Reporting on the settlement of the Polavarum Estate for Fusly 1257 A.D. 1847/48 and submitting the usual accounts both in English and Telugoo.

Sir, I have the honor to submit copy of the report from the Sub Collector and to forward the usual Accounts on the Settlement of the Polavarum Estate held under the Court of Wards for Fusly 1257.

A.D. 1847/48.

2. The settlement was made according to the custom in five different modes, which are shewn in the Marginal table. The decrease on the Ajoarah and Dairy

Sairy lands arose from want of water at a critical time for the Crop and from a fall in the prices. The small decrease in the Vijsabady and Renter needs no remark. It will be seen in the Sub Collectors report what was the extent of Cultivation in the Vijsabady Ajsarah and Sairy lands. Very few lands were left waste and no remission was allowed for the small portion of land that was not cultivated. Of the Demand of Rupees 20,664-8-1 Rupees 17,167-8 were collected within the Fasly and Rupees 3,478-7-1 up to the end of last month leaving the present balance of Rupees 18-8-3 which will doubtless be realized.

5. With reference to para 4 in the Board's Proceedings of the 21st August requiring me to explain the state of the rented Villages of this Estate, I have the honor to report that 11 Villages were settled under joint rent to the inhabitants in Fusly 1256 A.D. 1846/47 and 1257 A.D. 1847/48 respectively, for the term of one year with reference to the average Shist and Collections for the past 10 Years and to the circumstances of the Ryots. 6- In reply to the 5th para of the said Proceedings requiring explanation as to why a part of the Amaracum land was left uncultivated? I have the honor to state that the impoverished state of the Ryots who held the wet lands under A[mara]- rah and the want of rain, compelled the Ryots to leave waste P. Fort St. George 18th June 1849

per pootty.

7 In reference to the 6th Para of the said Proceedings requiring explanation as to why the Agara outturn of the lands in Puttesum in Fusly 1256 A.D. 1846/47 was only at the rate of 3-14-3 per Pootty P. T. m of land while the outturn of Polavarum lands was 11-5-12 per Pootty and while the lands of both Estates yielded at the rate of 1½ Pootty in the unfavorable season in Fusly 1255 I have the honor to state that in Fusly 1255 the lands of Polavarum yielded less owing to the want of water in the Tank- In Fusly 1256 A.D. 1846/47 there was plenty of rain and the lands of Polavarum were abundantly cultivated and yielded a good Crop- The tank of Puttesum is but a small one and the lands under it are inferior to those of Polavarum- In Fusly 1255 A.D. 1845/46 these lands yielded but little as they received water only once from the Tank, whereas they generally

Fort St. George 18th June 1849.

generally receive three waterings from the same source - In Fusly 1256 A.D. 1846/47 they yielded somewhat more than in Fasly 1255 A.D. 1845/46 having received water twice from the Tank. Thus the difference in the quality of the lands and in the size of the tanks accounts for the variation in the results. One heavy fall of rain will suffice for Pola= =varum where the tank is very large, but the smaller tank at Putteswm requires to be filled thrice in the season in order to make the lands yield a full crop.

8. I regret that the education of the Minor Proprietor does not ad= =vance in a satisfactory manner I have sent for him to meet me at Ra= =jahmundry and I shall not fail to endeavour to impress upon him, his Mother, and his instructor that it is essential to the respectability of the family that he should be better educated than the generality of those with

whom he associates.-

Sir,

Para 1. I have the honor to report upon the settlement of the Polavarum Estate, held under the Court of Wards for Fusly 1257 and to forward the usual accounts marked as in the margin as far as they can be prepared in my office.-

Accts 1.2.5.6&7.

2. The season was a good one the south west Monsoon was abundant and with the exception of Polavarum and Putteswm the Village tanks were well supplied by the streams from the Hills.-

3. Particulars of the number and situation of the Villages and of the

4. Prices were lower in Fusly 1257 than in Fusly 1256 and the difference is shewn in the margin. -

5. - The mode of Settlement in the several Villages was precisely the same as in the previous year. Viz. Eleven Villages were rented one and a half Village was under Vijsabady and in one and a half was the crop divided under Asarah as well as in the dairy lands

6. The Village charges were allowed under the same principles as obtain in the Government Villages. -

7. The following Statement will shew the total amount of the rents in the eleven rented Villages in Fusly 1257 as compared with Fusly 1256 the trifling decrease of Rupees 84-14-- calls for no particular

Sir,

From the Collector of Nellore - - - } Para 1.

Submitting further explanation in the case of M-Ven Catatchniah Arrack renter of Poolampatt

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 16th Ultimo requiring further explanation in the case of M-Venatatchniah an Arrack Renter with reference to my communication dated 27th March No. 25.

2 In reply I beg to state that the Moochelikas of the Renters in this District contain two stipulations connected with the marching of Troops first that they shall not sell Arrack to European Soldiers and second that Government reserves to itself the right of sending a separate Contractor with a Native Regiment when marching. There is no definite stipulation in the

Vide Circular Letter dated 20 Feby 1810

the Moochilika as to how European soldiers are to be prevented from getting at the Arrack Shops, but it has been the general practice for commanding Officers of European Regiments to place Guards over the shops not only to prevent the Soldiers from getting at the Liquor, but also to protect the inhabitants and the Arrack Shop—Keepers themselves from the consequences which might ensue if drunkenness once got introduced into the Camp. In proof of the practice I beg leave to state that on 4th March 1847 I had to address Government on the subject of a misunderstanding which occurred in the 84th Regiment in consequence of the orders of the Commanding Officer on this point having been opposed by the native Officer Commanding the Commissariat Escort and I now beg leave to enclose copy and translation of a like complaint addressed to me by the present Renter of Nellore referring to a small Detachment of Europeans that passed through the District

District in December last, from which it is clear that the question must be made a general one for the consideration of Government and information obtained as regards the practice in other Districts. As regards this District the Rent is very low, the average for the last five years being only Rupees 29,001-0-0 and every Renter who bid for the Rents of Fusly 1258 was perfectly aware of the actual existing practice in the case of the march of European Troops.

3 As the Abkarry of this District has always been rented there is no possible way of finding out the correct profits of individual shops, but looking at the fact that the Moochilikas provide that the Renters are not to depend on the march of Troops either European or Native as a source of profit to them. I hardly know what other course can be adopted than taking the ordinary Receipts of a day with reference to the number of stills and shops and days in the year.

In

4. In the present in-
stance I stated that the Renter might
be allowed the receipts one of still and
the seven Shops under that still for 3
days, but if the Board are induced to
recommend remission and think that
amount insufficient a per centage may
be added for profits.

To,
The Collector
in the Zillah of
Nellore.

Sir,

Arzee of Aboob Cawn, Leander Cawn,
and Rameseddy Goorvareddy,
arrack Renters of the five
Talooks of Nellore, Surrapul
-ly, Sungum, Talamunchy, and
Poommultalpoor.

We rented the said
five Talooks in Fusly 1258 for Ru-
-pees 15,475-" -" but through our great
misfortune we sustained much loss
from

from a deficiency in the sale of the
liquor proceeding from a failure in the
produce of grain in consequence of the
unfavorable nature of the season in that
year - although we had sustained loss
in that manner and the collections
in each month were very low yet we
borrowed money from Sowcars
and paid the instalments regularly.
Through our great misfortune the
rains have failed and we have sus-
-tained loss.

During the march of the
Detachment of Soldiers belonging
to a European Regiment in its way
from South to North the Tahsildars
of Surrapully and Talamunchy Ta-
-looks got the arrack Shops all along
our station to be locked up and pre-

Proceedings Requesting the Sub Collector in charge of Nellore to furnish further information on the subject of compensation to be awarded to the Sooloorpett renter and conveying other instructions connected with the subject.

See letter from Collector 21st March 1849 Para 3.

therein 1. In Para 3.4 of the above letter the late Collector has stated that he hardly knows what other course can be adopted in estimating the compensation to be awarded for the closing of the Abkarry Shops than to take the receipts by which however he seems to have meant the Sircar receipts tase or rent of a day with reference to the number of Stills and Shops and days of the year and that if that amount seem insufficient as percentage, lent to what extent he does not explain may be added for profits. It is evident that the ordinary receipts at an Abkarry Shop those of which its holder will have been deprived if his Shop be closed, must be supposed to be such as would cover the Sircar assessment and charges of establishment and leave a fair rate of profit to the renter. The Sub Collector in charge will be pleased to calculate the amount of these several items of tase charges and profit as far as he may be able to obtain information in the case of the shops referred to both in the first Petition No 2183 of 1848 from the Soolooperpett renter and of those mentioned in the

the urgee which accompanied Mr Smiths last communication, and to state what on a fair review of all the circumstances he may consider to be an equitable compensation for the loses sustained by the respective parties during the period that their shops were closed, giving at the same time the data on which his opinion is found ed. In estimating the "profits" he will bear in mind that altho the renters were prohibited by their Moochilkas from selling liquor to the European Soldiers they do not seem to have been debarred from vending to the native camp followers and that the passage of a body of troops thro a station may be supposed to bring more Custom to the Abkarry Shops than they would have upon ordinary occasions.

Note. Native Regiments while marching may be accompanied with a separate Abkarry contractor for the supply of the Sepoys and followers but this does not seem to be the case with European Regiments or detachments.

2 Should any other claims for compensation of a character similar to those above commented upon have been

be presented to the Nellore authorities the Sub Collector in charge will also explain the particulars connected with them and the mode in which they should be arranged.

From the Asst Collector of Bellary ..... Para 1

Sir,

I have the honor to bring before the Board of Revenue the subject of a correspondence that has passed between the Brigadier Commanding the Garrison of Bellary and myself on the subject of transferring certain Villages from the Civil and placing them under the Military authorities as respects the Alkarry Department.

Brings before the Board the subject of a correspondence between the Brigadier Commanding Garrison of Bellary on the subject of transferring certain Villages from the Civil and placing them under the Military authorities as respects the Alkarry Department. States his objections to the measure proposed by the Brigadier Viz: the mere transfer of 3 Villages which he thinks quite ineffectual for the object in view namely to prevent

2

Brigadier Dowker informs me that there are + three Villages in the vicinity of Bellary not included in the Military Alkarry limits which afford great facility to the European soldiers to procure liquor at either directly or

+ Shaganoor royanee cottah

prevent European Soldiers from getting arrack. Suggests what in his opinion is the only effectual method which is the prevention of the sale of arrack in all the small villages within 15 miles of the town of Bellary. States that the 11 small villages now included in the military Alkarry limits might then be transferred to the Civil Authorities and the sale of arrack suppressed in them also. Estimates the loss of Revenue from the adoption of this measure at about 5 or 6000 Rupees which he calculates may easily be made up in the military Department from the rent of Alkarry Farms within the cantonment and submits the whole question at the request of the Brigadier for the orders of the Board.

+ ellimchary

or through the means of their servants &c and requests that these Villages may be transferred to the Military authorities in order that a stricter surveillance over them may be exercised to prevent Soldiers from getting liquor from them. He represents that great exertions have during the last year been used to prevent European Soldiers from getting liquor in the Cantonment and in the adjoining Villages under the Military authorities and that these endeavours have been successful as far as they could be, but that notwithstanding it is found that soldiers are supplied with Spirits at the 3 Villages in question which from their proximity to the Cantonment are resorted to for this purpose.

3

On enquiry into the subject I found that * one of the Villages referred to was not properly entitled to have a shop for the sale of arrack and I ordered it at once to be put down. The proper place being ‡ another

Village

Fort St George 18th June 1849.

Village but very close to it not distant a mile. so that the objection to one or the other holds good. But I did not agree with the Brigadier in opinion that the transfer of these Villages from the Civil to the Military authorities would prevent the evil he complained of. I considered that it would be a mere transfer of lawful profits from the Civil revenue to the pocket of Military Arrakary Renter. who could not exercise a control more strict than the Civil authorities over the sale of arrack in the Villages so as to prevent the soldiers coming to them or procuring liquor from them, or should he succeed in this for a time these men would only go to Villages some what more distant (as they do even now)

Note-
There are 20 or 30 Villages within 10 miles and as many more within 15 miles of Bellary where liquor is sold.

4

My opinion is that the only efficient check upon European Soldiers procuring liquor within any reasonable distance would be to allow of no shops at all at these Villages as well as to put down all arrack shops at a great many other small Villages in the

DG

Fort St George 18th June 1849.

within 10 or 15 Miles of Bellary so as to prevent the possibility of any arrack being obtained except at Bellary itself without almost certain deduction. But I object to the measure proposed of putting these 3 or any more Villages (which it would be necessary to do) under the Military authorities for the control of the arrack Revenue. It appears to me quite unnecessary.

5.

