From the Collector of Ganjam-

Sir,

Submits the Accounts con= =nected with the Management of the Government Talooks for &c Fusly 1257 with certain explan= =ations thereon-

Para 1. I have now the honor to forward the Annual Accounts of the Settlement of the Land &c Revenue of the Ganjam District for Fusly 1257, as per accompanying list of Packet-

2- The South West Monsoon reached this District by the end of the month of May, and &c genial showers continued to fall during the months of June, July and August- Throughout the following month of September there was also a copious &c supply of rain- The beginning of October was &c very stormy, attended with heavy rain, this was fol= =lowed by cloudy weather and occasional showers, and after another burst of the Monsoon about the &c middle of November, the weather cleared up and the cold season set in- Under these favorable &c circumstances the rice crops generally &c yielded

yielded an abundant harvest, and the dry crops also, &c
more than an average return, except where in some places
the Coollee and Oil plants, were extensively destroyed by
a species of Caterpillar, which attacked them when in &c
blossom - The produce of Sugar Cane plantations was
particularly abundant, in the year under notice.

3. The prices of all descriptions of &c
Grain, excepting Oil Seeds and Gram, were below &c
those that prevailed during the previous Fusly, but
the Market rates obtaining still continued to be more
than ordinarily remunerative to the Ryots.-

4. The Settlement was made in the
mode customary in the previous years, and the &c
number of Villages under individual Settlement, and
rents, respectively, show no change of importance,
the only variation needing to be accounted for,
being a decrease of 8 in the number of Villages
in the Goomsoor Talook, owing to the desert-
-tion of the Khond inhabitants of these small
hamlets in the Gullery Mootah, and on the
other hand in Sooradah a small Khond &c

clearance was brought to account last year &c
as a hamlet.

5. The subjoined Abstract shews
the Settlement of the land revenue of the &c
Government Talooks and lapsed Zemindaries
and Estates for Fusly 1257 compared with &c
that for the previous years.-

Talooks.-

Fort St. George 19th October 1848.

6. The Settlement Demand amounted inclusive of Cuttoobady and rents of Topes to Rupees 4,16,336—1—6, being Rupees 15,098—11—3 less than that of the previous year. This decrease resulted from a gross increase of Rupees 8,111—11—9 and a decrease of Rupees 23,209—12—11, as noted in the Margin. In the Ichapoor Talook the demand was nearly the same as in the previous year while in those of Poobacondah and Wadadah the Shist of the lands reoccupied considerably exceeded that of those which from various causes were given up. The chief decrease however occurred in the rents of the Villages in the Goomsoor Talook, to the extent of Rupees 19,127—8—7, and principally in the Wootoogodotolah, Vonagherry and Juggernaut prasaud Mootahs. These Mootahs lie adjacent to those parts of the Maliahs the

the scene of the late disturbances, and as
it is always customary in these Zemindaries
to enter into engagements for the
Village leases for the ensuing fusly,
before its commencement, it was
necessary to yield to a temporary
abatement; with a view to
induce the parties to engage

give early encouragement to the Ryots

8. Of the entire Demand for Fusly 1257 Rupees 4,16,336-1-6. Rupees 4,18,041-9-9- were realized within the Fusly, leaving a balance at its close of Rupees 8,294-7-9- which has been reduced by subsequent Collections to Rupees 5,379-7-2 compared with the previous year, it will be observed that there was a difference of Rupees 29,346-9-5 of Current Collections in favor of Fusly 1257, and in the total Collections brought to account, an increase of Rupees 24,402-7-1. The balances remaining uncollected in the several talooks are very trifling, except in Wadadah and Goomsoor, where they amount to Rupees 3,565-11-3, and Rupees 1,562-1-7, respectively- The Collections realized in Goomsoor during the past year it is however to be remarked were with the exception of one fusly, the largest that have been yielded from the Zemindary since it lapsed to the Government, and it is expected that a good part of the outstanding demand of Rupees 1,562-1-7- will be brought to account at an early period. In respect to the balance remaining due from the Wadadah Talook, I am at present unable to afford any exact information, as the

Assistant Collector who was in charge of its detailed Management left the District, on leave of absence, without making any communication to me on the subject of these balances, and I have not yet been able to obtain from the Officer in charge of the Talook satisfactory explanation of the causes for their outstanding. I propose to take an early opportunity of personally looking into the state of this Talook, and I think it better not to delay the despatch of the present report, until I have done so.-

9- The subjoined Abstract Statement exhibits at one view the results of the Settlement and Collections of all branches of Revenue in the Ganjam District for Fusly 1257 in comparison with those of the previous year.-

10. The total demand on account of all branches of revenue, it will be observed, amounted, exclusive of recoveries of advances, to Rupees 13,21,500-8-1 for Fusly 1257, the whole of which was duly realized up to the 1st Instant, with the exception of the sum of 28,050-13-7 or about Rs. 2-1-11/2 per Cent on the demand. There was it will be seen an increase of Rupees 10,468-13-5, in the whole amount of revenue brought to account compared with the previous year.

11. The Demand on account of the Peshcush of the ancient Zemindaries and permanently settled Proprietary Estates, amounting to Rupees 51,632-7-5 has been collected in full with the exception of Rupees 22,011-8-8 almost all of which is outstanding against the Chegattee and Teerghur Zemindaries, and the Lutchmeepoor Estates. The balance against Chegattee is referrible to the circumstance of the late Zemindar having in accordance with the usual practice obtaining in these hill Zemindaries, anticipated the collection

of the greater part of the two first Kists before the commencement of the fusly and on the Estate coming under Management the remaining available revenue was found insufficient to meet all the demands of the year. The backwardness of the Seerghur Zemindar in discharging his peshcush, is not satisfactory. I have done all in my power, short of attaching his Estate to induce more punctuality on his part in meeting his public engagements, but advice and admonition have been unavailing, and I apprehend that it may be requisite to adopt more stringent measures to compel payment. Upon which subject I will, if necessary, hereafter address the Board.

From the Collector of Cuddapah — } Para 1. Agreeably to the requisition contained in Extract from the Proceedings of the Board of Revenue dated 31st. Ultimo, I have the honor to furnish a list of the Records which have been forwarded to the Subordinate Court for the purpose of being converted into Paper, and to state, that the necessary measures were immediately, on the receipt of the above Extract, taken to prevent any further destruction of the said Records.

2. In affording the explanation required as to why the Board's sanction had not been obtained previous to such a step having been taken, I beg to state that the Records in question which are accounts received from the Talooks, and having accumulated for years have been thrown promiscuously as useless in the Verandah of part of the Record room, where they have mostly been destroyed by white ants. Under these circumstances and

because abstract Statements of these Accounts were, as the Head Sheristadar informed me, kept in the Records, I did not consider that a reference to the Board was necessary.

Under the explanation furnished in the above letter the Board of Revenue sanction the destruction of the 14 Sayer accounts, entered in the Statements which accompanied it.

2. It is stated that abstract Statements of these Accounts are, according to the information given by the Head Sheristadar, kept in the Records. The Collector should however before authorizing the destruction of the records satisfy himself by personal inspection that this is the case, more especially as regards the Statements of the import and export of Opium.

3. The Board wish for explanation as to the meaning of Coolawar Razeenamahs. It is presumed that they are those usually given by the

the Ryots, either for occupying or relinquishing lands, at the time when lands are allotted for cultivation by the Thasildar. If so, it should be stated, why they have been transmitted to the Huzoor Cutcherry, as they form part of the Talook records.

At this stage of affairs the Head of Police of Poolavendala there wrote a second Urzee dated 30th April stating that he had discovered that this Chinnabeegadoo was concerned in this Chitwail Robbery and requested that he might be forwarded to him together with the Prosecutor.

9. The Magistrate having strong reasons to suspect from all that had already transpired that this Head of Police was also an interested Party, and had been busily engaged with the said Surrhesum in attempting to screen the Prisoners, Persons of very considerable wealth and influence, and it appearing evident that the said Head of Police had from the commencement this object in view, when on the former occasion above alluded to, he made no allusion in requesting that this Chinnabeegadoo might be sent to him, to his being

Concerned

concerned in the Chitwail Robbery, but assigned a different reason for requiring his attendance, he was called upon to explain several points connected with his Proceedings, and particularly to state how he had discovered that Chinnabeegadoo was concerned in the Robbery alluded to.

10. In his reply dated 10th May he stated that the Prosecutor had, when he came to the Magistrate at Poolavendala, told him that the offenders belonged to his Salook, and that on his having directed the Surchesem Yellapah to exert himself in the matter, he apprehended one Balega who informed him, the Surchesem, that he had been invited by Chinnabbeegadoo to join in the Robbery. The Head of Police further states that in consequence of the said Balega, in his deposition before him, having spoken to having seen Chinnabbeegadoo sell to a Goldsmith certain Cloths, some of the stolen Property, he caused his House to be searched, and as certain other Property was also discovered corresponding with that entered in the Prosecutor's list of stolen Property, he came to the conclusion he did, and wrote the Urzee alluded

alluded to.

11. The Prosecutor denies ever having made any such verbal Statement before the Shastdar as represented, while Balega also denies that he either gave the Surchesew the information alleged or gave the deposition before the Sahebdar as recorded, and states that he was maltreated by the Surchesew and his Peons, and that failing to give the depositions they required, the present documents on record was written without his knowing the contents thereof, while Chinnabbegadoo also the same time denies that there is any truth in the story as to the information alleged to have been obtained by Balega thro' him.-

12. It is not satisfactorily explained on what grounds this Balega was apprehended by Surchesew Yellapah, nor does the deposition taken from him by the Head Police of Poolewendalah whose duty it was under any circumstances to have forwarded him to the Officer of the Talook in which the Robbery was committed, clearly explain the manner in which he obtained all the Information

therein

therein recorded.

13. The deposition from Balega bears on marks of having been got up by the Head of Police of Poolevendala subsequent to the receipt of the Magistrate's orders above referred to, for if otherwise, it would not have been taken in such general terms, but the deponent would have been required to have been more explicit in points of importance therein set forth, while it appears highly improbable that Balega and Chinnabbegadoo residing as they do in different villages should have met so often as represented, and still less probable that Chinnabbegadoo should have either acknowledged to Balega the part he had taken in the Robbery when the latter refused to join him or sold in his presence part of the stolen Property to a third Party.-

14. The irreconcilable circumstances connected with the alleged apprehension of Chinnabbegadoo by the Surchasew, Jaffer Naike's Party, in the first instance as above detailed, the anxiety displayed on the part of the Head of Police of Poolevendalah to have him sent to him, the

circumstance of Balega having been made to implicate Chinnabbegadoo would certainly tend to the conclusion that this Chennabbegadoo had at first been induced to confess to having been a Party to the Robbery as though he seems to have thought better of this/ using that Property had really been discovered in the Prisoners' House, and the turn matters in the case had taken/ and that the plot concocted among them was, that by so doing he should implicate others equally innocent for the circumstance of two Purchasers in different parts of a District having obtained their information regarding Chinnabbegadoo in the manner alleged is too inconsiderable to be considered worthy of the slightest credit. Chinnabbegadoo having however been forwarded to the Magistrate by the Purchasers under the impression that the Statements he was prepared to give would turn the Tables in favor of the Prisoners in the Chitwail case/ the Reddies/ and lend to the Magistrate issuing warrants for the Persons entered in the list prepared, while the Head of Police seemed to have been of a different opinion and with good reason imagined that the case would be safer as far as the Prisoners were concerned if the said Chinnabbegadoo was examined by him.

at Muddenpully, 7th July, 1848. ——— } Collector

DG

Fort St. George 19th October 1848.

Extract from the Remarks in Calendar No. 41. of 1848.

\+ + + + + +

The Magistrate's proceedings show that he is much dissatisfied with the Head of Police of Poolavaindla Taloork, and attributes the misconduct of the Subordinate Police Officers which has been brought to light in this case, to a wish on his part to divert the Magistrate's attention from the real Authors of the Chitwail gang robbery by endeavouring to fix the Crimes on other persons who were innocent of it.— As the Tahsildar's conduct in this respect has not come judicially before the Sessions Court, the Sessions Judge abstains from going into the points recorded by the Magistrate, but he deems it necessary to notice some instances in which the proceedings before the Sessions Court have shown that the Tahsildar's conduct in the discharge of his Police duties was irregular and unsatisfactory.—

It is shown that after the houses of Baleganadoo, and C. Nagappa/ the 1st and 5th Witnesses/ were searched, those persons were taken to Cudree the Tahsildar's station on the 27th April, and a report was made to that Officer regarding them

them - Yet both these persons state that they were never sent for and examined by the Tahsildar, (The Head of Police) and that they remained in the Surcheydem's Custody unexamined for more than a month until the Magistrate sent for the entire case. - Proceedings before the Court bear out these statements as they show that Baleegandoo and C. Nagappa remained in the Talook in Custody from the 27th April to 5th June, when they were forwarded to the Magistrate and the record contains no depositions taken from them by the Head of Police.

