From the Secy to Govt nominating the Members of the Board of Revenue for the time being & letter to the Marmalong Bridge Charity & requesting the Advocate Genl to move the Supreme Court for their appointment, & directing the Board to cause Estimates of the repairs of the steps of St Thomas' Mount to be prepared and transmitted to the Advocate General.

Extract from the Minutes of Consultation, Under date the 10th October, 1848.

Read the following letters.

No. The Chief Secretary to
Sir. Government.

In reference to my letter to you of 10th October 1843, respecting an appeal advised by me against an order of Court in a Charity case [Marmalong Bridge] made without the intervention of the Advocate General, and the result of that appeal, as shewn in the accompanying Case and Judgment of Her Majesty's Privy Council + I have the honor to acquaint the Right Honorable the Governor

+ Returned to the Secretariat

Governor in Council, that I have obtained an order of the Supreme Court for filing that Judgment, reversing this Court's order, and for placing this Charity fund in course of Administration under the official protection of the Advocate General.

2. It now remains that I should apply to Government for its sanction to such steps as may be expedient for carrying out the objects of this charity - which are for the repairs of the Mazmabang Bridge, and also of the steps leading to Great St. Thomas' Mount, and of a small house and choultry near the Bridge, where a person is to live and look after the Bridge. Upon such sanction I will mak the necessary application to the Court, with a view to have the objects of this Charity permanently and satisfactorily carried out.

3. By the accumulations of Interest on this fund it now amounts to 8,385 Rupees, and, after deducting therefrom a sum sufficient for

for the repairs of the Steps to Great St. Thomas' Mount, and some costs of Court, there will remain a sum the Interest of which I consider will be sufficient for the objects allowing such interest to accumulate, and then drawing the same periodically as wanted for the repairs and such disbursements.

4. For many past years the repairs of the Bridge have I believe been a charge upon Government - But for a long period no interest was allowed by Government on the funds of this Charity deposited in the Treasury, in consequence of an advertisement for the ceasing of Interest on deposits. It may be very questionable, however, whether Government was not chargeable with Interest under the circumstances under which this fund came under the management of its Officers - and, consequently, any money laid out by Government in repairing this Bridge would hardly be allowed by the Supreme Court to its credit, if any Debtor and Creditor account was taken as between Government

Fort St. George 26th October 1818.

Government and this charity, without debiting Government with Interest on the fund. The last order of Court authorizes an inquiry and Report from the Master's office on these points. But I conceive much of the funds of the charity might be dissipated by prose= =cuting such inquiry, and striking the balance. and, accordingly I do not purpose to pursue it.

5. It will be observed that the will of Uscan (who built the Bridge and left these funds as a Legacy for its maintenance) provides that the Church Wardens and Trustees of St. Mary's Church in the Fort should be Trustees for the objects of the bequest. And Government allowed the appointment of their servants who as were such Church Wardens, and subsequently others of their Servants, to become Trustees (by name) and who were accordingly appointed by the Court. They are all now dead, and it becomes necessary to appoint other Trustees.

I

Fort St. George 26th October 1818.

6. I accordingly take the liberty of suggesting to the consideration of Govern= =ment whether the present Church wardens, and their successors for the time being should not be appointed Trus= =tees of this charity. If Government should be pleased to sanction this course, I will then take the necessary steps for moving the Court.

No. 990.

Extract from the Minutes of Consultation dated 9th September 1818.

Read the following letter from the Advocate General.—

(Here enter 16th August 1818)

The Right Honorable

Para. 1. the Governor in Council authorizes the Ad= =vocate General to take such steps as he may deem expedient for carrying out the objects of the Marmalong Charity Fund, as placed in course of administration, under his official protection, by the Decree of the Privy Council, and resolves to inform him that no Church Wardens or Trustees have been appointed to St. Mary's church for some

some years back, nor do the Government contemplate the nomination of any at present - the duties of those Offices, being performed by the Accountant General, under the orders of the Government of Fort St. George.

2. The Accountant General is requested to state, for the information of Government, the Amount in his Books standing to the credit of the Marmalong Charity Funds.-

Sir,

In reference to an Extract from Minutes of Consultation No. 990 dated 9th Instant, I have the honor to state that it appears to me expedient that as there are no longer any Church wardens of St. Mary's Church whom I had proposed under the circumstances stated in my letter of 16th Ultimo to make Trustees, in succession, for the Marmalong Bridge charity, the Members of some other Permanent

Permanent Government Body had better be selected for such purpose. I beg to submit to the consideration of Government whether it would not be convenient that the Members of the Board of Revenue or else those of the Military Board and their successors, should be selected. If the Right Honorable the Governor in Council should be pleased to honor me with its further instructions on the subject, I shall be prepared to move the Court for their appointment.

I have learned that the Steps to St. Thomas's Great Mount (the repairs of which form one of the objects of this Charity fund) now require an outlay which has been estimated at about 2,000 Rupees, and I have the honor to request the sanction of Government for the Employment of some Engineer Officer for the purpose of making that Estimate, as it will be necessary to move for an order of Court that so much of the fund as is necessary for this purpose should be appropriated accordingly.-

Proceedings thereon.

Reporting on the Management of the Extra Sources of Revenue in the District of Ganjam for Fusly 1257.

The following abstract Comparative Statement presents at one view the general results of the Settlement of this branch of Revenue under each head during the period reported on contrasted with the preceding year, & shews an increase in the total demand of Rupees 1463-8-1- in favour of Fusly 1257.

	Fusly 1256.	Fusly 1257.	Increase	Decrease.
Salt	27331 5 -	28825 7 -	1493 8 -	- - -

Increase 1495-0-10.

2. The increase in the sale proceeds of Salt during the year under review arose chiefly from the removal of certain restrictions which had been prejudicial to the Inland trade carried on between the Coast and the western Marts in the Nagpore Territory. In consequence of the revival of this temporarily suspended trade the Increase sales for Inland Consumption amounted to Rupees 46504-8- - at the Nowpadah Cotaurs from whence the demand for these foreign Markets was usually drawn.

3. The gross receipts in the Salt department were Rupees 288755-5-1. subject to a deduction of Rupees 15887-5-9. on account of Charges which however were less than the disbursements of the preceding year owing to reduced purchases of salt. The Net Revenue amounted therefore to Rupees 272867-15-4- or Rupees 16234-12-8 in advance of the Net Revenue of the preceding year.

Net Revenue 1256-256633-2-8-

Sea Customs. 4. Under this head the present returns exhibit a large depression in the collections of Fusly 1257 amounting to nearly 26000 Rupees in consequence chiefly of the abolition of duty on produce conveyed coastwise under the provisions of act VI of 1848 the net decrease of Collections on price amounted in Fusly 1257 to Rupees 25040-14-9 as shewn in the quarterly Statements of exports and imports in Ganjam.

After deducting the annual charges incidental to this department the Net Sea Custom revenue amounted to Rupees 29,560-7-2 which was less than the Net Revenue of Fusly 1256 by Rupees 2598-7-2.

6.

Owing to the enhanced offers made for this Rent the Revenue from the Jokarry Farms exceeded that of the preceding year by no less a sum than Rs. 1501-. It is satisfactory to observe that the rental was collected in full with the exception of Rupees 1448-13- which the Collector states will also shortly be realized. The Board observe that there was a balance outstanding under this head of Rupees 337-10-11. on account of old arrears which with other similar items the Collector promises a separate report upon. It is desirable that balances of this nature should be adjusted as soon as practicable: the Board will therefore be glad to receive Mr. Bannerman's report at an early period.

Net Revenue 1250 4,921-3-11.

7. The Net Revenue of Fusly 1257 derivable from this item of Extra Sources amounted in the absence of any Charges to Rupees 50,824-4-11. presenting a Net excess over the antecedent Fusly of Rupees 8,603-1-0.

8. The aggregate demands under this head slightly exceeded that of Fusly 1256 as shewn in the Margin, the whole of which was realized with punctuality except only a small balance in course of adjustment. The Net Revenue derived from this branch was Rupees 3,994-3-6. which was in excess of the Net Revenue of Fusly 1256 by Rs. 388-5-2.

