MADRAS RECORD OFFICE.
9-8-43 VIII

Military.

(1)

22nd in Mily. Cons. 31st January 1848.

10th February — Read Return of Persons suspended and dismissed under Section VII Regulation VI of 1831 in the District of Cuddapah during the Month of November 1847.

(Here enter No.)

Proceedings thereon.

1-2

(1-2)

The only case recorded in the foregoing Return is that of the Reddy of Rungiahpully who appears to have been dismissed from his situation and emoluments for having paid less assessment on his own land than was due.

The Board observe that the period during which the Reddy was in the service of Government has been omitted in the proper Column assigned for the purpose. It would however appear from the remarks of the Sub Collector that the offender was upwards of eight years in the service of Government.

Adverting to this fact and to the small amount embezzled in each year, the Board are of opinion that this is hardly a case to be visited with permanent exclusion from Office, and that a temporary suspension of the Reddy or some minor punishment will be sufficient.

They

They therefore resolve to request the Collector to reconsider the sentence passed on the offender by the Sub Collector in conformity with the views above expressed.-

Sent the following letter.-

To,

The Collector of

Malabar.

3

To the Collector of Malabar.

Sir,

I am directed by the Board of Reve= =nue to inform you that they have this day issued instructions for the supply of the articles enume= =rated in your Indent of Stationery for the year 1848 received thro the Superintendent of Stationery.-

20th Nov. in Cons: 29th Nov. 1847.

PERSONAL DESTROYED

2-

On comparing the Indent for 1848 with that for the previous year the Board observe the discrepancy noted in the Margin between the entries at the foot of the Indents specifying the number of esta= =blishment for which Stationery is required and they request further in= =formation on this point.

Number of Public Servants according to the Indent for 1847 is —— 1 Head Accountant.
1 Assistant Do.
1 Record keeper.
14 Copyists
20

according to the Indent for 1848. " is exclusive of District "
3 Sheristadars.

Received

Received the following Exctract.-

From the Offg. Chief Secretary to Government.

4

Extract from the Minutes of Consultation under date the 10th February 1848.

Read the following letter from the Acting Secretary to the Board of Revenue.

(Here enter 27th January 1848. No 47)

Para 2- Resolved also that the Board of Revenue be instructed to intimate to the Acting Collector of North Arcot that the Government notice the great delay in obtaining from that Collectorate the information required in Extract Minutes of Consultation 3d August 1846, full 17 Months having elapsed since that date, while from other Collectorates the replies to the requisition of Government were furnished in most instances soon after its issue.-

ORIGINAL DESTROYED

To the President and Members of the Board of Revenue.

/ A true Exctract /
/ Signed / H: C: Montgomery.
Officiating Chief Secretary.

Order thereon.

4-5

In Cons: 27th January 1848.-

Ordered to be communicated to the Acting Collector of North Arcot with reference to his letter dated 4th January last.-

Received the following letter.-

To,

To,

J. B. Rousell Esqre

Acting Secretary to the

Board of Revenue

Sir,

From the Prin.l Coll.r of Coimbatore — Requests that provisions may be made to meet the absence of the Sub — Collector and Asistant Collector on account of the vast amount of labour at hand —

1. Having been informed that Mr. C. S. Bird Sub Collector of this District now on deputation at Trichinopoly on special duty will not be able to resume charge of his Division for an indefinite period, I am under the necessity of addressing the Board on the subject.-

2. I am now engaged in the revenue Settlement of the Eastern Talooks which is not as yet completed. and at this period when the services of a Sub Collector are most urgently needed for the Security of the interests of Government, the Sub Division is without one - Mr. Sullivan has not rejoined his station. Mr. Shannier, my Second Asistant is also still absent and Mr. Walhouse, the Acting Head Asistant Collector is now indisposed, and altho perfectly able to perform the ordinary duties of his Office, he cannot be deputed to the Sub Division or removed beyond the range of Medical aid - Under these circumstances, I have the honor to request the Board of Revenue in consideration of the difficult

difficult position in which I am at present placed, — will be kind enough to make arrangements to meet the — absence of Mr. Bird, and of my Asistants.-

3. The Board will readily understand that the Settlement of this year requiries great caution and investigation after the heavy remissions which were made in the two previous Fuslies.-

Coimbatore, 5th February, 1848.

(Signed) J. C. Wroughton.
Prin.l Collector.

Resolution thereon-

The Board of Revenue observe — that Mr. Elton Sub Collector of Tinnevelly, for — whom Mr. Sullivan has lately been Acting, was relieved in the charge of that District by Mr. E. B. Thomas on the 22d Ultimo - Mr. Sullivan therefore will most probably have been relieved in his — Acting Appointment about the same date - — Mr. Wroughton will be so good as to communicate with that Gentleman and convey to him the — Boards orders to rejoin his station forthwith - — On his return to Coimbatore the Principal Collector will be pleased to place him in charge of the Sub Division during the absence of Mr. — C. J. Bird. If the above arrangement be insufficient

Mr.

Mr. Stroughton can address the Board further on the subject.

From A: G: Tweedie Esqre. Assistant Collr. of Bellary Madras } Received letter requesting an

8

extension of leave for 10 days to enable him to rejoin his station.—

Order thereon—

8-9

Ordered to be submitted through the Channel of the Civil Auditor for the favorable consideration of Government. The Board observe that Mr. Tweedie has made his application direct in place of forwarding it through the Collector, but under the circumstances stated they trust that the omission may be overlooked.—

Received the following letter.—

To,

The Secretary to the

Board of Revenue.

Fort St. George.

Sir,

10

From the Collector of Tanjore } Requesting instructions regarding the disposal of Crops in the Tranquebar Talook.

I have the honor to request you will bring to the notice of the Board of Revenue the following Statement connected with the crops in the Tranquebar Talook, with the view of obtaining instructions for my guidance.—

Early in the season in consequence of the want of water, the whole of the crops sown in the Tranquebar Villages all but perished, a risk to which cultivation situated at the extremity

extremity of the sources of irrigation is liable, during the period between the two Monsoons, and in this year, but for the opportune supply of water in the middle of October, the loss from drought must have been very extensive in all the lands at the eastern extremity of the District, every available drop of water having been secured for the lands above.— By constant attention and the closing of the branch rivers from the Cavery sufficient water was gained to save generally the Crops under its irrigation but the Tranquebar land, being less perfectly supplied suffered in proportion and were many of them beyond the reach of Assistance, when the freshes came. New seed was therefore to be put in but the excessive supply of water both from the rivers, and the local rains, completely flooded all but the highest lands; and the prospects of the Ryots were as bad from excessive supply as they had previously been for want of water, the Crops on the ground being flooded and recultivation on part of the destroyed lands prevented till late in December, when the waters partially subsided. The consequence to those Crops which escaped

entire

entire destruction has been a very reduced amount of produce, and the later sown grains cannot be expected to yield a full crop, as the season is too far gone to hope for sufficient water in future to bring them to maturity.-

In consequence of the numerous applications from the Ryots, and the reports from Mr. Ellis, who described the country around Tranquebar as resembling a large and deep lake, I have had the cultivation examined, and the accompanying Statement of the various estimated rates of produce, I believe, gives a pretty correct account of the condition of the Crops at present on the land, the trifling extent of cut having been cut; and as the amount of actual loss from the effects of the season has been so great, I trust the Board will agree with me in considering that some indulgence is necessary, more particularly as much of the damage has been caused in consequence of deficient drainage, the river being for a considerable distance without embankments of any kind, to prevent the water spreading - The attention of the Civil Engineer has been called to this point for future improvement.-

The

lands this year as in last, are under a grain-rent, the Ryots to a man objecting to a Money assessment which they had never been accustomed to, and being very poor they will be unable this year to abide by the terms of their rent without being half ruined, the whole amount of their expected produce being but little more than that demandable by the Circar - I beg therefore strongly to recommend that all the land should be this year cut under amany, as all has suffered, an indulgence rendered the more desirable towards parties who have so lately come under our rule.

In conclusion I request to be favored with the sentiments of the Board as early as possible that the present uncertainty may be removed, and measures adopted for the cutting of those crops which are nearly ripe.-

Tanjore,
7th February
1848.

(Signed) J. F. Bishop.
Collector.

Resolution

10-11

Resolution thereon— Under the circumstances represented by the Collector the Board accede to his recommendation that the Crops on the lands of the Tranquebar Talook, referred to in the above letter, be cut under Amanie in the present year— Mr. Bishop will however be pleased to have it carefully explained to the ryots that the indulgence now authorized, has been granted only under peculiar circumstances, and is not to be drawn into a precedent.—

At

At a Meeting Present.

Monday 14th February 1848— Walter Elliot Esqre. Actg. Senior Member
A. Maclean Esqre. Actg. Second Member
and
J. Goldingham Esqre. Actg. Third Member

Minutes of the last meeting read and approved.—

12

From the Officiating Chief Secretary to Government—

Read the following Extract

Extract from the Minutes of Consultation under date the 21st January 1848.—

Read the following letter from the Board of Revenue—

(Dated 3d January 1848 No. 5.)

1. The Most Noble the Governor in Council sanctions the charges incurred in Fusly 1256 on account of Extra Establishment ordinarily employed in the Provinces, amounting to Rupees 44,660 – 3 – 0 and the estimated disbursements recommended by the Board for Fusly 1257 being Rupees 60,288* – 12 – 8 –

* Rupees Sixty thousand two hundred and eighty Annas twelve and pice eight.

2– It is observed that the greater portion of the increase× in the estimate for the current year is on account of Establishment to be maintained in the Estates which have lately reverted to Government in the Rajahmundry District and for the future management of which it is proposed to provide in a modified Mogunzabtah.

× Rs. 18,628–

3– The explanation furnished in the Board's Proceedings of the 16th September 1847 No. 436 respecting the two items noticed by Government in the Canara Statement for Fusly 1256 is considered satisfactory. It did not appear to His Lordship in Council that any orders were required

Minutes of Cons. 25th March 1847 No. 400.

required on the subject, as the attention of the Board was merely drawn to the charges in order that in their annual review of the Extra Establishments they should satisfy themselves that the additional aid applied for by the Collector of Canara was indispensably requisite.

To The President and Members of the Board of Revenue.

(A true Extract)
(Signed) H: C: Montgomery.
Offg. Chief Secretary.

Ordered that the following letters be sent in consequence.

13

To The Sub Collector in Charge of Rajahmundry.

To the Sub Collr. in Charge of Rajahmundry.

Sir,

From Govt. 21st January in Cons: 11th July 1848.

With reference to the Statement submitted by you under date the 11th October last I am directed by the Board of Revenue to inform you that Government have been pleased to sanction the charges incurred on account of Extra Establishment in your District for the past fusly 1256 amounting to Rupees 7330-11-9 and to grant authority for entertaining the Establishment required for the Current Fusly 1257 amounting to Rupees 18728-8-0.

Adverting to the large increase of charge proposed to be incurred for the Establishment entertained in the several reverted Estates in your District, the Board request that you will restrict the actual expenditure within the narrowest limits in the present fusly, during which period it is hoped you will have the opportunity of satisfying yourself of the additional aid indispensably necessary for the future management of the Government Estates to enable you to submit a revised Moyenzabitah for the sanction of Government.

Revenue Board Office, Fort St. George, 14th February, 1848.

(Signed) T. Pycroft.
Secretary.

To

14

To the Collector of Madras.

To The Collector of Madras.

Sir,

21st January in Cons: 11th February 1848.

With reference to the Statements submitted by you under date the 21st September last, I am directed by the Board of Revenue to inform you that Government have been pleased to sanction the actual charges incurred on account of Extra Establishment in your District for the past Fusly 1256 amounting to Rupees 5,599-7- and to grant authority for entertaining the Establishment required for the current fusly estimated at Rupees 6,117-14-3.

Adverting to the Boards' Proceedings of the 10th Ultimo authorizing the manufacture of Salt for the current fusly to be restricted to the extent manufactured in the previous year, the Board request that, as the estimate for additional aid now sanctioned would appear to provide for an establishment necessary for a larger manufacture of Salt, you will confine the expenditure in proportion to the quantity of Salt to be manufactured under the instructions above referred to.

Revenue Board Office, Fort St. George, 14th February 1848.

Read the following Extract
from the Proceedings of the Board of Revenue

(Dated 20th. January 1848 No. 34)

The season of Fusly 1256 as it affect:
ed the Vullacottah Estate, though not altogether
favorable, was with one exception the best
since the management was assumed in behalf
of the Minor proprietor. Notwithstanding the
produce which was in excess of the revenue
of Fusly 1255 by Rupees 1791, was not suffi:
cient to pay the expenses and Peishcush
exhibiting a deficiency of Rupees 289-14-4 This
is accounted for by the damage done to the
works

2056 Fort St. George 14th. February 1848.

works of irrigation in the Estate by the heavy
rains and gales of October and November,
which impeded the extension of the Wet cultiva:
tion and left it at 145 Cawnies less than in
1254 stated to be the most favorable year.

2. The resources of this Estate are
no doubt susceptible of much improvement,
and his Lordship in Council trusts that the ex:
ertions of the Collector of Chingleput will be
directed towards that object.

22

Read the following letter from
the Acting Secretary to the Board of Revenue

(Here enter 27th. January 1848 No. 46)

The Most Noble the Governor
in Council concurs in the opinion expressed by
the

Fort St. George 14th February 1848

the Board of Revenue in the foregoing letter and for the reasons assigned by them and by the Acting Collector of North Arcot, he considers it inexpedient to interfere in the complaint preferred by Ghoolam Moosain Khan in his Petitions to Government dated 6th September and 25th November 1847 Nos. 1329 and 1737 and 3d January 1848 No. 23. The Board will instruct the Acting Collector to make the necessary intimation to the Petitioner.

To the President & Members
of the
Board of Revenue

D. White Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

Sir

I have the honor to submit herewith as per accompanying List the usual Jamabundy and Kistbundy Accts. for Fusly 1256 both in English and Maratta.

36 36

From the Collr. of Nellore

Reporting on the Settlement of the Nellore District for Fusly 1256 and transmitting various Statements therewith connected.

Talloohs.	Stations where the Settlement was formed.
Principal Division	
1 Ravoor	At Davaroypully the Cusbau station of Ravoor Talook
2 Woodiagery	
3 Calegerry	
4 Goondavole	
5 Salamunchee	At Alloor in Salamunchee Talook
6 Sungam	
7 Cavelly	
8 Cotah	At Cottah
9 Survapully	
10 Nellore	At Nellore
11 Soonnuttul poor	
12 Sydapoorum	
Sub Division	
1 Ongole	At Ongole
2 Caramanamellore	
3 Chendalore	
4 Buddapoody	At Caraboo in Buddapoody Talook
5 Davagoodoor	

7 Of the 17 Talloohs in the District, the 12 Composing the Principal Division were settled by myself, and the 5 Northern Talloohs Composing the Sub Division were settled by the late Acting Sub Collector Mr. Pringle at the Stations noted in the Margin, but as that Gentleman left the

the District on sick certificate immediately after the formation of the settlement he was unable to submit the usual Jamabundy Report of the sub Division.

Season. 3. The state of the Season and of the cultivation in the District require to be first noticed. There was no rain in the Month of April which was the proper season for commencing the Cauroo cultivation. In May and June there were one or two slight falls of rain and the Pennas received 3/8ths of a full supply of water. The rain which then fell though late was favorable for the Cauroo Cultivation but the freshes of the Pennar destroyed some of the Cauroo Crops sown in the beds of Tanks.

Gootoos
July 1755. 1140
" 1756. 1052
Decrease 188

On the whole there is a decrease in the Cauroo & Magany cultivation of July 1756 below that of July 1755. In the Month of July there was a general fall of rain in most parts of the District and the Tanks received good supplies of water and the Pennar received 5/8ths of its full supply. Consequently the Metta Poonasau cultivation was carried on in all parts of the District, checked only by trifling inundations in cases where lands were cultivated in the beds of Tanks and by the bursting of a few Tanks in the Sub Division. In the Month of August there were partial falls of rain in

in most of the Southern parts of the District and the River received 3/4 of its full supply, which was favorable for carrying on the Cultivation of Peddavary, Peshanarro Guddavary, Sunnavary &c. Crops, as also the second series of the Metta Crops, though the Cauroo Crops and the Metta Cultivation in the beds of Tanks suffered from inundations. In the Sub Division the Metta and Magany Crops sustained some injury from the insufficiency of rain in that part of the District in the Months of August and September. In the Month of October there was a severe storm in the Southern portions of the District which damaged many Tanks. The Pennar and other Rivers in the District received a full supply of water, as also such Tanks as were not injured by the bursting of their Banks. As was to be expected a portion of the first series of Metta Cultivation sustained some injury from the excessive rains and a few Grain Heaps were swept away by the floods, but on the whole the rains which fell at this period were generally most serviceable throughout the District. In the

Months

Months of November and December there was a slight fall of rain and some of the Tanks in a few Villages received partial supplies of water, but the Tanks which burst never recovered their supply of water. In the Months of January there was no rain. In February there was a partial fall in some parts of the District. As thus, subsequent to the Month of October, when so many Tanks burst their Banks, there were no sufficient falls of rain there was a deficiency in the Coda or last wet grain Crop.

4. With the above exception of the failure of the rains for the Cauroo and Coda Crops and some damage done to the Poonassa crops by excessive rain and inundations, the season of Fusly 1256 was on the whole more favorable than that of Fusly 1255 and indeed very favorable as regards all the principal wet cultivation.

	Maximum depths		Minimum depths	
	Ft.	I.	Ft.	I.
April				
May	11	"	"	4
June	7	"	"	6

August	14	"	3	"
September	5	"	"	6
October	22	"	4	"
November	8	"	5	"
December	7	6	5	"
January	4	"	1	6
February	5	"	1	6
March	2	"	"	6

5. The Marginal statement exhibits in one view the Maximum and Minimum depths of the Streams in the Peyaur during the several periods in Fusly 1256

The

Magany or Web Crops

6. The portion of the Magany or Cauroo Crop that escaped inundation and came to maturity was productive. The second series of Cultivation Viz.t Peddapary Peshanum Vca. and the Samavary were mostly very productive. The third series of cultivation Viz.t Coda failed to the extent of fully one half from the causes above explained.

Metta or Dry Crops

7. Of the Metta Crops the Poonassa the first series of the Cultivation was in the Principal Division ordinarily productive, but in the Sub Division in consequence of the failure of rains at the proper moment they were only half productive. Throughout the District generally the Mooloomoo Jonna Pyra Jonna, Muroogo, Horse Gram, Bengal Gram, Menoomooloo Vca. or grains forming the second and third series of cultivation produced only 3/8ds of the full produce in consequence of the excessive rains and inundations in October. The last crops Viz.t Sujja, Green Gram, Cundooloo, Lamp Oil seed, Natcheny, Varega Vca. were fully productive. The Mooloomoo and Jonna as far as cultivated were productive. Thus on the whole the produce of Fusly 1256 was more favorable than

Price Current.

than that of fusly 1755.

The following statement exhibits the price per Candy during the last 10 years and and for fusly 1256 of the different Grains most in use in the District.

Fusslies.	Fine Paddy			Coda Paddy			Jonnalos			Natcheny			Varega		
1246	26	15	10	23	10	3	24	9	11	21	15	3	20	6	6
1247	21	11	9	16	12	3	21	10	6	19	5	10	18	2	8
1248	25	2	10	20	13	10	27	6	3	22	15	7	22	7	6
1249	21	14	6	18	5	2	22	13	6	20	8	6	18	13	4
1250	20	10	4	17	13	4	21	3	4	19	4	4	17	1	2
1251	17	1	10	14	15	3	17	2	4	15	13	2	13	1	2
1252	16	4	9	14	4	2	15	6	1	14	8	11	11	14	4
1253	15	15	8	13	5	8	14	3	7	13	8	5	11	12	9
1254	18	4	8	15	13	4	19	3	5	16	15	6	15	11	3
1255	27	6	7	24	6	10	32	12	6	29	7	3	23	11	2
	211	8	3	180	4	1	216	7	5	194	2	9	173	1	8
Average	21	2	5	18	"	5	21	10	4	19	6	8	17	4	11
Fusly 1256	23	3	11	20	5	4	29	13	6	25	11	3	21	15	5

From

From the above statement it will be seen that though the price of both dry and wet Grain was below what it was in fusly 1255, still it was above the ordenary average and so generally nearly equal to the Surrum settlement price in consequence of which the ryots derived a fair average remuneration and were enabled to pay up their sists without much difficultly.

The Circar Ryotwary Villages.

10. The subjoined exchibits the mode in which the Coroo Villages in the District were settled.

	Fusly 1255.	Fusly 1256.	Increase	Decrease
1 Villages settled under Mr. Smalleys Muctah Surrums	384	384	"	"
2 Villages in the Woodiagherry Taluk settled under the Surrums fixed by Mr. Stonhouse	67	67	"	"
3 Villages under the Gungoolawar Palegar paying a fixed amount	8	8	"	"
	459	459	"	"
4 Villages settled under Mr. Travers Muctah Surrum	179	179	"	"
5 Villages settled under Mr. Smalleys Survey Surrum	86	86	"	"
6 Villages settled under Aumanj	53	54	1	"
	777	778	1	"

The

11. The increase in the number of Villages in the Current year arises from the Shrotrium Village Chamoodoo goonta and the hamlets attached thereto having been included amongst the Coroo Villages with reference to the Board's instructions dated 24th August 1804 as the Shrotriumdar to whom they were originally granted on a life tenure is dead as reported in Mr. Bishop's letter to the Board dated 10th December 1846.

The number of Villages in the Districts.

12. The following statement exhibits the different descriptions of Villages in the

	Fusly 1255.			Fusly 1256.			
	Villages	Hamlets	Total	Villages	Hamlets	Total	
Coroo	727	601	1328	728	602	1330	This difference has been explained in the preceding para
Shrotriams	267	65	332	266	64	330	
Aumarums	19	2	21	19	2	21	
Cuttoobadies	8	"	8	8	"	8	
Surva Enams	18	2	20	18	2	20	
	1039	670	1709	1039	670	1709	
Zemindary Villages	1032	"	1032	1032	"	1032	
	2071	670	2741	2071	670	2741	

Excepting

13. Excepting the Shrotrium Village which was brought under Coroo the number and mode of settlement of the other Villages are the same in the Current year as they were in the Fasli with this difference, that as the Villages of the Woodiagherry Talloob were not compact but situated at such distances one from another as to tend to impede the transaction of the revenue affairs those Villages that were situated near the Calegerry, Mavoor, Sungum, and Talamanchee Talloobs were with reference to the Minutes of Consultation dated 8th December 1846, which accompanied the Board's Proceedings dated the 21st Idem, attached to those several Talloobs. Consequently the number of Villages in these Talloobs in the Current year will not correspond with that of the previous year.

