B/R
Vol. 2125

4128. Fort St George, 20th March 1848.

Read the following letters.

To D White Esqre
Acting Secretary to the
Board of Revenue
Fort St George

34

From the Collr of Cuddapah — Para. Sir;

Forwarding the accompanying Statements relative to the Settlement of the Land Revenue in the Cuddapah District for Fusly 1256 / 1846-47 together with the Subo Collector's Report. —

I have the honor to forward the accompanying Statements relative to the Settlement of the Land Revenue in the Cuddapah District for Fusly 1256 / 1846-47.

1. Detailed Summabundy Statement for Fusly 1256 / 1846-47.
2. General revenue Statement Taloo kwar.
3. Register shewing the extent &ca of land held under lowle.
4. Ditto exhibiting the particulars of land held under progressive lowle.
5. Comparative Statement of the land held under lowle during the Fuslies 1255 / 1845-46 & 1256 / 1846-47.
6. Statement exhibiting the Survey extent &ca of the Enam lands.
7. Jamma and Kistbundy Statement.
8. Statement of the demand Collection and Balance.
9. A Statement of outstanding balances.
   B. Statement shewing the particulars of the outstanding balances from Fusly 1254 / 1844-5 to 1255 / 1845-46.
10. Comparative Statement of all sources of revenue.

Statement

Fort St George. 20th March 1848.

11. Statement of remissions granted for failure of Wet-Crops -

12- Abstract Comparative Statement between the charges of Sudies $\frac{1255}{1845-46}$ and $\frac{1256}{1846-47}$.

13. A. Statement of the Extent and average assessment of each description of land Cultivated and left waste -

B. Detailed Statement of the average assessment of each description of land for which remissions were allowed -

14- Statement of average prices of grain

15- Statement of the particulars of Tenures

2- I personally superintended the Settlement of the following nine Talooks Cummumbundgoo. Doovoor, Calcauntlah, Chennoor, Canalpoor, Polumdalah, Gourmuncondah, Muddenpully and Poychooty -

3- The Settlement of the three Talooks forming the Sub Division Viz. Cunnibum, Doopaud and Budwail was conducted by Mr. Murray the Sub Collector, and the remaining two Talooks in the Principal Division Viz Chitwail and Sidhout were settled by the Acting Head Assistant Collector Mr. Ratliff -

Fort St George. 20th March 1848.

4- The season upon the whole has been a favorable one, the fall of rain having been considerably greater than in the preceding Fusly - Rain having fallen somewhat plentifully throughout the District during the Months of June and July, the Tanks in some parts received full supplies, while in other parts of the District, the fall of rain was partial, producing different results in regard to the abundance or otherwise of the supply which varied from 1/4 to 3/4 of a full one -

5- The rains subsequently experienced in September, October and November, replenished most of the Tanks throughout the District, while the rest received additional small supplies - The variable rains that fell in December chiefly benefited the Talooks of Chitwail, Sidhout, Goorrumcondah and Poonganoor, the Tanks on which received further partial supplies -

6- Owing to the favorable nature of the season as above described, the Ryots were enabled in the commencement -

Fort St George. 20th March 1848.

Commencement of the Fasly to cultivate their black, red, and mixed lands with Jonnaloo, Sujjaloo, Corralos, Arecaloo, &c. and subsequently their black lands with Cuttia Jonna and Cotton Crops, and the remaining descriptions of land with Horsegram, Pasaloo, or green grain, Oil=seeds plants, Cundooloo &c. while wet lands dependent on Tanks were cultivated with one Crop generally, and with two Crops in some parts throughout the District, and the result has been an increase of Revenue in every Taluk.

7. The Jonna Crops cultivated chiefly on dry land yielded a full harvest in almost all places, while in some parts this description of produce as well as the Cultivation of Cotton, Wheat, Bengal gram, was affected by the nature of the season, the abundance of rain proving injurious to early Crops in full bearing, while they were also attacked with blight, some materially. The harvest result of these Crops varied from 1/4 to 3/4 of a full one.

8. The Crops of rear Corn consisting of

Fort St George. 20th March 1848.

of Sajja, Arecca, Corralos, and of the different kinds of Pulse, Viz.t. Oil=seeds plants, Cundoolos, Pasalos cultivated in the commencement of the season injured and mixed soils, failed to some extent owing to a deficiency of rain in the months of August, but the fall of it in September proved a seasonable relief to the Cultivators, whose lands were in consequence suffering from want of moisture. The latter description of produce, Pulse Viz.t. Horsegram &c. subsequently cultivated in some localities suffered also, not only from want of seasonable rain in November but from blight. The produce of these Crops however appears to have been generally a full average one, and the yield in localities where they partially failed varied from 1/4 to 3/4 of a full harvest.

9. Wet crops both "Cartechum" and "Visakum" under Tanks yielded generally a full harvest. In some localities these Crops perished partially, the causes of their failure being

deficiency

Fort St George, 20th March 1848-

deficiency of water and blight- These losses were confined principally to Doopaud and four other Talooks- This description of produce has averaged also from 1/4 to 3/4 of a full crop-

10- Lands cultivated by means of Irrigation from Nullahs and Wells with Paghy Jonna and Indigo, yielded fully in some localities and in others from 1/4 to 3/4 of a full harvest, these Crops having been also in the same manner slightly affected by the nature of the season-

11- The fall of rain in the Season under review may be characterized as plentiful, and the general result shews that the out-turn on all Crops has been a full harvest in most parts of the District and has varied from 1/4 to 3/4 of

Fort St George, 20th March 1848

of a full one in the remaining portion of land Cultivated-

12- The season has been a remarkably healthy one, cases of Cholera and these few, having only occurred in the Talooks of Chittoor, Goorrumcondah and Pulchooty- Fever, Ague and Small Pox, were as usual prevalent at different periods of the year, and the Number of Casualties occasioned altogether by the above diseases is computed at 4,800- The loss of life caused by the late Insurrection is Estimated at 200-

13- The Mortality among Cattle and Sheep was likewise very inconsiderable in comparison with the preceding Fusly-

14- The following Statement exhibits the average prices of the principal kinds of grain during the last 10 years as also of Cotton and Indigo-

Fort St. George, 20th March 1848.

15. Notwithstanding the season under review having been a favorable one there is no long a depression of the prices of grain as complained of in Fuslies 1251- 1252- 1253 & 1254- the prices in which (1841-42. 1842-43. 1843-44. 1844-45.) years all below any other during the last 10 years as shewn in the above Statement. There has been a rise in the price of Horse gram, Wheat, Dhall and Bengal gram. The and the slight decrease in the prices of all other articles as compared with the preceding Fusly (in which they rose considerably) and in comparison with those of previous Fuslies, appears satisfactory enough, all things considered, as regards the just remuneration of the agriculturalists Labor and Capital. The increase in the prices of the articles above mentioned is attributed to these products having been limited and deficient for the last two years. The Comparative decrease in the prices of the remaining articles has been caused by abundant supplies, (the result of a favorable season) exceeding the demand for the Consumption of the District, and by the absence from similar Causes, of demand in the neighbouring District.

16. The above causes would however have exhibited a greater fall in the prices during the Fusly under review, had the preceding Fusly not been a very unfavorable one. The prices quoted are the average during the Fusly upto 11th July 1847 and do not allude to those existing at that date the end of Fusly. The high prices of the preceding Fusly were kept up from its close until after the setting in of the Monsoon when several months of the Fusly under review had expired, and it was not until the Nature of the season could be pretty well conjectured, that prices fell materially.

17. The prices of articles during the preceding Fusly rose at one time considerably higher than the average entered in the Statement, but at the Commencement

Fort St. George 20th March 1848.

commencement of that Fusly in July 1846 there was a depression in the price of all articles owing to Fusly 1254 (1844-45.) and also to the one preceding it having been favorable years. Low prices having been included in the average Statement for the preceding Fusly and high prices in that for the Fusly under review, a Comparatively small decrease is exhibited in the prices of articles during these Fuslies- the one being a year bordering on a scarcity the other being a favorable Season.

18. The following Statement shews the extent and descriptions of land which the Ryots had taken up at the Commencement of the Season and also the Assessment, from which it will be observed that in Comparison with the preceding Fusly, there has been an increase in every description of land agreed for.

Vide Statement No 1

20th March 1848.

20 As above exhibited there has been an increase in the extent of all lands Cultivated, assessment of which increased Cultivation amounted to Rupees 3,38,851 6 3. The result is so satisfactory there being an increase under every Item that it is unnecessary to enter into detailed remarks or to state further than that the season having been a favorable one a greater Extent of lands of all descriptions have been brought under cultivation. Wet lands classified as one Crop lands having been cultivated to a greater extent with two Crops have been liable to the additional assessment under the Head of Fusuljasty, while Seerwajasty has been levied on a greater portion of Dry lands Converted into wet and Garden by means of Irrigation from Tanks, Channels, and wells.

21. The annexed Statement exhibits Remissions granted in the Fusly under review Compared with the preceding.

								Net Decrease			155,818	6	"

Fusly

Fort St. George 20th March 1848.

22 The total amount of decrease in remissions granted under the heads of Caboolaty Bunjer and loss of Crops is Rupees 2,42,113-13- which has been reduced to a Net decrease of Rs 155,818-6-0 by the increase of Rupees 86295-7-0 in the Amount so granted under the several Heads.

23. The decrease in the remission under the head of Caboolaty Bunjer is attributable to for which this remission was granted during the preceding Fusly having been cultivated in the past Fusly in Consequence of supplies having been more plentiful that under the head of loss of Crops is owing to a greater portion of the Crops of which had perished in the preceding year, having yielded their full produce in the Fusly under review.

24 The increase under the Heads of "Establ & usual remissions," "Teerwacummi" &c arises from Lands on which these remissions were liable to be granted, as also from Lands liable to additional Assessment under Sir -vajasty and Sursuljasty, on which remissions are also granted having been cultivated during the past Fusly to a great extent owing to the supplies of Tanks &c being more abundant

25. On Comparing the Amount of remissions granted for Caboolaty Bunjer between Fuslies 1254/1844-45 and 1256/1846-47 there results a Net decrease

4143 Fort St. George 20th March 1848.

Loss of Crops

Fusly 1256 – 17914-12-2 decrease of Fusly 1255/1845-46

Fusly 1255 – 16482-11-5 increase of Fusly 1254/1844-45

1432-0-9

of Rupees 68421-1-8 and on a similar Comparison as regards loss of Crops a net decrease of Rupees 1432-0-9-

26 The subjoined State-ment exhibits the gross Assessment, the different Remissions and the Net Beriz for Fusly 1256/1846-47 in Com-parison with Fusly 1255/1845-46

Fusly

Fort St. George 20th March 1848

27 The amount brought to account for wastes lands paying Sasc is Rupees 55,831-10-6 exceeding that under the same head for the preceding Fasly by Rupees 1286-9-10 whilst a Comparison between the amounts so collected between Faslies 1254-1846-45 and 1256-1846-47 shews a decrease under this Item of Rupees 5605-5-1. The circumstances under which Ryots have been held responsible for Lands they have left uncultivated were such as brought them fairly under the rules in force-

Fasly 1254- 61436-15-7
" 1256- 55831-10-6
5605-5-1

28 The net Beriz amounted to Rupees 2,19249-6-2 exceeding that of the preceding Fasly by Rupees 29220-14-5 after deducting from the Gross assessment the remissions and Extra Items of charges-

29 The following Talookwar Statement exhibits the different Items of increase in each Talook Compared with the preceding Fasly and the Centage of the same-

Bellary	7 9	1158755 12 5	119051 4 8	

30 It will be perceived that has been a remarkable increase in the Talooks of Pudduckotta Goorrumcondah Chittoor and Bellary respectively the Ceritage of which is as high. The Comparison of the Net Beriz in each of the Talooks between Fasly 1255 1845-46 (the former being an unfavorable season) exhibits an increase as indicated in the Margin. The greatest Comparative increase occurred in the Talooks of Pudduckotta and Goorrumcondah in which Sugar is cultivated to a considerable extent, the advancement of which valuable production my attention has been directed, the result as above shewn must be considered satisfactory as the Cultivation of the Cane has fully increased (if not exceeded) in a proportionate ratio with the other descriptions of products in the Talooks

Average of ten years	19,72,351	2	2

Talooks and as the Ryots have derived great benefit from the great demand there was for Sugar for exportation, which has since somewhat declined.

31 The Net Beriz of the year Compared with the average of the ten preceding yields an increase of Rupees 220146-4-"

32 In no year since Fasly 1231 1821-22 when all Lands participated in the usual Remissions then granted and since continued, has the amount of Revenue been so great as it was in the past Fasly, the same being in excess of the Beriz of the most favorable year on record viz Fasly 1232 1822-23 during the last 25 years as will be perceived by the subjoined abstract Statement which although it shews a net decrease of Rupees 6197-6-6 this amount if deducted from the decrease in that realized on account of Poonganoor Peishcush Viz Rupees

33 I would fain indulge
in the thought that the favou
able and satisfactory result
above described is in some
measure to be attributed

Fort St. George 20th March 1848.

village curnams having tendered more
correct accounts of the cultivation, and
to an improvement likewise of matters
in respect to connivance with them on
the part of the Superviseing Officers:
my impression is, from all observations
I have been able to make, that
such is the case, but on this point
the Board will be able to form a
better judgment on a comparison of the
Revenue of the District with that of
others where the results of the season
have been proportionately equal.

34. I need hardly observe that
the Outbreak, which lasted for about
4 Months, disturbing the peaceable occu-
=tions of the cultivators of the Northern
Talooks bordering on the seat of In-
=surrection, has tended somewhat to
check a further increase of revenue.

35. Annexed is a Statement
of the different Items of Increase and
Decrease in the past compared with
the preceding Fusly.

Net Increase 2,93222 10 5

Fort St. George 20th March 1848.

40. There has been a considerable increase under the head of land Revenue. With respect to the increase and decrease in the other Items the Report on the Extra Sources of Revenue for the Fusly forwarded separately from this Office will afford the necessary explanation.

41. The Demand Collection and balance of Revenue of the District of Cuddapah for Fusly $\frac{1256}{1846/47}$ are as follows.

