and forwarded with the Board's proceedings of the 14th ~ Ultimo, it appears that the Tax on Moramut which at one period was levied in Six Talooks, has been ~ discontinued for several years, in three; and in Fasly 1256. in one, and that it now remains in exsistence in the two Talooks of Woondy and Amalapoor, but, only as an uncollected demand in the latter - In Woondy, where the demand is most considerable, it has been realized with ~ much punctuality - The discontinuance of the Tax, in the other Talooks, seems to be as unauthorized as its con= =tinuance in Woondy - The Collector explains it, to have exsisted in the time of the Zemendars, and to have been tacitly discontinued on the Estates reverting to ~ Government, and the inference to be drawn from this is, that it was on the part of the Zemindars, an ~ Exstra and unauthorized impost not forming an acknow= -ledged item of Revenue, or a part of the afsets of the ~ Estates on which the Permanent Settlement was based - If this is a correct view of the case, The Right ~ Honorable the Governor in Council is prepared to sanction the remission of the outstanding balances, and to authorize the cessation of the Tax in Woondy; but, he desires to be fully ~ satisfied on these points before passing final orders -

(Here enter 24th August 1848 No. 438.)

Under the circumstances represented by
the Agent in Ganjam in respect of the state of affairs
in the Vizianagur, or Pedda Rimedy Zemindary in
that District, and of the state of mind of its Proprie-
tor Peetambara Deo, the Right Honorable the
Governor in Council fully concurs in the propriety
of the course recommended to be adopted, and
accordingly grants authority under the 11th of the
Rules framed for the guidance of the Government
Agents, for the Management of that estate
being

being assumed under the charge of the Agent in
Ganjam.

Great care and caution are requisite
for the proper administration of this property,
and the Establishment for that purpose should
be well selected to suppress the intrigues for
which there appears to be a predisposition in the
Country.

The education of the Minor's son
of the Zemindar is a matter of the first
importance to himself and to the property
he is to inherit, and the Governor in Council
is of opinion that no pains should be spared on
that account.

Sir,

From the Agent to the Governor of Fort St. George in Ganjam — — — — } Para 1

Reports on the affairs of the Purlah Zemindary.

I have the honor to submit, for consideration and orders, a report on the affairs of the Zemindary of Purlah in this District, in connection with certain Petitions that have been forwarded to the Board of Revenue and to the Government on the part of Kristna Chendra Soor claiming to be acknowledged as the adopted son of the late Zemindar, and from Nundeshwur Choudry lately the renter of the Talook—

2 This small ancient Zemindary, Stretching from the base of the Mountains nearly to the Sea at Poondy comprises for the most part a fine open Country with some Jungly villages inhabited by a Hill race called Sourahs lying at the back of the Mahendrah, and bordering on the Purlah Kimedy and Mundasah Zemmindaries.

The nominal Peishcash payable to the Government on Purlah is only Rupees 4,000, but the Estate in a fair season, yields that amount four fold.

Narain

Narain Soor. Hurry Chendow Deo the Zemindar lately deceased, was in possession at the time of the permanent settlement, and in his name the Summuds-i-Peishcush Istmrar issued. For a long series of years he continued to manage his Country well, and to pay his Peishcush to the Government with punctuality, always maintaining a Character for honorable and unimpeachable Conduct in all his dealings, and for liberality in his treatment of his people and immediate dependants. - Of late years through the infirmities and weakness incident to advanced age, the old Rajah had become quite decrepit, and dependent on the care and services of those about him, but his Mental faculties remained unimpaired to the last.

3 It appears that towards the end of the year 1844 the Zemindar entered into an arrangement with a wealthy Sowkar named Gundesham Chundry to rent to him, with certain reservations, the whole of the Jeagerdy villages of his Zemindary for a term of six years and about the middle of 1845 a second cowle was granted to him for the Reserved private Farms, Swine, Buffaloes and various other items, the total sum payable

by the Renter being fixed at Rupees 1 7 per annum the same to be appropriated to the discharge of the Government Peishcush, to the payment of instalments on Decreed debts, and for the subsistence of the Zemindar, and other stated purposes. - The acting agent it seems was informed of this arrangement, and in so far recognized it that he accepted of Byraghee Chundry the Renters father as security for the due payment of the Government Peishcush.

4 From the day on which this grasping Sowkar obtained the management of the Country he seems to have resolved to extract the largest possible profit from his lease, and systematically to have pursued this object. - Thus in numerous instances he illegally dispossessed the hereditary heads of Villages and Ryots, causing the lands to be cultivated directly on his own account. By nefarious means he continued to get possession of some of the most valuable of the lands held on rent free or favorable tenures. - He forced the Ryots to deliver their grain to him at prices fixed by himself, and by the illegal exactions, under various pretences of Extra cesses and fees of

all

all kinds, and by the unwarrentable assumption of Police authority which he exceercised in an arbitrary and unjust manner, he was guilty of the most grinding oppression towards the renters and Ryots generally of the Zemindary. His treatment of the Rajah, as described to me by himself, and fully proved by trustworthy testimony, was iniquitous and infamous. He surrounded the helpless old man with people devoted to his own interests, and prevented the access of all other persons, exercised absolute authority over the household, as if he had been it's master, and I am credibly informed that in order to attain his purposes he had the audacity to resort to measures of personal restraint, and intimidation both towards the Rajah himself, and towards his niece the Inaka Dawy who at length in order to escape from his harsh treatment, secretly quitted the Fort, from which some days previously her husband had been removed by the Renter to the village of Palasah, and sought the protection of her brother the Zemindar of Parlah Kemindy. The main object of this coercion being to constrain the Inaka Dawy to agree conjointly with the Rajah to the adoption as a son and successor to the

Zemindary of the Petitioner Kristna Chendra Deo who had in anticipation of his accession executed a Coulee to the other Petitioner Nundesham Chondy for a lease of the Country on easy terms for a further period of eight years or including the unexpired portion of the present rent, extending to fourteen years.

5 Before entering on the question of the succession, it may be convenient that a brief account should be given of the members of the Parlah family and as the clearest way of doing this I beg to submit for reference their genealogical tree, enclosure No. 1, from which it will be

Appendix No. 1

seen that the recently deceased Zemindar Narain Soor, as the fifth in direct lineal descent from the original ancestor Narahary Soor, being the great grand son of his eldest son. The second son of Narahary Soor named Sayeb Soor had one son Rama Chendra Soor, who had two sons Hurry Kristna Soor, and Madana Gopaul Soor the Elder having a son named Chytana Soor, who is the father of the Petitioner Kristna Chendra Soor. The second son Madana Gopaul Soor had a son Goura Chendra Soor, the father of Rama Chendra Soor, the other party claiming as an adopted son. The late Zemindar had no other legitimate

legitimate offspring except a boy who died in infancy many years ago but there are two illegitimate births grown up to mans estate- It will be observed that the two Claimants Krishna Chendra Soor and Rama Chendra Soor stand in precisely the same degree of affinity to the deceased Zemindar- It should also be mentioned, that Krishna Chendra Soor now about 23 years of age is the only surviving son of his father. His two Elder brothers had been successively taken in adoption by the Zemindar, but both died several years ago- The other Claimant Rama Chendra Soor is a young boy now about nine years old, and has one brother older, and another Younger than himself living.

Owing to the misfortune of the loss of his own natural son, followed by the deaths of the two elder sons of his Kinsman Chytana Soor, whom, as just alluded to he had successively adopted, the Rajah for a long time seems to have relinquished the idea of making another selection, and during the many interviews I had with him, when he was in the habit of Conversing freely regarding his affairs, he never once alluded to his entertaining an intention

again to adopt a boy as a Son and Successor- He used generally to bring with him, when he came to visit me, two youths of Shudra birth named Brainaraver and Madinroy who appeared to be his great favourites- The matter appears first to have been brought forward while Mr. Smollett was Acting Agent in this District, and I beg to submit the translation of two Communications addressed to him on the 19th February and 19th October 1845, by the Zemindar of Turlah, which I believe express the genuine views and wishes on the subject of the proposed adoption- In the first of these Communications the Rajah states, in general terms, that owing to his extreme old age, the people of the Country were desirous that he should appoint an heir to succeed to him, and that accordingly he and the Maha Dany had determined upon adopting Rama Chendra Soor the second Son of Goura Chendra Soor, whose consent thereto had been obtained- In the second Communication he details more particularly the Circumstances of his adopting successively the elder Sons of Chytanea Soor, who soon after both died, and alludes to the surviving brothers the Petitioners Krishna Chendra Soor observing that he cannot be taken

in adoption being an only son because his father would thereby be deprived of the due performance of funeral rites and the Rajah again informs the Acting Agent that he and his wife have determined to adopt as a son and successor, Rama Chendra Soon the second son of his Brahman Goura Chendra Soon. He concludes however with an intimation that this arrangement does not satisfy the renter's family who he says have joined with Chytanea Soon in creating disputes, and he therefore begs that the Agent will either favour him by coming in person or send one of his Sheristadars to hear his representations. To these Arzees Mr. Smollett replied by a Parwanah dated 12th November 1845 to the effect that it appeared to him that the Zemindar was unnecessarily causing trouble to himself by his purpose of adopting a son. That the Circar wishes the prosperity and advantage of the old families, and that on the decease of the Zemindar, it would be the duty of the Agent to select as his heir, the party entitled by Hindoo Law, by birth, and by the Customs of the Ancient Rajahs to succeed to the Estate, and a recommendation was added that the Rajah, in his extreme old age, should not do any act that

would cause disputes and litigation.

I resumed charge of the District a few days after this Purwanah was dispatched to the Rajah, and I did not receive any Communication from him Connected with these matters until the middle of next year, when I received an Arzee purporting to be addressed by him but evidently drawn up under the dictation or influence of the renter, whose ascendency had now become predominant in the Zemindary, to the effect that although he and the Maha Dewy had at one time entertained the intention of adopting Rama Chendra Soon, as had already been intimated to the acting Collector and Agent, that on further consideration he had now fully resolved that Krishna Chendra Soon should be his heir and successor to the Zemindary and the Concurrence of the Authorities in this proposal was requested. This was soon followed by another Communication in the same strain, requesting an early certification of my Consent to, and Confirmation of the proposed adoption of Krishna Chendra Soon as the successor to the Zemindary. But within a few days after this reached me, another letter also purporting to be from the Zemindar,

Zemindar was received of a totally different tenor and containing grievous Complaints of ill treatment and Coercion on the part of Nundeah Chundry towards the Rajah with a view it was alleged of constraining him to sign deeds and Bonds for large sums of money never lent and accusing him of oppressing the Ryots and of extortion and abuse of authority generally - Seperate letters to the same effect from the Maha Dany were also received about this time - These were again followed within a week by another letter purporting to be addressed by the Zemindar which referring to former Communications regarding the adoption of Krishna Chundra Soor stated that the Zemindar had now executed a deed making over absolutely to Krishna Chundra Soor the whole of his landed Estate and all his other property - Perceiving plainly from the Contradictory tenor of these Arzees that no reliance whatever could be placed in the authenticity of any of the Statements purporting to come from Turlah I sent in reply to the above a Purwanah stating that I proposed ere long to visit that part of the Country, when I would take the opportunity to ascertain personally from the Rajah his real views and

and wishes in respect to the succession - Within a very few days after this another Arzee† reached me also purporting to come from the old Rajah in which it was stated that in pursuance of his previously notified intention he had that day invested Krishna Chundra Soor with his turban and the other state insignia of Rajah and presented him with all due ceremonial to the assembled people - Also that he had made over to him the Permanent Cowle and the whole of his landed and other property of every description which Circumstances it was requested might be reported to the authorities at the Presidency - No immediate notice was taken of this impudent and palpable forgery and no further Communication connected with these matters was received for some months -

In the beginning of the Month of March the Rajah addressed to me Arzees Con-

following taining renewed Complaints of wrong and ill treatment Committed by Nundasheen Chundry alleging that by intimidation and Coercive measures he was endeavouring to obtain from the Rajah the leave of his Country for a longer period and Requesting that this might be prevented and a settlement of accounts effected between

between him and the Renter - This was followed a
few days after by a letter also purporting to come
* dated 13th March 1847 from the Rajah stating that he had settled all
accounts with the renter to whom in consideration
of his having lent him a further sum of Rs:
-pees 8,000 he had extended the lease of his Taluk
for a further term of eight years - Another Comm:
† dated 20th April 1847 -munication of a similar character was again
received about a month subsequently, stating
that the Rajah had again borrowed from this
obliging Sowkar an additional sum of Rupees
9000 making altogether Rupees 17,000, and
that he and his adopted son Krishna Chen:
-dra soon had executed to him a Bond for the
amount, and granted an extension of the lease
of the Zemindary for the further term of eight
years, and requesting the Agent to Confirm the
arrangement, and take security from the Renter
for the punctual payment of the Government
Peishcush during that period - The Zemindar
was informed in ® reply that from the tenor of the
® Purwanah dated 1st May 1847 two previous Communications it was manifest they were not written with his knowledge
and free will, and that I did not believe
that they truly expressed his sentiments - Moreover that the granting prospectively

of a renewed lease for a long period, while three
years of the existing lease remained unexpired,
appeared to be a very irregular transaction, of
doubtful legality; to which I could in no
way give my concurrence: - To this a rejoinder
was received from the same quarter, urging that
no reason existed for doubting the authenti-
-city of the Arzees addressed to me; that
the transaction in question, the renewal of the
lease was unobjectionable and a convenience
to the Rajah's affairs, and it was again re-
-quested that the consent of the Authorities
to the adoption of Krishna Chandra Sow,
as well as to the other arrangements connect-
-ed with the Estate might be signified
at an early period.

9th. In the mean time I had received
† dated 9th April 1847. 7th 25th and 27th June 1847 several letters from the Maha Davy representing
in strong terms the wrong and indignity which
her husband and herself suffered in many ways
from the conduct of the renter - She represent-
-ed that, surrounded by servants and people
gained over to the renter's interests, per-
-haps a weak infirm old man who had long
been quite bed-ridden, was perfectly helpless.
† and

and that every means of persuation and intimidation were being tried to constrain him to set aside the intention of adopting Rama Chendra Soor as a son and successor, and in his stead to make Krishna Chendra Soor his heir. The object of this being that as it is expected that the latter being of full age, would succeed at once to the Management, the renter having in anticipation obtained from him an extended lease of the Talook for eight years, hoped thereby to retain his grasp of its revenues. She also complained of the Renter's unwarrantable interference in their domestic concerns, to the extent of depriving her of the services of her female and other household servants, and imposing on herself a degree of personal restraint. After detailing many other alleged reprehensible acts of the renter, she finally claimed the protection of the Agent and requested that the care of the Rajah's person and affairs, and the Management of the Talook might be immediately assumed by him.

10th Being thus prevented by other urgent official engagements from proceeding,

as I had intended, in the neighbourhood of the Rajah's residence at Surlah, I determined to depute a Native Officer on whom I thought I could place reliance, to see the Rajah, and ascertain from him his real and genuine sentiments in regard to the proposed adoption, and to give me a true and faithful report of his unbiased wishes, and generally of the state of affairs at Surlah.

11th This Functionary accordingly had an interview with the Zemindar at the Village of Palasah as above alluded to, and forwarded to me a written Statement professing to embody his real sentiments on the question of the succession, a translation of which forms Enclosure No. 4. In this document it is stated that the Rajah and his wife had adopted both of the Claimants Krishna Chendra Soor and Rama Chendra Soor, and that it was his desire that the former should be his successor in the Zemindary, while to the latter should be assigned some Villages for his support, and that a suitable provision should be made for the Maha Davy. The Rajah has since declared to me, and his word is confirmed by trust worthy testimony, that he made this Statement and signed the paper recording it,

† Appendix No. 4

under

under intimidation and persuasion, in fact not being a free Agent at the time; and he altogether denies and repudiates its contents.- A minute of the Protest solemnly made before me by the Rajah, dictated in his own words and taken down and signed in my presence, forms Enclosure No 5, to which I solicit the Board's particular attention. I had previously considerable confidence in the Officer who was deputed to communicate with the Rajah on the occasion referred to, and it is possible that he himself may have been deceived; but the suspicious circumstances of this infirm old Gentleman being separated from his wife, and brought away from his own house to the renter's house at Palasah, without any reasonable cause, or legitimate object, ought to have put him upon his guard, particularly as he was aware of the Complaints made in the name of the Zemindar against the Renter.-

12th I should here mention that shortly after the interview between the Rajah and the Officer deputed to communicate with him above alluded to, I received several Arzees from the former, renewing his complaints of the ill treatment of the Renter. He therein stated that he was carried against his will to the Renter's house at Palasah and

the effect that it was his desire that Kristna Chendra Soor should be his successor; while, in truth it was his wish, conjointly with the Maha Davy to adopt Rama Chendra Soor as their son. Further that the Renter was again harrassing him to sign another Bond of Rupees 20,000, although no money had in reality been lent. Finally that being unable longer to endure the extremity of suffering at the hands of the renter he had determined, notwithstanding his infirm and weak state, to proceed to the Baozoor and claim protection.- He accordingly set out, after some hinderances caused by the renter, and travelling by short stages, arrived at this Station on the 1st September 1817.- I also received about this time a number of letters from the Maha Davy, dated 1st & 10th July 1817. renewing her complaints against the renter, and recapitulating and enlarging upon his offences; and at last she wrote to say that she had been compelled, by the personal indignities and hardships to which she was subjected, to quit the fort, and seek the protection of her brother the Zemindar of Purlah Kimedy.- Soon after the arrival of the Zemindar Narain Soor at this place, the Puttah Maha Davy also joined her husband here.-

As

13th. As has been already mentioned, the Rajah executed before me a formal declaration of his intentions and wishes in respect to the succession to the Zemindary, and he verbally dwelt at great length and with much bitterness on the delinquencies of the Renter and his family; the Maha Davy also insisted upon detailing to me in person the story of their wrongs and the insults she had suffered at their hands.- The Rajah likewise presented a written Statement comprising a long catalogue of Charges against the Renter and his people which forms an Appendix No. 6. Enclosure No. 6. I made a summary enquiry into some of the principal Articles of complaint against the Renter, and the result as I have stated above, fully established that his conduct had been very oppressive towards the people of the country, and highly unjust and reprehensible in regard to the Rajah and his family; and these culpable proceedings had been pursued to such a length as imperatively required the interposition of Authority to protect the Rajah, and avert the ruin of the Country- In compliance with the earnest request of the Rajah and his wife therefore I consented to undertake the direct management of the Talook on his behalf, as an incapacitated Proprietor-

14th. After having duly executed in my presence, and before Witnesses, a formal instrument authorizing his wife, in the event of his death, to perform the religious ceremonies required to complete the act of adoption of Rama Chendra Soor, according to the Rules of Hindoo Law, the Zemindar with his family set out from this place with the intention of returning to end his days in peace at his own house, but the exertion of travelling was too much for him, and he died on the 13th October 1817 near Berhampore, at the advanced age of 82 years.- The Maha Davy, according to her husband's expressed desire, upon arriving at the Fort of Purlah, caused the ceremonial of investure and adoption of Rama Chendra Soor to be duly celebrated; and they have since continued to reside there without molestation.

