Para 1. The Right Honorable the Governor in Council observes that the enactment of a Law for the management and due control of the Religious Institutions of the Natives has been for some time under the consideration of the Government of India. He is fully aware of the inconveniences, arising from the want of a Law of the nature contemplated and the representations of the Board of Revenue now made, shewing the urgent necessity of some immediate

immediate measure to remedy the evil as now existing.

2. Reverting to the use of Regulation VII of 1817. which though still unrepealed has been of late held in abeyance, appears the most simple and unobjectionable course, and as some period may yet elapse before the proposed Act is introduced, The Right Honorable the Governor in Council resolves to desire the Board of Revenue will instruct the local revenue Authorities to be strictly guided by the provisions of Regulation VII of 1817. in all pressing cases of complaint to which it may be applicable, directing them to bear in mind that as that Regulation will shortly be rescinded it is the wish of Government in accordance with the instructions of the Home Authorities to refrain from interference unless where it is urgently and obviously demanded.

From the Collector of Rajahmundry. } Sir

Affording information with respect to the tax levied on account of Paramount expenditure and sending Statement shewing the Demand Collection & Balance in reply to the Board's Proceedings of the 17th Februry 1848.

Para 1. I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue of the 17th of February, communicating an Extract from the Minutes of Consultation of the 8th of that Month requiring information as to whether the tax, the remission of which was recommended by the Sub Collector in charge in his letter of the 5th of January, existed in the three talooks of Woondy, Tanooloo and Mogultoor prior to Fusly 1230 the date A.D. 1820/21 of Mr. Robertson's Memorandum, the reason and authority for its abolition in amlapoor, the amount it has yielded during the period for which the balances are now outstanding, and the mode in which the collections have been appropriated.

2. Of the Villages in which this tax is now collected, same came under Government in Fusly 1227 A.D. 1817/18

and

and some in Fusly 1230 A.D. 1820/21. The tax existed in the time of the Zemindars, but appears to have been tacitly discontinued on the Estates reverting to Government, and during Fuslies 1227 A.D. 1817/18. - 1228 A.D. 1818/19. - 1229 A.D. 1819/20. - and 1230 A.D. 1820/21. no demand on account of the tax Maramut was made. In Fusly 1230 A.D. 1820/21 the facts of the former Collections appear to have become first known to Mr. Robertson who in the Memorandum alluded to by the Sub Collector then directed its revival.

There was no authority for the discontinuance of the collection in Amlapoor, nor has the tax ever been formally abolished, the collection was simply discontinued as stated by the Sub Collector in the 3rd paragraph of his letter. There are Villages in the Tanjore talooks in which the tax has been collected during part of the time they have been under Government, but in which the Collection was for some Years been similarly discontinued. No authority is forthcoming for this act the present amildar states that it was

verbal orders from Mr. Smith. This is very improbable, but the fact tends to shew the partial nature of the tax and to explain the grievance it is felt to be by those from whom it is still demanded.

4. This tax was levied in the Amlapoor talook as in Woondy and Mogultoor until Fusly 1250 A.D. 1840/41, but from that time it appears to have altogether ceased. The accounts shew that a similar demand was made in the Duggarum and Cottapilly talooks but was discontinued from Fusly 1254 A.D. 1844/45. The following Statement shews the detail of the same.

No.	Names of the Talooks	From and to what Fusly.	No. of Fuslies.	Amount of Demand.	Collection.	Balance.

Fort St. George 14th August 1848.

5.

The accompanying Statement exhibits the total demand on this account from July 123 to 1256 F.D. / A.D. 1821/22 to 1846/47, the amount collected and the outstanding arrears on both in the three talooks mentioned by the Sub Collector and in the three enter in the preceding paragraph.

6.

It appears from the accom that the amount collected on this account has been credited not as Extra Collections but under the general head of the "Recovery of advances for repairs of Tanks and co watercourses." The Rajahmundry Collector remitted the money to the Rozgar Cutcherry, and it was held available with all other sources of revenue for the general service of the State.

7.

May the Board's favorable consideration of the recommendation of the Sub. Collector. It will be discredited that the demand has been gradually increas ing in Wandy of late years, bearing out Mr. Forbes' remark that every expen diture on occasional work must tend to increase this tax on the ordinary cultivation, and therefore act directly as a tax on, and consequent hindrance to

to improvement. It is one of those o politic taxes exacted by the Zemin dars, which by causing the neglect of all works of irrigation impoverished their Ryots, decreased their revenue and finally brought their Estates to the hammer, and from which it shou be one of the first acts of an enlight Government to relieve the Ryots, an by relieving make improvement the common interest of them both.

From the Coll.r of Masulipatam. 1

To the Board 26th Sept.r 1825
From Dis. 10th October.

Recommending that the allowance enjoyed by the late Meer Goolam Rajah may be continued to his family.

Sir,

With reference to the correspondence noted in the Margin, I have the honor to forward Copy of an application received from Dildar Bagum widow of the late Meer Goolam Raza who died on the 21st September last, soliciting the continuance of the monthly Pensions of Rupees 231 enjoyed by her late husband for the support of herself and the remaining members of the family.-

2. It will be observed that the deceased left behind him 2 widows, 2 Sons and 4 Daughters besides other dependants who had been supported by the deceased out of the allowance enjoyed by him. The Nabob of Masulipatam has addressed to me a letter on the subject, copy of which is also herewith submitted, in which he recommends as solicited by the widow herself, that the full amount of allowance enjoyed by the deceased may be renewed in the name of Meer Fyzally Khan till he attains the age of 18 years, and that the payment thereof may

may in the mean time be made to the widow for the support of the family.-

3. The Petitioner is the married wife of the late Meer Goolam Razah. She has a Daughter born of her, the rest of the issue having been begotten of other wives. The family is solely dependent on the Pension as it has been ascertained that there is no other means of livelihood, and I therefore recommended that the Pension be renewed entire in the name of Meer Fyzally Khan and to be paid to Dildar Bagum until the son attains his majority in arrear from the date of the demise of the late incumbent.

4. I beg to forward herewith a tabular Statement relative to the Pension in question, prepared according to the form circulated with your Predecessor's letter of the 3d September 1846.-

Collector in the zillah of Masulipatam.

The humble petition of Dildar Bigum the widow of the late Meer Goolam Razzah alias Syed Saheb a Member of the late Nawab Kistoobuddowlah Hasanally Khawn Bahadur's family at Masulipatam.-

Sir,

With deepest regret I respectfully beg

leave to represent that my husband has through our misfortune departed this life on the 21st September last, leaving a numerous family consisting of myself, my eldest Daughter named Khubajee Beigum, and one minor Son and three Daughters by one Selarbee of my husband's Nicca connection- namely Meer Fyzally Khawn aged 4 years, and Saheb Beigum of 9 years age, Sydanee Beigum of 6 years age, and Pahree Beigum of 5 years age, and also one illegitimate Son named Meer Goolam Hussain aged 10 years by a Dancing Girl and some other dependants, and leaving his Monthly pension of Rupees 231 granted by the Honorable Government as the only means of our livelihood, as also leaving many debts.-

I beg to assure your honor that we have no other means of livelihood excepting my husband's pension on which alone we are left dependent for our subsistence. By means of debts contracted from the Sowcars I have performed my husband's funeral rites and am maintaining the whole family and its dependants.-

The pension of my husband is that which was originally allotted out

of

Fort St. George 14th August 1848.-

of the allowance of the family of the late Nawab Rootobuddowlah Hasanally Khawn Bahadar to my husband's Grand father the late Meer Fyzally Khawn Bahadar as one of the Members of that family at the time of subdivision of the allowance among it's different members and which according to the principles laid down in the Minute of Lord Harbert Governor had after the death of the said Meer Fyzally Khawn descended in full to his widow Fakroonnissaw Begum and after her departure to their Son Meer Mohomed Saudaukh Khawn my husband's father and after his death to my husband.-

As to the arrangements to take place in case of his death my husband had at different times during his life time expressed his finial wishes in the presence of Nawab Intezamuddowlah Roostumjah Bahadar that his Minor Son Meer Fyzally Khawn should be recognized as the head of family and his pension be renewed in his name, and that I should continue to draw the pension on my receipt and support the family.-

I therefore humbly solicit that

Fort St. George 14th August 1848.-

that your honor will be graciously pleased to report the death of my husband to the Board of Revenue together with your favorable recommendation for the recognition of his Minor Son Meer Fyzally Khawn as the head of family and for the renewal of my husband's pension in full, as we have no other means of livelihood excepting it, and obtain the sanction of the Honorable Government to renew his monthly pension of Rupees 231 in full from the date of his death in the name of the said Meer Fyzally Khawn, and pay it to me on my receipt in compliance with my husband's wishes as I will continue to support the whole family. For which favor I shall ever be greateful with my continual prayers to the Almighty God for the everlasting prosperity and prolongation of the Honorable and liberal British Government

I would have already submitted this petition, but my having been engaged in the performance of my husband's funeral rites, which a few days ago were over, has prevented my submitting it ere now-

Sir,

To the Chief Secy. to Government.- Submitting letter from the Collector of Masulipatam reporting death of Meer Goolam Razah alias Syed Sahib and recommending that his pension amounting to Rupees 231 per Mensem be continued to his son- reviewing the circumstances under which the allowance was in the enjoyment of the deceased and requesting instructions respecting the continuance of the pension to the family.-

Para 1

I am directed by the Board of Revenue to forward for submission to the Right Honorable the Governor in Council the accompanying letter with its enclosures from the Collector of Masulipatam reporting the death, on the 21st September 1847, of Meer Goolam Razah alias Syed Sahib, and recommending that his pension, Viz. Rupees 231 per Mensem, may be continued from the date of his decease, to his son Meer Fyzully Khan, and paid during the minority of the latter, to his mother Dildar Bagum.-

2

From the Correspondence noted in the Margin it appears that on the death of Hussain ally Khan, Nabob of Masulipatam, in 1771 and the resumption of his Jaghire, the Government were pleased on the 13th December 1771 to grant to the Members of his family an annual pension of One lac of Rupees to be paid

Sir,

From the Collector of Guntoor - - -
Requesting the permission of the Board to make Ponnoor first Clas, Maurtoor and Coorapaud each second Clas and Datchapully 3d Clas Talooks with reference to the Labour and the amount of the Dowle of those Taloks respectively -

The relative importance and difficulty of the several Tahsildar charges having been Ma:-terially changed since they were fixed by me at the commencement of Fasly 1256, I have the honor to request the permission of the Board to make some corresponding change in the scale of Establish:-ment, not involving however any difference in the sanctioned amount of the Mogenzabetta.-

2. The first change I have to propose is as regards the Ponnor Talook. The large increase in the revenue of the dry lands, which has been developed in the last two years and the extent of land under irrigation with the concomitant labor and responsibility of the Maramut Depart:-ment seem fully to entitle this Talook to rank as the first clas, and the present Tahsildar Doomal Row Lutchemenursoo having discharged his duties most satisfactorily well deserves the benefit of the arrangement.-

3. On the other hand the Talook of Maurtoor has not only not kept place in settlement

settlement to the other Talooks of the same clas, but having little Kanjang or Maramut, is a less arduous charge than Ponnoor, and I think it may with advantage be made a second clas Taluk, and as explained in my letter of the 21st Instant Chenchoo Ramayah may be continued in it.-

4. The new Talook of Coorapad was considered by the Board in their review of the arrangements proposed by me in their Proceed:-ings dated 23d July 1846 to merit a higher rank than I had assigned it.- The experience of the last two years has shewn the correctness of the Board's view, and though I then did not think the Taluk would advance as it has done, and that the third clas in the scale of remuneration would be suffici:-ent for the servants then employed in it, I now concur with the Board and think it ought to be made a second clas Taluk.- To meet this change I propose to make Datchapully a third clas Taluk, with reference both to the facility of its Management and its place in the scale of revenue.-

5. The time may perhaps be considered now to have arrived for making some addition to the scale of pay on the two largest of the first clas

class Talooks Puttepad and Mungalagherry and should the conduct of the Tahsildar during the present year be such as to entitle them to it, I should wish if the Board approve to submit a proposition to the effect in time to receive sanction before the commencement of the next year. The Board will observe that the Talook of Tenally has attained a higher place in the scale of settlement but as it contains no irrigation but the Evaney Tank, and the labour has been great system I have not proposed at present to rank it in the first class. — At the same time I should wish to reward the Tahsildar's activity should his future conduct be as satisfactory as it has been latterly by extending to him also the benefit of an increased scale of pay at the same time. —

6. The following table shews the settlement of the several Talooks, as they stood when the new arrangement was made and in the two years. For the Fasly just expired the accounts of some Talooks are not finally closed and the approximate amount is entered in red ink.

Land revenue of the District of Guntoor including Villages newly acquired from the Nellore and Masulipatam Districts. —

Proceedings

Proceedings thereon.

Communicating the Board's opinion respecting the alteration proposed by the Collector of Guntoor in the classification of certain Talooks and the scale of pay drawn by some of the Tahsildars.—

The alterations suggested by the Collector in the classification of the Tannoor, Mauntoor, Coorapaud and Datchapully Talooks appear to the Board of Revenue to have been proposed on sufficient reasons. Those arrangements could not however be carried out without a reference to the Supreme Government and it seems not improbable that a greater experience of the working of the Moyenzabilah sanctioned on

In Con. 18th Jan. 1847. 21st December 1846, may shew some further changes to be desirable. The Board are therefore of opinion that the consideration of the present proposal should be deferred until the Collector has had time to mature his arrangements generally and to submit at once for sanction all such modifications of his present establishment as may eventually prove to be necessary. In the new Cherukoor Division may ah late Tahsildar of Mungalgherry and now acting at Mauntoor should be removed to one of the 2nd class Talooks.

In para 5 of his letter the Collector

Collector adverts to the propriety of making some addition at the close of the present year to the scale of pay drawn by the Tahsildar of the two largest of the first class Talooks Ruttepad and Mungalagherry. The Board however observe that the revenue of each of these Talooks is about Rs. 150,000 and the pay of the Tahsildar 120 Rupees per mensem which is equal to that usually enjoyed by Officers with charges of similar extent and value in other Districts. Under these circumstances in the event of the Collector repeating this recommendation at the end of the year, he should if possible suggest an equivalent reduction in some other branch of his establishment whereby the proposed increase in the pay of the Tahsildar may be effected without loss to Government.—

Towards the close of the same para

Translation of a Kyfiatnamah given before A. Freese Esqre Collector of Chingleput by Bashiem Veneata Reddy one of the Mootahdars of Tundalum in the Manimungalum Division.

