At a Meeting Present

Monday — 23rd. October 1848 } G. D. Drury Esqre. Senior Member
Walter Elliot Esqre. Second Member
and
J. Goldingham Esqre. Acting Third Member

Minutes of the last Meeting read and approved.

Read the following Extracts-

№ 1095

From the Secretary to Government — } Extract from the Minutes of Consultation, under date the 7th. October, 1848.

Read the following letter from the Secretary to the Board of Revenue.

Here enter 14th. September 1848, №. 477.

The Right Honorable the Governor in Council fully concurs with the Board of Revenue in the view they have taken in the above letter of the claim to the Nattam Estate brought forward by the present Proprietor of Ettaiyapuram, and desires that he be informed through the Collector of Tinnevelly that his pretensions to that Zemindary are inadmissible. The Government decline

to

to accede to the request of Nullamal, widow of Mootoo Singama Naiker.

Secretary to Government

1-2

Order thereon. Resolved that Copy of the foregoing Extract from Minutes of Consultation, and of the Board's letter to which it is a reply, be communicated for the information of the Collector of Madura, with reference to his letter dated 17th August last.

Intimd 14th September 1848.

2. Mr. Parker will communicate to the parties interested the decision of Government in this case. The original papers received from the Collector are returned herewith.

No. 1104.

3

From the Secretary to Government

Extract from the Minutes of Consultation, under date the 10th October, 1848.

Read the following letter from the Secretary to the Board of Revenue

/ Here enter 21st September 1848, No. 1284

The Right Honorable the Governor in Council, after a careful consideration of the circumstances represented by the Board of Revenue respecting the Mohturpha for fasly 1258 outstanding against the

* Note In the case of the Ettiapooram Zemindaries, the intimation should be made through the Collector of Tinnevelly

parties referred to in the foregoing letter, thinks it would be preferable pending the general revision of the Moturpha tax, that the demand against them on that account with the arrears and current should be merely suspended, and desires that the Principal Collector of Coimbatore may be instructed accordingly. It is thought advisable not to remove the item in question from the accounts before the contemplated revision has taken place, but whatever may be the ultimate decision there will be no delay for any period prior to the issue of such decision. This may be explained to the parties.

/ A true Extract /

/ Signed / H. C. Montgomery

Secretary to Government.

3-4

Order thereon. Ordered to be communicated for the information and guidance of the Principal Collector of Coimbatore with reference to his letter dated 18th August last.

Intimd 21st September 1848.

2

Mr. Wroughton will inform the parties concerned of the above decision of Government.

No. 1113.

5

From the Secretary to Government

Extract from the Minutes of Consultation, under date the 12th October, 1848.

Read Petition from Syed Lab Mahomed, dated 13th September, 1848. No. 1236.

Canl.

From the Endorsement on the Petition received

received with the foregoing address as well as from the Petition itself, it is not quite clear to the Governor in Council to which case the subject of the representation has reference. The Petitioner states he is the son of Syed Mahomed Ausaury, and the Board of Revenue in their endorsement on the Petition addressed to them refer to the order of Government dated 20th August 1846 para 6 as authorizing the resumption of the Yeomiah. The date of this authority appears to be misquoted. On reference however to the Proceedings of Government 20th January 1846 No. 95 para 6, the Governor in Council observes that the Yeomiah of Mahomed Ally* who it is presumed is the party alluded to (he being the son of Syed Esmaul whose the Petitioner declares to be his Grandfather) was ordered to be continued for life, and this decision seems to be founded on the information furnished by the Collector of Trichinopoly on the 26th September 1845 affording no evidence of the yeomiah being a service grant.

2. But should the Petitioner possess a Sunnud or other document in support of his assertion, that the Yeomiah was conferred for the expenses of a Mosque &c of certain religious ceremony the Governor in Council will be prepared to

* No. 24 Rs. 4-10-8 per Mensem

* Vide No. 170 in Statement B and explanatory remarks thereon

to give the application for a renewal of the grant, the consideration it may deserve, on receiving a full report on the case from the Collector of Trichinopoly, with the Board's sentiments on the subject. a copy, if not the original Sunnud, with a translation of the same should be forwarded, together with any other documents or records that may be forthcoming, and the Collector should be required to ascertain and state whether an Institution and Services of the character mentioned by the Petitioner are actually maintained.

/ A true Extract /

/ Signed / H. C. Montgomery
Secretary to Government.

5-6

Order thereon, / Ordered that copy of the foregoing Extract from Minutes of Consultation with the Original Petition which accompanied it, be forwarded to the Collector of Trichinopoly for report.

2. Should the Petitioner possess any Sunnuds or other documents in support of his claim, Mr. Elliot will be so good as to forward them, with translations to this office. He will at the same time state whether an institution and services of the character mentioned by the Petitioner are actually maintained.

Collector

Ordered

Per Centage ... explanation is also herewith forwarded for the Board's inspection —

C Of the wastage in the Salt supplied to the French Government 3 - 158 appear to have been occasioned by some carelessness on the part of the owners of the Thoney in which it was laden. The Cost of this Salt in the Coodevarium Actually paid by the Government being Rupees 49-6-3 was recovered and carried to the credit of Government. Consequently it was included in the quantity sold as it requires no Sanction since the Value thereof was Collected. Under the foregoing circumstance the whole wastage of Salt being 123 - 4 is submitted for the sanction of Government.

7 Supplemental Defendant.—

H. Stokes Esquire Collector of Guntoor.—

Government Vakeel Goon: Louarapoo Kroshniah

Pleader for the supplemental Defendant.—

The Plaintiffs in their Plaint state that the Village of Dasullapully was granted to P. Sadasimoodoo the great grand father of Plaintiffs as an Agkaharam containing 60 Coochels by Mulrauze Ramaroo the Zemindar in 1792; when Mulrauze Venkata Goondo Row was the Zemindar, he assessed the Village at 32 Rupees a year.—In 1833. the Defendants trespassed on the eastern & Northern part of the Village by allowing their cattle to graze on it.— The Plaintiffs complained to the ameen, who ordered the Talmatdar to ascertain the boundaries of the Village; these were obtained from the measurement accounts of fusly 1232 and the Defendants were ordered not to graze their cattle

on the land.— In 1842/43, the Plaintiffs let the Village consisting of about 60 Coochells to Ramanapah, Venkatapaty and others, at a Poollary tax of Rs. 64—0—0 a year.— The 2d. 3d. 4th. 5th. and 6th. Defendants on the 12th. July 1842 prevented the renter from grazing their Cattle on the land and put their own Cattle on one piece of ground measuring 16 Coochells and on another piece measuring 14 Coochells, both pieces being within the boundaries of the Plaintiffs Village The Plaintiffs therefore sue the Defendants for 30 Coochells of land within the boundaries above mentioned in the Plaint and also for 32 Rupees the Poollary tax due for this land.—

After this suit was filed, the Collector was made Supplemental Defendant.—

The Supplemental Defendant in his answer states, "In the copy of the Summud on which the Plaintiffs ground their suit, it is stated that in fusly 1142/1732/33/ Mulrauze Rama Row by a Summud granted the Village of Dasallapully to Sadaseemoodoo as Mokasah.— In the English Registry dated 1799, it is stated that the Village of Dasoallapully was granted to Mullick by Mulrauze Pedda Rama Row by a Summud in fusly 1154/1743/44/ at an assessment of Pagodas 10 a year; that the Village contained

10 Cochells of dry land and the average kist was Pagodas 15 a year; and that 10 Doombalas were produced to prove the above facts. The Plaintiffs have concealed the summs of 1154 and produced one of 1542. In the measurement account of 1232 alluded to in the Plaint, it is stated that the land situated within the boundaries contains 30 Cochells of which 16 are exempt; that of the remaining 14 Cochells. 1 2/16 is under cultivation, 12 14/16 are grazing lands, of which 3 9/16 are Enam, this is signed by Rai masawmy the Curnum of Condramootah and by Dawiah, this measurement account differs most materially from the Summ in the English Registry and therefore, the measurement accounts of fusties 1230 and 1231 were examined, in these accounts the whole of the Village is entered as containing 20 Cochells of which 8 1/4 are exempt from kist; that of the remaining 11 3/4 Cochells 3 3/4 are maniam, the remainder 8 Cochells which are fit for cultivation; these accounts are also signed by Ramasawmy and Dawiah, these measurement accounts agree with the English Registry, these accounts shew that until 1231 the Plaintiff had only 20 Cochells and that the account of fusly 1232 is false. In the account of fusly 1232, the words kyeloo Cochells are used, but these words are entered at the heading of the account

account instead of being entered in the description of measuring rope and the number of Coontahs; the word "kyeloo" which means double is only used with reference to grain measure and not to land measure thus, if the Plaintiffs Village contains 30 kyeloo or double Cochells, the maniums also must be doubled. The Records of the Head of Police of Jeanacondah for fusly 1238 shew that in that year the Plaintiffs prevented the Defendants Cattle from grazing on certain land entered as Plaintiffs land in the account of 1232; that the Defendants who are inhabitants of Condramootah beat the Plaintiffs people, the Plaintiffs complained to the Collector, who referred the case to the Head of Police, he decided that the Plaintiffs had a right to the land. — Mr Whish the Collector, on a perusal of the record, issued orders to the Head of Police telling him that he / the Collector / had dismissed the complaint as it was proved that some of the land belonged to Condramootah and some to Dawallapully, the orders of the Sumeen to the Samuldars founded on the measurement account of fusly 1232. are of no use. —

Orders which have been received at different times from Dawiah / 1st Defendant / Curnum of Condramootah and of Dawallapully shew

shew that, under the Government of Royoolo:
waroo, 50 Coochells of land belonging to Condra:
mootah, and 10 Coochells belonging to Vuddem:
goontah were granted as an Aggraharum to
P. Daiwaree and this Aggraharum was called
Dawallapully, that some time after, the family
of Daiwaree were ruined and the 60 Coochells
were then given back to the Villagers of Condra:
mootah and Vuddemgoontah. that afterwards
Mulraujee Vedda Rama Row gave some Coochells
of land belonging to Condramootah as Aggra:
harum to Plaintiffs ancestors; that this grant
was in force until 1231 Fusly; in 1232 Fusly the
Plaintiffs gained over Abbiah the father of Dau:
diah and Ramasawmy, produced the Dundacon:
dah account of the Aggraharum as formerly
possessed by P. Daiwaree and made the Curnum
enter in the measurement account of 1232 in
Fusly, the boundaries of the 60 Coochells formerly
possessed by P. Daiwaree, when Daiwiah com:
menced the duties of Curnum in Fusly 1237,
he reported all the above circumstances.—
On comparing the English Registry the mea:
surement accounts of 1230 and 31 Fusly and
the Dundacondah account with the re
facts stated by Daiwiah, these facts
are shewn to be correct.—Moreover, the
Ameen's report shews that the 10 Coo:
chells on the Western boundary entered
in the account of 1232 as belonging

to Daiwallapully are in fact under the
Village of Vuddemgoontah.—

The other Defendants not having ap:
peared to file answer, this Cause was ordered to be
tried exparte on their behalf.—

The Plaintiffs in their reply state that
they were not in this part of the Country when the
accounts of Fusly 1230 and 31 were made out,
that these accounts were made out by Plain:
tiffs enemies, that if the reports of the 1st De:
fendant regarding his father's and Rama:
sawmy's malpractice were true, why did the
1st Defendant sign their false accounts for
his father?—

The Rejoinder contains nothing.

Plaintiffs Documents.—

The Plaintiffs 1st witness mentions the boundaries of the Village of Dawsallapully according to the account made out in fusly 1232, the land within these boundaries has been in Plaintiffs possession always. In 1828, the Plaintiffs complained to the Magistrate, that Defendants grazed their Cattle on Plaintiffs land, the complaint was referred to the Tahsildar, he reported that Defendants had grazed their Cattle on Plaintiffs land and mentioned the boundaries; the Magistrate told the Tahsildar he has no business to enquire into the boundaries. From 1829 to 1833 the

Fort St. George 23d. October 1848.

the Defendants rented the Village from the Plaintiffs. In 1834 and 1835 the Plaintiffs themselves held the land. — In 1836 the Village was let. — From 1837 to 1841 the Plaintiffs held the land, the Defendants claimed part of the land in Plaintiffs possesion the Defendants received orders from the Taksildar not to graze their Cattle on the land claimed. — About 100 or 200 years ago, the Village was called Ramachendrapooram, the Nabob gave the Village to the Dawaree family they became extinct and 100 years ago, the Zemindar gave the Village to the Plaintiffs family; at that time, the boundary account as abovementioned was given to Plaintiffs ancestors. — In the register made in Mr. Ram's time the Village is entered as containing 10 Coochells. — There is no such expresion "as Kyeloo Coochell" — Aggraharums are enjoyed according to the boundary account and not according to the Registry; the 1st Defendant asserts that 6¾ Coochells on the East and 7¾ Coochells on the North of Dawallapully belong to Condramootah; this land is within the boundaries abovementioned — the Pollary tax of Dawallapully is Rupees 2 ... a Coochell the

Fort St. George 23d October 1848.

the Document A is the Summud and B is the boundary account. — Witness saw both these documents formerly the boundaries in the Dunda. — Cawlah agrees with the boundaries in the account B.

