report to you on the 3d December 1846 by an Urzee No. 151.-

2.- The Tahsildar in making his Estimate of the work has excluded Rupees 76- annas 4- as being the Cost of the old Wells dug by General Wilson, but I beg to state that the so called Wells of General Wilson were no more than common pits - and were in a delapidated condition. I however bought them from that Officers. Writer for Rupees 130- and dug the wells quite anew, but in the same locality and incurred an expense more than sufficient to dug new ones- as will be seen from the enclosed Statement of actual expenditure, which I submit for your kind inspection. The work which was unfinished at

Fort St. George 25th November 1847

at the time of the Tahsildars inspection is now almost finished, and the Chuttrum and a Well are now quite available, & in use. The other Well is in progress and will be ready in a short time. The Chuttrum is now daily occupied by Travellers and Merchants who resort thither in preference to the Pettah, owing to the agreeable accommodation which it affords and the difficulty of finding lodgings and good water in the Pettah, and there could be no doubt that when the existence of this Chuttrum is known over the country the number of its visitors will be much increased.

3- The lands mentioned in the Tahsildars urzee and which are in a position calculated to be of great advantage to the Plantation if added to it, are as follows-

No.	Extent		Rate per Cantera Pagodas		Rent Cantera Pagodas			
	Acres	Cuntahs	Pags.	F.	Pags.	F.	As

The

Fort St. George 25th November 1847

The land abovementioned I humbly beg to say bear the proportion of one half to the grants usually made by Government on account of such Charitable and Public Works, and I therefore hope that you will kindly recommend to Government the granting of them as an Enam on which alone I depend for bringing my object into effect Viz. the perpetuation of the use of the Chuttrum for the public in general I beg leave to request that the Dry Koosh[illegible] Jarum Assessment of the lands may be continued until the sanction of the Government be obtained instead of enforcing the Seerva Jastee Assessment.

If I be so fortunate as to obtain the sanction I propose to improve the plantation by planting many other fruit trees in addition to the present number (50+) and to have some houses built near the Chuttrum- I need hardly mention how comfortable the Chuttrum will be to the travellers in preference to the Crowded Pettah.

+ Tamarind
Mangoes
Jambluns
Jack
Bear
Cocoanut
Nut &c. &c.

In conclusion I beg to assure you that your kindness and benevolence in obtaining the Enam for me will be always borne in remembrance of you

Bellary

Respected Sir, In reply to your letter of the 13th Instant, I beg leave to state that I was not aware of the existence of the rule therein mentioned, that on obtaining the ground in question from a Rypt. and a Razeenamah being filed in the Cutcherry, I made known to the Amildar of Bellary my intention of constructing a Chuttrum †[in April 1845] for the use of Travellers and requested of him to have the ground measured, which was accordingly done, and I commenced the work in question which is now finished. I beg to state that had the Amildar at the time intimated to me the existence of the rule (of which he may have been himself ignorant) I certainly would have applied for permission previous to commencing the work, I trust however that this explanation will prove satisfactory.

Translation of a Mahazurnamah.

We the undersigned Merchants and Inhabitants of Bellary do hereby declare, that

that Mr J. C. Blake has erected at his own expense above 2000 Rupees, a Choultry and 2 Wells, at a distance of one and a Half mile from Bellary on the high road to Kurnool Secundrabad Royachore &c. for the use of the Public, and the Wells contain excellent drinking water. The Merchants frequenting that road with merchandize &c. halt at the above Choultry, the same contributing to their convenience and comfort. We hope that this Charitable institution will receive support from Government the concession of which will gain for them great credit.

2.

The building has been erected on land in previous occupation of Mr. Blake which he is stated to have enclosed and improved at an outlay of Rupees 2720-1-4 (exclusive of Rupees 89 for a cooking shed) and appears to be very useful in consequence of there being but one mentioned Choultry in the Pettah of Bellary. The amount expended as will be seen in the Margin has not been laid out entirely on the building, which is said to be small, but in beautifying the Compound, planting fruit trees, sinking wells and procuring a plentiful supply of good water to which the public have free access.

Should Government see fit to grant the permanent alienation of this sum for the support of the Choultry and Garden, the Collector states that he will obtain a written agreement to the effect, that the well though available for Garden purposes shall never be closed against the public.

4th Considering the small number of institutions of this description in Bellary and the escpense incurred by Mr. Blake the Collector trusts that the want of formality in not obtaining previous sanction according to the rules will not prevent the grant of the support solicited, and the Board therefore beg to recommend that a grant of land rent free consisting of Acres Cents 35-13-4 assessed at Rupees 24-15-3 be made in endowment of the institution, to be continued so long only as the building and Wells are kept in repair and applied to the accommodation of Travellers of all classes.

From the Collector of South Arcot. Sir,

Returning Petition No. 1259 of 1847 addressed to the Board by one Annuntaeng ar and his two Brothers residents of Chellumbrum with report and requesting Board's instructions thereon

In returning the Petition No. 1259 of 1847 addressed to the Board by one Annuntieng ar and his two Brothers residents of Chellumbrum I have the honor to submit my report on the subject as required by the Board's endorsement.

2 Five Cawnies of Sunjah lands yielding an Annual Teerwah of Rupees 54-12-9 as per were given by the late Emilgar of Odiarpolliam out of his Cavely Enam to one Varaha Iyengar in the year 1783. This Original Grantee on dividing the family property with his brother Annuta Charry, left this Dutta Enam to the share of the latter, and accepted in lieu of his share certain Landed property in the Tanjore Country; consequently it would appear that the Grantee and his heirs have ceased long since to enjoy the income of this Enam.-

3. From the enclosed Genealogical Tree it will be seen that Annuntacharry the Brother of

of the Original Grantee, left three sons, of whom the eldest Streenevasengar dying without issue, the other two sons Vadanta charry and Satachaarry enjoyed this Enam in equal shares for a considerable period. the Petitioners are the sons of the latter, whose names are entered as sharers in the Column of Remarks of the Duttamaniem Statement forwarded by the Tahsildar in the year 1839 but in which Vadantacharry, being the senior member of the family, the grant was entered in his name by that Officer, as will be seen on reference to the Statement forwarded to the Board by my Predecessor Mr. Ashton with his letter under date the 27th November 1840.-

4 The Government having sanctioned a Money Pension for life to the several Dutta Enamdars, the lands were carried to Iyen Jumemah as therein directed from Fusly 1252 Vadantacharry having died the sum of Rupees 107-2-9 which was actually collected and kept in Deposit on account of previous years, was paid to the sons of the deceased in which a moiety was said to have been received by the Petitioners, who also state that the resumed Enams

Enams are since held on Teerwaput tenure in equal shares by themselves, and by the sons of Vadantacharry.—

5th The Petitioner now states that if the Government intended to confer the money Pension for life, the share enjoyed by Vadantachary should only be resumed or disposed of as they may deem proper, but that their moiety should be continued during their life according to the intentions of Government, moreover they state that if the Tasildar had omitted to enter their names conjointly with Vadantacharry in his statement instead of mentioning them in the Column of Remarks as sharers, the Government, cannot deprive them the benefit of their liberal intention. On this ground they prefer a claim to 27—6—4½ Rs a p being a moiety of the Grant from Fusly 1252, the period from which the payment of the Pension was discontinued owing to the demise of Vadantacharry.

6 On a reference to the Duttamaunion Statement submitted by the Tahsildar in 1839—although the Petitioners names are mentioned as sharers in the Grant, neither the Petitioners nor Vadantacharry are the lineal descendants of the Original

Fort St. George 25th November 1847

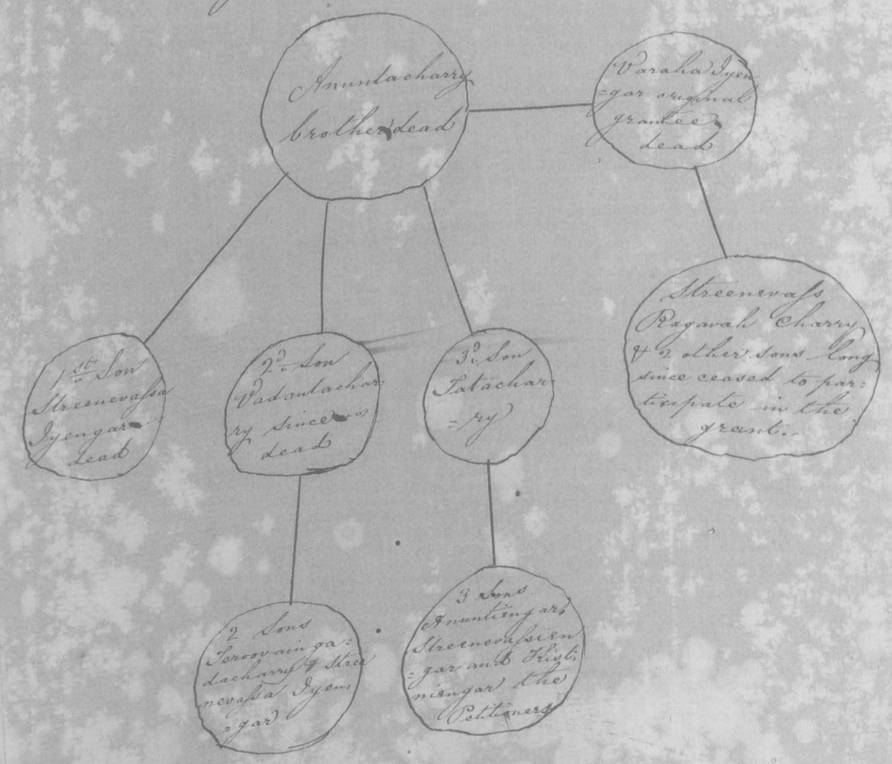

Original grantee Varaha Iyengar, nor do the former appear to be in distressed circumstances, I am therefore in doubt whether their claims can be admitted by Government.— should however the Board consider their case deserving favorable consideration from the circumstances abovementioned, it remains with them to procure the sanction of Government for a moiety of the Money Pension Rupees 27—6—4 per annum from Fasly 1252.

