1 The above Return contains one
proceedings thereon. case only in which the Samittar of Narsingapet
was adjudged to pay a fine of Rupees 100 for having
misappropriated Rupees 90 of the public Money
and for having made false entries in the accounts
to conceal the same. The Board observe that under
the Head of "Period of imprisonment in default commutation
of fine." the Collector has inserted "until the
Money is paid." If the Judgment has as is pro-
bably the case, been passed under Clause 1st
Section V of Regulation IX of 1822, the Collector should
send for the recovery of the Amount of the fine
by attachment of the property of the defaulter
as prescribed in clause 3d of the same Section.
In the event of the defaulter professing no
property a note to that effect should be en-
tered in the Column of remarks.

Para 1. The Most Noble the Governor in Council has perused with much satisfaction the Report of the Officer in charge of the Government Sheep Flock in Mysore on the results of the experiment up to the year ending April 1847 and resolves to bring it under the notice of the Honorable the Court of Directors -

2 - His Lordship in Council grants authority for writing off to Profit and Loss the net deficit exhibited in the Statement (Enclosure No 3) which accompanied the Commissioner's letter being for the period reported upon, Viz. from 1st May 1846 to 30th April 1847 Rupees 1588-11-6 / Five hundred and eighty Eight, Annas eleven and Pice Six. -

Statement shewing the difference between the value of Sheep, the increase by Breeding and the deficit by sale and casualty of the Honorable Company's Experimental Sheep Farm

3 - As it is stated in the concluding paragraph of the Commissioners letter that from 100 to 150 Half bred Merino Rams can be spared without any inconvenience for distribution in other Districts His Lordship in Council will request the Board of Revenue to name the Districts to which and to

to state the proportion and mode in which the distribution of this number may be made to advantage -

Under date the 25th November 1847

Read the following Extract from the Proceedings of the Board of Revenue

Communicating observations and orders on the Board's Proceedings relative to the settlement of the Estates of Deeay and Moonegal in the District of Masulipatam for Fusly 1255

Relative to the Settlement of the Deeay and Moonegal Estates in the District of Masulipatam for Fusly 1255 - 1845/46. (Were enter 23d September 1847 No 464).

Deeay - Para 1 - The Deeay Zemindary in the Masulipatam District bearing a Permanent Peishcush of Rupees 47887 was settled for Fusly 1255 at the Sum of Rupees 68,415 - exceeding that demand by

by Rupees 10,528 but being below the settlement of the previous year in Rupees 2827-7-8 attributed by the Collector to the unfavorableness of the season affecting the Wet land Cultivation, but for the enhanced prices of grain, the decrease, it is stated, would have been greater.

2. The Current Collections amounted to Rupees 54888 to the end of October, leaving a balance of Rupees 8826 which is reported to be recoverable, of arrears, Collections were made to some extent, but of the gross Collections deducting charges of management and Minors subsistence, the sums applied to Peishcush were only Rupees 45318 for the Current, and 1145 for previous years. The Government demand Amounts now on this Estate, to Rupees 2568 Current, and Rupees 88234 arrear, making a total of Rupees 90802. It is observed that there was a sum of Rupees 9108 retained in hand to meet the expences of a year, this is certainly large as remarked by the Board of Revenue, and might have been applied in part, at least, to the adjustment of the Current peishcush, of which Rupees 2568 were due. His Lordship in Council thinks that this should yet be done, and desires the Board of Revenue will instruct the Collector accordingly.

3. The points of enquiry upon which information has been furnished by the Collector of Masulipatam, call under the explanation of the Board, for no particular remark.

From

4. From para 26 of the Collectors Report it would not appear that that Officer is fully cognizant of the nature of the Minors studies or the extent of the progress made by him, the Government think that more interest should be taken in the young Zemindars Education and that he should be periodically examined by the Collector.

5. The Settlement as described to have been formed in the Wet lands of the Deeny Estate is of a most anomalous character. It would appear to be a rent in the first instance to the Heads of Villages framed on Estimate of the standing crop but finally adjusted on a division of produce. It is difficult to define such a settlement it is nominally a rent without any of the certainty attending that mode of Settlement, but accompanied with the interference of the Native servants and other evils of the sharing System which it is the object of a rent to avert. In substitution of this the Board direct a fair assessment in money where such does not already exist for each description of wet land to be fixed, but on what data this assessment is to be regulated is not explained. This subject will be noticed fully in the reply of Government to the Boards Proceedings of the 11th Ultimo.

Moonegal 6. The Moonegal Zemindary continues under

15759.

Fort St. George 6th December 1847.

under the Management of the natural father of the Minor, who pais on an average of the three years from Fusly 1253 to 1255 an annual sum of Rupees 9206. The actual payments for Fusly 1255 amounted to Rupees 8,614, and consisted of Peishcush, subsistence, and Grazing Tax in full, but nothing on account of Instalment of arrears.

7. Adverting to the very short period this Estate is likely to continue under the Court of Wards, His Lordship in Council is of opinion with them that the present arrangements for the management of the property, though not the most satisfactory, should not be disturbed.

From the Collector of

Reporting

Sir

Para 1.

With reference to your letter
under date the 26th August last requesting to be informed
as

with reference to the Boards order to the manner in which security is taken from Public servants, as well as the amount of security to be taken hereafter.

as to the course followed in taking security from Public Servants in this District I have the honor to state for the Board's information, that it has been hitherto customary to require Money and personal securities from all Talook Servants except Peons, from whom a personal security only is taken. In the Huzzoor, Security personal and Money is taken from the Cashkeeper and the Shroffs as well as from the Stamp Darogah, and the servants attached to the Post Department except runners.

2. Statements Nos. 1 and 2 exhibit the description of servants from whom security is demanded as well as the amount of the Money Security. The latter in the case of the Treasury servants and Stamp Darogah appears to have been determined with reference to the responsibility devolving on them, while that required from Talook servants including Tahsildars is determined at discretion by the amount of their pay; that from the Duffadars and Shroffs being fixed according to the responsibility attached to their respective Officers. The amount of security for personal appearance is not defined, but the person who tenders security binds himself to become answerable for any demands which may be proved to be due by the

absentee provided his attendance cannot be procured.

3. It is impossible to ascertain the principle on which the sureties (Merchants, Sowcars (Cs) may have been induced to engage their property on behalf of public servants entering into security with Government, but I can easily imagine that cases may occur wherein both the surety and the Circar servants being persons of credit and responsibility and inhabitants of the same place, or the security being a resident at a place situated within the jurisdiction of such servant, security might be obtained without incurring any expence on that account, tho' in most cases the servant would have to make some sacrifice of his interests for that purpose.

4. As it is generally the case that all the Talook servants will have either directly or indirectly some concern with the Circar Money, I am not prepared to recommend that the custom of taking the security from them be dispensed with, but as it is generally difficult to find good and substantial surety, it might be as well that some reduction should be made in the amount of security to be taken as shewn in Statement No. 2.

Statistical Branch of the Board of Revenue

No. 22

From A. H. Graham Esqre Collector Masulipatam

To The Secretary to the Board of Revenue

Sir

I have the honor to forward herewith a Statement of the Establishments of the Collectorate of Masulipatam, as required by the Proceedings of the Board of Revenue dated 30th September 1847, on which the Board requested the Collector to report whether any reduction could be made in the Establishments of the Collectorate.

2. In reply I have to state that I am unable to suggest any reduction in the Establishments of the Collectorate, as the Duties of the Collectorate have increased during the last few years, and the Establishments are now barely sufficient for the Duties required of them.

3. The Establishments for the Collectorate of Masulipatam were fixed in 1839 and 1840, and have remained unaltered since that time, although the Duties of the Collectorate have increased considerably during the last few years, and the Establishments are now barely sufficient for the Duties required of them.

Proceedings thereon. In the foregoing letter the Acting Collector reports the death on the 29th May 1846, of Audebatta Chetumbariah the holder of the undermentioned Enams in the Cawmeny 24 of land situated in Beamarayapatt Tripatty Taluk and valued at Rupees 84-4-5 per annum

2 Three portions of land consisting of 10-15½ situated in other Villages in the same Taluk valued after deducting Jodee, at Rupees 30-7-5- per annum.

3 Four other spots of land also situated in the same Taluk their aggregate extent being 10 and their value Rupees 5-5-10 per annum.

2 The first Enam is stated to have been granted for distributing rice to 12 Brahmins in a certain Choultry - the second for charity, and the third for service.