There are 11 small Villages round Bellary now included in the Military arrakary limits. In these the Renter has the privilege of selling liquor, but of late has in a great measure I am informed relinquished this privilege with a view to meet the wishes of the Military authorities in preventing the European Soldiers from getting spirits in them. I ask then of what use are these Villages now to the Military? I am decidedly of opinion, that they should be retransferred to the Collector, and that the Collector in

Fort St. George 18th June 1849.

in making his annual abkarry con-
-tract should exclude them and
others to be named from the Rents
and prohibit the manufacture or
sale of spirits within them altogether,
intimating to the Military authorities
that he has done so, and requesting
them to inform him of any case that
may come to their cognizance of illicit
and prohibited sale being effected
therein. The surveillance of the Military
Police would then be much circumscribed
and made easy and effectual, and
with care on their part and on the
part of the Military Contractor,
with a view to his own interests,
I think that every thing that can be
done as far as the Civil authorities
are concerned in preventing Europeans
getting arrack from the Villages
will have been effected. But merely
to transfer a few Villages from one
Contractor to another is a poor remedy
and though with the exercise of

Fort St. George 18th June 1849.

of much vigilance and strictness
it might answer for a time the evils
complained of would on the slight-
-est relaxation soon occur again.

6. I would therefore have
the Military Abkarry limits confin-
-ed within the Military Cantonment
which embraces the Fort, the Cowl
Bazar the Brucepettah and the
newly extended Pettah. To this it is
reasonable the Military authorities
should be confined. In the Villages
beyond it, if the sale of spirits is
prohibited I can see no reason
at all why they should be includ-
-ed making a kind of double
authority in those Villages.

7. The Villages that I
would prohibit the sale of liquor
in beyond the Cantonment are these
Eleven Villages now included in the
Military limits, but in which arrack is
not now much sold. and the 49 Villages men-
-tioned in the enclosed Statement licensed

=missary General. But whether that measure would be approved of or not I have not the means of ascertaining. That the result would be as I have stated I am confidently informed by persons competent to judge. The pre=
=vention of arrack drinking by the European soldiery is however the main object

object that the Officer Commanding has in view. To attain this in the most effectual way, I have pointed out the course I would recommend stating the probable loss to Government that would ensue and suggesting a legitimate mode of compensating for that loss, tho in another Department, and I request to be favoured with the Board's Orders. I would have brought the subject much earlier before the Board, but I was daily in expection of receiving the Statement from the Deputy Assistant Commissary General for which I had applied and which it would I think have been satisfactory to the Board to have before them.—

Statement.

Fort St. George 18th June 1849

Proceedings thereon.—

Conveying to the Acting Collector of Bellary the Statements of the Board on the subject of the transfer for the Civil to the Military authorities of 3 Villages and calling for his opinion on certain points connected with the subject.—

(12 - 13.)

The Board of Revenue Concur in opinion with the Acting Collector that no benefit would result from the transfer from the Civil to the Military Authorities of the three Villages referred to in Paras. 2-3- of the above letter- If the Sale of Liquor in those Villages be objectionable it might be prevented by the Collector on the termination of the present Contract and no change of authority would be necessary for that purpose.—

2. It would seem that though not a large quantity of Liquor is sold by the Military Abkarry Contractor in the 11 Villages mentioned in Para. 1 of Mr. Pelly's Communication If there should be no objection to the Sale in those Villages being totally suspended the Board think with the Acting Collector that the Villages might properly be placed altogether under the Civil power- but if the Sales in them is to be maintained they would not disturb the existing arrangement- Mr. Pelly will be so good as to furnish information upon this point.—

Fort St. George 18th June 1849-

3. It is proposed by Mr. Pelly that the more effectually to prevent the European Soldiery from obtaining illicit supplies of Liquor the Sale of Arrack and Toddy be altogether prohibited in the 49 Villages enumerated in the Statement appended to his letter- the loss of Revenue thus occasioned being from 5,000 and 6,000 Rupees annually- On referring to that List however the Board perceive that with the exception of the three first Villages there is none at a less distance than eight Miles from Bellary- It is not probable that the Soldiers could themselves proceed so far from their quarters- Some Liquor might indeed be brought by their Servants or be otherwise clandestinely introduced but this would be more or less the case whatever distance from the Contonments the arrack Shops might be removed- The Board doubt whether the proposed measure, which besides involving a Sacrifice of revenue-

9172 Fort St. George 18th June 1849.—

revenue, must be productive of some inconvenience to the native community, can be considered to be necessary as at present advised they are led to think that if the sale of liquor be put down in the 11 out Villages now held by the Military renter and into the three first upon the acting Collector's list, so as to leave no places of sale within 8 Miles of the Military limits, the desired end will be accomplished— The acting Collector will be so good as to furnish them with his sentiments upon this head—

From the Acting Collector of Bellary — — — Para 1

Submitting the explanation required by the Board in their Proceedings dated 4th January last and stating it as his opinion that the Documents therein mentioned are genuine and recommending as before the continuance of the Pension to Doomanarasanna-pachary the Eldest Son of the deceased Gondachary from the date of his death— The Uncle receiving a moiety as heretofore.—

Sir,

I have the honor to acknowledge the receipt of an Extract from the Proceedings of the Board of Revenue dated 4th January last calling for information upon certain points regarding the Lapse of a Charitable Yeomiah of Rupees 7- 10- 6 per mensem lately held by Gondachary.—

2. In reply I have the honor to state that as regards the two documents purported to have been issued by Tippoo Sultan bearing the same date there does not appear any just reason for doubting their authority. They both bear the Signature of the Sultan. one is the regular Summud drawn up by the Cutcherry and bears the Signature on the back of the several Officers of the Cutcherry. The other document is drawn out by the Moonshee and appears to be a Memo: or a Document drawn out in the Secretariat Department in confirmation of the regular Summud issued from the Cutcherry. The Seal on it most probably was originally affixed to the Envelope enclosing the Document from the Moonshee's Office for it is never usual to affix a Seal to the head of an order sent from the Sultan to a

a Subordinate Officer or Private individual, but the
is placed on the Envelope from whence it has been probably
detached at some time and preserved in the manner
exhibited. I see nothing else to cause a doubt
to the authority of these two Documents which on the
Contrary appear to me to be confirmatory one of
the other, and genuine. In like manner I believe the
3rd Document is a genuine letter from the Hoozoor
Devan Meer Mahomed Saduc to the Devan of the
Gooty Province Mahomed a shreef intimating to him
the orders that had been passed in favor of Balachar
who resided in the jurisdiction of the Gooty Devan
and naturally bears a later but proximate date to
that of the Sunnud, and refers distinctly to that
Sunnud passed in the Sadawlut Cutcherry the date
of which Office were to investigate cases connected
with Yasmiahs Devastanums &c &c

3. The Board wish to know whether the
Sunnuds are often met with in this District.
At present I have not met with any others but prob
there are others in existence and in Course
of investigation into lapsed Enam will I
dare say come to light.-

4. The Board also observe that no
mention is made of this Papers in the Enam
Register of 1812 and that in his letter of 17th November

Mr. Thackeray stated that no Sunnud was
forthcoming.-

5. In the Enam Register and in Mr.
Thackeray's letter mention is made of the Devan's
Meer Saduc's order to the Gooty Authority to which
I have above referred, and I am unable to state
why the other two Sunnuds were not then produced,
possibly strict enquiry after them was not made,
and the order of Meer Saduc was considered Suffi-
cient. The parties can give no explanation on the
subject further than that the Sunnud were found
in the house of the deceased. They can hardly
be forgeries. To say nothing of the difficulty of
the thing there appears no necessity for forging
such documents when the Yeomiah was continued
independent of them.- The appearance of the documents
is much in favor of their being genuine productions and no forgeries-

6 Under this explanation I hope the Board will be
pleased to recommend the continuance of the Pension to Dhoomal
Narasummah charry the Eldest Son of the deceased Goondachary
from the date of his death. The Uncle Ragavendra charry
receiving a Moiety as heretofore.-

again herewith sent for reference.-

Proceedings thereon.

Submitting correspondence with the acting Collector of Bellary relative to a Yeomiah lately in the enjoyment of the Gouda Chakry & conveying the Board's views on the subject of the Claim put forth for its continuance.-

From Collr. of Bellary 4th Jan. 1849.
Rec'd. 22nd 4th & 30th June 1849.

14-15.

1. Resolved that the letter above recorded together with the former correspondence on the subject be submitted for the consideration and orders of Government.-

2. In their Proceedings of the 4th January 1849 the Board of Revenue raised some objections to the documents which had been produced in support of this Yeomiah and in particular to the two Sunnuds purporting to have been issued by Tippoo Sultan. The Acting Collector explains that both these documents bear the signature of the Sultan, that which is to be taken as the original Sunnud having also the signatures of Several Officers of his Cutcherry, the other document being merely a Memorandum drawn up by the Moonshee in the Secretariat department confirming the first.

3. The circumstance of the Seal bearing the appearance of having been cut off from another paper, and pasted to the last mentioned documents, is accounted for by the Acting Collector on the ground that it never has been usual to affix a Seal to the head of an order issued by the Sultan

Fort St. George 18th June 1849.-

to a Subordinate Officer, but to attach the Seal to the Envelope giving cover to his instructions, and that the Seal in the present case has been transferred from the cover to the document enclosed in it.-

4. The Acting Collector is unable to state whether such Sunnuds as those above adverted to are now frequently to be met with, nor why those two documents were not mentioned in the Original Register of 1812 and in Mr. Thackeray's letter to the Board dated the 17th November 1819, unless that possibly strict enquiry was not made after them the Tahseeldars of Meer Sadoo being deemed sufficient. He however adds that the documents can scarcely be forgeries as there was no necessity for forging them, the Yeomiah having on a former occasion been continued to the deceased incumbent independent of them.-

5. Under this explanation, the Board recommend that sanction may be granted for the continuance to Doomah Narsimmah Chakry from the 9th June 1847 of the share of the Yeomiah enjoyed by his late

late father, but as directed in a letter from the Honorable Court of Directors dated the 18.th May 1842 Para.a 8, they would propose to reduce it from Rupees 3-13-3 to Rupees 2-8-u per Mensem. They would at the same time suggest that the share enjoyed by Rajavendra Chary Rupees 3-13-3. per Mensem be continued to him and be paid to him from the time of it's discontinuance at his brother's death Subject to resumption or reduction on his own demise.-

Sir,

I have the honor to reply to your letter dated 22.d January last requiring a further report on the Case adverted to in the accompanying Petition No.r 2275 of 1848, with reference to Mr.r Arbuthnot's endorsement on his former Petition No.r 396 of 1842.-

Petitioner's aunt the said Ramuckah having however succeeded since to this Superior Pension of Rupees 3,313-4-u per annum she had in view, and which was sanctioned by the Government of India under date 26.th April 1845- in their order No.r 290 as conveyed in Extract from the Minutes of Consultation under date 2.d March 1847, the said Pension was at her demise on the 10.th June 1847 continued to the present Incumbent the daughter Nursingummah under

Proceedings thereon.

Passing Endorsement on Petition No. 2275 of 1848 presented by one G. Annata Rauze praying for the continuance of a Pension and declaring that Petitioner's claim is inadmissible.-

16-17

From the above letter and the correspondence to which it refers it appears that upon the death of Venkatram Rauze his widow Ramuckah refused to accept her husbands pension of Rupees 130-1-4 per Annum and after some years succeeded in obtaining that of a higher amount previously enjoyed by her mother Venkatamah.

Rammuckah

Fort St. George 18th June 1849.-

Ramuckah has since died and her pension has been continued to her daughter Nursingammah.-

2- The Petitioner in Nº. 2275. of 1848 G Anunta Rauze, who states himself to be the nephew of Venkataram Rauze has from the year 1842 been applying for the transfer to himself of his Uncle's pension of Rupees 130-1-4. per annum which Ramuckah declined drawing.-

3. The Board observe that had Ramuckah consented to receive her husband's allowance the Petitioner would of course have had no claim to it and that Government must be considered as entitled to the lapse of one out of the two pensions enjoyed by Ramuckah's mother and husband respectively, whereas the effect of conferring Venkatramen Rauze's allowance upon the Petitioner would be to continue both pensions.-

4. Under these circumstances and adverting to the fact that Venkatramen Rauze pension

Fort St. George 18th June 1849.-

pension has not been drawn since his death in 1823 the Board do not feel at liberty to recommend the Petitioner's application to Government and they therefore resolve to pass the accompanying endorsement upon his Petition Nº. 2275 of 1848.-

"Petitioner is informed

Submitting for approval Statement of offers for the Abkarry farms of the Kurnool District for Fusly 1259.-

Sir,

In submitting for approval by your Board the prescribed Statement of offers received for the Abkarry Farms of this District for the ensuing Fusly.-

2. I have the honor to explain that the decrease below the aggregate amount sales of the current Fusly is caused by a general

Decrease - 2570.

