Proceedings thereon.

The foregoing Returns should have
been forwarded monthly, in accordance with the
instructions contained in the Board's Circular
dated the 25th June 1840.-

It is observed that a number
of Persons have been suspended from Office for
no defined period. Such may be admitted
in cases which are under investigation by the
Collector at the period of Report, as would
appear to be in cases Nos. 61 and 65, but the
Board consider that some definite term of
suspension should have been fixed in the
instances numbered Nos. 57. 50. 60 and 64 re-
corded in the Returns for September and
October 1847.-

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of Land Revenue in the District of Madura for Fusly 1255.

(Here enter 4th Nov. 1847 No 509)

A. D. 1845/46

Para 1. The season of Fusly 1255 was adverse both for dry and wet cultivation more

more so it would appear from the lateness of the supply of water than from the deficient quantity of rain which fell during the year. The Poonjah cultivation suffered most of the Nunjah the Principal Collector states but a small portion attained an average Crop. Prices considerably exceeded those of 1254 when also they were unusually high and compensated the Cultivators in some measure for deficiency of crop though the Government remark with regret they were accompanied with the prevalence of Cholera in some parts of the District and with extensive mor= tality among the Cattle confined apparently to the Talooks under the immediate management of the Principal Collector.-

2. The separation of ayen from Manieam lands and vice versa was commenced in Fusly 1254 and as promised by the Principal Collector in his settle= ment report for that year has been completed in Fusly 1255. The result appears to call for no remark. Reduction of assessment in certain over rated lands and restoration of low classed to the higher rates have also commenced in Fusly 1254 and have been car= ried out during the year. In their proceed= ings on the Settlement of Fusly 1254 the Board

Board required of the Collector a detailed ac-
=count of the course he pursued in making these
changes - The Most Noble the Governor in Council
will look for this explanation in the Settlement
report for Fasly 1256.-

3- The Board it is observed in the 8th
9th and 10th Paras. of their Proceedings have di-
=rected the attention of the present Collector to
certain anomalies which the accounts exhibit
of the results of the settlement in the 55
Villages where the reimposition of Mr. Peter's
remissions had been directed. The subject fully
demands the vigilant care of Mr. Parker as
Mr. Blackburne, it is remarked still adheres
to the belief that the decreasing cultivation
is to be attributed to high Assessment, an
opinion in which the Board do not concur.-

4- The Land revenue demand including
Permanent-settled and Ryotwar for Fasly 1255 was
fixed at Rupees 17,46,597- 6- 11. and shews an
excess over that for Fasly 1254 of Rupees
32,958. 6-7 but as explained by the
Board this result in consequence of the
rise in Price affords no indication of the
nature of the season, a comparison of the

Average

average settlements of the five years previous either
to 1254 or 1255 is unfavorable to that of the year
under report.-

5- Rupees 17,12,191- 15- 3 of the de-
=mand were realized within the Fasly leaving
Rupees 34,405-7-8 outstanding at its termina
=tion which amount has been subsequently re-
=duced to the very trifling sum of Rupees 25-
10- 10. His Lordship in Council cannot but
consider this result creditable to the Principal
Collector and his subordinates.-

6- The willing and Zealous services
of Mr. Cator have it is noticed elicited the
commendation of the late Principal Collector.-

Para 1. Under the circumstances represented in the foregoing letter and agreeably to the recommendation of the Board of Revenue the Most Noble the Governor in Council authorizes the Acting Collector of Tinnevelly to appeal from the decision passed by the Principal Sudr Ameen in Suit No. 4 of 1846, in which Shaikh Mahomed Saheb was Plaintiff, and directs that the expences of the same and of the original Suit be defrayed from the Funds of the Choultry which forms the cause of action.—

2. In reference to the doubt raised by the Board of Revenue as to the jurisdiction of a Principal Sudr Ameen in Suits to which the Collector is a party His Lordship in Council observes that by Section V Act VII of 1843, Section VIII Regulation VII of 1817 is rescinded, and he is of opinion that though the jurisdiction over European officers of Government is not distinctly and specially vested in Principal Sudr Ameens by Sec VII of 1843, the pact of the clause in Regulation VII

VII of 1827 which prevented those Officers receiving or taking cognizance of any Suit or action in which any European Officer of Government may be a party, being rescinded, clearly shows that Principal Sudr Ameens under the provisions of Act VII of 1843 have jurisdiction in such cases: should the Board however still see grounds for having the opinion of the Court of Sudr Adawlut on this point, His Lordship in Council will be prepared to refer the question on receiving the further intimation of the Board to this effect.

2 It will be observed from the letter now under transmission, that the actual collection from the ryots of the Zemindary on account of arrears due previous to the day of sale, was Rupees 960-7-5, and not as inadvertently stated in the Collectors' letter of the 5th June last Rupees 5,016-9-9. the error is stated to have been caused by the balance for fusly 1248 / Rupees 4,055-2-4 / being accidentally omitted in the Statement of balances outstanding and entered by mistake amongst the subsequent collections.

Para 4.

Recommending to remit the outstanding balances on account of maramut amounting to Rs. 3830-12-8 & requesting to abolish the system entirely for the future in all rented Villages

Sir,

The Government have been pleased at the recommendation of the Board to remit the outstanding balance on account of Land revenue in this District up to fusly 1253, but there are other balances than those on account of the land, which have not been brought to the notice of the Board, and regarding which I have the honor to request that you will obtain their orders.

2. In all Asaradi Villages — it has been the custom to take one toom of Grain on each pooty produced, before the division of the crop takes place, on account of maramut Kapen-diture, and that without any reference to the fact of whether any such expense has been incurred, and in some villages of the Mogultoor, Tamookoo and Woody Talooks of the Sub-Collectorate

Collectorate, and in Amalapoore, there existed an old custom of collecting from the Ryotts of Vissalady and Pointed villages half the amount expended, which was carried to the account of Extra Cultivation, while in the Asarah villages the amount was credited in the Ain—

3. In Amalapore the practice has long been discontinued, but it is still in force in Mogultoor and Tamookoo, and more particularly in Woondy.—

4 Annexed is a Statiment of the balance due in each of these three Talooks on this account from Fusly 1231 to Fusly 1256 amounting on the aggregate to Rupees 5880—12—8

5 I have received very numerous petitions from the Ryotts regarding the Collections, and have endeavoured to trace the date of the Commencement of the System, but neither in the Record of Government, now in those of the Zemindar of Mogultoor in whose Estate Woondy was formerly included have I been able to discover any cause for the System being

being confined to particular villages, and to particular items of Maramut—

6 The only document that was found was a Memorandum signed by Mr. Robertson when Acting Collector, dated in Fusly 1230, but it affords no information beyond the fact that the Collections on account of Maramut were then exacted—

7. No occasional Maramut was made in the Sub Collectorate until the year 1838.— at which time the heriz of the Woondy Talook was Rupees 5320—8 per cent below the permanent Settlement— that per centage has now decreased to Rupees 26—14—3, but as it is obvious that the amount expended on ordinary Maramut must increase in proportion to the sums spent on occasional works the Construction of the Godavery Annicut and the Completion of all its subsidiary works, will entail an annually increasing pressure on the Ryotts of the villages referred to, and instead of being forward in the cause of Maramut, and anxious for the improvement of the irrigation, they will probably offer objections

and obstructions to improvements which while they increase the fertility of their land, will also increase their liabilities, so that as is always the case with ill advised taxation, the Government will itself in the end be the greatest sufferer.

8. The villages subject to this demand enjoy no immunities and participate in no benefits which are not equally open to those exempt from the tax, have no better means of meeting the demand, and the discontent with which the system is endured by the inhabitants will be evident to the Board from the fact that while the Collections of land Revenue in fasslies 1234–1235 and 1236 exhibited a balance of only 1 Rs 10 a 2 p per cent, the Collection of this item of Revenue was 44 a 1 p per cent below the demand.

9 I request that the Board will be pleased to take this subject into consideration, to authorize me to remit the balance now due and to abolish the system entirely for the future on all Pronted and Pessabady villages, and to exclude the Asarah villages from the recommendation only because in

them the System is common to all and therefore not open to the same objection I have urged against its continuance in Pronted and Pessabady Villages, and not because I think it desirable that it should be maintained even there.

Rajahmundry 5th January 1848. } Signed H. Forbes Sub-Collector in charge

Proceedings thereon. The Sub Collector brings to notice in the foregoing letter that it is the practice in all the asarah Villages in Rajahmundry to levy before the division of the Crop one tenth of Grain on every poorty of the Gross outturn on account of Imprest Expenditure, and that on the Inogattoor Tanvikoo and Woondy Taluks of the Sub Collectorate there exists an old usage of Collecting from the Ryots of the Vijeabady and Renteed Villages one half of the Sum so pended on the same account the amount so Realized being carried to the head of Extra Collection, whilst that brought to account in the asarah Villages is credited to the main

2 Mr. Forbes annexes a Statement of balances under this head outstanding in each of the 3 Taluks above named, from Fusly 1231 to the end of October 1247, amounting in the aggregate to Rupees 5880-12-8, which he recommends should be written off. He also adverts to the partial character of the tax under notice and the discontent with which it is borne by the inhabitants, and takes occasion to deprecate its continuance in the Vijeabady and Renteed Villages.

The Board are not however at present prepared to support this proposition. They are of opinion that the tax should continue to

Meantime they beg to recommend that authority be granted for writing off the books of the Collectorate the arrears now outstanding amounting as already stated to Rupees 5880-12-8.

From the Coll. of Masulipatam. Sir,

Para 1. I have the honor to forward the information required by the Board in their Endorsement bearing date the 12th February last upon a petition addressed to them by one Moondlapaudy Ramiah, Son of M. Condrah late Curnum of the Village of Moondlapaudoo belonging to the Panoogunchepole Purganah in this District

2. In the endorsement above referred to the Collector is requested to report by Endorsement on the Petitioners case with reference to the former orders of the Board dated the 20th May

Submitting the Report on Petitions presented to the Board by Moondlapaudy Ramiah of Panoogunchepole Purganah.

9781/1847.

Fort St. George 27th. January 1848.

May 1846 on Petition No. 115 of 1846.

3 The orders passed by the Board under date the 20th May 1846 are appended to Petition No. 449 of 1846 from the same party, who is by them referred to the Collector for such notice as he may think necessary. The Indorsement on Petition No. 115 of 1846 bears date the 14th November 1846 and was not received at Masulipatam until the 3d. of the following month. I have taken the liberty to notice this circumstance in order to assure the Board that the delay which has occurred in respect to their call for a report on the Petitioner's case has not rested with me, as I was absent from the District on leave from the 15th December 1846 until the 9th October last.

The case of the Petitioner was not left unnoticed by me, on the receipt of the indorsement of his first petition presented to the Board and I shall now proceed in compliance with the Boards subsequent orders to state the particulars of his case, which I am under the necessity of doing by letter, as the details would exceed the limits of an indorsement on his Petition.

Fort St. George 27th January 1848.

4 Before adverting to the main object of the Petitioners representations to the Board viz. the alleged loss to which the Government has been exposed by the renting of the Villages composing the Panoogunchepole Purganah, and particularly of that to which the Petitioner belongs, /Moondla paudoo/ for a sum less than might have been obtained considering their resources in Fusly 1255, I beg leave to submit a word of explanation regarding the allegations contained in his last petition to the Board in which he insinuates that thro' the machinations of the Sheristadar and his misrepresentations to the Collector he (the petitioner) has been forwarded in irons to take his trial before the Court, and insinuates that he is in consequence under apprehension lest worse treatment should befal him, in consequence of his representations to Government. That the Petitioner was forwarded to the Court for trial in 1845, is true but it was not thro' any misrepresentations of the Sheristadar, but by order of the Head Assistant Magistrate before whom, on the 7th May 1847, he preferred a complaint

that

that some of the ryots of his Village were conspiring to put him to death, and had robbed him of a sum of Money by undermining the walls of his house, and that they were in the habit of molesting him in various ways

The Head Assistant Magistrate being satisfied from what came before him in the enquiry into these complaints that they were groundless, and vexatious, committed the Petitioner under the provisions of Regulation IX of 1832 to take his trial before the Court but the Sheristadar was in no way Concerned or interested in the matter - neither was the Petitioner forwarded as he affirms, in fetters to the Court to take his trial.