Next in the more extraordinary as the gang-robbery with which their names were implicated was one of the greatest consequence and Baleegandoo was represented to have confessed the crime to the Surcheydem and given up some of the plunder while other property supposed to have been obtained at the same robbery was represented to have been found in C. Nagappa's possession.

The Head of Police states indeed that he wrote to the Chitvadil Tahsildar

desiring

desiring that the Prosecutor might be sent to him to examine the property and see if it was his, and that his examination was delayed on this account he made a report to this effect to the Magistrate on the 30th April, Arzee No 118, but he subsequently even held no examination and when he made a further report to the Magistrate on the 10th May (No 130) mentioning that the Chitvadil Tahsildar had replied that the Chitvadil Prosecutor was at the Bujoor he merely sent some papers, the Prisoners Baleegandoo and C. Nagappa still remaining in the Talook unexamined.—

Another extraordinary feature in the case is that although one Vendatramoodoo (the 2d Prisoner before the Court) is represented to have given information against Baleegandoo and others, which led to Baleegandoo's house being searched on the 27th April, yet the Head of Police appears to have taken no deposition from this Vendatramoodoo until 30th May, upwards of a Month afterwards.—

It was obviously the duty of the Head of Police to examine Baleegandoo and C. Nagappa immediately, and after placing on record the circumstances under which the property

property had been found upon them, to forward the Prisoners and the case, if he really thought there were grounds of suspicion against them, to the authorities of the Talook where the gang-robbery occurred, or to the Magistrate when he heard that that Officer was investigating the case.- Such a course was not only enjoined by repeated orders, but seems the one which a Head of Police anxious to aid in the detection of an aggravated robbery would have naturally followed, and if the conduct of the Head of Police is considered merely in reference to the parties in Custody, the fact that two persons accused of heavy crime, and against whom no proof was eventually found, remained in Custody unexamined for five weeks suggests doubts whether the Head of Police is fit to be entrusted with Police authority.—

A copy of these remarks will be sent to the Magistrate for his consideration.—

Sir,

1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Session's Court of Cuddapah dated 7th September 1848, calling upon me as required by Extract from the Proceedings of the Court of Foujdaree Udalut under date 5th Idem which accompanied, to state my opinion as to the propriety of retaining the Head Police of Poolavaindla in his situation with reference to the observations recorded by the Session Judge in the case adverted to regarding the conduct of that Individual.—

2. I beg to state that I consider this Officer has, by his conduct in getting up a series of cases against innocent Parties to screen Persons of influence concerned in a case of extensive Gang Robbery and in attempting to impose upon and deceive one for the purpose of carrying out the object he had in view, has proved himself quite unfit to be entrusted with any Official authority and undeserving of further employment.—

Cuddapah, — —
Magistrate's Office,
8th September 1848.

Collector.—

Extract from the Proceedings of the Foujdaree Udalut under date the 26th September 1848.—

Read Return dated 11th September 1848, made

Fort St. George 19th October 1848.

made by the Session Judge of Cuddapah, on the receipt of the Foujdaree Udalut, dated 5th September 1848, requiring the opinion of the Magistrate of Cuddapah as to the propriety of retaining the Head of Police of Poolavaindla on Talook, after the remarks recorded against him by the Session Judge in Calendar No. 41 of 1848.—

1. After a careful consideration of all the circumstances connected with this case the Court of Foujdaree Udalut are constrained to concur with the Magistrate in his opinion that the Head of Police of the Poolavaindla Talook has, by his highly culpable conduct in the present instance, proved himself utterly unfit to be entrusted with the responsible duties of the situation in the public service, which he now holds. The Court accordingly resolve to direct that he be dismissed therefrom on the receipt of these orders.—

Ordered that Extract from these Proceedings be forwarded to the Session Judge of Cuddapah for his information, and for communication to the Magistrate for the guidance of that Officer.—

From the Collector of Chingleput.

Sir,

Submitting the information called for in the Board's Proceedings dated the 7th February on reviewing the Land Revenue Settlement Report of the Chingleput District for Fasly 1250.

1. I have the honor to submit the information called for by the Board in their Proceedings dated the 7th February, on reviewing my report on the Land Revenue of this District for Fasly 1250.—

2.— The 894 Cawnies of Corumpoke land

Para 4. lands entered in Col 7 of Account A attached to
Statement 20, and alluded to by the Board, are such
portions of the Enam lands as are occupied by Topes,
Wells, Ponds, and Pathways, and if brought at any
time into cultivation, would be free of Peishcush,
see no objection therefore to dispense with the
deduction in future Accounts as suggested by
the Board.—

3. In para 7, it is remarked that the
average price of grain was stated in the Im-
Jummabundy report to have been about 20
per Cent below that of the preceding year, whilst
according to the Monthly price lists, it is only
4 per Cent.—The cause of this apparent discre-
pancy arises from the rates entered in the Month-
ly Price lists furnished to the Board being
calculated on an average of the retail prices
at which grain was sold in the three Towns
of Conjeveram, Chingleput, and Pirivilloor, en
whilst the prices quoted in the annual Report
was the average wholesale price at which
grain was sold by the ryots in the different
Talooks.—

4. The Board desire in Para 17 that
Statement No 15 should hereafter exhibit,
besides the actual cultivation, the Dittum,
or engagements entered into by the ryots.—en
This information cannot be furnished
in the report for the current Fasly
without an entire revision en
of the Jummabundy

Accounts

Accounts for which the establishments have
not time.—The Proceedings of the Board having
been received after the Settlement Accounts had
been nearly completed in the usual form, and without
distinguishing the extent of Dittum under each
source of irrigation, but the orders of the Board
will be enforced in preparing the future Accounts.—

5. The extent of Sunjal cultivation and the
Merasee tenure are great impediments to forming a
Settlement in this District upon the Dittum, or
engagements entered into before the nature of the
season, and the supply of water is known, for the
Merasdars naturally agree to cultivate or find
parties to plough the whole of the lands falling to
their respective shares, and even if they did not,
it would be very difficult, if not impracticable,
for the Government Officers to get the lands for
which the Merasdars had not given agreements
for, cultivated, as they could not offer the person
willing to cultivate, any security of holding the
lands beyond the current year, the Merasdar
having again, in the ensuing season, the pre-emp-
tion.—Taking the actual cultivation as the
basis of the Settlement, in lieu of, the actual en
cultivation, and the extent of land usually in
the occupation of the Merasdar, will merely
have the effect of swelling enormously
the amount of remissions unless, en
indeed, the Board and Government
are prepared to follow up the System
by

Fort St. George 19th October 1848.

by letting the Merasdars distinctly know that a failure to cultivate or obtain cultivators for the Meraly lands they may engage for, or the non payment of the land tax on such as might have remained uncultivated, will be attended with a deprivation of their rights in the lands, and that the lands will be given to others, not for a year only, but on permanency to those willing to cultivate them. Some rule or other of this kind, tho' probably more modified in its provisions, is greatly required, as under the present system, so much land is annually left waste that might and would be cultivated by others, were it not for the operation of the Meraly tenure. Should the Board view this subject in the same light as I do, I shall be prepared to draw up and submit for their consideration a set of rules for the occupation and holding of lands, trenching as little as possible, upon the understood rights of the Merasdars.—

6. With regard to the discrepancies + pointed out in the Summahbundy of Chittah of Coomarunjary in the Pyanelloor Nouttah / not in Pyanelloor itself as stated in the Board's Proceedings / I beg to state that although the Ryot Ravanuppa. Reddy engaged to cultivate a little more land than he

+ Para. 18

in the preceding year, he was prevented doing so thro' the lands of Tank being breached — as shewn in the heading of the Chittah — No portion of the 6 Cawnies of Degur Enam land appearing in his name was actually cultivated by him but by other parties though it has been entered in his name in consequence of the land forming part of his Meraly share in the Village.

7. The subject of the arrears of former years adverted to in Para 5 of the Extract from the Minutes of Consultation will hereafter be noticed in the annual Summahbundy report as directed by Government.

To the Chief Secy to Government

Submitting a Statement received from the Collector of North Arcot of the lapse of a Service Yeomiahs in his district and recommending their continuance to the heirs of the last incumbient.

1. I am directed by the Board of Revenue to request that you will lay before the Right Honorable the Governor in Council the accompanying Statement dated 2d September last, from the Acting Collector of North Arcot on the subject of the lapse of certain Service Yeomiahs in his District.

2. The first of the Yeomiahs No. 197, entered in the Statement is of the value of 1164 — — per Annum, and was originally granted in Hezeree 1157 or about A.D. 1744 by Nabob Annaroodee Khan for the support of the Khadims, or Servants of the Durgah of Hugrut Assaur Moobarack at Arcot. It is annually paid in certain proportions to ten Khadims, who officiate at the Durgah. One of them named Meer Goolam Moostapha who was in receipt of 120 Rupees, died on the 11th January 1848, and the Acting Collector recommends that his allowance be continued, from the date of his death to

to his cousin and adopted Son Syed Abdool Ully, or divided if so preferred between him and Abdool Wazeed a second Cousin of the deceased.

3. The Board would not advise that the Yeomiah be any further sub-divided, they would therefore recommend that the whole share of the deceased be continued to Syed Abdool Ully.

4. The Yeomiah No. 367 of 177 Rupees per Annum was by the Enayotnamah of Nabob Wallajah dated Hejiree 1200 or A.D. 1786 allowed to Mahomed Ashaun and others Khadims of the Musjeed in Saymoodeen Ally Khans Bagar at Arcot, and is now disbursed annually to four persons. Shake Ismail Nephew of Mahomed Ashur above mentioned, one of the Khadims, resigned his Office from old age on the 5th June 1848 in favor of his Son Shah Cassim Hoossaine, to whom the Collector recommends the allowance of his father, Viz., Rupees 44-4— per Annum may be continued from the date of his resignation.

5. The Board support the Collectors application.

6. The Yeomiah No. 584 of Rupees 84 per Annum was allowed by Nabob Wallajah according to his Enayotnamah of Hejiree 1187 or A.D. 1773 to Syed Mohomed and Futta Mahomed as Muezzin of the Musjeed at

Mangaud

Fort St. George 19th October 1848.

The former resigned his Service at the Mosque from old age on the 30th November 1847 and requested that the name of his Son Mahomed Adum may be registered in his stead and the Acting Collector recommends that his prayer be acceded to, in which the Board of Revenue concur.

7- The Yeomiah No. 622 of Rupees 48 per Annum was granted in Hijree 1212 or A.D. 1798 by Nabob Comdut Odoomrah to Khajah Esoof ally Muezzin of the Musjid at Vellore, who is reported to have died on the 18th February 1848, and whose allowance is recommended by the Acting Collector to be continued to his two Sons Khajah Moortoozah ally and Khajah Mahemud ally, both of whom, it appears, have discharged the required duties at the Mosque since their father's decease.

From the Collector of Salem. — Sir, — With reference to your letter of the 3d August 1846 forwarding Mr. Fischer letter addressed to Government, objecting to the mode in which his claim for rent on account of the land in his Moottah occupied for Judicial purposes at Salem, has been disposed of, and requiring me to call upon Mr. Fischer to go in person with me over the whole ground comprised within the Court enclosure, to point out to him shuttum by shuttum the several fields of which I consider the entire area to consist, to desire him to state in writing any objections which he may wish to make, and to furnish a plan shewing the exctent, site, and boundaries of all the various fields which as he contends are occupied by the Judicial Buildings, and for which he claims rent. I have the honor to state that I was unable to carry those instructions into effect earlier owing to Mr. Fischer's absence from Salem since the last two years: he returned from Madura to Salem in June last when I was engaged in the Settlement of the Talooks of Ossoor and Dunkencottah, consequently I forwarded the whole correspondence connected with the case on the 13 June to the Sub Collector, requesting him

Submitting with reference to the Board's letter of 3d Augt 1846 the Report of his Sub Collector on the claim of the Moottahdar of Salem for rent of the ground occupied by Judicial Buildings and Solicitating sanction to pay to Mr. Fischer Rupees 431-7-10 being the amount of Arrears due to him up to Fasly 1257 and to disburse Rupees 17 3 9 annually on that Account.

to go over the lands in question with Mr. Fischer adhering to the instructions mentioned above as strictly as possible, and report the result.