At the same time deputed an Establishment to manage the Revenues of the Zemindary and ever since the most perfect good order and quiet have prevailed in the Talook. I propose to report, in a separate letter, upon the Revenues and the affairs of the Samastanum generally up to the end of the fusly year just expired.-

After

15th After the foregoing statement of the whole circumstances connected with this case, it seems to be almost superfluous for me to add the expression of my opinion on the question of the claim advanced by Krishna Chundra Soor. I do think that his claim to be acknowledged as the adopted son of the late Narain Soor cannot be admitted for the following among other reasons.- First, because he is the only surviving son of his natural father, and therefore not fit to be taken in adoption.- Secondly, because he was beyond the age when adoption can legally take place, and the ceremony of investure had long since been performed by his natural father, which disqualifies from being adopted.- and, Thirdly, because that it is not even pretended, and is not true, that the ceremony of "Dutta Homum" absolutely essentional according to the Sastras to a legal act of adoption, was performed by Narain Soor in reference to this young man, nor were any of the other forms necessary to complete the rite of adoption observed by him.- The testimony of the Rajah and the Maha Dany must be received as conclusive evidence on this head; and they

both positively deny the adoption of Krishna Chendra Soor, or that by them any step was taken, or purpose entertained to adopt him.- On the other hand, there can be no doubt that it was the desire of the late Zemindar, and is also the wish of his widow, that the Boy Rama Chendra Soor, whose adoption has taken place with all due formality, should be recognized as the successor to the Zemindary; and under all the circumstances I recommend that he may accordingly be recognized by the Government as Zemindar of Turlah.-

Letter from the Agent dated 7th August 1818. Para 10.

In respect to the voluminous Petitions herewith returned, I beg to observe generally, that in common with those recently reported upon, I believe they derive their origin, or take their shape, from underhand intrigues of individuals connected with my own Office, whose trouble in revising them probably has not been altogether unrecompensed by the accustomed Renter, who seems to have speculated on securing, at all hazards, his hold over the Zemindary.-

17th In reference to this Petitioner's complaint that he has been deprived of his rent, I beg to explain that my reasons for considering the lease of the Talook, for five years, granted

granted by the late Zemindar, to Nundeshwara
Choudry, of which a portion remained unex-
=expired, liable to be now terminated, are-
First, because the Cowle contains no clause
binding the Lessor's heirs and successors.- Secondly
=ly, because I conceive that a special agree=
=ment for renting the Revenues of a whole
District for a long term of years, and for the
appropriation of its funds to specific pur=
=poses, must be viewed in a different
light from an ordinary Village lease; and
I think that the principle according to
which it has been judicially decided
that a grant of land by a Zemindar
not regularly registered, is valid
during the life of the granter only and
liable to be resumed on the Estate
coming under Government manage=
=ment, may with propriety be applied
to the case of a lease of the nature of
this.- and, Thirdly, I am decidedly of
opinion that this lease may with per=
=fect equity be cancelled, in consequence
of the systematic infraction of some
of its conditions by the Renter, in his
unjust exactions and grievous ill treatment

of

of the Ryots: the Petitioner's mal proceedings in
this respect rendering him deserving rather
of punishment than of any indulgence.- As
to his heavy claims for money alleged to
have been lent and still due from the
Turlah Family, for which he pretends
to hold Bonds of the late Zemindar,
it appears to me that it will be ne=
=cessary before coming to any conclu=
=sion on them, that an investigation
be made into the circumstances
under which they were executed;
as well as to go into proof, as to what
valuable consideration may have
been given for them.- Into such an
enquiry I shall be prepared, in my judi=
=cial capacity, to enter, on the Petitioner
preferring his claims in the regular and
prescribed manner.-

18th. Krishna Chendra Soor complains,
among other things, that I prevented his dis=
=playing the insignia of a Rajah; and
that I did not receive him on visiting me
with the ceremonial due to his dignity.-
I certainly did prevent his assuming the
state insignia of Zemindar of Turlah, in

my

13384 Fort St. George 21st. September 1818.

my presence; the old Zemindar being actu-
=ally there at the Station, protesting against
this unseemly usurpation of his rights. Under
the circumstances, his assumption of the
insignia of Rajah could only be regarded
as a piece of impudent presumption.-
He further complains of my having de-
=tained him for some time at my Cutcherry
preventing his return to the Jurlah Country.
I beg to state that I deemed this precaution-
=ary measure absolutely and indispensably
necessary to prevent contention and serious
disturbances arising in the Zemindary.- It
was plain, from his previous conduct, and
with the encouragement he seems to have
got, that he was not likely to rest quiet
without pushing his pretensions by force:
and the same consideration precluded
his prompter Mundeshems immediate re-
=turn to the Zemindary. Being responsible
for the maintenance of the peace and good
order of the Country, I trust that in thus
acting according to the best of my judge-
=ment, I shall be considered by the Board and
the Government to have exercised a proper dis-
=cretion in this instance.-

Translation of an Arzee to C. B. Smollett Esqre Acting Agent to the Governor in Ganjam by Narain Soor Burree Chendana Deo Zemindar of Surlah. Dated Wednesday the 12th Magah Sooddah of the year Crodhee or 14th February Received 24th February 1848.

I am in my old age and having no legitimate offspring the people of the Country are asking me whom I would appoint as my heir, to succeed to it after my death. There are two legitimate Kinsmen or relatives of mine by lineal descent, who from [illegible] generations have been separated from my Palace. They have had each three sons, of whom two of the sons of Chytaneah Soor have died out of the three sons of Gouracheudra Soor, my Rajah and Mahadavy with mutual consent, applied to both Parents and obtained Ramachendra Soor the middle son, whom we determined to adopt as our son, and have kept him with us. You are my Master and lawful Authority. He is the only heir to succeed to the Estate after our two persons Rajah and Mahadavy's death, which I state for your information.

Translation of an Arzee from Sree Narain Soor Burree Chendana Deo Zemindar of Surlah to C. B. Smollett Esqre Acting Agent to the Governor in Ganjam dated 19th October 1848.

From my arzee dated 12th Instant you may have been pleased to understand the whole of my circumstances. I am now far advanced in years, and have no Sons. There are two lineal legitimate branches of our family namely, Chytaneah Soor, and Gouracheudra Soor, each of them having had three sons respectively. I had determined to take and adopt a son of Chytaneah Soor, as my son and successor but unfortunately his eldest son died. I then intended to take his next son, but he also died. Hence I broke off the intention of adopting a Son, concluding what is destined by heaven, would befal, after our (the Rajah and his wife's) departure from this life, and I refrained from taking further steps in the matter. Having resolved to give the Saloot to Doovadah Choudary family on leave, they objected unless I would adopt a son because they were doubtful as to what might

might happen in the event of my decease and I replied to them that the two sons who I had proposed to adopt had both died, and asked whom they would suggest that I should adopt. They answered whomsoever both of you /the Rajah and wife/ would select, with mutual consent, will be agreeable to us, I considered, if I should adopt Chytaneah Soor's only son, he would have none to perform his rites/funeral &c/ and I therefore determined to adopt Gouracheendra Soor's middle son /2d Son/ named Ramachendra Soor, which I also reported to your Hoozoor. Now the Dovadah family not satisfied with this, have joined with Chytaneah Soor, and are creating disputes. They have at last withheld the payment to defray my expences, and caused me great trouble and annoyance. I have besides, many other circumstances to represent to you. I am in extreme old age, and unable to proceed to your Hoozoor. I therefore respectfully beg you will be pleased to come over here, or personally to hear my representation. Otherwise you will be pleased to depute one of the two Sheristadars as you

may like, that I may mention the whole of my circumstances to him. I beg you will treat me with full favor, and comply with my request above stated.—

Memorandum of Statement made by Sree Narain Soor Burree Chendana Deo Zemindar of Surlak before the late Manager of Surlak Kimedy on the 5th July 1847.

Krishna Chendra Soor, a Son of Chytaneah Soor a lineal relative of mine was 18 years ago adopted as a son by me and my Mahadavy with mutual consent who for the first seventeen years used to take his meals in our house, and sleep in his own house during the night; about 7 or 8 years ago, being unable to perform the divine obligations, I gave money for the requisite expences, and the ceremony of Krishna Chendra Soor's Upanianum or investure with the Sacerdotal thread was

was celebrated at her house, his father having performed the canonical rites thereof. For the last ½ year I brought, and kept him in my Palace, and allowed to him the ceremonial consistent with my Samustanum. Krishna Chendra Soor has now arrived at the age of 21 years and 6 months, Subsequently in the Month of Thagum of the year Crodee (January and February 1844) I and my Mahadavy with our mutual consent also adopted Ramachendra Soor, a Son of Gowrachendra Soor, another lineal relative of mine; and since then the boy has remained in my house. He is now turned 9 years and 8 months, but the ceremony of his Upparianum or investure has not yet been celebrated. Chytaneah Soor has no offspring surviving except the son that I have adopted. Gowrachendra Soor has two other Sons beside the one adopted by me. Now it is true, that I have adopted both the two sons above mentioned, of whom I request that the Circar will confer the Talook upon the elder the said Krishna chendra Soor after my death, and to the younger Ramachendra Soor I propose to assign one Village or two Villages yielding an assessment of 500 Rupees per Annum. The Villages of Eddavimka

Eddavimka and Bayeelunikah as well as the lands called "Madavykhamar &c" (meaning lands the cultivation of which is carried on under the immediate control of the owner) are given to the Mahadavy; and if there be any deficiency in their income, it shall be reimbursed to her. Krishna Chendra Soor shall succeed after me to the reign of the Country, and conduct himself to the satisfaction of the Mahadavy. The Arzees which have hitherto been written to the Circar in this matter, were addressed by me, out of my own free intention, and not without my own knowledge. I have given this Statement by my free will and consent. I have assigned to the Mahadavy, as above mentioned Villages yielding an income of 1300 Rupees.

Minute of declaration made on solemn affirmation before the Collector and Agent to the Governor in the Zillah of Ganjam of Sree Narain Soor Burree Chendana Deo Zemindar of Purlah on the 30th August 1847.

I and my wife the Mahadavy have with mutual consent, determined to adopt Gouracchendra Soor's Son Ramachendra Soor a boy of ten years of age, but we never did adopt Krishna Chendra Soor Son of Chytaneah Soor. The Renter Doovadah Nundasa Choudary and others strongly urged me to the effect that unless I should address an Arzee to your Hoozoor stating that I had adopted Krishna Chendra Soor as my son and successor to the Country after my death, he would not supply me with any funds for my necessary expences, I was constrained by him to make a Statement to this effect to Vodiagherry Venkatrow Pantoolo, late Manager who came here a short time ago from Purlah Remedy, I and my wife the Mahadavy never did adopt Krishna

Krishna Chendra Soor. - Moreover the said Krishna Chendra Soor is himself the only Son of his father, and is not therefore fit to be taken in adoption, moreover his conduct has not been good. - Under these circumstances I and my wife the Mahadavy determined on adopting the above named Ramachendra Soor, and on this subject, with our concurrent disposition, we have addressed an Arzee on the 12th Magha Soodah of the year Crodhee /corresponding with Wednesday the 19th February 1845/ I therefore beg that the Circar will be pleased to confirm the adoption of Ramachendra Soor. - Upon my death the said Ramachendra Soor is the heir to the Zemindary. -

Appendix No. 6.

Translation of an Arzee addressed by Sree Narain Soor Burree Chendana Deos Zemindar of Surlak to R. A. Bannerman Esqre Collector and Governor's Agent of Ganjam dated Tuesday the 9th of the increasing moon of the Month Badrapadum in the year Plavangah or the 14th September 1847.—

I humbly beg to represent to your honor that during the last fifty years that I have had held the reins of Government of my Talook, I have carried on the Management of it without offence or differences with any person, but now, Doovadah Kundasem Choudary the renter of my Talook, and his brother Byraghee, having combined with and aided by some wicked men, namely Chytanea Soor, Chettoorboojah Cautree, Trelochonah Purrohit Bavurtah Pitnaick, Nugorampilly Govindoo, Sanitarayee Cautroe &c have by fraud and force caused to me great wrong and annoyance to myself and grievous evil to the people of my Talook which they have completely ruined and are endeavouring to deprive me of the earning and injuries that I have been exposed to having become insufferable and the complaint made by the

people of the Country of his injustice, towards them, being unbearable "I beg leave to state" briefly a few of the unjust acts of the renter, fully trusting that your honor will do me the justice to make enquiry and relieve me and my people from the grievous annoyance we have long suffered at the hands of the Renter.—

Byraghee one of the brothers of the renter Kundasem having unlawfully assumed himself the powers of the Police has levied the undermentioned fines, Viz.—

1. Since dispute having arisen among the weavers of Bramanatarlah, who returned the ryots regarding their caste matters, Byraghee the brother of the renter &c seized and set peons upon them, and extorted by force from them a fine of 170 Rupees which he got Colanah Venkiah, Savanapoory, Camiah and Chockadah Camiah, rich merchants of the said Village, to become security for and accordingly collected the money from them, consequently the weavers of the said Village, being afraid to remain there any longer, have determined to emigrate with their families to a Village called Banapore in the Talook of Tekaly, and some of them have accordingly gone there and

and the others are intending to go. This can be proved by Pedalah Joghy, Chuppaty Durvoo Sanapaty Dunchun Runtoo Sanapaty Eesmah & Contoo, Kolinah Venkiah, Savanapoory & Caumiah &c of Bramanaturlah.—

2. He arbitrarily exacted a fine & from a man named Jaggannadon Canzee of Pa: ravembah which can be proved by Kotocoodoo Teady Lutchmen Adekary, Madavah Neela: kah Kautrae and Narain Pundah of that Village.

3. He also by force exacted from Ranarathun Bindarry, Curroomojoo Gooroomoor: ty, Chatradah Eevarandoo, Ramvey Butchen: nah Bytany &c Gold Smiths who are my & Kotursha ryots, of the Village of Woodiapoo: rum a fine of 50 Rupees under pretence of some caste dispute which can be proved by these persons.—

4. He also collected by force of blows a fine of 30 Rupees from the Reddikies, Weavers, and Gold Smiths, who are the Kotursha Ryots of Bramanah Turlah, on a plea that they were engaged in gambling, When as one among them named Sup: pily Yerkoo was not able to suffer the pain of the punishment inflicted, threw himself

himself into a well.—This shall be proved by Golah Ramajogiah Peddulah Juggiah, Sepputtah Daloo Shanapatty, Neelakah Nullah, and Eruah Dalcegadoo.—

5. He exacted a fine of 6 Rupees from a man named Ramalingum a Gold- smith of the Turlah Fort on the plea of his having purchased, from a man named Chen: drigah a pair of Silver Bracelets, alledged to have been stolen.—This can be proved by the said Ramalingum, Govinda pantra & Bytar Ryter of the Turlah Fort, and Rutnah Bindarry of Vodiapore.—

6. In the case of a petty quarrel, & between Undalah Yerkadoo of Poorshotpore and Davary Sawmy Naik, of the Village of Noodee which came to the notice of the renter's brother he sent for him, and caused him to be so severely beaten, by his peons, Condah Narraidoo &c that his death ensued eight days afterwards. This shall be proved by Yerkaloos Wife, Nursingah, a Tongater at Paursumbah, and Undapah Chelimah of Calastah.—

7. A Jeroyety Ryot named & Party Gopinaiko of Pelly Caste having been

been accused of committing adultery, the man of his Caste decided the case, but the Renter having sent for the said Sarty Gopy Naiko, and exacted from him a fine of 20 Rupees which can be proved by Ellamunchellah Appanah, of Donkalapadoo and Pardi Lingadorah of the Village of Gungaroum.—

8. He / the renter / likewise took a sum of 100 Rupees from a man named Sadanpoo under the false pretension, that his Village was Jeroyety and not agrahaarum, which can be proved by Colem Venkiah, Hasanapoo Caumiah, Dottee Ramanah of Bramanas Turlah and Coomurry Naiko, Pullah Ramanah &c of Neelabadrah. Further the renter in like manner forcibly exacted from various people of the Country fines to the amount of Rupees 81 of which I will submit a separate account particulars.—

9. The Renter forcibly cuts down the trees of some Topes situated near the Villages, and those which have long been growing on the banks of the Tanks of my Talook, and carried

carried the wood to the sea ports, where he has built a ship with the material to transport rice. He prosed the Bandies of the Village men for which he paid no hire to them.—

10 The Villagers of Palasah used for a long time to obtain free from payment a supply of red earth from under a Tank there required for the purpose of plastering the walls of their houses, but the renter on this account has levied a tax of one and two Annas from each house contrary to caste and right on a plea that the ground in question is included in his rent.—

11 As a man named Malah Sarty of Rentecottah having severely beaten a woman named Kaitoo, her father complained to Chettrasalah pautro the head man of the place who sent for the said Sarty, and forwarded him to the police peon of the Station, but he Sarty ran away and complained to the renter Kundasum who deprived Banky Nullah the Village Servant of Rentecottah of his hereditarily Meerasy land because he had reported the case to the Makaum peon instead of him the renter this can be proved by Chettrasalah pautro, Curnum Neelacum Patnaik and Banky Apurigah of Rentecottah.—

12 The renter Kundasum has taken under

under his own Cultivation a large portion of land ejecting the Ryots therefrom causing them to plough it for him without payment, which can be proved by the Naidoo and Curnums of the Villages of Godavery pore &ca

13 Bheraghee / brother of the Renter / forcibly compelled the Ryots of the Talook to beat their share of paddy of each Village into rice, and to carry it to the Sea port on their (ryots) bandies without paying them any hire and beat them on refusing to do so, &ca which can be proved by the Naidoos and Curnums of Palasah Bootoocattoor Neelabadrah, Bramanah Turlah &ca Villages

14 The Renter also exacted Chauttayee or one fourth of the grain produced in the lands of the Enamdars of the Talook contrary to Maumool, and to the terms of his Cowle, using every kind of force and violence against the Enamdars, this can be proved by Suggly Guntact Sarte Bebrah Sarte Gooroo, Ruggoo Guntact Pursarumberah and other Enamdars

15 He / the renter / forcibly took half the produce of the Mangoe Topes instead of one fourth thereof as stipulated in the Cowle which can be proved by Suggly Guntact Sarte

Berah and Dohoolah appariah Naidoo &ca of the Village of Chinna Woorlaum

16 He forcibly exacted an additional Cess of 4 or 8 annas from the Motwiphas Ryots of the Talook, over and Extra to the Mamool demand which can be proved by the Weavers Reddikies, Goldsmiths, Culmiongers &ca of Palsah Bramanah Turlah &ca Villages

