Chief Secretary to Government

Fort St. George

Sir,

In reply to Mr. Deputy Secretary Clarke's letter No. 398, dated the 11th. September 1846 with enclosures I am directed to state for the information of the Most Noble the Governor in Council, that the Assistant Timber Agent must be so fully employed in his immediate and proper sphere that the Honorable the Governor in Council doubts if any advantage would be gained by uniting to his present duties those of Assistant Conservator, as proposed by Mr. Blane the Collector of

Canara

Canara. There would be difficulty also in the double responsibility to different departments and to two Governments; and as there must at all events, be a separate Establishment it would appear to be more expedient that there should be a separate Officer for the duty connected with the Conservancy.

From the Collr. of Ganjam...

Sir,

I have the honor to acknowledge the receipt of your letter of the 21st. Ultimo, and to inform you that the discrepancy therein pointed out as existing between the Balances of Salt

15988 Fort St. George 13th. December 1817.

Salt exhibited in the Quarterly account Current No. 1 and the Statement No. 3 up to the 11th. July 1817 and not as stated in your communication under reply up to the 30th. June viz. Mds. Garces 34 is owing to the account current exhibiting the whole of the Quantity of Salt Manufactured inclusive of broken Heaps not containing the full Standard number of 20 Mds. Garce each, while the Statement shewing the quantity of Salt stored sold and remaining according to the form furnished by the Board is intended to embrace only the Quantity contained in the full Standard Heaps of 20 Garce.

If you will take the trouble to look back for a series of years, you will find a similar discrepancy between these Statements, to that of which you now seek for an Explanation.

From A. Freese Esqre
Collr. of Chingleput...

Sir,

I have the honor to acknowledge the

Fort St. George 13th December 1847.

the receipt of the Extract from the Proceedings of the Board of Revenue under date the 18th Ultimo, and to state that the instructions conveyed in the para 2 shall be attended to.

2. With respect to the observation in Para 3 that the plan of having heaps of Salt Containing less than 10 Garce is opposed to the Salt Rules, I beg to State that where practicable no heaps of less than 10 Garce are made, but that it sometimes occurs in storing the last heap that the quantity remaining does not exactly tend to 10 Garce. The heaps omitted in Statement No. 2, and alluded to in my letter of the 4th Ultimo, are chiefly those from which sales have been effected.

3. Under this explanation I request the permission of the Board to include hereafter in Statement No. 2 all heaps, whatever may be the quantity, as otherwise it will neither be a Correct account nor correspond with the other Statements submitted for the information of the Board.

Proceedings thereon;

9 - 11

The Board remark that the practice observed in other Maritime Districts in exhibiting heaps of Salt out of which sales

have

have been effected is to open a separate Column in Statements No. 2 and 3 forming Enclosures to the Quarterly account Current of Salt transactions in which the quantity of Salt remaining in broken heaps is exhibited. Thus the entire quantity on hand at the close of each Quarter as represented in the Account Current corresponds with that entered in its enclosures.

2. With a view to this practice being uniform it is desirable that it should in future be followed in the districts of Ganjam and Chingleput.

Sir,

I have had the honor to receive an Extract from the Boards' Proceedings of the 8th Instant, with Copy of Para 7 of a letter from the Court of Directors dated the 28th July last. The Honorable Court trust that an admonition for intemperate language relative to a Suit in the Court of Chicacole, stated to have been administered by Government, will have had a beneficial effect, and be made evident by the observation of greater circumspection

Fort St. George 13th December 1817.

"circumspection on my part in future."

2.

The suit in question, I write from recollection, was so mismanaged in the first instance by Mr. Anstruther that the Government Officers were cast, the lands of Government were given over to the Zemindar, and all costs ordered to be paid by Government. I made an appeal at my own risk as the Government seemed resolved to back out of it and Reconvey the land from the Zemindar for the Government with costs in both Courts.

3

This result was duly reported but no Answer was returned. I had no thanks, but neither did any admonition for the use of improper language in the matter ever reach me.

In reply to your letter of the 21st Instant calling upon me for further explanation regarding the decrease in the Frontier

Frontier duty on piece Goods Exported to Yanam

I have the honor to inform you that the Cloths Exported to Yanam paying duty in times past were sent there merely to lull suspicion and to serve as a blind to screen the fraudulent conveyance of large quantities to that place to be shipped under Cover of the French Chiefs pass to Pondicherry &c. When it was discovered that the piece Goods thus Exported by Sea far exceeded the number that could possibly be manufactured by the weavers in Yanam the merchants of Coringa Nellapilly &c. were called upon to give Moochilkas Sundary

Fort St. George 13th December 1847.

Read letter from the Collector of
20th Sept. in Cons. 30th Sept. 1847 2534 Rajahmundry dated 20th September last reporting
on the management of the Extra Sources of Revenue
in that District during Fasly 1256 1846/47.

14-15

Proceedings thereon.

Relative to the Settlement of the Extra Sources of Revenue in the District of Rajahmundry for fasly 1256

The total demand on account of the
Extra Sources of Revenue in Rajahmundry for the
period embraced in the present report amounted
to Rupees 106694-1-8 exceeding the demand for
the preceding year by Rupees 6784-6-3. This
excess was the result of an increase in each
item comprised under the general head of
Extra Sources with the single exception of
Sayer in which there was a falling off of
Rupees 625-15-".

2. The great bulk of excess arose from
the larger transactions in Salt the gross revenue
from which inclusive of Current Collections or
and Extra items brought to account was or
Rupees 205527-13-11 deducting from this or
amount the Annual charges which were above
those of 1255 by Rupees 1505-11-4 the net Increase
derived from this branch over that of the past
year was Rupees 51297-9-9. The result is or
traceable chiefly to the Increased Sales of Salt for
Home consumption from the absence of any Sales
of Spontaneous Salt as occurred in Fasly 1255
and also in some degree to the unusual demand
created by the people Collected at the Annicut
works in progress in the district.

3. The exportation of a quantity of Salt to Calcutta during the Fusly under report also contributed to swell the Collections above those of the preceding year when no similar exportation took place. The other items of increase and decrease incidental to this branch of Revenue are detailed in the Statement annexed to para 2 and satisfactorily explained in the body of the report.

Sayer 4. The next item reviewed by the Collector in his report is the Frontier Sayer duties which as above observed exhibit a falling off as compared with the result of the previous year of Rupees 625–15– being the net difference between an increase of Rupees 1171–11–7 in the Nizam's frontier Collections (principally levied on Timber) and a decrease of Rupees 2097–13–7 of which the chief item was Rupees 1781–11–2 on piece goods exported to Ganam. In explanation of this latter item it will be seen from the report and the subsequent communication received from the Collector (entered in the Margin) that on its being ascertained that an extensive system of smuggling existed among the Merchants of the British Villages adjoining the Ganam Frontier, to convey into that Settlement large supplies of Cloth which were from thence exported free of duty to Pondicherry the Merchants of Coringha and Peddapolly were called upon to give Moochelkas binding themselves to forbear sending

Govt. Coll. 29th Oct. & Ltr in Cons. 13th Dec. 1847 2953

sending their goods to Ganam, by which means it is stated the clandestine traffic was checked and the goods were fairly exported from Coringa where the regular Sea Customs duty was levied to the extent of Rupees 4818–1–11 thus giving a net increase (after allowing for the decrease in the Frontier duty) of Rupees 1716–15–8 above the receipts of the past year. The frontier duty collected on piece goods exported into Ganam in Fusly 1755 amounted as per Statement in para 12 to Rupees 1979–11–4 which was reduced in the following fusly namely that under report to Rupees 198––2 the actual falling off in those Collections in the two years being Rupees 1781–11–2. This however was more than made up by the excess in the Sea Customs duty consequent it would appear upon the measures adopted by the Collector. The Board are not prepared to concur in the propriety of the course pursued on the occasion the effect of which might have been to cause misunderstanding with the neighbouring authorities. So the extent to which duty was paid the trade across the frontier was a fair and legitimate and altho it might have been made the means of a clandestine traffic at the same time as stated by the Collector the remedy should have consisted in checking and punishing when detected cases of smuggling by vigilance on the part of the frontier Chowkee Establishments which if inadequate to perform the duty of guarding the frontier should be increased to

to the necessary force, but not the Board conceive by adopting measures calculated to interfere inquisitorially with the freedom of the ryots.

5. As regards the system of calling upon the Merchants to bind themselves by Moochelkas to abstain from sending their goods to Yanam it is apparent that such an instrument must be viewed as of very doubtful efficacy as a means of checking a systematic course of smuggling and of questionable propriety as regards a just consideration towards the French State.

6. From the Statements furnished in the report a considerable increase in the Sea Custom Duty peakiged on Piece Goods in excess of the decrease of the Frontier dues is exhibited, clearly showing that by the measures adopted by the Collector during the year under report been charged with the export dues. But there is nothing to show that these duties represent the whole of the export trade exclusive of the present small Frontier Collections, and it is incumbent upon the Collector to take steps to put an effectual stop to a clandestine trade which may still be in some measure carried on, at the same time the Board do not consider that any restrictions should be placed upon the Merchants which may in any way fetter the usual trade, whether to Yanam or elsewhere. Should the Collector be of opinion that it would be expedient to extend the present

present Chowkee Establishments along the frontier, the Board will be prepared to take the subject into consideration.

Sea Customs Net Revenue
For 1755 - 57988-12-2
1756 - 69670 - - 11
1681 - 3 9

7 The result of the years transactions under the head of Sea Customs exhibits a Net increase of Rupees 1681 - 3 - 9 after deducting the charges of Collection. In the exports there was an increase compared with Fasly 1755 of Rupees 5661 - 11 - 11. and in the imports a falling off of Rupees 4319 - 5 - 11. Showing an increase in favor of the former of Rupees 1312 - 6 - -.

The principal increase observable in the exports occurred in the Article "Piece Goods" as already adverted to in the preceding paras and in the imports the declension arose mainly from the diminished local demand for foreign rice, Paddy and other grain.

For 1755 - 58036
1756 - 64330
6294

8. The Revenue from this item rose above that of the previous year by 6294 Rupees being equal to 10 - 13 - 6 per Cent which is ascribed to the Season being favorable and to the larger consumption created by the influx of people at the annicut. The whole of the demand both Current and in arrear is reported to have been realized at the date of the report with the exception of the trifling balance of Rupees 38 - 2 - 1. but which was also in course of realization.

9 The Net Abkarry Revenue on the general outturn of the year present an increase of Rupees 6171 - 2 - 3.

The

10 The demand for these items in the Rajahmundry District is in itself small, but that of the year reported on exceeded the past fusly by Rupees 567-13-6 the Net Revenue inclusive of all items brought to account was Rupees 861-11-8 in excess of fusly 1255. The sum of Rupees 52-1-6 of Current demand remained due at the date of the report, portions of which only appear capable of Collection, exclusive of this amount a further item of Rupees 24-4-4 out standing for fusly 1255 is represented by the Collector to be irrecoverable owing to the poverty of the defaulters, and the Board therefore solicit the usual sanction for its remission.

" 1256-10109-9-11

11. The Revenue from these two branches of Extra sources was in the former Rupees 879-12-1 in advance of the net receipts of fusly 1255 and in the latter Rupees 5547-5- which last item appears to have chiefly arisen from an addition to the classes liable to Motunpha as well also the Board are happy to observe from an extension of the trade of the District.

12. The Motunpha balances due at the date of the report are shewn in the Statement annexed to para 24 to have then amounted to Rupees 309-13-3 of which 11-9-5 is represented as about to be Collected but the residue Viz^t. Rupees 298-3-10 due for fusly 1255 being declared by the Collector to be irrecoverable

irrecoverable the Board support his recommendation for writing it off from the accounts.

The Collector explains that in consequence of the purchase of the ancient Zemindaries of Colah and Ramachendrapooram by Government a decrease in the amount of Motunpha permission included in their respective Permanent Assessments occurred during the year under report to the extent of Rupees 3162-4-- ——

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed comparative Statement of the Collections Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Rajahmundry for his information and guidance.

To Board 13th April 1847
From Dr 6th May
To Dr 10th July

The falling off in the trade by Lumbadies has already formed the subject of correspondence with the Board It appears to have been common to the adjacent Districts as well as this and the most probable explanation is, that the Lumbadies lost many of their Cattle in the dry season of 1845 The Resident of Hyderabad was requested to furnish such information as might be in his power as to the Consumption

of

of Salt in the Nizams Territories, but none has yet been received.

5 There having been no manufacture in 1846 there were no advances to be recovered in the fasly under report and hence the decrease in Extra Revenues.

Frontier 6 As shewn in the following table there has been a continued decrease in the Collections of Frontier duty, especially in the article of Tobacco which has been caused by the greater part of the traffic in this Commodity between this Districct and Hyderabad having been diverted from the Pandigal Road to that by Juggiahpett. The reason assigned is that the Juggiahpett road is better. There has been considerable increase under the head of Exports of Cloths. The Frontier Serries having been rented the Peruhasel has ceased to appear under the head of Frontier revenue. The only noticable item in Imports is the increase under the head of Cloths caused by the novel importation of a large batch of Valuable Shawls &c. from the Sir Knivard

Sea Custom 7

There has been a large decrease in the Sea Customs both in Import and Export amounting together to Rupees 3428-7-5. The decrease in exports is in Oil Seeds Grain and Pulse in consequence, as is stated, of the diminished production of these articles in the last season.

In Imports the principal falling

falling off has been in Rice and Paddy apparently owing to the good crops on the wet lands of this District in the last year, and, it may be, the greater demand for these articles at other Ports for Exportation to Mauritius and Europe. The particulars both of Exports and Imports are shewn in the following table.

The

Abkarry. 8. The Abkarry rents fell below those of the preceding Fusly in the sum of Rupees 1141–14–" apparently because as noted in Para 14 of last years report they had in Fusly 1255 been run up by Competition.—

Collections 9. The whole of the Settlement with the exception of Rupees 28–"–" since Collected, was realized within the Fusly, together with the arrears outstanding at the Commencement of Fusly 1256.—

10. There is a slight increase in the Extra Revenue, by the Sale of Palmyra trees.—

Sundry small farms. 11 In this head there is a small decrease of Rupees 164–12–3 which is to be explained in the same way as the decrease in the Abkarry so far as respects the rent of Toddy Trees. From the present Fusly the Frontier Ferries were included under this head. They were rented for Rupees 75–"–". The Net revenue from Jana Hadel after deducting Costs of Basket Boats was in Fusly 1254 and 1255 as shewn in the Margin.—

1254–44–12–1
1255–119–9–3.

To B.D. 15th Feb.y 1846
F. D°. 26th D°.—"

12. The correspondence relative to the renting of the ferries is noted in the Margin.—

Collections 13. The arrears outstanding at the Commencement of the Fusly and the whole Current revenue with the exception of

Rupees

Rupees 168–1–– which has been since recovered were Collected within the fusly.–

14. The Extra Revenue is the interest on the arrears of Kists and pequines no remarks.–

Stamps 15. There has been an increase in the sale of money papers in consequence of more suits having been disposed of in the Principal Sudr Ameens Court which up to the end of November 1846 were restricted to the Courts of District Moonsiffs. The use of Stamps Raivanahs in the Sayer, Sea custom and Frontier Departments ceased from August 1845 which has caused a decrease under that head as the proceeds realized thereon from Commencement of fusly 1255 to the time the change was made, appear in last years revenue.

From Board 28th July 1845.

Moturpha 16. The particulars of the Moturpha settlement in comparison with the previous fusly are shewn in the following table. Under the authority granted in minutes of Consultation dated 4th December 1846 the tax on Pariah looms was restored to the former usual standard of 1 Rupee. Under this alteration Rupees 850–10–– was struck out from the settlement of Fusly 1255; but from

from the increased number of looms and on other costs there were some additions to the demand leaving a Net decrease on looms of Rupees 616–8–1. On all the other branches of Moturpha an increase is observable, especially in the tax on the Cattle of Shepherds from the increase in their numbers. The increase on sundry professions is partly from the discovery of Cattamarans not brought to account in the previous year, and from the gradual progress of population &c.a.–

1845 : : :

Fort St. George 13th December 1817.

