Reporting on the Statements contained

I am directed by the Board of Revenue to acknowledge the

the receipt of the Extract Minutes of Consultation dated the 26th August last calling upon the Board to furnish a report upon the Statements contained in a Memorial therewith transmitted and addressed to the Honorable Court of Directors by V. Kanakaudre Deetchatoolo late Head Muddatgar of the Sheristah Department in the Cutcherry of the Collector of Masulipatam.-

2 In the first 16 paras of the address in question the Memorialists remarks are principally confined to the discussion of an alleged error in the adjustment of the accounts of the Davaracottah Zemindary, and he attempts to shew that by the course pursued by the local authorities a loss exceeding in amount one lac of Rupees was entailed upon Government, and he wishes it to be at the same time understood that for his personal exertion to rectify, and check the mistake he had been removed from his situation through the instigation of the Head Sheristadar of the

the District who he alleges was directly interested in swelling the amount of remissions granted to the Proprietor of that Estate.

3 As the readiest method of exhibiting the grounds of the Memorialists removal from the Office he lately occupied as well as the facts of the case in respect of the circumstances connected with the Settlement of the accounts referred to, the Board directed me to lay before Government the annexed correspondence with the Collector of Masulipatam from which it will be seen that the Supreme Government did not confirm the reductions recommended from this Office calculated on the principles of the Permanent Settlement, but directed that the whole estimated value of the Durbary Marchalos from the time of its abolition less 10 per Cent the expence of collection should be granted to the Zemindar instead of a reduction of $\frac{2}{3}$rds of the amount only as recommended by the Board of Revenue. It will also be observed that the mode by which the dues of Government were calculated and the actual amount remitted was in strict accordance with the instructions issued for the

the Collectors guidance and which as observed by Mr Porter "were so clear and explicit that there was nothing left to the discretion either of the Sheristadar or Collector." It may further be remarked that the final arrangement carried out by the District authorities in pursuance of the orders issued by the Supreme Government, were laid before the Most Noble the Governor in Council in the correspondence noted aside, and on the recommendation of the Board were approved and confirmed by Government.—And subsequently the Honorable Court likewise in their Despatch dated 17th March last. under date 14th December 1846 from which it will be observed that the Memorialist, influenced apparently by feelings of disappointment arising out of a supposed supercession of his claims to promotion had conducted himself generally in so contumacious and insubordinate a manner, both to the Head Sheristadar, and to the Collector himself as to render his dismissal a measure of necessity.

Para 17 5. In the 17th Para of the Petition the Memorialist represents that the Annual Management which formerly obtained in the District of Masulipatam had been superceded by the renting system through the instrumentality of the Head Sheristadar (who he alleges influenced the Collector to advocate such alteration) in consequence of the greater facilities for fraud thereby presented to himself and other public servants.

6 In advertence to this subject the Board beg to solicit the attention of Government to the correspondence quoted in the Margin.

They observe that when impressing

impressing on the Collector of Masulipatam the great importance of abandoning the Annual system whenever it could be done they laid it down as a general rule that it was not their wish that rents should be contracted for lengthened periods but that they should be restricted to one year and in all cases where practicable with the Villagers themselves. The Collector however having reported that he had entered into engagements for the disposal of the Villages in various parts of his District during Fasly 1253. for periods varying from 3 to 5 years the Board pointed out that such lengthened terms were opposed to the Spirit of their instructions and requested Mr Porter to revise the arrangements which he had made by entering into agreements with the Ryots themselves individually to take up land on progressive annual rents each to the extent of his holding for the next 3 and 5 years. The Collector in reply stated that he was constrained to confess that the instructions of the Board could not be carried into effect on that occasion without involving considerable

considerable loss of Revenue and occasioning much confusion. Under these circumstances and as the course admitted of no alternative the Board confirmed the original rents on the terms and conditions attached to them subject to any revision of the assessment which might be subsequently made.

8. With reference to the Statements in the 19th Para of the address to the Honorable the Court of Directors advanced by the Memorialist on the subject of the depreciation in the rents of certain Villages in the Daveracottah Estate by which a loss of about 15,000 Rupees is represented to have occurred thro the alleged fraudulent connivance of the present Head Sheristadar the Board desire to place before Government an Extract from their Proceedings on the occasion of their issuing their final instructions on this subject which will shew that the Memorialists imputations are probably advanced without a knowledge of the circumstances connected with the facts of the case. The Board's remarks are in these words. "It now however appears from the detailed explanations submitted by Mr. Porter that from the present low prices of agricultural produce and the difficulties attending the introduction of the renting

renting system where the Ryots have so recently profited by the opportunities of fraud and concealment afforded by an occasional Annamy Management no higher offers than those already forwarded can be obtained for the six Villages alluded to, and under these circumstances the Board authorize the Collector to lease them at the rents originally recommended."

9 The Board will briefly advert to the Statements advanced in Para 20 relative to the Vennacottah and Goodewadah Purgunahs the demand upon which the Memorialist desires to represent as having been fixed below the capabilities of the property by the Head Sheristadar in concert with the late Proprietor, notwithstanding that the sources of irrigation had been recently placed in efficient repair at a considerable outlay, and that the two Villages of Coutram and Dokeepurroo had likewise been much under assessed, the purpose of such combination being to effect a reduction in the Peishcush of that property which it may be remarked has since reverted to Government by purchase.

In

laid before Government 5th Novr 1845

10 In their Proceedings under date the 30th October 1845 the Board entered into a review of the general condition and resources of these Estates which renders it unnecessary on this occasion to revert in detail to the history of the property up to that date. The great deterioration however in the revenue of the Zemindary was not in the opinion of the Board or Government considered to be satisfactorily accounted for under the circumstances then represented especially in reference to the outlay made on account of works of irrigation and Government in Para 7 Extract Minutes Consultation 28th April 1846 directed that a searching investigation should be made as to the causes which affected its prosperity. Agreeably to these instructions the Collector was called upon to furnish the requisite detailed information but the absence of that Officer from his district has hitherto delayed the final consideration of the question Mr Porter however having resumed his duties the Board have directed him to expedite the transmission of the required report.

In Cons 18th May 1846.

11 In the Settlement of the Government Estates for Fusly 1255 the Collector reported

From Colr 28th Novr in Cons 24th Decr 1846.

reported that the rents of the Village of Coutram to which the Memorialist draws attention as having been under assessed had been augmented under circumstances which were fully explained in the Boards Proceedings dated the 22nd April last and laid before Government on the 24th of that Month.

12 It now only remains for the Board to notice the Statements contained in the 21st Para of the Memorial on the subject of the Weyeor and Madoor Purgunahs in which the Petitioner represents the Sheristadar as having instigated the Ryots to prefer complaints of over assessment in order to profit by a reduction in the rents fixed by the Zemindar.

13 The circumstances under which the attachment of this property became advisable and the causes which rendered it expedient to introduce modified rents are fully detailed in the Collectors report dated 7th July 1846 and in the Boards Proceedings thereon which were laid before Government 7th September following a reference to which correspondence will shew that the reduction was made after due and careful enquiry and with the full concurrence and knowledge of the Zemindar and it will also be

In Cons 27th July 1846 Paras 115 to 121 & 3rd Sept 1846 Para 12

be observed that the result of the revised Settlement was considered to be of the most satisfactory character.

14. The Board in conclusion desire me to state that in the foregoing review of the several Statements contained in the Memorial transmitted for their remarks they have confined their observations to those points chiefly upon which the records of their Office furnished information and have not considered it necessary to call for further explanation from the local authorities.

Relative to the Settlement of the Zemindary of Vizianagaram situated in the Districts of Vizagapatam for Fasly 1255 / 1845/46.

(Here enter 23rd Septr 1847 No 4408)

Para 1. The season of 1255 reported by

3

Commencing observations and orders on the Board's Proceedings relative to the Settlement of [illegible]

of the Zemindary of Vizianagaram in the Vizagapatam District for Fasly 1255

by the Agent as peculiarly unfavorable and following one so calamitous as that preceding greatly diminished the resources of the Zemindary impoverished the ryot, and led in some instances to extensive emigration and desertion of the Villages.

