11285 Fort St George 2 August 18

Diary

1

9th August.

From the Collector and Magistrate of Bellary.

Received letter applying for leave of absence for Eighteen Months from the date of his leaving the District to proceed to the Nilgherry Hills and eventually to Trichinopoly for the benefit of his health under Sections V and VI of the absentee Rules and stating that the Medical Certificate has been forwarded to the Medical Board for transmission to the Board of Revenue.—

ORIGINAL DESTROYED

Order thereon

1-2

Ordered to be submitted through the Channel of the Civil Auditor for the favorable consideration of Government.—

Ad

Fort St. George 10th August 1848.

At a Meeting present—

Thursday 10th August 1848.

G. D. Drury Esquire Senior Member

Walter Elliot Esquire Second Member

and

J. Goldingham Esquire Acting Third Member

Minutes of the last Meeting read and approved.—

Read Extracts Minutes Consultation under date 2nd March 1847 forwarding report of the Special Commissioner in Cuddapah of the 19th January, on the origin and causes of the outbreak in that District, for any observations the Board of Revenue may desire to offer, especially with reference to that portion of it which adverts to the interference with the Cuttoobady Enams of the District, seemingly contrary to the wishes of Government conveyed in a letter dated 18th September 1821, and directing all orders for their discontinuance to be held in abeyance.—

Proceedings thereon. Para. 1.

Observations of the Board on the report of the Special Commissioner in Cuddapah on the origin and causes of the insurrection in that District.

In the Month of May 1846. the local Authorities of the Talook of Coil-
coontla in Cuddapah became acquainted with
rumours of suspicious movements on the part of a
descendant of one of the dispossessed Poligars of
that District named Narasimah reddy who was
stated to be parading the Country attended by
a number of armed men and conferring
with the former Military retainers of his
family.— In the Month following he sent
for his Pension or allowance, instead of
attending to receive it in person.— Although
similar applications had sometimes been granted
the Tahsildars in consequence of the above reports
declined

declined acceding to his request on this occasion
and desired him to come himself to the Cutchery
Compliance being evaded, a detachment of Police
was sent to apprehend him.— The attempt was
not successful; Narasimah Reddy at once
broke into open rebellion, plundered the Talook
Treasury and made head against the constituted
Authorities, until the appearance of regular
Troops.— His first success drew numbers of idle
and dissolute characters to his support, but
he was joined by no adherents of any weight
or respectability and only by those of the Village
Militia who had formerly derived their
fiefs from his family.— On his first
encounter with a small party of regular
Troops the whole body of his followers dis-
persed.— He again attempted to make head
in the Mountainous tracts to the East of the
District but without success.— The only
support he received in his last attempt
was from the covert aid of another
dispossessed family / the Owk Zemin-
dars / and a discontented relative
of the Nawab of Bunganapully.— None
of the Cuttoobadies again joined him
and the few persons who did were of the
poorest

Fort St. George 10th August 1848.

poorest and most desperate description.

2. The reports of all the Officers under consideration unite in describing Narasimah Reddy as a man of a moody and dissatisfied temper.— He was the youngest of 3 brothers, representatives on their fathers side of the Poligars of Gyalwada, a District assessed at 30,480—8—5, and this their Mothers, their father having married two sisters, the Daughters of the last Poligar of the Zemindar of Nossum whose Estate was rated at 21,840—8—2 per Annum.— On the Cession of the Bellary and Cuddapah Provinces by the Nizam both these petty Chiefs were deprived of their lands in Common with so many others, who received pensions or allowances varying with the circumstances that led to the resumption on each case.

From Coll.r 15th In C. 25th Apl. 1808.
From Coll.r 13th In C. 22d May 1808.
From Coll.r 10th In C. 23d Sept.r 1822.

To the Gyelwadee family, represented by two brothers was allotted in 1808 a stipend of 70 Rupees a Month, and on the death of the elder, half of this sum (or 35 Rupees) descended to his three sons of whom Narasimah Reddy was the youngest.— Unable to agree with

Fort St. George 10th August 1848.

with his elder (half) brothers, he separated himself from them and claimed his share of the pension.— Contrary to the usual rule this further sub Division was permitted, and burthened with a large family of his own, he set up a separate Establishment on the pittance of Rupees 10—8—0 per Mensem.— The Nossum Poligar on the other hand tho' his Estate was smaller, received the more liberal allowance

From Major Munro 15th In Con.l 29th Nov.r 1802.

of 8323—10—8 per Annum, or 693—9—4 per Mensem, which was enjoyed until the family became extinct in 1821 by the death of the widow of the last Poligar, Narasimah Reddy's grand father. The allowance then reverted to Government and a request preferred by the Gyelwada family in 1830 to procure its continuation in their favour was rejected.— The two elder brothers acquiesced in this decision and have uniformly manifested their submission to the constituted Authorities, but Narasimah Reddy appears to have been unable to reconcile himself to his straitened circumstances.— He is represented as having for some years past led an unsettled life, eking out his small income by

To Govt 14th April 1831.

by Appeals to the inhabitants of the former Estate of his Grandfather, several of whom being heads of Villages and large farmers were not unwilling to contribute to his wants. At other times he sought for service in the Nizams country and at one period was engaged by a dependent of the Banganapilley Nawab. In these precarious circumstances he fell in with a Gosain or Fakeer named Venkiah residing at Akoomulla in the Coilgoontla Talook. It is not clear whether this man was a mere fanatic or one of those disaffected characters who under the cloak of Ascetic observances are too ready to engage in seditious proceedings. This much however is certain, that about a year before the outbreak an intimacy sprung up between them; that the Reddy found a Sympathising listener to the detail of his grievances; that he was encouraged to look to force for the recovery of his rights; that predictions of entire success were confidently pronounced; that he was dazzled by prospects of future greatness and dignity and that his courage was

was fortified by charms against the power of hostile weapons. — A surmise is hazarded by the Special Commissioner and adopted by others that Narasimah Reddy was not the dupe of these representations but merely wished to compel attention by a show of resistance and to purchase the concession of his demands as the price of his Abstinence from mischief. — But the general tenor of his conduct and the concurrent description given of his character are opposed to this supposition. — It seems more probable that a fancied sense of injustice working on a proud and sensitive mind prepared him for the reception of dangerous Counsels; while the contemplation of his poverty and embarassments made him reckless of consequences and the credulity of superstition encouraged him to rely on the success of a trial of strength. — At the very time that these causes of excitement were in full operation, the contumelious treatment of the Tahsildar hurried him into the premature development of his schemes. — There is no evidence whatever to shew that he had any ulterior views. — His Acts were those of a hasty desperate

Note. All the local Officers concur in bearing testimony to the offensive proceedings of the Tahsildar tho' the Special Commissioner

singularly enough draws from them a conclusion the very opposite of that which seems obviously to have presented itself to every one else.— The forbearance shewn to the Tahsildar after he was taken is sufficiently accounted for by the fact of his being a Brahmin and a follower of the same sect or Muttum as the Reddy.—

desperate man who had nothing to lose and was sanguine enough to believe he had much to gain.— This is not the first instance of the confidence of ignorant and misguided men in schemes which could not but end in disappointment and ruin— and it seems unnecessary to impute motives unavowed by the parties themselves and which there is no real ground to suppose had any place in their deliberations.—

3. The preceding observations apply to the personal motives of the leader of the outbreak only, those which induced his followers to embark in the same cause are now to be considered. It has already been stated on the concurrent testimony of all the reporting officers, in which the Special Commissioner fully agrees, that with the exception of certain Cuttoobady Poms, none but the lowest and most worthless characters took part in the insurrection. The participation of the Cuttoobadies has been accounted for by the fact of their hereditary connection with the Poligar family from

Special Commissioners Report— Para 35.

from which the Reddy is descended Mr. Inglis alone not only endeavours to explain their ready adhesion by a reference to some late measures for the improvement of the Police introduced by the Board of Revenue, but is of opinion that it was in fact "the resumption of certain Cuttoobady "Enams" in connection with the above "mentioned plan" "which immediately "led to the insurrection".— He then points out that in December 1848 the Acting Collector despatched a report on the said police arrangements that in the beginning of the following year he requested instructions regarding the disposal of certain Maunyems of deceased Cuttoobadies, that in conformity with the directions of the Board of Revenue under date 28th May 1840. the lands of 23 individuals, all of whom except two had left heirs, were resumed in the month of June, that one of these was an extensive Cavalli Maunyem, that with the exception of four, all the lapses occurred in Koilcoontlak or adjoining Talooks, and that the Cuttoobadies of Goondladoorty, Nossum and other Villages of Koilcoontlak in which such resumptions occurred were the first to take Arms

Para 5. Note. To the same effect he states in another place Para 35. the insurrection was in the first instance solely that of the Cuttoobadies & their friends" and again it is obvious and indeed notorious that the resumption of the Enams under the orders of the Board of Revenue was the immediate cause of the rising in rebellion.—

Arms.— He then proceeds to shew that the origin of the outbreak was simultaneous with these Proceedings, that the rumours of disturbance were first heard in June, that in July these were confirmed by the movements of Narasimah Reddy, that wherever he went the Cuttoobadies turned out to receive him, that the Cuttoobadies sent to apprehend him went over to his side, that on the 10th July the Cuttoobadies summoned to defend the Talook Cutcherry deserted to him on his making his appearance and that the whole body of Cuttoobadies in that neighbourhood were more or less implicated in the insurrection.—

4. The coincidence pointed out between these occurrences and the agitation of the Police reforms lends an air of plausibility to this conclusion. But no other argument beyond this coincidence has been adduced by Mr. Inglis in favor of his view, and the facts stated by the other local Officers not only lend no support to his opinion but lead to a totally different conclusion. Messrs. Scott and Cochrane go farther and express their entire dissent from Mr. Inglis' views.— The former observes that no such

Mr. Scott's report Para 5.

such grievance was brought forward at the time, and that neither he nor his Assistant Lieutenant Ricksell, who was actively engaged in quelling the outbreak, ever heard any complaint on the subject from the Cuttoobadies.— The acting Magistrate of the District Mr. Cochrane, who had certainly equal or rather superior opportunities of forming a correct judgment, declares that the facts of the case are altogether opposed to the Commissioners inference.— He observes that the measures affecting the Cuttoobadies were general, while the disaffection was local and confined entirely to Coilcontlah, Narasimah Reddy's Talook, and latterly to Banganapilly and parts of Kurnool districts exempt from the operation of the obnoxious measure; that of the Total number of Cuttoobadies who joined Narasimah Reddy, not exceeding 300 in all, the Enams of 60 only were liable to resumption on the occurrence of lapses, while of the remaining 240 - 160 were holders of Enam not liable to resumption under the new Police arrangements and the other 79 were included in the number of those whose Enams being considered inadequate were to be raised to the

and indeed notorious" that such grievances were beyond the usual means of redress. The pertinacity with which Petitions are daily brought forward after all reasonable grounds of hope has been extinguished proves that the people are not equally deterred by such motives. They do not even appear to have been more communicative on their trial when all reason for concealment was past. Mr. Inglis indeed states that "many of the "Cuttoobadies admitted indirectly in "their depositions that all that class "were engaged in a common cause". Of the precise value of these "indirect admissions" the Board have no means of judging, but it can hardly be believed that men under such circumstances should have withheld the open expression of their grievances, or rather should not have loudly availed themselves of pleas presenting such an obvious line of defence.—

6. But the Special Commissioner in addition to what he considers the more immediate causes of disaffection adduces others acting more remotely but all according to his view tending to bring about the actual Catastrophe.

Catastrophe. These were 1st. The frequent change of Collectors and 2nd. the postponement of the examination of Rent free tenures.

7. That the first contingency is one which is much to be lamented and which should as much as possible be guarded against, no one for a moment will think of denying but when circumstances have rendered such changes unavoidable and when no specific ill consequences can be shewn to have resulted from them, it is hardly reasonable in the face of other palpable and self evident causes to charge them with such remote effects. In commenting upon these changes the Special Commissioner remarks that Acting incumbents seeking confirmation and permanent Collectors anxious for change must doubtless be desirous to lose no time in recommending themselves to Government by shewing their zeal in bringing forward seeming abuses" in pointing out imperfections of system" and that they must be apt to overlook the rights and feelings of the people" to say nothing of minor evils connected with improper selection of Agency, imperfect supervision and ignorance of language &c.

The

The Board are constrained to observe that these remarks are not supported either by proof or examples, and in justice to the parties affected they must add that neither their own knowledge nor the records of their Office lend any color to Mr. Ingles' assertions.—

8— During the last 13 years the Gentlemen named in the margin have exercised the Office of Collector of Caddapah and tho' there is reason to lament the frequency with which the Office passed from one to the other, the cause for the most part has been the unavoidable one of failure of health in a climate uncongenial to the European constitution and it may be asserted without fear of contradiction that the list comprises

comprises a more than ordinary proportion of men distinguished for humanity and honesty of purpose, some of whom moreover have been eminently noted for ability, conscientious devotion to their duty and a thorough knowledge of the system of administration.— But it seems unnecessary to dwell on a subject which cannot without the most forced construction be brought to bear on the transient events of the insurrection.—

9— The argument built by the Special Commissioner on the question of the rent free Mongeems may be explained in a few words. The thorough investigation into the validity of rent free tenures so necessary to be made in a newly acquired territory was never completed in the Ceded Districts. The amount of such alienations was unusually large and it was notorious that much of it had been surreptitiously acquired under the later native administrations immediately preceding the British, when the Supreme authority swayed successively by the Mysore Princes and the Nizam was largely usurped by petty local chieftains.

Many

Fort St. George 10th August 1818.

Many Enams were held on insufficient titles emanating from no better authority than Village Officers, while others were enjoyed on no authority at all - an investigation involving matters of such magnitude and importance was felt to be beyond the means of the local offices and the prosecution of it has been deferred from time to time. At the conclusion of the survey in 1807 Colonel Munro reporting the extent of Enam lands observed that this ought all to be examined and 5 per % would probably be found liable to resumption - In 1809 the Collectors were called upon to submit the Registers of Enams required by Regulation XXXI 1802 - In 1813 Regulation V of 1813 of the Bengal Code was circulated for the opinion of Collectors regarding its applicability to the investigation of the Enams of this Presidency - In 1825 orders were again issued for the investigation of all Enam tenures and antatra Establishments was sanctioned for the execution of the duty in Bellary - In 1831 Regulations IV and VII were passed defining the tenures of Service and charitable Enams - and in addition to these the question of the impending investigation came under discussion in almost every annual report from

from the Collectorates of the Ceded Districts. No one therefore could plead ignorance of the scrutiny to which all grants of land were ultimately liable, and many must have felt that the insufficiency of their titles would one day or other be made manifest - Meantime measures of precaution were taken to preserve the rights of Government from being unduly sacrificed - But the orders issued from time to time, as circumstances required, has no special reference to the Ceded Districts and were enforced in every Zillah throughout the Presidency - In 1831 Regulation IV was passed for the restriction of all grants of money or revenue made by the British Government to the precise parties and objects for which they were conferred - Act XXI of 1836 - extended the rule to all grants made by preceding Governments which had been confirmed or continued by the British Government - These laws however are little more than dead letters, for the transfers or lapses of Enams were not subjected to examination as they occurred - Provided the lands appeared in the Register as manyums no questions were asked about them, and it was neither

the

the interest nor the desire of the native revenue officers to bring them to notice. In 1845 the Government were pleased to issue orders strictly prohibiting local officers from renewing such grant on the occurrence of lapses, and directing each case to be specially reported for their orders thro' the Board of Revenue; which was followed the year afterwards by a proclamation notifying that adoptions involving inheritance to Enam lands would not be recognized unless concluded at least six Months before the death of the party making them.

E-In. f. 26th April In. Cons. 22d May 1845

E-In. C. 16th March In. Cons. 2d April 1846

The promulgation of these orders led to a lengthened correspondence between the Acting Collector (Mr. Cochrane) the Civil and Sessions Judge (Mr. Inglis) of Cuddapah, and the Board of Revenue, relating to the opposite views adopted by the two former Officers of the bearing of the above orders on the tenures known as Bhuttwartee and Khorata Inamjum. The Board of Revenue concurring in opinion with the Acting Collector that all such grants came strictly within the Provisions of Regulation IX 1831 and the subsequent enactment XXXI 1836 directed him to abstain from bringing forward the question in a general form as he had proposed doing but on the first occasion that should arise of such Cases

lands being made subject to transfer or other alienation from the purpose of the original grant by civil process they instructed him to move the Court and to plead the above enactments in bar of its jurisdiction. Should the Judge refuse to concur in this view he was directed to bring the case by appeal for the final decision of the Court of Sadr Udalut. This course was accordingly adopted on the 31st December 1846 the Collector presented a petition praying that certain Bhuttwartee Enams in one case attached and in another sold in satisfaction of Decrees of Court should be released in the former instance and the sale annulled in the latter, on the ground that they were assignments of Land Revenue for charitable purposes and came under the description of grants specified in Regulation IX 1831 extended by act XXXI 1836 and consequently by under section III as amended by Act XXIII 1838 were not liable to attachment in satisfaction of any decree or order of the Court.

Note This Step appears to have escaped the recollection of the Special Commissioner See Para 12 of Mr. Inglis's report.

10. The Court of Sadr Udalut in their Proceedings of the 24th January 1848. justly observe that this reference involves the decision of the general question whether

Bhuttwartee

Fort St. George 10th August 1848

Bhutwuntee Enams from their origin and for the purpose for which they were bestowed were not of the class of grants contemplated by the provisions of the Law above referred to, in other words whether they are or are not of the nature of Charitable allowances and the conclusion at which the Court arrived is that they are - They "concur entirely in the view recorded by the Revenue Officers and declare that Bhutwuntee Enams are consequently excluded from the jurisdiction of the Courts." The Proceedings of Mr. Inglis were accordingly overruled, the sale of the Enam out of which the reference arose was cancelled and the attachment of the other withdrawn.-

11. After the preceding explicit exposition of the law by the highest Judicial authority it is unnecessary to dwell on the deprecating notice of the Collectors arguments and the lengthened exposition of his own views by the Special Commissioner with which he has occupied so large a portion of his report.

12. The question of the future policy to be pursued in disposing of the Ceded Districts Enamums is a matter for consideration hereafter. It is sufficient to observe now that the orders of Government in dealing with it, have on every

Fort St. George 10th August 1848

every occasion been marked by the greatest liberality, and that the Board of Revenue have been unable to discover a single fact or valid statement in support of the assertion of general insecurity and disaffection in connection with the pending enquiry so strongly depicted in Mr. Inglis's report Not a single representation is quoted by him as having been made to the local authorities expressive of the universal alarm, not a petition on the subject have been presented to the Board of Revenue nor have any such addresses been referred to this Office by Government, which they assuredly would have been had they been received - If the Board were disposed to follow Mr. Inglis's example in judging from inference only, they might with more reason argue in favor of the satisfaction with which the Enamdars must have regarded the permanence and security conferred on their property by its exemption from ordinary process under the late dictum of the Sudr Udalut- This exemption, it is important to remark, is the sole condition to which an Enam is rendered liable by being declared to fall under Regulation IV - 1831. That enactment while it changes the tribunal by

by which claims of succession to certain classes of Enams are cognizable, contains no provisions for their resumption and makes none reasonable that were not so prior to its being passed. Its object, indeed, as shewn by the preamble, is rather to secure and confirm Enams to their rightful owners than to subject them to Registration.

13- The last point on which the Explanation of the Board is required is the interference with the Cuttoobady Enams occasioned by their orders of 28th May 1840. in screening opposition to the wishes of Government conveyed in the letter of the 18th September 1824 Para 32. In replying to this call it will be necessary to go back to the commencement of a protracted correspondence on the state of the Police in Cuddapah, the inefficiency of which has constantly challenged observation for the last 15 or 20 years. The attention of the Board of Revenue appears to have been first prominently called to the subject by an Extract Minutes Consultation dated 15th November 1836. transmitting for their consideration

In 1/2 Dec. 1836-

Ex-Pro. Foujdary Adalut 15th August 1836 N. 167 P 22 @ 25

Consideration certain Proceedings of the Court of Foujdary Adalut on the general state of the Police of several Districts. With reference to Cuddapah the Court observe that the larger number of crimes of which the perpetrators have eluded discovery, continues to be as remarkable as it had been for some time previously, and a special report on the causes and remedy of this state of things received from the Acting Magistrate Mr. J. A. Casamajor, is then brought under review. Mr. Casamajor attributes the evil mainly to the combinations between zamindars of robbers and the Cuttoobady Peons, and sometimes even the Reddies "or head men of the Villages robbed" a state of things which he considers peculiar to Cuddapah. He describes the Cuttoobadies as a class, numerous, unequally distributed, ill remunerated, deriving support from small patches of over assessed land often so unprofitable that many would gladly resign their Enams on condition of being relieved from service. It is he proceeds "the unanimous opinion of the best informed Natives that every gang robbery and House breaking that is committed is instigated and assisted by these Cuttoobadies

Cuttoobadies, that they are in league with all the Gangs of robbers in the Zillah, with those in Mysore and Bellary and that they are likewise connected with numerous receivers who dispose of the plunder and share in the booty.