The aggregate amount of charges exceeds that of the preceding year in the sum of Rupees 7269–12–0. The increase under the head of Salt is for advance for manufacturers share in the season of 1817 No manufacture having taken place in 1816. In the Frontier the decrease is from vacant situations and fines. In Sea Customs the decrease is under the head of drawback. The decrease under the head of abkarry and Malunjha has been caused by transferring the duties discharged by these Establishments to the Revenue Establishments under the new Moyen Zabetah sanctioned by Government under date the 21st December 1816 which came into operation on the 1st February 1817.

(22)

Sir,

From the Collector of Bellary —

In consequence of the demise on the 1st December 1846 of one Woopendra Archary, the holder of Bhutwroty Enam and the Resident of Caracul Village appertaining to Raidroog Talook of this District the Enam Lands under his Enjoyment have been sequestered

1 The Tahsildar of the Talook reports that three legetimate Sons are left by the deceased They are as follows.—

1 Nursimmachurry Eldest Son of Woopendracherry aged 12 years

2 Raghavendracherry 2nd Son of Ditto — aged 9 years

3 Mudvachary — 3rd Son of Ditto — aged 7 years

I have the honor to Submit a Statement (2) which shews the extent and Survey value of the Enams in 5 Villages enjoyed by the last holder and the extent of lands which was actually under Cultivation in Fusly 1256 The other Statement forming Enclosure (3) is prepared in accordance with the Boards forms of the 22d May 1845.

3 In the first place I beg to state that no documentary Summuds in Support of these Enams are

are possessed by the last incumbent except 3 Takeeds
I am therefore enabled to ascertain from what date
these Enams came into his possession—Three Takeeds
only were produced instead of 5 (for the 5 Villages)
issued by the Tahsildar of Raidroog Talook at the
commencement of the Company's power over this District
in the names of the Villagers the other 2 (being for the

No 3

Translation of a Yaddasht written by Sooba Row Tahsildar of Raidroog to the Potail Hurrunna of the Village Halaycoorty, on the 23d March of Fusly 1211–

Having received instructions from the Huzzoor to continue to Hanacul Soobanachary such Enams as are ascertained by Enquiry to have been in his Enjoyment from ancient time and to give Jody on such of the Enams as is found in terrupte and you having sent in the Deed of Bhoganuttah to shew that from the time of Poligar Chieftains the said Enam had always been continued without being Zufted for any one years up to the time of Mogalay (the Nizam) it is hereby Enjoined, that in case there be any thing wrong in this, you shall be fined by the Circar – your Bhoganuttah forming part of the Circar's Records a Jary Chit is accordingly granted – you will continue (the Enam) for two years namely Fourdy and Doonmaty and obtain receipt for the same –

(Signed) Peoje

No 4

Translation of a Yaddasht written by Sooba Row Tahsildar of Raidroog to the Potail Hurrunna of the Village Hunakanahall on the 2d May of Fusly 1214–

S. S.

As you have delivered the Deed of Bhoganuttah

Fort St. George 13th December 1817–

Bhoganuttah to testify that Heray Soobanachary has from ancient time been in possession and Enjoyment of the Enam land he has in your Village and as it is now four years from the 4 year Fourdy to the Hingar season of Prodhy a Jary Chitt for the same is granted you know that this Soobanachary and Poota Rama= =sastry have held a joint Puttah for the field occupied by them) and that a joint Summud was granted for the said 4 years. but this year the said field being divided by a boundary mark, and those Enamdars wishing to have each separate Puttahs, two notes are accordingly furnished to them both – you will therefore give up to Soobanachary the Grain that may fall to his share and obtain his Receipt for the same –

(Signed) Peoje

Translation of a Yaddasht written by Sooba Row Tahsildar of Raidroog to the Potail Hurrunna of the Village Boodimerty on the 19th January of Fusly 1215 –

Heray Soobanachary states, that ever since the cession of the Country to Company and with the last year he has uninterruptedly held the Enam land which he has in your Village and requests that accordingly

16034 Fort St. George 13th December 1847.

accordingly to the Established Rules as Jary Chits may be granted him for the same. If it be true that Jary Chits were granted for the two last years successively you will of course continue the Enams for the present year taking a receipt for the same.

(22-23) [Signed] Rogers

Proceedings thereon. In the letter recorded above the Collector reports the death on the 1st December 1846 of Woopendra Auchary the holder of five Blurtsumty Enams situated in the Bairdroog Taluk of his district, the Survey Assessment of which is stated to be Rupees 115-8-7 No Summuds are for the coming three Tabeeds are however produced in respect to three of the Enams, but all of them appear to have been in possession of the family before the country was assumed by the British Government. The deceased is stated to have come into possession by adoption, his adoptive mother is reported to be still alive, and he has left three sons aged respectively 12-9 and 7 years. The Collector recommends the continuance of the Enams in the names of the three Children but the Board would suggest as the preferable course, that they be registered in the name of the eldest son, Narsimha Charry the rest of the family being instructed to look to him for maintenance and support.

(24) From the Collector of Bellary. Read letter forwarding an application from his Sub Collector

Mr

16035. Fort St. George 13th December 1847.

Mr. Damell for one year from the date of his leaving the District to produce to the Cape of Good Hope on Sick certificate under the provisions of Section V & VI of the Absentee Rules.

(24-25) Order thereon. Ordered to be submitted thro' the Channel of the Civil Auditor for the favorable consideration of Government.

Read the following letter.

To

D. White Esqre

Acting Secretary to the

Court of Wards

(28)

From the Collector of Chinglepute — Sir.

I have the honor to submit the accompanying two Statements shewing the Cultivation, Revenue Collection, and charges of the Minor Estate of Vullaco-tah for Fusly 1256, from which it willbe observed that it exceeds the revenue of the preceding Fusly by Rupees 1221-4-3, and the permanent Beriz by Rupees 173-15-8.

Enclosures A and B

2. The season of the year under review was not favorable in the early part, and during the heavy rains and storms which occurred in October and Novem-ber the bunds of the tanks of three Villages were breached and althó' temporary repairs were immediatly made, the supply of water retained was not sufficient to enable the full extent of lands to be sown. The cultivation however amounted to 257 Cawnies in Nunja and 344 Cawnies in Punjah lands, exceeding that of the preceding Fusly 1255 and falling short of Fusly 1254, as shewn in the Margin. The average produce was also much higher than that of the former and nearly equal to that of the latter year, and although the price of grain was lower in Fusly 1256 than in the preceding year, it was still so advantageous as compared with former years, that had not the cultivation

cultivation of the last fusly been impeded by the damages done to the Tanks. the revenue would probably have been equal to, and even exceeded, the settlement of Fusly 1254. which was the most favorable year, as regards the Estate since it has been placed under the management of the Court of Wards.

3. The Sibbendy charges and maintenance of the Minor for Fusly 1256 amounted to Rupees 364-8-1. and the expenses of repairing the Tanks to Rupees 99-5-11. making together Rupees 463-14-0 which being deducted from the Demy of Rupees 2596-9-2. the net revenue is Rupees 2,132-11-2 which falls short of the Paishcush by Rs. 289-14-4 +Rupees 2422-9-6

Sir,

From the Ag. Collector of North Arcot.

I have the honour to acknowledge the receipt of the Proceedings of the Board of Revenue dated 18th Instant requiring further information regarding the omission of certain balances under the Head of Sewoy Jamah from the Accounts.

2. Having enquired of the Head and Naib Sheristadars and the Head Goomastah who have all been many years in the Office regarding the cause of the Omission, they state that it has never been the practice in this District to enter the Sewoy Jamah in the Demand and Collection accounts but that such sums as were Collected under this head were brought to account in the Monthly Journals and Quarterly abstracts furnished to the Accountant General. This explanation is far from satisfactory. It was the duty of the Head Sheristidar to see that such balances were not overlooked and to bring them from time

Affords further information regarding the omission of certain balances under the Head of Sewoy Jamah from the Accounts the insertion of which in the Abstract for July where they were omitted was the cause of delay in the transmission of those Statements.

1851. Fort St. George 13th December 1847.

time to time to the notice of the Collector in order that measures might be taken for their adjustment. But so far from having done so he has taken every means of keeping them out of view. I was assured by him repeatedly that the accounts of the Old balances as submitted to the Board in my letter dated 8th January last were complete and embraced all the balances then outstanding of every kind. I was therefore surprised in examining the Accounts of a Village of the Chittoor Talook in June last to find a balance of Rupees 74-8¾ as due by the Mongar which had been ordered in the year 1833 to be immediately Collected but of which no notice appeared since to have been taken. Observing that there was no such sum entered in the Demand Collection and Balance Account I was informed that it had been excluded with other balances of the same kind as belonging to the Sewoy Jamah I observe also that when the interest due on arrears of Peishcush in the Cavetnuggur Zemindary was brought to account in Fusly 1255 the Amount being considerable I noticed its having been omitted in the abstract of Demand Collection and Balance and caused the omission to be corrected notwithstanding which I find certain Sums similarly due on account of interest in Fusles 1255 and 1256 are excluded from the accounts

Sums realized.

Accounts and had I been relieved my successor would have had no means of knowing of the existence of such balances except in the case of the Calastry Gomindary from the correspondence with the Boards on the subject

2. I have called upon the Tahsildars to furnish Demand and Collection Accounts of the Sivay Jamah from the commencement in Fasly 1231 but if as the Sheristadar informs me he has no accounts except of the latter all means of effectually checking the Taluck Accounts would appear to be entirely wanting.-

3. The Abstracts of Demand Collection and balance were detained until petitions would be obtained from the Talooks in order that the amount of the above sums might be inserted and as they had been omitted in the Abstract for Fasly as originally prepared I caused it to be revised and recopyed which occasioned the delay noticed by the Board in the transmission of those Statements.-

The Board resolve to request Mr. Lovell to report fully on the nature and description of the Balances under notice, and to forward a Statement exhibiting the several items of which they are comprised accompanied by suitable explanation from his Sheristadar regarding the practice hitherto observed in the District in respect to carrying the Collections under "Sivay Jamah" to account.-

Particularizes the amount of allowance of 15 per Cent payable on the proceeds to the surviving Cavilgars of Maunmundoor Kistna Poorum and Haracumbady States Vide Melan arrangement if carried out at once will be a heavy and unexpected payments to the Cavilgars and rests entirely on the bounty of Government what portion of them or for what periods they should be continued.

Sir,

Para 1 I have the honor to acknowledge the receipt of the Boards Proceedings dated 23d. August last with an Extract from the Minutes of Consultation of Government requiring me to state with reference to the reported lapsed 1/2 share of the Cavelly Enam of Maunmundoor in the Zirpully Taluk whether in lieu of the proposed payment to the surviving Cavilgars of Maunmundoor of the proceeds of their respective shares after the Settlement of the Villages, it would not be preferable to grant a money allowance of 15 per Cent of emoluments.-

2. It seems right to state that there are two other Cavelly Enams in the above Taluk on previously the same footing as that of Maunmundoor the particulars of which as well as of the two 1/4 Shares of Maunmundoor referred to by the Board are as follows.-

Fort St. George 13th December 1847.

3 As regards the question whether the Enams should now be resumed and an allowance of 15 per Cent be granted to the Enamdars in lieu of them there can be no doubt that previous to the country coming under the management of the British Government Enams of every kind were frequently resumed at the pleasure of the ruling authority which seems to be sufficiently shewn by the small number of existing enams that can be satisfactorily proved to have descended uninterruptedly from any ancient date. The right of Government to resume such revenues appears indisputable - but such an arrangement as that proposed if carried out at once will without doubt be a heavy and unexpected retrenchment to the Cavilgars - There are other Enamdars holding their lands merely by sufferance and who seem to have no better claim - I would therefore suggest whether there would not be some degree of hardship in selecting the above individuals for so large a reduction of their emoluments - But it appears to me to rest entirely on the bounty of Government what portions of them or for what periods they should be continued -

Ordered that the foregoing letter be submitted with the following address.

To The Chief Secretary to Government.

Sir

(32-33)

To The Chief Secy to Government

In reply to Minutes of Consn. submitting letter from the Acting Collr. of South Arcot reporting on the suggestion of Govt. regarding the Cavilgars Enamdars in the Tripatty Talook considering it inexpedient to interfere with the emoluments of the surviving Cavilgars of Maunmundoor but that the proposed measure might be introduced as lapses occur and adhering to their former opinion in the case of the daughter of the deceased Enamdar.

Recd. 23rd Decr. 1847

In Cons. 13th Decr. 1847

I am directed by the Board of Revenue to acknowledge the receipt of Extract from Minutes of Consultation dated 3rd August last, wherein they are requested to state, in reference to their recommendation that the surviving Cavilgars of Maunmundoor should receive the proceeds of their respective shares after the settlement of their Enam Villages which are proposed to be resumed, whether it would not be preferable to grant in lieu a money allowance equal to 15 per Cent of their emoluments as was done in South Arcot when all the Cavil lands in that District were ordered to be resumed, and recently in the case of the Wasdiarpolliem Poligar.

2. In reply the Board instruct me to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Acting Collector of North Arcot dated 6th Ultimo whose opinion has been requested on the measure suggested by Government. Mr. Lovell states it will be observed that

1803 Fort St. George 13th December 1847

that there are two other Cavelly Enams in the Tripatty Talook held on the same terms as Maunmundoor, and although the Government have, in his opinion, an unquestionable right, if they deem it fit, to carry out the proposed arrangement, yet he thinks that the measure would be a heavy and unexpected retrenchment in the means of the Cavilgars, and that it would moreover be a great hardship to them if they were selected for so large a reduction of Emoluments, when there are other Enamdars in the same district who hold their lands on similar tenures.

3. The Board have also given the subject their best consideration. They do not think that it is expedient to interfere with the emoluments of the surviving Cavilgars of Maunmundoor during their life time, but as lapses occur the proposed measure may, in their opinion, be properly introduced. In the case of the daughter of the deceased Enamdar, it will be observed that the pension proposed to be given to her, Viz. 30 Rupees per mensem is but little more than 15 per Cent of her mothers Share of the Enam.

4. Entertaining these views the Board desire me to state that they would respectfully adhere to their former recommendation.

Sir,

Reporting the System of taking Security from the Huzzoor and Talook Servants in the District of Salem.

With reference to your Circular letter of the 25th August last directing me to explain the course followed in my District respecting the system of taking security from Public servants and also to specify the various descriptions of Officers in the service of Government from whom it is customary to require security for the faithful discharge of the duties confided to them, the nature and amount of the Security demanded, and whether such amount is regulated with reference merely to the Salary of the Office or the duties and responsibilities of his Office I have the honor to state that the System of taking Security from the Huzzoor and Talook Servants in this District is as follows.

2 The Village Monigars are required to produce competent securities with reference to the amount of the Bariz of their Village.-

3 The Huzzoor Servants Viz[t] Treasurer Head Shroff, 3 Assistant Shroffs 3 Jemadahs and Shanpt Darogah are required to produce security with reference to the respective duties and responsibilities of their Offices, but the security Bonds taken in these cases without specifying any amount in general terms, bind the securities and their heirs responsible for any amount of the Circar money which may be proved to have been embezzeled, or appropriated by those public servants, on whose behalf they become securities. The Security Bonds are generally made out on one Rupees Stampt paper and attested by 2 respectable witnesses, and the Tahsildar of the Talook, after being duly signed by the Securities. In case of any misappropriation taking place by the parties stated above, the sum thus misappropriated is reimbursed by the Securities, or by the Sale of their property.-

4 The practice in this District does not require the securities to empledge their property should the securities be required to

to empledge their property. all the respectable persons who now become securities will with draw from their obligations, and no others will submit to such restrictions, as they consider the empledging of property a degradation - The enforcement of such a practice would tend to disturb the present arrangements and produce no good.-

The Tahsildars of the Talooks examine the present state of all the securities once a year agreeably to the Circular order from the Board dated 27th July 1837 and report the result and when securities are either reduced in circumstance or wish to with draw from their obligation they are ordered to be absolved and others more eligible admitted in their stead.-

Salt

2. The sales of Salt amounted to 3273-379 exceeding by Garces 509-224 the quantity sold in the preceding year - The collections amounted to 392873-11-4 or 61147-5-9 more than the amount collected in fusly 1255. It also exceeded by the large sum of Rupees 42296-11-3 the collections of

Fort St. George 13th December 1847.