2. The Aabady or Settlement of land given for cultivation was nearly equal to that of the preceding year, but the State of the season rendered large remissions requisite both for lands left waste and for loss of produce, and these amounting to Rupees 237574 reduced the actual demand at the Settlement to Rupees 629460. These remissions appear as the Board observe very large even after making allowances for the character of the season. They bear a Percentage of no less than 41 on the ryotwar portion of the Settlement, but to this large amount there would have been no objection had it been in any way shewn that they were granted where alone they were called for, on the contrary no examination or check of the proceedings of the Talook Servants seems to have been attempted, their Estimates of loss of produce

more

were accepted without enquiry, and there is every Reason for doubting the accuracy of the accounts rendered. This Settlement is stated to have been made, and all the remissions regulated by the late Agent Mr. W. H. Arbuthnot.—

3. Mr. Smollett the present Agent strongly deprecates the mode of Settlement hitherto existing which would appear to have been wholly formed on Estimates of produce, this system Mr. Smollett rightly says must be abandoned; and the Board have approved of that he proposes to substitute instead of it.—

Para 5

4. The Board of Revenue in their proceedings of the 11th October now under consideration of Government appear to infer from the reports lately received from the Agent, the present being particularly alluded to as one that the experience of Mr. Smollett on the subject of Rents has undergone some change. It is not so they say in the 12th Para. of that communication "to find that the previous Collector, hitherto a Lauded Administrator of Rents and an uncompromising opposer of Individual Settlements has at length

admitted the soundness of the policy supported by the superintending authorities and that he has in his latest communications reported his adoption of the line of proceeding so often prescribed by this Office." If as the Board suppose, Mr. Smollett has modified his views in this respect it would be desirable that the Government should be made fully acquainted with his sentiments and with the grounds which may have induced to such alteration of opinion and the Most Noble the Governor in Council requests the Board of Revenue will apply to Mr. Smollett to explain if his experience has led him to prefer the Ryotwary Settlement he now desires to carry out to the Settlement by Rents which he formerly advocated.—

5. Including the rent from Agrahrams, Shrotriems and other Minor items of Land Revenue, as well as Moturpha, the total Settlement for Fusly 1255, amounted to Rupees 680638 being below the preceding Fusly in Rupees 97517- The Collections amounted to Rupees 628598, leaving a balance at the close of Fusly 1255 of Rupees 52039; including arrears they amounted to Rupees 645360-6-5 being Rupees 30303-13-14 below the gross Collections

of

Fort St. George 20th December 1847

of Fusly 1254.

6. By the adjustment of the accounts as explained by the Collector a balance of Peishcush for Fusly 1255 to the amount of Rupees 185,000 stands against the Estate which it is reported will be recovered in Fusly 1256.

7. The Vezianagrum Zemmindary has now been managed by the Government Officers for the benefit of the absent zemindar for a long course of years. The Government have frequently urged on the late and after his death on the present zemindar the propriety and expediency of his return to his country to take possession of his Estate, and periods have been named for the Government being relieved of the charge. It was fully expected the Zemmindar would have assumed charge of his property at the termination of Fusly 1256 but another Fusly is considerably advanced and the arrival of the Zemmindar has not been reported. The Most Noble the Governor in Council desires the Board will ascertain what arrangements the Zemmindar has made for the continuance of his journey from

Fort St. George 20th December 1847

from Calcutta which it was reported he would reach about the 5th of August and where it was understood he would not remain beyond a Week or 10 days at the utmost, and they will cause intimation to be made to the Zemmindar of the determination of Government to adhere to the resolution expressed in the Extract of Minutes of Consultation of the dates noted in the Margin and to enforce if necessary obedience on the part of the Zemmindar to their repeated Orders and to the instructions of the Honorable Court of Directors by prohibiting the remittance to him of any allowance for his support while absent from Vizianagrum.—

Relative to the Settlement of Land Revenue in the District of Tinnevelly for Fusly 1255.

/Rec'd enter 27 Sept. 1847 No. 455/

Fusly 12.55 A.D. 1845/46

The season of Fusly 1255 in the District of Tinnevelly appears from the Report of the Acting Collector to have been favorable for both the early and late wet crops, as well as for the Dry cultivation; the results were increased cultivation, increased remission, and aided by prices a larger Amount of Revenue than in the preceding year.—

2. The cultivation under the different heads of wet land, is shewn in the Margin to be in excess of Fusly 1254 in 9582 Cotahs, and in Dry land 8575 Chams, the increase of

of Revenue consequent thereon is 16,119 Rupees in Wet and 15134 in Dry Inclusive of Jopes Palmira trees, &c the gross Settlement amounted to Rupees 2056913 being Rupees 17775 above Fasly 1254. The remission for drought and short produce was for the year Rupees 94248 or Rupees 23534 below Fasly 1254; this and other usual deductions reduced the Settlement of the land Revenue of Fasly 1255 to Rupees 1912573-5-6.

increase of Rupees 200443-2-6.

3. The total net Settlement of all sources of land revenue, Viz. Peishcush on Zemindaries, Quit rent on Shotrium Villages, Kist rent, &c and inclusive of Deposits which comprize the Tirpany and Chettrum Funds, amounted to Rupees

4. The Collections within Fasly 1255 amounted to Rupees 2301094-15-9 leaving a balance of Rs 22346-8-10 which was reduced by subsequent Collections to Rupees 3868-9-5 to the close of July 1847.

The

5. The Most Noble the Governor in Council agrees with the Board that the management of the District of Tinnevelly for the year under report has been successful and is creditable to the Officers concerned and He is gratified to observe that while the Revenue of Fasly 1255 is the highest on record and the balances the lowest the Ryots have had their due share of profit and "universally expressed contentment."

6. The only further point in the Proceedings of the Board calling for any notice is that adverted to in paras 11 and 15 the Assessment of a second Crop on lands rated as one crop land. If as it would seem from the exposition of the Board that the privilege of half Teerwah tends to a diminution of the full taxed lands in the ordinary occupation of the Ryots, His Lordship in Council thinks that some restrictive provision is called for and the proposed addition to the Mookumma: mah would seem judicious, and well calculated to make the concession apply as intended. Viz. That the usual two Crop lands that is land paying full Teerwah for the second Crop as well as for the first, shall be wholly cultivated with two Crops, and

"and consequently pay full Seerwah upon "both before a Ryot is entitled to the indulgence of half Seerwah on any second Crop: of one Crop land".

7. The Government remark Mr. Parker's acknowledgments of the services of Messrs. Elton and Levinge and record with satisfaction the testimony borne by the Acting Collector to the benefit the Tinnevelly District has derived from the unremitting attention paid to the sources of irrigation by the Civil Engineer Captain Horsley.

Requesting permission of the Board to attach and dispose of for the recovery of arrears of Revenue certain Puttah lands held by one Vencata Ramareddy inhabitant of Pedadoorty in the Comalapoor Talook agreeably to the Provisions of Section I. VII Regulation I of 1803.

Para 1. I have the honor to request the permission of the Board of Revenue to attach and dispose of, for the recovery of arrears of Revenue certain Puttah lands held by one Vencata Ramareddy Inhabitant of Pedadoorty in the Comalapoor Talook agreeably to the Provisions of Section I. VII Regulation I of 1803, and under the following circumstances

2 The holdings of the defaulting Proprietor in Fasly 1253 / 1843/44 amounted to Rupees 156-2-4 of which Rupees 6-4-6 were only collected for that year, and for the remainder Viz. Rs 149-13-10 he fell in arrears For Fasly 1256 / 1845/47 the towards assessment due on his lands amounted to Rupees 190-13-0 In this Fasly Rupees 145-11-1 were collected by the distraint and sale of his Property and a balance remained against him for Fasly 1255 / 1845/46 of Rupees 4-2-9 and arrears also for the whole amount due by him for

3 For the Current Fasly the Proprietor has Cultivated only a portion of his lands amounting to Rupees 90 and has left the remainder Unzur- He has not the means of Cultivating the whole extent of land as entered in his Puttah &c and Cannot be induced to Surrender any portion of it to others, from whom if he did so to the dues of Government would not be re- -alized on the same. To withhold Remission from him by making him liable for Rent for "Waste" under the Head of "Gyre Moozra" would under existing circumstances be unnecessary. I have therefore no alternative but to recommend that the lands of the defaulting Proprietor be attached and sold in satisfaction of arrears of Revenue and with a view also to the dues of Government being realized thereon hereafter.-

Sir,

I Adverting to your letter dated the 15th Instant, from which I regret to observe that I have unconsciously failed in the submission to the Board, of certain periodical Reports, I beg permission to request the Board will allow me to be furnished with a Memorandum shewing what Reports and Returns are required, annually Half yearly, Quarterly and monthly, as the English Department attached to the agency is wholly insufficient for any other purpose than the mere transcription of letters, and Myself, from having been so long in the Judicial Department, and not having here at my disposal any Revenue records of a date earlier than 1840, am unable from my own reading to acquire the knowledge necessary to

From Agent to Bd. 25th June 1846
From Board to Agent 27th July ——

2. The Petitioner's revival of the subject seems based mainly on the fact that certain witnesses can now be produced exceeding in number those formerly brought to Mr Scotts notice and whom Mr Scott refused to examine.