17 The Renter Nundashum to my great disgrace kept his Concubine in a Munderum newly built by me for the performance of holy ceremonies, and he used to go with her always on Palanquins to Bramanah Turlah, and from thence to my fort. This can be proved by Barah Seetah Sunnasy alliah &ca bearers of Washermans caste

18 He used also to interfere contrary to Custom with the Washermen, Barbers &ca Village Servants, and require them to do his own business, and contrary to the terms of his rent, prevented them from coming to work as usual for me the Rajah, which can be proved by Barah Ramdoo Barber of Palasah, by Punnaga Barber of Boodoovooka and by Cutah and Sunnasy the Head men of the Washermans Caste now living at Bramanah Turlah as well as

by

by Boojabullum Gaurungoo and Padanah of my Fort.—

19. The Renter Kundasham Chowdary Nagrumpilly Govindoo, Banurtah Patnaik, ~~his~~ Chettoorbooja Pautro, Neelacuntah barah and the renter's peons named Appajee and Neelacuntah roy dug up and forcibly carried away 10 Garces of paddy from three pits, stored near Pilah Ramanah's house in the Village of Attacottah (the Mocossah of my puttah Mahadavy) in order to distribute the same as Tuccavy to the Ryots for the ensuing year— This can be proved by Pilah Ramanah Naidoo, Pottina Pursah, Cuppalah Naidoo, Boriky Sootrigah Dundapy Kristnah and Colah Simhoo, of the said Village of Attacottah—

20 The "Shary land" in the Village of Gungawadtah (the Mocossah of my Puttah-Mahadavy) was rented by her to a man named Colah Simhoo but the said Renter and his other adherents, forcibly carried away a part of the Produce, Viz^t. 2 Garces of Paddy— This can be proved by Denabundoo Pundah and Kroostnah Pundah, of Tenlah Coottah and Codagalah Sarady and Cavoot Yanka of Gungadah Village.—

The

21. The Renter Kundasham and Banurtah Patnaik carried away from my Guntaghur two excellent swords of high prices which shall be proved by Balajee barah Shanaganah Padaloo Ruggoo Guntack, and others of my fort.—

22. The Renter forcibly deprived my Mahadavy of all her Shary lands, flogged her Kolahs or the Servants employed in agri-culture, and prevented them, as well as her water bearers going to her, and during my absence at Palasah, Placed peons of the Lotuny Malia all round the Palace where my Puttah Mahadavy was residing— Consequently she from fear of losing her life if she will remain longer, in my fort she proceeded afoot as far as the Village of Gopily, and from thence proceeded to Tenlah Kennedy with a set of bearers and Palanqueen, sent to her and there by her Mother, on hearing of the circumstance— By the wicked act of the renter I was subjected to great dishonest— This can be proved by Stree Pratapah Roodrah Deo, Radah Charanah Poorohit, Raggoo Guntack, Balajee Barah, Treelochanee Talcoor, Ramacuntah-nahunty Dogroo Pautro, Gopie Cherarah, Juggy-Guntack Sorte Berah Sorte Gooroo, and Tursaram Berah-

J

23. I and my Puttah Mahadany deter-
=mined to adopt Ramachendra Soor as our son,
according to the sastras, and appointed him as
my heir to enjoy my Taloob &c after my death;
but the Renter having taken from Lohitinya
soor, the Village of Ithapadoo which was given
by me to him (Lohatinya Soor) as a Mocassa,
promised him that he would obtain for his
Son Kristnah Chendrah Soor the permanent
posession of my Taloob, and accordingly began
to involve me ever since in great inconvenience
and trouble by intriguing for his own advantage
so as to accomplish that my Taloob may
become the property of Kristnah Chendrah
Soor, and with this design he lately caused
it to be Notified by beat of Tom Tom, in
my fort that Kristnah Chendrah Soor, is the
Rajah of my Taloob, and that all men should
obey him, he having deprived my state and
insignias of honor, which he (the renter) gave
to him from my Gentaghire.—

24. At my setting out to the
Hoozoor in order to state all the irregu-
=larities of the Renter, and obtain a re-
=lease from my troubles, the Renter sent
for the people of the Country as per
accompanying

accompanying List, and administered oaths to
them to obey his orders, and to commit violence
against me, which can be proved by Krooshna
=bahadah, Gopebahadah, Nursimmanauze, Dena=
=bundoobahadah Cheretra Ramachendroodoo —
Samagana padaulor. The Renter is committing
several other wicked things of the kind
which I am unable to state.—

Formerly from the year
25
Plavah or 1811/12 to Viswavasoo or 1815/
16 I rented my Taloob to a man named
Cotkah Condulnow Naidoo, of Calingapatam,
for 5 years for at 18,000 Rupees a year, and
your honor would have been acquainted
with his good management of the Country
for 3 years, without compromising my
dignity as Rajah and that he managed
affairs to the satisfaction of the people,
but afterwards when two years of the
term of his rent remained unexpired
(the present Renters) eldest brothers —
named Byraghee combining with some
bad men of my Taloob, began to make
some intrigues to eject Condulnow and
obtain the lease for himself and at
length after much persuation I consented
to

to remove Condulroo Naidoo, and to give the rent to Kundasem trusting that an inhabitant of my own Country would not deceive me, particularly as several decrees had them passed against me, Hee / Kundasem / drawn out a bowle renting to him, the Serogetty Villages exclusive of the Sagheer Villages of my Mahadavies the Topes and the Enams of the Pagodas and Bramins according to Mawmoob for a little sum for 6 years as follows Viz.

For the 1st Year ——— 10,370 —

For the 2 Year ——— 10,870 —

For the 3d 4th 5th and 6th years at 11,370 for each stating to me that the Circar would take all the money on account of the amounts of the decrees of a large sum was inserted in the bowle as they would on the contrary take only small sums on account of the enforcement of the said decrees if only a small is inserted leaving in that case sufficient means for him to pay me for my expenses attendant on my Rajahship thus confinding in the numerous promises of the people to pay me all the sum collected from the Country

Country according to the Khauim or Tushkish Account although a smaller sum is inserted in the bowle but the then Collector of the District did not approve of my thus renting the country to Kundasem when matters were thus standing the renter refused to render to me an account of the yearly collections of the Pollock to give me properly for my expenses and to settle accounts with me and he the renter having got his father Doovadah Peddanaidoo Chowdry to stand Security to Circar for 9,000 Rupees a year on account of the Peishcush of the Zemindary and the amounts of the decrees used to pay the same punctually to the Circar in order to make them understand that he is a wealthy and trustworthy man. Hee moreover prevented the people of the Country from paying to me the undermentioned Mawmools which they used to pay to me as to their Rajah namely about 1500 Rupees on account of Gharanoe and Rupees 250 on account of Kunthoshanagony according to the terms he agreed to at the time the rent was given to him Besides this

this my Mahadavie to rent herself her own
Jagheer Villages and enjoy the revenue thereof
for I did not interfere with them at any
time nor did I ever rent them to any one
together with the Talook as it will likewise
appear by the Cowle granted to the Renter
as the Jagheers were excluded therefrom
but while it was thus, the renter in the
second year of his rent having denied to
geve me money for my expences saying
that what he gets from the Country under his
rent could not meet the Charge Collected
and enjoyed the revenue of her Jagheer Vil-
=lages having drawn out himself and kept
with him a rent Cowle as it was given
by me to him for those Villages therefore
I trust that your honor will conceive by
his writing himself subsequently a rent
Cowle for the Maha Dayi's Villages know-
=ing by their exclusion from the first
written Cowle that I have no Control
over them— He also irregularly Collected
the revenue of the Village of Poonshotta-
=pore allotted by me for the Bogaragam
of the Swamy at Sinnnachellum although
not included in the first Cowle He took
profession

profession of the Tope which was given by me
to Sree Suggunnadasamy at Turlah, although
excluded from the said Cowle, and by his
intending to enjoy the Village of Rajam as a
Mocasah granted to him although it was
inserted in his rent as it will be seen in
the Cowle and by his drawing out subsequent
-ly another Cowle as the Country is rented
to him for a further period of 3 years before
the term of the present Cowle is expired
in order to keep me off all that time from
my professing the Country your honor will
conceive that owing to these irregularities and
injustice done to me by the renter, and
owing to the great inconvenience he put me
into by withholding money for my expenses
I in order to avoid all these inconveniencies
stood silent on the subject of all these his doings
but yet fully trusting that I can be redressed
and released from all my troubles, when
I shall go and represent my grievances to your
honor— Your honor may sometimes think why I
have not stated to the Circar before this about
all these his irregularities, to which I respect-
=fully beg leave to say that I had addressed an
Arzee to the late Collector Mr Smollett requesting
him to go to me himself in person or to send
the

13390 Fort St. George 21st September 1818.

the head Shecrustadar or the Zemeendary Shec-
=rushtadar to hear me state all the irregularities
of the renter as I was from my old age unable
to proceed to the Hoozoor but in vain Consequently
I then resolved to send for Wyrapoowar &ca Sowcars of
my Country and to get money for my expences
through their means appointing any one of them
as my Patroodoo and to demand the renter to
render to me an account of his concern, but he

Ordered that the foregoing
letter be submitted with the following address-

To The Chief Secretary to
Government

(12-13.)

To the Chief Sec.y to Government &c.

Submitting letter from the Agent in Ganjam reporting on the affairs of the Turlah Zemeendary and upon several Petitions in relation to that Property and recommending that Ramachendra Soor be recognized as Zemeendar and that the Agent's proceedings as detailed in his report may be confirmed.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter dated 12th Ultimo from the Government Agent in Ganjam, reporting upon the affairs of the Turlah Zemeendary in his District and upon several Petitions which have been presented to Government or to this Office by certain parties in relation to that property.

2 The circumstances of the Turlah estate and the transactions which have occurred in connection with it for some years past are explained by Mr. Bannerman in his report now under submission with much clearness and in detail. It will be seen that the conclusions at which he has arrived are

That Kristna Chendra Soor Author of many of the Petitions which have been preferred to Government or to the Board or the subject of the Turlah property was not adopted by the Zemeendar Narain Soor Vuzzy Chendra Deo lately deceased and has no title

to

to succeed to that Zemindary.—

That Rama Chendra Soor having been chosen by the late Zemindar in view to his adoption—and having immediately after the old man's death and in virtue of authority duly given by him to that effect, been formally adopted by his widow, should be recognized as his legal heir and his successor in the Turlah estate.—

That the lease of the property held by the Sowcar Kundeshwar Chowdry of the late Zemindar should be considered as having terminated at his death.—

That no debts alleged to be due by the late Zemindar to the same Sowcar should be admitted until they shall have been proved in the Agents Court to be of a bona fide character and to have been incurred fairly and for valuable consideration.—

3 These several conclusions seem to the Board to have been fully established and in laying Mr. Bannerman's letter before Government they therefore beg to recommend that Ramachendra Soor be recognized as the Zemindar of Turlah—and that the proceedings of the Agent in respect to the property, as shown at length in his report, may be confirmed.—It will be observed from Para 14 that

that he proposes to report in a separate letter upon the revenue and affairs of the Samastanum generally, up to the end of the Fasly year just expired—and on receipt of this communication the Board will again address Government upon the subject.—

Para 6, 23, 32, 38 and 45. 4 With the exception of Battaivole, Culdindy and Condapully, the Estates generally exhibit an Increase in the Cultivation and produce both of dry and Wet lands compared with the results of the previous year. In Battavole, the decrease occurred in the Cultivation of Dry lands settled on a division of the Produce, and in Culdindy and Condapully the supply of rain appears to have been insufficient for the Wet lands. With regard to the Dry lands

Warapat and Seerwapat in Battavile, it is observed that the extent of land cultivated is rather less than that of the preceding year, but the difference in the assessment is considerable. The average assessment for Fusly 1255 / 1845-46 entirely on Warapat Cultivation being Rupees 18 - 9. per Cully while in the year under report the average almost entirely on Seerwapat land is only Rupees 14-14-4. The cause of this should have been explained. The circumstances under which the Warapat lands were left uncultivated should also have been noticed. The differences above mentioned are more fully shewn in the following abstract Statement.-

5. The Beriz of 114 Villages rented for one year is Rupees 1,01,359–5–6. Twenty seven of these Villages, as the Board understand, were rented at the commencement of the Fusly for Rupees 2,6,103–5–3. while the settlement was made on the actual resources amounting to Rupees 2,0,555–13–8 5 the settled Beriz thus falling short of the rents in the sum of Rupees 5,547–7–10. It does not appear from this, that any advantage was gained from settling the rents at the beginning of the Fusly. The rents in fact are merely nominal – This point should be further explained – again the Summabundy List of the 114 rented Villages being Rupees 1,01,359–5–6 – and the Estimated amount being Rupees 94,690–9–7 the difference is Rupees 6,668–11–11 whereas the difference as noted by the Collector on the 27 Villages referred to is Rupees 5547–7–10. This discrepancy is not fully shown in the Margin and should be explained.

the Proprietors themselves may be expected by placing or continuing these Estates under the management of the Collector on their behalf in lieu of putting them up for sale for the arrears of Revenue due, and purchasing them on account of Government.

The report of the Collector notices the first attachment of these Estates, under whose particular management the arrears of Peishcush accumulated and the demand and Collections for a series of years with his sentiments as to their future disposal.

Para 2. 11 The Mootah of six Islands was attached under a Precept from the late Northern Provincial Court dated 22d February 1822 in consequence of failure on the part of the late Wasareddy Inggunatha Baboo to produce the security required by that Court in a suit pending against him and his brother Ramanatha baboo, both the adopted sons of the late W Venkatadriaido. The remaining Estates were attached under a Precept from the Sudr Adalut dated 1st February 1820. in connexion with the suit relative to the succession, between the widow of Vasseredy Inggunatha Baboo and Ramanatha Baboo. The management of the Property was conducted by the Collector from 1825/26. to 1835/36 embracing a period

period of 11 years. the latter part of which, 1833/34 and 1834/35. was marked by seasons most disastrous. In 1836/37. the management was entrusted to the Proprietor Ramanatha Baboo, who remained in charge till 1843/44 a period of 8 years when the property was again attached by the Officers of Government.—

Para 3 15 The management, it will be remembered, was entrusted to Ramanada Baboo under peculiar circumstances. The disastrous seasons of 1832/33. and 1833/34 and the disadvantages of a temporary minority management had led to great impoverishment, and it was supposed to great improvement. and it was supposed that an Estate in this situation would sooner be improved under the management of the Zemindar, whose interest was bound up with its welfare, and whose future fortunes must depend altogether upon the success of the efforts to retrieve it from ruin. In this conviction the charge of Nundegamah was placed in the hands of Ramanada Baboo. The experiment however failed in this as in other instances, hence the re-attachment of the property in Fusly 1254/55 1844/45

Excluding the portion of the Zemindary Ventoo, which was separately managed

18. But the Zemindars Collections, as above exhibited, are fictitious, his accounts having been prepared to correspond with the payments made by him into the public Treasury, on discharge of Peishcush. The report of the Commissioner on the Guntoor Zemindaries has placed Government in possession of the real character of Ramanada Baboo's management. It is unnecessary to enter into details in this place. So far the Commissioner sums up "from the Proprietors feeling their interests to be identified with those of their Estates, they were actuated solely by the desire of deriving as much advantage as possible from them to minister to their immediate selfish wants."

19. Mr Porter does not enter very fully into the present condition and resources of the Zemindary. He is disposed to make every allowance in favor of the insolvent Proprietor, but the embarrassment of that individual, public and private, his bad management, and the present decayed state of his property have forced him to the conclusion that the permanent interests of all parties concerned require that the Estate should be sold and purchased on account of Government. He recommends a similar course in regard to Chintalapandy Vantoo, the portion of the Estates, which belongs to V. Bhavany Mootatsawara prasada Naidoo managed by that individual since

To The Chief Secretary to

(19. 20)

Sir,

To the Chief Secy to Govt. B. R. Submitting correspondence with

I am directed by the Board of Revenue to submit for the orders of the &c Right

with the Collector of Bellary relative to certain Bhuteritty and other Enams in his District which were attached by the late Collector Mr. Robertson and have since remained under sequestration. Enclosing a Memo. shewing the Board's recommendation in each case and the reason of the same and suggesting that in those cases wherein Government see fit to admit the claims now preferred the Amount realized from the Enams be refunded to the parties

From Collector 17th April in Cons. 15th May 1848.
To Collector 15th May — 1848.
From Collector 8th August in Cons. 21st September 1848.

Right Honorable the Governor in Council the accompanying correspondence between this Office and the Collector of Bellary relative to certain Bhuteritty and other Enams in his District which were attached by the late Collector Mr. Robertson and have since remained under sequestration.—

2. These Enams appear to have been disputed by Mr. Robertson in consequence of his doubts as to the titles of the parties in enjoyment of them.— The present Collector has

17th April 1848.

with his first letter submitted a Statement shewing all particulars connected with these lands, their extent and Value, the parties by whom they were first held, those claiming the succession, the nature of their titles and of the documents which with their translations have also been furnished adduced in support of them. The Board beg to enclose a Memo shewing in each case the course which they would recommend and their reasons for it.— In some instances they have advised that the grants be continued to the claimants hereditarily, in others for life, and in some few they have recommended their resumption altogether.—

3. In para 4 of his letter of 17th April

April 1848 Mr. Mellor referred to some Circular instructions issued by Colonel Munro respecting this description of Enams.— At the request of the

To Collector 15th May 1848.

Board he has forwarded these orders (with translation) which he states "declare that Bhuteritty Enams are liable to sale, transfer &c." These Statutes do not however appear to the Board to prove more than that the Custom of alienating such Enams was common, and was known to Colonel Munro who did not at that time think proper to interfere with it.— They do not prove that he recognized the legality or propriety of the practice.— The course pursued by Mr. Robertson in respect to the succession to these Enams does not seem to have been uniform, as is shewn by his having admitted claims founded on alienation in some instances, and demurred to such titles in the cases under reference.— In Extract Minutes of Consultation 4th July last the Government directed that notification should be made in all districts absolutely prohibiting for the future the alienation of all Enams, which being unsupported by grants and held simply on the ground of long possession and prescription, were as such

† Enclosure No. 3 in Collectors letter of 8th August 1848.

In Cons. 27th July 1848.

such, as from their nature and acknowledged history and the signification of the term by which they were distinguished must have been undoubtedly given in the first instance for the personal advantage of the grantee. The ne-
/Circular 27th July 1848/ cessary orders have accordingly been issued by the Board to all Collectors. Bhutwuntee are clearly among the classes of Enams whose further alienation has thus been interdicted. But the Board are aware of no reason nor do they perceive any in the Facts submitted by Mr. Sellon which would render it improper to enforce the prohibition for the future in Bellary as in other Districts, altho' the fact of these Enams having hitherto been so commonly alienated in that Province will doubtless be duly considered by Government in their disposal of all claims to succession to such grants founded on past transfers.