5 And now, as regards the allegations contained in the petitions No. 1149 of 1115 of 1846, addressed to the Board in which he asserts that his own Village of Kalapandoo and those of the whole of the Panoguneleprole Purgunah were in Fusly 1255 / 1845-46 leased out for a Considerable sum below their real value according to the actual resources of that year, as regards his own Village, the Petitioner states that the

Tahsildar in the first instance settled the rent of it for Fusly 1255 for Rupees 500 but that as the produce of it for that year was worth Rupees 2000 he (petitioner) presented arzees to the Collector to that effect, and offered ultimately as much as Rupees 1800 for the rent, but that he was not allowed to take it, as it was given to another for Rupees 1590 - As regards the whole Purgunah he states that there were resources in 1255 to the amount of Rupees 1,51,103 but that thro' the intrigues of the Head Sheristadar and Tahsildar it was rented for Rupees 28,000 thereby causing a loss to Government of upwards of 17,000 Rupees -

6 No settlement was ever made by the Tahsildar as asserted by the Petitioner for the Village of Moondlapandoo for the sum of Rupees 500 for Fusly 1255 / A.D. 1845-46 but this sum was at first reported by the Tahsildar at the Commencement of the Season, and before any estimate of resources could be formed, there being then no resources to estimate, to be the amount that could be obtained from the Village on the Immediate ploughs on individual rents - Shortly afterwards proposals were received for the rent

rent of the Village for Rupees 636 with reference to the then existing circumstances - Upon which the Petitioner tendered in the name of his father Rupees 658 for the rent for the year, and had this offer been accepted, we should doubtless have heard not another word of its inadequateness, as Compared with the resources of the year. It so happened however that the Petitioner was at variance with the Villagers, who protested against his having any thing to do with the rent, and further instructions were accordingly issued to the Tahsildar to endeavour to effect a settlement with the Villagers themselves, which he subsequently reported that he had done for Rupees 700 - By this time the season was becoming advanced and the state of the Crops and high rates for produce which were prevailing led me to expect that a much more favorable settlement might be made than the reports heretofore received might seem to promise - Accordingly I proceeded to Gundegamah in the Month of December 1815 for the purpose of effecting the settlement of the Purgunahs and received an offer from the Ryots of Rupees 1350 for this Village. The Petitioner then offered Rs. 1500 but failed to

to produce security, the time was given him from the date of his offer, 2d January, till the 6th of the following Month to do so - Subsequently an offer of Rupees 1600 was made by one Nalajala Boochiah, but he likewise failed to produce security, and the settlement was ultimately concluded with one Comeravy Ramiah, who in behalf of the Villagers who stood security for him, made a tender of Rupees 1588 being 88 Rupees in excess of the offer made by the Petitioner -

Upto this time the petitioner had been silent on the subject of the resources upon which he has laid so much stress, but he now came forward with an assertion that there were resources to the amount of 1800 Rupees and begged that the Village might be given to himself and Comaravenkatrauze Ramiah jointly for Rupees 1600 - upon this a Goomastah was deputed from the Hoozzoor, and a strict scrutiny was made into the resources in Company with the petitioner, who in the course of the investigation produced another account by which he purported to shew that they would amount to Rupees 2064 - 5 - 2 but the examination which ensued shewed

shewed that they did not amount to more than Rupees 1569-1-3 which being actually less than the sum offered by Comaraiyr Ramiah I confirmed the rent to the last mentioned individual, and rejected the proposal of the Petitioner to be associated with him in the rent, as such an arrangement was repugnant to the wishes of the Ramiah, and as before stated, to the general feeling of the body of Villagers-

8 The Petitioner having so signally failed in proving his assertions in regard to the resources of his own Village, with which as Connected with the Curnamship he might be supposed to have a tolerable acquaintance, it is hardly to be expected that much credit can be given to his assertion that Resources of the whole Purgunah, which was after much care taken & Scrutiny, settled for Rs. 23,853 for Fusly 1256, a sum exceeding the settlement of any year since the famine of Fusly 1211 A.D. 1801-02 will be seen by the annexed Statement, amounted to a sum so far exceeding the Settlement as Rupees 4,5000- [illegible]

possessed the means of proving so monstrous a discrepancy he would assuredly have come forward at the time of the Settlement, as a proclamation was then issued by me inviting all parties in any way interested in the result of the Settlement to come forward and give any information in their power in regard to any deficiency which they might conceive to exist in the proposed Rents as compared with the resources & intimating that it would be to the advantage of any party so coming forward, if they could make good their statements and save the Circar from incurring loss. The petitioner never came forward at that time, nor did he when Summoned to appear in consequence of his Subsequent petitions to me, but purposely absented himself, and it was not until the 5th November 1846 that his appearance could be obtained - In a deposition taken before the late Acting Collector on the 29th January last, he has admitted that he is unable to prove the contents of his several petitions that he never made any Representation to me regarding the deficiency of Rents at the time of the Settlement, and that he was

Sir,

From the Collr of Guntoor - - - Para 1 With reference to the 2d para of your letter of the 14th June, and to my letter dated 31st July 1846, on the subject of Remunerating the Village Police, I have the honor to submit for the con=sideration of the Board the accompany=ing Statements Nos 1 and 2 shewing - Submitting two statements Nos 1 and 2 for the two Talooks of the Palnaud, shewing the present emoluments of the Kurnums and the change recommended.

the present emoluments of the Kurnums and the change that I think it would be desirable to effect - If the principle be adopted, I consider it still more desirable for the Guntoor Circar, and similar state=ments shall be prepared for the latter so soon as the sentiments of the Board are known

2 It will be seen that the Kurnum's emoluments at present consist of Enam lands paying Quit Rent, Sullagalu or fees in grain, which they collect from the Ryots originally at so much per Poolly of grain, as per estimated Crop, but more in some cases

at

at a fixed rate per acre. Various
Commission from Mutchulka Ryots
half a rupee on each loom, present
Marriages and some other sources

3 The system of remuner
=tion by Enam lands appears to
been recommended under the Nat
Governments by several considera
It appears, tho it is not really, le
expensive. Under Native Governme
salaries were always liable to be
tassed in the channels thro which they
paid, and to be paid irregularly and
ject to render village functi
aries to a great degree independent of
the Superior Officers. But these advan
tages do not exist under our Governme
and on the other hand, Service Inams
in principle objectionable for the following rea

4 The value of the remuneration is liable
constant fluctuations from the season, price, diff
of procuring tenants and other causes and
its real, is usually less than its nominal
Service Inams present
great temptations to fraud in the
of encroachment on Sirkar lands, and

changing

changing the Inamium field for a better
one and this temptation is greater in the
case of Kurnums than other Enamdars
as they have in their own hand almost
the only means of detection, the village records.
They are always held
as family property, and notwithstanding
the Regulations to the contrary, the emo=
=luments of office are continually diverted
from their proper object, to the maintenance
of the rest of the family. Shares of the Enam
fall into the possession of widows or others
who are unable to cultivate them, and the
result is that both the due remuneration
of the office is not received, and the Sirkar
rent falls into arrear. Constant family
disputes takes place and occupy the time
and attention of the Kurnums, and claims
to the office are continually put forward.
Lastly, there is this general objection
against all Inamyam lands, that their
management requires part of that time, and attention
which should be wholly at the Command of Government.

5 The other methods by which
the Kurnums emoluments are made up
are likewise objectionable. The levy of fees
in

in grain from rayets is a fertile source of disputes and mutual annoyance and it is difficult to perceive why the Kurnum should in any degree be permitted to be in the pay of the rayets-

6 The natural result of in=adequate and irregular pay is to produce ill qualified and careless Servants- Under the present system the office descends as family property, and there is little fear of losing it from personal disqualification

7 It may perhaps be thought that such a change as I am advocating is to be deprecated, as a departure from the village institutions of the Country tending to infringe their self preserving and independent character- The answer to this objection has already been given- Such institutions however wisely adapted to the exigencies of Native Government, are unnecessary under the British Government which proceeds on altogether different principles-

8 The following are the principles on which I propose to remodel the Kurnum establishments- All the present Crums are to be retrenched and incorporated with the Sheroy lands- They are to be prohibited from demanding from the rayets, fees collections, or presents on any pretence whatsoever- The number of Kurnums in each Village is to be not less than two, because if there be only one, inconvenience may frequently arise from his death, sick=ness, absence, and other causes, and while one may be required at the Tahsildars Cutcherry, one is needed in the Village to assist the Village Moonsiff, and for other purposes- In some few large Villages 3 Kurnums will be allowed, and in still larger villages which comprise different hamlets at some distance from one another, 4 are considered desirable-

9 The pay I propose to make partly fixed and partly fluctuating, each Kurnum is to have 3 Rupees per Month and Commission at 2 per cent on the Collections of the village, to be shared equally by the Kurnums- This Commission is to be calculated on the preceding year, and to be paid Monthly along with the fixed pay-

10 The advantages of a partly sliding scale of pay appear two fold- It adapts itself to the fluctuations in the labor and

The Rayets will be relieved from an annual
charge of Rupees 6008-6-8. and there will
be an increase of charge to the Government

Sir,

From the Collr of Nellore - - -

Submitting explanation to the complaints in the Petition Board's No 25 of 1847 and Government No 1652 of 1847 presented by certain Inhabitants of the Nellore District.

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 20th December

Board's No 25 of 1847
Govt No 1652 of
returned

1847 forwarding Petition from Coderoo Reddy Nursa Reddy and Venceta reddy of Penn Reddy pollium in Nellore for such observations as I may desire to make. In reply I beg leave to forward the Depositions of Coderoo Reddy and three Persons answering to the name of Nursa Reddy and one to that of Vencatareddy who all declare that they know nothing of the Petition in question which they did not present and as four of them can neither read nor write the signatures to the Petition cannot be theirs. The circumstance of Bundy Nursareddy alone being able to write is confirmed by the Dittum Accounts and other papers in my office.

well to the authors of this Petition and the writing might possibly be identified but as such unravelment might cause excitement and unsettle my Cutcherry and prove more detrimental than advantages to the interests of Government the best course appears to be to treat it with contempt regretting that there are persons ranking as respectable who can lend themselves to such false and malicious statements setting aside the crimes of forgery to which it approaches. It is to be hoped however that two connections which have lately taken place in the Nellore Court; one of a Goomasta of the Moodiapherry District Cutcherry who was sentenced to receive one hundred lashes and four years imprisonment and one of a Brahmin named N. Ramaswamy connected with the Carnatum of the Goveravarum Village who was detected in forging a Vacalutnamah for the obtaining of some money from my Treasury and who was sentenced to a still heavier punishment will deter Persons from trifling with this species of crime which is too common among the natives generally.

My

3. My Sheristadar who is equally with myself included in this unwarranted attack is a servant of 40 years standing ten of which he has been a Sheristadar. When Rama Row my late Sheristadar went to Madura I had applications from servants in six Districts for the situation among which were ones from the Sheristadars of Masulipatam and Vizagapatam. After communicating with the Collector of Masulipatam, I applied to the Board for that Sheristadar but that as having been objected to, I then applied to the Collector of Vizagapatam for the character of my present sheristadar V. Venkatrow which being favorable I applied for him and the nomination was sanctioned by the Board. I had never seen or known the man and had no communication with him but simply as applied for him as being a man who though a native of Cuddapah had been employed in the District and was acquainted with its management and the habits of the people and I have been in no way disappointed as stated in my letter of 19th Nov. 1844.

4. With respect to the dispensation of my patronage I do not believe there are many

many persons in this District who will not bear testimony to the general fairness of it, indeed it has principally been applied to general promotion and to provide for the servants and Peons who were thrown out of employment by the abolition of the Sayer Duties, and the fact of the promotion of a servant of 29 years standing being objected to because he was employed under the Sub Collector shows how hard the authorities of the Petition were pressed for any thing to find fault with the due performance of my duties and the protection of the interest of Government have undoubtedly required a few breaks in an Establishment by far too closely cemented together by relationship and family connections and I have no reason to be ashamed of any of my selections. Neither of the Servants named by Petitioners ever had any opportunity of professing my confidence M. Streenevasiah whose statement of services I beg leave to forward came originally from South Arcot to Major Handley under Mr. Grant by whom he was appointed as Naib Sheristadar. He was afterwards removed by me to the District and

and last his situation in consequence of its abolition. As thus he had a claim on me and is an excellent Shasildar I took advantage of his services when I lost a Shasildar who left this for Tanjore and his Talook this year is superior to all in the District as regards cultivation and Cultivation and he has been most usefully engaged in co-operating with the Civil Engineer for the removal of obstacles to the improvement of the works of irrigation which have for many years attracted attention and their utility admitted though never brought to bear. The second man named N. Lutchmenursimloo I obtained from Mr. Anstruther Judge of Rajahmundry and beg leave to forward his character. He is what I required "an efficient hard working man independent of the interests prevailing in the Office to act subordinately with those under whose superintendence he is required to perform his duties."

My friend,

I always meant to write to you in discharge of a duty I think myself bound to, Viz to state my opinion of the character of the Public Servants I have so long been connected with.