3. No new facts are brought to bear upon the claim, which is one, I submit, that requires for its substantiation not oral evidence of which any quantity may be got without difficulty but good clear and unsuspicious documentary proofs.

4. Had it been my duty to report to your Board in the 1st Instance on this matter I should so far have differed with the late Agent that I would have recommended the immediate dispossession of the present holder of the Enam who, in my opinion has no right to it from family descent, or on any other ground, but as he has been allowed to enjoy it until death, any remarks on that point would be

be out of place.

3. I find that on a former occasion a Memorandum of this description was forwarded to the Agency, but I did not observe it whilst perusing my Office records which is accounted for by the fact that since the receipt of your communication under reply I have ascertained that it remained in the Hands of the Seriahta dar Rayapully Row who, on his departure to Tanjore on sick Certificate, made it over with a bundle of other papers to the Head Account sant with whom unknown to me, it was when I wrote my letter of the 20th instant requesting a Memorandum of that nature. However as it is possible that Returns other than those therein mentioned may now be required periodically, I beg I may be furnished with a fresh one.

Sir,

From the Collector of Salem. — I have the honor to transmit a copy of the Decree passed in favor of the Circar in the Original suit No. 71 of 1845 of the file of the subordinate Court of Salem, the last paragraph of which states that it is however "to be understood that the Compensation offered by the "Collector as noticed in his answer and in Para 1 of the "Extract from the Proceedings of the Board will be "allowed to the Plaintiff as formerly proposed if on "further consideration he should think proper to "accept of it"

Transmits copy of a Decree passed in favor of the Circar in the Original suit No. 71 of 1845 and requesting the Sanction of the Board to pay the amount of Expenses 42-15-0 laid out by the Plaintiff in sinking a Well.

The Plaintiff did not appeal against the Decree in question and the time allowed for making an appeal has also expired. He now will accept of a Spot of Pedogam land which is to be selected by himself as proposed to him before in lieu of the land which formed the subject of the suit in question. It will be given to him agreeably to the Board's Sanction conveyed in Para 1 of their Proceedings under date the 13th August 1846 at which it appears to me after compensation has been offered and refused extrajudicial in the Court to make such a Stipulation in the Decree.

The expenditure incurred by the Plaintiff in sinking a Well on the land upon which he

he was deprived agreeably to the Tahildars Estimate amounts to Rupees 72 15 - the Plaintiff says that it Cost him more, but he is willing to receive the estimated amount Rupees 72 15 - Therefore request the Boards Sanction for paying him that Sum -

Original Suit No 71 of 1845

Plaintiff

Sellum bagoundan

by Vakeel Rungachary

Defendant

W. E. Lockhart Esqr

Collector of Salem

by Government Vakeel

Syed abdool Wajeed

This Suit is instituted in order to set aside a decision passed by the Collector under date 18 June 1845 by which the Plaintiff is prohibited from cultivating in future two pieces of Mulgunjy Punjah land situated in the bed of the alattoor tank in the Village of Pittaumm in the Talook of Poonamallee measuring acres 10 - 7 and assessed at a Jeroah of Rupees 34 - 4 - 7 and No 163 measuring acres 3 - 38 - 1 and assessed at a Jeroah of Rupees 1 - 8 - 9 these lands are described as yielding annual produce to the value of Rupees 53. The Plaintiff also requests that

that the order of the Collector imposing upon him a fine of Rupees 20 on account of damages said to have been sustained by the Government in consequence of his cultivation of the lands may be cancelled by the Court

The Plaintiff states that he obtained the permission of the Revenue authorities to cultivate the above lands in the usual way in Fasly 1241 (A. D. 1831, 2), that he has been at great expense in improving the land, and sinking a Well and that he has cultivated the land without molestation since the above mentioned year

The Collector admits in his answer that the Plaintiff has been for many years in the possession of the land, but states that in the year 1842 the Ryots of the Village complained that the earth from Plaintiffs land was in consequence of its cultivation washed by the rains into the Tank by which the latter was partially filled and their Cultivation injured that Plaintiff consequently was directed to give up the land but that he has persisted in continuing to cultivate it notwithstanding repeated orders to the contrary. The Defendant urges that the land being situated in the bed of the Tank is considered as Village Poramboke and that the Collector has the power of withholding permission to cultivate such lands, in cases in which it may appear that the Tank will be injured by parties so doing. The Collector further alleges that the Plaintiff has been offered any waste land existed which he may prefer together

Fort St. George 20th December 1847

together with a reasonable compensation for the expenses incurred by him in digging the wall and for permission to use the ground in dispute as pasture land, notwithstanding which he remains dissatisfied, and that he (the Collector) is willing to withdraw the order imposing a fine upon the Plaintiff.

The Points recorded for proof by the parties correspond with the substance of the Pleadings as given above.

The Defendant filed one Document being an Extract from the Proceedings of the Board of Revenue dated 15th August 1816.

Three witnesses were examined for the Plaintiff for 1st Mootagoundan 2nd Nullagoundan 3rd Comara goundan, and three for the Defendant 1st Chetty goundan 2nd Rungiah goundan 3rd Jesavanda Row, Talook Gomastah, the last mentioned witness produced several Pakeeds and Extracts from the Pakram Book Cist of disputed Revenue cases, and Jammabundy accounts relating to the case.

With regard to the points at issue in this case the Subordinate Judge is of opinion that the Collector as being answerable for the efficiency of the Tanks in his District and for the proper arrangement of the Cultivation must be allowed to exercise the powers which it may appear necessary for preventing the cultivation of such lands as are within the limits

Fort St. George 20th December 1847

limits of the beds of Tanks as is the case with that now in dispute, the circumstance of the latter being entered in the Survey accounts as being of the class (Gayaroloy) sufficiently shows that it was considered public property, and the Plaintiff therefore cannot be held as possessing an indefeasible right although he may have been permitted to occupy it for some years. It appears from the evidence that not only the present Collector but also the late Collector Mr. Greig and the Sub Collector Mr. Britt when in charge have been of opinion that the cultivation of the land is improper and should be discontinued in future.

Considering that the Wells appear to have been dug on the land without the usual permission, the Subordinate Judge thinks that the terms offered by the Collector must be looked upon as sufficiently liberal, and that the Plaintiff therefore had no just grounds for persevering in the present action.

The Subordinate Judge accordingly dismissed the claim of Plaintiff with costs.

It is however to be understood that the compensation offered by the Collector as instanced in his answer and in part of the Extract from the Proceedings of the Board will be allowed to the Plaintiff as formerly proposed

if

Fort St. George 20th December 1847

if on further consideration he should think proper to accept of it and that the fine above referred to will also be remitted—

Sir,

In consequence of the receipt of a copy of an Extract from the Minutes of Consultation this Brigadier Cleveland commanding Trichinopoly making over to the Military Authorities the Government Garden and house at Vernier near Trangambar up to this time occupied as a Talook Cutcherry. I have the honor to request the instructions of the Board for my guidance with reference to the rent of a building for the use of the Talook Establishment as a temporary measure. I am also of opinion that a place within the Fort wherein to locate them, even if it were expedient that the Cutcherry should there be held and to secure a suitable house at Vernier or elsewhere. I request the sanction of the Board for the Monthly outlay of 10 Rupees tho' it is probable a lower rent may be secured. I have also to request that the Civil Engineer may be instructed to estimate and plan a new building for the occupancy of the Talook Establishment.

Sir,

In acknowledging the receipt of the Extract from the Proceedings of the Board of Revenue dated the 1st Instant I have the honor to Report on the subject of petition № 1907 of 1841 with reference to the Endorsement on petition № 1707 of 1839 It appears the Petitioner deserted his lands and went on a pilgrimage in 1237 leaving in arrears the Rents of many months in the year besides a balance of Rupees 244 14 11 due by him which was recovered in 1238 by the sale of his house and by keeping his lands under Sirkar management Inspite the Meeras Varum of the produce In Fasslies 39 and 40 they were rented to one Ramasamy Pillay and the Circar demand for those years as well as a remainder on payment of outstanding balance was secured from the Meeras warum In the years 1241 and 42 the Rents of these lands fell considerably, and were only sufficient to meet the Government demand on them, no Meeras warum accruing From 1236 to 45 they were left in the possession of Petitioners brother, who asserted his title as a near relation to occupy the land-

land in the absence of the owner, who afterwards resumed profession on his return in 1246. Regarding the extent of land which Petitioner states he should have received from the Circar, it appears that 6 Vals 10 and odd of petitioners land were taken charge of by the Circar Officers in his absence, and the same quantity restored on his return, he however lays claim to 18 Vales of land, being half the extent of 2 Villages which he and his Copartner Ramasamy Pillay had jointly purchased, and half of which only it appears by an agreement between the parties he is entitled, the Standard extent of the land as entered in the Circar accounts being 31 Vals and odd. The Jodian by Petitioner as in the profession of Ramasamy Pillay whom he ought to sue in the Civil Court as the Collector cannot dispossess the latter after an occupation of 17 years.