Fort St. George 18th June 1849.-

general disinclination to speculate to the extent observable during the last 3 or 4 years. I am not satisfied whether the feeling arises from the asserted fact that few of the Renters have realised the profit expected from their Rents whether this profit is not sufficiently in excess of their probable gain on a simi= =lar outlay in ordinary commercial transactions or whether it may not be that Bufsawangoud by his rash and obstinate biddings, raised the price sale of former Fusslies in several instances beyond the real worth of the Farms. certain it is however, that in the competition between the individuals usually concerned in these Rents there has been extreme hesitation, I apprehend that the daily losses supposed to be just now sustained by the Kurnool Renter has had something to do with their unwilling= =ness to bid, but I also attribute it to a feeling of insecurity arising from a deadly visita= =tion of Cholera which has been prevailing here since the

Fort St. George 18th June 1849.-

the 30th April last and which has created and still creates amongst all classes of the native inhabitants a more marked depression that it has ever yet fallen to my lot to witness on similar occasions.-

3. I have deemed it proper to include in the Kurnool farm for the present Fusly a few villages of the Dhone, Goodoor, and Kundicoot coor Taloofs, which from their = contiguity to the suburbs of Kurnool and the Sepoy Lines have afforded great scope for the illicit importation into the Kurnool Farm limits of liquor sold outside them at low rates. The system had been gaining head and inconveni= =ences and discussions were on the increase. The value of the Kurnool Farms was being depreciated whilst no legitimate ground was afforded for raising the value of the other three Farms. The stipulated Rent will, I am sanguine,

check

Fort St. George 18th June 1849.-

check the system in question and at the same time by decreasing the rise of the Renter add to the value of the Farm when next put up for sale.-

4. Under the present arrange=ment however the necessity and advantages of which were at once recognized by the competing parties, I could for Kurnool obtain no higher bid than Rupees 22,020 whilst no offer at all was made for Goodoor. I was, therefore, anticipating the necessity however undesirable, of retaining both Farms in Amany management, when Raymut Khan Kullee, a Pathan of substance and high character as a Merchant, proposed to take the two divisions for Rupees 32,400 in the name of his younger brother for whom he becomes Security in the whole amount of the two rents. He, however, objects to pay a deposit of the amount of one Kist, on the plea that at Bellary and Cuddapah no such require=ment is made from the Renters of these places and that he considers his respectabil=ity and position entitle him to a similar indulgence.

believe he may be safely trusted but bearing in mind the intimation convey=ed to my predecessor in the communication noted marginally, I desire to receive the Board's authority to dispense with the deposit in the present instance.-

para 5

5. In his letter of the 16th June 1846 Mr. Scott has reported the diffi=culties experienced here in regard of obtaining security from persons of good substance and reputed wealth. I find that at the present time they are equally great and on this account mainly I think it expedient to yield to Raymat Khan's wish. If the Board deem it necessary to enforce the rule respecting deposits, Raymat Khan's bid for the two rents should be reduced by Rupees 324.-

Proceedings thereon.—

(18-19.)

The Board of Revenue sanction the acceptance of the offers for the Abkarry Farms of the district of Kurnool for Fusly 1259 reported in the foregoing letter, amounting in the aggregate to Rupees 84,150 and authorize the Renters being placed in possession of their respective Farms on their severally depositing one Months Kist in ready Money and furnishing good Collateral Security to the extent of three Kists more, or on their depositing in Cash two Kists without Security.—

2. Mr. Phillips is informed with reference to Para 4 of his letter recorded above, that the rule requiring a deposit is enforced in every district under this Presidency and no exception made in favor of the Renters in Bellary and Cuddapah as supposedly Raymut Khas Kulleel. The Board trust when this has been explained to him, he will not object to conform to the condition. but should he still

Sir,

From the Collector of North Arcot — — Reporting on Petition 804 of 1849.

I The endorsement of the Board of Revenue on Petition 804 of 1849 refers it to me for such notice as I may deem proper, and I consider it best to bring the circumstances connected with it to the notice of the Board by letter.— Petitioners state that their Fathers and themselves have been from time immemorial in the habit of supplying the Jahnisheen of the Durgah of Shahmasoom Gaytul Qumd at Arcot with the articles required for the use of the Durgah, and that after the death of Zamayet Shah in 1819 when the Durgah was left without Government allowance, they continued nevertheless to supply the articles as usual to Decdarally Shah who succeeded to the Post of Jahnisheen, without receiving any payment, on the promise of the said Decdarally Shah to pay them when he should obtain the arrears of allowance; that in 1837 an allowance of

of 30 Rupees a month was granted but without arrears, and that Consequently they have not been paid; and that a sum of 7,304 Rupees is now due to them towards the liquidation of which they pray that a moiety of the sanctioned allowance may henceforward be withheld from the Jahnisheen, and paid over to them.

2 The facts are truly stated by the Petitioners as to the cessation of Government aid on the death of Zamayet Shah in 1819 and the grant of an allowance in 1837. The Correspondence noted in the

Margin shews that Deedarally Shah first sought the restoration of the village of Hurnauoon which had constituted the endowment of the Durgah up to the death of Zamayet Shah, and failing in that object that he then sued for a money allowance, which he at length gained after many years delay, supposing the other facts stated, respecting the supply of articles without payment in anticipation of a grant, to be equally true, I am of opinion that the Petitioners claim is decidedly entitled

entitled to Consideration; but I think that payment should be made, not out of the Current allowance, but out of the unpaid arrears accruing prior to 1837. It was from no laches on the part of Deedarally Shah that the allowance was not granted many years before that, the delay was on the part of the Officers of Government: and the grant in 1837 virtually admits the claim for the previous eighteen years.-

3 In Mr. Ogilvie's report dated 5th July 1837 he states that owing to the discontinuance of the grant, the Jahnisheen had incurred a debt of 5,663 Rupees for the Service of the Durgah, and the present Petitioners state that both Mr. Nisbet and Mr. Roberts caused the accounts of their claim up to those times respectively to be examined. Should the justice of the claim in general be admitted, and I think it cannot be denied, it will not be difficult to examine the accounts, and determine the sum to which

On referring to the previous Correspondence upon the Records relative to the Durgah mentioned in the above letter, the Board of Revenue perceive that the Village of Currancoor which at one time formed the endowment of the institution was continued by the Nabob Wallajah to one Enaget Sham as Inuddut Mash on as a life grant - on the death of this individual it should have lapsed, but it nevertheless passed to his son Zamayet Sham who held it till his demise in 1819 when it was finally Resumed - His grant of a money allowance several Years afterwards for the support

Fort St. George 18th June 1849.

support of the Durga was therefore a pure act of liberality on the part of the State, and it may be presumed that had the Government seen good reason for paying the allowance in arrear, it would have been so ordered at the time, especially as the fast of Dedar ali Sham having contracted a heavy debt for the maintenance of the institution was prominently brought to notice by the Principal Collector in his letter of 5th July 1837. Under these circumstances the Board do not feel themselves at liberty to recommend to Government the disbursement of the arrears as wholly or in part for the satisfaction of the claims preferred by the Petitioners. The Collector should endeavour to effect some arrangement between the parties for the appropriation of some portion of the current allowance for the gradual liquidation of the debt, if his attempts should be unsuccessful he must

must dismiss the case as being beyond his Cognizance.

that alluded to in the proceedings just referred to, as noted in the Margin—

6. From the whole Correspondence it would seem that Captain Lanford is of opinion that the Puddagays will be best preserved by being allowed to be cultivated, that the presence of trees tends to discourage the growth of Durbah grass- that they should therefore be sold for the benefit of Govern=ment- and he seems to think that a Considerable Amount may be realized by letting the land at the uniformly low rate of Rupees 3 per Cawney. Captain Lanford further suggests the trial of certain experiments with a view to the introduction of the Cultivation of American and Bourbon Cotton and of wheat to which I beg to refer the Board—

7. I see no objection to any portion of the Puddagay being Cultivated which may not be required for Govern=ment purposes- Care must be taken that no land is given up for Cultivation which

Fort St. George 18th June 1819.

which may yield Durbah in the vicinity of Coramboor and other works (strenuous endeavours will be made in villages in which Durbah is grown on which other villages are dependant to Cultivate such lands and these must be as strenuously resisted) and not to denude the Pud=dagays of trees and shrubs altogether for they are highly useful in the temporary works required during freshes to protect the banks—

8. The accompanying transla=tion of an order which I have issued will perhaps suffice to attain this object and I must beg that the Board will bear in mind that the Puddagay is gradually being brought into cultivation—

The Board seems to be impressed with the belief that there is something highly improper in allowing trees to be cut in those Pud=dagays but I beg to observe that a great portion of them has for a long time been used for various purposes by the Villagers who

pay

pay teeruah for such land - and that a large portion is treated just in the same way as Porumpoke lands in any other situation would be. It is only those lands which up to a recent period it has been considered could not be cultivated without danger to the banks that have been considered Sircar Puddagays. I should for instance have no more thought of raising a revenue by leasing the lands on which the trees grew that were felled by Nadoomuney Iyengar or have prevented it from being cultivated than I should have thought of leasing or preventing from being cultivated any other Porumpoke land. On the other hand I should on no account have allowed the land which was leased to Nadoomuney Iyengar to be treated as any other Porumpoke. It is so situated as to render it necessary to adopt particular measures for its management. The land on which the trees grew does not require such particular treatment.

It

It would doubtless have been brought into cultivation and denuded of every shrub long ago had it belonged to a village in which there were more proprietors of land and it would have been a matter of Congratulation not of regret that such was the case - as I have before explained much of it has been for a long time - some of it has been recently brought into cultivation. No new rules having been established the former clearance of trees entails as much guilt as does the more recent. However I have endeavoured to meet the Board's views in the order which I have issued.

9- The Board is aware that a considerable establishment is maintained for the management of the Puddagays under authority communicated on the 7th February 1843, this establishment was reorganized. The Revenue derived from the Puddagays at that time amounted to Rupees 2857-6-11 on an average. The cost of the Establishment sanctioned was

Rupees

Fort St. George 18th June 1849.

Rupees 1,124-9-11 I escpressed a hope in my letter
of the 18th November 1842 that the revenue would
be increased - but in this respect I have been
disappointed. I beg to refer to the accompanying
statement exhibiting the amount of Revenue
obtained from the Puddagays in each year
from Fusly 1252 to Fusly 1257 inclusive
from which it will be perceived that there
is a falling off in the latter year as com-
=pared with Fusly 1252 of Rupees 940-13-1
and I apprehend that it will still di-
=minish. The cause of this falling off
is in some measure attributable to the
extensive use of Durbah grass in re-
=pairing irrigation works which has
interfered with the sale of that article.
It is also in part owing to the new
Collection of fines on stray cattle.
in consequence of the number of stray
having diminished which is of course
favorable to the working of the estab
=lishment and to the diminution
of fines imposed on the Mirasdars

labourers to the Coramboas - It must be
borne in mind that a vast quantity of
fuel and of Supplies for public works
including the thatch of the large range
of temporary branches at Trichinopoly
has been supplied which would not
have been forthcoming had there been
no establishment to protect it. -

10. But on the whole I am
not satisfied with the working of the
establishment - I am disposed to think
that the Puddagays should be placed
more directly under the control of
the Peshcars of vattams / subject of
course to the Tahsildars general Super=
=vision / on whom responsibility can be
more readily fixed than on the present
Puddagay Peshcars and that the pre=
=sent establishment should be abolish=
=ed - If the Board approve of this
suggestion it will only be necessa=
=ry to entertain a few peons to
assist the Peshcars and to a con=
=siderable saving may be made. -

Public works.

Sir. With reference to my letter of the 27th October 1848 No. 508 I have taken the liberty of forwarding for the in=spection of the Board specimens of mexican cotton and wheat grown at the upper coleroon annicut.