11. The condition and prospects of this class of individuals was accordingly made the subject of examination by the Revenue Officers. Mr. Blane the Collector in 1839 in reply to a reference from this Office transmitted a copy of his annual police report, in which after stating that it exhibits a very great increase in the number of the graver species of crime aggravated by the prevailing scarcity, he observes in a subsequent para "Gang robberies are now reported to me almost daily and I must confess myself fairly baffled as to the means of suppressing them." Although not altogether concurring in Mr. Casamajor's general opinions Mr. Blane in his communication to the Board addresses himself more directly to the state of the Cuttoobadies. He shews that they amount in number to 16,991 persons that their Emans are rated to yield Rupees 346153 per annum

From Cuddapah 25 August to 28th October 1839.

annum affording a monthly average income of 1-11-2. for each individual, but that in fact this valuation was considerably exaggerated so that the actual average emolument did not exceed 1 Rupee a month and that very unequally divided, some receiving more others less, and even this frittered away by subdivisions among the different members of the family. It could not be matter of surprise that such an inadequate provision should render them prone to engage in crime, but if properly remunerated they might become an efficient body of police, particularly the Gangs, Cuttoobadies or Military retainers of the old Poligars whose tenure bound them to serve for the preservation of the peace, but the extra expence to make up the lowest adequate pay reckoned at 23 Rs per annum would amount to 2,03,892 Rupees per annum. It was further proposed by Mr. Blane to dispense with the services of 6,437 of these Peons altogether, and to retain the remaining 10,554 only on the improved footing, but an entirely new local distribution would be required, some talooks being without any, whilst others had far more than

than a due proportion. Further representations of

Proc. Fouzdary Udalut 20 Sept. 1838 -
From Government 4th January
In Cons. 7th February 1839
Proc. Fauzdary Udalut 21st June 1839
From Government 16th July In C. 1st Augt 1839
To Collr. Cuddapah 1st Augt 1839 -

the insecurity of the District were afterwards repeated by the Joint Magistrate in charge (Mr. Cochrane) and the necessity of some remedial steps being taken was again urged by the Fouzdary Udalut in forwarding the last half yearly returns of 1838 - and the first and second of 1839 on both of which occasions instructions were issued to this Office to devise means for abating the evil - The attention of the Home authorities had likewise been attracted to Mr. Casamajor's report above noticed and surprise was expressed that nothing had been done in consequence -

From Govt. 13th Decr. 1840 forwarding Handle Court's Despatch of 19th February 1840 No. 2 - In C. 28th Jany. 1841.

15 The result of the consideration given to the subject of the Board is recorded in their Proceedings of the 16th July 1840 - They observe that the evils to be remedied are

1st The insufficient remuneration of the Cuttorbady Police
2nd Their excessive number
3rd Their unequal distribution.

The principal remedy (as subsequently modified) suggested for the first, was that of reducing the quit rent of a certain number of the

the peons so as to provide for the organization of an efficient body of police in each Village with the option to the rest of being transferred to other Villages on a higher scale of remuneration or of resigning their lands and liability to service together. But unless the latter alternative should be adopted to some extent, it was feared that their number could not be materially reduced and the Board expressed their unwillingness to recommend any measure for resuming or curtailing privileges which had been so long enjoyed -

16 - These views with the subsequent communications from the Collector were submitted to Government with their Proceedings of the 7th June 1841 and on the 26th January following the Right Honorable the Governor in Council was pleased to express his approbation of the Course therein recommended

From Coll. 19 Sept. In. 22nd Oct. 1840
To Govt. 7th June 1841
From Government 26th January In C. 17th February 1842 -

17 - Meantime the Fouzdary Udalut continued to press on the attention of Government the necessity of adopting early measures for the security of person and property in Cuddapah and the attention of the Board was specially called

called to the subject by Extract Minutes
In L 13 Jany 1842 consultation of the 27th December 1841 The Court
of Directors likewise recurred to it in a
despatch bearing date 30th November 1842 No 17
F. Govt to Court observing that the inefficiency of the Cuddapah
2d Feby 1843 Village police was "an acknowledged fact
which called for immediate remedy" the
To Govt 23d Feby 1843 forwarding the Colrs Board stated in reply that they were in
letter of 9th Sept 1842 daily expectation of receiving information
To Colr 23d Feby 1843 from the Collector regarding the specific
arrangements for the improvement of the
Cuttoobah police which had been some time
in progress, agreeably to the outline of the
plan formerly submitted by them which
had received the approval of Government
18. The Report of Mr Arbuthnot
From Colr 12th inst 30th March 1843 here alluded to was laid before the Government
with the Boards Proceedings of the 12th October
1843. They observed that that portion of
it relating to the question immediately
under consideration was confined to a full
statistical return of the numbers
and the present and proposed
emoluments of the Cuttoobadies, but
that the principal object that of their
organization

organization and distribution as a more useful
Police force was altogether overlooked. The
Board therefore required three additional
Statements; the first shewing the number of
persons to be retained on an annual al-
lowance of not less than 23 Rupees 10
Annas; 2d The number of those consenting to
be transferred to other Villages on a like
Amount of pay and 3d the number of those
who not coming within either of the former
Cases should be relieved from service and
allowed to hold their Maneyms during their
lives when they would lapse to the state.
They added that both on grounds of economy and
with reference to the inefficiency of a Police
force constituted like the Jungle Cuttoo body
they considered it desirable to restrict the
number of those permanently retained upon
the improved footing within the narrowest
possible limits.

Exd. M. Consn 21st in Consn 30th Novr 1843. 19. In reply the Most Noble the
Governor in Council resolved before coming to
a final decision to await the result of this
additional information, and the Board in
submitting it were at the same time required
with reference to their Statements of the
unfavorable

unfavorable condition of these tenures to con-
=sider "whether the employment of the Cut-
"=too-badey peons in the General Police of
"the District was in itself a desirable
"measure" or whether a more effective and less
"costly police force might not be eventually
"created by placing the hereditary Village
"police alone, as in other Districts upon a
"stable and proper footing" - Agreeably to this
Board's Cos. 3 Dec. 1843. view the Collector was further requested to
furnish a statement of the details re-
=quired to carry out the latter suggestion
also together with an estimate of the ex-
=pense, it being "presumed to be the inten-
=tion of Government that the Sungi
"Cuttoobady should be at once relieved
"from all liability to render Service or
"that duty be required only of those who
"are at present in the enjoyment of suffi-
=cient emoluments, and that the Enams of
"all be resumed as lapses occur."-

20. The Collector's return to this
In Cons. 2 Feb. 1846. call was not received until 16th December
1845.- Mr. Cochrane shewed as regarded the
points first referred for his consideration that the

the true number of Cuttoo-badies exclusive of
Co. sharers was 1756 of which it was proposed
to retain 1099 to provide a clear income of
23-10 for whom would involve a charge of
Rs. 64738. a against which was to be set the value
of the Enams of those, 557 in number, who had
557 persons Enams valued at 2685-6-2 averaging 17 Rs. Each. voluntarily resigned and of those whose
service not being required would only re-
1410 ..... 16928 = tain a life interest in them, Amounting
averaging 12 Rs. Each to 30984-5-7. leaving a Net annual charge
to be provided for of 33753-11-5. The intention
of the other proposition suggested by
Government was overlooked by Mr.
Cochrane and his reply therefore does not
bear on the object proposed.-

21. Shortly after the receipt of
the above papers and whilst they were
From Coll. 30 Apl. In Cons. 28 May 1846. still under consideration Mr. Cochrane re-
=ported the death of 5 individuals in the Doora
and Summul Mudagoo Talooks among
those whose Enams he had proposed
in his report to consider as life tenures
only, and asked for instructions whether these
were to be treated as lapses or to be made

over

over conditionally to the next heir with the understanding that they would be subject to such general measures as should be eventually ordered. In reply he was directed to charge the land with the regular rate of Assessement less the usual remission giving the next heirs the option of retaining it on these terms and keeping the difference (where there was any) between the former quit-rent and the Ayen Assessments in deposit until the general question was finally settled.

Board's Proceedings 28th May 1810.

22 Mean-time the disturbances connected with Narasimah Reddy's proceedings broke out and the further prosecution of the police reforms was suspended.

23. Such is an outline of the Proceedings of the Board of Revenue as regards the reform of the Cuttoobady Police. It will be observed that the measure did not originate with them but arose out of repeated and pressing representations of the Judicial Officers referred to this Office by the Government both in India and in England. They were thus called upon to provide a remedy for evils which every concurring testimony represented as originating in the lawless and disloyal conduct of a body of men holding landed possessions by

by the very tenure of maintaining the efficiency of that Police against which they were themselves the most notorious offenders. On similar and even on less pressing occasions in other Districts no hesitation was evinced in superseding such effete and unsuitable institutions by the Establishment of a more effective Agency. Thus the whole of the Cowelly Police machinery has been swept away in repeated instances some of them of very recent occurrence and with a very moderate Compensation to the present incumbents sometimes even with none at all on the plea that the Government would provide for the public safety by a different description of force. In South Arcot the entire Cuttoobady Enams comprising an extent of 8229 Cawnies dry and 1760 Cawnies wet land held

From Mr. Ravenshaw 8th inst. 18th Sept. 1806.

To Govt. 25th Sept. 1806. Para. 15 @ 20.

From Govt. 1st Nov. Ad. 1 Dec. 1806.

on condition of Military and Police services were formally resumed on the ground of such duties being no longer required, the lands being continued for life subject to a quit rent equal to half the Sirkar assessment on the adjoining land. No reason was apparent why the same description of functionaries should be viewed in a different light in the Ceded Districts and the Board when ordered to provide

the

the means for correcting acknowledged and crying evils, saw no objection to the extension of a policy which had been repeatedly approved and adopted elsewhere. The Special Commissioner refers to Colonel Munro's Police Report of the 10th April 1806 p: 15 in regard to the Cauvlgar and Cuttoohaly tenures of the Ceded Districts, but so far from bearing out his opinions they lead to a directly opposite view "Neither the great nor petty Cavilgars" it says "can now be regarded as Police Officers. The former are all pensioners receiving allowances in land or Money from Government not for services to be performed but merely to induce them to live in quiet by leaving them no motive to plunder for a subsistence. The petty Cavilgars are also on the same grounds permitted to enjoy their allowances, but no useful service is or can be got out of them. They are the remains of a race of men who have always been dangerous to the tranquillity of the Country. It is therefore better that Cavilgars of every description should be regarded as pensioners from whom no service is to be exacted, and that their lands &c. should be gradually resumed on the failure of

Mr Lushington's Report p. 29.

From Col. Munro 10th April 1806 p. 15. Ind. Selec. Vol. III p. 220. Para 15.

From Major Munro. 20th March in C. 15th July 1802.

of heirs. "In another place he states that all the Cavilgars are either themselves robbers or employ them; and many of them are murderers and tho they are now afraid to act openly there is no doubt that many of them still secretly follow their former practices. He had on a previous occasion made equally unfavorable mention of them. "At present it is among the Cavulgars (i e the Poligars) Proms that almost all thieves are sheltered, for it is to that body that all the most skilful adepts belong who therefore rob as it were under public authority. Though they are always suspected when a robbery is committed it is difficult to fix it upon any individual of the gang not only from the dexterity in finding discovery which they have learned from long practice but also from the dread in which the inhabitants stand of them." Similar Statements are found in the Report of the General Police Committee of the 24th December 1806. where after describing the tenure of "Kuttpuddy" in the Northern Circars and observing upon the rarity of the Crime of theft where it obtains. they go on to say "that

gang

Gang robbery committed by that very description of persons who formed the Military dependants of the Zemindars is much more prevalent and may be ascribed to their want of employment under the present system and to the idle habits in which they have been brought up." That the character of this class of persons has not improved by the lapse of time has been made apparent by the circumstances out of which the present correspondence originated. The measures proposed by the Board for the correction of the excesses which defied the efforts of the Police in Cuddapah were dictated by the same policy which had been approved and enforced under similar circumstances. They were fully reported from time to time and no objections appear to have suggested themselves until the reception of Mr Inglis' Report.

24. It only remains to explain the reference made in Extract Minutes Consultation

In Cons. 25th March 1847. 2d March 1847. to the former orders of Government

In Cons. 24th Sept. 1821. under date 18th September 1821 regarding the hereditary tenure of Cuttoobadi Cranes. That order arose out of the power assumed by the Collector to attach or discontinue such grants at

at his discretion without reference to superior authority. In the instances brought to notice the parties so dealt with were individuals of notoriously bad character who had either connived at Crimes themselves or had forced the peaceable inhabitants to purchase relief from molestation by the payment of gratuities. The proper remedy for such abuses was to bring the Culpable parties to justice but in the Absence of sufficient proof the Collector took upon himself to remove them, after which he proceeded to dispense with the services of others against whom no such Charges had been brought simply on the ground that they were unnecessary and no longer required. Most of these Cases occurred in the pollem of Chittoor regarding which Colonel Sir Thomas Munro had prescribed the adoption

Jud. 2d July 1801. of such a line of policy in a letter dated 22d June 1801. Para 5th. It appeared to the Board that the orders issued by Government on this occasion referred only to the irresponsible power then assumed by the Collector and that they were not applicable to a course of policy devised by them in obedience to the

the requisitions of the highest Authorities, the details of which were fully discussed in communication with Government and submitted as a measure the general adoption of which was necessary for the security of that part of the Country.-

From the Chief Secy to Govt (Communicating) Extract from the Minutes of Consultation, under date the 29th July 1848. No. 3014.

Read the following letter.

From J. F. Thomas Esqre Chief Secretary to Government, Fort St. George.

To The Commissary General, Madras.

Sir,

I have the honor to acknowledge the orders of Government upon a Communication from the Revenue Board, suggesting that certain Elephants may be transferred by the Principal Collector of Coimbatore to the Commissariat Department.-

2- I beg respectfully to state for the information of the Right Honorable the Governor in Council that three Elephants (supposed to be Eleven in number

Copy of a letter from the Commissary General and under the representation therein made directing that the 11 Elephants retained by the Pr. Coll.r of Coimbatore until Employment or purchasers be found for them.-

+ No. 281 of 19th July 1848.

number) are not required by the Commissariat, and that their training and former employment would rather incapacitate them than otherwise for the usual work of this Department. Mr. Stroughton's proposal seems to me the best under the circumstances of the case that could be made, and I therefore suggest that he should be requested to retain these Animals under his own superintendence as before, until employment or purchasers may be found for them.-

Commissary General's Office, Madras, 24th July, 1848. (Signed) A. Sullock, Colonel Commissary General

As the Elephants alluded to in the above letter are not required by the Commissariat Department the Government direct their retention by the Principal Collector of Coimbatore until employment or purchasers be found

found for them.

/Signed/ J. F. Thomas
Chief Secretary

Order thereon.

(4-5) Ordered to be communicated for the information and guidance of the Principal Collector of Coimbatore with reference to the Board's Proceedings dated 24th Ultimo.

(6) Read the following Extract.

From the Secretary to Government. Observing that the survey of the Neilgherries has been completed and that over the Koondah Hills will take place after the rains containing instructions for perusing the Manual submitted by the Board in Dec. 1843 prescribing the conditions on which land on the Neilgherries is to be held and desiring the Board in communication with the law Officers of Govt. to have a lease drawn up for adoption on the Hills.—

Extract from the Minutes of Consultation, undated the 13th May, 1848. No. 806.

Read the following letter from the Secretary to the Board of Revenue in the Department of Public Works.—

/Here enter 3d April 1848. No. 292/

Para 1. Resolved that the survey of the Neilgherries received with the foregoing letter be transmitted to the Chief Engineer in view to a copy being made for record in this Office, and an additional Copy for the use of the Local Officers.—

2. Resolved that the survey be prosecuted over the Koondah Mountains as proposed by Captain Ouchterlony after the rains.—

3. Resolved that the Board of Revenue be requested to have a sufficient number

number of Copies of the Memoir printed for the use of the Public Officers and for transmission to the Honorable Court.—

Required for Government Office. . . . 10 Copies
For transmission to Honble Court. . 10 "
For the Supreme Government, the Governments of Bombay and Agra. . . . . } 10 "

5. Resolved also that the Board of Revenue be requested with reference to the information furnished by the present survey and Memoir, and with special reference to the correspondence that has taken place on the subject again to give consideration to, and if necessary revise and adapt to present circumstances the "Manual" submitted with their Acting Secretary's letter of the 24th December 1843, prescribing the conditions on which land is hereafter to be granted for Building or for Agricultural purposes on the Neilgherry Hills.

6. The Honorable Court of Directors having noticed in their Despatch of the 17th June 1845 No. 15 Para 26 that this Manual is founded upon the instructions communicated by them and is objectionable in its provisions, Resolved that the following further observations which it occurs to the Government to record in respect

'Extract Mins: of Cons: 12th September 1843 No. 999.
From Board of Revenue 19th Oct. " " 519
Do. . . . . 14th Dec. " " 615.
From Honorable Court 17th June 1845 No. 15
Para 25. 26.

respect of the proposed Rules be communicated for the information and guidance of the Board of Revenue.-

Manual para 4

7. In making the divisions of the lands on the Hills for the purpose of being leased out, not only should the boundaries of the Villages, Munds, &c. be followed, but due regard should be had also to the customary use or distribution of water.-

8. The Board will not overlook the observations of the Honorable Court in para 25 of their Despatch of the 17th June 1845 No. 15 "that the settlers on the Hills are "entitled to use the water flowing in or near "their lands subject of course to the usual "control of the revenue Authorities so as "to prevent one cultivator from engrossing "water to the prejudice of another and "to ensure to all a fair and equal pro-"portion of this necessary element of "Cultivation".-

9. It is presumed that the lots intended in para 6 of the Manual to be put up at an upset price will be dis-posed of in this manner only an applica-tions being received, as indicated in para 3 of the Board's letter of the 14th December 1843, and that all lands for

for which applications may be preferred will in the first instance be advertised.-

Para 6 10- The proposition to put up the lots at an upset price is approved, as well as the suggestion regarding the duration of leases for land taken up for agricul-tural or Building purposes.-

Para 15. 11. In specially exempting springs, streams, rivulets &c. from Leases, the Board of Revenue would appear to have overlooked the necessity of providing for the preserva-tion of the woods on the Hills, by which those springs can be maintained.-

12- The proposition in the letter of the Board dated 14th December 1843 to furnish certain Officers with the manual is approved, but it is indispensable that a Copy should be lodged with the Commanding Officer on the Hills for public convenience and reference.-

13. The Board of Revenue will in communication with the Company's Law Officers have a Form of Lease drawn up for adoption on the Hills.- Letter Para 5.

14- The Rules having special reference to the Neilgherry Hills having been more particularly adverted to, resolved that the attention of the Board of Revenue be

be drawn to the orders of the Honorable the Court of Directors communicated in Para 47 of their Revenue Dispatch dated 3d July 1844 No. 17, in which they direct the preparation of an enlarged Manual applicable to the Presidency generally.- The Extract Minutes of Consultation 8th October 1844 Para 24 conveyed these orders to the Board, and the Government think that as the Manual is to be submitted to the Honorable Court for their approval in the first instance, no further time should be lost in complying with the requisition.-

Ex: Mins: of Cons: 27th March 1847 No. 223

15- The orders directing the Board to abstain from submitting application for the occupation of Lands on the Hills until the Survey was completed will now cease to have operation, and the Board are requested to receive and dispose of applications for grants and define those already existing. Their attention

Ex: Proc: Bd of Rev: 10th May 1847 No. 291.

is also called to the order of Government 18th May 1847- No. 588.-

16- The Board of Revenue will be pleased to convey to Captain Ouchterlony the expression of the approbation of Government at the able manner in which he has hitherto conducted the Survey.-

To The President & Members of the Board of Revenue.