The claim for payment as Puttamongar was disallowed in 1246 the year of this assessment, the only other Meerassdar in the Village besides Petitioner having paid his Rent directly to the Talook Cutcherry. In 1247 he was fined, in 48 he neglected his duty, and absented himself for 18 Months without leave, and was dismissed.

Sir,

I have the honor to report on the Petition No. 1115 of 1847 as called for by the Board's Endorsement

Petitioners call attention to the Endorsement of Petition No. 1516 of 1846 which represents as the cause of their removal from Office, their having thrown impediments in the way of the renting of their Village, stating that as their Village was a Puttadaul there could be no reason for renting the same on a further reference to the Sub Collector he explains that in Fasly 1255, on account of some complaints that in Fasly 1255, on account of some Famine in the Crops, objections were made to the payment of the rents by the Meerassdars of the Village, the lands of which are assessed under the head of Crop Bung, but that subsequently to some of the ryots agreed to cut their Crop, and pay the regular assessment, & would have done so had it not been for the interference & persuasion to the contrary on the part of Petitioners. The crops in consequence were cut under the Circar Superintendance

From the Collr of Tanjore — Sir,

Reporting in certain Petitions regarding the complaint against the Tahsildar of Combaconum —

Para 1. With reference to the concluding para of my letter of the 6th Instant I have the honor to state that the Petition No 1803 alluded to as not having been found and the party called up for examination — a deposition has been given on oath by Ramachundrien of Tramundagody declaring that the Petition has not been written, signed or sent by him, and that he has no Complaint to make against the Tahsildar of Combaconum —

Fort St. George 21st December 1847

2 I have further the honor to report on two Petitions received subsequent to those returned with my former Letter —

3 Petition No 1836 from Ramyangar of Combaconum encloses a letter purporting to be an answer to one from the brother of the writer a Peshcar in the Sub-Division recommending him not to meddle with the Petitioner regarding the Sheristadar. The letter enclosed in the Petition under reference recapitulates all the particulars contained in that to which it purports to be an answer the main point bearing against the Tahsildar at whose instigation it goes to show a Petition was written against the Sheristadar. The manner in which the letter is said to have come into the hands of Petitioner as well as the contents is very suspicious i.e. that the finder should happen to borrow the Peshcars Namah Tee and find therein a document so important to the Peshcar, and altho connected with an affair with which the finder had no concern or interest as he states, he forwards it to the Board from a sense of public duty. The signature to the Petition is merely Combaconum Ramangar and on sending a Summons for his appearance upwards of 20 answered to the name, but all denied any knowledge of the Petition addressed to the Board, and unless the Petitioner appear personally further enquiry into the truth or otherwise of his statements

Cannot

Fort St. George 20th December 1847.

Cannot be made.

4. Petition No. 1887 from Vadamaly Pilly accuses the Tahsildar of robbing him and taking from him 200 Rupees to be saved from transmission to the Court. Petitioner also insinuates that the Tahsildar by ill treatment caused the death of two people who were up before him and quashing by his influence all enquiry. On sending for Petitioner it is reported from the Village, that he has been absent for 2 years, and is supposed to be in Madras. I have been consequently unable to examine the charges set forth in the Petition, one of which there can be no hesitation in pronouncing false i.e. that accusing the Tahsildar of causing the death of two persons who had been before him for examination.

5. Since the despatch of my former letter I have received depositions taken on oath by the Sub Collector at my request from the Head Men of four Villages in the Combaconum Taluck, and as my request was made in a private note and immediately carried into effect there could have been no opportunity for the Tahsildar to prompt the parties called on for evidence, who one and all declare on oath that they never paid any sum to the Tahsildar per Valey, as stated in

Fort St. George 20th December 1847.

Sir,

From the Collr. of Tanjore sending a Statement shewing the Stamp Demand and charges in his District.

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 28th October accompanied by Copy of a Letter from the Superintendent of Stamps referring to the charges in this department in Tanjore and recommending that in lieu of the present arrangement by which 3% is paid to the Venders and a Separate allowance to the Hoozoor Establishment the latter should be abolished, and 5% paid to the Venders till further Orders as allowed by the Regulations

On referring to the Sales of Stamps and Charges of the department during the last 5 Years I find that on an average the charges on account of Establishment have exceeded the sum which at 5% would have been available by nearly Rupees 300 per Annum, and as the duties of the department are considerably

considerably lightened by the abolition of the Sayer papers, I see no objection to a reduction being made in the Salary of the Sibendies, and would suggest that the Venders as heretofore receive 3% and the remainder 2% be made over to the Stamp Darogah and his Establishment.

The accompanying Statement will shew the average amount which will be thus payable to the different parties.

Proceedings thereon. From the foregoing Statement it appears that the allowance granted for lighting and performing the ceremonies of the Mosque of Khano-Meah at Tinnevelly has not been disbursed for the last 6½ years and that the party to whom the allowance in arrears for that period is now recommended to be paid is a female and a resident of Trichinopoly. The acting Collector will be pleased to explain whether the services of the Mosque have been properly performed during the long period, and if so, by whom, and from what source the expenses of the same were defrayed. He should also ascertain and report what arrangements Cunneebeebee has made for the due performance of the Mosque's service in future.

In the second case also the allowance has not been drawn for the space of 4½ years. Under the explanation of the acting Collector however the Board will recommend the payment of the allowance on this occasion, but he is requested to warn Syed Zalabdeen not to allow the yearly allowance again to fall in arrears.

From the Actg. Collr. of Tinnevelly herewith returned.

Sir

In reporting on Board Petitions [illegible] of 1847 in conformity with the Endorsements thereon

1608 Fort St. George 20th December 1847.

thereon I have the honor to state that the remission of 3/4th Tarwa herein referred to is that granted by the Board under date 22d February 1847 and can apply only to very late Cultivation raised subsequent to the 4th of March the date of the orders to the Tuloks a period altogether beyond the regular cultivating Season. Neither can it be ascertained how much land would have been left waste but for the remission in question. Under these circumstances it seems fair that Petitioners Evans should be deducted only on the diminished rate at which the Government Assessment was made on this late Cultivation. As regards land previously cultivated, if there be any that escaped the drought they would of course be deducted at the usual full rate.

Resolution thereon.

Resolved that the Acting Collector be directed to dispose of the petition referred to in the foregoing letter.

Ordered that the following Endorsement be recorded on Petitioner No. 1173 of 1847.

From the Principal Collector of Coimbatore

Submits the report called for by the Board of Revenue under date the 26th June 1845 regarding the abrogation of the Cowle granted to Rungavuttachary for his garden Land in the Village of Gunnaputty and recommends that 1/5th remission may be granted to the Sons of the Complainant Rungavuttachary who is since deceased.

1. I have now the honor to acknowledge the receipt of the Board's letter of the 26th June 1845 requiring a Special Report in respect to the Cowle granted to Rungavuttachary of Gunnaputty in the Coimbatore Talook stating whether from the nature of the land such an indulgence was originally required, and if there seems reason to suppose that the Cowle holder has expended a considerable sum in the improvement of the land, whether he may be supposed to have reimbursed himself during the 18 years for which he has held the Cowle - whether further indulgence as would seem to be required, and if so, to what Extent.-

2 The land for which the Cowle was granted Amounts to 4.11.10 Bullahs assessed at Rupees 63-9-6. The Cause assigned for this indulgence is stated to have been the inferiority of

16410 Fort St. George 20th December 1847.

of soil. With a view to ascertain this a Gomastah was deputed from my Office and from his inspection in Company with the Village Servants and respectable Ryots it appears that nearly One third of the land or Bullahs 1.7.6 is of a Superior quality and the result Kallar or impregnated with Soda and unproductive a portion of it assessed at Rupees 27-5-2 not having been cultivated for many years past.