Being required to put in writing my decision in regard to the subject of my Petition No. 1101 of 1848 to the Board of Revenue, relative to the subdivision of the above Mootah; and bearing their Endorsement, which was delivered to me; and having expressed my desire to have the Subdivision accounts prepared on the average produced of the 5 Years preceding Fusly 1248, in lieu of the 7 subsequent years, and having been informed that such a measure was authorized by the Regulations, I hereby give my consent to the arrangement already made with reference to the average of the seven years commencing from

Fort St. George 11th. August 1848.

from Fusly 1248. and submitted for the sanction of the Board of Revenue.

I have thus voluntarily executed this Kyfiatnamah, dated Octor 8th. July, 1848.

Proceedings thereon.

In his Petition of 23d. June 1848 Bashiem Venecata reddy objected to the Sub Division of the Tundalum Mootah which had been submitted by the Collector on the previous 22d. February on the ground that the Sub Division had been formed upon the Accounts of the Years during which the Mootah had been in the possession of Venecata Kistna reddy, and that this party foreboding the issue of the Suit instituted in the Civil Court had during that period forced cultivation in the Villages belonging to him (Bashiem Venecatareddy) and neglected it in the other Villages of the Mootah with intent to make the returns of those Years available for an unfair adjustment of the Assessment upon the portions to be subdivided. He therefore requested that a fresh subdivision might be made upon the Accounts of the Collections

Collections 4 of any number of years prior to 1820." In reporting upon this Petition the Collector observed that during the period alluded to by the Petitioner "the Zemindar had been disputing "in the Civil Court the right of Bashiem Venecata reddy to any share at all in the Mootah, "and was not therefore likely to have adopted "any such proceeding intentionally to prejudice "the interests of the Minor." He added that the Zemindar (i.e Venecata Kistna Reddy) objected to the proposition of adopting the average of the years selected by Bashiem Venecata Reddy, and that such a course would seem at variance with the Provisions of Section VII Regulation 1802, and would establish an inconvenient precedent. The Collector at the same time stated that Bashiem Venecata reddy had agreed, in the event of his request for the adoption of another series of years being deemed inadmissable to abide by the arrangement already submitted.

The Board are not guided

it, and the Collections from Nemmaly in Fuslies 1218/1838/9 1219/1839/40 or prior to its passing into Vencata Kistna Reddy's possession probably from the high price of grain, are greater than those of any subsequent Year.

4. Under these considerations the Board are of opinion that Bashiem Vencata Reddy has not shown sufficient cause for the adoption of any other series of Years than those already assumed by the Collector, and as, in the event of his objections on this head being over-ruled, he has signified his acquiescence in the arrangement proposed by the Collector, the Board of Revenue confirm the Sub Division as submitted by that Officer subject to the Provisions of Section IV, Regulation I, 1819; and direct that it be carried into effect.

The Petition No. 1107 of 1848 is returned for delivery to Bashiem Vencata Reddy.

Sir,

From the Collector of Chingleput — Para 1. I have the honor to submit for the consideration and orders of the Board the accompanying report regarding the registry of certain Enam lands in the Village of Teroopparcadul — in the name of the Son of the deceased incumbent —

2. The original Purwanah does not shew the grant to be hereditary but it has been hitherto so enjoyed; and I believe in very few of the Purwanahs granted by the former Mahomedan authorities is any allusion made to that point probably because in former days the continued enjoyment of Enams depended upon the pleasure of the ruling power —

Proceedings thereon.- Resolved that the foregoing
letter and its accompaniments be submitted
for the consideration and orders of the Right
Honorable the Governor in Council-

(43-44)

2 The Board observe that the
Enaam in question was conferred upon Syed
Mahomed father of the last incumbent and
a Purwanah of which the original has
been forwarded bearing the seal of the Nabob
Amanerdi Khan dated Hegrah 1169 or A.D. 1755*
They are induced to forward this application
for the orders of Government because from the
terms of the Purwanah which state the Enaam
to have been conferred for maintenance, it
does not clearly appear whether it was
intended to be hereditary- As however the
grant was upwards of 90 years ago and has
remained ever since in the same family the
Board beg to support the Collector's recommend-

deceased Syed Ali, and be registered in the

N. B. The several description of Cultivation enumerated above are not shewn in this Statement inconsequence of the accounts kept under the operation of the Survey Settlements not furnishing those particulars for all Villages. Nor is the Cultivation of the zemindary, and the Shotrium Villages included in the total extent of Cultivation, as no returns are received by the Collector from the Villages. But the Cultivation in them may, on an average be assumed to be one fourth of that of the entire District. The cultivation of Sugar, Cotton, Indigo and Tobacco is carried on to a very limited extent in this District.—

From the Collector of
North Arcot.—

Sir,

I have the honor to report that the Engineer of the Poondandal Tank has been finally relieved and removed under the circumstances set forth in the accompanying statement for the information of Government.

I am, Sir,
Your most obedient Servant,
(Signed) A. Freese
Collector.

The Engineer of Poondandal Tank having been finally relieved from the charge of the Tank, it became necessary to determine on the system of management to be adopted with respect to it, and I now do myself the honor to solicit the sanction of the Board on the subject.—

The circumstances set forth in the accompanying statement will explain the reasons which induced me to depute the Engineer Conrady to Poondandal Tank, instead of the Assistant Engineer Mr. Cotton, as directed by the Board's order of the 21st. ultimo.

2.

The Board are aware of 28 Villages, of which the Poondandal Tank was formerly the head, and which are rented out and managed by Government.

Four were under Annamy. The accompanying Statement shews the amounts and periods of the leases and will at a Comparison of the rented Rates with the ten years average here forwarded, be seen that on the whole the Rents have been much below the Rates. It will be seen that on a Comparison every instance the Rents have exceeded almost every instance the average, and that on the whole it is considerably in excess of it.—

Of the rest of the Villages I do not offer remarks.

3

I consider that the Renting System had been however that the Engineer had been the prevailing mode of management under the Engineer, and each Village had its own Cultivary under

Fort St. George 14th August 1848.—

and rate of assessment, which are adhered to whether the Village is rented or in amany. These customs are various in the different Villages, and are not a little intricate and confused in some. The prevailing usage in general terms is for the Poonjah a certain Money rate per Cawny for tatty, but this term does not seem to imply a class, but rather a particular tract of land. In each tatty the rates vary also according as the crop is of the 1st or 2d class of grain — Crop, or is a Cayee Crop. Some Villages have Money rates for Nunjah, others have grain rents but all varying with the "tatty" in one only the Vaurum system prevails. In some Villages the rate varies also according as the ryot is an Oolcoody or Meerasdar, a Sooka=-vausy or resident Nonmeerasdar, or a —— Paracoody or nonresident. The four Amany Villages which are in a remote and wild part of the Country have a simple but ruder system, the land there is arranged into tatties or tracts, on each of which a certain maund rate is fixed. The rates are no where based on actual measurement. Six Villages in the Trivallum and Satghur Talooks were indeed Surveyed by Mr. Grame in Fusly 1215 with the rest of the Northern Talooks of the District, but that Survey has never been acted on.

Fort St. George 14th August 1848.—

4. The first point for consideration is whether the leases now subsisting shall or shall not be continued. The conditions being so materially altered by the resumption of the Jagheer, I consider that both the renters, and the Government now become the other party, have the option of terminating them. It will be seen from the remarks in Statement No. 1 that the renters of seven Villages are unwilling to continue their leases, and of one the renter declines unless a small remission is allowed. The reason assigned for this by Rungacharry, who rented 6 Villages for 14,000 Rupees annually, is expressly based on the change of condition resulting from the resumption of the Jagheer. he says that he was a creditor of the Jagheerdar to a large amount and that he rented these Villages only as a means of recovering part of his money, that the rent exceeds their value, and that though he did not mind this with the Jagheerdar as he could get remission from him, he will not make the same engagement with the Government as they would require rigid performance. The rent of one hamlet expired with Fusly 1257. and the remaining renters of fifteen Villages including two Muzras are willing to adhere to their contracts. These rents have periods to run varying from

from one to fourteen years, and as they exceed the average proceeds as returned by the Jaygheerdar, there seems no reason to doubt that they are fair in amount.—

5. I do not apprehend however that the Board would be disposed to continue the leases except quite as a temporary measure, and as little do I suppose that they will sanction the adoption of the Village usages to which I have referred in Para 3, except on the same terms. I rather conclude that they will wish the whole of the Villages to be surveyed and regularly assessed. But as this is an operation requiring time, some other plan must be acted on for the year just commencing, and until the completion of a Survey. and for this purpose I beg to suggest that where there are no leases the Settlement should be made in each Village according to its customary system and rates, and even as regards those of which the renters are willing to retain their leases, I am not prepared to recommend that they should be continued unless the parties should be willing to hold them for the single year now current. It is for the Board to say whether they should be continued at all. It will be seen also that there are two Shrotriem Villages and another on permanent Pattah, the former were given in Fasly 1248 and 1249 the latter in Fasly 1257. It does not appear from the Statement that the Peruz of these is below the value, but this will be determined by a survey.—

Note of the Villages formerly surveyed the survey accounts of two are stated to be lost. I do not recommend the adoption of that Survey in the other four, because I have no confidence in its correctness and think that it requires to be tested by a new Survey.—

6. Before concluding this letter I will take the opportunity of saying a few words as to the collections from the Jaygheer for the past year. Statement No. 2. accompanying gives the particulars of the sums collected by the late Jaygheerdar amounting to Rs 10,514-2-3, and by the Officers of Government subsequently to his death amounting to Rs 5,770-13-3. The total collections from the renters amount to Rs 16,284-15-6 leaving a balance of 6427-2-6 But 4,000 Rs more was paid by Rungacharry, Renter of Pasamanttor and other Villages, and the individual referred to in Para 4, to Hoofsain Dost khan eldest son of the late Jaygheerdar, in March 1848 on a bond which provides that if the Jaygheer was continued the sum was to be taken in liquidation of the Rent Peruz, but that if it was resumed, the money should be a loan. Rungacharry has no right to require that this payment should be credited to him on account of the rent, but under the peculiar circumstances and with reference to the sentiments indicated by Government in Extract Minutes Consultation June 13th 1848. to which I shall reply as soon as I can obtain the necessary information from Hoofsain Dost khan, I have directed that he shall not be called on for this amount till further Orders.—

7. In the amauny Villages there is still a balance of Rs 77-13-0 outstanding out of a total demand of Rs 1,331-5-0 making the sum of Rs 6,504-13-6 due on the whole Jaygheer. To this is to be added 1,400 Rupees still due on the three Villages held by the Jaygheerdar on a rent of 3,300 Rupees annually. Hoofsain Dost khan lately professed his readiness to pay this sum, still having in mind the recovery of the Jaygheer, but I told him that under the new arrangement I could not receive this money on account of the rent of those Villages.—

(47-48)

To

The Acting Collector of
North Arcot.—

Sir,

To the Acting Coll.r of North Arcot——

Forwarding instructions as to the mode of Settlement to be adopted for the future in the 28 Villages which compose the Avilcondah Jaghier in the North Arcot District.—

1. I am directed by the Board of Revenue to acknowledge receipt of your letter of the 15th Ultimo explaining the system of Revenue Management which has hitherto been followed in the 28 Villages which compose the Avilcondah Jaghcer and requesting instructions as to the mode of Settlement to be adopted in them for the future.—

2. In reply I have to inform you that the Board are of opinion that the leases of the rented Villages should be at once annulled and that measures should be taken for the survey and assessment of the whole Jaghcer, including the resurvey of the 6 Villages formerly surveyed by Mr. Grame, as early as practicable. As however some time must elapse before this work can be carried out the Board direct that for the Current Fasly the Villages be settled on joint Village rents to be concluded with the inhabitants at such sums as may seem equitable in reference to the returns of cultivation and collections for past years, the demand being fixed upon each

each Village collectively and the ryots left to divide the amount among themselves according to the rates and system which have hitherto been customary. As the rents upon which the two Shrotreem Villages and that on permanent Puttah are held, do not appear to be below their true value they may be continued to their holders on their present Beriz for the current year.

3. In regard to the collections from the Jaghcer for the past year referred to in Para 6 of your letter, the claims of the Avilcondah family upon their late Ryots and their own liability to Government on account of their former Peishcush must of course be considered as having terminated at the death of the late Jaghcerdar, and the adjustment should be made with them up to that date. After which they can will be entitled only to the enjoyment of their Pension, and of the three Villages adjoining Avilcondah subject to a consolidated yearly Jodigy of 100 Rs. The Board therefore approve of your having declined to receive from Yoosain Dost Khan the former rent of these Villages which appears to have been tendered with the

view

view of procuring a recognition of his claim to the recovery of the Jaghier. They are also willing that the realization of the sum /4,000 Rupees/ paid on account of his 6 rented Villages by Rungachary to Hoosain Dost Khan in March last should not be proceeded with pending the receipt of further information from you upon the subject. You will however be pleased to take measures for the collection of the remainder/ Rupees 1,703. 12. 6/ of the balance due by Rungachary as also of the arrears outstanding in the other Villages.

Explains the grounds upon which Mr. Ryan's right to the Property "Lushington Hall" is forwarded.

I have the honor to acknowledge the receipt of your letter of the 13th. Instant giving cover to Copy of the correspondence noted in the Margin and requesting me to institute a careful enquiry into the claim preferred on behalf of the Estate of the late Mr. Ryan to the ground occupied by the Public Gardens at Ootacamund and to report upon it in detail for the information of Government.

Extract Minutes of Consultation dated 2nd June 1848.

