and
J. Goldingham Esqre Acting Third Member

Minutes of the last Meeting read and approved.

Read the following letter.

(1)

To The President and Members of the Board of Revenue

Gentlemen.

From the Secretary to Government. } I am directed to transmit to you a Petition dated the 4th August from Kristnamal styling herself the "owner of the Curnum Meraſs of Chapurty &c. Villages in the Caverputnam Mootah" in the Salem District as also two Petitions of a prior date from her Goomastah Chenna Soobiah, complaining of certain proceedings on the part of the Head Assistant Collector and to call for a report on the allegations they now contain.

Copy of 3 papers.

No 3-13-5-1866 of 1848 Dated 24th & 26th July

Fort St. George, — 15th August 1848. } (Signed) A. C. Montgomery Secy to Government

Order.

Order thereon.— Ordered that the Petition dated 4th. August from Kristnamah repre-
senting herself to be the owner of the Cur-
-num Meeraſsee of Chaparty, together with
the previously dated Petitions from her Gom-
-mastah Chinna Sooliah, complaining of
certain proceedings on the part of the Head
Assistant Collector, which accompanied the
foregoing letter, be forwarded to the Collec-
-tor of Salem, with the Boards request
that he will furnish a report on the se-
-veral allegations setforth for the information
of Government.—

3-4

Order thereon.

Ordered to be recorded

Read the following Resolution—

From the Secy to Government } Extract from the Minutes of Consultation dated 12th. August 1848.

5

(From Board 27th. July)

Resolved that the acting
Collector of North Arcot be authorized to
disburse, subject to audit, the arrears to
the Yeomiahdars named in his statement
of the 29th. June 1848, amounting to Rupees
(994—3-4) nine hundred and ninety four
annas three, and Pice four, and to
continue the payment of their allow-
-ances.—

The Acting Collector will,
as suggested, require another Deputy
to be appointed in the room of Syed
Yusoof Ali to conduct the duties of the
Khadir

Khadir in the Arushoor Sheriff at Arcot.

The Government presume that a strict enquiry has been made into the identity of the Parties whose Yeomiahs are now continued, and that the acting Collector has fully satisfied himself on this point. The very great and unusual length of time that the parties have allowed to pass since the last payment has attracted the attention of Government and would seem to indicate that the grant was of no object to these Yeomiahdars. The Governor in Council desires that they be informed that the Yeomiahs will be considered to have lapsed if they remain so long again undrawn. Indeed the inconvenience of keeping open accounts for so long a period is so great that he desires the Board will take into their consideration whether a limit of 3 or 4 years should not be fixed beyond which such allowances should be considered to have finally lapsed.

(Signed) H. C. Montgomery
Secretary to Government

Resolution thereon. Resolved that Copy

6 of the foregoing order of Government with

cated for the information and guidance of the Acting Collector of North Arcot with reference to his letter dated 29th June last.

Ordered that the following letter be submitted in consequence.

5-7

To. The Chief Secretary to Government

Sir.

In reply the Board direct me to state that the parties in the enjoyment of these allowances are not unfrequently Fakeers and others whose profession and habits cause them to lead a wandering life and visit distant places of pilgrimage. In such cases the absolute forfeiture of the yeomiah

12257

Fort St. George 28th August 1848.

Yeomiah in consequence of its having remained undrawn for any stated time might be productive of hardship - The Board however see no objection to fixing a limit say two years in excess of which no arrears should be payable - all which may have accrued beyond that period being carried from time to time to the credit of Government -

With reference to Extract from Minutes of Consultation Dated 21st September 1847 forwards a compilation of the several rules now extant regarding Tent allowances of Collectors and the Officers subordinate to them, including the modifications since 1814 and previously to embodying them in a regular set of Rules for publication in the Gazette requests to be favored with such suggestions or remarks as the

connected

the Board may have to offer.

connected set of Rules for publication in the Official Gazette. I request the Board will in returning the compilation have the goodness to favor me with such suggestions or remarks as their enlarged experience and familiarity with the practical operations of these Rules and their modifications may dictate.

2. The Board need not to be reminded by this Office of the equalization of the allowances of Officers in the Revenue Department under the arrangements sanctioned by Extract from Minutes of Consultation No. 327. dated 21st March 1836. and Extract from Minutes of Consultation No. 1458 dated 23d November 1839, Revenue Department, and the consequent doing away of the distinction that formerly obtained in regard to Districts permanently settled and not permanently settled, it may suffice simply to draw the attention of the Board to the circumstance with the view to their bearing in mind that the different rates of Tent allowances that had originally been drawn by Collectors or the Officers subordinate to them

according as they belonged to a District permanently settled, or not permanently, necessarily ceased to prevail; Tent allowances having as a matter of course become equalized under the operation of the above mentioned arrangements.

Fort St. George, Civil Auditor's Office. 20th June 1848.

(Signed) A. F. Bruce. Civil Auditor.

Ordered that the following letter be sent in reply.

(10-11)

To The Civil Auditor

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 20th June last forwarding to them for any suggestions or remarks which they may have to offer, a compilation of the correspondence which has passed on the subject of the Rules for regulating the rates of Tent allowance to be drawn by Collectors and their Subordinate Officers.

To The Civil Auditor. Offering the Board's opinion on the compilation on the correspondence which has passed on the subject of the rules for regulating the rates of Tent allowance to be drawn by collectors and subordinate Officers.

In reply the Board instruct me to inform you that the correspondence entered in your Memorandum has been collated

collated with that to be found upon their records relating to the Sent allowances of Revenue Officers, and that with few exceptions, particulars of which are annexed, it appears to contain all communications on the subject with which the Board are acquainted. As such information may be useful they have however inserted in the margin of your Mems the dates on which the several orders of Government entered in it were communicated from this Office to the revenue servants in the provinces.

I am further directed to add that a form in which annual Statements of Tents and of Extra Tent allowances should be prepared and submitted for sanction was circulated from this Office in the year 1828. The Board have desired me to forward to you for your information the accompanying copy of that form but they should at the same time state that it is their intention to alter the heading of it in the manner shown in it in red ink. Their object in making this alteration is to bring the Statements of Extra Tent allowance more closely in accordance

Boards Proceedings 18th Dec. 1828. Circulated 22d Dec. 1828.

with the principle of the orders of Government of 13th May 1828 and 4th April 1836, the heading as it now stands not being applicable to those cases in which under the above quoted orders revenue Officers are entitled to draw Extra tent-age tho' not actually resident in Tents "if employed on the public service at a distance "from their usual place of residence or the "Huzzoor station, or if they provide accommodation at the chief station of their Division for their Office Establishment."

Vide Circulars 2d June 1828 and 28th April 1836.

It does not occur to the Board to offer any remarks or propose any alterations in regard to the principle of the rules by which the disbursements of Tent allowance to revenue Officers is at present regulated. As however they perceive that you have been directed by Government to embody all past orders on the subject in a regular and connected set of rules for publication in the Official Gazette they beg to request that before submitting the same to Government you will favor them with a perusal of the Draft in order that they may have an opportunity of making any suggestions in respect to the arrangement &c. of the rules which they may wish to offer.

(Signed) J. Pycroft
Secretary.

From the Collector of Ganjam —

With reference to the objections taken in the Proceedings of the Board of Revenue under date the 29th November 1847, in respect to passing the Extra Tent allowance drawn by my Principal Assistant Mr. Shubrick in Fusly 1256, for the number of days which he resided at Berhampore, I beg to explain that in consideration of the insalubrity of Goomsoor and Sooradah which have usually formed the greater part of the Principal Assistant's charge during a number of months of the year upon the circumstance being brought to their notice by the late Mr. Stevenson, the Board were pleased specially to authorize "payment of Extra Tent allowance to Captain Campbell, then Principal Assistant, when conducting his duties at any place where no public Office is

is provided for him." and accordingly the Gentlemen who have successively filled the situation of Principal Assistant have continued to draw Extra tent allowance throughout the whole year, and the charge to be duly passed by the Board.

I beg to observe that no Government building is available, within the limits of the Division usually under the Principal Assistants charge, for the use of his Cutcherry, nor is there any public accommodation at Berhampore, or indeed at any other place in this District, with the exception of the stations of Chatterpore and Chicacole. at the former the Kuzzoor Cutcherry is not sufficiently large to accommodate the Establishments immediately under the Collector and Agent, and it would be altogether impossible to make room for that of the Principal Assistant. while Chicacole is at far too great a distance from his division to admit of that place being made his Head Quarters for any part of the year. Mr. Shubrick now generally resides during the hot and unhealthy months at Gopalpore, the nearest point of the Coast to Goomsoor, where he

has built himself a Bungalow and provides a suitable house for the use of his Office and I trust that, under the foregoing explanation, no alteration to his prejudice may be made in the order above quoted.

I with pleasure take this opportunity of stating that the careful and efficient manner in which Mr. Shubrick has discharged the duties devolving upon him since he joined this District has invariably afforded me great satisfaction; and particularly that on the breaking out of the disturbances lately prevailed in the western parts of Goomsur, his conduct and manners were most discreet, commendable, his personal endeavours and influence among the people conducing greatly towards the restoration of confidence

and order.

Read the following letter.-

To J. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George.-

Sir,

From the Agent to the Governor at Kurnool. 31.

Submitting a report on certain points connected with the consumption of Salt in the Kurnool District. 2.

I have the honor to reply to the orders of your Board requiring a report on certain points connected with the consumption of Salt in Kurnool.-

Assuming the population of this and the Banaganpilly District at 258,000 souls and Estimating their annual consumption of Salt per head to be six (6) Measures, it is found that the required yearly supply will be somewhat in excess of 484 Garces.-

3. The Salt in general use in Kurnool is that which is imported through the Cuddapah Collectorate from the Guntoor and Nellore Coloures but there can be no doubt that Earth salt although mostly expended in the families of Ryots for improving and preserving the condition and health of Cattle, is also habitually applied to domestic purposes by the indegent

Fort St. George 28th August 1848.-

indigent and lower classes of people.-

4. It does not seem to me that this practice can be held to arise from insufficient importations of Monopoly Salt, because the Market, so far as my information goes, is always well supplied, and were it otherwise Kurnool being the great thoroughfare by which Salt is conveyed into the Nizam's Territories, any urgent demand could at most seasons of the year readily be satisfied by purchases from the Deccan Salt Merchants. I believe it rather to proceed from inability to pay to the retail dealer the price at which, in order to secure for himself a fair remuneration, he is compelled to dispose of the imported article.-

5. I have no reason for supposing that Salt is introduced into this District through illicit channels, and consequently consider that the use of Earth has been resorted to wherever the needy circumstances of families or individuals have been a bar to their indulgence in Salt of the superior description; but what the extent of the coarse Salt thus consumed, may be, I can

procure

Fort St. George 28th August 1848.-

procure no data for framing even the approximation to an Estimate.-

6. An unimportant quantity of Earth Salt is manufactured within my range, the whole of which is used in the Kurnool District. In a communication of the date noted Marginally I stated it to be 25-138-1, but the subsequent discovery of certain hillocks which upto that period had been surreptitiously withheld from account, induce me now to rate it at 37-138-1.- The cultivation of this kind of Salt is, I am aware, carried on rather extensively in the neighbouring Districts, Cuddapah and Bellary, and doubtless this inferior article occasionally finds its way across the boundary when circumstances occur to require a supply beyond that yielded by the Hillocks worked within the Kurnool limits. Here again, however, data fail me for the formation of an Estimate, as no restriction has hitherto been placed on its importation, and accounts have consequently not been kept.-

12th February 1848.

8. A very decided prejudice exists in the minds of the Natives of Kurnool

Fort St. George 28th August 1848.-

Kurnool against the use for household purposes, of Earth salt which is regarded by them as fit only for cattle, and is believed to be extremely injurious to the health of a human being.-

9. The process by which Earth salt is manufactured is as follows.- In tracts of which the soil from being powerfully impregnated with soda, are wholly unfit for the purposes of Grain cultivation, it is usual to raise high Mounds of Earth from the scraping up in small heaps of a thin layer of Earth from off the surface of the surrounding fields. These heaps being cast into sacks are placed on buffaloes and carried to the place appointed for the manufacture of the salt. They are there thrown together until a mound is raised varying in elevation from 16 or 18 to 20 or 25 feet on the top of which two or three excavations are formed for the reception of water thickened with a small quantity of brackish soil. The excavations into which the water thus thickened is poured are generally a span or so deep

and

Fort St. George 28th August 1848.-

and average four or five feet square. They have a slight slope inwards towards their centre, where a small aperture is formed at the Mouth of a narrow tunnel constructed so as to convey downwards towards the base of the Mound, such part of the thickened water as may drop into the tunnel. The water which thus passes is received in chunam work cistern constructed outside the base of the mound at convenient distances, and after having been allowed there to undergo a certain degree of Evaporation, it is conveyed to shallow Earthern pits with flat bottoms where the process of Evaporation continues until what is called "Earth salt" is produced.-

10. Unless at an outlay wholly unadapted to the existing state of the inhabitants of this District, I am aware of no means through the adoption of which a better kind of Earth salt could be manufactured than that now yielded by the primitive process above described: It is nevertheless obvious that on common principles of humanity a superior description

Fort St. George 28th August 1848.-

description of article should not be withheld from the reach of inhabitants who, although poor, still contribute their mite towards the exigencies of the State. I am therefore decidedly of opinion that even if it involves a loss of revenue the importation and use of sea salt should be encouraged to the extent of effecting the entire discontinuance of the consumption and manufacture of Earth salt, but I think it will be most unjust to prohibit or in any way interfere with the production of the latter article, until facilities have been afforded for the unlimitted purchase of wholesome Monopoly salt at the present cost for the miserable substitute to which the needy classes are now obliged to resort.-

11. The price per Garce of Monopoly salt in Kurnool is Rupees 219. that of Earth salt is only 80 Rupees. it is calculated that including 5 per Cent for wastage, the cost of carriage to Kurnool of a Garce of Sea salt is Rupees 45-14-0. The facilities to which I have referred would therefore be supplied by a reduction of the Cost of Monopoly salt from its present rate to about 35 Rupees the Garce, at which price it may be matter for consideration whether future increased consumption would not compensate for any loss of revenue which the state might temporarily experience.-

Order thereon-

Ordered to lie over.-

30-31

Fort St. George 28th August 1848.