3 The family left by deceased consists of two Daughters and a Son in law

The Acting Collector states that there appears no particular reason why the two first Grants should be removed, that the third being for service he recommends that it be continued to the Son in law of the late Audebatta who has performed the duty since the death of the latter -

The 2 first Enams being of the usual description of charitable Grants are sanctioned by long prescriptive enjoyment but as the deceased has left no male heirs the Board recommend that the lands in question should be continued in equal shares during the lives of his 2 surviving daughters, and to lapse with their death respectively With reference to the service Enam they concur in opinion with Mr. Lovell, that it should be renewed in the name of Shashumbutto son in law of the last incumbent.

Submitting letter from the Actg Collr of North Arcot reporting the death of Audebatta Chetumbariah the holder of certain Enams in the Tripatty Taluk recommending the continuance of the two charitable Grants during the lives of the two Daughters of the deceased and the renewal of the service Enam in the name of Shashumbutto Bhuttadoo his son law.

Fort St. George 6th December 1814.

Letter from the Board of Revenue dated 12th July last transmitting a Petition from Ramen Mudeliar praying to be allowed to retain the Villages belonging to Madalan Pedatchy Mudeliar deceased, which have been resumed by Government on account of Pay Peishcush due from the said Mudeliar and stating that the whole extent of Manium land which the said Mudeliar enjoyed was not included in the Resumption, and requesting that the Pattahs may be granted to the Petitioner for the Manium Lands.

In order to ascertain whether the Petitioner was entitled to the Pattahs applied for, the Board of Revenue directed the Collector of Chingleput to report whether the Petitioner's Father Madalan Pedatchy enjoyed any Manium Lands, and if so, to state the Particulars thereof.

In answer to which the Collector has transmitted a Statement shewing that the Petitioner's Father enjoyed Manium Lands to the extent of 284 Candies 22 Marcals 8 Cullies, and that the Petitioner has been in the receipt of the Profits of the same since the Year 1809.

Ordered, that the Petitioner be informed that Government will not object to grant him Pattahs for the Manium Lands enjoyed by his Father, provided the Board of Revenue shall report that the Petitioner is entitled to the same.

Proceedings thereon. From the Tabular Statement which accompanies the forgoing letter the Board observe that the Enams the Lapse of which is now reported consist of Cannies 2.98 2/10, and Cannies 11 25 respectively valued annually at Rupees 15-5 and Rupees 72-10-11 per Annum. They are stated to have been originally conferred for charity by the former Zemindars of Trichinopoly, but the exact time of the grant is not known nor are any Sunnuds forthcoming in support thereof. It will however be observed from Mr. Elliots letter of the 10th Ultimo that the Mahratta Daul Summabundy accounts for Fasly 1214 to 1801 2 show the Enams to have been in the enjoyment of the ancestors of the present claimants at the time of the assumption of the Country. The last holders

holders Soobbiem and Ramachary are reported to have died in February last and the Collector in consideration of the circumstances of the respective families left by each of the deceased recommends the resumption of the Rajeed Enam in the one case, and its continuance in the for life. The Board desire to observe that both the above Enams are under the description of Bhutwatti or Shamadaig Grants and that they have been enjoyed by the families of late incumbents for a great length of time. Under these circumstances, and as the pensions claimed in both cases are the direct male heirs they recommend the continuance of both in the names of Ramien and Subbiah nursunnah Chasy respectively.

Read the following Extract:-

(1) From the Chief Secy to Govt Communicating Extract from the Honorable the Court of Directors' letter of the 22nd Septr 1847 authorizing a Compliance with the prayer of certain Petitioners for the Establishment of a Public dispensary at Mangalore and directing that in distributing the prizes competed for at the Agri-Horticultural Society care be taken to adopt a remedy when Europeans have an undue share of the prizes.

Extract from a letter from the Honorable Court of Directors dated 22nd September No. 37 of 1847.

Letter dated 1st May (No. 8/1846.

5 Submitting for favorable Consideration a Memorial from some of the inhabitants of Mangalore, for the Establishment of a public Dispensary at that place.

No. 1031.

Extract from the Minutes of Consultation dated 13th Novr 1847.

36. The transcript which you have forwarded of this Memorial being without Signatures, it does not appear who, and how numerous the petitioners are, but as the Sub Collector is of opinion that a public Dispensary would be a great boon to the inhabitants of Mangalore and as the expense (about Rupees 110 per Mensem) is not

Resolved that this para be communicated to the Revenue Board with reference to the Resolution of Govt dated 14th March 1846 No. 270 and also to the Medical Board with instructions to make the necessary arrangements in Communication with the Medical Officer at Mangalore, for the Establishment at that Station of a Public Dispensary upon the principle of the Rules sanctioned under date the 20th February 1840.

Resolved that this para be also communicated to the Commissary

Fort St. George 9th December 1847.

not large, we authorize you to comply with the request.

Commissary Genl. and to the Offices of Accts and Audit to comply with the above resolution.

8 and 9 Report 38 ing the mode in which Prizes for the successful Cultivation of Indian Produce for 1845/46 were distributed, and the amount which it is proposed to distribute for this purpose in the ensuing year

We observe that three Prizes were awarded for the year under notice, two to Natives and one to an East Indian. We regret that there were no claims for the Medals authorized to be distributed to the best Cultivators of certain Articles in each Taluck, and we approve the Resolution to rescind the rule which excludes Europeans from competing for Prizes. Should it appear hereafter that an undue share of the Prizes is received by Europeans, a remedy should be sought by dividing the Prizes into two classes, for one of which, natives alone should be admitted.

To The President and Members of the Board of Revenue.

To D. White Esqre

Acting Secretary to the
Board of Revenue

Fort St. George.

Sir,

5

From the Collr of Rajahmundry — Para 1. I have the honor to submit for the information of the Board of Revenue the usual accounts of the settlement of the Government Estates of the Rajahmundry District for fasly 1847 A.D. 1847/8

As per List accompanying No. 1.

Season. 2. The rains were favorable at the commencement of the cultivation season both in the Estates under my charge and in those under the Sub Collr lying on the west of the Godavery but there was a deficiency in August and September which destroyed the dry Paddy Crops called Poodoo and Gilma and a portion of the wet Paddy Crops. The Godavery came down on the 13th September but subsided on the 16th having benefited only the adjoining Villages of the Cotah and Ramachendrapooram Estates. The latter part of the season was favorable owing to an abundant fall of rain which began on the 20th of October and to the filling of the Yalairoo river.

3 The Poonava Crops yielded about half the usual produce but there was no deficiency in the Paddy Crops. Of the Pyra or 3rd Crop the Cumdooloo and Anamoaloo sustained great injury from the heavy rains and three fourths perished, but the Gingily Oil seeds gave their full produce.

The

Fort St. George 9th December 1847.

The only wet Crops that failed were in some Villages of Cotah and Ramachendrapooram from want partly of seasonable rains and partly of other means of irrigation. The Sugar Canes also suffered very considerably and did not yield more than 10/16ths of last years produce. The General result of the whole produce was about fourteen sixteenths of a good harvest.

Prices 4 The prices were somewhat higher than in last year as shewn in the accompanying Statement No. 4 - a comperative Statement of the prices of the principal grains is also noted in the Margin. This was chiefly attributable to the large exportation of Paddy, Rice and Gingely Oil seeds from Cocanada and Coringa. The ryots in general derived the full benefit of these prices, the demand for exportation having occurred at the time when their heaviest lists were due and while they were cutting their crops.

Health. 5. A little small pox appeared during the past season but few lives were lost. The usual fever and ague prevailed in the Talooks near the hills during the Cold weather but the District in general was very healthy.

in the Minutes of Consultation of Government of the 10th of November 1846 and 1st of February 1847. 29 Villages belonging to the former and 37 Villages of the latter Estate are now included in the Government talooks as follow

Villages of Catah.

Included in the Anlapoor talook 8.

Do in the Catah Rama-
chendrapooramo talook 21.

29.

Villages of Ramachendrapooramo.

Included in the Catah Rama-
chendrapooramo talook 37

3.

In the 4th para of their Proceedings of the 20th May 1847 the Board remark upon the new designation of the Saudemulla talook. This name has been given to what was formerly the Enagoodem division where a Darogah was employed whose charge was exclusively over Zemindaries but as Saudymulla and Saudoodoy are now Government Estates and the Darogah has become an Amildar under the Boards' orders dated 1st September

September 1845 and Saudymulla is the place of greatest importance in the Talook this name has been given to it instead of Enagoodem which still belongs to the Proprietor of Gootalla.