The 2d witness states the boundaries of the Village of Dawallapully the Plaintiffs have held the land enwithin these boundaries for 100 years under a Summud. — Witness rented the Village in 1824 from the father of the 2nd and 3rd Plaintiffs, he let the Pollary tax for Rupees 60-"-"-... — Some land belonging to Vuddengoontah is entered in the Dunda Condah account as the boundary of Dawallapully, this land the Dawallapully Villagers held; witness does not know the quantity of land; the A and B are the Summud and enboundary account. —

The 3rd witness mentions the boundaries of Dawallapully the Circar claims

claims one piece on the North-east, and another on the East side of the Village, does not Know the quantity claimed; does not Know the boundaries of his own Village.— After this dispute arose, witness saw the boundary account; & never saw it before.—

The 4th witness mentions the boundaries, the land within these belong to Plaintiffs.— The Circar claims some of this land, one piece on the North, the other on the East side of the Village; Rupees 32 a year is paid by the Villagers as Poollary tax to Plaintiffs.—

The 5th witness states that 11 years ago, he cultivated for 3 years a part of the land now in dispute, this is on the North side of the Village, the Plaintiffs had this land 5 years ago; does not Know to whom the land belonged formerly the Villagers pay Plaintiffs Rupees 32 a year as Poollary tax.—

The 6th witness states that he about 11 years ago, cultivated lands on the North of the Village & for 3 years; this land is now in dispute &

the Plaintiffs had it until 5 years ago.—

The 7th witness says that 30 years ago, his father and uncles cultivated land in Dawallapully, the land is not cultivated now; the Plaintiffs had this land until 5 years ago.—

The Defendants 1st witness states that there is no such term as "Hyeloo Coochell" land is some times measured with a rope measuring 30 cubits, in that case, 84 Coontahs make a Coochell, some times with a rope measuring 42 Cubits; then 32 Coontahs make a Coochell. The Sunnud and boundary accounts do not agree.—

The evidence of 2d 3d and 5th witnesses is the same as the 1st witness.—

The 4th 6th and 7th witnesses state there is no such expression as "Hyeloo Coochell" that sometimes, there is a difference between the Sunnud and boundary account.—

The 8th witness knows nothing about the matter.—

The 9th witness mentions the boundaries of the Village; does not know the land; neither was he present when the land was measured, there are 10 Coochells of land on the South of Dawallapully which does not belong to that Village, this land is now in dispute, the quantity of land is entered in the account produced by witness, Defendants document

document K, as 30 Coochells; if measured, it will be found to be 40.—

The 10th witness states he does not know the boundaries of Dasallapully, he knows the western boundary of the Village. This boundary is the eastern boundary of Vuddengoontah, none of the land within this boundary belongs to Vuddengoontah.—

The 11th 12th and 13th witnesses say there is no such expression as "Kyelos Coochell."—

The Summud A filed by Plaintiffs is dated 1732/33, the Plaintiffs document B is a the boundary account also dated 1732/33, the Plaintiffs witnesses say that this boundary account was made out from the Dunda Condah account produced by Defendants 9th witness and that the account B was delivered with the Summud A to Plaintiffs ancestors. In the Dunda Caudah account the quantity of land is stated to be 30 Coochells, this account states that in A.D. 1446 of the 421 Coochells belonging to the Village of Condramootah, 40 Coochells were given to Jiunnolamooty Aggrahaarum and 50 Coochells to Dasallapully and then the Village of Condramootah contained only 331 Coochells.— After this, Dasallapully was granted to P. Dansarey

P. Dansarey, and 10 Coochelas taken from Vuddengoontah and added to the 50 Coochelas originally granted, thus making the total amount of land 60 Coochelas, the family of Dasaree became extinct and the agraharum land was again resumed as Sharey land. In 1732/33 Dansallapully was given to Sada Sinoodoo, but the 10 Coochelas formerly taken from Vudden goontah were returned to that Village, and of the 50 Coochelas taken from Condramoottah, 20 Coochelas were returned to that Village, thus leaving only 30 Coochelas for Dasallapully. In 1732/33 therefore Dasallapully contained 30 Coochelas.

But subsequent to 1732/33 that is in 1743/44, the Village was granted to Sungum Milliah, this Summud is entered in the Copy of Registry (Defendants Document F) which Registry is dated in 1799. In this Summud, the agraharum is entered as containing 10 Coochelas. In the accounts for Firstly 1230 and 1231 (A.D. 1820/21 and 1821/22) it is stated that there are 20 Coochells in the Village of Dansoollapully of which 8/4 are

are exempt from tax, 3¾ are Manium, and there are 8 Coochelas remaining, which of Course is the land belonging to the agraharum or 1 Coochelas less than in the Registry, this difference may easily arise in the Course of 77 years - the Dunda Cavala account shews that since the first formation of the Village of Dansoollapully the quantity of land it contained had twice been altered, it at first had 50 Coochelas, then 60, and again Reduced to 30, and when the last Summud was granted it was Reduced to 20 Coochelas as shewn by the Registry and the accounts of Fusly 1230 and 1231.-

The Plaintiffs assert that the 30 Coochelas Entered in the Dundacavalah account of 1732/33 are double or as they choose to call them "Kyloo Coochelas" thus endeavouring to make the quantity of land equal to what it was in 1646, but the Plaintiffs 1st. Witness as also the Witnesses of Defendants have deposed that there is no such word as "Kyloo" used with reference to land Measure. To support their assertion, the Plaintiffs have filed an account

of the Village of Seeapoorum (Plaintiffs Documents C/ in which they say the words "Kyloo Coochella" are entered, but supposing this to be the case, which it is not, it would be of no advantage to them, because - from the writing and ink, it is Evident the words are an interpolation and standing where they do in the heading of the account they have no meaning, the word however - instead of being "Kyloo" is "Cavelee."

For the above reasons the Civil Judge is of opinion that the Village of - Dansoollapully contains only 20 Coochelas accordings to the scale of Measurement in use by the Circar in this District, he therefore demisses the Plaintiffs Claim and Decrees that they do not recover the 30 - Coochelas nor the Poollary tax sued for, also that Plaintiffs pay all Costs of Suit

It is resolved that no private adjustment of this Decree shall be allowed or deemed valid, unless the terms of such adjustment shall have been previously

Fort St. George 23rd October 1848.

No. 2.

Decree of the Zillah Court of Guntoor - Civil Courts' file - original Suit No. 19 of 1847.

Plaintiff.
Gottespauttee Soobbannah.
In person.

Defendant.
H. Stokes Esqre Collector of Guntoor.
Government Vakeel
Goondavarapoo Kristnah
Pleader.

The Plaintiff in his Plaint states that 40 or 50 years ago, the Sattanapully Zemindar agreed to allow T. Raidoo, and his brother Seetaramoodoo, the Natural Grand father and Grand Uncle of Plaintiff, one fourth of every Coochela of land which they Cultivated in the Village of Cammoor free of Kist, this remission was continued during the time of the succeeding Zemindars, and also when the Zemindary came under the Management of the Circar. In 1842, the Plaintiff and his Cousin T. Paunakaloo divided their property; half a Cootchel fell to Plaintiffs share. On the 4th August 1846, the Defendant granted a Cowle to Plaintiff for Fusly 1255, the Kist on half a Cootchel is Rupees 70 1/4 or Rupees

Fort St. George 23d. October 1848.

The Civil Judge having taken into consi=
=deration the proceedings in this case, passes Judgment-

The Plaintiff asserts that it has always been the custom of the Zemindar to give a remission of one fourth of the Rist which is called "Vundra", and that the Defendant has not allowed this "Vundra", but directed the whole Rist at which the land is assessed to be collected- The Defendant does not deny that the Zemindar did allow this "Vundra", but argues, that the Zemindary being now the property of Government the Rist is to be collected as on other Government land, there is, therefore, no occasion to examine Witnesses in this case.-

In Fusly 1253 (1843-1844) the Zemindaries were attached by the Cirkar, the Plaintiffs' Document A is the Coule for Fusly 1255. (1845-1846) granted by the Defendant as the representative of the Zemindar and therefore, what had been allowed by the Zemindar was continued by the Cirkar in this Coule, therefore the "Vundra" is allowed- In fusly 1256 (1846-1847-) the Zemin=
=dary belonged to Government, having been purchased on the 1st April 1846 in the

Defendant

Fort St. George 23d. October 1848-

Defendant's Document No. 1 the Rist account of the Village of Commoor for Fusly 1256, it is entered that the "Vundra" of Rupees 17-8-0- was to be deducted from Rupees 70, and only Rupees 17-8-0- to be paid; under this, is an entry to the effect that according to orders received, the "Vundra" was not to be allowed and the whole of the Rist on the half Coochel Rupees 70 was to be collected.-

It is evident from the Plaint that this "Vundra" was granted for the purpose of increasing the Cultivation of the land in the Village of Com=
=moor and it rested with the Zemindar and his successors to continue it or not as they pleased, but their Acts are not binding on others who may become possessed of the property-

The Civil Judge is of opinion that the Plaintiff cannot claim the "Vundra" as a right and that the Defendant is perfectly at liberty to disallow it and demand the whole of the Rist at which the land is assessed- He therefore dismisses the Plaintiffs claim and decrees that he pay all Costs-

It is resolved that no private adjustment of this Decree shall be

allowed

allowed or deemed valid unless the terms of such ad=
=justment shall have been previously and reciprocally declared by all the parties interested herein and made a record of Court with their unanimous consent.

21-22

Resolution thereon.- Resolved that the foregoing letter be submitted for the information of the Right Honorable the Governor in Council, in reference to Extract from Minutes of Consultation 4th. March 1842, and 2d. October 1847.

In Cons: 21st. March 1842.
In Cons: 11th. October 1847.

Read the following letter.-

To,
J. Pycroft Esqre.
Secretary to the
Board of Revenue.
Fort St. George.

23

From the Acting Collector of Bellary. Sir, Para. 1. In my Report on the Settlement

Fort St. George 23d. October 1848.

See letter to the Board of Revenue dated 30th October 1848.

the Board of the proposal already made to discontinue the practice of levying an irregular Tax or Second Fussul Jastee for the Vysauk of the second year on land planted with Cane and requesting immediate orders for its discontinuance under the circumstances stated-

Settlement of Extra Sources of Revenue for the past fusly, I mentioned that I would again bring before the Board a subject having reference to the Cultivation of Sugar, and which has not it seems been finally disposed of by the Board-

2- Mr. Mellor in his letter to the Board under date 4th November 1843, after supplying the information previously called for by the Board proposed with their sanction to discontinue the practice of levying an irregular additional Tax (Viz. a Second Fussul Jastee for the Vysak of the second year) on land which had been planted with Cane in the previous year, and had paid the rent of that year, and also the rent of the Cartic of the second year-

3- The Board have sent no reply to this letter and the objectionable tax has not yet been discontinued- As the subject is one of much interest to the Sugar Cane Planter and as it has been long unsettled, I trust the Board will at once authorize me to carry out the proposed measure-

Fort St. George 23d. October 1848.

From the Sub Collector to Collector dated 30th October 1840.
To the Board of Revenue dated 9th December 1841.
From Do. dated 3d. March 1842.
To Do. dated 4th November 1843-

4- I beg to request the attention of the Board to the correspondence noted in the Margin and to subjoin the following remarks-

5- The subject was first brought to the notice of the Collector Mr. Mellor by myself, when Sub Collector, in the letter of 30th October 1840 in which I pointed out what I considered to be the injustice of levying a higher Assessment on the Cultivation of the Sugar Cane than would be levied on the Cultivation of Rice or other produce according to the fixed rules of the Settlement- I endeavoured to show that the real interests of the Government as well as the Ryot were promoted in supporting the Cane Cultivation, and I observed, that the imposition of a 3d. tax on the waste, when only two taxes (an Ayen Teerwa and Fussul Jastee or two Ayen Teerwas according to circumstances) could fairly be demanded on the Crop of Cane which occupied

occupied the Ground for a period less than 12 Months, was contrary to the rules for levying rent on lands left uncultivated, in-as-much as it would never have been levied had any other Crop but Cane previously occupied the land, but that the profit supposed to be derived to the Ryot by the Cane Cultivation was made a plea for the imposition, and I proposed that one of the three tasses (one Fussul Jastee) should no longer be levied.-

6. Mr. Mellor, fully entering into the views I had formed, recommended in a report to the Board of Revenue under date 9th December 1841 that a remission of one Fussul Jastee should be made and specified the Fussul Jastee of the first year the Cane was planted, when the Cartie or previous Crop had been sown with Rice or other produce. Mr. Mellor also pointed out the declining state of the Sugar Cane Cultivation as requiring the remission of the Extra Tax-

See Board's Proceedings 3d March 1842.

7. The Board however in

reply suggested that the decline noticed by Mr. Mellor might be attributable to other causes besides the heavy assessment on the Cultivation of Cane, and they objected to the remission as proposed by Mr. Mellor, Viz. of the Fussul Jastee or half Teerwah of the first year of the Cane Cultivation- This appears clearly to be the Board's meaning in para 8 of their Proceedings- but they seem evidently not to have objected to the remission of one Fussul Jastee- The land being actually planted in the 1st year gives a claim to the Circar's demand of that year, and the reason for proposing a remission of that year's Fussul Jastee arose from former custom, and with a view to the benefit of the Ryot who had no Crop to dispose of and pay the rent- But the Ryot has a just claim, on the principles of the Settlement for remission of the Fussul Jastee in the 2d year, when, after the Crop is cut the land is left uncultivated for want of water or ability during the Vysack of the second year- The

† See para 8. above Do.

rules

Fort St. George 23d. October 1848.

rules of the Settlement do not in this case authorize the levying of the Fussul Justee which makes the 3d. and objectionable Tase.