II The circumstances connected with this property designated "Lushington Hall" occurred when Ootacamund formed a portion of Malabar and the correspondence relative thereto has been most minutely sifted, the result of which would seem fully to establish Mr. Ryan's right to the Premises to the extent entered in the Quit Rent Registers of my Office, and exhibited in the Map of the Cantonment of Ootacamund

Ootacamund formerly prepared by Assistant Revenue Surveyor, Mr. Williams-

III. It appears that an application to hold the above land on the part of the late Mr. C. M. Lushington was submitted to Government by Major Kelso, the Officer Commanding on the Neilgherries in 1830 which was together with several others referred to the Board of Revenue. Subsequently it was determined that all applications respecting lands at Ootacamund should be made to the Principal Collector of Malabar, and Mr. Lushington's application was finally transmitted by that Functionary to the Collector and Register of Government Grants on the 9th August 1837 together with a Plan of the ground, of which the accompanying is a rough Copy, drawn out by Mr. Surveyor Williams the extent is stated at 37 Cawnies, 23 Grounds, at 686 Square feet, upon which quit rent has been levied ever since; and it was then remarked by the Sub Collector of Malabar who had charge of Ootacamund that the extent

Part of Ground for which Mr. C. M. Lushington was desirous of obtaining a Grant was exclusive of the deduction ordered to be made by Government in the 12th Para of the Minutes of Consultation under date the 27th December 1836. The Collector of Grants forwarded a counterpart Agreement to be executed by Mr. Lushington on the 24th January 1838 which is the usual preliminary to the issue of a lease, in the mean time the said Property was disposed of to Mr. J. Ryan and this transfer having been sanctioned by Government on the 4th February 1842 as communicated by the Board to the Register of Grants on the 14th idem, a transfer lease was finally given to Mr. Ryan on the 14th April of that year the number and date of which are indicated in the Margin.

IV Under these circumstances I have no hesitation in stating that Mr. Ryan's right to the extent above specified

(Vigt. 37-23-286) is unquestionable and it appears to me that the grounds occupied by the Public Gardens alone forms a portion of this but this can be best ascertained by a Comparison of a Plan in the Office of the Registrar of Grants.

Vide para 5 of Extract

V. Adverting to the belief of the Committee of the Public Gardens that "a portion of the ground is still the Property of the Todavars the Head man of the Mund declaring that it was never sold to any one, and which statement is confirmed by the Tahsildar of Ootacamund" I take leave to add that this belief is contradicted in a letter from Mr. C. Mc. Lushington of the 6th July 1824 who observes that "the ground upon which his house is built was regularly obtained by Mr. Johnston in 1825 from the Todas who reside at a Mund about 60 yards distant and differing in this particular from almost every other House on the Hill. This circumstance coupled with Mr. Smith's assertion that the land applied for by Mr. Lushington was exclusive of the ground ordered to be reserved for the Todavars go far to prove the incorrectness of the statements made by the Heads of the Todavars

and

and to render any further enquiry unnecessary, should however, the opinion of the Board render it desirable that an investigation should be made, I am prepared to carry out their Orders promptly.

VI. May I request that the rough Plan forwarded herewith may be returned to my Office when no longer required.

To
The Principal Collector of Coimbatore

To the Pt. Collector of Coimbatore

Requesting him to report further upon the title of the late Mr. Ryan to the property called Lushington Hall at Ootacamund.

Sir

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 20th ultimo reporting upon the title of the late Mr. Ryan to the property called Lushington Hall at Ootacamund.

From this it appears that the property in question containing 87-23-686 was sold by its original proprietor Mr. C. Mc. Lushington to Mr. Ryan in whose name a transfer lease was issued, under orders of Government, on the 6th February 1842. Of Mr. Ryan's right to this property there would therefore seem to be no doubt, and it appears

to

Fort St. George 14th August 1848.

to be your opinion that a portion of the land is occupied by the Ootacamund public Gardens but this you state can best be ascertained by a comparison of the plan in the Office of the Registrar of Grants. The Board however think that this point cannot be satisfactorily decided except by investigation made upon the spot, and I have therefore to request that you will determine by local inquiry and inspection on the part of yourself or one of your subordinates, whether any and if so what part of the land entered in Mr Ray's lease is included in the public gardens. If the space to be given up or required for those gardens contain any further quantity of land it should also be explained to whom such land belongs and what are the titles of its proprietors. You will also be so good as to furnish a plan of the Gardens which should be prepared with care and upon a scale, showing the requisite particulars in illustration of your report.

The Sketch which accompanied your letter is herewith returned. Should you require the original to assist you in your enquiry, you can apply for it to the Registrar of Government Grants.

From the Collr of Canara Submits his report with reference to Board's proceedings of the 3d February 1848 on the expediency urged by the Bombay authorities of placing the Chowkies of that district bordering on Goa under the Bombay Government

+ 12th November 1847

From Revl Commissioner 5th April 1847
From Collr of Continental Customs 19th March 1847
From Assistant to Do 14th March 1848.

Sir

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board dated 3d February forwarding for my report copy of a letter from the Secretary to the Government of Bombay dated 12th November 1847 with its accompaniments as noted in the Margin.

2. The long period which has elapsed since the report of the Assistant to the Collector of Continental Customs and Excise was written will preclude the necessity of my replying to much of the matter contained in his report referring as it does to a state of things which has ceased to exist in consequence of the passing of Act VI of 1844 only a few days after the date of Mr Payne's letter. By this act the mode of collecting duties in the two Presidencies of Bombay and Madras has been brought into a closer uniformity, the articles on which duties

are

Fort St. George 11th August 1848.

are collected are now the same and that at present exists no important difference between the Tariff rates prevailing in their respective territories.

3- The only points therefore which it appears necessary for me specially to notice are those to which reference is made in Mr. Secretary Lumsden's letter, Viz. the illicit traffic carried on between the Goa and British territories in Salt and Tobacco, and the means by which Mr. Payne considers that these may be obviated. In doing so it will be requisite to take into consideration some of the statements and inferences upon which Mr. Payne's recommendation for a change in the existing state of things is founded.

4- With respect to the import of Goa Salt the state of the trade has entirely altered since Mr Payne's report was written as will be seen by reference to my letter of the 16th September 1846 in which it was shown that the higher rate of duty collected on Goa salt at the Canara Chowkies had entirely diverted the trade into the Bombay Presidency.

Fort St. George 11th August 1848.

It decreased from 59,610 Bengals Maunds in 1842/43 to about 3. Maunds in 1846/47. and since that has almost wholly ceased. A corresponding increase in the importation of Salt into the Belgaum district appeared from the returns furnished by the Collector of that district to have taken place. and it is probable I think from the explanation given by Mr. Payne that it has gone by Vingorla being imported by Sea from Goa to that places and thence conveyed inlands. This diversion of the salt trade has had a corresponding effect upon the trade in other articles for the same reasons which are given by Mr Payne in the 11th Para of his report, Viz. that the persons engaged in the trade require both a direct and return load and will resort to the place where this can be obtained. The value of the inlands trade between Goa and the Madras territories has decreased in the space of 4 years from the space of 4 years from Rupees 2,11,925 to Rupees 1,33,132. Both the Collector of Continental Customs and Excise and his Assistant are inclined to

Years	Import Value	Export Value	Total
	Rupees	Rupees	Rupees
1843/44	83,481	1,28,444	2,11,925
1844/45	67,777	1,25,791	1,93,568
1845/46	60,502	1,22,969	1,83,471
1846/47	52,359	80,673	1,33,132

to adopt the conclusion that the diversion of the trade from the Chowkies of the Presidency to the other must necessarily be prejudicial to the Revenues as exhibiting a laxity of system at those Chowkies to which the trade resorts and if this were established it would rather speak in favor of the Madras Chowkies from which the trade has now turned to those under the Bombay Presidency. It is apparent however I think that this has been owing to different causes and it is not necessary that I should have recourse to this means of explaining the decrease in the direct trade between Canara and the Goa territory which has been so remarkable since the alteration in the duty on Goa Salt.

5. Mr Payne's report contains some useful statistical information particularly with respect to the salt manufactory in Goa, but there is an evident inclination to strain matters for the purpose of making out a case against Canara as great in my opinion to detract from the value of his remarks. Nothing which

Mr Payne's Para 75.

he saw or noticed during his short and hasty tour through this District appears to have left a favorable impression on him. He sets out by objecting to the direction in which the Banwar and Sircy road has been taken and to its construction and doubts whether it will withstand the influence of another Monsoon unless it be entirely remodelled and the same kind of depreciatory remarks are to be found throughout this report whenever he has occasion to speak of any thing appertaining to Canara.

6. A singular instance of this disposition to discover errors where none exist is to be found in those Paras of his Report in which speaking of the duty levied upon Goa Salt in Canara he corrects a statement given by Mr Shaw founded on information furnished from this district that the duty is 9a 4p per Indiam Maund. Mr Payne thinks this is a mistake and corrects it by stating the duty to be 10a 1p per Maund / a Statement which he repeats in Para 54 / and that a Garce does not, as had always been supposed

Paras 17 to 30

Para 78

supposed contain 120 Bengal Maunds
but only 111. Mr. Payne might perhaps
have assumed the extreme improbability
that so glaring an error as he fancies he
has discovered should for some years
have passed unnoticed not only by
the Collectors of this and other salt
districts but by all the Officers of revenue
and Revenues at the Presidency and
in Bengal. The error is entirely on
his own part and originates from his
assuming from a calculation he has
himself made, that a Madras Garce
is equal to 355,200 Tolas weight and a
Marcal to 880 Tolas whereas they actu-
ally contain 394,000 and 960 respectively
Thus.

	Tolas
1 Marcal 12 Seers of 80 Tolas each	960
1 Garce 400 Marcals	394,000
or 4800 Seers	
or 120 Maunds of 40 Seers each	

and the rate of duty therefore ab 70 Rs per Garce
is exactly 9 a 0 as given by Mr. Blair-

7 It would occupy too much space
fully to discuss all the points noticed
by Mr. Payne from which he
infers a general defect in the Madras

system of collecting frontier duties, and
that great mismangement and smuggling
are carried on at the Chowkies on
the Goa frontier. It may be serviceable
however to advert shortly to some of the
facts stated by him and the inferences
he draws from them.

8. In Paras 39 and 40 he adduces
two instances of smuggling which are
apparently intended to show the great
extent to which it is carried on but as
neither of these attempts were success-
ful it appears to me that if any gen-
eral inferences can be drawn from
them it is rather in favor of the ef-
ficacy of the management and of the
vigilance of the Customs Officers at the
Canara Chowkies than of the extent to
which illicit traffic is carried on.

9. In the following Paragraph
Mr. Payne speaks of the great extent
to which the smuggling of Tobacco is
carried on down one of the passes
into Goa by parties of 60 or 100 persons.
His information he says that he derived
from a Peon at the Tinai Chowky.
I am inclined to think that Mr. Payne

must

must have misunderstood the statem
of this person - all the cases of smuggle
tobacco which we have to deal with
are attempts to introduce it into Cana
from Goa, and I do not at present
understand what object any one ca
have in smuggling tobacco from Cana
into Goa. Owing to the strict Monopoly
of tobacco prevailing in Canara the
great object is to introduce tobacco into
this district not to carry it out of it. It
cannot be worth the while of any one
to smuggle Tobacco from a district
where it sells for 176 Rupees a Candy
into one where it does not sell for
more probably than its Market value
of about 60 Rupees although however
the smuggling does not take place
in the direction. Mr Payne supposes
its cannot be denied that the Monopo
ly so largely increasing the price of the
necessary to the Canara people favo
the strongest temptation to smug
=gle it, and that frequent attempts
are made to evade it, but the
question is entirely a local one
having reference more to the policy

of maintaining the tobacco Monopoly in
Canara than any direct bearing upon the
general efficacy of the arrangements for
collecting Frontier Customs under Act
VI of 1844. nor do I clearly understand
how it can under any circumstances
be said injuriously "to affect the Com=
=mercial prosperity of British subjects."
The tobacco Monopoly in Canara as
pointed out by Mr Shaw by raising the
price and thus diminishing the consump=
=tion of tobacco no doubt indirectly restricts
the growth of it in Darwar where it is
principally produced so far therefore as
the interests of the Ryots are concerned
every evasion of it would appear rather
beneficial than otherwise to them -
In Para 52. Mr Payne appa-
rently makes it a subject of reproach that
the native servants at the Canara Chowkies
cannot distinguish different Kinds of
liquor one from the other, that they do not know
"Lisbon" from "Tinto" wine but he omits
to explain how this would be rectified
by the adoption of the measure, he sub
sequently recommends of transferring
these Chowkies to the Management
of

of Bombay Officers - In the meantime it may be observed that the differences in the Tariff rates which he complains of have been rectified by the uniform duty collected on Wines under Schedule A of act VI of 1844.

