From the Secretary to Government — Extract from the Minutes of Consultation under date the 18th April 1848.-

Read the following Petition from Rednum Mandhavaroydoo inhabitant of Cocanada and Abkarry Renter of the Division of Coringa in the Zillah of Rajahmundry.

(Here enter 27th March 1848 N: 452)

To enable the Government to dispose of Petition N: 452 addressed by Rednum Mandhavaroydoo Abkarry renter of the Division of Coringa in Rajahmundry District the Right Honorable the Governor in Council requests the Board of Revenue to give a brief Statement of Petitioner's case with the grounds of their decision to which Petitioner objects.-

To the Chief Secretary to Government - -

In reply to Minutes of Consultation dated the 18th ultimo, submitting a Report from the Sub Collector in charge of Rajahmundry furnishing explanation on the subject of the Storing and Seizure of the Spirits belonging to the Cotah Ramachendrapooram Abkarry Renter.-

In Cons. 7th Feby 1848.

I am directed by the Board of Revenue to acknowledge the receipt of Extract from Minutes of Consultation under date the 18th ultimo transmitting Petition No 452 addressed by Redreim Maudhavaroydoo Abkarry Renter of the Coringa Division in the Rajahmundry District, and requesting them to give a brief Statement of Petitioners case with the grounds of their decision to which he objects.-

2 In reply the Board direct me to submit for the information of the Right Honorable the Governor in Council the accompanying letter 18th January 1848 from the Sub Collector in charge of the Rajahmundry District furnishing full and clear explanation of all the circumstances connected with the Storing and Seizure of the Spirits belonging to the Cotah Ramachendrapooram Abkarry Renter Reddy Vencatadawmy- the release of which under orders of this Office forms the subject of the present Petition.-

3 The perusal of this report satisfied the Board that the charges against that Renter were frivolous and

and that there existed no good grounds for suspecting him of fraudulent conduct. They had therefore no hesitation in directing the release of his liquor from attachment. They had at the time before them the proceedings of the Sessions Court of Rajahmundry referred to by the Petitioner, but altho' they gave all due attention to the observations therein made by the Sessions Judge they found themselves unable to concur in his conclusions.-

Extract from the Minutes of Consultation under date the 9th May 1848.-

Read the following letters from the Secretary to the Board of Revenue.-

(Here enter 14th and 24th Feby 1848 No 68 & 87)

1 The Enams reviewed in the Boards report of the 24th February last formed the subject of separate references to the Government of India on the dates noted in the Margin, and in each case it was recommended that the grant though not supported by sufficient authority, might in consideration of length of possession and the condition of service attached to

to two of them be renewed in favor of the heirs or successors to the late incumbents. In submitting this recommendation the Government was fully aware that the case were capable of being disposed of under Regulation XXXI of 1802; but as a strict adherence to the provisions of that Regulation would not warrant the continuance of the Enams which for especial reasons it was deemed inexpedient to resume, the Government felt precluded from specially exempting them from the operation of the Regulation without the authority of the Government of India for the renewal of the Grants.

2 That Government has not seen fit to determine on the merits of the several cases, and has in reply simply communicated the opinion that they should be disposed of, in conformity to Section II of the Regulation above quoted, but no intimation is given of its views as to the construction of that Section, respecting which there has been a difference of opinion among the authorities at this Presidency.-

3 Under the construction given by

by the Court of Sudder Adawlut in their Proceedings of the 17th July 1843 No 75 which must be taken as an authoritative exposition of the law, it would appear that Regulation XXXI of 1802 only protects possession under bona fide grants of former Governments that it is competent to Collectors "to enquire into the validity of all "Enams and whether in a settled or an unsettled "District, to assess such lands denominated "Enams as are held under Grants or Sunnuds not "genuine or by authority not competent;" and that "where a doubt may arise" about the genuineness of a Sunnud, "it is competent to the Governor in Council to resume."-

4 The law then as interpreted by the highest Court is very strictly limited in the protection it affords to the holders of exempted lands, length of possession being deemed of no consequence "where the Sunnud of possession can be impeached" and à fortiori where there is no Sunnud; and a wide discretion consequently is left to the executive authority.-

5. If therefore the Government were to

to be guided by no consideration but that of the power it professes under the law it would follow that re= =sumption must be ordered in every one of these= cases either on the ground of there being no Sunnud or of the Sunnud being of doubtful authority.-

6. But the recent Dispatches of the Honorable the Court of Directors prescribe a course of procedure which sufficiently meets the difficulty apprehended in the disposal of the cases under consideration, and by those instructions the= Government must at present be guided. In Para 12 of their Despatch dated 13th October 1847 No 19 Judi= =cial Department, the Honorable Court instruct the Government that "in dealing with questions connect= "ed with the right to property it ought to be= "borne in mind that long undisturbed possession not "only affords evidence of the existence of the right, but "moreover with respect especially to landed property "and to tenures affecting whole classes of persons, "creates, on considerations equally of policy and jus= "tice, a powerful motive with Government for not "wishing the possession to be disturbed" and in a subsequent Despatch of the 19th January 1848 No 2 they desire that these instructions may be duly

duly attended to not merely as regards the Enam= grants in the Province of Cuddapah but in all the Districts under this Presidency.-

7. In all the cases in question there has been long undisturbed possession of such du= =ration as to bring them within the scope of the Honorable Courts instructions, and the Right Honorable the Governor in Council is of opinion that the Enams ought to be continued for this reason if there were no other, but with respect to some there are special reasons the Enam= being for service or for the support of religi= =ous Establishment.