Read the following letter.

To,
J. Pycroft Esqr.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

From the Collector of Chicacole put.-

Submitting the information called for relative to the Coomatoor and other Mootahs formerly held by Nullatomby Moodely deceased and the claims of his son Rungasawmy Moodely the Memorialist to the Honorable the Court of Directors-

Para 1. In obedience to the instructions conveyed in Extract from the Proceedings of the Board of Revenue under date the 27th March I have now the honor to submit the information called for relative to the Coomatoor, and other Mootahs formerly held by Nullatomby Moodely deceased, and the claims of his son Rungasawmy Moodely, the Memorialist to the Honorable the Court of Directors-

1 Coomatore-	
2 Codumbakum-	
3 Anarumbaid-	
4 Coottumbaukum-	
5. Aupoor-	
6 Colattoor-	

2- In considering that Memorial, the Despatch of the Honorable the Court of Directors thereon, and the further instructions of Government, it appears necessary first for me to allude generally to the repeated Petitions presented to the Government by Rungasawmy Moodely- 2ndly to the Despatch of the Honorable the Court of Directors in reference to the grounds of his claims on their consideration, in regard

32

regard to the assessment upon the Mootahs, and to the arrears which accumulated during the Memorialists Minority, as well as to the steps subsequently pursued- 3rdly To report on the present condition of those Mootahs, and of the amount of Revenues annualy realized - and 4thly and finally to offer my opinion whether the Memorialist is entitled to any, and if so to what consideration, and likewise to state my opinion whether, in the event of the Estates being restored, any chance exists of the claims of Messrs. Colt Hart and Weston being revived-

3. On the 27th October 1842 the Board of Revenue having transmitted to me a Petition+ presented by Rungasawmy Moodely to Government, with instructions to report thereon; I forwarded on the 8th February 1843 a detailed report on each distinct item of his alledged grievances, and to which I now beg to refer the Board- From that report, the Board will observe how inadmissable I then considered the greater portion of his claims, though, at the same time, it cannot be denied that the Petitioner with other Zemindars similarly situated were unfortunate in the former interpretation of the law regarding the sale of Estates for arrears accumulating during

+ No. 1022 of 1842.

during a Minority-

4. The Honorable the Court of Directors in their Despatch remark+ Para 1. "that Nullatomby Moodely purchased from "Government for the sum of 45,000 Rupees "Six Mootahs bearing a permanent "Assessment of Rupees 48,079 on the faith "of the representations put forth by the "Government that the Bary was fixed at "such a rate as to leave to the proprietor an "income equal to about 15 per Cent of the "gross produce, and in a former para+ Para 3 stated "that from the records in their possession they "believe that in assessing the Several Mootahs "who a Bary was fixed calculated on the "principle of allowing one half of the "Government proceeds to the Ryots and of "the other half two thirds were allotted as "the revenue to be paid to the Government, and "the remaining thirds or about 15 per Cent of "the gross proceeds was left for the "remuneration of the Mootahdar "for the trouble and risk attendant on "the Collection of the Revenue from the "ryots, and for undertaking the responsibility "of the regular payment of the Government Revenue

"revenue" and the necessary deduction is that no less should have occurred whilst the Estate was under the charge of the Court of Wards and remained under the administration of their Officers.

5. On reference however to Mr. Greenway's Report to the Board relative to the proposed assessment on the Mootahs dated 29th March 1801 and to the letter from the Special Commission to Government dated 9th April 1802, and Extract from the Minutes of Consultation Revenue Department dated 30th idem. I do not find that the Berij fixed on the several Mootahs was determined upon the data assumed by the Honorable Court, but generally on the average revenue realized during certain years; and that although a deduction varying from 5 to 15 per Cent was made to meet the charges of management, and the responsibility of paying the Revenue to Government, credit was also taken for a portion of near 25 per Cent of the amount that it was anticipated would be realized by the Zemindar when he should have brought the arable waste under Cultivation. On these principles the Berij was fixed, but no

no guarantee was held out nor was the faith of the Government in any way pledged assured by the Memorialist, that a profit of not less than 15 per Cent should accrue to the purchaser of the Mootahs. Indeed no such guarantee could be held out especially in Mootahs comprized chiefly, if not entirely, of wet lands as they are so dependant on the fluctuations of seasons, and for this reason, I consider the claims of the Memorialist founded on there not being a net profit during his minority from the estates unsustainable.

6. It is true that at the period of the demise of Nullatomby Moodely, no arrears were due to Government, but there is every reason for believing that the state of affairs arose not from his having realized a net profit from the Estates, but from his having entered into very extensive Indigo speculations in connection with Messrs. Colt, Hart and Weston, by whom large sums of money were advanced to him to meet the revenue of Government, and to carry on the cultivation of that article.

7. In elucidation of this conclusion I beg to submit the following Statement of the revenue realized from the Mootahs from Fusly 1212. 1802/3. when they were sold to 1222 A.D. 1812/13 at the end of which year, they were taken under the Court of Wards, from which it will be observed, that a decided loss was incurred in 9 out of the 11 years of Nullatomby Moodely's management, and that the result of the whole period allowing a low per Centage for Sibbendy, and Maramut charges was a loss of no less than 68995 Rupees.

Fusly

or for the 11 years — 68,995 15 3

This

8 This view of the case is also supported by the fact of the family of the minor having immediately after the murder of Nullatomby Moodely solicited permission to resign the Mootahs of Coonnatoor, Codumbaukum, Aupoor, and Colattoor on behalf of the minor, retaining only the Mootahs of Amarumbaid, and Coottumbaukum the reason assigned being that the first mentioned four Mootahs were utterly unprofitable in consequence of the Bariz being too high. It would have been happy could that arrangement then have been permitted, but the Court of Wards did not consider that the family had any legal right so to dispose of Mootahs appertaining to a Minor, or that they could be parties to such an arrangement, and desired therefore that the whole of the Mootahs should be held by their officers till the minor came of age.

9 The large accumulation of arrears during the Minority of the Memorialist eventually caused the Mootahs to be sold, the proceeds being carried to their partial liquidation, and all the the Memorialist may be considered unfortunate in the then universally admitted interpretation of the law the legality of that sale with the

adjustment of the balances cannot I think be considered invalid, because the Court of Wards, Mofussil as at present constituted have since ruled differently.

10 A concession on this point would be attended with very great public inconvenience, for this is not a solitary instance of Estates having been sold in this District for arrears which accrued during the Minority of the proprietors; and it is probable that many similar instances will be found to exist in each District where the Zemindary System was introduced. It may also be noticed that many Estates were resigned by Minors on their coming of age in consequence of the arrears due, which it is possible they would not have done, had the demands of arrears then been viewed as illegal. On this ground and for these reasons, I do not think that the question of restoring such of the Estates as are in the hands of Government can be entertained.

11 The whole of the Mootahs formerly the property of Nullatomby Moodely are, with the exception of the Village of Codumbaukum granted as Jaghire in the hands of Government, and subjoined is a Statement shewing the revenues realized since they reverted to Government, together with the Permanent Beriz and survey assessment.

12.

From this Statement it will be seen that although the averagere= =venue derived has materially increased during the last ten years, as compared with the previous 10 years, the sums respectively being 24,709 Rs. and 37,823 Rs. the latter sum is still below the Permanent Beriz by Rupees 10,167. In one year only has the Revenue realized equalled the Permanent Settle= =ment. this in examining the details it will be seen that during the last ten years, the average revenues of the Mootahs of Amarumbadoo and Coottumbaukum put together exceeded the Permanent Beriz=

Fusly 1249-

13.

In regarding these results and the amount of revenue realized by the Government Officers during a long series of years, so far below the Permanent Beriz, and with the fact of an arrear= having accumulated during a long minority amounting to no less a sum than Rupees 125,300 the offer of 30,000 Rupees for the Mootah, tho' still burdened with the same Beriz, must appear extra= =ordinary; and is indeed, difficult to ac= =count for in a clear and satisfactory manner, but from the enquiries I have made

made, it appears that the object and in= =tention of the parties bidding were to re= =tain the Mootahs most favorably assessed, relinquishing eventually the others to Govern= =ment, and Combined with this was in= =all probability the hope of effecting such Subdivisions of the higher assessed Mootahs as to enable them to retain portions on favorable terms, whilst the higher assessed divisions reverted after being held for one or two seasons in the names of fictie= =tious parties to Government.

14

I have been unable to obtain any satisfactory information regarding the claims of Messrs. Colt, Hart, and Weston, against the Memo= =rialist, and there is now no Member of the extinct Firm residing at Madras, but from the Statements of the Goomastah of the Memorialist it appears not only that the representatives of that Firm still consider the Memorialist responsible for the judgment debt, but that not many years since a small portion of it was recovered from Creditors to the Estate of Nullatomby Moodely by one of

of the Members of that Firm, there is to the Presidency. With regard to the question whether any obstacle exists under the Survey Settlement concluded with the Village Communities to the Estate being restored to the Memorialist, I can only say that the ryots are generally very averse to individual management, for at the the Survey rates and rules be continued, the ryots have not that security for their reservoirs being kept in repair, and their exigencies being so readily attended to: in addition to which, any arrears that might accrue thro' inability or accident, are held over them uncancelled and the Villagers are thus impoverished. Under these grounds, also, it would not be advisable to restore any portion of the Estates to the Memorialist.

15 Should the Honorable the Court of Directors in consideration of the services of the Memorialist's father, and of the circumstances under which he lost the Mootahs be desirous of extending their favor to the Memorialist, the best mode of doing so would be I conceive by a moderate pension; and

and in suggesting grounds for determining the amount, I would respectfully beg to offer the following data. The relatives of the Memorialist having at the demise of Nullatomby Moodely solicited permission to resign four of the Mootahs as wholly unprofitable when burdened with so heavy a Peiz and, requested to retain on behalf of the Minor the Mootahs of Coottumbaukum and Amarumbaidoo only, as being profitable; and; as it is inexpedient, for the reasons already stated, to restore those Mootahs to the Memorialist. I would suggest that a pension, amounting to a sum approximating the average profit of the last ten years be conferred on the Memorialist.

16. From the Statement before given it will be seen that the average excess profit of those two Mootahs during the last ten years amounted

to

Fort St. George 28th August 1848.

to Rupees 609—15—8 per annum, as
which would yield Rupees 50—13—3
per Mensem; but as 20 years have
elapsed since the Mootahs re=
=verted to Government, that fact
might also be taken into consideration

17- Copy of the Memorial
transmitted to me with the Board's
Proceedings of the 25th May last is
herewith returned.-

Chingleput District,
Collector's Circuit
Cutcherry, 26th July, 1848.

/Signed/ A. Freese.
Collr.

To

Fort St. George 28th August 1848.

Ordered that the foregoing letter be
submitted with the following addres.

To

The Chief Secretary to
Government

32-33.

To the Chief Secy. to Government
Submitting letter from the Collr. of Chingleput of a finding information on the several points alluded to in the Hon'ble Court's despatch of 31st December 1847 and upon the general condition of the Coonatoor Mootahs in that District. and conveying the views of the Board on the Claims of the Memorialist Ringaswamy.

Sir,

Para 1 I am directed by the Board of
Revenue to acknowledge the receipt of an Extract
Minutes Consultation under date the 13th March
last, communicating to them for their information
and guidance, Copy of a Despatch, No. 30 of
1847. dated 31st December of that year, from the
Honorable the Court of Directors- and desiring
them to call upon the Collector of Chingleput
to furnish, without delay, information upon cer=
the points adverted to by the Honorable Court
respecting the Coonatoor Mootahs in the Chin=
=gleput District and generally upon all matters
having reference to the subject. In submitting
the Report of the Collector, the Board are
requested to consider the question in all its
bearings, and to suggest to Government the
course best adapted for giving effect to the
intentions of the Honorable Court.

In their Despatch, the Court of
Directors

2

Directors, after reviewing the circumstances of the Coonattoor Moottahs, from the period of their formation and purchase by Nellatomby Moodely, to that of their sale for arrears of Public Revenue, desire that the case be again taken into consideration on the grounds 1st That the Coonattoor & 6 Moottahs bearing a Permanent Assessment of Rupees 48,079, were purchased from the Government for the sum of Rupees 45,000 by Nellatomby Moodely on the faith of the representations put forth by Government, that the Beriz was fixed at such a rate as to leave the Proprietor an income equal to about 15 per cent of the gross Produce 2nd That the Assessment having been regularly paid by him during his life, the estate was, on his death, taken under the management of the Court of Wards on behalf of the Minor Proprietor, and so administered that on the expiration of the Minority, arrears of Public Revenue had accumulated to the extent of Rupees 1,38,171 and 3rd That on the Moottahs being put up to auction for the recovery of these arrears, they were purchased

on

on account of Government for Rupees 30,200- thus shewing that notwithstanding the failure of the Officers of Government during the 12 years of their management to realize sufficient from the Estate to satisfy the Government demand, the Moottahs still possessed a Marketable value with those who were willing to invest their money in Landed Property, but that the purchase money of the Estate, in place of being paid to the heir of the man, who but a few years before had bought it of the Government at a much higher price, was applied in partial liquidation of the arrears which had accrued under Circar management.