4. It will be observed that the dates on which the Enams now reported on were respectively attached, have not been stated but from the fact of their having been registered by Mr. Robertson, they must have been under attachment for several years. No reason is assigned for their not having been earlier brought to the notice of the higher revenue

Authorities

Authorities and it would seem but equitable that in those instances wherein Government may see fit to admit the claims now preferred, the amount realized by the Sircar from the Enam whilst under Attachment should be made good to the parties. The Board beg to recommend that the Collector may be authorized to make the due refund in such cases.

Remarks of the Board of Revenue on the Statement from the Collector of Bellary dated 17th April. In Consultation 15th May 1848.

No. 1. The alienation having been made so far back as 1786 to the family of the present claimant, and the Enam having been in their
Vicramadytien - 57.
Calivahanum. A.D. 78. enjoyment ever since, the Board recommend that it be continued to him and to his lineal co heirs - and that the proceeds which have accrued from it whilst under sequestration be paid to him.

2. In this case the alienation was made in 1812. the party claiming is the widow of the person to whom the Enam was alienated. It does not appear whether she has any Children. The Board recommend that it may be continued to her for

life

life with the proceeds arising from it during attachment, any claims which may be preferred on her death being then taken into consideration.—

3. The alienation in this case dates from 1794. The Board recommend continuance to the claimant and his lineal heirs, with refund of the proceeds derived from it whilst under Amanie.—

4. The present claimant is represented to have received this Enam on gift in 1819 and to have been in enjoyment from that time till its sequestration by Mr Robertson. It is recommended that it be continued to him for life with proceeds derived from it whilst under Amanie - referring to the recent date of the alienation /1819/ it will be for the consideration of Government whether it should be continued after his death.—

5. This seems to be of the nature of a service Enam. The Board recommend that it be continued to the parties by whom the service is discharged, with proceeds arising from it during attachment.—

6. This also appears to be a service Enaiem. It should be continued and the proceeds realized from it under sequestration paid to the claimant who is stated

to have been in enjoyment of it to the time of its sequestration, and to those after him, who may succeed him in the discharge of the duty.—

7. 8. In this case the claimant is the widow of the individual to whom the Enam was alienated in A. D. 1825. The Board recommend that it be continued to her for life, as with proceeds &c as in case No. 4. If she has Children, which is not stated, their case may receive consideration after her death.—

9. This Enam is claimed in virtue of an alleged deed of gift but no documents are forthcoming in proof of this assertion.— The Board think it may be treated as a lapse or that in any case, the Enam should not be continued beyond the life of the present claimant.—

10. The title in this case rests on alleged relationship but this seems doubtful. The Board would propose that the same course be followed in this as in the preceding case No. 9.

11. In this instance the title is derived from an illegitimate son. It may be treated as the two last Nos. 9. and 10.

12. This Enam was conferred only by

by the Village authorities in 1783 and it is not held by lineal descent from the first Grantee. Its alienation to the adoptive father of the present claimant took place in 1816. It may be continued to him for life with payment of such proceeds as may have been realized from it under attachment.—

13. To be resumed there being now no claimant.—

14. This Enam was granted by the Village authorities in A.D. 1799 or but a short time before the cession of the Province to the British Government. The Board think it may be resumed.—

Sir,

From the Agent to the Governor at Kurnool, 31 August 1848. Furnishing a further explanation on Petition No 1100 of 1848 presented by Vencoba Row late Carkoon of Kundicotacoor in Kurnool.—

No 1100 of 1848. From Vencoba Row late Carkoon of Kundicotacoor in Kurnool.—

"Referred to the Commissioner for further explanation with reference to his Endorsement of the 4th May 1848."

I have the honor to reply to the order by your Board appended to the Petition noted marginally under date 2nd August 1848.—

2. The endorsement referred to which is in

of Kundicotacoor in Kurnool.—

Tanakey made in this Village by Bungam Goomastah and consequently does not deem it necessary to supply to Petitioner the accounts requested.—

3. The Petitioner was a Carkoon at the time of the settlement for Fusly 1257. Having at that time stated, made an examination of the Cultivated lands in Cherlacherla, one of the Villages in his range, of which the Barizies Rupees 1754-12-7 the concealed excess cultivation was estimated by him at 51 acres, 35 Goontahs, bearing no assessment of Rupees 18-15 "—

4. Doubts arose whether all the concealed cultivation had been brought to account. A Bungam Goomastah was therefore deputed to make a second examination, the result of which went to prove an excess beyond what the Petitioner had entered in his list, of acres 190 Goontahs 30 liable to a Gootah of Rupees 51-7-11. to which were also added Rupees 30-1 " under the head of Motarpha items, forming a Total of Rupees 71-8-11 which Petitioner had neglected to notice.—

5. The Amildar being called on to submit any explanation which the Reddy and Curnums might desire to offer, it was shewn that the real extent of Cultivation had

had been duly reported to the Petitioner and that when signing the Maharatta Accounts which Petitioner had prepared, the Village Officers considered they were affixing their verification to a correct Statement founded on what had emanated from themselves.—

6. Whether the Village Authorities did or did not withhold a true Statement of the Cultivation, the Petitioner was clearly responsible for the omission above referred to, the Amount of which has been paid without objection on the part of the Ryots liable.—

7. At the time of the Extra Examination, Petitioner was absent at Cuddapah having previously been suspended from Office for six Months for laziness, neglect of duty, and insubordination. I deemed this 2d Offence to be a 18th March 1848 sufficient grounds for his removal from the Carkoonship and directed accordingly.—

8. About two Months afterwards Petitioner returned to the Kurnool District and demanded that the Cherkoocherla Village examination accounts should be submitted for his inspection, on the plea that he had some suspicion regarding them and would let me know the true state of affairs.—

9. The accuracy and justice of the Extra

Extra examination having been recognized by the Amildar, by the Village Officers and further by the best possible test of its correctness- the actual payment of the assessment leviable on the concealed cultivation I did not consider it expedient to comply with Petitioner's requisition- Hence my Endorsement on which the Board have desired explanation.—

10. I infer the Board do not expect me to notice a string of imputations connected with matters in no wise concerning Petitioner and which he would seem to have introduced merely to bespatter the characters of some of the Cutcherry servants and cast doubt on my own independence of action; but should my impression be erroneous, it will afford me pleasure to dispose of them seriatim.—

From the Acting Collector of North Arcot. - - - } Sir,

Returns corrected the letter received with the Board's Proceedings dated 21st Instant in the Matter of a Mootaliqueam in the Vellore Talook also Petition No. 1791 of 1846 in the case. -

Para. 1. I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue of the 21st Instant, remarking on the Enam case reported on in my letter of the 27th ultimo. With reference to Para 1 of this Extract, I beg to say that the designation of Shumsoonissa Begum's relationship to Syed Causim in the table appended to my letter is a mistake, attributable to inadvertence on my part - Fatima Begum left a son, whose name is not stated by any of the deponents, probably because he has been long dead - Shumsoonissa Begum was his wife, according to the concurrent Statements of all parties. -

July 29th herewith returned with the error corrected.

2. Referring to the 2nd Para of the Proceedings under reply, I beg to inform the Board that Syed Causim appears to have been dead sixty years ago, and therefore long before either of the present two claimants was born. It appears therefore that under the order of Government regarding Mootaliqueam Enams the one in question is liable to resumption. I would beg

to

Fort St. George 21th September 1848.

Extract Minutes of Consultation May 9th 1848. Para 7.-

to represent however that in accordance with the instructions of the Honorable Court, the Government have recently decided, that long undisturbed possession shall of itself constitute a valid title to an Enam. It appears to me that when an Enam has been obtained at first by valid grant and been allowed to be retained and transmitted by descent long after the terms specified in the grant has expired, the claimant to it cannot be placed in a worse position than if he had no title to show even for the original acquiring. I would still beg therefore to recommend that the two shares of the Enam should be continued to Meer abbas alli and Meer causim ali; on the ground that the Enam having been allowed to descend in the family through so many successions must be held to have been changed from a personal to an hereditary tenure.- Meer abbas ali is stated to have had possession and enjoyment of the Enam for seven years before he enlisted as a Sepoy.

3. Petition 1791 of 1846 which ought to have accompanied my letter of the 17th May 1848, is now forwarded.-

From Collector 25th August in Cons: 21st September 1848.-

2. The Enam in question, Cawnies 16-15¼ assessed with Rupees 15-9-1- is stated to have been conferred by Nabob Sadutoollah Khan to Syed Cassim as a Mootaligaum Kyratee grant. In the Enam Register for 1819, the Enam was entered in the joint names of the 3 Grand Sons and one Grand daughter of this individual. In 1836 a Tasdeed was issued directing that in place of the 4 persons above referred to who were dead, the names of Cawder Bee and Enam Bee widow of two of the Grand Sons of the first grantee,

Grantee and of Shumsoonissa Begum wife of his great Grand son should be registered. Of the parties however Enam Bee, supposed to be the wife of Syed Cassim's Grandson, Meer Sudder Ooddeen, appears not to have been his wife, and tho' registered has not for many years been enjoying the Enam, and Shumsoonissa Begum died in 1839.-

See Genealogical Table at the end of the Acting Collector's letter of 27th July last.-

3. The persons now claiming the Enam are 1. Cawder Bee already mentioned who seems to have been hitherto in the enjoyment of part of it - 2. Meer Abbas ali Great Grand son of the Original Grantee who is a pensioned Naigue of the 1st Regiment of Cavalry and who is stated to have been in the enjoyment for 7 years before his enlistment - 3rd His (Meer Abbas alli's) Nephew Meer Cassim ali whose father Meer Ebrahim lately deceased seems to have resided on the Enam land and enjoyed his share and 4th Mahomed Sherief Ali Khan brother to the Shumsoonissa Begum already mentioned. This last individual however being the brother in-law only of Syed Cassim's great Grand son, and not of the first grantees blood, can have no claim to participate in the Enam.-

4. The Collector has recommended that the Enam may be registered in the names of the three claimants Meer Abbas ali Meer Cassim ali and Cawder

of this latter who has no children be resumed at her decease, he does not however appear to advocate the same course in respect to the shares of Meer Abbas Ali and Meer Cassim ali observing that although the Enam was originally bestowed as a Mootaliqaun Grant, yet that the Honorable the Court of Directors have recently decided that long undisturbed possession shall of itself constitute a valid title, that when an Enam has been obtained at first by Valid grant and been allowed to be retained and transmitted by descent long after the term specified in the grant has expired, the claimant to it cannot be placed in a worse position than if he had no title to show even for the original acquiring, and that consequently in the present case as the Enam has been allowed to descend in the family thro' so many successions, it may be held to have been changed from a personal to an hereditary tenure.-

5. Under the circumstances represented by the Acting Collector, the Board beg to recommend that the Enam in question be registered in equal shares in the names of Meer Abbas Ali, Meer Cassim ali, and Cawder Bee - The share of this last named party will of course revert to Government on her decease and

Fort St. George 21st September 1848.-

and the Board are not prepared to advise a different mode of proceeding in respect to the two other shares. They would remark that where an Enam may be held without documentary title, it may be doubtful whether it was originally conferred for a term or in perpetuity - but where from the terms of the Grant itself by which an Enam may have been conferred it must evidently have been bestowed in the first instance on a limitted tenure, longer enjoyment in excess of such limit can scarcely be considered to have altered the nature of the tenure itself, and the original conditions may therefore fairly be enforced as they have repeatedly been, and in some cases very recently on the lapse of the Incumbents in present possession - Under this view, the Board would advise, that the shares of Meer Cassim Ali and Meer Abbas Ali be resumed at their deaths.-

Sir

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Acting Collector of North Arcot, dated 8th Instant, requesting that certain forms constantly in use in his Office may be printed and furnished to him.-

2. It has not been usual to print Forms Nos. 2-3-4- and 7 of Mr. Bourdillon's Memo: for the use of Collectors- Forms somewhat similar to 5 and 6 have not long since been struck off at the Gazette Press for the district of South Arcot- and a large quantity of Nos. 8 and 9 is generally kept on hand in this Office for supply to the Provinces on application.-

3. As it would facilitate the despatch of business and relieve the Establishment of the Acting Collector of North Arcot of much labour in the preparation of those documents, the Board beg to recommend that the number of Copies applied for by Mr. Bourdillon of Forms 2-3-5-6 and 7 may be struck off at the Government Press, it does not appear necessary to print Form 4- Nos. 8 and 9 will be supplied from the stock on hand.-

From the Collr of Salem- Bringing to notice the Misconduct of Venkatasien Tahsildar of Paramutty in neglecting the important work ordered to be executed in the Channels from the Cauvery and in the general business of the Taluk both in Revenue and Police matters and consequently recommends his removal to a lower Office-

Sir

I have the honor to submit for the consideration of the Board a copy of a letter and enclosures from the Sub Collector relative to the misconduct of Venkatasien, Tahsildar of Paramutty, in the important work ordered to be executed in the Channels from the Cauvery. I also beg to refer you to Correspondence as per Marginal dates which have already been before the Board

in the Department of Public Works, and for that reason I sought perhaps to address this letter to their Secretary in that Department, but as it is desirable that the Board should take into their consideration the general conduct of the Man, I have preferred doing so through you to bring to the recollection of the Board the correspondence regarding him in 1843 when he was suspended by me chiefly for abuse of authority in the Police Department but restored to

to his situation by order of the Board; he was however found necessary from dissension in that Talook, of which he was the cause, to remove him to another. Wormalares evidence he has again, for causes alluded to in the 8th para of Mr. Mallby's letter to be removed, and he has not only in the Paramutty Talook been guilty of culpable neglect of duty in these important Paramut works, but of actual fraud (which will be reported on shortly thro the Civil Engineer) in charging the rates of prices for work and cost of material and besides the general business of the Talook has fallen into arrears from his neglect both in Revenue and Police matters.

I enclose a copy of an Urzee lately received from him in reply to an explanation required of him by the Sub Collector in that respect, which will strike the Board as being any thing but satisfactory. I quite concur with Mr. Mallby that it was indispensable that he should be removed from the Talook, but as to appointing him to do duty as a Talook Sheristadar. I am informed that he is unfit for that situation in which there is so much wanting of accounts from his unacquaintance with the Mahratta Language, so that perhaps the only situation to which he could be suitably

reduced

reduced would be that of a Police Ameen, tho I don't think there is any good to be got out of him, even in that Capacity from his unfortunate want of command of temper and doubtful honesty.

To
W. E. Lockhart Esqre
Collector of Salem.

Sir,

I have the honor to lay before you the accompanying Memorandum connected with the Maramut Department in the Talook of Paramutty. I have drawn it up in order to shew the extreme delay which has occurred in carrying out the repairs proposed by the Civil Engineer in the Cauvery Channels, which are so important to the prosperity of the Kunjah lands both of that and of the Kamul Talook.

2. I am now compelled to state, that I consider it impracticable to carry on these works by the aid of the present Tahsildar, who has shown himself incompetent to the discharge of these duties.

3. You will observe from the annexed Memorandum that from the time when the Civil Engineers Estimate was prepared till the present moment

ornament no progress whatever has been made in carrying out the Engineers views with the exception of blasting a small quantity of the rocks at the head of the Channel, and some other trifling works.

4. I have stated seriatim the instructions the Tahsildar has received from me at various times with the view of expediting the works. I embodied these in an order to the Tahsildar calling upon him for explanation of the delay and I have the honor to annex a copy of his answer.

5. This answer appears to me to be quite unsatisfactory. The principal object of the Civil Engineer is to prevent the waste of water in the Paramutty Channel, by substituting brick and Chunam sluices for the numerous cuts now made by the Ryots. It is an extremely difficult matter to replace about 400 sluices by 90, the number proposed by the Civil Engineer, and for this reason I ordered the Tahsildar in March last to fix the sites in that portion of the channel where they are of the greatest importance. Making therefore every allowance for the difficulties arising from conflicting local interests and the opposition

of ryots, some progress at least ought to have been made. But the Tahsildar does not shew that he has made any progress whatever in fixing these sites, and the work is now as far from completion as it was two Months ago. The difficulties which the Tahsildar speaks of can no more be overcome hereafter than they could have been during the last four Months.

6. The materials should at any rate have been prepared, and there are several minor works proposed by the Engineer - such as raising the bridges at Vayloor & [illegible], which ought to have been executed long ago, but which have not yet been commenced.

7. I am anxious to do the Tahsildar every justice, and he has in some instances shewn that he was justified in applying for further instructions from the Civil Engineer before carrying out some of the details, but even after making this allowance he has shewn so much remissness or reluctance in carrying on the work, that I consider it indispensable that he should be removed from the Talook, and the work entrusted to some other person.

8. I beg to add that the Tahsildar

was

Fort St. George 21st September 1848.

was removed to this Taluk in consequence of his quarrels with this Cutcherry servants in the Taluk to which he formerly belonged, and I have reason to believe that the same want of temper has proved an impediment to the public interests and given rise to much delay both in these works and in the general business of the Taluk.

9 I have therefore the honor to request that the Tahsildar may be removed from his present situation and another person sent with instructions to aid the Maramut Superintendent in at once carrying out the works. I must leave it to you to decide whether this should be done by removing the Tahsildar to another Taluk or by appointing him to do duty as Shereistadar in the place of a person more calculated to carry on the Government works with activity. Should this arrangement be necessary, I think that the Tahsildar's remissness has fully subjected him to this punishment.

Memorandum

2.

Memorandum.

On the 17th of January the Tahsildar reported the Civil Engineers visit to the Channel

Having heard of the neglected state of the upper portion of the Channel, I gave orders that the whole of the channel should be visited by the Tahsildar himself once in every half year.

At the beginning of March I went to Vayloor, and at my request Mr. Vardon was sent to conduct the works. I requested him to go over the whole to ascertain what materials were required and then to proceed to Vadapaudy and I expected that on his return in about a fortnight the whole of the materials would be ready. I repeatedly told the Tahsildar to take care that every thing was prepared so that on Mr. Vardon's return there might be no loss of time, and I told the Tahsildar to speak with Mr. Vardon on the subject and make himself aware of the details.

On the 16th of March the Tahsildar sent a Petition that the Superintendent might be sent as he was fully acquainted with Captain Birdwood's intentions and the Tahsildar could not state the exact sites of the new Cuts he also stated other objections to proceeding with

certain

Fort St. George 21st September 1848.

certain portions of the work

An order was passed on the 25th of March directing the Tahsildar to prepare the materials against the Superintendents Arrival, and other orders were passed, especially it was pointed out to him that the new sluices from the commencement of the Vadaveer to Vengaray were most important and that he was at once to fix the sites for these and afterwards to report on the rest.

On the 28th March the Tahsildar applied for the services of a Maramut Gomastah He was ordered (on March 28th) to hasten the preparation of the materials, and that his request for a Gomastah would be taken into consideration

On the 18th of April the Tahsildar was ordered to report what materials he had prepared and what advances had been made. (This order he never answered, till the 7th of June see below)

On the 30th of April the Tahsildar reported upon the works in the Comarapalliem Channel, and on the 8th May he was directed to hasten to carry out all but certain works which it was necessary to suspend till further communication with the Civil Engineer.