8. And acting it seems on this view of the matter the Board directed with some restriction that this Fussul Sastee should not be demanded. I refer particularly to the 7th. para of their Proceedings. In this para it is particularly declared that the Fussul Sastee of the 2d. year is not to be demanded escept in the cases where for the Vysak Crop "the Cane remains in the ground" and "when the land is not prepared for "the Cultivation of any other Crop while the "means of irrigation are at hand." "If however" say the Board "there is no water for the Cultiva- "tion of a Second Crop at the period of Vysak "and nothing can be grown on the land, the "2d. Crop rent ought not to be demanded".

See Para 7 of Board's Proceedings above quoted.

9. I at the time thought it a pity that the Board should have made any apparent restriction whatever

D.G.

to

Fort St. George 23d. October 1848.

to relieving the Ryot from the imposition of this last year's Fussul Sastee when the Vysack is waste, for the rule is not to tase the ryot with waste. We always cul- tivates as much and often more than he would wish, and I think in some instances the pretence, that there is water or that the Ryot has the ability to cultivate the Vysack will be made the plea for levying the tase when the land is actually left uncultivated, and is really unfitted for another crop.

10 With a view of giving proper effect to the Board's orders as contained in the 7th Para of their Proceedings, I at the time minutely enquired into the subject as respects the supply of water and the ability or inability of the Ryot to cultivate the land or not in the Southern Talooks; and it may be stated, that invariably a second Crop, after the Cane is cut in the second year is never sown. The land is left waste. It is not the custom in these Talooks and the want of Water may fairly be given as a sufficient reason of itself. It is hard then that the

Ryot

Fort St. George 23d. October 1848.

Ryot should be made to pay for waste
on land which is not fit to bear a second
Crop, the Circar having no rightful demand
but for one Crop only. But I may further
add as regards water, after a minute
enquiry I found that all the available
water is fully consumed in other cultivation
so that no loss whatever accrues to Govern-
ment. Moreover as an additional argument
in favor of remitting the second Fussul Sist
of the Cave, I would observe, that where
the supply of water is only moderate
so as not to allow of the whole cultivable
under a Tank or other source of irrigation
being made for the Cartic and the Vysak
both, the general rule is that the land
cultivated with Rice &c. for the Cartic
shall not be cultivated for the Vysak
but that fresh land shall be taken upon
By which means the water is so distributed
as to procure the largest Revenue to
Government possible. For by precluding
a Ryot from cultivating a second or Vysak
Crop of Rice (for which he usually pays
half teerua) on the same land

Fort St. George 23d. October 1848.

he had cultivated for the Cartic Crop, the Water
is kept for land which not being sown at the
Cartic of Course pays the full teerua for the
Vysak. When the Circar looks to its own interests
in collecting the largest Revenue. When water
for the Vysak is at hand, by preventing in
the one instance the ryot from taking advantage
of it to raise a second Crop of rice at half
teerua, it is unreasonable indeed that they
should compel a ryot in the other instance,
who because he has had Cane and paid the
full teerua for the Cartic, to pay the half
teerua for the Vysak left waste. And this
after having paid already a second tax
for a single Crop only - for one Crop only
of Cane is raised, not two.

Board's Proceedings above quoted.

11 The Board in the 6th Para of
their Proceedings have also fully admitted
the principle contended for, when they clearly
lay down the rule that "only one and a
half teerua" (ie, the Atyen and Fussul
Jastee) "of the land on which Sugar Cane
"is cultivated, the same rate as for two
"Crops of rice and no more is to be collected."
This principle would in some cases (where

the

Fort St. George 23d. October 1848.

Referred to and transmitted in my letter of the 9th December 1841. There are four more orders issued by him in 1211. 1215 and 1216 fusles, which are forthcoming. Three of these orders are by themselves rather indistinct, but their meaning is quite settled by one in the last mentioned year. This order (issued in fusly 1216) provides that Plantain, Betel and Sugar Cane Gardens being the produce of 12 Months are to be tassed with only 1½ teerua, as for example, (which is specially mentioned) Turrum 9 Pagodas Fussul Jastee 4½ total 13½ Pagodas. Three years subsequently to this, when in consequence of this order not having been duly regarded the Sugar Cane Cultivation had greatly deteriorated. Mr. Chaplin ordered that "15 Pagodas only should be levied on the acre, Viz." (he specifies it) "Turrum 10 Pagodas Fussul Jastee 5 and that the Exctra Fussul Jastee 5 Pagodas which had been collected was not to be demanded." But the following Extract from two letters of Colonel Munro to the Board of Revenue show his opinion clearly.

See Mr. Chaplain's Tax Reed dated 21st February 1810.

See letter to the Board of Revenue dated 20th April 1806 Paras 4 & 7.

"Writing on the subject of increasing the Revenue by an Exctra tax on Betel and Tobacco

Fort St. George 23d. October 1848.

Tobacco he observes (para 4) "The two first "modes of augmenting the Revenue by an Extra "duty at the plantations are the most simple, "and the least expensive, but they ought to be "rejected, because they are vexatious to the "Cultivator, and because they tend to discourage the cultivation of all valuable "products, because if Betel and Tobacco are "assessed with an Exctra tax on the spot "where they are grown, the Cultivator of "Sugar Cane, Indigo and many other articles "will naturally apprehend that his plantation may be subjected to a similar burden "Under such a system the benefit of a "fixed land rent would be lost - for a "fixed rent would be merely nominal, when "the cultivator was liable to an additional "assessment whenever he reared any article "which might be converted into a new source "of Revenue" and in para 7 "the inhabitants "of the Ceded Districts with a few exceptions, "are perhaps poorer than those of any other "part of the Company's Territories, and the "Cultivation of Betel, Tobacco, Sugar Cane "and other valuable articles is not now "one third of what it was in the early

part

"part of the Mysore Government - The growth of
"these articles should be encouraged by every
"means, and care should be taken not to impede
"it by Coctra duties - More especially when the
"duties though carried ever so high can yield
"but a very inconsiderable Revenue - The
"various products from which the land rent
"is drawn and the proportions of each are
"shewn in the Statement No. 8. It was made out
"in 1211 Since which period the proportions of some
"of the more valuable articles as Indigo and
"Sugar have greatly augmented. The coarse Sugar
"or Jaggery manufactured in 1216 was double
"the quantity of any preceding year - The increase
"of these articles is occasioned by the abolition
"of an Coctra land rent amounting to twice
"or three times the ordinary rate to which all
"land employed in their culture was sub-
"jected, and this increase is likely to go on
"progressively as the demand for them is great

/ A true Coctract /

the town of Kurnool not being included, of the

the above my late Assistant, Captain Newbold, conducted the Summabundy of the 98 Villages which are comprised in the Dhone & Talooks, the remaining 392 Villages were settled by myself.

3. The season generally may be consider=ed an excellent one. The rains which fell from May to July were timely and sufficient for the early sow=ings; they were further useful in enabling the Ryots to make preparations at a favorable period for later Crops, which were subsequently much bene=fited by frequent Showers in August, by a heavy fall of rain in September, and a moderate quantity in October.

4. The only parts of the District to be parti=cularly excepted from the above observations, are the Dhone and Goodoor Talooks, the Tanks in which did not all receive water enough to enable the Ryots to carry on their wet cultivation to its full and usual extent. The result has been a decrease in the revenue derived from

	Rs	a	p
Dhone---	2,190	6-	5- 1
Goodoor---	71	4-	4
	3,977	9-	1

that sources in those Talooks, the falling off in the latter Talooks being less than that experienced in the former one, and of little

little importance. It is however, to be observed, that the decrease of Ba=ryz arising in these two Talooks from diminished wet cultivation was to a certain extent compen=sated in Dhone by an augmentation in the Villavary of the dry lands by which the net deficiency was reduced to Rupees 2,676. 13. 4, whilst the Bariz of the Goodoor Talooks through the same means exceed=ed that of Fusly 1256, by Rupees 1596. 13. 3. On the whole I am inclined to believe that the cultivation of the entire District may be regarded as having yielded a good average harvest.

5. I subjoin a statement exhibiting in a concise form the Villavary of the present and the past Fusly.

Net Increase — 17,174 2 10

The

Fort St. George 23d. October 1848

6. The range of the sale price of the principal grains has been below that of Fusly 1256, but it did not fall sufficiently to create loss to the farmers, as may be fairly inferred from the regularity and ease with which the established Kists were brought to account.

7. The Summabundy was conducted on the Ryotwar principles which have been observed by my predecessors. My tour in the District for Settlement purposes commenced on the 16th November 1847 and occupied me till early in the following Month of March, subsequent to which I settled the Goodoor taluk whilst at the Huzoor station.

8. In order to exhibiting at one view the sum total of the Beriz fixed at the Settlement of this year and the amount of demand remaining after the deduction of certain remissions, I subjoin the following Statement by which it will be seen that the net Beriz of the Fusly was Rupees. 692423- 1- 3-

P. 38-2-6. 9. The only remission made on account of dry land allowed to remain waste was granted to a Ryot who, it was clear to me, had been unable from impoverished circumstances to proceed with what he had in the first instance undertaken to cultivate, the origin of his difficulties being the death of his ploughing cattle during the cultivating season. The amount was very trifling Viz.t Rupees 38-2-6.

P. 337-9-6-10. In regard of remissions allowed for wet land left Bunjer, a careful enquiry was instituted through Native Agency and the personal inspection of Captain Newbold, by which it was satisfactorily shown that a deficient supply of water had rendered cultivation impracticable.- The amount so which under this plea was struck off, amounted only to Rupees 337-9-6.-

P. 269-14-6. 11. The sum noted marginally as was remitted on account of dried up crops on wet land after strict enquiry into the truth of the grounds on which the indulgence was demanded.- It was granted to the Ryots of 4 Villages in the

the Dhone and Attoor Talooks.-

P. 126-7-2 12. The supply of water to the Sundial Tank reached it earlier than there was reason to expect, the consequence was the destruction of crops by inundation for which I have allowed Rupees 132-5-6 to some Ryots of the small Village of Bellellaporam.-

13. A further sum of Rupees 284-6-2 was remitted to the Ryots of Yelgode, a rich Village in Attoor. They were prepared to carry on their cultivation to maturity if sanction had been granted for letting off the water of the Tank which threatened to encroach on their crops.- It was not given, because a calculation was made that the retention of the water even with the above remission, would be more advantageous to the interests of the Circar than a compliance with their request.-

P. 17-4-1 14. I myself visited the fields for which Rupees 17-4-1 has been remitted under the head of Cymaly and was satisfied on examination that the Ryot interested in them was undoubtedly entitled to that indulgence.- The

Rs. 30-4—u— 15- The item which appears under the head of Seerva Cummee granted to the Curnum of Chinta Comma Dinna has been inserted as such in former Reports and therefore appears so in the present one; but I submit that I should be favored with the Board's authority in future to discontinue the entry by deducting the amount from the Curnum's Pattah, or by reclassing the land as an Enam bearing a Jodee of 36 Rupees. The entry was originally made in consequence of the ground to which it has reference having been erroneously included as circar land in the Immabundy Accounts of Fusly 1250. and a Pattah issued thereon for Rupees 66¼. The Curnum, however, paid no more than 36 Rupees, that being the Jodee to which he had been liable under the Managment of the late Ex Nawab, leaving the difference, Rupees 30¼ as a balance. In Fusly 1252 he complained of the inclusion of his Enam in the list of Circar lands, to the then Commissioner, Mr. Bayley, who, as a remedial measure, directed that a remission should be

made to him under Seerva Cummee of the amount of difference remaining yearly unpaid, and thus the matter has stood up to the present time.

Rs. 16-12-2 To Board 21st July 1817 From Do. 29th Do. 16- A failure in the realization of a crop from a small portion of the American cotton seed received for experimental purposes from Dr. Right, induced me to grant a remission of Rupees 16-12-2, in conformity with the intimation publicly made by my predecessor, that the ryots undertaking to sow the seed in question should not be assessed for the land occupied by it in the event of it's not producing.

17- Under the general authority received from your Board on the 14th January

Rs. 82-3-u— 1817, the sum noted marginally was remitted for some land in the Sundial and Paniem Saloks where the sugar cane plants raised were reserved for Cuttings.