/ A true Extract /
/ Signed / H. B. Montgomery
Secretary to Government.

Order thereon.- Ordered to be brought forward at a future day.

(8)

From the Secretary to Government Communicating observations and orders on the Proceedings of the Board relative to the settlement of Land Revenue in the District of Rajahmundry for Fusly 1256.-

Extract from the Minutes of Consultation, under date the 27th July 1848.-

Read the following Extract from the Proceedings of the Board of Revenue.

/ Here enter 29th May 1848 No. 281)

Para 1. The season of Fusly 1256 in the District of Rajahmundry was upon the whole good, particularly for wet crops which the Collector states failed only in some Villages in Cotah and Ramachendrapooram. Prices maintained a high rate though in some cases they were lower than in the year preceding. In the Sub Collectors division they are stated to have been "sufficiently remunerating for a punctual realization of the demand", and it is satisfactory to observe that the Collector says "The Ryots in general derived "the full benefit of these" / high / "Prices the "demand for exportation having occurred at the "time when their heaviest Kists were due, and "while they were cutting their crops."

2. The number of Government Villages has been increased by the annexation by purchase during the past Fusly of the Zemindaries of Cotah and Ramachendrapooram. Of the 602 Villages now composing the Government Estates, it is satisfactory to observe that 559 were

Fusly 1255 — 536
Fusly 1256 — 602
Increase in 1256 — 66

were rented in Fusly 1256. and that the number of Villages in which the settlement is formed on a division of the Produce is reduced to 5. The number settled on the Veesabuddy system was 38. In each of the three descriptions of settlement an increase over the settlement of the year preceding is exhibited. The total demand on the Government Estates for Fusly 1256 amounted to Rupees 10,36,349-11-8. inclusive of quit rent and Cuttoobady, Tax on Palmira Trees, Poolary and Tax on Ryotes cultivating maniam Lands. This amount also includes the revenue derived in Fusly 1256 from Cotah and Ramachendrapooram amounting to Rupees 1,30,462-5-5, and exceeds the demand for the year preceding on the same items by Rupees 48,594-8-5, but it still falls short of the permanent assessment by Rupees 82,993- or 7 1/3 per cent. In 4 Estates however the settlement exceeded the permanent assessment in proportions varying from 4-10-4 per cent to 19-6 per cent.

3. The progressive improvement in the Woondy Talooks

noticed

noticed by the Sub Collector resulting from the attention that has of late years been given to the irrigation of its lands is very gratifying. The decrease in the collections calculated on an average of the six years from 1833 to 1838, below the permanent assessment was 53-10-8 percent. The Collections of Fusly 1256 reduces the decrease to 26-14-3 per cent and with this improvement in the Revenue "the People" says the sub-Collector "have advanced in wealth and "independence beyond the Ryots of other "parts of the Province." In the 6th Para of their Proceedings the Board notice that the commutation price in Villages held on Shave was properly regulated by the Sub Collector with reference to the actual rates obtained by the Ryots for their produce. If it is to be inferred from this that this just arrangement did not extend beyond the Sub Collector's division the Board will instruct the Collector to adopt in future settlements the course pursued by Mr. Forbes.

Collections. average of 6 years Rs. 69,148-9-5

Fusly 1256 Rs. 1,09,109-5-6

4. It does not appear from the report or statements accompanying what

what portion of the aggregate demand of Land Revenue amounting to Rupees 18,25,827-1-10 was collected within the Fusly. At the end of February the balance under the head of Permanently settled was reduced to the small sum of Rs. 454-1-10 a p and in Government Estates to Rupees 15,505-1-3 of which it is stated Rupees 11,737-2-3 appertain to Cotah and Ramachendrapooram lately added to the Government Estates, being about 9 percent of the demand. A large portion of this balance it is stated must ultimately be remitted as irrecoverable. On the other Estates the balance is in the small proportion of about 6 annas percent of the demand. The Governor in Council notices the very punctual realization of the Revenue in the Sub Collector's division and the satisfactory results of Mr. Farbes management. He notices also the favorable mention made by the Collector of Messrs. Knox and Masters.

15,505-1-3
11,737-2-3
3,767-15-0

5. The Governor in Council trusts that great care has been taken in testing during

during Fusly 1257 the population accounts which the Collector has submitted with his report. They exhibit results which if approximating to accuracy prove that the accounts of previous years were exceedingly erroneous.

6. Out of the arrears of Fusly 1254 and 1255 amounting to Rs. 69,400-0-4 the small sum of Rupees 3,563-12-4 is reported to be recoverable. The remainder Rupees 56,836-4-0 the Board recommend for remission. Of this latter amount Rs. 45,639-1-4 a p is said to be due by poor Ryots and Rs. 8970-12-2 by those who have deserted. The Right Honorable the Governor in Council presuming that the accounts of the Collector have undergone a strict scrutiny by the Board, and that they are fully satisfied that these large sums are due by Ryots unable to discharge the demand against them, resolves to sanction the writing off in the accounts of the Collector of Rajahmundry of these irrecoverable balances amounting to Fifty Six Thousand, Eight hundred and Thirty Six Rupees, and four annas.

In

In the Extract Minutes of Consultation under date 2nd December 1846 the attention of the Board of Revenue was directed to the mode in which the annual reports of the Collector and accounts accompanying were framed. It does not appear from the present report that any improvement in this respect has been yet effected, and the Right Honorable the Governor in Council again desires the Board's consideration of the subject.

To The President & Members of the Board of Revenue.

/ A true Extract /
/ Signed / H. Co. Montgomery
Secretary to Government.

Order thereon.-

(8-9)

Ordered to be communicated for the information and guidance of the Collector of Rajahmundry with reference to the Board's Proceedings dated 29th May last.-

2 Mr. Prendergast's attention is called to paras 3 and 7 of the foregoing Extract from Minutes of Consultation, and to Paras 16 and 17 of the previous orders of Government on the same subject dated 2nd December 1846.- He will observe that specific rules are laid down in the

the Board's standing orders of 13th July 1826 regarding the preparation of the annual Summahbundy &c. Reports, and to which his attention is especially drawn.

(10)

From the Secy. to Government

Granting authority for the payment to Kristna-=-nanaid and Mungammal during their lives of a money allowance of Rs. 44-2-5 in lieu of the shares held by them in the Cavelly Enams in Maumundoor and in the Tripulty Taloob of Nortn Arcot subject to no deduction for the maintenance of the Cuttoobady Peons.-

Extract from the Minutes of Consultation, Under date the 1st August 1848.

Read the following letter from the Secretary to the Board of Revenue.-

(Here enter 8th July 1848 No. 346.)

Para 1. The Right Honorable the Governor in Council grants authority for the payment to each of the two surviving Cavilgars, Comara Kistnama Naid and Mungummal during their lives, of a money allowance of Rupees / 44-2-5 / Forty four, annas two, and piece five per mensem, in lieu of the one fourth share respectively held by them in the Cavelly Enams in Maumundoor and other Villages of the Tripulty Taloob, the resumption of which was sanctioned under date the 10th January last.- The payments will commence from the period at which the measure was carried into effect, and will be subject to no deduction for the maintenance of the Cuttoobady Peons,

Minutes of Cons. No. 32.

Peons, who, it is observed, have Enams of their own distinct from those of the Cavilgars.

2. On the occurrence of a lapse the circumstances of the family will be reported for the consideration and orders of Government, with a view to the continuance of such reduced sum as may be necessary for their support.

E. E. Do

Signed T. V. Stonhouse
Accountant General

11340 V22 Fort St. George 10th August 1848.

Order thereon. Ordered to be brought forward at a future meeting.

(18-19) Read the following letters.

To. T. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George

(20) From the Coll. of Ganjam — Sir,

Replying to the Board's Circular requesting information of the effect of trees on the climate and productiveness of the Country and the result of extensive clearances of Timber.

I have attentively perused the papers which accompanied your Circular letter of the 15th November last, respecting the effect of trees on the climate and productiveness of a Country or District, and the results of extensive clearances of Timber, and I have also made due enquiries connected with the subject as relating to the local peculiarities of the Ganjam District.

2— In reply to this communication, I beg to state that, within the memory of the present generation, there has been no extensive clearance of wood effected in any part of this District, and that in consequence no actual data or information here exist to afford grounds for forming a practical opinion, as to the effect produced by the removal of trees from large tracts of Country, and any speculative

and

11345 Fort St. George 10th August 1848.

and general observations on the subject in question, from me, would be valueless, and seem also to be uncalled for.

3. The desultory hoe cultivation that is temporarily carried on by the Hill races on the sides of, and in the vallies between the lower ranges of Hills in this District, it is to be remarked, has scarcely any effect towards removing the jungle, for by the partial manner in which these people are in the habit of clearing the underwood in preparing to sow their scanty crops, they do not take the trouble of eradicating the roots, and reclearing the ground thoroughly, and as they usually abandon the spot after obtaining one or two crops from it, the Jungle soon springs up again, and becomes, in the course of a few years, as thick as it had been previously.

4. The primitive forests of the extensive ranges of mountains lying between the Ganjam District, and the Nagpore Territory, a great part of which is still unexplored, remain as

untouched

untouched, although abounding with fine Timber of a large size and good quality; and these almost unlimited resources, owing to the great distance first and difficulty of conveyance to places where the article could be made available, are of little or no value. These tracts are known to be inhabited by wild independent tribes, and to be extremely unsalubrious at all seasons, and no attempt has hitherto been made to work the forests with commercial objects. Under these circumstances no restriction has ever been imposed by the Officers of Government here in respect to the felling of Timber, and no measures appear to be now called for, in view to the protection of the Woods and Forests in this District.

V

From the Collector of Ganjam.

Replying to the Board's Proceedings requesting that Collectors would review their explanation afforded by them on the subject of the production and Consumption of Sugar in their Districts.

I have had under my consideration the observations contained in the Extract of the Proceedings of the Board of Revenue under date the 23rd December last, on the subject of the production and consumption of Sugar in the several Districts of the Madras Presidency, and having instituted further and minute enquiries upon the two points that have more particularly attracted their attention, I beg leave to submit to the Board the following explanatory remarks, in reference to my former report on this subject.

2. The Board have observed upon the considerable variation that appears in the informations they have received from the different Collectors, as to the produce, in cash Jaggery, supposed to be yielded by a given extent of land, but there is no doubt that the productiveness of the Sugar Cane, as well as of all other kinds of crops, influenced by climate, the nature of the soil, the means of irrigation, and many local peculiarities, varies

Fort St. George 10th August 1848.-

varies widely; not only in distant districts but even in adjoining fields according to the system of agriculture pursued, and the quantity of manure and degree of labor and care bestowed thereon by the Cultivator, and, any uniform amount of Produce that may be assumed per acre for a whole Collectorate can only be regarded as an average approximation to exact results: as regards the Ganjam District, I do not, on full consideration, find reason to modify the estimate of the produce in crude or Jaggery, per acre, Viz.t 125 Maunds, of 24 lbs each, adopted in the calculations submitted with my letter of the 8th February 1847. The general results of the numerous returns and multifarious data and information I had then before me, would have warranted a somewhat higher estimation of the productiveness under canes cultivation of land of medium quality, but I thought it right to make an allowance for the canes that are necessarily required to be reserved as cuttings, and felt desirous of keeping the estimate rather below than over the actual average. Ganjam, it may be added, has long been famous for the

Fort St. George 10th August 1848.-

the fertility and highly saccharine properties of its indigenous cane, as well as for the superior quality of the Sugar produced by the native manufacturers, and there seems good grounds to believe that the produce yielded per acre here is rather higher than in most of the other Madras Districts.

3. With respect to the local consumption, which, as regards the three Northern Collectorates, is given in the Table inserted in the 3rd Para of the Board's Proceedings, I beg to observe that I do not precisely know by what process the average per head in Ganjam, therein entered Viz.t 8 lbs 3 oz 7 dr has been obtained. It does not correspond with my calculations, and is, I apprehend, too high. The present population of the entire Ganjam District, I take at 600000 souls, and the whole quantity of Jaggery consumed within its limits, being estimated, from other data, at 150000 Maunds, gives an average consumption per head of exactly 6 lbs which corresponds with the opinions of well informed persons whom I have consulted as to the consumption, and with what I have learnt regarding the various modes in which this article is largely used by

by native families. In my former communication it was explained that the local consumption had been assumed with reference to the returns, I had obtained contrasted with the computed population of the District; and intimated that I had revised the last census, taken about 15 years ago, and admitted at the time to be extremely defective, by including portions of the District formerly omitted, and making a small allowance for increased population. In Mr. Ogilvie's letter of dated the 30th May 1837, forwarding the return of the population of Ganjam alluded to, he mentioned that it was very imperfect; and indeed it did not include several of the principal Hill Zemindaries of which he had not succeeded in getting any returns. From most of these, accounts were subsequently obtained which combined with the former returns gave a total population of 588,000; to this an increase of 17,000 was added by me for errors and omissions and increased population during the last fifteen years, raising the total of census to 600,000 souls, - which I conceive a proximation to the present number of the inhabitants of the Ganjam District.

Ganjam District,
Collector's Cutcherry,
Chetterpore, 28th July, 1848.

(24)

From the Coll. of Ganjam

Forwards accounts of the Extra Sources of Revenue of this District for Fusly 1255 and 1256 with Causes of variations in the same.

Sir,

Para 1. I have now the honor to forward for the information of the Board of Revenue the usual accounts connected with the management of the Extra Sources of Revenue in the Ganjam District for the Fusly years 1255 and 1256. as per accompanying List of Packet.

2. In the first of these two years 1255 the gross receipts from every source amounted in the aggregate to Rupees 3,86,194-14-2. The charges of Collection were Rupees 29,303-11-8 thus yielding a Net Revenue of Rupees 3,56,891-2-6. During the second year, Fusly 1256, the gross receipts amounted to Rupees 3,91,605-5-11 and the charges to Rupees 20,741-5-6 giving a net Revenue of Rupees 3,70,864-5-

The

3. The variations in the aggregate of the gross, and the outturn of the Net Revenue, for these two Fuslies respectively compared with the previous year 1254, were not important, the small decrease in gross Revenue of Rupees 3,798-14-9 during Fusly 1255 being more than made up by an increase to the extent of Rupees 1,611-9-0 in the following year, while the result of the Net Revenue shews a decrease in the two Fuslies under review of Rupees 19,477-1-9 and Rupees 3,504-3-10 respectively, mainly owing to the increase of the charges of these years, consisting chiefly of the purchase of Salt which will be noticed more particularly below. In reference to this result, it will be in the recollection of the Board that there was an increase of

	Fusly 1254	Fusly 1255	Fusly 1256
Gross Receipts	3,89,993 12 11	3,86,194 14 2	3,91,605 5 11
Charges	13,625 8 8	29,303 11 8	20,741 5 6
Net Revenue	3,76,368 4 3	3,56,891 2 6	3,70,864 0 5

to the extent of Rupees 45,362-8-0 of Net Revenue in Fusly 1254, a year during which the Extra sources of this District yielded more than the average amount of Revenue.

4. The following Table exhibits at one view, the gross receipts, charges of collection, and Net Revenue, derived from the different extra sources, during Fuslies 1255 and 1256, contrasted with the previous year; and I proceed to notice briefly the principal Items of Increase and Decrease that appear therein.

The

Salb.

5. The gross sale proceeds of salb, by far the most important source of Exctra Revenue in the Ganjam District, it will be seen amounted in Fusly 1255 including Fines Vca. to Rupees 2,77,608-7-0, and in 1256 to Rupees 2,74,360-4-3, there being a decrease in the former year compared with Fusly 1254 in the sales of Rupees 25,932-7-3, giving with an increase of Rupees 16,240-2-9 in the charges a decrease of Net Revenue to the extent of Rupees 42,172-10-0. In Fusly 1256 there was a further small falling off, Rupees 2,667-12-0, in the sales, but as the charges were not so large by Rupees 9,263-6-0 there appears a small increase of Rupees 6,015-3-3 in the Nett Revenue for the year.

	Fusly 1254	Fusly 1255	Fusly 1256
Sales Vca.	3,03,540	2,77,608	2,74,360 4 3

6. The actual quantities of Salb. Manufactured and Sold for home, as well as inland consumption during the three Fusles respectively, are noted in the Margin, from which it will be observed that the sales in Fusly

	Fusly 1254			Fusly 1255			Fusly 1256		
	Mds	M	P a	Mds	M	P a	Mds	M	P a
In store at commencement of Fusly	2,135	31	7 5 a	574	6	3 6	2,831	34	0 5 a
Manufactured	948	33	6 a a	4,544	37	4 a a	3,020	13	7 a a
Total	3,084	25	3 5 a	5,118	38	0 3 6	5,852	7	7 5 a
Sold	2,496	20	6 4 2	2,299	35	5 a	2,277	2	6 3 1 a

Fusly 1255 fell short of those of the previous year by Garces 196-250 Mds P a which decrease is referrible to the circumstance of the stock of Salt remaining in store being insufficient to meet the demand of the several Cotaurs until the produce of the subsequent year became available, owing to the limitation of the Manufacture as alluded to in the Acting Collector's Report dated 4.th October 1845; the same cause also rendered necessary an extended Manufacture of the article in Fusly 1255 in order to replenish the exhausted stores, which also tended to swell unusually the charges, and

Para 6

	Fusly 1254	Fusly 1255	Fusly 1256
Hire to Manufacturers	3,690 11 5	14,926 1 3 3	10,331 4 9

Consequently diminish the nett Revenue of the year. The decrease in the sales of Fusly 1256 Compared with the previous standard and the Consequent loss of revenue is nearly altogether attributable to the injurious measure adopted by the late Meriah Agent with a view of Coercing the Tribes of prohibiting the transit of Salb. and all other Merchandize by the routes leading through the Goomsur and Boad Maliahs to the Western Marts of the Nagpore Country. Besides the defalcation of the Government Salb Revenue thence resulting, extensive injury to trade was also,

also sustained in the valuable traffic between this Coast and Sumbulpore, Chatesghur, Ryepore and the towns to the westward being entirely put a stop to during the late disturbances. Tranquillity and good order have since been restored in the Mahaliaty and all restrictions withdrawn by the present agent; the roads are free and safe and the Bunjaries have begun to resort as usual to the Northern Cotaurs of this District for their supplies of Salt.

Sea Customs 7. The Collections of Sea Customs duties &c. at the several ports in Ganjam amounted

	Fusly 1254	Fusly 1255	Fusly 1256
Collections	785-27	5 9 14,107 7	11 37,299 14

in Fusly 1255 to Rupees 14,107-7-11. and in Fusly 1256 to Rupees 37,299-14-4 being an increase over those of Fusly 1254 in the former year to the extent of Rupees 23,380-22-4 and in the latter of Rupees 31,772-8-7, being yielded almost entirely from the extended exportation during these two years of Rice and Paddy to Madras, Mauritius and to ports in France, Consequent on the favorable state of these Markets for this description of produce.

8. The small increase in the charges in this Department is owing to the appointment of a Goomastah in the Hoozoor Cutcherry for the purpose

purpose of keeping the Sea Customs accounts, which had previously been prepared by Goomastahs properly belonging to the Sayer Department, which were reduced on the abolition of that source of Revenue.

Abliarry 9. Under the head of Abliarry the rental Demand for Fusly 1255 was Rupees 40,366-a-a

	Fusly 1254	Fusly 1255	Fusly 1256
Demand	37,736 a a	40,366 a a	39,865 a a

and for Fusly 1256 Rupees 39,865 exceeding the rents of the preceding year by Rupees 3,130 a a and Rupees 2,629 a a respectively, and in the Collections both of Current and arrears there appears a corresponding Increase, a result which I think may fairly be viewed as an indicatory of the Condition of comparative ease and comfort that is enjoyed by the bulk of the labouring classes generally, the lower Castes among whom are the principal consumers of Spirituous liquors in this District.

10. Of the balances appearing as outstanding in the above table that for Fusly 1255 has been Collected in full, and that for Fusly 1256 has since been reduced to Rupees 337-10-11, which is bid expected will be realized, at an early period, with the exception of 100 Rupees which I recommend may be remitted to the Renter of Goomsur, in Consideration of losses sustained by him, owing to the disturbed state

state of the Country during some Months of his Contract.