At the beginning of May the Superintendent

Fort St. George 21st September 1848.

was directed to join the Sub division, as he was then ill, I allowed him to remain a few days at Salem, but told him to write to the Tahsildar to say that he was coming immediately, so that the Tahsildar might be sure to have all materials ready and that no time might be lost.

After all this when the Superintendent reached the Talork there does not seem to have been a brick ready. And.

On the 7th June the Tahsildar wrote two long Petitions offering objections to the work proposed by the Civil Engineer and giving reasons for his not having had any bricks made. This Petition will be noticed at length the below, but it actually appears that he wrote to the Superintendent on the 13th of May to say that bricks and Chunam were being prepared, and on the 12th of June that they had begun to burn the bricks, that he understood that bricks and Chunam were brought to the Nullah, that advance had been made for one lack of bricks, and they had begun the day before.

Thus up to the present time notwithstanding the assistance of Mr. Vardon

the

Fort St. George 21st September 1848.

the Superintendent and a Goomastah, hardly any progress had been made in the work, though I repeatedly pointed out its importance.

Much of the work - such as building the sluices - is extremely difficult, as it involves so many persons rights, and the Annicut to are also difficult to arrange. It was for this reason that I passed the order of the 25th. March directing him at once to prepare the sites of the sluices above Veng anay where they would be most required.

On consideration of all these delays it appeared to me that the work could never be carried out by the present Tahsildar, but before passing any order on the subject I thought it necessary to call upon the Tahsildar for explanation of this delay and the inconsistencies observed between his letters to the Superintendent and his reports to me.

Copies of this order and of the Tahsildars report are submitted to the Collector with this Memorandum. The Collector will observe that the Tahsildar while he speaks of the enquiries necessary before adjusting the sites of the sluices, does not shew that he has taken any steps towards holding these enquiries

Fort St. George 21st September 1848.

enquiries, nor does he explain why the only materials he has prepared are made at Vayloor, where they are less likely to be of use than above Vengavay, where the sluices are of far more importance than at Vayloor. He does not explain why the order of the 18th of April was not attended to, nor does he shew why the minor works sanctioned have not yet been executed.

Translation of an Order issued by F. N. Maltby Esqre Sub Collector of Salem to Venkatasien Tahsildar of the Paramatty Talook.

Captain Birdwood the Civil Engineer has in the beginning of the year prepared an Estimate for certain works to the Vaylour Rajah Voikal in order to promote the prosperity of the Ryots belonging to the Villages along the Cauvery, and you received several Takeeds directing you to have those works executed, but as you have not done so to the present day. I had all your Urzees to the Hoozoor on this subject and the Takeeds thence sent to you read again to me - and find that in your Urzee No. 187 dated 17th January you state that you were with the Captain

Fort St. George 21st September 1848.

Captain Birdwood on the 2d January when he examined the whole of the Rajah Voikal Head temporary dam situated in the above Taluk, and also when he framed the Estimates for blasting the rocks for the Calingulahs, and for brick in Chunam work to the sluices Vizt and you further inserted all particulars about the obstruction in the free passage of water owing to the large number of Trees that have grown up on both banks of the channel. In reply to this a Takeed No 22 dated the 21st January was sent, directing you to remove the Trees viz that have sprung up along the banks of the Rajah Voikal to take measures to gain a free passage of waters, and particular instructions were given to protect the banks, besides informing you that a Takeed will be soon sent directing you to carry out the Estimates made by the Engineer. In March last when I came to Vayloor for the settlement of the above Taluk (Paramutty) I sent for Mr. Surveyor Vardon of the Engineer Department and for you also, with a view of expediting the completion of the works required to the Rajah Voikal, and that he may shew you the manner in which they are to be done. He was informed that they ought to be speedily finished, and you were directed to give advances

for

Fort St. George 21st September 1848.

for the Articles pointed out by the Surveyor so that they may be ready by his return from Sennerydroog after inspecting the Yudapady road, and I personally gave you frequent and particular orders about finishing this work soon. On the 17th of March you addressed your Urzee No 237 to the Board stating that on the 29th of February you received from the Collector this Ordinary Estimate of work to be executed in the Current year, to the Rajah Voikal, that you have drawn money from the Treasury made advances to workmen and for materials and that you are proceeding with and hastening on the work, that as the sites and particulars of work are not mentioned in this Ordinary list you request that the Maramut Superintendent may be ordered to proceed and point them out, that the course of water in the Channel will have to be turned on blasting the rocks, and farther you made mention of certain objections about the brick in Chunam Sluices. In the Takeed No 152 of the 25th of March, you were told to collect the materials required for the works of the Channel, by which time the Maramut Superintendent Vizt will be sent, that you will afterwards.

afterwards receive a Takeed about blasting the rocks that as all the surplus waters running down from the commencement of the Kunjah cultivation of this Channel to the Village of Vengaray flows waste into the Cauvery, and that as it is of the utmost importance to prevent this wasteful expenditure of waters by building the brick Sluices recommended by the Engineer, you were directed to report without loss of time the particulars of the sites at which they should be built as well as of those to be constructed from Vengaray to Kunjah Ediar. You wrote for a Maramut Goomastah in your Urzee 23-248 of the 23rd of March, and received in reply the Takeed No. 180 of the 28th Idem ordering you to advance money and get the Materials ready and that your request about the Maramut Goomastah will be taken into consideration. By the Takeed of the 18th of April you were directed to state immediately and in detail what Materials you have and what you have not yet got ready. To this you did not reply till the 7th of June. In your Urzee of the 30th April No. 281 you state that on the Ramcul Tahsildar Agreeably to the Collectors orders remitting money to you for the construction of Sluices to secure a supply of waters for the Coodoothuray &c. lands, you have made advances for and secured the speedy preparation of

of bricks and Sumam, and you also mention the work to be executed to the Kunjah Ediar Bridge &c. The Takeed No. 180 of the 6th of May contains particulars about speedily executing all the works except those required to the Kunjah Ediar Bridge and to the Sluices to be built in the Comarapollium Channel. The Hoozoor Maramut Superintendent was appointed to Superintend the works required to the above Channel, but falling sick at Salem while on his way, I sent for and gave him verbal instructions to make himself acquainted with the description of Materials required for the works, and as soon as he recovers to proceed to his destination and carry on the above works, he according by wrote to you on the 7th of May, and you in your reply of the 18th Idem, state that advances have been made for Bricks and Chunam, that materials are being got ready, and that you were waiting for him to come and point out the way in which the works are to be performed. In the Takeed addressed to you from the Hoozoor on the 8th of June No. 210 it was shown that you were frequently by Takeeds and by orders issued in person, directed to expedite the works in the above Talook, and that much time has elapsed since money had been issued to

to you from the Treasury.

Your Urzees Nos. 330 and 382 of the 7th reached the Hoogoor on the 9th of June, you therein state that as the sites for the new Sluices have not yet been decided on, you have not made advances for bricks and Saumam, nor did you do so for the other materials, for you say, it occurred to you that they would be spoiled were the Sluice work not carried out after making the advances but that now the Maramut Superintendent requiring them, you request orders about making the advances.

Orders, containing the particulars detailed above about preparing Bricks and Chinam for works to be executed to the above channel, were sent to you, but you have not fulfilled them. You were present when the Civil Engineer framed the Estimate for the Sluices, and if in executing them any objection presented itself to you, you should have either informed him of it, or brought it to my notice when I visited the place during the Pamahundy, but you have done neither, and you have not prepared the requisite Materials, hence it appears that you are incapable of carrying out the proposed works to the channel, I have therefore made a detailed report of the above

Fort St. George 21th September 1848.

above to the Collector and will abide by the instructions I may receive from him.

In your Urzee to the Hoogoor of the 7th of June last you ask for orders to make advances for Bricks and chunam, whereas in your previous letter of the 13th of May addressed to the Maramut Superintendent you state that advances were made, and that the above materials are being prepared, You will therefore immediately report in an explicit manner your reasons for having thus written.

The Maramut Superintendent in his Urzee states that of the 12 spots selected as sites for Sluices in the Comarapollium channel, two are so situated as to have the Level of the bed of the channel much lower than that of the fields they are intended to irrigate, but as with the remaining ten the fields are lower than the channel, the water will flow freely to them, you will therefore without loss of time prepare the bricks and Chunam required for these latter. As it appears both from the Maramut Superintendents Urzee as well as from yours, that if the Punny Mootharoo Calingulah be built the water will not flow in a right direction, you will stop that work alone, but expedite the

execution

execution of the other 5 Calingulahs. A Gaddat has been addressed to the Collector about the Towneys of the rates to three of these Calingulahs which the Superintendent has brought to notice and you are further directed to have the Earth work, the blasting of rocks &c.a, required to the Rajah Voikal carried on as speedily as possible according to the Estimate.

Translation of an Urzee from Tengutta[illegible] Tahsildar of Paramuttay to F. S. Skatley Esq.re Sub Collector in the Fiskal of Salem dated 8th. July, 1848.

I humbly beg leave to state that your Tabid dated 3d. Instant P238 reached me on the 6th. in which it is stated that the estimate for the Rajah Voikal in the Talook of Tiggl.t for replacing the 400 and odd Sluices by 90, made of Brick and Chunam, and for other improvements in addition for constructing sluices in the Coomeraapolliem channel in the Talook of [illegible]

Naracul have not been as yet carried on, that in the event of there being any objection regarding the construction of the 90 Sluices in question, I should have reported it to either to you or to the Civil Engineer, that I omitted to do so; and that it being proved that I am unable to conduct the works in question, a report has been submitted to the Collector on the subject.

Bricks, Stones, cut Stones, and Chunam, for the construction of a Calingula in the Raja Voikal are only getting ready, but not for the construction of Sluices in the Coomeracandoo waste water channel of Comeraapolliem and in the Raja Voikal in question.

I am always endeavouring to carry on all works with activity agreeably to orders.

I conceive that you are aware that in the first instance I wished to obtain vouchers from the Ryots so as to prevent any future dispute in substituting 90 brick in Chunam — 9 Sluices for 400 and odd cuts, and then commence upon the work after

after reporting the circumstance to you and
obtaining your orders on the subject and that
under the impression that the materials col-
lected this year may not answer for the
next in the event of the proposed repairs for
the channel being under any unavoidable
circumstance prevented or delayed in
this season, or that the advance which
may be now made for the materials will
not then be easily recovered. I made no
advance for them. As the above Yaked
contains some orders re-
=pect, they leave to make my reply to them

There are no sites mentioned
for constructing the 40 sluices in lieu of
the present 400 and odd cuts consequently
it is necessary in the first instance to
fix sites for their construction and to
appoint places for water courses on the
Nunjah lands of the Ryots in many Villages
from whom some Vouchers and Muzzer
=namahs should be obtained to prevent any
future disputes, if the sites are fixed and
the necessary Vouchers obtained before
the preparation of the Estimates for the
Construction of the 40 Sluices

the works can therefore be carried on with
greater facility, and the materials procured
without delay by making the required advance.
You are aware of this also.

When I reported all the objections
started by the Ryots against constructing the 40
Sluices in question in my Lrge No. 230 you were
pleased to direct me in your Yaked No. 152 to
fix sites in the Raja vaikal for constructing
Sluices with brick in chunam in order to
arrest the waste water flowing from the
Nunjah lands from Palacorumbos in the
Connercandoo Channel, as also to fix sites
for constructing Sluices from Vengaray to
Nunjah Ediar, and report the same to you.

To fix sites for the construction
of the 40 Sluices in question in lieu of the 400
and odd cuts, as also to fix places for water
courses on the Nunjah lands of the Ryots, in
order that the water may flow freely to all
the Nunjah, the consent of the Ryots of all Villages
should be first obtained by documents
to prevent any future disputes, for this
purpose I will send for the Ryots of all
the Villages irrigated by the Raja Vaikal,

Vizt

Fort St. George 21st. September 1848

Lieut. Brahmins of the aggrar Village of Iyempollium &c. Ryots of the Vellar Village attached to the Kauvy Mootah, and those of the Kumany Villages, and after so settling with them I will make my report on the subject, but this will occupy some time.

In the above order it is stated that I was present when the Estimate was framed by the Civil Engineer for constructing the 90 Sluices in question, and if there was any objection against carrying that work into effect, I should have immediately explained it to the Civil Engineer or to yourself and that I omitted to do so.

The Civil Engineer did not inform me that he prepared an Estimate for the construction with brick in Chunam 90 Sluices in lieu of the 400 and odd cuts in the Rajavoikal, and the Superintendent who was present when the Channel in question was inspected also mentioned nothing to me regarding the Sluice work. If I knew this then I would have immediately informed that Gentleman and reported to you also, that the Estimate for the construction of 90

Fort St. George 21st. September 1848.

Sluices in lieu of the present 400 and odd should be framed after the sites are fixed and the places for water courses appointed with the concurrence of the Ryots in general, from whom a written document should be obtained to this effect.

Estimate has been framed for constructing 6 Annicuts in the Rajavoikal, of which one is to be built in the Punnemoorevoo at the cost of Rupees 190-0-0, but I reported to you that this work should not be executed because Punnemoorevoo is the principal source which supplies waters to the Rajavoikal until its Talacurumboo, which becomes chocked up with earth brought by the rapid current of the Cauvery is cleared off by those who take care of the Curumboo work. The Superintendent also inspected the spot called Punnemoorevoo and reported that the proposed annicut should not be built there. Upon this the work in question has been ordered in the order now received to be post-poned. If I knew when the Estimate was framed for the construction of the Annicut in the Punnemoorevoo, I would have immediately shewn all these reasons to the Civil Engineer to prevent or omit the work

work from the Estimate.

I requested the Civil Engineer to furnish me with a copy of the Estimate framed by him for the ordinary works of the Current Year, in order that I may submit the same to the Hoozoor of the Collector within the period allowed for the transmission of such Maramut accounts, that Gentleman promised to furnish me with the said accounts from Naveli, but when I wrote to the Superintendent who was present when the Estimate was framed by the Civil Engineer, he stated in reply, that the Estimate framed was for the works required in the Paramutty Talook, and only sent me Estimates for Rupees 131-14-6, and Rupees 47-7-"; in all Rupees 179-5-6; the former for the works required to the Edagotty Comarapolliem channel and the bridge in the Rojavoikal in the limits of Paundoomangalam and the latter for the works required in the Nameul Talook, & shewing the places and extent of the works to be performed in each case. I forwarded the Estimate amounting to Rupees 131-14-6 belonging to my Talook with the remarks

as received from the Superintendent to the Collector on the 26th. January with my Letter No. 7. In this Estimate there is no mention made by the Superintendent regarding the works of the Sluices in question.

The 8 Sluices required to be constructed in the Comarapolliem channel at the cost of Rupees 8-15-"-, each, are entered in the Estimate sent by the Superintendent. In the Putties or Lists received from the Hoozoor and from the Tahsildar of Nameul, 11 Sluices at the rate of Rupees 8-15-" each are entered which is required in the Comarapolliem channel, which does not correspond with the former.

Besides this, on the order &c. No. 238 now received it is mentioned, that I was directed in the order No. 185 to expedite the performance of the works of the Sluices in the Comarapolliem channel in my Talook.

In the order No. 185 dated 6th. May quoted above it is further directed that, for the purpose of carrying on the works in the Comarapolliem channel the whole quantity of water running by the west side

of

of the Comarapolliem channel from the ri
Rajavoikal to irrigate the Nunjah lands
attached to my Talook, situated on the South
side of the Comerapolliem channel should
be brought by the Ryots of the Cottoo Lands
Nunjah situated on the South side of the
channel so as to flow into the Comarapolliem
channel, that I should be answerable for
this work, that I and the Tahsildar of Nam-
: cal should in the presence of the Ryots in-
: spect the spots thro' which the water runs and
obtain from them Mazernamah's so as to pre-
: vent any future dispute and forwarded
them with a plan of the spot bearing our
signature to the Hon'ble Board.

In answer to this I submit-
: ted my Dezee No. 330 in which I mentioned
the sentiments of the Ryots regarding this
work, and my having on the 11th. and 31st. May
written to the Namcul Tahsildar who
did not comply with my request, or attend
as required by me up to this date.

I am directed by the order
No. 238 now received that I should get ready
the Bricks and Chunam only for 10 Sluices
out of the 12 mentioned above, and that the

sites for the construction of the remaining
2 appear from the report of the Superinten-
: dent to be fixed in uneven grounds where
the channel is deep and the grounds are
elevated.

I request to be instructed
whether I should wait until the arrival
of the Tahsildar to inspect the sites and
obtain Mazurnamah from the ryots agree-
: ably to the order No. 185 above quoted, or
get ready the Materials immediately for
the construction of the works.

Advances were made on
the 25th. February for the bricks and Chunam
required for the construction of the Sluices
in the above Comarapolliem Channel. 19,000
Bricks and 16 Puddy of Chunam are at pre-
: sent collected, the work is now delayed owing
to the Tahsildar of Namcul not coming to get
the matters settled as required in the order
No. 185 quoted above, You are aware of this also.

In the orders No. 238 above re-
mentioned it is stated that I had written
to the Superintendent on the 3rd. May stating
that the advance was made for the materials

and

and that they were getting ready. while on the 7th. June I submitted a Mezee to the Boogoor requesting instructions for making an advance for the bricks and Chunam required for the work.

I wrote to the Superintendent stating that there is an objection against building the Punnymoorivoo anicut which is one of the 6 anicuts entered in the Estimate to be constructed in the Rajavoikal that the Adders start objections regarding the low rate allowed them for supplying large stones for the construction of anicuts, that the blasting of rocks was going on, that the sites on which the works are to be carried on require his inspection, and that the stones for anicut as also the bricks and Chunam are getting ready.

Before writing to the Superintendent advances were made for bricks and Chunam. on the 25th. April 1,000 bricks and 16 Puddies of Chunam were already collected for the construction of Sluices in the above Comaripollium and Besides this advances were made in 1846

for bricks and Chunam required for the repair of the Channel in question, a portion of the Materials was then collected and a portion of the advance made stood as a balance against the people in consequence of the works not being carried on agreeably to the Estimate. Under the impression that this balance may be now collected in Materials and made use of in the present instance, I mentioned in my letter to the Superintendent that the Materials are getting ready, that at the time the blasting of rocks was going on. Although the large stones for the construction of anicut, and brick and Chunam were getting ready as stated above, yet the attendance on the spot of the Superintendent was necessary required for stopping the anicut work in Punnymoorivoo, which amounts to Rupees 190, and for settling the rate of Stones with the Adders, consequently I wrote to him to that effect.

I submitted a Statement with my Mezee No. 354 dated 5th. Instant with remarks shewing the Stones collected for the construction of the other 5 anicuts in the Rajavoikal as entered in the Estimate, the blasting work carried on, the

the number of Cut Stones and bricks together with the quantity of Chunam collected the spots in which the works are to be carried on and the manner in which the Peons and Daffadar are placed over all these works.