8. In their letter dated 24th February 1848 No 87 paras 2 and 4 the Board of Revenue have acted on an interpretation of Section II of the Regulation in question which appears to the Government to be erro= =neous. The Board hold that in order to= warrant the continuance of an Enam under this enactment the possession must have de= =scended to the present holder by hereditary succession from the party who held it= previously

previously to the date specified in Section II But the Right Honorable the Governor in Council has no doubt that the term "present" used in that Section refers to the date of the passing of the Regulation, and is not referrable to any subsequent period. It was meant to be declared, he conceives, that all rent free lands held on grant at the date of the British assumption, and not subsequently escheated, assessed or resumed should continue free, provided they were still at the time of passing the Regulation, held by the same family; and if so held at that time, the lands were not thenceforward to be subject to interference or resumption.-

9 Adopting the aforesaid construction of this Regulation, the Board have felt themselves precluded from decidedly repeating their former recommendation for the continuance of several of the Enams under report. But the Government, taking the opposite view of its purport, are enabled, if not obliged to adhere to their former and favorable opinion of those cases in which they are further confirmed by the late instructions of the Honorable the Court of Directors deprecating

deprecating interference with long standing Enams.-

10- The Right Honorable the Governor in Council now proceeds to pass orders on the cases before him.-

Enam held by the late Canoomboor Rajah Gopaulacharry- 300 Goontahs of land assessed at Rupees 85-10-8 and subject to a Jodee of Rupees 10-3-7 per Annum

11. The Collector of North Arcot is authorized to continue this Enam to the widow Seeranmah, leaving the claims of the remaining members of the family to be considered on the next lapse.-

Enams held by the late Tolapachaurla Gopaulacharry of the total value of Rupees 428-7-9 annually after deducting the Jodee payable on them.-

12 This case comprises four separate portions of Enam land; the first two are held on grants of old date, the other two do not rest on any written title, but appear to be service grants connected with the great Tripetty Pagoda- The Right Honorable the Governor in Council authorizes the Collector of North Arcot to continue these Enams to Vardacharry eldest son of the late incumbent.-

The Village of Cunsancottay and Seroavaloor held on Shrotriem tenure by the late Sreemannaarraina Vadanta Swamy, Priest of a Kobala mattam- of value Rupees 2357-11-3 annually after deducting Suit Rent of Rs 209-15-11.-

13 The Collector of Trichinopoly is authorized to continue these Villages to Veera Rayen Swamy appointed Priest in lieu of the deceased, for the support and service of the Mattam, subject to the customary Suit Rent payable to Government.-

The

Share of an Agraharum Enam held by the late Poorasee Kistnamacharry of the value of Rupees 76-1-9. Subject to a Sodee of Rupees 12-8-2 per Annum.-

One fourth share of an Agraharum Enam held by the late Valevatee Nursiah value Rs. 15-15-. Subject to a Sodee of Rupees 3-2-.--

14. The Collector of North Arcot is authorizes to continue this Enam to Anuntacharry the eldest son of the deceased.-

15 The remaining case is now before Government for the first time - it is altogether similar however to that noticed in the preceding para, being the claim to succeed to another deceased shareholder in the same Enam, on the part of his next of kin - For the same reasons as in that case the Right Honorable the Governor in Council sanctions the continuance of this Enam also. He observes that the deceased left no sons but a daughter, an uncle, and cousins.

Four Cases of Agraharam Enams in the Canara District reported in the Boards Proceedings dated 14th February 1848 No. 68.-

16 All these grants are of very old standing having been held long previously to the British assumption, and enjoyed hitherto, it appears in regular succession like other property without interference or enquiry on the part of the Officers of Government.-

Under

Para 12 of despatch of 13th Octr 1847 No. 19.

Para 4 of letter from the Coll. of Canara 23rd Septr 1847 - No. 77.-

17 Under the instructions of the Honora-ble Court above referred to Enams which have been held so long without doubt or question, and continued as hereditary "from one to two centuries both under the "former Governments and the British" must be held to be not liable to resumption.-

18 The Right Honorable the Governor in Council agrees with the Board that the transfer by sale or otherwise of Enams such as the present is unobjectionable so long as the transferee carries with it the obligations of service to be rendered.

19 For the foregoing reasons the Right Honorable the Governor in Council sanctions the continuance of all the four Enams under consideration of No. 1-2- and 3 to the claimants respectively specified in the Collectors report and of No. 4 to Padmanab Acittalla in virtue of his purchase of it from the last holder on the understanding that in this case as is expressly stated in the others, the institution

No. 1. Share held by the late Siobba Bhut in the Villages of Havanje and Pully, value Rupees 23-8-.
" 2. Share held by the late Purmeshra Acittalla in the Gudliar and Altar Villages, value Rupees 9-10-10.
" 3. Share held by the late Kristna Audany in Cachoor and Altar Villages, value of Rupees 14-0-0
" 4. Share held by the late Tamaya Caranta in the Village of Tonsay value Rupees 4-0-0

for whose benefit the grant was originally made Viz. the Pagoda of Codavoor is still in existence.-

The

20. The Right Honorable the Governor in Council desires to take this opportunity to explain for the information of the Board and for communication to the several Collectors that the orders of the 26th April 1845 No 533 did not contemplate interference with Agraharam Enams and others of a permanent nature, or with grants recognized and confirmed by Section II Regulation XXXI of 1802.-

21. The mode of collecting and distributing the Enam Revenue in South Canara involving less to the State as it does when the full demand on the Estates is not realized appears to the Government to be objectionable, But the sudden and entire withdrawal of Government and in the realization of the dues of the Enamdars would hardly be just after it has been the practice for so many years. The Government would suggest however that it might perhaps be practicable with the view of avoiding the positive loss incurred under the present

+Noticed in the following terms by the Honorable Court para 15 of despatch 1st July 1846 No 8.-

"We entirely approve the orders "issued by you on the 26th April "1845 directing that no grants of "money or land Revenue should "be continued to the heirs of "deceased incumbents without the "express sanction of Government."

present system for the Revenue Officers to make the Collections as at present, but to pay to the Enamdar his share in the same proportion that the amount realized bears to the full demand on the Estate giving him the option however to accede to this arrangement or to undertake the Collection for himself.-

Para. 1. With the exception of Enams Nos 17 and 18. the latter of which in default of heirs or near relatives must be considered to have lapsed to Government the Right Honorable the Governor in Council grants authority for the continuance of all the other grants to the next of Kin of the late holders, as recommended by the Collector and the Board of Revenue.-

2. In case No 9. the Enams as at present explained will lapse to Government at the death of Veerakah adoptive mother of the deceased incumbent.-

this Government, respecting the Bhutwurta Enams,
the Governor in Council resolves to direct that the

Para 1.

