To,

J. F. Bishop Esqre

Collector of Tanjore.

Sir,

Para 1. I have the honor to submit the usual Statements exhibiting the results of the annual Settlement of Land and other Sources of Revenue connected with the six talooks comprising the Sub-Division of this Province for Fusly 1257. A.D. 1847/48.

24th April 1848 2. On my assuming charge of this Division of Tanjore I found that the Settlement of 685 Villages of those held under field assessment had been already made and the Pottahs given, thus leaving 233 Villages to be settled.

Season. 3. The season is said to have proved not so favorable as might have been anticipated for the agriculture of the district; comprised as it is for the most part of Nunjay or Wet lands. The early rains of June and July, and the ample supply of water in the rivers, held out prospects to the Inhabitants of a good return for their labor and Capital expended on their fields; which, the subsequent drought and almost cessation of water in the Cavery after the middle of September to the end of October, combined with the excessive fall of rain during the North East Monsoon, prevented, from being realized.

The unusual violence of the Monsoon during November and December was very detrimental to both the Caur and Peshanum Crops of the Country. The means of irrigation, as shewn above, failed at a period when the paddy plant required most water, and then the over-abundant supply coming after caused a County

Colungoo Villages.

6. Of the 406 Colungoo Villages he received in exchange from H. H. the Rajah paid the assessment without reference to the current selling price. Of the remainder, six villages suffered from drought and were reaped by Government; while 396 villages paid the demand according to the current selling prices, and the peculiar nature of the Colungoo system. That is, 76 Villages paid accordion to the commutation price, as there was no variance between the actual current prices of their locality, and the standard rate. In 290 Villages no reduction was allowed, as the current selling rate did not fall below 5 per cent of that of the standard, the one being 3 — 7 3/4 and the other 2 — 31/16, and these villages consequently paid the full rate, and the remaining 30 villages a remission of Rupees 366-5-9 was allowed, the selling prices being below 5 per cent of the fixed rate.

ing from a gross increase of Rupees 730-9-1 and gross decrease
of Rupees 5,466-10-10 attributable to the unfavorable nature

Of these twenty four Villages, 21 are the same as last Fusly. two were rented last year but under Amanny this, while one was received from the Colungoo Villages on account of the shortness of crop. The average actual produce and the Beriz compared with last Fusly shows a trifling decrease as detailed in this Statement.

Demand Collection and Balances

12. The total demand in the Division on account of Land and Extra Sources of revenue amounted to Rs. 15879-3 and the Collections up to the 11th July last, or the end of the Fusly 1257 were Rupees 13,854-25-8-8 leaving a small balance of Rupees 2,304-15-7 which has been reduced by subsequent Collections to Rupees 1,432-13-6 the greater portion of which sum will, I anticipate, be shortly liquidated.

The realization of so large a proportion of the revenue due is most satisfactory, and reflects great credit on the Tahsildars and other subordinate Officers intrusted with the management of the revenue in the several talooks

Valies / of the Poonjah lands were converted into Nunjah by the Cultivation of the coottalay description of Paddy made dependent on the rains for irrigation, and for which a Rent of double the Poonjah assessment is usually demanded, that is Rupees 15-1-4 per Valey. This was found too oppressive, and the lands were taken under Amauny in Fusly 1238 / 1828/29 and since that period the out-turn has been small and the value of the Melvaram for the present year has been estimated at about Rupees 10-12-4- per Valey-

5 It is proposed, after the expiration of the present Fusly year, to let the Merasdars have the lands at a Rent of one and a half of the fixed Poonjah demand, or Rupees 11-4-9 per Valey, to which there appears no objection-

From the Collector of Tanjore - - - -

Submitting a statement exhibiting the aggregate amount paid to the Creditors of Gundracottah.

I have the honor to report, for the information of the Court of Wards, with reference to their Proceedings bearing date 27th November 1848 the number of Creditors against the Gundracottah Estate satisfied and the Amount of debts discharged-

2 In the statement accompanying Mr. Bishop's letter of the 2d November last ten Considerable Creditors are entered, whose demands against the Estate inclusive of Interest Amounted to Rupees 281.08-15-9- The arrangement proposed to these individuals was that they should forego one half of the Interest due and accept the Principal with the Moiety of Interest, in full of all demands-

Sic

Six creditors have agreed, and their debt satisfied to an amount of Rupees 9528-
u-3. The other four have not come to terms-

3 Of the 37 Petty claimants without Interest 31 have been paid Rupees 1106-8-7 leaving 6 individuals to be settled with of whom three are not forthcoming one is to be paid and two decline to receive their money the amount being very trifling merely a few annas-

Besides the above there are six small debts amounting to Rupees 326-2-10 of these three have been discharged to the exctent of Rupees 118-u-6 the others will be settled with in due course-

4 Among the Servants 247 persons have been paid and there is the trifling Amount of Rupees 4-1-10 to be disbursed-

5 Beg to submit a Statement which will exhibit to your Board the aggregate sums paid away amounting to Rupees 11,037-9-3 namely Rupees 10,161-6-8 in cash payments and

and Rupees 382.6-2-7 in Credits-

6. This last sum requires explanation, It was found that some of the Creditors had been permitted to realize in part payment of their debts the Rists of Revenue due by some of the Ryots of the Pollipet, but to whom corresponding Credits had not been given in the Revenue accounts of the Estate-

These items are entered in Column 4 of the Statement and included in the amount of debt due and then Considered as Credits in the sum total of payment-

In the Current Fasly demands due Credit will be made to the Ryot for the sums paid to the Creditors in former years-

7. With Reference to Para 2 of the Proceedings under reply, Beg to submit that the widow and Infant Cumums were only referred to on the subject of those claims, and the adjustment made accordingly in this Cutcherry-

The whole of the claimants have been paid in my presence-

Proceedings thereon.—

(40-41.)

In Para 6 of the above letter the acting Collector states.—"It was found that some of the Creditors had been permitted to realize in part payment of their debts, the Rists of Revenue due by some of the Ryots of the Pollipat, but to whom Corresponding Credits had not been given in the Revenue accounts of the Estate.—

2 "These items are entered in Column 4 of the Statement and included in the Amount of debt due, and there considered as Credits in the sum total of payment.—On referring however to Column IX of the Statement it appears that the total Amount therein exhibited is Rupees 3,661-1 whereas the sums allowed as cash Credits as stated in the preceding Para /5/ of the letter to have been Rupees 3,814-2-7. The Acting Collector is requested to explain the cause of this difference, and further to inform the Board, whether there are any further cash Credits remaining to be adjusted beyond those Comprised in the Sum of Rupees 3,814-2-7

From the Coll.r of Madura - Giving Certificate in information called for in the Minutes of Cons.s of the 10.th Feby 1847 regarding the Cazee Muniem Gungwarputty in Thencarry & forwarding Copies of correspondence with the Sub Collector -

Para 1. With reference to an Extract from the Minutes of Consultation of Government under date the 10.th February 1847, transmitted with the Board's Proceedings of the 1.st March 1847. I have the honor to transmit a correspondence with the Sub. and Acting Sub Collector relative to an Enam in the Village of Gungwarputty in the Tenkarray Talook, enjoyed by one Budday Sahib deceased, and purporting by its Purvanah to have been originally granted to Mohammed Mohdeen Cazy of Dindigul -

2 - The result of the further enquiry is, to my mind, that the Enam in question, as well as an Enam in the Village of Adiamoothoor were originally granted for the remuneration of the Cazee of Dindigul by name Syed Mohdeen, or Mohammed Mohdeen, and, that, from some cause or other

other, they became separated from the Ser-

further particulars, sent instructions to that Talook and to the Tahsildar of Tandicamboo in which is situated the Town of Dindigul formerly Khal Kalad or Khalikabad. The Tasildar of Tadecamboo has taken depositions from some of the older residents in Dindigul. But no reply having been received from Tenkaray I have ordered the Tahsildar to send the same direct to your cutcherry.