2 In the 4th Para of the Sub Collector's report, Copy of which accompanies, he states that "Mr. Anfrow purchased a Goontah of Nuttum Poonjah land from one Malley Saib and "built a Bungalow thereon, by paying its terwah to the "Mootahdar" and in Paras 15, 16, & 17 he mentions that, "By the most careful measurement the land "within the Court Enclosure consists of Acres 5-1 "Of this Acres 2-34-4 are Vadoogum and Cundachar "rum Polum, there remains Acres 2-6 Nuttum Poonjah, but Mr. Fischer's demand is for "Acres 3-32-11. You will see by the enclosed cor "correspondence that Mr. Fischer admits the "correctness of our present measurement, and con "considers that the deficiency in the area of the "Court Compound arises from the exclusion by a "wall lately built of the corner which I have "marked Z. This appear to me to be probable and "satisfactory. The spot in question measures Acres "-33-7 and as nearly completes the required ex "measurement as I think can be expected. The "spot of ground evidently ought to belong to the Court compound "now waste and has become a nuisance, it will be at the "option of Government either to enclose it, which I think "is desirable, or

"it would bring a good price, it is however sufficiently "large to be useful for future Government purposes, "and ought I think by no means be parted with. "The small portion still wanting has probably "been included in the land now forming the "Compound of Dr. Scott's house. Should your consider "it of sufficient importance, it can, I doubt not, be "arranged to transfer the fraction of the rent from "the Government to the holder of that land."

Mr. Maltby in the 12 Para further states,

3 "that the Dhara Poramboke was in the original "Pymash Acres 3-32-11, but the spot now said to bear "that name measured 4-10-11. But from the accounts "I have alluded to above, it seems that in 1211 only "one Goontah or Acres 3-37-11, was recognised as "Poramboke. For this reason I do not think that "the mere fact that we can measure that amount "of Nuttum Poonjah outside Mr. Anfrow's wall "is conclusive against the Mootahdar's right to "the land inside".

4 From the 10th Para it appears that the Dhara Poramboke land (wherever that may have been) is entered not in the reserved Poramboke but under the third head of the schedule or Toolo-chittoo granted to the Mootahdar.

5 The extent of the Dhara Poramboke as entered in the Ayacut Accounts of Fasly 1211, corresponding with the year Dioramady is one

one Gooly or Acres 3 32 11, but on minutely examining the records I find that the Dhara Pommboke is entered as Arady Benjar, or waste land fit for cultivation, under the third head of the Sorbochittoo, and that it is quite dissimilar to the Cotamodoo Pommboke lands which were excluded from the third head and which are now under litigation in the higher Court, consequently the Mootahdar has a right to the teerwah of the Dhara pommboke land, of which a portion consisting of Acres 2-0-11 is within the Court enclosure as mentioned in the 2d Para of my report dated the 13th March 1843; if a Mejoal teerwah of the Vadooqum Totum be imposed on this portion it would amount to Rupees 7-1-10. The teerwah claimed by Mr Fischer on Nuttum poonjah as land was formerly entered in the name of Mr Anfrere and paid teerwah to the Mootahdar without any doubt whatever, but from the measurement made before I stated in the 2d Para of my report quoted above that the Nuttum-poonjah land is situated without the Compound, and a small portion of Dhara Pommboke within the walls in now examining the Ayacut Accounts of Fasly 1211 with minuteness, find that the Dhara Pommboke 1 Gooly is entered without defining its boundaries, situation, or spot; it cannot be priced, consequently it is difficult to ascertain the

land is Rs 5-2-6 which is below that on Dhara Pommboke by Rs 1-15-4 The Nuttum poonjah

this land is situated within the Court enclosure. From the Putcut Accounts in the possession of the Mootahdar, from the Mochilka granted by Mr Anfrere to the Mootahdar, and from the Sub Collectors Report Para 4, it is proved that a portion of Nuttum-poonjah land is within the Court Compound, and the remaining portion without the walls, of which a small portion has been included in the land forming the Compound of Mr Hargraves' house now occupied by Dr Scott. The portion which is without the walls consisting of Acres 1-26-11, bearing teerwah Rupees 2-3-7 may be either added to that portion (Acres 2-0-11) situated within the walls if required by the Judge, or taken by the Circar for future Government purposes, but not parted with as recommended by Mr Matthy-

There exists no dispute regarding the Cundacharum and Vadooqum Totum lands, Mr Fischer having in his letter of the 20th October 1845 admitted the correctness of their measurement made by the Revenue Authority. The teerwah of these lands, as also of the land occupied by the Jail called Cotamodoo Pommboke, is as

								431-7-10

This is the amount actually due to Mr. Fischer The amount mentioned in the Memorandum annexed to his letter to the Sub Collector dated 24th June last exceeds this by Rupees 38 6 2. This excess has been occasioned in consequence of his not having deducted 9 coontahs 7, and Anjas 3, bearing Teervah As 11 11, the Difference between the measurement made by him and that made by the Revenue authorities of the lands, Viz.t Cundacharum Totum and Vadoogum Totum: this Difference, and Mr. Fischers agreeing to the linear measurement, is shown in the 2nd Para of my letter of the 7th January 1818. As Mr. Fischer agreed to abide by the

the measurement of the Revenue authorities in his letter of the 20th October 1815, he should deduct the above Sum Rupees 38 6 2.

Besides this Mr. Fischer claims Interest Rupees 373-4-5 on the rent due to him after deducting the teervah already paid to him on the Nuttum poonjah land, there remained a balance due to him up to fusly 1254 of Rupees 108-9 6 to which the teervah of fusly 1255, Rupees 12-4-4, being added the balance amounted to Rupees 180 10 10 which agreeably to the Board's Proceedings dated 5th April 1816 was ordered to be paid to him from my Treasury; but Mr. Fischer having refused to receive this balance it has been kept in deposit although there was a difference regarding the Nuttum poonjah land, he might have without any objection received the balance due on other lands, leaving the Nuttum poonjah balance to be afterwards settled; as he did not do so, the payment of the teervah for fusties 1256 and 1257 was also stopped: as the delay in this case was occasioned on this account I leave it to the decision of the Board to determine if he is justified in demanding Interest.

As I conclude that it would be best to pay teervah on the Nuttum poonjah land, I do not think it necessary to forward a Plan or Mr. Fischer's Deposition together with the

15015 Fort St. George 19th October 1848

the Copies of the Vouchers as directed in Para 2nd of the Board's Proceedings under acknowledgment.

It is now eight years since this dispute (Nattum Poonjah) has arisen during this interval a protracted correspondence has taken place between the Board and this Office, consequently I hope that the question will be now settled without any further contention. After the Nattum Poonjah was transferred to Mr. Anspere the Stables, Godowns &c. were built thereon, and which is now waste, this portion is also without the Compound. This can now be taken by the Ryot early paying Teeruvah on the Nattum poonjah land to the Mootahdar. Mr. Anspere's Bungalow alone stands on Vadoogum Totum and Cundachanum Totum lands. Although the land in question falls under the denomination of Shara Porumboke, yet it's Teeruvah should be paid to the Mootahdar, consequently the Teeruvah demanded by Mr. Fischer on Nattum poonjah land amounting to Rupees 1131 7 10 as shewn in Para 5 of this Letter should be paid to him. For the payment of this Sum, as also for paying Rupees 17 3 9 per annum as rent from the current fusly 1258, the Sanction of Government is solicited.—

No. 1.

To W. E. Lockhart Esqre
Collector of Salem.

Sir,

I have the honor to acknowledge your letter of the 13th Instant, together with the English and Tamil papers connected with Mr. Fischer's claim to rent for the ground occupied by Judicial buildings. I have accompanied Mr. Fischer over the spot, pointing out to him the fields shewn upon the Map, and I beg to annex Copies of the letters which have passed on the subject, and as directed by you I beg to state my opinion as to Mr. Fischer's claim.—

2. I regret to have to add any thing to the voluminous correspondence already recorded, but as I have to explain my reason for dissenting from the opinion of Mr. Lyleg and yourself, it is necessary for me to do so at some length, and to refer to accounts which I believe have not yet been before you.—

3. From the records of this case I find that a bungalow was originally built by Colonel Macleod,

and

Fort St. George 19th October 1848.-

and now forms a part of the Court House.

Vide Mr. Gleig's letter 9th January 1843.

/x/ This bungalow was built on cultivated land paying rent to the Government, the land was acquired in three plots from two parties as specified in the Margin, Cols. Macleod paid rent to the Government till the formation of the Mootah and subsequently to the Mootahdar.-

4 The property I believe passed into the possession of Mr. Aufrere either as a Courthouse or as a private house, and Mr. Aufrere wishing to add to his premises or to build a bungalow near his Court, purchased a Goontah of land then held as Nuttumpoonjah by one Malley Sahib and a transfer of that quantity was made in the Mootah Accounts

to Mr. Aufrere's name. On this plot Mr. Aufrere built the Bungalow now standing /x/ and paid rent to the Mootahdar.-

5.- Both these plots came into the possession of Government. you will observe that both of them were paying rent to the Mootahdar, and that they were cultivated land till taken up for compounds- The two houses built upon each identify the plots of ground, I believe beyond dispute.-

6. I am not aware for what reason Mr. Fischer preferred his claim in the first instance for the land taken up by Mr. Aufrere only, but such was the case, this claim was admitted, and the rent paid. Two years later Mr. Fischer preferred his claim to rent for the land taken up by Colonel Macleod. From this claim the present investigation has resulted, and Mr. Gleig considered that it was proved that Mr. Aufrere's ground was not Nuttum-poonjah, but Cundacharum and Vadagam Totum, and that Colonel Macleod's ground was not Cundacharum and Vadagam Totum, but Dhara Porumboke, and as such not liable to assessment.-

7. But you will observe that by this

this course we are now in very imperfect evidence, disturbing the accounts of Fusly 1206 and 1208. The lands held by Col.c Macleod were then cultivated as Cundacharum Totum and Vadagam Totum, and paid rent accordingly, and I do not know how we can now say that they were not so, but were Dhara Porumbokee; we have ourselves collected rent upon them and handed them over as assessed lands to the Mootahdar.-

8. According to the plan prepared upon the evidence now recorded, Colonel c Macleod's bungalow is made to stand on Dhara porumbokee land. Had this been the case Colonel c Macleod, who was then making the Settlement, could not have been ignorant of it, and would not have failed to apply to Government for a grant, rather than have purchased the land as Cundacharum Totum and Vadagam Totum from the then occupants.-

9. Again, when Mr. Anfrere purchased the Goontah of land from Malley Sahib, c Malley Sahib was holding it under the c Mootahdar as Nattum Poonjah, had it really

been Cundacharum Totum and Vadgam Totum there was no reason for a false entry giving it another name. I see no reason to doubt it's having been purchased by the name it was then known to bear, and surely they were then more likely to know the real name of the land than we are to ascertain it after a lapse of years.-

10 But there is another circumstance which has hitherto not been taken into account, viz.t whether any reservation of the land in question was made at the time when the Mootah was formed. To ascertain this I have referred to the schedule of the Mootah of year 1211, and a c translation of this I have the honor to forward. In this there is as usual a distinct list of the c Porumboke lands reserved for general purposes, or omitted from the list of cultivable lands on account of their barrenness. There follows an estimate of lands entered under the three heads of the schedule. In this account I find that the Dhara Porumboke land, wherever that may have been, is entered not in the reserved Porumboke, but under the third head of the schedule.-

11. It is I think most important that Government should preserve from encroachment the lands so distinctly reserved, as are those of the Town, Villages, Roads, &c.a entered as Porumboke,

but

but I do not think we are entitled to dispute the Mootahdar's right to the revenue paid by Mr. Ingrere and by Colonel Macleod for the lands on which, with the consent first of the Government and then of the Mootahdar, their bungalows were respectively built; and I think that the only question is how much of these lands is now in the occupation of the Government.-

12. In thus stating my view of the question I have not dwelt upon the result of the measurement of the land as proving the names of the different sites, for you will yourself have observed, how little this can be de=pended upon. The Dhara Porumbokee was in the original pymash As. 3. 32. 11, but the spot now said to bear that name measured 4. 16. 11. = But from the accounts I have alluded to above, it seem that in 1211 only one Goontah or Acres 3. 32. 14 was recognized as Porumbokee.- For this reason I do not think that the mere fact that we can measure the c amount of Nuttum Poonjah outside Mr. Ingrere's wall is conclusive against the Mootahdar's right to the land inside.