Both were sown about the 25th October and harvested about the 15th February: both were raised in mixed soil

Soil of Sand and alluvium in the former of which they were stunted but in the latter grew most luxuriantly, with very little rain but by the aid of irri=gation about once in three days.—

3. The pods of cotton are very large and the wheat has pro=duced in good soil about thirty fold.—

4. I have now a beautiful crop of growing wheat sown about the end of January which if it succeed will be ripe by the middle of May.—

5. I have taken some pains to shew these crops to Meerasidars who ex have visited the Head of Sarcunham all of whom admitted their great value the price of wheat being here just five times that of paddy and the only but universal question asked is what will the Peerwah be? and until the uncertainty on that point is removed change of cultivation cannot be looked for.—

6. I now particularly beg the Board's attention to the vast importance of encouraging wheat cultivation

cultivation as being more profitable to the ryot, and less wasteful of water than that of rice while it also affords the prospect of extensive export.—

7 Two crops of what may easily be grown in any of the Delta lands, and leave time enough for fallow and inundation from June to August, or in the richer soils of Laulgoody, Kheb=lumberam, and Tretrapoondy where large tracts of pure silt prevail three crops could be raised without difficulty but only under proper drainage as wheat will not bear continued in=undation.—

8. Paddy is now selling in Trichinopoly at 10 annas for Tri=chinopoly bottum or 48 Seers which gives somewhat less than 180 Seers per Rupee wheat in the husk as it is always sold here averages 15 seers per Rupee.—

9. Supposing a fine season to prevail this year in every District the Southern Meerasidars will have much difficulty in paying their Kists. but if they could realize

the current price of wheat they would grow rich: the revenue would increase, and with=out some prospect like this the Department of Public Works will labour in vain.—

Sir I have the honor to ack=now=ledge the receipt of your letter of the 24th Instant No. 165 and its accompaniments.—

2. It may be satisfactory to you to Know that Mr. Finnie the american cotton Planter in government employ, who happen=ed to be my guest at the time the Sample of your Cotton arrived, pro=nounced it to be remarkably fine.—

3. I shall be much obliged if you will have the kindness to inform me what quantity of Wheat you sowed on a given extent of land.—

4. As regards the cultiva=tion of Wheat or Cotton no additi=onal impost will be demanded on lands on which either may be grown but

but I am not authorized to make re-
-missions- If therefore the cultivation
be carried on on lands which otherwise
would be subject to an assessment
for two crops the demand will
be accordingly- if on land bearing
an assessment for one crop no increase
will be made in the demand and the
rates of teerwah will not be altered.-

To the Collector of
Trichinopoly.-

Sir,

In acknowledging the receipt
of your letter of the 28th Ultimo No.
53, I beg to express my gratification
at learning Mr. Finnies opinion of the Cotton-

My experiments with Wheat
have been too limitted to enable me
to answer your question satisfactorily,
my object being to ascertain
first that the grain could be produc-
-ted in this climate, I did not pay
so much attention as I would now
do to the quantity of Seed required-

9204 Fort St. George 18th June 1849.-

One bed however in which the
crop seemed to be thick enough, without
being crowded, measuring 15 square yards
received a quarter of a Seer, which would
give about 100 Seers or 2 Colluns &
(Trichinopoly measure) per Cawney,
but the produce was not so great as
Stated in my letter to the Board, and
did not exceed fifteen fold which
equals a return of 30 Colluns per
Cawney- I would not however ground
any calculations on my imperfect data,
and I propose to make more careful trials-

The Seed was casually purchased
in the bazar and it was brought &
I believe from the Salem District.-

It would of course be inex-
-pedient to make any alterations in the
land revenue for the sake of experi-
-ments, and I have always obtained &
from discussing this part of the subject
with natives- But I think they might
be led to try the cultivation of Wheat
and Cotton if allowed to do so on
immemorial

Fort St. George 18th June 1849

immemorial waste for a limitted time free from tax. which would cause no de=
=rangement of existing revenue laws nor
put the Government to any expense or
and for such a triat the Paddoogay lands.
afford the best opportunity and field.—

The cotton plants will I
believe shoot out fresh branches and bear
a second crop as soon as the freshes
recommence and all that will then
be necessary will be to keep the
field clean— Inundation for several
days will not destroy the plants when
full grown but the best time for
Sowing Seed on the puddagay lands.—
would be about August or September.—

Sir. The Board of Revenue having

I misunderstood the exact object of
your letter to me of the 21st December
1848 on the subject.—

Fort St. George 18th June 1849.—

2. My opinion now is that there
can be no danger in cultivating any
of the Paddagays which are fit for
cultivation that is which have breadth
enough and are sufficiently above the
level of the river bed.—

3. I think that so far from en=

to secure the banks provided channels
are not allowed to be cut and as I see
no advantage in extending the rice
cultivation I would therefore discourage
irrigation on the Paddoogay except by
picottahs, but as water is always
near the surface this involves little
additional trouble in raising other
kinds of produce.—

4. If I may be allowed to offer
an opinion, I think that one uniform
and moderate rate of assessment
should be fixed I am told that 16 Rupees
per Cawney has been offered for Pad=
-doogay land in Laulgoody, but
natives will always out bid each
other without considering consequences.

of

of Para 3.—

5. But supposing the law average of 3 Rupees a cawny were obtained. Government might depend on a permanent addition of 12,000 Rupees to the Revenue without any outlay whatever on their part.—

6. In proposing the creation of a Marramutt Fund out of the Puddagay revenue I did not intend that such revenue should not be regularly brought to account, but merely to Shew that greater efficiency might be given to a Department of acknowledged weakness by means involving no drain on the present income of the State.—

7. You are I believe of the same opinion with myself as to the advantage of having on your establishment one or two native Officers of respectable position, exclusively employed in attending to the irrigation and that such an arrangement would tend to Secure if not improve the Revenue, but it would be an almost impossible task now to induce the Government of India to Sanction any extra expense however

advantageous—

8. Whether it would be equally hard to obtain permission to expend the necessary Sums on condition of raising an equivalent from the Paddagayes I can not imagine but it is difficult to conceive on what ground objection could be based.—

9. The immediate object would be attained, and a balance of profit remain to government independently of the future good to be derived

3. It is true that the Maramut Establishment in this District is weak compared with the exertions which are required from it but Government would hardly be the better disposed to augment it by a proposal to abandon their rights to the full amount of Revenue which the lands in question would yield if assessed according to the prevailing custom.—

4. I cannot in alluding to the Marramutt Establishment of this District allow myself to overlook a remark which you have recorded in your letter of the 12th February No 125 to the effect that a general neglect of works of irrigation has long prevailed among the Native Revenue officers of this District" a remark which seems to cast reflection on those whose duty it is to supervise them as well as on the Native servants— I submit that a comparison of the strength of the Native Revenue establishment with the extent of the works and of the operations which have been lately so largely carried on in connection with the

the fact that the Revenue is improving will be favorable to the Establishments— Under the very channels which gave immediate rise to your remarks the Revenue has this year improved.—

To the Collector of
Trichinopoly—

Sir, With reference to my letter of the 10th Instant No. 210, I have the honor to submit the following proposition for your consideration begging you will not regard it as arising from any desire of obtruding my opinions on you, but from a simple and earnest wish for the good of the District under your charge.—

2. You admit there are from 3,000. to 4,000 Cawnies of Paddoogay land now unproductive of Revenue the disposal of which in any manner cannot be attended with loss to the State.—

3. The introduction of American Cotton is considered by the Home Government a most desirable object to

to attain which they have incurred great escpence.—

4. The American or Mexican cotton raised on Paddoogay land has been pronounced by the Gouernment Planter to be "remarkably fine" and it is still growing and within reach of the observation of the people of Trichinopoly—Wheat also has been successfully tried.—

5. On these grounds I propose that the waste Puddoogay lands be granted on a free Cowl of five years to the Villagers to which they belong for the sole cultivation of American cotton or wheat the trees now standing being first sold for the benefit of Gouernment.—

6.— Should any Village not take up and cultivate its land, the same to be granted to the next adjacent village or others being bonafide land holders paying rent, on similar terms but to be restored to Gouernment after the lapse of five years.—

7. Allow me to solicit your

9204 Fort St. George 18th June 1849

early and favorable judgment of this plan, not viewing it through the medium of existing Revenue Regulations, but regarding it in that free and liberal manner which the urgent necessity for improvement requires.—

8. While we deliberate, the americans cultivate, the English market become more and more accustomed to dependance on foreign supply the produce of our own Territories depreciated and our Indian fellow subjects are left to the perpetual trammels of their ignorance which have not permitted one Step of improvement in agriculture since our occupation of the country—

9. It has been too much the habit to think the Natives of India the best of all tropical agriculturists: and yet excepting Indigo, there is not a single article of staple produce in which they are not excelled by the Americans—

10. This was of less importance when America did not produce a surplus and England was obliged to take cotton and

and rice from India but it is otherwise now and the future prospect is very discouraging

Sir, I have the honor to acknowledge the receipt of your letter of the 12th Instant No. 2111.

2. I regret to state that I do not feel at liberty to recommend for adoption the measure you suggest of allowing the waste Puddoogay lands to be taken up on a free cowle for five years on condition of their being cultivated with american cotton and wheat.

3. Experiments for the purpose of introducing the culture of American Cotton have been in operation during some years and I believe that it is pretty well established that it cannot be produced sufficiently cheap to admit of exportation - a result which may possibly be owing in some measure to the fact alluded to in the 9th para of your letter that the natives of India are by no means the best of all Tropical agriculturists.—

But

9204 Fort St. George 18th June 1849

4. But there are other objections connected chiefly with climate which seem to render all hopes of rearing american cotton with a view to profit hopeless.—

5. In regard to wheat I fear there are also serious objections to its being generally cultivated— I am endeavouring to induce a few respectable and substantial land holders to undertake the cultivation of small quantities and if they succeed their example will doubtless be followed.—

6. If you are still of opinion that the measures you propose should be tried I would recommend that you should address the Board and I will use my best endeavours to carry out any measures which may finally be determined on.

Statement

Proceedings conveying to the Collector of Trichinopoly sentiments of the Board on the subject of the future management of the Padsogay lands in his district with a request that he will furnish thro' the Department of Public Works a report on certain points also.

thereon. The questions discussed in the letter above recorded are first, the manner in which the Puddagay which was leased to Nadamoony Syengar is to be disposed of for the future, and second by the management of the Trichinopoly Paddsogay lands in general.

2. Regarding the first it is proposed to let the Padsogay referred to at the close of each fusly by public auction reserving to Government the right of rejecting any tender which it may not be desirable to accept. This is the plan ordered by the Board in Para 6 of their Proceedings of 19th March 1849 and is approved but the Collector will be careful to introduce into the Puttah to be annually given to the renter the stipulations mentioned in the last part of that Para.

3 With respect to the general question

question of the management of the Padsogays it is stated to be the opinion of the Civil Engineer that the Padsogays will be best preserved by being allowed to be cultivated that the presence of trees tends to discourage the growth of Durbah grass and that they should therefore be sold for the benefit of Government. The Collector states that he sees no objection to any portion of the Padsogay being cultivated which may not be required for Government purposes but that care must be taken that no land is given up for cultivation which may yield Durbah grass in the vicinity of Coraveboos and other works and that the Padsogays be not denuded of trees and Shrubs altogether, as these are highly useful in the temporary works required during freshes to protect the banks.

Mr. Onslow has submitted translation of an order which he has issued in view to the attainment of these objects.

This order seems proper.

4. The Board have made some slight modifications in it as shown in red ink

Fort St. George 18th June 1849

ink in the copy herewith returned, and it is requested that the rules as thus revised be substituted for those already issued — The substance of this order is that no cultiva= =tion is to be undertaken in the Padoogays without application first made and permission obtained from the Collector after a full report of all particu= =lars connected with the land applied for has been furnished by the Palook officers and that after the land has been granted for cultivation no trees are to be felled or channels cut without the leave of the Collector — Under such checks if carefully enforced the cultivation of the Padoogays seems not only unobjec= =tionable but advantageous — In all cases in which there may be doubt as to the propriety of permitting cultivation in any locality the Civil Engineer should be con= =sulted. —

5. The Board do not find in the correspondence referred to by Mr Onslow

Fort St. George 18th June 1848

the opinion attributed by him to the Civil Engineer Vizt that the trees in the Padoogays should be sold for the benefit of Government as their presence hinders the growth of Burbah gras= =s If such a measure be advisable it should be carried out with caution so as to leave an abundant supply of trees and shrubs available for Maramut works or other necessary purposes. —

6. The Board are not pre= =pared to recommend that the land tax upon the Padoogays should be fixed permanently upon different principles than those which regu= =lated the assessment of waste lands in other parts of the Trichi= =nopoly District but the Sugges= =tion of Captain Lowford that these lands be granted upon cowle= =s for moderate periods to persons will= =ing to engage in the cultivation of American cotton or wheat seems deserving of consideration and the Board will be glad to hear further upon the subject from Mr Maltby when he shall have had

The

2- The excess shewn above in the Salt demand resulted from an increase in the Home sales of Rupees 5,745-5-7 and an increase in the Inland consumption of Rupees 13,786-11-8. The improvement in the Home Sales would appear to have been caused in great measure by the arrangement sanctioned towards the close of the year 1847 for checking the extensive contraband traffic which was discovered between the Cochin Rajahs Territory and the adjoining Talooks in the Malabar District by the Establishment of Gollahs at the border stations of Ottespatoor, Palghaut, and Allatoor. This measure which was introduced as an experiment at the time appears to have had the desired effect of checking the illicit trade in salt to some extent and of supplying that part of the District with this article which had been previously obtained from the Government depôts only at a considerable distance from this part of the district. The Statement No: 3 which accompanies the Collector's letter shews that the quantity of Salt sold during Fusly 1257, the

From Govt: 25th November in Cons: 8th December 1847-

first year of the operation of these Gollahs amounted to Rupees 9,392- Subject to a charge of Rupees 2,893-10 the disbursements incidental to their Establishment.

3- It is further satisfactory to observe that the favorable state of the Salt Revenue of the year reported on was also partly attributable to the recent improvements made in the means of internal communication in the District by opening of the roads from the coast towards the Eastern portion of the Province-

4- The Collector adverts to the difficulty he experienced in providing a sufficient quantity of Salt for the use of the Monopoly notwithstanding the purchase price was increased from 18 Rupees to 30 per Garce, thereby raising the average price on the year 1256- Rs a p 4-15-3¼ in excess of the average of Fusly 1256- By supplying one depôt with the excess in store at another it would not appear that any check occurred in the sales and which cannot but be incurred as upon the whole to be satisfactory

Quantity Purchased 1256-32364 / 1257-26487 / Decrease-5877

satisfactory as it may be observed that they not only exceeded the sales of the previous year which was in itself a favorable year but with the exception of the sales of Fusly 1254 are the highest on record.