9. The old arrears due on account

of this item is observed to have been 721-11-2 at the close of the period embraced in the report.

Collections.
1256-7359-8-10.
1257-9979-10-6.
2620-1-8

10. The Stamp revenue shews an increase of Rupees 2620-1-8. but owing to a less amount of refunds having been made to parties than in the previous year the Net Revenue exceeded that of Fusly 1256 by 3387-9-5.

Moturpha.
1256-8020-13-9.
1257-7850-4-6.
170-9-3.

11. The decrease of Rupees 170-9-3 observable under this head is stated to have occurred chiefly in Gumsoor, the demand however was more punctually collected and a larger amount of arrears brought to account than in Fusly 1256 owing to which the net receipts exceeded those of that year by 1244-5-8.

Net Revenue
1256-7058-8-3.
1257-8302-13-11.
1244-5-8

12. The Moturpha balance outstanding for future adjustment is considerable however amounting to the large sum of Rupees 5145-7-8. which appears to have been annually accruing since Fusly 1250. The total of the old arrears under all heads of Extra Revenue at the commencement of the Fusly under review was Rupees 9,176-5-4. the collection made during that period amounted to Rupees 2,971-7-7. leaving a balance at its close of Rupees 6204-13-9. which will form the subject of the Collectors separate report.

13. The Total demand on account of all the above branches of Extra Sources of Revenue amounted to Rupees 390,132-3-7 and the Gross Collections to Rupees 392,906-3-1 the charges for the year were Rupees 18,102-7-11 thereby reducing the Net Revenue to Rupees 374,803-11-2 which was above the Net Revenue of Fusly 1256 in the small sum of 3939-10-9.

1256 Demand -- 388,668-11-6.
Dr. Gross Collections 391,605-5-11.
Dr. charges -- 20741-5-5.

Ordered that a Copy of the foregoing Extract from the Board's Proceedings with the annexed Comparative Statement of the Collections charges and Net Revenue be submitted to Government and a transcript of the same be forwarded to the Collector of Ganjam for his information and guidance.

From the Collector of Masulipatam ——— Para 1. With reference to the correspondence noted in the Margin, I have the honor to request that you will submit for the consideration and orders of the Board, the accompanying Copy and translation of an Arzee from the Zemindar of Ellore, requesting for certain reasons, that he may be relieved from the demand of interest remaining due after payment of his arrears for fusly 1254 / A.D. 1844-45.

Submitting for the consideration and orders of the Board the proposition of the Zemindar of Nedadavole relative to the remission of interest accumulated on the balance of arrears of fusly 1254 on his Estate.

To the Board 21st September 1846. From Do. 29th October 1846.

2. Under sanction conveyed in the Board's Proceedings of the 29th October 1846 above referred to, the Zemindar was allowed to enter into an engagement to pay the remainder of the arrears due by him for fusly 1254, Amounting to Rupees 19,317-14-4 with the kists of fusly 1257 / 1847-48 at the close of fusly 1257 it was found that a balance was due on account of that year Amounting to Rupees 20664-7-10 and that Rupees 8491-5-2 of

For Ft. St. George 26th October 1848.

of the abovementioned balance of fusly 1254 remained unpaid, making the total balance due by the Zemindar Rupees 29,155-13-; for the recovery of this I was under the necessity of placing the Baburzully portion of the Nedadavole Estate under attachment; which was done on the 12th August last; since which time the whole of the arrears of the last fusly have been paid up, as well as the remainder of the principal of the arrears for fusly 1254 the only demand now outstanding against the Zemindar being Rupees 8,696-14-3 on account of interest due on the last mentioned arrears. the remission of which the Zemindar solicits in the Petition now submitted.

3. It certainly cannot be urged in favor of the Zemindar that he has been unfortunate in the fulfilment of his agreement; still, as he has made great exertions to pay off his arrears since the close of the last fusly, the Board may be induced to take his request for the remission of the interest due on his old arrears into their consideration, and I accordingly forwarded on his Petition for that purpose. In the meantime I have released the Baburzully Purganah from attachment with the exception of three Villages which have been retained to cover the amount of arrears still due

due on account of interest, in the event of it's being considered proper that their collection should be enforced. on which subject I request that I may be furnished with early orders.-

No. 1.

Translation of an Arzee addressed to R. T. Porter Esqre Collector in the Zillah of Masulipatam by Rajah Narriah Apparow Bahadur zemindar of Ellore &ca.

Dated 23rd September 1848.

I most respectfully beg leave to represent that, In liquidating the Peeshcush balance of Fusly 1254, there being a sum of Rupees 19,317-14-- due on my Zemindary Estate, after deducting the money paid by me, and not having had means to discharge the same in that year, I represented the same and also presented an Arzee soliciting instalments for the discharge thereof until fusly 1257, whereupon your honor was pleased to submit my Petition with your favorable recommendation to the Board of Revenue, obtained their sanction, and received from me a Kararnamah or agreement, so that the said balance may be discharged by me together with

with the Kists of Fusly 1257.

I have accordingly discharged the said balance in full at different times, Viz^s. Rupees 1193—10—7 on 30th. March, Rupees 3098—15—0 on 11th. April, Rupees 2158—15—3 on 24th. April, Rupees 2375—on 7th. July, and Rupees 8491—5—2 on 23rd. September, making in all Rupees 19317—14—0 together with the Current Peishcush in full for Fusly 1257.

While it is so, Interest upon the balance inserted in the said agreement, has also been Calculated to the amount of Rupees 8096—14—2 from Fusly 1254 upto this period, and the same was entered in the Circar accounts as a balance against me. I therefore beg leave to represent the following circumstances.

That in Fusly 1254, the produce of my Zemindary Estate having been too scanty and the prices fallen off, the Peishcush of that Fusly fell in Arrears to the Amount of Rupees 19317—14—0 owing to the Estate not having yielded sufficient harvest; and I having assumed the management of the Estate in the same Fusly, I had not been able to provide means to discharge the said balance in that year. Consequently,

consequently, I was induced to solicit the instalments until Fusly 1257. This Circumstance is well known to your honor. From Fusly 1255, I have with the view of discharging any how the Circar Peishcush without leaving any balance and acquiring the favor of the Honorable Government, exerted my endeavors to improve the Estate, and so far as possible reducing the expences of our own Bootaud Charges &c^a., and tho' there were or not resources in the Estate to meet the Circar dues, I have discharged the Peishcush in full every year upto Fusly 1257, together with the balances of the said Hararnamah without leaving any balance.

In Fusly 1257, the season has proved unfavorable for the Cultivation of Daulvah Crop, and the cultivation of which was carried on too late after the due season, as also a part of the produce suffered much damage by the rains. Consequently, the discharge of the money due thereon was greatly postponed, by which reason a sum of Rs. 8,491—5—2 as^a on account of the balance of Hararnamah has been discharged in the month of September

September, while the remaining sum of the said
Rs. as p.
Rararnamah being 10,876 — 8 — 10 had been paid up
within the close of that fusly.

For the discharge of the principal &
Amount of the said balance, I have, in consequence of
the resources yielded in the Estate being quite inade-
quate, contracted loans and with much difficulty
made good the principal, while it is so, if the
Rs. as p.
sum of 8,096 — 14 — 3, be also added as an &
Interest on the said balance from fusly 1254
upto the present period, I regret, it is entirely
out of my power to discharge so large a sum
as interest. The Honorable Government who
are very generous, and renowned with benignity and
fame, are now protecting and supporting all the
Zemindars, Individuals ryots &c. under their august
Flag, affording them all indulgencies so that they may enjoy
good tranquility without suffering any loss or trouble.

Moreover ever since your Honors' arrival here
for the administration of this Collectorate, you have
been pleased to Govern the Country, and &
Community,

Community, with great impartiality, distributing good
justice among zemindars, ryots and others without
making them suffer any injury or injustice.