Demand	21,92,497. 6. 2
Balance at the close of Dec.	86840- 1- 1
Collections upto 25th November 47	83753- 9- 8
Remaining balance ...	3086- 7- 5

42. Of the above outstanding on balance only two fifths is considered recoverable, the remainder being doubtful for reasons hereunder explained.

43. At the time of the settlement of the Chennoor Talook for the Fusly under review there was water in the great Tank of Pauta Cuddapah, sufficient to cultivate a portion of the land

Fort St. George 20th March 1848.

land under it with Vyrsankum crops but as the Cauvetchum crops were then fully reaped, the sum of Rupees 2,457 was estimated and entered in the Jamabandy accounts as being the amount likely to be realized from the Vyrsankum crops under the above Tank, which anticipation proved to be in excess of the result by Rupees 500. The amount of irrecoverable balance consists of sums due by Ryots whose lands were actually left waste, but which were entered in the Jamabandy accounts by oversight as lands Cultivated, and of those due by others who are reduced in circumstances and also of sums due on account of persons employed, deceased, and emigrated. An enquiry will be held into the particulars of the several Items of arrears due during the time of the Revenue Settlement for the Current Fasly and such sums only which are ascertained to be desperate shall be commuted to be struck out of the accounts

4160

To

The Secretary Board of Revenue

Fort St. George 20th March 1848.

Sir,

I have the honor to forward herewith a Statement exhibiting the Balances of the Land Revenue in this District from Fasly 1255 to 1257 inclusive.

Fort St. George 20th March 1848.

46. Of the balance outstanding for Fasly $\frac{1254}{1844/45}$ up to the date of this report Sicca Rupees 621-1-9. the recovery of Rupees 93-3-8 is considered doubtful and the remaining sum of Rupees 527-14-1 is irrecoverable. Of this latter amount Rupees 364-6-7 is due by the Ryots of the Village of Ramareddy fully in the Poolevandala Talook and the remainder by Ryots of a few other Villages. A separate report which has this day been forwarded will afford the Board information in regard to the difficulty that has always been experienced in Collecting the balance due by Ryots of the above village in which the Veesabady renage System has been introduced. For the reasons therein assigned and for other causes applicable to a few Ryots in other villages the amount entered in Column 12 of the above Statement for Fasly $\frac{1254}{1844/45}$ is considered irrecoverable.

46. With respect to the balance outstanding

Fort St. George 20th March 1848.

outstanding up to the date of this report for Fasly $\frac{1255}{1845/46}$ Sicca Rupees 3564-9-9. the recovery of Rupees 1340-1-8 is considered doubtful, and the remainder Rupees 2,224-8-1, is entered as irrecoverable, of which the amount of 422-5-6 (the Collections from Ryots) was plundered from the Talook Treasury of Coilcoontlah by the Rebels during the late Outbreak. The remainder of the Sum entered as desperate Sicca Rupees 1,802-2-7- is composed of the amount of Remissions withheld from Ryots in Fasly $\frac{1255}{1845/46}$ for the alleged failure of Crops, the same not having been represented by them at the time, but who are now reduced in Circumstances, and of other Items due on account of persons deceased and emigrated and of a few Items remitted for lands having been left waste which were entered in the Summabundy accounts as

as having been cultivated for

Fasly 1255/1845-46. The total sum of

Rupees 2752 . 6 . 2 both for

Fasslies 1254/1844-45 and 1255/1845-46 being

considered desperate I solici

permission to strike the same

of the accounts

47. The accompanying Statement

ment No. 9 B will exhibit the pa

ticulars of the recoverable and irre

coverable balances.

48. The following Statement shews

different Items of Circar Collection

which had been plundered by Rebels

the occasion of the late Disturbances

the Treasury of Coilcondla Taluk on the 10th July 184

Amo

Amount of Collections of Land Revenue as entered in Para 46 of this report		4225 6
Do. Do. under the head of Extra Sources of Revenue as entered in report already submitted to the Board of Revenue in the 1st November 1847.		
Amount of Abkarry deposite for Fasly 1256 = 1846/47.	200 . .	
Ditto of Motursha Collections for Do.	12 1 8	
Amount Collected under the Item of Orchards	16 . .	
Ditto Ditto of Stamps	. 4 .	228 8 8

Fort St. George 20th March 1848

51. There has been a decrease in the cultivation of both these descriptions of produce during the Fusly under review in comparison with the preceding. The decrease in that of the former being Acres 1859-31-10p the Assessment on which is Rupees 35815-12-6, while in the Cultivation of the latter there is an increase in the Assessment of Rupees 1574-2-3, the extent of Cultivation falling short by 218-36-10p Acres.

52 The increase in the Assessment on lands cultivated with Cotton for Fusly 1256 (1846-47) notwithstanding a decrease in the Extent of Acres cultivated is owing to some portions of lands highly assessed having been cultivated with this description of produce.

53. The proportion the Cultivation of Indigo bears for Fusly 1256 (1846-47) to the whole Cultivation of the District is Rupees 1-10 per Cent the Centage on a similar comparison of the Cotton Cultivation is 4-5-". The high prices in all Kinds of Grain that existed at the commencement of the Fusly under review, owing to the unfavorable circumstances of the preceding Season, induced Ryots to cultivate to some extent Grain in preference to the above products. Which accounts for the decrease above exhibited.

In

Fort St. George 20th. March 1848

54 In Para 10 Extract from the Proceedings of the Board of Revenue on the report on the Settlement of land Revenue of this District for Fusly 1258 / 1848/49 the Board have required explanation as to whether Ryots cultivating Indigo draw from their lands two Crops, the Indigo being the 2d. Crop, and under what description of Irrigation these Crops are raised, I beg to supply the required information -

55 Indigo is cultivated both on Wet and dry Lands - The Crops are not sown twice, but are frequently cut twice when sown as a Second Crop, in Wet land the same having been previously cultivated during the Cartee Kum Season with Grain as the 1st. Crop, and generally thrice when the lands have not been so cultivated with a first Crop but with Indigo -

56 Ryots generally cultivate their Wet lands with Grain for the Cartee Kum or 1st. Crop and with Indigo for the Vysakum or 2d. Crop - Indigo Crops cultivated early in the Season in January or February after the 1st. Crop of

Fort St. George 20th. March 1848 -

of Paddy has been reaped, are frequently cut twice within the expiration of the Fusly but if cultivated later in March and April it seldom happens that more than one cutting is obtained.

57 Lands sown with Indigo during the Cartee Kum as the 1st. Crop are rarely ever Cultivated with any other description of produce for the 2d. Crop, but three Crops are raised on the land so originally sown during the Cartee Kum, that is the Produce is cut thrice -

58 Dry lands when cultivated with Indigo are generally sown during the Cartee Kum Season -

59 Lands dependent on Tanks and Channels are sometimes cultivated with Indigo as Cartee Kum Crops, provided always there is a sufficiency of water for the 1st. Paddy Crop - Indigo is however most generally cultivated as the 2d. Crop during the Vysa Kum Season

60 The great depression which has existed the last year in the Home Cotton Trade arising from the high price of the raw material consequent on the diminution of the Cotton cultivation of America

Caused

Forth St. George 20th. March 1848

caused by the late change of the Corn
Sugar Laws, renders it a matter of g
importance that the improvement and
extension of the Cotton culture of the
Country should be effected by all po
the means and that every encouragement
be afforded towards increased Exports.

61. The great decline in the imp
of this essential staple from India ha
hitherto been owing to our inability to
compete with America where there
no pressure of the land Tax - but th
deficient production of that Country
which is likely to continue, having s
-dered the supply inadequate for the
Home Market as to cause an impro
-ing Oisis in the Cotton Trade cannot
but prove beneficial to the Indian Ma

62 The black Cotton Lands in th
Northern Talooks are generally high
assessed, and a vast extent of the rich
Soil in the District has never in con
-sequence come under Cultivation since
the time the District was held under Bri
27 years ago when the rates of Assess
-ment were made. While some lands of this
description have within the last few years

Forth St. George 20th. March 1848

Talooks &c.	Number of Acres	Average Assessment
1 Dewanhully	5000	10000
2 Gummulapoor	2000	4000
3 Cotteroy	1500	3000
4 Comalapoor	1000	2000
5 Cotteroy Talook	10000	20000

been thrown up -

63. In the five Talooks of this Dis-
-trict in which Cotton is Cultivated it is com-
-puted that no less than 10,000 Acres the total
average assessment of which is Rupees 20000
(as marginally particularized) has remain-
-ed fallow in consequence of the assessment
on the lands being too high -

64. The granting of waste land on
the terms of Sir Thomas Munro's Cowles
has been discontinued as the parties have
invariably thrown up the lands at the
expiration of their Leases after exhaust-
-ing the same as much as possible without
improving in any way its productive -
powers, which is a sufficiently clear proof
that the lands are only highly assessed, for
otherwise Cultivators would be led to
continue their holdings at the expiration
of their Leases according to the Pymash
rate of assessment after having improved
the same during the period they were
held on Cowle Tenure -

65. The point therefore
which appears most deserving
of consideration is whether under
the present demand for Cotton,
and one so likely to last the
renewal -

received of the Cotton Trade from its pre-
sent state of decline, ought not to be pre-
-viously effected by a reduction being caused
in the Cost of the production of the staple Nos
66. According to the Accounts already
submitted shewing the average Assess-
-ment of Land compared with the price of
the staple it yields, it would appear that
the rent of the Land is equal to about
Rupees per Cent of the value of the pro-
raised on it. The price of the article
barely pays its expenses, sufficient to
-ning the Amount of rent and cost of pro-
-duction particularly when it is con-
-sidered also how much improvement
of internal communications is wanted.
67. Prices have no doubt
-since risen consequent on the great
demand for the raw material and it
will doubtless afford a stimulus
to the Culture of Cotton, but great
benefits would result from a mo-
-derate reduction in the Assessment
of such Lands capable of yield-
-ing this essential staple, which
have been left waste for years

for

for no other reason than because they
are over Assessed. And it seems very de-
-sirable that some measure of the Sort
should be adopted in all Cotton grow-
-ing Districts, to afford by increased
Exports, a check to competition from
foreign Countries, whence England
received her supplies before the Im-
portations from America had increased
to what they have lately done. which
Countries would otherwise augment the
Cultivation of an Article of Commerce
now of such importance.
68. Some portions of waste lands
above alluded to might be let out on
Cowle on the terms in force, with the
stipulation that they may be held on
lease, at the expiration of the period
for which the Cowle was granted, for
a specified No. of years, on a specified
reduction of the Assessment. Govern-
-ment having the option of renewing
the Leases as they lapsed and ex-
-pired or otherwise as they might think
proper. Other portions might be let out at
once on lease on the reduced Assessment with-
-out being previously granted on Cowle

On

Fort St. George 20th. March 1848.

On such to be granted on Cowle the pe
would vary according to circumstances th
the number of years it has remained wa
the particular nature of the Soil &c.
but as regards any reduction in their ass
=ment which it may be necessary to make,
would be advisable that the same shoul
uniform in proportion to the rate entered
the Pymash accounts - In all Cases the n
=ecessary precaution would of course be
taken to guard against Lands hither to
Cultivate being thrown up.

6g- Should the adoption of any
=sure as above noticed be considered adv
=ble I shall be prepared to enter more fu
into details on the subject. A further
extension of the Cultivation of Cotton might
be promoted by a still moderate reduction
of the assessment of all dry lands
hitherto Cultivated, which are mad
to yield this staple article - This
point appears also deserving of
=sideration - Any deficiency in the
Amount of Land Tax as regard that
Lands would be amply made up
by an increase in the Export
duties, and an insufficiency in the
supply of Grain for the consumption

Such

Fort St. George 20th. March 1848.

such Districts in which Cotton is grown, if
Caused by the measure, would afford a
stimulus to increased Cultivation of
that produce in all Districts, and —
circumstances in any Case would —
adopt themselves to the demands de
=pendant on the state of the market
and the Season -

7o. The increased Exports by
the introduction throughout the Presidency
of some measures as above mentioned, —
would admit of these duties being some
what reduced towards affording an ad=
=ditional encouragement to the increased
Culture of Indian Cotton - The Govern=
=ment by enabling the Cultivators, in
addition to the Cost of production being
reduced, to realize a greater profit on
the sale of their produce would parti=
=cipate proportionately in the benefit to
they would thus derive - And there
would be every reason to conclude that
Cotton, the growth of India, would be able
to stand a competition with any foreign —
Market, the Export Trade of this Country —
would be considerably increased, even if the
price of the staple was materially reduced
again by increased exports from America -

The

Fort St. George 20th. March 1848.

71. The revision of the Export Duties and the improvement of internal communications are points important as they are of a general nature, unnecessary to dwell on. As regards this District it is only necessary to observe with reference to the latter that the portion of the value of the goods which is consumed by the Cost of Transit, from the place of production, to the Port of Shipment for Export is in all proportion excessive according to distance an evil which ought to be remedied by the construction of good Roads.

72 The following Statement exhibits the extent and assessment of land Cultivated with Sugar Cane in the past and preceding Fusslies.

There

Fort St. George 20th March 1848

73 There has been an increase in the Cultivation of Sugar Cane in the last year compared with the preceding. Firstly but the Sugar certificates granted from this Presidency shew that the demands for Exportation have not been so great.

74 The late ministerial measures in England for the regulation of the sugar duties in favor of Slave grown produce had already began to be felt and even for the diminished demands by the feeling of uncertainty they occasioned to the trade and the prospective total abolition of all protective encouragement gradually diminishing until 1851, may for a time effect a material change in the future prospects of the Ryots as regards the benefits they derive from the growing demand hitherto made for the manufactured article for exportation.

75 The extension of these improved resources of the Country by the increased Cultivation of Sugar is a subject of no ordinary importance and interest at the present time, the exports of Sugar from Madras having increased yearly so very considerably.

Fort St. George 20th March 1848.