2— It was not easy to ascertain the nature of the Maniem or precise place of extent of the serious required, without inspection of the original Purvanah, and the translation with which you favored me on the 16th Instant does not seem very conclusive for it does not state that any service was required but grants 1 Chey of Nunjah land in the Village of Gangwara-putty "to Mohamud Moideen Cazy of Kalekabad for his expense" whether this was intended for his private disbursements or for the expenses he might be put to on account of his duties as Cazy is not very evident the translation itself would certainly incline to the opinion that the Maniem was an unconditional free gift The word used in the Original purvanah and

Fort St. George 14th May 1849

and here translated "Expense" might elucidate that point and I regret not having seen it or any copy.

3— I beg respectfully to offer an opinion that the name Mahammed Muddeen is a mistake. Either for Syed Mahomed or Syed "Muhsin" the latter word signifying Benefactor cherisher &c and corresponding to Sawarukha-ra Karta of the Hindoos. It is the name given to the father of Boddey Saib by Cazy Syed Meeran who gave a deposition before me on the 20th Instant and in a family tree drawn out by him which is herein inclosed in duplicate I have also appended to this communication one in English also embracing the names of the family at Gungwara-putty where the one chey of land is situated and distant about 26 Miles from the Town of Dindigul.

4— One of the relatives Syed Abdul Kader before the Tahsildar stated the land to have been given for the expenses of the Cazys duties and so does Syed Meera before me explaining that the parcel in Gungewara-patty was given in lieu of land originally granted in Dindigul and it is not improbable that when Meer Saib or Syed Saib Governors or Nawabs of Kalekabad and relatives by Marriage to Tippoo Sultan

wished.

6906

Fort St. George 14th May 1849.

wished to provide for the due maintenance of the Mahbaras or Tombs of their deceased wives with the usual illuminations and ceremonies, that they desired to have such illuminations uninterrupted and undivided in the immediate vicinity of the objects of endowment to which them doubtless occupied most of their attention and therefore invited the Cazy to accept an increased portion among st the fertile lands of Gungawarapatty in lieu of his holding under the Begampoor Tank. But this does not appear to have arisen from any intention to remunerate duties to be performed west of Dindigul, but simply as an exchange of land and probably to shew the incumbent that he was not to be liable to a second ousting to make room for future Begampoors or sepulchre endowments, the grant was made in perpetuity, but as above said whether for the maintenance of the duties & espences of the Civil criminal and ecclesiastic Judge of Halikabad or for his own unfettered expenditure the translation I was favored with on the 16th Instant does not certainly explain although there appears sufficient to determine that no service of any kind in and about Gungawarapatty tenure formed part of the obligation.

5- Under the above circumstances I would beg to recommend the continuance of the Inam in Gangawarapatty for the purposes for which it was originally granted and which can only be clearly ascertained by inspection of the Original Purwanah.

The Acting Principal Collector of
Madura

Sir,

With reference to Mr. Elliots Letter of the 23d Ultimo No. 127, I have the honor to transmit to you the accompanying Original 5 depositions and report received from the Tahsildar of Tenkarray on the subject of the Maniem of Tenkarray on the Village of Gungavarputty enjoyed by the late Cazy Baddaay Sail.

From these documents it appears that the Maniem was in Baddaay saibs possession before the survey by Mr. Hurdis and that his name was entered in the Fysul accounts prepared in Fusly 1212. as enjoying one chay of Maniem.

Since the death of Baddaay saib the land in question has been taken possession of by his sons who have cultivated and reaped one crop from it during the present fusly.

The land does not appear to have been held on any service tenure nor does the Cazy of Dindigul seem ever to have possessed any right in it.

Baddaw Khawn and Bhawakham of Kanvoy putty state that the Maniem was conferred on Buddasaibs Father Syed Mohopeem in consideration of his having taught the Nabob said Sait the Governor of Dindigul to read.

Sir,

I have the honor to acknowledge the receipt of your letter without date, on the subject of a Maniem in the Village of Gauzpara putty enjoyed by Buddary saheb deceased, and with reference to your remarks, that the land did not appear to have been held on any service tenure nor the Cauzy of Dindigul to have possessed any right in it, I beg to forward an Extract from the Jamabundy Account for the Shencarray Taloke in Fusly 1212 in which this Enam is entered as enjoyed by the Cauzee of Dindigul, and an Enam in the Village of Adainoothi, in which part of the Town of Dindigul is situated, in the same manner, and further Extract from the Maniem Account of Fusly 1223, containing similar entries in regard to both Enams; with the addition of the Names of Mohomed Mahsin as the Original Grantee and Syede Budderoo Deen as the then possessor which statements create a strong impression

that

Fort St. George 14th May 1849.-

that these Enams were granted for the Office of Cauzee notwithstanding the late professor not having performed the duties.-

I shall therefore be obliged by your making some further enquiry into the subject, and by your ascertaining by whom the Enam at Adiranoth is now held, and who performs the duties of Cauzee at Dindigul and how he is remunerated.- Probably your enquiries into these points may discover a clue to the truth.-

Madura, 11th May 1847.

(Signed) R. D. Parker
Actg Pl. Collector.

To,

R. D. Parker Esqre
Collector of Madura.

Sir,

With reference to your letter of the 11th May 1847. I have the honor to lay before you the further information therein called for relative to the Enam lands granted for the Kazanat of Khalifabad, particularly those situated in the village of Adianoot.

The quantity of land in the said village originally granted appears by the Extract from the Summabundy accounts for Fusly

Fort St. George 14th May 1849.-

Fusly 1212 A.D. 1802/3, and Enam entry book for Fusly 1223 A.D. 1813/14 received from your Office, to have been originally Goontahs 16, but was subsequently discovered to be enjoyed to the extent of Goontahs 18 4/4 15/1 which Amount of land has ever since that period been allowed to be enjoyed by the Cazy of Dindigul for his services, or rather has been ented as attached to the Cazawat of that Town.-

Time of settlement.-

2. In the above said Summabundy account the name of the original Grantee or holder is not mentioned, but in the Extract from the Enam Register for Fusly 1223 A.D. 1813/14 the Grantee is stated to be Mahomed Mohsaw, and the lands to be then (Fusly 1223) in the possession and enjoyment of his Son Syed Baddroodeen. No name is mentioned either in the Village Accounts of Gungawarapatty (formerly attached to the Talook of Buttagoontah) nor in those for Adianoot (formerly included in the Talook of Vedasandoor).

3. The Curnum of Adianoot* has however since Fusly 1254 A.D. 1844/45 taken upon himself to enter the said Cauzy Enam in the name of Baddaysaib- since whose decease the name of the holder or possessor is entered as Syed Mahomed.-

* Abhishekam Pillay deceased.