11. The Salt Revenues is certainly by far the most important part of the question as to this - Mr Payne refers in the 54th and following paras of his report - He considers the mode of collecting the duties like every thing else in the Canara district altogether wrong - He terms it "the ten per Cent system" and says that it is the same as obtained at the Belgaum Katas until he visited them in 1842 - from which time it appears to have been customary to weigh the entire quantity - something may be said in favor of both systems - If the one ensures greater accuracy the other causes much less vexatious detention to the Merchants and is better adopted from the expedition with which it is performed to the limited Establishments at these Chowkies I am myself inclined on this account to prefer "the ten per Cent System" for it is sufficiently accurate for all practical purposes if faithfully performed and after all the evasion of duties depends far less upon the Comparative accuracy of any two systems of ascertaining the quantity and weight of goods than on the honesty of the Native Officials in bringing them into operation -

Para 54 to 12 - Mr Payne gives an account of the

the mode of measuring Salt which he witnessed at the Puri Chowkey in which I can discover nothing remarkable, except that the servants appear to have been so jealous as to weigh "even small parcels of Salt which were found mixed up with the baggage bags" - He afterwards gives the result of several other transactions as shown by the Chowkey Accounts which appear to have been very freely submitted for his inspection and I may here remark that as he had no Authority whatever to call for these Accounts, their being so readily produced by our Servants seems to indicate a confidence on their part that they would exhibit no frauds for detection - These entries he transcribes

Para 56 at length into his report "that the real state of things may be exhibited," and proceeds to compare them with other returns at the Baitkey Station and infers from the comparison that "it is clear that there must be unfair play to the prejudice of Government somewhere" - I am certainly far from intending to affirm that there is not unfair play and that too at the Canara Chowkies - To do so would be to deny the abuses which are inseparable from the system of Inland transit duties, which have been so frequently exposed and are universally acknowledged - But the comparison which Mr Payne makes is in itself so unfair that no inference can properly be drawn from

from it.- He compares the loads brought up a
Para 68 difficult unmade pass the slope of which he himself
describes to be about 1 in 10, with the loads brought up
the Ramghaut (on which the Baitery station is
situated) which is a regular road constructed by
the pioneers and practicable for bart traffic-
Mr. Payne's escperience must, I should have
thought, have made him acquainted with the fact
that bullock owners do not put the same weight
on their cattle when they have to ascend a steep
natural ghaut as they do when they have an easy
made road to ascend - If it were necessary to prove
so evident a fact it is at once illustrated by the
greatly increased loads which the Cotton bullocks
now bring down to the Coast since the roads have
been improved - Yet Mr. Payne in introducing the
comparison observes that "the salt Cattle and
every thing else were exactly similar" in the
two Cases - Even with respect to the Cattle I see
strong reason for doubting that they were of
the same class for the Collector of Continental
Customs in the 4th Para of his letter mentions
that the same Cattle which bring down cot-
=ton to Vingorla by the Rām Ghaut take back
salt, and it is a well known fact that a
much finer and larger kind of bullocks are
employed in carrying Cotton than those used
in the ordinary traffic of the Country - A sim-
=ple means of making a fair comparison was
open to Mr. Payne by contrasting the results of
returns

returns on one of the unmade Ghauts in Canara
with one of those of the same class in Darwar
or Belgaum which are referred to in the 43
Para of his letter.- Had he done so the re-
=sult I will venture to say would have been
very different - I may here remark that he
makes no reference to these Ghauts or to the
system pursued at them - it is left to be
inferred that no smuggling or corruption
takes place at these.-

13. The remedy proposed by Mr. Payne
Para 65 for all the mismanagement and smuggling
Para 66 which he states to exists in the Canara
Ghauts is to transfer them to the Bombay Pre-
=sidency and then place them under the De-
=partment to which he himself belongs.-
This arrangement he thinks "would be no
"less advantageous to Government than
"it is due to the interests of Commerce," yet
to judge from the measures which he recom-
=mends I think this is at least doubtful.-

Para 45 He would shut up three fourths of the roads
Para 46 confiscate not only the goods but the Cattle
which went by them, and harrass the people
by other restrictions, and for what?- The
Para 79. increase of Revenue would even according
to his own showing amount to only about
1600 Rupees in 19 Months or about 1008 Rupees
per annum.-

14. With regard to closing the Ghauts the
Para 7. Collector of Customs justly observes that
whether

Para 43

whether closed or not they would require Establish=
=ments to guard them, and Mr Pyne himself ad=
=mits that the trade "which goes on by these un=
=lawful routes at any time is not either ex=
=tensive in quantity or very valuable in its
description," while there can be no doubt that
the measure of shutting them up would be
most vexatious to the ryots of Sarpah who
would be cut off from the most direct road
to the best market they have for their produce.

15. Mr. Montgomerie the Collector of Continen=
=tal Customs and Excise approves of Mr. Pyne's
proposals for transferring the Superintendence
of these Chauts to that Department and recom=
=mends the appointment of another European
Assistant to have charge of the Chow Kies and
to be stationed above the Ghauts and he
concludes by observing that "The frontier from
its Jungly nature affords so many facilities
for smuggling that unless the Establishment
be greatly strengthened and Nakas (Chow Kies)
increased we can hardly superintend them as
efficiently as it is desirable to do". On this
I think may be said to be the burthen of the
whole question. If the Establishments be
greatly increased, the number of Customs Statio=
=ns multiplied, and an European Officer
appointed specially to superintend them there
can be no doubt that the facilities for pass=
=ing goods clandestinely will be greatly dimi=
=nished, but would not the remedy be more
costly than the circumstances of the case warrant.

See Extract Minutes Consultation 24th June 1818 Para 6.

The entire revenues derived from the Chow Kies
in Canara Amounted in Fusly 1226 to Rupees 9,293-
and Charges of Collections to Rupees 6,314 leaving
a net surplus of only 2,978 which will be considera=
=bly decreased by the collection of single instead of

From Board 1st June 1818.

double duty hereafter.-

16. It is this consideration alone which
has hitherto deterred me from making any applic=
=ation for an increase to the Sibendy which is
undoubtedly too small to be effective, particularly
on the Southern Frontier of Goa - where much petty
smuggling goes on in Salt and Tobacco - An in=
=crease in the establishment would diminish
the smuggling, more or less in proportion to
the extent of the increase, but it could not
be prevented altogether except at a Cost which
would greatly exceed the revenues derived
from these Chow Kies. The Goa frontier in this
District alone extends for 90 Miles through a
densely wooded mountainous Country intersect=
=ed by a still greater number of pathways
than Mr. Pyne has enumerated, and experi=
=ence has abundantly shown, not only in
India but in Europe, that it is almost, if
not wholly impossible effectually to guard a
such a frontier. The most which can be
hoped for is to prevent the smuggling of such
bulky articles as Salt which must pass by a
routes practicable for bullocks, and to check
it in other smaller articles by occasional
seizures, but it would be hopeless to expect
that it could be altogether prevented where
there is so strong an inducement to carry

on

on an illicit traffic as there is in the case of Tobacco, owing to our monopoly.-

17. I have not been wanting in attention to this point and shall continue to use my best endeavours to prevent smuggling as much as possible, though it must be admitted that the nature of the Country and the remoteness of the frontier from any European supervision renders it a matter of very great difficulty- at the same time I am inclined to think that it is better to leave questions regarding local management such as are discussed by Mr Payne in the hands of those whose special duty it is to attend to them, whose information will generally be more correct than that of a passing stranger, and whose position gives them a better opportunity of judging what improvements or alterations are practicable, and of the best means of carrying these out.-

57-58

To The Chief Secretary to Government

To the Chief Secy to Government Sir,

Submitting letter

I am directed by the Board of Revenue

Letter from the Collector of Canara relative to the illicit trade in Salt and Tobacco carried on in his district concerning that the prevention of the traffic could not be effected except by an additional Establishment at a cost which it would not be advisable to incur and stating that the Map of the limits alluded to in Mr Secretary Limsden's letter is under preparation in the Office of the Chief Engineer and will be forwarded shortly.

Inbound 14th Aug 1848.

Revenue to acknowledge the receipt of a Resolution of Government No. 1301 dated 13th November 1847, transmitting to them copy of a letter from the Secretary to the Government of Bombay to the Chief Secretary to Government at Madras of the 12th November last with its enclosures for their consideration and for a report upon the measures which they may conceive to be necessary to check the illicit trade in Salt and Tobacco which is stated to be carried on in the Canara District-

requesting them also in communication with the Department of Public Works or the Chief Engineer's Office to furnish a Map containing the limits specified in Para 2 of Mr Secretary Limsden's letter for transmission to the Government of Bombay.-

2. In reply I am directed to submit for the consideration of the Right Honorable the Governor in Council the accompanying letter 18th July 1848 from the Collector of Canara to whom reference has been made by the Board upon the subject.-

It will be seen that since the passing of Act XI 1844. the importation of Goa Salt into Canara has, under the circumstances brought to notice in the letter from this Office of 30th November 1846 almost entirely ceased. At the same time both Salt and Tobacco are doubtless still smuggled to some extent into the Canara District

District, and considering the inducement held out to the contraband trade by the degree in which the price of both these Articles is enhanced by the Monopolies, and the length and nature of the Frontier to be guarded, the complete suppression of this illicit traffic must be matter of great difficulty. The Board do not however think that the existing arrangements for the prevention of this traffic could be rendered more effective except by the employment of an additional Establishment at a cost which it would not be advisable to incur. They observe that the expences of the Frontier Chowkies in Canara for Fasly 1256 amounted to more than two thirds of the revenue collected at them - These receipts will be still further diminished by the equalization of duties under the operation of Act VI 1848, and under such circumstances the Board are not prepared to recommend any augmentation of the present Frontier Establishments, especially in the uncertainty which prevails as to the continuance of the Tobacco Monopoly.

3. Among the enclosures in Mr Secretary Lumsden's letter is a communication made by Mr Uncovenanted Assistant Payne to his Superior the Collector of Continental Customs and Excise, and containing the observations made by him in his tour through other

Canara on various points connected with the Ports, roads and passes of that part of the Country, and more particularly upon the system for the Collection of Customs at the Canara Frontier Chowkies, and the improvements of which in his judgment it is susceptible — The Board do not consider it requisite to review this paper at length, because Mr Payne's letter having, from some cause not explained, been detained by the Bombay authorities for more than three years and a half, many of the matters adverted to in it have been completely altered by Act VI 1848 which came into force only a few days after that report was written, and because all the remaining points which he has noticed have been satisfactorily disposed of by Mr Blane in his letter now under submission. They may however remark that the principal measure which Mr Payne recommends Viz. that the management of the Canara Frontier Customs be placed under the charge of the Collector of Continental Customs and Excise of another Presidency seems to them to be altogether unnecessary and objectionable. Indeed the Board do not gather from Mr Lumsden's letter that it was the intention of the Bombay Government to support the proposal

Fort St. George 14th August 1848.

proposal.

4. The map referred to in Para 2 of the Reso: = lution of Government now under acknowledge = ment is under preparation in the Office of the Chief Engineer, and will be forwarded as soon as it is completed.

Submitting letter from the Collector of Malabar stating that two of the parties employed to execute parts of the Calicut Canal have failed to fulfil their Contracts & have refused to refund the balances of the advances made to them and in proposing to proceed as against them in a Court of Law forwarding draft of a plaint which he proposes to file Recommending that he be authorized to file the same & to conduct the action at the public expense.

Ordered that the foregoing letter be submitted with the following address.

To, The Chief Secretary to Government.—

Sir,

I am directed by the Board of Revenue to submit for the orders of Government the accompanying letter 22d July last, from the Collector of Malabar stating that two of the parties employed by him to execute different parts of the Calicut Canal, have failed to complete their written Contracts, and have refused to refund the balance of the advances made to them, proposing to proceed against them regularly in a Court of Law, and forwarding draft of the Plaint which he proposes to file in each case.

From these plaints it will appear that the party to be sued has in each instance received an advance of money upon the execution of a Kararor contract, binding himself to perform a certain esctent of excavation in the Canal. that in such case he has failed to do so, and has compelled the Collector to have the work completed by coolies under the supervision of the public

public Servants - The balance of the advance repayable to the Circar after Credit has been given for the quantity of work actually performed by the Contractors amounts in one case to 150 - 5 - 5, in the other to Rupees 148 - 3 - , and this they have under various groundless pretexts refused to make good -

3 The Causes of action assigned by the Collector seem to the Board to be sufficient, and as there would appear to be no means of recovering the money due except by Recourse to legal proceedings, they beg to Recommend that Mr. Conolly may be authorized to file the plaints and to Conduct the action at the public expence.

From the Secretary Communicating observations and orders on the Board's Proceedings relative to the settlement of the Land Revr in the District of Nellore for Fusly 1250

Extract from the Minutes of Consultation under date the 6th June 1818. No. 605.

Read the following Extract from the Proceedings of the Board of Revenue

Relative to the Settlement of Land Revenue in the District of Nellore for Fusly 1250 A.D. 1840/41

Dated 27th April 1818 No. 222

Para 1 The season of Fusly 1250 in the District of Nellore appears by the Report of the Collector to have been more favorable than that of Fusly 1255, and very favorable as regards all the principal wet Cultivation. The first Dry Grain Crops it is stated partially failed in the Sub Division of the Northern portion of the District, but on the whole the entire produce of Dry Lands though short of a full return

the year proceeding. Prices also were less than last year, but above the ordinary average.

There was no change in the

2 mode of settling the ryotwar Villages as contrasted with the previous year; our Shrotrium heretofore held on life tenure lapsed to Government by the decease of the incumbent and added to the number of the Government Villages; and the scattered Villages of the Woodiaghery Talook were attached to the Talooks to which they were adjacent.

The Assessment of the lands

3 actually cultivated amounted to Rupees 1190677 and there were besides lands charged at Rupees 26705 and termed Cuzroory, being lands actually left uncultivated without satisfactory reason, included in the Ryots Puttahs. This amount is less than that added on the same account in the year preceding by Rupees 9142, but still forms a considerable charge on the cultivators and it is hoped the Collector has in no case enforced it without being fully satisfied of the justness of the grounds for so doing.

The Government concur in the

4 remarks recorded by the Board of Revenue in para

para 7 in respect of the Cundrigah of Nugumbuttoo in Goodoor restored by the Collector with the balance for which it was attached having been liquidated.

5. The Board of Revenue do not approve of the partial changes proposed by the Collector in the Collection of the Poollay and desire that the present practice shall continue in force until superseded by a well digested System intended to be permanent, but the Government observe that there are already parties in the enjoyment of privileges which if allowed to continue for too long a term may become prescriptive, and as the introduction of the System contemplated by them may probably be deferred for an indefinite period, it would seem desirable that the Board should take into their consideration the suggestions of the Collector not only with respect to the early revison of the Poollay Mustahs fixed for a time in 1837 and the half tax levied in certain cases since Fusly 1252 which it is stated is collected with Lifficulty and causes a bad feeling while the total amount of it is inconsiderable but also with regard to the exemption from

Poollay enjoyed by certain Classes in Woodiagherry which Mr. Smith appears to think has led to abuse, and which it would be desirable to put a stop to without delay, should that prove to be the case on further investigation. The Collectors remarks on this point are highly deserving of attention.

6. The state of the Shotrium Villages under management appears to be unsatisfactory, out of a demand of Rupees 14,339-7-7 in 20 Villages there was a balance of Rupees 4,228-8-0 on the 15th August, of which Rupees 3,272-12-11 was against the Villages under arrears. The heriz upon these ten Villages it appears amount to Rupees 5,11-7-10. for which all that was brought to account was Rupees 2,441-15-11 such a result indicates the propriety of enquiring into the condition of the Villages.

Collectors Report para 58

7. The demand for land revenue as settled for Fusly 1250, amounted in the Division of Shotriems, Quit Rent, Peishcush on Zemindaries &c. to Rupees 197,861-9-4 being above that of Fusly 1755 in Rupees 189,089-4-1 The whole of the above demand was with the exception of an outstanding balance

balance of Rupees 1,607-3-4 in Ryotwar, and Rupees 21-7-6 in Zemindary, realized at the date of the Collectors report. Some portion of the ryotwary balance it is anticipated by the Board will require to be written off - but on the whole the Government consider the settlement satisfactory and creditable to Mr. Smith's management, and are pleased to notice the favorable mention made by the Collector of Mr. Baggard his Assistant.

