(1) Proceedings

Read Extract Minutes of Consultation under date the 20th October 1848 returning the List of reverted Estates submitted by the Board pointing out certain omissions and calling for a revised List.

Resolved that the Collectors noted in the Margin be requested to frame and Submit to this Office at their earliest convinience a Statement in English and Hindoui according to the accompanying Form shewing all details connected with the Estates which have reverted to Government since the permanent Settlement, whether such may have been purchased by Government

Requesting all Collectors except those of Madras, Chingleput & Canara to frame and submit to this Office a Statement of the Estates in English and Hindoui of all Estates which have reverted to Government since the permanent Settlement conforming to the Form annexed to the Proceedings of the Board of 15th Inst.

Para 1.

Government when sold for arrears of public Revenue or may have passed into the possession of Government by Surrender, Escheat or in any other manner. The Estates should be classed in reference to the mode in which they have reverted to the Sircar, the several Classes being arranged in the order given in the form.

2. The Collector will also after the reverted Estates specify those Estates which are still held by their proprietors, arranging these according as they may be under the management of their owners or under that of the Collector for attachment for arrears on account of minority or under orders of a Civil Court &c.

To Vizagapatam only.

3. The Royaveram Estate which was purchased in the year 1841 appears to have been omitted in the List received from the Collector of Vizagapatam and should be included in the Statement now called for.

To Masulipatam only

4. The Nedadavol Estate would seem to have been restored to the proprietor under due authority and should therefore be omitted in the List to be furnished by the Collector of Masulipatam

It is requested that both Peishcush and Beriz i.e. that for Fusly 1257 be duly inserted in the appropriate Columns of the form now sent.

To Madura only

7. According to the Statement received from Madura only one Estate would appear to have passed into the possession of Government by purchases for arrears of Revenue, whereas the Board are aware that many of the Madura polliems have reverted to Government by surrender or other means, all of which should be included in the Statement now called for.

Sir,

Para 1. In the course of our late enquiry we were led to believe that considerable inconvenience had already been experienced in carrying on the works connected with the Godavery Annicut in consequence of objections raised by land holders and others to the occupation of their land for roads and Channels, and its destruction in working the line quarries —

2 Some of these questions have been arranged by the local Officers and some remain still unsettled while it is obvious that as the works proceed and the whole Province becomes intersected with Channels, obstruction will be more frequently offered, and Claimants to Compensation will considerably raise their demands.

With

Fort St. George 19th April 1849

3 With the view of obviating this increasing difficulty and placing the matter on a footing similar to that on which all public works are proceeded with in England we have the honor to recommend that the Government should obtain a Legislative Enactment authorizing the occupation of private property in the prosecution of the public works connected with the Godavery annicut and granting to such Officers as the Government may be pleased to nominate the power of fixing the Compensation to be paid to the owner for the damage his property may sustain.

inconveniences such as are adverted to by the Committee, and that the Governor General of India in Council had previously remarked that an act of the nature of the first 7 Sections of Regulation I of 1824 of the Bengal Code was what appeared to be chiefly required for the Madras Presidency. This Government determined on the 15th February 1844 that such an enactment was not then required. Sir,

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes Consultation of the 6th Ultimo communicating Copy of a letter from the Committee appointed to inquire into the progress of the Godavary Annicut, in which it is represented that considerable inconvenience has already been experienced, and more may be expected in carrying on the undertaking in question, and the subsidiary works in consequence of objections raised by landholders and others to the occupation of their lands for roads, channels and other purposes; and recommending that Government should obtain a legislative Enactment authorizing the occupation of private property

Stating in reply to Extract Minutes of Consultation of the 6th March that the rules laid down in Regn. I of 1824 of the Bengal Code forwarding Compensation to parties whose property may be required for public purposes are well suited to the object intended and admit of easy application to the Madras Presidency and submitting a draft Act for the approval of Government.

Delivered 19th April 1849

Sir.

Para 1. I am directed by the Board of Revenue to acknowledge the receipt of Extract Minutes Consultation of the 6th Ultimo communicating Copy of a letter from the Committee appointed to inquire into the progress of the Godavary Annicut, in which it is represented that considerable inconvenience has already been experienced, and more may be expected in carrying on the undertaking in question, and the subsidiary works in consequence of objections raised by landholders and others to the occupation of their lands for roads, channels and other purposes; and recommending that Government should obtain a legislative enactment authorizing the occupation of private property

property in the prosecution of the public works connected with the Annicut and granting to such Officers as the Government may be pleased to nominate the power of fixing the Compensation to be paid to the owner for the damage which his property may sustain.

In transmitting this letter to the Board the Government observe that it has already been suggested that the enactment of a Law of the nature of the first seven Sections of Regulation I of 1824 of the Bengal Code would be well adapted to Remedy such inconveniences as those adverted to by the Committee, and as some provisions of the kind seem now to be requisite, the Board are directed to Consider whether the Bengal rules can be conveniently adapted to this Presidency, and if so, to prepare a draft embodying the substance of those rules with such modifications as may appear to be advisable.

2. In reply I am instructed to state that the Board have duly considered the Bengal rules for awarding Compensation to parties whose property may be required for public

public purposes, as contained in the Seven first Sections of Regulation I of 1824 of the Bengal Code, and that it appears to them that the rules in question as laid down in that Enactment are well suited to the object intended, and admit of easy application to the Madras Provinces. I have therefore to submit for the approval of Government the required draft being the seven first Sections of the Regulation alluded to with the additions or modifications which seemed to the Board to be desirable either on general grounds or to adapt its provisions to the local Circumstances of the Madras Presidency.

Read the following Extract from the Proceedings of the Board of Revenue Relative to the Settlement of the Government Estates in the District of Ganjam for Fasly 1167.

/Here enter 5th Jany 1819 No. 11/

Para 1 The Proceedings of the Board

For Fusly 1257 and calling attention to the Arrears of Peishcush due on certain Estates and desiring the Collector to submit his report on the difficulties of the settlement of the claims -

Board of Revenue above recorded embraces a review of the Settlement of the District of Ganjam for Fusly 1257 and observations on a letter from the Collector of the 29th November 1848 suppl.ying the information required by the Proceedings of the Board of Revenue on the subject of the Settlements for Fusleis 1255 and 1256 The explanations of the Collector in the latter communication confirm the propriety of the remarks of Government in the Extract Minutes of Consultations of the 20th January 1846 No. 81 Paras 11 and 12 wherein the Governor in Council expressed disapprobation of the introduction of a new system of Settlement by the acting Collector on his own responsibility without reference to the Board of Revenue or without their full concurrence. The Governor in Council will now only state his approval generally of the Board's remarks on the subject of these changes and the system in force.

2 It does not appear that Mr. Smollett introduced any great practical improvement in settling the Peishcush but he appears to have increased the Jumma Estimates of the Talookdars to

in Villages the outturn of which was supposed to fall below the offers of Durkhasts made for the year those Estimates it is stated, were confirmed without scrutiny or verification in any way and the Settlement was determined by summarily striking off the supposed deficiency. Under such a defective system there was no security to Government that remission was given only where it was needed and as individual pottahs were wholly abolished there was no security to the Ryot that what he was called upon to pay was what the Collector had settled to be due by him.

3. Mr. Bannerman has now it is observed introduced measures with the object of attaining greater accuracy in regulating deductions by inspection of crop when reported to have failed in Ryotwar Villages. Periodical returns of Cultivation and accounts Particular of fields unsown shewing their extent according to survey measurement have also been introduced and these accounts

accounts after being checked by the Tahsildars are sent to the Collectors Office where they are tested by persons specially deputed for the purpose. These accounts are completed before the harvest and remissions are given according to the result they exhibit. Individual puttahs have also been re introduced. These measures are judicious and the Board approve of them.

4. The Season of Fusly 1257 was favorable, the Rice Crop yielded an abundant, the dry on average return. The produce of Sugar Cane was particularly abundant. Prices though less than the preceding fusly were also more than ordinarily remunerative.

5. The Settlement of the Land Revenue including Lenttobody and Sopes rents was Rupees 410336 - 10 - 0 or Rupees 15098 - 11 - 3 less than that of Fusly 1250. The net decrease in Goorum was Rs. 19127 - 8 - 7 and principally occured in the Mootahs adjoining the Mahals the scene of the late disturbances. In all other Talooks the Settlement of the year

year gave increase in comparison with that of Fusly 1250.

6. The Collections within the Fusly amounted to Rupees 8294 - 7 - 9 less than the demand, they appear to have been realized with great punctuality in all but one Talook Viz. Waddadah the cause of a balance there of Rupees 3505 - 11 - 3 on the 1st September is not explained. On that date the general balance had been reduced to Rupees 3379 - 7 - 2 whereas on the corresponding day in the preceding Fusly Rupees 44,880 - 9 - 6 were outstanding. This result the Governor in Council considers satisfactory.

7. Of the Peishcush on Zemeendaries and Proprietary Estates amounting to Rupees 511,632 - 7 - 5 a large balance of Rupees 77,011 - 8 - 8 remained uncollected on the 1st September. It is chiefly against three Estates. The causes assigned for these balances are by no means satisfactory and it is evident to the Governor in Council that more stringent measures are called for to protect the

accounts after being checked by the Tahsildars are sent to the Collectors Office where they are tested by persons specially deputed for the purpose. These accounts are completed before the harvest and remissions are given according to the result they exhibit. Individual puttahs have also been re-introduced. These measures are judicious and the Board approve of them.

4. The Season of Fusly 1257 was favorable, the Rice Crops yielded an abundant, the dry or average return. The produce of Sugar Cane was particularly abundant. Prices though less than the preceding fusly were also more than ordinarily remunerative.

5. The Settlement of the Land Revenue including lent to Inam and Sheperents was Rupees 4,10,330-1-0 or Rupees 15,098-11-3 less than that of Fusly 1250. The net decrease in Goomar was Rs. 19,127-8-7 and principally occured in the Mootahs adjoining the Mahals the scene of the late disturbances. In all other Talooks the Settlement of the

year gave increase in comparison with that of Fusly 1250.

6. The Collections within the Fusly amounted to Rupees 8,79,479 less than the demand, they appear to have been realized with great punctuality in all but one Talook Viz. Waddadah the cause of a balance there of Rupees 3,505-11-3 on the 1st September is not explained. On that date the general balance had been reduced to Rupees 3,379-7-2 whereas on the corresponding day in the preceding Fusly Rupees 44,880-9-6 were outstanding. This result the Governor in Council considers satisfactory.

7. Of the Peishcush on Zemindaries and Proprietary Estates amounting to Rupees 5,11,032-7-5 a large balance of Rupees 27,011-8-8 remained uncollected on the 1st September. It is chiefly against three Estates. The causes assigned for these balances are by no means satisfactory and it is evident to the Governor in Council that more stringent measures are called for to protect the

of Government. The Board will be pleased to give early attention to this subject.—

8. The Balances against Lutchmeeporum which were noticed in the Extract Minutes of Consultation under date 9th November last No. 17214 are stated to be dependent on the adjustment of the accounts of the Estates of the late Coraney Jagannah this adjustment has already been too long delayed, the Governor in Council has lately had occasion to notice the time that has elapsed since orders on the case were issued, and he trusts as Mr. Bannerman will shortly submit his report as whatever difficulties attend the Settlement of the claims preferred may be expected to be augmented rather than diminished by procrastination.—

9. Old balances amounting to Rupees 1,61,705-7-8 were outstanding against the Zemindaries in Ganjam at the end of 1826 and with the exception of those against Bargan which

which the Collectors states will soon be cleared off little progress appears to be making towards their liquidation.

The condition of the Chegutty Daracotta and Mobery Estates against which these balances principally stand will require the early attention of Mr. Walter Elliot to whom under the late orders of the Honorable Court of Directors the charge of the Districts composing the Northern Circars has been specially entrusted.—

Vencataramanabhuttoo who was the last incumbent and Grandson of the Original Grantee Oonnumbuttoo died on the 5th August 1848 leaving a widow and an adopted son Oonnumbuttoo alias Vencataramanabuttoo aged 6 years. The Collector recommends the continuance of the allowance to Yellupapah the eldest surviving brother of the deceased and states that a separate application will be submitted for the renewal of certain Bhuttuntee Dasavundum and Prohedum Enams enjoyed by the deceased amounting to Company's Rupees 432-15-4

2- There are no Sunnuds forthcoming in support of this Grant. The earliest document produced is a Takeed under date 1198 Fizzie or A.D. 1783 granted by one Ibrahim Khan Bahader to the Sayer Renter of Sidhout directing the continuance of the allowance which appears to have been stopped to the Brahmin Kristnumbuttoo and Oonnumbuttoo

It is also certified that the Sunnud was lost in the year Sadharana or A.D. 1790 when the Village was plundered. Neither in this document nor in the preceding is there any mention of the purpose for which the grant was made. In Mr. Ross' Register of 1813 Z No 61, it is entered in the name of Sidhout Vencatabuttoo as son of the Original Grantee. The date of the Grant is given as 1696 Salivahana or A.D. 1773/4 and the object that of forming Ceremonies

This the Collector is requested to explain. The original amount of the Yeomiah is said in the Bhagavutta to have been three Apparunjee Fanams per diem. The amount fixed by Sir Thomas Munro was

16th April 1849. Sir Henry Montgomery has most exactly described the wells of the District in his letter to your Board, where he says "they are "mostly merely holes dug in the Sandy Soil between "the banks of the large rivers, where the distance "is too great to admit of water being procured "from it direct."-

3. In accordance with Para 3 of the letter under reply I beg to submit a brief description of the wells in use, and the amount of tax demandable on the land so irrigated, and what would appear to be a sufficient remuneration, by exemption from the additional tax usually imposed on lands converted from Poonjah to Nunjah or Garden.-

4. The greater proportion of the Baghayet lands of the District are irrigated by the lifting of water from the several water Channels, Canal and Duets from the main channels, taken off from the numerous rivers, which intersect Tanjore in every direction- While in some of the Cadarumbum Villages water

water is obtained from small wells sunk to the depth of about Sive feet in the soft clay at a trifling Cost, and which descrip-tion of well is capable of affording water for about two years, In some instances only one year, when the spring becomes exhausted, and another well is sunk in a different part of the field.-

There is another description of well constructed in the sand and clay tracts, sunk much deeper and the Shaft built up of brick work- These are used for the Cultivation of Tobacco etc. as well as for drawing water for domestic and ordinary pur-poses, and of Course are more permanent than the first description- Their diameter scarcely ever exceeds four feet.-

5. The first description of Well may be estimated to Cost about 15 Rupees, while the other varies accord-ing to circumstances from Rupees 25 to Rupees 35.-

The average irrigating Capabilities of such wells may be stated at one

fourth

fourth of a Valey of Totacal - The irrigation of Nunjah by means of Wells does not I believe obtain in the District.-

6- The system of the Province with regard to the Assessment demandable on Poonjah land converted into Baghoyet in Villages under Ryotwar is that, such lands be charged with double the rate of Poonjah Assessment - And with reference to conversion into Nunjah the method of taxation throughout the District is the Nunjah rate according to the Currum.-

The average rate of Poonjah assessment may be stated as Rupees 7-4-1 per Valey.-

7- Under the amanny, Woolung and Rented System the average assessment Poonjah is Rupees 8-7-2. Rupees 7-12-" and Rupees 8-5-1. and when converted into Nunjah or Garden the land then becomes liable to the same rates as obtain in the Villages for these descriptions of products.-

8- Taking all these circumstances into

into consideration, I would propose as an ample remuneration for the outlay of Capital in the improvement of land that the Ryot be allowed a period of ten years exemption from any additional demand for a Well so constructed, and the Eleventh year a gradual rise of half the enhanced tax, which should become full on the twelfth year.-

This opinion I base on the following data, Viz. that the formation and construction of wells is not attended with either much expense or trouble - That the average Cost of a well may be estimated at Rupees 25. And it has been shown a Well is not capable of watering more than one fourth of a Valey of land: Take then a Valey of Poonjah to be assessed at Rupees 8, and the average of Baghoyet tax at Rupees 24 throughout the District, one fourth of a Valey Poonjah will be Rupees - 2 converted into Garden liable to Rupees - 6

Ten years exemption of the enhanced tax is..... } Rupees - 40

The

The Eleventh year's half exemption
tax is ..... Rupees— 2.
Gives a total of remission
Amounting to ..... Rupees— 42.
And the average Cost of a Well
is about ..... Rupees— 25.
Thus the Ryot will not only reimburse
himself the original outlay Cost, but
obtain his interest besides on his
money sunk, calculated at 12 ½ per
Cent, and also realize a remunerative
profit from the produce of his land.—

9. Doubled the amount of
Poonjah assessment on such lands con-
=verted into garden, appears to have been
allowed in lieu of the regular Ba-
=ghayet assessment in the Ryotwar
Talooks as an indemnity for outlay
incurred, but which taxation as observed
by Sir. H. Montgomery "is justly
"considered too high when the Crops raised
"by these wells are frequently the
"usual produce of Poonjah land."—

Para 7 of letter 6th Apl. 1840

10. There is some localities
in

in Tanjore, such as the high grounds in
Puttookottah Talook and the Cadarum-
=bum of Trivady, where the same encourage-
=ment might be granted for the construc-
tion of Tanks of irrigation for
raising paddy and other grains require-
=ing water— And in such Cases an exe-
=emption of the higher rate, for Nunjah
lands procured by the Tank might be
allowed for ten years with a subsequent
gradual progressive rise of tax from
half to three quarter and then full
Nunjah tax— The average Cost of con-
=structing a Tank capable of converting
20 Valies of Poonjah into Nunjah ex
is estimated at ..... Rupees 1,400.
The average rate of Poonjah tax
on the 20 Valies at 8 Rupees per
Valy would be Rupees ..... 160.
Nunjah Teerwah on the same at
Rupees 20 the Valey is Rupees— 400.
Ten years exemption from Nun-
=jah tax would be Rupees ---- 2,400.
The Eleventh year's half exe-
=emption is Rupees ------ 120

The

Fort St. George 19th April 1849.