13. I would also observe that the land called Pillapermal pilla poonjah does not seem to be correctly entered in the

the map, as it estends to the spot I have marked O opposite the waste spot, and might very well be considered the eastern boundary of Mr. Ingrere's plot of Nuttum Poonjah.-

14. The question seems to me to be, can we prove any encroachment on the Mootahdar's part on the lands reserved in the schedule.- and in this instance I do not think we can. It is most probable that the Nuttum Poonjah may have been enlarged by gradual encroachments upon land belonging to the Town, and any practicable measures for defining the town limits would be very valuable; but I see no proof that the lands enclosed by the Court Wall were ever reserved to the Government.-

15. By the most careful measurement the land within the Court enclosure consists of Acres 5-u-1, this Acres 2-34-1. are Vadagam and Cundacharum Totum, there remains As 2-6-u- paid for as Nuttum Poonjah, but Mr. Fischer's demand is for As. 3-32-14.

16 you will see by the enclosed cor=respondence that Mr. Fischer admits the c correctness of our present measurement, and considers that the deficiency in the area of the Court Compound arises from the exclusion by a wall lately built of the corner which I have marked Z. This appears to me to be probable and satisfactory. The spot in question measures As u 33-7, and as nearly completes the required measurement as I think can be expected.

This

Fort St. George 19th October 1848.

This plot of Ground evidently ought to belong to the Court Compound; it is now waste and has been a nuisance; it will be at the option of Government either to enclose it which I think is desirable or to sell it for building, when it would bring a good price - it is however sufficiently large to be useful for future Government purposes and ought I think by no means be parted with. -

17. The small portion still wanting will probably been included in the land now forming the compound of Dr. Scott's house - Should you consider it of sufficient importance, it can be arranged to transfer the fraction of the reserve from the Government to the holder of that land.

18. If I am right in the above view of the case, the Government will now pay to Mr. Fischer the rent paid by Col. Macleod and Mr. Stafford for their Bungalows, and they will have as nearly as possible the extent of land for which those gentlemen hold Puttahs; and I do not think that any rights of Government are compromised. The question of the reserved Porumboke is not involved in this case. -

To,
G. F. Fischer Esquire
Mootahtar of Salem. -

Sir,

You have been made aware by Mr. Lockhart's letter of the 7th Instant that I have been directed to go over with you the lands now occupied by the Judicial buildings, and to report to him my opinion regarding the claim you have preferred to quit rent. -

2. Mr. Lockhart has most probably communicated to you the purport of the Board's instructions as conveyed in the following passage "you "will call upon Mr. Fischer to go in "person with you over the whole ground com- "prised within the Court enclosure, you will point out "to him stallum by stallum the several fields of which "you consider the entire area to consist, with all the partic- "ulars connected with them, will desire him to state "in writing any objections which he may wish "to make to your view of the question, and "to furnish a plan shewing the extent, "site, and boundaries of all the various fields "which as he contends are occupied by the "Judicial buildings, and for which he claims

"or according to the statement made by the "Curnum's Goomastah As. 4. 31. 1. you will call "upon Mr. Fischer for an explanation of "this difference between the extent of ground "on which his demand is made, and that "found on actual Measurement."

3. In compliance with these instructions I shall as soon as the Tamil papers reach me, and I have made myself acquainted with their contents, and with the boundaries of the several fields as recognized by the revenue authorities, name an early date for going over the ground with you.-

you. In the mean-while you will oblige me if you will prepare a plan such as the Board require, dividing the land occupied by the Government into the fields of which you consider it to consist, and showing the names and the area of each. It will also be desireble to show distinctly the boundaries of the Nuttum Poonjah land, and of Dhara Porumboke if you recognise any as such.-

4. If a similar map is not already prepared, I shall endeavour to have one made, that a comparison of the two may at once show the point in dispute.-

5. Should you have had occasion to address Mr. Lockhart on the subject alluded to in the para last quoted from the Proceedings of the Board, I shall be obliged by your allowing me to see a copy of your letter, as it may save some delay in my becoming acquainted with the whole matter in dispute.-

Sir,

With reference to my letter of the 16th Instant, I have the honor to state that if convenient to you I shall be happy to meet you tomorrow morning at the compound of the

the Court house.-

2. I take this opportunity of mentioning that there seems to me to be an error in the proceedings of the Board of Revenue, in stating the extent of ground occupied by Government as A.4-21-8 instead of A.s 5-u-1. The most accurate measurement gives as follows.-

		Cultivated	Court Compound
Vadagam Tottam	2-32-4	1-u-10	1-31-10
Condacharam Tottam	2-1-3	u-38-12	1-2-7
Total	4-33-7	1-39-6	2-34-1
Other land within the enclosure	2-6-u		2-6-u
	6-39-7		5-u-1

The slight difference in the Measurement of the two former lands was waved by you. The question therefore as to area is between your claim to rent on A.s 3-32-14. and our Measurement of A.s 2-6-u-

Sir,

I have the honor to acknowledge the receipt of your letter of this date the

/the one referred to therein of the 16th Instant I also duly received/ and will have much pleasure in attending upon you at the compound of the Court House tomorrow morning.-

Your present measurements I admit to be perfectly correct, of the differences between them and mine the first I have waved, the second is caused by a late wayward Judge removing an unmeaning and irregular wall right through the Nutcum Poonjay for which I had been paid rent for 33 years thereby circumscribing and spoiling the appearance of the compound. As I have been paid for this land up to Fusly 1248, I shall be glad to take it back, remitting the rent from that time- It is most valuable building ground- how much it would incommode the Court to being applied to such a purpose is deserving the consideration of Government. But by your present judgement my Bill of 1841 amounting to Rupees 317-6-9. Stands good-

Sir, With reference to our inspection

inspection together this morning of the lands occupied by the Judicial Buildings, and to your letter of the 16th and 23d instant, and my letter of ~~c~~ yesterday's date in reply to the last. I now beg to state as I did yesterday, that I am perfectly satisfied with your measurement, which completely bears out my claim as to the quantity of land occupied by Government belonging to my Mootah, and to my right to rent thereon, the only difference that exists between our Measurements I explained yesterday, and that the only objection I have to the Board's and Messrs. Gleig's and Lockhart's view of the question is, that they arbitrarily call a portion of the land, Viz.t the Nattum Poonjah, by a wrong name Viz.t Dara Poramboke, and thereon would deny one any right to rent upon it.- Although, even if the land was called by the name they gave it, I should be entitled to rent on it, as it paid it before the formation of the Mootah, and was a part of the assets on which the Peishcush was calculated. For my further objections to the Board's and Messrs. Gleig's and Lockhart's view of the question, I beg to refer you to my appeal to Government of the 28th May 1846.-

To the Chief Secretary to Government

Submitting letter with enclosures from the Collector of Salem, reporting upon the objections advanced by Mr Fischer Mootahdar of Salem to the decision of Government respecting his claim to rent upon the ground attached to his Mootah and occupied by Judicial buildings at Salem, recommending that Rs 189-14 " be disbursed to him as arrears of Rent upon to the end of Fusly 1251, that Rs 17-15-8 be paid annually on that account & that Rupees 34 3-5 being the interest on the arrears of rent due on

Fort St. George 19th October 1848

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter with its enclosures from the Collector of Salem, reporting upon the objections advanced by Mr G. F. Fischer Mootahdar of Salem, to the decision of Government respecting his claim to rent upon the ground attached to his Mootah and occupied by Judicial buildings at Salem.

2. This claim has already formed the subject of a long and protracted correspondence and a full report upon it was made by the Board to Government in their letter of 9th March 1840.

In recapitulation of what has already passed upon the question, it may however be stated, that in the year 1839 Mr Fischer received arrears of rent to the end of Fusly $\frac{1248}{1838/39}$ amounting to Rupees 294 upon certain ground belonging to his Mootah and occupied by the Jail and other Judicial buildings at Salem. The particulars of the payment.

on the Cotaymode Verumbakee and Nattumo Poonjah land be also disbursed

payment then made to him are shewn in the annexed Statement, and it may be at once observed, that the accuracy of the first item, or that of the ground taken up by the Sail is admitted by all parties—it is in respect to the second piece of Ground only that any difference has arisen subsequently to the settlement made in 1839.—

Name of the Land	Extent	Teerwah.	Years for which arrears were paid	Amount paid.	
Cotaymode Verumbakee	7/16 Gooly or acres 1-26-14	3-7-0	From Fooly 1216 to Fy 1248 33 Years.	111-7-6	Land occupied by Sail
Nattumo Poonjah	1 Gooly Acres 3-32-14	5-2-5	From Fooly 1214 to Fy 1248 35 Years	183-4-7	Do occupied by Court House &c.
				294-12-	

From Principal Collector 4th inclos. 21st November 1842.

3. In 1841 Mr. Fischer preferred a claim to rent in arrears for other ground occupied by Judicial buildings, and it then appeared that the extent on which Payment had been made to him in 1839, composed part only of the ground taken up for the Court House and its Offices—and that for the remaining part no rent had up to that time been paid. The particulars of Mr. Fischer's new claim are appended.—

From Acting Collector 13th inclos. 23rd March 1848 Para 8.

Name

Name of Ground.	Extent.	Teerwah. Fs. a. p.	Years for which arrears were claimed	Total amount Fs a. p.
Vadagum Totum	2-1-4	6-11-9	Fooly 1213 to 1249 37 Years.	249—2—9
Cundacharum Totum	31.	2-10-0	Fooly 1224 to 1249 26 years	68—4—0
	2-32-4	9-5-9		317—6—9

If to the above quantity 2-32-4 be added as that of the Nattumo Poonjah land acres 3-32-14 included in the settlement of 1839 the total quantity of ground occupied by the Court buildings according to Mr. Fischer's Statement would amount to acres 6-25-2 with an assessment of Rupees 14-8-2.

	Extent	Teerwah
Vadagum Totum and Cundacharum Totum	2-32-4	9-5-9
Nattumo Poonjah	3-32-14	5-2-5
	6-25-2	14-8-2

4 The presentation of this fresh demand by Mr. Fischer, led to a correspondence of considerable length between the Board and the present and late Collector of the District, and on the 9th March 1846 the Board, guided by the Statements received successively from both those Officers submitted to Government their opinion that the whole extent of ground taken up for the Court House and its appurtenances at Salem, and the amount due to the Mootahdar up to the end of Fooly 1254 on account of them were as exhibited in the annexed

annexed Memorandum.

Name of Ground.	Extent.	Seerwah.	Years for which arrears were due.	Total amount.	
Vadagum Totum	1-26-14	5-8-9	From 1213 to 1254 Fuely. 42 years.	232-15-6	Court House and Offices

	4-21-8	8-9-10		328-1-1	

It was further represented that the settlement made in 1839 was erroneous, that the Nuttum Pooj land for which payment had at that time been made was not included within the Court compound. If the sum then paid Rupees 180-4-7 were deducted from the total amount Rupees 328-1-1 due upon the Court Ground, the balance due to the Mootahdar would be

Due to Mootahdar on land occupied by the Court House and Offices	328-1-1	
Deduct paid in 1839	180-4-7	
	147-12-6	
Add amount due on Jail Grounds	20-13-0	
	168-9-6	

Rs.	a.	P.
147	12	6

, and if to this were added Rupees 20-13 the rent for 6 years upon the Jail Ground, which had remained unpaid pending the adjustment of the other disputes, the total amount owing to Mr. Fischer would be Rupees 168-9-6, which the Board recommended should be tendered to him in full of his demand upon the ground of his Mootah occupied by the Court buildings and the Jail, to the end of Fuely 1254.

This

5. This proposal was sanctioned by

In Cons 5th April 1848. Government 23d March 1846. Mr. Fischer however declined to accept and stated his objections in a letter to the address of the Secretary to Government of the 18th June 1846, which was referred by the Board to the Collector for further enquiry and report. After considerable delay, mainly caused by the absence of Mr. Fischer from Salem, the whole question has been reinvestigated by the Sub Collector Mr. Maltby who has gone in person over the Ground with Mr. Fischer, has examined all the accounts calculated to throw light upon the subject, and has submitted the result of his enquiry in so clear a manner as it is hoped will lead to the final settlement of this tedious and long standing dispute.