Sundry Farms and Licenses.

11- The demand under the head of small Farms and Licenses, which in the Ganjam District consists of the rents of the fisheries of the principal Rivers and Estuaries, amounted for Fusly 1255 to Rupees 3,445-10-9, and for Fusly 1256 to Rupees 3,568-10-11, the former being Rupees 110-6-11 less, and the latter Rupees 123 more, than the Settlement for the previous year 1254. The small balance of Rupees 179-9-11 and Rupees 55-11-0 appearing in the accounts as outstanding at the close of each Fusly respectively, have since been realized with the exception of Rupees 90-3-11.

	Fusly 1254	Fusly 1255	Fusly 1256
Demand	3556-6	3445-10	3568-10-11

Stamps

12- The sale proceeds of Stamp papers and Rowanahs inclusive of penalties amounted in Fusly 1255 to Rupees 9,319-10-6, and in Fusly 1256 to Rupees 7,359-8-10, being a decrease below the proceeds of the previous year of Rupees 7,093-7-8, and Rupees 4,055-9-4 respectively, the falling off in the first instance being attributable to a smaller quantity of papers being taken for Judicial purposes, and in the second of the years under review the Stamp Revenue was further diminished by the discontinuance under orders of Government, of the use of Stamp Sea Customs Rowanahs, which are now issued on plain paper. The considerable variation in the amount of the charges during the years under reference it is to be remarked, arises from a larger amount having been refunded to Plaintiffs on account of institution Stamp Duty upon Razeenamahs being filed

Sales	11,41,522	9,319-10-6	7,359-8-10

DG

Affect Statement

filed before close of pleading in the Agents Court

Motumpha 13 The Settlement of the Motumpha Demand in the years under review amounted respectively to Rupees 8,268-14-11, and Rupees 8,020-13-9, being an inconsiderable decrease below the Settlement for Fusly 1254, in which there had been a small augmentation of the Demand - a great proportion of this branch of Revenue in Ganjam is contributed by male and female labourers, who exercise no trade, or handicraft; and having nothing but their hard earnings to depend upon, for their daily food, are little above the condition of paupers. Under these circumstances the claims to exemption of the old and infirm, particularly of helpless females, cannot be disregarded, and it is distressing to see the wretched state of some of those who have thus been exempted. The Collections within the Fusles, amounted it will be seen to Rupees 7,711-11-6, and Rupees 6,793-2-4, leaving Rupees 557-2-6 and Rupees 1,227-11-6 respectively outstanding, which have since been collected with the exception of Rupees 673-8-10 which it is expected will be recovered hereafter.

	Fusly 1254	Fusly 1255	Fusly 1256
Demand	8569-6	8268-14-11	8020-13-9

Quarantine Fees	1,240	1,310		70
Pilotage	2,640	2,705		65
Miscellaneous	1,115	980	135	
Total	£ 432,750	£ 419,107	£ 13,778	£ 135

Net Increase for the Year £ 13,643

Remarks

Increase in Customs Duties due chiefly to the Duty on Tea and Sugar having been reduced from 1st January 1847

Increase in Tonnage Dues due to the Number of Vessels entered having been greater than in 1846

Decrease in Quarantine Fees due to the Abolition of Quarantine on Arrivals from the Baltic Ports

Decrease in Pilotage due to the Reduction of Pilotage Rates from 1st July 1847

Increase in Miscellaneous Receipts due to the Sale of Old Stores

Refunds of Customs Duties on Goods re-exported

Refunds of Tonnage Dues on Vessels in Ballast

Refunds of Harbour Dues on Vessels in Ballast

Net Revenue for the Year 1847 £ 432,750

Net Revenue for the Year 1846 £ 419,107

Net Increase £ 13,643

Gross Increase £ 14,378

Gross Decrease £ 735

Net Increase £ 13,643

To,

J. Pycroft Esqre.

Secretary to the Board of Revenue

Sir,

Fort St. George

From the Collector of Vizagapatam } Adverting to your letter of the 22nd. May and its accompaniments, I have the honor to report for the information of the Board of Revenue that the draft of answer to the suit pending against me, as Collector of Vizagapatam, in the Chicacole Civil Court, at the instance of Gooday Jaunakiah, was, as therein directed, filed on behalf of Government in due course.

2.

No alteration in any particular was made in the draft answer, and a copy in English was forwarded along with the draft in the Native language so that there might be no mistake.

3.

For the Plaintiff a reply has since been filed, translate of which, as furnished by the Government Pleader, is now forwarded.

4.

The Civil Court has been moved to grant one months time for leave to file a Rejoinder, should the Board of Revenue desire to put any further Pleadings on Record, I request, therefore, &c. to be favored with orders on this point &c.

at the earliest practicable period

Vizagapatam, Collectors Office, 21st. July, 1848. } (Signed) F. B. Smollett

Collector

To,

Maharajuslug

The Civil Court at

Chicacole.

Reply presented by Goday Jaunakiah Plaintiff in Cause No. 3 of 1848.

The Defendant in his answer argues that when the Estate of Condaberla was sold in 1844, it was not under the attachment of the Northern Provincial Court, that the attachment of that Hoonda, though it took place &c. under orders of the above Court, and the Plaintiffs lien thereon in virtue of that attachment, &c. had virtually ceased to have effect before the Government sale was held, in consequence of Orders from the Court of Sudr Udalut in &c. December 1846 directing that the Decrees passed in Causes Nos. 41 and 44 of 1837 should be reviewed. The Collector states that after these Decrees were reviewed final judgments were not passed till some time after the Estates of Condaberla &c. were sold by the Officers of Government, and argues that there was, therefore, at the time of the &c. sale, no party save Government, who possessed

a

a full and complete claim upon the property.

2. This statement is altogether ungrounded. When the Defendant was called upon by your Court to state why, and under what Regulation the surplus sale proceeds of Condakerla Mootah was not in conformity to the Precepts issued by the Provincial Court under dates the 3d and 5th April 1839, given to the Plaintiff, he did not observe in his answer, which he gave after the reference to the higher authority, that the Precepts under which the said Talooks was attached had ceased to have effect; therefore his present argument that those Precepts are void of effect, is advanced apparently without proper consideration.

3. In opposition to the Defendant's argument, the Plaintiff is ready to addues proof that the orders of the Provincial Court referred to, under which the attachment in question issued, have continued to be in force, and that that circumstance has been fully admitted by authorities. She &c Plaintiff has stated in her Bill of Plaint that Mr. Arbuthnot the late Collector was, in his letter to the Board of Revenue dated 3d January 1844, relative to the sale of the Estate of Condakerla and the disposal of the surplus sale proceeds thereof, pleased to state plainly that the said sale money,

over

over and above the balance outstanding on that Estate, cannot be taken to account in liquidation of the balance due by the other Mootah of Laughy Pudmanabarauze the Proprietor, but that such surplus must be remitted to the Court under whose orders the attachment of Condakerla Estate was effected. She Plaintiff solicits the Court will be pleased to direct the Collector of Vizagapatam to produce an attested copy of the above letter. By this document it will at once be proved that the argument which is now newly brought up by the Defendant Viz. that the Precepts touching the attachment of the said Mootah were cancelled before the date of the sale thereof, is untrue.

4. All process for the attachment of property must be recalled by the tribunal which issues it, or superseded by the orders of a higher one. As it was considered that the defence conducted by the Defendant in Causes Nos. 41 and 44 of 1837 was false and vexatious, and as he could not produce security, the Precepts in question were issued, with a view to prevent the proceeds of Condakerla Vizr Mootah from being made away with by him, while the appeals preferred by him were pending before the Court of Sudr Udalut. But the order for reviewing the original Decree

did

did not set aside the attachment which conti-
nued to be in full force.

5. It was within the province of the
Defendant Pudmanabarazo to move the Court to
cancel the Sequestration, on sufficient grounds, but
no such motion was ever recognized by the Court.
Besides this, under orders of the same Court,
given at the same time, the other personal and
real property of Pudmanabharauze situated within
the jurisdiction of the Agent to the Governor
in the District of Vizagapatam was attached,
and by Mr. Arbuthnot finally sold in satisfaction
of the Decrees passed by the Northern Provincial
Court. These reasons are enough to prove that
the present answer of the Defendant is altogether
vain and irrelevant to the matter at issue.

6. It is next stated in the answer
that none of the three Estates sold had been ori-
mortgaged by the Zemindar Sangly Pudmanabarauze
to the late Goday Sooria Pracausa Row. It was
quite unnecessary to plead this, because the Plaintiffs
does not argue that those Estates were Mortgaged.
The Defendant there alleges that waiving the
claim to any balances which accrued upon the
three Estates after their attachment, each of the

Boondahs

Boondahs is answerable for the aggregate amount of the
Government demand against all outstanding at the
time they were sequestrate by the Court. But as the
Government had not before the attachment was
placed by the Court, adopted any measures through
the Collector to secure by means of sequestration,
the balance due to it, by Pudmanabarauze, the
Plaintiffs does not admit that Condaveelah Estate
is answerable for the arrears standing on any other
Mootah.

7. Each of the Talloohs of a defaulting
Proprietor is in the first instance answerable for
the Current and old balances outstanding thereon,
and any surplus sum arising from the sale
proceeds of such Estate is available for pay-
ment to creditors who have obtained judgments,
or at whose instance that Estate was sequestered.
The Government had neither in the year 1840,
nor 1844, acquired a claim on the Talloohs that
can give them a priority over the creditors, beyond
the realization of the balance due on each of them.

8. This has been decided by the Court
of Sudr Udalut in many instances and it is
a just rule. The argument advanced by the
Defendant in his answer adverting to the
Proceedings of the Court of Sudr Udalut dated
8th December 1840 establishes the law. "The

Court

"Court as now constituted hold an opinion. that
"Government can in no case possess any lien upon
"the Government Securities or other property of
"a defaulting Zemindar except only on his landed
"Estates superior to that of any other Creditor"
The Plaintiff admits the law thus declared.
She admits that the claims of Government
upon each landed Estate have precedence over
the common creditors, to the extent of the
balance of Revenue outstanding thereon, but
not beyond that.

9. The dictum of the Court of Sudr
Adalut treated of in Pages Nos 70 to 76 of
the Civil Ians Vade-Mecum clearly shews that
"under provisions of Section VI. Regulation
"XXVII of 1802, a landed Estate and its produce
"is the security for the Peishcush thereon, and
"the Government has no prior claim upon
"the personal and real property of the default-
"ing land-holder in preference to his Creditor"
This Regulation had reference to lands
permanently assessed and the said
Enactment clearly shews that after the Peishcush
of a Mootah is paid off, the Government as regards
the recovery of any further debts due to it by the
Proprietor for other Estates, must stand on the
same footing with his common creditors. In short

a

a Talloob is answerable to Government for its
own Peishcush, but no Court nor any Enactment
has ordained that each Estate after such Peishcush
is paid shall be liable for Government demands
upon all other Boondahs of the same owner,
to the prejudice of the debts due to his other
creditors, who hold mortgages or obtained judgments.

10. The Plaintiff does not consider
that the argument used in regard to Vanseredy
Estates in Guntoor has any reference to this case.
In that District the surplus Collections of
some favorable seasons were taken to account of
liquidation of losses that had arisen in adverse ones.
This is not connected with the matter now at issue.

11. The Plaintiff has in 1844
requested the then Special Commissioner at Masulipatam
to collect for her the surplus sale proceeds of
Condaveela Estate, and has ever since been
using her utmost endeavours to obtain payment
of the said sum, while the Government has
been offering opposition thereto on insufficient
grounds. She therefore requests that the Court
will, according to justice, be pleased to award that
the interest sued for, is chargeable.

12. The Plaintiff begs that the Court

will

will after taking all the above circumstances into consideration, be graciously pleased to pass a Decree as prayed for.

Ordered that the following letter be sent in reply.

(30-31)

To,
The Collector of
Vizagapatam.

To The Coll^r of Vizagapatam

Sir,

With reference to your letter of the 21st Ultimo on the subject of the action brought against the Government by Mrew Goday Janakia I am directed by the Board of Revenue to forward to you the accompanying draft of a rejoinder which you are requested to file in the case.

Revenue Board Office,
Fort St. George
10th August, 1848.

/ Signed / T. Pycroft.
Secretary

To
The Civil Court at
Chicacole

Rejoinder presented by the Collector of Vizagapatam Defendant in Cause No. 3 of 1848.

The reply presented by the Plaintiffs

Suit

suit No. 3 of 1848 consists of little more than a mere assertions, that the several allegations or arguments advanced by Defendant in his answer, are not well founded, or are inapplicable to the case. The Defendant will therefore notice it as briefly as possible.-

2.- In para 2 of the reply with a view to refute the point urged in the Answer, that the attachment of the Condakerla Hooda in March 1840 was virtually annulled by the order of the Court of Sudr Adalut of December 1840, directing a review of Judgment, and that there was therefore at the time of the sale of the property no party save Government who possessed a full and complete claim upon it. the Plaintiffs has observed, "this Statement is altogether "unfounded. When the Defendant was called upon "by your Court to state why and under what "regulation the surplus sale proceeds of Condakerla "Mootah was not, in conformity to the Precepts "issued by the Provincial Court under dates the 3rd and "5th April 1839 given to the Plaintiff, he did "not observe in his answer, which he gave after "the reference to the higher authorities, "that the precepts under which the said Talook "was attached had ceased to have effect;

therefore

Fort St. George 10th August 1848.

"therefore his present argument that those ex-
"precepts are void of effect, is advanced ap-
"parently without proper consideration" On this
the Defendant would submit that the cir-
cumstance of his not having advanced
such a plea in answer to the proceedings held
by the Court on the Plaintiffs' motion, is
constitutes no reason why he should not urge
it now, when the whole question, by being made
the subject of a regular Suit, has come formally
under adjudication, in all its bearings.

3 It is next pleaded / para 3 /
that" Mr. Arbuthnot the late Collector was,
"in his letter to the Board of Revenue dated 3d January
"1844, relative to the sale of the Estate of Condaherla,
"and the disposal of the surplus sale proceeds ex-
"thereof, pleased to state plainly, that the said ex-
"sale money over and above the balance outstanding
"on that Estate, cannot be taken to account in liqui-
"dation of the balance due by the other Mootahs of
"Saughy Padmanabarauze the Proprietor, but that ex-
"such surplus must be remitted to the Court ex-
"under whose orders the attachment of Condaherla
"Estate was effected. The Plaintiff solicits the
"Court will be pleased to direct the Collector of
"Vizagapatam to produce an attested copy of the ex-
"above letter." It is obvious that the contents of this

DG

Fort St. George. 10th August 1848.

this letter, copy of which the present Collector is
ready to submit if required, can be taken only
as the expression of Mr. Arbuthnot's own ex-
opinion upon the matter, and is of no value
as an authority for the decision of the question.

In 4th para it is represented that "all
process for the attachment of property must be
recalled by the tribunal who passes it, or su-
perseded by the orders of a higher one. As De-
fendant in causes Nos. 41 and 42 of 1837 could
not produce security, the Precepts in question
were issued, with a view to prevent the proceeds
of Condaherla &c. Mootahs from being made
away with by him while the appeals preferred
by him were pending before the Court of Sudr
Udalut. But the order for reviewing the original
decrees did not set aside the attachment
which continued to be in full force." It is
evident that this is the very point at issue.
the Defendant has maintained that the
effect of the order for review of Judgment
did supersede the previous attachment. It
will be for the Court to decide the ex-
point.

In regard to what is urged in para 5
that "it was within the province of the Defend-
ant Padmanabarauze to move the Court to cancel
the

Fort St. George, 10th August 1848.

the sequestration: but no such motion was ever recognized by the Court - and that under orders of the same Court, given at the same time, the other personal and real property of Pudmanabarauze situated within the jurisdiction of the Agent to the Governor in the District of Vizagapatam was attached and by Mr. Arbuthnot finally sold in satisfaction of the Decrees passed by the Northern Provincial Court; it need only be observed that it was of no importance to Pudmanabarauze whether the sequestration were cancelled or not, as his estate if released by the Court were liable to sale by Government for arrears - and that the proceedings of Mr. Arbuthnot merely show that having bought the three estates belonging to Pudmanabarauze he was unwilling to urge the Sircar claim further -

The averments in para 6-7-8-9 of the reply had previously been made in para 9 of the Plaint, and had been fully met in the Defendant's Answer - further notice of this part of the reply seems therefore to be unnecessary -

In the last para of the reply the Plaintiff requests that the interest chargable on the sum for which

Fort St. George, 10th August 1848.

which she sues may be calculated from 1844, that being the year in which she applied to the special Commissioner at Masulipatam to collect for her the surplus sale proceeds of the Condaveerla Estate. As already stated in the Answer the first communication made to the Collector upon the subject was 18th September 1846 and as he has no knowledge of any prior application made elsewhere, the demand upon him for interest cannot, supposing the suit to be decided against him, be carried back beyond that date -

From the Coll.r of Vizagapatam. - - - }

Sir,

I have the honor to forward herewith two Statements marked A and B shewing the offers obtained for the rent of Arrack and Toddy Farms for fasly 1258, in this District, amounting in the aggregate to Rupees 50,350-8-0 -

2. The Arrack Farm has been leased out for the Current and ensuing year to the former Renter for the same amount as in last year, as proposed in my letter of the 12th April last, and sanctioned by the Board under date the 25th April 1848 -

3. A net Decrease of Rupees 1,335 will be observed in the Toddy Farms of Vizagapatam and Vizeanagrum. These had of late years been greatly raised by competition, probably beyond their intrinsic worth. The farmers and sureties are of approved competency -

4. The Parties are all in possession of their respective Rents -

1108. Fort St. George 10th August 1848.

Resolution thereon. 1. The Board having in their Proceedings of 25th April last, sanctioned the continuance of the annual Farms of the District of Vizagapatam for Fuslies 1258 and 1259 to the Renter of Fusly 1257, on the terms on which he held them for the last named Fusly, now authorize the acceptance of the offers for the Toddy Farms of the District for the current Fusly amounting to Rupees 14,350-8-" as detailed in Statement B which accompanies the foregoing letter.

(32-33)

2. The Board observe that the arrangement made for the sale of the Toddy rent should have been communicated to this Office in sufficient time to admit of their orders on the subject reaching the Collector before the close of the past Fusly.

Read the following letter.

To

1109 Fort St. George 10th August 1848.

To T. Pycroft Esqre
Secretary to the
Court of Wards
Fort St. George

(34)

From the Collr of Rajahmundry. 1. Sir,

Submitting copy of the report of the Sub Collector on the Settlement of the Polavarum Estate together with the usual accounts.

Vide Board's Proceedings of the 20th August 1846.

After the death of Cocherlacotah Ramachendra Venkata=-Krishnarow the Proprietor of Polavarum, his son being a Minor, the Estate was brought under Circar management by order of Government dated the 10th August 1846, and placed in charge of the Sub Collector.—

2. The Estate came under management at the close of Fusly 1255 A.D. 1845/46 and consequently no report was made on the Settlement of that Fusly.—

3. I have the honor to submit herewith* copy of the Sub Collector's report on the Summabundy settlement for Fusly 1256 A.D. 1846/47 together with the usual Statements as per list accompanying*

No 1*

No 2*

As detailed in the Sub Collectors' report the shist for Fusly 1256 A.D. 1846/47 exhibits an increase to the amount of Rupees 8,980-14-4.—

	Cks	a	p
Proprietor's Shist for Fusly 1255 A.D. 1845/46	13,996	6	"
Shist as per Summabundy Settlement for Fusly 1256 A.D. 1846/47	22,977	4	4
Net Increase	8,980	14	4

The

Fort St. George 10th August 1848.—

5. The following is an abstract Statement of the whole Collections and Charges as per account Current No. 3.

Collections

	CRS a P
Shist and Succavy	16824 27
Refunds on account of Succavy and repairs	1020 4 .
	17844 67

Deduct disbursements.—

For Peishcush	11977	. .
" Servants wages and Sunderwared	1696	14 8
" Extra Charges	204	12 10
" Succavy	700	. .
" Repairs	961	11 .
" Allowance Pcn. to the Minor Proprietor	1556	12 3
" Do. to the late Proprietor's step Mother	160	" .