4.- On examining the accounts connected with

Fort St. George 14th May 1849.-

with this Enam, there certainly appears some discrepancy in the names. the chief being exhibited in the Enam Register dated 1223 (1813/14) for both Enam and the original Purwanah dated Hejree 1203 (Keelakka) Fusly 1196 (A.D. 1786/7) issued for that of Gungawarapatty. In the former the name of Mohomed Mohsan appears, whilst in the latter and in the Mahratha sunned from Nawab Saib Saib to Trimal Row Amil of Buttagoontah, the name is Mahomed Mahdeen, and the object simply stated to be for the maintenance or expense of himself and descendants.-

5. Neither of the said names are to be particularly discovered in the family tree given by the present Cazy of Dindigul Syed Meera, and enclosed in my letter of the 23d March 1847, to which I solicit your attention but the apparent disagreement seems to me easily reconcileable, in as much as Mahomed Mohdeen and Syed Mohdeen are shewn to be one and the same individual from a Sakeed dated 10th January 1804 issued by the Collector to Soobboo Tahsildar of Vedasendoor, directing him to pay as had been usual, the sum of 5 Rupees to the Cazy of Dindigul Syed Mohdeen for the Coottra / A. Sakeed dated 2d January 1845.-

declines

Fort St. George 14th May 1849.-

declines continuance of the said payment. This Mahomed Mohdeen alias Syed Mohodeen belongs to the elder branch, to whom the Adianoot Enam was originally granted, at and since the period of registry of the said Enam - however, the name appears to have changed to Mahomed Mohsan or Mohsin which is the younger branch and as such alludes to "Syed Mahomed alias Syed Mohsan." for it particularly states he is the Father of Syed Badroodeen who is evidently the Badday Saib deceased and who last held the Enam in Gungawarapatty There being no similar name in any other part or branch of the family whilst Badday Saib did actually hold possession and is entered as the holder in the Register of 1813 under the name of Budrooddeen.-

6. In the Deposition given before me by the present Cazy of Dindigul, on the 20th of March 1847, Syed Meera confesses that he has never had possession either of the Addianoot or Gungawarapatty Enams, but that Budday Saib son of Syed Mohsan had always enjoyed them; but he states that he was ignorant, till 10 or 12 years back, of the existence of any such Enams; and that Budday Saib on being asked, gave him to understand

that

that the one at Adianoot had been resumed and the land he (Budday Saib) held at Gungawara-putty was Circar ayen, for which he paid rent. although this statement is scarrely credible I cannot assert that it is totally devoid of truth.-

7. From all that has transpired on the subject, it appears to me doubtful whether the land granted in Gungawara putty was intended for the support of the Dindigul Cazzyship It might have been granted for the maintenance of the younger branch of the family of the then Cazzy Syed Meera, and that subsequently the Enam at Dindigul being found insufficient for the purpose intended, the Cazzy had recourse to the levy of fees on Marriages, Funerals and other ceremonies; and that when an opportunity offered Syed Budrooddeen alias Budday Saib being son of Syed Mohsan who it is supposed officiated for Syed Mahdeen, laid claim to the Enam in Adianoot, to which the other members of the family yielded, and which he held to the period of his death, in addition to the one in Gungawara putty- the Cazzy himself who performed the duties attached to that Office, willingly contenting himself with the Rufsooms freely given, and the amount of which is probably ten

*See Depn. of Syed Meera dated 8th August 1848.-

ten times the profit which would arise from farming out the Enam land in Adianoot which has been evidently (though the present Cazzy states it was through his ignorance of it's existence) alienated from the purpose for which it was originally granted.-

8. Should it be purposed to renew the Enam in Adianoot, to the present Cazzy who has affected so long ignorance of it's existence, it is doubtful if there is any necessity for the continuance of the Nunjah land in Gungawara putty lately in the possession of Budday Saib beyond the immediate descendants of the late incumbent.-

9. A list of the documents which accompany this communication is herewith forwarded.-

Forwarding letter from the Collector of Madura furnishing the

Further information called for by Govt relative to the Mauniam in the Village of Gungawar-putty held by the late Budday Sahib and Board's views on the subject.—

Sel Cons 1st Novbr 1847
Sel Cons 14th May 1849.

Honorable the Governor in Council the accompanying letter from the Collector of Madura under date the 20th April last furnishing the further information called for in Extract Minutes of Consultation 10th February 1847 relative to the Mauniam in the Village of Gungawar putty held by the late Budday Sahib.—

2 On a perusal of the correspondence forwarded to the Collector, the Board are disposed to concur in the conclusion at which that Officer has arrived Viz.t that this Enam together with an Enam in the Village of Adianoottu were originally conferred for the remuneration of the Cazy of Dindigul Syed or Mahomed Mohdeen, and that from some cause not now ascertainable, these endowments were separated from the service, and were enjoyed by Syed Mahsin a relation of Syed Mohdeen of the younger branch, and after his death by his son the last incumbent Syed Buden Deen alias Budday Sahib.

3 As Budday Sahib is shown never

Fort St. George 14th May 1849.

never to have discharged the duties of the Cazi, and his branch of the family do not seem to have any connection with the Office, the Board of Revenue see no reason why the Enams should be continued to his issue. It will therefore be for the consideration of Government whether both the Mauniums should be subjected to full Assessment or whether they should be transferred on their present tenure to the party, Syed Meera, by whom the functions of Cazy are at present performed, and who seems from the Genealogical table appended to the Sub Collector's letter of 23d March 1847 to be a descendant of the original Syed Mohideen. It will be observed that the Office of Cazy is required at Dindigul.—

The object of the Plaint is to obtain possession of and Puttah for certain Malgoozary Poonjah land amounting in extent to 14/15 of a Ballah assessed at Rupees. 1. 13. 11 and yielding an annual produce of Rupees. 17. 8.— to which the

Fort St. George 14th May 1849

the Plaintiff has a right as explained below.—

The land in litigation, consists of two Parcels or "Calays" the one No. 27, known as "Vaikal Tar Punjah" is 1/8, and the other No. 28, called "Kuttacaud Poonjah" is 3/4 of a Ballah amounting in the aggregate to 14/15 bearing an assessment of Rupees 1-13-11 and is situated east of Arasamarattoo Punjah No. 29, South of Paroomal Covil Punjah No. 30, west of Paurioor road and north of Soottoo Vaikal Tank. It was acquired by Plaintiff's Father, and his uncles Veaso Row and 3 others, and held on a Puttah in the name of the former from the time of the assumption of this Province by the Company. Twenty three years ago, in order to relieve certain labourers of the Plaintiffs Family Estate named Sannee and Selumburn, from the payment of House tax the Puttah for the land was transferred to them under the provisions of Section II Regulation XXVIII of 1802 and

Fort St. George 14th May 1849

and the land itself was enjoyed both by his ancestors and latterly by himself and his cousins Coop= =pien Vea. The Puttahdars Samu and Selumbum died about 10 years ago, but the land continued to be held on grass tenure / one fourth of the Punjah assessment / until Fusly 1256. In 1257, it was cultiv= =vated, and full rent levied thereon In a division of Estate the said land fell to the share of the Plaintiff, and is also entered in the deed exe= =cuted at the time - The Father of the 3d Defendant who is the enemy of the Plaintiff and whose intention is to obtain possession of the land in question, together with another individual named Soonda= =ramien, constructed a new Sluice in the said ground with a view of taking water to their cultivation, of which the above named Coopi=

having destroyed the produce and

was preferred to the 1st Defendant
/ the Principal Collector / on the 2nd
of June of the same year, which
was referred to the 2d Defendant
for investigation- who instead
of examining the case properly,

He again complained of it, to the 1st

and altho' the charge was fully proved
before this functionary by the Statement
of the witnesses on the part of the Plain=

hereditary Property, and details a number of circumstances by way of elucidating his claim.—

2. The acting Principal Collector on the part of the 1st Defendant the principal Collector now absent on leave denies the right of the Plaintiff to the Ground he claims, and without following all the irrelevant matter set forth in the Plaint is contented to rest his case on the admission of the Plaintiff "that a Grass Puttah for the land under litigation was for many years made out in the name of two persons now deceased, Sawmee and Sellumbum" the land having passed out of the possession of Soobbien the Puttadar, at that time supposed to be Plaintiffs late Father. It is not pretended that Plaintiff is heir to the said Swamee, and Sellumbum - and there is no Razeenamah or other document to shew that a Puttah was

issued

ipued to them with the consent of Soobbien - it appears from the Jummabundy Accounts that Sawmee and Sellumbum, obtained a Puttah to hold that Ground on grass tenure in Fusly 1232 (1822/23) when it was Cirkar waste and therefore the Plaintiff could have no right to it. No other valid claim to the land is set forth in the Complaint and as it can be shewn that, on enquiry, no rightful heirs of the said Sawmee and Sellumbum were to be discovered, the Ground in dispute, / since the death of the Puttadars, / by the usual Rules in force in the District, became at the disposal of the Revenue Authorities, so that the Plaintiff has no valid ground, to support his case, against the Acts of the Principal Collector respecting the said land, whatever they might be - The Court is therefore prayed to non Suit the Plaintiff with costs.—