As the distress of myself as well
as the forlorn state of my Zemindary, is well known
to your Honor, I earnestly beseech your kind munif-
icence that you will be moved with pity &
and Compassion towards me and submit this my
humble address with your favorable recommendat-
ion to the Controlling Authorities and obtain
their sanction so that I may be relieved &
from the Charge of this exorbitant &
Interest. Further I cannot conclude it with-
out again representing for your Honor's &
benign hospitality, that By your granting the
indulgence of relieving me from this considerable
charge of the Interest on the Arrears
of fusly 1254 as above setforth, I will not only
be enabled to continue discharging henceforth the
Circar Peishcush every year without retaining any
balance, but also gain convenience to bring my Estate
into

into a gradually flourishing Condition and to carry on our subsistence in a Comfortable manner, remembering your honor's benevolence and good name and to continue for ever offering up my fervent prayers to the almighty God for the prolongation and prosperity of the Honorable Company's Government.

Sir,

From the Collector of Nellore—

With reference to the Proceedings of the Board of Revenue under date the 29th November 1847, I now have the honor to submit the further explanation called for regarding the share of the service Yeomiah of the late Goolam Hoosain recommended by me to be continued in the joint names of his Son Salaurooddeen and his Brother Mohomed Yoosuff, the Son being still a Minor.

Remarks by Board.

Para 1. In the Purvanah forwarded by the Collector in support of the ready Money allowance of Rupees 7-15-1 per Mensem payable to the Khateeb of the Mosque at Ramapatam, no mention is

2. The parties enjoying the Enam lands having been called upon to produce any documents in their possession have filed 4, two of which are Purvanahs Vizt. one granted

is made of any Enam lands as having been granted for the service in the Mosque. He will therefore be pleased to explain when and under what authority the lands entered in Column 11 of the Statement recorded above were originally alienated and for what purpose, and should there be any Summuds forthcoming in respect to them, he will forward them with translations for the information of the Board.

granted by Anwarad-deenkhan Bahadur dated the 13th Rumjan Hejery 1176 conferring on Goolam Hoossain Son of Hanjee Abdulah an Enam of Wet land sowable with five Tooms of Seed in the Village of Cavaley and the other granted by Hanfeez Barakatoollah dated 25th Moharum, Hejery 1166, conferring from Fusly 1162 as Enam on the same individual dry land sowable with five Tooms of Seed at Cavaly both Enams for the services of Khateeb, Movazzin and Sweeper. above and the four Documents with their translations are herewith submitted. There is no Purvanah or Summud produced for the Enam of 12 Gortoos at Colloorpaud, and the Parties having been called upon to produce the same, have stated that the Summuds for this Enam were lost during the inroads and depredations of the French and of Hyder, which circumstance having been represented to the then authorities at the commencement of the Company's assumption of the District, the necessary enquiries were made, and the Enams continued to them and left ever since in their uninterrupted enjoyment, as will be apparent from the several Doombalas given them, which they have produced and a list of which is herewith submitted, the transmission of the original Doombalas being considered unnecessary. A reference to the Teloogoo Records of my Office, exhibits as will be seen from the accompanying four Extracts made from Accounts of Fuslies 1211 and 1217, a Mangany Enam sowable with five Tooms of Seed and 1 Cootchala or 8 Gortoos of Metta in the Village of Cusbah Cavaly and a Metta Enam of 12 Gortoos at Colloorpaud Village in Buddapoody Talook

Talook- These accounts found on my Records exhibit the name of Hauzee Abdoollah as being the person in the actual enjoyment of the Enams both at Cavaly and Colloorpaud in Fasly 1211, and the accounts of Fasly 1217 shew the name of Selaus for the Enam at Cavaly, and of Hauzee Abdoollah for that at Colloorpaud- The person styled Selaus as above alluded to is called also by the name of Goolam Rufsool under which name he is to this moment in the actual enjoyment of one half of the Enams- The point requiring an explanation in this place is the entry of the name of Hauzee Abdoollah in the Accounts on my Records, as having been in the actual enjoyment of the Enams while the original Purwanahs exhibit the name of Goolam Hoosain as being the original Grantee- Goolam Hoosain is the Son of Hauzee Abdoollah, and the parties being called on to explain the incongruity have declared that, the Summud for the Enams was granted at a time when Hauzee Abdoollah was absent at Mecca, from whence he returned afterwards and was present at the assumption of the District, and as they

they only surmise that Hauzee Abdoollah being the elder Member of the family and having returned from Mecca his name was inserted as it would have been naturally, originally, had he been present instead of his Sons-

2- It does not appear from the Purwanah that the Yeomiah was intended to be perpetual- The Board presume however from Mr. Smith's recommending its' continuance that in his opinion the service of the Mosque is still necessary; and that its' nature is such that the grant should be held to be perpetual, altho' the Purwanah does not in express terms declare it to be so-

3- In my letter of 12th July last I gave it as my opinion that when Yeomiahs were granted for service they should be continued so long as Lineal Descendants continued to perform and take an interest in the performance of the services required, and I think such has been the general line of practice pursued by the British Government. Taking this view of the Case I recommended the renewal of the share of Yeomiah held by the late Goolam Hoosain in the name

name of his Son Selaurooddeen who being a Minor

I further recommended the association of his
Uncle Mohomed Yoosuff Brother of the
deceased and actual holder of half of the same
Yeomiah to act as Guardian and perform the
services required during his Minority.-

4.- For fear of any confusion arising
about Goolam Russool I have thought it
best to submit a Genealogical table which
will shew in connection with the Extracts from
my Accounts how the division took place.-

No. 550

To The Chief Secretary to Government.

18-19

To the Chief Secy. to Government submitting letter and statement from the Collector of Nellore reporting the death of Goolam Hoosain who with his brother Mahomed Yousuff was in the enjoyment of a service yeomiah of Rupees 7-15-1 per Mensem with certain Enam lands. Recommending that the yeomiah and moiety of the whole of the Enam lands be continued in the names of Sarooddeen and his Uncle Mahomed Yousuff on condition that he performs the requisite services in the Masque till his nephew attains the proper age and

Dated 23d Octr. & Rect. 29th November & Entered 5th October 1848.

Sir,

Para 1. I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying statement and letter from the Collector of Nellore reporting the death on the 22d April 1847 of Goolam Hoosain, who with his brother Mahomed Yousuff was in the enjoyment of a service Yeomiah of ₹ 7-15-1 per mensem.

2. From these papers and their Enclosures, it will be perceived that under a Purwanah of the Navab Wallajah dated 1st Rumzaan Hijree 1176 A.D. 1762/63 the yeomiah was granted to Goolam Hoosain Grand father of the deceased as Kateeb or Reader, a servant of the Mosque at Ramiapatam. In addition to this allowance 20 Goortoos of dry enam land and wet land sowable with five Toons of seed were assigned to him, of which 8 Goortoos of dry and the wet land situated at Cavaly were granted under two Purwanahs of the Nabob dated Rejeree 1166 A.D. 1752/53 and 1176 A.D. 1762/63. In support of the grant for the remaining 12 Goortoos, no sunnud or Purwanah is forthcoming, but from the

and supporting that Officers recommendation.

Fort St. George 26th October 1818

Extract from the Enam Registers for Fusly 1217 A.D. 1807/8 submitted by the Collector, these lands appear to be entered in the names of the parties, and have been in their undisturbed possession since the assumption of the District by the Honorable Company.-

3. After the decease of the Original grantee, his two Grandsons, Goolam Hoosain, — whose death is under report, and Mahomed Yousuff enjoyed the Yeoniah and half the Enam land in equal proportions. The other half would appear from the Collector's Statement Cols. 11 to be in the possession of Selaur alias Goolam Russool a son of the original grantee - and uncle of the deceased.

