My Lord,

We have the honor to submit herewith a letter from the Officer in charge of the Chittagong Salt Agency No. 331 dated the 12th Instant with Lists enclosed, and to solicit that the necessary communication may be made to the Government of Fort St. George with a view to 225000 Maunds of Kurkutch Salt being provided for exportation to the Agency on account of the ensuing season 1848/49.

2. We have approved of the arrangements proposed for the transportation of the above Salt, the contract rates of the season, as compared with those allowed last year, being very favorable, as material reduction as shewn in the margin having been effected by the Agent Mr. Trotter.

Should there, however, at any time be allowed a reduction in this price, we beg that we may be apprized of the same with a view to a corresponding reduction in the Chittagong contract rates.

From the Secretary to Government

Extract from the Minutes of Consultation, under date the 30th September 1848 No. 1093.

Read the following letter from the Secretary to the Board of Revenue (Here enter 4th September 1848 No. 1454)

From the tabular report submitted by the Collector of South Arcot on the case to which the recommendation of the Board of Revenue particularly refers, the Right Honorable the Governor in Council learns that the Cuttobady Enams held by the late Coopoo Naicken yield an annual Revenue of Rupees 35-7-8 and are subject to a Government demand of half the amount leaving for the Enamdars support the remaining half or Rupees 17-11-10. The Board recommend as proposed by the Collector the resumption of the Enams and the grant of a life pension to the widow of the deceased equivalent to the net proceeds enjoyed by her husband, in consideration of the destitute condition of the family.

Therogoodoo thoray	C.s 1-13	P.s 5-1-2	
Cuttiavady	C.s 1-0-5½	P.s 9-6-6	
		Rupees	35-7-8

2 The Governor in Council sees no particular necessity for this arrangement which would require the sanction of the Government of India, he considers it would be preferable no less to the Government than to the family themselves, to continue the Enams subject to the Jodee hitherto paid to

Fort St. George 12th October 1848

to the widow Mootial Annual during her life to lapse or be assessed at the full revenue at her death, and he desires that instructions to this effect may be issued to the Collector of South Arcot.

To the Collector of South Arcot

Sir,

With reference to your two letters of the 22d July last, I am directed by the Board of Revenue to inform you that with a view to obviate the necessity of a reference to the Supreme Government, for a pension, the Right Honorable the Governor in Council thinks it will be the better course to continue the Enam enjoyed by the late Coorpoo Naiken at the Jodee paid by him to his widow Mootial Annual for her life, the Enam lapsing and being assessed to the full assessment at her death.

You will be pleased to carry out these orders, and the amount of the surplus proceeds of the Enam having been collected on account of Government since the death of Coorpoo Naiken, you will cause it to be refunded

From the Secretary to Government

Containing observations and orders on the Board's Proceedings relative to the management of the Extra Sources of Revenue for Fasli 1255 and 1256 in the Ganjam District.

Extract from the Minutes of Consultation

Under date the 3d October 1848 No. 1083

Read the following Extract from the Proceedings of the Board of Revenue

Reporting on the Management of the Extra sources of Revenue in the District of Ganjam during Fasles 1255 and 1256 1845/46 1846/47 Fasles

Dated 4th September 1848 No. 462.)

The report of the Collector of Ganjam embraces the two Fasles 1255 and 1256. No reason is assigned for the omission at the prescribed period of any report for the former Fasly; but the Governor in Council will now only remark on this subject that the wish of the Government and the Board of Revenue has been frequently expressed for the punctual transmission of the annual reports, and he desires those from Ganjam may be regularly furnished in future.

2. In the aggregate demand for

Fort St. George 12th October 1848

for each of the three years 1254, 1255 and 1256 there has been but slight variation. In Fasly

Fasly 1254	388551.
" 1255	385780.
" 1256	388668.

1255 it fell Rupees 2764-10-10 below the demand of Fasly 1254. In Fasly 1256 it exceeded it by Rupees 117-2-9, and the demand of 1255 by Rupees 2,881-14-7.

3. The Salt sales of the two last Faslies fell short of those of 1254. In that year it would appear the Acting Collector ex injudiciously restricted the manufacture, and the quantity in store was found insufficient to supply the demand of the following year. The sale of 1256 are somewhat less than those of 1255, a result attributed by the Collector to the measures of the late agent in the Nilgiri Spats. This latter obstruction to the Salt Trade would seem now to be removed. The Government conclude the Collector will guard against the recurrence of deficient manufacture.

4. The considerable increase in the Sea Customs has arisen from increased exportation of grain to the Presidency, as well as to the Mauritius and France.

5 The Governor in Council approves of the instructions given to the Collector in the 8th Para of the Board's Proceedings and sanctions the remission of Rupees One hundred to the Sheristy

Fort St. George 12th October 1848

Sheristy Peuter of Goomistar for Fasly 1256.

The Revenue of the two Faslies was realized with punctuality and together with arrears the Collections amounted to Rupees 38,194-11-2 in Fasly 1255, and 39,605-5-11 in Fasly 1256. Deducting the charges which in Fasly 1255 were unusually large in consequence of the necessity of increasing the manufacture of salt, the net Revenue of Fasly 1255 stands at Rupees 35,897-2-6, and of Fasly 1256 at Rupees 37,864-11-5 less in both years than the revenue of Fasly 1254.

It is necessary in order to
his review of the circumstances
of

the former correspondence and proceedings of this Government as well as the papers now submitted in reference to the claims advanced by the widows of the late Poligar of Chitwail, and though he is reluctant without special grounds to interfere with the decision passed on their case in the Minutes of Consultation of the 2nd March 1814 (P. 296) he will not withhold from them that just consideration which on a review of the history and circumstances of the family, they may appear to him to deserve.

2 In his letter to the Board of Revenue dated 22nd June 1801, and in his Memoir of the Poligars dated 20th March 1802, Sir Thomas Munro gives a full and detailed account of the Chitwail family. In his former communication, in speaking of the "Zemindar" as he is (then) termed, he observes "His real or supposed own "rights ought not to be considered singly, but "in connection with those of the numerous "pretenders in the Ceded Districts. His Ancestors held some Districts of Cuddapah under the "Bizianuggur Government for the maintenance of "their quota of Troops, but they were dispossessed by "the Mussulman invaders, and continued above a century "as simple Cavilgars without any Sazeem. "They obtained Chitwail about 90 years ago by

"support a body of Peons and pay an annual "Peishcush" which, though occasionally expelled from it, they contrived to retain until the year 1801, when they were finally dispossessed of it by the British Government in consequence of the refractory conduct of the Poligar, which rendered it necessary to compel his obedience by Military force. Though such conduct was considered to have vitiated his claims to indulgence the Government resolved to grant to him and his family a provision equivalent to 10 per Cent of the net revenue of the District, which amounted to Rupees 22,314-2-3 per annum. In consequence of the reduction of the assessment in the Cuddapah District which was carried into effect in Fusly 1231 and by which the net revenue was diminished, the pension of the family was fixed and paid from that year at Rupees 19879-12-5 per annum, of which the late Poligar (whose widows have submitted the present appeal) received Rupees 13,253-2-11, the remainder having been equally divided between the widows of his two brothers.—

3 It is necessary in order to render this review of the circumstances of

of the family complete; to add the opinion expressed by Sir Thomas Munro in his communication above referred to. In speaking of the Poligar of Chitwail, he states "that the history of many other Poligars "in the Ceded Districts differs "from his only in their not having "been able from their countries "being more open, to obtain such a "complete Establishment as he did "under the Nizam's Government.

"Their ancestors were, like his dependants of the "Pigiaung gur family and held their District "paying a tribute till reduced by Hyder. The "Poligars of Anuntapore and Cuddapah are superior to "him in birth, and those of Anuntapore and "Kurpenhally had a more valuable territory."