3. The Honorable Court further desire that the Collector of Chingleput be called upon to supply information as to the present condition of these estates, and particularly, whether they are still the Property of Government: whether their present proceeds are more than equal to the fixed Assessment, and whether any obstacle exists, under the Survey Settlements made with the Village Communities, to their restoration to Rungasaumy Moodelier

Moodelier as Mootahdar, in the event of that course being ultimately deemed equitable — adverting also to the claim of the representatives of Messrs Colt Hart and Weston upon the estate of the late Nullatomby Moodely, the Court recommend for consideration, whether on the whole, but especially in consequence of this particular claim, it would not be advisable that a pecuniary allowance should be assigned to the family, as a compensation for their dispossession in 1824.

4. Agreeably to the requisition of the Court of Directors and Government, the Board of Revenue have called upon the Collector of Chingleput for information on the several points alluded to in the Dispatch of 31st December 1817, and upon the General condition of the Coonatoor Mootahs; and I am instructed to submit for the orders of the Right Honorable the Governor in Council the accompanying [x] letter from that Officer, the detailed report of 8th February 1823 to which allusion is made in [x] Para 3 of the letter has already been laid before Government.

From

[x] From Chingleput 26th July In Counsl 28th August 1828.

Board to Govt 27th February 1823 Rd. 7th April 1823 No 346 In Counsl 3rd April 1823.

5. From this communication it will be perceived that with regard to the principle on which the Settlement of the Mootahs is supposed by the Court to have been framed Mr. Freese states that "on reference to Mr. Greenways Report to the Board relative to the proposed Assessment on the Mootahs dated 29th March 1801 to the letter from the Special Commission to Government dated 9th April 1802, and to Extract from the Minutes of Consultation, Revenue Department, dated 30th Idem, he does not find that the Beriz fixed on the several Mootahs was determined upon the data assumed by the Honorable Court but generally on the average Revenue realized during certain years, and that although a deduction varying from 5 to 15 per Cent was made to meet the charges of management, and the responsibility of paying the Revenue to Government, credit was also taken for a portion or near 25 per cent of the amount that it was anticipated would be realized by the Zemindar when he should have brought the arable

In Counsl 16th Feb 1802.

In Counsl 19th May 1802.

arable waste under cultivation - On these principles, the Peiz was fixed, but no guarantee was held out, nor was the faith of the Government in any way pledged, as urged by the Memorialist, that a profit of not less than 15 per cent should accrue to the purchasers of the Mootahs" The Board of Revenue have referred to the correspondence alluded to by the Collector which seems fully to bear out his statement - Indeed so far from a profit of at least 15 per cent being guarranteed upon the Chingleput Mootahs, it will be seen from Para 31 of the Special Commissioners' report 9th April 1802, that it was then explicitly stated in the case of the Coonatoor Mootah the largest of those held by the late Nellatomby Moodely - that the profit derivable from that estate was not for 20 years to come, likely to exceed 14 per cent - but no pledge was given that it would reach that or any other rate of per centage - The Government Minutes of Consultation 30th April and the advertisement appended to them and so ordered to be published for the information of

parties intending to complete for the Mootahs are equally silent upon the point.

6. The fact that no balance was outstanding against the Coonatoor property at the date of Nellatomby Moodely's death, would seem to be regarded by the Honorable Court as an indication that the Assessment was not disproportioned to the resources of the Mootahs, and consequently that the failure of the estate during the period of Circar management, to meet the public demand upon it must have proceeded from its maladministration by the Officers of Government - On this point however, the Collector has represented that the absence of any arrears at Nellatomby Moodely's death arose not from his having realized a net profit from the estates, but from his having entered into very extensive Indigo speculations in connection with Messrs. Cott, Hart and Weston, by whom large sums of money were advanced to him to meet the Revenue of Government, and to carry on the cultivation of that Article" In support of this view of the case, he has shown 1st That the Accounts of

of the Revenue realized from the Mootahs from their sale in Fusly 1212 (1802/3) to their assumption under the Court of Wards in Fusly 1222 (1812/13), prove that a decided loss was incurred in 6 out of the 11 years of Nellatomby Moodely's management, and that the result of the whole period, allowing a low per centage for Subsendy and Paramut charges, was a loss of no less than Rupees 68,995. and 2ndly That the family were themselves so well aware that the Estates were not remunerative, as that immediately after the murder of Nellatomby Moodely, they requested permission to resign four, out of the 6 Mootahs, and to retain those two only, in which case there seemed some hope of realizing a profit, but that during the minority of the young Proprietor the Board of Revenue did not think themselves justified in acceding to the arrangement.

7. From this it will be seen that the accumulation of arrears under the management of the Government Officers, was no more than might have been expected from the actual out-turn of the Mootahs when in the hands of their

own Proprietor; and no more than was in fact anticipated by the family themselves. Their sale for arrears, and the application of the purchase money in satisfaction of the balances due upon them, were also in accordance with the usual practice, and with what was then considered to be the correct interpretation of the Law. It has, however, been regarded as extraordinary that the Property, after such evidences of its unprofitableness, should still have commanded bidders to the extent of Rupees 30,000. This fact is indeed not a little surprizing; and the Board can account for it only from the eagerness occasionally evinced by Natives for the acquisition of landed property, and on the grounds assigned by the Collector, who states that, from the inquiries he has made, it appears that the object and intention of the parties bidding were to retain the Mootahs most favorably assessed, relinquishing eventually the others to Government, and that combined with this was, in all probability, the hope of effecting such subdivisions of the higher assessed Mootahs

as

as to enable them to retain portions on favorable terms, whilst the higher assessed Lands reverted, after being held for one or two seasons in the names of fictitious parties, to Government"

8. The whole of the Mootahs formerly the property of Nellatomby Moodely and (with the exception of the Village of Codumbaukum granted as Jaghire) in the hands of Government; and the Collector in Para 11 of his letter has introduced a Statement shewing their Revenue since their purchase in 1824, for two series of years from Fasly 1233 to Fasly 1246, and from Fasly 1247 to Fasly 1255 respectively. The average of the former period is Rupees 24,739-11-1, that of the latter Rs. 37,023-11-1. being in the first case Rupees 23,160 4-11, in the last Rupees 10,266-15-11, below the Permanent Beriz. In one year only has the Revenue realized, equalled the Permanent Settlement, tho' in examining the details, it will be seen that during the last ten years, the average Revenues of the Mootahs of Amarumbadee and Cottumbaukum have jointly exceeded their Permanent Beriz.

With

9. With regard to the question, whether any obstacle exists under the Survey Settlements concluded with the Village communities to the restoration of the Estates to the Memorialist, Mr. Freese represents that "the Ryots are generally very averse to individual management, for although the Survey rates and rules may be continued, the Ryots have not that security for their reservoirs being kept in repair, and their exigencies being so readily attended to, in addition to which, any arrears that may occur thro' inability or accident, are held over them uncancelled, and the Villagers are thus impoverished."

10. The Collector has not been able to obtain any satisfactory information regarding the claims of Messrs. Cott Hart and Weston against the Memorialist, and there is now no Member of that extinct Firm residing at Madras; but from the statements of Rungaswamy Moodely's Goomastah, it appears not only that the representatives

of

of that Firm still consider him responsible for the judgment debt, but that not many years since, a small portion of it was recovered from Creditors to the Estate of Nellatumby Moodely by one of the Members of that Firm then at the Presidency.

11. Under these circumstances, if the Honorable Court of Directors, in consideration of the services of the Memorialists father, & of the circumstances under which he lost the Mootahs, should be desirous of extending their favor to the Memorialist, the Collector submits that the best mode of doing so would be, by conferring upon him a moderate Pension, and he suggests that this Pension be fixed at a sum equivalent to the average profit derived for the last 10 years from the Cottum=baukum and Amarumbaidoo Mootahs, being the only part of the late Nullatomby Moodely's Estate which, as already stated, was regarded by his family as profitable, and which at the commencement of the present Memorialists minority they were anxious to retain= The rate of Pension determined on these data

data would be Rupees 609–15–8 per annum or Rupees. 50–13–3 per Mensem; but "as 20 years" "have elapsed since the Mootahs reverted to Government, that fact might also be taken into consideration".

12. The Board have thus laid before Government, detailed information upon the various points connected with the Coonatoor property, on which explanation has been re=quired by the Honorable Court. In conclusion they cannot but state, that having given the subject their best attention they find it diffi=cult to admit that the Memorialist Renga= saumy Moodely has established any valid title to compensation. The Mootahs were pur=chased by his father Nellatumby Moodely as a speculation, and the adventure has un=fortunately proved a losing one. It is true that the Peishcush originally fixed upon them seems to have been too high but such errors in the Settlement of Estates, more es= pecially of estates, not continued to their ancient proprietors, but sold by auction, and taken by

by the purchasers at their own risk, can-
-not be held to afford valid grounds for
compensation to their holders, unless which
was not the case in the present instances,
any direct pledge as to the bearing of the per-
-manent assessment has been given - It is
also true that the estates were sold for arrears
accruing during minority, under a construction
of the Law since ruled to be incorrect, but
the Court of Directors have themselves stated
that they do not mean to imply, that all
sales which took place under the former
interpretation are to be held as invalid, and
the inconveniences which would result from
such a course and indeed too obvious to need
comment. From the facts and statements
submitted by the Collector it moreover seems
very doubtful whether the sale of the Coma-
-toor Mootahs in 1824 was in truth productive
of any real injury to the proprietor. as the
estates though made over to him, clear of all
Circar balance, on his attaining his majority
would in all probability have speedily fallen
again into arrears which would have led to

their sale, none of them not even the most
profitable Mootahs Imarabandoo and
Coottumbaucum having met their assess-
-ment for several years after 1824.

13. From what has been said
it will be seen that in the opinion
of the Board of Revenue the claim
advanced by Rungasawmy Loes
not call for special consideration -
If however it should be the view
of Government and of the Honor-
-able Court that some indulgence
is due to the Memorialist as the
restoration to him of any part of
his former landed property would,
for the reasons stated in Para 11 of
Mr.

12340 Fort St. George 28th August 1848.

Mr. Freese's letter be altogether unadvisable - it appears to the Board that the measure may best be effected on the principle suggested by the Collector and that the amount (Rupees 600 per annum in round numbers) which he has recommended might with propriety be adopted - In such case however, adverting to the claims which may possibly be preferred by Messrs. Colt Hart and Weston and perhaps by other parties the Pension should be so conferred as to fall under the provisions of Regulation III of 1831 and therefore to be exempted from the process of Court and not liable to attachment for the private debts of the party in the enjoyment of it.

Conditions of Sale—

2 Persons desirous of becoming purchasers may depute authorized agents or Vakeels for that purpose and all purchases made by such authorized Vakeels shall be held to be valid in the same manner as if the purchases had been made by their principals—

3 But it is required that such authorized Vakeels shall state at the time of purchase the name of their constituents on behalf of whom such purchase may be made—

4 The intention of the condition being to prevent fraudulent Collusion, notice is further given that in the event of any purchase being made under a fictitious name, the deposit money made on account of such purchase will be liable to be forfeited to the Government and the Estate to be resold—

5 A Summud Milkeat Estimerar or deed of permanent rights has been lodged at the kutcherry of the Collector and at the Office of the Board of Revenue describing the obligation to be incurred and the rights to be obtained by purchase of land under this Advertisement. All persons are therefore referred to that instrument for particular explanation—

6 The purchasers of Estates will not be put in possession till the sale has been sanctioned by the Board of Revenue, but in the Mean time 15 per Cent of the purchase Money will be required to be deposited immediately and security given for the payment of the remainder on the receipt of the Board's sanction, or within one Month from the day of sale, indefault where of the deposit Money will be forfeited, and the Estates will be sold at the risk of the first purchaser—

7 In case of the sale not being sanctioned by the Board of Revenue the deposit Money will be returned and the person depositing it released from all responsibility with regard to the Estate or Estates—

8 For further particulars enquire at the Office of the Board of Revenue, or at the Collectors kutcherry between 10 and 5 O'Clock, Sundays excepted—

12343 Fort St. George 28th August 1848.

Resolution thereon— The Board of Revenue authorize the sale of the Estates advertised to in the foregoing letter, and direct the publication, in their Office, of the Advertisement forwarded by the Collector—

34-35

The Board observe that in some cases the arrears for which the Estates are to be sold, are very small in comparison with the amount of Peishcush— they therefore request that the Collector will report on the 25th proximo, whether any and what portion of the balance has been paid, to enable them to issue final instructions before the day of sale

Board of Revenue
Fort St. George

36

Sir,

From the Coll. of Chingleput — 31. With reference to your letter of the 3d Instant calling for further information regarding the registry of the Shrotriem Villages of Adumbaukum and Reddycooppum I have the honor to state that Grants obtained from the former Mahommedan Government do not generally specify the terms and purposes of the Endowment, but all such as continued to be enjoyed during that Government have

Furnishing further information called for by the Board regarding the registry of the Shrotriem Villages of Audumbaukum and Reddycoopum—

12344 Fort St. George 28th August 1848.

been considered as hereditary, and continued to the heirs of the Grantees successively—

2. In this instance, the two Villages appear to have been granted to the Priest of a Matum for the support of that institution, and have since been held by his successors, nominated not by descent but by election— There are Matums belonging to this Priesthood in several places in this District, such as Tiruvanoor, Terookutcheri coonnum, Teroovuttoor 9ca. and also a principal one at Mylapore within the precincts of Madras, and it is stated by the agent of the Priest that the Produce of the Shrotriem is appropriated to the feeding of the Pundarum classes during the Annual festivals of those places and to the repair of the Matum Buildings—

3. It also appears from the Agents Statement that the name of Dairase Ramaney was that of the original Priest of the Matum, and descends to all his successors with the view of perpetuating that designation, the parties elected dropping their other names on their nomination to the Priesthood—

4. A Statement shewing the present Quit Rent of the Shrotriem and the revenue of the two Villages for ten years past is subjoined for the Board's information.