Total	18483 14 .	11977 . .	6506 14 .

outstanding prior to the Minority	5019	12 .
accrued during the Minority in fusly 1256 fa D1815/6	1487	2 .
	6506	14 .

	CRS a P	
Surplus remaining at the end of fusly 1256	523	10 2
amount collected subsequently up to the end of March 1848	6194	13 1
	6718	7 3

The balances accruing during the Minority has been paid out of the surplus funds and subsequent collections noted in the Margin.—

7. Out of the old balance outstanding against the Ryots, Viz^t. Rupees 3,668-13-9 the Sub Collector states that Rupees 104-8-6 may be recovered and that the remainder, Viz^t. Rupees 3564-5-3 should be struck off as irrecoverable, but it seems to be inexpedient to propose the remission thereof while the Proprietor is a Minor and the Estate is under the Court of Wards.—

Rajahmundry District, Anteevady 25th April 1848.

/Signed/ T. Prendergast
Collector

Rajahmundry District, Anterwady 25th April 1848 } E. E. Jr

L.B.B.

Signed A. Pendergast
Collector

Fort St. George 10th August 1848.

To,

Thomas Prendergast Esqre.

Collector of Rajahmundry.

Sir,

Para 1 I have the honor to report upon the settlement of the Polavarum Estate held under the Court of Wards for fusly 1256 and to forward the usual accounts numbered 1, 2, 5, 6 and 7, numbers 3 and 4 cannot be prepared in my Office as they are connected with the arrear of Pishcush and Account Current, of which I am not informed. The delay that has occurred in the transmission of this report has been caused by the very numerous objections brought forward by the mother of the Minor Proprietor to the lands held as Enam by various parties, obliging me to enter particularly into upwards of a hundred enquiries before I could close the Accounts.

2 There are sixteen villages in the

Fort St. George 10th August 1848

the Estate comprised in the two Mootahs of Polavarum and Puttesum, fourteen of these, are on the west of the Godavery and chiefly among the hills and Jungles, and two on the eastern side of the river.

The season in that part

3 of the District was a very good one. the rains were plentiful and timely and the tanks were filled abundantly by the Jungle streams.

The Permanent Jumma of the

4

Fasles	Price per Madras Garce. Black Paddy		White Paddy	
	Rs	a	Rs	a
1255	90	"	90	"
1250	70	8	8	"

Estate is Rupees 11977 two of the sixteen villages pay a fixed Cuttoobady and the remainder were subject to the general rules of the settlement. Prices were lower than in the previous year and the margin shews the comparison.

The following is a

5 Statement of the number of Villages rented and settled as

Agarah

Fort St. George 10th August 1848

Aſparah and Vissabady in the past year with a comparison between fusly 1255 and 1256)

Fusslies	Rented	Vissa-bady	Aſparah	Total
1255	5	7½	1½	14
1256	11	1½	1½	14

and the dairy lands were placed under Amanie—

9- The Mother of the Minor Proprietor produced an account of village charges said to have been incurred in three Aſparah Villages in fusly 1255, amounting to Rupees 1510-14-9, but Rupees 121 only were allowed for the fusly under report under the system prevailing in the Government Villages.—

7 The following is a comparative statement of the Cist in fusly 1255 of the eleven villages rented

Fort St. George 10th August 1848

rented in fusly 1256 and the amount for which they were rented.—

Mootahs.	No. of Villages rented	Amount of Cist for fusly 1255	Amount of rent for fusly 1256	Increase	Decrease
		Rs. A P	Rs. A P	Rs. A P	Rs. A P
Kilavarum	5	5241 1 3	5584 15 6	343 14 3	" " "
Puttesam	6	4682 14 3	4354 " "	" " "	328 14 3
Total	11	9923 15 6	9938 15 6	343 14 3	328 14 3
Net increase				15 " "	

8 In the Puttesem Mootah the two Villages of Cherkommilli and Venkatoy apolem were very poorly cultivated in fusly 1255, a great number of the Ryots absconded and a balance of Rs. 463-15-9 was left uncollected. In fusly 1256 these villages were rented at a decrease of Rupees 367-15-6 on the previous year, and a small increase of Rupees 39-1-3 on the remaining villages left a net decrease of Rupees 328-14-3 in the Mootah.—

9- The Amaraccum and actual cultivation of the vissabady villages, the particulars of Cist, usual deductions, and Quarry of fusslies 1255 and 1256, are shewn in the following Statement—

Fusly

Fort St. George 11th August 1818

In these one and a

half village the Afsarah and

Vijayabady system have both

prevailed and the late Proprietor

transferred some lands from the

former to the latter for fusly 1250)

which arrangement I considered it

desirable to confirm and the result

has been satisfactory.

The state of the Afsarah

villages for fusly 1250) is shewn in

the following State-

-ment.

15. There were collected within the fusly Rupees 16,444-1-10 and Rupees 5,583-5-7 were further collected by the end of January leaving a balance of Rupees 949-12-11. which is in course of realization.

16. The Account No. 2 shews the outstanding

Fort St. George 11th August 1848

outstanding balances and No. 3 the proportion of them considered recoverable and irrecoverable, the irrecoverable balance I recommend should be remitted.

The Minor Proprietor is now 17- eleven years old, and has a preceptor in English and Telugoo to whom I have my best endeavours to induce him to pay attention - but hitherto without much success. He and his mother is too much occupied with intrigues to counteract my management of the Estate to leave her either time or inclination to coerce him.

Rajahmundry District, - - - } Signed A. Forbes

Fort St. George 10th. August 1818

(36-37)

Order thereon,

Ordered to be recorded.

Read the following letters.

To

J. Pycroft Esqre.

Secretary to the

Board of Revenue

(38)

From the Collr. of Guntoor

Para 1. I have the honor to acknowledge the receipt of the Extract from the Boards Proceedings dated 13th. Instant communicating the Extract from the Minutes of Consultation of Government on the report of the Commissioner in Guntoor, and calling my special attention to the several orders therein conveyed.

Acknowledging the Bd's. Proceedings with the Minutes of Consultation of Govt. on the Commissioners report on Guntoor and stating the necessity of the services of a European Civ. Officer to investigate the Enams

2. The Board wish me to state whether I consider the means at present at my disposal sufficient for carrying out the various reforms directed by Government, and if I feel that further assistance is necessary to explain its nature extent and design.

3. Of the eight heads of reform enumerated in the 23d. para of the Government Minute, as the Board have observed the sixth and eight directed to a new division of the District and a remodelling of the Establishment have been completed, and the additional facilities thereby

Fort St. George 10th. August 1818

thereby secured for the management of the District have done much to make the way clear for the further improvements indicated. Considerable progress has been made as regards the third measure, of placing the Village Institutions in an efficient state, and when the Boards' promised further instructions are received, no great labour is anticipated in giving effect to them, some Approximation has been made towards an uniform and sound Ryotwary System in the two last and Current Settlements, and where measurements of land could not be deferred in Anticipation of a general Survey, as in the case of lands brought under Inctah from sharing tenure, they have been made by the ordinary or Hungam Establishments. Whether Any or what Amount of additional aid will be required for the survey and revision of the Assessment will depend on the system which may finally be resolved on.

4. I have already found the Current business of the District greatly lightened with the efficient assistance I at present enjoy. I see no reason to apply for any addition of a

a permanent nature or for general purposes.

6. The work, however, classed under the 6th head is one of much labor and delicacy; and though the survey would bring to light the actual extent of land enjoyed as Enam, and the Zamabundy is convenient in some respects for making enquiries on the spot, yet the course to be adopted with respect to the Gunboor Enams depends chiefly on the titles and for a due scrutiny into them perpetual reference will be necessary to the records in the Hoozoor Office. Moreover during the Zamabundy Circuit the time of the Collector and of the Establishment is generally so much taken upon with the peculiar business of the settlement and the disposal of Petitions that little attention could be given to the Enam question.

6. Lastly it must be remembered that the proposed investigation must partake of a Judicial character requiring the exercise of great patience scrutiny, and labour to detect on the one hand original defects in Titles and subsequent fabrications which have been made to conceal them; and on the other to see that

that just rights are not intrenched upon, or a legal power enforced to the extent of causing individual hardship.

7. For these reasons, I think the work will decidedly require the whole time and attention of an European Officer of some standing, versed in Teloogoo accounts and possessing other qualifications which such a duty will obviously require. I think my Head Assistant equal to the task, but I cannot well spare him from the other Departments in which he now assists me. I should therefore desire that the Government will be pleased specially to nominate some Officer for this duty, a course which has been adopted in Bengal.

8. I am unable to calculate with any confidence the time which the disposal of the Enam question will occupy. On a rough Computation the number of persons claiming Enams is about ten thousand. During the ensuing six Months from the Completion of the present to the Commencement of the settlement, the services of the Nail Sheristadar and one or two Mootsuddies of the regular Establishment might

might be allowed to assist the Officer charged with the enquiry.

9. I take this opportunity of offering such thoughts as have occurred to me about the Enams They may be classed as follows.

1 Palakadi Enams

2. other service Enams.

3. Enams of the nature defined in Regulation IV of 1831

4. Enams not coming under any of the above heads

now it would appear that as regards the three first classes, final authority is vested in Government and that section VII Regulation XXXI of 1802 does not apply. I have already stated my opinion that, with but few exceptions, it is desirable either to dispense with services no longer necessary and resume the annexed land, or to Commute the grant of land for a Money payment; and nothing more is needed for the settlement of this class of grants than the instructions of the Board and of Government which I anticipate will be conveyed in the Boards reply to my letter of the 1st February 1848

10. The mode of procedure with respect to the 3rd class seems not so clear, nearly all the Sunnuds of Enam which I happen to have seen appear to come under the letter of the definition of

of Regulation IV of 1831 extended by act XXXI of 1836 as "charitable allowance" unless by the terms "grant of Land Revenue" be intended something different from grants of exempted lands, but this construction of the Law does not appear to have come into practical operation in this District as the Manyems granted for their subsistence, or as a charitable allowance to Brahmins, or others have been continually made the subject of litigation in the Courts, since, as well as before the passing of those Enactments.

11. Of the grants which come under the provisions of Regulation XXXI of 1802 it is to be observed that scarcely in a single instance is a legally valid Title to be found. For under Section II all grants of a date subsequent to 20th February 1768.

Under Section IV lands claimed under authentic Titles which may have paid Revenue for a period of 12 years antecedently to such claims.

Under Section V Exempted lands or Expired life grants.

Under Section XI where the holders of Enams may persist in refusing to produce their Sunnuds

summuds, or deny having any summuds after the Collector have been duly authorized to institute suits for the recovery of the land.

Under Section XII where summuds are produced, being forged or counterfeited, or the original name forged, and another name substituted, or where the denomination of the tenure be erased or altered or the date changed or antedated.-

Under Section XVIII where the holders of exempted lands have omitted to Register their Titles during one whole year from the time of publishing the notice prescribed in Section XVII. In all these cases Titles seem to be void ab. law.

12. Even where no flaw appears in the title it will probably be found that of the Bodiga Enams or lands liable to a quit rent, many have been rendered liable to resumption by the non payment of the annual demand on them. This branch of the subject has already been the subject of correspondence the enquiry necessary to determine whether the power of resumption shall or not be exercised in each particular case can best be made by the same agency as in other cases.

13. The subject of the investigation then will be to ascertain the class to which each

each Enams claimed is referable and with respect to all such as shall or any of the above grounds be found legally invalid to propose the Course to be adopted by Government; wherever there has been fraud the land might be at once resumed and parties to it; if in Government employ, &c proceeded against as the case may require. where fraud is not apparent it still seems desirable in many cases to provide for the full assessment of the land on the death of the present incumbent or perhaps even to commute it for a present Money payment.

14. Although under Section VII of Regulation XXXI of 1802 persons holding exempted lands under grants of any description cannot be ejected except by a Decree of Court, it is not likely that the claimants where a manifest flaw could be shewn in their Title would stand the consequences of a Civil action, or refuse to accept such conditions as might be proposed to them on behalf of Government. It seems important, if it can be done to ascertain from competent authority what Manieums do or do not legally come under the provisions of Regulation IX of 1831.

15. It would seem indispensable that some adequate means be resorted to to enforce the production

production of Summuds, and the best available is I think will be to require the Registry of them as directed in Sections XV & XVII. Regulation XXXI of 1802. Titles may be examined into as they are brought for Registration and at the end of the prescribed period of one year, the Enams for which no titles have been registered may be dealt with in the way I have already proposed, for Enams held on invalid Titles.

16. Although the orders now received refer especially to the Guntoor Circar, I presume that the Enams in the Calrand should undergo the same revision and Registry and under the same rules as in the Guntoor Circar.

17. The investigation into the state of the Records will conveniently be made at the same time and by the same person, as that into the Enams, for the principal value of the old records is for the light they may throw on claims to Enams, and in the rates of assessment and extent of land in the Zemindary Villages. I hope to write more at large on the subject of the Records hereafter, one great point appears to be to prevent the accumulation of such as are of no permanent importance.

Sir,

Fort St. George.

From the Collector of Guntoor - - - }

With reference to my letter of the 24th ultimo on the subject of the proposed investigation of the Enams of this District, I have the honor to submit a draft of a notification which, with such modifications as the Board may approve, I would suggest may be published in the Fort Saint George Gazette. The blank for the date can be filled up after the orders of Government regarding the appointment of a special assistant, have been passed so as to allow him time to enter upon his duties by the time the registration is to commence.

2. I beg the Board will be pleased to furnish me with a form of Register.

Guntoor Zillah - - -

Collector

Notification

11452. Fort St. George 10th August 1848.

Notification.

All persons claiming to hold lands exempted from payment of the full public revenue in the Zillah of Guntoor and the District of Palnad are hereby required under Sections XVI and XVII of Regulation XXXI of 1802. to Register their Sunnuds within one year from the date of this notice in the Office of the Collector of Guntoor. The particulars required to be registered are the denomination of the grant or Sunnud, the names of the original granters or Grantees, the names of the present possessors with the relation they bear to the original grantees, the dates of the Sunnuds, the names of the Villages comprised in the grant. Persons omitting to register their titles within the period limited will render the lands liable to be assessed at the full amount of the public revenue as provided by Section XVII of the above Regulation.

All Collectors are requested to give publicity to this notice in their respective Districts in the language of the place.

(Signed) H. Stokes
Collector.

Order on the two foregoing letters. Ordered to be brought forward at a future day.

41.

From the Collr of Guntoor forwarding the Original Record and a Copy of the decision connected with the case of Punnadarum Venkiah as requested in the latter of the Board dated 18th Instant

Sir.

Para 1. I have the honor to acknowledge the receipt of your letter of the 10th Instant transmitting for my report the appeal petition of B. Venkiah Cumum of the Village Pundarum in this District against a Judgment passed under Regulation IX of 1822 in which he was fined 12 Rupees and calling for the records of the case.

2 The case to which the petition has reference was disposed of by my Head Assistant Mr. Newill and entered in the return for January last. The sentence is dated 11th January and consequently the petition which bears date the 12th June is not strictly admissable and the object of the petitioner seems rather to be to complain of his dismissal than to appeal against the sentence. The original record is sent as directed herewith and it may be sufficient to observe in addition that it seems proper to visit in an exemplary manner when clearly proved.

proved a case of fraud in the Mahramut Department, such cases being unhappily so frequent and so difficult to detect.

3. The petitioners Statement that as a Village Curnum he was not answerable for the correctness of an account which he admits having signed is palpably inadmissable on general grounds, and specially so in the present case wherein the fraud consisted in passing off old stone work as new.

The petition with its enclosures is herewith returned.

Gun boat,
Collectors Office,

Collector.

Plaintiff 1 Pundarum Pitchiah Curnum
2 Calana Collo Raumoodoo Copparey,

Versus

Defendants 1 Yallupragada Bhaganuntha Row Samuttar
2 Panedarum Venkiah Curnum.

Defendants are charged with having entered in the Public Accounts 488 3/4 yards of stone work to the Panedarum tank as executed and Rupees 30-8-9 as paid for it at one Anna per yard while the work was never executed, but the old stone work patched up and hid with mud by the Tank diggers and with having embezzled this sum and also about 20 Rupees in the earth work to the said tank, being the measurement of old pits dug and paid for in the previous year.

1st Witness. P. Venkiah Village Moonsiff deposes to the stone work in question not having been newly executed but the old patched up, was unwell at first measurement. Knows nothing of embezzlement.

2d Do. V. Lingaprpah Cauprou was present at Maistrys examination when the result as stated by 1st Witness appeared. Knows nothing of embezzlement.

3d Do. S. Poollayah Coppery Received advances 100 Rupees 110 Rupees 40 and 10 Rupees for Stone and earth work dug new pits and did the stone work properly, but did not bring fresh stone for the 170 yards.

4th Do. R. Soobbaya Coppery. Received advances as 3d Witness did the stone work properly, but without new stone, also earth work.

5th Do. C. Payna Kalou Coppery. Received 110 Rupees 100 Rupees for earth work and 10 Rupees and 40 Rs. for stone (260) and as last.

6th Do. Chembaty Boddoragaudoo coppery dug an old pit on South of tank by order of 2d Defendant this pit was 7/16 and increased it 5/16 with his Mootladaurs 2d Defendant paid 4 or 5 Rupees for it received Rupees 90 —

for

for Stone work besides the last Deposes to the old Stone work being patched up by the other Coopperies about 30 baras.

7th Witness — M. Moottadoo retty deposes to old Stone work being patched up.

8th Do. — Chembaty Cotayah Coopperey dug 5/16 in old pit 60 baras long former depth 7/16 Defendant paid him 4 Rupees received 40 Rupees 22 Rupees 32 Rupees for Stone but of this ear the 22 Rupees.

9th Do. — M. Reddy Coopperey but Stone for which he got 11 Rupees.

10th Do. Veeraspa — Stone work not done properly — Saw it frequently old pit dug.

11th Do. — Goorraya Coopperey received 40-32-22 Rupees 8th Witness got 6 Rupees for digging the old pits — Stone work not done.

1st Plaintiff — Deposes to subject of the charge, says the receipts were taken from the Coopperies to correspond with the Account and strongly suspects the Amount of 30 and 20 Rupees were embezzled. The old pits were 7/16 deep 1/16-8 in which 9/16 was again dug and measured 1 yard about 10 Rupees, the other pit does not Know dimensions about 10 Rupees.

2d Plaintiff — Deposes to 7/16 having dug in old pit of 7/16 the Coopperies

Coopperies told him they got equal to what they dug the Defendants to the rest 2 other old pits were dug in some way old Stone work patched up say 110 Rupees given to Coopperies 10 Rupees were advanced to him to 6th 40 Rupees Stone work in his presence 3d 4th Witnesses 100 Rupees. Acting Maistry was deputed to measure the work and the result was stated in the charge that 170 × 2 1/16 or 448 3/4 yards of Stone work had not been done but covered over with Mud value Rupees 30-8-9. The pits in dispute appear to be partly under water and such did not fall under examination of Maistry, but in those he measured he writes a remark to 2 items that the Villagers said they were old pits 209-82-62-353 at 5 Pice Rupees 9. 6. I inspected the place myself, and the stone work is evidently patched up and covered to avoid detection, the slope of the facing at this part is different from that which had been newly made and suggests at once the idea of the old stones never having been moved.

The above pits had also the appearance of being those of former year, but this is not so clear from mere observation.

Denies

Fort St. George 10th August 1848.

1st Defendant. Denies all points of the charge did not suspect fraud in the stone work and did not measure old pits to money paid according to the accounts.

2d Do. Do. Measured the work with 1st Defendant

Do. Do.

Receipts produced are 28th May 100 Rs. to 3-4-5 Witnesses

Pundravada Maramut Report to 30th November
Measured and paid for earth 226-9-8
Do Stone 124-13-0
Old Report 94-6
this Do 30-8
357-6-8

The difference must be in advance — still with the tank diggers

The account of measurements of the 30-8 Stone work is signed by 1st and 2d Defendants and dated 25th November.