3. The estimated Capital sunk by the Petitioner on this land is given at about 270 Rupees, and from what has transpired in the enquiry it does not appear that the Cultivator has fully reimbursed himself for his trouble and outlay In Consequence of 2/3rds or thereabout of this land holding having been unprofitable I am of opinion that the case is worthy of favorable Consideration and would therefore Suggest that a remission of 1/5th of the Assessment be allowed to the Sons of the Petitioner who died some months previously whether the land be cultivated by themselves or otherwise.-

4 The report called for in para 4 of the letter under reply will be furnished in due Course if required, but as almost all the Cowle lands have been charged with full rent without Complaint on the part of the Ryots I apprehend that any attempt

Fort St. George 20th December 1847.

attempt to review the former proceedings may perhaps be the means of awakening unnecessary Claims.-

5- The remission of 1/5th & 1/8th of the assessment is granted in the Suttamangalum Taloork on lands Cultivated by Bramens and Mussalmans themselves being the Cultivators of the Soil, as prescribed in para 34 of the Hoor Roomnamah sanctioned by the Board on the 1st April 1841

With reference to this precedent a similar remission was made in a Case in which the Cowle was abrogated, the Cowledar Cultivating the Ground with his own Stock.-

Proceedings thereon.

Sanctioning the remission of 1/5 of the Survey assessment on certain Cowle lands held by one Rungavittala Charry of Gunnapatty in the Coimbatore Taloork declining to accede to a further relaxation of the rules of the Hoor Roomnamah-

Proceedings 8th April 1840.

From the correspondence noted in the Margin it will be seen that a certain Cowle

was in 1823 granted by Mr. Sullivan the Principal Collector to Rungavittala Charry a ryot of Gunnapatty in the Coimbatore Taloork to Cultivate on half assessment certain Cowle land, but that the Cowle was cancelled under Orders from the Board in Fusly 1250. Having refused to accept the offer of a remission of one fifth of the assessment

Fort St. George 20th December 1847.

No. 1233 of 1844.

In Cons. 17th June 1841.

assessment he presented a Petition to the Board who called upon the Principal Collector to report specially on certain points connected with the subject. He was at the same time requested with reference to P. 36 of the Extracts Minutes of Consultation dated 29th May 1841 to report specially on the Cowles of his District.-

2 By the report now furnished it appears that the land for which the Cowle was granted amounts to 4 11/16 Bullahs assessed at Rupees 63-9-6, and the cause assigned for the levy of only half assessment for so long a period to have been the inferiority of the Soil. On examination it has been ascertained that about one third or Bul 1 7/16 is of a superior quality and the rest Kallar or impregnated with Soda and unproductive a portion assessed at Rupees 27-5-2 not having been under Cultivation for many years The estimated capital sunk on the land is stated to have been about 270 Rupees and from what has transpired in the Enquiry it does not appear that the Petitioner who is since dead, has been fully reimbursed and therefore Mr. Wroughton suggests that a remission of 1/10th of the assessment be allowed to the sons of the Petitioner

Petitioner whether the land is cultivated by themselves or not.

3 It is observed however that 18 years have elapsed since the Cowle was granted and with reference to the advantages enjoyed during that period the parties would seem to be sufficiently recompensed for the outlay above mentioned. The Board therefore Consider that in sanctioning the usual remission of 1/5th of the Survey Assessment when the lands are Cultivated by Petitioners themselves in accordance with the Hookumnamah of the District they have allowed as much indulgence as Petitioners could reasonably expect, and they decline accordingly to accede to a further relaxation of the Rules.

4 The Board observe that the subject of permanent Cowles was finally discussed in extenso in Minutes of Consultation under date 20th September 1845 and they consider therefore any further report from Mr. Vaughton unnecessary.

Sir,

I have the honor to forward Extracts from the retrenchments of the Civil Auditor from the Accounts of this Office for Fasties 1252 1253 and 1254 together with a Statement of Charges incurred on account of the Neilgherry Jalook Establishment amounting to Company's Rupees 11.35.10 Only thus

Thirty five Anna One and Three Pen for which

I request the special sanction of Government may be obtained to enable the Civil Auditor to pass the same.

2. In explanation of the cause of this retrenchment I would state that the standard Amount for the Neilgherry Jalook Establishment as submitted in a Memorandum forwarded by the late Principal Collector of Malabar in a letter dated 13th January 1831 and

and sanctioned by Government on the 2d. February following is Rupees 250 — 8 — which is comprised within four distinct items indicated in the Margin. This disbursement appears to have been admitted by the Civil Auditor Annually until Fasly 1251. In the year 1843 & 1252 when Coimbatoor was annexed to this District, in consequence of the confusion arising from the new arrangement the charges of Establishment were not correctly entered in the Accounts of this Office. The pay of the Sibbendy then at Coimbatoor having been considered as property appertaining to the Land Revenue Charge, was debited under that head accordingly, whilst the charge on account of a Goomastah and Peons at Segoor was adjusted under the head Extra Revenue Charges upon an erroneous impression that each was the Legitimate Channel of debit and the difference in mode of adjusting the Accounts formed the Enhancement of the Civil Auditor & the disbursements did not exceed the standard.

3. On a reference to the Sibbendy

records received at my Office at the time of the annexation of Coimbatoor to this District, I find that the sanction of Government with reference to the Talook Establishment was conveyed merely in a letter from the Secretary to Government to the Board of Revenue dated 2d. February 1831 No. 111. and no further correspondence appears to have subsequently occurred altho' the Board called upon the Principal Collector to furnish the report promised by Mr. Sheffield upon that subject. This document contains no authority to continue the Sibbendy above alluded to, and as the Civil Auditor now requires to be furnished with this Authority I request the sanction of Government may be obtained also for its continuance.

From the Collector of Canara ----- } Sir,

Submits for the confirmation of the Board the sale of a land for arrears of Revenue.

I have the honar to transmit a Statement shewing the sale of one of the several lands proclaimed un-der the Board's sanction of the 15th July last, and to request the Board's confirm-ation of the same.

2. A delay of 17 days has occurred in closing the sale now under report. The low offer of 21½ Rupees that was first received could not be properly accepted, and it was necessary therefore to endea-vour to obtain a higher bid which has now been received to the extent of Rupees 29

much below what it ought to have realized - the estate however has been only partially cultivated for some years past and the present produce is reduced to Rs. 57-12- being only Rupees 1-7-2 in excess of the Government assessment -

4 The offer now made is by a person who had purchased and held on mortgage the better parts of the estate, and who has been reduced to make the present offer for the whole from the fear of losing these portions which are the only profitable fields - Had the part only which was left in the possession of the owner been put up, no price could have been obtained for it, as it is by itself, quite incapable of yielding the Government assessment on it -

5 Under these circumstances I am dis-posed to think that the offer is as high as can be expected and such as might be confirmed -

From the Collr. of Madras- submitting a Statement in the prescribed form containing the information required by the Honble the Court of Directors regarding the Salt Revenues of the Madras Collectorate together with observations in respect to the financial results of this source of Revenue & to the operation of the Law on the population generally-

Encl. No. 4

From Board to Govt. 29th March 1847 No. 170 Para 4.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 18th. Ultimo, and to submit herewith a Statement in the prescribed form, containing the information required by the Honorable the Court of Directors regarding the Salt Revenues of this District-

2 The arrangements for the sale of Salt for Inland Consumption, which were introduced at the Commencement of the present year, have not only proved beneficial to the inland trade carried on with Madras but have also been productive of an increased of revenues to Government-

3 At Madras the Sum required to

to purchase a sufficient quantity of Salt for a family is so trifling, compared with the outlay for the purchase of the other common necessaries of life, that the operation of the tax can hardly be supposed to act with any degree of severity on the population generally, even with the per centage which the retail dealers add to it as a small remuneration for their labour.-

4 - The facilities with which Salt is now being conveyed to the Provinces by return Carts from the Madras Cotaurs, instead of from the pans elsewhere, will, it is fair to presume, induce the Merchants, at the places of ultimate destination, to sell it to the Consumer at rates somewhat below those which obtained there before the removal of the article from the Presidency, under Rowannahs, was authorized.-

Fort St. George 23rd December 1847.

(4-5)

Proceedings thereon,

Entering certain Revenue Returns on the Returns furnished by the several Collectors of the quantity of Land cultivated with Sugar Cane & of the quantity of Sugar and Jaggery produced and consumed.

With their Letter to Government dated 25th October last, the Board submitted the Returns received from the several Collectors showing the extent of land cultivated with cane the probable quantity of Sugar and Jaggery produced and the estimated quantity of both these articles consumed in their respective Districts. On this occasion the Board remarked that the quantity of Jaggery which an acre of land was calculated to yield varied not generally from 80 to 120 Maunds, but that in some instances it was as low as 15 Maunds. They also observed that the consumption per head varied to a considerable extent, they however attributed these discrepancies to local peculiarities which had not been explained in the several Returns.

2. In the reply recorded at the foot of these Proceedings the Government have directed the Board to obtain explanations from the Revenue Officers of those districts in whose Returns great differences are observable the Board accordingly now call for the necessary explanations.

3. The results noted below taken from the Statements received from the Northern Circars.

Fort St. George 23rd December 1847.

taken from the Statements received from the Northern Circars.