18- Deducting from the Gross land revenue demand, the aggregate of the remissions above detailed, the amount remaining is Rupees 6,20,893-14-9, of which sum Rupees 6,13,027-9-u— form the Berij due

due on lands actually cultivated, and Rupees 7,866. 5. 9. that which is payable on Cabooliats Bunjer.-

19. The item specified in para 9 being excepted, I did not feel that I should be justified in granting a remission of any part of the latter sum, because my enquiries went to show rather that the lands agreed to be cultivated had been intentionally kept waste for pasturage, or that an undue extent of Enams had been brought under the plough to the detriment of the Government lands, which had been neglected out of all fair proportion, or if neither of these reasons applied, because on reference to the circumstances and condition of the Ryots individually affected, there appeared to me to be no fair claim to the indulgence.-

20. By the addition to the sum already shown to be the gross Land Revenue Beriz of the District, of Rupees 7,869. 5- 4-, which is the aggregate amount of the Sodee and Enamly or tax on Enams, it will be seen that the total revenue demand becomes Rs 6977 0. 3. 1d.

from

from which if Rupees 5,340 the amount of payments due to petty Jagheerdars, Cauzees and others as noted below, be deducted, the result is a net Land Revenue demand for the year, amounting to — Rupees 6924. 23 — 1 — 3 —

		Rp	a	p

		Net Increase	18482 2 11	

M

It will be observed from the above statement that in the Villavary Beriz an increase was effected in the present year under the four different heads of Rupees 19540—12—9, deducting from which a decrease in wet cultivation to the extent of Rupees 2366—9—11, the net Beriz remaining is Rupees 17174—2—10—

22. The aggregate amount of remissions granted for Bunjer lands in Fusly 1256 was Rupees 189—4—0, whereas that of the present year amounts to Rupees 375—12—0 the particulars of which are hereunder shewn—

Fusly	Dry land Bunjer			Wet land Bunjer			Total		
	Rs	a	p	Rs	a	p	Rs	a	p
1256	166	13	0	22	7	0	189	4	0
1257	38	2	6	337	9	6	375	12	0
Increase	0	0	0	315	2	6	186	8	0
Decrease	128	10	6	0	0	0	0	0	0

It is thus seen that the dry land Bunjer remissions of the current Fusly are only Rupees 38 and odd in contrast with Rupees 166—13—0 allowed in the preceding

Fusly, a difference solely attributable, I believe, to the goodness of the season. On the other hand the wet land Bunjer which in the present year has required exemption from tax, is of greater extent than that of the previous Fusly, in consequence of a larger number of reservoirs having been sufficiently supplied with water—

23. The amount which was included in the Beriz of the past Fusly as due on Cabooleaty Bunjer, was Rupees 9684—13—4, in the Settlement of the present year the same item is Rupees 7866—5—9 or less by Rupees 1818—7—7 than that of the previous period. The attainment of this result whilst the net ayen Villavary has increased in comparison with that of the past fusly by Rupees 17174—2—10, may fairly, I think, be attributed to the strict injunctions issued to the Amildars and their subordinates not to allow of Enam lands being brought under the plough, unless a just proportion of the Government fields were at the same time cultivated, and to the ready attention which those injunctions received—

That

15294 Fort St George 23d October 1818.

24 That a Comparison between the Sodee Enamity &c. including Quit Rent of the past and present Fusly, may be facilitated, I enter a statement hereunder

15295 Fort St George 25th October 1818.

From which the Board will perceive that the Fusly and Jasty and Peervajasty and Tufsuljasty, as well as the Sodee due on Sundry Enams for the periods under Report, are respectively below the demands under those Heads for the Fusly year, by Rupees 118 - 15' - 0 and Rupees 110 - 2 - - whilst the Enamity Tax of the Fusly exhibits an increase over that of the preceding one Amounting to Rupees 2320 - 4 - 11.

25. The deficient supply of water which reached Fort St George during the Months of May June and July last, and the consequent interruption in the Home Station before adverted to, was found the occasion of Serious Inconvenience to Passengers and Travellers. The Commissioners of Revenue and Circuit have therefore recommended the Establishment of a Canal = Equidistant between the Mount and Poonamallee = Choultry Causeway and the Sea Coast, by which Conveyance of Water may be rendered easy and Expeditious, and the Inhabitants of the Black Town will be supplied with the Necessaries of Life at moderate prices.

Accounts for the Fasly year 1256 are now transmitted.

26. The Register Account of Enamity Tax from 1256 to 1257 Fusly, exhibits an additional Increase of Enam Lands which were formerly waste, having been cultivated this year and Item itemized Table to the Enfoldure

of

4th Sess. 5th George 23rd October 1828.

Pleased 8th 20 and 21.

Ordered that the Commissioners of the Land Board do cause to be issued as the Assessment Roll for the present year, which is directed to be returned on the first Monday in December next, and that the Collectors do proceed to collect the same according to the Law

It will be seen from the above, that certain payments have been made through the Government Officers to Enamdars whose lands were occupied by a Sugar cane Crop, a practice which has obtained from some time prior to the resumption of the territory.—

29 The aggregate extent of land devoted to the cultivation of these two kinds of Sugar cane during the present Fusly, Viz^t Acres 79—17 29/64 is in excess by Acres 10—22 21/64 of the quantity taken up in the preceding year which amounted only to Acres 68—35/8—

30. The remarks in regard to the amount of Assessment leviable on land cultivated with Sugar cane in the Villages Louddamala Calava and Calava with which I was favored by the Board on the date noted marginally, did not reach Kunnool early enough to admit of my making at the Settlement of the Current year, any modification of the rates which after much consideration had

Board's Proceedings. 23d March 1848 Para 7 to 9.

had been adopted and carried into effect by my predecessor at the Settlement of Fusly 1256— On reference, however, to the tenor of the Board's observations, I am doubtful whether it has been their intention to require any present change in the arrangements in this respect which were made by the late Agent, but, in the event of my comprehension of their instructions, being erroneous, I beg permission strongly to recommend that the rates as levied during the two last fusslies be allowed to stand, at least until the Survey Assessment is generally introduced into Kunnool.—

31 The Ryots affected by Mr. Scotts rates have assented to their imposition and no complaints have been brought before me regarding them, although the parties interested have two years experience whereon to form an opinion of their merits and results, so far also as I am enabled personally to

It will be seen from the above, that certain payments have been made through the Government Officers to Enamdars whose lands were occupied by a Sugar cane Crop, a practice which has obtained from some time prior to the resumption of the territory.—

29. The Aggregate extent of land devoted to the cultivation of these two kinds of Sugar cane during the present Fusly, Viz^t. Acres 79—17 29/64 is in excess by Acres 10—22 21/64 of the quantity taken up in the preceding year which amounted only to Acres 68—35 8/8—

30. The remarks in regard to the amount of Assessment leviable on land cultivated with Sugar cane in the Villages Louddamala Calava and Calava with which I was favored by the Board on the date noted marginally, did not reach Kunnoor early enough to admit of my making at the Settlement of the current year, any modification of the rates which after much consideration had

Board's Proceedings. 23d March 1848 Para 7 to 9.

had been adopted and carried into effect by my predecessor at the Settlement of Fusly 1256— On reference, however, to the tenor of the Board's observations, I am doubtful whether it has been their intention to require any present change in the arrangements in this respect which were made by the late agent, but, in the event of my comprehension of their instructions, being erroneous, I beg permission strongly to recommend that the rates as levied during the two last fuslies be allowed to stand, at least until the Tarrumwar Assessment is generally introduced into Kunnoor.—

31 The ryots affected by Mr. Scotts rates have assented to them imposition and no complaints have been brought before me regarding them, although the parties interested have had two years experience whereon to found an opinion of their merits and results, so far also as I am enabled personally to

to judge they are such as I should feel bound to impose, were the matter left to my own discretion, because the strict enforcement in the Villages in question of the Board's standing order would create the anomaly of three rates per acre for land yielding the same kind of produce and which, in the opinion of those best acquainted with the agricultural capabilities of the soil, should not be subjected to a assessment exhibiting any material difference.

Rs 21, 44, and 61/2

32. With advertence to the fact which the Board have noticed, that three rates existed under the late Mogulty Government and consequently that there should have been a proportionate rise in the amount per acre fixed by my predecessor, I submit that experience of this District shews that no clear inference can be drawn or fair data be framed, by a reference to the teerwaa levied by the Revenue Officers of the Nawabs. They are more or less various and irreconcilable in every Village in the province and no one believes that they

they were originally regulated by a consideration of the real productive Capabilities of the several fields. Their fairness was seldom or ever enquired, provided the paying ability of the occupant of any particular holding seemed sufficient to meet the demand made on it. But if in the sequel the Ryot continued dissatisfied or obstinate, the Village authorities never, I believe, failed to conciliate him by allowing of his taking up other fields on which for the purpose of adjustment, a very low, or nominal rent was fixed by themselves. It thus not unfrequently happens that several adjacent fields of equal goodness are very differently assessed, the former occupants of those highly rated having originally been content to pay more than their neighbours solely because they had in their enjoyment a larger quantity of Enam land or a field or two capable of bearing a high assessment, on which low nominal rates were levied. Such would seem to be the

case

case in the Villages referred to by the Board, under these circumstances therefore, I trust it may be thought inexpedient now to introduce any further change—

33 In regard to the Sanatory condetion of the District, it affords me pleasure to state that during the period embraced

in this report, the inhabitants have been entirely free from visitation by any epidemic disease and that there has been no increase to the usual rate of mortality from the complaints ordinarily prevalent in the Kurnool Province. The cattle of the District have been equally fortunate.—

Pro. 23d March 1848. 34. Adverting to the Board's order that information should be furnished in this report whether any change has occurred in the mode of taking the census, or whether the increase observable on a comparison of the population returns for Fuslies 1255 and 1256

	Increase in Fusly 1256.
Houses—	9239
People—	34,884
Cattle—	35,676

is considered to be a bona fide improvement in the resources of the District.—

35. I beg to mention that the increase to which the Board's attention has been drawn seems principally attributable to the greater care and accuracy observed in preparing the returns of the latter period, my predecessor, Mr. Scott, having been of opinion that the census for Fusly 1255 had been framed on erroneous data and with great negligence.—

36 The census returns of the Current Fusly exhibit, however, an increase over the aggregates recorded in those of the preceding year, as will be seen by the statement given

Fork S.t George 23d. October 1848

given below, from which an inference is justifiable that in the returns of Fusly 1255, the resources had beyond a doubt been underrated.—

	Number of Houses	People Male	People Female	People Total	Number of Cattle	Vide Statement No. 1.
Fusly 1255	50,676	97,975	90,722	188,697	235,510	
Do. 1256	59,915	116,616	106,966	223,582	271,186	
Do. 1257	63,745	123,878	113,804	237,682	317,533	
Increase in Fusly 1256 compared with Fusly 1255	9,239	18,641	16,243	34,884	35,676	
Do. in Fusly 1257 with Fusly 1256	3,830	7,262	6,839	14,101	46,347	

I deem it proper to add that in the census of the current Fusly have been included the Members of the household of all persons related to the late Exc Nawab, as well as the families of the sowars composing the Kurnool Irregular Horse, who, up to the present period, had not been

	No. of People
Relations of the late Exc Nawab	733
Sowars	1115
	1848

Fork S.t George 23d. October 1848.

entered in the usual population returns owing to the existence of a prejudice which I appear to have been successful in removing by the adoption of a conciliatory measure not previously attempted.—

37 The Statement entered below is calculated to exhibit the land revenue, Sodee and Enamity settlements of the current year, the aggregate amount of collections realised within its close, the balances remaining outstanding at that period and the sums collected from that date up to the close of the Month of August.—

38

It will be observed on reference thereto that at the end of the Fusly there remained outstanding a sum of Rupees 4,699-9-8 or Rupees "—10-10 per Cent on the entire Beriz. That amount being reduced by Rupees 2,304-1-4, the aggregate collections made in all August, the sum remaining for realization on the 1st September was only Rupees 2,395-8-4, or Rupees "—5-7 per Cent of the whole demand.—

Beriz—	6,92,423-1-3.
Collections—	6,87,723-7-7.
	4,699-9-8.

But if this last mentioned sum be further diminished by the deduction from it of the amount of balances in dispute, the net outstanding amount of uncollected revenue for the current year is not more than Rs. 1911-9-" or Rupees "—4-5 per Cent on the Original Beriz.—.

Rs. 483-15-4.

39.

Of the above balance I have reason to hope that a certain amount will be realized before the cutting of the early crops of next year. The outturn of these crops will also enable me to bring to account a further portion, and in respect of the remainder, which is reported by the Amildars to be outstanding principally against Ryots who have quitted the District or demised, I shall make such enquiry at the approaching Jummabundy as will enable me to form the opinion whether

whether it should be continued on in the account of "Owned" balances, or regarded as irrecoverable.—.

40

In order to the Board becoming acquainted with the precise character of such parts of the balances above adverted to as are in dispute, I beg to subjoin a brief Talookwar and Ipsumwar Statement on reference to which and to the explanatory observations by which it is followed, I trust I shall be authorized permanently to remove from the accounts items which figure in them for no other purpose than to be periodically remitted and which might therefore I submit be at once finally struck out.—.

Rs. 483-15-4.

Number.—.

15310 Fort St. George 23d. October 1848.

41. The parties entered in Nos. 1 and 2 of the above Statement

Screwel — 60–12 47/64
Nundial — 644–39 19/64

have extensive Enams in the Screwel and Nundial Talooks, on which, according to the practice obtaining since the resumption of the Kurnool Jagheer, it has been usual to assess Enamity because their lands are not protected by summuds, but the Enamdars undisturbed enjoyment for a long series of years of these lands and the fact that they held, and now hold, several Takeeds of undoubted authenticity issued by the former rulers of the province, relieving them from time to time from liability to any revenue demand, have been considered by my predecessors a sufficient warrant for continuing to them the exemption from tax. Under that arrangement it became necessary formally to remit a balance of Enamity which had accrued against them up to the end of Fusly 1254.