It is fully proved that 1st 2d Defendants measured and entered in accounts 170 × 2 11/16 at 4 to 8 3/4 yards

Fort St. George 10th August 1848.

yards of Stone work as done at 1 anna per yard and total Rupees 30-8-9 which was not accounted the old stones having never been stirred but covered with a little mud. The circumstances was known to all and is admitted by some of the Coopereies and the difference in the slope of this facing from that newly done suggests at once that the stones had never been moved. The Defendants plea of ignorance of fraud on part of the tank diggers is inadmissable and they are held responsible for making a wilfully false entry in the accounts of the same. The 2d point of embezzlement is not established and the receipts shew that the money was paid to the tank diggers according to the accounts but this does not invalidate the first point as supposing the Defendants clear of the embezzlement the wilfully entering a wrong item in the accounts and paying away Sir Rupees money for work not done is still a punishable offence and the probability exists of the connivance with the Tank diggers in this work when

when to avoid detection from documents they might give receipts to correspond with the Accounts and make their bargain with the Defendants. There is much presumptive evidence of the frauds in the earth work that the earth was dug in the old pits is clearly proved by the diggers themselves but these pits are now under water and cannot well be examined; the pits which are exposed are said to have been cleared at the sides to give them a new appearance and amount to about 9 or 10 Rupees, the dimensions can also be traced to nearly correspond with those of the former year. The orders to dig the pits outside the Tank this year were also disobeyed before the representation of the alleged hindrances to dig so, which appears in fact to have been made to form the fraudulent object but the punishment to be awarded for the first point of the charge may suffice as an example, and Defendants have the benefit of any deficiency of full proof in the other points. The offences proved as above are to be of

of 4th. class of Cause, second of Section 2 Regulation IX of 1822. Defendants are fined respectively under Clause fourth of Section 5 of the same the 1st. in the sum of Twenty five (25) Rs. the 2d. Twelve Rupees (12) in each case commutable to two Months imprisonment.

Nursarowpetta 4th. January 1848.

Proceedings thereon.

41-42

In the letter above recorded the Collector observes that the decision against which the Petitioner complains was passed by the Head Assistant Collector in January last, and that as no appeal was made to this Board until the 12th June, the appeal under Section VI Regulation VII of 1828 is not strictly speaking admissible. The Board however remark

Fort St. George 10th August 1848.

remarks that the sentence adjudged by the Head Assistant Collector was first carried in appeal before the Collector whose confirmation of it bears date the 30th March, from which time, the period of 3 Months allowed for appeal to this Office may properly be reckoned. The Board have therefore called for the records of the case but after perusal of the proceedings held by the Head Assistant Collector they see no reason to disturb his decision which they therefore confirm and reject the appeal.

The original record which accompanied the Collector's letter of the 17th July 1848 is returned.

Ordered that the following endorsement be made on the Petition No. 1097 of 1848.

"The Petitioner is informed that the Board, on perusal of the Proceedings held in his case, are of opinion that the decision passed by the Head Assistant Collector and confirmed by the Collector is correct. his appeal is therefore rejected."

4 Atchootumah Pedda Appiah } Vakeel Chematy Cruty Ramaswamy Sastry.
5 Do Chetamberum
6th Jalogoola Venkiah
7th Do Amerappah
8th C. Parentaloo

The Plaintiff in his Plaint states that he and the 4th 6th and 8th Defendants rented the

the Village of Suntaravoor from 1250 to 1254 fusly from the Vafsireddy Zemindar- there was a balance of Rupees 900-0-0 against the Renters and the bailiff in the Month of June 1846 attached 14 heaps of Soonga Straw valued at Rupees 150 the property of Plaintiff- In July, the Collector 1st Defendant decided that the Renters should pay only Rupees 500, of this sum, they paid Rupees 375. The Tahsildar, 2d Defendant, desired Plaintiff to give him an acknowledgement that he owed Rupees 125 his portion of the Rupees 500 the Plaintiff said that Rupees 93-12- his portion of the Rupees 375 being deducted, there would only be a sum of Rupees 31-4-0 due by him on account of the rent and of this sum, Rupees 31-4- was deducted from the sale proceeds of Soonga straw, there would be a balance in Plaintiff's favor; the 2d Defendant said he would look into the accounts and give Plaintiff credit for the sums which had been paid; the 2d Defendant however did not give the Plaintiff Credit for the sums paid by him- The sum due by the Plaintiff on account of the rents is Rupees 31-4 this being deducted from Rupees 150 the value of the Soongastraw, leaves a balance in Plaintiff's favor of Rupees 118-12;- the Plaintiff therefore sues the Defendant for the recovery of this balance.-

The

The 1st Defendant, in his answer, states at the Conclusion of the rent, the sum due by these Renters was Rupees 893-14- the interest thereon Rupees 88-11-4 total Rupees 982-9-4- a demand was made, but the Money not being paid, the property of the Renters Amounting in value to the sum due was attached on the 22d and 23d June 1845, the renters stated that they had sustained great loss by the Storm in 1843- on the 29th September 1845 an order was issued by the 1st Defendant to the effect that if one half of the amount due was then paid, the remainder might stand over and the property be released from attachment. On the 30th October 1845, the 4th & 6th & 8th Defendants paid Rupees 368-7-6 being their portion, their property was released from attachment and they gave a receipt on the 1st November. The Plaintiff did not pay Rupees 122-13-2 being his portion- he stated as an excuse that his partners in the rent of Soongastraw had not paid him what they owed.- The Tahsildar was desired to examine into this matter and on the 31st December 1845 the Plaintiff gave an agreement in writing that the Soonga Straw should be sold and the proceeds carried to his credit in part payment of the Rupees 122-13-2 and that he

would,

would, afterwards, pay the balance; the sale of the Toongastraw was proclaimed from the 1st to 17th February 1846 and was sold for Rupees 35-15- from this was deducted Rupees 2-4- the fee due to Government and the balance Rupees 33-11- were carried to the Credit of Plaintiff- as Plaintiff did not pay the balance Rupees 89-2-2 his Cattle were attached.-

The answer of the 4th 5th 6th 7th and 8th Defendants is the same as the 1st Defendant- The Plaintiff- in his reply says that the Rupees 368-7-6 was paid jointly by the renters, that the 14 heapes of Toongastraw were not sold for 8 Months after attachment, and during that time they were damaged by the rain and cattle; therefore, they only fetched Rupees 33-11- whereas, had the straw been sold one month after the attachment Rupees 150 might have been obtained for it.-

The 1st Defendant, in his rejoinder, states that although the lease was a joint one, yet according to the order of the 29th September, each renter was required to pay 1/5 of the total sum due, three of the renters paid their portion- the Plaintiff's assertion that this sum of Rupees 368-7-1- was paid over account

account of all the four renters is false- for had such been the case, he would not on the 31st December, bind himself to pay Rupees 122-13-2, being his portion of half the sum due- the Toongastraw was not sold at the time specified in the attachment because a large sum was due by the Renters, and if the property attached had been sold, the renters would have suffered loss; therefore, the sale was postponed to allow the renters to make arrangements for the payment of the sum due- the Plaintiff- instead of immediately complying with the terms offered, delayed to pay his portion and ultimately executed the agreement.-

The 4th 5th 6th 7th and 8th Defendants filed a rejoinder.

The 2d and 3d Defendants not having appeared to file answer this case was ordered to be tried ex party on their behalf.-

The Plaintiff was directed to prove that the Rupees 375 paid was on account of all the renters jointly to prove the value of the Straw, the time of its attachment, to prove that it was damaged by the rain, and Cattle and that the sale being unnecessarily delayed by the 1st Defendant caused this damage.-

DG

The

Fort St. George 10th August 1848.-

The Plaintiffs 1st Witness states that the straw was attached, he does not know the quantity or value, Does not know if 5th and 7th Defendants sold any of this straw. In reply to the Government Vakeel for 1st Defendant, the Witnesses state that Mr. White sent him the order dated 29th September 1845. (Defendant's document A) directing him to call on the Plaintiff to pay half of the balance due, and if this was done, the property attached was to be released. The Plaintiff agreed to this and executed the Agreement dated 31st December 1845.-

The 2d Witness states that the Rupees 375 was paid on account of all the renters Namely Plaintiff and the 4th 6th and 8th Defendants, but the sum was credited to the 4th 6th and 8th Defendants, therefore the Plaintiff executed an agreement - 14 heaps of Straw were attached in 1844 valued at Rupees 150. they were sold eight months afterwards for Rupees 36 having been damaged by Rain, was told that 5th and 7th Defendants had sold some of this Straw, does not know whether it was owing to the act of the 1st Defendant or owing to Plaintiff that the Straw remained eight Months under attachment. had the Plaintiffs paid the Money the Straw would at once have been released.-

The evidence of the 3d Witness is much the same as that of the 2d Witness he states that the

Fort St. George 10th August 1848.-

the 5th & 7th Defendants were not punished for selling the straw and he does not know why the straw was unsold for eight Months.

The Plaintiff's Vakeel stated he did not require the 4th 5th & 6th witnesses.

The 7th Witness states that the Rupees 375 were paid on account of all the renters, that the property of all the renters was attached, that after the payment of the above sum, the property of the three renters 4th 6th & 8th Defendants, was released.- does not know why Plaintiff's property was not released, the straw when attached was worth Rupees 50. a report was made to the Samutdar that the 5th & 7th Defendants had sold some of the straw after it had been attached, these Men were not punished for this act, does not know the reason of their not being punished.- does not know the cause of the delay in selling the straw.-

The 1st Defendant's Vakeel stated that the Plaintiff would admit the agreement C. the agreement being shewn to Plaintiff, he admits the signature to be his, and on the agreement being read, he admitted that it was the same which he had executed.-

There was no evidence taken for Defendant as it was unnecessary.-

Fort St. George 10th August 1848.-

The Plaintiff asserts that of the Rupees 375 paid his 1/4 share is Rupees 93-12- and therefore there was only Rupees 31-4 due by him- the Plaintiff's own Witnesses say that this Rupees 375, was credited to the 4th 6th & 8th Defendants and in the agreement C. the Plaintiff agrees to pay Rupees 122-13-2- which he states is his own 1/4 share. Not one of the Plaintiff's witnesses have proved that the 1st Defendants acts were the cause of the Straw attached being damaged.- the 2d Witness says had Plaintiff paid the Money the Straw would at once have been released.- The 5th and 7th Defendants are said by the Plaintiff to have sold some of the Straw and that by their opening the heaps the straw was damaged, there is no proof that they did any thing of the Kind, had they done so, they would most certainly have been punished, but the Witnesses expressly state that they were not punished.-

The Civil Judge being of opinion that the Plaintiff has not established the truth of any one point in his Plaint, dismisses his claim and decrees that he pay all Costs incurred by Defendants, as well as his own Costs.

It is resolved that no private adjustment of this Decree shall be allowed or deemed valid, unless the terms of such

adjustment

adjustment shall have been previously and is reciprocally declared by all the parties interested herein, and made a record of Court with their unanimous consent.

Costs incurred by the 1st Defendant the Collector of Guntoor.

Secretary to the

Board of Revenue

Fort St. George.

(45)

Sir,

From the Collector of Cuddapah - - - } I have the honor to reply to Extract

Affording further information on the subject of the claims preferred by the widows of the late Rajah of Chitwail

from the Proceedings of the Board of Revenue dated 24th January 1848, requiring me to state with reference to the correspondence which has already passed on the subject of the Petition No. 836 of 1847 and the concluding Paras of the address from the Petitioners (the Widows of the late Poligar of Chitwail) whether under the circumstances stated, they have any further claims on the indulgence of Government.

2. The Petitioners in the concluding Paras of their address have set forth that my attention was too much taken up in matters connected with the late disturbance in this District, when I reported on the demise of their Husband Muttly Comara Vencatraghava rauze, or that otherwise I would have alluded to the history of the family and Origin of their allowance, which is, as incorrectly stated by them distinct from charitable and subsistence grants Muddudmash Yeomiah, Kyratee, and they allude to the necessity of their keeping up their position in society by the retention of their servants and dependants who

who succeed to employment hereditarily, the dismissal of who would not only be a hardship and injury towards them but would be a degradation to themselves, and entail upon them great inconvenience as regards their domestic affairs. They also state, that calculating as they did the full amount of allowance lately enjoyed by their Husband, being continued to them, they have borrowed large sums of Money to meet the necessary expenses in keeping up their Establishment and Retinue, of Elephants &c.

3. In my letter of the 7th December 1846, reporting on the death of Mutty Comara Vencatragh-ranze, (Petitioners late Husband) I did not think it necessary to revert to events antecedent to the period on which the late Poligar and his elder brother Vencatramaranze received by the order of Government dated 1st January 1801 - 10 per Cent of the Net Revenue of Chitwail, it appearing to me that the transmission of Documents affording information on the descent of their family, and all the circumstances connected with the manner in which their ancestors raised themselves to distinction during the former Government as well as those which led to the late Poligar Mutty Comara Vencatraghavaraze being dispossessed of his Jaghire, and the allowance being granted

him, would be an unnecessary trespass on the Boards time, the more particularly as the late Poligar had died without issue.

4. I now beg to forward the following documents which afford every information on the subject.

1. Copy of a Memorandum drawn out by Sir Thomas Munro when Collector of the Ceded Districts giving an account of the History of the family up to the date of the allowance being granted to the late Poligar.

2. Copy of his letter to the Board of Revenue bearing also on the subject, and having reference to the allowance proposed by them viz. 5 per Cent of the Net revenue of Chitwail as an allowance to the late Poligar and his elder Brother.

3. Extract from a letter from the Board of Revenue in reply thereto authorizing 10 per Cent.

5. It was under the impression that any sudden reduction of the Establishment hitherto kept up by the late Poligar would be unadvisable, as being a measure which could not otherwise than fall with hardship on the retainers and dependants whom it would be necessary to dismiss, that I recommended the full allowance to the five widows in equal shares for life. This measure

measure while it allowed them to keep up their establishm
in a suitable manner and style during their lives
admitted of the reduction in the number of depe
and servants supported by them, being gradually
effected on the occurrence of lapses, and as regards the
reduction of the allowance itself, in proportion to
curtailed wants of the survivors.

6. Adverting therefore to the gues
mooted in respect to their claims on the further
indulgence of Government, I beg again to express my
opinion in the affirmative, in consideration also of
the good conduct and amicable disposition evinced
towards Government by the late Poligar for
series of 46 years
allowance.

7. On the validity or otherwise of
the claims advanced by the Petitioners to the
succession of the adopted son of their late husband
to the Zemindary, and to the continuance of the
allowances in his name, the Board of Revenue
will be far better able to form a judgment, if
the information now further afforded, in no
way alters the features of the case, from
their knowledge as to whether the request
of the Petitioners in this most essential
point is customary, or supported by

any precedent, I shall therefore confine myself to stating
that should such be the case I shall consider the
adopted son entitled to the favorable consideration and
indulgence of Government.

Cuddapah District;
Collector's Circuit Cutcherry,
at Muddenpully, 3d May,
1848.

Collector.

No. 1.

Extract from a Memorandum of Poligars made by
Sir Thomas Munro dated 20th March 1807.

The Family derive their descent
from Timraz of Mutly in Goorrumcondah who
served under Seal Raj with 2000 Peons and 300 horse.
He rented the Purganah of Sidhout Cheenoor, ca
Budwail and Pooroomanillah. His descendants for
services rendered to the successors of Seal Raj, were
raised to the Command of 5000 Peons and 700
horse, and were allowed to rent four more ca
Purgunnahs Viz.ts Doovoor, Canalapoor Buseinapoor
and Dimmpoor. They paid their Establishment
of Troops from the Revenues, and remitted the
balance to the Sirkar. On the conquest of the Country
by the Hydrabad Princes, the 8 Purgannahs were
resumed and the Zemindar received Chatwail in
Jageer as follows.

Pootapnaur

Pootapnaur 61 Mosas Hamel ——— 28,576—0—

Poorgulnaur 55 ——— 10,395—0—

In Sidhout Goondlapully 1 ——— 148—0—

Veparalla 1 ——— 692—0—

118 Mosas Mds Ps. ——— 39811—3—

Bub Chitwail was resumed about the year 1664 and from this period the family of Tumraj had no territory but merely the Hawelie Russoomes of the 8 Purgunnahs until 1688 when they obtained Chitwail through the means of David Khan Aurengzebe's General. It was valued as follows.

Pootapnaur ——— Hamel 28,576—0—

Deductions for Paymali ——— 4747—0—

Goondacondah Goodloor ——— 2,3828—0—

Pilere ——— 673—0—

308—0—

Poolgulnaur Hamel ——— 11,304—0—0

Deduction for Paymali — 418—0—15

24,809—0—6

Total Madras Pagodas ——— 10885—0—1

35694—0—7

The Poligar was to serve with 2830 Peons whose pay was estimated at 24,809—0—6 the Hamel of Pootapnaur and the two Villages of Goorrumcondah, but if no services were performed he was to pay a Peshcush of 60,000 Rupees and Pungulnaur was to revert to the Sirkar. He however continued to

obtain

obtained more favorable terms a few years afterwards for he was permitted to retain the whole District on condition of maintaining 2830 Peons and paying a Peshcush of 70,000 Rupees. But the Nabob of Cuddapah in 1712 having obtained the 8 Purgunnahs in Jageer along with their dependencies, he raised the Chitwail Peishcush 1716 to 30,000 Rupees. In 1722 he gave the Poligar the Village of Mutty in Goorrumcondah in Jageer with Hawelie Russoomes and raised the Peishcush to 40,000 Rupees. In 1729 he raised it to 50,000. In 1756 when Abdul Nujeed, the Nabob of Cuddapah, was defeated and killed by the Mahrattahs his successor Halim Khan in the Schedule for dividing the Country entered the Chitwail Peishcush at only 40,000 Rupees in order to reduce the apparent amount of his own share but he not only collected 50,000 as before but in the same year added 40,000 Rupees to the Peishcush and 17,000 under the head of Durbar Kurch making the total 107,000 at which rate it was continued by Hyder after the conquest of Cuddapah. But the Soucar who advanced the amount to Hyder not having been paid, an Amildar was sent to Chitwail, who collected the first year 160,000 and the second year 175,000 Rupees. The Poligar Trivengulnah appah Raj was carried

by

by Hyder in 1780 into the Carnatic where he died in 1782

After the death of Hyder Tippoo fixed the Peishcush at 120000 Rupees and he wrote to Venkatrao Raj the son of the late Poligar, who was then in Chitwail that he had confirmed him in the management of the District - but at the same time invited him to join the army. The Poligar excused himself and paid only about 60000 Rupees in the course of two years but in 1785 Tippoo having returned from his expedition to the Malabar Coast sent a detachment to occupy Chitwail and the Poligar fled to the Carnatic He was restored in 1791 by the Nizam's Officers his Peishcush was fixed at 90000 Rupees but he engaged to pay considerable sums privately besides - In 1798 he was removed by Asoud Allo on account of irregularity in discharging his Kists and his younger brother Vencut Rayaver Raj appointed in his room who was in his turn soon after displaced by Chendoo Lall and the elder brother restored - but the younger offering a Nuzzer of 10000 Rupees and to discharge all arrears was again reinstated - all this happened in the year preceding the transfer of the Distr to the Company in which time the two brothers paid to Chendoo Lall the Nizam's Nail. Peishcush 90000 Rup

balances

balances 63,000 and Nuzzer 10,000 Total 1,15,000 -

The elder brother having been sent prisoner to Hydrabad I fixed the Peishcush of the younger at one Lack of Rupees, but being deeply involved in debt and his revenues almost entirely assigned to his Troops and his creditors, he let the period of his two first Kists pass without paying a single Rupee and as he was totally incapable of extricating himself there was no mode left of realising the Revenue but by dispossessing him which was done in May last. The two Brothers now received 10 per Cent of the Net Revenue of Chitwail by order of Government.

Collector

No 2.

To,

William Petrie Esquire

President, and Members of the

Gentlemen, Board of Revenue.