District is susceptible of great improvements not only as regards the cultivation of the Cane, but the process of manufacturing the Article. And when European skill has been brought into play in the Sugar growing Districts of the Presidency, and the improvements in the process of manufacture been effected by the substitution of implements of work of a less primitive kind, it will remain to be seen whether the admission of Cuba & Brazil Sugars will cause any considerable fall in the price of Indian Sugar.

76. From the increased Exports of late I entertain every expectation that Madras under the improvements capable of being effected, will supply her full share for the consumption of England without protective duties. In the mean time my attention shall be increasingly directed towards the advancement of the Cultivation of this valuable production. I may add that the Mauritius cane has again been introduced into the District, the last supply of Seed cane of the kind, not having arrived in a fit state for planting. And every pains shall be taken

to

Fort St. George 20th. March 1848.

to keep up and increase its Cultivation.

77- This cane is acknowledged to yield more saccurine matter, but not possessing the hardness of structure of the common Country Cane, it is more liable to injury from various causes. It appears to be the chief grounds for the Ryots having abandoned it when formerly introduced. Which added to their habitual reluctance to any novelty and takings and experiments have combined to render former attempts of Keeping up its Cultivation unsuccessful.

The indigenous cane is less productive than the Mauritius but Sugar manufactured from it is in general particularly good. There can be no question that a portion of land Cultivated with the mauritius cane will yield to the Ryot a far greater profit after deducting the Costs of production, than the same extent of land if cultivated with the common Cane and I hope the Ryots will be satisfied on this point and learn what their interests really are, from the result of experiments now being made.

J.G.B.

Fort St. George 20th. March 1848.

79- The Report of the Sub-Collector I have the honor herewith to forward. I have no remarks to offer thereon.

80- In conclusion I beg to acknowledge the assistance I have derived from the Sub Collector. Mr. Murray, and my assistants. Messrs. Ratliff and Smith, and to state that the Head Sheristadar. Appoo Row continues to afford me every satisfaction, by his general conduct and by the zeal and industry with which he applies himself to his duties.

I have &c.

Cuddapah Collector's Office 25th. November 1847.

(Signed) I. H. Cochrane
Collector

P. F. T. /Signed/ J. H. Cochrane.
Collector

4308. Fort St. George 20th March 1848.

To
J. H. Cochrane Esqre
Collector of
Cuddapah.

Sir, I have the honor to forward herewith the Annual report for Fusly 1256 of the land revenue in the Talooks attached to the Sub Division.

The Settlement was made agreeably to the rules hitherto in force.

The number of Villages and hamlets included in the Sub Division are the same as last year.

Of the 17 Monjahs that were formerly excluded from the Bereeze of Doopaud Talook the lands of one named Codecooravah has this fusly been brought under Cultivation by Payacary Ryots and is now included in the Bareeze of that Talook.

The Village of Aroovapilly included amongst the Kamjodie Shrotrems in the Budwail Talook has become deserted and the lands waste in consequence of the Shrotremdar being unable to pay the Jodie, he has given in his Rajeenamah and the Village must be removed from the Number of Iyacut Shrotrems and included in that of

Fort St. George 20th. March 1848.

of Circar Villages.

From the month of May in the p
ing fusly a sufficient supply of rain fell
which induced the Ryots to commence the
usual cultivation and continued at inter
during the succeeding months which enabl
the Ryots to sow and reap a first and se
crop. The large tanks of Cumbum, Budwa
and Poroomamillah together with a consid
able number of smaller tanks received a
sufficient supply of water which enabled
Ryots to cultivate to crops; this rain
was however not general throughout th
whole Talook of the Sub Division, as one
in the Doopaud Talook received a scanty supp
so that the large tank of Budweed and the
the neighbouring Villages received scarcely
sufficient for the first crop.

Statement shewing the
number of Tanks in the Sub Divisio
and the quantity of water they
received in Fusly 1255/56.

Fort St. George 20th. March 1848.

	Cumbum		Doopaud		Budwail

1 Full	38	32	42	39	2	120
2 Above 3/4	4	11	5	6	2	5
3 Above 1/2	5	8	8	16	15	3
4 Above 1/4	9	7	9	9	36	10
5 Within 1/4	9	7	12	7	58	3
Total	65	65	76	77	113	141
Received no water whatever	22	23	18	24	28	"

The above Statement will show
there is an increase of 8 Tanks, of these, three
are new tanks and
the remaining four owing to an oversight
have not been entered in any of the former
accounts forwarded Vizt. 1 in Cumbum and
3 in Doopaud Talook.

The Tary lands under the
tanks were extensively cultivated both with
Vuttyvary and Booradapattoo but owing
to a peculiar blight called Tegooloo
some kinds of Paddy were partially
injured though the others yielded an
abundant crop.

The cultivation of Cooshky
lands &ca. commenced at the usual time
and

Fort St. George 20th March 1848.

and were extensively sown for the first Crops Viz.t Jonnah and Sajah Wn.a which appear to have promised an abundant return until the stalk came into ear, when from the want of a seasonable shower of rain between the 20th of August to the end of September a very indifferent Crop was produced. The Pyree Crops Cotton, casterseed, Gram, Chennah, wheat and Dhall which had been sown, suffered severely from the heavy rains which fell at unusual and unseasonable times between the months of October and December. The season has been most favorable for the Cultivation of Indigo.

Upon taking an average of the whole crops of Tary Bagayet and Cooshkey Wn.a for the Fusly it may be estimated 7/8 of a full Crop and may on the whole be considered as a good Season when compared with those preceding.

The following Statements will exhibit the prices of grain and Indigo as compared with the preceding five years.

Comparative Statement showing the prices of grain Indigo and Cotton in the Sub Division for fushes 1255 to 1256

Fusly

4313

Fort St. George 20th March 1848.

The price of wheat and Cheima-
ree has been unusually high which is ac-
counted for by the scarcity of Crop pro-
duced and a considerable demand. Ca-
Ragooloo and Sajahloo have also main-
tained a high price, partly on account
of there not being an overabundant
supply and partly on account of the
demand for rice. Indigo has been at
considerable demand for exportation. Paddy
of both first and second sorts has re-
maintained a good price though slightly
cheaper than last year and this, though
Paddy was in this fusly abundant while
in the former fusly it was scrarce, is to be
attributed the great demand in Cumbum
and other places by the Palnad
Merchants for exportation to Hyder-
bad by which the cultivating Ryots
have obtained good prices for their
produce and been enabled to meet
the Circar demands against them.

The increase of Puttahs and Ploughs
may be attributed to the fall of early rains
which induced the Ryots to cultivate a
larger portion of land than the last year.—

Comparative

Fort St. George 20th March 1848.

Comparative Statement shewing the Cabooliety in the Sub Division for Fusley 1255/56.

Fort St. George 20th March 1848.

There is an increase of Acres 3320. and Rupees 2173-10-4 under the heads of Sivajasty and Fusul jasty Vizt on account of the considerable extension of Cultivation induced by the favorable appearance of the Season.

At the time of Kelavary care was taken that the first class lands should not be thrown up by the Ryots and lands of an inferior class cultivated in their stead, a portion of the Cooshky land in this State: ment was cultivated as Sivajasty and is conse: quently included in the Peeramumbum.

The following Statement will shew fully and distinctly the quantities and descrip: tions of each kind of land Agreed for in each Taluk as compared with the last year.

There is a decrease in the Amount of Tirvajasty in the Talook of Doopaud which may be attributed to several of the tanks receiving an insufficient supply of water, the Poonaca and other lands under them could not be cultivated for Tirvajasty as they were the preceding Fusly — altho' there is a decrease of Rupees 17-4-10. under this head yet there is an increase under all the others.—

Statement

4324 Fort St. George 20th March 1868.

There is a small deficiency under the heads of Coosharty and Bagayet land in the Cumbum Taluk and of Tervajasty in that of Doo. paid the former is Accounted for by the Seasonable supply of water in the Cumbum Tank which overflowed the lands situated in the bed and formerly Cultivated as Coosharty and Bagayet and for the latter the scanty supply of water in a portion of the Doopaud Taluk which prevented the whole of the tary lands being brought under cultivation and did not permit of water being taken for Tervajasty.-

By the seasonable rain which filled the tanks in the Talooks of Cumbum Bodwail and part of Doopaud there is an in. crease of Rupees 44788-8-3 this fusly above the prior.-

Nett				8578 7 10

From the above Statement it is shewn that there
an increase of Rupees 2238-6-3. in the Remission
under the head of Punjy Boodily and a decrease of Rs.
19108-7-6. in Bunjer Moozrah on account of a larger
=tion of land being brought under cultivation. The in
=crease of Paravaboodily is to be attributed to the
seasonable supply of water in the tanks which kept
the lands situated in their beds after the lands were
sown and the Cabooleaty lands were prevented from being
sown by the prevalence of the water. There is a decrease
under the head of Bandoo remission Rupees 47 69-15-
as only a small sum was granted. Rupees 59-4-4 there
is an increase under the head of Tirvacunny on account
of lands coming under this description being brought
under cultivation to a greater exctent than that of
the last fusly.-

In the Villages of Sundanavanum and
Yanoomuntorepaud in the Doopaud Talook old
Bagayet lands which had been left Bunjer for se
=veral years have this year been brought under cul
=tivation and have been given on Necab Bagayet
Cowle for two years to pay the full Cist in the
third year which accounts for the increase in the Cowle
remission.-

The cause of the decrease under the head of Seyr
is owing to such lands having been entered for

the tanks and entered under Shantage and for Nevab
royalty on account of the lands of this de:
=scription under the tanks of Geragondapro:
=lem and Gollavedepee in Doopaud Ta
=look not being cultivated
there being a deficiency of water.-

Under the other heads of remission the in:
=crease is to be attributed to the greater exctent of lands
brought under Cultivation.-

Fort St. George 20th March 1818.

There is a decrease in the Tan: =nakyjasty amounting to Rupees 388-3-8-—. yet under the other heads there is an increase of Rupees 3897-4-—. On Comparing the Bere: =reeze of Fusly 1256 with those of the 23 —: =prenious years Commencing 1233 there is an —: increase above all those fusles In fusly 1251 the Bereez was considerably higher than the preniens years and the four succeeding; comparing fusly 1251 with 1256 there is an increase in the latter above the former amounting to Rupees 1846-5-2.

Comparative

Fort St. George 20th March 1848.

In the Talooks of Cumbum and Budwail there is an increase in fyer & Mosjrah but the per Centage is smaller than that of the last year on account of the greater quantity of lands sown. In Doopaud Talook there is an increase in the Tookum rajee and a decrease in fyer Mosjrah which is attributed to wealthy ryots having agreed to cultivate a larger portion of kabooleaty, kooshky lands of which only a small portion was left waste while poorer ryots have left waste a portion of fairy and kooshky lands, there being insufficient water for the cultivation of the former which is the cause of the deficiency of Rupees 285-11-9 in the whole Division.-

Statement shewing the Berezy of the Sub Division for fuslies 1255/56.-

		Berezy of fusly 1255.	Berezy of fusly 1256.	Increase	Decrease	Centage.
1	Cumbum	130338 10 7	130574 11 11	1236 1 4	- - -	8 1 -
2	Doopaud	98495 13 6	101897 13 -	2901 15 6	- - -	2 15 2
3	Budwail	91430 12 11	115875 12 5	24444 5 6	- - -	26 11 9
	Total	320265 5 -	367818 5 4	38583 - 4	- - -	- - -

The above Statement shows an increase in the per Centage of this fusly above the former.-

4333 Fort St. George 20th March 1818.

From this Statement it appears there was a balance of Rupees 15568-4-9 due from the Cumbum Talook up to the end of the fasly of which the sum of Rupees 15198-7-4 is the amount of Peishcush due by Venkatagary Jaghiendar, deducting this sum from the whole amount due by this Talook there remains a small balance of Rupees 369-9-8 since collected. The heavy balance against the Budwail Talook Rupees 11987-14-0 is to be Accounted for partly to the lateness of the Settlement which did not terminate until the end of the fasly, and partly to the negligence of the then Superintending Officer, this sum with the exception of Rupees 73-1-6- has been Collected by another Officer, of the small balance outstanding there is a sum of Rupees 40-11-5 due by a ryot at present confined in the Civil Jail, the Collection of which is doubtful - deducting this from the outstanding balance against the Talook there remains due Rupees 32-6-1. Against the Doasund Talook there is a balance of Rupees 2490-14-5. the whole has since been collected with the exception of Rupees 148-11-7- of this sum Rupees 14-14-3. a demand for Sirvajasty which was found to be incorrect and a sum of Rupees 15-5-3. the Amount of Polemara lands entered in the Accounts of two Villages must be deducted which will leave a balance of Rupees 118-8-1. of this sum Rupees 30-9- is a sum Charged as Sirvajasty on new wells but objected to by the ryots has not yet been settled. —

Statement

Fort St. George 20th March 1818.

4335 Fort St. George 20th March 1868.

The causes for the increase and decrease in the Coorta Sources will be explained in the Esctra report.

There is a small decrease in the Berezee under the head Banjah bowle whilst under the others there is an increase.

The pasturage for both Cattle and sheep throughout the season has been most abundant and with the exception of a few scattered Villages belonging to Cumbum and Dooprand the Cattle have been healthy. Amongst the sheep and goats a disease prevailed which destroyed a great Number in some Villages, nearly the whole sheep and goats belonging to them died.

Small pox and Cholera prevailed throughout the sub Division to a considerable esctent but was not so virulent as in the former years. It would be highly

4342 Fort St. George 20th March 1828

Ordered that the following letter be sent in reply:-

(31-37)

To the Collr of Cuddapah

To The Collector of Cuddapah.

In Lr on 20th March 1828.

Para 1. I am directed by the Board of Rev. to acknowledge the receipt of Mr Murray's letter of 8th December last, forwarding a Statement of disbursements made by the Civil Auditor in the Peishcush of your District for Fuslies 1252 and 1253 and requesting the special sanction of Government for the several disbursements objected to.

2. In reply I am instructed to state that the information furnished by Mr Murray is insufficient to enable the Board to lay the matter before Government; they therefore request that you will submit two Statements in the annexed form. One containing particulars of the payments to Dagota Accounts of presumed lands or privileges.-

Vide Bd's Circular 8th Feby 1819.