4— The Governor in Council has been induced to take this cursory notice of the history of the Chitwail family in order to shew that the Petitioners cannot reasonably expect on the plea* so strongly urged by them of their superior position among the Poligars of the Ceded Districts, that they will be treated with greater consideration, than has been extended to other families similarly situated; but while he holds this opinion, he is not now inclined to exclude

Extract from the Petition.
"When the subjects of our Zemindary came in turn to be investigated, that gallant Officer (Sir T. Munro) was led by the result of his enquiries to form such high opinion of the origin of the Estate, the rank and respectability generally of the family in which it had continued xxx that he at once came to the conclusion that the case of our Zemindar was a peculiar one, and deserving of peculiar indulgence, respect and attention from any Government."

"We presume also that the above documents will convince the Board that we are entitled to a consideration and respect somewhat higher than what is given to the majority of Petitioners to the Board."

exclude the Chitwail family from equal consideration with them. The Board in their previous communication on the subject adverted to "the large amount of the pension with the present circumstances of the family" left by the late Poligar and considered that a portion of it might with justice be resumed by Government, and they therefore recommended that a moiety only should be continued.

that excepting in a few instances in which the lapsed grants being very small were renewed in whole, reduced pensions varying from two thirds to some what less than one half were continued in the other cases to widows of the deceased incumbents, and though he does not see that there are in the present case special grounds for widely departing from the principle which has hitherto regulated the decisions of Government he will not, under the repeated recommendation of the Collector supported by that of the Board of Revenue object to the grant of two thirds of the lapsed pension of the late Poligar for the support of his widows, to be equally distributed among them, and he accordingly authorizes the Collector

5. The claims of adopted sons to these pensions have been already pronounced inadmissible under the understanding which has always subsisted as to the terms of the grant as limiting the succession to lineal descendants only; the prayer of the widows in behalf of the adopted son of their late husband cannot therefore be entertained.

of Officers in this District, would be superfluous. My observations were confined to that point, because the proposed nomination of a "Special Assistant" was the only suggestion officially known to me. I refrained purposely from alluding to details until these were before me, although fully satisfied that any arrangement calculated during the few intended future years of management, to separate the Zemindary entirely from the public Establishments, to place the District in the hands of a stranger and of a new set of native servants, and to remove the Estate from the effective control of the Government Agent, and of his Hoozoor Establishment - which is now so thoroughly conversant with all the details of administration, is a most perilous experiment, calculated to produce in my judgment infinite mischief.

From the Collr. of Rajahmundry - Reporting the capture of Bundarupilly Summundray Geddada Mulla: Bhoopaty Deo, & Chidagoory Sunnyassy Reddy the Sirdars of Rumpah Talook.

Sir,

With reference to my letter of the 22d. of June last reporting upon the Rumpa talook, and proposing that Madhoo: weety Ram Bhoopaty Deo should be put in possession thereof, I have the honor to report the capture of three of the Sirdars who were foremost in expelling him and his sister in the year 1839. Their names are Bundumpilly Summum Dora Geddada Mulla Bhoopaty Deo Chidigoory Sunnyassy Reddy-

considering that the peace of the country could not be permanently established as long as these persons were at large, I requested sanction for offering rewards of Rupees 250 for the apprehension of Mulla Bhoopaty Deo, of Rupees 200 for that of Chidgoory Sunnyassy Reddy; and an additional one of Rupees 250 above the Rupees 500 already proclaimed for the capture of Bundumpilly Summum Dora. Affording information with respect to Malwa Opium with reference to the Board's Proceedings of the 22d. June last.

June 1848 annexing copy of a letter from the Indian Government to the Secretary to the Government of Fort St. George together with an Extract from a letter from the Resident and Opium Agent at Malwa, and directing me to report whether any Malwa Opium finds its way to the French Settlement of Yanam; I have the honor to state that that article has never been openly taken into Yanam, and that I have no reason to believe that it is exported in French Vessels. much of it is Malwa Opium, no such designation having ever appeared in his frontier Chokey records. On referring to my own records I find that no Opium has ever passed through the Chokeys of Borrumpollem and Polavarum on the Hyderabad frontier. From enquiries now instituted among the Marwandy Merchants who come to this District for 10 15 or 20 Years, and whose chief traffic consists in importing Opium and exporting the cloth manufactured here in return, I learn that all the good Opium that is sold in the Districts of Masulipatam, Rajahmundry, and Vizagapatam is brought from Malwa, Oojein, and Indore, via Umrawutty. For many years past the demand for Opium has been increasing. I am told that in the open country about a fourth part of the population - near the hills three fourths, and among the hill tribes every individual considers Opium a necessary of life. In Vizagapatam I believe it is even more generally used, but in Masulipatam less. The supply required for the daily consumption of six or eight lacs of people must be very great. Chintamanypetta in the Mysore Country contributes a portion, but the quality

Fort St. George 12th. October 1818.

quality of the article that comes from that quarter is said to be very inferior. The Malwa Merchants here export cloths to their own Country to the amount of two or three lacs of rupees per annum. They also send gold whenever it is to be procured at a reasonable price. I am not aware of their importing any thing valuable except Opium and gold fringe. Hence an inference may be drawn of the value of their imports of Opium from Umrawaty, but I have no means of ascertaining precisely the extent of their traffic.

2. A considerable quantity of Opium is shipped every year from Coringa. Every vessel that sails from this much frequented port to Calcutta, Moulmain, the Straits &c., is allowed to take a supply sufficient for the wants of the crew, and it is generally calculated on a liberal scale. The same rule prevails I presume at the ports of Masulipatam and Vizagapatam, and it is not improbable that the chest is locked up during the voyage, and the Opium reserved for sale on the other coast.

3. The value of Opium in this part of the Country is exhibited in the annexed note

14436 Fort St. George 12th October 1848.

note received from a Marwady Merchant who states that during the last five Years the price has risen considerably at the places whence they derive their supplies and that owing to the great demand here the profits resulting from the traffic have been considerable.—

manufacture of Salt, and Extra revenue and an increase of Rupees 444—13—1, in the sales of smuggled Salt, Exported to Pulo Penang, and the supply for the French Settlement of Yanam.—

3. The decrease in the Home consumption has arisen partly from certain wholesale dealers having laid in store in the preceding fusly in their Godowns at Tallapoody, Capelaswara: pooram, Rajahmundry &c for sale in fusly 1257 / 1847/48. and partly from certain of the retail dealers and a great many of their Dhonies having been employed at the anicut instead of following their usual vocations.—

4. The decrease in the Inland consumption arose from the Brinjaries not having come to the Mogultoor or Cotaur in consequence of there being no spontaneous Salt for sale, suitable for their purpose, and because there was no manufactured Salt

5. The decrease in the export of Salt to Calcutta is said to be owing to the want of ready money, the Merchants carrying on this trade not having the means of paying down in the first instance at Calcutta the Government tax at Rupees 360 per Garce.

6. The increase in the export of Salt to Pulo Penang was occasioned by the Shipment of a quantity to that port in the fusly under review on payment at the rate of 35 Rupees per 100 Maunds, under instructions from the Board of Revenue.

7. The increase in the sale of Salt for the consumption of the French Settlement was owing to their receiving two Garces more than in last fusly.

8. The small increase in the sale of smuggled Salt and decrease in the Extra revenue

need

need no remarks.

9. The decrease in the recovery of the advances for the manufacture of Salt was owing partly to the smallness of the sum advanced in the fusly under report Rupees 1838. 8. 8, and partly to the storing of the newly made Salt not having been completed within the fusly.

10. The Table in the margin shows the Salt charges in comparison with the past fusly. The small increase in the salaries of Huzzoor and District Servants arose from the vacant situations having been immediately filled up, whereas in last fusly they were vacant for a few days. The

The net increase of Rupees 422-9-2 in the Extra charges is the difference between an increase of Rupees 756-4-10 and a decrease of Rupees 333-11-8, the former was chiefly in the "Salaries of Hungama Prons &c." who were employed to receive into store the Salt manufactured in last fusly, and to take care of the Salt produced in the fusly under report, and partly on the travelling charges to the Salt servants. The decrease was in the "charges for exportation" and was owing to the decreased shipment of Salt to Calcutta and partly to the charges of measurement &c. of the diminished quantity of Salt received into store for the fusly under review.