Proceedings thereon,

(27-28)

From the letter above recorded and its Enclosure, it appears that the Dutta Enam, a moiety of which is now claimed by the Petitioners was originally conferred by the late Coulgar of Woodiarpolliem upon one Vurdah Iyengar, who, in the family division of his Property transferred the maniam to his brother Aumutacharry, on whose demise, it was entered in the name of his son Vadantacharry, by whom and his brother Ipula Charriar, the father of the Petitioners it was enjoyed in equal shares. But in Fusly 1252 the grant was, in common with all other Enams of the same description in the District assumed under the orders of Government dated 31st January 1842, and a money allowance in Commutation was granted for life. Under these circumstances the Board resolved to reject the prayer of the Petitioners, and order the following Endorsement to be passed on their Petition No. 1259 of 1847.

"Under the explanation received from the Collector of South Arcot the Board are of opinion that the claim of the Petitioners is inadmissible."

From the Collr. of South Arcot

Sir,

Para 1.

Forwarding an Original Petition with its enclosures received from Duigue Moodelliar the Deputy Sheristadar of South Arcot regarding the Charity Choultry &c. built by him and recommending the same for the favorable consideration and orders of the Board and Government.

1. Minute of the French Government.
1. Bungalow and Rules. To be returned

I have the honor to submit on Original Petition with its enclosures received from my Deputy Sheristadar Duigue Moodelliar for the favorable consideration and orders of the Board and Government.

2. Petitioner has erected at this place on a large outlay, a Spacious Charity Choultry, sufficient to accommodate separately all classes of Native and other Travellers passing thro' New Town Munjacoopum, which stands, on the northern end of the Bridge over the Guddalum River and close to the main road, and is entirely maintained at his own expense, no maniem Land having ever been granted by Government for its support. The situation of the Choultry being almost in the centre of the Town, its great usefulness is generally acknowledged.

3 He is now erecting a very substantial Public Bungalow with Out-houses &c. at Pondicherry, which when finished will be provided with furniture &c. and specially reserved for the use of Gentlemen Travellers; and in the same compound which was granted to him free of Rent

by

by the French Government a separate shed for Soldiers, Sailors, East Indians, &c.a is also being built.—

4. The Board are doubtless aware of the great inconvenience hitherto experienced by the Servants of the Honorable East India Company, and Travellers in general for want of such accommodation at Pondicherry, that locality being usually considered as most convenient for halting there a day or two, in consequence of its salubrity, by those Gentlemen whose Official duty requires them to proceed to the Southward via South Arcot. This desirable object could not well be undertaken by the British Government, and the French Government having declared their inability in their resolution dated 21st. October 1846, great praise is therefore due to Diague Moodeliar for the uninterested and handsome manner he has, in contemplating the wishes and comfort of Travellers, come forward by causing the Buildings in question to be erected.—

5. To preserve these two works of Public utility, Petitioner has laid out a large sum of money in purchasing landed Property, and registering it in the name of the Cuddalore Choultry, the revenue to be realized therefrom appearing quite sufficient to defray the expenses necessary for keeping both buildings in good repair &c.a

but

but as he is most anxious to perpetuate their usefulness by placing the funds set apart for their preservation on a safe footing, he being apprehensive that either the Superintendent who may be appointed by his Will, or by his Heirs might be remiss in their duty, if left entirely without control; he begs to offer the following remedy and humbly craves the support of Government, which is, to permit him to pay into the Government Treasury, a sum of Four thousand and two hundred Rupees to be vested in the five per Cent Loan.— This sum as stated in the Petition is not to be claimed back from Government but only the interest thereon calculated at 5 per Cent, Petitioner requests, should be paid in perpetuity to the Superintendent of the said Institutions duly appointed by him, from the Treasury of the Collector of South Arcot, the latter Officer being empowered to supervise their efficient management and interfere in the event of any disagreement arising between the Heirs of Diague Moodeliar about the nomination of a Superintendent.—

6. As the request of the Petitioner will entail no expense on Government, and as a compliance with it will save the necessity of granting Manium Lands in future for the

support

support of the Choultry at Cuddalore, and consider-
ing also the great utility of these institutions, &
and the low rate of Interest demanded by the Petitioner,
I have great pleasure in recommending the case
for the favorable consideration and approval of
the Board and Government, with the full hope &
that they will not hesitate to afford their aid in car-
rying out so liberal and useful an undertaking.

To

W. D. Davis Esqre.
Collector of South Arcot.

&ca.

The humble Petition of Diague
Moodiliar Nail Sheristadar
in the said Collectorate.

Sheweth,

That your Petitioner, having found by long experience that, Native travellers, and other persons attending the Collector's Cutcherry and the Zillah Courts for their business, were much distressed for want of residence at Munjacoopum as a halting place, or during their stay on business, - Your Petitioner has built a Commodious Charity Choultry near the Bridge over the River Gudilum, sufficiently large to accommodate the various classes of

of Travellers with convenience and comfort to all,
and for the maintenance of which, had your &
Petitioner solicited the support of Government he
feels assured that he would have obtained 15 Cawnies
of land as prescribed in para 1st of the letter No. 961.
dated 28th December 1821 from Government to the
Board and in para 3rd of General Rules of the 9th
July 1829 from the Board. -

Finding also that the European
Travellers who pass through Pondicherry, are under
the necessity of making forced marches for want
of a Place in the said Town to halt, and that, several
gentlemen who may have business there for a day
or two, cannot procure a lodging without paying a
rent for a full Month or half, and your Petitioner
wishing to build a Bungalow at his own Cost for
the convenience of the said Gentlemen, addressed a
Petition to the French Government of Pondicherry
requesting them to grant him a Piece of ground which
your Petitioner has found most eligible for a site
and which belonged to the said Government. -

The Governor has readily complied
with the request and granted the said ground,
tax free, with the Royal Sanction (a Copy of which
is herewith annexed). Upon which your Petitioner
has commenced the Building which consists &
of a Hall and two Rooms with Closets sourrounded
by

Fort St. George 25th November 1847

by Varandah, having also Out-Houses, Stables, &ca. and proposes also to erect a separate lodging for Soldiers &ca. your Petitioner has founded certain other institutions of Charity and Piety, of lesser Order, which it is unnecessary to mention in detail.—

To perpetuate these works of Charity, your Petitioner has appropriated certain land Revenues for their support and maintenance, but for superintending and managing them after your Petitioners life, he is anxious to appoint a relation of his, most worthy of his confidence (to be named in his Will) with a suitable allowance, on whom, and his heirs and descendants, the said Durmacurtaship should devolve successively and perpetually; but fearing at the same time that any of his descendants may neglect his duty in the care and management of the said institutions, when left to himself without any control over him, and considering that the best means of effectually providing against the evil contemplated, is only by its being accomplished with the assistance of Government, without however, causing any pecuniary loss to the State; your Petitioner humbly proposes to pay into the Honorable Company's

treasury

Fort St. George 25th November 1847

treasury (the best secure place in this world) Rupees 4200, being the fund devoted to the said Charities and requests that the Interest thereof calculated at 5 Pr. Cent Pr. annum being Rupees 17½ may be paid to your Petitioner and after his death to the constituted Superintendent of the said Charities quarterly by the Collector of South Arcot in perpetuity - It is fully understood that the said principal sum will not be claimed either by your Petitioner or the said Superintendent his heirs or successors, at any time hereafter - The Collector for the time being vested with authority to check any abuse or mismanagement, and order to keep the Charity institutions in good repair.—

Your

Fort St. George 25th November 1847

Your Petitioner humbly requests, that the above said, proposition may be taken into your kind consideration, and should it meet with your approbation, that you will be pleased to submit the same for the favorable consideration of Government, and your Petitioner as in duty bound.—

Shall Ever: Pray.—

Submitting letter from the Collr. of South Arcot transmitting an original-

Sir, I am directed by the Board of Revenue to request you will lay before the Most Noble the Governor in Council the