3. The Government having decided that the Jabitah for Fusly 1228 should be the standard by which future fixed payments should be regulated, it is necessary that your Statement should exhibit the sanctioned Amount for Fusly 1228, and the sums actually paid in Fuslies 1252 and 1253 with full explanations of the causes of any difference in the comparison. In cases where personal allowances have been granted since Fusly 1228 under orders of the Board or Government, the dates of Sanction should be entered in the Column of remarks, and upon which the Grants have been continued by the local Authorities, explanation should be afforded as practicable of the circumstances under which such continuance was authorized.-

Revenue Board Office, Fort St. George, 20th March 1828.

4345 Fort St. George 20th March 1848.

Read the following letter.

To D. White Esqre
Acting Secretary to the
Board of Revenue
Fort St. George,

98

From the Agent to the Governor of Fort St. George at Kurnool ... Sir, I have the honor herewith to forward the Samabundy Accounts No. 1 to 6 of the Banaganepully Jaghеer for Fusly 1256 or the fourth year of its quinquennial Rent, the Settlement of which as regards Samany Villages was conducted by the late Acting Assistant Agent Lieutenant Russell

Reporting on the Settlement of the Banganepully Jaghеer for Fusly 1255 & the progress made in the adjustment of the debts of the Jaghеerdars and proposing the rents for

The Jaghеer comprises 72 Villages and hamlets in which there are neither Shrotriems nor Sarva Enams.

3. The subjoined Statement exhibits the headings under which the Settlement was made for Fusles 1255 and 1256.

Fusles.	Description. Number of rented Villages.	No. of Samany Villages.	Total.
Fusly 1255	51	13	64
Deduct the Village Salamalead transferred from Rent to Samany	1	"	1
Remaining	50	13	63
Add Samany Village transferred from Samany to Rent	1	"	1
Total Villages settled in Fusly 1256	51	13	64

There

26

4. There was no deficiency of rain in any of the Villages of the Saghire during Fusly 1255, indeed in some parts the fall was so superabundant just at the period when the Yellow Samary began to ripened, that this description of produce was some what diminished thereby. With that exception the crops throughout the Saghire were generally much improved by the rain that fell.

5. The small tanks of the District and the large tank at Jevalapooram called the "Kookalagundy Cheroovoy" received a full supply of water.

6. The extent of land cultivated with the early or Poonda crops of Yellow Samary, Suzza, Kreeka, Korra and others, exceeded that of Fusly 1255 owing to timely showers; the Yellow Samary being the only one which was at all deteriorated thereby.

7. The harvest realized for the latter crops which Samary, Cotton, Bengal Gram, Wheat &c. as well as the wet cultivation under Tanks and Wells was very favorable.

8. Annexed in a concise form is a Statement shewing comparative

the extent of cultivation in the Aumany Villages in Fusly 1255 and 1256.

Fusles.	Number of Villages.	Land Cultivated. Candies.	Toons.	Amount of Grain Kas.	Amount of Gootta or Tarum Pt. a P.
1255	13	254	8	4	27077 7 9
1256	13	240	11	7	24946 1 1
Increase	"	"	"	"	" " "
Decrease	"	13	16	13	2131 6 8

From the above it will be observed that there is an unimportant decrease, a nominal one in fact, created, although the number of Villages in the previous Fusly did exceed that in the latter one, by the transfer to rent in the Fusly under review of a slightly assessed Village which was under Aumany in Fusly 1255, whilst another Village, lightly assessed, and which was under rent in Fusly 1255, was brought into Aumany Management in Fusly 1256.

9. The Comparative Statement of the average sale prices of grain in Fusly 1255 and 1256 shows that generally there was a fall in the latter period; Wheat and Bengal Gram being the only two products which realized higher rates at all worthy of notice.

No. 4.

Per Garce.

Fusly	Wheat Rs. a. P	Bengal Gram Rs. a P
1255	216 - 11 - 9	224 - 2 - 7.
1256	268 - 11 - 8½	261 - " - "

The

11. The high prices obtained in Fusly 1255 resulted from the very limited extent of the harvest yields throughout the Jagheer in that year, which, as respects Banaganapully, might almost be termed a year of famine. In order that your Board may be fully informed of the great change compared with the last Fusly, when the price of Jowary, the staple grain of the Jaghcer, has undergone since the last few years, I subjoin a concise Statement shewing its variations.

Fusly	Per Garce. Rs a P
1248	
1249	185. 8. - a year of scarcity
1250	
1251	78 11 9
1252	63 - 9 - -
1253	61 - - -
1254	65 - 4 - -
1255	73 - 8 - -
1256	126 - 10 - 10 a year of famine
	98 - 12 - 1/2

12. The abundant harvest created by the favorable seasons of Fusly 1256, sufficiently explains the most recent decrease in the price of this kind of produce, as also that exhibited in regard to the other grains entered in Statement No. 4.

13. Your Board are aware that in Fusly 1253 the Ryots of

of the Jaghcer were, with a few exceptions, given in rent by the late Agent, on a five years lease, which terminates with the close of Fusly 1257. Subsequently certain of the rented Villages were transferred to Aumany Management and some originally under Aumany were given on lease for a period not exceeding the duration of the rents first entered into.

14. Two individuals who had rented five Villages being suspected of affording aid to the rebel Narsimha Reddy were placed in confinement. During the time they were under restraint their Villages were made over for management by the Tahsildar but after Puttahs had been distributed to the Cultivators, were restored to the Renters who had intermediately obtained their liberty.

15. Subjoined is a Statement shewing the several items of the Settlement made in Fusly 1256.

Items.	Number of Villages.	Calculated Rent	Deduct Puttahs & Dawarka	Net Settlement.
		Rs a P	Rs a P	Rs a P
Rented	51	69281 - -	- - -	69281 - -

17. The excellence of the crops generally in the Fusly under remark & the consequent abundant produce, added to the advantages derived from the previous Jowary being somewhat in excess of what it had been for the few years preceding Fusly 1255, rendered unnecessary any remissions other than those made annually and as a matter of routine.

Collections. 18. The aggregate demand for Fusly 1256 was Rupees 95842-3-6-1 which were realized within the Fusly or the 11th July 1847.

	Rupees		
On account of rented Villages	67492	13	7
—— Do —— Sumany Baris	24251	7	5
	91744	5	1
Collections made by the end of September 1847	181	6	10
	91925	11	11

The outstanding balances were thus,

	Rs	a	p
On account of rents	1633	7	5
—— Do —— Sumany	2283	"	5
	3916	7	10

Of this amount I anticipate no difficulty in the recovery of the portion due by parties to the Village rents, and in respect of what is outstanding against the Villages under sumany Management, I shall carefully

enquire whilst on circuit during the current year, whether the entire sum may not be realized or whether it will be necessary to consider a part as irrecoverable.

Comparative Collections in Faslies 1255 & 1256.

The following Statement 19. shews comparatively the increase and decrease of Collections in Faslies 1255 and 1256.

Items.	Collections of Fusly 1255 made within the end of Fusly.			Collections of Fusly 1256 made within the end of Fusly.			Increase			Decrease

The

23. The results obtained in the settlement of Moturpha, Abkarry and Sundry Farms have not equalled the outturn of the past year. The deficiency however, is not an important one, being on the aggregate only Rupees 1109. A reduction caused in respect of Moturpha by deaths and desertions, and in respect to Abkarry by the biddings for the present Fusly being below those of the preceding year by Rupees 1033 owing to the damp cast on competition by the losses sustained by renters in Fusly 1256.

†Rupees 77-4-..

24. Your Board are already aware that in communication with Government the levy of Sayer in this Jaghire has been prohibited, and that as compensation, Rupees 7,000 are annually paid to the Jaghiredars.

25. Subjoined are the particulars of the aggregate amount realized in the Jaghire during Fusly 1256 on account of current revenue

and arrears.-

1st August 1847 27-

On the 1st August last a notification was addressed to creditors falling under the latter description; requiring them to come forward make good their title and receive the money; and in default of their so doing within a period of six months, it has been intimated to them

Fort St. George 20th March 1848.

them that they will be held to have forfeited their right to be paid through the medium of Government Officers and that the sum in deposit will be returned to the Jagheerdars.

Debts of the Jagheerdars.

28. In respect of the progress made in adjusting the debts of Hufsain Alikhan, Nawab of Bunganpilly and those of the several inferior Jagheerdars and other members of the family whose embarrassments have frequently been under your Board's notice; I beg to report that of nine persons, including Hufsain Alikhan, whose debts at the commencement of Fusly 1255 were still partially unpaid, and those of four were fully liquidated at the close of that period, leaving five members of the family with a certain amount of debt for future discharge.

29. The sums respectively due by them will be seen by the subjoined Statement, which also exhibits the amount paid by each up to the 11th July last and the balance remaining for liquidation.

The

30.

The Board will perceive from the above that the amount of debt originally due by Nawab Hoosain Alikhan himself Viz.t Rupees 4,08,427-4-- has been discharged in full; that Amutoollah Begum is also free from debt and that of the claims formerly registered by Mr. Commissioner Blane those brought against the late Futtah Alikhan, Syed Mahomed khan and Goolam Mahomed khan are the only ones now remaining undischarged.

31.

There still, however, remains to be paid by Hussain Alikhan, a sum of Rupees 4,511-2-3, the balance of Interest due on Rupees 20,001---- an Amount of new debt which with the knowledge and consent of the late Agent, the Nawab contracted on the 15th. November 1843 with a Sowcar at Hyderabad, in order to the celebration of the Marriage of his daughter with his adopted son and Nephew, the second and Youngest of the late Futteh Alli khan for the expenses incident on which event, it is obvious that the Nawabs reduced income was wholly insufficient.

32.

His Begum, under similar circumstances and for a similar purpose borrowed from the same source a sum of Rupees 6,000. of which Rupees 4,000 have been repaid; the balance in conformity with the conditions entered into at the time of the loan, will be discharged from the revenues of the Begum's own Villages in Fusly 1257 and 1258. by instalments of Rupees 1,000---- each Fusly.

33.

When with the late Agents sanction, the loan of Rupees 20,001 was made to the Nawab, he on his own part, agreed to liquidate it by instalments amounting to 50 per Cent of the allowance granted to himself for his private income from the revenues of his own Villages which, as the Board are aware, has been 1/4th. of the sums realized from them, the other 3/4th having been credited to the amount of his former liabilities--

34.

The regular and faithful performance of the engagement has left unliquidated at the present date, the small sum above mentioned--

Rs. 4,511-2-3

35.

Of the still unpaid balances of the sums originally due by the only three inferior Jagheerdars whose encumbrances have not as yet been entirely removed, that payable by Soud Ali Khan, Eldest Son and heir of the late Futtah Ali Khan, is the only one which appears to me now to call for particular notices--

Soud Ali Khan	138260-3-8
Said Mahomed Khan	8325-14-9
Goolam Mahomed Khan	6318-6-11

36.

The aggregate amount of debts admitted against the late Futtah Ali Khan was not less than Rupees 2,62,311-15-6, of which there yet remains to be discharged so large an amount as Rupees 1,38,260-3-8 which at the rate of payment hitherto observed

well

will remain unliquidated for a further
period of fourteen years.

37. But in conformity with the
promise first made to Mr. Blane and more
recently renewed to Mr. Scott the Nawab
is now prepared to appropriate from the unen-
=cumbered resources of his own Villages, such an
amount of annual contribution as added to
Asud Ali Khan's own payments will have
the effect of clearing in a period of three years
all those claims brought against the late Futteh
Ali Khan from which the Creditors voluntar
=rily made a reduction of one half the Origi
=nally alleged debt.

38 The sum to which the Nawab thus
restricts the application of his generosity
is Rupees 72,600-9-11 whilst that from which
a reduction has not been made to entitle
the Creditors to receive the Nawabs aid
and which must accordingly be discharged
from Asud Ali Khan unassisted resources
will, in round numbers, be Rupees 81,000.

39 The proportion of the annual proceeds re
=ceived from Asud Ali Khan's Villages which has been
available for the discharge of the latter amounts
on an average, Rupees 3,066 — that applicable to

to this reduction of the former sum, has averaged
Rupees 8,271-10-3 Total Rupees 11,337-10-3.

40. If the Nawab's liberality were
not in any way applied to the reduction of
Asud Ali Khan's liabilities, your Board
will observe that their complete adjustment would
still occupy a period of 14 years as before stated.

41. In Mr. Blane's communication of
the 20th October 1840 the date noted marginally, reference
is made to the Nawab's promise under
remark, which is there treated as a pro-
=mise to extend to Futtah Ali Khan's the
aid of a specific portion, Viz. 3/4 ths of his
revenues.

42. Not finding on the Bonds
affected by the Nawabs engagement,
any mention of the precise amount —
which the holders of them shall be entitled to
receive from the Nawab subsequent
to the full discharge of his own debts,
I placed myself in communication with
Mr. Blane, from whom I gather the opin
=ion that the omission may have been inten
=tional with a view of leaving some de
=gree of latitude when the time arrived
to call on the Nawab to devote a portion

of

Fort St. George 20th. March 1848.

of his resources to the discharges of his brothers liabilities.

43. Whether or not, I am clearly of opinion, that the Nawab has a right to claim the benefit of the doubt and that such course would be as fair as it would be legal.

44. Although desirous of being called on to pay a less sum than 9/12ths, the Nawab never the less reluctantly prepared to be liberal to that extent and if pressed by the Government, will even now devote that portion of his revenues to the purpose in question, an arrangement which would have the effect if clearing Asud Ali Khan of the debt affected by the Nawab's promise in a period of two years, the average of the annual payments made to the Nawab's own Creditors being Rupees 34,035-9-

45. I submit that under the circumstances of the engagement, it will be harsh and impolitic to require so large a sacrifice of revenue and am of opinion, as no breach of faith with the bond holders will thereby be involved that it will be sufficient to intimate to the Nawab that the Government expect that Rupees 72,600-9 of the claims still outstanding against

Fort St. George 20th. March 1848.