	Land cultivated with Cane acres	Gross produce of Jaggery Maunds	average per acre Maunds	average consumption per head lbs & dec
Ganjam	1050	5,0000	125	8 3 9
Vizagapatam	not known	24,000		3 2 —
Rajahmundry	1792	178100	99	1 4 —

4 From the above Detail it seems that the acre of land cultivated with cane in Ganjam is estimated to produce 125 Maunds of Jaggery whilst in Rajahmundry an acre is supposed to yield 99 Maunds the difference in the consumption is very great averaging as it does from 1 lb 4 to 8 lbs 3 oz 9.

5 The results in the four following districts are shewn to be as under.

	Land acres	Produce Maunds	average Maunds	consumption lbs
Bellary	3500	420,000	120	4 8 1
Cuddapah	4698	12,52332	266	7 2 4

Salem	1084	85515	80	4 8 —

Ins

16449 Fort St. George 23d. December 1847.

6. In the Ceded Districts the difference is very remarkable. In Bellary the acre is supposed to produce 120 Maunds of Jaggery, and in Cuddapah 280 the consumption also in the latter district is estimated at nearly double that of the former.

7. The following are the results exhibited in the Returns from the South Canara districts.

	Land	Produce	Average	Consumption
		Canara	Maunds	Rs
South Canara	1006	104,415	103	3-13-10
North Canara	4512	2,38705	119	3-2-0
Tanjore	305	34741	344	2-14-3
Madura	1353¾	13545	99	4-11-0
Tuchenopoly	1027	74669	73	3-8-10
Tinnevelly	7618	12143	180	28-2-11
Coimbatore	621	18470	30	9-5-6

8. In the above named districts the accounts are rendered in Canarins. The estimated produce of a Canary does not however correspond in any two districts. In Coimbatore it is as low as 30 Maunds and in Tanjore as high as

16450 Fort St. George 23d. December 1847.

as 344 Maunds. The consumption per head also varies from 2-14-3 to 28-2-11.

9. The consumption per head has been ascertained by comparing the aggregate consumption of each district with the assumed population. In cases where the Collectors have not given the necessary particulars the rates have been calculated from information already on the records of this office.

10. Resolved that a copy of the foregoing proceedings be forwarded to the Collectors of the Districts named in the Margin with a request that they will offer such observations as may occur to them in regard to the discrepancies noticed in the Returns furnished by them in comparison with those received from other provinces. When necessary the Collectors are requested to communicate with the Revenue authorities of the neighbouring districts on the subject.

Resolved also that a copy of these Proceedings be forwarded to the Collectors of the Districts noted in the Margin and that they be requested to reconsider their former Returns and to make such revision as upon further enquiry may appear to be necessary.

Forwards a report of the Vizianagrum Zemindary for Fasly 1255.

Sir,

I have the honor to submit herewith a Report upon the management of the Vizianagrum Zemindary for the year expiring 30th July last together with the several accounts in illustration of the same.

The season under Report was favorable. The rains set in early and although there was no general fall, the showers were constant, and so universally prevalent that almost every Village received adequate supplies. In some localities there was a deficiency of early rains, but these villages were the exception to the generally favorable results, and the later rains were every where seasonable and sufficient. Upon the whole therefore the season throughout the Vizianagrum Zemindary was one of more than average fertility.

3. The prices of most sorts of produce had fallen below the rates of the previous year, but were still remunerating and favorable to the producers. Annexed is a statement in detail shewing the prices of grain during the last seven years.

4- The management of the entire Estate was conducted under my own personal superintendence. I had already announced my intention of setting aside the system which had been in operation for the last ten or twelve years here, of making the settlement upon Estimates produce by substituting in its place the old method of fixing the demand on the extent of cultivation and levying as far as practicable the rent of the lands actually occupied & retained by the Ryots. I stated that there was no real obstacle in the nature of the Agency prevailing in the Vizeanagrum Zemindary to the introduction of this reform, but if any obstructions would be found in the opposition to a change of system offered by the Public servants who profited by existing irregularities I found it so. Some parties were brought under the difficulties of their position, and retired under the active and passive resistance of almost every subordinate functionary in the District, but some not apt to disavow from a position once taken up, and I had sufficient self reliance and determination to carry out a scheme deliberately resolved upon. One by one the obstructives in the Talooks were removed, and their places filled by more pliant instruments, until in the end my object was achieved with as much ease

Fort St George, 23rd December 18[illegible]

success and advantage as would hopefully be expected in the conduct during the first season of so great a revolution in the Revenue settlement of the entire District.

5- Subjoined is a figured Statement of the distribution of the lands, and the assessment thereon during the two last years, from which it will appear that there was a Net increase of demand upon the present year of lands under Jeroyettee and rent of Rupees 45735-12-8-

No.	Sources-	Althoolady of Fasly 1255.	Althoolady of Fasly 1256.	Increase-	Decrease-
1.	Ryotwar	577427 0 0	669659 12 8	92232 12 8	" " "
2.	Rent	289607 13 8	245011 4 3	" "	43496 9 3

	Deduct decrease				43496 9 3
	Net increase				45735 12 8

6- This comparison however is of little value, because under the former system the distribution of the lands was a mere farce, the settlement being quite irrespective thereof, whereas the "Althoolady" or distribution in the present season was if not quite accurate at least tolerably correct.

7- There was a decrease, it will be seen, under the head of Rents, from the gradual discontinuance of this mode of settlement viz the Zemindary and demand upon individual settlement was proportionably enhanced.

8- Although as has been stated above the demand of the year did not amount to half a Lac of Rupees above that of the preceding season the actual settlement was greatly in excess of Fasly 1255. The accompanying Statement shews the Althoolady and Settled Doole of both Fasles in juxta position and exhibits an increase in the Current settlement of Rupees 267246-5-2.-

16. Including arrears the Collections realized from all sources in July 1258 were Rupees 9,78,203—13—4 while the Receipts of July 1258 were only Rupees 6,45,360—0—8 the actual increase in the latter July being Rupees 332843—0—7.

17. An account Current of the Vizianagrum Zemindary will be found among the papers which accompany this letter. The total Receipts of the year including July and the Balance on hands were Pds 1,03,082—2—9

18. The charges of management included Batta (that is payments made to certain Sepoys and individuals from the settlement under the orders of the Zemindar) together with Sundry Pymts were Rupees 1,03,830—4—2 Pocket Current Rupees 8,00,180— and arrears 185000 Rupees 110,000 were remitted to the Rajah Rupees 33440—5—4 the charges of interest on the debt, raised the total expenditure to Rupees 9,93,435—5—2 with a Balance on hand of Rupees 18,040—13—4.

19. There is a Balance of Rupees 23,112—12—8 due for Common Sepoys of Management of the last three years which will be realized during the Current July. I propose addressing Government a recommendation to

with reference to the pretext under which this charge is made and with a view either to its payment to those who do the work of the management or to the discontinuance hereafter of what otherwise seems to me to be an exaction unauthorized by any Regulation.

20. I be authorized and acknowledged debts of this Zemindary as are shewn in the accompanying Statement but this does not include the Zemindars engagements at Benares and elsewhere. The interest has been paid up to July 1258 inclusive.

21. The villages retained for the Rajahs private purposes here, but managed by the Agent, and the proceeds paid to the Zemendars servants, were settled in the last year at Rupees 27,515-12-2, and the Collections were Rupees 27,282-7-" as shewn in the accompanying Comparative Table.

		July 1255	July 1256	Increase	Decrease
Demand		19,102-12-5	27,515-12-2	8,412-15-9	"
Collection		16,441-14-9	27,282-7-"	10,840-1-10	"
Balance		2,660-13-8	233-11-7	"	2,427-1-3

22. There was an increase of Collection of Rupees 10840-1-10 upon the year.

23. I shall take early opportunity of reporting upon the outstanding Balances

1467 Fort St. George 23rd December 1847.

Balances of the entire Zemindary in the view to the remission on account of what is deemed irrecoverable.

24. The results of the year as shewn on this Report speak for themselves but as Comparisons of a year of good produce and fertility with its predecessor of scarcity and unproductiveness is no criterion of management.

I beg to subjoin a statement shewing the actual results of the administration of this Zemindary during the last twenty years since the late Rajah went to Benares—

25.— In no year of management have the Current Receipts equalled those of the year gone bye the only years which approach it were Fuslies 1244 and 1245 and in these there was a famine in the Carnatic, while enormous prices were obtained for grain here, and rigorous management prevailed under the supervision of Mr. George Russell who was then in Vizagapatam District as a Commissioner Independent of this. the Vizianagrum Country was then in a much more favorable condition and the people generally far more wealthy than in later Years, partly from mismanagement and partly from a series of disastrous seasons.