Fort St. George 25th. November 1847

the accompanying letter from the Collector of South Arcot submitting an original Petition with Enclosures from Dragne Moodeliar his Native Sheristadar regarding certain charitable Institutions founded by that individual.-

2 From this it will be seen that the Petitioner has erected at a great expense a spacious Choultry at Cuddalore capable of accommodating separately all classes of Native and other Travellers passing thro' New Town, and that it is entirely maintained at his own charge, no Maniam land having been obtained from Government for its support- It is stated that in con= =sequence of the situation of the Buil= =ding almost in the Centre of the Town its great usefulness is generally acknowledged

3. It appears that Dragne = Moodeliar is now erecting a very substantial Public Bungalow with outhouses &c. at Pondicherry for the use of Travellers and that in the same compound which has been allotted to him free of rent by the French Government, a separate shed for soldiers Sailors, East Indians &c. is

on the course of erection. In noticing the utility of this work Mr. Davis adverts to the great incon= =venience hitherto experienced by European Travellers passing via South Arcot for want of such an accommodation at Pondicherry and adds that great praise is due to Dragne Moodeliar for the disinterested and handsome manner in which he has undertaken to provide for the comfort of Travellers- It will further be observed that Petitioner has laid out a large sum of money in purchasing landed property for the Endowment of the In= =stitutions the Revenue to be derived therefrom being sufficient for defraying the expenses ne= =cessary to keep them in repair-

4 Dragne Moodelly is also de= =sirous of appointing a Superintendent with a suitable allowance to have the care and Ma= =nagement of the Institutions, but being apprehen= =sive that they might be neglected in the absence of proper control, and anxious to perpetuate their usefulness by securing the application of the Funds set apart for the purpose to their intended object he requests that he may be permitted to pay into the Government Treasury the sum of 4,200 Rupees to be invested in the five per Cent Loans, and that the interest accruing thereon may be paid in perpetuity from the Treasury

of

15282 Fort St. George 25th November 1847

of the Collector of South arcot to the Superintendent to be duly appointed; it being understood that the principal sum is never to be claimed back from Government, and that the Collector is to supervise the efficient Management of the Buildings in the event of any disagreement arising between the heirs of Diagoo Moodelly regarding the nomination of a Superintendent In recommending this proposition for favorable consideration Mr. Davis observes that the Petitioner request will entail no expense on Government and that a compliance with it will save the necessity of granting Maunium Lands in future for the support of the Choultry at Cuddalore -

5 The Board entirely coincide in opinion with the Collector in regard to the praiseworthy conduct of his Nail Sheristadar in thus devoting a large portion of his private property to a work of real and practical utility - and they have therefore much pleasure in submitting for the sanction of Government the application of Mr. Davis on behalf of Diagoo Moodelly that he may be allowed to pay into the Treasury the sum of 4200 Rs. as above stated, authority being conveyed for disbursing the interest accruing thereon amounting to 7½ Rs. a Month to the founder or to his constituted Superintendent under the Provisions of Regulation VII of 1817 - They would also suggest for the consideration of His Lordship in Council whether the building referred to may not when completed deserve a place among those works of public convenience and utility, lists of which are periodically published in the official Gazette -

From the Acting Coll.r of Trichinopoly

Reports on Petition No. 1728 of 1847 from Cn. Rama Pillay of Coottalpaur in the District of Trichinopoly.

Dated 25th Inst. Received 27th Ditto

Sir,

I have the honor to acknowledge the receipt of your letter of the 28th Ultimo enclosing a Petition No. 1728 of 1847 from Cn. Rama Pillay of Coottalpaur in this District in which he states that certain investigations respecting which he was deposed before me on the 28th September mentioning all particulars had not yet been made. In reply to the instructions of the Board of Revenue to report on the charges which Petitioner is desirous of preferring against Channasawmy Pillay Jahsildar of Conaud, I beg to state that I am perfectly ignorant of all or any of them. But in consequence of a Petition from the same individual dated 19th April and received by me on the 26th of the same month I endeavoured to ascertain who he was as he had never appeared at the Cutchery, but as I could glean nothing favorable to his character he was sent for and invited on the 5th of May to give any detail respecting the matters he hinted at or Complained of; but he refused to give any deposition or say a word on the subject till I had either appointed him Commissioner with

Establishment

Fort St. George 25th November 1847

Establishment and a promise to make him Tahsildar or given him the Conand Tahsildar's situation*. Having told him that such was impossible until he had at least shewn there was some foundation for any Charge. He wished to have his petition back verbally engaging to write all particulars if I would let him come to my house and talk with me there. Both Shenstadars were present. It not being however my custom to receive suspicious Characters in the manner proposed I declined making any exception in Ramapillays favor, but endorsed his petition on the same date translate of which is herein enclosed directing him to furnish the details of the land in question. On the 6th July whilst on Circuit Ramapillay sent me another petition to a similar effect as the former one, which I endorsed on the 11th Idem translate of which is also enclosed - since which I have had no more petitions. On receipt of one from the Board however I sent again for Rama Pillay and although he repeatedly refused to give any deposition or say a word on the subject, I succeeded in shewing him the impracticability of dismissing the Tahsildar or appointing him Commissioner or with the desired staff without some deposition and a few details. I beg to enclose the said original Translation by which the Board will probably arrive at a similar conclusion with my self

* These provisions are repeated in the Petition to the Board.

Fort St. George 25th November 1847

Viz that Rama Pillay has no intention whatever of bringing to light any fraud; nor do I believe he has the power or inclination to recover a rupee for the Circar - the Shenstadars and all the Cutchry Servants declare perfect ignorance of any such case as that hinted at in the Petition or deposition of this individual - Rama Pillay plainly states that he does not even know whether the Curnom or any else are aware of any thing about the matter which he pretends he wishes first to be investigated - The abstract of Rama Pillays desires and petition as gleaned from his English Petition presented in triplicate to the Members of the Board of Revenue† appears to be 1st to pay me a private visit 2ndly to be appointed Commissioner with 16 Circar peons 2 from each Taluck to carry his summons and Warrants and 3 Rdly to have Nine Goomastahs attached to his Court who are to be promised to succeed to all Created vacancies should however the supposed 50,000 from the 8 Talucks not be forthcoming at the expiration of 9 Months the Petitioner will condescend to disgorge or forfeit the sum of Rupees 250 - which is less than half the Peons pay during that period and not

† Dated 17th June 1847

not even 1/6th of the pay of his deserved St. Cheudy; whilst the amount they would realize for themselves would doubtless be three fold what he shews his anxiety to collect on behalf of the Circar. This may be a very good way for a beggar to attempt raising money but I feel confident the Board would not allow any thing approaching to such an experiment. The appointment of such a man to investigate matters without at least first knowing what they are would be as absurd and illegal though as useful to himself as the issue of a Blank Warrant for the apprehension during 9 months of any individuals the petitioner might desire to rob - Nothing but a fraudulent motive can be at the bottom of his proposals - and I send his page against the Tahsildar of Conaud arises from his having as Head of Police pronounced a case of assault, brought by the same individual, to be the result of malice which opinion and decision were confirmed in appeal by the Session Judge -

2 Nothing can possibly be done in this matter until Rama pillay at least complies with the requisition contained in my Endorsement of the 5th of May and 10th of July last. When I shall be prepared to examine the same

Deposition taken on solemn affirmation before W. Elliot Esqre Acting Collector of Trichinopoly on the 25th September 1847 from one Rama Pillay son of Mootoo Carspa Pillay residing at Koottapaur -

2. In the petition presented by you on formerly you stated that some fraud had been committed in the Conaud Taloob, state in what manner or to what extent it occurred -

A. In the taloob of Conaud certain Cuamdars incorporated some lands belonging to the Ain with their Inamem lands regarding which the Curnom and Peishkar made a report to the Tahsildar of Conaud Chinnavawny Pillay, who instead of making any enquiry as to whether they belonged to the Ain or the Inamem lands recommended by an Arzee that they should be incorporated with the Inamem lands and obtained an order accordingly. -

Q. State what other charge you wish to make?

A. After the above said charge is investigated and proved I will state and prove the other charges mentioned in my petitions presented to you and the Board provided the examination be commenced according to my wishes contained in the concluding part of my petitions.

Q. What is the name of the Village alluded to in your first answer?

A. Regarding that matter the Tahsildar must be sent for and examined before the Sheristadars, and if he deny any knowledge of it I will shew an Arzee in the Hoozoor written by him with his signature.

Q. State whether you alone or any one else knows this subject?

A. I do not know whether any person besides myself knows the same or not.

Q. You say that this particular charge must be examined in the presence of the Sheristadars, have they then any knowledge of the matter?