(Here enter 15th May "—" 25)

The facts in the case brought before

before Government in the foregoing communications and correspondence accompanying appear to be as follows. Three Estates

Condaecherlah
Velchoor Codoor
Cottoor—

separately assessed and held under separate suminds but which had become the property of one person, were

Saunghy Padmanabarauze—

attached in execution of Decrees of the Provincial Court of the Northern Division by the Collector under a requisition from the Court at Vizagapatam of date 26th March 1840 apparently while the Estates were thus under attachment by judicial process the said Decrees were sent back by the Court of Sudr Udalut for review, and fresh Decrees were passed under dates the 20th and 22d. March 1844. respectively—in the meantime the Collector had advertised the Estates for sale for arrears of Revenue and they were sold on the 18th March 1844. and purchased by Government.—

Condaecherlah 2. One of the Estates sold for Rupees 18,628-14-6 over and above the arrear outstanding against it, which amount was carried to the credit of Government in satisfaction of the balances which still remained against the other two Estates.—

S. Goodday.

3. I Godey Ianakiah widow and heirefs of the Plaintiff in the Suits instituted in the Civil Court at Chicacole, claims the above sum as property available in satisfaction of the said Decrees, and not disposable by Government to satisfy a demand for arrears of Revenue due on the other Estates.—

4. Having reconsidered the whole subject the Government as at present constituted is not prepared to adopt entirely the arguments urged in the Draft of Answer prepared by the Board of Revenue—It appears to the Right Honorable the Governor in Council that the afsefsment upon every separate Estate is recoverable in the first instance (if the Proprietor has allowed it to fall in arrear) by the sale of the Estate upon which it is due, the demand for Revenue taking precedence of every other claim and the Government having a prior lien upon the land itself for the Revenue due from it, and secondly by the sale of other lands and personal property of the Defaulter. But it may be doubtful whether, with respect to such other lands and personal property, the Government are entitled to a preference over other creditors.—

The

5. The question at issue would seem to be who had the prior lien on the property and this appears to depend upon the question whether the attachment under the process of the Court, considering the order for a review of the judgments in execution of which the said process issued, was a good and sufficient attachment giving a lien to the party in whose favor the Decrees were passed ultimately, after the sale—The combined circumstances of the then Collector (Mr. Arbuthnot) having proclaimed the Estates for sale in January 1844 and the complete alteration eventually made in the amount originally Decreed nearly three months after that proclamation, render it more than doubtful whether the Estates were properly under the Courts attachment at the period of their being put up to auction and sold—If they were not so, then the overplus amount of the proceeds of the Condakerla Zemindairy would appear to be clearly available to meet the demands of Government on account of the Estates of Velekoor Codoor and Cottoor.

Fort St. George 22d May 1848

Cottoor and this was evidently the principle on which it was credited.—

6. On the whole there appear grounds for an appropriate defence on the part of Government but a prominent feature in this defence should be the fact that the lien of Goday Sanakiah had ceased by the order of the Sudr Udalut for a review thus virtually annulling the original Decree under which the attachment was made which Decrees were under that review altered.—

7. The Board of Revenue will be pleased to modify the proposed line of Defence with reference to the foregoing views, and instruct the Collector of Vizagapatam to file the revised answer and conduct the defence at the public expense— Under the peculiar circumstances of this case, it will be the duty of the Board to watch the progress of the suit more closely than is usual in ordinary cases.—

Proceedings Requesting the Collector of Masulipatam to explain the necessity of certain heavy charges proposed to be incurred on account of the Establishment for the Innaguddapah mootah —

thereon — The Board of Revenue sanctions the Employment of the Establishment at a charge of 20 Rupees per mensem for the management of the Mootah of Calagara, under attachment for arrears of Revenue, as exhibited in the Statement which accompanies the foregoing letter. —

Before sanctioning the Establishment for the Innaguddah-pah Mootah, the Board require some explanation as to the cause of the heavy charge proposed to be incurred on this account — It is observed that the Sibbendy in the former case is equal to Rupees 6-7-5 per cent of the annual value of the attached villages but in this instance it is Rupees 25-14-11 per.

Fort St George 22d May 1848

per cent — In the former case the annual cost of managing a Mootah worth Rupees 3713-12 — a year is 240 Rupees in the latter that for an Estate valued only at Rupees 1,342-7-3 is Rupees 348 — Mr Porter will state whether the Establishment for the management of Innagud-dapah could not be reduced, so that the ratio of the charge to the annual value of the property should approach more nearly to that obtaining in the case of the Calagara Mootah. —

The

The arrears due by the Proprietors of the last named Estate for the current Fusly are Rupees 251-4-4 those outstanding for preceding Fuslies are 1,743-10-3. The Collector is requested to specify the years for which these balances are due, and to state whether the Mootahdars have proposed any arrangement for their liquidation.—

No 1. Abstract Jamabundy & Statement for fusly 1256.

No 2. Comparative Statement shewing the extent of cultivation, quantity of produce, the amount of demand Collection and Balance for fuslies 1255 and 1256.

3 to 7. Accounts Current for fusly 1256.

8. Statement shewing the demand Collection and Balance of Peishcush.—

9. Statement shewing the Settlement of each Village in the several Estates in fusly 1256. Compared with fusly 1255.—

In the native language

2. Of the 28 Estates under attachment for arrears in fusly 1255, 15 have since been purchased by Government and have been already reported upon together with other Circar Estates, and one has been surrendered to the Proprietor, leaving 12 Estates, to which being added the Mylavarum Purganah attached during the year, the total number of Estates under attachment for arrears of Revenue for fusly 1256, becomes 13.—

3. Annexed is the Abstract shewing the amount of Settlement in these Estates for fusly 1256, as compared with that of the preceding fusly.—

4. The effects of the season of the year varied in the several Estates under report. Taken on the whole, it was particularly favorable for wet Crops, but somewhat the reverse as regarded Dry Crops. The returns from the former were consequently of much more abundant than those for the latter. — The amount of Settlement of the Fusly under review notwithstanding a depression in the prices of grain, still exhibited a nett increase of Rupees 9,968- 9-6. above that of the preceding year.—

5. Of the 39 Villages in the several Estates under lease for more than one year, as alluded to in my report for last Fusly, 13 have reverted to Cumany Management, consequent on the expiration of the term for which they were let out originally.—

6. The following Statement exhibits a comparison of the Cultivation and produce in the Cumany Villages settled on lease for Fusly 1256.—