Talloobs.	Original Villages	Villages transferred	Villages received	Present number of Villages
Talamanchy	44	"	1	45
Sungum	35	"	2	37
Mavoor	60	4	8	64
Calegherry	36	17	15	39
Woodiaghery	76	25	15	66
	251	41	41	251

14. The changes thus effected are shewn in the Margin and must for the present year prevent any satisfactory Talloobwary Comparison between Fusslies 1255 and 1256. The

Demand of all Items.

15. The following Statement exhibits a Comparison between Fusly 1255 and 1256 of all Items of Revenue inclusive of the land Revenue and Extra Sources.

8 Lands left waste in consequence of the accumulations of Sand on them and the changing of Water Courses &ca	1,015 6 3	507 11 1	" " "	
		Total Increase	16,337 5 8	
		Nett Decrease	174,615 10 9	

Pr.

21. The rains having been favorable in the Current year accounts for the decrease below the last year in all items of deductions with the exception of Inundation and Lands rendered unfit for cultivation by the accumulation of sand and changing of water Courses.

22. The following exhibits the lands on account of which the above deductions were made.

	Fusly 1255			Fusly 1256			Increase			Decrease		
Metta	10068	10	6	5587	10	6	"	"	"	4481	"	"
Maugany	331587	8	1	164872	6	5	"	"	"	166715	1	8
Mooloom	4789	3	4	3176	2	6	"	"	"	1613	"	10
Sareeb	3171	9	9	1421	2	6	"	"	"	1750	8	3
	351637	15	8	180007	4	11	"	"	"	174615	10	9

23. The following exhibits a Comparison between Fusles 1255 and 1256 of the per centage of the Dittum Lands left Bunger both in the Principal and Sub Divisions.—

Fusly

	Fusly 1255		Fusly 1256		Total	
	Principal Division	Sub Division	Principal Division	Sub Division	Fusly 1255.	Fusly 1256.
Metta	9 28/64	10 17/64	5 47/64	7 29/64	9 53/64	6 44/64
Maugauny	42 27/64	60 23/64	20 19/64	39 59/64	44 5/64	27 15/64
Mooloom	5 31/64	4 51/64	4 3/64	7 19/64	5 4/32	3 41/64
Sareeb	9 17/32	8 48/64	5 7/64	7 41/64	9 15/64	6 5/64

From the above it will be seen that there is a decrease in the per centage in the Current year below that of the past year in all the items resulting from the favorable nature of the season as observed in Para 16.

24. Deducting from the Current Dowl Rupees 1437431—6—6 the amount of Bunger Rupees 180007—4—11 exhibited above the remainder Rupees 1257424—1—7 is the assessment of Lands actually cultivated and of Cassoory Bunger fixed on the Ryots on account of Lands which they left waste either from neglect or with fraudulent views of clandestinely using them for grazing a Comparison of which between Fusles 1255 & 1256 is shewn below

Fort St. George 14th February 1848.

25 From the above statement it will appear that owing to the timely and favorable falls of rain in Fusly 1756 and to the prices of Grain being higher than in some former years, thereby encouraging the extension of cultivation, there has been an increase in the actual cultivation above that of Fusly 1755 of Rupees 18,7241-5-10 and Rupees 11,059-11-8 in Jaca-Jasty making the total gross increase Rupees 193301-1-6 But at the time of Jamabundy on a detailed enquiry into the condition of the Ryots and the causes which existed for leaving waste part of the lands included in their Dettams, such amount of Cassoory as appeared necessary with reference to the state of the year was assessed. In the amount so included in the Jamabundy there has been a decrease of Rupees 9,442-9-1 in Fusly 1256 below that of the previous year which being deducted from the gross increase above shewn leaves a Net increase of Rs. 18,3858-3-5.

Principal Division	3395-5-8
Sub Division	1047-3-5
	9442-9-1

26 The deductions under the heads of Sooltee &c. for Fusly 1256 as exhibited in Para 18 amount to Rs. 2,5113-5-7 and the following statement exhibits a comparison between Fuslies 1255 and 1256 of the different items corresponding these deductions.

Fusly

2081

Net Increase 834-15-4

Sooktee-

27- In fusly 1255 the Gross Sooktee amounted to Rupees 22,117-11-3 but the profit Viz. Rupees 7,999-14-10. which it was calculated the Ryots had derived from high prices &c. was deducted therefrom; and a remission of Rupees 14,817-12-5 was allowed on that account- In fusly 1256 the Sooktee amounted to Rupees 13,774-1-8 from which Rupees 1,543-5-7 were deducted, partly on account of the profits derived by the Ryots from high prices which were not however of so great an advantage to them as in the previous year, partly on account of a levy as punishment of 1 Anna per Rupee on the Sist of the land which had become Sooktee but on which the Ryots grazed their cattle before the examination of the Sooktee was made, and partly on account of the full Sist being levied on those lands which the Ryots neglected to irrigate though they had the means of doing so, and on account of such small Sundry items, and a remission of Rupees 12,230-12-1- was allowed- The Talooks in which the Sooktee was extensive are shewn in the Margin- The crop was confined principally to the Summary Crops which were sown under Guddawary in the Month of August and September and to the crops which were sown under other Causes of the deficiency of water were fully explained in the following exhibits a comparative statement of fusslies 1255 and 1256 of the remissions granted under each head-

Suvapully- 456-7-4-

Survapully Talook-

Shemoor	1074-0-6-
Colecoodooroo	633-12-10-
Mungalapoor	180-0-0-
Rawoor Talook-	
Anundasagarum	284-2-1-
	2171-15-5-

The Vietta Inundation occurred chiefly in four Villages of Survapully and Rawoor Talooks and the Marginal note exhibits the names of those Villages together with their several amounts- From the supply of water which the tanks received from the rains which fell in the Months of July the Jonna and Gingely Oil seed Crops which had been sown under Poonasaw in the beds of Tanks in the two first mentioned Villages of Survapully Talook and the Jonna in the bed of the Mungalapoor Tank and the Chetra Cauv Sujja in the bed of the Anuntasagarum Tank in Rawoor Talook were inundated and there is an increase in consequence in the remission under this head of Rupees 2138-1-2 in the Current year above that of the past-

30- The Magany inundations occurred chiefly in the Survapully, Cotah Nellore and Sumgum Talooks of the Principal Division- and in Buddapoody of the Sub Division- This remission is principally on account of Carco Crops that were sown in the beds of Tanks in the Month of June but mostly inundated by the supply of water the Tanks received immediately afterwards in the Month of July

July and partly on account of the Peddavary and Codavaree Crops which felt the effects of the inundation which naturally followed the excessive rains and bursting of Tanks in October- The remission under this head in the Current year exceeds that of the past year by Rupees 1793-11-4-

31- The Mooloom and Jareeb Inundation being small no remark relative thereto seems called for-

Vundra- 32- The remission under this Head for fusly 1255 was Rupees 196-15-4-

Deduct-

On account of land brought under full assessment in Fusly 1256	90-7-9-	
Lands brought under an increased rate of assessment	29-7-9-	
Lands left waste	1-13-7-	121-13-1-
Remainder		75-2-3-

Add-

Remission on lands newly taken up in fusly 1256	978-12-2-
Total	1053-14-5-

As the rains were favorable in the Current year some individuals who were anxious of increasing their Cultivation and others who were desirous of undertaking it newly under Vundra Rules for Bunger lands that had the means of being irrigated did

did so with reference to the Boards instructions and on having furnished the required securities the lands were made over to them- The remission under this head in the Current year is above that of the past year by Rupees 856-15-1-

Tasul Commy- 33- The deduction on account of Tasul Commy was as follows-

	Fasly 1255	Fasly 1256-
Mooloom two Crop lands Cultivated with one Crop	380-2-5-	677-15-5-
Mayany &ca. lands Cultivated with Crops of less value	2538-13-8-	1313-10-2-
	2919-0-1-	1991-9-7-

Though on the whole there is a decrease of Rupees 927-6-6 in the Current year below that of the past, yet in the item of Mooloom two Crop lands that were cultivated with one Crop, there is an increase of Rupees 297-13-0 in the Current year above that of the past- This is occasioned by the Mooloom lands in the beds of Tanks in Anuntasayarum &ca. Villages in Ravoor Taluk having been inundated by the water received in the Tanks before the period for growing the Second Crop had arrived to such an extent as to render it unavailable for a second Crop as also in consequence of the Wells under which some

some of this description of lands are situated having failed after the fruit Crop was grown-

Paulevansy- 34- The deductions under this head are exhibited below-

	Fasly 1255-	Fasly 1256-
On account of Payacary	187-4-0-	245-15-0-
On account of Pecotah	976-0-11-	926-10-1-
	1163-4-11-	1172-9-1-

The deductions on account of Payacary which were allowed in the different Villages in the previous year were allowed in the Current year also but as there was an increase in the Cultivation and Beriz in the Current year, there has been a proportionate increase in this item also- In granting remission on account of Pecotahs in Fasly 1256 the instructions contained in the 10th Para of the Board's Proceedings on the Tanabundy Report for Fasly 1255 were attended to- From the state of the season in the Current year the use of the Pecotah was not required to the same extent as in the previous year, yet as the full remission on account of Pecotah was granted in this year without the profits derived by the Ryots from high prices being taken into consideration the difference under this head between the Current and the past year is small-

The

Moonasib Commy

35- The deductions under this head in Fusly 1255 were Rupees 2474-3-- and in fusly 1256 Rupees 3,429-12-7 giving an increase in the latter fusly of Rupees 955-9-7- The remission granted under this head on account of wells newly dug and on account of old wells which were repaired amounts to Rupees 2632-5-10 and the remainder Rupees 797-6-9 were allowed on account of poor ryots who appeared on the investigation made during the Settlement deserving of this indulgence from the losses they had sustained by the destruction 1/6 ca. of their produce.-

36- The following Statement exhibits the particulars of the ready Money Collections.-

The

Enam Jodee-

37- The Season of fusly 1256 having been more favorable than that of fusly 1255 the Enam Magany was extensively brought under cultivation and consequently there is an increase in the Badeyas of Rupees 2647-14-11-

Cundreyas-

38- A Cundreya to the extent of 13 11/16 Gartoos of Metta, Magany and pasture lands paying a Beriz of Rupees 115-5-- in Brama-dayum of Survapully Talook having fallen into arrears it was managed under attachment from fusly 1243 to fusly 1248- The Cundreyadar having subsequently entered into an engagement to pay up the arrears that were outstanding on the Cundreya during the period it was under attachment as also the Current Beriz it was made over to him in fusly 1249 but as he failed in his engagements the Cundrega was reattached in fusly 1253- The balance however from fusly 1243 to fusly 1248 having been remitted the Cundreyadar was called upon to pay up the arrears Viz.t Rupees 332-13-4 that were due from Fusly 1249 to Fusly 1255, but as he expressed his inability to liquidate the arrears and release the Cundreya from attachment, the late Collector attached it permanently in

fusly 1256 and including it with the Coroo lands deducted the Beriz thereof Viz.t Rupees 115-5-- from the head of Cundreyas- One Collapully Nagum-bhutto has a Cundreya in Goodoor of the Survapully Talook for which he paid annually Rupees 38-8-- but as he fell into arrears in fusly 1236- the Cundreya was attached in fusly 1237- For a few years a Collection of from 6 to 8 Rupees per year was made on account of Poollary but latterly no Collection whatever was made- The Cundreyadar however having in fusly 1256 represented his inability to pay the arrears of the previous years and engaged to liquidate the Current annual Beriz the Cundreya was released on ample security being given by him for the same- As thus one Cundreya has been expunged from the head of Cundreyahs and another released from attachment there is a decrease under this head of Rupees 76-13-- as exhibited in the Margin-

The Cundreya in Brama-dayum of Survapully Talook expunged from the Head of Cundreyas and incorporated with the Cultivation lands - 115-5--
The Cundreya in Goodoor of Survapully Talook released from attachment ——— 38-8--
Net Decrease — 76-13--

Bilmuctahs- 329- The life grant Shrotrium of Seamoodoogoontah yielding the average amount of Rupees ± 896-12-6 has reverted to the Circar in accordance to the conditions on which it was granted but a Cundreya called Boranpoory attached to it was heretofore subrented for

Revenue derived under attachment from the Shrotrium.

Fusly 1252	—	749-5-5-

43. In the Capitation Pollary there was rather an increase as well as in Cunchas but the Muncta Pollary was of Course Stationary.- On the Subject of Pollary I cannot refrain from making a few remarks in this place, 1st With respect to Munctahs, when Mr Stonehouse proposed them in 1837 he suggested that they should be revised every three years The Board in their To Board 23d October Proceedings of 19th January 1843 Sanctioned their introduction but to continue until the Survey of the District in Contemplation should Come into effect except in any particular instance. Although I am not now prepared to recommend any general revision of the Munctahs, Cases Came before me in the last Samabundy which on reference to a Comparison of the actual past and present state of Villages Shewed me that Changes were necessary before proposing such Changes I consider it most desirable that a definite penalty should be fixed for evasion of Capitation Pollary and beg leave to recommend that a provision to the following effect should be Sanctioned, Viz. that every head of Cattle detected in the evasion of Pollary shall be liable to pay Rupees one and eight

eight annas instead of the established annual amount of eight annas, and that out of this enhanced amount one Rupee be carried to the account of Government and 8 annas paid to the Informer. The second point on which I wish to make a remark is the Pollary of the Town of Nellore. Previously to Fusly 1240 the Cattle which did not feed on the Circar lands but were stabled and fed on dry food as also those Kept for drawing water by Pecotahs on the lands already paying a quit rent to Government and fed on those lands were not [illegible] In Fusly 1240 full assessment was fixed on such Cattle but the Collection was not generally enforced until Fusly 1252, since which time with reference to the opinion expressed by the Board in their Proceedings dated 19th January 1843 all these de-

scription of Cattle have been subjected to half Pollary. The Statement noted in the Margin shows the demand Collection and balance of this tax which has always been Collected with

with difficultly & causes a great deal of bad feeling. The question therefore I wish to ask the Board is whether Cattle bona fide fed in Lands already paying a Quit Rent to Government and those always stabled and fed on grain and Straw should be taxed with any Pollary. Of Course if they attempt any evasion they should be liable to the penalty proposed above, one Rupee and eight annas, in Common with all other Cattle liable to Capitation Pollary. The 3rd and last point which I wish to notice in Connection with this branch of Revenue is the total exemption from Pollary claimed by certain Classes in the Woodiagerry Talluk. On this point the Board directed in their Proceedings of 19th January 1843 that no change should take place until the Contemplated Survey should be Completed. As however the Acts of a native and the British Government are generally regulated on such different principles the Subject appears to me to require further Consideration. Although a native Government might grant to certain Classes an exemption from Pollary the Proceedings of such Government are generally so despotic that they would take

take care that such Exemption should not be carried to an Extent to injure the state under the British Government—a Privilege given is faithfully adhered to, it stands therefore to reason that if a hundred persons or upwards can keep an unlimited number of Cattles with payment of Poollary it must not only interfere with the Revenue but also with the Resources of the other Inhabitants of the Country generally—I therefore beg leave to recommend that until the Completion of the Contemplated Survey the rule prevailing generally throughout this District with respect to these privileged Classes be adopted, also in Woodiaghum; and that each individual shall either be allowed to keep four heads of Cattle entirely Exempt from Poollary, or that he be allowed to keep double that number or rather more at the discretion of the Collector, Subject to half Poollary. Of course this is Exclusive of any privileges he may be entitled to as regards Cultivating Cattle in the event of his being a Cultivating Ryot which he would of course be entitled to enjoy in Common with the other Cultivating Ryots of the village.—

As

Cultivated Chayroot and Spontaneous Do

46 As the Cultivation of this sort in the Current year was more Extensive than in the last & as a fresh Village was for the first time rented out in the Current year there is an increase of Rupees 1449—9—1

Tax on Palmira and Date Trees

45. There is an increase in this item of Rupees 148—11—10 in the Current year above that of the past proceeding from Competition among the applicants.—

Fruit Trees

46 There is a decrease of Rupees 24—11 in this year below that of the past arising from a deficiency of produce in Tamarinds

Tax on Firewood

47 The Demands for this article in the Madras market having been low there has been a proportionate falling off in this Revenue amounting to Rupees 567—6—10 in the Current year below that of the past.—

Allabhagum & Chalsabhagum

48 The Cultivation in the Current year having been more Extensive than in the past there is an increase of Rs. 234—5—3 in this item

Tax on Water

49 As Circar water was used in the Current year to irrigate the Candrega in Indoor Coopett of the Nellore Tallook this is the Chief occasion of this increase of Rupees 79—5—6.—

Tax on Fisheries

50 As there is no increase or decrease in this item no remark is deemed necessary

Total ryotwary Settlement

51 The following Statement exhibits a Comparison between Fusles 1255 and 1256 of the Total Ryotwary Settlement of each Tallook—

From the above Statement it will be seen that with the exception of the Cavelly Tallook there is an increase in all the others. The decrease of Rupees 1921-8-0 in the Cavelly Tallook arises mainly from the partial failure of rain in that part, the particulars of which are set forth below.

raised the Settlement of the year to Rupees 15,53,047-0-0 but these do not appear to call for any particular Remarks - In Para 11 it was Shewn that one Shrotrum Village had been transferred to the head of Carroor

Fasly 1255	11206	5	8
" 1256	12352	8	6
Increase	1146	7	10

and Compared with Fasly 1256 there is an increase in the State Currum Nofsooms arising from the favorableness of the Season

53 The following State-ment supplies the Settlement Collection and balance of all Items of the Land Revenue in Fasly 1256.

Demand

2104

Fort St. George 14th February 1848.

Balance	54	Of the Ryotwary balance R. 5836 —
Pulv. Division 4327-10-3		— 11 — 11 prohibited in the above Statement R. 669-4
Sub Do 1528-12-8		have been since Collected and it is anticipated
5836-11-11		that a further Sum of R. 300 — will be realized
		The remainder is due partly by poor & abscounded
		Ryots, partly by Ryots in Villages where the Jurrum
		is heavy, See Mahratta as shewn in a separate account No. 1,
		and the remainder is due for various Causes The
		balance due will be fully inquired into hereafter
		and the result Submitted with the next year Report
	55	The balance outstanding at the date of
		of the Samabundy Report for Fusly 1253 up to 15th
		September 1848 was R. 6124 3-3 on account of
		Land Revenue Ryotwar of which it was anticipat-
		-ed that a Sum of R. 800 might be Collected
		on the principal & R. 400 on the Sub Division
		making a total of R. 1200; the amount actu-
		-ally realized since up to 15th September 1847 has
		been Rupees 998-1-9 on the Principal Division
		& R. 168-9-3 on the Sub Division, total R.
		1568-11- thereby exhibiting an increase above the
		estimated Collection of Rupees 368-11- The
		Sum still remaining due on account of Fusly
		1255 is Rupees 4537-8-5 the particulars of which
		& of the balance due for former Fusslies will
		be embraced in a Report which I hope I shall
		be able to Submit shortly
	56	The following Statement exhibits
		the balance due in Fusly 1256 by Shrotriems
		under Attachment & under Sawy. ——

Shrotriems

2106

Fort St. George 14th February 1848.

57 Measures have been taken to recover as early as practicable the balance Rupees 361-4-10 due on Samy Shrotriums.—

58 The following is explanatory of the attached Shrotriums. There were in last year 36 Shrotriums under attachment paying a Peiz of Rupees 19939 3 11

Reduct in Fusly 1256

1 Village Chamoodoogondah which was incorporated with the Coroo Villages 722 4 2

7 Villages released from attachment the Shrotriemdars having bound themselves to pay up punctually the balance instalments the balance that was due at the time of their attachments as also the full Peiz of the current year & to abide by the instructions of the Board with respect to the balance that accrued during the period the Villages were under attachment Viz.t

67. I now beg to submit the following information relative to the explanations called for by the Board on certain points in their Proceedings dated 16th November 1846 on the Report of the District for fusly 1255.-

68. The Board Remark in the 7th Para of the Proceedings above alluded to that it appears from the 16th & 17 Columns of the Statement No. 14; that as the Ryots were precluded from the state of the season from cultivating Magany Crops on Magany lands and had engaged to cultivate Metta Crops on those Magany Lands but had eventually neglected to do so, the Magany sist and not the Metta Sist of such lands was collected from them - and that if the conclusion they have come to is correct the Collector is required to apply to the Board for sanction to refund to the Ryots the difference between the Metta & Sist and Magany Sist that was collected.

The Statement No. 14 alluded to by the Board exhibits the lands which had been left uncultivated from Negligence and the amount of Sist derivable therefrom but not the amount collected from the Ryots.-

On such lands the highest rate of Metta shist existing in the Village was collected and the difference between this amount and the Magany shist was remitted under Fusul Commy. The amount so remitted under Fusul Commy stands deducted in the 11th Column of the detailed Samabundy Statement No. 2 for fusly 1255 and is included in the Amount of Fusul Commy. The following Statement exhibits the Collections made from the Ryots on this account.-

Talooks	Number of Villages not land neglected to be cultivated included in Cultivated lands as per Statement No. 14.- Goorchoos	Shist		Of which deducted as Fusul Commy			Remainder dry land shist Collected from Ryots.		
		cRs	a	p	cRs	a	p	cRs	a	p
Cavelly	4	59	13	5	50	8	2	9	5	3
Tammullapoor	4 0 50/250	1076	1	11	750	3	5	325	14	6
Goondavole	5 221/250	131	14	6	81	14	2	50	11	4
Woodiagherry	36 65/250	512	14	2	457	4	1	55	10	1
	86 170/256	1780	12	11	1339	13	10	440	14	2

From the above it will be seen that only Rupees 440-14-2 have been collected from the Ryots and it does not appear to be required that this amount should be refunded to them.-

69. As required in the 11th Para of the above said Proceedings that an account of the

the deductions made under Moonaib Cummy on account of expences incurred on account of Wells should hereafter be submitted with the Samabundy Report. I have the honor to submit herewith a Statement No. 15 shewing in what portions the Rupees 2,632-5-10 alluded to in the 35th Para of this Report as having been expended on account of Wells were spent on old Wells and New Wells in the different Talooks in Fusly 1256.