A. I do not know.

From the Collector of Madura } Sir,

I have the honor to submit the accompanying translations of a Plaint and Supplemental Plaint, the latter brought against me by Veeramalay Pillay and others to prevent the removal of the bank of the Plaintiff's tank of Sillacolum in the Ammianaickanoor Zemindary by the Revenue authorities with the view of allowing the water to flow to the Government Village of Natchecolum, together with a draft of the answer I propose to file.-

Forwarding Translate of a Plaint and proposed Answer pro in O.S. No 13 of 1847 on the file of the Subordinate Court of Madura and requesting sanction for its being defended at the public expense.-

2. The Plaintiff's tank is a new tank, so placed as to cut off from the valuable Government Tank of the Natchecolum Village, the supply it has received from the earliest periods of the company's Government from two streams following from the Seroomalay Hills- consequently after due enquiry, Mr Blackburne caused a part of the bank of the Plaintiff's tank to be removed in order that the stream might flow as usual.-

3. To obtain authority to replace the bank, the Plaintiff sued the Villagers

of

of Natchecolum in the Sudr Ameen's Court, and procured from the Civil Judge a Precept directing me to allow them to make the requisite repairs and continue the use of the tank or to enjoy at least a proportionate quantity of the water available pending the decision of the Suit.—

4. The execution of this Precept would have restored the tank removed by the orders of my Predecessor, and deprived the Village of Natchecolum of its supply of water thereby seriously injuring the Government Revenue, and in fact delivering to the Plaintiffs all the objects of their undecided suit against the Villagers of Natchecolum—

5. I therefore demurred to the execution of the Precept; and, as it appeared to me that the Collector, who had done the alleged wrong, was intentionally omitted in the hope of the defence being feebly conducted, and that Government, whose interests were deeply affected, should have an opportunity of being heard; I requested the Civil Court to direct my admission a Defendant— Hence the supplemental Report. The accompanying Copy of the Precept and of my answer will explain this part of the Proceedings more fully.—

6. In conclusion I have the honor to request that the defence may be conducted at the Public expence.—

This is an action praying for a Decree prohibiting the removal, at the exertions of the Defendants, of the bank of the Plaintiffs Tank of Sellacolan described in the following boundaries and valued at Rupees 700 as per deed of Cowle and other documents, by the Revenue authorities in and drawing of its water to their tank of Nantchecolum.—

1. The tank of Sellacolum Village situated east of the road leading to Sholamundan in the limits of Sellacolum and

and Muttaparay Villages in Ammianaic Kuoor Zemindary, vent of the Pagoda of Adaka: lauthan and Kellemarathan South of Seppa: toorney, and north of the water spread of Soultchecolum Tank and the lands under it had been in repair previous to the Assumption of the County by the Honorable Compa: ny. It was in receipt of the surplus water of Yetticolum Tank on the North of it, and the lands depending on the first mentioned Tank were cultivated with Nunjah.

2. Afterwards two breaches had occurred in two different places on the main body of the Tank in question, and been in a state of disrepair. Unable to cultivate the lands under it with Nunjah by closing up the breaches and repairing the Tank, the 6 first Plaintiffs and other Ryots contented themselves with cultivating them with Punjah till Fusly 1807 / 1217.

3. From Fusly 1218 to 1225, 5 Coolies of Nunjah land were cultivated with the same specie of culture, and the remain: portion with Punjah, by throwing a dam in the water course formed by the breaches of Sellacolum Tank, and thro which the supe water of Yetticolum Tank found its way

4 The Tank in question being

been subsequently choked up so that it could hardly admit of that supply even, it obliged the Plaintiffs &c. to cultivate the above Coolies with Nunjah mail Punjah, and the remainder with Punjah up to Fusly 1254.

5. On the 24th Jye of Crothee Canar / 4th July 1845. Canaik the present Zemindar of Ammiaik: noor executed a deed of Cowle on Stampt Cadjan / duly registered / to the 7th Plaintiff &c. authorizing him to repair the bursted Tank and its Channel at an outlay of from one to two thousand Rupees, and to enjoy the same to posterities by cultivating the lands under it with Nunjah, paying him / the Zemindar / 3/4 of the fixed tax, the other 1/4 being enjoyed by 7th Plaintiff rent free with right of alienation either by gift or sale.

6. When the 7th Plaintiff en: deavoured to repair the Tank and Channel in virtue of the deed of Cowle, the above Zemindar and with his Assistance the 6 first Plaintiffs with their fellow cultivators prevented him from doing so.

7. Consequently the 7th Plaintiff sued the Zemindar, the Plaintiffs 1 to 6 and some other Ryots in Original Suit No. 15 of 1845 on the file of this Court, and a Razeena: mah was subsequently filed by both Parties

/the

/the Zemindar excepted/ under date the 8th March 1845 agreeing to repair the Tank at the expense of the first 6 Plaintiffs & to cultivate the lands under it with Nunjah according to the stipulation of the deed of Cowle; to let the 7th Plaintiff enjoy 5 Cawnies of land, the Cowle tax thereon being paid by him, to exclusion of any concern to the remaining portion of the land, and leaving the Zemindar to enjoy the Cowle tax only.-

8. Altho' the said Zemindar put in answer condemning the validity of the Cowle deed, yet the Court passed a decree /which is final without appeal/ on the 30th December 1845, enjoining strict adherence of the parties to the terms of the Rayeenamah.-

9. The first Plaintiffs and others repaired the Tank and Channel in question at the expense of a vast sum of money in virtue of the deed of Cowle, the Rayeenamah, and the decree of the Court, and cultivated 25 Cawnies with Nunjah, and the remainder with Punjah, in fusly 1255, and enjoyed the produce thereof. In the current fusly 1256, 13¼ Cawnies of land are only cultivated with Nunjah, and the remainder with Punjah.-

But on a Complaint of the Defendants to the Collector of this Zillah as tho' the Plaintiffs had raised a dam across the opening which usually secured the surplus water of Yetticolom to their tank of Satchyeolom, it was enquired into thro' the Tahsildar of Madaeo: lom, whose misrepresentation of the case at the instigation of certain persons, elicited an order of the 15th December 1846 to remove the bank of the Plaintiffs tank of Sellaeolom and restore it to its former condition, and let the water pass free, by detaching the Moogoondar and some peons.

11. The Plaintiffs would undergo a great loss in the event of the said order being enforced, because they had laid out a large sum of money towards the repair of the Tank in question, from perfect reliance on the force of the Courts decree; and as the order referred to is directly contrary to it, this suit had been instituted for its cancel.-

On these grounds the Plaintiffs pray for a decree in the manner requested in the preamble.-

Translate of a Supplemental Plaint filed on by Sooba Narasien Vakeel in behalf of the Plaintiffs in Original Suit No. 13 of 1847 on the file of the Subordinate Court of Madura.

In the Suit instituted by the Plaintiffs in Ad. No. 160 of 1846, on the file of the Moofsee Sudr Ameen's Court praying for a Decree prohibiting the interference of the Revenue authorities, at the exertions of the Defendants, in removing the bank of the Tank of Sellacolow, the property of the Plaintiff valued at Rupees 700 as per deed of Cowle and other documents and the drawing of its water to the Defendant's tank of the Nachicolow Village, the pleadings were closed. But in consequence of a letter from the Collector of Madura, desiring the Civil Court to order his being included as a Defendant to enable him to defend the Suit on behalf of Government, the Civil Judge called for the cause and referred it to the Sub Court and in obedience to a notice subsequently issued to the Plaintiffs, I beg to put in this Supplemental Plaint including the Collector as Defendant in this Suit, and request the Court to admit that Officer as the 16th Defendant and order a notice to be issued according to Custom.

No 2

Proposed answer to Suit No. 13 of 1847 on the file of the Subordinate Court of Madura to be presented by the Government Vakeel.

The 16th Defendant in the supplemental Plaint begs to state that there never existed an old Tank within the boundary specified in the Plaint.

1.

The 1st 5th and 7th Defendants ryots of Nachicolum complained to the late Principal Collector on the 7th June 1845 that for the purpose of supplying a Tank they were newly forming, the Plaintiffs had thrown a dam across the Marcothoovaree stream flowing from the Tiroomalai Hills which is the great source of supply to the Nachicolum Tank.

2.

On inspection of the spot and examination of the ryots of the neighbouring Villages was accordingly made by the Tasildar from which it was ascertained that the Plaintiffs the ryots of Sellacolum in the Ammiavanikoor jemindary had raised banks across the large Stream called "Marcothoovaree Cadoo" and across a smaller one in the Cadavarputty Village, which are the only supplying channels of the Nachicolum Tank. They reported also that there had never been a Tank on the site of that now formed

3.

formed by the Plaintiffs.

4. To ascertain the correctness of the Statement of the Plaintiffs and the Zemindar of Ammanackoor that the late Principal Collector Mr. Peter had so far back as in 1827 given a decision about the water of the Stream alluded to the Tahsildars of Madacolum and Nellacottah were deputed to inspect the spot and to report whether the Tank and Stream referred to in the above order, were distinct, or the identical ones now in question and referred to by the Plaintiffs. They accordingly visited the spot, attended by the Ryots of both disputing Villages and of the Neighbourhood and made separate reports under date the 30th November 1846 to the effect that the Tanks of Poyyacolum and Sellacolum Villages and their supplying stream of Moongilcar referred to in the former order were distinct from those in dispute.

5. The fact of the Nachicolum Tank being dependent on the Stream of Maracothoo aree is supported by an entry in the Fysel Accounts of the Village.