Proceedings thereon.—

The Board of Revenue observe that it is asserted in the Plaint which accompanied the above letter, that the land for the recovery of which the action has been brought, was held on Puttah in the name of Plaintiffs father from the time of the assumption of the Province by the Company, that the Puttah for it was transferred 23 years ago to the Plaintiffs family Labourers Samee and Sellumbum, the enjoyment of the land remaining however with the Plaintiffs ancestors and latterly with himself and his Cousin Coppien, that on the death of

of these said labourers ten years since it continued to be held on grass tenure, and that it was cultivated in Fusly 1257. and the assessment recovered from Coopsien under orders of the Principal Collector and carried to the credit of Government as Sevagy Summar. These allegations are not met in the answer except that it is therein stated that the land was Circar waste when it was taken by Sawme and Sellum-bum on grass tenure in Fusly 1232.—The Board request that the acting Principal Collector will enter more fully into the merits of the case that he will explain by whom the land has been Cultivated and in whose name the Puttah has been made out of late years—what was the nature of the Proceedings of the Principal Collector respecting the land, and what were the grounds upon which he acted.

From Collector of Canara—Forwards an agreement obtained from Mr. Lascelles Civil and Sessions Judge at Honore regarding the Ground applied for together with plan.—

Sir,

Para 1. I have the honor to acknowledge the receipt of your letter of the 11th Instant and to state that no obstruction to the Communication between the Jail and the Court house will be occasioned by the Grant of ground being made to Mr. Lascelles. The road shown in the plan as leading through the Judge's compound is only a narrow pathway, which is steep and inconvenient and has been little used on that account though somewhat nearer. There are besides this two other roads from the Jail to the Court house leading outside the Compound so that in my opinion it is not necessary to make any special provision for securing a right of way through the ground.—

2. With reference to the 2d Para of your letter I have the honor to state that the engagement required by the Board's Proceedings of the 23d November last was taken from Mr. Lascelles previously to my forwarding his application to the Register of Government Grants.

3. In the letter now received from the Collector, in reply to this call, a rough Sketch is enclosed shewing the roads between the Court House and Jail, and it is stated that the communication between these buildings will not be interrupted if the land is granted to Mr. Lascelles, as the only road passing thro' this land and leading from the Court House to the Jail being a narrow steep and inconvenient path and consequently little used, while there are two other Roads on the outside of the compound. Gentlemen,

From the Accountant General - - - - - }

The Chamber of Commerce at this Presidency having in a communication dated the 1st March last represented to the Government that the greatest bar to the Circulation of the notes of the Madras Bank in the provinces, is the positive discouragement which they meet with from the local

local authorities in consequence of the orders they have received from the Board of Revenue and this Office, I have the honor to request that you will inform me if any orders have been issued by the Board in regard to the receipt of Madras Bank Notes into the Collectors Treasuries in payment of public demands, and if so, that you will favor me with Copies thereof.

Some Collectors in replies to a recent Circular from this Office mentioned Abkaree renters being subject to the limitation prescribed for Landed Proprietors namely 1/3d of each bid, but the instructions from this Office founded upon the Rules sanctioned by Government confine that limitation to landed Proprietors only.

Acknowledging receipt of Extract from the Proceedings of the Board of Revenue dated 23d Instant and states that it appears to be proper that the Rowannahs should be returned to his Office.-

I have the honor to acknowledge the receipt of Exctract from the Proceedings of the Board of Revenue dated 23d Instant forwarding Copy of a letter from the Acting Principal Collector of Coimbatore and requesting that I would state whether there is any objection to the destruction of the Rowannahs referred to by Mr. Thomas, and in reply

Fort St. George 11th May 1849.-

I beg to state that it appears to me to be proper that the Rowannahs should be returned to this Office, as has been done in every other instance, it being necessary that they should be carefully counted in this Office, which should be satisfied that the quantity on hand agrees with the Accounts of this Office, before the Sanction of Government is obtained for the destruction of them.-

2- I beg also to state that instances have occurred where Rowannahs were returned by some of the Collectors and on an examination there has invariably been an Increase in one Number and a decrease in another, and in the latter case it was found necessary to make certain enquiries to have the deficiency adjusted.-

3- With reference to Mr. Thomas' remarks that it would be an unnecessary expenditure of public money were the Rowannahs to be returned, I have to state that if they are returned and sold as usual as refuse paper the net proceeds would cover the escpences of the transmission of them

them - Should however the Board be of opinion that the Rowannahs may be destroyed at Coimbatore, I would suggest that Mr. Thomas be directed after defacing the Rowannahs to sell the same as refuse paper, and credit the proceeds to the Stamp Department - The quantity and Value of the Rowannahs as entered in the Margin of Mr. Thomas' letter appears to agree with the accounts of this Office -

Extract from the Minutes of Consultation under date the 24th April 1849 No 410.

Read the following Extract from the Proceedings of the Board of Revenue -

Relative to the Management of the Extra sources of Revenue in the District of Bellary for Fusly 1257 - A D 1847/48.

1. The demand on account of the Revenues treated of in the foregoing Proceedings amounted in Fusly 1257 to Rupees 606199 and has exceeded that for the preceding year by Rupees 9305. In each of

7000 Fort St. George 17th May 1849.

of the five items composing these Revenues there was an increase. The Collections which the Governor in Council particularly remarks were made with great regularity amounted within the Fusly to Rupees 603025 and the balance which at its close was Rupees 3173 has been subsequently reduced to Rupees 992. Adding to the Collections Extra items Rupees 1737 and arrears recovered Rupees 3666 the total Collections amounted to Rupees 608429 and deducting from these the Charges the Net Revenue for Fusly 1257 stands at Rupees 604969 or Rupees 6057 above that for Fusly 1256.

Demand. 606199-
Collections 30th September 605207-

2. The Acting Collector points out the large proportion which the Charges under the head of Sayer bear to the Revenue and presses the abolition of these duties in the Hyderabad Frontier. This subject was noticed by Mr. Mellor in his report of the 30th September 1847 and the general question of the policy of retaining Frontier duties has been fully discussed in the Board's Proceedings of

of the 17th April and is now under the
Consideration of the Home Government -
It is only necessary now to urge on the
Collector the necessity so long as these
duties exciot of a vigilant superintendence
of the Sayer Servants and thus to check
as far as possible the practice of fraud
which Mr. Mellor Considers the present
System open to, and to which it is not
improbable the smallness of the Collections is
in some degree to be attributed -

Read the following letter from the Secretary to the Board of Revenue.

(Here enter 22nd March 1849 No. 126)

The Right Honorable the Governor in Council observes that the promise conveyed in the Resolution of Government dated 28th August 1846 No. 872 for the Remission of the Charges for Interest and Commission due on the Canetruggar Zemindary in the District of Nortts Arcot, was Conditional, depending upon the punctuality with which the Zemindar discharged his public dues, and upon the issue of the arrangements with his Creditors. From the Correspondence now before Government it appears

appears that the Zemindar paid up before the Stipulated periods the balance of Peishcush due on his Estate at the time it was released from Sequestration, that he has since met the Current Peishcush upon punctuality, and it is moreover asserted, that his private liabilities exceeding 2½ Lacs have been reduced by a Lac of Rupees.

2 Thus far the Zemindar has acted up to his engagements and it is to be hoped that he will continue to act up to them, but the Governor in Council apprehends that to give him the full reward of complete performance at once, without waiting to see the "issue of the arrangements with the private Creditors" would be yielding prematurely that which if held back for the present would be a powerful inducement to him to persevere in the course he has lately followed -

It is no disadvantage to the Zemindar to Keep the demand standing against him in the public Books, but it will be.

Resolution thereon.