5. In Fusly 1254 the Salt Revenue amounted to the large sums of Rupees 390690 10 4 or Rupees 24963 15 10 above those of the year under review.

6. After deducting Charges which were Enhanced from the higher price paid for Salt and in consequence of the Establishments of the additional Collahs, the excess in the Net Revenue of Fusly 1257 was above that of the antecedent year by Rupees 14162 11 2. 1192-6-4.

Tobacco- 7. From the table given above it will have been seen that there was an increase in this branch of the Extra sources of Revenue in Malabar of Rupees 12788 14 2 and the entry in the margin shews that the receipts of Fusly 1257 exceeded the average of the preceding five years in the sum of Rupees 18391 15 2 including

Fusly 1255 which produced the highest Tobacco Revenue hitherto obtained in Malabar.

8- In connection with this item of Revenue the Board take occasion to observe that on the 25th of January last they received a communication from the Collector reporting that in consequence of a reduction of 12 per % allowed by the Cochin States in their selling rates, a considerable falling off in the Tobacco Revenue had occurred in that portion of the district bordering on the Cochin Territory. Mr Conolly states that the falling off in the Chowghaut Talook during the past year was Candies 267-8 valued at about Rupees 49460 which he attributes to the cheaper tobacco brought into the Talook consequent upon the reduced price authorized by the Government of Cochin and which he considers will supercede the monopoly supply. The facility for smuggling he observes is very great from the nature of the Country and such as no preventive force could suppress.

suppress under an excessive Establishment and expense and he therefore apprehends that the loss must be sustained without some arrangement can be made with the Cochin authorities to regulate their rates by those obtaining in Malabar.

9. As far back as the month of June 1848 the Board and Government were made aware of a reduction in the retail price of Tobacco having been allowed below the Monopoly prices by the Cochin Government, the decrease now brought to notice is not therefore altogether unexpected, they do not however apprehend that so small a lowering of price as would be afforded by this modification in the Cochin Tariff could have influenced the whole of the decrease in question as smuggling could still be carried on by Natives at considerable profit to themselves, other considerations may also have tended to diminish the disposal of the depot Tobacco consequent on the actual fluctuations of demands. The matter therefore does not at present appear to the Board, especially with reference to

to the general question connected with the system of the monopoly itself, to call for any application of measures other than are at the disposal of the local authorities to check as far as practicable any illicit importations of Tobacco from the adjacent Territory. The Board apprehend that Government would not be disposal to require any concessions from the Government of Cochin to equalize their rates to ours, for altho such a measure would benefit the Malabar monopoly it would now be felt as a burden by the inhabitants of the adjoining Territory. The Board however will be glad to learn what has been the result as regards the revenue in this part of the district during the current Fasly, the particulars of which the Collector will be pleased to state in his ensuing report.

Abkarry & Stamps.

10. Under the two heads entered in the Margin the results of the year present a slight improvement in the Revenue obtained from them, which at it

it arose from ordinary causes needs no particular remark.

Sea Customs. 11. The large depression observable in this item is explained as the operation of the provisions of Act V of 1848. It is observed that the per centage of charges on this account amounted to 21-2-17/18 whereas in the past year the per centage was 17-7-5 but as a portion of the Establishment has been subsequently reduced the disbursement will be in future modified as regards charges of collection.

Small Farms & Licenses. 12. The decrease under this general head occurred chiefly in the items of Ferry Farms from diminished competition for the rents. The demand was collected with the average punctuality and nearly the whole of the arrears of the three preceding Fuslies were also brought to account within the Fusly.

Moturpha 13. The Moturpha although an important item in the Extra Sources of Malabar appears liable to but slight annual fluctuations in the year at present

present under report, the demand was only 318-2-2 below the preceding Fusly. The current collections were realized with great punctuality there being only Rupees 39*-13-1 outstanding at the close of the Fusly in a demand of £ 117001-2-10.

Sum Collected. *24-11-5.

Sayer. 14. The Sayer or Land Customs since the abolition of the Cochin Frontier Chowkies have become almost nominal and need no particular remarks.

15. The annexed Statement shews the Gross Receipts Charges and net Revenue of the year now reviewed in comparison with the same items in the preceding Fusly.

From the correspondence noted in the Margin it appears that a monthly pension of Three hundred Pagodas was granted by Government to Ghoolam ally Khan, son of the late Jahgeerdar of Satampauk and Poondy Mahomed Najeeboodeen, for the support of his father's family during his natural life, that sum being equal to half the value of the resumedee Jagheer. The allowance was afterwards authorized by Government to be distributed among the relations of the Jagheerdar at the rates mentioned in the Collectors Statement of the 26th February 1821 subject to a reduction of one third at the death of each successive incumbent.

2. Jainoolabdeen whose death is under report had been in receipt under the above arrangement of Rupees 2-8-0 per mensem of which one third having lapsed to Government the remaining two thirds or Rupees 1-10-8 are recommended by the Collector to be continued, from the 1st June 1848, to his Widow Ameen Beebee

in which recommendation the Board concur.

From the Collector of Madras

Sir,

1. I have the honor to acknowledge the receipt of Extract from the Proceedings of the Board of Revenue dated 29th January last, and to retransmit, with the further particulars called for in Para 4, the Statement of Jeomiahs retrenched by the Civil Auditor.

2. Having applied to the Collector of Nellore for information on the point noticed in Para 5 I submit copy of his reply dated 16th instant and of its Enclosure.

3. Adverting to Para 6, I beg leave to state that there is not any document forthcoming on the records of this Office relating to the Jeomiahdars in Nos 135 and 136, beyond the list and letter from the Board of 29th April 1813 referred to in the present Statement, but there can be no doubt that, as therein directed, it was only on their producing satisfactory

satisfactory proof of their identity that the arrears due to them were discharged, and the payment of their allowances continued.

To. J. A. Hudleston Esqre Collector of Madras.

Sir

I have the honor to acknowledge the receipt of your communication dated the 13th February last, requesting to be furnished with some information called for by the Board of Revenue, relative to the age of a Jeomiahdar Mahomed Nasaroodeen.

25th January 1849 para 5.

2. In reply I beg to state that the Jeomiah now in the enjoyment of Mahomed Nasaroodeen stands registered in the List of 1804 as No. 143 originally granted to the family of Affzoolden Mahomed Khan by Nabob Wallajah at 2 Rupees per diem. From the List of 1812 in which this Jeomiah is registered

as No. 96. it appears that, on the demise of the above grantee, his eldest Son Mahomed Moyeenoodeen was in the receipt of the Jeomiah for himself and the rest of the family, and that the allowance was divided into 9 shares as follows.

A 1st. Mahomed Moyeenoodeen share 8-9-2.

3. Two of these sharers, Viz^t. A Mahomed Moyeenoodeen and G Mohomed Candur Khan, died at the same time on 25th and 26th January 1821, and Mahomed Nasaroodeen as son of the former and Nephew of the latter appears to have entered into a conplot to secure the continuance of both Pensions, keeping himself aloof

aloof to fill up a casualty in either
getting the two Pensions renewed
was successful, his fathers
having been renewed in the nam
of his two widows Selaurbee
and Mereyembee, and he
Etucled in his own Name
and this Son having become the
first casualty, Mahomed Nasa
roodeen stepped into it.

4. From the Register sent to
the Board on 19th November 1822,
Copy of which is herewith forwarded
it appears that Selaurbee and Mer
yembee were, at that time, of the
respective age of 54 and 56. and
ought, therefore, now to be 80 and
In this Register Selaurbee is de
scribed as having a Son aged two
one, which Son is no other than
this very Mahomed Nasaroodeen
and following up this in the Reg
ter sent to your Office in 1841.
Mohomed Nasaroodeen is there
described as forty.

5. Six quarters

human probability that Mohomed Nasar
oodeen was only twenty one in 1822 and
still had a Son aged 8 years, his pro
bable age then was from thirty five
to forty, which enabled him more
plausibly to plead age and infirmity
for transferring the Pension of Mohom
ed Ghawder Khan to his Son, and his
present age is now, according to the
above calculation, between sixty and
Sixty five.

6. The reason for asserting
the age of twenty one in the Register
sent to the Board in 1822 appears to
me to have been that the existence of a
legal heir of thirty five or forty
would have been more likely to
attract notice and enquiry prejudi
cial to the succession of the two
women than the existence of a youth
of twenty one taken care of by his
Mother in law's family.

1. A Copy of Mr. Smith's communi-
=cation to the Collector of Madras dated the 16th April
last received with the letter above recorded, it is stated
that Asanoodeen was the son of Nursurdeen and
that the latter was the son of Mahomed Moyenoo=
=deen by his Wife Selaurbee - In the enclosure to
Mr. Smith's letter which is an extract from a
Statement of succession to Yeomiahs dated the 19th
November 1822 Asanoodeen is represented as the
Grandson of Mahomed Cawder Cawn and as
the son of an old and infirm man whose
name is not given.

2- Mr. Purvis will be pleased to
inform the Board at an early date upon what
authority Mr. Smith proceeded in his Statement
that Nasaroodeen was the Son of Mahomed Mo=
=yenoodeen by Selaurbee and that Mahomed Asa=
=noodeen who is succeeded Mahomed Cawder Khan in
his share of the Yeomiah is the son of the same
Nasaroodeen.—

3- He will further explain the
circumstances and sanction under which Nasaroodeen

came into enjoyment of that share on Mahomed
Asanoodeen's death -

Ordered also that the following
letter be sent in consequence -

To the Collector of Madras -

Inlos: 18 June 1849.

Sir,

1. With reference to the enclosures to your
letter dated the 25th April last, I am directed by the
Board of Revenue to request that you will
require the attendance of the Yeomiadar Mahomed
Nasuroodeen therein adverted to before you, and
that you will ascertain from him personally whether
he is the Son of Mahomed Moyenoodeen by Se=
=laurbee and whether he had a Son by name
Asanoodeen who died in the year 1823, and upon
what grounds he came into the enjoyment of
Asanoodeen's share of the Yeomiah upon that party's
death. You will also inquire his age - and state
whether that given by him corresponds with his
appearance - and will further take means to ascertain
whether the identity of Selaurbeebee and
Mareyumbeebee be clearly established. It
is

is observed that these parties were respectively 54 and 56 years old in 1823- and they must now be 80 and 82 years of age-

2- You will be pleased to report the result of your enquiry at an early date-

Sir,

I have had the honor of receiving an Extract from the Board's Proceedings of the 21st Ultimo, transcribing Extract from the Minutes of Council on of the 1st idem, requiring information on the prevailing method of receiving and storing Salt in this District, and in explanation I beg to state that the requisite preparations for the manufacture usually commence towards the end of October or November, when the rains may be said to have ceased, and that the process of evaporation is allowed to continue till the end of January or February, or longer when the amount of salt required is considerable, and that the quantity thus produced is packed up in heaps under thatch on the Platforms with due precautions for it's security and allowed to remain in that state till May or June, when it will be found to have lost its moisture and become sufficiently dry

Translation of Bhogaputtah or Deed of enjoyment executed to Circar by Sayer Moostayer, Canzee Cutwall, Dasspondee, Dasaneekhee &c. of the Town of Cuddapah dated 3d. Safur, Prabhava year, Fusly 1217 or 1807.

The following are the particulars of the charitable allowance at 2 Fanams per diem out of the collections of Cuddapah continued without interruption from the former Governments of Haleemkhan, Meersaheb Sooltan to that of Mogul.

1 During the Government of Mayanah Haleemkhan the allowance was continued up to the end of — Vekary year.

1 Do. of Meer Saheb ... Do. Do. up to the end of Soobhacrootoo year.

1 Do. of Tuepoo Sultan Do. Do. up to the end of Soomeah year.

1 Do. of Mogul Do. Do. from the year Sadharana up to Siddarty year.

In the above manner the allowance in

ni question had been continued with-
out interruption during the above
period. At the time the District
ceded to Government the Yeomiahdar was absent at Ben-
on account of holy pilgrimage and
returned a few days afterwards. We
will stand responsible for the cor-
rectness of the above Statements.
Thus we have voluntarily, executed
this deed of enjoyment.

Sir,

Para 1- In Column 11 of the Statement forwarded to you dated the 30th April last relative to the lapse of a Charitable Yeomiah of Rupees 13-2-0 per Mensem by the death of Ugnehotra Beemah Charry it is stated that the deceased was also in the enjoyment of a Shrotriem in Boddiapully in the Shenoor Talook, also of certain Bhartwartee Enams in the Village of Tollamarpoor in the Douoor Talook respecting which no further information has been furnished.

2- I am directed by the Board of Revenue therefore to request that you will ascertain and report at an early date when, by whom, upon what terms, and for what purposes, the Shrotriem and

and Enams were granted, and that you will forward at the same time Copies with translation of any documents which may be forthcoming in support of these Grants with Extracts from your own Accounts, and furnish such further information as may be in your power respecting the value of these Grants and the manner in which they passed into the possession of the last incumbent.—

Forwarding a Genealogical Tree shewing the relationship of the Parties referred to in the application from this Office dated 31st January last for the renewal of a Bhutwartee Enam and affording further information on the subject.