6. The above two reports, coupled with the Statement of the neighbouring Villagers

Villagers that there exested no Tank on the spot. the entry as to the supplying channel as in the accounts of the Nachicolum Village the Plaintiffs admission that the stream in question for some time supplied the Nachicolum Tank from the time of their Tank being breached before the survey. and the probable loss to which Government might be put from the non cultivation in fusly 1255 of the aim land tasced at Rupees 972 in consequence of the stoppage of the Water in question, induced the late Principal Collector in order to protect the interests of Government, to issue an order under date the 15th December of that year to remove the new bank raised by the Plaintiffs and let the water flow to the Nachecolum Tank as usual, which was accordingly done.

7. In conformity with a Circular dated the 22d January 1840 the Plaintiffs ought to have obtained the permission of the Circar previously to forming a new Tank, but they did not do so.

8 In respect to the Plaintiffs allegation that their right to the Tank and to the lands under it was confirmed as to them by a Decree of the Court, the 16th Defendant begs to observe that the Decree referred

referred to was passed on a Rayeenamah in a suit preferred by the 7th. Plaintiff against the Zemindar of Ammunaikanoor and that the Suit has every appearance of being concerted between the Plaintiffs and Defendants with the view of obtaining a confirmation of their right to the Water and that the ryots of Nachicolum and the Collector on the part of Government, whose interests were so much affected, were not made Defendants nor allowed an opportunity of making objections. Wherefore on the issue of a Process by the Court for the execution of the Decree, the 16th Defendant stated these facts and obtained permission to be admitted as a Defendant in the present Suit for the purpose of resisting the claim of the Plaintiffs to carry on a work which will be the cause of heavy loss to the Government. The Decree referred to therefore adds no strength to the Plaintiffs Case.-

In return to the foregoing Precept requiring that Veeramalay pillay and others, Plaintiffs in N.o 160 of 1846 before the Mufty Sudr Ameen may be allowed, in virtue of a Rayeenamah Decree in N.o 15 of 1847 again to respair the Bund of a Tank, thrown down by order of the late Principal Collector subsequently to the passing of the said Decree, or at least to enjoy a proportionate quantity of the water available pending a decision in the Suit N.o 160 of 1846 abovementioned brought against the Villagers of Natchecolum to prevent such removal of the Bund the Acting Principal Collector respectfully requests the Court to reconsider the Precept on the following grounds.-

On reference to the Ayacut Accounts

Accounts of the year 1802/3 of the District falling under the Company's Government no mention is found of a Tank at Sulleeolum and in the Plaint in No. 160 of 1846 the Plaintiffs admit as much: and in support of their claim to make the Tank can only adduce the fact of the small quantity of 5 Gookies of land being cultivated with Munjah from 1218 to 1225 by means of a Dam since the latter date they admit that no Munjah has been cultivated under the alleged tank.

It was pointed out by Mr. Blackburne in Para 2 of his return of the 15th February last, that the channel across which the Plaintiffs have thrown their bund is the principal source of supply to the Village of Katchecolum, such being the case it is submitted that the stoppage of the water without the previous permission of the Revenue Authorities was contrary to equity and the custom of the country.

The Court is aware that the Suit No. 15 of 1845 was very speedily adjusted by Rayeenamah, and that neither the Principal Collector on the part of Government, nor the Village of Katchecolum, were Parties to it or had an opportunity of preferring objections to the deed

so seriously affecting their respective interests. Considering the early period of the Suit at which the Rayeenamah was agreed to and the whole circumstances of the case, there is the appearance of the matter having been arranged for the purpose of obtaining advantages at the expence of third parties.

With reference to the remark of the Court that "it is to be regretted that the "inhabitants of the Syen Village who must have "been aware of the extensive repairs going on did not "then object" the Acting Principal Collector begs to inform the Court that the Villagers of Katchecolum did complain to the Principal Collector as early as June ult. 1845 which may be supposed to be about the time of the commencement of the repairs and that the Tasildar made a report in August of the same year, but this not being considered satisfactory, further enquiry was directed the final report on which was not received till the 3d. November 1846 after which the Principal Collector ordered the removal of the bund.

It is remarkable that Altho' the act of the Principal Collector is the subject of Suit No. 160 of 1846 he is not made a Defendant

For

Fort St. George 25th November 1847.

For the reasons above mentioned the Acting Principal Collector respectfully requests that the order for the restoration of the bund may be deferred till the adjudication of the Suit No. 160 of 1846 the whole object of which would be conceded by the execution of the Precept.

Given under my hand and Seal at Madura this 24th day of May A. D. 1847.

Acting Principal Collector

Extract from the Proceedings of the Civil Court of Madura under date April 21st 1847.

Read again M. P. No. 627 of 1846 presented by Veeramalapillay and others Plaintiffs in No. 160 of 1846 before the Moofty Under Ameen praying injunction against meddling with certain bank in dispute.

Read also proceedings of the Court thereon under date 15th January 1847 sent with precept to Principal Collector of same date, together with return made thereto by that Officer.

Read also further petition presented by the same parties as No. 165 of 1847 excepting to the averments of the above return and to the line of conduct pursued by the Revenue Authorities as therein reported.

Also

Fort St. George 25th November 1847.

Also Read again Decree in No. 15 of 1845 on the file of the Moofty Under Ameen.

From the above documents it appears that the present Petitioners did as Defendants in No. 15 of 1845 contest with the Plaintiff therein, the right to 195¾ Cooles of Poonjah land and of repairing and using a certain tank and supplying Channel referred to which suit was decreed upon a Rayeenamah according enjoyment of lands to the parties thereon mentioned as agreed upon between themselves, and which also provided that both parties should jointly repair the tank. From the return made by the Principal Collector above quoted, it would seem that this repair of the tank so made had the effect of diverting the Water from the tank of the aun Village of Natchecolum and that therefore the Principal Collector directed its being opened and restored to its former condition that is to say that the repairs of the Petitioners were rendered nugatory.

Under these circumstances it is to be regretted that the inhabitants of the aun Village who must have been aware of the extensive repairs going on for the restoration

15308

restoration of the Old bank and of the consequences to their own did not as then object. The Petitioners have now instituted a Suit No. 160 of 1846 before the Moonsiff Sudr Ameen to Establish their rights and desire in the meantime to be allowed again to make the requisite repairs and continue the use of the tank pending the decision of the Suit and to this the Court is of opinion they are entitled, or at least to a proportionate quantity of the water available and therefore resolves to request that the Acting Principal Collector will give instructions accordingly and further to direct the Moonsiff Sudr Ameen to bring the Suit to hearing and decision as soon as possible.

Ordered that Extract of these Proceedings be sent to the Acting Principal Collector of Madura for his information and guidance with Precept returnable in XV days.

2d in Consn 25th Novr 1847

Sir,

I am directed by the Board of Revenue to request you will submit for the orders of the Most Noble the Governor in Council the accompanying letter with the correspondence to which it refers from the Collector of Madura reporting the institution of Suit No. 13 of 1847 in the Subordinate Court against himself and others by Veeramalay Pillay & Co. together with draft of an answer which he proposes to file, and requesting sanction to conduct the defence at the public cost.-

The Plaint sets forth

2.

that a tank belonging to the Village of Sillacolum under which wet crops were raised having been breached in two different places a portion only of the land under it was, from Fusly $\frac{1218}{1808/9}$ to $\frac{1225}{1815/16}$, cultivated by means of a dam constructed by Plaintiffs across the water course formed by these breaches thro which the surplus water from a neighbouring tank found its

its way. The tank in question having become chocked up, Plaintiffs subsequently raised dry crops on the wet lands - on the 4th February 1845 the Zemindar of Ammi-naicknoor executed a Cowle authorizing 7th Plaintiff to repair the said tank and its channels, and to enjoy such produce as he might be able to raise; - but being obstructed in the repairs by the Zemindar and the 1st & Plaintiffs he brought the matter before the Court when a Razeenamah was filed to the effect that the tank should be repaired at the expense of the 1st & Plaintiffs, and the cultivation carried on by themselves and 7th Plaintiff under certain stipulations - The tank and channel having been put in repair, wet and dry crops were raised in Fuslies $\frac{1255}{1845/46}$ and $\frac{1256}{1846/47}$ but in consequence of the misrepresentation of the Tahsildar the 10th Defendant /Collector/ ordered the removal of the bank constructed by Plaintiffs and the restoration of the Sillacolum tank to its former condition - as the enforcement of this order will entail upan Plaintiffs great loss, and as it is

contrary

contrary to the Courts Decree Plaintiffs institute this Suit for its reversal -

3- The Collector in his proposed answer states that there never existed an old tank within the boundary specified in the Plaint - A complaint having been made that Plaintiffs had, for the purpose of procuring a supply of water to a tank they were newly forming, thrown a dam across a supplying channel of the Nachicolum tank, the Tahsildar upon enquiry ascertained that the complaint against Plaintiffs was well grounded and that there had existed no tank on the site of that now formed. The fact of the Nachicolum tank being dependant on the Mavoothoor aree stream is supported by the Fysel accounts of the village - It is contended that in order to promote the interests of Government the late Principal Collector ordered the removal of the bank raised by Plaintiffs they having neglected to obtain the permission of the authorities before forming the new tank - and in respect to their alleged right to it in virtue of a Decree of the Court,

the

Fort St. George 25th. November 1847

the Collector observes, that the said decree was passed on a Razeenamah bearing every appearance of having been collusively concerted between Plaintiffs and Defendants with the view to secure a right to the water.—

4. The Board consider the proposed answer to constitute a good and sufficient defence and they beg to recommend that the Collector be instructed to file it, and be authorized to conduct the suit at the public expense.