Order thereon — Ordered that the following letter be sent in reply —

(36-37)

To
The Collector of
Chingleput

Sir,

To the Collr of Chingleput — calling for further information in respect to the Shrotriums Villages of Audumbaukum and Reddycoopum.

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 21st Instant furnishing further information in respect to the Shrotrium Villages of Audumbaukum and Reddycoopum —

In the Purwannahs under which these Villages are held the Quit Rent payable upon them is entered at 50 Star Pagodas for Audumbaukum and 62 for Reddycoopum — In Mr Sullivan's Register of 28th June 1815 the Jody of the former is stated at Pagodas 62 fo. c. 15 — 8 — and that of the latter at P fo c 105 — 31 — 50 whereas from the Statement

12347

Fort St. George 28th August 1848.

Statement in Para 4 of your letter now under acknowledgment the present Jody would seem to be for Audumbaukum Rupees 106 15-2 and Reddycoopsum Rupees 220 8-1 the "annual Kist" of this last Village having been entered in Column 3 of the Report submitted by you on the 24th ultimo at Rupees 369-15 4- you are requested to explain this last discrepancy and to state why the Circar demand upon Audumbaucum, if not upon Reddycoopsum, has been reduced since the year 1815.

In Cons. 3d August 1848.

Sir,

From the Collr of Chingleput — Para 1

I have the honor to acknowledge the receipt of your letter of the 7th Instant and to state, for the information of the Board that no wheat is cultivated in this District nor does the soil or climate appear adopted to its growth.

2 The only instance in which this description of grain has been cultivated in this District was a small quantity growing in the Government Garden at Guindy under the superintendence of the Most Noble the Marquis of Tweeddale, but the process was a very expensive one, the land on which it was cultivated being first well drained and the growing crop frequently watered.

1	2	3	4	5	6	7	8	9	10
		Rs. A P				Rs. A P			
59	Azeezullishah	12 " "	Minutes of Consultation dated 21st January 1843	For the support of Fakeers	From 1st July 1843 to 30th June 1848 being 60 Months.	120 " "	This two individuals are of the number of 66 persons who were transferred from South Arcot to this District for the payment of their allowance of 1 Rupee each a Months under the order of Government of the 21st January 1843 The allowances of three of the number were stopped at the time in Consequence of some discrepancy between their ages as entered in the Head Fakeers list and from their own statement and appearance when examined on their arrival at Arcot. There is however no reason whatever to doubt their identity or to suspect fraud, and the discrepancy appears to have been the mistake of a Copyist. Under these Circumstances sanction is solicited for the payment of the arrears due to these two and for the continuance of their allowances. The third individual is now absent on travels as these two have been till lately that being their way of living, when he returns sanction for paying the arrears due to him also will be applied for.

Sir,

From the Collr of South Arcot } Para 1 With reference to the Board's proceedings of the 7th January 1847 I have the honor to state, that of the sum of Rupees 1419-15-1 † therein mentioned as outstanding arrear of land Revenue due from Fusly 1240 to 1249 Rupees 115-4-11 having been since collected and carried to the credit of Government reduced the sum of the arrear on the 11th July last to Rupees 1304-14-2 for which a statement according to the form furnished by the Board is prepared and herewith transmitted for their inspection-

† To Govt No 1 Reporting upon the Balances outstanding to Fusly 1249.

With

2 With respect to the sum of Rupees 1078-2-3 referred to in the 3d Para of the Board's proceedings I beg leave to state that one Ramalinga Pillay the renter of the Village of Trimoolastanum in Fusilies 1240 and 1241 was to have paid Rupees 2522-4-4 of which Rupees 1243-13-9 were collected, the balance Vizt Rupees 1078-2-3 still remains in the publick accounts as outstanding arrear-

3 It also appears that a bad feeling existed between the Inhabitants of Trimoolastanum and this defaulter, who is a "Pooracoody" and not properly belonging to that Village, in addition to which the season during these two years was most unfavorable in Consequence of the failure of the freshes in the Coleroon River, the Village rent fell in arrear and it was in Consequence placed under attachment in both fusilies-the whole proceeds under Amanee Management on varaput system was brought to account, which left an actual loss to the Renter of Rupees 1078-2-3 In consequence of the defaulter not having the means to discharge this arrear it has remained up to this time

time unadjusted-

4 In the year 1846 when the accounts of the old arrear of land re= =venue of the District came under review, I had information that this defaulter was in professions of the means of discharg= =ing his arrear to Government, so I ordered that any property which he might be found to professs should be immediately seized, when a quantity of grain suppo= =sed to be his property was attached, when other individuals came forward to claim the same, but after conversing with them and asking them to prove their claims to the same, they gave a Cara= =nama relinquishing all their claims to the grain - From the sale of which I have been able to realize Rupees 141-1-4 which is now kept in deposit pending the Board's instructions-

5 The Defaulter it appears professes some land and property to the value of Rupees 222-6-0 exclusive of the property of his security valued at Rs. 21-10-0 if this property was ordered to be sold the man would be entirely ruined-

In

6 In addition to the above = the defaulter has lately lost his sight, he also sustained a great loss in the renting, during these two fusles and Considering the length of time that has already elapsed and that on former occasions arrear of this nature has been remitted by Government They to recommend that the net amount after de= =ducting the proceeds of the Grain now in = deposit amounting to Rupees 637-4-11 may be written off in the publics accounts as in= =recoverable arrear-

7 In the Petition to the Board herewith returned the defaulter prays that the whole arrear may be remitted and the grain restored to him, it remains with the Board to pass final orders thereon-

8 The next item to be no= =ticed is the sum of Rupees 100-4-2 due by one Erooda Padiachee / for fusly 1214 / in the Village of Pettah in the Talook of Chellumbrum, They leave to state for the information of the Board that this individual proposed to cultivate 22.2 cawgs of waste land bearing teernah annually to the amount of Rs. 134-0-4 he paid in part payment of the demand = Rupees 33-12-2 leaving a balance of Rs. 100-4-2

as

Chadumbra Pillay
Sumbha Chitty

No. 375 of 1848.

No. 2.

Fort St. George 28th August 1848.

as above noticed.

9 On the Puttah being delivered to this individual in that July he preferred a complaint stating that having been prevented from cultivating the land by the Putchatah Monegar and others the assessment should be collected from them however as he does not appear to have established this Complaint, the then Principal Collector Mr. Dent confirmed the demand in June 1835 passing an order to that effect in the Pakkaram diary No. 39 of July 1214. The suit which this

Fort St. George 28th August 1848

this individual filed in the Court for damages is said to have been dismissed.

The late Principal Collector by a Takeed dated 18th of July 1835 directed that Rupees 77-5-. since collected from this man should be kept in deposit, and no final orders having as yet been passed in this case the Money still remains in deposit two persons having given up the lands other Ryots since obtained Puttahs and cultivated it annually.-

10 In the Petition addressed by this man in No. 363 of 1846 herewith returned for the Board's final orders being passed thereon, he states that he is willing to discharge the arrear of Rupees 100-4-2 above mentioned, on the restoration of the land to him. Should the land not be restored to him he requests that the money previously collected from him and now held

held in deposit may be returned to him.—

11 In fusly. 1244 when this individual first give a Durgast it appears by Mr. Dent's own decision that this man was a Pooracoody or Stranger in the Village of Pattah to which this land is attached it therefore was irregular to make over the land to him without previously giving the choice to the Oalcoody Ryots the land in question tho not cultivated was brought to Summah on the terms of his agreement. I think the Board would on a consideration of the peculiar circumstances of this case not feel disposed to enforce the demand against this man. Should or they concur with me I beg to recommend that the arrear due by this individual viz. Rupees 100-4-2 be sanctioned to be written off in the Public Account, and as an act of indulgence that the Rupees 77-5-- now held

held in deposit may be refunded to him.—

12. Thus there now remains as Rupees 126-7-9 due by 50 other individuals many of them having since died others deserted the district, same in utter destitution and as I see no prospect of recovering this money I beg to recommend the Same for sanction to be written off in the Public accounts.—

To,

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

(46)

From the Pt. Collr. Coimbatore

Communicates the circumstance of his having given up all idea of forming a Nursery Garden for the cultivation of Mauritius Cane and shews the extent which its cultivation has progressed

Sir

Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated the 16th. May last, relative to the Establishment of a Nursery Garden for the Cultivation of Mauritius Cane in this District-

2. Mr. Thomson, the Individual alluded to, in my Communication of the 25th. March 1848 having left Coimbatore in quest of employment, I am unable to obtain a competent person to be entrusted with the Superintendence and formation of such an Establishment. I have

I have therefore given up all idea of making a nursery for the present.

3. The extent to which the Cultivation of the Cane of the above description has progressed amounts to a little more than 14 Cawnies assessed at 204-4-7 which is double the quantity cultivated in $\frac{1256}{1846/47}$ - This increase is chiefly in Coimbatore - In Carour the culture of the Mauritius Cane has entirely ceased, the Ryots asserting that it is unprofitable which I do not credit and in the Village of Coimbatoor in the Palachey Talook, it has been for the first time introduced in the past year. the extent of land occupied for it being about half a Cawnie However until the knowledge of making Sugar

Talooks	Sugarcane	Cawnies	Fanams	Cawnies	Fanams	Cawnies	Fanams
Coimbatoor		4 11 3/4		2 3 3/4		6 15 1/2	
Dharapooram		6 1/2 11 7		3 8 4		10 7 3 11	
Coimbatoor in Palachey		5 1/2 11		2 5		8 2 1/2	
Total		15 7		8		24	
Talooks	Sugarcane	Cawnies	Fanams	Cawnies	Fanams	Cawnies	Fanams
Coimbatoor		4 11 3/4		2 3 3/4		6 15 1/2	
Dharapooram		6 1/2 11 7		3 8 4		10 7 3 11	
Coimbatoor in Palachey		5 1/2 11		2 5		8 2 1/2	
Total		15 7		8		24	

Sugar is fully introduced into the District the Mauritius Cane is thrown away upon the people at present, we have not advanced beyond the manufacture of Jaggery of a very indifferent kind.

4. I take this opportunity of informing the Board that Rupees 61-13-4 the amount of Assessment on land planted with Mauritius Cane by one Ramnathsing was remitted to him under the orders of Government in Extract from Minutes of Consultation No. 1288 dated 18th December 1846 on the conditions and restrictions provided for in the Boards Orders.

5. The supply of Cane alluded to in para IV of the Board's Proceedings under reply was received from the Presidency some weeks ago, and distributed to the Inhabitants of Coimbatore. As to the result of which and to the further progress to be made in the propagation of this kind of Cane, I shall do myself the honor of submitting a full report at some future period.

Coimbatore 9th August 1848. } I have &c. Signed J. C. Wroughton Pr. Collector

Ordered that the following letter be sent in reply.

To The Principal Collector of Coimbatore.

(46-47)

To the Pr. Coll. of Coimbatore. Desiring him to carry out the arrangement suggested in the Boards letter to Government of the 2d November 1846 in respect to the propogation of the Mauritius Sugar Cane & requesting him to call upon his Sub Coll. for a report regarding the introduction into Coimbatore.

Sir

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 9th instant reporting upon the cultivation of Mauritius Sugar Cane in your District and stating, that in consequence of your inability to procure the services of any person qualified to superintend the undertaking, you have given up all idea of forming a Nursery Garden of that description of Cane for the present.

2. In reply, I am instructed to inform you, that as there would appear to be difficulties in the way of the establishment of a Nursery Garden the Board are of opinion that recourse should be had to the second of the plans suggested in Para 4 of their letter to Government of 2d November 1846 communicated to you on 14th January 1847, which they observe has already been acted upon to some extent in your District and that land should be granted free of assessment to any respectable ryots for the propogation of

12367

Fort St. George 28th August 1848

of the Mauritius Cane, on the condition of their delivering the crop to the Civil at a fair remunerating price, to the intent that cuttings may be distributed gratuitously to all parties desirous of engaging in the cultivation. You will be pleased to carry out this arrangement to the best of your power.

3. The Board will await the receipt in due time of the information promised in Para 5 of your letter and they request that you will call upon your Sub Collector, Mr. C. I. Reid on his return to his division for a report upon the measures which have been taken for the introduction of the Mauritius Sugar Cane into Cuddapah and upon the causes which have led to their failure. In submitting this report to the Board you will be so good as to accompany it with such remarks as it may occur to you to offer upon it.

To The Chief Secretary to Government. —

To the Chief Sec.ty to Government

Submitting replies of the Collectors to a Circular addressed to them on the subject

Sir,

Para 1. When recording observations on the Board's Proceedings in review of the Extra Sources of Revenue of the District of Trichinopoly for Fusly 1255. Govern.t remarked in reference to

Subject of Fisheries in Tanks, River Backwaters Lakes and Sea Fisheries in Maritime Districts" the Revenues derived therefrom and conveying the Board's views on the opinions offered by the local officers for the continuance or abolition of these Rents in their Districts.

Sent to Govt 24th December 1848

Dated 1st March 1848.

to the item of the Village Tank Fisheries that the amount derived from that source was so very trifling that "it was worthy the consideration of the Board whether these Fisheries might not be left free to the Villagers" the reluctance to rent the Tanks being considered to arise from the inadequate remuneration obtained from the Rents by the Ryots who merely undertook them to avoid the intervention of strangers. Government at the same time observed that when "a correct Statement of the Revenue derived from Fisheries was laid before them they would be able to determine whether the principle thus applied to Trichinopoly might be extended to other Districts."