Board of Revenue.

Ordered thereon.

Ordered that copy of the foregoing Extract Minutes Consultation be communicated to the Collector of Nellore in reference to his report of 8th November 1847, and to the proceedings of this Office under date the 27th of April last - Mr. Smith's attention is called to the remarks of Government in Para 3 of the Extract now forwarded and he will make the enquiry into the State of the Shrotrium Villages required in Para 2.

3-4

In Cons. 11th Feby 1848

With reference to the [illegible]

of Government in Para 5, the Board request that the Collector will bring the subject of Poollary again under consideration in a separate letter after such further investigation as may be necessary, explaining on what grounds he is of opinion a revision of the Muctahs is necessary, and what particular classes in Woodiaghery enjoy exemption and to what extent. The question of half Poolary should be also further considered.

Sir,

I am directed by the Judges of the Sudder Adalut to state that the Officiating Commanding Civil Judge of Guntoor has represented to the Court that inconvenience is experienced from the necessity of using the same Burial Ground both for Protestants and Roman Catholics. The ground being the property of the Roman Catholic community and moreover in a very dilapidated and filthy condition

of the grant and description of the Protestant Community of Guntoor Town —

condition, and as the Superior of the Roman catholic Mission at Madras is unwilling to allow of any interference with it, the Commanding Officer has requested the Civil Judge to allow the compound of the late Principal Sudder Ameens Court to be converted into a Burial Ground for the Protestant Community.

2 The Judges requested the Civil Judge to communicate on the subject with the Collector of Guntoor who in his reply has stated that it is probable that the compound if it be put up to auction in its present state will find purchasers, but that without the buildings, it would fetch little or nothing. The Collector is likewise of opinion that a separate burial place outside the precincts of the Town, is much to be desired, and that if it be decided to sell the present Court House and Land as one Lot another land can be provided for the purpose.

3 The Judges are of opinion that it will not be expedient to give up the land for a burial ground, but it will be better to dispose of the whole property by public sale, as suggested by the Collector. It is not required for any public purpose and moreover, owing to the materials of

which the building is constructed and to its being infested with white Ants it is likely either to require constant repair or if neglected to fall rapidly into decay.

4 The Civil Judge has suggested that it may be used as a place of Public worship, but the Collector dissents, (and the Judges think justly) with reference to the paucity of European Residents, the rare occurrence of Clerical ministrations - the ample accommodation furnished by the Zillah Court House when such ministrations do occur and the existence of an American Protestant Church, to which Native Protestant Christians can resort at pleasure.

5. The property, it may be observed in conclusion, unquestionably belongs to Government. The Bungalow is one of those purchased for the accommodation of the Circuit Judges out of the Funds allowed by Government for defraying their travelling expenses; and when the new Judicial System was established in 1843, the Bungalow was put into repair and appropriated to the official use of the late Principal Sudder Ameen.

Para 1

The Right Honorable the Governor in

in Council thinks with the Sudr Dewanni Adawlut that the Ground and Building lately occupied by the Principal Sudr Ameeni Court should be sold altogether — when a fair opportunity offers for that purpose, and requests the Judges will issue instructions accordingly to the Local Officers —

2 In regard to the unwillingness on the part of the Superior of the Roman Catholic Mission to allow of any interference with the Burial Ground attached to the Chapel at Guntoor the Governor in Council resolves to ascertain from the Board of Revenue whether the endowment to that institution did not contemplate a part of the land being appropriated as a place of Sepulture for Christians of all Denominations, and whether heretofore Protestants have not been buried without hindrance or objection — The Board will be required to furnish for the information of Government all particulars relating to the grant, when and by whom endowed, and after ascertaining the extent and description of the Protestant Community state whether they consider a separate burial place specially necessary for this class of Christians out of Town —

Para 1 From the report submitted by the Board on the case referred to in Royapilly Petition of the 2d March 1848, the Right Honorable the Governor in Council is of opinion that the Enam Garden, which was originally held and enjoyed as private property and subsequently sold and assigned by the purchaser for the support of a Summady, should not be regarded as a religious Endowment falling within the provisions of Regulation VIII of 1817 —

On the other hand the Garden having

To
J. Tycroft Esqre
Secretary to the
Board of Revenue
Fort Saint George

From the Collector of Ganjam — Sir,

I have now the honor to transmit the usual annual Statements of the Settlement of the land Revenue of the Ganjam District for the Fusles 1255 and 1256, as per the accompanying lists of Packets.

Forwards accounts connected with the Settlement of Land Revenue for Fusles 1255 and 1256 with certain explanations thereon.

2 The season of Fusly 1255 is represented to have been most unfavorable throughout. After a long, continued drought which had caused much inconvenience to be felt in some places, from a Deficiency of water for the Cattle and for domestic use, a few partial showers fell in the Month of June 1845, too slight however to enable the Ryots to begin ploughing. No rain whatever fell during the following Month, August yielded but a scanty and partial supply, and in September none whatever is reported to have fallen throughout the District. Agricultural operations being thereby unavoidably retarded for more than two Months

beyond

beyond the usual season a considerable de-
crease in the extent of land brought under
Cultivation consequently resulted in all of the
Government Talooks, the loss in the W
ern parts of Goomsoor being particularly
heavy, and the crops generally were light
and very short of an ordinary average produ

3. The succeeding Fusly 1256 was
much more propitious. The usual early show-
ers in the month of May were followed by a
plentiful supply of rain in all June, which
filled the rivers and permitted of the labou
of the Ryots being commenced upon in due
son. Copious and continued rain during the
next months, and the first half of Septem
proved highly favorable to the rice cultiva
There was then a break in the monsoon
a few weeks followed by a severe storm
the 20th of October, attended with torren
of rain, which continued to fall with lit
intermission for a fortnight, when the
weather cleared up. This long contin-
ance of excessive wet, was rather inju-
rious to the dry grain crops, of which the

Oil plant particularly suffered, but the Pad
dy crops throughout all parts of the Distric
except where damage had been sustained by
flooding were luxuriant and the harvest
more than usually productive.

4. The prices of all kinds of grain
produced in the Ganjam District were unusually
high during the period under review, and parti-
cularly towards the latter part of 1846 when
Paddy rose to Rupees 64 per Madras Garee,
with the other descriptions of Grain at proportion
ate rates. This enhancement of price was caused
entirely by the demand for the Madras market,

and for the supply of the Mau-
ritius, to which places
large shipments were made
from the Ports of this Dis-
trict. In former times Ganjam used to contribute
largely towards the consumption of the Presidency,
but the cheap rice of Chittagong and the neigh-
bouring Districts of that Coast, during the
last ten or twelve years, had gradually
superseded the produce of this District, and

tended

tended materially to depress the local prices.

5. There was little variation in the mode of Settlement, or of the number of the Villages of the several Talooks under rent and Ummany respectively, in the two years under notice. With a very few exceptions the settlement of those of Itchapore, Poobacondah, and Wadadah was concluded in detail, as usual, with the Cultivating Ryots. Those of Goomsoor and Sooradah the plan of renting out the Villages, in most instances to one or two of the Principal inhabitants, which has been found to be most acceptable to the people generally, has been continued, as heretofore. The Settlement of the two first Talooks was made by me personally. My Assistant Mr. Fraser superintended that of Wadadah and the adjoining small Estates, and the demand in Goomsoor and Sooradah was regulated by the Principal Assistant Mr. Shubrick, who has held the immediate charge of these Zemindaries since

since he joined his present appointment.

6. The settlement of the Land Revenue of the three Hereditary Talooks with the three small Estates of Paulbalgaum, Coodoor, and Gantalaundsah, and the Lapsed Zemindaries of Goomsoor and Sooradah, forming the portion of the Ganjam District not under permanent settlement, amounted, inclusive of Cuttoobadies and rents of Topes for Fusly 1255 to Rupees 374.660 — 3 — 2. and for Fusly 1256. to Rupees 431,434 — 12 — 9. being, in the former year, a decrease of Rupees 9,336 — 3 — 5, and in the latter an increase of Rupees 47,438 — 6 — 2. compared with Fusly 1254. The settlement of Fusly 1256. exceeded it will be observed, that of the previous year by Rupees 56,774 — 9 — 7.

7 It will be observed that the aggregate assessment of lands and rents originally engaged for in Fusly 1255 was Rupees 4,39,570-6-11 and in Fusly 1256 Rupees 4,39,[illegible]7-5 being very nearly of equal amount, and exceeding the agreements of Fusly 1254, in the former instance by Rupees 4,875-12-5, and in the latter by Rupees 4,150-12-11. but the settled Demand gave a decrease in Fusly 1255 of Rupees 9,336-3-5, and in Fusly 12[illegible] an increase to the extent of Rupees 47,438-6-2; the actual settlement of the two years under review amounting respectively to Rupees 3,74,660-3-2, and Rupees 4,31,434-12-9 as above shewn.

8. Seven of the Western Mootahs of Goomsoor, yielding under ordinary circumstances an annual average revenue of about Rupees 26,500—a—a were, under the orders of Government transferred to the exclusive charge and management of the late agent in Hill tracts of Orissa towards the end of Fusly 1255; and remained

separated from the remaining portion of the Talook during the whole of Fusly 1256. but were again retransferred back to the superintendence of the revenue authorities in Ganjam on the 27th July 1847. since which the former arrangements for its management, and method of keeping the accounts of the Zemindary have been reverted to. It has been thought most convenient therefore to blend the accounts of rental and collections of the seven Mootahs in question for Fusly 1256. furnished by the Meriah agent, with those of the other Mootahs rather than to exhibit them as separate divisions, which would have occasioned confusion in accounts, but the outturn of the transferred portion will be adverted to below.

9 I now proceed to notice the principal Items of increase and decrease in the different Talooks, first comparing the results of the settlement of Fusly 1255. with that of the previous year. There was a net increase of Demand in the Poobacondah—

In Stchapoor there was a net increase of Rupees 3999—7—2 chiefly in Sawany, Colagam, Arasingee and Cadarapoorum Villages in the immediate division; which being situated on a low level

irrigated from the Womsadarah river. The largest decrease appears in the Goomsoor and Sooradah Countries, in which the total failure of the rains was attended with the heaviest loss of Revenue. The deficiency occured principally in the Vishnoochuckrum, Buttypudra, and Payelpadah Mootahs. The reduction from the Original rents was regulated by the Principal Assistant with reference to a series of check estimates of the standing crops, and the best data that could be obtained by local enquiry. The rental of the Villages in Sooradah for Fusly 1255, stood originally at Rupees 12,189—10—" but from this it was found necessary to allow of a deduction to the extent of Rupees 4272—3—7. on account of the destruction of Crops, and the absolute inability of the renters to meet their engagements.

There was an Increase in the settlement of every Talook for fusly 1256. compared with the year preceding, the Gross increase amounting to Rupees 60799—14—4, and the Gross decrease to Rupees 4,025—4—9 leaving

Fort St. George 17th August 1848.

a Net Increase of Rupees 56,774-9-7 as alre
mentioned. Of this the greatest part consis
of the readdition of deductions made in Fus
1255. and with the remaining Increase is resp
rible to the more favorable circumstance
of the Season. This cause operated nearly u
formly in the several Talooks, as will b
seen from the detailed accounts now subm
and it does not seem to be necessary he
to indicate the names of the particular
Villages. The items of deduction in this ye
were unimportant in amount, and of ordin
routine occurrence, and do not appear to co
for detailed observation.

for the years under review. In Fusly 1255
little remains uncollected except in Poobac
=condah and Goomsur. In the former named
Talook a good part of the balance consists
of Cuttoobady, which there is great
difficulty in realizing with regular
owing to much of it being payable
by the watchers and other Village Servants
from whom it is hard to extract payment;
and in many instances the owners are
non residents and by profession mendi
=cants who frequently neglect to make
any arrangement for the Cultiva
tion of their spots of ground which
for the most part are of very trifling
value, yielding barely the fixed Cuttoo
bady. These sums with the balances of
Seroyettee due by impoverished, absconded,
and deceased Ryots, in this, as well as
the other Fusly Talooks cannot now be
expected to be realized. The arrears for
this year outstanding upon the whole of the Goomsur
Country, amounts to Rupees 9790 8 " of which Rupees
3508 12 4 are due from the seven Western Mootahs
transferred to the Meriah Agency, on the
25th April 1840, and the remaining sum
Viz. Rupees 5721 11 8 from the portion of the
District

District that has remained all along under the management of the Ganjam Authorities. The transfer of these Mootahs was made at an inconvenient season, when the Collections were going on, and the last crops had to be got in; and subsequent occurrences connected with the state of the Mahichsopatam for a time unfavourably to the uninterrupted Collection of the Government Rents in Goomsur. From this cause and the absolute inability of the defaulting renters to meet the demands against them it is not expected that much of the above outstanding on this Zemindary, can ever be realized but, as it is proposed to submit separate the accounts of the whole of the balances of land revenue for former years at present borne on the Public books in this District I do not here enter into the details connected with these those of the years under review.