Asud Ali Khan will be discharged in three years to which end they deem it expedient that being divided into three equal sums of Rupees 24,200-3-4 the Nawab shall Guarantee on his own and Asud Ali Khan's behalf, that the yearly payment shall not fall short of the sum thus fixed. The Balance Rupees 65,659-10-8 will remain liable to liquidation according to the agreement originally made with Futtah Ali Khan

Syed Mahomed Khan

46. From Fusly 1245 to Fusly 1256, a Sum of Rupees 15,911-4-4 has been paid in discharge of Syed Mahomed Khan's debts at an average annual contribution from the revenues of his Villages of Rupees 1,326-4-4 at which rate the Balance now due will be cleared in 7 years.

Ghoolam Mahomed Khan

47. On account of Ghoolam Mahomed Khan's debts Rupees 15,702-5-1 have been paid by average annual instalments of Rupees 1,308-8-6 the continuance of which for an additional period of 6 years will clear this Jaghеerdar of all his known incumbrances.

Proceedings 7th Dec. 1848 Para 9.

48. Referring to the Board's instructions that the Bamagampilly Jagheer shall remain under management by Government Officers until at least all the principal Creditor's debts shall have been liquidated at

"at nearly discharged" and adverting to the fact that Rupees 60,287—"have been now paid out of an original mass of debt amounting to more than 7/2 Lacs leaving for payment at the present time only Rupees 1,52,905—", I have the honor to submit for your consideration whether the restoration of the Jaghire to the Nawab's own control should not be ordered, in conformity with a wish to that effect which he expressed to the late Agent Mr. S. Scott in the Month of May last and which had not been finally disposed of when I assumed charge of the Agency.

49. Should your Board be of opinion that the time has arrived when without injustice to the Creditors the transfer may be made, I submit that in receiving back the Jaghire the Nawab shall be required to stipulate that he will be responsible for the future punctual transmission to the Government Treasury in Kurnool of the sum still due by Asad Ali Khan to the seventeen Creditors whose names are entered in Statement No 6 in order to the payment of their respective debts to themselves

themselves or representatives by the European Officers of the Agency according to the agreement originally entered into with Mr. Commissioner Blane—

50 That he shall as above proposed be likewise responsible for the annual remittance for 3 years of Rupees 24,200—3—" payable to those of Asad Ali Khan's creditors who formerly consented to abate one half their claims against his father, the late Futtah Ali Khan.

51 That he shall also remit to the Kurnool Treasury the amount annually due to the Creditors of Syed Mahomed Khan such remittance to be in no instance less per Annum than Rupees 1326—"—"

52 That conformably with the conditions of the Bonds he will at the termination of the Current Fusly remit to Kurnool the amount due by himself as the Balance of instalment payable on the loan of Rupees 20001—"—" contracted with the late Agents consent and undertake to forward such sum as may be payable by the Begum in performance of her part of that engagement

That

53. That the remittances due under the above stipulation shall be made by four equal Kists in January, February, March, and April of this and each succeeding year.

54. That the conditions of the present Rent shall not be interfered with and that it shall in all respects hold good until the close of the current Fusly when as your Board are aware, it would under any circumstances terminate.

55. That the expences of the Revenue and Police establishment of the Jagheer as in existence up to the date of transfer shall be paid by the Nawab into the Treasury at Kurnool.

56. With the exception of the case of Syed Goolam Mahomed Khan for whom the Nawab has declared his unwillingness to become security, I submit that the above provisions ensure ample protection for the interests of the Creditors to whom the faith of this Government has been pledged and adverting to the high character and principles of the Noblemen with whom their observance rests, I feel satisfied

satisfied that no breach of engagement need be anticipated.

57. As regards Syed Goolam Mahomed Khan whose reputation may be estimated by the refusal of the Nawab to be bound for the correct performance of his undertakings, it will simply be necessary should the Board approve the proposed restoration of the Jagheer, to retain at the close of the present lease, under the management of the Tahsildar of Sirnaveil Talook, such Villages as were in possession of this inferior Jagheerdar when the Jagheer was assumed or in communication with himself effect a fresh lease of them for such a period of years as may seem sufficient to yield revenue enough at the rate of payment hitherto observed for the complete liquidation of such of his debts as still remain undischarged.

Or in the event of the Board deeming it advisable, the Villages may be given over for management by the Jagheerdar himself on the production by him of Security.

55.

Fort St. George 20th. March 1848.

security of the respectability and sufficiency of which the Agent may be satisfied.

Despatch 12th Dec. 1842 No. 31.

59 The Honorable Court of Directors having resolved that when the time shall have come for the retransfer of the Jagheer, the Jagheerdar shall resume the powers of maintaining the Police and of administering Civil and Criminal Justice without interference on the part of the Established Courts of Government Officers, except in cases involving capital punishment it remains for me only to state that I shall be prepared on receiving your Board's orders, to carry those instructions into effect in communication with Nawab Hoossain Ali Khan.

60 In regard to the proposition which has been before your Board and in the propriety of which I fully concur, to adopt the Sunnud granted in 1841 to the Soondoor Jagheerdar as the model of that which should be issued to Hoossain Ali Khan on his reinvestment, I beg to state that in reference to the great inconveniences arising in the Kurnool District from the immense extent of land which is found

Fort St. George 20th. March 1848.

found to have been given away as Enam by the late Nawab and his predecessors, and referring to the fact that similar grants to have been made by the old Jagheerdars of Banaganpully, neither of whom, I believe, had authority to alienate lands for a longer period than his own life time, I submit that measures should now be taken to prevent the possibility of any such inconveniencies hereafter arising in Banaganpully.

61 For this purpose it appears to me that no better arrangement

Fort St. George 20th March 1848

To Board
13th April 1848
Para 23

arrangement can be devised than that suggested by the late Agent Mr. Bayley, and I therefore, beg to review that Gentleman's proposal to add to the terms of the fresh Sunnud by entering therein a prohibition against the future Grant of Enam by the Jagheerdar of Banaganpilly unless with the consent of Government previously solicited and obtained and that no such Grant be made without a written document in which it shall be distinctly specified that the Grant will hold good during such period only as the Jaghcer remains

J.G.P.

Fort St. George 20th March 1848

remains in the enjoyment of the present family.-

62 It may be proper to inform your Board that the Nawab has expressed a wish to be relieved from having any concern in the investigation of cases of Highway and Gang robbery; but I cannot support his request which renders the transfer to him of the right of exercising Criminal Jurisdiction a mere half measure.-

63 The Nawab has also expressed a hope that the Government will sanction the presentation to him of a "Khilut" or dress of honor on the occasion of the public restoration of the Jaghcer.-

64. In conclusion I beg to be favored with your Board's orders respecting the future payment or discontinuance of Compensation for Sayer.-

From the Agent to the Governor at Kurnool

Sir,

1. Adverting to my communication dated the 4th December last reporting on the settlement of the Banaganpilly Jagheer for Fusly 1256 and suggesting under circumstances explained that the Jagheer should now be given over to the Nawab; I trust I may be permitted to bring to the notice of the Board that if my proposition be not eventually sanctioned and it is considered desirable still to retain the Jagheer under management by Government officers, that the best period for concluding new arrangements for a further rent on the expiration of the 5 years rent which closes with the current Fusly will be over by the end of April next and therefore that it may perhaps be thought advisable to favor me with the Board's decision at an early date.—

2. I have assumed the probability of the future management of the Jagheer being

4383 Fort St. George 20th March 1848.—

being only by renting out its Villages, because experience has shown that their retention under Aumany is productive of extreme inconvenience and loss to the proprietors, and that I do not on this account deem it likely the Board will consider that the Aumany system should again be adopted.—

Fort St. George

41

From the Agent to the Governor at Kurnool

Sir,

The reasons with which it is at present unnecessary to trouble the Board, I deem it imperatively requisite to relieve the Hindoo Town Auneen from the charge of the matters of revenue as have hitherto been under his Management.—

2. For the discharge of the revenue duties devolving on him, I find that 10 Rupees a Month was added to the pay of the Town

ORIGINAL DESTROYED

Fort St. George 20th March 1848.—

Town Ameen by Mr. Commissioner Bayley with certain Saderward— and as a consequence if this be taken from the Ameen, there should be a corresponding decrease of salary— I am, however, in doubt whether of my own authority I am competent to make any alteration of pay provided the aggregate amount sanctioned by Government be not exceeded, and therefore beg you will favor me with the Boards' instruction on the point.—

3 If it be necessary to make application for the Boards' permission, I shall solicit it with a detail of my reasons for desiring a modification of the Ameen's salary.—

15th Novr 1847
20th January 1848.—

I am directed by the Board of Revenue to forward for the orders of the Honorable the Governor in Council the accompanying letter from the Acting Collector of North Arcot reporting the decease of Ramapah Naidoo Pollegar of Congoondy in his District, and requesting instructions in respect to the arrangements to be made in consequence of that event.—

The Congoondy Polliem

2.

was held by the present family under the Mysore Dynasty— In the year 1792 though situated above the Ghants and commanding none of the passes its cession was required by the British Government in consideration of the attachment evinced by its then holder Vencatapatty Naidoo, father of the late Ramapah Naidoo, to the Company's interests— In Fusly 1205 or A. D. 1795-6 it was surveyed by Captain Graham, under orders from Colonel Read, and assessed with

been recorded by the Acting 2d Member to the Continuance of the Estate in the unreserved manner proposed.—

Fort St. George 20th March 1848

with a Peiscush of Pagodas 6,780-40-1 on a Rental 2,3,733-1-9. The estate was afterwards attached for arrears of revenue in Fusly 1226 (1816-7) and remained under management of the Government officers until August 1823. During this period of sequestration measures were taken by the then Collector Mr. Grane for the purpose of ascertaining the actual value of the property with a view to the imposition of a revised Peishcash, but on that officers report being laid before Government, they in a letter to the Board dated 7th September 1821 stated that in consideration of the circumstances under which the Polliem had been originally ceded, and of the fact that when the Peiscush was first fixed the Poligar was given to understand that it would not afterwards be raised, the Government had resolved that the Polliem should be restored without any change in the nature of the tenure, or amount of the Peishcash. Copy of this order seems to have been furnished to the Poligar, and on a subsequent occasion in the year 1830 on his son the last holder preferring an application for a remission in his Peiscush on account of the resumption of the Sayer in his estate the Government while they rejected his claim, directed, 21st October 1830, that "in order to secure to him the possession of his

In Cons 17th Sept 1821.

In Cons 23 Oct 1830.

Fort St. George 20th March 1848.—

"his Polliem on the terms on which he then "held it, the Board of Revenue be instructed "to prepare a deed of permanent settlement "for the estate fixing the Peiscush and bind-"ing the Poligar to the observance of the usual "conditions of such instruments." From some oversight no such document was however prepared, but the Poligar continued to pay the assessment as usual at the rate fixed by Colonel Read Pagodas 6,780-40-1 until his death now under report.—

3. The Acting Collector represents that the deceased has left two sons "the elder of "whom Sooba Razoo Naidoo is understood to be "about 20 years old and capable of undertaking "the management of the Polliem" adverting to the services formerly rendered by the family and the favorable intentions towards it which have been expressed by Government the Board beg to recommend that Sooboo Razoo Naid be permitted to enter upon possession of the estate, and that it be conferred upon him on Zemindary tenure under a Sunnud ie- Milkeut Istimrar at the same Peiscush as that which has been paid since 1795 or Pagodas 6,780-40-1-

4. Two questions remain to be brought to notice in connection with this estate.

Fort St. George 20th March 1848.—

estate 1st the Moturpha 2d the Enams of the Polliem.—

5.

The Moturpha was estimated by Mr. Grame in his report on the resources of Congoondy dated 31st March 1818 at Pagodas 351-34-54— There seems reason for supposing that it was included among the assets on which the Peishcush of the estate was originally fixed. it has always been collected by the Poligar on his own account, and the Board would not recommend that any change be made in this respect.—

Inclosure 28th May 1818.

From Pt. Coll.r 23d Inclosure 29th Octr. 1832 Para 4—

6.

The value of the Congoondy Enams as determined by Captain Graham in his survey, Pagodas 29,523-29-6. It should however be remarked that Captain Graham's survey was considered by his immediate superior Colonel Read to be 20 per Cent too high, and it has been regarded by all subsequent revenue authorities to have been excessive and so framed as to be worthy of little confidence— In Mr. Grome's estimate of the resources of the property the Enam villages and lands valued according to the maniool rates of Teervah and upon the Cultivation of Fusly $\frac{1225}{1815/16}$ were given at Star Pagodas 11,064-10-19 and it was stated that subsequently to Captain Graham's survey "88 Enam villages.

From Coll.r 31st March 1818— P. 13 Encl.

Fort St. George 20th March 1848.—

"villages valuing S. Pagodas 9,950-11-1 had been "resumed by the Poligar and thrown into the "Sircar revennes whilst 24 valuing 3,750-3-37. "according to survey statement had been "taken from the sircar revennes and granted "as Enam— subsequently on the Congoondy Enams being surveyed by Mr. Principal Collector Cooke in 1823. they were stated to consist of 179 vil= =lages and detached enam lands to the extent of Cawnies 4,295-12½ more, the assessment on the whole being calculated at Pagodas 19379-2¼ besides bunger enam lands, exc= =cluded from Captain Grahams survey Cawnies 12,045-1 in extent with a teervah of Star Pagodas 4,179-5½ Mr. Cooke at the same time represented that the enams assumed by the Poligar since the survey of Fusly 1205 amounted to Pagodas 11,383-0-65- and those newly granted by him to Pagodas 5,253-38-73- On this report being laid before Government, the Board were requested "to instruct the Principal Collector to register "all the remaining Enams and to apprize the "Zemindar that no alterations of them were "to take place without the previous sanc= "tion of Government, and that it might "after investigation be deemed proper to restore some of those which he had resumed— It does

From Govt. 19th Inclosure 22d March 1824—

From Pt. Coll.r 21st Inclosure 29th May 1823.