	Fusly 1255			Fusly 1256			Increase		
Home Consumption	2165	224	7	2466	270	-	301	45	1
Inland Ditto	598	195	-	786	329	-	188	134	-
Foreign Ditto	-	135	-	20	180	-	20	45	-
Total	2764	154	7	3273	379	-	509	224	1

of Fusly 1254 which as was remarked in the Report for that year were the highest on Record. The quantity sold in Fusly 1254 was Cs. Garces 2769 m 285 - The proportions in which the increase occurred in the Home Inland and Foreign consumption respectively is shewn by the Statement in the Margin.

3 The large sales in the year under review appear to be chiefly attributable to the unfavorable nature of the season for grain cultivation operating in two ways. First by causing an Import of Grain the bullocks conveying which carried back Salt 2dly By leaving the ryots of this District no other employment. To these causes I hope I may add another more likely to be permanent viz an improvement of the Roads which however have been much injured by the heavy rains which have since fallen.

4 In the charges there was a decrease of Rupees 1327 - 7 for purchase owing to the smaller quantity manufactured in consequence of the supply on hand at the beginning of the year and an increase of

Fort St. George 13th December 1847.

Rupees 11,932 - 9 - 7 under the Head of Superintendence on sale which is occasioned by the advances given to the Ryots for the manufacture which were rendered necessary by their impoverishment from the failure of their grain cultivation, whereas in Fusly 1255 advances were not required - The increase in the Net Revenue was thus reduced to 50,445 - 9 - 6.-

Sayer

5 The Decrease of Rupees 611 - 7 - 5 in the Collections of Sayer Duty levied on the Travancore Frontier only arises chiefly from a smaller import of Rice and Betel nut owing to a failure of the crop a reduction of the valuation of the same produce under the late Tariff and a smaller export of Cloths attributed to some robberies having taken place on the Road which lies through Jungles.-

6 The Decrease of Rupees 67 - 1 - 1 in the charges is in consequence of a supply of Iron weights for the use of the Chowky not being required as in the preceding year - There was an increase of Rupees 528 - 3 - 2 in the charge of Drawback owing to the amount paid to the Merchants for piece goods exported to Ceylon prior to the abolition of Sayer Duties in April 1844.-

Vide Board's letter dated 23d July 1845.

Abkarry

7 The Abkarry was rented for Rupees 5714 - 7 2. less than in the preceding year - but the Decrease in the Gross Collection

collection was only Rupees 308–5–2 owing to the large amount of arrears of former Fuslies realized within the year.–

8 The Decrease in the Rent is attributable to computation being affected by the losses sustained by the Renters of the preceding year. A succession of bad years has necessarily limited the means of the Ryots to indulge in spirits and there is a report which I should be glad to believe that the lower Classes are becoming less addicted than formerly to drinking. It is certain that while the prices of provisions have been very high this year the amount of crime in the District has been moderate.–

9 There was a Decrease of Rupees 64–5–10 in the charges on account of the Commission to the late Principal Collector for May and June 1847. being withdrawn within the Fusly because Mr. Blackburne was absent on leave preparatory to proceeding to Europe.–

Sea Customs. 10 The Decrease in Sea Customs is a very large amounting to full one fourth below Fusly 1255 which again was below the year preceding. This falling off is chiefly owing to the gradual decline in the Trade in Piece goods to Ceylon which is drawing its supply more and more from England. There was also a

a Decrease in the Export of Black Cumblies and Garlic due to the same Quarters and in the import of Raw and Boiled Betel Nuts Coir rope and certain other Articles.–

11 The Decrease of Rupees 413–2–1 in the charges of collection of this Branch is the consequence of the non-supply of Iron weights to the Sea Custom Houses as in the preceding year and from the enhancement of the charges of Fusly 1255 by the refund of excess Duty levied on Chaya Root imported by a Merchant of Tuticorin. The reason for the decrease of Rupees 6–4–– in the commission to the Principal Collector is the same as stated the Abkarry charges.–

Stamps. 12 The Decrease of Rupees 1392–15–6 in the Stamp Revenue in the current Fusly arises from a small sale of Law Paper the Decrease of Rupees 241–11–10 took place in the commission to the late Principal Collector.–

Sundry Small Farms and Licences.– 13 Under this Head composed of the following Revenue derived from Tank fish, there was a Decrease of 2866–6–6 in the Demand owing to the scanty supply of water to the Tanks and a still larger Decrease of 9575–3–1 in the collections from the same cause and the large Balance outstanding at the end of the Fusly owing to the

Fort St. George 13th December 1847.

the late period at which the protracted Jummabundy Settlement consequent on the amount of remission required, was closed.-

14 Of the whole demand of Extra Revenue amounting to Rupees 486479 12 10

There was collected within the fusly 477877 7 6

And by the end of September the further sum of 4224 2 10

leaving a Balance on the 1st Instant (October) 484101 10 4

Of which Rupees 514 is outstanding against the Abkarry renters of Madura and Rupees 1225-7-4 under the same head in Dindigul and Rupees 638-11-2 against the Fish renters of the 2 Divisions the whole is at present considered recoverable.- 2378 20

15 The only arrear for fusly 1255 in Statement B is against the Abkarry Renter Viapoory Pillay of Nellacottah in the Sub Collectors Division which will be the subject of a separate report.-

16 In conclusion I beg to forward the printed Statements in Triplicate, Statement A and B together with a Memo particularizing the Extra Collections in each Branch of Revenue entered in Column 8. Statement A as required

Ordered to be sent again in Circulation—

Read the following letter—

To, D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

Sir,

40

From the Collr of Coimbatore—

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 19th July last relative to the sale of the Sandalwood of this District.—

In consequence of the absence of demand for this article I have no hesitation in expressing my concurrence on the opinion given by the Collector of Sea Customs as to the expediency of refraining for the present from Cutting Sandalwood to which effect, the requisite instructions have been furnished to the Tahsildars.—

II Concurring with the opinion of the Sea Custom Collectors as to the expediency of refraining for the present from Cutting Sandalwood in this District and suggesting the transmission of the existing quantity of Sandalwood to the Presidency as no advantageous offers for the same are expected here.—

With reference to the low price prevailing in Bombay for Sandalwood as indicated

III marginally, there is no probability of advantageous offers being now received either from that Presidency or the Districts of Malabar and Canara and the only opening left for the disposal of the article now in the Depot amounting to about 13 c — a — 135 lb is by its transmission to the Presidency to be there disposed of as on former occasions.

occasions. previous however to adopting this
made of procedure I shall call vale Offers here
and await your orders.-

Coimbatore, ——
16th November 1847.-

/Signed/ I. C. Wroughton
Pl. Collector.-

Resolution thereon.-

(40-41)

Under the circumstances stated
in the foregoing letter the Board approve of the
orders issued by the Principal Collector to the Tahsil-
-dars to refrain for the present from cutting Sandal-
-wood - Before deciding whether the Sandalwood
now in Store shall be transmitted to Madras for
disposal, the Board wish to be informed of the
result of the Offers which the Principal Collector
states he has invited.-

Read the following letters.-

To, D. White Esqre
Acting Secretary to the
Board of Revenue.

From the Collector of Madras — Sir,

Reporting on a Petition from C. Authecasava Moodelly who prays for a reduction of Dail Rent on certain lands at Tandiarpett.-

Para 1. I have the honor to acknowledge the receipt of your letter under date the 18th Ultmo, transmitting a Petition from C. Authecasava Moodelly praying for a reduction of the Dail Rent on certain land at Tandiarpett, and to report, for the information of the Board of Revenue, that the property is held under Grant No. 617 Cs. 5-7-240.- The original rate of assessment thereon was reduced, under the

sanction of Government communicated to
this Office by the Board on the 9th February
1807 from Rupees 5-4-- to Rupees 1-12-- per Cawney.
There are at present upwards of 50 Cocoanut
Trees growing on the spot, which will yield a
produce in a year or two.- a considerable portion
of the land is fit for cultivation.- the two
adjoining spots belong to the petitioner's father,
and there are two Tanks thereon, from one of
which the petitioner's land is irrigated.-

2. The land in question was cultivated
up to 1821 on payment of Dail Rent, Rupees
8-7-10 per annum.- It has been uncultivated by
the petitioner since that year, in the hope, perhaps
of his obtaining a further abatement of the
public demand, but as his father's lands and
those owned by several others in the neighbourhood
are not assessed at a lower rate, he was informed,
in 1843, that his application for a reduction to
below Rupees 1-12-- per Cawney could not be
submitted for favorable consideration.-

3. Adverting to the observation in
Para 6 of the Board's Proceedings dated 3rd December
1844, No. 602, it will be seen that the decision come
to in the petitioners case is not unfair.-

Read abstract Statement

17th Jan.y My Cons 22d Nov.r 1847.- of Demands Collections and Balance for the month of October 1847 received from the Collector of Nellore.-

(1) Proceedings thereon.- The Board observe that in the balance of Cash in the Treasury appears to have been examined and a report thereof sent to the Accountant General but that no certificate has reached this Office in accordance with the instructions contained in Circulars dated 9th respectively the 23rd August and 11th November 1830 to which the Collectors attention is called.-

Read the following Returns

16th inst.o 25th Nov.r 1847 received from the Collector of Cuddapah for august 1847.-

Return of Persons tried for Offences under Regulation IX of 1832.-

Return of Persons convicted and confined under the same Regulation.-

(2) Proceedings thereon.- The Collector is requested to specify in his future Returns whether the fines awarded have been realized or not.

From the 1st case recorded in

Fort St. George 16th December 1847

in the foregoing Return of persons convicted and confined the Board perceive that the two Mysul Village Curnums of Gurmintka in the Roycholy Talook were sentenced on the 22nd May 1847 to be imprisoned the one for 6 months and the other for one year but that neither of them were confined before the 21st July 1847. Adverting to case No. 2 it appears that in this instance also sentence of imprisonment for one month was passed on the 30th April 1847 but that the sentence was not carried into execution before the 23rd August 1847.

The Board desire to point out to the Collector that such delay in giving effect to sentences passed on offenders is irregular. In instances where delay may unavoidably occur explanation should be furnished in the last Column of the Statement.

To The Chief Secretary to Government

To The Chief Secretary to Government

Sir.

I am directed by the Board of Revenue to acknowledge the receipt of Extract from Minutes of Consultation dated 20th April transmitting an Extract from a General Letter from the Honorable Court of Directors dated 6th January 1847. No

2. In Paras 17 & 20 of the above despatch, orders are communicated relative to the enforcement of the Rules laid down in para 8 of the Court's previous despatch under date 29th November 1843 No 22

In reply to Minutes of Consultation 27th April last transmitting Extract from a General letter from the Honorable the Court of Directors conveying the sentiments of the Board on the orders relative to the enforcement of the rules prohibiting Native Revenue Servants from holding lands in the Districts to which they are attached. Submitting Draft Act rescinding Regulations and Rules permitting

permitting the purchase of lands by Native revenue Servants and Copy of Circular instructions which it is proposed to issue to Collectors with draft of a letter intended to be sent to the Collectors of Malabar and Canara and urging that the subject be again brought under the consideration of the Honorable Court and the effects of the proposed laws and the difficulty and hardship of enforcing it strongly pointed out.-

Fort St. George 16th December 1847

No. 22. prohibiting Native Revenue Servants from holding lands in the districts to which they are attached.-

3.- The Board observe that the instructions now communicated are positive The Honourable Court state that they cannot sanction a departure from the General principle involved in their previous orders, but that it is not their wish that these orders should be enforced without due notice to the individuals affected by them, or in a manner calculated to impede the public service; they are therefore willing to allow the Government to exercise their discretion as to the time and mode in which those orders shall be carried into effect, but not as to their ultimate enforcement Owing however to the peculiar circumstances attending the holding of landed property in Malabar and Canara, the Honorable Court are satisfied that the rigid enforcement of the proposed Rules would disqualify almost all the respectable inhabitants of those provinces for employment in the public service; they therefore give their consent to certain modifications

Fort St. George 16th December 1847

modifications of those Rules which are to be made applicable to the Native servants of Government employed in those districts.-

4.- In forwarding this dispatch, the Government direct the Board to prepare and submit for approval, the instructions which they would propose to issue to the local authorities on the subject taking care that due notice is given to the parties affected thereby and ample time allowed to enable them to arrange for the disposal of their landed property without causing unnecessary distress.-

5.- The Government further desire that such parts of the existing Laws as may, under the present orders, require to be abrogated or modified should be considered, that a draft of the provisions to be substituted by a legislative Enactment should be framed and submitted, and that similarly all orders previously issued by the Board and by the Government should be brought under review and formally cancelled by the new Rules about to be framed.-

6.- In reply the Board direct me

Fort St. George 16th December 1847

me to state that the only part of the existing Laws, which under the present instructions of the Honorable Court it appears necessary to rescind, is so much of Section XX Regulation XXVI of 1802 as permits the native Officers of the Cutcheries of Collectors to purchase and hold lands by private bargain - They are not aware of any order of Government which will require to be abrogated, and the only orders issued from this Office which it seems to them necessary to cancel, are those contained in Paras 72 & 74 of their proceedings of 19th June 1826, ap= In Dy Cons 20th July 1826 =proved by Government under date 1st July and circulated on the 7th August follow= =ing -

7 In compliance with the orders of Government the Board have prepared Encre No 1 the draft of an Act rescinding that portion of Section XX Regulation XXVI of 1802 above noticed or of any other Rule in force permit= =ting the purchase or holding of lands by the Revenue Servants of the Government of Fort St. George and prohibiting the acquisition or possession of lands by such servants in the districts in which they are employed; which they desire me to submit for the consideration of Govern= =ment

Fort St. George 16th December 1847

Government -

8 - The instructions which the Board propose to issue to the Collectors of the several districts, are embodied in the accompanying Circular, which I am Encre No 2 also directed to submit for the approval of his Lordship in Council - It will be observed that this Circular cancels the previous orders of the Board on this subject and embraces the whole of those of the Honorable Court compre= =hended in their despatches dated 29th November 1843 and 6th January 1847, as well as those contained in the Extract from Minutes of Consultation now under acknowledgement -

9 I am further instructed to submit the draft of a letter which the Encre No 3 Board propose to address to the Collectors of Malabar and Canara respectively intimating to them the conditions under which the Revenue servants of their respective Districts will be permitted to hold lands -

10 It will be seen that in the foregoing paras, as well as in the papers which accompany this com= =munication, the Board have confined themselves

Fort St. George 16th December 1847

themselves strictly to the letter of the instructions received from the Honorable Court, they desire me however to state that altho' it may be quite possible to give full effect to the Rule prescribed by the Honorable Court's orders, the rigid enforcement of them will be attended with much hardship to individuals and will cause no little inconvenience to the public service.—

11— In the present state of the law, Native public servants are prohibited under a penalty, from purchasing lands in their own districts sold by public auction for arrears of Revenue, and from purchasing by private bargain lands any where situated liable at the time of purchase to sale for arrears; and by the Rules circulated by the Board on the 7th August 1826, the acquisition of lands by private purchase is also placed under proper control. The following are Extracts from the Rules adverted to.—

I With the view of preventing as much as possible any of the public revenue servants from hereafter using undue influence in obtaining the possession of lands even by private purchase, all revenue Officers are prohibited under pain of immediate dismissal, from purchasing by private bargain

Fort St. George 16th December 1847

bargain, any lands in the provinces in which they respectively are employed, except under special authority from the Board, to be obtained through the Collector".—

II Where public servants already in the service, or who may be hereafter employed, or may be in possession of lands, either by inheritance or by purchase they must be required to register the same in the Collector's Office under pain of dismissal".—

12— The recent orders of the Honorable Court extend not only to the acquisition of lands in future by Natives in the public service, but require them to divest themselves of those already acquired in whatever way. The enforcement of these orders will the Board are convinced, disqualify a large proportion of the best servants of Government, and exclude the most useful class of men from which the service is recruited.