4. As the son of the deceased Goolam Hoosain, by name Salaroodeen is too young to take part in the services of the Mosque the Collector recommends that the Yeoniah and moiety of the whole Enam lands be continued in the joint names of Salauroodeen and his uncle Mehomed Yousuff, brother of the deceased, on condition that the latter should perform the service in the Mosque, 'till his nephew attains the proper age.-

5. Under the circumstances represented by the Collector the Board beg to support his

recommendation. The moiety of the Enam lands now in enjoyment of Goolam Russool alias Salaur Saheb should remain in his possession until his death, when they should revert to Mahomed Yousoof and Saularooden unless he should leave a family in which case their claim may be considered.-

the Petitioners in possession of their respective shares in the Shrotriem as legal heirs of the Original grantee, had they not been, though unjustly, excluded ever since the year 1841 from actual enjoyment by the elder branch of the family, in consequence of domestic disputes - Veerpiah, the grandson of the original Gratee by his first wife, is unable to assign any reason for the exclusion of the other partners, except that a Saury Summud was issued by the Collector in 1808 in the name of his father alone, but which original Summud has not been produced. Altho' such a Summud may have been obtained by his father as the then head of the family, yet that circumstance could not affect the claims of his brothers to participate in the proceeds of the Shrotriem according to the provisions of the Hindoo Law.

Sir,

Para 1. I have the honor to acknowledge the receipt of an Exctract from the Proceedings of the Board of Revenue dated 10th instant and to submit herewith a report from my Sheristadar, whereby it will be observed that two Ambarrums of the Vellore salt were selected

18th August 1848

selected by Mr. Cotton and measured with the Madras mercalls in the presence of several of Mr. Freese's servants and that one of them produced Garce 18-82-0, and the other Garce 20-210-0, whereas none of the servants on my Establishment were in attendance when the heaps were remeasured with the Chinglepet mercalls and yielded Garce 25-30-0 and Garce 24-280-0 respectively.-

2.- With reference to the suggestion offered by the Collector of Chinglepet and to the Board's instructions thereon, I wished to ascertain from him whether the salt should not be remeasured with his mercalls in the presence of my Sheristadar, but he states that he does not see the necessity for again giving the trouble of a remeasurement." Mr. Cotton having carefully watched the process at both heaps. This is, however a point on which it rests with the Board to determine — whether they should pass any further Orders or not.

Sir

Agreeably to your direction I repaired to the Salt Colour on the morning of the 16th instant and met the Sheristadar of Chinglepet. R. R. Cotton Esqre arrived there a few minutes after and selected in communication with the Sheristadar and Vellaar manufacturers two heaps of Salt Nos 90 and 92 for

for examination, and ordered that they may be opened, and this being done, that Gentlemen desired to measure the former heap by four Madras mercalls by our measurers, and the latter by Sagheer mercalls by his people at one and same time.- I then placed our Salt Superintendent and Nemisindah and Maistry at the heap to take separately an account of the measurement of the Salt.- Mr. Cotton told me that I should take an account of the other by the Sagheer mercalls. but as it was impossible for me and others, to see and take a correct account of the measurements of the 2 heaps by 8 mercalls at one and same time, I said to that Gentleman that I am unable to attend to the 2 heaps. The result of the outturn of the heap No. 90 by the Madras mercalls, according to the Original Memorandums of the Salt superintendent, Nemisindah and the Maistry as taken on the spot, was Garces 18-82-0, whilst the Memorandum kept by Mr. Cotton which was taken down now and then as his servants came and told him shows Garces 18-382-0 or 300 Mercalls more.-

No. 90

On the morning of the 17th I remeasured the heap No. 92 with the Madras mercalls, which was measured first with the Sagheer mercalls on the previous day by the Sagheer servants alone

alone, the outturn of which was Garces 20-210 - the Memorandums kept by myself and the Koozoor head and deputy Sumpreties, correspond with the one kept by Rama Row Goomastah on the part of the Collector of Chingleput.

The measurement of the abovementioned two heaps Nos 90 and 92 with the Sagheer Mercalls (unattended by myself or any of our servants owing to the reason stated in Para 1) is stated by the Sagheer Sheristadar to be Garces 25-30 - and Garces 24-280 -.

I beg leave to bring to your notice that many of the persons employed by the Sagheer authorities in measuring the two heaps by their mercalls were the Salt manufacturers of Vulloor and Voyaloor. One of them by name Chinna Anadaya Moodelly, who delivered a part of the said Salt at our Godowns, has given an account of the measurement of the mercalls which Mr Cotton has filled in his Memorandum as he told him every now and then.

I further beg leave to bring to your notice that two of the four mercalls introduced on this occasion for the examination of the Heaps differ in diameter and length from the others, and that I have proved it to Mr Cotton this morning, on their being measured with a string. Although the Sagheer Sheristadar said that the Cubic Contents will be equal, that Gentleman remarked "it is against us".

The following Memorandum will exhibit at one view the result of the measurement of the Vulloor heaps Nos 90 and 92 with the Madras mercalls in my presence and those of the Sagheer Servants.

2.- There was not any further quantity of the Salt taken for any purpose beyond the 5 Struck mercalls furnished to the Board, and the 1 "full" or heaped mercall forwarded to the Collector of Tchinglepet.-

3.- The aggregate of the quantities referred to above is thus mercalls 47- 5/11. which is less than the quantity specified in Para 3 of my letter dated 3rd Ultimo by 2 3/11 Measures only. This trifling difference may be attributed to the Wastage in transit from a distance of about 10 miles.-

From A. Freese Esqre. Collector of Chingleput

Sir,

Furnishing a detailed report on a Petition from one Soobba Chetty calling himself Merasi Iron Smith of the Shotrium Village of Yarevoy.

Para 1. Adverting to your letter of the 11th. Ultimo forwarding for detailed report a Petition from one Soobba Chetty, Iron Smith of the Shotrium Village of Yarevoy, I have the honor to state, for the information of the Board, that altho' the Petitioner performed the duties of Iron Smith in the above mentioned Village for sime years past, he is not the hereditary Meerasidar, but acted at first as a Goomastah, and latterly as mortgagee of that Office. It was ascertained during the investigation which was instituted that the Petitioners Opponent Tanapa Chetty is the legal Meerasidar of the Office in question, and that his fathers name is entered as such in the accounts of Village servants prepared in fusly 1224 & 1225 with reference to the standard Dowle of

of the year Rowdry or fusly 1220.

2. Prior to fusly 1245 the Petitioner on the condition of paying sawmy Bhogum to the hereditary Iron smith enjoyed the perquisites of that Office, and in that year paid his opponent 14 Rupees on the mortgage of the Office, and so held it until four years back. When the Merasidar Tanapa Chetty redeemed it - a fact which has been satisfactorily corroborated by the production of the cancelled mortgage Bond, and by the evidence of the Witnesses to it - Tanapa Chetty has since performed the duty of Iron Smith in the Village and enjoyed the Enam and other perquisites appertaining to it, though sometimes disturbed by the Petitioner's claims.

3. There is no other Merasi of a similar nature in the Village except those of the other Village servants such as Curnum, Tallier, and Carpenter &c.

4. The Petitioner having failed to establish his pretension to the Merasi to which he laid claim, the circumstance of

Fort St. George 26th October 1848

of his having held it for my period in the manner above set forth cannot deprive the Original Meerasidar of his rights; and I therefore see no reason to interfere on his behalf.

"In the explanation received from the Collector on the subject of this Petition, it appears that Petitioner is not the Meerasidar of the Iron Smith Meerasi in the Village of Yareway, having only acted in that appointment first as Goomastah, and afterward as Mortgagee. The Mortgage was subsequently redeemed by the Mortgager who re-entered upon his Office and has held it ever since. Under these circumstances the Board cannot interfere on Petitioner's behalf."—

Maharatta Do. from No. 1 to 20.

I have the honor to submit the usual Summary Statements of the Land Revenue of this District for Fasly 1257, the forms of several of which have been altered according to the Board's order conveyed in their Proceedings on reviewing the report of the preceding year.—

2. The settlement in the Talooks of Nayer and Sydapet was conducted under the Superintendence of the Extra Assistant Mr. Cotton, and that of Chinglepet and Carangooly of the Head Assistant Mr. Phillips, whilst the remaining Six Talooks were taken up by myself.—

3. The season generally speaking and as referring to its effects, was an average one, tho' at the same time, of an unusual nature at the commencement of the customary season for sowing the dry and Poaledical Lands, or during the months of July, August, and September, the rains of the South west or petty monsoon were light and partial in their effects, whereby those descriptions of Cultivation were much impeded. In

October

October, however, the North East Monsoon set in with a heavy and continued fall of rain by which most of the Tanks were filled. In November and December, the District was again visited by unusually heavy and long continued rain, thro' which not only was much injury done to a number of the Tanks but the progress of the Navaray cultivation was also much retarded.