Adverting to your letter last I have the honor to acquaint you that /13/ thirteen Specimens of wood the produce of the Animilli Forests in this District were forwarded to the Presidency on the 25th. Ultimo.

II. These specimens are somewhat larger than required but as it is supposed some of the logs may Crack, they can be squared into a convenient size at Madras.

III. The leaves of the several Trees from which the above specimens were taken have this day been dispatched. I have been unable to obtain either flowers or seeds as I am informed they are not in season but they will be Collected as soon as Circumstances will admit of such being

being done and transmitted to you in due course.-

Independent of the specimens there are other Trees of various kinds which are very little known and consequently they were not considered sufficiently important to be reported upon.-

Worthless.

The observations contained in Captain Williams's letter of the 1st. March 1847 No. 54 to the address of Mr. Conolly with reference to the Teak equally apply to the same description of Timber grown in this District and of which Nos. 1. 2. 3 and 13 are Samples and regarding the other specimens the accompanying Memorandum will afford as much information as I have been able to obtain from the acting Superintendant and Conservator of the Animalli Forests.-

In conclusion I beg to add that I shall be very much obliged to the Board if they can be the means of ascertaining the value of the several descriptions of Timber either by Cubic measurement or by the Candy weight.-

Reporting on the Land Revenue Settlement of Malabar for Fasly 1256 / 1846/47.
Ltr 1 to 21.

Sir,

1. I have the honor to transmit herewith the usual Statements exhibiting the result of the Land Revenue Settlement of this District for Fasly 1256 A. D. 1846/47 and as intimately connected with it shall in the first place offer some observations regarding the seasons.

Season, and its effect upon Cultivation and Produce } 2.

	I	Cts.
Quantity of Rain fallen in May 1846	13	60
June	42	45
July	27	10
August	22	65
September	3	5
October	12	95
November	4	50
Total	126	60

The S. W. Monsoon set in on the 24th May 1846, and the fall of Rain till the close of the year was seasonable and abundant; the consequence was that both the first and second crops were plentiful. The favorable Monsoon had also the effect of improving the condition of the Gardens which sustained much injury by the preceding unfavorable season; but they have not yet fully recovered themselves, and the Cocoanut Crop during the year under review was still much below the average quantity.

See Para 3 of the Report for Fasly 1255.

considerable

3. Considerable, tho' happily not universal, injury was inflicted on the prosperity of the District by the Storm and inundation which occurred in April last — as alluded to in my letters+ of the 19th. and 28th. of that month. The Sea rushed with great violence up several rivers, and injured, more or less, various tracts by the influx of Salt Water. In many places, exempt from this visitation, the seed which had been put into the ground for the crop reaped in September/1847 was rotted by the fields being inundated with fresh water at too early a season, and even where the seed had not been sown the ground was in some degree injured by the same cause, and rendered incapable of bringing forth its usual produce. This will of course tell on the prospects of this Fusly.

+Department of Public Works.

In the Kootnaad Talook besides other losses an extensive Nunjey Crop, which was nearly ready for the Sickle was almost entirely ruined by the bursting of the Iracherrah Dam by a flood from the Sea. In many parts on the Coast the Sea rose to such a height that a great number of Houses Substantial [illegible] &c.

swallowed up, and otherwise injured.

Prices and its effect on the resources of the District... } 4. The Landholders met with a ready Market for their Grain and Garden Produce. the former notwithstanding the augmentation in the total produce, obtained the same high prices that prevailed throughout the previous year viz.t 25 to 50 per Cent above the ordinary rates. These high prices were kept up by a want of grain in other Countries, and especially Coimbatore.

To this is attributable the decrease in the exports apparent in the Statement No. 22.

5. The Market price of Cocoanut and Copperah ranged throughout the year from 50 to 100 per Cent above the high rates quoted for Fusly 1255. This rise in the price of two of the principal staples of the District was partly owing to a falling off in the total produce, — and partly to the great demand for Cocoanuts as well for exportation as for the manufacture of Oil (within the District) for the European Markets.

6. The favorable prices which the Ryots obtained for Grain and all species of Garden Produce (including Pepper) conduced to the easy realization of the public revenue, Rupees 16,41131—14—6. having been collected within the year out of a demand of Rupees 16,50,100—8—4.

On a review of the items com-
9 posing the Remissions now reported on, it
: seems to me that there is but one which re-
: quires particular explanation - I allude to No. 13
Rupees 132 7 5 the circumstances connected
with which are as follows.

The Kulliakollangara Pagoda be-
: longing to the Palghaut Rajah has always
been in the enjoyment of certain Survu-
: manium Lands for its support. To these
the Pagoda people managed to make ex-
: tensive additions from time to time by
reclaiming certain tracts in the deep forest
near Palghat which by the negligence or
connivance of the local Officers were allowed
to rank as Survamanium and escape all
tax. Suspicion was at last excited that the
amount of land actually under Rice Culti-
: vation was greatly in excess of that shewn
in our Survamanium Accounts. A close enquiry
was instituted when it was found that in
: dependent of the ground allowed to the
Pagoda viz.t 28 plots of land capable of being
sown with 2,420 Parahs of Seed and yielding a Pattom
or

or Net rent of 6,449 Parrahs of Grain there was an additionab amount of reclaimed ground which on a carefub Survey was fairly chargeable with an Assessment of Rupees 593 — 5 — 6.

+ Vide item No. 1 under the Head of Increase.

It was however proved that 14 out of the 28 lands above alluded to, had been assessed to revenue at Rupees 132 — 7 — 5 in 1809/10 in consequence of some partiab enquiry. The Pagoda people it must be presumed winked at the mistake (a mistake no doubt it was) to prevent further disagreeable enquiry. It was better to lose a small quantity of land to which they had a right than a large quantity of land to which they had none. But now that it is proved that these lands are really Surwamaniem the relinquishment of the Assessment of 1809/10 is necessary. It forms the debt under Item No. 13 — By this discovery and adjustment, the Summa of the Paly land Talook has obtained a net increase of Rupees 460 — 14 per Annum.

Poonjah or Dry Land Cultivation Increase Rs. 8,917 — 5 — 9 — } 10.

In Fasly 1255 there was a deficit of Rs. 2029 — 8 — 8 in this item of Revenue as compared with

with the results of the antecedent year; it is therefore satisfactory to observe, that the outturn of Fasly 1256 has not only far exceeded the said decrease but is above the average of the preceding four years by Rupees 5,745 — 6 — 11. This favorable result is attributable to the season having been propitious to this species of cultivation, the excess extending alike to Moddom, Ponnom[2] and Ellow[3] as shewn in the annexed figured Abstract.

In the Settlement of this source of Revenue a Sum of Rs. 2004 6 9 was added to the Jumma of 1255, which gave a total demand of Rupees 3141 1 5 = 2. but from this it was found necessary to make certain deductions, amounting in the aggregate to Rupees 1744 - 12. the particulars of which are as follows.

A reference to the Statement No. 21 will shew that the greatest portion of the remissions forming the item No. 2 falls this year, as it did the last, on Hoorreenaad, to account for which I need only observe that the causes detailed in the 11th. Para of my Report for last year existed in full force in 1256.

The remissions which were indispensably necessary were made to the extent of Rupees 601; a sum which however was all but = made up by the resumption of former Remissions as well as by bringing to account young bearing Trees, the amount thus credited being Rupees 546 9 11 or Rupees 54 6 1 less than the Remissions. Upon the whole the Land Revenue of this Talook = Settlement of this Talook = yielded a Net Increase of Rupees 328 10 1.

Current Collection, 13.

I have already stated, in Para 6 that the total demand of the year was Rupees 16,50,402. 8. 4 out of which Rupees 16,14,131. 11. 6. was realized within the Fusly, leaving at its close an outstanding Balance of Rupees 9,268. 9. 10 inclusive of the last Kist Rupees 5000) payable by the Beebee of Cannanore about the middle of September. From the foregoing amount, Rupees 6073. 1. 4 has been realized since the commencement of the present Fusly. The greater part of the residue, amounting to Rupees 3195. 8. 6 will, I hope be collected in the course of a few months.