13— It is well known that in several of the districts under this Presidency, the majority of the public servants are hereditary district or Village Officers holding Inamsor being entitled to shares of them. These lands are their hereditary possessions. they have inherited them

Fort St. George 16th December 1847

them by descent - and their title is perfectly fair and honorable, and therefore unobjectionable - In numerous other cases it will be found that the present proprietors have come into possession either by inheritance as members of a family or by purchase in a legal and honorable manner - To compel these parties to give up their possessions if unwilling to relinquish the Service, would be, the Board consider, a very hard measure.

14 - The existing rules, a summary of which is given in a preceding para, when properly enforced, constitute in the opinion of the Board a sufficient check to all abuses in the acquisition of landed property - and should the possession of lands interfere with the efficiency of the holder, or be attended with inconvenience in any way, a remedy lies with the controlling authorities in the removal of such person from the Service - the imposition of further restrictions therefore appears to the Board impolitic and unnecessary - under these views and after mature deliberation, the Board would respectfully but earnestly urge that the subject be again brought under the consideration of the Honorable

Fort St. George 16th December 1847

Honorable Court and the effects of the proposed law as well as the difficulty and hardship of enforcing it, strongly pointed out -

No. 1

An Act prohibiting the acquisition or possession by the Revenue Servants of the Government of Fort St. George of lands in the districts in which such servants are employed -

I It is hereby enacted that so much of Section XX Regulation XXVI of 1802 of the Madras Code, as permits the native Officers of the Collectorries of Collectors to purchase and hold by private bargain, lands any where situated, not being liable at the time of purchase to public sale for arrears of Revenue then due, or of any other Rule in force permitting the purchase or holding of lands by such Servants is hereby rescinded -

II And it is hereby enacted that the holding of lands either directly or indirectly whether actually possessed by

Fort St. George 16th December 1847

by a candidate for employment, or subse-
=quently acquired by a Revenue Officer already
in the Service shall constitute a disqualifi-
=cation for Revenue employment within the
Zillah or district in which such lands are
held, and whether such lands are held in
his own name or in that of others for his
advantage or behoof, or whether such inter-
=est be present or prospective these re-
=lations or any of them.-

III Provided always and it is hereby enacted that the provisions of this act shall not be extended to the districts of Malabar and Canara-

IV And it is hereby further enacted that it shall be competent to the Governor in Council of Fort St. George to frame such local Regulations as he may deem proper in modification of the provisions contained in this Enactment to be made applicable to the Revenue Servants of the aforenamed districts of Malabar and Canara-

Circular.

I am directed by the Board of Revenue to inform you that, under recent

Fort St. George 16th December 1847.

recent instructions from the Honorable the Court of Directors it has become necessary to cancel the orders contained in their Proceedings dated 19th June 1826, and circulated from this Office on the 7th August following, respecting the possession and purchase of lands by public servants.-

2. The Honorable Court have directed that the holding of land whether actually possessed by a candidate for Employment or subsequently acquired by an Officer, shall be a disqualification for Revenue Employment within the district in which such land is held.- You will therefore strictly prohibit the purchase in future of lands by any person on your Establishment and inform those public servants who are now proprietors of land that they must make early arrangements for disposing thereof.-

3 The Rules now framed are to be strictly enforced, and you are requested to promul-
=gate them throughout your district, with a distinct declaration that any evasion of them will subject the party so evading them to immediate dismissal from the service of Government

Parties

1806. Fort St. George 16th December 1817

1. Parties who have acquired lands under the permission of the Board and in conformity with rules laid down in their Proceedings dated 19th June 1820 as well as those who had previously to that date, purchased them under the sanction of the Law, as contained in Section XX. Regulation XXVII of 1802, will be allowed 12 Months from the receipt by you of these orders to enable them to dispose of their possessions, on failure of which within the period allowed they will be removed from the public employ. In respect to other parties you will be pleased to exercise your own discretion as to the time, but in no case shall it exceed 12 Months.

2. The restrictions contained in the foregoing orders shall not be extended to those cases in which a public servant may have acquired lands in Endowments of a Country in other charitable institution or where they are devoted to purposes of public utility and convenience.

To
The Collectors of Malabar and Canara.

Sir,

I am directed by the Board of Revenue

1807. Fort St. George 16th December 1817.

Revenue to inform you that, under recent instructions from the Honorable the Court of Directors, it has become necessary to cancel the orders contained in their proceedings dated 19th June 1820 and circulated from this Office on the 5th August following respecting the possession and purchase of lands by public servants.

2. The Honorable Court have directed that the holding of land whether actually possessed by a Candidate for Employment, or subsequently acquired by an individual already in the service shall be a disqualification for revenue Employment within the district in which such land is held. As however the rigid enforcement of this Rule in Malabar and Canara would disqualify almost all the respectable inhabitants of those provinces for Employment and be productive of much inconvenience and embarrassment to the public service, the Court have signified their acquiescence in the following Rules, which are to be applicable

Fort St. George 10th December 1819

applicable exclusively to those two districts.

First.— That in the case of Talooks servants the holding, acquiring or professing an interest in lands should preclude their Employment within the Talook in which such lands are situated.—

Secondly.— That this Rule shall not be applied to the Puzzoor servants, who should be allowed to hold, acquire or profess an interest in lands wherever situated.—

Thirdly.— That all such professions whether on the part of the Talook or Puzzoor servants shall be duly registered as well as all changes occurring therein and.—

Fourthly.— That public servants shall not be allowed to purchase or acquire lands in any manner without the previous permission of the Board of Revenue.—

3. The Rules now prescribed are to be strictly enforced and you are requested to promulgate them throughout your district with a distinct declaration that any evasion of them will subject the offenders to immediate dismissal

Fort St. George 10th December 1819.

dismissal from the service of Government.—

4. Parties affected by the 3rd operation of clause I. of the above 3rd Rules will be allowed 12 Months from the promulgation by you of these orders, to dispose of their possessions, on failure of which they will be removed from public employ.—

5 The restrictions 3rd contained in the foregoing orders shall not be extended to those cases in which a public servant may have acquired lands in Endowment 3rd of a Choultry or other charitable

From the Collr of Tanjore — Sending a revised Statement shewing the number & amount of wages of Pensioned Peons to be employed in substitution of those regular Iguards lower the Palaveh Treasury

Sir

I have the honor to acknowledge the receipt of your letter of the 25th October with Extract from the Minutes of Consultation under date the 22nd June 1847 calling on me to report whether the Subsidy recommended by me in lieu of certain Treasury guards from the line, is in my opinion amply sufficient for the purposes intended and if not that the number should be increased.

In reducing the number recommended by Sir H. Montgomery in his letter of the 20th June 1840 I was guided by the Extract from the Minutes of Consultation dated 19th March

1812. Fort St. George 10th December 1817.

March 1817 in which instructions are issued for arrangements to be made "on the most moderate and economical scale" and had not my attention been prominently called to economy, this efficiency was of course to be considered and not lost sight of I should certainly have left the establishment forwarded by my Predecessor undisturbed as being calculated more amply to provide for the safety of the Treasures and Treasure Escorts that under all ordinary circumstances the number named by me appeared to be sufficient for the purposes intended - On a matter so important as the protection of treasure no doubt as to the efficiency of the guard should exist, and I would consequently recommend that the list submitted by Sir H Montgomery may be sanctioned -

To the Chief Secy to Government

Submitting correspondence from the several Collectors in reply to a reference made by the Board on the subject of substituting Invalids as guards instead of the Troops of the Line now employed in the Provinces for revenue purposes and conveying the Board's sentiments on the same.

2 Extract 23rd July 1846 No. 13 to a letter from Government dated 10th November 1846 in 18th July 1847

Fort St. George 10th December 1847

2 In their letter to Government of the 17th February 1844 the Board brought to notice that in the Districts of Chingleput South Arcot Nellore and Guntoor the Guards employed for revenue purposes were then supplied from the non effective corps, and from the reports now submitted from the Collectors of Salem and North Arcot from these two Districts also it will be seen that from these two Districts also the regular Sepoys have likewise been subsequently withdrawn and replaced by Invalids.

In the remaining 12 Districts

3 under this Presidency detachments of Troops from the Line still continue to be employed for local revenue duties.

The Collectors of Cuddapah

4 Rajamundry and Madura have given it as their opinion that the circumstances of their respective Districts present no obstacles to the measure proposed by the Honorable Court being at once carried out. The Board are not informed by Mr. Cochrane as to the amount of the force of the regular Troops at present kept up in his District or at what Stations they are located, but in Rajamundry the detachment of the Line consists of a party stationed at Cocanada to Guard the Treasury. There

troops Mr. Prendergast considers may be exchanged
for Invalids under the present circumstances of
the District supported as they would be by the
Military Force at Samulcottah which intervenes
between Cocanada and the Pitt Tribes.

5. The regular Troops stationed
within the limits of Madura amount as per
2 Corps at Madura margin to 4 Companies and were originally
1 Dindigul so distributed chiefly with reference to
1 Ramnad Political consideration they are also now employed
in guarding Treasuries and escorting remittances
The present altered state of the district and the
tranquillity which has continued uninterrupted
for some time past leads Mr. Parker to consider
that the necessity for maintaining regular
Troops at those Stations is no longer imperative
but that the peace of the country and the
protection of the Treasuries may with safety
be confided to Invalids. He takes the pre-
caution however to recommend that the full
numerical strength of the present force should
be continued in the substituted Troops,
and he also suggests as desirable that
the non effectives should be commanded
by

by European Officers at the two most important
Stations of Madura and Ramnad the Company
at Dendigul may be apprehended be safely left to
the Command of a Subadar. The Board concur
in the opinion thus expressed by the Collector
in these particulars and beg to recommend his
suggestions to the notice of Government.

Malabar 6. The Collector of Malabar also
is of opinion that with reference to the present
circumstances of his district a partial with-
drawal of the regular Troops might with
safety be made. He states in his report that
Detachments of Sepoys are posted at the four
Multipparam outstations named aside, and that they are
Cochin employed in affording protection to Treasuries and
Manantoddy Jails. The political changes in the District
Tellicherry which have occurred since these detached bodies
of troops were originally located at these several
outposts have modified the necessity for their
retention and he observes that the substitution
of invalids for those Troops might be effected
at once at Tellicherry and Manantoddy.
To this extent therefore the Board would
recommend that the Courts measure
should

Fort St. George 10th December 1819.

should be carried out in the Dist.

In the Extract Minutes of
In Cons. 20th Oct. 1819 Consultation dated 11th September last of
Government intimated that at Stations where
"there are large detachments guarding Treasuries
"such as at Bangalore, Coimbatore, Calicut, and
"where the troops are under the immediate
"notice of a European Officer, the
"substitution of Invalids for regular troops
"is unnecessary."

Tunnevelly
Trichinopoly
Canara
Vizagapatam
Kurnool
Bellary.

With reference to these instructions
we see no change in existing arrangements would
seem to be called for in the several districts
named in the margin.

8.

In Tunnevelly the only party
of regulars employed in the District for Revenue
purposes consists of the Guard over the Treasury
at that station, and which is understood to be
furnished daily from the Regiment stationed in
the Fort of Palamcottah and a similar force
furnished from the Depot at Trichinopoly is
daily detached for the revenue duty of affording
protection to the Tuzzoor Treasury at that station. The
Collector in both these Districts express themselves as
strongly

Fort St. George 10th December 1819.

strongly averse to any withdrawal of the present
force as they consider that there are peculiar cir-
cumstances connected with their districts which
require the presence of effective troops over their
respective Treasuries.

Canara.

In the Province of Canara
the Revenue duties performed by the regular troops
scattered over that District consists in protecting
treasuries situated at the several places where a
Company or more is stationed, exclusive of which
no small guards are detached from under the
immediate notice of the Officers in Command.

In the remaining three districts
to
to which the orders of Government above quoted
appear applicable viz. Vizagapatam, Kurnool
and Bellary it will be seen from the reports now
submitted that Treasury Guards are furnished from
the usual Military Force maintained at those
several Stations, and that no other detachments
from the Line are engaged in Revenue duties.

Mr. Mellor however observes that a small
force is employed at Gooty as a guard
over the state prisoners confined at that
Station

Station, and which he considers might be removed but for the recent disorders in Cuddapah. As the Collector of that district however has given it as his opinion that it is no longer necessary to maintain regular troops for Revenue purposes in Cuddapah & all the objections to the withdrawal of the body would appear removed should it be considered a desirable measure to substitute Invalids at that Station. The question however would appear to fall more properly under consideration in the Judicial Department.

Ganjam

As regards the district of Ganjam Mr. Bannerman represents that it would not be advisable to make any change in the description of Troops now engaged in guarding the two Treasuries of Chatterpore and Chicacole, and the Board concur in that opinion.

Masulipatam

The return from the district of Masulipatam was furnished by the Acting Collector Mr. Mathison who represents that several small detachments of Sepoys are employed in Revenue and Police duties in that District, which are supplied from the troops

troops stationed at Condapilly and Rajahpoor from all of which minor posts he considers that they might be withdrawn and Invalids substituted with the exception of the stations of Jaggiapettah and Sirvoor which are situated on the Nizams Frontier and possess Treasuries which it is not considered safe to entrust to other than troops of the Line. By this arrangement the regular troops would be relieved of the Revenue duty required of them at the four stations named & the extent of force specified respectively. The Board are not aware of any objections to this arrangement and they therefore would suggest that the proposed alteration should be carried into effect.

In instancing the stations

at which it was considered unnecessary to

Bezwada — Mac. 16. Madhavaram. 4. Nyluveram. 2. Chendalapudy 5. — In Cons 26th Feby. 1847. — the Extract Minutes Consultation of the 11th September last already referred to, to substitute Invalids for regular Troops, that of Coimbatore was expressly mentioned. On referring to the report from the Principal Collector of that District it will be observed that in

in addition to the Treasury Guard in the Town
of Combatore a detachment of Sepoys consisting
of 21 rank and file is stationed in small
parties at the several outposts on the Malabar
Frontier to guard against the incursion of smuggl
and for Police purposes. These troops Mr.
Stroughton considers might be withdrawn
and replaced by Invalids. It occurs however
to the Board that service of this kind is ill
suited for Sepoys generally and they are of
opinion that a sufficient Guard of Peons armed
with Muskets would be better calculated to
perform irregular duty of this description.
Should Government concur in this view the Board
will call upon the Principal Collector to
submit an application in the usual form for the
Extra Establishment which will be required
for the purpose.

4th The arrangements
connected with the withdraw-
al of the Troops of the Line
from outstations in the District

On a reference to
which it will be
seen that the late
Collector Sir Henry
Montgomery consi-
dered that the dis-
continuance of
Guards of Sepoys
at 6 out of the 9
Stations which they occupied might be effected pro-
vided the Pensioned Sepoys efficient for the
duties required of them were substituted.
For which purpose an application for the
entertainment of a body of Peons at
the monthly cost of Rupees 406-8 was
submitted for the Sanction of Government
This force it was proposed to select from
the Pensioned and discharged Sepoys who
were in addition to their Salary to be
furnished with Arms and Accoutre-
ments.

93 Peons
9 Naigues
9 Havildars

15. In a subsequent commu-
nication from the present Collector of
Tanjore the original Establishments of armed
Peons

Fort St. George 16th. December 1847.