2. On submitting their report to Government upon certain items of the nature of Small Farms included among the Extra Sources of Revenue under this Presidency; which were considered to be of an objectionable character, the Board in acknowledging the requisition of Government for information regarding Fish Rents, remarked that they

they had addressed a Circular to the different Collectors calling upon them for explanation as to the Revenue realized in their respective Districts from Fisheries which when received would be submitted with their own sentiments on the subject for the consideration of Government.—

3. The papers which accompany this report furnished by the local Authorities to that Circular in which they were directed to state the manner in which any revenue derived from the Fisheries of the Village Tanks and Channels was realized, the amount yielded annually, on an average of the last 10 years and how the item

item was credited in the Public accounts together with their opinions whether the tax was in any way objectionable or productive of annoyance to the people and if abolished what parties would benefit by the measure.—

4. In order to lay the whole subject more fully before Government, the Board at the same time desired to be furnished with similar information in respect of the fisheries in the larger Tanks, Rivers, Backwaters, Lakes &c. where such exist, including also the Sea Fisheries in the Maritime Districts.—

5. The subjoined Statement Abstracted from these returns exhibits the amount of Revenue realized from the Fisheries of every denomination, the several items being classed under three heads.—The entry in the first Column of the Statement comprehends the Fisheries of the Village Tanks and Channels, which it will be seen, are productive more or less of an amount of Revenue in every District in the Presidency with the exception of those noted in the Margin in which it has not been the custom to impose any tax

Bellary.
Cuddapah
Kurnool.
Malabar
Canara.
Madras.

tax whatever on these Minor reservoirs.—
The sum realized annually on the average
of the last ten years under this head Viz.t
Village Tanks and Channels has been com-
puted to amount to Rupees 48,308—11—2.

6 The second Column includes
the Fisheries of the larger Tanks as well
as of the Rivers, Lakes, Backwaters &c.
which collectively contribute the sum
of Rupees 18,246—1—9¾ annually to the
Revenue.—

7 The third head relates to the
Motursha Collections from the Fisheries
exclusively which amounts to Rupees 19,623-
8—2½ per Annum, making the aggregate
receipts from these several sources of Re-
venue, calculated as above, amount to Ru-
pees 86,178—5—2½ annually.—

8 The System of realizing the tax
from the Village Tanks and Channels appears
from the several reports now submitted to be
effected for the most part by annual
rents which are regulated with reference
to the state of the season and probable
out turn of the Fishery.— These are usually
held by the Ryots of the Village in or
which the Tank is situated, who are
left to regulate the details of the
rent

rent among themselves.— These Fisheries are
also in some Districts offered to general
competition and disposed of to the highest
bidders by public Auction on a yearly
lease, and elsewhere a system of permanent
rents obtain.—

9 In the Province of Tanjore and also
in the adjoining District of South Arcot
and to a certain extent also in Madura a dis-
course distinct from the Systems generally
prevailing in other Districts is acted upon.—
In the former the method of levying the Fish
"leviable on each Tank to the demandpay-
"able by the Sheerastedars" who usually con-
transfer the produce of the Fisheries to their
dependant Ryots and Servants. In the District
of South Arcot a somewhat similar practice
is followed the Collections being "levied in proportion
"to the Berij of each Puttadar
"who receives a proportion
"ate share of the produce
"of the Fishery the Pallak-
"manegars being invested
"with the power of Col-
"lecting the tax as well
"as of distributing the
"produce".—

In Madura these items of Revenue are rea-
lized in three different modes Viz.t—
1st By inviting tenders and public sale
of the fisheries of the large tanks and
Channels dependant upon River damp-
2dly In some Villages by a long fixed in
rate for each, which is shared
individually amongst the Ryots
themselves, without interference
and 3dly in other Villages
by a fixed tax of 2 Annas
for each Cawny of wet land
under cultivation.—

In

10. In the District of Rajahmundry on the other hand no Fish rents of any description exist the System there pursued being simply a Moturpha tax assessed upon persons engaged in the avocation of fishing both on the inland reservoirs, and also in the Sea, which it may be observed is the general practice in regards to all Maritime Fisheries.—

11. The items comprized under the second head, Viz.th large Tank, Lakes, Backwaters, Estuaries, and Rivers are in the majority of cases disposed of by being annually leased out to parties, who again occasionally sublet them to the actual Fishermen on terms mutually agreed upon between themselves or they are taken up direct by the small communities of resident fishermen where the renting System is not carried out the tax on these items is realized by the levy of the customary amount of Moturpha on the implements used in the trade.—

12. It does not appear necessary for the Board to enter upon the subject of the Sea Fisheries further than to observe that this item, included in the Statement under the third head is assessed as Moturpha in every District, with the exception of the Chank fisheries attached to South Arcot and Tinnevelly which in the former is annually rented for a trifling sum but in the latter is at present under Attachment.—

13. With regard to the question of whether the levy of the tax on the Inland reservoirs

reservoirs is productive of any actual annoyance to the people, it may be remarked that the present reports go to show that it is not considered by the majority of the Collectors objectionable or vexatious in its operation, but upon the general grounds of relieving the poorer classes of all extraneous burdens and affording them the means of obtaining this description of food gratuitously, some of the local authorities advocate the abolition of the Tank Fishery taxes.—

14. The Board however from the information now before them do not see that sufficient grounds have been shown for supporting the views of such of the local authorities as recommend the abandonment of this branch of Revenue, whether as regards the more considerable items, or the individually petty rents obtained from the Village Tanks and Channels to which the observations of Government in the Extract Minutes of Consultation under reply are more particularly directed.—

15. The Village Tanks for the most part become dry annually and the sale of the Fishery is regulated with reference to the probable value of the produce and so far from any advantage being likely to result from relinquishing the practice and thereby leaving the Fishery free to the Villagers, the Board apprehend that the

the abandonment would probably give rise to quarrels and dissentions in the Village community. To check these the system of renting the Tanks would appear to have been introduced at no very distant date into the District of Chungleput. Neither do there appear to be good grounds that such relinquishment would benefit the poorer classes, or that they would be able to avail themselves of the advantage which it is desired to concede to them. The withdrawal of the present well understood system in these localities where it has long existed would rather it is to be feared lead to abuse on the part of the influential Ryots by enabling them to convert to their own individual benefit the advantages hitherto derived by Government from the Fishery which tho' comprising trifling individual payments in the aggregate yields a considerable amount of Revenue.

16 Taking this view of the subject the Board are not prepared to recommend at present any measure involving the abandonment of the tax levied on Tank or other Fisheries, although they consider that it might be desirable to introduce some slight modifications in the system by which it is regulated.

17 As a general rule they think that in disposing of the rents the option of presumption should be offered to the Villagers themselves in all cases where such a course may be practicable, in order to place it within their own power to exclude the intervention of strangers in

the concerns of the Village, a measure which seems the more desirable as resident Ryots have so direct an interest in the control of the Tank and are the parties looked to for aiding and assisting in its preservation and protection from injury.

18 Whereas tho' do not exist as in Rajahmundry, in which District a Motunpha tax is levied from persons catching and selling the Fish obtained from the Village Tanks and Channels, they might be introduced with a view to effect uniformity of system if considered by the local authorities to be unobjectionable and conducive to the interests of the Village Communities.

19 A want of uniformity is shewn by the present returns to exist in the mode of crediting the inland branch of the Fish revenues, the items being entered in the accounts in different districts under various heads Viz.t Land Revenue, Motunpha, Poolany, small Farms, and Licenses &c. &c. The Boards think that the same method of account should for the future be followed generally in all districts and that these items of Revenue should be excluded from Motunpha and other headings, and be brought to account under the denomination of "Small farms and Licences" to which branch they would seem

more

more properly to belong—

20 The Collector of South Arcot represents that the rates obtaining in his District are very unequal having been originally fixed without due regard being had to the size and productiveness of the Tanks and that consequently the tax bears heavily on the Ryots and is a source of constant complaint in bad seasons— No sufficient cause he observes is apparent for this inequality the rates having been continued from the assumption of the country without modification up to the present time any revision of which with reference to the returns would however he considers reduce the rents to too insignificant an item to be worthy of retention by Government

21 The Statement submitted with the Collector's report for the purpose of showing the individual items of Tank Fish revenue in one Talook is not sufficient for forming a judgment of the inequality complained of as neither the Berij or extent of the population in the respective Villages have been shown— as the Amounts are individually trifling and are an integral part of the annual payments made by the Villagers as provided for by the Hookumnamah of the district the Board think it may be left to the Collector gradually to effect such modifications as may tend to introduce a greater degree of uniformity—

22 With a view to check any particular instances whether in this district or generally throughout the provinces where it is considered by the local authorities that the conditions

conditions of the tax bears with undue weight upon the payers or are otherwise objectionable the Board would further propose to instruct the Collectors to bring the particular case with full explanation of the circumstances bearing upon it to their notice in order that measures may be adopted to remove the oppressive character of the demand should it there appear to call for modification—

23 An instance in point is presented in the report now submitted from the Collector of Rajahmundry who brings to notice the observance of a practice in that district which he considers objectionable as before observed motumpha is paid by the men engaged in the occupation of fishing in addition to which it appears that a further tax is levied from their wives and children for carrying on the petty trade of retailing the fish so caught at the rate of from 4 to 1½ Rupee from each individual the aggregate amount yielded by these latter payments being about 800 Rupees per Annum—

24 The abolition of this secondary demand the Collector considers, would be felt as a great boon by the humble class of payers who depend upon this traffic for a scanty subsistence The Board concur with him in thinking that as the usual Motumpha is levied from the actual fishermen, this double imposition is objectionable and they would therefore solicit its discontinuance—

25 In conclusion the Board desire to reiterate their opinion that they do not consider any valid grounds to exist for foregoing the amount of Revenue at present yielded by the Fisheries of the Inland Reservoirs. The tax is not one that gives rise to any dissatisfaction or complaints, nor has it been shewn in the present returns to be a source of grievance but on the contrary is well understood and readily realized, the proceeds in the majority of instances being subdivided individually into very trifling sums— They think however that the modification above suggested might with advantage be introduced into the administration of this branch of Extra Revenue —

From the Chief Secretary to Govt

No. 742
Extract from Minutes of Consultation
dated 8th August, 1818

Read the following letters.

Secretary Medical Board / Hereunto N. 1 1818 Vol 127 /
" / 20th July 1818 No. 135 /

The Right Honorable the Govern in Council is inclined to believe that in some of the Divisions it will be desirable to increase the number of Vaccinators, but he defers authorizing any addition to the present Establishment till the arrangements which only came into operation on the 1st October last shall have had further trial. He observes with satisfaction an increase in the number of persons vaccinated in the last quarter of the year 1817 compared with previous similar

Fort St. George 31th August 1818

similar periods.

The Governor in Council trusts the Medical Board will continue to give their earnest attention to this important branch of their duties, and resolves again to direct the Board of Revenue to exhort the Collectors in the Provinces to exert their influence in their Districts towards the more general extension to the people of the benefits which the Vaccine Institutions offer gratuitously to them.

To The Board of Revenue. Signed J. F. Thomas Chief Secretary

Order thereon Ordered to be circulated to

(6-7) the several Collectors and Government Agents in the provinces with a request that they will exert their influence in their respective districts towards the more general extension to the people of the benefits which the Vaccine Institutions offer gratuitously to them.

No. 900

From the Secretary to Government

(8) Extract from the Minutes of Consultation under date the 22d August, 1818

Read the following Petition from Hussain and Dubthul Nubby Sahib.

No. 998

To The Most Noble the Right Honorable Governor in Council

Humbly Sheweth.

With due respect and infinite

infinite submission we beg leave to inform your Lordship about the distressed case of your humble servants. That in the year 1818 August 4th. Poonamallee Depot Presidial Butchers (fourteen) wee and all our wives and childrans beg leave in addressing to your Lordship Viz.t That in the year 1830 The Depot Commander and Collector told us that the meat which come from Madras Market For Depot Gentlemans and Soulidiers do not arrive to Poonamallee at a proper time and ordered us to keep 7 Butcher's Shop at the Fish bazar according to their authority there was a large Litch at the fish bazar in that Litch there was a horrid smell and we spent six hundred Company's Rupees and leached that Litch and built our Shop there after 2 or 3 years Poonamallee Commander Captain Cotton and Collector Cotton saw our butcher's shop and ordered to keep 7 more butchers shop and we did so according to their authority after 5 years Poonamallee Commander Captain Edwards and Collector Vernor ordered us that the Butchers Shop which you all kept is not sufficient for the Gentlemans

and the Recruits and ordered us to keep some more butchers Shop - again according to their authority we did so and kept (24) in Greenmt. and we are paying 3 Rupees for each Shop per year till the present year 1818 The present Native Sapoildars related cast man has a large house and he asked us the 3 Rupees which you all pay the Company for each Shop if you all pay me I shall let you all keep your Shops in my house - because we did not agree to his advice he told his cast relation Sapoildar and that Sapoildar came and Drummed and said from henceforth if any of you open your Shops for one minute I shall fine 5 - Rupees per each Shop. If you all wish you all can pay that man the money which you all pay the company and keep your shop in his house. He eagerly went and related to the Depot Commander Major Hanpett and Collector Freese that wee have no shop and he asked us where is all your Shops gone, and we told him that the Sapoildar drummed and said if any of you open your Shops for one minute I shall fine five Rupees per each Shop - therefore wee came and related

to

Fort St. George 31th August 1848

to you. And the Depot Commander tells us Donot be afear I shall give you all permission you all better go and open your shops by our commander's Permission we did open our shop and the Jafildar heard that we opened our shop and he sent peons to throw all the articles outside which was in our shops and they did according to his permission because that man has Destroyed all our things. We trust your Lordship will enquire after our case and grant us all our shops for we are troubled these three months for our Expenses and we shall pay for the Company for each shop 3 Rupees per year as usual and we beg that your Lordship will grant us a sign and we shall keep that sign and show to every that come against us and we and all our wives and children will take our Salary as long as our Liverend and we shall come to Madras on next Tuesday and remain at your Lordships gate by 6 o'clock in the Morning for an answer.