I consider that your appointment to high Office in Nellore is well deserved by you and having been effected by Mr. G. A. Smith whose long acquaintance with every man and event connected with this zillah is so proverbial that it is doubly honourable. I think your appointment reflects credit on this Court too as it is honourable to any Court when such Gentlemen like Mr. Smith and Mr. Prendergast &c. resort to it when they want to find able and upright men. I shall be very glad to hear of your having the wisdom to be honest and of your welfare consequent thereon.

I trust your honor to be kind to my good old horse.

From the Sub. Collr. of Cuddapah. } Para 1.

Reporting on the subject of the accompanying Petition No. 1569 of 1847.-

In reply to your letter of the 23d Ultimo calling for a report on Petition No. 1569 of 1847, I have the honor to inform you that the Motaudys' Enams Cr. 10 — 1 — 12½ Meerasi Enams Cr. 9 — 3 — 3 of Bogole and Co Modeenpooram are entered in the Pymash and Enamaty accounts of Fusly A.D. 1220 1810/11. in the name of Ankaloo, the Person mentioned as Defendant in the petition, he together with his son Goaravadoo have performed the duties and enjoyed the Enams up to

to Fusly 1253 1843/44. when the Petitioners preferred a Complaint before the late Sub Collector Mr. Knox, stating that Defendant Ankaloo did not give them their proper share in the Enam he referred the Case to the Tahsildar before whom the Parties came to a settlement between themselves which lasted till Fusly 1253 1845/46. when the said Ankaloo laid a Complaint before the Collector Mr. Cochrane stating he had not willingly signed the Razeenamah and prayed that as the Enam was in his name in the accounts it should be given over to him for his performing the duties. The Collector called for the Documents and on Proceedings in the Case and decided that as there was nothing to show that the Petitioners had any particular share and as the Enam was for service performed and in the name of Ankaloo he / Ankaloo / together with his son should perform the duties, and as the Board of Revenue on objected to such Enam being subdivided, the Petitioners claim should be dismissed.

From the Agent to the Governor at Kurnool

Sir

1. I have the honor to submit the report required by the Board in their endorsement dated the 30th. Ultimo on the petition

Reporting on a Petition presented to the Board by one Polemara Venkatreddy.

Fort St. George 27th. January 1848.

No. 1994 of 1847. Petitioner Polemara Venkatareddy.

petition noted marginally, which was presented to me by the Petitioner himself a few days ago.

2. About the middle of July 1254 the Petitioner applied to the Assistant Agent to be put in possession of half an Enam ground then in the enjoyment of one Polemara Veeranna alleging that he had a right to it - by family descent.

3. The Assistant Agent appears to have handed the claim over to the Amildar with orders to get it settled by Punchayet, about two years afterwards a Punchayet was convened who passed a decision on the 1st. April last which Decision was confirmed by the Assistant Agent on the ground that no charge of partiality had been preferred by either of the parties and that the decree seemed to him to be just.

4. Early in August the individual in possession of the Enam appealed to me, on which I went into the proceedings.

5. On a consideration of them I found that the Petitioner to your Board had based his claim on an alleged Meerasy enjoyment of the Enam by his grand father 40 years ago asserting that under the existing

but distant relationship between himself and the then occupant Polemara Veeran: na, he was entitled to a half.

6. The Punchayet decided that he was entitled to one third but this decision appeared to me on a review of it and the papers concerning the matter to be most partial and one sided, and I therefore deemed it my duty in strict justice to decline ousting the occupant. For instance, they have taken up as a ground against the occupant as that his Mother some years ago gave a deposition before Mr. Blane acknowledging that the Petitioner to your Board had a right to share in the Enam, supposing that such an admission could be held of any validity against her son, the head of the family, I could not trace the deposition in the Office records, and the fact, I observed, had been assumed merely on the hearsay assertion of the claimants witnesses.

7. The Punchayet also went upon the circumstance of the Defendant having himself given a deposition before them, acknowledging his readiness to restore what

what was claimed by the Petitioner to your Board. This deposition, however, was not forthcoming in the papers they had sent up, the Defendant strenuously denied having made any such acknowledgement, and it was sufficiently obvious to me that had it been true there would at once have been an end of the Punchayet who might have closed the proceedings with the Voluntary transfer of the portion of the Enam defendant was, as they pretend, ready to restore.

8. The claim as it came before the Punchayet was a very simple one. The grandfather of Plaintiff was said by him to have held the Enam 40 years ago jointly with a brother, Mooselreddy - to have emigrated leaving Mooselreddy in sole possession - to have died abroad leaving a son who demised under similar circumstances (when Plaintiff (now man of 45 years of age) was a child. Plaintiff returns to his Village and finds the defendant holding the Enam. He admits that defendant is a descendant of his Grandfathers brother Mooselreddy and, as I see the case had under such circumstances, only to prove that

that notwithstanding the emigration 40 years ago, his grandfather and Mooselreddy had never divided their family property. That point established and beyond a doubt the onus of proving it lay with Plaintiff: he might with justice have been installed in possession of the share he claimed:- but no attempt even was made to shew that the relationship stood as represented by Plaintiff, whilst the Defendant on his part gave a very different account of it and of the mode in which the Enam came into his possession and long uninterrupted enjoyment.

9. Further there was nothing whatever before the Punchayet to shew that the Plaintiff was any relation to the Moosalreddy whom he claimed as his great Uncle and as the family of Defendant had at the very least (taking Plaintiff's account for correct) been in possession of the defendant and his ancestors for 40 years, it struck me that it would be rather preposterous to sanction his being ousted under an award which afforded so much cause for suspicion on grounds which did not apparently occur

occur to the assistant agent, who took for granted what was declared in the written decision without referring to the record on which it was passed.

10. Should it have been the Board's intention to require from me a report regarding the closing part of the Petitioner's address wherein he complains of my causing him to be beaten &c. &c. I can meet such impertinent falsehoods only with a denial.

11. It is possible that having in person in open Cutcherry given him an answer several times I have refused to hear any thing more from him when I found he was pertinaciously repeating day after day what I had frequently heard and replied to; and I may also have directed that he should not be admitted to my room in the Cutcherry; but I cannot recollect that even this much ever took place in respect of the Petitioner whose address I beg to transmit enclosed.

From the Collector of Chingleput ... } Sir,

Affording information regarding the Shrotriem Village of Holady.

} Para

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 13th Instant, and to state for the information of Government that no Summud or Turmanal is forthcoming for the Shrotriem of Holady it having been lost many years since. It appears from a list of Shrotriems forwarded by the Board of Revenue in 1798 that the Villages of Wanagadam were granted to Ramiah Sea Gate Comeapoly and such List sent to the Board in June 1800 when that the two Villages were granted to

Wallajah and that it was an hereditary grant and was then held by the grandson of the original grantee.

Colundaramiah Balakistnaiah.

2. These Villages are entered in the Register of Shrotriems granted for services rendered to the State and were registered in 1845 in the respective names of the present incumbents who are the great grandsons of the Original grantee.

Sectaramiah Gowramutah.

As all Shrotriems are subject to the payment of an Annual Peishcush to Government, they are liable, by the terms of grants of a similar description, to be resumed in default of payment as well as on the failure of heirs.

Extracts from the Sate prepared by me in Para 1 are herewith forwarded for the information of the Board and Government.

Ordered that the foregoing letter be forwarded with the following address:-

To The Chief Secretary to Government.

Sir.

To the Chief Secy to Govt. Submitting in reference to order of Government of 13th 1818 of 1847 a letter from the Collector of Chingleput respecting that no demand is forthcoming and recommending to resume the forfeiture

I am directed by the Board of Revenue to acknowledge the receipt of an Order of Government dated 4th December last No 2318 requesting to be furnished with the summonds under which the Shrotrium Village of Kolady in Chingleput is held with some information respecting the nature of the grant and of the authority under which it is proposed to resume it.

2. In reply the Board instruct me to forward for submission to the Most Noble the Governor in Council the accompanying letter from the Collector of Chingleput dated 22nd Ultimo, from which it will be seen that no summond of Purwanah for this Village is forthcoming. Mr Freese however forwards Extracts from two lists of Shrotriums prepared in 1796 and 1815 in both of which the Village of Kolady is entered as a Shrotrium, subject to a fixed Quit rent

and he states that all Grants of this nature are liable by the terms of the Summonds under which they are held, to be resumed, on default of payment or on the failure of heirs.-

3. With regard to the authority under which it is proposed to resume the Village in question the Board would observe that, in a letter from Government dated 1st December 1827 para 3, it is distinctly laid down "that the virtual condition of every Shrotrium is that on failure to pay the rent at which it is declared to be held, it is liable to resumption and forfeiture." This course has been followed in numerous instances, and in the case under notice, a similar measure appears called for, as the Shrotriumdars have withheld the Government demand with the intention of forfeiting the grant, in consequence of it being unprofitable to them - through their disputes with the Peerazadars.

In Con. 10th Nov. 1827 No 2891. Vide also letter from Govt. dated 25th October in Con. 4th Nov. 1833 No 1173.

Sir,

From the Acg. Collector of Salem.

North Arcot.....

I have the honor to acknowledge the receipt of your letter dated 7th October last with a petition from Goolam Hoosain Khan on the subject of the non payment of his allowance from the family pension granted to Roostoom Ally Khan, and requiring a report on the circumstances referred to.—

Returns Petitioner's Rpt. 18 7 1847 with a report on the subject of the non payment of the Petitioner's allowance from the family Pension granted to — Roostoom Ally Khan.

2. It appears the Petitioner is half brother by a Sicka Mother, to Roostoom Ally Khan he receives a pension from Government of Rs. fanams 10 — 8 per mensem for the support of himself and family. On a former dispute arising between them, Roostoom Ally Khan granted the petitioner in the year 1834 an allowance, from his above pension, of Rupees 24 — — per Mensem, the latter shortly after complained that it was not paid and a Takeed was addressed to the pensioner by the then Collector requesting him to continue it. But on a similar claim being preferred by the Petitioner some brother Roostoom Ally Khan in 1838 Mr. Ogilvie on

Reported

To B. of R. Nov. 1838

reported that Roostoom ally Khan had declared "that he would maintain every Member of his "family with propriety and the usage of the tow "try provided they would reside under his roof "but if they object to this he must decline relieving "them in the manner they propose"; and the Board thereupon observed "the allowance drawn by the "Head of the family of the late Sagluredar of "Malapandy is a life allowance ceasing with "the incumbent, unless partially or wholly re "newed to the next heir at the pleasure of Go "vernment. It was of course intended that this "sum should be allotted for the support of all "the Members, but if these r[illegible] themselves from "the control of the Principal Member and live "independently from him, the Board will not "interfere in obtaining a separate provision for "each, and they desire that Banka ally khan "be so informed". The pensioner states that "other demands on him and the high prices of provisions compelled him to reduce the above stipend. The brother referred to in the above order of the Board, it is stated, now receives an allowance of 15 Rupees per Mensem "from the pension and if the claim of the pe "titioner to the above sum of Rupees 24 "per Mensem be admitted there would remain

From Bd. 15th Nov. 1838

remain but Rupees 27-10-8 to Roostoom "ally Khan for the maintenance of himself "and the other Members of the family.-

Remarks -.

The revenues were rented under a ten years lease until Fusly 1230. the two following Fuslies 1231 and 1232 are understood to have been years of unusual prosperity the seasons having been favorable and at the same time the prices of Grain sufficiently high to afford the cultivators liberal returns for their produce. In fusly 1233 the reduction of 12½ per cent was made in the assessment and in fusly 1234 the Maniems and Meerah were restored to the Monigars and Curnums who until then were paid in Cash, which measure with the restoration of five Pallams in Fusly 1235 and 1237 occasioned a decrease in the land revenues to the extent of about two Lakhs of Rupees.

The revenue does not appear to have been progressive or retrograde to any considerable extent but the fluctuations which have occurred appear chiefly attributable to the seasons and the state of prices. The assessment in some cases is fair and equitable and such as the land can very well bear but in others it is not so. The rates on some of the lands being so high as to render their cultivation impossible. It would not however be right where valuable lands are left waste to attribute it always to the highness of the assessment. The anxiety of the Monigars and other influential ryots to exclude strangers is well known and there is no doubt that their opposition to the cultivation of the waste lands in many cases is very effectual. So long as the land remains waste, it serves for the grazing of cattle; and the advantages of Manure, water &c. connected with it can generally be made available elsewhere. It is hardly to be doubted that the

Remarks

the ingenuity of the cultivators has been exercised in some cases to divert the water from the more highly assessed Nunjah lands to those held on a more favorable tenure and that the value of the latter has been thus enhanced to the injury of the former.