70- With reference to the information required in the 11th Para of the said Proceedings

†In Maratta. I beg to explain that the Statement No. 18† alluded to in Para 5th of this Report shows the balances allowed to outstand on the Ryots under Moonaib Cummy in Villages where the Tooroos are high.-

71- The Balance Rupees 428-6-3 outstanding against the Vencatagerry Zemindary up to the Close of Fusly 1256 alluded to in the 11th Para of the Board's Proceedings was Collected shortly afterwards.-

72- As required in the 15th Para of the Board's Proceedings a detailed account of the arrears is being prepared which will be submitted shortly

73- With reference to the 16th Para of the Board's Proceedings under notice and the 25th Para of the Board's Proceedings of the

the 25th September 1845 the Sub Collector has been called upon to furnish an account relative to the Pollams and arable waste of one Village together with his sentiments thereon and which as soon as received will be submitted to the Board with a separate Report-

74 I regret exceedingly that a delay should have taken place in the transmission of this Report but I trust the following explanation will be taken into consideration.- After I joined this District in January my commanding Head Assistant and acting Sub Collector Mr Pringle was taken ill and was obliged to leave the District and Mr Lushington and Mr Collett were both removed consequently for nearly two Months until Mr Mayne joined as acting Sub Collector, the whole Revenue and Police duties both of the Principal and Sub Divisions fell on myself and Mr Taggard who besides his other duties aided in the Settlement of the two Talooks of Woodiagherry and Calegherry and proved himself a most useful Assistant, and equal to a Revenue charge, which I have given him. The Board are also aware that a change of my Head Sheristadar took place at the end of the Fusly-

Nellore,
Coll[r]s Cutcherry,
8th November 1847.

/Signed/ G. A. Smith
Collector
Summa bundy-

From the Coll.r of Chingleput

Reporting on the Petition of the Zemindar of Annicut regarding certain Cowle lands.

Sir,

With reference to the late Acting Secretary's letter of the 16th ultimo transmitting
No. 2137 of 1847 for my report a Petition+ from the
returned. Zemindar of the Annicut Mootah
on the subject of certain grants obtained from
the former Zemindar, I have the honor to submit
the information required.-

The late Zemindar Chetum-
2- -bra Mooda Pillay having become suddenly
enriched by obtaining the large Prize in
one of the Madras Lotteries entered into

various

various speculations without experience or aptitude for carrying them out, and amongst other schemes, co- purchased in Fusly 1249 the Mootah of Amicut, having also rented the Akkarry Farm of the co- Singleputt Collectorate, he was unable to pay due attention to the Mootah, and entrusted the co- management to one Cuddalore Moottoosamy Moodelly a Meerasdar of the Village of Amicut, and at co- his instigation, as stated by Shedumbara Mootea Pillay he executed in Fusly 1252 a number of co- Cowls for 65 Cs - 2 as 18 of Poonjah, and 295 - 6 7/8 of co- Nunja land; The particulars of which are set- forth in the accompanying Statement.-

3- The Cowls from No. 9 to 75 were subsequently cancelled and the documents not co- having been made over to the respective parties co- were in Fusly 1254 when the Mootah was sold to the Petitioner, handed over to him with a statement that the remaining Cowls having been fraudulently obtained from him Shedumbara Mooteea Pillay he had been about to cancel them, but co- having sold the Mootah, he thereby authorized the purchaser Arooneghery Moodelly co- to

to do so.-

4- The Zemindar Arooneghery Moodelly having attempted to resume the lands was resisted by the Cowlears, when he laid a complaint before Mr. Cadell the Acting Head Assistant Collector in whose charge the Mootah was situated, and co- who + dismissed the Complaint of the Zemindar in + 11th March 1846. consequence of his having failed to prove that the lands in dispute were not immemorial waste at the time the grants were obtained.-

5- On reviewing Mr. Cadell's pro- -ceedings it appears that the detailed cultivation accounts that ought to have been preserved by the co- former Zemindars, were not forthcoming, nor was co- there any authentic account to shew whether the lands in question were immemorial waste or not, whilst the oral evidence adduced was directly contradictory- The evidence of two old co- Curnams however went to shew that the lands the subject of the present dispute had with the exception of a small bit of Poonjah co- land granted to one Soobroya Pillay, co-

been

been cultivated in Fusly 1220 and that the latter was also cultivated in 1234.-

6- On referring to the Statement, it will be observed that of the 125 Cawnies of land now in dispute, 40 — 10 5/8 as are in favour of the Zemindars Goomastah, and 9 — 8 as in the same name but as purporting to be for the benefit of the Parmaswa-ramungalum Pagoda, the rent fixed being 14 annas and 7 annas per Cawny respectively.-

Cowle 1 & 2-

Cowle 3- The next Cowle is in favor of one Pollien Soorea Chetty a Madras Merchant for 50 — 9 1/2 at 14 annas per Cawney in behalf of a Chaulty.-

Cowle 4- The following one for 5 Cawnies at 14 annas per Cawney is also for the support of a Chaultry.-

Cowle 5- The succeeding Cowle is in favor of the Villagers for 8 8 1/2 as at 14 annas per Cawney.-

Cowle 6- The Sixth Cowle is for 5 — 10 1/2 as at the same rate as the preceding Cowle in favor of one Palaneram Cunnea Pilley. and the last one for 1 8 as at 14 annas is in favor of three individuals.-

Cowle 7- Of the above lands about 20 Cawnies only have as yet been reclaimed.-

7- Taking the whole of the above circumstances into consideration and the low rate of the Cowls being at 14 and 7 annas a Cawney, when the wet lands of those Villages yield on an average between 6 and 7 Rupees and to the extensive grant in favor of the managing Goomastahs, I am inclined to believe the Zemindar was not fully aware what he was conceding when he executed them, but as the parties had held them for 2 years, when the late Zemindar disposed of the Estate, and as the legality of some of the grants must depend on the question of whether the land was or was not immemorial waste, the question ought not, I consider to be decided as a summary Suit, but the Zemindar should be desired to sue in the Civil Courts for their cancelment.-

8- With regard to Grants Nos. 2, 3 and 4 they are illegal under the Provisions of Section XII Regulation XXV of 1802 which prohibits Zemindars alienating lands for the support of Chaultries Dawstanums &c &c but these Cowls should also, I conceive be cancelled by a regular Suit.-

Singlepatt District,
Collr's Cutchery,
Pallecarey 17th January
1848.

(Signed) A. Freese.
Collector.

Chingleput District Collectors Cutcherry Pullecanney 17th January 1848. E: E: Fr. (Signed) A: Freese. Collector

Ordered

Ordered that the following letter be sent in reply.-

To,

The Collector of
Chingleput.

Sir,

(44-45)

To the Coll.r of Chingleput

Concurring in the opinion of the Collector that if the Mootahdar of Amiench is desirous of cancelling the Cowles granted by the late Mootahdar, he must institute a regular suit against the parties.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 17th Ultimo reporting upon the petition No. 2137 of 1847, presented by the Mootadar of Aimicut in regard to certain lands said to have been improperly granted on Cowle by the last Proprietor.

In reply the Board instruct me to inform you that on due consideration of all the circumstances connected with these lands as detailed in your letter, they concur with you in opinion that the questions on which the legality of the grants made by the late Mootadar must depend are such as cannot properly be decided in a Summary Suit - but that the present holder of the Mootah if he be desirous of cancelling the Cowles must proceed by regular action in the Civil Court - The Board have caused an endorsement to this effect to be passed upon Arnagherry Mootahdar's Petition, which I have now to forward to you for delivery to that individual.-

Ordered that the following

endorsement be passed upon Petition 2137 of 1847

"Petitioner is informed that if he be desirous of cancelling the bounds alleged to have been improperly granted by the last Mootahdar he must proceed by a regular suit in the Civil Court."

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

48

Sir,

From the Coll[r] of Salem — Submits a Statement shewing the Causes which render it necessary to enforce the sale of the defaulter's lands in satisfaction of the Arrears of Revenue due by them

With reference to the Board's Proceedings dated 1st November 1847 in reply to my letter of the 13th October last recommending the sale of lands of the Revenue defaulters therein mentioned— I have the honor to submit a Statement with remarks shewing the Causes which render necessary the enforcement of the sale of their lands and houses in satisfaction of the Arrears of Revenue contumaciously withheld by them appreciating the produce of the lands They were and are still in good circumstances and the defaulters Nos 1 2 & 3 were directed at the time of settlement of Fasley 1256 55 & 56 / for which they evaded payment of the Kundayem / to pay it punctually and warned that in the event of their Continuing obstinate their property would be attached and sold, so that they have no

Fort St. George 14th February 1848

no Cause whatever to urge in justification of their conduct

The Cases of the defaulters Nos 4 5 & 6 are similar to those above alluded to but they have paid their arrears in full for Fasly 1256 a portion of their lands, good and bad proportionably have been attached—

In all these cases clemency was shewn to the defaulters without resorting to harsh measures of attaching and selling their property at the time the Kundayem became due by them—

Salem Zillah Cutcherry
Coll[rs] Cutcherry,
10th January 1848

/ Signed / W. E. Lockhart
Collector

Salem Yellah Opoor, Collector's Cutcherry 10th January

E. E. Jr. | Signed | H. E. Lockhart.
Collector

Resolution thereon— Under the explanation now offered the Board sanction the sale of the Lands referred to and have caused the advertisement transmitted by the Collector to be published in their Office. Monday the 27th March now having been fixed for the day of sale.

The Board observe that the details of the Statement No. 2 which accompanied the Collectors letter are still not fully in accordance with those of the advertisement. The Assessment on the Lands of the 1st Division is given in the former document at Rupees 1-7-8-9 in the latter at Rupees 3-9 the Cowle Land bearing a teerwah of Rupees 9-11- having been omitted in the Statement. Mr. Lockhart is requested to cause these papers to be prepared with accuracy for the future.

To

T. B. Rowsell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George

From the Collr. of Salem

Sir,

I have the reference to your letter under date the 3d Instant regarding the Village of Culpygum at the foot of the Shevaroy Hills. I have the honor to refer the Board for the information required regarding the annual extent of wet and dry cultivation, to the Statement already submitted with my letter of the 30th October last. The Village being attached to the Shevaroy Hills the heriz of it is included in the total Revenue of the said Hills. Neither these Hills nor any of the Villages belonging to them were surveyed and their lands classified and assessed. The discretionary or Mouroosi teerwah has been fixed on spots without any reference to the Extent or description of cultivation, the same system was observed during the period of their being left under the management of the Renters. The Village in question has lately been measured after the Board called for a Statement shewing the extent of land cultivated in it. The Board are aware that the Hill lands are not surveyed nor classified nor included in the survey accounts of the District.—

Salem Fillah Office
Collrs. Cutcherry 19th January 1848.

I have the honor to be
Sir
Your most obedient Servant
(Signed) W. C. Lockhart
Collector.

From Coll.r 19 January in Cons 11th Feb.y —

From the letter above recorded and the previous correspondence upon the same subject it appears that the Village of Culpugum in common with all the Villages of the Sherwaroy Hills has not been surveyed nor have the lands belonging to it been classified and assessed, but have been subjected whether under rent or Amanum to Moonasib or discretionary Teerwah. It further seems that the exemption from Teerwajasty of the lands in Culpugum converted into Nunjah by means of the Inglo stream which traverses the Village is in accordance with long standing usage which has obtained alike under the Circar and renters management. Under these circumstances and adverting to the small rate of Nunjah cultivation in the Village, and 16 13 4, the Board will not disturb the practice for the present, but will reserve the subject for further notice when the survey and assessment of the Sherwaroy Hills and their dependencies shall be taken into consideration.—

From the Colls of South Arcot.

Sir,

Para 1.

Fort St. George
The triennial lease of the

Forwarding Statements with information and recommending for renting certain Villages belonging to the resumed Jaghire of Collamalay in the Talook of Munnargoody and requesting Board's instructions thereon.—

28 Villages belonging to the resumed Jaghire of Collemalay in the Talook of Munnargoody sanctioned by the Board of Revenue, having expired with the past Fusly 1256, and the whole rent having entirely been realized, I have, with a view to save the interests of Government from any eventual loss that might arise by keeping them under Amany, thought it proper to order the Tahsildar to invite Proposals for renting them out again for a further period of one or three years. The Ryots of the Cumapet Village having declined to tender a proposal for rent, that Village must necessarily remain under Amany. The Ryots of the remaining 27 Villages have, thro' the means of the Tahsildar, given proposals for a three

years

Years leased commencing from Fusly 1757 to 1759. including the resumed income of the Cumum and Notayans, but considering the richness of the soil as well as the superior means of irrigation which these 27 Villages possess from the River Coleroon &ca I expected better terms might be procured from a personal conference with the Ryots. I accordingly proceeded to the Talooke of Munnargoody accompanied by my Sheristadars and endeavoured to persuade the ryots to give fresh proposals on reasonable terms with reference to the resources of their respective Villages I succeeded in obtaining fresh proposals for only 7 Villages, the remaining Villages declining to raise the terms on the plea that any falling off in the present crop of grain would expose them to a serious loss and that the last three years rent being high, they could not raise it for fear of loss. —

2d The proposals of the 27 Villages for three years rent commencing from the current Fusly 1757 to 1759 are exhibited

+ No. 1

Bariz of these 27 Villages —

For Fusly		
1250	22011 12	"
1251	20131 8	10
1252	22677 7	11
1253	22614 1	8
1254	26865 "	"
1255	27170 "	"
1256	27150 "	"
Total	168619 11	5
Average	24088 8	2

Proposed Bariz for

1257	27294 8	"
1258	27294 8	"
1259	27294 8	"

exhibited in the Statement + herein enclosed, together with the Bariz of the past 7 years. On comparing the total proposed rent with the Bariz of the past years. the Board &c. will perceive that the former tho' about equal to the last three years rent, exceeds the 7 years average Bariz by Rupees 3205 — 15 — 10 per Annum.

3d. When the extent of wet land under cultivation and the average Teerwah of each Village as well as that of the adjoining dry Villages which this rent shews per Cawney Viz., varying from 9 to about 4 Rupees a Cawney, in most of the Villages are taken into consideration I am of opinion that the terms are lower than they ought to be as will be more fully seen by the

Memo

+ No. 2.

To B.d 11th July 1836 Paras 28 3.

To B.d 11th Sept.r 1836.

Mem.m The character, object and grand generally practiced by the ryots of these Villages being well known to the Board: I am unable to procure better terms of rent from the unwillingness of the Mirasidars, which is however far higher than what could be realized under any Management.—

4. The Board are aware that the lands of these Jaghire villages are surveyed and classed, but in order to secure the just dues of Government some temporary means should be adopted. If the Board will furnish me with instructions to class these Villages again on a fair comparison with the adjoining ain Villages and levy the teerwah at the rates fixed on them from Fasly 1258: I beg to recommend that the current years profits only be accepted. The standing crops being exposed to the late fall of rain they have been made over to the Renters subject to

the Boards approval. If the Board are not disposed to furnish me with such instructions I beg to state that the proposed rent for the ensuing Fasslies 1258 and 1259 may also be confirmed.—

South Arcot
Collr.s Cutcherry,
Cuddalore

Proceedings thereon.

Confirming the acceptance for the present year of the proposals made for renewing the lease of 27 Villages of the resumed Jaghire of Collumalay in South Arcot.—

Fort St. George 11th February 1848

In the foregoing Letter the Collector reports the expiration at the close of Fusly 1256 of the triennial lease of the 28 Villages belonging to the resumed Jaghire of Collumalay and submits the proposals of the Ryots for renewing the lease for 27 of these Villages for a further term of one or three years. The Ryots of Punnapaut having declined to make any offer for continuing the rent of Mr. Davis proposes to retain that Village under attachment.

The aggregate amount of rent now offered is stated to be Rupees 28,781 per annum, deducting therefrom the amount of Cumanums and Sotagars Viz. Rupees 1,187. the net amount will be Rupees 27,594 per Annum, which exceeds the average Rent of the last seven years by Rupees 3,205 but the average of the triennial lease just expired by only Rupees 232-13-4

Mr. Davis states that he is unable to obtain better offers owing to a combination on the part of the Meerasdars, and considering the richness of the soil, the superior means of irrigation which the Villages possess from the River Coleroon &c. the extent of wet land under cultivation

Fort St. George 14th February 1848.

and the average teerwah per Cawney obtaining in these as well as the adjoining Villages he is of opinion that the terms offered are lower than they should be, he however thinks that the Amount is far greater than could be realized under Amaney Management, and therefore recommends the acceptance of the offers at least for the current year.—

The Board observe that the Report of the Collector is dated 20th December and that prior to its despatch the standing crops had already been made over to the renters. No reason is given why the Collector did not communicate with the Villagers and lay the result of his inquiries before the Board at an earlier period. under present circumstances the Board have scarcely any Course open to them save to accept the offers now made for the Current Fusly. That these tenders are far from adequate is allowed by Mr. Davis and can indeed admit of no question. The Season has notoriously been most favorable and the Villages, with one exception, are not dependent solely on the local rains but derive ample supplies of water from the Coleroon Anicut. From

Statement

Statement No. 2 appended to the Collector's letter it appears that the total extent of Runja land under Cultivation exclusive of the Runj Cultivation Carried on in Poonja land is 3273 Cawnies. the assessment on which at the average rate Rupees 10-1 obtaining in the lowest or 4th Class of the adjoining Iyen wet Villages would be between 32,000 Rs. & 33,000 Rupees. In Fusly 1248 the settlement even under the disadvantages of an amanie management did nearly equal the first of these sums, being Rupees 31,782 and in the ensuing year the Villages also under Amanie yielded Rupees 28,702 being Rupees 140 above the rents now offered. These were the years immediately following the Construction of the Coleroon Anicut and it is well known that the subsidiary works in connection with that undertaking have been carried out and great improvements made in the irrigation of the Taloofe in which the Collamalay Aghire is situated in the subsequent years.

Under these circumstances the Board while they confirm the offer now under report for the present year

only request that the Collector will use his best endeavours to obtain more favorable proposals for the ensuing Fusly. If he cannot succeed in this respect the Villages must be kept under amanie. The Board are fully alive to the disadvantages incident to this mode of management in Jaghire Villages, but they consider it a preferable course to that of accepting any tenders which the Villagers may think fit to submit. It is not improbable that when the ryots perceive that the revenue authorities are in earnest in retaining their Villages under amanie rather than admit insufficient offer the apprehension of this Measure Coupled with the fear of their villages being classified and placed upon the same footing as the ain lands of the Taloofe may elicit more reasonable proposals. and in any case the result of Mr. Ashton's management in Fusslies 1248 & 1249 shows what may be effected even under amanie when the exertions of the Collector are zealously directed to the protection of

Fort St. George 14th February 1848.-

of the Govt. Interests.-

From the Collr. of Tanjore.---

Reporting on Petition Nos. 1722 & 1763 of 1847.

Sir,

I have the honor to acknowledge the receipt of Mr. White's letter of the 28th October, accompanied by Petitions Nos. 1722 & 1763 of 1847 from certain parties connected with the Nagoor durgah.-

A dissension among the Trustees of the Mosque has for some Months existed and two parties have been formed, five of the Trustees siding against three others of the party. The great cause of contention being the retention as Manager, of one "Syed Mohdeen Marracoin" with whom the three dissenting Trustees had quarrelled & wished to remove. In Consequence of those dissentions

dissentions the Ceremonies and Charities of the Mosque were interrupted, and appli= for assistance made to the authorities, whose utmost endeavours appear to have been made but with little purpose to effect a reconciliation among the ex= Trustees.-

The great bone of contention, Syed Mohdeen Marracoin having been lately removed by death a fresh cause of quarrel arose regarding his suc= =cessor, the three Trustees who objected to the Continuance in Office of Syed Mohdeen Marracoin, contending for the nomination of his nearest relation to which the other party would not listen, proposing instead, two respectable residents in Nagoor, one a Mussel=man, and the other a Hindoo. But as they could come to no termin= among themselves they were all called up before me, and after hearing what each had to say, a settlement was finally made, and the 8 Trustees have signed a Rajeenamah and agree= =ment to carry on the Mosque affairs jointly

jointly and peaceably, the nomination of the Manager falling to the choice of the Majority as it should do. It is doubtful whether the Minority will re= remain quiet, as their quarral with the other party regarding the late Syed Mohdeen Marracoin has engendered very bitter feelings. They have re= however been cautioned against vain interference with the usual ceremo= =nies and threatened with punish= =ment if they cause confusion.-

Tanjore, - - -
Vellum - - -
27th January -

Collector

Proceedings thereon. From the foregoing report it is observed that an amicable Settlement of the differences that existed between the parties entrusted with the affairs of the Nagoor Mosque has been fi= =nally effected, out that the Eight Trustees have signed a re= Rajeenamah

(56 587)

Rajeenamah and agreement to con=
=duct the affairs of that Insti=
=tution conjointly. In the event
however of any further dissensions
arising among the parties connect
=ed with the Institution the Collect
will be careful to avoid every
interference except so far as
may be necessary for keeping
the peace and will refer the
disputant to the Civil Courts for redress.

Ordered that the following Endorsement
be passed on Petitions Nos. 1722 & 1763 of 1847.

"The Board of Revenue have
received a full report on the subject
of this Petition from the Collector,
and observe that the differences
that existed between the parties
entrusted with the affairs of the
Institution referred to have been
amicably adjusted."

Read the following letter-

To

F. B. Roupell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

58

From the Collr of Madura.

Sir

With reference to Para 51 of my Report on the Settlement of Fusly 1256 I have the honor to transmit the accompanying Copy of a correspondence with the acting Sub Collector from which it appears that the Rule observed in the Sub Division with regard to the Assessment of Sugar Cane Cultivation is, as I supposed, to enforce the additional 80 per Cent on all lands the assessment of which does not exceed 20 Fanams.

With reference to Para 51 of Report on the Settlement of 1256 forwarding a correspondence with the acting Sub Collector.

To acting Sub Collr
1st January 1848.
From Dr 13th January.

Madura 29th January }

I have the honor to
(Signed) R. D. Parker
Collector.

No. 1.

To The Acting Sub Collector
Dindigul

Sir,

In Para 47 of your Summah bundy Report for Fusly 1256 you observe as follows "it is obvious from the rule fixing 19 Fanams as the Maximum assessment of single Crop lands that the 1st Class One Crop lands of Butta goontah which are assessed at 20 Fanams would

would evade the payment of the additional tax."-

In Mr. Elliot's Report for Fusly 1254 he states thus "I took upon myself therefore to carry out the orders of the Board by fixing 20 fanams as highest tax on single crop land."

Being unable to reconcile these two Statements I shall feel obliged by your informing me whether or not lands assessed at 20 Fanams Moonasib Jeerwa were charged with the Extra 80 per Cent or either the difference between 20 fanams and 30 fanams the extreme limits, and whether any distinction in that report was made between 20 fanams lands supposed to belong to the two crop class and 20 fanams land supposed to belong to the one crop class.-

To enable me to enter fully into the subject I have the honor to request that you will favor me with the following accounts, forwarding them as they are severally prepared.-

1st A Statement of Dhurwar and Jarnwar of any land belonging to the East or 20 fanams Class of the crop land in each of the villages

you have mentioned which may have been cultivated with sugar Cane in 1254, 55, and 56.

2. Do. Dhurwar. Rhaitwar and Jarnwar of all one Crop lands so cultivated in each of the said Villages.-

3. Accounts Villagewar and Dhurwar of all lands cultivated in Fusly 1256 with two Nunjah crops the Moonasib Jeerwa of which is 20 fanams or less.-

And I beg to enquire whether if all lands, without distinction these assessment of which does not exceed 20 fanams inclusive, are liable to the payment of Extra tax for Sugar Cane, that part of your argument which is founded on the partiality of the tax will not in your opinion fall to the ground.-

Madura - - - }
1st January 1848. } (Signed) R. D. Parker.
Collector

No. 5.