Sir,

Para 1. With reference to Extract from the Proceedings of the Board of Revenue dated 29th March 1849. I have the honor to forward a Genealogical Tree shewing the relationship of the Parties referred to in the application from this Office dated 31st January last for the renewal of a Bhutwartee Enam.—

2. The last holder Mahuncabee Nursumma Bhuttoo, it will be perceived, is descended in the Male line from Raraharee Sastry to whose Uncle he relates as Grandson, being first Cousin once removed.—

3. The descent of the last incumbent from Yoganunda Sastry is also in the male line, and the former was the Grandson to the Brother of the Grandfather, of the latter, the Parties relating as 2d Cousin to each other.—

4. The alleged adoption of Deechatoo loo so far as the Execution of the deed of adoption is concerned, is proved to have taken place shortly after the demise

of Appeal, the Son of the late Incumbent, though without the consent of his widow the adoptive Father's daughter-in-law.

5- The document is dated - April 1845 and though its validity has been established by the evidence of witnesses, yet considering that the document in question is on plain paper, and executed subsequent to the date on which it was promulgated, that the purpose for which stamp paper was required, should be endorsed at the back with the signature affixed thereto of the public Officer who sold the same, I am rather sceptical on this point knowing the facility there is of eliciting such evidence when parties interested are concerned. The usual Ceremony of adoption it appears was not performed, the Boy being a 3d cousin and nearest of kin to the late incumbent (as shewn by the accompanying Genealogical Tree) this relationship rendering as has been urged this ceremony necessary - & plea in my opinion insufficient to reconcile the omission.

6- Under any circumstances I should not consider any adoption valid which was carried out by the adoptive Father on the demise of his own legitimate son while his widowed daughter-in-law was dissentient to such a Proceeding.

The Enomaty Ryfeyats of the year Bahoodaneya shew that during the Mayanum Government there Enams were granted by Abdool Nabee Khan Abdool Halim Khan Khanja Mahomed Shareef and the Jageerdar Bunda Durgha Roostom yarkan but it is not known in what year they were granted.	Some Sanads were last prior to the preparation of the Enomity Ryfeyats in fusly 1227 and the rest not to be found in the house of the deceased Soobbamah the last holder of the Enams.	Originally granted as Charity.	It appears from the Enomaty Ryfeyats given in fusly 1227 that these Enams were acquired by Khundarow Ramanah, Dº Venkatapatty and Coonchala Sevarayamapah. In the Pymaish and Enomaty Accounts of the Company's Government the names of Khundarow Jogee and Dº Mungapaty are mentioned.	Khundarow Soobbamah the last holder died on the 9th Margasara Bahoolum of Plavenga fusly 1257. It appears that her husband Jogee whose name is entered in the Accounts relates as great grandson to Ramanah and as grandson to Venkatapatty but he is not related in any way to Sevaramapah. It is not known how Mungapaty relates to the deceased.	Of the Enams mentioned in Column 3. those in possession of the deceased Soobbamah are assessed at Rupees 64-9-6. viz. one half share in the Enams situated in the Village of Janapaula Cheroo Talº No. 118. 3-14-3. The Enam held by her is recommended to be resumed with the exception of No. 118 in the Village of Janapala Cheroo Talook of Cumbum. From the Proceedings herewith sent it appears that these No. 118 and 119 were entered in the Payamaysesh and Enamaty accounts in the name of Jogee the husband of the deceased. In fusly 1227 Coonchala Tirumulrow gave a deposition to the effect these numbers were acquired by his ancestors and during their absence were entered in the name of their Goomasta named Jogee, on the demise of Jogee witnesses state that Tirumalrow granted one half share to Soobamah the widow of Kundarow Jogee on condition it should not be alienated. the document is not forthcoming. Remarks of the Collector.

I am not inclined to think that the unsupported written Statement of Coonchala Termul Row can be depended on, as such (if an authentic) might have been made by him to further the prospective claims of his descendants. The Enams Nos. 118 and 119 being entered in the name of Runda Row Joyee the husband of the deceased, it appears far more favorable that Nursinga Row (the Curnum and Grandson of the said Teroomul Row usurped one half of the Enam apper-taining to these numbers on the demise of the said Runda Row Joyee.— The parties are not in the least related, and Nursinga Row's deposition in which he states that his Father Soobbarow (without apparently any reason) assigned to the Husband of the deceased one half of these Enams, and that he himself on succeeding to his Father's share, continued the same to Soobbummah the widow on the demise of her Husband the said Runda Row Joyee for her maintenance, is not worthy of credence when it is considered how well off in circumstances the said Soobbummah lately de-ceased was at the time. Recommended that the share of the Enam in the Vil-lage of Janapala Chavoo lately enjoyed by the deceased be resumed, and that the remainder be continued to Nursinga Row in consideration of the period he has been in the enjoyment of the same.

These lands are entered in the Pymash and Enamity accounts in the joint names of Yaga-=munda Sastrooloo and Sara-=hare Sastrooloo but by whom or on what party they were originally conferred is unknown. The last incumbent Mahacoola Nursin buttoo, whose death is under report is second cousin of Jaganunda Sastrooloo and first cousin once removed of Sara-=hare Sastrooloo both in the male line. He is represented to have been in the enjoy-=ment of A. C. A. 20—17—14¼ Rupees 153—9—10. and the remaining portion of the Enam is held by 5 others. The lapsed share is recom-=mended by the Collector to be continued to

to Lutchmee Nursummah widow of the deceased Son who is dependant on it for support in consequence of the length of time during which it was in the possession of her father-in-law. Besides the daughter in-law the deceased has left an adopted Son aged 7 years who as appears from the Collector's reply dated the 9th Ultimo to the Board's Proceedings of the 29th March last was adopted without the ceremonies usually performed on such occasions, and without the consent of the widowed daughter in-law of the adoptive father. The alleged deed of adoption is on plain paper and was executed subsequent to the date on which it was promulgated, that the purpose for which stamp paper was required should be endorsed at the back with the signature affixed thereto of the public Officer who sold the same.

In Cons: 21st June 1849.

2. Under these circumstance Mr. Cochrane does not consider

D.F.

valid. For the first of the above reasons (the other seem to them to be less conclusive) the Board do not think that the adoption in question should be recognized and they concur with the Collector in recommending that the share of the Enam enjoyed by the deceased should be continued to his daughter in law Lutchmee Nursimmah for her life, Much of the whole Enam seems to have been alienated. The Board would not disturb the enjoyment of the present holders but their lapses should be carefully reported as they occur.

3 The lands enumerated in the Margin are stated to have been granted during the Nayanah Government by Abdul Nubbee Khan

In the Cumbum Taloolz.

parties is not known and no documents are
forthcoming in support of these grants.

4. From the Enamity Kyfiyat given in Fusly 1257 these lands appear to have been acquired by Khundarow Ramanaka Venkatapatty and Coonchala Sevaramapah In the Pymash and Enamaty Accounts they are found entered in the names of Mungapat-
:ty and Khundarow Jogee the Great grandson of the said Ramanapah Subamah the last incumbent was the wife of the latter ex Khundarow and died without issue or any relatives. She had been in the enjoyment of all the lands with the exception of one half of the land ab Janapaula Cheroo assessed ab Rupees 4-6-2. which was in the posses-
:sion of Coonchala Nursingarow said to be a descendant of Sevaramapah one of the allega grantees.

5. The Sub Collector in whose division the lands are situated states that the lands Nos 118 & 119 ab the Village of Janapala Cheroo are entered in the Pymash and Enamity Accounts in

in the name of Jogee the husband of the de-
:ceased and that in Fusly 1777 Coonchella Tirmulrow deposed that they had been acquired by his ex Ancestors and that during their absence they were entered in the said Accounts in the name of their Gomastah Jogee to whose widow Soobanah it is stated by Witnesses one half of the land were granted on condition that it should not be alienated - The Sub Collector therefore recommends that the lands Nos 118 & 119 may be continued to Nursingarow Grandson of Tirmulrow and that the remainder enjoyed by the deceased may be resumed.

6. Mr Cochrane on the contrary is not disposed to attach credit to Coonchella Tirmul Rows statements and proposes that the whole of the lands held by the deceased should revert to Government and that the share assessed ab Rupees 4-6-2 enjoyed by Narasinga row in the Village of Janapala Cheroo should be continued to him. The Board concur in the Collectors recommendation. The title of Narasinga row to the lands Nos 118 & 119 seems ex questionable, but he may be left for life in the enjoyment of the moiety of which he has hitherto been in possession.

Proceedings submitting 3 applications from the Collr. of Cuddapah reporting on the lapse of certain Poligar Pensions and conveying the Board's views thereon.-

From Government 8th in Conv. 20th Feby. 1849 No. Reps. Register E No. 5.
From Government 17th in Conv. 27th July 1847.

thereon.

From the papers noted in the Margin it will be perceived that the allowance of Rupees 35 -0-0 per Mensem was granted by Government to Comara Mulla Reddy Poligar of Poyelwadah on the resumption of his Pollicums in 1801. The pension was enjoyed in equal proportions by the Poligar and his brother Vurtha Reddy. The latter person was executed for rebellion and his share of 1/3 dr. of the allowance was in consequence resumed and the remaining 2/3 dr. or Rupees 23. 5-4 was doubled and continued for life in the name of Comara Mulla Reddy as a mark of approbation for the services rendered by him during the disturbances.-

2.

The Poligar Comara Mulla Reddy died on the 10th February last leaving a Widow and daughter. One third of the pension or Rupees - 11 - 10 - 8 originally enjoyed by the deceased is recommended by the Collector to be continued

continued to the Widow and one third enjoyed by his brother Vurtha Reddy to be continued to him.-

3- The Board adverting to the meritorious conduct of the deceased would suggest that his share Rupees 11-10-8 be continued for the lives both of the Widow and daughter, Vurtha Reddys share Rupees 11-10-8 being continued to that individual subject to reconsideration upon his death.-

4- Of the remaining 1/3 dr. the allowance, Viz. Rupees 23-5-4 the Collector proposes that Rupees 7-12-5¼ should be resumed and Rupees 5-2-11½ continued to Boochee Mulla Reddy son of (the rebel) Narsimah Reddy by his 1st Wife and Rupees 10-5-11¼ to Mulla Reddy the elder of his Two sons by his 2d Wife for himself and his brother Soobia Reddy.

5. The Board observe that the effect of the measure advised by the Collector would be to distribute among the families of the three brothers Mulla

Mulla Reddy Vurtha Reddy and Nursimmah Reddy the sum of Rupees 38-14-2 being Rupees 3-14-2 more than they were in the enjoyment of before Nursimmah Reddy's insurrection broke out. They remark also that Nursimmah Reddy's eldest son Boochee Mulla Reddy is married to a person who is in receipt of Rupees 15-6-1 per mensem and they could not advocate the extension of the bounty of Government to the issue of such a delinquent as Nursimmah Reddy.

6. Under these circumstances they would recommend that the remainder of Comara Mulla Reddy's pension Rupees 23-6-4 be resumed.

Rupees 30 per Mensem &c. 69 of 1st W. Roll's Register I.

7. This pension was originally conferred by Government on Cudree Putty Naidoo Poligar of Toomulcoondy in lieu of his privileges and emoluments which were resumed in 1801. On his demise it was continued under the Sanction of Government dated the

the 14th May 1830 to his Widow Mullammah whose death is under report. The deceased has left a foster-son a cousin and two Sisters-in-law and the latter are in the enjoyment of a pension of Rupees 2-14-8 per mensem and certain lands assessed at Rupees 137-6-10.

8. The Board of Revenue beg to support the Collectors recommendation that the lapsed pension should be resumed.

Rupees 35 per mensem 3/4 of 1st W. Roll's Register

9. The allowance was granted by Government under date the 8th February 1809 to Chinna Mulla Reddy one of the Poligars of Ooyalawada in lieu of his Polium which was resumed in 1801 and on his death it was renewed in the name of his Widow Doddemmah who is reported to have died on the 2d October 1848 and to have left a Grandson of her late husband's brother and a grand daughter named Soolummah the latter person being in receipt of a pension of Rupees 15-6-1 per mensem from

from another source.

10. The Collector recommends the resumption of the lapsed allowance in which the Board concurs.

From the Agent to the Govr. of Fort St. George, at Kurnool, submitting certain information regarding Basawangowd a Revenue defaulter.