The order No. 337 dated 28th. June, requires an explanation from me regarding the advances made without orders for bricks and Chunam for the construction of godowns in the Rayapooram, while the sites have not as yet been fixed. The required explanation I beg to say has been given in my Letter No. 355.

This Letter and the one marked No. 354 with its enclosure called Hyjeet Patty already submitted, contain all the particulars of the Maramut works to be performed in the Talook, but when these are read to you, I trust I will be exoticated from the charge of neglect.

I always endeavour to obtain a favorable character from you by the means of my activity in the performance of the Circar duties, but my good fame depends on your consideration.

Forwarding with reference to Board's letter of 4th. Instant the engagements taken for 7 Dawstanum Enam Villages made over to Trustees- stating that 15 Shrotrium Villages have not been transferred because the measure is unacceptable to the community & that certain funds are still in deposit as Several surplus funds of Dawstanum

Sir,

In reference to your letter of the 4th. Instant I have the honor to report that the 6 Dawstanum Enam Villages referred to having been duly made over the Trustees, the arrangement took effect from the commencement of Fasly 1257- Copies of the several engagements entered into are herewith forwarded, together with a Translation of one which a slight alteration may be made to answer for all.

2. In their letter of the 22d. March 1847 the Board considered it desirable that the 15 shrotrium Villages under management of the Government Officers should also be transferred

Fort St. George 21st. September 1848.

if practicable, but before this is done they would wish to be informed in reference to the length of time which has elapsed since their resumption, "how far the arrangement will "be free from objection and will be accept- "able to the ryots and others affected by "the transfer"- On this point I beg to observe that on a personal conference with many respectable inhabitants I ascertained that, the bulk of the Community are altogether averse that I should change the practice which has hitherto obtained of maintaining the Dawstanums by granting periodical money payments which they say affords a ready and permanent fund for meeting the expenses of those institutions, and were it otherwise the means would not be available with any degree of certainty. In almost all these Villages the ryots have expressed a decided unwillingness to their transfer to the immediate control of Trustees, tho' assured that every protection will be afforded them for maintaining them in their rights and privileges.

Moreover

3. Moreover on reference to the Statement No. 2 which accompanied my letter, it will be seen that the estimated value, and the actual out-turn of the several villages belonging to each institution differ materially with the Amount of Money payments now made. It will thus appear a matter of some difficulty to effect any arrangement consistent with the interests of the parties concerned.

21st Dec. 1848.

4. Under these circumstances, and adverting to the general sentiments of the Government of India as contained in the 11th para of their dispatch dated 20th September 1848, I am still of opinion that the 15 Shrotriem Villages should be allowed to continue as heretofore annexed to Government.

5. I further beg to state that the sum of Rupees 7,306—3—10 being the Amount of Surplus funds belonging to certain religious institutions having been declared by the Board to be Surplus funds Applicable to works of general utility the Amount continues to remain in deposit as general surplus funds of

of Dawstanums.-

6 I take the opportunity of informing the Board, with reference to their Proceedings dated 10th. Ultimo, that the village of Bommapollium recently ordered to be transferred, has been made over to the Manager of the Pattum, and a copy of his engagement is herewith forwarded.

From the Collector of Tanjore — Reporting on Petitions Nos. 1316 of 1817 and 277 of 1818.

Sir,

I have the honor to report on Petition No. 1316 of 1817 from the Agent of Chocapa Moodelliar claiming the management of a certain charitable Institution at Trivallore, as also on Petition No. 277 of 1818, from the Agent of Vydalinga Pundarum the party in charge of the contested Mudalum.

Chocapa Moodelliar rests his claim to

to the Superintendence of the charity on the ground that his Ancestors had originally endowment it, and had appointed Tumberans to manage its affairs from time to time. The other party Vydalinga Pundarum holds that the endowment was made to the Muddum of Velacooreky, the Head Tamberan of which, has the right of nominating Managers and Superintending the same. Thus the whole matter rests on the right of appointing Tumberan for the conduct of the details and Management of the Cuttay, and the endowment being made for charitable purposes and not for any individual benefit, whoever nominates a Tumberan must preside.

When the Government Superintendance was withdrawn from the Pagodas, and Punchayets and Managers appointed to take charge of the institutions, the best arrangements which circumstances admitted of were made to provide properly for their future Management, and in many instances considerable difficulty was experienced in obtaining the consent of parties to undertake the charge, such however is no longer the case, numbers coming forward to try their chance of admission as sharers in the administration,

and if report speaks truth the profits attending its conduct, and to take up those would be found to increase the number of applicants, create confusion, and continue an interference in Pagoda affairs, which the orders of Government direct us to abstain from.

In relieving itself from the Devastanum management, I imagine the Circar in selecting parties for the future Superintendence of the Pagoda expenses, conferred on them no hereditary right of succession beyond that which their nomination as managers conferred, and as such they were rendered liable to be called to account by any one connected with or concerned in the welfare of the different Institutions; and in the present instance the malversation charged against the Tumberan, and the disputed right to the future nomination, unless fairly settled by a decree of Court, will hardly be set at rest; for the removal of the Tumberan now in charge of the Cuttay would be but changing the name of the complainant, and a final settlement of the case be as far off as ever.

In

Fort St. George 21st September 1818

1st In support of the claim of the Valacoorchy Muddum to the nomination and management of the Annadana Cuttay, several Copper documents have been produced, and on referring to these it appears by the first, that two Villages were granted for the support of the Cuttay in the name of Tiagarajah Pundarum by a former Rajah of Tanjore, the deed being dated 110 years since.

2d A brass deed granting thro Aroonachella Pundarum a certain quantity of grain for the Cuttay, the deed dated 118 years ago.

3d Ditto deed executed 93 Years ago in favor of the Cuttay in the name of Aroonachella Sumberan, granting certain lands situated in Ramnad for the benefit of the Charity.

4th Ditto dated 135 Years since in favor of the Cuttay and in the name of Agorasiva Tiagarajah Pundarum, granting an allowance from the Tondimans lands for the support of the Charity.

Chocapa Moodelliar in his Petition states that all these documents were stolen from the Pagoda and so came into the

Fort St. George 21st September 1818

possession of his opponent, this may have been the case, but as all are in the name of the Sumberans and the genuine character of the deeds not questioned, they must tell against the Moodelliars claims, tho' I cannot from the evidence produced venture to say that these are unfounded, for altho' not supported with such documentary evidence in his favor as the Sumberan produces, there is evidence enough to show that the Moodelliars family have been long connected with the affairs of the Cuttay, as alluded to in Mr. Wallaces letter of the 31st March 1810, Copy of which accompanies the Petition, and in which it is stated a Sumberan with the sanction of the Collector had been nominated to carry on the details of the Cuttay under the recommendation of the late Chockapa Moodelliar in whose family an interest in the affairs of the Cuttay had long existed, and had been permitted. In addition to the keppur deeds alluded to, there are other documents showing the interference of both parties in the affairs of the Cuttay, tending as much in favor of one as the other, and so confused is the whole matter that a decided opinion in favor of either is difficult to arrive at, I can however

See

see no absolute grounds for interference so long as the purposes of the endowments are carried out, and if the expenses of the Pagoda are not properly conducted, Petitioner can prosecute the Manager in the Criminal Court for mis-appropriation of public funds.

Tanjore, Negapatam, 7th August, 1848. } (Signed) J. F. Bishop, Collector.

Resolution thereon; / From the foregoing letter the Board of Revenue are led to conclude that the party at present in charge of the Mutt is the person to whom it was entrusted at the time when the Govern-ment withdrew from all interference with the Native religious institutions of the Country; If this be the case the Revenue Officers cannot now entertain any claim to its Management, which may be preferred by other parties.

39-40

2 The Board do not perceive in the Petitions before them, that the Sumberam Vydalinga Pundarum is charged with Malversation and Mis-appropriation of the Muttum funds. If such an accusation should be preferred and should appear to the Collector to be primâ facie well founded and such as to demand inquiry, he will under the late order of Government in Extract Minutes Consultation of 17th July 1848 proceed to dispose of it under the provisions of Regulation VII 1817 but he will bear in mind the instructions contained in the Extract that resort is to be had to that Regulation only in preference cases, and when the interference of the Revenue Authorities is urgently and obviously called for.

Ordered that the following Endorsement be passed on Petitions 1316. of 17 & 277. 282. 169. & 971. of 1848. respectively.

"Petitioner is referred to the Collector to whom in-structions have been sent on the subject of this Petition."

Sir,

From the Asst Coll.r of Trichinopoly — Accounting for the delay in the transmission of the Abstract of Demand Collection and Balance Statement for July last —

I have the honor to acknowledge the receipt of your letter of the 11th Instant and to inform you that the Statement of Demand Collection and Balance to the 11th of July was dispatched to your address on the 12th Instant and that from the 12th to the 31st July has left by this days Tappal — Although I regret the delay in submitting the said Statements it has been unavoidable from the crippled state of my Cutchery consequent on the long residence of the Sub Collector deputed to examine certain Accounts connected with the Cauvery Bridge — The time of the able Nair Serishtadar has been for several months and during the most busy period of the year devoted to drawing up the said Maramut Accounts, the Tahsildar of Tonniore and the Muzumdar of Conaud has been under suspension, whilst one or two others in my own Cutchery have deemed the opportunity

opportunity favorable for wasting their time, which should have been devoted to the arrangement and preparation of these and other accounts required by the Board, in idle gossip, deceiving others as well as themselves. Had the Moyen Zaubitah of Trichinopoly been more extensive this would not have been more extensive this would not have much signified, but it is very limitted and the inconvenience of such proceedings cannot fail to be correspondingly felt — The Collections in the Villages have not however been the less attended to, and the last reports received from the Talooks shews the balance only Rupees 422-4-1, the sole reason for which is the non realization of certain sums due on property under sale by the Civil Tribunals —

Sir,

From the Coll.r of Tinnevelly

With reference to the latter part

Fort St. George 21st September 1848.

Sir

I have the honor to transmit for the consideration of the Board of Revenue a part of the concluding para of the Extract from the Proceedings of the Board of Revenue under date the 12th June last, I have the honor to inform you that no tenders have been as yet received for the Chunk rent for the Current Fusly 1258, although every endeavour has been used to obtain them-

2. As there is no prospect of an offer being made, I request the orders of the Board to conduct the Chunk Fishery for Fusly 1258, under Aumany, for which purpose an advance of Rupees 12,000 will be required for the payment of Divers and Sibbendy as per annexed list, for which I request you will be good enough to obtain the sanction of Government. Should any offer be hereafter made I shall not fail to inform the Board, the Aumany System being objectionable in many respects-

From the Collr. of Coimbatore.—
Affording explanation with reference to Petition Nos. 514, 577 and 578 of 1845.—

Sir,

I have the honor to return the three Petitions noticed in the margin bearing the Boards endorsement from certain Merchants at Cauvoor—

No. 514 } 1845
" 577 } 1845
" 578 }

2 The Petitioners prefer charges of bribery against the late Serishtadar of the Sub division, and also complain of certain additional tax imposed upon them—

3 In consequence of material discrepancies in the Statements of the parties who were examined by the late Acting Sub Collector Mr. Daniell Mr. Bird considered the first charge unproved which was dismissed accordingly.—

4 With reference to the 2d point it appears from the report of the Sub-

Collector

Collector that the levy of the additional impost complained of, is improper, the tax on Shops having been made a personal one, and imposed upon as many persons as were found trading in one Shop—The Parties exercising the profession of diers, have for the first time been assessed, and amongst the washermen the Junior Members of a family assisting the Seniors were also taxed for the first time—

5 The aggregate amount charged in the Settlement of Fusly 1254 / 1844/45 on the above account was Rupees 91—9—5 the recovery of which has been suspended, the Parties most vehemently protesting against the novelty and justice of the demand—It has been discontinued in the subsequent years and the Petitioners have therefore no just grounds for complaint—

6 As connected with this matter Mr. Bird observes that the "variations of "the Maturpha are so great in all parts of "the Country that unless we are guided by "Established customs in each instance, the "whole system ought to be revised. Partial "changes when the burden is increased naturally felt

felt to be grievances and give rise to dis=
=content=" and coinciding fully with this opinion
I beg leave to request the permission of the
Board to expunge the amount improperly
charged in 1254/1844/45 (Viz^t. Rupees 91-9-5) from
the accounts of that year.—

7. A further Petition N^o. 555 of
1845 addressed to Government and bearing upon
the same subject is also returned herewith—

Coimbatore 18th August 1848 } (Signed) J. C. Wroughton
Principal Collector

Ordered that the foregoing
letter be submitted with the following Address—

To
The Chief Secretary to
Government

50-51

To the Chief Secy. to Government—

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Principal Collector of Coimbatore dated 18th Ultimo, on the subject of Petitions N^o 555 of 1845 referred to him direct by Government and on Petitions 576 577 and 578 of 1845 of the same tenor sent to him from this office

Submitting letter from the Principal Collector of Coimbatore reporting on certain Petitions forwarded to him from Government as well as the Board containing general charges of bribery against the Sub-Division

Sheristadar of his District and complains of additional Moturpha Assessment having been levied. Observing that the charge of bribery has been investigated and dismissed for want of proof and recommending that the amount of Moturpha tax outstanding against the parties be written off in the accounts and that Government forego any further Demand until the revision of that tax in this District takes place

2. In these Petitions the parties prefer general charges of bribery against the Sub Division Sheristadar of Coimbatore, and complains of additional Moturpha Assessment having been levied upon themselves—

3. With respect to the first of these subjects it will be seen, that the charge against the Sheristadar has been duly investigated and dismissed for failure of proof— With respect to the second it would appear that in Fusly 1254 Moturpha was assessed in the case of certain Shopkeepers and Washermen contrary to previous custom as a personal tax, upon each of several persons carrying on trade in the same Shop or of the Members of a family engaged in the same occupation— Dyers also seem for the first time to have been subjected to the tax— The assessment however appearing to the District Authorities to be unusual and improper was not enforced in that year, and still remains as a balance against it, and the demand has not been repeated in any of the succeeding Fuslies—

The

4. The general question of Moturpha &c is at present under consideration, and the Board in their Proceedings of 27th. March 1848 have expressed their intention to revise the assessment of that Tax in the different Districts successively - Mean-while, altho' its extension to the class of Diers in Coimbatore seems unobjectionable in itself and consonant with general practice; it does not appear to them that the existing local usage in regard to the levy of this impost should be departed from, and they would therefore recommend that the Amount Rupees 91-9-5. outstanding against the petitioners for Fasly 1254 be written off in the public accounts and that pending the revision of the Moturpha tax in Coimbatore, any further demand against them of the same nature be foregone.-

Sir,

From the Superintendent of Roads.

Para 1. In making and improving the Trunk Roads I have made arrangements for forming wide avenues of fruit bearing trees, and for marking out the road ground by a line of palmyra trees on each side or by hedges, as fars as the roads go through dry Cultivation or waste lands. But where paddy fields are crossed and between hamlets, it is not practicable to continue avenues of the same kind, the wet ground not being suited to any kind of fruit bearing tree exceept the Coconut and the narrowness of Streets not admitting of wide spreading avenue trees. The Ryots are generally willing to undertake the care of the trees on the condition of their being free of tax according to the orders of the Board, Department of Public Works, dated 10th August 1847.-

Intimating that the Ryots are generally willing to undertake the Care of Trees on the sides of Roads on condition of their being free of Tax according to the Board's orders. Requesting to be informed if Cocoanut trees so planted will entitle the Ryots to the remission of part or whole of the Tax, and appending a Memorandum shewing how the remission might be carried out.-

Minute No. 156.-

2- Although no such exception appears in these orders, I believe that Cocoanut trees are not meant to be included, and I have the honor now to request information on this point, and at the same

same time to suggest that cocoanut trees planted by the Ryots by the sides of public roads in such spots as are pointed out by the Collectors or Engineers either the whole or a portion of the usual tax may be remitted. The drawing of toddy from such trees may be prohibited if it would interfere with the abkarry Revenue.

3. I have appended a Memorandum which I have proposed to circulate with the object of shewing how the remission of tax on road side trees is to be carried out.

No. 1.

General Rules for the Trunk Roads.

+ Mint. Cons: No. 156. 10th August 1847.

According to the Regulations,+ the width of ground for the high roads is to be 40 Yards except in streets of towns or Villages, where it ought to be 20 Yards.

When houses and walls that are closer than 20 Yards fall down they are not to be rebuilt without permission of the Road Department and Collector.

Neither is any new house

or hut to be built within ten yards of the Middle of the road. It must be reported if any one acts contrary to this order.

In dry ground and waste, the width of the road ground is to be invariably 40 Yards.

This boundary is to be marked in one of the following three ways.

First, if the road runs up or down a hill, it must be marked by ditches or outside channels. These channels, at the top of the hill are to be one yard wide at top, One foot deep and one foot wide at bottom. Lower down the hill they will be larger. The width at top must be three or four times the depth.

Second, By palmyra trees, sown in the Month of September, one seed in ten yards or 352 seeds on the two sides in one mile.

Third, By a hedge or bank, or ditch and bank, or by small trees planted near together, or by a mudwall. Prickly pears cannot be permitted.

If the road goes along the sides or foot of a hill then there must

must be an outside or Check Channel for the boundary near the high ground- On the other side may be palmyra trees, or hedge, or mud wall or another Channel-

If the road goes through gardens or irrigated land then the 40 yards will not always be taken, but only as much as is necessary to preserve the side slopes from injury- No Cultivation is to be Carried on nearer than five Yards to the bottom of the side slopes- If the road be raised less than 1½ yard, then at least 29 yards of ground will be required in gardens or paddy fields- If it be raised 1½ to 2½ Yards, then 35 Yards will be required, and 6 yards more ground for every yard additional height of road-

The boundary of the road ground in paddy fields and gardens within which the ryots are not to Cultivate, is to be marked by a small bank or maruppoo-

These boundaries are always to be made neatly and properly according to the instructions of the Road Department-

Wherever the road is

not raised more than half a yard above the adjacent ground, there should be inside Channels- Inside Channels are to be 1 to 1½ yard wide at top, 6 annas to ½ yard wide at bottom, and 6 annas to half yard deep- The distance of inside Channels from the middle of the road is to be 10 Yards, or 20 Yards from one to the other-

Wherever the road goes up or down a hill, the inside Channels should be broken off for ten Yards in every fifty and the water from them led by an oblique Channel into the outer Channel- Otherwise the water from the top of the hill, all running down the inside Channel, would make it deep and the side of the road would be disfigured-

Wherever there are hollows or low ground on the right or left of the road the inside Channels or the outside Channels should be made to communicate with them so as to lead the water off-

Avenue trees are to be fifteen yards from the middle of the road or thirty yards apart across the road- The length from tree to tree is to be twenty yards- The road Coolies are to sow seeds of tamarind

Tamarind trees in the month of June. The seeds are to be collected in the month of February or March and care taken that they are not eaten by worms. Tamarind or Illoopie seeds are also to be sown in pots, a small hole is to be made in the bottom of each pot and a bit of tile or pot put to cover the hole. It is then to be filled with earth and four seeds planted in it. The pots are to be placed in roads and raised off the ground by bricks or stones and are to be kept near a tank or well in order that they may be watered in the dry weather, a mud wall or hedge is to be made round the pots to keep off goats and Cattle. After one year, when the plants are grown up the strongest one only is to be left in each pot. The others may be put outside. By watering the earth in the pot will sink down. New earth is to be put to keep it full.