The Twelfth year's quarter exemp=
=tion is Rupees ---------- 60
gives a total remission of Rupees ---2,580.
And this secures the Ryot the return of
his Capital expended, with something

From the Asst Collr of Tinnevelly

Sir,

Fort St. George

With reference to your letter of the 23d January last, and the Board's endorsement on Petition No. 1985 dated 25th November 1848 I have the honor to report as follows.—

2. It appears on reference to the records of this Office that there is a large ruined tank in the Village of Vasoodavanullor in the Talook of Shenkerninarcoil, for the repair of which different proposals have been made since the year 1834, the lands under which have been cultivated with Punjah by the under riots, but the Village being

Fort St. George 19th April 1849.

being Pungoovaly the proprietary right thereof belongs to the Meerasidars, as these latter were unwilling to execute these expensive repairs themselves, while they could not be undertaken at the Government expense not being likely to pay, and a former attempt having failed. To allow the under riots (who had made a proposition to do so) to attempt to make these repairs was entirely out of the question, as the lands could not be made over to them, the Village being Pungoovaly, and the proprietary right vested in the Meerasidars as above stated.—

3. Under these circumstances Appasawmy Naig 2d Bagum buttoo-goottadar of Velavarasanundal, who built the Coulputty Chuttrum at an expence of 20,000 Rupees or upwards, being anxious to endow the same, came forward stating that he will execute the repairs to the Tank at his private Cost convert the Lands into Punjah and appropriate the income

income of the same for the expences of the Choultrum at Covelpully, and requesting to be allowed a favorable maiwaram. Upon this an order was sent to the Tahsildar dated the 23d February 1848 to make a detailed report upon the state of the lands of this Tank, and that if any of the sharers object to the lands being made over to Appa-swamy Naig, to send them to the Huzzoor for enquiry, to which that Officer sent a reply dated the 16th March 1848. stating that the sharers and riots of the Village consent to Appasawmy Naig repairing the Tank, that they and Appasawmy Naig entered into an agreement that the latter should execute the repairs at his own cost and take 2/3ds for the Choultry, leaving the remainder, 1/3rd, to be enjoyed by the former, that the sharers thereupon sold 2/3rds of land to Appasawmy Naig for 6,000 Rupees, received the amount from him, and paid it back to him to defray the expences of

of Maramuth for the 1/3d still belonging to them, that the repairs are estimated at Rupees 12,508-3-0 and that if they are carried out and the lands converted into Nunjah, that the Government will gain Rupees 11,286-1-5 every year, according to the rate of Assessment in Vasoodavanullore. In the mean time the under riots addressed a Petition to the Collector stating that as they and their ancestors enjoy the land from a long time that they should be permitted to repair the Tanks, and they would carry on Nunjah cultivation, and pay a certain Maiwaram. This was referred to the Tahsildar who replied that the under riots have no right to the land, nor are they in a condition to enable them to undertake the repairs.

In a joint Petition dated March 15th 1848 from some of the Meerasidars and Appasawmy Naig, they requested Sircar Assistance in executing these repairs, so far as furnishing bodies and an order was sent accordingly to the Tahsildar in which it is mentioned that the

the Sharers who appeared at the Huzzoor admitted the fact of the sale of the land to Appasawmy Naig, and that the question of fixing the Mailwaram would be referred to the Board.—

5. Upon this the Shevagherry Zemindar addressed an Urzee stating that he has no objection to sell his share of the lands to Appasawmy Naig, but that if the latter be allowed to execute the repairs as he proposes, his (the Shevagherry Zemindars) other lands dependant on the Rasingapary Tank, which also receives its supply from the same River from which Coolasagarapary receives its supply would suffer for want of water— The Civil Engineer was thereupon requested by the Collector to go and inspect the place and give his opinion regarding the Statements of the Shevagherry Zemidar, who accordingly went and inspected the land and sent a report, copy of which is herewith forwarded—

6. On the receipt of this report the late Collector passed a decision regarding the same in September 1848, and sent an order to the Shenkenmanaroil Tahsildar on

on the 4th October 1848, Stating that he and the Civil Engineer went and inspected the place that Appaswamy Naig may put an earthen embankment 1½ Yards high across the breach during scarce Seasons, or at times when water is essentially necessary, that he may also execute the repairs to the amount of Rupees 8376–3–0 as per Estimate, and that the same riots who now carry on Poonjah cultivation – should be employed in cultivating the lands with Nunjah produce, and that he the Tahsildar was to guard against any mischief being done by the Shevagherry Zemindar – Under this last order the repairs are going on—

7. Under these circumstances as the Proprietors of 94 3/16 shares out of 100 3/16 appear to have sold their land to Appaswamy Naig if they have any dispute with him, either regarding an agreement which they say has not been executed, or regarding any other details connected with the alleged sale of these lands they may I think be referred to the Civil Courts – The interests of the cultivating riots seem sufficiently protected by the clause in the late Collectors order referred to above directing

Vide Board's Proc. No. 2218 of 1848.

directing that they should be the cultivators of the new punjah lands but the question of the division of the water appears to be the chief difficulty, and so much stress is laid upon it by the Shevagherry Zemindar that it is of great importance that it should be set at rest and having been decided by the Collector himself in connection with the Civil Engineer, nothing further remains to be done by me in the matter, though I have received a long Petition from the Zemindar on the subject Lastly I do not think that any reference to Punjayet of this dispute about the division of the water, would be attended with any beneficial results, both from what I know of the habits of the people, and from its having already been decided by the highest local authority. Petitions Nos 1985 2043. and 2218 of 1848 are herewith returned.

No 1.

Report on the Coolasaygrapairy ruined Tank in the limits of Vasdevanulloor.

Tinnevelly District
Sunkerenarcovil Talook

There is an extensive tank situated

situated near the base of the Hills, west of Vasdevanulloor, and would appear to have been in disuse for a period of upwards of 60 years, owing to a considerable breach in its bund, by which all the water discharged into it by a branch of the Palayaur escapes. On referring to the old records of this office, I find that an attempt was made in the years 1832/33 and /34 to restore the tank to an efficient state by closing the breach with earth and building a revetment of rough stone in front of the same, repairing the discharged Calingulah and cutting a new course for the channel of supply, in order to prevent the stream setting abruptly against the bank, as is the case at present. an old sluice of irrigation was also to be restored. The repair of the tank was originally suggested by the Tahsildar of that day, but the Assistant Civil Engineer, Lieutenant Best, not considering his Estimate sufficient, revised it, and entered the particulars in his Diary of the 13th July 1832. The revised Estimate amounted to Rupees 1968. 10 2, and the increase expected from the above

above outlay was Rupees 1200 for the 1st year, Rs. 2,400 for the 2d year, Rupees 3,600 for the 3d year, and Rupees 4,800 for the 4th and following years. In a subsequent Diary, dated 14th February 33, Lieutenant Best recommends a further sum of Rupees 309 for constructing a balingulah across a breach as it is termed, on the left bank of the Southern stream supplying the Colashagiapairy tank, and by which a large body of water found its way into the Northern stream supplying the Rasingapairy tank of Shevaghery. The repairs appear to have been carried on during the years 1833 and 34 as there are occasional notices of them in Lieutenant Best's Diaries of those years, but it is not very clear how much was actually accomplished. The breach was probably filled in and the revetment built in front, but none of the other masonry works, mentioned above, would seem to have been executed. While the work was in this state, the bund was again breached by the rains of 1834, and Lieutenant Best, in his Diary for August 1835 objected to recommend any further outlay upon the tank, as it was not likely to repay it in 3 years. Since 1835 the Colashagrapairy tank has remained in

in its breached state and the lands under it have been cultivated as "Poonjah".

After a careful inspection of the tank and its channel of supply from the Palayaw, I am disposed to agree with Lieutenant, now Captain, Best, that it is not worthy of the outlay, which would be necessary to put it in thorough repair. Its bed, excepting in the immediate vicinity of the breach, is very much filled up with deposit, and on a liberal calculation, I do not consider that it can hold water for more than 150 kotays of Punjah land. This is under the most favorable circumstances; the probability is that 100 kotays would be the quantity actually cultivated in a good season and provided the tank were in thorough repair. To put it in this state will require an outlay of Rupees 8376. 3. made up of the following items, Viz.—

1	For raising and strengthening the Tank bank	Rupees	1951 3 0
2	Cutting new course for the supplying channel		469 2 0
3	Closing breach with earth & revetment of rough stone in Chunam in front		1852 8 0
4	Constructing 2 Sluices of irrigation		647 4 0
5	Rebuilding 3 Surplus balingulahs		456 2 0
	Total Rupees		8376 3 0

Fort St. George 19th April 1849.

The return to Government for this outlay would not be more than 800 Rupees 1,000 or 1200 per Annum, according to the nearest calculation I can make of the capacity of the tank and of the ex=tent of land likely to be brought under cultivation—

With regard to the supply of water derivable from the Palayam, it appears that the Colastragrapairy tank already receives far more water during the rains than it can contain with safety to itself. To throw more in, therefore, by building a permanent work across the breach, as it was termed 15 years ago, but which has now become by far the largest stream of the two, would only further endanger the bund. I reckon the total capacity of the tank at 25,01,600 C^o y^ds of water, and taking the average area of the Channel from actual measure=ments at 20 square yards, that is 20 yards in breadth and 1 yard in depth and allow=ing that the water, during fresher rains with a velocity of 2 Miles per hour, the tank would fill in a day and a half even without the assistance of a bailing dam across

Fort St. George 19th April 1849.

across the breach at A in the accompanying sketch & levels— And though a work of the kind might be useful in scarce seasons, it would operate unfavorably during heavy rain in throwing more water into the tank than it could contain with safety to the bund—

Great opposition is at present manifested by the Zemindar of Shevagherry to any interference with the present arrange=ment and levels of the two channels, but this does not appear to have been the case in 1833, when the Colastragrapairy tank was under repair by the Cirkar, and the Cobingulah across the breach proposed by the Assistant Civil Engineer— No= mention at least is made of it in= Lieutenant Reid's Diaries, and he would hardly one would suppose, have passed it over without remark if any existed. On the other hand I should mention, that an individual, by name Cavaty Rungapah Naiken obtained a bowl from the Col=lector in the year 1805 for 100 Cotays of land under this same tank, and upon his attempting to turn the water of the Palayam into it, met with such determined opposition

opposition from the Zemindar, that he sued him in the Civil Court for Rupees 3,000 his assumed loss. The Court, however decided against the Prosecutor, and in favor of the Zemindar, on the grounds that the lands under the Colashagrapairy tank had not been cultivated, nor had the tank itself received any water from the above source since Fasdoo 956, an interval of about 27 years, the date of the decree being 12th May 1807.—

It is not to be doubted, I think that the person who originally constructed the Colashagrapairy tank reckoned upon the Palayaur for the necessary supply of water—what arrangements were then made with the Shevagherry Zemindar it is impossible to say, but I cannot help thinking that a fair division of the water must have been agreed upon, otherwise the labour and expense of constructing the Colashagrapairy tank would have been in vain— If the circumstance of the Tank being out of repair for a long series of years is considered sufficient to set aside the original agreement, whatever that was, and to continue the Zemindar in undisputed

undisputed possession of the whole of the water in scarce seasons, for it is then only that a division is necessary, the present applicant for the lands Appaswamy Naik has as little chance as his predecessor of obtaining his share. Considering however that, to all appearances, the Zemindar made no opposition to the arrangement proposed by Lieutenant Best in 1833, and that he has moreover, a separate channel taken off the Palayaur about a mile above the Site of the so called breach by means of which nearly all the water in low freshes is drawn off to his tank, and which channel, he has considerably widened and deepened within the last 2 months, I do not think that he should object to the proprietor of the Colashagrapairy tank taking what he can get below— At present from the bed of the river being low on the left or Zemindar's side at the point marked A on the Sketch, whatever water is not drawn off by the upper channel which has its head at B finds its way into the same channel at C. so that the Colashagrapairy tank is cut off from all

Fort St. George 19th April 1849.

all supply except in high freshes Lieut. Best as before mentioned, proposed to construct a Calingula of rough Stone in Chunam across the breach at A and to turn the water by this means into the Colasha-=grapairy tank - I would rather advise that the bed of the river at this point should be levelled and permission granted to the Colashagrapairy tank proprietor to throw up an earthen embankment 1½ yard in height above the bed during scarce Seasons or when water is essentially requi-=site for the cultivation. This embankment would of course be washed away by the freshes, and it is better that it should be, for otherwise the Colashagrapairy tanks would stand a good chance of being breached.-

I have already given it as my opinion that the Colashagrapairy tanks is not worthy of the outlay required to put it in through repair and could not therefore recommend it as a Govern-=ment work. Nevertheless the present applicant, Appraswamy Naik chooses to expend his money upon it with a view

Fort St. George 19th April 1849

view to bring the land under wet cultivation the arrangement proposed above for supplying it with water in scarce seasons should, as I think, be carried into effect.-

The particulars of the Estimate now prepared together with an enlarged Sur-=vey and Levels of Rasingapairy and Colashagrapairy tanks and Channels, taken by Sub Assistant Surveyor Mr. Nair under my directions are herewith forward-=ed for the Collector's information.-

Calling for information from the acting Collector of Timnevelly on various points connected with Petition No. 1985 of 1848 relative to the repairing of certain Tanks

Para 1. Before passing orders upon the Subject reported on in the letter above recorded the Board require some further information - It is stated in Para 3 that the Thasildar in his Urzee of 16th March 1848 represented that the Sharers and ryots of the Village had consented to Appraswamy Naik repairing the Tanks and that the Sharers had sold 2/3 Ds. of the land to him for Rupees 6000. Again in Para 4 that in a joint Petition from some of the Meerasdars and Appraswamy Naik - they requested Sircar assistance

assistance in executing these repairs and that in a Takeed sent to the Shasildar it was mentioned that the Sharers who appeared at the Kooyoar admitted the fact of the sale of the land to Appaswamy Naick. in Para 5 that the Shevagherry Zemindar addressed an Urzee stating that he has no objection to sell his share of the lands to Appaswamy Naick in Para 7 that the proprietors of 94 3/16 Shares out of 100 3/16 appear to have sold their land to Appaswamy Naick. The Board wish for explicit information as to the extent of land under the Kolasagarapairy Tank. the manner in which it is entered in the Survey accounts whether as Nunjah Poonjah &c., the names of the several Meerasadars and the Shares belonging to each, the parties by whom the land has hitherto been occupied, those in whose names it is entered in the Settlement accounts and puttahs are annually granted. It should also be stated what Meerasadars have sold their interests in the land to Appaswamy Naick, what is the extent so sold, what engagements have been concluded between the Vendor and that individual respectively, what is the native

nature of the objections raised by those Meerasadars who have not entered into the arrangement or having entered into it now oppose it, what assessment is at present borne by the land as Poonjah, and what will be paid upon it when converted into Nunjah, and in what manner this last has been determined. It is represented by the ryots in Petition No 2043 that they offered to repair the Tank and hold the land as Nunjah on more favorable terms than those offered by Appaswamy Naick and that their proposal was rejected. explanation should be afforded relative to the rates proposed by them and those accepted from Appaswamy Naick

2. Further it seems that orders have been given by the Collector that the ryots who now cultivate the land as Poonjah should continue to till it as Nunjah. It should be stated what measures have been taken to ensure the present occupants being maintained in possession and how the Nunjah warum payable by the ryots has been settled both as respects that portion transfered to Appaswamy Naick and that retained by the Meerasadars.

3 The Meerasadars are represented as having sold 2/3 ds of their lands for Rupees 6,000 and as having paid over this sum to Appaswamy as their share of the repairs on account of the 1/3d which they retained - but the whole cost of the repairs is only estimated at Rupees 8,376. it should be explained why the Meerasadars should have been called upon to contribute so large a proportion of it on account of their 1/3d share. To, H. V. Conolly Esqre
Collector
Malabar

Sir,

In acknowledging receipt of your letter No. 494 of the 15th Instant I have the honor to acquaint you, that the Cochin Sirkar are not disposed to cede any ground at Muttancherry to the Honorable Company.

The proposal of the Sirkar was that the Government should grant to a portion of the Sirkar town of Muttancherry the privilege of Ships built there having a British Registry an arrangement which it was supposed would be a convenience to British Merchants as well as beneficial to the Sirkar, but it was stated by Mr Underwood that

that such an arrangement would be contrary to the Act of Parliament.