To R. D. Parker Esqre
Collector of Madura

Sir,

I have the honor to acknowledge the receipt of you letter of the 1st Instant No. 1, and regret to find that

Fort St. George 14th February 1848

that I have fallen into error in regard
to the rate of Assessment fixed on Single
Crop rice lands cultivated with Sugar
Cane.-

2. I accordingly request to be
permitted to substitute the following for
Para 47 of my Report. "It is obvious from
"the rule now in force which requires that
"an additional tax shall be paid on
"all rice lands cultivated with Sugar
"Cane on which the Moonasib rate of
"Assessment has been fixed at 20 fanams
"and less per Cooly, that in Battalagoontah
"lands which have already been assessed
"as two Crop lands, are classed as Single
"Crop lands, and in the event of their
"being used for the culture of Sugar Cane
"would be required to pay the additional
"rate of Teeruai directed to be placed on
"Single Crop lands."-

3. In the 26th Para of my
Report I have stated that in only two
Villages had I found the distinction
of one and two crops maintained in
the Fysul accounts in the hands of
the Village Curnums. Those Villages
are Battalagoontah and Ahtoor.

The

Fort St. George 14th February 1848.-

4. The Statements Nos. 1 & 2
of the accounts for the Village of Battala
goontah required by you shall accordingly
be prepared and forwarded as early as
practicable.- In Ahtoor, Sugar-Cane has
not been cultivated. Also Statement No. 3
which as I understand it to refer to all
lands, in the 4 Taloods, rated at 20 fanams
Moonasib and under per Cooly, cultivated
with two Crops of rice in Fusly 1246, will
I fear necessarily occupy much time, for in
addition to the extensive nature of the
account, it not being generally customary
to observe in the accounts of this division
the distinction of Single or double Crops. This
information can only be gained by personal
enquiry and examination.-

5. No distinction was made
in the rule for fixing the Assessment of
lands occupied with Sugar Cane in favor
of lands supposed to have been originally
rated as two Crop lands; and none has
hitherto been observed in regard to such
lands. The Tahsildars having reported to
Mr. Elliot "that there were no accounts
to shew what was single and what is
double Crop." he appears to have framed
the

the rule now in operation on information collected from persons considered "likely to be acquainted with the subject."

6. The search of the Tahsildars does not appear to have been sufficiently carefully made, as in each of the Talooks of Tadicomboo and Nellacottai information of the kind desired was obtainable at least in one Village.

7. With regard to the enquiry with which your letter closes, I have the honor to reply that, if it is established that all lands rated at 20 fanams inclusive are single Crop lands it does not appear to me that there would be ground to object that the imposition of an additional tax on all such lands occupied with Sugar Cane was so far, at least as this kind of Cultivation is concerned, a partial tax; But in the present state of the accounts I fear it will be found very difficult if not altogether impracticable to determine what lands were rated as double and what as single Crop in 1802 And while there is danger and doubt of imposing on some lands a tax in excess of that

to which they were originally considered liable as double crop lands, it seems to me desirable to make some modification in the existing rule, tho' I confess I am at a loss to suggest an appropriate modification -

8. But even were this objection removed it still seems to me that as long as rice lands originally assessed as one Crop land, are exempted from paying any additional tax on being cultivated with a 2d Crop while all one Crop lands occupied with Sugar cane are subjected to such a tax, so long the object proposed by the Court of Directors of placing the Sugar grower on the same footing with the Rice grower is defeated.-

9. Not only is one crop land cultivated with Sugar cane, invariably subjected to a higher assessment which would not be the case if two crops of rice were grown upon it; but in the Village of Buttalagoontah, and I believe it will be found the same in almost all the Villages in which the Sugar Cane is grown that in some cases, the imposition of the additional Tax laid down by the Board's Rule, rises the assessment on above

Fort St. George 14th of February 1848.

above the rate paid by any two crop lands in the same Village.-

10- For instance the highest rate of Nunjai Assessment in this Battalagountah Village is 27 fanams, but if lands assessed at 20 fanams, are cultivated with Sugar Cane they would pay 30 fanams or 3 fanams more than is paid for any rice land; so likewise lands assessed at 18 fanams would where cultivated with Sugar be rated at 30 fanams

11- The imposition of this additional tax must therefore it seems to me tend to discourage the rearing of the Sugar Cane, and so frustrate the design of the Court of Directors- The rule seem also to be equally at variance with the principle prescribed by them that the Assessment of land appropriated to the growth of Sugar Cane should be subjected to the same assessment as land of the same quality and advantage under ordinary Crops.-

thereon.- Ordered to be brought forward at a future Meeting.-

Read the following letter

To F. B. Roupell Esqre
Acting Secretary to the
Board of Revenue
Fort St. George.

60

From the Actg. Collr. of Tinnevelly- Reporting on Petitions Nos 1412 & 1497 of 1847 herewith returned and recommending for reasons shewn the release of the Maniem therein alluded to-

Sir,

1- The circumstances of the Enam referred to in the Petitions noted in the Margin, herewith returned, being rather long, I have the honor to report on the same by letter instead of by Endorsement.-

2- The Maniem of P. Cottahs 19 - 3½ alluded in the Petition, not having been entered in the Accounts of Fasly 1213 referred to in the Minutes of Consultation of 11th January 1838, which accompanied the Board's Proceedings of the 25th January 1838 on the subject of the Chockumputty Enams, was ordered to be resumed and assessed with full Peishwah.-

3- On further enquiry however it appears that Valungapooly Tauer the father of the late Zemindar granted

as

Fort St. George 14th February 1848

as Sarvamaniem to the Petitioners Grand father Ragoonada Row in Fusly 973 amounting to Sa. Cottahs 41½ and 7 Mercals of Nunjah land and has executed a Deed of Grant to that effect.-

4. In an account purporting to be that of Amdos 984 obtained from the records of this Office and originally furnished by the late Zemindar, Sa. Cottahs 18-15-6⅛ of lands are entered as maniem in the name of Ragoonada Row.-

5. In the Jummabundy accounts of Fusly 1240 and 1241 while the Zemindary remained under Circar Management Sa. Cottahs 18-15-6⅛ of land are entered as Maniem in the name of the Petitioners Grand father.-

In the Pymash accounts of Fusly 1256 after the Zemindary became the property of Government, Seed Cottahs 19-2-½ of land are entered as Maniem in the Name of the Petitioner which has been carried in his name upto Fusly 1254. Besides this the Old Meerasidars of the Village say that the Maniem was granted by the Zemindar to the Petitioners Grand

father

Fort St. George 14th February 1848.-

father in Fusly 973 Amdos. The Petitioner states that the Maniem is also entered in some other accounts, which are not forthcoming from the Records of this Office.-

In the Deed of Grant the Maniem is entered at Sa. Cottahs 41-8-7 which was according to the old Measurements of the Zemindary. In the Accounts of Measurements of Fusly 1246 the extent Cultivated amounting to Seed Cottahs 19-2-½ alone was entered as maniem.-

As it appears therefore that the Maniem was granted to Petitioners Grand father previous to Fusly 1213, and enjoyed as above mentioned though not entered in the Accounts of that year, owing either to the lands not having been cultivated, or to some other cause not apparent from the Records of the Office or ascertained during the enquiry I am of opinion that it should be again released in Petitioners favor in the same way as the other Enams attached to Chockumputty under the Orders of Government above referred to.-

2 Proceedings

2256

(100-61)

Proceedings thereon authorizing the release for the present of the Checkums Putty Enam resumed by the Collector of Tinnevelly.

Fort St. George 14th February 184[illegible]

Under the circumstances [illegible] sented by the Acting Collector and [illegible] verting more particularly to the length of time that the Petitioner and his family have been in the enjoyment of the maniam and to the fact that [illegible] not entered in the accounts of Fasl 1213 it would seem to have been granted prior to that date, the Board of Revenue authorize the release of the Enam to the Petitioner for his life. On his demise the Actg. Collector's report more fully on the subject with reference to the rights of Government under Regulation XXXI. 1802 and to the correspondence which has already passed at the same time sending up any Extracts from the accounts or other documents which may bear upon the case, more especially the original deed of grant executed by the Zemindar.

Ordered that the following Endorsement be passed on Petitions Nos. 1412 & 1497 of 1847

"Petitioner is referred to the Collector, to whom instructions have been sent on the subject of this Petition"

From the Coll.r of Canara.

Forwarding Original Grant with its translation into English in support of the claims of the Cases of Jaree Enams called for in Board's Proceedings of the 31st May last

Sir

With reference to the proceedings of the Board of Revenue under date the 31st May last I have now the honor to forward the documents produced in support of the Cases of Jaree Enam the holders of which have lately died which were reported on in my letter of the 9th February last. The documents are all accompanied by translations in English.

2 The Board have at the same time directed me to state the nature of the religious duties for the performance of which the grants appear to have been originally made and whether the grants in question were on the first assumption of the District by the Government vested as hereditary to be enjoyed for ever.

3 With respect to the former point a perusal of the copies of the grants now forwarded will sufficiently show that they

were

Fort St. George 11th February 1818.

were essentially of a religious nature, being given for the purpose of carrying on the usual ceremonies at certain Pagodas established and endowed in the name of the founders in place of the institutions themselves. In some cases (Hindu) it will be observed that the gift is to the institution itself, but these are entirely to be held by the persons by whom the ceremonies of which it was intended as a commutation have been performed. In all these cases the religious institutions are still in existence and the rites continue to be performed in them.

1. The destruction of these records by the Office presents no difficulty to my being able to refer to the former correspondence, if any doubt should exist as to whether these grants were resumable as hereditary and to be enjoyed for ever, but I can entertain no doubt regarding it. If they were so viewed, they have been continued as such from one to two centuries by the former Government and the British, and under the latter no claim has hitherto been made to resume them on the occasion of former measures.

The leases on these Estates have been drawn for

Fort St. George 11th February 1818.

from the accounts as "permanent provisions" and as such excluded from the gross amount of public Revenue, and the well known sentiments of Col. Munro respecting Enams of this nature leaves no room to question that he contemplated their continuance after they had once been recognized as valid grants.

Mochteamamah deed executed by Ranga Andhangi's son Krishna Andhangy residing at Sringuery in the Nuggur division under the Mysore Zillah in favor of Appanna Bhut son of Amanta Bhutt residing at the Naga Lingapoor Agraharam in the Varambally Village, Singapoor Agraharam in the Bramaver Mogany in the Bareoor Talook in the Zillah of Canara on Sunday the 13th Ashaud Bhob of Kemalambee corresponding with the 30th July 1837 on Jusly 1747 and Shaliwan Sheka 1760.-

My father had employed you to conduct the Oopady service and to hold Hn 3½ being the Bramadaya Sudeek registered in the accounts in the name of my grand father Pootta Andhangy in the said Naga Lingapoor Agraharam institution with a house and accordingly you had continued to do so and there is an Enam land of Hn 3-1-8 Company's Sharvan Beriz registered in the name of my elder paternal uncle Soobba Andhangy situated at Cachoor Village in Manchally Mogany which was enjoyed from the time of my ancestors and as the said house which was granted for Oopady service has been consumed by fire and because I reside in a strange i.e. distant country and consequently am unable to come here and rebuild the house and hold the land, I have hereby of my own free will warned and fully authorized you to enjoy the Bramadaya Sudeek of Hn 3½ the site of the house and the aforementioned lands of Hn 3-1-8 Beriz, standing at the Cachoor Village.

Village from generation to generation in the same manner in which Idid, and to build a house ab the said Agraharam, you are therefore to get the registry of the said land and Tusdeek altered to your name you are henceforward as full proprietor to enjoy the land of Hs. 3—1—8 Beriz Hs. 3½ being the Tusdeek and the site of the house together with the Jungle, Belt, Chittay, All, Alal, Nirdhary Nidhy, Nauthreapa, Sela Pashena &c. thereto attached and which may be in existence, from generation to generation as long as the moon may last and I and my heirs shall have no claim to the said land Tusdeek and site of the house.

(P.S.)

Compliments from Ramerow to Moolby Sadry Deary.

Agreeable to the order issued by the person who formerly managed this Holly in obedience to the Hon.ble orders to the effect that the amounts required for the Annroothpaddy and Nandadiffthy of the Doorga Purmaishree Amma, Vinayk Deoo and Siva Deoo installed around the Devastab of Shenkera Narraina Deoo in the Padmanoor Mogany of the Parcoor Holly, should be defrayed from the Nadjaad land of the Padmanoor Moogany, waste land of Hn. 15 was brought into cultivation and the above ceremonies conducted and besides this a sum of Hn. 15 has continued to be paid by the people of the Moganies agreeably to a deed executed by the inhabitants of this Holly totah Hn. 30. As Narraya has represented that the said sum of Hn. 30 should be remitted by the Government and prayed that a grant should be made from the Cadoor Village situated near the Dwelling it is required accordingly that the sum of Hn. 30 be included in the amount of assessment payable by the Moganies respectively, that it should be collected so as to make up the sum of assessment due to the Government, that in lieu thereof land situated in the Cadoor Village equal to Hn. 30 should be separated and put in charge of this Narraya and that the services of the duties should be continued bedully performed, & that this order should be entered in the Carnicks accounts and then returned to the bearer.

13th Ashweeja Bhol of Manmatha A.D. 1770.

Fort St. George 14th February 1848.

Read letter dated 9th February 1847 from the Collector of Canara reporting in conformity with the Board's instructions conveyed in their letter of the 26th October 1846, upon 4 Cases of Jarce Enams the holders of which have lately died.

Proceedings thereon.

The Collector of Canara in a letter dated 4th September 1846 requested the instructions of the Board as to whether the Enam lands classed as Jarce Enam in the accounts of that District which are permanent alienations of Land Revenue should come under the rules laid down in the Minute of Consultation dated 26th April 1845 and in reply was informed that all such Enams as may be of the nature of charitable Grants or conferred for any of the purposes specified in that Extract must be understood as coming under its provisions. The Collector accordingly in the foregoing letter reports upon 4 Cases of Jarce Enams the holders of which have lately died, and states that he feels a difficulty in making any distinct recommendation respecting their continuance in some of the cases without being informed generally as to the principles

Coll.r

principles by which it is the wish of Government that the renewal of such Enams should in future be guided. The four cases are he observes all agraharum Enams and in three of them the persons claiming to succeed are not connexions of the last holders but rest their title in one case on the strength of a purchase and in two others upon agreements entered into by the heirs of the last incumbent for their transfer, so that if it be the intention of Government that Enams of this nature should now be regulated by the same rules as have heretofore prevailed in regard to the Poligar pensions and like Grants there can be no doubt that they would now lapse to Government. The Collector represents the difficulty of drawing a definite line between personal grants and those of a charitable & religious nature and remarks that agraharum Enams appear to partake of the nature of all three and that no restriction appears ever to have been placed on their transfer to parties other than the descendants of the original Grantees provided the parties were capable of performing the services attached to the grant.

2.

In regard to the application of

of Regulation XXXI of 1802 to the Enams under consideration Mr. Blane expresses a doubt as to whether a permanent right has been conveyed to the holders of them or whether it has been modified by Regulation the remarks would appear to refer only to "Grants of Money or land revenue conferred by the authority of the Governor in Council" and not to ancient Enams conferred by former Governments. The Collector in making this remark would seem to have overlooked the extension of the provisions of the latter regulation, which by Sect XXXI of 1836 the Board observe have been made applicable to all grants of a similar nature. It is also to be noticed that while Section II Regulation XXXI of 1802 is to declare distinctly what lands shall not be liable to resumption the succeeding sections contemplate them as being liable to that measure.

The Collector then incidentally

3.

but at some length points out the anomalous state of the Enams in a part of his District. He states "that the greater part of these Enams were at the commencement of the "Company's Government, Grants of land revenue "enjoyed by the holders in the same manner as "they are in other Districts, but with this "distinction that they are not Grants of the land

"land itself, but of the whole or a portion of
"the assessment on estates generally belonging
"to others." Mr. Blane proceeds to explain that
when the Province of Canara was divided into
two Districts each under a separate Collector &
Mr. Reade the Coll.r of Northern Canara &
made over the Enams to the holders whereas
Mr. Ravenshaw the Collector of Southern Canara
collected the Enam revenue by means of his
Tahsildars and distributed it to the Enamdars
thus converting the Enams into what may be
regarded as ready money allowances. The effect
of this measure has been to place the Enamdars
in the Southern Division on a more favorable
footing than those in the Northern for while
the latter have the responsibility of realizing
their own demands on the Estates without &
the assistance of the revenue servants and &
are obliged to put up with what they can get,
the former receive from the Revenue Officers
the full amount of their Enams, the loss in
cases where an Estate may pay below the fixed
Beriz or where from temporary causes a remission
is given, falling upon the Government. This
system is considered to be a departure &

from

from the original intention, the only remedy
for which appears to be to revert to the former
state of affairs.

Under the foregoing circumstances
4. the Collector requests that he may be furnished
with some general instructions by which he
may be guided in making recommendations
for the continuance of Enams, and that he &
may be informed whether there be any Enams
with the Exception of those belonging to
public religious Institutions in which &
Government does not contemplate any inter-
ference, and he concludes by recommending
the continuance, at all events for the present,
of all Enams which however indirectly are
associated with the religion of the inhabitants
of the District, because as they are mostly
of a very old date, and have been continued
by former Governments as well as by that of
the Company up to the present time, the
measure of resuming them would be doubtless
so looked upon invidiously by the Native Community.

From the tenor of the documents
5. produced in support of the Enams under &
report, translates of which accompanied
the

In Con. 14th Feb. 1848.

the Collectors' letter of the 23d September last, it is clear that these Enams were originally conferred for the performance of religious ceremonies in Pagodas but that they were granted (except in one case No. 4) in the names of the founders, instead of the Institutions themselves. There are essentially the Board think service Grants, and should like all other Enams falling under that description be continued so long as a legitimate successor is forthcoming, who is able and willing to fulfil the conditions attached to the Grants under this view of the case, and adverting to the fact that the religious Institutions in favor of which they were alienated, are still in existence, and that the rites continue to be performed the Board would beg to recommend the continuance of Enams No. 1, 2 and 3 in the names of the respective claimants whose title thereto, tho' they are not, excepting in the case of Enam No. 2 direct descendants of the Original Grantees, is sufficiently proved by the documents forwarded by Mr. Blane, as no successor is stated to have been left by the last incumbent in the case of

of Enam No. 4, the Board consider that it should be resumed.

6. As regards the unrestricted freedom with which transfers of these Enams are at present permitted in Canara, it will rest with the Government to decide whether such transfers shall be prohibited for the future. The practice appears to the Board unobjectionable, so long as the transfer carries with it the obligation of service to be rendered, and in this view of the case, they are

are disposed to acquiesce in the right of the holder to transfer the Enam.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Collector of Nellore for his information and guidance.

Bill

No. 2.

Bill of Sale of Salt Compensation Certificate executed by Arcot Vencut Row in favour of M. Seeta-ramiah under date 30th October 1847.

The Compensation Certificate for two Salt Pans had been originally transferred in the names of myself and my deceased father Sawma Row. After his death leaving a Will constituting me his heir I procured a Probate from the Supreme Court under date 2d December 1843 and had a Compensation Certificate No. 69 drawn out in my own name in the Collector's Cutcherry for the said two Pans under date 23d December 1846. This Certificate I have this day sold to you for the sum of Company's Rupees 1,000 One Thousand and received the amount of you - You and your heirs Wca or those to whom you may transfer it by sale or gift and their heirs Wca shall therefore without interruption continue to receive from the Madras Cutcherry the annual allowance granted as Compensation for the right and interest specified in the said Certificate.-

Attesting Witnesses.-

To

The Officiating Chief Secretary to Government.

To the Offg. Chief Secy. to Government (74)

Para 1- Submitting report on the results produced in the Districts from the inducements held out to the labouring Classes to emigrate from India.-

With reference to Extract Minutes Consultation dated 30th April last No. 4114 desiring the Board to report whether, as represented by the Collectors of some Districts, any bad effects were really produced on the Cultivation of the Country by the inducements which are now held out to the Ryots to emigrate from India, I am directed by the Board of Revenue to submit for the information of the Most Noble the Governor in Council the accompanying reports

Taken 13th January 1848

reports received on this subject from the Collectors in the several Districts under this Presidency.-

2- On a review of these returns it will be observed that emigration has not hitherto taken place from the Districts of Masulipatam, Guntoor, Cuddapah, Bellary, Kurnool, Coimbatore, Nellore, Malabar and Canara, but has been confined to the Districts noted in the Margin-

North Arcot.
South Arcot-
Salem-
Tanjore-
Trichinopoly-
Madura
Timevelly-

3- The Majority of the Collectors of these latter Districts state that no effects injurious to the Revenue or to the well being of the County have hitherto resulted from the measures adopted for its encouragement but on the contrary that the practice has been productive of some advantages-

4- In Rajahmandry, Vizagapatam and Chinglepuk, emigration has been too limited to produce any sensible effects and Mr. Prendergast remarks that the late increase in the export trade at Cocanada and the enhanced demand for labour caused by the construction of the Anicut across the Godavery have tended to check emigration from his District, which however, he adds, has never been supplied from the purely

agricultural

agricultural Classes.-

5- The Collector of Madras states that from the limited cultivation carried on in his District the withdrawal of any portion of the poorer classes of the people is not likely to affect the interests of the landed Proprietors- The Collector of Bellary and the late Agent to the Governor in Kurnool are however jointly of opinion with reference to the extensive tracts of land lying waste in their respective Districts, that a drain to any extent on the Agricultural Classes must have the effect of throwing still more land out of Cultivation and occasioning a diminution of Revenue, but in neither District as yet has any instance of emigration beyond Sea been known to occur.-

6- From the Southern Districts emigration is chiefly confined to Ceylon where some of the poorer classes resort one years and return the next in improved circumstances which enables them to carry on their former Cultivation to greater advantage, or if previously day labourers their savings are often sufficient to enable them to take up a farm on their own

own account.-

7- The Collector of Salem has furnished in his reply copy of a report on this subject from his Sub Collector from which it appears that emigration has been going on to the Island of Ceylon for the last two or three years among the labouring classes from the Namkul Talook of his District. Mr. Maltby however observes that he is not aware of any injurious effects having resulted from the drain upon the population, but on the contrary he observes that the absence of the parties is only temporary and has been caused not only by the late adverse seasons but also by the high remuneration obtainable for agricultural labor in Ceylon where wages amount to from 9 to 15 Rupees a Month which enables the emigrants to accumulate within a comparatively limited period a considerable saving-

8- In his remarks on this communication Mr. Lockhart states that the individuals who thus pass over to Ceylon are not drawn from the fixed

Cultivating

Cultivating Ryots but consist of field labourers who are in the habit of moving from district to district in search of employment and that their temporary absence is therefore not felt to be detrimental to the local interests of the District-

9- The Collector of South Arcot observes that emigration from his District has hitherto been too limited to have produced any effect on the general extent of Cultivation, but he states that complaints have been made to him by influential Ryots of some difficulty having been experienced in procuring a sufficiency of hands to carry on their Cultivation.-

10- In respect to Tanjore, which District from its position in regard to Ceylon is liable to be particularly acted on by emigration, the Collector states that as the Cultivation of the District is in great measure dependent upon the resident field labourers any withdrawal of that class must produce prejudicial effects upon the Revenue as there is no superfluous working population and labourers cannot readily be procured

to

to supply the places of the emigrants - The Collector also notices the great annual demand for Cooly labour required to keep up the Maramut works, for the supply of which as well as to meet the demands for agricultural the present labouring population is not more than adequate. Mr. Bishop concludes his report by observing that emigration to the west Indies has not been carried to any great extent in his District but that if facilities are offered for the tide of emigration to set towards Ceylon that the resort of labourers to that Island will be so considerable as to be highly detrimental to the interests of Government and hurtful to the people of the District -

11.