The

The decrease in the advance for the manufacture of Salt was consequent on the decreased quantity manufactured. The increase in the prime cost of Salt received into store was in consequence of the Salt manufactured in the preceding fusly being stored in fusly 1257 A.D. 1847/48 though but a small portion of the supply actually manufactured in the latter fusly was stored before its conclusion.

The increase in question arose out of a decrease of Rupees 190-11-6. in the transit of piece goods and Toddy to Yanam and an increase of Rupees 253-"-3 in the transit of Tobacco and Ginger Oil Seeds &ca and the import of Brimstone, Benjamin, and Cotton thread from that place. arising from the exhausted state of the forests nearest to the River, and partly from the impediment offered to the Navigation of the Coringa Branch of the Godavery by the construction of the Anicut. The falling off in the transit of Tobacco, Ghee, &ca was owing to the demand for those articles having fallen off in the Nizam's territory, and to a better Market having sprung up at Rajahmundry and the Anicut. The sum of Rupees 132-8-10 being the Circar's share of the Benjamin, Cloves

Cloves &ca. seized at Yanaon has been credited under the head of Extra revenue.

12. The decrease in the salaries of the Frontier Servants as noted in the Margin has arisen from the deduction of fines and from some situations having been vacant for a few days.

Sea Customs. 13. The Statement noted in the Margin shews a Net decrease of Rupees 13,433-7-- in the Sea Customs Exclusively of Extra revenue. The decrease in the duty on Exports on Foreign bottoms arose from the introduction of Act IV of 1848 directing the levy of single instead of double duty. The decrease in the duty on the export on British bottoms was occasioned partly by the falling off in the Shipment of Grain and Piece Goods to other ports in consequence of the bad state of the Money Market, and partly by the discontinuance of the levy of duty on goods exported to the British Ports within the three Presidencies.

Total 11483-13-7

The decrease in the duty on imports on Foreign bottoms arose from the abolition of double duties and from the falling off of the supply of Grain, Cloves, &ca. from Arracan and other ports as compared with the preceding year. The increase in the import duty on British bottoms was owing to the large supply

supply of timber brought from Moulmein and other ports for ship building purposes at Coringa.

15. The decrease in the Extra revenue has arisen from there having been no seizures of smuggled goods in Fusly 1257 = A.D. 1847-48 of Rupees 11-6 in the Salaries forming the Sea Custom Charges arose from there having been no situation left vacant for a few days as in the preceding fusly - The increase of Rupees 8 in the Extra charges was on account of travelling charges paid to the Huzzoor Sea Customs Writer -

The advantages to be derived from the Cattle Bank have not yet been ascertained, but it would not be proper to appropriate any portion of the Mistriemdars Fees to the purpose, that the Mistriemdars should be secured in their fees, that item are the advance paper to be deducted from the actual collections, but they will be compelled to pay the Fees arrears assignment. Receipts can be granted to Inhabitants only for their advances to the Ryots.

2nd Item has been settled to very considerable advantage under the Report of Lieutenant Ouchterlony dated 16th ultimo and the Board decided it to be forwarded to the Collector, and he has decided Accordingly

Collectors and Commissioners That the inside of the Village near Fort Gate that the Mistriemdars should be seen but roads in the Choultry can be devised, and it will be done Collectors

The Principle of Charitable Endowments is sound, but the application of the Revenues according to the amount of Collections is a mockery in the present Situation.

3rd Item Sir the present evidence it would have the effect of enveloping the high rent Revenue from the Village, or it will eliminate the Ryots entirely to expect himself in carrying on and completing his work, and in cultivating the Village to the fullest extent and it will have the effect of advantage of not causing the Ryots of the Mistriemdars and the necessity of again securing his Village in the Cowle and leaving it as unforeseen occurrence Ryots from paying the fixed Cowle under all circumstances.

Sir,

With reference to Extract Minutes of Consultation dated 11th November 1846, in which after declining to sanction the restoration to Streenevasa Chary of the Shrotriemes Village of Dasarumpully in the Bellary District, Government were pleased, in consideration of the outlay

Submitting with reference to Extract Minutes of Consultation 11th November 1846 letter from the Acg Collector of Bellary expressing his sentiments on the mode in which Streenevasa Chary of the Shotriem Village of Dasarampully in that district should be reimbursed

Sr in Cons. 3rd Dec. 1846.

Fort St. George 12th October 1848.

outlay represented to have been made by that individual in improving the Village, to desire the Board of Revenue to report the mode in which he might be reimbursed, I am directed by them to request you will lay before the Right Honorable the Governor in Council, the accompanying letter from the Acting Collector, conveying his sentiments on the subject. —

2. It appears from this, that the amount expended by Streenevasa Chary during the three years he held possession of the Village, in improving the sources of irrigation and in otherwise providing for the extension of cultivation was Rupees 548-5-10, laid out in the manner indicated in the Margin —

	Rs	a	p

For digging a Nullah	207	7	2
For Building Houses for Ryots	46	—	—
For advances to Ryots	200	—	—
	548	5	10

3. The Acting Collector gives it as his opinion that the best mode of re-imbursing Streenevasa Charee would be on the Dasavunduem principle, and he recommends that an annual remission of 1/10th of the Revenue upon the amount

Fort St. George 12th October 1848.

amount of actual cultivation in the Village, may be granted to him - This calculated on the average extent of cultivation for the 5 years from Fusly 1252 to Fusly 1256 amounts to Rupees 21 which is 2¾ Rupees less than the yearly average income derived from the Village during the same period upon the original Shotrium tenure -

4. The Board of Revenue observe that the Government have on late occasions expressed themselves averse to the further extension of Dasavundums grants - In the present case, however, the party seems already to have incurred a considerable expenditure in reference to the value of the Village under the expectation that it would be restored to him upon Shotrium terms, and as the measure proposed by the Acting Collector in his behalf will have the effect of enabling him to remunerate himself for his outlay, and of stimulating him to further improvements, the Board beg to submit Mr. Relly's suggestion for the approval of Government with the understanding that the indulgence should cease after 30 years - It will be remarked that the total Ayacut of the Village is only 18 Rupees -

Rupees or Rs 48 - as 10. per Cent, but they are below the Charges of last year which amounted to Rupees 3,270 - or Rs 58 — a 1 on the Collections. The net revenue is only Rupees 3,452. The total abolition of the trifling frontier duties has been already recommended, and the propriety of such a measure can hardly be doubted when it is considered that more than 5/7ths of the revenue is derived from Exports to the Nizam's Country and consisting principally of the produce and manufacture of this District Viz. Betel Leaf and Nut, Sugar and Jaggery, Cocoanut &c. and Metals, produce which requires to be encouraged as much as possible. The duty levied on Imports would hardly pay half the Cost of the Chowkies.

A.B. Karry

5. The amount of Settlement of the A.B. Karry

was Rupees 30,990. The increase 1721 Rupees arises from competition among the bidders.

6. The Gross collections within the Fusly including Extra Collections Rupees 150, amounted to Rupees 30,547, and was below last Fusly by Rupees 1,790, which is accounted for by there being no Collection of arrears and a larger amount of Current Collections. The balance at the close of the Fusly was Rupees 600 which has since been collected.

Sundry small Farms and Licenses.

7. The Demand under this head is Rupees 2,298 above the demand of last year. The items are as follows.

The increase of Rupees 1,917- in the Fruit trees is owing to a better season and to an increase of revenue from a few more of the Trees in the new Government Plantations which have became productive this year. The increase of Rupees 351 in the other farms is from competition of bidders.

8. According to the Board's instructions as contained in their Secretary's letter of 16th March last, Mr. Mellor has issued orders for the discontinuance of the following Petty Farms from the commencement of the present fusly 1258 as they are all rented annually Viz.

Fort St. George 12th October 1848

An investigation into each case was made during the Summahbundy by Mr. Mellor and his Assistants.