6 The points for discussion may be stated to be two.

1st Whether the Court area consists of Cundacharum Totum, Vadagum Totam, and Nuttum Poonjah as alleged by Mr. Fischer, or whether that which he terms Cundacharum Totum and Vadagum Totum is Dhera Porumboke, and that which he calls Nuttum Pooj is Cundacharum Totam and Vadagum Totum, as maintained by

by Messrs. Gleig and Lockhart, whose view was supported by the Board in their letter of 9th March 1846.

2dly Whether supposing any part of the Court Compound to be Dhera Perumboke, the Mootah-dar is entitled to rent for the portion so denominated.

7. With regard to the first of these points, in Paras 3 to 9 of his letter Mr. Maltby has shown that the whole Ground now taken up for the Court premises consists of two parcels of land, which formerly were held by Colonel Macleod and Mr. Anfrere, and he has traced the manner in which the Ground was first acquired by those Gentlemen, from whom it subsequently passed into the possession of Government. He has shown that the land bought by Colonel Macleod was at the time of its purchase entered in the accounts as Cundacharum Totum and Vadagum Totum land, and that as such it paid rent first to Government, and afterwards upon the formation of Mootahs to the Mootahdar; and further that as Colonel Macleod when he bought the land was engaged in making the settlement of the District, it is not probable that

that he could have been ignorant of its true designation, or that he would have purchased it from its occupants as Cundaicharum Totum and Vadagum Totum had it been any other description of land. The Sub Collector has also shown that the land acquired by Mr. Anfrere was purchased by him as Nuttum Poonjah in which name the transfer was registered in the accounts of the Mootah, and that at the time when the transaction took place there was no reason why the land should have been called by a false name. Under such circumstances and as in the case both of Mr. Anfrere's land and of that purchased by Colonel Macleod the real names of the land were more likely to be known at the time of purchase than after a lapse of years, and as the actual sites of the two parcels of land are identified beyond doubt by the buildings which still stand upon them, Mr. Maltby thinks, that the presumption that the land is really that for which it was held by Messrs. Anfrere and Macleod, Viz Cundacharum Totum, Vadagum Totum and Nuttum Poonjah is not invalidated by the mere fact that the land in and about the Court area, may be so measured as to throw the Nuttum Poonjah without the Court

by Messrs. Gleig and Lockhart, whose view was supported by the Board in their letter of 9th March 1846.

2dly Whether supposing any part of the Court Compound to be Dhera Pernmboke, the Mootah-dar is entitled to rent for the portion so denominated.

7. With regard to the first of these points, in Paras 3 to 9 of his letter Mr. Maltby has shown that the whole Ground now taken up for the Court premises consists of two parcels of land, which formerly were held by Colonel Macleod and Mr. Anfrere, and he has traced the manner in which the Ground was first acquired by those Gentlemen, from whom it subsequently passed into the possession of Government. He has shown that the land bought by Colonel Macleod was at the time of the purchase entered in the accounts as Cundacharum Totum and Vadagum Totum land, and that as such paid rent first to Government, and afterwards upon the formation of Mootahs to the Mootahdar and further that as Colonel Macleod when he bought the land was engaged in making the settlement of the District, it is not probable that

that he could have been ignorant of its true designation, or that he would have purchased it from its occupants as Cundacharum Totum and Vadagum Totum had it been any other description of land. The Sub Collector has also shown that the land acquired by Mr. Anfrere was purchased by him as Nuttum Poonjah in which name the transfer was registered in the accounts of the Mootah, and that at the time when the transaction took place there was no reason why the land should have been called by a false name. Under such circumstances and as in the case both of Mr. Anfrere's land and of that purchased by Colonel Macleod the real names of the land were more likely to be known at the time of purchase than after a lapse of years, and as the actual sites of the two parcels of land are identified beyond doubt by the buildings which still stand upon them, Mr. Maltby thinks, that the presumption that the land is really that for which it was held by Messrs. Anfrere and Macleod, Viz Cundacharum Totum, Vadagum Totum and Nuttum Poonjah is not invalidated by the mere fact that the land in and about the Court area, may be so measured as to throw the Nuttum Poonjah without the Court

Court enclosure and to bring the Dhara or Perumboke within it.-

8. But secondly the Sub Collector has clearly shown by Extracts from the Ayacut accounts of the Mootah, that the land by Colonel Macleod tho' it be Perumboke is not of that class of Perumboke lands which was excluded from the schedules of the Mootah. The proprietor is therefore entitled to rent upon it as Dhara Perumboke as much as if it were Cundacharum Totum or Vadagum Totum, and the question whether it be the former or the latter becomes of Minor consequence. It seems moreover from the Collectors letter, that the rate of assessment upon the Dhara Perumboke land, is higher than that upon the Nuttum Poonjah, and the Government would lose by including the former in the Court enclosure in place of the other.

7th September in Cons. 19 October 1848 Para 5.

9. Under these circumstances Mr. Maltby has given it as his opinion that the land comprehended within the Court enclosure does, as contended by Mr. Fischer, consist of Cundacharum Totum, Vadagum Totum and Nuttum Poonjah, and not as hitherto considered of Condacharum Totum Vadagum Totum and Dhara Perumboke. The Collector concurs in this view and the

the Board of Revenue after the best consideration which they can give to his report and to all the previous correspondence have been led to the same conclusion.-

10. The nature of the Ground occupied by the Court premises being determined, the actual extent so taken up remains for consideration.-

Mr. Fischer's claim is for Cundacharum Totum and Vadagum Totum ------- Acres 2-32-4

Nuttum Poonjah ---------- 3-32-14

thus falling below the extent on which Mr. Fischer's demand is made by Acres 1-25-1. Of this difference however G. a 33-7- is the quantity cut off from the Court compound by a wall lately built. "This plot of Ground" Mr. Maltby states "ought evidently to belong to

"to the Court Compound, it is now waste and has
"become a nuisance, it will be at the option of
"Government either to enclose it which I think
"is desirable, or to sell it for building: when
"it will bring a good price, it is however
"sufficiently large to be useful
"for future Government purposes, and
"ought I think by no means to be parted with."
Deducting this G. a. 33. 7 there still remains a deficiency
amounting to G. a. 31 – 10 which is supposed to be included
in the Compound of an adjoining house. If of
sufficient importance it can, the Sub Collector
doubts not, be arranged to transfer the fraction
of the rent from the Government to the holder
of that land.

11. It should here be remarked
In Cons 8th August 1842 that in their orders of 2nd August 1842 the
Government sanctioned the payment which
had been made to Mr. Fischer of rent
in arrears for 35 years upon the whole extent
(3-32-14) of the Nuttum Poonjah. Mr.
Letter to Sub Collector 23d June 1848. Fischer however has offered to take back
the excess land Acres 1-25-1 remitting
the rent from Fusly 1249 / 1839-40 A.D. but he adds "it is
"most valuable building ground. How much
"it would inconmode the Court it being

"applied to such a purpose is deserving the
"consideration Government"—As however, of the
total quantity for which rent has been paid
up to Fusly 1248 / A.D. 1838.39 all except Goontahs 31-10 is
either in the actual occupation of
Government or is desirable to be secured
for them. the Board think that the settlement
made respecting this land in 1839 should not
be disturbed, and that the arrears of Assess-
ment up to the end of the past Fusly should
be disbursed to the Mootahdar for the full
extent (3-32-14) of the Nuttum Poonjah—the
arrangement alluded to by the Sub Collector
for transferring the rent on the G. a. 31 – 10 to the
holder of the land in which it is supposed
to be included, being carried out if
practicable.

12. On a former measurement
the extent of the Cundacharum Totum and
Vadagum Totum lands comprised in the Court
From Collector 7th January in Cons 5th March 1846 Para 2. enclosure appeared to be 2-25-1, and Mr.
Fischer then agreed to waive his claim
to the difference 7-3 between that and his
own measurement 2-32-4. The late measure-
ment by the Sub Collector brings in the
Cundacharum Totum and Vadagum Totum
as

ab 2-34-1 or more than that of Mr. Fischer. That Gentleman seems still willing to abide by his former agreement and to calculate on the Condacharum Totum and Vadagum Totum at only 2-25-1. but after the measurement made by the Sub Collector the Board would not hold him to that concession.

13. The arrears of rent to which the Moolahdar will be entitled to the close of the past Fusly a.D. 1257 / 1847-48 if the view of the case taken by the Sub Collector and supported by the Board be admitted, will be as exhibited below.-

Do. upon Nuttum Poonjah and Cotaymaydoo Perumboke for which in consequence of the present dispute no rent has been paid since Fusly 1249 / a.D. 1839-40.	77-9-3
Total	469-14-0

which the Board beg to recommend may be disbursed to Mr. Fischer in lieu of the sum (calculated to the end of Fusly a.D.) In Cons 6th April 1844-45 Rupees 168-9-6 sanctioned by Government 23d March 1846. They also beg to

DG

to recommend of the current Fusly Rupees 17—15—8. be paid annually to the Moolahdar as rent for the ground occupied by the Judicial buildings, and by the Jail subject to any trifling deduction which may be made in the event of the Teerwah of the G. 31—a. 10— of Nuttum Poonjah being transferred to the holder of the ground to which it is supposed to be attached.-

14- Mr. Fischer however in the Bill appended to his letter to the Sub Collector of the 23d June last has claimed interest amounting to Rupees 373—4—5 upon his arrears of Quit Rent, Viz. Rupees 336-1— from the 24th March 1841 upon the Rent due for Condachenum Totum and Vadagum Totum, and Rupees 37-3-5 from Fusly 1249 / A.D. 1839-40. upon that due on the Nuttum Poonjah and Cotaymode Perumboke.-

15- In their letter of 9th March 1846. the Board gave it as their opinion that Mr. Fischer's claim to interest was inadmissible, at that time they were however under the impression that his demand for principal was also erroneous, that he claimed rent for Nuttum Poonjah land which was not within the limits of the Court enclosure, and that the Dhera Perumboke which was really

really included within those limits was not liable to
assessment- The late enquiry by the Sub Collector
has shown that Mr. Fischer's demand was correct,
and his title to interest stands therefore in a
different light from that in which it appeared when
brought by the Board before Government two years
since.-

16- It will perhaps be best to consider
separately Mr. Fischer's claim to interest upon the
land included in the Settlement of 1839 and upon that
for which the further demand was made subsequently.

17- As regards the parcels of land for
which rent was paid in arrears in September 1839 the
correctness of that Settlement in respect to the Cotaymode
Perumboke or land occupied by the Jail has never
been disputed- This ground is altogether separate
from that on which the Court House and its appurte-
=nances are built- There would therefore seem no reason
why payment upon the former piece of land should
have been delayed because doubts were entertained
regarding the assessment due upon the latter.-

18- Again Mr. Gleig seems
to have considered that the Settlement of 1839 in

respect to the Nuttum Poonjah land was wrong,
that none of it was within the Court enclosure- its
supposed place within that enclosure being occupied
by Dhera Perumboke land, or land not liable to
assessment- If under this view, he withheld payment
of the teerwah he did it of course at his own risk
and if as has since appeared, this view was
unfounded, the Mostadar has a fair title to com-
=pensation for having been so long deprived of his
Money without due cause-

19- Under these circumstances Mr.
Fischer's claim to interest (Rupees 37-3-5) upon his
arrears of rent for the Cotaymode Perumboke and
Nuttum Poonjah land seems to the Board to be
valid.-

20- The demand of interest upon
the arrears of rent for the Cundachanum Totum
and Vadagum Totum land appears to the Board to
rest on weaker grounds- As has been already
stated Mr. Fischer in September 1839 received
payment of rent in arrears without interest,
upon land occupied by the Jail and Court
House

House- During the discussion of some years duration, which preceded that Settlement, he does not seem at any time to have preferred a claim to rent on any further extent of land taken up for Judicial purposes- On the 24th March 1841 however or 18 Months subsequent to that Settlement he came forward with a new claim for arrears on a further extent of land alleged to be included in the Court Compound- The receipt of this fresh claim, for what the authorities at the Presidency had supposed to have been already settled, would naturally lead to a more than ordinary degree of scrutiny before it could be admitted- Owing in part to the natural difficulties of the enquiry, and partly to the contradictory Statements given by the Village servants, the investigation has doubtless been greatly protracted- It is now it is hoped finally settled, and as regards the principal of his claim in a manner satisfactory to Mr. Fischer himself, and the Board think that if Mr. Fischer is now paid that principal, he will receive all that he can equitably ask- They are not disposed to admit, that after allowing his claim to remain in abeyance for so

so many years, and even whilst an enquiry into his demand for rent upon land similarly occupied was in progress, Mr. Fischer has a right when he does bring it forward, to calculate his interest from the date on which his demand was made, and not from that on which its accuracy has been determined-