Such being the case the Sirkar would not wish to relinquish any part of Muttoncherry.—

No. 36 Extract from the Minutes of Consultation dated 1st February 1849.

Letter No. 4 dated 6th April 1848.

2@7 Wallia and Anemalee Teak forests.

Para. 2. The plan of working these forests by means of a fixed Salaried Establishment has as we anticipated proved a failure, the expenses incurred having considerably exceeded the value of the of the Timber felled. It now appears to be your attention to adopt

Ordered to be communicated to the Revenue Board with reference to Extract from the Minutes of Consultation of the 19th October 1849.

adopt the mode suggested by us Viz.t to have the business of felling performed by Contract and we have no doubt that this will prove in every respect more advantageous provided the Contractors be subjected to such Superintendence as will prevent a continuance of the wasteful practices which have hitherto proved so destructive to the Forests and have occasioned the loss of such valuable wood.—

3. We observe that it is intended to make it a condition of future contracts that the Saw shall be used instead of the axe in cutting up the trunks of trees and that rules shall be established to ensure the due seasoning of the timber.

4. An Officer has also

also been appointed to examine and report on the Anemallee forests and to consider the best means of providing for the transport of timber to the Coast and the working of the forests has been very properly suspended until an improved plan for future operations shall have been agreed upon.—

5. With regard to the best means which can be adopted to prevent the removal of unseasoned timber from the forests as well as to prevent the felling of trees not of approved size we would recommend for your consideration the practice observed in the forests of Aloul, Mein namely to mark out the trees fit for felling and to cut a ring through the bark of 5 or 6 inches

inches in breadth at a convenient distance from the ground in order to prevent the ascent of the sap during the succeeding year.—

6. In the following season the branches of the trees so killed will require to be removed to prevent injury to the trunks as when cut down.—

Resolved that these paras be communicated to the Marine Board in reference to the Resolution of Government of the 3d July 1818 No. 28 and to the Board's letter of the 10th November following No. 326 with a request that they will in communication with the Revenue Board submit arrangements for carrying out the Honble Court's orders contained in para 7.—

7. You very properly decided that it is unnecessary to appoint an Officer for the sole purpose of Superintending these lights and that the object of such an appointment may be equally attained by means of periodical reports on the state of the Lights to be furnished by the local authorities and by the Commander of the Government Steamer Hugh Lindsay. "The Engineers or other competent servants of Government employed in the several districts

8 and 9 Superintendence of the Light Houses on the Coast of the Madras Territories

districts should be directed to inspect the illuminating apparatus and to give timely notice of the repairs or alterations required and the Masters Attendant should take care that there is always a sufficient supply of proper stores and should enforce regular and efficient attendance on the lights.—

8. When the Marine Board in whom the general control of the Light Houses is now vested stated that the duty of attendance is not performed "in the most creditable manner" the avowel appears to us to be by no means creditable to themselves. They transmit to Government a communication from the Master Attendant at Pellicherry reporting that the light at that place though remarkably bright during the first part of the night grows dim during

during

during the latter part because as the Master Attendant conjectures the man whose business it is to attend the light at that time falls asleep "without apparently considering that it is the duty of the Master Attendant to enforce greater watchfulness on the part of his Subordinates and that it belongs to the Board to prevent the Master Attendant from neglecting his duty. If that Officer were held responsible as he ought to be for the proper appearance of the light he would doubtless take care that this duty should be properly performed.—

Sir

I am directed by the Board of Revenue to forward to you copy of an Extract from Minutes of Consultation under date the 27th ultimo, instructing the Military Board to place themselves in communication with the Chief Magistrate the Board of Revenue and the Collector of Madras with the view of ascertaining the best means of disposing of the present building abandoned as a Penitentiary and to request that you will favor them with your opinion as to the purpose to which the building in question can be devoted. The Board would suggest for your consideration whether it could be made available as a Salt store and if it could with advantage be so appropriated they would wish to be informed what quantity of Salt could be housed in the lower story, what arrangements should be made for that object, and what would be the expence involved as

as also whether Salt could be brought to the building by water from the head of Cochrane's canal up to the Coaum River in its present state and if not whether such communication could be effected and as nearly as you can judge at what probable Cost.

2. The Board also beg to know whether the premises now occupied by the Still for the distillation of the Country arrack supplied to the retail venders of Madras, are Government property or are held upon rent and in the latter case at what rate and whether the still could be removed to the building now referred to.

The Salt sales in Rajahmundry for Fusly 1257 were less by Rupees 12,202-10-11 than in Fs. 1256 - 6102 Rupees of the gross decrease appertains to Inland consumption.

consumption 4115-8 to Home sales and 2,130 to export to Calcutta. The inland sales were affected by there being no spontaneous Salt at one particular Pan and by the want of manufactured Salt which interrupted the sales for a time. The failure of Spontaneous Salt was of course beyond the control of the Revenue Authorities and unless the season for manufactures was unfavorable the latter obstruction to the sales should have been prevented. The sales for Home consumption in Fs. 1256 were much in excess of 1255 and the decrease of Rupees 4,115-8 in those of Fusly 1257 without supposing them to have been influenced by the employment of Dhonies at the Godavery works has most probably been caused as the Collector states, by wholesale dealers having laid in stores in the preceding year. The sales of Fusly 1257 though less than those of Fs. 1256 it is satisfactory to observe greatly exceed those of Fs. 1255.

The Collector assigns as one cause

cause of the decrease under the Head of Frontier duty the impediment offered to the navigation of the Coringa branch of the Godavery by the construction of the Annicut. The Governor in Council is however inclined to see a sufficient reason for the falling off in the import from the Nizam's Territory of Timber in the facts reported by the Collector "of the exhausted state of the forests near the river" and the "large supply of Timber brought from Maulmein and other parts for ship building purpose at Coringa" whereby the import duty in the Sea Customs on British bottoms was increased. discontinued from the date of its suspension in April 1841.

Transmitting Petition from Assum Khan to be disposed with reference to former instructions on the subject

Council approves of the instructions which the Board of Revenue propose to issue to the Acting Collector of Tinnevelly respecting the Mauriem Villages granted in endowment of Canoomeyah's Mosque in that Town and now in the possession of Cunnebeen.-

2. In regard to the Yeomiah of Rupees 359-5-4 per annum which is not supported by any Sunnud and is stated to have been hitherto disbursed on the authority of "Mamool" the Governor in Council cannot but view it as an unauthorized payment. If authorized at all it was for the expenses of the Mosque "as shewn by Mr. Cotton's Register of Sayer Yeomiahdars but as it is reported by Mr. Thomas to have been hitherto misapplied and abused, the Governor in Council directs that it be discontinued from the period of its suspension in April 1841.-

Reviewing the claim of the Congoondy Poligar to the Collection of the Motupilla of the Pollicat and determining on the resumption of that branch of the Poligars revenue making a reduction in his peishcush of 90 per cent of the Collections.-

Extract from the Minutes of Consultation under date the 5th April 1849.-

Read the following Extract from the Proceedings of the Board of Revenue.-

/Here enter 11th January 1849. No. 16./

Para The Board of Revenue recommend in the foregoing proceedings that the compensation to be allowed to the Congoondy Poligar on account of the proposed resumption of the Motupha should be settled at 60 per Cent of the average net revenue from that source.-

2.- This recommendation is based upon the ground that the Peishcush was estimated to be in the proportion of 60 per Cent to the entire

R Cons 7th Sept. 1821 No. 2.

" — 18th April 1828 — 1546.

entire effects, but it does not appear that the Peishcush was actually calculated at that proportion of the income from the property. It would indeed seem to have been held that the Peishcush however fixed, was not to be increased, and that when a propositions to that effect was afterwards made, the Government under Sir Tho: Munro rejected it on a consideration of the circumstances connected with this Estate, and along with it, of the conduct of the Poligar.

3.— It is stated that Colonel Read "placed the Poligar then existing" "on the same footing as his ances-" "cestors had formerly been holding his "Polliem on a fixed Peishcush "and directing himself, all its in-ternal affairs," and with the exception of a small interval between Fushes 1226 and 1232 the Polliem has been held on this principle from 1790 to the present period by successive Members of the family, paying the Peishcush and enjoying the Meturpha in common

common with other items of revenue appertaining to the Estate.—

4. From the correspondence which passed under the Government of Sir Thomas Munro respecting this family and to which allusion has just been made it is clear that a distinction was intended to be established between the Poligar of Congoondy and the Zemindars who for a time were suffered to levy the Meturpha although it was expressly intimated in their summonds that this revenue was reserved to Government No Summond was ever issued to the Poligar of Congoondy, but it was known at the time, that the Poligar had always collected the Meturpha and one of the propositions made by the then Board of Revenue was that it should for the future be collected by the Officers of of Government, and that an abatement should be made on this account in the Peishcush to be permanently settled

in

in the Pollicm. It was however decid-
=ed that there should be no change
in the tenure or in the amount of
Peishcush, and this decision was
approved by the Court of Directors
The Motupha was left advisedly
to the Poligar from that time and
whether it was included or not
in the assets upon which the Peish-
cush was originally settled which is
doubtful it must be considered to
have been given up to him as an

Relative to the Settlement of the Land Revenue in the District of Guntoor for Fusly 1257 / 1847/48.

Here enter 13th March 1849 No 115)

The Report of the Collector of Guntoor on the Settlement of the Land revenue of that District for Fusly 1257 which accompanied the Proceedings of the Board of Revenue, contains much information regarding the Statistics and resources of the country that is as valuable and important as it is interesting to the Government and betokens an earnest and zealous attention on the part of that Officer to the welfare of his charge, that is highly commendable—

2.

The remarks of Mr Stokes shew that the general conditions of the country

country is improving— The population which he justly observes is a most important ingredient in its resources, as well as agricultural stock, has greatly increased— The Returns on which this report is founded cannot perhaps be received as strictly correct, indeed Mr Stokes himself admits, "that the "Curnums have been in the habit of "understating the population and stock "of their Villages either from indolence "or purposely to cover their own intrigues for keeping down the revenue" but notwithstanding their defective nature, the Right Honorable the Governor in Council sees reason to hope from the measures adopted with the object of obtaining greater accuracy in this respect, that the Returns of population and Stock for Fusly 1257 though not admitting of a fair comparison with those of bye gone years, sufficiently prove a large increase since the period of the Famine— The Governor in Council would impress upon Mr Stokes attention

Fusly 1243	——	255511
—"— 1247	——	267426
—"— 1252	——	344729

attention, the necessity of a steady perse-
-verance in his endeavours to obtain
accurate Returns, and it is to be hoped
that in a few years a fair average
of the resources of the District will
be obtained - The decline observed by the
Board of Revenue in the Talook of
Mungalagherry is deserving of particular
investigation, and the Governor in Council
will be glad to have Mr Stokes explan-
-nation on the subject

3. In the Settlement of the
year the Collector has given effect to
several important arrangements, he has
had in view the instructions furnished
to him for the extension to the whole
District of a uniform Ryotwary system
he has ceased to grant Leases of Vil-
-lages, and has discontinued the distinc-
-tion of rate between resident and
neighbouring ryots, the Hereditary tenure
is represented now to have been entire-
-ly superseded in the Dry lands and
partially in the wet by money rents
considerable progress has been made
towards the completion of Field registers
and

and the important duty of field exami-
-nation before the Cummalcundy where
necessary, is now extensively practised
A revision of the complicated and
vicious system prevailing in the assess-
-ment of the Villages bordering on the
coast has taken place and the more
simple mode of assessing the land
according to its soil substituted, abuses
on the part of the Curnums have been
discovered, and their combination and
the influence exercised by them in
checking cultivation, by which loss had
been occasioned, detected - Attention has
also been directed to the improvement
of works of irrigation, and promoting
the efficiency of the Village Establish-
-ments by filling up vacancies,
inspecting the Mottands and examin-
-ing the Village Moonsiffs, and instruct-
-ing them in their duties for this end,
they have been furnished with a printed
manual for their guidance the small
cost of which it is said they cheer-
-fully paid, they have been urged
likewise to take a prominent part in
making

† Note on this subject the Collector has made a separate report now under the consider-ation of the Board.

making the collections of their Villages
are represented to have already prov-
=ed useful in the Police Department—
The Governor in Council entirely approves
of these measures and would en-
encourage Mr Stokes to persevere in
them and to stimulate the Officers subor-
=dinate to him both European and Native
to the like exertion—

4 The Season of Fusly 1257
commenced favorably, but heavy show-
=ers at a later period seriously injured
the Jonna, the staple grain of the
District and following a year similar
in this respect, is stated to have led
to more or less impoverishment partic-
=ularly in the Mungalagherry and
other Talooks where the Jonna
forms almost the only produce— The
other descriptions of dry produce yielded
according to the period of their arriv-
=ing to maturity, the earlier "tolerably"
the later the finest for many years!
The outturn of the wet crops was good
only on the lands watered by the
Vellatoor channel, elsewhere they were
lighter

lighter and the wet cultivation less,
both arising from the insufficient sup-
=ply received in the Toongabudra and
other Kistna Channels— Estimates
have lately been sanctioned for widening
and improving the Toongabadra Chan-
=nel in the current year and the
defects, to which is partly to be attri-
=buted the decrease of Revenue from
the wet lands depending on it noticed
by the Collector in the 27th para of his
report, will be thoroughly remedied—

5 Prices varied little from
those of the preceding year but from the
nature of the season would seem to
have proved of little or no advantage—
With the exception of Fever which
prevailed extensively in some parts
for a short time— the District was
comparatively healthy—

6. The demand for land
revenue as settled for the year amounted
to Rupees 14,55,944—9—9 that is—

Guntoor proper— Rupees 12,68,712-2-1
Palnaud ——— 1,87,232-7-8
14,55,944-9-9

and exceeding the Settlement of Fusly 1256
in

Fort St. George 23d. April 1849

in the sum of Rupees 2,169-12-8. Of this increase Rupees 17825-6-8 is in Guntoor and the remainder in Palnaud. The demand for Guntoor proper is enhanced by about Rupees 11,000 owing to the transfer of certain Villages to and from other Districts, but excluding this amount, it exceeds by Rupees 32,000 the Permanent Peishcush. There is however yet abundant field for improvement, and the Government look forward as do the Board of Revenue from the plans in progress to the attainment in due time of that "capability on which the permanent Jummah was computed."—

7. The collections within the Fusly amounted to Rupees 1,37,080-7-4 and the balance of Rupees 76864-2-5 at its close was reduced by subsequent collections to the 15th October to Rupees 49198-12- as shewn below.—

Fort St. George 23d. April 1849.

This latter balance has been further reduced by the 31st December 1848 to Rupees 43,173-7-6 and is stated to include allowances to Village Moonsiffs, Quit rent on Enams &c., but the great bulk of the balance, due on the Villages along the Kistna where the assessment is higher and where the Jonna failed, it is represented will be recovered—

8. The collection of arrears amounted to Rupees 83661-11-3 of which by far the greatest portion belonged to the previous year.—

9 The gross amount of Revenue collected to the 31st December 1848, from all items appertaining to the Land as well as from the Extra Sources, in which that of Salt is the most prominent, amounting to Rupees 387023- and including arrears, was Rupees 1887123 which being in advance of the collections of the same period of the previous year by Rupees 118230 and approaching the standard before the famine, is highly creditable to the exertions

Fort St George 23d April 1849

"Tax which fell on the Ryots was generally "light, great pains having been taken at the "time of Settlement to prevent its falling "too heavily in any case"-

3 The remissions explained in paras 36 to 43 of the Collector's report were less by Rupees 105,20-8-9 than in Fusly 1256- They seem to call for no notice beyond that which the item of Moonasib Cummee has received from the Board of Revenue in the 14th Para of their Proceedings- The provision in the Hookumnamah of 1842 for assessing cultivable land retained for pasturage appears to have been properly and judiciously enforced in Fusly 1257-

4. On the subject of Shrotriums a separate report is promised by the Collector, and as while delaying the settlement of the points under discussion the accumulation of balances proceeds, the Governor in Council desires soon to have before him the promised report with the Board's proceedings thereon- The report on the subject of Poolery called for by the Board

so

so far back as 25th September 1845 is apparently still due.—

5. The transfer of certain Villages to Guntoor has effected the comparison of the results of the two past fusles— and has caused a decrease in Nel- -lore of Rupees 10771–14–6 but not withstanding the Collections of Fusly 1257 of Revenue under Ryotwary Settle- -ment are with the exception of Fusles 1214. 15 and 34 the highest on record since the assumption of the District and it is highly gratifying to the Governor in Council to have the Collector's assur- -ance that they "were made with the "greatest ease and the Ryots have not "been distressed at all"

6. The Right Honorable the Governor in Council according to the recom- -mendation of the Board of Revenue grants authority for writing off from the Accounts of the Nellore District the sum of four thousand three hundred and fifty six Rupees, fourteen annas and ten Pice (4,356–14–10) the outstanding balances

Board's Proceedings Para 19.

balance of Fusly 1256 reported irrecover- -able.—

7. In the 9th Para of his re- -port the Collector on acknowledging the aid he has received from the Officers subordinate to him mentions that the Head Assistant Mr. Sutherland and the Assistant Mr. Haggard has each charge of the details of two Talooks but that the settlements were conduct- -ed in his presence— The Governor in Council does not understand from this what degree of responsibility was imposed on these Gentlemen— He observes the Head Assistant has nearly completed eight years resid- -ence in India and from his exp- -erience should be competent to con- -duct the settlement of the Talooks placed under his charge— The Board will request Mr. Smith to state for the information of Government the exact extent and nature of the duties assigned to his Assistants in Fusly 1257 both Revenue and Magisterial

Read the following letter.—

To T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

Sir,

46

From the Collr of Guntoor—

I have the honor to acknowledge the receipt of your Circular letter dated the 2nd October last calling attention to the orders of the Board dated the 17th September 1812 on the subject of taking security from Public Servants and calling for a list of persons from whom security is now taken shewing the amount and nature of the Security given by them at present, and what alterations are suggested.—

Forwarding as requested in the Board's Circular of the 2d October a list of Servants from whom security has been taken.—

2. It has not been clear to me whether the Board desired that the List should include all parties now in the service from whom security has been taken, or only those situations for which it is the present practice to require security. as the safer course, a list has been made out on the former principle and is now submitted. It will be observed that under Mr. Whish's

security

Fort St. George 23rd April 1849

security was required from almost all the Revenue servants. The conditions are of four classes. In the first, the surety engages to pay twice the amount which may be adjudged to be paid by the servant for any malversation 2d. to pay three times such amount 3rd. To bear such fine or punishment as may be adjudged by the Circar. 4th. To be liable to the extent of a certain sum specified in the Bond.—

3. The present practice is to require security from parties holding the Office of Huzzoor Cash Keeper and Shroff's Talook and Salt Tarah shroffs Goomastah of the Frontier Sayer, and sea Custom Chowkies where there are no shroffs, stamp Daurogah and stamp venders and the servants in the Post Office Department according to the existing Rules.—

4. It is not easy to say on what principle the amount of money security should be determined in each case. Talook shroffs recently appointed have been required to give security to the amount

Fort St. George 23rd April 1849.—

amount of Rupees 1,000 in first class Talooks and Rupees 750 in 2d. class Do. Half the former sum may be sufficient for the custom servants incharge of Treasuries, 5,000 Rupees for the Huzzoor Cash keeper - 2,500 for the Head shroff and 1,500 in the second shroff at the Huzzoor.—

5 It is proper to mention that great difficulty has been found in procuring security on the terms enjoined by the Board of having property mortgaged to the Sircar. Should the same difficulty continue, it may be necessary to qualify this condition.—

Guntoor Zillah,
Collector's Office,
Dindy 19th April 1849.