Increase both in the land cultivated and the quantity of produce in the Dry and wet lands, Viz. Cutties 429-14-5 15/16 in the former, and Parras 24,418 1-3-½ in the latter. In several Estates however, there was a diminution both in the cultivation and produce, which will be noted below.—

8. In the Nundegamah Estate in consequence of timely falls of rain in the early part of the season, the Cultivation of wet lands was carried on to nearly the same extent as in Fasly 1255, but the return was scanty owing to the failure of rain at a time when the crops were about to come to maturity.—

9. In Batavole Purganah a large portion of Dry lands was cultivated with Crops subject to Teerwah or money rent, instead of those Species of Crops which are subject to the division of produce, and there was also an extended Cultivation of Wet lands from the favorableness of the season.— Hence a decrease both in the Cultivation and produce in Dry & Varaval lands.— In

10. In the Culdindy Purganah there was a partial failure of rain owing to which there was a large decrease in the Cultivation and produce of the wet lands.—

11. In the Condapully Purganah tho the Cultivation of Dry lands was somewhat increased, yet the return was scanty owing to untimely falls of rain; and from the limited supply of water received into the Tanks, the wet cultivation was obstructed, which caused a decrease in the produce.— The cultivation of both Dry and Wet lands in the remaining Estates composing this Zemindary, exhibits an increase owing to the favorableness of the season and does not appear to require any further Remarks.—

12. The prices of Dry and Wet Grains fell below those of the preceding year the former by— " — 8-9-90. and the latter by— " — 3— " — 20. per Parra, owing Chiefly to a decreased demand at Hyderabad, to which place large quantities had been exported in Fasly 1255, which was the cause of the rise in those prices of that year.— The Settlement determined according to the Estimated resources in the Aumany

31. The report alluded to in Para 21 of this Report contains my sentiments as

as regards the future disposal of this Estate.—

Chanoobundah 32. The Marginal Abstract exhibits the extent of Cultivation and the quantity of produce obtained from the Village of Chanoobundah in Fusly 1256 as compared with the preceding year.—

33. The season of the year under review was very favorable both for the Dry and Wet land cultivation in this Village. The abundant supply of water received into the Tank enabled the Ryots to cultivate Wet and Dry lands to an extent considerably larger than in the preceding Fusly, and an ample return rewarded their exertions.—

34. The Settlement concluded on the Estimated resources, the Inucta List of Dry lands, the items of ready Money

money Collections, and a small Sum of Rupees 4—14—2. on account of Sewvy Jama or Extra revenue, Amounted to Rupees 2,450-4-9. This exceeds that of the preceding year by Rupees 1,357-4-9. and has occurred chiefly in the Wet land cultivation, the increase in the Dry cultivation being small in comparison.—

35. Of the above demand, Rupees 2,409-15-2. were collected before the end of October last, and Rupees 20—" Sinces, and the remainder Rupees 20-5-0. will be collected shortly.—

36. Of the arrear of Rupees 518—3—5. due by the Ryots, the Sum of Rupees 100—"—8. was collected, by which the balance is reduced to Rupees 358-2-9. and which will be realized from their future resources.—

37. The whole of the demand of Peishcush for the Fusly Viz^t Rupees 787-8-" was collected within the year and the settlement exceeds the Peishcush by Rupees 1,662-12-9. as shewn in the Margin. This is owing to the improved resources of the Village as also to the reduced scale on which the Permanent Assessment was originally fixed—as regards the future disposal of this Village, I beg to refer the Board to my letter dated

Calagara 38. The Marginal Statement will shew the extent of Cultivation and quantity of produce in the Calagara Mootah for Fusly 1256.

as compared with those of the preceding year.—

39. The season in the early part of the year was promising both for the dry and wet Cultivation and the Tanks received ample supplies of water.— Consequently there was an increase of C. 28 — V.P. 14 — P. 14 above the preceding year and by the falls of rain during the time that the wet crops were coming to Maturity, there was an increase of Purras 1,158-1-5-3 in the return from that source. The dry crops raised in some low lands, however, suffered from the rains and yielded a disproportionate return, but it is satisfactory to state that notwithstanding this

this, there was still an increase in the Dry produce of Purras 422-2-7-2—

40. The Circar Share of the Estimated produce being commuted into Money at the selling prices, the Settlement with the Head Ryots amounted inclusive ready money Collections to Rupees 2,341. to this being added Rupees 1,435 on account of the rent of the Village Pengallow leased out by the Zemindar, the total settlement was fixed at Rupees 3776. from which is to be deducted the sum of Rupees 62-4—" on account of disbursement of Village charges, leaving the Settlement at Rupees 3713-12—" being Rs. 97-12—" above that of the preceding year. Though there was an abundance of produce in the year, yet the depression in the prices of dry and wet grain by Rupees a. P. C. —" 0-8-50 and by Rupees a. P. C. —" 0-3-73 per Purra respectively, caused the increase in the Settlement to have fallen below the amount to which it would otherwise have reached.—

42. The whole of the arrear due from the Estate on account of Peishcush, current and arrear, amounting to Rupees 5,361-4-1- having been paid, the attachment has been withdrawn and the Estate restored to the Proprietor.

Mylaverum

43. This Estate was attached in the first instance for arrears of Revenue and continued under Management in pursuance of a precept received from the Civil Court at Masulipatam at the instance of the Nozeed Zemindar to whom it is Mortgaged on account of a Bonded debt.

44. The Estate is composed of 31 Crear and 2 Agraharum Villages, in all 33, of which 29 were settled on the Estimated produce for Fusly 1256.

45. The lands of this Estate are principally dry with but a small portion of wet ones. The annexed abstract will exhibit the extent of

of Cultivation and the quantity of produce, compared with the preceding Fusly 1255. The season was particularly favorable both for the Dry and Wet lands so that there was an increase both in the Cultivation and the return therefrom.—

46. The amount of Settlement as determined on the Estimated Circar share of the produce, together with the sist on Seeroovut and Bagayet, as well as ready Money Collections amounted to Rupees 23,979-13-3. to which is added Rupees 1,979-9-10 on account of Extra items.