Peons proposed by his Predecessor was mo-
: dified and the monthly expenditure reduced
to Rupees 337—8—. Government however having
entertained doubts upon the expediency of dimi-
: nishing the force recommended in the
first instance, directed the Board of Revenue
in Extract Minutes of Consultation dated
the 22d. of June last "to ascertain whether the
"Collector with reference to the opinion of his
"predecessor was fully satisfied that the Sib-
: bendy he recommended was amply sufficie-
"ent for the purposes intended and if not
"he would so increase its number as to place
"its efficiency beyond doubt." In his reply
now submitted for the information of Go-
: vernment, Mr. Bishop states that upon a
reconsideration of the subject he is of opinion
that with a view to place the efficiency of
the substituted force beyond all question, the
list submitted by Sir Henry Montgomery should
be sanctioned; in addition to which he ob-
: serves that the Guards of the Line retained
in the Talooks which were originally excepted
might also be withdrawn and the duty trans-
: ferred to Pensioners to the extent of 33 pri-
: vates 3 Naigues and 3 Havildars raising
the total Establishment for the district, ex-

with the exception of the Troops over the Jails
at Negapatam Tranquebar and Combaconum,
(the retention of which he advocates) to the
monthly cost of Rupees 514, and for which he
submits a revised Statement for
sanction.

16. The Board see no objection to
the withdrawal of the Troops from the several
detached Stations hitherto occupied by them
throughout the district of Tanjore and they
are not aware of any circumstances
which in any way preclude the Courts wishes
being carried out by employing an adequate
force from the Invalid corps in lieu of the
Line, provided the substituted force be
composed of the description of men men-
: tioned in Mr. Bishop's letter of the 3d. July
last. Should these be available the Board
would recommend that detachments from
the non effective force equal in strength
to the Establishments of Peons proposed by the
Collector should be substituted for the present
Guards which will render the contemplated ex-
expenditure unnecessary.

No. 508

1. The Most Noble the Governor in Council concurs with the Board of Revenue that the valuable suggestions contained in Mr. Blane's interesting report on the Canara Forests are deserving of every consideration.

2. With regard to the conservancy of these Forests His Lordship in Council observes that an application was made to the Government of India under date the 17th. November 1846 for an increase to the Forest Establishment at Canara involving a monthly charge of Rupees 180 and as no reply has been received, it is resolved that a copy of the communication above recorded be forwarded to that Government and their attention requested to the application in question.

3. The Most Noble the Governor in Council authorizes the Collector of Canara to restrict the cultivation of Coomri at such

Resolved also that the Board of Revenue be requested to offer their opinion on the application of Mr. Bulliard to be permitted the privilege of vending Alcohol in the Company's Territories.

3.

His Lordship in Council observes that the Commissariat distils Alcohol from Arrack for purposes connected with the Military branch of the service, and he understands that the article though used in considerable quantities by Cabinet makers and often manufacturing classes is obtained with difficulty. In reporting therefore on the present reference the Board will consider whether it would not be advisable to provide a sufficient supply at the Commissariat to meet the demands of the Madras Market, at such a valuation as will cover the cost of Distillery and provide a moderate advance for contingencies, it being understood that the Alcohol is to be 40 degrees above proof and sold in quantities not less than a Gallon on Indents on the Commissariat signed by the parties requiring it. From the Collector of Nellore—

Sir

Under the instructions conveyed in the Proceedings of the Board of Revenue under date the 10th June last. I have the honor to forward copy and Translation of the instructions I have prepared

Fort St. George 16th December 1847

prepared for the guidance of the Revenue Peishcars in this District—

Nellore Collectors Cutcherry 10th December 1847

/Signed/ G. A. Smith
Collector

No. 1

Rules for the guidance of the Caurcoonies or Peishcars in the District—

Dittum

1 The Peishcar will at the proper season go to the different Villages under his Vuntas and assembling the Caupors, Curnums and head Ryots, obtain accounts from the Curnums shewing the extent of the past year's Dittum Lands that can be brought under cultivation in the succeeding year, the extent and site of the reserved arable Lands together with their boundaries, as also the sites and boundaries of the Pasture and Cuncha lands and the menaha lands and getting the Villagers to attest them together with himself forward them to the Tahsildar's Cutcherry.

2 If it be brought to the notice of the Peishcar that a portion of the lands entered in the past year's Dittum are likely to be left unoccupied in consequence of Ryots having died, absconded or become poor or in consequence of any change in the

Fort St. George 16th December 1847

the means of irrigation or in consequence of the lands having been inundated he will take measures to see that the Circar sustains no loss inconsequence of it, but endeavour to get the Land occupied by the Ryots of the place or by Pycaury Ryots. The Peishcar will further lose no time in transmitting to the Tahsildar a detailed individual Statement for each village shewing the practicability or impracticability of carrying these measures into operation—

3 When the Tahsildar commences to form the Dittum Settlement of the Villages the Peishcar of these Villages will be present and give the Tahsildar all requisite information relative to the Ryots throwing up their metta, magany, mooloom and Jareeb lands, to their occupying other lands, and applying for aumany and Poramboke Lands and relative to the Coolie and all other particulars which he may know and at the same time bring to notice all existing disputes and cooperate with the Tahsildar to get the lands occupied as far as is practicable. When the Dittum is completed he will get the different Ryots to attest it opposite to their names and signing it himself together with the Village

Officers

Officers deliver it to the Tahsildar.

Cultivation 4

If the cultivation of the different descriptions of fields is not commenced upon at the proper season, both from the commencement of the Fusly, and after the preparation of the Dittum, but is delayed and the Seed sown out of season, the return of the produce will be had- consequently the Peishcar will exert himself to prevail on the Ryots in the different Villages in his Cuntao to cultivate the different descriptions of Lands with the usual Crops at the proper season, and adopt all possible measures to see that the whole of the Lands occupied are brought under cultivation- In cases in which his influence is unavailing he will make an immediate report to the Tahsildar and take measures with reference to his instructions to bring such Lands under Cultivation-

5th

All disputes between Ryots relative to encroachments or to the taking possession of Lands or to the right of water, the Peishcar will settle immediately according to Maumool

and

and adopt measures to remove all impediments attending the cultivation of the Lands If the Ryots do not act as directed by him he will report the circumstance immediately to the Tahsildar and abide by such instructions as he may send

6 If there be a deficiency of water in Tanks, River Channels, Ponds &c. under which there are cultivated Lands, the Peishcar must inspect the different places and ascertain with reference to Maumool the adoption of what measure in regard to the different sources would tend to prevent the cultivated Lands being brought under cultivation, and if after this point is ascertained he still finds a difficulty, he will bring the matter to the notice of the Tahsildar and abide by such instructions as he may give

7 If the seed sown in any land does not vegetate, or the crop perishes from want of rain, or from any other cause, this circumstance together with the cause thereof, as also if any other crop can be grown on the said Land should be reported immediately to the Tahsildar,

and

and in addition thereto the Peishcar ought to persuade the Ryots to sow any other crop which the season will allow of on the said Land.

8 The Peishcar will be constant in informing the Ryots that they will be made to pay the sist of the Lands which they may neglect to cultivate, as also the sist of such lands the crops on which they may allow to perish by not irrigating them though they may have the means to do so.

9 If from excess of rain there appear any chance of Tanks bursting their Banks and the crops being innundated the Peishcar will without loss of time proceed to the spot and consult with the Villagers as to the best means of preserving the crops from Innundation, and at the same time securing the water and Report the matter to the Tahsildar without loss of time and obtain his instructions. If there be any serious impediments attending the adoption of the measures proposed the Peishcar must report the matter to the Huzzoor.

10 If any Ryot gives up his Kaumool.

Kaumool Land and cultivates under his own Name or in that of another individual or as a Sub Pycawry Vunndra Lands or Lands under new Wells or reserved arable Lands the Sists of which are low, no remission will be granted to such a person on account of the Land that he may have given up - consequently the Ryots must be well informed of this.

11 If any Ryot cultivates his Metta Lands with Moolum or Jarreb crops in consequence of there being the means of irrigation or if means of irrigation are created and Lands paying low amount of sist are cultivated with crops paying a high amount of sist, both the Ryot and the Circar will derive benefit therefrom Consequently measures should be taken to induce the Ryots to cultivate crops that pay a high rate of Sist.

12 The Rich Ryots irrigate their lands to overflowing and waste the water allowing the poor Ryots insufficient water for the irrigation of their Lands. In some instances pasture Lands are irrigated to improve the Grass grown for the Cattle to feed on. In consequence of these irregularities the Lands of the poor Ryots are not brought under

Cultivation

Fort St. George 16th December 184

cultivation or if they are, the crops perish.
The Peishcar will therefore pay particular
attention to this matter, and see that the
different individuals get a sufficient quantity
of water in proportion to their cultivation
and that the rich and poor Ryots cultivate
their lands equally, and that the water is
not wasted or used extravagantly.

Cultivation Accounts &c.

13. The Village Curnums and Head Coupoos will furnish the Peishcar with two accounts in each Month shewing the extend and description of Land brought under cultivation in each Month from the Commencement of the Fusly. The account from first to the 15th of the Month must be furnished by the 17th, and the account from the 16th to the end of the Month by the 2d of the following Month. The Peishcar will see that these accounts are forwarded to him regularly, and on the receipt of them he will examine them and taking an abstract of them forward them on the same day to the Tahsildar.

14 In the 2d fifteen day's Report furnished to the Tahsildar the total number of Cottoos brought under cultivation up to the close of the last Month and the sist thereof

Fort St. George 16th December 1847

thereof as also the description of the crops should be exhibited together with the number of Cottoos ploughed and made ready and the sist thereof. The number of Cottoos of Enam lands cultivated and the sist thereof should also be exhibited. If the Enam be not assessed with Sist the nature of the service for which it was granted should be entered, and if it be not service Enam the word "Surva Enam" should be entered in the Column of Remarks.

15. If it appear from the 15 days account that the lands left uncultivated are small, the cause of their having been left uncultivated should be ascertained of the Villagers and measures adopted to bring them under cultivation. If the lands so left uncultivated are extensive, the Peishcar will proceed personally to the Village in which this has occurred and ascertaining by strict enquiry the cause of the lands having been left waste, take the necessary measures to bring the whole of those lands under cultivation, and make an immediate report to the Tahsildar of what he may have done.

Examining fields J. Cs.

16 According to the practice

D

Fort St. George 16th December 1847

of the country there are four series of cultiva-
tion Viz.t

First Series --- Metta Poonasa and
Magany Cauroo

Second Do. --- Magany Pedda Varee

Third Series --- Magany Coda Varee

South Do. Mooloom Sareeb Poonasa
and Coda.

The seasons for cultivating these crops and
the time for their coming to maturity are
different. The Cauroo cultivation mostly
comes to a close by the 15th of July, conse-
quently the Cauroo examination should
be fully completed by the end of August
In the same manner as it is ascertained
that the cultivation of the different series
of crops is come to a close, the Peishcar
will with the Villagers examine each
field, number and crop, measure such
fields as require to be measured, get the
Village Cummums to prepare two Jamabee
accounts for the different descriptions of
cultivation, and getting the Villagers to
attest these accounts together with himself
forward one Copy to the Tahsildar and
retain the other with himself.

17 If in consequence of
inundation or from any change in the
sources

Fort St. George 16th December 1847

sources of irrigation or from the failure of
rains the crops have perished or if the
crops have sustained any injury in conse-
quence of the negligence of the Ryots or
other causes a detailed remark relative thereto
should be entered in the account opposite
to the number at the time of the examina-
tion, shewing the period when and the
cause under which this happened.

If it be necessary to grant
18 Paulevasee on account of Peicotahs, on account
of Pycauries, or to make any deductions in
the tax on water, or if it be necessary to
grant remission under the Head of Moona-
sib Commy, or in consequence of a promise
to do so or any other account, or on account
of Inamool items, these several circumstances
should be examined into together with
the periods when they became necessary and
the ground on which the necessity for
granting them are founded, as also to what
extent each ryot is entitled to the remission,
and the amount of the remission and a
detailed account for each item as occasion
arises should be transmitted to the Tahsildars
Cutcherry.

The responsibility attending these
19 several

several examinations rests with the Peishcar who will pay particular attention to the duties relating to these particulars and complete all the examinations before the commencement of the Summahbundy Settlement. These examination accounts must exhibit in detail the number and yield and description of land and the crop sowable on them and the number of Gortoos and sist of each individual. An account for each Village shewing the whole of the items in it should be transmitted to the Tahsildar before the commencement of the Summahbundy Settlement. If in preparing these accounts it be necessary to ascertain the amount of sist of former years or of the boundaries of fields or of any other particular, the necessary information should be procured from the Tahsildar without loss of time and the accounts prepared in time.

20 The Peishcar will not only instruct the cummins that the Chekoobundy measurement and Summum Sist should correspond with the Pymashy account, and no alterations be made in them but he will himself pay attention

attention to these matters from time to time that no difference arises in them.

If the Tahsildar delay

21

in replying to any communication which the Peishcar may make to him for any information the circumstance must be brought to the notice of the Anzzoor. If a Peishcar does not conduct himself carefully as above directed in making Tanaky, or if he does not furnish the whole of the Tanakee accounts in time for the Summahbundy Settlement he will forfeit his title to Circar service.

Boundaries of Fields.

22 As the removal of the Boundary Banks and stones of fields and cultivating two or three numbers as one Field or encroaching on Amaunut Lands will make it impracticable to discover what extent of each number has been cultivated, the Peishcar will in making Tanaky pay particular attention to this circumstance and see that the different Ryots retain the boundary stones and Banks in the same manner as they were formerly. If any Ryot do not in obedience to his instructions do as above directed the Peishcar will bring the circumstance to the notice of the Tahsildar and abide by the instructions

Measuring grain

instructions he may give —

23 It is the practice for the Ryots in some Villages to undertake cultivation under a many Madepalloo Tenure. The Peishcar will in such Villages together with the Villagers estimate the standing Crop when it comes to maturity and forward the estimate & account immediately to the Tahsildar. The Peishcar with the Villagers will also with reference to the instructions which the Tahsildar may issue to him in accordance to orders from Buzzoor or with reference to the orders that may be issued to him from the Buzzoor, measure the Grain, prepare an account shewing the different descriptions of Grain and the share of the Ryot and that of the Circar and send the accounts attested by the Villagers and himself to the Tahsildars Cutcherry as they are prepared. The Peishcar cannot of his own accord without instructions from higher authorities measure the Grain. The produce that may have been reaped previous to the receipt of instructions the Peishcar will have secured in a safe place and covered and get the Village Servants

servants through the Villagers to take care of it.

Poollary

24 In places where Poollary Tanaky is made the Peishcar will count the cattle at the proper season and forward the account to the Tahsildar's Cutcherry immediately in addition to this he will take notice when cattle are sent off for pasture and when they return to the Village and according to Maamool report the circumstances to the Tahsildar.

Moturpha Tanaky

25 Moturpha Tax is a collection made on Trade &c. The Peishcar will examine each individual and trade and prepare a comparative Statement for the different Items and forward a copy thereof to the Tahsildar reserving one with himself. If individuals liable to pay Moturpha do not pay it to the Peishcar will prepare an account shewing the nature of their trade and profession, and the amount of Tax payable by them, and forward it together with the Record of his enquiry to the Tahsildar. The Peishcar will also give all information relative to the Moturpha that may be required

required of him by the Tahsildar at the time of his settling the Moturpha as also all other information that ought to be furnished by him, so as to enable the Tahsildar to settle the Moturpha.

Applications for Sundry Small Items & Licenses

26. The Peishcar will take measures that applications offering a proper amount of Bariz are made to him at the proper season by individuals for renting Topes, Palmira and Date Trees the cutting of Firewood, Pasture lands, and the washing for gold &c. &c. Sundry Items, and forward these applications with a letter to the Tahsildar.

The Peishcar should be present at the time of Immabundy Settlement.

27. The Peishcar should be present with all necessary accounts at the time of the Settlement to enable him to answer all questions from the Ryots relative to any spot or field belonging to any individual in any one of the Villages under him, or to any description of crops or any dispute regarding land or to the Pollam or Moturpha &c. &c.

28. The collecting of all items of Revenue with care at the proper season according to the instalments of each Ryot without allowing any balance to outstand is principally the duty of the Peishcar.

Consequently

consequently he will be very particular in regard to this and collect from the Ryots &c. all the several items of Revenue according to instalments without allowing any balance to outstand. If there be any thing particular that should be reported to the Tahsildar &c. regarding the collections it should be done so without loss of time and stringent measures &c. adopted in collecting the balances fully in accordance to the instructions of the Tahsildar. The Peishcar must know that if he is negligent in making the collections it will become necessary to remove him from Circar service.