4. Rather more than 100 Reservoirs were breached, some of them having been repaired only during the preceding year, but by the immediate steps adopted for reserving a supply of water, a considerable portion of the growing crops under them were preserved. The injury caused by the inundated state of the Country, and the overflowing of the Rivers was also very extensive, the whole face of the Country at one time appearing almost like a sheet of water, and I may here mention that tho' the usual average of rain falling during the North East Monsoon is only 33 inches, the quantity that fell during the past one amounted to 88 inches.

5. The average price of grain during the Fusly under review was still further reduced being on an average near 20 per cent lower than in the preceding one, which has naturally tended to render the regular and punctual realization of the kists somewhat more difficult.

6. The number of Villages under Ryotwar Management in Fusly 1257 was 1,572 or one less than in the preceding year in consequence of the Village of Audarmatum having under the instructions* of the Board, been rented for a period of the 4 years to Mr. Nailer, he being the sole Merasidar.

* Minutes of Consultation 9th October 1847 dated 25th October 1847.

7. The Punjah cultivation in these ryotwar villages exceeded that of the foregoing Fusly by 6,763 Cawnies, but in the Punjah Cultivation there was a decrease of 11021 Cawnies, arising partly from the causes mentioned in para 3, and partly from the closing of a number of Native Indigo works, and the partial cessation of its manufacture owing to the heavy losses that had been incurred by the Exporters to Europe, and the depressed state of the trade in that article. In the Totacal or Garden Cultivation there was a decrease of 18 Cawnies, a fluctuation too small to require special remark.

8. The general result of the settlement of the land revenue was an increase in the Bariz amounting to Rupees 20,152-9-6 or 3 per cent, arising from the Teerwah on the increased extent of Punjah Cultivation, and a decrease in most of the items, for which remissions were granted. The particulars of the result will be found in the subjoined abstract Statement.

Regina v. Stannard.

Indictment for obtaining by false pretences from Wm. Hy. Bowles the sum of £10 with intent to defraud.

Plea, Not Guilty.

Mr. Bodkin and Mr. Bere for the Prosecution.

Mr. Bere opened the case.

Wm. Hy. Bowles. I am a Gentleman residing at Bath. I have known the Prisoner for about 12 months. I have had dealings with him. On the 19th of September last I received a letter from him. I produce it. (Letter read.) In consequence of that letter I went to the Prisoner's house. I saw him there. I told him I had received a letter from him. I showed it to him. He said he had written it. I asked him if he could let me have £10. He said he could. I said I would call on the following day. I did so. I saw the Prisoner. I asked him if he could let me have £10. He said he could not. 10. The decrease of 3 Villages under head of Sawy Zemindary Villages has arisen from the resumption† of the Mootah of Pandy on the resignation of the Proprietors during whose minority this Estate was held under the management of the Court of Wards.

† Vide minutes of Consultation dated 25th January 1848

11. There was also a decrease of one Village under the Head of Shrotriems in consequence of the forfeiture‡ of Colady in default of the payment of the Peishcush. The increase of 2 Villages under the same head has been caused by the restoration under orders from the Government of the Villages of Meanjore and Arinvoyel to the Widow of the late Shrotriendar, together with the revenue realized since its resumption. The increase of one Village under the head of rents, is accounted for in Para 6.

‡ Vide minutes of Consultation dated 8th February 1848

12. The Number of Villages under Aumany Settlement in July 1805 was 18. Of these seven Villages situated in the Sayer Jaloob were rented for one year on Daibolo to their respective Meerasidars, and 2 were restored to the Shrotriendar as already stated. To the remaining 9 Villages were added the three Villages comprizing the Mootah of Pandy and the Shrotriems of Colady, thus making the total number of Villages settled upon a division of the produce 13.

⊙ Vide minutes of Consultation dated 16th August 1847

13. The result of the Settlement of

Fort St. George. 26th October 1848.

of these Aumany Villages together with that of the 7 Villages rented is exhibited in the following Statement, from which it will be satisfactory to observe that the general result shows, notwithstanding the decrease in the price of grain, an increase as Compared with the preceding year. The Peruz of the Villages of the Pandy Mootah, and that of the resumed Shrotriems of Colady are considerably below the Amount of the Permanent Settlement; but the Board are aware how greatly overrated were the Capabilities of the former; and the latter Village has reverted to Government in greatly deteriorated circumstances, owing to the total neglected state of the reservoirs, and the disputes that had existed between the Cultivators and the Shrotriendar. Steps have been taken to put the reservoirs into an efficient state, and the necessary encouragement for the extension of the cultivation will be held out to the residents, and with improved facilities it is to be hoped the prosperity of the Villages, and the interests of Government will be advanced.

15. There are only two items of increased remission which seem to call for special remark, Viz^t Poymally and Rustadamkul or land occupied by roads. The amount of remission under the former of these heads is small considering the nature of the past season, the injury occasioned by the overflow of the rivers, and rush of water from the tanks; but the remissions were confined as much as possible to cases of actual necessity; and with reference to the crops on the remaining lands in the occupants possession, whilst under the latter head, is included the rent of certain lands taken up in forming the Great Southern Road.

16. The Board's notice may be attracted to the amount of remissions under the Head of Tufsul Commee, notwithstanding the amount thereof is so much below the sums granted in the preceding year, but except in very favorable years, when the District may be blessed with abundant and well seasoned falls of rain during the South West, as well as the North east monsoon, the remissions under this head must be extensive, because, much land that should have been entered as single crop land, and liable only to an additional assessment of half the rate payable for the first crop when cultivated with a second

15522. Fort St. George 26th October 1848.

second, were entered in the early surveys as double crop land rated with a consolidated Teerwa. On all occasions, therefore, when the nature of the season is such as to preclude the raising a 2d Crop, a rateable proportion of the Teerwa is necessarily remitted, but as this is a subject more properly belonging to the question of the Settlement, I shall not dwell further on it at present.—

17. The Demand Collection and Balance under the different sources of Revenue are shown in the annexed Statement, from which it will be seen that notwithstanding the unfavorable state of the Market for the disposal of the produce, the Collections were nearly as forward as in the preceding year, excepting under the Head of Shrotriem, in consequence generally of the Shrotriemdars reserving their grain to a late date in the hopes of obtaining better prices. Many of these parties, notwithstanding the penalty of paying heavy interest on over due Kists, as in the habit of withholding payment until notice is served upon them after the expiration of the Fasly, that if the arrears be not discharged within a further specified time, the Shrotriemdars will be held liable to resumption. This notification has lately been issued under the instructions of the Board, and the outstanding arrears will, it is anticipated, be recovered by the end of the Month.—

18. In my report for Fusly 1256. I brought to the notice of the Board the carelessness of the Tahsildar of Nayer, through whose inactivity very heavy current balances were outstanding in that Talook, the communication of the Board's orders thereon appear to have had some effect in stimulating his exertions, his collection having been more forward, but still further exertions are necessary to ensure a more punctual collection of the Kists. In some of the Talooks, notwithstanding repeated instructions, very large

large balances were outstanding at the close of the Fusly, and altho' these have been now greatly reduced. I have informed the respective Tahsildars, and particularly the Peddapollium one, of the importance attached to the regular realization of the revenue, and that neglect on this point will draw on him the penalty of removal. Subjoined I submit a Talookwar Statement of the Demand Collection and Balance on account of land revenue for Fusslies 1256 and 1257.—

The Government Agent has been addressed on the subject.—

19. I further beg leave to submit a Statement of the old Balances of Land Revenue outstanding in this District from Fusly 1246 to 1255 inclusive amounting to Rupees 5,979- 13- 5. of which Rupees 2701-2-8. have been ascertained to be irrecoverable, being due by parties who are either dead or have deserted their Villages, or who are unable from poverty to meet the demands. A further sum of Rupees 1994-3-5. entered under the head of Nookdar has