After the plants are four years old they are to be planted by the road side in the month of May, and they must then be protected, each tree by a mud wall and bushes.

If a Ryot will take the

trouble of planting, watering and preserving the trees he will have the fruit without tax. If he wishes to do so, he must prepare the trees till they are 2 feet high and bring them to the road in the month of May and put the wall and hedge round them. Having done this he will take a certificate from the Road Overseer or Maistry. This must be countersigned every years in the month of May, until the tree is 1/2 foot thick, when he will obtain a register Ticket from the Superintendants' Office and may gather the fruit of the tree ever after. The trees in the avenues are not to be lopped or cut down without permission of the Superintendent of Roads.

The Board of Revenue observe

2.

in the rules referred to by the Superintendent no restriction is made as to the description of avenue tree to be planted. In the general

rules

rules for regulating the planting of Topes and Trees sanctioned by Government on the 14th. January last it is prescribed, that the produce of Trees or Avenues planted by the Road side in such a manner as the District authorities shall approve shall be enjoyed free of tax by the individuals or Village communities who may have planted them.- These rules however are expressly stated not to be applicable to Cocoanut trees, but under the circumstances represented by Captain Best, the Board beg to recommend that exemption from Assessment be granted for trees of this description also when planted by the Road side in single rows, and in such situations as may be approved by the Revenue or Engineer authorities on the usual condition that if the trees are kept for Toddy the produce be not disposed of to any others than the Abkarry Renters.-

To, Major General The Right Honorable Sir Henry Pottinger, Bart G. C. B. Governor in Council

Yeu Vea Yeu

Right Honorable Sir,

In obedience to the orders of Government conveyed in Extract Minutes of Consultation as per Margin, we have the honor to report upon the comparative cost of purchase of the property on which the Madras University stands for the purpose of its being appropriated to the location of a Regiment of Native Infantry and the continued rental of the Buildings Veu now so occupied at Vepery, and to submit a Plan shewing the position in which we propose that the new buildings shall be placed

placed, as this allotment however differs from that before shewn by the Quarter Master General of the Army, in-as-much as that Officer appears to have contemplated the conversion of the present dwelling house into a place of Arms and Hospital, we return that Officer's Plan received with the despatch now under reply, and beg respectfully to point out that sufficient vacant space does not remain for drawing up a Regiment whether in line or Column.-

2.

In the rough Estimates annexed, we have calculated the probable cost of building huts for the Regiment according to the Plan now followed consisting of low mud Walls and roofs composed of sticks, bamboos, and Palmirah leaves, or straw; also for building of a somewhat superior quality composed of sun burnt brick in clay and Tiled roofs. This we have introduced as affording additional means of security against fire crowded as these lines will, in our opinion be, and under the fear that if once a fire breaks out, it will scarcely be possible to save either the huts

or their contents, and may be the publick Buildings including the Magazine.-

The rent of the buildings now occupied at Vepery is, per annum ——— Rupees 4,494 —a—a—

The average Cost repairs executed at the escpence of Government is per annum ——— Rupees 220 —a—a—

Total annual Cost Rupees 4,714 —a—a—

The purchase of the building and grounds occupied as an University will be ——— Rupees 27,000 —a—a—

Cost of new building for a Regiment of Native Infantry according to standard Plans ——— Rupees 21,000 —a—a—

Huts as at present ——— Rupees 4,400 —a—a—

Rupees 52,400 —a—a—

If huts of a more permanent Character are provided, their Cost will amount to about Rupees 34,000, making the Total Cost of the ground, buildings &c. to the state Rupees 82,000 some small reduction might probably result in the balance between the escpense of taking down the present buildings and the Sale or appropriation of the materials, but the house is old and we believe the amount to credit would

would be but trifling-

3- We have enquired of the Proprietor of the Buildings now occupied as a place of Arms at Vepery, to state the Terms on which he is willing to part with his Property, and beg to submit a Copy of his reply- The conditions he proposes Viz.t the Assignment of land that now yields to Government a Revenue greater in amount than he receives for his Property in perpetuity to him and his Heirs.-

No. 4-

To,
The Secretary to the
Military Board-

Sir,

I have had the honor to receive your letters of the 14th and 25th Instant-

The subject of those communications have occupied my best consideration, as I am desirous to meet the wishes of Government to enable that authority to give the Sepoys and their families better accom= =modation than they have at present-

The lease of the Ground now occupied by the 28th Regiment N: I: will expire in December 1849, and the rent I receive is 374- 8- Rupees monthly, which includes the keeping in repair the Hospital, Quit Rent and Assessment for the same, amounting annually to Rupees 400.-

The

The Building which the Mess House within these Grounds, is placed at the disposal of Government for occupation by the men, but I am sorry to observe it is now falling to ruins which is not in accordance with the terms of the lease, as therein it is stated that Government should keep it in repair. The 3 Bungalows also are occupied by the non commissioned Officers and Stores, under the same condition.-

The place of arms constructed by the Government on the termination of the Lease may be removed agreeable to the tenor of the lease.-

Having enumerated the terms &c. on which the Buildings are held, I beg to observe that in the immediate vicinity of the Barracks, 4 Companies of Sepoys with their families are accommodated on a piece of ground for which I receive a monthly Rent of 35 Rupees, but included in the total sum of 374 1/2 Rupees as before stated.-

The Board have requested to be informed if I will consent to dispose of the whole property" and in reply, I beg to make the following proposal for the consideration of your Board and orders

of Government.-

I am anxious to preserve Landed Property for the benefit of myself and family and those that are to come after us, and I beg therefore to state my willingness to transfer the whole property, yielding us an annual Rent of 4494 Rupees on the condition that Government will be pleased to make over Landed Property in the District of Chingleput or Nellore (but not exceeding a Distance of 40 or 50 Miles from Madras) of the same value.-

This arrangement will give over to the Government the Buildings now on the Ground and at present my Property.-

No. 5.-

To, The Secretary to the Military Board.

Sir,

With reference to my letter of to your communications

of the 11th. and 25 Idem, I beg to inform you that on a further consideration of the subject of the disposal of my Lines at Vepery, I think it advisable to c= state specifically the terms on which I am disposed to part with the property in question.

2- I beg to say that I will consent at once to cancel the present lease and transfer the c= Premises &c. permanently to the Government on a c= grant of Land being made to me in the Chingleput or Nellore District yielding an annual Revenue of Rupees 3,500 which is much less than what I now c= receive for the Vepery Barracks.

Secretary Military Board.

It appears to the Right Honorable the Governor in Council that the University compound is not well suited for the location of a Native Corps, being much too confined and that it c= would be a preferable arrangement to c= purchase the ground now occupied in c=

Vepery, with a view to its being rendered thoroughly fit for the purpose, provided it be found practi= cable to accede to the terms proposed by the c= Proprietor.

Resolved therefore that the c=

2- papers be referred for consideration in the Revenue Department.

(Signed) C: A: Browne Lt. Colonel.

Secretary to Government.

Ordered that the foregoing c=

1- Extract, and the communications from the Military c= Board with their enclosures, be transmitted to the c= Board of Revenue, for their early report on the c= tender of Cummiah Chetty to transfer to Government the Lines and Premises at Vepery now occupied by the 28th. Regiment Native Infantry, in exchange for a grant of Land in the Chingleput or Nellore District, yielding an annual Revenue of Rupees 3,500.

The Board will state distinctly

2- whether they see any objections to the arrangement c= either in a revenue or other point of view, and c= whether the terms proposed are, under all the c= circumstances

circumstances, reasonable, and such as may be ca
approved-

Sir,

I am directed by the Board of Revenue to forward to you the accompanying Copies of two ca communications addressed to the Military Board by C: V: Cumiah Chetty proprietor of the ground at ca present occupied by the Vepery lines and under lease to Government, and in reference to Para 3 of the letter of 27th July last to request that you will ascertain and report the amount of Quit Rent and assessment payable respectively upon those premises, as also that you will obtain from Cumiah Chetty and submit to the Board a Statement of any further sums which he may have expended on account of the ground and buildings annually, for the last five years-

From the Secy: to Government

Containing observations and orders on the Board's Proceedings ca relating to the Settlement of Land Revenue of the District of South Arcot in Fusly 1256-

Extract from the Minutes of Consultation, ca under date the 14th September 1848-

Read the following Extract from the Proceedings of the Board of Revenue-

Relative to the Settlement of Land Revenue in the ca District of South Arcot ca for Fusly 1256-
A: D: 1846/47-

(Here enter 24th August 1848-
No. 449.)

The quantity of land under ca cultivation in South Arcot in Fusly 1256 ca both in wet and dry as well as in Garden ca lands exceeded the extent cultivated in the ca year preceding in the aggregate amount of 82,921 Cawnies bearing an assessment of Rupees 43,290- but notwithstanding this, the high prices of the year, the smallness of remissions demanded and ca granted, and the punctual collection of the ca Revenue, the Collector is inclined to consider the ca season to have been only tolerably favorable ca and the produce deficient. The Board of Revenue combat this opinion and the reasons they adduce for

for differing with the Collector satisfy the Government that the conclusions they have arrived at, are correct.

2. The Settlement of Fusly 1256 when compared with that of Fusly 1255 shews an increase of Rupees 4,08,099-7-11-

Fusly 1255	Rupees	20,29,444-11-11-
Fusly 1256	"	24,37,544-2-11-
Increase		4,08,099-7-11-

3. The continued improvement in the Cultivation and Revenue in the Talooks of Chillumbrum and Manargoody depends on the lower Coleroon Amicut is very satisfactory and the Government notice with pleasure that the Vadavar Amicut has already contributed in some degree to this improvement. In the 6th. Para of their proceedings the Board wisely caution the Collector vigilantly to guard against the abuse of the Durkhust system which the advantages from the works of irrigation now in progress tend to encourage.

4. The Governor in Council fully approves of the directions of the Board in the 9th. Para of their proceedings and is surprised that the practice which he had supposed was followed in

Vide Extract Minutes of Consultation dated 14th. Septr. 1848. No. 1001.

in all Districts of requiring one years full assessment on land held on Cowle before permitting its relinquishment has not been enforced in South Arcot and Trichinopoly.

5. Of the demand amounting to Rupees 24,37,544-2-11- a balance of Rupees 1,02,729-7-4- was outstanding at the enclose of the Fusly, which has since been reduced to the trifling sum of Rupees 4,140-15-4. The arrears of former years have been reduced from Rupees 159,537-15-6 to Rupees 24,309-2-5. The Collections on this account within the Fusly were Rupees 93,720-9-8 and from that date to end of June 1848 Rupees 628-5-11- The remainder Rupees 40,879-13-6 was remitted under the orders of Government dated 25th. January, 20th. February, 6th. April and 10th. June 1847.-

6. The Collector it is observed places very little reliance on the accuracy of the Statements furnished by the Talook Officers of the produce of Indigo Cultivation in the year under review. It would be desirable if some means were adopted in future years to test the returns received

Fort St. George 25th September 1848

received from the Talooks in some instances, where some more just estimation of the state of the co produce than that now afforded might be co obtained.-

7-

The Right Honorable the Governor in Council is satisfied with Mr. Davis' manage= ment of South Arcot in Fusly 1256 and notices with particular commendation the facilities of personal communication afforded by him the Sub Collector and Head Assistant to the Ryots at the time of Settlement- In Seven Talooks the Settle= ment the Collector says was "concluded by me when "every dispute and objection made by the Ryots on "account of their respective demands was personally e "inquired into and decided in my presence.-

From the Collr of Ganjam. Submits information and Para 1- Sir, I have the honor to acknow= ledge the receipt of your Circular letter of

and his opinion on the subject of taxing improvements in land effected at the expence of the Ryots.

of the 24th Ultimo, with its enclosures, on the subject of taxing improvements in land effected at the expence of the Ryots, upon certain points connected with which information, and the opinion of Collectors, is required, with a view to the framing of a set of general rules, based on an uniform principle, for the regulation of the assessment under such circumstances throughout the Madras Presidency.

2. I beg permission to observe that practically the question, as to the taxation of garden lands irrigated from wells, has little application to a District like this, where a survey field assessment has not been introduced, and within the limits of which I believe a single well of the description referred to and applied to the ordinary purposes of irrigation, does not exist. In Ganjam there is generally speaking no necessity for the construction of large and expensive wells. Owing, I conceive, to the gradual slope of the plains, stretching from the base of the Hills to the Sea Coast, water is, in most situations, procurable at a depth below the surface of from Six to

13582

to twelve feet during the season it is required for garden Cultivation; and the Ryots do by merely facing these excavations with a Circular guard of wattles or wicker work; to prevent the loose earth from falling in, obtain a temporary well that answers their purpose for the season, almost as effectually as a more durable, and at the same time costly, structure. In respect to the Sugar Cane, the most valuable and important description of Crop classed as Garden produce, its cultivation is never carried on here under wells, but situations are selected for the plantations on the banks of rivers or reservoirs, where an unfailing supply of water, can be obtained throughout the dry season, and which are not liable to be flooded during the rains. The same piece of land that has yielded a Crop of Sugar Cane, is not again laid out as a Cane plantation until after an interval of two or three years, during which it is either left fallow, or Cultivated with a green Crop; and persons practically acquainted with the matter, are of opinion, that large permanent wells would not suit for Sugar Cane

Cultivation

Cultivation in any respect so well as the present system at present followed.

5- Looking at the question on a genera= point of view, I should be disposed to think that the scale of exemption from additional demand, which has been proposed by the Govern= =ment, as set forth in the 2nd Para of your letter, would afford the means of reimburse= =ment for the expence of constructing these wells, and give fair encouragement to their construction in Districts where such works are required; but as regards Ganjam, from the facility of obtaining water by temporary excavations, and the want of capital and the extreme poverty of the Ryots generally, I do not suppose that the total exemption of the land from all tax, for the period specified, would lead to the introduction of wells of the description the Board have in contemplation, for the purpose of irrigating garden lands.

Forwarding the appeal petition from Gotaty Canakarauze Luckaruruze Mookundaraudoo and Muntry Lingapah against the decision passed under Regulation IX of 1822 on charges of malversation in the Salt Department together with the Records of the case and explaining that the appeals were not submitted before in consequence of the disappearance of the decisions recorded in English in one case

Sir

I have the honor to forward the accompanying appeal petitions from the parties noted in the margin against the decision passed by me under Regulation IX of 1822 in July 1847 on

1 Gotaty Canakarauze
2 Luckaruruze
Mookundaroydoo
3 Muntry Lingapah
Duffadar

charges of malversation in the Salt Depart-
:ment together with the records of the case-

In explanation of the

2 great delay which has occurred in
violation of the Boards orders in trans-
:mitting these appeals which it will be
observed were presented a day or two
within the prescribed limit of three
months from the passing of the Judgment,
I regret to be obliged to assign a mixture
of neglect and inadvertence, the blame of which
attaches partly to myself and partly to some of my
establishment.-

3 When the Petitions were
presented

presented; I called for the records of the case for the purpose of forwarding them to the Board, and was astonished to find that only one of the decissons in English of which, I clearly recollected having drawn up two was forthcoming, and in the Teloogoo version of the decision, though matter was introduced from both the English papers. it appeared as if there had been but one trial and one decision. The English decision that was missing was that on the charge of forging & false and fraudulent entry in the accounts and as it was the clear proof of this point which completed the presumption of guilt on the other charge of embezzlement, a suspicion occurred to me that this decision had been suppressed in order to favor the Appellants, I therefore commenced a close scrutiny into the matter of the disappearance of the decision The Teloogoo moonshy persisted in maintaining that only one decision had been drawn up in English. the Writer who had written it from my dictation, and who had in the meantime proceeded to madras professed himself unable to recollect clearly

13567 Fort St. George 25th September 1848

but thought there had been only one, He had Serishtadar alone confidently supported my own recollection, and said he distinctly remembered that there had been two decisions, though he could not say what had become of the one that was missing- I was unable to get any further light on the matter, and my attention was diverted from it by Jummabundy and other pressing matters until recently the missing document was found under circumstances which allayed my previous suspicion, and I now forward the appeals- I have reason to think that as I had, tho recording two Judgments, inflicted a punishment only in one, the servant who drew up the Teloogoo decision really supposed that the whole should be entered as one case, and acted accordingly, while the deviation from my intention escaped notice both when the teloogoo paper was signed and in the monthly return for August.