47. Of the above mentioned Villages under rent, the term of lease on Sujjapaud a

a hamlet under Chundragoodum expired with Fusly 1256; while that of the remaining 2 Villages terminate with fusslies 1261 and 1264 A.D. 1851-52 1854-55.

49. Of the small arrear of Rupees 5-14-6. due by the Ryots Rupees-4-2-3- have been collected and there still remains a balance of Rupees-1-12-3- which will also be realized as early as possible.-

50. The Peishcush demand current and arrears Rupees 10,806-7-8- due from this Estate was collected in full before the close of the fusly.-

under Report exceeds the Peishcush by Rupees 14,885-10-8- chiefly in consequence of the abundance of produce from the Dry and Wet lands.

52. The Board are aware that the whole of the Estates belonging to the Mylavaram Zemindar with the exception of the Mylavaram Estate were sold as reported to the Board on the 13th April 1846. for arrears of Revenue and purchased on account of Government for the sum of Rupees 1,90,000, which sum being credited to the Zemindar, an arrear of Rupees 173,082-2-4 still remains outstanding against him. Although the Mylavaram Estate was undoubtedly answerable in common with the rest for the arrears of Peishcush due by the Proprietor on the whole of his property, it was not at the time considered necessary to put it up to sale, as it was known to be capable of yielding a surplus, which would obviate

obviate the necessity of making a direct provision for the Zemindar, and might with proper Management have afforded him the means of eventually liquidating the demands against him.— Now, however that the Estate is under Management at the instance of the Noozeed Zemindar the case appears to me to be very much altered. No advantage whatever being derived from it to the Mylavarum Zemindar nor any to the Government beyond the realization of the Peishcush, the consequence has been that within the current year a very considerable decrease has occurred, which leads me to think that the best course that could now be adopted whether for the interests of the Government or the Ryots would be that it should be at once put up for sale and purchased by Government for any sum short of the remaining balance still outstanding against it Proprietor

Upon

Upon this subject, I beg to be favored with early instructions from the Board.—

To Govt. 23d May 1847 From Govt. 20th May

To

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

(25)

Sir,

From the Collr of Guntoor } 1. I have the honor to request the sanction of the Board for the confiscation under clause 2d Section XIV Regulation I of 1820 of 5 seers of liquor valued at 4 annas.-

2. The liquor was seized and brought befor the Tahsildar of Repully as reported by him on the 23d December last by certain persons of Bottapoody, in charge without a permit one cundosla Potadoo who stated that he brought two skins of arrack from a Sub Renter at Moondraidoo on account of Borra Venkayah of Repully without a permit and that one of them was clandestinely taken from him by some one when he was in a state of insensibility from intoxication there being

nothing

nothing to excuse the infringement of the Regulation in this case, I think the penalty of confiscation should be enforced.-

Guntoor Zillah Collectors Cutcherry Duidy 12th May 1848. } /Signed/ H. Stokes Collector

Resolution thereon- The Board authorize

(25-26) the confiscation of the liquor the seizure of which is reported in the foregoing letter. Mr Stokes will be pleased to report future seizures in the prescribed form copy of which will be furnished to him with these Proceedings.-

Sir,

From the Acting Collr. of Trichinopoly —

Reports on Petition No. 631 of 1848 from Ramakrishna Chetty

I have the honor with reference to the accompanying Petition No. 631 of 1848 bearing the Board's endorsement dated 8th April last to report for the information of the Board that the Petitioner Ramakrishna Setty complains that one Handikeswara Dos has improperly obtained posession of the Village of Velancolum belonging to him and his brother and had the same registered in his name, on the strength of a deed of sale, forged by himself, but which he alleged was executed by Seerangamaul the widow of his late Brother Khristnama Setty —

2 On examining the records of this Office the following appears to form the abstract of what has occurred in the matter —

3. On the 22d April 1846 the above said Soukar Kandikeswara Dos and a Vakeel with a power of Attorney, said to have been executed by Seerangamaul, the widow of the late Khistnamah Chetty, appeared at

Fort St. George 22d May 1848.

at the Hoozoor, the said Vakeel represented that the widow sold the Village Velancolum, the property of her husband to Handikeswara Dos for Rupees 4,000 on the 23d January 1846, and requested that the registry of the Village might be made in the name of the purchaser Moochilkas were taken from them according to custom, and a Naut bunnom was deputed to enquire of the widow Seerungamaul whether she really executed the said Vakalutnamah or warrant of attorney, or not — The Nat bunnom submitted a report stating that she admitted before witnesses her having duly executed the said Vakalutnamah upon the receipt of which report the required registry was made in the name of the above mentioned purchaser —

4. After the above transaction the Widow Seerungamaul presented 2 Petitions in the Months of May and August 1846 denying her having executed any Vakalatnamah at all, and praying for orders to prevent Handikeswara Dos from cultivating the said Village of Velancolum; Mr. Onslow the Collector for the purpose of ascertaining the truth of

of these petitions, issued orders to the Tahsildar of Conaud directing him to enquire into the case and report the result of his investi=gation—

5. The Tahsildar accordingly after examination reported that the Statement of the woman denying her having executed the Vakalutnamah was utterly false and therefore that Nandikeswara Dofs must be considered the true purchaser, and sole proprietor— On the receipt of this report an endorsement was made on her petition to that effect—

6. In the Month of September Seerungamaul addressed another petition complaining that the investigation was not properly conducted, and praying for a regular examination at the Hoozoor— in compliance with this request Mr. Onslow examined the case and passed a decision under the pro=visions of Regulation V of 1822—

7. A copy and translation of the said award are herewith submitted for the information of the Board—

8. Under the circumstances of the case I see no remedy even supposing Seerangamaul's Statement to be true, but by civil action

Sir,

From the Coll.r of Madura — 31

Reporting on Petition No 637 of 1848. —

In reference to the endorsement on the accompanying Petition I have the honor to state, that in consequence of a contention between the different Members of the family, an enquiry was made as to the shares in which the produce of the Village enjoyed by the Petitioner's family had been hitherto taken by them and an order given in the Magistrate Department for division accordingly — until the parties might obtain some other decision from the Civil Court —

2. The petitioner and his family hold the Village of Ayyoor on payment of Proopoo or Quit rent to the Government. The land is Cultivated by Ryots and the Tuckedars receive the Mulwaroom grain

The

1881 Fort St George 23rd May 1848

3. The family formerly consisted of 3 brothers Syed [illegible]deen, the Petitioner Syed Moideen and Syed Kareemodeen and two Sisters Jara Beebee and Sara Beebee. The Village was originally entered in the names of the 3 males; but Syed Kareemodeen having died, the names of the surviving Brothers only have been continued in the accounts.