8. Owing to the inadequacy of the Offers made for the rents of 43 Villages I found it necessary to settle them under Viswabady and Asparah. The settlement of the Viswabady Villages was based on the Amaraum which often deductions for saudewarred and the usual remissions to Moonsiffs and Pettanadars. Remissions were also granted after a strict enquiry during the settlement for lands left uncultivated by poor ryots. The Asparah Villages were settled by division of the produce according to the prevailing established rates the Circar's share being commuted at

the

the Bazar prices. The rented Villages were settled for the most part during the Summaloondy of Fusly 1255 A.D. 1845/46 with reference to the average which the Collections of the last ten Fusles and the permanent Assessment. Those that remained to be settled afterwards were rented out before the end of September and puttahs and Moochilkahs were duly exchanged. Lands held as Enams &c which appeared by the accounts to have been alienated within the last twelve years and which were not proved by any public accounts to be takhraz were diligently

diligently sought for during the settlement and equitable Assessment was levied upon the portions that were proved to have been cultivated and the whole were resumed as jeroyaty in accordance with the Orders of Government contained in the Minutes of Consultation of the 14th April 1846 Para 14.

9. The settlement of the Veeravelly and ansara Villages of Cauparum, Rajahmundry, Cocanada, Rawley, Cotapollam, Ramachendrapoorum, amlapoorum and Nagaram was made at the various cusbah stations and the puttahs were distributed by myself, my Head Assistant Mr. J. J. Knox being at that time employed at Rajahmundry acting as Subordinate Judge. Those Talooks were settled in the Months of December 1846 and January, February, March, April and May. Mr. H. Forbes the Sub Collector conducted the settlement of his own Talooks beginning in January and concluding in April 1847.

10 The annexed Statement exhibits the Amaracum land, the Cist thereof, the land actually cultivated, the remission on lands left uncultivated by poor Ryots the Customary Village remissions, Pagoda allowances ⅌ cent and the Settlement of the Veesabuddy Villages for fusly 1256 A.D. 1846/47 in Comparison with the preceding year. The increase

increase of Rupees 12,759-10-7. occurred as follows. In the sub Collector's taloo Rupees 1249-10-7. In the Collectors Rupees 11510. The result is a net increase of Rupees 10830-6-11. In the taloo of Nuggaroo alone there appears a decrease which is thus accounted for. Lands relinquished in Soampilly by certain ryots residing in Tantipaka and therefore left uncultivated Rupees 562-6-2, lands left uncultivated by poor ryots in Tantipaka and other Villages from want of means Rupees 310-15. wet lands in Shivacodoo and Chintalapilly which were settled under assara and entered under that head, and therefore not included in the Veesaloudy demand for fusly 1256 A.D. 1846/47 Rupees 1,088-14-0 total decrease Rupees 1929-3-2. The increase arose from the transfer of several

several Villages from the renting to the Veesaluddy system owing to the Ryots not having made sufficiently high offers for the rents and being thus necessitated to pay the Khans shist. Under this head appears an increase of Rupees 12759-10-7. From the extension and improvement of the cultivation of the Godavery lunkahs was derived an increase of Rupees 2015-15-3. From the Cultivation of lands in Veesaluddy Villages which were left waste and for which remission was granted in last fusly from the Cultivation of old waste lands and from the increase of assessment levied in those Villages on the highly productive lunkahs of the Godavery an increase of Rupees 6894-10-0 was obtained. From the assessment newly levied upon lands hitherto enjoyed surreptitiously as Inaimums and upon gardens Cultivated in Perrumbokes or Ashum Inaimkahs lands came an increase of Rupees 254-3-7-8 in my taloo and of Rupees 1305-9-8 in the Sub Collectors division. The amount of the increase exhibited in that Statement it will be observed differs from that entered in Column 14 of the Statement C because the latter includes the whole demand for the fusly under review in the Cota and Ramachendrapooram Estates which have hitherto been held under attachment

Fort St. George 9th December 1847

attachment but became the property of Governme
during the fusly under review - whereas the demand
of the past fusly for those two Estates is included
Column 3 of the Statement above given and is co
-pared with the demand for fusly 1256 - The amo
of Rupees 3533-3-9 entered in Column 9 of the ab
Statement under the head of usual Remissions
Comprises the following items -

To Monsiffs and Pettanadars	1702-9-
To Raja Caste people	14-3-15-6
Village Sandernarad	203-8-
To Nairmaries	206-8-
To Pagodas	1276-11-3
Total	3533-3-9

The Monsiffs and Pettanadars were remuner
according to the scale of the Bellary District in
Villages in which there was no adequate provision m
for them - the new scale promised by the Board in th
proceedings of the 7th September 1846 not having bee
as yet received - The item of Remission to Rajah Ca
men is one sanctioned by very long usage in the
Village of Ramalapalem in the Ponly taluk and
has therefore been deducted from the Amarae
Shist - The Village Sandernarad is granted to
Curnums to furnish to the Hoozoor and taluk
Cutcherries the numerous accounts required of

Fort St. George 9th December 1847.

The grant of Rupees 206-8-0 to Nairmaries Dec. was
Confined to those Villages in which there are no emolu-
-ments assigned to them in land or otherwise - A
Statement is under preparation as called for in
the Minutes of Consultation of the 14th April 1846
shewing the amount payable annually from the
Hoozoor treasury to the various pagodas in this District
in order that the sanction of Government may be obtained
The amount of this item being Rupees 1276-11-3 was
deducted at the Settlement for this fusly from the
heriz of the various villages in which the Pagodas
are situated and the money was paid at the
Hoozoor to the wardens of the pagodas - out of
Pootties T Dw
453-15-4/16 of land which were included in the
Amaraeum but left uncultivated from various
causes, 337-7-8 2/16 bearing a Shist of Rupees -
719-4-10 were made over to be cultivated by the
Dar Ryots leaving 116-7-12 2/16 which fell to
Nadar Ryots to whom the Shist was remitted to
the amount of Rupees 1705-12-5 as shewn in
Column 11 of the Statement - The Shist of the portion
of the waste lands assigned to the Dar Ryots -
amounted to 60-3-3 per cent of that of the whole
of the Gayal (waste) and to 6-8-1 per cent of that
of the cultivated lands -

the decrease of Rupees 271-10-8 on two
Villages named Rellogoddah and Samunta=

from the lands being swampy and partly
from want of Seasonable rains. The

great a supply of water which almost drowned
the Crops. The increase of Rupees 825-6-13-4
on two Villages of the Tandymulla Talook arose
from the Tanks of Tandymulla and Tandoovoy
on which the Cultivation of wet lands depends
having been filled by the Hill springs. The increase
of Rs 135-2-7 on one Village called Chadoovadah
newly Reverted to Government in fusly under
report in the Cotah and Ramachendrapooram

the favorableness of the Season. The accompanying

the latter exhibits it in Comparison with

Rs. A P
1815-4-6

300 Rs. and 4 under charge of the Sub Collecton shewed a decrease of Rs. 838 in all Rupees 1188 as noted in the margin - This was occasioned partly by the poverty of the Ryots in consequence of the failure of Crops in the preceding year and the leaving of the assessment and partly to portions of land at Sulenatipilly in the Nagarum Talook having been appropriated by the Civil Engineer for the digging of a large Channel. The other villages (43 1/2) were rented out at an increase of Rupees 25767-10-- and the result is a net increase of Rupees 24579-10-- as entered in the above Statement The net increase of Rupees 8617--4 on 54 villages transferred from Peesalundy to Rents in this fusly occurred chiefly that is to the amount of Rs. 8106-11-3 in the Cunparcorum Talook wherein the Sheist was much reduced in fusly 1255 in consequence of remissions being made for land left uncultivated from want of Rains. The decrease of Rs. 3598-10-1 on 6 1/2 villages transferred from Assamb to Rent was chiefly in

in 5 villages in the Mogultoor and Woondy Talooks. In these the decrease was Rs. 3370-3-9 but it will be seen by the accompanying average accounts of Sheist and Collections that they could not have borne a heavier demand - With respect to the 37 villages of the Cota and Ramachandrapoorum Talooks which have newly reverted to Government and which were transferred from various modes of Settlement to rents in this fusly the Statement above entered shows a net decrease of Rupees 746-5-1 The rented heriz of some of these villages in the preceding fusly was higher but the Amaracum had fallen off and large balances were outstanding - For this fusly after a careful enquiry 17 villages were rented at a loss of Rupees 2704-8-9 but the other villages some of which have the advantage of the Godavery Islands were let out at an increase of Rupees 1958-3-8 leaving a net decrease of Rupees 746-5-1 It will be observed that the accompanying Statement marked C differs with the Statement above entered to the amount of Rupees 110885-5-1 owing to the latter introducing the preceding years heriz of the villages of the newly reverted Cota and Ramachendrapoorum Estates whereas the former does not include them -

Fort St. George 9th December 1847.