Petition recorded above be transmitted to the Board of Revenue for the early report of the Collector of Chinglepat.

[Signed] H. C. Montgomery
Secretary to Government

Order thereon

8-9

Ordered that the foregoing papers be forwarded for the early report of the Collector of Chinglepat.

No. 903

From the Secretary to Government

Extract from the Minutes of Consultation under date the 24th August 1848.

Read the following letter from the Secretary to the Board of Revenue (Here enter 31st July 1848 No. 397.)

10

The Right Honorable the Governor in Council is much gratified at learning from the foregoing Proceedings that the Jaghiredar of Bunganapully has adopted the advice offered to him by this Government, and has determined to discontinue the levy of Sayer within the limits of his Jaghire. The Government have no doubt that this liberality and sacrifice of present Revenue will be amply repaid by the improvement in the trade of his Country, and the condition of its inhabitants.

The Right Honorable the Governor in Council readily

readily accedes to the wishes of the Jaghiredar, and to the recommendation of the Board, and is pleased to direct that a Sword be transmitted to the Agent at Kurnool to be by him presented to Ausseain alikhan on the part of Government, as a further mark of their approbation of his conduct.

(To be sent hereafter)

(A true Extract)
Signed H. C. Montgomery
Secretary to Government

Resolution thereon. Resolved that Copy of the foregoing Extract from Minutes of Consultation and of the Board's letter to which it is a reply be forwarded to the Agent to the Governor at Kurnool with reference to his letter dated 21st Ultimo.

10-11

2 Mr. Phillips will be pleased to communicate the above reply of Government to the Jaghiredar of Banganapully.

Read the following resolution

From the Secretary to Government

Extract from the Minutes of Consultation, Dated 24th August, 1848. No. 905.

12

(From Bd. 3d. August)

Resolved, under the explanation afforded, that the Collector of South Arcot be authorized to disburse, subject to audit, the sum of Rupees 1739 One Thousand two hundred

and thirty nine, being the arrears of Jeemiah due to Thumboory from 12th July 1846 to 11th July 1848, and to continue the payment of the allowance.

Signed H. C. Montgomery
Secretary to Government

Order thereon. Ordered to be communicated for the information and guidance of the Collector of South Arcot with reference to his letter dated 18th July last

From T. Prendergast Esqre

Collector of Rajahmundry ---

Sir,

With reference to the proceedings of the Board of Revenue dated the 12th June and the 31st July last conveying copy of the Honorable Courts despatch, the Minutes of Consultation, and the letter from the Secretary to the Government of India dated the 4th April, the 22d May, and the 1st July respectively and three of the printed tables for certain information relating to the cultivation of land, the revenue and the disbursements on public works for a period of 10 years from fusly 1215 A.D. 1835/36 to 1254 A.D. 1844/45 inclusive, I have the honor to return the said tables duly filled up with such of the particulars therein enumerated as the records of this Office can supply for the ten years in question that is, the Demand and Collection of Land Revenue, and the different disbursements on account of Public works. No accounts of the cultivation have ever been kept by the Zemindars and Proprietors in the Government Estates in which the

Ryotwary

Fort St. George 31st August 1848.

rentingsystem has almost exclusively prevailed, accounts of Cultivation have been kept only from fusly 1254 A.D. 1844/45 but they do not exhibit the required details of land cultivated with Indigo, Cotton, Tobacco and Sugar Cane and therefore the Columns in the tables regarding the extent and nature of the cultivation of land are left blank.

To T. Pycroft Esquire
Secretary to the
Board of Revenue,
Fort St. George.—

Sir,

1 I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated the 14th Instant conveying their objections to the immediate adoption of the changes in the Talook Establishments proposed in my letter of the 25th July.—

2 As however Chencoor Ramia has already, tho' appointed to the Ponnoor Talook, taken charge of that of Martur, and as a Second movement of the Tahsildars may cause a Serious loss at the present critical juncture, when their whole attention is required in settling the Dittum, and superintending the wet cultivation for the current Fusly, I trust the Board will permit me to continue, until a change can be made with less inconvenience, the present arrangement wherein Chenchoor Ramia of Ponnoor and Lutchmenursoo of Martur may act for each other.—

3 The instructions of the Board to defer the plan for modifying the existing

From the Coll.r of Nellore. Reporting on the outstand=ing Balances up to Fusly 1265 and for=warding a Statement shewing the particulars of the Balances.

1. The outstanding Balances of this District as per Statement No.e 11 which accom=panied the annual Report for Fusly 1256 dated 8th November 1847 amount to Rupees 2,05,346-7-3 to which the Shrotrium balances of fusles prior to fusly 1240 not included therein, amounting according to the Demand, Collection and Balance Statement No.e 1 to Rupees 3,227-10-5 being added raises the amount to Rupees 2,08,574-1-8 of which Rupees 1,45,845-10-5 including the Shrotrium Balances prior to fusly 1240 are due by the Shrotrium Villages which will form the subject of a distinct report. The present Report embraces the remainder Rupees 62,728-7-2 on the Balances due on all other items.

2. The following Statement exhibits the different descriptions of Balances due up to the end of fusly 1256, and the fus=
=lies for which they are due.—

Attest

4 The necessary measures have been taken for collecting as early as practicable the recoverable Balance Viz.t 6053-4 exhibited in the above Statement.

5. The Balance of Rupees 937-5-7 outstanding against the Village of Summavarum and its dependent hamlets transferred from the Guntoor District to this Collectorate is classed under the Head of doubtful balance. This Village having been so recently transferred to this District an enquiry is necessary to ascertain whether the balances are recoverable or otherwise and instructions on this point have been furnished to the Sub Collector after which the balance will have to be reported upon at a future period.—

6 The following Statement exhibits the different items of which the irrecoverable Balance amounting to Rupees 45,340-10-2— is composed, and the fusslies for which they are due.—

Of the Balance Rupees 24,476–1–– due by Poor Induviduals exhibited in the first Column of the above Statement a large portion Viz.t Rupees 18761–3–7 is on account of fusleis 1263 and 1264. The prices of grain in those years fell so very much that the Sale proceeds of both the Government and Ryots Share of the produce in some instances were not Sufficient to meet the demand on account of the Shist and although every precaution was taken to realize the revenue as far as practicable, the above said balance was unavoidably left uncollected. The State of the prices of Grain during those fusleis would have been known to the Board from the Reports of the former Collectors. The prices of grain in fusly 1265 having been higher, the outstanding balance in this year is small being only Rupees 696–10–9. No recoverable amount has been left uncollected. From all the enquiries that have been made it appears that no portion of the Balance Rupees 5,019–2–8 of the five years previous to fusly 1353 is recoverable, consequently the Nundaum Balance

Fort St. George 31st August 1848

Balances outstanding on account of the eight fusleis noted in the Margin and amounting to Rupees 24476–1–– have been entered under the Head of irrecoverable Balances.—

When lands are left uncultivated by the Ryots tho' they have the means of irrigation and no sufficient cause for leaving them waste, a certain portion of the Shist is fixed on them under the Head of Cassoory. Though this measure is absolutely necessary there are circumstances which may at times render it difficult of application, and the low prices of fusly 1264 account for a heavy balance in that year. From every enquiry made in regard to this Balance I see no prospect of any portion of it being collected and the amount has therefore been included under the Head of irrecoverable Balances.

9.

10. Some lands in a few Villages being highly assessed, it was the practice up to fusly 1253 to allow with reference to the produce of those lands a portion of the Shist to remain uncollected under the Head of Moonasib Cummy but in fusly 1254 the amount was deducted at once under the Head of deductions and the

the circumstance brought to the Notice of the Board in the 4th Para of the Jamabundy Report for that fusly. The Board however having directed in the 19th Para of their Proceedings dated 22d December 1845 that that amount should not be deducted under the head of remission but retained under the head of Balances the remission granted on this account subsequently in the different villages is exhibited in the Margin. This Balance merely swells the accounts without there being any portion of it recoverable and it has therefore been included under the Head of Irrecoverable Balances.

Decrease discovered by measurement

11 Some of the Ryots having represented after the Settlement of the Jamabundy that their lands were less than the esctent entered in the Pattahs and requested a remission of the difference of Shist on such lands, these lands were measured and in those instances where a decrease was discovered the Shist to the amount as shewn in the Margin was allowed to Stand uncollected and included under the head of irrecoverable Balances

Fusly 1254 - 666-12-5
" 1254 - 366-4-"
1033-"-5

Balances allowed to Stand uncollected on account of the expences incurred on account of large Stone Wells.

12. The Fusly Jamabundy Shist derived from the Wells newly formed has been included in the Jamabundy Beriz in accordance to the 3d and 5th Paras of the Rules relative to large Stone Wells framed with reference to the Boards Proceedings dated 23d April 1846 in order to reimburse to the individuals the expence which they had undergone in forming the Wells the amount allowed to outstand in this manner is Rupees 745-10-11 and it has been included under the head of irrecoverable Balances.

Spoiled and lands become impregnated with Salt
Fusly 1254 - 599-5-3
" 1255 - 83-7-"
682-12-3

13. As it has been ascertained on enquiry that the Crops on some lands that were included in the Jamabundy had perished from want of rains and that the produce on others had failed in Consequence of the lands having become

Fort St. George 31st August 1848

become impregnated with Salt to an amount of Rupees 682-12-3 on these accounts, is considered irrecoverable.—

Disputed Poollay Fusly 1254-781-7-11
1255-398-8-6
1179-15-6

Poollay amounting to Rupees 1,179-15-6 Charged on certain Individuals of the Rajah and Commavar Castes, and on individuals residing in the Town of Nellore and Bandy Men who keep their Cattle in their houses and feed them entirely on dry food had been included in the demand but allowed to remain uncollected in consequence of these individuals disputing their liability to pay this Tax. As this occurred before I joined this District I sought the instructions of the Board in the 43d Para of the Gamabundy Report for Fusly 1256 but regret to find from the 8 Para of the Board's Proceedings of 27th April 1848 that the Subject has not been thought deserving consideration at present. As the Balance of former years cannot be collected, it has been entered under the head of irrecoverable and

Fort St. George 31st August 1848

and I trust the Board will not consider me too importunate in requesting their reconsideration of the Case.—

Deaths absconded
516-12-1940-10-11

As there are no means whatever of collecting the balances under these 2 heads they are irrecoverable.—

Cundregas 4,832-11-2
Enams 6,091-4-6
Badagas
10,913-15-8

I shall now proceed to treat of the outstanding Balances on the Cundregas and Enams.

Some of the Cundregas that were attached not having been under cultivation during several years from the unfavorable nature

nature of the Seasons, and in

those years in which they were Cul-

-tivated the produce not e-

-having been Sufficient

to meet the Dasiy

amount, Balances have

accumulated on their

Some of the Enam-

-dars having died

and their sons being

very poor and some of the Enamdars having left the Country and the Badegas of these Enams being as high as the Shist of the neighbouring Coroo lands, the Balance on such lands as have not been brought under cultivation has been from many years accumulating. In the 7th Para of your Secretary's letter to the Chief Secretary to Government dated 25th August 1845 forwarded with your Board's Proceedings dated 30th October 1845, the Balances that were then outstanding were recommended to be struck off, and the Board expressed their opinion that the several grants of the incumbents who had left the Country or had died should be resumed and that as regards those who remain it should be intimated to them that on their failing hereafter to be punctual in the discharge of the Circar demands their lands would be at once permanently resumed. A partial enquiry into this subject has been made since and the necessary measures adopted for the recovery of these Balances as far as practicable but as they have occurred from want of produce and the Enamdars have no other available resources I consider the ones now under review irrecoverable.

17. The Outstanding Balances of the Nala Cumarns Rupees amount to Rupees 5389—12—10 and the following Statement exhibits the recoverable, irrecoverable and doubtful Balances of each year.

Fasleis.

12434. Fort St George.

The

18. The Amount Rupees 353-7 of the Balance of the Stala Cumnums Rupeeums entered under the head "Irrecoverable" will be collected as soon as possible.

19. The amount Rupees 2505-2-9 entered under the Head Doubtful having occurred mostly during the period the Shrotriems were under attachment it is not expected that they can be recovered but as the permanent Bariz payable to the Circar on Shrotriems has fallen heavily into arrears the subject is under enquiry and the circumstances relative to these Balances of Stala Cumnums Rupeeums are being enquired into more fully till which period the amount Rupees 2,505-2-9 will be returned under the Head "Doubtful."

20. Of the irrecoverable Balance Rupees 5. are due by Individuals who have died and Rupees 21-1-8 by individuals who have absconded and there is no possibility of recovering these sums.

21. Rupees 2505-1-3 entered under the Head "Poor" are due by Individuals who are extremely poor and have no property whatever. The circumstances

of these individuals being unable to pay the arrears Balances was explained in Para 8.

Succary - Died - Poor - 31-13-10. 29-15-8. Total. 61-13-6.

22. This amount Rupees 61-13-6 is the outstanding Balance of Fusly 1242. Of this amount Rupees 31-13-10 are due by individuals who have died and Rupees 29-15-8 are due by individuals who are in such reduced circumstances as to be no longer cultivators. As Fusly 1242 was a famine year and the Ryots who received this Succary and their securities were ruined and they are now maintaining themselves by daily labour, consequently no portion of this Balance can be recovered from them.