From the foregoing remarks It may be observed that hitherto emigration has not been carried to such an extent as to have produced results which can be considered to have affected the Revenue - In some instances inconvenience may have been felt by the large land holders but as complaints against

against the temporary absence of laborers are not general there seems no reason to suppose that it has been viewed as an evil of any magnitude -

The existing call for Agricultural labour in Ceylon will naturally induce the labouring Classes to avail themselves if permitted of the great advantages held out to them by resorting to that Island, but the Board apprehend that the demand there is limited both as regards numbers and the time their labour is required and they do not consider that injurious results will ensue from permitting the poorer Classes to seek the best Market available for their labour -

12.

It may also be observed as noticed in some of the reports now submitted to Government that the individuals who resort to Ceylon and elsewhere acquire habits of industry and a degree of intelligence and of acquaintance with the best modes of culture of the more valuable products as Sugar, Coffee &c. which cannot but be highly advantageous to the community, the more so as the Majority of emigrants return to their homes frequently in possession of a comparatively large amount of Capital which is ultimately expended in their respective Villages either in carrying on their old or extending new Cultivation -

From the Off.g Sec.y to Government Requesting that further information be obtained regarding the Taxe=ation levied in 3 of the Talooks of the Ra=jahmundry district on account of Tobacco and mat works, proposed to be abolished by the Sub Collector in charge=

Read the following Extract from the Minutes of Consultation under date the 8.th February 1848.

Read the following Extract from the Proceedings of the Board of Revenue=

/ Have enter 27.th January 1848. No 45 /

The Government observe that the Taxe, the abolition of which Mr. Forbes proposes in his letter addressed to the Board of Revenue, is confined to three Talooks and to only 112 out of 239 Villages in those Talooks and that the balances which the Board recommends for remission amount to Rupees 5,880 — 12 — 8 and have accrued in 21 years or from Fusly 1231 to 1256. The Most Noble the Governor in Council is inclined to agree with Mr. Forbes in

Fort St.e George 17.th February 1848.

in the expediency of discontinuing an impost so partial and which it would appear from the information now before him has been levied unauthorizedly and has not even the sanction of ancient usage but before passing orders either on the discontinuance of the Taxe or the resumption of arrears His Lordship in Council required to know whether the Taxe existed in the three Talooks named previous to Fusly 1230 the date of Mr. Robertson's Memorandum, the reason and authority for its abolition in the Talook of Amalapore, the amount it has yielded during the period for which the balances are now outstanding, the mode in which the collections have been appropriated and generally such further explanation of the system as will place the whole subject clearly before Government.

From the Offg Secy to Government — Communicating letter from the Government of India suggesting the expediency of deferring the Entertainment of a larger Establishment recommended for the conservancy of the Canara Forests until precise duties and Rules of Proceedings can be laid down for its guidance.

Extract from the Minutes of Consultation under date 10th February 1848.

Read the following letter.

To J. F. Thomas Esqre
Chief Secretary to Government
Fort St. George

Sir,

I am directed to acknowledge the receipt of your Letter No. 22 dated the 3d ultimo and its enclosures containing a report from the Collector of Mangalore on the Canara Forests and drawing the attention of the Government of India to Mr. Deputy Secretary Clarke's dispatch dated the 17th November 1846 recommending an increase of Establishment involving a monthly charge of Rupees 180 for the Conservancy of these Forests.

2d The Establishment proposed in 1846 by the Revenue Board at

Fort St. George 17th February 1848.

at Madras was intended for the Conservancy of all the Forests in Canara, both above and below the Ghauts, but as the Honorable the Court of Directors in their Dispatch to the Government of Fort St. George in the Marine Department No 12 of 1847, dated the 13th October, Para 10 suggest the advisability of reserving only some of these Forests to meet the requirements of Government, and as it is further observed that when those best adapted for the purpose have been selected and placed under proper management, there appears no sufficient reason for excluding the Natives from the others or for subjecting them to new restrictions in felling Trees in them with the exception of Teak and Sissoo, the Governor General in Council is not aware that the Establishment applied for in 1846 for the Conservancy of the entire Forests of the Province, may not now wholly or in part be dispensed with especially if, as intended by the Collector, the existing Establishment is relieved from all duties except those of Conservancy.

3d In the orders of the Madras Government dated the 3d Ultimo, the Collector of Canara is authorized to restrict the Cultivation of Coomeries at such places.

places and to such an extent as may in his opinion be expedient for the preservation of the Forests and general welfare of the Province.

4th The Collector is further instructed to assert the rights of Government to all Forest lands to which a title cannot be clearly established by private individuals.

5th It appears from Mr. Blane's report that some of the suggestions of Dr. Gibson Conservator of Forests under the Bombay Presidency have been anticipated in Canara and that the felling of the more valuable Kinds of Trees has for some time been prohibited, as also the burning of the jungle where the better Kinds of Timbers prevail. The practice of letting the forest lands to a contractor to cut on his private account has also been discontinued.

6th The proposed entire preservation of the Jungle in spots near the Rivers on the Sea Coast where from its position the Timber could be easily made available, and where under proper Regulations, fuelwood might be

be advantageously cut for export, appears to the Governor General in Council a very desirable arrangement.

7th As Dr. Gibson is at present employed in examining the wood land Countries on the Malabar Coast and in the Districts under Bombay, and in devising means for the introduction of reforms most conveniently and with the smallest outlay, for the Conservancy of Forests the Governor General in Council is desirous of being informed, in the event of an increased Establishment for Canara being still deemed necessary whether it may not be the opinion of the Most Noble the Governor in Council to defer entertaining any larger Establishment until precise duties and rules of proceeding can be laid down for the guidance of the Establishment.

8th The Governor General in Council presumes that all arrangements for procuring Timber on account of the Public Dock yards at Bombay are considered by the Government of Fort St. George in communication with the Government of that Presidency.

9th The Original Enclosures

of

of Mr. Clark's letter, were returned as requested.

Fort William
The 8th January 1848.

/ Signed G. A. Bushby
Secretary to the
Government of India

Ordered to be communicated to the Board of Revenue with reference to the resolution of Government dated 3d December last.

/ Signed H. C. Montgomery
Offg Chief Secretary.

7-8

Resolution thereon. Resolved that copy of the foregoing order of Government, and of the letter from the Secretary to the Government of India which accompanies it be communicated for the information of the Collector of Canara, with reference to the Board's Proceedings of dated 16th December last.

Mr. Blane will be pleased to state, with reference to the recent orders of the Honorable Court adverted to in Para 2 of Mr. Bushby's letter, whether the Establishment applied for by him in 1846 for the conservancy of the entire Forests of Canara may not now wholly or in part be dispensed

dispensed with, especially if, as intended by him, the existing Establishment is relieved from all duties except those of conservancy. If the additional Establishment be still deemed necessary he will report whether it may not be advisable as suggested by the Government of India to defer entertaining it until after Dr. Gibsons proposed examination of the Forests is completed, and the precise duties and rules of proceeding can be laid down for the guidance of the Establishment.

9.

From the Offg Chief Sec. to Government

Communicating for report letter from the Government Agent at Chepauk on the subject of the Petitions of Fatimah Bee and Hyat Oon Nissa respecting the disposal of the shares held by the late Boutee Beg in the Enam Village of Pedalakanonum in the Chingleput District 4 Jan. 4 Jan.

Extract from the Minutes of Consultation under date the 11th February 1848.

Read the following Extract Minutes of Consultation in the Political Department under date the 4th February 1848.

Read the following letter.

To Sir. H. C. Montgomery Bart
Officiating Chief Secretary
to Government
Fort St. George

Sir,

1 I have the honor to transmit for submission to the Most Noble the Governor in Council the accompanying copy of a Note to my address from His Highness the Nawab of the Carnatic under date the 17th Instant, forwarding an original Petition from Fatimah Bee and Hyat Oon Nissa addressed to His Lordship in Council.

2- Fatimah Bee and Hyat Oon Nissa represent

Fort St. George 17th February 1848.

represent in their Petition now forwarded that a Village called Padakavonum was granted in the shape of Mooshrootee or conditional Enam by the former Nawabs and the Honorable Company, for the purpose of the annual and daily Ceremony of the Saints of Mahomedan religion as well as for the maintenance of the dependents of the late Goolam Hussain Ally Khan [the father of Baukar Beg] That in the said Village the abovementioned Baukar Beg had two shares which one Golam Moortozain [the Government Pleader in the Sudr Udawlut Court] purchased the above two shares under a forged Bond contrary to the several English Acts and Regulations prohibiting the sale of such Mushrootee Land and in contravention of Mahomedan Law as well as inconsistent with the contents of the deed above quoted. They further state that the said pleader is not at all the the real Nephew of the late Baukar Beg as mentioned in the Takeed of the Magistrate of Shingle-put which will be proved by the enclosed translation of an award passed by His Highness Mahakamah nor is the Pleader even an Enamdar as stated by that Gentleman. If he be why is his name not inserted in the Register Book of the Collector as well as in the Book of Curnum of Padakavonum. They therefore solicit to order the restoration of their above landed property

Fort St. George 17th February 1848.

3- With reference to this representation the Dewan of His Highness the Nawab reports that the Village called Padakavonum was granted by deeds from the former Nawabs and the Honorable Company in the shape of conditional Enam, Under these circumstances the Mahomedan Law as well as the English Regulations disallow the sale of the Enam Land consequently the Petitioners who are Carnatic Stipendiaries throw themselves on the bounty of Government.

Side Enclosure No 1 requested to be returned.

4- With advertance to these Statements I have the honor to represent that the Petitioners Fatimah Bee and Hyat Don Nissa are the Widow and daughter of the late Baukar Beg. and are drawing their stipends through this Office, and I concur in the opinion expressed by His Highness's Dewan on the subject of this Petition.

Government Agents Office
28th January 1848.

(True Copy)
(Signed) R. Garstin
Government Agent

To
The Most Noble
George Marquis of Tweeddale
G.C.B. G.C.T. & C.B.
Governor in Council
Fort St. George
Madras

The humble Petition of Fatimah Bee the Widow Byathoon Nissa the daughter of the late Bauker Baig a Marcholder in the conditional Enam Village called Pada Ravanum subject to the Talook Nayer in the Zillah of Chingleput

Most Humbly Sheweth

That your Lordships poor Petitioners

beg leave to approach your Lordship with this representation and to lay through its channel their complaint against Gholam Meer Lozah the Government Pleader in the Sudr Court at Madras with a full account of the circumstances connected therewith.

1st That the above Pada Ravanum Village has in accordance with the Summuds of the late authorities been granted in the shape of Moosharotee or conditional Enam by the distinguished Officers of the Honorable Company for the support of the charges of the annual and daily ceremonies of the late Saints of sacred memories, as well as for the maintenance of the dependants of the late Golam Hoosain Ally Khan as will be testified by the Enclosed Translation (in No 1) of a Summud granted in time of Lord Macartney by the Officers of the Honorable Company, a true copy whereof was also submitted by the Petitioners to the Magistrate of Chingleput, when their case was pending in his cutcherry.

2 That the said Padaravanum Village was divided into nine shares of which two shares falling to the lot of the late

said

said Baukar Baig Petitioners as well as the other heirs of the deceased i.e. two sons five daughters and one widow 10 persons in all subdivided them into 12 shares and took possession of their lots respectively - The Petitioners and the said other parties executed unanimously an agreement to one Rhoknood Deen Ally Khan binding themselves to receive through his means the produce of their shares which had been placed under his Management - The agreement thus entered into by them was duly registered in the Collectors Office at Chingleput and still exists on the Records of Cutcherry in consistence with the Acts I & XIX of 1833 -

3d That Gholam Moortozah the said Government Pleader being a Man of fortune and high influence, and in possession of a respectable appointment at Madras had with an intention of depriving the Petitioners (who are poor Widows) of their shares in the Village alluded to which they received in Common with other heirs of the late Baukar Baig according to the partition enumerated above combined himself with all the Curnums and Ryots of the Village as well as with Rhoknooddeen Khan and Abbas

Abbas Hoosain and the remaining heirs of the deceased and with a view to facilitate the accomplishment of his intended unlawful object, caused them to be convened in his house at about 12 O'Clock on Sunday Night the 16th February 1846 and prepared in association with them a Document in the shape of a Deed of sale purporting that the Petitioners and the other eight heirs of the deceased Baukar Baig had jointly sold unto him their shares in the Village and received 2900 Rupees from him on account of the value thereof your Lordships poor Petitioners having heard of this unlawful procedure on the part of the said Gholam Moortozah calculated to their prejudice complained on the 26th May 1846 to Cr. Maltby Esqr the Magistrate of Chingleput District of the matters praying that in accordance to the provisions of the Regulations their case may be enquired into and the said Government Pleader together with his above accomplices who signed the forged Documents as witnesses punished and the shares of the Petitioners restored to them - But the Magistrate instead of

to Bring

taking himself the cognizance of this important case as provided for in Regulations referred it to the Tahsildar of Nayer Talook in Chinglepute for enquiry and report who in consideration of the power and substance of Gholam Moortoogah befriended with him and taking interest in his behalf, used his influence to conduct the matter to the partys satisfaction and in the absence of the Vakeel of the Petitioners (who was then waiting on the Magistrate) admitted without the least objection the depositions prepared in writing and brought from their houses by the parties as were formally given in his Cutcherry. Moreso benefitting himself of the absence of their Vakeel effected such alteration in the above depositions of the parties, as ultimately secured them a happy issue and afterwards submitted a Report to the Magistrate on the subject. Your Lordships poor Petitioners learning these partialities practised on the part of the Tahsildar who was highly biased in favor of the Defendants, had no other alternative than bringing these irregularities to the notice of the Magistrate which they effected by means of a Petition in Duplicate

Submitted

submitted on the 6th August 1846 written in English and Tamil praying that their case may be withdrawn from the Tahsildars and tried in the Roazwar Cutcherry. Whereupon the Magistrate took himself the cognizance of the matter and among other things the depositions given by Gholam Roofsain a shareholder in the said Enam Village proved the forgery of Gholam Moortoogah the 1st Defendant with regard to the preparation of the Document in question the translation whereof is annexed herewith in No. 2 and which if referred to will clearly prove to your Lordship in Council the facts connected with its forge-

4th The Magistrate rejected the report of the Tahsildar on the subject of the Petitioners case on the score of its being based on the grounds of partiality and issued summons in the names of the Vakeel of the Petitioners as well as the said Defendant Gholam Moortoogah his Witnesses &c. requiring them to attend in his Office. Moreover Venyathetha Pillay Curnum of the above Village Burreem Meer Ally Said Ally,

Fort St. George 17th February 1848.

Ally Syed Nizamood Deen and Gholam Woojain the subscribing witnesses to the above forged Document, and since Narasa Iyengar the Gomastah of the said Golam Moortoozah the first Defendant and the writer of the Document, and not Appasawmy Moodely (who was once punished by the Police authorities on a charge of forgery) one of the accomplices alluded to as well as Rhookmood Deen Khan and Abbas Woojain were legally warned to attend in common with other parties. They have accordingly appeared before the Magistrate, gave their depositions respectively and the facts elicited from this enquiry led openly to prove the fabrication of the Document in question and the ignorance of the Petitioners of the fact which (they went to shew) were not present in the House of the said Gholam Moortoozah on the night on which the Document in question was prepared neither went there nor signed it as alleged by him though the fabrication of the Document was thus obviously brought to light and the claims of the Petitioners were established fully

Fort St. George 17th February 1848.

fully before the Magistrate yet the conclusion arrived at by him on the merits of this case is a very surprising one it being founded on a belief that the Petitioners failed in proving their claims to their shares while the facts transpired by the above enquiries were quite otherwise and though it was proved by the depositions of the said Venyathetha Pillay the Curnum of the Village that the said Defendant Gholam Moortoozah bribed almost all the Ryots of the above District and secured by sinister Motives the evidence of Padakavanum Appasawmy Moodely Pancha Cholappa Moodely Woody Appasawmy Moodely Choley Pillay and Soondra Pillay to the above forged document the Magistrate took no notice of it and instead of according the Petitioners that Justice to which they were entitled at his hands and seeing them restored to their shares espoused the cause of the Defendants and admitted the reasonableness of the Report furnished by the Tahsildar which he had first rejected on a plea of its being originated from motives of bias, and taking umbrage of some groundless instances quoted in it by the Tahsildar dismissed the

the case and issued on the 6th July 1847. a Takeed to that effect Translation whereof is annexed in No. 3. This procedure on the part of the Magistrate is in contravention with the provisions of Regulations and Acts as well as the contents of the sunnud and Purwanah granted by the Honorable Company and the usage of this Town as the obvious discrepancy in the evidence of the witnesses on the part of the said Gholam Moortwozah the Defendant combined with other facts suggested the desirableness of deciding the case in favor of the Petitioners.

5 That although it was proved before the Magistrate that the above Village was granted in tenure of Mowsh-rootee or Conditional Enam which he admits also in his Takeed yet to the great sorrow of the Petitioners he did neither adopt himself any measures to cause their shares in the above Village to be restored to them not consulted the Board of Revenue of the Government on the subject, though he was bound to do so, in consistence with the provisions made in Sections 5, XII, XIII of Regulations XXXI of 1802 and

and IV of 1831 and Acts XXXIV of 1836, XXIII of 1838, and according to the contents of Sunnuds and Purwannah. The Magistrate did not even take steps to get the said Gholam Moortwozah the first Defendant and other persons who were privy to him in forging the Document alluded to punished though he was empowered to do so by virtue of the Civil and Criminal laws nor he committed them to the Criminal Courts under him for puninshment as provided for in the Act X of 1816. The Magistrate cancelled the suit of the Petitioners on the ground that the landed property in question were lying under the Jurisdiction of the Supreme Court at Madras while the case is not so as they are situated in a locality subject to his Jurisdiction. If he was not fully satisfied by the evidence to come to a proper opinion on the merits of the case it was competent to him to make further inquiries in the matter and to exert his best in proving the forge of the Document i.e Deed of sale and to get the parties punished as provided for in the Article of Forgery, but he did not

Fort St. George 17th February 1848.

not act up to the same. The above plea on which the Magistrate formed his resolution on cancelling the suit, was introduced by him in his Takeed the groundlessoness of it as well as of other points quoted therein will be proved to your Lordship in Council if an inspection is made over the same. To dismiss a suit of such an important nature upon such unfounded pleas is quite incompatible with the provisions of Rules and the ends of Justice. May it is tantamount to downright oppression.

6th. The said Gholam Moortoozah is not at all the Nephew of the husband of your Lordship's first Petitioner, as he declared before the Magistrate because the only sister of her husband the late Bauker Baig named Peahee Khanum died in his life time without leaving any issue behind her. He has no right whatever to any part of the Estate of the said Bauker Baig and his pretended relationship was prior to this disowned publicly by their relations while a case belonging to their family was pending in the Sudder Court of the Nabob which will be proved

to

Fort St. George 17th February 1848.

to your Lordship by the enclosed translation of an award in No 4 passed by the Cahzy of the said Court. Had the Defendant been an heir of the Bauker Baig deceased as he alleged to be, his name would have in common with those of other Enamdars been entered in the Register of tax free lands in the Collector's Cutcherry at Chingleput. The Mother of the said Defendant Gholam Moortoozah enjoys only ninth Share in the Village alluded to in common with other shareholders and who being alive proved a bar to his benefitting himself of her shares. While so, the Petitioners are at a loss to know how the Magistrate decides that the said Gholam Moortoozah being the Nephew and heir of the said late Bauker Baig is entitled to possess himself of the two shares bought by him from the Petitioners (while they were actually usurped by him by means of a forged document as enumerated above) as per a deed of sale, he is in possession of by remarking at the same time that had the said Gholam Moortoozah been a usurper of the rights of the Complainants i.e. Petitioners how he would have got the

possession

possession of their Document registered in the Cutcherry. But that Functionary did not ascertain how he came by this Document belonging to the Petitioners had he done so the circumstances connected with the fact would have transpired. The Document in question was in possession of Khoorshed Deen Khan one of the Defendants who delivered it over to Gholam Moortoozah in presence of Abbas Hoosain. It is your Petitioners great sorrow to observe that the Magistrate having thus adjudicated the Case with a apparent connivance on his part ruined the Petitioners as their shares were not restored to them and under the conviction that the Petitioners being in circumstances too low to make an appeal from his decision to any other Courts and with a view to give an air of Justification to the Conduct of the Defendant and to invalidate the efficacy of the Petitioners Complaint against him cited a precedent having no connection whatsoever with this matter in his Taked that a share of this Enam Village under conditional tenure was also purchased by the sister of the said Khoorshed Deen Kh

a Defendant. The introduction of this instance your Petitioners beg to observe is open to objection as having no foundation at all. The Proceedings of the said Gholam Moortoozah are in every point of view at great variance with the provisions of the Purwanah specified in Para 1 as well as with the Regulations quoted in Para 2 and acts mentioned in Para 5.—

7. That agreeably to the provisions made in the Affidavits No 2 of Act XIV of 1816 the Government Pleader Pledge their oaths to act in accordance with the articles and terms of the acts and Regulations then in force, as well as those that will be enacted in future by the Officers of the Honorable Company and upon filing their Affidavits formally to this effect Summons are bestowed on them in conformity to Section V of the Act referred to. The Defendant Gholam Moortoozah was a Pleader in the Court of Sudr and Fouzdary Adawlut at Madras the Government appointed him to this post after having exacted from him the usual oaths and subjecting him to every restriction

and

and then granted a sunnud to him - while he has undoubtedly acted in repugnance to the provisions of the Purwanah, and the acts cited above and usurped the two shares of the Petitioners in the said conditional Cowle by forging a deed of sale - This daring act on the part of the said person shows not only his abuse of the trust reposed in him but also breach of his faith - If your Lordship will take these circumstances into your most judicious consideration then presume that your Lordship will Resolve in Council, not only to doom the party to condign punishment but also to cause his removal from the duty and will no doubt see the expediency of putting the Petitioners in possession of their landed properties -

8 That your Lordships poor Petitioner beg leave to bring to your notice the discrepancies which took place in the Depositions of the witnesses on the part of the Defendant the said Gholam Moortoozah -

1 Appasawmy Moodaly who was not a subscribing Witness to the forged deed deposed before the Magistrate that he went to the quarters of the second Complainant

Ryathoon

Ryathoon Nissah Begum (one of your Lordship's poor Petitioner) attended by ten or twelve persons; that he entered in her house along with a man whose name he does not Know while the others stood at the gate and that Khader Sahib and Coorbaun Hoossain were within -

2 Hakeem Meer Ally deposed that he went to the quarters of the second Complainant accompanied by Coorbaun Hoossain Appasawmy Moodely & Khader Sahib and Asud Ally - and that he (the deponent) Appasawmy Moodely and Khader Sahib were standing out while the others went in the House -

3 Soree Nawaso Iyengar the Gomastah of the first Defendant (Gholam Moortoozah) who wrote the forged Document deposed that he went to the House of the first Complainant (one of your Lordships Petitioners) in Company with Gholam Hoossain and that the Complainants neither signed the Document nor received the amount -

4 Gholam Hoossain deposed that he did not go to the House of the first Complainant attended by the above deponents that the Complainants

did

did not go to the quarters of Gholam Moortoz the first Defendant at night that they / complainants / neither signed the Deed of the sale nor received the amount, that the said first Defendant brought the Money from inside the House after paying a portion of it to Rhotkneedeen Saheb through Abbas Noosain and Coorbaun Noosain carried it away within the House with the

5

Meer asudally Deposed that / the deponent / Abass Noosain and Appasawmy Moodely saw the first Complainant sign the Document in question - and that he did not know how much was the amount of the

6.