Rs. 375-15-1 42. The amount due for the two succeeding Fusles has remained uncollected under orders from my predecessor and the same exemption should hold good for the current year, so that eventually it will be incumbent on me again to trouble the Board for permission to write off an additional sum; but meanwhile the total of balances is increased to an

an unreal esotent.—

43 The Enams held by No. 3 of the Statement are similar to those of No. 1 and 2. and I understand that the Enamity assessment entered against them was originally so entered in terrorem, as a means of exacting from the Curnums a correct and faithful discharge of their duties, in default of which it was intimated to them that the Enamity would be realized I submit that the general regulations afford a sufficient check on subordinate revenue servants of the class in question, and beg that I may be authorized to simplify my accounts, by striking out of them this item also—

44. In respect of No. 4 in the Statement, I prefer the same request, the above remarks having application also to those Enams.—

45 No. 5 is likewise a fictitious balance— Three Cattoobaddy Peons of the Village Yerragoontla had periodically received 32 Rupees from the Saderward disbursed in each Village according to the practice obtaining under the Moogulye Government— On the abolition of the Saderwared in Fusly 1252 it was arranged, as their services seemed indispensable, that they

should have compensation by the payment of a similar sum from the amount due on a Circar Puttah, which amount was thus held as an outstanding balance.—

46 It occurs to me that in preference to such an arrangement, the Board may deem it desirable to sanction for these men a specific remission from the revenues of the Village in question, such as is made for a Shroff from those of the Village Nundial and I beg authority accordingly— But I am not altogether satisfied with reference to recent occurrences in Yerragoontla, whether the services of the three Cattoobaddies may not now be dispensed with, and if the enquiry which I propose shortly to institute should confirm me in my present impression, I shall not of course avail myself of the sanction which the Board may be pleased to accord:—

47 In illustration of the amount of Collections made within the close of the past and present Fusly, I enter below a Statement in a concise form.—

on reference to which it will be observed that dur-
-ing the current year the sums respectively rea-
-lised in season of the Eight Talooks forming
my charge, have exceeded those of the pre-
-ceding year; the aggregate increase being
Rupees 26076 — 10 — 6 —

48. I also beg to subjoin a brief State-
-ment showing Fusleewar the balances
of by gone Fusles —

Fusles	Balances to the end of Fusly 1256			Of which the Collec-tions made in Fusly 1257			Balances remaining to the end of Fusly 1257		
	Rs	a	p	Rs	a	p	Rs	a	p
1251	31	4	"	31	4	"	"	"	"
1252	85	10	11	53	12	6	31	14	5
1253	105	11	4	85	4	7	20	6	9
1254	247	9	3	188	8	6	59	"	9
1255	4,021	4	8	161	9	10	3859	10	10
1256	12294	1	4	9198	5	6	3095	11	10
	16785	9	6	9718	12	11	7066	12	7

49 — Commencing with Fusly 1251, these balances, it will be seen, amounted at the close of Fusly 1256 to Rupees 16785 — 9 — 6 deducting from which Rupees 9,718 — 12 — 11, the aggregate amount of sums realized during the current Fusly, a net sum of Rupees 7,066 — 12 — 7 still remains to be collected —

Dated 5 March 1849.

50 — In his communication to your Board reporting on the balances outstanding at the close of Fusly 1254 and recommending that certain sums should be struck off the accounts, my predecessor expressed the opinion that a portion of the

old

Fort St. George 23d October 1848.

old balances could be recovered. Deducting such sums as have subsequently been realized, there still remains outstanding the small amount noted marginally which I cannot but consider hopeless. My best attention was given to the matter at the Summalundy and from the enquiries made, I ascertained that the sum in question is due by deceased ryots, by some who have abandoned their Villages and by others whose impoverished condition bars the possibility of payment. I therefore beg permission to write it off.

	Rs	a	p
Fusly 1255	3859	10	10
Do 1256	3095	11	10
	6955	16	8

51. The sum total of the balances against Fuslies 1255 and 1256 is Rupees 6955-16-8 of which I calculate on the eventual realisation of Rupees 409-8-4 thus leaving an arrear of Rupees 6545-14-4 the particulars of which are exhibited below.

Fuslies	Enamdy Decease. Vce. under=ab disputed	Deceas=ed Ryots	Absconded =ed Ryots	Poor Ryots	Total
	Rs. a p	Rs a p	Rs a p	Rs a p	Rs a p

1256	559 4 6	61 3 6	138 14 1	2054 15 1	2814 5 2
	1251 13 2	142 9 11	782 5 8	4369 2 7	6545 14 4

Paras 40 to 46 — Rs 876 — a 11 — p 5 — Balances due by Enamdars as above
375 — 1 — 9 — Do. due by Enamdars whose cases
1251 — 13 — 2 — settled by Mr Scott at the Summalundy of Fusly 1256.

A.

15313

Fort St. George 23d October 1848.

52. A portion of the Enamity which appears in the foregoing Statement is due by Enamdars whose claims to exemption from the payment of that tax were recognized by my predecessor at the Statement of Fusly 1256. The amount affected by his decision will hereafter require to be struck off the balance list under authority which I shall solicit at the proper period.

Rs. 375-1-9

53. It seems probable that some portion of the sum due by needy Ryots may at a future period be gradually brought to account. I therefore refrain for the present from soliciting permission to write off any part of the balances outstanding in the accounts of the two Fuslies in question.

Rs. 4369-2-7.

54. The subjoined brief Statement exhibits at one view the Gross with the increase and decrease of demand under the several heads of revenue collected in the District during the current and previous year.

Sources.

Fort St. George 23d October 1848.

Sources	Beriz of Fusly 1256	Beriz of Fusly 1257	Increase	Decrease

Remarks.

Total Ayacut of Fusly 1256 — 17.06.013 acres C 22

— Do. — of Fusly 1257 — 17.06.288 — 26

Net Increase 275 — 4

This increase arose in consequence of some fields having been accidentally omitted at the time of the Survey and of some errors of Cultivation having also occurred which have now been rectified.

Kurnool, Agents Office 10th. October 1848.

/Signed/ W. D. Phillips
Agent to the Governor

Order thereon. Ordered to be brought forward at a future Meeting.

29-30

H.G.

15367 Fort St. George 23d. October 1848.

Read the following letter.

To, J. Pycroft Esqre. Secretary to the Board of Revenue, Fort St. George.

31

From A. Freese Esqre. Chingleput Collector of

Reporting the sale of certain Mootahs on account of the arrears due on them, and requesting that the sanction of Government may be obtained for the purchase Money of the 2 Mootahs of Suttamunjey & Soultooperoombadoo on account of Government amounting to Rupees 2000, and of the payment of the Surplus of Rupees 255-2-7 to the proprietor of Suttamunjey.

Sir,

Para 1. I have the honor to report for the information of the Board, that the Proprietors of the different Mootahs, entered in the Advertisement published under their orders, having discharged the arrears due by them, except those of Suttamunjey, Soultooperoombadoo, and Muppadoo, these three Estates were yesterday, under the authority conveyed in the Board's Proceedings of the 28th. Ultimo, put up to sale, and disposed of as shewn in the Statement herewith submitted.

2. It will be observed that the two first mentioned Estates have been purchased on account of Government, for one of which the purchase money exceeded by a small sum the amount of balance outstanding.

Highest bid 1700-0
Balance 1444-33-5
Surplus 255-2-7

3. The Mootah of Suttamunjey situated in the Nayer Talook comprizes

† Suttamunjey
yarandeair
and
Seroolapunnajery

3 Villages, and possesses tolerable means of

* 1 Large Tank
1 Small Do.
1 Spring
2 Madagaes,

irrigation, and is not an unprofitable Estate, but it is understood that the late Proprietor

Mr. Nailor has been obliged to give it up in consequence of disputes between

himself

himself and the Ryots. The amount of the purchase money is, at the same time, less than the Permanent Beriz by Rupees 378-12-9, and considering the general value of the Estate, the purchase may be considered advantageous to Government. The other Estate purchased on account of Government was at a rate much below the balance due. The 3rd Mootah put up to sale was that of Muppadoo against which a balance of Rupees 691-3-6 as M. had been due, but of which Rupees 495-0-0 was paid only that morning. On my proceeding to put up the Mootah to auction a Goomastah of the Proprietor requested that the sale of that Mootah might be postponed, the arrears being small and which too, he promised, should be punctually discharged within 15 days. It is probable I should have complied with his request had I not received Notice from the Principal Sudr Ameen desiring that any surplus proceeds of the Mootah should be kept in deposit on account of a Decree of the Supreme Court against the Proprietor, and as I therefore declined acceding to his request, the Goomastah then stated that the money should be paid before the evening, when I informed him that I could not stop the

the sale, but that if the money was paid in during the day I would report the circumstance to the Board who would confirm or cancel the sale. The Mootah was then put up and Knocked down to Nagojy Row for Rupees 3,150-0-0.

4. No payment has since been made by the Goomastah, and I am inclined to believe that the payment in the morning and the Goomastah's subsequent appeals were in ignorance of the steps adopted in the Zillah Court.

5. It now remains for me to request that the sanction of Government may be obtained for the purchase money of the two Mootahs of Suttamunjey and Soattooperoombadoo, amounting to Rupees (2,000) Two thousand, and for the payment of the surplus of Rupees (255-2-7) Two hundred and fifty five, annas two, and pice seven, to the Proprietor of the former Estate.

6. A Copy of the Principal Sudr Ameen's letter and enclosure is transmitted.

To,

A. Freese Esqre.

Collector of

Chinglepute.

Sir,

I have the honor to forward herewith Copy of Mr. Petition No. 434 of 1848 presented by Venkatasoobbiah Pleader of this court in behalf of Vasoodava Row of Arcot Plaintiff in a cause decided in his favor, as will appear by a certificate given by the Deputy Prothonotary of the Supreme Court of Judicature at Madras, Copy of which is also sent herewith.

By the accompaniments, it will be observed, that the Petitioner has obtained a decree in the Supreme Court, and prays that it may be executed against Property of the Defendant Narasinga Row. It will also be observed that the Moottah of Muppadoo belonging to the said Defendant in the Mamemungalum Talook is now under attachment for arrears of Revenue, and begs, that in the event of it's being sold under orders of Revenue Authority, the proceeds may be paid first for the Circar demand, and should there be any Surplus it may be ordered to be detained in the Collector's Treasury in deposition account of the Decree of the Supreme Court.

I therefore beg that the Petitioner's request

request may be complied with.

31-32

Proceedings

Containing the Board's observations and orders to the Collector of Chingleput relative to the sale of certain Mootahs in satisfaction of the public arrears due against them and soliciting permission to allow the Collector to take credit in his accounts for the purchase money of two of the Estates.

Rec'd 27th November 1848.
Sent Cons. 25th November 1848.

thereon Para 1. From the communication above recorded it appears that the Proprietors of the several Mootahs entered in the Statement which accompanied the Collector's letter of the 25th September last, discharged the arrears due by them with the exception of Tattamanjey, Soultooperoombadoo and Mapspadoo. These 3 Estates were therefore brought to sale on the 2nd instant. The two first have been purchased by the Collector under orders from this Office, on behalf of Government for Rupees 1700 and 300 respectively which severally exceed and fall short of the outstanding balance in each case by Rupees *255 — 2 — 7 and Rupees x297 — 10 — 0 as shown in the Margin. The purchase Money of Tattamunjy, altho' exceeding the arrears for which it has been sold by Rupees 255 - 2 - 7 is below the Permanent Beriz by Rupees 328-12-9

Tattamanjey			
Total Balance	Rupees	1444 — 13 — 5	
Purchase money	Rupees	1700 — 0 — 4	
	*	255 — 2 — 7	
Soultooperoombadoo			
Total Balance	Rupees	597 — 10 — 0	
Purchase Money	Rs.	300 — 0 — 0	
	x	297 — 10 — 0	
Permanent Beriz		2028 — 12 — 9	
Purchase Money		1700 — 0 — 0	
		328 — 12 — 9	

The Collector explains that this Mootah, situated in the Nayer Talook, consists of 3 Villages, and possesses tolerable means of irrigation, and that with reference to its general value the purchase may be considered as advantageous to Government. Its Proprietor Mr. Nailor, it is stated, has been obliged to relinquish it in consequence of disputes between him and his tenants - as regards the remaining Estate of Mapspadoo, Mr. Freese states that of the balance of Rupees 691-3-6 which

15374

which had been due, Rupees 495 were paid up on the Morning of the day of sale and that he was requested by the Proprietor's Goomastah to postpone the sale in consideration of the small balance still due. The Collector adds that he should have complied with this request, but for the receipt of a letter from the Principal Sudr Ameen desiring that the surplus of the sale proceeds of this Mootah might be held in deposit on account of a Decree of the Supreme Court against its Proprietor. It was knocked down to one Nagojee Row for the sum of Rupees 3150.

2. The Board of Revenue confirm the Sales of Tattamunjey and Soultooperoombadoo Mootahs for Rupees 1700 and Rupees 300 respectively as already stated, and resolve to solicit the permission of Government that the Collector may be allowed credit in his accounts for the purchase money in each case. Mr. Freese will be pleased to disburse to Mr. J. W. Nailor, proprietor of the first named property, the surplus Rupees 255-2-7 resulting from its sale, after deduction of the Circar arrear; he will also state what measures should be taken in respect to the balance Rupees 297-10-, still

which had been due, Rupees 495 were paid up on the morning of the day of sale and that he was requested by the Proprietor's Goomastah to postpone the sale in consideration of the small balance still due. The Collector adds that he should have complied with this request, but for the receipt of a letter from the Principal Sudr Ameen desiring that the surplus of the sale proceeds of this Mootah might be held in deposit on account of a Decree of the Supreme Court against its Proprietor. It was knocked down to one Nagojee Row for the Sum of Rupees 3750.