Fort St. George 20th March 1848.—

does not appear that this measure was carried out, and from the letter of the Acting Collector now under submission it would seem that further resumptions tho' not to a very considerable extent were made by the late Poligar from Fusly 1233, when the estate was released from sircar management and made over to him, to Fusly 1255.—

7. It does not appear to the Board that under all the circumstances any interference on the part of Government with the Poligar in respect to the Enam lands or villages of Congoondy is immediately called for. They would however recommend that the revenue authorities of the District be directed to proceed at once with the preparation of the Register of Enams ordered by Government in 1824, and that it be intimated to the young Zemindar that the Government reserve to themselves the right of interposing to check any abuse of authority on his part in the resumption of alienated lands, should such interference at any time become necessary.—

8. It may be proper to add that the Board have received a Petition herewith submitted from a party styling himself Veerapah nayaniwaroo eldest son of

Fort St. George 20th March 1848.—

of the late Inwajee Vencatapathy nayaniwaroo preferring a claim to the Congoondy Pollium. As however this estate has been in the possession of the present family for at least two generations — and as Vencatapathy Naidoo, father of Ramapah Naidoo lately deceased was the individual in whose favor the cession of the Pollium by Tippoo Sultan to the British Government was made, it does not seem to the Board that the pretensions advanced by the Petitioner are deserving of consideration.—

9. I am directed to add that the Acting second Member is not of opinion that the Congoondy Estate should be given up to the present claimant of the Estate in the unreserved manner proposed in this letter, and has recorded his adverse statements in a separate minute.—

Revenue Board Office,
Fort St. George,—
20th March 1848.—

(43-44)

Minute by the Actg. Second Member.—

Ordered also that the following Minute be recorded in consequence.—

If it be determined upon to continue to the Poligar the proprietary right of the Villages which now form the Pollium of

No. 222 of 1849.

Fort St. George 20th March 1848.-

of Congoondy it would be most advisable to restrict his enjoyment and authority 1st ly to the Iyen Villages, or those which pay full Kist- 2ndly to the Davastanam Villages if on further enquiry their alienation is found to rest on sufficient grounds- 3rdly to the Mokasah and Ombaligah Villages, which in the one case are stated to have been granted to the Poligars Relations, and in the other, it is understood, to his servants as subsistence- There are at present no means of knowing what the value of these Villages amounts to, or what proportion the Jodee bears to the gross Produce- Information regarding these heads as well as the circumstances under which, and periods at which the respective alienations took place should also be called for.-

All Shrotriem Villages, the

Fort St. George 20th March 1848.-

the incumbents of which pay a fixed Jodee, should be at once withdrawn from the Poligar, and payment made direct to the Collectors Cutcherry in like manner as in other shotrieem Villages in other parts of the District- The resumption of Enam lands by the Poligar heretofore seems to me to have been quite unauthorized, and exhibiting a gratuitous sacrifice of the public resources of the Country.-

There should be no interference with detached Manieems or Enam lands situated within the limits of the Iyen or other Villages, which it may hereafter be determined upon to leave in the hands of the Poligar and his relatives.-

The moturpha should be resumed at once, and suitable Com-pensation granted in lieu thereof.-

In-

Fort St. George 20th March 1848.

In truth a much more searching enquiry into the affairs of this Estate is necessary than has yet been made. This seems to have always been staved off from time to time ever since its Cession by the Sultan. The present is the proper time to effect this object, and that being done, a suitable sunnud or Deed of Settlement defining all the asets and Peishcush should be issued.

Whatever loss the Poligar may be supposed to sustain consequent upon resumptions or new arrangements should be made up to him by fixing such a Peishcush as will leave him in no worse a position in point of income than that in which his ancestors lived; provided always that it may be the pleasure of Government to allow the Poligar to retain possession of the Estate, otherwise a liberal money allowance should be given to the Family.

/Signed/ A. Maclean.
Actg. Second Member.

45

Sir,

From the Acting Collr. of North arcot — Report to more fully on Petition No. 969 of 1847 from Thopa Moodaly claiming the Monigarship of the Village of Velacolum and forwards Copy of Enaydnamah and Purgunah with their a translation.-

Para 1.

I have the honor to acknowledge the Board's order requiring me to report more fully on a petition of Thopa Moodaly claiming the Monigarship of the Village of Vellacollum with reference to my Endorsement thereon.-

This claim has been frequently before the Board. From the Correspondence noted in the Margin it will be seen that with the consent of the Petitioner a Punchayet was appointed in the year 1834 to dispose of the question. Certain papers were called for by them which were not produced and appear to have been mislaid and no decision was come to.-

From Board 30th Sept 1833 to Dr. 15th Nov Do
From Dr. 16th June 1834 to Dr. 21st Do Do
From Dr. 20th Feb 1834 to Dr. 20th May Do
From Dr. 21st Nov 1840 to Dr. 12th Decr Do
From Dr. 23rd June 1841 to Dr. 10th July Do

3. There are two families besides the petitioner who claim the Meerassy of the above Village of different Castes. His claim is founded on a Purwanah by the Nabob Sadutulla Khan acknowledging his grand father by adoption as Monigar and a Sunnud by the Nabob Walajah appointing him to the Office. These are among the missing documents but a translation of them in Tamil has been retained

Fort St. George 20th March 1848.

retained in the records of the Talook Cutcherry. From the Summud dated in 1792 it appears that the Merasidar holding Office at that time was a Braminn named Veerasawmy Iyengar who was removed to make room for the petitioner's ancestor. The other family is of the Naick Caste and their claim is founded on their ancestors having formerly held the Office. Under the renting System, on the first assumption of the Management of the Country by the British Government, there seems to have been some Confusion in the appointment of Monigars to the Village. In some years the Office seems to have been merged in that of the renters. But in others Monigars were selected from the two last mentioned families and the claim of both as Merasidars appears to have been fully admitted. there are now four Monigars to the Village, two selected from the Brahmins and two from the Naikes who were appointed in the year 1833.-

4 The Petitioners ancestor above mentioned is the only one of his family of whom there is any record as having filled the Office. In his last illness he retired with his family to another part of the Country and his adopted Son the petitioners

Fort St. George 20th March 1848.

petitioners father does not appear to have returned to reside in the Village unless for a short time before his death nor to have ever claimed the Office

5- I consider the grants above referred to as having conferred on the petitioner a right to be regarded as a Merasidar but no right whatever under the circumstances above stated to a preference in favor of himself over the Members of the other two families.-

6- The petitioner appeared at my Cutcherry Complaining of the nonproduction of the documents above alluded to and stated that if his right to be regarded as one of the Merasidars were admitted he would be Content without making any further effort to disturb the present arrangements of the Village and on the grounds above stated I so far admitted his claim. But he now demands to be appointed to the Office as sole Monigar. His appointment to the Office of Monigar would be in some degree opposed to the feelings of the Community from the low Section of the Soodras

Fort St. George 20th March 1848

Soodras Caste / Kickalawar / to which he belongs though I do not think it absolutely a bar to his being so employed - supposing him to be dulygua=lified in other respects and failing a compe=tent person from the other two families to succeed to any vacancy that might occur - But the petitioner's father forfeited his claim to the succession, as the former Monigar Veerasawmy Iyengar would appear to have done by absence from the Village and there seems to be no reason whatever why the present arrangements of the Village should be disturbed to make way for the petitioner.

so far back as May 1834 the Petitioner and his opponent bound themselves by a written engagement to decide the matter by a Punchayet - but that Thopa Moodely after long evading recourse in this mode of adjudication at last absolutely refused to acquiesce in it, and he was in consequence informed by Govern-

In Con. 30th Augt. 1841-

ment - 17th August 1841 that his case could only be settled by Punchayet - and that no notice would be taken of any further petitions on the subject.-

2. The original Punchayet as already stated was appointed in 1834. It is therefore scarcely probable that all of its members can still be in existence. If they are, or if the places of those who are dead can be filled up or a fresh Punchayet nominated with the consent of all the parties interested, the investigation by that body of Thopa Moodely's claim may still be proceeded with and he may receive any portion of the

Meerassee which may then be awarded him; If however such adjudication be now impracticable, the Acting Collector will be pleased to investigate Petitioner's claim to the Monigarship with or without the aid of assessors and dispose of it under the provisions of Regulation VI of 1831 leaving Thopa Moodelly to appeal to the Board if dissatisfied.-

3. It is observed that in his Petitioner to Government of the 12th May last Thopa Moodeliar refers to some "Instruments or Documents together with other papers and stamps forwarded to the Collector thro' the Board and Government and not returned." If this be true the Acting Collector will be pleased to make over these papers to the Petitioner.-

Ordered that the following Endorsement be passed on Petition No. 969 of 1847.- Petitioner is referred to the Acting Collector of North Arcot to whom instructions have been sent in his case.-

To T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.

47

From the Acting Collr. of N. Arcot

Sir, I have the honor to request that you will be so good as to furnish me with a copy of your letter dated 25th Febry. 1847 regarding

To T. B. Roupell Esqre
Secretary to the
Board of Revenue
Fort St George

Sir,

(51)

From the Collr of Tanjore — 1

Reporting on certain Petitions enclosed. — Nos. 2071, 2119, 2163, 2171, 980 of 1848.

I have the honor to return Petitions as noted in the Margin forwarded to me for report —

2 Petition No. 2071 commento on my report to the Board on the enquiry instituted into the charges made by the same party against the Tahsildar of Combaconum and rejected by the Board as per Extract from their Proceedings dated the 24th January 1848. Petitioner's assertion that he was beaten and tortured by the Collector to accuse Streenevasa- row of getting up the charges are false as are the other remarks regarding the selection of witnesses &c.

3 No. 2119 is also from another of the parties whose Petition has been rejected by the Board, he also accuses me of conniving at the Tahsildars guilt and being swayed by the advice of the Head Sheristadar and the Magistrate Javabnevisa. Neither of these parties had any concern in the examination of

3 &c

Fort St George 20th March 1848.

of the cases, and the fine imposed on Com=plainant was justly deserved as reported on by me on the 1st December last—

4. No. 263 is almost a perfect copy of the complaint preferred by Nagapadiachee formerly reported on, and tho' not signed by the same individual, there can be no doubt—that it has been written on his dictation—The Head Sheristadar and the Naib are herein accused of leading the Collector astray in the enquiry, this assertion is equally groundless as that made in the former Petition—

5. No. 2171 this Petition is from one of the parties whose complaint has been rejected on my report—The Collector in this Petition is also accused of all sorts of injustice and amongst other charges, with send=ing back the Tahsildar to his Taluk to take revenge—The Tahsildar after the close of the enquiry was nominated to Trivalore

6 No. 98 of 1848. this Petition is from the late Duffadar of Combaconum enclosing documents in support of his activity and good character—No particular charges made in the Petition which can be enquired into, the general tenor of it being in praise of himself and abuse of the Collector and Tahsildar

Fort St George 20th March 1848.

Tahsildar—This man was fined 20 Rupees and reduced by me on an enquiry into a charge of gross abuse of authority in a Police case and mistaken leniency on my part has left him at liberty to join issue with another malcontent, for had the full penalty, his offence deserved, been awarded, Petitioner would now probably have been in the Combaconum Jail.

7 The countenance of this agitation I have very little hesitation in attributing to the late Sheristadar of the Sub Division a disappointed man, anxious for the fall of those who had the courage to speak against him, when he himself fell, and the bounty of Government which he enjoys could be much more creditably employed than in getting up false charges and impeding public business—

Tanjore
Vellum
25th February 1848.
Order thereon—

(Signed) J. F Bishop
Collector

51-52

Ordered that the following Endorse=ment be passed on Petitions Nos. 2071—2149—2163—2171 of 1847 and 98 of 1848.—

"The Board of Revenue having received from the Collector a full report on the subject of these Petitions do not consider them deserving of further notice. All future complaints on the same subject will therefore be rejected."

53

Sir,

From the Actg Collr of Trichinopoly

With reference to your letter of the 27th ultimo I have the honor to inform you that I have been given to understand that the collector Mr Onslow considering the authority of the Board conveyed in the 3d Para of their Secretary's letter of the 18th January 1844 to increase the pay of the Head English Accountant under the restrictions circulated in the Board's letter Dated 20th May 1819, would be applicable also to the other servants employed in the English Department in consideration of the extent of the respective duties of the Deputy English Accountant and the head writer he took 10 Rupees from the salary of the latter and added that amount to the salary of the former Individual without increasing the total pay of the English Department. Under the foregoing explanation the money having been already paid to the Deputy Accountant I request that the Board will be pleased to obtain the sanction of Government for the alteration made by Mr Onslow in the English Department as requested in my

4411 Fort St George 20th March 1848

my letter of the 3d December last to enable me to forward the same to the Civil Auditor in answer to a retrenchment made by him from the accounts of this Collectorate for Fusly 1255.

Trichinopoly Collector's Office 19th February 1848

/ Signed / W. Elliot
Acting Collector

53-54

Proceedings thereon /

Resolved that the letter above recorded together with the papers on the subject be submitted for the orders of the Honorable the Governor in Council.

It will be perceived that on the 2d 3d December 1847 the Acting Collector forwarded to the Board an Extract from a Retrenchment in his Accounts made by the Civil Auditor for Rupees 100 - - being the difference of pay actually disbursed in Fusly 1255 to the Deputy Accountant in the English Department of the Collectors Establishment and the salary of that Office originally sanctioned by Government, and requested sanction for the amount might be obtained stating that the alteration had been made under authority from the Board dated the 18th January 1844.

3 The Board having found that in their letter above quoted they merely observed that they would not object to a proposition of the Collector (Mr Onslow) for increasing the

Submitting correspondence with the Actg Collector of Trichinopoly on the subject of an alteration in the salaries of certain servants of his Office establishment payments where of have been retrenched in his Accounts and under the explanation afforded & recommending that the Civil Auditor be authorized henceforth to admit the charge to have effect from the 1st September 1845.