29. If any rich Ryot who has to pay a large amount of Tax to Government does not submit himself to the Peishcar in the matter of paying his dues but refuses to pay them entirely or if he pay only a small portion of his dues and keep back the larger portion such a Ryots conduct should be reported to the Collector immediately as well as to the Tahsildar.

Accounts of all items.

30. All accounts relative to the Pollum, to the cultivation to the supply of water received into Tanks and of water

water expended to the maximum and minimum depth of the stream in channels and to the quantity of rain to all items of examination to the collections and to the balances as also all accounts furnishable according to rules existing heretofore or that may be required hereafter by fresh rules which should be supplied by the Currum to the Talook Cutcherry at the different periods, the Peishcar will take proper measures to see that they are sent regularly and he will himself be careful to furnish regularly to the Tahsildar all the accounts that ought to be sent by himself.-

Grant Cash receipts.-

31.- The Peishcar will not only adopt the necessary measures to induce the Villagers to grant immediately stamped Cadjan receipts to the Ryots for all sums that they may pay but he will from time to time during each instalment enquire and see if the Villagers do as they are required and if he discover any irregularity he will bring the matter immediately to the notice of the Tahsildar.-

Particulars which the ryots should be informed

32.- Such portions of rules and orders received from the Tahsildar or the higher authority relative to the Pattum

or cultivation or the Collections or the balances of every description of items which it may be necessary to make the ryots acquainted with should be distinctly explained to them.-

Maramut.-

33.- All ordinary occasional and Emergent repairs that are required to be done in the Villages under him the Peishcar will with reference to the instructions of the Tahsildar see that the different works are done well & according to the Estimates.-

Supplying Military Camps with Provisions

34.- The Peishcar will with reference to the orders that the Tahsildar may send him adopt the necessary measures to furnish the Military Camps passing through for ready money payment all necessary supplies of Provisions grass wood &c.-

The Peishcar must write an Arzee once a Month making a General report on all matters

35.- The Peishcar will prepare a report once a month reporting on the state of cultivation on the state of lands ploughed, on the state of supply of water for irrigation, on the state of the rains where they may have fallen more & where less, on the state of the crops, on the state of the Population on the state

Fort St. George 16th December 1847.

state of cattle on the state of the Collections
and on the state of the repairs that are
being performed to the Tanks, Channels &c.
and on the nature of the impediments occuring
in regard to the several subjects alluded to
above and on the means to remove these impe-
diments and what number of Trees have been
permitted to be cut down on account of
Agricultural &c. purposes of the Ryots and
what description and number of Trees were cut
down for that purpose as also on all similar
matters and forward one Copy to the Tahsildar
and another to the Hoozzoor.-

Diary.- 36. The Peishcar must keep a Diary
shewing in detail the places in which he was
each day, the nature of the business transacted
by him and in what manner, which he must
forward to the Tahsildar on the first of the
following month in order that it may be
countersigned by the Tahsildar and forward
to the Hoozzoor.-

Village Servants Calavasem.- 37. As the Villagers do
not pay the Village Servants their &c.
Calavasem regularly it is the cause of the
Village

Fort St. George 16th December 1847.

Village servants not attending to their &c.
allotted duties, consequently the Peishcar
will pay strict attention and see that
each servant is paid his Calavasem by the
different ryots on its becoming due.-

Vaccinators 38. The Peishcar will take
notice what vaccinator comes into his Village
and when and the description of individ-
duals vaccinated by him and forward
the usual statement once in 15 days
to the Hoozzoor.-

The Peishcar must be obedient to the Tahsildar 39. The Peishcar will in
all matters relative to the Circar
duties submit himself to the orders
of the Tahsildar.-

What conduct of the Peishcar will entitle him to promotion- 40. If the Peishcar &c.
will mark and attend well
to the whole of the instructions
given

16159 Fort St. George 10th December 184

given above and visit frequently the different Villages and encouraging the ryots perform the circar duties well and if he has experience in all the duties and exhibits his abilities he will be entitled to promotion therefore the undersigned [illegible] holding the Post of Peishcar must conduct the Circar duties with correctness care and attention.—

Proceedings thereon.

Submitting letter and Statement from the acting Collr. of North Arcot reporting that 3 Casualties have occurred in the yeomiah Department in Fusly 1858 Nos. 497-563 & 623 & stating that there appears no objection to the arrangements proposed by the Officer for the Continuance of the yeomiahs.

From the statement which accompanied the letter recorded above it appears that three casualties have occurred in the yeomiah department of North Arcot for Fusly 1256 (A.D. 1846-47) particulars of which are given below.

Yeomiah 497 Rupees 1164 per annum Syed Seynoollah one of the ten Khadims of the Dargah Mookaam Durgah at Custak Arcot whose share of this yeomiah amounts to Rupees 120 per annum is reported to have become insane and to have quitted the District on the 12th July 1848. Since his departure, his Stepson who appears to be the next of kin has with the consent of the Cutcherry performed the

Fort St. George 16th December 1847

the necessary duties in the Durgah and the acting Collector recommends the continuance of the allowance in his name.

Yeomiah 503 Rupees 132-48 per annum Mahomed Yakoob Mougan of the Musjid of Lookman Khan who received Rupees 44-13-0 out of this yeomiah died on the 27th January 1847. He has left no children but his widow Rabeah Beebee has performed the duty by Deputy since her husbands death and the acting Collector recommends the continuance of the allowance in her name.

Yeomiah 623 Rupees 294 per annum This appears to be merely an exchange of situations. Amanda Row the holder of this allowance whose duty it was to keep the yeomiah accounts in the Hoozoor, has been transferred as Shereistadar to the Tebsil of Cauvery pauk and Shashagherry Row the party who filled the latter office has succeeded him in the Hoozoor.

The above yeomiahs correspond

with the entries in the Moyenjabitah of North Arcot for Fusly 1228 sanctioned by Government on the 23rd April 819 and as they are invoice grants the Board see no objection to the arrangements proposed by the acting Collector.

a Statement of the land held by Mr. Groves near Chittoor shewing the annual Cultivation of Wet dry and Gardens lands, in each Village with their respective Assessment and the Sources from which they are irrigated and also a rough sketch of the land now applied for &c.

a Statement of the land held by Mr. Groves near Chittoor shewing the annual Cultivation of wet, dry and Gardens and wet cultivation in dry lands, in each Village with their respective Assessment and the sources from which they are irrigated, and also a rough sketch of the lands now applied for distinguishing those granted in 1846 as requested in the Board's Proceedings dated 9th June last

2 The extent of land cultivated from Mr. Groves Sudiemaray tank was in last Fasly (1256) 44 Cs 11 as paying Pd 186-52 as shewn in the Statement - The extent of land capable of irrigation cannot be ascertained as it must depend on the improvement of the Channel and of the land by levelling it and on the quantity of water which may be received into the tank.

3. The total quantity of land held by Mr. Groves it will be seen is Cawnies 244-15 of which in the past fasly (1256) 129-9 were under Cultivation paying a Kerwah

No 2 - Plan

Proceedings

16246

Fort St George 16th December 1847.

Proceedings thereon

Requesting the acting Collector of North circuit to furnish more explicit information regarding the assessment of Mr Groves' lands.

In their Proceedings of 17th June last the Board called upon the acting Collector for more specific Statements of the particulars comprized in Mr Groves application together with a Sketch or plan of the whole of the Lands in his occupation corresponding with the above and exhibiting in detail the objects of the proposition submitted by him in 1840 as well as of that now brought under consideration. The enclosures marked 1 and 2 in the letter above recorded have been prepared in consequence. On referring to the former it is seen that Mr Groves holding comprises land situated in 6 different Villages parts of which were classed as Nunjah at the Survey but have since been partially cultivated as Poonjah whilst others originally entered as Dry are now cultivated with wet crops but it is impossible to learn from the Statements as now rendered what specific portions of these are more particularly referred to in Mr Groves application the Sketch of the Ground also is so rudely constructed as to

be perfectly unintelligible.

2 Mr Groves in reply to an application from this Office furnished the Board with the loan of an excellent Map of his property laid down by scale and purporting to be a copy of one in the Collectors Office.

3 The Board resolve therefore again to call upon the Collector to supply the information in which his present communication is deficient. He will be pleased to cause a copy of the Map above referred to be prepared in conformity with the Survey accounts exhibiting the boundaries of the different Villages and the land in each as then classed under the heads of Nunjah and Poonjah the proportion of the former that has since been converted to Poonjah that which has always continued to be cultivated with wet Crops and that which has been brought under the influence of irrigation by Mr Groves improvements whether from the old Nunjah or from Poonjah together with that to be effected by Mr Groves prospective plans also the Lands alluded to by Mr Groves which are likely to derive benefit from the drainage of his Tank the nett in his occupation.

The

4. The information now called for should be furnished equally for the lands made over to Mr. Groves under the Board's orders of 17th December 1840 as for those now applied for the latter having been sanctioned for one year only and requiring the confirmation of Government.

5. The Board have noticed other descrepancies between the Statements now rendered and those contained in the Acting Collector's communication of the 14th June 18[illegible] all of which have been included in a Maharatta Yadast prepared in the Board's Cutcherry to which it is requested that a reply from his Cutcherry also in Hindoosi may be furnished noticing in detail every point therein referred to.

In Cons. 4th July 184[illegible]

6 As the additional information now required is all to be found in the Acting Collectors Office and requires no new inquiries to be made the Board will expect his reply in the course of a few days.

(Signed) W. C. Lockhart
Collector.

No. 1

To. W. C. Lockhart Esqre
Magistrate of Salem

Sir,

I have the honor to state that in consequence of two robberies committed in

in the Talook of Salem in the month of February 1846 the effort of the Police have been required to apprehend three persons named Chinnadoriengar Narasimmiengar and Chinnapiengar who are believed to have been principals in these crimes. The first named Chinnadoriengar is the brother of Annaviengar who has been already convicted and sentenced to 14 years imprisonment.

2 The Police having failed to apprehend the parties above named though from the circumstances of the case and from evidence obtained I have reason to believe that they have since been in the District. I have endeavoured to ascertain what property the parties are possessed of in order that the same may be attached under the Provisions of Section XVII Regulation IX of 1816 and the necessary warrants were issued according to the provisions of Section XVII on the 11th August 1847.

3 It has taken some time for me to obtain from the Tahsildars the necessary information as to the property possessed by each party and I have now the honor to lay the result before you and to request that the necessary authority

may be obtained for the attachment.

4. The principal property of Chinnadoriengar is the 3d share of the Mouttah of Rankeypully in the Talook of Dauzepoor Registered in the names of three brothers, the share of the absconded property produces a Net income of Rupees 105-7-- the particulars of which are annexed a portion of the profits, Rupees 28-12--, is received by a mortgagee, but I conclude that this ought to be held in attachment in common with the rest.

5th There is a small property valued at Rupees 8 also to be attached, another valued at Rupees 5-5-4 is in the name of Narasimmiengar and Chinnapiengar and therefore also liable to attachment.

6. There are shares in other estates in the name of Chinndoriengar Narasimmiengar, and one Streenevajsiengar deceased. The particulars are also shewn below of such as appeared to me to be of any importance. These two lands are both in the hands of Mortgagees but I consider

that

that the attachment should nevertheless be carried into effect and that it is the duty of the Mortgagees to provide that the owner of the land be forthcoming—

7 A small amount of moveable property has also been attached.

8. In the Shenkerry droog Taluk a Patent of Rupees 18-7-7 stands in the name of Chinnadoriengar, and one of Rupees 12-5-4 in that of the same party and of his deceased brother. The whole of the former and half of the latter I consider liable to attachment.

9. Should you concur in the propriety of these measures I request that the necessary report may be made to the Board of Revenue.

Resolution thereon.

(26-27)

The Board observe that by clause 1st Section XVII Regulation IX of 1816 the Magistrate is authorized to attach the land or real property of parties who do not appear, after issue of a proclamation, to answer the charges against them: clause 2d provides that he shall take such measures as may be necessary for the due care and management of lands so attached subject to the instructions of the Board of Revenue to whom he is to make an immediate report of any instances of land being attached by him under this Regulation.

The present reference therefore is unnecessary.

Proceedings thereon.

Referring to the Acting Collr of Trichinopoly for orders the Petitioners in Nos 912. 1053. & 1923. of 1847.

1. It appears that the Village of Coman was originally alienated by one of the Poligars of area lone, and conferred on one Venatachella Pilly for the performance of certain charities and Ceremonies in a Pagodah in the District of Tanjore, at a period some time prior to the assumption of the country by the British Government. The correspondence quoted above also shews that it has continued from that date in the family of the Orginal grantee and that it is now held by his Great grand Son another Venatachella Pilly who is represented to have been a minor at the date of the Collector's letter.

2. The assessment of the village as entered in the survey accounts is 657 and the Quit rent payable to Government is Rupees 185 but in Fusly 1253 the Beriz was Rupees 663-36. the proceeds of the Village in part at least are supplied for the ceremonies for which it was originally conferred.

3. The actual period when the family obtained possession cannot it would seem be correctly ascertained, there being no documents or Sunnud forthcoming either now or at the time of

16262 Fort St. George 16th December 1847.

of Mr. Fraser's Register, it appears however from that List that it must date from a time antecedent to the year 1792. The title to the Shotriam rests upon long prescriptive enjoyment and as the present possessor is the lineal descendant of the original grantee the Board see no occasion for interfering in the course that has so long obtained, neither do they consider that the Collector had any occasion to report on the subject until a lapse had occurred or the service for which the grant was made had been neglected and under these circumstances they direct that it be continued in the name of Vencatachella Pillay.

Ordered that the following Endorsement be recorded on the several Petitions entered above.

The orders of the Board on the subject of the Village of Coman have been communicated to the Acting Collector to whom the Petitioners should prefer any complaint they may have to make against the Shotriendar.

From the Coll.r of Madura — Sir,

Reporting the seizure by the Acting Sub-Collector of certain quantity of Earth Salt brought from the Poodoo-cotay Territory into the Company's District and requesting sanction for a reward under Regulation now quoted.

I have the honor to transmit the accompanying Copy of a letter from the Acting Sub Collector Reporting the seizure of 7 Garce 218 Mercals of Earth Salt of the value, at the Monopoly rate of 914—8—4 which had been smuggled from the territory of His Excellency the Tondiman Rajah into the Sub Division, and with reference to Para 28 Sheg to solicit sanction for the payment to the Acting Sub Collector of the reward sanctioned by Section XV Regulation I of 1805 Viz.t 33 per cent on the Value stated above.

Para 29.

2 I beg also to request sanction for the payment of the same reward on the seizure of 144¾ Mercals reported to have taken place in the Sygempully Talook.

Para 23.

3 The Smugglers have been punished by the Criminal Court, and also the Zilladar and Peons committed on the charge of connivance — agreeing with Mr. Clarke that the conduct of the Tahsildar appears to have been very culpable.

Para 23 to 26.

Fort St. George 16th December 1847

culpable and suspicious, I have requested him to state his opinion as to the punishment with which it should be visited—

Para 27.

4. I have given the Acting Sub-Collector authority to destroy the Earth Salt seized. This is the usual course of proceeding, and inoperative, it seems to me, on the Government, as the article is considered deleterious—

Para 20.