2. The Board of Revenue confirm the Sales of Sattamunjey and Soultoopercombadoo Mootahs for Rupees 1700 and Rupees 300 respectively as already stated, and resolve to solicit the permission of Government that the Collector may be allowed credit in his accounts for the purchase money in each case. Mr. Freese will be pleased to disburse to Mr. J. W. Nailor, proprietor of the first named property, the surplus Rupees 255-2-7 resulting from its sale, after deduction of the Circar arrears; he will also state what measures should be taken in respect to the balance Rupees 297-10-. still

still due by the late owner of the Soutoperoombadoo Mootah.

3. With to regard to the Muspadoo Co.s Estate, the Board have lately received a Petition from its Proprietor, B. Narsinga Row, stating that he purchased the Mootah in 1845 or Co.s three years since, for Rupees 4,225; that of the whole arrear Rupees 592—10—2 outstanding on the day of sale he remitted Rupees 495 on that day and promised to pay the Co.s remainder Rupees* 97—10—2 within a few days afterwards, and representing the hardship of his being deprived of his Co.s Estate under such Circumstances and for so inconsiderable a balance. The case of the Petitioner seems to the Board to deserve consideration; they therefore Co.s will not at present confirm the sale of his Mootah, and they request that the Collector will upon receipt of these Proceedings issue an order requiring him to discharge the whole of his arrear, principal, interest, and Sibbendy, within 10 days after its date. In the event of the money being paid within the period so stipulated the sale may be considered as cancelled, the Petitioner

Petn.r No.1813 of 1848.

Note
*i.e Principal the whole arrear with interest and charges was Rupees 196-3-6.

Petitioner will be replaced in possession of his Estate, and the deposit Made by Nagojy Row will be returned to him. If, on the contrary, such payment be not made, the Collector will consider the late Sale to be confirmed, will receive the balance of the purchase Money from Nagojy Row and instal him in possession of the Mootah, paying over the Surplus proceeds of the sale to the Principal Sudr Ameen, according to the requisition contined in his letter of the 29th.o September last

Ordered that a Copy of the foregoing Extract from the Board's Proceedings be submitted to Government, and a transcript of the same be forwarded to the Collector of Chingleput for his information and guidance.

Ordered also that the following Endorsement be passed upon Petition No.o 1813 of 1848.

"Petitioner is referred to the Collector of Chingleput to whom instructions have been issued on the subject of this Petition".

To. J. Sycroft Esq.re
Secretary to the Board of Revenue.

To
A. Pycroft Esqre.
Secretary to the Board of Revenue,
Fort St. George.-

(35)

Sir,

From the Acting Collector of North Arcot.

From my first coming into this district I had reason to be dissatisfied with Sreenavasa Row Naib Serishtadar of my Office; not finding him capable of affording me that assistance in conducting the business of the district which I had a right to expect from one holding his position.- In particular I was compelled very unwillingly to continue the charge of one important branch of business usually devolving on the Naib Serishtadar, to an individual in a totally distinct department of the Cutcherry, because, after trial, I found Sreenavasa Row quite unacquainted with the conduct of it.-

2.- I was desirous therefore of effecting a change; and I thought the least painful way of doing this, as regarded Sreenavasa Row's own feelings would be to transfer him with his own consent to a situation of somewhat inferior importance.- On my communicating with him to this effect, he expressed his willingness under the circumstances, to accept any situation that I might give him; and I have accordingly this day appointed him to be Tahsildar of Trivellum, an Office of not much less emolument than the one he lately held.-

3. I deem it proper to make known this arrangement to the Board of Revenue at once, and I shall shortly report for their approval my nomination to the Office of Naib Serishtadar.-

North Arcot.-
Collector's Cutcherry
Chittoor 16th. October
1848

/Signed/ J. D. Bourdillon,
Collector.-

Order thereon.- The Board of Revenue approve the transfer of Sreenavasa Row from the Office of Deputy Serishtadar to that of Tahsildar of Trivellum under the circumstances set forth in the foregoing letter.-

From the acting Collector of Trichinopoly —

Sir,

I have the honor to acknowledge the receipt of the Board's endorsement on petition No 1197 of 1848. presented by Erooda pillay claiming the amount of Rupees 300-0 being the amount of deposit made by him for the Beetel farm of the Conad Taluk in fuely 1241 seventeen years ago and directing me to report on this subject. I beg in reply to state that the amount of 300 Rupees was paid by the petitioner as a "one per Cent" deposit; at the time of bidding for the farm, the petitioner appears to have failed in his engagement and neglecting to pay up the remaining amount of deposit his rent was resold by Mr. Blair, then Collector, agreeably to the tenor of the petitioners Kararnamah, the amount so being forfeited, as a fine to Government; and an order was issued on the 14th May 1832— to the Cashkeeper to carry the amount from deposit, to the credit of Government, together with certain other sums for similar reasons.—

Copy of the whole, and translation of

of part of Mr. Blair's order on the subject are herein enclosed.—

Trichinopoly, Collectors Office, 29th September 1848

J. Lycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

(46)

Sir,

From the Principal Collector of Coimbatore — Adverting to the 2d Para of Extract from the Proceedings of the Board of Revenue bearing date the 15th May last. I have the honor to state for the information of the Board that the land occupied by Mr A.R.W. Lascelles at Coonoor without permission has been measured by the Tahsildar and ascertained to contain 14 Cawnies, 2 Grounds and 312 Square feet chargeable at 20—4—0 per annum with reference to the Quit rent tenure.—

Vide Page 60 of the Fort St. George Gazette for 1837 Vol. 1st 5/4 Rupees for the site and 1—2—4. a Cawnie for the rest.

II. The Tahsildar reports this to have been waste and unassessed land, and adverting to the restrictive orders of Government conveyed in the Board's Communication of the 19th December 1844. I am accordingly

Vide Extract M. C. No. 253 22d March 1844

J. C. B.

15386 Fort St. George 23d October 1848

necessitated to request the authority of the Board to register the same, and to call upon Mr. Lascelles to adjust the demand for the past year.

III. The orders contained in the Proceedings above quoted were duly communicated to Messrs. J. K. and A. R. W. Lascelles.—

Coimbatoor..... September 19th 1848. } (Signed) J. B. Stroughton Principal Collector

Proceedings thereon.

(46-47)

The Board of Revenue authorize the Principal Collector of Coimbatore to register the land alluded to in the above letter B. No. 2—312 in the name of Mr. A. R. W. Lascelles for the past Fusly 1257 and to recover from him the assessment due upon it (Rupees 20-4-) for that year. He will also call upon Mr Lascelles to state, whether he intends to hold the land for the future, and if he does not will require him to give a razeenamah for it at once in the usual form. Mr Lascelles should likewise be distinctly informed that unless such razee be given, he will be charged with the Quit rent of the land, at the rate payable for last year, both for the present Fusly and for any number of succeeding Fuslies that he may continue to hold it until the land is formally relinquished in the regular manner.—

T. Pycroft Esqre
Secretary to the
Board of Revenue
Fort St. George

53

From the Collr of Madras....

Sir,

I have honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 27th Ultimo relative to certain alleged embezzlements in the Salt Department, and to report that the heap of Salt alluded to by Narrain Moodelly in his two petitions on the subject was received into Store at Ennore in May 1846 as Garce 100.

2 This heap is entered as

No. 7 in Statement B submitted to the Board on the 1st December 1846; the estimated loss by the Storm in

Explaining the cause of Wastage in a heap of Salt removed from Ennore and submitting Copy of the Correspondence with the Chief Magistrate and Superintendent of Police and of the whole of the proceedings relative to the payment of certain fees alluded to in Narain Moodelly's Petition which the Board have called for.

The Petitions are returned Nos 892 and 936 of 1008.

15396

Fort St. George 23d October 1848

in the two previous months being Garce 8.. It will be seen from the same Statement that the estimated loss on heap No. 8 was Garce 21 and that on No. 9 Garce 35 or 21 and 35 per bent respectively.—

3. To confine my remarks to the heap on No. 7 it is requisite to bring to the notice of the Board that the Salt in that heap was removed to the Madras Cotaurs, and received into Store by measurement between the 27th January and 4th February 1848 or 21 Months after its delivery at Ennore. as Garce 70- 170.—

4. In my letter of the 8th January last I submitted a Statement of the loss of Salt sustained at the Madras Cotaurs during the last Monsoon.— The only heaps remaining at the time on the platform at Ennore being No. 7, and it being my intention to remove it to Madras almost immediately, I did not think it necessary to cause the further loss thereon occasioned by the rains of 1847 to be estimated also.

5 As the estimated quantity in the heap in question after the Storms of 1846 was Garce 92. it is evident that the difference between that quantity and the outturn, on its removal measurement at the Madras Cotaurs, in February 1848. Garce 21-230-4, was the extent of loss sustained by the heavy monsoon of 1847, besides the wastage by its removal from Ennore to Madras.— When the Salt was afterwards sold by weight.

92.
70. 170
21. 230

70 - 170 - "
69. 126. 5¼
1. 43. 2¾

weight under the rules then in force the ex-

Garce 1-43-2¾ being attributed to the difference ex-
between the receipt by measurement and the sale
by weight as well as the usual wastage on delivery
to the purchasers.—

100 - " "
69. 126. 5¼
30. 273. 2¾

7 The total amount of the loss and ex-
Wastage in one heap Garce 30-273-2¼ will not
under the circumstances, be found to be large ex-
when compared with the loss of Garce 28-339-2
per 100 Garce, or $28\frac{107}{128}$ per cent on the whole quantity
stored at Ennore before the storm on the 30th October
1836 as shewn by the remarks in the Statement Sub-
-mitted to the Board on the 18th November 1837.—

8. I beg leave to state that the Contract for ex-
landing, covering and measuring Salt entered into
by Parasooranna Moodelly was the first of its kind formed.
The present practice is to pay a fixed rate to the Coolies
through a Cooly Maistry, as is done in all places
of business at Madras. There is no agreement entered into
by him with the Circar such as the one entered into by
Parasooranna Moodelly and his Security.—

To Chief Mag.te of Police 23.d June 1848.
From Do. 2.d May "
To Do. 16.th Do.—

9. In explanation of the circumstances set
forth in the Conclusion of Para 9 of my letter of the 6th Ultimo
and in the next Para I Submit, as required by the Board
Copy of my correspondence with the Chief Magistrate
and Superintendent of Police, together with translation of
the Depositions referred to in my Communications to that Officer

Appoo cooty's Depositions 20.th April 1848.

No. 1.

To E. F. Elliot Esqre
Chief. Magistrate and
Superintendent of Police

Sir,

1- I have the honor to send the
parties named in the margin, and to state
that, from certain depositions now before
me, it appears that Appoo Cooty received
from one Chengulroyen ½ Rupee on account
of the Measurers at the Madras Stores
to get 40 Mercalls of Salt measured
in such a way as to yield him an excess
Govindoo and Chengulroyen the Measurers
declare that the money was not received
for themselves, but for Soobroy Moodelly,
who stood security for the Contractor, whose
duty it is to employ proper persons for
the measurement of Salt @ 9 fs for a
fixed hire. They (the Measurers) further de-
-clare that they were required by Soob-
roy Moodelly to procure money from
the purchasers of Salt and they accordingly
appointed Appoo Cooty to receive it
from them, and that when Chengulroyen
was in the act of paying it, Peon Runga-
-sawmy seized the parties.

Appoo Cooty
Govindoo Measurer
Chengulroyen Do
Rungasawmy Peon

2. Appoo Cooty states that he was
directed by Soobroy Moodelly to receive
money from the purchasers of Salt.—

Chengulroyen

3- Shengulroyen the purchaser of the 40 Mercalls of Salt has proceeded to his Village Conjecaveram -

4- As this is a case of extortion, which I presume, is cognizable by you under the Police Regulations, I request that you will be good enough to take some notice of it, in order to prevent a recurrence of the evil -

N. B. I request that the proceedings may be returned Rungasawmy on his Solemn Affirmation states-

I am a Peon on the Establishment of the Collector of Madras- Stationed at the Salt Heaps near the Elephant Gate Madras- The Defendant Appavoo coolly works at the Heaps under the new Contractor Soobroya Moodelly- The duty of the Contractor is to land the Government Salt brought from Ennores and Pittipet to pile it near the Elephant Gate- the erect sheds for the Heaps and to measure the Salt when sold he has many Servants under him to perform the above duties- There is a strict order prohibiting all persons doing duty at the Heaps either in the service of the Government or the Contractor from receiving any money from persons who purchase Salt- On Thursday last a Cartman named Chellapen came to purchase 80 Mercalls of Salt when the Defendant who was assisting the measuring man named Govendoo told Chellapen that if he would give him a present he would induce the measuring man to measure the Salt in such a way as to yield him a profit Chellapen gave

Fort St. George 23d. October 1848.

gave him some money I overheard his con-
versation and saw the money paid I immed-
iately asked Chellapen about it, he
said that he had given two quarter rupee
pieces as a present to Appoocottee I then
seized Appoocottee with the money in
his possession, took him to the Peishcar
and reported the circumstances to him who
brought it to the notice of the Superintendent

Govindoo on his Solemn Affirmation states--

I am a measuring man in the ser-
vice of the New Contractor Soobroya Mud-
delly near the Elephant Gate Madras, I
have been so employed for the last twelve
days - About 8 days ago I measured 80
Measures of Salt to one Chellapen - the
Defendant Appoocottee was assisting
me, another measuring man named Chengul-
royen was busy at another Heap close to me
I did not see Appoo Cottee received any mo-
ney from Chellapen nor did I authorize him
to do so - I Know nothing about it I never re-
ceive any fee from persons who purchase
Salt - I was examined by the Peishcar
and the Superintendent at the Heap
about this transaction I gave the
same Deposition there - I also stated
that on Wednesday before last the
Contractor Soobroya Moodelly sent

Fort St. George 23d. October 1848.

for me and the said Chengulroyen to his
house, and asked us if the Cartmen who pur-
chase Salt paid us any fee, I said "They do
not, the Peishcar ordered us not to receive
any money from them" Soobroya Moodelly
then said that it was on account of the fee
that he had undertaken the Contract and
that he was to pay wages to all the Servants
employed at the Heaps under him, and
then told us that we must collect the
fee privately and that if we do not do so
within 8 days he should be under the
necessity of dismissing us and placing
others in our situations - Appoo Cotty is
the Contractors own man he might have
received orders to collect the fee - The
Head Conicopoly at the Salt Heaps
named Tayagaroya Pillay took down my
Deposition in the presence of Peishcar
and Superintendent

Defendant Appoo Cottee States.