16. With reference to the Boards instructions conveyed in their Proceedings of date the 27th January 1848 on the state of Sugar Manufactories of this District, I beg leave to add that out of the 17 Talooks composing the Bellary Division of the Ceded Districts there is but one [Kodecondah] in which Sugar Manufactories are Established, twenty in Number. The Sugar Manufactured in them are 5,977 Maunds of Boyspoody Sugar, 85 of Country brown Sugar Candy, and 15 of Country white Sugar making a total of 6,077 Maunds in all. This is carried only to the places hereunder named; none goes to England.—

Fort St. George 12th October 1848.

The Garrison of Bellary is also supplied with Sugar from the Mysore territory.

17. An attempt was made under the sanction of the India Government to improve the manufacture of Sugar in this District by employing persons skilled in the art of Sugar making, but from the difficulty of procuring a skilful person, the experiment has not yet succeeded, but I trust it will meet with better success hereafter, and I shall endeavour to procure fit Persons.

18. There is no doubt but that the Cane may be more extensively grown in Bellary, and every encouragement should be given to it. I purpose in a separate letter on the subject of Cane Cultivation to draw the attention of the Board to a point of considerable importance which has been before them some time. Viz. the remission of an Extra assessment on the Cultivation of this plant.

19. With reference to the Board's Proceedings of the 18th November 1847 on the operation of the Salt Monopoly on the Population of the District, which they

they direct may be noticed in this report, I have the honor to state that the price of Sea Salt is too high to admit of general consumption in Bellary. The nearest Sea coast from which it is conveyed is Nellore a distance of 240 Miles from Bellary. The expense per Garce of 4,800 Pucka Seers is Estimated as follows.

Price at the Pans	Rupees 120.
Hire for Conveyance to Bellary	" 151.

or 17 Seers per Rupee. The market price at Bellary is 16 Seers per Rupee. This price is far too high to render Sea Salt an article of general consumption in Bellary District where common Earth Salt is manufactured in abundance, and sold at 48 Seers per Rupee. The Sea Salt is therefore an article of limited Merchandize and does not exceed 50 Garces. The trade is confined almost to Brinjaries who resort to the Coast with Bullocks loaden with Rape seed and return with a small quantity of Salt which meets with a sale only in the larger towns of this District.

From the Collr of Cuddapah } Sir

Affording the information required in the Extract from the Proceedings of the Board of Revenue dated 14th September 1848.-

I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue, dated 14th September 1848, bringing to notice with reference to my letter of 19th August in which I furnished further information on the subject of Petition No. 1907 of 1847. a discrepancy in respect to the relationship of Ramacca to Vengappa Naidoo, and to state that the Genealogical Table appended to my letter

of

of 2nd June is correct, Ramacca being Vengappa Naidoo's daughter-in-law, having married Narsim=ha Naidoo, Vengappa Naidoo son. The late Vengappa Naidoo who survived his son has left no lineal Heirs.

2. The error into which I fell has been oc=casioned by my having, in Copying the Genealogical Tree from the document in the Native language, entered Ramacca as the Daughter of Vengappa Naido and to my not having, in the pressure of busines, refer=red to my former letter in making a Memorandum of the points on which the Board required fur=ther information. I beg to apologize for the mistake.

letters received from the Collector of Cuddapah on the subject of Petition No. 1907 of 1847.—

2. From this it will be seen that it can=not be ascertained from the records of the Cudda=pah District by whom the Enam, on account of which this Petition has been preferred, was granted nor who was the original grantee. At the time of the Survey the Enam was then of the value of Rupees 106-11-5, & was in the posse=sion of Vengappa Naick. It was attached appa=rently from some doubts as to the validity of the grant, but on complaint being made to Colonel Munro a portion of it to the amount of Rupees 69-11-4 was continued in Jaghire to Vengappa Naidoo, and entered accordingly in the Enamaty accounts prepared in Fusly 1220. (1810 A.D.)—

3. Narsimha Naidoo son of Vengappah Naidoo and husband of the Petitioner Ramackah died about Fusly 1225 (1815/16), and upon his decease his widow went to reside with her Mother at Bellary whence she returned some 15 years since. Vengappah Naidoo

Naidoo died in Fusly 1227 (1817/18), and after his death the Enam devolved upon his nephew Ramranze, who died in 1836. It is now enjoyed in certain shares by 1st. Gungerremmah widow of Ram Ranz, 2nd. Woobalasoo an illigitimate son of Vengappah Naidoo, and 3dly. Soobra a Merchant, to whose share was first received by his Grandfather Ankeesetty on mortgage for a term of years from Ramranze, and to whose Father Siriputty the mortgage was subsequently continued by Gungammah and Woobalasoo for a further term of which 15 years are still unexpired.

4. Mr. Cochrane remarks that as the portion of Enam held by the Merchant Soobah was diverted 27 years ago from the purpose for which it was granted, it remains for Government to decide whether being hereditary, it can now be secured to the relatives of the original Grantee, and the holder of the documents be directed to have recourse to the Civil Court for the recovery of the amount due to him. In respect to Ramachah's claim to a share in the Jaghire Enam, he adds that he is not inclined to think that the circumstance of her husband (who is the elder branch of the family) having died previous to her

father renders her less entitled to share in the Enam, particularly as the present incumbent Gungammah has succeeded by marriage. He is therefore of opinion, that both parties should share equally, including that portion enjoyed without title by Woobalasoo, and including also the portion transferred to the Merchant either at once or at the expiration of the lease, as Government may decide.

5. As the share now in the enjoyment of Soobah appears to have come into the possession of his family under mortgages, the first of which dates many years back, and as such alienations though irregular have been very commonly made in the Ceded Districts, the Board would not recommend that this portion of the Enam be interfered with until the expiration of the Merchants lease. They further do not consider that Ramachah has any very strong claims to share in the remainder. On the death of her husband in Fusly 1255 (1815/16) she seems to have left the district and remained absent from it for 17 or 18 years, and

and although fifteen years have elapsed since her return, she has hitherto had no participation in the Enam. If however the Government should be inclined to view the matter differently the Board would suggest that the proportion to be assigned to her out of the present shares of Gungunmah and Nobalasso be determined by means of a Punchayet or of referees to be appointed on approval by the parties.-

From the Coll.r of Chingleput } Sir,

Referring to Extract from the Proceedings of the Board of Revenue under date the 18th. Instant, I have the honor to state that, altho' the objections of His Highness the Nabob have in no way interfered with the enjoyment by Mrs. Taynton of the land in dispute, it appeared to me improper to demand

demand arrears of Quit Rent from the date of the execution of the lease, as it was virtually suspended, and the demand of Quit Rent left in abeyance under orders pending the settlement of the dispute, and which has now only been terminated by the resignation of His Highness's claim. Had the land been declared the property of the Nabob, there would have been no Quit Rent leviable, the land formerly forming a portion of the Dorass Bang which is free of assessment.

From it's Revenues a certain sum has, since his decease, been paid annually in various proportions to his immediate descendants. One of his great Grand Sons Mahomed Abdoollah Shah who

Sir,

From the Coll- of Tinnevelly . . . . } Para 1. I have the honor to ac-
knowledge the receipt of the Extract
from the Proceedings of the Board of Revenue
dated 20th December last, and to reply to
the several points alluded to in the 1st Para
thereof.-

Recommending that the Canonmeah Mosque at Tinnevelly be entrusted to Asankhanpanay for reasons within mentioned.-

Full enquiry leads to the
conclusion that the services of the Mosque
have not been properly performed during
the 6½ years; some few Rupees have been
spent, and a show made of performing cer-
tain Ceremonies, and partially lighting the
edifice, but no regular or adequate expen-
diture has at any time been made, The
constant changes that have occurred in the
management, and the fact of the deputed
Managers being mere paid Agents* frequent-
ly of other Castes not Mussulmen, is against
such a supposition, their chief object had
been

been to collect and secure as much as pos-
-sible of the proceeds of the Manicm Villages
appropriating the greater share, and expending
as little as practicable in the Mosque; the
present holder Cunnee Beebee herself, has no in-
-tention of leaving Trichinopoly, or superintending
the Mosque, as she has plainly stated and as
her request "to have the sum in deposit re-
"-mitted to her there and that she cannot
"come here" pretty clearly shows; she has
contracted allcance there, and, as stated
in the Petition of Asun Khan pany, it seems
her object is to misappropriate the Mosque
allowance, and spend it in her own service at
Trichinopoly - Indeed the frequent Zufting
of the Mosque on Petitions representing its mis-
-management and the constant change of
Agents is a strong indication of mis-appro-
-priation and fraud.