(9-10.) Resolved that Copy of the foregoing Esctract from Minutes of Consultation and of the Board's Proceedings to which it is a reply be Communicated for the information and guidance of the Collector of Cuddapah in the reference to his report dated 31st January 1849.

Sir,

From the Collector of Nellore ---- } Para 1. I have the honor to acknowledge the receipt of your letter of the 19th Ultimo calling for further information and a Document connected with the case of Heranusha a late Yeomakdar of this District, and in reply to state that the Document required is merely a transcript of one of the 2 Summuds which accompanied my former Communication dated the 16th December last; in consequence of which its transmission was then omitted. Now however this Document and an English translation thereof are forwarded for the inspection and satisfaction of the Board of Revenue.

* Dated 2d Rubbelawel Fejery 1207

With reference to the 3d or last para of the above letter, I beg to refer the Board to a letter from Mr. Travers dated the 12th May 1806, from which it would appear that from displeasure against all the yeomakdars in general.

general the Nabob then ordered the stoppage of the payment of half of all the yeomahs including the one now under the consideration of the Board; but on reference to the old Records copies of 3 orders (in Persian) have been found which purport to have been issued by the Nabob Wallajah on this same subject. These Copies together with their English Translations are herewith sent for the inspection of the Board of Revenue.-

Many of the yeomeahdars in the Talooks of Mohomudpoor having commenced to fabricate Sunnuds, orders have been issued directing that all the yeomeahs Vea. should be continued ab one half of their fixed amount as a punishment for them and as a warning to all the yeomiahdars of the other Talooks to deter them from entering into such transactions Subsequently at the request of some peoples in the Koozoor that the yeomiahdars may be pardoned of their guilt and the yeomeahs Vea. continued at the full amount; I now feel no passion against them. But in order to warn them I have made some deductions in their livelihood for some period by which they might have incurred some loss. altho the bad conduct of the above mentioned yeomeahdars has not been known to those who have recommended to me yet; I have pardoned

pardoned them and continued the Pensions of the yeomeahdars Vea. of the Nellore Talook at full rate as formerly.

You will therefore continue the yeomeahs Vea. of the yeomiahdars (Daily Pensioners) Durmahadars (Monthly Pensioners) and Sauleyanadars yearly Pensioners at half rate as was done in the last year from Fusly 1204 to the date of the receipt of this letter, and at full amount according to the former list from the date of the receipt hereof. The list of Fusly 1203 will be quickly returned to the Koozoor.

Sir,

Para 1.

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council, the accompanying correspondence which has passed between this Office and the Collector of Nellore relative to the lapse of a Yeomiah of

from his allowance to defray the expences to be undergone by the Collector in the repair of the Choultries hitherto kept up by the Yeomeahdars for the accommodation of travellers.

of 30 Rupees per mensem in his District, held by one Goolam Hoosain, who died on the 3rd July 1847.

2.

This Yeomeah, it will be seen from the Purwanah of Nawaub Amaundar Khan dated Hejiree 1176/1762 was originally confirmed on Shamshaw Rahemaun Dunish for his own support; and for the purpose of defraying the expences of Travellers and Fakeers. The original grantee died in Hejiree 1206/A.D. 1791 and a moiety of his allowance - viz.t 8 annas per diem, or Rupees 15 per mensem, was continued to his son Henaub Shaw, by an Enayetoonamah, dated Hejiree 1207/A.D. 1792. In the list submitted by Mr. Collector Travers, under date 28th August 1804, this Yeomeah is entered in Henaub Shaw's name, at 8 annas per diem, under the authority of the Enayetoonamahs with some land in addition. In the year 1806, Henaub Shaw his brother Mahomed Gouz complained to the Board that their

its value about 55 Rupees said to have been granted for the performance of ceremonies at the Mohurrum, for which purpose, it is barely sufficient.

DF

† Note
viz. the Enayetoonamah

their pension had been reduced from 30 to 15 Rupees a month on the assumption of the District and prayed that it might be restored to its original amount.—

The Collector of Nellore,

3

in his report of 13th May 1806, on the Petition, forwarded copies of 2 documents one granted by the Nawab to the Petitioners, and the other to their father and observed that their request could not be complied with, as the Sunnud of the Nawaub only entitled them to half of the pension enjoyed by their late father, and that this was the only document they could produce in support of their claim—

4. After an interval of 19 years Henaut Shaw one of the above Petitioners, addressed the Government renewing his claim to 30 Rupees a month on the same ground as before. Mr. Smalley to whom the Petition was referred reported in his letter under date 12th August 1825 that in the year 1804 the Yeomeah had been reduced by the then Collector Mr. Travers, for what reason is not stated from 30 Rupees its original amount to 15 Rupees

Fort St. George 17th May 1849

Rupees a month; that it served for the subsistence of the Petitioner and his very numerous family, and particularly for keeping up three Choultries built for the accommodation of travellers; and that it was one of the few which has been granted with consideration and for which service has been performed, recommended its being raised to its original Standard and suggested for consideration on the payment of the difference in arrear from the date of the reduction.—

5

In Cons. 19th Octr 1825

Upon this report, the Government under date 30th September 1825, authorized the yeomeah to be raised from 15 to 30 Rupees per month from that date unless the Board saw reason, from another Petition which they then referred for enquiry, to alter their opinion respecting Kenaut Shaw's claim.—

6.

The Petition purported to be signed by one Nader Ally and represented that the yeomeah had been reduced by the Nawaub himself and had

Fort St. George 17th May 1849.

had been granted for charity; that the Collector Mr Smalley was misled in his report by the writer in the Yeomeah Department, whose interest Kenaut Shaw had secured by a promise of Rupees 3,600 the alleged arrears of his allowance.—

7.

Mr Smalley, who was required by the Board under date 17th November 1825, to report on this Petition, stated in reply that there was no person in his District of the Petitioners name and that he suspected it was got up at Madras by some person unfriendly to the Yeomeader.—

8.

The Board in their reply dated 27th March 1826 stated that they saw no reason, from the explanation afforded by Mr Smalley to alter the opinion which they had formerly expressed in respect to the propriety of raising the pension of Kenaut Shaw to its original amount, they objected to the payment of arrears, but proposed the repair of the Choultries at the expence of Government

Viz.

Viz. Rupees 883-10-8 estimated by the Collector to be necessary for that purpose. The disbursement of this sum from the public Treasury was accordingly sanctioned by Government under date 11th April 1826.—

In Con. 17th April 1826

9.

Kenaut Shaw next applied for payment of the arrears, or rather of the difference between their amount and that of the sum expended by Government on the repairs of the Choultries. After some correspondence between Government and the Board, the application was acceded to, and arrears from 1801, the date of the alleged re-

10.

On the death of his father Kenaut Shaw on the 20th October 1842, Goolam Hoosain succeeded to the Yeomeah. He died on the 31st July 1847 and the Collector recommends the continuance of

Fort St. George 17th May 1849

of the Yeomeah from the above date to his brother Goolam Mahomed at the request of his family consisting of a mother a widow a daughter 3 sisters and another person.—The Collector further suggests after the renewal of the yeomiah the propriety of applying a part of the arrears towards the repairs of the Choultries.—

11.