I have received your letter of

1.

the 12th Instant relative to Chetwayl - in providing for the future settlement of that District it appears to be an indispensible preliminary that

the

the Zemindar should never again reside in it, either with or without authority. His real or supposed rights ought not to be considered singly, but in connection with those of the numerous pretenders in the Ceded Districts. His ancestors held some of Districts of Cuddapah under the Bizanugger Government for the maintenance of their quotah of Troops, but they were dispossessed by the Mussulman invaders and continued above a century as simple Cawelgars without any Jageer. They obtained Chitsey about ninety years ago to support a body of Peons pay an annual Peishcush which, at the time of the conquest of Cuddapah by Hyder, was paid to the Nabobs of the Province and amounted to about a lac of Rupees. Hyder made no addition to it, but he carried the Zemindar with him next year 1780, into the Carnatic where he died. The son not paying his Peishcush regularly was expelled by Tippoo in 1785. He returned during the war in 1791 and seized his Districts, but was removed in 1793 on account of a failure in his Kists, and his younger brother appointed in his room. He was restored next year and again in a few months dispossessed to make room for his younger brother now a prisoner in Calastry who had

had offered a higher Peishcush. The history of many other Polligars in the ceded Districts differs from his only in their not having been able, from their countries being more open, to obtain such a complete establishment as he did under the Nizams Government. Their ancestors were, like his, dependants of the Bizanugger family, and held their Districts, paying a tribute till reduced by Hyder. The Polligars of Annuntapore and Owke, both now here, are superior to him in birth, and those of Anuntapore and Harpenhilly had a more valuable territory whatever conduct is adopted towards him will therefore have a considerable influence on these and other Polligars either in leading them to abandon their extravagant hopes or in encouraging them on a favorable conjunction to attempt by exciting disturbances to realize them.

It would be idle to imagine that he would ever remain in Chetwagl, as a subject, however advantagious his situation might be made. for it is not so much wealth or power and distinction that he seeks, were he even himself disposed to pass his days in privacy and quiet, he would be hindered from indulging his

?

his inclinations by the people who surround him, for, like all other Polligars, he has a set of Ca. men about him, dignified with the titles of the different great officers of state, who being sensible that their own employments could not long Ca. survive his loss of authority, would be continually reproaching him for having surrendered his inheritance, and urging him to endeavour to Ca. recover his rights of sovereignty. She claims that some of them have upon him from their Offices being hereditary would give additional weight to their arguments.

3 Therefore think that it would be most prudent to place him with his family in Seringapatam or some of the forts of the Carnatic, or they might be kept in the pettah of Vellore, or any other, from which they could not easily escape. The objection to the Ceded Districts is, the want of houses, but if they preferred residing in Gooty or Bellary to Mysore or the Carnatic, accommodations might be prepared for them at either of those places. If the situations were such as to prevent the sudden removal of the family there would be

be no danger in allowing the Zemindar himself a certain degree of liberty. He might be Ca. permitted to rend one or two Villages which he would probably be desirous of doing, Ca. for the purpose of keeping a few horses and bullocks, and supplying his family with provisions without having recourse to the bazar.

The Pension to be granted him

4

ought not to exceed one fifth of the Net Ca. Revenue. what this sum may be I shall be able to ascertain in a few weeks. The Gross revenue for some years will hardly exceed 150000 Rupees, on which the charges collection will be 15000, and the pay of 600 Peons 35000 leaving one lac, which would give him 20000 Rupees. His allowance ought to depend on the Net Collections, because the expence of the Peons will rise or fall according to the behaviour of his adherents.

I &c

If no regular Troops are stationed in Chetwoy[illegible] three or four hundred Peons will always be required on account of the situation of the Districts between the Gorumcondah and Carnatic Polligars.

5. With respect to its settlement it ought to be in no respect different from that of the other Circar Districts. There is no fear of any troubles being raised by the attachment of the Inhabitants to the Polligar, because they know that his weakness and mismanagement is the cause of their having suffered so much oppression from him and from the different detachments that have of late years entered their Country to enforce the payment of his Peishcush. They will therefore be very happy to get

rid of a master who was continually bringing a Military force against them. The Peons are the only class who will regret the change but as their loss of service is their only motive, I imagine, that they will easily be kept quiet by being allowed to keep their service lands at a tripling rent until the situation of affairs may enable us to raise it without any risk of disturbance. I see no cause to apprehend any thing from them while the Zemindar is at a distance, and should he escape and reenter his District, there will be no great difficulty in driving him out and the additional number of Peons which his Pension would maintain would, with two or three companies of Sepoys, be sufficient to preserve its future tranquillity.

Ananthapore
29th June 1801

(Signed) Thomas Munro
Collector.

No. 3

Extract from a letter from the Secretary to the Board of Revenue to Major Thomas Munro Collector of the Ceded Districts dated 7th August 1801.

Para. 1. I am directed to acknowledge the receipt of your letters of the 22nd and 23rd June.

2. The refractory conduct of the Poligar of Chitwail having rendered it necessary to compel his obedience by Military Force, may be considered as having vitiated his claims to indulgence, but the general ignorance of the people of these lately acquired districts, who being unaccustomed to the rules of subordination may extenuate the Offence of this Poligar, or with a view therefore to conciliate the minds of these new subjects, Government have resolved to allow a Maintenance for him and for his family but that it shall be proportionated to the prosperity of the Country. The sum therefore which you are authorized to grant him is to be 10 per cent of the Nett Revenue of his District.

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

(49) Sir,

I have the honor to submit

From the Collr of Cuddapah — Submitting the report required agreeably to the Board's Endorsement on the accompanying Petition No. 655 of 1848, and forwards an Extract from the Calendar of Persons punished during the quarter ending 31st December 1847. — Para 1

the Report required agreeably to the Board's Endorsement on the accompanying Petition No. 655 of 1848.

The Petitioner having been

2

required to pay Peishcush for certain Lands entered in his Puttah and which had its source of irrigation from a Well the particulars of which case have already been reported on his former Petition to the Board No. 997 of 1846, he has thought proper on all occasions to exhibit a spirit of animosity and misubordination towards the Surveying Officer of the Division, thro' whose means his malpractices as Moonsiff, & other Officers of the village being under his Control — in defrauding the Sircar of this Exetra assessment for a series of years had been brought to light. —

In

Fort St. George 10th August 1848.

3 In February 1846 the Tahsildar as reported that Petitioner was refractory and that there was no probability of the amount of Teernajasty he was made liable to being collected from him, it was considered advisable to suspend him for one year for such contumacious Conduct, and for setting so bad an example to others, particularly when he could have no just cause for grievance in the Rules in force being as regards Teernajasty made applicable to him and that was in arrears.

4 During the period of his suspension it was reported that the Petitioner interfered with the Carkoon of the Division who had been deputed to afford every assistance towards effecting the passage across the River Pennair while it was unfordable, of a body of Cattoohadies from Kurnool who had been sent as a guard in that neighbourhood during the late disturbances in the District, his object in such interference being as it must be conjectured, to make it appear that any failure in Carrying out our

Fort St. George 10th August 1848

our plans was to be attributed to his not being in the Mofussil - whereas in a matter of such importance it was his duty notwithstanding his suspension from office to have exerted his influence in a manner contrary to what he did -

5 In November 1846 one of the Curnums of the village having preferred a Complaint stating that Concealment of Cultivation had been practiced for the two preceding Fuslees to some Considerable extent - Petitioner was not reinstated at the lapse of the year pending the investigation of the case, as he was the principal Person Concerned in all matters connected with his village - It was not without Considerable difficulty that the investigation of this case was concluded owing to the impediments that had been caused in various ways by the Petitioner, which rendered it necessary that the Tahsildar should personally attend and bring the matter to a Settlement and on the proceedings being submitted in June last the case was disposed

Fort St. George 10th August 1848.

disposed of by the suspension from office
of the turnums for one year and
entered in the report for that Month
about to be submitted to the Board -

6 During the period inter =
=vening between the date of the Complaint
above referred to and that on which
the case was concluded, the Brother of
the Petitioner and another were punished
in a Magisterial case for assaulting
the said Barkoon while in the performance
of his public Duties, doubtlessly at the
instigation of the Petitioner, and Sub=
=sequently the Petitioner, and his Brother
were charged with having again inter=
=fered with the Barkoon while holding
an inquest on the body of one Chella
Timmadoo, who had met with some
sudden death and with having forcibly
carried off the window of the deceased
and others to their House for the purpose
of defeating the object the Barkoon had
in view of ascertaining the truth
of the cause effecting the death
of the Person alluded to - The Extract
from

Fort St. George 10th August 1848

from the Calendar having reference to these cases is
submitted for the information of the Board of Revenue.

Under all these circumstances it appearing
7 that the Petitioner had on numerous occasions insulted
=ed and behaved in a disrespectful and insubordinate
manner towards the Barkoon who unlike his predecessors,
did not coalesce with him in defrauding Government
he was considered a most unfit Person to officiate,
the more particularly as he is an habitual drunkard,
a circumstance I can myself bear testimony to from personal observation.

8 In a case that has subsequently transpired and
which was also brought to notice by the Barkoon no
less than three Pottles or 1200 measures of Earth
Salt was discovered to have been manufactured
was made without the Knowledge of the village authorities
and there is every reason for arriving at the conclusion
that the Petitioner, who still maintains his influence in the place)
with the assistance of his 1st Cousin who has all along been in
the Mirasi and who succeeded Petitioner in the Monigiffship
have been carrying a profitable vocation by allowing the
manufacture of this article to be carried on so extensively.

The Petition contains a tissue of misrepre=
9 =sentations from beginning to end and is the one alluded
to in Para 24 of my Report submitted agreeably to the
letter from the Board dated 16th April last -

Cuddapah District,
Collrs Office 2nd Circuit,

Collector

Resolution thereon.

(53-54)

Resolved that the request contained in the letter above recorded be complied with, and that the Collector of Chingleput be directed in communication with the Collector of Madras to whom Copy of the letter and of these proceedings will be furnished to make arrangements for the remeasurement with the Madras and Chingleput Imerals of two of the heaps of Tullore Salt now at the Madras Cotaurs as early as possible. The Board think it will be sufficient if the examination be conducted by the Sheristadars of the respective Cutcherries. but Mr. Freese may if he thinks proper, deputo one of his European assistants to be present.

Read the following letter

To, H. S. Raycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

From the Collector of Tanjore

Sir,

To remove all doubt on the subject I have the honor to request I may be informed whether the Circar Servants employed in the District are permitted to plant Topes under the new rules and also whether I myself or any of my subordinates are at liberty to plant on waste lands.

Tanjore,
Vadarneeny,
15th July, 1848.

(Signed) J. F Bishop
Collector

(57)

Ordered that the foregoing letter be submitted with the following address

(57-58)

To, The Chief Secretary to
Government.

To the Chief Secy to Government Submitting letter

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor

Letter from the Collector of Tanjore requesting to be informed whether Circar Servants employed in his District may be permitted to Plant Topes under the rules in force and whether he or his subordinates may plant on waste land and conveying the opinion of the Board on the subject

Letter 11th August 1848

Governor in Council the accompanying letter 15th July 1848 from the Collector of Tanjore requesting to be informed whether Circar Servants employed in his District are permitted to Plant Topes under the rules sanctioned by Government on the 11th November 1847 as also whether he or any of his subordinates are at liberty to plant on waste land

2 In respect to the first of those questions it appears to the Board that there can be no reason why Native public Servants should be denied the benefit of the new rules either in regard to public or private Topes — To embellish the face of the country and promote the public convenience by the plantation of Topes is congenial to the feelings of all Classes of natives as of those engaged in the public Service no less than of those not so employed — The Board see no cause to apprehend that the permission will be abused, and the orders of the Honorable Court dated 5th January 1847 prohibiting the holding of land by native revenue Servants within their own District even for reconsideration of those instructions should be adhered to by the Honorable the Court of Directors, were not it is presumed intended to apply to such cases —

From Govt 20th April in Cons. 31st May 1847

3 The planting of Topes public or private by the Collector or his subordinates seems also to the Board to be unobjectionable,

Lands

Lands appropriated to such purposes cannot be regarded as taken up for farming purposes or falling within the scope of the Honorable Courts orders, communicated to this Office in the Extract Minutes of Consultation 27th January 1846 —

Proceedings Relative to the Settlement of the Land Revenue in the District of Trichinopoly for Fasly 1250

Fasly 6 In Cons. 21st October 1847

Read Letter from the acting Collector of Trichinopoly dated 30th September 1847 reporting on the Settlement of the Land Revenue for Fasly 1250

Par. 1 The season is represented as having been favorable throughout the entire Province and the result shows that the industry of the Ryots was exerted in considerably extending the cultivation of the Dry grains, while in the wet lands although the freshes of the Cauvery were irregular and not quite so full as was desired, there was no decrease of Revenue. The District continued healthy and the prices of Grain were remunerative

and

11504 Fort St. George 15th August 1848

Sir, I have the honor to forward herewith a Statement of the Land Revenue Balances of the Ceded Districts, and of the Nellore Collectorate, for the month of July 1848, and to request that you will be pleased to lay the same before the Board of Revenue.

I have the honor to be, Sir, Your most obedient humble Servant

Sic

3 The increase under the head of Dry lands amounts to Pagodas 43,353 11 10. The Board observe that the

Para 8 Settlement of the Dry Villages was concluded on actual cultivation so which does not accord with the rule

Rule 11 laid down in the Hookoomnamah the season from being more favorable to Dry Grain Culture than in the preceding year would naturally have rendered the demand for remission on Putent waste less urgent. At the same time it is presumed that the Settlement according to actual cultivation did not exclude from entire fields such portions as might have been left waste for the convenience of the Ryot. The acting Collector will be pleased to explain how the deductions for Putent waste lands in the wet Taluks only allowed on sufficient grounds were regulated, and to what amount they were granted. In future he will adhere to the provisions of the Hookoomnamah both in the Dry and Wet Taluks.

4 The Statement of the Taluks

DLF

Para 10 cultivation and settlement compared with Fusly 1255 exhibits a decrease on lands cultivated with one wet crop, and a considerable increase of two crop cultivation, which on reference to Statement No. 2 occurred in lands irrigated from Channels as will be seen in the following Abstract.

Fusly

11509

Fort St. George 10th August 1848.

5. The Chief increase of two crop cultivation is observed in two Talooks, Conauds and Saulgoody, and from these circumstances the Board learn that the classification of one crop or two crop lands is adjusted at the settlements by the number of crops actually raised within the year, and not according to the original survey accounts. When lands originally entered as one crop are cultivated with two crops, the difference in the settlements should be brought to account as Fusul Jastee under a separate Head, and if land entered in the survey as two crop lands, are cultivated with one crop only, the full demand should be entered in the settlements

Conauds Talook. Saulgoody Talook.

| | | |

settlement accounts, and a deduction for the decreased cultivation at Fusuls Commee be shewn under the head of Remissions. The Collector will be guided by these instructions, taking care that whenever these changes of crop occur, they are entered in the Puttahs of the Ryots and in the usual abstract Summabundy accounts;

Para 23. with respect to the Statement No. 17 now submitted the Board remark that they did not intend it to be applied to two crop land left uncultivated with a second crop, but to the extent of lands which the Ryots had engaged to cultivate at the commencement of the season, and had left waste through negligence. This information may hereafter be supplied in the accompanying form.

Para 28. 6. The Net increase under the head of Cowle lands is stated to amount to Rupees 114-1-2. There would seem to be some error in this calculation according to the subjoined extract from Statement No. 10.

Extract

From

7. From this it will be perceived that there was a decrease of Rupees 127-9-10 in the amount of Cowle Remissions, and of Rupees 317-8-½ in the Neb settlement. It further appears that the Remissions on Cowle lands amounting to Rupees 93-10-10 have been entered in the Statement No 3 under the head of Gross increase, and of Gross decrease, the attention of the acting Collector is directed to these discrepancies. A further reference to Statement No 10 ex shows that full Peerwah was not charged when it became due on the expiration of the Cowle. A remission of Rupees 132-7-8 was thus allowed on Cawnies 19-71-14 of Poonjah land, and is not explained. Mr Elliot will bear in mind that when the favorable rates of assessment cease after 5 years the full demand should be invariably charged for one year in fulfilment of its terms, the holding being left to the option of the Ryot after that period.

Statement No 3. Col 20. 70.

8. The Board are unable to judge of the propriety of the measures adopted by the acting Collector in bringing to account the extent of land discovered to have been occupied in excess of the Perpetual Cowle alluded to in Para 32. of his report. They desire to know when this grant for the cultivation of two hundred Cawnies was first sanctioned, and on what terms. The extent of the excess now discovered, the period it was held at reduced rates of assessment, and the rates at which it has now been charged in the sum of Rupees 170-5-7. should also be clearly explained, on all occasions of the imposition of assessment as in this instance, or of the reduction of the fixed demand as in the case of "land once held under "Poroopoo Maanium tenure, and now incorporated "with the Aim lands" the sanction of the Board should be first obtained. As regards the latter case under notice the acting Collector has omitted to shew the assessment of lands similarly situated in the same Village and "the tax leviable on "similar

Para 33

"similar lands of the surrounding Villages, as
"which was taken, and an average struck."

9. When the season was so or
much more favorable than in Fasly 1255,
the Board could not anticipated that
the remissions for withered produce would
prove to be actually greater, a result which
is attributed to the failure of
irrigation in the Conaud and Vellycully
Talooks from local causes. In determin
ing the claims for remission the
Acting Collector has entirely lost
sight of the orders of Government of
the 4th March 1825 establishing the rules
for the grant of such remissions. &
Instead of being regulated according to the
general circumstances and real wants of
each claimant, the remission, as stated
by him, was granted to such an
extent as appeared necessary "withholding
"such as might be within 5 per Cent
"of the Gross Revenue of each Ryot," and this

Stat. No. 5
Col. 16-17-18
and 19.

on examining the details exhibited &
in Statement No. 5 it appears that all
claims above 5 per Cent have been
admitted, as shewn
in the Margin, with
a more abundant
produce, and with
price higher by 1½ per
Cent than in the previous year, there
could have been no difficulty in adjusting
the claims for remission, according to
the relative position and the capability
of the Ryot to pay his rent; and
not by an uniform remission
which secures to the richer Ryot
advantages from the enhancement
of produce and price that his
poorer neighbour is unable to enjoy.
The Acting Collector is enjoined to
pay attention to the orders &
above

Full Teerwah of lands affected by drought	10827-15-8
Assessment of fields fully charged	552-11-1
	or 5 1/4 per Cent
Remainder on account of Remission granted	10275-4-0

To Trichinopoly under date 13th June 1831.

above quoted, and to be invariably guided by them in deciding upon all claims to remission.

10. On this subject no information is afforded in the settlement accounts of one Village, received in the Marattah language with the report now under review, in future the Board desire that as Village may be selected for transmission to them which embraces the details of every description of Settlement and particularly those of remission for withered produce and other general causes.

Para 51.

11 With the exception of the small sum of Rupees 1031-8-5. since brought to account, the whole Demand for the year amounting to Rupees 13,78,734-12-1. was collected within the Fusly. The Board consider the success with which this object was attained satisfactory.

satisfactory. The Collector states that it is the first year since the assumption of the District that the amount of the settlement has been so fully realized; but he should have explained with reference to Para 7 how the Demand was thus collected when the settlement would appear not to have been concluded until after the expiration of the Fusly.

Ordered that a copy of the foregoing Extract from the Board's Proceedings be submitted to Government and a transcript of the same be forwarded to the Acting Collector of Trichinopoly for his information and guidance.

From the Asst. Coll. of Trichinopoly.

Sir,
Para 1.

I have the honor to acknowledge the receipt of the Board's Proceedings dated 7th June last forwarding an Extract from the Minutes of Consultation of date the 22nd May 1847. and directing my attention to Para 11 of the above Minutes with reference to the possibility of carrying out the orders of the Honorable the Court of Directors contained in the 42nd para of their despatch dated the 17th August 1838 without further delay.

Re Regarding the taxation of Land and Crops in the District of Trichinopoly.

2. It may be as well first to say a few words on the system which at present obtains with reference to the taxation of land and Crops in the District of Trichinopoly.

Wet Talooks.

3. In the Wet Villages attached to the 4 Wet Talooks the Nunjah lands are divided into four classes which are usually known as Karsal or heavy Cotton Soil. Padoogay or old alluvium. Inamal or poor Sandy ground and Kalar

Khalar or Salsuginous Soil - a kind of fullers earth: the assessment on which was originally fixed on the nature of the Crops raised whether Cann, Peshanum, Talon or Poovasy &c. varying according to the class of land on which it might be sown. These rates of assessment were subsequently fixed on the land itself.

4- The assessment on the crops cultivated in Nunjah garden, as usually denominated Kunjier, consisting of Plantains, Turmerick, Beetle &c. remains as originally fixed it does not vary according to the class of land occupied, but each species has a distinct rate.

5- The assessment fixed on the dry lands or as they are called in Patcat Poonjah which are attached to the Wet Villages, has been already settled and is very light. It is believed to have undergone no variation whatever since the time of the Mahomedan Government the lands of the dry Villages of the 4 Wet Talooks are assessed in some places upon the average assessment of the respective

respective Villages in some upon the crops while in others on the species of land.