3 I would suggest that the
Mosque be entrusted to Asunkhanpany who
is descended from the eldest son of Khans
Meah, Cousin to the Original Grantee, as being
more likely to perform the expected Ceremonies and

and services than if it be left as heretofore
to Vakeels or other such Agents. There can
be little doubt, from past experience, and
enquiry in this instance, that the proceeds
both of the Yeomiah and the Manicm
Villages will always, as hetherto, be too
much appropriated to private purposes, but
Asunkhanpany seems to have the strong-
-est claim to the Management.-

The Yeomiah is worth Pd a o 359-5-4
per annum and the Manicm Villages about Pd 1238-

12-8 nearly the whole of which sum is yearly
appropriated to the private benefit of the Manager
of the Mosque for the time being - Asunkhanpany
does not ask for the amount in deposit (as Cunnee
Beebee) to apply to his own use; but proposes to
expend it in education, by supporting a School
for those of his own Class and Caste - a proposal
which I would beg to recommend strongly to
the Board's sanction as a judicious and very de-
-sirable expenditure of a sum never intended
for private appropriation.-

The Collections realized from the sales of Salt during the Fasly under report, amounted to Rupees 2,80285-4-9 which being compared with those of the year previous amounting to Rupees 3,09,702-2-5, the highest on record, shows a decrease of Rupees 29,416-13-8 chiefly attributable to the sales of Salt at the Pans of Vizianuttly, Munnaingcolum, Vyspaud and Coolasagarapatam having been comparatively less in consequence of there having been so much old Salt for sale as was the case in the previous Fasly. 1256.

19 The Decrease in the Demand under this Head, is chiefly owing to many persons paying the Impost having emigrated to other Districts, during Fusly 1256 in consequence of the drought that occurred during that year, and not having returned. A falling off in the Loom tax consequent on casualties during the year under consideration is also a cause of Decrease.

The Collections on account of the above Demand within the Fusly amounted to Rupees 93,444-9-11 leaving at its termination a balance of Rupees 236-8-4, which has been reduced by subsequent collections up to 25th September 1848 to Rupees 40-12-2. Including arrears and Extra Revenue the aggregate receipts were Rupees 93,946-11-3, which, in the absence of any charges, is the Net Revenue under the Head of Motunpha for the year under report and is Rupees 5013-12-9 less than that of Fusly 1256 owing chiefly to the causes assigned in the preceding Para.

21. The Decrease in the Demand of this branch of Revenue, which comprises the Items of Chayarcot, Chanks and Fish Rents, amounted to Rupees 11879-6-11 under the head of Chanks which for want of a better offer were sold at 3¾ instead of at 6⅛ Rupees per 100, as was the case during the previous Fusly; From this decrease deducting an increase of Rupees 5035-7-2 in the Fish and Chayarcot rents of the District the Net decrease comes to Rupees 6,843-15-9 as shown in the Margin.

22. The Collections realized within the Fusly year on account of the above demand are Rupees 20,062-5-7 leaving a nominal balance at the close of the Fusly of 18,933-14-10. Of this Rupees 18,509-12-5 is the gross amount sale of Chanks, which having been disposed of only on the 16th Ultimo, the amount has been since realized and carried to account. Excluding this, the real balance at the close of the Fusly was Rupees 424-2-5 due on account of Fish Revenue, which has been reduced by

25. From the above Statements it will be observed that, compared with Fusly 1256, there is a decrease in the total Demand on account of Extra Sources of Revenue for Fusly 1257 of Rupees 48,873-14-11 and in the Collections realized within the Fusly of Rupees 36,088-6-1. The increase of Charges for the year under report is chiefly in the payment of Salt Coodewarum consequent on the larger quantity of Salt manufactured, as already noticed, and in the payment of Divers.-

26. The Balance at the end of

J.G.B.

Fort St. George 12th October 1848

of the Fusly was Rupees 19,749-7-2. or Rupees 12,785-8-10 less than that of the previous Fusly. Of the above balance, the sale proceeds of Chanks alone, since realized as already observed, amounted to Rupees 18,509-12-5 and the remainder or Rupees 1,239-10-9 due on account of Abkarry Motarpha and Fish Revenue, has been reduced by subsequent Collections up to 25th Instant to Rupees 80-9-7. The total uncollected Balance at the close of the Fusly was therefore only Rupees 19,749-7-2.-

*18509 being for Chanks alone.-

Order thereon- Ordered to be brought forward at a future Meeting-

Read the following letters-

To, T. Pycroft Esqre.
Secretary to the
Board of Revenue,
Fort St. George.

Sir,

71

From the Collr. of Madras- I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 13th January last, calling for further information relative to the identity of Badee Beebee and Fauntunah Beebee, who have applied to me for the continuance of their shares of the yeomiah drawn by the late Syed Abdul Cauder-

submitting the required information relative to the identity of Badee Beebee and Fauntunah Beebee who have applied for the continuance of their shares of the yeomiah drawn by the late Syed Abdul Cauder-

2 The original applications from Badee Beebee and Fauntunah Beebee is dated the 11th February 1845. They were required to produce the Purwannah held by the deceased, but, which they could not have done before the 21st July 1846 it being asserted by them that it was mortgaged in his life time- As the ages

of the applicants, and their relationship to the last incumbent could not be ascertained easily by this Department from their being represented to be Gosha Women, two yeomiah-dars, Cauzim ally and Abdul Cauder afforded explanation on those points, holding themselves responsible for its correctness under an agreement dated 17th April 1847. Previously to the termination of my enquiry Cauzim ally died, and another Yeomiahdar Syed Ameen, was substituted for the deceased on the 23d November 1847-

3 On the Proceedings now under acknowledgement reaching me, I called upon the applicants to appear before me, but they refused to do so. They however promised to adduce satisfactory proof of their identity on the Return of their Vakeel who was then absent from Madras. On the 6th instant two of their relations, Syed Shaw Moorad Chishty and Meer Nookurrum ally, with a neighbour of theirs, Goolam Mahomed Hameed aged 60-70 and 80 years respectively signed a Hararnamah, of which a translation is enclosed herein- Syed Shaw Moorad Chishty and Goolam Mahomed

Hameed are in the service of His Highness the Nabob of the Carnatic, and the Statement of the whole of the parties is, it will be seen, corroborative of that submitted to the Board on the 4th. December 1847. I have ascertained besides, through a female deputed by me, that the appearance of the applicants corresponds with their ages.

We do hereby declare, with our own free will and Consent that Badee Beebee and Fatimah Beebee are respectively mother and Sister of the late Syed Abdul Caudor, that we know they were supported with the Pension received by the deceased; that they are the very individuals whose names are entered in the Purwannah

Amongst us Syed Shah Moorad Chishty and Meer Moosurrum ally are related to them, and Goolam Mahomed Hameed is a Neighbour of theirs. We are therefore well acquainted with their Circumstances, and know that they are both in existence up to the present moment. Referring for consideration and disposal a letter from L. J. Bird Esqre. Sub Collector and Joint Magistrate of Trichinopoly and Petitions from Nadamoney Iyengar, Ameen of the Cauvery Bridge at Trichinopoly.-

Read the following letter.

Extract from the Proceedings of the Board of Revenue, in the Department of Public Works. Under date the 11th September, 1848.-

Read the following letter and Petitions-

To, Captain J. H. Bell
Secretary to the
Board of Revenue
in the Department of Public Works.
Fort St. George.