These causes with the high duties until lately imposed on most descriptions of Indian produce appear sufficient to account for the land revenues remaining stationery, on the other hand there has been no extensive improvement in the works of irrigation in this District from which any addition to the revenue might be looked for, those works which appear to have fallen out of repair during the many years of disorder, which preceded the assumption of the Management of the Country by the British Government, remain for the most part still in the same state but the capaciousness of the tanks in use must have been rather diminished than otherwise by the accumulation of Silt in them during so many years.

To the Chief Secy to Govt

Sir,

In transmitting the accompanying Statement from the Acting Collector of North Arcot, shewing the annual Revenue drawn from the land in his district during the last 30 years, or from 1815 to 1845, I am directed by the Board of Revenue to state, for the information of the Most Noble the Governor in Council, that the requisition of Government, contained in Extract from Minutes of Consultation dated 3d August 1846, has now been fully complied with.

From the Collr of South Arcot.

Sir,

In returning the two Petitions noted in the Margin addressed to Government by one Davana vagum containing the Endorsement of the Board and Government requiring me to report on the subject therein mentioned I have the honor to state, that the Cnam is partly of a religious and partly of a charitable tenure as more fully shewn in the Memorandum, enclosed in my letter* to the Cvo Board. The items Nos 1 and 2 appearing as per Cnam accounts to have been attached to a Ramanoojacoolum institution according to the sentiments of the Board no further notice appears necessary as long as the proceeds thereof are appropriated to the purpose for which it is intended. The Board having Cvo expressed their opinion that the other Cnam Cvo should be looked upon as lapsing to the state on the death of the occupants now in possession. I think it would be inexpedient to permit the Petitioner to seek redress in the Civil Court respecting his alleged adoption.

From Coll.r 24th Jany

B.d's Pro: 26th Feby 46

Ordered that the foregoing letter together with the correspondence Noted in the Margin to which it relates, be laid before Government with reference to their endorsements on Petitions Nos. 1244 and 1506 of 1847.

2. It will be seen from these papers that the Enam moiety of which is claimed by the Petitioner consists partly of a religious and partly of a charitable grant, that on a dispute arising in 1840 between Rungiah the alleged adoptive father of the Petitioner and his brother Gopauliah in regard to the possession of the Enam, the matter was inquired into by the Head Assistant Collector of South Arcot under the provisions of Regulation IV of 1831, and that eventually one half of the disputed Maniem was made over to the former under the authority of Government on the death of that Individual again, the right of succession to his share of the Enam was claimed on the one hand on behalf of his grandson, and on the other by the Petitioner, each stating himself to have been adopted by the deceased incumbent. The Collr however after an enquiry into the Matter, registered the lapsed Enam, in the name of the deceased 2d wife leaving the contending parties to establish the right of the disputed adoption in a Court of Law.

3. Under these circumstances the Board are not aware that the interference of Govt is called for in Petitioner's case. His title, as above shewn rests on an alleged act of adoption, and it will be for him to prove the fact before a competent Tribunal, according to whose decision of the Matter the question of succession to the Enam may then be disposed of.

From the Coll.r of South Arcot

Forwarding Extract from the Retrenchment made by the Civil Auditor on the accounts for Fasly 1253 with replies thereto and for Fasly 1264 regarding the Charges incurred on account of the Frontier Sayer Establishment & soliciting explanation thereon and requesting to obtain the sanction of Government for the same.

Rec.d 25th Janry 1848.

Sir,

Pawl

In forwarding transcripts of two Extracts from the Retrenchments made by the Civil Auditor on my Accounts for Fasly 1253 / 1843/44 with my replies thereto and for Fasly 1264 / 1854/55 regarding the Charges actually incurred on account of the Frontier Sayer Establishments I have the honor to offer the following Explanation on the Charges of the two Fasly years respectively

+ Amount of retrenchment in Fasly 1253		1070-15-9
Do. — Do. 1254		4314-15-3
		5385-15-0

tho' the amount of retrenchment No 1 is included in No 2.

In the Board's instruction dated 1st April 1845 No 2

it is directed to abolish from 1st April 1845 only the several Inland and Sea Sayer Establishments and to retain the Frontier Establishments in this District as it then stood. From this it is obvious that the latter Establishment as formerly sanctioned was not to be done away with such being the case, the charges incurred in Fasly 1253 — from

Fort St George, 27th January 1848.

from 1st April to 30th June 1844 amounting to Rupees 1070-15-9 were distinctly shown in the annual accounts furnished to the Civil Auditor, and I am not aware of the reason why that Officer should deem a fresh sanction necessary for them-

3- As regards the retrenchment No 2. I beg to state that the Frontier Establishment was retained during Fusly 1254 with some modifications upon the sanction of the Board until the revised list of establishment was sanctioned by Government at Rupees 581-0-0 per Mensem or Rupees 6972-0-0 per Annum. The Board in their letter conveying the above sanction to me, stated clearly the manner in which it should be carried into effect as shewn in the Margin. In accordance to which the Frontier Establishment was paid up in Fusly 1254, and the new sanction was carried into full effect from the commencement of Fusly 1255 - From the retrenchment No 2 the Board will perceive that the actual charges incurred on account of the Establishment amount to Rupees 6191-10-5 which is less than the sum intended or sanctioned for this Establishment by Rupees 780-5-5. Notwithstanding this decrease and the Explanation above given, the Civil Auditor still insists upon a fresh sanction of Government-

The Servants kept up in the Town of Cuddalore for stamping weights and measures had been entertained long before the Establishment of the Inland Sayer in 1803 but the Collections of Fees as well as the charges on that account have been carried under the head of Sayer Revenue for a considerable period. Consequently the charges of the above Establishment also incurred in Fusly 1254 amounting to Rupees 107-13-0 have been retrenched by the Civil Auditor along with the Frontier Establishment, this the Government appears sufficient for that purpose-

Under the foregoing circumstances I beg to submit herewith three Statements, one shewing the amount actually paid to the Establishment of the Frontier Choukies as well as that of the Clerk of the market in Fusly 1253, from 1st April to 30th June 1844, the other for the frontier Establishment in Fusly 1254, and the last for the Establishment of the Clerk of Market at Cuddalore in Fusly 1254 amounting in the aggregate to Rupees 5385-15-0 which is the sum now standing retrenched and request you will be pleased to obtain the special sanction of Government for the same at your earliest convenience-

I also request that the sanction of Government may be procured for the continuance of the Establishment of the Clerk of the Market at Cuddalore for Stamping weights and measures for the reasons stated in the Column of Remarks in the Statement No 5

The required Copy of the letter from the Board of Revenue is herewith forwarded No 1 The last item of Rupees 28-15-3 was not disbursed either on account of the Frontier or Inland Establishment. As the duty Collected for Stamping new weights and measures prepared by the Merchants in lieu of the old and unserviceable ones in the Town of Cuddalore has been for many years usually credited to Sayer Revenue under Inland duty the charges of the Establishment on that account are debited under the head of Sayer Charges Vide General sanction dated 13th July 1837-

In reporting on this Enaam the Collector begs to observe that in the absence of the original title deeds it is very difficult to ascertain the precise terms of the Grant. The Mahazur now forwarded exhibits the name of the 2nd Son of the original Grantee but on looking at the Rymash and Enaam Jemmabundy accounts, the name of Vencatachary the Nephew of the original Grantee appears to have been entered, which individual is said to have died 10 years ago leaving a Son by name Seeneva[illegible]achary who also died 8 years since without issue. The present Claimants who are only the surviving members of the family, appear to be grand and great grand Sons of the brother of the original Grantee Though the Claimants have no proper title deeds in support of their Claim they being in a destitute Condition and entirely dependent with their family on this income — they seem to deserve the favorable Consideration of Government. Under these circumstances the Collector begs to recommend the renewal of the Grant in the names of the two Claimants during the pleasure of Government and subject to any future general revision of the Enaams.

Proceedings thereon.

From the Statement which accompanies the foregoing letter it appears that the last holder of the Enam of Singampoorum died 10 years ago, leaving a son, who also died without issue 6 years ago. The Board are desirous of being informed whether the Enam in question was resumed on the occasion of the last lapse and if so, why the present applicant

Fort St. George 27th January 1848

have delayed so long to bring forward their claims to succession. If the Enam has not been resumed the Collector will state in whose possession it has continued since the death of the last incumbent.

2 The Enam also appears to have passed into several hands since the assumption of the country by the British Government. Mr. Davis will therefore be pleased to state whether it has ever been continued under sanction of the Board or Government and if so he will give the date of such sanction.

From the Asst. Coll.r of Trichinopoly

Sir,

Returning Arudia Pillay's Petition

I have the honor to acknowledge the receipt of your letter of the 21st October last forwarding a petition from Arudia Pillay one of the late Trustees of the Sembookeswarum Pagoda complaining of having been deprived of the management

Fort St. George 27th January 1848.

management of the affairs of that institution and
of the interference of the Government Officers;
also of your letter dated 8th Ultimo with petition
from certain Hindus on the same Subject fo
Report thereon.

2 The Abstract of these Petitions which
have been Conjointly got up by Avadia Pilly a
Village Moonsiff, Ponnambalam Modelly Head
in the Paymaster's Office, both formerly Trustees,
well as the Nazir of Sessions Court, amount
to objections to my interfearing in the manage
Pilly to be superseded and in binding him
over to Security for appearance when required, in my
Capacity as Magistrate.—

3 In this petition Avadia Pilly observ
that in the year 1845 "the Hindus assembled Conf
"ably to the Board's Sanction and diametrically
"opposed to their order they Conferred the rem
"of the two deceased or certain other individuals
It appears then that some two years back the
was supposed to exist a cause for Complaint

to do not being in the District and the act whatever
it was appearing the result of a meeting of the Commu
nity who had them as they have now the undoubted
right of appointing and removing whom they please
from the management of what alone concerned
themselves and if any Money has been "dispayed
frivolously in various expenses," as there stated, by
any party are parties either in that Year or this,
It is needless to remind any one that the Civil
Courts are open. The only manner in which I have in any
degree issued instructions or interfered in the
arrangement of the Pagoda in question had been as
Collector in directing the property which Avadia Pilly
stated his willingness to give over to one who he knew
could not take it, to be delivered over to the newly
elected Trustees whom he knew ought to receive it
And as Magistrate in directing the high road
not to be stopped up for Avadia Pilly had possessed
himself of the keys, and the gates being closed,
those who lived within the precincts of the Pagoda
could not get egress, nor those outside admission
to the Pagoda. It was not even in the power
of all the Trustees to close the gate day and night

against

against the wishes of the Community, much less of a single individual and the ejected from the Office. The object was doubtless to annoy the community who has shewn their desire to elect another Trustee but closing the gates and introducing when required, the Peons of the Sessions Court by the Nazir were sufficient to induce me to direct the removal of the nuisance. The removal of Avadia Pillay is a matter vested entirely in the Community and I cannot in any way interfere in the matter.

4 I received a communication from one Rungasawmy, Clerk calling himself Acting Secretary stating that the late Trustees appointed in 1815 had in several instances misconducted the affairs of the Pagoda and that they had resolved to hold a General Committee and requested I would stop the payment of the Monthly allowance for a week, the week being over and no report having been received I paid the money as usual and then communication was then received requesting the same to be stopped for another fortnight, but that there appeared no necessity for such a measure, and for that to say to this no Report has been made on the subject now do I believe there ever existed the least intention or attempt to make a

examination. Avadia Pilly and Poonmuniabanu Moodelly being two of those Trustees.

5 The extent of my interference or proceedings as Magistrate is given in detail in my return to the Precept of the Sessions Court dated 31st August last, whatever claim Avadia Pillay might consider he possessed over the property of the community, he could have none to lock up the gates and thus keep the People from entry and those that lived within the gates from egress and it was my particular duty to see any such nuisance which might have led to a breach of the Peace removed. The demand for Security was deemed necessary as there was at the time a very chance of Avadia Pillay decamping with the keys and even the property, but with reference to the inconvenience he pretends to have suffered thereby it is as well to mention that up to this day he has not found competent persons to come forward for him yet the Sum I have demanded as Security is how for default. He has also observed that being a great sufferer by gout, he is likely to lose cultivation by being sent for to this Office, but seems to have omitted all mention of his trip to Madras and the time he has resided there.