Order thereon.

Fort St. George, 23rd April 1849.

Ordered to lie over-
Read the following letter.

To,
T. Pycroft Esqre
Secretary to the
Board of Revenue,
Fort St. George.

(48)
From the Acting Collector of Bellary

Sir,

The Collector of Darwar has applied to me to deliver up the effects of a Revenue Defaulter of his District, which he has caused to be attached in satisfaction of the claim of the Bombay Government against the Individual and which effects have been removed, or at least are now within the precincts of the District. He states that he is not aware whether there is any provision of the Regulations of the Madras Presidency which would interdict my seizing Property in my jurisdiction, to satisfy the claims of Government in the Bombay Presidency, and begs, should there any such exist, I would point out to him the course by which he should proceed to obtain possession of the effects in question-

(48-49)
To the Acting Collector of Bellary

Sir,

I am directed by the Board of Revenue to acknowledge the receipt of your letter of 24th Ultimo representing that the Collector of Darwar has applied by you to deliver up the effects of a Revenue Defaulter of his District which he had caused to be attached in satisfaction of the claim of the Bombay Government against the Individual and which effects had been removed or at least were now within the precincts of your District and requesting the instructions of the Board for your guidance in the matter. In reply the Board direct me to inform you that

From the Acting Collector of Bellary.

Sir,

At the request of Mr. McIntyre the assistant Apothecary in Medical charge of the Sub collectorate of Bellary, I have the honor to forward the accompanying letter to my address in which Mr. McIntyre for the reasons therein set forth requests that he may be allowed to draw the same allowance as is granted to Medical Subordinate Officers in the Bengal Presidency

Presidency situated in positions precisely similar to his.

2. Mr. McIntyre it appears applied before for this allowance, but was refused by Government, the claim not being supported by the Military Auditor General who stated three reasons for not admitting the claim. These grounds for refused Mr. McIntyre has endeavoured, and I think successfully to controvert and has shown that he is precisely in a similar situation to those where the allowance is granted in Bengal.

3. As it appears to me that Mr. McIntyre's claims founded upon the order referred to /Viz. No. 1149 dated Fort William 8th September 1840/ are worthy of reconsideration, I have taken the liberty of complying with his request by forwarding his letter for the orders of Government.

Proceedings thereon.

The Board observe that Column 2 in the Statement under review does not correspond with the Statement submitted by the Collector for July 1848. The Collector is therefore requested to amend his Statement and at the same time to specify in Column 8 the date of the authority under which each charge was incurred and return it to this Office with as little delay as possible.

Mr. Cochrane is requested to cause greater attention to be paid to the preparation of his periodical Returns, those received from his District frequently containing inaccuracies.

From the Agent at Kurnool.

Furnishing certain information on the subject of tasing improvements in land effected at the expense of the ryots.-

Sir,

I have the honor to reply to your communication dated the 24th August last requiring certain information on the subject of tasing improvements in land effected at the expense of the ryots.-

2. The Wells used in this District for irrigation purposes are of four different kinds. Of these the Wells of the less costly description are called "gareetsee". They are seldom more than 3 or 4 yards deep are generally excavated on the banks of Nullahs rivulets and spring channels where water is found at a few feet under the surface: are mostly lined with only wicker work and costing originally no more than from 5 to 10 Rupees seldom or ever last beyond a single season. I do not therefore consider this class of Wells to come within scope of the Board's observations.-

"Gareetsee Wells"

3. The second description is termed Moorgah Well is always constructed on the bank

bank of a river or large channels close to the edge of the stream at its greatest width a spot is generally selected to which water may conveniently be conducted when the stream is reduced in breadth or flows in the main channel either partially or at a distance. These Wells are sometimes lined with stone but frequently are nothing more than a mere excavation of the bed of the channels. They however always require a side work or wall of stone built above the high water mark. The cost of constructing Wells of this Class may be taken at from 20 to 50 and from 50 to 100 Rupees and it is considered that they are capable of supplying water for the irrigation of Bagayut or Nunja of five acres of land.—

"Isattoo" Wells 4. The third description of Wells is that termed "Isattoo"-Wells of this kind are usually dug in hard rocky soil and are more common within a range of about 20 miles from the base of the Nulla Malla Hills which separate this province from the Sub Division of the Cuddapah Collectorate, than in other parts of Kurnool. It is usual to face with stone only such parts of these Wells as after the labour of sinking is completed are found to have been excavated

through loose or gravelly strata. It is calculated that the cost of excavation is in some places 300 in others 500 Rupees and that on an average the water available in them will suffice for the irrigation of four acres of Soil.—

"Putter bundee Wells." 5. The only other kind of Well found in this District is that called "Putter bundee" These Wells are lined throughout with stone & varying little in their length and breadth are held to be costly in proportion to their depth it being calculated that those which are 30 feet deep cannot be constructed for less than 300 Rupees, those of 42 feet depth for less than 500 Rupees, and those of 60 feet depth for less than 700 Rupees. The average quantity of land for the Cultivation of which these Wells will suffice is not more than four acres.—

" " 6. Although not a costly or very lasting description of Well the "Doorooos" kind is that which prevails in this District I therefore deem it proper to express my opinion respecting the period of exemption from Seerwa Jashtee to which the constructor of such Wells should be held entitled leaving to your Board for decision whether or not its enquiries contemplate information regarding this Class of Well.—

J.S.

Fort St. George 23d April 1849.

7. It appears to me that the liberal intentions of the Honorable Court of Directors may be carried into execution in respect of Ryots constructing Wells of the Doorrovoo kind by allowing 3 years entire exemption from Teerwah Jashtee to the land cultivated under a Well without a stone cistern and a similar indulgence for double that period or six years whenever the Doorrovoo may be of the superior kind lined with stone.

8. My proposition has the following calculation for its basis - The average cost of constructing such Wells as require an outlay of from 20 to 50 Rupees is ——— Rs. A-P 35 " "

Add Interest at 12 per Cent per Annum on the above ——— 4 " "

39 " "

Remit the Teerwajashtee on 5 acres at 8 Rupees per acre of two Crop land ——— 40 " "

Difference in favor of the Ryot above the cost of construction realized in first year. ——— 1 " "

9. Now as within one year the assumed cost of construction is thus more than reimbursed to the Ryot, he is a considerable gainer and is greatly benefited by

Fort St. George 23d April 1849.

by the remissions of the two following years.

The average cost of such of the better kind of Doorrovoo Wells as require in building them an expenditure varying from 50 to 100 Rupees is ——— Rs. A-P 75-4-0

Interest at 12 per cent per Annum for one year ——— 9-4-0

Do. in second year on Balance 35 Rupees 4-3-4

Total Cost ——— 88-3-4

Remit the Teerwajashtee on 5 Acres for two years at the rate of 40.

Rupees per Annum ——— 80-0-0

In the 3rd Year ——— 8-3-4

88-3-4

and the Cowle for 6 years leaves the Ryot a clear gain of no important sum.-

* 35 Rs. 75 Rs.

10. In order that the amounts assumed as the average cost construction of these Wells may in no instance bear equally on the Ryot, I think that when any doubt has arisen the Agent should carefully ascertain the precise amount of outlay incurred by the constructor and modify accordingly the time of exemption from Extra demand taking as the standard rule that three and six years are the periods respectively allowed for 35 & 75 Rs. expenditure

To

Fort St. George 23d. April 1849.

11. To show on what data I have fixed at Rupees 8 per acre the amount of Seerwajastee. I beg to state that finding the average Gootta realised on land under Well cultivation in this District to be Rupees 8-14-3 the acre whilst that paid on Mausab and Saul lands the only kinds in which it is usual to sink Wells is 15 annas the acre, it has ap-
Rs. 8-14-3. peared me a simple arrangement to reduce the ascertained average rate of land cultivated
Rs. 1-15-1- under Wells to 8 Rupees and regard the 1 anna 3 price struck off as equivalent to the ain Krooskee Gootta with which the con-
structor of a Well will still be chargeable for the ground occupied under it.-

12. I do not believe the interests of Government will suffer by this calculation because the rate assumed for the Seerwa-
jastee hereafter to be levied is considerably higher than the average amount of Seerwah Jastee now paid throughout the District Viz. Rs. a-p
Rs. 2- 1-10 the average ain Krooskee Seerwah at present realized on lands brought under Bagayet and Surree being Rupees 3-12-0.

Average ain Krooskee Seerwah. 3-12-0
Do. Seerwah } 2-1-10
Jastee } 5-13-6.

13. On the principle of calcu-
lation which I have adopted in proposing the Remis-

Fort St. George 23d. April 1849.

remission for land watered under newly sunk "Doorooroo" Wells I would suggest that ground cultivated by means of a "Jattoo" Well costing 300 Rupees should be exempt from the Bagayet or Surree assessment for a period of nineteen years.

14. An extension of that principle to ground under a Well on which 500 Rupees may have been expended would involve its exemption from additional tax for 34 years or thirteen years in excess of the period to which the Honorable Court of Directors appear resolved to limit the freedom from an increased demand. As however my obser-
vations and the general condition of the cultivating classes in this District lead me to the belief that such Wells as may hereafter be sunk are far more likely to be those which cost 300 than 500 Rupees. I do not anticipate that the fixing 21 years as the maximum period of indulgence even for Wells costing 500 Rupees will be any obstacle to the improvement at the Ryots own expense of their individual holdings.-

15. Applying to Putter bundee Wells the same data for calculation which I have used in respect of the other two kinds of Well it will be found that exemption from additional assessment

Borrowed by
Jattoo

assessment for a period of 5 years is that to which the construction of a Puttar bundee Well costing 700 Rupees would be entitled.-

16. Presuming however as above that no longer period than 21 years is intended to be granted I do not after careful consideration see reason for believing that instances are likely to occur where a period of 21 years exemption from Seerwah Jashtee will not be found sufficient. Few of any of the "Puttar bundee" Wells found on this District appear to have been sunk for mere agricultural purposes & none whatever are met with of recent construction the Mowrovvo and Jaatta class of Well being those most in favor for Garden cultivation.-

17. The repairs of Wells in this District have always been executed at the expense of Government when the required outlay has exceeded 5 Rupees within that amount the Ryot or Ryots cultivating under the Well have generally been directed to make the repair at his or their own cost. The rule however has not been an invariable one and certainly I should not myself feel justified in calling on a Ryot personally to incur any such outlay

unless it were shown that the Well was his property. As the proprietary right in wells hereafter constructed by Ryots at their own expense will cease under the rules about to be framed with the termination of the period during which they are exempted from Seerwah Jashtee it will of course thence forward become the province of the revenue authorities to perform all necessary repairs at the expense of Government.-

18. I beg to add that with very rare exceptions the Wells in the province of Kurnool are the property of Government and that since the resumption of the Territory in October 1839 it does not appear that more than a very insignificant number of new Wells have been excavated in Ain land by Ryots themselves. I would also add that this District must undoubtedly be considered a most unfavorable one for cultivation of every kind requiring the aid of water from Wells because throughout almost the entire extent of the province strata of rock and lime stone are found at a few feet below the surface of the earth I am therefore strong in the belief that

Fort St. George 23d April 1849.

that nothing but the offer of more than ordinary advantages will form a lasting inducement for the investment of money in cultivation of the kind under remark - and consequently think it will be desirable to grant Tuccavy to respectable Ryots wishing to sink Wells of not more than two thirds the estimated cost of the proposed work, care being taken to ascertain that they are already provided with funds of their own sufficient for the cost of one third of the undertaking.-

19. It appears to me that the period fixed for commencing its refund should be fixed at three years from the date of advance that it should be repayable by three equal instalments on the security of one or more respectable householders in addition to the obvious means of securing itself against loss which the Government will have available

Fort St. George 23d April 1849

available by taking possession of the Well itself.

20. The Demand of interest on advances of the above class appears to me objectionable I believe it will be misunderstood by the Ryots and that the levy of it will afford room for imposition on the part of the village Reddies & Curnums.

21. I regret not being at present prepared with any matured or well considered suggestions of the nature of those referred to in the last para of your letter under reply.-

Sir,

From the Collector of South Arcot — Submitting originals & translations of Purwanahs produced by Goolam Mahomed Petitioner in No. 1453 of 1848 in substantiation of his claim to a share of an Enam lapsed to Government.

Petition No. 1453 of 1848

*A

Para 1. The Petitioner Goolam Cauder, whose case formed the subject of the Board's Proceedings dated 18th November last, having proceeded to arcot in order to procure the original Summuds in support of his title to the Enam thereon referred to, the reply to that communication was necessarily delayed.

2 I have now the honor to submit as per accompanying* list the several documents produced by that individual with their translations, as also those found among the records of this Office and to add my own opinion respecting them as follows.

3 On going through the several papers it appears that one Nalefa Mahomed Kamal having been employed as Vukkamanigar under the Sultan Mahomed Padshaw, the village of Canarumpet was

was conferred as Enam on his son Izamal Mahomed for the maintenance of the family as well as for the performance of the necessary Ceremony at the Sepulchre of his father; but, it does not seem that this is a public place of worship - The only Purwanah registered on the Records of this Cutcherry is one given by the late Nabob Annuertikhan, the other documents are of various dates granted by sundry authorities.

No 3

The Petitioner professes ignorance of one of the documents forwarded with Mr. Ashton's letter, and the other is included among the deeds now transmitted. He urges on the authority of his father, that the whole of the papers now forthcoming were presented at the first Enquiry made by Colonel Graham soon after the British assumption of the Carnatic, but that the Purwanah of Annuertikhan alone was admitted, and the registry of the Remainder said to be unnecessary, and further that on the occasion of the second enquiry made in 1839 as Mr. Ashton did not require the production of the other documents they were not tendered, but, this explanation is

is not quite satisfactory.

No 4.

4 By an Enoyetnamah of the late Nabob Wallajah it is seen, that a moiety of the Village formerly given by the Nabob Annuertikhan was resumed and the Remainder only continued for the support of the family and attendant Expenses of the Rauza and other Ceremonies.

5 The papers now produced by Goolam Kader tho' not registered, appear still to be genuine vouchers but I cannot understand how they give him an hereditary claim to the Enam under notice - The first grant however would seem to have been made in Fejeerce 1642 upwards of 200 years ago - The Sentiments of Government being to recognize all grants of the three last Nabobs of the Carnatic, the Sunnud of the late Annuertikhan and the Enoyetnamah of Wallajah were taken on behalf of the late Enamdar, - and the reduced money payment of 200 Rupees annually sanctioned by Government was paid from Fusly 1249 and Continued to be disbursed to the date of his demise 21st May 1846, the sanction being restricted only

only to his natural life.