Sir,

Para 1. In the last Para of my Report to the Board dated 24th April last, I had the honor in enumerating the subjects remaining under investigation to allude to certain plantes found in the possession of the Bridge Ameen Nadamoony Iyengar and supposed to be Government property intended for the Bridge which had been consequently attached.-

2. The first information I requested on this subject, and my first step thereupon were explained in the documents referred to in the above quoted para, and forwarded with that report.- I have now the honor to state the result of my subsequent enquiries supported by the accompanying documents of which a list is appended.-

Ranganada

Fort St. George 12th October 1848.

3. Renganada Iyengar who originally gave information about these planks to the Civil Engineer is a cousin of Nadamoony Iyengar - and having subsequently made up a quarrel which he had with him - deposed before me that he never supposed they were cut for the Bridge, and was aware that they were the produce of the Triplatory Padoogay which is in the occupation of the Bridge Ameen. -

4. Other informants named in the Civil Engineer's letter of the 15th of February have not been examined from want of success in finding Shashadry Iyengar therein named, and the consequent impossibility of procuring the identification of the three other witnesses named in the margin of that letter. -

5. Several persons bearing those names were brought before me but as all of them declared they knew nothing about Avenue trees having been cut down by or for Nadamoony Iyengar, depositions were not taken from them. -

6. Nadmoony Iyengar has presented three Petitions to me urging that the planks are the produce of the Padoogay of his own Village of which Padoogay he has a lease. He mentions as a proof of this fact that most of the planks found in

Fort St. George 12th October 1848. -

in his possession are Nawra wood which grows principally on the Padoogays and is found very sparingly in any of the Avenues. -

7. This I believe is the case and I am told that no Nawra planks were brought to the bridge at all in last year. -

8. But although that might be so it seemed to me not to follow that Nadamoony Iyengar had a right to cut down trees on any Padoogay (the Civil Engineer's letter of 7th March with it's enclosures conducing to that doubt) or that the Padoogay trees might not have been intended to be used at the bridge though none actually came. -

9. I therefore pursued my enquiries further, and though I have arrived at the conclusion that the attached planks were neither derived from the public avenues nor ever intended for the work of the Bridge, I consider it questionable whether Nadamoony Iyengar had any right to cut down the trees from which they were obtained. -

10 It appears that until Fusly 1239 the Padoogay of Triplatory measuring Cawnies 32. -
97 - - - cised to be annually rented to the best bidder, but on 11th April 1839. Talam Iyengar the Father of Nadamoony Iyengar petitioned for a lease of eight years at the rate of Rs. 11. 7. 6. -

per annum, being the average of eight preceding years - and especially urged as considerations for granting him the lease that annual renters were in the habit of cutting the trees and thus damaging the Padoogay.-

11- Upon this Petition, by some contri: =vance; I must suppose on the part of the Collector's Establishment a perpetual lease was given to Satam Iyengar at the rate he asked of Rupees 11-7-6 per annum, and the only form used was to take his signature to a Moochilka.-

12 But in Fusly 1253 on the 9th January 1844 an order was issued stating that Satam Iyengar not having in his possession any grant of this Padoogay his title to a permanent lease could not be recognized, and that from the expiration of that Fusly new ar: =rangements would be made after actual inspection, nothing however was done, and the renter and his heirs have continued in posses: =sion paying as before the same trifling assess: =ment, and as appears by the Tahsildar's Arzee enjoying considerable advantages, for he men: =tions the vestiges of 443 trees that have been cut down, from 50 or 55 of which the 585 plants now under attachment were obtained

13. It not being within the intention of my present employment at Trichino: =poly to come to any decision or offer any opinion in matters purely revenue, I have only to leave this subject with the evidence belonging to it to the determination of the Board of Revenue, and the Planters will continue under attachment until that determination is made known.

[illegible] conferred by the lease, whether or not these extended to the cutting of trees in the [illegible] Padagay, the number of trees so felled and their value, as also the measures which he would recommend in respect to the management of the Pada=gay in future. He will likewise explain what other Padagays there are in the District, how managed and of what improvement their management is susceptible.—

From Messrs. J. Ouchterlony and G. F. Fischer Madras.—

Stating their objections to the terms of a Puttah issued by the Collector of Salem in their names conjointly with that of the late Mr. Cadenhead for Forest land to be cultivated with Coffee on the Shervaroy Hills the contents of which Messrs. Ouchterlony and Fisher were only recently cognizant of.—

Sir,

We have the honor to address the Board on the subject of a Puttah issued in our names / conjointly with that of the late Mr. Cadenhead / for Forest land to be cultivated with Coffee, on the Shervaroy Hills.—

We must first explain how it is that we address the Board thus late on the subject of a Puttah, which actually bears date the 9th June 1847, and regarding the terms of which there had been much previous correspond=ence. It is, that this Puttah was delivered by bond from the Collector's Office at Salem to the late Mr. Cadenhead, who, it is presumed, from not being able to read it in the native language and treating it as a something of course, never communicated the fact of it's receipt to the un=dersigned J. Ouchterlony while the absence of the undersigned G. F. Fischer from Salem rendered him equally unable to ascertain it's contents.—

This Puttah we have now obtained from Salem, and had it carefully and literally translated

translated.- The result presents such an extraordi=nary document to us, that we cannot but believe some misapprehension must have existed regarding the orders that may have been issued by the Board on the occasion.- For it's legitimate extent for taxation is wrongly computed- the privilege ordinarily, and but for this exception, universally accorded to similar puttahs, when granted to natives or others for waste land, is expressly withheld from us and a condi=tion introduced, of a most arbitrary and despotic nature, and which we cannot believe ever before held a place in any lease of land in any country of the Universe.-

Before however directly adverting to these several points of objection, we will beg the favor of the Board's reference to the corres=pond=ence noted in the Margin, by which it will be perceived that we had, in the abstract contended for our being previleged to enjoy the same advantages that had already been accorded by the Board to others in a precisely similar pursuit to that in which we were engaged viz.t the cultivation of Coffee

Coffee on Government Forest land. We asked for no favour, we sought no especial advantage, but we submitted that we had a fair, a reasonable, and an equitable title to be placed on the same footing with the lessee in Wynaad, whose position moreover as a Coffee planter was far more favorable than the one to be occupied by us on the Shevaroy Hills.

Our last letter indeed, that of the 27th February 1846, after recapitulating the foregoing candidly told the Board† that we were so situated on the Shevaroy Hills, as to be at their mercy. We had been encouraged to go on- a Superintendent was on pay, a Cottage and labourers lines erected, nurseries brought forward, and forest felled- in short a heavey expense already incurred. In Coffee planting when once begun no delay can take place.- the felled forest must be burned off at it's exact season- the land must be cleared and the growth of weeds prevented, and the nursery plants be put out at a particular age.-

We went on, no answer whatever was given to our letter above quoted, and the absence of this

left

† We say the Board under the presump=tion that it's orders directed all.-

Fort St. George 12th October 1848.-

left us to believe that the Board had recognized the justice of the simple claims we preferred. But now the silence appears almost to have been contemptuous for without a single syllable of reply vouchsafed, and after a lapse of sixteen months, an arbitrary puttah was put into the hands of the late Mr. Cadenhead, against certain of the provisions of which we have now respectfully to offer our remonstrances and protest.-

First then, we have to complain of unfairness in the mode of measuring the land. This has been done by taking an account of the extent of surface ground on the faces of the hills and in the valleys, and in every nook and corner of the Estate, whereas in all parts of the world the admeasurement of hilly forest land is invariably made by trigonometrical survey over all. We solicit that a new measurement upon this latter principle may be ordered.-

Second. Whenever a puttah is given for waste land on the Shervaroy Hills, or indeed elsewhere also, the party on whom it is conferred may retain it for ever so long as he pays the Rent.- But in the puttah given to us the land is made resumable by Government after a lapse of 21 years. We hope that the