21- It may be added that for some part of the delay Mr. Fischer is himself chargeable- It will be seen that the examination of the objections raised by him to the view taken by the Board in their letter of 9th March 1846 was deferred from February 1247 to June 1848 in consequence of his absence from Salem-

To,

Note-

In their letter of 9th March 1846, the Board urged as an argument against payment of interest that Mr. Fischer had not preferred his claim till 1841, and had then made it in the wrong quarter to the Judge and not to the Collector- As respects the first of these objections it had at the time escaped the observation of the Board that the interest was charged only from 1841, and they are not on reconsideration disposed to attach any weight to the second, as the Judge and Collector were at the same station, and as any claim preferred to the former would of course be submitted to the latter before payment-

From Collector 18th March 1847-
in Cons: 8th April — 1847-
From Do. 7th September — 1848-
in Cons: 19th October — " —

22- To conclude after a careful con=
=sideration of all the circumstances of the present
claim the Board of Revenue beg to recommend
that the sum of Rs 469-14-a be paid to the Mootadar
in full of his arrears to the end of the past Fusly
upon the Cotaymode Perumboke Nuttum Poonjah, &c
Cundachanum Totum, and Vadagum Totum lands, &c
occupied at Salem by the Jail and Court building
and that Rupees 17-15-8 be paid hence forth as
annually as Quit Rent upon the same land the
trifling adjustment mentioned in Para 17 &
of the Sub Collector's letter being carried out as
if practicable both as regards payment of arrears
and of Current Revenue- They would also
recommend the payment of interest Rupees 37-3-5-
on the arrears of rent due upon the Cotaymode &
Perumboke, and Nuttum Poonjah land, but they do
not consider Mr. Fischer's claim to any further
amount of interest to be well founded.-

Sir,

With reference to the

Reporting on the allegations set forth by Kistnamaul in her Petition dated 4th August with reference to the Board's Proceedings Dated 28th August last

Extract from the Board's Proceedings under date the 28th August 1848, forwarding Petitions from Kistnamaul and her Goomastah Channa=
=soobbiah complaining of certain proceedings on the part of my Head Assistant and requiring me to furnish a report on the several allegations set forth, for the information of Government,
I have the honor to state that the Curnam Merasy of the Village of Sauparutty in the Kistnagherry Talook was entered in the name of one annyen, after his demise in Fusly 1253 the Merasy descended to his son Soobbaroyen on account of whose minority a Goomastah was employed to conduct the duties, when the Goomastah Chennakistniah who was conducting the duties as Goomastah from fasly 1249 during the life time of Annyen was at the request of the parties appointed- On this individual being removed on a charge of having concealed Cultivation amounting

amounting to Rupees 577. One Lutchumien was appointed to succeed him at the request of the Petitioner Kistnummaul the mother of the Minor Curnum Soobarayen, on the 11th July 1846. and continues performing the duties. The Petitioner subsequently submitted an arzee to me stating that the Goomastah Lutchumien withheld the payment of her allowance contrary to the engagement he entered into with her, and attempted to deceive her and requesting to remove him from the Office of Curnum Goomastah, an order was issued intimating that her request could not be complied with in consequence of there being no sufficient reason for the removed of the Goomastah. On a compliant of the Goomastah Lutchumien that the Petitioner Kistnummaul abused him and took away the accounts from his house during his absence, it being proved that she laid hold of his cloth, and annoyed him, she was fined 3 Rupees by the acting Head assistant Magistrate. An order was sent to the Tahsildar directing him to deliver over the accounts produced during the enquiry of the Police Case to the person by whom they were produced taking a receipt for the same, and to cause the accounts to be given up to the person who

Fort St. George 19th October 1848.—

has a right to have the charge of them. From the Tahsildar's report on the subject it appeared that instead of giving up the accounts to the Goomastah Lutchumien, he delivered them to the Petitioner. Consequently orders were sent on the 7th September 1847. to cause the Petitioner to deliver them up to the Goomastah Lutchumien. The Petitioner having refused to do so, and having at the same time declared that unless the Goomastah Lutchumien be removed and Chennasoobbien appointed according to her desire, she would not produce the accounts, the Tahsildar sent her under charge of a Peon together with the other two Viz.t Lutchumien and Chennasoobbien to the Hoozoor as reported in his arzee dated 19th January 1848. The Petitioner Kistnummaul and Chennasoobbien instead of coming to my Office proceeded to Vellore and the absence of the accounts produced much hinderance and inconvenience to the circar duties. The Petitioner was subsequently brought before the acting Head assistant Magistrate who ordered her to produce the accounts when she refused to do so, unless the Goomastah Lutchumien be removed. She was thereupon particularly informed that the change of the Curnum Goomastahs so often without any cause would tend to delay and confuse

Fort St. George 19th October 1848.—

confuse the circar business that the Goomastah who was appointed by the orders of the circar could not be removed without any just reason for doing so and that in the event of the Goomas=tah Lutchmien not paying her a portion of the allowance allotted to the Curnum Merassy according to his engagement the Circar would compel him to do so on her preferring her complaint to that effect Still the Petitioner con=tinued obstinate and caused great inconveni=ence by contumaciously refusing to produce the accounts, consequently she was ordered to remain under charge of a Peon until the pro=duction of the same— The above circumstance was intimated to her by an endorsement on the Petition No. 528. of 1848. presented to the Board— On the report made to me of her being placed under charge of a peon on account of her refusing to deliver over the accounts, I sent a Yaddast to the acting Head Assistant Mr. Dykes to inform the Petitioner that in the event of her not delivering over the accounts in question the name of her son entered in the Register, as heir to the deceased Curnam, would be cancelled and to take a deposition from her and send it to me, Mr. Dykes in his Yaddast dated 26th August, states that

altho

Fort St. George 19th October 1848.—

altho he explained the contents of my order to the Petitioner yet she answered that she would not deliver up the accounts before her request was complied with and gave her deposition to this effect, The compliance with her request in this Case will be a bad precedent in all other Cases in which a Goomastah performs the du=ties, the parties will be constantly requesting to change Goomastahs to the prejudice of the Circar business— From the Petitioner's disobe=dience of orders great inconvenience has been experienced— The Merasy is entered in the name of her Son who from minority is unable to conduct the duties— therefore his name should be struck out from the Re=gister as an example.——.

An Endorsement on the Petition of Chennasoobbien No. 366 of 1848. was given by me on the 12th July to which I refer the Board with reference to the false allegations in Petition 1365. herewith returned.—

Proceedings thereon.— In the above letter it is stated that the Petitioner Kistnumnaul submitted an

an arzee to the Collector representing "that the Gomastah Latchmanien had withheld the payment of her allowance contrary to the engagement he had entered into with her" but it does not appear whether any enquiry was made into the matter of this complaint altho' Kistnummaul was subsequently told by the Acting Head Assistant that if the Gomastah did not pay her a portion of the allowance allotted to the Curnum Meerassee according to his engagement the Circar would compel him to do so. The Collector is therefore requested to call all the parties into his presence, to ascertain what portion of the Meerassi emoluments the Gomastah had engaged to disburse to Kistnummaul for the support of herself and her son—or, if there has been no actual agreement, what portion should be so assigned to her, according to the custom in such cases—whether the due payments have been made and if not for what cause—reporting the result of his enquiry to the Board. He will also take this opportunity of mediating if possible between the parties, and inducing them to come to an amicable adjustment of their differences

for which end the good offices of the more influential ryots in their own and the neighbouring villages may probably be resorted to with effect.—

It is observed that in her Petitions Kistnummah speaks of the Curnumship of Chapartiee &c. 6 Villages—whereas in the Collector's letter one Village only is mentioned. The Board wish to know how many villages are entered in the name of Petitioner's Son and to which of the present dispute has reference.—

From the Collector of South Arcot

Sir,

Para 1. With reference to the Circular order of the Sudr Court dated February 15th 1847, No. 110, directing all the Civil Courts to give notice to the Collector previous to the sale of lands in execution of decrees, in order that the revenue Authorities may offer any objections which the interests of Government may seem to require, I lately received an intimation from the Government Vakeel here of the intended sale by the Court of certain lands belonging to Seroomabrow & Co. Ryots of the Village of Cadagumboondy in the Talook of Chaitputt, and requesting me to state if Government had any claims on the land.

Regarding the Sale of Lands for arrears of Revenue, & requesting to procure an order to the Acting Civil Judge at this station directing him to follow the Circulars established by the Sudr Court. (Fort St. George Gazette Page 115.)

2. On enquiry I find these individuals are defaulters to Government being in arrears to the extent of Rs. 50-15-9 (as shewn in the Margin) for fuslies 1251. 1253. 1254 I therefore directed the Government

Government Vakeel to declare to the Court the amount due by these individuals to Government, and to pray for payment of the same from the sale of the land in question as usual. In reply I was informed that the Acting Civil Judge stated that the claims of Circar for the payment of any arrear outstanding for more than the two preceding years could not be admitted, this order is said to have emanated from a discretionad authority granted by the Sudr Court.

3. I am induced to submit this reference as a question of a general nature in which the interests of our Government are involved, and not solely with reference to the particular case under discussion.

4. Up to this time, the Judicial Authorities have invariably according to the established custom of the District, and consistently with the meaning of the Regulation, complied with the requisition of the Collector, by paying in the first instance from the sale of the land any arrear due to Government - this Custom being now disturbed, I beg to offer a few observations thereon.

5. By Section 5, Regulation 27 of 1802; and Section 14, Regulation 2, of 1806; the land with

with its produce is held and recognized as security for the public revenue due thereon. I cannot understand how this recognized prior claim of Government can be set aside in favor of private creditors.—

6. The arrear demanded is perfectly just, and in this instance free from any dispute. From various circumstances — such as the unfavorableness of the season, fluctuation in price of grain &ca the Ryots in many instances are unable to discharge the full demand within the year. I have therefore frequently been induced to allow a small balance to remain unpaid, and in the ensuing year have recovered it gradually without resorting to the extreme measure of selling their lands which would inevitably ruin them; but surely this indulgent act cannot deprive the Government of their claim over the land for the recovery of arrears of more than two years standing, the land lay pledged to Government as security for the Revenue.

7. If this principle was carried out, could not a private debtor, after the debt

debt has been outstanding two Years, claim exemption from the same, the law should be applied uniformly in all cases without distinction.

8 Should the views of the Acting Civil Judge be admitted, it would be most difficult for the Local Officers to bring up their collections as hitherto, for if the Government right was set aside in favor of a private debtor, other Ryots will bring forward fictitious private debts, and will evade the payment of Government dues by various schemes.

9 In fasly 1250 & 1251 the Ryots of Mannargoody on the plea that their Grain sold for so low a price, were in arrear to a great extent; but by adopting proper arrangements, I was able to realize the greater portion without resorting to the necessity of selling the land of the defaulters.

To Board's Jr. January 1846 - Para 23.

10 The Sudr Court having frequently expressed their sentiments regarding the prior claim of Government, I beg leave to forward Extracts of the same for the inspection of the Board.

11. Should the Board concur with me in thinking that the course heretofore observed ought not to be disturbed, I request that measures may be taken to procure an order to the Acting Civil Judge at this station, directing him to follow the established course.

Decision. If the Assessment cannot be fairly apportioned on the subdivision (B. C. D. & E) is required by Section VI Regulation XXVII 1802, the execution of the Razeenamah must be postponed on that account, but it can be thus put off only until such apportionment can be made; for, where a Zemindary is under attachment for arrears of revenue, and is liable to private creditors the attachment cannot be continued to an indefinite period if on the

the sale of the estate be demanded by such creditors.

The Public Revenue takes precedence of all other demands, the land is security for that Revenue, and if at the close of the fusly, there be an arrear unpaid, Government may "continue the Estate under attachment, or put it up to public sale." Should there, however, be demands of private creditors on the Estate, they cannot be set at nought by the indefinite attachment of it; and a question as to the right of Government to continue attachment, and refuse sale, can be raised only where the landed property may be in such a depressed state that it would not, on sale, realize more than the Govern: : ment demand upon it.

An order passed from Sudr Court 13th. June 1835.