From Trichy 23 Decr 1847
To Collr 27 Jany 1848

Fort St George 20th March 1848.

the pay of the Head English Accountant under the restrictions circulated to Collectors on the 20th May 1819 requested further information regarding the increase of Rupees 10 per mensem which had been allowed to the Deputy Accountant by a corresponding deduction from the salary of the Head Writer —

4 In reply Mr Elliot explains that Mr Onslow seems to have considered that the authority of the Board to increase the pay of the Head English Accountant under the restrictions adverted to would be applicable to other servants employed in that Department and that in consideration of the extent of the relative duties of Head Writer and Deputy Accountant the sum of Rupees 10 — — per Mensem had from the 1st September 1845 been taken from the pay of the former and granted to the latter —

He now solicits sanction for the alteration made by Mr Onslow as payment of Rupees 10 — — has already been made to the Deputy Accountant

5 Under these circumstances the Board beg to recommend that the Civil Auditor may be authorized henceforth to admit the charge for an increased rate of pay to the Deputy Accountant to be made good by a corresponding decrease in the salary of the Head Writer and to have effect from 1st September 1845

Fort St George

Sir,

55

From the Asst Collr of Trichinopoly —

* Hereunto returned

With reference to the Board's endorsement on Petition No 250 of 1848 Dated 14th Instant presented by Vythelinga Nattom I have the honor to state that he lays claim to the office of Curnom in the Torriore Talook on the score of its being hereditary in his family but in Fusly 1215, 12 years ago his father was dismissed by the then Tahsildar Govinda Row and that he was then under age consequently he did not prefer any Complaint up to this time but now requested to be appointed in his father's place. For what reason the Petitioner's father did not seek redress at that time, if his story be true, cannot be imagined but although no order appears on the record for his father's dismissal it appeared hard on this man's Statement to dismiss the present incumbent who had held the Office upwards of 12 years without fault. I therefore gave an Endorsement to the Petitioner to the effect that he will be provided for when a vacancy occurs in the Curnomships —

Reporting the result of Suit No 140 of 1844 and requesting Sanction for payment of the Costs

Sir

In reference to the Board's Proceedings of the 21st Conveying the Sanction of Government of the 19th April 1845 to defend Suit No 140 of 1844 instituted by Meerasah Rowten against the late Principal Collector and others in the Subordinate Court at Madura.—

I have the honor to submit Copy of the Courts Decree dated 14th October 1847, awarding to the Plaintiff the grounds Sued for and saddling the 1st Defendant with all Costs of Suit amounting to Rupees 58—10—

2. Having repeatedly considered the case with a view to appeal, I have at length reluctantly come to the conclusion that this Proceeding would not be attended with success, and Should the Board agree with me in this opinion I request Sanction for payment of the Plaintiffs charges Viz Rupees 37—6— and for charging in the accounts Rupees 21—4— already disbursed.—

examined

Decree

The first Defendant put forth a Proclamation inviting parties to select such spots of in certain localities within the Town of Madura as they might desire to occupy for building houses and upon having cleared and levelled the same it should be measured and given to them by Government grant; The Plaintiffs upon the faith of such invitation did clear and level and cause to be marked out certain spots of ground at a considerable Expence, and at several times, as the result they so did under the Salook Treasury will shew / indeed the 1st Defendants Valuation admits their being genuine / for the sum of 66 Rupies being the value of such grounds, and in expectation of a formal Grant being made to them, brought to the spot building materials to the value of 30 Rupies, but the 1st Defendant instead of procuring such Grant has taken and allotted to the Defendants from 5 to 8 a portion of the ground under dispute which Plaintiffs Value at 110 Rupees and which they pray may be made over

over and granted to them as of their own right, and that the value of their building materials may be recovered for them.

The 1st Defendant to a certain extent admits the Statement of Plaintiffs, but declares that no regular measurement or assignment of the land was made to the Plaintiffs and no Grant of ground issued, and therefore held himself Justified in disposing of the ground in Question as a Compensation to Defendants from 5 to 8 for certain portions of land which they had in like manner occupied and which he was compelled afterwards to take from them for Public purposes, and that he 1st Defendant tendered to Plaintiffs other ground in all respects equally eligible and valuable to Plaintiffs in lieu of that which he so resided to allow them to retain.

The Question at issue between the parties appears to the Sud Judge to be one of Law and right rather than of fact. Upon the facts both agree, except as to the regular measurements being made and possession only given to Plaintiffs. Upon this point the Court is of opinion from

Fort St. George 20th March 1848

from the evidence before it that it is fully and satisfactorily established in favor of Plaintiffs.- The Endorsement of the 1st Defendant Plaintiffs Documents, the evidence of the Witnesses who depose to the fact of the boundaries being regularly marked out from the circumstances of the building materials being brought to the Spot, from the offer of and admission of Plaintiffs right to an equivalent in other ground, and from the acceptance of these different instalments which were paid into the Talook treasury the Court is satisfied that the Plaintiffs right was at least as good as that of the other parties to compensate whom their ground was taken from them, such being the facts the only Question that remains is whether at that stage of the transaction the 1st Defendant as Principal Collector and Magistrate had a right arbitrarily to make such an arrangement as he describes in his answer and to which he wished the Plaintiffs to give their assent. The Sub Judge upon a careful perusal and attentive consideration of the circumstances of the case feels bound to decide in the negative

4420

Fort St. George 20th March 1848

negative and to Decree that in his Judgement the Plaintiffs have a right to a Grant of the land cleared and paid for by them, and that the said ground be therefore delivered to them. If the Plaintiffs have sustained any loss in building material it is clearly their own fault and the Court will allow nothing on that account - but orders 1st Defendant to pay all Costs of Suit 14th October 1847

J. Bycroft Esqr.

Secretary to the

Board of Revenue

Fort St. George

61

Sir

From the Bd. Collr. of Coimbatore

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 20th September 1847 and of the correspondence noted in the Margin relative to the Cultivation of wheat in this District

Forwards a Statement of the quantity of wheat produced in the Coimbatore District and submits the explanation called for by Government on the subject

Ltr. from the Secy. to the Govt. to the Collr. of Coimbr. dated 16th July 1847.

Extract Minutes of Consultation No. 949 dated the 24th August 1847

Copy of Register Memorandum on the Cultivation of wheat

I find that the quantity of wheat produced in this District is most limited and that it consists of two kinds, the 1st the produce of the Nelly herries, and the 2d that of the low country, Samples of which are submitted herewith, the quantity produced in the past Fusly is reported not to have exceeded 3 Garce and 392 Measls and is altogether insufficient for internal Consumption which would be seriously felt by the Community but for the imports from the neighbouring Districts. The produce of the Nelly herries is Consumed on the Hills and never finds its way into the low country

II

The wishes of the Honorable the Court of Directors and of Government regarding the Cultivation of this Species of grain on a more extended Scale

4

4423

Fort St. George 20th March 1848.-

Scale, and the advantages attending it have been made known to the inhabitants in this District generally but as the Agricultural views of the Ryots do not go beyond the Markets of their respective Divisions, I do not anticipate much if any increase in the Cultivation of this grain.-

IV

I beg leave to forward a State= =ment explanatory of the extent of land appro= =priated to wheat Cultivation and the quantity pro= =duced in 1256 (1846/47), and I have no hesitation in offer= =ing it as my opinion founded partly on the inferior Specimens herewith sent and on those of the people whom I have consulted on the subject that with every encourage= =ment this province can never be made a re= =growing one.-

V.

Under these circumstances it suggests itself to me that if Cholum could be rendered acceptable to the English Market, I think that Cargo ports could be made at the marginal Cost and when I remark that this grain forms the principal food of 2/3ds of the population of this District, nothing need be added in commenda= =tion of its nutritious quality or wholesomeness.-

Board of Revenue

Fort St. George.

63

Sir

From A. R. U. Lascelles Esqre
Collr & Magte
Coimbatore

I have the honor to enclose copies of correspondence between the Principal Collector of Coimbatore and myself relative to the cultivation of certain Land in the Coimbatore District and to request that you will have the goodness to do me the favor to lay them with the accompanying statement which I have rendered as concise as possible in order not to occupy the time of the Board before the Board of Revenue and at the same time to request that they will be so good as to allow me without any delay to recommence "Operations" on the Plantation, as the total and inevitable ruin of the Plantation and the loss of a considerable sum of money to me must be the consequences of the order I have received from the Principal Collector of Coimbatore.-

Will you also do me the favor to intimate to the Board that I am prepared to pay for the Land any rent that they may see fit to demand and that any delay in the rescinding of the order received by me from the Principal Collector must be attended with the abandonment of the Place. The following Statement

Submitting correspondence with the Pl. Coll.r of Coimbatore relative to certain land at the foot of the Coonoor Ghaut made over to him, on his signing and Durkastnamah in October 1847 for the purpose of cultivating Coffee Sugar & Cocoa-nuts and soliciting that the Coll.rs orders to him to suspend operations may be rescinded by the Board and enquiry made into the circumstances which led to these orders.-

4426 Fort St. George 20th March 1848.

Statement will I trust prove satisfactory.-

In the Month of September 1847 I forwarded an application to the Principal Collector of Coimbatore for a large Tract of Land at the foot of the Coonoor Ghaut for the purpose of the cultivation of Coffee, Sugar, and Cocoanuts and the Tahsildar, Cutwal, and other Officials as I was informed, were desired by the Collector to attend at the spot with a view of preparing a report on the Land and of putting me in profession of the same. On the 20th of October the Land was measured and made over to me and I signed an Official Durakistnamah presented to me for that purpose by the Tahsildar and a communication was made by me to the Collector to that effect from that time up to the present date I have been in undisturbed profession of the Land and have expended considerable sums of money in clearing the dense jungle erecting buildings and planting Cocoanuts, Sugarcane and Coffee.-

On the 4th February I forwarded a complaint to the Collector against the Tahsildar and Cutwal for having repeatedly prevented the attendance of the Coolies who were in the habit of working on the Estate and for having felled certain trees which has been carefully left standing

Fort St. George 20th March 1848.

standeng on the land which had been cleared for cultivation for the purpose of affording shelter and shade to the young Coffee plants. I had again the honor to address a letter to the Collector on the 14th February requesting that he would be so good as to grant me the land on the same terms as had been granted to Mr. James for a similar spot in 1840. his answer and my rejoinder I have the pleasure to enclose and must again request of the Board to interpose and protect me from considerable loss and the Plantation from ruin by directing the Collectors orders to me "to suspend Operations" to be rescinded, and to call on him at the same time for the papers connected with the subject that it may be ascertained if my conduct has deserved the treatment it has experienced from the Collector. It must be evident to the Board of Revenue that if the Collector for the alleged reasons of complaints from native Officials and of my not having acquired a legal right to the Land possesses the power of so seriously injuring me as to prevent the necessary attendance of workmen at the place and thus devote to ruin the young plantations of Cocoanuts, Sugar and Coffee, any further attempts on my part in the Coimbatore district during

Mr.

Fort St. George 20th March 1848.

Mr. Wroughtons Collectorate must be unavailing.-

Dotacamund - -
23d February 1848.

(Signed) A. R. W. Lascelles.-

P.S. Since writing the above I received the letter dated the 19th February from the Collector of Coimbatore which together with a copy of my answer I have the honor to forward for the information of the Board.- It is not necessary for me to trespass any further upon the attention of the Board than to remark that they will perceive that it is the false counter complaint preferred against me by the Officials of Danaikencottah that has misled the Collector and caused him erroneously to act in the manner he has done, thereby putting me to great inconvenience and loss.-

No. 1.-

Sir

I. In acknowledging the receipt of your letter of the 14th Instant, giving Cover to an Original Communication from the Sub Collector of Malabar to Mr. James dated the 27th January 1840, which is returned herewith, I beg to inform you that the terms of the Cowle proposed by you "as therein laid down" being contrary to the provisions of the Hoosroommamah of this District, I do not consider myself empowered to accede to, or to submit them for the consideration of the Board of Revenue.

II. your Offer made to the Tahsildar of Danaikencottah on the 20th October 1847 was to the effect

Fort St. George 20th March 1848.-

effect noted in the Margin, and previous to the admission of which, he was called upon on the 1st November 1847 to obtain an agreement from you to the effect that you would not cut down Teak, Blackwood, and other Trees fit for Government purposes, as well as those yielding produce, and included in the rent of the Contractor of the Nelliteray Jungle, and this agreement has not as yet been executed. Intermediately, you appear to have assumed the land without permission, and frequent Complaints have been preferred to me that you have resisted and prevented the Officials of Danaikencottah from providing Timber for certain Public Works of a most emergent character, without affording the Tahsildar an opportunity of personally communicating with you. Under these circumstances I request you will suspend all further operations in the Jungle until such a time as the misunderstanding now existing is satisfactorily removed, and that you will refrain from all interference in the removal of the Timber alluded to, affording me explanation on the Complaint above noticed.-

III.- It is painful to me to interrupt your operations, or in fact to exercise any authority that should inimicate against your interests.

Fort St. George 20th March 1848.-

interests.- but from the continued Complaints of the Tahsildar and from other Quarters, and on maintenance of the good order which existed until your people located themselves at the F. Kullar Bridge, it is peremptory on my part to exercise such interference until the matter is cleared up, and you have acquired a legal right to the possession of the land you have applied for.-

To A. R. W. Lascelles Esqr.

Sir,

I.- With reference to your letter of the 4th Instant, the Cutwal at Metapollium and the Tahsildar of Danaikencottah, having furnished the requisite explanations, I feel satisfied that you have no ground for Complaint.-

II. It is also communicated to me that you have prevented the felling of Timber required for Public Works and that you have cut Blackwood, converted the same into Planks, and sent them up to the hills.- Under these circumstances I am constrained to repeat the request contained in my letter of yesterday's date No. 75 1848.-

To

A. R. W. Lascellas Esqre

Sir,

In reply to your note of this days date, I beg to inform you that I have never prevented any person from cutting Timber for the Mettypollum Bridge or any other Government purposes except in one instance when they were about to cut a tree which would have fallen on the Coffee Nurseries. I have repeatedly remonstrated with the Tahsildar about cutting down the trees that have been expressly left for shade but as he has always paid no attention and in fact in some instances been excessively impertinent I have of late confined myself to representing the matter to you. I have dismissed all the men working on the place, agreeable to your instructions, and would recommend that it has a great expense a total abandonement of the place. The Tahsildar and Cutwal have shewn themselves so determined to hinder in every way the advancement of the Estate and they possess so much the power of doing so that the carrying on of the Estate will be attended with great expense and awaiting your instructions.-

Sir,

In reply to your letter of the 19th Instant I have to state for your information, that there has been no Blackwood cut by me at the Kullar Bridge since the day that I first commenced working there, and that your information is therefore incorrect.- Should it be necessary I can send you the deposition, on Oath, of the Superintendents of the plantation that what I have stated is the case. Should the explanation already furnished by me be considered satisfactory, I will feel obliged by your granting me permission to proceed with the work, as the Plantation is daily suffering from the effects of the order received by me to suspend operations.-

Ootacamand
28th February 1848.-

No. 5.-

To J. C. Wroughton Esqre
Principal Collector of
Coimbatore.-

Sir,

I have the honor to acknowledge the receipt of your letter of the 18th Instant in which

Fort St. George 20th March 1848.

which you inform me that the terms of the Cowle proposed by me being contrary to the provisions of the Hoofroommamah of the Coimbatore District, you do not consider yourself empowered to accede to or to submit them for the consideration of the Board of Revenue: the spot of ground alluded to in my Communication of the 14th Instant, being at present within the limits of the Coimbatore District, I extremely regret that what was granted to one individual should be refused to another.