Fort St George 26th October 1848.

has also been found irrecoverable, as it consists of different Items due for lands from which the Ryots derived no produce as anticipated at the annual settlements, such as the assessment of lands in dispute between two Villages, and of those which the Ryots failed or had not the means to cultivate according to their engagements, the Seerwah of lands the crops of which were destroyed by accidents after the Jummabundy, and the difference between the survey fields assessment and the usual Cowle Seerwah in certain Villages in the Sydapet Talook, the collection of which has been suspended under the orders of the Board, and which cannot hereafter be expected to be recovered.-

20. Of the balance of Rupees 554-3-7. up to Fusly 1251 entered under the head "recoverable" in the Statement forwarded with Mr Maltby's letter of the 15th August 1840, a portion amounting to Rupees 275- 11- 10. has been since collected, but out of the remaining balance of Rupees 278-7-9. Rupees 39-6-2. only might possibly be realized, but as there is also a doubt on this point, I have included it with the balance of 239-1-7. since I found irrecoverable in consequence of the impoverished condition of the Bankreedars.-

From the Acting Collector of North Arcot — Sir,

Returning Petitions Nos 1566-1567 and 1569 of 1848: and stating the reasons which led to the dismissal of Petitioners from their Offices as necessary.—

Para 1. I have the honor to acknowledge the receipt of the petitions noted in the margin

Nos 1566 of 1848.
" - 1567 ff Do.
" - 1569 - f - Do.
herewith returned.

margin, bearing endorsements by the Board of Revenue directing me to report upon the subject of them. The petitioners are the late Monigar and Moonsiff of Cuvhak Triputty, and a dismissed Duffadar and dismissed peon of that Taloot; and the purport of all three petitions is to obtain the revocation of an order of mine dismissing all three persons from employment. The circumstances are as follows:-

2. In the month of May last, a Chuttrum at Triputty belonging to the Rajah of Mysore was robbed of cash to the amount of Rupees 636 - " - 4 - Suspicion fell upon one Adevegadoo then in temporary employ in the Chuttrum as an Acting Peon, and he was sent to the Court on the charge; he was there placed on requisition of security, the proof being insufficient for conviction. A short time after a part of the money was traced to the mother and the brother of the above named individual, and they on being examined confessed that Adevegadoo committed the robbery, and that the money found (76 Rupees) was part of the amount; they stated also that when their house was searched on the apprehension of Adevegadoo the whole of the money stolen was given up by them to

to the police officers making the search, (Viz^t the petitioners and another peon Bunsutsing) who gave back one hundred Rupees of the money, and carried off the remaining 536 - 4, saying that they would settle matters with the Police and with the prosecutor, that these deponents should not be brought into trouble, and that they would procure the release of Adevegadoo; upon this, petitioners were examined and their house searched, and 76 Rupees was found which had been given for concealment to a neighbour, by petitioner Gungoodoo's sister.-

3. All the parties were hereupon sent to the Sub Criminal Court, on the charge of being accessary to the robbery; but they were released by the Sub Criminal Judge and the money given up to those with whom it was found, a result owing in some measure I believe to the unskilfulness of the Head of Police who sent up as prisoners some who ought to have been made witnesses, and so deprived of charge of evidence.- Notwithstanding this conclusion to the case I was of opinion that the guilt of the Moonsiff and the duffadar and peons was clearly established,

and

and I considered it necessary to dismiss them all from public employ.— I have now again gone over the proceedings, and reconsidered the circumstances, and I see no reason whatever to doubt the justice of my former conclusion.—

North Arcot,
Collector's Cutcherry,
Chittoor 12th October 1848. } Signed J. D. Bourdillon,
Acting Collector.—

Order thereon.— Ordered that the following endorsement be passed on the Petitions Nos. 1566 1567 and 1569 of 1848 respectively.—

"The Board having received from the Acting Collector a report upon the circumstances which led to the Petitioner's dismissal, are fully satisfied of the propriety of that measure and reject this Petition."—

Sir,

From the Acting Collector of North Arcot— 3/3 Para 1

Reporting on the Extra Sources of Revenue for Fusly 1257 A.D. 1847/48 with the detailed Statements.—

I have the honor to submit the usual Statements relating to the Extra Sources of Revenue for Fusly 1257 in the A.D. 1847/48 Northern Division of Arcot Vizt.—

Printed Statements in Triplicate.—

Statements A and B.—

Statements Nos. 1 and 2 with corresponding Statements in Pondicherry.—

Statements 3 and 4 shewing respectively the manufacture, and the sale and export of Salt.—

Statement 5 shewing the balance on hand the manufacture, and the sale of Salt agreeably to the Board's Proceedings of the 18th November last.—

Statement C a list of the Sugar Manufactories in the District in Fuslies 1256 and 1257.—

2. The following Abstract shews the Revenue from Extra Sources for Fusly 1257 in comparison with the Revenue of Fusly 1256.—

3. Nos 3 and 4. are detailed Statements of the Manufacture and Sale of Salt prepared according to the Board's letter of the 22d Sepr 1830 and 22d June 1837. In Abstract they are as follows—

Rowanahs	Salt	
	Indian Maunds	Seers.
Fusly 1250 — 288	10,492	14
" 1257 — 425	15,138	"

Increase	4,213	38	4,645	20	4,645	10 5

4. The total quantity of Salt manufactured in Fusly 1250 was 21,90 Maunds 2 of which 12,088 Mds 2 was measured and heaped within that Fusly and 9,102 Mds at the commencement of Fusly 1257.— The total quantity manufactured in Fusly 1257 was 18,423 Mds 24 of which 7,200 Mds was heaped within the Fusly and 2,400 Mds at the commencement of Fusly 1258, leaving a quantity estimated at 8,823 Mds 24 not yet measured. Thus the decrease in the produce of the Fusly under report is 2,700 Mds 18 attributable to the heavier rains of that year.— There was however an increase in the sales to the Amount of Rupees 4,645-10-5 a. p. this is attributed to the greater resort of dealers purchasing for Cuddapah and Bellary Districts, in consequence of the stock falling short at the neighbouring Farms of Chinglepet, and the Rowanahs taken for the two Districts named seem to corroborate this account.— I much regret the delay that has occurred in measuring the Salt of Fusly 1257, it has been owing to the neglect of the local Officers, notwithstanding repeated orders; due care will be taken that such delay does not take place again.—

Abkarry 5. The increase in the Abkarry revenue of Rs 34,300 was owing to increased competition for the rent

Sundry small farms and Licenses. 6. The particulars of this branch of Revenue are exhibited in the following table.—

Items

Tank fishery. 7. The principal cause of the decrease in this item was that the Chedapary Tank which rented in Fusly 1250 for Rupees 177-8-8. was not rented at all in Fusly 1257 as the water did not dry up.—

Rent of the tolls on Boats and right of Collecting shell & or Chunnam. 8. The increase of Rupees 390—"—"—under the head is that in Fusly 1256, parties willing to take the rent were only found when only three months of the Fusly remained.—

Certain Collections in the Inamundoor Pollium of the Tripulty Talook lately resumed. 9. The Inamundoor Pollium has been incorporated with the Circar Villages under the Proceedings of the Board of Revenue dated 27th January 1848. The Extra Sources of Revenue collected in the Pollium were as follows.