4. From the enquiry made by me it appeared that the cause of contention was the claim of Syedoodeen that the produce should be divided into 5 shares, one of which he should enjoy in his own right, and one as the eldest for the support of his mother and the yearly ceremonies in memory of his deceased father; one of the remaining shares going to Syed Moideen, one for Jara Beebee and Sara Beebee the sisters, and one to Shaheena Beebee the widow of Ramanoodeen — whereas the others maintained that the division had always been in 4 shares, the support of the mother and the yearly ceremonies of the father being provided for by a general contribution.

5 Depositions having been taken

Fort St. George 22nd May 1848.

taken from the Villagers; the evidence was in favor of the Division into 4 shares, and an order given as stated in the first para.—

6. The Petitioner now wishes to gain his end by asserting the sole enjoyment to rest in the registered Huckdars, but this appears to me unfair and unusual, Villages held by families being frequently entered in the names of the males only, but the females nevertheless enjoying the shares prescribed by the law of their religion or caste.—

7. My decision was given simply as a Magistrate, and was necessary, as the produce lay in deposit.—

From the report received from the Collector on the subject of this Petition, it appears that the decision complained of was given by that officer in his capacity of Magistrate with a view to prevent disputes between the parties until the claims could be adjusted in a Court of Law.—

The Board of Revenue see no cause for interfering in the case.

From the Collr. of Madura — Reporting upon Petition No. 1691 of 1846

Sir

Para 1. I have the honor to return the accompanying Petition addressed to the Board with a report by the Sub Collector thereon and its enclosure.

2. The Petitioner's request to be allowed to repair a decayed Tank, with the advantage of cultivation the land below it at double the Poonjah rate.—

3. The restoration of the Tank will not, it is said affect the supply of other reservoirs, and though it does not appear to the Sub Collector expedient to undertake the repair on behalf of the Government, he shews that a considerable increase of Revenue may be expected to be derived from it.

4. According to the rules of the Dindigul Division, newly converted Nunjah land is assessable at the rates of the nearest Village which in this case is Vannamputty; where owing to the

the nature of the Soil they are some what high and the same would be excessive if ap: plied to the Village in question.—

5.— Three Statements are submitted by the Sub Collector shewing the rates of Teerva at double and treble what are paid for Poonjah and if raised a little above the original Hoobas rates I conclude that the latter rates are approved by Mr. Clarke though his letter is not clear on this point.—

6.— As the Cost of repairing the Tank is estimated at 1000 Rupees and the reduction of the land to the proper level will involve a considerable further expense it is evident that liberal terms are required to compensate the Ryots for their outlay. and if Mr. Clarke has not proposed a Mediem rate I should have been inclined to recommend concession of their request that the land might be assessed at double the Poonjah rates. As it is however, in deference to his local know: ledge I beg to support the Mediem rate he proposes giving a total tax of 548-8-0 on 258 Goolies of Land.

7 It will be necessary as he states

states, to guarantee to the present occupier of the 58 Goolies of Poonjah land included in this 258 Goolies, the possession of the land they now hold.—

Collector of Madura

Sir,

Para 1. In returning the ac: : companying Boards Petition No. 1691 of 1846 presented by Sevoodeen Chetty and another cultivating Ryot of Coolisetty :— : putty of the Sundycor Zemindary in Nellacottay Talook, I have the honor to submit the report called for by the late Principal Collector on the several points noticed in his letter of the 27th February last, together with the vernacular do: : cuments connected with the case.

2. The Tasildar, having visited the spot, has reported that there is a broken tank in Naducottai, which has never been in use since the assump: : tion of the Country by the Company; that of

Fort St. George 22nd May 1848.

of the 300 Coolies of land which the Pe:
:titioners propose to bring under culti:
:vation situated in the Villages of Na:
:ducottah and Ganabathy putty, 258
Coolies are suited for Nunjai Cultiva:
:tion and that 51 Coolies of this land
have for some years past, been culti:
:vated with Poonjai - The remainder
has never been brought under the plough:

3. The Tank would be sup:
:plied by a jungle stream, taking its
rise in a small hill in its immediate
vicinity the water of which now flows
into the Vigay river, and its repair would
not affect the supply of other tanks.—

4 The cost of repairing the
Tank is estimated at Rupees 1,000—

5- 58 Coolies of cultivated
Poonjai land, would, according to the pro:
:posal of the petitioners, be absorbed, the
teervai of which is Rupees 52-5-6. It is
doubtful whether the whole extent of
land available for Nunjai cultivation
amounting to 258 Coolies, inclusive of
the 58 Coolies of cultivated Poonjah above
referred to, would be always cultivated.—
It will be observed from the deposition
of

Fort St. George 22nd May 1848.

of the surviving petitioner, and the Cur:
:mum of the Village, that some years must
elapse before land can be brought fully
into cultivation, and there is no guarantee
for the quantity that might be cultivated,
but, supposing the land were all cultivated,
and the rates fixed, as entered in the enclo:
:ed paper marked B. the net increase of
revenue to the Government would be as
follows - Viz.t

Rupees 37 6 per annum, if the request of
the petitioners were complied with, and
the present Mamool rates doubled.—

2. If the present Poonjai
6. rates were tribled, the net increase to the
Government deducting the revenue de:
:rived from the land cultivated with
Poonjai, would, in case the whole of the land
fit for Nunjai were so cultivated be
Rupees 606-3-6.—

7. Incase the original Coo
:loas rates were slightly raised, so as to
make the Nunjai Teervai a little more
than double the present Poonjai rates, the
increase estimated on the foregoing
principles, would be Rupees 496-2-6.—

Under these circumstances
8 and

Fort St. George 22nd. May 1848.

and the uncertainty of realizing from the repair of the Tank, an increase of revenue proportionate to the expense incurred in executing it, I do not think it would be advisable that the repair should be undertaken by the Government, which I see no very valid reason for foregoing the profit arising from the proposition of the petitioner.