5. The Treaty with His Excellency the Tondaman is not on my records, but I feel certain that it does not provide against the manufacture of Earth Salt as I observe that it formed one of the Items of Revenue when the Poodoocottah Country was under the Superintendence of my Predecessor, and that in the Extra Revenue Reports of former years I readmitted the right of manufacture, and details the means he had taken to prevent the smuggling - In answer to a communication on the subject the Tondaman Rajah has assured me that he has issued strict orders to prevent the sale of this Salt for Export to the Company's Territory, and I have now furnished him with Extract from Mr Clarke's letter in the hope that he may be able to discover and punish the parties

who sold the Salt now seized - Every precaution also will be taken to secure the apprehension of persons bringing it within the limits of this District—

6 In conclusion I beg to express a hope that the conduct of the Acting Sub-Collector in this Seizure will meet with the approbation of the Board; not only were his measures for the purpose taken with great promptitude and judgment, but he has since gone through an immense amount of labour in investigation—

The Collector of
Madura —

Sir,

1. I have the honor to enclose the Papers noted in the accompanying list relative to the Seizure of 7 Garce 218 Measels of Earth Salt which was being smuggled from the territory of His Highness, the Tondaman Rajah into the Tyempolly talook for sale in the Villages of that and the neighbouring talook of the Coimbatore District The

† Value - 904 - 8 - 4 -

Fort St. George 16th December 1847

2. The persons transporting the salt were in 3 Gangs. their names, the places of their apprehension, the amount of Salt found on them, the amount owned by each and the manner in which they have been dealt with, will be found particularized in the Statement marked

3. The information on which the 2 first warrants were issued, was gained from a young Corava Boy who was brought before me on a charge of petty theft, and who was cursorily asked whether any smuggled salt was with the Gang with which he was connected—

4. His deposition marked A tends strongly in my opinion, to establish the fact that all the Gangs which have been apprehended, not forming one Joint stock Company, were at least cognizant of each others proceedings and were Acting in concert—

5 The boy has given a short account of the road taken by the Gangs, from their leaving Palany in January up to the date of his examination on the 24th August last. It will be seen from a perusal of all the depositions, how correct his information was in the main, and how remarkably it has been supported by the facts

Fort St. George 16th December 1847

facts elicited from the Coravers &c. subsequently apprehended—

6 The parties it appears left Palany in January, and proceeded to parts of the Tanjore District through Nagore, Negapatam, Mooroogavanum, Adirungapatam, Coolicottah, Moottoo Pettah, Mannargoody, Coombaconum, Vallargoody and Paneyoor—

7. The 4 Rowanahs mentioned in the Zillahdar's report of the 24th August 1847, two of which were found on Venkatie the wife of one Vedikara Palany, not yet apprehended, would seem to indicate that some of the Gang at least, had purchased salt at the Salt Pans of Urrasanagaree in the Tanjore District, but no clue can be obtained as to what has become of the Salt— The Coravers all, in the face of the strong testimony afforded by these Rowanahs— which were only granted on 26th and 27th June 1847 or 2 Months previous to their apprehension, deny most positively having ever visited the pan in question, and the flight of the original informer, prevents my obtaining any information, at least, for the present on this point—

Having

Fort St. George 16th December

8 Having made a circuit of some Months in the Tanjore Country, they appear in the Month of July or August, to have returned to the Tondiman's Country, and there to have purchased the Salt which forms the subject of this communication—

9 Have been at some pains to ascertain if possible, the Parties from whom the Salt was brought—

10 The Koravers apprehended at Ramnaputtee, state, they bought their Salt at Yattahnadoo, of cultivators, one of whom, Chinna Ramen, calls Andy cullen, Chinna Rame says they were Valiers, Nondee Ramen and Ramen, mention Iroombunadoo and Cumbanadoo as the places where they bought their Salt, Shuti Goorooven, Alwar's son Ramen and Vencatee add Maloopoor, and Shuti Goorooven Pudoor to the places already mentioned—

11 The price at which these people declare they bought the Salt also varies both with the price stated by the other Gangs, and that mentioned by themselves— some say they paid 1¼ rupees for a Pack, others that they received 24— or —21— measures, about 3 Mercals, for 1 Rupee

by

Fort St. George 16th December 1847.

by the Statement of the weighing enclosed, it will be seen that each ox pack averages about 5 Mercals—

12 The Koravers apprehended, at Palany allege that they purchased their Salt at Yattahnadoo in the Village of Arracolum (see depositions of Shellamber) Chinna Nagee (see Arraculator) (see Depositions of Timmen— Chinna Vencataramen and Vullee)

13 The large Gang whose Salt was found at Goovanooth, are more explicit, and this part of their Statements was made with an air of truth, but adverting to the very gross falsehoods, which other parts of their depositions exhibit, I am not disposed to place any great reliance on their account—

14 One States the Salt was bought in the Villages of Iroombunadoo Vembunadoo and Yattanadoo, of one Andy cullen, another Nagammaul of cultivators whose names she does not know— Kristnah, that it was purchased at Valanoor— to the East of Kullionary Cottah of a Valan, whose name he does not know, and of Mongah Naiken of Vishoovanoor. This Mongah Naiken Gangan affirms is with Puttaberama Naiken and Mottooveera-

Fort St. George 16th December 1817

Moottooveera Naiken, an under renter of Delta Velan a Potter, who has formed the sale of salt in the Tondiman's Country, Bodeeramen deposes that he procured his salt in Keeleenelly of Sattahvelan the Potter, and in Yombel of Munja Naiken and Aurry Putrem Budon of Satta Velan Kashaven of Satta Velan in Sattavelumputtee, and Munja Naiken. Koshaven, adds that the salt in Sattavelumputty which is in great quantities is kept in pits a short distance from the Village, near the place of its manufacture Kalan adds, Karoomakaiken to the list of the sellers of salt

15 The parties having purchased their salt returned by the route of Tirookolemboor Singompedaree Peraumalai Tiroopatoor Karaikoodi Nattum and Sindigul

16. When the warrant was issued, two Gangs were on their way to Palany - The 3rd had stored up all their salt in their huts & and left it in charge of a few women at Goovanooth, while the greater portion of their numbers proceeded with the Cattle to the Salt pans to procure sea salt

Some

Fort St. George 16th December 1817

17. Some of the salt is very good- and mixed with sea salt might easily escape detection-

18 From Enquiries I have been able to make, I suspect that a very extensive & traffic has been carried on for a long time by these Coravers in Earth Salt among the Villages in the North West parts of the Sub Division-

19 The assertion of the prisoners that this is the first time they have ever engaged in this trade is difficult of belief - They would have hardly ventured on making so large a purchase of salt, in their first attempts, and the large quantities which some of the Coravers allege is manufactured in the Tondiman's Country; and the creation of a contract, all seem to prove the existence of a large demand for this article somewhere or other

20. I do not know whether the & treaty with His Excellency the Tondiman, provides against the manufacture and sale of salt in his territory - If not, it seems advisable that some thing should be done towards increasing the -

Fort St. George 16th December 1847

the difficulty of importing it into the Company's territory, for independent of the arguments both moral and financial, which might be adduced against this traffic, the Salt is found to act most prejudicially on the Constitution, and to engender disease in the bones—

21 The want of any Co-operation on the part of the Village authorities with the Laws, and the very low tone of Conventional morals which exist among the people, and I fear among the District Officers, certainly render the task of improvement not an easy one—

22 But something may be done towards it, I should think, by establishing a Met, on the confines of the Tondiman's country, and insisting on a more general attention to the provisions of Section VIII, IX & XXII Regulation XI of 1816 and Clause XII Section XI Regulation XXIX of 1802, and generally a more active discharge of their duties, by the Village Police, under the penalty of immediate discharge, whenever they are found negligent—

23 It will be seen by Case No. 25 that the Police had received information of the transit of Smuggled Salt through Dindigul, before

Fort St. George 16th December 1847

before I did on the 24th August 1847 a Zillahdar a Talook Duffadar and 4 Peons, have been sent to the Sub Court on a charge of conniving at Smuggling, and I cannot but add that the conduct of Shamarow, the Head of Police of Tandecomboo Talook in the matter has appeared most extraordinary and suspicious—

The Goovanooth Gang must have arrived by this time—

2 Accorava, he states gave him information that Smuggld Salt was heaped up at Goovanooth, The Tahsildar is unable to give any account whatever, not even the name of his informant, who was sent with a Peon to point out the Salt. On the road, the Peon says, the man decamped, that, no Salt being found in the direction, stated, he went in the opposite direction, and found some Coravers huts, and that he returned in the evening and reported the matter to the Tahsildar, who directed him to watch the huts during the night, and that some one should be sent in the morning to examine them. The next day the Talook Revenue Duffadar and one Peon were sent to examine the Salt, and bring Specimens of it with the persons to whom it belonged to the Tahsildar. The

Duffadar

Fort St. George 16th December 1847.

Duffadar visited the spots but being told by the women they would not allow the search to be made he returned with what he calls two Boys, but the peon who accompanied him and the Nattamagar say they were men. The Tahsildar did not see the parties brought, but ordered their immediate release. Next day the Zillahdar was sent he examined all the huts with 4 Rowanahs, the Nos and particulars of which are specified in his report in which he declares that the Salt was found correct and good. On the arrival of the Zillahdar none of the men belonging to the encampment were present. A Peon was therefore sent to Dindigul, in which direction two of them had been seen going to bring them. In a short time the Peons returned with the Coravers and one Chuck Ramon formerly a Salt dealer and a man of some wealth in Dindigul. After the search this man returned in Company with the Peons and Coravers to Dindigul. On the next morning 24th August the Zillahdar wrote his report returned the Rowanahs to the Coravers and released them.

25 On the 24th August the same day as that on which the report was written my

Fort St. George 16th December 1847

my warrant was issued, and before it was executed the parties had received intimation of it and dispersed - However 108 Packs of Salt and 26 persons were seized and 2 of the 4 Rowanahs, mentioned in the Zilladar's report, were found - None of the Salt seized was good - The Coravers state that a bribe of 10 Rupees was given by them to the Zillahdar, 5 to the Duffadar, 3 to the Peon first sent and 2 to the Nattamgar of the adjoining Village. Taking the account above given, to be a correct statement of the facts as they occurred, great blame is imputable to the Tahsildar, for not taking more pains to ascertain the truth of the report first made to him - His neglect to ascertain the name and take a deposition from the informant, his release of the 2 persons brought by the Duffadar without any enquiry, his failure to have any of the Salt brought to him, and his not proceeding to the spot where the huts were (only a short distance, 3 Miles I think, of his Cutcherry) after the treatment experienced by his Duffadar, are highly reprehensible -

26. But this account places the

Fort St. George 16th December 1847

the Conduct of the Tahsildar in a more favorable light than Scan view it. The intervention of Shaik Slamon, whose deposition is Shewn to be wholly false, by the Statements made by the Coravers, and the Nattamgar, and some of the Peons throws about the matter a mystery which the extraordinary omissions above noticed, tend strongly to deepen — and lead me to fear that Shama row was implicated in the fraud attempted to be practised by the Zilladar and the Peons, but the absence of any direct evidence, prevented my taking any Steps against him.

The

Fort St. George 16th December 1847

27 The Salt which has been seized, is still in my Compound. I therefore request Sanction for its destruction.

28 I would also ask that you would recommend the disbursements, to me of the reward Sanctioned by Section XV Regulation I of 1805 Viz. 33 per Cent on the estimated value of the Salt Seized — The Peons who made the Seizure deserve Some Remuneration, and it is my intention, should the reward be granted, to apportion the Amount among Peons, and if Scan find him the Boy by whom the original information was given.

29 In addition to the Salt above referred to the Tahsildar of Tyempolly has made Seizure of 40 Packs or 144 3/4 Mercals.

of

of the earth salt, in Mungah Narkumpatty, Velloor and Luckiancoottah. These cases are under disposal. When a decision has been passed upon them, the proceedings connected with them shall be forwarded to you for your information. A small quantity of earth salt has also been apprehended in Tandicombo and in Shenkurray.

30 I would solicit Sanction to disburse the amount of reward authorized in Section XV Regulation I 1805 to the parties by whom the Salt was apprehended in Lyempully Talook.

Proceedings thereon.-

(31-32)

The Board observe that the Collector has valued the earth salt, the seizure of which is reported in the foregoing letter, at the Government Monopoly price for sea salt. they wish to be informed what price earth salt would be likely to realize if sold in the Madura district, or at what rate it is usually sold in the Tondiman Country. On receipt of Mr. Parker's reply sanction will be obtained for payment of the prescribed rewards to the parties engaged in the seizure.-

2. The Board observe that the acting Sub Collector Mr. Clarke deserves much credit for the deligence and labor with which he has discovered the extensive system of smuggling in earth salt which appears to be carried on in Madura and the adjoining districts, and they desire to record their approbation of his conduct in the matter. Orders have already been passed in regard to Sham Row Tahsildar of Tandicombo.

Vide Proceedings 9th Decr. 1847.

3. The Board resolve to forward copy of the letter recorded above, and of Mr. Clarke's Communication which accompanies it for the information of the Principal Collector of Coimbatore, and of the Collectors of Tanjore and Trichinopoly respectively, with a request that they will

will adopt measures to put down the practice of smuggling in Earth salt as far as their respective districts are concerned.

From R. D. Parker Esqre
Collector of Madura

Sir,

With reference to an Extract from the Proceedings of the Board, dated the 18th Ultimo I have the honor to forward herewith a Statement in the Form furnished by the Board, shewing certain particulars of the Revenue derived from Salt, required for the information of the Honorable Court of Directors.

2. Upon the whole there has been a steady advance in the sales of Salt from the Madura Pans - which, as regards the sales up to Fusly 1255 inclusive, was attributed by my Predecessor (I believe justly) to the improvement of the Roads. The large increase in the last Fusly 1256 was probably occasioned by less satisfactory causes of a temporary nature Viz. the extreme drought of the season which threw the cattle of the District out of agricultural employ, and the necessity of an import of grain from other Provinces, the carriage employed in which took back Salt. There may perhaps be a decrease in the present year not to the Extent of the above Increase alone but beyond it

it, in consequence of the surplus stock on the hands of the Retail sellers.

3. The Salt Revenue of Madura is in some degree injured by the smugglers of Earth Salt manufactured in the independent Territory of His Excellency the Tondiman Rajah of Poodoocottah - The Rajah assures me however that he uses his best exertions to prevent the Export from his own Country and a severe example lately made of a large body of smugglers will I trust be effectual to check the practice for some time to come.

4. The short period of my residence in the District puts it out of my power to suggest any Expedient for the further improvement of this source of Revenue beyond the obvious one of expenditure on the Roads - Considerable attention has been paid to them in this District but the aggregate disbursements by Government on the lines from East to West pursued by the Salt trade have been after all but trifling, and the very heavy rains of the present year have done great damage - A surveyor on the Civil Engineers Establishment is now employed in inspecting the principal road to the Coast, and I will have other routes examined by the District Masitries.

5. I have heard no Complaints in this District of the price of Salt, nor is it to be expected that the Monopoly will be much felt in the immediate Neighbourhood of the Salt Pans.

Sir,

From J. B. Elton Esqre
Jr. Coll. of Tinnevelly

I have the honor to forward prepared according to the form which accompanied the Board's Proceedings of the 18th Ulteno a Statement containing the information required for the Honorable Court regarding the Salt Revenue of this District, and to state that the Consumption of this Article and the Revenue derived therefrom have a tendency to increase, as shown in Columns 5 and 15 thereof. The financial results are most satisfactory, and it is my opinion that an equal Amount of Revenue could not be derived from any other source which would be so little felt by the people. In the latter point of view the subject has long attracted my attention, and the results of my Enquiries do not lead me to Conclude that the present price of Salt bears hard on the people of a Maritime District like Tinnevelly where the charges of a long land Carriage have to be added to it the result may be very different.

Reporting on Board Petition No. 119 of 1846

Petitioner's Statement

Sir

Petition No. 119 of 1846 } Shall the honor to report on Board
being too long to do so conveniently by
Endorsement the case of the Petitioner
is briefly as follows

In No. 110 of Mr. Cotton's
Register of Maineums, the Enam now claimed
as entered under date 1st February 1815 and
entitled as such at the foot of the Peerwanah
by the then Head Assistant Collector
Mr. Drummond. It is registered in the
name of Shaik Abdool Cauder Syed,
the grandson of the original grantee
Shaik Syed Lubby, who was granted a
daily allowance of 4½ bully Fanams per
diem for the expences of a Mosque, and
Grantees subsisten'd from the Village
of Gingacoondan in the Ottapadarum
Pollock, under the authority of a Purwa-
nah of Mahomed Sooffkhan dated 10th
Rabeeul of 1175 Fizzyee or A. D. 1760
Shaik Abdool Cauder Syed, the person
mentioned in the Register, and after him
his son Syed Mahomed respectively
enjoyed

enjoyed the Maniem down to July 1240 F. in which year the latter died leaving Syed Mohee deen his son / the Petitioner and the coshares.