The Sub Collector reports Rupees 1065-4 as the amount of balance in his Taloks but does not say how much will be realized - Of the balance of Rupees 11,737-2-3 outstanding against the newly reverted states of Cota and Ramachen-drapooram Rupees 1400-- will be realized partly when sanction is received for the payment of the amount of produce of the Manniem lands (a Statement of which is under preparation and will soon be submitted) and partly from the resources of the Dar Ryots - The remaining sum of Rupees 10,337-2-3 is due by poor Ryots and is owing entirely to the adverse season in the Villages of Drachamum, Ramachendra-pooram &c. - With a view to avoid-ing burthening the Ryots during the coming season I made careful enquiries during the Settlement and afterwards also regarding the balance Viz. Rupees 10,337-2-3 and I found it to be irrecoverable.

subsequently leaving the trifling balance of Rupees
10 against some poor Ryots in the Rajahmundry taluck
which will be recovered from the resources of
the Current Fusly.-

A sum of Rupees 11:3 - on account
19 of Tuccavy for fusly 1255 A.D. 1845/46 is still outstanding against
Ryots deceased, absconded, &c. but it will be
recovered from the Villagers who stood security
for them.-

With reference to para 7 of the Board's
20 Proceedings of the 20th May 1847 requiring
explanation why the Shist of fusly 1255 A.D. 1845/46
fell below that of fusly 1254 A.D. 1844/45 in Vun Kattipa
and directing me to submit a Statement
of the Shist of that Village during several
past fusles, I beg to observe that this
Estate came under Circar's attachment in
fusly 1250 A.D. 1840/41 and ultimately reverted
to Government in Fusly 1254 A.D. 1844/45. The
Marginal Statement
will show the Demand
and Collections for the
Village from fusly 1250 A.D. 1840/41
to fusly 1255 A.D. 1845/46.

Remitted Being from fusly 1256	5600	. .			

It will be seen that the Collections have never

never equalled the demand - This Village being situated on the bank of the Godavery suffered a great deal from the Sand deposited by the floods - Some land also was washed away by the Godavery during the unusually high freshes in fusly 1253 A.D. 1843/44 - The demand for fusly 1254 A.D. 1844/45 was fixed without a strict examination of the lands thus injured and the consequence was a great decrease in the Collections - The Demand for fusly 1255 A.D. 1845/46 was reduced owing to the reduction in the Amaracum of the Shist of the injured lands which was admitted after particular enquiry and of the lands nominally held by the poor ryots but not cultivated -

21 As required by Para 10 of the Board's Proceedings above stated, I herewith submit both in Gentoo and English an Abstract shewing the Berij of the Villages rented for the fusly under review in comparison with their Permanent Assessment and the average Shist and Collections for past fusslies, also a Villageowise account

No 17

Fort St. George 9th December 1847

account of the same in Telugoo only - The average of the Shist and collection for all the Villages is not entered uniformly because many Villages in Proprietary Estates were only temporarily attached in past years and accounts of their actual Shist and collections were not procurable for previous fusslies - The average of 10 years is given for the Villages that have been held by Government for a long time and the accounts of other Villages commence from the fusly in which they reverted to Government - As the Talooks of Peta and Ramachendrapooram - Talooks were held under attachment for some years, the average for the Villages of the former has been given from fusly 1251 A.D. 1841/42 and for those of the latter from fusly 1252 - A.D. 1842/43

22 - The orders of the Board conveyed in Para 13 of their Proceedings direct that when the ryots of any Village express a wish to extend their farms by cultivating

cultivating lands which have been waste
for some years at a progressively increasing
thirst their wish should be complied
with and result communicated with the
report on the general Settlement of
the District.- These instructions shall
be duly attended to during the approach
ing Settlement when the proposals for
the rents for fusly 1258 will be re-
ceived.-

23 The accompanying Statement
of population No 15 shews an increase
of 2,48,263 Souls or 38 per cent more than
the census of fusly 1255.- A.D. 1845/46 The present
census was taken under special orders to
the various Tahsildars and Darogahs
directing that in every Village the Curnums
and others should commence on the 10th
of June and ascertain with as much
precision as possible the number of
persons who slept in each house
during the preceding night.- In this
account there may be many travellers
included and there is no doubt that many

Strangers

Strangers have come here attracted by the large
expenditure of money on publics works but
these causes would only account for a small
proportion of the Increase that appears.-
I am rather inclined to think that the ac-
counts of former years having been taken less
methodically are less accurate than those
now forwarded.- but their truth will be
most correctly tested by taking a similar census
during next fusly.-

24. The following Statement
corresponding with the accompanying accounts

and Charges of all items of revenue inclusive
of Extra sources separately reported upon
on the 20th of September 1847 for fusly

The

Fort St. George 9th December 1847

No. 1

The decrease in the revenue permanently settled is owing to the two zemindary Estates of Cota and Ramachendrapooram having reverted to Government in fusly 1256 A.D. 1846/47. The increase in the amany Demand arose from the reversion of the said two zemindary Estates to Government and from the favorableness of the season. The collection of all items of revenue shews a net increase of Rupees 4,47,654-3:2 or 21:13:6 per Cent. The increase in the collections of the land revenue alone is Rupees 3,85,229-7-1 consisting of Rupees 1,30,000 upon the Pittapoor zemindary which fell into arrears to the amount of Rs. 100,000 in last fusly in consequence of the failure of the S.W. Monsoon while in fusly 1256 A.D. 1846/47 the full poishcush together with Rupees 30,000 of those arrears were realized owing to the favorableness of the season Rupees 14,700 on account of the arrears of former fuslies were collected from the other Proprietary Estates Rs. 42,500 from the Estates of the Peddapoor Zemindar where the harvest was abundant Rs. 68,000 from the Government Estates from the same cause and Rs. 110,000 from the Cota and Ramachendrapooram Estates that is Rs. 63,000 on account of the adjustment of their purchase money and Rs. 47,000 realized from the Ryots. The reasons of the increase and decrease in the Extra Sources of revenue have

Fort St. George 9th December 1847

been given in my report under date the 20th September 1847.

25 The increase in the charges of Land Revenue amounting to Rs. 7854-6-11 arose from the Salary of the Sub Collector and his Establishments and of the assistant Collector having been charged in full for the fusly under report while they were charged for only a part of the past fusly. The decrease of Rs. 11807 in the Extra charges rose from the decreased advances of Tuccany.

No. 2 26 Copy of the Sub Collectors report accompanies this.

27 I have again to acknowledge the services rendered by Mr. Henry Forbes the Sub Collector, Mr. T. J. Knox the Head assistant Collector and Mr. R. Ed. Master the assistant Collector and to express my perfect satisfaction with the conduct of my Head Sheristadar Cumbum Narsinga Row.

C. C. Pope, Assistant to the Collector

To

Thomas Prendergast Esqre

Collector of

Rajahmundry.

From the Sub Collr of Rajahmundry

Sir

Para 1. I have the honor to report upon the settlement in the Sub Division for Fusly 1256 and to forward the usual Accounts from No. 1 to 16.-

2. The talooks and the number of Villages contained in each, are the same as enumerated in my last Report, and it is only necessary to state with reference to the 4th Paragraph of the Board's Proceedings of the 20th May last, that the Talook of Tandemullah is identical with that of Yernagoodem, under which latter name it was entered in the list of the Talooks as newly arranged by Mr. Bird.-

3. The season generally was a good one.- The rains at the commencement of the South west Monsoon were abundant, and the Poonasa Crops were brought well forward.- In Woondy and in other lands dependant on the Godavery freshes a good supply of water was received, and the tanks in the higher talooks of Tandemullah were also

also filled by the Jungle streams from the Hills. There was a want of rain experienced in September at which time it is essential to bring to maturity Crops which have been sown in the early part of the season.-

4. A full crop was cut on the wet lands, and altho the dry grain was Comparatively not so productive the outturn on the whole was good.-

2. The price of white paddy was rather below the average of the previous year and that of black paddy rather above it.- on the whole the prices were sufficiently remunerating for a punctual realization of the demand.-

3. The orders of the Board of Revenue were duly followed in the Settlement on the system of joint Rents pursued with greater success as to the number of Villages rented than in Fusly 1255.- The following table will shew the numbers of Villages rented and settled under the Afsarah and Veesabady System in the past year and also afford a comparative view between Fusly 1255 and 1256.-

1. The Remissions were confined to those usually paid to the Village Servants and to such lands in Vessabady Villages as were utterly unproductive, and then only on a careful and personal enquiry. The total Amount thus remitted was Rupees 593-6-2 and it was all granted in the Tanookoo Talook. The allowances to Moonsiff and Pettanadars in Villages where their services were otherwise unremunerated were regulated by the scale of payments usual in the Bellary District and forwarded to me as a guide from your Office before the Commencement of the Settlement. The Pagoda allowances were paid to the Authorized Servants of each institution in my presence.