9. I think however, that if his request be granted, care should be taken that the cultivators of the Poonjai land be not deprived of the possession of their land to which they have an undoubted right, as long as they pay the revenue due upon it.

10 There is no Nunjai cultivation in either of the Villages in which the tank is situated, but the average of Poonjah rates, is Rupees 1-15-6 per Cawny

Proceedings thereon

(33-34)

Under the circumstances represented by the Collector the Board direct that the Petitioner in No. 1691 of 1846 be permitted to repair the ruined Tank in the Village of Naducottah and to cultivate the land under it, in that and the adjoining Village of Ganahutty pattu, at the Medium rates of Seerwah referred to by Mr. Acting Sub Collector Clarke in Para 7 of his letter of 18th January last.

The Petitioner will however be required to keep the Tank and water course in repair at his own expense, and to guarantee to the present occupants the 58 Gorlies below the Tank now in their possession, to be applied by them at their discretion either to the raising of Poonjay at the present rates or of Nunjah at those to be newly imposed.

Ordered that the following Endorsement be passed on Petition No. 1691 of 1846

"Petitioner is referred to the Collector to whom orders have been sent on the subject of this Petition".

Submitting application for the appointment of a Sea Customs Clerk at Paumben and recommending the appointment of the Officer Superintending operations there to be a joint Magistrate

In reference to the Proceedings of the Board of Revenue dated the 18th September last, I have the honor to state that the heavy rain which fell soon after its receipt and calls of duty in other directions since the termination of the Monsoon prevented my visiting Paumben until last week.—

2 Having observed the nature of Mr. Ebells duties I beg to express my opinion that neither those transacted by him in the Department of Sea Customs nor in that of Police are of importance to warrant a larger amount of Salary than 50 Rupees a month, the sum proposed by me in my letter of the 24th August last, and in fixing them so high I am guided more by the prospects of the Port and the hardships attending a residence there than by the extent of labour at present.—

3 The amount of Collections for the last 2 years are as follows.—

4 The Duties of the Police Ameen are confined to the Island of Ramaswarum and 2 Villages situated on the Strip of Land on the main land running out to the Pamben Passage. The number of Cases coming under his cognizance are therefore very small.

5 My enquiries into the Conduct of the Islanders and Boatmen, recently in regard to a wreck, have convinced me that the presence there of an Officer with the power of a Joint Magistrate is very much required. The Offences committed on such occasions require immediate notice and a severer punishment than a Police Ameen is competent to inflict either without or after reference to a Magistrate; and the forwarding Prisoners and witnesses to the Courts at Madura, a distance of 103 Miles, occasions an amount of hardship to the latter calculated to bring about the eventual impunity of Crime, as the Witnesses would assume pretended ignorance to avoid the journey. We shall be very far from being a good Police Ameen and in my opinion is perfectly incompetent to exercise a higher jurisdiction

6 Eventually, I think it will be expedient to station at Pamben a Master Attendant with control over the Pilot Establishment [illegible] there

there is an Officer superintending the dredging operations and a Head Pilot, such an arrangement is not necessary and would be objectionable on account of the expence and the probable clashing of authority.

7 For the present therefore I would recommend as a preferable arrangement the continuance of a Sea Custom Chowkedar and Police Ameen on 50 Rupees per mensum, and the appointment of the officer in charge of the Steam Dredger to be a Joint Magistrate. The officer discharging the duties of Head Pilot under the direction and aided by the authority of the Joint Magistrate will be able to do what is required of a Master Attendant as regards Ships in distress, especially if Government will sanction the Boat and additional Lascars recommended by the Marine Board

8 The prescribed tabular Statement is herewith transmitted with the additions directed by the Board. I hope that the view given of the financial result of the alterations in the Pilot and Custom House Establishment jointly will be considered sufficient, though I have not entered those Items of expence in each which are not affected by the proposed arrangements.

To The Chief Secretary to Government

Sir

(37-38)

To the Chief Secretary to Government.—

Submitting correspondence with the Collr. of Madura relative to certain proposed alterations in the Paumbem Pilot and department involving a net increase of Rupees 30 per Mensem and proposing that the Officer superintending the dredging operations at Paumbem should be invested with the powers of a Joint Magistrate supporting the Collr.'s recommendation.—

From Collr. 27th Augt. in Cont. 10th Sept. 1817
Proceedings 15th Septr. "
From Collector 15th April in Con. 22d May 1818

Para. 1 I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the correspondence noted in the margin which has passed between this Office and the Collector of Madura, relative to certain proposed alterations in the Paumbem Pilot and Sea Customs Departments:—

2 From these papers it will be seen that a Mr. Ebell was appointed in 1813 Head Pilot and Sea Custom Chowkeydar at Paumbem on a salary of 100 Rupees per Mensem, and was also required to perform the duties of Police amongst at that place, and for the Island of Ramiseram, It was however represented by the Marine Board that the duties of the Pilot Department could not be satisfactorily performed in conjunction with those of the other appointments on Shore, and at their

Fort St. George 22d May 1818

their recommendation the Government in December 1815 created the Office of Assistant Pilot to which one Mr. Eglan was appointed on a salary of 50 Rupees per Mensem sometime afterwards certain circumstances, the particulars of which are not given, appear to have led to Mr. Ebells entire disconnection with the Pilotage department. Mr. Eglan has therefore since performed the Office of Head Pilot and been in full charge of the Establishment, whilst Mr. Ebell has been confined exclusively to the duties in the Customs and Police Departments:—

3 It is now proposed by the Marine Board that Mr. Eglan should be appointed Head Pilot and receive the full pay of the Office, Rupees 100, that the situation of Assistant Pilot should be abolished and that Mr. Ebell should receive a separate salary for his Revenue and Police duties. The Marine Board have also suggested the appointment of a writer to the Head Pilot, and an increase to the Boat Establishment; involving an expenditure of 30 Rupees per Mensem. to be defrayed from the Salary attached to the Office of Assistant Pilot proposed to be abolished.