During the whole of Fusly 1256, the Western Mootahs of Goomsur alluded to, remained under the Chief of the Mariah Agency, being only restored back in July 1817. The balance of this year on the entire Zemindary amounts, as noted in the Margin to the large sum of Rupees 35147 5 12 of which Rupees 18384 are due from the transferred Mootahs and

Rupees 16810 13 5 for the remaining portion of the Talook. The prospects of the harvest and the circumstances of the season being favorable, it was not intended to allow any abatement from the Original Leases, and the demand for the Fusly consequently appears exactly of the same amount as the Rent contracts. Unfortunately however just as the rice crops had become fully ripe and the harvest was being commenced upon, disturbances resulting from the proceedings of the late Mariah Agent suddenly broke out, on the 10th December 1817, in the Mootahs recently transferred to his authority which soon spread beyond their limits, and immediately and in their effects, were productive of the loss of many lives, and much human misery besides causing the extensive destruction of property of all descriptions. The state of alarm and general panick that at one time prevailed notwithstanding the presence and best exertions of the Principal

Assistant

Fort St. George 17th August 1848

Assistant drove a great proportion of
inhabitants from their homes, to seek safe
at a distance; and the absence of the body
of the Ryots from their Villages at this
juncture when the harvest should have
been actively proceeded with occasioned
serious loss to the renters by waste and
otherwise of their shares of the Crops, and they
also suffered in the sale of their produce, as soon
affairs became settled, the Grain dealers were
deterred by fears, for their personal safety
from resorting to the Country to make
purchases - Tranquillity was speedily re-
established, upon General Dyce's assuming
the direction of affairs in these parts, &
the operation of the causes referred to soon ceased

led to a considerable defalcation in the
revenue of fusly 1250; but I am happy to be
enabled to state that no permanent injury
to the resources of the Zemindary has resulted
of which a convincing proof is that the
Current Collections in the fusly just about
to close, have with the exception of one
fusly exceeded those of any one year, during the
period since the country has lapsed to the Government

15 The balances for fusly 1250 now
outstanding on the other Talooks respectively
being of very small amount do not seem
to require to be here particularly detailed

for fusly 1254 to Rupees 1,285,286 5 11; for fusly
to Rupees 1,273,838 10 4; and for fusly 1256
Rupees 1,333,735 14 11; and that the Collection
brought to account within the two fusliers
review, exceeded those of fusly 1254 by Rupees 5
1 8; and Rupees 13,049 6 6 respectively
of subsequent realizations a small decrease of
Rupees 5,613 8 5 in fusly 1255 and an augmen

small balances being due upon the Inam

been noticed above in detail, out of the extra

20- I have abstained from taking any
notice of the gratuitous and groundless observation
touching the mode of conducting the Revenue set
=tlement that has been followed by me in this
District, which I find were indulged in by the
acting Collector when transmitting to the Board the
annual accounts for fusly 1254- He is in error, I beg
leave to say as to his facts and conclusions; and the
change which he takes so much credit for having
introduced here, seems in reality little more
than an alteration in the heading of a column
of account from "settlement" to "engagements of
the Ryots;" for I distinctly deny that in practice
the Demand was ever left undetermined as he
has supposed- With his distinguished talent and
ability, Mr. Smalletts self sufficiency and
habit of disparaging every thing that does not
exactly square with his own notions is I fancy
pretty well known, and feeling a very strong
desire to avoid all kind of controversial dis=
=cussion, I submit myself with resignation
to the weight of his censure.-

From the Coll.r and Agent at Vizagapatam

To. J. Tycroft Esq.re
Secretary to the
Board of Revenue
Fort St. George.-

Sir,

I have had the honor to receive

Further report upon the frauds in the Corafsa Salt Pans and forwards a Statement in elucidation of the same.-

Extract from the Boards' Proceedings of the 22.d ultimo, having reference to the frauds and embezzlement recently discovered in the Corafsa Salt Pans, and desiring to know on what dates the various sums misappropriated were severally paid to the Sanadar, also under what circumstances so large a sum was allowed to remain in the hands of the Native Officer, instead of being remitted to the Vizagapatam Treasury.-

2. The System followed in this District when I first joined it six years ago as acting Collector and Agent was to receive the remittances from the Salt Colars once in fifteen days and this was not changed during my incumbency. But, under date the 20.th February 1845 Mr. Arbuthnot issued a Circular order to all Sawadars desiring that the remittance of Cash should only take place once a month. The Cash Collections from the 16.th of one month to the 15.th of the next inclusive

inclusive, were ordered to be sent periodically and so dispatched, as to reach the Govt Treasury by the 20th. This practice, or like manner, was left unaltered by me.—

3. Under this arrangement the Salt sales in the Coraysa Pans from the 18th April to the 15th May last, agreeably with the daily Chitta accounts, an abstract of which I beg to forward in English yielding in Cash Rupees 29,0 This sum ought to have been paid into the Treasury before the 20th, but it was not—

4. Private information reached me on the 20th that all was not right in the Coraysa Pans. The 21st fell on Sunday, but upon Monday 22d May an order was sent to a trustworthy servant to examine the Cash chest the heaps on the platforms, and the manufacture of new Salt; and to see if all was correct according to the accounts received in the Hoozoor as previously reported the entire Cash was found deficient, and the Tanadar destroyed himself on the night of the 23d—

5. The daily Chitta Accounts carried on the 22d May would shew further sales to an extent of Rupees 937. the whole of which had in like manner been made away with—

6. These are the results according to the accounts supplied to my Office by the late Salt Servants of the Plan, but my enquiries have since clearly established the fact, that the embezzlements had their origin long previous to the month of May and that these sale accounts were fictitious and spurious. The Salt and its proceeds had been made away with, some time before but when I cannot exactly ascertain.—

7. There had been no manufacture of Salt in these Pans for two years, and there only remained two heaps of old Salt mould on the 23d May a portion of which had evidently been carried off. The servants of the Pan must have intended to cover their embezzlements of the old heaps by clandestine sales of the new manufacture to the extent of their embezzlements of the old Salt, but detection came too soon.—

8 The Peshcar, Muddutgar Gollah and Shroff were taken into custody and subjected to a strict examination I had a case for a Criminal committal on a complete and unanswerable charge against the Peshcar of a gross falsification of the

Public

the Public accounts, and by presumption to some extent against the others.—

9 It was my intention to have proceeded criminally against these men, but difficulties interposed. The Nabobpett Pans are within the limits of the ordinary Courts jurisdiction; while Corafsa is within the Governor's Agency and the Parties were mixed up with fraudulent entries in the accounts of both Pans. The Parties too could plead the orders of the Tamadar who had committed suicide.

10. Under these circumstances it was deemed the better course to dispose of the case under the judicial authority of Regulation IX of 1822. and as agent to the Governor by Act XXIX of 1839 under the rules of the Agency and upon the full admission of the guilt of the servants of the Pan, I imposed a fine of Rupees 2,223 upon the accused, being the price of nearly 10 Garces of Salt found deficient, after giving credit for wastage in the Corafsa Pans, with a suitable Penalty. This Sum has been recovered and carried to

account in part liquidation of Rupees 3,843-4-— the Cash embezzlement.—

11. The whole of the above Servants have been dismissed and a new set of functionaries employed in the Pans. The orders of Mr. Arbuthnot of the 20th. February 1845. have also been cancelled and the Coll. lections are now remitted once a Week.—

12. The late Tamadar has a house in Vizagapatam covered with a Mortgage and I have not yet ascertained whether the price at sale would leave any surplus, his private property is of very trifling value, but this is under realization, and will be carried to account.—

13. An Examination of the Cash Balances and Salt heaps has been recently made in all the other Salt Cotars of this District and every thing was found correct each Tamadar has been required to find security equal to the supposed responsibility of the station.—

Plan of Allotments in Bolle and Queensmere
Appendix to Report of 12th July 1848 —

Plan

Proceedings thereon.

Requesting the Collector to afford further explanation on certain points connected with the frauds committed in the Carajsa Salt Pans of his District and approving the arrangements made by him for the better Regulation of the Salt Department

(27-28)

In their Proceedings of June last the Board of Revenue requested the Collector of Vizagapatam to acquaint them with the result of his investigation into the frauds recently carried on at the Carajsa Salt Pans, and of the measures which he had taken for the recovery of the amount embezzled, and desired him at the same time to explain why so large a sum as Rupees 3,000 was allowed to remain in the hands of the Salt Tanadar instead of being remitted to the Vizagapatam Hoozoor Treasury.-

2. In the letter above recorded Mr. Smollett states, that during the first period of his management of the District, the remittances were made from the Salt Godowns to the Hoozoor Treasury once in every fifteen days, according to the practice which had previously been in force. On Mr. Arbuthnot resuming charge he issued a circular directing that the Salt receipts should be remitted only once a Month, the Collections from the 16th of one Month to the 15th of the next inclusive being ordered to be despatched periodically, so as to reach the Treasury by the 20th an arrangement, which the present Collector on his

did not disturb.-

3. The proceeds of the sales of Salt at the Carajsa Pans from the 16th April to 15th of May last amounted to Rupees 2,906- This sum was not received at the Treasury by the 20th on which day private information reached the Collector that all was not right at the Pans. a trustworthy servant was therefore deputed to examine the cash Chest, the heaps on the platforms and the manufacture of new Salt and accounts received in the Hoozoor The result of the enquiry showed that not only the 2906 Rupees, the Collections of the previous Month were deficient, but that a further sum of Rupees 937 the produce of the sales from the 16th to the 22d May had also been embezzled. Subsequent investigations made by the Collector likewise proved that the Salt accounts, from which the above results were derived were themselves fictitious, and that the Salt and

Fort St. George 17th August 1848

Salt and its produce had been made away with some time before the when cannot be exactly ascertained. The quantity of Salt thus surreptitiously disposed of would seem from para 10 of the letter to be nearly 10 Garce value 1200 Rupees.

4. The Collector has taken steps for the punishment of the Peishcar and the other servants employed at the Pans and has imposed upon them fines to the amount of Rupees 2250, which has been collected and carried to account in part liquidation of Rupees 3,843—4, the Cash embezzlement. Measures are likewise in progress for the realization of such of the property left by the late Tanadar as may be available.

5. The Peishcar, Madutgar and other Salt servants seem to have been convicted under Regulation IX of 1822 and Act XXIV. 1839. of the charge of misappropriating the Salt (10 Garce)

Fort St. George 17th August 1848.

which on enquiry made at the Pans and in the accounts was found to be deficient, and to have been sentenced to make good its value and to pay a suitable penalty. Such portion of the amount recovered from them as was equivalent to the price of the Salt which had been stolen, should therefore have been carried to the credit of Government on that account, and the remainder brought to account as fines levied under the Act and Regulation. It does not appear on what grounds the sum in question Rupees 2250 has been credited in compensation of the Cash deficiency. That deficit, it seems to the Board has yet to be made good. It is not stated whether any other of the servants lately employed at the Pans, can be held responsible for this defalcation, besides the deceased Tanadar; but if so means should be taken for proceeding against their property on this score as far as it may be forthcoming.

On

Fort St. George 17th August 1848.

On all these points the Collector is requ-
-ed to furnish further explanation.

6. The whole of the late servants at the Carafsa Pans have been dismiss-
-ed. an examination of the Cash balances and Salt heaps has been made in all the other Salt Gotaurs of the District and every thing found to be correct. Each Tanadar required to find secur-
-ity equal to his supposed responsibi-
-ty, a precaution which seems to have been previously neglected. The Collections are also henceforth to be remitted to the Head Treasury weekly. These arrange-
are proper and will, the Board trust, prevent the recurrence of such malversations as the Collector's Department as that above exam-

Letter from the Collector of Masulipatam dated 8th March 1848 reporting on the settlement of the Minor Estates of Deevy and Moonegal for Fusly 1256 - 1846/47.

Here enter No 17.

Proceedings Relative to the Settlement of Land Revenue in the Minor Estates of Deevy and Moonegal in the Masulipatam Dis-trict for Fusly 1256.

Dated 17th August 1848.

thereon - 1. The Zemindary of Deevy is situated in the Kistna Delta, and is dependant on that River for its supplies, but these, from the position of the Estate at the extremity of the Delta, are received only when the freshes are abundant. The season of Fusly 1256 1846/47 as has been already described in reviewing the Settlement of the Government Estates, was favorable for the cultivation of wet lands throughout the Dis-trict. Deevy participated in the copious falls of rain and ample supplies from the River. Hence an increase in the cultivation with an increase of Revenue tho' not commen-surate with the extent of land down in consequence of a slight fall in prices. The price of paddy per Parrah, according to which the Settlement of the year under report was made, was 1 - 1 - 3, Rs a. p. while in the preceding year the price was 1 - 2 - 3 - Rs a. p.

2 - The dry lands are held under rents

rents and for 5 years. The net lands were settled on the estimated resources. The estimates were tested by the capability of the land the effects of the season, and the out turn of the current compared with that of former years. The increase in the cultivation is 139 Cuttas and the produce is 27009 Parahs above the settled quantity of the previous Fusly. In the current year although characterized by frequent showers of rain and abundant and timely freshes from the Hills the produce is higher than the rate of Fusly 1256 an unfavorable season, and is considerably below the rates of antecedent years. Applying the average produce of Fusly 1251 and 1254 to the extent of land cultivated in the year under consideration, it is seen that the outturn of such land, as exhibited by the settlement is 25¾ and 17½ per cent less. It is observed from para 4 of the Collectors letter that the Tahsildars estimates were not altogether trustworthy and that, notwithstanding the data furnished by former accounts, some of the fusles

further was brought to light by "after scrutiny" as the capability of the land" is stated to constitute an element in forming the Settlement and as the quantity of produce stated to be the outturn of Fusly 1256 (1846/47) falls so far short of that capability according to former accounts, the Board cannot consider the result exhibited in the settlement of the year to be satisfactory and would wish some explanation to be afforded to show why the grain Revenue is not higher; especially in a season of so much promise.

3. The total Settlement and dry and wet lands for Fusly 1256 (1846/47) as shown in the Margin amounted to Rupees 72533-11-5 being Rupees 14118-8-1 above that of the preceding Fusly. The Collections within the Fusly were

Para 8. 4. At the date of the Collectors Report

Report, the current balance had been reduced to Rupees 1635-2-5 of which Rupees 575-14-1 appertain to wet lands. The settlement of the rice lands having been made in the early part of the year at the current prices, the Collector will be pleased to explain why the last mentioned sum was outstanding so late a period as the date of this report.

Para 10. 5. The Collections on account of arrears amounted to Rupees 2,522-11-2 of which Rupees 1128-3-1. below to the quinquennial Rentes. The present outstanding balances amount to Rupees 64,163-3-8. in which Rupees 7-11-3 still due on account of the rent of Dry lands are included the balance of the current Fusly Rupees 980-8-- being added to the last mentioned sum the entire balance due by the quinquennial Renters amounted to Rupees 7,984-3-3. These Rents terminate with Fusly $\frac{1257}{1847-48}$.

Para 11 to 13. 6. It is satisfactory to observe that the amount of Peishcush for Fusly $\frac{1256}{1846-47}$ Rupees 4,78,[illegible] has been realized in full, and that the arrears of Peishcush have during the year under review been reduced from Rupees 94802-13-7. to Rupees 82634-11-7. The amount of Settlement exceeds the Peishcush in the sum of Rupees 24646-11-5.