Dry Talooks. 6.
1st Purisul Black Cotton Ground.
2d Padoogay Old deep alluvial Soil.
3d Sheval Red earth.
4th Manul Sandy Soil.
5th Kalaru Fullers earth.
6th Sookanu Limestone &c.

In the Talooks of Tonnore, the Nunjah and Poonjah Land are generally divided into 4 different classes, but in some Villages a fifth class and in 3 or 4 Villages a sixth is found to exist. The assessment was fixed with reference to both the crops and classes, but the rates thus fixed are not uniform throughout the Talook. Every Village has a separate rate for each description of land. The Bagayet and Panavarasy lands were never classed, the assessments being annually determined on the nature and value of the crop raised.

Already money tax

7. termed Nania Vuttium is imposed upon Poonjah Bagayet and Panavaresy Lands at the rate of 8¼ per Cent on the Land Revenue.

In the Talooks of

8. Oodiarpollium and Arrealore lands have one tarum but the Bajthal Nunjah and

and Poonjah is divided into two classes Namely Kuroul and Manal, and assessed according to the description of Crops grown on them - a distinct rate prevails in each of these two classes, but it is uniform throughout the respective Talooks, with the exception of 8 Villages attached to the Perambore Mahanum of the Arrealore Talook, and 10 Villages in the Talook of Woodiarpollam - In the former 8 Villages the tax is levied on the Crops alone no classification of the land has ever been made, and in the latter 10 Villages, the Wet lands are irrigated by the Vadawar Nullah and the assessment fixed thereon is light and distinct from the general rates prevailing in the Talooks, but the Poonjah and Baghat lands are subject to the same assessment as other Villages - There is also a ready Money tax demanded from the Ryots under the denomination of Cawny Vary and Sandewareed, Cawnj vary at 1/16th of a Pagoda per Cawny, generally and the Sandewareed is charged only on the Parāiwody or foreign Ryots at 8¼ per Cent on the Land Revenue -

9- In the Talook of Vellumbatpoorum

* 1 Havaly -
2. Corticaie -
3. Vadacarahum - pooty -
4 Pajangaddy -

Valcondatpoorum the assessment in the 4 Mahanums noted in the Margin is fixed on the crops, no classification of the land has been made - But the Crops on Poonjah lands are divided into their different descriptions Namely Kaddir, Mookalpyre and Arapyre - The Kaddir comprises about 10 different kinds of grain produce or grain as Ragi, Cholum, Camboo &c. The Mookalpyre consists of 10 kinds of the description next in value, such as Castor or Lamp Oil Seeds, Bengal grain, Cotton &c. and the Arapyre are 5 kinds of long pods or produces of less value Consisting of pulse and Netches, as the green and Black Grains &c. each of these 3 kinds are subdivided into 4 Classes paying distinct rates of assessment. In the above said 4 Mahanums, a fee of 4 per Cent on the Land Revenue is Collected under the denomination of Pufpoom, and in the Mahanum of Pajagaddy, a fee of 6 per Cent on the Land Revenue, including Pufpoom, is Collected as Sadawarded -

10- The assessment in the Mahanum of Coonoombatoor appears to be on

system. For when a Ryot Cultivates his field with a Superior Crop. the highest rate of Jeroab leviable on that Crop is brought to account; but should he again revert to his ordinary or inferior kinds, no deduction is allowed - the high rate still continues to be levied - An instance of the objectionable method may be here given - In the Village of Ambalavan Cutlay - Cultivators name Arreachella Padiachy - Poonjah, Sandy Soil -

	Rs. A. P.
Field No. 1 Containing 3 3/8 of land Crops Brungal and Chilly in Fusly 1255 assessed at Rupees 9-9- per Cawny amounts to Rupees	2 — 2 — 1½
The usual Cultivation and that carried on during 1256 is Raggee - The assessment leviable on it at Rupees 5-8 per Cawny amounts to Rupees	1 — 5 — 10½
Excess to be regularly Collected from the Ryot is	" — 12 — 3.
In the same Village Armooga Padiachy Poonjah Kursal Soil - Field No. 2. Containing Cawnies 1 5/10 of Candy Paddy assessed at Rs. 9-9- per Cawny amounts to Rupees	5 — 11 — "
The actual Cultivation made this year as shown and the assessment leviable at Rs. 7-15-9 Amounts to Rupees	1 — 12 — "
Excess Collected from the Ryot	" — 15 — "

Although-

on the same principles as that existing in Tanjore - But in the Mahomum of Ootlatoor whilst the Nunjah and Baghat lands are assessed with reference to the respective classes and the description of crops growing thereon the Poonjah is assessed on the Tarum alone without any reference whatever to the kind of Crop -

11. Having stated the numerous principles of Settlement that at present prevail in the several parts of the District I will proceed to state the hardship or inconvenience to the Ryots in certain instances, arising apparently more from a departure from the original institution than from its strict observance -

12. The principle originally laid down for the settlement of the dry Taloo his. appeard to have been to assess the lands according to the Crops actually cultivated, and had this plan been strictly adhered to, the Ryots would have felt perfectly contented however inconvenient to the Cultivator or Sircar Servant this species of scrutiny might be considered but this principle seems to have gradually given way to a different and much more objectionable

Fort St. George. 10th August 1848.

13. Although some slight mention of the subject appears inseparable from a report like the present, the whole has in the various reports from the District been laid before the Board and Government and has been fully set forth in Mr. Blair's letter to the Board under date the 9th July 1838 in which a plan is proposed for fixing the Teerwah on the land instead of on the crops. The suggestions contained in the above letter, being founded on the prevailing rates of assessment, appears to me worthy of consideration as calculated to introduce a uniform principle throughout the Dry Talooks. The remarks in Paras 13, 14, and 15, 21, 22 and 23 in particular require deliberation.

14. Whether the proposal submitted by Mr. Blair should be accepted, it is not for me, whose connection with the district, and time to carry out any modification, is so limited, to determine, but that I might be enabled to give a decisive answer to the Boards enquiry as to whether the instructions of the Honorable Court can be carried out forthwith,

and

Fort St. George. 10th August 1848.

and to enable me to ascertain the present feelings of the Ryots and others, I deputed the Head Sheristadar to ascertain the value of the soil with the assistance of a Punchayet composed of the Head men of a few Villages (See Statement No. 1)

15. The cultivated and waste lands of the Village of Poodoocottah in the Talook of Arreabore were examined with the Survey accounts of July 1816 but neither the Ryots nor Carnums but neither the Ryots nor Carnums were able to point out the 1st field then measured one saying it commenced from the North of the Village and another from the West, the present Carnum and Ryots are ignorant of the limits or boundary marks of the several fields and most of those mentioned in the survey accounts have either been removed altered or obliterated by time. Some lands are in excess, others less than in the survey time, whilst some fields have become subdivided. no plan is likely to correct this irregularity short of a regular survey.

16. In the said Village the two

Fort St. George. 10th August 1848.

two prevailing classes of soil were Karsal and Manal, black and sandy. In the survey accounts those which are found to be Karasal are there entered Manal. and Vice Versa.

1/- The system proposed by the Heads of the Villages was that there should be four classes on the lands occupied. for instance in Fusly 1256 A.D. 1846-47. each being 3/4 the amount of the next preceding it. thus-

	Rs.	A.	P.
The present highest rate to be 1st class Tax per Cawny	8	9	4½
3/4 of the same to be 2d. Class.	7	8	1½
3/4 of the 2d. Class to be 3d. Class	5	12	9.
3/4 of the 3d. Class to be 4th Class	4	6	5.
The amount of the Settlement on the above would be Rupees	480	4	0
According to the present Rate	505	13	3
Difference	25	9	3

which although in itself not appearing to very great on more than 5 per Cent. as to the apparent Circar loss. it is found to vary on some individual pattahs from 3 to 22½ per Cent which is not by any means satisfactory-

18- Although there are probably

Lands

Fort St. George. 10th August 1848.

lands in the District which are taxed at too high a rate. I do not consider in general that the assessment bears heavily on the cultivators. whilst in some places it is particularly light- The only ground of dissatisfaction appears to be that above mentioned. Viz.t. where the possessor of a parcel of inferior land if he cultivate a superior or better class of produce. pays the tax leviable on the crop. and although he reverts to his inferior produce the tax is not diminished- There would be no difficulty in fixing during the present year the rent on the land removing it for ever from the Crop. and directing that all inferior or Sandy soils shall bear such inferior tax. whether the grain seem to be of a richer or poorer kind- whilst the tax on the richer lands will remain in amount as at present leviable but settled on the class instead of the produce. till any more regular or general classification or assessment take place the rates never to vary save in the conversion of the land from Poonjah to Munjah or Baglah-

Statement

Fort St. George 10th August 1848.

+ Drawn up for Annexure-

19- Statement No. 2+ will shew the plan proposed the Class alone is mentioned though each will be settled with reference to the species of soil and tax now leviable- In the present plan for Poonjah and Poonjah Garden, 12 rates of tax appear, but as there are two instances of a corresponding rate prevailing, only 10 are introduced into the proposed plan. the Nunjah tax can either be levied on the Number of crops on the whole amount fixed on the land and the option left with the ryot to Cultivate the two crops or one according to his own convenience, provided there are usually means ready for procuring a second crop, that the Ryot may not be debarred from want of sufficient Water-

20- In addition to the tax as shewn in No. 2 there is a Cultivation fee of 3—0 As P on each Cawny taken up: this might be incorporated with the land tax and the stranger Ryots put on the same footing as the resident Village Cultivator, abolishing in that case his Sundewared fee of 9¼ per Cent-

I am

Fort St. George 10th August 1848-

21. I am not prepared to offer an opinion on any alteration of the tax on fruit trees and topes, but shall treat each case brought before me with the consideration it may deserve mentioning the same in the annual Settlement reports or in a separate communication if necessary but should the Board, be pleased to allow me to put in immediate force the proposed change of tax from the produce to the land, in the manner above exhibited I shall be prepared to carry out the same forthwith, and should any difficulty or doubt arise during the process I shall communicate the same immediately with particulars to the Board of Revenue for their instructions-

Jaganatha Row Native of Bellary	Maharatta Bramin	40	Iyempooly	98486 7 11	70	From 28th January to 30th April 1848 — 3 3 — 3 3		Goomastah in Sub Hoozoor of Bellary from November 1821 to April 1830	8 6	25 8 11	Jaganautha Row took Charge of his Office on the 28th January last. What I have seen of him has pleased me. He shews much diligence and is painstaking and patient in his enquiries and evinces a great desire to do his duty.
								Head Moonshee in Huzoor of Cuddapah from May to July 1830	3		
								Goomastah in Sub Hoozoor Bellary from August 1830 to January 1832	1 6		
								Moozoomdar of Nellacotay from 20th November 1832 to 20th April 1835	2 5 1		
								Do of Maroongapoory from 21st April 1835 to September 1836	1 5 10		
								Acting Tahsildar of Do in October 1836	1		
								Moozoomdar of Do from 1st November 1836 to 20th November 1839	3 20		
								Do of Meylcor from 21st November 1839 to March 1843	3 4 10		
								Do of Theroomungalam from April 1843 to 27th January 1848	4 9 27		
									25 5 8		
Soobbier Native of Teloogoo Vaimbacottah in Tinnevelly District	Bramin	48	Thunkutray	14 2221 6 6	70	From 21st July 1847 to 30th April 1848 — 9 11 — 9 — 11 —		Assawny in Sikul Talook in Ramnad from January 1819 to 1822	4	27 8 19	This Tahsildar's talents are of superior order and he is familiar with the Regulations and Circular Orders. He is very diligent and hard working. His judgment is good and his business is carried on with much vigor and despatch. He wants experience in the details of the Talook but this is not to be wondered at as he has not yet been in charge of it a year, and his time was at first much occupied in getting through a large quantity of arrears which had accumulated in the time of his Predecessor.

Sir

From the Collector of Madura ...

Reporting upon Petition No 2241 of 1847

I take the liberty to report on the accompanying Petition No 2241 of 1847 by letter instead of by Endorsement.-

2 The Zemindary of Nellacottah bearing a Peishcush of Rupees 24,978-5-11 was sequestered in June 1810 for arrears of Revenue and incorporated in the Government lands in Fusly 1224 / 1814 An allowance of 10 per Cent on the Collections was granted to the Zemindar by the Order of the Board dated the 11th April 1816 and was paid from Fusly 1226 but not in arrears. The Petitioner now prays that arrears from Fusly 1224 to Fusly 1226 may be granted to enable him to defray certain heavy expenses.-

There

11544 Fort St George 10th August 1848

3 There is nothing on my Records to shew why the allowance was not paid from the date of incorporation but I presume that the sanction was not considered to have retrospective effect. The long silence of the Petitioner affords in my opinion a valid ground for refusing his re-quest but the liberal feeling of Government towards these Zemindars may induce them to grant it not-withstanding in answer to my enquiry how the Zemindar subsisted in Fuslies 1224 and 1225 the Tahsildar reports that he lived on the produce of the sale of his Jewels and his private cultivation.

4. The amount of the allowance for Fus-lies 1224 and 1225 calculated as at present will be Rupees 3,786-14-...

70

Sir,

From the Collector of Tinnevelly — Stating the exact nature of the Assessment objected to by the Petitioners in Nos 1720 of 1846 and No 134 of 1847.

Para 1. With reference to the Extract from the Proceedings of the Board of Revenue dated 14th October last, directing me to inform the Board, of the exact nature of the Assessment objected to by the Petitioners in Nos 1720 of 1846, and 134 of 1847, and of the Items substituted in lieu thereof, I have the honor to state the circumstance under which the tax complained of came into existence as follows—

2. On the assumption of the District, the Village Accounts having exhibited entries of sums paid by the Ryots as presents to the public servants of the Nabob, the same were included in the Ayen, and continued to be collected under the denomination of "Yavany," upt to fusly 1216, and were abolished in fusly 1217, under the sanction of the Board, substituting in lieu thereof, 2 taxes called Curnum "Marah," and "Yaremarah." In the 3 Villages mentioned in the accompanying Statement, the Yavany has not, by some omission, been abolished, in the first 2 of which

which, it may now be abolished, and Curnim and Yaremara substituted, as in the case in other Villages of the District. The 3rd Village Chuttrum Poodoocoolum being held on Cuttoo goottah tenure, and as the amount of Yavany is included in the Cuttoogoottah Amount, the Government would, if the Yavany is abolished, have to make a reduction in the Cuttoo goottah Bariz to the amount of Rupees 324.14.7 The Revenue of the Village, less the Cuttoogoottah, is appropriated to the support of the Pundaracoolum Chuttrum.—

3. Besides Yavany, there is another tax collected ever since the assumption of the District under the denomination of "Nelawary." The Item composing this tax being numerous, and the nature and rate of each Item different in each Village, it is proposed to leave them untouched till the Survey.— The collections under this head amount to about 20,000 Rupees a year.—

The Petitions Nos. 1720 of 1846, and 134 of 1847, are herewith returned.—

Adverting

11349 Fort St George 10th August 1818.

Proceedings thereon.

70-71

Adverting to what has been stated by the Acting Collector Mr Elton in his Endorsement of 21st September 1817 Viz. that the abolition of the Yavany does not extend to Cultroygottah Villages, the Board wish to be informed whether there are any other Villages in Tinnevelly, held in Cultroygottah tenure, besides Shettrum Poodoocoolum, in which that tax exists. If so, the Collector will be pleased to state the names of such Villages the Yavanys paid by each and the amount of revenue which will have to be given up in the event of its being commuted for Currums and Yaremarah. He is also requested to explain why the Yavany in Shettrum Poodoocoolum is of so large an Amount.

Read the following letter

To

J. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St George.

(74)

Sir,

From the Collector of Canara — With reference to the 2d para of your letter under date the 17th Instant, I have the honor to state, for the information of the Board that the expense of Rupees 29-12-9 was incurred for the distribution of Betel leaves and nuts to the Ryots when they make the first payment of their Kists. It is distributed as a mark of attention to the respectable Ryots in the same manner as Betel nut is in other districts given to them at the Jummabundy Settlement with their puttahs, and although I cannot positively state that it is necessary, yet as it is a time honored observance, and its discontinuance would be ungrateful to the ryots I am unwilling to recommend that it should be abolished.—

Collector's Cutcherry,
Mangalore,
27th July 1848.

[Signed] J. L. Blane
Collector.

Resolved

Proceedings thereon — Resolved that the letter above recorded be submitted for the consideration and orders of Government.—

(74-75)

2

	July 1250	July 1255
Guntoor Rupees	23-10-6	9-2-—
Nellore —"—	51-3-2	44-12-8
Kurnool —"—	11-15-11	12-15-2
Bellary —"—	83-6-1	55-9-2

The Board observe that in Guntoor, Nellore, Kurnool, and Bellary, a small charge has usually been allowed to be incurred for the distribution of Betel leaf and Areca nut with the puttahs to the Ryots at the annual Settlement.—

3

A similar distribution would appear to be made to the more respectable land holders in Canara on payment of the first Kist of the year.— As the practice seems to be popular and involves but a trifling expense to Government the Board would be reluctant to see it discontinued.—

Read the following letter.—

To J. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St George.

(76)

Sir,

From the Collector of Madras — Reporting upon a petition from Pariasawmy Moodelly one of the Nattery renters of Chinglepet relative to his suggestion for a modification of the rule under which the Arrack Shops beyond the limits of the Supreme Court are let.—

I have the honor to acknowledge the receipt of Mr Roupell's letter under date the 17th Instant together with the petition therein referred to from P. Pariasawmy Moodelly one of the Abkarry renters of Chinglepet No 1120 of 1848, and to report for the information of the Board of Revenue with reference to the Endorsement thereon that, on his making to

to me a proposition similar to that made to the Board, I considered it unworthy of notice not only from its being an innovation on an old established usage, both as regards the mode of putting up the Arrack Shops beyond the limits of the Supreme Court and the Amount of Security to be taken from the successful bidders, but from the necessity in my opinion, of preventing, as far as might be practicable, the Jaghire renters from ever having any thing to do with the Abkarry Revenue of Madras.—

2. My letter to the Board under date the 21st May 1847, No. 53, which had especial reference to the seizure of a Cask of Arrack sold by the Godown Keeper at Poonamalie will shew that, without any difficulty whatever, private individuals can get Spirits in Chingleput for the purpose of being run within the Presidency Collectorate.— After the dispatch of that letter, the Staff Officer of Poonamalie, in reply to my communication to him on the

21st May 1847. subject, informed me that the Godown Keeper who supplied the Cask of Arrack under seizure was employed by the Abkarry Contractor "Pariasawmy Moodelly," that is the petitioner himself. I addressed the Collector of Chingleput, at the same

2nd May 1847. same time, bringing to his notice the fact of large quantities of Arrack being illicitly brought into Madras with the connivance of his renters, but the practice is still continued, though perhaps not to the same extent as before from the vigilance and activity of my peons.—

3. I have no doubt that the petitioner's object is either to disturb the existing arrangements which are working so well or to obtain a contract by holding out the hope of a prospective advantage to the Circar, whereby he could have the whole of the Shops beyond the limits of the Supreme Court placed exclusively under his control so as to facilitate the clandestine introduction of liquor brought down from the Distilleries in Chingleput for supply to the Shops within the said limits, from the minimum price for the former being fixed at 20 fanams and that for the latter at 40 fanams per Gallon.—

4. The petitioner thinks that the present

11555 Fort St. George 10th August 1848.

present system is productive of equal inconvenience and disappointment, but this mistaken, for the success which has attended the management is a sufficient proof of its benefit to Government and adaptation to the circumstances of the people.—

5. I, therefore, submit that the petitioner's proposition should be rejected. His petition is returned herewith.—

Madras
22nd July 1848.

(Signed) J. A. Maddleston
Collector.—

Proceedings thereon.— The Board of Revenue request that the Collector will explain the mode pursued in the disposal of those Arrack and Toddy Shops of the Madras Collectorate which are situated beyond the limits of the Supreme Court.— They wish to be informed whether these shops are actually sold by Auction every year, and if so upon what terms and arrangements and whether the leases are for the whole Fasli or for shorter periods whether the number of shops fluctuates and if so to what extent and generally to receive detailed explanation as to the system under which this branch of the Madras Abkary Revenue is administered.—