For having fraudulently misappropriated the Government property that is to say salt stored at Peddagunjam in the following instances between the 1st May and 3d July 1847.—

Fort St. George 25th September 1848

The above 10-291 being the deficiency in the quantity of salt found on Examining the remnant of 6 Heaps sold by the defendants after deducting the maximum wastage allowable of 1/2 a Garce per full heap of 10 Garce being 3d class of offence.—

An Arzee was addressed by the Peons

1 Abdul Gaveem Acting Peguste
2 Shaik Soonoo Platform Peon
3 Do. Surwar — Do.
4 Do. Sobah — Do.
5 Do. Meerah — Do.

dated 25th May, read 2d June reporting that contrary to standing orders, that there should be only one heap at a time open for sale at each Platform, the Mootah suddies had opened two heaps on each of 2 of the Platforms and one heap on the third. that they had done this as the merchants had not wanted it they therefore suspected that frauds were going on and begged that Jayerkhan might be sent to examine the piece heaps when the truth would be known.—

On the 17th June, this Arzee was referred with an order to the Acting Tasna-dars B. Lutchmiah to report if the statement

statement was true and if so, why it had been allowed - Lutchmiah replied on the 1st of July forwarding an explanatory statement from the Goomastah Canacaranga 1st Defendant in which he states that certain parties who came to buy salt objected to one heap and he was obliged to open another -

On the 3d July information was given to the Acting Tannadar Lutchmiah by Abdul Ganeem that the fraudulent entry in the accounts which forms the subject of case No. 2 had been made the preceding day the subsequent circumstances are detailed in the decision in that case -

The evidence in support of the charge is chiefly of that kind which in this country is the strongest of all and depending upon the veracity of native Witnesses - that the salt was correctly stored is well known and not disputed by the Defendants the deficiency set forth in the charge is also not disputed by them and the actual quantity misappropriated by each of the Defendants cannot be ascertained, yet as they alone have conducted the sale they are jointly and severally responsible -

But in addition to this general presumption of guilt there is a strong corroborative fact in their making the fraudulent entry in the accounts which forms the subject of case No. 2 had they had any legitimate way of accounting for the deficiency recourse to this fraud would have been unnecessary -

Proof of a similar kind arises from their having in violation of the standing rules kept open more than one heap at a time in each Platform and in keeping the accounts open of the several heaps as they have done for the period stated in the charge beginning so far back as the 16th of February - It is obvious that the design of this may have been to delay the return of the deficiency in each heap until an opportunity might occur by making it up with new salt during the storing -

Lastly there comes the evidence of the Peons, and tho' much weight perhaps might not be allowed to their unsupported testimony coming as it does with the circumstantial evidence above detailed, a case is made out which can leave no question as

Fort St. George 25th September 1848.

as to the guilt of the Defendants.—

In their defence they only urge that this fraud must have been committed, it was not done by them that the Peons thro' enmity had caused the deficiency. But in this case it is evident that tho' the Peons have made repeated complaints of fraud on the part of the Mootasuddies from November last the Mootasuddies had made none against them.—

The Defendants are therefore committed and under this clause First Section X Regulation IX of 1822 they

made false and fraudulent entries in the public accounts of the Salt stores at Pedda Ganjam by entering as sold from heap No. 16 of Platform No. 2. 245 Marcals of Salt, whereas the said salt was actually sold out of heap No. 15 the same being done with the design of concealing the deficiency fraudulently caused in No. 15. Being 4th Class of Offence.—

B. Lutchmiah Acting Tanadar of the Ganjam Salt Stores reported in an arzee dated 3d and read 6th July that he from Abdul Ganeem Platform Peon that on the previous day to two Defendants with the measurer Mottoomunee Soobiah had sold 245 Marcals from one heap and in the books entered it as sold from another as set forth in the charge that he had accordingly proceeded to Peda Ganjam stores, inspected the books and found the entry made under No. 16 whereas the parties who bought the salt and the Peons said that the salt had been measured to them from both 16 and 15. The Nenesindah said that early in the morning he had been storing the salt in another Platform and having walked in the sun he was tired and

died

ded not observe particularly the number on the Board but asked Peon who said it was No. 15 and he wrote accordingly -

The 2d Defendant said that he employed his son to write in his book and did not observe particularly what number he entered. -

The Tanadar also wrote that the same Informant told him if the piece heaps were examined the extent of peculation would appear and he therefore begged that some competent person might be sent to make the examination. -

On the next day a Letter of a similar purport was received from superintending Duffadar at Chinna Ganjam - In consequence of these argees an order was issued on the 8th July to the Bapetla Tahsildar to proceed forthwith to measure the piece heaps - His report dated 11th read the 13th July stated that he set off on the 9th reached Peda Ganjam on the 10th and on that and the following day examined all the heaps that were partially sold - The result was that instead Garces Mds of 31 — 193 there was found 19 - 302 thus allowing for wastage of 5 per Cent or half a Garce per heap - there would remain a

a deficiency of G 10 — Fr 291 only to be accounted for on the supposition of fraud - He added that it was currently reported that all the servants had participated in the peculation and suggested the facility of making up the deficiency in the stored salt from that which was not yet stored and which is heaped on the same platform. -

On this information the Head Serestadar was authorized to investigate the case under Section IX Regulation VII of 1828 His report dated 16th was read on the 19th - His proceedings embrace both the charge of fraudulent entry in the accounts and that of embezzling salt but it appears proper to dispose of the two in separate cases. -

The following decision is therefore passed on the charge of fraudulent entry in the Accounts. -

The fact of entering the sale from one heap as a sale from another is admitted by both defendants The fraudulent design of such entry is abundantly Evident from the statement of the Peons and the fact that it has been made in pursuance of a long continued system of peculation wherein althio to have

more

more than one heap open for sale at a time is contrary to the standing orders of the Department two heaps has been kept open in every platform for the obvious purpose of keeping concealed the true deficiency on each heap until an opportunity might occur of making it up during the storing of new salt.—

Both the Defendants are convicted but as they have been punished in another case on the charges of misappropriation of public property they are not again punished in this.

1. With reference to the accompany=ing copies of a letter from Mr. A. M. From the Collr of South Arcot Furnishing Parah with

Sir,

With reference to the Board's

with reference to the Board's Proceedings 10th July 1818 more detailed information respecting certain Inamdars and explaining the meaning of the terms Dufter Enams.

Board's Proceedings of the 10th July last, I have the honor to state for their information that many of the Inamdars in several Villages of the Talook of Cuddalore, entered in the list of Enams prepared by the late Chief and Council at Fort St. David in the year 1775 were called by the Natives "Dufter Enams" meaning thereby, that they were registered in the Dufter of the then Authorities at this Station.—

2. The 6¾ Annas of Enam land now under discussion does not appear in the above mentioned register, hence it is not properly "Dufter Enam" as generally believed. On calling upon the + Monegar of the Village (a man 66 years of age) to explain what he knew about this Enam, he stated that this land was not entered in the late Chief and Council's list, but that he understood, it had been subsequently granted as Enam by Mr. Collector Taylor to a man of the name of Vencatachelum the servant of one Kitoria Sloper. The present Incumbent is quite a young man and states that he knows nothing about

+ Mootoochey Chumbra Moodely.

about it, but by an old account in his possession for the year Dingala or 1797 it appears that 5½ Annas of land was entered as Enam in the name of Vencatachellum, and not 6¾ Annas of land as now claimed.

3. Veerasawmy Naik and Rungappah Naik the sons of Vencatachellum, the man to whom Victoria Sloper made over the land in the year 1779 as per original document herewith forwarded † appeared before me and stated, that their father up to the time of his death enjoyed this land, and after his demise which took place 7 or 8 years ago, they were in the enjoyment of the same Enam — and on the 13th December 1817 they sold this land to one Suroomoo Purchaser also Corroborates these state= ments; the land in question appears to be Nunjah capable of yielding an annual Teerah of Rupees 8-1-11; it is entered in the Pymash account for July 1214 as Enam in the name of Sloper. In July 1728 in Sum= =mahbundy accounts for the Talook of Cuddalore were first kept, in this account also, this land is entered as Enam in the name of Vencatachellum. —

† to be returned

4. It appears that this land has been in the enjoyment of the seller's family for many years even previous to the passing of Regulation XXXI of 1802, and this not being a grant on account of service, it as must be treated as one of a charitable nature. In accordance with the spirit of the Board's cir= =cular letter of the 27th of July last, I beg to recom= =mend the continuance of the Original grant. It is proper for me also to state here, that this land was sold in December last previous to the publica= =tion of the prohibitory notification. —

tion of the sale of a Maniem in the
Name of one Armooga Moodely to
whom it is stated to have been sold by
the last holders.—

2. From these papers it will be seen that the Maniem in question consist-ing of 6 3/4 annas of Nunjah land and as-sessed at Rupees 8-1-11 is apparently of a somewhat similar description to those which formed the subject of the Correspondence noted in the Margin, and which are denominated "Duffer Maniems" still differs from them in so far that it is not entered in the Register furnished by the late Chief and Council at Fort St. David with their Report of the 22d October 1775. it appears that two pieces of land of which the Enam which forms the subject of the present reference is one, were conferred by one Vitoria Sloper on her servant Venkatachellum Naik for faithful service in whose name it is now stated to be entered in an old account of the year 1797 in the possession of the Village Curnum, altho' the extent is given at 5½ instead of 6 3/4 annas, as well as in the Tymash account of Fusly 1214/1804-5 and the Jummabundy Chittahs of Fusly 1223/1813-14 for the Cuddalore Taluk. On the death of this grantee, the Maniem descended to his two sons, Verrasawmy Naick and Rungappa Naick, who it is represented have had it in their enjoyment for the last 7 or 8 years, and have latterly sold it in December last to Armooga Moodly, who now seeks to have the bill of sale registered in his name.—

3. Altho' the Circumstances under which the land in question was first granted as Enam, are not known, yet, as it would seem to have been in the possession of the family of the late Vendors from the year 1779 or nearly 70 years, and as

as it appears to have been purchased by it's present holder bonâ fide, at a high price, and prior to the issue of the late notification prohibiting the alienation of Enams, the Board beg to recommend that the sale be allowed to be registered in Court without opposition on the part of Government, on the condition - that in the event of it's passing from the family of the present vendee, it shall be liable to be assumed and assessed with full terwah.-

From the Collr of Tanjore Reporting on Petition No. 1159 of 1848 presented by

To I. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

I have the honor to acknowledge

by one Vurdapa Naick

+ No. 1159 of 1848.

acknowledge the receipt of your letter of the 24th Ultimo giving cover to a Petition presented to the Board of Revenue by Vurdapah Naick, and beg to State in reply that the Cutcherry of the Tahsildar of Tarriore thereim referred to, appears from the records of the Office, to have been removed from Cunnanoor to Tarriore, a Zemindary Village, on the permission of Mr. Collector Onslow about five years back - at the beginning of the year 1843.-

It would seem that Cunnanoor, where a house was erected in the year 1840 for the use of the Cutcherry proved to be a very sickly place besides being insecure for the Talook Treasure, whilst the inconvenience and trouble to which the Native Servants as well as the numerous parties who daily attend the Tahsildar's Cutcherry were subjected was great, the general unhealthiness of the Station and the difficulty of finding houses therefore induced Mr. Onslow in 1844 to direct the Tahsildar to furnish an Estimate of the cost of constructing a suitable building

building at Tarriore for the use of the Cutcherry who accordingly submitted an Estimate* shewing that sufficient accommodation could be procured by a further outlay of Rupees 173-12-.

*Amount of Estimate Rupees 376-..-..
Deduct value of the materials of the Cunnanoor building . . 202-8-..
Net amount to be sanctioned 173-12-..

3. On the 19th January last the Tahsildar referred to the former Correspondence on the subject, requesting at the same time permission either to remove the Cutcherry back to Cunnanoor which was found to be sickly and believed to be insecure, or to improve the building at present occupied by the Cutcherry at Tarriore - As the result of my enquiry tended to confirm the report regarding the unfitness of Cunnanoor for the Talook and other Cutcherries, for it appears that the District Moonsiffs Court which was twice established at that place in Mr. Collector Blair's time was as often removed on account of the inconvenience and unhealthiness of its locality - I therefore issued an order to the Tahsildar to report upon the manner in which the Cunnanoor building could be disposed of and what would be the further

further additional cost for Suitably c.
repairing or improving the house at c.
present occupied by the Cutcherry at
Tarriore. The Tahsildar attached to that
Taluk has been under suspension c.
nearly 5 months, but on receipt of the
requisite report, I purpose addressing the
Board on the subject with a view to obtain
their sanction for the small outlay
which the improvement of that
building will require. The Zemindar
to whom it belongs so far from having
any objection whatever to its being ap-
propriated to the Taluk Cutcherry has
requested that the same might be
used accordingly. The Petition which
accompanied your letter is herewith
returned.

Proceedings thereon.

28-29

The Board of Revenue think it objectionable that accommodation for a public establishment should be provided by a petty Zemindar, as that the Tahsildar of the Taluk should hold his Cutcherry beyond the limits of his Sirr Villages. They would therefore

be glad if any other arrangement could be made, and they request that the acting Collector will consider how this may be effected and communicate his views upon this point, in the report upon the subject promised at the conclusion of the above letter.

From the Coll.r of Madura

Sir,

I have the honor to state that my Report on the claims of certain Zemindaries to a reduction of Peishcush is delayed by my want of success in searching for the Reports of Mr. Hurdis on his settlement of their Peishcush originally. None of his Reports for Fusly 1212, in which they must have been included, are on the Record and in one of his letters to the Board Mr. Parish mentioned, that Mr. Hurdis had taken all the accounts of the Settlement of the Dindigul Zemindaries to Madras.

To the Collr of Madura

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of the 2d Ultimo requesting to be furnished with Copies of such of Mr Hurdis' reports for Fusly 1212 upon the Settlement of the Estates of his District as may be likely to be of service to you in your inquiries into the claims advanced to a reduction of Peishcush in the case of the Pollums or Zemindaries referred to in Mr Acting Secretary White's letter of 25th May 1847.

Informing the Collector with reference to his letter of the 2d Ultimo that the Boards will be prepared to forward to him Mr Hurdis's and Mr Parish's Reports of the 6th April 1803 and 8th June 1804 respectively if they should seem likely to be of service to him in his inquiries into the Claims advanced to a reduction of Peishcush in the case of certain Pollems in his District.—

2.

In reply I am directed to inform you that the only communication

from Mr Hurdis which the Board have found upon their records calculated to assist you in your researches is the report addressed by him to this office under date 6th April 1803 upon the Permanent Settlement of the revenue of the Dindigul Province. That report however relates only to the Permanent Settlement of the Zemindaries. Of the nine Estates as noted in the margin, mentioned in Mr White's letter two only Villiaputty and Chendayaar if as is presumed they are the same as those called by Mr Hurdis' Alempatty and Sumolyaar are treated of in that paper. Towards its conclusion a further address was promised respecting the Pollams - but no such communication seems ever to have been received at this office - Among those Pollams, as shown in an abstract Statement of the Dindigul Summa for Fusly 1212, inserted in the report were aniutteray, Cambay, Vadacuray and Cunnewadi - but Veeranalay, Comaravady - Thogamalay and Ramagherry are not mentioned by Mr Hurdis either

Presuming that the appointment of Dharmacurtah is solely dependent on the suffrage of the Community, I cannot oppose the wishes and arrangements desired in the Mahazur signed, Viz. 1616 individuals and by the most influential Inhabitants of this Taluk. I therefore recognize the unsolicited Suspension of Seevapiah

and his confederates, Appiachary, Venkatachary, and in substitution of them the parties proposed in the address. From the cursory examination which has been made of the accounts connected with their offices, it is most clearly put beyond doubt that these persons have proved themselves untrustworthy, and are no longer entitled to Public confidence, under these circumstances, and especially in maintenance of good order and the prevention of breaches of the Peace with which the Town is threatened, their removal is highly expedient, and I might almost add, essentially requisite.—

Sir,

There is no provision in the Regulations for rewarding parties not in public employ; who may be instrumental to the discovery and apprehension of contraband Salt. It is giving which, as the Board have been informed by my former letters, is extensively carried on between Cochin and this District; — if I am allowed to offer the same inducement to private individuals to aid me in Seizures of Salt as is offered to private individuals who seize contraband Tobacco — an order of this sort may perhaps be given as a temporary measure by the Government. Resolution thereon

Submitting correspondence with the Collector of Madras and Govt Law Officers on the subject of obtaining a Conveyance from the representatives of the late Chinnah Poonnapah Moodely of 2/3ds of the property assigned by him in security for Sabapaty Moodelly formerly quit rent Conipoly on the Collector's Establishment with a letter from that Office recommending that the seal of the Honorable Company be attached thereto and sanction be granted for proceeding with the sale of the property therein alluded and carrying the same duly to the credit of Government

To Govt 20th inst
23 " Sept 1844

Resolved that the letter above recorded together with its Enclosures be submitted for the consideration and orders of Government

2 In their letter to Government dated the 2d September 1844 the Board reported the circumstances under which Sabapaty Moodely formerly Quit Rent Conicopoly on the Collector's Establishment had embezzled Collections to the extent of Rupees 1029 11 9, and stated that the Sum of Rupees 2445 had been realized from the sale of his personal effects and that the remaining balance of Rupees 785 11 9 Standing against him must be recovered from the Estate of his Surety for which purpose it was requested that the Collector should be authorized to place himself in communication with the Company's Law Officers. This course was sanctioned by Government on the 21st September 1844

3 The correspondence which has since passed on the subject will show the steps taken by the Collector under the advice of the Government Law Officers [illegible]

13039 Fort St. George 25th September 1848

exhibit the system and rules in force in the Quit Rent Department as given in detail by the Collector, and the checks or mal-practices which the Board considered it expedient to introduce.

4 In proposing to recover the balance due by the Quit Rent Conicopoly from the sale of the estate of his security, the late Chinna Poonnapah Moodely, it was found that the signature of one of the parties, Vallee Ummah to the conveyance could not be obtained. The security granted by the late Chinna Poonnapah Moodely in 1839 for the Quit Rent Conicopoly would appear to consist of 10 pieces of land and premises in Purswaukum. It would further appear that the former died in 1842 intestate, leaving a Widow and two daughters (both married) of whom Vallee Ummah was one. This daughter having last cast from misconduct is not to be found, and the Advocate General is of opinion that the omission of the execution by her would invalidate the full title of Government under the conveyance; but, that the Government would suffer no harm in securing an interest in 2/3ds of the property.

The Board concurring in this opinion requested the Collector to

5

13640 Fort St. George 25th September 1818

to obtain from the Law officers a conveyance of 2/3ds of the property assigned by the deceased in security for the Quit Rent Convictoly.

6 In the Collectors present communication recorded at the head of these proceedings the required conveyance of 2/3ds is transmitted. It has been executed by the several parties noted in the margin and the Honorable Company's seal may be attached to it, and that sanction be granted to the Collector of Madras to proceed with the sale of the property therein assigned, and to carry the proceeds of the sale to the credit of Government in liquidation of the debt due by Subanpaty Moodely the Quit Rent Convictoly. The Board understand from the Letter† of the Advocate General that the property to be sold is not two thirds of the interest in the whole estate and two thirds of the lands which it comprises it, but, if they are in error on this point they leave it to the Collector to make the necessary arrangements for the sale of the property to the extent of the interest of the debtor.

Sir,

From G: F. Cockburn Esqr.

Stating in reply to the questions contained in the Board's Proceedings to the Collector of Salem of the 7th. Instant the exctent, assessment and situation of the lands now held by him on behalf of Mr. S. Neave Esqr. and in enclosing a powers of attorney from the latter intimating that Mr. Neave has been informed of his application for 50 Acres more of waste land-

I have the honor to state that I have received from the Collector of Salem, an Exctract from the Proceedings of the Board of Revenue under date 7th. September with reference to my application for 50 Acres of waste land on Account of Mr. S. Neave, and I have the honor to enclose a Copy of the Collector's letter accompanying the said extract-

The explicit denial of any lands having been obtained by Mr. Neave "purely on speculation to sell" as also the explanation of how the greatest part of his lands were acquired; contained in my letter to the Collector of Salem under date 18th. July, do not seem to have received from the Board the slightest credence, and it is not in my power to add any thing to the explanation then communicated to the Collector for the information of the Board with reference to Mr. Neave's acquisition of land-

In reply to the questions of the Board as to the exctent, assessment situation a

and appropriation of Mr. Neave's lands and whether any are rent free I have the honor to state-

That he now holds about 235 acres and a few Goontas.

That the assessment upon the same is Rupees 1 per Acre-

That these 235 acres are in three detached portions two of which would be united by the annexation of the 50 Acres applied for.

That more than 100 acres are now planted with Coffee, and that the remainder are in constant occupation by Mr. Neave's Cattle numbering at present 87 head-

That no land has hitherto been held by him rent free-

The Board in their 1st. Para. imply that I have no proper authority for this application and that Mr. Neave is not aware of it, and I beg to state that he has been duly informed of it, and I have the honor to enclose for the satisfaction of the Board the authority upon which I have presumed to make it.-

I have &c.