6 Avadia Pillay had laid the subjects contained in his Petition to the Board before the Sessions Court of Trichinopoly and I observe by a more recent Petition dated No. 2015 has submitted copies of the Precept with my return thereto but has very naturally omitted to submit any copy of the Proceedings of the Sessions Court upon the same dated 8th of September which omission I now supply. The general character of the Nazir of the Court is easily discerned therefrom and every thing has gone on most quietly since his dismissal, there has not been the least difference of opinion in any

any of the other great Pagodas and it was not likely the Community wished to retain a Man as Trustee who could introduce the Nazir with his armed Rons whenever such might suit his purpose The Petition No. 1866 received from the Board will shew the opinion of the great body of the Archakarers Manikars and other Officers of the Pagoda the Merchants and principal inhabitants entertained of Avadia Tilly Pummumbalum Moodelly and the Nazir. They mention the first of them having proceeded to the Presidency where probably he is now living

7 I beg to submit two original addresses [4 and 5] being the Memorial and Proceedings of the Community dated 1st Instant received from the Chief Inhabitants of Trichinopoly making such further charges as were called for and which form my authority for handing over the Monthly allowance I am unwilling to interfere any further but I am bound to observe that the responsible persons therein recorded –

8 Original Petitions Nos. 1685 1866 1874 1951 2102 2103 and 2115 with their several enclosures as received from your Office are herewith enclosed as also for the information of the Board No. 1 communicating to me the information of a General Meeting about to be held in June last No. 2 reporting the result and Resolution of the meeting held on the 6th of June 1817 in the Pagoda of the Rock Fort and No. 3 dated 5th June conveying information of the appointment of Trustee in lieu of the one resigned. I request the above may be returned at your convenience

Resolution passed by the Native Community at the General Meeting held on the 1st December 1817 in the Rock Fort at Trichinopoly.

On the 6th June last a Meeting of the Respectable Native Gentlemen was held to make necessary arrangements as to the due performance of the affairs of the Sembooca swamy Pagoda and the result was brought to the Notice of the Collector on the same date,

As Sambaseven Pillay one of the Managers of the said Pagoda resigned his appointment and as Sathasivah Iyan who had been made a provisional manager expressed his wishes to be removed from that office the Community have appointed K Veeraswamiah in the room of Sambaseven Pillay giving him authority to Conduct the Business of the Pagoda in Corporation with the other Managers

K

It is further resolved that the Chairman Rungaswamy Iyengar and Veeraperumal Pillay be removed from their appointments as they became opposers of the proceedings of the Community

No 6.

Extract from the Proceedings of the Sessions Court of Trichinopoly under Date the 8th September 1817.

Read again petition presented on the 18th August 1817 by Swaminadha Pillay one of the Managers of Sambooswamy Pagoda of the Valgoody Talook

Read Return dated 31st August and received on the 5th September 1817 from the Acting Magistrate of Trichinopoly to the Extract from the proceedings of the Sessions Court dated the 2d instant forwarding the original records held in the matter of Swaminadha Pillay and complaining of what has occurred in the said matter of the Jointroccaswamy Doraistamum while he has done acting in his Capacity as Collector

The Acting Magistrate further remarks on the Conduct of Veeraperumal

Veerapermal & Illay the Nazir of the
Court and proceeds to state that the Con-
tinuance of the disturbance in the Zemin
affairs of the Paustannum is attributable to
him and that to him is undoubtedly owing
the presentation if not actual dictation
of the Petitions to this Court

She above officer goes on manner
to state that Nazir Veeraperumal
Pillay has never ceased from the
commencement to stimulate the par-
ties to resist the Magistrates order and
advice promising the exertions of his
influence to cancel all his proceed-
and in making use of the powers placed
under him for far different purposes
in intimidating the trustees and Members
of the Community assembled in the
Pauestannum itself -

In conclusion he notices
the instances in which the Nazir was
fined and directed to find security to
keep the peace and assure the Court
that he has not the slightest expectation
of being able to arrange the present disagree-
ment or maintain the peace of that
portion of the District whilst Veeraperumal
Pillay

Pillay remains Nazir of the Pagodas
Court & has it in his power to use for his
own purposes the powers of any Judicial
tribunal.

Order of the Court - The Court after the
full explanation afforded by the Acting
Magistrate is so fully satisfied of its total
inability to interfere further with any
advantage and its want of title to
move any further than it has done, in
the matter, that it positively declines
any such further interference as regards
the petition under consideration. But the
circumstances are widely different when
the case of the Nazir is considered, every
sort of indulgence has been shewn to
this Officer and, in fact, it is very doubt-
ful whether that indulgence has not
been carried too far, frequent as are the
notices on record of the Courts disapprobation
of his conduct. But there is a limit
beyond which indulgence cannot be
allowed to go and the present case
seems to present a barrier to further
consideration which cannot be
overleaped without detriment
to the public -

She

Fort St. George 27th January 1818

The Court therefore resolves on the information now before it to suspend the Nazir Veerapermal pillay from his appointment but as the Circular order of the Court of Sudr Adalut of 11th March 1815 provides for a general control in such matters being vested in the Court of Sudr and Foujdary adalut over all Subordinate Courts it gives him 3 Months within which to move higher authority at the end of which period no order received to the contrary he will be dismissed

Ordered that the original record received from the Acting Magistrate of Trichinopoly be returned to him and that an Extract from these proceedings be forwarded to him for his information

I have the honor to acknowledge the receipt of the Board's Proceedings Dated 23d Ultimo directing me to offer any observation that may occur in regard to the discrepancy noticed in the Returns received from the several Districts to the South on the subject of Jaggery produced and Consumed therein.

Reports with reference to the Board's Proceedings of the 23d ultimo on the subject of Jaggery Produced and Consumed

2. The average produce in South and North Arcot, Madura and Trichinopoly does not appear materially to differ from each other, but is a great difference between these Statements and the returns of produce from Tanjore Tinnevelly and Coimbatore. The average Consumption of the last first named districts with Tanjore, may be said not materially to differ in each but a great discrepancy appears when compared with the average produce per Cawney in Tanjore Coimbatore and Tinnevelly and with the average Consumption in the last two. It must be inferable that the average

Fort St. George. 27th January 1868.

average of the whole consumption as it would be, if divided on the inhabitants in those districts, has been inadvertently mentioned for the actual Consumption of the inhabitants. I merely mention the possibility of the oversight because Coimbatoor is like Tinnevelly a sugar and jaggery exporting province, and there must be many thousands who never taste either and very many who only purchase it on feast days.

With reference to the Province of Trichinopoly the average produce per Cawney 3 according to the Statement received from the Talooks varies from 54 to 64 Pounds whilst in the 4 remaining dry Talooks it varies from 69 to 128. The reason given for which is that the dry Talooks are watered from wells yielding a regular supply whilst in the Wet Talooks the cultivation is dependent on Channels which not infrequently are dry, which will of course proportionably tend to decrease the amount of produce on any given portion of land. Reasonable but regular accounts of the produce are procurable, but the rates of produce have been obtained from information given by the cultivators themselves. I have called upon the Tahsildars

Tahsildars to attend carefully to the subject and should any discrepancy be discovered or matter worth Communicating be received - the subject will be brought to the notice of the Board -

From the Collector of Madura - Reporting upon Petition No. 1976 of 1817

Sir,

Proceedings 16th January 1818

Sacal

I am returning herewith the accompanying Petition from the Summiendaikanoor Zemindar referred to me for report by your letter of the 15th July last. I have the honor in the first place to bring to the recollection of the Board that on the 5th December last the late Principal Collector forwarded for their consideration a lease of this Estate granted by their Zemindar to Mr. De Fondelaire, and that in this reply they expressed their opinion that this lease did not afford a valid excuse for the interference of the Government Officers -

2 The Zemindar has since quarrelled with Mr. De Fondelaire, and is desirous of taking the

the Estate out of his hands for which purpose he has notified some time that he has cancelled the lease, and is urgent in his demands that either the Zemindary should be delivered to him or sequestered for the Government arrears.

These questions will be found discussed

3.

with great clearness in the accompanying Report by the Sub-Collector - I entirely agree with him that the Renter cannot be ejected by either the Collector or Magistrate on their own authority - As the sanction of Government was not obtained for renting the Zemindary Mr. De Fondelaire as a Foreigner would appear liable to be disposessed at the discretion of the Governor in Council - I should

Vide Regulation XIX of 1802 -

exertion of this authority as the Board did not make this objection to the lease when it was reported to them, the circumstance of Mr. De Fondelaire's being a Frenchman was mentioned by Mr. Hackburne -

The other ground of ejectment urged by the Zemindar viz his resumption of this lease, which is a mere verbal one, is invalid, because both by Regulation XI of 1816 and Regulation V of 1822, the party in possession is entitled to be maintained therein by the Magistrate or Collector as the case may be

4 It will be seen by Statement B - enclosed in Mr. Clarke's letter, that at the time shewn to the Balance,

Balance against the Zemindary amounted to Rupees
7198-7-5 which has been subsequently liquidated
5 Five Villages which were sequestered for
Balances due up to Fasly 1255 were retained when
those balances were liquidated to secure payment
of arrears which had subsequently accrued for Fasly
1256 and Mr. Clarke shews that had their Revenue
been fairly paid to Government they would have
covered the whole Balance. It was the knowledge
of the resources of those Villages combined with the
conflicting claims of the Zemindar and Mr. Dor
Fondelaire respectively to possession after the
Due by the Pgt 3063-5-0 Balance ceased to be discharged that led me to obtain from
On the Zemindar
Cultivation 1871-6-0 directing the sequestration of the whole Zemindary &c
On his behalf Dr. 593-11-0
Sum appropriated } 6 Five items of arrears due to Government
towards the Salaries } in the 6 sequestered Villages are noted in the margin
of Servants of the
Zemindar 906-8-3 }
Paid by Village
Officers to Zemindar 1811-13-0 } The first 6 of these Items, specified
Fotheram
Chinder } 317-11-10 on demand, are all it appears to me reasonable
by distraint. Regarding the first there is of course no
question. For the 2nd I agree with Mr. Clarke in
considering the Zemindary property liable to
distraint. For the 3d & 4th a part of the Sperumchilly
the land. But the 5th & 6th I do not consider recoverable
by this Process, but from the Village Officers who
made the payment under Regulation IX. of 1822.
8 For inducing the Malangars and Cannon

to

to misappropriate Public money, I think the
Zemindar would be liable to the punishment of
of fraud, if it could be proved that he had received
it, but as he cannot be indicted with the Cannon
under Regulation IX of 1822, and they cannot
as far as I can see be brought as witnesses here,
against him in a separate trial, I fear a prosecution
against him would be unsuccessful - and I have
informed the Sub. Collector of this opinion.

9 Of the total amount of arrears
due from the 6 sequestered Villages Viz.
7630-11-11 it is probable, under the circumstances
above stated, that between 1/2 and 2/3rds will be
collected, and it remains for me to solicit the
instructions of the Board as to the sequestration
of the rest of the Zemindary to procure the speedy
discharge of the Balance which will be still
outstanding.

I should prefer this course if I were
10
sure to whom the Zemindary should be
delivered on the Balances being liquidated.
As the 6 Villages have never been in Mr. Dor.
Fondelaire's possession and the Zemindar has
notified that he has Cancelled the lease, there
would perhaps be no legal obstacle to their

being

being surrendered to the latter. But as regarding the
others which would be taken from Mr. Dorfondaire
Chairs and it appears to me that he might claim their
return when released from sequestration but to
this the Zemindar would strongly object.

11 To avoid this difficulty it appears to me
expedient, that the Government should be
contented with retaining the 8 Villages from the
income of which the eventual realization of
the Balance seems to be tolerably certain. In the
meantime the Zemindar, and Mr. Dorfondaire
will probably obtain a decision on their respective
claims by a Court of Law.

12 As Mr. Clarke's report will put
the Board in possession of his general proceedings
against the Zemindary I have only to add that he
committed the Zemindar for trial before the
Criminal Court on a charge of forgery for a supposed
fabrication subsequently to the lease of certain Cowles
dated prior to the lease. The Zemindar was
acquitted but there seemed to have been good
grounds for the Committal.

13 In conclusion I beg to enclose a petition
addressed to the Government which the Zemindar
has requested me to forward to the Board.

Madura
12th November 1847

Signed R. D. Parker
Collector

To R. D. Parker Esqre
Collector of Madura

Sir,

In reply to your letter of the 2d
Instant, calling my attention to your communi-
cation of the 2d June last, desiring to be
informed of the means I intend adopting for
the recovery of the balances outstanding against
the Zemindar of Ammanaickenoor, I have the
honor to state that the balance due on the 20th
Instant, by the estate, was Rupees 7,068-13-10.

2. At the time of assuming
charge of the Sub Division, the balance
amounted to Rupees [illegible] and on its
successive increase as the kists fell due, I
should have recommended the immediate
sequestration of the whole of the Zemindary
but for the following considerations.

3. The Zemindary had in the
Month of November 1846, been rented to
Mr. Fondclair, for a period of 11 years and
Mr. Fondclair, placed in possession of it.