26. In only one year of the twenty do the Collections, Current and arrears, exceed those of the past years Viz.t Fusly 1244 and the season just expired shews an excess Current and arrears of more than a Lac and half of Rupees beyond the average of the preceding Nineteen.—

27. If a comparison be made with any of the best recent years, say Fusly 1251 it will be found that in that year the Current Collections were only 8.63.447—8—3 in comparison with Rupees 9.37.895—11—2 in Fusly 1256.—

28. Fusly 1254 was a years of great production with

with fair prices I joined the District after the settlement was made Viz.t at the end of March Mr. Conway had so contrived to mismanage the settlement, and to delay the Collections, that the demand of Current Revenue outstanding on the 1st April 1847 was Rupees 4.74.853-15-9 The demand outstanding on the 1st April 1847 of the Current settlement was Rupees 1.21.131-7 only This exhibits the difference between a lax and a stringent Revenue administration.

29. In Fusly 1251 Rupees 64.751 had been disbursed for Tuccavy, and Rupees 17.678-1-8 expended upon Monaiyut. this last was money thrown away

24.561-8— only were given as Tuccavy and Rupees 4.320-7-1. were joined for repairs.—

30 In Fusly 1251 under the old system of Amanahs and management Rupees 11.298-2— were spent on anchenadars, and watchers and Extra Establishments, and this was a usual item of disbursement— In the present Year the only extra expenses incurred for Establishment were Rupees 184-5-6 and that expense accrued chiefly by reason of the Establishment of Peons in Vizianagrum Zemindary having been reduced temporarily from a portion of the servants being employed in the disturbed

District

Fort St. George 23d December 1847.

District of Golgondah.

31. Thus in both these with reference to the Current Revenue, or the expenses of management a great improvement is manifest both in an enhanced Collection and a diminished expenditure. I have taken Fusly 1251 as an illustration because it was the least favorable year for exhibiting the results of the old management in contrast with the new, with a view to the exaltation of the latter.

32. I consider these results, therefore highly creditable to my arrangements in the first year of management of an impoverished Estate, and in saying so I do not presume to arrogate to myself the profession of any superior attainments beyond others, for in the battle of life I have generally lagged behind my Contemporaries But the capacity of managing with success extensive Landed property as a Collectors of Revenue or Rents of being in other words a good Land steward or Factor does not involve the profession of high intellectual faculties Many Gentlemen of great reputation and talents have no taste for such pursuits and are consequently little qualified to succeed in the task, while on the other hand it will frequently be seen that an eminent agriculturist taken out of his immediate vocation when weighed in the Balance is found wanting.

Sir,

(17)

From the Collector of Nellore — —

I have the honor to acknowledge the receipt of your letter dated the 21st. October last transmitting a Petition No. 1740 of 1847 and requesting me to explain whether the objections urged to the incorporation of the Villages therein alluded to with the Talluk of Woodiagherry

are

Fort St. George 23d December 1847

are well founded and what course should in my opinion be pursued, and also desiring me to report whether there are any grounds for apprehension on the point of the insecurity of the Revenue Collections on the way to the Cutcherry and at a distance they were removed from the Cutcherry station under the previously existing arrangements.

2 The Petitioners are the Inhabitants of Bommanaurum a Coroa Village and Poolajaparum a Shrotrium now attached to Woodiaghurry Talook but which previously formed part of the Rauoor Talook. The Petitioners have greatly exaggerated their Complaint both as regards distance and insecurity of the road but there is not a doubt but that these Villages are situated at a greater distance from Woodiaghurry than they were from Davaroypully the Cutcherry of the Rauoor Talook, the difference being at least between five and six miles or more with reference to the scale of the Government Trigonometrical Survey Office. There is a point also to be observed that while there is no Woodiaghurry Village South of Bommanaurum there is a Rauoor Village named Kannidapully to the west of it. Under these circumstances I am inclined to recommend the retransfer of these two Villages which are close together to the Rauoor Talook and beg to return the Petition and enclosures.

(17-18)

Ordered that the following Endorsement be recorded on Petition No 1720 of 1847.

The interchange of Villages referred to by Petitioners having recently received the Sanction of Government to after full Consideration the Board see no cause for again disturbing the matter.—

Total Rupees 6547-12-3

3 The Board have already before them the history of the Buller Tyfool Sastra and aware of the necessity of remitting the proposed the Sarcargoopah Ryots. In order to make up the deficiency in the Boring the Ryots were allowed

remission

remission in Fasly 1251 on Condition that they should extend the Cultivation of taxable Crops by degrees in the following years which they failed to do. The aforesaid Sum of Rupees 2007-11-3 was in Consequence charged in Fasly 1255 on 325 Ryots, calculated at one fourth of the assessment of their land respectively. But they having insisted upon not paying this amount and not Cultivating their lands under the Boorahatra Pollak for fasly 1256 as mentioned in my Report to the Board dated 29th October 1846 the said sum was accordingly promised to be remitted with a view to induce them to proceed with their Cultivation. On this subject I beg to refer to the Board's orders of the 29th April 1847 in which they authorize me to continue remitting the Buller Tyfool Sastra until further orders.

Having explained my reasons founded upon the results of the enquiry conducted into each individuals case during the Summer Months of Fasly 1256. I request the Board will obtain the Sanction of Government for remitting the total irrecoverable balance of Co. Rupees 6547-12-3 and for writing off the same in my accounts.

Proceedings thereon -1- The total balance of Land Revenue on this District on the 1st October 1847 Amounted to Rupees — — — — 6916-11-4

Deduct amount Recoverable — — 368-15-1

Net irrecoverable balance — — 6547-12-3

2 Of this the amount of Rupees 1640-1- comprises items from ordinary causes and the Collector having satisfied himself that it is irrecoverable the Board beg to recommend that authority be granted for writing off the same from the accounts of his District-

3 The remaining sum Rupees 2007-11-3 is charged to the head of "Balance Fusly Justs" This was a moiety of the regular assessment levied on a pulse called "Bulla" which raised as a second Crop on one Crop Land and seems to have been confined to 2 Villages only in the District In his report dated 29th October 1846 Mr. Mellor complained the nature of this Tax. He observed that the Ryots had always objected to its payment on the score that the sowing of this particular Grain pulse is reported to be of very inferior quality and used by the Villagers for feeding their Cattle, was intended solely to forbidge their lands and that the yielded little or no profitable return. The levy

levy of the tax having considerably affected the Revenue of Dasanom the late Principal Collector Mr. Robertson remitted it in that Village but allowed it to continuance in Seerogojeh on the ground that the Ryots had the means of paying it from other profitable Cultivation- The Villagers having however failed to do so and the revenue being in jeopardy in Consequence of their emigrating and throwing up their lands they were in 1251 Fusly allowed remission of the levy on Bullar on Condition that they should gradually extend the Cultivation of saleable Crops in succeeding years which however they were unable to do owing to the low price of Grain

4 In Fusly 1255 proved having approved a favorable Standard 325 Rupees was taxed in the sum of Rupees 2007-11-3 calculated at one fourth (instead of half) of the assessment of their lands which they gave objected to pay and further refused to Cultivate their Soil lands for the ensuing Fusly- In order therefore to induce them to proceed with their Cultivation Mr. Mellor proposed to remit the sum Charged and in Consideration of their poverty

poverty and other causes be recommended

"In the mean time the Government of Madras had been engaged in quelling Mohamed Ali in reducing several rebellious vassals to obedience. The object was effected with a tolerable degree of ease except in the case of Madura which was held in opposition to his Master by Mohamed Yoof formerly a distinguished, and it was believed an attached follower of the English. The siege of Madura was both tedious and expensive but it ultimately fell and Mohamed Yoof found the ordinary penalty of rebellion in the surrender of his life."

From The Principal Collr of Coimbatore

Submits a report and the Statements connected with the settlement of the Shamattoor and Cottampatty Palliems in the Talook of Pulachery in the District of Coimbatore for Fasly 1256.-

Sir,

1. Adverting to Para III of the Court's Proceedings noted in the Margin I have the honor to forward the Statements connected with the Land Revenue Settlement of Shamattoor and Cottampatty Palliams in the Pulachey Talook for Fasly 1256.- 1846/47.

II. Although the above Villages are situated within the influence of the South west Monsoon, still the failure of the usual rains was somewhat felt here though not to the extent of the other parts of the district which slightly affected the revenues in the sum of Rupees 231-8-3 as shewn in the Memorandum inserted in the Margin. For more detailed information vide the following Statement. Lands left uncultivated were charged with one fourth of the assessment and carried to the head of Grass according to the practice prevailing in the said Estate.