	Rupees	A.	P.
Rent of Honey and Wax	37	"	"
Ditto of Sandal Stone Mine	150	"	"
Ditto of Vamal sand Mine	5	4	"
Ditto of Bides	0	"	"
Ditto of Grass Tax	2	10	"
Teerwah on wood cut in the Jungle	153	"	3
	353	14	3

10. These collections were made this year according to existing usage. Agreeably to the custom also ½ per Cent has been deducted from the wood tax collections &c and paid to the Curnums, and the proportion accruing previously to the resumption of the Pollium being deducted on all the items the net amount to be credited to Government is

11. The chief of these collections are the tax on jinglewood, and the rent of a Sandalwood stone mine.— As to the former, I had recently occasion to remark that a tax on jinglewood is unknown in the Many parts of the District, with one exception of which I then recommended the abolition, I now beg to make the same recommendation respecting the tax here.— If the tax had any effect in preserving the timber from waste, I should advocate it's continuance; but as it has no operation that way, and as it raises the price of an Article of daily use, as well as because it is contrary to the custom of the District, I beg to recommend that it be discontinued. The same remarks apply to the tax on honey and wax, and I beg to recommend their abolition also for the same reasons. The rent of 5-4- Rs. as is for the privilege of digging the white clay used by some classes for marking their foreheads, this clay is found in much larger quantities on Tripetty Mountain, but no revenue is demanded from it there.— In some of the Jungles of these Polliems, Cattle from the Cuddapah District are brought to graze at certain seasons, 2 Rupees is paid for the right to the hides of such as die there, which ought properly to belong

belong to the Village Pariahs. 2-10 Rs as is a Grass tax paid by these Cattle, I beg to recommend that all these items should be abolished as insignificant and vexatious.— The remaining item of 150 Rupees is paid for the privilege of digging a species of stone found at a certain spot in the Pollieum and which is used for grinding Sandal wood.—

12. The revenue from the sale of Stamps was Rupees 10,239-14- as per margin. The increase of 2,774-4-0 Rs as per is owing to a recent order which restored to Sudder Ameen the power to take from them in 1845 of entertaining Suits under 1,000 Rupees; Stamps being used in the Sudder Ameen Court, but not heretofore in those of the Moonsiffs.— There was a falling off in the Sale of papers for bonds to the Amount of 287 Rupees, this was owing chiefly no doubt to the diminished manufacture of Sugar, and the consequent fewer bonds for advances.— Of the total falling off 174 Rupees was in Cuddapah Nuttum, and 107 Rupees in Arcot, which are the two chief Sugar Talooks of the District.—

14. The chief decreases in the House tax and the tax on Malegays or wholesale general shops and on Cottahs or wholesale cloth shops, Rupees 90-9-11 in the former and Rupees 72-12-5 in the latter below that of fasly 1250.- The former which occurred in the Talooks of Caverypauk and Vellore was owing to some tax payers having given up business or changed their residence. The latter which occurred chiefly in the Talooks of Caverypauk and Cuddapanettum was owing in great measure to a diminution in the number of Sugar Malegays, (See enclosure 6) in the latter Talook, in consequence of the trade having become less profitable. The increase shown on the whole is fallacious, it arises from the Motorpka of Dehat Enam Villages being brought to account agreeably to Clause 3 of the Eatack Minutes of Consultation of the 27th May 1848. It amounts to Rs. a. p. 214-11-10 and if it had been deducted as hitherto customary, before making up the Government demand, the net decreases compared with fasly 1250 would have been Rupees as. p. 73-8-8.

Sea Custom duty.

15. The large proportionate Increase under the head of Sea Custom duty, Amounting to Rupees 1183-12-10, is owing to the duty realized on the Cargo of the wre Mad French Ship "Malabar", which amounted to Rs. a. p. 1194-7-9. out of the total collections 1208-0-9.

From the Collector of South Arcot.

Forwarding Statement shewing the quantity of salt sold and the amount of Revenue derived therefrom from Fusly 1215 to 1257 and Reporting thereon.—

Sir,

With reference to the Board's Proceedings of the 17th July last, as well as the orders of Government and those of the Honorable Court which accompanied them respecting the salt branch of Revenue, I have the honor to forward a Statement shewing the quantity of salt sold in this District and the amount of Revenue derived therefrom from Fusly 1215 (1805-6) to Fusly 1257 (1847-48) inclusive, distinguishing the sales under home and inland consumption &c. with the heads prepared according to the form laid down.—

2. From this Statement it will be seen that there has been a progressive diminution in the consumption of salt occasioned no doubt by the monopoly price being so high.—

3. I shall now proceed to submit my opinion on the various points noticed by the Board.— On two occasions the probable necessary consumption of salt by each person was calculated, and on the former occasion was estimated as 28lb weight per annum

annum for each person; and in the 2d instance it was supposed to be 25 lbs Taking it at the lower rate and with reference to the last census taken in this District by 1,780 persons would require for their annual Consumption 172,94,500 lbs. or 1,752¼ Garces; but according to the returns of salt pans there does not appear to be one quarter of this amount consumed. There is no reason to believe that much salt from the neighbouring Districts of Tanjore and Chingleput is brought into and consumed in this District neither have I any reason to suppose that the deficiency is made good through any illicit channel. There is no doubt but that earth salt is used by a great many persons, and many again are obliged to dispense with the use of salt altogether in consequence of the high price at which it is sold in the interior as the transport charges and profits of the trader have to be added to the monopoly price. many people residing in the coast Districts are unable to pay the monopoly price itself. how much more difficult then is it for people residing in the interior to pay the increased price. —

4. I cannot state the exact quantity of earth salt manufactured in this District having

having no means of estimating it, but should suppose that it cannot be less than three or four hundred Garces annually. This salt is manufactured partly by evaporation by the sun, and partly by boiling it on fires. Musters of this salt are again forwarded for the inspection of the Board. —

5. The use of the earth salt has always been considered as prejudicial to the health, especially that manufactured by fire. It has also been clearly shewn to affect the revenue of Government materially. To remove the evils at present existing the best remedy I consider is the encouragement of the use of coast salt, and with this view I would recommend a reduction in the monopoly price which would greatly increase the Consumption of wholesome coast salt and relieve the people from many of the hardships to which they are exposed under the present system, and at the same time I consider that the alteration would be in no way prejudicial to the revenue of Government. —

6. The present monopoly price is 120 Rupees per Garce. — Twenty five pounds weight of salt (the quantity supposed to be required for the annual Consumption of each person) is valued at the Coast at Rs. a. p. 4 4 10 People residing at the western boundary of this District, which is about 60 miles from the Pans cannot procure this same quantity of Salt under a price of Rs. a. p. 4-7-3. Of course in the same ratio that the distance increases so does the salt in price, indeed it becomes an utter impossibility to many poor people far in the interior to procure salt on these exorbitant terms. —

7. In the event of the Board requiring more particular information I beg to refer them to the correspondence noted in the margin regarding the points now noticed. —

I. & R.

15674 Fort St. George 26th. October 1848.

To,
T. Pycroft Esqre.
Secretary to the
Board of Revenue.
Fort St. George.

Sir,

(45)

From the Collector of Tanjore - - - } Para 1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue under date the 17th July 1848. accompanied by Copy of Extract from a General letter from the Honorable the Court of Directors dated 31st December 1847 on the subject of the Salt revenues of the Madras Presidency.

Reporting on the home and inland sales of manufactured Sea Salt; and suggesting measures for prosecuting the use of Earth Salt.

2. The Honorable Court remarks that the distinction between "Home Sales" of Salt and that sold for "Inland Consumption" is not maintained in practice. This remark does not I think apply to Tanjore generally tho' in a few instances it may happen that Salt purchased for inland trade, is sold within the limits of the District, but such transactions are rare, and the amount exhibited in the Statement under the head of "Home Consumption" may be taken as a pretty accurate account of Salt purchased for sale and expenditure within the District.

3. The average amount of sales for-

for Home Consumption for 10 years from 1738 to 1747 is Rupees 3,15,737, and the second 10 years average from 1748 to 1757 is Rupees 3,45,180. In the second series of years the price of Salt has been enhanced, &c Rupees 180 per Garce being charged for a few Months and subsequently Rupees 120 thus increasing &c the Money amount; but taking the average &c quantity of Salt sold for 5 years from 1753 to 1757 at the higher rates, as &c compared with that sold during the 5 years

Average quantity of Salt sold for 5 years from 1748 to 1752 and 105 Rupees per Garce	Garce 3,093

Average amount of the same.