Para 18. 7. The Board observe that the reference made by the Collector in his letter of the 9th December 1847 applies to the Village of Kythapully which has since been transferred to the Guntoor District as the leases of the Dry lands will expire with Fusly $\frac{1257}{1847-48}$, it is desirable where a fixed Assessment on the land does not exist that the principle of joint Village Rents should be followed, the aggregate amount being fixed by the Collector and the Ryots left to apportion it amongst themselves with the aid, in cases of dispute, of the Government servants. In Villages where a fixed Assessment on the Dry lands has been generally followed, the "Dittum" should be prepared at the commencement of the ensuing Fusly, deductions on account of land not cultivated to be made afterwards at the Jummabundy with reference to the state of the

From the Collr of Masulipatam

Sir,
Para 1. I have the honor to forward a Statement of Offers received for the Rent of Shikarry Revenue in this District for Fusly 1258 / 1848-49 and request the Boards sanction for confirming the proposers in their Rents. The amount of offered shew a net increase of Rupees 419 - - - beyond the amount of last year.

2. I beg to state that no offers have been obtained for the Purganahs of Samalcotta and Kadaour (Ghut and Chintalapoody, and it will therefore be necessary to retain them under Aumany Management.

3. The sanction of the Board is requested for the accompanying Moyen Jabitah, prepared ac-
:cording to the form circulated with your Predecessors letter of the 21st March 1844 of the Establish-
:ment proposed to be entertained for the Manage-
:ment of the above mentioned Purganahs, the expense being Rupees 84 per Annum.

The Board of Revenue sanction acceptance of the offers for the Abkary Farms in the District of Masulipatam for Fusly 1258 (with the exception of those of Jamalmoy Gudoory and Chintalapoody Purgunnahs regarding which reference has been made to Government) amounting in the aggregate to Rupees 42458. - - - - and authorize the Renters being placed in possession of their respective Farms on their severally depositing one months Rent in ready Money and furnishing good Collateral Security to the extent of three Rents or on their depositing in Cash two Rents with security.

30-32 Orders to be submitted in consequence.

To the Chief Secretary to Government.

Sir,

1. I am directed by the Board of Revenue to request that you will submit for the orders of the Right Honorable the Governor in Council the accompanying list of the Establishment required for the management under Amany during Fusly 1258 of the Abkary Revenue of the Purgunnahs of Namboy Ghaut and Chintalapoody in the District of Masulipatam.

2. As it has been necessary to retain the Purgunnahs under Amany Management in consequence of no offers having been made for them, the Board recommend that the proposed Establishment be sanctioned at an annual charge of Rupees 8,- - -

From R. T. Porter Esqre. Collr of Masulipatam - Submitting report on the subject of allowances paid by deduction from the Hiskbundy Bariz

Para 1. With reference to the letters from the late acting Secretary to the Board of Revenue noted in the Margin, I have the honor to submit three Statements shewing the amounts

6th	May 1847.
29th	July 1847.
18th	Octr. 1847.

of allowances paid under different heads, by deduction from the Hiskbundy Bariz in the Government Estates in this District.

2. Statement No 1 exhibits the amount of charitable allowances paid to different religious institutions by deduction from Samabundy Bariz. Statement No 2 shews the amount of allowances paid to Ycomiahdars Vca by deduction from the receipts on account of Village charges forming an item of Samabundy. Statement No 3 exhibits the amount remitted to the several Mocassadars by deduction from the Samabundy.

3. With reference to Para 2 of Mr Mathisons letter of the 11th February 1847, I have to state that the Wardens or Managers of the several institutions enumerated in Statement

No 1

Fort St. George 17th August 1848.

No. 1. on being called upon to produce any Grant which might be in their possession for the purpose of exhibiting the tenures on which they have enjoyed the allowances in question, some of them acknowledged that they never had any, while others represented that those which they formerly possessed are not now forthcoming as they were burnt long ago; it would appear however from the Village and Buzzoor accounts that the allowances in question have been invariably continued both during the management of the Zemindars and of the Circar when the Estates happened to come under attachment. The allowances exhibited in Statements No. 2 are paid by deduction from the receipts on account of Village charges in some Estates where the management of these charges is reserved to the Circar. The only instance in which authority is produced for these allowances is in the case of the family of Streeramoola Appiah who holds a Grant dated in Fusly 1208. A.D. 1798.

From some accounts it would appear that certain of the allowances entered in Statements No. 1 and 2 were made prior to Fusly 1212; A.D. 1802 but as the accounts are not forthcoming for all of them, it cannot be ascertained whether or no the remaining allowances derive

the same time.-

6. The allowances inserted in Statement No. 3 which are stated to have been originally granted on a service tenure have been continued for a long time past, and are supported by entries in the Circar Committee accounts. In those Villages in which remissions from the Samabundy sist have been enjoyed by the Mocassadars in the Goodewadah Purganah, the rate has been Rupees 4 for every candy of produce in all except Chowtapully, where remission has been granted at the rate of Rupees 6 per Candy. In addition to this a remission as shewn in the Margin is made to the Mokassadars on account of

7. Some of the Mokassadars of Chowtapully and other Villages in their Statement aver that the remissions in question were allowed for their maintenance by the former Zemindars on account of relationship and with the view of attaching them to their interests. They have also produced Copies of certain documents to that effect. But the entries in the

the Circuit Committee accounts on which the permanent settlement was founded as also other accounts of a subsequent date shew that the allowances in question were intended for expert services: consequently no credit could be given to the Statement of the Mokassadars and the documents produced by them.-

8. In the Bezoarah Talook, there are two Mokrafsah Villages called Mooteyalum-paudoo, and Prasadumpaudoo, alienated on service tenure a long time ago. The first named Village was originally charged with a Cuttoobady tax of one Pagoda payable to the Circar on each candy of grass produce, but in fusly 1206 A.D. 1796 an annual Bilmuta Bariz of 50 Pagodas was substituted for this imposition and in fusly 1227 A.D. 1817-18 this was als commuted for an allowance to the Mokrafsadar of a moiety of the grass demand for his subsistence, which is continued down to the present period. It is stated by the Mokrafsadar of the second Village Prasadumpaudoo that, that Village was likewise originally alienated under Mokrafsa tenure, subject to an annual bilmuta of ten Pagodas, but that this, as in the preceding case, was commuted for the payment of a moiety of the Sist of the Village for his subsistence from

fusly 1227 A.D. 1817-18 and it is stated that the original documents were lost.-

9. It appears that in fusly 1227 when this Estate was under attachment, the Sanadar forwarded to Mr. Russell the then Collector, Copies of 3 documents said to have been executed, the first in Fusly 1200 1790-1, the 2nd in fusly 1201 1791 and the 3rd in fusly 1217 1807. The first purported to grant a Village called Wooppoolloor for fusly 1201 1791- for the same amount of sist as was fixed by the father of the donor, the 2nd authorized the continuance of the same Village under Vasaly tenure at an annual sist of 200 Pagodas from fusly 1202 1792-1 and the third setforth that another Village called Prasadumpaudoo should be continued for a term of 5 years at an annual sum of 110 Pagodas, of which 10 was to be paid to the Circar, and the remainder 100 to be enjoyed by the Mokafsadar on account of their subsistence- The said Sanadar stated in his deizee that the Zemindar resumed the Village Woopppoolloor inconsequence of its gradually improving state, and granted in lieu thereof the last mentioned Village, Prasadumpaudoo, in fusly 1217 1807 at the sist above mentioned for a period of 5 years, and that a modification was subsequently made by which a moiety of the revenue derived from the Village is to be paid to the Circar, and the other to be enjoyed by the Mokafsadar- Mr. Russell taking into consideration all these circumstances

ordered

ordered in Fusly 1227/1817 that a moiety of the Sist.
realized from the Village should be re-imbursed to
the Mokhasadar, and this has been continued to
present time.

10.

As regards the Village Woopputtoor
to have been alienated as Mokhasa prior to Fusly
the accounts lodged in the Huzzoor do not
shew that such is the case.

11.

As it appears that the scale of the allo
-ances above referred to was fixed with reference to
the gross produce of the Villages, the amounts thereof
is shewn in the Statements now forwarded as cal
-culated on an average of 10 years. the Statement
forwarded with Mr. Maffi
February 1847 shews only the Amounts deducted
from the demand of Fusly 1255 A.D. 1845-46 which will of

as per former account Rs. as P. between the sums entered
Ditto present Do. 3471-9-0
Decrease 3188-1-4 in the two Statements as
783-7-8- particularized in the Margin.

12.

It will be observed also that

	As per accounts forwarded with the letter dated 12th Feby 1847	as per present accounts	Increase	
Amount of remissions to be deducted and paid down the Sist as per Statement No 1	Rs. a p 526 2 0	Rs. a p 886 15 0	360 13 0

Total	754 14 0	1661 7 0	406 9 0	

in the Margin there is a difference of Rupees
406-9-0 between the
sums entered in the
Statements. this is owing
to the subsequent re
acquisition

acquisition of some Estates by the Government
as also to the reversion to annuity management
of certain Villages which were under rent at the
date of the last report.

13.

With respect to the observation
contained in Para 7 of the Boards letter of the
6th May last as to the propriety of alienating
land in lieu of the allowances in ready Money
enumerated in Statement No 1. I beg to state
that as the allowances in question have been
continued from a long time, and there appears to
be no reasonable grounds for their discontinuance,
it seems but fair that if the further payment
of a Money allowance is considered objectionable,
an equivalent in land should be given, subject
to the immediate control of the parties interested
in the welfare of the Pagodas, and should the Board
be of this opinion I shall be prepared to submit
a Statement of the extent of land to be alienated
on that account.

14.

Besides the ready Money allow
-ances paid by deduction from the gross demand,
there are others paid in kind from the gross produce
of the Villages. These are termed "Grain allowances"
and are generally known by the name Acharcjoolo
and Bamboo Canams, enjoyed by the Brahmins
Village

Fort St. George 17th August 1848.

Village servants and Pagodas. Of these, the former are allowed out of the gross produce containing both the Circar and Ryots share ab a certain rate per Candy or Heap. The latter (Bauboo Enams) were formerly alienated in land as other Enams, but from some cause or other, they have become incorporated in the Sayr, and in lieu of land, a deduction at rates not exceeding 10 per Cent is made from the gross produce in favor of the holders of the Enams. It does not appear to me to be practicable to make any alienation in land in lieu of the above mentioned grain allowances which are at regulated at different rates.

15. Independently of the allowances referred to above certain sums on account of excess share to some of the Head Capays employed in the Circar, and on account of Cloths to some Curnums are deducted under the Head of Sibbi, as well as the wages of Cavs on account of Maha-vadars, Pyguties, Auchanadars, Mashaldars, or Salubdary Cavs in those Estates, the Collection of the Village charges of which is under the control of the Circar, and the sums incurred on account of batta, Saderwareds Charges of Cavs for Capoos and Curnums when they have proceeded on circar business, together with certain other sundry items under the Head of Village charges.

D.G.

Fort St. George 17th August 1848.

But as these charges do not appear to come under the same Head as those regarding which Statements have been called for on the present occasion, the amount expended on account of them is not entered in the State-ment herewith forwarded.—

16. The information called for in Para 2 of Mr. White's letter of the 18th October last has been already furnished to the Board in my letter of the 30th of that Month.

Returning Petition No. 2283 of 1847 as well as the other petitions received with the Board's Proceedings under date 20th July 1848 & forwarding Copy & translation of the two documents found in his Office & states that under the Circumstances Set forth the arrears due by the Petitioner is 10-0-0

Herewith returned as well as the other Petitions received with the Proceedings under reply

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue under date 20th July 1848 calling for some additional information with reference to any letter of the 24th June reporting on Petition 2283 of 1847.—

Para 1

2

With reference to the Statement of Petitioner in his former petition that he delivered three documents to the Serishtadar of my Office, I beg to state that the Serishtadar has produced two documents, Viz. a bill of sale for the land in question, and a Certificate of its having been sold by order of the Vellore Moonsiffs Court; but the Summud mentioned by Petitioner cannot be found. The two documents above named were found tied up together in the Serishtadar's Office Case; the Summud would probably have been with them if it had been given in by Petitioner; but it was not so found, nor has a close Search in the records both here and at Chittoor brought it to light. I am constrained therefore to believe that no such document was ever delivered into the Cutcherry at all.—

Fort St. George 17th August 1848

3

It may be observed too that in the Survey accounts of Fusly 1236 this land is not entered as Enam but as Parumpoke: and the two documents now forwarded describe the land, not as Enam, but simply as paying no rent to Government, and neither of them makes any mention of a Sunnud: So far as I can learn also from the scanty records of this case in this office Petitioner never claimed remission of the tax in virtue of any Sunnud, but only on the score of long exemption, I think therefore that there is good reason to doubt whether such a Sunnud as Petitioner speaks of was ever in existence.—

Agreeably to their desire I have the honor to forward for the Board's information both the and translation of the two documents found, the authenticity and validity of which there is no reason to doubt, and I beg to add that the amount of arrears due by Petitioner to the end of Fusly 1257 is Rs 10 a 3 being the assessment for the two Fuslies 1256 and 1257.—

half of a plot of ground in extent 13 4/16 Cawny, which is partly occupied by a rest house for travellers, a Mussulman place of prayer, and a number of tombs, and is in part planted with trees. The ground has been applied to these purposes probably for nearly half a century and up to Fusly 1252 it was held free of assessment — though even without any formal exemption — as shown by the documents; Copies and translations of which are transmitted in Mr. Bourdillon's letter of the 31st Ultimo — it has been sold on two occasions — on the first for Rupees 525, on the second for Rupees 600. The purchaser in this last instance presented it to the father of the parties by whom it is now held.—

In Cor. 17 August 1848

In Fusly 1252 that moiety of the

3 land which form the subject of the present reference, being planted with trees was ordered by the late Acting Collector to be assessed, in consequence of the order of Government which directed that "Lands in Military Cantonments appropriated as Sites for houses and compounds without Government Grants should be subjected to assessment. The land was Poramboke which had not been assessed at the Survey and on the plea of there being a well on the land it was classed by the Revenue Servants as Patical

Fort St. George 17th August 1848

Totacal and charged at the rate of 12 8 4 per Cawny. The tax was not paid for four years and late Acting Collector applied for permission to the land, which was granted by the Board, to whom the circumstances of the case as now ex=ed had not been communicated. The sale was however prevented by the payment of the arrears.