III. The Total demand for Fasly 1256 was Rupees 7,171-9-1 of which Rupees 4,521-1-11 were recovered within the year - subsequent collections in November amounted to Rupees 2,475-13-6 in all Rupees 6996-15-5 the only balance outstanding Viz.te 174-9-8 is on lands in the occupancy of the Poligar - it is a mere trifle but the Orders of the Court conveyed in Para.a II of Extract from their Proceedings dated the 21st. Ultimo January - last were communicated to the Guardian of the Minor, and will not be lost sight of. -

IV. The Surplus collections of the combined estates on the 30th. of November last amount to Rupees 23,378-11-3 as exhibited in Statement C.a 3 of which Rupees 20,800 - were invested in the 5 per Cent loan leaving Rupees 2,578-11-3 under the head of deposit in my Treasury and this amount is under similar, proceeds of investment. + Rupees 1570 I think the Minor will have cause to bless the Court of Wards if the affairs of the Estate continue to run on thus smoothly. -

(36)

From the Pl. Collr of Coimbatore

Submits the printed statements of Extra Revenue Settlement of the District of Coimbatore for Fusly 1256 and states the causes of decrease and increase in various items

Sir,

I. I have the honor to forward the usual Extra Revenue Statements of this District for Fusly 1256. - 1846/47

II. The decrease under the head of Sayer amounts to Rs. 2326-15-6 caused by the abolition of the Frontier custom stations from the 22d. August 1846 under instructions from Government conveyed in Minutes of Consultation dated the 29th. July of the same year and by reduction in supply of Tobacco to the Native States of Travancore and Cochin -

Total	7603 1 11	5276 2 5	2326 15 6

From

Fort St. George 23d. December 1847.

III. From the same cause there is decrease of Sayer charges to the amount of Rupees 623-13-10.-

IV. The Abkarry demand for the year under review amounts to 75,840 or 3,910 Rupees in excess of the preceding Fusly which was recovered in full during the month of October last.-

V The Sundry small Farms and Licenses exhibit a decrease 59-5-4 below the revenue of 1255/1845/46 produced by the absence of the usual supply of water in Tanks the demands however Viz. Rupees 678-13-3 was realized and Credited in October 1847.-

VI. In the Item of Sales of Sandalwood Vizt. is a deficit of Rupees 5284-1-8 arising from the non adjustment in my accounts of the price paid by Mr. Haylett for Sandalwood sold to him through the Collector of Sea Customs, intimation of the recovery of the same having not yet reached my Office, and also from diminished sales of that article- the following Memorandum will afford more particular explanation in connexion with this item of revenue- The increase in the sale of Teakwood has been realized from the disposal of the Timber rejected by the Government

agent

Fort St. George 22d. December 1847.-

Agent of Bombay out of the quantity prepared for the supply of that Presidency.-

			Net decrease	5,284 1 8

VII. The charges under the same head exceed those of Fusly 1255/1845/46 by Rupees 5570-11-11 which has been occasioned from the keeping up of the Elephants for dragging timber sanctioned by Government in Extracts of Minutes of Consultation noted in the Margin the cutting of Sandalwood has been suspended and the Establishment entertained for working the Wallar Forests discontinued.-

Items

VIII The amount derived under the head of "Stamp revenue" shews an increase of Rupees 529–8–4 produced by the admission of suits below 1000 Rupees in the Principal Sudr Ameens Court.–

IX The Moturpha Demand amounts to Rupees 78465–14–1 which falls short of the settlement of the preceding year by 9131–7–1 caused by the adverse state of the season many of the Parties paying the same tax principally weavers, having died or deserted from want of means of livelihood– The Collections within the year were Rupees 77404–2–9 leaving a balance of 1061–11–4 which was reduced by subsequent recoveries to 88–1–8 in the Talooks of Kongiem and Cheekraghery for the realiza-tion of this amount measures are in progress

X In the profits on Tobacco there is a decrease of Rupees 1687-14-2 produced by the short supply of the article to Travancore and Cochin.

XI The diminution in the Collections of all sources of Extra Revenue in the year under report is 12,090-3-1 from causes above explained which in the abstract amounts viz to the abolition of the Custom stations on the Cochin Frontier 2nd to the

Fort St. George 23rd December 1847.

the diminished sales of Sandalwood 3rdly to the death and desertion of Moturpha Payer and lastly to the short supply of Tobacco to Travancore and Cochin.

Sir

Adverting to the 2d para of my letter dated 4th March last, I have the honor to enclose Copy of a communication from my Sub Collector reporting that he has not succeeded in obtaining the required specimens of the Pomelo Shaddock and seed I beg to transmit a few specimens of the fruit gathered from the Sub Conservator of Forests in South Malabar, but as they do not appear to be very good, I have directed that Officer to collect and send in some better specimens at the next flowering and fruit season.

2d The flowering specimens of the Teak trees received from the Sub Conservator being very imperfect from the flowers having mostly fallen off I am not thought it proper to send them and have therefore directed that some more perfect specimens be

From the Supt. of Stamps

Sir

In reply to Contract from the Proceedings of the Board dated 15th Instant I have the honor to state that although the contract with Messrs Adamson Macdonald will expire for the supply of Country Paper and Cadjan to this office on the 1st February next it is necessary to advance him the sum of Company's Rupees 500 as Security the Contract be given to any other Individual it is likely that some time will elapse before he can prepare and supply this office with the Paper required; and with the view to prevent any disappointment or delay it has always been the practice of this office to make the usual advance and lay in a stock of Paper, and it will be observed that so large an advance as Company's Rupees 500 was made to the late Contractor in October 1846, whilst his contract was expiring in February following. As the present application for the advance was submitted in last Month it will be seen that it is not much in excess of the

1654 Fort St. George 23d December 1847

expiration of the Contract than the instance just mentioned

Under the explanation stated the Board will see no impropriety in passing the advance Bill.

Read letter from Syed Hoossain Khan praying for a copy of Extract from the Proceedings of the Board dated 7th September 1837 on the subject of Duty Rent on certain Shops erected on the road leading to Wallajah Nuggur

61

Resolution thereon. Resolved that the foregoing letter be transmitted for the orders of the Most Noble the Governor in Council with a recommendation that the request made by Syed Hoossain Khan may be complied with.

Resolved that the following letter be dispatched.

62

To the Collector of Ganjam

To the Collr of Ganjam

Sir

I am directed by the Board of Revenue to call your attention to my letter of the 11th October last requesting that your Reports on the Settlement of your District for Fasly 1253 may be forwarded immediately or that some satisfactory explanation may be furnished to account for the delay.

In the event of this letter not receiving an immediate reply the Board will be under the necessity of laying before Government the cause of the unusual delay which has prevented them submitting the results of the Settlement of the Ganjam District.

To The Sub Collector in charge of

(63)

To the Sub Coll.r in charge of Cuddapah ——— Sir,

I am directed by the Board of Revenue to request your early report on Petition No.1569 of 47 from the Merasidars of Madagy in the Talook of Cumbum in your district relative to the usurpation of their Enam lands by certain parties by the alleged assistance of the Jaraboreis, which was forwarded to you on the 22d. September last.

Revenue Board Office Fort St. George 23d. December 1847. } I have &c. Signed D. White Actg. Secy.

To The Acting Collector of

(64)

To the Actg. Coll.r of North Arcot ——

Sir,

With reference to your Endorsement of the 20th. October 1846 No 2305/2244/1847 I am directed by the Board of Revenue to transmit the accompanying further Petitions from the same individual stating that his dwelling house and Garden in the village which he formerly held in Jaghire had been exempted from taxation from the date of the resumption of the villages to request you will report fully on the circumstance therein

To The Collector of

(65)

To the Coll.r of Tanjore ——

Sir,

I am directed by the Board of Revenue to transmit to you the accompanying Petitions from Ganapathie Iyen and certain other Merasidars

2129 of 47 } Ganapathie Iyen
2111 of Do. }
2199 of 47 Merasidars

Complaining of the irregularity in the Proceedings under which the Villages belonging to the first named individual were brought to sale.

It will be observed that the defaulter Ganapathie Iyen declares that he had actually previous to the sale made an offer to pay up the whole balance that was due against him, and that for the small sum of Rupees 600 which he asserts was the total sum outstanding against him, two Villages belonging to him, whose value is estimated by him at Rupees 3,000 were sold for a sum of 1900 whilst the Merasidars state that they were led by the advertisement published at the Office of the Sub. Collector to expect that the sale would take place at his Cutcherry, and were precluded from Competing for the purchase of the property in Consequence of the change in the place

of

of sale without sufficient previous notice.
You will therefore be so good as to institute a care-
-ful investigation into the circumstances herein
set forth, and to furnish a full report on the whole case.