Two points seem to the Board to require consideration relative to this Yeomeah—the first as to the reduction in its amount asserted to have been made by Mr Travers in 1801; the second as to the purpose for which it was originally granted. As regards the first it is clear from the Nawaubs' Enoyetoonamah of Hejeree 1207 A.D. 1792 that on the death of Shamham Durvish the allowance to his son Kenaut Shaw was reduced to half the sum paid to his father—

It was however alleged by Kenaut Shaw that the allowance having been reduced by the Nawaub in common with all other Yeomeahs at

Fort St. George 17th May 1849

at the same time was subsequently raised by him to its former amount, at which rate it continued till again reduced by Mr. Travers.—

12 It seems however that in the enquiry made in 1806 by the Collector of Nellore Mr Paske, the Petitioners could produce no document to prove the alleged increase of the yeomeah by the Nawaub. In the investigation and correspondence which took place in the year 1825 6— 7— 8 and 1829— Mr Smalley seems to have adopted the Petitioner Kenaut Shaw's statement and in consequence of his report upon the question, the Government sanctioned the increase of the yeomeah and the payment of the difference in arrears— The present Collector with his letter of 23d Ultimo has however forwarded with its translation, an Enaye to a nomah dated Hegeree 1209 / A.D. 1794 issued by the Nawaub Wallajah

From Collr. 12th Augt 1825 Dr. 20 in box 26 February 1829 From Govt 22d May

In Cons 17th May 1849

Fort St. George 17th May 1849

Wallajah directing that from its receipt, the yeomeahs which under a previous general order had been reduced by one half, should again be raised to the former amount— Under these circumstances the Board think that the yeomeah should be continued without any diminution in its rate.—

13. With regard to the original purpose of the grant, it will be seen from the document of Hegeree 1176 / A.D. 1762 that it was first conferred upon a Durvish for his own support and for defraying the expences of travellers and Fakeers— No mention of a choultry is made in that document— and it may be doubted whether the allowance was in fact other than a personal and charitable one— In Mr Travers Register of 1812 it is stated to have been bestowed "for charity expences and his own expences"— It seems however

however from the Collector's letter of 12th August 1825 that these Choultries were built for the accommo-dation of travellers and kept up by the Yeomiahdars, and that the buildings are much resorted to; and the Board therefore think that the yeomeah may now at least be regarded as a Service grant.-

14- On the whole, the Board beg to recommend that the Yeomeah, 30 Rupees per mem-sem, enjoyed by the deceased Goolam Hoosain may, from the date of his death, be continued in full to his brother Goolam Mohomed: but as the Choultries are repre-sented to be out of repair they would

J. C. B.

would suggest that the Collector be authorized to expend such sum as may be required for putting them into order, and to recover the amount from the Yemomiadar in such instalments as he can make good without incon-venience. -

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George

Sir,

(26)

From the Collector of Chingleput — Para 1.

I have the honor to submit the annual Statements shewing the cultivation, Demand, Collection and Balance of Peishcush with receipts and disbursements on account of the Estate of the Minor Zemindar of Tullacottah for Fusly 1257. drawn up in the form prescribed in the Proceedings of the Court of Wards under dates the 20th January 1848.-

Submits the Annual Statements shewing the Cultivation, Demand Collection, and Balance of Peishcush with receipts and disbursements on account of the Estate of the Minor Zemindar of Tullacottah for Fusly 1257.-

Vide Proceedings from A. to D.

2- The general result of the management of this Mootah, which is under the immediate charge of a near relative of the family, and selected for that purpose by the widow of the Zemindar, is not satisfactory and although there does not appear to have been any actual misappropriation of

of the Revenues to ascertain which fact repeated scrutinies of the accounts and actual produce took place his want of energy and inefficiency have been very apparent; and a large sum, being the price of the Mailvarum grain sold by him, is still outstanding.-

3- It is true the Manager has had much to contend with from the low rate at which all produce has been selling, and that the Mootah even in favorable seasons does not yield much profit; but still he has not exerted himself as he should have done. He promises however to realize and pay into the Treasury within 10 days the balance still outstanding. The period of the Zemindars minority will terminate in 15 Months, which is the reason of my not recommending any change in the present system of Management.-

4- The cultivating season for the past Fusly was, as the Court are aware from my general report, and annual Statements, unfavorable for the dry and periodical cultivation; but later in the season the reservoirs having received a full supply of water, the wet land cultivation was

carried

Decrease 63.

carried on with success.- The result of this state of things was a decrease of Cawnies 63 in the extent of dry land cultivation as compared with that of the preceding year. The decrease therefore in the revenue derived from the dry lands was Rupees 96-9-11 the amount realized in Fusly 1256 and 1257 respectively being exhibited in the Margin.-

Fusly- Rs. a. P.
1256- 588-14-1
1257- 492-5-1
Decrease- 96-9-11

5.- The extent of wet land cultivation in the Fusly under review exceeded that of Fusly 1256 by Cawnies 30, the extent of Cultivation being 250 and 280 Cawnies respectively. The actual gross produce also was greater the average outturn of the Mailwarem grain of the last years being 5- 1- 6 C.m P.m per Cawney, whilst in the preceding one it amounted to 4-7-1 C.m P.m The price however has told sadly against the interest of the Estate, for the grain which was in the previous year disposed of at the rate of 13/8 per Pagoda, during the past, was sold at 20 3/4 so that although the produce of the land or the Mailwarum grain exceeded the quantity received in the past Fusly by about 1/4 the actual result in Rupees was a loss of near 22 per Cent, as is exhibited in the Statement A.

J.G.B.

The

Fort St.n George 17th May 1849.-

The net Revenue of the past year, as shewn in the same Tabular statement, amounted to Rupees 2064-14-11 being Rupees 531-11-2 below that of the preceding year and Rupees 357-11-8 below the Permanent assessment.-

6. From the Statement B it will be observed that there was an excessive balance outstanding at the termination of the Fusly, but this arose from the Manager having delayed to dispose of the grain which he had stored in the hope of obtaining a better price, the whole of the grain has since been disposed of and the balance outstanding at the present date is Rupees 399-5-11, but which the Manager promises to realize within 10 Days.-

7. The Statement D exhibits the Receipts and Disbursements out of the Collections of Fusly 1257

8 The outstanding balance on account of Fusly 1253. is Rupees 19-1-11 of which Rupees 2-13-11 being the Value of grain sold may probably be realized, but the remainder Rupees

Fort St. George 17th May 1849.—

Rupees 16-4-0 arose from a boundary dispute.—

9.

There is also a balance of Rupees 7-13-11- on account of fusly 1254 of which Rupees 4-1-2 being the value of grain sold may likewise be recovered, but the remainder Rupees 3-12-9- is said to be irrecoverable from the poverty of the parties by whom it is due.—

10.

A balance of Rupees 50-14-4 is due on account of fusly 1256, of this sum Rupees 28-2-7- consisting of ready Money assessments may be collected, the remainder Rupees 22-11-9 is irrecoverable from the poverty of those against whom the balance is outstanding.—

11.

In regard to the observations of the Board contained in the 3d Para of their Proceedings under date the 20th January 1848, I beg to state that it has not been possible to reduce the charges of management at present debited to the Estate. Efforts were made to rent the Villages for a moderate sum, but in vain, the

Fort St. George 17th May 1849.—

the Sibbundy employed was therefore necessary for the protection of the actual produce. The allowances to the Minor and Guardian are on the lowest scale, and the repairs to the reservoirs were absolutely necessary from the injury sustained thro' excess of rain.—

Chinglepat District Collector's Cutcherry Pub.—

Cearney, 27th April 1849.— E.E.F.P./Signed/A. Freese Collector.—

The

Fort St. George 17th May 1849.

Proceedings thereon.—

Conveying to the Collector of Chingleput observations and orders of the Board relative to the settlement of the Vallacottah Minor Estate—

26. 27

The total demand upon the Vallacottah estate for the past fusly amounted to Rupees 2,064-14-0 being Rs. 531-11-2 below that of the preceding year. This decrease proceeded in part from the falling off in the dry cultivation in consequence of the season—and partly from the fact that altho' the extent of Nunjah Cultivation and the rate of produce were in advance of those of Fusly 1256. the improvement in these respects was more than counterbalanced by the depreciation in the price of grain.