6 As I infer that the Board intended on the death of Goolam Mahomed to consider the question of the continuance or otherwise of any part of the Annual payment for meeting the expense of keeping up Lamps &c. it seems proper to inform them that as the late incumbent and Petitioner having resided at Arcot for some time there is no means of ascertaining whether the Ceremonies have been observed, nor does it appear necessary as the Service is not required for a place of publick worship as I have already shewn. This being the case I am precluded from recommending any sum for that purpose. Should the Board however in consideration of the Petitioner's state of poverty and the great length of time the family has enjoyed the Enam be disposed to view his present Condition as an object of Commisseration it will be for them to decide whether a Small Rocka Enam may not be allowed him for his own subsistence from the date of his father's death.

Replies to the Circular letter of the 24th April 1848 on the subject of taxing improvements in land effected at the expense of the Ryots.

Sir,
Para 1.

I have the honor to acknowledge the receipt of your Circular letter of the 24th August 1848 Communicating the Board's Orders on the subject of taxing improvements in land effected at the expense of the Ryots.

2. The data on which to found calculations of the probable length of time it will take to reimburse the ryots for the expense of sinking wells is very vague. In the four talooks which owe their fertility almost entirely to irregation derived from the rivers, Cauvery and Colleroon, there is but little well Cultivation in the two Talooks of Coiliarpolliam and Arealore, the nature of the soil for the most part is such as not to admit of well sinking and the wells principally in use are temporary, the sides being prevented from falling in by a species.

species of wicker work. In Tarriore and Volcondapooram alone is irrigation by means of wells very much attended to.

3. From the best information I can obtain the probable average Cost of sinking a well in Ordinary land on the South side of the Leaurey where Springs are not so abundant and land not so good as on the North (generally speaking) sufficient for the irrigation of two Cawnies of land would be about Rupees 200. The Poonjay teerwah on such land would be Rupees 1-7-3 the garden teerwah Rs. 6-11-8. being Rupees 5-4-5 more than the Poonjah rate. The profit to the ryot if he has to hire labourers would be about Rs. 3-4- but supposing his labour to be supplied by his own family Rs. 13-- at this latter rate the outlay would be made good in fifteen years.

4. On the North side of the Leaurey the Cost of sinking a well of sufficient capacity to irrigate two Cawnies of land would also be about Rupees 200--. The Poonjay teerwah on two Cawnies would be about Rs. 13-3- the Garden teerwah Rupees 26-7-- an excess of Rupees 13-4-- above the Poonjay teerwah. If the Cost of labor be considered in calculating the expense of Cultivation this would leave the Ryot a profit of Rupees 5-8-- but reckoning that labor will be supplied by his own family Rupees 32-8- so that he would recover his outlay in seven years.

5. For the details on which the above calculations

calculations are made I beg to refer to the accompanying Statements.

6. To provide an equitable rate of remuneration for sinking wells in every description of soil by the remission of tax for a certain number of years would be almost impossible. To give an uniform period would be to give much greater advantages to some than to others. I humbly conceive that the object Government has in view would be best attained by remitting a portion of the Revenue for a given period and I feel persuaded that if the Ryots are allowed to cultivate lands under new wells at three fourths of the usual Bhagayet tax for 20 years, sufficient inducement will be held out. I would extend the indulgence to the Construction of annicuts and Tanks provided that the increase of cultivation under the two latter should in no case be less than 20 Cawnies.

7 By following this arrangement I submit the advantage will be fairly conferred on all. The chances of unfairness from favoritism on the part of the Subordinate Revenue Officers a Matter difficult of detection and from the various contingencies which must arise to make it difficult to attain an approximation even to the real cost of sinking wells in different localities will be greatly diminished, an immediate accession of Revenue to the Sircar and of benifit to the Ryot may be expected, and speculation will not be unduly encouraged, a danger I submit which it is not unnecessary to guard against.

8. With reference to Para 3 I beg to state that there are no wells in this District kept in repair at the public expence.

9. With reference to para 4. I respectfully submit my opinion that it would not be desirable to encourage improvements of the nature in question by Tuckavi advances as a general measure. as a special measure the indulgence may occasionally be granted. but for the most part Tuccavie goes to pay off old debts. The Ryot who is so miserably poor that he cannot do without it will in all probability be much more useful to the general interests as a labourer than a land holder.

No 6 of 1846 on the file of the Subordinate Court at Madura. I have the honor to state that Mr Blackburne did not apply for sanction to defend the original suit at the public expense as he considered it unnecessary to put in an answer. The case was therefore tried exparte as regards the Collector and a Decree passed nonsuiting the Plaintiff. Copy of which also accompanies.

The Decree of the Sub. Court is grounded on the Plaintiff having produced no sufficient proof of a legal title to the ground. In her appeal Petition she does not appear to me to have at all strengthened her evidence on this point. She alleges that she acquired the land by purchase. The decree therefore of the Sudr Ameen in so late a Suit as O. S. No. 44 of 1847 in which the Government was no party, is obviously of no avail against the title of the Government, when the evidence to the fact of the purchase has been rejected by the Court. I propose therefore to allow the appeal also to go exparte.-

situated within the boundaries specified below measuring 10 by 32 English feet- and valued at Rupees 60 and also- Rupees 3 being value of certain Moo-roonga trees stood thereon.-

1. The ground situated in and South of the Maingaard Street at Madura west of another ground of my- own, north of the ground of Soobba Naicke and east of the ground of Mootto-sawmy Auxiary measuring 10 by 32 English feet exclusively belongs to me and was under my enjoyment together with 3 Moo-roonga trees stood thereon- The 3rd Defendant took forcible possession of it on the ground of its having been granted to her by the 2nd Defendant at the order of the 1st in September 1846, cut the above trees and continues to enjoy the ground by virtue of the authority of the 1st and 2nd Defendant.-

2. On my submitting thro' Tappal on the 5th March 1846 a Petition to the 1st Defendant requesting the recovery of the ground and the value of the trees he has

passed

Fort St George 23rd April 1849

passed an Endorsement on the 18th Idem that I was at liberty to bring a suit for it. Hence this suit.-

I therefore pray the Court to pass a Decree adjudging the Defendant to deliver up to me the ground situated within the boundaries given above measuring 10 by 32 English feet and valued at Rupees 60 and to pay me Rupees 3 being value of 3 Moorroonga trees which have been removed by the 3rd Defendant at 1 Rupee each.- 10th July 1846.

39 English feet valued 60 Rupees and Rupees 3 value of Moorroongah Trees. She states that the ground belongs to her and was enjoyed by her with the trees therein till September 1846, when 3rd Defendant states it was granted to her by the 2nd Defendant with the Sanction of the first, took forcible possession of it and cut down the trees. The Collector to whom Plaintiff addressed a Petitions on the Subject, ordered her to have recourse to the Civil Court Filed 16th July 1846. 1st and 2nd Defendants allowed the case to go by default.-

In her answer 3rd Defendant states that in compensation for a part of her house ground taken for the Public Road, the ground in question was measured out to her in September 1846 by the 2nd Defendant according to the 1st Defendants Endorsement order dated 21st Idem. Decree

The evidence on the part of
Plaintiff shews that the disputed piece
of ground is situated in the immedi-
-ate vicinity of her dwelling House and
goes also to prove that it had been in
her possession, but she has no satis-
-factory evidence to adduce in proof
of how and what right she came into
and retains possession of the said ground.
True her 1st Witness says her (Plaintiffs)
husband bought it of a washer woman
by name "Usun" who passed a Deed
of sale on Stamp Paper and that he
(Witness) attested it but the Subordinate
Judge is under the painful necessity of
doubting the testimony as the Deed of sale
has not been filed by the Plaintiff, but
the production even of such a document
would not prove the rights by which "Usun"
became entitled to the possession of the
ground. Again if the Plaintiff consider-
-ed she had been forcibly and unjustly
ejected

ejected, why did she not make her com-
-plaint to the Magistrate ere so long a per-
-riod as 6 Months had been allowed to
elapse.-

It appears from the Endorse-
-ment of the 1st Defendant that a piece
of ground belonging to 3rd Defendant was
required by him in his Official Capacity
for Public purposes and which he ac-
-cordingly took and for which he tendered
to this Defendant (in lieu and as an equi
-valent of that which he had so taken)
another piece of house ground which had
lately been in the possession of some Pa-

have no claim whatever, Plaintiff is there

Appellant Plaintiff	Versus	Respondent Defendant
Nachear ammaul widow of Moottoosawmy Naick residing at Madura a family woman-		1 R. D. Parker Esqr Collector and Successor of J. Blackburne Esqr late Principal Collector of Madura 2 Mr Rofs late Surveyor now residing at Trichinopoly.- 3 Mooteroolayee a dancing woman at Madura.-

Dissatisfied with the Decree
of the Subordinate Court in the original
instance

instance I prefer this appeal, and pray for a judgment awarding to me the house granted measuring 10 by 39 feet situated within the boundaries specified in the original Plaint valued at 60 Rupees together with Rupees 3 being value of a Moorroongay tree and Costs of Suit Viz.t Rupees 14-5-5 leaving 3rd Defendant to bear her own costs in the original instance, Viz.t Rupees 8-2-5.

1. In her Original defence to my Plaint for recovery of the above ground and value of the Moorroonga tree, the 3rd Defendant denied owing me any thing, but failed to prove her Statement. Whereas I have establish-ed the truth of my Plaint by the evidence of Witnesses; yet the Subordinate Judge under date the 19th September last nonsuited me and directed my paying the costs of the above named Defendant Rs. 8-2-5 besides bearing my own costs amounting to Rs. 14-5-5 and the time limited for appeal expired on the 19th Current. Mean time I moved this court on the 18th September last under a review of Judgment, and was referred to the Subordinate Court on the 21st and in obedience to that Court order of the 23rd of that Month I make this appeal this day with the security bond for the eventual costs of appeal of the Respondents, there being no Court on the 24th and 26th and proceed to state my grounds of dissatisfaction with the original Decree.

2 It has been acknowledged in the Decree in question that my ownership to the ground

ground in question and my occupancy have been proved by the evidence of my witnesses, but on the contrary the rejection of my claim would seem opposed to the principles of Jus-tice. A Bill of sale has been passed in the name of my Mother in law Alagee ammaul on a double leafed plain cadjan for the ground inclusive of the piece in question but my 1st witness from forgetfulness stated that it has been passed on a stamp paper. That the ground in question exclusively belongs to me would appear by the Bill of sale when I file the same in this appeal.

3. The ground in question was ancestral to Asnal from whom I purchased it but one Soolpa Naick and another sued me and certain others in O.S. No. 44 of 1847 on the file of the Sudr Ameens Court for recovery of the ground in question as though it belonged to them, and a Decree was passed in my fa-vour on my making oath, which confirms my right to the piece in dispute, as it forms part of the ground adjudged to me. But as I failed to file that Decree in the Original instance I request the Court to allow me to file the same in this appeal, a perusal of that Document will convince the Court of my title to the whole ground mentioned therein inclusive of the portion now

in

Fort St George 23rd April 1849.

in dispute; and induce them to direct the 3rd Respondent to deliver it to me.-

It is stated in the Decree appealed from that from the endorsement passed by the 1st Defendant a piece of ground occupied by certain Parials seems to have been given to the 3rd Respondent in lieu of one taken from her; but as there is no mention made of the 1st Defendant having Established the contents of the endorsement either by Parole or Documentary evidence, this plea would seem to be of no avail.

On consideration of the arguments above stated and perusal of the Decree in suit No 44 the Court will be satisfied of the total disagreement of the Decree appealed from with the one referred to above, and of the propriety of setting it aside, awarding the ground in question to me. I therefore pray the Court to refer to the original pleadings and to pass a Decree as requested above.-

The Season, it is stated, was not unfavorable and the South West and North East Monsoons were of ordinary character, at the same time it appears that all agricultural operations were successful throughout the year in every description of Cultivation. The Prices of the Superior Kinds of Dry Grain in consequence of the abundant harvest declined nearly one third below those of the preceding year. In the value of Cotton there was a slight advance compared with that of Fusly 1256 the Settlement exhibits a Net increase of Rupees 1,75,454-1-10 as shewn in the following Abstract Statement.-

On referring to his reports of the Annual Settlement of his Division in Fuslies 1255 and 1256. the extent of waste lands excluded from the demand in the four Villages in question varied in each year in which the supplies of the River were deficient, as noted in the Margin, and in the year under review the arrears claimed for remission with the advantage of a good season still vary.- These

These results lead to the opinion that the waste lands of these Villages are not situated distinctly at the terminations of the River - but form portions of the usual holdings of the Ryots which they had the means of cultivating - they were entered in the usual Dittam accounts, and in some Villages in which the demand upon similar lands left uncultivated was paid - Under these circumstances the Board cannot admit that there are just grounds for allowing the outstanding balance to remain uncollected with a view to its ultimate remission. The Principal Collector is opposed to such an indulgence, and the representation of the Tahsildar seems also conclusive against it, but to enable them to dispose of the subject and of the Petitions to which it relates the Board desire to receive further information of the nature and extent of the Waste lands in the Villages to which the privilege of remissions has been extended, and to be informed

if these waste lands are held jointly or severally by the Ryots - The Principal Collector will at the same time submit a Statement shewing the total extent and assessment of the Wet lands in the Villages situated at the termination of the Ambravattee River and now in the occupancy of the Ryots, and the amount of remission excluded from the Puttahs during the last 5 years.-

The Board see no objection to the measure proposed by the Sub Collector in para 18 provided the rule of the Hoo-
-Coomnamah is not overlooked and a proportion of good and bad lands is given up. The cause of the large arrears still outstanding in the Village of Meenjunoor in the Caroor Taloot requires investigation.-

The evils of these practices which were at variance with the principles of the Established Settlement have been gradually but steadily overcome, and the result is now shewn in the Legitimate increase of Revenue from Landed Clearing the full rate of Assessment as will be seen in the following Statement.

Sir,

I have the honor to state for the information of the Board that in my late examination of Stamps a large quantity of Stamped and plain Rowannahs are observed which, in consequence of the abolition of the Inland and Frontier Customs are now utterly useless and as their transmission to the Superintendent of Stamps at the Presidency under the orders of the Board conveyed in your letter of the 30th June 1845 would seem to be an unnecessary expenditure of the Public Money, I request their permission to destroy the said Rowannahs - they are already in a decayed state.-

From the Collector of Madras.

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 26th Ultimo and to report that the Choultry and Ground therein referred to are situated in the Collectorate of Chingleput, but I have ascertained that they belonged originally to one Aunda Chetty then to T. Casava Moodelly, afterwards to Chocapah Chetty Loobroy Chetty and lastly to Ramsappah Chetty and that on the death of the last mentioned individual his Widow caused the property to be put up by auction when one Baker Veerasawmy Chetty purchased it.—

It.—

2. It appears that the Choultry is entered in the Pymash accounts of the District as "Ramsappah Chetty's own Choultry" and that it is not a "Charity Choultry". It has been customary with the owner to reside in it during the celebration of the annual festival at the Triveltoor Pagoda.—

3. The Choultry does not in consequence, appear to be of the description of those falling under the provisions of Regulation VII of 1817.—

Forwarding to him Petition Board's No 12 and Government No 194 of 1849 from one B. Venkata Row with a request that he will furnish the explanation and information on the subject of his Petition.—

12 of 1849 from Collr. 194 of 1849

Sir,

I am directed by the Board of Revenue to transmit to you the accompanying Petition bearing the Endorsement of Government from one B. Venkatarow representing himself as the adopted son of the late Botta Pedda Rungamah and claiming in virtue of that adoption

adoption a right to succeed to a Kundriga at Mindoscoor Pettah in your District held by the deceased and her late husband of the annual value of about seven hundred Rupees.—

From P.C. Stonhouse Esq. 28th Feby inCons. 13th March 1843.—

2. In the year 1843 a report was submitted by the late Principal Collector on a claim put forward to the land by another branch of the family, when the circumstances of the case generally were brought to notice on a consideration of which the Board were of opinion that the Kundriga should lapse to Government the right to succeed advanced by the Collateral branch of the family being deemed inadmissible and the claim of Venkatarow, the present Petitioner to inherit on the plea of adoption made 25 years after the death of the husband of Pedda Rungamah being held to be illegal.—

3. Government having directed the Board to report on the pretensions of the Petitioner especially with reference to the arguments advanced by himself in

in favor of the validity of his adoption, I am directed to request that you will call upon the Petitioner to produce evidence in support of this Statement, and at the same time institute the fullest enquiry on the point. It appears from the remarks contained in the second para of the former correspondence above referred to, that considerable doubts existed as to the fact of due authority having been given to the widow to adopt a son. The Principal Collector observes "I could not therefore consider one / an "adoption / so made as valid even "supposing she had due authority from "her husband which is not quite clear" In connection with this part of the question you will also be good enough to ascertain, even supposing sufficient Authority to have been delegated to the widow whether there are any circumstances connected with the Petitioner himself which would bar his adoption in Hindoo Law.—

The

4 The Board would desire at the same time to have before them some further information in regard to the Kundraga itself, when and by whom, and to whom it was originally granted, and upon what terms it was held with any further particulars connected with it, together with your own opinion on the propriety of its continuance to the family. In submitting your report you will be pleased to furnish the Proceedings taken before the late Principal Collector for transmission to Government.—

Para 1 The Right Honorable the Governor in Council having had for some time under his consideration

consideration the correspondence submitted by the Board of Revenue with their letter of the 21st. September 1848 on the subject of the affairs of the Turlah Zemindary in the District of Ganjam, and on the rival claims to the possession of that property advanced by Hristna Chendra Soor and Ramachendra Soor, proceeds to record the following observations.