Upon the question raised by the Acting

Acting Assistant Judge in the first para of his letter of the 2d. April last, and of which he furnished a specific instance in his return under consideration, whether to state the question in the words of the Provincial Court in their letter of the 8th. April, para 3/ it is imperative on a Moonsiff selling per = : sonal property with a house and other real effects, in execution of his own or of the Court's decree, first to discharge, from the pro: : ceeds, any arrears of Revenue due upon "lands held by the party last." The Court are of opinion that the land, with its produce, is, under Section VI Regulation XXVII of 1802, the security for the public revenue, and with this exception, that the Government have no prior claim over the creditors upon the real and personal estate of a defaulter. They are further of opinion, that such prior claim is good only for revenue actually due at the date of the sale of an Estate, the land by whomsoever

whomsoever purchased, still, of course, remaining security for any subsequent revenue payable, and liable to be resold for any arrear which may accrue. Demands in anticipation, therefore like in those instances in the Utzee of the District Moonsiff of [illegible] under date the 20th. March last are not valid.

Sir,

I have the honor to acknowledge the receipt of the Proceedings of the Board dated 22d. June 1848. transmitting an Extract from the Minutes of Consultation of Government relative to my recommendation that Moottoo Veerasawmy Naiken should succeed to the Pension of the deceased Zemindar of Madoor.

2. The first desire of Government is to be informed of the grounds for passing over the widow, Bundary Cadery Ummal. I beg to state that among Poligars of the Cumbalum Caste to which the deceased belonged (as well as the generality of the Poligars of this District) it is the Custom for the nearest male blood relation to succeed in preference to widows. For this there are many precedents. From the correspondence noted in the Margin it will be seen that the principle as acted upon in the case of the Ramagherry and Cadavoor Pollems, on the occasion of

vernment, the widow of the elder Brother being
alive to this moment. No doubt of the propriety of the Course seems to have been entertained at the time, and tho' the widow alluded to, now asserts her right as such, yet for a long series of years she received her Pension without urging it, and even now, introduces the claim in advocating the pre-
tensions of the Zemindar of Ettiapooram, whom she asserts to be the nearest blood relation.

3 In searching the English records for a reply to the question whether the succession to the allowance in lieu of the Estate in Tinnely 1221 of Tudy Reddy Naick was formerly recognized by au-
thority. I have found that my report of the 14th March last

last, founded on the information procured from the Talooks, was incorrect in more than one particular.

In his letter to the Board dated
4. the 17th February 1815 Para 3 Mr. Peter states as follows. "In Fusly 1213 when the Madoor Pollem, which is settled in perpetuity, was restored to Vencatasawmy Naick after a sumption for arrears he gave up the management of it, to his Eldest son, Teeroomalay Vencatasawmy Naick who died in Fusly 1221, leaving a son aged 18 months who also died in the following year, since which period the Country has been continued under

age. As there is a balance of 4,863 - 44 - 69 against the Estate, it has been assumed.

I enquired from both father and Son if they were willing to assign over their Estate to the Circar &ca".

In reply the Board of Revenue
5. after directing that the Madoor Zemindary should be advertized for sale (Para 16) added in Para 20 as it appears that the Original Zemindar

is still alive, the irregular transfer of his Estate alluded to cannot be recognized by the Board, Mr. Peter will explain how such a proceeding came to be acknowledged by the local authorities.

28th. November 1816. 6. In his report on the settlement of 1225 Mr. Peter explained that it was advanced age that induced the Zemindar to transfer his Estate to his Son, and that he was since dead. From the Tamil records it appears that he died on 13th. September 1816.

7. In the Pedigree transmitted with my letter of the 14th. March an "alias" of Teeroomala Moottoo Veera Columdiva loo Naiker is erroneously taken as the name of a 2d. Son, I therefore enclose an amended Tree.

8. I have no doubt of the Annunda Obala Naiken mentioned in Mr. Peter's letter being the same as the Audy Peddoo Naiken given in the Pedigree, because Audy is short for Anundak, and the Urzee dated February 13th. 1818 applying for

29th. April 1840. the Malikana of 10 per Cent authorized by the Board on the purchase of the Estate for Government, is signed Teroomala Moottoo Veera Audy Peddapa Naiken, while Mr. Peter in reply granting the Pension from Fusly 1226 / 1816. addressed the Zemindar as Moottoo Veerapa Naiken Audy Pettha Naik is also the name entered

Fort St. George 19th. October 1848.

entered as Zemindar in the Statement transmitted to the Board on the 29th. November 1820.

9. It will be collected from the above particulars, that the Zemindar antecedent to the Cession Country coming under British Rule did not die till 1816, though in 1803, he transferred his Estate to his eldest Son who died previous to him in 1811, and that his 2d. Son by the 1st. Wife, Audee Peddoo Naik received the allowance granted from Fusly 1226; on the assumption of the Estate, and the present applicant for the Pension is the Son of the Fyzul Zemindar by his 2d. Wife, and therefore not liable to exclusion on the principle stated by the Government. I must explain that according to the Statement of the present claimant the person put at the head of the Tree was by no means the first Zemindar or founder of the Family, but the successor of a long series of Poligars whose he cannot specify, as his Pedigree was lost during the Mussulman invasion.

10. No Summud Milkeat or Istimrar was given for this Pollem. The one prepared was included among those returned to the Board on the 24th. August 1838. I presume that the cause of non delivery was the speedy accumulation of arrears.

Ordered that the foregoing letter be submitted together with the following address.

To,

The Chief Secretary to Government.

Sir,

In reference to Extract Minutes Consultation 17th May last, I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter under date the 6th Ultimo from the Collector of Madura, furnishing explanation upon the several points noticed by Government in respect to the application made in behalf of Moottoo Veerasawmy Naicken, for succession to the Pension of the deceased Zemindar of Madoor.

2. With regard to the first point adverted by Government, Viz. the grounds for passing over the widow of the deceased Bundaly Kaderiy Ummal, it is shown that among the Marumakatum caste to which her husband belonging, as well as the generality of the Madura Poligars, it is customary for the nearest male blood relation to

in preference to widows. For this there are stated to be many precedents. Two cases, those of Ramagherry and Cadanoor are more particularly referred to. a still stronger instance is that of the Nattum Zemindary which has lately come under the consideration of Government, wherein the estate passed from one brother to another, notwithstanding that the former had left a widow, and on the death of the younger brother actually lapsed to the Circar in default of male heirs. the elder brother's widow (who is still alive) having raised no objection at the time nor for many years afterwards. She has indeed recently advanced pretensions to the property, but with the view not to secure it, for herself, but to advocate the claim of another individual who is alleged to be the nearest blood relation of the Nattum Family.

3 With reference to the observations in Paras 2-3-4 of the Extract, it would appear that

Submitting in reference to Extract Minutes of Consultation 17th May last, a letter from the Collector of Madura furnishing explanation upon the several points noticed by Government in respect to the application made on behalf of Moottoo Veerasawmy Naicken for succession to the pension of the deceased Zemindar of Madoor in that District, conveying the views of the Board on the subject, and recurring to their recommendation for the continuance of the allowance in the name of Veroo-male Moottoo Vera Vencatasawmy Naicken.

that the Collector's first letter contained some inaccuracies which have been corrected in his second Communication. From this last it will be seen, that the actual Fysul Poligar, or party in possession of the estate when the country was assumed by the Company, was Teromala Mootoo Veera Venkatasawmy Naick grand-father of the Pensioner lately deceased, and father of the present Applicant. The transfer of his Pollams by this individual to his eldest son Teroomala Mootoo Veera Coolunda Vaiboo Naicken, alias Thiroomala Mootoo Veera Venkatasawmy Naicken was never Recognized nor allowed by the Board or Government. The Fysul Poligar died 13th September 1816, shortly after the purchase of his estate by Government, and the Malikana granted in lieu of it seems first to have been paid to his fourth and only surviving son by the first wife, Andy or Ammundah Pullon Naick, on whose demise in July 1847 it was raised to his son Teroomala Mootoo Veera Venkatasawmy Naick whose death on 12th October 1847 was

by Mr. Parker in his first letter. This last Poligar and the present claimant of the same name, stood to each other in the relationship of Nephew and uncle by the half blood; being respectively grandson and son of the Fysul Poligar tho' by different wives. No Sunnud (probably in consequence of the Speedy accumulation of arrears) and this seems to have been the case generally with the lesser Zemindaries in Madura and Dindigal.

From the above it will appear that the circumstances of the present claim are different from what they were supposed to be by Government in the Extract Minutes

In Cons. 22nd June 1848.

Consultation of 17th May last, the applicant being not merely descended from a common ancestor, but being the son of the Fysul Poligar. Had the estate remained in the family there can, it is presumed, be no doubt that on the issue of the Poligar by his first marriage becoming extinct the property would have devolved upon the Children by the second wife, and the succession

to the Malikana must, it is conceived, be re-
-gulated on the same principle. The Board are
therefore, under the further explanation now
submitted, led to recur to their recommenda-
-tions for the continuance of the allowance
in the name of Teroomala Mootoo Veera
Vencatasawmy Naiken.

5th With regard to the including Para-
of the Extract, it is to be observed, that the
Madoor Estate was not sold until 3d September
A. D 1816 or Fusly 1226. The Tyrah Poligar died
about the same time 13th September 1816, and a provi-
-sional allowance of 80 Rupees a Month was
granted to his son Andy Peddoo Naick which was
subsequently changed into a Malikana of 10% upon the net
collection of the Pollium.

From the Principal Collr of Coimbatoor — 1. Sir,

Adverting to para 3 of your letter dated the 28th Ultimo, I have the honor to forward for the information of the Board Copy of communication from Mr Sub Collector Bird bearing date the 25th Instant reporting upon the measures which have been taken for the introduction of the Mauritius Sugar Cane into Caroor, and upon the causes which have led to their failure.-

2. I would beg permission to attract the attention of the Board to my letter dated 9th April 1844 No 20 and with the opinions recorded, I, of course concur with Mr Bird that demand only is requisite to the introduction of the article, the Government seem disposed to foster so liberally.-

To J. C. Wroughton Esqre

Principal Collector of Coimbatoor

Sir,

1. I have the honor to acknowledge your

your letter of the 4th Instand on the subject of Mauritius Sugar Cane, the instructions contained in which regarding the dissemination of that description of Cane in the Talook under my charge shall be carried out as far as lies in my power.—

2. I have the honor to submit the report called for in Para 3 of the Copy of Proceedings of the Board of Revenue which accompanied your letter under reply.—

3. The first Mauritius Cane receiv'd for seed at Caroor arrive from Madras late in November 1839 and a second supply in the year following— these, as appears from the reports of my Predecessor in 1842, were partly distributed to Ryots in the Caroor and Dharapooram Talooks, and partly planted under his supervision in a Garden near his own residence.—

4. At the time the above reports were written, the new Cane seems to have found favor with those who tried it— and the Sub Collector wrote in the confident expectation of its cultivation becoming extensive.— In November of that year 14¾ Cawnies of land were appropriated to it: there appears to have been some mistake in the earlier report of

of February in which about 30 Cawnies are said to have been then so appropriated.—

5. In two Years more the extent of Mauritius Sugar had increased according to the same Officers Account dated September 7th 1844. to 19¾ Cawnies of land situated in 12 Villages of the Caroor Talook and Nine Dharapooram.—

6. But signs were then already manifested that the favor with which the Mauritius Cane was at first regarded was on the wane, and Mr. John Bird intimates in the report last referred to, that he expected the cultivation of it would not be prosecuted in the Caroor Talook though he hoped it would advance in Dharapooram.—

7. I took charge of the Office in early in September 1845, and found that during the interval of 9 Months between my Predecessors departure and my arrival the occupant of the Garden at Caroor in which the Nursery was formed had extirpated all the canes, and that instead of 18 Villages in which, according to Mr. John Bird's report of in September 1844, Mauritius Cane was under cultivation, it existed in only two of Caroor Talook and two of Dharapooram.—

At

8. At this moment one Individual only Tilliappa Odian, of Dharapooram, is to be found in all this Division sufficiently enterprizing to go on cultivating this description of cane, and from what I hear, I am afraid even he is becoming tired of it.- He gave about 2 Cawnies of land to it last year, but I am informed has contracted the space considerably in the present.-

9. I have several times endeavoured since I have had Charge of the Office to discover what are the real discouragements to the cultivation of the Mauritius, and what recommendations the Country Cane has to give it the preference above the other.-

10. Soon after my arrival the Tahsildars of Caroor and Dharapooram superintended experiments to test the relative productiveness of the two Kinds, using 20 Canes of each; and the abstract of their report was as follows.-

	Quantity of Juice obtained from the Canes.-	Quantity of Jaggery obtained from the Juice	Worth of the whole quantity of Jaggery-	Cost of Cultivation 20 Cawnies.-	Profit on the Jaggery from 20 Canes.