14. Independent of the Current Collection Rupees 13973. 9. 11 were realized during the year under review on account of arrears of former years making the total collection on account of Land Revenue alone to amount to Rupees 16,55,105. 8. 5, or Rupees 1,705. 0. 1 in excess of the Gross Demand. The whole of this large sum with the exception of 27 Rupees contumaciously withheld, was collected without

Waste Lands. 18. The applications for Cowles for reclaiming unassessed Lands which have been waste from time immemorial, have, during the late Fusly, been nearly double the number received and disposed of in the previous year. The Cowles issued in 1256 amount to 174 embracing 596 Cawnies which, at the expiration of the period of exemption allowed with reference to the peculiar circumstances of each land, will yield an aggregate revenue about 1100 Rupees per annum. The particulars are detailed in the Statement herewith submitted.

The quantity of waste lands taken up for the formation of Cocoanut Gardens in 1256 is †1754 Cawnies for which 247 separate Cowles were granted: and the accompanying Statement shews that the number of assessable Trees they are capable of holding amounts to upwards of 138,000. The old Gardens continue to be duly cared for, as the Returns received from the different Talooks shew

1196 Cawnies above the quantity taken up in 1255.-

Fort St George 25th November 1847

Shew that 63,750 Cocoanut, 70480 Betelnut and 7596 Jack fruit Trees were planted in replacement of those which have been lost or have become unproductive. In addition to the above the number of Trees noted in the Margin appear to have been planted in several small Gardens formed without Cowles. The very high price obtained for Cocoanut during the last year or two has no doubt, led to the great increase of applications for Cowles for Land suited to the Culture of this tree.-

20. I shall now proceed to explain the discrepancies noticed by the Board in the 10th Para of their Proceedings dated the 13th May last with respect to items Nos 1 and 5 and Nos 9 and 10 in my Statement for 1255 and beg to observe, as regards the two first that according to the ancient usage of this District, the qualities of lands are distinguished under these classes each of which is divided into three different sorts. The first Class is called Pushana. the second, Pushana Rajsee or Rajsee Pushana and the third Rajsee. It often happens that the soil and extent of productiveness of a land of the 1st Sort Pushana Rajsee, hardly differs from that of 3rd Sort Pushana. and the 1st Sort of Rajsee is very nearly equal to the 3rd Sort Pushana Rajsee, hence the similarity of the rates per Cawney noticed by the Board, between Item No 1 Pushana Rajsee 3rd Sort, and No 5 Rajsee, 1st Sort.

Again the produce or fold which each particular sort of land yields is not exactly the same, it varies according to locality. Even in one large Paddy field one end from being on a higher level yields less than the rest, which from being

The same prevails in the rules which regulate the assessment of Cocoanut Trees (Ex. gr.) the 2nd Sort Attiveripoo will often be found equal to 1st Sort Karavapoo.

being lower retains greater moisture and produces more. From these causes arises the discrepancy between Items Nos 9 and 10, both of which though of the same description (Pushana Rajsee 3rd Sort) bear different rates of assessment per Cawney owing to the fold of the land of No 9 having been assumed at ½ whilst that of No 10 could not from the poorness of the soil be taken at more than 3½.

The next point I am called on to explain is the apparent difference of Rs 265-1-1 between the abstract prepared in the Boards Office (out of my Statement No 1) and the amount entered in Column 27 of Statement No 1 I beg in reply to state that upon comparing the said abstract with the Statement, it appears that the items set opposite to Fusly 1255 in the last Column are inclusive of the amount of graduated assessment credited in the accounts of the previous years according to the tenor of the several Cowles. for instance, out of Rupees 10-15-9 (the first item of 1255 in the Statement No 27) two thirds or Rupees 7-5-2 were annexed to the demand of Fasles 1253 and 1254 respectively and the remaining ⅓rd or Rupees 3-10-7 only to that of Fusly 1255. The aggregate of the sums bonafide brought to account in Fusly 1255 out

In such cases the average is taken:

out of Rupees 544-7-2 the total of the Abstract is Rupees 266-14-6; add to this Rupees 12-7-7. the moiety of the assessment of Land № 18 in Statement № 26, and the total Rupees 279-6-1 is the amount credited in Statement № 1 the difference Rs 265-1-1 having, as above explained been brought to account in the previous years to which it belonged.

Col. 27.

22 The Statement № 27 above alluded to shews the extent of land for which Cowles were granted from Fasly 1243 to 1254. the Statement № 26 contains the same information for Fasly 1255 and the Statement № 25 herewith forwarded exhibits the particulars of all Cowles issued in 1256. thus the Board will have in their office a complete record — shewing the total extent of Land held in this District on Cowle the number of years for which it was originally granted the number yet to run and the amount annually realizable. Under this circumstance, I have thought it best to append to my present Statement № 25 the abstract desired in the latter part of the 11th Para of the Board's Proceedings instead of annexing it to a separate General Statement, which would in a great measure be only a counterpart of the Statements № 26 and 27 of 1255. I shall however be prepared to attend to such further instructions as I may receive on this subject.—

23 Adverting to the 14th Para

of the above Proceedings, I beg to observe that to shew in the Statements № 3 @ 19 the ancient or Original Assessment and the amount which has been permanently given up, as well as the usual annual Remissions, would require the examination of the accounts of each Taluk, or commencing from the period of our acquisition of Malabar a work involving much time and labour. I have however ordered its commencement in the hope of being able to afford the requisite information in the Statements for future years, and trust to the indulgence of the Board for those now transmitted being prepared on the same principle that the Statements for the five previous years were.—

Estimate

25th November 1847

Vca in Jusly 1257 A. D. 1847/48.

Dates of previous correspondence in which the Employment of similar Establishment have been authorized		Remarks
10		11
No 142 See Para 4 of No 6 Clement Sons letter to the Board of Revenue dated 30th May 1835 since which similar Establishments have been annually sanctioned.	No 142	This Extra Establishment is indispensable in consequence of the number of Servants that can be spared from the Huzzoor and District Cutcherries being insufficient to carry on the Survey of Dry Grain and Garden cultivation which it is expected will be more extensive than the past fusly.
No 384 Similar Establishments have been annually sanctioned for the last 17 years.	No 384	This additional expenditure is deemed indispensable in order to establish a more effectual check against the illicit manufacture of and traffic in Salt. See letter to Board dated 27th June 1846 No 81.
No 546 Ditto. Ditto for the last 21 years.	No 546.	This annual Extra charge cannot be dispensed with without danger of encouraging smuggling and consequent loss to the Revenue derivable from this branch. The increase is owing to its being desirable to have round Boats at the Ports of Cannanore and Ponany during the trading season.
No 748 Sanctioned by Government under date the 9th September 1817.	No 748.	This expenditure is required to check smuggling in the Make River.

From the Collector of Guntoor - - -

From Board 1st August 1844
To Do. - - 24th Do.
From Do. - - - 18th November

Reporting that a new Lunka dispute has arisen between the inhabitants of Moonungy in the Guntoor District and the Vulloor Zemindar in the Zillah of Masulipatam and recommending that an Officer of the Civil Engineer Department be deputed to trace out the boundary line and report respecting all Lunka disputes now pending between parties of these two Districts -

With reference to the correspondence noted in the Margin, I have the honor to report that in addition to the Lunka disputes already pending between parties of this and the Masulipatam Districts a new one has now arisen, the inhabitants of Moonungy having complained that the proprietary Zemindary of Holloor in Masulipatam had caused their Cattle to be forcibly driven from an Island which appears to have been lately formed in the Krishna, and detained them at Holloor -

2. As in all these cases the question of jurisdiction is involved in the same dispute as the property of the land, great inconvenience arises from ignorance as to where charges of violence are cognizable. -

3. In disputes between Villages in the two districts, both in Government Estates, the interest of Government is not

not involved, and nothing is necessary but to define the jurisdiction, and refer the parties to adjudicate their claims accordingly but as respects the alleged aggressions of the Holloor Zemindar the case is different. The Revenue of the Islands claimed by him if not rightfully his, belongs to Government, and I would therefore suggest that prompt and effectual measures should be taken to define the limits of his Zemindary which he acquired by purchase and of which I suppose the territorial extent must then have been known. -

4. It is well known that new Islands are constantly appearing in the Krishna, and the limits of old ones changing, and I would therefore recommend that an Officer of the Civil Engineer's Department be deputed in communication with the Revenue Officers of the two Districts, to trace out the boundary line wherever it is uncertain, and to draw up a report respecting all the disputes now pending, which might enable the Government to decide as to the course to be adopted with

Besides the Yeomiah there are Enam lands Viz. 20 Gortoos of dry & wet land sowable with 5 Toams of Seed. One half of which has been long since enjoyed by an uncle of the deceased and the remainder in equal shares by the two Brothers Goolam Hoosain (deceased) and Mohomed Yousuff	The family of the deceased are anxious to have the share held by the deceased renewed in the name of the Surviving brother Mohomed Yoosuff until the Son of the deceased attains his Majority on condition of the former performing the requisite Service and protecting the Surviving Members of the family. I think it advisable that both the Yeomiah and Enam lands should be renewed in the joint names of Saularoodeen, Son and Mohomed Yousuff brother of the deceased Goolam Hoosain and that Mohomed Yousuff should be nominated to act as guardian and to perform the Necessary Services on the part of Saularoodeen until he attains the age of 18 and accordingly recommend the Renewal of the Yeomiah from the 22d April 1847 the date of the demise of Goolam Hoosain.