2. Hristna Chendra affirms that he was adopted by the deceased Zemindar on or before the 12th. August 1845 according to an agreement of that date executed by the Zemindar and his wife the Puttah Maha Devee jointly. Against this, are the Arzees addressed by the Zemindar to the Acting Agent Mr. Smollett on the 19th. February and 19th. October 1845. In both of these he stated it to be his intention to adopt Ram Chendra Soor. In the second dated after the period at which Hristna Chendra Soor avers that his adoption actually took place he not only declared his intention to adopt Ram Chendra, but assigned a reason for not adopting Hristna Chendra, namely, that he was the only son of his natural Father. There is no question of the authenticity of these documents

documents and that Mr. Smollett understood that no adoption had then been made is as clear from his answer of the 12th. November 1845 in which he advised him not to trouble himself with any arrangement of that nature, but to leave the inheritance to go by Hindu Law and by the customs of the Rajahs. The next communication of the mind of the Zemindar on this subject which can be depended upon as genuine and authentic is that which he made in person to the Agent on the 30th. August 1847 in which he denied the adoption of Kristna Chendra, and protested solemnly that the declaration he had made to the contrary to the Officer deputed by the Agent to visit him had been forced from him by constraint, and that he adhered to the determination to adopt Ram Chendra which he had expressed in his letter to the Acting Agent under date the 19th. February 1845. The effort which the old Zemindar made to visit the Agent in order to communicate his real wishes to him is a good proof of his earnestness, and his statement as to the constraint he had been under deserves credit

Appendix 5 to agents letter.

credit. The entire agreement between him and his Wife on the matter in question when they were free to declare their real sentiments in the presence of the Agent is a complete refutation of the allegation that it was owing to their disagreement that conflicting representations were made to the Agent in writing. At all events there is the last will of the Zemindar as to the succession unquestionably ascertained by his conference with the Agent, and that was unreservedly in favor of Ram Chendra and against Kristna Chendra. That Kristna Chendra was not adopted at the date of the document which he founds upon as proving it may be taken for granted from the Arzees of the Zemindar of February and October 1845 and the Purwanah of the Acting Agent of 12th. November 1845. That he was not adopted afterwards is solemnly asserted in the declaration given to the Agent by the Zemindar in person.

B in 1618 of 1848 12th. August 1845

3. But that the Zemindar by word and deed acknowledged him at one time as his adopted son and heir is certain, subject however on the other hand to the protestation

protestation of the Zemindar that what-
ever he did to that effect, he did not
of his free will but by constraint.

4. The Agent asserts positively
that none of the essential rites of adoption
were performed, and argues that even
if they had been, the adoption would not
have been legal because Kistna Chendra
as the only surviving son of his natural
father, and beyond the age within which
adoption can take place, and especially
being disqualified by the ceremony of
investiture having been performed
by his natural father, was not capable
of being adopted by the Zemindar.

5. All these objections are weighty,
especially the last, and with an abso-
lute repudiation of the adoption by the
Zemindar in his last solemn deposition
before the Agent, and without proof, as
the Agent alleges, of the performance
of the rites essentially necessary to give
validity to the act of adoption, it can
not stand.

6. Under these circumstances
therefore the Governor in Council cannot
but

but agree with the Board of Revenue that
the Agent did right in refusing to admit
the claim of Kistnah Chendra and in
respecting the last declared will of
the Zemindar in favor of Rama Chendra.
He resolves therefore to recognize Rama
Chendra Door as the Zemindar of Turlah
and approves and confirms the proceedings
adopted by the Agent in Ganjam in respect
of that property, as well as in regard to the
Lease of the Sowcar Nundeshum Ch-
dhoudry which was presumed on the
death of the late Zemindar, as a con-
tract not binding on his successor,
and which it was inexpedient to con-
tinue in force with reference to the
systematic information of some of
its conditions by the renter and to
his ill treatment of the Ryots.

7. Adverting to the numerous
Petitions addressed to Government by
Kristna Chendra Door asserting his
right to the Turlah Zemindary the Go-
Governor in Council is of opinion that
that individual should now be distinct-
ly made acquainted with the grounds
upon

protestation of the Zemindar that what-
ever he did to that effect, he did not
of his free will but by constraint.

4. The Agent asserts positively that none of the essential rites of adoption were performed, and argues that even if they had been, the adoption would not have been legal because Ristna Chendra as the only surviving son of his natural father, and beyond the age within which adoption can take place, and especially being disqualified by the ceremony of investiture having been performed by his natural father, was not capable of being adopted by the Zemindar.

5. All these objections are weighty, especially the last, and with an absolute repudiation of the adoption by the Zemindar in his last solemn deposition before the Agent, and without proof, as the Agent alleges, of the performance of the rites essentially necessary to give validity to the act of adoption, it can not stand.

6. Under these circumstances therefore the Governor in Council cannot

but agree with the Board of Revenue that the Agent did right in refusing to admit the claim of Ristnah Chendra and in respecting the last declared will of the Zemindar in favor of Rama Chendra. He resolves therefore to recognize Rama Chendra Boor as the Zemindar of Turlah and approves and confirms the proceedings adopted by the Agent in Ganjam in respect of that property, as well as in regard to the Lease of the Sowcar Nundeshum Choudry which was presumed on the death of the late Zemindar, as a contract not binding on his successor, and which it was inexpedient to continue in force with reference to the systematic information of some of its conditions by the renter and to his ill treatment of the Ryots.

7. Adverting to the numerous Petitions addressed to Government by Ristna Chendra Boor asserting his right to the Turlah Zemindary the Governor in Council is of opinion that that individual should now be distinctly made acquainted with the grounds upon

Para 1. The Right Honorable the Governor in Council has attentively considered the Report of the Board of Revenue on the claim to compensation preferred by Chandavaroya Graming and Venkata Graming Toddy Shop keepers at Madras for the loss alleged to have been sustained by them in consequence of the closing of their Shops from 25th October 1847 to 11th March 1848.

2. It appears from the report of the 2nd March 1848 and that now before Government that for 7 months previous to July 1847, Petitioners were charged by the Abkary Department at the unduly low rate of 9 Fanams for the trees attached to their shop, and that the demand was improperly enhanced on the 1st July 1847 to 27 Fanams, apparently in consequence of complaints which they had preferred against the Establishment of the Collector, and that on the following month the demand was further

Fort St. George 26th. April 1849.

further enhanced to 53 fanams, which occasioned the parties to appeal to the Board. Before however their appeal could be decided, Petitioners were called upon by the Collector and refused to pay their augmented assessment, and their shops were in consequence closed.

3. It does not appear to the Gover. nor in Council that the Petitioners were to blame for the unduly low rate of assessment for the period immediately following the storm of 1846, and it seems to him that the sudden, and apparently arbitrary and ille. gal enhancement of the demands on two occasions, to an amount far exceeding their means, was done with the object of forcing the Petitioners to refuse payment, and thus to give legal grounds for the order to close their shops. and this view is further strengthened by the fact that notwithstand. ing the orders of the Board dated 2d. De. cember 1847 directing the reopening of the shops, those orders were unnecessarily kept in abeyance by the further objections ad. vanced by the Collector, which were eventually overruled by the Board.

Under

Fort St. George 26th. April 1849.

4. Under these circumstances the Governor in Council is inclined to think Petitioners entitled to some com. pensation and with reference to the above remarks he would request the Board to reconsider the case.

Achut

Fort St. George 26th April 1849.

Achut Row and others a Proceeding which it would appear he considered has intailed upon him indiviudually the censure of Government conveyed in Para 3 Extract from Minutes of Consultation dated 28th November 1848.

2. If the Government from any want of explicitness on my part in my having omitted distinctly to explain that I offered the suggestion I did in respect to the propriety under existing circumstances of issuing the warrant in question, intended that the censure should in the least fall on him and not entirely on myself as the responsible person for Acts connected with his Official capacity I must beg to request that he may be fully exonerated in the matter.

3. I must at the same time confess that I was not aware until the receipt of the communication referred to that he then entertained the opinion as now implied in respect to the impropriety of such Proceeding.

4. Adverting to Para 3 of the letter above referred to, I beg to state that finding Mr. Wedderburn had abruptly left the Cutcherry

Fort St. George 26th April 1849.

Cutcherry rather early on a visit to the cantonment when the investigation of so important a case had been entrusted to him, I sent for the Proceedings myself and on an attentive perusal of the same decided on the propriety (as I then considered it) of ordering his Magistrate Goomastah to prepare a warrant to be ready for his signature on his return and having directed him verbally to explain to my Head Assistant that the circumstances of the case rendered I considered, this measure advisable I left the Office thinking it quite unnecessary to write to him officially on the subject (as he apparently imagines I should have done) feeling satisfied that my opinion and the grounds thereof conveyed to him in this verbal message would be correctly represented.

5. While transacting Business in the same building with my assistants my opinion is occasionally consulted to save time through the medium (verbally) of the Moonshees respectively employed under them, and in this particular instance as it does not appear that he entertained any doubts as to the correct delivery of the Message - I cannot but express

expreſs ſurpriſe at now perceiving that he hesitated to adopt a measure which I had directed ſhould be carried out and that he has thought proper to inform the Government of the ſame.

6. I conscientiously affirm that I iſſued these instructions without in the leaſt allowing my private feelings to interfere with my public duty, and that it was my decided opinion that the adoption of this measure was absolutely neceſſary as far as the iſſue of the case on its merits and the ends of juſtice contemplated by the Regulations were concerned. Much as I regret that my Proceedings in this reſpect ſhould have been pronounced irregular and illegal I nevertheleſs acted to the beſt of my judgment under the conviction that circumſtances both in reſpect to the degree of criminality involved in the offences from facts deposed to, as well as to the manner in which the witneſſes had already been tampered with by Achut Row whom they accompanied from his own house where they had been ſecurely lodged for ſome time previously, required the immediate apprehenſion, and a ſtrict ſurveillance, of the Parties accuſed which could only be effected by

by the iſſue of a warrant under the conviction also that the crime though not expreſsly declared not bailable rendered the admiſſion of bail under ſuch circumſtances unſafe and improper thereby precluding the Magiſtracy from even acting agreeably to the Proviſion of Clauſe 3d Section XII Regulation IX of 1816.

7. Far from coinciding with the opinion expreſſed by my acting Head Aſſiſtant in reſpect to no further Proceedings being conſidered neceſſary I am certainly inclined to think that if the Proceedings had been allowed to take their courſe before the proper Court in the uſual manner important diſcloſures would have been revealed in reſpect to the combination that had been got up againſt me a public ſervant by the parties concerned.

8. I ſhall only further beg leave to obſerve that although I do not conſider any neceſſity exiſts for the explanation now offered by my acting Head Aſſiſtant conſidering that he muſt be aware that the Government expect him to obey my orders whatever they are, and that I am under all circumſtances in reſpect to ſuch orders

express surprise at now perceiving that he hesitated to adopt a measure which I had directed should be carried out and that he has thought proper to inform the Government of the same.

6. I conscientiously affirm that I issued these instructions without in the least allowing my private feelings to interfere with my public duty, and that it was my decided opinion that the adoption of this measure was absolutely necessary as far as the issue of the case on its merits and the ends of justice contemplated by the Regulations were concerned. Much as I regret that my Proceedings in this respect should have been pronounced irregular and illegal I nevertheless acted to the best of my judgment under the conviction that circumstances both in respect to the degree of criminality involved in the offence from facts deposed to, as well as to the manner in which the witnesses had already been tampered with by Achut Row whom they accompanied from his own house where they had been securely lodged for some time previously, required the immediate apprehension, and a strict surveillance, of the Parties accused which could only be effected by

by the issue of a warrant under the conviction also that the crime though not expressly declared not bailable rendered the admission of bail under such circumstances unsafe and improper thereby precluding the Magistracy from even acting agreeably to the Provision of Clause 3d Section XII Regulation IX of 1816.

7. Far from coinciding with the opinion expressed by my acting Head Assistant in respect to no further Proceedings being considered necessary I am certainly inclined to think that if the Proceedings had been allowed to take their course before the proper Court in the usual manner important disclosures would have been revealed in respect to the combination that had been got up against me a publick Servant by the parties concerned.

8. I shall only further beg leave to observe that although I do not consider any necessity exists for the explanation now offered by my acting Head Assistant considering that he must be aware that the Government expect him to obey my orders whatever they are, and that I am under all circumstances in respect to such orders responsible

Fort St. George 26th April 1849.

responsible for his Official Acts and consequently that the censure from Government in respect to my sanctioning the proper proceeding on his part in issuing the first warrant must be considered to apply to myself. I have nevertheless preferred adopting the present course of forwarding his letter with this explanation seeing that I have omitted distinctly to state that the first warrant was issued at my suggestion, as I have not the slightest wish to conceal from Government this circumstance which Mr. Wedderburn apparently seems anxious should now be prominently brought forward and as I feel assured from all that I have said the Government will consider such omission, and want of explicitness in my former communication unimportant at least so far as my motives and Proceedings were concerned.

From the Collector of Masulipatam — Soliciting the Board's authority for the employment of the additional Gomastahs now a monthly charge 175 Rupees for preparing the accounts relative to the joint renting system.

From Dr. 1st Novr 1818
To Dr. 29th December 1818
From Dr. 29th January 1849.

With reference to the Correspondence noted in the margin relative to the introduction of the joint renting system from Fasly 1259/1849 I have the honor to state that the circumstance of no Survey or Classification of lands in this District, however imperfect having ever been made renders it very difficult to get accurate accounts thereof which is the principal basis for forming a correct assessment on lands, and this defeats one of the objects in the introduction of the system effectually, and affords little mean of checking the inequality in the distribution by the Ryots themselves of the amount of the joint rent on their respective fields.

Besides this the preparation of the accounts for a series of years and the scrutiny into those furnished by the Cummums involves an addition of labor which the present Establishment can scarcely be expected to perform. To meet the latter exigency, and enable me more effectually to introduce the system throughout the Government lands of which the Nundeyanam Estates now engage my attention, I would beg to suggest the employment of the additional

With reference to the correspondence noted in the margin, I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying letter from the Collector of Masulipatam soliciting authority for the entertainment of a temporary additional Establishment for the preparation of the accounts relative to the Joint renting system.

first of the letters above alluded to refers to the Shistadiyam Revenues of this District. This subject has been under my consideration and was partially referred to in my Report on the Settlement of this District for Fasly 1257. Having got the Revenue balances into a satisfactory state the Board may depend on my exertions to settle these last the subject requires much consideration.

3 The second letter refers to the framing of a general Scale of Motorpha rates for each profession for introduction into the district as proposed by the then Principal Collector Mr Stonehouse in his Report dated the 19th December 1838. Since I joined this District the Motorpha subject has received much consideration and many of the old balances have been disposed of and nearly all disputed points in these Sub Division adjusted. The remaining balances of the Sub Division will be finally disposed of in the Extra Revenue Report

of this Fasly. As regards the Principal Division I am fully prepared to make certain suggestions for the improvement of that branch of Revenue but when lately at Madras I understood that the Board were in communication with government and that certain definite instructions were likely to be issued for introducing a system applicable to each District. If I am wrong in this supposition I will bring this subject to a close without further delay.

4 The 3d and last letter alluded to by the Board relates to the revised Measurements and change of classification of the lands of Palcoor and other Villages in the Sub Division which eventually formed the subject of a Complaint against the Sheristadar of that Division. The explanation required by the Board has been received from the ~~Sheristadar~~ but the Papers are so voluminous that

that I really have not had leisure yet to master the subject, but I will endeavour to devote the necessary attention to it immediately

5 There are also before me there other subjects of great importance Viz.ts the Sydapoor Shrotreyems, the Woodiagherry Mamnems, and the Poollary subject. Subsequent experience has since fully confirmed me in the correctness of my views as to the necessity of certain modifications in this latter and having obtained the opinion of my Sub Collector and again personally examined three Sallooks which are most materially affected by the question I will submit my Report to the Board without delay.—

Submitting applications from the Collector of Cuddapah for the continuance of the allowances enjoyed by certain ex Poligars and supporting the recommendation of that Officer in each case.

Fort St. George 26th April 1849

From the correspondence noted in the Margin it will be perceived that in the year 1801. shortly after the District of Cuddapah was ceded to the British Government an annual allowance of Canteroy Pagodas 12— or C Rs. 35, was, on the recommendation of Sir T. Munro, conferred on Mandee Naidoo Poligar of Mandeva-nepollium in lieu of his official emoluments and privileges which had been resumed.—

To

To,

The Honorable the President
and Members of the
Board of Revenue.
&c. &c. &c.
Fort St. George.

The humble Petition of Comday Rajahah Rajay Bomraz &c. Bahadoor Zemindar of Carvet &c. Stugger.