2. In all however as was the Bariz of the year under review, only Rupees 299-1-5 of it were realized within the Fusly. This is attributed to the Manager having delayed to dispose of the grain which he had stored in the hopes of obtaining a better price. Rupees 1,313-15-1 have since been collected—and the Manager promised that he would realize the balance still outstanding and remit it to the Collector's Treasury within ten days. The Court trust that these sums have been and are to be made good from the produce of the year for which they are due and that the resources of the Current season have not been touched upon.—

3. In the disbursements on account of

Fort St. George 17th May 1849.

of Fusly 1257 the only head which exhibits any increase above the ordinary rate, is that of Maramut—the expenditure for which amounts to Rupees 378 and is represented to have been absolutely necessary in consequence of the injury sustained by the Tanks from the excessive rains. Only 922-4-1 has been credited as Peishcush—and the arrears upon this head from fusly 1251 reach Rupees 4583-1-11-4. The outturn of the year thus reviewed is admitted by the Collector not to be satisfactory—and is attributed in a great degree to the want of energy and inefficiency of the Manager who is a near relative of the family and was selected for his present Office by the widow of the Zemindar. As however the Minor proprietor will attain his majority in 15 Months the Collector does not recommend any change in the existing system of administration. Under the circumstances it may not perhaps be desirable to disturb the arrangements now in force but the Collector should give his careful attention to the propriety and the Manager if allowed to continue in that post should be subjected to stricter surveillance than would seem to have been hitherto exercised over him.

From the Collr. of Chingleput } Sir,

Para 1. The Guardian and family of the Minor Shatriendar of Ootacaund have requested me to obtain the authority of the Court to repurchase on account of the Minor a house and Garden situated at Ootacaund and which formerly belonged to Dr. Sawmy Naick.

2. This property was seized and sold by the Sheriff in 1843 as per accompanying Bills of sale for Rupees 1125, and the present proprietor has consented to part with it for Rupees 1225, a sum considered below its actual value, the house alone having cost the late Dr. Sawmy Naick upwards of 4,000 Rupees.

3. Under these circumstances, and considering that there is a considerable yearly surplus accumulating, I beg to recommend the purchase to the Board's favorable consideration. I take this opportunity of also mentioning that the Minor paid me a visit yesterday, when I found he had made considerable progress in

The Collector is requested to explain whether it is proposed to purchase the house at Ootacaund as a residence for the Minor and his family or merely as an eligible investment and in view to letting it or selling it again. If the former, and the acquisition of the house would conduce to the comfort of the Family the Court would not object to sanction the proposal, if the latter the measure seems opposed to the provisions of Clause 1 Section XVII Regulation V, 1804. Mr. Freese will also state whether the house has at any time belonged to the late Ootacaund Proprietor

Ordered.

7059 Fort St. George 17th May 1849.

Ordered that the foregoing letter and the previous correspondence be submitted with the following address

To, The Chief Secretary to Government.

30-31.

To the Chief Secretary to Government Inl. Cons 26th March 1849.

Sir. I am directed by the Board of Revenue to acknowledge the receipt of your letter dated 19th March 1849, calling for information relative to a Choultry at Treevuttoor advertized for sale by Messrs. Stephenson & Co. and in reply to forward herewith copy of correspondence that has passed on the subject between this Office and the Collectors of Madras and Chingleput.

To Madras 26th March 1849 from Dc. 2 in Cons 23d April. Pcs to Chingleput 23d Dc. From Dc. 2 in Cons 17th May.

2. The Board first referred for information to the Collector of Madras under the impression that the Choultry was situated within his District. In his answer Mr. Budleston explained that the building in question was in the District of Chingleput, but stated that he has made some inquiry upon the subject the result of which was to show that that the Choultry is private property, and is entered as "Ramasappa Chetty's own Choultry" in the Pymaish account of the District. That it has passed through a succession of hands till the widow of the last proprietor caused it to be put up at Auction and that it does not seem to fall within the provisions of Regulation VII of 1817. A further reference was made by the Board to Mr. Freese whose report confirms the view taken by Mr. Budleston.

3. Under these circumstances, it does not appear to the Board of Revenue that the Choultry in question is of the description falling under the Provisions of Regulation VII of 1817 or that there are any objections to its sale.

Revenue Board Office, Fort St. George, 17th May 1849.

Reportion the Settlement of this District for Fusly 1257 1847/48.

Para. 1. I have the honor to submit the usual Statements illustrative of the Settlement of the Land Revenue of North Arcot district for Fusly 1257 A.D. 1847/48 according to the annexed list.

A. Summakbundy Statement.

B. Comparative Statement contrasted with Fusly 1256.

C. General Abstract comparative Statement of the whole revenue from the land and Extra Sources.

No. 1. Account particulars showing the amount of remission granted on account of crops perished.

Statement

of the article.

5. In Nunjah the early or Car crop was less extensively cultivated than in Fusly 1256 by 3,225 Cawnies, and 31,000 Rupees; the cultivation of the later crops however greatly exceeded what it was in the preceding year; the Sumbah by 5541 Cawnies and 62,000 Rupees, the Navirah by 8917 Cawnies, and 94,700 Rupees. The net excess in Nunjah amounted to 10,708 Cawnies, and 1,17,833 Rupees. The produce of all sorts of Nunjah Crops may be considered on the whole as tolerably good; in some villages of Sholinghur, Tiruallum, Vellore and Ploor Talooks, the later crops suffered from a Species of blight; in two or three villages in Tiruallum, Cuddapanallum and Vencatagherry Cottah Talooks, the Navirah when just ready for cutting in April was much damaged by hailstorms; there was also a little Shawery in a few villages of the Sholinghur, Ponnurry and Trivallore Talooks.

7. Fusly 1256 was preceded by one of the worst seasons experienced in this District for

See Samahundy Report for Fusly 1256 Para 3.

for many years, and from this cause, though the aggregate produce of Grain exceeded an average, still prices were maintained at a high standard. In Fusly 1257 the production was still larger than in Fusly 1256, and the natural and necessary consequence of two such years coming together, as the abundant character of the season was not limited to this District was a large fall in prices. The following statement compares the Price of Paddy in Fusly 1257 with what it was in the year preceding and with the commutation rate, and it will be seen that it fell below the later by 12 per Cent in the Collector's Division and nearly 11¾ per Cent in the Sub division. These low prices affected the Collections and the balances at the close of the Fusly, especially in the Sub division were heavier than they would otherwise have been. —

Note. In the Statement entered in the Summabundy report for Fasly 1250, the calculation was made on a Measure containing 150 Rupees weight of grain; the present Statement is prepared on the bases of a measure containing 120 Rupees weight, that being the standard of the commutation pate

8. The following Statement shows the extent of land taken for cultivation both at the dittum and after it; the reason why so much land was cultivated that was not entered in the dittum must no doubt be sought in the character of the season, the rains having been so unusually abundant after the dittum had been made

10. In Poonjah or dry cultivation there was a net decrease of Cws as 1815 - 14½, and of Rs A P 7715 - 12 8 the reasons to which this is attributable are given above in Para 5. The decrease occurred in the Talooks of Cauveripauk Vellore, Trivatoor, Sulvaid, Mundiwash and New-calaghurry Collah: in the other Talooks there was an increase. In Nunjah there was an increase in every Talook, the total amounted to Cs as 10708 - 13½ and Rs A P As P Rs 11783 - 15 0 - 15 0. In Garden cultivation there was a net increase of Cs as 62 - 17½ and Rs A P 906 - 15 - 10 there was a trifling decrease in the Talooks of Trivallum, Vellore, Trivatoor, and Sulvaid.

11. There was an increase of Pagajasty to the net amount of Rs A P 615 - 15 - 8 being the result of an increase of 1186 - 11 - 5 in Poonjah and a decrease of 1049 - 5 - 2 in Nunjah and 43 - 11 - 7 in Totakaul. In Poonjah this terms signifies the additional teervah levied for a Nunjah or Garden Crop cultivated with Circar water and also that charged on a second Crop of Poonjah produce grown by the same means

See Statement in Para 9.

means. The abundant supply of water in the latter part of the year gave unusual facilities for this sort of cultivation, and hence the large increase in Poonjah Poga-jasty. The decrease in Nunjah is owing to the diminished cultivation of the 1st Crop of car forms failure of the early rains, the Nuvirah afterwards cultivated when the tanks filled paid the 1st Crop assessment, but that of the 2d Crop was lost. The same cause it will presently be seen occasioned an increase of Poganasty or remission for noncultivation of 2d Crop on two Crop land.