Sir,

Para. 1. I have the honor to reply to your Boards communication dated 17th instant requesting certain information regarding one Basawangowd Ab Karry renter, now under restraint for the arrear against him for Fusly 1257-

2- I beg to state that Basawangowd is the party referred to in the enclosure to my letter dated 26th May 1848- For Fusly 1257 he rented the Talooks noted marginally an arrangement to that effect having been concluded before I assumed charge of the District in August 1847- The Kurnool Farm

Kisto were discharged with regularity the renter was also punctual in the payment of those for Kundievoteevr up to the last Month of the Fusly, when a small balance remained outstanding against him- He was much less regular in acquitting himself of the liabilities connected with the Dhone division, owing, as he alleges to failures among his Subrenters, whether or not I was under the necessity in the latter part of the Fusly of bringing Dhone farm under a many- After applying to the liquidation of the balances due on account of the Dhone rent a sum available from the profits of the Kurnool Cudbah farm, there still remained outstanding against the Dhone Talook on the 11th July 1848, an arrear of Rupees 807- 8-8, or a total balance of Rupees 1,444-2-11-

3- The sale of the Ab Karry Farms for Fusly 1258 took place on the 16th May 1848, at which time Basawangowd had not become a defaulter- Adverting however-

however to information then before me that at the biddings for the rents of Fasly 1257, my predecessor Mr. Scott had doubted the propriety of allowing Basawangowd again to have any concern in the Adoni Farms, though eventually his services were removed by Basawangowds earnestness and promises. I myself thought it advisable to pause, but on a consideration of what appeared to me an evident combination between the very few other parties, inhabitants of Hurnool who were competitors for the rents, I also yielded in the end and accepted Basawangowds proposals, a report of which was submitted in the usual course to your Board.

Basawangowd however failed in the performance of the preliminary arrangements relative to deposit and security. It is probable, as urged by him, that he had been induced to expect the needful assistance from some of the monied Pathans of Kurnool and that when but a short time remained to perform the conditions of the rents, he discovered he had misplaced his confidence. Affairs having taken this turn he begged I would allow him until the end of June 1848, within which period he promised to visit a village within the Bellary frontier and thence bring his father, a man of considerable wealth, to be his security and to pay the required advance.

His father seems to have declined
assistance when first applied to—

not return according to time and the
rents were resold on the 1st July, the prices

I believe is quite competent at once
to relieve his son from his present
predicament if he can be persuaded
so to do.

remark copied marginally, I have the
honor to state that it did not appear
to me advisable to trouble the Board
with any other than the periodical

if a specific report was requisite, I
much regret having overlooked the
necessity for its submission. The subject
is referred to in my report on the
Extra Sources of Revenue for Fusly
1257. I see no reason to consider that
the balance due by Basawangowd
is irrecoverable. As a punishment
for meddling in speculations
to which his father is opposed,
Basawangowd may be allowed by
his family to live in jail for a time,—
but in the end I have no doubt

2. From the Collector of Northern Circt. Reports for the Board's orders the seizure of 120 Mercals of Salt at Sholinghur in this District stating that under the circumstances set forth he is not prepared to recommend its confiscation.

Sir,

Para. 1. I have the honor to report for the information of the Board of Revenue that 120 Mercals of Salt was seized at Sholinghur in this District on the 8th Instant; being unaccompanied by a Rowanah. The Salt was in the possession of Coravas who stated that they had purchased it from a dealer at Cavery pauk. and were taking it to exchange for Grain in the Villages of the Cavaleerungur Zemindary. I summoned the dealer referred to Rungapa Chetty. who said that he had purchased the Salt from two bandymen who had brought it from the Madras pans. he produced also two Rowanahs one for 80 Mercals for the consumption of Bangalore and one for 40 for Cavery pauk, which he said he had received with the Salt. these Rowanahs were issued at the Madras Pans. Rungapa Chetty's story was confirmed by the bandy men referred to.

They are herewith enclosed.

This

2- This Salt being unaccompanied by a Rowanah is liable to confiscation under Regulation I of 1805; but at the same time no fraud or attempt at fraud is apparent. It was irregular in the original purchase to sell at Cavery pauk Salt purchased for sale at Bangalore: on being questioned on this point he said that he meant to take it on to Bangalore if he did not sell it readily at Cavery pauk or Hallyakpettah. Since the abolition of the Sayer duties the Rowanah system has ceased to be enforced in this District at least, with any strictness, the means of enforcing it indeed are now wanting and irregularities of this kind are I believe very frequent. I report this case for the Board's orders, because I do not know what their views are on this subject; but I am not prepared to recommend confiscation, because the Salt is as seized in the hands of persons whom there is no reason to suspect of fraud, and to whom the detention to which they and their goods must be

be subjected will be a considerable inconvenience-

2- The facts of the circumstances as brought to notice in this Petition are for the most part correct, but the results are very different-

3 In Fusly 1256 (1848-49) Petitioners, Meerasidars of the Village of Veeramanoogoody converted certain Poonjay lands into Nunjah by obtaining the surplus waters of the Village of Thallacoody, for which a new channel was to be made through the Petitioners opponents Village, called Muttum, and a head Sluice built- Before permitting this, the Meerasidars of Muttum insisted on sharing the water and it was agreed that they should bear a portion of the expense equivalent to the value of the land through which the cut passed, that is they gave this land in payment-

4- For two years Petitioners enjoyed the greater proportion of the water, allowing their opponents but a scanty supply- The Muttum people then (Fusly 1258 (1848-49) August) wished to extend

their cultivation by the conversion of Poonjah into Nunjah, disputes occurred and Mr. Grant the Special Assistant Collector after personal inspection decided that the Muttum people in consideration of their having contributed for the building of the Sluice by giving land for the new Channel, should be allowed to take off a duct from the Channel near the head Sluice- Thus keeping both parties distinct-

5- The water is fairly proportioned and Petitioners have in no way suffered- Their crops have been good and it is stated that there was no surplus water running off their fields- Their complaints are groundless and litigious-

3. I cannot but fear however that owing to the low price at which grain is selling the whole demand will not be realized within the Fusly. The average selling price of Samba Paddy is only 11 Annas per Cullum in — Fusly 1257. A.D. 1847/48. it was 1 Rupee 2 Annas. in Fusly 1256 A.D. 1846/47. 1 Rupee 9 Annas.

The Settlement was made.

4. I beg to observe, in strict accordance with the rules of the Kootoomnamah and that laid down in the Board's Proceedings of the 16th April 1849 and I have paid the most minute attention to claims for remission. I have no doubt that complaints will be made to the Board that the assessment on waste lands has been unjustly demanded. but in no instance has the demand been made except in accordance with the rules above adverted to.

The average of the last 5 years

ceeds it by Rupees 3,450.-

The Board will perceive -

3 that all the offers except for the Moosery and Volecondapooram Talooks are in excess of last years rent and this increase may be attributed to the favorableness of the sea-sons and the cheapness of grain. The small decrease in the 2 Talooks above alluded to, arose from a slackness of competition and it will be observed that the rates - offered. are still above the average of the past five years.-

The parties who have

Sir

From the Collector of Madura - -

I have the honor to forward a Statement of the Offers for the Alkarry Farm for the ensuing Fusly 1259 in the Districts of Madura and Dindigul amounting in the aggregate to Rupees 52,405 - - - being a Decrease of Rupees 4,755 - - - below the rent of

Fusly 1258 - 57,160-
- - - 1259 - 52,405-
Decrease 4,755-

Fusly 1258 and Rupees 4,160-2-11 below the average Collections of the last three years:-

With one or two small exceptions the decrease is general throughout the District and is understood to have been occasioned, for the most part by losses owing to an unhealthy season incurred by the Contractors of the Current Fusly - The falling off in the Ramnad and Sheyagungah Rents which was the highest of all, arose however, from the serious illness of the individual who usually competes for them with the successful bidder which latter person, therefore, obtained the Rent without serious opposition.-

To

T. Pycroft Esqre

Secretary to the

Board of Revenue

Fort St. George.

(39.)

From the Asst. Collr of Coimbatore - } 1.

Sir,

I beg to acknowledge the receipt of the Extract from the Proceedings of the Board of Revenue dated 5th Febry 1849 and to furnish the report called for - I have taken an early opportunity of seeing the locality referred to, communicating personally with Mr. Mc. Ivor and gaining the necessary information on the points desired by the Board. -

Forwards copy of a letter from Mr. Mc. Ivor together with a Map and affords explanation regarding the land proposed to be occupied by him as Public Garden near Ootacamund and requests permission for alloting land in question to him. -

2.

The position of the land applied for is shewn by the accompanying Map, it lies near Ootacamund is entirely unmemorial waste (except two small potatoe Gardens of about 1 3/4 acre each - willing to remove) it is near the public road, but in no way obstructs it, irrigation

* to be returned

is not wished or intended by Mr. Mc. Ivor he rather looks to drawing useless swamps, a very desirable experiment - No assessment is on the land except the trifling sum of Rupees 7 - - 9 for the two Gractions of potatoe land. -

3. -

Mr. Mc. Ivor's plans, means, and views, are partly explained in the enclosed letter + he intends not to bring the whole under the plough, but endeavours to devote part of it to improved pasture by artificial grasses, for his stock. - The object of establishing an experimental Model Farm on European principles, and Method, on the Hills, seems a most desirable one, worthy of very liberal encouragement, likely to lead to other Settlements and to result in great public benefit. -

+ Full communication with Mr. Mc. Ivor leads me to think he and his brother are well

well calculated to carry out practicaly, and efficiently, the ex=periment they propose as the land is old waste, yields no assessment and the experiment is an useful and beneficial, one, and involves considerable + outlay of capital and some risk I would recommend Mr. McIvors terms being granted as he requests, and that I may be empowered to allot the land to him without delay. Of the extensive Belts of plantation (as shelter for the land and cattle against the Monsoon and winds) should alone succeed that object of itself is deserving of every encouragement and would tend to great public benefit, in a locality now utterly destitute of any trees.-

To,
C. J. Bird Esqre
Collector of Coimbatore.-

Sir,

I have the honor to acknowledge the receipt of your letter of the 10th Instant containing Extract from Proceedings of the Board of Revenue dated 5th February 1849.-

In reply I beg to state I am unable to give information as to the real state of my brother's pecuniary affairs, however on his leaving for India he will sell off all the stock of his present Farm which he will not require to bring out, and it is probable the amount he will receive for such, will be sufficient to establish his intended farm on these Hills.-

My brother's plans are as follows, as it is visible all attempts at improved farming on these Hills will prove unsuccessful unless the land is thoroughly sheltered against both the East and West monsoon, and well fenced, to exclude wild animals, the first care of my brother will therefore be to plant belts from 50 to 100 yards in breadth, with the australian tree (Acacia stricta) being a tree of rapid growth, exceedingly handsome and seems to luxuriate even

even on the dry exposed tops of these Hills, it attains a height of from 90 to 120 feet at a suitable distance say each belt 200 yards apart, running north and South, so as to form ample shelter on both east and west; these belts to be intersected by a single row running east and west, so as to divide the land into fields of a convenient size round which Hedges will be planted with the Hill Thorn. If necessary my brother will bind himself to complete the above arrangement in the third year after his arrival in India, draining the numerous Swamps, clearing away the stones from the sides of the Hills, and bringing all the land under good cultivation will require several years.-

European grains and green crops will be the principal products of the Farm, the former for the supply of the markets of Bombay Ceylon and Madras, the latter for the feeding of Cattle of all kinds, as it is trusted good salted Beef, Pork, &c. will meet a ready market for Sea stocks and export; the country cattle are generally too small for salting, but as my brother will bring out a few first class Bulls, I am of opinion a cross between them and the country cow will answer admirably

I may further beg to add the terms on which my brother humbly requests the land may be granted, which are these, that the land be granted for the first ten years free, after that period, to pay at the rate of one Rupee per annum for each Cawny ploughed or otherwise turned up during the year, whether croped or follow. I trust this request will not be considered unreasonable seeing it will be upwards of 15 years before the trees attain sufficient size to form Shelter.-

Submitting Correspondence with the Authorities in Coimbatore respecting the application of Mr. M. Ivor on behalf of his brother for a grant of land on the Neilgherry Hills and Conveying the Board's views on the subject.-

To,

The Chief Secretary to Government.

Sir,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council the accompanying correspondence upon the subject of an application made by Mr. W. G. M. Ivor Superintendent of the Horticultural Gardens at Ootacamund, on behalf of his brother for a grant of land upon the Neilgherry Hills.

From Captain J. Ouchterlony Superintendent Neilgherry Survey 22nd December 1848 in Cons 5th Feb. 1849.-

Proceedings to Coimbatore 5th February

From Coimbatore 23rd May in Cons 21st June 1849.- 1427.-

2. It will be seen that the land in question is in extent 1177 Cawnies. It is situated to the Westward of the Cantonment of Ootacamund, extending along, but in no way obstructing the road to the summit of the Segoor pass, and lying principally on the Northern side. The land is immemorial waste with the exception of two small potato gardens about 1¾ acres and assessed at Rupees 7-4 the owners of which are willing to give up their holding

9339 Fort St. George 21st June 1849.-

tile makers have established themselves in one spot, but save this and the two gardens referred to, the land is entirely unoccupied.-

3. The views and objects of Mr. Ivor in making this application are explained in his letters of 19th December and 28th February last. It would appear that he has for some time been in communication with Dr. Royle of the India House upon the subject of establishing a Farm upon the Neilgherries upon English principles. which his brother a Farmer in Sterlingshire is desirous to come out to conduct and that he has every reason to believe that the Court are disposed to give their liberal Support to the scheme.-

4. The principal object of the Farm will be to raise European Grains and Green Crops and to rear from a cross into the English stock an improved breed of Cattle.-

5. Mr. M. Ivor's first proceeding on entering upon possession of the land would be to

+ Enclosure in From Capt. Ouchterlony 22nd Dec. 1848 - in Cons 5th Feb. 1849.