Moturfa - 23. The Moturfa Balance amounts to Rupees 2,880-11-1 and the following Statement exhibits the particulars thereof.

Fusleis -

12438. Fort St. George. 31st August 1848.

24. The Amount Rupees 1 g 3 entered under the Head "Recoverable" will be collected soon. The amount Rupees 32 7 10 entered under the Head "Doubtful" is due by some of the Merchants of Cottapatam a hamlet of Alloor in Ongole Talook and in regard to which some enquiry appears called for.

25. Of the Irrecoverables Balance Rupees 305 11 1 are due by persons who have died. Rupees 300 3 9 by persons who have absconded, and no portion of these sums can be collected.

26. The Balance due by poor & c. Individuals amounts to Rupees 2,428 2 11 and the following Statement exhibits the particulars thereof and the Justice for which they are due.

Particulars.

Rupees 166—2—3 is outstanding against the Talloks in the principal Division for the fusles as shown in the Margin and is due by very poor people, the remainder Rupees 2201—15—9 is outstanding against the Talloks of the Sub Division, the particulars of which are shown below.-

Particulars

12441 Fort St George 31st August 1848

Particulars.	Amount of Balance	Remarks
Comaties Trayavarnicooloo	1343 1 7	The Extra Tax assessed in Fusly 1240 on the Comaties of Cottapatam a hamlet of Alloor in Ongole Talook and the Tax on the Comaties residing near a Choultry situated at the Rahadary between Ramiapatam and Singarayconda and the disputed tax on the Trayavarnicooloo who say that they never from the commencement of the Company's Government paid Tax are outstanding; Some of the Saula people who came to reside in Mr Mathisonspett that was built in Fusly 1250 say that they are unable to pay the tax for that year on the plea that the Fusly had expired ere they had settled in the Pettah and commenced upon their trades- Some of the Saula people in the other Villages assert that it is not Mamool for them to pay tax.-
Looms of the Saula people	30 7	
Carried forward	1373 8 7	

Brought forward	1373 8 7	
Looms of the Pariahs	192 15 2	The Vettys as Village Servants are allowed a certain number of looms free of tax but these individuals setting up additional looms demand that the whole of their looms should be free from tax.-
Pallavancoo	252 . .	These individuals assert that the tax was for a time not collected from them under the understanding that they supplied fish to Travellers and withheld the payment.-
Butchers	396 . .	The Ongole Butchers assert that it is not Meet for them to pay tax.-
Furnace	45 . .	The individuals employed as Village Shroffs and those employed as Village Carpenters demand to be relieved from this tax.-
Cotton Cleaners	2 8 .	These state that they have been overtaxed.-
	2261 15 9	

28

In regard to the portion of the Balance above shewn due up to Fusly 1252 a correspondence took place between the then Collector and the Board and in their Proceedings dated 25th August 1845, Para 8, the Board directed that measures should be taken for collecting these taxes in future and desired the Collector to submit a Report for striking out of the accounts the balances of former years. With reference to a communication forwarded to him in April 1846 the late Acting Sub Collector in his Memorandum dated 13th October 1846 and in an account prepared by him on the 21st December 1847 recommended that the whole of the balances of the previous years should be struck out of the Accounts and proposed certain measures for future adoption. As I concur in opinion with him as to the propriety of writing them off, the amount has been entered under the Head of Irrecoverable balances. With regard to the future Settlement of these several Items, I have thought it advisable to consult with the present acting Sub Collector and take advantage of his former experience before coming to a final decision on the Subject.-

The

Fort St George 31st August 1848

Balance of Peishcash.

29. The Balance Rupees 58-14-11 outstanding against the Woortaisar up to Fasly 1256 was subsequently collected by the end of November of Fasly 125[illegible] as shewn in the Statement below the second Para of this Report. There is however a difference in regard to this. There are two Woorta Poligars Viz: Woorta Bapaniah and Woorta Paupiah who pay Peishcash separately as shewn in the Margin and have sepa-rate Villages. The last mentioned individual brought a claim stating that the Collections made in his Village were taken in payment of the Peishcash due by the 1st mentioned individual

Bapanaya 3699-13-7
Caupaya 231-0-0
3930-13-7

To the Board dated 21st August 1834.

with Minutes of Consultation
To Do dated 6th October 1834.
From Do " 6th November 1834
with Minutes of Consultation
To Do dated 13th November 1834
From Do " 1st December 1834
with Minutes of Consultation

and the correspondence noted in the Margin took place on the subject between the Collector and the Board. The Board in their Proceedings dated 1st December 1834 directed in accordance to the orders contained in the Minutes of Consultation of Government that the amount credited to the first individual should be refunded to the second Individual and the amount due to the Claimant was accordingly refunded to him. But subsequently the Collections on account of Paupiah instead of being kept separate have again as formerly been

Fort St George 31st August 1848

credited to the Head of Bapaniahs Peishcash. The Collections made in the Villages of the second Individual up to February 1848 amounting to Rupees 5081-11-4 have been consequently paid on account of the Peishcash of the first Individual Viz: Rupees 4194-1-2 on account of Peishcash up to the end of Fasly 1255 and Rupees 887-10-2 in part of the Peishcash of Fasly 1256. Under these circumstances this case must form the subject of a distinct Report.

Fasly 1254-243-15-5 30-
" 1255-608-0-0
851-15-5 851-15-1 outstanding on account of the Chittaty-ver Peishcash of which Rupees 9-10-9 entered in the Statement of the Collections in the Roofscoom Caum Beriz alluded to in Para 33 can only be collected there is no prospect whatever of the remainder Viz: 842-4-8 being recovered. This Poligar is allowed a Cavaly Roofscoom of so much per ℅ at different rates on the Beriz of the Circar Ryots from which he has to pay Government a permanent Peishcash of Rupees 2984-3-8 annually but the Collection of these Roofscooms is as the Board are aware retained in the hands of Government. As therefore this Balance is outstanding in proportion to the other Balances after all the realizable portion has been collected I beg to recommend that this Balance may be written off.

31. The following Statement exhibits the irrecoverable balances of all the different items alluded to above.

Ryotwary

12460

Fort St George 31st August 1848

31st May 1848 / Signed / G. A. Smith
Coll.r

Ordered—

12463 Fort St. George 31st August 18

(20-21)
Order thereon.—
[Vide Pro: 4th Sept.r]

Ordered to lie over.—
Read the following letter

To
F Pycroft Esq.re
Secretary to the
Board of Revenue
Fort St. George

(22)

From G.A. Smith Esq.re
Coll.r of Nellore ——— } Sir,

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board dated the 27th Ultimo requiring explanation of the necessity for the excess of Broad Cloth for covering Tables and Desks now applied for above the supply of 1839 and in reply to state that on a reference to the supplies of Cloth in former years it appears that the quantity of Cloth supplied on 6 Indents during a period of 11 years between 1817 and 1828 was 92 Yards. The quantity supplied in 1831. I cannot ascertain from the accounts of my office. but the last supply furnished in 1839 was certainly only thirty yards. Althó the quantity of 45 yards now applied for is more than the last supply as remarked by the Board, yet it is not more than I actually require the old remnants of former supplies having been quite exhausted.—

2.

In regard to the observation of the Board that many of the servi

12464 Fort St. George 31st August 1848.

Goomastahs &c. do not require Table-Covers, I beg to explain that it is almost impossible to keep papers clean without some covering to the Desks, and if Board Cloth Covers are not allowed the servants are obliged to make use of the coarse white Duftar Cloth which gets soon inked and dirtied. As the most economical measure therefore I have recommended that every servant should be furnished with the means of keeping his Desk and papers neat and clean.

Nellore,
Coll.rs Cutcherry,
21st August, 1848.

(Signed) G: A: Smith.
Collector.

Order thereon.—

Ordered to be recorded.—
Read the following letters.

(22-23)

To,
F. Pycroft Esq.re
Secretary to the
Board of Revenue.
Fort St. George.

(24)

Sir,

From J.H. Cochrane Esq.re
Coll.r of Cuddapah ——— } Para 1.

I have the honor to bring to the notice of the Board of Revenue the unsatisfactory manner in which the Native Records of this District have been kept, the present Establishment being insufficient to restore them to the state of order required consequent on all method and regularity having been formerly neglected for a series of years.

Recommending that 6 additional Goomastahs may be appointed on a Monthly Salary of 10 Rupees each for such period within a year as may prove necessary, to sort the Native Records and prepare the Index &c. for easy reference.

	Rs
1. Record Keeper —	30-
1. Goomastah —	15-
1. Daloyet employed as an Assistant Goomastah —	7
Total —	52-

2- Previous to 1840 the Native Record keeper was employed on the Salary of Rupees 35 per Mensem,

Fort St. George 31st August 1848.

Mensem, when this Salary was split and an additional
Goomastah was employed on Rupees 15 subsequently at
recommendation of Mr. Blane for increasing the Establish
in the English and Native Departments, the Record Keep
pay was increased from the rate to which it had been reduced,
Rupees 30 which Amount of Salary he now draws-

3-

Time and experience has since proved
the Records cannot notwithstanding all exertions on the part
those employed, be kept in that efficient state which is so abs
=lutely necessary for the due despatch of business-

4-

It is highly desirable that an additional
Establishment should be employed without further delay in
assorting the records and preparing an Index, by which mos
any Documents required for reference might at once be obtai
without as at present, search being frequently made pra
=ctically among Papers innumerable, a course of proceedi
which cannot but tend to increase hereafter the difficulty th
is of having speedy reference to the Records from the manner
in which papers get intermingled indiscriminately-

5-

I would beg to recommend that 6 additional Gomas
be appointed on the monthly Salary of Rupees 10 each, for such period
a year as may on trial prove necessary to carry out the object in view, a
I may add that the present seems a favorable opportunity for making so
arrangement of the Sort, 500 Maunds of old useless Records having been for
to the Subordinate Court for the purpose of being converted into fresh Paper
the Prisoners and sold on Account of Government, the price of which old P
at the rate disposable in the Market viz. Rupees 1-8 — per Maund, a
to Rupees 750 being in excess by Rupees 30 of the sum that would be requir
disbursed for the Salaries of the 6 Goomastahs proposed to be retained
year. A further similar supply of old records available for the same purpo
when required-

Cuddapah,
Collector's Office,
9th August 1848.

(Signed) J. H. Cochrane-

Fort St. George 31st August 1848.

Proceedings thereon-

24-25

In the last Para of the above letter
the Collector states that 500 Maunds of old useless Records
have been forwarded to the Subordinate Court for the
purpose of being converted into paper- The Board of
Revenue request that they may be furnished with a
list of the records so sent, and that the Collector will
explain why such a step was taken without reference
being first made to them, and their sanction obtained-
If the records have not been destroyed prior to the
receipt of these proceedings Mr. Cochrane will also
take measures to prevent their destruction until he
shall have afforded the information now called for
and received the Board's order on the subject-

To,

J. Pycroft Esqre.

Secretary to the

Board of Revenue.

Fort St. George.

26

From J. H. Cochrane Esqre
Collector of Cuddapah- } 1-

Sir,

I have the honor to state for
the information of the Board of Revenue that
the Parties whose names are noted in the
Margin have made offers to the amount of
Rupees 420 for the privilege of working
certain Diamond Mines situated in the
limits of the Villages of Murrymahal =
=pilley

+ 1 Curnum Soob =
=baroydoo of
Bharoomsoob =
=bala in the
Banaganr =
=pilly Talook
Kurnool district.
1 Quddaloor

Fort St. George 31st August 1848.

1 Giddalore Chinnah son of Nunjapatt of Coibenatta Talook in this District
1 Tokala Muddoolacity of Do. Do.

Pilly-Nazeyghire and Seeta Ramapooram in the Talook of Koilgoantla.

2- These Mines have never been worked since the period the District was ceded to the British Government. Proclamations have been issued throughout the District on the subject and no other Parties have come forward to tender more favorable proposals- I beg to await the Board's Instructions in the matter.

Cuddapah, Coll.r Office, 17th August 1848.

(Signed) J. H. Cochrane.
Collector.

Resolution thereon-

26-27

The Board of Revenue sanction the acceptance of the offer of Rupees 420 made by the parties named in the foregoing letter to rent the privilege of working the Diamond Mines in the Village of Murrymahalapilly, Wazeyghire and Seetaramapooram in the Talook of Coilgoantlah, for Fasly 1258- This item of revenue should be included in the District accounts among the Sundry small Farms-

Read the following letter

28

To,
T. Pycroft Esq.re
Secretary to the
Board of Revenue
Fort St. George.

From W. E. Lockhart Esq.re
Collector of Salem.

Sir,

Fort St. George 31st August 1848.

With reference to the Board's Proceedings dated 8th May 1848, remarking that the estimated value of the lands attached as entered in the Statement furnished with my letter of the 25th April 1848, does not in any instance approach the actual amount realized, and that a greater extent appears to have been attached in almost every case than proved to be necessary to secure the payment of the public arrears; and at the same time directing my attention to the closing part of Para 3 of their Proceedings dated 1st November last, wherein it is stated "that "the principle of Selecting the best fields for sale is "opposed to the provisions of the Hookoommah and "is likely to bear heavily on the future resources of the "Ryots retaining the inferior fields only"; I have the honor to state that in case of Defaulters withholding payment of the Circar Revenue after appropriating the produce of their Putcut lands, the Revenue authorities are obliged to have recourse to the measure of attaching their lands when their moveable property is considered insufficient to meet the demand- The best portions of their lands which would insure sale are accordingly attached, owing to the inferior quality being generally rejected by the Purchasers- These portions sometimes fetch from competition at the time of sale more than the Estimated value, which renders the sale of the whole

whole quantity entered in the Statement unnecessary. Under this circumstance the Board will find that abandon the practice of attaching the best portions lands belonging to Defaulters on account of the Circar Demand will occasion a loss to Government.