4. The conditions on which
Mr. Fondclair holds the Zemindary, are
the payment of the Peshcush to the Collector
accompanied by the Trasalnamah, and an
angie from the Zemindar and of 2000 Rupees
annually

annually to the Zemindar, the disbursement of 500 annually on Maramut repairs, the settlement of the Zemindar's debts, and the liquidation of the arrears of the Zemindary. The Zemindar on his part assigning to Mr Fondclair the Zemindary and all the sums due in it.—

5. The conditions had been acted up to by the renter who had paid 11,000 Rupees to the holders of Court processes against the Zemindar, and 4193 for two kists.—

6. The Zemindar relieved by the payment made by Mr Fondclair from the pressure and annoyance of his creditors and acting under the evil advice of those who desired to make a profit of his delinquencies, in order to render void his contract, and defraud his present, as he had too often succeeded in defrauding his former renters, raised a most absurd and unwarrantable objection to the granting Mr Fondclair the Irasalnamah and arzee without which, he concluded no payments made by Mr Fondclair would be received, or acknowledged by the Collector, as it formed one of the stipulations of the agreement, that the payment of every

kist

kist should be accompanied by such documents.—

7. The plea on which the Zemindar refused to grant the Irasalnamah &c was that Mr Fondclair had not furnished him with a security bond and securities according to his promise.—It will be seen by reference to the agreement that in none of its articles is any mention made of a security.—

8. In a personal conference I had with the Zemindar I endeavoured to shew him the unreasonableness of the grounds for his declining to grant the Irasalamah, but he continues to persist in his refusal.—

9. The object the Zemindar had in view, has evidently been to attain possession of the Zemindary, and this end he strove to attain by throwing difficulties in the way of the payment of the Peshcush, and of the realization of the revenues of the 10 Villages under the renter, as well as of the 6 under attachment; and so force upon the authorities the alternative of either sequestering the whole Zemindary or of accepting his offer to pay the arrears on condition of being put in possession. It seemed to be the Zemindar's idea that if the Zemindary were once

fixed

justed, his agreement with the renter would be looked upon as ipso facto at an end; and that the estate would be delivered over to him on the removal of the attachment.

10 The Zemindar has spared no pains to prevent the collection of the rents. His influence was exerted. His own large arrears on the lands farmed by himself remained unliquidated. He made assign-ments of the revenues of the sequestered lands, to his menials, as payments for services performed by them, and in defiance of repeated and distinct orders so worked on the fears of the Kallangars and Burmas as to obtain from them sums of money from the payments made by the ryots on the plea of prescriptive right, &. I fear that he has even adopted less justifiable means to delay, and retard the collections of the balances.

11. On the 6th of June the Zemindar revoked his lease to the renter, on the grounds that Mr. Pondclair had failed to pay up the old arrears of Pedicush and to have the sequestrated Villages released whereby the Zemindary was saddled with the expence of maintaining a useless establishment and with interest that he had not satisfied the Zemindar's

creditors

creditors who annoyed and harrassed him especially one Carapa Naik who threatened to sue out a writ of execution against his property; that he had failed to repair the tanks; had not obtained a reversal of the Courts decree in the matter of the Seeroomalies, which remained in possession of his adversary; had not paid the current Kists, but appropriated the collections to his own use; and that he had paid no attention to the Zemindar's arzees regarding the Security bonds.

In his arzee notifying this

12. act I was required to recognize & approve of it. I declined to accede to this request on the grounds that the Courts of Law alone were competent to decide whether the renter had failed to perform the conditions of his agreement and to declare the penalties to which he rendered himself liable by any such failure, and that until the Zemindar had observed all the preliminaries laid down in Regulation XXVIII of 1802 he could not expect any assistance from me.

Against this order, the

13. Zemindar remonstrated urging that Mr. Pondclair was a Frenchman & consequently disqualified

disqualified from holding lands & that he has granted the rent of his own free will and without reference to any Regulations, and therefore he conceived he was at liberty to resume it when he pleased. I was at much pains to explain to the Zemindar the course required of him by the Regulations, but he persists in following his own way ward will-

14 These circumstances combined with the fact that the arrears due in the six Jusfted Villages were greater than the arrears of the Kist, induced me to prefer making the trial of collecting the outstanding balances to recommending the sequestration of the remaining 10 Villages; and I had hoped that before this, I should have been enabled to report that the Zemindary was no longer in debt, but the supineness of the Tahsildar of Nellacottah and the want of energy in the late and present Jufty Amins have prevented the realization of my hopes.

15 The accompanying Statement marked A, will shew the Amounts due in the six sequestered Villages, and the parties by whom they are due. Out of a balance of 7,636 11 11 it will be seen that only 3063 Rupees are due from the Ryots and even among these

these, many claim to be exempted from payment on the grounds of promises made to them by the Zemindar or of Services performed by them for him, that Rupees 1665 5 3 are due on puttahs held by the Zemindar & his brother, that 906 8 3 is the amount of Tuncas granted by the Zemindar that 1681 13 7 is the amount of the collections paid by the Village Curnum and Kalangar to the Zemindar, and that 319 11 11 is the amount paid by the Curnums &c on the Zemindar's orders to dependants and creditors of his.

16 The illegal appropriations detailed were the subject of a correspondence between the late Principal Collector and the late Sub Collector, and orders were issued by Mr. Elliot in conformity with the instruction of Mr. Blackburne, so far back as February last, to collect the whole of the sums due; the same orders have repeatedly been re-iterated by me both to the Tahsildar and Jufty Goomastah; and notices have been sent to the Zemindar to liquidate his balances, but these orders have proved of no effect; and I regret to be under the necessity of adding that I have just discovered that sums of money have

have been paid by the Kattamgars and tour=
=nums, to the Zemindar so late as April last
out of the collections made on the six=
Villages under sequestration—

17. I have felt back to adopt the
course laid down in Section V Regulation
XXVII of 1802, but remonstrance and expostulat=
=tion having failed to induce the Zemindar
to discharge his arrears, it seems to me that
no other course is open to us but to destrain
and sell the personal property of the Zemindar

18. There is no doubt that the
Zemindar is in equity responsible for the
2nd 3d and 4th Items of debt specified above
in para 15, and he has himself recognized
this responsibility and engaged before Mr Elliot
to pay the amounts, but I am in doubt how
far we can compel him to do so—

19. Clause VI Section X. Regulation
XXVII of 1802, declares that credit shall not
be allowed to ryots for the payments of
any rents made by them to defaulting pro=
=prietors of lands, after proclamations had
been made of the attachment of their
lands but that they shall pay to the Offic[illegible]
of Government such rents—

20 In regard to the 3d Item, it
seems

seems clear that the legal and proper course
is to collect from the servants of the Zemindar
the rents which have been remitted by him,
for as he had no authority to make such
remissions, they had no right to calculate
and act on the faith of his word, and having
been in possession of the lands, and derived
the revenues of them, they are, no doubt re=
=sponsible for the rents, I have accordingly
ordered the property of such defaulters to be
destrained, if necessary and their arrears
to be cleared off—

21. With regard to the 4th and
5th Items of balance, I feel much difficulty—
The transaction out of which they originated,
is clearly collusive and fraudulent, and
the parties to it both giver and receiver, are
in my opinion, liable to a criminal prose=
=cution— The money paid, had been collected
from the Ryots, and should have been imme=
=diately made over, on receipt, to the Govern=
=ment Officers— A copy of 3 Takeeds from the
Zemindar and of a receipt will give you
some idea of the nature of the transaction
and, perhaps enable you to favor me with
your opinion, as to whether I should be
justified in putting the Zemindar on his
trial

trial for a fraud under the provisions of Section VII Regulation X of 1816 The Curnum and Nattangar, of course, will be dealt with under Clause III Section II Regulation IX of 1822, in regard to any payments made by them subsequent to the date of Mr. Elliot's order but I suppose, they must be indemnified against all prosecutions for acts of an earlier date, as Mr. Elliot passed over these acts and merely required from the Zemindar restitution of the sums unlawfully received by him

22 If you approve of my distraining and selling the personal property of the Zemindar under Section V Regulation XXV of 1802, for the balance of rents due on the Puttahs held by him, and consider that I can legally adopt the same course for collecting from him, the Amounts which have been illegally paid to him, & to persons on his orders, a sum of about 365 Pags would be immediately realized, and the effect produced by such a measure as the distraint and sale if necessary, of the Zemindar's property would, I think, be such as to hasten the payment of the remaining debts and enable me within a short time, to report that the whole of the arrears against the Zemindary

Zemindary had been discharged —

23 Should you be of opinion that the course above recommended, which strongly approves itself to me, is illegal, or, on other grounds, objectionable, I do not think we should be justified in any longer abstaining from the sequestration of the whole Zemindary —

24 Before however proceeding to take this last step, perhaps, it would be right to inform the Zemindar, as well as the renters, of the intention to attach and to allow them a certain number of days / say 10 / in which to pay up the arrears —

25 It is probable that the Zemindar may request, as a preliminary condition to his paying the arrears a promise of being placed in possession of the Estate —

26. No such promise could be granted him, for it is not in the power of either the Collector or Magistrate, to eject a tenant in possession — Should the Zemindar pay the Kists, he can by observing the proper preliminaries eject his renter under the provisions of Clause VII Section XXXIV Regulation XXVIII of 1802, as well as collect from him the amount of arrears, by destraint

and

and the other processes laid down in the Regulation a course of proceeding already explained to him but of which he refuses to avail himself

27. With regard to Mr Fondclair being incompetent to hold land by reason of his being of French extraction a disability on which the Zemindar has laid great stress I have only to observe that, as the subject of Mr Fondclairs entering into his agreement with the Zemindar, was fully reported to the Board of Revenue, this objection may be deemed one of little weight particularly so as Mr Blackburne who, I understand was opposed to the rent being granted must have been fully aware that Mr Fondclair was a Frenchman I presume too, that the requisitions of Section V & VI of Regulation XIX of 1802, have not been lost sight of—

28— But in the event of these provisions having been overlooked, it does not appear to me that the right of determining whether Mr Fondclair can continue in the occupation of the Zemmindary or that the power of ejecting him rests with us. He is in possession of the Zemmindary, & has been placed there by the Zemindar, and it appears to me that we are bound by the Regulations to maintain him

him in possession until he be ejected by a proper legal process, either emanating from the Courts of Law or from the Zemindar, under Section XXXIV Regulation XXVIII of 1802, or until orders be received from Government under Regulation XIX of 1802.—

(66)

Sir,

From the Collr of Madura - - - I have the honor to return Petition No. 1797 of 1847 received this day with your letter of the 4th Instant and to refer you to my letter of the 12th Idem for information of the circumstances under which Mr. D. Fondclair interferes in the administration of the Ammiankudoor Estate. The Acting Sub Collector is right it appears to me in requiring the Curnam to attend to their duties however they may dislike acting under the Renter of the Zemindary. The truth is that inciting the Village Officers to desert their duties is one of the modes of annoyance practised by the Zemindar against the Renter.

From the Collr of Madura - - Sir

With reference to my letter of

of the 12th Instant, reporting on the affairs of the Ammianaickanoor Zemindary, I have the honor to return Petition No. 1891 of 1847, received with your letter of the 16th Instant.

Proceedings thereon.

Rejecting certain Petitions from the Zemindar of Ammianaickanoor in the District of Madura.

In the foregoing letters and Enclosures the Collector brings to notice the fact of Petitioner (the Zemindar of Ammianaickanoor) having quarrelled with his Renter Mr. D. Fondclair from whom he is desirous to recover his Zemindary either under the plea that the Lease had been cancelled by himself or that the Estate had been sequestered for arrears due to Government. The circumstances connected with the renting of this property have been disposed of in the correspondence noted in the Margin.

From Collr. of Madura 26th January in Cons. 1st March 1847.

Proceedings 1st March 1847.

2. The Board concur in Mr. Parker's proposition to retain in possession of the Officers of Government the Six Villages under Sequestration until all arrears are discharged proceeding in the usual manner against the Zemindar and Ryots for such arrears of ayen Revenue as are still due and approve generally of the measures he proposes

Fort St. George 27th January 1848.

proposes to adopt for the recovery of the several items of arrears due in those Villages.

Ordered that the Petition received with the letter of the Collector dated 12th November 1847 be returned for delivery to the Zemindar and that the following indorsement be passed on Petitions Nos. 1076-1940-2041-2078-1797 and 1891 of 1847.

"Under the explanation afforded by the Collector of Madura, the Board of Revenue reject the prayer of the Petitioner."

Board of Revenue

From the Collr. of Madura ...

Reporting upon Boards Petition No. 425 of 1847.

Sir,

In returning the Board's Petition No. 425 of 1847 referred to me for report on the several points adverted to in reference to the indorsement passed by my Predecessor [illegible] Dated the 18th February last I have the honor to state as follows.