In reply to the 2d Para of your letter under acknowledgement I beg to state that my offer to the Tahsildar of Danaikencottah of the 20th October 1847" was made under the supposition that the terms on which I then offered, (but which I have never been informed were acceded to), to take the land were the most favourable that could be obtained, and under total ignorance that Government would refuse to grant to one individual what had been so liberally "offered" to another. Regarding the latter part of the Para under notice I beg to inform you that no Teak, Blackwood, or other trees subservient to Government purposes have been cut on the land by me, but that had I been aware,

Fort St. George 20th March 1848.

aware that I would not be permitted to prepare the land for cultivation in the same way as is practised in all places where the cultivation of Coffee, Sugar and Cocoanuts is pursued and indeed as is practised on the Nailgherries I should never have commenced working on the Land, that the Tahsildar informed me that it was prohibited to cut Teak Blackwood and Jack trees Jack knowledge, but he at the same time informed that it was not for the purpose of there being at any time made use of by Government, but simply because a restriction existed to that effect in fresh lands. I was any agreement, though the Tahsildar in the presence of several persons informed me, that as I had duly signed the "Dara Kistnamah" or application for the land, I was at liberty to "assume" and cultivated the Land, and I intimated to you in the Month of November 1847 that I had done so.—

With reference to that part of your letter, stating "that frequent complaints have been made to you that I have resisted and prevented the Officials of Danaikencottah from providing Timber for certain Public Works of a most emergent character" I have to state for your information that you must have been grossly misinformed

Fort St. George 20th March 1848.-

misinformed, as upon no occasion, have I resisted and prevented Timber from being provided, when it was not provided in an improper manner, Viz.t by cutting it on land which was cleared for cultivation and whereon the trees were expressly left for shelter, on one such occasion I acknowledge to have prevented some Jack knowledge to have prevented some coolies from carrying away Timber without I received an intimation from your Office that it was your orders that the Timber was cut where it was, and in which case I intended to have communicated with you on the subject, regarding any other instances that may be adduced in support of the "Officials of Danaikencottah" Statement. I have the pleasure to enclose you a note from the Superintendant of the Plantations. In reply to the 3.d Para of your letter, I beg to inform you that all "operations" have stopped on the Estate, and that it is my intention to submit the matter to higher authority, for it must be evident that if you possess the power of putting a stop to the "operations" on the plantation upon any representation made by native authorities, the increase of Cultivation in a District in which every attempt to increase the civilization is met by vexations and frevolous interuption must cease, especially as you must be aware that I have a legal right to the land as to any that I now or ever did possess on the Neighbouring You Mast also have been cognizant of the fact that it was as easy to have given me what appears to you a legal right to the Land as to have stopped operations on the Estate and thus seriously injured my interests.-

(Signed) A. R. W. Lascelles

Ordered

Fort St. George 20th March 1848.-

Ordered that the following letter be sent in consequence.-

(63-64)

To the Pl. Collr. of Coimbatore.

To the Principal Collector of Coimbatore.-

Sir,

I am directed by the Board of Revenue to forward to you the accompanying letter with enclosures from Mr. A. R. W. Lascelles. and to request that you will favor them with an early report on the subject to which it relates.-

To report on the letter of Mr. Lascelles complaining that he has been obstructed in carrying on his Coffee &c. Plantations at the foot of the Coonoor Ghaut.

2. It would appear from Mr. Lascelles statement that he has taken certain land for the cultivation of Coffee, Sugar and Cocoanuts at the foot of the Coonoor Ghaut and that after he had made some progress in the clearing and preparation of the ground his operations are stopped by you on account of his having failed to execute a specified agreement and of his having prevented the Officials of Danaikencottah from providing Timber for some emergent publick works. It further seems that Mr. Lascelles has applied for a cowle of the land in question and that you have declined either to accede to his application or to submit it to this Office on the ground that the terms of the proposed cowle are contrary to the provisions of the Coimbatore District Rool Roominamah.-

3. In reporting upon this subject the Board request that you will explain what were the conditions of the Cowle applied for by Mr. Lascelles- and what those of the District Rool Roominamah, also whether

Considering

Fort St. George 20th March 1848.-

considering the nature of the country which it is proposed to reclaim, dense forest land at the foot of the Coonoor Pass, the terms of your Cowlenamah are sufficiently liberal.-

4. You will also be so good as to state whether it is probable that valuable Timber Teak and Blackwood is to be found to any extent on the land taken by Mr. Lascelles and whether such an agreement as that into which he has been required to enter be indispensably necessary. It appears to the Board that any restrictions upon or interference in respect to the felling of timber or land to be devoted to the raising of coffee and similar products ought as far as possible to be avoided.

5. The Board will hope to receive your reply to this letter at an early date. Meanwhile adverting to the loss which Mr. Lascelles will not improbably sustain if his undertaking be suspended until final orders can be passed upon the subject they request that you will allow him to resume operations, but on the distinct understanding that such permission is no way pledges the Board as to the terms on which he will be allowed to hold the land eventually or indeed as to whether he will be allowed to hold it at all.-

Fort St. George 20th March 1848.

Read the following letter-

To,

The Secretary
Board of Revenue-
Madras-

(65)

From Mr. G. F. Cockburn
Sharvaroy Hills

Appealing to the Board against a decision between the Collector of Salem and himself respecting a portion of the property of Sheffield Neave Esqre of London on these Hills, and requesting that the Collector be directed to stay the dispute in Court meanwhile not disturbing him in enjoyment of the property and offering to refund to Government the cost of any work executed on the property in Italy 23d also submitting certain Enclosures in support of the rights alleged by him to the property-

Sir,

I have the honor to forward certain correspondence with the Collector of Salem respecting a portion of the Property of Sheffield Neave Esqre of London on these Hills.

I have to state that I am the duly accredited Agent for Mr. Neave, and I appeal the subject in dispute between the Collector and myself to the Board of Revenue in the confident hope that they will uphold the just rights of Mr. Neave.-

The Board must be well aware that when these Hills first came into notice the Revenue authorities of the District considered that they had the power of granting away the waste lands on them although the Hereditary Puttadar of the Hills had always enjoyed that privilege and paid for his Puttadarship in the same way as the Menadars and Mouttahdars and when Government on a representation of the case felt compelled to give the Puttadar credit in his accounts for all rents collected by them that they formally withdrew from their mistaken position and it appears to have been while thus interfering in an unusual manner with the Hereditary rights and privileges

Fort St. George 20th March 1848.

to refund to Government the estimated cost of any work executed by it in Fusly 134 by which water can now be retained in the tank without injury to its planted margin.

I have the honor to forward for the information of the Board a plan of the field Paree Ummal Cail Randoo, also one Puttah granted by the Puttahdar and 2 Copies of receipts for rent paid to him.

I beg to state that the rent at present paid for it is Rupees 4-3-2 and if all that is rocky and uncultivable is excluded it is enough, but I am quite willing to pay for all within the just limits.

I also beg to forward Copies of correspondence with Mr. McFarlane and the Reverend J. M. Lechler to shew that Mr. Neave's right to the tank has never been questioned, and that nothing but the coincidence of a Revenue authority possessing a house and Garden in a situation capable of being watered by it ever caused it to be called in question.

Shervaroy Hills,
25th February 1848.

(Signed) G. F. Cockburne.

No. 1.

Extract of a private letter from W. E. Lockhart Esqre to G. F. Cockburne Esqre under date 1st October 1847.

"I have perfectly satisfied myself from the Public records that the tank was made with Public money, and is the Property of the Circar and that Mr. Neave's Estate has no claim to it." —

Copy of letter from G. F. Cockburne Esquire,

To,

Fort St. George 20th March 1848.

W. E. Lockhart Esqre Collector of Salem under

date 22d October 1847 Shewaroy Hills.

Sir,

I have the honor to state with reference to the Tank the Property of S. Neave Esqre that it appears to have been always in existence as the Property of the Puttahdar, but not for purposes of irrigation, and I have my Father's authority for saying that he only repaired it and that he repaid whatever sums of Public money may appear to have been laid out upon it.

If Government did lay out any money upon it, they were chargeable as far as any act of Government can be analogous to the act of a Private Individual with a trespass to come to with the Puttahdar whereby any interference with his right and Privileges could be justifiable or whereby it would have been unjust in him to transfer the land in question to another Party, and as Mr. Neave's title to it is the same as to several other lands, I consider that Government have not the shadow of a claim to the same, even did the time that has elapsed more than 20 years, and the fact that Government have nothing, not negative the Idea of such. As Mr. Neave's Agent I would be

Fort St. George 20th March 1848.

be unfaithful to my trust. did I not desire to be understood as stating this as strongly as possible, should you still consider otherwise I must beg to be allowed to refer the matter for the consideration of the Board of Revenue.

(Signed) G: F. Cockburn.

Copy of letter from W. E: Lockhart Esquire to G: F. Cockburn Esqre, dated Athoor 12th February 1848.

Sir,

In reply to your letter of the 22d October 1847 relative to the Tank on the shewaroy Hills being the Property of S. Steave Esqre. I have the honor to inform you that it appears by the Public Records that the Tank in question was never included in Mr. Steave's Puttah - when his lands were measured in Fasly 1252 the tank was quite distinct from them and is still so. It was repaired at the Government expense in Fasly 1234 and the amount laid out upon it does not appear by the accounts in my Office to have been refunded; under these circumstances I cannot allow the Tank to be given up as the property of Mr. Steave who has no title to it, and shall thank you to remove the wall you have recently built so as to admit of a free ingress to it.

(Signed) W. E: Lockhart.

Copy of letter from G: F. Cockburn Esquire to W. E: Lockhart Esqre Collector of Salem, under date Shevaroy Hills 18th February 1848.

Sir,

I have the honor to acknowledge the receipt of

Fort St. George 20th March 1848.

of your letter of the 12th Instant and to state that it will be my duty in defence of what I consider to be the just rights of Mr. Steave immediately to refer the matter for the consideration of the Board of Revenue.

I beg respectfully to state that the field, Viz. Paree Umal Coil Kaudee of which the tank forms only a part is included in the Government Puttahs and for that field inclusive of the Tank two Puttahs were duly received from the Puttahdars of the Hills and rent paid to them before the Government took the Hills into their own Management, and if it was not then measured by Government the omission may have been either intentional or accidental, but however it was, it cannot operate against Mr. Steave's prior right which is as clear to the Tank as to any other portion of his Property.

The Boundaries of the field in question are specific and unquestionable, and if it contains more than the supposed number of acres, I will be happy to pay the additional assessment required; you must be quite aware that that inaccuracy in measurement is quite common and that so great a difference as between 5 and 17 and between 14 and 24 has occurred in the Government measurement of some of Messrs. Sam and Cos land and and a field called Mook Shetty Pullum formerly the Property of Mr. Steave - the former in deficiency and the latter in excess of the right quantity - If there is any regulation or custom in force requiring all in excess of

Fort St. George 20th March 1848.

of the specified number of Acres to be given up I will prefer to give up a Portion at the head of the field and to retain the tank part.-

With reference to the tank having been repaired at the Government expense 23 years ago I can only repeat the observations made in my letter of the 22d October last.-

In deference to your request as Collector that I should pull down a part of the Wall erected for the protection of Mr. Neave's Coffee trees, I will comply with the same, pending the decision of the Board of Revenue.-

I beg to state that the water works through which water is now being conveyed to Mr. Leckler's garden and thence to yours were notoriously constructed by Mr. Neave, and I must distinctly request that your present advantage from them is to be looked upon as a personal accommodation merely, and in no way taken as a right.-

(Signed) G: F. Ockburn.

Sir,

Mr. S. Ockburn your predecessor in charge of Mr. Neave's Estate has kindly permitted me to remove sand from certain lands connected with the Property; Viz.t. The swamp contiguous to the Sacred wood and from the bed of the Tank next to the Bungalow

Fort St. George 20th March 1848.

Bungalow you are occupying, and as the material is not procurable elsewhere with the same convenience for the use of the building I am concerned in, I beg to request that you will be so good as to allow me to continue to avail myself of the article until the 1st July next, and oblige-

(Signed) C: Macfarlane.

Copy of letter from G: F. Ockburn Esquire To Mr. C: Macfarlane, dated 31st March 1847.-

Sir,

With reference to your letter of this day's date requesting to be permitted to remove sand for the buildings you are engaged in from the swamp contiguous to the sacred wood and from the bed of the tank next to Mr. Neave's Bungalow until the 1st of next July, I beg to state that I have much pleasure in acceding to the said request until the said period.-

(Signed) G: F. Ockburn.

Copy of letter from the Revd. J. M: Leschler To G: F. Ockburn Esqre., dated Salem 17th Sept. 1847.-

My Dear Mr. Ockburn.

The late Mr. H. Neave and subsequently his agent the late Mr. Johns kindly allowed me to use the water of the Tank for my Garden on the Hills; if you could do me

4447 Fort St. George 20th March 1848.

me the same favor I should feel very much obliged -

(Signed) J. M. Lechler.