8. In fusly 1255 the Number of Villages rented was 11½ less than in 1254; this diminution has been in fusly 1256 converted into an increase of 17 Villages above the number rented in 1255 and 5½ above the rents of 1254 and it is most satisfactory to find, that the more fully the System is carried out, the higher is the Government Revenue and the more punctually is it discharged. Of the total numbers of 231 as Rented Villages, the great proportion of 211 were under Rent in both fusslies 1255 and 1256 and 3 Villages were

14. The Total of the Amount will be found to differ from the accompanying Statement in consequence of the Bareez on shotriem and Cattoobady lands being included in the latter and not in the former the particulars of this difference are in the Margin.—

15. Out of 18½ Villages which were under Veesabady Settlement in fusly 1255 13½ were rented in the past year, and the remaining 5, together with the 3 Villages of the Tanookoo taloke reported on in para 8 were under this head in fusly 1256.— The annexed Statement shews a decrease of Revenue of Rupees 1392 - 5 - 10 in the Villages Veesabady Settled in both fusslies and an increase of Rupees 1336 - 6 - 9. in three Villages which were unrented under the circumstances above noticed.— The interests of the Government and

and of the Ryots are inseparable and there can be no question but that in the present circumstances of the Division the renting System is for the advantage of both. My best exertions will be used still further to diminish the small number of Villages yet remaining unrented in the Division.—

18. The difference between the above Statement and that entered in the accompanying account marked 5A arises from the former having reference only to entire Aserah Villages, whereas the latter includes also some small patches of ashalmenahah lands situated in the Rented Villages bearing a Shist of Rupees 24-12-7 the particulars of the difference are marginally stated.

19. Previous to the Settlement under report, it had been usual to obtain the Selling price of grain in the larger towns of the Talook and to fix the Commutation price in accordance with the highest rate thus obtained - but this cannot be considered the price at which the ryots have disposed of their produce the retail price, or even the wholesale price of the Merchant includes much profit insurance against loss, interest of money &c. &c. as I considered that the wholesale price at which the growers sell their produce should be considered as the price according to which the Settlement ought to be regulated. 24. From the balance as given above must be deducted Rupees 68 - 1 - 8 which have been brought account but not collected under the following

following circumstances.

25. In investigating during the Settlement the title under which several Inamdars were held according to your direction of the 5th March 1847 it was found that many of the Village Servants had no Remuneration whatever but such as they derived from certain lands which they had held as Enams for various periods, but to which they had no valid title & which were entered as Seroyee lands in all the Government accounts. To have enforced the payment of the Shist on these lands, would have led to the abandonment of the Service on the part of the holder, and to the consequent great inconvenience of the Village. I preferred therefore to establish the right of Government if it should hereafter be deemed advisable to enforce it by bringing the sums to account directing at the same time that they should not be collected until a general arrangement of the whole question of Inamdars should finally settle the matter.-

26. Of the balance in the Inguttore talook some part will be collected in the Current year but I anticipate that it will be necessary to remit the greater proportion due by the Inamdars.

27. Rupees 20975-3 were collected on account of outstanding balances, raising the Collections within the Fusly to Rupees 457,101-14-10 Rupees 102397-4-2 having been struck off by order of Government under date 27th July 1847 the balance at present outstanding accounts to Rs. 13537-14-10 a detailed Statement of which accompanies this part.-

Fort St. George 9th December 1847.

28. As directed in the 19th Para of the Board's Proceedings on the review of the Settlement for fusly 1255 particular enquiries were made into the balances of fushies 1254 and 1255 with the view to a final adjustment.-

29. In my report for fusly 1255 I stated the outstanding balances from fusly 1242 to 1254 inclusive to be Rupees 1,27,085-11-11 and Recommended under Circumstances then detailed that Rupees 90,321-2-4 should be remitted and Rupees 36764-9-7 retained for eventual Collection In submitting your report for the District you excluded the balances of fusly 1254 from your recommendation for remiss limiting it as far as regarded the Sub Division to Rupees 83113-12-1 The Government were pleased to extend the benifits of these remissions to the sum of Rupees 1,02,397-4-2 leaving a balance of Rupees 24,688-7-9 To this must now be added the balance of fusly 1255 or Rupees 8759-7-- making a total of Rupees 33,447-14-9.-

30. Of this there was Collected in the year under report Rupees 20,975-"-3 so that the balance now outstanding becomes Rupees 12472-14-6.-

31. Bearing in mind the recorded objection of Government to imposing on the coming

Fort St. George 9th December 1847.

season the arrears of the past, when such arrears have arisen from adverse season or causes over which the ryots have had no Controul, I am induced to recommend that Rupees 467-2-10 only should be recovered and Rupees 12005-11-8 finally remitted.-

32. The Causes which lead me to recommend this extensive remission will be understood from the following Statement.-

Due by poor ryots to whom an enforcement of the balance would be ruinous	7,911	3	6
Due by ryots who have left the District	2,076	7	10
Due by deceased ryots	462	11	11
Due on land rendered barren by influx of sand	808	7	2
Due on land which could not be cultivated for want of water	746	13	3
Total	12,005	11	8

33. The unusual punctuality with which the Revenue has been realized in the past year is worthy of observation, more particularly as it appears to afford a practical proof of the soundness of some of the view taken by the late Commissioner in that part of his report to Government, in which he endeavors to account for

Fort St. George 9th December 1847.

for the gradual falling off in the revenue.

34. Before the commencement of the late harvest a proclamation was issued in every Village in the Division assuring the Ryots that they were at full liberty to cut their Crops whenever it suited them, and that permission from the Amuldar was no longer to be conceded necessary - It was also as generally proclaimed that any case of the collection of unauthorized items of Gramakurch would be diligently sought for during the Settlement, and offenders rigorously dealt with.

35. I made it my particular duty during the Settlement to ascertain from the ryots of every Village that these orders had been comprehended and obeyed, and I entertain no doubt whatever that the punctual realization of the revenue which is so conspicuous in the last year is in great measure attributable to the pains which were taken to carry out the Suggestion of the Commissioner in these respects.

Sir,

With reference to the Board's Endorsement on the accompanying petition from the Jaghiredar of Avelcondah, I have the honor to state that the Jaghire consists of detached Villages scattered

15940 - Fort St. George 9th December 1847.-

scattered over great part of the District- It is the present object of Jaghiredar to exchange certain Villages in the Poloor Taloot for the Village of Varattoor in the Tirvellum Taloot which is nearer Avelcondah where he resides- The particulars of the revenue of the Villages are shewn in the annexed Statement from which it will be seen that the value of the Circar Village exceeds that of those of Avelcondah both as regards the total Ayacut or the average Cultivation. The Jaghiredar offers to pay the difference in the average Boriz-But there are no means of knowing under what particular arrangement the Cultivation of the Jaghire Villages has been carried on It is probable that under the Circar Management the revenue would not come up to the Jaghiredar's beriz, while that of the Circar Village under the Jaghiredar's Management might no doubt be increased- It might be of advantage on both sides to exchange the Jaghiredar's detached Villages for a more compact Jaghire but it appears to me that there would be a loss of revenue from the arrangement now proposed.-

For Rupees 48-15as-11p being the Amount of extra imposition on the Malgazary lands

lands belonging to the Plaintiff.

1st. My deceased father Ramchungyer had 3 sons, the one called Venkatarangyen by his first wife, & the other two, namely myself & my youngen brother called Nanoongyer, by his second. Being unwilling on the death of my father to live with my half brother who possessed the whole of my father's estate, consisting of eight & odd valies of Nunjey & Punjey lands, a house, & certain other property, I brought a suit against him for 2 thirds of the estate, being my own share & that of my younger brother, a Minor under my care. This suit No. 96 of 1834 was originally heard and determined by the Sudr Ameen, whose decision adjudging to me five & odd valies of land Vea Vea was on appeal afterwards confirmed in an appeal suit No. 231 of 1835.