Respectfully Sheweth,

That three Villages belonging to your Petitioner's Zemindaree called Sittatoorcally Pully, Thanmarajahpully and Seroovalrallahpully, known by the general name of Rayalcheroovoo Payacuttoo were allowed by your Petitioner's ancestors for the support of Charity Chutrum at Rayalcheroovoo as also for the performance of certain charities at the Pagodas free of rent, but which your Petitioner thought proper to attach.— Upon which your Petitioner on the 13th of December last was favored with a letter from the Collector of Chittoor in which he states that he had received an order from your Honorable Board dated the 7th of the same month to the effect that according to the Provisions of Regulation

Fort St. George 26th April 1849.

Regulation VII of 1817 your Petitioner was merely authorized to levy the Jody Rist of the said Villages but had no right to attach them, and that the said Villages should be given over to the party that claimed the right of performing such Charities. This letter of the Collector enclosed copy of the said order of your Honorable Board of the 7th December last and was accompanied by a Tahsildar directed to the Head of Police of Narrainnanum to carry the said order into execution which was accordingly done. Altho' your Petitioner as has always been his wont and habit to do quietly submitted to the said Police Officers exercising the authority so vested in him, yet your Petitioner cannot but feel aggrieved at the order passed by your Honorable Board and the unprecedented and abrupt measures adopted, which your Petitioner most respectfully submits are in direct violation of the conditions of the Dasswetha Sunnud or Sunnud i Milk at Istimerar, granted by Government. In order to bring the same to the kind notice and consideration of your Honorable Board, your Petitioner presumes to address this Petition and

avails himself of this opportunity of assigning such just and legal reasons in justification and support of his right to attach the said Village and perform the Charities himself as would convince your Honorable Board beyond a doubt of his right of doing so and of which he has been so peremptorily and summarily deprived by the said Proceedings of your Honorable Board under date the 7th of December last, your Petitioner therefore respectfully submits.-

1st That the Peishcush paid by your Petitioner is not like that of the Majority of Zemindars under the Madras Government, who pay Rist upon an estimated average produce of their Zemindaries of a certain number of years after making full allowance for the Lackiraj lands &ca but the amount paid by your Petitioner is in lieu of the sum paid to the Nabobs in former times and Jungy Sibundy, as your Petitioner's ancestors as Mun: subidars of the Empire were bound by their tenure to maintain Military Establishment for the service of the state. and this amount of Peishcush was fixed without regard to the produce of the Zemindary and without even excepting the Lackraj lands

Fort St. George 26th April 1849.-

Regulation VII. of 1817 your Petetioner was merely authorized to levy the Jody Hist of the said Villages but had no right to attach them, and that the said Villages should be given over to the party that claimed the right of performing such Charities- This letter of the Collector inclosed copy of the said order of your Honorable Board of the 7th Dec: =ember last and was accompanied by a Takeed directed to the Head of Police of Narrainnanum to carry the said order into execution which was accordingly done. Altho' your Petitioner as has always been his wont and habit to do quietly submitted to the said Police Officers exercising the authority so vested in him, yet your Petitioner cannot but feel aggrieved at the order passed by your Honorable Board and the unprecedented and abrupt measures adopted, which your Petitioner most respectfully submits are in direct violation of the conditions of the Dasweetha Sunnud or Sunnud i Milk at Istimeras, granted by Government. avails himself of this opportunity of assigning such just and legal reasons in justification and support of his right to attach the said Village and perform the Charities himself as would convince your Honorable Board beyond a doubt of his right of doing so and of which he has been so peremptorily and summarily deprived by the said Proceedings of your Honorable Board under date the 7th of December last, your Petitioner therefore respectfully submits-

1st That the Peishcush paid by your Petitioner is not like that of the Majority of Zemindars under the Madras Government, who pay Hist upon an estimated average produce of their Zemindaries of a certain number of years after making full allowance for the Lackiraj lands &ca but the amount paid by your Petitioner is in lieu of the sum paid to the Nabobs in former times and Jungy Sibundy, as your Petitioners ancestors as Mun: =subidars of the Empire were bound by their tenure to maintain Military Establishment for the service of the state. and this amount of Peischush was fixed without regard to the produce of the Zemindary and without even excepting the Lackeraj lands

lands, but upon the whole of the Estate and it was in consequence of this exception not being made in the Summud i Milkat Istimerar that the Government has not deprived your Petitioner of the power of renting out or keeping under his attachment temporarily or permanently the Lackraj lands or lands Cultivated by Ryots by paying tripling taxes - nor was the permanent Peishcush fixed according to the provisions of Section IV Regulation XXV of 1802 consequently your Petitioner begs to submit that the proprietors of land that pay similar permanent Fixt upon the whole of their Estates are not prohibited according to Section XII of the above Regulation from attaching resuming or fixing new Beriz upon a part or a portion of their Estate allotted for the support of Pagodas or Charitable Institutions, or any other lands like these which come under the designation of Lackraj lands without previously obtaining the consent of Government, nor does it empower Government to fix permanent Beriz upon such lands belonging to such Estates - And your

Petitioner

Petitioner further begs to submit that the right claimed by your Honorable Board in the present instance is entirely your Petitioners according to the Summud held by him, and in support of this assertion your Petitioner begs to quote the wordings of the Decree passed by the late Provincial Court for the Northern Division in O.S. No. 13 of 1818, in which the Collector of Nellore was the Plaintiff and the Zemindar of Venkatagherry the Defendant - In the said Decree it is observed that "The permanent tribute or Fixt was fixed "on the Zemindary of Venkatagherry without any "reference to its assets and accordingly the Deed of permanent "assessment granted to the Zemindar unlike the Deed "granted to other Zemindars makes no mention of the "Government having reserved to itself the right of "resuming lackraj lands or of the permanent "assessment having been exclusively of Revenue "derivable from such lands. It appears from the "Documents filed by the Defendant that the "Plaintiff once attempted to collect the Roturfa "Tax in the Defendant's Zemindaree and that "upon a reference to the Board of Revenue in

consequence

Fort St. George 26th April 1849.

"Appellant did posess the power to resume the
"Village"- This Decision of the Civil Court of
Sheitoor having been appealed from to the Court of
Suder Udalut was fully confirmed by that Honorable
Court's proceedings dated 6th April 1847- From the
above extracts of the Decrees of the Courts in similar
cases, authentic copies of which your Petitioner begs
to submit herewith for your Honorable Board's
inspection- your Petitioner humbly hopes that your
Honorable Board will admit his right of
resuming such Lackeraj lands.-

2dly That the said 3 Villages allowed
by your Petitioners ancestors for the support of the
Charity Chutrum &ca as aforesaid were not excluded
when the permanent Peishcush was fixed upon
the whole of the Zemindary and consequently
they are equally conducive to the payment of the
said Peishcush- The small rent called Body
which is said to have been fixed subsequently
upon the said Villages by Razeenamah is
such as is payable to the Pagodas- And
your Petitioner here begs to solicit the kind
attention and consideration of your Honorable

Board

Fort St. George 26th April 1849.

Board to the tenor and nature of the said
Razeenamah which if your Honorable Board
would look into would be quite evident to your
Honorable Board that the Razeenamah was
esecuted to the party to last only during his
life time as no stipulation whatever is made
thereon that the Management of the Charity and
the enjoyment of the said 3 Villages were to go
down to his discendants or be binding upon the
Descendants of your Petitioner's ancestors- Thus
by the very wording of the said Razeenamah that
Document was actually and in effect nothing
more than a legal Sunnud of appointment for
the party to Superintend and Manage the
said Charities during his life time and no
longer- Hence it will be quite evident to
your Honorable Board that the descendants of
the party in whose favor the said Razeenamah
was esecuted have no right to claim to succeed
to the Management nomination of appointment
of their Predecessor- And further barring aside
the right and power your Petitioner posess of
resuming such gifts ad libitum as shewn

above

above, the said 3 Villages, by the death of the party to whom the Razeenamah was executed, & revert of themselves to your Petitioner and con= =sequently it is quite optional with your Peti= =tioner either to Manage the said Charities & himself by appointing servants for that pur= =pose or by giving again the said 3 Villages to any other party on the same terms or otherwise doing according to his own pleasure.-

3- That it is provided by Section III Regulation XXV of 1802 that in all cases of dispute with regard to the Beriz of these Zemindaries, the Courts should pass their Decisions in & conformity to the conditions stipulated in the Summud and Cabooliat and according to such conditions of the Summud and Cabooliat each succeeding Zemindar is bound to pay the & stipulated amount of Peishcush and neither the Court or Government will allow any & remission for and on account of any lands allowed for charitable purposes, such & being the case the right of such bestow= =ments by Zemindars for the time being can only hold good during his or their life time and no

longer, who unwilling to attend to the Charities themselves give or bestow them at their own pecuniary loss. But your Petitioner submits it can by no means hold good upon the successor who is alone responsible for the entire amount of the Peishcush, besides his being willing to attend to the Charities himself as has been the custom of all his original Predecessors. And your Petitioner further submits that although according to the provisions of Regulation VII of 1817 your & Honorable Board is fully authorized generally to take cognizance of whatever has been granted for charitable purposes, yet the said Regulation not containing any provisions whereby either the provision of Section III Regulation XXV of 1802 is rescinded or the stipulations of the Summuds and Caboolicats therein referred to are abrogated or repealed that authority does not extend to the Zemindaries like your Petitioners who possesses the & peculiar and full right of attaching such Lackiraj lands under the unalterable nature of the Summud he holds. and your Petitioner also begs to submit that if your Honorable Board

is

is to exercise that authority upon such peculiary endowed Zemindaries of such general Regulations, it would directly tend to nullify and infringe the rights granted by such a deed as the Sunnud your Petitioner holds and be in contradiction besides of the Decrees passed by the Courts in similar cases. As no Regulation can be intended to clash with or oppose such precedents and the provisions of other Regulations not rescinded, it must seem quite conclusive to your Honorable Board that the said Regulation VII of 1817 could not have been and was not intended to operate upon your Petitioner's zemindaree.

4. That according to the said Proceedings of your Honorable Board under date the 7th December 1848, your Petitioner is not prohibited from attaching Maniem lands. Your Petitioner respectfully submits that the clause or stipulation which vests your Petitioner with the power of resuming or attaching Maniems is equally applicable to all Lackeraj lands within his zemindaree as it makes no distinction between the two bestowments. And your Petitioner also

D.G.

also begs to submit that although general Regulations and Circular orders passed from time to time may be altered or rescinded by subsequent acts of the Government as the occasion may require - yet such Sanads whether Sthithy Sunnuds (or Sunnuds of permanent gift of property) and the prerogatives thereby bestowed can never be altered or rescinded, since it is clearly stated in the said Documents that it is permanent and not changeable. That such Regulations as tend to violate the provisions of such permanent Sunnuds are likely to be rescinded and not approved of by Government will be evident to your Honorable Board from the circumstance of the Madras Government having passed the Regulation IV of 1829 for the express purpose of cancelling the Istemerar Sunnuds held by the Zemindars of Nozeed and Yellore, but which Regulation was rescinded by Regulation IV of the subsequent year and the two together rescinded by Act XXII of 1835. Thus it will be quite evident to your Honorable Board that the right originally established by such Sunnuds cannot be cancelled by subsequent Regulations. If in the above case a Regulation that was purposely framed

framed for cancelling the existing Summuds and issuing new ones instead has been considered illegal and rescinded, it is not likely that the vague provisions of a general Regulation can be meant to extend to your Petitioners Zemindaree or intended to infringe the rights possessed by him by the original Summud granted to him.

5 That in conclusion your Petitioner begs to submit that if your Honorable Board or the descendants of the late Manager of the Charities considered that your Petitioner was not justified in attaching the said Villages and felt disposed to take them off his hands again, your Honorable Board is fully aware the proper course was to sue your Petitioner in the Court as was done by the Collector of Nellore and others in the cases above referred to, and not in consequence of the authority your Honorable Board possesses to direct the Head of Police forcibly to eject your Petitioner from their possession and put them into the hands of a pretended claimant. a Minor unable to attend to them himself and unpossessed of any right to the said Villages as above shewn and then direct your Petitioner to bring an Action against

against him. Although the very same Regulation that authorizes your Honorable Board to attend to the Management of Charities empowers your Petitioner by Section XIV to sue the injuring party, yet your Petitioner who has at all times been and is now willing to act as the Government your Honorable Board and the Collector would reasonable direct, prefers submitting this appeal to your Honorable Board against your Honorable Boards own proceedings in fervent hopes of meeting that justice from the hands of your Honorable Board which has ever been is, and shall ever be the grand characteristic of the British Government.

6. From the Arguments above adduced and duly supported by Judicial documentary proofs herein before cited, your Petitioner is confident that the three Villages in question which form a part of his entire Estate or Zemindary, your Honorable Board will admit, do pay to Government the full permanent Assessment fixed and which was duly included in the annual amount of Peishcush payable by him on his entire Zemindaree. that the alienation of the revenues

of

of these and similar several other Villages for charitable and other purposes by the ancestors of your Petitioner at the sacrifice of their own personal interests should merely be viewed in the light of their private grants and altogether unconnected with the interest of Government, since that authority does not forego any part of their assessment thereon and holds the Zemindar responsible for the payment of the full amount thereof. That your Petitioner is therefore vested with sufficient right to attach or even to resume all private grants bestowed by his ancestors whenever he sees that the revenues thereof are misappropriated or in other words, not appropriated for the purposes for which they were granted or intended - and finally that the provisions of Regulation VII of 1817 do not rescind the authority thus vested in your Petitioner by the permanent Istemerar Sunnuds previously granted to his ancestors and still held by himself and are therefore no ways applicable to your Petitioner's Zemindaree - In addition to the Judicial documentary proofs cited, your Petitioner has the satisfaction of quoting a Revenue documentary

proof

proof also - i-e - the Proceedings of your Honorable Board dated 8th July 1816 (a copy of which is also submitted herewith for easy reference) from which it is quite clear that all the Villages in your Petitioner's Zemindaree are held responsible for Peishcush, "without any exception in favor of the private grants by the Zemindars" and that the fourth clause usually inserted in the Istemerar Sunnuds granted to other Zemindars was not inserted in those granted to your Petitioner's ancestors as well as to the Zemindars of Calastry and Vengtaghery and consequently the right of resuming all Lackiraj and other alienated lands (which has been prohibited by the insertion of the above clause in the sunnuds granted to other Zemindars) is fully recognized by your Honorable Board in these three Zemindaries. With such an acknowledged right on his part your Petitioner regrets at the abrupt measures adopted by the Public authorities in taking forcible possession of the three Villages in question and delivering them over to a

party

of these and similar several other Villages for charitable and other purposes by the ancestors of your Petitioner at the sacrifice of their own personal interests should merely be viewed in the light of their private grants and altogether unconnected with the interest of Government, since that authority does not forego any part of their assessment thereon and holds the Zemindar responsible for the payment of the full amount thereof. that your Petitioner is therefore vested with sufficient right to attack or even to resume all private grants bestowed by his ancestors whenever he sees that the revenues thereof are misappropriated or in other words, not appropriated for the purposes for which they were granted or intended - and finally that the provisions of Regulation VII of 1817 do not rescind the authority thus vested in your Petitioner by the permanent Istemerar Sunnuds previously granted to his ancestors and still held by himself and are therefore no ways applicable to your Petitioner's Zemindaree - In addition to the Judicial documentary proofs cited, your Petitioner has the satisfaction of quoting a Revenue documentary proof

proof also - i-e- the Proceedings of your Honorable Board dated 8th July 1816 (a copy of which is also submitted herewith for easy reference) from which it is quite clear that all the Villages in your Petitioner's Zemindaree are held responsible for Peishcush, "without any exception in favor of the private grants by the Zemindars" and that the fourth clause usually inserted in the Istemerar Sunnuds granted to other Zemindars was not inserted in those granted to your Petitioner's ancestors as well as to the Zemindars of Calastry and Vengtaghery and consequently the right of resuming all Lackiraj and other alienated lands (which has been prohibited by the insertion of the above clause in the sunnuds granted to other Zemindars) is fully recognized by your Honorable Board in these three Zemindaries. With such an acknowledged right on his part your Petitioner regrets at the abrupt measures adopted by the Public authorities in taking forcible possession of the three Villages in question and delivering them over to a party

partly that I possesses no legal title to it- He regrets moreover at the disgrace he has thus been put to in the eyes of the public in general and of his own Ryots in particular, the more so as his influence and power in collecting his revenues from these Ryots have thereby been considerably slackened- he trusts therefore that he will be justified in asserting that such an interference on the part of those authorities with your Petitioners established rights and privileges is injurious to the interests of your Petitioner, and is altogether an unprecedented Act on the part of those authorities, for he considers the said Villages as his own property so long as he pays regularly the Peishcush due thereon- and he earnestly beseeches your Honorable Board to take these circumstances into your kind and benevolent consideration and grant him redress by directing the Collector of North Arcot to put your Petitioner back in possession of the aforesaid Villages and to prevent all further interference on the part of the Public authorities with the management of your Petitioner in regard to

From the Collector of North Arcot. } Para 1. I have the honor to acknowledge your letter of the 16th. Instant enquiring whether or not I intended in my report on the Extra Sources of Revenue for Fasly 1257 to recommend the abolition of the tase on the Sandal stone Mine in the Maumundoor Polliem.