4 It is not in the province of the

Fort St. George 22d May 1848

the Board of Revenue to offer any opinion in regard to the arrangements connected with the Pilot Establishment, but they concur with the Marine Board in thinking that as Mr. Elliott has no further connection with that department his salary should not be debited to it but rather form a separate charge in the depart-
ment to which he now properly belongs.—

5 Mr. Parker has lately visited Paumben, and he expresses his opinion that the nature of the duties performed by Mr. Elliott in the department of Sea Customs and in that of Police are not such as to require a higher salary than 30 Rupees per Month—35 for the Office of Chowkeydar and 15 for the extra duties of Police ameen. Mr. Elliott has addressed a Memorial to the Board praying that his pay may not be reduced or that he may be appointed Master Attendant at the port of Paumben on a suitable allowance.

It however appears from Mr. Parker's report that the Office of Master Attendant at Paumben is not at present required.

The following Statement exhibits the nature of the proposed arrangements from which it will be seen that the changes will involve a Net increase of 30 Rupees per

Mr. Parker further states that his enquiries into the conduct of the Islanders and Boatmen recently on the occasion of the wreck of a Vessel have convinced him that the presence of an Officer at Paumben with the power of a Joint Magistrate, is very much required. The offences committed on such occasions he observes, require immediate notice, and a severer punishment than a Police Ameen is competent to inflict either without, or after

after reference to a Magistrate, and he adds, that the forwarding prisoners and Witnesses to the Courts at Madura, a distance of 103 Miles, occasions an Amount of hardship to the latter tending to bring about the eventual impunity of crime, as the witnesses would pretend ignorance to avoid the journey he therefore proposes that the Officer Superintending the dredging operations at Paumben should be invested with the powers of a Joint Magistrate and he considers that the Head Pilot, under the direction, and aided by the authority of the Joint Magistrate, will be able to do what is required of a Master Attendant in affording assistance to Vessels in distress. The Board consider this arrangement to be very desirable and beg to support the Collectors recommendation. It should be added that it will not be necessary to entertain any special establishment for the Joint Magistrate as that now attached to the Ameen of Police will be sufficient for both Offices.

Proceedings Reporting on the Management of the Extra Sources of Revenue in the Coimbatore district in Fusly 1256.

The subjoined abstract Statement thereon exhibits the fluctuations in the Demand on each item comprizing the Extra Sources of Revenue in Coimbatore during the period under review contrasted with the results of the preceding Fusly 1255.

2 From this Statement it will be seen that the total demand of Fusly 1256 amounted to Rupees 205068–2–0 being below the amount of the year of comparison by Rupees 14,802–1–0 It should however be observed that this deficiency is more nominal than real owing to the Principal Collector not having taken credit in his accounts for the Sum of Rupees 7,482–8–4 being the Sale proceeds of certain Sandal Wood the produce of his District which was conveyed to the Presidency for disposal and there realized the above Net amount, deducting this Sum therefore from the nominal decrease the actual defect of Fusly 1256 will stand at Rupees 7,319–8–8, only below Fusly 1255– Before submitting his report on these branches of Revenue it would have been desirable that the Principal Collector should have adjusted his Accounts in communication with the Collector of Sea Customs at Madras by whom the Sandal Wood was sold as intimated in the Board's Proceedings under date 30th August last, so as to have exhibited the Net results of the transactions of the year in a complete form– In connection with this subject the

Board

Board take occasion to state for the information of Government that in consequence of the great depreciation of Sandal Wood in the China Market where this article of Commerce finds the principal demand they considered it desirable to refrain for the present from cutting the Wood in the Forests of Coimbatore and have issued instructions to that effect to the Principal Collector

3. It will be seen by the marginal entry that on the sales of the last supply forwarded to the Presidency the prices realized little more than half what was obtained for the respective Classes of Wood in Fusly 1255 and it may be added that in the latter year the Current prices were also at a low average compared with the transaction of previous years–

Under the general head

4 entered in the Statement appended to para 6 "as Sandal Wood, Teak wood &c" there appears an increase of Rupees 5855–6–8 nearly the whole of which arose from the Sale of timber considered unsuited for Government purposes, against the excess, the true decrease in Sandal Wood

wood amounted to Rupees 3,657—— leaving a total increase over the past year in this depart=ment of Rupees 2198—6—8.—

The charges of Fusly 1256 were however considerably higher than in 1255 the principal item of excess is represented to have been incurred for maintaining Elephants used for transporting the Timber supplied to the Government Agent for Dock Yard purposes at Bombay from the Wallian Forests— As the Establishment entertained for that object has now been discontinued the Board desire to be informed whether Mr Kroughton has dis=posed of the Elephants maintained on that account, and if not they request that he will state whether it is any longer necessary to retain so expensive an item.—

6. The fluctuations in the several other branches composing the Extra revenue Viz^t Sayer, Stamps, Abkarry and Sundry small Farms and Licences do not appear to call for particular remark. The Board however are glad to observe that the demand in full for the two latter items was recovered before the close of the Month of October and that the large arrear due on account of Ab=karry for past years was also liquidated in

in Fusly 1256.

7. Under the head of Moturpha the report shews a falling off in each item included in that source— except in that of Ferry Farm^s. The principal decrease— occurred in the Loom^t Tax from the depressed state of the trade generally and in other sources of Moturpha from the adverse state of the Season, the Principal Collector however effected the Collection of nearly the whole demand shortly after the Close of the Fusly. The balance of Old arrears of Moturpha is stated to be Rupees— 1,58—1—7 which being considered totally irrecoverable is recommended for remission and which the Board request may be sanctioned by Government—

† Decrease 4111—17.—

8. The total receipts of the year as per the— Principal Collector's Account including the profits on Tobacco in which there was a decrease of 1687—14—2 from the less supplies to the Travancore and Cochin States amounted to Rupees 2,07,021—4—3 being less than the last year by Rupees 12,090—3—1 the Charges were Rupees 11,204—7—10 or Rupees 4,946—14—1— higher than in Fusly 1255 which reduced the Net Revenue to Rupees 1,95,816—12—5 or Rupees 17037—1—2 below the Net Revenue realized from the Extra Sources in Coimbatore in Fusly 1255. If from this be deducted the profits on the Sandal Wood above adverted to the Net Revenue will present only a decrease of Rupees 9554—8—10—

17037—1—2
7482—8—4
9554—8—10

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections Charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Principal Collector of Coimbatore for his information and guidance.—