Proceedings thereon

16-17

The Board observe that in the Purwanah forwarded by the Collector in support of the ready Money allowance of Rupees 7—15—1. per Mensem, payable to the Kateeb of the Mosque at Ramiapatam, no mention is made of any Enam lands as having been granted for the Service in the Mosque. He will therefore be pleased to explain when and under what authority the lands entered in Column 11 of the Statement recorded above, were originally alienated, and for what purpose, and should there be any Sunnuds forthcoming in respect to them, he will forward them, with translation, for the information of the Board.

It does not also appear from the Purwanah that the Yeomiah was intended to be perpetual. The Board presume however, from Mr Smith's recommending its continuance, that, in his opinion, the Service of the Mosque is still necessary, and that its nature is such, that the grant should be held to be perpetual, although the Purwanah does not in express terms declare it to be so.—

2. The Ninth individual Tumbeyappah Moodely was the son of Audeppoary Moodely a former Durmahurtah of the Pagoda, on whose death, in Consequence of the non appearance of his heirs to undertake the Management of the temple, it was resumed by the Collector in the year 1814. Tumbyappah Moodely was a resident of Madras, and died since I addressed the Board on the subject of removing the Trustees, leaving two Sons whose Minority renders them incompetent for the trust.

Wherefore beg again to bring the subject to the notice of the Board and request a reply before the 10th Instant and if it be not received by that time the sale of the Samoodrum Mootah

The teerwah of which for 14 years amounted to.
Rupees ——— 113—12—7

On 1 Spot only half of the full teerwah for Fusly 1244 Carried to account ——— 2—5—10

Sase on trees not carried to account of Fusly 1249/50 1—11—10

118—8—3.

Mr. Brett fined the Petitioner in double the amount of the above teerwah Rupees 237—0—6 agreeably to Clause I Section V Regulations IX of 1822 and dismissed him from the Curnumship of Cathavany Curruff and employed one of the Complainants as acting Curnum of that Curuff The Tahsildar of the Talook having afterwards been informed

Jaffna 1st George 29th November 1847

informed that the Petitioner had concealed other lands besides those detected by Mr. Brett and on investigation it was proved that he had embezzled the Teeruah Rupees 21–15–9. He reported the circumstance to Mr. Gleig on the 29th April 1842 and forwarded the depositions &c taken by him on the subject: Mr. Gleig ordered the Tahsildar to collect the said Teeruah from the Ryots who cultivated the land and confirmed the present Curnums on the 4th August 1842.

The Petitioner appealed to the Board which was referred to the late Principal Collector with an Endorsement No. 1253 dated 24th November 1842, and a report was forwarded to the Board on the 14th February 1843 and which was returned by the Board for delivery to the Petitioner on the 2nd March 1843 which was accordingly done.

From the examination made of the proceedings of Mr. Brett there appears no doubt of the correctness of his decision It was come to after personal examination when the charge brought against the Petitioner of having concealed the land was clearly proved from

Jaffna 1st George 29th November 1847

from the evidence of the Ryots who cultivated the lands.

Regarding the charge of making a culpable interlineation and deducting the Teeruah amounting to annas 13 on 5 Samarind trees there appears some doubt as to the Petitioners' culpability but that is of trivial importance in Comparison to the former.

The Petitioner appears to have discharged his duties with the assistance of a Goomastah from not being able to read Tamil which however is very common in the District and now performs the duty of curnum in Coraputty Tariff with the assistance of his son a boy of 17 years age.

I am of opinion that his removal from the Curnumship of Cathavany for his allowing the concealment of cultivation was correct and as it was confirmed by the late Principal Collector I cannot advise his restoration.

From the Collr. of Salem.

Relative to Mr. Fischer's application to raise Chrome Ores in the zillah of Salem.-

In reply to Extract from the Proceedings of the Board dated 5th August and your letter of the 7th October relative to a request of Mr. Fischer for permission to raise Chrome Ores, I have the honor to inform you that the lease alluded to of the 31st August 1841 appears to have been mislaid, if a copy of it was ever sent to this District. The only lease on the records is that alluded to in Mr. Orr's letter to the Board dated 14th July 1834 given to Mr. I. M. Heath under the provisions of Regulation I of 1831 which has been long since forfeited.

As from a report from the Salem Sheristadar the mines have not been worked for 13 years and in the supposition that under these

Circumstances

Fort St. George 29th November 1847.

circumstances the conditions of the lease must have been forfeited, I do not see any objections to granting Mr. Fischer's request to raise Chrome Ores on such spots as he may select, provided it does not interfere with any existing rights of the Natives to take away any quantity from any situation they may require, and that the privilege granted be merely a permission to enter into agreements with the proprietors to raise, and take away the Ores in respect to all lands not the property of Government.-

From the Collector of Tanjore

With reference to the orders of the Board of Revenue under date the 10th October 1836 which prohibit the discharge of pensions remaining undrawn above six months without special sanction I have the honor to report that the Pensioner Hussen ally Khan who receives a pension of 2/2 Rupees pr Month from my Treasury has absented himself at Madras under the plea of Sickness for a length of time and his pension has remained undrawn from July 1846 up to September 1847. the arrears amounting to 37/2 Rupees Hussen ally Khan has requested that payment may be made to his agent in Tanjore but as this is prohibited I have declined acceding to his request and as the sanction of Government is necessary to enable me to pay the amount in arrears. I have the honor to request it may be obtained and steps will be taken that the payment may be made to the Pensioner in person thro' the Collector of Madras.

Resolution thereon. The Collector is requested to submit the foregoing application in the form prescribed by the Boards' Circular dated 18th May 1846.

Mr. Bishop will be pleased to ascertain whether the Yeomiahdar referred to intends to make Madras his permanent residence, & and if so, he will state whether he is aware of any objection to the payment of his allowance being transferred to the Office of the Collector of Madras.

It would in the opinion of the Board be desirable that the transfer should be effected, rather than that the Yeomiah should be paid through an intermediate agent, fall in arrears as it has lately done.

From the Collector of Madras - Recommending the appointment of Gholam moortezah as Cateb of the Masqueat Dt. Thone in succession to the late Mahomed allawoodeen on the fixed allowance of Rs. 88-8 per annum payable from the 12th October 1846.

Sir

Para 1. I have the honor to bring to the notice of the Board of Revenue that Mahomed allawoodeen, whose appointment as Cateb of the Masque at St. Thone was sanctioned by Government on the 21st March 1837 died on the 16th January 1847 His Widow, Burkut Bebee, solicited by a petition dated 3d March last, that her Brother Gholam moortezah, might be nominated in succession to her husband on the fixed allowance of Rupees 88-8-0 per annum, as he would thereby have it in his power to support her and the infant daughter of the deceased -

2. Having with reference to the observations of Government in Extract from the Minutes of Consultation dated 20th December 1836, instituted an enquiry, it appears that Mahomed allawoodeen has not left any male issue, nor is there any other member of the family in a direct line to succeed him, whilst Gholam Mahammed Moonshee, the individual named in the letter to the Board, dated 16th November 1836 as the cousin of

of Mahomed Ameenoodeen and his Brother Gholam Sabee, are unwilling to interfere with the arrangement proposed by their relative, Burkut Bebee -

3. As Kabal Shereful Omrah Bahader i Hale and the other respectable portion of the Mahomedan population frequenting the Masque have testified to the qualifications of Gholam Moortezah, and as he has actually performed the duties of Cateb since the death of Mahomed allawoodeen, I beg leave to recommend that the necessary sanction may be procured for his appointment to the Office, and for the payment of the arrears of the allowance remaining undrawn for 1 year, or from 12th October 1846 to 11th October 1847 Rs. 88-8-0

Register of Government Grants, Madras.

Para 1 Sir,

I have the honor to forward an application from Mr. J. Halkett agent on behalf of Messrs. Arbuthnot and Co. at Madras together with a document issued from this office and a Sketch drawn by Major Cotton Civil Engineer for a grant of 47 — 15 — 1666 — of Jeraytee land situated (cawnies ground square feet) in the Government Village of Rajahmundry whereon he has built a Bungalow and other buildings for sugar Works.

2. The land in question being Jeroytee was formerly held by Cocherlacotah Luetchmidavamah of Rajahmundry on favorable Assessment of Rupees 40 which was fixed by the late Proprietor of the Rajahmundry Estate. This spot was subsequently sold by public auction on the 18th January 1846 by order of the Subordinate Court at Rajahmundry under date the 22d December 1845 and purchased by Mr. Halkett for Rupees 450 who paid the aforesaid Jeroytee Cist of Rupees 40 up to Fusly 1256. A.D. 1846/47

3. Under these circumstances I have the honor to recommend that a regular Government Grant as applied for by Mr. Halkett should be given in the name of Messrs. Arbuthnot and Co. a quit rent being fixed thereon at Rupees 1/64/ Sixty four per annum from the commencement of Fusly 1257 A.D. 1847/48 this being a true and fair Assessment.