I am a Coly employed by
Paroosooraman Moodelly the Gomastah
of the Contractor Soobroya Moodelly -
My duty is to Heap the Salt and assist
the measuring men, whilst they measure
Salt to purchasers - On Thursday last
the Witness Govinden and another mea-
suring man named Chengulroyen desired
me to receive half a Rupee from a Cart man
named Chellapen who purchased 80 Measures
of Salt on that day - I do not Know what it
was

was for- after the Salt was measured out to him I asked for the half Rupee he gave me two quarter rupee pieces- when the Peon Rungasawmy came and seized me and took me with the money to the Peish- -car and the Superintendent. It has been customary to receive a fee from all Cart- -men who purchase Salt- I have been em- -ployed there for the last 18 Months- I was under the former Contractor named Shasoo Moodelly until about a month ago- when the new Contractor Soobraya Moodelly came- In the time of the former Contractor a fee of 4 annas was received from every Cartmen who purchased Salt- this fee was usually collected by the mea- -suring men and given immediately to the Peons posted at the Heaps- and every even- -ing the money so collected was divided- between the Peishear, Kevishindah, Duffadar, Peons, Contractor and the Coolies under him- The number of Carts on which the fee was levied amounted from 70 to 100 a day. All the Collectors people employed at the Salt Heaps are well aware of this practice and every one of them had a share in it. The new Contractor has only been 20 days in Office, he has not levied any fee nor did he authorize me to collect any money.

J. Lay

Friday the 28th April 1848-

Sengulroyen called by the Peon Rungasawmy on his Solemn affirmation stated:

I am also a measuring man at the Salt Heaps near the Elephant Gate- and have been so employed for the last a month I did not work under Sashoo Moodelly the former Contractor I was engaged by the new Contractor Soobroya Moodelly the Defendant. Appoocoottee is also a measuring man. he was there when I was first engaged, my pay is two Pagodas a month- I have received three Rupees in advance from my Employer Soobroya Moodelly- On Wednes- -day before last the Peishear at the Heaps gave strict orders that no man at the Heaps was to receive any money from persons who purchase Salt- I never re- -ceived any money nor did I know that any other persons received any thing- On the evening of the same day- Wednesday before last Soobroya Moodelly sent for me another measuring man named Govinden to his house in Vepery, and asked us if any fee was received from the Cartmen who purchase Salt we answered in the negative, and told- him further that the Peishear had com- -manded us ill strictly not to touch any money Soobroya Moodelly said I am obliged to pay wages.

Fort St. George 23d October 1848.

wages to several Servants and that it was absolutely necessary that he should receive something from each Cartman to enable him to pay the Servants and further told us that he would send his own man to receive the money from us. I believe that Appoo Cottee was selected for that purpose. On the following day, Thursday, Appoo Cottee received ½ a Rupee from 2 Cartmen. Rungasawmy Peon seized him in the act. I did not see Appoo Cottee receive the money but Rungasawmy Peon told me so I did not tell Appoo Cottee to receive money. I gave this same Deposition before the Superintendent at the Salt Heaps.

Rungasawmy Peon further adds that he has two more Witnesses who are peons at the Heaps and who saw him receive the money from Appoo Cottee. Defendant Appoo Cottee called Sashoo Moodelly.

Sashoo Moodelly states.

I am a Cooly Maistry on the Establishment of the Collector of Madras doing duty at the Salt Heaps near the Elephant Gate. I have been so employed for the last 30 years. My particular duty is to see Salt landed from Ennore and Attaput and Heaped at Elephant Gate, and also to erect Huts for the Heaps and

Fort St. George 23d October 1848.

and to weigh or measure Salt when Sold. I am in error in calling myself Company's Servant being merely a Contractor and the payment I receive is as follows. A fee of 4½ fanams on each Garce of Salt landed, 2½ fanams for measuring each Garce when sold, and 1½ fanams more on each Garce to build Huts. I received no other fee. I am not aware that 1/2 Rupee was exacted from each Cartman who purchased Salt. I always received the several fees mentioned above from the Coicar people at the Heaps. They are sanctioned by the Collector. About 24 days ago I was removed from my Office, and 4 days ago I was restored to it. I do not know why I was removed. I think it was on account of Soobroya Moodelly having said that he would effect a saving to the Government. On my application to the Collector that I would shew more saving I was taken back. The Defendant Appoo Cooly was a Cooly under me at Ennore, but not at Madras. he never worked under me at the Heaps near the Elephant Gate.

Paupanaie on his Solemn Affirmation states

I have been a Cooly for the last two years at the Salt Heaps under Sashoo Moodelly. I first worked at Ennore and afterwards near the Elephant Gate. The Defendant Appoo Cottee

15407

Fort St. George 23d October 1848.

Coottee has been working with me during the above said period both at Emmore and Madras Sashoo Moodelly Knows us well, we always receive our hire from him - Our duty is to Heap Salt, and to assist the measuring men - I have not worked at the Heaps for the last 4 days in consequence of there being no landing of Salt I was at the Heaps on Thursday last - Appoo Coottee worked with me until 12 O'Clock that day when he went to assist the measuring man at the Heaps where the Salt was sold - We were then under the new Contractor Soobroya Moodelly Soobroya Moodelly took the Contract about 2 months ago - When Soobroya Moodelly was removed from his Office 4 days ago Sashoo Moodelly resumed Office - during the time of Soobroya Moodelly, no money was collected from the men who purchased Salt, I did not see Appoo Coottee receive money from any person - but I Know that he was brought to the Police on a charge of receiving money from a Cartman who purchased Salt 8 days ago - but I Know in the time of Sashoo Moodelly a fee of 4 annas was received from every Cartman who purchased Salt - it was usually collected by the measuring men named Andeappen Venkitaroya also Ramasawmy Govindoo and Coluridan

I

15408

Fort St. George 23d October 1848.

I have seen these parties receive the money from the Cartmen more than 100 times, the measuring men used to pay the money into the hands of the Collectors, Peons posted at the Triangle there are 5 or 6 Peons at the Heaps - I do not know their names - one of them is I believe called Vencatarow too every evening the amount collected was divided between the Peons and the measuring men - Some times each man got 8 annas and some times 6 or 4 according to the quantity of Salt Sold before the money was divided as stated above the peons used to deduct out of the collection at the rate of 10½ annas per each Triangle - saying that it was the Government fee there are 4 Triangles they deduct every day 42 annas for the Triangles which sum of 42 annas or 2 Rupees and ten annas was divided between the Peishcar and the Head Coricopoly Teyagaroya Pillay - Sashoo Moodelly received the same share out of the fee collected from the Cartmen as we did -

Veeraraugaven on his Solemn Affirmation States -

I am a Cooly under Sashoo Moodelly - My duty is to Heap the Salt at the Elephant Gate and assist the measuring men, I have been so employed for the last 5 years - I Know Appoo Coottee he had also been in the same Service for

15409 Fort St. George 23d October 1848

for some years me work together Sashoo Moo-
-delly knows us well, we are paid by Sashoo
Moodelly, we have no fixed pay, we receive
hire according to the quantity of Salt sold
there are certain fees fixed by the Collector
which Sashoo Moodelly receives from Coolies
people at the Heaps besides these, a fee of
4 annas is collected from each Cartman
who purchase Salt from the Heaps, the
fee is usually received by Sashoo Moodelly
and the measuring men named Gouindoo,
Venkatachellum & Andeappen, Auder-
-wardinem and paid to the Collectors
Duffadar and the Peons namely
Rangarooloo, Tolasee, Narrainsawmy
Ramasawmee and Soobroyaloo posted
at the Heaps and in the evening it is
divided amongst the Collectors, Peons
and the Coolies, after deducting therefrom
a regular fee of 10½ annas for Triangles
there are four Triangles and 42 annas
are deducted, which is called Govern-
-ment fee, but it is divided between the
Head Conicopoly and Peishcar - This
Collection is so common that it is
well known to every person at the Heaps
all the Collectors people who do duty there are
also aware of the same, Sashoo Moodelly
Collectors-

15410 Fort St. George 23rd October 1848

Collectors Duffadar and Peons get better shares
than we do, out of the Collection made from the
Cartmen, the Peon Rungasawmee who is here now
knows nothing about the Collection of 4 Annas he was
transferred to the Heaps after the new Contractor
Soobroya Moodely was taken, and in his time this
Collection was not made. On Thursday before last
Appoo Coottee was taken up for receiving some Money
from a Cartman. I do not know by whose order he
received the Money. Since which time the new Con-
-tractor was removed and the former one Sashoo
Moodelly was taken, I have never worked there
since a few days on account of the Salt not being
landed.

Chinna Veerasawmee on his Solemn affirmation
states.

I have been a Measuring man under Sashoo
Moodelly for the last 6 years, I work at the Heaps
near the Elephant Gate. I know Appoo Coottee, he is my
fellow Servant. He receives his hire daily with me and
other Coolies from Sashoo Moodelly, we don't get fixed
hire. The Collector of Madras has sanctioned fees
for landing and measuring Salt and for erecting
Huts

Fort St.e George 23rd.o October 1848.

Tuls for the Heaps of Salt, and according to the quantity of Salt we land and measure we get here. Sashoo Moodelly receives the fees from the Circar's people there, and pays us every evening, besides this, Sashoo Moodelly and the Measuring Men are in the habit of collecting a fee of 4 annas regularly from every Cartman who purchases Salt, which is well known to the Circar people as Peons, Duffadars, Peishcar, Conicopoly &.ca posted at the Heaps. The measuring men and Sashoo Moodelly pay the money they collect from the Cartmen to the Peons posted at the Triangles, and every evening after the close of business, the Peons deduct 42 Annas as Government fee on 4 Triangles which are there at the rate of 10½ Annas for each Triangle, and there divide the remainder between the Duffadar and Peons as well as Sashoo Moodelly and the men working under him. The sum of 42 annas which they call Government fee is divided between Conicopoly and Peishcar &.ca. About a Month ago Sashoo Moodelly was removed, and the new Contractor Soobroya Moodelly was engaged, when the Collection of 4 annas from

Fort St.e George 23rd.o October 1848.

from the Cartmen was discontinued, I don't know any thing about the case against Appoo Coottee. On Thursday before last I was not working with Appoo Coottee, I did not see him receive any Money.

And appeared on his Solemn Affirmation states.

I am a Measuring man in the employ of Sashoo Moodelly and work at the Salt Heaps near the Elephant Gate. We get hire according to the quantity of Salt sold, which hire is paid by Sashoo Moodelly who receives the same from the Circar's people. I am not aware of any fees collected from the Cartmen. The Defendant Appoo Coottee was not working in the time of Sashoo Moodelly, he was taken by the new Contractor Soobroya Moodelly.

Case against Appoo Coottee Cr.

Dismissed.

Proceedings to be forwarded to the Collector with request that they may be returned after perusal.

No. 2.

Translation of a Deposition given to
J. A. Hudleston Esqre, Collector of Madras,
on the 20th April 1848, by Appoocooty, Vettaul,
employed for Inland sales in the Madras Salt
Cotaur, at the examination made by the Salt
Superintendent.

Questions.

Here are two quarter rupee pieces before you, Where have you got them?

On what account did the Cartman pay them to you?

Answers.

A certain Cartman who brought 80 Measals of Salt has paid them

Chengulwarayen a measurer employed by the Contractor told me to receive money from Salt Purchasers. When I went there, the Cartman put these two quarter rupee pieces into my hands. When he put them in my hands, Rungasawmy, a Peon in the Cotaur, seeing it, took hold of him, and asked me what he had put into my hands,

and I told him that he paid half rupee in my hands, and so delivered it to him. and he took me, and the Cartman to Mooneappa Moodelly, Peishcar, together with the half rupee, and informed the circumstances to him.

On what account do you think that these two quarter rupee pieces have been paid to the Salt Measurer by the Cartman?

I think that the money was paid for the purpose of measuring Salt favorably.

Thus I have given this Deposition with my Consent.

/Signed/ Appoocooty.

Translation of a Deposition given to
J. A. Hudleston Esqre, Collector of Madras,
by Govindoo Naiken, living in Vycoonta vadiyar
Street at Peddoo Naiks Pettah in Black Town,
who is a Salt measurer employed by the Contractor
for Inland sales, on an examination being made
by the Salt Superintendent on the 20th April 1848.