* Enclosure in From Coimbatore - 23rd May in Cons 21st June 1849.-

to fence it and shelter it thoroughly from the East and West Monsoons. For this purpose it is proposed to plant belts from 50 to 100 yards in breadth of the Australia tree Acacia striata, at suitable distances - say 200 yards apart running North and South. So as to form ample protection upon the East and West. These belts will be intersected by a single row running east and west so as to divide the land into fields of a convenient size. This part of his project Mr. McIvor's brother will if required, bind himself to complete within the third year after his arrival in India. To drain and clear the land and bring it under good cultiva=tion will occupy several years more.-

6- Mr. McIvor states that his brother is prepared to give up his farm at home and to sail for India with laborers implements and stock as soon as he learns that land has been granted to him - and a sufficient extent cleared and prepared for the first ploughing. It is however of great importance that before his arrival such prepara-

tions be made as will enable him to commence operations without delay. Such as erecting shelter for the stock to be brought from home / Honored cattle. sheep. pigs. and poultry. / preparing some small extent of land for produce for their supply. clear=ing. and fencing land selected for the first ploughing. collecting manure and a variety of arrangements which would consume much valuable time if left unpleted till his arrival. Meanwhile Mr. McIvor has full authority to act for his brother in selecting and taking up the land which may be required for this purpose.-

7. The terms on which the grant is solicited are that the land be for the first ten years free and afterwards be chargeable with one rupee per annum for each cawny ploughed or otherwise turned up during the year whether cropped or follow.-

8. In reporting upon this application the Acting Principal Collector of Coimbatore states,

states that full communication with Mr. Mc. Ivor leads him to think that he and his brother are well calculated to carry out practically and efficiently the experiment they propose and hereco= =mends that the terms be acceded to and the land made over to Mr. Mc. Ivor e= without delay, observing that the measure seems worthy of very liberal encourage= =ment, likely to lead to other settlements and to result in great public benefit. and that if the extensive belts of plantation designed to be raised should alone succeed, that object of itself would in a region so destitute of trees be one of great importance.-

9. In these sentiments the Board of Revenue entirely concur. The land in it's present state is of no value to Government nor is likely to become of any, unless taken up for some such object as that now proposed. At present seems a most eligible oppor= =tunity not only of turning it to the best account. but of carrying out an

experiment which if only partially successful may introduced improvements and be followed by results of much e= interest and importance, both as re= regards the Hills and the country generally. They would therefore beg to recommend that Mr. Mc. Ivor's appli= =cation be acceded to, and that the land be immediately granted to him upon his brother's behalf, and upon the terms which he has proposed. which considering the outlay to be made seem to them very reasonable. They would however suggest that after a certain period say 25 years from the date of the grant, the whole extent taken not merely that under the plough be subjected to the present rates of land assessment. The Board would propose the present rates rather than any other which may at a subsequent time be imposed on a general revision of the Hill assessment, lest any uncertainty as to the amount of the charge to which he

9344 Fort St. George 21th June 1849.-

he will hereafter become liable should tend to deter Mr. Mc. Ivor or his brother from the prosecution of their Scheme.-

10. It will be remarked that in his letter of 22d December 1848 Captain Ouchterlony states, there are two Munds in the vicinity, but the boundary of the land in question does not approach so near to them as to form an encroachment of any consequence upon the pasture land of the Todas.- This was written before the plan of the ground was prepared and it will be perceived that only one Mund is exhibited in that plan.- should Mr. Mc. Ivor's boundary approach too near that Mund or any other, it could easily be diverted so as to leave the Todas any further Space which they might require and obviate all objection on their part.-

Sir,

From the Collector of Malabar - Para 1 - A considerable amount of landed property situated in the Talooks of Palghaut and Trimulpooram Escheated to Government in 1790 by the death without heirs of one Cheenat Nair.

Reporting on the subject of a Considerable amount of landed property situated in the Talooks of Palghaut and Trimulpooram which lapsed to Government in 1790 in the management of which it is supposed that many frauds affecting the interests of Government have taken place and requesting that a small sum of money may be allowed for incidental expenses attending a detailed inquiry into past abuses and a renewal of Deeds with each holder of Escheated Estate.-

2 The larger portion of this property was found to be in the hands of Mortgagees- the Remainder in those of mere tenants-

The grants under which the property was so held were called in and Renewed by Mr. Sub Collector Drummond in 1808. During the forty years which have elapsed since this Renewal which was done in a very loose way and without any exact Survey or account of the property renewed there is reason to know that many frauds have taken place and that the Government interests have suffered- In Some instances the better lands of the Estate have been Changed for inferior lands lying in the vicinity, in others Considerable additions have

have been made from the surrounding waste with-
=out any notification to the Revenue authorities.
3 Attempts have been commenced from
time to time to check these evils but they
have never been carried out with suffici-
=ent determination to ensure success-
4 The advantage of having an assistant
at Palghaut of the energy & ability of
Mr. Robinson has induced me to institute
measures which I have every confidence
will be effectual - I have appointed a
Cutcherry consisting of the most practi-
and experienced Seriants I have to make
detailed enquiry under his orders into all
abuses as it is reasonable with reference
to the lapse of time to look into - New matter
are made as clear as they can be I propose
to have a Renewal of Deeds with each
holder of an escheated Estate which I trust
have at the same time so clearly mapped
and laid down, as to prevent any irregul-
or doubt for the future -
5- This Renewal of Deeds on the part
a proprietor is as will be seen by a refere

in Malabar and is an occasion on which the
Mortgagee has to strike off 20 per Cent of his
Mortgage money or pay a fine to the same Amount
in Cash - No fair objection can be made by
the Mortgagees in the present instance to the
exercise of the Government right as Land Lord -
They have only indeed to congratulate them-
=selves that in place of having been called on
three times to pay the fine since Mr. Drum-
=monds Renewal, the usual limit is 12 years
they are called on now for the first time, I
trust therefore I shall have the full sup-
=port of the Board in carrying out this very
important step, which will not only
cause security for the future but make
a considerable increase to the profit already
attained by the Government from their escheated Estates -
6 The profit from the Renewal fines alone
is estimated at from 15,000 to 18,000 Rupees, but
I would strongly urge that discretion be given
to the European executive authorities with
regard to the exaction of this source of supply
and that they be allowed to modify or remit
the fine wherever in their judgment
the future interests of Government
will

will be promoted by them so doing - on this point as on the subject in general, I may request attention to Mr. Robinson's accompanying Reports.

Dated 28th March 1849.

7 I have now only to request, that a small sum of money may be allowed me for incidental expenses. The Cutcherry under Mr. Robinson is chiefly composed of Servants taken from different Talooks - in one or two instances, a person is required, tho' on a much smaller salary than they enjoy to prevent inconvenient Current arrears, and a small sum is required for native Surveyors - all the Contingent expenses will not exceed the highest 500 Rupees -

2. Little appears to have been recorded
officially on the subject of these extensive Estates -

ed Rajah enabled his successor to assume

to this day performed on the site of Chenat

Palghat Devasums, and held with other

33. A strange fatality is supposed
to have rested on the family and towards
its latter end 18 adoptions were made
from the different Nair families in the
neighbourhood, a fact which in the
Confusion of the Escheat Multiplied
the Channels for the dissipation and
fraudulent

Fort St. George 21st June 1849

fraudulent appropriation of the Estates, and is asserted as the reason for small isolated Estates being found dispersed over different Tenshoms.

4 Before the Conquest of Palghat in 1790 the utmost Confusion existed, and the Rajah of Palghat and his powerful Country seem to have been reduced to the lowest straights and sunk into insignificance, while several of the influential Nairs appropriated ad libitum the unpreteated Estates of the Rajah and Nair paying Tirpoor Tenure on them Vca. The last Nair is variously asserted to have died in M. E. 962 & 964 A.D. 1788 & 1790.

5 On the Restoration of the Rajah of Palghat after the Conquest of 961 1790 the quinquennial settlement with the Rajah then of the Publikel Cdam and his agents Itty Kondey achen and Itty Panga achen left the entire management of all the details of the district in the hands of the Rajah, and the various Addoms or branches of the family and with the rest also of those Escheated fifteen

Fort St. George 21st June 1849

6 No document appears showing how the existence of these Escheats was first brought to the notice of the local Officers but it is stated that the Rajah applied for permission to adopt another Nair to the duties and properties of the Cheriat and permission was in the first instance Concealed - But Wm. Vaughan, the Officer then stationed at Palghat having learnt that the Rajah was endeavouring to dispose of it to the highest bidder, proclaimed the assumption of the entire Escheat by the Government, and obtained the Consent of the Palghat Rajah. the Renewal of Cheriat Nairs grants to individuals was carried out in Pub Ke 933/84 A.D. 1807/8 under Mr. Drummond - The Escheats had then been from 15 to 18 years in the Rajahs management and on their nominal Relinquishment, the Rajah does not appear to have made over any accounts or Granadancy of them alleging as now their loss during the Confusion of war and Anarchy immediately preceding the Conquest.

Some accounts are supposed to have been secured from the family Pattola

Menon

Menon (accountant) by the energy of Mr. Drummond but the utmost Confusion even then prevailed. Probably the unencumbered and less heavy burdened lands had all been appropriated by the various Eddens or branches of the Rajahs family, while simples occupants who could assert a Jenm right to such as were occupied under some other tenure from Chenat Nair or fortified themselves with grants from the Rajah of Palghat or the Eddens for a Consideration

The less valuable lands were declared [illegible] those who held large mortgages were indu[ced] to come forward and renew their Deeds a[nd] in 983 those Ryots who came forward ha[d] their Deeds Renewed in the terms of the grants by Chenat Nair but no local exam[i]nation or Stalinar survey took places

8 Great escertions were made at the time but it is notorious that large trac[ts] of land originally Chenat Nair remained undiscovered or the obstacles to their ascer[tain]ment were found insurmountable. The first survey and accounts of the

Fort St. George 21st June 1849

district were framed about the same time, and all the frauds previously arranged were also introduced into them - In the absence of accounts and proofs little can be done with the vague traditionary claims which might be asserted to several Estates respecting which there is reasonable information - There is therefor little prospect of now retrieving and restoring the effects of abuses and negligence which have become (interwoven) with so many rights and Conflicting claims -

9 But even where Pattayums (the Deeds by Chenat Nair Renewed) were granted little provision seems to have been made for preventing future embezzlement and many instances of actual frauds occured Mortgage Amounts were in some instances enhanced or thrown on lands of an inferior description the better land being falsely assumed on fee simple or other tenure, nor is it improbable that instances occurred in which these arrangements were made the means of shifting the proper proportion of Negdy (Rajemji) from better lands to inferior lands which were subsequently thrown up

and

and since let by Government directly or sold again at Auction.

10. No Survey or description of the actual lands of these Estates has ever been made and since 1783/85 nothing has been done with this view tho' a few fitful attempts to recover Jungle Estates have occurred from time to time, but have seldom been prosecuted to a final decision, and the loose description of the Pattyums has favored frauds which have been going on since new and inferior land has been brought under Cultivation and is now passed out as that described in the Pattyum while attempts have been made to appropriate or devise away the original and more valuable fields. These in many instances it is impossible to check and measures may now be taken to obviate them in future. Improvements have been made fields multiplied &c. and from what I have seen of the Surveys already Completed, I have no hesitation in stating that the interests of Government require the immediate minute local examination of each of these

the amount of about 15,000 to 16,000 Rupees might be
derived under the usages of the district but co-
-sideration in this matter may be a most useful
means for obtaining compliance and adjust-
difficulties and equitable matters which
-lect of 10 years has multiplied as well
punishing the fraudulent and refractory
would beg to suggest that full discretio
given to the Settling Officer in this matter to
-mend that it be wholly or in part abandon
and to make arrangements under provisos to
effect- once thoroughly adjusted this fee will
in every 12 years according to the genius & manners
of the district.

Proceedings thereon -

41-47

To enable the Board to obtain
from Government sanction for the required dis-
-bursement of Rupees 500, the Collector is requested
to furnish more detailed information in respect
to the mode for which the advance is to be expended,
stating particulars as to the additional Establish-
-ment to be employed, their number, Offices,
rates of pay, and proposed period of their enter-
-tainment. He will also explain succinctly
what progress has hitherto been made in the investi-
-gation and what profit has already accrued to
Government from it.

2. The Board of Revenue appre-
-hend that the Government will not be disposed
to vest in the local authorities the discretion
solicited in Para 6 of the Collector's letter. They
therefore direct that any cases which may seem
entitled to favorable consideration be reserved
and that when the enquiry has been brought to a close
such instances and the grounds for indulgence
in each, be duly noticed in the fi-
-nal report. The Government
having the whole subject before them will then be
enabled to pass such orders as may appear to be called for.