Fort. St. George 12th October 1848.-

the Board will order the suppression of this novel and oppressive clause.-

Third. A provision is introduced into the Puttah giving to the lessor represented by the orders of the Board of Revenue, the power of introducing at any time during the duration of the lease whatever changes he may think fit in the rent of the land, and binding the lessee under all such circumstances to pay. We cannot help thinking that the introduction of this clause must be owing to some extraordinary error, and will not insult the Board by supposing any hesitation on it's part in ordering it's immediate removal from the puttah.-

The above are the three grave and as we trust well founded objections to the Puttah in it's present form, but while urging them, we at the same time beg leave to resubmit our claim, as Cultivators of Coffee on the Shervaroy Hills to be treated on a footing of equality by the Board with Cultivators of the berry in the Wynaad Country, and we hope the Board will allow this point also to engage it's reconsideration.-

Accompanying this letter we take the liberty of sending a literal translation of the Puttah granted under the signatures of the Collector of Salem of date the 9th June 1847.-

W. C. Lockhart Esqre.
Collector of Salem.

To Mr. James Ouchterlony residing at Madras and Mr. G. F. Fischer and Mr. D. Cadenhead residing at Salem, the land puttah for Coffee Cultivation written and given you from Fusly 1254. that is to say the following are the particulars of the Anathy Bunjer immemorial waste land on the Shervaroy Hills in the Salem Talook of the Salem Zillah, for which you have applied for the purpos of Cultivating Coffee, in the said Fusly, as measured on behalf of the Circar by one Surveyor Vanderputt by strict measurement.-

Name of Naad.	Name of Village.	Boundaries.	Name of Stullum.	Number of Stullum.	Acres.	Quit Rent.	Cowle.
Salem Naad	Vadalycady	East of Cadamarum. West of the River North of the Mouth of Pullavara Sholay opening South of the Cadamarum	Paria Sholay Poonjay.	1	48 9 4	48 3 8	" " "

1. Thus you hold and posses in the said four Stullums Acres 150, Cullies 3, annas 12, for the purpose of Coffee Cultivation of this as you have now built a Cow shed and formed a flower and Vegetable Garden on 2 acres of the first Stullum in the Poolloor Village, you must pay Annually for said land from Fusly 1254 for 21 years at the rate of One Rupee an acre for the rest Acres 148-3-12. for the 21 years for which you hold it from Fusly 1254, five years rent is remitted and puttah granted you. Accordingly after the five years remission from Fusly 1254, from Fusly 1259 you must Annually according to first time, pay a Rupee an acre rent for acres 148-3-12-Rupees 148-1-6-

2. Should it happen that you cultivate said lands and plant them with Coffee or allow it to Continue waste without Cultivating it, you must as stated in the first para, without any objection continue to pay rent to the Circar.-

3. Should any changes be made in the rent of abovementioned lands by orders of the Board of Revenue within the 21 years mentioned in this puttah, you must agree to submit to it, and pay it.-

4. At the conclusion of the 21 years agreed upon, should the Circar order you to give up the lands, you must agree so to give them up.-

Proceedings thereon.-1. In the letter above recorded, Messrs. Ouchterlony and Fischer, besides remonstrating generally against the terms upon which the land which they have taken up for Coffee planting upon the Shervaroy hills has been granted to them have advanced three specific objections against the provisions of the Puttah which was issued for the land under date 9th June 1847, and delivered to their partner the late Mr. Cadenhead.-

Considering the objections urged by Messrs. J. Ouchterlony and G. F. Fischer to the terms of the Lease granted to them for certain land which they have taken up for Coffee cultivation on the Shervaroy Hills and modifying certain clauses of the Puttah.-

2. As regards the objections taken to the terms upon which the land has been granted, the Board must remark that in their letter to the Collector of Salem of 5th February 1846, the purport of which was Communicated to Messrs. Ouchterlony and Fischer, they distinctly stated that they could not recommend to Government the acceptance of the proposal originally made by those Gentlemen, and at the same time explained the terms on which they would be prepared to advise that the land should be granted. Viz. that it should be given according to the ordinary Cowlenamah of the District, free for the first five years, and subject to the full land assessment after the expiration of that period, and under an

Fort St. George 12th October 1848.

an engagement that two thirds of the land should be brought under cultivation within seven years. In their letter to the Collector of 27th February 1846 Messrs. Ouchterlony and Fischer frankly admitted that they had no choice but to accept such terms as the Board might think fit to obtain for them. tho' at the same time they pleaded for more favorable conditions. The Board however saw no reason to modify the terms which they had previously offered, except so far as to extend the period within which two thirds of the land were to be cultivated from 7 to 10 years, and at their recommendation, the Government were pleased

In Cons: 23d April 1846.

on the 17th April 1846, to authorize the issue of a lease upon the conditions referred to. The Board are still of opinion that those terms are sufficiently liberal.-

3. Of the three objections formally urged by Messrs. Ouchterlony and Fischer to the manner in which their puttah has been drawn up, the first is as to the extent of the land inserted in it. They complain of "unfairness "in the mode of measuring the land

land". This they state "has been done
"by taking an account of the extent of surface
"ground on the faces of the hills, and in the
"valley and in every nook and corner of the estate;
"whereas in all parts of the world the admeasure
=ment of hilly forest land is invariably made by
"Trigonometrical Survey over all". It is solicited that
"a new measurement upon this latter principle
may be ordered."—

4. On this the Board would observe that in granting land to applicants upon the Shevaroy Hills it has been usual to determine its quantity by superficial mea=surement, and for the very sufficient reason that the Revenue Authorities have rarely had any other mode of measuring at their Com=mand. On account however of the dif=ficulty anticipated in measuring the wooded and hilly tract taken up by Messrs Ouchterlony and Fischer, the Collector was induced to procure the services of a Surveyor attach=ed to the Civil Engineer of the Division, by whom the several plots which compose the whole property have been surveyed and mapped. This person Mr Vanderput happening

happening to be at Madras, the Board have questioned him as to the manner in which his Survey was conducted and from his statement it appears that, having taken measurements round the several spots to be surveyed, and reduced those measurements horizontally where they passed over uneven ground, and having taken his angles with a Theodolite, he calculated the contents of the interior area from these data, a mode of proceeding which if it did not in strictness amount to a Trigonometrical Survey, was at least quite sufficient for the purpose required; and which left the Lessees the full benefit of all the inequalities of ground included within the boundary lines. This first objection would therefore seem to proceed from some misapprehension.

Copy of the Survey Map of the property will be furnished to Messrs Ouchterlony and Fischer for their information.-

5. It is next represented that the land is made resumable by Government after the lapse of 21 years. This objection the Board consider to be well founded. There appears to be no reason why at the expiration of the present lease, the parties to it should not be allowed

to

to retain possession of the property so long as they may continue to discharge the public demand upon it. This clause will therefore be altered accordingly.-

6. Lastly it is objected that "a provision has been introduced into the Puttah "giving to the lessor represented by the orders of the "Board of Revenue" the power of introducing "at any time during the duration of the lease, "whatever changes he may think fit in the "rent of the land, and binding the lessee under "such circumstances to pay."-

7- It is in contemplation when circumstances permit to introduce upon the Shervaroy Hills a Survey and Assessment upon similar principles to that which obtains in the low country- and latterly the Board have ordered that whenever grants of land may be made upon the hills, a Stipulation shall be inserted in the lease or puttah binding the holder to pay from the time when the Survey may be made such revised rate of assessment, be the same more or less than that now chargeable, as may then be determined- but it is not intended that the Government demand should

D.G.

be altered arbitrarily or except as part of a general fiscal arrangement carried out throughout the Hills after due consideration and inquiry- The wording of the third clause of the Puttah will be changed so as to adopt it to the foregoing view of the case.—.

8. Under these circumstances the Board of Revenue resolve to transmit to the Collector of Salem, a revised Puttah, amended to the effect explained in the preceding paras 5 and 7 Mr. Lockhart will be pleased to issue this Puttah under his signature to Messrs. Ouchterlony and Co. and will take from them a counterpart. The Puttah already granted will be cancelled and its counterpart returned to the Lessees.—.