At 5 years at 105 Rupees per Garce	Rupees 3,74,850
Of the 2nd 5 years at the higher rates	Do. 3,65,505

previous to the enhancement of the price, the result is a decrease, as shewn in the Margin.

4- The population of Tanjore by the last Census was reckoned at 1,20,000 twelve Hundred thousand people, and on enquiry, I learn that as between 2-8 and 3 Rupees weight of Salt is considered the proper allowance per diem for one person, at this rate each individual should consume about 1,000 Rupees weight of Salt, or 8⅓ measures per annum, the cost of which at the retail price in the Bazaars (166 Rupees per Garce) would be 7 Annas for each person per Annum, and the quantity required to supply the whole population at this rate

rate, would be Garces 3,175 which agrees pretty nearly with the average quantity actually sold for Home Consumption as previously shown.

5. The manufacture of earth Salt is within the District is very limited, and it's consumption confined to the poorer classes, who tempted by it's vicinity to their Villages and urged by &c poverty, scrape a little together for their &c immediate wants, but as an article of trade I am inclined to think it has no effect on the sale of manufactured Salt; not so as regards the export of earth salt from the Coodoocottah Country, where it is regularly manufactured in large quantities, and the general opinion is, that the sale of this article is a very profitable source of income to the manufacturers, it being &c very superior in quality to the generality of earth salt produced in their neighbourhood, and from it's cheapness (less than 1/4th the price of sea Salt) a ready market is found for it inland. I have often examined this Salt, and in outward appearance it is quite equal to ordinary Sea Salt, tho' in taste there is a bitterness perceptible, disagreeable &c to

to those not in the habit of using it and at first hurtful, causing pains in the stomach, but this effect wears off by use, and tho' not nearly so wholesome as the Sea Salt, it is not so hurtful to the constitution of those accustomed to its use as is generally supposed. I am not aware whether the privilege of manufacturing earth Salt is rented by the Poodoocottah State, but I think it is, and should such be the case, it may be worthy of consideration whether it would not be worth while paying the Tondiman an amount equal to that of the rents on his entering into engagements to prevent as much as possible the export from his country into the British Territory. The abolition of the manufacture and use of earth Salt within the Poodoocottah State could not be asked, but so long as the sale of the Article brings revenue to the Treasury, we cannot expect that any effectual efforts will be made by the Authorities to check its export.

6. Referring to the Statement of sales for "Inland Consumption" the Districts of Coimbatore, Salem and Trichinopoly, form the chief Markets. During the first 5 years from

from 1748 to 1757 when the price of Salt was Rupees 105 per Garce, the average quantity taken for Coimbatore was Garces 243. During the 2d 5 years after the price was raised, the average has been reduced to Garce 190, decrease 55 Garce. The first 5 years average for Salem is 135 while the second series shows an average of 235, increase 100. and in the quantity taken for the Trichinopoly Market the first series of 5 years gives an average of 317, and the 2d. 301 decrease 16.

7. With the exception of the export to Salem, the average quantity of Salt purchased for Coimbatore and Trichinopoly has fallen considerably short of that taken previous to the increase in the price. These Districts are however supplied from the Madura and South Arcot Pans as well as from Tanjore, and the demand varies with circumstances, when the season is unfavorable Inland, numbers of carts being employed in carrying grain from Tanjore

Tanjore, which under ordinary circumstances &c
would in part be engaged in the conveyance
of Salt, and Traders resort to different &c
pans as it suits their convenience. Irregu-
larities therefore in the sales will natu-
rally occur, and are beyond our control &c.

8. In the Inland Districts the
Consumption of earth Salt is undoubtedly large,
this means I believe, are taken to prevent its
manufacture and sale, and I think it cannot
cannot be denied that the high price of
Salt as it is sold by retail (with the
cost of carriage and profit added to
original price) is one of the main causes of the
non-consumption of Sea Salt to a greater extent
in the Inland Districts, and if this cause be admitted
as the true one, reducing the cost of the article at
the

the pan offers a remedy, the adoption
of which, with improved roads, &c
as an inducement to the traffic)
tho' at first attended with loss to
Government, would eventually find its
level by increased consumption, and prove
most beneficial to the inhabitants inland.

9. The average price of Salt &c
in the Bazaars throughout the District
is Rupees 66 per Garce, the purchase &c
price at the pans being 120. Considering
the means of the middle classes, &c
the cost of this necessary of life
though high, can hardly be called &c
excessive, but it presses very heavily
on the poorer classes, and if this
the fact here, in the District
wherein

wherein the Salt is made, what must be the difficulty experienced by the poor in the inland Districts, where the additional cost of distant land carriage is added to the cost price. In case of any reduction being made in the price of Salt sold for Inland Consumption it will be necessary for the protection of the Government revenue, to guard against the disposal of the article within the limits of the District where it is manufactured, and to prevent this the strictest attention must be paid to the Rowannahs, tho' with every endeavour to prevent collusive sales they could hardly be entirely guarded against. See no other means of increasing the Inland Consumption than those offered by a reduction in the price of Salt, for so long as earth salt can be had at a price so disproportionate to the cost of the manufactured

article, so long will the poor classes be compelled to use it whether wholesome or the reverse. The improvement of transit by reducing the time occupied on the journey will necessarily lessen the carriage hire but this alone will not reduce the price of retail salt sufficiently to meet the means of the poorer classes.

10. The Statements as per form accompanying the Proceedings under reply are submitted.

Sir,

With reference to the Minutes of Consultation under date the 19th ultimo appointing Lieutenant Gib of the 31st Regiment N. I. Joint Magistrate in the District of Madura, and to have jurisdiction within the limits of Pamben,

Requesting to be informed of the extent of Lieut. Gibb's jurisdiction as Joint Magistrate.

I have the honor to solicit information whether by Pamben I may understand the Island of Ramiswaram, or only the small Port of Pamben.

2

The reasons which render it desirable that Offence committed at Pamben should be investigated and punished on the spot apply equally to the whole of the small Island of Ramiswaram, which may be said to be dependant on Pamben. In Mr. Ebell's Police charge are also 2 or 3 Villages on the narrow Promontory jetting out towards the Island. It would be convenient for public

From the Superintendent of Stamps

Sir

With reference to the order of Government dated 10th April 1835 authorizing an advance of Rupees One Hundred for

Fort St. George 26th October 1848

for the purpose of paying the Coolies for conveying Stampt Papers and Cadjans to the Provinces, I have the honor to state that the above sum has not always been sufficient to meet the usual demands on that account. The Act XVII of 1848 having come into operation, the demand for and supply of Stamps is so much augmented, I request therefore that the Board will be good enough to obtain the sanction of Government for a further advance of Rupees One Hundred to be accounted for as heretofore.

Cons: 5th October 1848.

Read Return of Persons suspended and dismissed under Regulation VI of 1831 in Bellary for the months of April, May, July and August 1848.

It is observed that in the first seven cases no period of service is given in the Return. This information should be afforded if possible. In the case of the Coondoor Potails and Curnums the sentence of dismissal passed on them appears to the Board, under the circumstances stated in the Return, to have been too severe, and they consider that the offence committed by these Village Officers would have been sufficiently punished by a suspension for a moderate period, the Collector will therefore adopt this course in regard to these parties.

2. The Collector will observe that this Return should in future be transmitted monthly in accordance with the standing orders of the Board.

From the Collector of Madura — Para 1

Sir,

With reference to the Minutes of Consultation under date the 19th ultimo appointing Lieutenant Gib of the 31st Regiment N. I. Joint Magistrate in the District of Madura, and to have jurisdiction within the limits of Pamben,

Requesting to be informed of the extent of Lieut. Gibb's jurisdiction as Joint Magistrate.

I have the honor to solicit information whether by Pamben I may understand the Island of Ramiswaram, or only the small Port of Pamben.

2

The reasons which render it desirable that Offence committed at Pamben should be investigated and punished on the spot apply equally to the whole of the small Island of Ramiswaram, which may be said to be dependant on Pamben. In Mr. Ebell's Police charge are also 2 or 3 Villages on the narrow Promontory jetting out towards the Island. It would be convenient for public