Probably

11. Probably neither of these Statements are correct, and they differ considerably from each other.- I therefore sent for some of the Ryots in the Caroor and Dharapooram Talooks who had tried the Mauritius Cane and made Sugar from the Juice.- Their information of the relative advantage to be obtained from the Sugar produced from one Cawny in extent of Mauritius, and of the Country Cane respectively is as follows.- I should mention in passing that the Sugar previously made in this neighbourhood being a very coarse kind, My Predecessor had given a Deloyetis Belt to a man whom he sent for from Chingleput who understood a better method of manufacturing the article and deputed him to instruct the cultivation of the new Cane and very good Sugar was produced as is intimated in the report from this Office dated 2d November 1842.-

12. These Statements are also probably far from correct.— I only give them to shew that the Ryots acknowledge the great superiority in value of the Mauritius Cane, and of the fine over Sugar over the country cane, and course Sugar.—

13. I subsequently obtained an Account which has been mislaid comparing the profits of a Cawney of the best land in Dharapooreum when cultivated with Paddy and when with Country Cane to be used for making Jaggery only and not Sugar— and when with Mauritius Cane also for Jaggery and not Sugar, the result was still greatly in favor of Mauritius Sugar Cane.—

14. All these Statements it is to be remembered were written down at the dictature of those who had tried the Mauritius Sugar Cane, and have abandoned or seem disposed to abandon its cultivation.—

15. The question put by the Board is therefore, what has led to the failure of the attempt to promote the cultivation of Mauritius Sugar Cane in the Caroor Division has naturally been under consideration.—

16. I have been at some pains to make known to the Ryots when I have met them at Jummabundy the result of the enquiries

enquiries, I have made respecting the profitableness of the new Cane and to urge them to try it — but have always been met by objections of precisely the kind detailed in Mr. John Bird's report of 7th September 1844. Para 3. and one person expressed his willingness to renew the cultivation which he had given up, provided, I would allow him an Establishment of Peons to keep off Jackals. — And though the Ryots who had made the experiment readily admitted that after all the ravages of Jackals and the additional labour, the profits were much greater than those yielded by the Country Sugar Cane — I have not been able to induce any one to resume or undertake its culture. —

17. The true cause of the failure of the enterprize, I have no doubt is that alluded to at the close of the report abovementioned. There is no Market here for the produce of more than a very few Cawnies of Sugar Cane cultivation, and the Ryots do not find it worth while to employ their people in watching a single field of that crop to the neglect of their Caddy or Plantain or Betel cultivation. the produce of which they are sure before hand will find a ready sale. —

Whenever Sugar works shall be set upon the Banks of the Cavery as I know were contemplated sometime ago at Moganoor near to this, I have little doubt Mauritius Sugar Cane may easily be introduced and extended to meet any demands however considerable, but until some certain and extensive Market is opened, I fear the Ryots will continue to prefer, for the limited sale they have, to grow the Country Cane the treatment of which they are familiar with and which from the hardness of the rind requires no protection from the attacks of Animals — I shall nevertheless attend to the wishes of the Board, and use every endeavour to prevail upon the people of this division to renew the experiment upon the Mauritius description of Sugar Cane. —

Proceedings thereon.

57-58

The Board of Revenue have perused with regret the unfavorable account given by the Sub Collector of Coimbatore of the state of the Mauritius Sugar Cane cultivation in his Taloot &c. They observe however that the decline in the cultivation does not seem to proceed from any unfitness of the soil or climate,

climate nor from any doubts of the superiority of the Mauritius Cane above the ordinary Country growth, but from the want of any extensive demands for Sugar or Jaggery, in the absence of which the Ryots find it more to their advantage to rear the Country Cane, which requires no watching and does not interfere with their cultivation of Paddy or other staple produce. It is further stated that whenever Sugar works shall be established upon the banks of the Cawery as appear to have been projected at Moganoor sometime since, there is little doubt that Mauritius Cane may be easily introduced and extended to meet any demands, however considerable.—

Meanwhile the Board are glad to perceive that the attention of the Sub Collector has been given to the subject, and they do not doubt that his exertions will be directed to promoting the Culture of the foreign Cane as far as circumstances will permit.—

4th. Statement E. shews that the current demand on Houses and Garden Houses occupied, and Gardens and Paddy fields in a state of productiveness was Rupees 52901 – 7 – 2, of which Rupees 49411 – 9 – 10 were recovered within the Fusly, and the balance remaining unpaid at its close was Rupees 3489 – 13 – 4. This could not have been recovered within the year from causes similar to those stated in Para 16 of my letter dated 30th. June 1845. No. 54.

5th. Of the current demand Rupees 3456 – 14 – 8. on Houses and Gardens Houses remaining unoccupied, and on Gardens and Paddy fields uncultivated, Rupees 327 – 15 – 9 have been recovered, and the balance at the termination of the Fusly was Rupees 3128 – 14 – 11. The realization of any part of the demand under the two heads just referred to is always doubtful. A considerable number of Warrants prepared and issued within the year could not, in consequence, have been executed, there being no property on the premises available for distraint.

6th. Statement D shews that the extent of land cultivated in Fusly 1257 was Cawnies 2239 – 2 – 598, on which Rupees 10218 – 6 – 1 of the current demand were collected within the year. The average is Rupees 4 – 9 – 1 per Cawney. The revenue of 1256 was Rupees 10189 – 5 – 4 on Cawnies 2248 – 4 2350 giving an average of Rupees 4 – 8 – 6 per Cawney.

Note. In the report for Fusly 1256 the average was erraneously calculated on the aggregate of both the Current revenue and Arrears at Rs. 4 – 14 – 10½ per Cawney.

7th. Of the demand on account of the monthly Ground rent assessed on Government land occupied by Bontiques and Bazars, Rupees 7031 – 8 – 10, the collections amount to Rupees 6049 – 15 – 4, and the balance remaining uncollected at the close of the year was Rupees 981 – 9 – 10.

8th. Thus, of the whole demand, Rupees 63599 – 14 – 8 of the Current Revenue, Rupees 55999 – 8 – 7 were collected, leaving at the close of the year an outstanding balance of Rupees 7600 – 6 – 1. Of this however, a considerable portion Rupees 3128 – 14 – 11 is composed of items not recoverable immediately.

Houses unoccupied Rupees	1414 – 2 – 5

	3128 – 14 – 11	

9th. In the Collections of Arrears in Fusly 1257 compared with that of the previous years, as per Statement C there is a decrease of Rs. 239 – 3 – 5.

This sums includes Rupees 677-0-3 recovered on account part of the lands referred to in Para 6 above, irrespective of the Current demand.

11. The total amount collected in Fusly $\frac{1257}{1847/48}$ of both Current and Arrears, Rupees 59,241-15-1. falls short of the total collection of Fusly $\frac{1256}{1845/47}$ by Rupees 353-13-7. It is less than the Current demand by Rupees 4,357-15-7 but more than the average of ten years, or from 1244 to 1253, referred to in Para 14 of my report dated 8th October 1845-No. 97, by Rupees 2954-8-11.

13. The total demand of Current revenue and arrears at the commencement of the Fusly was Rupees 100,448-14-0 of which Rupees 59,241-15-1 having been collected, and Rupees 8,069-2-1 remitted under due sanction, the balance at the close of the year was Rupees 33,137-13-2. This includes the sum of Rupees 14933-13-7 which I recommended in my letter of the 18th Ultimo might be written off to profit and loss.

14. I submit, as usual, a statement marked E. shewing the Collection of Land Revenue, and the charges against it under the heads of Ordinary and

and Exctraordinary respectively for Fusly 1257 - The collections as per Jummabundy Statements amount to Rupees — 59,211 - 15 - 1

Net Revenue — 44,783 - 11 - 6

The Net Collections of 1256 were — 43,436 - 6 - 7

Increase — 1347 - 4 - 11

15. I shall now proceed to afford explanation on the different points noticed in the Boards Proceedings dated 21st February last on the settlement and collection of the Land revenue of the Presidency Collectorate for Fusly 1256, which are referred to in Extract Minutes of Consultation dated 11th of the Month following.

From Board 30th March 1848.

Board's Proceedings 21st Feby 1848 Pt 7.

16. The remark appended to item No 88 in Statement G is incorrect, for the assessment on the House in the Fort was levied for 30 years - and not as from "1830" - and amounted to Rupees 210 at Rupees 7 per annum. A reduction on the quit rent on certain Houses in the Black Town, to the amount of Rupees 38 - 8 - 10

is the cause of the balance of Rupees 171 7 2 alone being exhibited as an Increase in that Statement.

17. On occasions such as the one in question, it is the long established practice of this Office to issue only one bill for the whole period, and not one for each year; and to bring the entire sum under the head of Current revenue.

Para 3. 18. The services of the Watching Peons, who were employed every year since 1822 have been dispended with. In Fusly 1257, their duty was performed by some of the peons of the other Departments but not without inconvenience.

19. Such of the Paddy fields and Gardens as are dependent on the village Tanks for their irrigation are afforded due facilities by the repair of the banks &c. at the expence of Government, but there are many which are irrigated only from the small Tanks or Wells excavated in each - The whole of these being private property, the owners use their best endeavours to render them profitable, but whilst they are successful in some few instances, they fail in others, either

either from the inferior nature of the soil, or from the Tanks and Wells not supplying them with sufficient Water.

Para 4. 20. If, for instance, a large piece of Ground is held under a Grant, the Owner, on its being subdivided, applies for and obtains several Certificates, the issue of which is confined to lands less than a Cawney, and if, for such property, only one, quit rent bill was made out originally, the number is afterwards increased, so as to correspond with the number of new Certificates. It is thus that the number of bills in one year exceeds the number in another. The Statement submitted to the Board on the 11th January 1821 explains under what rules Grants and Certificates for Houses and lands at Madras are issued. The accompanying Statement H is prepared in the form furnished by the Board, and will, I trust, be found useful, at least, to a certain extent. I was unable to make it as complete as I could wish, from my not being at present, in possession of the necessary particulars for that purpose.

All

Para 5 21. All lands in this Collectorate, which are subject to the payment of quit rent, being private property, and held under grants and certificates, such portions as are situated in the vicinity of the Village Tank are cultivated regularly every year, whilst such as be fallow are those only which cannot be brought under the plough, or made immediate use of for other purposes, with any prospect of advantage.

Para 6 22. In shewing the average per Cawney realized on lands under cultivation, the object is simply to place before the Board the fact as to whether the periodical rains have been more or less favorable in one year than in another. I shall endeavour to procure the requisite information for the preparation of a statement of the kind called for in this Para to accompanying next annual report.

Para 7 23. Ground rent is chargeable on small strips of Ground in the public streets, which are occupied, generally by the lower Orders of the people, who sell Vegetables

Vegetables, Fruits, Flowers &c. &c. Those who are enabled to sell their commodities readily, and obtain a remunerative return, continue stationary in one and the same locality, and from them the collection of the Government dues is of course easily made, but from those who are constantly in the habits of shifting from one place to another, the collection is extremely difficult. many of the Occupants are not the fixed inhabitants of Madras - Dispersed as they are, and adverting to the nature of their occupations, as well as to their numbers, which vary from 1,500 to 1,850, I need scarcely observe, that it would be almost impracticable to get any good security from the whole, for the due payment of the rent payable by them, which, in the majority of cases, is so trifling as from Anna 1-2 to Annas 3-6 per Mensem. Nor is it customary with them to ask for permission to occupy the ground. Indeed I am not aware, that any effectual measures can be taken to prevent the temporary occupation of

land

land by them in the crowded parts of Black Town, Triplicane &c. Under those circumstances, a portion of the Monthly Ground rent must always remain unpaid, however active and vigilant my Establishment may be.

Paras 8 and 9

24. The lands at Porsewaukum which are referred to in Statement D. are, to a considerable extent, situated along the banks of the Wotary Nullah - The storms of October and November 1846, deprived the Owners of the means of cultivating the whole, from their having been constantly under water, which accounts for the falling off in the Cultivation, and for the decrease in the collections of Fusly 1256 - I hope to be able to transmit, with my report of the settlement and collection of the current year, a statement exhibiting in detail the extent of cultivation under the heads of "Nunjey" "Punjey" and "Totacal".