Owing to disputes among the parties as to who was entitled to enjoy the Maniem the case was brought to the notice of the Collector who, on observing a Phrase in the copy of the Purwanah then produced in support thereof enjoining the Grantee "to pray for the prosperity of the Honorable Company English Bahadur" suspected the genuineness of it, and the production of the Original, and directed the Sahsildar in November 1839 to stop the Maniem and to keep it under Zuptee until the original Purwanah should be produced. In November 1839 the Petitioner presented the Original Purwanah and prayed for the release of the Zuptee Maniem. An enquiry was instituted at the Huzzoor regarding the titles of the other Claimants and the amount of the disbursements of the Morgue. The expenses which proved in favor of the Petitioner. In April 1840 this case was brought before the Collector Mr. E. Thompson who having seen the original Purwanah ordered to Send for some other

Purwanah

Purwanahs of Mahomed Ispahkhan = one was accordingly shewn to him it was ispued in Huzzeree 1174 or one year antecedent to the one now at ispue, but Mr. Thompson passed no finial orders on the subject till December 1840 this case was again brought before the acting Collector Mr. Ogilvie who wrote on the face of the original Purwanah "This allowance is stopped and signed it and endorsed the Petitioners Petition under date 19th December 1840 that the Maniem is kept under Zuptee on account of a doubt, as to why the Purwanah should direct the Grantee to pray for the Company since that document was ispued in the Nobabs time. The Petitioner subsequently complained to the Collector Sir Henry Montgomery, and in February 1842 he ordered this case to stand over until he should go to the Village where the Maniem is deducted for Summabundy and when he did so, the Petitioner failed to attend this subsequently 2 different parties gave at 2 different times Petitions one for a participation in the Maniem and the other for the whole of it, these were enquired into through the Town Canjee

and

and a Punchayet, and were found to be inadmissible. The Petitioner continued to Petition Mr. Thomas to grant him the allowance, who under date 7th April 1845 gave a Memorandum to be kept in the office and also an Endorsement to the Petitioners last Petition which are as follows

Memo

"The genuineness of the Purwanah seems very dubious. The objection raised, prayer for the English Rule" and granted by a Mussulman then in power suspicious.

Surely 1847 it was doubted and Enquired by Mr. Thompson ---

I do not myself consider the words entered in the Purwanah direct-ing the Petitioner to pray for the welfare of the Honorable Company which seems to have been the cause of the suspicion. The date of the Purwanah 1175 of the Hizzyree, corresponds with 1760 when the English were in alliance with the Nabob Mahomed Ali. The words in question are not however from what I hear to be attributed to the relative circumstances of the English and the Nabob of the issuer of the Purwanah Mahomed Yoos of Khan who I understand was an Officer of the Nabobs sent by him into Tinnevelly to settle affairs, but who proved unfaithful to his Master and was at the time desirous of securing the English

Fort St. George 16th December 1847.

English Alliance. He appears subsequently to have been hanged near Madura and his hand sent down to the Mosque at Tenpet near here. The validity of a Purwanah issued under such circumstances would even if its authenticity were undoubted be very questionable, were it not for the reference made therein to a former grant by Seerayooth Doulah Bahander, of which this was a mere renewal

Under these circumstances I donot see any adequate grounds for doubting the genuineness of the Purwanah herewith sent, and which may perhaps be further tested at Madras. A translation accompanies it, and the original is requested to be returned to this Office for delivery to the Petitioner when no longer required. The Board Petition No. 419 of 1846 together with enclosures are herewith returned.

No order has been passed in this case since that time but the Maniem though not paid to the Petitioner is yearly deducted from the Jummabundy and held in deposit It amounts up

Proceedings thereon.

The Board observe from the foregoing Report that the Enam claimed by Petitioner consisting of a daily allowance of 4½ Cully fanams formerly No. 110 in Mr. Cotterell's Register of Manimmo and is the name of one Shaik Abdool Cauder Syed the grandson of the original grantee on whom the Enam in question was conferred out of the Land Revenue of the Village of Gangacondan in the Collapadarum Talook for defraying the expences of a Mosque and for his (Grantee's) own subsistence, as appears from a Purwanah bearing the Seal and Signature of Mahomed Issof Khan, dated Hejree 1175 or A.D. 1760, a translation of which accompanies the Collector's Report. On the death of Abdool Cauder the Individual above named the Enamdar to his son who was in the enjoyment thereof till July 1240 when he died leaving his son

the

the Petitioner, and certain Co-Sharers. Disputes arising among these parties the case was brought so far back as 1837 to the notice of the Collector who however seeing cause to suspect the genuineness of the Purwanah produced in support of the Grant suspended the payment of the allowance pending further inquiry into the matter. No finial orders however have since been passed in the case by the local authorities the allowance amounting at present to Rupees 3385-13-2 being deducted from the Jumma-bundy and held in deposit.

The present Acting Collector for assigned reasons, gives it as his opinion that there are no adequate grounds for questioning the authenticity of the Purwanah, and in this opinion the Board concurs. On referring to this instrument they perceive that it is a renewal of a former Grant by Serajood Dowlah Bahadoor, and that the allowance was conferred for the performance of service in a Mosque. The Enam in question being therefore a service grant the Board consider that it should be continued and presuming that the Mosque is kept in good order and that the usual ceremonies continue to be conducted they beg to recommend that authority be granted for registering the Enam in the name of the Petitioner Syed Mohiuddeen the son of the last incumbent and the lineal descendant of the original grantee as also for disbursing to him the amount in deposit Rupees 3385-13-2

Sir-

With reference to the correspondence noted in the margin, I have the honor to forward for the information of the Board of Revenue copy and translation of a Decree passed by the Principal Sudr Ameen of Tinnevelly in Suit No. 4 of 1846 against the Collector Mr. C. B. Thomas, and beg to recommend that I may be permitted to make an appeal therefrom the reasons contained therein not appearing conclusive and the point at issue viz. whether an Endowment once made for charitable purposes can be subsequently resumed consistently with the provisions of Regulation XIII of 1817 very important. I am not prepared to advance any further evidence than that which has already been adduced but the fact of the alienation of this Village for charitable purposes is so clearly established and in such a solemn and decisive manner by its having been excluded from the Division of family property on that very ground in the letter and accompanying list of the Zillah Judge.

Decree

The 3d and 4th Defendants have set forth in their answer that the Plaintiff as stated in his Plaint has obtained by purchase 2/3ds of the Village of Kylasapairy under dispute, and that it is not attached to Singhycolum

Singhycolum Chuttrum. The Documents filed by the Plaintiff tend also to prove the said fact.

It is not evident from any Surcar accounts that the Village in question has been allotted for the support of the Chuttrum.

The above Village being originally the property of the forefathers of the 3d and 4th Defendants and Seroomaliappa Moodlr, it might have been perhaps set aside by the 2 former to contribute to the expences of the Chuttrum. There is no proof of the Village being permanently Endowed for the support of the institution nor does there exist any Document or Summud issued by the said Defendants to that effect.

But persons who posses landed property are at liberty to withdraw or discontinue the income thereof after appropriating it for some time to Charity.

It does not appear from any Document that the produce of the disputed Village has been ever applied to charity by its proprietors. The attachment of the Village by the 1st Defendant under Regulation VII of 1817 is irregular, because the Regulation in question is applicable only to such Endowments as are permanently attached to any institution.

On the occasion of dividing the family property between the 3d and 4th Defendants and

and Theroomalayappah Moodlr though the Village in question had not been (having been allotted for the support of the Chuttrum) included in the Partition Bond, yet there is no proof whatever to the produce thereof being applied to charity.

In the answer of the 1st Defendant it is stated that it was proved by the Urzee addressed to him by the 2d Defendant that the Village under litigation belongs to the Chuttrum. The Court called for the Proceedings of the late enquiry held in this case by the 2nd Defendant and inspected them but no proof is forthcoming tending either to show that the disputed Village is attached to Singhy colum Chuttrum or that its income has been appropriated to the charity of the institution.

It is mentioned in the Deed of Exchange executed by Theroomalayappa Moodlr on the 27th April 1833 that the said Village belongs to the Chuttrum which expression is prejudicial to his own interests.

The 1st Defendant states in his answer that it appears from the List sent in by the Zillah Court of Madura to the Collector of this District for change of Registry that the Village in question belongs to the Chuttrum. What the 3d and 4th Defendants have stated in their Rejoinder regarding the above point appears satisfactory.

To

To prove the short Term given to them by the Zillah Court to produce the account the Document No. 38 is sufficient.

From inability to obtain correct information within so short a term as above mentioned, the 3d & 4th Defendants might have produced an incorrect account in the Zillah Court of Madura. Though the said document may be considered to be a correct one, yet as no mention is made in it that the Village in question has been permanently endowed for the support of the Chuttrum it is not to be considered as being in support of the 1st Defendants Claim.

The answer of the 1st Defendant to the 9th para of the Plaint has been very well replied by the Plaintiff. Had the report made to the 1st Defendant and others on this subject by Theroomalappa Moodelian &co been true, why did he fail to inform the Tarufdar, 1st and 2nd Defendants, when notice was issued for change of Registry in the name of the Plaintiff.

The 1st Defendant does not appear to have attached the disputed Village (under Regulation VII of 1817) with the concurrence of the Board of Revenue.

It is not evident from the Documents No. 23, 29, 30, 31, 33 & 34 being the Circar Puttahs &co that the Village under litigation

belongs to the Chuttrum. Nor is any such mention made in the documents from No. 24 to 27.

The letter of 5th November 1846 received from the Board of Revenue is in support of the Plaintiff's claim.

For the foregoing reasons, it is adjudged that the 2d, 3d and 4th Defendants should be excluded from this suit, that the Plaintiff is to bear the costs (hereunder particularized) incurred by the 3d & 4th Defendants, that the 1st Defendant is to restore the 2/3ds of the disputed Village to the Plaintiff paying to him at the same time all Costs of the suit below given, that the Plaintiff should after proving by circar accounts take possession of the disputed produce, and that derivable between the date of the Decree and its execution.

It is determined that the 1st Defendant may if he likes recover the Costs from Theroomalauppa Moodeliar and the Tariffdar who made a false report.

Sir,

I have the honor to bring to your notice that in the case of Suit No. 4 of 1846 in which a Decree has been passed against the Collector Mr. Thomas, I sent special orders to the Vakeel employed on behalf of Government to send the Copy of the Decree as soon as delivered in Court, and to states that he applied for the same immediately on the original being prepared, but it was only furnished to him yesterday the 19th though Signed and Sealed on the 11th Instant. The appeal time expires on the 10th Proxcmo, between which

Submitting letter from the Coll. of Tinnevelly forwarding Copy and translation of the decree passed by the Princ. Sudr Ameen in Suit No 4 of 1846 against which he solicits permission to appeal at the expence of the Choultry at Singecolum recommending that he be authorized to prosecute the appeal accordingly & suggesting that in the first instance the question be referred to the Sudr Adalut whether the Pl. Sudr Ameen has jurisdiction in a suit to which the Collector is a party-

Rd. in Sec. Dept. 24th Dec. 1847

Sir,

With reference to the orders of Government dated 30th January last granting authority for the defence of Suit No 4 of 1846 on the file of the Principal Sudder Ameens Court of Tinnevelly, I am directed by the Board of Revenue to forward for the information and Orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of Tinnevelly dated 24th Ultimo forwarding Copy and translation of the decree passed by the Principal Sudder Ameen, in the Suit in question-

2- The Government are aware that this action was instituted by Shaik Mahomed Sahib for the recovery of a share and its net profits for Fasly 1255 of the Village of Kylasapory, alleged by the Plaintiff to have been purchased by him of its proprietors, but which was ajourned by the Collector, under the provisions of Regulation VII of 1817 on the plea that it had been alienated by the owners, for the support of the Choultry of Singecolum-

From the decree forwarded by Mr. Elton

3- it

which short interval I have to get it translated, sent to Madras to the Board of Revenue, and to receive their answer, perhaps involving a reference to Government- Under these circumstances I beg you will inform me whether the time for appealing cannot be extended, in which event I shall apply to the Principal Sudr Ameens Court for the same, and if not, whether the above delay of 8 days in furnishing the copy of the decree, which rests with the Court, should not at least be added to the Appeal time-

Tinnevelly, 20th November 1847. } Signed F. B. Elton Acting Collector.

No 4.-

To F. B. Elton Esqre Collector of Tinnevelly.

Sir,

In reply to your letter of the 20th Instant I have the honor to inform you that act No 35 of 1837 does not apply to the Courts of the Native Judges, but parties are permitted to prefer an appeal after the expiration of the period limited by Law, and it is competent to me to admit the appeal provided you can shew just and reasonable Cause for not having preferred it within the prescribed time- The Principal Sudr Ameen will however be required to explain the Cause of the delay in furnishing you with a copy of the Decree in the Suit to which your letter refers-

Tinnevelly Zillah Court, 23d November 1847 } Signed W. Douglas Civil Judge-

it will be observed that the Court has decreed in favor of the Plaintiff. The Acting Collector has been directed to return to him 2/3ds of the Village in question, and to pay the Costs of the action, Amounting to Rupees 90-13-0. The Plaintiff has also been authorized to take possession of the disputed produce and that derivable between the date of the decree and its execution.-

4- Against this decision Mr. Elton solicits permission to appeal as the reasons contained therein, do not appear to him to be conclusive; and the point at issue being very important. He states that he is not prepared to advance any further evidence, but he relies on the facts already adduced as being sufficient to prove the alienation. He thinks also that higher legal opinion is necessary for the due protection of the interests of the Circuit, and he therefore urges the prosecution of the appeal at the expense of the institution

5- Mr. Elton has not submitted draft of his proposed appeal plaint, but this seems unnecessary as he has no fresh evidence

evidence to adduce and his arguments will be based chiefly on the facts contained in the defence of the last suit.

6- The Board concur in opinion with the Acting Collector as to the propriety of the proposed appeal and they therefore beg to recommend that he be authorized to prosecute it at the expense of the Circuit, the funds of which should bear the costs that may be adjudged against the Officers of Government in both suits.

7- The Board deem this a proper opportunity for expressing a doubt which they have lately entertained whether a Principal Sudder Ameen has jurisdiction in suits to which the Collector is a party. The Board can discover no enactment which confers such jurisdiction and if as they conceive it has been hitherto exercised illegally, an additional ground of appeal from the decree under consideration is afforded. But as this is a matter of considerable importance as having a general bearing on the received course of judicial procedure they would suggest that the question should in the first

first instance be referred to the Court of Sudder Udalut.

information on the system of obtaining securities from Public Servants in this District together with a Memorandum shewing the various description of Officials from whom security is taken and to what amount.

receipt of the Board's Circular dated the 20th August last requiring information on the system of obtaining securities from Public servants in this District.

II A Memorandum containing the specification of various description of Officers from whom security is taken in the Districts is forwarded.

III. The amount of security demanded is regulated with reference to the extent of responsibility attaching to the Officer on whom the requisition is made and not to the amount of salary, this course having been followed both by my Predecessors and myself for several years past.

IV. The securities are called upon to pledge immoveable Property to Government equivalent in value to the amount in which they are bound, and also to make good the sums which the Officer, on whose behalf they become Securities, is proved to have misappropriated or made away with.

V. Independent of the servants enumerated in the Memorandum above adverted

Fort St. George. 16th December 1847.

adverted to, no security is demanded from others Viz.t Serishtadars Goomastahs. English Writers or Moonshees and as neither does it appear to me expedient to interfere now with this long established practice.

VI. I am unable to obtain any correct information, with reference to the requisition of the Board contained in para.h 2 of the circular under acknowledgement. I believe, however, that no specific terms are observed in the procurement of securities; the integrity and popularity of the Officer, being all that is required to induce the Rycts or Merchants to become bound for him encouraged also by the fact that the securities have never been called upon to make good any defalcation in the revenue on the part of the Public servants during the last 20 years.