Salem Zillah,
Ofoor,
Coll.r Cutchery,
1st August 1848.

(Signed) W. E. Lockhart.
Collector.

Resolution thereon.

(28-29)

The Board of Revenue are still of opinion that the selection of the best only of a ryot's fields for sale in satisfaction of arrears is objectionable and should as far as possible be avoided. The Coll.r is of course aware that by the expressions good and bad lands are not necessarily to be understood those bearing respectively the highest or lowest rates of Assessment, but that such a general consideration should be had to all circumstances as shall ensure the continued occupation of each and every part. In subdividing a ryot's holding with the view to the sale of a portion of it for arrears, it should therefore be the object of the local Revenue Officers to make such arrangements that the part to be retained by the ryot as well as that to be sold be compact and so situated and apportioned as to admit of its being commodiously and advantageously cultivated.

Read the following letter.

To,
J. Sycroft Esqr.
Secretary to the
Board of Revenue.
Fort St. George.

(30)

From J. F. Bishop Esqr.
Collector of Tanjore. } 1.

Sir,

I have the honor to acknowledge the receipt of your letter of the 7th Instant referring to the Extract from the Proceedings of the Board of Revenue under date the 20th September 1847 on the subject of Wheat Cultivation and to inform you that the directions of the Board would have been replied to at an earlier date had I possessed, or been enabled to gather any information worthy of report.

2. Wheat as an article of consumption in the district is very trifling being confined almost entirely to the few Europeans resident in the different stations, and imported, its cultivation never having been attempted, or do I suppose success would attend its introduction, the nature of the climate being against its growth, in consequence of the prevalence of great heat during many months of the year, and the great uncertainty of local rain, even the ordinary spongy Crops in the

Tanjore

Fort St. George. 31st August 1848.

Tanjore District giving a barely average return and when they are so liable to failure. Imagine Wheat would have but little chance of growth & productiveness. The Pulney Hills in the Madura District are spoken of as very favorable for the growth of wheat and land to almost any extent available on them for this purpose, and at no great elevation so that the expense of carriage, with the present & improved and improving means of communication with the coast would not be heavy, and the inducement offered to the trade by allowing the export duty for may probably lead to its being resorted to, if the demand for wheat be steady and no difficulty found in disposing of the grain at the Indian Ports for the English Market. The progress of the trade if any will be watched and reported as directed in the Extract from Minutes of Consultation accompanying that of the Board under reply.-

32

Sir,

From W. Elliot Esqre
Acting Collector of Trichinopoly

The Settlement of this District for Fusly 1257 lately expired not being completed the Beriz of that fusly has not yet been ascertained and the preparation of the Statement of the Demand Collection and Balance up to the 11th July last has been therefore unavoidably delayed, as it is probable that the correct Beriz 8ca of the fusly in question will be ascertained by the 10th Proximo, I have the honor to inform you that the Statement of Demand Collection 8ca above mentioned will be transmitted to you as soon as possible after the Beriz has been ascertained.-

Trichinopoly,
Collr's Office,
26th August, 1848.

(Signed) W. Elliot.
Acting Collector.

Proceedings thereon -

32-33

The Board of Revenue are at a loss to understand under what circumstances the Settlement of the Trichinopoly district for Fusly 1257 has not been completed now the Beriz of that Fusly ascertained on the 26th August, or more than Six weeks after its close.

ORIGINAL DESTROYED

close- They observe that the Demand Collections & Balance Account of Trichinopoly from 1st to the 11th July 1847 was received at this Office on the 18th August of that year- Nearly all the accounts from other Districts for that period in the present year have been received and the Board desire that immediate measures be taken for completing the Settlement of Trichinopoly and furnishing the required account.

(34)

Sir,

From E. B. Thomas Esqr. Collector of Tinnevelly - + herewith returned.

In reporting upon Petition No. 1033 of 1848, I have the honor to state for the information of the Board, that in May last the Petitioner sent a proposal by Tappal offering to take the Sheyaroot rent of the District for Rupees 10,050- for Fusly 1258. The amount for which it was sold during the previous Fusly, being only Rupees 7,800. and the increase in the Petitioner's proposal amounting to so much as Rupees 2,250. Enquiry was made as to what induced the Petitioner to offer so large an amount, and it having been ascertained that he

was not a responsible and trustworthy person, but that his object in having sent in the enhanced proposal, was to intimidate and annoy the Renters who usually take it, and obtain something from them, to buy him off, the proposal in question was not accepted and the rent was put at outcry for the amount of the past Fusly; when among other bidders, the Petitioner was present, bid for it as far as Rupees 8,250, and then absented himself; and Annamalyappa Pillay and partners having offered 10 Rupees more, the Rent was given to them- Had the Petitioner been actually willing to take the rent for the amount entered in his proposal, he would have doubtless bid for it to the same amount in Public Auction- Under these circumstances the Petitioner's assertions are not worthy of Credit- his sole object, on due enquiry, being ascertained to be to bid up the other Renters unfairly, without any real intention of a bonâfide purchase himself-

Tinnevelly,
Tencausey,

Sir,

From J. C. Wroughton Esqre.
Principal Collr. of Coimbatore.

Forwards Copies of communications from Mr. Sullivan with the Enclosures and recommends the appointment of Puttabee Ramien to the Office of Sub Division Serishtadar vice Govindaraw deceased.

I have the honor to submit for the favorable consideration of the Board the enclosed letters and Vouchers from Mr. Acting Sub Collector Sullivan.

2- These documents are consequent on the death of the late Sub Division Serishtadar Govinda Row who died on the 9th Instant, recommending in succession to him Puttabee Ramien the present Tahsildar of Shevelloor in the Tinnevelly District.

(ORIGINAL DESTROYED)

3- It would seem that this Individual was selected and appointed to an important Situation somewhere about the year 1827 by Mr. A: D: Campbell the Principal Collector of Tanjore in consequence of his great experience in the Revenue Department, and particularly of his knowledge of the Ryotwar system - the testimonials herewith forwarded are very satisfactory and combined with long service entitle him to promotion - I beg therefore to add my recommendation

Fort St. George 31st. August 1848.

recommendation to that of Mr. Sullivan in support of his nomination to the vacant appointment. I would add that as he was taken originally from this District, his return to it under such favoring circumstances would be a good example, and at the same time be an incentive to integrity and exertion on the part of the Cutchery Establishment.

Coimbatore, August 19th, 1848. } (Signed) J. C. Stroughton.
Principal Collector.

No. 1.

To,
J. C. Stroughton Esqre
Principal Collector of
Coimbatore.

Sir,

Para 1. With regret I have to report the death on the 9th August of Gounda Row Sheristadar of the Sub Division.

2. Should you have no objection, I have the honor to request that you will submit to the Board of Revenue my wish that Puttabee Ramien at present Tahsildar of Streevilliputtoor in the District of Timevelly should succeed the deceased as Seristadar. Puttabee Ramien is an old Public Servant holding high testimonials

Fort St. George 31st. August 1848.

3. Having had an opportunity of observing him last year, I have the highest opinion of his talents and integrity.

Coimbatore, 10th August, 1848. } (Signed) R. J. Sullivan.
Head Asstt. Collector.

No. 2.

To,
J. C. Stroughton Esqre
Principal Collector of
Coimbatore.

Sir,

I have the honor to acknowledge the receipt of your letter of the 10th August received this day.

I regret that I have no detailed account of Puttabee Ramien's services. I forward herewith an original endorsement to a Petition to the then Head Assistant Collector R. Clive Esquire together with Copies of 5 testimonials. Since those testimonials were given Puttabeeramien has acted as Naib Sheristadar in Timevelly and held

Read

12480 Fort St. George 31st August 1848.

Read the following letter-

To
J. Pycroft Esqre.
Secretary to the
Board of Revenue
Fort St. George.

(40)

Sir,

From J. L. Blane Esqre. } I have the honor to request
Collr. of Canara - - - - - } the confirmation of the Board for the sale of Land No. 3 on the list forwarded with my letter of the 23d. June the sale of which was sanctioned by the Board on the 15th. July 1847.

Requests the confirmation of the Board for the sale of Land No. 3 on the list forwarded with his letter of the 23d. June 1847.

2.

The delay which has occurred in effecting the sale of this land is chiefly owing to the changes that have taken place in the native officers of the division in which it was to be disposed of - Some time was also occupied in inquiring into the circumstances which led to so small a sum as 82 Rupees being offered while the difference between the Assessment and the produce of the land amounted to Rupees. 267 - 7 - 11.

	Rs. as P
Assessment - - - -	595 - 14 - 10.
Produce - - - - -	863 - 6 - 9.
Excess - - - - -	267 - 7 - 11.

3.

The better part of the land having been sold to two other individuals, the Vurgdar had not means to cultivate the remainder and thus fell into arrears - The Amount of the waste as well as the reductions in

Fort St. George 31st. August 1848.

Waste	307-7--	
Reductions in the rents	85-10-5	
	393-1-5	

in the usual rent of the cultivated portions, is Rupees 393-1-5. The deterioration in the productive powers of this land has been the cause of no great offers having been made.

4. The present bidder is one of the purchasers of a portion of the land, who has been induced to make the present offer only through fear of losing his claim in the event of any other person bidding for and taking possession of the whole. He has further engaged to pay the full assessment of Rupees 595-14-10 on the entire land by eight instalments, the present Settlement being only Rupees 456-10-5. This arrangement appears as favorable as can be expected and as there is no higher bidder coming forward, notwithstanding the delay which has

Fort St. George 31st. August 1848.

has been allowed to take place, I beg to recommend that the present offer may be sanctioned and the Sale confirmed by the Board.

Resolved

Resolved that the following letter be dispatched.-

56

To the Collector of Nellore . . . .

In Corr. 21st Octr 1847.

To. The Collector of Nellore

Sir.

In your letter of 1st October 1847 you state that the landed Estates belonging to the Pagodas of Sonnavadah, Indoo-coorpett, and Gan-davaram had been made over to the Trustees, and that those of the only remaining one, Pauduty, would be disposed of in the same way as soon as practicable.- The Board request that you will now be pleased to report whether the property of the Pau-derty Pagoda has since been transferred to the Trustees, and if not, you will explain the cause of the delay in carrying out their orders. It is observed that you have not yet replied to the enquiry contained in the letter from this Office dated 18th March 1847 regarding the four Devastanam Villages partly allotted although there seems reason to sup-pose that some at least of these Villages may be included among the landed Estates of the three Institutions of which the endowments have been made over.-

(Signed) J. Pycroft
Secretary

Revenue Board Office, ...
Fort St George 31st August 1848.-

57

To the Collr of Tanjore . . .

From Collector 9th Febr in Corr. 15th March 1847.-
From Collector 15th March - - - - - - - -
From Collector 28th May in Corr. 16th November.-
From Collector 2nd in Corr. 15th July - - -

To. The Collector of Tanjore

Sir.

With reference to the correspond-ence noted in the Margin, I am direct-ed by the Board of Revenue to request that you will at your early convenience communicate to

to them the result of your further inquiries in respect to the arrangements to be effected for transferring to the Trustees of the several native religious Establishments in your District the Shares of the Quit rent and Tarriff villages belonging to those institutions.-

You are at the same time desired to state whether on the surrender of the 136 Surva Mannium Villages to the Trustees of their respective Pagodas any bond or engagements similar to that of which a form was transmitted in your letter of 28th May 1847 was taken from those parties.

In Cons. 16th Sept. 1847.

(Signed) T. Pycroft
Secretary

Revenue Board Office,
Fort St George 31st August 1848.

Received the undermentioned Miscellaneous letters and Statements.

From the Collector of Canara. Return of persons charged with offences under Regulation IX of 1822 for the Month of July last.-

From H. Stokes Esqr. }
Collr. of Guntoor. }

To T. Pycroft Esquire
Secretary to the
Board of Revenue,
Fort St. George—

18

Sir,

1 I have the honor to acknowledge the receipt of the Extract from the Board's Proceedings dated the 14th Instant conveying their objections to the immediate adoption of the changes in the Talook Establishments proposed in my letter of the 28th July.—

2 As however Chencoor Ramia has already, tho' appointed to the Ponnoor Talook, taken charge of that of Martur, and as a second movement of the Tahsildars may cause a serious loss at the present critical juncture, when their whole attention is required in settling the Dittum, and superintending the wet cultivation for the current Fusly, I trust the Board will permit me to continue, until a change can be made with less inconvenience, the present arrangement wherein Chenchoor Ramia of Ponnoor and Lutchmenursoo of Martur may act for each other.—

3 The instructions of the Board to defer the plan for modifying the existing

Read the following letter.

To, T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St.e George.

(20)

Sir,

From the Coll.r of Nellore. Reporting on the outstand=ing Balances up to Fusly 1265 and for=warding a Statement shewing the particulars of the Balances.

1. The outstanding Balances of this District as per Statement No.e 11 which accom=panied the annual Report for Fusly 1256 dated 8th November 1847 amount to Rupees 2,05,346-7-3 to which the Shrotrium balances of fusles prior to fusly 1240 not included therein, amounting according to the Demand, Collection and Balance Statement No.e 1 to Rupees 3,227-10-5 being added raises the amount to Rupees 2,08,574-1-8 of which Rupees 1,45,845-10-5 including the Shrotrium Balances prior to fusly 1240 are due by the Shrotrium Villages which will form the subject of a distinct report. The present Report embraces the remainder Rupees 62,728-7-2 on the Balances due on all other items.

2. The following Statement exhibits the different descriptions of Balances due up to the end of fusly 1256, and the fus=
=lies for which they are due.—