Syed Nizamood Deen deposed that he does not know who wrote the Deed of sale in question and is unaware if the Complainants signed it and received the money that he did not sign it, and that he signs usually his name in a different way from what it appears in the forged Document.

7

Venayeth the Pillay Curnam of the said Village deposed that he saw

with his eyes that the said two Complainants jointly signed their names in the Document and that in consequence of the Defendant Gholam Moortoozah presenting him as well as Pada Ravanum Appasawmy Moodely Woody Appasawmy Moodely, Cholay Pillay Soondrom Pillay, and Wylappah Moodely with a pair of Dhoty worth 2 Rupees a piece and feeding them all, they signed their names in the Document in question -

In conclusion your Lordship's poor Petitioners beg to hope that your Lordship in Council will Kindly and graciously be pleased to take the foregoing circumstances as well as the prevarications in the Depositions of the above 8 Witnesses into your deliberate consideration and to order restoration to Petitioners of their landed properties usurped by Gholam Moortoozah the Government Pleader by punishing him in accordance with the provisions of the Regulations cited above and rejecting the forged Document in question - For which act of Justice and protection your Petitioners as in duty bound shall Ever Pray -

/ Signed / in Persian Character -

No. 2.

Deposition given before the Acting Collector of Chinglepat by Gholam Hoosain son of Gholam Sum Shood Deen Sahib Aged 35 years of the Mooselman Caste and of the Mogul Religion, living by Enam Share and an Inhabitant of Pareyacanahum

Question Look at the original Deed of sale before the Court. Is the Signature put in it yours and State the Circumstances under which the Deed in question was prepared?

Answer I have looked into the Signature as Gholam Hoosain sahib attached is mine. I do not recollect the Month and date one day at noon when Smith Rhodewood Deen sahib Coorbaun Hoosain Abbas Hoosain Moortooz sahib Hakkeem sahib and also Parey sahib ramen Ellapah Modelly, Appasaumy ramen Ellapah Modelly, Venkatesah Modelly, Canacoolaray Modelly, Venkatesah Pillay Solayah Pillay, and Soubram Pillay and many other persons whose names I do not know were seated in the house of Gholam Moortooz sahib sahib a Deed of Sale was drawn up to the effect that Gholam Hoosain and other had Sold Two Shares of Enam lands situated

situated in the Village of Pareyakaranee to Gholam Moortoozah Sahib Coorbam Hoosain, and Abbas Hoosain, signed the said deed of sale and delivered it into the hands of Gholam Moortoozah Sahib. I do not recollect for what amount that were sold. Gholam Moortoozah sahib then ordered a Chetty who was then at the time to bring the Money to pay the amount of the Deed in question, who accordingly brought the money and kept, which money said Coorbam Hoosain and Abbas Hoosain after giving a portion of it to Phakeer ood Deen Sahib, the former tied up the remainder money into a bundle and Coorbam Hoosain carried it inside the house of Gholam Moortoozah Sahib and Gholam Moortoozah sahib & followed him

I did not see whether any portion of the Sale money was given to Sultan Beebee Mayanthoon Syd Ibrahim Bagir and others in the above Enam land or not. I dont know their surnames signing the aforesaid Deed of sale nor to whom Mayanthoon Syd Ibrahim Bagir sold. I have put their signatures but Cottan & other persons whose names have signed it

2

2 Was any other Document executed on that day with the signatures of all the persons of the said lands.

A Yes, Abbas Hoosain and Coorbam Hoosain have also executed and signed a Deed of sale in favor of Phakeer ood Deen Khan Sahib, stating that they sold one Cawney of land to him but the other partners did not sign it.

2 When you were first asked your stated that Gholam Moortoozah Sahib has executed a Deed of sale to Phakeer ood Deen Khan Sahib for the sale of one Cawney of land to the latter, what made you say so?

A I said through forgetfulness

2 By your deposition taken before the Sarishtar with that given before me there appears a vast difference what say you to it?

A I deposed there as the same as I know no more here. I do not know how to read and write therefore I cannot say what they have written down

2 What occasion had you to go to Gholam Moortoozah Sahibs house on

on the day this Document was written I
A Sunnt there because Ghulam Moor
toozah Sahib sent for me

/Signed/ Ghulam Hoosain.

No. 3.

Taken from the Acting Collector of Chilaw
put to Sittampalla Ramasamy Sapitdar of the
Nagur Talook.

It appears from your Report
No 87 dated 21 September of the last year
and its enclosures forwarded by you on the
subject of Dispute between Fatima Beebee
and Hoyoothoom Nisah Begum the
wife and daughter of the late Bankwa
Baig and Ghulam Hoortoozah Sahib the
son of the aforesaid Bankwa Baig and
sister named Kyreen Nisah the Emi-
dars of the Pattakaranum in regard to
the Shares of the Banker Baig Emari
as will as from the Documents and
Depositions given in the Hoozoor at the
time of enquiry that the aforesaid
Bankwa Baig possessed one third Share
of

of the above village, that 1/3 portion of the
above share had formally been disposed of
to Phookmood Deen Sahib in the name
of his sister Hafizah Khanum, that the
heirs of the above Bankwa Baig kept
the remaining 3 Shares under the Control
of Phookmood Deen Sahib by magis-
trate stipulating that out of the
Revenue accruing therefrom a Suf
ficient portion should be annually
taken as interest on the debt due by
them and the remaining should be
distributed among the Share holders
respectively according as they are entitled to.

While so, the aforesaid Fatima
Beebee and Hoyoothoom Nisah preferred
a Compplaint to me stating that
Ghulam Hoortoozah Sahib usurped the
lands of the above 2 Shares under a
forged Document purporting the same
for being made to him, and praying that
they must be restored to the possession
thereof and the Deed of sale in the
name of Ghulam Moortoozah appearing
to have been executed in the Jurisdiction
of the Supreme Court and the Magistrate
of

of the above Village having no authority to enquire into the genuineness of the Document in question, I presented unto Regulation 7 of 1817 only to enquire as to who possessed a legal right to occupy the aforesaid Enam lands, during which it is evidently proved from the depositions of witnesses who were the Curnums and Right of the above Village that the heirs of the Bantiar Baig the Complainant together with Sultan to Ghulam Mountazah had for Pt 2900 the above 2 Shares by a Deed of Sale executed to that effect, that Allum Khan Hossain and Syed Nizam and Deen the sons of the Complainants affixed their signatures to the said Document, that it had been imposed to the Adhoff of the Curnum and Right to abide by the orders of Ghulam Mountazah Sahib in regard to the affairs of the transferred Shares and the possession there of has been arranged to Ghulam Mountazah Sahib by beat of Drum throughout the Village, since which time the above Shares have been in his enjoyment. There is such a public sale and transfer of possession of the above Shares as could be known by

have accepted the notice of the Complainants and had the Document in question been a forged one they would then have been subject to the necessity of Complaining in regard to it the very act of having Complained on 20th May last after a lapse of four Months from the taking position under a plea of their entire ignorance up to that time of the matter, there is to have been preferred with a view to effect the cancel of the above Sale. It is fully proved that although the above Complainants the Gochalwomen and the Shareholder Rhoobund Deen Sahib Curnam Hossain and others the Inhabitants were present at the time of executing the Deed of Sale and this complaint preferred by Rhoobund Deen Sahib has been originated from no other cause than the mental uneasiness of having lost the possession of the Lands allotted to Pareawas assigned on the part of the Complainants that this Village has been granted to us Hereditary and that it was not at all pleasing and satisfactory because the sons of Bantiar Baig including the

2337 Fort St. George 17th February 1818

the Complainants have already disposed of to the sister of the said Khoshy and Beem Saheb one of the 3 Shares belonging to Bankurs Baig and became the purchaser of the remaining 2 Shares made by Ghulam Moortoozah Saheb, who is the son of Khajeh-oon Nissah both the owners sister of Bankurs Baig and the Shareholders of the above Village is not at all objectionable. Besides these he is fit to perform the affairs of the Mushrootee, the object for which the Village has been originally granted

As the lands of the above two Shares Contravene the engagement of the said Ghulam Moortoozah Saheb the actual purchasers are to be found on the decision of his consent in that portion for the restitution thereof to the Complainants and that the Complaints have these fees been rejected on the 20 July 1817.

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St George

Sir,

(21)

From the Sub Collr in charge of Rajahmundry affording information with respect to the cultivation of wheat as directed in the Board's proceedings of the 20th September 1847

I have the honor to acknowledge the receipt of an Extract from the proceedings of the Board of Revenue dated the 20th of September 1847 transmitting an Extract from the Honorable Court of Directors and requesting information with respect to the quantity of Wheat cultivated in the District, the quality and varieties of the grain, the ordinary bazar prices the cost of conveyance to Madras and generally on any points, which may assist in forming an opinion as to the possibility of making Wheat an ordinary article of export from India to England, with reference to the usual average prices prevailing there for that description of grain.

2 There is no Wheat grown in Rajahmundry and the grain is known only by its being brought down by the Brinjaries, who come to purchase Salt, but the vast advantages of water carriage offered by the Godavary, from the states of Hyderabad and Berar, induced me to extend my enquiries

enquiries to those states, and the information I have received I have now the honor to submit to the Board—

3 There are four sorts of Wheat grown in the Deccan, called Yellow Bunsee Daood Khanee Ownadee and Seyralay, and these general names each contain three different kinds— I have procured a sample of each of these varieties of Wheat, which I forward with this letter— The Board will observe that although it varies in quality, and some is better than other, the grain is by no means good and that such Wheat as this would never afford a profitable export to England— But it is most probable that there has been no fresh seed introduced into the Deccan for very many years, and perhaps even for centuries, the ryotts have been sowing the same lands with the same description of seed, and the state to which it has at last deteriorated must not be held as an argument against the power of of the Deccan lands to yield good and wholesome grain— English farmers will undertake any trouble and go to almost any expence to procure the best seed Wheat, knowing by experience that on the goodness of the seed, so mainly depends the outturn of the crop—

4 To encourage the growth of Wheat in India as a profitable export to England, it seems therefore in the first place essentially necessary that fresh seed should be supplied—

5 Wheat is generally grown in the Deccan in the Provinces of Goudapoor— Kheer Auckeed Puttun Bathree— Punbunny Vaudair Gunja Khair, through all of which the Godavary has it's course, it is also grown in Ballaghat and Paiangh[illegible] in Aurungabad Pirindah and generally on all lands which bear the Rubbee crops, and the cultivation could be increased to any extent, along both banks of the river, were a market opened to the produce—

6 The average price of Wheat in the market towns in ordinary seasons is two Rupees per puttah of 210 lbs. or four bushels, and as this includes the cost of conveyance from the place of production to the market, and the profits of the wholesale dealer it may be assumed that the grain might be brought to the Godavery and be put on boats at the same average price—

7 The grain is sown in November and December and the harvest is reaped in March and April— at that time of year there is but little water in the godavery, but flat bottomed

bottomed boats might be constructed with so small a draft of water as to meet with no insurmountable difficulties. Boats of this description calculated to carry twenty tons, might profitably make the voyage from the Wheat lands to Coringa with a freight of four annas a bushel, and the following would be the prospects of the Merchants speculation on the grain being put on board.

Original cost of 20 tons of wheat at 2 Rupees per puttah of 250 lbs supposing 60 lbs to the bushel and 40 bushels to the ton Rupees 400 or ----------	£	40 " "
Conveyance of Ditto down the Godavery to Coringa at 4 annas a bushel Rupees 200 or ----------		20 " "
Freight to England at 3 £ a ton		60 " "
	£	120 " "
Value of 20 tons of Wheat in England at 7 shillings a bushel ----------		280 " "
Remaining for expences of insurance, landing and warehousing and profit on the speculation ----------	£	160 " "

8. If the freight I have allowed of 3 £ a ton appears too low, the Board must allow the great difference to a ship owner of waiting two or three Months at Calcutta for a cargo with heavy expences both for crew, for harbour

dues and pilotage, or of coming to Coringa where the expences are comparatively trifling and where a full cargo of a close article like Wheat, might be shipped in three or four days and the vessel allowed to proceed on her voyage without expence and without delay. The great advantage and saving of expence to a ship which can take in at one port, one bulky article sufficient for her whole cargo, is shewn in the freights to India. Vessels which lie for weeks or Months in the docks getting part of their cargo from different Merchants, and at different times, can meet their expences only by demanding a freight of about £ 4 a ton, while vessels bringing out coals, which are taken in at once, and at one port and which alone will fill the ship are content with a freight of from fifteen to eighteen shillings a ton.

9. The specimens of Wheat now forwarded, would not warrant the purchase of any quantity to send to England as an experiment under the instructions of the Honorable Court, but the cheap rate, at which it appears that Wheat can be grown in the Deccan and the great facilities offered by the Godavery for its transport to a seaport, may perhaps induce the Board to recommend that a supply of good

and

and fresh seed should be forwarded from England so as to reach Madras in August, and to allow of its being at Hyderabad by the month of October

10. The Resident at the court of His Highness the Nizam would doubtless interest himself in its distribution to ryotts, whose lands are on the river bank and adopt measures for securing the produce at the average price of the season. The Collector of Rajahmundry would find means of transporting the grain to Coringa and Madras, and the experiment of exporting Wheat to England from the Deccan would have that fair trial which present circumstances prevent.—

27

29th Dec. 1847 in boxes 13th January 1848

Read the following report from the Collector of Masulipatam on the result of the Management of the Extra Sources of Revenue in that District during Fasly 1256.

Here enter No. 107.

In Para 2 of his report the

27-28

Proceedings thereon Relative to

to the management of the Extra Sources of Revenue in the District of Masulipatam for Fusly 1256 1846/47.

the Collector has entered an Abstract Comparative Statement of the demand on each item included under the general head of Extra Sources for the Fusly under report, and the year preceding, from which it appears that there was a gross increase of Rupees 8687—3—1 and a gross decrease of Rupees 130148—11—7 giving a net deficit on the demand of Fusly 1256 of Rupees 121461—11—6—

2. With the exception of a falling off in the Sea Customs, and to a trifling extent also from Stamps this large depression is to be traced to the decline in the Salt sales which has affected this District in common with Nellore and Guntoor during the greater portion of Fusly 1256—

3. The total value of the sales in the District of Masulipatam Amounted to Rupees 7777 69—2—9 falling short of the sales of Fusly 1255 by Rupees 124778—5—9 but at the same time it is to be observed that the Collections of 1255 Fusly greatly exceeded those of any preceding season and that the Revenue under this head in Fusly 1256 is shewn in Para 14 to have been less than that of 3 years

years only out of a period of 32 years viz. from Fusly 1224 to Fusly 1256 inclusive.

4. The decrease in the Home sales was Rupees 17650 the remaining deficit being confined to the sales for Inland consumption.

5. The cause of this falling off is attributed by the Collector to the less resort of Lumbadies to the Pans in his district. He observes that further enquiries have tended to confirm the views taken by the acting Collector Mr. Mathison in his report on this subject, who observed in the communication quoted in the Margin, that from the information he had been able to procure he was of opinion that the non resort of the Salt traders arose partly from the great losses they had sustained in their Cattle and also from the existence of feuds among this class of people, which checked their collecting in their usual numbers at the Pans in his District. It was also stated by Mr. Mathison that the traders represented the Salt trade as less remunerative than in former years but no explanation of this very important point was furnished in his report.

From Acting Coll.r 22d May in Con.n 22d July 1847.

6. The Board do not consider that

that they are yet in possession of the fundamental causes of the sudden check which this branch has sustained during last year, the decrease has been too general and extensive to have resulted from either of the two former causes specified by the Collector, & they are led to consider that there have been circumstances in operation of more general application which have influenced this branch of trade and tended as observed by the Lumbadies to render it less profitable than heretofore. The falling off in the Inland consumption may to a certain extent result from the overstocked state of the Market in consequence of all other concurrent influences, for it should be observed that in Fusly 1255 the sales from this district amounted to the large sum of Rupees 4,02,547 - a sum unprecedented during any period within the last 30 years; so unusual a supply thrown upon the Market would reduce the price and depress the profits of the traders and until the demand had recovered by the consumption of the surplus stock in hand a corresponding decrease in the importation of the article would naturally result.

7. The Board are desirous of

of receiving the fullest information on the subject of the temporary check experienced in the Salt transactions which has so materially depressed the revenue for the Fusly under report and request that the Collector will extend his enquiries into the subject and furnish any additional explanation which may be elicited in the course of his further investigations.

Sayer. 8. The Demand from this Branch presents an excess of Rupees 4731-1-11 over Fusly 1255 owing to the increased collections of duty chiefly on the export of Cloths and imports of Opium and Tobacco, the latter for ultimate exportation to Hyderabad. The Collector brings to notice that the usual trade in Opium from the Nizams territories continued up to the Month of January, when it became restricted owing to the Manufacture of the article within the District from the juice of the Poppy produce in the Mysore Territory, which he apprehends will eventually cause a considerable loss of Revenue. The withdrawal of the Frontier Chowkies between the Company's and the Mysore territories having been carried out

and

and all restrictions upon the free in-
terchange of the produce of the respec-
tive countries having consequently ceas
the loss of Revenue arising from this
new branch of trade appears to the
Board unavoidable and altogether
beyond the control of the local auth-
orities, who however will be careful to
ascertain that the new manfacture is not
used as a check for the illicit import of the
article from the adjoining state. The
amount of duty collected at the Jug-
giapett Talook Chowkies from this
item in the year under report was
Rupees 10,570. 13. - which exceeded by
Rupees 1,048. 4 — 4 the receipts of the c
preceding year.

9. The total receipts from
Sayer amounted to Rupees 40347. 1. 6
from which being deducted the charge
of the year, left the Net Revenue to stan
at Rupees 35,843. 3. or Rupees 6071 — 11 — 6
excess of the Net Revenue of Fusly 1255.
10. The Board are desir
of receiving as early as practicable the
Modified frontier Tariff for the dist
of Masulipatam and request the Collr
to submit for the Boards approval

as soon as the requisite information shall
have enabled him to complete the as-
similation of his Tariff with re-
ference to those of Rajahmundry and
Guntoor.

Sea Customs. 11. Under this head there was a
falling off of Rupees 5,059. 2. 10 in the de-
mand and Rupees 5,640. 10. 9 in the Net
Revenue.

12. In the export trade during
Fusly 1256 the decrease in the Collection
amounted to Rupees 2,032. 5. 5. arising
chiefly from the less export of Cloths to
Madras by the Commissariat and in the
Imports there was also still greater
decrease of Rupees 3028. 2. — owing
principally to the non-importation of
Paddy from Arracan and other Eastern
Ports.

13. In the revenue derived
from the abkarry, Moturpha and Sundry
Small Farms and Licences there was
a small increase during the term em-
embraced in the present report.

Abkarry. 14. In the abkarry the ex-
excess amounted to Rupees 3,084. 12. —
but owing to the less collection of arrears

the

Net Revenue
1255 ——— 40890 - 12 - 11
1256 ——— 42663 - 4 - 5
1772 - 7 - 6

the Net revenue from this branch was only Rupees 1772 - 7 - 6 in advance of Fusly 1255.

Moturpha. 15. The increase under this head was in some degree nominal being influenced by the tax on Indigo Farms having been credited to Moturpha, the Net Revenue however was less by Rupees 292 - 2 - 2 than in Fusly 1255 inconsequence of a large balance of Current revenue outstanding and a less collection of Extra revenue having been realized.

Increase 16. The trifling increase from
26. Decrease 311 - 6 - - Stamps. Salary Small Farms and Licenses and the Decrease from the sale of Stamps does not call for any remark from the Board.

Demand. 17. The total demand of
55 - 5,14,553 - 13 - 4 -
55 - 3,93,092 - 1 - 10.
1,21,461 - 11 - 6.
the year amounted to Rupees 3,93,092 - 1 - 10 - and the Gross Collections to Rupees 3,93,36
Gross Collections 1 - 7 - from which being deducted the
1255 - 5,16,23 - 8 - 10 charges 25,574 - 3 - 7 the net revenue was reduced to Rupees 3,71,741 - 14 - - falling
Net Revenue short of the Net Revenue of 1255 in the
1256 - 4,82,628 - - - 4. sum of Rupees 11,0,886 - 2 - 4.

18. At the termination of the Fusly the Current balance amounted to Rupees 3506 - 7 - 2 - the whole of which

176 - 10 - 8: with a trifling exception was collected.

The amount outstanding on 19.

Statt B. account of old arrears at the close of Fusly

Sayer	2439 - 8 - 5 -	1256 was Rupees 3139 - 8 - 7 - of this Rupees 2,838 - 3 - 11 - are in course of adjustment, and of the remainder due
akkarry	60 - 6 - 2 -	
Moturpha	338 - 5 - 4	
	2838 - 3 - 11	on account of Moturpha Revenue Rupees 301 - 4 - 8 - is represented by the Collector to be totally

Statement N.3 in B. irrecoverable and the Board beg to recommend its remission.