Questions

In the Depositions given

Answers.

Soobroy Moodelly security.

given by Appoocooty a vettaul employed by the Contractor for Inland Sales, he states that a half a Rupee was paid to Chengulwaroyen, a Salt measurer, who works with you, as the Cartman for whom you measured Salt asked it might be paid to him. Was Money paid for you, or for Chengulwaroyen the measurer, or for any body else?

Security for the Contractor and for myself and Chengulwaroyen last night through Varasoorama Moodelly we went to him. He questioned us whether the Cartmen who buy Salt for Inland Sales pay any thing, i.e. half rupee or quarter rupee - but I told him, in answer, that the Peishcar strictly directed us not to receive even a doodee, as, if we did receive it, he would send both the giver and receiver to the Cutchery. We were, in consequence, afraid to receive it. He thereupon told us that we should gain nothing from him, if we did not receive something from the Cartmen. He further said that he would pay his servants and Coolies from what he was going to get from the Cartmen, and so he does not

to receive money from them secretly without its being known to any of the Circar Servants, and to remit it by his own man, adding that he would see for 8 days whether he should gain any thing from us, as, if not, he would dismiss us and employ some others in our stead. The half rupee in question was not paid for me nor for Chengulwaroyen, but Chengulwaroyen might have asked to pay it into the hands of the said Appoocooty for Soobroya Moodelly our employer, and so he (Appoocooty) has received it.

Why did Appoocooty receive it while there were many other persons employed by him?

Appoocooty is the brother-in-law of Narrain who acts for the Contractor. He endeavours to procure profits for him (Soobroya Moodelly) Soobroya Moodelly told us that that he has instructed by Appoocooty to receive money secretly - and that we should desire the Cartmen to pay it for him into the hands of Appoocooty

Consequently

Fort St. George 23rd. October 1848.

Consequently Chengulwaroyen desired the Cartman to pay it into the hands of Appoocooty.

Thus I give this Deposition with my consent.

Translation of a Deposition given to J. A. Budleston Esqre. Collector of Madras, by Chengulwaroya Naik residing in Cuspal Paly Chetty's Street in Black Town, a Salt measarer, employed by the Contractor for Inland sales, on an examination being made by the Salt Superintendt. on the 20th April 1848.

Questions.

Appoocootty states in his Deposition that he received half a Rupee from a Cartman by your order.

Answers.

Soobroya Moodelly Security for the Contractor, sent for me and Govindoo through

Fort St. George 23rd. October 1848.

order. Did he receive it for you or for Govindoo another measurer, or for himself, or under pretext that it was for you or for some others? State the fact as you may know it.

through Parasoorama Moodelly last night: we went to him, when he asked us whether the Cartmen who purchase Salt for Inland Sales pay any thing, i.e. half rupee or quarter rupee, but I told him that the Peishcar ordered us not to receive even a doodee from them and that, if we did so, he would send to the Cutcherry both the giver and the receiver. and that we were afraid of the order and did not, in consequence, receive money from them. He thereupon said that, if we did not receive money from them, we should gain nothing from him. and that the Servants and Coolies employed by him should be paid from what he was to get from Cartmen. He further said that he would see for 8 days whether he received money from them secretly and send it by his man without being

being known to any of the Circar Servants, and as that, if he did not gain any profit thereby, he as would dismiss us and employ some other persons in our stead. Therefore the half rupee in question was received neither for me nor for Govindan the other measurer; but it is true I told Appoocooty to receive on account of Soobroya Moodelly, my employer.

What induced you to desire Appoocooly to receive it for him, while there were so many persons employed by him?

Appoocooly is Brother in-law of Narrain, as who acts as Gomastah for the Contractor. He tries to procure him profits. Soobray Moodelly told me that he instructed Appoocooly to receive as money for him secretly, and desired me to speak to the Cartmen to pay it into the hands of Appoocooty. It is true I told the Cartmen to pay the money into the hands of as Appoocooty. Thus I give this Deposition with my consent.

No. 5.

Translation of a Deposition given to J. A. Hudleston Esqre. Collector of Madras, by Chellappa Naiken, son of Iyah Naiken of Vannia Caste, Merasy Ryot of the Village of Karoovoor in the Talook of Canjeevaram in Chinglepute, on an Examination being made by the Salt Superintendent on the 20th April 1848.

I paid into the hands of the Shroff of the Madras Salt Cotaur 24 Rupees, being the cost price of 80 Mercals of Salt to be conveyed on two Carts to Canjeevaram for consumption there and took from him a Rychit or receipt, and delivered it to the Salt as Superintendent near the Salt Aumbaurum, and he entered it in his Register and gave an order to a Peon and Salt Measurer to measure the eighty Mercals of Salt. When the Measurer commenced to measure it, he required me to pay him something for the purpose of measuring favorable, and I offered to pay him a quarter rupee. but he wanted me to pay him half rupee to measure it favorably, and I consented to do it upon which he measured the Eighty Mercalls of Salt and required the half rupee to be paid into the hands of Appoocootty, his man, who as heaped up the Salt. I accordingly paid into the hands of Appoocootty two quarter rupee pieces.

a

a Peon in the Cotaur, who saw when I was paying him, caught hold of me, and asked me what I had paid into the hands of Appoocoutty. I was afraid and gave no answer to his question. but the Peon took me to Appoocoutty and asked me the same question, when I told him I paid him half rupee, and the Peon took from Appoocoutty the quarter rupee as pieces on his lap, and questioned him why he received the half rupee. Appoocoutty replied that he did receive it, as the Measurer required him to do it, upon which the Peon took me and Appoocoutty to the Salt Peishear, and informed him of the circumstances that had passed. The Peishear ordered us to be sent to you for trial.

Thus I do give this Deposition with my Consent.

Proceedings thereon.

Recording observations on a letter from the Collector of Madras 19th August 1848 and the correspondence connected with it regarding the outturn of a heap of Salt sold at the Madras Cotaurs in February last and the alleged practice of the Salt Servants of receiving fees from Merchants purchasing salt for Inland Consumption.

The information and papers furnished in the letter above recorded relates to two subjects – first, the outturn of a heap of Salt sold at the Madras Cotaurs in February last, and secondly, the alleged practice of the Salt Servants of receiving fees from the Merchants who purchase Salt for inland Consumption.

2. With respect to the first it seems that the heap of Salt in question was stored at Ennore in May 1846 and brought to account as 100 Garce. The wastage caused in it by the two Storms of October and November of that year was according to the account Submitted on the 1st December 1846, estimated at 8 Garce, reducing the contents of the heap on this latter date to 92 Garce. The Salt remained at Ennore until the 29th January 1848 between which day and the 4th February it was removed to the Madras Cotaurs where it was received as Garce 170 – 170. It was sold immediately afterwards and its outturn or sale, by weight, was 69 – 126 – 5/4 being less than the quantity at which it was originally stored at Ennore by Garce 30 – 273 – 2¾ and giving a wastage since December

In Consn 7th December 1848

December 1846 or for fourteen months of G22-273-2¾, which is at the rate of more than 1½ Garce per mensem.-

Para 5. 3. In explanation of this last deficiency the Collector states, that it was the "extent of loss sustained by the heavy Monsoon of 1847, besides the wastage by Removal from "Ennore to Madras"- and of the Total wastage 30-273-2¾ he remarks "that it will not "under the circumstances be found to be large "when compared with the loss of Garce 28-333-2 "per 100 Garee or 28 127/128 per Cent on the whole quan-"tity stored at Ennore upon the 31st of December 1846."

4. The Board of Revenue cannot regard this solution as in any wise satisfactory. Had the whole or the Chief part of the loss in the heap (Rs 7) occurred in the Storms of 1846 the comparison between the deficiencies so occasioned and the average loss caused by the storm of 1836 might have been just, but as circumstances now stand it is wholly inapplicable. The wastage caused in the Heap by the two Gales of 1846 was moderate only Garce 8, and may readily be admitted. What for which it is less easy to account is the loss of 220 odd Garce between December 1846 and February 1848 for which no reasons assigned, the heavy Monsoon

of 1847 respecting which, Para 4, no estimate was taken and the removal of the Salt from Ennore to Madras are altogether inadequate. The loss from the first storing of the Salt in May 1846 to December of that year including that occasioned by the two Storms was only 8 Garce or at the rate of 1 Garce per month that in the ensuing fourteen months wherein there was no Storm, was 22-273 giving a monthly average of above 1½ Garce, or more than half as much again. The Board of Revenue cannot resist the impression that much of this last wastage is attributable to fraud on the part of the servants in the Salt Department.

5. The conclusion to which the Board have been led by the results above noticed, is not weakened by the perusal of the proceedings held before the Collector and the Police, regarding the fees received by Appoo Coolly. The direct evidence of the parties examined by those authorities is indeed of little value, but it seems to the Board to be primâ facie far more probable that the new Cooly Contractor and his Security should have continued a practice which they found already in existence than that they should have originated it themselves.

themselves. The expression attributed by the witness Govindoo to Soobaroyah Moodely that "it was on account of the fee that he had "undertaken the Contract" bears out this view. The strict orders given at the heaps by the Peishcar that no man then to receive any money from persons who purchase Salt, and the seizure of Appoo Coolly in the act of receiving money on the evening of the same day, wear greatly the appearance of an intrigue having for it's object to procure the dismissal of the new Contractor, and the re-employment of the former Coolly Monitor.

See Chingal-poyen's Deposition.

6. On an attentive consideration of all the papers before them, the Board cannot but fear that the charges made in his Petitions 892 and 936 of 1848 by Narrania Moodely against the Madras Salt Servants are not devoid of foundation. Of those charges some indeed are vague and exaggerated - of some Narrania Moodely will produce no proof and further enquiry into the most suspicious of them all the large wastage in heaps [illegible] precluded by the salary that heaps in February last. The Board however in forwarding Copy of these Proceedings to the

Collector resolve to call his particular attention to the necessity of maintaining a vigilant supervision over all matters connected with his Salt Department, more especially that of "Wastage" which affords so great an opening to fraud and abuse. The heaps both at Cuddalore and Madras should be frequently inspected, and invariably after the occurrence of storms or heavy rains, and no return of wastage should ever be admitted without the most careful and searching enquiry. The Collectors operations should also be directed to the total repression of the practice of exacting fees from Salt Merchants, a practice which as already stated the Board cannot consider of recent origin or as confined to the late Contractor

Ordered that the following Endorsement be passed on Petitions Nos. 936 and 892 of 1848

"Orders have been communicated to the Collector of Madras on the subject of this Petition".

acknowledge the receipt of your letter under date the 2nd instant, and to return the proceedings therein enclosed.

2. The parties named in the Margin having stated before the Magistrates that it has been customary with the measuring men and others for years to receive a certain fee from the Merchants who purchase Salt at the Madras Cotaurs for Inland Consumption, as I considered it due to the Salt Department that I should institute some inquiry in this Office, and having accordingly required those Merchants to appear before me to enable me to ascertain the alleged fact,

Enclosure A I now enclose, for your information, Copy of their examination, from which it will be seen that they deny that any payment of the kind was ever made by them, adding that they are prepared to swear to the correctness of their Statement.

3. It is requisite to bring to your notice that the sale of Salt at the Madras Cotaurs for Inland Consumption commenced only in January 1847 or about 15 Months ago So shew that the Statement of the men named above is unworthy of credit, it is perhaps sufficient to explain that Papaniah did no

Fort St. George 23rd October 1848.

Work of any kind at the Cotaurs since the beginning of 1847, and that Veeraragavew was never engaged in the Sale of Salt there, he having been employed only in landing the Article, and in forming and covering the heaps.

4. Chinnaveerasawmy did no work at the Cotaurs for the last 2 years. It appears that he discontinued his attendance in 1846 after receiving an advance of 2 Rupees from the Cooly Maistry.

5. Appoocooty was employed at Ennore up to October 1847. In 1848 he occasionally acted as a substitute for such of the Coolies as were absent from their duty.

6. Under the circumstances, I am led to place entire confidence in the Merchants Statement; it being represented by them that they have always paid only the Monopoly price of the Salt, in addition to the hire of some Coolies necessarily employed for its conveyance from the place of Sale to the Carts, an expense which is unavoidable, and has been customarily borne by them.

No. 2.

Translation of a Deposition given to
J. A. Hudleston Esqre, Collector of Madras,
on the 20th April 1848, by Appoocooty, Vettaul,
employed for Inland sales in the Madras Salt
Cotaur, at the examination made by the Salt
Superintendent.

Questions.

Here are two quarter rupee pieces before you, Where have you got them?

On what account did the Cartman pay them to you?

Answers.

A certain Cartman who brought 80 Measals of Salt has paid them

Chengulwarayen a measurer employed by the Contractor told me to receive money from Salt Purchasers. When I went there, the Cartman put these two quarter rupee pieces into my hands. When he put them in my hands, Rungasawmy, a Peon in the Cotaur, seeing it, took hold of him, and asked me what he had put into my hands,

and I told him that he paid half rupee in my hands, and so delivered it to him. and he took me, and the Cartman to Mooneappa Moodelly, Peishcar, together with the half rupee, and informed the circumstances to him.

On what account do you think that these two quarter rupee pieces have been paid to the Salt Measurer by the Cartman?

I think that the money was paid for the purpose of measuring Salt favorably.

Thus I have given this Deposition with my Consent.