ORIGINAL DESTROYED

Coombe and Moochelika were not exchanged because the Petitioner never found the requisite security. The Harasnamah being an agreement to find this security,

the

the omission therein of a stipulation for additi-
-onal Godowns does not appear to me a certain
proof that no such stipulation was made,
There is little doubt, that he made a ver-
-bal request both at the time of the Bid-
-ding and when giving the Kararnamah that
the additional Godowns might be entered
in the Cowle and that the Sub Collector
assented to it if the Godowns were usual. The
Sub Collector actually gave an order for 7
additional Godowns on the 19th July, but on the 27th
cancelled the order in consequence of a com-
-plaint by the Tadicombao Renter, that his
Farm was injured by them. The Renter then
hesitated to find security, on the ground that
the removal of the additional shops would
occasion him severe loss, and the Farm
continued in this unsettled state till the
8th November when an order was issued
to warn the Sub Renters to pay their
dues to the Government, and on the same
day, the Tasildar was directed to in-
-form the Renter, that the Farm would
be resold if securities were not en
immediately found and the balance then
outstanding adjusted. Subsequently a por-
-tion of the balance was paid and a promise
made

made to pay the remainder but no security
being produced, an attempt was made to
resell the Farm in February in the Talook,
and in March in the Doogoor, without
success and during the remainder
of the year the Government collected
from the Sub Renters.

The Deposition of the 30th
March is not signed by the Petitioner
tho' doubtless actually given by him.
It contains a proposal for the payment
of the Balance which may be considered
an acknowledgement of the Rent.-

I annex a Statement of the
amount obtained for this Farm from
Fusly 1250 to 1256 inclusive, from which
the Board will perceive, that the engage-
-ment of the Petitioner in the last
Fusly was highest by 600 Rupees and 1/3
more than the next highest, that of
Fusly 1253.

This circumstance added to the
others already stated, incline me to
the belief that the Petitioner's Offer
was influenced by a full persuasion,
however unfounded, that he would be

allowed

allowed to maintain the additional Shops, and as 1995-1-- nearly 200 Rupees above the Rent of Fusly 1253 have already been collected, they to recommend that the remaining Balance 404 Rs. as 15-- may be remitted.

The rent of the present Fusly is 1890 Rupees.

To The Officiating Chief Secretary to Government

Sir

I am directed by the Board of Revenue to submit for the orders of Government

69-70

To the Officiating Chief Secretary to Government submitting correspondence with

with the Collr. of Madura on the subject of the Abkary Farm of the Neelacotay Talook in Fusly 1255 & recommending a remission of Rs. 404-15-- still due by the Renter.

From Collr. of Madura 31st Decr. 1847 in Cons. 27th January 1848. No. 425 of 1847.

Government the accompanying correspondence with the Collector of Madura on the subject of a Petition presented by Vyapoori Pillay the Abkary Renter of the Neelacotay talook in Fusly 1255, recommending the remission of the balance of Rupees 404-15-- still due by him on that account.

2- The Petitioner states that he was induced to give for the farm in question a sum of Rupees 2400 being the highest on record for the last five years, under the impression that he would be permitted to open a certain number of godowns or Shops in addition to those previously existing, and the Collector observes that the order for the Establishment of seven additional Godowns was actually issued by the Sub Collector but subsequently cancelled in consequence of the representation made by the Judicious Renter that the measure would operate detrimentally to his interests- Subsequently the Petitioner failed to furnish the necessary security and the farm in consequence after repeated attempts to effect a resale continued under the management

management of the Officers of Government; pay=
=ments being received direct from the Sub. Rents

3. Of the Sum engaged for at the time
the Farm was knocked down to the Petitioner
the whole was collected with the exemption
Rupees 404-15as of the Sum noted in the margin, being the
amount proposed for remission.

4. Mr. Parker in his communication
under consideration recommends the remis=
=sion of this amount not only because he considers
that the Petitioner's offer was influenced by
a full persuasion however unfounded, that
he would be allowed to maintain the addi=
=tional Shops, but also on the grounds that the
Sum given for the Farm by the Petitioner is
exceeded by Rupees 800 every year since Fusly
1250 to Fusly 1255 and was 1/3 more than the
next highest that of Fusly 1253."

5. Under these circumstances and
in consideration that nearly 200 Rupees
above the Rent of Fusly 1253 have been
collected, the Board of Revenue beg
to support the Collectors recommenda=
=tion that the remaining balance Rupees
404-15 may be written off the accounts
of the District.

Sir,

From the Collr of Madura stating that the person who promised to afford proof of Kistna=
=mah Chitty being the rebl Renter has hitherto failed to produce his documents.

In reply to your letter of the 23d ultimo I have the honor to inform you that I have hitherto been unable to obtain any information from Audenarrain Chitty and that he is now said to be absent at Streerengham.

He had promised to enter into particulars on the arrival of a relation who was in possession of his papers. I called him to my Cutcherry repeatedly to inquire whether this person had come, and the answer was always in the negative but that he expected him daily.

I cannot divest my mind of suspicion that Audenairrain Chitty may have been brought over by the Claimants party but I have no evidence of the fact

He

He has been very ill and his journey to Streerengham may have been undertaken in consequence.-

Within the last few days another man named Alwar Chitty who himself and his brother Veneatachellum Chitty were connected with the Madura Treasury pre=
=sented himself before me to state that Kist=
=nanah Chitty was the real renter- On being asked for his proof he stated that Kistnanah Chitty stated the fact in a deposition before Mr. John Bird who conducted the investigations into the Treasury Defalcations as Commissioner that it will also appear by the accounts and that Venjapah Chitty gave a Bond to Veneata Ramanjoloo Chitty brother of Kistnanah Chitty /the latter fearing to appear more openly/ acknowledging himself his agent

+ or Sesachellam Chitty.-

I

I have not as yet been able to find the deposition before Mr. Bird on the records, and his reports to Government on the 1st and 18th Sep=
=tember 1828 - do not allude to the Cardamom Rents.-

I have already stated in my Report on the Cardamom Balance but the original Accounts are not forthcoming-

And the Bond to which he alludes is said by Alwar Chitty to be with Audenarsain Chitty whose failure hitherto to produce his papers is stated in the first Para.-

Alwar Chitty's Statements has hitherto therefore been of no use to

From the Collr of Madura } Sir, I have the honor to acknowledge
Reporting upon Petition No 1935 of 1847
the receipt of your letter dated the 29th November transmitting a Petition from Soobramonya Cotthen Abkary contractor of the Madacalum=
=Talook of this Collectorate at the commencement of Fusly 1256 and calling for a report on the further

Fort St. George 27th January 1848.

further Statement made by the Petitioner with reference to the correspondence that had passed on the subject.-

2- It is known to the Board that the Petitioner took the Arkarry Contract for Fusly 1256 for Rupees 9,050 and that it was re-sold on the 4th November 1846 at a loss on the remaining Kists of the Fusly of Rupees 1274-4-2 which has been remitted.-

3. The Kists up to the date of resale were as follows.-

11th August 1846	———	754	— —
11th September "	———	754	— —
11th October "	———	754	— —
3rd November "	———	553	8 — 10
Total		2815	8 — 10

which sum has been collected from the Petitioners.-

4.- The Nominal Renters of Fusly 1255 were Mootoo Camatchee Pillay and Thiroomalay Sawmy Cothen the latter of whom was the Petitioner's undivided brother and not his Cousin as stated in his Petition who leaving a large balance unliquidated at the end of the Fusly Rs 593-8-" (not 599-8-" as stated in the Petition) paid by

Fort St. George 27th January 1848.-

by Petitioner were carried to the account of that Balance on the ground which appears valid,- that he, as well as his brother,- was answerable for it.-

5- In this proceeding he acquiesced at the time, paying up subsequently a Month's Kist as deposit, and also naming sureties for the sum of 2263 being 1/4th of the Rent, according to the requisition of the advertisement.-

6- One of the Sureties proposed by him for the sum of 1,500 Rupees, was objected to as a Pauper. The Petitioner was therefore required to replace him by another- and it was from a failure to comply with this necessary requisition that after sufficient warning the Rent was resold on the 4th November 1846, as stated above.-

7- In July, that is, at the commencement of the Rent the Principal Collector ordered that the Farm should be delivered into his hands but as he had not up to that time furnished either deposite or security desired, that a Goomastah should be appointed to see, that no part of the property should be appropriated to the Renter's own use prior to the payment of the Government Kists.-

In

Fort St. George 27th January 1848.-

8.- In consequence, however of Petitioner having represented that the continuance of the Goomastah was detrimental to his interests, the Tahsildar was directed by an order, dated 11th September to withdraw him, the Deposit having been paid up in the Interim, and the dismissal of the Goomastah was reported in an Urzee of the 23d September.-

9.- I cannot understand on what ground the Petitioner founds his allegation that the Farm was not delivered to him For the last 6 weeks prior to the resale it was in his hands without any control, and as previous to that period he had licensed shops it would appear to have been subject to no restriction beyond what was thought necessary to secure payment of the Government Rists pending payment of the prescribed deposit.-

10.- It appears to me that the Petitioner was fairly made responsible for the Rists to the date of resale which were recovered from him by carrying to account his deposit of 754 Rupees and collections from himself, and his sub-renters according to a schedule furnished by himself and agreed to by them.-

The

Fort St. George, 27th January 1848.

11.- The amount collected up to the date of resale including deposit was 1475-12-11

I was favored with your Takeed No. 25 dated 21st. Instant, calling upon me to report whether I am desirous of receiving in Coin the Amount of reward authorized by Government in Extract Minutes of Consultation, Copy of which was furnished to me with a Takeed dated the 10th. idem, Viz. Rupees 1750, being at the rate of 70 Rupees each for 25 out of 30 Elephants taken by me in the hunt which was made at my own expence, and which I proposed to make over to Government.-

I perused with much joy the Orders of Government of which a Copy was sent to me with Takeed No. 24 on the 10th. Instant, having reference to my exertions in the late Elephant hunt, and find that not only are they desirous of knowing in what manner the proposed reward of 1750 Rupees may be made most consonant with my wishes, but they are also prepared to authorize the bestowal of such a present as your goodness may consider appropiate and commensurate with the pecuniary reward which I declined claiming.-

The appreciation of my exertions in the late hunt by the Government, the Board of Revenue and your honor is the invaluable reward

reward and esteem that can expect- for which I am much gratified.-

I am a Ryot of your honor and pay to Government an annual revenue of 10000 and odd Rupees and when I proposed to make over the Elephants to the Circar, I did so without any desire of claiming the reward, and this my Elizee of the 17th. October 1847 No. 12 will testify. the Honorable Government having, however, authorized the reward, I am anxious of receiving it not in Coin- but as a mark of distinction and I therefore most respectfully solicit your goodness will be kindly pleased to procure for me the present of a Palan Keen, a Poney, a Sword, a Gun a Chettree two Chowries and a Watch with a letter of Commendation mentioning the bestowal of these presents as well as 5 Elephants which I am authorized to take for my own use a compliance with this request will not only add to your honors reputation but will be esteemed by me as an everlasting kindness and mark of esteem.-

(98)

To the Ag Coll^r of North Arcot

Sir.

I am directed by the Board of Revenue to forward to you the accompanying Map including the land held by Mr. Groves of Chittoor and to request that you will be good enough to ascertain and inform them whether as regards that Gentleman's property, it is substantially correct both in regard to the area, position and enumeration of the lands.

Adverting to the fact of the land coloured "dark blue" which is classed in the old accounts as Punjah having ceased to be cultivated, the Board wish to be informed to what cause the abandonment of the cultivation is to be attributed. You will observe that on the references annexed to the Map it is represented that "no water was available".

Subsisting upon the produce of the Enam land.	This land is entered as Enam in the Zameen Jhada or "Land List" prepared about 15 Years ago by the late Government, and is supported by a summud from Alexander giving the Enam to Goondapah, no mention being made of his heirs or descendants, adverting to the absence of any male protector for the female relatives of the late holder of the Enam. I think it may be continued to the family (who have no other means of subsistence) so until the death of the widow or should it occur subsequently until the marriage of the two daughters, and recommend accordingly.	
Do	See above remark which applies to this also.	
Do	For this land no summud is forthcoming but it was entered in the "Land List" It would seem to be of no great value, notwithstanding its extent, for it has been lying waste these last fourteen Years. I think it should revert to the Circar.