Irrespective of the above arrears the balance still outstanding against 20. certain parties charged with Moturpha for a series of years antecedent to Fusly 1248 has been reduced to Rupees 1193 - 15 - - - of this the Collector considers Rupees 1064 - 5 - 4 to be irrecoverable and the Board fully concur in the expediency of this amount being struck off the Books of the District and they accordingly beg to solicit the necessary sanction from Government for the adoption of that course.

Ordered that a copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Masulipatam for his information and guidance.

Fort St. George 17th February 1848.

Read the following letter-

To D. White Esqre

Acting Secretary to the

Board of Revenue

Fort St. George.

29

From the Coll.r of Sir

Masulipatam 5 Para 1. I have the honor to solicit the consideration and orders of the Board upon certain questions which appear to require definite instructions which have arisen from the operation of the Circular order of the Sudr Adalut dated 15th February 1847 No. 110 by which Judicial Officers are directed to communicate to Collectors the proposed sale of land of whatever description in execution of the Decrees of Courts with the view of giving the latter an opportunity to offer any objections they may have to the measure which the interests of Government may seem to require.

Soliciting the Board's consideration and orders upon certain questions relative to the sale or transfer of lands.

2. Cases have been referred for report comprising the undermentioned descriptions of lands situated in the Estates in possession of Proprietors and those under the Management of the Circar for arrears of revenue or by reversion to Government.

1. Portions of lands situated in Agraharams and Mokhasahs subject

Fort St. George 17th February 1848.

subject to Bilmuta Bariz or fixed money rent on which the assessment is not fixed by a regular Subdivision by the Circar, but determined with the mutual consent of the Holder of the Village and their under tenants.

2. Entire Agraharams and Mokhasahs subject to Cuttoobady Bilmuta or fixed money rent as also Enams subject to a fixed quit rent.

3. The whole or portions of Agraharams and Mokhasahs as well as Enams held rent free.

The Occupants or Cultivators right in Dary or Circar lands proposed to be sold as in Deeay, Dawer cottah and other Estates.

5 Spots of ground occupied by and adjacent to dwelling houses and Village sites.

Several communications

3. have also been received from the Courts prior to the date of the order above quoted announcing the transfer of lands coming under the heads above described, either by purchase at a sale ordered by the Court, in execution of the Decrees or in

Ramaswamah

Rauzeenamahs filed before them, and on directing that the said purchase or transfer should be registered accordingly in the accounts.

4. Numerous applications have likewise been made by individuals for registry in the accounts of the transfers of lands of the above description effected between the individuals themselves without the intervention of Courts, either by gift, sale or inheritance, the last consequent on the demise of the original incumbents in whose names those lands may have been held.

5. The Maunjoofaary lands or lands paying revenue to Government which form part of the above description of lands are not those permanently settled and held under Regulation XXX of 1802 and it would appear from Regulation X of 1831 that the Courts are precluded from hearing and determining claims which may be preferred to lands, or grants in land or money alienated by the State for services rendered or for municipal purposes as also in lieu of resumed Offices and privileges and that the

the transfer of such lands from one individual to another is illegal.

6. In cases where a portion of the Macafsah and aggraharum subject to a fixed money rent is to be sold or transferred, it might be possible to subdivide and afsess such portion with reference to the average resources of the village, but Section II Regulation I of 1819 virtually prohibits the transfer by prohibiting the subdivision of a less portion than that comprized in a principal Village or hamlet and this construction was confirmed by the Board's Proceedings dated 19th September 1839.

7. Further tho' the gross Collections of the Macafsahs in this District are included in the afsets on which the Permanent Settlement was founded, yet when the question of the Zemindar's right to resume them, on that ground came before the Courts, their decisions were in favor of the Macafsahdars and some of the Macafsahs were actually sold in execution of Decrees. The Board however in

Board's Proceedings dated 20th June 1831 Paras 27 to 33 on the affairs of Tenna-cottah and Goodamadah.

in their letter to Government dated 17th Augt. 1835 declared that they believe in general Mokasaks are not considered to be transferable property it is therefore a question whether Mokasaks which may not appear to have been granted on service tenure can be sold or transferred entire or in portion either by an order of the Court or on the application of private individuals.

8. It is also necessary to decide with reference to the Boards letter noted in the Margin, whether the orders contained therein conveyed that as lapses occur, a report should be made to Government in each case or were intended to apply only to grants referred to in the first of those communications, Viz. those made "in consideration of services rendered to the "State for the maintenance of the ancient "families, or in lieu of resumed offices "or privileges, or as Jeomiahs for the performance of service," or whether they are to be considered applicable also to Enam lands generally granted to individuals during the former Government or before the permanent Settlement by the then authorities and Zemindars and confirmed

22d. May & 29th. Sept.s 1845.
3d. Sept.r 1845.

down to the present period - If the latter be the Boards intention, it follows that Cattoobady Balmaeta and Surva aggrahareums & other Enams cannot be sold or transferred either at the instance of the Court or of private individuals without the orders of Government.

9. In some Estates under Circar Management as in those under Proprietors the practice of transferring the occupation or cultivating right of Circar lands by Gift, mortgage or sale has prevailed for a long time past, and such transfers are recognized by Courts and the arrears if any due by the last incumbent in the absence of means accruing to him have been collected in some few cases from the transferees of such lands. In this District no assessment is defined on the holding of each Ryot, and there is also no fixed rule by which a Ryot is made liable to pay the assessment in the event of his leaving his fields or a portion of them uncultivated. The Circar have no doubt a right to recover its just dues on the extent of land taken for cultivation and so long as the Ryot continues

to

to cultivate his fields and pays the demand defined by the Circar, it will not be just to dispossess him of his land, but if he neglects to do so, it is of course necessary to transfer it to another, who takes the trouble of improving his farm and paying his dues. Instead of which if the lands were to be sold or transferred by an order of the Court or by the former occupant to an individual incapable of cultivating it, the Circar will be the losers.

10. Such being the case, it would appear to be a requisite that the nature of the Proprietorship of lands of this description acquired by sale under the orders of the Court, or by transfer, of whatever kind, should be clearly defined and that the transferee should be made to understand that he can only be retained in possession so long as he may be punctual to pay the just dues as fixed by the Circar and on his failure that the land will be transferred to another better able to do.

11. There does not appear to be any objection to the sale by the Courts of

of spots of ground occupied by houses and compounds in a Village or sites situated in its vicinity, exempt from assessment unless impledged for securities tendered to the Circar.

/Signed/ R. F. Porter
Collector.

Masulipatam Collector's Cutchery 25th November 1847.

Proceedings 29-30 Board's Observations on certain questions propounded by the Collector of Masulipatam relative to the sale or transfer of lands.

In the letter above recorded thereon. Para 1. the Collector solicits the orders of the Board upon certain questions which have arisen from the operation of the Circular order of the Sudr Dewanny Adalut dated 15th February 1847. No 110, whereby Judicial Officers are directed to communicate to Collectors the proposed sale of land of whatever description in execution of the Decrees of Courts with the view of giving the latter an opportunity of offering any objection which they may have to the measure, and which the interests of Government may seem to require. The Board proceed to consider these questions in the order in which they are propounded by the Collector.

Cases Mr. Porter states have Para 2. been referred for report comprising the undermentioned descriptions of lands, situated in the Estates in possession of

of Proprietors, as well as those under the Management of the Circar for arrears of revenue, or by reversion to Government

I. Portions of Lands situated in the aggra- =harums and Mokhasahs / subject to Bil- =mucta Berij or fixed money rent / on which the assessment is not fixed by a regular Sub division by the Circar, but determined with the mutual consent of the holders of the Village and their under ten=ants. II. Entire aggraharums and Mokhas- =ahs subject to Cuttoohady Bilmucta or fixed money rent, as also Enams subject to a fixed quit rent.

III. The whole or portions of Aggraharums and Mokasahs as well as Enams held rent free.

IV. The occupants or cultiv- =ators right in Sary or Circar lands pro- =posed to be sold, as in Decoy, Draweet- =tah and other Estates.

V. Spots of ground occupied by, and adjacent to, dwelling houses and Village sites.

P 3. Several communica- =tions have likewise been received from the Courts announcing the trans- =fer of lands coming under the above heads

by process of Court and directing the registry of such transfer. Similar ap- =plications have also been made by in- =dividuals without the intervention of the Courts of Law.

P 4. Here can, the Board ap- =prehend, be no question that the several descriptions of lands comprised in the three first clauses specified by the Collector fall within the provisions of Regulation IV of 1831 and act XXXI of 1836 excepting the Cuttoo- =hady lands which should perhaps rather be referred to Regulation VI of 1831, and that all of these, whether falling under one Regulation or the other, are inalienable from the purposes for which they were con- =ferred, and are not liable to attachment or other process of Court. The contemplated sale or transfer of such lands, whether by individuals among themselves, which would have the effect of diverting these grants from the purpose for which they were origin- =ally made, should therefore be resisted; and all lapses reported thro' the Board to Government, that the ruling power may have the means of ensuring the due ac- =complishment

accomplishment of the objects for which the grants were conferred, or of adding them again to the public resources when those objects are no longer subserved.

5. The Classes of lands 4 and 5 enumerated by the Collector are generally subject to sale, transfer &c. either by order of Courts or at the discretion of the occupants, it being however understood as regards the Spots of ground included in Class 5, that the Government do not guarantee the continuance of any exemption from assessment which they may now enjoy - and provided of course, as observed by the Collector, that they are not impledged for securities tendered to the Sircar.

Last Para.

6. In respect to the remarks in Paras 9 and 10 of the latter the Board think it only necessary to observe that as to the lands therein referred to, all the right which can be sold or transferred is that of occupation and cultivation, and that if the transferee be unable to exercise that right, it is clearly open to the Sircar to make over the lands to other more competent

parties

parties. The principle that the transferee can only be retained in possession so long as he may be punctual in the payment of the Sircar dues, and on his failure, that the land will be transferred to another better able to do so," is so plain that no declaration to that effect seems requisite.

Collector

Ordered that the following
letter be sent in reply-

(33-34)

To The Collr. of Bellary

To The Collector of
Bellary

Sir,

To state what arrangements might be made for the Administration of Justice in Civil Matters in the transferred Hill tract of Ramanamalay.

1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 2d. instant on the subject of the arrangements consequent upon the transfer of the Ramanamalay Hill.

2. In the proceedings of this Office dated 22d. November last, you were requested to furnish the information required by Government Extract Minutes Consultation 2d. November 1847 "as to the limits of the transferred lands." In the draft of the notification which you have submitted you simply state that the Jurisdiction of the Police and criminal authorities in the District of Bellary shall under certain limitations extend over the Ramanamalay Hill Talook of Khoodleghee. The Board would wish you to explain whether the limits of the transferred tract cannot be more accurately defined. Its boundaries whether Villages belonging to the Sircar or the Sundoor Rajah might it is supposed be specified or any streams, Range of hills or Singles which may immediately adjoin it. The "certain limitations" mentioned in the draft should

also be stated in detail.

3. On a review of the correspondence connected with this subject the Board do not find that any arrangement has been proposed for the administration of Justice in Civil matters in the Ramanamalay Table land among the parties fregnenting or settling upon that tract causes of Civil action may be expected to arise and the Board beg to be favored with your opinion as to the mode in which they should be disposed of.

I have to request that you will reply to this letter as soon as possible-

Fort St. George.

From the Collector of Bellary

Sir,

35

I have the honor to forward a Statement of arrears of Pension due to one Appa Moodelly late Stamp Darogah on the Establishment of this Collectorate, to whom a Superannuation Pension of Rupees 18-7-- per mensem was granted by Government under date the 28th. February 1845, drawn up according to the Form furnished with your letter of the 18th. May 1846, amounting to Company's Rupees 295---- and as the absence of the Pensioner exceeds 12 months, I request with reference to your circular letter of 15th. February 1847 that you will obtain for me the sanction of Government for the disbursement of the amount and for the continuance of the Pension for the future-

2. With my permission, the Pensioner proceeded on the 16th October 1846 to Ramaswaram Viz. places on a pilgrimage. During his absence from the District, his stipend was not charged in the Public accounts. He returned on the 18th. Ultimo and applied for payment of the arrears in question-

Read the following letter

To

J. B. Roupell Esqre.

Acting Secretary to the

Board of Revenue.

Fort St. George.

Sir,

37

From the Acting Coll.r of South Arcot

Extract from a General Letter from the Court of Directors dated 31st July 1839 and Extract from the Minutes of Consultation under date the 24th Octr. 1839 Conveyed in the Extract from the Proceedings of the Bd. of Revs. dated 2d. December 1839.

Parait I have the honor to report the decease of the Saghiredar of Avelcondah. By his decease the Estate lapses to Government, the grand not being hereditary— but from the Orders noted in the Margin it would appear to be the intention of Government and the Honorable the Court of Directors that it should be renewed subject to an increased Peishcush. The late Sagheredar has left a son named Hoofsain Dhostkhan who is about 25 years of age and capable of undertaking the Management of the Estate.

2. The Saghire consists of 28 detached Villages and a share in the revenue of two Villages which is paid to the Sagheredar from my Treasury the Villages being under Circar Management.

3. As regards the Peishcush to be hereafter paid by the Sagheredar it will be seen from the Statement submitted under date the 17th August 1843 that the net revenues were there-

calculated

Resolu

From the Board 25th January 1848.

Encs 6 papers

Encs

calculated to be Rupees 27451-4-2 and if Peishcush be remitted

would be Rupees 14967-8-1. This sum includes the Moturpha and it will be for the Board's consideration whether this tax should continue to be collected by the Jaghiredar.

4. In addition to the Jaghire above referred to, the Jaghiredar held a further grant of 3 Villages and one hamlet under the Orders noted in the Margin† subject to a fixed rent of Rupees 3300 -0-0 per annum. The revenue to be paid on these Villages having been thus fixed by Government in 1827, I apprehend it will not be necessary to make any alteration therein, unless it should be desired to reserve the Moturpha which averaged for the 10 years preceding the grant Rs. 25-11-0 per annum.

† Letter from Govt. to the Board dated 14th August 1827. The Board's letter dated 25th August 1827

5. The total of the Peishcush and rents in the two grants would thus be Rs. 18,267-8-1 including the Moturpha resumed to Government the amount would be Rupees 18093-11-6.

Peishcush including Moturpha Rs. 14,967-8-1
Rents including Rs. 3300-0-0
Rs. 18267-8-1

* Average Net revenue 27,481-4-2
Deduct Moturpha 222-8-4
Net Rs. 27,259-1-10
Peishcush two thirds on the above sum is Rs. 18,172-12-6
Rent of the Villages conferred in 1829 Rs. 3300-0-0
Deduct Moturpha 25-11-0
Net amount of Rent 3274-5-0
Total exclusive of Moturpha 18093-11-6

6. It seems desirable that the present opportunity should be taken also to decide regarding the course to be pursued in respect to any Enam lands that may lapse within the Villages included

included in the Estate. In case any resumptions of such lands should be made, it would be desirable that an arrangement should now be entered into with the Jaghiredar for the collection of the revenues thereon.

7. In conversing lately with Hoosain Dhosttehan he informed me that he did not desire any alteration to be made in the present Jaghire unless the exchange of Villages could be granted which was lately applied for by the deceased Jaghiredar.

To the Board 10th Nov. 1847. From Do. 9th December 1847

North Arcot
Coll. Circuit Cutcherry,
Vellore, 24th January, 1848

Signed / C. C. Lovell
Acting Coll.

Ordered that the foregoing letter be submitted with the following address.

37-38

To the Chief Sec. to Government

To, The Chief Secretary to Government

Sir,

Para 1. I am directed by the Board of Revenue to submit for the orders of the Most Noble the Governor in Council the accompanying letter from the Acting Collector of [illegible] reporting the death of the Jaghiredar of [illegible] Taluk in his District and requesting [illegible] the subject of the arrangements to be [illegible] quence of that event.

Submitting letter from the Acting Coll. of North Arcot reporting the death of the Jaghiredar of Avilcondah and requesting instructions as to the arrangements to be made in Consequence &c.

24th Jan. 1848 Received 17th Feb. 1848 No. 1

2. The circumstances connected with the Avilcondah Jaghire have already been brought to the notice of Government in the correspondence noted in the Margin. An account of this Jaghire and of the manner in which it descended to its then possessor Hoosain Razah Khan

To Govt. 5th Oct. 1837
To Govt. 18th inst. No. 53 Oct. —

[illegible] Records

Rezah Khan father of Hyder Hoossain Khan the Jaghiredar lately deceased will be found in Mr. Falconer's report on the Jaghires of the Carnatic. It was classed by him under the description of country Jaghires and is included in the "list of Jaghires" transmitted to the Board in a letter from Government dated 4th June 1802. Sunnuds were subsequently issued to Hoossain Rezah Khan and to the other Jaghiredars entered in that list, under date 9th November 1804 by the Right Honorable the Governor in Council in which their Jaghires were limited to the terms of their natural lives. The Peishcush payable by Avilcondah was Rupees 6107–15–0.

No. 7 in the Statement of the Country Jaghires appended to Mr. Falconer's report dated 12th April 1802.

3. In the year 1825 the Jaghiredar Hoossain Rezah Khan petitioned the Government that his Sunnud might be revoked and another granted bestowing the Jaghire upon his family in perpetuity. On that occasion the Government remarked that "altho' they were not prepared to comply with this "request they regarded the family as entitled to "liberal consideration and they desired that in the "event of the Jaghiredar's death, the estate should "not be resumed without their special orders." The Honorable the Court of Directors in Para 84 of their despatch of 24th November 1830 in Communicating their

From Govt. to Board 9th December 25 Secret. 15th Dec. 1825.

Encs. in a letter from Govt. dated 31st May in Cons. 9th June 1831

their approval of the Proceedings of Government directed that "the provision to be made for the "family of the Jaghiredar in the event of his death "should be carefully proportioned to the circumstances "of the individuals and no more allowed than would "be sufficient to enable them to live with comfort "in a style not unsuitable to their rank. This, it is added, "should be done by Pensions for the lives of the parties."–

4. The above expression of the intentions of the Honorable Court in respect to the Avilcondah family would appear to have been overlooked and not to have been communicated to Hoossain Rezah Khan who with his son the late Hyder Hoossain Khan were thereby encouraged to entertain hopes that the Jaghire would be continued in their family. On the death therefore of Hoossain Rezah Khan, which occurred 1st March 1827 the Government were induced to permit his son to retain the Management of the Estate pending a reference to the Home authorities. In their reply to this reference. General letter 31st July 1839 P. 8–9 the Court after noticing the neglect of their previous orders state "with reference to this particular case we are willing "to permit the son of the late Jaghiredar to hold the "Jaghire for his own life, subject to the same Peishcush "as was paid by his father, but the Jaghire should be "resumed at his death, a moderate Jumma being now "determined at which his successor will be permitted

to

†16th in Cons. 20th Oct. 1837.

Encs. in a letter from Govt. dated 24th Oct. in Cons. 25th Nov. 1839.

To North Arcot 2d Dec. 1839.

"to engage for the estate." In obedience to these instructions the Board communicated with the revenue authorities in charge of the North Arcot district with a view to determine the Jumma to be subsequently fixed upon the estate and have received two reports relative to the resources

In Cons. 5th January 1843 & In Cons. 4th Sept. 1843.

of the property dated 13th December 1842 and 17th August 1847 respectively.

5. In the letter now forwarded Mr. Lovell reports the decease of the Jaghiredar Hyder Hoosain Khan who has left a son 15 years of age named Hoosain Dost Khan. He also submits the question as to the terms on which the estate is henceforth to be held - and proposes a Peishcush of 14,819-6-6. exclusive of the Mokurpha to be collected by Government - being two thirds of the average net revenue of the Jaghire as calculated by Mr. Acting Collector Babington in

In Cons 4th Sept. 1843.

his letter of 17th August 1843. This arrangement for the Jaghire proper and is irrespective of the lease of three Villages and one hamlet held by the late Hyder Hoosain upon terms hereafter to be

On a review of all the circumstances of the case the Board cannot but be of opinion that it would be more for the interests of Government and of the Jaghiredar himself, and at the same time not

inconsistent with the intentions of the Honorable Court towards the Arulcondah family if in place of the continuance of the estate to them are increased Peishcush, the instructions contained in the Court's Despatch of 24th November 1830 were carried out; and such Pension granted to the family of the late Jaghiredar as "would enable them to live with comfort in a style not unsuitable to their rank." In support of this opinion the Board would beg to bring to notice that the Arulcondah Jaghire consists of 28 Villages besides a share in the revenue of two Villages under Sircar

From Coll. 11th March 1839 In Cons. 25th March 1837.

Management - These 28 Villages are scattered among four Talooks, and adverting to their detached positions and other circumstances it appears to the Board to be doubtful whether the Jaghiredar could hold them with advantage on a Peishcush bearing the same or nearly the same proportion to their resources as that on which the Zemindaries in the Northern Circars were settled. The Board are led to believe that the Jaghiredar would speedily be involved in embarrassment and that his own interests would best be consulted by assigning him an allowance in Money and relieving him from the risks incident to the Management of a landed estate so inconveniently situated. The question of the resumption of the Jaghire and grant of a Pension has been under consideration on a

From Govt. 8th In Cons. 17th April 1837.
To Bd. Coll. — 17th April —
From Do. — 25th Sept. —
In Cons. 2d October 1837.

previous

previous occasion, and should the Government concur in the view taken by the Board they would suggest that the allowance to be conferred on the Jaghiredar should be that then recommended by the Principal Collector Viz.ts 10,000 Rupees per annum, being somewhat less than half the average net revenue of the estate. The family of the deceased Hyder Hoosain would appear to consist of a Widow and two sons. It will be for the consideration of Government whether the whole amount should be granted to the Elder son for the maintenance of the family and dependents or whether separate pensions should be allotted to the several Members determinable or at least subject to revision on their deaths. In the latter the Board will refer again to the Acting Collector for a Statement of those Members of the family who may have a claim to participate in the bounty of Government and of the allowances to be assigned to them respectively.

7. Besides the Aroulcondah Jaghire proper, the late Jaghiredar, it should be added, held on lease three Villages and one hamlet. The circumstances under which he was permitted to rent these Villages are shown in

Average Net Collections deducting
Motursh ——— 12,451-4-2.
Half Do. ——— 11,225-10-1.

in the correspondence noted in the Margin it will be seen that these lands immediately adjoin the Fort of Aroulcondah which is built in one of the Villages. They had long been in the occupation of the Family and the Govt. were pleased to grant them to the Father of the late Jaghiredar to be rented by him "until further orders" at a trifle below their actual value "to promote his comfort and to evince "the favorable disposition of Govt. towards "his family." These considerations it may be presumed still subsist, and as the rent paid for the Villages very nearly equals the net revenue yielded by them, the Board would beg to recommend that the eldest son of the deceased Hoosain Dost Khan may be permitted to retain them on lease on the same rental, Rupees 3,300 as his father.