4. The assessment for two years Fusly 1256 1257 is now again due and in reporting upon a Petition addressed to the Board by the holders of the land Acting Collector has brought to notice the particulars already stated. He has also given his opinion that the order under which the land was assessed was not at all intended to apply to such a case that consider=ing the length of time that the land had been held free and the purposes to which its produce has been and is appropriated, Government would not have thought it desirable to demand a tax upon it if the facts had been brought before them, and that the assessment is excessive compared with the present capabilities of the land. The Board fully concur in these conclusions and being assured that it cannot be the wish of Government to derive revenue from such spots of ground as that now under consideration, they beg to recommend that the further levy of assessment upon the land be foregone and the arrears Rs. 10-3 for the two Fuslies 1256-7 written off in the public accounts.

52 Sir

From the Collector of Tanjore } With reference to your Circular of the 10th Instant I have the honor to request I may be furnished with a copy of the Circular dated 15th July 1839 as I am unable on my records to discover the original one forwarded from the Board.-

Collector

Tanjore,
Kodicaray 26th July 1848. }

Resolution thereon. Resolved that Copy of the Board's Circular of 15th July 1839 be furnished to the Collector of Tanjore in Compliance with the request contained in the foregoing letter.-

52-53

Proceedings thereon- Read again letter from the Acting Collector of Trichinopoly dated 29th October 1847 and entered in Consultation 20th January 1848.-

54 With the foregoing letter the Acting Collector has furnished Statements of the balances of arrears in his District as they stood at the close of Fusly 1256.-

The outstanding balances to that date have been classed under three general heads Viz.t.-

1 Recoverable	1092-9-8
2 Recoverable by sale of lands	27385-7-1
3 Irrecoverable	21589-12-4
Total	50067-13-1

of

Fort St George 17th August 1848

Of the first item it is stated that more than one half has already been recovered and that the remainder is likely to be collected immediately. The second item is due by individuals who though professing valuable landed property, demur to pay up the balances against them. Mr Elliot remarks that Faslies 1251 and 1252 were not satisfactory years, but that the circumstances of the ryots have somewhat improved during the last two Faslies owing to the increased prices of grain; and should the Board direct the sale of their lands, he has no doubt of at least 20,000 Rupees being collected although several Months must elapse before the accounts would be finally closed. Item No 3 is said to be totally irrecoverable, and the Acting Collector requests sanction for writing off the amount.

The Board observe that the Statements now furnished have not been prepared in the form which accompanied their Proceedings dated 16th March 1846.

In Cons. 13th Octr 1845.

In Mr Onslow's report of 4th October 1845. the suspended payments were shewn to amount to Rupees 22682-7-8. the

Fort St George 17th August 1848

Board at that time objected to recommend the remission of this amount, and desired the Collector to institute further enquiries and to furnish information on several points to which his attention was then drawn, they also directed that a detailed Statement of those balances should be furnished agreeably to a form which was sent to him. This information has never been supplied. In the report on the Settlement for Fusly 1255, the total outstanding balances of Fusly 1251 were given at Rupees 39,115-13-11, of which Rupees 15,134-13-2 were stated to be irrecoverable and of the remainder Rupees 23981-9. Rupees 19,433-12-1 were entered as the amount of the suspended balances still outstanding. The above sum of Rupees 23981-9-- was also classed under three heads Viz:-

Brought to account Rupees	9,781-12-10
Doubtful	7,700---
Irrecoverable	6499-3-11

but how much of the suspended balances was

Fort St George 17th August 1848

was entered under each of those heads was not specified. In the present report the total balance of Fusly 1251 is given at Rupees 20,491-13-6 being Rupees 18,624-- less than the total balance entered in the Settlement report of Fusly 1255, from which it would seem that the last mentioned sum has since been brought to account, but what portion of the suspended balance of Fusly 1255 is included in the sum realized is not to be ascertained, as at present informed therefore the Board are unable to make a final report to Government on the outstanding balances of the Trichinopoly District.

The Acting Collector is accordingly requested to separate the suspended payments of Fusly 1251 from all other arrears of Revenue, and to forward a distinct Statement of them in the form which accompanied the Board's Proceedings of 16th March 1846, furnishing at the same

Fort St George 17th August 1848

time the information called for in Para 6. of those Proceedings in regard to the sums still remaining unadjusted. He will also forward a revised Statement of all other balances, distinguishing those which are found upon enquiry to be altogether irrecoverable.-

Sir,

From the Principal Collr of Coimbatore ... Forwards copies of further communications from Major Minchin and recommends his claim for exemption from the demand of Fasly 1258 on Mulberry Lands for the favorable consideration of the Board also requests to be informed whether under the circumstances stated Major Minchin may be allowed to hold uncultivated Lands alluded to on grass Tenure

25th July 1848

Para 1 I have the honor to forward for the information of the Board copy of further communication from Major F. Minchin relative to the land en his occupancy at Conoor

2. In compliance with the request therein contained, the Tahsildar of Dotacamond has been directed to wait upon that Gentleman to receive the amount due for Fasly 1257 — A.D. 1847/48

3. Adverting to para 2 of the said communication, I would observe that the present Fasly 1258 commenced A.D. 1848/49 only a few days ago, and with reference to the protracted correspondence which has taken place in this matter, and the consequent delay in its final settlement, it would seem that Major Minchin's claim to exemption from the demand for 1258 is well founded, and which I beg leave to recommend for the favorable

Fort St George 17th August 184

favorable consideration and orders of the Board—

4 Major Menchin's assertion that he gave me notice in Novemb 1847 of his intention to give up the Mulberry land is correct, but this having been contradicted in a further communication, and no final determination having been come to, subsequently I was unable to make other arrangements for its cultivation

5. The Board will observe that Major Menchin prefers charges of injustice and delay against me, which are not borne out by fact. On one hand his liability to the payment of the demand objected to, was determined by the Board after due deliberation and on the other, the nature of the subject, and the expediency of referring it for the orders of the Board necessarily caused delay in replying to his letters—

6. I take leave to forward copy of another communication dated 2nd May last from which it would

Fort St George 17th August 1848.

appear that Major Menchin has purchased other lands for eventual cultivation the extent and boundaries of them are not specified in some of the assignments executed by the parties by whom they were sold, and I have hitherto been unable to obtain this information from the Tahsildar, although he was called upon on two different occasions to furnish it in consequence of the insufficiency of the Talook establishment from sickness, and other causes— and this alone precluded the possibility of its earlier submission to the Board— Major Menchin claims a right to hold these lands on grass tenure, asserting that this privilege is accorded to him by act No IV of 1837 which seems to me inadmissable in as much as the Parties wishing to appropriate the same for cultivation, cannot be prevented from applying for and holding the said lands on payment of full demand to meet Major Menchin's convenience,

convenience, and I therefore beg to be favored with the decision of the Board on this point also for the information of that gentleman —

To The Principal Collector of Coimbatore

Sir,

In acknowledging the receipt of your letter dated 22d Instant in which you state that the Revenue Board have decided that we must pay your demand in full up to the end of Fusly 1257 I beg to state that I shall be prepared to pay the amount when the Tahsildar presents the Bill, though it does not alter my opinion of the injustice of your claim —

In reference to the 3d Para of your letter, I at once formally relinquish all the ground excepting the small portion cultivated with Coffee and

the ground required for the new dwelling House on the site of the former Mulberry Plantation, a total of about 10 to 15 Cawnies and the boundaries of which I will point out to your Revenue Officer — I gave you notice in November of my intention to give up the Mulberry Land, and refer you to the Board's letter of the 13th March on which they propose settling the amount of Dust rent up to the close of Fusly 1256 — as 14 days have now only been elapsed of the new Fusly 1258 and this entirely owing to your delay in replying to my letters, I cannot conceive it possible that you can ask me to pay for the whole year, as you well know not a tenth part of the land will even be occupied by other Ryots, as even the Berghers of whom we bought the land would not cultivate it — I beg to inform you the cultivating season at Coonoor is September October and November, and not as you state March and

22nd Novr 1847

and April which only applies to the land near the Dodabet range of Hills in which month they have rain in that locality—

I have to request you will also desire your Tahsildar to send me also my Bills for Quit Rent for the House property which I only refused payment on the ground that I had a refund to receive; but as the Board of Revenue have decided against it I feel it my duty no longer to withhold the payment of the same—

Sir,

I have the honor to acknowledge the receipt of your letter dated 22d ultimo returning me the original Title deeds 8 in number which I forwarded to you on the

the 19th Instant—

2. With reference to the 2d para of it I have the honor to state that I by no means intend to relinquish my right to the uncultivated lands therein mentioned— I obtained possession of those lands by regular purchase from the Berghers and Todas by whom they were held at the time and which fact was well known to the Revenue Board by a letter written by Captain Wallancey and dated 17th May 1843— and of course, I succeeded to all the rights which those persons then possessed in them agreeably to Act No IV of 1837— and passed in the 17th April 1837. Among these rights was the custom of holding them when uncultivated on the payment of a small taxe— called, Pillance, very much smaller than the Quit rent Tenure, and I claim to continue to hold them on the same terms—

If there be not, I shall maintain my just claim, first by— an

To the Prin.l Coll.r of Coimbatore — Para 1

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 28th Ultimo forwarding two communications from Major Minchin dated the 26th Ultimo and 2nd May last, respectively in the former of which that Gentleman formally relinquishes the greater part of the land G. 120—3— lately held by him at Coonoor and objects to the demand of assessment upon the extent so given up—

Calling for further information upon various points connected with Major Minchins application respecting his lands at Coonoor

Fort St. George 17th August 1848

being carried beyond the past Fusly 1257 and in the latter claims the right to hold on Pillaee tenure certain lands stated to have been acquired by regular purchase from the Berghers and Todas to whom they belonged—

2. In respect to the first of these letters I am instructed to inform you that, as Major Minchin has made formal surrender of that part of his land which he wishes to abandon it was not the intention of the Board that he should be charged for the current Fusly 1258 for any greater quantity than he may actually retain you will therefore be so good as to ascertain by superficial measure made by the revenue servants in the usual manner the precise extent of the land which Major Minchin is still desirous of holding which, to prevent future misunderstanding, should as far as practicable be distinguished by boundary marks and will regulate the Government demand for the present year accordingly— That part of his

Fort St George 17th August 18[illegible]

his former holding which has now been relinquished will of course be available for any other applicants.

3 With regard to the claim to hold certain lands on payment of grass tax only, the Board before disposing of this application require further information. They wish to know what is the extent and situation of the several parcels of land in question, by what natives or Burghers they were originally held and what were the titles of the vendors and whether the land at the time of sale was occupied by them and in course of cultivation or Bunger or immemorial waste. It should also be explained by what parties the lands were first purchased in what manner they have passed to Major Minchin - whether they have been cultivated since their purchase and if so to what extent and in what years. Copies should likewise be furnished of any documents which

Fort St George 17th August 1848.

Major Minchin may possess or which may be in your office in support of his title to the lands. If as would seem from Major Minchin's letter the land be that referred to in a communication addressed by Captain Vallancey to this office under date 17th May 1813 - the Board observe that Captain Reynolds to whom the land was stated to have been transferred, was directed to submit an application for it in the usual form. You will be pleased to explain whether this was done. The Board wish in the next place to have some explanation respecting the nature of the Pillarre tenure as it obtains among the Benghers upon the Neilgherry Hills. you will be so good as to state whether the privilege applies to Bunger land as well as - Sheical whether the quantity of land held on grass tax must bear any and what -

Sir,

I have the honor to enclose an Estimate of the probable charges for the conveyance of Teak and Jungle wood Timber on account of the Bombay Government amounting to Rupees 46,939-11-0. The Contract is to transport Teak Timber from the forests to the Coast for three years Viz. 1850-51 and 52 at the rate of 1000 logs or 3,000 Candies a year, and to convey 350 logs of Junglewood in 1849.-

Forwards an Estimate of Charges for the conveyance of Teak and Jungle wood Timber on account of the Bombay Government amounting to Rupees 46,939-11-0 and recommends the offer for acceptance for three years respectively-

2- The offer that is now recommended for acceptance is from one M. S. Saldanha at the rate of 4 Rupees, being Rupee 1-15-9 per Candy less than the last Contract- The Security tendered by him for the due fulfilment of his Contract is sufficiently good for the necessary purposes- There were two offers for a rate slightly lower, but the parties by whom they were made have given so much dissatisfaction on former occasions that I declined accepting them.-

3- The rate at which the same individual has offered to convey the Junglewood Timber amounts to

to Rupees 5—15—6 being R. 1—15—6 per Candy above the last contract for the same kind of Timber, but which is the lowest of the tenders that were made at the time of sale and the Security offered being good, I beg that this may also be accepted.

4. The Estimate contains an item of Charge for felling the Timber and its Superintendence, the necessity for which has been fully explained in my several letters noted in the Margin. The outlay need not however be incurred should the Esctra establishment applied for be in the meantime sanctioned.

Resolved

Proceedings thereon- 1

(60-61)

Resolved that the letter above recorded together with its enclosure be submitted for the orders of Government-

2 The Board observe that the Estimate provides for the conveyance of 9,000 Bombay Candies of Teak Timber to the Coast during the years 1850 & 53 at the rate of 3,000 Candies per Annum, and the conveyance of 1,050 Bombay Candies of Junglewood during the year 1849-

3 It will be perceived that the offer recommended by the Collector for the carriage of the Teak Timber is 4 Rupees or 1-15-9 per Candy less than the last previous Contract- that for the conveyance of the Junglewood is Rupees 5-15-2. or 1-15-6 per Candy above the previous contract on that account, but was the lowest of the tenders made; the entire disbursement on this account being estimated at Rupees 42267-3--

4 The proposed disbursement for felling and preparing the Timber for transport is Estimated at Rupees 2512 and the Charges for Superintendence of felling &ca in the Forests and guarding the Timber on the Coast Rupees 2160-- making an aggregate total of Rupees (46939-11-11) Forty Six thousand nine hundred and thirty nine, and annas eleven; for the disbursement of which sum the Board beg to recommend that the sanction of Government may

be granted on the understanding referred to by Mr. Blane that the outlay for Superintendence will not be incurred if sanction be received for the Extra Establishment applied for by him-