Subsisting upon the produce of the land	I see no reason why this should be continued to the family It seems that the Villagers have never known nor seen any thing of the late holder of the Enam and it appears from statements before me that it came to him by virtue of a gift made by one Nagaba Row who died childless and who had been adopted by Mulhary Row whatever may have been Nagaba Rows disposition of his personal property I see no fair ground for his giving away what his adoptive father had obtained as a charitable grant from the former Government and would resume it.— This land appears both in the "Land List" and the Pymashee accounts as the Enam of the reputed original grantee, but it has lain waste for the past 30 years and nothing is known of the Enamdars in the Village further than that the Enam has been called "Sadasiva Rows' Enam" and that as such it got into the Pymash Accounts. There is no sunnud forthcoming, there has been no occupancy and no one knows by whom it was originally granted as Enam I would resume it.— Except that this land does not appear in the "Land List" the above remarks are applicable to it the period of its having lain waste being 25 instead of 30 Years I think it should be resumed.—

The late Enamdar resided in the Village Vellala in the Do-ver Talook, Cuddapah District where also he had Enams in four Villages. He himself used to cultivate this Enam with his own cattle, adverting to the entire absence of summuds or other official data whereon to found a fair apportion of a right as Enamdar, I see no reason why it should not be annexed to the Circar land. - As above, with the exception that at intervals the land has been cultivated by others than the Enamdar himself I make the same recommendation.

Subsisting upon the produce of the Enam and upon alms.—	For this, there is a regular Summud but the terms of the Summud do not specify that it shall go to the heirs or descendants of the Grantee, the name of the Grantee only being mentioned. The family are in easy circumstances, neither rich nor poor, the land was in possession of deceased and there is a direct descendant but the absence of a stipulation in the summud to which I have referred should, I think, be deemed to vitiate the right of inheritance and my opinion therefore is that there is no reason why this Enam should be continued.—	
Do. Do.	For fifteen years before the assumption of Hurwool, this land was waste, it was cultivated in the year last before and in the year of the assumption 1838 and 1839 and rent was paid to the late Ramiah. In the absence of a summud and although the name of Ramiah a Grand Son of the individual said to be the original Grantee does appear in the Kameen of Zadah I would resume it, as I am not satisfied that there is sufficient to establish a recognized enjoyment of the land by the late Enamdar.—

Subsisting upon the produce of the Enam and upon alms.	The circumstances of this grant are similar to the above, the land having, however, been cultivated up to three years ago for two years by two different Ryots, who paid rent to the late Ramiah. I cannot recommend its continuance.	
Condoo Bhatto	His grand daughter on husband of Ramiah Do.	—— Do. ——	—— Do. ——	—— Do. ——	The late Ramiah's name appears in the Zameen Jadah but the Enam was, I find given "in Dhanum" to his wife by her uncle, a son of the original grantee. Even supposing there was a valid Summud, whereas there is none at all, I do not consider that any such disposal of land alienated for charitable purposes could have been intended, and I am of opinion that it is not expedient to recognize it. I would annex this land to that of the Circar. —

Further Remarks

13

It appears that the family of the deceased Enamdar have an extensive Enam (138 Acres of different kinds of land) in an Agraharam and that they are far from being in impoverished circumstances. It would be inconsistent with the terms of the original grant now to continue to her family the 1/3rd of the Enam which the deceased enjoyed, the more especially that it may be doubted from the wording of Alienation Sunnud whether it was even intended that the grant should go beyond the original grantee.

Do. I consider this Enam should be again assessed to the Revenue, it was not entered in the "Land List" or in the list of Enams made on the assumption of the Hurnool Territory. For Six years prior to the Survey it had remained waste, but in the Survey accounts it has been entered as the Enam of the late Enamdar. There is no sunnud to support the alleged grant but since the survey, the late Enamdar took to cultivating it.

Subsisting upon the Profits given them for worship at Pagoda and the produce of the Enam	This grant is not supported by any Sunnud. It seems to have been, however, in the family of the late holder for many years. They are in easy circumstances having the enjoyment of Pagoda service Enams in two Villages. Those Enams are good ones being of wet land. The stated original cause of this grant no longer exists and I therefore cannot recommend its being renewed— This Enam came into the possession of the original alleged holder when the Tank was built in this Village he being a Bricklayer. Probably it was given to him by the Ryots themselves, otherwise it is to be inferred the then Ruler would have issued a grant. The circumstances of his family who are cultivators do not induce me to Recommend its renewal in their favor.—

It seems that they are subsisting upon the produce of the Enam lands.-	This was waste for 16 years before the Survey Fusly 1351 and for 2 years subsequently. It does not appear ever to have been in the enjoyment of the late Enamdar. and although it has been cultivated since Fusly 1354, nothing has been paid on its account to the Enamdar. It is not in the Land Register. I see no ground for its continuance under such circumstances, the more specially as it seems it was entered in the Jymash Accounts as Enam solely because the Enamdar asserted it was his he having heard his family declare that it had been bestowed on them as Enam 50 years before the Survey.-	
Ld:	This has been waste the last eleven years and beyond the Villagers Statement that for some years previous to that period the Enamdar derived a profit from it, there is nothing to shew that he had any concern in the land. The Amildar considers the Villagers got it entered as Enam at the Survey and believes that now they are unwilling to admit that to be the case. It is not in the Land Register. there is no Sunnud. who gave it is not known. there has been no proved occupancy. I would resume it.-

The circumstances of this Enam are similarly to those of the previous five with the exception that it is shown the late Enamdar made away in "Dhanam" & gift a portion to his son in law amounting to 4 Acres 4p Given to him paying 6 Rupees Enamity tax. I dont consider it was competent to the Enamdar so to alienate the land granted for Charity and would resume that portion only.

From the Coll.r of South Arcot.—

Reporting on the settlement of Land Revenue for Fasly 1256 and forwarding the usual Statements

Sir,

Para 1. I do myself the honor to submit, for the purpose of being laid before the Board of Revenue, my Report upon the Settlement of the Land Revenue of the District of South Arcot and Cuddalore for the expired Fasly $\frac{1256}{1846/47}$ accompanied with the usual Statements as enumerated in the list herein enclosed.

I.

State of Season. 2

I shall now proceed to offer some remarks on the state of the season, which the Boards are aware from the brief remarks appended to the Demand Collection and Balance Statements, monthly furnished to them, cannot through out the year, be reckoned as most favorable - the South West monsoon having, however, been somewhat better than in the preceding Fasilies, the dry land cultivation was considerably extended, partly from that circumstance and partly from the encouragement given to the cultivators by so high a price of grain as to induce the Ryots to carry on the cultivation to the utmost of their

1368 Fort St. George 31st January 1848

their means. During the months of July, August and September the rain was not abundant for wet cultivation; but it was found enough to commence that part of their cultivation for planting and sowing - the want of ample rain has seriously affected a rich crop being reaped. From the middle of October to the end of November the North east Monsoon rain fell copiously, whereby not only the extension of cultivation was secured, but has also proved highly beneficial to all crops, which were cultivated in the previous months; there was also a very partial rain in December. From January until the end of the first week in the following month, no rain of consequence having fallen, the young Indigo plants suffered much injury, and moreover the want of rain was deeply felt especially in the western Talooks, where the previous Monsoon rain was scanty. On the 8th February a good shower of rain fell in the eastern direction which was found beneficial to wet crops raised in the later months; however the freshes in the Coleroon and Pennar Rivers having been steady and regular, the lands irrigated by them yielded a favorable richer wet harvest than in other parts of the District.

On

3d. On the whole the season tho' apparently favorable for bringing much land under Cultivation, still it has not in fact proved sufficiently so to afford a rich Crop to the Cultivators both from dry and wet lands, but to the interests of Government, the season was most favorable from the circumstance of the Ryots having extended their Cultivation with a firm hope of a seasonable fall of rain.

Produce. 4. From the effect of the season the produce both of the dry and wet lands has not been rich, tho' the Crops on the wet land under the influence of the aforesaid rivers were abundant. I am unable to form an exact estimate of the loss of Crops yet I am of opinion that the diminution must have been great owing to the unusual high price of grain.

5. In Tinderamum, Chaitput, Tremalay, and Tricullore some Ryots stated verbally at the Samabundy that they had suffered a great loss by a diminution of produce from failure of rain, but it being known that the alleged failure was not serious, and that they had neglected to preserve any standing Crop on the ground to admit of an enquiry being made before the settlement they were

were informed that their claim was inadmissible.

6. On an inspection of the Marginal note it will be seen that the prices of the principal sorts of grain being higher than in the preceding Fasslies, the Ryots in consequence found a ready Market for the disposal of their grain and such an advantageous and remunerating price above that of the preceding 12 years, that their losses from the diminution in the produce were I fancy, fully compensated by the profit derived from the high prices of grain.

Indigo Cultivation Vide letter to the Board dated 3d Nov. 1847

7. From the Returns furnished by the local Officers, it appears that 359,615 Culums of dry leaves were estimated by the Village officers to have been produced on 57,964 Cawnies cultivated with Indigo plant. From the serious failure of the Crops in the latter part of the year, it would appear on an average that 6¼ Culums were produced on a Cawny. I do not suppose this estimate is accurate but

but far below the actual quantity produced the said quantity of leaves would produce 449½ Cwrs of Indigo at 800 Culums per Candy. as regards the price of this article the average price during the whole year was Rupees 404—4—" per Candy, which may be considered very inadequate, and disadvantageous to the growers. this sad effect in the price is said to have emanated from the falling off in the demand in the Europe markets for Southern Indigo, from the circumstance of a large quantity of this article remaining unsold, this effect has caused some inconvenience to the Ryots in finding Money for the discharge of their land revenue Rists punctually, in those Talooks where the latter Rists of the year were generally paid from this source.

In 1254 Rs. 507½ per Candy
" 1255 Rs. 420½ Do. Do.
" 1256 Rs. 404¼ Do. Do.

8 The cholera broke out in the Southern part of the District for some time during past year. I am however glad to say it has disappeared without causing any serious injury to the lives of the people. The other parts of the District have been generally healthy.

Poonjah— 9- I now beg to offer some observations on

on the Cultivation of the several descriptions of land. The extent of Poonjah land Cultivation both in the Iyen and in the Amanie portion of the resumed Jaghire Talooks of Sunkarapooram amounted to Cawnies 357,782—5⅞ Yielding a Teerwah of Rupees 1298,994—"—7 the same during the Fusly 1255 having been only Cawnies 296,929—6⅝ or Rupees 1090,841—11—11 exhibits an increase of Cawnies 60852—15¼ or Rupees 208152—4—8 - or about 20 per Cent above that of the latter. Of this increase it will be seen on reference to the Margin that nearly the whole was derived in the Iyen Talooks as is more fully and distinctly shewn in the account Particulars, but it is proper here to state that the increase in the Talook of Cuddalore is chiefly owing to the incorporation of the Vanamadavy Mootah estate with the Iyen account it having been purchased on account of Government on public sale for arrears of Revenue.

10. On comparing the dry land cultivation of the expired Fusly in the Iyen Talooks with that of the several preceding years, it appears higher than it has been for the past 26 years, or from 1839 to 1865 and also exceeds that of Fusly 1249 the most Fusly 1231 1821/22

most favorable season in which the largest extent of land was brought under cultivation / by Cawnies 38755 / I attribute the increase more to the high price of grain than to particularly favorable season.—

11 The average teerwah of Poonjah land in the whole District is Rupees 3-10-13/4 per Cawny varying from Rupees 4-7-5 1/2 to 2-8-6 1/4 this will appear to the Board heavier than the average teerwah in the other Ryotwarry Districts and the explanation afforded in my Reports † to the Board would have convinced them of the necessity of reducing the high assessment as recommended by me, the measure being only for ameliorating the state of the Cultivators and for the ultimate and permanent benefit to Government. I trust that the proposed reduction will meet with the early consideration of the Board.

Nunjah. 12 The wet land Cultivation in Fusly 1256 now under review both in the Igeen and in the Annamie portion of the Jaghire Talooks, was Cawnies 119863—12 or Rs 118328—6 and on comparing it with that of the preceding Fusly 1255 shows an increase of Cawnies 22009—6 1/4 or Rupees 22706—5—10 or 25 per Cent in favor of the former.

Fusly the increase would appear to have been general in all the Talooks as shewn in the accompanying Particulars except in the Talook of Trancomally, where from the want of seasonable rain not only a proportionate increase was checked but a small decrease of Cawnies 80 or Rupees 203 is to be observed. I repeat again that this increase is to be ascribed to the remunerating price of Grain, in preference to the season. A small increase in the Cultivation of the Talook was derived chiefly from carrying to Igeen Swamah the Cultivation of the Varamadavy Mootah Villages, which as already stated became the property of Government during the year.—

13th On comparing the Igeen Talooks wet Cultivation of the ensuing Fusly it appears to exceed nearly every year since Fusly 1231 excepting Fusslies 1249 and 1250, with the former it almost corresponds and with the latter it only exhibits a small decrease of Cawnies 2370 or Rupees 27571.—

14th Of the total increase of Rupees 227067—5—10 a sum of Rupees 51807 was derived under the Coleroon irrigation. I am happy to be able to state that the Cultivation in the two Southern Talooks under the irrigation of the river Coleroon exceeds that of the 9 previous years, attributable to the construction of the Vadaveer Annicut and by reason of the high