From the Collector of Salem ----- Furnishing the information called for in a letter dated 15th Novr. last as to the amount and description of Carriage of every kind procurable in the Salem District for the movement of European Troops.

To

T. B. Roupell Esqre.
Acting Secretary to the
Board of Revenue
Fort St. George

Sir,

With reference to Extract from the Boards proceedings under date the 15th. November 1847, conveying Extract from the Minutes of Consultation and the paper which accompanied it, requiring me to ascertain what amount and description of carriage of every kind may be generally calculated upon as procurable in my District if required for the movement of European Troops from Coonoor to Trichinopoly or Bangalore, I have the honor to state that the number of wheeled carts in the District as entered in the Jummabundy of Fusly 1247 is 3,296, of which 1000 are Odder carts and used for conveying grain &c. by the Ryots themselves, and of the remaining 2,296 Carts, 550 with 850 carriage Bullocks and 1,250 coolies may, as hereunder exhibited, be procurable when one Months previous notice is given to my Department.-

In

	Carts with Bullocks	Carriage Bullocks	Coolies
In Salem	150	100	100.
" Namcul	50	50	100.
" Shenkery droog	"	50	100.
" Raizepoor	"	50	100.
" Darumpoory	50	150	100.
" Trepatoor	200	100	150.
" Womalore	"	50	100.
" Ahtoor	50	50	100.
" Paramutty	"	50	100.
" Ristnagherry	20	100	100.
" Oossoor	30	50	100.
" Denkencottah	"	50	100.
	550	850	1250

These Carts generally carry a weight of 2 Candies each, a Bullock carries 8 Maunds and a Cooly one Maund and half. As Carts employed by Troops genera travel by stages with a halt every 4th. day, the expenditure attending such slow travelling exhausts the hire paid f the carts, consequently the cart owners are unwilling to en gage to accompany Troops. They are therefore on such occasions prefsed. The present rate Viz. annas 8 per C per 10 Miles, annas 4 per Bullock and annas 2½ per Co is not in my opinion sufficient hire, when travelling with Troops. The rate should be on all these occasio increased

increased to 12 Annas per Cart per 10 Miles, 6 annas to a Bullock and 4 annas to a Cooly. When this increased rate of hire is allowed for Carts &c.a employed by Troops the cart owners will, I think, willingly offer their services.

Read again also letters from the Acting Collector of Trichinopoly and the Principal Collector of Coimbatore dated 28th. Ultimo and 20th. December 1847 and entered in Consultation 3rd. Instant and 6th. Ultimo respectively.

Ordered that the foregoing letters be Submitted with the following address.

To

The Chief Secretary to
Government

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of an order of Government, dated 4th. November last, forwarding copy of an Extract from Minutes of Consultation in the Military Department, dated 27th. October preceding, and of its accompaniment from the Quarter Master General of the Army and desiring them to ascertain and report, what amount and description of carriage of every kind may be generally calculated upon as procurable

40

29-41

To the Chief Secretary to Government

Submitting report from the Pl. Collector of Coimbatore and Collectors of Salem and Trichinopoly on the number and description of carriage of every kind procurable in their Districts for the movement of European Troops and annexing

In Consn. 15th. Nov.r 1847.

procurable from the neighbouring districts, if requir
for the movement of European Troops from Co-
Conoor to Trichinopoly or Bangalore.

annexing a Table Shewing at one view the amount obtain-able in each of these Districts.

2. In reply I am instructed to submit
the accompanying reports
from the Principal Collector of Coimbatore and
the Collector of Salem on the subject. The Board
have also obtained from the Acting Collector of
Trichinopoly a Statement of the carriage available
in his district for the movement of Troops
which they likewise desire me to submit
herewith.

From Coimbatore 20th. Decr. 47 in Cons. 6th. June 48
From Salem 8th. in Cons. 17th. February 1848.
From Trichy. 25th. January in Cons 3rd. Feby. 1848.

Coimbatore 3. The Principal Collector of Coimba-
tore states, it will be seen, that there are
about 500 Bullock Carts in his District, which
may be collected within 30 days, and that
there will be no difficulty in procuring as many
Bullocks & Coolies as may be required; but
he at the same time points out the inconvenience
which will be experienced if either Carts, Bul-
locks or Coolies are taken beyond the limits of
the district. The above remarks apply to the
depôt

depôt proposed to be established at Meetapollium for
providing carriage for troops marching though the
Coimbatore district. In the case of the movement
of Troops from Conoor to Bangalore via Mysore,
the supplies of Carriage and other necessaries must
be assembled at the Segoor depôt, and be drawn
from the Mysore Country.

Salem. 4. From the letter from the Collector of
Salem it will be observed that 550 Carts with
Bullocks, 850 carriage Bullocks, and 1250 Coolies,
may be collected in his district, if one months
previous notice be given. and Mr. Lockhart states
that if the usual rates of hire for Carts, Bullocks,
and Coolies, be increased in the proportions
named by him, carriage to the extent above
specified may be easily procurable.

Trichinopoly 5. From the Statement furnished
by the Acting Collector of Trichinopoly it appears
that 245 Bandies with Bullocks, 150 Single
Bullocks 194 Palanqueen Bearers and 250 Coolies,
may be set down as available in that District,
when required for the use of Troops.

6. The Board annexe a table shewing
at one view the amount of carriage under the several
heads

heads procurable in each District. Viz.t.

	Carts with Bullocks	Single Bullocks	Coolies	Palanqu. Bearers
Coimbatore	500	As many as may be required		
Salem	550	850	1,250	"
Trichinopoly	245	150	250	194

To
R. S. Porter Esq.re
Collector of Manufacture

Sir

With reference to the accompanying Copy of an Extract from the Proceedings of the Board of Revenue dated 8 Instant I have the honor to request you will be pleased to favor me with a Plan shewing the site and extent of land belonging to the British Government which in your opinion may be considered sufficient to be proposed to the French Government at Pondicherry in exchange for the whole all portions of that Territory called "French Pettah situated in the Centre of the British Cantonment at Masulipatam, and also what remuneration should be offered to the owners of private dwelling houses if any / to compensate for their loss.

I find on the record of this Office that the question of obtaining the

8th Novr 1847

noted in the Margin to be favored with a Plan Shewing the site and extent of land belonging to the British Government which in my opinion may be considered sufficiently eligible to be proposed to the French Government at Pondicherry in exchange for the small portion of their Territory called "French Pettah" situated in the centre of the British Cantonment at Masulipatam and also what remuneration should be offered to the owners of private dwelling houses (if any) to compensate for their loss.

2 The main grounds of the objections to the French Pettah, which have been so repeatedly urged upon the notice of Government have been based upon its isolated situation, in the centre of the British possessions, whereby it became in the power of any one residing within its limits to perpetrate any species of mischief such as the Establishment of the Toddy Shop now existing upon it (in defiance of control or support) tendence of the authorities in the immediate neighbourhood, and in my opinion similar objections exist to the

the offer of any similar site in exchange within this District, The French Pettah here is under the jurisdiction of the Chief of the French Settlement at Yanaon, and I would suggest that if the transfer is to be made by an exchange at all, an offer should be made to the French Government of a piece of ground of similar quality and equal extent, immediately adjoining one of their own Settlements, either Yanaon or Pondicherry, which ever you may consider most likely to meet their wishes.

2 With this view I beg to forward a Sketch of the French Pettah shewing its extent and the number of dwelling houses upon it. The latter are 5 in number, of which 4 are possessed by natives, and rented to European Officers and the remaining one is occupied by its owner, the Head Accountant in my Cutcherry. No rent of any kind is paid by these parties to the French Government, nor would any loss accrue on either side from the proposed transfer of the Pettah, the only revenue from which arises from the contract for the Toddy Sold on the premises situated in the centre of the

place

places and which I am informed has an
in amount from 3 to 1,000 Rupees per annum

Masulipatam Gillah
Collectors Circuit Cutcherry

Collector.

To
His Excellency
Monsr Duvelaja
Governor of the
French Establishments
in India
&c &c &c

Sir

On the 13th April 1822 the late
Special Agent brought to the
notice resulting from an Arrack Shop
situated in the centre of the British
cantonment at Masulipatam, and the
French Pettah and requested a transfer
the ground in question to the British Government
either by sale or on lease to this Collector
the Court Des Pay was pleased to reply
that the Transfer could not be effected
on the terms proposed, but that the French
Government were prepared to meet
the proposal by an Exchange of land
She will be before convinced
of having again been brought to the
notice

notice of Government, I am directed to as-
certain with reference to the proposition
of your Excellency's predecessor whether the
French Government would now consent to
receive in Exchange a piece of ground of
similar quality and equal extent
immediately adjoining one of their Settlements
either Karikal or Pondicherry

I have the honor to remain
with sentiments of the highest consideration
and respect.

As directed by the endorsement of the Board on his Petition No. 2079 of 1817

Goolam

1st Cont. 17th Feby 1818 325.

Fort St. George 17th February 1848

Goolam Mohideen Sahib, my head Revenue Javabnavis, has requested me to report on the erection of a Choultry, the digging of a Well & the plantation of a Tope at his expence on the high road between Sanjore and Trichy. I have personally inspected the works as they have been in progress and can speak most satisfactorily as regards the situation selected for the building and the very great benefit it will prove to Travellers on the road, who after leaving Vellum find no water during a distances of 9 Miles and where the water is so brackish that nothing but burning thirst makes it drinkable; while on the other hand the Spring which fills the new Well is large and deep stone bowery / dug by Goolam Mohideen is of the sweetest water and with so full a jet that the dryest season will not endanger its supply. The Choultry which stands on a open plain by the road side was partially completed previous to the late rains and the accommodation it afforded was much owing to

Fort St. George 17th February 1848

to number and most gratifying to the charitably disposed founder of the same, whose request to be allowed to hold the Poonjah land occupied by the plantation at the rate at which it would be assessed if cultivated I beg most strongly to recommend to the favorable consideration of the Board of Revenue. The assessment of the land amounts to 5 Rupees per annum and has hitherto mostly remained waste, and as Goolam Mohideen has gone to a considerable expense in the construction of the Choultry & requests yearly to be allowed the use of the future produce from the Tope in consideration of paying the assessment on the land occupied, appears to me very reasonable and unobjectionable and I trust the Board will authorize my complying with the same should they not feel disposed to permit half the Poonjah Seerwai only being levied

Ordered that the following letter be sent in reply:-

To

Fort St. George 17th February 1848.

To

The Collector of

Tanjore

Sir

To the Collector of Tanjore

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 31st ultimo recommending the grant to Gholam Mohideen Sahib, Head Inamdar of your Cutcherry - either tax free or at ½ assessment of a Spot of Poonjah land assessed at 5 Rupees 8 annas, on which he is desirous of planting a Top for the support of a Chuttry constructed by him on the high road between Tanjore and Trichinopoly for the accommodation of Travellers.

2 In reply the Board direct me to forward a Copy of the Rules for regulating the planting of Topes and Tees, which have been recently sanctioned by Government, and to request that you will state whether the application of the Petitioner cannot be disposed of under Para 2 of those rules.

3 The above rules are now being printed at the Fort St. George Gazette press in English and the Vernacular languages, and so soon as they have been struck off a number of Copies

From the Asst. Collr of Trichinopoly

Sir

Para 1.

With reference to the endorsement on Petition No. 1852 of 1847 herewith returned I have the honor to report that the land to which the Petitioner alludes is now under the enjoyment of his father, who is yet alive and as he signs the Moochilkahs and takes his Puttah annually from the Circar from that land, he is the only responsible party and the Petitioner himself can have no special claim to the same.

The Chief point of complaint however is that the land bearing half Kerwah held by his grand father in fusly 1218 A.D. 1808/9 is now, in the accounts of the Nauttars lately prepared by the Sahsildar, entered in the names of his father, and certain other persons. The Sahsildar was therefore ordered to enquire into the Statement of the Petitioner and report - he accordingly called upon the Petitioner to adduce proof to the land being entered in the names

of

of other persons, but the Petitioner gave in his deposition before the Tahsildar stating his inability to do so.

3. Before the Acting Collector the Petitioner deposed to a similar effect, but nothing clearly, saying he heard the subject from his father, but knew nothing of the matter himself. He first stated the amount of land to be 16 Cawnies - of which 5 were now in his own name and 11 in the names of other ryots. He then states his grand father had 40 Cawnies in Fusly 1218 and two years afterwards his grand father gave 17 Cawnies to Sadasiva Nainar, the 23 Remaining are now in the names of different Ryots. When asked why he stated differently from his former assertion in the same deposition he observed what he first said was untrue; what he subsequently mentioned was correct. Under all these circumstances I cannot see any land which belongs to Petitioner, in the possession of others. Indeed he acknowledges all his land whatever it may amount to, to be in his own possession, but only complains of the same being put in the names of other persons. In whose names, however, he cannot tell. It therefore only remains for me to say that any recent are not duly authorized entry in one man's name whilst any other holds the Pottah in his own name, pays the

Rist and holds the receipt, being also in possession of the land, could not fail to be discovered and duly punished. The period of the annual settlement is the fitting opportunity for examination into matters of the particulars of which the Petitioner himself is perfectly ignorant. But should petitioner at any earlier period mention or discover the parties in whose names he is induced to suppose to lands in his possession have been entered, it will be time enough to take up the case & I shall be perfectly prepared to do so.

Trichinopoly Collector's Office, 28th January 1848.

/Signed/ W. Elliot
Actg Collr

Proceedings thereon.

48-49

Under the explanation afforded by the Acting Collector the Board of Revenue see no grounds for passing any orders upon the above Petition. Should the Petitioner on further enquiry be able to furnish more satisfactory information in respect to the nature of his supposed grievance he should address the Collector at the time of the annual settlement when the case may be further investigated and disposed of.

Ordered that the following Endorsement be passed on Petition No 1852 of 1847.

"From the report of the Acting Collector it appears that the Petitioner has been unable to furnish any satisfactory information in respect to the

the alleged entry of his lands in the names of other parties. If on further enquiry he is enabled to substantiate his complaint he should apply to the Acting Collector at the time of the Jummabundy".

Read the following letter.

To, J. B. Roupell, Esqre
Acting Secretary to the
Board of Revenue
Fort St George.

50
From the Collector, Madura — 8

Sir,

With reference to the Endorsement of the Board on the accompanying Petition No 1595 of 1847 I have the honor to transmit the accompanying Copy of a letter from the Acting Joint Magistrate reporting the circumstance under which the Petitioner was dismissed from the Office of Nattamgar of the Village Seliemputty.

The complicity of Village officers with thieves is so common in this District that when discovered, it is quite necessary to treat it with severity: and I therefore cannot recommend that the Petitioner should be restored.

Madura
29th January 1848

/Signed/ R D Parker
Collector

No 1.

To R. D. Parker Esqre
Magistrate of Madura

Sir,

I have the honor to submit the

report called for in your communication of the 26th October 1847 in regard to the petition presented to the Board of Revenue by Rama Pillay late Nattamgar of Seliemputty.

2. Proceedings were commenced against the Petitioner in consequence of a Mahazernamah signed by 47 inhabitants of Seliemputty dated November 1846, complaining that they were constantly subjected to the loss of their property from Cullers who were entertained and retained by Nattamgars Coumpa Pillay and Rama Pillay; and that on the commission of any thefts, the Nattamgars instead of reporting the circumstance to the Circar compromised the matter with the Cavilgar of the Village named Soondra Tauen; for whom they levied blackmail and from whom they receive a part of the price paid for the recovery of the stolen articles.

3. With this Mahazernamah the inhabitants enclosed a list specifying 35 instances in which they had paid money to the Cavilgars for the recovery of the stolen property. In some of these cases the property was recovered in others the parties complained that they were still without their property and had also been duped out of their money, often

thro

thro the instrumentality und agency of the two Nattamgars

4 This Mahazurnamah and its accompaniment were on the 11th December 1846 forwarded by the Joint Magistrate to the Head of Police at Shen Murray directing him to examine each charge separately and dispose of the cases according to Regulation, reporting the result.

5. On the 23rd January the Tahsildar sent up his report with his proceedings in 26 cases enquired into by him. The remaining 9 cases were for reasons stated by him and which appear sufficient to him, not examined.

6. Of the 26 Cases in which the Proceedings were forwarded by the Tahsildar 14 were dismissed by him for want of proof. Regarding the remaining 12, he solicited the orders of the Joint Magistrate, recommending that as it was clear the Nattamgars were cognizant of several of the thefts, and had not only failed to report them but had compromised several Cases, and as there appeared to him strong ground to suspect they were leagued with the Cullers by whom the thefts had been perpetrated; they should both be dismissed from their situations.

7. Out of the 12 Cases considered by

by the Tahsildar to be proved Mr. Elliot selected 3 for disposal under the extended powers vested in him by section I. IV Act VII of 1843.-

8. In only one of these cases (Case No.) was the Petitioner concerned.

9 In that case Mr. Elliot recorded his opinion that there appeared nothing criminal in the Conduct of the Nattamgars, and accordingly released them, while he convicted the Caidgar Soondra Tauen, of having illegally received search — money, and in that and 2 others cases sentenced him to be imprisoned for Six Months under the provisions of section VII Regulation X of 1816.-

10. From this Decision Soondra Tauen appealed to the sessions Judge who having received an answer from his Law Officers to the effect that, under the Mohomedan Law, the unauthorized by taking of a reward or hire by such as have no concern in the Police authority for the recovery of stolen goods, is not an offence - ordered the release of the Prisoners.

11 Mr. Elliot in an order dated 11th March 1847 recording, it as his opinion that the Petitioner had evinced great want of care in the discharge of his duties, had failed to report thefts, which had come to his Knowledge and was a Man of bad character, ordered his dismissal.

There

12.

There is no proof on the records of the Police or of this Office that the Petitioner is a Man of bad character.

13.

In three Cases the Petitioner admitted before the Head of Police that he was cognizant of the thefts charged but had taken no steps to bring them to the notice of the Police authority.

14.

The order which the Petitioner refers to, of the 2nd June 1845 so far from directing him not to interfere with Police duties desired him to prosecute a complaint which he had preferred against the Village Police Officer for neglect of duty in the discharge of his functions.

15

It is too much the practice in this Division for the Village authorities to interfere to conceal, and compound serious offences rather than use endeavours to bring offending parties to justice. Several instances of this practice have of late come to my notice in which great oppression has been exercised by Putty Nattamgars, to whom the people of the Putty look up; and to whom they prefer all their complaints; that the Petitioner was cognizant of the thefts occurring in his Village is clear. He admits he was so in three cases.

16

The people generally are loud in their complaints of the oppression and the

losses which they are subjected to from bullers of Jeevanangalum, invited, supported and maintained by the Village officers composing the Talooks of the Sub Division.

17.

The Village Monsiff is doubtless the legally responsible person for the discharge of the Police duties arising in his Village But this fact does not, it appears to me, relieve the other Nattamgars from bringing to the notice of the Police all offences which may either have been reported to them or which have fallen within their cognizance.

18.

In several of the more distant Hamlets of some of the Villages, the Nattamgar of the Hamlet is looked upon and treated by the people as the Head of the Village, and all their grievances are reported to him, and it appears to me to be a serious dereliction of duty on his part if he refuse to adopt the proper steps for the remedy of the evils complained of.

19.

The decission of the Court does not in my opinion, affect the case of the Petitioner at all.

Dindigul, ... 17th January 1848

/Signed/ R. D. Parker
Collector

Order thereon.

50-57

Ordered that the following Endorsement be passed on Petition No. 1595 of 1847.

"The Board of Revenue having received from the local authorities a full account of the circumstances which led to the dismissal of the Petitioner, see no reason to interfere in his behalf."

From the Collector of Canara.

52

Read Statement of Extra Dent allowances drawn by himself and subordinates during Fusly 1256.

Proceedings thereon.

The amount of Extra Dent allowances drawn by each Officer for the number of days noted in the Margin is sanctioned by the Board.

Mr. 52-53 Lane Collector for 170 days.
" J. N. Elward Aff. Sub Collr. for 148 days
" A. Hall Additional Do. Do. for 9 days
" C. W. Reade Aff. Do. Do. for 207 days
" G. S. Forbes Aff. Asst. Sub Collr. for 66 days
" W. Robinson Aff. Sub Collr. for 68 days.
" L. C. Innes Aff. Sub Collr. for 28 days.

Whenever an Officer may have occasion to remain at any station for a longer period than one month it is requested that explanation may be furnished in the Statement of Extra Dent allowance shewing the necessity for his protracted residence at such station.

Ordered also that a copy of the foregoing Proceedings be furnished to the Civil Auditor.

Read the following Statement.

Order Sheet

54-55

2426

Fort St George 17th February 1848.

Read the following letter

To J. B. Thoupell Esqre
Acting Secretary
Board of Revenue

56

From the Superintt of Stamps
56

Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 24th Instant, and in compliance with the request therein contained beg to forward two Statements, one particularizing the several Districts in which there has been an Increase or Decrease in the Stamp Revenue from the Sale of Europe and Country Paper, and the other from the Sale of Cadjans—

Nos 182

I beg also to forward a Comparative Statement particularizing the different Heads under which there has been an Increase or Decrease in the Stamp Revenue during the past Year by from which it will be observed that of the Gross increase of Company's Rupees 37,814—10—1 the Net Increase of Company's Rupees 37,420—3— is attributable to a larger Sale of Europe and Country Paper and Cadjans—

No 3.

2

With reference to Para 2 of the Extract from the Proceedings of the Board under acknowledgment, I have to state that the Value of the Paper and Cadjans damaged whilst under transmission Amounting to Company's Rupees 280—6 is not included in the aggregate Value of damaged Papers &c Amounting to Company's Rupees 84,108—6—1 and in consequence I request that the Board will be good enough to obtain the sanction of Government also, for my canceying the value of these Papers and Cadjans as usual to profit and loss and for permission to destroy the same—

Read again also 2 letters from the Superintendent of Stamps dated 17th December 1847 and one from the Sub Treasurer dated 5th October 1847 and entered respectively in Consultation 24th Ultimo—

Ordered that the foregoing letter be submitted with the following address—

56-58

To The Chief Secretary to Government

Sir,

I am directed by the Board of Revenue to request that you will lay before the Most Noble the Governor in Council the accompanying letter from the Superintendent of Stamps, enclosing Statements shewing the amount of Revenue realized from the sale of Stamped Papers and badjans in fusly 1256

It will be seen from the foregoing letter that the gross revenue amounts to Rupees 279970–6–9 deducting therefrom the Charges and refunds, amounting to Rupees 44230–9–5 the net revenue is Rupees 235739–13–4 or Rupees 37420–3–— above that of the preceding fusly 1255 which is ascribed to an increased sale of Judicial papers—

The Board beg to recommend that credit may be given to the Superintendent for 20 Rolls of the value of Rupees