2d. As my half brother failed to pay the sirkar kists on the lands during the time the suit was pending before the Court, a certain amount of arrears of revenue was outstanding against him for fuslies 1246 & 47. For the recovery of these a portion of the estate in question to the extent of

of Valies 7 & Maws 1, comprising the 1st sort of land was brought to hammer at the end of fusly 47, & sold in auction under the order of Collector to a certain individual called Wondachya Pilly of Rammathapore. Another portion of the estate, Viz, Maws of land, was for similar reasons sold, under the orders of the Court, to one called Arnachella Ralingram who occupies it at this day. As these lands were sold in auction for arrears of Revenue due by my half brother, I motioned the Court that no deductions might be made on this account either from my share of the estate or that of my younger brother, & that I may be put in possession of the full extent of land awarded to me by the aforesaid decree of the Court, & this motion was granted.

3rdly Valies 4 Maws 14 Gooly 90 of Nunjey lands to which I succeeded, & Maws 7 which had been purchased by Arnachella Ralingram, were comparatively bad land, while those purchased by wondachya Pillay were lands of the 1st sort. The assessment on these lands was therefore fixed for Fusly 1248 according to the "Cutlay teerwab" determined upon in fusly 1216. Three different sogoobady Moochilikahs or engagements for cultivation

were drawn up, to which myself & the above ex
said two individuals placed our signatures, the
Beriz agreed to, being according to those Moochilka
as follows.-

The standard produce of Valies 2 Mans 1 of
Wondachya Pillay's land was fixed at Col.s 435
Merc.al 2. the Mailwarum of which converted
into money being Ch.s 61 Dfs. 7 3/8.-
The standard produce of my lands was fixed
at Col.s 612 Merc.al 9; the Mailwarum of which
converted into Beriz being Ch.s 86 Dfs. 9 3/4
The standard produce of Arnachella
Caliegrani lands was fixed at Col.s 38 Merc.al
9; the Mailwarum of which converted into
Beriz being Ch.s 5 Dfs. 3 1/4.-

Wondachya Pillay sold his land,
measuring two Valies 9 odd, to the 5th defendant
at the end of Fusly 1248, or in the Month of
June 1839.- From that time forward the 4th
Defendant paid the Khists on his lands
at the rate of "Cutlay teerwah," agreed to by the
former occupant in Fusly 1248, Myself and
Caliegrani paying our Teerwah likewise at the
same rate. Shave since made a good deal of
improvement on my lands by Meramuts to a
large amount: We have in every succeeding year
from Fusly 1248, signed before the Cirkar the
usual engagements, setting forth the rate

of Teerwah &c &c

5th Under these circumstances the
4th Defendant listening to the evil advice of
certain individuals, petitioned Mr. Sinderseley
in Fusly 1251 stating that he had been paying
a higher rate of assessment on his lands, but
concealing the fact of his lands being of
the 1st sort; and praying that the rate of
"Village average" may be restored on the lands
held by him, myself & Caliegrani.- But on
a report received on the subject Chinnapa Row
the late Tahsildar of Codavasil, Mr. Sinderseley
(Vide Takeed sent to the Tahsildar,
most probably in Fusly 1253) objected
to the proposal of the 4th Defendant, on
the ground of the different sorts of soil
that each of us occupied, and decided on
that the Village average could not be
just, unless a just distribution of lands
could also be previously made in reference
both to the quality and extent. This order
has been confirmed by another issued by
the 1st Defendant on his succeeding the abovesaid
Gentleman as Acting Coll.r of the Province, and upto
that time the 4th Defendant had been paying
Khists at the rate of "Cutlay Teerwah."-

Fort St. George 9th December 1847

6th Ply.

The 4th defendant afterwards applied to Sir Montgomery in July 1754, & by means of a favorable report made by the 2nd defendant, succeeded in obtaining from the Gentleman, who had not duly & fully examined the case, an order No. 364, dated in February 1846 to the effect that the Seeruvai might be collected agreeably to the prayer of the 4th defendant at the rate of Village average By this assimilation of Seeruvai the 4th defts has gained Chs. 15 Defts 2 3/8 a year, an amount by which my lands are overtaxed & this amount is raised to Rupees 32-10-0 by taking into account the difference of Nirrucks. An extra imposition of Rupees 32-10-0 was accordingly put on my lands in July 1255, & my lands attached & advertised for sale for the recovery thereof. In July 1256 again, I was pressed for the extra rists by the 2nd & 3rd defendants, & this money I paid (Rs. 25-4-8) for the rists of March 1256, has been credited on account of the aboves aid balance of the preceding year.-

7th Ply.

It can by no means be proper to assimilate Seeruvai or two different tracts of land which widely differ from each other in quality, and as the Original purchaser Wodachya Pillay has paid the

Fort St. George 9th December 1847

higher rate of Seeruvai, the 4th defendant who has purchased lands from him, & who has given written engagement successively for many years, binding himself to pay the higher rate of tax, cannot reasonably & make objections to it at the present moment, and much less is it just to grant his request for assimilation of assessment on lands of which the difference of quality has been determined, so far back as July 1216. particularly as his prayers have been once before rejected by Mr. Kindersley & the 1st Defendant. As under these circumstances I consider myself aggrieved by the orders of Sir Montgomery in Consequence of which my lands are overtaxed, I have brought this suit, with a view to getting my lands relieved from the extra imposition, and the sum of money refunded to me, which I have paid on account of the rists of March 1255, but which has been credited on account of the extra imposition for 1255.-

8th Ply.

I have brought this suit against the 1st, 2nd, & 3rd Defendants as well as against the 4th, because, as the

York 5th George 9th December 1847.

is the competent authority to countermand that Gentlemans' order, and the second was the party on whose representation Sir Montgomery issued the order, and the 3d defendant though under the orders of the second, having oppressed me in this matter. My own brothers has not subscribed to this as Plaintiffs by reason of his being still under my charge & living jointly with me. Arnachella Calingrayen has not joined me as Plaintiff, only because the 4th defendant has won him to his side, and made him acquiesce in the comparatively small loss that the extra imposition has subjected him to.

Amount.

Original Suit. No. 9 of 1847 for Rs. 48-15-11.

Answer to the Plaint.

Plaintiffs' elder brother Seads Valies 7 Mawes 2 of Meeras lands in the Village of Kalattoore on which an assessment was imposed at the rate of "Village average", a rate agreed to by all the Meerassedars of the village. Portions of those 7 Valies 2 odd of land were sold & resold to different individuals who paid taxe accordingly to the above rate. The land is now occupied by three individuals, two of whom pay taxe at the Village rate, while the Plaintiff only objects to it on the ground of inferiority of the soil occupied by him, a plea which will not hold good if the soil is examined and is further confirmed from the fact of the Plaintiffs refusal to give his consent to the turrey or distribution of good and bad soil, which his fellow Meerassedars are ready to make. Plaintiffs' reason for objecting to this arrangement

arrangement; is the improvements alleged to have been made on his land, but the benefit of those improvements, supposing that he has made any, should, according to the Varayed tenure of occupation prevailing in the village, be shared by all the Meerasdars.-

Out of the Valies 7 Mawe 2 of land held in the village by the Plaintiffs elder brother, Valies 2 Mawe 2 were disposed of in auction for the recovery of arrears of Revenue due on the estate; 7 Mawe more were sold by the orders of the Zillah Judge, & to the Remainder Viz Valies 4 Mawe 13 Plaintiff succeeded in Consequence of an award obtained against his brother... Plaintiff then found means, it is supposed, through the influence of the village Officers, to introduce "Cuttay Seervah" on the 7 Valies of land from Fusly 1248 to 1253. By this rate of assessment, the Plaintiff benefited at the escpence of the 4th Defendant & another Arnachella Caligram. For Two years only the kists were paid at the Cuttay rate, the Crops having suffered, and a division of produce being resorted to in the resb. Fusly 1254 this new mode of assessment was objected to, & upon due enquiry into the matter the Village average or Common rate of assessment prevailing in the village was levied & according to which the land had been assessed while in the occupation of the Plaintiffs elder brother & those that had purchased lands from him.