2. In reply I beg to state that I did not include this tase among those whose abolition I recommended, because I doubted whether the Board and Government would consider that there were sufficient grounds to support such a proposal. The tase is insignificant and as such beneath the notice of the Government; but I am not prepared to say that it is vexatious, or at least not more so than every tase must be. There are a Number of persons at Tripatty engaged in the trade of preparing these stones for

for use; if the tax were abolished they would get them cheaper, and probably the price of the finished stones would fall, but they are not an article of general use or in frequent demand.—

Sir,

I have the honor to acknowledge an Extract from the Proceedings of the Board of Revenue dated 22d. March 1819 forwarded by you for my information and report.—

2. Being well acquainted with the land applied for by Mr Blanshard I am able to state that there does not appear to me to be any objection to its being cleared of the wood growing upon it. Regarding that applied for by Mr Johnston I have already reported a similar opinion under date the 27th October last.—

3 With reference to the 3d. Para of the Board's Proceedings I have visited the land occupied and that applied for by Mr Bayly. The land occupied is a small Patch planted by a Native and now purchased by Mr Bayly. The land applied for is in portions either adjoining the planted land or within a few hundred yards and it does not appear to me that there are

are any objections to the land being planted

4. With regard to Mr Bayly's means of extending his Plantation I beg to refer to Mr Bayly's former letter on this subject of his knowledge of Coffee planting. I do not feel competent to state further than that he is a man of intelligence and that he states that he has had some experience in Ceylon — I believe that Coffee cultivation is by no means a difficult process, its success being dependent chiefly on careful supervision and constant attention. As there is no rotation of crops and even manure is seldom applied. all that experience has taught can easily be learnt by a new settler by observing the plan followed by others. The time to plant the distance between the trees, and the method of pruning, when this is adopted can all be learnt in half a hours conversation with an intelligent Planter. I do not think therefore that it would be wise to discourage parties from applying.

applying their industry to the cultivation of the soil so long as they are prepared to pay the Government assessment.

5. I have said that I do not think that there is any objection to the above lands being cleared; for though I believe it is highly desirable to prevent the indiscriminate waste of our woods, there is a great difference between the wasteful destruction of large tracts of timber for the sake of using the land for grain crops for one or perhaps two years, and clearing small portions with the view of covering it with a perennial and very valuable plant ation. Considering how much the Shevaroys are known to have improved in point of salubrity since they were partially cleared; and the advantages of the spot to European settlers, I should regret if they were discouraged from resorting to it.

To, F. N. Maltby Esqre

Sir,

Agreeably to the request contained in your letter of the 29th March 1849, annexing an Extract from the Proceedings of the Board of Revenue, to put in writing the information therein called for.

In reply I beg leave to state that with reference to my means of extending my small plantation of 1,500 trees, occupying a space of 3 Acres and odd, and my knowledge of Coffee Planting, I have already dwelt upon this in my letter to you of the 26th October 1848, and subsequently more fully to the Board on the 9th March 1849.

It therefore now only remains for me to state my reasons for the application having been originally made

Fort St. George 26th April 1849

made by myself on behalf of my son and of my having addressed the Board on the 9th March 1849, and also to explain why I did not apply on my own account and to mention the age of that son.—

Tho' my son is not too young to be initiated in the art of Coffee Planting being in his 7th year yet he is under age and cannot act for himself. therefore as his natural Protector, I feel it a duty incumbent on me, not only to act for him now but also to provide for him for the future, and not only to instruct but to afford him every encouragement to act for himself. when he shall be old enough to do so, not merly for this reason, but as my son and heir I trust there will be no objection to the application having been made, or to the grant remaining in his Name.—

Trusting the above will meet, not only with your approbation but also your kind support—

No. 3

To The Honorable the President and Members of the Board of Revenue, Madras.

Gentlemen,

With reference to a letter received from the Collector of Salem, under dated 3rd January 1849, annexing an Extract Para 2 of a letter from the Board of Revenue, declining to authorize the grant of my application for 20 acres of land on the Shevaroy Hills, on the grounds of the information furnished respecting the resources or knowledge of Coffee Cultivation, being deemed by the Board unsatisfactory.

I deeply regret in the first instance that I should have confined myself merely to the information required of me, in a letter from the Sub Collector F. N. Maltby Esqre bearing date Salem 23d October 1848 without entering into those particulars which it is earnestly to be hoped will now move the Board to sanction my application.

In

Fort St. George 26th April 1849

In the first place, since forwarding my application for the 20 acres in question, after the necessary Moochilkas had been received from the Malayalies, and in anticipation that the grant would be made to me I concluded a bargain for the purchase of a small Plantation in the Maganad Centrally situatied with reference to the lands for which I am now an applicant, and which I hoped thus to have extended. It consists of 1500 trees, of about 7 years growth in full bearing, the annual produce of which upon a fair calculation will in the course of next year average 100 Maunds.

In the next place, with regard to my experience in Coffee cultivation, I beg leave most respectfully to state that I understand the theory as well as the practice of the Ceylon System, having been on that Island myself, and that observed on the Shewary Hills if it can be called a method at all.

I further beg leave, here

Fort St. George 26th April 1849

here casually to mention that I have of late years made cultivation in general my study, and the result of my experience with respect to one useful article the distruction of weeds, will I presume, be deemed of importance and utility when I shall have brought it the same to the notice of the Secretary, and through him to the Members of the Horticultural Society, to whom I also purpose sending a sample of my Coffee, the gleanings of the present season and I only regret that I am unable to forward the quantity required.

Trusting the Board will pardon the length of my communication to them on this subject and hoping that they will take my case into their favorable consideration.—

Resolution thereon. Under the explanation furnished by the Sub Collector in his letter of the 11th April 1849 the Board of Revenue will not object to allow Mr. Bayly the land.

I have the honor to report for the information of the Board that the Mootah of Luddyvandy in the Taluk of Salook and two Mootahs of Porloor and Shaloor in the Paramutty Salook were registered in the names of Pedda Reddy and Peddayamanul. On the death of Pedda Reddy Nullapa Reddy, the late Proprietor of Mootanjetty Estate and Nephew of the deceased was chosen as a Guardian to the incapacitated heirs of Pedda Reddy Peddayamanul the Joint proprietor of the above three Estates also engaged Nullapa Reddy as a Manager for Conducting the affairs of her half shares in the Mootahs in question, as she was old and had no male issue Agreeably to the request of the parties concerned an

an order was issued on the 29th January 1838 by the then Sub Collector Mr. Ogilvie to appoint Nullapah Reddy as Guardian and Manager Peddayammal the joint proprietor also died on the 12th Aumy of the year Soobakredoo, leaving a female heir named Peria Veerummal, consequently the management of the affairs in the Mootahs in question was conducted as usual by Nullapah Reddy - However Peria Veerummal, who is the only heir of the deceased joint proprietor Peddayammal, requested in her deposition given to the Collector in the 31st August 1849, that the half shares which belonged to her in the three Mootahs mentioned above should be registered in the name of the above Venguttaiana Reddy, who is the son of her daughter in Yendoomayummal the 1st Wife of Pedda Reddy and who is now 12 years old. Nullapah Reddy who was Guardian and Manager also died

Fort St. George 26th April 1849

died in fusly 1255.—

2. The above three female Heirs petitioned on the death of Nullapa Reddy that one Paupee Reddy should be allowed to conduct the affairs of these three Mootahs accordingly Paupee Reddy was on the 13th November 1845 ordered by the Sub Collector to be appointed as Guardian &c— but a complaint having been subsequently made by Peria Veerummal and Yendoomayummal against Paupee Reddy regarding his conduct and requesting that he should be removed, an order was issued on the 12th May of fusly 1256 directing that Paupee Reddy should totally be prevented from interfering in the Mootahs in question; from which time the management of the affairs of the Mootahs devolved on Peria Veerummal Yendoomayummal and Kistnamal, who up to the present time are carrying on the business satisfactorily

Peria

3.

Peria Veerunnmal now requests that the half shares belonging to her in the three Mootahs in question should be registered in the name of Venguttaram Reddy her grand son, who is the legitimate heir to the deceased joint Proprietor Pedda Reddy, and that she should be permitted to conduct the affairs as Guardian until Venguttaram Reddy attains his eighteenth year of age. The mother of Venguttaram Reddy requests that the other half shares which belonged to her husband in the above three Estates should also be registered in the name of Venguttaram Reddy and her Mother Peria Veerunnmal appointed as Guardian as solicited above. The 2d Wife of Pedda Reddy named Kistnamal, who on the 30th January 1846 consented in her deposition to get the half shares of the three Mootahs in question belonging to her deceased husband registered in the name of

of Venguttaram Reddy, son of her husband by the 1st Wife, now says that her name should be jointly registered with that of Venguttaram Reddy for the half shares in the three Mootahs belonging to her husband.—

If the register was passed in the name of Venguttaram Reddy agreeably to their mutual solicitation in 1846, the 2d Wife would have had no room to recant.

5.

I think that Venguttaram Reddy son of the deaceased Pedda Reddy, is the only legitimate heir in the family in whose name the three entire Mootahs in question should be registered agreeably to the request of the parties mentioned in the 3d Para, and that all the widows connected with the family should be supported by him after he attains the age of discretion, and that the Mootahs until such time should be entrusted to the Management of

Fort St. George 26th April 1849.

3.

Peria Veerunnal now requests that the half shares belonging to her in the three Mootahs in question should be registered in the name of Venguttaram Reddy her grand son, who is the legitimate heir to the deceased joint Proprietor Pedda Reddy, and that she should be permitted to conduct the affairs as Guardian until Venguttaram Reddy attains his eighteenth year of age. The mother of Venguttaram Reddy requests that the other half shares which belonged to her husband in the above three Estates should also be registered in the name of Venguttaram Reddy and her mother Peria Veerunnal appointed as Guardian as solicited above. The 2d Wife of Pedda Reddy named Kistnamal, who on the 30th January 1846 consented in her deposition to get the half shares of the three Mootahs in question belonging to her deceased husband registered in the name of

Fort St. George 26th April 1849

of Venguttaram Reddy, son of her husband by the 1st Wife, now says that her name should be jointly registered with that of Venguttaram Reddy for the half shares in the three Mootahs belonging to her husband.—

If the register was passed in the name of Venguttaram Reddy agreeably to their mutual solicitation in 1846, the 2d Wife would have had no room to recant.

5.

I think that Venguttaram Reddy son of the deceased Pedda Reddy, is the only legitimate heir in the family in whose name the three entire Mootahs in question should be registered agreeably to the request of the parties mentioned in the 3d Para, and that all the widows connected with the family should be supported by him after he attains the age of discretion, and that the Mootahs until such time should be entrusted to the Management of

of Peria Veerunmah the grand mother of the Minor - The objection of the 2d Wife Kistnamah does not stand good, she should be under the protection of her step son Ven= =guttaram Reddy, who is the sole proprietor of the three entire = Mootahs - As these Mootahs have since a long period been under the management of the family, and after the period of the Minority of Venguttaram Reddy will be = completed in 6 years more, the Estates are not required to be taken under the Management of the Court of Wards agreeably to Regulation V of 1804. —

6. I therefore solicit the Board's sanction to Register the Mootahs in the name of Venguttaram and to appoint Peria Veerunmah as Guardian and protector of the whole family. —

To.
W. D. Davis Esqre
Collector of South Arcot

Sir,

In acknowledging receipt of an Extract from the Proceedings of the Board of Revenue calling for explanation regarding my protracted residence at Trungacoopum in Fusly 1257.

5904 Fort St. George, 20th April 1849.

1257 I have the honor to state that of 163 days to which the Board object, I was for 38 days in charge of the district and for 49 days engaged in adjusting the Immanabundy accounts.

It is true that I resided at Munjacapurm in November and December but you are well aware that for several preceding months I had been exerting myself to complete the construction of the Vellaur Anicut and the Ragaviah head Sluice, and that continued exposure in Tents during the hottest season of the year had consiederably impaired my health, and rendered a change to Cuddalore desirable. During this period I was under the necessity of keeping up at my private expense the whole of my Circuit Establishment as well as providing a house in Cuddalore for the accommodation of my Cutcherry, you are further aware that there is no house in the Sub Division habitable during the Monsoon. Under these circumstances I trust that the Board will not withhold their sanction from the Statement of my Extra

In forming the Estimate* for Fusly 1257 / 1847-48 Viz. From the acting Pl. Collector of Coimbatore, Sir,

I have the honor to state for the information of the Board, that Lingaudy Naick one of the Members of the Family of the Poligar of Jelly puttiy in the Chuckira-gherry Palook died on the 9th December last —

Reports the death of Lingaudy Naick a Pensioned Poligar of Jelly-puttiy and recommends that ½ of his allowance should be continued to his surviving Naick —

3.

It appears from the enquiries made by the Tahsildar of Chuckragherry, that Pareasamy Naick is aged 23 years, and has no other means of livelihood, save and except the allowance enjoyed by his late Father, and that the Family of the deceased consist of a widow a son and two daughters.—

4.

In reference to the previous correspondence shows that allowances of a similar character were continued to the surviving Members of the Family of deceased Pensioners.

5.

It does not appear that this Pension or allowance, is strictly hereditary and may therefore be reduced with propriety in accordance with the instructions conveyed in a General letter from the Honorable the Court of Directors of the 18th May 1842 No. 12 and under these circumstances I beg leave to recommend that the reduced allowance

The Board of Revenue have some reluctance in recommending the sale of this Salt at so low a rate, at the risk of its supplanting in con- =sumption an equivalent quantity of country manufactured Salt sold at the usual monopoly price but as the stocks of Europe Salt still on hand is so small and seems desirable to close the transac- =tion the proposal submitted by the Collector may be worthy of consideration.-

Sir,

From Mr. C. Grant. The supply and repairs of furniture for the Board of Revenue having been completed agreeably to my Estimate, I beg to submit a Bill for the same amounting to Rupees 796-4-4 and to request that it may be passed for payment.-

ORIGINAL DESTROYED

In regard to the reduction which I am informed, the Government expect I should make in the price of certain of the Articles, I beg to state that the cost of repairing the old Office Tables and Chairs has far exceeded the Estimated Amount- In addition to which I have had to pay Cooly hire for conveying to the Fort the new furniture, as well as for carrying backwards and forwards the old Articles for repairs- I trust therefore in consideration of these losses that no reduction will be made in the amount of my Bill.-

To the Chief Secretary to Government

Submitting a letter from Mr. Grant enclosing a Bill for the supply of new and repairs of the furniture and recommending that the Amount of this Bill may be sanctioned.

Gn. Cons. 30th April 1849 No. 8

With reference to the order of Government dated 21st November last, I am directed by the Board of Revenue to forward, for submission to the Right Honorable the Governor in Council the accompanying letter from Mr. C Grant, dated 16th Instant, forwarding a Bill amounting to Rupees 796 - 0 - 0 for the supply and repairs of furniture for the use of their Office. -

2. In the order quoted above the Government observed that a few items in Mr. Grant's Estimate exceeded the Commissariat rates, and seemed capable of reduction. Mr. Grant was informed of this, but he states in reply that the cost of repairing the old Office Tables and chairs has far exceeded the Estimated amount and that in addition he has had to pay Cooly hire for conveying to the Fort the new furniture

as

Fort St. George 26th April 1849.

as well as for carrying backwards and forwards the old articles for repairs. In consideration of these circumstances he begs that no reduction may be made in the amount of his Bill.-

Mr. Grant has certainly had to pay coolly hire an item not included in his Estimate and there is reason to believe that his Statement respecting the cost of repairing the old furniture is correct.- the charge for these repairs being only about a third of the sum estimated by the Commissariat- The whole of his work has been well executed, the Board therefore beg to recommend that sanction be granted for payment of the amount of his Bill Fifty Rupees 796-4-4

Submitting a letter from Mr. Grant enclosing a Bill for the supply of new and repairs of old furniture and recommending that the Amount of this Bill may be sanctioned. Ja. Cas. Feb. 1849 No. 30 Cont. 1849

Sir,

With reference to the order of Government dated 21st November last, I am directed by the Board of Revenue to forward, for submission to the Right Honorable the Governor in Council the accompanying letter from Mr. C. Grant, dated 16th Instant, forwarding a Bill amounting to Rupees 796-0-0 for the supply and repairs of furniture for the use of their Office.-

2. In the order quoted above the Government observed that a few items in Mr. Grant's Estimate exceeded the Commissariat rates, and deemed capable of reduction. Mr. Grant was informed of this, but he states in reply that the cost of repairing the old Office Tables and Chairs has far exceeded the Estimated amount and that in addition he has had to pay Cooly hire for conveying to the Fort the new furniture

as

as well as for carrying backwards and forwards the old articles for repairs In consideration of these circumstances he begs that no reduction may be made in the amount of his Bill.-

Mr. Grant has certainly had to pay coolly hire an item not included in his Estimate and there is reason to believe that his Statement respecting the cost of repairing the old furniture is correct.- the charge for these repairs being only about a third of the sum estimated by the Commissariat.- The whole of his work has been well executed, the Board therefore beg to recommend that sanction be granted for payment of the amount of his Bill Fifty Rupees 796—4—