Ordered that Extract of the foregoing Proceedings be forwarded to the Collector of Salem and to Messrs. Ouchterlony and Fischer with copy of the plan of the land.—.

No. 1.—.

The following two paras are to be substituted for paras 3 and 4 of the Puttah granted to Messrs. Ouchterlony and Fischer.—

3 As it is in contemplation that whenever circumstances may permit a revenue survey and assessment shall be introduced into

Fort St. George 12th October 1848.—

into the Shevaroy Hills you will further be liable to pay, from the date that such arrangement shall be carried out, such revised rate of assessment upon the whole of the land comprised in this Puttah as may then be determined upon, be the same more or less than that now payable under the provisions of this Puttah.—

4. On the expiration of the term of 21 years to which this Puttah has reference, you will be at liberty to continue to hold the land entered in it so long as you shall pay the full Government demand which demand will further be liable to revision on a Revenue Survey and assessment being introduced if such a measure shall not have been carried out prior to the termination of your lease.—

From Mr. I. Tomlinson.—

On the 2d April last I had the honor of addressing the Principal Collector of Coimbatore in which I submitted certain propositions I was very—

Fort St. George 12th October 1848.—

very desirous of having laid before the Board of Revenue for their consideration, and if approved of, to be submitted with their most favorable recommendation for the sanction of Government.—

On a reconsideration of the subject I beg respectfully to request that you will be pleased to substitute the accompanying letter for the one now before the Board.—

Palghautcherry 25th September 1848.

/Signed/ John. I. Tomlinson

To The Secretary to the

Revenue Board.

Madras.

Sir,

I very respectfully beg to solicit you will submit to the Board of Revenue the following propositions and should such meet their views that they will have the goodness to forward the same for the sanction of Government with their support and countenance.—

The father of the late Mr. H. Gardener of Palghat in South Malabar held for a series of years under the Agent of the Government of Bombay a Contract for the supply of Teak Timber and after his decease his son continued to fulfil the contract to the satisfaction of that Government and of

their

their Agent Captain Williams of the Indian Navy.—

If it would not be irrevelant I beg leave to submit for the information of the Board of Revenue that the late Mr. H. Gardener was my Soninlaw, who died in 1845 appointing me his Executor finding that a part of his Contract with the Bombay Government unfulfilled extending to a period upwards of two years, and that his affairs required immediate and close attention I was induced to resign the Service and as the Executor of his Estate to carry on the business in his name to the entire satisfaction of Captain Williams the Agent of Bombay Government.—

On the termination of the lease I entered into a Contract on my own responsibility with Captain Williams a copy of which is herewith annexed for the information of the Board of Revenue.

The Forests from which I now supply Timber for the Government of Bombay are those of the Numbaody of Colangode and as private native Timber Merchants are engaged in the same pursuit; and as the Forests of the Government adjoin those of the Numbody of Colangode the juxta position affords to those evil disposed an opportunity of felling Timber in the Government Forests under a plea of ignorance of the limits of

of the said Forests.—

However vigilant the Subordinates of the Collectorate may be, I have reason to believe that a large number of Trees are felled every season in the Government Forests from which the Go=vernment derive no advantage whatever.—

Under these circumstances I beg most respectfully to make the following propositions and to solicit that Government be pleased to grant me their sanction to fell Timber in their Forests of the Malabar and Coimbatore Districts agreeably to the tenor of my Agreement with the Agent of the Bombay Government, the Government of Madras reserving to themselves the right of felling and removing from the Forests whatever quantity may be required for use in Public Buildings.—

I have served the Honorable Company faithfully for a period of 22 years, 15 of which were actually employed in the Ordnance Department and only for the reason above stated I was induced to resign the Service. I now presume to make an offer to the Government through the Honorable Board of Revenue believing that it will not only prove advantageous to the Government in a pecuniary point of view but that it

Fort St. George 12th October 1848.—

it will be the means of rendering available to the Government Timber of a superior description for the purposes of Gun Carriages &c.a &c.a

1st.

I will pay for what I doubt not they are now Deprived of without any pecuniary compensation.—

2d.

Any expense that may now be incurred in keeping up an Establishment for the protection of Timber in the Forests of Government alluded to will be saved to the State.—

3d.

There will exist the advantage of having European supervision in preparing for the use of Government any particular description of Timber for the construction of Gun Carriages or other Ordnance purposes respecting which I have some knowledge having served in that Department as above stated for upwards of 15 years.—

4th.

From the circumstances of my having to spend the greater part of my time in the forests, superintending the felling and preparing the Timber, I engage that for every Tree that is felled by me, to see that an equal number of Saplings are planted in their room, and thus I shall in seeking my own interest be virtually performing the Offices of a Conservator of Forests.—

Whilst I have stated the advantages that

Fort St. George 12th October 1848.—

that will be derived by Government by giving me the contract of the Government Forests in the locality above alluded to, I would at the same time acknowledge that it will be equally advantageous to myself and also to the Government by whom I am now employed. Under these circumstances — I would submit that I be allowed under the authority of Government to fell any quantity of Teak Timber I may required from time to time during the period of my present contract and for any longer period agreeably to the renewal of my contract not exceeding 12 years and that no other private individual unless in connexion with myself and on my responsibility shall be allowed the same privilege in the same Forests during the period of such Contract and I agree to bind myself under a heavy penalty that I will not directly or indirectly dispose of a single plank or log of Teak Timber by private sale until the whole shall have been lodged in the Depot of the Bombay Government at Pasrany and that only when any are finally rejected by Captain Williams of the Indian Navy and Agent of the Government of Bombay and pronounced totally unfit for Government purposes I shall consider myself at liberty to dispose of by private sale

I.

I am bound by the 6th Para of my Agreement with the Bombay Government to deliver every plank of Teak Timber I cut into their Depôt at Ponany, the Government of Madras therefore cannot under any circumstance run a risk from dishonesty or artifices on my part and as I receive from the Government of Bombay the rates set forth in Para 5th of my Contract as the value of my Timber furnished to them all and every expense in the felling of the said Timber in the Forests and transit from thence to Ponany by land and water being sustained by me without any advance being received from Government I beg to propose in the event of the Government acceding to my wishes thro' the favorable recommendation of the Board of Revenue, to authorize the Government Agent at Ponany in communication with this Government and with the sanction of his own to tender to the Madras Authorities, a copy of all accounts he may have with me and that he be also authorized to make the deductions from my accounts and carry the same to the credit of the Madras Government and also of all such Timber as may be rejected by him and not coming within my

Agreement

Agreement, but still fit for certain purposes of Government for every 100 Solls of which I receive Rs. 45/ Forty five and as the expense of the whole of this Timber in its transit, whether large or small is equal, I am prepared to pay the Government 5 Rs. for every 100 Solls of Timber actually delivered into the Depôt the prevailing rate of Pass or Cooly Canum for each Teak Tree in Malabar is Rs. 1/ and 1½ As. the Trees in the Government Forest are of large dimensions each Tree on an average will yield about /300/ Three hundred Solls of Timber, thus the Revenue on each Tree will be on an average Rupees Fifteen.—

My last years supply amounted to upwards of 40,000 Solls, and my present cutting will amount to nearly 60,000 the whole of which Timber is felled in the Forests of the Numboody of Colungode which were taken on a lease for 8 years, but the Timber being inferior in demensions to that in the Government Forests, should they be pleased to give me the Contract of their Forests, I am prepared to forego all advantages accruing from the lease I hold from the Numboody and to give it up altogether in order that I may not by working both forests cause any con=fusion or clashing of interests. Under such an arrangement the Government will not

incur

Fort St. George 12th October 1848.—

incur any loss but on the contrary reap a large benefit.——.

I shall always be ready on the requisition of the Board and that of the Government to proceed to the Forests and to select and superintend the felling of such Timber as the particular purposes of Government may require; but as the present mode of transit will not allow of Timber of heavier weight than that stated in the margin special means would be necessary for the transit of the same.—