Under these circumstances, the suit cannot be considered as one for the recovery of excess Collection, but preferred in objection to the rate of assessment fixed by the Revenue Officers, an objection which should come more properly under the consideration of the Board of Revenue, rather than become matter for Civil litigation. The Collector, therefore, should the Sub judge be of the same opinion, requests the suit may be dismissed.-

To the Chief Secy to Government } Sir,

I am directed by the Board of Revenue to request you will lay before the Most Noble the Governor in Council the accompanying letter from the Collector of Tanjore forwarding translation of a Plaint filed against himself and others in the Sub Court by Kooppoosawmy Iyen Meerasidar of Codavasel Taluk, and draft of the answer which he proposes to file.-

F. Coll. 18th Nov. in Cons 9th Dec. 1847.

2. The Plaint sets forth that Plaintiffs ancestral property having been divided between himself and two others, the 4th Defendant who was one of the sharers obtained with the aid of the 2d Defendant a reduction in his assessment by which Plaintiff states, he has been over taxed in the sum of Rupees 23-11-3. He therefore institutes this suit seeking to be relieved from the extra cess, and for the refund of Rupees 25-4-9- being the amount paid as the kist of March 1256 1845/47 Fusly but which has been credited to

13954

Fort St. George 9th December 1847

the balance of Fs. 1258 / 1845/46

3. The Collector in his proposed answer states that Plaintiff contrived to introduce "extraordinary" regulated assessment on the whole of the land before its division, whereby he benefited at the expence of the 4th Defendant and another party. In Fusly 1254 / 1844/45 this new mode of assessment being objected to, the village common rate of assessment was after due enquiry adopted. It is argued that the question at issue being properly one of assessment is not within the jurisdiction of the Court.

4. The Board have thought it necessary to make a slight alteration in the draft and with this modification they consider the proposed answer to constitute a good and sufficient defence, and they therefore beg to recommend that the Collector be authorized to file it and conduct the suit at the public cost.

From the Collector of Madura -

Sir,

With reference to Para 3 of my letter dated the 12th Instant I have the honor to forward the accompanying copy of a letter from the Acting Joint Magistrate stating his opinion that Sham Row the Tasildar of Tandicomboo should be punished with dismissal for his culpable and Suspecious conduct in regard to the Smuggled earth Salt which has been seized.-

To R. D. Parker Esqre
Collector of
Madura.

Sir,

In reply to the request contained in the 5th Para of your letter of the 2d

Fort St. George 9th December 1847.

night of Saturday the 6th I have the honor to state that the facts bearing against the conduct of Sham Row, which were elicited during the enquiry held into the seizure of the salt were such as to raise in my mind the most violent presumption short of actual legal proof that he had been transferring with the smug=glers.-

2 He had the strongest reason for acting with caution, promptitude and energy. Information had been given him by one who if not a party concerned, was at least likely to be well acquainted with the proceed=ings of the Gang against whom he informed. Instead of finding the Tahsildar's proceedings so characte=rized I considered them to be marked in a most striking and extraordinary degree with such gross carelessness dilatoriness and supineness, as involuntarily impressed me with the conclusion that he was under the bias of some improper motive.-

3. The flimsy disguise of official procedure thrown over the matter, awk=wardly effected to cover

Fort St. George 9th December 1847.

the part he took in the transaction.-

4- The Zilladar and 3 Peons and the Natamgar transmitted to the Subordi=nate Court, have been convicted of conniving at smuggling and punished by fine and in default of payment by imprisonment, and are in consequence disqualified from ever serving the Company.-

5- In a moral point of view the Tahsildar is in my opinion more guilty than the Zilladar; and tho' there is no official information, nor any legal proof to shew that Sham Row, at any time, was aware that the salt was earth salt, an attentive consider=ation of the records leads to the conviction that he could not have been ignorant of this fact.-

6 I believe the ignorance pleaded by the Tahsildar to be feigned and look on him as the principal offender in the case and responsible for the offence committed by his subordinates. I do not therefore think that his punishment should be less than that which the legal conviction of his tools carries with it.-

7- But if so harsh a measure does not seem justified by the nature of the

evidence in this case and the plea set up by the Tasildar is admitted his ignorance is still traceable only to most grofs inattention to the most common duties of his Office, and merits either degradation or suspension from Office.-

8. Were the conduct of the Tasildar of Nellacotah, in every respect satisfactory I should have recommended the transposing of the two Tasildars, but I am prevented suggesting any such arrangement, and I see no other way in which the degradation of sham Row could with propriety, be made in the sub division.-

9. If, therefore, his dismissal be not approved of, I would recommend his suspension from Office for 3 months for grofs carelessness and neglect of duty.-

Resolution thereon.-

(15-16) The Board sanction the removal from Office of sham Row Tahsildar of Pandecombo as recommended in the foregoing letter.-

Read the following letter from the acting Collector of Tinnevelly

of Tinnevelly during the term embraced in the above report presents an increase compared with the result of the preceding year of Rupees 31894-2-6.-

2. In the demand on the items Sea Customs and Moturpha there was a decrease of Rupees 3266-11-5 the remaining items however exhibit an aggregate increase of Rupees 35160-2-11-

3. The principal excess of the year occurred in the salt department in which the

sales exceeded any on record and were beyond those of the preceding Fusly by Rupees 16946-11-1.-

4. The Manufacture of the season and hence the charges were correspondingly diminished. The total charges connected with this branch including advance for the manufacturer's share was less by Rupees 15317-1-1- than in Fusly 1255 which being deducted from the total Collections realized within the year under report gives a Net Increase of Rupees 32289-3-5.-

Sayer - 5. In the Sayer Collections there was an increase of Rupees 2385-7-4. on the past year, including a small item of Extra revenue the Grofs Collections under this head were Rupees 53616-8-1. from which being deducted the charges incurred

during the year and in which there was a considerable abatement below the charges of the past Fusly as fully explained in para 7 of the Collector's report the Net revenue obtained from this branch stood at Rupees 6063-8-9 in advance of that obtained in Fusly 1255 as shewn in the Margin.-

Sea Customs- 6.

As before observed there was a slight depression in the Sea Custom during the period reported on, arising from diminished imports chiefly from Ceylon- the total receipts were Rupees 76675-14-9- Subject to a charge of Rupees 2505-14-2 which being deducted leaves a Net revenue of Rupees 74170-11-7 or Rupees 731-1-11- below the net Revenue of Fusly 1255-7-

Net Revenue
1255-74901-2-6-

The settlement of the abkarry and Stamp revenue calls for no particular remark from the Board it is merely requisite to state that the Net receipts from the former item amounted to Rupees 25669-1-9- being a trifle above the transactions of the previous years- and the Collections from the latter were Rupees 15708-15-4- arising from the ordinary causes incidental to this source of Revenue

The decrease in the Demand under this head contrasted with the antecedent year was Rupees 2281-1-6 and in the Net revenue the falling off was Rupees 2952-7-5- The deficiency in this branch arose from the peculiarly adverse nature of the seasons which visited the district during the past year, and which appears to have induced emigration among people liable to the payment of Moturpha. From the report upon the general state of the District submitted by Mr. Parker in the Month of January last and especially in reference to his remarks upon the expediency of pursuing a lenient course, the Collection of Moturpha from parties living by manual labour, a larger decrease than the above might have been expected, as well as the existence of considerable current arrears, it is therefore satisfactory to the Board to observe that the whole of the Demand was brought to account within the Fusly except a small amount.

Read the following letter.—

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

18

From the Collr of Canara.

Sir

Referring to the Boards letter in the Department of Public Works to the Chief Secretary to Government dated 28th June and to the remarks contained in the Minutes of Consultation of the 26th August last upon Captain Collins's observations respecting the prejudicial effects which the Mysore transit duties have upon the trade of the Country I think it right to lose no time in requesting the attention of the Board to the letter of the Secretary to the Government of India conveying authority for the withdrawal of the frontier Chowkies between the Honorable Company's territory and that of Mysore from which it appears that Captain Cotton's conjecture was correct that the omission to withdraw the Chowkies for the collection of frontier duties for the Mysore state at the same time that they were abolished in the Company's territory may have been the result of an oversight

The withdrawal of the Chowkies

Brings to the notice of the Bd the difficulties offered to the trade of the district by the retention of Transit duties in the Mysore territory, the withdrawal of the frontier Chowkies in that Country appear to be expressly intended by the Supreme Govt & urges the necessity of their immediate abolition unless orders to the Contrary have been subsequently issued.

in Bd's letter dated 15th March 1845.

Chowkies having taken place and all the arrange-
=ments connected with that measure having been
completed about a year before I took charge
of this district my attention was not until
recently drawn to the terms of Mr. Secretary
Bushby's letter above referred to but upon a
perusal of that letter it appears to me beyond
doubt that the Government of India never
contemplated the retention of frontier duties
by the Mysore Government after they were
abolished by the British Government. The
terms of the letter clearly convey the intention
that the concession should be simultaneous
and reciprosal. They are as follows. "The
"Governor General in Council is of opinion
"that the Chowkies established on the Mysore
"frontier under Section 7 Act VI of 1844
"and any similar Chowkies for the Collec-
=tion of duties for the Mysore state should
"be removed." Under this order the In-
=land trade with Mysore so far as it re-
=lated to the Collection of duties by
the Company's Government was at once
thrown open and left entirely free - but
no steps appear to have been taken by
the Mysore authorities for carrying out
a similar measure in that Country and

duties have consequently been for the past three years
and are still collected with all the former rigour
of the old Sayer System upon nearly every arti-
=cle conveyed either from or into the Company's ter-
=ritory.