The

13. The first item in the account is the gross Land Revenue demand- I have already remarked on the parts which Compose this, the deductions from it are all of the usual kind, and there are few that call for observation. The variations in their amount are such as were to be expected from the character of the season. There is a decrease in the remission for lands ploughed but not sown, Shulla Cummy, and Shawy, which latter occurred only in a few Villages of the Sholinghur, Pennurry and Trivatoor Talooks, and to a very limited extent, being owing in some instances to the bursting of the tanks during the heavy rains of the Monsoon. On the other hand there is an increase in the remission for Cultivation destroyed by water, in the remission to Brahmin and Mussulman Ryots south of the Palar in Dusswuntum remission, and in the general remission of 12½ per Cent North of the Palar, both the increase and the decrease being caused by the greater abundance of water, and the more extended

Note. Remission on Shawy was allowed of all Crops above 10 per cent of the Ryots Beriz

extended Cultivation, as Compared with Fusly 1256.

14. In remission for dittum Bunjer there is a large decrease; this, as well as the large extent of Cultivation not included in the dittum, is owing to the abundance of the later rains, after the dittum had been made. There is a large increase in Boganishty or remission of the Assessment of 2nd Crop not Cultivated on two Crop land. The cause of this increase is the scantiness of the early rains and the abundance of the later- much of the two Crop land properly yielding a Car and a Navirah Crop, could not be sown with Car, but advantage was taken of the abundance of water later in the season to raise Navirah, which them paid the 1st Crop assessment. I shall have to return to both these two items before closing this report, to notice some observations of the Board and Government in reviewing the Report of Fusly 1256. The remaining remissions need no remark.

15. I come now in the Statement

(Para)

(Para 12) to the items of Revenue other than Land Revenue proper, some of which need brief explanation. In the lately resumed Avilcondah Jagheer and Mamundoor Pollium there are a few Villages (four in each) which are neither rented now Ryotwar in the usual sense, but pay Revenue according to their own Customs; these are entered for the present under a separate head.

16. The increase in the various species of Jody under the head of Sornadayem arises from the extended Cultivation of the year and Consequent increase of the variable Jodies, That in the Topadayem is owing to higher rents having been obtained, in consequence no doubt of the better fruit prospects of the season. The disappearance of the item of Tank Fish in Dehat Villages in Fusly 1257 is owing to its being included with that in Circar Villages under the orders of Government noted in the Margin.

Min: of 6 May 27 1848.

17. The increase under the head of Rented Villages is caused by the addition of twenty three Villages of the resumed Avilcondah Jagheer, the decrease, by the reduction of the rent of the three villages held by the late Jagheerdar from Rs. 3300 Annually.

Min: of 6. March 25th 1848.

Annually to 100 Rupees. Of the remaining entries in the Statement it is only necessary to remark that the decrease under the head of Dehat Enams, and of their Motursha, is owing like that of the Dehat Enam Tank fish already noticed, to the transfer of all the Dehat Enam Revenue to the head of Ayn under the Orders quoted above.

18. The following is an abstract Statement of the Revenue of the District in Fusly 1257, excluding only the Extra Sources, as Compared with that of Fusly 1256.

A great part of this balance will shortly be realized; in some few instances where the circumstances warrant and call for such rigour, I shall shortly solicit the Board's sanction for the sale of the defaulters' land; and the remaining irrecouerable balance will be brought to their notice in my report on the Current Fusly with a view to its being written off

22. The Charges of Fusly 1257 compared with those of Fusly 1256 are shown in statement 9. The Maramut expenditure on works of irrigation was 22,379-6-1 in 1846, and 6,230-3-9 in 1847. This large increase was caused in great measure by the damage caused to works of irrigation by the gales in october and November 1846 but the expenditure of 1846 was certainly far below the ordinary wants of the district if the works of irrigation are to be kept in efficient repair—

23 Enclosure 11 is a Statement shewing

Fort St. George 17th May 1849

Shewing the particulars of Sugar cane Cultivation in Fusly 1256 and 1257 Required by the Board in Para 18 of their Proceedings of the 15th July 1847; the following abstract Compares the Cultivation and Revenue of the two years-

	Fusly 1256.				Fusly 1257.				Decrease.

It will be observed that there is again a very material falling off in the Cultivation of this important product and with reference to the Board's Remarks in Para 16 of their Proceedings of the 4th September last, I beg to say that all my enquiries lead me to Conclude that this is owing to the lower value of the article, not indeed so much in the Markets of this Country as in those of England-

From Statement 6 which accompanied my report on the Cotton Sources of Revenue, the Board will perceive

Fort St. George 17th May 1849

perceive that no fewer than Seventy five Establishments for the manufacture or sale of Sugar gave up business during the year under report, indicating much more than a proportionate decrease in the trade, as it is well known that traders submit to heavy losses before abandoning a business- as further proof I subjoin a table Showing the exports of Sugar from this District to Madras for Shipment to Europe in the three Fuslies 1256. 1256 and 1257-

	Maunds	Seers	Decrease Maunds	Decrease Seers
1255	43641	24 6/16	"	"
1256	36494	1/2	6697	23 14/16
1257	11562	29/2	24931	11

I may add that the Establishments set up at Palmanair and other places for making Sugar for Export, have wholly or very nearly discontinued the manufacture.

With reference to the Board's Remarks in Para 17 I beg to observe that in the five Talooks South of the Palar

such persons will willingly undertake at the dittum to cultivate such land, in order to keep it out of the hands of other Ryots, trusting to get it remitted at the Summabundy- Both these causes, it will be observed proceeds from an ignorance of the proper use and operation of a novel institution which it will be my endeavour to correct, but this will require a few years time-

28 The errors in making the dittum account in great measure I think for the large Bunjer Remission I am unable to speak from personal knowledge as to the scrutiny exercised at the Settlement, I am assured by my Serishtadar that there was no want of vigilance, but of course the strictness proper if the dittums had been correctly made was impracticable- The Dittum Bunjer remission in Fusly 1257 was still very large though considerably less than in the preceding year- This difference was owing I conceive to the different character

Character of the season; as I believe the mode pursued both at the Dittums and at the Summabundy was the same as in Fusly 1256.

29 Paras 9 and following of the Board's Proceedings relate to Boganusky remission in Fusly 1256, which they think unduly large; and the Government express the same opinion in stronger language - In speaking of the Boganusky remission allowed in Fusly 1257 I have given what appears to me a satisfactory explanation and the same applies to Fusly 1256 also, indeed a Comparison of the two years seems to me to show its correctness - In both years the early rains were deficient and the latter abundant, and this more particularly in Fusly 1257 in which the early rains were more deficient, and the latter more abundant, than in Fusly 1256- In consequence of the absence of water in the tanks at the

the season for cultivating the early or "
Car Crop of rice, a great deal of two Crop
lands was then left untouched at the time
of sowing the second Crop (Rauirah)
however there was abundance of water,
that Crop was therefore Cultivated, and was
Charged with the 1st Crop assessment, that
of the 2d Crop being remitted and in "
Fusly 1257 in which the Car Cultivation was
less extensive and the Rauirah more so than
in the previous year, the Car Baganushty
Remission was also considerably larger.

30 The foregoing explanation "
applies to the Car Baganushty for the "
Rauirahnusty I. E. the remission of the twenty
of 2d or Rauirah Crop where Car had been
Cultivated, the cause does not seem so
clear. The amount of this remission however is
not large and the necessity for it is as
ascribed by my Serishtadar partly to the Ryots
want of means, and partly to the want of
water experienced in some few instances
though there was such an abundance in
general. He declares that the remission
was not allowed in any case without
sufficient cause shewn. Care shall be
taken that in the settlement of the