3. I must express my entire concurrence
with Captain Cotton's observations respecting
the bad effects of such a system. It is not too
much indeed to say that a great part of the
advantages intended to be conferred upon the
Country by the large sacrifices of Revenue made
when the Inland duties were abolished has he-
=therto been held in suspense by the continuance
of the old restrictions in a territory which com-
=prizes a considerable portion of the interior of
the Southern peninsula. - Much of the trade by
Sea as well as that by land naturally takes its
direction into the interior of the Country and
it is of little avail to exempt it from duties
while it is passing through a narrow strip of
Country adjoining the Coast if immediately
that it gets beyond that time it is to be hamper-
=ed with all the burdens restrictions and
abuses which are inseparable from the sys-
=tem of collecting Inland duties.

4. So far then as respects the chow-
=kies on the frontier of Mysore it seems clear
that

that that is no longer an open question, their abo-
-lition having already been in effect ordered by the
Government of India, and I should respectfully
suggest that their immediate withdrawal might
be at once claimed under the terms of that order,
unless indeed their retention should have been
subsequently authorized which does not appear
probable.

5. With regard to the internal transit
duties now collected in the Mysore it is a ques-
-tion not so directly bearing upon the mutual
relations between the two territories as that
of the frontier duties, although if the former
be collected upon the transit of goods imported
from the Madras territories while the produce
of Mysore is wholly exempt from any such
burdens in the Company's Country, it cannot
be said that the trade of the two Countries is
on equal terms. There can be no doubt that
the trade of our own Merchants is greatly ham-
-pered by the internal transit duties of My-
-sore. I have had many opportunities of ascer-
-taining the opinion of Merchants trading
through the Country, and have received loud
and bitter complaints not so much of the
amount of duty charged, though that is
considerable, as of the delay and vexation
ed

occasioned by detention of goods at the numerous
Chowkies on the road, and the power thrown into
the hands of the Chowkeydars of creating annoy-
-ance by unloading and reweighing the goods.
Captain Cotton is perfectly correct in stating
that the object of Merchants is not under the
present system to take the most direct and
easiest line for their trade, but to make for
the nearest part of the Company's dominions
from which they can proceed unmolested. Thus
the traders in Betel in carrying that arti-
-cle from Hunnur and the Balaghaut to Poo-
-dacotor the great Mart in Cuddapah at present
always go round by Hurpenhully and Bel-
-lary in preference to proceeding straight ac-
-ross the Mysore Country, and in the same
manner the Cotton produced in Raidroog
and the other South Eastern talooks of Bel-
-lary is brought to Coomptah by the same cir-
-cuitous route instead of direct by the way of
Chittledroog.

6. One of the great disadvantages
of the Mysore transit duties is the uncer-
-tainty of their amount and the different
modes by which they are collected at the
several Chowkies. Some idea may be formed
of this by referring to the duties on betel
which

which I ascertained from a Merchant at Hunnar
In a distance of not more than 20 Miles by
the Map from Hunnar to the nearest point of
the Darwar district there are, he informed me
three Chowkies - The 1st at Salah where a duty
of 1/R — 2 Annas per Candy or nearly 2½ per Cent
was last year collected and the whole of the
betel turned out and sorted, an arrangement
much more inconvenient and vexatious to the
Merchants than had previously prevailed, the
duty having been up to that time according
to my information charged only upon the quan-
tity entered in the Rowannahs granted in
Canara, and by a comparison of samples
taken from each bag but without further ex-
amination and reweighment. The 2d Chowkey
was at Sanger where it was again reweighed
and the duty collected but in a different man-
ner Viz.t by the bullock load, at the rate of
9 Canteroy annas / Rs. .—3 as 0 / per bullock.
at the 3d Chowkey placed at Seraulcoopah the
betel was again reweighed and a further duty
of 10 Canteroy annas / Rs. .—3 as 6 / collected.
The next stage is in the Darwar frontier
from whence there is no further obstruction.
Thus according to my informant in a space
of little more than 20 Miles there are
three

three Chowkies at all of which transit duties
are collected and the detention of each of which
he stated to average about two days but to
vary according to the quantity of Merchandize,
and the number of loads to be weighed. The same
system with more or less modification prevails
I am informed throughout the Country, except
in the Ashtagram division where it has been
wisely abolished by the Superintendent and
under such circumstances it is not to be won-
dered at that the Merchants traversing the
Country should be glad to submit to consi-
derable sacrifices with a view of avoiding
a transit through the Mysore Country -

7. It is not necessary to dwell at
any further length upon the evils attending
on a system of transit duties collected at
so many places, for they are now universally
admitted. That their abolition in Mysore
would also be to the advantage of that Coun-
try, and increase its internal prosperity
appears to me to be scarcely questionable.
The produce of Mysore must always look
for its best Market at the Coast, and
every facility which may be conceded to
its conveyance thither must act as a direct
stimulus to trade and industry. It is not

not of less importance that a free transit into the interior should be allowed to the produce of the Maritime districts and to the trade by Sea, and every obstruction tending to impede the transit of our Cotton to the Coast and our Salt into the inland districts be removed. It does not however appear to me to be solely a question of expediency or of Revenue to the Mysore State but to rest upon the broader grounds of whether under the existing relations between the British Government and Mysore, and under the terms of the treaty which distinctly agrees that the commercial intercourse between the two Countries "shall "be mutually beneficial to the subjects of "both Governments" and after the produce of Mysore has been expressly declared entitled to the same advantages both in the United Kingdom and in India as that of a British possession, the Government would be justified in any longer allowing the trade with its own territories to be fettered with all the restrictions of a foreign commerce and submit to the entire absence of reciprocity which is exhibited under the

Collector's Cutcherry

Ordered that the foregoing letter be submitted with the following address -

For
The Chief Secretary to
Government

18-19

To the Chief Secy to Government -
Submitting a letter from the Collector of Canara bringing to notice the prejudicial effects of the retention of the transit duties in the Mysore Territory upon the trade of his District concurring in the opinion that a letter from the Government of India conveyed the intention that the Mysore Chokies should be abolished with those in the Company's Territories and strongly urging that the subject may receive early consideration -

In Cons. 9 Dec. 1847. 2867

Sir,

I am directed by the Board of Revenue to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Collector of Canara dated 25th October last bringing to notice the prejudicial effects of the retention of the transit duties in the Mysore territory upon the trade of his District -

Mr. Blane has forcibly pointed out the evils attending the present system of levying this tax in Mysore - He states that

2.

frontier duty continues to be charged on nearly every article conveyed from or into the Company's Districts whilst there are no restrictions on the free transport of the produce of the Mysore Country through any part of the British Territory

Fort St. George 9th December 1847

Mr. Blane further states that Merchandize in transit from one part of the company's territories to another, having to pass through Mysore is saddled with heavy transit duties and the trader is not only subjected to a charge, which under present circumstances must be deemed an arbitrary exaction, but he is also exposed to much inconvenience, delay and vexation, so much so that goods are frequently forwarded at considerable sacrifice by a circuitous route to avoid crossing the Frontier.—

The Board concur in opinion with Mr. Blane that the terms of the letter from the Secretary to the Government of India dated 15th February 1845. conveyed the intention that the chokies in the Mysore country should be abolished simultaneously with those in the Company's territory and in reference to their previous letter in the Department of Public works dated 28th June last, where in they brought to the notice of Government the fact that transit duties were still levied in Mysore they would strongly

9th December 1847

/Signed/ D. White
Acting Secretary

Read Petitions presented by certain inhabitants of Poloor and other Talooks in the District of North Arcot referring to their previous Petition No. 1119 of 1843 of 1843, and complaining of the burdensome nature of the assessment to which they are subjected.

(Here enter Petition No. 1911 of 1847)

27 Proceedings thereon — The Acting Collector will be pleased to inform the Petitioners that the prayer of their Petition will be taken into consideration when the General question as regards the assessment of the whole of the District is finally disposed of, but that in the interim the settlement will be made according to the usual rules that have hitherto obtained.

The Board however observe that it will be the duty of the acting Collector to see that the assessment does not press unduly in individual cases.

Ordered that the following Endorsement be passed on Petition No. 1911 of 1847.

Petitioners are referred to the Acting Collector to whom the Board of Revenue have forwarded
